## Yankees Take 2nd, Even Series 16-3

PITTSBURGH — Mickey Mantle led the assault on Pittsburgh pitching as the New York Yankees evened the 1960 World Series at one game each by winning Thursday's game, 16-3.

Mantle, hitless in the opening game, clubbed two towering home runs in the route to pull within two of Babe Ruth's all-time Series record.

The attendance was 37,308. The series now moves to New York and will be resumed on Saturday. Bob Turley had an easy time notching the victory for the Yankees, although he had to have relief in the ninth inning.

## Joseph Welch, McCarthy Foe, Is Heart Victim

HYANNIS, Mass. (AP)—Joseph N. Welch, Army counsel in the Army-McCarthy hearings, died unexpectedly today at Cape Cod Hospital of a heart condition.

He would have been 70 years old Oct. 22. Welch, known as a lawyer's lawyer, gained national prominence as special counsel for the Army in its 1954 wrangle with the late U.S. Sen. Joseph McCarthy.

Welch, who had been living quietly at his secluded Cape Cod home for the past few years, was hospitalized at Hyannis with a heart condition early in September.

Colleagues said he was a lawyer — one who frequently was called by other attorneys and law firms for consultation on their cases.

# Neutralists Bitter On Plan's Failure

## 'Peace Bridge' Idea Is Pushed

UNITED NATIONS, N. Y. (AP)—Embittered by defeat of their attempt to produce a Soviet-American summit meeting, United States neutrals pushed a campaign today to build a peace bridge between the world's two greatest powers.

The Communist bloc in the U.N. General Assembly, at the same time, reacted exuberantly to the developments, hailing the neutralist clash with the United States as a clear victory for Premier Khrushchev.

As one Communist representative put it, the Soviet premier "did not even have to lift a finger" to achieve it. U. S. maneuvers succeeded early today in heading off the neutralist proposal urging a conference of President Eisenhower and Premier Khrushchev.

Both Eisenhower and Khrushchev had made clear they did not want to meet, but the Communists simply stood by and abstained from voting while the United States led the strategy to defeat the neutralists' bid.

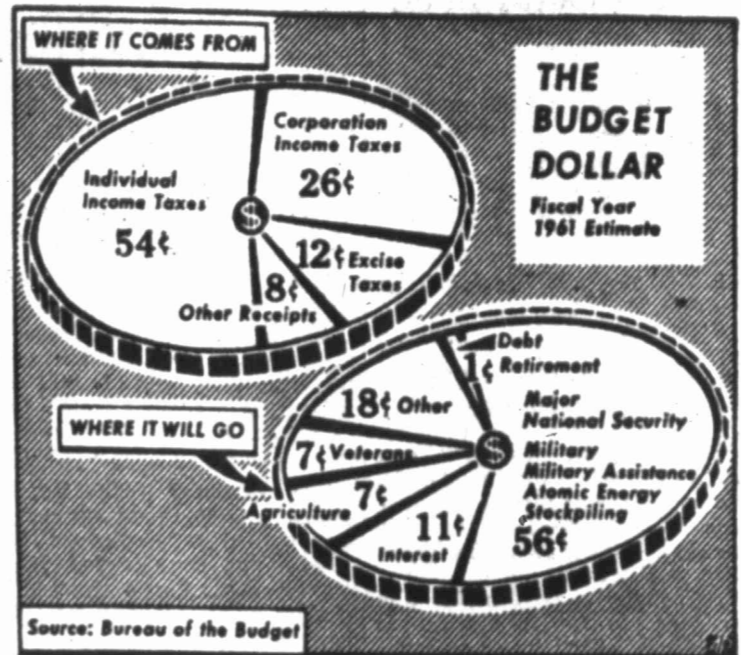

The neutralists finally gave up the struggle for their five-nation U. S.-Soviet summit proposal after the Assembly, at U.S. urging, voted to delete specific reference to the two government heads and call merely for resumption of Soviet-American diplomatic contacts.

An indication of the Asian-African bloc's new tactics came at the outset of today's Assembly session. Iraq, a member of the bloc, appealed to all nations of Asia, Africa and Latin America to advocate "positive neutrality" and establish an East-West bridge.

RALLY TO U.N. Iraqi Foreign Minister Hashim Jawad told the Assembly that in view of the increasing danger of war, all member states "should rally to support of the United Nations. He added that the two blocs have not reached the point of collision, and there still exists space separating them which could be occupied by other powers.

"The time has come for the noncommitted nations and others who recently attained independence to listen to occupy this space and to bridge the gap which separates East and West."

Jawad's address was taken as a clear indication of neutralist and Asian-African thinking. Iraq had lined up with India's Prime Minister Nehru in the efforts to bring about a U. S.-Soviet meeting.

How The Budget Dollar Is Split

This chart shows the source of income and expenditures of the budget dollar for the fiscal year 1961. The chart was released by the Bureau of the Budget in Washington.

GRAND CHAMPION Billy Wilkerson looks proud and happy

## Lyndon Confers With Liberals

NEW YORK (AP)—Sen. Lyndon B. Johnson confers today with leaders of the Independent Citizens for Kennedy and Johnson before ending his current campaign tour here on behalf of the Democratic ticket.

Sometime after noon, he will fly to Richmond, Va. The Democratic vice-presidential candidate went barnstorming in Brooklyn Wednesday, returned to Manhattan to address 400 members of New York's Liberal party, then boarded a New Haven Railroad commuter train and conducted a hand-shaking session during the 40-minute run to Greenwich, Conn.

He was cheered by Liberal party leaders and workers after he addressed them at the Hotel Astor.

He denounced the GOP as favoring the "privileged few" adding, "Your party believes that all people should be equal before the law, and I do. Your party is for housing, education, Social Security. And I have voted for them every time."

It is anticipated a considerable increase in the number of poll tax exemption certificates may develop this year due to the action of Big Spring in annexing extensive areas into the city limits. Older voters who live in these annexed areas formerly voted without having to have an exemption certificate.

Poll tax receipts officially went on sale Oct. 1.

## S. African Vote Favors Republic

JOHANNESBURG, South Africa (AP)—A diminishing anti-republican lead indicated today that South Africans have voted to cut their country loose from the British crown.

The forces opposing Nationalist Prime Minister Hendrik Verwoerd's plan to turn the British Commonwealth nation into a republic still clung to a lead of 102,000 votes with 86 of the 156 districts reported. But many heavily Nationalist rural districts were yet to be heard from.

Prof. Arthur Vlekseley, running an electrical computer, predicted the margin in favor of a republic would approach 80,000 when all the votes were in from Wednesday's referendum.

United party leader Sir De Villiers Graaff, who led the anti-republicans, had not yet conceded defeat, however, and Verwoerd had not yet claimed a victory.

Dutch-born Verwoerd has declared that he will consider a majority of only one vote a mandate to submit to the Nationalist-controlled Parliament legislation to turn South Africa into a republic, substituting an elected president for Queen Elizabeth II as chief of state and recognizing the British sovereign only as head of the commonwealth.

Verwoerd says he hopes to keep South Africa in the Commonwealth as a republic, as India, Pakistan and Ghana have remained. But this will require the unanimous consent of the other 10 member governments, and Asian and African members have shown strong signs of wanting to expel South Africa in retaliation for the Nationalist government's apartheid policy of strict racial segregation.

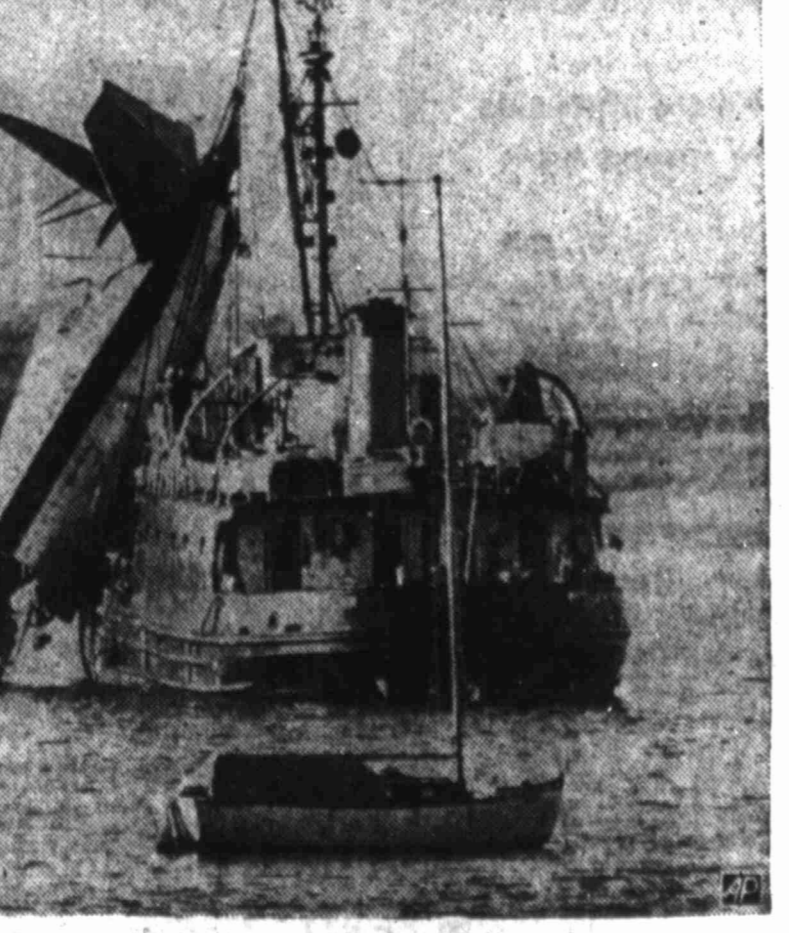

In the counting of the referendum vote, the Nationalists jumped into an early lead. Then the anti-republicans forged ahead by 155,000 votes when 61 districts—mostly urban—were in. But this lead began melting when rural districts began reporting at daylight.

A record outpouring of nearly 1.5 million votes apparently was cast from an all-white electorate of about 1.8 million. South Africa's 12 million nonwhites could only stand by and watch the plebiscite.

## Carole's Case Given To Jury

LOS ANGELES (AP)—"Carole Tregoff, I turn your destiny over to God and this jury," said Defense Attorney Donald R. Bringgold as he completed final arguments at her murder retrial.

Miss Tregoff, 23, and her lover, Dr. R. Bernard Finch, 42, are charged with slaying the physician's wife, Barbara. Their first trial ended with a deadlocked jury.

Plane Wreckage Raised

The tail section of an Eastern Air Lines turbo prop Electra is raised from the shallow water at the edge of Boston Harbor. The southwest plane crashed moments after takeoff with a full crew

## Highwayman Hunt Shifts To Mexico

EL PASO (AP)—A search for three vicious bandits who posed as police officers to highjack motorists has switched to Mexico.

El Paso County Sheriff Bob Bailey said, "We believe we have the three bottled up in Juarez," across the border from El Paso.

The bandits, while posing as police officers, stopped four cars on a lonely stretch of U.S. 82-180 Wednesday and robbed the travelers. One woman was raped by one of the bandits. Other motorists were beaten and left bound in a roadside pasture.

Bailey said, "The Juarez police are cooperating with us 100 per cent in trying to find these men. We have roadblocks all around the area."

At Wheeler, Tex., Texas Ranger Bill Henslee filed a charge of rape and highway robbery against El-don Harold Hale, a fugitive convict from Livermore, Calif.

Hale was charged with raping a 15-year-old California girl after holdup men halted the girl and her mother Sept. 29 between McLean and Shamrock on U.S. 85.

Henslee said the description of one of the men who held up motorists and raped a woman near El Paso resembles that of Hale.

A car stolen from one of the victims and used by the bandits in their escape was found abandoned in El Paso near one of the bridges to Juarez.

The high-jackings occurred about 40 miles east of El Paso in deserted, open range country. Following the robberies, one of the victims freed himself from his bonds and made his way to the highway and summoned help.

The victims said their attackers approached from the rear in a car equipped with a siren and spotlight and the leader of the group wore a policeman's cap.

Texas law officers added that two obscene-talking holdup men posing as officers and using red signaling flashlights, halted a car containing three women and a boy near Roby on June 3. The lives of the victims were threatened, but they were not harmed. A similar case was reported near Wheeler, Tex.

## Shot To Death

SWEETWATER (AP)—Beauford Carroll, 50, former manager of the Greyhound Bus Co. in Sweetwater was found shot to death in an apartment Wednesday night. A pistol was near the body.

## First Poll Tax Bought

Poll Tax Receipt No. 1 was bought by Mrs. David Waldo Jones, 1700 Virginia. However, her poll tax receipt actually bears the number "2".

Poll tax receipt No. 1, unfortunately, had to be voided when an applicant was discovered to be past the age where poll tax receipts are required. So when Mrs. Jones came in, as the first cash customer of the year, her \$1.75 went to pay for what was the first poll tax sold but her receipt is officially No. 2.

Six exemption certificates have been issued. These are the receipts for over-age citizens who do not need to pay the poll tax to vote but who must have the receipts. All, of course, live in Big Spring. Those who live in the rural areas and who are over-age vote without the need of any sort of document.

It is anticipated a considerable increase in the number of poll tax exemption certificates may develop this year due to the action of Big Spring in annexing extensive areas into the city limits. Older voters who live in these annexed areas formerly voted without having to have an exemption certificate.

Poll tax receipts officially went on sale Oct. 1.

## Wilkerson, Holley Take Pig Show Top Prizes

Billy Wilkerson's 235-pound Poland China, was ruled grand champion of the Howard County FFA and 4H Club Pig Show today. His entry nosed out Glenn Holley's 233-pound Poland China for top honors but the reserve championship was awarded to Holley.

Holley, 15, was unable to be present as his animal was judged. He and his brother, James, were injured in a truck accident earlier this week. Both suffered broken shoulders.

Paul Porch, a friend of Glenn's, substituted for him in the role of showman. His work was effective enough to place the fat Poland China in the coveted reserve classification.

Selection of Holley's animal for reserve championship won a round of applause from the spectators. Not only had the boy suffered a broken shoulder recently but he likewise had lost his father just a few days ago.

Competition was keen in the heavy weight division: First and grand champion, Billy Wilkerson, Big Spring FFA; second and reserve champion, Glenn Holley, Howard County 4H Club; Donnie Reed, Coahoma FFA; third, Charles Driver, Big Spring FFA; fourth, Joe Barnes, Howard County 4H; fifth, Donny Anderson, Big Spring FFA; sixth, Sonny Sztar, Howard County 4H; seventh, Billy McDonald, Big Spring FFA; eighth, Terry Wooten, Howard County 4H; ninth, and Carl Wayne Clanton, Howard County 4H, tenth.

Results of judging in the light-weight division: Bobby Pierce, Coahoma FFA; first, Howard Brooks, Howard County 4H; second, Gerald Harrison, Howard County 4H, third; Tim Smith, Big Spring FFA; fourth, Richard Harrison, Howard County 4H; fifth, Gene Holley, Coahoma FFA; sixth, Stanley Hane, Coahoma FFA; seventh, Jackie Shouts, Howard County 4H; eighth, Bobby Gaskins, Sands FFA; ninth; and Terry Forrest, Howard County 4H, tenth.

This 15th annual show is sponsored by the Big Spring Junior Chamber of Commerce. Cash prizes totalling \$145 are awarded to the winners. Prize money goes to each entry, through 10th place, in the light and heavyweight divisions.

Ribbons and rosettes were presented to the young exhibitors as trophies of their achievement.

## Building Fund Short Of Goal

The Lakeview YMCA building fund drive was just \$36.52 short of its \$1,000 goal when the time limit set for the drive ran out Wednesday midnight.

Ralph Ross, chairman of the drive, and Opaline Finley, secretary, presided at the report meeting Wednesday night. Team captains reported \$963.48 raised in money and pledges.

The members decided to extend the drive until the goal is reached. The Northside Ministerial Alliance will have a benefit musical at 3 p.m. Sunday in the Mount Bethel Baptist Church. Proceeds of the musical will go to the building fund.

## Fire Rages Through Home

An estimated \$6,500 fire razed a Big Spring residence Wednesday evening. Firemen made quick work of extinguishing the blaze, however, after reaching the scene.

The house, at 1904 Eleventh Place, is owned by A. G. Goodson, who lives in Texas City. It is occupied by Don Studley who was not present when the fire occurred.

The fire began in the kitchen, and was the result of a leaking gas line at the cook stove. Fire Marshal A. D. Meador said. The leaking gas was probably ignited by the pilot light burner, Meador said.

The kitchen was completely destroyed by the fire, and heavy smoke and heat damage was reported throughout the house.

The alarm was turned in about 7:30 p.m. and firemen had the blaze under control a short time after their arrival.

Meador estimated that damage to the house would amount to \$4,000, with damage to furniture nearly \$2,500. Insurance will partially cover the loss.

## Seven Petitions Out For Election

COLORADO CITY (SC)—Mitchell County Clerk Gilbert Leach reported that he had distributed seven petition forms to persons interested in securing an election for the off premise sale of liquor in Colorado City.

The petitioners will have 30 days to obtain enough signatures of qualified voters to require the commissioner's court to call a local option election.

Leach said that approximately 325 signatures would be required.

## Post Office Will Grow

Plans are well along for extensive enlargement and modernization of the Big Spring post office building.

Postmaster Elmer Boatler has received working drawings from the post office department's chief regional engineer, J. M. Leslie, of Dallas, with the request that the plans be studied for any suggested changes.

The engineer's office said that, in view of a shortage of time, drawings have already been forwarded to Washington. This would indicate that action is contemplated on the building expansion during this federal fiscal year.

While all plans are yet tentative, preliminaries call for addition of some 9,700 square feet in the basement. This is a total of about 11,400 square feet, and in addition, a large area in the basement would be excavated, but not presently finished.

Generally, the plan is to extend the present building to the north property line, about 33 feet. A long wing on the north would extend to the west property line.

The remodeling calls for more than 6,000 square feet additional working space; a service lobby of more than 500 square feet; an enclosed service platform of more than 500 square feet, and new loading docks (fronting southward from the new wing) of nearly 1,500 square feet.

In the basement, expansions include over 700 square feet of storage space and a locker room and toilet facilities for post office personnel.

Over and above the enlargements, extensive changes in floor plan will make for more efficient working arrangements and service to patrons, in Boatler's opinion. New offices are provided for the assistant postmaster and the superintendent of mails.

The present lobby will be converted so that virtually all its wall space will be given to lock boxes.

## UF Panels Meet To Plan Campaign

Two United Fund divisions and one committee were to meet today in preparation for the fund drive. Captains of the employees division were to meet in the Chamber at 3 p.m. to select their workers. The division begins its activities Thursday, Oct. 13, under the chairmanship of Arnold Marshall.

Captains of the division are Robert Stripling, Wayne Gound, Tom South, Jack Davis and Winston Winkle.

The publicity committee, under the chairmanship of R. W. Whipple, was to meet at 4 p.m. to plan publicity for the campaign. Members of the committee are

## Japanese Royal Pair Going Home

ANCHORAGE, Alaska (AP)—Smiling Crown Prince Akihito and Princess Michiko of Japan, reported well pleased with their two week goodwill tour of the United States, were homeward bound today.

The imperial party's chartered Japan Air Lines DC7C left the Anchorage International Airport for Tokyo early today. They spent an hour and 28 minutes here while their plane was refueled for the flight home. They were due in Tokyo Friday morning.

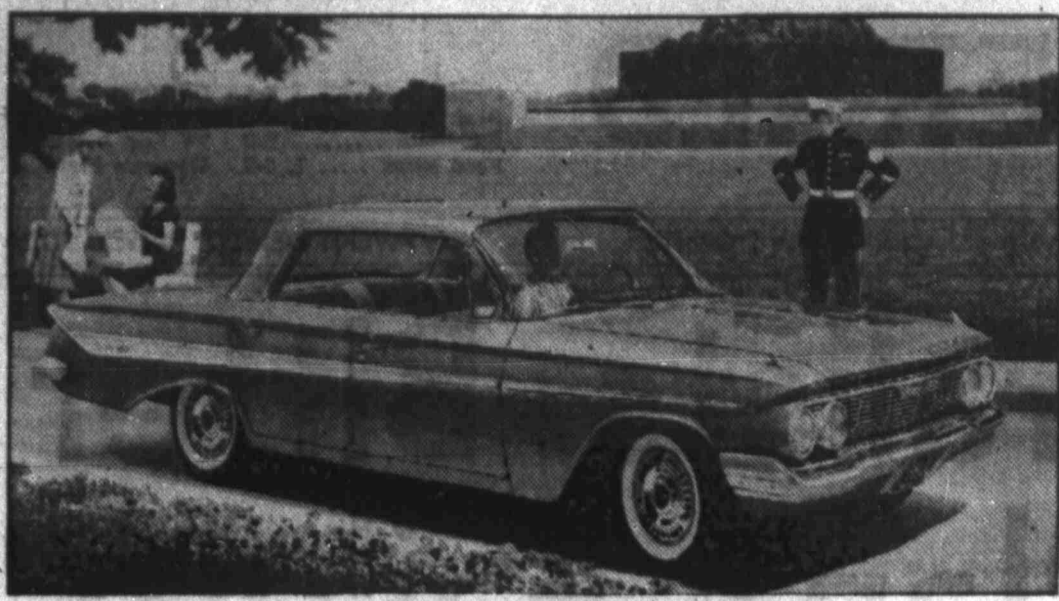

## Crews Continue Paving Repairs

The city seal coating crew was busy today on Seal St. from 3rd to Eleventh Pl. and should begin giving Eleventh Pl. a new surface Friday.

Postmaster Boatler and his associates are giving the drawings thorough study, to see if changes should be recommended. He said he is very pleased that the department sees the need to proceed with the expansion program.

## Japanese Royal Pair Going Home

The special gifts division under Chairman Larson Lloyd is to begin activities at 7 a.m. Wednesday. Chamber of Commerce Manager Bill Quimby is preparing the calendar for other United Fund activities and meetings which will follow in the coming week.

One Of 20 New Chevrolets

Smooth, graceful lines have been applied to the 1961 Chevrolet Impala, Bel Air and Biscayne lines. Wings on the rear deck have been smoothed into the body. Roof lines are freshly contoured and separately styled for each model. The Impala

sport sedan, shown above, is one of 20 body styles in the standard Chevrolet line. The 1961 models go on display Friday, at Tidwell Chevrolet Co., 1501 E. 4th.

## Broader Line Of Models Is Shown By Chevrolet

Chevrolet is broadening its line of passenger cars, in the new models for 1961. They go on display Friday, with local showings at Tidwell Chevrolet, 1501 E. 4th.

There are 20 freshly styled conventional models, nine Corvairs, and the spirited two-place Corvete.

Complete new body styling, which provides easier loading for both passengers and baggage and establishes new heights in motor-ing comfort and convenience, is featured in the regular line of passenger cars.

The body, from floor to roof and grille to rear bumper, is new. Prime design emphasis has been placed on functionalism with thrif-

High on the list of advantages of the all-new body are:

1. Easier entrance to passenger compartments.

2. Large, more accessible luggage space, with the trunk loading level lowered as much as 10.5 inches.

3. Improved chair height and over-the-hood visibility which will increase the ease of parking and add to driving safety.

4. Other safety items include improved brakes, overlap electric windshield wipers, and a new placement for the fuel tank which protects it from road hazards such as hard bumps and flying stones.

Although the conventional cars are shorter, narrower and slightly lower, the interior roominess remains about the same or better

than comparable 1960 models. Riding comfort is improved.

As in 1960, the lineup in the conventional-size passenger cars will be offered in the Impala, Bel Air and Biscayne series. But, they have been expanded to include an Impala two-door sedan not previously available.

The station wagon series also has been expanded so that there is a choice of either six or nine-passenger accommodations in each of them—the Nomad, Parkwood and Brookwood.

Reversal of the trend to longer, wider bodies also is noted in the fact that the new passenger cars are 1.5 inches shorter and 2.4 inches narrower. Overall length is 209.3 inches and overall width is 78.4 inches.

## Cuba Invasion Force Chased By Castro Men

HAVANA (AP)—A platoon-sized invasion force from the United States has landed in east Cuba and headed into the mountains after suffering three casualties in a brush with militiamen, the Armed Forces Ministry announced today.

A ministry communique said the landing was made by 27 men, including three Americans, "at dawn yesterday" on a bay midway between the towns of Baracoa and Moa, the site of a nationalized American mining company.

The area is in Oriente Province, the revolutionary stamping grounds of Prime Minister Fidel Castro.

The communique was undated, and it was not specified whether the reported landing was Tuesday or Wednesday. The battle apparently occurred a few hours after the force touched shore.

The commander of the invasion force was killed and two of the men—one wounded—were captured, the ministry said.

The commander was identified as Armentino Fera, a follower of Cuban ex-Sen. Rolando Masferrer. Masferrer, a wealthy banker of the deposed President Fulgencio Batista, is a refugee in the United States.

### IN PURSUIT

The remainder of the invading group, with 50 Cuban farmers as hostages, was reported to have reached an area called Nuevo Mundo with Castro forces, including militiamen and local supporters, in pursuit.

The invaders landed at dawn, the communique said. It reported they carried with them a large American flag, three pack mules, one U. S. Army uniform, and various documents, all of which were seized by the militiamen.

"The remainder of the group cannot escape the revolutionary army and loyal militiamen," the communique said. "Our government is fully aware of this open activity by which imperialism is attempting to promote counter-revolutionary activity and acts of terrorism."

### OPPOSITION

For months Castro has been predicting an invasion. This incident, as outlined by the Armed Forces Ministry, appears to be the first confirmation that opposition forces are ready to move men into Cuba to assist the insurgents already fighting in the Escambray Mountains in the center of the island.

Rumors that Masferrer's supporters planned a landing have circulated here for weeks. One version said 50 well-armed men had succeeded in landing in central Cuba and joined the other insurgents—estimated up to 1,000 men—in the mountains.

The communique named two prisoners. It said these are Enrique Torres Perez, who was wounded, and Arturo Alvarez, described as a Batista ex-soldier sought for the assassination of three persons during Castro's war against Batista.

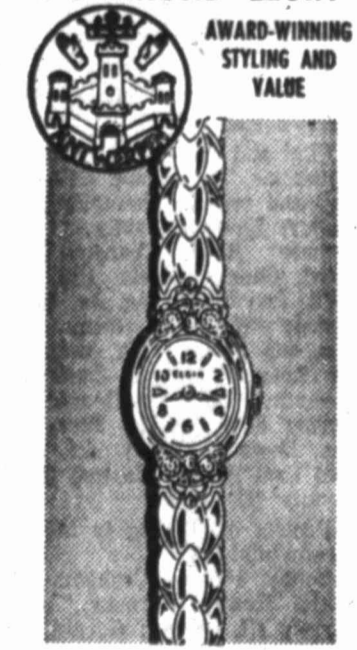

"Circles which direct policies of the United States government" were blamed for the invasion. The communique said that "Cuba's revolutionary government is gathering evidence of their activities."

The survivors of the band are apparently seeking to reach the higher mountains of eastern Cuba before Castro forces are concentrated to cut them off.

### Legion Talkers

MIAMI BEACH, Fla. (AP)—Vice President Richard M. Nixon will speak right before Sen. John F. Kennedy at the American Legion convention here Oct. 18. Legion officials announced Wednesday. Nixon has been scheduled to speak Oct. 20, but he asked for time right after Kennedy and it was granted, Legion officials said.

## Lightning Sets Fatal Fire, Wind Takes Roof

By The Associated Press

Violent lightning storms killed a man and injured a woman in Texas Wednesday and a tornado tore the roof from a San Antonio radio station transmitter as wide areas of the state were hit by fierce weather.

Trees and power lines were uprooted by strong winds in Bexar County, drenching rains stalled traffic in Houston and lightning set a small oil storage tank afire in the South Texas city.

By early Thursday the weather had calmed and only a few patches of clouds covered Texas. Temperatures ranged from 48 degrees at Dalhart to 72 at Laredo. No rain was reported.

Small craft warnings continued for the lower Texas coast south of Corpus Christi. The forecast for that area called for scattered thunderstorms and squalls with wind gusts of 30 knots.

Chester O. Odum, 51, of Hous-

ton burned to death Wednesday night when his home was set afire by lightning during a rainstorm that dumped 2.70 inches of rain on the city. North Houston Fire Chief E. F. Baudant said the fire was caused by a bolt of lightning.

The rain in Houston stalled traffic as streets and underpasses

flooded. Five persons were trapped for 15 minutes in a real estate office when lightning snapped a 12,000-volt power line which fell in front of the office's only door.

At San Antonio Mrs. Fred Ramsey, 43, was critically burned when hit by lightning after she took refuge during a violent storm under a tree at a golf course.

The chief engineer at San Antonio radio station KMAC, Al Knight, said a small tornado lifted the roof off a building housing the station's transmitter equipment and sent it 150 feet. The station was knocked off the air and rain caused heavy damage to the transmission equipment. The equipment is located 10 miles southeast of the city.

The Weather Bureau said hail the size of golf balls lashed Alta Loma, a small community just west of Galveston on the Texas coast.

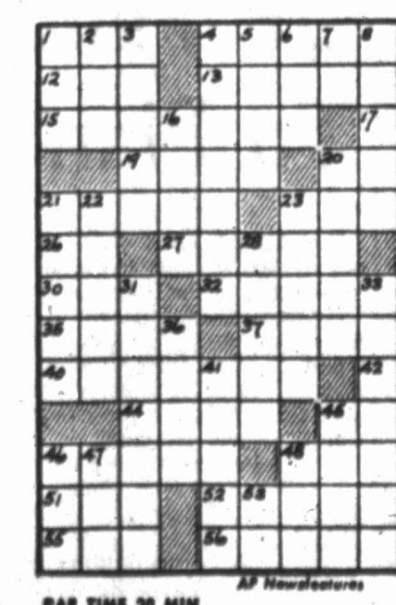

Strong winds knocked down trees and power lines and damaged roofs in scattered areas in Bexar County, the county in which San Antonio is located. Rains of up to an inch fell in the county.

Heavy rains fell in South and southeast Texas and along the Texas coast. Austin had hail larger than one inch in diameter.

Rainfall totals for the 24 hours ending at 6 p.m. included Houston 1.61 inches, College Station .95, Austin .68, Palacios .63, Beaumont .32, Galveston .32, San Antonio .1, Cotulla .05, Lufkin .04, Wink .02 and Abilene .01.

## FFA Chapter Names Officers

Officers for the 1960-61 term of the Big Spring Chapter of Future Farmers of America were elected Tuesday at a meeting in the Senior High School.

Elected were Tommy Welch, president; Robert Mahoney, vice president; Mike Houston, secretary; Skipper Driver, treasurer; Dicky Currier, reporter; and Billy Wilkerson, sentinel.

## A Plea For The Word Of Christ

The Christ we preach is a sovereign ruler — an absolute monarch; and like all kings He rules His subjects through written laws and decrees. Christ exercises His authority through the Scriptures. Paul declared that his writings in the Bible were the "commandments of the Lord." (1 Cor. 14:37).

We are told in II Tim. 3:16, 17, that we have complete instructions, directions and guidance in the Scriptures. Then, Jude, verse 3 shows that the entire Christian faith was delivered in the first century, so that no later revelations may be expected. "Back to the Bible" is the right plea. The Bible and the Bible alone must be our guide!

The Scriptures are to be rightly divided (II Tim. 2:15). We are not under the Old Testament law (John 1:17; Gal. 3:4). Christ has all authority; and His words are in the New Testament (Mat. 28:18; Heb. 11, 2). True Christianity is New Testament Christianity.

Anytime we fail to preach the Bible, or rightly divide the Word, we will stand corrected. Mid-week preaching service tonight, 7:30. Sermon: "How to Pray a Prayer that Will be Answered". Welcome. Adv.

## Kidney Stone Cure Nears

DALLAS, Tex. (AP)—A urologist said Wednesday that medical science is on the verge of discovering a way to prevent kidney stones, a form of kidney trouble which can produce agonizing pain.

Dr. William H. Boyce of Winston-Salem, N. C., said kidney stones are made up primarily of calcium crystals, a normal ingredient of urine.

He said the stones form when

these calcium crystals stick together on a large molecule made out of protein and carbohydrate.

Researchers are on the verge of developing a drug which will keep the molecule from joining up with the calcium bits, Dr. Boyce said.

Dr. Boyce, a speaker before the Texas Academy of General Practice, has won the American Urological Association's annual award for research five times.

He said prevention of stones is much closer to reality than a method of dissolving them after they have formed. As of now, the usual treatment of kidney stones is surgery.

## Midland, Odessa At CAB Hearing

DALLAS (AP)—Representatives from Midland and Odessa Wednesday in a Civil Aeronautics Board hearing urged services by both Trans-Texas and Central Airlines.

The 13 Midland-Odessa witnesses asked the board to authorize several flights, including one to Austin and to points northeast such as Lawton and Ft. Sill, Okla., and intermediate points.

The Midland-Odessa group was the last to testify before CAB Examiner Herbert K. Bryan.

Bryan earlier heard pleas from

## Laredo, Lawton, Little Rock, Paris, Magnolia, Ark., and McAlester, Okla.

The hearing reconvened at 10 a.m. today. It is one segment of a massive case in which the CAB is to decide what airlines and routes will best serve cities in the southern tier of states.

## Windows Broken

TOKYO (AP)—Police reported today that shock waves believed caused by a low-flying U.S. supersonic plane shattered window panes of 110 houses in southwestern Japan.

## Fifth Lecture Series Slated

AUSTIN—The fifth annual Eugene P. Schoch lecture series, honoring the University of Texas chemical engineer who predicted and promoted Texas' industrial boom, will be presented Oct. 14-15.

The 1960 lectures precede Dr. Schoch's 80th birthday, Oct. 16. Known as "the grand old man of chemical engineering," Dr. Schoch had been a university faculty member for 60 years before retiring in 1954 to professor emeritus status.

Lecturer will be Dr. Henry Eyring, graduate school dean and chemistry professor at the University of Utah since 1946. Dr. Eyring's three public lectures will concern modern theory rate processes in chemical engineering.

Friends, former students and professional associates of Dr. Schoch will hold a luncheon in his honor Oct. 15.

## Relations Due

VIENTIANE, Laos (AP)—The neutralist government of Laos says King Savang Vathana has approved establishing diplomatic relations with the Soviet Union.

Big Spring (Texas) Herald, Thurs., Oct. 6, 1960 3-A

## 8 Persons Killed In Head-On Crash

CHATTANOOGA, Tenn. (AP)—A taxicab skidded into a truck and careened head-on into a car, killing eight persons, including a mother and her baby.

The death toll in Wednesday night's accident was believed the largest ever in a single Tennessee traffic accident.

Killed were Shirley Dorsey, 30, of Minden, La., and her son, Bradford, 11 months, in one car; and six Chattanooga Negroes riding in the taxi. They were identified as Amos Poole, 44, the driver; DeLores Wilson; Nathaniel Bell, 29; Edward Robinson Jr.; Alice Ingram, 31, and Lattie Gamble, 24. Mrs. Dorsey's husband, Carl, 31, was asleep in the back seat of their car at the time of the accident, and survived with undetermined injuries.

The driver of the truck, Edward J. Carlson of Bristol, Va., was unhurt.

# Rabies Can Make A Dog Unfriendly

By ROB MARION

While the postman, the paper carrier and other persons who are on intimate terms with dogs might not agree, dogs are usually pretty nice critters and deserving of the title, "man's best friend."

However, in some instances the dog isn't man's best friend or anything else's friend either. When the dog is rabid, he's downright unfriendly. So unfriendly, in fact, that he would be the death of anything that happens to get in his path.

### FAIR

To be perfectly fair to the dogs around Big Spring, it should be noted that while a number of them lost their heads as rabies suspects, few of them turn out to be positive cases. The cat, whom many people figure to be a first class contender for the dogs' title of "best friend," has the edge when it comes to rabies. Before cat lovers begin to take up arms, it is probably wise to add that skunks and other wild creatures edge both the dog and the cat completely out of the picture concerning rabies.

Through the months of September through December of last year, 15 animal heads were sent to the Texas State Department of Health Laboratories in Austin. The heads of five cats, two foxes, four skunks, one opossum, one mouse, one dog and even a cow were sent in. Of the 15 heads, only seven registered positive. They were from a cat, two foxes and four skunks.

### EIGHT

So far this year, eight animals have lost their heads after losing their heads and acting suspicious or attacking someone. This year the animals were three dogs, two cats, a rat and a skunk. One of the cats proved to have rabies.

The disease of rabies has been around for a quite a while, and the Greeks applied the misnomer "hydrophobia" several centuries before the time of Christ because they thought the animals had an aversion to water. They also suspected that the person or animal who had the disease was possessed by evil spirits. The foamy appearance of the victim didn't help dispell the idea.

Rabies is caused by a virus which affects the central nervous system and is transmitted through the saliva of the mad animal when a person or animal is bitten or gets the saliva in a fresh scratch or wound.

### 14 DAYS

From the time an animal is bitten until the symptoms of the disease appears varies from 14 days to six months according to a Texas State Department of Health pamphlet. In the canine species the symptoms may take as long as six months to develop, but in man the average time is 40 days and less in the case of children or when the person has been bitten in the head.

All warm blooded animals can be infected by rabies—even birds and particularly bats. The disease

is most prevalent among wild animals who infect dogs and other domesticated animals. Contrary to popular opinion, the disease is more prevalent in the early spring and winter than it is during the hot summer months.

### DIAGNOSIS

The diagnosis of rabies is made by examining a small portion of the infected animal's brain and injecting a solution of brain material into white mice. Naturally, if the head is decomposed or badly damaged, it is almost impossible for an accurate diagnosis to be made.

When an animal is suspected of having rabies, it is best to have a veterinarian look at it or to send

the head—undamaged—to the State Bureau of Laboratories in Austin.

The Department of Health recommends packing the head in a good sized can, putting the lid on it and then packing it in a larger can with sawdust and ice around it to prevent decomposition.

Rabies is a disease that must be treated before the symptoms appear. When the symptoms are present, treatment is of no help and the disease is 100 per cent fatal. When a person is bitten, he should wash the wound with soap and water and then put himself under the care of a physician, who can advise on taking rabies vaccine.

## Niki To Appear On TV Program

NEW YORK (AP)—Soviet Premier Khrushchev has accepted an invitation to appear Sunday on WNTA's "Open End" program. It will be broadcast and televised in the metropolitan area.

The station said Khrushchev would receive unlimited time to air his views during the program, which starts at 9 p.m.

Moderator of the program is Davis Susskind. After the Soviet leader leaves the air, a panel will discuss what Khrushchev has to say.

### 6 Die In Crash

AIX-LES-BAINS, France (AP)—A Belgian military helicopter on a training flight and another on a test hop collided in the air near here today and six persons were reported killed.

## State Textbook Panel Hears Conservatives In Challenge

AUSTIN (AP)—The State Textbook Committee today is deciding what books it will recommend to local school districts. It heard testimony Wednesday from the Texans for America.

The conservative organization challenged 10 books it alleged cast a bad light on the American system. J. Everett Haley of Canyon, a rancher and historian who once ran for governor, presented most of the case for the Texans for America.

The 15-member book committee will release its recommendations Friday. The books it endorses—not more than five in any one subject—will be adopted for a six-year period. The Texans for America listed their grounds for opposing the 10 books in a 29-page bill of particulars. Included was a high school Texas history book, "Texas and

Our Spanish Southwest" by Lynn Perrigo.

Haley objected to the inclusion of a reference to "manifest destiny" by Albert K. Weinberg, whom Haley said was listed in the House Un-American Activities Committee index.

The bill of particulars also said Perrigo showed a "liberal" slant in his presentation, including references to John Gunther's "Inside USA" and to historian Allan Nevins.

Banks Uphaw of Dallas, publisher of the book, said Weinberg is mentioned only twice. "I haven't heard of Allan Nevins ever being called left wing," he added.

Several vocational agriculture texts were criticized for not mentioning the "moral ramifications"

of the federal farm program.

Dr. Ron Riddle, a Paris veterinarian and a member of Texans for America, said certain books instruct the student how to participate in the Federal Commodity Credit Corporation program.

## Ike Scheduled On Women's Panel

WASHINGTON (AP)—President Eisenhower will appear Monday night with a group of Republican women campaign workers on a televised program sponsored by Volunteers for Nixon-Lodge.

The President may make an opening statement in support of the Republican ticket, and then will reply to questions asked by the women volunteers. White House Press Secretary James C. Hagerty said the questions and answers will be unrehearsed.

# TOMORROW THE GREATEST SIXTY-ONE DERFUL CHEVROLET

Here's the car that reads you loud and clear—the new-size, you-size '61 Chevrolet. A car so right for you in so many ways that once you compare it with the rest of the crop you'll agree nothing else near the money measures up to it.

We started out by trimming the outside size a bit (to give you extra inches of clearance for parking and maneuvering) but inside we left you a full measure of Chevy comfort. Door openings are as much as 6 inches wider to give feet, knees and elbows the undisputed right of way. And the new easy-chair seats are as much as 14% higher—just right for seeing, just right for sitting.

Once you've settled inside you'll have high and wide praises for Chevrolet's spacious new dimensions (in the Sport Coupes, for example, head room has been upped as much as 2 inches, and there's more leg room, too—front and rear). Chevy's new trunk is something else that will please you hugely—what with its deep-well shape and bumper-level loading it holds things you've never been able to get in a trunk before.

Yet generously endowed as this car is with spaciousness and clean-etched elegance, it holds steadfastly to all the thrifty, dependable virtues Chevrolet buyers have come to expect. Your dealer's the man to see for all the details that make this sensationally sensible '61 Chevy a new measure of your money's worth.

IMPALA 4-DOOR SPORT SEDAN—one of five Impalas that bring you a new measure of elegance from the most elegant Chevies of all. Notice what beautiful sense the new roof line makes—the front door entrance height is nearly 2 inches higher.

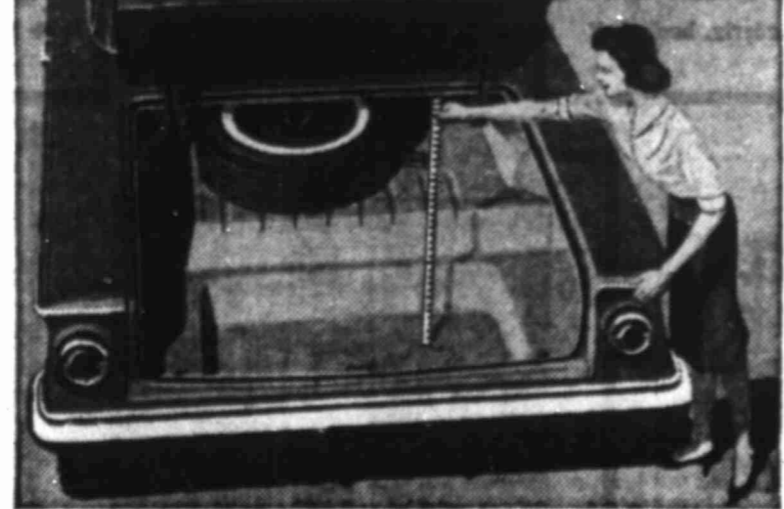

NOMAD 9-PASSENGER STATION WAGON. You have a choice of six Chevrolet wagons, each with a cargo opening nearly 5 feet across and a new concealed compartment for stowing valuables.

BEL AIR 2-DOOR SEDAN, like all '61 Chevies, brings you Body by Fisher neeness you can use—more front seat leg room and, thanks to a shaved-down driveshaft tunnel, more foot room in the rear.

Biscayne 4-Door Sedan

There's never been a trunk like it before! The floor's recessed more than half a foot—to form a deep well for holding things you used to leave home. Packing's easier, too—the loading height is as much as 10½ inches lower.

## INTRODUCING THE '61 CHEVY BISCAYNE 6

the lowest priced full-sized Chevy with big-car comfort at small-car prices!

Now you don't have to go without style, space and one of the world's best rides to get a car that's low priced and economical to drive. Chevy's new '61 Biscaynes—6 or V8—give you a full measure of Chevrolet quality, roominess and proved performance—yet they're priced down with many cars that give you a lot less!

## Labor Violations Involve Overtime

In three civil suits filed in the U. S. District Court at Oklahoma City, Kenneth Richardson, Gerald Williams, and John Cornell, all contractors, were charged with violations of the Fair Labor Standards Act.

Secretary of Labor James P. Mitchell brought the suits against the contractors, two of whom live in Clinton, Custer County, Oklahoma; the other resides in Putnam, Dewey County, Oklahoma.

In his suit for an injunction the secretary of labor charges the defendants with failing to pay proper overtime after 40 hours a week.

## Martin Teachers To Hear TSTA Research Official

R. F. Loyd, assistant director of research and records of Texas State Teachers Association, will speak at the first meeting of the Martin County Teachers Association Monday night in the Stanton High School cafeteria.

Loyd will speak on the TSTA legislative program for 1961. Loyd has been associated with Texas schools for 25 years and was assistant superintendent of the Bowie County schools prior to accepting his present position.

L. M. Hayes, superintendent of Stanton schools, is the president of the Martin County TSTA unit. The Stanton band will play for the meeting.

R. F. LOYD

1501 E. 4th STREET

BIG SPRING, TEXAS

AM 4-7421

### Kennedy, Cheered By Big Crowds, To Turn To Cuba

CINCINNATI, Ohio (AP)—Sen. John F. Kennedy, obviously cheered by the crowds he has been drawing, turns today to a subject on which there has been precious little cheering in this country lately: Fidel Castro and Cuba.

Kennedy was expected to spend most of the day working on the speech he will make at a fund-raising dinner tonight. But members of his staff couldn't say whether he considers this a major address or whether he will offer his solution to one of this nation's most troubling problems.

So far Kennedy has been critical of the way the Republican administration has dealt with Cuba, but he hasn't spelled out what he will do if he is elected president.

It looked like an exceptionally quiet day, by Kennedy standards. Sometime in the afternoon he may visit a farm. His reactions

there would be put on film to be used in short television spots later in the campaign.

But his formal program called for nothing until late this afternoon, when he crosses the Ohio River for a rally in Covington, Ky.

After tonight's speech he will fly to Washington to prepare for the second round of his television debate with Vice President Richard M. Nixon Friday night.

But in the Kennedy camp the talk is almost exclusively devoted to the crowds the Democratic presidential nominee has been drawing especially in Louisville Wednesday.

Rarely has the setting been poorer for enthusiasm.

Police said the crowd was larger than the one Nixon drew a couple of weeks ago. They guessed that one at over a hundred thousand.

### Tower Claims Lyndon Has Lost Texan Identity

DALLAS (AP)—John Tower, Republican candidate for U.S. senator, said Wednesday that Sen. Lyndon Johnson "has forfeited his right to call himself a Texan."

Tower, speaking to the Dallas County Republican Men's Club, said the vice presidential candidate "has even been going around the country apologizing for it by calling himself a westerner."

Tower said the senator went to Congress as a liberal, but "only rode that bandwagon for a while 'till it became popular to be conservative."

County GOP leaders said at Brownsville earlier that Tower will make a return trip to the Lower Rio Grande Valley Saturday. Tower, of Wichita Falls, planned to make stops at Raymondville, San Benito and Brownsville. He visited the Valley two weeks ago.

Abilities, Not Disabilities

James Horton, who works at his desk in the accounting and finance office at Webb in a wheelchair, tells Joann Forrest, Capt. C. E. Wiswall and Eugene L. Smith about his career. He is one of 50 physically handicapped who are doing a good job for Webb.

### Good Webb Record In Hiring Disabled

Webb AFB's policy of hiring "abilities and not disabilities" has earned it an enviable record in employment of the physically handicapped.

There are approximately 50 civilian employees at Webb AFB who are physically handicapped in varying degrees from severe to relatively mild. For instance, a supply inspector has one arm; a diet cook in the hospital is almost deaf; several aircraft mechanics have greatly impaired use of legs; a boiler fireman has but one arm. Yet all of these and others possess top ratings as employees.

Perhaps the most severely handicapped is James Horton, an accounting clerk in the Accounting and Finance Division. Stricken with

polio while in service during World War II, Horton works at his desk in a wheelchair.

Chatting with Joann Forrest, Capt. C. E. Wiswall and Eugene L. Smith this week, Horton demonstrated the high degree of acceptance he has earned as a Webb employee. Capt. C. E. Wiswall is his immediate supervisor as accounting and finance officer, and Smith is a member of the Civilian Personnel Office at Webb.

In all cases, Webb's physically handicapped employees competed openly with non-handicapped applicants and were appointed because they were considered to be the best choices.

They are in all respects good employees, officials said, and in certain areas they excel. For example, in safety practices they are statistically superior to non-handicapped. In addition, records indicate that they appear to be more concerned with establishing the best possible reputations as employees than the average non-handicapped worker.

Recently Webb AFB was awarded the President's Employers Merit Award in recognition of an outstanding program of hiring the physically handicapped. This award is based not only on the number of handicapped on the rolls at the base, but also on the efforts made by the base in placing handicapped employees in situations most suited to them.

# SHOW ON WORTH! CHEVROLET

## NEW '61 CHEVY CORVAIR More space... more spunk and wagons, too!

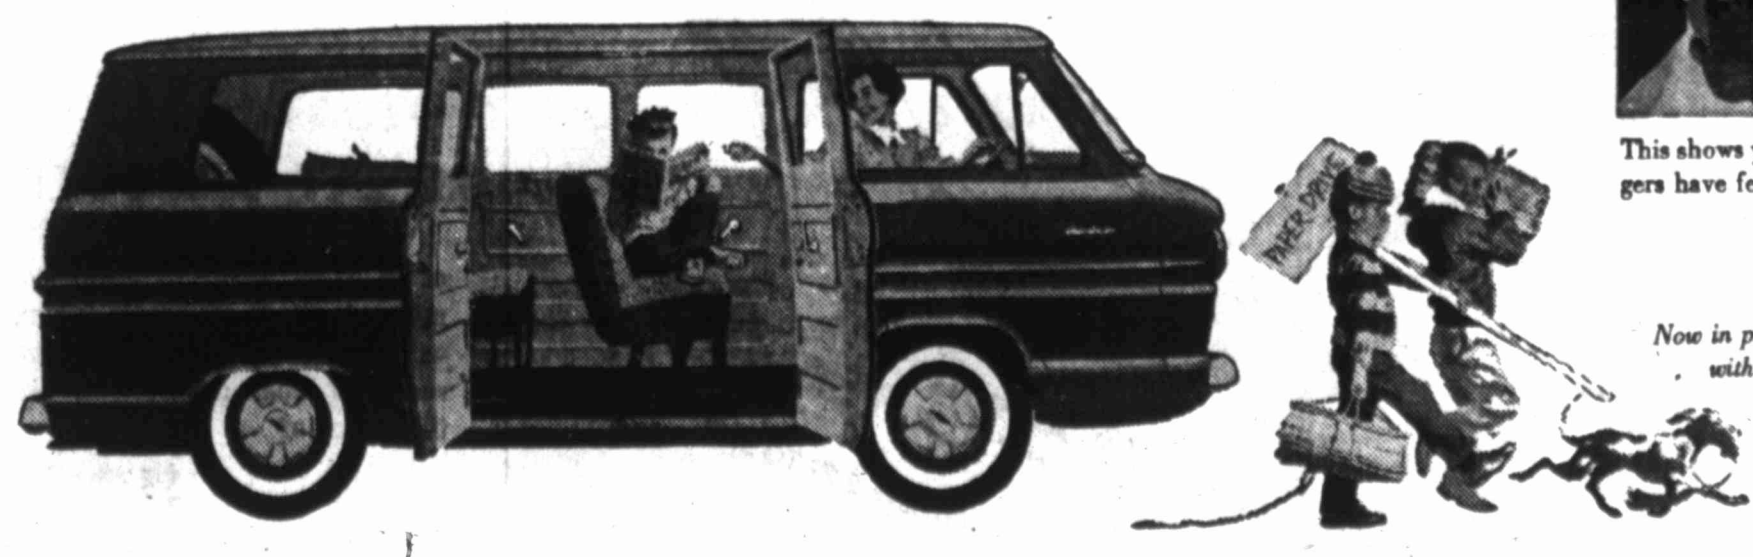

The newest car in America: the CORVAIR 700 LAKEWOOD 4-DOOR STATION WAGON. Like all Corvairs, it's powered by a dependable air-cooled rear engine.

This sporty CORVAIR 700 CLUB COUPE gives you almost 12% more luggage space up front plus a longer range fuel tank.

You're looking at the handsome CORVAIR 700 4-DOOR SEDAN. Provisions for heating ducts are built right into its Body by Fisher for more equal distribution of heat front and rear.

Now in production—the GREENBRIER SPORTS WAGON with up to twice as much room for people and things as ordinary wagons (shown with optional extra-cost third seat in position).

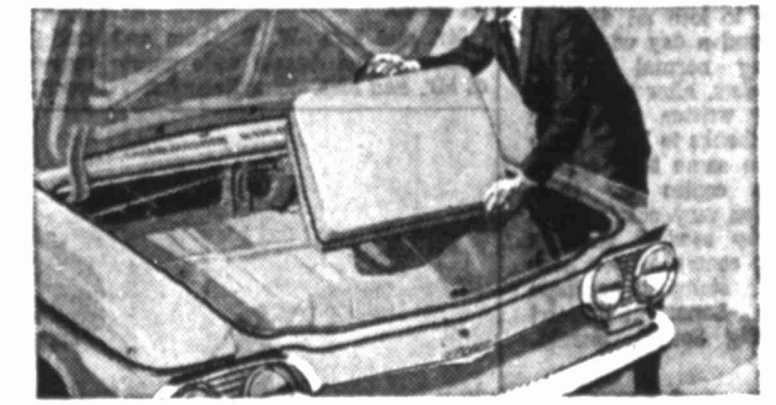

More room—more for you, more for your things. More dependable operation. Smarter, smoother styling. More miles per gallon. Wagons.

Corvair for '61: a complete line of complete thrift cars from Chevrolet.

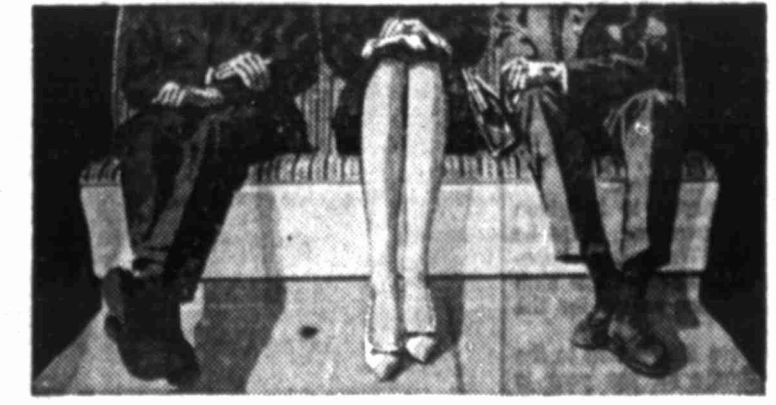

To start with, every Corvair has a budget-pleasing price tag. And Corvair goes on from there to save you even more. With extra miles per gallon... quicker-than-ever cold-start warmup so you start saving sooner... a new extra-cost optional heater that warms everybody evenly. Riding along with this extra economy: more room inside for you, more room up front for your luggage (sedans and coupes have almost 12% more usable trunk space).

And our new wagons? You'll love them—think they're the greatest thing for families since houses. The Lakewood Station Wagon does a man-sized job with cargo, up to 68 cubic feet of it. The Greenbrier Sports Wagon you're going to have to see—it gives you up to 175.5 cubic feet of space for you and your things. Compare that with any other U.S. wagon going!

Corvair's whole thrifty lineup gets its pep from a spunkier 145-cu.-in. air-cooled rear engine. Same rear-engine traction, same smooth 4-wheel independent-suspension ride. See the polished and refined 1961 Corvair first chance you get at your Chevrolet dealer's.

For 1961 Corvair put the spare tire in the rear in coupes and sedans—where it doesn't take up an inch of luggage space in the front compartment.

This shows you for sure who remembers that middle-seat passengers have feet, too. It's Corvair's practically flat floor.

### Nixon Invades Dixie Buoyed By Turnout

NASHVILLE, Tenn. (AP)—Vice President Richard M. Nixon dips into the South today amidst a cloud of enthusiasm steamed up by the presidential campaign's biggest turnout in Philadelphia Wednesday night.

The Republican presidential nominee displayed new confidence in the outcome of his contest with his Democratic opponent, Sen. John F. Kennedy of Massachusetts, as he winged into the doubtful border state of Tennessee.

Here he had a date at Memorial Square before taking off for Cleveland, Ohio. There Kennedy's street crowds of 250,000 had been tops until Nixon drew somewhere around a police-estimated 600,000 in Philadelphia, which used to be Republican but has been Democratic in recent years.

A crowd which left about 3,000 empty seats in Philadelphia's 14,000-seat Convention Hall—scene of many national conventions—made up in stamping enthusiasm what it lacked in numbers.

10-STRIKE There is no denying, however, that Nixon had scored a 10-strike in Pennsylvania, with its 32 electoral votes.

On the more than 12-mile ride from the airport, where he landed in the late afternoon, the Republican presidential nominee was seen by more people than have turned out any time previously in the campaign.

Not all of them were supporters. There were many Kennedy-Johnson signs and many shouts from the opposition ticket.

But when his motorcade reached a spot near the University of Pennsylvania, surging students stopped it by main force.

While a cheer leader swung precariously from a red-and-green flashing traffic signal, Nixon talked some of the language the students seemed to understand.

Before him were signs demanding to know "Where's Checkers?" This was the dog he mentioned on a broadcast in 1952 when he defended, as the vice presidential nominee, his acceptance as a senator of an \$18,000 expense fund.

ENTHUSIASTIC But the Philadelphia crowds were generally enthusiastic for him.

The Pennsylvania welcome was doubly satisfactory to the vice president after a day in New York that found some of those who listened to his standard campaign speech not so responsive as they have been elsewhere.

Nixon told New York listeners that he talks the same way about civil rights in the North and South. But he said his opponents "talk out of both corners of their mouths" on the issue.

This was true, he said, because Kennedy and his running mate, Sen. Lyndon B. Johnson of Texas, do not see eye-to-eye on civil rights.

Today Klein told newsmen that the vice president had withdrawn the statement attributed to Johnson.

"As far as I am aware," Klein said, "the accuracy of the quotation has never been publicly questioned."

The press secretary went on to quote Pearson as attributing these additional words to Johnson: "However, I am a reasonable man. I hope this convention will write a plank that is acceptable to the North and that the South can live with it."

Nixon said in his Philadelphia speech that the Republicans had "initiated in 1867 the first civil rights law enacted in 80 years." He did not mention that Northern Democrats had provided the margin of congressional votes for enactment of this statute. Johnson has contended that no law would have been passed but for his effects as Senate majority leader.

**Dieted Wisely**

Marilyn Erskine tells how she took off 34 pounds and kept them off. She is currently appearing on the "Tom Ewell Show" for CBS-TV.

**HOLLYWOOD BEAUTY**

**Weight Makes Person Look Old, She Says**

By LYDIA LANE  
HOLLYWOOD — "Fat is aging, and there is no doubt about it," Marilyn Erskine asserted. "In 1953 I played Ida in 'The Eddie Cooner Story' and I weighed 122 pounds. Now when you see Marilyn on the 'Tom Ewell Show' you won't recognize her as the same girl — at least I didn't. 'I lost 34 pounds,' she confessed. 'I could stand it because I'm under five-foot-two. I went from 122 to 88.' 'You look wonderful!' I exclaimed, as we chatted in her dressing room at CBS. 'I was determined to find a diet I could stay on. I had no success with crash diets, but I felt if I dieted in moderation that it wouldn't be too much of a hardship. My goal was to lose a half-pound a week, and in six months I would be down to the size I wanted to be. That was three years ago, and I haven't gained more than two pounds since then.' I asked Marilyn for her diet and this is what she did: For breakfast she had juice, a half grapefruit or melon, black coffee, one slice of dry whole-grain bread and one poached or boiled egg. For lunch she had cottage cheese or a ground lean-meat patty, sliced tomatoes and skim milk. Dinner consisted of chicken, lean

meat or fish and one green vegetable, a green salad and fruit for dessert. 'Considering my size, that is plenty to eat,' Marilyn pointed out. 'I just eliminated rich sauces, anything fried, white flour and white sugar. If I felt the need of something sweet, I used honey. But there is plenty of natural sugar in fruit.' 'You look more glamorous now than I've ever known you, and I like the way you are wearing your hair,' I told her. 'I'm happy with my hair, and there is no substitute for a skilled operator who knows how to cut hair,' she exclaimed. 'I love my hair short. All I have to do is comb through it and it falls into place. You can't say too much about the importance of improving your appearance. Since I've lost weight, I feel like a new person.' **POPULAR DIET** Because of the many requests from readers for a simple and effective diet, here is Leaflet M-1, "Two-Week High Protein Diet." This diet, when followed exactly, will allow you to lose an average of one pound a day while still maintaining normal energy. Many readers, after using this diet, have written enthusiastic letters of thanks to Lydia Lane and at the same time asking for more copies for their friends. You may obtain Leaflet M-1 by sending only 10 cents (ten cents) AND a self-addressed, stamped envelope to Lydia Lane, Hollywood Beauty, Big Spring, Herald.

**Annual Party Planned By Study Club**

Members of the 1953 Hyperion Club discussed plans for their annual card party Wednesday afternoon at a meeting in the home of Mrs. R. H. Weaver. Mrs. Donald Fresno was cohostess. Date for the party, to be given some time in November, is to be announced later. The annual benefit affair is a project of the club by which funds are raised for the YMCA. Yearbooks were distributed to the group. The theme for the year is "For Every Right, a Responsibility." First program dealing with the theme was presented by John Anderson of Gall, the Constitution Party's candidate for U. S. representative from the 19th Congressional District. He explained the platform of the party and discussed its work. The group voted to give money for gifts to be bought for the Christmas party at the state hospital. Mrs. Jack Little was elected treasurer of the club, and refreshments were served to 21. R. H. Weaver was the speaker in November and will discuss the electoral college, it was announced.

**1941 Study Club**

The 1941 Study Club of Coahoma met in the home of Mrs. Ray Swann Monday evening, with Mrs. Sam Armstrong as cohostess. Fourteen members and a guest were present for the program presented by Mrs. Richard Patterson of Big Spring. Her topic was "Understanding Art."

**Mrs. Hamilton Hostess For Garden Club Meet**

Members of the Big Spring Garden Club gathered Wednesday morning in the home of Mrs. Alton Hamilton. Mrs. J. D. Elliott, president, conducted the business session during which time Mrs. J. E. Hogan, chairman for the garden council flower show announced the flower show to be held Oct. 29 at the Howard County Junior College gymnasium. The luncheon honoring the judges will be at the Coahoma Country Club. Mrs. Hogan resigned as representative to the city federation and was replaced by Mrs. J. Gordon Bristow. Mrs. Norman Read announced that the Big Spring Garden Club will be in charge of the rose garden at City Park during the month of October. Chairmen for this project will be Mrs. J. I. Balch, first week; Mrs. Elliott, second week; Mrs. John Knox, third week, and Mrs. Robert Stripling, fourth week. Mrs. P. D. O'Brien told the group that their club had been asked to wrap Christmas gifts and decorate one dining room at the state hospital. The group set \$15 for the Christmas party at the hospital. Mrs. Balch displayed drawings of bird houses and feeders and encouraged the group to create bird sanctuaries in their yards.

The club welcomed Mrs. Garner McAdams as a new member. The following dates of interest:

**Westbrook Class Officers Elected**

WESTBROOK (SC) — The FFA Chapter recently elected officers for the 1960-61 school term. Elected were Gary Parrish, president; Loyd Wishert, vice president; Bill Bird, secretary; Don Bird, reporter; Robert Rees, treasurer; Jerry Shaw, sentinel. Glenda Jo Rees, sophomore and daughter of Mr. and Mrs. Lewis Rees was elected Chapter Sweetheart. Sponsor and teacher is Pete Hines.

The sophomore class, with the largest enrollment of any class in high school, has elected officers. Glenda Rees is president; Carroll Stone, vice president; Donna Bryant, treasurer.

Class favorites are Carroll Stone and Dale Byrd. King and Queen for the Harvest Festival will be Margie Douglas and Loyd Wishert.

Officers for the junior class this year will be Jessie Watson, president; Bill Bird, vice president; secretary, Elaine Moore; treasurer, Glenda Morris.

Favorites are Loretta Whitehead and Ronnie Forbes. King and Queen for the festival will be Judy Raune and Laverell Sullivan.

Mrs. Edgar Andrews is in Canyon, Colo., visiting her new grandson this week.

Guests of Mr. and Mrs. Dalton Conaway and sons this weekend were Mr. and Mrs. W. Tenery and Eugene of Gladewater. Mrs. Tenery is a sister of Mrs. Conaway.

Doyce Lankford, son of Mr. and Mrs. Troy Lankford, arrived home Friday after receiving his medical discharge at Ford Ord, Calif. He plans to attend Howard County Junior College in Big Spring.

Mr. and Mrs. Charles Raune and children visited in Midland recently.

**HCJC Scholarship Award Announced By Hyperion Club**

A scholarship to Howard County Junior College has been awarded to Sherry Costes by members of the 1956 Hyperion Club; this was announced at the meeting of the group Wednesday afternoon in the home of Mrs. Jack Cook. Mrs. T. J. Williamson was cohostess for the session. Theme for the year is "The World's Great Religions," and the program developing it was presented by Mrs. Edith Gossett. Her discussion of Buddhism was followed by a period of discussion by all members, who had studied the subject previously. At the meeting slated for Nov. 2, the Philosophy of China will be studied.

**Guests Entertained By Forsan People**

FORSAN — Forsan people have been entertaining guests during the past week, with Mrs. Vera Harris reporting a visit from Mr. and Mrs. James Craig and Mr. and Mrs. T. D. Smiley.

Mr. and Mrs. Jimmy Hagar and Susie of Pecos have been guests of Mrs. S. C. Cowley.

Here from Odessa were the J. R. McMurrays, who visited the Delmer Klairs.

Mr. and Mrs. Walter Gressett had as their guests Mr. and Mrs. J. C. Pye and family of Crane and Mr. and Mrs. Kenneth Gressett and daughter of Sweetwater.

The Floyd Griffiths of Midland were guests of their parents, Mr. and Mrs. J. W. Griffith and Mr. and Mrs. J. D. Gilmore.

Visitors from Post were the Glenn Whittenbergs, who were in the home of Mr. and Mrs. Hamlin Elrod.

Mr. and Mrs. W. B. Dunn and Wilma of San Angelo were guests of Mr. and Mrs. John Kubecka.

**Forsaners Have Trip To Houston**

FORSAN — Mrs. J. R. Asbury and Johnny Bob were in Houston recently.

Guests in the M. M. Fairchild home have been their children, the Larry Digbys of Odessa.

Mrs. Jerry Matthews of El Paso has been visiting Mr. and Mrs. O. W. Scudday and Berney.

Mr. and Mrs. Jim Craig have had as their guests, Mr. and Mrs. Bobby Baker and children and Donna Baker, all of Frankel City.

At home now is Mrs. O. W. Fletcher, who has been dismissed from a Big Spring hospital.

James O. Jones, son of Mr. and Mrs. A. O. Jones, has enlisted in the U. S. Air Force for a period of four years. He is now stationed at Lackland Field, San Antonio.

Ray Crooks, son-in-law of the D. K. Knights, has been hospitalized in a Lubbock hospital; he was expected to return home this week. He lives in Big Spring.

were announced by Mrs. Elliott; Tyler Rose Festival, Oct. 14-15-16; fall meeting of the state garden clubs in Brownsville, Oct. 12-14; Southern Zone meeting will be Oct. 29 in Midland.

The Midland flower show will be held on Oct. 29-30 and the Odessa show on Oct. 31. Mrs. Bristow will attend the state garden club meeting as a delegate.

Mrs. J. R. Hensley, program chairman, presented Mrs. D. M. Penna who gave the program on "Mum's The Word."

Refreshments were served to 25 members.

**Lakeview P-TA Has Guest Speaker**

Devotional music for the Lakeview P-TA was furnished by Patricia McDade at the meeting Tuesday evening.

The chaplain, Mrs. Mary L. McIntyre, led the opening prayer. Capt. Frenet G. Johnson, of Webb AFB, leader of Explorer Troop Number 116, spoke to the group on boy scouting.

Julian Fisher encouraged the parents to send their boys out for the regular meetings of the troops, whose main feature is the drum and bugle band. The troops are sponsored by the Elks Lodge.

The P-TA will sponsor a Halloween Carnival Saturday evening, Oct. 29, at the Lakeview High School.

The first project of the group will be the new band uniforms and they will sell candy to raise money for these.

Visitors were introduced and welcomed. The Rev. and Mrs. L. D. Whit, spoke for the visitors. Rev. White is the new pastor of the New Hope Baptist Church.

Refreshments were served at the close of the meeting.

**Tri-Hi-Y Meets**

"How to apply make-up" was the topic discussed for the eighth grade Tri-Hi-Y of Rannels at the meeting Monday afternoon at the YMCA. Barbara Cole was the speaker. Sarah Smith gave a devotion. The group has planned a sock-hop for Oct. 15.

**Sue Ann Dolan Bride Of Phillip E. Riddle Jr.**

Mr. and Mrs. Phillip Eugene Riddle Jr. will make a home in Big Spring following their marriage Sunday in the Central Baptist Church in Elbow.

Mrs. Phillips is the former Sue Ann Dolan, daughter of Mr. and Mrs. R. W. Dolan, Old San Angelo Highway. Parents of the bridegroom are Mr. and Mrs. P. E. Riddle of Damascus, Ark.

The double ring ceremony was read by the Rev. Mack Alexander, pastor of the church, before an altar arrangement of white gladioli in baskets. Mrs. James Grantham of Big Spring played nuptial music.

Given in marriage by her father, the bride wore a street length dress of white brocaded taffeta with brief jacket. Her veil was attached to a crown of white flowers and she carried a bouquet

**Former Residents Return For Visits With Forsan Folk**

FORSAN — Former residents, Mr. and Mrs. Harry Barnett, Benney and Sammy, visited here recently with friends. They are now living in Kermit.

Other visitors during the week-end include Mr. and Mrs. Ira Lee Watkins and daughter of Midland; Mr. and Mrs. Kenneth Baker of Snyder; Mr. and Mrs. Kenneth Duffer of Coahoma; Mr. and Mrs. Wayne Spiegel and daughter of Midland; Mr. and Mrs. Darnell Peacock and Mr. and Mrs. Harold Patterson, all of Odessa.

The A. P. Oglebys were recent visitors in Odessa, where they were guests of Mr. and Mrs. Charles Hall and family.

Mr. and Mrs. J. H. Cardwell were in Andrews to visit Mr. and Mrs. R. L. Shelton and in Odessa with Mr. and Mrs. T. D. Brelthaupt.

Mr. and Mrs. Harley Grant and children of McCarney have been guests of her parents, Mr. and Mrs. A. O. Jones.

The Henry Parks have been entertaining Mr. and Mrs. Johnny Park of El Paso.

Mr. and Mrs. Frank Phillely and children and Mr. and Mrs. Oscar Johnson have returned from Abilene, where they attended funeral services for their grandfather, Charles W. Withrow.

**Doctor Is Speaker For Coahoma P-TA**

COAHOAMA (SC) — "Basic Human Needs," was the subject used by Doctor Young of the Big Spring State Hospital when he spoke at a meeting Tuesday evening of the Coahoma Parent-Teacher Association.

Mrs. H. L. Frazier appointed a project committee with Bill Fishback as the chairman to serve with W. A. Wilson and Mrs. Hezlie Read.

A fund-raising committee was also named with Mrs. Fishback as the chairman, serving with Mrs. Jim Hodnett, Mrs. James Costes and Mrs. J. R. Swan.

The group voted to make a \$10 donation to the Christmas fund for the state hospital.

Fellowship followed the meeting and refreshments were served by the mothers of the first grade to approximately 75 parents and teachers.

**'ROUND TOWN**

With LUCILLE PICKLE

The wives of the presidential candidates and at least one of the vice presidential hopefuls have taken such an active part in campaigning it will seem as though something is left off the November ballot when their names don't appear. There is this to say for Mrs. Nixon and Mrs. Johnson, when they make an appearance, they are certainly tastefully dressed and both of them can talk as well as their husbands. We won't be voting for the wives, but they do make an excellent impression. Mrs. Lodge doesn't seem to be the type to mix it politically, but having been with her capable husband for so many years, she could probably do as well as the next one but not enjoy it quite so much. Appealing Mrs. Kennedy just smiles from around her husband's shoulder and wins a lot of friends.

MR and MRS. ED. H. SCHLOEMAN of Gatesville, are here for a visit with their daughter and her family, MR. and MRS. BEN JOHNSON and the boys.

The WILLARD SMITHS have received word of the arrival of a grandniece, ROXI ANN, who was born Sunday to MR. and MRS. HAROLD ANTHONY in Orange. Mrs. Anthony is a niece of Mrs. Smith.

MR. and MRS. JACK SMITH plan to leave Friday for Cleburne where they will visit her parents for the weekend.

MR. and MRS. EUGENE GROSS were in Pecos the past weekend to assist their son and

his wife, DR. and MRS. BOBBY JACK GROSS, get settled in their new home. Dr. Gross has recently bought an interest in a veterinary hospital there.

Members of the BOB WREN family have been having a good visit this week and have really had good luck on their fishing trip to Lake Thomas. Here from Laredo are LT. and MRS. STANLEY HESS and Wesley. They are visiting her parents and sister, the Wrens and Mr. and Mrs. Fred Overton. The Wrens' granddaughter and her husband, MR. and MRS. GENE NOEL of Fort Worth, are visiting them and their other grandparents, MR. and MRS. W. T. STEWARD.

**Pork Roast Is Tasty When It's Seasoned**

Pork roast, a relatively inexpensive meat, can be wonderfully tasty when seasoned properly.

**SAVORY PORK ROAST**  
4 lbs. pork loin  
1 tsp. salt  
1/4 tsp. pepper  
1 tsp. onion salt  
1/4 tsp. powdered dried rosemary  
1/4 tsp. crushed dried thyme  
Place the pork fat side up on a piece of waxed paper. Mix together the salt, pepper, onion salt, rosemary and thyme. Rub over top and sides of pork. Place meat in shallow roasting pan. Roast in moderate (350 degrees) oven until meat thermometer, inserted in center, registers 185 degrees.

Corvair Has Station Wagon

The rear-powered Corvair has a bigger family this year. Stylists meshed the requirements of a roomy and versatile vehicle with the smart design of the Corvair and came up with this new Corvair Lakewood station wagon. In addition to this model, Corvair for 1961 also has a sports wagon and three half-ton trucks. The models will be presented to the public Friday, and will be on display locally at Tidwell Chevrolet, 1501 E. 4th.

## New Body Styles In Corvair Line

Chevrolet's rear-powered Corvair blossoms out into a full line of automobiles for 1961.

In addition to the commercial cars previously announced, the company discloses that station and sports wagons will join the Corvair line.

All models go on display Friday, and may be seen locally at Tidwell Chevrolet, 1501 E. 4th.

Here is the Corvair lineup for 1961:

Passenger car — club coupes, four-door sedans and a new Lakewood station wagon in the "500" and "700" series plus the deluxe Monza sport coupe and the new Greenbrier sports wagons.

Commercial — Corvan, Rampside and Loadside trucks.

In appearance, the latest Corvair retains its symmetrical form. New styling touches and beautified interiors clearly distinguish the models as 1961's, but the low-slung, appealing profile remains unchanged.

Also untouched are the engineering fundamentals which have made the Corvair the most talked-about automobile in America. The flat, air-cooled engine and transmission-axle combination are continued at

the rear. Compact body-frame integration lends its special staunchness to all models.

However, several improvements have been adopted. Fuel economy especially benefits from the lower-numerical axle ratio and the new non-gas burning heater which will improve fuel economy even beyond the excellent miles per gallon now achieved. A hot air heater is now offered as optional equipment. Increased luggage capacity is made possible by moving the spare tire from under the hood to the engine compartment. A 14-gallon fuel tank is substituted for the former 11-gallon tank.

Although most chassis specifications are common throughout the line—all models carry a certain family relationship—structural differences distinguish newcomers from earlier body types.

The rear-engine mounting proves itself extremely suitable to the Lakewood station wagon, the Greenbrier sports wagon and the Corvan — the commercial panel van. The absence of a transmission tunnel provides cargo and passenger loading convenience impossible with the conventional small car

## GARDEN TALK

### Bees Can Be Helpful But Show Them Respect

Several people have been interested in bees. There are several varieties of bees, besides the honey bee, and they are one of the group called the social insects because of group habits and the way they work together for the good of a colony.

Bees go back in geologic time to at least the Upper Jurassic and perhaps to the lower Permian ages, which is to say they are a very old order of life. In bee study one finds interesting varieties, as mining bees which are solitary insects preferring to live singly in their cells which are connected by a common tunnel in the earth. The carpenter bee builds her nest in a hollow twig and rears her brood to maturity until all can fly and then leads them out as a family into the sunshine. This innocent little carpenter sometimes builds in a gun barrel or a door lock and this can be unfortunate for humans.

Other interesting bees include the little pest that cuts circles and half-moons in rose leaves. We call this one the leaf cutting bee. The large bumble bee builds nests in the earth by using straw and grass as a bird builds a nest, and besides depositing the egg and flower pollen they thoughtfully leave a cup of honey to nourish

the young. Those who have found these nests seem to like this tiny cup of honey, though it is hardly a taste for even a small boy.

The honey bee is best known of all. This family is best represented by the three striped Italian bee which may be bought from several mail-order stores, and entire colonies are shipped through our post offices every year. There is also the black Spanish honeybee which makes very good honey, but is a quarrelsome customer and is not too easily handled by the beekeeper.

One could write a book on bees alone, as indeed many books are in print today on this subject. They are credited with good work in gardens as pollinators, and their honey is relished now as it has been for thousands of years. Even though the honey bee is regarded as friendly, it is wise to avoid them.

In Texas more people die annually from bee stings than from snake bites even though the rattler is the most dreaded of all wild life. A farmer ran his team over some bee hives, and was stung to death a few years back, and even his mules died of the stings. Some people are allergic to this poison and should avoid even a chance encounter.

If you have a garden question, write to Bruce Frazier in care of the Herald.

### Deny Defectors Had Data On U2

SAN ANTONIO (AP) — Rep. Paul Kilday, D-Tex., denied Wednesday that the two security agents who defected to Russia last summer had possession of U2 flight information.

He said the two National Security Agency code experts, William Martin and Bernon Mitchell, had no data on the flights.

Kilday, chairman of a House Armed Forces subcommittee probing the pair's flight, said "we were damaged by the defection... but not catastrophically."

He said the men knew little of this country's top codes and had no information relative to the flight of Francis Gary Powers, sentenced to prison by a Russian court after his U2 crashed inside the Soviet Union.

### Cons Cut Heels

SAN FRANCISCO (AP) — Ten convicts in isolation at Alcatraz Island Prison slashed at their ankle tendons Wednesday. Warden Paul J. Madigan said he did not know why or how the convicts inflicted their wounds but surmised they merely were trying to gain attention. He said they made no demands.

### Women Robbed

LEOPOLDVILLE, the Congo (AP)—Four women working for the International Red Cross in Leopoldville were attacked and robbed by Negro youths in the heart of the city Tuesday night. They were Cecilia Schoenholzer of Geneva, 40, a secretary of the International Red Cross mission here, and three Greek volunteer workers, all in their 50s.

## John L. Lewis Is Honoree At UMW Meeting

CINCINNATI, Ohio (AP) — Today is John L. Lewis' day at the United Mine Workers convention.

Lewis, now 80, quit his 40-year rule as UMW president earlier this year. He has stayed away from UMW convention sessions to give the spotlight to his successor, Thomas Kennedy.

But Lewis was scheduled to deliver today what could be his swan song to the miners' union.

At the same time Kennedy indicated the UMW will remain neutral in the presidential campaign, despite the many Democratic and Republican endorsements the union has made in congressional and state contests.

Sen. John F. Kennedy, the Democratic presidential nominee, arrived here Wednesday night for a day of campaigning in the Cincinnati area. But UMW President Kennedy said he had no plans to visit the Democratic contender or to invite him to attend the UMW convention.

It was reported that supporters of Sen. Kennedy specifically asked the UMW to give their man a chance to speak to the miners' delegates, but that the request was turned down.

UMW officials asserted the union has had a long standing policy against having political candidates address UMW convention sessions.

Lewis rather than his successor is reported mainly responsible for failing to give an endorsement to Sen. Kennedy. The new UMW president voted in the Pennsylvania delegation to the Democratic convention to give the party's nomination to Sen. Kennedy.

While Lewis may not be eager to throw political support to Sen. Kennedy, convention delegates appeared to be overwhelmingly for the Democratic nominee as opposed to Republican Richard M. Nixon.

Invitations to address the UMW convention have been extended to two Democrats, Govs. Michael V. DiSalle of Ohio and David L. Lawrence of Pennsylvania, and to one Republican, Secretary of Labor James P. Mitchell.

UMW President Kennedy told reporters that the Labor Department in Washington has questioned the provisional status of the UMW's important District 50. Under a new labor law provision, union groups governed by trustees or appointed officers must be restored to membership control within 18 months, except under special circumstances.

### Too-Fast Jets Worry Army Men

SAN ANTONIO, Tex. (AP)—The inability of supersonic jets to strafe and bomb pinpoint targets is worrying Army leaders, the Army Aviation Director said Wednesday.

Brig. Gen. Clifton F. von Kamm said in the next 10 years the Army must spend hundreds of millions of dollars on airplanes built to perform jobs for which Air Force jets are inadequate.

Von Kamm, here for the fourth Army Aviation Conference, said the jets go too fast to be able to spot and destroy small targets.

He said the Army will have to replace practically all its 6,400 aircraft during the next 10 years because "our present fleet is getting pretty old and tired."

He said he doesn't foresee any clash with the Air Force over expansion of Army aviation.

### Sub Nears End

NEWBURYPORT, Mass. (AP)—A famous submarine came up the Merrimack River Wednesday for an unglorious end. Winner of 11 battle stars and 4 presidential citations in World War II, she was USS Haddock before she was sold as surplus to Jacob Checkoway, Salem junk dealer, for \$62,222. He must scrap her within a year or forfeit \$75 a day thereafter.

### Strike Settled

DALLAS (AP) — A strike of clerks against Braniff Airways was settled today, a spokesman for the National Mediation Board said today.

### City Officials Back On Job

City Manager A. K. Steinheimer, City Secretary C. R. McCleeny and Police Chief Jay Banks were back at their posts today after returning from Galveston and the annual meeting of the Texas Municipal League.

Steinheimer said that the meeting was a success. "I gained a lot from attending." He said that the speeches and discussions were all excellent, but just as important, "I learned that we all have the same problems."

The problems of large cities and small cities are the same, Steinheimer said. "There are fewer dedicated public servants these days," he said. "It is our job to make public service attractive to draw more of the capable persons into the work."

Steinheimer was selected a director of Region No. Two of the Texas City Managers Assn., along with James Hill, city manager of Kerritt. The region extends from El Paso to Sweetwater and from Big Spring to the Texas-Mexico border.

Sessions with special speakers and discussion groups were held for all phases of city government represented at the meeting. McCleeny attended the clerk-secretary phase, while Banks attended the session of Texas police chiefs.

### Texas U. Prexy Cites Student Out-Of-State Drift

ABILENE (AP) — Dr. Harry Ransom, president of the University of Texas, said Wednesday that a majority of Texas high school students who win national competitive scholarships still go outside the state for higher education.

He spoke before a group of Abilene area business men as part of a double-barreled "report to the stockholders" on the needs and shortcomings of state-supported institutions.

Sharing the platform with Dr. Ransom was Dr. M. T. Harrington, chancellor of the Texas A&M system.

Dr. Ransom said: "These able young Texans go elsewhere. I submit, not to get as far from home as possible. They are drawn away by the superior educational possibilities afforded by leading institutions outside the state and region."

### Ate Brother's Bugs

Tim Kendrick, 21 months old, sits with his mother, Mrs. John Kendrick, after he ate his brother's collection of dried bugs which were to have been submitted at a school project. The collector, Clifton, had spent more than a month assembling the collection. The Milwaukee Public Museum is sending the elder Kendrick youth a new collection which he hopes he will get before his little brother lays hands on it. The Kendrick family lives in Park Forest, Ill., near Chicago.

### OIL NEWS

## Cosden Stakes Penn Offset

Cosden Petroleum Corporation has staked a southeast offset to its recently completed Roosevelt-County, N. M. Pennsylvania discovery.

The 1-D Federal will drill five miles southeast of Milesand to a depth of 9,900 feet, three-fourths of a mile southeast of No. 1-C Federal, the pay opener.

The new project is located four miles west of the Bluff field, 660 feet from north and east lines of section 29-38-36e.

The discoverer was completed as a 1,128-barrel per day producer in the Baugh C zone between 9,653-92 feet.

Cosden No. 1 Cornelius, a deep exploration in Matagorda, is drilling ahead at 2,950 feet waiting to move off the target zone at the end of the week.

Cosden completed No. 1 T. A. McKamey this week as a prolific gas and distillate producer in San Patricio County.

The project finalized for a combined production of 15,000,000 cubic feet of gas per day and 111 barrels of 56-gravity distillate from the Commonwealth and Frio sand zones. Cosden has 1,000 acres under lease in the immediate area.

### Dawson

Texas Crude No. 1-30 Hunt is drilling below 6,012 feet in time. Location is 660 feet from south and east lines of labor 30-277. Glasscock CSL survey.

### Traffic Group Meets Friday

The Big Spring Traffic Commission will meet in a special session Friday at 7:30 a.m. at the Wag-on-Wheel Restaurant, in an effort to reach a decision on the one-way street proposal for the downtown area.

It is hoped that the meeting will result in a recommendation concerning the proposal to be presented to the city commission. A recommendation was to be formed Tuesday night following a public hearing on the change, but lack of a commission quorum forced a delay.

The commission will also take up consideration of a truck route for the city, and discuss designating a speed zone on Wasson Rd., according to Bruce Dunn, executive-secretary of the group.

Harrington said that the higher education system in Texas will require at least \$12 million more each year in the next biennium if Texas is to compete with other states to attract competent educators and scholars.

The meeting was one of 18 dinners being held throughout Texas, sponsored by the Committee of Governing Boards.

### Labor School Scheduled Here

A special school for union members in the West Texas area is scheduled for Big Spring during the weekend. Over 100 are expected to attend.

Leslie Barnett, educational director of the Texas AFL-CIO, will be one of the instructors. Max Carrier, state representative from Roby, also will be here.

The school is sponsored by the Texas AFL-CIO and instruction will include politics and taxation, parliamentary procedure, public relations, steward training and basic labor law.

The meeting will begin at 5 p.m. Friday continuing through Sunday with a banquet set for Saturday night. It will be held in the Sells Hotel.

### Fugitive Back In Jail Cell

Jose Nunez, 46, a fugitive since March, voluntarily surrendered to the sheriff's deputies on Wednesday afternoon.

Nunez, charged with possession of marijuana, has been released on \$2,500 bond soon after his arrest on March 11. He disappeared and his bondsmen asked to be released from the bond. A search for the man has been under way over West Texas since that time.

Tom Cox, chief deputy sheriff, said that Nunez said he "was tired of running."

Nunez was arrested after officers raided his apartment at 511 N. Lancaster on March 11. They allegedly seized several cigarettes and a quantity of loose material which the state laboratory identified as marijuana, officers said.

He was being held in the county jail today. No bond has been set in his case.

He was indicted by the grand jury soon after the charges were filed.

### Truck, Gas, Bike Taken By Thieves

Theft of an oil field truck, a quantity of gasoline from a car, and another bicycle were reported to police during the past 24 hours.

The truck was reported stolen from the Garland Sanders Trucking Co. lot, 600 E. 2nd. Sanders told police the truck had probably been missing from the lot for several days.

A Mrs. Carson, 1102 E. 6th, reported that gasoline was drained from the tank of her car.

Wayne Tate, 1213 Lloyd, reported the bicycle theft. He told officers the bike was taken from his parking place at the old football stadium.

### Courses Pass Halfway Mark

The political action courses being given at the Chamber of Commerce passed the halfway mark this week.

The two courses, which have 42 persons enrolled, are in the fifth week.

Discussion leaders Roy Roeder and Ralph Hughes expressed satisfaction with the results of the classes thus far.

The purpose of the course is to develop in a non-partisan manner, the know-how to be effectively active in the political party of the individual's choice.

### Wage Rates Set

Tracy C. Murrell, regional director in Dallas, has notified Texas Employment Commission here that wage finding effective Oct. 4 has set pay for the Glasscock-Regan County area. First pulling irrigated is \$1.50 per hundred. First pulling dryland, is \$1.55 per hundred. Rate less than \$1.55 per hundred is not applicable to Mexican contract workers.

### Scouters Meet

The regular monthly meeting of the Lone Star Scout district has been set for 7:30 p.m. today at Cosden Country Club. R. L. Tollett, district chairman, said that operating committees of the district would have planning and report sessions.

# New North Side Shopping Center Opens On Friday

Grand opening for a new modern shopping center on the North Side is slated Friday and Saturday.

The celebration heralds the opening of three new Big Spring stores and relocation of another in a modern shopping center on the North Side.

Mr. and Mrs. E. W. Alexander purchased the property in the 200 block of North Gregg with the view of opening a modern shopping center on the site. The dream was realized earlier this year with the beginning of construction. The grand opening of four well-stocked stores continues their foresight.

Friday and Saturday free balloons will be given to the children of shoppers in the new center which boasts plenty of parking space, both off street and along adjacent streets.

The four merchants have a planned special merchandise sale for the opening. A modern building, all air-conditioned, houses everything from a loaf of bread to pistols, shoes and costume jewelry. Practically every kind of consumer merchandise is offered in the four stores.

Turner's Grocery and Market is located on the corner of the shopping area at the north end. John W. Turner, who was born and reared in Stanton, is moving to Big Spring to establish the business. He was formerly associated with his brother, Alton Turner, in Stanton at the Friendly Foods.

"We plan to have good competitive prices," he said.

"We have just about everything in the grocery line," Turner said. "If we don't have it, we'll get it," he added.

Like other stores in the new center, he has been open about a month.

Service is another feature promised by Turner. The store will be open seven days per week, from 7 a.m. to 9 p.m.

Right next door is Jim's Pawn Shop, owned and operated by Ralph Fox. Fox said he specializes in all lines of merchandise and will sell, swap or buy anything.

"We have exclusive franchises on many fine gun lines," he pointed out. They include Thaca, Weatherby, Colt and Browning. The store also has a complete stock of Bausch and Lomb scopes

and binoculars. We are proud of our lines."

Other merchandise includes jewelry, cameras, diamonds, radios, luggage, television sets, sewing machines and typewriters.

The shop is the only official T&P Railroad watch inspection headquarters in Big Spring. Russell Rayburn is jeweler and watch and jewelry repairs are part of the firm's service. Gun repair is also handled.

Fox has another location at 120 E. 2nd, Fox's Jewelry and Pawn Shop.

The next shop is the Factory Outlet Shoe Store, operated by C. G. and Charles Fisher. Mrs. Fisher actually operates the store, as Fisher is an employe at Cosden.

The store is open from 8:30 a.m. to 6 p.m., six days per week. "We are trying to give the public a quality shoe at a bargain price," he said.

Among the brand names available are Life Stride, Palazio, Custom Craft and the hand crafted footwear from the House of Pierre. The Fishers have a complete line of ladies' and children's shoes.

The Nancy Hanks Dress Shop is on the south end of the center and specializes in women's and children's ready to wear. Managed by Marie Smith, the store is owned by the Alexanders.

The stock includes children's jeans, T-shirts, sweaters, blouses, women's dresses and robes, maternity dresses, and just about every kind of women's apparel, including evening gloves. Costume jewelry is also on display.

Mrs. Alexander said she had considerable more merchandise on order and it is to be ready for the grand opening Friday and Saturday.

The dress shop is open from 8:30 a.m. until 6 p.m. five days a week and stays open until 8 p.m. on Saturday. Mrs. Alexander also plans to open at 2 p.m. Sunday.

Merchandise prizes will be made Saturday as part of the opening celebration.

Mr. and Mrs. Alexander are not new to Big Spring business circles. They operated Alexander's Grocery, 300 NW 3rd, for 9 1/2 years. Mr. Alexander has not been active in the business for several years, however.

### WINGS OVER BIG SPRING

## Texas Air Tour Due To Stop Here Monday

By BOB MARION

Monday afternoon is going to be a busy one at the Howard County Airport.

The All Texas Air Tour will arrive in Big Spring around 5 p.m. Monday for an overnight stay. Between 75 and 100 planes are expected to land at the airport. The planes will be parked while the four members are entertained at the Cosden Club. They will spend the night at the Settles Hotel.

Flying with the air tour part of the way will be Mr. and Mrs. Frank Hughes, J. A. Wright, Howard Loyd and Mr. and Mrs. Frank Sabatto.

Three other persons, J. D. Carter, Bert Andrews and J. W. McClendon, may possibly do some flying with the tour.

The Howard County Airport is still averaging about 30 operations landings and take-offs from the field. Webb Aero Club planes have flown in on the field frequently during the past week and reports are that several of the club members have either soloed or will do so in the near future.

John Jones, a certified public accountant, is nearing the time when he will solo. Jones plans to use his new skill in his business.

Flying, which still is not as common as auto driving, is continuing to build up. The speed with which

a person can travel from place to place and the less congested sky are just two of the reasons. According to FAA figures, business flying has increased 600 per cent. To supply the demand for small planes, there are almost as many small plane manufacturers as there are automobile manufacturers.

Currently, there are seven firms producing small aircraft for private use. Just as there is a "big three" in the automotive industry, there is also a "big three" in the small plane field. They are

Beechcraft, Piper and Cessna manufacturers.

Some of the persons who have been flying this week include Roy Neil, who flew in from Lubbock; O. E. Landrum and his family, who flew to Sweetwater to see the Steers play; David Sims, who flew to Abilene; a Cabot Carbon Corp. plane which came in from Pampa; L. W. Renshaw, Midland, who stopped en route to San Antonio; Sam Joyce, Snyder, flew in; Ted Snider, who flew to Midland and Odessa; and Dr. M. W. Talbot, who flew to the CAB hearing in Dallas.

Others doing some flying include J. R. Henderson, Vernon Smith, Mrs. Frank Hughes, J. D. Carter, Clyde McMahon, Bert Andries and Mr. and Mrs. Frank Sabatto.

Planes came in here from as far away as California and New Mexico and one ambulance plane came in from Abilene.

Two new Big Spring residents, Mr. and Mrs. Jack Pecos, who moved here from Mague several months ago are active in flying. Mague, who served in the Army Air Force, holds a commercial pilot license and has a third interest in a Tri-Pacer. Like many fliers of today, his private work is totally unrelated to aviation. He is a pharmacist.

Harold Dale Farmer, Lubbock, was in collision with George K. Tsifas, Tucson, Ariz., at 3rd and Main.

Julius Lovell Ryals, 608 E. 12th, and Jimmy Rogers Frazier, Cedar Ridge, were in collision at 17th and State.

Harold Joseph Olano 3313 Drexel, and Wilton I. Bradberry, 205 Cedar Dr., collided on W. 4th west of Birchwood.

Dora Myers Higgins, 3511 W. U. S. 80, was in collision with David D. McElreath, Forsan, in the 1100 block of Gregg.

He was a salesman for W. L. Sommer, an oilfield supply concern. He was a Baptist and a member of the Knights of Pythias. Surviving are his wife, two daughters and a son.

Pallbearers were to be John Rutherford, Norman English, Forrest Goin, William Eaves, Robert Martin, Ralph Bird, Bernard Lamun and William Jones. Burial was to be in the Trinity Memorial Park.

There will be no regular meeting next Wednesday; instead the club will have ladies' night on Tuesday evening with the winning division in the light bulb being fed by the losers.

Robert Q. Carter, son of Mr. and Mrs. Roy Carter of Garden City, has been elected to the freshman student council at Texas Tech.

Robert received 80 per cent of the votes as representative from men's dormitory No. 5. A graduate of Sterling City High School, Robert was the valedictorian of his class. Recently his parents have consolidated their operations at Garden City where they have a store.

### Bible Fund Still Receiving Help

Two additional gifts to the high school Bible Class fund came in today, boosting the total to \$2,333.45.

The Wesley Methodist Young People sent a check for \$12.50 and the Bykota Sunday School Class of the First Baptist Church sent one for \$17. Although the fund appeal is officially terminated, several gifts have continued to come in.

Lions Conduct Poll Of Members The Downtown Lions Club put on its thinking cap Wednesday on a grass roots poll on club vitality. One of the objectives was to get the feel of the club pulse as the traditional membership enrollment effort comes up in October. Another was to obtain reaction to projects and attendance. The club was divided into groups (by tables) and each group made observations and recommendations concerning specific questions. There will be no regular meeting next Wednesday; instead the club will have ladies' night on Tuesday evening with the winning division in the light bulb being fed by the losers.

Recently his parents have consolidated their operations at Garden City where they have a store.

Mosaics Class Meets Friday The first meeting of a special mosaics class is slated at the YMCA Friday. The class will be instructed by Mrs. Douglas Orme. Meeting time is 7:30 p.m. and will continue until 9:30 p.m. There will be four consecutive meetings of the class. Charge to Y members is two dollars, which pays the cost of materials. Non-members will be charged \$7. The intermediate bridge class, normally meeting on Fridays, will not meet this week. The class voted to skip meetings when there is a home football game. The next meeting is slated for 8 p.m., Oct. 14.

Parents Employed By Offspring Get SS Benefits "About 25,000 parents working for their sons or daughters in a trade or business will be covered for the first time under social security," said H. P. Thomas, district manager of the Odessa social security office. The 1960 amendments to the social security law make no change in the provision which says that work performed by a parent in the home of a son or daughter is not covered by social security, and, therefore, cannot count toward the payment of social security benefits. However, work that a parent does for a son or daughter in a trade or business can now be covered, if a bona fide employer-employee relationship exists. Such a relationship exists if the person for whom the "employee" works has the right to direct and control him in the way he works, both as to the final results and as to details of when, where, and how the work is to be done. The employer need not actually exercise control; it is sufficient that he has a right to do so. Many parents whose employment will be covered under this new provision have already earned social security credits for other work they have done in the past and the change in the law will make it possible for them to earn additional credits toward retirement, survivors, and disability benefits. Parents working for their own children in a trade or business who do not already have social security cards will need to apply for social security account numbers. The first report of their wages and payment of taxes due should be paid on or before April 30, 1961, and their social security number must be entered on that report.

**'Just One Drink' Maybe Too Much**

INDIANAPOLIS (AP) — A report of a driving test showed Tuesday that impairment of driving ability begins to appear after only one-third the drinking set as the intoxication level.

Dr. Robert Forney, director of the State Toxicology Laboratory at the Indiana University Medical Center, said "definite evidence of impairment" appeared from as little as 0.5 per cent alcohol in the blood of some drivers.

Law in many states specifies that 15 per cent alcohol content is prima facie evidence of intoxication.

**Nat Spurns Money For Broadway Role**

By BOB THOMAS  
 AP Movie - TV Writer

HOLLYWOOD (AP)—The other night, Nat King Cole and his wife were, in slight disagreement over the directions to Cole's.

"I ought to know," he insisted. "Back in 1938, I used to take the Sunset bus near there to rehearse a radio singer at \$5 a session."

Cole has come a long way since those days, so long that he is currently able to pass up \$200,000 in bookings to fulfill a long ambition of appearing on Broadway.

"A lot of people think I'm crazy," he admits. "Especially the people in my own organization, because they can see that money going out the window. But this is something that means more to me than money."

"I reached a point in my career when I needed some added incentive. Sure, I was making lots of money in night clubs and concerts. But sometimes I'd find myself doing the work while my mind was somewhere else."

"I've been thinking for five years about accepting the challenge of a Broadway show. Finally, I decided to do it."

The whole idea started when Cole recorded an album called "Wild Is Love," written by newcomers Dotty Wayne and Ray Rasch. It was a story idea that seemed convertible into a stage musical. Later, it was decided to create a whole new musical based on the varying themes of love. The result was called "I'm With You."

Paul Gregory came in as producer, and the company of 35 is now in rehearsal under Bill Collier's direction. The show will open in San Francisco and tour the Midwest in one-week stands before the Broadway opening after the first of the year.

"I'm With You" is not a standard musical. It's an impressionistic affair in which Cole will adopt many guises during the exposition of variations of love. Besides handling the singing chores, he will act as a kind of "Our Town" narrator from the side of the stage.

*Hemphill-Wells*

**Defecting Pilot Shoots Himself**

AMMAN, Jordan (AP) — A defecting pilot from the United Arab Republic committed suicide soon after seeking political asylum here, a military spokesman said.

A. Adnan Madani landed his C-47 Sept. 28 and asked King Hussein to let him stay, the spokesman said. While resting alone in officers' quarters he said Madani seized a pistol and shot himself through the head.

**Foreign Legion Members Released**

RABAT, Morocco (AP)—Eleven members of the French Foreign Legion who were captured by or surrendered to the Algerian rebel army have been released by the Algerian rebel government.

Eight German nationals, two Hungarian refugees and a Dutchman were handed over to the Moroccan Red Crescent by the Algerian government delegate here as described the eleven as deserters from the French army.

**The Girl And The Pillows**

Remember Fibber McGee's closet? Well, something of the sort happened to Booster Girl Kathleen Saldan. The Band Boosters recently obtained a trailer for storage and transportation of pillows to be sold at football games, but someone stuffed the container a bit too full. Kathleen walked up to the trailer to make a pillow count, opened the door and — pow! After the explosion, she consoled herself with a mere estimate. Proceeds from the pillow sales, incidentally, are used to help pay for such things as band trips and uniforms.

# Webb OIS Office Has New Command

Capt. Allen R. Robertson this week ended a four-year tour as information officer at Webb AFB, and Capt. Charles A. Smith, recently reassigned to Webb from Clark AFB, Philippine Islands, has been named Robertson's successor.

Capt. Robertson reported here in July of 1956, from the European theatre to which he had been assigned in September of 1952. His four years in Europe were divided almost equally between France and Germany. His primary duty assignment there was group adjutant of the 48th Fighter Bomber Wing with headquarters in Chamfont, France.

Prior to his overseas service Capt. Robertson was in charge of the public information office at Randolph AFB, San Antonio. While on duty at Randolph he was detailed on temporary duty to Ft. Slocum, N. Y., where he attended the Armed Forces Information School. After completing that course he returned to Randolph and resumed his duties.

**WESLACO NATIVE**  
Capt. Robertson is a graduate of Weslaco High School and of the University of Texas where he received a bachelor of journalism degree and was a staff member of the Daily Texan. He is a member of Sigma Delta Chi, national journalism fraternity, and of the Central Information Committee of the U. S. Journalism Exes' Association.

As a reserve officer, he has, between active duty tours, served as office manager of the Bureau of Entomology and Plant Quarantine, State Department of Agriculture, with offices in Weslaco. He is the son of Mrs. Addie Robertson, Houston. Capt. Robertson expects to leave Webb shortly for Wright Patterson AFB, Ohio, where he will be assigned to duty with Headquarters Recruiting Service.

**CIVIC WORKER**  
In Big Spring Capt. Robertson has been active in civic affairs of base and town, currently serving as a director of the Kiwanis Club, the Big Spring Jaycees, the Howard County Chapter of the University of Texas' Ex-Students' Association, and the Webb AFB Federal Credit Union. He is also a member of the Big Spring State Hospital Volunteer Council and the Big Spring Civic Theatre, Inc., being a past president of the latter organization. He also has served as reader of the Christian Science Church of Big Spring.

Capt. Smith, Webb's new information officer, is far from a

**FOUR YEARS OF FILES**  
Allen Robertson and Capt. C. A. Smith

stranger to West Texas news media. Prior to his tour in the Philippines, the captain spent two years as information officer at Goodfellow AFB, near San Angelo. Although a native of Kansas, Capt. Smith has spent most of his service years in Texas bases. He calls Pasadena, near Houston, his home.

**VETERAN OFFICER**  
Capt. Smith, who has completed 20 years of active Air Force service, earned his commission upon completion of the pilot training course which he took as an aviation cadet at Barksdale AFB, La., in 1948. Prior to his entry into the pilot training program, Capt. Smith had served a tour in England and North Africa as crew chief.

He holds the permanent grade of captain in the regular Air Force. He served one year in Korea as a rescue helicopter pilot, returning to the United States in March of 1952 with 127 combat missions and 141 combat hours to his credit.

**SILVER STAR**  
He was awarded the Air Force's

third highest combat decoration—the Silver Star—for having distinguished himself in action against the enemy during the Korean War. In addition to the Silver Star, Capt. Smith is entitled to wear the Air Medal with an Oak Leaf Cluster; Good Conduct medal; American Defense Service medal; American Campaign medal; European Theatre Campaign medal; World War II Victory medal; National Defense Service medal; Korean Service medal; Air Force Longevity Service Award, with four oak leaf clusters; Air Force Reserve medal; United Nations Service medal; U. S. Distinguished Unit Citation, and the Republic of Korea's Distinguished Unit Citation.

Capt. Smith is a graduate of the University of the Philippines. He is married to the former Miss Beta Irene Jackson of El Paso. The Smiths have four daughters, Suse Ann, 15; Louise, 14; Sally, 10; and Renee, three. Mrs. Smith's father, Walter E. Jackson, El Paso, is a Texas and Pacific railway conductor whose run includes Big Spring.

## Pipeline Firm Makes Awards

Two plaques, marking the Joseph A. Holmes Award for Safety for a period of 30 years, were awarded Monday night at a Safety Dinner for Shell Pipeline Corp., employed in the Big Spring-Colorado area.

One of the coveted plaques was presented in behalf of H. E. Peacock, retired Shell field gauger of Fortson, now living in Cleburne. He had 30 years of accident free employment in Shell service. Peacock retired in March of this year. He was not present at the dinner.

The second 30-year award was made to L. B. Kersey, post, pipeline superintendent at L. Geer, Colorado City, superintendent for Shell, made the presentations.

A 15-year award was made to E. L. Martin, pipeline foreman in Big Spring. New officers were elected at the dinner meeting in Cokers Restaurant. R. J. Kanoke, Big Spring, was named chairman and W. A. Wadsworth, also of Big Spring, was named secretary-treasurer.

## Hart's Father Dies

MIAMI BEACH, Fla. (AP)—Barnett Hart, 96, father of playwright Moss Hart, died Wednesday.

## British Labor Party Chief Defies Defense Policy Ban

SCARBOROUGH, England (AP)—British Labor party leader Hugh Gaitskell today defied repudiation of his defense policy by the party conference, confident of still holding the support of the party's members of Parliament.

Left-wing trade union delegates led the revolt Wednesday to override Gaitskell and put the party on record in favor of Britain's complete nuclear disarmament and neutrality in the cold war.

Gaitskell, 54, refused to resign despite the conference vote against his pro-NATO policy. While the convention lays down party policy, the selection of the party leader rests with the Labor delegation in Parliament, and Gaitskell and his supporters succeeded Tuesday in beating down a move to make party conference decisions, binding on the Laborite deputies.

By clinging to the party reins, Gaitskell headed into another

storm today on home-front policy and the prospects of another defeat.

The delegates appear certain to reject his efforts to modify the party's hard-line, old-Socialist doctrines and to demand instead more socialism—the "nationalization of the means of transportation, distribution and exchange."

SEATTLE, Wash. (AP)—Crown Prince Akihito of Japan bought three books on fish-raising but looked in vain at two stores for "vill. flower seeds Wednesday. The prince slipped away from his hotel for the unscheduled morning shopping trip just before he and Princess Michiko began a round of activities here on the final day of their American tour.

## Fish, No Flowers

SEATTLE, Wash. (AP)—Crown Prince Akihito of Japan bought three books on fish-raising but looked in vain at two stores for "vill. flower seeds Wednesday. The prince slipped away from his hotel for the unscheduled morning shopping trip just before he and Princess Michiko began a round of activities here on the final day of their American tour.

## Davis-Britt Wedding Delayed

HOLLYWOOD (AP)—Blaming "legal complications," Sammy Davis Jr. and actress May Britt have postponed their wedding. The Negro entertainer and the blonde Swedish girl had set their wedding for Oct. 16. The new date is Nov. 13.

Miss Britt was divorced Sept. 30, 1959, from law student Edwin Gregson of Los Angeles. She did not disclose what complications had forced postponement of the forthcoming ceremony.

Miss Britt is 25; Davis is 34.

# THE GREATEST SHOW ON WORTH!

**DRIVESIDE**—Roll out the heavy loads—adding to it in this one!

# LOOK CHEVY 95's CORVAIR 95!!

WING-DING OF A TRUCK IDEA! A TOTALLY NEW KIND OF TRUCK THAT'LL PRACTICALLY PAY FOR ITSELF IN SAVINGS!

**CORVAN**—Side doors open a full 48" wide. Loading height is a low 34" high.

Meet the latest thing in moving loads! Three rear-engine Corvair 95's (two pickups and a panel) now join Chevy's '61 fleet—each one designed to give you more cubic feet of load space than a conventional half-tonner... up to 1,900 pounds of payload on a nimble 95-inch wheelbase!

Nothing that carries a load for a living comes close to offering this kind of efficiency! Here's a truck that's nearly 2 feet shorter than a conventional half-tonner—yet holds more payload! (Corvan, for example, has 191 cu. ft. of cargo space!) It's a truck with load space so accessible it practically loads and unloads itself... offers exceptional driver comfort, handling ease and visibility. (No hood between the driver and the road!) It's a truck with

longer life built into its one-piece body-frame design... with better stability because of its independent 4-wheel suspension and near constant weight distribution, loaded or unloaded. You get whopping high capacity, light-touch maneuverability, plus the inherent economy of a gas-saving air-cooled rear engine that never needs water or antifreeze or radiator repairs. Your dealer will tell you more.

## Ex-Castro Man Says Latins Trained For Guerrilla War

WASHINGTON (AP)—A former chief of Cuban Prime Minister Fidel Castro's parachute troops says Latin Americans have been trained in Cuba in guerrilla warfare.

The testimony was given to the Senate Internal Security subcommittee by Capt. Alfonso Manuel Rojo Roche, also known as Manuel Rojo del Rio. He appeared at a closed-door hearing last January soon after, resigning from the Cuban armed forces.

In his testimony, made public today, Roche said guerrilla training courses for the Cuban forces are attended by men from several Central and South American nations.

Specifically, he listed the Dominican Republic, Nicaragua, Paraguay, Guatemala, Salvador, and Costa Rica.

"I don't know for certain, but I am sure that there are representatives of all the countries that have dictators where Fidel would like to move in," Roche testified.

He was asked if these men, after finishing the training courses, returned to their own countries.

"Most of them, yes," he replied. Roche named Gen. Alberto Bayo as author of a manual on guerrilla tactics used by the Cuban armed forces and as director general and instructor in the school of revolutionary training.

He said that Raul Castro, Fidel's brother and commander in chief of the Cuban revolutionary forces, is the nominal boss of the training school but testified that Ernesto Guevara, president of the National Bank of Cuba, actually controls it.

Raul Castro, Guevara and Bayo were among about a score of Fidel Castro's fellow rebels whom Roche named as Communists.

Roche is a 44-year-old Argentinian who joined up with the Castro forces after flying arms to them from Costa Rica in March 1958. He told of overhearing a conversation in which he quoted Raul Castro as saying: "Now we are going against Santo Domingo. Next against all the dictators in Latin America. And ultimately against the United States."

"Did Raul say, 'We must convince the Latin-American coun-

tries that the United States is the chief enemy?'" Roche was asked. "Yes," the witness replied. He added that Guevara, who was present, agreed.

## Nuclear Liner Is Being Built

CAMDEN, N.J. (AP)—A \$42.5-million experiment in ocean-going nuclear propulsion is slowly nearing completion in a shipyard here.

Workers at the New York Shipbuilding Corp. are getting out the N. S. Savannah. It will be the first nonmilitary ship to have an atomic engine. The keel was put down May 22, 1958, and the hull was launched July 21, 1959.

After it is commissioned, early next year, the Savannah will make a world cruise. The cruise will demonstrate how the atom can be used peacefully. It also will provide valuable knowledge needed for construction of future nuclear-powered ships.

## Sydney Makes It Tough On Sharks

SYDNEY, Australia (AP)—Sydney has virtually ended the menace of the man-eating shark on this city's great surfing beaches.

The chances are not one person will be attacked by a shark. Yet this is real shark water where sportsmen can count on catching a couple of monsters, 12 or even 15 feet long, in a day's fishing a mile or so off the beaches.

Great nylon mesh nets, 500 feet long and 20 feet deep, are set off the surfing beaches. They do not enclose a shark-proof area but are anchored outside the breakers in the probable path of sharks.

Sharks become entangled in the mesh and often drown. Those that are still alive are killed, and the carcasses towed out to sea and dumped.

## Professor Dies

PARIS (AP)—Alfred Lewis Kroeber, 84, professor emeritus of anthropology at the University of California, died Wednesday, apparently of a heart attack. Kroeber and his wife were on route home from Vienna.

## A Devotional For Today

Grace be to you and peace from God our Father, and from the Lord Jesus Christ. (II Corinthians 1:2.)  
PRAYER: O God of Love, we thank Thee for Christ's peace. Help us to share Thy peace with those we meet, that it may be the leaven of life to them. In Christ's name. Amen.

(From The 'Upper Room')

## It's Yours—Use It

Some 15 years ago leaders here were pressing for realization of a long-time dream—the creation of a countywide junior college district.

In all areas the college has measured up to, and generally exceeded, the things predicted for it. Scores upon scores of young people have graduated from it, most of whom (together with an even larger number) have gone on to earn degrees in senior colleges. Many have declared they might not have made it had it not been for the foundation they received, and often time for the money saved by having college facilities close to home.

But this is beside the point we started out to make. One of the chief selling points was that this would be a community college. It would be a place where adults

could go for college credit work, or could go for improving vocational skills, or could go for acquiring extra knowledge and skill for personal satisfaction.

Right now Howard County Junior College is signing up classes in the adult education program. Some of those proposed are drivers' education, accelerated reading, painting (beginning and advanced), ceramics, organic chemistry, vocational nursing, and others. Any type of legitimate course can be offered provided there is sufficient demand.

Most of these avocational courses carry no college credit, they require no examinations. Yet they have the potential of a lot of personal dividends. The college is yours; make use of it.

## Be Proud To Help

This is the season when communities all over the country are seeking to harvest the expressions of faith and human concern of free and responsible people through the medium of community funds.

In our own county, it is the United Fund, a shelter for 12 agencies, dedicated to health, charitable enterprise, and character building. The biggest obstacle in any such undertaking is in manpower. Of course it is important that the public understand that these agencies are totally or largely dependent upon the financial assistance that comes from the United Fund. It is important that they understand the peculiar contributions that these agencies make to helping those less fortunate than most of us; to aiding those in distress; to pro-

viding steps designed to lift up the health level of the community and nation and at the same time to research new avenues of attack; to creatively utilize the time of youngsters and to direct their energies in constructive, wholesome pursuits.

But it takes manpower to carry this message, along with all the support that communication media can supply. For it is in carrying the message and then asking for response that the program of these agencies is underwritten. The success of the United Fund will be almost in proportion to the number of dedication of volunteer workers. Thus, if you are asked to take part in any capacity, won't you spare that little amount of time and effort as a terribly important civic responsibility? You'll be proud that you did.

## Marquis Childs

### Setting Up The Political Bogeymen

WASHINGTON — In every national campaign bogeymen are trotted out well in advance of Halloween to try to scare the voters out of whatever wits they may have left after the barrage of oratory. As everything in this campaign is low in key — sometimes so low as to be almost inaudible — so the bogeyman are hardly up to past standards.

Vice President Nixon has again and again said that the Democratic party is no longer the party of Thomas Jefferson. It has been captured, the Vice President tells his audiences, by Schlesinger, Galbraith and Bowles.

EXCEPT FOR Chester Bowles, head of price administration at the end of the war, former Ambassador to India and Congressman for Connecticut, it is doubtful that most of his listeners know who the other two are. That is a measure of how hard pressed the Republican campaigners are for really authentic flesh-creeper.

Arthur Schlesinger Jr. is a professor of history at Harvard who must surely be one of the most prolific authors since Anthony Trollope in the last century brought out his political novels in an unending stream. Besides the latest addition to his history of the Roosevelt era, "The Politics of Upheaval," Schlesinger has just brought out what the critics are saying is a cogent piece of political pamphlet, "Kennedy or Nixon: Does It Make Any Difference?" It is a tract in refutation of the thesis that the two Presidential candidates are much alike, two cool cats, and so the voter would be well-advised to pick the man with the greater experience, Nixon.

GALBRAITH is a professor of economics at Harvard who happens to write in his field not in the conventional jargon of the economist but in the language that the average layman can understand. That is one reason his book, "The Affluent Society," stayed on the best-seller list so long. Galbraith sought in that book to puncture some time-worn myths about the American consumer and the needs, public and private, of a society that produces such wealth of gadgetry.

As for Bowles, he made a fortune in partnership with William Benton in the advertising business and then, 30 years ago, at an early age retired, as did Benton, to devote himself to public office and public causes. He has been one of the chief propagandists for a large-scale program of foreign aid and technical assistance to the underdeveloped countries. As Ambassador to India he helped to dramatize the needs of that country in pushing forward with plans for industrialization.

WHAT GIVES those with even a little in-

## Elvis Homeowner

MEMPHIS (AP)—Elvis Presley is now sole owner of his \$100,000 Memphis mansion, Graceland.

When the rock 'n' roll singer bought the place several years ago he included his father and his late mother in the deed. Now, records show the property has been "quit claimed" to Elvis with his father, Vernon Presley, giving up his interest for \$10 and "other good and valuable considerations."

Vernon Presley, 46, recently remarried. The quit claim removes him from any possible legal connection with the mansion.

## Don't Come Back

MILWAUKEE (AP)—Two officers sent to dislodge a defiant occupant from a suburban Wauwatosa building were ordered not to return to police headquarters.

Patrolmen Dale Habeman and Clayton Conley were thoroughly drenched by the skunk they were sent to remove.

## Wrong Customer

NOGALES, Ariz. (AP)—A cactus salesman got off to a bad start in Nogales. He knocked on a door. The home owner listened to his sales pitch and then asked for the salesman's license. He couldn't produce one.

His customer was Mayor Abe Rochlin.

RED SYMBOL, UPDATED

## James Marlow

### The Playing Of Opposites

WASHINGTON (AP) — This would be a dull world if look-alikes faced each other. They haven't for some time, at home or abroad.

Instead, it's a matter of opposites. Take President Eisenhower and Premier Khrushchev, for instance, or the presidential candidates: Vice President Richard M. Nixon and Sen. John F. Kennedy. Tubby Khrushchev is an actor, a highly charged, outgoing experimenter, unpredictable, ready to pop off in an assembly hall, on a sidewalk or on a balcony.

AND HE'S NO respecter of rules, as he demonstrated at the United Nations.

Eisenhower can throw up his arms to greet a crowd like a Tammany politician, grin in public as easily as Bob Hope, and pump a hand as hard as Khrushchev.

But he never seems at ease in a mob. He makes speeches from prepared texts, as is predictable as a clock, preserves his dignity, and follows the diplomatic rules. And he's a conservative, not an experimenter. Witness his careful job of balancing the budget. Closer at home the presidential candidates are opposites, too. Here Nixon is the actor, Kennedy the reserved one.

Like Jack Benny, Nixon always has his ear cocked for a sound from the audience, and can ac-

knowledge it with a smile just as fast. Trained in debating, he never forgets how he looks—and sounds—in public.

He wraps himself in the flag a lot (as does Kennedy) and once he finds something he thinks the crowd likes he plays it over and over.

FOR EXAMPLE: He hadn't been mentioning his running mate, Henry Cabot Lodge, then, did, got a big audience response, and then repeated it every place he went, with trimmings.

Kennedy also knows some things which have crowd appeal—like repeatedly mentioning his war record. But he's not an actor. He doesn't even know how to use his hands well.

For example, He gestures endlessly with his right hand, up and down, to emphasize a point like a man chopping meat.

His speaking voice, after one listens for a while when he's making a speech, gets irritating. Yet, although he was bent on the presidency a long time, he only recently began to take advice on using his voice.

He's not only not a baby-kisser, he's not a very willing lady-kisser, as a recent photo showed when a woman admirer burst through a crowd to embrace him and he jerked back like a man about to be stabbed.

There always seem to be opposites. Just go back a bit—to President Truman when he ran against Thomas E. Dewey.

The overheated Truman, quick with a crack, was full of fire and damnation for Republicans. Dewey, stiff as a starched shirt, never learned to unbend, even when playing to a crowd.

## Be Prepared

PHOENIX, Ariz. (AP)—Frank Moore and Theophilus Matthews pleaded guilty to petty theft and approached the Superior Court bench, each clasping a paper sack.

Judge Warren L. McCarthy sentenced them to six months in jail and asked, "What do you have in the bags?"

## Bag Of Bags

NEWPORT NEWS, Va. (AP)—R. H. Kemp left a money bag in his unlocked car. A thief opened the door and took the bag—which was full of empty money bags.

## To Your Good Health

### Exercise And Fresh Air Are Both Necessary

By JOSEPH G. MOLNER, M.D. Exercise, fresh air, proper diet and adequate rest—these are the basic ingredients of health.

However, as a man dedicated to public health, I naturally would be the last to minimize the importance of such things as vaccinations, pure water, safe food supplies and other measures which have conquered smallpox, typhoid, rickets, scurvy, etc.

But I'm speaking today of what individuals can do for themselves and for their children. Should we add one more, a good mental attitude, which means accepting the fact that life is good and that worry doesn't solve anything for you? Thinking, yes. Fretting and fear, no.

Anyway, a letter which I have saved since my earlier columns on the need for physical activity and fresh air, comments:

"Dear Doctor: The heading of your column read 'Too Much Sitting Is a Health Hazard.' At 40 years of age, my health is 100 per cent better than it has been at any time since birth. I have been exercising for the last four years!

"My 11-year-old daughter has always played outdoors daily, even when it was raining. She is the healthiest child within miles, and rarely has a cold.

"My neighbor, a nurse, is forever popping pills into her children's mouths, and warning that they'll break bones if they are active outdoors. And already they all have chronic illnesses.

"I hope you can educate the public on the merits of diet, exercise and positive thinking.

"You wrote critically of 'this physical inertia... this sitting.' Most people sit and wish for energy, when they should get up and create their own—Mrs. Q. W."

"That says it. I wouldn't let a child get chilled, but keeping one where there's fresh air, and well-dressed for whatever temperature, is right.

You can't smother children in cotton wool. You can't make them healthy by stuffing pills in them. I can see no reason to change the principle I've followed for years: Never give medicine unless you know what you are giving it for, what needs correcting.

There is no pill, no food, no wishful thinking that will take the place of exercise for anyone, young or old. I don't mean that a soft, sedentary individual of 35 or 45 or 55 can go out and indulge in violent exercise. Exercise should suit both age and condition.

But you can't sit for weeks or months without having the physical tone of your body start to get rusty. The human body is intended to move.

"Dear Dr. Molner: I am 52 and was told I have chronic and in-acted tonsils. They are not giving me any trouble. Would you advise having them taken out?—A.K."

I see no reason for removing tonsils that do not bother one.

NOTICE TO MRS. W. H.: "Jitter legs," which usually occurs at night without cramping or pain, is just the same as most annoying type of twitching. The cause is not known but sometimes reducing coffee drinking has helped, and such drugs as quinine, quindine and benadryl are all worth a try. In your case, relief from a hot tub suggests that muscle spasm may be a factor.

"Don't Quit Because of Arthritis" is the title of my leaflet designed to help all who suffer the aches and pains of arthritis. For a copy write to Dr. Molner in care of The Big Spring Herald, enclosing a long, self-addressed, stamped envelope and 5 cents in coin to cover cost of handling. Copyright, 1960, Field Enterprises, Inc.

## Around The Rim

### Reserve A Couple For The Workers

After several years of following colleague Tommy Hart around at football games, I feel I am qualified to make a few remarks about press boxes. In that time, we have reclined in luxurious comfort in some cities and perched on rickety bannisters in others.

Actually, press boxes are undergoing an evolution. There was a time, for instance, when no one but members of the working press were allowed in them. It was felt that the fellows who came to work and report on the game, should have some place out of the range of cheers and more exuberant fans.

Those days, of course, are gone. For some reason, the press box has become a party room, necking room or place for entertainment of VIP's. The working press is hard put to find a place to park his spare pencil.

WITH THIS IN MIND, I offer a few pointers picked up so far this season to help the evolution along. First, send an usher out through the stands to collect all the wildly cheering fans possible. With modern facilities, often the sounds don't get inside.

By bringing the cheering squad inside the press box, the press people will rarely

be able to check their figures to insure they are right.

Next, invite a local garden club to hold their meeting during the game. It is preferable to invite a club whose members know nothing about the game. Then, they can ask hundreds of questions about every play until the working press is critical. At that time they can forget the game and drop out the proceedings with the week's business.

NEXT, CONTACT all the major cities and be sure they send a radio crew down to cover the game. Regardless of local coverage, let's get the game on every possible station. The commercials right at a crucial point of the game is an excellent way to prevent the press from keeping up with the proceedings. About a dozen is ample.

And don't forget the visiting dignitaries who bring a jug. These boys are only there so they can tell friends the next day they saw the game. But be sure they get the best seats.

And last, when all of this has been accomplished, I hope someone can find two spare seats somewhere in the stadium for members of the working press. It doesn't have to be good, but preserve us from many more "modern" press boxes.

—V. GLENN COOTES

## David Lawrence

### Khrushchev Eyes The U.S. Election

WASHINGTON—Is the danger of a world war being increased by what is happening at the current meeting of the United Nations in New York City?

The speeches at the General Assembly use high-sounding phrases about "peace and disarmament," and there are frequent references to the need for a "reduction of tensions." But the stark fact stands out that one man—ruthless, capricious, arbitrary and volatile in temperament—can at a moment's notice order a huge military operation to start a small war or a big war on any continent.

NIKITA KHRUSHCHEV is giving the world a demonstration of the power of his dictatorship over tens of millions of people not only in the Soviet Union but in the captive countries which his armies control. He is also giving an exhibition of how he exerts a coercive power over a group of so-called "neutralist" nations which do his bidding.

Khrushchev is still being considered by too many people on this side of the Iron Curtain as merely a bizarre individual who is endeavoring to restrain a war-like Red China and who is himself supposedly anxious to maintain peace. But Adolf Hitler, who was also something of a showman, was able to convince many people inside and outside the Allied governments in the 1930's that he, too, wanted only peace. Suddenly he unleashed his military forces even while the Western Powers were negotiating with him.

THE WHOLE WORLD has been watching Khrushchev since he broke up the "summit" conference at Paris last May. What was hoped would be a passing storm turned out to be the beginning of a diplomatic hurricane, with frequent changes in direction but no loss of intensity. Instead of negotiating seriously with the West, the Moscow dictator has threatened a d bledged. He has rendered futile all conferences or commissions which previously had been started with the idea of setting up some "modus vivendi" or tem-

porary arrangement to prevent another world war.

THE SOVIET PREMIER has unwittingly managed to unite the Western leaders, but he is nevertheless playing a bold hand. He is convinced that the United States has already repudiated President Eisenhower and is ready to administer a resounding defeat to the present administration at the presidential election next month. Coming to the United States in the midst of the political campaign, the Soviet dictator is undoubtedly taking seriously the many speeches made by prominent Americans declaring that the defenses of the United States are weak and that the Washington leadership has been so poor that American prestige has diminished throughout the world.

IF WHAT THE CRITICS are saying about their own country is true, Nikita Khrushchev would naturally feel that he has the upper hand and that, if he provokes a crisis, the government here will feel powerless to take stern measures there.

In the month between now and the presidential election, it is unlikely that the Soviet leader would take precipitate action, but it could be safely assumed that he would exercise the same restraint on the trouble-making side in the period between election day, November 3, and inauguration day, January 20. If there is to be a change of administration here, and many high officials prepare to resign, would this be the time that Nikita Khrushchev might select to create a crisis of major proportions?

NO GOVERNMENT with a parliamentary system would hold an election under similar circumstances but would tend to postpone it until times were calmer. To people abroad, the coming election in the United States hangs on an issue well known throughout the world—a vote of confidence or a vote of no confidence in the existing government. Nikita Khrushchev is deeply interested in the American election contest. It could give him a cue for his big moves in 1961.

### Cheer Up—Somebody's Bound To Lose

WASHINGTON—Paradoxically, while the country has little to gain by the victory of next month of either John Kennedy or Richard Nixon, the nation is bound to benefit by the defeat of whichever one finishes second. The party of the loser is likely to bury him deep and try for something better.

AFTER ALL, the Republican party got its start by rebounding from Fremont to Lincoln. The Democrats had to bite the dust three times with Bryan before turning to Wilson. In contemporary times, the British conservative party ruthlessly dumped Eden and found a really splendid leader in Macmillan.

Should Kennedy be defeated, many of his methods and ideas must be expected to tumble with him. It will conceivably be a long time before the Democrats permit an ambitious young adventurer to run almost unchallenged through the State primaries. We know now that virtually anybody except Hubert Humphrey could have stopped Kennedy in West Virginia.

ALSO, IF KENNEDY loses, it's very unlikely that the Democrats will ever again rule out the Southern States as the legitimate seed-bed of presidential timber. Southern Republicanism, flowing from a Kennedy defeat, would eliminate one of the reasons why Democrats take the Old Confederacy for granted. Manifestly superior men—like Byrd, Russell, Thurmond, Smathers, Talmadge, Byrnes, Shivers—have been passed over by the Northern wing of the party. Why nominate a Southerner to head the ticket, since the South was already in the bag? Well, the worse Kennedy is beaten before the Pottomac, the more chance a top-flight Southern statesman will have for the Democratic nomination in 1964.

ANOTHER THING to go down the spout with Jack Kennedy is the brazen idea that the highest office in the land can be had by creating publicity or renown for its seeker. The idea belongs to Ambassador Joseph P. Kennedy, the candidate's father, and if Kennedy does win, there's no use arguing with success. But if he loses, the chiefs who succeed to party leadership—Johnson, Jackson, Monroney, McCarthy, Mansfield, Talmadge and Byrd—will be very leery of anybody who seeks to rise on anything else.

SHOULD NIXON be defeated, it would offer great hope that Republican Me Too-

ism has gone under for the third time. I venture to say that Nixon, in his first debate with Kennedy, introduced Me Tooism to millions of Americans who never really understood it before. But Nixon insisted more than once on September 26th that he and the Democrats were driving for the same "goals." Nobody who heard him could doubt that he planned to take us to a Welfare State by a slightly different route than Kennedy proposed.

Unless Nixon completely reverses this position, it is likely to be swept off the political map with him if he loses — for there is a strong demand among Republicans that their leaders reassert a positive, unapologetic, unhyphenated position for capitalism. Senator Barry Goldwater is making a great hit as spokesman for this firm position on free enterprise. A leader is needed to say that rises in minimum wage, aid for the aged, federal school construction and public housing should not ever be tolerated.

THESE MEASURES are the crutches of a society which does not pay big wages, or manufacture a flood of cheap consumer goods, or raise plenty of food, or permit labor-management bargaining, or produce increasing prosperity for the masses.

They are Communist State measures and have little or no place in a free economy. If Nixon like Dewey, loses by trying to imitate Democratic Grand Old Party is likely to go Republican again.

(Distributed by McNaught Syndicate, Inc.)

## Name Change

PINE BLUFF, Ark. (AP)—Diane Adel Meyer, 13, asked to have her middle name changed to Dixie.

Her mother said her daughter's initials "may be subject to ridicule and hazing by her friends." Petitioned granted, said Judge Loran Lawrence Dawson.

## Social Wash

LOCKPORT, N.Y. (AP) — Sociability seems to be a by-product of the self-service laundry. Mr. and Mrs. John Stickland, proprietors of a laundromat, say one customer comes because she does not like to wash at home alone.

### Lodge Seeks Oregon Votes

CORVALLIS, Ore. (AP)—Henry Cabot Lodge, after a swing through California, brought the Republican campaign to this college town in western Oregon today.

The GOP vice presidential candidate was met by an enthusiastic crowd of 400, mostly students from Oregon State College, when

his plane landed late Wednesday night.

He was scheduled for a mid-day speech at the college today, then was to go on to Portland for a nighttime rally.

Here he was in a Republican stronghold in a state where Democrats hold a slight registration lead.

The smiling Lodge ignored a stiff wind to speak briefly.

He said this nation needs to do more than just score over the Communists.

"We need to reach a new plateau to bring lasting peace," he said.

### Mamie Advises Sick Champion

PHILADELPHIA (AP)—"Do everything the doctors and nurses ask you to do and you will be pleased and surprised to find how soon you will be able to play baseball again."

The motherly advice came from Mrs. Dwight D. Eisenhower, the President's wife.

She wrote to Jimmy Kircher,

11, of Audubon, N.J., when she learned he underwent a delicate open-heart operation to have a hole in his right auricle closed.

Jimmy became a Little League champion despite his defective heart. He was a pitcher and outfielder on the team that won the 1960 Audubon Little League championship. He entered the hospital Sept. 27—the day after the league's annual championship dinner.

Doctors said today he is doing well.

Mrs. Eisenhower congratulated Jimmy for his part in winning the championship and offered the best wishes of herself and the President for recovery. She noted

that her grandson, David, is a Little Leaguer, "so we know how much it means to you to be able to play with this team."

### NATO Condemned

TOKYO (AP)—Communist China and the rebel government of Algeria today said they "sternly condemn the governments of the NATO countries, principally that of the United States," for supporting France in Algeria.

The joint communique, signed by visiting rebel Premier Ferhat Abbas and Chinese Premier Chou En-lai, was issued in Peiping.

### Bomber

Richard Hogan, 22, of New York, is shown in police station after he was arrested by police who said he was trying to enter the United Nations grounds with a homemade fire bomb. Officers said Hogan dropped the bomb when he was caught outside a six-foot fence that skirts the U.N. area.

### K Slows Down After Waging War On West

NEW YORK (AP)—Soviet Premier Khrushchev is finally beginning to slow down after waging a day-and-night propaganda offensive against the West for the past 17 eventful days.

The 66-year-old Soviet premier seems to have lost some of the bounce pep that has made him communism's No. 1 salesman.

He is grimly pressing ahead with his one-man crusade. But the pace is beginning to tell on even his robust physique.

Wednesday night for the first time since arriving here he showed definite signs of being tired. He cracked fewer jokes, shook fewer hands and bragged less about the virtues of communism as he moved — just a bit slower than usual — through three diplomatic receptions.

**SIDE ROOM**  
 His normally pink complexion seemed less ruddy. Security and other aides hovered around him solicitously as he limited himself to 20-minute stops at an Indian and Cambodian reception.

He wound up with a 45-minute stay at a Communist Romanian get-together. But instead of circulating through the crowd, he spent most of the time in a side room conferring privately with his European satellite chiefs.

Khrushchev is known to have some health problems. But there seems to be nothing wrong with him now except that he's tuckered out from jamming his schedule with some 25 private conferences, trips to about 20 diplomatic cocktail parties and about a dozen free-wheeling sessions with reporters.

In between, he has hustled back and forth to the United Nations to lead the Soviet delegation every day in the international debate. His appearances during the past few days have been brief.

Top American officials have long felt that Khrushchev's love for personal diplomacy in far-off places was beginning to sap his energy. It takes him a little longer to bounce back after each trip, they believe.

**DATE SECRET**  
 Even though he's slowing down, Khrushchev and his aides are guarding his departure date like the secret to the Soviet Union's success in rocketry. There are clues which hint he might leave about the middle of next week.

Some satellite delegations, which have acted as his personal cheering clique, hinted Wednesday night they might leave about that time.

For the third successive weekend, Khrushchev is planning to rest up at the big Soviet mansion in Glen Cove, Long Island. He might leave for this retreat Friday, instead of Saturday as he has in the past, an aide said.

Khrushchev made it clear Wednesday night he is not discouraged at the lack of Soviet diplomatic victories since he has been personally masterminding Soviet strategy in New York.

"Nothing has been decided," he said. "We have a Russian proverb which says the nightingale never sleeps."

Khrushchev didn't say whether he considered himself communism's nightingale. But Wednesday night he went to bed at 10:45 p.m.

**Sex Offender On FBI's List**  
 WASHINGTON (AP)—Donald Payne, 42, described as a highly dangerous and chronic sex offender, was added today to the FBI's list of "10 most wanted men."  
 Payne has been charged with crossing state lines to avoid prosecution on rape charges.  
 Houston police reported that he raped a dancer, 18, there on July 10, 1959. He also was accused of a vicious sex attack on a Houston boy a few days earlier.  
 Payne is a native of Haskell, Okla.

Sociability of the self-styled John Stick-andromat, say she does not.

# THE GREATEST SHOW ON WORTH

# CHEVROLET FOR '61

TOMORROW  
OCTOBER 7TH

FEATURING A  
**PARADE**  
OF THINGS YOU'VE ASKED FOR

Come see the car your ideas helped shape... Chevrolet for '61. You asked for trim new size, and Chevy's got it. The 1961 Chevrolet is slimmed down all around to make handling and parking easier. You asked for more room to get in and out, so every door of every new Chevy is wider and roomier for '61. And the seats are more nearly chair height for more comfortable seating. There is a wealth of new features (parallel-action windshield wipers and 5-position ignition switch, for instance), plus the traditional quality of Chevy's Body by Fisher. Altogether, they make Chevrolet for '61 THE GREATEST SHOW ON WORTH! Visit our gala Announcement Showing of the complete line of 1961 Chevrolets.

<b>TRIM NEW SIZE</b>	<b>CLEAN NEW STYLE</b>	<b>FINE NEW COMFORT</b>	<b>GREAT NEW CHOICES</b>
------------------------------	--------------------------------	---------------------------------	----------------------------------

**PLUS**  
THE NEW 1961 CHEVY CORVAIR  
Now a Complete Line of Complete Thrift Cars  
**INCLUDING**

**2 NEW STATION WAGONS & 2 GREENBRIER SPORTS WAGONS**

Impala Sport Sedan

### INTRODUCING THE 1961 CHEVROLET BISCAYNE 6

Lowest-Priced, Popular Full-Size Chevy

FEATURING such standard equipment extras as foam cushioned front seat, dual sun visors, two arm rests, safety door locks and locked glove box. Biscayne V8 also available.

Biscayne 2-Door Sedan

Lakewood 500 Station Wagon

**NEW '61 CHEVY CORVAIR**... still the newest design, still the freshest style, now backed by a year of solid proof! And the Corvaire is the really complete thrift car—saves on first cost, saves on operating cost, and is so easy to handle and brake that extra-cost power assists aren't even offered. And for 1961, the new Lakewood 700 and 500 4-Door Station Wagons, and the Greenbrier and Greenbrier De Luxe Sports Wagons join the 5 Corvaire Sedans and Coupes.

**WE'RE HAVING AN OPEN HOUSE!**

Come help us celebrate the 1961 Chevrolet. Gift bottle of Prince Matchabelli perfume for the ladies, free favors and fun for all!

MRS. DARREL WRIGHT, KEITH AND MELISSA  
... enjoy new stereo sounds

## Mrs. Darrel Wright To Begin Christmas Baking

Mrs. Darrel Wright, 1009 Broad, is getting ready to begin her Christmas baking and plans to have it completed within the next few weeks. She will store it in her home freezer and have it ready for the holidays.

Mrs. Wright is the busy mother of two, Keith who is almost six and Melissa, six months; the homemaker is an active member of the Wesley Methodist W.S.'S. She is a member of the Martha Foster Circle and is secretary of supplies for the entire W.S.'S.

Before retiring to the role of housewife and mother Mrs. Wright taught school in Lubbock for two years, in Aledo for one year and in Arlington for two years. She is a graduate of Texas Tech, but also attended Baylor.

In listing her hobbies Mrs. Wright says Keith and Melissa are on top of the list but next comes cooking; she prefers baking. Other hobbies include photography, bridge sewing, reading she especially enjoys trying new recipes and is interested in minerals and rocks.

The Wrights try their hand at tennis whenever possible. She likes outdoor work and so far has had good luck with her flower-rowing.

Mrs. Wright finds it much easier to plan menus ahead of time especially if she is expecting company. Try some of her families' favorite recipes.

2 cups diced pineapple  
2 cups orange sections  
2 cups small marshmallows  
1 cup chopped pecans  
2 eggs  
2 tps. sugar  
¼ cup light cream  
Juice of 1 lemon  
1 cup heavy cream, whipped  
Combine well-drained fruits; add marshmallows and nuts.  
Beat eggs until light; gradually add sugar, light cream, and lemon juice. Mix; cook in double boiler until smooth and thick, stirring constantly. Cool; fold in whipped cream.  
Pour over fruit mixture and mix lightly.  
Chill 24 hours. Do not freeze.  
Serves 10 to 12.

**BEEF STROGANOFF**  
4 tps. shortening  
2 lbs. round steak, ¼ inch thick  
1 cup onion, chopped fine  
1 (8 oz.) can sliced mushrooms, drained  
Garlic salt to taste  
2 cans undiluted cream-of-mushroom soup  
½ cup chopped pimiento  
1 tps. Worcestershire sauce  
Salt and pepper  
2 cups sour cream  
Parsley, chopped  
Trim fat from meat; cut meat into 1½ by 1 inch strips. Melt shortening in skillet at 350 degrees F.  
Brown meat strips, turning often to brown on all sides. Add onions, mushrooms, garlic salt; saute until onions are golden brown.  
Turn control to 200 degrees and add cream of mushroom soup, pimiento, Worcestershire sauce, salt and pepper. Mix together and cook

30 minutes, covered, with vent closed.  
Stir in sour cream, sprinkle with parsley. Serve with hot fluffy rice, noodles, or mashed potatoes.  
Makes 6-8 servings.

**GUMDROP COOKIES**  
4 eggs  
2 tps. water  
2 cups brown sugar  
2 cups flour  
¼ tsp. salt  
2 tps. cinnamon  
1 cup gumdrops, cut in small pieces and lightly floured  
1 cup pecans  
Beat eggs with water until light; add sugar and mix well.  
Add sifted dry ingredients. Stir in gumdrops and nuts.  
Bake in 9 x 13-inch pan in moderate oven (350 degrees) 30 minutes. Cool and cut in squares.  
Makes 2 dozen cookies.

**COLD HAM LOAF**  
1 egg  
¼ cup milk  
2 cups soft bread crumbs  
2 cups fine ground cooked ham (firmly packed)  
1 pound ground veal  
2 tablespoons minced green pepper  
2 tablespoons minced parsley  
1 teaspoon minced onion  
¼ teaspoon salt  
¼ teaspoon poultry seasoning  
¼ teaspoon butter  
In a medium-sized mixing bowl beat egg until yolk and white are combined; add milk and beat enough to blend. Mix in bread crumbs well.  
Add ham, veal, green pepper, parsley, onion, poultry seasoning, salt and pepper; mix thoroughly.  
Pack into a heat-resistant glass loaf pan (8 by 4½ by 3 inches). Bake in moderate (350 degrees) oven 1 hour.  
Loosen edges with spatula; turn out; cover tightly; chill.  
Ham loaf slices thin; count on a number of thin slices for each portion; makes 8 servings.

**24 HOUR SALAD**  
1 cups white cherries, halved and pitted

## Try This Combination

You have an unusual treat in store when you try this recipe.  
**FILLETS WITH GRAPES**  
4 firm-fleshed skinless fish filets (about 1½ pounds)  
Salt  
White pepper  
2 tps. butter  
2 tps. minced onion  
¼ cup water  
½ tsp. lemon juice  
1 tps. flour  
½ cup light cream  
2 cups small stemmed seedless white grapes  
Sprinkle one side of filets lightly with salt and pepper; roll each one. Melt 1 tablespoon of the butter in a 9- or 10-inch skillet over low heat; add onion and cook until softened but not brown.  
Add rolled filets to skillet, lapped edge down. Add water and lemon juice; bring just to boiling. Cover, reduce heat and simmer 8 to 10 minutes or until fish flakes easily when tested with a fork and has lost its transparent look.  
With slotted pancake turner, lift fish rolls to a hot heat-resistant platter; keep hot in a slow oven or on range-top.  
Blend remaining 1 tablespoon of the butter and the flour together; add to liquid in skillet with cream and grapes.  
Cook and stir constantly over moderate heat until sauce thickens. Pour off any liquid that has drained from fish; pour sauce and grapes over and around fish. Serve at once.  
Makes 4 servings.

**Leftover Ham Is Delicious As Loaf**

This dish, which can be prepared in advance and chilled, is ideal for these warm days. It's easy to make and bound to be a hit with the family.

**BAKING POWDER BISCUITS**  
(Yield: 14 two-inch biscuits)  
¼ cup shortening  
2 cups sifted flour  
3 tps. baking powder  
½ tsp. salt  
2-3 to ¼ cup milk  
Cut shortening into flour, which has been sifted with baking powder and salt, until the mixture is the consistency of corn meal. Make well in mixture. Add milk and stir. Turn onto waxed paper and press dough together. Open paper and knead 6 times. Roll to ½ inch thickness. Cut. Place on baking sheet. Bake in very hot oven (450 degrees F.) about 15 minutes.

Time saver hints: Use a knife instead of cutter to cut biscuit dough into 2 inch squares. Or make drop biscuits by increasing the milk to 1 cupful and dropping the dough from a spoon onto the baking sheet.

**Biscuit Topped Meat Pie:** Prepare ½ of the above recipe. Pat into an 8 inch square. Combine 1 cup of medium white sauce with a 12 ounce can of luncheon meat that has been cut into ¼ inch cubes, 2 cups cubed cooked potatoes, 1 cup cooked peas, 1-3 cup chopped pimiento, and ¼ cup sliced ripe olives. Heat. Pour mixture into 8 by 8 inch baking dish. Top with square of biscuit dough. Slash top in several places to allow steam to escape. Bake in very hot oven (450 degrees F.) about 15 minutes. Makes 5 to 6 servings.

**Try This Oyster Noodle Casserole**

If your family likes oysters, try this new oyster noodle casserole.  
1 pint oysters  
3 tps. butter  
3 tps. flour  
1½ cups milk  
1½ cups cooked noodles  
2 tps. green pepper, minced  
½ tsp. salt  
¼ tsp. pepper  
½ cup bread crumbs  
2 tps. butter  
Drain oysters. Melt butter in top of double boiler, blend in flour, add milk and cook until thick, stirring constantly.  
Place layer of noodles in buttered casserole, cover with layer of oysters, and sprinkle with green pepper, salt and pepper. Repeat layer, pour sauce over contents of dish, and cover with buttered crumbs.  
Bake in moderate oven 350 degrees F. for 30 minutes or until brown. Serves 6.

## BIG SPRING DAILY HERALD

SEC. C BIG SPRING, TEXAS, THURSDAY, OCTOBER 6, 1960 SEC. C

## Use Leftovers Wisely To Avoid Food Waste

To avoid wastage of leftovers, an important item in this high-priced era, make sure you use up every last bit of food from a feast within a few days, if you don't have a freezer.

Mashed potatoes, for example, can be just as tasty and light on the second day as the first time you served them.

Just place the potatoes in the top part of a double boiler over hot water, advise home economists. Cover pan and let heat until warmed through. Add a lump of butter and several tablespoons of hot milk. Whip with a fork until feather light. Season with more salt and pepper, if necessary. Leftover leg of lamb can be

turned into a grand, old-fashioned hash for a filling supper. Remove meat from bone and grind, the meat. Add a few drops of Brown Gravy sauce to intensify color and add flavor. Combine with minced green pepper and a little onion, and add some tiny cooked potato cubes. Melt about 3 tablespoons butter in heavy skillet and turn hash into it. Cover and cook, slowly, turning occasionally, for about 20 minutes.

Don't forget that a few spears of cooked asparagus, some cold peas or green beans are delicious in a tossed salad. Marinate the vegetables in vinegar, drain and add to your salad.

## Biscuits Are Favorites Anytime Or Anywhere

Biscuits are a favorite of most everyone. They are good for breakfast, lunch, or dinner. Here is an old-fashioned recipe for baking powder biscuits.

**BAKING POWDER BISCUITS**  
(Yield: 14 two-inch biscuits)  
¼ cup shortening  
2 cups sifted flour  
3 tps. baking powder  
½ tsp. salt  
2-3 to ¼ cup milk  
Cut shortening into flour, which has been sifted with baking powder and salt, until the mixture is the consistency of corn meal. Make well in mixture. Add milk and stir. Turn onto waxed paper and press dough together. Open paper and knead 6 times. Roll to ½ inch thickness. Cut. Place on baking sheet. Bake in very hot oven (450 degrees F.) about 15 minutes.

Time saver hints: Use a knife instead of cutter to cut biscuit dough into 2 inch squares. Or make drop biscuits by increasing the milk to 1 cupful and dropping the dough from a spoon onto the baking sheet.

**Biscuit Topped Meat Pie:** Prepare ½ of the above recipe. Pat into an 8 inch square. Combine 1 cup of medium white sauce with a 12 ounce can of luncheon meat that has been cut into ¼ inch cubes, 2 cups cubed cooked potatoes, 1 cup cooked peas, 1-3 cup chopped pimiento, and ¼ cup sliced ripe olives. Heat. Pour mixture into 8 by 8 inch baking dish. Top with square of biscuit dough. Slash top in several places to allow steam to escape. Bake in very hot oven (450 degrees F.) about 15 minutes. Makes 5 to 6 servings.

**Try This Oyster Noodle Casserole**

If your family likes oysters, try this new oyster noodle casserole.  
1 pint oysters  
3 tps. butter  
3 tps. flour  
1½ cups milk  
1½ cups cooked noodles  
2 tps. green pepper, minced  
½ tsp. salt  
¼ tsp. pepper  
½ cup bread crumbs  
2 tps. butter  
Drain oysters. Melt butter in top of double boiler, blend in flour, add milk and cook until thick, stirring constantly.  
Place layer of noodles in buttered casserole, cover with layer of oysters, and sprinkle with green pepper, salt and pepper. Repeat layer, pour sauce over contents of dish, and cover with buttered crumbs.  
Bake in moderate oven 350 degrees F. for 30 minutes or until brown. Serves 6.

**Biscuit Topped Meat Pie:** Prepare ½ of the above recipe. Pat into an 8 inch square. Combine 1 cup of medium white sauce with a 12 ounce can of luncheon meat that has been cut into ¼ inch cubes, 2 cups cubed cooked potatoes, 1 cup cooked peas, 1-3 cup chopped pimiento, and ¼ cup sliced ripe olives. Heat. Pour mixture into 8 by 8 inch baking dish. Top with square of biscuit dough. Slash top in several places to allow steam to escape. Bake in very hot oven (450 degrees F.) about 15 minutes. Makes 5 to 6 servings.

**Try This Oyster Noodle Casserole**

If your family likes oysters, try this new oyster noodle casserole.  
1 pint oysters  
3 tps. butter  
3 tps. flour  
1½ cups milk  
1½ cups cooked noodles  
2 tps. green pepper, minced  
½ tsp. salt  
¼ tsp. pepper  
½ cup bread crumbs  
2 tps. butter  
Drain oysters. Melt butter in top of double boiler, blend in flour, add milk and cook until thick, stirring constantly.  
Place layer of noodles in buttered casserole, cover with layer of oysters, and sprinkle with green pepper, salt and pepper. Repeat layer, pour sauce over contents of dish, and cover with buttered crumbs.  
Bake in moderate oven 350 degrees F. for 30 minutes or until brown. Serves 6.

**Biscuit Topped Meat Pie:** Prepare ½ of the above recipe. Pat into an 8 inch square. Combine 1 cup of medium white sauce with a 12 ounce can of luncheon meat that has been cut into ¼ inch cubes, 2 cups cubed cooked potatoes, 1 cup cooked peas, 1-3 cup chopped pimiento, and ¼ cup sliced ripe olives. Heat. Pour mixture into 8 by 8 inch baking dish. Top with square of biscuit dough. Slash top in several places to allow steam to escape. Bake in very hot oven (450 degrees F.) about 15 minutes. Makes 5 to 6 servings.

## Time-out for Borden's Banana Bowl ice cream

Just scoop Borden's Banana Bowl Ice Cream into a pretty dish. Instantly you have all the wonderful flavor of a big banana split. Creamy, rich banana ice cream made the home way with real cream... laced with yummy red strawberry and sprinklings of crunch and chocolate chip. You'll cheer for Borden's Banana Bowl Ice Cream!

VERY BIG ON TASTE

Borden's best tasting milk in town!

**Cooking's Fun**

When small fry make gelatin desserts that sail the seas and grow into flowers it's even more fun when they finally eat them. In the picture, the sailboat is made from a peach with a sail inserted. The flower is a gum drop.

**Invite Preschoolers Into The Kitchen, It Is Educational**

Invite your preschoolers into the kitchen and you can teach them more than cooking.

They'll learn enough about number work to stand them in good stead when they do start school. In the meantime it will help keep them happy while older brothers and sisters are off to classes.

So many interesting things to measure and count in cooking! Start with something simple such as mixing a package of fruit-flavored gelatin. For safety's sake Mother should add and stir in the 2 cups of boiling water necessary for dissolving the gelatin in a large package. Then Susie fills a pint glass measure with cold water, learns to read the two cup measuring mark, adds the water to the gelatin and does her stirring.

When Mother rolls out biscuit dough Susie will enjoy putting the biscuits "two at a time" in even rows in the pan. (The biscuits may get a trifle misshapen as she handles them but it will be in a good cause.) When the pan is filled, Susie can count how many are ready to go into the oven.

Cookies, cupcakes and sweet rolls are other baking-time goodies that preschoolers will have fun counting as the foods go in and come out of pans or are put on the table. There are many times a mother can give a child counting practice:

"Put three apricots and two prunes in each dessert dish!"

"Shell eight peanuts and eat four. Give me the other four!"

"How many peanuts will we need if we put one on each of these six frosted cupcakes?"

This "help" from youngsters won't save mothers any time, but it will give girls and boys com-

fortable familiarity with the counting process.

The young set will adore making sailboats and flower pots to admire and finally eat, and the peach slices and gum drops used in the making can be counted to young hearts' content. School-agers will probably be able to make these gelatin desserts all by themselves but preschoolers will need help.

**SAILBOAT AND FLOWER POTS**

Make up a large (6 ounces) package of fruit-flavored gelatin. Pour into 4 sherbet glasses and 4 custard cups; chill.

To make sailboats: Place a

peach slice on gelatin in each sherbet glass; fold a small triangle of aluminum foil in half over a toothpick to make mast and sail; insert in center of peach slice.

To make flower pots: With thumb flatten a small gumdrop into a circle about 1/4 inch thick; with scissors notch edge of gumdrop circle to make flower petals; slide onto end of toothpick. Flatten another gumdrop sideways into a triangle; make two slits from base of triangle toward opposite point; fold out sides to make leaves; slide onto toothpick next to flower. Slightly flatten another gumdrop into a circle and slide onto toothpick for base; insert stemmed flower in gelatin in custard cup.

**A Quick Dish For A Hungry Family**

When it's suddenly noon, and a hungry family is demanding something to eat immediately, try "Chipped Beef Creole," which could not be more delicious if it required several hours of preparation instead of about 15 minutes.

This recipe serves three:

**CHIPPED BEEF CREOLE**

1 4-ounce package chipped beef, shredded  
1 tsp. butter  
1 medium onion, chopped  
1/2 green pepper, diced  
1/4 cup celery, diced  
1 10 1/2-oz. can condensed tomato soup

Salt and pepper to taste

Sauté chipped beef in butter for 1 minute. Remove chipped beef from skillet. Sauté onion, green pepper and celery until soft, add tomato soup and chipped beef. Add salt and pepper to taste, and serve on hot buttered toast.

**Flavor Doubled In Pie Made With Candy, Chocolate**

When is a pie not a pie? When it is a rich, chocolate dessert speckled with bits of candy and baked in a pie pan without a pastry shell, then cut in wedges to serve.

This describes the following party sweet perfectly. Finely chopped bars are folded into the soufflé-like batter to provide a surprise note to the light-as-air dessert.

**FUDGE PIE DELUXE**  
(6-8 servings)

1/4 cup butter  
1 cup sugar  
2 egg yolks  
2 1-ounce squares unsweetened chocolate, melted and cooled  
1 teaspoon vanilla  
1/2 cup sifted all-purpose flour  
2 candy bars, chopped coarsely  
2 egg whites, beaten stiff

Cream butter and sugar until light and fluffy. Beat in egg yolks one at a time. Stir in chocolate and vanilla. Add flour and candy. Last, fold in egg whites. Pour batter into a buttered 9-inch pie pan. Bake at 325 degrees for 25 minutes. Cool. Cut into wedge-shaped pieces to serve and top with vanilla ice cream or whipped cream.

**Western Omelet Has Appetite Appeal**

This is a real cowboy breakfast for those young cowhands of yours. It's a good way to use that leftover ham, too.

**WESTERN OMELET**

For each serving:  
2 small or 1 good-sized scallion (green onion)  
2 tablespoons finely diced green pepper  
2 tablespoons finely diced cooked ham  
2 eggs  
1 tablespoon milk or water  
Salt  
Pepper  
Butter

Cut root ends and frayed tops from scallions but leave as much of the green part as possible; slice thin crosswise.

Cook scallion, green pepper and ham in a little butter in a skillet over low heat for 5 to 10 minutes. Beat eggs, milk and salt and pepper to taste just enough to blend.

Scramble eggs in hot butter in clean skillet until almost set; stir in vegetable-ham mixture. Serve with chili sauce.

**Popover Hint**

Don't let those popovers relax! They grow limp if you don't bake them long enough.

**POPS LIKE FURY**  
3-MINUTE POP CORN

**You Will Like This Old Fashioned Dessert**

You might like to try this old fashioned dessert that has quite a reputation among connoisseurs in the Blue Ridge apple country.

**APPLE PUDDING**

Cover the bottom of a baking dish which has a cover to fit, with three medium sized Virginia apples which have been peeled, cored and sliced.

Pour over them 1/4 cup granulated sugar mixed with 1/4 cup hot water and 1/4 teaspoon cinnamon. Cover with this batter:

1 cup granulated sugar  
1 cup flour  
1 tsp. baking powder  
1 tsp. salt  
1/4 stick butter  
1 egg, well beaten  
1/4 tsp. vanilla

Mix together well the sugar, flour, baking powder and salt. Cut in butter, add beaten egg mixed with vanilla, and mix well. Spread

over apples. This batter is so stiff it must be spread with fingers.

Cover with a very tight lid. Bake at 350 degrees F. for about 45 minutes.

Remove lid for last five minutes of cooking time so crust will brown slightly.

Serve at room temperature topped with vanilla ice cream, whipped cream or hard sauce. Use real butter—substitutes will not give as good results in this recipe.

**English Spread Adds To American Cakes, Toast, Rolls, Or Dips**

This delightful English spread sometimes goes under the name of Lemon Butter.

**SANDWICH CAKE WITH LEMON CURD**

3 eggs,  
1 cup sugar,  
1/4 cup (1/4 stick) corn - oil margarine,  
Grated rind and juice of 2 large lemons.

In top of double boiler, beat eggs just enough to combine yolks and whites. Stir in sugar, margarine, lemon rind and lemon juice. Place over boiling water, with water touching top of double boiler. Cook, stirring constantly, until mixture thickens and clears very slightly. Remove from heat; cool; refrigerate in tightly covered container. At serving time, spread two spongecake layers with Lemon Curd. Makes about 1 1/2 cups sauce.

Note: Lemon Curd may be used as a dip for fresh fruits or as a spread for toast, rolls and biscuits.

**Believe It Or Not, Pickles Are Healthy**

"A pickle a day will keep the doctor away" may be a gross exaggeration but pickles are good for you.

They not only contain appreciable amounts of minerals and vitamins but also aid the digestion of nutritive elements found in other foods. Yet one medium size fresh cucumber pickle contains only 60 calories.

**That's Why**

Florence, Italy, got its name, not because of flowers, but because it seemed so flourishing in ancient times.

DEAR ABBY

'DEAR JOHN'

By Abigail Van Buren

DEAR ABBY: Regarding your attitude about "Dear John" letters. You are wrong. It's better to write a fellow and tell him you want to break up with him than to let him come home expecting to find things as they were, and be disappointed.

I should know. I wrote a "Dear John," and when the fellow came home, he thanked me for it. Why don't you ask the boys in the service if they would rather have a girl string them along by mail, or tell them the truth and break it off so the boy can find himself another girl? DIANE

DEAR DIANE: Many boys in the service are in places where it is impossible to find themselves another girl—and those boys live for letters from the girls they left behind. If a girl has promised to be true, she owes it to the boy to keep that promise.

DEAR ABBY: Our daughter is 19 and away at school. She writes that she is going with a man who teaches judo. We are good Christians. Are we wrong for wanting her to go with people of her own faith? K.H.V.

DEAR MRS. K.H.V.: JUDO is short for JUIJITSU — the art of self-defense without weapons. Better check the man's spiritual weapons.

DEAR ABBY: The other morning I went out to get my mail and I saw my neighbor standing in her yard watering her flowers. I said, "Good morning, Mrs. —." She looked straight at me, turned her back and went into her house.

The next day she called me up and asked if I wanted some fresh vegetables from her garden. I thanked her and refused politely. I feel very hurt. I am not a gossip. I need friends because I am a lonely widow. Do you blame me? "SNUBBED"

DEAR SNUBBED: If your neighbor deliberately "snubbed" you, I doubt if she would have called the next day. Perhaps she did not see or hear you. Or possibly she had something weighing on her mind and her thoughts were miles away. You should have accepted the vegetables and dropped the grudge.

DEAR ABBY: I read in your column about the 21-year-old girl with three babies who is trying to decide whether to divorce her husband because he isn't ready to settle down yet. Well, I had exactly the same problem. I've been married for two years and have two babies, and I am in the middle of getting a divorce for the same reason. I am 19 and my husband is 19. What hurts most is that the two babies are the ones who will suffer. I thought I was ready for marriage at 17, but how wrong I was! (By the way, we ran away and got married, which is the worst mistake a girl can make). I hope you'll print this, Abby. It might keep some lovestick teen of 17 from rushing into marriage. BAD MISTAKE

Planks 'Stolen' From Socialists

LOUISVILLE, Ky. (AP) — A Pittsburgh industrialist says both "young fellows" running for president have platforms stolen from many-time Socialist presidential candidate Norman Thomas.

"Poor old Norman can't run anymore—he hasn't got a platform," said Col. William F. Rockwell, board chairman of the Rockwell Manufacturing Co.

Rockwell, a business executive for 50 years, summed up the two platforms' differences thusly: "The Republicans promise everything any pressure group wants provided the government can pay for it without raising taxes, while the Democrats promise everything without regard to costs."

Governor's Dog Censors The News

COLUMBIA, S. C. (AP)—Gov. Ernest F. Hollings, a Democrat, said this note was left at the executive mansion:

"Dear Governor Hollings: "I am sorry that I can't put your paper on your porch; but I believe your dog thinks I am a Republican! Every day I come to the yard he chases me out. If you want me to put the paper on the porch, please keep your dog tied. "Thank you, Your Paper Boy." Hollings said something would be done about the dog, a German Shepherd called "Chief."

Alaskan Joins Pickin' Contest

BLYTHEVILLE, Ark. (AP) — The National Cotton Picking Contest has a contestant from Alaska.

Vernon Robinson of Wasika will compete Friday with 100 or so other cotton pickers for a \$1,000 prize.

Robinson explained he has been "practicing" by picking cotton in southeast Missouri and northeast Arkansas.

Bootlegging Peps Is Booming Business

SAN FRANCISCO (AP) — Bootlegging pep pills is a multimillion dollar business today, says a Federal Food and Drug Administration official.

Maurice P. Kerr, FFDA director for the San Francisco district, told the Consumer Concerns Clinic Tuesday enough of the so-called stay-awake pills are manufactured annually to keep every man woman and child awake for a week or more.

Rayburn To Allow Writing Of Life

HOUSTON, Tex. (AP) — Rep. Sam Rayburn, D. Tex., speaker of the House of Representatives, has agreed after 13 years to let a University of Houston professor write his biography.

Dr. C. D. Dorrough reported he first approached Rayburn about the book in 1947. He would not predict when the book will be about the book in 1947. He would not predict when the book will be finished.

Still Partly Man's World, After All

LOS ANGELES (AP)—The city traffic department has established scientifically a fact which nearly every male driver will claim he has known for years: A man can park a car faster than a woman can.

The department's manager, S. S. Taylor, bravely announced Tuesday the results of stop-watch tests. The average man, he said, inches into a parking space in 28.7

seconds. The average woman in 37.4 seconds.

Taylor added: "Of course—yes, certainly of course—some women can maneuver into parking spaces faster than some men."

Was He A 'Wet'?

CINCINNATI, Ohio (AP) — A woman told police she opened the drier of the U Wash N Dry Laundry Tuesday night and found Donald Riggs, 33, asleep inside. Police arrested Riggs and charged him with being drunk.

**77 Of 571 Bills Were Voted Into Law By 86th Congress**

By **TEX EASLEY**, AP Special Service. **WASHINGTON (AP)**—Texas members of Congress introduced 571 major bills and resolutions during the 86th Congress. Seventy-seven became law. While the ratio of enactments might seem a low batting average, the reverse is true. Even though

the Texans introduced far fewer bills than the average state delegation, their percentage of enactments was far higher. By comparison, New York members introduced 2,066 bills and succeeded in having 57 enacted for a one-in-36 ratio.

The chairman of major committees and subcommittees normally introduce the most bills and get the most enacted. That situation prevailed among the Texans. The nature of the legislation they handle also is a big factor.

Rep. Olin Teague (D) of Bryan led the Texas delegation in introductions and had the most signed. Teague, chairman of the House Veterans Affairs Committee, introduced 106 of which 16 became law.

Speaker Sam Rayburn of Bonham didn't introduce a single measure. In his powerful position he usually can arrange for a committee chairman to introduce legislation that he (Rayburn) favors.

Aside from the public interest measures related to their committee assignments, the Texans actually offered very few bills.

Rep. Jack Brooks of Beaumont introduced only one bill. It provided for multiple use management of national forests and did not become law.

A perfect batting average on bills offered and enacted was chalked up by Rep. Albert Thomas of Houston, who as chairman of an appropriations subcommittee introduced nine money bills and all were enacted. Rep. Bob Casey, also of Houston, introduced three bills, with one being signed.

Texas' lone Republican, Bruce Alger of Dallas, introduced 14 measures. None was enacted.

Sen. Lyndon B. Johnson introduced 38 measures, some general in nature because of his role as Senate Democratic leader and some of interest only to Texas. Eight became law.

Sen. Ralph Yarborough, who handled much veterans legislation in the Senate, introduced 105 bills—one less than Teague. Seven became law.

Other members of the Texas delegation and the number of bills they introduced (counting only general measures) with the number enacted if any, were:

Reps. Lindsey Beckworth 31, Omar Burleson 14 and 3, John Dowdy 22, O. C. Fisher 17, Frank Ikard 35 and 4, Paul J. Kilday 24 and 6, Joe M. Kilgore 22 and 5, George Mahon 6 and 2, Wright Patman 31 and 2, W. R. Poage 16 and 3, Walter Rogers 26 and 4, J. T. Rutherford 11 and 2, Eckart W. Thompson 14 and 3, Homer Thornberry 9 and 2, James C. Wright Jr., 14 and John Young 5.

**Brothers Have Fun, Make Money In Shop**

HEREFORD (AP)—Two versatile young brothers are having fun running their own business.

Albert and Phillip Sciumbate sell and repair motor scooters in their shop, Al's Scooter Sales, at their home near Hereford.

Albert, 15, and Phillip, 13, sold fruit and gardening tools at a roadside stand to make enough money to buy their first scooter.

Then they heard that the Cushman firm was seeking dealers and they applied for a franchise.

To get the franchise, they had to order parts and three scooters. The district manager for the company came to Hereford, talked with the boys and gave them a franchise.

They have sold two scooters and have three in stock. Parts are selling especially good, they say.

"We have at least one customer a day, and sometimes three, four or five," Albert said. "Sunday is a good day."

"We think being in business is just wonderful. The only thing we don't like to do is order. Mother helps us order."

The boys, sons of Mr. and Mrs. Carl Sciumbate, also play duets on the piano and violin.

Phillip has played the violin for 12 years and Albert has played the piano for four. They have entertained Hereford luncheon clubs. Albert also plays the organ Sundays and Thursday nights for St. Anton's Church.

"We also build model airplanes and fly them," Phillip said. "We sure have fun in it."

As to sports, they like to fish and hunt ducks.

**All-Star Cast For FCC Hearing**

LOS ANGELES (AP)—An all-star cast, headed by Dick Powell, Ozzie Nelson and Desi Arnaz, has been subpoenaed for a Federal Communications Commission hearing Monday.

The FCC is probing the relationships between networks and film producers and any policies that might tend to promote or hinder competition.

Powell is head of Four Star Films; Nelson runs Stage Five Productions and Arnaz is president of Desilu Productions.
