Use For Fire Hose

Two-year-old Art Capell ignored the shiny red fire engine and excitement of a wholesale grocery warehouse fire in Selma, Ala., when he found a way to heat the 90-degree heat in spray from this fire hose coupling.

## Coahoma Bank Opening A Success

COAHOMA—The Coahoma State Bank closed its first day of business Saturday at 6 p.m. with over \$400,000 in accounts opened. Bill Read, president, announced Monday morning. More than 3,000 persons visited the new bank during the day.

## Mexicans Scoff At Cuban Charge

MEXICO CITY (AP)—Mexican authorities scoffed at charges of Cuban Foreign Minister Raul Roa that U.S. Ambassador Thomas Mann caused a bomb to be tossed at the Cuban Embassy during Roa's recent visit to Mexico.

The U.S. Embassy said the charge wasn't worth commenting on. The Cuban radio quoted Roa as saying a gelatin-gasoline bomb was thrown from a speeding car and struck the doorway of the Cuban Embassy while he was there last week. He said it was an attempt on his life, and blamed Ambassador Mann for the incident.

Read said. "The bank was full of visitors all day, and the confidence shown us was indicated by the number of accounts opened."

The new bank provided the first "at home" banking service for residents of the Coahoma area in nearly 30 years. Two savings bonds were given to persons registering during the day. R. W. Miller, Coahoma, received a \$25 bond, and Leon Cain, 1311 Theodor, Big Spring, received a \$50 bond.

## Lake Search

WACO (AP)—A search was on today for Alfred Pierson, 36, of Walnut Springs, missing since Friday. His car and clothing were found a mile north of Lake Whitney dam. His skin diving equipment was missing.

# State Board Okays Hike In Auto Insurance Rates

## Annual Cost Is \$30 Million More

AUSTIN (AP)—The State Insurance Board today approved a rate hike in automobile insurance that will cost drivers about \$30 million annually. The increase, first since 1958, averages 15 per cent and was made necessary by a \$28,186,389 drop in auto insurance premiums last year, the board said. The revision increases comprehensive rates 8.7 per cent, collision 10.6 per cent and public liability, including bodily injury and property damage, 23.6 per cent.

## City Almost Got Some Rain Sunday

It almost rained in Big Spring Sunday afternoon. The U. S. Experiment Station grudgingly reported the precipitation as a "trace."

Elsewhere in the county there were reports of widely scattered and highly localized showers. Heaviest officially noted was 20 inch gauged on the L. J. Davidson farm northeast of the city. "It appeared that this 20 inch fell on my house and front yard," remarked Davidson. "The fields failed to get any of it at all."

Black clouds rolling in from the north and northeast in the afternoon offered what appeared for a time to be a good promise of rain. The clouds held on most of the afternoon and there was a partial cloudiness prevalent during the night. However, no important moisture resulted.

The forecast calls for the same sort of weather today and Tuesday that prevailed on Sunday. There is a possibility of scattered thundershowers both days. The high temperature Sunday was 93. The same high reading is forecast for Monday and for Tuesday.

A shower began falling in the vicinity of the Marcy School shortly after noon Monday. Heavy clouds with considerable lightning had built up in the west at that time.

## 49th Division Begins Session

NORTH FT. HOOD (AP)—The 49th Armored Division had its first day of field work of its summer camp today.

The division arrived Sunday for the two weeks of sharpening military skills to find a driving rain had drenched their living quarters and sent water bank full in ditches.

Maj. Gen. Harley West of Dallas took command.

## Webb Plans 4th Activities

The only organized Independence Day celebrations in Big Spring Tuesday are slated at Webb Air Force Base, while the rest of the town will relax in relative inactivity.

Officers' Club members may enjoy a \$1 a plate chicken barbecue, which will be served on the patio between 12 noon and 6 p.m. Beginning at 9 p.m. and lasting until midnight, Sandy Sandifer's Orchestra will provide music for a July 4th dance.

On schedule at the NCO Club is a floor show and dance, featuring Ray Wray's dance band. AFOTC cadets, here for a month's summer training camp, will hold a field day on the base

athletic field beginning at 8:15 a.m. and lasting all day. The various flights will compete in flickball, softball and volleyball with elimination games in the morning and championship games during the afternoon. Only individual competition will be in tennis; no track events are scheduled.

A lunch of hot dogs, soda pop and ice cream will be served to the 188 cadets participating in the events. Members of the winning flights will receive medallions, while the tennis champion and runner up will receive cups.

The base will also hold a fireworks display at 8:30 p.m. in the area between the Officers' Club and the NCO Club. T. Sgt. George H. Schweikard and S. Sgt. Warren Hannadass, Explosive Ordnance Disposal Section, will be in charge of shooting both the commercial mortars and the traditional ground displays. Officials estimate that the show will last about an hour, with fireworks going off approximately every seven seconds.

The rest of the town will be rather quiet while townspeople observe the Fourth in individual groups. Public offices—federal, state, county and city—will be closed for the day, as will most stores and offices. The YMCA also plans to close its doors, along with all the banks. Hospitals will remain open, and emergency crews from the Public Works Department will be on duty.

Firemen, always suspicious of July 4, will also be on the alert, for although the city forbids the sale and use of fireworks inside the corporate limits, there is no way to keep them from being sold outside the city and little hope they won't be brought into town. There is always the chance that the holiday will precipitate fires.

Lakes and fishing places are expecting big crowds. Safety officials urge that every precaution be observed in boating, fishing and swimming. No mail delivery will be made to residences or downtown offices, the post office announced. The windows will be closed down and only a skeleton crew will be on hand back of the barrier to receive and dispatch mail.

Most food stores and some cafes and restaurants will be closed.

## British Bare Iraqi Threat

LONDON (AP)—Prime Minister Harold Macmillan said today Iraq was poised to invade Kuwait when Britain intervened last weekend.

"The Iraq forces at Basra, only about 30 miles from Kuwait's border, were clearly quite sufficient to occupy Kuwait by a rapid movement against the modest Kuwait army," Macmillan told the House of Commons.

"There are no signs of the threat diminishing, rather the contrary, as the attitude of the Iraqi representative on the Security Council seems to show," Macmillan declared. The prime minister referred to Iraq's charge before Sunday's emergency U.N. Security Council session that British troop movements to Kuwait were a threat to Iraqi independence, a charge echoed today by Baghdad radio. He said that last Thursday and Friday "evidence accumulated from a number of sources that reinforcements, especially reinforcements of armor, were moving toward Basra."

"In these circumstances the (Kuwait) ruler felt it his duty to make a formal urgent request for British assistance under the treaty," Macmillan said.

## Strike Case Goes To Court

NEW YORK (AP)—The federal government today went into court seeking a Taft-Hartley law injunction to end the 18-day maritime strike.

President Kennedy, opposed in principle to use of the Taft-Hartley law, nevertheless called upon its provisions in the face of a split between seamen's union groups that has hopelessly snarled maritime negotiations. On direct orders from Kennedy, who is vacationing at Hyannis Port, Mass., U.S. Atty. Robert M. Morgenthau filed a complaint under the Taft-Hartley law in federal district court.

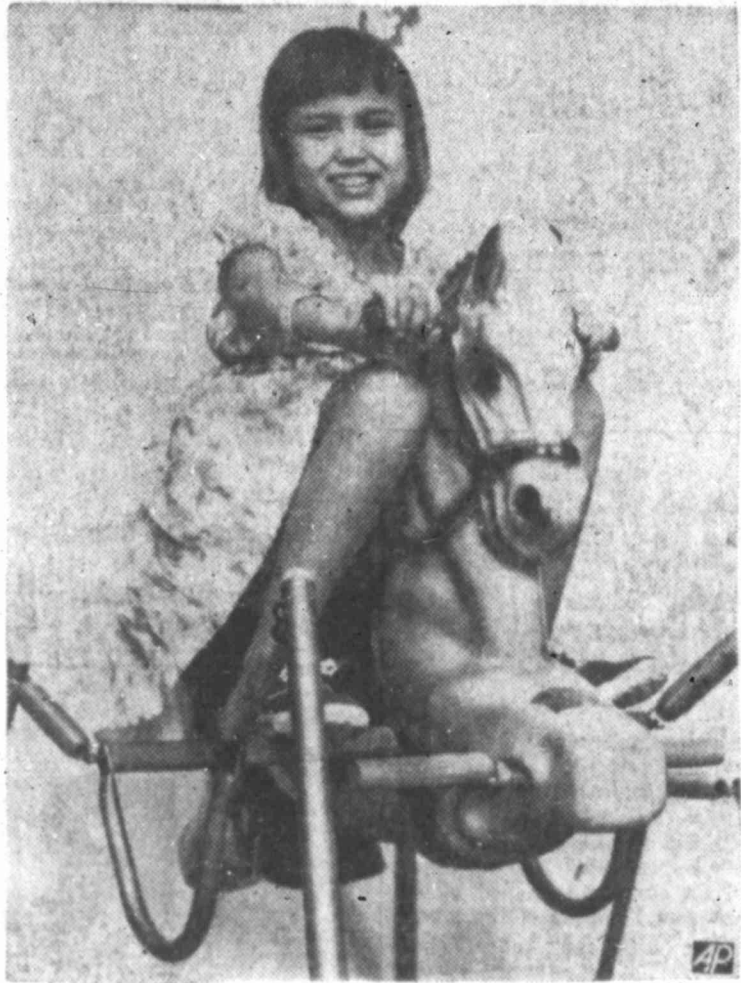

If granted, the injunction would halt the strike of some 80,000 seamen for a period of 90 days. A quick hearing on the complaint was scheduled. Earlier, Labor Secretary Arthur J. Goldberg recommended to President Kennedy at Hyannis Port that the Taft-Hartley law injunction be sought. The two conferred during the morning at the President's summer home there.

The President, in announcing the decision to seek an injunction, said it should not interfere with efforts at settlement of the dispute.

He said reports given him "clearly manifest that a continuation of this strike imperils the national health and safety."

His statement was issued by the Cape Cod White House, after the President conferred with Secretary of Labor Arthur J. Goldberg.

Atty. Gen. Robert F. Kennedy, the President's brother, joined

Cancer Victim

Kathy Sharp, 8, of Victoria, Ark., plays on a hobby horse in her room at Memphis, Tenn., Methodist Hospital where she has been a patient for five weeks. She has an incurable form of cancer. Her stepfather, Tillman Sharp, a tenant farmer, has been able to make only one visit since she has been in the hospital.

## Frank W. Covert Is Heart Victim

Frank Weldon Covert, 56, superintendent of the city lakes for 22 years, died suddenly of a heart attack early Sunday morning at his home at Moss Creek Lake.

Services were to be held at 5 p.m. Monday at the Nalley-Pickle Chapel with Dr. R. Gage Lloyd, pastor of the First Presbyterian Church, officiating, assisted by Dr. P. D. O'Brien, pastor of the First Baptist Church. Burial was to be in the family plot of the City Cemetery beside the grave of a daughter and his parents, Mr. and Mrs. H. W. Covert.

Mr. Covert had retired as usual about 10 p.m. Saturday, Mrs. Covert was awakened about 1 a.m.

and discovered him breathing his last. Born in Big Spring on Sept. 12, 1904, Mr. Covert had resided here all his life. He was an avid sportsman long before he became the lake superintendent when quarters were established at Moss Creek Lake in 1939. He was always interested in keeping lakes of the area stocked so others could enjoy fishing.

He was married on Dec. 23, 1939 to Alice Carter, member of a well-known Glasscock County ranching family, and she survives him. Other survivors are a daughter, Mrs. Lillian Fowler, Garden City; three sons, Weldon Covert, Coahoma, Hugh Covert, San Diego, Calif., and Ronald Frank Covert of the home. He also leaves five grandchildren. A brother, Henry Covert, died in 1959. Pallbearers were to be Milton Broughton, M. M. Mancill, Horace Reagan, R. L. Powell, Benny Asbury, and R. C. Thomas.

# Hundreds Die As Highway Count Mounts Steadily

By The Associated Press  
Traffic 325  
Boating 311  
Drowning 111  
Miscellaneous 69  
Total - 537

Traffic accounted for some 80 per cent of accident deaths as hundreds of Americans were killed in a mounting Fourth of July holiday toll.

With millions of cars on the highways, safety experts said traffic casualties were running ahead of estimates today in the third day of the four-day weekend. Water accidents—drownings and boating mishaps—took a heavy toll.

The traffic death toll since the start of the count at 6 p.m. Friday was approximately 25 per cent higher than estimates made by the National Safety Council. The council had estimated that 450 persons might be killed in highway accidents during the 102-hour period which ends at midnight Tuesday.

FINAL TOLL  
If the death rate during the first half of the period continues, a council official said, the final toll

could pass 550, topping the record toll of 491 during the four-day Fourth of July holiday in 1950.

"This holiday weekend is a period of extra danger," said George C. Stewart, council executive vice president. "Extra care must be exerted to meet it safely. We ask all drivers to take it easy, to obey the laws and to use common sense and good judgment in their driving."

With fairly pleasant weather in most of the country Sunday, millions of motorists jammed highways en route to outings and vacation spots. In one of the worst crashes, four members of a Knox City, Mo., family were killed when a station wagon in which they and six other persons were riding crashed into a bridge railing near Macon, Mo.

LAST YEAR  
In last year's three-day observance of the Fourth of July, 442 persons were killed in traffic accidents. Other violent deaths included 34 in boating accidents, 126 drownings that did not involve boats, and 110 in miscellaneous type accidents, an over-all toll of 712.

In this year's four-day Memorial Day period, the traffic death toll hit 463, a record for that holiday.

through the July 4 holiday, ending at midnight Tuesday.

In an effort to keep the deaths on highways low, an added 150 state police were assigned July 4. Circumstances of the latest deaths included:

Cars traveling on the wrong side of a divided highway killed three persons in two accidents near Fort Worth. In both cases, police were pursuing the wrong-way drivers to warn them.

Karen Westfall, 17, died Sunday of injuries suffered near Azale on State 199. Four other persons were injured. Dr. C. B. Westfall, 35, the girl's father, and Terry Westfall, 7, a sister, were injured seriously. John Gates, 35, of Jacksboro was injured critically about the head and Tony Gregg, 41, of Jacksboro was less seriously hurt.

Two cars collided head-on and burned in the east-bound lane of the Dallas-Fort Worth turnpike Saturday night and killed both drivers. Killed were Thomas Harris of Fort Worth and Wilbert Brown of Tyler.

Mrs. Lindell Bell, 52, died Sunday night in a two-car collision in San Antonio.

Raymond Enriquez, 34, died Sunday after a car hit him near San Antonio.

An unidentified youth, about 18, was killed when he crashed at a curve while police chased him at speeds up to 120 miles an hour at Austin Sunday. Paul Rachel, 17, a University of Texas freshman from Midland, had reported the car stolen from him at gunpoint.

Two Amarillo men died Saturday night when their plane crashed near Hart, southwest of Amarillo. The fuselage of the plane landed near the farm home of Henry Prigg and its nose gear knocked a hole in the wall of a bedroom. The victims were Augustus Hawkins, 28, a com-

mercial pilot and flying service salesman, and Bobby Slabaugh, 27, of Amarillo.

FOUND DEAD  
Mrs. Gloria Havstad, 50, of Dallas was found dead Sunday. Her husband found the body with a note beside two bottles of pills.

Frank Quiram of Riesel was killed in a car crash near Waco Sunday. Two were injured.

Werner Stahl, 17, was killed early Sunday in a single car accident 17 miles north of San Antonio.

Jackie Giacalone 6, son of Mrs. Dorothy Giacalone, drowned Saturday in the Brazos River near his home at Freeport.

Francisco de la Rosa, 48, plunged to his death Sunday from the Rio Grande bridge at Laredo. He had been ill and despondent.

Henry Hatchett Jr., 28, a Houston Negro, was killed there early Sunday by a hit-and-run driver.

Patricia Elizey, 22, of Houston was killed Saturday night in a one-car accident 7 miles north of Columbus. Four persons were injured.

MISSED BRIDGE  
Two men were killed when their car missed a bridge 17 miles southwest of Breckenridge and crashed into a creekbed. They were H. B. Thompson of Stephens County and Jay Tubbs of Ibox in Shackelford County.

## New Neutral Panel Urged

GENEVA (AP)—A delegate of the pro-Western royal Laotian government proposed today that a new watchdog commission of neutral nations be set up to safeguard the independence and neutrality of Laos.

Phou Sananikone made the proposal at the 27th session of the 14-power Geneva conference. He did not specify how many nations he had in mind, but said they should be neutral and should be named by the Geneva conference.

At present an International Control Commission composed of India, Canada and Communist Poland is charged with supervising the shaky cease-fire in Laos. India, a neutral, is chairman.

BAN NAMONE, Laos (AP)—The neutralist and pro-Communist delegations at Ban Namone today announced they were prepared to give the International Control Commission transport and other facilities for inspections of cease-fire violations. They specified helicopters, light planes and trucks.

## 2 In Ranger's Family Killed

WESTFIELD, Tex. (AP)—The wife and youngest daughter of Texas Ranger Harvey Phillips were killed and Phillips and a son critically injured today as their car collided with a freight train.

Phillips' wife, Ernestine, and the daughter, Cheryl, 19, were killed instantly.

Phillips, 54, was reported near death in Little York hospital. His son, Allen, 12, suffered head injuries and a broken arm.

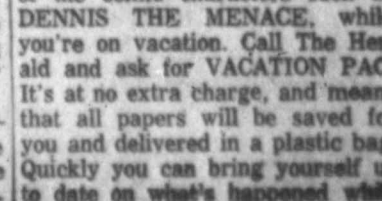

Deputies reported that the Phillips car collided with a train on the Missouri Pacific tracks in the heart of Westfield.

Westfield is near Houston. Phillips, a law officer for more than 20 years, was attached to Company A of the Rangers in Houston.

He was on his way to Houston for a meeting at Ranger headquarters.

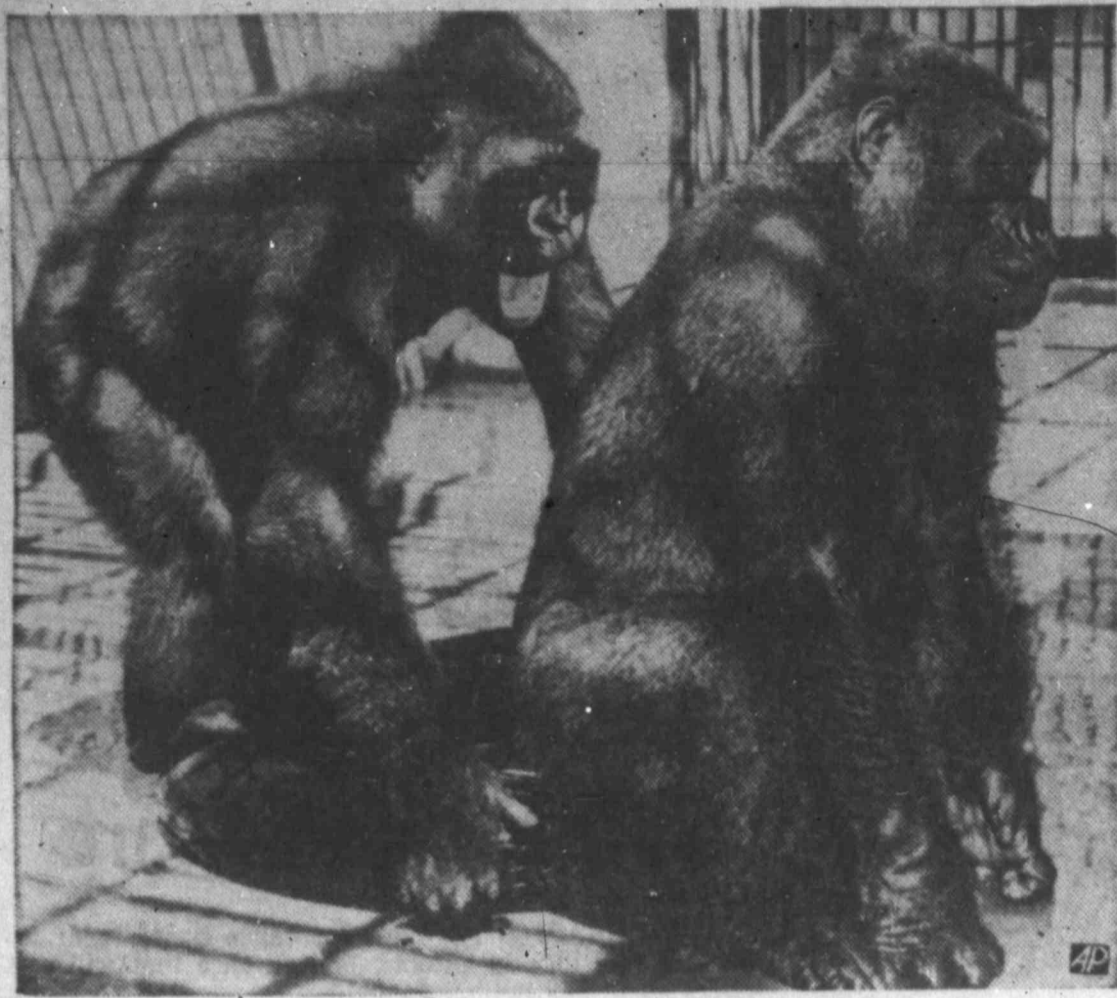

Phillips was twice sheriff of Tyler County during his career as a peace officer.

He recently led the investigation that solved the murder of two elderly sisters at Nacogdoches.

OLD FRIENDS

Don't lose track of old friends or of the comic characters such as DENNIS THE MENACE, while you're on vacation. Call The Herald and ask for VACATION PAC. It's at no extra charge, and means that all papers will be saved for you and delivered in a plastic bag. Quickly you can bring yourself up to date on what's happened while you were away.

Get Up, You Ape!

This is what Jenny, a gorilla at the Dallas Zoo, male took possession of an automobile tire given to the pair to play with.

### He Drove In A Fog

TEMPLE (AP)—A soldier almost stole his way into the Great Beyond Sunday. As officers reconstructed his alcohol-fogged activities, he passed the Hewitt Funeral Home and found the ambulance garage open and the keys in both ambulances.

He stole one ambulance and the keys to the other. The soldier merrily headed for Waco on Interstate 35. At the first overpass, he wrecked the ambulance.

He crawled out, rambled around, and found a 1952 Chevy at a farm home and stole it. He headed for Waco again and cracked up on the second overpass.

Not long afterwards, viewing the Chevy wreckage and fearing a critically injured person was inside, an officer called for an ambulance. Hewitt employees said "right away." Then they said they couldn't come because the keys were stolen.

But the Ft. Hood serviceman was far from going to the Great Beyond.

He had flagged down a motorist, returned to Temple, and finally was collared in a telephone booth from where he angrily was arguing with a telephone operator.

The soldier was taken to Belton and booked.

### Picketing Ends

HOUSTON (AP)—Picketing by the National Maritime Union had ended in Texas ports today.

## Mac Visits Philippines

MANILA (AP)—General of the Army Douglas MacArthur came back to the Philippines today after 15 years and got a tumultuous welcome from the young Asian nation that reveres him as its liberator and defender.

It was another triumphant return for the 81-year-old soldier who led the liberating American forces against the Japanese during the last war to avenge the bitter Filipino-American defeat he suffered at Corregidor and Batan.

MacArthur arrived at Manila International Airport on a special U.S. military jet provided by President Kennedy for a 10-day sentimental journey to the Philippines, which he has "known so long and loved so well."

### School Worker Charged In Theft

PASADENA, Tex. (AP)—A school secretary, charged with taking money from a high school activity fund, was free on \$4,000 bond today.

Mrs. Ruby Doty, 39, a widow, has been secretary to Pasadena High School Principal Tilman White for three years. She was suspended last week after an audit of her books.

Charges of felony embezzlement were filed Saturday.

White described the woman as "a good worker, a hard worker." The fund handled by Mrs. Doty totaled almost \$34,000. It was used to buy items ranging from water coolers to cheerleaders' pompons. Officials said the loss may be as much as \$7,000.

### Mexican Kidnap Ring Suspected

TIJUANA, Mexico (AP)—Police say a kidnaping ring may be taking children across the border to sell in the United States.

"We fear children are being spirited across the border and sold to families without youngsters," said Police Chief Armando Ruiz Molinar. "There are indications a similar ring is in operation in Mexico City."

### Y To Close

All activities at the YMCA will be canceled Tuesday as the Y closes for the July 4 holiday, Joe Leach, acting general secretary, said.

### Back At Work

RICHMOND, Tex. (AP)—More than 190 striking convicts were back at work today after a 30-hour sitdown strike for shorter working hours was broken by heat and hunger.

### GI Injured In Scuffle

TEMPLE (AP)—A soldier under arrest suffered a serious chest wound when he tried to subdue another soldier who had stolen a pistol and taken control of two military policemen and their vehicle Sunday.

Wounded is Sgt. Lewis Peterson, 40, of Tacoma, Wash. Another arrested man, Pvt. Melvin Louis, 20, of New Orleans, was grazed on the head by a bullet.

Central Texas officers combed the area around Ft. Hood for Pvt. Charley Allen, 19, of Port Arthur, accused of the shooting. But he walked into the sheriff's office at Caldwell about 10:30 a.m. Sunday and surrendered.

The military and police pieced together this story.

Military policemen Robert Scott, 22, of Taylor, Tex., and Pvt. Robert Koster, 20, of Elmot, N. Y., picked up three men collected at the Temple MP station, and started with them to Ft. Hood.

En route, about 4:35 a.m. Allen grabbed an MP pistol and took control. He ordered the car to turn around and drive along Texas 36.

Near Buckholts in Milam County, Peterson tried to take the gun away from Allen. He and Louis were wounded in the scuffle.

A motorist stopped to give aid but was ordered at gunpoint to drive on. Allen then fled on foot. The motorist later returned to the MP vehicle. He returned to Temple for help.

Allen was picked up originally on accusations of being off limits. The other two were held because of drinking, military authorities said.

### That Old Bromide Isn't Always True

LOS ANGELES (AP)—"Anything he can do, I can do better," detectives quoted a divorcee.

She then dived into a swimming pool from a third-story roof. The fall killed her.

Janice M. Pitchford, 28, ignored attempts of several companions to dissuade her from the dive, they told police. A neighbor, Francis Menley, had executed a perfect swan dive from the roof of the two-story building just before her fatal dive.

Officers said she probably hit the side of the pool.

### Missile-Eye Launch Delayed

POINT ARGUELLO, Calif. (AP)—Technical difficulties caused postponement Sunday of the first U.S. attempt to launch a missile-detection satellite into an orbit that would take it over the Soviet Union.

Midas III was within about a minute of launching southward from this naval missile facility toward a planned polar orbit. No date was announced for another try. Its infrared "eye" can detect the heat from a missile's exhaust hundreds of miles below.

### Kennedy's Sister Has Fourth Child

SANTA MONICA, Calif. (AP)—Mrs. Peter Lawford, 36, sister of President Kennedy, gave birth Sunday night to her fourth child, a 6-pound girl.

Her husband, actor Peter Lawford, 37, returned recently from Utah, where he is working in the film "Soldiers 3."

A family spokesman said the baby hasn't been named yet. The Lawfords have a boy, Christopher, 6, and two other girls, Sydney, 4, and Victoria, 2.

### Storm Blows Out

MANILA (AP)—Tropical storm Doris blew itself out in the South China Sea Sunday after killing 29 Filipinos and leaving 3,000 homeless.

## Tin Box Figures In Divorce Case

DALLAS (AP)—Insurance executive B. F. Biggers was free on \$5,000 bond today after officers arrested him Saturday and seized a tin box reported to hold securities worth millions.

Denton and Dallas County officers seized the man on a peace bond sworn out by Mrs. Biggers, who is suing for divorce. She charged that Biggers beat her and she was in a hospital two weeks. Officers found in Biggers' car

several suitcases and the tin box that held stocks, bonds, other securities and some cash.

Judge Joe Mead had named Pete White earlier as receiver in the divorce suit. The suitcases and tin box were sealed by the officers at the time of the arrest.

White and lawyers of both sides, Henry Strasburger for the executive and Bill Brice for Mrs. Biggers, opened the suitcases Sunday and returned to Biggers clothing and his purse.

Brice said he expected White would make an inventory of the tin box full of securities today and that he expected it would run into the "millions of dollars." Lawyers from both sides are expected to be present when the inventory is made.

The couple has been married 16 years. They have two children. Biggers is in his 60s and the wife in her 30s.

### Crash Is Fatal

MERCED, Calif. (AP)—Two San Benito, Tex., men died Sunday in a head-on traffic collision six miles east of Los Banos. The dead were Robert Flores, 14, and Jose Armando Saldiver, 18.

### Showers Soak Central Texas

By The Associated Press

Heavy thundershowers soaked the College Station area in South Central Texas before dawn Monday with 1.40 inches of rain. It fell in six hours and spread westward toward the Austin area.

Scattered showers fell also over North Central and Northeast Texas and near the coast. Where there was no rain, skies either were cloudy or partly cloudy. All the state was warm.

Forecasts called for scattered thundershowers Monday and on the July 4 holiday Tuesday in every section of Texas.

## Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dynal)—discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name: Preparation H®.

At all drug counters.

### HOW TO BE SAFE

By T. H. Tisdal, preacher Church of Christ, West Highway 50 P.O. Box 1383.

Even while you are looking for the Bible answers to the questions that perplex

you, there is a way for you to be safe in religion. For example, you may wonder if it is not a good thing for you to join a certain church, even though you cannot read that church in the Bible, and even though it was started by some man instead of the Lord. But surely you know enough about the Scriptures to know it is safe and right to be just a Christian; a member of the church to which the Lord adds those that are being saved (Acts 2:47).

You cannot go wrong by giving all your devotions and labors to the simple church of Christ. If the judgment should reveal that one church is as good as another, you will have lost nothing by remaining in the Lord's church.

On the other hand, if the judgment reveals that God is displeased with human institutions, you will have gained everything by being loyal to the divine church.

You have everything to gain, and nothing to lose by being a member of the church which belongs to Christ.

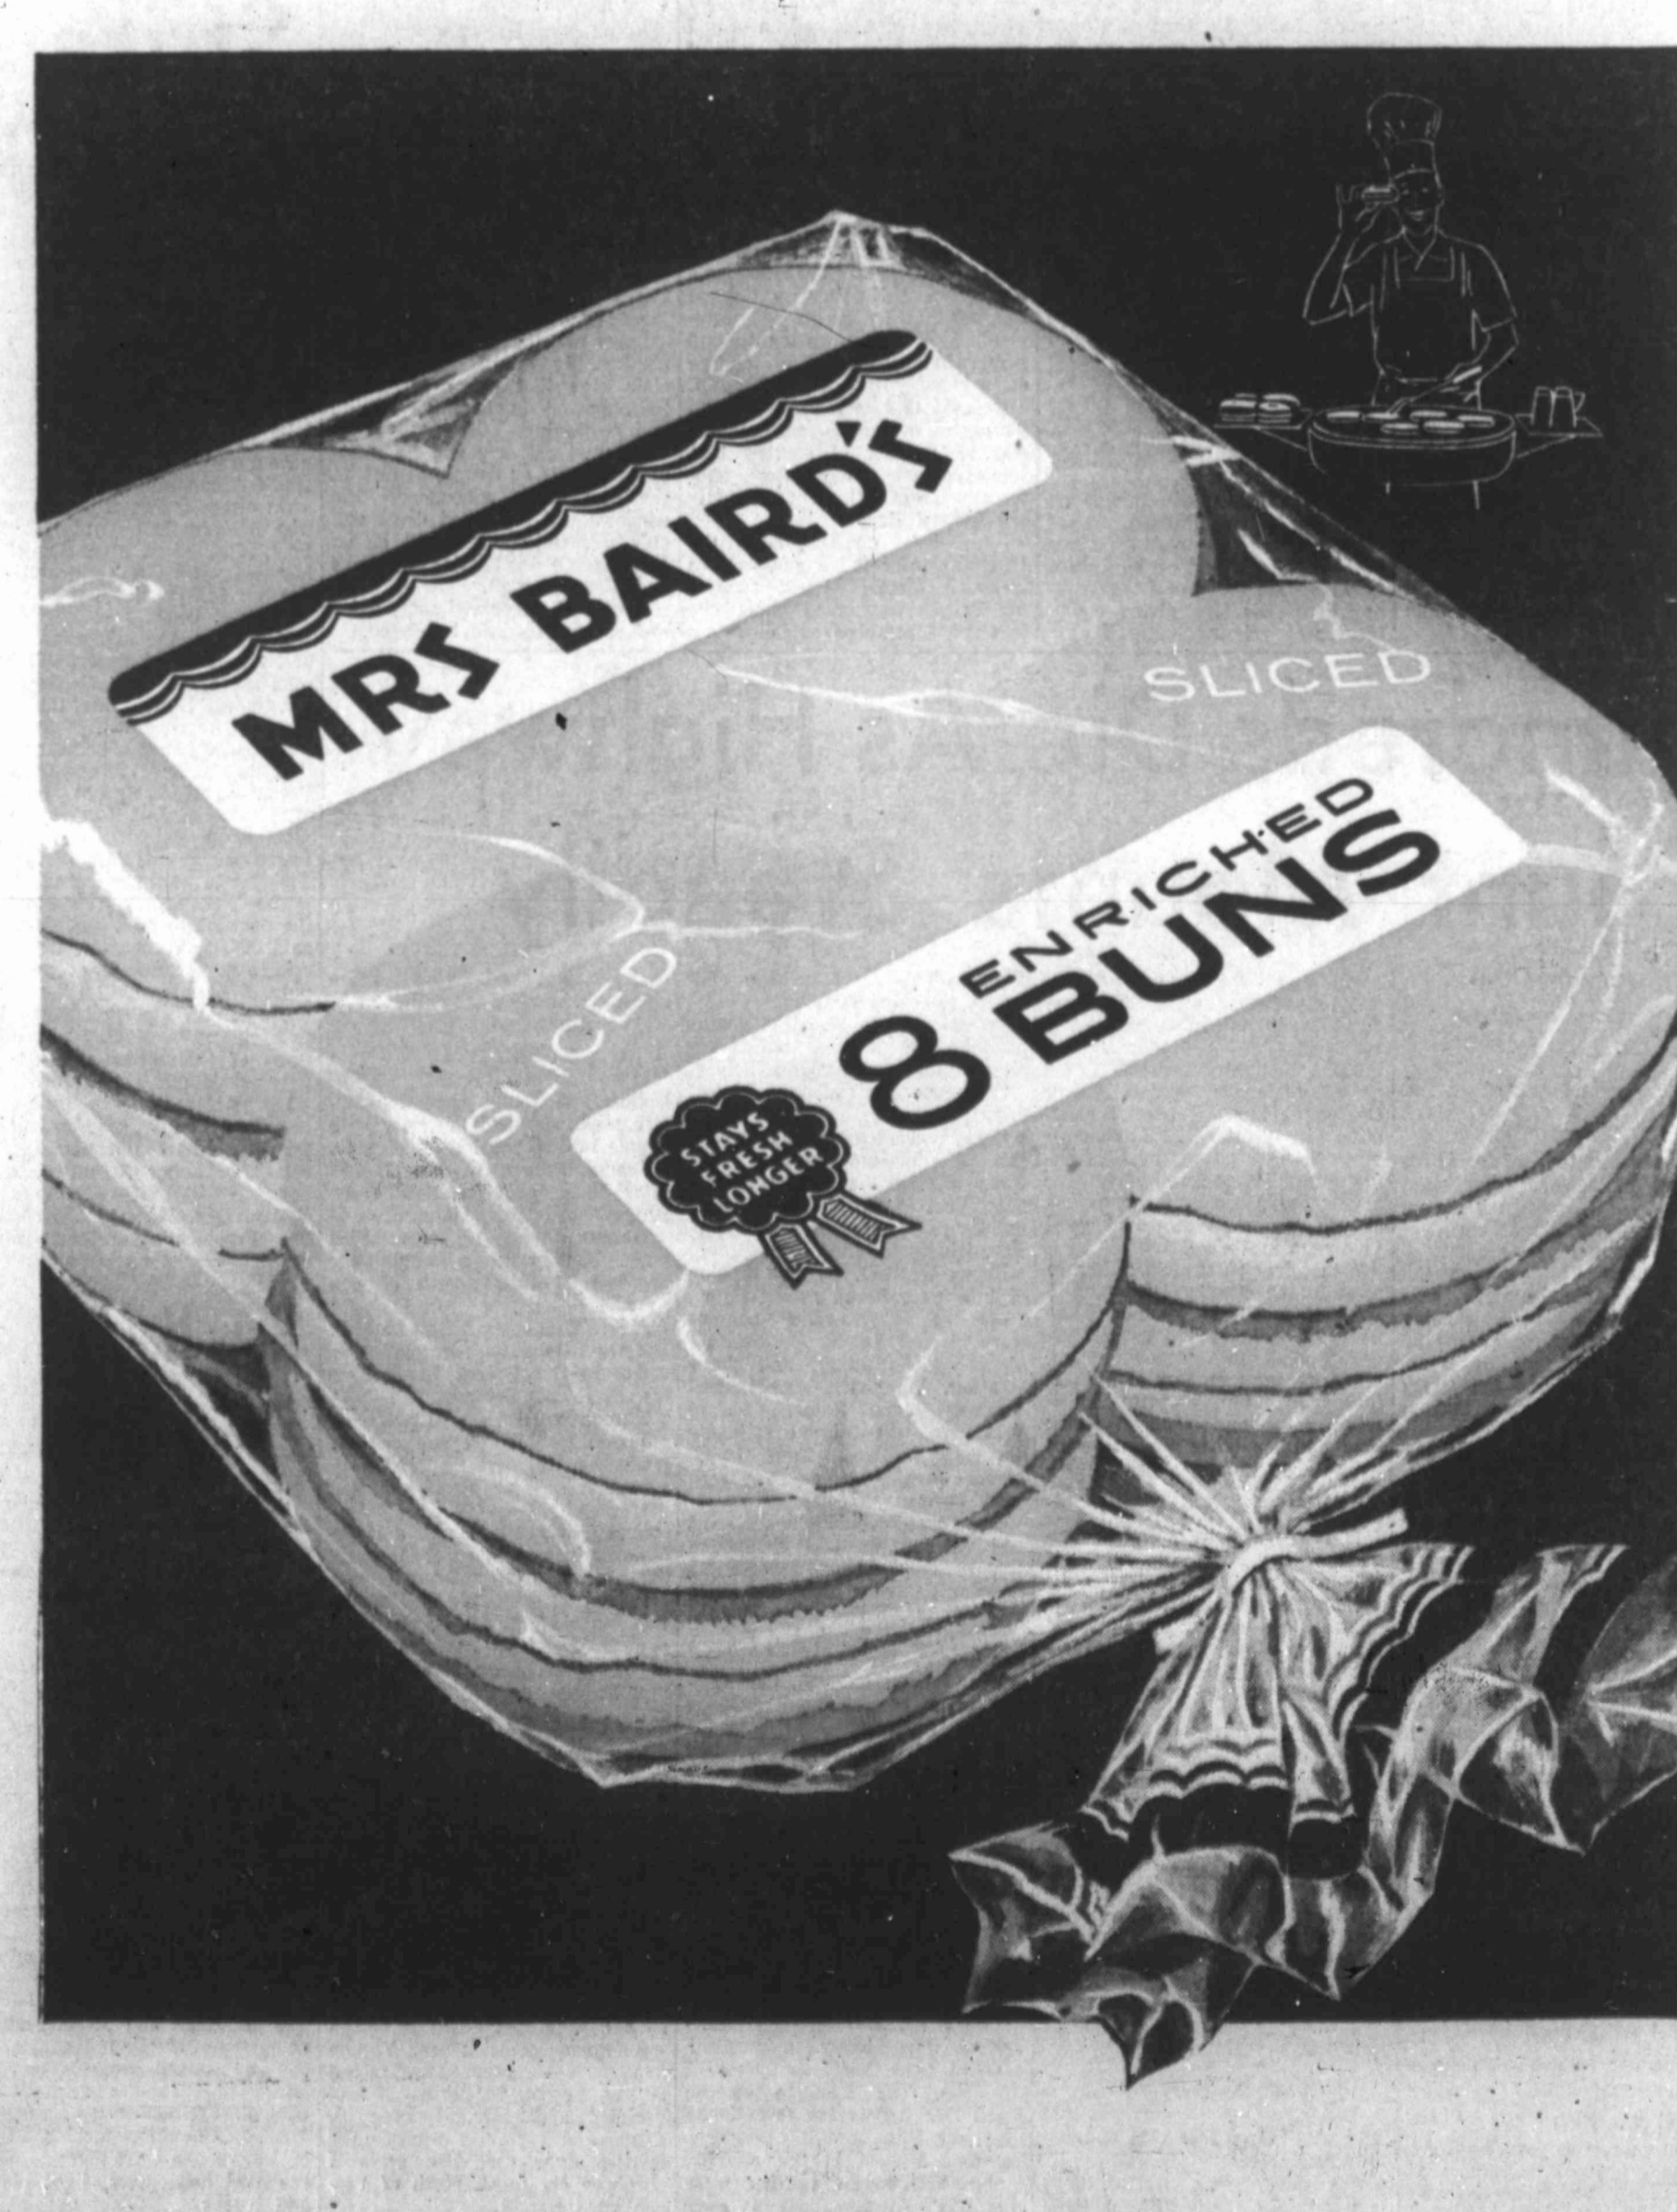

"Think on these things."—Adv.

### Miss Sneed Is Honoree At Shower

Cookie Sneed, a former resident of Big Spring, was the honoree Friday evening at a miscellaneous shower, given in the home of Mrs. C. Meek.

Miss Sneed, daughter of Mr. and Mrs. Forris L. Sneed of Seminole, is to be married to Bill Thompson, Aug. 12, in the local First Christian Church. Parents of the prospective bridegroom are Mr. and Mrs. W. L. Thompson, 1608 Stadium.

Chosen colors of coral and white were featured in the central arrangement of gladioli and carnations which decked the tea table, from which about 40 were served.

Mrs. Meek greeted guests and presented the honoree, Miss Sneed and Mrs. Thompson. Martha Thompson, sister of the future bridegroom, was at the bride's book.

Joining Mrs. Meek in the hostess group were Mrs. Bill Krykendall, Mrs. Doyle Vaughn, Mrs. V. L. Perkins and Mrs. Frank Martin of Terminal.

Coming from out of town for the party was Mrs. Delbert Shirey of Lubbock.

### Perfumed Laundry

If you're a real perfume lover, you'll add it to the rinse water when washing lingerie and stockings or when shampooing your hair.

1256 Pillbox

It started in Washington, D. C. and now the pillbox has spread from coast to coast. You must have one to be in the swim. No. 1256 is easy to crochet. You might consider making several to match your different costumes.

Send 25 cents in coins for this pattern to MARTHA MADISON, Big Spring Herald, Box 1490, New York 1, N. Y. Add 10 cents for each pattern for first class mailing.

## This Fourth Plan A Picnic That Will Be Fun For All

"Let's have a picnic" is a phrase that will be repeated by more than half the nation's population this summer. And no wonder. Americans are flocking out-of-doors in ever-increasing numbers. In fact, picnicking has become the nation's number one summertime leisure activity.

There are many reasons for this including more general leisure time, better roads, more picnic areas, and last, but not least, a greater awareness that planning for a picnic can be easy—and fun, too—if you'll follow just a few simple tips.

Tip number one: Keep your picnic fixings simple and easy to prepare. Don't go in for elaborate main courses that keep you in the kitchen for hours beforehand.

A satisfying and filling picnic meal can be whipped up quickly with a variety of sandwiches, some hamburgers or frankfurters, plenty of salad, fruit, and a choice of cooling beverages.

**PREPARE NIGHT BEFORE**  
What's more, most of these foods can be prepared the night before and kept fresh and crisp in an ice chest like the one in the photo above. This chest, which sells for about \$36, will keep sandwiches, fruits and salads in good shape until it's eatin' time.

And for those of you who like to do your cooking in the great outdoors, right on the picnic scene, your raw steaks, franks and hamburgers will keep fresh in the ice chest until ready to put on the charcoal grill.

The chest has something special you'll appreciate, too. It's a linear polyethylene plastic liner that increases the chest's insulating capacity. In addition, the liner wipes clean with a whisk of a damp cloth, so cleaning up after the picnic is a snap.

Here's another tip for you. Take along more than one beverage, so the tastes of every member of the family will be satisfied. That's what the family in the above picture has done. Mom and Dad have some iced coffee in the jug at the left, which sells for \$7.95, while their daughter has lemonade in her own jug on the right. This jug sells for \$1.98.

You'll find, by the way, that picnic beverages will stay fresh longer than ever this summer, thanks to these jugs. The one from which Dad is pouring Mom a drink is a one-gallon model that is made of a linear polyethylene outer shell. In testing, this double wall plas-

tic construction feature has kept liquids hot for up to 14 hours, and it will perform just as efficiently for cold liquids.

**YOUNGSTERS JUG**  
The small, half-gallon jug on the right is also plastic, and it's perfect for the youngsters. It holds enough lemonade to keep them happy. And what's more, the jug only weighs a few ounces, light enough for even a five or six-year-old to handle.

Tip three: Don't forget some of the "little essentials," the things you may overlook, but which are very important. For example, do you have matches with you in case you're going to be using a barbecue grill? How about charcoal lighter, a sharp knife, and a flashlight.

All of these things can make the picnic more fun if you have them with you, but can be very annoying, if you've left them behind.

Tip four: Don't make Dad work

at the picnic. And one way to make sure this doesn't happen is to provide him with an easy means for cooking. Convenient portable grills can be bought for \$7.49.

The franks are done in a jiffy, the fire is easy to keep going, and the grill is compact and light so Dad can carry it along with no trouble at all.

And finally, tip five: One that's repeated often, but can't be repeated enough. Drive carefully. There's no need for you to rush when you're going on a picnic. After all, the day is planned as a leisurely outing, and the relaxation might just as well begin in your car.

By the way, to make sure you take it easy on the road, why not plan your picnic fairly close to home? Then you won't be rushing to cover long distances to get to your picnic. Also, short trips in the car are a lot easier on the family—especially children.

LET'S HAVE A PICNIC

### In Abilene

Nancy and Sandra Fessions spent the weekend in Abilene visiting an aunt, Mrs. J. A. Beard. It was their first trip away from home alone.

### Picnic Friday

A picnic in City Park was given Friday for members of the Ramblers and their families. About 30 attended the affair, which included a swim and a hot dog supper.

### Bridge Games Well-Attended

Twelve tables accommodated players at the duplicate bridge games at Cosden Country Club Sunday afternoon. It was announced that masterpoint day will be observed at the session slated for next Sunday.

Winners in the games included Mrs. Holt Eastland and Mrs. John Stone, first in east-west position; Mrs. Pete Harmonson and Mrs. Fred Kasch, second; Mrs. Jack Irons and Mrs. Hudson Landers, third; Mrs. Hayden Griffith and Mrs. Travis Reed, fourth.

North-south winners included Mrs. Rogers Hefley and Mrs. Riley Foster, first; Mrs. Elmo Wasson and Mrs. E. L. Powell, second; Mrs. Elvis McCrary and Dr. R. Donald Smith Jr., third; Mrs. George McGann and Mrs. Ward Hall, fourth.

## Relaxing Or Chatting, Porches Are Utilitarian

By VIVIAN BROWN  
AP Newsfeatures Writer

Porches are making a comeback.

The reason: A porch is a delightful place to relax in rocking chair or hammock as you listen to the birds and watch the summer rain. It is utilitarian.

A porch answers a multitude of needs. It's a place to hold a child's party, feed your guests, pen small fry as they play, or sit and chat when the house is roasting and rain keeps you off the lawn. It's an ideal place to serve family meals whether you build it front, back or on the side of the house.

The do-it-yourselfer should find a porch easy to build, adds little to the taxes and may not even require a building permit.

A roofed porch floor usually is of a softwood such as southern pine. If the floor is not roofed over or not well ventilated, it should be floored with decay-resistant wood such as redwood or southern cypress. Square edged

boards laid with tight joints can be used. There may be a little shrinkage.

Shed roofs are usual for porches. Methods of bracing roofs vary but directions may be obtained at lumber yards or from public libraries. Rafters, joints and studs make a job sound complicated but it really isn't for one who has had a little home building experience.

Asbestos shingling is about the easiest to handle. Slates require cutting with a special knife, a skill best left to professional roofers. Terraplate often is used on low-pitched porch roofs but it too should be applied by an experienced roofer or metal worker. It requires painting to keep from rusting.

A foundation for a porch usually is posts of stone laid in mortar and poured concrete. Wood often is used as piers for porches, but eventually the porch will sag.

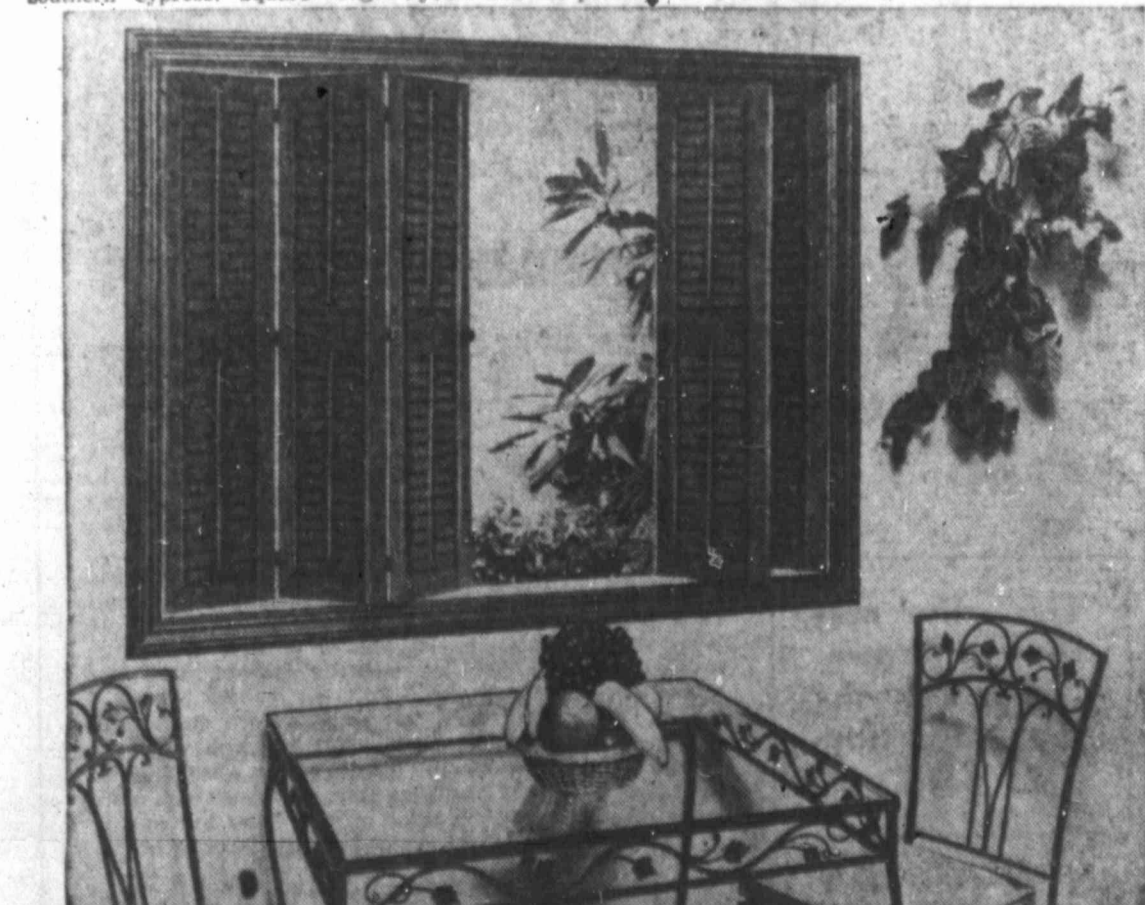

It is easy to use screening. But firm screening is best for a no-sag look. Decide whether you'd like the porch to be a com-

bination glass and screen porch eventually. Glass offers the opportunity to use the porch on cool days, and perhaps even through cold weather with the addition of heat.

If you want to use glass windows, the method of applying the screening will be different, even though you do not put the windows in at once.

If the porch is tiny, there are many ways of giving it the illusion of space and more interest can be added without investing a fortune. Ivy-covered wall paper combined with pots of real geraniums is a charming touch. The brick facings and brick faced wall papers may lend a terrace-look to a porch.

There are shutters you can buy by the yard. The shutters are printed on stick-on vinyl plastic in a three-dimensional effect. You can apply it to plywood panels for special shutter effects. These may be used on the porch at windows, perhaps with window boxes for unusual effects.

Make Comeback

Porches, like the one pictured above, are making a comeback because of their utilitarianism. This shutter pattern vinyl plastic is sold by the yard. It is applied to plywood panels to give the effect of shutters in a pass-through area.

# Hot Continues As Tourney Favorite

## Ramsey Rallies Over Hohertz

W. E. Ramsey and Col. Jack Holt, led the way into the semifinals of the Big Spring Country Club's Golf Championship Sunday.

Ramsey rallied to triumph over Darryl Hohertz, 1 up. Two down after 10 holes, Ramsey won three consecutive holes to gain an advantage which he held to the end.

Holt gained even more favorability to cop the crown by edging Red McCullah, 6 and 5. The easy-going Holt was one under par for the thirteen holes. He played out the round for a solid 72, which is one over par on the long tees of the 7,000 yard course.

Tourney Contestants

A couple of contestants in the annual Big Spring Country Club Tournament talk things over as they prepare to tee off. At left is Frank Powell, who dropped his first match, 2-1, then got edged 1-up in the consolation. Hohertz defeated Jack Wallace, 4-3, in the opening round, then dropped a head over W. E. Ramsey and lost out 1-up Sunday.

# One Bad Inning Defeats Tigers

Lamesa pounced on the Big Spring Tigers for six runs in a Sunday's loss left the Tigers with a 11-8 record for the season.

Except for the third inning uprising, Sunday's game was closely contested. Despite free hitting, Lamesa was kept to a minimum. Lamesa had six earned runs and Big Spring 4.

J. W. Smith started for the Tigers, but he was tagged for six hits before he departed in the third. His wildness, however, contributed to his downfall, for he issued six passes. Jimmie Cadenhead came on to scatter six other hits and three runs. Nacho Sanchez, winning pitcher, scattered 12 hits.

The box score:

Table with 7 columns: Player, AB, R, H, ER, BB, SO. Rows include J. Pierson, J. Pierson, J. Pierson, etc.

WIMBLEDON, England (AP) — Charles (Chuck) McKinley of St. Louis gained the semifinals of the Wimbledon Tennis Championships today by beating Bobby Wilson of England 6-4, 6-4, 4-6, 6-4.

WIMBLEDON, England (AP) — With defending champion Neale Fraser sidelined, eight tennis tyros from six countries step on Wimbledon's famed courts today with the game's most glittering prize only three matches away.

It's a mixed bag for the quarter-finals this year—two Australians, two Britons, and one man each from the United States, Chile, Venezuela and India. To make the mixture more appetizing, for tennis-hungry British crowds, it's the first time in 25 years two Britons have reached the last eight, and the first time since 1927 that Venezuela has got this far.

Since Britain's Bobby Wilson spilled Fraser so unceremoniously Saturday, the way is wide open for all of them.

The lone American is Chuck McKinley, 20-year-old crew-cut from St. Louis, who beat Warren Jacques of Australia on Saturday on a new mow Wilson. Chuck was hoping Californian Chris Crawford would be joining him, but Chris, after a brief moment of glory in defeating Italy's Nicola Pietrangeli, bowed out to Ivo Pimental of Venezuela.

Pimental, who meets Mike Sangster, the Briton with the slam-bang game, commented philosophically about the draw, "If I win, I win."

# Mickey Nears Goal

SPRINGFIELD, N.J. (AP) — Mickey Wright was well on her way to achieving one of her ambitions today.

The tall, blonde California girl with the tremendous golf swing wants to be the leading money winner among her fellow women golf pros for one year, and wants to finish a year with a scoring average of 71 strokes.

She probably won't make the 71 average this year, but right now she leads in money earnings with \$11,248.72, thanks to first money of \$1,800 for winning the Women's National Open golf tournament Saturday for the third time in four years.

The long-driving Mickey, who calls San Diego, Calif., home but who plays out of Dallas, really did it the hard way—with a round of 80 tossed in for her second round.

She more than made up for that, however, with rounds of 72, 69 and 72. The 69 was three-under-par and represented the lone sub-par round of the tournament over the long, rolling and tough Lower Baltusrol course with its par of 36-36-72.

# Currie Horse In Feature Event

Wandering Boy found his way home without fooling around and won Sunday's feature event at Ruidoso Downs.

Owned by Rudy Krize, Fairbanks, Alaska, Wandering Boy had a respectable 1:07.4 for the 7 1/2 furlong event, and paid \$29.20 to its backers for a \$2 ticket on the post.

Debonair Dandy, owned by Jerry Currie, Big Spring, is listed as a starter in the featured Dale Robertson Allowance today at the Downs. The event honors the star of the television series, Tales of Wells Fargo, and El Monarca from the Albuquerque N. M. stable of Dazzo and Crawford rules as a slight favorite in the race.

A big turnout is expected today and an even larger one Tuesday when the fifth day of a holiday racing card is unreeled.

Table with 7 columns: Race, Distance, Time, Winner, Odds. Rows include 1st Race (6 furlongs), 2nd Race (6 furlongs), 3rd Race (6 furlongs), etc.

# KELSO GOES AFTER TENTH STRAIGHT WIN AT AQUEDUCT

The Bohemia Stable's Kelso, 1960 horse of the year, goes after his 10th straight victory at Aqueduct Tuesday in the \$100,000-added Suburban Handicap, and must pack 133 pounds in the 1 1/4-mile Fourth of July headliner.

Three other big handicaps are on the holiday program — the \$50,000 American at Hollywood Park, the \$30,000 Stars and Stripes on the Arlington Park grass course, and the \$25,000 Dover also on grass, at Monmouth Park. Delaware Park has the \$20,000 Dover Stakes for 2-year-olds.

Kelso packed 130 pounds in the Metropolitan Mile and the Whitman, and Mrs. Richard C. Dufont's 4-year-old star may meet seven rivals in the Suburban, being run for the 75th time.

# Maris Ahead Of Ruth Pace

By JACK HAND Associated Press Sports Writer Roger Maris is half-way home to Babe Ruth's home run record with 88 games to go and the New York Yankees are sprying home runs like Roman candles.

Every year some earnest young man shoots ahead of Ruth's pace of 1927 when he set the all-time record of 60. Each year the old chant starts. This time it could be serious.

Maris is eight games ahead of Ruth's pace. The Babe hit No. 30 in his 38rd game. He didn't get No. 31 until the 94th game. Maris has 30 in 75 games, including one tie. With the new 162-game schedule, the Yanks actually will play 163, including the tie play.

With Maris hitting 20, Mickey Mantle, Moose Skowron and Roger Maris-slammng one each, the Yanks clobbered Washington Sunday 12-4 and moved within one game of league-leading Detroit. The Tigers, who come to Yankee Stadium for a big July 4th doubleheader, lost to Baltimore 6-3 on Jim Gentile's grand slam homer.

The lively ball was bouncing to all corners of Fenway Park in Boston where 15 of the 28 hits were for extra bases in Cleveland's 12-6 victory over the Red Sox in 10 innings. That's right, 10 innings. Cleveland scored six in the 10th.

Los Angeles took another fall out of the Chicago White Sox 8-3, scoring six runs in the first two innings for their second straight series victory. Steve Biko's three-run homer off Luis Pizarro in the first got the Angels off winging.

Kansas City broke a six-game losing streak by edging Minnesota 8-7 on Dick Howser's single with the bases full in the ninth. Skowron became the first man to hit three balls into the distant leftfield bleachers since Yankee Stadium was built when he hammered a pitch by Johnny Klippstein into the area in the eighth with one on. Only 13 balls have been hit into those bleachers.

Mantle's homer was a tape measure job deep into the upper deck in right. Gentile, who set a major league record by hitting successive homers with the bases loaded in the Twins' park May 9 hit his third slammer of the year to beat Detroit. The slugger finished the day with 76 runs batted in on just 71 hits. Phil Ringer, who gave up the homer to Gentile, was the loser and Chuck Estrada the winner.

Reserve outfielder Chuck Essagian, relief pitcher Frank Funk and Tito Francona each drove in two runs for Cleveland in the sixth 10th inning. Earlier Bubba Phillips hit two homers and Don Dilard and Willie Kirkland one each for the Indians. Gary Geiger and pitcher Gene Conley homered for Boston.

Pittsburgh scored four runs in the eighth inning to pull out the first game with the Giants with consecutive pinch singles by Johnny Logan, Rocky Nelson and Smoky Burgess, followed by Dick Groat's winning double.

Asburn's winning single at Chicago followed two home runs each by pitcher Glen Hobbie and catcher Sam Taylor as the Cubs won their eighth in the last 11 games. They have hit 24 home runs in the last eight games.

# Rudolph Ties Dash Record

GARY, Ind. (AP) — Olympic champion Willie Rudolph tied the 100-yard dash record in the National AAU Women's National Track and Field championships Sunday, but a couple of lesser known broke records in the meet to determine the U.S. team which will tour Europe later this month.

Willie Rudolph won the 100-yard dash in 1:05.5 after tying the record at 1:07.7 in the semifinals. Billie Daniels of San Mateo, Calif., set a record in the 800 in the time of 2:19.2 and Jackie Peterson of New York, N.Y., erased the 400 record with a 58.5 effort.

Ponderous Earlene Brown of Los Angeles won both the shot put and the discus and Chicago Mayor Richard Daley's Youth Foundation won the team trophy, long held by the Tennessee State University Track Club, scoring 83 points to 44 for the defending champions.

# VFW Urges U.S. Doctrine Stand

SAN ANTONIO (AP) — The Texas Veterans Foreign Wars urged the United States to "prepare itself and stand ready to invoke the Monroe Doctrine in Cuba if such is necessary."

The convention also called for an end to "appeasement of Fidel Castro."

# Soviet Bombers For Indonesia

JAKARTA, Indonesia (AP) — The first group of long-range Soviet bombers for Indonesia's air force has arrived.

More bombers, part of Indonesia's huge arms purchases from the Soviet Union, will come later, an announcement said. The number to be delivered was not announced.

Advertisement for Vernon's 602 Gregg. Text: "SPIRITS LOW? TRY VERNON'S 602 GREGG. FAST, FRIENDLY SERVICE. Large Assortment of Imported and Domestic Wines." Includes logo and address: 501 East 3rd, Big Spring, Texas.

# Smith Wins Second In Midland Meet

E. C. Smith Construction Company had to be content with second place in the Midland Softball Tournament concluded Saturday evening. Don Maxwell, Midland, won over Smith 2-1.

Smith had ousted another Big Spring team, Webb AFB by a 6-1 count to go into the final with Maxwell. Had Smith won that one, another and deciding game would have been required, but as it was Maxwell sailed through with five consecutive wins. Webb had in-

fricted one defeat previously on Smith and the loss to Maxwell eliminated the Big Springers.

Maxwell had taken a lead in the third on Streck's single, a fielders choice and another single by Don White to score Streck. Smith bounced back when Thomas singled to open the fourth, and Ted Gross doubled him.

McCutcheon opened the fifth with a homer to win the game. N. E. Stephens, the Maxwell fireball artist, held no mystery for

Gross, who opened the seventh with his second double of the championship game, but Stephens promptly struck out the next three men.

Smith went ahead of Webb in the fifth of the semi-final game when Gene Gross got aboard on an error, came home on McCutcheon's double. Drake then singled McMahon home. Three singles and Sharpnac's triple guided the lily for Smith in the seventh.

The box scores:

# Colonels To Host All-Star

The Louisville Colonels have been in first place since May 14, so they'll be the host team in the game July 17.

The Kentuckians whipped Denver twice, 2-0 and 5-4 to take a 3 1/2-game lead Sunday. The League leader after games July 4 is the host team in the all-star contest.

The double loss sank Denver into third place, a half game behind Indianapolis. The Indians took over the runner up spot despite a 13-4 loss to Houston. Dallas - Fort Worth tripped Omaha 6-5.

# Girls To Play All-Star Game

HACKENSACK, N.J. (AP) — There'll be an unusual all-star baseball game Tuesday night.

The participants will be a group of 32 fun-loving "don't call us tomboys" 9-10 1/2-year-old girls.

They are the finest players selected from some 150 youngsters who compete in the Junior Miss Baseball program of Hackensack.

Why are the little ladies playing such a physically exhausting sport?

"They felt equal to the boys and they wanted to play the game the same as boys," explained Thomas Della Torre, Hackensack's baseball commissioner, who is also athletic director, and track and football coach at Hackensack High School.

Now in its fourth year, the Junior Miss program is under the direction of the Youth Guidance Council.

The league was the brainchild of its first president, Dr. Jack L. Goldin. He called a meeting of parents and formulated the rules and set up the standards. Frank Paschal succeeded Dr. Goldin as president this year.

There are eight teams with 16 to 20 girls on each team. Each team plays two six-inning games a week starting at 6:15 p.m.

The girls play with a hard rubber-covered softball the size of a regulation baseball. The length of the base paths is 45 feet from home plate. The girls use slender, 28-ounce bats. Base stealing, sliding or leads off the bases are not permitted.

At bat and on the bases, the girls wear regulation big league helmets. Merchants and business concerns who sponsor the teams outfit the girls with full uniforms.

Women supervise the teams while men handle the managerial chores. They must see to it that each player gets into every game for at least one inning and bats at least once in each game.

"Naturally, you see some amusing incidents once in a while," says Della Torre. "Sometimes there's a fast girl at bat and a little heavy set youngster on first base. The girl at bat may hit a long drive and start tearing around the bases with her head down, and not realize she has passed the girl who was on base."

BOBBY LAYNE'S BOWL-A-RAMA Hwy. 80 East AM 4-7484

ON THE LANES By Harold Fischer

A split that leaves the 5 pin standing has given many a bowler a case of heartburn. Common ones are the 5-7 or the 5-10 split. These are splits that you should try to make. You'll be almost sure of getting one of the pins, and you have a good chance to knock both down, so you can't really lose.

On the 5-7, for instance, make your approach far enough to the right. (Move left for the 5-10.) Your object is to shave the 5-pin lightly on the side, sending it over against the corner pin. Making up for the "misses" is all part of the fun of bowling. It's one game where you always get an other try! Make a date soon for a night of bowling at

# Income, Prestige, Security

If you want more security for yourself and your family, if your income is under \$10,000, and is not going higher, look at the benefits of this sales position. Top income—a generous retirement program—a yearly bonus, group life insurance and hospitalization insurance for both you and your family.

You can have a respected position, with one of the highest incomes in your community. You will be practically your own boss with your own business.

Everybody is a potential customer for your exclusive services—3 mutual funds, life insurance and face amount installment certificates—triple income possibilities.

Here are requirements: You must be presently employed in selling or in a closely related activity; age 25-45; you must be looking for a full-time career on America's top sales team; you must have a real desire for security for your family, for prestige in your community and top income. All inquiries confidential. Call or write

J. W. Randle, district sales manager, or Terry Condrey, division sales manager, representing Investors Diversified Services Inc., care of Herald. Interviews will be July 13-14 at the Settles Hotel.

Grid for crossword puzzle with numbers 1-33.

# Ruling Mexican Party Wins National Election

MEXICO CITY (AP)—The government's Party of Revolutionary Institutions (PRI) retained unquestioned control of Mexico's politics today after a sweeping victory in Sunday's national election. Named were 10 deputies and 5 governors.

Official reports will not be made public for some time, but unofficial tabulations indicated PRI was certain of at least 29 party victories and 4 state governorships. In the federal district, they were unofficially reported as leading in 18 districts by a great majority.

In the congressional races, PRI was unopposed in 33 of the 178 seats. In others, it faced gener-

ally weak opposition from four parties, mainly the conservative Party of National Action (PAN), which entered 95 candidates.

The Communist-backed Popular Socialist Party (PPS) concentrated much of its fire in a governor's race in Sonora, but early reports indicated it fell flat.

In other governor's races, the fight made by popular independent Salvador Nava Martinez captured a public interest—and maybe the race in San Luis Potosi, the one hot spot of the day.

Nava claimed he won, despite PRI reports to the contrary, and is conducting an intensive poll to determine just how the vote came out. And, he said, if officials give the victory to PRI candidate Manuel Lopez Davila, he will call a state-wide strike.

Official worry over the San Luis Potosi situation was clear. Three infantry battalions, commandos, and secret police were sent to that central state to maintain order on election day. Soldiers broke up gatherings, strictly patrolled streets and voting booths.

In other governor's races, the PRI was unopposed in Queretaro and Guanajuato, and had little trouble in the small western state of Colima.

Mexico has 29 states. Some will hold their state elections later.

The election was uneventful and bloodless in most areas. Heavy rains held down voting in some states, such as Sonora, where communications were washed out. There were no incidents, although protests are certain to be widespread throughout the country when votes are counted and reported.

Of Mexico's 19 million voters, probably about 25 per cent actually cast ballots. Informed

sources said the official estimate will be much higher.

The Chamber of Deputies, or lower house, has little influence in Mexican policy-making, and interest in the outcome was slight. Deputies are elected for three-year terms.

Gudalajara, Mexico's second city, was said to have turned out about 30 per cent of its 740,000 registered voters. It went for PRI.

Puebla, fourth largest, reported "polling places abandoned."

Mexico City reported the dulllest election in the memory of local voters.

One incident in nearby Atzacapoltzaco broke the dullness: An unidentified tequila-drunk horseman rode into a polling booth, lassoed the ballot box and fled.

## Dominican Chief Gets Free Hand

CRUJAD TRUJILLO, Dominican Republic (AP)—Generalissimo Rafael Trujillo's hand-picked president Joaquin Balaguer was given a free hand to name his cabinet today after 11 of the 12 ministers resigned. But he asked him to keep the politics of the slain dictator.

The resignations came after the ruling Dominican Party voted unanimously to back the 53-year-old Balaguer, professor-diplomat turned politician.

The defense minister, Maj. Gen. Santos Melido Marte, who was named after Trujillo's assassination May 30, was the only cabinet member that did not resign.

Balaguer did not indicate immediately whether he would accept any or all of the resignations.

The resignations came after the ruling Dominican Party voted unanimously to back the 53-year-old Balaguer, professor-diplomat turned politician.

### DEAR ABBY

## He's Just A Dirty Bird

DEAR ABBY: The bird your reader inquired about, with the shiny black plumage and yellow beak, is the STARLING. It is found in the U.S.A. and Canada all year 'round. I discovered this bird while I was hanging out my wash in my short shorts. I heard a long, low whistle and thought a man was trying to be fresh with me.

I am told they eat destructive insects, but they can also drill holes in your roof and are extremely dirty. They make a terrible racket when a flock of them gets together. They are an amusing and handsome bird, but will soon be the world's worst feathered pest.

MRS. F. Not white the pigeon is with us!

DEAR ABBY: Our son is marrying a girl from a very high-toned family. The girl's mother asked me for a list of the people we want at the wedding. She said I could invite my relatives. Some of our relatives are not very classy. I don't want to sound like I am trying to snub them, but I know they wouldn't fit in too good with the girl's people. How can I invite part of the family (the part I invite will fit in) and leave the other part out?

MOTHER OF THE GROOM: DEAR MOTHER: If you plan to invite the relatives—invite all the relatives. There will probably be a few misfits on the girl's side who will fit in perfectly with yours.

DEAR ABBY: I have not made

a habit of reading letters to Abby, but I think I shall, for each time my glance falls upon your column I realize what I have missed in the study of human nature.

I was particularly intrigued with a letter signed "Mother of a Doctor." She was disgusted with her daughter-in-law who insisted on referring to her husband as "The Doctor."

I am reminded of Bill and Marie, whom we have known since childhood. Colonels were a dime a dozen in the last war, but Marie started calling her husband "The Colonel." This revealed an inferiority complex and a lack of taste.

As a West Pointer and ex-captain, I wouldn't tolerate my wife's calling me "The Captain." My father was a doctor, and none of us (least of all my mother) called him "The Doctor." There were 50 other good ones in our town. "Mother of a Doctor" has my sympathy.

EX-CAPTAIN

CONFIDENTIAL TO MRS. P.T.: When your son starts telling you he prefers blonde baby-sitters, he doesn't need one.

What's bothering you? For a personal reply write to Abby, Box 3265, Beverly Hills, Calif. Include a stamped, self-addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send 50 cents to Abby, Box 3265, Beverly Hills, Calif.

DEAR ABBY: I have not made

## Cuban Airliner Forced To U.S.

MIAMI, Fla. (AP)—Aerial hijackers shot a Cuban militiaman riding as guard aboard a Cuban airliner today and forced the pilot to fly to Miami.

Police threw a cordon around the plane when it landed, and the 16 passengers were hustled into immigration at Miami International Airport. Newsmen were not allowed to talk to them immediately.

The unidentified Cuban pilot reportedly told immigration authorities that the shooting broke out in the cabin a few minutes after he took off on a flight from Havana to Varadero Beach, Cuba.

One hijacker put a gun to the pilot's head and told him to fly to Miami, he said.

An immigration official said three passengers and the crew said they wanted to return to Havana. Thirteen passengers reportedly wanted to remain in Miami.

The militiaman was reported seriously wounded.

## Eichmann Attorney Tries To Cast Blame Elsewhere

JERUSALEM (AP)—Adolf Eichmann's lawyer today introduced a Nazi Foreign Ministry document to show that the former Gestapo officer handled the deportation of Jews from Hungary in 1944 under orders from both the Foreign Ministry and the SS (Elite Guard).

Defense counsel Robert Servatius offered the Nazi file to cap a series of claims that the former chief of the Gestapo's Jewish Affairs Section did his work in the Nazi pogrom on orders from above, mostly from the Foreign Office.

The document, a letter from Eberhard von Thadden, Eichmann's counterpart in the Foreign Ministry, told of the first 50,000 Jews to be deported from Budapest and said trains and umbrellas would be managed by the Reich Security Office (SS and Gestapo).

The Israeli prosecution has built a large cornerstone of its case on the Hungarian evacuation to the death camps. This was one phase of the pogrom in which Eichmann was on the scene for months on end and not in his Berlin office.

Servatius constructed an edifice of documents in an effort to show the Nazi Foreign office was the real driving force behind the Jewish extermination campaign and the Gestapo was only an instrument to carry out that policy.

Nearing the end of his case, Servatius led Eichmann through several dozen Nazi files covering Italy, Romania, Bulgaria, Greece and Hungary. He was just beginning his case on Hungary when court adjourned for the day.

Eichmann, on the witness stand for the 10th day, eagerly clutched at every opportunity to confirm those portions which linked the Foreign Office to the mass slaughter measures.

Servatius produced a file in which the German consulate in Rome reported personally to Foreign Minister Joachim von Ribbentrop in the fall of 1943 that SS Maj. Gen. Hubert Kappler had been "commissioned to deport 2,000 Jews from Rome to upper Italy where they will be liquidated."

## Raid Yields Seven Gamblers

The city jail gained eight new residents Sunday morning following a raid in which seven persons were charged with gaming, and one woman was charged with carrying a prohibited weapon. Chief Jay Banks, Detective Aubrey Hurley, and Sgt. Jack Hackney, dropped in on a place on the north side at 1:55 a.m. and arrested the eight persons found.

Other police activities after midnight Saturday included the investigation of a three-car accident at the Big M, a car-post collision in the city park, and a theft.

Drivers of the three cars, involved in the accident were Dean Mansfield, 109 Virginia, James Leon Farris, 1408 Rannels, and Eula Jan Fields, Rt. 2. Driver of the car which struck a post in the city park was Ronald Earl Shaw, Knox.

A L. Nuttall, 2004 Nolan, reported the theft of a wrist watch valued at \$100.

## Congress Hangs Out No Business Sign For Rest

WASHINGTON (AP)—Congress hung out the "no business" sign this week as it took a final breather before starting the big push toward final adjournment by Labor Day.

No major business was scheduled in either the Senate or the House until next week. Most members of both branches headed home for Independence Day oratory.

Unless there is a change in plans, it will be the last recess of the session. A heavy legislative program lies ahead of the target date for adjournment, Sept. 2.

Not a single regular appropriation bill has gone to the President, the result being that all federal agencies started operations on an emergency financing basis when the new government year started last Saturday. Most of the money bills, however, are in position to be sent to the President in the near future.

Biggest financial stumbling block in the appropriation field is a bill financing the foreign aid program. It hasn't even started through the House, where appropriations originate. It can't get off the ground until Congress decides in a separate bill how extensive the aid program should be. The fight over the authorization bill and the separate money measure may be the liveliest of the year and could delay final adjournment.

Facing the Senate in the weeks ahead is the prospect of a filibuster over attempts to curb filibusters by amending the Senate rules. It conceivably could disrupt all adjournment plans.

House Democratic leaders still are hopeful, though not optimistic, that they can obtain action on a bill to provide federal as-

## Legion Demands State Dept. Probe

LONG BEACH, Calif. (AP)—The California American Legion demands a full-scale investigation of the U.S. State Department.

The 4,300 delegates charged Sunday that Communist sympathizers in the State Department "have molded schemes for our destruction."

Their resolution said: "The State Department has for years been infiltrated by men who have been sympathetic to Soviet Russia and the cause of communism."

"No motion in all history has fallen in such a brief time without war from the prestige we enjoyed to our present condition. The decline will continue unless drastic changes are made in our State Department."

## Scurry To Be Closed For Work

Scurry Street, between Fifteenth and Eighteenth, will be closed one day this week to get that portion seal coated, according to Bruce Dunn, director of public works.

To date, the intersections have been filled with plant mix to level them out and to insure drainage down Scurry. When the seal coat is put on, it will be tied into driveways and will include shoulder surfacing, Dunn said.

This should be completed by the end of this week.

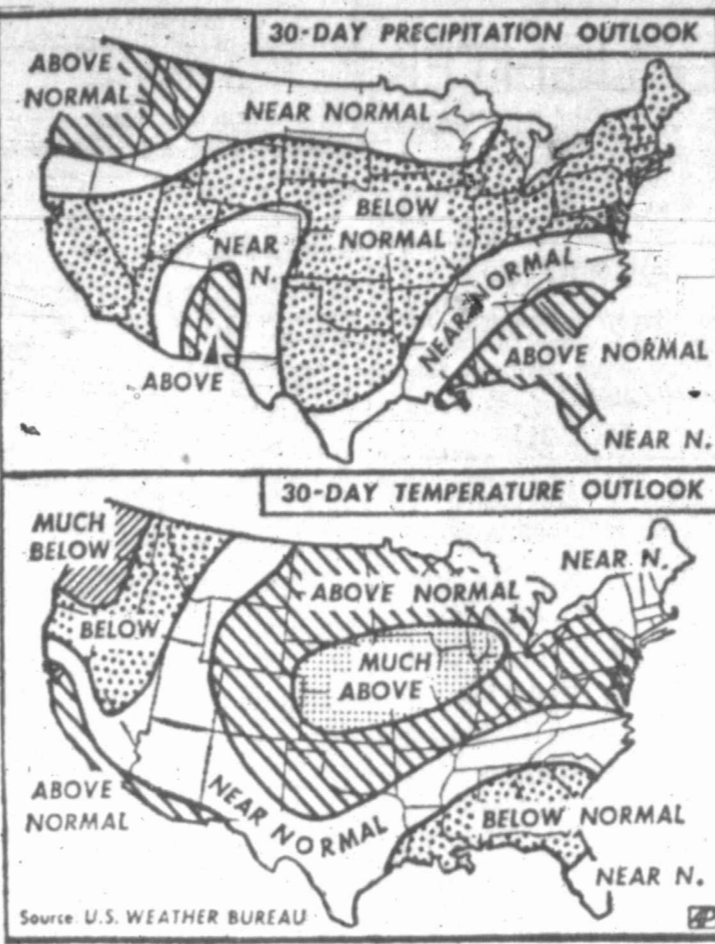

## Rains Bring End To Hot Spell

LONDON (AP)—Rains today ended Britain's hottest spell of weather since 1947.

The temperature plummeted in mid-morning to 60 degrees. Last week there were recordings of more than 90 in various parts of the British Isles.

## Mercury Drops

MEXICO CITY (AP)—Temperatures dropped slightly in north Mexico Sunday, easing a long heat wave which caused at least 24 deaths.

### Hot And Probably Very Dry

Thirty-day forecast for July just released by the U.S. Weather Bureau offers only slight promise of the kind of weather most Big Springs would like for the month. The precipitation forecast will be between normal and below normal; the temperature the same.

## Webb Awards 3 Contracts

Contracts totaling \$61,358.86 were awarded at Webb AFB last week according to Floyd A. Henderson, base procurement.

Oliver Nichols Jr., Big Spring, was awarded a \$24,619.86 contract Wednesday to remove trash and rubbish from Webb AFB and Webb Village for six months. Nine of the 29 firms invited submitted bids for the contract.

Carroll Smith Painting Contractor, Inc., Phoenix, Ariz., had the low bid of \$32,260 among seven received to paint exterior and trim Capehart Family housing at Webb. The painting is scheduled to be completed by Nov. 29.

A \$4,480 contract to repair pits and steam condensate lines at the Base Hospital was awarded to J. D. Burk Construction Co., San Angelo, Thursday.

Two of the 16 firms invited submitted bids for the repair job which is scheduled for completion by Sept. 29.

## MacArthur Sees Nippon Again

TOKYO (AP)—General of the Army Douglas MacArthur returned to Japan, briefly and secretly, today for the first time since he was recalled by President Truman a decade ago.

Sources at Misawa Air Base confirmed that MacArthur's jet refueled there on its journey to Manila and that the five-star general disembarked and set foot on the soil of the nation he once ruled with authority exceeding that of the emperor.

Misawa is the major U.S. base in northern Honshu, 250 miles northeast of Tokyo.

Downpours Hit Texas Areas

By The Associated Press

Torrential downpours dumped up to 5.85 inches of rain on sections of Central and East Texas Monday and more rainstorms were predicted for the Fourth of July.

The heaviest rainfall reported was at Malone in the eastern part of Hill County where 5.85 inches was measured in a four-hour period. Rain continued falling there late Monday morning.

# White Believes War Is Possible

WASHINGTON (AP)—Gen. Thomas D. White, retired Air Force chief of staff, says "there is a fair chance" of war breaking out over Berlin.

And as one way of emphasizing the danger to Americans he suggested a partial mobilization.

"I don't think we have had a very firm expression of the determination of the American people," said White, who stepped down as Air Force chief just three days ago. "Mobilization of some kind might well be such a method of bringing it home to the people that we must be solidly behind the President."

White, interviewed Sunday on the NBC-TV program Meet the Press, said if the Soviets or East Germans tried to blockade Berlin again, he would be in favor of breaking it with a ground attack rather than going over it with an air lift. He added, "Maybe we ought to do it both ways."

Asked if he thought a Berlin nuclear war, White replied no.

But he said "I think that if the Soviet Union should join in, it is almost inevitable that it would degenerate into a general war. I don't see how two great nations can stake their entire prestige, their national policy against each other and either one back down."

In New York, former Vice President Richard M. Nixon warned Sunday against weakening the U.S. position on Berlin.

He said a compromise would be "disastrous for us and for the whole free world."

It is "essential that President

Kennedy shoot down any trial balloons, whether from legislative leaders or from allies abroad, indicating that our position on Berlin will be compromised or softened."

Nixon, interviewed on a taped radio show, said any new spending for domestic purposes not related to national defense should be shelved.

Like White, two Republican senators talked Sunday of a "partial mobilization of American armed strength" or an increase in forces in West Berlin.

Sen. Jacob J. Javits, R-N.Y., said he assumed Kennedy "might be ready to declare or ask the Congress to declare a partial mobilization of American armed strength" to demonstrate to the Soviets "we don't intend to back down in Berlin."

Sen. Kenneth B. Keating, R-N.Y., said the chief executive should "boof up our forces in Berlin and West Germany" to put "real teeth" into U.S. determination to protect West Berlin.

Both Javits and Keating spoke for radio news programs recorded in Washington for New York stations.

## Policy Too Late To Halt Fete

SAIGON, Viet Nam (AP)—The new U.S. policy of spending less on Fourth of July parties at embassies abroad will have no effect in South Viet Nam this year.

Because the American Independence Day comes in the middle of the rainy season, the American community has been holding its annual picnic on Washington's Birthday in February. More than 1,000 attended this year's outing.

# Church Merger Is Finally A Reality

By GEORGE W. CORNELL  
Associated Press Religion Writer  
PHILADELPHIA (AP)—They've finally made it.

After 21 years of negotiations, referendums, lawsuits, delays and other preliminaries, representatives of two branches of American Protestantism met today to seal their historic merger.

our years of planning," said the Rev. George C. Kirk, a Congregational Christian pastor of Muskegon, Mich.

The new church, whose constitution is to be declared in force here Tuesday, is the United Church of Christ.

It combines Congregational Christian churches and the Evangelical and Reformed Church, the first church merger in the United States to unite denominations of different structure and origin.

"The spirit of unity here is beyond anything that has preceded it," Dr. Kirk said. "All the debates and difficulties have faded."

## Hoffa Sounds Brass For His Re-Election

MIAMI BEACH, Fla. (AP)—Swinging jazz bands and hijinks set the stage today for a special union convention to re-elect James R. Hoffa, 48, to a new five-year term as Teamsters president.

Hoffa, conducting a flamboyant campaign against phantom opposition, fired off verbal broadsides against the Kennedy administration and the AFL-CIO while gearing up the 1.7 million-member Teamsters for an even bigger role in American labor.

The 2,000 convention delegates were due to hoist Hoffa's salary from \$50,000 to \$75,000 and rubber stamp his bid for a more than \$10-million hike in annual dues funds allotted to run Hoffa's Washington headquarters.

### CALL TO WAR

In what sounded like a call to war against other labor unions, Hoffa said he'd use part of the money to organize new members in jurisdictional fields that AFL-CIO unions are letting lie dormant.

"If the Teamsters don't organize, we're dead," Hoffa said. The former grocery warehouseman said he and the Teamsters have emerged from a barrage of court charges and crime investigations stronger and more militant than ever.

Hoffa assailed the Kennedy administration which he said is conducting a vendetta against the Teamsters and unions generally. He singled out Atty. Gen. Robert F. Kennedy and Secretary of Labor Arthur J. Goldberg for special criticism. Hoffa said they have a swarm of agents here surveying the convention proceedings and even buttonholing delegates to try to interfere with Hoffa's re-election.

The special election is required as a final step to let Hoffa get out from the unusual mentorship arrangement that grew out of a court challenge of his initial 1957 election as Teamsters president. That election was challenged as rigged.

### THEME

Hoffa's campaign among delegates is pitched this time on a declaration that reactionary employers are trying to put unions, especially the Teamsters, out of business. He said the extra dues and headquarters funds are needed to tool up the Teamsters for an all-out fight.

Beauty And The Roses

Pretty Miss Rose Kinney, an Apache Princess of the Tyler Junior College Apache Belles, poses in one of the many rose fields surrounding Tyler, the "Rose Capital of the World." Miss Kinney is 19 years old, lives in Mineola, and is the daughter of Mrs. Julie Kinney.

## Hemingway Gun Victim

SUN VALLEY, Idaho (AP)—Novelist Ernest Hemingway, 61, a literary giant who ranked with the greatest of his age, died of a shotgun blast in the head Sunday.

His wife, Mary, awakened by the shot, found the body clad in pajamas just off the living room of their secluded retreat house.

She called a doctor although death apparently was instantaneous.

"Mr. Hemingway accidentally killed himself while cleaning a gun this morning at 7:30 a.m.," she said in a brief statement read to reporters by a family friend. She was taken to a hospital and given a sedative.

Coroner Ray McGoldrick said it was "a self-inflicted wound" that could have been accidental or otherwise. He said no inquest is planned unless something new develops.

Hemingway's violent death shocked the literary world. There were expressions of profound re-
