

Warns Khrushchev

Vice President Lyndon B. Johnson, speaking at the dedication of Los Angeles' new \$70-million air terminal, said Soviet Premier Khrushchev will make a "tragic mistake" if he underestimates America's obligation to West Berlin. In a bluntly worded address, Johnson charged that Russia alone is responsible for a new international tension. After his address Johnson flew to Honolulu for the governors' conference. Brown Offers Helping Hand

HONOLULU (AP) — California's Democratic Gov. Edmund G. Brown gave a helping hand today to Republicans seeking to force Governors' Conference action on civil rights.

Brown said he intends to vote in the resolutions committee to place before the conference a proposal by 15 Republican governors for affirmative state action to end racial discrimination.

Republican Gov. Mark O. Hatfield of Oregon said in a separate interview that Brown's vote, combined with those of four Republicans, would furnish the margin to force the resolution out of the nine-member committee for debate.

The civil rights controversy was one of several expected to engage the governors in a windup business session of their 53rd annual conference.

Barring unexpected developments, a nominating committee headed by GOP Gov. John H. Reed of Maine was ready to recommend the election of Gov. Wesley Powell of New Hampshire as

new chairman of the conference. Powell would succeed Democratic Gov. Stephen L. McNichols of Colorado under a conference tradition of rotating the chairmanship yearly between members of the two major parties.

Some Republicans complained Powell was being forced upon them by Democrats who didn't want the conference honor to go to Gov. Nelson A. Rockefeller of New York. President Kennedy's possible opponent in the 1964 presidential contest.

Powell was rebuked by former Vice President Richard M. Nixon during the 1960 presidential campaign for suggesting that Kennedy was soft on communism. The New Hampshire governor has made it clear that he has no intention of supporting Nixon for the 1964 nomination if the latter seeks it.

Hatfield said a scheduled meeting of the GOP state executives to discuss the matter had been called off "because the Democrats can outvote us and we see no sense in dividing among ourselves on the question of the chairmanship."

Daniel Calls GOP Action 'Political'

HONOLULU (AP)—Gov. Price Daniel of Texas, who heads the resolutions committee, predicted today the governors' conference will approve unanimously a statement expressing united support for President Kennedy in his negotiations on world crises.

He said Govs. Nelson Rockefeller of New York, Stephen McNichols of Colorado and David Lawrence of Pennsylvania were drafting it.

Daniel characterized a pending GOP civil rights resolution as political, a position also taken by Gov. John Patterson of Alabama.

Daniel told a news conference Tuesday it was unusual to have a resolution proposed by governors of only one party.

"Usually politics does not enter into this conference so obviously," Daniel said. "This issue is raised by those who want to make political capital out of it one way or the other."

The GOP resolution would pledge the governors to act affirmatively and positively to "in-

duce action by the American people toward the end that all discrimination based on race, creed or color will be terminated in housing, in education, in transportation, in employment, in public places of assembly and in personal services."

Approval of two-thirds of those voting is necessary for adoption of any conference resolution.

Daniel said he doesn't think the conference will adopt any resolution that could be regarded as slapping at Kennedy at a time when Vice President Lyndon Johnson said the world situation is critical.

Johnson told the governors at their annual state dinner Tuesday night that "We are not ready to run away from Berlin under Russian threats."

Johnson said there must be firmness but not belligerence in dealing with Soviet Premier Nikita Khrushchev. This country is not going to close any avenue to peace, he said, and to guarantee survival with freedom "it is incumbent upon us to work together in understanding and unity."

Johnson bid for support of President Kennedy in international negotiations with the observation that "It is no contribution to our national security to indulge in selfish and divisive passion for criticism merely for the sake of criticism."

Texan Can Save Eyes

NEW YORK (AP)—A Texas doctor has reported a new treatment to save some eyes from blindness.

He finds some stubborn ulcers of the cornea or window of the eye are caused by fungus rather than germ infections.

The eye infections due to germs are easily cured, said Dr. Wendell Gingrich of the University of Texas Medical Branch at Galveston. He spoke to the American Medical Association.

About one in 50 eye ulcers is caused by a fungus, carried into the eye by a speck of floating dirt or other object.

Fungus infection could be suspected if the ulcer doesn't heal through usual treatments.

Then special techniques can be used to identify the fungus. Gingrich said it can be cured by using a mercury compound and a sulfa drug, and that this treatment has saved the eyes of ten fungus victims in recent years.

The drugs can be pushed through the eyeball to get at the fungi by use of a weak electric current, he added.

One man, 75, already blind in one eye, was found to have a fungus infection which already had broken through the cornea, he said.

An eye bank donation of a cornea gave him a new seeing window, while the drug treatment killed the fungus, and he still has one good eye.

Few Storms Rattle About

By The Associated Press

Widely scattered thunderstorms rattled around Northwest Texas during the night, but generally the northern half of Texas was under fair skies Wednesday in cooler than usual summer temperatures.

Clouds thickened in the southern half of the state.

Winds out of the south were carrying moisture from the Gulf to the rest of Texas.

Little change in temperature patterns is expected before Thursday at the earliest. Forecasts called for widely scattered daytime thundershowers in South Texas and along the coast, and for late afternoon and evening thundershowers at hit-and-miss spots in Northwest, extreme Southwest and Southeast Texas.

Ground fog spotted the piney woods around Lufkin but gave way to the morning sun.

Texas temperatures ranged up to 103 degrees Tuesday at Presidio, while the Big Bend adobe town that is one of the nation's hot-boxes.

SIX PERSONS

By T. H. Tarbet, preacher, Church of Christ, West Highway 80, P. O. Box 1383.

Six persons were involved in the salvation of the Ethiopian of Acts 8. This we learned last evening at the open-air revival, West 6th and San Antonio streets.

The three persons in the Godhead, were certainly involved. The virtue and merit lies with them (Jno 3:16; Matt 28:19).

Rather than operating upon the sinner's heart directly, the Holy Spirit uses the means of the gospel, which is God's power to save (Rom. 1:16). "So then, faith cometh by hearing, and hearing by the word of God" (Rom. 10:16). It is not a direct gift.

And to get this gospel to the lost man, the Lord uses other men. In the case of the Ethiopian, the Lord used the evangelist Phillip to take the gospel to him.

Phillip is the fourth person involved.

The angel appeared to Phillip and directed him to this lost person; thus the angel is the fifth one involved. Note that even though this happened in the days of miracles, the angel did not appear to the lost man. He would have known nothing about the angel.

The sixth person involved is the lost man himself. Before he was to the place where he could rejoice in salvation, he had to (1) hear the gospel, (2) believe, (3) confess Christ, and (4) be immersed. See Acts 8:26-38. Compare Acts 10:35; Heb. 5:9.

OPEN-AIR REVIVAL

"HOW AND WHEN SAUL OF TARSUS WAS SAVED" (Acts 9, 22 and 26), will be the sermon tonight in the open air at West 6th and San Antonio. These nightly meetings, conducted by the church of Christ of West Highway 80, with T. H. Tarbet as preacher, will continue through Sunday. Everybody is welcome. Come tonight at 8.

STARTS FRIDAY

Newport To Have Harmony For Festival

NEWPORT, R.I. (AP)—Newport is determined to have harmony on the bandstand and in the city as well when thousands of young enthusiasts mass for the four-day jazz festival beginning Friday.

Elaborate plans have been made to keep order this year. The 1960 festival was abbreviated in a riot of flying bottles, clubs and tear gas grenades.

It took the combined forces of police, National Guards, Navy shore patrols and Marines to break up the riot.

Big names in jazz are luring heavy advance reservations for the 14,000 seats in the jazz center in Freebody Park. They include Louis Armstrong, Count Basie, Duke Ellington, Gerry Mulligan, Oscar Peterson, Carmen McRae, Mel Torme, Lambert-Henricks and-Ross, Sarah Vaughan and blind pianist George Shearing. Not to mention Judy Garland's one-woman show Monday afternoon. Despite the producer or organization's name "Music in Newport Inc.," the accent is 90 per cent on jazz.

The city's police force '77 men,

one woman) is being augmented by 135 police from other parts of Rhode Island, plus 35 Newport auxiliaries who will patrol residential areas. A Newport citizens band of radio operators—20 men—will maintain police communications. State police will be on standby.

Some 50 Pinkerton agents, plus a police squad of 18 plain clothes men will infiltrate the crowds. Two extra patrol wagons and 23 police cars have been lined up.

In the event of serious emergency, Rhode Island Gov. John Notte is ready to send in the National Guard. The city is assured of the aid of Navy shore patrols.

Police Chief Joseph A. Radice says there will be no drinking in the streets or in public parks or on beaches, and no loitering or littering.

Newport wants the festival largely because businessmen say in previous years it brought about \$15 million in new money into the city.

Scientists Send For Moon Dust

By The Associated Press
A rocket ride over the Atlantic, a U2 plane over the Arctic and a coming rocket ride for men around the globe are topics for science at work.

OFF WE GO, AGAIN
Within a month another U.S. astronaut may ride a rocket some 300 miles over the Atlantic—but this time he will have a first-hand report of what to expect.

Reports from Alan B. Shepard's pioneering flight showed these moments of stress:

During the rocket's powered climb, the astronaut feels the gravity forces build slowly until his body weighs six times as much as it does at rest. Then comes weightlessness for 4½ minutes when he weighs nothing at all.

Then as the rocket plunges downward and is slowed suddenly by the earth's blanket of air, the astronaut again feels a sudden gravity build-up, and for seconds his body weighs up to 11 times its normal weight.

DUSTIEST DUST
A high-flying U2 airplane swept through the arctic sky last November on a strange mission: collecting dust.

It brought back what scientists believe may be the tiniest of meteorites ever collected—in a sense the dustiest of dust.

On collecting films, the plane found at some 60,000 feet large numbers of the puny dust particles which measured less than 200 hundred-millionths of an inch apiece.

Scientists say the microscopic particles are 1,000 times smaller than the expected size of meteorites. They might be a product of fragmented larger meteorites—or, as scientists believe, they may have originated as moon dust.

DOWN, BUT FAST
When the first U.S. astronaut orbits the earth—perhaps this year—he will use a group of small rockets to slow his speed so that his capsule can begin its downward trip.

If the space capsule's speed in orbit is some 17,500 miles an hour it will have to slow down only some 350 miles an hour to fall out of orbit and down toward the earth.

HEAD OF A PIN
How big is the head of a pin? Well, under one powerful microscope, the surface of a pinhead can be magnified so large the whole surface would cover some 256 miles. A simple magnifying glass will magnify it only some three times.

Microscopes and their history will be part of an exhibit at the 1962 Seattle World's Fair, the Century 21 Exposition. The most powerful microscope described in the exhibit will be the ion emission microscope which can identify

and enlarge for study a particle the size of only nine atoms.

TWO-EDGED SWORD
Some new chemicals used to combat insects and control plant growth are dangerous to wildlife and even domestic animals, scientists report.

Within a week after some of the chemicals are applied, three-fourths of the animal deaths occur, a report said. Oil base sprays which coat vegetation are more dangerous to wildlife feeding on the vegetation than are other means of chemical application such as the spreading of granules.

TO STOP A HURRICANE
Scientists are going to test some of the schemes to tame tropical storms before the storms have a chance to reach inland areas.

New York University scientists will make a theoretical and statistical study of the problem, based on experiments conducted by the National Hurricane Research Project of the U.S. Weather Bureau.

Among possible solutions: Cool or heat the sea surface, control sea evaporation, use nuclear explosions to heat the atmosphere, or cool the air.

Looking Right, Driving Wrong

BRADENTON, Fla. (AP)—Vaccinating Norbert F. Mott bumped into a fellow Cincinnati in a most unusual way.

Mott started to back his car out of a space at a miniature golf course. Instead, the car shot forward, tore up 90 feet of the golf course, and crashed into a car owned by John E. Groh, also of Cincinnati.

Damage was estimated at \$500. Mott was charged with driving without due caution.

DEAR ABBY

Wants Change In Doctors

DEAR ABBY: Since my birth I have gone to the doctor who delivered me. He is a pediatrician, and a wonderful one. My complaint is that I am now 13 years old, and I think I should stop going to a pediatrician and go to a regular doctor. My mother won't hear of my going to another physician until I am 16. I hate to walk into his office and see mothers and little tiny babies there. Can you help me change my mother's mind?

BABIED GIRL
DEAR BABIED: Believe it or not, many girls (by their own choice) have continued going to their pediatricians until they've married. But if you prefer a "regular doctor," enlist the help of your pediatrician. He may be able to persuade your mother to "graduate you" and recommend a physician for adults.

DEAR ABBY: I met a man I fell for hard. He is perfect for me in every way except one, religion. I am not wishy-washy about my religion. I am a devout believer, and support my church. He says he will marry me if I change my religion to his. And he has given me one week to make up my mind. I am bewildered and heart-sick, because I love this man, but I can't forsake my church and join his. I know he loves me. What shall I do?

TORN
DEAR TORN: He may love

you, but he loves himself more. Tell him you will be more generous than he... you will give him all the time he wants to find a woman of his own faith. Forget him.

DEAR ABBY: I am very much confused. I read in a book somewhere that you can get pregnant from kissing. Is this true?

CONFUSED
DEAR CONFUSED: Don't believe everything you read—but please believe this. It is NOT true.

DEAR ABBY: Tell "Suspicious," whose husband leaves the house at 4:30 in the morning to get to a job at 7:30 not to be suspicious. I had the same problem. I made him go to a doctor and the doctor told me not to worry. He said my husband was a worrier and to leave him alone. He drives to work before daylight every morning to be sure he gets a parking space.

A Devotional for Today

Save us, O Lord our God, and gather us from among the nations, to give thanks unto thy holy name, and to triumph in thy praise. (Psalm 106:47.R.V.)
PRAYER: Our Father, the world about us presses in on us. Grant us strength to obey Thee at any cost, remembering we are of a mighty company of disciples of every land and tongue. We pray in the victorious name of our Lord. Amen.
(From The Upper Room)

Time For Realistic Look

The time has come to speak up for the indigent defendant who is assessed a fine in a misdemeanor case and who, if he cannot pay the fine, must serve it out at the rate of \$3 a day. Even indigent lawyers fined for contempt conceivably could find themselves confronted with this unhappy situation.

The \$3-a-day credit for time spent in jail for failure to pay a fine no longer conforms to the realities of 1961. During the great depression of the 1930s, \$3 a day may have been considered a fairly decent wage for most workers. Today, \$3 a day is considerably less than a living wage for a married man.

End Of A Political Saga

If contemporaries think that political campaigns get acrimonious at times, they should hearken back to a generation ago. This was the era in which Mrs. Miriam Ferguson was making history as the first and only woman governor of Texas.

Her husband, Jim Ferguson, had been elected governor in 1914 and was re-elected again in 1916. To multiplied thousands he was Farmer Jim, and he could do no wrong. But the legislature thought he had done wrong in handling state finances and impeached him. A man of lesser fortitude and effrontery would have retired in embarrassment, but not Jim Ferguson.

MIRACLE DRUG?
James Marlow
Taylor's Role Unclear

WASHINGTON (AP)— Still unclear is whether President Kennedy has picked Gen. Maxwell D. Taylor as just one more adviser among a bundle of advisers or whether he brought him in to short-circuit some of the others.

Kennedy is knee-deep in advisers of whom McGeorge Bundy, former Harvard dean, is the specialist on security affairs which include defense and intelligence and, perhaps, foreign policy.

Taylor, 60, former Army chief of staff who retired in 1959 in protest against President Eisenhower's defense policies, will be Kennedy's military adviser, working primarily in the military and intelligence fields.

THIS SEEMS to leave Bundy's position foggy. He was one of those who sat in with the President when the decision was made to let the disastrous Cuban invasion begin. But so did Gen. Lyman

Limittzer, chairman of the Joint Chiefs of Staff. Taylor, who has just completed for Kennedy a study of the Cuban failure, is against the Joint Chiefs of Staff system altogether.

Not long after his 1959 retirement Taylor wrote in Look magazine that the joint chiefs hadn't been able to produce "an agreed military strategy of their own," that the system was a failure and should be abolished.

Doctor Raps Our Boredom

By ALTON BLAKESLEE
Associated Press Science Writer

NEW YORK (AP)—A Harvard doctor checking the nation's mental and emotional health today declared: "The great sickness of our age is aimlessness, boredom, and lack of meaning and purpose" in living.

"We can be enthralled by the space age, but almost willfully try to avoid 'learning how to understand and control ourselves,'" said Dr. Dana L. Farnsworth, director of Harvard University health services and staff physician at Massachusetts General Hospital, Boston.

"Medicine has made enormous strides in alleviating pain and prolonging life," he said.

Now an expanded task for doctors is to give "meaning to the life," Farnsworth told the American Medical Association's 110th annual meeting.

He suggested some ways to do this, to overcome the boredom and the sick feelings.

Mental health, he said, is that "state of mind in which people can carry on their activities with satisfaction to themselves, with some responsibility to others, and without making nuisances of themselves to large numbers of other people."

"All persons, with or without mental health, are obliged to suffer in various ways," he continued.

"It is the nature of man to experience frustration, grief, pain, tension, conflict, jealousy, fear and anxiety.

"Happiness is a by-product of resolving—in part or wholly—exasperating and difficult situations."

People become emotionally sick when stresses of living become too much to tolerate, he said. Then they try to compensate somehow, or to avoid or to escape the feelings.

"Feelings of isolation, rejection, inferiority, bitterness, hostility and suspicion exaggerate the usual stresses of ordinary living, and make individuals more vulnerable, and more likely to become emotionally decompensated" or emotionally ill.

To endure their troubles, said Farnsworth, people need "feelings of basic confidence in one's self and others, a sense of competence, and a basic faith that the whole human situation is worthwhile."

Anti-Red Resolution May Be Tacked On

WASHINGTON (AP) — Sen. Everett M. Dirksen, R-Ill., raised a Republican threat today to try to attach an anti-Red China resolution to President Kennedy's foreign aid bill.

Dirksen, Senate Republican leader, said the State Department is against action now by the Senate Foreign Relations Committee on a resolution opposing diplomatic recognition for Red China and its admission to the United Nations.

Unless such a resolution can be passed separately, Dirksen told reporters, it will be offered as an amendment to the \$4.6-billion foreign aid bill when that measure reaches the Senate floor.

Dirksen said Red China and the critical Berlin issue will be discussed by Republican Senate and House leaders at a news conference this afternoon following a GOP leadership meeting.

"It's my judgment the country is ahead of the President and Congress on Berlin," Dirksen declared. "The country believes the time has come for an absolutely firm stand."

"The people believe the time has come to stop Khrushchev from kicking us around and permitting this erosion of the free world inch by inch."

While Dirksen indicated the Republicans would have to wait any discussion of Berlin by Kennedy before commenting further on that subject, he said "we have expressed some concern over inaction by the Foreign Relations Committee on the resolution to continue to deny recognition to Red China and oppose its admission to the United Nations."

"It appears the State Department has expressed hope the committee will take no action on this resolution at the present time," Dirksen added.

Other Republicans have voiced concern that the United States might consider a policy change under which it would accept Red China's admission to the United Nations if Nationalist China's seat can be held in that body.

Dirksen said that the Senate and House have expressed themselves many times in opposition to Red China's recognition and U.N. seating in previous foreign aid bills and that he or some other Republican will offer such an amendment again "unless we get action otherwise."

THIS SESSION

Little Hope Seen For Education Bill

WASHINGTON (AP) — House leaders have just about given up hope that President Kennedy's multibillion-dollar aid to education program can be put to a vote this session.

A deep split among Democrats on the Rules Committee over the issue of aid for parochial schools apparently has doomed both Kennedy's \$2.5-billion public school bill and a \$1.8-billion extension of the National Defense Education Act.

The House has a long history of opposition to school bills, having killed three in the last eight years. This time the addition of religious controversy to the normal opposition of conservatives has made the going even tougher.

The threatened demise of the bills in the Rules Committee is a blow not only to Kennedy but to Speaker Sam Rayburn, who won a five-vote victory early in the session over Rep. Howard W. Smith, D-Va., chairman of the Rules Committee, in a bitter fight for its control.

When Rayburn won the way

seemed open for Kennedy's program to get to the floor. But events have played into Smith's hands in the school fight and he now appears firmly in control.

Smith can nearly always count on the votes of the five Republicans on his committee and fellow Democrat William Colmer of Mississippi to defeat an administration bill calling for large expenditures.

Rayburn's victory added two more nominal administration supporters to the committee, making an eight-man majority. But two Catholics among the eight, Reps. James J. Delaney of New York and Thomas P. O'Neill Jr. of Massachusetts, joined Smith in holding up the school bill. Their aim was to assure that aid for parochial schools was added to the defense education measure.

Tuesday the House Education and Labor Committee did just that, authorizing long-term loans for parochial schools for non-religious purposes. The bill now goes to the Rules Committee and as of the moment that appears to be the end of the line for both it and the public school bill.

For Delaney has made it clear he will not vote to send the public school bill to the floor until the Rules Committee approves the defense education extension bill with its church school aid.

Three Democrats who are for the public school bill, Reps. Homer Thornberry of Texas, James Trimble of Arkansas and Carl Elliott of Alabama, reportedly are unable because of local pressures in their districts to vote out the parochial school measure.

With Smith and his conservative coalition voting against both bills, only one defection from the administration Democrats is enough to bury the bills this year.

ACC Class To Visit At State Hospital

Members of a psychology class from Abilene Christian College will attend an abbreviated orientation course and study session in patient therapy at the Big Spring State Hospital Friday, Dr. Frankie Williams, acting superintendent, said.

Shortly after the arrival of the class about 11 a.m., Dr. Williams will explain types of treatment patients receive at the hospital. Mrs. Lou H. Bonin, volunteer coordinator, will then discuss the work done by volunteers, both in and outside the hospital.

The students will lunch at a dining room on the hospital grounds, Dr. Williams said.

In the afternoon, Dr. Paul C. Young and Mrs. Bonin will take the group on a tour of the hospital. Dr. Young will interview three patients and discuss their progress with the students. After observation of group therapy, Dr. Young will hold a question and answer session.

Some members of the class were here during Mental Health Week, Dr. Young said.

Water Board Takes Recess

AUSTIN (AP)—The Board of Water Engineers has recessed until Monday its hearing on the Sabine River Authority's plan to build the Toledo Bend dam.

The action came Tuesday after two days of testimony.

The authority seeks a permit to build the dam and 100-mile reservoir 23 miles northeast of Newton.

If approved the reservoir would inundate about 181,000 acres of timberlands in Texas and Louisiana and would hold about 4,477,000 acre-feet of water. Total cost is estimated at \$54 million.

J. H. Hart of Austin, representing Joaquin Lumberman G. T. Paterson, won the recess for time to look over statistics presented by project proponents.

Jayes Cotton, a Dallas consulting engineer, explained to the board the long report made on the project.

Judge Caustic On Overruling

DALLAS (AP) — U. S. Dist. Tuesday "The people of Dallas will have integration now, not by consent, but by force."

The white-haired jurist made his remark in signing an order instructing Dallas schools to start integrating in September with the first grade under a "stair step plan."

"Bad medicine," the judge said. "The court's decree may take effect through the office of the U. S. Marshal or with soldiers' bayonets. It is force just the same."

Davidson's mild rulings on integration have been overruled by the U. S. 5th Circuit Court of Appeals. The new order is for Dallas to integrate one grade per year. He cautioned Negroes not to "crow over the reverses of an honorable adversary."

False Claims

MEXICO CITY (AP) — People using identity cards of dead relatives have defrauded the government of an estimated 1 1/2 million pesos (\$120,000) through social security claims, the government says. Several have been questioned but no arrests announced.

Sizzling White Sox Rap Detroit Twice

On Country Club Staff

Wendy Green (above) has arrived to assume his duties as assistant pro at the Big Spring Country Club. He'll help his brother, Jerry Green. Wendy comes here from El Paso.

LOOKING 'EM OVER
With TOMMY HART

Wendy Green, who arrived here this week to help his brother (Jerry) in the operation of the Big Spring Country Club golf course, turned pro when he was 19 years of age and performed in 15 tournaments on the circuit the latter part of 1957 and the early portion of '58. He's 25 now.

Wendy joined the tour at Phoenix and played at Tucson, San Antonio (The Texas Open), Houston, Baton Rouge, Pensacola, St. Petersburg, Wilmington (Del.), Dallas, Akron, Ohio (The Rubber City Open) and a few others along the way.

He made his best showing in the St. Petersburg Open, at which time he wound up in a tie for seventh place.

Wendy's best 18-hole score on the pro tour was a 67 notched at Tucson. In that one, he finished ten shots out of first place. Don Whitt and Dow Finsterwald tied for the lead and Finsterwald, who was going good at the time, won the playoff.

The best round he ever had on any course? That was probably a 61 he carded at Clovie, N. M. He won the State Amateur once with sizzling rounds of 72-66, beating Frank Wharton, among others, along the way.

In his time, Wendy has sunk four aces, two of them at Ranchland Hills in Midland, one at the Midland Country Club and the other at Clovie.

His sweep to the championship in the State Amateur came seven years ago. He has also won the Ranchland Hills Invitational, the San Angelo Invitational, the Men's Invitational at Hobbs, N. M., and the Junior Tournament at Hobbs, among other events.

The 5-foot-7, 143-pound youngster is still single. He quit a job as an assistant to Iverson Martin at the Ascariati Park course in El Paso to come here.

Wendy perhaps feels even more at home in Big Spring than does his brother, Jerry. He was born in Big Spring while Jerry first saw the light of day at Forsan.

He says his best game is in his long irons but professes to be weak around the greens. (A lot of linksters would like to be as accurate at chipping onto the green as he is.)

Like Jerry, he'll offer lessons when ever his duties permit.

The aptly-named Green boys, from all indications, are going to do a fine job at the local course. They believe in hard work and they meet the public well.

Lubbock Christian obviously is going to offer HCJC some competition in the sports next track season.

Coch Coach Hugh Rhodes of the Lubbock school recently signed Gary West of Sudan, who has covered the century in 9.9 and the furlong in 21.8.

Rhodes has only two track men back from last spring's splendid team. They are Bob Camp, who tosses the weights, and Larry Reed, a quartermiler.

The make-up of the District 19 American Legion baseball tournament, which will be held at Lamesa beginning July 10, has already been determined.

Competing teams will be Levelland, Lubbock Auto, Lubbock Red Chicks, Lamesa and Big Spring.

Carruthers Leads Sabres To Win

Jimmy Carruthers set the Daggers down with one hit in burling the Sabres to a convincing 9-0 International Little League victory here Tuesday evening.

Carruthers was deprived of a no-hitter when Richard McKinney got a single.

The Sabres were kept away from the plate until the third but broke through for five runs in that round. Carruthers, who had doubled in the third, collected another two-base hit in the fifth.

Mike Peterson, the Sabre shortstop, also hit a double in the sixth.

Tonight's game will pit the Talone against the Rockets.

Mary Lena Faulk Is Open Choice

SPRINGFIELD, N.J. (AP) — Mary Lena Faulk, the 35-year-old Georgia pro who in one month has parlayed pitching and putting into the best winning record in women's golf, was favored today to win the ninth U.S. Golf Association Women's Open Tournament.

The tournament—the big one to the women pros—opens Thursday on the south course of the Baltusrol Club.

Big Decisions

CHICAGO (AP) — In a short joint meeting Tuesday the two major baseball leagues decided on an overall program which would curtail excessive bonuses, streamline minor league clubs and build for the future.

three unearned runs, had homers by Bob Cerv and Billy Gardner. Ted Bowsfield (4-2) was the winner, with three innings of one-hit shutout relief by ex-Yankee Eli Grba.

Lenzie Green hit two homers and drove in five runs for the Senators, pairing with Willie Tasby and Dale Long for consecutive home runs in the first inning. Ed Hobaugh (5-3), marking his 27th birthday, was the winner. Dick Stigman (2-1) was the loser. It was the eighth defeat in nine games for the Indians.

Marv Throneberry drove in four runs and belted a pair of solo homers in the opener for the Orioles. Both were off losing reliever Ed Rakow (0-2) and the first broke a 3-3 tie in the fifth inning, giving the victory to Milt Pappas (4-3). Ron Hansen and Jim Gentile homered in the second game, with both of Gentile's shots good for two runs. Chuck Estrada (5-5) was the winner and Art Ditmar (2-4) the loser.

A two-run single by Zoilo Versalles brought the Twins from behind with two out in the eighth inning of the first game and best Mike Fornieles (5-4). Bob Allison's grand-slam home run bagged the nightcap in the sixth inning against Gene Conley (3-6). Danny McDevitt (2-2) won the opener in relief, and Pedro Ramos (5-9), pitching a shutout for eight innings, took the second game.

Tigers Get Three In 7th To Win

In Junior Teen-Age Baseball League competition here Tuesday night, the KP Tigers defeated the Optimists, 8-5.

The KP's got nine assorted blows off two Optimist pitchers.

Bobby Brewer and Freddie Mears divided time on the hill for the Bengals, rarfoning out six hits to the Optimists.

The KP's got nine assorted blows off two Optimist pitchers.

Pirates Roll To 4-1 Win

Harold Sanders kept the Jeta away from the plate until the final inning in huriling the Pirates to a 4-1 American Little League triumph here Tuesday night.

Karl Miller ruined Sanders' bid for a shutout when he reached base on an error and raced across on a double by Bill Davis.

Sanders doubled in the fourth to set up the Buc's first run. Gary Rogers followed with a single to count Sanders and then scored himself to give Sanders all the cushion he needed.

The Pirates got two more tallies in the fifth, however, when Don Ledbetter and Rod Roberts cracked the dish.

Doubleheaders will be played in the league on both Friday and Saturday.

Neel's Defeats Coca-Cola, 13-5

Neel's Transfer turned back Coca-Cola, 13-4, in the only YMCA Industrial Softball League game at the City Park Tuesday evening.

The Draymen built up a comfortable lead in the first three innings and coasted through the last few rounds. Jim King got the mound win.

Rickey Wisener of Coca-Cola and David Wilson of the Transfer team clubbed home runs.

Charles Graham collected three hits for Neel's.

Neel's turned around and played a practice game and defeated Phillips 66 by a score of 12-2.

Rickey Resting Following Attack

SUBBURY, Ont. (AP) — Branch Rickey, father of baseball's farm system and one of the sport's most eloquent spokesmen, was reported resting comfortably today after his second heart attack in three years.

The 79-year-old former general manager at St. Louis, Brooklyn and Pittsburgh suffered a serious heart attack Tuesday at his summer home on an island 95 miles southwest of Sudbury. He had been in Canada at his private fishing island for several weeks.

Rickey, who severed his last connection with baseball when the proposed Continental League disbanded last year, was stricken in 1958 and hospitalized for several weeks.

At the Sudbury hospital, Dr. J. W. Stirbridge said the patient is "under treatment and his immediate condition is satisfactory."

The hospital reported he was "resting comfortably."

Charley's Wins Over Midland

MIDLAND — Charley's Package Store of Big Spring escaped elimination in the Midland Invitational Softball Tournament by defeating Modern Floors of Midland, 5-4, in a game unreleased here Tuesday evening.

The Big Springers scored the winning run in the seventh inning when D. A. Miller, who had walked and gone to second on a passed ball, raced home on a double off the bat of Jim Ward. Charley's had lost its opening game to Maxwell's of Midland, 2-1, on Monday evening.

Charley's now plays Texas Electric of Midland, which also has a 1-1 record, at 9:15 p.m. on what is called the "new" field this evening.

Webb Avinger over Drlico by a 12-11 in a game called at the end of five innings, plays

E. C. Smith's Construction of Big Spring at 7:30 p.m. today on the field.

Texas Electric dropped into the loser's bracket by losing to Personality Homes, 6-0. Personality Homes plays Maxwell's at 9:15 o'clock tonight.

Cotton Mize and Lonnie Crosby pitched for Charley's against Modern Floors and Crosby, who pulled the last two innings, got the win. Together, they were tagged for seven hits while Charley's got the same number off Carol Hull of the Midland team.

Associated Press Sports Writer
The long-maligning Milwaukee Braves may be on the move, but they're chasing first-place Cincinnati on a treadmill in that National League pennant race. With right-hander Bob Buhl

winning his second in a row and pitching his first shutout of the season in a 3-0 victory at St. Louis Tuesday night, the Braves bounced back to 500 for the first time since Memorial Day. It was their seventh success in nine games and moved them within

one game of fourth-place Pittsburgh, but they're still 9½ lengths back of Cincinnati. Fact is, the Braves are the only club in the NL that hasn't lost ground to the Reds over the past 10 days—they also were 9½ games behind on June 18. In that span, Milwaukee has picked up two games on Los Angeles, 3½ on San Francisco and three on Pittsburgh, the 2-3-4 clubs behind Cincinnati.

The Reds retained a three-game lead with a comeback, 10-8 decision over the Chicago Cubs for their 11th victory in 13 games. Los Angeles beat Pittsburgh 9-5, and San Francisco hammered Philadelphia 12-5.

Buhl (5-5) shut out the Cardinals on six hits. He walked one and struck out five while out-dueling southpaw Curt Simmons (2-7), who allowed seven hits. A single by Frank Thomas and a double by Frank Bolling gave Milwaukee a second-inning run, and Ed Mathews iced it with his 18th homer, a two-run shot, in the sixth.

Five of the Cards' hits were singles. The other was a double by Stan Musial—on his 10,000th at bat, a figure topped only by Ty Cobb, Tris Speaker, Honus Wagner and Rabbit Maranville in major league history.

The Reds, after blowing a 3-1 lead, beat the Cubs with five runs in the seventh inning after two were out. Four consecutive pinch hitters reached base in the rally, which was capped by a three-run, pinch triple by Jerry Lynch. Jay Hook won his first, in relief. Bob Anderson (4-6) was the loser in relief. Billy Williams, Sammy Taylor and Don Zimmer homered for the Cubs, with Taylor belting two for three RBIs.

Five hits, one a two-run double by Norm Larker, gave the Dodgers a four-run third inning and a decisive, 6-1 lead against Pittsburgh starter Bob Friend (8-8). Dick Farrell (6-5) was the winner in relief. The two clubs swung for 30 hits, 16 by the Dodgers. It was the fourth defeat in five games for the Pirates, who benched shortstop Dick Groat and second baseman Bill Mazeroski, the heroes of last year's pennant and world championship.

Right-hander Juan Marichal (5-4) blanked Philadelphia on four hits for eight innings, then needed relief help from Stu Miller when the last-place Phils batted around for their five runs in the ninth. The Giants broke it open with three runs in the fourth. An interference call against Phillie catcher Clay Darymple enabled one run to score and Tom Haller followed with a two-run double. John Buzhardt (2-9) was the loser.

Match play in the tournament gets under way Saturday and will continue through Sunday. No play will take place on Monday but semifinals and final matches are scheduled for Tuesday.

Among the 63 players who have entered to date, Son Powell—who is president of the club—is low with a 37-33-70, one under regulation figures.

Powell was one over regulation figures on the two- and three and sized with a two-under 33 on the back side.

He birdied three and four and bogied one, two and seven on the first nine. On the back nine, he parred 10, birdied 11, parred 12, 13 and 14, birdied 15 and parred 16, 17 and 18 for his 33.

Eleven other players are in the 70's. They are: W. Wilson Bryant and James Lee Underwood, who recorded 71's; Daryle Hobertz and Jack Holt, 72's; R. H. Weaver and Frog Koger, 75's; Jack Wallace, Frank Powell, Red McCullah and Ell McComb, 76's; and Bill Edwards, 79.

W. E. Ramsey is the defending champion.

A Hole In One The First Time Out

Mrs. Fred Reeves, 71, pulls a number two iron out of the bag on a course near Midland, Mich., to show the club that gave her a hole in one the first time she ever played golf. She had seen it played on television but had never been on a course. The ace came on the 125-yard third hole of Midland's Currie course and helped Mrs. Reeves card a 49 for nine holes. Deadline for entry in the annual Fourth of July Golf Tournament at the Big Spring Country Club is Thursday. Pairings for the meet, entry which is limited to members only, will be drawn tomorrow night by Jerry and Wendy Green, the club pros.

Match play in the tournament gets under way Saturday and will continue through Sunday. No play will take place on Monday but semifinals and final matches are scheduled for Tuesday.

Golfers Face Big Challenge

FLINT, Mich. (AP)—Another—and perhaps sharper-toothed—monster is ready to test golf's pro vagabonds in the \$2,000 Flint Open.

The 72-hole tournament starts Wednesday at Warwick Hills Golf and Country Club, an elongated 7,280-yard layout in suburban Grand Blanc. It's the longest on the pro tour and could provide a tougher test than the original monster did in the U.S. Open at Oakland Hills two weeks ago.

Gene Littler, who won at Oakland Hills in Birmingham, Mich., with a 1-over-par 281, heads a somewhat watered-down field into the fourth annual Flint Open.

Golf's two leading money winners this year are skipping this rich event. South Africa's Gary Player and Arnold Palmer, winner of the Western Open last week, are entered in the British Open and leave for England over the weekend.

Mike Souchak earned the first place \$9,000 last year with a 282—6-under-par on the par-72 course. It was the lowest total ever in the Flint Open.

Musial Passes A New Milestone

ST. LOUIS (AP)—Stan Musial, the 40-year-old National League nonpareil, went to bat four times Tuesday night against the Milwaukee Braves and got one hit—a long double in the sixth on his 10,000th official at bat.

The game was halted momentarily while Stan was presented with the ball. He flied out on his last trip in the eighth.

The double—the 684th of Musial's career—was the only extra base hit off the Braves' Bob Buhl, who gave up only six safeties in all en route to a 3-0 shut.

Musial, who is hitting .310, is only the fifth player in baseball history with more than 10,000 at bats. The leaders are Ty Cobb (11,429), Honus Wagner (10,427), Tris Speaker (10,208) and Rabbit Maranville (10,078).

Musial said his next target is Wagner's 3,430 total hits. He needs 84 to pass Wagner.

"I could get pretty close to him this season if I keep hitting," Musial said.

Nancy Richey Is Hailed As Future Net Champion

By JOHN GALE
WIMBLEDON, England (AP)—Nancy Richey, 19, eliminated from the Wimbledon tennis championships in her debut, found herself in an almost unprecedented position today—a first-round loser hailed as a possible future champion.

The little atom from San Angelo, Tex., dazzled Tuesday's center court crowd with the spirit and brilliance of her performance. She also brought balm to American onlookers who wait for the day when Uncle Sam renews his erstwhile dominance around these hallowed courts.

Miss Richey lost 3-6, 6-3, 6-4 to another dynamic newcomer from Australia, statuesque Margaret Smith, who former Wimbledon champion Jaroslav Drozny, one of

the shrewd judges of the game, had plenty to say of the American girl.

Describing her as "an intriguing new personality" on the world tennis scene he wrote in the London Evening Standard: "I am sure that if she had been known on the European circuit before she suddenly appeared unheralded (in Britain) a fortnight ago, she would have been seeded this year."

Tony Mottram, former British Davis Cup player, also classed Miss Richey as a top prospect.

Many observers reckon Nancy would have gone all the way to the final—and possibly a Wimbledon crown—had she not run up against Miss Smith at such an early stage of the tournament.

Now a heavy load falls on

Chuck McKinley and Karen Hantze, the main surviving American prospects.

McKinley, from St. Ann, Mo., was among first-round victors Tuesday. He outgunned Italian Davis Cupper, Sergel Tacchini, 6-2, 6-2, 4-6, 6-4. Miss Hantze from Chula Vista, Calif., was never troubled in a 6-2, 6-2 decision over Mexico's Rosa Darmon.

All told 14 American men and 4 women advanced to the second round.

Other top U.S. men to make it were Dennis Ralston of Bakersfield, Calif., who downed Patricio Rodriguez of Chile, 3-6, 6-1, 6-0, 6-3; Jon Douglas of Santa Monica, Calif., who dropped John Hillebrand of Australia, 6-0, 6-4, 3-6, 6-1; Whitney Reed of Alameda, Calif., who whipped Daniel Conté

of France, 6-4, 6-3, 6-3, and Chris Crawford of Piedmont, Calif., who polished off Norman Kitowitz of Britain, 6-1, 6-2, 6-3.

FIGHT RESULTS

BOSTON—Jose Torres, 150½, New York, stopped the White, 150½, Philadelphia, 2.
TORONTO—George Chuvalo, 212½, Toronto, knocked out Willie Besmanoff, 209½, New York, 4.
TOKYO—Pone Kingpetch, 112, Thailand, outpointed Mitsumori Seki, 111½, Japan, 15. Kingpetch retained world flyweight title.

Kingpetch Named Fighter Of Month

NEW YORK (AP)—Pone Kingpetch, the world flyweight champion from Thailand, today was named "Fighter of the Month" for June by Ring Magazine after his successful defense in Tokyo against Mitsumori Seki of Japan.

There were no major changes in the top 10 rankings in the heavyweight class although Bob Cleroux of Montreal advanced a peg to No. 9 by stopping Roy Harris and Alex Miteff. Tom McNeely, unbeaten Arlington, Mass., boxer who is being considered as a September foe for heavyweight champion Floyd Patterson, was listed No. 10.

NEW YORK (AP)—Baseball bonus payments are worthwhile when players such as Harmon Killebrew, Sandy Koufax, Al Kaline and Dick Groat are on the receiving end.

These four coupled with Mike McCormick, Robin Roberts, Lindy McDaniel, Curt Simmons, Harvey Kuenn and Johnny Antonelli are excellent reasons why major league ball clubs are dishing out kind-sized bonuses to untested youngsters.

It's also dollars to doughnuts that many among the score of bonus babies signed this season will end up in the scrap heap—the same one into which have fallen such \$50,000-\$100,000 failures as Paul Giel, Billy Conso, Paul Pettit and Billy Joe Davidson.

But it's the success of the Killebrews and the Koufaxes that make it mandatory for the clubs to work full time and the clubs to keep their checkbooks handy.

Killebrew, who got \$50,000 to sign with Washington in 1954, found the range with the Senators in 1959, hitting 42 homers to tie for the American League lead. He halloped 31 last year and this season he's already had 22 homers to go with a sparkling .352 batting average for the Minnesota Twins.

It's taken six years for Koufax to start paying dividends on the \$25,000 bonus given him by the Dodgers in 1955. He has a 10-3 record and leads the National League in strikeouts with 117. The fireballing lefty had a total of only 36 victories before this season.

Both Kaline and Groat are hitting well below their lifetime marks this year, but it's certain their clubs are not ready to ask them for refunds. Groat got a reported \$75,000 bonus from Pitts-

burgh in 1952 and Kaline received \$35,000 from Detroit in 1953. Kaline, who has a lifetime average of .306, is hitting .286 in 1961. Groat, the National's batting leader last season, has a .272 mark this year.

McCormick got \$50,000 from the Giants and McDaniel the same amount from the Cardinals. McCormick won 15 games in 1960 and has 7 victories this season. McDaniel, one of the game's top relievers, posted a 12-4 record last year, and is 3-3 in 1961.

The Phils shelled out \$65,000 for Simmons in 1947 and \$25,000 for Roberts in 1948. Simmons won 115 games for his benefactors before they released him last year. He's now 2-6 with St. Louis. Roberts, only 1-8 this season, has picked up 224 triumphs for Philadelphia, including six 20-victory campaigns.

Kuenn, who was given a \$55,000 bonus by Detroit, batted over .300 in six of his seven seasons with the Tigers. He's now with San Francisco. Southpaw Antonelli was no ball of fire for the Braves for whom he received a bonus of \$52,000 in 1948. But he won 20 games twice for the Giants.

The Boston Red Sox, who paid a bonus estimated at \$90,000 to Frank Baumann, gave up on the lefty pitcher. But Baumann captured the AL earned run title while with the White Sox last season.

Dick Schofield, Jerry Kindall, Wayne Causey and Reno Bertoia are among other bonus babies active in the majors.

The jury is still out on the more heralded and wealthiest of the young players, outfielder Frank Howard of the Dodgers and pitcher Low Krause Jr. of Kansas City. Howard received a reported \$100,000 and Krause \$125,000.

Board Calls For Last Ditch Talks

NEW YORK (AP)—A presidential fact-finding board called today for last-ditch negotiations in an effort to end the maritime strike.

David L. Cole, chairman of the board set up by President Kennedy to study the 13-day walkout, said he already had learned "a great deal" in meeting parties in the dispute.

RESUMED
"I believe that negotiations, suspended over the past week, ought to be resumed in a last-ditch effort to see whether some substantial progress can be made," he told newsmen.

He declared he hoped to get the talks going again before the end of the day.

Cole made his comment during a recess in a public hearing called by the board to determine whether the strike is imperiling the national security.

If it decides that such is the case, an injunction can be issued under the Taft-Hartley Act.

Cole recessed the session after a meeting of only a half-hour—until Thursday.

Now Claims Rescue Work

JERUSALEM (AP)—Adolf Eichmann today denied a statement by Gestapo chief Reinhard Heydrich that he was in charge of Jewish arrests in Austria.

In his seventh day on the witness stand, the former Gestapo lieutenant colonel testified about his role as Jewish affairs chief in Austria after the 1938 Anschluss, before he was made chief of the Jewish section in the Gestapo's main headquarters in Berlin.

Eichmann claimed he was subordinate to the secret state police in Austria and as a Reich security officer dealt only with organizing the rescue of Jews by emigration.

Defense counsel Robert Servatius produced a document in which Heydrich ordered all Jewish males of Polish nationality in Austria arrested. Both the Gestapo and the SD (security) officers were ordered to "contact the man in charge of the Danube district—Eichmann."

Eichmann brushed aside the implication that this meant he was in fact the real boss on Jewish matters.

In one of his typical involved replies he commented:

"In a nutshell, in all the Jewish organization apparatus there was a considerable number of Jews of Polish nationality and it was hard to do without them. Therefore, the security police asked me for a second list of Jews. I wouldn't have been able to do without the Polish Jews in furthering the job of Jewish emigration."

Apparently, Eichmann meant that the Gestapo police had to come to him for a second list of Jews to be rounded up because of arrest of all Polish Jews would have left him short-handed for his emigration work.

Boys Club Draws 202 At Lamesa

LAMESA (SC)—A total of 202 boys signed for membership in the Lamesa Boys' Club of America during initial registration Monday.

Harold D. May, director, said that approximately 150 of the 202 new members participated in the club's first activity—swimming—on Tuesday.

Summer activities include 17 different sports or games. The temporary clubhouse is in the exhibit building at the Dawson County grounds. Boys from six to 18 can register at any time.

Expanded Service
MEXICO CITY (AP)—A total of 115 million pesos (\$9,200,000) will be spent this year in expanding telephone service.

Six Named To Draft New Bill

AUSTIN (AP)—Six Texans prominent in anti-loan shark activity have been named to draft a small loan regulatory bill for the attorney general's statewide enforcement committee on small loans.

Atty. Gen. Will Wilson and Abner McCall, chairman of the statewide committee formed last week, announced the appointments.

Named to the group were Truman Roberts, Hamilton, president of the County and District Attorneys Association; Reps. Tony Koriath of Sherman and Criss Cole of Houston; Tom Reavley, Austin attorney and former Texas secretary of state; Harvey Davis, Southern Methodist University law professor; and Elmer McVey, chief of the attorney general's finance law division.

The attorney general said the bill the committee will draft will be submitted to a second conference for those who were invited to the statewide strategy conference here last week, at which the enforcement committee was organized.

It Was No Fire, Just Itching Neck
DEERFIELD, Mass. (AP)—Everybody came running to a pasture belonging to Gordon Ainsworth of Deerfield Tuesday when a fire alarm sounded.

There was no fire—just a cow scratching its neck on a pole topped with the alarm button.

Sydow Hopes To Escape Fate Of H. B. Warner

By BOB THOMAS
STOCKHOLM (AP)—"I hope this role doesn't mean the end of my acting career. Perhaps I should insist on another film afterward—as a gunfighter."

Warner was Cecil B. De Mille's choice to play Jesus in the silent "King of Kings." It is firmly a part of Hollywood lore that Warner's career was ruined by the role, because producers and audiences couldn't see him in anything but saintly parts.

This was the smiling comment of Max Von Sydow about his assignment to play Jesus in George Stevens' "The Greatest Story Ever Told." The legend of H. B. Warner had reached him here in Sweden, but he really didn't seem alarmed.

The sad-eyed, exquisitely calm Sydow had a career as a character actor. It is doubtful that Von Sydow would suffer a similar fate. In six Ingmar Bergman movies he has displayed amazing versatility.

Floridans Plan Reindeer Buy

LAKELAND, Fla. (AP)—Shipping a team of reindeer from Alaska to Florida is much the same as taking a bathing suit to the North Pole.

However, that's exactly what a committee of Lakeland businessmen plan to do.

The committee, headed by John Warren, voted to spend \$16,000 for the team of nine reindeer, a Santa Claus suit, a sleigh mounted on rubber wheels, costumes for elves, and other items for Christmas decorations next December.

Ironically, all of this planning took place during a 90-degree heat wave in Lakeland.
