Solons Keep Arguing Over Tax Measure

AUSTIN (AP)—Compromise talks between Senate and House tax experts ended in a draw Saturday.

"Maybe a little progress" was the only report from the joint conference committee after two long meetings.

The secret negotiating sessions were expected to continue Sunday.

Committee members indicated a proposed gas pipelines tax which is considered legally doubtful is in its present form re-

JFK To Name A Negro To U. S. Court

HYANNIS PORT, Mass. (AP)—President Kennedy has decided to name the first Negro in history to the United States District Court bench.

The appointment will go to James Benton Parsons, now a Cook County (Chicago) judge.

Informed sources said Saturday Parsons' appointment will be announced formally next week.

Assistant White House press secretary Andrew T. Hatcher declined to make a formal announcement.

But he did say that Mayor Richard Daley of Chicago, Rep. William Dawson, D-Ill., a Chicago Negro, and Sen. Paul H. Douglas, D-Ill., "think Judge Parsons would make a good United States district judge."

"Judge Parsons is under consideration," Hatcher added.

There never has been a Negro federal district judge in the continental United States.

Four Negroes have been judges in the predominantly Negro Virginia Islands but judges there are appointed for specific terms, instead of for a lifetime tenure, such as Parsons would have.

American Nations Told They Face A Grave Crisis

PUNTA DEL ESTE, Uruguay (AP)—President Kennedy appeared in a message to a hemisphere economic session Saturday for an all-out joint effort of Marshall Plan size to lift Latin-American standards of living and counter outside threats.

"Only an effort of lowering dimensions" can remedy the economic sickness which plagues that area, Kennedy said in a letter read at the opening session of the inter-American economic and social conference. He referred only indirectly to the threats of communism and Castroism.

He termed the conference at this South Atlantic seaside resort

Reviewing The Big Spring Week With Joe Pickle

With increasingly hotter weather returning, crops grew like magic last week. Cotton was coming along so fast that if you were quiet enough, you could almost hear it grow. Along the north end of the county, crops looked almost like they were irrigated. Elsewhere late plants were coming rapidly, and this could prove the most prolific at harvest time.

All of this had resulted from unseasonably good rains. Another effect was to have dulled demand for water to the extent that Colorado River Municipal Water District deliveries were down 3.3 per cent. Member cities dropped about seven per cent, but greater oil representing draw modified the loss. Incidentally, Lake J. B. Thomas was still going over the spillway Saturday and may until Monday or Tuesday.

Speaking of water, a bill broadening the pollution control powers of the CRWMD as well as opening the way for the district to utilize salt water was passed in the legislature. This vitally important bit of legislation made it all the way through the hopper within 10 days time, a near miracle if not a record.

B. G. Sheppard, or "Shep" as everyone knows him, took to the hammock last week. He was one (See THE WEEK P. 5-A, Col. 2)

Queen Glenda Of The House Of Haney
 Miss Glenda Haney, chosen Saturday night as Howard County Farm Bureau Queen over seven contenders, wins the right to compete in the Farm Bureau District contest. She is the daughter of Mr. and Mrs. R. E. Haney. (See story on Page 8-A).

Adlai Says He Sees Conciliatory Tone

HYANNIS PORT, Mass. (AP)—President Kennedy conferred Saturday with Adlai E. Stevenson and other top advisors on international organization affairs, and Arthur Schlesinger Jr., the Harvard historian and presidential advisor.

Stevenson, U. S. ambassador to the United Nations, told newsmen he thinks Soviet Premier Khrushchev is taking a more conciliatory tone on Germany.

After an hour's preliminary meeting, the President, his advisors and Stevenson boarded the 52-foot motor yacht Marlin for a two-hour cruise on Nantucket Sound. Mrs. Kennedy went along.

They headed into nearby Lewis Bay and dropped anchor in a quiet cove at Great Island to eat lunch and to continue the strategy talks.

Andrew T. Hatcher, assistant White House press secretary, said the talks were to continue in the evening, and perhaps Sunday before Stevenson's departure at noon.

No More Arms Shipments To Cuban Refugees

MIAMI, Fla. (AP)—The U. S. government stopped sending arms and material to the Cuban underground after the April invasion nad won't resume despite the repeated requests of exile leaders, reliable sources reported Saturday.

"The tasks before us are cast-the problems difficult—the challenges unparalleled," the President said. "This means that all of our countries—nations of the north and nations of the south—must make new efforts of unparalleled magnitude."

Government representatives both here and in Washington have been telling the exiles that the Kennedy administration is still studying the problem of what steps to take next.

Boy Survives Swift Trip In Storm Sewer

MILWAUKEE, Wis. (AP)—A 12-year-old boy fell into rain-swollen Honey Creek Friday and was swept more than half a mile through an underground storm sewer before he managed to pull himself out of an opening.

"Every time I tried to stop it, the current—kept pulling me," said Terrance D. Krueger as he related his experience. "If I were drowned, I kept thinking what my mother and dad would do. I kept praying to God that I wouldn't drown."

Filibuster Talk

WASHINGTON (AP)—A secret meeting of Southern senators has been called for Monday morning, reportedly to map strategy for the forthcoming battle over the Senate's filibuster rule.

Angry K To Reply To Kennedy Talk

Big 4 Look To NATO Allies For Support

PARIS (AP)—The Western Big Four foreign ministers decided to turn to their North Atlantic allies for backing Saturday in their first attack on the mounting Berlin crisis.

In a session lasting 3 hours and 20 minutes, the ministers of the United States, Britain, France and West Germany explored the creeping restrictions being placed on West Berlin by the Communist East German regime. They agreed to approach their North Atlantic Treaty Organization partners with recommendations to build up Western alliance forces.

Broadcast Talk Set Monday Eve

MOSCOW (AP)—Premier Khrushchev, reported angered by the Soviet challenge to Berlin, will speak on a nationwide radio and television network Monday night.

From remarks Khrushchev made to Italian Premier Amintore Fanfani, who concluded a three-day visit here Saturday, it is presumed the Soviet leader intends to reply to Kennedy.

His tone may be guided by his own personal analysis of the young American President's character, which he is reported to have imparted to Fanfani: that Kennedy is a very complex man who is finally guided by the loudest shouter.

Peace Treaty Determined By Soviet Group

MOSCOW (AP)—Leaders of the Communist Warsaw Pact nations disclosed Saturday night they have decided in a secret three-day Kremlin meeting to sign a German peace treaty with East Germany alone, if necessary—by the end of the year.

In a communique reported by the Soviet news agency Tass, the eight-nation pact warned the West that delaying a German treaty indefinitely will "contribute to an intensification of the threat of a new war in Europe and not only in Europe."

A separate treaty with East Germany will safeguard her "sovereign rights . . . including her rights on land, water and in the air," the communique said.

NOT RECOGNIZED
 This may be an indication the Soviet bloc intends to force the West to negotiate with East Germany—which is not recognized diplomatically by any Western power—for free access to West Berlin.

The communique said if a treaty is signed with both East and West Germany, West Berlin, "as a free demilitarized city, would be able to maintain its unhindered communications with the outside world."

But the communique added West Berlin would "lead its independent life . . . in conformity with agreements which will be concluded with the German Democratic Republic."

War Psychosis

WAR PSYCHOSIS
 In a set of notes to the Western powers, published here Friday after they were personally signed by Khrushchev, the Soviet Union complained there was "war psychosis" in the United States since Kennedy's speech. The notes declared Soviet willingness to open negotiations over Berlin but proposed no specific place or time and offered no inkling of readiness to give way on any point.

Border Seal

BORDER SEAL
 Moscow radio announced the scheduling of the Khrushchev speech, without disclosing its subject.

The announcement came just as Western newsmen learned that Walter Ulbricht, Communist chief of East Germany, has been in Moscow for several days.

Western diplomats gave credence to reports from Berlin that Ulbricht is pressing for Soviet permission to clamp a border seal between East and West Berlin to stop the daily flight of more than 1,000 East Germans.

The Khrushchev speech is scheduled for noon Monday, EST.

In his broadcast speech of July 25, Kennedy accused Khrushchev of endangering the lives of mil-

Big Maneuvers Opening Today

FT. BRAGG, N. C. (AP)—Expansive Army-Air Force maneuvers open here Sunday involving more than 40,000 men, many of them reservists and National Guardsmen pushed into the spotlight by the tense Berlin situation.

Operation Swift Strike is designed to test and train commanders and staffs of the Strategic Army Corps, this nation's crack mobile forces which stand ready for instant action any place in the world.

President Kennedy's recent action is alerting some reserve and National Guard units in the face of a possible showdown with the Soviet Union over Berlin has added significance to the exercise.

Although plans for Swift Strike were mapped before the President's action, the second major purpose of the maneuvers is to train Air Reservists and Air National Guardsmen in their part in delivering STRAC troops and providing air support in the process.

Lads Trapped In Ice Box, One Saved After 22 Hours

HUNTINGTON, W. Va. (AP)—Three small boys—two of them dead and one miraculously alive—were found in a disconnected refrigerator in a school Saturday. Police believed they had been shut in about 22 hours.

The discovery in a latched, three-door commercial refrigerator in Altizer Elementary School ended a search that had begun Friday morning.

Cabell County sheriff Harold Frankel found the boys. Roger Keith Bias, 9, and Johnny Carter, 11, were dead, apparently from suffocation. Henry Carter, 9, brother of Johnny, was alive.

"It's a miracle he's still alive," said police Sgt. Sam Watkins.

Watkins said there was a small drain plug near Henry in the refrigerator and that it may have let through air that kept the youngster alive.

Henry was taken to a hospital for observation. He was reported in fair condition.

The school, near their homes, had been searched several times before in the hunt for the boys. Then Sheriff Frankel, who said he acted on a hunch, went there and looked in the refrigerator.

At the hospital, young Henry—evidently fearful of the consequences of having sneaked into a closed part of the school—first told officers an older boy with a knife forced the three youngsters into the refrigerator. Under questioning, Henry retraced the story.

Among Show Winners

Wanda Beutler (top photo) poses with Shana Buck, champion in the 1960 Junior Filly class in the third annual Big Spring Quarter Horse Show staged Saturday. Below is Cousin Clegg, champion stallion of the show, with his owner, V. W. Ogden of O'Donnell, and Miss Beutler. For story on the complete list of winners, turn to Page 5-A.

Phone Employees Get Pay Raise

The 101 employees of Southwestern Bell Telephone Company in Big Spring will receive \$1,000 per month more pay under the terms of an agreement announced by the company Friday.

Byron M. Alexander, Big Spring office manager, said that the pay increases approved in the new contract would increase the company payroll by \$12,000 annually.

Pay increases here, retroactive by agreement to June 30, will range from \$1.50 to \$3 more per week for each worker. The scale is applicable to all telephone workers.

Adjustment for plant craftsmen will be: Minimum from \$61.50 to \$63.50 per week; maximum from \$120 to \$123.50 per week.

Traffic operators: minimum \$54 to \$55.50 per week; maximum, \$72 to \$74.

Service representatives: minimum from \$58.50 to \$60.50; maximum from \$82.50 to \$84.50.

Under the terms of the agreement, Southwestern Bell agreed to upgrade wage scales in 16 cities of which Big Spring was one.

Gibson To Get Special Award

Martin L. Gibson, Stanton, who has 10 years of service behind him as a member of the draft board for Howard, Martin and Mitchell Counties, will be honored for his service at the regular meeting of the board Thursday morning.

Robert M. Dean, Big Spring, who is chairman of the board, will present Gibson with a certificate of appreciation sent him by President Kennedy for Gibson's service on the board for 10-years without monetary compensation. Dean was selected by Col. Morris S. Schwartz, State Selective Service director, to make the presentation.

Gibson, who is a Veterans Administration Service officer for Martin County, has been a member of the draft board since 1951. The certificate which he is to receive has also been signed by Gov. Price Daniel, Lt. Gen. Lewis H. Hershey, national director of the selective service, and by Col. Schwartz.

The ceremony will be at 9 a.m. at the opening of the regular August meeting of the draft board. The third member of the board is Sie Hamm, Colorado City.

Poison Needed In Cotton Fields

Fleashoppers in sufficient numbers to justify poisoning have developed in the Vincent, Luther, R-Bar and Richland communities and bollworms are on hand abundantly in irrigated cotton, Jimmy Taylor, county farm agent, said Saturday.

Other than for fleashoppers and bollworms, other insect pests in the cotton have decreased. Unfortunately the number of beneficial insects in the fields are also diminishing.

Fleashoppers are present in large numbers in all parts of the county, Taylor reported. They are causing heavy damage to younger cotton which is just beginning to fruit. In every field of late June, cotton which was checked last week, control measures were needed.

Fleashoppers are heavy in the fields where older cotton is growing but after the crop has made sufficient growth and is fruiting heavily it can tolerate larger numbers of these insects without damage.

Taylor said that his checks indicated bollworms are still not general over the county. Some fields visited showed sufficient

numbers to justify poison activity but there was no sign of heavy buildups in any special area. In all irrigated fields, the worms are on hand in large numbers and poisoning is essential. Dry land fields are mostly clean so far but careful check should be constantly maintained.

Taylor said that reports from the South Plains area this week reveal the lightest insect infestation in several years.

He added the warning that cotton should not be poisoned unless it is absolutely necessary.

Gets Certificate

Jimmy Montgomery, son of Mr. and Mrs. Clifford Hale of Big Spring, has received a certificate for completion of a 13 months course in medical technology from the School of Medical Technology of Baylor University Medical Center in Dallas. Graduation ceremonies were held in the Assembly Room of the medical center July 28. Montgomery will become a registered medical technologist after successfully completing the national registry examination.

Hereford Tour Is Set Monday

Members of the Howard County-South Plains Hereford Association will make a tour of 13 ranches in the Big Spring area Monday to inspect cattle which are to be consigned to the annual Hereford sale next Dec. 9.

The tourists will gather at 8 a.m. at the Creighton ranch where doughnuts and coffee will be served. The ranch is at the west edge of Big Spring on IS 20.

Next stop will be the Buchanan ranch at 8:15 a.m. The itinerary for the morning includes R. E. Martin ranch, 9:10; James Coates ranch, 9:25; Leland Wallace ranch,

10; Dr. G. T. Fall, 10:45; George W. Knox, 11:30 and Sam Cox at 12:05.

Lunch will be served at Lamesa at 12:45 p.m.

The afternoon schedule includes the F. A. Youngblood & Son ranch, 2 p.m.; Paul Turner ranch, 3:45 p.m.; the Lewis Hereford ranch 4:30 p.m. and Hugh and Rollin Campbell ranch at 5:30 p.m. The tour terminates at this ranch.

Odessa Injured

SAN ANTONIO (AP) — Jack Humberson, 42, of Odessa, was admitted to Santa Rosa Hospital early Saturday in a critical condition with head injuries. His car collided with a chemical express truck on a curve at Nelson City, five miles north of Boerne.

DUST THOU ART

By T. H. Tarbet, preacher
Church of Christ, West Highway 80
P.O. Box 1588

"Dust thou art, and unto dust shalt thou return" was not spoken of the soul

of man. The body (not the soul) was made of dust. Man is a dual being, having body and soul.

"And fear not them that kill the body, but are not able to kill the soul but rather fear Him which is able to destroy both soul and body in hell." (Matt. 10:28)

There is both the outward man and the inward man. "For which cause we faint not; but though our outward man perish, yet the inward man is renewed day by day." (II Cor. 4:16)

Thus death does not end it all. What preparation are you making for life after death? What consideration are you giving to your soul?

if he shall gain the whole world, and lose his own soul? or what shall a man give in exchange for his soul?" (Matt. 16:26)

Because we appreciate the importance of a soul, we give the Bible answer to the question, "What must I do to be saved?" and sing an invitation song at every preaching service.

Sermons today: "A Religion That Satisfies" and "The Gospel at Peter; the Gospel of Paul" (10:30 a.m. and 7:00 p.m.). Bible classes: 9:30 a.m. Welcome.

—adv.

September Social Security Checks Will Be Increased

Social Security clients who are affected by the changes in the Social Security Law which came effective last Tuesday will note the benefits in the checks they are to receive for September. Those who have been receiving the minimum benefit will find

the face of their check increased to \$40. Widow benefits will be upped 10 per cent.

Other persons nearing retirement age will be aided by the lowering of the number of work credits required to become eligible for benefits. Men who are nearing 62 and who would like to retire at that age can now do so under the new amendments.

H. P. Thomas, manager of the Odessa office of the Social Security administration, which serves Howard County clients, said that persons who are eligible for the increased payments need not do anything to benefit from the raises. The increases will be automatically made in their checks effective in August. There is no need for such persons to make an application for the increase.

Thomas said that nationally, half a million widows would be helped by the widow's increase and that two million persons, now receiving the minimum payments, will automatically receive \$40.

Regarding the provision permitting men to retire at the age of that group of men who, because these provisions will help to alleviate the hardships faced by that group of men who, because of ill health, technological unemployment, or other reasons, find it impossible or extremely difficult to continue working until they have reached 65 years.

The lower work credit provisions will make 160,000 Americans, who not now getting benefits, become eligible during the next 12 months.

Thomas pointed out that a number of older persons have applied for benefits before but have been ineligible because they or their husbands did not meet the requirements, in work credits. Many of these persons may now become eligible under the new provisions.

Chip Off The Old Block

Brig. Edward D. Hopkins of Wright AFB, Ohio, congratulates his son, 2nd Lt. Edward D. Hopkins, member of graduating class 62-M, at Webb AFB Friday evening. Lt. Hopkins was one of 53 officers receiving their wings. Looking on are Maj. Gen. Harold C. Donnelly, the speaker, and Col. Donald Eisenhart, base commander.

Need For Good Followers, Webb Graduates Are Told

In a day of increasing complexities, the fundamental virtue of "good followership" is still a key element in effective leadership, Maj. Gen. Harold C. Donnelly declared here Friday evening. Gen. Donnelly, field commander of the Defense Atomic Support Agency, Sandia Base, N.M., addressed a near capacity crowd gathered for graduation of class 62-A at Webb AFB. Included in the group were families and friends of the new pilots, and a hundred or more Explorer Scouts from Big Spring, Odessa, Midland, Notrees, Kermit and Andrews. GENERAL'S SON Also on hand for the affair was Brig. Gen. Edward J. Hopkins, DCS controller of the Air Logistics Command, who came here to see his son, 2nd Lt. Edward D. Hopkins, graduate. Lt. Hopkins is being assigned to Perrin AFB at Sherman for advanced interceptor training. Fifty-three USAF and allied student pilots earned their wings. Gen. Donnelly saw greater opportunities for the better educated men in the Air Force. Today's goal, he said, is a college education for all officers. In the not too far distant future, a bachelor's degree will be insufficient to cope with the complex problems that await officers. He urged graduates to take every advantage of the educational opportunities the Air Force has to offer.

"We often are so busy trying to become good leaders," he cautioned, "that we have little time to be good followers of those placed over us." Everyone, he reminded, has some superior to whom he is accountable. Even the President and the Congress must look to the people. He had a word of advice for young officers in relation to their commanders: Don't bend the boss' ear; don't bother him with trivial matters; don't twist his arm; don't step on his toes; don't try to remake every situation; don't expect praise in everything and thus risk being a malcontent; don't overbuild yourself; don't make direct challenges unless necessary. AIR FORCE CAREER The Air Force still holds out wonderful promise as a career to young officers, he said. He congratulated the six German and two Korean graduates along with those in the Air Force. He said he had served in Germany and Korea and had come to love the people of those countries. Most of the USAF pilot grads will be assigned to units of Tactical Air Command, the Air De-

Senor George Gains Points As Champion Cutting Horse

Senor George, currently high point cutting horse in the national competition for that honor, demonstrated convincingly his right to his position here Friday night in the first annual Big Spring Cutting Horse Show at Rodeo arena. The Jernigan & Tully entry, ridden by Sonny Perry, took top honors in the open class contest. He added a sizeable handful of points—and cash—to his national rating and moved one notch nearer the coveted championship. The horse is from Goldthwaite. He was one of 31 outstanding cutting horses brought here by members of the West Texas Cutting Horse Association for the show. Menacing clouds, gusts of dusty wind an occasional sprinkles of rain threatened to cancel the show but the events went on regardless. Dr. Allen Hamilton, who was local arrangements chief, said that despite the ominous weather a sizeable group of spectators was in the stands and stayed with the show until the final event. 147 POINTS Senor George, with his score of 147 points out of a possible 160, nosed out Joe's Loot, owned and ridden by James Kenney, Carlsbad, N.M., who scored 146. Hamilton's Dusty Rex, ridden by the doctor, was third with 145 points. Nuggett, owned and ridden by Willis Bennett, Gail, was fourth with 144. Junior Command, owned and ridden by Buster Welch, Roscoe, and Ted Nichols, owned and ridden by Jack Parker of Odessa, tied for fifth and sixth money, with 142 points each. DUSTY REX, Dr. Hamilton's local entry, won the \$500 novice class with 141 points. Career Girl, owned by Marion Flynt, Midland, and ridden by Joe Bloodworth, was second with 139; Matney's Lady, owned by Flynt and ridden by Welch, was third with 136; Booger Buck, owned and ridden by Bob Ballinger, Garden City, fourth with 135; Choctaw, owned and ridden by Bill Neely, Midland, fifth, with 130. NOVICE CLASS King Koy, owned by Jess Koy, Eldorado, ridden by Kenny, placed first with 149 points in the \$1,000 novice class. Dusty Rex was second with 143 points; Career Girl, 142, was third; Booger Buck, fourth with 141. Buster Welch, who twice has owned and ridden a world champion in recent years and is well up the ladder this year toward repeating, ran into tough competition in this event and the best he could do was tie for fifth and sixth place. The competitor who gave him a rough go of it was Gregg Welch, his 8-year-old son, riding Old Bill. He and his dad scored 140 points each. Andy Fasken's Buttons won first

Lost Battalion Plans Its Reunion

The remnants of the 131st Field Artillery and the USS Houston—the "Lost Battalion"—will gather for a reunion Aug. 10-13 at the Baker Hotel in Mineral Wells. While the British were building their bridge of screen farms on the southern end of the River Kwai, a group of starved and diseased Americans were dying slow deaths building a railroad for their Japanese captors on the northern end of the same river. These were members of the Lost Battalion. They had been captured at last at Java and sent to a steaming green hell on Burma. Only the aid of two Dutch physicians, who made their own medicines and taught the battalion members how

to supplement their diets with weeds and grasses, helped pull many of them through.

New Measure For CRMWD Means Stabilizing Water

A bill due to be signed into law by the governor may contribute much more to this area than simply protecting its fresh water supplies. E. V. Spence, general manager of the Colorado River Municipal Water District, predicted Saturday.

By spelling out the district's authority to develop and utilize salt water supplies for mining, industrial and other uses, the new measure may extend and stabilize the economy of many portions of this territory, said Spence.

The bill was passed Thursday by the House, duplicating the action of the Senate the week before. Gov. Price Daniel, who permitted it to be introduced during the special session, is expected to sign the measure into law. The bill cleared all hurdles in less than two weeks from the time it was introduced, something of a legislative record. Sen. David Ratliff, Stamford, and Sen. Frank Owen, El Paso, sponsored it in the Senate, and Rep. David Read, Big Spring, Rep. Renal B. Rossen, Snyder, and Rep.

George Cook, Odessa, sponsored it in the House.

CLARIFIES AUTHORITY

Prior to enactment of the new bill, the CRMWD was presumed to possess powers for policing against pollution of its watershed. However, the authority to maintain sanitary conditions is now broadened to include purity of the water. The act goes a step further to be specific about oil field brines, believed to be the principal source of artificial pollution of the area. The district now will have power to plug and cap abandoned wells, to cover salt water disposal pits, and to take other reasonable action to halt such pollution within its watershed.

The measure does not supplant the district's rights or responsibilities under existing laws, Spence explained. It merely strengthens the district's hand to act. So far as possible the district will proceed through regular channels to solve its problems.

Although the West Central Texas Oil & Gas Association appears on the verge of working out some

solution to the problem of satisfactorily disposing of 7,500 barrels of salt water produced each day in wells along the upper Colorado River, Spence pointed out that the new bill will clarify the district's power to proceed against other operators if necessary. The CRMWD has a permit to impound a second lake on the Colorado River in southern Mitchell County, but before the permit will become valid, the district must demonstrate to the state board of water engineers that it can control the salt water pollution in the watershed above the north Coke County line. Now the CRMWD will be armed with unquestioned authority to do just that, Spence explained.

SALT WATER DEVELOPMENT

While the ability to deliver ample supplies of potable water is a key to the area's future economy, Spence predicted that the act will enable the district to make a far greater contribution than that. Under the section which permits the development of ground and surface salt water supplies for mining, industrial and other uses, the district will be in a position to go into the salt water business where feasible.

There are many oil fields where it would not be practical to furnish surplus fresh water, he said. Yet, salt water supplies may be developed in the vicinity and thus made economically feasible for repressuring, such as has doubled and tripled the productivity of some fields. Moreover, the time may come when the use of salt water for repressuring, or for industrial cooling or other purposes will free fresh water to meet rising domestic demands, the manager pointed out. This would have the effect of stretching the area's fresh water supply.

KNOW HOW

The district not only has the experience and resources required for producing and delivering repressuring and industrial water, Spence added, but it also possesses the right of eminent domain. This means that the district could condemn for pipeline right of way, something some private concerns might not be able to do.

At the outset, the CRMWD is faced with the prospect of intercepting a million gallons of salt water per day on the main stem of the Colorado River and disposing of it. In time, the new legislation may offer the district a way to convert this liability into an asset.

Building Eases But Total For Year Passes 3 Million

Building in Big Spring dropped off considerably during the month of July to become the lowest month since January.

The \$318,385 of total building for which permits were issued is \$78,640 below June and less than half the \$666,229 registered during March, the highest month. During the first seven months of 1961,

building permits have reflected a total expenditure of \$3,157,955.

Business construction fell off to \$13,674 for July, less than a quarter of that shown in June. This figure is smaller than only one other month — January. Three new business buildings totaled \$9,200, two additions, \$3,200; three buildings demolished, \$830, and two business signs were valued at \$444.

Twenty-five new residence permits, including one for the First Baptist Church parsonage valued at \$25,000, totaled \$228,500. This figure is \$59,500 below last month.

Additions to residences jumped in number, from eight in June to 17 in July, but the expenditures were not as far apart. July had \$14,836 while there was \$11,700 during June.

Permits for moving residences dropped considerably from \$17,350 in June to \$1,825 last month. Other residential permits issued were for demolishing, \$1,500, and re-roofing, \$1,050. Residential permits totaled \$247,711 compared to \$319,550 the previous month.

A big figure in last month's building permits was the cost of 10 portable school buildings on which construction started last month. They total \$57,000.

Concludes Visit

MOSCOW (AP) — Italian Premier Amintore Fanfani was seen off by Premier Khrushchev as he left for Rome today after a three day visit to the Soviet Union.

CMDR. J. M. GUNN

Recruiter Due Here

Commander J. M. Gunn, assistant director of Navy recruiting for the Seventh Navy Recruiting Area, will be in Big Spring Monday for a routine inspection trip, and to convey new ideas of recruiting policies for the local area.

The Seventh Navy Recruiting Area covers most of the Southwestern United States, with recruiting district headquarters being in Albuquerque, Dallas, Houston, Oklahoma City, and Little Rock. The director's office is located in Dallas, and is responsible for quota assignments, and liaison with the recruiting districts.

CMDR. Gunn is anxious to meet young men or anyone who would like to meet him to discuss any of the Navy's many programs, especially the officer training program. He will be in the local Navy recruiting station in the post office basement from 9:00 a.m. until 5:00 p.m. Monday.

Special Class To Be Evaluated

The 107 boys and girls who were in the special summer classes for non-English speaking youngsters will enroll in the first grade when schools in Big Spring open.

It will be possible then, school officials believe, to fully evaluate how effective and beneficial the special training has been.

Four teachers were employed to teach the youngsters — mostly Latin-American — the fundamentals of English speech in the eight weeks special summer school.

The object of the school was to reduce the handicap that non-English speaking youngsters encounter when they enroll in public school for the first time.

How well the special classes have served and what benefits derive for the 107 youngsters who were enrolled in the classes will determine if the experiment is to be repeated in the summer of 1961.

Aged Woman Dies

FORT WORTH (AP) — Mrs. F. E. Horsfield, 82, died Saturday an hour after a fireman carried her from a scorched bed in her burning duplex. Attendants said she died of a heart attack brought on by severe burns.

Bodies Recovered

HERGISWIL, Switzerland (AP) — Seven bodies were recovered today from the bus that took 16 American tourists to their death in Lake Lucerne Wednesday.

TAX PAYMENTS ARE BEST YET

Howard County taxpayers have set a new record for promptness in paying their tax bills, according to Mrs. Zarah LeFevre, the county tax assessor-collector.

As of Aug. 1, she reported that 97.12 per cent of all county taxes on her books for 1960 had been paid. This is slightly better than the record breaking 97 per cent which was scored in 1955 and well ahead of the 93.20 per cent credited for 1959.

In 1955, tax payments were made by 94.78 per cent of those on the rolls; in 1956, the percentage was 96.65 and in 1958 it was 96.22 per cent.

Nations May Put Squeeze On Castro

WASHINGTON (AP)—A major diplomatic and economic squeeze on Fidel Castro's Cuba appears to be in the making among Western hemisphere nations.

It may come soon after the Inter-American Economic and Social Conference, which opened Saturday at Punta del Este in Uruguay. It could be, in part, a by-product of those sessions.

The United States is letting Latin America carry the ball in the renewed diplomatic battle with Cuba but offering plenty of encouragement from the sidelines.

At the same time Guatemala denounced the "complete incorporation of Cuba in the Soviet bloc" and asked the OAS to take steps to defend the hemisphere from "the lethal danger of international communism in this continent."

Diplomats describe these moves as a process of building up a case for hemispheric action against Cuba.

Such action could take various forms, they say, including a political and economic quarantine similar to that imposed on the Dominican Republic last year. The foreign ministers conference that quarantined the Dominican Republic issued a general denunciation of "extra-continental" influences in the hemisphere but did not mention either Cuba or the Soviet Union.

Many diplomats believe that the time will be ripe for another swipe at Cuba after the Punta del Este conference.

At a news conference in Santiago, Chile, he said such a meeting would have to be held if a nation in the hemisphere were to become a spokesman for Communist policies.

At a news conference in Santiago, Chile, he said such a meeting

Explorers Take In Graduation

Explorer Scouts, gathered from over the Buffalo Trail Council for their first annual Whing Ding, took in the graduation exercises at Webb AFB Friday evening. Maj. Gen. Harold C. Donnelly, left, the speaker, was delighted at having them in the audience, he said, observing that most midshipmen and cadets finishing the Navy, Army and Air Force academies have Scout backgrounds. He is himself an active Explorer leader in the Kit Carson council at Albuquerque, N. M. Approximately 100 Explorers (senior boys) spent a day of contests Saturday at the base. Others pictured are Douglas Orme, Whing Ding chairman; Lt. Lt. James Hurt, Webb Scout Liaison Scouting officer; Don Bunn, Big Spring, Explorer chairman of arrangements; Lt. Lt. Stanley Grant; Col. Donald Eisenhart, base commander.

Southwest Big Spring had from 10 to 20 inch of rain. Midway school east of Big Spring, had .25 inch; Chalk, in the extreme southeast part of the county had .10. Elbow and Lomax had no rain. The Tom Goode Ranch in the Luther area said it had only wind and lightning as was the report from Vincent. Forsan measured .15 inch. Vealmoor had .10 inch and Porter Hanks said he heard there was a little section south of him where an inch of rain fell.

Baby Sitter Is Charged In Suffocation Of Little Girl

DUBUQUE, Iowa (AP)—A charge of manslaughter was filed Saturday against a heavy-set baby sitter for the suffocation of one

of three children she admitted died in her arms.

Mary Kathryn Madigan, 29, was given until Aug. 15 to enter a plea in the death of Gail Nemmers, 3, who died of suffocation while in the 180-pound woman's care Thursday night.

County Attorney Robert Oeth said no charges would be filed in the deaths last month of Gail's sister, Karen Sue, 22 months old, and Michael Fitzpatrick, 4 months, because the county medical examiner had ruled they died of natural causes. She is being held in lieu of \$8,000 bond.

Police quoted her as saying she held her hand over Gail Nemmers' mouth "quite a bit" because she was crying. After the child died, police found that Madigan also had been babysitting when Mr. and Mrs. Wayne Nemmers' other girl died and when the son of Mr. and Mrs. Russell Fitzpatrick died.

The Nemmers have a son, Richie, 5. The Fitzpatricks have no other children.

Police said Madigan told them she held Karen Nemmers and the Fitzpatrick boy with their mouths close to her neck until "they seemed to gasp for air and their bodies went limp."

Newspaper At Portland Sold

PORTLAND, Oregon (AP)—Samuel L. Newhouse of New York Friday became the owner of two Portland daily newspapers with the purchase of The Oregon Journal, an afternoon publication, by the Oregonian Publishing Co.

Newhouse has owned the Oregonian, a morning newspaper, since 1950. Both the Oregonian and the Journal publish Sunday editions.

The purchase price was "in excess of \$8 million," said a statement by the trustees of the Jackson Foundation, established as the Journal's owner by the will of Mrs. C. S. Jackson.

Beside the Portland papers, Newhouse owns 12 other newspapers, a minority interest in two more, and major interests in two magazine publishing companies.

Michael J. Frey, publisher of the Oregonian, said the Journal "will be maintained as a daily newspaper and will be separate from and competitive with the Oregonian in the news and editorial fields, including political policies."

William W. Knight will continue as Journal publisher, said Frey. Frey said the Journal will be produced in its present plant until preparations can be made to combine the mechanical facilities of both newspapers at the Oregonian building.

Varying Showers Sweep County In Sudden Storm

A swift moving late afternoon thunderstorm swept over Howard county late Friday dumping rain in varying amounts in nearly all parts of the county.

Heaviest rain reported was on the Wilkinson Ranch west of town where .50 inch was gauged. There were reports of rain up to an inch in the vicinity of Midway and also in a limited area south of Vealmoor but no confirmation was available. Many sections received no rain but all areas shared in the vivid electric storm and the gusty sand which ushered in the storm.

Keeper at the Moss Creek Lake reported a blinding rain which dumped .40 inch of moisture in the fleeting span of 10 minutes struck the lake at 8:10 p.m. After the brief deluge the rain quickly tapered off and only scattered sprinkles continued.

In Big Spring, the storm rolled in on the heels of a humid hot day. Downtown thermometers hit 101 degrees around 5 p.m. Officially, the U.S. Experiment Station said 99 was its peak reading. The low was 65.

It has been some weeks since the temperature has touched the century mark in Big Spring. Rain here in town was light and varied. The Experiment Station showed .45. Webb AFB had .30 inch and TESCO switching station did not have enough moisture to measure.

Trees Destroyed On Schoolground

HOUSTON (AP)—Someone chopped down every tree on the Mt. Carmel High School campus Friday night.

The Rev. Gerard Benson, principal, said students had raised the money to plant the 25 trees since the school opened in 1956.

"When we opened there was nothing on the campus," he said. "Now we're back to nothing."

U.N. Pledges Safety In Talk

LEOPOLDVILLE, the Congo (AP)—The United Nations offered full security guarantees to Katanga President Moise Tshombe today if he should come to Leopoldville for talks with the new central government of Premier Cyrille Adoula.

Adoula told U.N. Congo chief Sture Linnar Friday night he would be willing to confer with Tshombe on measures to reintegrate the mineral-rich province with the central government—but only if Tshombe comes to Leopoldville for the meeting.

"If Tshombe wants to come the premier will be happy to see him," a Congolese spokesman said, "but we're not going to get bogged down in any preliminary quibbling over details of security and such things."

He added the government had no objections if the United Nations wished to give Tshombe bodyguards. Tshombe had requested Linnar to arrange a face-to-face meeting and specifically asked that he be under the world body's protection if he made the trip to Leopoldville.

DEAR ABBY

A Rival In His Dreams

DEAR ABBY: If anybody asks you if she should marry a widower who was married to the same woman for 42 years, tell her not to.

I have been married six months to a widower who is wonderful to me when he is awake, but he calls me Ida in his sleep. I was married and widowed twice, and I never once called my present husband Wendell or Herbert. If I can be careful, so can he. I am certainly not interested in a divorce at my age, but I would like to know how to handle this heartless old cuss.

DEAR HURT: It is not easy to forget a 42-year-old hitch, so be patient with him. Your husband isn't responsible for what he calls you in his sleep. (At least you know who Ida was.)

DEAR ABBY: The boy I like is 20, but my mother won't let me go out with him because I am only 15. My mother says this boy is too fast for me, and is only out for what he can get. Abby, he does have a bad reputation, but I have been out with him twice on the sly, and every time he started something I didn't like I put him in his place and he behaved okay again. I wish you could help me convince my mother that, if she lets me date him without sneaking, she won't have to worry about me. I want to be able to date him out in the open. I know I can handle him.

DEAR CENSORED:—And what if you can't? Listen to your mother, Honey. Bad reputations are highly contagious. A 20-year-old man who would date a 15-year-old girl on the sly is bad news.

DEAR ABBY: I am at the end of my rope. I have earned (and am still capable of earning) top wages as a secretary. Instead of working out, I must stay home and care for my husband's elderly father. Grandpa is 82, senile, and has no control over his kidneys. He puts things on the stove and forgets them. He smokes constantly, and I must watch him every minute to see that he doesn't set himself, or the house, on fire. The poor old man is very deaf and difficult to be with.

My husband says it is all right to leave him alone, but I know better. Grandpa has many other relatives, but they don't even both-

Election Measure Given New Life

AUSTIN (AP)—A slim majority managed Saturday to inject a small spark of life in a House-passed bill to require a majority vote in special elections.

The measure was considered dead Friday when a Senate committee refused 5-4 to give the bill a favorable report.

The bill was referred to another committee today by a 14-13 vote. Sen. Henry Gonzalez of San Antonio, who did not vote on the bill at the Friday committee hearing, voted to re-refer today.

Presented Medals At Webb Ceremony

Col. Howard Lindsey, in the photo at left, and Lt. Ronald L. Cheney, pictured right, were recognized Friday at a wing review for outstanding service. Col. Lindsey was cited for his work as

commander of the Air Base Group and Lt. Cheney for alleviating a shortage of air traffic controllers. They are shown with Wing Commander, Col. Donald W. Eisenhart.

Two Officers Get Commendations

Two officers, one of them retiring from the service, received the Air Force commendation medal at a wing review Friday.

In addition to the medal, Col. Howard W. Lindsey received a letter of appreciation from Lt. Gen. James E. Briggs, commander of the Air Training Command. The colonel was cited for exceptional service as a commander of the 3500th Air Base Group at Webb from July 11, 1960 to June 2, 1961.

First Lt. Ronald L. Cheney was

decorated for having alleviated a shortage of air traffic controllers. Col. Donald W. Eisenhart, wing commander, presented the medal to the two officers.

Observing that Col. Lindsey was retiring from service, Gen. Briggs wrote: "During the course of our career, you have been part of an era which has produced the greatest technological advances in the history of aviation and aerospace power. Now, as you retire, you may take justifiable pride in your personal contributions to these achievements... I extend to you my best wishes for happiness and success."

During the period of Col. Lindsey's command here, he excelled at all tasks assigned him, the citation read, and displayed outstanding ability in the management and operation of the Air Base Group. His leadership resulted in the group performing its assigned mission in an outstanding manner that the ATC annual inspectors praised the work.

Lt. Cheney distinguished himself by meritorious achievement as assistant TAPCON chief controller of the 2038 Airways and Air Communications Service Squadron, Larson AFB, Wash., from Jan. 1, 1960 to April 30, 1961. He prepared and personally conducted an Air Traffic certification course, qualifying one-officer and 220 airmen successfully for the USAF Air Traffic Control certification. This all alleviated a substantial shortage of controllers throughout the western airways region.

Col. and Mrs. Lindsey are moving to Florida. He is a native of the University of Florida, a veteran of 21 years and seven months in the Air Force, plus five years as an active reservist.

Officer Slain Making Arrest

SAN DIEGO, Tex. (AP)—Constable Pedro Sandojo, 43, of Duval County was shot to death Friday night while assisting in an arrest.

Guadalupe Guajardo Jr., 18, of San Diego was charged with murder with malice Saturday in nearby Alice. The shooting occurred just over the Jim Wells County line.

Justice of Peace Alberto Garcia said Guajardo pleaded guilty at an examining trial and that he will be bound over to the grand jury. He is held without bond.

Sandojo and four other Duval County officers were investigating a report that someone was entering a house, deputy Sheriff J. I. Saenz said.

Saenz said that while the officers checked the house, Sandojo took charge of the prisoner. The captive had his hands in his pockets, Saenz said, and when Sandojo ordered him to remove them, he was shot through the heart by a pistol.

Courts Ready Soon

The handball courts at the YMCA should be ready for use when the Y re-opens Aug. 21 after the summer vacation, according to Joe Leach, physical director.

JFK May Concede Cut In Non-Military Spending

WASHINGTON (AP)—Some Congressional supporters of President Kennedy's programs say privately a moderate cutback in non-military domestic spending plans may soon be inevitable.

They think Kennedy may have to make such a concession to win congressional approval of anything approaching his request for \$8.8-billion long-range foreign-aid loan authority, now the administration's No. 1 legislative project. Such a concession also might help salvage the President's interim tax program, now in trouble in the House Ways and Means Committee.

Any reductions in outlays in such fields as housing, for example, might be announced as postponements rather than cutbacks and would be carefully calculated. Ever since Kennedy asked for an additional \$3.5 billion for defense, Republicans have been demanding outright abandonment of some Kennedy domestic programs. Any move in that direction would, of course, make political capital for them.

Moreover, the administration to all appearances is counting heavily on a business boom this year and next and wants to gear its fiscal policies to stimulation, not deflation.

C-City Jaycees Assist At Baird

COLORADO CITY — (SC)—A team from the local Jaycee organization is seeking to organize a chapter at Baird.

Headed by Buzz Majors, a city councilman and charter member of the local Jaycees, the group explained the workings of the organization and set Aug. 15 as a second meet to compete details of establishing the new unit. Nine members made the trip to Baird last week, including Drew Ballard, president.

Union Man Hits Big Business

CHAUTAUQUA, N. Y. (AP)—James B. Carey, president of the International Union of Electrical Radio and Machine workers, Friday night accused big business

and industry of not wanting racial equality "any more than they want political or economic democracy."

He attacked big business for what he termed "price fixing and bid rigging; for opposition to social security benefits and health insurance protection; and for fraudulent advertising."

W. W. Inkman Is Presented Sears Award

Will W. Inkman Jr., West Texas area supervisor for Distributive Education Services for the Texas Education Agency and the University of Texas, is a recipient of the Sears-Roebuck Foundation 10-year meritorious longevity award at the Sears-Roebuck Foundation. The award was presented at the Driskill Hotel, in Austin Thursday.

William F. McCurdy, Dallas, vice president of the Sears-Roebuck Foundation, gave the award in connection with the summer workshop conference for Texas Distributive Education personnel. Inkman is the son of Mr. W. W. Inkman, 1407 Runnels, and the late W. W. Inkman. Previously employed with the Dallas Independent School District as a coordinator of distributive education and an evening school instructor, Inkman has been in his present position for the past four years working out of area offices in Big Spring. He supervises Distributive Education activities in 95 West Texas counties and serving as a in Odessa, El Paso, Amarillo and San Angelo offices. Inkman also serves on public school accreditation examining teams in West Texas.

Others receiving awards or recognition during the evenings activities included Mrs. Elaine Walker, coordinator, Houston Independent School District; Felix Wright, editor, Dallas Times-Herald; and Plasco G. Moore, vice president, Texas Retail Furniture Association.

County Court Jury Docket Set Aug. 14

Judge Ed Carpenter, county court, has set a jury docket to try 17 criminal cases for the week of Aug. 14.

He announced that the docket will be sounded on the afternoon of Aug. 14 and that a jury panel will report for duty on the morning of Aug. 15. Trials are to continue through Aug. 18.

Eleven of the cases set for trial are for driving while under the influence of intoxicating liquor.

Defendants named in these cases are John R. Ashbury, Julia Bonfield, Sarah Weeks Miller, Rufus Wright, Joe Robinson, Jackie Rhea Snow, Robert C. Lawson, O. B. Godwin, George T. Thomas, Kenneth D. Foster and Earl P. Stark.

Other cases set for trial include Elbert E. Lawson, shoplifting; Winfred B. Stafford, carrying arms; Valentin Carrisalez, transportation of liquor; Mable Reed, transporting; George T. Thomas, carrying arms; and Johnnie Russell Lott, driving with license suspended.

July Court Activity Lags

Litigation lagged a little in Howard County during July. Wade Choate, district court clerk, said there was a decrease in nearly every activity of his office during the month as compared to June.

Statistics on activities in the court for July (with comparable figures for June shown in parentheses) follow:

Tax suits dismissed 2 (1); divorce suits filed 22 (31); divorces dismissed 2 (10); divorces granted 15 (17); annulments granted 1 (4); adoptions filed 9 (3); adoptions granted 4 (1); dependent and neglected children actions filed 1 (3); civil suits filed 19 (24); civil suits disposed of non-jury, 7 (17); civil suits disposed with jury, 1 (0); civil suits dismissed 9 (5); civil suits appealed 1 (0); habeas corpus filed 1 (1); contempt of court petitions filed 6 (3); child support cases added to ledger 2 (7); criminal cases tried without jury 6 (0); criminal cases tried with jury 2 (0); passport applications made 11 (27).

Tech Tests Show Pigs Don't Need Much Floor Space

LUBBOCK — How much pork can you produce per square foot?

Or, how many square feet of space should swine growers allocate for each hog in a pen?

Stanley Anderson, Texas Tech associate professor of animal husbandry, has a continuing research program on the confined feeding and raising of hogs at the Tech farm.

"Confined feeding of hogs on concrete floors is becoming a necessary part of the swine business in West Texas," Anderson said. "First, land is very expensive, and, secondly, a greater net profit per acre can be produced from cash crops than from hog pasture."

Anderson noted that a large amount of research data now exists that point out hogs will make equal daily gains and convert feed to pork as cheaply when fed in confinement as when they are fed on pastures.

City Will Receive Bids On Three Police Radios

Purchase of three mobile transmitter-receiver radios for the police department and extension of water service to Muir Heights Addition are on the agenda for the regular commission meeting Tuesday at 5:15 p.m.

City Commissioners will read and consider bids for the three radios which will replace old units now being used by the department. One of the radios will be traded in and the other two will be assigned to Civil Defense, according to A. K. Steinheimer, city manager.

A report by Forrest and Cotton, Inc. on extending water service to Muir Heights Addition and the surrounding areas will be presented for review. The proposed plan calls for installing a pump station with two pumps at the ground reservoir in City Park and running lines to the area. A tank would have to be built there to store water.

This plan calls for spending about \$105,000 and would necessitate spending about \$10,000 on additional pumps later at the Lancaster reservoir, Steinheimer said.

"The city cannot afford this at present," he said.

Two alternate methods have been proposed. One would mean tying into the State Park Mountain line and would require building a ground storage tank near

the City Park. The other plan calls for tying into the well line and installing a ground storage tank and pumps near the bridge on US 87 south.

"Neither alternate plan is better or more economical," Steinheimer said, "but we felt we owed it to the citizens to show them other possibilities."

Change order number two on the Filter Plant contract will be read and considered. The change is in using improved water seal construction joint material at an added cost of about \$900. The sealer which was originally selected cost 10 cents a foot and the new material will cost 50 cents a foot, Steinheimer said.

A request from a Latin-American committee to close NW Fourth Street from Bell to Aylford on Sept. 15 and 16 for celebration of Mexico's Independence Day, will

be considered. The request includes permission to hold a parade in downtown Big Spring Sept. 16.

Other items on the agenda are recommendations from the Planning and Zoning Commission, the Traffic Commission and the Taxicab Committee.

Methodist Men To Hear Two Students

Two exchange students will be speakers at the Monday evening meeting of the Methodist Men at the First Methodist Church. The dinner affair is set for 7 p.m. in Fellowship Hall.

The two who have been in Big Spring this summer under the technical students exchange program are Joseph Bissada of Egypt and Gottfried Chlichtharle of Germany.

Big Spring (Texas) Herald, Sunday, August 6, 1961 7-A

C-C Member Solicitors Will Dine

An evening meeting of the Big Spring Chamber of Commerce Contact Club members and their wives has been scheduled Thursday.

The meeting will begin with a hospitality hour at 7 p.m. at Cosden Country Club. Dinner will be served at 8 p.m.

Cost of the affair will be \$2 each for dinner. Members who turn in the card of a new membership will dine free. Two new membership cards turned in entitle

both the member and his wife to a free dinner.

Members who qualify for the "Ambassador's Club" by having sold five or more new memberships will receive special recognition.

Johnson Discusses School Problems With ABClub

Using a recently published brochure as a reference, Johnny Johnson spoke before members of the American Business Club at their regular luncheon Friday at the Settles Hotel.

Johnson, a member of the board of trustees of the Big Spring Independent School District, discussed changes in the school's tax structure, proposed school sites, portable buildings to be used as classrooms, the board's decision to make Social Security benefits available to teachers, and touched briefly on the district's PE program and the Gay Hill Center Point annexation.

Johnson reminded his listeners that the board's problems were the public's problems "because the schools belong to everyone." He mentioned that Emmett McKenzie would be a guest of the club at a later date to discuss the decision to abandon athletics on the seventh and eighth grade levels in greater detail. McKenzie is athletic director and head football coach of the local schools.

Garner McAdams, president of the club, said that the following committee chairmanship appointments had been made: Projects — Bob Hickson; publicity — James Underwood; music — Merrill Creighton; civic affairs — Charles Dunnam; membership and attendance — Bob Rogers; hospital and visitation — Bill Dunn; luncheon — John Davis and Leon Farris, co-chairmen; program — Johnny Johnson; social affairs — Morrison Robertson; athletic — Harold Davis; bulletin — V. A. Whittington; conventions — Don Anderson and Gerald Oakes, co-chairmen.

Attends Course

Marie Rowland, Big Spring, was among those enrolled during the past week in the Texas Real Estate Association institute. She was in course No. 1 of the intensive study which leads eventually to the copyrighted designation of certified master broker and certified master salesman. There are three courses in the series.

HONORED PHOTOGRAPH Tina Walker as 'Winsome'

Local Photographer Has Work In National Exhibit

Frank Brandon, local photographer associated with Barr Photocenter, has received recognition by a group of his fellow professional camera men.

Walker, young daughter of Mr. and Mrs. Ralph Walker of the Gail Route, and is titled "Winsome." Juries of distinguished photographers in the portrait, industrial and commercial-illustrative fields judged the entries for the exhibit. From more than 5,000 prints sent in, some 1,000 were accepted for display. Photos accepted for the display earn merit points toward a master's degree, highest honor bestowed by the Professional Photographers of America.

Hock Resigns Post At Stanton Church

STANTON (SC) — Earnest Hock, education director at the First Baptist Church, has resigned his position effective Sept. 1 due to failure of health. Hock suffered a stroke last autumn. He once served as director of music and education in the First Baptist Church in Big Spring.

Negro Candidates

ATLANTA, Ga. (AP)—Six Negroes are among the 85 candidates who have qualified for the Atlanta city primary Sept. 13. Two of the Negroes—both incumbents—are unopposed in their bids for reelection.

KAY'S KLIPBOARD

BSHS Student Council To Participate In Workshop

By KAY LOVELAND

Members of the Big Spring High School pep squad who have not picked up the material for their uniforms may do so now at the Fabric Mart.

Visiting in Dallas this week are JUDY JOHNSON and JACIE CLARK. They are staying with relatives of Judy's.

JULIUS GLICKMAN plans to leave for Austin Aug. 10 to join a group of 14 students who will fly to Santiago, Chile, on Aug. 11. He will probably come back to enroll in classes at the University of Texas, where he is a senior, on Sept. 20. The group is going to Chile on an exchange program for a month and will observe life at the University of Santiago as well as in other spots in the South American country. They will also stay over a few days to witness the youth festival held in that country annually.

All the officers of the BSHS student council will attend a workshop on the campus of Trinity University in San Antonio Aug. 6-11. Going will be president BOB MOORE, first vice president COY MITCHELL, second vice president KARON KOGER, recording secretary KATIE BESS MORGAN and corresponding secretary DIANE BELDA. Accompanying them will be Mr. and Mrs. Don Green, sponsors.

The local students will be among 150-175 other council members who will attend workshop lectures and work on group projects.

Consultant for the workshop will be Julia McKemie, executive secretary of the Arkansas Association of Student Councils.

The workshop will be on a competitive basis with all students participating actively in the work. Lectures will include:

Monday, "Objectives and Activities;" Tuesday, "Council Organization and Responsibilities of Members, Committees, Officers and Sponsors;" Wednesday, "Problems and Activities;" Thursday, "Working With Others—Group Techniques and Inner Group Relations;" Friday, "Evaluation of the Year's Work and Workshop."

Mrs. Green states that the purpose of student council activity in our schools is to teach students the principles of the democratic process and good citizenship through participation.

"The prospects are wonderful," said Dr. W. A. Hunt in speaking of the outlook for HCJC this coming year and in the future. Dr. Hunt, president of the college, stated that the college's problem in the next years would be "not how to get students, but where to put them."

As proof of his statement that "not another school this size offers more in the way of curriculum," he related that a mother from Dallas studied all the junior college catalogues in Texas and then decided to enroll her daughter in HCJC this year.

Three new brides this weekend are MRS. TERRY SCOTT JONES, MRS. WILLIAM E. SHOCKLEE and MRS. GORDON MYRICK. Mrs. Jones, the former Prissy Pond, and Mrs. Shocklee, formerly Kay Cunningham, were married Saturday, while Pat Winterrowd of Pecos was to become Mrs. Myrick today.

The First Baptist Church was the scene of the Jones' wedding; the Shocklee ceremony took place in the base chapel at McCollum AFB in Wichita, Kan.; and the Winterrowd-Myrick wedding was to take place in the First Baptist Church chapel in Pecos.

More VA junior volunteers are GLENN WHITELEY, laboratory recreation and engineering; BOB DAWES, X-ray and library; DAN CONE, supply, recreation and X-ray; and GLORIA FLETCHER, dietetics and nursing.

Six of our local young men left this past week for six months of army training at Fort Leonard Wood, Mo., and Fort Sill, Okla. Quite a few mothers, sisters and girlfriends had wet eyes when the train pulled out. The new soldiers are LUTHER BELL, DON STATHAM, ROBBIE SANDERS, and WAYNE MULLEN, Big Spring; and DAVID SHANKS and LYNDON HUCKABY, Stanton. They are on active duty for six months and then will return to their National Guard unit.

Special Days For Faculty

Four days in the ensuing 1961-62 school year have been set down on the calendar for in-service education activities, it has been announced by the Big Spring Independent school.

These special days are for the faculty members. No classes are to be held on those days. Teachers will be provided with special training programs to help them with their work. Details on the programs to be presented are yet to be completed.

Similar in-service days were featured last year. Generally they are utilized for the development of improved teaching methods. Specialists in the specific field for which a day is earmarked are presented and the faculty members afforded opportunity to benefit from expert suggestions.

Initial in-service day is set for September. Another is marked for early in February. The third will be in February and the final one in March.

Bombs Exploded

PARIS (AP) — Two plastic bombs—favorite weapon of President De Gaulle's enemies—exploded in Paris early today.

Authorities Plead For School Traffic Safety

Buses loaded with students, parents driving their youngsters to school, and many children walking and riding bicycles will soon be a daily occurrence in Big Spring.

While the need for a safety-conscious public is constant, it will be brought more sharply into focus on the opening day of school. The need for greater caution, when driving in the vicinity of schools, was emphasized by Lt. Stanley Bogard, head of the police department traffic division.

"We urge all motorists to be extra careful around the schools," Lt. Bogard said. "We would like this year to be completely accident-free around the schools."

Current speed limits through school zones are 20 miles per hour but this may be too fast, according to Lt. Bogard. Ten or 15 miles per hour is safer when children are crossing the streets.

STOP DISTANCE
Lt. Bogard pointed out that under ideal conditions, a car traveling 15 miles per hour can stop in 15 feet, and a car traveling 20 miles per hour, 25 feet. Increase the speed to 30, and it takes 55 feet to stop.

These distances are on dry pavement, however, and do not include time and distance consumed by driver reaction—the time it takes him to think about stopping, and taking his foot off the accelerator to apply the brakes. On rainy days, with pavement wet, the distance increases.

A major problem is that of students darting into the street from behind parked cars. "They scatter like a covey of quail and are apt to run in any direction. It is up to the motorist to keep alert and drive slowly enough to stop in time," the officer said.

Congestion around the schools at three intervals—when classes take up in the morning, at noon, and when school lets out in the afternoon—causes a lot of headaches, and is a source of constant worry to the police, Lt. Bogard said.

DANGEROUS
Cars pile up in long lines as

parents drop off their youngsters or pick them up, which results in youngsters crossing the street every few feet, running across the street in front of other cars and creating a potentially dangerous situation.

"We will maintain an officer at every school that we can in the morning before school, at the

lunch hour, and when school is letting out," Lt. Bogard said.

This year a greater effort will be made to get students to cross only at crosswalks, rather than all up and down the street, Lt. Bogard said.

EXTRA BLOCK

"Parents should keep in mind that it is easier and safer to let their youngsters out of the car on the school-side of the street. Even if it means driving around an extra block to do it, Lt. Bogard said the added safety is worth it.

School buses will be traversing the streets and highways daily

and the same caution prevails when driving nearing them.

When approaching or overtaking a school bus, which is stopped to either unload or pick up students, motorists must stop fully before proceeding around the bus. Speed limit going around a stopped bus is 10 miles per hour.

Tribute To Editor

AUSTIN (AP) — The House of Representatives passed a resolution Saturday in tribute to Cecil Vick Lindley Jr., managing editor of the Bryan Daily Eagle. Lindley died last week.

Miss Big Spring Goes To College

IF YOU HAPPEN to attend one of Texas' many colleges or universities where the weather doesn't get quite so cold in the winter, then a double knit, all wool suit may be your choice for the night-time football game. Joan's choice above, made in Italy, is accented with a red and white high collar and is suitable for practically any college event.

Representative of hosts of young people who soon will be campus-bound is Joan Bratcher, who reigns as the year's "Miss Big Spring", and who will be going back as a sophomore this year to Graceland College in Lomoni, Iowa. Like other collegians, and those who will soon be collegians—and those who are going back to public school—Joan finds herself busy shopping for clothing and many other items essential for the school year. Joan has been pictured here in Big Spring shops, many of which are emphasizing "Back to School" values.

WHERE JOAN GOES to college, (Iowa), it gets pretty cold, so she dresses in sportswear that is eye-catching and warm. She knows it's important to stay comfy and look attractive at a football or hockey game. Joan has chosen a red and gold heather sweater and red heather pants; and from the look in her eyes her next choice will be a belted madrigal suede coat.

I DREAMED I went to college with my cerulean mink stole. If it did happen to be just a dream, Joan still can go to college with a beautiful eccle-tail dress. It's in a blue shade, all silk, and fashioned at the waist with large flowers of different shades of blue.

SUMMER IS ENDING and so is Joan's supply of cosmetics. Before returning to Graceland College, Joan wants to be sure she has plenty of cologne, powder, lipsticks, and all those other "aids" that are so important to Miss Co-Ed anywhere. It's difficult to decide on cologne, but a lot of fun to sample while shopping.

AN AID TO STUDY is soft music, so Joan picks out a new record player to take back to Iowa. She also will need some soothing records by such favorites as the Kingston trio, Dave Brubeck, Ray Charles (music to study by). Joan may not have the opportunity to attend any musical shows, but this won't keep her from enjoying the music from current Broadway hits.

ALL ABOARD is the shout, and it's time for Joan to make her long trip to Lomoni, Iowa, where she will be a sophomore at Graceland College. She has selected her beautiful, new white luggage, (photo at right), which will be a mark of distinction as she travels to and from school, and on any important weekend trips that might be hers to enjoy throughout the school year.

BIG SPRING, TEXAS, SUNDAY, AUGUST 6, 1961

Well Adjusted

After living in cooler climates of Alaska and Missouri, the family of Lt. Col. Jack Price, 27 Albrook, has become accustomed to Big Spring's warmer days. JoJo, the family's Boston terrier

who was born in Alaska, still yearns for an occasional cool breeze. Pictured, left to right, are Mark, Mrs. Price, Jackie Ann, Col. Price and Rick.

ROUND TOWN

With LUCILLE PICKLE

Fashion designing must be a 'way out' profession. The top men and women in the field can just let themselves go when it comes to thinking up something to call high fashion, and if it catches the fancy of fashion writers, women seem to be fairly easy to convince.

Take, for instance, the length of skirts. Long skirts for daytime wear make the wearer rather dowdy in appearance. . . short ones with the back of the knee showing make a short person appear much broader in the hips and a tall person takes on a gawky look. This fall the skirts on the new frocks are short. If one finds a fit and 'doesn't' go for the elevated hemline, the dress must be altered, if there is enough material left to face.

Then there is the case of the cape style coat or jacket. Only the tall women get by with the wearing of these pretties. But the short ones will wear them, even if they do look like a box with legs. It's the same with hats with high crowns. They are a fashion asset to both the tall and the short but the short woman is given a much greater assist. Tall women just look taller but it is a most becoming style for most women. Much more so than a flat sailor on a five-foot-tower.

It is comforting to know the shoe designers have caught on about the super-pointed toe and are at least going to give the women a choice. It will be interesting to see how the sales go. I personally hope the heels get a little more ground support.

CHAPLAIN and MRS. C. O. HITT are to be in Glorieta, N.M., this week where he will attend a Baptist chaplain's meeting.

MR. and MRS. DONALD WILKINSON of Dallas spent the weekend here with his parents, MR. and MRS. DOC WILKINSON and Tommy, en route to San Diego, Calif., where they will visit her parents. The Doc Wilkinsons are to be in Tyler this week to visit his brother who is ill. They also plan a short visit to San Antonio before returning here.

The NORCLIFF MYERSES with their three children, Norcliff Jr., Jeffrey and Sandra, are vacationing at the Lake Thomas cabin of her father, A. E. SUGGS. They had come here in late July to at-

ended a family reunion which was held at the lake. Both of them were former teachers in the Big Spring school system.

The Myerases now make their home in San Antonio and brought Norcliff's buddy, Robert Stern, along for the visit. CHARLES SUGGS of Los Angeles, Calif., is to leave Aug. 10 for his home. Others who attended the reunion were R. W. SUGGS, San Bernardino, Calif.; MR. and MRS. CLYDE MURRAY and family of Mineral Wells; MR. and MRS. TEX MURRY of Dallas; MRS. SAM BUTTOMS of Mission; MR. and MRS. CLYDE NEWELL, Abbeville, La.; MR. and MRS. JIM NEX and family of Wichita Falls; MR. and MRS. BILLY SUGGS and family of Lubbock; MR. and MRS. CURTIS HENLEY and fam-

ily of Oklahoma City; EARL SUGGS of Tecumseh, Okla.; and MRS. TOM ROWDEN of Elk City.

J. TOM ROGERS, who underwent surgery last week, is doing well.

Farewell affairs for two popular Big Spring women will be taking place this week with in-honor affairs for MRS. DONALD EISENHART, wife of the Webb AFB commander, and MRS. FLOYD PARSONS, whose husband has accepted the superintendency of the Little Rock, Ark., schools. Big Spring will miss both families.

Odd Fellows Initiate

STANTON (SC) — The Stanton Oddfellow Lodge met Thursday night at the IOOF hall. Receiving the third degree of Odd Fellowship was John Murdock and Arbie Smith. Those that received the initiatory Dgree were Eddy Avery, Charles E. Butler and Ben Keel Jr.

Schedules Wedding

A Sept. 27 wedding is planned by Carolyn Wilkerson and Airman 1st Class Kenneth L. Moss, according to her parents, Mr. and Mrs. Leonard Wilkerson, 210 W. 29th. Moss's mother is Mrs. Helen Moss of Lansing, Mich. Time and place of the wedding have not been set.

After Alaska, Price Family Makes Move To Smaller Texas

After living in Alaska, where else could the family of Lt. Col. Jack Price move to but Texas? They could move to Missouri and that's where the Colonel was stationed before coming to Big Spring. Col. Price, commander of the 331st Fighter-Interceptor Squadron, and his family arrived in Big Spring July 10, from Kansas City, Mo. The family resided in Kansas City eight months; they spent 3 1/2 years in Anchorage. Being stationed in Alaska was one of the most enjoyable experiences for the Prices, they said, especially since they were there when Alaska became a state.

All the Prices enjoy skiing, especially Col. Price and his sons, Rick, 13 and Mark, 12. Since there is seldom snow in Big Spring, the family may take up water skiing. Other interests of Col. Price and his sons include hunting, fishing, skeet shooting, bowling and building radio-controlled air planes.

Most of Mrs. Price's time is taken up by 16 month-old Jackie Ann, who was born in Albuquerque, N.M., but she learned to snow ski in order to keep up with her husband and sons, but Mrs. Price says she is more adept at sewing and making hats.

In Alaska, Mrs. Price took a

millinery course and has made three hats which she proudly wears.

When the Prices moved to Alaska they were totally unprepared for the beautiful summers there. In fact, they went prepared for long, cold winters and had to send back to the states for lawn furniture and barbecue equipment.

Col. and Mrs. Price are from the same hometown of Grand Junction, Colo., and both attended Mesa Junior College. Col. Price also attended the University of Pittsburgh before joining the Air Force. Another coincidence is that both worked for the hometown newspaper; Mrs. Price as receptionist and Col. Price was ap-

prentice printer. The couple married after he finished cadet training in California.

The Prices say they think they will enjoy Big Spring, especially since it isn't a large city. The boys are looking forward to starting to a new school; Rick will be in high school and Mark will attend Goliad Jr. High.

Stanton Bride Is Shower Honoree

STANTON (SC) — Mrs. Dwayne Thompson, the former Joetta Franklin, was honored Friday night with a bridal shower in the home of Mrs. Gene Clements.

Hostesses were Mrs. Bob Deavenport, Mrs. Billy J. Louder, Mrs. Hester Badgett, Mrs. Roland Swanson, Mrs. Prentiss Hightower, Mrs. Woodford Sale, Mrs. Gene Clements, Mrs. J. R. Murdock, Mrs. Elmer Long, Mrs. Edward Smith, Mrs. J. C. Sale, Mrs. Clyde Miller, Mrs. Jake Hodges and Mrs. R. A. White.

Mr. and Mrs. Granville Graves, Terri and Craig of Coahoma visited in the Walter Graves home Saturday.

Mrs. Walter Graves and Mrs. C. S. Bevers visited Wednesday in Midland in the home of Mr. and Mrs. S. A. Yates.

Mr. and Mrs. Albert Baugh and Patsy of Stamford have returned home after visiting in the G. A. Bridges home.

In Mineral Wells

Mrs. Morris Prager, 1710 Harvard, left this weekend for Mineral Wells where she will spend a week with friends from Dallas and Fort Worth. They will be at the Baker Hotel.

E. Longs Entertain

Recent guests in the home of Mr. and Mrs. Eugene Long have been their children, who were present for their father's 80th birthday anniversary observance.

Included in the group were Mrs. Henry Fehler of McGregor; Mrs. Carl Minson, Debra K. and Ricky Carl of South Carolina; Mrs. Don Samanie, June Anna, David and Keith of Fort Worth; Mrs. Bruce Bishop, Sandra and Vickie of Floydada.

Also, Mr. and Mrs. Jim Long, Kay Ann, Tommie and Lorita of Odessa; Mrs. and Mrs. Cecil Long, Roger, Lynda and Terry of Loman; Ralph Miller of Abilene; Mr. and Mrs. Wiley Puckett of Lubbock; Mrs. T. E. Satterwhite of San Angelo.

They were joined by a local group, Mr. and Mrs. D. H. Griffith and Jimmie; Mr. and Mrs. Paul Bishop and Paula Kay; Mr. and Mrs. J. A. Bishop.

El Paso Visitors

In El Paso for the weekend are Jimmy, Yvonne and Betty Jo Knous of Coahoma, who are visiting in the home of Mr. and Mrs. Bill Wood. Becky Knous will return home with them for a few weeks visit.

MRS. JOHN KENT ASHBY

Candlelight Ceremony Used In Dallas Wedding

LAMESA (SC)—Mary Ann Baxter and John Kent Ashby of Lamesa pledged wedding vows in a candlelight ceremony at 8 p.m. Friday in the Gaston Avenue Baptist Church, Dallas. Dr. Harold G. Basden, pastor, read the double ring ceremony.

Lutheran Workers Have Swim Party, Business Meeting

A swim party and picnic entertained members of St. Paul Lutheran Parish Workers Thursday evening at the City Park, when they gathered for a social and business meeting.

Mrs. Frank Long was placed in charge of arrangements for hosting the Lutheran Young People's group, which will stop overnight in Big Spring on the way from California to Florida for a youth rally.

Mrs. Hayes Bryn was named chairman of the committee to secure cookies for patients at the Big Spring State Hospital, Aug. 20.

Responsible for the fall rally of the LWML, slated for the local church, are Mrs. Waller Pachall and Mrs. John Foster; date for the meeting is to be announced. Games and chatting entertained the group of 16.

Parents of the couple are Mr. and Mrs. W. L. Baxter of Dallas and Mr. and Mrs. Lyman O. Ashby of Lubbock.

The bride wore a white floor length wedding gown of imported pure silk organza over tulle and taffeta as she was given in marriage by her father.

Her dress was designed with a fitted bodice forming a princess waistline, with tiny self-covered buttons the full length of the bodice and at the pointed wrist of the long sleeves. Appliques of Alencon lace, traced with seed pearls and sequins, extended from the bustle back to the sweep of the chapel train.

A calotte of Alencon lace covered with seed pearls and sequins held the illusion veil which fell in tiers to the bride's fingertips. The bride carried orchids and stephanotis in a cascade bouquet with streamers of satin ribbon tied in sweetheart knots.

The maid of honor was Judy Brown of Refugio. Robert Ashby of Lubbock, brother of the bridegroom, was the best man.

For a wedding trip to New Orleans, La., the bride wore a moss green pesante suit with matching coat. The newlyweds will reside in Lamesa.

Kitchen Gifts Are Presented

Mrs. George White and her daughter, Mrs. Dee Jon Davis, joined as hostesses Saturday morning for a kitchen shower and coffee in honor of Jo Ann Ebling in the home of Mrs. White.

Miss Ebling, daughter of Mr. and Mrs. Ray Ebling, is the bride-elect of Robert A. Fuller, son of Mr. and Mrs. Henry Coveri, 1701 Donley; date for the wedding, to take place in the First Presbyterian Church, is Aug. 19.

Gifts for the kitchen were presented to the honored guest from the 28 included on the invitation list, made up of school friends of Miss Ebling.

A crystal swan held an arrangement of daisies on the table from which coffee and accompanying dainties were served.

Relatives Gather As A Surprise

FORSAN (SC) — A. P. Oglesby was honored Thursday with a family get-together on his birthday. Attending the surprise affair were the families of Mr. and Mrs. Charles Hall, Odessa; Mr. and Mrs. Donald McAdams, Big Spring; and Mr. and Mrs. Sammy Porter.

The Porters will leave Monday by train for a vacation in Carmel, Calif. Making the trip with the Porters will be Mr. and Mrs. Albert Oglesby.

Mr. and Mrs. Al White of Austin have been here several days to visit her parents, Mr. and Mrs. L. B. McElrath and her sisters family, the J. L. Overtons. Mrs. In Hobbs, N. M., with the Dennis Hugheses are Mr. A. D. Barton and Van.

Helen Jo Holladay is visiting Barbara Bushong in Loco Hills. Mrs. Vern Harris attended funeral services of a niece, Mrs. Gail Tate, in Amarillo Wednesday.

Nurses Association To Hold Meeting

A meeting of the Licensed Vocational Nurses Association will be held at 7:30 p.m. Tuesday at the Chamber of Commerce building with Dr. M. A. Porter as speaker.

All area nurses and student nurses are urged to attend the meeting.

Pudding

Raisin bread pudding becomes something extra - special when it is served with hard sauce flavored with rum.

For A Busy Season

Destined to be going many places during the busy fall season is this double knit sheath of finest zephyr yarns. Double knitting gives it added softness, wearability and figure flattery. The simple round neckline is a fitting background for the favorite strand of pearls. It's available in a wide range of fall colorings, ranging from black, charcoal grey to the warm shade of bright red and deep purple.

Visits Daughter

Among recent visitors at Camp Arrowhead, near Hunt, was Mrs. H. S. Gwyn, 608 W. 15th Street. Her daughter, Tricia, is spending a five week camp term at Arrowhead, where she is a member of the Kickapoo Tribe. Tricia was

a member of the team which placed second in the Umbrella Relay event during the Sub-Deb Waterfront activity.

HOLLYWOOD BEAUTY

Actress Tells Of How She Keeps Fit

By LYDIA LANE
MID-AIR EN ROUTE TO PARIS—We were sipping champagne in the cocktail lounge of our Air France jet when suddenly I realized the attractive blonde nearby was Ingrid Thulin, the star of Ingmar Bergman's exciting films, "Wild Strawberries," and "The Magician."

We had met briefly at MGM on the set of "The Four Horsemen of the Apocalypse," so I welcomed this chance for a lengthy visit with the attractive Swedish star.

"Won't you have some caviar? It's fresh," she said, spreading a thin slice of toast with what looked like smoked pearls. Ingrid smiled. "I don't have to watch what I eat now that my picture is finished."

"Our pattern of eating is so different," she explained. "We have long, severe winters, and our food is heavy."

"Most Swedes overeat, and that's why we like steam baths. It's a way of ridding your system of impurities, but in California you do it with the sun."

"It's true, isn't it, that some people crack the ice to swim and bathe in the middle of winter?" I asked.

Ingrid nodded. "I've done that."

We have steam-bath houses on the edges of our lakes. You stay in there until you are very warm, and then you dash out and dip into a hole that's been chipped in the ice. It's a shock, as you can imagine, but wonderful for the circulation."

A steward handed us a menu listing six courses. They say the French live to eat," I commented, trying to decide whether to have breast of capon or steak grilled on vine twigs.

As she preceded me to our seats, I noticed Ingrid's lovely figure. "Is it difficult to keep so trim?" I asked.

"No," she said, "because I exercise a lot with ballet routines. But I had to work on my hips for this picture. That was where the studio accompanied about me."

"Your standards of beauty are so high," she said, in her low, musical voice. "The girls at the studio would come to work very early in the morning and still would have their hair so neat and look so beautiful. They looked as if they had had hours to dress. American women are amazing the way they do so many things so well."

"What are your plans now?" I wanted to know.

"A play, and someday soon I will direct," she replied. "It is in my contract."

It was apparent that Ingrid was lacking in the kind of egotism that thrives on footlights and applause, so I was not surprised that she confessed it was this part of show business that appealed to her most.

"I am very shy. My childhood was lonely, and I would escape by pretending I was someone else. In essence, this was acting."

In her teens, Ingrid attended the Royal Dramatic Theatre in Stockholm and in 1938 won Europe's most popular actress award at Cannes.

"There is great therapy in acting," Ingrid commented. "I direct a class of emotionally disturbed children in little plays that help them become better adjusted. I ask a little boy with twitches to do a nervous type for his improvisation, and when the class applauds his efforts, he has his first feeling of confidence."

PAGING ALL WOMEN

Let Europe's famous stars enhance your appeal. Lydia Lane's new 12-page beauty booklet, "European Beauty Secrets," is the way. Lovely Gina Lollobrigida advises on complexion, and 24 other stars report their special diets or exercises, give glamour and fashion tips. Start now by sending 25 cents and a stamped, self-addressed envelope to Lydia Lane, Hollywood Beauty, Big Spring Herald.

Fall Wedding Planned

Mr. and Mrs. H. L. Wilkerson, NE Second, have announced the engagement and approaching marriage of their daughter, Evelyn, to Ray Hill of Corpus Christi. He is the son of Mrs. O. Hill of Birmingham, Ala., and the late Mr. Hill. The couple plans a Sept. 16 wedding in the First Assembly of God Church.

Relatives Visit In Westbrook

WESTBROOK (SC)—Perry Lee Anderson of Odessa is spending the week with his cousin, Randy Anderson.

Guests of Mr. and Mrs. P. E. Clawson last week were Mr. and Mrs. Dwayne Clawson, their son and daughter-in-law.

Grover Buchanan and daughter, Alice, of Abilene were weekend guests of the C. C. Buchanans.

Visiting in Snyder with her grandmother, Mrs. Edna Rabb, is Judy Ranne.

Mr. and Mrs. Charles Ranne will go to Temple Wednesday where Mrs. Ranne will undergo eye surgery at Scott and White Clinic.

Visiting in Abilene Saturday with Mrs. J. B. Wilkinson were Mr. and Mrs. Alvis Clemmer and Richard.

Mrs. Jennie Mitchell, former Westbrook resident, has been visiting her nephews, Leroy and Bus Gressett, and a niece, Mrs. Smutt Swafford.

In Haskell for a week are Mrs. Kenneth Andress and children.

Home from a vacation at Lake Colorado City are Mr. and Mrs. Charles Walker and family of Odessa. They have been visiting her sister, Mrs. W. A. Bell.

Advice For Clothing Care

Two booklets on clothing care, which may be obtained from the county home demonstration agent, Mrs. Delaine Crawford, are entitled "Facts About Clothing Care" and "For Clues to Clothing Care."

Included in the booklets are tips on how to care for dark cottons, which are worn the year around in this part of the state. With proper care, your dark cottons can be kept attractive and new looking for a longer time and the total life of the garment will be extended.

Good dark cottons should be dry cleaned to preserve their finishes and appearance, at least as long as they are used for best wear. Garments with decorative details, padding, interfacings and designs which cannot be removed must be

dry cleaned or laundered with special care.

To launder the garments, wash each one individually in softened water. Rinse completely to remove all traces of soap or detergent. Soft water helps to prevent hard water curds or lint from sticking to the cotton. Use warm, not hot, water with mild soap flakes or detergents. Soapless detergents are good for dark cottons, especially in hard water.

Be sure to read the label on the package. Some detergents are used for cotton, and some are recommended for rayon. Do not use a bleach for cleaning, as many of the bleaches affect the finish of the material.

When ironing a dark cotton dress, press it on the wrong side to retain the finish of the material.

WEBB WINDSOCK

The OWC held its August board meeting Tuesday. Mrs. F. C. Snyder will assume duties of president due to the resignation of Mrs. James E. Greene.

Maj. and Mrs. J. E. Groves were recently honored at a farewell dinner at the Officers' Club, with officers and wives of C E the hosts.

Mr. and Mrs. James Tidwell, Mr. and Mrs. Frank Perry and Mr. and Mrs. Peter Perring of Big Spring also helped the Groveses celebrate the occasion. Maj. Groves retired from the Air Force on July 31.

Lt. and Mrs. William Osborn have as their guests her mother and family from Scotch Plains, N.J. Enjoying the Texas sun are Mrs. Joseph Dow, Nancy Richard, and Mary Jo.

Lt. and Mrs. Max Odle have her brother and his wife as their guests. Visiting here from Covington Ky., are Mr. and Mrs. H. H. Miller.

Dr. and Mrs. Henry Manning have an aunt and uncle, Mr. and Mrs. G. S. Manning of Monroe, La., as their guests for a few days. They are stopping here on their way to Denver, Colo.

Capt. and Mrs. B. G. Gilbert and family have left for a 30 day vacation in San Francisco, Calif.

Capt. and Mrs. C. A. Smith have her brother and his wife visiting them from Green Bay, Wis. They are Mr. and Mrs. Jim Jackson.

Mrs. J. F. Holt is also among the many people with company. Visiting here from Joplin, Mo. is her sister Mrs. Everett Askins.

Seems that everybody is coming to Big Spring for the summer to visit friends and relatives. Mrs. L. A. Younklin and daughter, Lee Ann, are being a little different

as they have left Big Spring to spend the remainder of the summer in California.

Mrs. John Greaud gave a bridge party in her home last week. Winning first was Mrs. F. D. Parent. Taking second was Mrs. L. L. Patton, and travel was won by Mrs. Robert Sandner.

Mrs. D. L. Ernst was hostess for a farewell coffee in her home honoring Mrs. M. H. Alexander. Fifteen guests were present, and as Mrs. Alexander received a gold charm bracelet as a going-away gift.

Mrs. Jerry Welch won first at bridge in the home of Mrs. K. E. Morris. Mrs. Phillip Smothermon was second.

Californians Here

Guests in the home of Mr. and Mrs. George Jeffrey, 1810 Owens, are their children, Mr. and Mrs. Vaden Gallacher, Patsy and Mary Ann of Bakersfield, Calif.

Top Shapes For Fall

At left, this magenta dinner cap with shaggy dog look was made with ostrich feathers by Emme; Morton Weiner made the blue velvet pirate bonnet, center, faced with matching satin and roomy enough to hide pin curls. Elizabeth made the high crowned global roller from fuzzy, fur-like felt.

Thar's Cosmetic Gold In Them Cupboards

You can save a pretty penny—and become prettier yourself—by the clever use of kitchen cabinet cosmetics.

Right in your own cooking supplies are beauty items as effective as many high-priced products with miracle ingredients and hush-hush scientific formulas.

Don't toss out lemon and cucumber skins or used tea bags; stock up on olive oil, and hoard the leftover egg whites. They'll all come in handy as beauty treatments.

For the woman with imagination, the woman who wants to save her money, looks and time, here are suggestions for starting a kitchen cabinet cosmetic kit:

OLIVE OIL
Shampoo for Very Dry Hair: Apply olive oil and wash off excess. This type of shampoo softens hair and gives it sheen and luster.
Scalp Treatment for Dry Hair and Scalp: Apply olive oil to your hair. Wrap hair in hot towel and leave on for one hour or all night. Then shampoo. This is a temporary lubrication treatment, but it won't nourish scalp or make hair grow.
Hair Treatment: If hair is too dry after a shampoo or permanent wave, add one teaspoon olive oil to three ounces alcohol, put a few drops on your comb and comb through hair. The alcohol evaporates and leaves a bit of oil to keep hair soft, pliable.

CUCUMBER SKINS
Bleaching Lotion: Mix juice of two lemons with three drams of alcohol and few drops of glycerine. Apply to face, neck and arms several times daily, letting it remain a few minutes and wiping off.

CUCUMBER SKINS
Brown Spot Remover: An ex-

Swim Suits Offer Wide Style Range

Cotton bathing suits and beach wear for the resort season, 1961, are the "be all and end all" solution for everyone. Take your pick: the variety is infinite.

The bikini is still most definitely with us, ruffled, striped or printed — and appears with its matching cover-up of jacket, overblouse or shirt.

Star of the season, however, is the one piece maillot in cotton knit, generously bared at the back or sides, often suggesting a two piece suit.

The cover-up story makes news with long cotton knit and terry sweaters that reveal only a tiny portion of the bathing suit; button front skirts that stop just above the kneecap; loose pullovers and softly belted jackets and tunics and capes that convert to skirts.

Debating on the resort scene is the beachdress, which seems to be setting a trend. They've sprung up everywhere and nothing so gay and fresh has been seen in a long, long time. Sleeveless, and in vivid striped and printed cottons, they generally stop just above the knee in a petticoat or shift silhouette.

COCOA BUTTER
Stretch Mark Softener: Massage cocoa butter in areas where stretch marks are visible. Tends to soften areas, so they don't have a crepey white-scar look.

TEA BAGS
Eye Treatment: Place a used tea bag, still warm, over each closed lid. Leave for three to five minutes. Rinse with cool, clear water. Excellent treatment for relaxing and brightening tense and tired eyes.

EGG WHITES
Shampoo: Beat the white of an egg, pour over the hair at end of shampoo. Rinse off with warm water. Effective, harmless treatment for adding sheen and luster to hair.

Facial: Blend two tablespoons cornmeal with one egg white. Beat lightly to a heavy cream paste. Massage over neck and face. Leave on until it feels taut. Rinse off with cool water.

OATMEAL
Facial: Mix three tablespoons raw oatmeal with olive oil to paste consistency. Add two teaspoons glycerine. Before applying pack, massage a light film of lubricating cream over your skin. Leave pack on three to five minutes. Remove with a cold, rough cloth.

What To Look For In Buying A School Dress

If you want to get your money's worth and satisfy your child, do not buy just any kind of a school dress. Other than style, color, fabric and size, consider what you can afford, what kind of care it requires and what other children are wearing.

In choosing a dress for color, consider the child's eyes, skin and hair. If the complexion is ruddy, avoid green; bright yellow makes a shallow complexion noticeable; bright blue makes blue eyes dull, try slightly dull blue; rich brown or dark reds make brown hair seem browner.

Also be practical about colors and choose shades that go well with other school clothes. Bright colors add interest to the wardrobe; dark colors show less soil.

Here are some tips on the best styles to look for. Plain gored, gathered or pleated skirts allow for active play. Choose dresses with simple, durable trim and avoid fragile buttons and buckles which must be removed when laundered; beading through which ribbon must run; belts which cannot be washed; delicate, dainty collars and cuffs.

For that growing girl, look for styles with let-out features such as elastic waistlines, wide hems and wide seams. Full - cut bodices provide ease through pleats and gathers and can be lengthened. Another important factor in choosing a dress for style is to buy what is popular, which is what your little girl probably will like.

To economize, select dresses made of fabrics that are crease and spot resistant and that can be machine washed. Mercerized yarns are good because they have more luster and are stronger. Vat-dyed fabrics fade less, and sanforized fabrics keep shrinkage down to two per cent.

Be careful about the size, as each manufacturer has his own set of sizes. Terms used most often in describing the figure types are sub or pre-teen, teens, juniors and girls. Buy only by actual try - ons and check the fit by having the child reach, stretch, bend arms and raise arms.

Cantaloupe Cup, Elegant Dessert

This dessert, made with seasonal fresh fruit, tastes as elegant as it looks. And it's so easy to put together.

CANTALOUPE CUP
3 small or medium-size cantaloupes
3 small or medium-size free-stone peaches
1½ cups blueberries

Halve cantaloupes; remove seeds; cut a thin slice from bottom rind if necessary to have stand straight. Remove skin from peaches; slice thin and dice; mix with blueberries; if desired add sugar to taste.

Spoon into cantaloupe cavities. Cover tightly and chill until serving time. Makes 6 servings.

Sandwich

A luncheon sandwich usually benefits from a quarter cup of the filling. However, if the filling mixture is highly seasoned and the bread is thin, a few tablespoons of the filling may be sufficient to add.

Salmon Filling

Chopped hard - cooked egg, celery and sweet pickles plus mayonnaise are excellent additions to a sandwich filling made from canned salmon.

Dear Friends,
It's our SECOND ANNIVERSARY and we want to say "thank you" for the confidence you have shown in our merchandise and most of all for the friendship you have shown us in the two short years we have been here.

We will always strive to bring you fine quality, fashionable merchandise from nationally advertised lines at sensible prices. For example, look at these:

COSDEN CHATTER

Otto Peters Jr.
Notes Anniversary

Longtime associates of Otto Peters Jr. gathered Friday afternoon at the refinery service office to celebrate his 23rd anniversary with Cosden.

Mr. and Mrs. C. F. Wakefield of Colorado City and Mr. and Mrs. George Grimes are in Ruidoso, N. M., for the weekend, attending the horse races. Grimes was also to play in a golf tournament.

Mrs. Nina James has been hospitalized the past week at Howard County Hospital Foundation. No visitors were being admitted until her condition improves.

Mr. and Mrs. Doug Ward have as guests Mr. and Mrs. Hal Harris and family of Fort Worth.

The Ralph Starks spent a few days in the mountains of New Mexico, just beyond Santa Fe.

Mr. and Mrs. Arch Ratliff are on a trip through the Southern States.

Jerry Allen left Saturday for Lavera, France, where he will provide technical assistance for one of Cosden's licensees.

W. F. Coffman, who was Cosden sales manager in the Arlington area prior to his retirement two years ago, was hospitalized for a week in Little Rock, Ark. Thursday he returned to his home on Route 3 in Clinton, Ark.

J. C. Clyne plans a busy but quiet vacation with his family for the next three weeks.

Mr. and Mrs. Jerry Jenkins and family are enjoying a weekend at Possum Kingdom.

Mrs. Bill Horne, Billy and Anita had as weekend guests Mrs. Horne's mother-in-law, Mrs. E. R. Barbee of Quanah, and a nephew, Gene Tate of Fort Worth.

Mrs. J. K. Lane of Wichita Falls has been here visiting her step-daughter, Mrs. Cleo Thomas. Her granddaughter, Tana, accompanied her home, and another granddaughter, Nikki, joined Dr. and Mrs. Clyde Thomas and family for a vacation in Red River, N. M.

Catherine Greenlees is vacationing in New Orleans, La., and Mobile, Ala.

Among the vacationing personnel is Joe Jackson.

Congratulations are in order for Jesse Pharris, who has passed the examinations that qualify him for Certified Public Accountant.

Queen's Little House Will Be Reproduced

LONDON (AP)—The Queen has decided to lift a little the secrecy shroud surrounding a house where she and Princess Margaret spent many happy hours as little girls.

She has consented to permit the construction of a replica of the Little House for display at this year's Canadian National Exhibition in Toronto.

It was the first time the Queen had granted permission for a replica to be made.

The Little House nestles under the old oaks on the lush lawns of the gardens of the royal lodge in Windsor Great Park, near Windsor Castle. It's the size of a large living room—22 feet long, 8 feet wide and 16 feet high—yet it has four rooms, a kitchen and bathroom.

The people of Wales gave it to the Queen on her sixth birthday.

It is a faithful copy of a cottage considered modern in the 1930s. The only difference is that everything is scaled down to fit a girl of 6.

The Little House, sometimes called the Dolls' House, was the center of the few private hours in the life of the Queen. There she and later Princess Margaret escaped from the public eye to play house and to give tea parties for their little friends.

The Princesses' privacy was considered sacred in the Little House. Hardly anything was written about the activities of the girls at play in their private home. Only those nearest the royal family looked in occasionally.

The shroud of secrecy still is maintained. Now Princess Anne plays house in the cottage. No one will say what it looks like now, but it is reported—unofficially, of course—that it has been redecorated. And it's believed that Princess Anne has prevailed on her parents to install a television set.

Predicted Enrollment Pegged To Top 7,200

Enrollment failed to reach the expected 7,000 last year but school administrators are looking for the upward trend to continue this year. Predictions are that up to 7,200 students may register in the Big Spring Independent School District by Aug. 31, according to Sam M. Anderson, superintendent.

Last year there was an average enrollment of 6,700, he said, after adjusting for fluctuations throughout the year. There was an average of about 4,000 students in the elementary schools and 2,700 in junior high and high schools.

Estimates place the elementary school enrollment this year at near 4,300 pupils and other schools at almost 3,000.

Goliad and Runnels Junior High schools are both expected to take increases in enrollment. Runnels is expected to go from about 740 in 1960 to 850 this year. The enrollment at Goliad Junior High may only increase by some 50 students, going from 870 last year to about 900 this year, but the school has been expanded with portable classrooms to alleviate overcrowding which existed last year.

A significant trend noted by Supt. Anderson during the past few years has been growth in the south, southeast and southwest areas of the city.

"It is extremely difficult to predict enrollment at any specific place since we cannot tell how much of the population is new to the community and how much has shifted from one part of the city to another," Anderson said.

The pressure has been taken off packed classrooms in Washington

and Cedar Crest Elementary schools last year by the addition of a portable classroom at each of these places. The danger, however, has not been totally eliminated, Anderson pointed out. The old South Ward will continue to be used by Washington Elementary.

Goliad Junior High received six portable classrooms which should give it space sorely needed last year. Airport and Bauer elementary schools each received a portable classroom and after the Lakeview addition is completed, there should be no crowding there.

"We think we have taken some of the pressure off," Anderson said, "but we cannot tell until after registration."

Attendance lines have remained the same as last year, Anderson said. The only exception to this is that high school students formerly attending Lakeview High School will now be attending the Senior High School.

"Students must attend the school assigned to their attendance area," Anderson said. "Any request for transfer from one attendance area to another must be based on a good reason. If so, it will probably be granted if the school a person wishes to attend has room."

UP 20 PER CENT

County's Junior College Expecting 750 Students

Howard County Junior College officials expect the fall enrollment to show an almost 20 per cent increase over enrollment at the same time last year, according to summer school registration gains.

"The trend in summer school usually sets the trend for the fall term," says Dr. W. A. Hunt. "We showed a gain of approximately 20 per cent in summer school which should give us some indication of the fall enrollment."

The 1960 fall term enrollment hit 667. Dr. Hunt is expecting at least 750 this year. First term summer school registration was 174 this year. Enrollment in the

second term, which ends Aug. 25, is 123.

B. M. Keese, registrar, reports that the requests for dormitory space are coming in regularly every day, and indications are that the 52-capacity women's dormitory will house some 40 girls while the 104-capacity men's dormitory should hold 85.

Cost is one of the major items in considering a college to attend, and HCJC's costs are within the realm of almost everyone. Regular state tuition is \$80 per semester and fees per semester are \$20. The average textbook cost, officials estimate between \$25 and \$30, usually the first semester a little more the first semester than the second.

For those who live on campus, room and board is provided at \$292.50 per semester, or \$385 per year.

Maintenance Crews End Busy Summer

It's been a busy summer for school maintenance crews as they worked to get 15 schools, two stadiums and 15 playgrounds in shape for the coming school year.

Probably one of the major maintenance problems tackled was slippery sidewalks. At Washington, Place a new product was put on walk ways to give them a rough surface.

Several teachers and students slipped on these walks last year. The new product is about 75 per cent cheaper than previous treatments and probably more effective. If it proves successful, its use will be spread throughout the system.

Also, a windbreak was built at Washington Place.

Weeds have been a major problem on school grounds. Heavier summer rains, that posed a weed problem for homeowners, also proved a major problem on the many school campuses. Weeds

sprouted as fast as workmen could chop them down.

Grass areas were replanted at Boydston and Cedar Crest in an effort to improve these campuses. The old football field was reworked to insure a better practice turf.

Some dirt work was undertaken at College Heights and new sidewalks and a fence installed. Some gas lines were replaced at the high school.

Some 45 classrooms at Airport, Washington Place, and Kate Morrison were completely painted, including the floors. This was in addition to regular maintenance work of sealing, waxing and buffing the floors in all buildings.

Incinerators were built on the campus of each school that is expected to mean a big saving to the district. Trash will now be burned by the building janitors, rather than hauled to the dump ground.

Each incinerator will be enclosed by a fence with a gate, to keep children away.

Back On The Job

W. G. Blankenship, principal at College Heights Elementary school, uses the dust cloth on his desk as he prepares for another school year. Building principals reported for work last week.

Official School Calendar

Big Spring Independent School District
1961-62 School Year

This is your school calendar for the 1961-62 term. You may want to clip it for reference during the year. Youngsters will get 175 days of the "three R's" during the year, as required by the state. There are several in-service training days scheduled as well as the traditional holidays. In the event classes are suspended for any reason, such as inclement weather, in-service training days will be reduced correspondingly.

OFFICIAL CALENDAR 1961-62

- Aug. 1 Principals return to buildings.
- Aug. 28 Orientation day for new teachers.
- Aug. 29 General faculty meeting.
- Aug. 30 General preparation day.
- Aug. 31 **FIRST DAY OF CLASSES**
- Sept. 4 **LABOR DAY holiday**
- (?) In-service training*
- Oct. 13 End first attendance period.
- Oct. 16 Begin second attendance period.
- Nov. 4 First grade reporting period.
- Nov. 10 Business-Education Day*
- Nov. 23-24 **Thanksgiving holidays***
- Nov. 24 End second attendance period.
- Nov. 27 Begin third attendance period.
- Dec. 21 **Christmas holidays begin at close of day.**
- Jan. 3 Resume classes.
- (?) In-service training*
- Jan. 19 Grades record day*
- Jan. 19 End third attendance period.
- Jan. 22 Second semester begins.
- (?) In-service training day*
- March 2 End fourth attendance period.
- March 5 Begin fifth attendance period.
- March 5-9 Texas Public Schools Week.
- March 9 District IV TSTA in Odessa*
- (?) In-service training day*
- March 23 Third grade reporting period.
- April 13 End fifth attendance period.
- April 17 Begin sixth attendance period.
- April 20-23 **Spring holidays***
- April 24 Resume classes.
- May 31 Grades record day*
- May 31 Close sixth attendance period.

(*)—Dates to be announced. (?)—No classes.

School Buses Ready To Roll

Seven school buses have received their pre-school checks and are ready to roll the latter part of this month when school classes begin again.

Three of them will make few trips, however, as they will be replaced by new buses soon after school starts. These buses were included in the proposed budget approved to the school board.

An extra bus was added to the fleet last year when city bus transportation was halted. All students are eligible for school bus transportation if they live more than two miles from the school they are required to attend and if no public transportation exists.

About 500 students ride school buses in the Big Spring Independent School District, according to Pat Mpurphy, assistant superintendent-business. Although most of these students live outside the city limits, many of them live inside the city, but are still far enough away from their school to require transportation.

Even at that, many students do not use the school buses, but drive their own cars, ride bicycles, or are carried by their parents.

One bus route picks up students who live inside the city and who attend the junior high school or city senior high school. These previously rode the city public transportation system.

Other routes include one that serves Webb Village, making two round trips daily. Only students on this bus attend the junior high school or high school levels, as an elementary school is maintained in the area.

A route covers the Couden refinery area and the Snyder highway; another goes north to the State Hospital; one goes 12 miles

west on the Andrews highway and includes the west half of the Wright Airport Addition; another covers the east part of Wright Airport Addition, Western Hills and part of Webb Village.

Students living in the Silver Heels Addition and along the San Angelo highway will get bus service for the first time this year. This area was recently added to the system.

All elementary school students picked up by bus are enrolled at the Airport school.

New Science Course Listed

Plans for the ensuing school year in the Big Spring high school call for the establishment of an advanced course in science, Sam Anderson, superintendent, has announced.

This is a new enterprise for the local schools and will be set up for students who are especially interested and display outstanding talent in the fields of biology or physics research.

It was explained the course will be set up on a research and project basis.

Facilities provided in the new science laboratory at the high school will be used for this special activity.

Douglas Whitley will probably be the instructor.

No other courses not already offered are planned for the new school year.

FIRST TO Prager's THEN BACK TO SCHOOL

SPORT COATS

Styled for the modern, informal appearance. New muted plaid patterns with thin-line lapels and classic 3-button styling. Center-vented in the back. Fully lined. These are for the young college man in corduroy, wool and wool blends. Come in and select now.

From \$16.95

SPORTS SHIRTS

Long or short sleeve, you'll find hundreds of new sport shirts just unpacked, ready to take right to college. Solids, stripes, plaids and fancy patterns in nearly every color. Trim tapered or regular styles. You know you are dressed right when you start with sport shirts from Prager's.

From \$2.98

SUITS

Here's the ideal suit for back to school/college... suits with college styling in all new three-piece styles. The smart vest is reversible in harmonizing colors. Come in tomorrow and select this suit... it'll be your wardrobe basic all semester.

From \$29.95

SLACKS

New superior styling in beltless slacks for Fall '61. The very newest in style, patterns and colors. Slim, trim, neat look from waistband to cuff designed to make you a big man on campus. You'll want several pairs to start back to school.

From \$5.00

Charmoll

Note perky new shoulder and collar trim—

get your own school colors in
REVERSIBLE JACKET... 15.95

These handsome jackets with the genuine shearhide trim are top scorers with everyone. One look tells you they are made of real championship materials! The warm 100% wool melton reverses to a smooth, heavy satin in either matching colors or contrasting, depending on your school colors. Knit cuffs and waistband insure a trim, action-free fit. Sizes 12 to 20, 15.95. Sizes 34 to 40, 16.95.

Use Our Lay-Away For Jackets, Suits, Sweaters and Sport Coats

Six New Rooms

Goliad Junior High School students will find six new rooms for their classes this year. Trustees allocated six of the portable classrooms for the Junior high school building. The classrooms will be ready for the opening day of school, helping to relieve a crowded condition. The buildings can be moved to other campuses when conditions of population make it necessary.

Students Must Attend School In Own District

Where your child will go to school this year depends largely on where you live. Generally, well-defined boundaries spell this out, but in a few instances there are exceptions.

In the southwest part of the city, no dividing line exists between Marcy and Park Hill elementary schools, and youngsters residing in Kennebeck Hts. and adjacent areas have a choice of the two schools. Sam Anderson, superintendent, said that there is room in both schools for these pupils.

All sixth grade students who would ordinarily attend Washington Place Elementary, will have classes in the old South Ward school, Fourteenth and Austin, Anderson said.

The boundary lines for the city schools include:

Airport Elementary School
Beginning on the north at the T&P railroad and Mesquite, then southwest to Hillcrest and Lakeview, then south on Hillcrest to West Third, then east on Third to Mesquite, then south on Mesquite to Fourth, and then southeast to the corner of the city limits on line with Eleventh Place, then back east on this line to Gregg at Eleventh Place.

College Heights Elementary
West boundary, beginning with the San Angelo highway and Gregg going north on Gregg to Eleventh, then east on Eleventh to Runnels, south on Runnels to Eleventh Place, then east on Eleventh Place to Settles, then south on Settles to Fourteenth, then east on Fourteenth to Lexington, then south on Lexington to Fifteenth, then south on a line with Lexington to south school district line.

Kate Morrison Elementary
East boundary line is U.S. 87 and the south line is the T&P railroad. All fifth and sixth grade pupils from this area attend Bauer or Lakeview.

Lakeview Elementary School
Colored students grades one-six, with the west boundary line U.S. 87, and the south boundary line the T&P railroad.

Marcy Elementary School
South of the old San Angelo highway and west of the City Park to the school district line.

School Enrolling Is Simple Matter

Entering the Big Spring Independent School District is a simple matter. Only a few requirements must be met, according to Sam M. Anderson, superintendent.

Most students who attended school in Big Spring last year have already pre-registered and registration is only a formality.

For the pre-registration schedule, consult the chart accompanying this article.

There are only three requirements for youngsters who have not been in the school system previously.

First, the pupil must reach the age of six years on or before Sept. 1, 1961.

Second, there must be proof of age either with a birth certificate or other reliable document which can be used until a birth certificate can be obtained.

Third, the student must show proof of immunization against smallpox, polio, diphtheria, pertussis (whooping cough) and tetanus. This applies to all students in grades 1 through 6. Where it is deemed that a student cannot be immunized without adverse effects, a doctor may certify to this effect on an immunization certificate.

Youngsters in lower grades should be accompanied by a parent, Anderson said.

Special requests for transfer from other districts must be processed through the County Superintendent, Anderson said, and this should have been done already. Approvals for transfer within the district will begin about Aug. 15, he said.

"These transfers within the district are usually dependent on whether or not there is room in the school the parents wish to attend," Anderson said.

He urged students who have problems to drop in before pre-registration to receive more individual attention in solving them.

"This is especially important for students transferring from other schools," he said. Students new to the district should bring proof of work done in other school systems.

The first day of classes will be Aug. 31, according to Anderson.

PRE-REGISTRATION SCHEDULE

ELEMENTARY STUDENTS
Aug. 16, 9 a.m. to 3 p.m. First grade students, elementary transfer students within the system, elementary students new to the system.

Aug. 17, 9 a.m. to 3 p.m. Elementary grades 2-6.

SECONDARY STUDENTS
(Including all who pre-registered in May)
Aug. 23, 9 a.m. to 3 p.m. Grades 9 and 12.
Aug. 24, 9 a.m. to 3 p.m. Grades 8 and 11.
Aug. 25, 9 a.m. to 3 p.m. Grades 7 and 10.

SECONDARY STUDENTS NEW TO BIG SPRING
Senior High School Monday through Friday, 9 a.m. to 4:30 p.m. beginning immediately.
Goliad Junior High School Monday through Friday, 9 a.m. to 3 p.m., beginning Aug. 7.
Runnels Junior High School Monday through Friday, 9 a.m. to 3 p.m., beginning Aug. 15.

DRIVED EDUCATION
Aug. 7, 9 a.m. to 3 p.m. Driver education lecture course registration at Goliad Junior High School. Classes to be held Aug. 8-28.

HCJC Offers Firm Basis For Further College Work

Howard County Junior College offers a faculty of 23 instructors and half a dozen administrative officials plus a variety of courses aimed at giving students a firm basis for transfer to a senior college in the last two years.

A number of new faculty members have been hired this summer to fill vacancies left by several of last year's members who resigned. New in the business department is Moveida Rhine, who has taught at San Antonio Junior College, Laredo Junior College and Midland High School. A new librarian and speech teacher have also been hired but their names have not been announced.

The college strives to keep abreast of the trends in senior colleges and adjust its curriculum to suit them. In accordance with this plan, a new course has been added to those required of elementary education majors. Art Education 209 and 310 will be offered to those needing or wanting to take the course during night school.

Other changes in curriculum include making biology a four hour course rather than the three hours it has been in previous years in order to keep up with equivalent senior college courses. Offerings in the music department will also be expanded as well as the addition of two new courses in engineering physics.

New Faculty Meeting Set

Orientation meeting for the 50 to 60 new faculty members joining the Big Spring Independent School District staff this year, is set for Aug. 28.

Sam Anderson, superintendent, said that plans are to have the orientation session on the morning of that date in the Howard County Junior College. That afternoon, new teachers will go to the buildings where they are to teach and meet with their principals.

On Aug. 29, the general faculty meeting, at which all teachers, other personnel will attend, is slated. The forenoon session of this meeting is also planned for the HCJC auditorium. After the general meeting, each group of teachers will go to their respective buildings.

Principals will conduct their own sessions at these buildings in preparation for the opening of school.

Anderson said that details of the programs for the orientation session and for the general faculty meeting have not been completed. The activity will follow the same pattern which has been used in other years just ahead of the opening of a school year.

Air Conditioned Women's Dormitory At HCJC

Howard County Junior College

Fall Term Begins September 14th

COURSES DESIGNED FOR INTERESTS OF THIS AREA

Vocational courses are offered in both daytime schedule and in the evening school, and are designed primarily for the promotion of efficiency in vocational fields. They may be adapted to persons of varied interests and ages. Adults will do well to explore the courses offered at HCJC for their own desires and interests, just as they will do well to encourage younger people to examine the advantages of good basic vocational training at home. There are offered such courses as Machine Shop, Woodwork, Welding, Typing, Stenography and Accounting.

Orientation For Beginning Freshmen

Monday, September 11, at 9:00 a.m.,

in College Auditorium

Freshman Registration

On

Tuesday, September 12,

General Registration

On

September 12 and 13

Students expecting to enroll are urged to submit transcripts two weeks in advance of these dates.

Dormitories open on Sunday, September 10, at 2:00 p.m.

PERSONAL ATTENTION FOR ALL STUDENTS

Friendly, personal, individual attention to students is one of the major features of Howard County Junior College. Emphasis is placed on a school atmosphere especially conducive to the interests and welfare of young people of this area. Sound, efficient instruction is offered to fit the individual student's needs, and the progress of the individual student is a prime concern. Students of this area may receive, at low cost, the first two years of basic training in such fields as Agriculture, Business Administration, Pre-Engineering, Pre-Medical, Pre-Dental, Pre-Nursing, Education and Liberal Arts.

Far North Film Themes This Week

The cold North country comes in for its share of movie attention this week, with at least two new films on the subject. The first is an adventure drama about life among the Polar Eskimos, "The Savage Innocents," starring Anthony Quinn and the beautiful Japanese favorite, Yoko Tani. The movie, at the State Theatre, was filmed in Technicolor and Technirama. The Paramount release offers movie-goers an unusual glimpse at a primitive people fighting for survival in a distant corner of the globe.

"The Savage Innocents" is based on the novel, "Top of the World," by Hans Reusch. The book has been published in 15 languages and is considered the final authority as a realistic portrayal of Polar Eskimo life. For authenticity and realism, the film was made mostly in the northernmost Arctic wastes of Canada. It has scenes, hitherto unphotographed, of Eskimo life, together with shots of seal, walrus, caribou, polar bear and other wild animals native to the region.

BIG ROLE

The versatile Academy Award-winning Anthony Quinn has one of the most challenging roles of his career as the simple but courageous Eskimo hunter, Inuk. The story concerns his taking of a wife, played by Miss Tani, and what happens to the couple upon contact with the civilization of the white man. In addition to an eye-opening view of a way of life about which very little is known by the average movie-goer, "The Savage Innocents" tells a story of unusual people.

The trouble starts when Inuk and his young wife are visited in

their igloo by a missionary who brings them the message of Christianity. The Eskimos haven't the vaguest idea what he is talking about, but hospitable Inuk offers him a strange Eskimo food delicacy, which the white man refuses with repugnance. As the highest compliment he can pay him, Inuk then offers his wife "to laugh with," which offer is rejected to the insult by bashing the man's head in.

When an actor like Anthony Quinn, who has definitely arrived both on the Broadway stage (where he is starred with Laurence Olivier in "Becket") and in films (with two Academy Awards to prove it), is willing to risk his person and endure physical hardship to portray a role, that role must be something special.

To portray Inuk, Quinn traveled half-way around the world by air-plane, snowmobile and dog sled into an area so near the Arctic Circle that it was declared "dangerous and unsafe" by Army post authorities.

HARD LIFE

In those frozen wastelands Quinn endured the rigorous winter of 50 degrees below zero and huddled in raging blizzards to film scenes, many of which have never before been captured by motion picture cameras. The actor, who enjoys off-beat characterizations, has never had one quite like the primitive Eskimo who fights for love and for food with equal ferocity and desperation. Armed only with the same kind of spear his ancestors used, plus raw courage and the will to survive, Inuk hunts wild bear and seal, takes a wife and eventually faces the white man and his bewildering civilization—adversaries more challenging and more demoralizing than the forces of Nature with which he is so familiar.

To prepare himself for the role of Inuk, Quinn accompanied director Nicholas Ray to Denmark to meet a colony of Greenland Eskimos in Copenhagen and learn as much as possible from them about their customs and what he might expect when he reached their habitat. The information gleaned from them, coupled with what he obtained from the Reusch novel, gave him a pretty good insight into the unusual country he was greasypoint-pioneering. But even so, the near-brushes with disaster in the icy land, the lack of fresh water, the constant problem of keeping blood circulation alive in punishingly low temperatures, were first-hand experiences that will come

NIKKI AND NEEWA
Two unlikely natural partners

day enliven Quinn's memoirs, if he ever has enough time between acting assignments to write them.

The second "Far North" film is Walt Disney's "Nikki, Wild Dog of the North," a Technicolor production which opens Friday at the Ritz Theatre.

BASED ON NOVEL

The picture's story, based on the James Oliver Curwood novel, "Nomads of the North," traces the narrative of a devoted Malamute dog and his master who is a man among men in the vast wilderness of the Great Northwest.

Featuring Canadian acting talent and magnificent scenery, "Nikki, Wild Dog of the North," stars Jean Coutu, Emile Genest, Uriel Luft and Robert Rivard. The film also introduces Nikki, "the wonder dog."

trays Andre Dupas, a rugged French-Canadian who, as head of a trading post, stands alone in a fight against unscrupulous fur traders in the far north until Nikki, his heroic Malamute, helps him win an important victory.

THE VILLAIN

Pitted against Coutu as the villain of the story, Emile Genest enacts the role of Jacques Lebeau, a cruel trapper who makes an enemy of every man and animal of the north. In the end it is Nikki, the animal, who deals out revenge in return for Lebeau's cruelty.

Uriel Luft is the faithful Indian guide, Makoki, who is forced to serve the hated Lebeau, while Robert Rivard plays Durante, a hunter who specializes in training wild dogs to enter the outlawed fighting pits of the north country.

Appropriately enough, Nikki, the

dog, and Neewa, a friendly black bear, are the real stars of "Nikki." Nikki is constantly on-scene either with the bear or his human co-stars. As a pup, disaster befalls Nikki and his master while canoeing on a swift river. Lost in the wilds, Nikki teams with the bear cub for survival. Thereafter, a major part of the story is devoted to their constant everyday trials in an endless battle for life.

3 YEARS IN MAKING

The film was more than three years in the making, covering all four seasons of the wild northwest country where temperatures ranged from mild summer to 47-below-zero weather during winter production.

"Nikki, Wild Dog of the North" was directed by Jack Couffer and Don Haldane and was written for the screen by Ralph Wright and Winston Hibler. Hibler also acted as producer for Walt Disney Productions. Buena Vista released the film.

ALSO RUNNING

Also on tap this week are two noted girl themes. "Tammy Tell Me True" is a continuation of the swamp girl idea which helped boost former Mrs. Eddie Fisher to disc stardom. This time around, Tammy goes to college, there is a complete change of cast as well as story, and Sandra Dee, as Tammy, sings another title song. John Gavin is the heart-throb. The other girlie theme is a return of "Gidget Goes Hawaiian," with Deborah Walley also taking a second-time lead role as Gidget.

The rest of the week's film fare runs the gamut of types of entertainment, and titles may be scanned in the next column to your right.

GAVIN & DEE
Back to the swamps?

Red Artist Dies

MOSCOW (AP)—Pavel Sokolov-Skalya, a member of the Soviet Academy of Arts, died Thursday, the official Soviet news agency Tass announced. Sokolov-Skalya held the honorary titles of people's artist of the Russian federation and of Stalin Prize Laureate. His age was not given.

Stamps In The News

By SYD KRONISH
AP Newsfeatures

Three of Israel's Biblical heroes—Samson, Simon Bar Kochba and Judah Maccabeus—will be honored on three new stamps to be issued by Israel to commemorate the Jewish New Year.

These stamps are a continuation of last year's popular series which

slaying a thousand enemies with an animal's jawbone.

The 25 agorot shows Bar Kochba carrying a shield. He was the leader of the Jewish insurrection against Roman Emperor Hadrian and his heroic deeds in battle are legendary.

The 40 agorot depicts Maccabeus kneeling with bow and arrows. His bravery in battle helped preserve the Jewish ancestral faith and his particular exploits on one occasion are responsible for the celebration of the Feast of Lights (Chanukah).

West Germany continues its new definitive series featuring world famous Germans by issuing two new stamps honoring Johann Gutenberg and Elizabeth Von Thuringen.

Gutenberg, born in 1398, is famous for printing the first book from movable type. His Gutenberg Bible is extremely rare with only 49 copies known to be in existence, 13 of them in the United States. Gutenberg was honored by the U. S. in 1952 when a postage stamp commemorated the 500th anniversary of the printing of his Bible. The new West German adhesive bearing his likeness is an 8 pfening value.

Elizabeth Von Thuringen, depicted on the seven pfening, was born in 1207 and was the daughter of King Andrew II. She married Louis IV of Thuringia and devoted herself to religion and charity. She died in 1231 and was canonized in 1235. The new stamp carries the inset "Berlin."

had as its theme the first three kings of Israel, reports the Israel Philatelic Agency in America.

The seven agorot features Samson carrying a torch. His feats of strength have been recorded through the ages including his

Still Under Construction

This addition to the Lakeview building will not be completed in time for opening of school. However, teachers and students should be able to move into it sometime in October. The addition was built with federal funds and when placed in operation, will allow abandoning the substantial Lakeview Elementary building.

Stanton District Still Needing English Teacher

STANTON — Classes in Stanton Independent School District schools will begin on Aug. 28, L. M. Hays Sr., superintendent, has announced.

This will follow a series of pre-school activity, including registration on Aug. 24-25-26. The school buses will begin their schedules on Aug. 28, as will the cafeteria. With the exception of an English teacher, the faculty is complete, said Hays. Bill Johnson, formerly of Silver, will be the new high school principal. J. M. Yeater is principal of the Stanton Elementary School and L. M. Hays Jr., principal of the Courtney Elementary School.

The faculty will meet on Aug. 23 for a workshop. On Aug. 24, the seniors will register from 9 a.m. to 12 noon, the juniors from 1 p.m. to 4 p.m. On Aug. 25, the sophomores will register from 9 a.m. to 12 noon, the freshmen from 1 p.m. to 4 p.m. Pupils of the Courtney school will register from 9 a.m. to 3 p.m. on Aug. 25. Stanton pupils in the first, second and third grades will register on Aug. 24 from 9 a.m. to 12 noon; those in the fourth and fifth grades from 1 p.m. to 4 p.m. Pupils in the sixth, seventh and eighth grades will register on Aug. 25 from 9 a.m. to 2:30 p.m.

Services In Signs

LOS ANGELES (AP) — Don Singer, a rabbinic student at the California School of Hebrew Union College-Jewish Institute of Religion, leads Jewish services for the deaf—in sign language.

Coahoma Schools Ready For Opening

COAHOMA — Things are ready for the opening of Coahoma and Midway schools the week of Aug. 28, Supt. W. A. Wilson announced Saturday. The only faculty vacancies are in the first and third grades.

Registration will begin Monday, Aug. 28, and classes start on Wednesday, Aug. 30 at 8:45 a.m. There will be a full day of activity terminating at 3:45 p.m. The cafeteria will be open on this day, and the regular bus schedules, with no change in routes from last year, will begin on this day also. Price of meals this year will be 35 cents, up five cents from last year.

The junior high and the elementary schools have been refurbished and repainted during the summer months, Wilson said. Most of the area around the new high school has been seeded to grass.

The faculty members announced by Wilson include:

Coahoma elementary — Mrs. Ruth Smith, Mrs. Lawrence Davis, Mrs. Tye Renfro, Mrs. Mark Reeves, Mrs. Bill Stallard, Mrs. S. G. Oakes, Mrs. Perry Moring, Mrs. Doris Easterling, Mrs. Keith Birkhead, Mrs. Helen Beard.

Midway elementary — Mrs. M. B. McFall, Mrs. Selma Smith, Eizeda Herring, Mrs. O. A. Madison, Dawson Hill and Mrs. M. B. McFall.

Junior high — Bill Easterling,

Rob Ethridge, S. G. Oakes, Mrs. Eleanor Garrett, Mrs. J. A. Westmoreland, W. A. Fishback, Mrs. Phil Wynn, Jim Verner, High school — Mrs. Rod Tiller, Janie Tucker, Perry Moring, Grady Tindol, Phil Wynn, Mrs. Ethridge, Mrs. Virginia Allen, R. A. Jim Spann, Lael Roberts and O. A. Madison, principal.

No Crowding Seen This Year

With the addition of 10 portable classrooms and the new Lakeview School soon to be completed, there should be little overcrowding in the Big Spring Independent School District this year.

Washington Place Elementary School is in slight danger of being overcrowded in the coming year, according to Sam M. Anderson, superintendent, but by using the old South Ward school building and with the addition of one portable classroom, the bulge may be made less noticeable.

The old five-room South Ward

school building was refurbished and reactivated last year to offset the high enrollment in Washington Place.

College Heights is in about the same danger of having more students than the rooms should hold, Anderson said.

"A great part of the buildup in Big Spring during the past few years has been in the south portions of the city," Anderson said, to explain the crowding.

Goliad Junior High should be in excellent shape this year, he added. That school received six of the 10 new portable buildings purchased this year.

"By adding one portable building to Cedar Crest School and one to Airport Elementary School we have pretty well eliminated the space problem those schools had last year."

Bower Elementary School also received an additional room via the portable room method because of expected increased enrollment. There was no severe room shortage last year.

Lakeview will be crowded until the new building is completed. At the same time, high school students will be attending the Senior High School.

"We certainly hope the building will be finished within about 45 days after school begins," Anderson said.

During 1961 there were more than 6,700 students in the Big Spring School system and conservative estimates place the figure at about 7,200 this year.

Whether or not attendance will be

First Classes At HCJC Set Sept. 14

A look at the calendar for the coming year at Howard County Junior College shows that registration begins Sept. 12 and continues through Sept. 13 with the first day of classes on the 14th. It is possible, and often desirable, to pre-register, however.

Freshman orientation assembly for all beginning freshmen is set for Sept. 11 at 9 a.m. in the HCJC auditorium. The dormitories open the day before, Sept. 10, at 2 p.m.

Other dates on the calendar:

Last day to register or add courses, Sept. 22;

Thanksgiving recess, noon Nov. 22 to 8 a.m. Nov. 27;

Christmas recess, Dec. 20-Jan. 3;

Final examinations for fall term, Jan. 15-19;

Fall term closes, Jan. 19;

Registration for spring term, Jan. 24;

First day of classes, Jan. 25.

Students will get a free day during the spring semester on Friday, Feb. 23, when classes will be dismissed for the Texas Junior College Teachers' Association meeting. Easter recess will be April 19-24. Final exams for the spring semester will be May 18-20, graduation will be on May 24, and the term will close May 25.

Garden City Faculty Set

First day of classes in the Garden City schools will be Aug. 29. Registration is set for Aug. 28, and the first faculty meeting will be that afternoon.

Supt. D. M. Murphy has announced that the cafeteria will be open on Tuesday, the 29th. Buses will pick children up for registration Monday at 9 a.m. and return at 11:30 a.m. School officials expect an enrollment of around 225.

Faculty for the schools include Mrs. Rube Ricker, first grade; Mrs. Hazel Murphy, second grade; Mrs. Reba Thurston, third grade; Mrs. Ruth Cook, fourth grade; Mrs. P. K. Garroway, fifth grade; Roy Thurston, elementary school principal and sixth grade; Mrs. Gaines Farley, music teacher and part-time sixth grade teacher; Mrs. J. C. Venable, seventh grade.

High school teachers are W. R. Richardson, teacher and football coach; Russell Coalson, math and assistant football coach, head basketball coach; Mrs. Lillian Koonce, homemaking and girls' basketball coach; W. C. Koonce, vocational agriculture; Mrs. Virginia Richardson, business administration and librarian; Joan Farley, English.

Rural Schools Expect About 200 Students

Howard County's three common schools—Gay Hill, Center Point and Vealmoor—begin the 1961-62 school year on Aug. 28. First classes will be on Aug. 29.

Walker Bailey, county school superintendent, said that the enrollment in the three schools will be around 200. It is estimated that 90 students will register, on Aug. 28 at Center Point; 25 at Vealmoor and 80 at Gay Hill.

The schools are ready for the school year with the exception that two teachers are still needed for Vealmoor and one for Center Point.

Buses have been put in shape and will make their first trips on Aug. 28 bringing the youngsters to the schools for enrollment.

Bailey said the number of students this coming school year is about on a parity with the number for last year.

No new facilities, buildings or departments have been established in any of the schools this summer.

Nine months school will be conducted but the date the term will end in 1962 is dependent on the number of days taken off for Christmas and on other factors.

One new teacher is on the staff at Center Point. She is Mrs. Brooksie Hodges. Other members of the staff at that school are M. G. Kilgore, principal, and Mrs. J. W. Arnett. One teacher is to be employed.

Vealmoor with M. B. Maxwell Jr., as principal, needs to employ two teachers. At this time, Maxwell comprises the whole staff.

Charles Hodges is the only new faculty member at Gay Hill. The faculty: George Archer, principal; Robert Van Meter, Mrs. Robert Van Meter, Delmer Turner, Mrs. George Archer, Mrs. Nellie Mae Beckmeyer, Mrs. Clela Faye Fryar, Mrs. Mildred Buchanan and Hodges.

as anticipated remains to be seen, Anderson said. "We can only hope we come reasonably close in our estimates," he said.
