### Lloyd Receives Fellowship

Joseph Hollis Lloyd Sr., a ninth grade mathematics teacher at Runnels Junior High, has been awarded a National Science Foundation Fellowship to attend a Summer Institute at Texas Christian University.

Lloyd has taught school 19 years and has been in Big Spring five years. Prior to coming here, he was elementary principal at Meadow.

The 55-year-old teacher received a bachelor of arts degree in 1945 and a master's degree in education in 1951 from Hardin-Simmons University.

Lloyd received notice of the award March 15, but was not officially notified of it until March 23. It entitles him to a \$75 a week stipend while attending TCU for six weeks this summer. Beginning June 5, he will take two courses in mathematics.

Mr. and Mrs. Lloyd live at 2909 Old West Highway. They have six boys and a girl, all married. They are members of the First Baptist Church.

## Candidates Quickened Pace In Home Stretch

By FINIS MOTHERSHEAD  
Associated Press Staff Writer

Candidates hurried along without rest Friday in the stretch drive of their race for the unexpired Senate term of Vice President Lyndon Johnson.

As time to vote in Tuesday's special election drew near, the original field of 71 candidates shrank to 65 and several cities reported a quickened rate of absentee balloting, for which Friday was the deadline.

There likewise was a sharper note to campaign statements by some of the better known contenders.

One candidate died Thursday. He was Hubo Knoblauch, 49, of Corpus Christi, a retired druggist. His death resulted from injuries suffered in a traffic accident the day before.

Another withdrew, although his name will remain among the 71 on the ballot. Brown McCallum, 57, of Austin, said he was quitting the race and threw his backing to Maury Maverick Jr. of San Antonio.

**EARLY DROP-OUTS**  
Five of those paying \$50 filing fees dropped out of the race earlier—J. C. Barker of Marshall, State Rep. Wesley Roberts of Seminole, Homer Starlow of Dallas, George Red of Houston and Frank Matara of San Antonio.

In Austin, State Comptroller Robert S. Calvert reported the latest available figures on poll tax payments and exemptions indicated 2,055,663 were eligible to vote in the special election. His total included estimates for five counties still due to file final tallies—Harris, Galveston, Tarrant, Nacogdoches and Zapata.

One of the sharper utterances

by a candidate came from Atty. Gen. Will Wilson. Before leaving Dallas to campaign Friday in Tyler, Longview and Marshall, Wilson made public a telegram sent to Republican rival John Tower of Wichita Falls.

The attorney general asserted Tower had "persisted in spreading" an untrue statement that the Texas Supreme Court once reprimanded Wilson and called on Tower to drop out of the Senate race.

**NO REJOINDER**  
Tower said several days ago he had not authorized anyone to distribute such a statement about Wilson. He made no immediate rejoinder to the attorney general's latest remarks.

Wilson also said at least 24 newspapers have endorsed his candidacy and named the Corsicana Weekly Light as a new addition to the list.

Tower spent Thursday campaigning in West Texas at El Paso and Midland. He planned to spend Friday in Dallas and neighboring Richardson and Irving.

U. S. Rep. Jim Wright of Fort Worth remained for a second day in Houston, where he declared Thursday night that internal dissent is the gravest peril to this country in a time of international crisis.

For that reason, Wright said he proposes to ask a congressional probe of the controversial John Birch Society, a semi-secret rightist organization.

"This should not be a witch hunt," Wright said.

lended his right arm and finger and swung it toward his nose. He missed.

**Tie On The Rocket**  
GRAFTON, Ill. (AP) — Louis Noble had a ride on a 25-ton crane and now faces the problem of how to get it out of a small but deep lake.

As the monster hit the water, Noble hit the dirt. When the crane stopped settling, only the tip of the 35-foot boom was sticking out of the water.

**Who Was Drunk?**  
LOS ANGELES (AP) — Mercer G. Brown, 36, was arrested Feb. 17 on a drunken driving charge because, in a closed eyes test, he couldn't touch the tip of his nose with his forehead.

In municipal court, his attorney asked the arresting officer, Larry Schultze, to show the jury how a sober man should have done.

Schultze closed his eyes, extended his right arm and finger and swung it toward his nose. He missed.

The jury found Brown innocent.

**Christian Employer**  
By T. H. Tarbet, preacher  
Church of Christ, West Highway 20

The master of Bible days is found today, to an extent, in the employer. He is told: "And ye masters, do the same things unto them, and forbear threatening; knowing that He who is both Master and yours is in heaven, and there is no respect of persons with Him." (Col. 4:1.)

Your employee may be a poor man; his skin may be a different color; but he is made by the same Creator who is over you and him, and in whose sight you are alike. Treat him as you would have the Lord treat you.

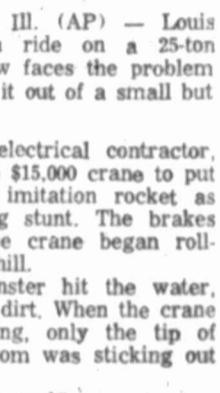

Yesterday we noticed the em-

ployee's duties. If he and the employer would both follow the instructions found in the Bible, what a better world this would be.

This is practical Christianity; but one cannot practice Christianity until he becomes a Christian. The book of Acts of Apostles gives you examples of how men are converted to Christ.

Plan to attend our services Sunday, David Tarbet will preach at 10:30 and 7:00. —Adv.

### Addison Must Pay For Appeal

FORT WORTH (AP)—Uranium promoter John Milton Addison and four associates must pay for appealing their conviction on fraud charges, U.S. Dist. Judge Whitfield Davidson ruled Thursday.

The court turned down their request to be declared paupers, a move designed to let them appeal at government expense.

Davidson said lawyers had not refuted a government claim that Addison and the others have \$2 million cash for which they have failed to account, plus about 400,000 acres of land and two airplanes.

### DEAR ABBY Better Wait A Bit Longer

**DEAR ABBY:** I need help with an important decision. I am 44, have never been married and can give a woman a first-class home with no money worries. I have been seeing a good-looking divorcee of 46. She has a 12-year-old daughter who is spoiled, moody and hard to handle. This woman claims she loves me and wants to marry me. She knows her daughter resents me but she's offered to send the girl to live with her grandmother during the week and we will keep her on the weekends. I don't think I could stand her on weekends, but I do want to marry this woman. What do you think of this deal?

**DEAR ABBY:** Have you or any of your readers ever heard that it was bad luck to be married on an odd-numbered date such as the 5th, 7th or 9th? My daughter plans to be married September 9th, and my mother is all up in the air about it. She says we should change the date to an even number or we'll have bad luck. The date is set and the church is spoken for. I wonder if we should go to all that trouble to change the date and all the arrangements just because of what my mother says? — Mrs. M.

**DEAR WAITING:** This woman appears to be looking for a "deal" for herself. She has offered to shift the responsibility of raising her daughter to the child's grandmother. In my opinion, a woman who treats her own daughter this way would probably treat her husband worse. Wait a little longer.

**DEAR MRS. M.:** Stick to the date you originally selected. I never heard of the superstition about odd-numbered wedding dates—but I HAVE heard of one about changing the wedding date once it's set.

**DEAR ABBY:** We have on our farm a cow that hates women. This is a beautiful cow with soft brown eyes and a gentle manner, but she won't let a woman come within thirty feet of her. She is very friendly to men whether she has seen them before or not. When we have company, we have to warn all the women about her. Is there an explanation for this? Maybe one of your readers who knows about farm animals can explain it to me and help me out. **FARMER**

**CONFIDENTIAL TO "MODERN MOTHER":** Granted, your daughter CAN be trusted, but why place such temptations in the path of a healthy, lovely 18-year-old girl? She has no business on an overnight ski trip with her "steady"—unhappily.

### Bond Extension Called A Boon

The latest extension offered on the oldest Series E Savings Bonds at a full 3-1/2 per cent annual interest rate is a boon to the thousands of people in this county who still hold bonds bought between May, 1941 and May, 1949. Robert W. Currie, County Volunteer Savings Bond Chairman, said today:

He referred to the recent announcement by the Treasury dealing with E bonds that begin to reach the end of their extended maturity in May of this year. This second 10-year extension was promised back in 1959, but the terms and interest rate were not announced at that time. Under the new ruling, these bonds will return 3-1/2 per cent each year, compounded semi-annually, based on their current cash value (well over face value).

"All of these bonds bought between May, 1941, and May, 1949, originally drew 2 3/4 per cent interest," Currie continued. "In their first extension, they have been earning from 2.90 to 3.47 per cent, if held to extended maturity."

"Now those bond owners who have kept E bonds for the full 20 years will be rewarded with a full 3-1/2 per cent return each year on the full current value of their bonds. This should encourage them to reap the benefits of this high rate for another full 10 years."

Nearly \$15 billion in the 1941-49 E bonds are still outstanding in the country as a whole. It is estimated about \$3,500,000 worth are owned by people in Howard County.

## Winnings, Wages, Pensions, Gifts—Which Are Taxable?

**EDITOR'S NOTE:** Just what does the government consider income for tax purposes? Its definition is quite a bit different from the general usage of the word. This is the gist of five articles—explains the income you must remember and the income you can forget when tax time rolls around.

**By FRANK CORMIER**  
Associated Press Staff Writer

Here's an income tax tip that might prove more worthwhile than any other: If you've got a refund coming, don't vanish.

Sounds foolish? Maybe so, but that's exactly what happens in thousands of cases each year. The Treasury currently is trying to locate 58,340 taxpayers who are due refunds totaling \$2.7 million.

Many of these people didn't write legibly on their returns. Others moved without giving the post office a forwarding address.

Another mistake some people make is to report income that is exempt from tax. Types of exempt income include:

Social Security benefits, unemployment compensation and payments under the Railroad Retirement law.

Inheritance and death benefits from life insurance policies.

All government payments to veterans and their families, except retirement pay not connected with a disability and interest on terminal leave bonds.

Gifts of cash or things of value for which you perform NO service whatever. However, contests or quiz show winnings are taxed.

Interest on state and municipal bonds, subsistence and rental allowances for members of the armed forces and dividends on GI life insurance policies.

Pay received from your employer while you were sick, within strict limits spelled out in the instruction booklets distributed with tax forms.

Some income from pensions and annuities, also explained in the instructions.

Prizes and awards recognizing past accomplishments in civic, literary, artistic, educational sci-

entific, charitable or religious fields.

Scholarships if the recipient is a candidate for a degree; if not, the maximum amount exempted is \$300 a month for 36 months provided certain other requirements are met.

The first \$50 of dividends on most stock (\$100 if you file a joint return and own the shares jointly with your wife). You may also be eligible for a special tax credit if you had more than \$50 of dividend income. Rules are given in the official instructions.

Taxable income includes wages, salary, bonuses, commissions, fees, tips, interest, dividends, profits from the sale or exchange of property, rents and royalties, income from estates and trusts and profits from farm, business or profession.

Alimony and separate maintenance payments are taxed if received from someone entitled to deduct them on his or her tax return.

You also must pay taxes on any expense money provided by your employer if you collected more than you actually spent on the job. You pay tax on the excess.

If you spent more than you collected from your boss, you may be able to deduct the excess. Deductible on page 1 of tax forms 1040 and 1040W are:

1. Expenses of overnight business trips, but not including entertainment and personal outlays.

2. Transportation expenses, but not including the cost of getting to and from work.

3. All necessary and ordinary expenses of outside salesmen.

Other job-connected expenses are deducted among "miscellaneous" items on page 2 of the tax forms.

You may also deduct in some cases, the cost of education connected with your job. The rules and procedures are given in the IRS instructions.

If you have any questions about any tax matter, IRS is the place to go. You may reach the agency by phone or in person and there is no charge for its help. If you take up a problem with IRS now, you may save yourself trouble in the future.

Members Asked To Plant Trees

Members of the Big Spring Country Club should have a tree-planting time Saturday at an Arbor Day barbecue. At least that is the intent of the affair.

Interested members are urged to donate and plant one or more trees around the golf course and club grounds. The kind and number of trees is left to the donor's discretion.

Stakes will be placed around the course to designate tree sites and all donors need do is bring a tree, a shovel and a muscle or two for digging. For added convenience, a nursery truck will be on the club grounds for those wishing to purchase trees at the club.

A barbecue will be served from noon until 1 p.m. Cost is \$1.50 per person. Reservations should be made by Friday night.

**Pleads Guilty**

T. W. Hendricks, charged with writing a worthless check for \$35, pleaded guilty in Howard County Court Thursday morning. Judge Ed Carpenter sentenced him to serve 30 days in the county jail and pay costs in the case.

Moon Means Planting, Not Romance, To Her

By ANNE LEFEVER

Those that believe in it, swear by it; those that take a firm view of it think they've flipped their lids. That would be the idea of planting by the light and dark of the moon, and one of the staunchest advocates of the process is Mrs. Doris Carr, 1305 Tucson.

Source Of Pride

Rightfully proud of this small tree is Mrs. Doris Carr, 1305 Tucson, who grew it from the seed of a Santa Rosa plum, which she ate while visiting her sister in California.

trench about eight or 10 inches from tomato vines for irrigation; this, she keeps water in all the time since the vines are always thirsty.

IRRIGATION

A hall of twine is planted with each cucumber, and the string serves as a wick when she places it in a container which holds water constantly.

Mrs. Dick Clay Hosted HD Club

Mrs. Dick Clay gave the devotion at Tuesday's meeting of the Knott Home Demonstration Club and was the hostess.

Games were led by Mrs. O. B. Gaskins. Room call was "the room I would like to add to my present home."

Mrs. Gaskins, Mrs. Cockrell and Mrs. Joe Meyers reported as a committee on plans for a national home demonstration week.

Next meeting will be with Mrs. Gaskins at 2 p.m., April 11.

For crops which produce beneath the ground, such as potatoes, carrots, beets and turnips, select the dark of the moon for planting, Mrs. Carr advises; by "dark of the moon," she means the time from the last quarter until the new moon.

From the first row came twice as many potatoes as from the second, the gardener stated.

BUSY PLOT

There is probably no busier plot of land in Big Spring than the area, about 30 x 40 feet which Mrs. Carr uses as her garden.

One woman, for example, is on the board of the Woman's Club, which means she attends two meetings a month; she models, prepares a dessert and arranges for delivery of 100 card tables for the annual fashion show.

She is also a member of the volunteer committee for mental health, for which she spends an hour a day at the telephone trying to recruit volunteers for work at the state hospital.

Several tips on gardening were mentioned by Mrs. Carr, who runs her letter shop during the day after a session of early morning work with the soil. She keeps a

How did this ball ever get rolling? "I guess I'm a victim of the soft sell," she says.

"My other gripe is about meetings, meetings, meetings. Calling a meeting seems to be the chairman's solution for anything, no matter how trivial. People get way off the point, get very emotional, and hours go by. And nothing has been settled."

To such harried do-gooders, women who are able to keep their volunteer work within reasonable bounds have advice. "Walk with caution before saying yes," says one woman of experience. "I try to find out exactly what the work entails—meetings how often, how long, and what for. Telephoning the same. How much help I can count on if it's a big planning job. Most of all, do I feel this organization is necessary? Is it doing a job? Or does it seem like made work?"

EASTER EGG

... cake and ice cream in a surprise package

Easter Egg Is Surprise

One of the prettiest items on your table this Easter Sunday could be a beautiful ice cream Easter Egg. And what a surprise it would be—with a pound cake on the inside.

Here are the ingredients: 17 oz. pkg. of cake mix 1 qt. strawberry ice cream (or preferred flavor) 1 cup heavy cream 1/2 cup confections' sugar

Prepare the pound cake according to instructions. Bake in a one-quart greased melon mold for 1 1/2 hours or until golden brown, cool and trim off level with mold. Remove from mold. Pack melon mold with ice cream. Freeze until firm.

Unmold and place cake and ice cream molds with flat sides together. Whip cream with confections' sugar until stiff peaks form when beaters are lifted.

Frost mold with whipped cream all over and decorate to look like an Easter Egg. To serve, cut in slices. Makes 8 to 6 servings.

Circle Schedules Royal Service Task

Members of the Douglas Circle of Baptist Temple, meeting in the home of Mrs. Charles Modisett, made plans for hostess duties when all circles meet at the church for a Royal Service, April 11.

Mrs. George Harwood opened the session with prayer; the group was reminded that the meeting was held on the birthday anniversary of Ray Douglas for whom the circle was named. He is a home missionary among migrant workers in California.

For the next activity of the circle, members will visit in various homes instead of having a meeting.

Smart Style

You'll like the becoming shape of the neckline, the mere suggestion of a sleeve, in this charming bow-trimmed frock. No. 3252 comes in sizes 14 1/2, 16 1/2, 18 1/2, 20 1/2, 22 1/2, 24 1/2. Size 16 1/2 takes just 3 1/2 yards of 39-inch fabric.

Are You Numbered Among This Group Of Necessary Workers?

By LYDIA BICKFORD AP Newsfeatures Writer

Plan a mass meeting of all the women volunteers in the United States and you'd have to rent several hundred football stadiums.

You'd find enough talent, too, to run a king-size corporation—and still have ability left over. You can find women who fill every post from switchboard operator to chairman of the board.

Women talk, walk, plan, collect, create, cook, inspire, phone, write, enlist, solicit for hundreds of causes that couldn't exist without their efforts.

Is volunteering a satisfying way

An Easter egg hunt for the children of NCO Club members has been announced for Sunday, at the NCO Club, beginning at 1:30 p.m.

Children of club members (pre-school through the sixth grade) may take part in the hunt. Mrs. Herman Nofziger, with a group of the members wives will serve as hostesses.

The regular business meeting of the NCO Wives Club will be held Tuesday, at 7:30 p.m. at the NCO Club. Guest speakers will be Mrs. L. H. Boma and Mrs. Haskell of the Big Spring State Hospital.

of life for the bazaar chairman the door bell ringer, the hospital worker, the poster designer, the ticket seller?

For some it's therapy, for others creativity, or the feeling of being needed. But for a much smaller number it's a seemingly endless round of frenzied and inconclusive activity.

WHY THEY DO IT Women workers point out what they like about volunteer work: There's its flexibility. "If the children have mumps, I don't feel guilty about canceling. I couldn't do that with a paid job," explains one woman.

Others like the freedom of choice "which I wouldn't get if I worked for a pay check. I can select the agencies in which I'm most interested."

They like to feel their voluntary activities are not conflicting with their husbands' careers. "If I'd kept on with my work as a fashion designer, I know my husband would have subconsciously resented my success. He has to be top dog to be happy."

FIT TALENTS Sometimes women who have never held jobs discover hidden abilities. These are the superb home managers who become volunteer chairmen, organizers and planners; the born clubwomen.

Other women given to self-scrutiny volunteer only where they can use their talents. "I am a former social worker; I'd rather volunteer in a counseling agency and be in the environment where I belong—than do odd jobs any untrained woman can do."

# Crucifixion Was A Triumph Of Failure

EDITOR'S NOTE — In an unadorned statement of fact, St. Luke set on public record one of the most significant events of human history. In this last in a series on Christ's last words by nationally prominent clergymen, a Roman Catholic archbishop shows how Christ's final death was "a triumph of failure."

BY THE MOST REV. KARL J. ALTER  
Written For The Associated Press  
"It is consummated."

St. Luke described the climactic moment of Christ's death on the cross in terse but vivid language:

"It was about the sixth hour and there was darkness over the whole land until the ninth hour. The sun was darkened, and the curtain of the temple was torn in the middle. And Jesus cried out with a loud voice and said, 'Father, into thy hands I commend my spirit.'"

St. John reminds us of further details as foreshadowed in the sixty-eighth psalm:

"There was standing there a vessel full of common wine; and having put a sponge soaked with the wine on a stalk of hyssop, they put it to his mouth. Therefore, when Jesus had taken the wine, he said, 'It is consummated.' And bowing his head, he gave up his spirit."

In this simple, unadorned statement of fact, the most significant event of all human history is put on public record. The ineffable mystery of the Redemption is summed up in a phrase:

"It is consummated."

Christian people have always looked upon Christ's death on the cross as a triumph of failure. To the immediate witnesses of his crucifixion, Christ's life seemed to end in defeat and disaster. To succeeding generations, however, the cross spells a spiritual victory over the force of violence; it represents the triumph of good over evil, of love over hatred.

When Christ spoke his final words from the cross, "It is consummated," his sojourn on earth seemed to be prematurely ended; but his sublime mission had been gloriously achieved. It was a mission meant to portray divine truth, goodness and beauty—not in the abstract phrases of philosophy, but in the concrete form of a living personality. It was a mission of infinite mercy, by which, in a divine paradox, the Son of God invested himself with human weakness, in order to lift

It is consummated

up man to the majestic stature of the divine likeness. It was a mission of reconciliation, whereby the wall of separation between heaven and earth would be broken down, and the indictment of guilt, as St. Paul calls it, be blotted out. It was an act of sublime self-surrender to the will of his heavenly Father to atone for the willful disobedience of his brothers in the flesh. It was not a manifestation of impotent weakness, as his enemies charged. It was a voluntary surrender unto death, in order that we who were dead in sin might live unto justice. Christ made this clear in his own words:

"I lay down my life that I may take it up again. No one takes it from me, but I lay it down of myself." (John 10:17-18)

When we contemplate the bitter agony of Christ in the garden of Gethsemane, his bloody scourging in the court of Pilate, his

cruel death on the cross, we become aware that sin has its price. It is assumed all too often that the violation of the moral order does not carry with it a penalty, as in the violation of the physical order. The consequences may be different, less immediate, and less apparent; but they are no less certain. Treason, lust, gluttony, deceit and hypocrisy impose penalties, as surely as fire burns and poisoned food destroys life. Personal sins lead to personal disaster, and social crimes end in social misery. It was the composite sins of all mankind that let to the cross; but the cross in turn led to victory over sin and death. No wonder, when the deed was done, Christ could cry out with exultant voice but with a sign of relief:

"It is consummated."

THE MOST REV. KARL J. ALTER, Archbishop of Cincinnati, is a leading Roman Catholic author and spokesman in a wide range of social and civic matters. He has headed various Catholic welfare organizations and was a member of the Ohio welfare department's advisory committee. He was ordained a priest in 1910 after studying at St. Mary's Seminary in Cleveland, consecrated a bishop in 1951 and elevated to archbishop in 1958.

CHAPLAIN PARKS

### Chaplain Parks Called Back For Dedication Talk

Chaplain James S. Parks will be the speaker tonight at East Fourth Street Baptist Church, with services slated to begin at 7:30 p.m.

It is another in the series being held at the church during the dedication week of the new sanctuary. The church has called back its former ministers to commemorate the occasion.

Chaplain Parks is now serving at the Veterans Administration Hospital in McKinney. He served the local church from July 22, 1947 until Nov. 11, 1950.

Residents are invited to attend these services.

### Kiwanians Note Easter Season

Big Spring Kiwanians paid their tribute to the Easter Season at their luncheon Thursday-noon. The Rev. Ward Jackson, a member of the club, delivered an Easter address as the feature of the meeting.

J. C. Pickle, vice president, presided in the absence of President Ernest Welch.

Sherman Smith announced that collections for the pancake supper now stand at \$1,301.77 and only a few reports are yet to be received. Final bills for materials used have not been received but Smith told the club that the net proceeds might run close to \$1,000.

### This Victim Has Reason To Worry

ST. LOUIS, Mo. (AP)—Joseph C. Schardt Jr., of suburban Berkeley, an Air Force reservist, is looking with some apprehension to April Fool's Day in 1971.

Here's why: On April 1, 1941, Schardt was drafted.

On April 1, 1951, he was recalled for duty in the Korean War.

Saturday he starts a special month-long assignment at Scott Air Force Base, Ill.

### Franklin Attends FICB Meeting

Jim Franklin of star route, Stanton, attended the fifth annual stockholders' meeting of the Federal Intermediate Credit Bank of Houston and the Production Credit Associations of Texas, held in Houston, March 26-28. Franklin is president of the Western Production Credit Association, which serves this area as a source of short and intermediate term agricultural credit. He is a cotton and feed farmer.

### Traffic Toll At Low Point

CHICAGO (AP)—The nation's traffic deaths in the first two months of 1961 were the lowest for a comparable period in 11 years, says the National Safety Council.

The two-month toll of 4,979 was 5 per cent lower than the 5,250 fatalities on the highways in January and February last year and compared with the previous low of 4,719 for the first two months of 1950. Council officials said severe snowstorms in the east in January contributed to this year's low toll.

Traffic accidents killed 2,320 in February, 2 per cent lower than in February last year, and 2,650 in January. The council estimated 200,000 persons suffered disabling injuries in the first two months this year and said 468 of 728 cities reporting had no traffic deaths.

### Wooly Worm Is A Health Hazard

CHICAGO (AP)—The "wooly worm," a stinging caterpillar with a scientific alias of metalloglype opercularis, has become a public health problem in some Southern states, including Texas. A team of medical researchers from Houston, in reporting this, said Texas had the largest number but the "wooly worms" have been found in other states.

## Who's doing the shopping?

Mrs. Jones, the lady getting all the exercise, is shopping the way all of us would have to—if there were no advertising. Mrs. Smith, on the other hand, is doing a considerable amount of shopping right from her own living room—thanks to advertising as we know it.

Instead of racing from marketplace to marketplace to see what's available, and to compare values, all she has to do (lucky woman!) is sit back, relax, and let advertising bring an untold number of marketplaces and all their goods and services directly to her.

Of course, that's all you have to do, too. From the comfort of your favorite chair you can shop in New York City . . . London . . . Paris . . . or a million other places where people have something of value and are offering it for sale to you. From the comfort of your favorite chair you can get ideas, make comparisons, choices, plans to see for yourself, to test, to buy—you can even determine whether something you already bought represents a good purchase, or a too-hasty one.

If advertising did nothing else for you but that — introduced to you, for your consideration, all the goods and services being offered at any given time, in any given place — we believe that this would be enough to make it one of the most beneficial, worthwhile—and necessary—features of our society. The fact is, advertising does much, much more.

For example, the advertising in your newspapers and magazines brings those publications revenues that enable them to keep their prices down to a reasonable, easy-to-afford level. Advertising also pays the cost of bringing you television and radio broadcasts—at no expense to you. And, by enabling manufacturers to reach a wide market all at one time, advertising helps permit mass production—America's key to ever-increasing comfort and enjoyment for all of us.

As working members of the advertising industry, we are proud of the part we've played, and are playing, in saving time and effort for so many people—and proud, too, of our part in making life easier, more leisurely, and more abundant.

SEC. B BIG SPRING, TEXAS, FRIDAY, MARCH 31, 1961 SEC. B

Trying Them On

Mrs. Howard Brown (right) and Mrs. Glenn Cootes inspect some of the more than 60 costumes that will be used in the Big Spring Civic Theatre's production of the annual Easter Pageant Saturday. The group has been working several weeks getting the costumes fitted and ready for the production. It is the fourth year of the pageant series.

## Easter Pageant Set Saturday At 8 P. M.

Saturday evening at 8 o'clock, the fourth annual Easter Pageant will be unveiled for an expected capacity audience in the amphitheatre of City Park.

Each year, the non-demonstrational production, which re-tells the story, has grown in length and magnitude. This year, the producers promise it will be the biggest production yet.

The Easter Pageant was one of the first plans made by the Big Spring Civic Theatre when it was organized over five years ago. It

was decided at that early date, that the pageant would be produced annually as a contribution to the community that had helped the organization get on its feet.

Except for one year, the pageant has been an annual affair. Last year, the production was moved from Sunday morning to Saturday so as not to interfere with the traditional services planned by the Big Spring Pastors Association.

Again this year, it was planned the Saturday night before Easter. Costumes, all of them custom-made by members of the organization, have been added to the wardrobe each year and the organization estimates their value at about \$1,000.

Stage properties have been built each year and considerable realism is added to the production by this professional touch.

The lighting is planned and installed by Roy Rogan, city electrical engineer, who also has charge of the city auditorium facilities.

The theatre group begins work on the production about two months before the show is presented, preparing the props and fitting the costumes. Most of this work is done by the producer and director. This year, the director is Mrs. Howard Brown and James Tibbs is producer.

Helping with the lighting and

properties are Howard Brown and Roy Rosene. An important man in the show is the narrator, played this year by Maj. Ernest Baumann, Webb AFB.

Others who will appear in the cast are members of Explorer Post No. 1, who are working toward a merit badge in drama. They include Ray Storrs, Joe Hollingshead, Robert Daniels, George Bass, and Doug Brandon. Other members of the post are expected to take parts also.

The remainder of the cast includes Bruce Dunn, Athol Atkins, Roy Rosene, Nancy Graves, Janice Osburn, Mrs. Roy Rosene, Hilary Sherrid, Lanel Mitchell, John Sherrid, Dana Rosene, Faye Bodin, Martha Conway, Kyle Rosene, Mrs. Glenn Cootes, Marge Havins;

Also, Gerald McMillan, Glenn Cootes, Donald Hush, Fred Overholt, John Page, Art Clonts, Oliver Williams, Junell Gary, Jean Griffith, Susan Barlow, Dick Bailey, Larry Lawrence, Peggy Brown, Liz Massey, Mrs. James Tibbs, Dennis Page, Janet Brown, Debbie Tibbs, Mary McConkey, and Mrs. Don Hush.

Plenty of free parking is available in the city park, but residents are urged to arrive at the amphitheatre early. There is no charge for admittance.

### St. Mary's To Conduct Communion

The Rev. Donald Hungerford will conduct special Easter services at St. Mary's Episcopal Church Sunday with Holy Communion at 7:30 a.m. and the Family Festival Service at 9 a.m.

Children will present Lenten Mite boxes and take a flower to place in the Floral Cross at the Family Festival Service. The lower department of the church school will sing three Introit hymns.

At 11 a.m. a sung eucharist will be conducted and the junior and senior choirs will sing "Unfold Ye Portals" from Gounod's "Redemption," and "Christ Our Passover," the traditional Easter Introit arranged by Ashford. Elsie Willis, organist, will play "Alleluia, Pascha Nostra" by Titcob "Sortie Festivo" by Boslet; "Exultate Deo" by Williams and "Alleluia" by Hansen.

Easter offerings will go to Christian Missions; the children's offering being designated for the Church in Mexico and the adult offering for St. John's Mission Church in Snyder.

Acolytes serving in the Sunday services will be Gary Gebert, Alan Doelp, Blake Tollett, Kenneth Brooke and Taylor Smith.

### Bible Teachers Workshop Slated

ABILENE—"The Church and the Home Against the World" will be the theme of the 7th Annual Bible Teachers Workshop, July 24-27, at Abilene Christian College.

The workshop director, Dr. LeMoine Lewis, says that two points will be emphasized in this year's program: "Parent-teacher relations in the Bible school" and "the work of the departmental supervisors."

### Error Opened The Wrong 'Gates'

PARADISE, Mich. (AP)—Michigan Highway Commissioner John C. Mackie put Hell on the map this year, but misplaced Paradise.

Mackie said the department decided to put Hell—in southern Michigan—on the state's official

highway map because so many persons wrote asking how to get to the tiny community.

But then the department release recommended a visit to Paradise, which it located in the Upper Peninsula's Luce County.

Since Paradise is in Chippewa County, jesters here have some suggestions about where the highway department can go—using the official map to find it, of course.

### Man, It's Too Early For April Fool

PALM SPRINGS, Calif. (AP)—Two youths who came to the desert for their Easter vacation were irked when hotel owner Stanley Spiegelman turned down their request for a room.

Spiegelman told police the teenagers threw him, fully clothed, into the hotel swimming pool, then drove off.

"MY CHURCH"

Christ who has all religious authority said: "Upon this rock I will build my church."—Mat. 16:18. "Church" from Ek and Kaleo, or ecclesia, meaning "called out" referred to in Col. 1:13 as follows, "Who hath delivered us from the power of darkness and hath translated us into the kingdom of his dear Son" Jesus said to his disciples "I have called you out of the world," meaning the sin, the shame and sorrow or wrong doing. There is only one way of saving people, hence there can be only the one way, the one kingdom the one church "My church" said Christ, there are "many members but one body"—I Cor. 12:20 "My church" There is "one body and one Spirit even as you are called in one hope of your calling"—Eph. 4:4. "The church which is his body"—Eph. 1:23 "My Church" possessive case, ownership vested in Christ, man has not been permitted, nor delegated to build other churches by divine power; only Satan would seek to rival the right of Christ, "My Church", the one fold and the one shepherd, Jo. 10:16. "My church" built on the truth that I am the Son of God, I say to thee that thou art Peter—petros—a small stone and upon this rock, this petra, this solid ledge of truth which you have just confessed that I am the Son of God, indeed, "Upon this rock I will build my church" "The churches of Christ salute you"—Rom. 16:16.

# Diligently Pray For The Work of Your Church

# Easter Bonnet

These are the times that try women's souls.

But all the mischief youthful fingers may perform can only fray the nerves and upset the budget.

You can't spoil Easter.

For Easter isn't frills and finery. Easter isn't pride and parading.

Easter is the soul's own Life—bright with God's love today—rich with His promise tomorrow.

Its adornment is a world at worship . . . souls at one with the risen Christ . . . fulfilling the ageless quest for the beauty and joy which cannot perish.

## THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# Longhorns One Of 25 Teams In Golf Meet

Big Spring is one of 25 entered in the San Angelo High School Invitational-Golf tournament, which opens today at the Country Club in that city.

The meet, which extends through Saturday, will serve as a final tuneup for the District 2-AAAA tournament, which takes place in Big Spring next weekend.

Big Spring ranks as one of the favorites in the tournament, along with Wichita Falls, Austin McCa-

lum and the host school.

Entries will play 18 holes today and finish up with 18 on Saturday. Play was to get under way this morning at 9 o'clock.

Borger is the defending champion in the meet but didn't return to try and defend its laurels. Andrews was runnerup a year ago and returned, however, as did Brady, which finished third in 1960, and San Angelo, which wound up fourth last year.

Big Spring will be led by John Sloan, who was medalist in the Brownwood meet last weekend. Others who will perform for Big Spring include Tommy Wilkerson, Jimmy Patterson, Emmett Kent Morgan and Richard Atkins.

Teams entered include Odessa High, Big Lake, Abilene Cooper, Snyder, Kermit, Odessa Permian, Lamesa, Midland, Lampasas, Del Rio, Andrews, Gatesville, Ballinger, Monahans, Jacksboro and the aforementioned. San Angelo entered three teams.

Coaches will also get in their licks, for there'll be a division for them.

Jerry Abbot of Borger was medalist in last year's meet, with a 143 over 36 holes. Borger's aggregate score was 602.

Each school is allowed to enter five players, with the low four counting toward the team total and the championship. Trophies will be awarded for the low three teams while individual awards will go to members of the winning squad.

Trophies On Hand

When the pre-District 2-AAAA Golf Tournament was held here recently, trophies ordered by Zale's Jewelers hadn't yet arrived. They're here now and manager Jay Lebowitz (right) of Zale's shows them to Steer coach Dan Lewis before sending them on to the winners. Zale's donated the awards.

## Steers Engage Cooper Hi In Twin Bill Here Today

The Big Spring Steers engage in a final tuneup for District 2-AAAA baseball play in a doubleheader with Abilene Cooper, starting at 1 p.m. here today.

Roy Baird's team visits San Angelo next Tuesday for their conference debut. Right now, they're the only 2-AAAA team which has failed to win half its games. They hope to take care of that matter today. A pair of victories would give them a 7-6 record for the season.

Most everyone in a local uniform is apt to see action at one time or another today, since Baird wants to get a final look at his material.

The starters in the first game,

however, are apt to be Roy New or Bowman Roberts pitching. Jerry Tucker behind the plate, Charles Boadle at first base, Coy Mitchell at second, Ronnie Suggs or David Maberry at shortstop, Jerry Dunlap at third, Jack Irons in left, Tommy Young or Ricky Wisener in center and Alf Cobb in right.

Six of the regulars here are hitting over 300. The leader is Maberry, with a .444 mark.

Cooper is coached by H. P. Hawkins, former Abilene High School griddler. The Cougars have won two of ten starts in this, their first season of play.

Cooper officially becomes a member of the 2-AAAA family next year.

## Records Fall In Swim Meet

NEW HAVEN, Conn. (AP) — Two events and two records, that's the sizzling pace being set so far in the National Amateur Athletic Union indoor swimming and diving championships.

Capt. Charley Bittick and Murray Rose, the Southern California water whizzes, got the three-day classic off Thursday night as if they were being shot out of jet engines.

Bittick, 21, cracked the American standard in the 400-yard individual medley race with a brilliant 4:23.7, shaving nearly five seconds off the mark recorded in Yale's 25-yard pool here last year by Stanford's George Harrison. Bittick beat Ted Stickles, Indiana freshman, by about five yards as both finished under the listed standard. Stickles was clocked in 4:26.9.

Australian Olympic champion Rose broke the meet record in the 1,500-meter grind held in Yale's 50-meter tank. Rose, 22, touched the finish line in 17:43.7, chopping better than 17 seconds off the 18:00.8 which George Breen registered over the long course a year ago. Rose won by 15 meters over Alan Somers of Indiana, who barely finished in front of Roy Saari of El Segundo, Calif.

Today both Rose and Bittick shoot for a second crown in determined battles for triples. The Australian makes his bid in the 220-yard sprint and Bittick in the 220-yard breaststroke.

In other highlights, Olympic champion Mike Troy of Indiana is favored to retain his 220-yard butterfly title, against Southern California's Lance Larson; and defending champion Bill Muliken of Oxford, Ohio, faces danger in the 220-yard breaststroke.

## Ft. Hood Loses To Texas, 5-2

AUSTIN (AP)—A two-run homer by Pat Rigby brought Texas a 5-2 victory over Ft. Hood Thursday and extended the Longhorns' winning streak to 10 straight games.

It broke up a pitcher's duel between Tom Belcher of Texas and Walter Farmer of Ft. Hood. Belcher gave up nine hits and fanned nine. Farmer allowed only six hits and struck out four.

## Azalea Play Opens

WILMINGTON, N. C. (AP) — Name players were hard to find today as the 13th annual Azalea Open Golf Tournament got under way at the Cape Fear Country Club course.

With the tournament knocked down to a three-day, 54-hole affair carrying a modest \$12,000 purse, most of the leading golfers have elected to lay off over the holiday weekend or to go to Augusta, Ga., and tune up for next week's Master's.

Twelve major tournaments have been conducted by the PGA since January and not a winner is here.

The field of 87 includes 20 amateurs, 20 Carolinas and Virginia club pros and 47 touring players.

Three men loom as most likely to pick up the top check of \$1,200 Sunday.

The trio is made up of Jerry Barber, the little veteran from Los Angeles, Dow Finsterwald, 1958 PGA champion from Jupiter, Fla., and Dave Ragan, 1959 Eastern Open winner from Orlando, Fla.

**TEXAS LAWMEN**  
Captain L. H. McNelly, Ranger

"Speak softly, but say something... You'll be heard!"

One of Texas' most respected Rangers was described by historian Walter Prescott Webb as "a tallish man of quiet manner, with the soft voice of a timid Methodist preacher." It was said that as a stout during the Civil War L. H. McNelly had been able to disguise himself, successfully, as a woman.

But no one of Captain McNelly's special Ranger force would ever believe it. Some had known him since, at the age of 17, he enlisted in Co. F, 10th Reg., Texas Mounted Volunteers. Many of them were with him during the Civil War, at Val Verde, Brashear City, Lafourche, Mansfield, and knew all about this quiet man's contempt of danger. After the reactivation of the Texas Rangers in 1874, they saw him step into the sizzling Sutton-Taylor feud in DeWitt City, and chill it thoroughly. They went with him to the Rio Grande to suppress border trouble, and saw the border bandits simmer down to drowsy peace. This was the last service he was able to perform for his state. Not long after his outstanding border clean-up, Captain McNelly contracted tuberculosis and died, September 4, 1877, at his plantation home in Washington County. He was only 33 years of age.

Texas lawmen have always served their state well — as have Texas industry and commerce. Providing payroll and community services, one industry has also provided the refreshment of moderation. In Texas the brewing industry "belongs" brewers, wholesalers, retailers and the United States Brewers Association are working constantly in cooperation with today's lawmen, to assure the sale of beer and ale under pleasant, orderly conditions.

## Wilson Has Never Lost, But Aides A Bit Cautious

(Editor's Note: This is one of a series on candidates in the April 4 senatorial race.)

By JERRY CONN  
AUSTIN (AP)—Atty. Gen. Will Wilson has never lost an election but his political aides are approaching the April 4 special Senate election with cautious optimism.

They are not yet shouting "victory." Wilson's chances are bright, his strategists say, because this is his fifth try for a statewide office and he is a strong finisher. Not one of his opponents has ever won a statewide office, Wilson's staff notes.

Sen. William Blakley and Republican John Tower are Wilson's

"men to beat," Byron Fullerton, organization director in Austin, says.

"But we have had a hard time getting 'the judge' to jump on Tower and Blakley," asserted Bud Mims, his press director.

In Wilson's bid to step up to the Senate, he has boarded planes for all parts of the state. Fullerton says his mileage is equal to the travel for any candidate. The daily fare includes five or six political talks a day, a short afternoon nap and six hours sleep at night for the Dallasite.

"Will can out-endure anybody on his staff," an aide says.

## Video To Air Eichmann Case

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP)—A two-week epidemic of special television programs about Hitler's chief executioner, Adolf Eichmann, and the incredible suffering and death he brought about is soon to start.

All three major networks are planning to give the impending trial of Eichmann in Israel—a start April 11—intensive coverage on their news programs and in special news programs as courtroom proceedings develop. But they are also going to prepare the viewing audiences for it with the background of the case against the man charged with responsibility for exterminating millions of Jews in Hitler's Germany.

The briefing sessions start this Sunday with an ABC show, "The Other Adolf."

NBC will kick off its coverage with a debate on Saturday, April 8, on the legal aspects of the trial. Dr. Herbert Wechsler of Columbia University and Dr. Milton Katz of Harvard, both law experts, will take sides on the question whether the trial will serve the cause of international justice.

On April 9 both NBC and ABC have special shows. ABC's is called "Israel and Eichmann" while NBC's is "The Trial of Adolf Eichmann."

CBS on April 12 has a Circle Theatre dramatization of Eichmann's career. And there's an ABC "Close Up" on April 14 based on the recollections of a Jew who survived eight concentration camps, as well as a background program on CBS' "Eye-witness to History."

Meanwhile, producers and editors are studying and editing hundreds of feet of old films.

## 42 Youths Take Part In Hayride

Forty-two teen-agers and their leaders took part in a hayride and wiener roast in City Park Tuesday at a monthly fellowship of the Young People's Legion of the Salvation Army, according to Capt. James G. Jay.

The group was accompanied by Capt. Jay, adult advisor, and Mrs. Jay, Beverly McNew and Robert Mellon.

The YPL is one of several youth organizations of the Corps. Teen-agers may attend meetings held at 7:30 p.m. each Thursday regardless of church affiliation.

The weekly devotional and recreational program is under the direction of Miss McNew and consists of four committees.

On the program committee are Howard Morrell, chairman; Ann Smithie, assistant; Fredia Hart, George Ryerson and Benita Flores.

The fellowship committee visits sick members of the YPL and plans the monthly fellowship supper. Its members are Jimmy Hicks, chairman; LaNeil Hart, assistant; Charles Ryerson, William Eyerson, Rosita Marquez and Antonia Granados.

Charges with increasing attendance and conducting enrollment of new YPL members is the membership committee. It is composed

## Maybe Not But It Paid Off

Three exchange students hitchhiking their way on a tour of West Texas learned one thing here Wednesday.

You can't get to Dallas by going south. R. W. Johnson came upon them on the San Angelo highway. One was thumbing a ride in one direction and another in the opposite direction. A third was leisurely doing calisthenics.

Interested, Johnson stopped and inquired where they were going. "To Dallas," replied the students in Union College.

He brought them back to town and for a cup of hot chocolate at Cokers. (They wouldn't take coffee.)

They were Thomas M. Kando of Holland, a member of Phi Sigma Kappa; Ahmad Dejelman, French Algiers, member of Kappa Alpha Psi; and Michael Godkeosh, Holland, member of Kappa Mu. They took advantage of the Easter holidays to get down into Texas for a quick sight-seeing tour.

## Lorraine Depot Is Shut Down

LORRAINE—The Texas & Pacific depot, which opened first in a box car here three score years ago, has been closed.

This is the result of a hearing three weeks ago before the Texas Railroad Commission. The T&P had asked permission to close the terminal for lack of business. Dr. Bruce Johnson, mayor, Woodrow Pratt, Gene Gaird, K. L. Taylor and County Judge Elmer Martin had attended the hearing in behalf of Lorraine. Not long after the terminal was opened in a box car, the present frame structure was raised and served as the depot since that time.

## Dormant Accounts

WASHINGTON (AP)—Sen. Ralph Yarborough, D-Tex., Thursday introduced legislation to give the Treasury Department authority to regulate the amounts national banks may charge dormant or inactive accounts.

## Capt. G. W. Eilers Moved To Beale

Capt. George W. Eilers, a SAC exchange pilot at Webb AFB for the past three years, will leave the base in the next few days. His next duty station will be Beale AFB, Calif., an installation of the Strategic Air Command.

Capt. Eilers will attend the Missile Operation School at Sheppard AFB, Wichita Falls, for four months, and then go on to Vandenberg AFB, Calif., for three months' further training.

Capt. Eilers has served at Webb as a flight commander in the 3560th Pilot Training Squadron, and as head of Instrument Section in Base Operations.

Mrs. Eilers is a Civil Service employe now working with the ATC Manpower Validation Team at Webb.

Have fun all year!

A Shelter-All® Enclosure makes your swimming pool or patio a year-around play center. An inexpensive, permanent Fiberglass screened enclosure, that may be weatherized for year-around use by attaching easy-to-remove plastic film or plastic panels over the Fiberglass screen. In addition, it gives protection against dust, leaves or trash. Better than a fence, it gives complete locked protection around your pool from small children. Shelter-All is your best investment in an attractive, modern enclosure for your pool, patio or breezeway.
