AROUND AND AROUND THEY GO EACH NIGHT
Rodeo contestants and riders make the grand entry spectacular

Rodeo Continues Smoothly For All But Contestants

The second night of the 28th Annual Howard County Cowboy Reunion Rodeo went smoothly, for all except the contestants, under a starless, blue-black sky at the arena on the west side of the city. Spectators filled most of the bleachers to watch fearless riders dare the animals to do their best. Sometimes the cowboys found the best too much for their polished skill.

But overall, the cowboys came out better Thursday than did those who entered the arena Wednesday. They tied or bettered scores in four of the six events.

CALF ROPING

The calf roping contest found Clifton Smith, Tell, tying his calf in 10.5 seconds, 7 seconds better than Wednesday's first place time set by Ronnie Sewalt of Chico. Smith uses an unusual style. He steps off his horse on the right side and if everything else works well, saves a second or so by having the calf in a better position for throwing and tying.

Lynn Waldrop, San Angelo, downed his calf in 12.2 seconds and Herschel Romine, a local contestant, did it in 13.2 seconds. Junior Meeks, Cleburne, had 14.3 seconds; Tuffy Cooper, Monument, N. M., 14.5; Tom Romine, Big Spring, 16.3; Martin Fryar, Big Spring, 16.7; A. D. Reed, Dryden, 19.1; John Ray Powell, Elkins, N. M., 23.7; and Peppy McKinney, Pecos, 28.6 seconds.

Three ropers found that when they threw their loops they also threw away their entrance fees. They found it a bit difficult to tie a calf on the loose.

Saddle bronc riders pulled way ahead of Wednesday night's contestants as three of them bettered the 171 score set by three men the night before.

Brandon McReynolds, Andrews, rode his first horse out to a 174 score to put him in front. Leonard Lancaster, one of the men scoring 171 Wednesday, came in with a 173 on his second bronc.

Dennis Reiners of Clara City, Minn., made a bronc named Too Big be big enough to earn him a 173 score also, to put him into a tie for second place for the night but still some six points behind Lancaster for both rides.

Another first horse rider was Don L. Wilson, Buffalo, Wyo., who garnered 170 points. Roy Rode-wald, Craig, Colo., got 167 along with Melvin Fields, Coffeyville, Kans. Jack Swaugger of Tuscon, Ariz., received 163 points.

Two riders did not make it for the count and when Squirley Northcutt, Colorado City, rode his bronc the contest ended in a three-way split. The bronc went one way, Northcutt went another and his boot went sailing away from both of them.

A barrier penalty put Jim Busch, Alpine, out of first place in steer wrestling Thursday night when his 8.7 seconds suddenly changed into 18.7. James Ward of Fort Stockton turned in the best time for the night by wrestling his steer down in 10.6 seconds. The time was only good enough to place fourth behind the top three contestants of Wednesday's event. Jack Swaugger, Tuscon, Ariz., made an 11.5 second fight and Delbert Runyan, Big Spring, had 14.5. Others were Dean Myers, Wichita Falls, 15.4; Wayne Thomas, Texarkana, 21.6; J. L. Sawyers, Garden City, 26.2. Sawyers also received a 10 second barrier penalty.

C. R. Boucher, the Burk Burnett cowboy who has wrestled steers well enough to rank second in the national bull dogging standings, found one Thursday night that would not be pinned until after a 46.5 second struggle. But Boucher got a good hand from the crowd for displaying that never-give-up spirit which makes rodeo one of America's favorite spectator sports.

The Brahma's had a more difficult time unseating their unwanted passengers Thursday night as three men stayed with their bulls the required time. Delbert Hata-

way, Snyder, earned a 167 for his effort, to the Dave Hopper. Hereford, the only man to ride out a Brahma Wednesday night. Roy Wallace, Midland, came in second with a 166 count and Paul Hendricks, Odessa, received 164 points.

Five other riders found themselves airborne and headed for the soft, damp sand too early in the game.

Bested Tie
Dave Hopper, Lubbock, bettered the two-way tie in Wednesday's bareback bronc riding by sticking with a horse named Boomtown long enough to earn 173 points.

Jim Busch, Alpine, tied Wednesday's winners with 170, giving three men that score. They are Leonard Lancaster, Oklahoma City, and Guy Weeks, Abilene, and Busch.

Bob Cathey, a local bronc rider, came in third with two others. He chalked up 168 points, as did Charley Strickland of Caronna, N. M., and Dennis Reiners, Clara City, Minn. Other scores were Bill Watts, Big Spring, 164; Sidney Johnson, Snyder, 164; and Sonny McBride, Midland, 163.

Three riders either did not finish their rides or disqualified. Betty Frye, Abilene, did her best to better her Wednesday night barrel race time of 19.5 seconds but missed it by 3 seconds. She came in first again by circling the casks in 19.8 seconds, but this time she was tied by her closest competitor, Billie Ann Evans of Fort Davis. Billie Ann had a 19.8 Wednesday night also.

HORSE FELL

Spectators held their breath a few seconds when Wanda Collier's horse fell with her going around the second barrel, but Wanda came up smiling.

Other scores chalked up by the ladies were Carol Ann Jackson, Colorado City, 20.1; Ruth Ann Craddock, Monahan, 20.2; June Williams, Eldorado, 21.6; Margaret Brewer, Lamesa, 22; and Betty Cooper, Monument, N. M., 24.7 seconds.

Pam Perner of Ozona and Pat Murphy, Ira, knocked down barrels and their rides were disqualified.

The second night was an improvement over the first as it usually is, according to announcer Clem McSpadden. He also pointed out that the stock was bucking as well as he had ever seen and that contestants in this rodeo earned every point they made.

Court Bans Trial Review

WASHINGTON (AP)—The Supreme Court today refused again to review the trial of Charles Elbert Williams, an 18-year-old Negro under death sentence in Texas for the rape of a white divorcee. The woman was raped in Houston County, Tex., in 1959. The Texas Court of Criminal Appeals upheld Williams' conviction on March 30, 1960.

JFK Ends Talks With De Gaulle

Death Clouds Bright New Start In Life

PRATT, Kan. (AP)—Dr. Zane Gard's bright new start in life, after nine years of scripping through school, turned to tragedy in an instant Thursday night. A big truck smashed into a station wagon carrying his wife and their five children.

Mrs. Gard was killed, along with two of the children and her father, Herbert Weseman of Mountain View, Calif. The other three children were hurt but in satisfactory condition. Three men in the big tractor-trailer truck were treated for shock, cuts and bruises.

Dr. Gard received his degree Wednesday night from the Kansas City College of Osteopathy. He and his family and his wife's parents set out about noon Thursday for Phoenix, Ariz., where he was to begin an internship at the Phoenix General Hospital.

Dr. Gard drove the station wagon on 268 miles from Kansas City to Pratt, pulling a four-wheeled trailer loaded with household goods. He developed a headache. Weseman took the wheel of the station wagon. Dr. Gard shifted to a car carrying Mrs. Weseman and another Mountain View couple, Mr. and Mrs. Lester Mast.

About five miles west of Pratt on U.S. 54, the trailer started whipping crazily behind the station wagon. Investigators said gusty winds may have caused it to jerk the station wagon across the highway into the path of the truck.

Dr. Gard rushed to the wreckage and picked his way from one to another of his loved ones. Becky, 4, died in his arms. Mrs. Gard, Larry, 11, and Weseman were dead in a few moments. Mrs. Gard was 28, her father 57. Zane and Yvonne Gard when they were 16 and moved from California to Kansas City about 1955. Zane drove cabs and worked at other jobs while he studied at the University of Kansas City and the College of Osteopathy.

Oh, That One

PARIS (AP)—President Kennedy decried his own introduction today at a press club luncheon.

After formal presentation, the U.S. President arose, faced the audience and said: "I do not feel that it is inappropriate for me to introduce myself. I am the man who accompanied Jacqueline Kennedy into Paris."

Flag Day

WASHINGTON (AP)—President Kennedy proclaimed Wednesday, June 14, as Flag Day and directed that the nation's colors be displayed on all government buildings.

Chief of Justice Warren, the judge prohibited them from refusing or failing to provide protection for segregation-challenging riders or other interstate passengers.

The Justice Department, which asked for the injunction, had accused police of deliberately failing to protect riders from a mob which attacked them here May 20. Federal attorneys also blamed the Klan for the violence here and at Birmingham and Anniston, Ala.

Besides the police and the Klan, the court continued injunctions against two widely known Klan figures, Robert M. Shelton of Tuscaloosa, Ala., and the Rev. Alvin Horn of Talladega, Ala.

OTHER ORDERS
He also put injunctions into effect against a former Montgomery reserve policeman, Claude V. Henley, and another Montgomery resident, Thurman Ouzts.

The court orders prohibits the KKK and the individuals from any act to interfere with interstate bus movement.

The ride sponsors put under court order are CORE, the Southern Christian Leadership Conference, the Student Non-Violent Movement at Nashville, Tenn., and the Montgomery County Jail

Association, formed by 11 integrationists after they were arrested at a white bus station lunch counter last week.

MAYBE WE'LL RUN INTO IT -SOMEDAY

MOSCOW (AP)—The Soviet Union's Venus rocket presumably is in silent orbit around the sun and may never be heard from again. The rocket, launched Feb. 12, was to have passed within 62,000 miles of Venus between May 19-21 and automatically released a reserve antenna and relay data. Soviet scientists said the rocket failed to respond to radio signals sent from earth after Feb. 27 and it is now presumed they no longer have contact with the rocket.

Forsan Holds Commencement

Graduation exercises for Forsan High School seniors will be held at 8 p.m. today.

E. D. Simpson, president of the school board, will present the diplomas. J. D. Gilmore, president of the Forsan Service Club, will present the club's awards, and Joe T. Holladay, superintendent of schools, will make special awards and scholarships.

Darla Sue Dunagan will play the professional and recessional. The invocation will be by Rupert Ricker and the benediction by O. R. Banks. The high school chorus will sing "Graduation Day" and "He." John Robert Asbury, valedictorian will talk on "Challenges for America's youth." Salutatorian Terry Hartrider will speak on "Who is responsible for an education?" Clea Jo Newsom, third ranking student, will discuss "education unlimited" and Omega Ratliff, fourth ranking student, will talk on the "need of an education."

IRS Accepts Grace Pact

WASHINGTON (AP)—The Internal Revenue Service announced today it has accepted \$1.94 million in settlement of tax claims against the late Bishop Charles M. Grace. Negro evangelist widely known among his followers as "Sweet Daddy Grace."

Grace, long-time head of the church known as United House of Prayer for All People, with headquarters in Washington, died in Los Angeles in January 1960.

Shortly afterward, the IRS filed claims against his estate totaling approximately \$4.5 million. It contended the church leader's income taxes had been in arrears since 1945. The claims were contested by administrators of the estate in the U.S. Tax Court.

Chiefs Agree On West Berlin

PARIS (AP)—President Kennedy and President De Gaulle today ended their three-day talks with a communique confirming agreement on their obligations and responsibilities toward West Berlin.

The joint statement, issued on the eve of President Kennedy's departure for Vienna and a meeting with Premier Khrushchev, told of a basic agreement between the two Western statesmen.

Kennedy himself, in a talk to reporters, said his discussions with De Gaulle have given him greater confidence than ever in his approach to the Vienna meeting.

"The power of the United States plus that of those countries associated with the United States is enough to give encouragement to any Western leader, and I think Mr. Khrushchev has the same view," Kennedy said.

He declared De Gaulle and he agree that the Western Power rights in West Berlin must not be modified by force or the threat of force. Berlin will be among the problems he will discuss with Khrushchev.

GUARDED HOPE

The chief executive, speaking at a press luncheon, also expressed guarded hope that the Khrushchev conference will lead to progress in two separate East-West negotiations under way at Geneva—on the future of Laos and on a nuclear weapons test ban.

But Kennedy indicated his chief purpose in meeting with Khrushchev is to try to avoid the danger of a miscalculation which could lead to war.

"My purpose is to permit a much more precise judgment on matters involving the interests of the United States and its allies and the interests of the Soviet Union and the various countries associated with it," he said.

"It is important that we understand his (Khrushchev's) viewpoint and the implications of it, and it is equally important that he understand ours."

Kennedy said a study of three wars shows miscalculation as one of the causes. He evidently referred to the two world wars and the conflict in Korea.

"The United States," Kennedy declared, "is united in its determination to fulfill its commitments."

And he said his talks with De Gaulle have given him a feeling of confidence and hope.

The U.S. chief executive said the most striking impression he would carry from France was of the vitality and dynamism of the French people. He said he was very happy to express publicly his appreciation of De Gaulle's qualities of leadership.

Referring to specific policy issues of the cold war, Kennedy declared the United States still hopes to reach agreement with the Soviet Union in Geneva on a treaty banning nuclear weapons tests.

Kennedy also praised Britain and France for their "wise and sympathetic policies" toward the newly independent countries which were their former colonies. He

TIME IS HERE

The time has now come, Kennedy said, for the free world to unite more closely than ever to fight misery in those portions of the world—"the southern half of the globe"—where "liberty is under pressure."

Kennedy said he expects to discuss the Berlin question in Vienna Saturday and Sunday with Premier Khrushchev and declared he and De Gaulle were agreed that Western rights in Berlin must not be altered by force.

The President declared it must be made clear—presumably he meant made clear to Khrushchev—that "we are determined" to resist aggression to whatever force might be necessary.

In a speech earlier in the day the President said the United States is determined to strengthen its forces in Europe to guard the freedom of this part of the world.

"The United States of America intends to bear its full part," Kennedy told several hundred officers and civilians standing in the main outside NATO military headquarters (SHAPE) just outside Paris.

Referring to U.S. participation in the two world wars and in the North Atlantic Treaty Organization, the President said the United States three times in this century had demonstrated that its own security "must inevitably be linked with the security of a free Europe."

"We are determined to maintain and strengthen the forces we now have stretched across Europe to defend this part of the world, whose security affects the security of our own country," Kennedy declared.

Kennedy visited the headquarters of U.S. Gen. Lauris Norstad, NATO's supreme commander, before his concluding talks with De Gaulle.

Murder Trial At Jury Stage

NACOGDOCHES, Tex. (AP)—The murder trial of Mr. and Mrs. Otto Hagans, charged with beating to death two elderly women, reached the jury stage today.

The defense and the state rested their cases Thursday.

The couple is on trial in the bludgeoning deaths of Hagans' aunt, Mrs. C. B. Hagans, 71, of Nacogdoches, and her sister, Mrs. M. D. Gibson, 68, of Houston.

Patient Dies Following Altercation At Hospital

Jimmy Ray Perkins, 26, patient of Big Spring State Hospital, died at 11:45 p.m. Thursday probably of injuries sustained in a scuffle with another patient early Thursday morning.

Dr. Frankie Williams, acting in the absence of Dr. Preston Harrison, superintendent, said that Perkins had sustained a cerebral hemorrhage, presumably when his head struck the floor of a restroom.

Investigations indicated that two male patients got in an argument over use of a commode. An attendant entered the bathroom when attracted by the commotion and discovered Perkins on the floor, unconscious. He was removed immediately to the infirmary but never regained consciousness.

Fern Cox, deputy sheriff, and Bobby West, investigator for the district attorney, conducted an investigation into the case on Friday. They said that there was a severe bruise on Perkins' temple and other indications that he had been in an altercation.

Funeral arrangements are pending at the River Funeral Home. Jimmy Ray Perkins was born in Hale County on Jan. 30, 1935. He was a member of the Missionary Baptist Church in Turkey.

Survivors include his parents, Mr. and Mrs. W. P. Perkins, Plainview, four brothers, Bob Perkins, Fred Perkins, Vicky Perkins, all of Plainview, and Bill Perkins, Floydada; three sisters, Mrs. Darlene Gray, Plainview, Paula Jo Perkins, Plainview, Mrs. Norman Nelson, Lubbock.

Rehabilitation Center Board Holds Organizational Meeting

Board of directors of the new Howard County Rehabilitation Center—which takes over operation of the Crippled Children's Center—held an organizational meeting Thursday afternoon.

Committees were named to get the center back into operation. An experienced therapist has been engaged by the new association, and is due to report June 19. The center should be in full-time operation shortly after that.

It will be functioning by virtue of funds made possible through generous gifts and benefit activities by literally hundreds of Big Spring people. An actual accounting of all contributions has not been made—money still is coming

in—but the total should be around \$11,000 to \$12,000.

The center's directors voted Thursday to arrange for affiliation with the United Funds so that a permanent program of financing will be established.

A budget committee was named to arrange for the first year's operation, and to check with the United Fund on affiliation. This group includes Sam Anderson, chairman; Rev. Donald Hungerford, Mrs. Obie Bristow, Lester Morton and Mrs. Buford Hull.

Members are Daryle Hoberz, E. C. Smith, Bo Bowen, Mrs. Mary Newell and Roy Watkins.

Another board member, Jack Little, is arranging for immediate application for a state corporate charter for the center, so that it may operate legally as a non-profit institution. Formal action also will be taken for getting tax-exempt status from the Treasury Department.

The board will meet again shortly to see that the center at 8th and Owens Streets is put in top condition for opening later this month. It is estimated that perhaps a score of crippled people will be receiving therapy almost immediately.

10-Year Matador Test Program Comes To An End

CAPE CANAVERAL, Fla. (AP)—Air Force troops training with the Tactical Air Command's 450th Missile Training Wing, Orlando Air Force Base, Fla. The troops will be assigned to Matador sites overseas.

The Matador was the first missile to reach operation status in 1944—at Cape Canaveral. Matador divisions are deployed in West Germany, South Korea and Formosa.

DEAR ABBY The Money Is Important

DEAR ABBY: I was widowed four years ago, and up until recently I never accepted any dates because I was too broken up. I realized I couldn't continue to live with a memory, and my children needed a father, so I started dating.

I met a very attractive man who is new in town. He appears to be a perfect gentleman, but no one knows much about him. He seems to be a man of means. I forgot to mention that I am fairly well off. My insurance company just settled an old accident claim and I was awarded \$26,000, and this was in the papers. (I put it in trust for my children's education.)

This man told me if I married him I wouldn't have to worry about money. What does this mean? I can't ask him how much money he has, can I? I am not a gold-digger, but I don't want to marry a man I have to support. How can I find out his financial status?

CAREFUL WIDOW
DEAR CAREFUL: If he is on the up and up, he will not resent your asking him to meet with your lawyer (and banker) and reveal his financial status. If he balks, lose him fast. A woman is a fool to marry a man who won't hold still for questioning.

BASHFUL
DEAR BASHFUL: There is nothing wrong with it. Doctors are trained to be impersonal, and there is no need to be embarrassed.

DEAR ABBY: Could you or a reader satisfy my curiosity? There are two birds nesting in an umbrella tree where a woodpecker used to make his home through the winter. These birds are different from any I have ever seen. Their plumage is so black it shines like patent leather. They have yellow beaks, and make a whistling sound that causes women to turn around. The whistle sounds like a "woit" whistle. (You know what I mean. . . "Wheeee-Whooooo!"). I am not a bird

Guarded Optimism From Soviet Camp

VIENNA, Austria (AP)—Guarded optimism emanated from the Soviet camp today that something useful might come out of the conference between President Kennedy and Premier Khrushchev this weekend—if Kennedy is prepared to accept the Soviet point of view on world problems.

Logical Communist bloc attaches who could be reached and the Soviet press in Moscow all voice the same message: That acceptance of Soviet policy offers the only chance for world peace and that the American viewpoint is not only wrong but a bit reprehensible.

Talking to Soviet officials is pretty much like reading Pravda, and that is the way it is in Vienna. Their point of view was summed up by Pravda, the Soviet Communist party newspaper, which said: "The people of good will realize that many difficult problems have accumulated during the course of the postwar period. Obviously they cannot be solved immediately, at one meeting."

POINTS OF VIEW
"Yet the peace-loving public hopes that during the course of the forthcoming meeting of the two leading statesmen, the open expression of each other's points of view will be possible as well as the finding of points of agreement."

TO ARRIVE
Khrushchev is scheduled to arrive in Vienna this afternoon by train from Bratislava, Czechoslovakia, where he has been conferring with Communist leaders of Czechoslovakia headed by party boss Antonin Novotny.

NO TOLERATION
"If it is profitable for some ruling circles in the West to live on a delayed action bomb for reasons which are beyond normal human considerations," the party

ment and the marking of further steps toward a rapprochement. "Unfortunately," Pravda continued, "from the other side of the ocean voices are heard which cannot be regarded either as sober or clever."

The Moscow Literary Gazette added that "the political blindness of certain U.S. circles is indeed amazing."

"Without taking reference to reality," it continued, "they advise President Kennedy to continue, from a position of strength."

It has been made clear in London, Paris, Bonn and elsewhere that the Western allies want Kennedy to be firm on Berlin and to impress on Khrushchev that the Western alliance is united and strong. That spirit has been reflected in the talks in Paris between Kennedy and President De Gaulle.

Although Austrian sources said this week that Khrushchev had assured U.S. Ambassador Llewellyn Thompson he would not force a showdown over West Berlin during the first year or so of Kennedy's administration, Pravda today renewed the Soviet demand for an early peace treaty with Germany and indicated the Soviets would sign a treaty with their East German satellite any time they pleased.

But Army officers voiced serious doubts today that these measures, involving an increase in weekly drills and summer training, would be enough to get the citizen-soldiers in shape for rugged field service.

Appeals Court Judge Dies

EL PASO (AP)—Associate Justice William J. Abbott, 47, of the 8th Court of Civil Appeals died at his home here Wednesday night.

Services will be held at 11 a.m. Saturday. Abbott was elected to the circuit court in 1958. He practiced law earlier in Midland.

He was a member of St. Mark's Methodist Church and was affiliated with the El Paso Bar Association, the Lions Club, the American Legion, and the Veterans of Foreign Wars.

He is survived by his widow, Bernice; two sons, William and Robert; and his mother, Mrs. Ethel Abbott, all of El Paso; and a brother, Dan Abbott of Abilene. His father was a pioneer U.S. marshal in the El Paso area.

HEART-FELT RELIGION

By E. H. Tarkenton, preacher
Church of Christ, West Highway 80
P.O. Box 1382

Let me go on record as a believer in heart-felt religion. I preach that men must believe with all the heart, must obey from the heart, and must love the Lord with all the heart (Acts 8:37; Rom. 8:17; Mark 12:30).

As these verses show, what the Bible calls the heart, is that part of man that believes and loves, and from which he obeys. It has nothing to do with the blood pump in a man's chest. We also find that man thinks and purposes with his heart (Luke 9:47; II Cor. 9:7).

Thus the heart is the seat of the intellect, the will and the emotions of man. For a man to have heart-felt religion, he must be earnest about what he believes and thinks; he must have a single purpose of will; and his love must be without hypocrisy.

It does not mean that he must shout when in religious services. The person who makes the largest display of his emotions is not always the one whose feelings are the deepest. Deep water runs still.

Plan to attend our services Sunday. Bible classes for adults and children, 9:30 a.m.; worship, 10:30 and 7. Don Swinney will preach. Remember, you are always welcome.

Let me go on record as a believer in heart-felt religion. I preach that men must believe with all the heart, must obey from the heart, and must love the Lord with all the heart (Acts 8:37; Rom. 8:17; Mark 12:30).

Jerry Graves To Get Degree

Jerry Graves, son of Mr. and Mrs. Tom Phillips of Big Spring, will be graduated from Rice University Saturday evening with a bachelor of science degree in physical education.

Graves is married to the former Sue Boykin, daughter of Mr. and Mrs. Zollie Boykin.

Planning to attend the ceremony are Mr. and Mrs. Phillips; Graves' brother and sister-in-law, Mr. and Mrs. Dan Graves of Odessa; and Mrs. W. M. White, of Big Spring.

Also to be graduated, with a bachelor of science degree in biology, is Walter Dickinson, nephew of the Rev. Jordan Groons, now of Amarillo and formerly pastor of the First Methodist Church here.

Many Snags To JFK Plan For Reserve

WASHINGTON (AP)—The Army, trying to meet President Kennedy's requirements for a combat-ready reserve, plans to intensify training of National Guard and reserve divisions ticketed for quick callup in event of emergency.

But Army officers voiced serious doubts today that these measures, involving an increase in weekly drills and summer training, would be enough to get the citizen-soldiers in shape for rugged field service.

From talks with Army officials, it was evident many problems remain to be solved before realization of Kennedy's plan to mount a force of 10 Guard and reserve divisions set to move to trouble spots within a few weeks after being ordered to duty.

There was an undercurrent of skepticism that the plan ever would work out the way Kennedy outlined it to Congress.

MESSAGE
In his special message last week, the President said the Army "is developing plans to make possible a much more rapid deployment of a major portion of its highly-trained reserve forces."

When these plans are completed, Kennedy said, two combat-equipped divisions could be ready in an emergency for operations with but three weeks notice, a total of 10 divisions with less than eight weeks notice.

Not the smallest of the problems is re-equipping the Guard divisions, now using mostly gear of World War II vintage.

And there is a political problem too. Army officials indicated some governors will have to be persuaded to give up strength in Guard units under their control to permit building up of divisions earmarked for the quick reaction reserve force.

Of the 27 infantry and armored divisions in the National Guard, seven infantry divisions are designated as high priority units constituting a ready reserve.

FIRST DRAWN
These seven divisions, whose identity is kept secret, would be the first to be drawn on for emergency duty, Army officers said.

Announcing Sinclair DINO GASOLINE AT REGULAR PRICE

MATCHES PERFORMANCE OF PREMIUM GASOLINES IN 3 OUT OF 5 CARS

Blended with Special HIGH-MILEAGE Ingredients For Greater Economy

Here's important news about a great new name in gasoline. It's Sinclair DINO Gasoline—the regular-priced gasoline that performs like premium gasoline in 3 out of 5 cars on the road.

If you want the most for your gasoline dollar, try Sinclair DINO Gasoline in your car today. With DINO Gasoline, you can save when you buy. Better still, you can save as you drive because Sinclair DINO is blended with special high-mileage ingredients to give you many money-saving miles per gallon.

You save with Sinclair. Drive in today.

Ike Sees 'Clear Mandate' To Attack Demo Program

WASHINGTON (AP)—Gen. Dwight Eisenhower says the GOP has "a clear mandate" to attack President Kennedy's program. Eisenhower laid before a cheering audience of 6,000 party faithful at a \$100-a-plate dinner Thursday night a battle plan under which he said "for America's sake, we take sharp issue with the leadership now in power." The former President, 70, wearing a fresh daffodil in his buttonhole, was in rare form. He gave the Republicans a political talking-to that he never could bring himself to do while he was in the White House. Sounding at times like former President Harry S. Truman — in reverse — Eisenhower brought down the house with a wide swinging attack on the Kennedy administration's fiscal policies. PARTISAN As he never did while he was in the White House, Eisenhower went wholly partisan and seemed to be enjoying it as the Republican audience rewarded him with 52 applause interruptions. This was more than he ever got with a State of the Union address in eight years. The former President, appearing heavier, tanned and fit, said Kennedy carries "the hopeful and sympathetic goodwill of all loyal Americans, regardless of party" into his foreign policy moves, es-

pecially his forthcoming meeting "History will judge the wisdom of his efforts," Eisenhower said. "But we cannot allow, today, the nation's basic unity of purpose to be in doubt." But Eisenhower made it clear that the Republicans expect to "frankly, but always constructively, speak their views." He added that the GOP wants to be "consulted before, not after, the hour of decision or the moment of action." BRASS PRAISED Although he avoided any mention of the Cuban invasion fiasco, the former President went out of his way to praise the Joint Chiefs of Staff. The military leaders have been under fire for the role they played as advisors in the invasion. Eisenhower said the United States poses "no group of men more dedicated, more patriotic and more capable in meeting grave responsibilities." Without putting it in as many words, Eisenhower implied criticism of the handling of the Cuban crisis by citing some of his own more successful experiences. Observing that Republicans stand ready to consult and advise, he added: "We have had some experience in careful and effective planning. In Iran, off Formosa, in Viet Nam, in Lebanon, in Guatemala and elsewhere we have known — and met — similar crises." GOLDWATER THEME The former President gave party conservatives a lift by bearing down hard on a favorite theme of Sen. Barry Goldwater,

R-Ariz.—opposition to "ever-increasing of power in Washington." "No one can stand, simultaneously, for more individualism and more centralized government," he declared. "The proposals now

Jackie Consoles Relative's Family

POINT-SAINT-ESPRIT, France (AP)—Jacqueline Kennedy took time out from the Paris festivities to think of Danielle Bouvier, 19, a distant relative, who was killed in a motor crash at Villefranche-Sur-Saone last Monday.

She sent a telegram to the dead girl's family: "I am deeply moved at the grief which strikes you, and I beg you and all the members of your family to accept my sincerest sympathy."

Mrs. Kennedy is descended from the Bouvier family of Pont-Saint-Espirit in southern France.

Turnabout

PUEBLA, Mexico (AP)—Leftist students who have terrorized Puebla for weeks are now asking police protection for themselves. They said a Catholic rally planned for Sunday could lead to an attack.

But Catholic leaders, who estimated that 150,000 may turn out for the protest meeting, said it will be quiet and peaceful.

flowing in such abundance to Congress can lead to nothing but greater centralization. We Republicans take our stand for the individual.

"We are against programs that would substitute coercion for cooperation. The new farm proposals creating an agricultural czar are a case in point.

"We are against programs that erode away citizen, local and state self-reliance. Federal payment of teachers salaries — as distinguished from needed construction — is a case in point.

"We are against the insulting concept of government by big brother. Excessive public housing, rampant public power, federalized youth programs are cases in point.

Eisenhower assailed "government by credit card." He said he regards continuing deficit spending as "immoral."

"I look in vain and with deep concern for fiscal responsibility today in public affairs," he said.

LETTERS TO THE EDITOR

Reader Points Out Need Of Homebound Instruction

To the Editor: A most gratifying thing is to see the results of an all-out effort to supply a need in the community such as the Crippled Children's Center. Look what happened when people took things for

granted. . . Our center closed! When the plight of this needed thing was brought to the public's attention, a wonderful response began to spread like wildfire. It just takes the right individuals with a sincere zeal to help their fellow man, and most of all our little afflicted children, to get the required results. Big Spring has many other needs, and a very great one is a Homebound School facility. A disturbing fact that it is here for the asking, a charter having been issued at the time the one for the Exceptional Children school was issued.

NEED

How do you get the public—you parents—to see the far-reaching need and responsibility to your children, your neighbor's children if each one of us does not accept our God-given responsibility to them?

This facility would be a service of the Big Spring Independent Schools and needs a registration of at least six children of any grade level to put it into effect, also a teacher must be found. The child should be registered now (with S. M. Anderson, school office at 10th and Rutnels or telephone AM 4-2443).

There are many illnesses that make a child eligible, illnesses such as rheumatic fever, kidney diseases like nephritis or nephrosis, or ailments like hepatitis, hemophelia, and others of a type that require much bed rest or seclusion. If a child is out of school for as much as six weeks, even from an injury, he or she is eligible as long as under the care of a doctor.

STRESS

Great emotional stress comes to many children when they fall behind in their studies (because they cannot go to school). Sometime these set up failures later in the school. Regular teachers are good to help with outside assignments.

but what is needed is a teacher to go into the homes and work with these homebound children.

Many people have the mistaken idea that homebound children are served by the School for Exceptional Children, which is for those with physical or mental handicaps.

It took 12 years to get the School for Exceptional Children established. There are many who said it couldn't be done, and they gave up before the project was started. I believe a great deal of thanks goes to Mr. Sam Anderson, assistant superintendent, for this facility, and for those who believed in the work and devoted themselves to education for all our children.

SUCCESSFUL

The Homebound facility is in existence in some of our neighboring cities and is highly successful. It is essential to our children's welfare. You may not need it now, but who knows if you might.

I have tried to get this project brought before the public for nearly two years, and it is the most discouraging thing I ever undertook. I've talked to some needing the facility, but they just don't seem to know enough about it. Parents can help now by registering their children now, and when the six registrations are on Mr. Anderson's desk, the school can be put into effect.

At one time there were 18 registrants, a few of whom were channeled into the Exceptional Children School, but most of the others just didn't make the right connections. A city of this size ought to be interested in a homebound school for children who can't go to school. If you are interested, see or call Mr. Anderson. Just be interested.

Sincerely, MRS. CECIL RICHARDSON Box 133 Big Spring, Texas

No Decision On Council

LUBBOCK, Tex. (AP) — The 52nd annual meeting of the Northwest Methodist Conference discussed a resolution concerning the National Council of Churches but was unable to reach a decision Thursday.

The conference voted, 114-75, to refer the matter to its committee on interdenominational cooperation.

One resolution suggested that all necessary means be taken so that resolutions of the National Council be referred to legislative bodies of the Methodist Church before being publicized as stands by the council.

A report by Lew Wendel on behalf of the First Methodist Church at Phillips, stated the National Council can speak to, but not for, churches which are members of the council.

The Rev. Jack Ellzey, pastor of St. Luke's Methodist Church, Midland, chairman of the conference committee on interdenominational cooperation, said: "If we are to be the land of the free, we have to be the home of the brave," and it did not seem appropriate to him to try to hamstring the National Council from making announcements.

Wendel was invited to meet with the committee which will consider the National Council of Churches resolution.

One pastor suggested the committee consider asking the National Council to cease releasing preliminary statements to the press pending action by the general assembly of the council.

The conference adopted the regular report of its committee on interdenominational cooperation which called attention to the historic position of the Methodist Church in cooperating with other church groups and commended local, state, national and world councils of churches for their cooperative efforts. Bishop Paul V. Galloway, San Antonio, presided at the meeting.

Outstanding Church, Pastor

LUBBOCK (AP)—The outstanding rural church and rural pastor of the year in the Northwest Methodist Conference have been announced.

The pastor, was the Rev. James Patterson, of Cotton Center First Methodist Church.

That church also was named outstanding rural church of the year on basis of points in the improvement awards program, based on building expansion and various accomplishments.

Good News From The Research Front

Two exciting bits of news from the medical research frontier add to the hopes that science is gradually closing in on the killer cancer.

U. S. Surgeon General Luther Terry said that experience with a certain drug has almost certainly cured (a certain type of) cancer in man. On the same day, the Veterans Administration Hospital announced the successful production synthetically of a chemical compound at the Dallas hospital, and that this may help solve major mysteries about cancer, and possibly lead the way to anticancer vaccines.

It is well to exercise caution about the reports, not that they lack in authenticity, but because they are simply straws in the wind. Laboratory leads are not to be regarded as clinical certainties. These discoveries offer hope—and that is a pre-

vious thing—but if they are regarded in proper perspective they will not be allowed to raise false hope.

The drug mentioned by Dr. Terry was mentioned by name, but he said it had proven effective against a type of cancer of the womb of pregnant women. This is a relatively rare type of cancer, but it is fast growing and almost always fatal. Results with the drug have led him to be confident that actual cures have been effected.

The Dallas VA Hospital development is the product of Dr. Alfred C. Schram, VA biochemist and is called Glyco-Lipid, or Cytolipin H, a chemical detected in high concentration in most human cancer cells.

Being able to produce this in volume means that it may be a tool to explain why cancer kills, and eventually to speed development of possible vaccines.

Attack On A Widespread Problem

Almost a year ago the Colorado River Municipal Water District was granted a permit to impound a second lake on the upper Colorado River on the condition that a solution be found to salt water pollution of the river. Studies have shown that approximately 24 tons of salt go down the river every day in the normal low water flow of the river. Progress is being made toward cutting the pollution off at one of the sources, namely pit disposition of brine produced incidental to recovery of oil. The district makes other action in this direction because it is imperative that salt water content be brought within manageable limits.

The problem here is by no means isolated. The Brazos River Report, published by the Brazos River Anti-Pollution League, asks the question in its current issue: "How salty is the Brazos?" The Brazos River Authority is investing \$9,450

the first year of a long range study to ascertain the answer to that. Currently, it is known that water released from Possum Kingdom contains more than 1,500 tons of salt per day. Lake Whitney, downstream, generally is too highly mineralized for industrial use.

The Arkansas and Red River basins contain similar if not more aggravated pollution with pollutants contributing from 10,000 to 20,000 tons of salts and sulphates to the two rivers daily. The U. S. Public Health Service said that the "pollutants are mostly dissolved salts stemming from saline springs, oilfield brines and water running over soluble rock formations. Man-made pollution can be halted and natural sources may be reduced or controlled.

Action is imperative on both fronts, for water is rapidly getting to be an increasingly precious product.

David Lawrence

Were 'Freedom Rides' Necessary?

WASHINGTON — Were the so-called "freedom rides" really necessary? Could not the same objective have been accomplished by the Kennedy administration in another way, and could not mob violence thus have been avoided?

These questions are asked because Attorney General Robert Kennedy has just petitioned the Interstate Commerce Commission to issue regulations banning segregation in waiting rooms, restrooms and restaurants at bus stations throughout the country.

WHY WASN'T this approach taken in the first place? Just after the Supreme Court's 1954 decision, the Interstate Commerce Commission in 1955 ruled that segregation of interstate passengers on trains and buses was unlawful.

Since the 1955 regulation was apparently inadequate and didn't cover restaurants or restrooms, it would have been a simple matter for the attorney general to ask for the issuance of a broader regulation and this could have been publicized widely. Then any "freedom rides" would have been unnecessary because, if there were any violation, it would have been a routine procedure to ask the federal court to issue an injunction against those who disregarded the federal regulation.

THE LANGUAGE of the Attorney General's petition filed early this week indicates clearly that he finds the 1955 regulation is not detailed enough. The Attorney General says:

"Recent events that have taken place in certain states have disclosed a breakdown of guarantees of nondiscriminatory transportation to passengers in interstate commerce.

"The promulgation of rules and regulations by the Interstate Commerce Commission is necessary to create order out of chaos, to lessen the possibility of mob action further disrupting the free flow of commerce and threatening the safety of passengers. . . to guarantee to all passengers their rights under the Interstate Commerce Act, and to vindicate those rights against inconsistent and unlawful action by state and local authorities.

THE HANDLING of these matters gives an impression of impulsiveness and of failing to think things through. As it is, American "prestige" has been permitted to get some unfavorable publicity abroad. There have been, according to Senator Eastland, some Communist sympathizers active in connection with the "freedom riders" and, while the Communists, of course, don't originate these controversies, the reason to believe that the Communist apparatus does help to keep the pot boiling.

All this would have been avoided and the United States would have given the world a splendid example of how to deal with the segregation issue by lawful methods if the Department of Justice had been alert in the first instance and if it had persuaded the Interstate Commerce Commission several weeks ago to issue the necessary orders about interstate travel, restaurant service and the use of restrooms in the bus terminals.

INCIDENTALLY, there is only one Supreme Court decision which throws some legal doubt on any of these matters. Strangely enough, the high court here refused not long ago to disturb a Virginia state court decision which said that restaurants in the federal court house at Norfolk could remain segregated. Just why federal judges themselves and their staffs were given in this instance the legal privilege of "separate but equal facilities" is indeed a mystery.

(Copyright, 1961, New York Herald Tribune, Inc.)

to unrest and civil disorder.

"The Department of Justice has received complaints, and can present evidence, of many instances of discriminatory treatment of passengers on motor carriers in interstate commerce."

ALL THIS merely deepens the mystery. Here was a course of action which the federal government might well have taken earlier this year when it first learned that the "freedom riders" were planning an "invasion" of Mississippi and Alabama. Did the Department of Justice tell the "freedom riders" about it, or did it fail to tell them? If it failed to tell them, there close their eyes to plans for incitement of the populace which was inevitable if the demonstrations were permitted? It will be recalled that Mayor Robert Wagner recently denied a permit to George Rockwell, champion of Nazi doctrines, when he wanted to conduct a mass meeting in New York City and bring on a similar type of demonstration.

IT BEGINS to look as if the Department of Justice, which is headed by the President's brother, either did not know what it could do through an Interstate Commerce Commission regulation or hesitated to interfere with the "freedom riders" propaganda plans. The mere request by the Department for such an order would have certainly put the "freedom riders" on the spot, and they might have been prevailed upon to wait for the regular processes of the law to be carried out. With all the loud talk heard nowadays about obeying the law, and giving "adherence" to the processes of "law and order," it is surprising that the Department of Justice, knowing of the possibilities of violence, didn't exert itself to prevent the demonstrations of violence at the source. For if the Department has the power, as it now claims, to send U. S. marshals to take care of local disorders, it might be assumed to have the power to enjoin "freedom riders" from provoking violence in bus terminals.

THE HANDLING of these matters gives an impression of impulsiveness and of failing to think things through. As it is, American "prestige" has been permitted to get some unfavorable publicity abroad. There have been, according to Senator Eastland, some Communist sympathizers active in connection with the "freedom riders" and, while the Communists, of course, don't originate these controversies, the reason to believe that the Communist apparatus does help to keep the pot boiling.

All this would have been avoided and the United States would have given the world a splendid example of how to deal with the segregation issue by lawful methods if the Department of Justice had been alert in the first instance and if it had persuaded the Interstate Commerce Commission several weeks ago to issue the necessary orders about interstate travel, restaurant service and the use of restrooms in the bus terminals.

INCIDENTALLY, there is only one Supreme Court decision which throws some legal doubt on any of these matters. Strangely enough, the high court here refused not long ago to disturb a Virginia state court decision which said that restaurants in the federal court house at Norfolk could remain segregated. Just why federal judges themselves and their staffs were given in this instance the legal privilege of "separate but equal facilities" is indeed a mystery.

No New Insights From JFK

WASHINGTON (AP) — President Kennedy, to no one's surprise, so far in his Paris visit has given no new insights into his thinking on foreign policy.

He wasn't expected to. Nor is he likely to in his remaining talks with President De Gaulle or later, in Vienna, in his meeting with Premier Khrushchev.

His meeting with De Gaulle has been given far more attention than what they did and where they went than for anything they said—which, apparently, hasn't been much.

They went through all the ceremonial fol-de-rol which has become customary when one head

of state visits another: Exposure to crowds, airport bands, wreath-laying, graveside bands, banquets, speeches.

IN A SHORT visit like Kennedy's, with a man he had never conferred with before, all the time spent on pomp and circumstance might have been much more profitably used in conversation between the two men.

What Kennedy has told De Gaulle (so far as is known)—and why there's nothing new in it—can be summed up like this:

1. He pledged America to stand with its NATO allies, particularly France and West Germany, in de-

fense of West Berlin against any Communist attempt to take it over or shut it off from the West.

2. He said the future of the backward countries in the southern half of the world is the responsibility of the Western allies.

THIS IS NO revelation. For years the United States realized the responsibility and has been trying to help the backward areas. Further, it has been needing its allies to do more of the same.

3. He pledged the United States to the defense of Western Europe. But that's exactly why the United States joined NATO in the first place a dozen years ago. So Kennedy is simply restating long-established American policy.

And later this week when Kennedy meets Khrushchev, since he is not going to make any commitments behind the backs of American allies, there may be some understandings but hardly any settlements.

Once again the events surrounding the Kennedy-Khrushchev conference—rather than what they say or accomplish—is apt to get the attention and provide the color.

IN SHORT, up to this point in his presidency, except for wanting to give backward areas aid on a long-term basis so they can plan better, Kennedy has hardly broken new ground or departed from the policies of his predecessors.

Danger Of Compacts

OKLAHOMA CITY (AP) — Kay Dyer drives a compact car. Three times in less than three months she was hit by larger vehicles. The third time made her the maddest.

She had just gotten her car from the garage after repairs for the second accident, and was driving home from work to dine with friends. While stopped at a traffic light, a large automobile hit her car from the rear. The driver got out, and explained:

"I looked right, I looked left, but I didn't look down."

To Your Good Health

Sight Of Blood Still Upsets Many People

By JOSEPH G. MOLNER, M.D.

"Dear Dr. Molner: Approximately six months ago a person was explaining an operation performed on himself. Within a few minutes I fainted.

"Ever since, if someone mentions blood or anything regarding an operation, I throw myself into a fever, afraid that I'll faint again. It's beginning to make a nervous wreck of me—C.D."

Evidently you have an active and vivid imagination—and that's nothing to be ashamed of. If this imagination sometimes gets out of control—well, that's the way a vivid one behaves.

I personally doubt if any sensitive doctor ever got through medical training without having at least a few bouts of the same sort.

The best I can do is to assure you that something like 7,000 or 8,000 American and Canadian doctors discover every June that no matter how much they may have worried about their nerves at one time, the jitters finally faded away, and reason overcame the unreasoning tension that our emotions stir up at the sight of blood.

Apprehension at the sight of blood is something that goes back in our instinct for countless generations. For thousands of years, blood meant a wound of some sort. It's only in a relatively few recent generations, as we count the years of history, that surgery has meant cure and comfort, instead of injury and pain.

It's no wonder that our instincts, based on thousands of years of history, don't change instantly to keep up with modern developments. So we still go through the jitters.

However, the passing centuries continue to prove that Man is the most adaptable creature that exists on earth.

For that reason, we can continue to expect that we'll find that reason takes charge, and we fairly soon get over the unreasoning fear of the sight or thought of blood.

"Dear Dr. Molner: My 9-year-old niece is asking questions now about babies—how they are born, where they come from, etc. We want to tell her the truth in a way she can understand at her age without being confused. . . M.G."

How about a pinch of radish seeds, so she can see that little seeds can grow? How about a cat, so she can watch the animal swell with new life?

Youngsters are a whole lot more willing to accept the simple—and mysterious—facts of life than we realize.

I have in mind a very little girl, about 3, who was being "prepared" for a baby sister. A grandmother in the neighborhood, hoping to be helpful, said, "Is your mama going to the grocery store soon to get you a baby sister or baby brother?"

The child politely said, "Yeth."

Around The Rim

The Passing Parade

Notes taken at a college graduation ceremony.

The preacher going through the same old speech (and haven't all such speeches always been the same?) but in an interesting way.

The honor student who, in a high school ceremony two years ago, took a wrong turn and almost nose-dived off the stage. This time, she remained seated.

A reception for the students without the students. The SUB filled with parents and faculty and friends, but most of the students vanished as soon as they could get out of the auditorium.

In the pidgin English of the Australian aborigines, the second verse of the 23rd Psalm goes thisaway:

"Big Name makum camp along grass, takum blackfella walkabout longa, no frighten no more hurry wata."

Wonder how they translated the Songs of Solomon?

Experts are saying the center of population in the U.S. soon will be located near St. Louis, Mo. What I want to know is, how do they expect to crowd so many people into such a small area?

Other experts report that there are

some 450 species of carnivorous (meat-eating) plants in the world.

They're just now discovering a fact that amateur grass tenders have known for years—some of those pestiferous nettles can draw blood.

What's going to happen when atomic fallout causes mutations in all these carnivorous plants?

Machine shop workers don't always have the union to thank for air conditioning. Keeping the temperature on an even keel keeps intricate metal parts from expanding or contracting, thus saving money by cutting down on waste.

Liberia is unique among African countries. It is the only nation on the continent that was set aside for freed slaves. It was for 100 years the only republic in Africa. And it is the only area on the continent that has not, at one time or another, been dominated by European colonial powers.

It was Shakespeare who said that a pun was the lowest form of humor. Yet, among all the great minds that have employed the atrocities, Will himself was the worst offender.

—BOB SMITH

Will The Mirrors Turn To Windows?

WASHINGTON—In my lap lately, when bus-riding past Mr. Kennedy's big house on the Avenue on my way between town and office, there has been the biography of Thomas Wolfe by Elizabeth Nowell. Blessings come unexpectedly. I did not plan that by reading about Wolfe I would get any insight into President Kennedy. Yet this has happened.

THE TWO MEN will be said, are nothing alike, and, superficially, the contrasts are obvious: Kennedy—disciplined and cool; Wolfe—dissipated and hot-headed; Kennedy—an organizer, a friend-maker, a developed, even synthetic personality; Wolfe—always missing trains, insulting his best friends, so much "nature's boy" that he never learned to typewrite or to be anything except the frantic, disheveled, disorganized, gargantuan, inimitable and inspired creative genius.

But the likenesses of the men are more striking. Each stands as ambitious, driven, egocentric, inchoate. At the peak of nominal success, both JFK and Wolfe are self-revealed as unfulfilled, underdeveloped, more-promise-than-performance celebrities.

HAUNTINGLY, only a few months before Wolfe's death in 1938, he found himself and had the mature man's grand vision of his life's work and purpose. It would be wonderful to write that Mr. Kennedy, a few months after taking office, had enjoyed the same experience, but that assertion must wait awhile. My point here is that the experience is as possible in JFK as it was in the novelist, and that the country will have a great President only when and if the experience takes place. In outlining the plan of his projected novel, Wolfe wrote Edward Aswell of Harpers:

"**THAT PLAN** . . . is . . . any man's progress and discovery of life . . . not in terms of personal and self-centered conflict with the world but in terms of ever-increasing discovery of life and the world, with a consequent diminution of the more personal self-centered vision. . ."

It seems to me that Mr. Kennedy has missed his objectives, disappointed his followers, failed thus far in maturity, mainly

because he has not seen the Presidency with the "plan" or grand design that Wolfe outlines. To make the outline clearer, Miss Nowell quotes a passage by Harry Emerson Fosdick, who says it better than Wolfe did:

"**THE GREAT DAY** comes," says Fosdick, who might have been talking about the President, "when a man begins to get himself off his hands. He begins to live in a room surrounded by mirrors. Every way he turned he saw himself. Now, however, some of these mirrors changed to windows."

In this, if I may say so in exhortation and in full respect, is what JFK must undergo if he and the USA are to get through the Sixties. Up till now, the President's family, his followers, his own self-esteem have surrounded him with mirrors. He is a man of studied phrase, gesture, action and approach. To satisfy his urges, drives and undoubtedly parental ambition, Mr. Kennedy fought his way (nobody asked him to do it) to the Presidency, and very likely he needed to live amid mirrors.

BUT THE STORY is unfinished, the plot unresolved, until these mirrors change to windows; and the President can look out of his impressive, privileged but awesome surroundings to discover the life of his country in this testing time.

The windows upon life will show the President, I believe, something very different from his own cultivated image as a history maker. There is no need for him to be the depression buster, for there is no depression; the liberator of slaves, for there are no slaves; the bringer of peace, for there is no peace.

IF, INSTEAD of seeing himself in these roles—if, indeed, instead of looking at himself at all—Mr. Kennedy could look into the lives of everyday people (not the anguished exceptions), into the essentially progressive and pleasant American economy and ways-of-life, into the mouths of the Sino-Soviet guns which are leveled at us, then he would be able to address himself to the needed programs of the Sixties.

Warning On That Bull Market

A grim, minatory gag is going the rounds of brokerage offices. The president of a small manufacturing company is closeted with his accountant, his lawyer, a stack of unpaid bills, and a depleted bank balance. Finally, the lawyer says, "Jim, there's no other way out—either go bankrupt or go public."

This is a commentary on the goings-on in the over-the-counter market. Almost any new issue, with "onics" in the name and a proper pump up, will sell at a premium over the offering price. Therefore, the "out" for the hard-pressed manufacturer is to let avid public investors take over his financial difficulties.

THEN THERE'S the sequel. A broker has sold a customer 300 shares of a \$2 over-the-counter stock. For three successive weeks thereafter, the broker calls him with the good news that the stock has gone up another \$2 a share and the suggestion that he buy another 300. By this time, the customer has accumulated 1,200 shares for \$6,000 and feels pretty good.

When, the next week, the broker calls and says, "Up again, it's now \$10. How about another 300?" the customer answers, "No, I think I'd rather sell 600 shares at \$10."

THE BROKER asks, "To whom?"

A get-rich-quick, I'm-smarter'n-you amorality possesses the stock market. People are buying stocks not to invest, not to get a return, but to pass on the Old Maid, America is bull-market happy and capital-gains crazy.

Honest, serious investors are to be encouraged. It is sensible—if you can take the risk—to put up money for a new company with an idea for a new product or service. It's smart to carefully study the stock list, look up the earnings of companies, examine market potentials for products, search for clues as to managerial ability, and then buy stocks.

THE PERSONS who bought General Motors in the 'twenties or aircraft stocks or computer companies later deserve the fortunes they have made. The persons who today are leaping after they look merit the fortunes they will reap. They're not the persons I'm writing about.

I'm thinking of the persons who enter a brokerage office and say, "I just borrowed some money on my car, what's good today." I'm thinking of the woman

in an investment club who asks her husband what's likely to go up, and buys it. I'm thinking of the doctor who borrows money on his home to buy into an electronic company a patient tells him his brother is floating.

PROSPERITY can become a virulent disease. Persons become envious of others' good fortune—and greedy. They want what they do not understand.

The good speculator analyzes, selects, and weighs the risks in stocks. He thinks not only of today in the United States but of tomorrow and world power. He buys dividends and earning power, and knows that even if the market turns he still has real value.

Each sweep upward of the bull market is like the pied piper's flute. It draws in the innocents—housewives, professional men, workers. They want the free ride.

SO IT WAS with tulips in Holland in the 1630's. You bought the bulbs not the plant in gardens but to sell to someone else. So it was with John Law's Mississippi Company and the Earl of Oxford's South Sea Bubble. And so it is today with persons who buy pass-along tickets to riches in Wall Street—without regard to earnings, dividends, or the products the companies deal in.

These persons know that some day the market will go down. But they also feel sure that they will be out before then. Somebody else will take the rap when the crash comes.

Oh, yeah!

Housewarming Is Surprise In New Home Of Kings

Mr. and Mrs. L. T. King were the surprised honorees at a housewarming Thursday evening in their new home, 1603 Osage.

Members of the treasury department at Couden Petroleum Corp., of which King is head, met at Goid Junior High School before they, with their families, went to the King home.

The group of 48 arrived just ahead of a truck carrying their gift, a dryer for the new home. A bathroom ensemble, was an added gift to the couple.

Refreshments were served buffet during the no-host affair.

Convention Report Heard By Club

A luncheon and business meeting was held by the Big Spring Credit Women's Club Thursday at the Golden Pheasant Restaurant. Reports were made on the Waco convention held in May.

Attending the convention were Mrs. James Eubanks, Pyrie Bradshaw, Mrs. J. B. Apple and Mrs. A. G. Eitzen. Mrs. G. G. Sawtelle gave the invocation; 19 attended the luncheon.

Attendance prize was won by Mrs. H. J. Morrison.

MRS. J. O. CREIGHTON

Tea Honors Mary Read

Friends again honored Mary Read, bride-elect of Dennis Vance Winterrowd of Pecos, Thursday afternoon at a tea given in the home of Mrs. Clyde Angel.

Daughter of Mr. and Mrs. Shelby Read, 610 Hillside Dr., the honored guest is to be married in the First Presbyterian Church, June 30.

Alternating in the hostess duties were Mrs. G. E. Peacock, Mrs. Lee O. Rogers, Mrs. Robert Stripling, Mrs. R. V. Middleton, Mrs. A. K. Steinheimer, Mrs. Roy Bruce, Mrs. Ray Boren, Mrs. H. C. Stupp, Mrs. Angel and Mrs. C. O. Nalley.

Mrs. Ross E. Winterrowd of Pecos, mother of the prospective bridegroom, joined Miss Read and her mother to greet guests, who then were invited to the tea table.

White satin under net, with full skirt of ruffles, covered the table, centered with white stock, carnations and greenery, flanked with green tapers in single holders.

Grandmothers of the couple, Mrs. B. E. Winterrowd, Mrs. E. S. Goodner of Henderson and Mrs. Andy Brown of Ackerly, presided at the refreshment table and at the bride's book.

Wedding attendants, Mrs. Ron-

Forty-Four Play In Bridge Games

Eleven tables were in play at Thursday evening's bridge games at the Officers' Club. First place winners were Mrs. J. J. Havens, Mrs. Riley Foster, north-south; and Mrs. Travis Reed, Mrs. Myrtle Lee, east-west.

Other winners in north-south were Mrs. B. B. Badger, Mrs. Ann Hardy, second; Mrs. Howard Lindsey, Mrs. B. F. Yeargin, third; Mrs. Dennis Wall, Mrs. George McGann, fourth.

East-west winners were Mrs. John Stone, Mrs. Ben McCullough, second; Jackie Jernigan, Mrs. Fred Haller, third; and Mrs. Bill Emerson, Mrs. George Thorburn, fourth.

Next week will be masterpoint play.

Miss Lee Is Bride In Thursday Wedding

LAMESA (SC) — Thelda Joyce Lee and J. O. Creighton exchanged wedding vows at 8 p.m. Thursday in the Church of Christ at Ackerly. The double ring cere-

mony was read by Bob Hoover, minister of Lubbock.

Miss Lee is the daughter of Mrs. S. E. Lee and the late Mr. Lee. Parents of the bridegroom are Mr. and Mrs. E. V. Creighton of O'Donnell.

The bride, given in marriage by her brother, S. E. Lee Jr., wore a formal length white satin gown covered with five tiers of hand-clipped Chantilly lace on tulle across the front and to the back of the full skirt which fell into a chapel train. The dress, with a basque waist, was accented with a sabrina neckline.

Dozens of white rayon and velvet leaves tipped with pearl tear-drops, held the bridal veil of silk illusion. The bride carried a bouquet of white carnations on a white Bible, showered with white picot ribbon.

For something old, the bride chose a handkerchief which had belonged to her aunt, Mrs. O. W. Jennings; her wedding attire was new, and she had borrowed a pearl necklace from her mother. In the wedding slippers were birth-date pennies, and she wore a blue garter.

Lugene Graham served as maid of honor and Nelva Stovall, Judy Chiles and Nell Woods were bridesmaids. Royale Lewis of Ackerly was best man. Ushers included Larry Doyle, Larry Reeder and Scottie Martin, all of Lamesa.

At the church reception, the table was laid with white organdy over blue with the bride's bouquet used as a centerpiece.

The bride wore a red linen two-piece suit and white accessories on the wedding trip to New Mexico. Their new residence will be Route 1, O'Donnell.

Mrs. Creighton is a spring graduate of Lamesa High School, and the bridegroom of Borden County High School in Gall. He is now engaged in farming and ranching in Borden County.

Fashions, Charm Aids Presented For OWC

Clothes for summer living formed a background for a concentrated course in techniques of comportment, poise and posture Thursday at the Officers' Wives Club luncheon at the Officers' Club.

Members of the club and guests were seated at tables done in pastel shades with a scattering of spring blossoms, sea shells, starfish and sea animals.

Mrs. J. E. Groves, commenting on fashions shown by Swartz, wove into her presentation tips on correct posture and how to obtain it, the right way of walking, standing, use of the hands and entering and leaving a room.

Mrs. A. L. Short was organist for the revue, which opened with Mrs. Leland Younkin showing the method of using a light ensemble as a basis of change for costume. Models demonstrated the method of computing the correct weight according to height, and health tips were discussed as the work went on.

Mrs. C. D. Westphal, in gay plaid cotton of coral and white, showed various expressions by use of facial muscles, with chin exercises displayed by a group of members.

In smart black and white with a black taffeta hat, Mrs. W. E. Overacker showed the relaxation of cheeks. Mrs. J. F. Holt wore a white frock with red and blue diagonal trim on the blouse as she did exercises for obtaining a firm lipline.

A change of accessories with a dark cotton prepared Mrs. Younkin for an evening out, wearing the same basic dress and using rhinestone jewelry. Later in the revue, she showed the beauty of a bright costume by displaying a shirtwaist frock of green, blue and copper tones.

Mrs. Gregg Smith, in a sweater and skirt of cool yellow, showed the group the graceful way to ascend and descend the steps; Mrs. E. G. Baumann, in gaily striped

Duties Told At Meeting

The Rev. Clair Weiderhoft gave the devotion and led the topic discussion on training leaders for specific offices and duties in the congregation at Thursday evening's meeting of the Lutheran Parish Workers.

Rev. Weiderhoft emphasized the importance of training sessions, study courses and workshops. Committee reports were heard and Mrs. A. A. Graumann, local chairman, presided.

Mrs. W. F. Pachall urged help in visiting new members, prospects and church visitors. It was announced that the Parish Workers are to provide lodging for 40 young people and their counselors from California who will arrive in August en route to the international convention in Miami Beach, Fla.

In place of the regular August meeting, a wiener roast and swimming party will be held at City Park.

Sunday school teachers were urged to attend the Sunday School convention in San Antonio, July 21-23. Mrs. W. C. Heckler served refreshments.

Sewing Classes Will Start Monday Night

Would-be seamstresses are invited to gather at Runnels Junior High School Monday evening for the start of a five-lesson course in sewing, to be given by Mrs. Florence Lenox.

The course is part of an adult education program, and it is open to all women wishing to learn the fundamental principles of clothing construction.

Included in the class work will be accuracy of preparing, cutting and marking fabric; cutting to fit; perfection in stitching and in pressing and attaining the right look with details of trimming.

The group will assemble in Room 304 at the school, from 7:30 to 9 p.m. Monday, to arrange the course of study, fit a pattern and cut the garment.

Games will be played on the third Thursday of each month, with a welcoming coffee slated for the fourth Thursday of the month. An all-day session of bridge and canasta will be scheduled for fifth Thursdays, it was announced.

June 18 was set as the date for a tea-dance to be given at the Officers' Club.

Party Tables Arranged For Club

Tables for informal coffees and a luncheon were set up Thursday for members of the Elbow Home Demonstration Club at the school. Mrs. L. L. Phemister was hostess.

Mrs. F. M. Fullbright and Mrs. Earl Bell arranged a table of china, crystal and silver centered with a single red rose in a bud vase for a foursome at luncheon.

Two coffee tables also were arranged, holding a Mexican straw hat with a brim full of fruits and vegetables, the other decorated with a bean pot of ivory.

This marked the last of the regular sessions of the club, it was announced, until the meeting in September.

Planned for June 15 is an all-day meeting at the school, when the group will work on plastic poolies; June 23 is the date set for a picnic in City Park, when members and their families will meet at 7 p.m., with basket lunches.

Attends Graduation

Mrs. W. R. Yates, 705 Johnson, has returned from Dallas where she attended graduation exercises of her granddaughter, Donna Yates is the daughter of Mr. and Mrs. W. R. Yates Jr. of McCamey.

Trial Considers Nazi Propaganda

JERUSALEM, Israel (AP)—The Israeli prosecution implied today that Adolf Eichmann should have stopped killing Jews because Joseph Goebbels in a public pronouncement said orders from superior officers did not justify "the murder of women and children" by Allied fliers who bombed German cities.

Atty. Gen. Gideon Hausner introduced the Nazi propaganda minister's statement as evidence in Eichmann's trial, and defense counsel Robert Servatius objected that it had no bearing on his client's case. But presiding Judge Moshe Landau curtly overruled him.

Goebbels' declaration, published in the official Nazi newspaper Voelkischer Beobachter, said captured fliers had forfeited all their rights "by their murder of the civilian population."

"The fliers can no more reply that they are soldiers and acted according to orders," said Goebbels. "Those orders are contrary to all human concepts of war."

The attorney general said this official opinion of the Nazi regime "should work in both directions and must also be followed in the minds of every German. The accused himself said under interrogation, 'What would I do? There were orders (to exterminate Europe's Jews)'. And yet here we read the words of his own government."

The prosecution also submitted a series of documents linking the Arab mutiny of Jerusalem, Haj Amin El Hussein, to the Nazi persecution of the Jews.

The mutiny was described as active in blocking of emigration of Jews to Palestine. The prosecution claimed he was the "man behind the scenes to prevent" British-American negotiations with Bulgaria and other Nazi-controlled countries in Southeast Europe for the emigration of 5,000 Jewish children.

SA Board Holds Meeting

The Salvation Army advisory board met at a breakfast meeting Thursday at the home of Mrs. J. E. Hogan. Mrs. Hogan and Mrs. W. D. McDonald acted as hostesses.

Eighteen members of the board were present to hear Capt. James Jay, Post commander, report on Salvation Army activities.

The westside playground committee reported that the trustees of the Big Spring Independent School District had rejected an offer to lease some Salvation Army property as a site for temporary buildings.

It was announced that the Kiwanis Club had made a gift of \$500 to finance a summer camp trip to Midland for some Salvation Army young people.

Floyd Parsons, chairman of the finance committee, announced that the committee will meet Saturday at 10 a.m. at the Post headquarters. The next regular meeting will be held on the first Thursday in September.

Jack Alexander, president of the board, presided over the breakfast meeting.

W. J. Overcash Killed Thursday

SEMINOLE — Wade Jasper Overcash, 28, of Rt. 1, Big Spring, died shortly after 3 p.m. Thursday en route to an Odessa Hospital aboard a Singleton Funeral Home ambulance. He was crushed by a nine-ton earth moving machine while he was working on a road construction job seven miles west of Seminole.

The body was shipped by rail to his former home in China Grove, N. C., where his parents still live.

Overcash was working as a level grader on the construction of Highway 181, for Parker Construction Co., when the accident occurred. He was checking the grade, and the driver of the big machine failed to see Overcash and ran over him. He was rushed to the hospital in Seminole and preparations were being made to take him to Odessa for surgery.

He leaves a wife and three sons, his parents, a sister and seven brothers.

Mrs. Francis Dies This Week

Mrs. Barbara Francis, wife of Dale Francis, died early this week in Austin after a long illness, according to information reaching here.

Mrs. Francis had suffered from a malignancy. She was a member of the WACs and was stationed at Big Spring "Bombardier School" during World War I, and it was here that she met and married Francis, who was editor of the base newspaper.

Mrs. Francis, as does her husband, wrote extensively for Catholic publications and also authored books.

Area Farmers Take 7,000 Acres Out Of Production

Seven thousand acres of Howard County farm land, which was slated to be planted to grain this year, has been withdrawn from that purpose.

The withdrawal was in accord with the new federal program to reduce grain production and 140 of the county's 700 farmers signed up to reduce their grain acreage. The farmers will be paid by the government for the land kept idle. Thursday was deadline for the program.

Top Spellers

John Capehart, 12, of Tulsa, Okla., winner of the National Spelling Bee, and Mary Lukes, 12, of Oxnard, Calif., runner-up, pose with the championship trophy after the conclusion of the spelling-down in Washington. John was sponsored by the Tulsa Tribune and Mary by the Ventura (Calif.) County Star-Free Press. Scripps-Howard Newspapers in 18 cities and 54 other newspapers and television and radio stations sent city and regional spelling champs to the 34th national bee.

Family Helped Spelling Champion

WASHINGTON (AP)—If one word can explain the success of 12-year-old John Capehart, it's spelled i-a-m-i-l-y.

Rooting for John as he won the 1961 National Spelling Bee Thursday were his parents, Dr. and Mrs. Maurice P. Capehart of Tulsa, Okla., and his brother, Mark, 14.

"This has been a family hobby with us," explained the father. He's 42, slim, dark and a neurosurgeon. "We often have little spelling sessions at home after dinner."

Capehart said he participated in these parlor spell-downs with John and Mark, who finished 12th in the 1958 national bee.

"John's ambition in the national contest was to do as well as his brother," smiled Capehart. "Quite frankly, we had no idea that this would happen."

What happened was that John, as cool as prairie night, zipped through 24 rounds of words like "ochlocracy" and "propitiatory" before spelling down Mary Lukes, 12, Oxnard, Calif., for the championship.

After Mary tumbled on "distichous" by making it "distichous," John spelled it correctly, then wrapped up the title by spelling "smaragdine" without even waiting for her to define it. It means of or pertaining to emerald. "Distichous" means arranged in two vertical rows.

Even his father admitted that John's calmness throughout the two-day finals was "a source of amazement to us."

E. S. Redwine Dies Thursday

COLORADO CITY — Eddie Samuel Redwine, 73, was found dead in the back yard at the home of his son, Heston Redwine, eight miles south of Colorado City Thursday night. His physician said he apparently died of a heart attack.

He was a retired farmer and had been living with his son and family about two months. The family had gone into Colorado City for a Little League baseball game. When they arrived home after the game they found the body.

Mr. Redwine was born Oct. 6, 1887 in Comanche County. He married Miss Twillie Thomas in that county in 1912. She died in 1925. He lived in the area of Winters, and in Colorado City, since his marriage, and was a member of the Methodist Church.

Funeral services will be held at 2 p.m. Saturday at the Sidney Methodist Church in Comanche County, with the Rev. Lopes, pastor, officiating. Burial will be in the Pendergrass Cemetery, near Sidney, with the Kiker & Son Funeral Home of Colorado City in charge of arrangements.

Survivors are four daughters, Mrs. Olen McGregor, Winters; Mrs. Frank Hollis, Abilene; Mrs. Erwin Cary, Bradshaw; and Genita Redwine, Winters; two sons, Heston of Colorado City, and Eddie of Abilene; three sisters, Mrs. P. H. Harris, Midland; Mrs. Mary Holland, Fort Worth; and Mrs. Edna McCullough, Sidney; a brother Harvey of Childress, and nine grandchildren.

Equipment Slips, Damaging Truck

A piece of equipment being carried on the city's 3-ton truck, driven by Fred O. Overman, employee of the city water department, came loose at the intersection of Marcy Drive and Gregg, and hit a following pickup truck owned by Gordon R. Hickman of the city parks department, at noon Thursday. The damage was light.

Edward C. Miles, Rt. 1, Midland, was the driver of a car in collision with a fire plug at Dixon and Wallace streets; 5th and Goddard was the scene of a collision involving drivers, Carla Madison Carroll, 208 W. 7th, and Ulysses G. Riagan, 1110 N. Gregg.

Explorers Make Weekend Outing

Ten members of Explorer Pack No. 9, sponsored by the Wesley Methodist Church, left Friday for a weekend outing at Lake Leaky at the Butts Foundation camp near Leaky. They were accompanied by D. D. Johnston, advisor, and Turner Ferguson.

The next activity of the post will come the last of this month when Explorer awards will go to Turner Ferguson and to James Johnston.

About 300 Notaries Renew

At least 300 of the notary public commissions held by Howard Counties have been renewed in the past two days, Pauline Petty, county clerk, said Friday.

June 1 was the date when those holding such commissions had to renew their applications. They do so by reporting to the county clerk's office, paying the \$2 fee and filing the required oath. Mrs. Petty said that in offices where there are a large number of notaries, it is usual for one to come to the clerk's office and requalify. This notary public is then empowered to swear in his associates.

She said there are several hundred notaries in the county. She anticipated that most of these will have been recommissioned by June 10. The period June 1 through June 10 each second year is set aside by law to requalify notaries.

Trujillo Jr. Appears As Heir To Dictator Father

CIUDAD TRUJILLO, Dominican Republic (AP)—Rafael L. Trujillo Jr., emerging as the political heir of his slain father, led the nation today in final tribute to the dictator.

At one point a screaming crowd broke through police lines around the National Palace and surged toward Generalissimo Rafael L. Trujillo's casket for a last look at the man who ruled their nation for 31 years.

Fearing for the casket's safety, officials interrupted public viewing of the body and carried it away one hour early toward its final resting place at Trujillo's hometown of San Cristobal, 20 miles away.

Absolute control of this Caribbean nation now appears to have passed to Trujillo's oldest son, who has become commander in chief of the 25,000-man armed forces, the backbone of the generalissimo's power.

Rafael Jr. made a brigadier general at the age of 9 by his proud father — was appointed Thursday night by President Joaquin Balaguer and other government chiefs who served as front men for the generalissimo.

Young Trujillo's first job in preparing the family rule is to hunt down the small band of assassins led by a retired army general who ambushed the dictator Tuesday night as he was being driven from Ciudad Trujillo to his country estate. The elder Trujillo, 69, fell fighting with revolver in hand, a communique said.

Gets Top Award

Robert Angel, son of Mr. and Mrs. Clyde Angel, was awarded the first place Senior Surgical Award, during graduation ceremonies last week at the Baylor Medical School in Houston. His parents were on hand for the ceremony. He plans to be in Big Spring June 15. His internship will be in a Houston Hospital.

\$1,500 Bond Set

Bond in the amount of \$1,500 has been set for James Early McAlester, charged with car burglary. McAlester, who is in the county jail, was charged with the offense on Thursday. He had not posted bail at noon Friday.

Blotter Points Out Busy Day

Thefts, minors in possession of alcohol, and other calls, filled the police activity sheets for the past 24 hours.

Robert Allen Meeks, 2110 Nolan, told police his wife parked her car at 10th and Scurry, and walked to Main to see the radio in his car at the corner of 18th and Scurry. A couple of Midland youths were arrested at 18th and Gregg and charged with drunkenness and minors in possession.

A dog call to 1001 NW 4th, took the animal warden to that location to pick up a dog thought to have rabies. Another dog, having fit, was also picked up, and the two were destroyed. No report of persons being bitten were received.

Homecoming Set In Garden City

GARDEN CITY—Several residents here are planning for an informal Glasscock County homecoming on June 11.

No specific program has been mapped, but plans are to meet in the old gymnasium at the school at 10 a.m. for visitation. A catering service will be available for luncheon.

The occasion is planned as one to which former residents of the county, as well as those who currently reside here, can get together for a day of visiting. Everyone is invited.

Minor Damage Reported At Fires

Firemen made three runs Thursday afternoon to two grass and trash fires and one car fire.

A grass fire and a pile of posts six miles out on West U. S. 80 at the Cable overpass took one truck out at 1:45 p.m. A flooding carburetor on a Johnson News Agency car at the Safeway parking lot caught fire and brought out firemen at 3:30 p.m., and a trash fire at 201 N. Gregg at 5:35 called out another truck. Only minor damage was done by all three fires.

Indian Guidies Hold Pow Wow

An Indian Guide Swim Pow Wow gets started at the YMCA today at 7:30, according to Joe Leach, acting general secretary.

Included in the activities will be father and son relays, balloon relays, and other water games. All tribes will be competing against featherers for their bonnets.

Refreshments will be served at the all-purpose room.

On the schedule for Family Night activities Saturday are a pot luck supper at 6:30 p.m. and bingo starting at 7:30 p.m. In addition, there will be the usual crafts and gun activities.

mingo he changed to memorialize himself.

The body lay in state in his luxurious home in the capital during the night, then was moved to the lobby of the National Palace stacked with flowers.

The burial was in San Cristobal, 18 miles away where Trujillo was born and worked in a mill before embarking on his military path to power and vast riches.

promised to adhere to his policy of nonintervention, "as well as invariable adherence to the sentiment of friendship which the republic has always maintained for all nations of the free world."

ALL SIGNED

All members of the government and leaders of all the armed forces signed the communique.

Rafael Jr. also was made a member of the cabinet as secretary of state without portfolio.

Retired Brig. Gen. Juan Tomas Diaz, once a close collaborator with Trujillo, was called the leader of the band of killers. Wide-spread reports that he had an armed band of supporters in the mountains brought an official denial from the war department.

Dr. Grollman Ends Visit

An important figure in the area of internal medicine, Dr. Arthur Grollman, is making one of his periodic visits to the Big Spring Veterans Administration Hospital.

He is a regular consultant with the VA, the U. S. Air Force and other organizations. His visit here is to bring the hospital staff and other interested doctors in the region up to date on advances made in various areas of internal medicine.

Receiving special emphasis during the lectures this time are illnesses of the kidneys. Dr. Grollman is currently doing experiments and research in that area.

The 59-year-old physician has two doctor degrees—an M.D. and Ph.D. in chemistry. He attended the Johns Hopkins University and studied at the Universities of London, Berlin and Heidelberg. He has often been called on to speak and his lectures take him all over the world.

He has headed the experimental medicine department at the University of Texas Southwestern Medical School in Dallas since 1946.

Dr. Grollman arrived here Wednesday and will leave tonight. Dr. Grollman said: "I am very much impressed at the high caliber of service rendered to patients by the VA Hospital."

Rep. Miller Chairs GOP

WASHINGTON (AP)—Rep. William E. Miller of New York, today was unanimously elected chairman of the Republican National Committee.

Miller, generally regarded as a middle-of-the-road Republican, succeeds Sen. Thurston B. Morton of Kentucky, who resigned to allow himself more time to campaign for re-election to the Senate next year.

Registration for the fishing contest scheduled at the Couden Country Club Saturday will begin at noon and the contest begins at 1 p.m. It is part of the Splash Day program being sponsored by the Couden Women's Association.

Two age groups will be competing, one for the heaviest and one for the longest catch. There is no charge for contestants or spectators.

A \$2 fee has been set for the barbecue and dance.

Splash Day models for the fashion show include Janet Thornburn, Mrs. Perry Cox, Beverly Alexander, Wanda Boatler, Linn McNew, Mrs. Ray Pipes, Mrs. Ken Perry, Mrs. Pete Shannon, Mrs. Roe Fulgham, Mrs. Jeff Brown, Mrs. Carlisle Robison, Mrs. Ladd Smith, Mrs. Jimmy Taylor, Mrs. Jerry Barron, Mrs. Jim Line, Mrs. J. R. Bizzell, Mrs. Gene Thorburn, Mrs. John Yates, Mrs. Phil Hines, and Mrs. Waymon Phillips.

Equipment Slips, Damaging Truck

A piece of equipment being carried on the city's 3-ton truck, driven by Fred O. Overman, employee of the city water department, came loose at the intersection of Marcy Drive and Gregg, and hit a following pickup truck owned by Gordon R. Hickman of the city parks department, at noon Thursday. The damage was light.

Edward C. Miles, Rt. 1, Midland, was the driver of a car in collision with a fire plug at Dixon and Wallace streets; 5th and Goddard was the scene of a collision involving drivers, Carla Madison Carroll, 208 W. 7th, and Ulysses G. Riagan, 1110 N. Gregg.

Explorers Make Weekend Outing

Ten members of Explorer Pack No. 9, sponsored by the Wesley Methodist Church, left Friday for a weekend outing at Lake Leaky at the Butts Foundation camp near Leaky. They were accompanied by D. D. Johnston, advisor, and Turner Ferguson.

The next activity of the post will come the last of this month when Explorer awards will go to Turner Ferguson and to James Johnston.

About 300 Notaries Renew

At least 300 of the notary public commissions held by Howard Counties have been renewed in the past two days, Pauline Petty, county clerk, said Friday.

June 1 was the date when those holding such commissions had to renew their applications. They do so by reporting to the county clerk's office, paying the \$2 fee and filing the required oath. Mrs. Petty said that in offices where there are a large number of notaries, it is usual for one to come to the clerk's office and requalify. This notary public is then empowered to swear in his associates.

She said there are several hundred notaries in the county. She anticipated that most of these will have been recommissioned by June 10. The period June 1 through June 10 each second year is set aside by law to requalify notaries.

Area Farmers Take 7,000 Acres Out Of Production

Seven thousand acres of Howard County farm land, which was slated to be planted to grain this year, has been withdrawn from that purpose.

The withdrawal was in accord with the new federal program to reduce grain production and 140 of the county's 700 farmers signed up to reduce their grain acreage. The farmers will be paid by the government for the land kept idle. Thursday was deadline for the program.

City Tournament Opens Saturday

Some tough matches await favorites in the City Golf Tournament, which gets under way at the Muni course bright and early Saturday morning.

One of the top first round matches pits Marvin Wright, now said to be at the top of his game, against a former champion, R. S. (Red) McCullah. Wright qualified with a 70, ten under par, while McCullah got in with a 74.

Hamrick Winging Home

Bill Hamrick of the Webb AFB softball team is shown breezing toward home in a recent game at the Base. The player with his back to the camera, wistfully gazing at a well hit ball is Jim Clayburn of Maxwell's, a Midland team. Bob Pekar struck the blow that sent Hamrick plateward. The two teams split a doubleheader.

FOURSOMES ON WEEKENDS

Muny Play Will Be Restricted

The front nine holes at the municipal golf course will be officially opened for play Saturday morning, Bruce Dunn, director of public works, reminded Thursday.

A foursomes made up of three city commissioners, John Taylor, John Stanley, and Paul Keinch, and City Manager A. K. Steinheimer, will be the first to tee off following a small ceremony and ribbon-cutting presided over by Mayor Pro-tem John Taylor, at 8:30 a.m.

Wright Tandem Trails By Six

ODESSA, Tex. (AP)—Following a first-round tie for the lead in the \$15,000 Odessa Pro-Am Golf Tournament Thursday, professionals Bo Winger, Oklahoma City, and Dick Turner, San Angelo, led their teams into second-round play today.

Winger and Turner were college teammates at Oklahoma State in the late 1950s. Canon is currently a member of the Oklahoma State varsity golf team.

Turner had eight birdies and Canon three. "It was one of the finest rounds I've had in a number of years. I didn't come close to a bogey," Turner said.

Behind the Turner and Winger teams, three pro-am pairs came in with 63s. Five others were only two strokes off the pace.

Bobby Wright, Big Spring, teamed up with pro Bobby Maxwell of San Angelo to score a 67 in the first round of the Odessa Pro-Am.

Third-Strike Passed Ball Kayoes Angels

The Detroit Tigers were held to a 4-4 tie by Kansas City in a game called after 7 1/2 innings because of rain Thursday and retained a two-game lead over Cleveland in the American League.

The Senators were blanked on five hits for eight innings by Eli Grba. But when he gave up his fifth walk to Chuck Hinton leading off the ninth, Manager Bill Rigney called in reliever Ryne Duren.

Duren walked Jim King, then struck out Willie Tashy, but the Senators pulled a double steal and Dale Long hit a sacrifice fly. Then came the third strike-passed ball that put Billy Klaus on base and the break up shot by Woodling, who hasn't played in two weeks because of a leg injury.

John Gabler, another ex-Yankee, won his second in relief of Joe McClain.

The Tigers blew a 3-0 lead before salvaging the tie with the A's on two walks and a single by Al Kaline in the seventh. Kansas City had taken the lead with four runs in the fifth, two on Wayne Causey's home run, against Phil Rizzuto, Norm Cash homered for Detroit, off Ray Herbert.

Veteran Vic Werz puffed out his first triple in six seasons and drove in three runs for the Red Sox, bringing in the deciding run in the fifth inning. Bob (3-3) was the loser. Bill Skowron drove in three runs with a pair of homers for the Yankees, who collected half of their 14 hits and four runs in the last two innings. Bill Monbouquette (4-5) was the winner. He gave up 11 hits in 7-2-3 innings, including Skowron's first homer—the first he had allowed in 76 innings.

L. L. (Red) Lewis, coach of the HCJC National championship track and field team, will spend a good portion of his summer trying to talk athlete headliners into enrolling at the local college in hopes of fielding an even stronger team in 1962.

Right now, it appears the Jayhawks will be saltier in the sprints than they were this spring. Herman Robinson and Dean Cheatam will be back from this year's crack team of sprinters. Earnest Turner of Grand Prairie (9.7 in the hundred) and Kenny Kesterson of Big Spring (9.8) will join forces with them.

A 14.5 high hurdler from Hurst-Eutaw named Tommy Wise is due to check in here in September, as will a 12-foot-9 pole vaulter named Larry Lackey from the same school.

Ablene's Larry Mauldin, who finished fourth in the District 2-AAA pole vault with a leap of 12-0, may also wind up at the local school.

Whitharrel High produced a fine young quarter-miler in Milton Morrow this spring who has indicated to Lewis he may show up here in September. He's been timed in 31.3 in his specialty.

Lewis planned this week to make a trip to the Dallas area to talk to a half-miler who has sped the two laps in 1:56.0, not bad for a high school 800 man.

The HCJC mentor has already written to Benton Harbor, Mich., where NJCAA rules and regulations are formulated and interpreted, for a decision on two senior college transfers who want to compete for the local school.

One is shot putter Michael Hill of Illinois, who enrolled at HCJC last January after transferring from North Texas State but who wasn't eligible this year due to the fact that he didn't pass enough work. Hill never competed in senior college ranks. Hill has approached 60 feet in the shot.

Haven Snow of Graham, who has run the half mile in 1:59, the mile in 4:18.0 and the two mile in 9:15.0, quit North Texas at midyear, his freshman year, without ever having competed for the school. He informed Lewis he planned to go to Midwestern University at Wichita Falls this summer in order to become eligible for sports here.

Another young man certain to be of help to the Jayhawks next season is Gary Walker of Big Spring, a fine discus thrower. Walker planned a trip to the state meet this year but he has great potential. Lewis is hopeful he can become another Tiffis Stone.

Jim Ned High (near Abilene) has two boys who want to enroll here. One is a high jumper who has cleared 6-foot-4 in the high jump and has run the quarter in under 31 seconds. The other is a 6-1 high jumper who consistently clears 22 feet in the broad jump.

Sunland Park, the racing strip just out of El Paso, expects to offer more than \$1,000,000 in purses at its fall meeting—which it expects to be the best and most lucrative in its abbreviated history.

The Cleveland Indians, in their first seven home games this season, did not draw as many spectators as seven wrestling shows held at approximately the same time there.

Although Buddy Travis, the HCJC cage mentor, expects to field one of the strongest teams in the school's history next season, he expects the eastern JC Conference to be stronger than it was the past season, if for no other reason than San Angelo will become affiliated with the circuit.

Travis eased the pressure on his Hawks somewhat, however, when it came to jockeying for dates with Phil George, the Ram mentor.

The Hawks will go to San Angelo for the first game of the series, then wind up play in the local field house against SAC. If both teams are still in contention for the championship at that time, it could be an important break for the locals.

Clanton Hurls VFW To A Win

Lonnie Clanton pitched the VFW to a 5-0 victory over the Devils in National Little League play here Thursday night, setting the losers down with two hits.

Russ McEwen and Ralph Choate were the only two players who solved Clanton's offerings for hits. Each had a single. Clanton fanned 12 in all.

Jimmie Mills and Cy Terrazas each slugged two hits for the winners.

In minor league play the Hawks outlasted the Aces, 11-5.

Young Jackie helped his team with a double and a home run. Young Jackie helped his team with a double and a home run.

Chris Halverson, Bobby Bowers and Jimmy Gibson also hit doubles for the winners.

The T-Birds flogged the Talons, 6-1, in International Little League play here Thursday night behind the three-hit pitching of Jackie Gibson, a ten-year-old.

Young Jackie helped his team with a double and a home run. Young Jackie helped his team with a double and a home run.

Chris Halverson, Bobby Bowers and Jimmy Gibson also hit doubles for the winners.

The Stars triumphed by 19-5 tally.

A 12-run third inning sparked the Stars to a 19-5 American Little League victory over Cabot here Thursday night.

Dave Mitchell, who toiled three innings on the mound for the Stars, received credit for the victory.

The stars made the most of nine hits, including two each by Pat Armstrong, Billy Bauer and Steve Rieden. One of Armstrong's blows went for two bases.

Cabots also collected nine hits. Wesley Ballou set the pace for the losers with three blows, including a first inning home run.

Hardeman Hits Daniel Speech

SAN ANGELO (AP)—Sen. Dorsey Hardeman declares Gov. Price Daniel's speech Wednesday night was "pure demagoguery." The tax speech and a display of products which were taxed and those exempt under the Senate-approved general sales tax bill were "intended to inflame the people, to excite their prejudice," the senator said. "We did the best we could in the face of his opposition. "Beer wasn't taxed again because it, along with some 23 other selective items, have already been taxed and were excluded from both bills. It is like cigarettes. We didn't raise that tax because it already has been taxed. "I have voted for higher taxes on beer, whisky and wine and have always voted for a gas tax." Criticizing the governor's proposal to tax the gas pipeline corporations, Hardeman said the tax is "unconstitutional and has been so held by the Supreme Court of Texas as well as the U.S. Supreme Court. It would have been foolish to enact another unconstitutional item."

Man Committed To Hospital

An elderly Big Spring man who was apprehended beside his blazing car on Thursday morning by peace officers has been admitted to the Big Spring State Hospital. He was removed to the hospital on Thursday afternoon. Officers who investigated the car fire came to the conclusion the man is in need of treatment and County Judge Ed Carpenter arranged for his immediate transfer to the state hospital. When officers came upon the man and his burning car he told them he had splashed the vehicle with gasoline and set it ablaze. The car, badly damaged, was found just west of the city limits on U.S. 80.

Low Bidder

AUSTIN (AP)—Texas Granite Corporation of Marble Falls was low bidder to build a monument at Vicksburg National Military Park to Texans who fought in the battle of Vicksburg.

WHY WIND YOUR WATCH?

With a Rolex Oyster Perpetual* you need never wind your watch. Just the natural movement of your wrist keeps it going. Because it's a Rolex it's uniquely accurate. T&P Advances Executives

DALLAS—Three officers of the Texas and Pacific Railway Company were advanced to top executive positions by the board of directors at its recent meeting in Dallas, it was announced by T&P President J. T. Suggs.

William R. McDowell was elected vice president and general counsel; Dwight B. Ohrum was named budget director for the railway and Guy E. Dance was elected general auditor succeeding Ohrum.

McDowell, born in Shreveport and reared in Dallas, is a graduate of the University of Texas with degrees in both law and business administration. He practiced law in Dallas, then became assistant district attorney of Dallas County prior to entering railroad service as an attorney in Texas and Pacific's legal department in 1948.

During his association with the railroad, McDowell has held positions of assistant general attorney, general attorney, general auditor and commerce counsel before being appointed general counsel of the Texas and Pacific Railway in January, 1959.

Ohrum, a long-time railroad man with many years experience in engineering, accounting, operations and executive branches of the industry, entered T&P service in November 1919 following discharge from the U. S. Army in World War I. During his association with the T&P, his principal experience has been in the railroad's accounting and executive departments. Elected by the T&P Board to the position of secretary in 1948, he held that post until being named general auditor in 1954.

Dance, an Oklahoman, is a graduate of the University of Texas. Obtaining his license as a Certified Public Accountant in 1941, he entered private accounting practice. From 1944-1946, Dance served in the U. S. Navy as disbursing officer for a supply depot in the Philippines. He entered Texas and Pacific Railway service in 1952 as tax accountant and in 1956 was promoted to assistant to general auditor.

Submarine Vets Being Contacted

The North Texas chapter of Submarine Veterans is seeking to get in touch with those who served in this branch during World War II.

B. R. Smith, 401 Keren Place, Hurst, and Ralph James, 1017 Trailwood Drive, also of Hurst, are taking the lead in trying to contact more Texas vets who were in sub service. The national organization, now five years old, has about 4,000 members. Those who had active duty or who were assigned to a relief of prize crew aboard a U.S. submarine between Dec. 1, 1941 and Sept. 1, 1945 are eligible for membership.

Of the 14,750 officers and men who served aboard submarines during the war, 3,500—or one out of four—lost their lives. In this area, contacts may be made with Ed Malone, 4500 Ledy, Midland. The next full scale meeting is an all-day picnic planned for July 1 at Lucas Park in Arlington.

50 Feet Of Span Topple Into River

CALAIS, Maine (AP)—Worn by a week of rain-swollen currents, a pier on the Canadian side of the Union Bridge gave out Thursday and about 50 feet of the international span toppled into the Saint Croix River.

The 350-foot-long bridge, used mainly by area residents, was closed to traffic Sunday when the Saint Croix reached the danger level.

Hemphill Wells

"Sheer Dynamite"

Jean bursts forth in a poof of black sheer cotton by Meg Marlowe that washes and dries like a dream. "More excitement behind your back," with a large inset, frosted with lace and embroidery created especially to show off that sultan. The shirtwaist fashioned bodice and billowing skirt make it a "go anywhere" fashion. Sizes 10 to 18.

\$10.95

"Sly Wink"

Jean enjoys the patio or a work day in this fabulous new fabric. White as a cloud, highlighted with a vivid eyelash fringe design. It washes and dries in a "wink" with little or no ironing, keeping its "just like new" shape forever. Two patch pockets ride the waves of the full unpressed pleated skirt. The designer chose a solid belt that picks up the color of the eyelash design to blend with the closely fitted sleeveless bodice, making it a lovely summer fashion. Sizes 10 to 18.

Diving Tower

The swimming pool at the city park has been popular for school parties and swims for the past two weeks. The pool has been open for school activities, and will be open to the public June 3 at 1 p.m. A group of youngsters provide a diving tower for the top swimmer at one of the school parties.

3 Local Swimming Pools Officially Open Saturday

The three swimming pools in Big Spring will officially open Saturday at 1 p.m., Bruce Dunn, director of public works, said Thursday.

The city park pool will open every day during the season at 1 p.m., and the two northside pools will open on Saturdays and Sundays only at the same hour. Two life guards will be on duty at the park, and one each at the north side pools.

The city park pool has been

open for school parties and picnics only for a couple of weeks, Dunn said, "and we have had a continuous run of parties."

Prices for swimming tickets this year, Dunn said, will be adults, single swim 50 cents, 10 swims \$3.50, and season tickets \$12.50; for children, single 25 cents, 10 swims \$1.75, and season \$7.50.

For club swims the price will be 25 cents per person with the club furnishing its own life guard.

Jackie Puts On All-French Outfit

By FRANCES LEWINE
PARIS (AP)—Jacqueline Kennedy forsook her all-American wardrobe Thursday night in a surprise personal tribute to her French hosts and their fashion industry.

To the final gala of her three-day visit to Paris—a banquet in the historic Hall of Mirrors of the Palace of Versailles—President Kennedy's wife wore a gown of heavy white silk and matching coat made for her by Paris designer Hubert de Givenchy.

It was the only French creation worn by Mrs. Kennedy during her visit. Already the toast of Paris, today she was even more popular because of her gesture.

Elysee Palace, then Thursday night unveiled the ensemble givenchy made for her some weeks ago and secretly sent to America.

The sleeveless gown had a bell-shaped skirt, high neckline and bodice embroidered in jeweled rose, mauve and green floral design.

Alexandre, Mrs. Kennedy's hairdresser since her arrival in Paris, pulled the bangs from her forehead, stuck deep dabs of waves to her cheeks, and crowned her head with a Louis XIV chignon on which four diamond clips created a tiara effect. Her cascade earrings and her large ring were of emeralds and diamonds.

Mrs. Kennedy's fashion surprise was a well-kept secret. A press preview of her wardrobe for the trip showed only American gowns and reporters were told she would wear a pink and white straw lace number by New York's Oleg Cassini to Versailles.

Instead she wore the Cassini number Wednesday night to the

Land Reforms Set For Iran

TEHRAN, Iran (AP)—Iran's new reform government plans to let the country's big landowners each keep only 864.5 acres of irrigated land or 1,729 acres of dry land.

Agriculture Minister Haan Arsanjani said the landowners will be forced to sell the rest of their holdings for treasury bonds. The land will be distributed among the country's 1.6 million peasants.

Land redistribution is one of Iran's gravest economic needs. The big landholders have refused to follow the example of the shah, who has been parceling out royal estates to tenant farmers who have been kept in dire poverty by having to give most of their crops to landlords.

In Tehran, about 200 soldiers and policemen occupied the telegraph office early today and forced out 300 operators on strike for higher pay. The strikers had ignored an order from Premier Ali Amiri to return to work while he studied their demands.

The strikers charged the occupying soldiers and police wounded several with bayonets and clubs and arrested between 30 and 40. A government spokesman denied that weapons had been used or that anyone had been hurt.

The strikers had occupied the main telegraph office since they quit work Tuesday.

Truman Scoffs
NEW YORK (AP)—Former President Harry S. Truman said today former President Dwight D. Eisenhower's speech Thursday night in Washington was "just a Republican speech."

Asked about Eisenhower's prediction that Republicans would win the presidency in 1964, Truman replied "He'll be fooled."

Race To Succeed Rep. Kilday Looms

By JOE BENHAM
SAN ANTONIO (AP)—A White House announcement that U.S. Rep. Paul Kilday of San Antonio would resign to become judge of the Court of Military Appeals had Alamo City politics in a turmoil today.

The announcement by President Kennedy's press secretary Thursday quickly produced talk that at least four candidates to succeed Kilday will get in the race in the one-county 20th District.

Kilday indicated he would remain in Congress until adjournment before resigning. A special election then would be called, possibly in the early fall.

Such an election would be on a "high man wins" basis with no runoff.

A bill to provide for run-offs in congressional district races was introduced in the Legislature early this year, but was not passed. Kilday said he will keep out of the race to pick his successor.

Republicans, inspired by the victory of GOP candidate John Tower over Democratic interim Sen. William Blakley last week, promised to put a candidate in the race.

"We definitely will have a candidate but I don't know who," said County Republican Chairman John W. Goode.

The Democratic liberal State Senator, Henry B. Gonzalez, said, "I certainly am interested."

State Rep. Franklin Spears said he "might very well be a candidate" for the office.

State Democratic Committeeman Maury Maverick Jr., a former state representative, said, "I'll have to think it over very seriously before I say anything."

Maverick ran fifth with slightly more than 100,000 votes and Gonzalez sixth with just under 100,000 in the April 4 U.S. Senate election. Both are liberals.

Gonzalez said he is sure the conservative Democratic element here "will be able to find someone to run."

The announcements by Pierre Salinger, White House press secretary, said Kilday will resign after Congress ends its current session, probably in August or September.

A special election, which presumably would be held in the fall, would send the main gaining the largest number of votes to Washington.

County Democratic Chairman James W. Knight said he regards Gonzalez as the most likely successor to Kilday.

County Commissioners Albert Pena Jr. and Sam Jorrie and Dist. Judge John Onion, Democrats, also have expressed interest in the race.

No Overtime For Kennedy Phone
LONDON (AP)—Engineers of the British Postal System said Thursday they will waive a no-overtime ban in order to install special telephones needed for President John F. Kennedy's visit Sunday and Monday.

Their no-overtime rule is in support of a claim for higher wages. The special telephones will connect the U.S. Embassy and the hotels and private residences in which the presidential party will stay.

Airlines Merge
WASHINGTON (AP)—The nation's largest airline merger goes into effect today with the absorption of Capital Airlines by United Air Lines.

Rain, Hail Hit Parts Of Texas
By The Associated Press
Heavy rains with hail and lightning hit the northwest corner of Texas Thursday night. But, following the pattern of recent days, the weather had calmed down over the state by early Friday.

Skies were generally clear over the western part of Texas and cloudy in the southeast. Temperatures ranged from Dahlhart's 64 degrees to 78 at Palacios. Most readings were in the 70s.

The heavy rains and hail struck at the Pampa area of the Texas Panhandle Thursday night. A farmer, Raymond McKinney, reported hail the size of golf balls at his place 10 miles south of Pampa.

There were no reports of extensive damage.

Navy Color Girl Counting Her Kisses For Ceremony

By BUDD THALMAN
ANNAPOLIS, Md. (AP)—The 98th Navy Color Girl, nurse Betty Fears, is counting her kisses.

The kiss is a traditional part of the presentation of colors ceremony at which Miss Fears will present the national, brigade and Navy colors to Midshipman John J. Sheahan's 21st Company.

"I guess we'll have to kiss about 15 times at rehearsal," she said as she smiled at Sheahan, whom she has dated steadily for 2½ years.

Sheahan, 24, a former Marine sergeant from Rego Park, N. Y., said he had spent some of Thursday studying parade procedures but was quick to explain they involved more than the kissing sequence.

Miss Fears blushed slightly but said she won't mind kissing Sheahan in front of the entire 3,900-man brigade of midshipmen and thousands of June week visitors to the Naval Academy.

The 5-foot-7 brunette with flashing green eyes was chosen by Sheahan after his company was named the best among 24 at the academy in a year-long competition.

Miss Fears, 23, daughter of Mr. and Mrs. Charles C. Fears of Balboa, Canal Zone, was homecoming queen, a cheerleader and a high-scoring forward on the girl's basketball team at Cristobal High School in the Canal Zone, where she graduated in 1956.

She works in the operating room at Columbia Presbyterian Medical Center in New York City.

"I'm thrilled, happy, excited and all those words," she said.

Miss Fears, who measures 34-24-36, said she was glad to learn President Kennedy would be delivering the graduation address. "He's my man, you know," she said. She voted for the President in the last election, her first as a voter, she said.

Sheahan will be commissioned a second lieutenant in the Marine Corps at the June 7 graduation. His first assignment will be the Marine Officers' School at Quantico, Va.

Secretary of the Navy John B. Connally will help launch the June Week program today by reviewing the first of three dress parades scheduled for the colorful graduation week.

Record High For April Deaths

CHICAGO (AP)—The nation's traffic deaths in April—3,050—was a record high for any April, says the National Safety Council.

The death toll compared to the previous high of 2,970 in April, 1956, and was 3 per cent higher than the 2,960 highway deaths in April last year.

The council said traffic fatalities in the first four months this year totaled 10,780, an increase of 1 per cent over the corresponding period in 1960.

Church Breaks Ground For New Building Site Sunday

Northside Baptist Church will begin a ground breaking ceremony at 2:30 p.m., Sunday which will be concluded at the site for the new Crestview Baptist Church, located one-half mile east on Hilltop Road and one-fourth mile north on Gatesville Street.

Participating in the ceremony will be Dr. P. D. O'Brien, pastor of the First Baptist Church; the Rev. J. W. Arnett, district secretary of the Baptist Association; and the Rev. H. L. Bingham, pastor of Hillcrest Baptist Church.

Completion of the building is expected in late September. Vacation Bible school commencement will be held at Salem Baptist Church at 7:30 p.m., Sunday with the departments bringing the program. The Rev. Leslie Kelly will bring a short message following the program.

Superintendents of the departments were Mrs. Alma Bebee, nursery; Mrs. J. H. Reeves, beginner; Mrs. Sam Foster, primary; Mrs. J. L. Bough, junior; and Mrs. Roy Walker, intermediate.

Mrs. Jesse Brooks was the principal and Mrs. Kelly was the secretary. A special service will be brought by the Christ Ambassadors Trio at the Assembly of God Church at 10:30 a.m., Sunday. The trio consists of girls who are students at Central Bible Institute in Springfield, Mo., accompanied by Lettie Rikehof, dean of women and instructor in sign language for the deaf.

Songs, including a song in sign language, and a message will be brought by the girls, according to the Rev. S. E. Eldridge.

A Search for Life's Meaning

THE POWER OF THE WORD OF GOD COMPARED TO THE INEFFECTUAL WISDOM OF MAN

Scripture—Nehemiah 8-10; Ecclesiastes 1:12-14; 3:1-14; 5.

By NEWMAN CAMPBELL

THIS WEEK'S lesson begins with the Israelites' discovery of new meaning in their lives through the religious revival led by Ezra.

Ezra was a scribe, the first such mentioned in the Bible. There were always the scribes who acted as secretaries to rulers; Ezra and those that followed him were a different kind of scribe, one who interpreted the laws. They differed from prophets in that prophets declared new messages, whereas scribes "interpreted" the messages that had been previously recorded." (Wilbur Smith in "Peloubet's Select Notes.")

In just this way Ezra about 432 B.C. interpreted the laws of Moses to his people, renewing rites and—more important—the meanings of rites which had

commemoration of the time when the Israelites a thousand years before had lived in temporary huts after God brought them out of Egypt.

The new meaning in life which the Israelites found under Ezra was the joy which comes from returning to forsaken religious thoughts, and from recognizing, confessing and repenting worldly ways.

True happiness is equivalent to holiness, and can come only from a close relationship with God.

The first passage from Ecclesiastes (1:12-14), probably written by Solomon, is reminiscent of the famous legend of Faust.

Solomon confesses that although he has "seen all" and "given (his) heart to know wisdom, and to know madness and

long been forgotten or ignored by a people such as ours, busy with the daily complexities of living.

Most of these laws are found in our books of Exodus, Leviticus and Deuteronomy.

Ezra would first read from the text; then the Levites would go about among the assembled congregation who "stood in their place," helping them to understand what had been read. Even the directions to the priests were explained to the people so that the priests would not become aloof or haughty about their knowledge.

The Feast of the Tabernacles was one of the rites revived (Nehemiah 8:14-18). For it the people built booths or huts on top of their homes, in front of them or in the streets. In these they lived for seven days, in fact on copyrighted outlines prepared by the Division of Christian Education, National Council of Churches of Christ in the U.S.A., and used by permission. Gleaming Golden Cross Marks Edge Of Freedom

By GEORGE BOULTWOOD

BERLIN (AP)—One of the first things to catch your eye as you leave the Communist sector of Berlin through the Brandenburg Gate is a gleaming golden cross.

The cross tops the modern open-work bellfry of a new church about half a mile west of the little iron curtain dividing Berlin.

This Christian symbol is a landmark for many East German Protestants. They flock there to practice their religion without harassment by the Communist regime.

The Kaiser Friedrich Memorial Church is in the Hansaviertel, a new residential area. Although built less than four years ago it already has achieved quiet fame as a meeting place for believers from both sides of the iron curtain.

The reason is that so long as West Berlin remains free under the protection of the Western Allies, people from East Berlin and East Germany can visit it with relatively little difficulty. The church is nearly always full and often one-third of the congrega-

tion consists of worshippers from the East.

Marriages, baptisms and confirmations are performed for people who fear Communist interference if they conduct such ceremonies in their own home towns.

The Red regime is campaigning to eliminate Christian observances and substitute atheistic ceremonies of its own.

"The church at the crossroads" as it has been dubbed, provides a solution for these difficulties.

Couples from all over West Germany arrange their weddings there so their relatives in East Germany can come to Berlin to attend.

Many East German grandparents see their grandchildren for the first time at the christening in West Berlin, and parents from the East similarly bring over their children for christening or confirmation.

Newly married couples from the East come across to get the blessing of the church on their marriage. They cannot avoid the legal

ceremony in their local town hall, but in West Berlin they also can pledge their vows before the altar.

"DANCING"

Anciently there was a kind of dance which was before and to the Lord, but as a modern day amusement it is a dissipation before the Devil and to him. Embellishing exercises and graceful motion, we are for these, BUT the dance does NOT give them. Dryden about covered it thusly: "A dancing, drinking, quaffing, unthinking time;" and so did Sir Joshua Reynolds: "All the gestures of children are graceful; the reign of distortion and unnatural attitudes commences with the introduction of the dancing masters." Christian consideration tells us that we ought always to be prepared for death and thereby both life and death will be sweeter! When we think often about death and the judgment to follow (Heb. 9:27) and about heaven or hell to follow, and about our present usefulness, cleanliness and purity, most questions as to dancing will be solved already, through earnest and truthful thinking! If you have respect for the Bible, here is what faces you: You are the salt of the earth and the light of the world — Matt. 5:13-16. Can this be true of you if you dance? Be not conformed to this world, be transformed and have your mind renewed — Rom. 12:1-2. Does this fit the influence of a dancer? As a Christian, you are dead to sin, having been buried in baptism and raised to walk in the new life, with the old man of sin crucified with Christ. Hence, sin must not reign in your mortal body — Rom. 6:1-11. Try this pattern on the dancer: We must be crucified with Christ and live our lives in the flesh by faith of Christ — Gal. 2:20. Where in this thought can dancing come in? We must avoid the very appearance of evil — 1 Thess. 5:22. Does dancing have the appearance of evil? Every servant of God must keep himself unspotted from the world — James 1:27. Does dancing spot a person with the world of lust of flesh and lust of the eye and the pride of life? Abstain from fleshly lusts which war against the soul! How about dancing on this score?

The man of the world, unregenerated by the Gospel, will call the professional Christian a "hypocrite" for dancing; he, too, senses the inconsistency! A professional Christian who dances divests himself of the ability to be a soul-winner. Jealous fealty with music and dancing, this is "revue" which is specifically condemned in Gal. 5:19-21. A Christian is to deny himself ungodliness and worldly lusts, and live soberly, righteously and godly in this present world. How can he do this and dance? Modesty destroys dancing, immodesty helps it.

Choose you this day, will you serve the God of heaven or the god of this world?

Elbert R. Garretson, Minister

Churchmen Concerned With Language Barrier

By JULES LOH

One day last spring Pope John XXIII made a Lenten visit to the Church of Our Lady of Help in Rome. He knelt through a half hour of prayers—all in Latin—then rose and made an episcopal pronouncement.

Henceforth, said the pontiff whose breaks with tradition have become commonplace, "efforts will be made to make more widespread the use of the language of the people in public religious ceremonies."

This emboldened, the church has been vigorously setting about removing what one prominent liturgist, the Rev. John LaFarge, S.J., describes as "a barrier between the sanctuary and the nave."

But the highly ritualistic Roman Catholic Church is not the only one concerned with this so-called language barrier.

A United Lutheran Church pastor, for example, describes the Elizabethan English of his worship service as "a combination of myth and mumble" which many reject as unintelligible.

The Rev. Henry E. Hogn, pastor of University Lutheran Church in Cambridge, Mass., complains the archaic English words of his denomination's liturgy are "muddy with age and poetic beauty, but lacking in reality to our people."

A fellow churchman, the Rev. Krister Stendahl, a professor of New Testament at Harvard Divinity school, said he also is concerned with "the coldness of Lutheran worship."

Father LaFarge echoed essentially the same sentiments about the use of Latin, which few Catholics read or understand.

For the most part, said the Jes-

Give God A Chance—God Will Open Doors For You!

Through
A Glass

DARKLY

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	I Corinthians	13	9-13
Monday	James	1	22-27
Tuesday	Matthew	19	13-22
Wednesday	Ephesians	6	1-4
Thursday	Psalms	118	19-29
Friday	Luke	1	76-80
Saturday	Philippians	3	12-16

She's frightened. She's seeing the world for the first time through dark glasses.

It's no wonder you and I are frightened. Ever since we were old enough to reason, we have been seeing the world through dark glasses. It's just as Paul said:

"Now we see through a glass, darkly; but then face to face."

We spend our years wondering why things happen as they do . . . why hatred flourishes and love withers . . . why sorrow seems inevitable and joy so rare. Apparently, we were not meant to understand . . . not here!

Some truths God has revealed to us; these our Churches teach. Other truths God will not reveal until another day; to prepare us for that day our Churches strive.

Until at length we gain that complete vision, we are happiest and strongest when we live faithfully in the truth already revealed. Even with dark glasses a man can see as long as he walks toward the Light.

Fertile Mind Of Newhart Turns To Film

By BOB THOMAS AP Movie - TV Writer

HOLLYWOOD (AP) — The fertile mind of Bob Newhart will be buttoned down to records and concerts no more.

The brilliant young humorist from Chicago is starting his first movie this week. And he and his interlocking corporations are preparing the debut of his own TV show next season.

"I'm the guy who got started poking fun at corporations," he observed, "and now I'm president of some."

He's making his movie bow in "Hell Is for Heroes," in which he will help Steve McQueen, Bobby Darin, Nick Adams, Fess Parker and others win the war. His character will be strictly Newhartian.

"I play a clerk who is delivering some typewriters to headquarters," Bob said. "I get lost and end up at the front, where I'm pressed into duty. I'll have some comedy scenes, but the studio said they wouldn't stop the plot for me to go into one of my routines. That's the way I want it."

The picture was delayed a week, much to his delight. Newhart, who likes to recall the bad old days, observed: "I was paid \$2,500 to play golf for a week. That was \$1,100 more than my total earnings in 1958."

His income will continue to mushroom as he embarks next fall on his own TV show. He describes it as a variety half-hour, as opposed to a situation comedy.

ON THE SHELF

STRANGER AT KILL-KNOCK. By Leonard Wibberley. Putnam. \$3.75.

The stranger said that people "look for me in some shining form, forgetting that when I was first among them it was as the son of a carpenter from a village as small as this one. They have forgotten that I was a man and being a man may appear among them as one of themselves."

So this gentle stranger, with the scars of driven spikes on his hands and feet, came to Killknock on an errand. It was because a seaman named Tom Joyce once had done a dreadful act in a great storm.

The village was on the Atlantic coast of Ireland, fast unto a mountain where a huge stone signified the ancient sea god Mananaan. The people of the village possessed the true blessing of the Irish, to be "halfway between this world and some other world," where they could "listen to the one with a sharp ear and to the other with a sharper inner ear."

The district physician, Dr. McEwan, who happened to be a Protestant and an Orangeman, could see that. But Father Dimmock, an impatient young priest, thought the villagers were sorely afflicted with ancient Celtic superstitions. His Bishop was more understanding.

Tom Joyce's fate comes to fruition, and you will perceive that the stranger and Mananaan both played their parts. But the stranger's stay in the village touched the lives of Gattin, who needed a child, and of Mairin, who became that child, and with

a child's vision knew the stranger.

In the past, the author has written some deliciously humorous things such as "The Mouse That Roared." More recently he has turned his gift of insight to deeper thoughts, where humor is a soft accompaniment to that song of the "sharper inner ear" which makes music for the soul.

This is a beautiful and lyrical story, blessed with the simplicity of truth and faith. If you have a heart, it will reach out to you, and give you the comfort of the sea and the mountains, and it will open your eyes to the gentle stranger, and you will see with the eyes of a child.

MISSION FOR MY COUNTRY. By Mohammed Reza Shah Pahlavi, Shahanshah of Iran. McGraw-Hill. \$5.95.

The Shah of Iran is a good salesman for his country. Nominally, his book is an autobiography. But as his preface acknowledges, "in a sense I have tried to write the story of a country and not only of its head of state."

He is a great admirer of his father Reza Shah, a self-made man who rose to a premiership at the end of 1925 was proclaimed Shah (king) in a constitutional monarchy. The author makes it clear that Iran, or Persia, has been a chaotic, economically backward and largely illiterate country which for centuries has been a pawn of greater powers.

He credits his father with making a start toward modernization of Iran, but readily admits there was little time for accomplishment before his country was overwhelmed by pressures from England, Russia and Germany in the Second World War. Naturally, he presents the Iranian point of view in telling about the abdication of his father and his own accession to the throne at the age of 21.

There is an interesting chapter on the Mossadegh fiasco of 1952, though the author is not too clear in showing how this left-leaning exponent of negativism forced his way into the office of premier. The events of Mossadegh reads like a thriller.

Expressing his ideas on democracy, the Shah is frank to say that because this form of government is "the most intricate and difficult kind to achieve," his country still sees it as a distant goal toward which it must strive.

He speaks of his own views as centering around "positive nationalism," which makes it clear that his orientation is toward the West. Because he devotes much attention to economics, land reform, Point Four programs, the status of women and education, there is little space for his personal life, but he does relate in discreet terms his marriages to Fawzia, Soraya and Farah, and the birth of the much desired heir.

This book is a good exposition, with a salesman's touch, of where a key state of the Middle East stands today.

Bloody Crash Described As Worst Seen

ANGLETON, Tex. (AP)—What started out to be a happy two-week vacation and a visit to their home town in Georgia ended tragically for a Freeport family.

Only one member of a family of six remains alive. The father, mother, a son, two daughters, and a friend of the family were killed when their car crashed into the side of a Missouri Pacific freight train. The auto was demolished.

The dead were William James Rose, 26, boat manager of Fritz Toomer Packing Co. of Freeport; his wife, Gypsy Linville Rose, 36; William J. Rose Jr., 6; Ellen Rose, 13; Eunice Rose, 15; and Manuel Oliver, 68, also an employee of the packing company.

Lynda Rose, 8, was in a critical condition in John Sealy Hospital in Galveston, with facial cuts, head injuries and a broken leg.

The family was on the way to Thunderbolt, Ga., where the Roses had lived until two years ago, when they came to Freeport.

The accident occurred at 3:15 a.m. Thursday, at the railroad crossing on Texas 288 just inside Angleton. The road at that point is a four-lane highway and is not on a curve.

The only known witness was O. A. Whittington, Houston railroad conductor who was in the cab of the engine. He said the Rose car rammed into the train, knocking one car off its wheel trucks and derauling it.

"I didn't have time to get out of the brakes—it happened so quickly," Whittington said. "I don't think he (Rose) saw the train. All seven of them were thrown into the front seat."

Highway Patrolmen Gilbert Kiel and James Klasek said they found no skid marks at the scene and assumed Rose didn't see the approaching train.

Klasek said the freight train, which was switching cars, was traveling at about 10 miles an hour.

Sheriff's Capt. Jack Tyler said the crash was the worst in the history of Brazoria County.

The crash also sent A. Nelson, a brakeman who was standing on top of another car, spinning 10 feet through the air. He struck a curb and was taken to Angleton Clinic for treatment of minor bruises.

"It was the most terrible thing I have ever seen," L. O. Hadley, a wrecker driver and one of the first to reach the scene, said.

"The automobile rammed against the freight car so hard it was literally welded to the train. The bumper was pushed against the front seat and the whole front end of the car was in the seat."

"The steering wheel was bent like a pretzel and crushed against the roof of the car. Every person in the car rode it the whole way—nobody was thrown out."

"The man, woman and little boy were crushed together in the front seat, which was thrown back against the back seat. The three girls and the older man were lying in one big mess."

Auto For Jackie Gets Modified

PARIS (AP) — The bubble-top automobile used by Jacqueline Kennedy as she drove around Paris Thursday was modified by request of the U.S. Embassy.

The car, specially built by the French Citroen Co., was similar to an American one used by Mrs. Kennedy on the Kennedy's recent visit to Canada. The original plan was for it to be painted white.

Just 24 hours before the Kennedy's arrival an urgent request was made for it to be black. A paint job was rushed through and the car was used for the first time Thursday.

6. Farm, Orchard or Plantation, no retail sales from the premises.

7. Accessory incidental to the principal use, including quarters for in and by the premises, to greenhouse (business), home playhouse, swimming pool or

8. Home Occupancy

9. Fire Station, Reservoir, Plant, and

10. Telephone exchange, provided no public or storage is maintained.

11. Railroad Tracks only, sidings, facilities,

12. Bulletin Board for signs not exceeding 100 feet in area, intermittent, brightly lighted type.

13. Temporary signs for sale of property only, not exceeding 100 feet in area, intermittent, brightly lighted type.

14. Day Nite

15. Off-street parking facilities for residential, commercial, industrial, or public use, adjacent to the main use, shall be separated by a wall or fence, and shall be subject to the following dimensions:

1. Area of the lot shall be not less than 10,000 square feet.
2. Width of the lot shall be not less than 100 feet.
3. Depth of the lot shall be not less than 100 feet.
4. Requirements shall be a minimum of 10 feet. The fence or wall shall be not less than 5 feet high, and shall be constructed of masonry or concrete blocks, and shall be set back from the street a minimum of 10 feet.
5. Requirements shall be a minimum of 10 feet of the width of the lot, and shall be not less than 10 feet wide, but shall not exceed 50 feet; except in the case of a lot which is less than 100 feet wide, the width shall be not less than 50 feet.
6. Requirements shall be a minimum of 10 feet, and shall be not less than 10 feet wide, but shall not exceed 50 feet; except in the case of a lot which is less than 100 feet wide, the width shall be not less than 50 feet.
7. Maximum area of the lot shall be not more than 100,000 square feet.
8. Maximum area of the lot shall be not more than 100,000 square feet.
9. Maximum area of the lot shall be not more than 100,000 square feet.
10. Maximum area of the lot shall be not more than 100,000 square feet.
11. Maximum area of the lot shall be not more than 100,000 square feet.
12. Maximum area of the lot shall be not more than 100,000 square feet.
13. Maximum area of the lot shall be not more than 100,000 square feet.
14. Maximum area of the lot shall be not more than 100,000 square feet.
15. Maximum area of the lot shall be not more than 100,000 square feet.

E. OFF-STREET ACCESS

1. Width of the driveway shall be not less than 10 feet.

(Continued from Page 1-C)

driving range, pitch and putt or miniature golf course or commercial amusements

6. Farm, Ranch, Garden, Orchard or Plant Nursery provided no retail sales are conducted from the premises.

7. Accessory Buildings and Uses incidental to other permitted uses, including private garages, living quarters for servants employed in and by the occupant of the premises, tool house, lath or greenhouse as hobby (no business), home workshop, children's playhouse, barn, private swimming pool and garden shelter.

8. Home Occupation

9. Fire Station, Water Supply Reservoir, Well, Water Treatment Plant, and Pumping Plant

10. Telephone Exchange, provided no public business, repair or storage facilities are maintained.

11. Railroad right-of-way and Tracks only, but not including stations, sidings, team tracks, loading facilities, docks or yards.

12. Bulletin Boards and Name Plates for schools and churches but not exceeding eighteen (18) square feet in area and not a flashing, intermittent, revolving or similarly lighted type.

13. Temporary Signs pertaining to the sale or rental of property, not exceeding eighteen (18) square feet in area and advertising the property only for a use for which it is legally used.

14. Day Nurseries

15. Off-street parking of motor vehicles incidental to any lawful residential, retail, institutional, commercial or industrial use of adjacent land, even though same may be separated by an alley or easement and subject to the setback access and screening requirements prescribed herein.

B. AREA REGULATIONS: Except as hereinafter provided in Section 20, no building shall be erected, altered or converted for dwelling purposes or any other use on any lot or building permitted in this district unless the following minimum lot area, dimensions and yards are provided:

1. Area of Lot: The minimum area of the lot for two-family dwelling shall be six thousand (6,000) square feet. The minimum area of a lot for one-family dwelling purposes or other main uses permitted in the P DISTRICT is five thousand (5,000) square feet; however, a lot having less area, width or depth than herein required that was of record prior to May 1, 1961, may be used for any use permitted in the 1 F-2 DISTRICT.

2. Width of Lot: The minimum width of lot shall be sixty (60) feet.

3. Depth of Lot: The minimum depth of lot shall be one hundred (100) feet.

4. Required Front Yard: There shall be a front yard having a minimum depth of twenty-five (25) feet. The required screening wall or fence for any off-street parking use shall not be constructed so as to intrude into the required front yard in any block where any portion of the frontage is occupied by dwellings. Where all of the frontage along any block in the P DISTRICT is vacant or used for off-street parking, only, no front yard for a screening wall or fence is required.

5. Required Side Yard: There shall be a side yard on each side of a lot equal to ten (10) per cent of the width of the lot, provided, that in no case shall the side yard be less than five (5) feet in width, but in no case need a side yard exceed eight (8) feet in width; except that a side yard as herein required need not exceed five (5) feet in width on any lot seventy-five (75) feet or less in width on which building permits are issued prior to May 1, 1962; and further provided that the side yard of a corner lot adjacent to a street shall not be less than fifteen (15) feet, except that on such corner lots which were lots of record prior to May 1, 1961, the side yard adjacent to the street may be ten (10) feet. The required side yard for a garage, carport or motor vehicle storage structure on a corner lot as specified in Section 20-B, Item 2.

6. Required Rear Yard: There shall be a minimum rear yard of ten (10) feet provided, however, that the main building and all accessory buildings shall not cover more than fifty (50) per cent of the rear yard area as defined in Section 20. Detached accessory buildings when located on the rear thirty (30) per cent of a lot may be erected on the rear property line provided that no such detached accessory building may be located nearer than fifteen (15) feet to a main building.

7. Maximum Lot Coverage: The total area of the main residential building and all accessory buildings erected upon a lot as computed between the outside walls of each structure shall not exceed forty (40) per cent of the total area of the lot.

8. Off-street parking shall be provided on the lot or tract within one hundred (100) feet either in the same block or on the opposite side of the street, incidental to the following uses and at the following ratio for any building hereafter erected, altered or converted:

1. Residential use; one (1) parking space for each dwelling unit; however, no garage, carport or other automobile storage structure may be placed within the required front yard.

2. Retail and service buildings: one (1) parking space for each two hundred (200) square feet of floor area.

3. Offices, professional and administrative buildings: one (1) parking space for each four hundred (400) square feet of floor area.

4. Restaurants and Cafeterias: one (1) parking space for each four hundred (400) square feet of floor area.

5. Hotels or Motels: one (1) parking space for each three (3) beds in the hotel.

6. Theatres: one (1) parking space for each three (3) seats for patrons or guests.

7. For commercial, industrial, storage, processing, warehousing and repair shop uses, one (1) off-street parking space shall be provided for each two (2) employees on the basis of the maximum number of employees on the premises at one time. Where the number of employees is indeterminate, off-street parking spaces will be provided at a minimum ratio of one (1) space for each one thousand (1,000) square feet of floor area in the building or buildings.

D. HEIGHT REGULATIONS: A building or structure in the LI DISTRICT shall be erected to a height not exceeding the following:

1. Whenever any lot in the P DISTRICT is used for off-street parking purposes incidental to any

lawful use of adjacent property, all access to the off-street parking area shall be provided from the street or streets on which the adjacent use fronts. No entrance or exit from such parking area shall be made onto a street where residential uses front, on either side of the street.

2. Wherever a lot or tract in the P DISTRICT is used for off-street parking of motor vehicles, a masonry wall or solid ornamental fence of not less than four (4) feet nor more than eight (8) feet in height above the average grade shall be erected and maintained so as to enclose the off-street parking area along the front and side and to screen the parking use from adjacent residential districts.

3. Any lights used to illuminate the parking area shall be so arranged as to reflect away from any adjacent residential uses or residential districts.

4. Where a front yard is required in front of the screening wall or fence as set forth in Paragraph B, Item 4, such yard shall be maintained in a clean and orderly condition free of weeds, debris and trash.

5. Any use permitted in the 2 F DISTRICT

6. Antique Shop

7. Barber or Beauty Shop

8. Bank

9. Custom Personal Service such as tailor, shoe repair, dressmaker

10. Day Nurseries

11. Electric sub-station

12. Florist, Garden Shop, Greenhouse or lath house for the display and sale of plants and flowers

13. Food Store

14. Household appliance service repair shops including radio & TV

15. Laundry, Automatic Washer-dryer with self-service machines similar to those customarily found in the home

16. Laundry and Dry-cleaning pick-up station only

17. Off-street parking in connection with any use permitted in the NS DISTRICT

18. Pharmacy or Drug Store

19. Professional and administrative offices including doctors, dentists, attorneys, architects, engineers, insurance and real estate

20. Restaurant or Cafeteria without drive-in service facilities

21. Shops for the retail sale of clothing, sporting goods, toys, paint, books, stationery, hardware, similar neighborhood convenience items including a variety store

22. Studios for photographers, musicians and artists

23. Signs announcing the name of an establishment or commodities sold on the premises when placed flat against the building on the parapet or not extending more than twenty-four (24) inches out from the face of the building or when erected as free-standing similar detached signs not of a flashing, revolving or intermittently lighted type. Signs not exceeding six (6) square feet in area in the entrance or exit to parking areas and not projecting into the public right of way of any street, alley or place are permitted.

B. AREA REGULATIONS: Except as hereinafter provided in Section 20, no building shall be erected, altered or converted for dwelling purposes unless the following minimum lot area, dimensions and yards are provided; however, a lot having less area, width or depth than herein required that was of record prior to May 1, 1961, may be used for any use permitted in the 1 F-2 DISTRICT:

1. Area of Lot: The minimum area of the lot for two-family dwelling purposes shall be six thousand (6,000) square feet. The minimum area of a lot for one-family dwelling purposes is five thousand (5,000) square feet.

2. Width of Lot: The minimum width of lot shall be sixty (60) feet for residential use.

3. Depth of Lot: The minimum depth of lot shall be one hundred (100) feet for residential use.

4. Required Front Yard: There shall be a front yard having a minimum depth of twenty-five (25) feet. The required screening wall or fence for any off-street parking use shall not be constructed so as to intrude into the required front yard in any block where any portion of the frontage is occupied by dwellings. Where all of the frontage along any block is vacant or used for off-street parking, only, no front yard for a screening wall or fence is required. No commodities may be stored, offered for sale or displayed within the required front yard area except that service island pumps of a gasoline service station may be located within twenty (20) feet of the front property line.

5. Required Side Yard: There shall be a side yard on each side of a lot equal to ten (10) per cent of the width of the lot, provided, that in no case shall the side yard be less than five (5) feet in width, but in no case need a side yard exceed eight (8) feet in width; except that a side yard as herein required need not exceed five (5) feet in width on any lot seventy-five (75) feet or less in width on which building permits are issued prior to May 1, 1962; and further provided that the side yard of a corner lot adjacent to a street shall not be less than fifteen (15) feet, except that on such corner lots which were lots of record prior to May 1, 1961, the side yard adjacent to the street may be ten (10) feet. The required side yard for a garage, carport or motor vehicle storage structure on a corner lot and entered from a side

street is specified in Section 20-B, Item 2. No side yard shall be required for a local retail or service use except where a retail or service building is erected adjacent to a side street or adjoining the district boundary line separating an NS DISTRICT from any of the residential districts listed herein. The required side yard for retail or service uses on a corner lot adjacent to a side street shall be fifteen (15) feet. The required side yard for a retail or service use adjoining a residential district boundary line shall be five (5) feet.

6. Required Rear Yard: There shall be a minimum rear yard of ten (10) feet provided, however, that the main residential building and all accessory buildings shall not cover more than fifty (50) per cent of the rear yard area as defined in Section 20; except that where an apartment building or other main building exceeds three (3) stories in height, the required rear yard shall be increased two (2) feet for each story (3) stories in height. No rear yard shall be required for retail or commercial uses except where such uses may be erected adjoining a district boundary line separating the CA DISTRICT from any of the residential districts listed herein, in which event a minimum rear yard of ten (10) feet shall be provided.

7. Maximum Lot Coverage: In the CA DISTRICT for residential use the total area of the building and all accessory buildings erected upon a lot as computed between the outside walls of each structure shall not exceed forty (40) per cent of the total area of the lot. For commercial and retail buildings the maximum floor area ratio shall not exceed ten (10) square feet of building area for each one (1) square foot of lot area.

C. PARKING REGULATIONS: Off-street parking shall be provided on the lot or tract within one hundred (100) feet either in the same block or on the opposite side of the street, incidental to the following uses and at the following ratio for any building hereafter erected, altered or converted:

1. Residential use; one (1) parking space for each dwelling unit; however, no garage, carport or other automobile storage structure may be placed within the required front yard.

2. Retail and service buildings: one (1) parking space for each two hundred (200) square feet of floor area.

3. Offices, professional and administrative buildings: one (1) parking space for each four hundred (400) square feet of floor area.

4. Restaurants and Cafeterias: one (1) parking space for each four hundred (400) square feet of floor area.

5. Hotels or Motels: one (1) parking space for each three (3) beds in the hotel.

6. Theatres: one (1) parking space for each three (3) seats for patrons or guests.

7. For commercial, industrial, storage, processing, warehousing and repair shop uses, one (1) off-street parking space shall be provided for each two (2) employees on the basis of the maximum number of employees on the premises at one time. Where the number of employees is indeterminate, off-street parking spaces will be provided at a minimum ratio of one (1) space for each one thousand (1,000) square feet of floor area in the building or buildings.

8. HEIGHT REGULATIONS: A building or structure in the LI DISTRICT shall be erected to a height not exceeding the following:

1. Whenever any lot in the P DISTRICT is used for off-street parking purposes incidental to any

lawful use of adjacent property, all access to the off-street parking area shall be provided from the street or streets on which the adjacent use fronts. No entrance or exit from such parking area shall be made onto a street where residential uses front, on either side of the street.

2. Wherever a lot or tract in the P DISTRICT is used for off-street parking of motor vehicles, a masonry wall or solid ornamental fence of not less than four (4) feet nor more than eight (8) feet in height above the average grade shall be erected and maintained so as to enclose the off-street parking area along the front and side and to screen the parking use from adjacent residential districts.

3. Any lights used to illuminate the parking area shall be so arranged as to reflect away from any adjacent residential uses or residential districts.

4. Where a front yard is required in front of the screening wall or fence as set forth in Paragraph B, Item 4, such yard shall be maintained in a clean and orderly condition free of weeds, debris and trash.

5. Any use permitted in the 2 F DISTRICT

6. Antique Shop

7. Barber or Beauty Shop

8. Bank

9. Custom Personal Service such as tailor, shoe repair, dressmaker

10. Day Nurseries

11. Electric sub-station

12. Florist, Garden Shop, Greenhouse or lath house for the display and sale of plants and flowers

13. Food Store

14. Household appliance service repair shops including radio & TV

15. Laundry, Automatic Washer-dryer with self-service machines similar to those customarily found in the home

16. Laundry and Dry-cleaning pick-up station only

17. Off-street parking in connection with any use permitted in the NS DISTRICT

18. Pharmacy or Drug Store

19. Professional and administrative offices including doctors, dentists, attorneys, architects, engineers, insurance and real estate

20. Restaurant or Cafeteria without drive-in service facilities

21. Shops for the retail sale of clothing, sporting goods, toys, paint, books, stationery, hardware, similar neighborhood convenience items including a variety store

22. Studios for photographers, musicians and artists

23. Signs announcing the name of an establishment or commodities sold on the premises when placed flat against the building on the parapet or not extending more than twenty-four (24) inches out from the face of the building or when erected as free-standing similar detached signs not of a flashing, revolving or intermittently lighted type. Signs not exceeding six (6) square feet in area in the entrance or exit to parking areas and not projecting into the public right of way of any street, alley or place are permitted.

B. AREA REGULATIONS: Except as hereinafter provided in Section 20, no building shall be erected, altered or converted for dwelling purposes unless the following minimum lot area, dimensions and yards are provided; however, a lot having less area, width or depth than herein required that was of record prior to May 1, 1961, may be used for any use permitted in the 1 F-2 DISTRICT:

1. Area of Lot: The minimum area of the lot for two-family dwelling purposes shall be six thousand (6,000) square feet. The minimum area of a lot for one-family dwelling purposes is five thousand (5,000) square feet.

yards are provided; however, a lot having less area, width or depth than herein required that was of record prior to May 1, 1961, may be used for any use permitted in the 1 F-2 DISTRICT.

1. Area of Lot: The minimum area of the lot for two-family dwelling purposes shall be six thousand (6,000) square feet. The minimum area of a lot for one-family dwelling purposes is five thousand (5,000) square feet; for multiple family dwellings the minimum lot area shall be seven thousand (7,000) square feet and for multiple dwellings not exceeding two stories in height, there shall be not less than twelve hundred (1,200) square feet of lot area, provided for each family unit.

2. Width of Lot: The minimum width of lot shall be sixty (60) feet for residential use.

3. Depth of Lot: The minimum depth of lot shall be one hundred (100) feet for residential use.

4. Required Front Yard: There shall be a front yard having a minimum depth of twenty-five (25) feet. The required screening wall or fence for any off-street parking use shall not be constructed so as to intrude into the required front yard in any block where any portion of the frontage is occupied by dwellings. Where all of the frontage along any block in the P DISTRICT is vacant or used for off-street parking, only, no front yard for a screening wall or fence is required.

5. Required Side Yard: There shall be a side yard on each side of a lot equal to ten (10) per cent of the width of the lot, provided, that in no case shall the side yard be less than five (5) feet in width, but in no case need a side yard exceed eight (8) feet in width; except that a side yard as herein required need not exceed five (5) feet in width on any lot seventy-five (75) feet or less in width on which building permits are issued prior to May 1, 1962; and further provided that the side yard of a corner lot adjacent to a street shall not be less than fifteen (15) feet, except that on such corner lots which were lots of record prior to May 1, 1961, the side yard adjacent to the street may be ten (10) feet. The required side yard for a garage, carport or motor vehicle storage structure on a corner lot as specified in Section 20-B, Item 2.

6. Required Rear Yard: There shall be a minimum rear yard of ten (10) feet provided, however, that the main residential building and all accessory buildings shall not cover more than fifty (50) per cent of the rear yard area as defined in Section 20; except that where an apartment building or other main building exceeds three (3) stories in height, the required rear yard shall be increased two (2) feet for each story (3) stories in height. No rear yard shall be required for retail or commercial uses except where such uses may be erected adjoining a district boundary line separating the CA DISTRICT from any of the residential districts listed herein, in which event a minimum rear yard of ten (10) feet shall be provided.

7. Maximum Lot Coverage: In the CA DISTRICT for residential use the total area of the building and all accessory buildings erected upon a lot as computed between the outside walls of each structure shall not exceed forty (40) per cent of the total area of the lot. For commercial and retail buildings the maximum floor area ratio shall not exceed ten (10) square feet of building area for each one (1) square foot of lot area.

C. PARKING REGULATIONS: Off-street parking shall be provided on the lot or tract within one hundred (100) feet either in the same block or on the opposite side of the street, incidental to the following uses and at the following ratio for any building hereafter erected, altered or converted:

1. Residential use; one (1) parking space for each dwelling unit; however, no garage, carport or other automobile storage structure may be placed within the required front yard.

2. Retail and service buildings: one (1) parking space for each two hundred (200) square feet of floor area.

3. Offices, professional and administrative buildings: one (1) parking space for each four hundred (400) square feet of floor area.

4. Restaurants and Cafeterias: one (1) parking space for each four hundred (400) square feet of floor area.

5. Hotels or Motels: one (1) parking space for each three (3) beds in the hotel.

6. Theatres: one (1) parking space for each three (3) seats for patrons or guests.

7. For commercial, industrial, storage, processing, warehousing and repair shop uses, one (1) off-street parking space shall be provided for each two (2) employees on the basis of the maximum number of employees on the premises at one time. Where the number of employees is indeterminate, off-street parking spaces will be provided at a minimum ratio of one (1) space for each one thousand (1,000) square feet of floor area in the building or buildings.

8. HEIGHT REGULATIONS: A building or structure in the LI DISTRICT shall be erected to a height not exceeding the following:

1. Whenever any lot in the P DISTRICT is used for off-street parking purposes incidental to any

lawful use of adjacent property, all access to the off-street parking area shall be provided from the street or streets on which the adjacent use fronts. No entrance or exit from such parking area shall be made onto a street where residential uses front, on either side of the street.

2. Wherever a lot or tract in the P DISTRICT is used for off-street parking of motor vehicles, a masonry wall or solid ornamental fence of not less than four (4) feet nor more than eight (8) feet in height above the average grade shall be erected and maintained so as to enclose the off-street parking area along the front and side and to screen the parking use from adjacent residential districts.

3. Any lights used to illuminate the parking area shall be so arranged as to reflect away from any adjacent residential uses or residential districts.

4. Where a front yard is required in front of the screening wall or fence as set forth in Paragraph B, Item 4, such yard shall be maintained in a clean and orderly condition free of weeds, debris and trash.

5. Any use permitted in the 2 F DISTRICT

6. Antique Shop

7. Barber or Beauty Shop

8. Bank

9. Custom Personal Service such as tailor, shoe repair, dressmaker

10. Day Nurseries

11. Electric sub-station

12. Florist, Garden Shop, Greenhouse or lath house for the display and sale of plants and flowers

13. Food Store

14. Household appliance service repair shops including radio & TV

15. Laundry, Automatic Washer-dryer with self-service machines similar to those customarily found in the home

in height except that cooling towers, roof gables, chimneys and vent stacks may extend for an additional height not to exceed thirty-five (35) feet above the average grade line of the building. Water stands, pipes and tanks, church steeples, domes and spires and school buildings and institutional buildings may be erected to exceed thirty-five (35) feet in height, provided that one (1) additional foot shall be added to the width and depth of front, side and rear yards for each foot that such structures exceed thirty-five (35) feet; except special shopping area signs may be erected to a height not to exceed fifty (50) feet provided such signs shall be set back from all property lines a distance of twenty-five (25) feet.

2. Width of Lot: The minimum width of lot shall be sixty (60) feet for residential use.

3. Depth of Lot: The minimum depth of lot shall be one hundred (100) feet for residential use.

4. Required Front Yard: There shall be a front yard having a minimum depth of twenty-five (25) feet. The required screening wall or fence for any off-street parking use shall not be constructed so as to intrude into the required front yard in any block where any portion of the frontage is occupied by dwellings. Where all of the frontage along any block in the P DISTRICT is vacant or used for off-street parking, only, no front yard for a screening wall or fence is required.

5. Required Side Yard: There shall be a side yard on each side of a lot equal to ten (10) per cent of the width of the lot, provided, that in no case shall the side yard be less than five (5) feet in width, but in no case need a side yard exceed eight (8) feet in width; except that a side yard as herein required need not exceed five (5) feet in width on any lot seventy-five (75) feet or less in width on which building permits are issued prior to May 1, 1962; and further provided that the side yard of a corner lot adjacent to a street shall not be less than fifteen (15) feet, except that on such corner lots which were lots of record prior to May 1, 1961, the side yard adjacent to the street may be ten (10) feet. The required side yard for a garage, carport or motor vehicle storage structure on a corner lot as specified in Section 20-B, Item 2.

6. Required Rear Yard: There shall be a minimum rear yard of ten (10) feet provided, however, that the main residential building and all accessory buildings shall not cover more than fifty (50) per cent of the rear yard area as defined in Section 20; except that where an apartment building or other main building exceeds three (3) stories in height, the required rear yard shall be increased two (2) feet for each story (3) stories in height. No rear yard shall be required for retail or commercial uses except where such uses may be erected adjoining a district boundary line separating the CA DISTRICT from any of the residential districts listed herein, in which event a minimum rear yard of ten (10) feet shall be provided.

7. Maximum Lot Coverage: In the CA DISTRICT for residential use the total area of the building and all accessory buildings erected upon a lot as computed between the outside walls of each structure shall not exceed forty (40) per cent of the total area of the lot. For commercial and retail buildings the maximum floor area ratio shall not exceed ten (10) square feet of building area for each one (1) square foot of lot area.

C. PARKING REGULATIONS: Off-street parking shall be provided on the lot or tract within one hundred (100) feet either in the same block or on the opposite side of the street, incidental to the following uses and at the following ratio for any building hereafter erected, altered or converted:

1. Residential use; one (1) parking space for each dwelling unit; however, no garage, carport or other automobile storage structure may be placed within the required front yard.

2. Retail and service buildings: one (1) parking space for each two hundred (200) square feet of floor area.

3. Offices, professional and administrative buildings: one (1) parking space for each four hundred (400) square feet of floor area.

4. Restaurants and Cafeterias: one (1) parking space for each four hundred (400) square feet of floor area.

5. Hotels or Motels: one (1) parking space for each three (3) beds in the hotel.

6. Theatres: one (1) parking space for each three (3) seats for patrons or guests.

7. For commercial, industrial, storage, processing, warehousing and repair shop uses, one (1) off-street parking space shall be provided for each two (2) employees on the basis of the maximum number of employees on the premises at one time. Where the number of employees is indeterminate, off-street parking spaces will be provided at a minimum ratio of one (1) space for each one thousand (1,000) square feet of floor area in the building or buildings.

8. HEIGHT REGULATIONS: A building or structure in the LI DISTRICT shall be erected to a height not exceeding the following:

1. Whenever any lot in the P DISTRICT is used for off-street parking purposes incidental to any

lawful use of adjacent property, all access to the off-street parking area shall be provided from the street or streets on which the adjacent use fronts. No entrance or exit from such parking area shall be made onto a street where residential uses front, on either side of the street.

2. Wherever a lot or tract in the P DISTRICT is used for off-street parking of motor vehicles, a masonry wall or solid ornamental fence of not less than four (4) feet nor more than eight (8) feet in height above the average grade shall be erected and maintained so as to enclose the off-street parking area along the front and side and to screen the parking use from adjacent residential districts.

3. Any lights used to illuminate the parking area shall be so arranged as to reflect away from any adjacent residential uses or residential districts.

4. Where a front yard is required in front of the screening wall or fence as set forth in Paragraph B, Item 4, such yard shall be maintained in a clean and orderly condition free of weeds, debris and trash.

5. Any use permitted in the 2 F DISTRICT

6. Antique Shop

7. Barber or Beauty Shop

8. Bank

9. Custom Personal Service such as tailor, shoe repair, dressmaker

10. Day Nurseries

11. Electric sub-station

12. Florist, Garden Shop, Greenhouse or lath house for the display and sale of plants and flowers

13. Food Store

14. Household appliance service repair shops including radio & TV

15. Laundry, Automatic Washer-dryer with self-service machines similar to those customarily found in the home

1

(Continued from Page 3-C)

DISTRICT may be erected to any legal height not in conflict with airport or air base approach zones provided the floor area ratio (F.A.R.) does not exceed one (1) square foot of building area for each one (1) square foot of land area in the lot, tract or site upon which the building is erected and further provided that the height of any building or structure shall not exceed the distance from the center line of the street on which the building or structure fronts or has access to the front face of the building or structure.

SECTION 18
HI HEAVY INDUSTRIAL DISTRICT REGULATIONS

A. USE REGULATIONS: Land and buildings in the HI HEAVY INDUSTRIAL DISTRICT may be used for any of the following listed uses provided, however, that no land shall hereafter be used after being erected, altered or converted which is arranged, designed or used for other than the following uses:

- 1. Any use permitted in the LI, LIGHT INDUSTRIAL DISTRICT
2. Concrete products manufacture, mixing or batching
3. Any manufacturing, industrial, servicing or storage process not prohibited by law except the following uses may only be located in the HI DISTRICT upon approval by the City Commission in accordance with the procedure established in Section 21.
a) Animal Slaughtering
b) Acid Manufacture
c) Ammonia Manufacture
d) Carbon Black Manufacture
e) Cement, lime, gypsum or plaster of paris Manufacture
f) Chlorine Manufacture
g) Explosives storage or manufacture
h) Glue and fertilizer manufacture
i) Petroleum and Petroleum Products refining and manufacture
j) Petroleum tank farm
k) Petrochemical Plant
l) Quarry, caliche, gravel, sand excavation
m) Rendering Plant
n) Tanning, curing, treating or storage of skins or hides
o) Wrecking or Salvage Yard
p) Any use which due to the possible emission of excessive smoke, noise, gas, fumes, dust, odor or vibration or danger of explosion or fire is presently or in the future is determined a hazard and subject to special control

B. AREA REGULATIONS: Except as hereinafter provided in Section 20, no building shall be erected, altered or converted for any use permitted in this district unless the following minimum yards and area are provided:

- 1. Area of Lot: No requirement.
2. Width of Lot: No requirement.
3. Depth of Lot: No requirement.
4. Required Front Yard: The required front yard in the HI DISTRICT shall be fifteen (15) feet for all types of uses.
5. Required Side Yard: No side yard shall be required for uses permitted in the HI DISTRICT except where a building for any of the uses permitted in the HI DISTRICT is erected adjacent to a side street or adjoining the district boundary line separating the HI DISTRICT from any of the residential districts listed herein. The required side yard for a building erected on a corner lot adjoining a street or adjoining a residential district shall be fifteen (15) feet.
6. Required Rear Yard: No rear yard is required for uses permitted in the HI DISTRICT except where the use or structure backs upon a common district boundary line separating the HI DISTRICT from adjoining residential districts, in which event a rear yard of twenty-five (25) feet shall be required.
7. Maximum Lot Coverage: The maximum floor area of any building erected on a lot or tract in the HI DISTRICT shall not exceed a (F.A.R.) ratio of one (1) square foot of building area for each two (2) square feet of lot area.

C. PARKING REGULATIONS: Off-street parking shall be provided on the lot or tract or a contiguous lot or tract within one hundred (100) feet or less in the same block or on the opposite side of the street incidental to the following uses and at the following ratio for any building hereafter erected, altered or converted for retail or service, commercial or industrial uses:

- 1. Bowling alleys: three (3) parking spaces for each alley.
2. Hospitals: one (1) parking space for each three (3) beds in the hospital.
3. Hotel or Motel: one (1) parking space for each guest room.
4. Retail and service buildings: one (1) parking space for each two hundred (200) square feet of floor area.
5. Offices, professional and administrative buildings: one (1) parking space for each four hundred (400) square feet of floor area.
6. Restaurants and Cafeterias: one (1) parking space for each four (4) seats or accommodations for patrons or guests.
7. Theaters: one (1) parking space for each three (3) seats for patrons or guests.
8. For commercial, industrial, storage, processing, warehousing and repair shop uses, one (1) off-street parking space shall be provided for each two (2) employees on the basis of the maximum number of employees on the premises at one time. Where the number of employees is indeterminate, off-street parking spaces will be provided at a minimum ratio of one (1) space for each one thousand (1,000) square feet of floor area in the building or buildings.

D. HEIGHT REGULATIONS: A building or structure in the HI DISTRICT may be erected to any legal height not in conflict with airport or air base approach zones provided the floor area ratio does not exceed one (1) square foot of building area for each two (2) square feet of land area in the lot or tract on

which the building is erected and further provided that the height of any building or structure shall not be greater than the distance measured from the centerline of street to the face of the building.

SECTION 19
PLANNED DISTRICT REGULATIONS

A. The City Commission of the City of Big Spring, Texas, after public hearing and proper notice to all parties affected and after recommendation from the City Planning and Zoning Commission may authorize the creation of the following types of Planned Districts:

- 1. Shopping Center on tracts of three (3) acres or more
2. Housing Development on tracts of three (3) acres or more
3. Industrial District on tracts of ten (10) acres or more
4. Medical Center and Hospital
5. Civic Center and Community Center
6. Office Center
7. Recreation Center
8. Transition District as an extension of an existing district whereby the provision of off-street parking, screening walls, open space and plantings would create a protective transition between a lesser and a more restrictive district.
B. In establishing a planned district in accordance with this section, the City Commission shall require a comprehensive site plan of the development, said plan becoming part of the ordinance creating the planned district. Such required plan and ordinance shall set forth the requirements for ingress and egress to the property, public or private streets or drives, sidewalks, utilities, drainage, parking space, height of building, maximum lot coverage, yards and open spaces, screening walls or fences and other development and protective requirements considered necessary to create a reasonable transition to and protection of the adjacent property.

Every planned district approved under the provisions of this ordinance shall be considered as an amendment to the ordinance applicable to the property involved. In approving the Planned District the City Commission may impose conditions relative to the standard of development and such conditions shall be complied with before a certificate of occupancy is issued for the use of land or any structure within a Planned District and such conditions shall not be construed as conditions precedent to the approval of the zoning amendment, but shall be construed as conditions precedent to the granting of a certificate of occupancy.

SECTION 20
SPECIAL YARD AREA AND USE REGULATIONS

A. FRONT YARDS:

- 1. Where the frontage on one side of a street between two intersecting streets is improved with buildings of the same zoning district, the front yard shall comply with the requirements of the most restrictive district for the entire block.
2. If thirty (30) per cent or more of the frontage on one side of a street between two intersecting streets is improved with buildings of the same zoning district, the average front yard line with a variation in depth of not more than six (6) feet, then the average front yard so established shall be observed, provided, however, that this regulation shall not be interpreted as requiring a front yard of more than fifty (50) feet. Blocks where no front yard has heretofore been observed, this regulation may be interpreted as not requiring a front yard.
3. Where a building line has been established by ordinance and such line requires a greater or lesser front yard set back than is prescribed by the ordinance in the district in which the building is located, the required front yard shall comply with the building line so established.
4. Where a building line is shown on a plat recorded with the County Clerk of Howard County after May 1, 1961, and such building line provides a front yard of twenty (20) feet or more in depth and is part of a plat for the subdivision development of a subdivision with a uniform or staggered building line; the building line so shown shall be interpreted as establishing the front yard requirements for the lots in the subdivision.
5. The front yard shall be measured from the property line to the front face of the building, covered porch, covered terrace or attached accessory building, and open terraces, entrance slabs, eaves and roof extensions may project into the required front yard for a distance not to exceed four (4) feet.
6. Where lots have double frontage, running through from one side to another, a required front yard shall be provided on both streets unless a building line for accessory buildings has been established on the plat or by ordinance, in which event only one required front yard need be observed and such front yard shall be interpreted as being on the opposite side of the lot from the accessory building line.
7. On a corner lot which is part of a plat filed for record after May 1, 1961, a front yard shall be observed on both sides exposed to a street except where differing building lines have been established on the Planning and Zoning Commission and which has been filed for record.

B. SIDE AND REAR YARDS:

- 1. Every part of a required side or rear yard shall be open and unobstructed except for accessory buildings as permitted herein and the ordinary projections of window sills, belt courses, cornices and other architectural features projecting not to exceed twenty-four (24) inches into the required side or rear yard.
2. Where a side yard adjoins a side street on a corner lot, no garage, carport or motor vehicle storage structure with access to the side street may be erected nearer to the side property line than twenty (20) feet.

C. LOT AREA, WIDTH AND

DEPTH: Any lot containing less area, width or depth than required by the regulations in the district in which the lot is situated that was of record prior to May 1, 1961, may be used for one-family purposes.

D. LOCATION OF DWELLINGS AND BUILDINGS:

Only one main building for one-family, two-family or multiple-family use, with permitted accessory buildings may be located upon a lot or tract. Every dwelling shall face or front upon a public street, other than an alley, which means of access shall have a minimum width of thirty (30) feet. Where a lot is used for retail, commercial, industrial purposes, or a combination of same, or for a combination of retail and dwelling purposes, more than one (1) main building may be located upon the lot but only when such buildings conform to all the open space, parking area, density and other requirements applicable to the uses and districts and when all such main buildings face upon a public street, other than an alley. Where two or more main buildings, or portions thereof, are placed upon a single lot or tract and such buildings will not face upon a public street, the same may be permitted when the site plan for such development is approved by the City Planning and Zoning Commission so as to comply with the normal requirements for plating. No parking area, storage area, or required open space for one building shall be computed as being the same as open space, yard or area requirements for any dwelling or other use.

E. SPECIAL DEVELOPMENT SIGNS:

Special temporary development and promotion signs not exceeding four hundred (400) square feet in area may be erected upon approval of the Building Inspector. The Building Inspector shall control the location and duration of such sign use to assure that the occupancy and use of adjacent lots are not interfered with and that no safety hazard is created. Such special development signs will be removed at the direction of the Building Inspector after completion of the development of ninety (90) per cent of the project advertised.

F. TEMPORARY CONSTRUCTION BUILDINGS:

Temporary buildings to be used for construction purposes may be erected. Upon completion and abandonment of construction work such field offices and buildings shall be removed at the direction of the Building Inspector.

SECTION 21
SPECIFIC USE PERMITS

A. The City Commission of the City of Big Spring, Texas, after public hearing and proper notice to all parties affected and after recommendation by the City Planning and Zoning Commission may authorize the issuance of specific use permits for the following types of uses in the following districts:

- 1. Airport, Landing Field or Heliport in any district
2. Carbon Black Manufacture in the HI DISTRICT
3. Cotton gin in the HI DISTRICT
4. College, University, Convent or Monastery in any district
5. Concrete Products manufacture, mixing and batching in the LI DISTRICT
6. Electric Generating plant or other utility installation in any district
7. Radio and Television Broadcasting Towers and transmitting station in any district
8. Go-cart track, drag strip or commercial vehicle racing in the LI and HI DISTRICTS
9. Hospital, Convalescent Home, in any one-family or two-family districts
10. Home for insane, alcoholic, feeble-minded or narcotic patients in any district on a site of five (5) acres or more
11. Institutions of a religious, educational or philanthropic nature not specifically mentioned herein in any district
12. Drive-In Theatre in the R DISTRICT
13. Rock Quarry, sand, gravel and caliche excavations in any district
14. Mortuary in the MF, NS and R DISTRICTS
15. Animal Slaughtering Plant in the LI and HI DISTRICTS
16. Acid, Ammonia and Chlorine Manufacture in the HI DISTRICT
17. Glue and Fertilizer Manufacture in the HI DISTRICT
18. Petroleum Refining and Petrochemical Manufacture in the HI DISTRICT
19. Rendering Plant in the HI DISTRICT
20. Wrecking or Salvage Yard in the HI DISTRICT

B. The City Planning and Zoning Commission in considering and determining its recommendation or the City Commission in considering any request for a Specific Use Permit may require from the applicant plans, information, operating data and expert evaluation concerning the location, function and characteristics of any building or use proposed. The City Commission may in the interest of the public welfare and to assure compliance with this ordinance, establish conditions of operation, location, arrangement and construction of any use for which a permit is authorized in authorizing the location of any of the uses listed as Specific Use Permits, the City Commission may impose such development standards and safeguards as the conditions and location indicate important to the welfare and protection of adjacent property from excessive noise, vibration, dust, dirt, smoke, fumes, gas, odor, explosion, glare, offensive view or other undesirable or hazardous conditions.

SECTION 22
NON-CONFORMING USES

A. Any use of property that does not conform to the regulations prescribed in the preceding sections of the ordinance and which shall have been in existence prior to the effective date of this ordinance, and at that time shall have constituted a legal use, shall be called a non-conforming use. Any use that may have become non-conforming since that date through amendment to the zoning ordinance and is not a violation

of the ordinance shall also be considered a non-conforming use.

B. Any non-conforming use of land or structures may be continued for a definite period of time, and subject to such regulations as the Board of Adjustment may require for immediate preservation and the ultimate removal of the non-conforming use. The Board of Adjustment may grant a change of occupancy from one non-conforming use to another, providing the use is within the same, or higher classification as the original non-conforming use, provided, however, that such change of use and occupancy will not tend to prolong and continue the non-conforming use. A building may be changed to another non-conforming use of the same or more restricted classification, it shall not later be changed to a less restrictive classification of use, and such prior less restrictive classification shall be considered to have been abandoned.

C. ACTIONS OF THE BOARD:

1. In exercising its powers the Board may, in conformity with the provisions of Articles 1011-A and including 1011-J of the 1925 Civil Statutes of Texas, revise or reform, wholly or partly, or may modify the order, requirement, decision or determination appealed from and make such order, requirement, decision or determination as ought to be made and shall have all the powers of the officer from whom the appeal is taken.
2. The concurring vote of four (4) members of the Board shall be necessary to revise any order, requirement, decision or determination of any such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under this ordinance or to affect any variance in said ordinance.
3. Any person or persons, jointly or severally, aggrieved by any decision of the Board of Adjustment or any taxpayer or any officer, department or Board of the Municipality may present to a court of record a petition, duly verified, setting forth that such decision is illegal in whole or in part in specifying the grounds of the illegality. Such petition shall be presented to the court within ten (10) days after the filing of the decision in the Office of the Board and not thereafter.

SECTION 23
BOARD OF ADJUSTMENT
A. ORGANIZATION:

There is hereby created a Board of Adjustment, consisting of five (5) members, who shall be qualified by their own experience and property in the City of Big Spring, and two (2) alternate members having the same qualifications. Each member shall be appointed by resolution of the City Commission and shall be removable at any time by the appointing authority. Two (2) regular and one (1) alternate member shall serve until May 1, 1962, and three (3) regular members and one (1) alternate member shall serve until May 1, 1963, and thereafter each member and alternate member appointed or reappointed shall serve for a full two-year term or until his successor has been appointed. Vacancies shall be filled for the unexpired term of any member whose place becomes vacant for any cause in the same manner as prescribed for appointments of original members. The alternate members of the Board shall serve in the absence of one or more of the regular members whenever requested to do so by the Mayor or City Manager.

The Board may adopt rules to govern its proceedings provided, however, that such rules are not inconsistent with this ordinance. Meetings of the Board shall be held at the call of the Chairman and at such other times as the Board may determine. The Chairman, in his absence, the Acting Chairman, may administer oaths and compel the attendance of witnesses. All meetings of the Board shall be open to the public. The Board shall keep minutes of its proceedings, showing the vote of each member upon each question, or, if absent or failing to vote, indicate such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed with the office of the Board and shall be a public record.

Appeals to the Board of Adjustment can be taken by any person aggrieved or by any officer, department or board of the municipality affected by any decision of the administrative officer. Such appeal shall be taken within fifteen (15) days after the time the decision has been rendered by the administrative officer, by filing with the officer from whom the appeal is taken and with the Board of Adjustment, a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed from was taken. An appeal shall stay all proceedings of the action appealed from, unless the officer from whom the appeal is taken certifies to the Board of Adjustment, after the notice of appeal shall have been filed with him that by reason of facts stated in the certificate a stay, in his opinion, would cause imminent peril to life or property. In such case, proceedings shall not be stayed, otherwise, than by a restraining order which may be granted by the Board of Adjustment or by a court of record on application of notice to the officer from whom the appeal is taken and on due cause shown.

The Board of Adjustment shall fix a reasonable time for the hearing of an appeal, give the public notice thereof, as well as due notice to the parties in interest and decide the same within a reasonable time. Upon the hearing any party may appear in person or by attorney, by agent.

B. JURISDICTION:

When in its judgment, the public convenience and welfare will be substantially served and the appropriate use of the neighboring property will not be substantially, or permanently, injured, the Board of Adjustment may, in specific cases, after public notice and public hearing, and subject to appropriate conditions and safeguards, authorize the following special exceptions to the regulations herein established:

- 1. Permit the reconstruction, extension or enlargement of a building occupied by a non-conforming use on the lot occupied by such building provided such reconstruction does not prevent the return of such property to a conforming use.
2. Permit such modifications of the height, yard area, parking and lot coverage regulations as may be necessary to secure appropriate development of a parcel of land which differs from other parcels in the district by being of unusual topography or slope that it cannot be appropriately developed without such modification.
3. Require the discontinuance of non-conforming uses under any

plan whereby the full value of the improvements on the land can be amortized within a definite period of time, taking into consideration the general character of the neighborhood and the necessity for all property to conform to the regulations of this ordinance. It is the declared purpose of this ordinance that non-conforming uses be eliminated and be required to conform to the regulations prescribed in the preceding articles of this ordinance, having due regard for the property rights of the persons affected when considered in the light of the public welfare and the character of the area surrounding the designated non-conforming use and the conservation and preservation of property. The Board shall from time to time on its own initiative or upon cause presented by interested property owners inquire into the existence, continuation or maintenance of any non-conforming use within the City.

C. ACTIONS OF THE BOARD:

1. In exercising its powers the Board may, in conformity with the provisions of Articles 1011-A and including 1011-J of the 1925 Civil Statutes of Texas, revise or reform, wholly or partly, or may modify the order, requirement, decision or determination appealed from and make such order, requirement, decision or determination as ought to be made and shall have all the powers of the officer from whom the appeal is taken.
2. The concurring vote of four (4) members of the Board shall be necessary to revise any order, requirement, decision or determination of any such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under this ordinance or to affect any variance in said ordinance.
3. Any person or persons, jointly or severally, aggrieved by any decision of the Board of Adjustment or any taxpayer or any officer, department or Board of the Municipality may present to a court of record a petition, duly verified, setting forth that such decision is illegal in whole or in part in specifying the grounds of the illegality. Such petition shall be presented to the court within ten (10) days after the filing of the decision in the Office of the Board and not thereafter.

SECTION 24
CERTIFICATE OF OCCUPANCY AND COMPLIANCE

A. No building erected, erected, converted or structurally altered shall be used, occupied or changed in use, and no land may be used until a Certificate of Occupancy and Compliance shall have been issued by the Building Inspector of the City of Big Spring stating that the building or proposed use of land or building complies with the provisions of this ordinance and other building laws of the City of Big Spring.

B. A Certificate of Occupancy and Compliance shall be applied for coincidentally with the application for a building permit and will be issued within ten (10) days after the completion of the erection, alteration or conversion of such building or land, provided such construction or change has been made in complete conformity to the provisions of this ordinance. All existing or hereafter created non-conforming uses shall obtain Certificates of Occupancy within eighteen (18) months of the effective date of this ordinance. An Occupancy Permit shall be considered evidence of the legal existence of a non-conforming use as contrasted to an illegal use and violation of this ordinance.

C. A record of all Certificates of Occupancy shall be maintained on file in the office of the Building Inspector of the City of Big Spring and copies shall be furnished to any person having a proprietary or tenancy interest in the building or land affected.

SECTION 25
COMPLETION OF EXISTING BUILDING

Nothing herein contained shall require any change in the plans, construction or designated use of a building actually under construction at the time of the passage of this ordinance and which entire building shall be completed within one (1) year from the date of the passage of this ordinance. Nothing herein contained shall require any change in plan, construction or designated use of a building for which a building permit has been heretofore issued and which entire building shall be completed within one (1) year from the date of the passage of this ordinance.

SECTION 26
ZONING DISTRICT BOUNDARIES

A. The district boundary lines shown on the Zoning District Map are along streets, alleys, property lines or extensions thereof. However, when the location of a district boundary line is not otherwise determined, it shall be determined by measurement using the scale of the map.

B. Whenever any street, alley, or other public way is vacated or otherwise action of the City Commission, the zoning district adjoining each side of such street, alley or public way shall be automatically extended to the center of such vacation and all area included in the vacation shall then and henceforth be subject to all regulations of the extended districts.

SECTION 27
OFFICIAL ZONING DISTRICT MAP

Three original, identical and identical copies of the Zoning District Map are hereby adopted bearing the signature of the Mayor and the attestation of the City Secretary and shall be filed and maintained as follows:

- One copy shall be filed with the City Secretary of Big Spring and retained as the original record and shall not be changed in any manner.
One copy shall be filed with the Building Inspector of Big Spring and shall be maintained up to date by posting thereon all changes and subsequent amendments for observation in issuing building permits, Certificates of Compliance and Occupancy and enforcing the Zoning Ordinance.
One copy shall be filed in the office of the Director of Public Works of Big Spring and shall be maintained up to date by posting thereon all changes and amendments.

Reproductions for information purposes may from time to time be made from the official Zoning District Map.

SECTION 28
CHANGES AND AMENDMENTS

A. The governing body may from time to time amend, supplement or change by ordinance the boundaries of the district or the regulations herein established.
B. Before taking action on any proposed amendment, supplement or change, the City Commission shall submit the same to the Planning and Zoning Commission for its recommendation and report.
C. The Planning and Zoning Commission shall hold a public hearing on any application for an amendment or change prior to making its recommendation and report to the City Commission. Written notice of all public hearings before the City Planning and Zoning Commission on a proposed amendment or change shall be sent to all owners of real property lying within two hundred (200) feet of the property on which the change is requested. Such notice shall be given not less than ten (10) days before the date set for hearing, by posting such notice properly addressed and postage paid to each taxpayer as the ownership appears on the last approved City tax roll.

D. A public hearing shall be held by the governing body before adopting any proposed amendment, supplement or change. Notice of such hearing shall be given by publication three (3) times in the official publication of the City of Big Spring, stating the time and place of such hearing, which time shall not be earlier than fifteen (15) days from the first date of publication.

E. Unless such proposed amendment, supplement or change has been favorably recommended by the majority of the Planning and Zoning Commission, or if a written protest against such amendment, supplement or change has been duly signed and acknowledged and filed with the City Secretary by the owners of twenty (20) per cent of the lots included in such proposed change, or those immediately adjacent in the rear thereof extending two hundred (200) feet therefrom, or those directly opposite thereto extending two hundred (200) feet from the street frontage of such opposite parcels, no amendment shall not become effective except by the favorable vote of three-fourths (3/4) of all the members of the City Commission.

SECTION 29
DEFINITIONS

Certain words in this ordinance are defined for the purposes herein as follows:

- 1. Words used in the present tense include the future; words in the singular number include the plural number; words in the plural number include the singular number; the word "building" includes the word "structure"; the word "lot" includes the word "plot"; the word "shall" is mandatory and not discretionary.
2. Accessory Building: (a) In a residential or apartment district a subordinate building, attached to or detached from the main building, not used for commercial purposes. (b) In other districts, a subordinate building, the use of which is incidental to and used only in conjunction with the main building.
3. Alley: A public space or thoroughfare which affords only secondary means of access to property abutting thereon.
4. Apartment: A room or suite of rooms in an apartment house arranged, designed or occupied as the residence by a single family, individual or group of individuals.
5. Apartment Building: A structure containing three (3) or more apartments (same as multiple-family dwelling).
6. Area of the Lot: The area of the lot shall be the net area of the lot and shall not include portions of streets and alleys.
7. Billboard: Any sign or advertisement used as an outdoor display for the purpose of promoting, offering for sale or publicizing anything which is not sold, offered or available on the property or tract on which the sign is located.
8. Block: An area within the City enclosed by streets and occupied by or intended for buildings; or, if said word is used as a term of measurement, it shall mean the distance along a side of a street between the nearest two streets which intersect said street on said side.
9. Boarding House: A building other than a hotel, where lodging and meals for five or more persons are served for compensation.
10. Building: Any structure built for the support, shelter and enclosure of persons, animals, chattels or movable property of any kind.
11. Building Line: A line parallel to or approximately parallel to the street line and beyond which buildings may not be erected.
12. Convalescent Home: Any structure used for or occupied by persons recovering from illness or suffering from the infirmities of old age.
13. Court: An open, unoccupied space, bounded on more than two sides by the walls of the building or dwelling structures. An inner court is a court entirely surrounded by the exterior walls of a building. An outer court is a court having one side open to a street, alley, yard or other permanently open space.
14. Depth of Rear Yard: The mean horizontal distance between the rear line of a building other than accessory building and the rear lot line, and depth of a required rear yard is twenty (20) per cent of the depth of the lot.
15. Depth of Lot: The mean horizontal distance between the front and rear lot lines.
16. District: A portion of the City of Big Spring delineated on the Zoning District Map, for which the regulations governing use, parking, height, lot area, yards and coverage are uniform.
17. Dwelling, Two-Family: A detached building having accommodations for not more than two families, or by two families, but more than four (4) boarders or lodgers. (Two boarders or lodgers to each unit.)
18. Dwelling, Multiple-Family: Any building or portion thereof, which is designed, built, rented, leased or let to be occupied as three (3) or more dwelling units or apartments or which is occupied as a home or residence of three (3) or more families.
19. Dwelling Unit: A building or portion of a building which is arranged, occupied or intended to be occupied as living quarters by a single family.
20. Family: A family is any number of individuals living together as a single housekeeping unit, in which not more than four individuals are unrelated by blood.
21. Farm or Ranch: An area of ten (10) acres or more, which is used for the growing of the usual farm products such as vegetables, fruits, trees and grain and their storage on the area as well as the raising thereon of the usual farm poultry and farm animals such as horses, cattle and sheep and including dairy farms with the necessary accessory uses for treating and storing the produce; provided, however, that the operation of such accessory use shall be secondary to that of the normal activities; and provided further that it does not include the commercial feeding of fowl or garbage to swine or other animals.
22. Floor Area: The floor area of a building shall be measured by taking the outside dimensions of the building at each floor level excluding basements.
23. Floor Area Ratio: The floor area ratio is the number resulting from dividing the floor area of a structure by the total area of the site on which the structure is located.
24. Height: The height of a building or portion of a building shall be measured from the average established grade at the street lot line or from the average natural ground level, if higher or, if no street grade has been established, to the highest point of the roof's surface if flat and to the deck line of mansard roofs and to the mean height level between eaves and ridge for hip and gable roofs. In measuring the height of a building, the following structures shall be excluded: chimneys, cooling towers, elevator bulkheads, pen-houses, tanks, water towers, radio towers, ornamental cupolas, domes or spires, and parapet walls not exceeding eight (8) feet in height.
25. Hobby Shop: An accessory use housed in a dwelling or in an accessory building in which the residents of the premises engage in recreational activities and in which no revenue may be derived, in which no goods may be publicly displayed, offered for sale, or advertised for sale, nor may any sign be used in connection therewith.
26. Home Occupations: A home occupation is an occupation customarily carried on in the home by a member of the occupant's family without structural alterations in the building or installation of machinery other than that customary to normal household operation without the employment of additional persons, without the use of a sign to advertise the occupation and which does not cause the generation of additional traffic in the street or create obnoxious noise.
27. Hospital: An institution or place where sick or injured patients are given medical or surgical care.
28. Hotel and Motel: A building or arrangement of buildings designed and occupied as a temporary abiding place of individuals with no provisions for cooking in individual rooms or apartments, and in which there are more than twelve (12) sleeping rooms.
29. Lodging House: A building other than a hotel, where lodging for five (5) or more persons is provided for compensation.
30. Lot: Land occupied or to be occupied by a building and its accessory building, and including such open spaces as are required under this ordinance, and having its principal frontage upon a public street or officially approved place.
31. Lot Coverage: The percentage of the total area of a lot occupied by the base (first floor) of buildings located on the lot.
32. Lot Depth: The horizontal distance between the front and rear lot lines measured along the median line between the two side lot lines.
33. Lot Lines: The lines bounding a lot as defined herein.
34. Lot of Record: A lot which is part of a subdivision, the plat of which has been recorded in the Office of the County Clerk of Howard County, or a parcel of land, the deed for which was recorded in the Office of the County Clerk of Howard County prior to May 1, 1961.
35. Lot Width: The horizontal distance between the side lot lines measured at right angles to the line determining the lot depth at a point midway between the front and rear lot lines.
36. Non-conforming Use: A building, structure or use of land lawfully occupied at the time of the effective date of this ordinance or amendments thereto, and which does not conform to the use regulations of the district in which it is situated.
37. Open Space: Area included in any side, rear or front yard or any unoccupied space on the lot that is open and unobstructed to the sky except for the ordinary projection of cornices, eaves or porches.
38. Parking Space: An area of not less than 100 square feet (measuring approximately 9 feet by 30 feet) not on a public street or alley, surfaced with an all-weather surface, enclosed or unenclosed, together with an all-weather surfaced driveway connecting the parking space with a street or alley permitting free ingress and egress, in any dwelling, duplex or apartment district shall not include the parking trucks or buses for commercial purposes or a public thoroughfare wherein the maneuvering is done on public streets shall not be classified as off-street parking in computing the parking requirements for any use.
39. Private Stables: A stable with a capacity for not more than four horses which are used by residents of the premises and are not for hire.
40. Street: Any thoroughfare or public driveway, other than an alley, and more than thirty (30) feet in width, which has been dedicated or deeded to the public for public use.
41. Street Line: A dividing line between a lot, tract or parcel of land and a contiguous street.
42. Structural Alterations: Any change in the supporting member of a building, such as a bearing wall, column, beams or girders.
43. Trailer Camp or Park: An area designed, arranged or used for the parking or storing of two (2) or more auto trailers, which are occupied or intended for occupancy as temporary living quarters by individuals or families.
44. Width of Side Yard: The mean horizontal distance between a side wall of a building and the side line of the lot or to the alley or street line adjacent to such side lot line.
45. Wrecking Yard: Any area or building used for dismantling or wrecking of any type of vehicle or the storage, sale, dumping or dismantling of wrecked automobiles or their parts and accessories.
46. Yard: An open, unoccupied space other than a court, on the lot in which a building is situated and which is unobstructed from the ground to the sky.
47. Yard, Front Required: An open, unoccupied space on a lot extending across the front of a lot between the side yard lines and being the minimum horizontal distance between the street line and the building line specified for each district.
48. Yard, Rear Required: The required rear yard is an open space extending across the rear of a lot from one side lot line to the other side lot line and having a depth as specified in the district in which the lot is situated. In residential zones and for residential use where permitted in other districts, rear yard includes fifty (50) per cent of that portion of a lot lying behind a line erected joining the midpoint of one side lot line with the midpoint of the opposite lot line.
49. Yard, Side Required: An open, unoccupied space on the same lot with a building, situated between the building and side line of the lot and extending through from the front yard to the required rear yard. Any lot line not the rear line or a front line shall be deemed a side line.

SECTION 30
PRESERVING RIGHTS IN PENDING LITIGATION AND VIOLATIONS UNDER EXISTING ORDINANCES

A. By the passage of this ordinance, no presently illegal use shall be deemed to have been legalized unless specifically such use falls within a use district where the actual use is a conforming use. Otherwise, such uses shall remain non-conforming uses, where recognized, or an illegal use, as the case may be. It is further the intent and declared purpose of this ordinance that no offense committed, and no liability, penalty or forfeiture, either civil or criminal, incurred prior to the time the existing zoning ordinance was repealed and this zoning ordinance adopted, shall be repealed; but prosecutions and suits for such offenses, liabilities, penalties or forfeitures may be instituted or cases presently pending proceeded with in all respects as if such prior ordinance has not been repealed.

SECTION 31
PENALTY FOR VIOLATION

That any person violating any of the provisions of this ordinance, shall upon conviction, be fined in any sum not exceeding two hundred dollars (\$200.00); and each day that the provisions of this ordinance are violated shall constitute a separate and distinct offense. That in addition to the said penalty provided for, the right is hereby conferred and extended upon any property owner owning property in any district, where such property owners may be affected or invaded, by a violation of the terms of the ordinance, to cause the violator to appear in court having jurisdiction thereof and obtain such remedies as may be available at law and equity in the protection of the right of such property owners.

SECTION 32
VALIDITY

If any section, paragraph, provision, clause, phrase, or subdivision of this ordinance shall be adjudged invalid or held unconstitutional, the same shall not affect the validity of this ordinance as a whole or any part or provisions thereof other than the part so decided to be invalid or unconstitutional.

SECTION 33
EFFECTIVE DATE OF ORDINANCE

The ordinance shall be in full force and effect from and after the date of its passage and publication as required by law.

Passed and approved at a regular meeting of the City Commission of the City of Big Spring, Texas, on this 9th day of May, 1961, with all members present and voting "aye" for the passage of same.

APPROVED AS TO FORM BY JOHN A. BURGESS, CITY ATTORNEY.

CITY OF BIG SPRING, TEXAS
BY LEE O. ROGERS, Mayor
City of Big Spring, Texas

ATTEST:
C. R. McClenny
City Secretary
(Seal)

family and not more than four (4) boarders or lodgers.

18. Dwelling, Two-family: A detached building having separate accommodations for and occupied by not more than two families, or by two families, but more than four (4) boarders or lodgers. (Two boarders or lodgers to each unit.)

19. Dwelling, Multiple-Family: Any building or portion thereof, which is designed, built, rented, leased or let to be occupied as three (3) or more dwelling units or apartments or which is occupied as a home or residence of three (3) or more families.

20. Dwelling Unit: A building or portion of a building which is arranged, occupied or intended to be occupied as living quarters by a single family.

21. Family: A family is any number of individuals living together as a single housekeeping unit, in which not more than four individuals are unrelated by blood.
