Inspection Of Work At Play

Eleanor Muehl of St. Louis, participates with other Red Cross Gray Ladies as they play Bingo with patients at the VA Hospital. She inspects the card of E. L. Schultz who has just proclaimed a Bingo. Left to right are E. L. Schultz, first vice president; Harold Archer; Mrs. Alfred Moody; Charlie Sowell; Mary Vasquez; Mrs. Frances Dowd, Midland; and Joe Johnson.

St. Louis Official Visits Meeting Of Gray Ladies Here

Eleanor Muehl, director of volunteers for the Midwestern Area of the Red Cross, was present Thursday at a meeting of local Red Cross Gray Ladies at the Veterans Administration Hospital. She is from St. Louis.

Others attending the meeting were Mrs. Moore T. Sawtelle, executive secretary of the Howard-Glascock Counties Chapter; Mr. C. O. Nalley, Red Cross VA volunteer service chairman; Mrs. Alfred Moody, VA chairman of the Gray Ladies; Mrs. Ara Cunningham, VA director of volunteers;

and Carlton L. Carr, administrative assistant at the hospital. The group considered current supply and volunteer needs and progress made since the previous meeting.

Webb Pilots May Get FAA Ratings

Rated pilots at Webb AFB, who wish to obtain a commercial rating from the Federal Aviation Agency, will have an opportunity on March 20, when an FAA representative comes to the base to administer the necessary examination.

Applicants must be rated pilots on flying status with the U. S. Air Force, and must pass the written exam on Civil Air Regulations. An FAA instrument rating will be issued automatically upon presentation of the USAF white or green instrument card.

Several pilots planning to take the exam, having been attending briefings conducted by Lt. Jerry L. Bigson, president of the Webb Aero Club. Final class of this nature is scheduled for Saturday, March 11 at 9:30 a. m. in the Academic Auditorium.

You-All Draw!

Barbara Levy, 19, is so pretty that movie makers working in Hawaii have hired her for her third role — all non-speaking parts. The daughter of a Georgia Army couple from Brunswick has too much of a Southern accent to win speaking roles. Her father, Col. J. L. Levy, is completing a tour of duty in Honolulu. Her mother and sister have returned to Brunswick but Barbara plans to stay in Hawaii and take speech lessons in hopes of overcoming the "handicap."

7-Year Lockup For Child For Sassing Her Mother

SANTA CRUZ, Calif. (AP)—Except during school hours, she was locked in her room for seven years and never had a bath during that time, a 13-year-old related.

Senate Panel Seeks Windup Of Hearings On Jobless Aid

WASHINGTON (AP)—The Senate Finance Committee pushes today for a windup of its public hearings on an emergency bill designed to speed more federal aid to the unemployed.

Leftists Free 11 Captured Congo Chiefs

LEOPOLDVILLE, the Congo (AP)—Eleven captured leaders of Kivu have been released from a Stanleyville jail where they had been held since leftists seized their province last year, the United Nations said today.

While this indicated a change in attitude by the rebel regime, the U.N. command was unable to confirm reports from the leftist capital that Moscow-backed Antoine Gizenga had been deposed there.

RELEASE REPORTED

A U.N. spokesman reported the release of Jean Mirobo, former president of Kivu, and 10 members of his provincial government. Mirobo had paid at least lip service to the central government at Leopoldville and had resisted pressure from Stanleyville in neighboring Oriental Province to join up with Gizenga.

Financial report of the United Fund showed \$93,361.32 raised and pledged during the 1960-61 campaign, of which \$23,571 remains in pledges.

AGREED

The Congolese informants gave no details of the reported agreement. Nor did they say whether the Congolese were modifying other conditions they said must be met before they would allow U.N. troops to return to the port of Matadi, from which a Sudanese garrison was driven Sunday after two days of fighting.

Notices Issued For Election

Formal notices calling an election in Sand Springs on a proposal that the community become an incorporated town were issued today by Ed Carpenter, county judge.

CINCINNATI, Ohio (AP)—The baby sitter couldn't understand why 4-year-old Kevin Fox sat so quietly in a corner, but she didn't question her luck.

John Currie Named United Fund Chief

John Currie, vice president of the State National Bank, was elected president of the Big Spring-Howard County United Fund at the annual meeting of the members and trustees Thursday.

JOHN CURRIE

He succeeds Randall Polk, who retired with the warm thanks of the board for leadership during the past year. Other officers named were John Taylor, vice president; Lester Morton, treasurer; W. H. Wharton, secretary.

Currie echoed these sentiments in his brief acceptance. The bank executive becomes the youngest

Africans Press For Quick Debate On Congo Situation

UNITED NATIONS, N.Y. (AP)—African delegates to the U.N. General Assembly pressed today for immediate debate on the Congo as the big powers remained deadlocked over whether to take up cold-war issues at the Assembly session.

Congo Leaders Agree On Loose Federation

Super-Cabinet To Run Country

TANANARIVE, Malagasy Republic (AP)—Congolese leaders agreed today on a loose federation of sovereign states in the Congo headed by a sort of super-cabinet.

Delegates said the new states to be carved from the Congo would be based mainly on tribal and economic affiliation, junking the artificial six provinces established when Belgium ruled the country.

The program, envisaging a sort of "community of United Nations" as one delegate phrased it, appears to be a victory for two of the leaders attending this conference, President Joseph Kasavubu of the central government and President Moise Tshombe of Katanga Province.

Lack Of One Hormone Gives Rise To Scurvy

WASHINGTON (AP)—Man, apes and guinea pigs have something in common—they all get scurvy unless they get enough vitamin C.

Dr. Dewitt Stetten Jr., associate director of the National Institute of Arthritis and Metabolic Diseases, told a scientific meeting Thursday that scurvy has been traced to the lack of a certain chemical enzyme in man and a few other mammals.

Tag Sales Brisk Today In Coahoma

COAHOMA — Car tag business was brisk at the Coahoma City Hall today—especially in the pickup truck department.

Meters Go To Long Hours

All meters on the city parking lot at the Ritz theatre have been changed to multiple two-hour meters and will take only dimes.

The delegates said that as soon as the political map of the Congo is redrawn, the conference will begin discussing the business of maintaining order in the Congo.

Because tribal loyalties override any concept of national loyalty in the largely unlettered Congo, both have favored a loose federation over a strong central government.

By setting up the federation, delegates hope to squeeze out the only major faction unrepresented in Tananarive, the Moscow-supported regime of leftist Antoine Gizenga. Delegates said the states to be set up would all participate

If they had this enzyme, he said, their bodies could manufacture ascorbic acid, also known as vitamin C. Lacking it, they have to eat fresh fruits, tomatoes and other vegetables to get the vitamin.

On the other hand, dogs and rats have the enzyme that gives them their built-in vitamin C supply.

Stetten said the recent pinpointing of the basic cause of the ancient scourge of scurvy gives hope that other nutritional deficiencies may be proved to result from imperfections in man's enzyme architecture.

Stetten was one of a group of scientists who outlined advances made during the last decade against diseases like arthritis, diabetes, gastro-intestinal ailments and gout.

Dr. Arthur Kornberg of Stanford University also spoke at the meeting marking the 10th anniversary of the institute. He won a Nobel Prize for synthesizing a substance called DNA—believed to be the body's key genetic substance.

Kornberg said that when scientists find out how DNA actually works in the system "I believe that problems like cancer and aging will be a lot better defined, and some will be solved."

Cars Derail

ALVA, Okla. (AP)—Seven cars of a half-mile long Santa Fe freight derailed on a mainline near this north central Oklahoma town early today.

There were no injuries.

Hammarstrand, in a message sent to Kasavubu, reportedly said that the original Security Council resolution authorizing the U.N. operation in the Congo linked the maintenance of law and order there with the maintenance of international peace and security.

Control of U.N. air traffic and bases was the chief conditions the Leopoldville government set for return of U.N. troops to Matadi, the country's chief port from which the U.N. Sudanese garrison was expelled last weekend.

DEAR ABBY THE NEST EGG

By Abigail Van Buren

DEAR ABBY: From the day we were married I gave my wife a very generous allowance, but she never saved a dime. She said she wasn't going to save her money for my next wife to spend. It took me 15 years to figure out an act. Now I tell her that I am not going to save any money either—let her next husband support her.

Consequently, we have nothing put away for our future and no economic security. Don't you think a woman should save something, or is that just a man's duty?

FEATHER MERCHANT
DEAR FEATHER: I think EVERYONE should save a part of his income or allowance. A man is morally obligated to provide for his wife's future should he go first. But a woman who doesn't lay away a little nestegg, should her breadwinner lose his job or become ill, is just plain cuckoo.

DEAR ABBY: Last night a neighbor of mine dropped by unexpectedly to visit with me. I had my table all set for a dinner party I was giving the next day. When she saw it, she all but laughed in my face. She said, "For crying out loud, you'd have to dust your dishes by the time your guests come."

Now, Abby, I wasn't raised in the ritziest home in the world, but it was no tar shack either, and my mother always used to set her table the night before if it really unsanitary? Or is my neighbor wrong?

PREPARED AHEAD OF TIME

DEAR PREPARED: Most women like to set their table after the final vacuuming and dusting have been done, but if you find it easier to set your table the night before, it is quite all right. Your neighbor could dust off her manners.

DEAR ABBY: Our daughter married a very nice neighbor boy. Neither one of the young people smoke, but both their fathers do. Shortly after they were settled in their apartment, they invited both families for dinner. When we got there the first thing we saw was a "NO SMOKING" sign in the living room. I have never seen or heard anything like this before and thought surely it must have been a joke. My husband lit a cigarette, our son-in-law disappeared and didn't even come back to say good-night. What do you make of this kind of behavior?

STUNNED
DEAR STUNNED: "NO SMOKING" sign doesn't belong in their living room—but the host does when he's invited guests. The young man's behavior was childish.

What's your problem? For a personal reply from Abby, send a self-addressed envelope to ABBY, Box 3365, Beverly Hills, Calif.

Who pays for what? For Abby's pamphlet, "How to Have a Lovey Wedding," send 50 cents to ABBY, Box 3365, Beverly Hills, Calif.

Lakeview QBC Plans Banquet

The annual banquet of the Lakeview Quarterback Club will honor all athletes of Lakeview High School Saturday at 7:30 p.m. in the Lakeview gym. Tickets for the affair are \$1 and many may be obtained at the school, the door, or from Charlie Merritt, Texas Electric Service Company.

All athletes and their dates will be honor guests for the occasion. Emmett McKenzie, head coach and athletic director of the Big Spring Independent School District, will be the speaker. There also will be a musical program featuring quartets, ensembles, soloists under direction of Jo Hazel Williams.

Goodbye, C Rations

SAN ANTONIO (AP)—The Army hopes tests under way in the Rio Grande Valley will lead to replacement of its oft-decried "C" rations with shrimp, chicken and vegetables.

The United Fruit Co. is conducting tests on freeze dehydration of shrimp and chicken at its plant in San Carlos.

If the tests are successful, the front-line soldier may be able to prepare a chicken or seafood dinner with little more than a canteen of water and a lightweight package of dehydrated food.

Dehydrated vegetables such as potatoes, cabbage, carrots, green beans and corn, and dehydrated milk and eggs have been in use for years.

Lt. Col. Herbert Sibert, head of veterinary services at Army Headquarters here, said in the freeze dehydration process, meat is cooked, frozen and then dehydrated while still frozen. It is heated only enough to change the moisture to vapor which may be withdrawn more easily.

Less than two per cent of the moisture remains in the fowl or fish at the end of the process, Sibert said.

After dehydration, the meat is almost weightless.

Shrimp is left in its natural shape and chicken is cut into cubes with dimensions of 1 1/2 to 2-inch. Only the breasts and thighs of the chicken are used.

One Of Best Known Minor Candidates Is Rep. Roberts

(Editors' Note: This is the eighth and last of a series of stories discussing candidates in the April 4 special Senate election.)

Bride's Tree Is Party Decor

A bride's tree, decorated with miniature wedding rings, Bibles, wishbones and rolling pins, caught in wisps of lavender net, stood on the tea table for the miscellaneous shower given Thursday for Ann Rogers of Lamesa.

The affair was in the home of Mrs. Gene Haston of the Knott Community, where the Rogers family once made a home.

Miss Rogers, bride-elect of the Rev. Joe O. Grizzle, is the daughter of Mr. and Mrs. Willard Rogers; the prospective bridegroom is the son of Mr. and Mrs. C. B. Grizzle Sr. The couple will be married March 11 at the First Baptist Church, Lamesa.

Favors for guests, who attended from Stanton, Lamesa and Big Spring, were tiny wedding rings tied with lavender satin bows.

Lavender hyacinths were combined with daisies to carry out the chosen colors of the bride-elect, and a crocheted cloth over lavender covered the table where, milk-glass appointments were used.

Mrs. Fred Parker, a hostess served, along with Mrs. Pat Grigg, Mrs. W. A. Jackson, another hostess, was at the guest register.

Other hostesses were Mrs. T. M. Robinson, Mrs. Herschel Smith, Mrs. J. G. Butcher, Mrs. Henry Sample, Mrs. E. L. Roman, Mrs. John Webb, Mrs. J. B. Shockley and Mrs. H. C. McClain.

Leon Byrds To Make Home In Big Spring

Mr. and Mrs. Leon Byrd will make their home in Big Spring, following their wedding in Pecos, Saturday evening.

The bride is the former Gwendolyn Winterrowd, daughter of Mr. and Mrs. C. W. Winterrowd of Pecos; the bridegroom is the son of Mr. and Mrs. Clifford Byrd, 621 Ridgelea Drive.

The couple took double ring vows in the home of Mr. and Mrs. Carl Byler, with the Rev. Glen Edwards, pastor of the First Baptist Church of Pecos, officiating.

Virginia Cain of Big Spring, cousin of the bride, presented the wedding music and accompanied Mrs. Ruth Cochran as she sang "The Lord's Prayer."

Given in marriage by her father, the bride was attired in white silk organza and lace; she carried a white orchid with a cascade of Stephanotis.

Attending the couple were Patricia Winterrowd, sister of the bride, and Gordon Myrick.

A reception in the Byler home honored the bridal pair before they left for a trip to Mexico City.

The new Mrs. Byrd has been a student at Texas Tech following her graduation from Pecos High School. Her husband is a graduate of Big Spring High School and attended Howard County Junior College. They plan to resume their studies in the fall.

Mrs. Dwight McCann was elevated head of the Boydstun P-TA Thursday afternoon at the school, with Mrs. J. W. Dickens to serve with her as vice president.

Elected secretary was Mrs. Roy Watkins, and Mrs. John Gattis, treasurer.

Delegates to the conference will be M. R. Turner, Mrs. Jack Price, Mrs. B. C. Coleman, Mrs. B. L. Mason, Mrs. Watkins, Mrs. Dickens, Mrs. McCann and Mrs. Gattis.

Room count was won by the first grade of Mrs. R. F. Davis. Mrs. W. C. Blankenship opened the session with a prayer, and the Rev. Claire Weiderhoff presented a devotion on "Attitudes."

Mrs. Watkins discussed "Rules for Zestful Living," and Mrs. Coleman followed with "How to Apply the Rules."

Mrs. Jesse Majors reported that a total of \$1,380.50 in savings stamps has been sold and 32 bonds have been completed.

CEADAR CREST
Second, third and fourth grades of Mrs. Charles Parks and Mrs. R. L. Baber presented the program at the Cedar Crest P-TA meeting Thursday.

Guest speaker was Mrs. Larson Lloyd, who spoke on scouting and showed slides of Girl Scouts in Puerto Rico. Room count was won by Mrs. L. E. Rush's first grade.

Officers were elected and Mrs. J. L. Switzer was chosen president. Other officers are Mrs. R. A. Trantham, vice president; Mrs. J. L. Stevens, secretary; and Mrs. W. E. Parker, treasurer.

Outgoing president, Mrs. A. A. Zollinger, was awarded an appreciation certificate for her work with the March of Dimes. Mrs. Carroll Trantham was chosen to be the delegate to the spring conference at the Cosden Country Club, March 21-22.

COLLEGE HEIGHTS

Senate Campaign Warms But Little

By CLAYTON HICKERSON
Associated Press Staff Writer

Candidates in Texas tried Friday to heat up the campaign for the U. S. Senate post that Lyndon B. Johnson vacated to become vice president, but in most places the race warmed but little.

Rep. Jim Wright campaigned Friday in West Texas. Former State Rep. Maury Maverick Jr., Atty. Gen. Will Wilson and Republican John Tower beat the campaign drums in East Texas.

Two others of the so-called "top six" among the 71 candidates vying for the seat in Washington—Interim Sen. William Blakley and State Sen. Henry Gonzalez—had no announced itineraries.

But one of the less widely known candidates, accountant Arthur Glover of Amarillo, stepped up his campaign in the Panhandle Friday and planned two television appearances.

Glover said he would speak Saturday over KCTV at San Angelo at 3:30 p.m., would spend Saturday night in Austin, and planned a second television appearance on KWTX-TV in Waco Sunday at 3 p.m.

State Rep. Wesley Roberts of Lamesa, invited 64 other of the lesser known candidates, to convene Monday in Austin. Roberts said he wanted 50 pool resources of the lesser candidates in an effort to provide information to the voting public of the possibility of choosing from the group a person more desirable than the choice lying among the big six.

Meanwhile, two of the counties with the heaviest voting casts determined the order in which the names of the candidates would be listed.

In Bexar County and Dallas County, William Park Holland, a Houston general contractor, grabbed the top spot. Of the so-called big six, Tower was over the other five in each of the big counties, No. 19 in Dallas County and No. 34 in Bexar County.

Wilson, released from a Paris hospital where he had been ill with a virus for about 48 hours, flew to Tyler for a televised press conference Thursday night. He planned to catch up on his East Texas tour during the next few days.

Maverick made a television appearance in Grayson County Thursday night and then opened a headquarters for his campaign at Sherman later in the evening.

Maverick told a Commerce coffee crowd that he wanted to do something about unemployment in Texas which he said now had reached 222,800, "the highest since 1941."

Wright, in San Angelo earlier

in the day, was in Midland Thursday night. He said he was for legislation to free gas producers from Federal Power Commission control and to limit oil imports.

A union spokesman in Fort Worth said Wright had not been endorsed by the United Auto Workers in the area, as reported, but had been endorsed by a machinists union at the Convoir plant.

The spokesman said the AFL-CIO's Committee on Political Education (COPE) had endorsed Maverick for the Senate post.

Truman Attends Nostalgic Dinner

WASHINGTON (AP)—Former President Harry S. Truman Thursday night observed an anniversary, and the occasion was awash with nostalgia and good spirits.

President Kennedy popped in to help celebrate the 20th anniversary of the creation of the Senate War Investigating Committee, which served as Truman's springboard to national prominence.

The dinner party was arranged by Charles Patrick Clark, who served as counsel for that long ago committee Truman headed. Many of Washington's most prominent faces—old and new, Republican and Democrat—beamed at the former president around the banquet table.

Medal Proposed For Dr. Dooley

WASHINGTON (AP)—A gold medal honoring the late Dr. Thomas A. Dooley is proposed in a bill prepared for introduction today by Sen. Hubert H. Humphrey, D-Minn.

Dr. Dooley, who won fame for his medical aid to Southeast Asia, died of cancer in New York last Jan. 18 at the age of 34. He had founded two hospitals in Laos and was one of the organizers of Medico Inc., a voluntary organization which established 17 medical projects in 12 countries.

Humphrey asked Congress to recognize Dr. Dooley's "gallant and unselfish public service."

DOG'S BEST FRIEND

RICHMOND, Ky. (AP)—Young Rickey Redden has a pair of plaster casts to prove his love for his dog, Rocky.

When he saw a heavy rail about to fall from a hayloft on the Redden farm, and the dog below, Rickey threw himself against the rail.

Both rail and boy fell 15 feet, and Rickey suffered fractures of both arms.

Rickey scampered away, uninjured.

HONEST MAN

CLINTON, La. (AP)—Justice of the Peace James McDowell was out of a job today. Even when he had a job, he had nothing to do. That's why he is out of a job.

McDowell resigned from the \$240-a-year job with the explanation that the sheriff and district judge had performed most of the functions of his office. That left nothing for him to do. So he quit.

THE UNDENIABLE

JOY

By T. H. Turbel, preacher
Church of Christ, West Highway 20

Your pursuit of happiness need not be in vain. The angel who announced the birth of Jesus Christ said, "Behold, I bring you good tidings of great joy, which shall be to all people" (Luke 2:10).

The Book of Mormon does not have the answer when it teaches that sin brings joy (II Nephi 2:22-25). The opposite is true according to the word of God, which says, "Folly is joy to him that is destitute of wisdom..." (Prov. 15:21).

The Lord Jesus Christ gives a lasting joy. Repentance unto sal-

vation "bringeth no regret" (II Cor. 7:10 RV).

When a man becomes a Christian, the only regret he ever has is that he did not do so earlier in life. If a man does not become a Christian, he shall have an eternity to regret it (Matt. 25:46).

Demos See No Easy Win For Kennedy Housing Plan

WASHINGTON (AP) — Democrats in Congress talked today of enacting President Kennedy's \$3.25 billion housing program by May—but acknowledged it would not be easy.

Even before the President sent up the actual legislation to be considered, there were signs that Congress might make changes in his proposals; now heavily weighted toward halting decay in cities and easing the housing problems of lower-income families.

The two Alabama Democrats who head the housing subcommittees of the Senate and House, Sen. John J. Sparkman and Rep. Albert Rains, got together on a tentative schedule that calls for the Senate to move first. Democrats count on easier going in the Senate than in the House, where Republicans picked up a net of 22 seats in last year's election.

Rains said the GOP gains "inevitably make it a nip and tuck battle on the House floor."

Salvation Army Marks Birthday

BY JOSEPH BEYER

The Salvation Army Corps celebrates its 81st birthday today but work will go on as usual at the Big Spring Citadel, 308 Aylford. Religious and social needs of men are as unmindful of birthdays as they have been since the Corps' inception.

"To get persons into a right relationship with God" is the way Captain James Jay, commanding officer of the Big Spring Corps, expressed the primary purpose of its existence.

Administering to social needs is secondary, even though that is the work with which most people associate the Corps.

HELPING NEEDY

"We do social work because this is a Christian organization and we believe that helping those in need is Christianity in action," Capt. Jay said.

Foremost on the Salvation Army's list of work are street services, Sunday worship services, weeknight services, and programs designed to develop character in youth. Capt. Jay reported that in January of 1961 10 persons, eight adults and two youths, found their "proper relationship with God."

The Corps also provides relief for indigent families and individuals. Lodging, clothes, meals, job placements and transportation are a few of the services offered. The Corps is deluged with aid requests from the needy and is always in need of children's shoes and clothing. This is the biggest family service. When persons do not meet county residence requirements, the Salvation Army occasionally helps with food needs also.

Often families with pre-school children move into town and the father is unable to find work.

EMPLOYMENT

In such cases, the Corps helps with seeking employment if necessary. Often, however, the man is skilled but is temporarily out of work. While he is searching the wife and family are housed and fed until work is found and paychecks begin to arrive.

Although this is a frequent occurrence, Capt. Jay said that the greatest work volume is with transient, overnight service. Men and women traveling between towns are stranded without funds, food, or a place to stay. The Salvation Army provides food and shelter so that they may continue their journey, rested and fed.

January through April are the peak seasons when men and women are without a means of livelihood and care must come from somewhere.

Statistics are cold and often meaningless, but they help tell the story of work accomplished by the Corps in January of this year.

830 TRANSIENTS

Lodging was provided for 830 transients in January, almost twice the 462 of a year ago. This year 1,961 meals were furnished; last year there were 999. Garments and shoes for transients amounted to 618, more than five times the 118 for last January.

In January, 1960, 69 persons were given family relief; this year the figure was 121. More than 5,000 articles of clothing were dispensed to them compared to 2,083 for the same period last year.

These services were provided in addition to others mentioned previously. Paid employees of the Salvation Army Corps are Capt. Jay; Beverly McNew, secretary and office worker; Mrs. Bada Ryerson, solicitor; Robert Mellon, transient manager; and part-time workers Mitchell Carter, cook; Mrs. J. R. Kirby, clothing room worker; and Pat McNew and Lloyd Morgan, drivers.

NONE PAID

Capt. Jay pointed out that there are no paid workers in the religious activities. This is in keeping with Salvation Army policy. Members of the advisory board have contributed much toward the success of the Corps.

"I could go down a list of their names and mention things which each has done. We simply could not do without their help," Capt. Jay said.

The advisory board is con-

and other donations amounted to \$8,442. Internal income from missionary efforts and sale of the Salvation Army magazine, "Wolf Cry," brought in the rest.

Current members are Jack Alexander, Bob Bradbury, Wayne Burns, Harold Canning, Chester Cathey, Lonnie Coker, Jack I. Davis, G. H. Hayward, Mrs. J. E. Hogan, Dr. W. A. Hunt, J. D. Jones, Byron Lillie, Mrs. W. D. McDonald, Coy Nalley, Floyd Parsons, Lewis Price, H. W. Smith, Robert Stripling, Elmer Tarbox and R.H. Weaver.

BUDGET

The budget for the fiscal year beginning Nov. 1, 1960 totaled \$29,050. The greatest contributor to this fund was the United Fund with a \$19,098 donation. Solicitation, the Christmas Drive effort

"The Lifeline of Christianity"

Diligently Pray For The Work of Your Church

CLOCK WATCHERS

Are men becoming smaller than the clocks they watch? As we rush from plane to plane, city to city, appointment to appointment, are we shrinking rather than growing?

For centuries men have gone forth from their homes to work, either by foot, ship, horseback or in a jet that can cross a continent between lunch and dinner. Whether in the end it was "worth it" has always depended on whether a man found time as the years went by for those things even more important than success—his family, his home, and his church.

If the demands of your job—the pace of your life—have chained you to a clock that is getting bigger than you are, pause to remember: in any human life there are only so many hours, none of which may be reclaimed once they've ticked by. Pause to realize, too, that it takes only a minute to pray, only an hour to go to church on Sunday—yet the benefits reaped from even such brief dedication to God can be eternal.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses

Kentucky Bares Teeth In NCAA Tourney Play

By DON WEISS

Kerrville Ball Player Missing
COLLEGE STATION (AP) - Texas A&M baseball Coach Tom Chandler wants to find in a hurry that 6-2, 180-pound pitcher from Kerrville who showed lots of stuff in drills and then was mistakenly cut from the freshman squad.

AT PENSACOLA

Inman Leading By 4 Strokes

PENSACOLA, Fla. (AP) - Walter Inman's best showing in PGA golf was a tie for seventh in the Milwaukee Open in 1957, but today he held a four-stroke lead in the Pensacola Open.

and Jimmy Clark going into the second round of the \$20,000 meet. Bunched behind them at 71 were Jack McGowan, Gerald Soto and Marty Furgol. Tommy Jacobs, Bobby Nichols, Don Fairfield, Tommy Bolt and Don Finsterwald were at 72.

Arnold Palmer, defending champion here, started off with two birdies and posted a one-over-par 73.

The field will be cut to the low 60 and ties after today's round. The tournament continues through Sunday.

Crawford Upsets Chuck McKinley

CORPUS CHRISTI (AP)—The University of Corpus Christi Thursday defeated Trinity of San Antonio 5-1 in a tennis match with Trinity's Chuck McKinley bowing to Chris Crawford.

McKinley, ranked No. 4 among the nation's amateurs, was defeated by Crawford, 10th ranked nationally, 6-4, 5-7, 6-4.

For the record, Ohio State—everybody's No. 1 and now riding a 20-game winning streak—has lost only three games in the two years Jerry Lucas and buddies John Havlicek, Larry Siegfried and Mel Nowell have been together. One of the three losses was to—yes—96-83, back in December 1959.

The Wildcats have one tune-up before the tournament, opening playing their regular season finals against another NCAA-bound team, Marquette, at Chicago Stadium Saturday night.

Marquette rallied behind Don Kojs to whip Xavier of Ohio, 77-74; NCAA-bound St. John's (N.Y.) pushed its winning streak to nine, 78-64 over New York U., and Tennessee State, the No. 8 small college power which has been clamoring for a bid to the National Invitation Tournament, was upset 92-82 by Winston-Salem Teachers in their feature of Thursday night's programs.

Oklahoma State defeated Oklahoma 69-67 to clinch at least a third place tie in the Big Eight Conference, and Manhattan ended its season with a 73-69 triumph over Fordham in other major games Thursday night.

Wynn Is Still A Big Worker

SARASOTA, Fla. (AP)—At 41, Early Wynn refuses to yield to Father Time. Although he has lost some of the top on his fast ball, he may need an extra day of rest between assignments, the burly right-hander is still the solid man of the Chicago White Sox pitching staff.

Wynn is fully aware that he must hang up his glove some time but he insists it won't be for at least three or four more years.

"Why, the addition of two new teams alone will add another year or two to my career," he said.

Wynn won only 13 games last year, but he finished strong, winning 11 in the second half of the season.

Sundown Defeats Hull-Daisetta

AUSTIN (AP)—Competition begins today in Class AA and Class B sections of the Girls Interscholastic League Basketball Tournament.

Mustangs Assume Lead In Meet

COLLEGE STATION (AP)—Southern Methodist jumped into an early lead with 50 points as records fell in the only two finals held Thursday night in the Southwest Conference swimming meet.

Desegregation End Is Near: Perini

BRADENTON, Fla. (AP)—Lou Perini, owner of the Milwaukee Braves, believes that the end of segregation for Negro baseball players in the South is "just around the corner"—if baseball men are permitted to do the job.

Weatherman Sees Warmup

By The Associated Press

The waning winter still had a finger on Texas Friday, but the weather forecasters promised warmer temperatures ahead.

Two widely separated points, Dalhart in the Upper Panhandle and Lufkin in East Texas' piney woods, reported freeze-level temperatures at 4 a.m.

The range at that time was from 52 at those two places to 54 at Galveston. Most thermometer readings ranged from the mid 30s to the mid 40s.

Skies were clear all over the state except for high, thin cloudiness in the West Texas area from Abilene to Wink. Winds were generally light and turned southerly in Panhandle-Plains country.

Forecasters called for partly cloudy skies in most sections for Friday with slowly rising temperatures. Cooler temperatures were expected Saturday over the northern half of the state.

No rain fell and none was expected.

Scientists Begin Operation Mohole

SAN DIEGO, Calif. (AP)—Scientists have taken the first real step in the exploration of inner space.

Their aim: Find out what's inside the world. Scholars have wondered for years, and the answers may tell us how life began and how the earth itself came into being.

The project is Operation Mohole, being conducted off the coast of Southern California.

The first step Thursday was the lowering of more than 3,000 feet of drill pipe to the ocean bottom, then drilling a few feet into the sediment. Operations are conducted from a special drilling ship.

Cores punched from the sub-oceanic bottom will be brought up in subsequent days. The core material will be of great interest to scientists because it comes from a kind of earth layer never

more than superficially penetrated.

It will be the first learning step toward getting samples from an earth level which may have been this world's surface a billion or so years ago.

Getting samples from that level will take several years, several million dollars and considerable experimentation.

Later drilling will be in deeper water—12,000 feet and more—off the coast of North America.

If the tests succeed fully—reaching the original surface where life began—scientists may uncover the course of the evolution of life, age by age.

The goal is to drill through the earth's outer crust and reach into its mantle, which scientists believe is a very hard kind of rock 3 1/2 to 10 miles below the top crust.

Previous drilling at sea has been done through shallow water about 400 feet deep. Such efforts have penetrated to about 10,000 feet below the earth surface, but the sediment at that level is less revealing scientifically than material below greater ocean depths.

Mohole—technically called "Mohole-Discontinuity"—is a mysterious division between the crust and the mantle, and gives the project its name. The work is sponsored by the National Science Foundation.

Peace Conference Hailed As Proof Of Democracy

MEXICO CITY (AP)—Government permission for the Inter-American Peace Conference held here earlier in the week proved Mexican democracy, Gen. Coran del Rosal said Thursday.

The general, head of Mexico's dominant Party of Revolutionary Institutions (PRI), hinted that a capitalist political rally could not be held in Russia.

Of the conference called here by former Mexican President Lazaro Cardenas, Del Rosal said: "The reaction was very minor."

Mexican newspapers virtually ignored the conference which closed Wednesday.

2 Borger Lads Die In Wreck

BORGER (AP)—Two Borger youths were killed and another seriously injured Thursday night when their automobile overturned on Farm Road 1551 near here.

Killed in the 8:15 p.m. accident was James Douglas Cole, 16, James Mills, 16, died of injuries suffered in the accident at 8:35 a.m. today.

In a serious condition in North Plains Hospital here was Fred Linton, 16, also of Borger.

Carson Resigns U.S. Oil Post

WASHINGTON (AP)—Capt. Matthew V. Carson Jr. has resigned as director of the Interior Department's office of oil and gas effective April 1.

Carson, who is a native of Hearne, Tex., will retire from the Navy on the same date, the department also announced Thursday.

Frank S. Lott, assistant director of the office, will serve as acting director for the next few months.

Crackdown

MEXICO CITY (AP)—The government has ordered a crackdown on all undesirable aliens in the country. The Interior Ministry said Thursday it had ordered its inspectors to check all foreigners and to arrest those who entered the country illegally or were working without permits.

Tax Bill Methods Still Up In The Air

AUSTIN (AP)—Easy introduction of legislative measures ended today with tax writers still arguing about package vs. piecemeal money raisers.

Both houses are in adjournment until 11 a.m. Monday.

After today all proposals to change state laws or the Constitution must have four-fifths approval.

Indonesia Breaks Indirect Ties With Netherlands

JAKARTA, Indonesia (AP)—Indonesia today broke off the indirect diplomatic relations it had kept with its former rulers, the Netherlands.

A foreign ministry spokesman announced Britain had been asked to stop representing the Netherlands in Jakarta, and the United Arab Republic had been asked to stop representing Indonesia in the Hague.

The complete break followed Indonesian claims of an increasing Dutch military buildup in Dutch-occupied Western New Guinea, which Indonesia claims. Indonesia broke direct diplomatic relations with the Netherlands last August over the New Guinea issue.

"Indonesia wants no more dealings with the Dutch," a foreign ministry spokesman said.

Capt. Karalus Awarded Degree

Capt. Pete H. Karalus, 3560th Pilot Training Squadron at Webb AFB, has been awarded his doctor's degree in instructing. He has more than 2,400 hours of incident-free flying time and is credited with over 1,000 hours' jet instructor time.

Capt. Karalus flew F-89 and F-94 jets before coming to Webb in January, 1958. He is assigned to Hammer Flight, 3560th Pilot Training Squadron. He is a native of Buffalo, N. Y.

al of either house before they can even rate the attention of a committee.

Today also is the end of the 60-day period in which legislative proposals of Gov. Price Daniel get priority treatment over other measures.

The House Thursday voted 149-1 for a resolution that said the deficit should be wiped out before permanent financing is debated. That is the governor's No. 1 demand.

Daniel told reporters he would not insist on revival of his sorely-wounded deficit measures.

"If they can find something else to do the job it is fine with me," he said. "It is time for those who oppose the hills to come up with their suggestions."

A staunch backer of Daniel, Rep. George Hinson, Mineola, came up late Thursday with a \$147 million a year tax plan. Hinson said his proposed new or increased taxes on gas, motor vehicles, jewelry, construction materials, utilities, stock transfers, soft drinks, liquor, wine, beer and restaurant meals is the only measure offered that would give teachers an \$800 a year pay hike, help state colleges, and finance the governor's budget recommendations.

Two-thirds of the income from Hinson's bill would go to the foundation school program and one-third to the state's general revenue fund.

Rep. John Allen, Longview, offered his second general sales tax bill (HB803), a two per cent levy on almost all retail sales except those already carrying a sales tax such as cigarettes and gasoline. It would not exempt food or medicine. He said it would raise \$317 million for the next two years, enough to cover the governor's budget recommendations, help state colleges and give teachers an \$800 pay raise.

Rep. Jack Woods, Waco, offered a three per cent luxury tax on consumer goods over the value of \$10. It would exempt medicine, drugs and coffins.

Rep. Charles Hughes, Sherman, offered a new abandoned property bill which he predicted would be more successful than the measure defeated in the House last week.

Four Seek Three Seats

GARDEN CITY (SC)—Three places will be filled in the Glasscock County School Board election on April 1. Four persons are running for the places. They are:

R. D. Dobbs, who lives near Lee's Store, is a pumper, an incumbent who has served two years. Dobbs is 39, and has lived in the county 11 years.

Sidney Hirt, who lives in the St. Lawrence Community, is an incumbent who has served two years. Hirt is a farmer, 35, and has lived in the county six years.

Baylor Pruett has served in the unexpired term of N. L. Childers who moved from the county about a year ago. Pruett is 52, a pumper and has lived in the county 24 years. He lives in Garden City.

James Richard Currie is a rancher and lives on his ranch about 10 miles east of Garden City. He is 32, and has lived in Glasscock County all his life.

Last Executive Freed From Jail

NORRISTOWN, Pa. (AP)—John M. Cook, 54, a vice president of Cutler-Hammer Inc. of Milwaukee was released from prison today after serving 25 days of a 30-day term for price fixing and bid rigging. He was the last of seven top executives freed early because of exemplary behavior.

Thus, with nearly \$2 million in fines already paid by electrical firms in what the government described as one of the biggest anti-trust cases in history, the penalties imposed by the court have been paid.

CAB Introduces New Mail Plan

WASHINGTON (AP)—The Civil Aeronautics Board has placed Trans-Texas Airlines and eight other local service airlines on a new mail subsidy formula based on a special class rate.

The new rate is set up on the basis of each airline's individual needs, is stated in terms of a class of airlines and the scale is determined by volume of operations for each station.

Central Airlines of Fort Worth, Frontier, Pacific and West Coast Airlines, objected to the proposed new rates and remained under the old system of determining subsidy rates individually for each airline.

In addition to Trans-Texas, airlines going under the new subsidy system are Allegheny, Bonanza, Lake Central, Mohawk, North Central, Otark, Piedmont and Southern.

Suspects Face Return To Texas

NEW YORK (AP)—Leslie Douglas Ashley, 23, and his teenage girl companion, Carolyn Ann Lima, were to be flown to Houston today to face murder charges.

Federal authorities arrested the female impersonator and Miss Lima, 18, Feb. 25. They have been held in jail in lieu of \$50,000 bond each since their arrest here.

The pair is charged in Houston with the death of Houston real estate man Fred A. Tones Jr., whose body was found in a drainage ditch Feb. 6. He had been shot and his body turned.

U.S. Marshal Thomas J. Lunney said he expected to arrive in Dallas with the pair at noon (Dallas time) and to reach Houston via Braniff flight 327 at 2:51 p.m.
