INFORMAL DISCUSSION FOLLOWED BANQUET  
Nicholas Goncharoff, left, chats with Mr. and Mrs. James Hardy

## 'Go Forward' Challenge Issued At YMCA Banquet

A report of growth, with a challenge to go forward was issued by James M. Hardy, general secretary of the YMCA, during its annual membership banquet Tuesday evening.

Y's World Service Program. A highlight of the evening was R. H. Weaver's presentation of several gifts to Hardy, who leaves the association for a new position on Feb. 1. Weaver presented, on behalf of the community, a wall plaque expressing thanks to Hardy for his work with the city's youth.

Dan Krausse, president of the association, acted as master of ceremonies for the banquet. He recognized Howard County Junior College for making the hall available, the Tri-Hi-Y Clubs for assisting with service, and Mrs. Arch Carson as banquet committee chairman.

Joe Pickle, vice president, introduced the outgoing board members, including W. D. Caldwell, Dr. R. B. G. Cowper, Jack Davis, Dr. John Fish, Clyde McMahon, Mrs. Bill Neal, Champ Rainwater and Mrs. H. W. Smith.

## Ex-Russian Tank Commander Sees Religion As Best Hope

Nicholas Goncharoff, who was reared under a Communist system and who underwent the hell of Nazi and displaced person camps, Tuesday evening held up Christ as a hope more powerful than Communism.

Still speaking with an accent, at times heavy with his native Russian tongue, Goncharoff challenged a banquet crowd of approximately 400 to realize that "individuals can shape events of the world and to renew their faith in and knowledge of their American heritage."

He pointed out that five years ago, local residents had a vision of what the YMCA could be and began working for it. Pointing out that the association had made outstanding accomplishments, he noted it had only touched the surface. He challenged the membership not to lose the original vision. He urged them to pursue it for achievement.

### LAST NEWS CONFERENCE

## Ike Considers Greatest Feat Was Preservation Of Peace

WASHINGTON (AP) — President Eisenhower said today he considers the greatest achievement of his eight years in office was the preservation of peace in an era when weakness would almost certainly have brought disastrous war.

Eisenhower gave this appraisal in his last presidential news conference, attended by 290 reporters who crowded into the ornate Indian Treaty Room of the old State Department Building.

He went on, the eight years spanned a period in which the Russians achieved the hydrogen bomb, built an arsenal of nuclear weapons, and supported "a warlike threat of the Red Chinese—a period in which this country was fighting a war in Korea and there was grave danger it would spread."

# Gov. Daniel Asks 1-Cent Payroll Tax

## Legislators Sit In Glum Silence

AUSTIN (AP) — The Legislature sat in glum silence today as Gov. Price Daniel urged the one per cent payroll tax as the least painful way to solve Texas' long range financial crisis.

Not once did the joint session interrupt the governor's matter-of-fact recital of his suggestions for rubbing out the general fund deficit and providing enough funds to pay for increased state services caused by population growth.

The governor also recommended emergency measures to quickly retire the \$63 million dollar deficit, including a boost in the natural gas production levy. Texas actually needs \$270 million now for the general revenue fund to balance the budget and care for continuing services in the next two years, Daniel said.

## Eisenhower In Farewell Talk To Nation

WASHINGTON (AP) — President Eisenhower, in a sentimental presidential farewell, has asked for stability at home and voiced hope for the achievement of freedom for all who yearn for it in a troubled world.

Eisenhower spoke to the American people Tuesday night from his office which already is emptied of personal mementoes and relics of eight years in the White House. Friday he begins a new career as private citizen.

Checking Up On The Flood

Three neighborhood children join Harlo McNeel, a resident of the Pierpont Beach community near Ventura, Calif., as he inspects a flooded street where high Pacific waves have flooded and damaged more than 30 homes. The kids' lack of apparel is due, in part, to temperature in the 30's.

# New Senate Demo Leader Led An Adventurous Life

Editor's Note - To look at Mike Mansfield you'd never guess he ran away from home to join not only the Navy but the Army and Marines as well; studied his way through high school and college simultaneously and then rose from the bottom of a copper mine to the top of the U.S. Senate. But he did. Here's how.

By JOHN H. KAMPS  
WASHINGTON (AP) - A one-time copper mine mucker, son of poor Irish immigrant parents, a runaway from home at the age of 14 to serve in the U.S. Army, Navy and Marines, is now emerging as one of the most powerful figures in the new 87th Congress.

He won five consecutive two-year terms in the House, successfully bucked the Eisenhower landslide to capture a Senate seat in 1952, and was a shoo-in for a second six-year Senate term in 1958.

Now 57, Mansfield has made his legislative reputation chiefly in the field of foreign affairs. He has been an arch critic, calm but consistent, of the Eisenhower administration's foreign policies for most of the last eight years.

He is a prolific speaker, with his craggy, wry-humored face often seen on news-TV programs. Mansfield paradoxically has scolded his fellow lawmakers for their utterances on global affairs while himself belaboring the GOP administration on the same subject.

His election as Senate majority leader, Mansfield will bring prime responsibility for driving the incoming Kennedy administration's "new frontier" legislation through the Senate.

He is a very high degree of respect from all his colleagues. He is a miracle that we can achieve any harmony in the Democratic party because we cover the whole political spectrum.

## TO TEAM UP

2. A traditional coalition of conservative Republicans and Southern Democrats appears ready to team up against some of the broad spending proposals advocated by Kennedy during the election campaign.

But Mansfield is a more optimistic view of the chances of enacting a fair chunk of Kennedy's campaign promises.

There has been speculation on the extent to which the restless and dynamic Lyndon B. Johnson would turn over the reins of Senate power. Perhaps a clue came when Mansfield announced immediately after his election as majority leader he wants Johnson to preside at Senate Democratic caucuses.

Mansfield, like President-elect Kennedy is a Roman Catholic.

Born March 18, 1903, in New York City, the son of poverty-stricken parents—his father was a New York hotel porter—Mansfield left home and fibbing about his age joined the Navy in February 1918 and served 10 months overseas. Then, at 15, he enlisted in the Army, and a year later, still in quest of adventure, he joined the Marines for a two-year hitch in the Philippines and China.

Back in civvies, young Mike Mansfield worked as a "mucker"—the wet, bruising job of clearing away fallen rock and debris—2,800 feet down in the labyrinths of mine tunnels under Butte, Mont. He toiled in the copper mines from 1922 to 1930, meanwhile using his hard-earned dollars to pay his way through the Montana School of Mines.

He also had to finish high school at the same time to qualify for his college degree, getting his diploma three months before his bachelor's degree. He later married his high school teacher.

Next came four penny-pinching years at Montana State University. Upon graduation, he remained on the campus as professor of Latin-American and Far East history until elected to his first term in Congress in 1943.

The Miracle Worker

We believe in miracles, the ones recorded in Scripture. We do not believe God has miracle workers on earth today. Jesus used miracles to prove His Divinity, as this chapter shows. His apostles used them to confirm the Word which they spoke by inspiration (Mk. 16:20). This work has been well done. We do not need to do it over again.

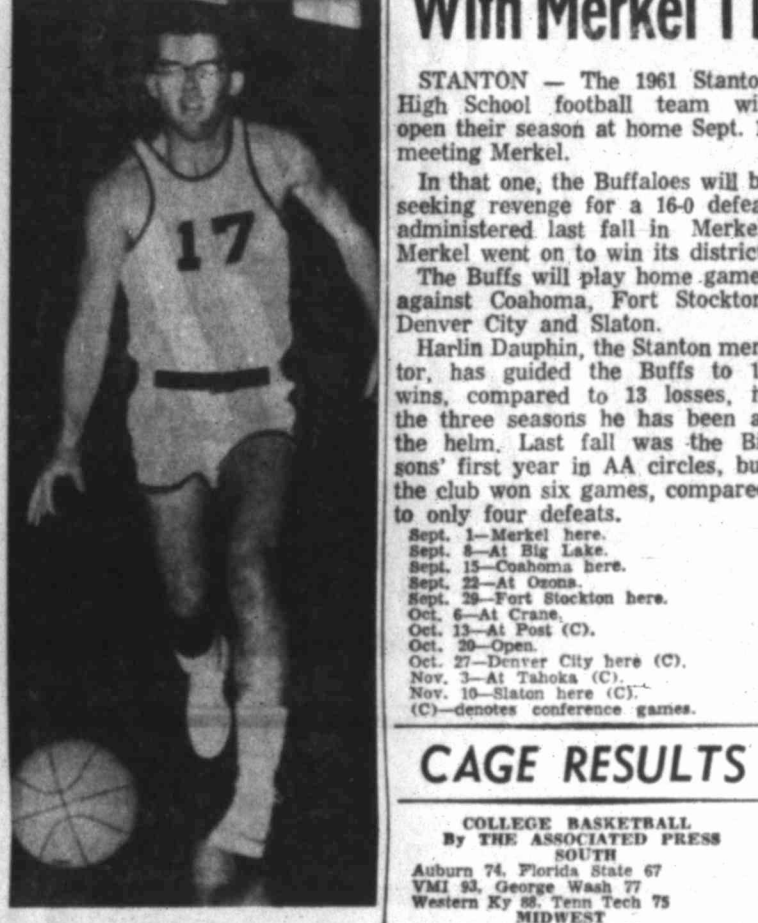

Tom Tarbet, member of the Church of Christ do it over again. When Christ had miracle workers on earth, they were able to do the very same works he had done (Jno. 14:12). Thus, if he had miracle workers today, their works would not be inferior to what he did. Jesus gave sight to a grown man who had been born blind, and did so immediately, not gradually. (Jno. 9). Such is not being done today. Enough said.

DEAR ABBY

PLAYING CUPID

By Abigail Van Buren

DEAR ABBY: We need your advice. We are 200 seventh grade students. We have a teacher who is very pretty, but she is already 27 years old and she isn't married and we are afraid she is going to be an old maid.

There is a darling policeman who is a bachelor and would be just right for her. He wants to meet her, but he is quite shy. How can we get them together? Thank you.

"200 CUPIDS"

DEAR "CUPIDS": The next time your school has a social function, (P.T.A. Visiting Night, a school play or a hop) one of your boys should invite this policeman to come as his guest. Then one of the girls should tell the school teacher

that the policeman was invited because he was interested in meeting her. Then all you "cupids" should disappear.

DEAR ABBY: Please print this for all the people who complained about the price of haircuts: Barbers, along with clergymen, firemen and policemen, belong to the "sacrifice" group. The public expects them to work for nothing. I have the most trouble with baldies. They can comb their hair with a wash rag, yet they come in and ask for a haircut. ("Just trim it around the ears a little.") Then they gripe because I took off too much. Too much what? "HANK (I USE YOUR HEAD IN MY BUSINESS)"

"THE BARBER"

DEAR ABBY: According to the way everything else has gone up, haircuts should be \$5. And when the barber has to work half an hour fixing up a home haircut after it has been butchered by an amateur, he should charge \$7.50. Do you know it costs a barber \$600 to go to school, 18 months' apprenticeship \$40 for a set of clippers, \$25 to take his barber test and \$5 a year for a license? You tell 'em, Abby.

JOE

DEAR JOE: I guess that settles it. A barber shop is no clip joint.

DEAR ABBY: I am going with a woman who has been legally separated from her husband for six years. I want to marry her but she says she can't get a divorce because of her religion. What do you advise me to do?

RICHARD

DEAR RICHARD: Quit wasting your time.

"Who pays for what?" Send 50 cents to ABBY, Box 3365, Beverly Hills, Calif., for Abby's pamphlet, "How To Have A Lovely Wedding."

Beaumont Ministers List Methods Of Curbing Vice

BEAUMONT (AP)—The Beaumont Ministers' Association Tuesday suggested to the City Council a program to curb vice in this southeast coastal city.

The proposal, delivered by Rabbi Newton Friedman of Temple Emanuel, came on the heels of the formation Monday night of the United Citizens for Law Enforcement Committee, a 24-man group. The clergymen, representing 35,000 Christian and Jewish citizens, proposed:

1. A periodic written report to the City Council on vice conditions to "determine that our city police are enforcing the laws in regard to . . . previous neglected areas of gambling, liquor violations, narcotics and houses of prostitution."
  2. A member of the newly formed United Citizens for Law Enforcement Committee be present at such report meetings to amplify and comment on the written reports with "such information as may come to the committee from citizens in the community."
  3. Dismissal of other officials "who have testified to wrong doing before the House General Investigating Committee, or whose illegal activities have been revealed by other agencies."
- Rabbi Friedman told the group that "We do not feel that the dismissal of former Police Chief

Jim Mulligan is the sole solution to this deeply imbedded corrupt situation."

The Rabbi said the "public hearings indicated at least one other member of the police department was deeply involved, namely Chief of Detectives Jim Stafford."

Mulligan and Stafford testified two weeks ago before the House committee that they were aware of brothels, gambling and open saloons in the city but made no arrests. Mulligan was fired shortly after he suspended Stafford, then withdrew the suspension.

\$2 Million Theft Leaves City Shaken

SHELDON, Iowa (AP) — The economy of this small town in northwest Iowa was in a state of confusion today as the result of a \$2-million embezzlement from the Sheldon National Bank.

There were payrolls to be met, outstanding checks that seemed sure to encounter trouble, citizens without funds and local business records in financial disarray.

In jail, beyond the reach of persons seeking public answers to the questions of how and why it all happened, was Burnice Geiger, 58, daughter of the bank president.

The U.S. district attorney's office in Sioux City said Mrs. Geiger — a director and assistant cashier of the bank—admitted the embezzlement. A prominent citizen, she was known for her charitable works.

Her father, W. P. Iverson, 83, president of the bank for 45 years, could only say: "I'm all choked up."

The bank was closed for liquidation by the Federal Deposit Insurance Corp. after a routine audit by federal bank examiners turned up the shortage Monday night.

Officials of the FDIC were checking the records of deposits which were insured up to \$10,000 each. The bank's last statement on Dec. 31 listed total assets at \$1,995,000. The embezzlements were estimated at \$2,126,859.

The sentiment among businessmen was summarized by the comment of one: "We've heard the boom, now we're waiting for the echo."

The manager of a big soybean processing company which distributes products in the Midwest said that his company has "outstanding checks all over the country."

The only financial institution remaining in Sheldon, the Security State Bank, was deluged with requests for aid in solving money needs.

Model Citizen Exits Prison

MONTGOMERY, Ala. (AP)—A parolee has returned Harry E. Evans to the society which knew him as a model citizen during the 27 years he was AWOL from prison.

When he walked out of prison Monday he was met by the wife he married while a fugitive. His job as a truckline stock foreman still awaited him.

To demonstrate their faith in him, the owners of the Jack Cole Trucking Co. in Birmingham said Evans was kept on the payroll during his 11 months behind bars.

Evans was a fugitive from 1933 — when he failed to return from a temporary parole—until last February when a fingerprint check resulting from a minor automobile accident disclosed his true identity.

He was serving 20 years for bank robbery when he went AWOL.

93 Cuban Militia Killed In Campaign

HAVANA (AP) — Businessmen arriving from south central Cuba said Tuesday night 93 Castro militiamen have been killed in a major government offensive to wipe out insurgent bands.

The unconfirmed report said most of the casualties were in the vicinity of Trinidad, Las Villas Province town at the foothills of the rugged Escambray Mountains.

ACC School Given Award

VALLEY FORGE, Pa. (AP)—Freedoms Foundation cited 134 schools in 30 states today for classroom programs designed to bring about a better understanding of freedom and the American constitutional republic.

The foundation has honored similar school programs since 1950 but this is the first time these awards, now named Benjamin Franklin Awards, were given before those in 18 other classifications on the traditional date of Feb. 22—Washington's birthday.

Freedoms Foundation describes itself as a non-political, non-partisan, non-sectarian organization created to honor schools, individuals and organizations for work in behalf of the American way of life.

Texas awards included the Principal School Award to the Campus School of Abilene Christian College.

The Miracle Worker

Read John, ch. 9

We believe in miracles, the ones recorded in Scripture. We do not believe God has miracle workers on earth today. Jesus used miracles to prove His Divinity, as this chapter shows. His apostles used them to confirm the Word which they spoke by inspiration (Gal. 1:16-20). This work has been well done. We do not need to do it over again.

When Christ had miracle workers on earth, they were able to do the very same works he had done (John 14:12). Thus, if He had miracle workers today, their works would not be inferior to what He did. Jesus gave sight to a grown man who had been born blind, and did so immediately, not gradually. (John 9). Such is not being done today. Enough said.

"The Tower of Babel" will be the sermon tomorrow night, 7:30, at our mid-week service. Question period follows. Welcome. (Adv.)

## Welk Shaken By Sudden Record Success

By BOB THOMAS  
AP Staff - TV Writer

HOLLYWOOD (AP)—For once, Lawrence Welk was speechless. We were lunching at the Brown Derby when Dot Record chief Randy Wood walked in bearing a gift. It was a handsomely framed gold record of "Calcutta," signifying the first time Welk had entered the charmed circle of million sellers.

The music man sputtered, grinned, then beamed. All he could manage to say was: "Congratulations."

He recovered enough to explain his joy: "I've been trying for this ever since I started recording, back in 1928. I remember I paid \$400 to a recording outfit for 2,000 or 3,000 records and we sold them ourselves when we played dates."

Early in the war, he almost caught fire with a record, but shortage of shellac nipped the hit in the bud. Even after he became a TV sensation, he couldn't get close to a million singles. How did he do it?

He pointed toward Wood, the young Tennessean who branched out from a one-man operation to a multimillion-dollar enterprise. "Randy called me at dinner one night and asked me to drop by his house," Welk related. "He played me a record of a number he wanted me to do. I tried to think of a way I could tell him I thought it was terrible and still not hurt his feelings."

Wood prevailed and Welk recorded "Last Date," a rumbling instrumental with the unmistakable thump of rock 'n' roll. It sold 300,000. Then came "Calcutta" with a beat that even Elvis could pulsate to. Wood predicts it will go two million. The "Calcutta" album is expected to hit \$500,000.

He's still a bit dazed by it all. "When I rode in the Hollywood Christmas parade, the teen-agers were yelling for me—'Imagine!'" said Welk, who is more accustomed to adulation of the elders.

## Suit Filed In August Mishap

A traffic accident which occurred near Douglasville, Ga., is basis for a \$21,299 damage suit filed in 118th District Court here on Tuesday. The accident was last August 16.

The plaintiffs are Horace and Mrs. Davidson. The defendants are T. M. and Mrs. Fields. The Fields, according to the petition, are Big Spring residents.

The Davidsons allege they were driving on Highway 78 near Douglasville, Ga., when they came upon a stop light. They brought their car to a halt. Another car, they claim, stopped back of them. Then, the petition asserts, Mrs. Fields crashed her car into the second car causing it to plow into the Davidson vehicle.

The Davidsons allege they were injured in the collision and are entitled to \$21,299 damages.

## First Foreign Movie Of Club Series Thursday

The first foreign movie of the Big Spring Film Club series will be screened at 8 p.m. Thursday at Howard County Junior College Auditorium.

The film is a prize-winning French import titled "The Bed." It is the story of three international diplomats and their chauffeur who become fog-bound, spending the night in a railroad shack. They decide it is better to sit up the night than for four people to try sharing the one bed in the shack. To while away the hours, each man in his turn tells of an incident out of his own life in which a bed is the central factor.

The four vignettes cover the various fields of comedy from the pathos of erring human nature that draws both laughter and sympathy for life's victims, to subtle buffoonery. All the vignettes,

however, have in common the Gallic approach to life's philosophy.

Two short features also will be shown with "The Bed."

The film club series will include five foreign films. The movies will be screened the third Thursday of each month except in April. The April showing will be on the third Saturday. All films are to be shown at H.C.J.C. Auditorium at 8 p.m.

Organizers of the film club included Bob Smith, entertainment columnist for The Herald, and Dr. Josh Burnett and Dr. Fred Luring, physicians at Malone and Hogan Foundation Hospital. John P. Vagt, H.C.J.C. librarian, will serve as projectionist.

The film club was organized with the assistance of Dr. W. A. Hunt and Dean Ben F. Johnson of H.C.J.C.

## Company Cat Gets Sand Box

VAN NUYS, Calif. (AP)—Mister Tom, the company cat who caused a labor-management crisis

when he was fired last week, is back on the job today — with a sand box.

Officials of Pacific Mercury Electronics Corp. had blamed Tom's dismissal on a lack of hygienic habits. They agreed to discuss the matter with employees

when a union threatened to seek state intervention.

At a two-hour meeting Monday, Tom's housekeeping problems were ironed out. A carpenter's union official said he would provide a house and sandbox, and Tom went back to his post at the main gate.

## TV Wife Finally Picks Brand X

By CYNTHIA LOWRY  
AP-TV Radio Writer

NEW YORK (AP)— That long-awaited television event finally happened Tuesday night: The housewife picked the pile of clothes washed by brand X instead of the sponsor's washday product. But it was only done in the spirit of fun in the course of a slight, depressingly unoriginal revue hung on the well-explored theme of conformity.

As is usual when a TV show decides to be satiric, the most fertile field proved to be television-itself. This was even more

noticeable than usual on NBC's "Everybody's Doin' It."

Right after Art Carney, Alice Ghostley and the others kidded a number of familiar commercials, the sponsor's real message came up: A bowler-knocked a pin wearing a wristwatch into a tub of water. This was just a little bit funnier than the sketches, although designed to sell wrist watches.

In addition to Madison Avenue and TV commercials, the satiric treatment was applied to Loretta Young and her famous entrance, "The Untouchables," TV's desire not to offend and the beat generation. None of this was up to the standards of last season's Carney shows, more's the pity.

The imminent return to the channels of the Great Gleason is causing a flurry at CBS. After a dry run of his new panel show earlier this week Jackie stormily announced he wanted bigger names among his game-players.

Originally chosen were Johnny Carson, Pat Carroll, Arthur Treacher and Patricia Cutts—at least two of whom are veterans of the panel show business. Carson recently proved an ingratulating and funny substitute for Tom Poston on "To Tell the Truth," and Pat Carroll in her pre-skinny days was such an asset to a panel show that the sponsor, maker of a diet aid, brought her back on the show after an initial decision that her decided curves were a poor advertisement.

Maybe the panel proved too funny for Jackie's delicate ego.

Anyway, the maestro is planning a busy couple of days. He plans to tape two shows Thursday, another two on Friday—and then insists on a live show for the debut Friday night.
