Rusk Told To Try For New Talks With USSR

Big Four Chiefs Want To Negotiate

Heads Legion

Charles L. Bacon, a 51-year-old Kansas City lawyer, was named commander of the American Legion. Bacon addressed the organization's final session of its convention in Denver. (AP Wirephoto).

WASHINGTON (AP) — The Western Big Four foreign ministers Saturday authorized Secretary of State Dean Rusk "to ascertain if there exists a reasonable basis for negotiation with the Soviet Union" on the Berlin crisis.

The diplomats are gloomy about prospects for getting by the explosive Berlin dispute without serious trouble if the Kremlin does not display less intransigence than it has so far.

Rusk is to meet with Soviet Foreign Minister Andrei Gromyko at next week's opening of the U.N. General Assembly session in New York to conduct his sound-out operation.

On the other side of the diplomatic coin, the Western strategists considered a wide range of possible solutions to the German problem in a review of what might be brought to an East-West conference.

Speaking in a 200-word communique at the windup of a three-day strategy conference, the Western policy-shapers "agreed that a peaceful solution to the problem of Germany and Berlin can be achieved if both sides—East and West—are prepared to undertake discussions which take account of the rights and interests of all concerned."

The Soviets so far have indicated only that they are willing to talk about a peace treaty for East Germany, which the West does not recognize, and an end to Western occupation of West Berlin. This is not acceptable to the West.

NEW MEASURES Rusk and the other foreign affairs chiefs—Britain's Lord Home, France's Maurice Couve de Murville and West Germany's Heinrich von Brentano—agreed also on countermeasures to be taken against further possible Red pressures on Communist-encircled West Berlin.

Record Vote Expected In West Germany BONN (AP) — West Germany election campaign—infamed by the Berlin crisis—closed Saturday night to the great relief of voters and the nation's allies abroad.

DEATHS REPORTED Unconfirmed reports said three U.N. soldiers in an armored car were overpowered and burned to death in an African section of the city.

Behind the usual professions of agreement among the Western strategists still lay some obvious differences over negotiating with the Reds.

U. S.—REDS FIRE TESTS WASHINGTON (AP) — The United States set off its second underground nuclear explosion in two days Saturday at the Atomic Energy Commission's test site in Nevada.

Mild Weather Over All Texas By The Associated Press Generally mild weather prevailed over all of Texas Saturday for the first time since hurricane Carla approached the Texas-Louisiana coast a week ago.

RED CROSS MUST BEAR BURDEN FOR REBUILDING STORM AREA

Turn to Page 5-A in today's Herald and read about "Carla's Cruelty." Or read in almost any newspaper about the tremendous losses that thousands of families have suffered in the disastrous hurricane.

IN THE CONGO

Katangan Troops Turn On Officers

UNITED NATIONS, N.Y. (AP) — The United Nations announced Saturday night that U.N. Irish troops holding out at Jadotville in Katanga got a cease-fire and that Katangan soldiers mutined against their foreign officers.

About 150 Irish U.N. troops had been holding out for six days in Jadotville, where they had been sent originally at the request of the Belgian government to protect Belgian civilians.

A spokesman at U.N. headquarters said a report from the Congo centering on Saturday's activities there stated: "In the late evening hours the Congolese (Katangan) soldiers in Jadotville refused to obey their foreign officers and stopped attacking the U.N. troops."

"A cease-fire was agreed upon including the provision that the jet fighter was to be grounded and the roadblock set up by the gendarmes on the Elisabethville-Jadotville road must be removed."

"U.N. troops were provided by the Congolese soldiers with fresh food, and it was agreed that a joint tour of Jadotville by U.N. officers, gendarmes and local authorities will take place in the morning."

The report came from the officer in charge of the U.N. operation in the Congo, Sture Linnér of Sweden.

It said that prior to the cease-fire, the U.N. unit in Jadotville was supplied this morning by helicopter but that two relief companies from Elisabethville were pinned down by heavy fire from a strongly fortified gendarmerie position about 12 miles from its destination.

It said there was strafing and mortar fire against the Kamina base, where U.N. troops have been under attack, and outlying sections were looted.

Sniping continued in Elisabethville, the report added, but "the Congolese population throughout Katanga remained calm and fraternized with the U.N. as did gendarmerie units in locations where there were no non-Congolese officers."

Constant assaults by President Moise Tshombe's troops and Baluba tribesmen gravely threatened two United Nations garrisons and the main U.N. military center at Kamina in rebellious Katanga Province Saturday night.

In the provincial capital of Elisabethville, Katanga forces appeared to be slowly regaining control of the city from U.N. units.

A U.N. pilot returning to Leopoldville from Kamina in northwest Katanga said the 500-man Irish-Swedish garrison had withdrawn before powerful Katanga attacks to a small perimeter around the base's airport control tower.

CRISIS NEAR The pilot said the Katangans, backed by armored cars, have forced the garrison to abandon other buildings on the base.

"It will be difficult to hold out much longer," said a radio message from Kamina. "The firing is heavy."

In Elisabethville, Katanga police and soldiers moved about freely. U.N. forces maintained possession of the post office in the center of the city.

Negro soldiers under white officers and war-painted backwoods warriors under Chief Kasongo Niembo joined in a massive offensive against Kamina that was reinforced by strafing and bombing raids of a jet fighter from Tshombe's tiny air force.

Urgent radio messages from the Kamina control tower were recorded at Usumbura, in the neighboring Belgian trust territory of Ruanda-Urundi.

"Our water and electricity are cut," said one. "We had two strafing and bombing raids by the Katanga Fouga Magister — a French-built jet fighter. The plane said it will be back."

Heart Victim

WASHINGTON (AP) — Rep. Overton Brooks, D-La., the chairman of the House Space Committee, died Saturday of a heart attack. He was 63.

Brooks was taken to the Naval Medical Center in nearby Bethesda, Md., last Monday for treatment of pneumonia and he was fatally stricken at the hospital.

End Of Auto Strike Looms

DETROIT (AP) — The United Auto Workers executive board Saturday night set next Wednesday as a target date for ending the strike which has tied up General Motors Corp. production for the past week.

UAW President Walter P. Reuther announced the executive board voted to convene the UAW's GM Conference at 2 p.m. Wednesday.

In the meantime, Reuther said, the international union and the UAW's GM department will "continue to work in close cooperation with the General Motors local union leadership to resolve all legitimate problems at the local union level."

Sammy Sain, Ex-Baseball Player, Dies Saturday

One of West Texas' best known and best liked professional baseball players of the late 1920's, Samuel Moore "Sammy" Sain, died at 1:15 p.m. Saturday in a local hospital. He formerly had served many years with the T&P Railway Co.

Sain, who was a motel manager here at the time of his death, was rushed to a local hospital Friday after suffering a cerebral hemorrhage.

He had just finished his daily tenure of duty at the Westwind Motel on South Gregg Street when he complained to Mrs. Omar Jones, wife of the owner, that he had a terrific headache.

With that he collapsed and remained in a deep coma.

Born in Rio Vista, Texas, Sain moved to Big Spring from Cleburne in 1928. He later signed a baseball contract with the local entry in the old West Texas League and became recognized as one of the top second basemen in the circuit.

Still later, he performed for the T & P team after accepting employment with the railroad here. At one time, his baseball contract was acquired by the St. Louis Cardinals.

He continued to play sandlot and semi-pro baseball well into the 30's, until the day he broke his arm while batting in a game at Coahoma.

Sain started in professional baseball in 1920, at which time he was in the Texas-Oklahoma League. His first full season was two years later, however, when he joined the Abilene Eagles.

While performing at Greenville in 1925, one of his teammates was John Leonard (Pepper) Martin, who later was to become a World Series immortal with the St. Louis Cardinals. Sain always considered Martin the greatest player he ever played with or against and one of the greatest he ever saw.

Sain was a member of the First Baptist Church here and was affiliated with the Masonic Lodge in Cleburne.

Funeral services will be conducted at 10 a.m. Monday at the Nalley-Pickle Chapel, Rev. P. D. O'Brien officiating. Burial will take place in Trinity Memorial Park under the direction of Nalley-Pickle Funeral Home.

Survivors include his widow, Mrs. S. M. Sain, a daughter, Dorothy Dean O'Neil, Midland; a sister, Mrs. J. L. Homan, Cleburne; and a grand daughter, Sharon Elizabeth O'Neil, Midland.

The family home is at 1300 Dixie.

Palbearers for the services are to be Glenn Smith, Omar Jones, Horace Reagan, S. M. Smith, Jasper Atkins and R. B. Reeder. All of Mr. Sain's friends are to be honorary bearers.

SAMMY SAIN

Storm Area From High Above

This photo shows a tropical disturbance in the Atlantic photographed by a special camera aboard the Mercury-Atlas spacecraft which was fired into a single orbit from Cape Canaveral. The National Aeronautics and Space Administration, which released the picture, said the disturbance is Hurricane Debbie. The shot was made approximately 15 minutes after launch. (AP Wirephoto from NASA)

Lethal Typhoon Batters Nippon

TOKYO (AP)—Raging Typhoon Nancy plowed a path of death and destruction across heavily populated central Japan Sunday and roared north up the Japan Sea.

Police said Nancy, the worst typhoon in the Pacific this year, left at least 114 dead, 57 missing and 1,989 injured. Casualties were expected as the storm skirted the western shores of the northern island of Hokkaido.

Central Japan bore the full fury of the storm. Winds of 109 m.p.h. hit the area.

HEAVY DAMAGE Fringe winds which lashed Kyushu in the south and Hokkaido in the north also caused extensive damage. Property damage was estimated in the millions of dollars.

The government immediately set up disaster relief headquarters in Tokyo.

The center of the storm missed Tokyo where winds were clocked at 40 m.p.h.

The Central Meteorological Agency said Nancy was 120 miles northeast of Wakkana, northern tip of Hokkaido, at 3 a.m. Sunday, moving north-northeast or northeast toward the Soviet South

Sakhalin at 45 miles an hour. It still had center winds of 109 m.p.h. with 56 m.p.h. fringe winds within a radius of 240 miles.

Earlier the storm skirted Kyushu and Shikoku, western Japan, and slammed into the Osaka-Kobe industrial complex.

It moved on to pound the ancient Japanese capital of Kyoto. Some historical shrines and temples were reported damaged heavily. Eight persons were reported killed in Kyoto and 138 injured.

Osaka, a city of 3 1/2 million, bore Nancy's full fury. Winds of 109 m.p.h. screamed through the area. Rivers and canals surged out of their banks and buildings were flooded. Roofs were blown from houses, windows were shattered, heavy signs flew through the air and trees shattered.

MANY HURT Police said 21 persons were killed in Osaka and 668 were injured. More than 300,000 were evacuated from their homes.

A complete power failure blacked out the city for several hours Saturday night, but service later was partly restored.

Tokyo weather officials said Typhoon Nancy was the fastest moving storm ever to strike the main Japanese islands. Its speeds were clocked at 31 m.p.h. when it hit Honshu, then increased to over 50 m.p.h. when it roared out into the Japan Sea.

The giant storm skirted Okinawa Friday and rampaged the southern Japanese islands with a wide destructive front. Crop, road and railway damage was extensive.

Communications facilities were hard hit. Close to a thousand landslides occurred and 237 bridges were washed away.

It said that prior to the cease-fire, the U.N. unit in Jadotville was supplied this morning by helicopter but that two relief companies from Elisabethville were pinned down by heavy fire from a strongly fortified gendarmerie position about 12 miles from its destination.

It said there was strafing and mortar fire against the Kamina base, where U.N. troops have been under attack, and outlying sections were looted.

Sniping continued in Elisabethville, the report added, but "the Congolese population throughout Katanga remained calm and fraternized with the U.N. as did gendarmerie units in locations where there were no non-Congolese officers."

Constant assaults by President Moise Tshombe's troops and Baluba tribesmen gravely threatened two United Nations garrisons and the main U.N. military center at Kamina in rebellious Katanga Province Saturday night.

In the provincial capital of Elisabethville, Katanga forces appeared to be slowly regaining control of the city from U.N. units.

A U.N. pilot returning to Leopoldville from Kamina in northwest Katanga said the 500-man Irish-Swedish garrison had withdrawn before powerful Katanga attacks to a small perimeter around the base's airport control tower.

CRISIS NEAR The pilot said the Katangans, backed by armored cars, have forced the garrison to abandon other buildings on the base.

"It will be difficult to hold out much longer," said a radio message from Kamina. "The firing is heavy."

In Elisabethville, Katanga police and soldiers moved about freely. U.N. forces maintained possession of the post office in the center of the city.

Negro soldiers under white officers and war-painted backwoods warriors under Chief Kasongo Niembo joined in a massive offensive against Kamina that was reinforced by strafing and bombing raids of a jet fighter from Tshombe's tiny air force.

Menderes Too Ill To Face Hangman

ISTANBUL, Turkey (AP)—Deposed Premier Adnan Menderes, sentenced to die for being a dictator, lived on borrowed time Saturday. The march to the gallows was delayed by his apparent attempt at suicide.

But former Foreign Minister Fatin Zorlu and ex-Finance Minister Hassan Polatkan were hanged before dawn, shortly after the nation's ruling junta upheld death sentences for all three.

Zorlu, 52, was charged with helping organize anti-Greek riots in the country in 1955 and with using his high office for personal profit. Polatkan, 45, was convicted of embezzlement and other violations.

The government said Menderes was too ill and would be executed later. A spokesman added he would go to the gallows as soon as he recovers.

Menderes, 62, collapsed at Yasasira Friday just before a revolutionary court ended a 1-month trial by condemning 15 former officials to death. The junta commuted 12 of the sentences to life in prison. Former President Celal Bayar, 77, was among the spared.

Turkish law prohibits executing a man not in his right senses or too ill to stand. Doctors who pumped out Menderes' stomach as he lay in a coma reportedly found traces of sleeping pills.

In general Turks seemed to regret the executions.

"We could have done without bloodshed," said an Istanbul cab driver. "We started with a bloodless revolution and I wish we could have kept it that way."

deal offered, Lamb said, is a good one.

At present, the water supply to Forsan's 80 families is not satisfactory due to the inadequate lines in service. The city proposes, if the bond election is approved, to replace the present 1-inch and 2-inch network with 6-inch, 4-inch and additional 2-inch lines.

The storage proposed will also insure around 40 pounds pressure at all times.

Forsan residents also have another new experience in store for them in the immediate future. They will receive their first tax statements from their town sometime this month.

Mrs. Margaret Gressett, who is with the Forsan school district, is setting up the tax rolls for the town, and is preparing the tax statements.

Forsan Looking Toward A \$75,000 Water Bond Issue

FORSAN — Residents of this community, Howard County's newest incorporated town, will be given a chance to voice their approval or disapproval of a bond issue for water improvements in the near future.

C. J. Lamb, mayor of Forsan, said the city council plans to submit a proposal for \$75,000 in bonds to the voters, possibly before the end of the year.

The money would be used to purchase the two wells which now supply the town with water and which are privately owned, drill more wells if needed, construct a 30,000 gallon storage tank and replace the community's entire pipe line system.

The bonds would be both revenue and tax securities — possibly \$25,000 revenue bonds and the remainder tax bonds.

Lamb said that the present owners of the water system, Mrs. Wilma Smith and D. W. Day, have come to an agreement with the council on a price they will accept for their properties. The

Reviewing The Big Spring Week

With Joe Pickle

No matter what the calendar says autumn got here in a big way last week with a minimum of 49 degrees on Friday, equal to the lowest on record in 1913. Hurricane Carla, which brought so much ill to the coast, failed to produce much good here. The quarter to half an inch of moisture had not much effect on crops, but the prolonged cool weather virtually halted crop growth for the time being.

Incidentally, contributions are being sought for relief of victims of the hurricane on the coast. Already several have responded and you may mail your checks to the Herald, if you care.

A conference on how to handle the salt water disposal problem in the Sharon Ridge Field failed to produce decisive results at Snyder last week, but it did bring out two new proposals for dealing with the matter. Disposal of the salt water is a key to the Colorado River Municipal Water District's plan of a second lake on the Colorado.

If you haven't obtained your season memberships for the Big Spring Concert Association series (which includes Grant Johnson, pianist, Fred Waring and his Pennsylvanians, the organist Richard Ellsasser, and the musical, "Music Man"), perhaps we can help. Contact this column and we'll see that you get your tickets.

The quick trial of John Edwin Myers, who signed a statement admitting four slayings—one of them here — did not materialize for Monday. His court-appointed

Shooting At Game Fatal To Youth

AUSTIN (AP)—Frank McGowan, 20, died today of bullet wounds he received in a shooting Friday night during a high school football game.

McGowan was shot in the abdomen as he watched the game between Anderson High School of Austin and Washington High of Houston.

Conservatives Gain

DALLAS (AP)—Jack Cox, who last week aligned himself with the Republican party, told a Constitution Week luncheon Saturday that "There is concrete evidence to-day of a resurgence of conservatism throughout this nation."

BIBLE FUND STILL SHORT

Just when it needed lots of help, the high school Bible Class almost stalled out Saturday.

Gifts for the day amounted only to \$60, one of the lighter days of the campaign. This left the total at \$2,911.19, considerably short of \$3,500 needed from volunteer sources.

After Monday the daily appeals for the fund in the Herald will have to be discontinued, so please send in your contribution promptly. Make checks payable to Bible Class Fund.

Heavier Draft Calls Are Posing A Supply Problem

October quota for the Tri-County Selective Service Board has been set at 26—the largest number of inductees to be ordered into service here in any one month since the days of the Korean War. The number is twice those ordered inducted in September.

Stock Split For Travelodge Corp.

Travelodge Corporation, with home offices in San Diego, has recently announced a stock split, issuing five shares of new no-par value stock for each four shares of existing stock held by shareholders as of record date of September 15, 1961, subject to filing amendments to articles of incorporation with the Secretary of State. Fractional shareholders may purchase additional stock to make a full share or, by election, sell the fractional interest at market value.

The Travelodge Corporation originated the unique and highly successful co-owner or manager-partner plan, whereby each of the 175 Travelodges now operating in 135 cities in America, Canada and France are owned equally under a partnership agreement between The Travelodge Corporation and the managing-partner. There is a unit in Big Spring.

report for military duty, the local board is to send 26 to Abilene for preinduction medical examinations — also a record number.

Mrs. Louise Nuckolls, chief clerk said that her instructions are to send seven of the September draftees to service centers on Sept. 20 and six on Sept. 28. On that same date, 30 will go to Abilene for preinduction examination.

The October assignment sheet calls for the board to send 12 to induction center on Oct. 11, along with the 36 who are to be given their preinduction exams. On Oct. 13, the local board will dispatch 14 to induction centers to complete its quota for the month.

Mrs. Nuckolls said the number of men to be called for preinduction examination will have to be materially augmented in the next two months if the number of inductees to be called continues as in September and October.

"We are running out of material," she said.

Dallas Man Slain

DALLAS (AP)—A family argument early Saturday ended with the husband dead of a shotgun blast and the wife in jail.

Police arrested Mrs. Eulaice Williams, 50, after they found her husband, Joe Weldon Williams, 54, fatally shot at their home.

Doctors Who Fled Castro's Regime At VA Hospital Here

By JOE BYER

Two doctors who left their native country of Cuba because they could not tolerate the Castro regime are now members of the Big Spring Veterans' Administration staff.

"They are working through special arrangements with the State Department," V. J. Belda, hospital director, said.

Dr. Tomas R. Armstrong, a surgeon, and Dr. Aristides Menendez, a specialist in internal medicine, found themselves stripped of all possessions and powerless before the grabs of the Castro forces. Like many others who seized the opportunity before the gate was closed, they fled to the United States mainland.

Dr. Armstrong, 56, has been in medicine since 1929 when he graduated from the University of Havana Medical School. He remained with the City Hospital at Havana after completing his internship, rising to the position of director of professional services at the Emergency City Hospital. Later he held the same position at the new Surgical Clinic Hospital in Havana until 1960.

"When Castro took over I went into private practice," Dr. Armstrong said. In August of 1960 he came to Miami, Fla. and worked at the North Shore Hospital there. He later resigned this position to join the unsuccessful invasion to overthrow Castro in April, 1961. Dr. Armstrong was chief of the surgical hospital which participated in the invasion.

Dr. and Mrs. Armstrong reside at 213 Jefferson. They have one daughter, Gracy, who works for Pan American Airlines at Miami. Dr. Menendez, 44, graduated from the medical school at the University of Havana in 1941. He was senior physician in charge at the Anglo-American Hospital at Havana for 14 years before coming to the United States in December, 1960.

RESEARCH WORK He specializes in internal medicine and in 1946 worked in the United States on a special research fellowship. He has also done work at the Anti-Cancer Institute in Cuba.

Mrs. Menendez and their three

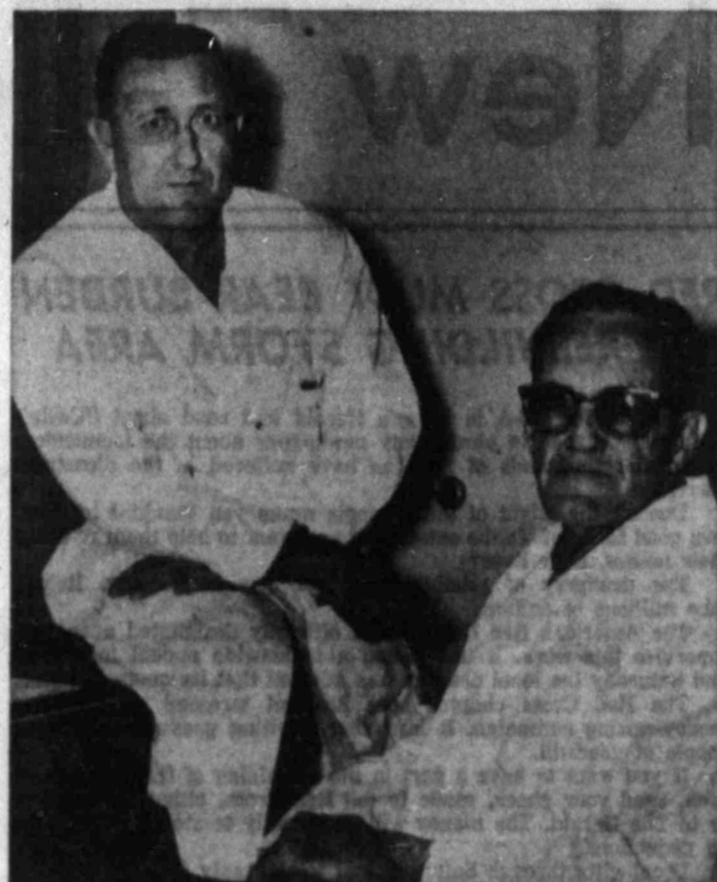

children are in Miami where the children attend school.

"They were already enrolled when I came here so we thought it would be better for them to remain there until they finish the school year," he said.

Both doctors expressed the desire to return to their homeland.

When this might be depends both on conditions in Cuba and on working arrangements with the Veteran's Administration.

"Mrs. Armstrong and I like it here," Dr. Armstrong said. "The people are all warm and polite. Here you are a person and not a number as you often are in a big city."

THEY COULDN'T TAKE CUBAN DICTATORSHIP
Dr. Aristides Menendez and Dr. Tomas Armstrong now here

Police Start Crackdown On Wrong-Side Parking

Drivers who park their cars on the left side of the street, in the business or residential districts, are beginning to feel the pinch of fines.

Police gave warnings for more than a week, but then the corporate court docket began to show fines — in fact 16 persons paid fines totaling \$31 through Friday.

"We've got to stop it," Chief Jay Banks said, following the announcement of policy regarding wrong-side parking. "There are too many accidents caused where cars are parked on the left side of the street."

"I could park my car on the wrong side, across from your driveway," he said, "and you could back into my car and damage it a thousand dollars worth and, even though you were careless in backing without looking, I would have to pay for the damage to your car. That's why we've got to crack down for the good of those violating the ordinance against these things."

Fines are beginning to show up

in excessive noise violations, mostly faulty mufflers—street six paying \$30.

During the week 63 fines for all causes totaled \$641.

Drunkness continues to lead the list in fines levied, according to the police docket Friday, with 12 fined for \$305. Five with no drivers licenses paid \$55, and five paid \$35 for running red lights.

Other fines and amounts paid were: Two contesting for speed \$10, two disregarding flashing red lights \$10, two failing to yield right of way \$30, disturbance \$25, two exceeding safe and prudent speed \$30, speeding \$10, improper passing \$10, expired driver's license \$20, two for improper backing \$20, running stop sign \$5, wrong way on a one-way street, \$5, two violations of the dog ordinance \$20.

THEY WILL DO THE JOB

NOT PERFECT

By T. H. Tarbet, preacher,
Church of Christ, 2802 West Highway 88
P.O. Box 1285.

The Bible plan for the church is perfect, but the people who make up the church of Christ are human and imperfect.

Because the members are imperfect, is not reason for us to give up the perfect standard. We cannot support and condone anything but the Scriptural doctrine, organization, worship, and manner of living. The true church does not condone wrong, not even her own members. She seeks to correct the evil.

I have not found a perfect group of people; but I have found a peo-

ple who wear the name, and sincerely seek to be the church of Christ.

I have found a people who allow me to preach anything I can prove by the Bible; a people who are willing to either justify all they teach and practice by the Scriptures, or to correct themselves accordingly.

Is not this the church of Christ? If not, why not?
Welcome to our services today: 9:30 and 10:30 a.m. and 7:00 p.m.—Adv.

Baker To Attend Credit Union Meet

Duke Baker, Big Spring credit union leader, will attend the joint board meetings of the Texas Credit Union League and the Members Mutual Insurance Company in Dallas Friday and Saturday at the Sheraton - Dallas Hotel, according to James M. Barry, managing director.

Baker, who is with the Webb Air Force Base Federal Credit Union, is on the board of the Members Mutual Insurance Company.

Oldsmobile To Show '62 Line

LANSING—The 1962 Oldsmobile 88's and 98's and Starfires feature a new styling silhouette with a longer, lower look, outstanding engine performance and quality and new emphasis on reliability.

Description of the cars has been released in connection with formal showing. All Oldsmobile models, with the smaller F-85 series, will be displayed in dealer showrooms Friday, Sept. 22. Manufacturers called attention to a fresh new profile with completely different front and rear styling, new fender lines and a new roof design.

Oldsmobile is emphasizing quieter, more comfortable and smoother operation. The four-stage Hydra-Matic transmission is improved again for 1962, and there's a smoother - than - ever transition between the four speed ranges.

The Olds line has a new member this year — the Starfire coupe. It is equipped with bucket seats and a sport-type power console. It will have the same appointments and trim combinations as the Starfire convertible.

ASC Committee Ballots To Be Checked Monday

Tabulation of ballots cast in the ASC election of Community Committee members will be conducted in the ASC office, at 403 Lancaster on Monday, Gabe Hammack, office manager, announced. The tabulation will be open to any one interested in being present.

Ballots for the committeemen were accepted until 5 p.m. Friday. Hammack said a fairly heavy vote was polled. The balloting has been by mail and has been under way for some weeks. Candidates for the posts on the committees were selected and all farmers and others eligible to vote provided with a list of the men suggested for the positions.

Meeting Called For Marcy P-TA

Initial meeting of the new school term of the Marcy School Parent-Teacher Association has been set for Tuesday evening at 7:30. The session will be at the school. All parents are urged to attend, and meet teachers in the Marcy school this year. They will be given an outline of the instructional program and the daily schedule of events.

State's Highway Toll At 1,492

AUSTIN (AP)—The Department of Public Safety Saturday reported 1,492 persons have died on Texas highways in 1961. This is an increase of seven deaths over the corresponding period last year. There have been 1,308 fatal accidents thus far, also an increase of seven over last year's total at this time.

Famous Cattle Herd Dispersed At Sale

Last Showing For Cauble Cattle

Buyers bid briskly Friday as the Rexie Cauble herd, representing the fruits of two score years of straight, linebred Anxiety 4th breeding, was dispersed in an auction sale. Typical of the scene was this instant when Gratta 119th and her heifer calf went through the ring. Auctioneer Walter Britten sold the pair to Troy Williams, Ozona, for \$490.

The last of the Cauble cattle went the way of all good breeding stock here Friday in a dispersal sale that grossed \$35,845.

Seventy-nine head of cattle, many of them cows with calves at side, went through the ring in rapid-fire order at the Howard County Fair Barns as Auctioneer Walter Britten called out new homes for the linebred Anxiety 4th cattle built up over two score years by the late I. B. Cauble and his son, the late Rexie Cauble.

The 16 bulls grossed \$8,200, an average of \$512.50; with two other bull calves brought \$560.

Fifty-four cows, many with calves at side, and exposed heifers brought \$25,140, an average of \$465.55. Another seven cows, tattooed but without papers, grossed \$1,945, which with the \$560 for the two bull calves, boosted the over-all total to \$35,845.

The registered pairs, 39 in all, averaged \$547, the 10 heifers \$356.50, and the 7 dry cows \$231.

GOOD SALE
Bert Reyes, Beeville, sales manager, described the dispersion sale as a good one in returns.

Floyd Schull & Son, San Saba, was the heaviest buyer, paying \$3,460 for 8 head. The second largest buyer was Gene Pickard, Albany, who paid \$3,260 for seven

head. J. C. Oglesby, Eldorado, picked up seven for \$2,905, and Troy Williams, Ozona, bid in seven for \$2,875.

M. Imperial Lamplighter 34, a herd sire, topped the sale at \$1,650, going to Lee Schriver, Turkey, Welder Bros., Beeville, paid \$850 for Royal Anxiety 31st, the first bull up in the sale.

Walter Graham, Happy, paid \$760 for Dorana 278th and heifer calf.

Thurman Walker, Lampasas, bid in Pretty Maid 3rd and a heifer calf for \$750. H. F. Tickle, Ballinger, paid \$740, for Pretty Maid 4th and a bull calf. Gene Pickard, Albany, paid \$700 for Duchess Mischief 18th and a bull calf, and \$720 for Duchess Mischief 183rd and a bull calf.

OTHER BUYERS
Among other major bidders were S. S. Shanklin, Rock Springs, four animals for \$1,570; Johnson Bros., Deming, N. M., three animals for \$1,500; H. F. Tickle, Ballinger, three for \$1,500; H. B. Eudaly, Grand Falls, four for \$1,360; C. C. Thompson, Colorado City, three for \$1,470; Plains Cattle Company, Amarillo, three for \$1,400.

Charles W. Lewis, Sweetwater, president of the National Anxiety 4th Breeders Association, said he was pained to see the herd dispersed but gratified that there

were so many cattlemen on hand. Upward of 300 were in the stands for the sale. Lewis described the characteristics of ranginess, sturdiness and conformity to the late I. B. Cauble, founder of the herd, had sought to breed into the cattle, and said he knew of no one who had succeeded so admirably in this goal.

REXIE CAUBLE HERD
Rexie Cauble, whose cattle were actually on the block Friday, had added new quality and vigor to the cattle, he said. Both Reyes and Britten also praised the Cauble cattle as being among the most beneficial in the Southwest.

In the stands for the sale were Mrs. I. B. Cauble, and Mrs. Rexie Cauble, who decided to sell out the cattle, was busy as clerk of the sale.

Among other buyers were S. B. Archer, Amarillo, Spade Ranch, Colorado City, Ralph Dunn, Odessa, Monk Rucker, Spur, Clayton Brand, Rotan, Colby Conkright, Hereford, Bill Stallard Big Spring, J. W. Lindley, Lakeview, George Wallace, Sonora, C. W. Howell, Snyder, Vena Warwick, Lubbock, Charlie Creighton, Big Spring, J. H. Daugherty, Spur, Morris Crittenden, Big Spring, Renal Rosson, Snyder, E. T. O'Daniel Ranch, Big Spring, and T. Willard Neel, Big Spring.

Home Mail Service For New Streets

Fifteen families now residing on Carol Drive and Lynn Drive in Kentwood Addition are being provided with house-to-house mail delivery.

E. C. Boatler, postmaster, said that a route serving the general area had been extended to include these two streets.

As additional blocks in the area build up, Boatler said the mail service would be further expanded.

Airliner Checked By Soviet Plane

FRANKFURT, Germany (AP)

—A Soviet jet fighter flew very close to an American civilian airliner in the Berlin air corridor today, but apparently made no effort to molest the U.S. craft.

A spokesman for Pan American Airways said the Soviet MIG apparently was taking a "look-see" at the airliner.

You Heard Strange Things About Catholics

During the presidential campaign of John Kennedy there was much opposition to him because he is a Roman Catholic. From pulpits and in many newspapers we heard such statements as: "A Catholic President will turn the country over to the Vatican," "A Catholic can't be a good American and a good Catholic," "A Catholic President will follow the dictates of the Roman Hierarchy," "Catholics will take over the nation and will kill off all Protestants and Jews." These and so many other things have been said about a Catholic as President. Yet, we have a Catholic President and none of these things have come to pass. Why? Because they were untruths spoken to mislead right thinking people. The Catholic Church was deliberately pictured in a bad light to mislead.

If you wish to learn the truth about the Catholic Church write today for a free pamphlet explaining Catholic teachings. The Knights of Columbus of your area are making this pamphlet available so that you will know the truth. Write to: Home Study Center, Box 5644, Amarillo, Texas.

Party Rivals Differ On The Record Made By Congress

WASHINGTON (AP) — Senate Democratic Leader Mike Mansfield of Montana said Saturday Congress has written a "very satisfactory record" in the current session expected to end next week.

But Senate Republican Leader Everett M. Dirksen of Illinois said in a separate interview Congress has handed some "serious defeats" to President Kennedy.

With several important measures yet to be acted on finally, Congress seems likely to go home leaving on the 1962 book a half dozen major Kennedy proposals.

These include medical care for the aged; general aid to education; creation of a department of urban affairs; a Senate-passed bill to provide job retraining; general tax reform legislation and a Senate-approved revision of the Battle Act to permit economic aid to Iron Curtain countries where the president feels it would enhance U.S. security.

Mansfield said that despite this he thinks the over-all record is very satisfactory.

He praised Republicans for making it possible to have bipartisan support for Kennedy's foreign policy actions.

"The Republicans are entitled to a great deal of credit for the re-

sponsible manner in which they have acted in the foreign policy field," he said.

Dirksen said it will continue to be Republican policy "to be objective and never oppose just to be opposing."

On 16 proposals Kennedy put on a priority list early in the session, he got action on 11. Among measures which became law were unemployment compensation extension, minimum wage increase and area redevelopment legislation.

In addition, Congress provided financing for the interstate highway system, created 73 new federal judgeships, gave the President governmental reorganization power, voted Social Security benefit increases, enacted three anti-crime bills and extended the airport aid program.

The Berlin crisis gave Kennedy all of the impetus he needed for

overwhelming congressional approval of a \$3.5-billion stepup in defense spending, with emphasis on expansion of ground force capabilities.

But Kennedy took a political licking on some of the measures that became law. Congress threw out the administration do-it-yourself version and wrote its own farm bill. The President is getting five-year authority for development loans in the foreign aid bill, but he lost his fight for Treasury borrowing which would have given him considerable more leeway in handling this program.

Looking over this record, White House staff members have come up with the conclusion that the first session of Congress did better by Kennedy than his first session did by former President Dwight D. Eisenhower.

They listed 33 measures of less importance they felt added up to a satisfactory accomplishment.

Fright's A Good Way To Die, Too

TRENTO, Italy (AP)—A postal clerk in Trento, frequently a target for homemade bombs of South Tyroleans unhappy with Italian rule, got the scare of his life recently.

When he banged down an iron stamp to cancel a letter, the envelope exploded and burst into flame.

Dynamite experts were called in. They read the shredded letter, found a girl, 9, was answering a French pen pal's request for some paper cartridges for a toy pistol.

PVT. R. J. JACK

MEN IN SERVICE

Pvt. Ronnie J. Jack, son of Mr. and Mrs. Barney C. Jack, Lamesa, recently completed the radio relay and carrier operation course at the Army Signal Training Center, Fort Gordon, Ga.

During the eight-week course Jack was trained to operate and maintain radio relay systems and carrier equipment. The 17-year-old soldier entered the Army last April and completed basic training at Fort Hood. Jack attended Lamesa High School.

Three area men are receiving advanced individual training with the First Infantry Division at Fort Riley Kan. The training is scheduled to end Oct. 13. Each man is being trained for proficiency in infantry unit combat tactics and in handling light and heavy weapons.

They include: Pvt. Loyd O. Flitts, is the son of Mrs. Ohel O. Flitts, Ackerly. He is 23 and a 1954 graduate of Ackerly High School.

Pvt. James L. Eggleston, 17, is the son of Wendell L. Eggleston, 1307 Main.

Pvt. Gene A. Hartin, is the son of Mrs. Wanda J. Carr, Gail Route. He attended Big Spring High School.

Voluntary X-Ray Workers

Adult volunteers at the Veteran's Administration Hospital work in many sections helping the staff. An orientation for new volunteers has been scheduled at 7:30 p.m. Monday to recruit more volunteers to replace Junior Volunteers lost because school has resumed. At the indoctrination, guests

will meet chiefs of divisions and services where volunteers are used. Shown above are, left to right, Mrs. Bryon Alexander Jr. and Mrs. Charles Goodell, volunteers who help out in the X-Ray laboratory.

Rotarians Sponsor Freedom Seminar

An all-day Freedom Seminar will be conducted at the Big Spring municipal auditorium next Saturday, beginning at 8:45 a.m. The seminar will be sponsored by the Big Spring Rotary Club, and will be directed by W. P. Strube Jr., president of Mid American Life Insurance Co., and vice president of the Christian Anti-Communism Crusade.

The seminar will deal with specific sections involving "Fundamental Belief in God," "Constitutional Government Designed to Serve the People," and "Political and Economic Rights Which Protect the Dignity and Freedom of the Individual." Registration will begin at 8:45 a.m. and the program proper will get under way at 9 a.m. The morning seminar sessions will include "Marxist Philosophy," dealing with doctrines of dialectical materialism, "Millenium, Re-generation, Confession, Reward—How Do People Become Communists" at 9 a.m.; "The Communist Weapon of Allure," a U. S. Army film explaining the methods used by Communists to gain sympathizers, and features Dr. Warren Walsh, professor of Russian history, at Syracuse University, 10 a.m.; "Lenin's Program for World Conquest," an application of discipline and Marxist philosophy, history of Bolshevik party, blueprint and tentative date of world conquest, by W. P. Strube Jr., at 10:45; "A Look at Social-

ism," a film made in England, starting with Webster's definition, the philosophy, the substance, origin and record of socialism in practice, at 11:45. The afternoon sessions, beginning at 1:30 p.m., will feature "Communist Encirclement," documentation on how the Communists have won each victory; 2 p.m., "Communist Blueprint for Conquest of America," showing how some churches, schools, and industry are cooperating for their own destruction; 2:45, "Communist Blueprint for Conquest," a U. S. Army film; 3:50, "A Look at Capitalism," a Harding College film showing advantages of capitalism over communism and socialism; 3:45 p.m., "Communism in Current Events," showing events in Japan, India, Congo, Cuba and South America; 4:45 p.m., "Responsibility of American Citizenship (film); 7 p.m., "My Latvia," story of the "liberation" of the nation of Latvia by the People's Democracy of the U.S.S.R. (film); 7:30 p.m., "What Can We Do?" suggested methods on how to combat the deadly foe, by W. P. Strube Jr.

The seminars, and material provided, are made available by the Christian Anti-Communism Crusade, Houston, and prepared by such men as Dr. Fred Schwarz, president, Richard Arens of the House Un-American Activities Committee; Rep. Walter Judd; W. P. Strube Jr.; Herbert Phil-

Youth Sells Own Bombs

DUBUQUE, Iowa (AP)—A Dubuque high school boy today faced charges filed by officers who said he made and sold to school chums more than 25 bombs described as deadly weapons.

Police Chief Percy Lucas said he believed officers had recovered all unexploded bombs made by Thomas W. Young, 18, who told authorities he "read a lot about chemistry."

Young was arraigned Friday before Justice of the Peace John Meyer on a charge of manufacturing explosives. He was released on \$500 bond for hearing Oct. 11. Chief Lucas said one bomb had enough gunpowder in it to "knock down a house." It was made of a spray can about six inches high and four inches wide.

The chief said other bombs were made of metal cylinders about the size of a shotgun shell which Young admitted drilling during industrial art classes at school. They contained crude fuses.

Thomas Teal, 16, also was arrested after a bomb blew up a mailbox in Dubuque Thursday night. Officers said Teal told them he bought bombs from Young. Three boys turned over bombs to police Friday.

brick, author of "I Was a Communist for the FBI"; Martin Dies, former chairman of the House Un-American Activities Committee. Residents of Big Spring and area are invited to attend this seminar.

Famous Bible To Be Used In Rites

Back in 1864, Justus H. Rathbone, Washington, D. C., founded the Knights of Pythias Lodge and in his ceremonies employed his own personal Bible.

At his death, the Bible passed on to the fraternity and is currently in the hands of Supreme Secretary Mel Ewing of the grand lodge.

On Tuesday night, Floyd Seward, grand chancellor of the Knights of Pythias of Texas, will be in Big Spring and will use the same Rathbone Bible in a "Rath-

bone Bible Class" ceremony at Frontier Lodge No. 43.

The lodge here will be host to delegations from Abilene Lodge 43, Balrd Lodge 47; Breckenridge Lodge 464; Eastland Lodge 469, Lamesa Lodge 485; Midland Lodge 145, Odessa Lodge 487; San Angelo Lodge 46 and Spur Lodge 419. The Rathbone Bible will be used here in an initiation conducted by the grand chancellor. He is to be accompanied by Big Spring by Mel Ewing, the supreme secretary, and "Bo" Phillips, the supreme prelate of the Knights of Pythias.

Seward, whose home is in Austin, has held fearfully all of the posts in the Knights of Pythias since he was knighted in 1950. Following the ceremonies at the lodge at 8 p.m. Tuesday, refreshments will be served by the Sterling Temple, (Pythian Sisters) of Big Spring.

The annual conference of the Midland Business and Professional Women's Club will be held Sept. 23-24 at the Scharbauer Hotel, Ruth Fox, past president, will be the State representative. Registration can be made by contacting Mrs. Frances Carter, 702 West Storey, Midland.

B&PW Parley Sept. 23-24

For Children's Sight, Lions Sell Light

Downtown Lions Club members go knocking on doors this week asking residents to buy sacks of light bulbs.

Proceeds from the sale will go to the club's blind and sight conservation fund, as well as for other charitable and welfare purposes.

"We've got over 1,300 of these sacks," explained Wesley Deats, general chairman of this activity, "and we hope to contact every house in the city either on Monday, Tuesday or Wednesday evenings."

Hours of the sale are from 5 p.m. to 8:30 p.m. Price for the assortment of bulbs is \$2.

Frosty Robison and Jimmy Ray Smith head up the competing divisions.

Working with Robison as Eager Beaver team captains are James Tidwell, Phil Hines, Dean Tomlinson, Charles Havens, Jesse Pharis and Rad Ware. Those with Smith on the Feather Merchants are Don Pendergrast, Pete Cook, Morris Rhodes, Milton Barnett, Bill Sneed and Don Young.

A chicken or chill feed rides on the results of the sale, and competitive interest in the club rises high. Occasionally, however, it has got out of hand like last week when R. H. (Shorty) Snyder rose in the meeting and solemnly urged that the jails not be overlooked in the sales' canvass. Prisoners, he said, were prime prospects because the bulbs might make "their sentences light."

Highway Death Total To 13 For County

Howard County had two fatalities due to traffic mishaps in August but the report of the Department of Public Safety on road accidents for the month does not list these deaths. Both of the fatalities were in the city limits and the DPS report covers only those which occur on rural roads.

So far this year, the county has had 13 deaths in car accidents—of which 9 have been on rural roads and four in the city.

Two of these deaths have occurred since September opening. One occurred in the city and the other on IS 20.

The DPS report shows there were nine accidents on Howard county roads during September which were investigated by the state highway patrol. Three are classified as "personal injury" accidents and three persons were sent to the hospital as a result of these mishaps. In six of the accidents, property damage resulted. Property damage was set at \$4,655.

The DPS said that the deaths from traffic accidents in the 24-county Midland district for the first eight months of the year were 23 less than for the same period of time in 1960. Seventy-three persons have died on rural roads in the district since Jan. 1. In the same period in 1960, the death toll stood at 96.

The overall property damage this year is also down from the 1960 total by \$91,000. The damage in the 1,070 accidents so far this year is set at \$875,247.

Statistics shows that there have been 51 fatal accidents which is 11 less than last year; 346 personal injury accidents, down 41; 673 property damage accidents, down four; 645 persons injured, down 52.

Rayburn Honored
WASHINGTON (AP)—The House Saturday congratulated in his absence Speaker Sam Rayburn on the 21st anniversary of his election as speaker. Rayburn, recovering from luncheon, is at his home in Bonham, Tex.

400 FULL TIME STUDENTS

JC Enrollment Climbs To 681

Enrollment at Howard County Junior College hit 681 at the end of the first week of the fall semester.

While this figure promised a substantial gain in the head count, Dr. W. A. Hunt, president, pointed out that the real gain was in the number of full time students.

He estimated that this total is near 400, which is a little less than 20 per cent above last fall's full time enrollment.

Registration continues all this week, and Dr. Hunt is expecting a

substantial number of others to register both for daytime and evening classes.

Normally, several full time students are added during the second week of registration as young people discover that they are unable to go off to school, or having once discovered that they may obtain more satisfactory offerings here at home.

The chief source of gain has been in freshman students. Dr. Hunt estimated that this figure is up a good 30 per cent.

Water District Will Start Sales To Standard Oct. 1

The Colorado River Municipal Water District will be able to meet its delivery commitment on water to Standard Oil of Texas by Oct. 1, O. H. Ivie, assistant manager-production, said Saturday.

Installation of connections at Moss Creek Lake, from whence Standard and Sinclair Oil and Refining will be supplied for East Howard oilfield repressuring, is progressing satisfactorily.

The 16-inch line through the serv-

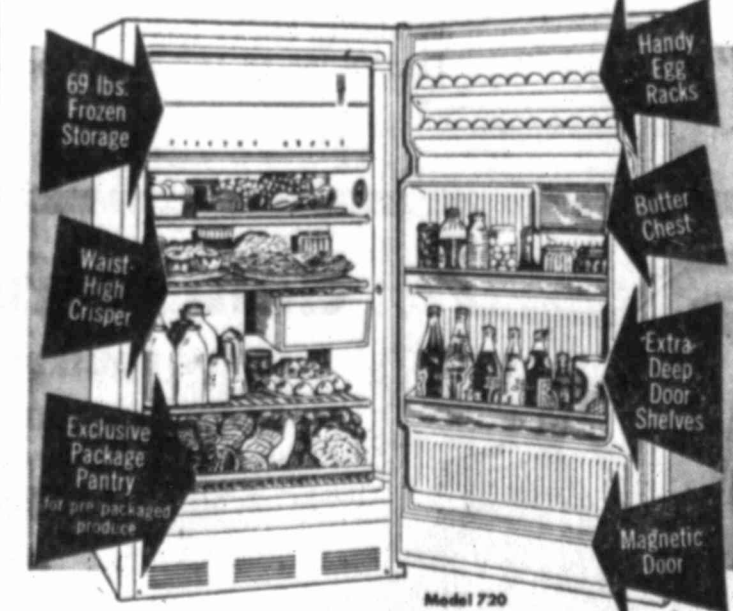

ice spillway outlet and connecting directly with the wetwell in Moss Creek Lake has been installed, said Ivie. Valves for the job were shipped Friday and should be here by mid-week. When they are installed, the connection in the wetwell will be grouted and sealed. The district then will be ready to deliver water to the companies, which will take around a million and a half gallons daily.

Carla's Cruelty: 'All We Worked For, Down The Drain'

Editor's Note: Ronnie Thompson, an Associated Press staff writer, was one of the first outsiders into some of the towns destroyed and damaged by Hurricane Carla. Here is his story of the tragedy in terms of one family.

By RONNIE THOMPSON
PORT LAVACA, Tex. (AP)—The William C. Buchanan family walked toward its home, approaching from the front. The damage didn't appear extensive.

Then they walked to the rear. "Oh, my God," said Mrs. Buchanan. Tears came into her eyes and those of her two children, as she related the arrival. Her husband stood stunned.

They received warning. When they reached the area, a policeman friend, George Wunderick, told them, "Don't be shocked."

At the back, Boots Buchanan, veteran oilfield worker, found: "The entire wall was ripped out. Driftwood lay in what was once Sandra's bedroom. Our bedroom

was piled high with mud and seaweed. Ray's room wasn't damaged much, though.

"All we had worked for the 18 years we had been married had gone down the drain."

The Buchanans' disaster was repeated for countless families on the Texas coast with the passage of hurricane Carla this week.

But like most families, they avoided possible death by fleeing inland, as did an estimated 500,000 other persons on the Louisiana and Texas coasts.

Here is the story of the family's travels, as they related it:

The family first heard the news two days before Carla struck. That was Saturday.

Mrs. Buchanan-Louise—went to her job as a waitress in a new motel restaurant. The children, Sandra, 12, and Ray, 14, went along to swim in the motel pool.

"All day everyone talked about Carla this, Carla that. It kinda

worried me," said Mrs. Buchanan. She got off work, dropped the children at a movie and went home.

Mrs. Buchanan turned on the television set and heard, "Most of the Texas coast placed under hurricane warning."

She grew worried. She drove downtown and called the children from the movie.

Her husband still was at his oil field job. The children and their mother began packing enough clothes for a couple of days and boarding up the house.

"I'd never driven a nail before in my life," Mrs. Buchanan said. "But I was anxious to get away. I had no trouble nailing a board at all."

When Buchanan, 39, arrived home, the others were ready to flee. But the father hadn't heard. "I didn't even know Carla was headed this way. My wife gets ex-

couldn't get anywhere," related the father.

Mr. Lucky snuggled in Ray's lap. Penny slept in Sandra's arms. They were at the home of friends in Blanco, 200 miles from home by morning.

They slept late. When they awoke they turned on the radio. "Seems like all along I felt like our home would be ruined," said Mrs. Buchanan. "It was what we always wanted—down on the seashore, plenty of room and economical."

The news on Monday: "The eye is now over Port Lavaca."

"We sat on pins and needles then," Buchanan said. "Tried to pass the time playing dominos. But nobody had their mind on the game."

They couldn't return until Wednesday because of high water. On the drive back the mother told the family, "I just know our

house is gone. Somehow I have the feeling that God is delaying the worst until last."

Then they saw the rear of the house.

They also saw strewn over the surrounding area their possessions—Sandra's childhood dolls battered and water-soaked, the family's clothes, furniture and keepsakes.

Mrs. Buchanan found the picture of her mother's family in the mud.

"We just couldn't stand to look at it any more," said the mother. "We couldn't decide where to start cleaning up."

A friend found them a tiny apartment, a treasure in the damage city.

"Boots and I went back home. I couldn't keep from crying," said Mrs. Buchanan. "We walked and

talked, picking up a piece of a broken dish here and a shredded dress there."

The father spent Thursday salvaging what he could. He refused to allow the children to help because of the menace of rattlesnakes.

He wore the same blue jeans he had worn since Monday. Black mud covered his knees, mud caked his elbows and hands, and his face remained unshaven.

Mrs. Buchanan returned to her job but had to buy a new uniform. Strips of dresses and other clothes hung in trees, some no wider than a finger.

The father has only his work shoes, cracked and water-soaked. The deepfreeze remained in the house, but electric power failed and the food is useless. Buchanan

crammed it into garbage cans. Still, he said, "I guess we came through better than some."

Drying Out

Residents of Texas City and all along the Texas coast of the Gulf of Mexico, were drying out their household furnishings under a bright sun. The sun was a welcome sight from the rain and flood-

Banking Chapter Here Is Lauded

The Big Spring chapter of the American Banking Institute was saluted Friday evening as one of the most active in the region.

N. A. Moore, vice president of

the City National Bank in Wichita Falls and executive councilman for District VI, cited the chapter's record for number of members having completed special banking courses.

Pianist First In Concert Series Here

Grant Johannsen, described as being in the front rank of America's "young" pianists has been chosen to lead off the 1961-62 season for the Big Spring Concert Association.

Friday's dinner affair, held at Cosden Country Club, was to mark the beginning of the fall semester for three AIB courses. Howard County Junior College has made its facilities available for these as it has all the AIB offerings.

Not yet 40, Johannsen has been a public favorite for almost two decades, and he has played with practically every major U. S. orchestra, including the New York Philharmonic, Chicago Symphony, and the Cleveland and Philadelphia Orchestras.

"The AIB training program enables us to be ready, to be in a position to take advantage of opportunities," declared Moore. "It develops a cooperative spirit among banks and banking personnel, and it promotes maximum effort from its members."

His appearance is set for Oct. 7 at the city auditorium.

Proof that the courses do develop leadership is evident in the record at Wichita Falls where every AIB chapter president for the past 12 years (who was not already a bank officer) has been subsequently named a bank officer. Moore attributed his own rise (from teller to vice president within three years) to his training in the AIB series.

Others on the series are Meredith Wilson's great musical, "The Music Man"; Fred Waring and his Pennsylvanians in a new patriotic program, "Let Freedom Sing"; and the famous concert organist, Richard Ellsasser.

He praised officers of the First National, State National and Security State banks for encouraging the work here. Mrs. James Eubanks, member of the national publicity committee, presented the AIB story, "School Without a Campus," to the three banks here. Mrs. Winifred Greenlee was recognized as a national committee member.

Memberships may be obtained from any of the concert board members, or at Zack's, the Herald, the First National Bank, or Cosden Petroleum Corp. Adult memberships are \$9, students \$4. Helen Hurt, membership chairman, said that sales were moving at a brisk pace, and more details will be known after a checkup Monday evening.

Officers of the chapter were introduced by Chester Cathey, president, who also expressed appreciation to banks and the college for assistance. Guests were present from Abilene, Midland, Snyder, Colorado City and Coahoma. Joe Pickle served as master of ceremonies.

Johannsen was reared at Salt Lake City where he received his early musical training. Later he studied in France with the great Robert Casadesu and Nadia Boulanger, then with Egon Petri. He enjoyed a spectacular New York debut in 1944 and became a native son recitalist and soloist.

While he has a domestic flavor, he is one of the few American pianists to develop a large following abroad. He has scored hits at Oslo, London, Paris, the Hague, Oxford, Amsterdam, and numerous other cities.

Television and radio audiences in the United States know him through his many appearances on the famous Telephone Hour as well as for his recordings.

Help From Germany

BERLIN (AP)—The West Berlin newspaper Morgenpost (Morning Post) announced today that \$25,000 had been collected so far in its three-day-old drive to raise funds for victims of hurricane Carla.

Mrs. Friar Posts Bond In Shooting

Bond was set Friday by Justice of the Peace Jess Slaughter at \$2,500 for Mrs. Mildred Louise Friar, charged with the fatal shooting of her estranged husband Monday night. She was released from the hospital at noon Friday and appeared with a detective at the police identification bureau. She was transferred to the county.

Mrs. Friar had been under treatment for shock at a local hospital since the incident and was released Friday.

Police Detective Jack Jones secured a statement from Mrs. Friar Wednesday telling of the events leading up to a divorce suit against her husband and the incident during which he was shot.

Fall's Arrival Is Saturday

Don't let the weather fool you! Even though it does resemble autumnal weather — those recent mornings with the mercury hovering below the 50 mark were certainly reminiscent of fall — it is not autumn yet.

It won't be autumn until next Saturday.

Officially the new season begins at 12:43 a.m. Sept. 23. It will hold sway until 8:20 p.m. Dec. 21. On that date it relinquishes its power to winter.

Summer, which began on June 21, at 9:30 a.m. will lose its place in the sun next Saturday.

JFK Names Texas Counties As Eligible For Storm Aid

HYANNIS PORT, Mass. (AP)—President Kennedy today heard an intelligence briefing on cold war developments, named a new federal power commissioner, and designated four Texas counties as disaster areas.

The President turned this brilliantly clear and cool morning at his Cape Cod home into a working meeting, but shortly afternoon went boating in the motor yacht Marlin.

He dispatched to the Senate the

name of Charles Robert Ross, a Republican who is now chairman of the Vermont Public Service Board, to be a member of the Federal Power Commission succeeding the late Frederick Stueck.

Kennedy also signed letters designating as "major disaster areas" the four Texas counties of Galveston, Aransas, Matagorda and Nueces.

The four, all heavily hit by Hurricane Carla, thus were made eligible for federal disaster funds for relief and rehabilitation.

In a message to Gov. Price Daniel, the President praised the work of Texas authorities in handling the hurricane emergency.

Kennedy said he has asked Vice President Lyndon B. Johnson to visit the stricken areas on Monday and participate in a meeting with Gov. Daniel and state, local and federal officials cooperating in the emergency work.

Diesel Power In New Chevy Trucks

Diesel power for the first time, addition of two higher powered V8's, and lower hood lines for better road visibility highlight Chevrolet's 1962 truck line, now on display at Pollard Chevrolet, 1501 E. 4th. New to most of the 1962 models available are directional signals as standard equipment, single headlamps and longer life mufflers. Chevy's independent front suspension is retained with the improvements.

Chevy Offers Diesels In '62 Truck Lineup

Introduction of diesel power in medium- and heavy-duty models, two new large displacement engines, broader power team options across the line, lower hood lines for improved driver visibility, and extra heavy-duty optional front suspensions highlight the 1962 Chevrolet truck line. The new models are on display locally at Pollard Chevrolet, 1501 East 4th.

Other features include restyled radiator grille to include single 8-inch headlamps in all but three series, optional alternating current and directional signals as standard equipment on all but one series. Extended life mufflers are offered on all gasoline powered models. In the light-duty series, an aluminum shell inhibits corrosion. Medium- and heavy-duty gauge baffles for increased life. Engines available for the first time in the 1962 Chevrolet truck line include one General Motors diesel — a 212 cu. in., in-line four, — and two gasoline V8's of 327 and 409 cu. in. displacement. Four six-cylinder engines and two V8's are continued for a total of nine power plants. A 261 cu. in. six is being made available for the first time as a regular option in light- and medium-duty trucks with manual transmissions, except forward control models.

Suspension systems for 1962 largely carry over the successful design introduced two years ago, featuring independent front wheel suspension with torsion bar springing. Minor modifications have been made for increased durability and capacity.

For extreme off-road operations, two new extra-heavy duty optional I-beam 9,000 and 11,000 lb. front suspensions with leaf springs are available for most models in Chevrolet's heaviest-duty series.

The Corvair 5 line features further refinements in the advanced design introduced last year. These include an automatic choke, an optional limited-slip differential, redesigned double side-door locking mechanisms in panel models for easier operation and convenience of the driver, and an optional single passenger seat which folds forward for easier access to the panel load compartment.

The diesel lineup consists of 15 conventional cab models on 5 wheelbases ranging from 133 to 197 inches with cab axle dimensions from 60 to 124 inches. GVW range is from 15,000 to 23,000 pounds.

Ground Broken For New Dorms

TANKERSLEY — Ground breaking ceremonies held Saturday heralded the start of construction of two new permanent dormitories at the Boys Ranch of West Texas.

Roy A. Minear, of Midland, president of the ranch, presided at the brief, informal ceremony. The new dormitories, each capable of housing 32 boys, will replace the old two-story barracks-type building which will be condemned for overnight human habitation upon completion of the Three-Rivers Dam, which now is under construction.

The present building, a gift from the officers and enlisted men of Goodfellow Air Force Base, has served as living quarters for approximately 40 boys the last eight years.

Construction contract for the new structures has been awarded Lawrence Black, Odessa building contractor, who submitted the low bid on the project. Black said he hopes to have the buildings ready for occupancy within 90 days. The buildings will be single-story units of concrete block construction, each with four eight-boy rooms, a community living-room, a sick room, and apartments at each end of the buildings to house two sets of house parents. Minear said funds for approximately three-fourths of the cost of one of the new buildings will come from the flowage easement agreement entered into by Boys Ranch with the U. S. Department of Interior.

Two Extension Courses Open, Registration Set

Registration begins Monday at 5 p.m. for two extension courses to be offered by the Big Spring Independent School District, according to Sam M. Anderson, superintendent.

The courses are sponsored by Texas Tech. Registration will be at room S-8 at Howard County Junior College. Tuition is \$30 for each three-semester hour course. Although the courses are for elementary teachers, they are open to anyone who wishes to take them. Both are on the graduate level. Undergraduates must waive graduate claims and must be approved by the instructors.

The courses are Teaching Mathematics in Elementary Schools and Tests and Measurements. The latter course is an evaluative course in administration and interpretation of testing to make teaching more effective.

Teachers for the classes will be Dr. Olive Wheeler and Dr. Burlie Fallon, both from Texas Tech.

Classes will be held each Monday from 5 p.m. to 8:30 p.m. and will last through January 15, 1962. If it is found desirable, the starting time may be delayed 30 minutes.

A third course, also sponsored by Texas Tech, will be Psychodiagnostic Techniques. It will be taught at the Big Spring State Hospital by Dr. Paul C. Young.

The course is mainly for the counselor staff of the school. Registration and class time will be determined at a later date.

Appaloosa Wins Three Awards

Bee Bob, an Appaloosa owned by J. O. Haney and shown by R. G. Click, won three awards during the past week.

At the West Texas Fair in Abilene, he won third in the aged stallion class. The following day at O'Donnell, the horse won the aged stallion class, then went on to be declared grand champion of the show.

Respiratory Ills Most Numerous

Upper respiratory ailments led the list of diseases and maladies reported by the City-County Health office Friday for the past week. There were 31 such cases. Tonsillitis was second with 26. Others reported were: Influenza 3, diarrhea 1, gonorrhea 2, trench mouth 6, bronchial pneumonia 3 and measles 1.

Interest Blossoms In Fallout Shelters

By M. A. WEBB "Shelter" has become a word in which millions of people are suddenly interested.

Russia has had a hand in it. So has Hurricane Carla and the sudden appearance of Esther. Fallout shelter designs and specifications, booklets on fallout protection, and other information generally handled by Civil Defense units, are in demand in Big Spring, and at the regional office of Civil Defense and Mobilization in Denton.

C. D. Berry, local coordinator, said all his pamphlets on the Family Fallout Shelter are gone and more have to be printed before they will be available.

RUN LOW His other supplies of information are running low. These include the family action program in "Home Protection Exercises," "Facts About Fallout Protection," and others included in the folder "How to Earn Your Home Preparedness Award!" Builders and architects are flooding the district office to get approval of plans for shelters.

Some have succeeded and some have failed. Sudden awareness that a shelter, meeting specifications for fallout protection, may be used as a storm shelter also, has been one cause of the surge. Such shelters must, of necessity, be constructed where flooding will not scuttle them.

Russia's unheralded explosion of as many as eight of the big bombs in the past few days, and the reported signs of fallout on the North American continent has made residents aware of what could happen even if such a bomb were to explode hundreds of miles away.

INTEREST UP Gaines West, public affairs director for the regional Office of Civil and Defense Mobilization in Denton said this week that interest has increased a thousand percent, judging by the number of people calling at that office. A large number include contractors and architects with proposed plans for building shelters. Many others are seeking means of getting lectures for communities in-

terested in promoting more shelters, and others are simply looking for information.

"Doctors and businessmen are frequent visitors here," West said, "asking about the possibility of building shelters in their back yards."

Leslie T. Holland, acting director for Region 5 of OCDM said an average of six contractors a day show their plans to civil defense experts in Denton.

"They come with fiberglass shelters, prefabricated metal structures, just anything they think will sell, and be OCDM approved," he said. "More large contractors are requesting civil defense-approved specifications. They want to be sure they have a product worthy for the people rather than a product to fill an interested need."

REQUESTS Special stepped-up civil defense programs in small Texas cities have resulted in a rash of requests for lecture material for programs, Holland said. Even members of the staff at the Denton office are finding themselves

on the lecture path during week nights.

The national survey, which will be projected in all communities soon, is also attracting attention. Following the statement made this week regarding the remoteness of serious consequences to human life if people stayed indoors, people are wondering just how far their own dwellings and places of business will go toward providing safe shelter.

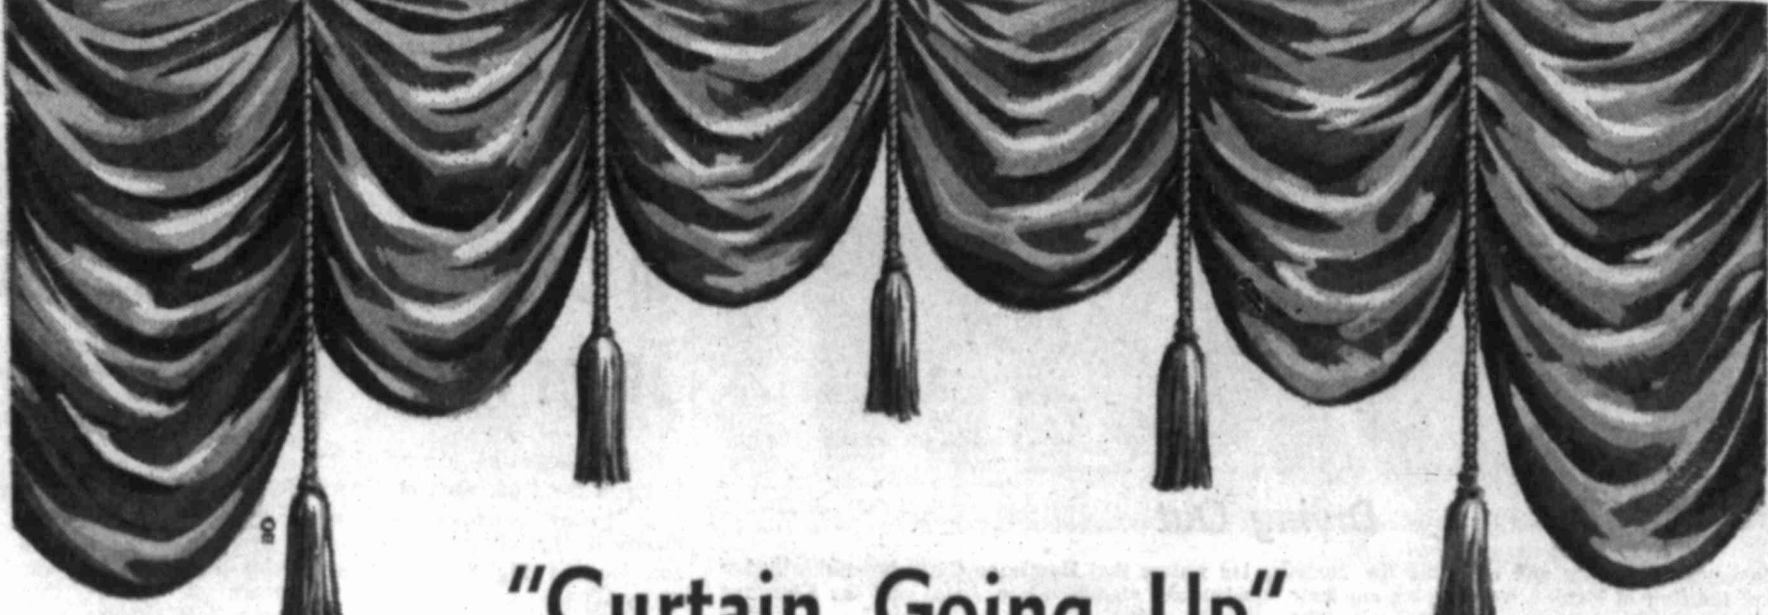

Berry said the first plans have been made, under the direction of

Jack Bellamy, civil engineer who will head the survey group in Big Spring, and that additional information will be given to residents as soon as the men, working on their own time as volunteers, are ready to start.

Miss Harding Rites Today

Funeral services for Miss Nora Harding, 69, widely known pioneer resident of this community and member of an early day family, will be at 5 p.m. Sunday in the Nalley - Pickle Funeral Home Chapel. Dr. P. D. O'Brien will officiate and burial will be in the family plot in the City Cemetery.

Miss Harding died unexpectedly at a local hospital on Friday after a brief illness. She suffered a heart seizure at her home on Thursday night and was taken to the hospital where she died shortly before noon Friday.

The daughter of the late Mr. and Mrs. J. B. Harding, who came to Big Spring in 1906, Miss Harding was a registered nurse and a former Navy nurse. She had retired from practice in recent years.

At one time, she was supervisor of nurses in the Lubbock hospital and also in the Shannon Hospital in San Angelo.

Funeralbearers will be Harold Homan, Sherman Smith, Robert Stripling, Walton Morrison, Cester F. Cluck, W. C. Blankenship, Raymond Dunagan and Walter Robinson.

Charge Rejected

WASHINGTON (AP)—The State Department Saturday publicly rejected a Soviet claim that a recent fire at the Soviet Embassy was set off by someone entering the building from the outside.

King Size Pear Crop

Mrs. H. L. Biggs displays a handful of oversized pears which she picked from a tree on the Harvell place, six miles east of town. Mrs. Biggs is the mother of Mrs. N. R. Harvell Jr., and said that her daughter and son-in-law gathered a large number of pears from a tree on their farm. Mrs. Biggs said she always understood fruit wouldn't grow in this area, and regards the pears as proof the belief is false. There were three bushels of pears on the old tree on the Harvell farm this year, she said.

WINGS OVER BIG SPRING

Weather Slows Traffic, Air Show Unreels Today

By M. A. WEBB
A brief warning to those thinking of making commercial or private airplane trips from 11 a.m. to 11 p.m. Oct. 14.

Don't think of it, that is. All commercial and private airplanes will be grounded for the 12-hour period because of the U. S. Defense program schedule for that period.

Ted McClung, at Howard County Airport, said all fliers will be flying bicycles, automobiles or desks—or maybe fishing rods for that time.

Continental Airlines flights through Big Spring will be cancelled for the day. Flight 182 will stop in Midland, and 187 will originate in Midland. Only 13 Continental flights will be on schedule Oct. 14, and 17 will have changes in time. The balance of Continental's 91 flights, usually scheduled for that time, will be cancelled. Other commercial airlines will be hit the same way.

Business at the Howard County Airport has been affected by the weather and traffic has been off, McClung said Thursday. "We have felt it too," he said. "Few distance travelers have

been through. One twin-engine craft, flown by a cattle buyer, was tied up from New Mexico, here on a business trip. One crop sprayer came in from Alice, and another spent Thursday night after bucking a strong head wind from Deming, N. M., and getting in just before dark."

Dr. F. W. Lurting, president of the local Medical Association, and Mrs. M. W. Talbot Jr., attended the Flying Physicians' Fly-in at Reno, Nev. last week.

Capt. Tom J. McMillan of Webb Air Force Base received his civilian instructor's license Wednesday.

That famous comic strip character, Steve Canyon, has lent his mark of approval to the sixth annual Midland Jaycee's Air Show to be held today. Milton Caniff of New York, who creates the strip, sent his best wishes for the show. Canyon is featured as a U. S. Air Force colonel and pilot whose work includes testing and flying military aircraft.

The air show will begin at 10 a.m. today at the Midland Terminal and will feature static displays of latest military missiles and planes and an aerial demonstration by the National Air Shows organization. The displays will

open at 10 and the aerial acrobatics will begin at 3:15 p.m. The Confederate Air Force, considered one of the wackiest, tongue-in-cheek flying organizations ever created, will be sponsored by an oil company.

In addition to the aerial acrobatic team of the National Air Shows group, several jet aircraft from Webb Air Force Base will take part in the show.

Work being done at the HC Airport, for improvement under the Federal County program, so far is changing conduits to move lights from the inside of the unpaved island in front of the terminal building. These will have to be moved outside the area, and some new four-inch conduit laid.

Meigs To Judge Art Exhibit

LAMESA (SC)—John Meigs of San Patricio, N. M., will judge the art work for the Dawson County Fair to be held here Sept. 20-22, it was announced by Mrs. George Hart, superintendent.

Meigs studied painting with Peter Hurd, Henriette Wyeth and with instructors in Paris, France. He has had 21 one-man shows including exhibitions at the Palace of the Legion of Honor, San Francisco, Calif., Dayton Art Institute, Santa Fe Museum, Ball Museum in Muncie, Ind., Honolulu Academy of Fine Arts and Grand Central Gallery in New York.

The noted artist has had work included in many public and private collections and some have been reproduced in the New York Times, Christian Science Monitor, Ford Times Magazine and the New Mexico Stockman.

Show classes include oil paintings, drawings, pastels, commercial and student.

All pictures must be original and will be accepted until 6 p.m. on Sept. 19 at Forrest Park Community Center.

Farm Trailer Rule Explained

The last regular session of the Texas Legislature amended the Texas Motor Vehicle Registration Law to allow farmers to license their farm trailers and farm semi-trailers for a \$5 fee providing the gross weight is not less than 4,000 or more than 10,000 pounds. Farm trailers weighing less than 4,000 pounds, gross weight, are still exempt from registration by statute. Those exceeding 10,000 pounds, gross weight, must register as a regular commercial trailer.

Captain C. W. Bell, License and Weight Service of the Department of Public Safety advised however that any vehicle bearing the five dollar plate must not: (1) exceed 30 m.p.h., (2) be operated for hire, (3) have steel or metal wheels in contact with the pavement, and it must be equipped with an adequate hitch to remain secure to the towing vehicle and be operated and equipped in conformity with all other provisions of the law. Violation of any of the above sections of the law nullifies the five dollar registration fees and penalties as prescribed by law.

This does not change the existing law which requires that all trailers or semi-trailers having a registered or gross weight in excess of 3,000 pounds to be equipped with clearance lamps, side marker lamps, and reflectors as well as a tail light and stop light, if the stop light on the towing vehicle is obscured. Capt. Bell added that all machinery type vehicles, other than machinery used solely for the purpose of drilling water wells and road construction machinery, must now be registered with regular license plates and title applied for.

Court Of Honor Stated Monday

Boy Scout troop No. 146 will have a court of honor Monday at 6:30 p.m. at the Webb AFB pavilion. This is a pot luck supper affair and families of the Scouts are invited to participate. Besides first and second class and merit badge awards, there will be a tenderfoot investiture led by Airman Jim Sayres, scoutmaster. A guest for the affair will be William McRee, Scout executive.

Auto Union Working On Local Issues

DETROIT (AP) — The leaders of 36 local United Auto Workers union locals gathered Saturday as top officials of the union sought, under federal government pressure, to speed settlement of local issues at strikebound General Motors plants.

While negotiations on a national non-economic agreement continued, UAW President Walter P. Reuther called a meeting of the key local leaders and also summoned members of his 24-man International Executive Board to an emergency session.

THE WEEK

(Continued from Page One)

A union spokesman said the key locals to be represented at the meeting are from 12 Chevrolet, 18 Fisher Body and six Buck-Oldsmobile-Pontiac assembly plants where local bargaining has been especially slow.

Shop committee chairmen and local presidents—some 72 in all—will attend the meeting which, the spokesman said, will enable UAW leaders to compare notes on completed settlements and those still unresolved.

Some UAW local leaders reportedly have been dragging their heels on making settlements while waiting to see what happens at other bargaining locations.

The executive board meeting presumably is aimed at spurring some leaders to speed resolutions of plant level agreements and to renew pressure on those which have settled to return their jobs.

Two days after the series of crippling strikes began the International Executive Board directed locals to go back to work upon settlement—but workers at 28 plants where agreements are completed still are out.

President Kennedy earlier appealed to both sides to speed local bargaining toward complete settlement by Monday but chances for that are remote despite new pressure from top union officials themselves.

Four more local agreements were completed, bringing to 72 the number of UAW represented plants now settled. Three plants where the International Union of Electrical Workers represents workers also are settled.

The 75 plants employ a total of 169,200 workers, but only about 69,000 of these actually have returned to work.

General Motors has an estimated 325,000 UAW employees at its 129 plants. Of these some 113,000 are on the job.

Personnel changes announced during the week included the resignation of Jimmy Taylor as county agent in order to join the First National Bank staff; the appointment of Curtiss L. Chatham as YMCA program secretary; the addition of Dr. Sheldon R. Hoover to the VA Hospital staff as its first urologist.

On the business front Bill Pollard, formerly of Roscoe, took over as new owner of the Chevrolet agency formerly operated by Leroy Tidwell, who has gone to Los Angeles. J. R. (Bill) Hensley announced that he has purchased control of the First National Bank in Paris but will continue to live here. Jerry King, Mission, a partner in the deal, will direct the bank.

Those connected with the dispersal sale of the Rexie Caudle cattle were pleased with results, but there is something sad about seeing a registered herd so carefully assembled over the years scattered about. Yet those who bought the fine stock are interested in good breeding too and will help perpetuate the work I. B. Caudle and his two sons, James and Rexie, launched here.

Our local National Guard battery came through its inspection last week with flying colors. Col. Jas. D. Scott was here to check on the unit, which now is seeking to add about 20 prior-service men to its complement.

Domestic difficulties ended in fatal shooting of Vernon Friar here early in the week. His wife, treated several days at the hospital for shock, was released Friday and promptly posted bond.

Webb AFB's softball team clipped Lackland 3-2 in a 10-inning thriller last week to win the 1961 Air Training Command southern district title.

The State Board of Water Engineers granted an amendment for the City of Big Spring water permit on Moss Creek, Powell Creek and Devil Creek last week. This opens the way to a market for surplus water to be used in repressuring the East Howard oilfield.

A new home is now being raised in the Silver Heels Addition for the Veterans of Foreign Wars. The post headquarters will contain about 2,800 square feet of space and will cost about \$20,000.

In a gay celebration marking the Septimbre Dies y Seis observance of Mexican Independence, our Latin-American population made merry at the weekend. Viola Rubio was crowned as queen of this year's fiesta.

Howard County Junior College is getting off to a good start on enrollment. Saturday the head count was up to 681 and is almost certain to sail past 700. There is approximately a 20 per cent increase in the number of fulltime students.

SAMUEL MOORE—RAIN drizzled away Saturday at Big Spring. Funeral services Monday at 10 a.m. at Nalley-Pickle Chapel. Interment in Trinity Memorial Park.

BEN McCULLOUGH, 51 years of age, passed away Thursday evening. Funeral services Sunday 3:00 p.m. in the Nalley-Pickle Chapel. Interment in Trinity Memorial Park.

MISS NORA HARDING, 89 years of age, passed away Friday morning. Funeral services Sunday afternoon 2:00 p.m. at the Nalley-Pickle Chapel. Interment in City Cemetery.

Queen of Dies y Seis Fiesta
Viola Rubio, in her royal robes, presides over the annual celebration of Mexico's Independence Day.

Latins Celebrate Diez y Seis Fiesta

Her Majesty, Queen Viola of the house of Rubio, rode in state with her royal court Saturday afternoon in the colorful parade which marked Big Spring's observance of the big Mexican holiday—fiesta de Septiembre dies y seis.

The beautiful queen was formally crowned on Friday night by Mayor Lee O. Rogers at the opening program of the three day celebration of Mexican Independence.

The parade, which moved from Goliad and Third through the business district and to the 500 Block on Northwest 4th, — center of the celebration — was witnessed by a large turnout.

The queen, selected in a hotly contested election over a field of lovely competitors, is the daughter of Mr. and Mrs. Felis Rubio. Janie Mendoza is fiesta duchess. She is the daughter of Mr. and Mrs. Santos Mendoza. Gloria Aguiere, daughter of Mr. and Mrs. Vivian Aguiere is princess of the fiesta.

Rosario Morales, who reigned as fiesta queen in 1960, assisted in the coronation of her successor on Friday night.

Saturday night, street dancing was an early evening event and the renowned Zecatecas March was featured. Traditional folk dances and other folk dances were performed.

Dancing continued until 1 a.m. The celebration, which commemorates the winning of Mexico's independence from Spain is celebrated annually. It pays tribute to the patriot leader Hidalgo, who led his followers to freedom but died himself in the struggle.

The celebration comes to an end Sunday night. Dancing will begin again at 7 p.m. and at midnight, the fiesta will close. The dancing tonight will be at the same location as one the preceding two nights.

The Fiesta committee is headed by Blas Bailon. His assistants are Pantillon Gonzales, Peta Laos, Jesse Molina, Lopez Molina, Martin Parades, and Lalo Garcia. Marcus Malendres serves as master of ceremonies at the programs and is assisted by Noto Olguin.

Girl Admits She Choked Baby To Death

EL PASO, Tex. (AP)—A 20-year-old maid admitted Saturday she strangled her employer's 4-year-old daughter Friday night as revenge against the child's mother and grandparents.

The maid, Sarah McCoy, signed a statement that she tried to smother Sheryl Jeanette Westfall with a towel, then strangled her with her hands as the child lay in bed. She has been charged with murder with malice, Police Lt. A. R. Wilson said.

She said she had attempted the same thing five times previously but had always lost her nerve when Sheryl fought her. Friday night, she said, she decided to carry it through and even bit the girl in the struggle.

Sheryl's two smaller brothers, Darrell, 3, and Stevie, 2, were asleep.

Their mother, Mrs. Sharon Westfall, was not at home. Miss McCoy said Friday morning she attempted to poison the child with a mixture of rubbing alcohol and aspirin in grapefruit juice but that Sheryl wouldn't drink it.

"I did it because I received a letter from Mrs. Westfall's parents in New York saying they weren't going to pay me anymore," the McCoy woman said. "They said I could either stay or leave."

The grandparents, Mr. and Mrs. Charles M. Darling, own the house in which the family lives and paid Miss McCoy's wages.

The maid said she also was prompted by Mrs. Westfall's intention to divorce her husband, now serving with the Armed Forces in Korea, and marry a soldier stationed at Fort Bliss here.

Miss McCoy said when she was sure the girl was dead she went next door to tell Mrs. William Middleton that something was wrong with Sheryl. Mrs. Middleton, a nurse, called police.

Mrs. Westfall returned home Saturday and collapsed when she learned of her daughter's death. An autopsy performed on Sheryl showed she had tuberculosis, Wilson said. The two younger children were hospitalized to determine if they too had the disease.

Local transfer and storage agents have been as free with their services in answer to calls for help after Hurricane Carla as were other citizens in Big Spring. Four firms provided vans to carry donations to the disaster area and a fourth gave storage space until hauling can be done.

A Bryon's Transfer and Storage truck was loaded Saturday and it left early this morning with a load of supplies for the Victoria area. Six men gave their services to load the 11,830 pounds of clothing, furniture and other goods on the truck.

A Neel's Transfer and Storage van left Wednesday with the first load of relief items. It was loaded with articles collected through the Salvation Army with the help of Airmen from the 331st Fighter Interceptor Squadron at Webb. The truck went to San Antonio where the Salvation Army will distribute the goods to areas where most needed.

Senate Re-Opens Fight On Changing Filibuster Rule

WASHINGTON (AP) — Sen. Jacob Javits, R-N.Y., charged Saturday the Kennedy administration had "loaded the deck" against pro-civil rights forces by delaying action until now on a move to change the Senate's antifilibuster rule.

Javits' charge touched off a row over whether President Kennedy himself had a hand in holding off the rules change move until the session was nearly over.

Sen. Mike Mansfield of Montana, the Democratic leader, challenged what he called a Republican effort to saddle the administration with responsibility for the timing of the move.

This will be on a petition to limit debate on the rules change proposal. Mansfield said that if the debate limiting move fails to win the necessary two-thirds vote, he might try again this session under certain circumstances. He did not define the circumstances.

Otherwise, he said, it might be best to let the whole matter go over until the Senate reconvenes in January.

LITTLE HOPE
Some rules change advocates have said privately they see little hope for passage of the debate-limiting motion on Tuesday.

Here is the way Mansfield, with the backing of Senate Republican Leader Everett M. Dirksen of Illinois, set the stage:

First he moved to take up a proposed change in Senate rules under which three-fifths of the senators present and voting could cut off debate. The present rule requires a two-thirds majority of those voting.

Next he filed a petition to limit debate on the rules change proposal.

A vote on whether to invoke the present debate limitation rule, requiring a two-thirds majority, will come automatically one hour after the Senate meets on Tuesday.

If the advocates of a change in rules muster the required two-thirds backing, a one-hour limit will be imposed on each senator speaking for or against the proposed three-fifths rule.

If they fail, there will be no limit on debate and Southern senators have already organized themselves into teams to carry on a filibuster against a change in rules.

UCLA 'College Man' At 12
Twelve-year-old Lance Kerr, right, talks with fellow students at UCLA in Los Angeles, Calif., after enrolling for studies leading to a degree in physics. He finished high school last June. Lance, less than 5 feet tall, was accompanied by his mother as he told newsmen he plans to join the Boy Scouts now that he's 12. At left are Bill Turner and Bill Hafner. Lance is the youngest student in UCLA history. (AP Wirephoto)

Van Operators Assist In Hurricane Relief Plan

Local transfer and storage agents have been as free with their services in answer to calls for help after Hurricane Carla as were other citizens in Big Spring. Four firms provided vans to carry donations to the disaster area and a fourth gave storage space until hauling can be done.

A Bryon's Transfer and Storage truck was loaded Saturday and it left early this morning with a load of supplies for the Victoria area. Six men gave their services to load the 11,830 pounds of clothing, furniture and other goods on the truck.

A Neel's Transfer and Storage van left Wednesday with the first load of relief items. It was loaded with articles collected through the Salvation Army with the help of Airmen from the 331st Fighter Interceptor Squadron at Webb. The truck went to San Antonio where the Salvation Army will distribute the goods to areas where most needed.

Houston was the point of delivery for a van from the Morehead Transfer and Storage Company. It carried groceries, clothing and furniture collected through the combined effort of Churches of Christ in Big Spring and the surrounding communities.

Mitchell Van and Storage will load a truck at the Salvation Army Post today and early Monday morning. This truck will be going to Victoria. Major Robert L. Short, local post commander, is currently in Victoria helping care for persons left stranded after the hurricane.

Articles continue to pour in to the Salvation Army Post and the Mayflower Warehouse is providing space to hold items until they can be transported.

One source of supplies which began a drive Saturday is the Beta Omicron Chapter of the Beta Sigma Phi sorority. Mrs. Ed Seay, service chairman, said many items such as stoves, cooking utensils, clothing, beds, dishes, etc. had been collected Saturday afternoon and the drive will continue until the middle of this week.

Persons wishing to contribute items through the Chapter may call AM 3-4004 or AM 3-3332 and the items will be picked up.

Forsan School Staff Honored

FORSAN (SC) —Members of the Forsan Service Club Thursday evening honored faculty members of the Forsan School and introduced new ones to the community.

Supt. Joe Holladay said that there were 28 members of the faculty and that only five were new to the system this year.

In a brief talk to the group, Joe Pickle, Big Spring, pegged some broad objectives of an educational system and suggested some qualities which both teachers and the public could display to attain these objectives.

Mack Alexander, president, presided at the meeting, and reports were received from Clifton Ferguson, secretary, and Jack Lamb, treasurer. About 60 people attended the dinner meeting in the high school cafeteria.

Adjustment Panel Denies Request
The Zoning Board of Adjustment was called into session at 3 p.m. Friday to hear a request for a variance from requirements of the zoning ordinance.

W. C. Sandridge, 1601 E. 17th, requested a variance to build an open carport on the side of his home which would extend two feet beyond the required sideyard clearance, leaving only three feet clearance.

J. D. Elliott, chairman of the board, asked the members to inspect the property, following which the request was denied unanimously. The board said it felt that it was not a hardship case and that other possibilities for the carport existed on the property.

Dancer Dies
CANADENSIS, Pa. (AP) — Louise Groody, the tiny blue-eyed dancer who won musical comedy fame in the 1920s as the star of "No, No, Nanette," hit the "Deck," and other Broadway hits, died Saturday.

Miss Groody, in private life the wife of Associated Press editor John Lofbourn, succumbed to cancer at her summer home here.

Crashes Keep Police Busy

Police received a flurry of accident calls Friday and Saturday. No one was reported injured in any of the incidents.

Drivers of vehicles involved in an accident in the 300 block of North Gregg were S. T. Johnson Jr., 1302 Wood, and Elmira Forman, 719 Wyoming. The Forman vehicle was parked at the time.

Other accident sites and drivers involved are 900 block of Lamesa Highway, William Kimbrell, Leveland, and R. L. Musgrove, 3304 US 89 west; 705 Main, Milton S. Davis, 3708 Galva, and Mary Jones, 705 Main; West Viaduct, Victoria Lane, 213 NE 8th; and 300 Austin, Alvin Bailey, Gail, and Edgar Meeks, 1005 Stadium.

Pacifist Rally Broken Up By Scotch Police
DUNOON, Scotland (AP)—More than 1,000 pacifists staged a sit-down demonstration against atomic weapons Saturday at the Ardnamoan dock used by U.S. nuclear submarines.

Relays of police wagons took them to jail as fast as they could be arrested. Policemen had been drafted into service from all over western Scotland to crush the demonstration.

No disorders were reported as the demonstrators quietly submitted to arrest.

The tiny jail of Dunoon, across the Firth of Clyde from Glasgow, overflowed quickly. Other demonstrators were taken to various town halls.

Boats from a British warship cruised around the sleek Polish missile submarine Patrick Henry with its cargo of 16 deadly Polaris nuclear rockets, and the depot ship Proteus which serves the subs.

Wildlife Takes A Bad Beating
AUSTIN (AP)—The Game and Fish Commission said Saturday it is surveying damage by Hurricane Carla to wildlife on the Gulf Coast.

"Tremendous damage was done to wildlife habitat along the entire coastline," the commission said. "So far, there has been no report of any heavy fish loss, but this too is being further checked."

The commission said the Marine Laboratory at Seabrook was totally demolished. Only slight damage was done to the marine lab at Rockport, the agency said. Inspections are being made to determine the amount of damage to fish passes.

Dessicants Favored To Defoliate Crop

By SAM BLACKBURN

Cotton growers now ready to begin harvest of the 1961 crop, are beginning plans to defoliate their fields. Jimmy Taylor, county agent, said that many farmers

are turning to dessicants as being more satisfactory than true defoliant.

Taylor pointed out that the Texas Agricultural Extension service has shown that defoliants do

not give uniform results and that dessicants have been more effective in preparing cotton for stripping.

In order to better acquaint the farmers with this method, the

extension service has prepared a release which will do much to clarify the matter, Taylor believes.

The service says that a dessicant is a chemical material applied to cotton for the purpose of drying the leaves in preparation for stripper harvest.

Dessicants differ from the action of true defoliants in that they do not cause all of the leaves to fall to the ground. Because a dessicant acts quicker on the tissue of the leaf, it may dry and stick to the plant.

The recommended dessicants are Pentachlorophenol and arsenic acid; usually 75 per cent

have been very effective.

The dessicant should be applied when cotton is full mature, 60 to 80 per cent open or, better still, 90 per cent open. "Penta" is applied with diesel oil after the dew has dried. Arsenic acid is applied with water, and can be used under conditions of higher humidity than "Penta." Commercial preparations containing about 75 per cent arsenic acid are the cheaper of the dessicants.

The products containing this acid are poisonous to man and animal and the farmer should be careful to follow closely the safety directions on the manufacturers

label. The product is also corrosive and will damage equipment which is not flushed out with water and baking soda solution after each spraying.

Penta is a safer dessicant to use and does a satisfactory job in favorable hot and dry weather. Generally two applications are required. A rain shower before "Penta" completes its work may reduce its effectiveness.

The quantity of arsenic acid to be used is three-fourths to one and one-half quarts per acre depending on the state of the cotton. It should be mixed with water at the rate of 8 to 12 gallons per

Big Spring (Texas) Herald, Sunday, Sept. 17, 1961 9-A

acre for ground spraying and 5 gallons per acre for aerial spraying.

The extension department recommends that a regular cotton sprayer with 3 to 5 cone type X3 or X4 nozzles per row be used. Eight to 10 inches from the cotton with pump pressure of 40 to 50 pounds per square inch. Tractor speeds should be three to five miles an hour. Cotton under 24 inches tall needs three nozzles per row; taller cotton needs five nozzles. The material must go on the leaves.

The farmer can tell when the dessicated leaves are dry enough for stripping when those near the bottom of the stalk will crumble in the hand and the leaf stem will break. Normally this will be even to eight days after application.

In the morning these leaves are tough and will not crumble. Higher grades of cotton come with dry harvest and cotton should be dried to 8 per cent moisture. It is suggested the stripper not reach the field until around 11 a.m.

NOW! A NEW WORLD OF WORTH!

NEW FROM DIESEL TO DAZZLE!

'62 CHEVROLET JOBMASTER TRUCKS!

WITH NEW High Torque Power

Here they are—handsome, functional '62 Chevrolet trucks powered to work harder in every weight class. Hefty new V8's with the highest torque in Chevrolet history. New diesel brawn for medium-duty models. And, for the first time, Chevy's hard-working High Torque 261 Six is available in light-duty models.

Meet the eagrest, earningest crew of new trucks that ever shouldered a load!

There's a wider choice of power, a wider choice of torque, across the board. For heavies, there's the new High Torque 409 V8*, with 16½ per cent more torque than ever before available from Chevrolet. Big news in the middleweight class is the new Chevy-GM 4-53 Diesel. Compact, rugged, high in torque, low in fuel costs, backed by years of GM Diesel experience—it's a sure booster of truck earning power. In the light-duty lineup, the High Torque 261 Six* adds new sock, new savings in extra-tough applications. All told, you can pick from nine rarin'-to-work, ready-to-save '62 Chevrolet truck engines.

Handsome new work-styling includes forward-sloping hoods that allow drivers to see as much as 10½ feet more of the road directly ahead . . . maneuvering's easier, driving's safer. Chevrolet's famous Independent Front Suspension gives you the smoothest riding, easiest working trucks in the business. Loads ride easier, drivers stay fresher, trucks last longer. New heavier duty, smoother hypoid rear axles add new beef and brawn in the middleweight class. Rugged new I-beam front axles* of 9,000- or 11,000-lb. capacity are available on series 80 heavyweights. Mufflers are longer lived on all models.

You'll find a total of 198 models in the new '62 Chevy line—including the work-proved, versatile Corvaire 95's. Every model is built to out-haul, out-last and out-value any other truck at anywhere near the price. See your Chevrolet dealer!

*Optional at extra cost

New CORVAIR 95 CORVAN. Sure-footed rear-engined hauler, with plenty of cargo space and big side doors, plus rear door for easy loading.

New FLEETSIDE PICKUP. Most modern version of America's most popular pickup. Bodies are lightweight and up to 9 feet long.

New SERIES 80 DIESEL. Diesel savings and sure Chevy durability. New 17,000-lb. hypoid rear axle now available on D60-H models.

New SERIES 80 TANDEM. Best choice for the big ones! Has extra-rugged K-braced ladder frame and true-tracking Eaton-Hendrickson tandem bogie. Rugged new I-beam front axles (9,000- or 11,000-lb. capacity) are available* for severe and off-road service.

Church Member

Actor Succumbs

HOLLYWOOD (AP) — Harry Tyler, well known Broadway and

motion picture actor whose film career included roles in "The Grapes of Wrath" and "The Quiet Man," died Friday in a Hollywood hospital of cancer. He was 73.

DALLAS (AP) — A Negro woman has been accepted as a member of the 5,000-member Lovell Lane Methodist Church, the Rev. Tom Shipp confirmed Friday.

Mexican Farm Labor Bill Approved

WASHINGTON (AP)—A bill extending the Mexican farm labor program for two years won agreement Friday from Senate and House conferees.

The action came after a Senate provision designed to give the dropped workers higher wages was dropped.

This provision, contained in an amendment of Sen. Eugene McCarthy, was adopted Monday in the Senate by a 42-40 vote after a hard fight.

House conferees, whose colleagues had voted for a simple extension of the 10-year-old program, accepted some other Senate language designed to write new safeguards into present law.

The compromise version contains these new provisions:

Mexicans can be brought in only after "reasonable efforts" have been made to attract domestic workers for such employment at standard wages, standard hours of work, and working conditions comparable to those offered to foreign workers.

Mexicans can be used only for temporary or seasonal occupations except in cases where the secretary of labor finds it necessary to avoid undue hardships.

Mexicans cannot be used to operate self-propelled harvesting, planting or cultivating machinery. The House is to act first on the compromise bill.

Water Cop Is Busy In Florida

EVERGLADES, Fla. (AP) — The only kind of cop employed by this city of 1,000 is a water policeman. And Cliff Geiger, who wears the badge, says he rarely gets a speeding boatman any more.

The city hired Geiger about five years ago to slow speed-boaters who caused wakes in narrow Barron River. The wakes caused other moored craft to scrub docks, washed down unprotected banks and weakened seawalls.

"A few \$25 fines in city court and the word got around," says Geiger, "so that local boatmen are careful now."

Young People Show Appreciation

Some 25 Webb AFB young people, who identified themselves as members of the Webb Young People's Group, presented two Class 62-B graduates with scrolls of appreciation for the work that the two young officers—Lieutenants Neal T. Reavey, and Dale E. Johnson—and their wives have done in

promoting interest in chapel activities, while at Webb. Bob Baumann, and Linda Mason made the presentation; left to right: Lt. Reavey, Baumann, Mrs. Reavey, Mrs. Johnson, Linda Mason, and Lt. Dale E. Johnson.

Student Pilots Honored By Youth Group

Lt. Neal T. Reavey and Lt. Dale E. Johnson, along with their wives, were honored for their work in the Chapel Youth Program in a ceremony at the Webb AFB chapel following their graduation from the pilot training program Thursday night.

The young people, with whom the two couples worked, were organized into a Protestant Youth Group. Lt. Reavey, who worked with young people while a student at the Air Force Academy, volunteered to work with young people when he came to Webb. Reavey's effort was so productive that he had to bring in his wife to help. The movement grew steadily, and soon he found the need of another couple, and the Johnsons were ready with a helping hand.

Thursday, to show their appreciation, the group—all high school students—presented both couples with a framed certificate bearing the signatures of every member of the group.

Bob Bauman, son of Maj. Ernest G. Bauman, commander of the Student Squadron; and Linda Mason, daughter of Major Willard Mason Jr., Executive Office of the 331st FIS, made the presentation.

Students Increase Demands On County Library Volumes

By SAM BLACKBURN
A lot of "heavy" books are being checked out of the Howard County Free Library these days but Mrs. Opal McDaniel, the librarian, and her assistants do not think the recent tension which has arisen in the cold war is responsible.

"The histories, special studies and non-fiction books which are in such high demand are being put to use by the boys and girls in the schools," said Mrs. McDaniel. "They borrow the books to polish up on their classroom assignments."

One other type of reading, currently highly accelerated, possibly can be credited to the tension that prevails and to the normal desire of all human beings to forget for a little while the worrisome problems of life.

"We have a never diminishing demand for detective tales and western novels—more, perhaps, now than in a long time," Mrs. McDaniel points out.

Psychiatrists sometimes allege that addition to whodunits and other lighter fiction is a form of escapism. They say that harassed folk, eager for surcease from the arrows and slings of fortune turn to these volumes for escape. If so, the records indicate a lot of escapism is being accomplished here.

The library these days is enjoying the briskest patronage in its history. August saw 6,771 books borrowed. This is 400 more than in August last year. July had 7,553 and June, always a big reading month—10,632. The library is 4,000 books ahead in 1961 of the same three months last year and there is no sign of any letup in interest.

One of the most popular books on the shelves at this time is "The New Millionaires and How They Made their Fortunes," Mrs. McDaniel and her aides are not informed if any of the patrons who have borrowed the book and avidly read it have been able to get their own millions started or not. The book is in such demand it has its own waiting list.

LEON URIS
"Mila 18," the new book by Leon Uris, author of "Exodus" is getting fast play by local readers. Other popular books are "Fate is the Hunter," "A Nation of Sheep," and "The Rise and Fall of the Third Reich." A sudden interest in this latter book may be a result of the current cold war crisis in Berlin.

Frequently requested but not in stock at the library is "The Agony and the Ecstasy."

Other books in steady demand are "Winter of Our Discontent," and "China Court." "Champions of Track and Field," is also in steady use now that school has

reopened. Don Ward's "Bits of Silver," and Mody Boatright's "Singers and Story Tellers," also have many followers.

The library now has a complete reference work on criticism of Shakespeare which is of great help to the school students.

Another interesting new book on the shelves is comparative history of the civil war in one volume.

GIFT
An appreciated gift to the library was recently received from Raymond L. Tollett, president of Cooden Petroleum Corp., Mrs. McDaniel's said.

This is "History of Petroleum Engineering," a complete and documented study of the profession from its inception to the present date.

Mrs. McDaniel announced that starting Monday, Sept. 18, the library will be kept open daily until 6:30 p.m. as a convenience to the boys and girls in the schools.

She said that the present system of closing Saturday at noon and remaining closed on Monday until 1 p.m. would be continued.

Jack Nicklaus Wins National Amateur

By HAROLD CLAASSEN Associated Press Sports Writer

PEBBLE BEACH, Calif. (AP)—Jack Nicklaus, master of every club in his bag, crushed Dudley Wyson of McKinney, Texas, in the fog and mist Saturday and won the National Amateur golf crown, 8 and 6.

of the Pebble Beach course in the morning, the Ohio behemoth fired a 3-under-par 69 at the poiced Texan and was 4-up at lunch. He relentlessly closed it out after 12 holes of a soggy afternoon and finished the day five strokes below the course's demanding 36-36—72 card.

gained the title he won two years ago as a 19-year-old. In those two years he has become a junior in the Ohio State College of Business and an expectant father.

Not Too Much Yardage

Jim Sale, 13, provides interference for Robert Turner, the ball carrier for the Stanton Buffaloes, on a sweep around left end which gained short yardage. Trying to stop Turner are Frankie Firenze, 11, and Larry Pharis, 27. Even though 80-yard punt returns for a touchdown. (Photo by Joe Beyer).

Cincy Reds Advance Closer To Pennant

CINCINNATI (AP) — The Cincinnati Reds, shut out with only four hits through the first six innings, broke loose for three tallies in the seventh Saturday and took a 3-2 victory over the Philadelphia Phils that advanced them another step toward a National League pennant.

Jacky Cupit 2nd In Seattle Meet

SEATTLE (AP) — Gay Brewer Jr. of Crystal Springs, Fla., 12 under par for three trips around the par 70 Broadmoor golf course, took the lead after Saturday's third round in the \$25,000 Greater Seattle Open Golf Tournament.

With a 64 Saturday, Brewer posted a 54-hole total of 196. Tied for second at 199 were the leading money winner of the professional golf tour, Gary Player of South Africa, and a sensational freshman, Jacky Cupit of Longview, Tex.

Javelinas Drub UCC, 27 to 0

KINGSVILLE, Tex. (AP)—Texas A&I whipped University of Corpus Christi 27-0 Saturday night using reserves most of the last half.

A crowd of 5,000 watched the Lone Star Conference and Great Southwest Bowl champions in their opener.

The Javelinas scored in the second period when Butch Pressley rammed over from five yards out and Wilbur McDaniell kicked the extra points.

Winders Club Officers

Pictured above are newly elected officers in the Winders Astro Club, together with some of the trophies they've won. They are, left to right, Bobby Kizer, reporter; LaVelle Hanson, sergeant-at-arms; Larry Bailey, vice-president; Johnny Brown, president; and Anny Moore, secretary.

Patriots Win Over Denver

BOSTON (AP) — Boston scored four touchdowns in eight minutes in its 45-17 victory over Denver Saturday night with 37-year old Butch Songin coming off the bench to ignite the American Football League fireworks.

East Texas Wins

COMMERCIE, Tex. (AP) — East Texas State downed Abilene Christian, 16-14, in a rugged opener for both teams Saturday night.

Bearkats Lose 38-18 Decision

GARDEN CITY — Garden City lost its third straight eight-man football game here Friday night, yielding to Smyer, 38-18.

Lutheran Edges SW Texas, 7-6

SEGUIN, Tex. (AP) — Texas Lutheran scored in the first period and held the lead all the way to beat Southwest Texas State 7-6 Saturday night.

Winders Club Officers

Recovering a fumble on the Southwest Texas 44-yard line, Lutheran scored in five plays with Muffy Kaase running 19 yards on a bootleg for the touchdown. Frederick Bohl kicked the extra point to furnish the winning margin.

Rog Maris Parks One But Yankees Beaten

DETROIT (AP) — Roger Maris hit his 57th home run Saturday and again climbed one game ahead of Babe Ruth's record pace of 1927. It was Maris' first home run in eight games.

climching by banging out a 10-4 triumph as Frank Lary won his 21st game.

game. Ruth didn't hit his 57th until his 152nd game in 1927.

McCovey's Homer Defeats Bruins

SAN FRANCISCO (AP)—Gangling Willie McCovey slammed a pinch-hit home run in the ninth inning to give the San Francisco Giants a 4-3 victory over the Chicago Cubs Saturday.

It was the second victory for the Giants over the Cubs in two days and for the second straight time it was pitcher Stu Miller who saved the game.

The Yankees' magic number for their 11th pennant in 13 years remained at four. New York cannot clinch the flag any sooner than Tuesday night when the Yankees play a doubleheader at Baltimore.

Machen Defeats DeJohn In Nine

SYRACUSE, N.Y. (AP)—Eddie Machen of Portland, Ore., stopped big Mike DeJohn in 1:04 of the ninth round of a 10-round televised fight Saturday night, making it two in a row against the hometown puncher.

McCovey's Homer Defeats Bruins

Bob Anderson (6-9) was tagged with the loss, pitching to only two batters, Ed Bailey who flied out and McCovey.

Ozono Rolls On

OSZONA — The Ozona Lions rolled for three touchdowns in the first half and then held on to defeat Bronte, 22-6, here Friday night.

Stanton Buffaloes Defeat Coahomans

By JOE BEYER
STANTON—The Stanton Buffaloes roamed over their home grounds Friday night for four touchdowns to beat the visiting Coahoma Bulldogs by a score of 28-14.

In an action-packed first quarter which saw each team strike for two touchdowns, the pace for the game was set. Only one score was the result of a steady grind downfield and that came late in the third quarter.

Coahoma kicked off and Stanton's Joe Williams finally found the handle of the football on the five-yard line and returned it to the 10 where a swarm of Bulldogs ground him under. Three plays later the ball changed hands on the 35-yard line on a fumble.

The Bulldogs seized the opportunity and in four plays, including a 22-yard pass from quarterback Ronnie Cunningham to Frankie Firenza, carried the 35

yards for the touchdown. Billie Ford booted the extra point.

After one false start the Stanton Buffaloes started a drive on their own 31-yard line. On the fourth play from scrimmage Jim Sale, a fast, 160-pound back, threaded his way through the Bulldogs for 53 yards to make the score 7-6. Joe Williams carried over for two extra points to put Stanton ahead.

The kickoff saw a smoothly-executed return as Joe Williams took the ball on his own goal line and started around his right end. On the five-yard line he slipped the ball to Frankie Firenza coming around left end and Firenza was at the 30 before anyone knew he had the ball. With more protection than most bomb shelters provide, the speedy Firenza loped the rest of the 95 yards for the score. Billie Ford converted to put Coahoma ahead 14-8.

But Stanton was not to be denied one last poke before the blaze

died down to routine play. In three plays the Buffaloes moved the ball from their own 20 to the 45 where Robert Turner tucked in the ball and broke away on a 54-yard run and another score. Turner was stopped short of the goal line on the extra points try and the 14-14 tie remained unbroken.

The Buffaloes almost broke the tie twice in the second quarter but the Bulldogs refused to budge

Stanton	Coahoma
14	14
277	67
36	39
2 of 3	4 of 6
1 for 32	3 for 27.2
5 for 33	1 for 20
	1

and one drive died on the four and another on the five-yard line. Late in the third quarter the Buffaloes topped a 56-yard drive which took 11 plays with a one-yard carry by Robert Turner for six points. The extra points try was no good.

Striking quickly again in the early part of the final quarter, Turner grabbed a punt on his own 20-yard line and rambled downfield after shaking off several tacklers for 80 yards and the final touchdown of the night. He then carried over for two more points making the score 28-14 in favor of Stanton.

Statistically speaking the game was all Stanton, even though the game was not dominated by any team. Most play was of the spectacular variety which keeps fans on their feet and not the grinding football where each yard comes harder than the one before.

In the over-all totals, Stanton had 14 first downs to eight for the Bulldogs. The Buffaloes made 277 yards on the ground to 67 for Coahoma. Stanton completed two of three pass attempts for 56 yards while Coahoma completed four of six tries for 39 yards.

Stanton punted only once for 32 yards while Coahoma was forced to punt five times for an average of 27.2 yards. Stanton lost the ball twice on fumbles to once for Coahoma.

Jim Sale carried nine times for 67 yards and he returned three kickoffs for 44 yards and one punt for 80 yards. Robert Turner came out with the best average, racking up 112 yards in eight carries for an average of 14 yards a carry.

For Coahoma, Robert Turner came out with the best average, 4.87 yards per carry on eight carries. Firenza and Cunningham were the workhorses of the night with 12 and 10 carries respectively.

Permian Rips Tascosa Rebs

ODESSA — Permian opened its season Friday night with a 16-0 victory over the Amarillo Tascosa Rebels.

After a scoreless first half, the Panthers drove 43 yards in nine plays, with fullback Mike Love scoring on a one-yard dive. Quarterback Frank Sloan ran for the extra points.

Late in the fourth period the Panthers marched 67 yards and scored on halfback Jimmy Routh's eight-yard end sweep. Routh added the PATs.

Permian, representing district 2-AAAA, and Tascosa, from district 3-AAAA, are both rated among the top ten teams in the state.

Antelopes Upset Spur, 21 to 15

SPUR — Spur miscues enabled the Post Antelopes to score a 21-15 win Friday night.

A recovered fumble and an intercepted pass aided the Antelopes as they scored their entire output in the second period.

Spur leaped to a 7-0 lead during the first quarter, when Richard Walker hit Curt Parson with a 10-yard pass. Walker kicked the PAT.

Post notched its first tally as Harold Mason capped a 59-yard drive by sprinting 13 yards up the middle to pay-dirt.

Dwayne Curtis recovered the Spur fumble on the Bulldogs eight. Leslie Acker carried it over for the TD, and Mason ran over for the extra point.

Post iced the game with the intercepted pass on the Bulldog eight. Mason carried it over on the first play and Acker kicked the point after.

Cowboys Decision Bovines, 34-18

GRANDFALLS — Grandfalls - Royalty opened District 5-B eight-man play by kayoing the Loop Longhorns, 34-18, here Friday night.

The Cowboys are still undefeated after three games.

Grandfalls - Royalty led from the time that Ken Mosley took the opening kickoff and dashed 65 yards to score.

Sammy Trees made one Grandfalls-Royalty score on a 55-yard run and passed to C. D. Cooper for 50 yards and another.

Tommy Wilkinson, John Freeman and Robert Sanders counted TD's for Loop.

LOOKING 'EM OVER

With TOMMY HART

The Big Spring Steers have won six opening games while losing only three and tying one in the past decade, yet have wound up playing .500 ball or better in only two of those campaigns (1953 and '54) . . . In 1953, when the Steers compiled what is generally conceded to be their best season in history, they started by losing a 28-27 verdict to San Angelo . . . Ralph Beard, one of the basketball greats at the University of Kentucky, is now considered a giant of the business world . . . He recently was named general sales manager of Gould, Inc., drug wholesalers serving Kentucky and Indiana . . . Danny Birdwell, the former Big Spring griddler, started seven games at center for the University of Houston last fall . . . Birdwell will make trips to College Station, Memphis, Tenn., Cincinnati, Tulsa and Stillwater with the Cougars this fall . . . Frank Mackey, winner of the Big Spring Invitational Golf Tournament here last year, was the ace goal kicker of the Colorado City Wolves back in 1953 . . . He played halfback at the time . . . McAllen, where the ex-Big Springer, Chop Van Pelt, is coaching, lost its opening football engagement to class AAA Pharr-San Juan-Alamo last week, 28-6 . . . Pharr's speed was simply too much for the big McAllen team . . . Mitchell Malouf, the ex-Steer mentor who is now a cotton farmer, was one of the spectators at last week's Big Spring-Plainview game here . . . When Abilene lost to San Antonio Jefferson last week, it marked the first time in 11 years the Eagles had dropped an opening game . . . Dr. Bob Johnson of Big Spring is a cousin to Al Langford, the Lamesa High School mentor . . . Within a matter of days, San Angelo's two high schools lost front line footballers . . . Gary Golightly, a stellar end and linebacker for San Angelo High, had to quit for the season with a ruptured spleen while Lake View's Ronnie Long, a halfback, fractured his collar bone . . . He'll be out at least a month.

Mobley Now Coaching At Sweetwater

Truett Mobley, who formerly worked for the YMCA here and who has been coaching basketball at Giddings for the past six seasons, is now a football coaching aide and head basketball coach at Sweetwater High School . . . He seconds football opponents of the Mustangs . . . Truett developed several district champions at Giddings . . . Chester Coffman of Big Spring recently killed a bear on a hunting trip near Turkey Springs, N. M. . . He parked his pickup, walked all day without seeing a bruin and then ran face to face with one upon returning to his car . . . Acquisition of Ralph Guglielmi by the St. Louis Cardinals doesn't mean that the Red Birds have relegated Big Spring's Charley Johnson to the second team . . . Guglielmi isn't yet a tried and true pro footballer, although Ralph impressed a lot of area football buffs when he performed for Notre Dame against SMU in Dallas one year . . . They say San Angelo College's Phil George was able to sign 6-foot-5 Kirby Pugh of Abilene

James Gilbert Good Receiver, Too

Those who caution that the Big Spring coaching staff may be putting too much emphasis on the Jerry Tucker-Willie Mendoza passing combination forget that James Gilbert was regarded as a better aerial target than Mendoza last year . . . Gilbert is the halfback who missed the first game due to an injury this year . . . Incidentally, college scouts are already taking notes on Tucker, who is regarded as a good prospect, both as a passer and a quarterback . . . He doesn't have to wind up to pass, a technique that impresses the ivory hunters . . . Nubbin Neighbors, a starting lineman for the Tom S. Lubbock Westerners, formerly played with the San Angelo Bobcats . . . He moved to Lubbock following his sophomore year at San Angelo . . . Lawson Little, the former golfing great who was slowed several years ago with a heart attack, is now able to play 18 holes of golf without resting . . . He has a son, Lawson Little IV, who is considered quite

to a basketball scholarship after agreeing to take David Welch, too . . . The two are good friends . . . Welch is regarded as quite a comer in the sport, too . . . The head lineman in the Big Spring-Plainview game here the other night spent most of the first half trying to move a Big Spring end behind the line . . . He quit it at the intermission after one of the Big Spring mentors informed him the terminal post was the boy's true position . . . The official shouldn't have bothered, since the rules dictate that a team can play as many on the line as it wants . . . Elmer Tarbox, the former Texas Tech great, says Big Spring's Dickie Spier is better at following his interference than any back he's seen play in a long, long time . . . Tarbox reasons that it's hard to teach a boy such a tactic . . . He thinks they have it from birth . . . Texan Bobby Boyd, now with the Baltimore Colts, says he has a tougher job in practice than in a real game—that of covering the Colts' ghost runner, Lenny Moore.

a comer in the links game . . . Perhaps you missed it: Roy Harris, the heavyweight boxer, is leaving his home town to study law at the University of Arkansas . . . Leon Fuller, the Big Spring coaching aide, scored touchdowns for the University of Alabama against Tennessee (on a pass) and Georgia Tech (on a run) last year . . . Alabama won the Tech game, 16-14, and lost to Tennessee, 20-7 . . . He carried the ball for the Tide 30 times over the season, picking up a total of 147 yards for an average gain of 4.9 . . . Leon wound up being named to the All-Southeastern Conference third team . . . Golfer Arnold Palmer's latest income-producer is a parlor golf game manufactured in Kansas City . . . He will receive royalties from the sale of the game . . . His gross take from all sources of income this year will amount to about \$200,000 . . . I regard Detroit's Frank Lary as a better pitcher than New York's Whitey Ford, because he has completed far more games.

Abilene Kayoes Ponies

ABILENE — The Abilene Eagles, fighting back after a loss suffered at the hands of San Antonio Jefferson last week, mauled the Sweetwater Mustangs, 47-0, here Friday night.

The War Birds scored twice before the Mustangs could ever run an offensive play and the Ponies never could recover.

The Eagles rolled up 257 yards in rushing gains and added 126 through the air. Sweetwater gained 103 yards rushing but only 26 passing and could make only three first downs, compared to 15 for Abilene.

A fumble on a punt by Sweetwater's Jimmy Hargraves on the Pony ten gave the Eagles their first scoring opportunity.

Willie Phillips counted from that point for the first tally and Jack Middlebrooks followed with a kick. A short time later, Sweetwater fumbled into the end zone and Chuck Hughes fell on the ball for Abilene.

Following a Sweetwater punt, Abilene scored again on a 65-yard drive, Middlebrooks going the final 53 yards to pay dirt. He also converted and Abilene led, 2-0.

Larry Rodgers took a six-yard pass for Abilene's next touchdown early in the second period and Middlebrooks again converted.

Early in the third, Abilene counted again when Middlebrooks carried four yards, at the end of a 55-yard march. Middlebrooks converted once more and Abilene led, 34-0.

Rusty Harris took a touchdown pass from sub quarterback Hugh Langford for 15 yards before the third period ended.

The Eagles got their final TD just before the game ended, moving 51 yards in seven plays.

Langford went the final eight yards and Phil Brown booted the PAT.

Gene Kroop sprinted 83 yards for what appeared to be a Sweetwater score in the first half but the long run was nullified when the officials ruled the ball dead on Sweetwater's 17.

Lamesa Shades Ector, 18-12

LAMESA — The Lamesa Tornados scored their second win of the season Friday night as they downed Ector, 18-12.

Long downfield marches accounted for the Tornados' tallies. Quarterback Sherrill Kidd scored in the first quarter on an eight-yard run, preceded by a 45-yard drive.

The second period featured a 69-yard move, capped by Earl Hatchett on a three-yard plunge off guard. The final Tornado blow came in the third stanza when the hosts drove 63 yards, with Kidd hauling it over from the two.

Kicks failed on each extra point attempt.

Fumbles spurred an Ector rally in the fourth. Quarterback Presley Cooper flipped a 29-yard pass to end Don Bell after a Lamesa fumble on their own 31.

Cooper tossed a three yarder to Tony Schoonover to conclude a 62-yard flight after another Tornado bobble.

Wellman Batters Sterling, 32-6

WELLMAN — Wellman's Wildcats turned back Sterling City, 32-6, in an eight-man football exhibition here Friday night.

The decisiveness of the score surprised a lot of observers, some of whom had tabbed Sterling City as the favorite.

Sammy Rex scored two touchdowns for Wellman while Jesse Hartman and Ronnie Sullivan had one each.

A pass from David Durham to Bill Coleman, good for 25 yards, produced the only Sterling score in the second period.

Son Outdoes His Father At Lake

Rip Merrill, 1002 Sycamore, felt pretty good about his 6-pound channel cat hooked at Sportsman Paradise boathouse at Lake Thomas Friday.

That is until his son, David, who is visiting from Dallas, latched on to a 14-pound yellow catfish. After about 15 minutes wrestling, he landed this big fellow. They were fishing for carp with tough bait and had landed several, including a 6-pounder by David.

Backing Urged For Grid Club

STANTON (SC) — Sid Foster addressed the Quarterback Club here Tuesday at its regular weekly meeting, urging community support of the team.

Woodford Sale, who presided, said that the membership campaign is still under way.

Films of the games played the previous Friday evening will be shown as a feature of each meeting of the club, he announced.

Basin Drilling Goes Up Again

Permian Basin Empire drilling registered another gain last week, climbing to 254 rigs according to a Friday Reed Roller Bit Company survey.

Jordan Urges Careful Study Of Disposal

Kirk Jordan, executive secretary of the West Central Texas Oil & Gas Association Saturday urged operators in the Sharon Ridge field to give "full and careful consideration to all aspects" of salt water disposal proposals.

After five years, the oil charge would be reduced to 10 cents. Permian proposed 12 cents charge for handling oil, dropping to 10 cents after four years.

Houston And Tulsa Men Win Awards

DALLAS (AP)—The Texas Mid-Continent Oil & Gas Association named Charles Alcorn of Houston and A. L. Soliday of Tulsa Saturday the winners of its Distinguished Service Award for 1961.

Industry Looks To 1962 Legislation

WASHINGTON (AP)—With Congress about to adjourn for this year, the oil and gas industry's Washington representatives are beginning to look ahead to the 1962 session convening in January.

Gas Rates Ruled High In 15 Cases

WASHINGTON (AP)—A Power Commission examiner ruled Thursday against 15 natural gas rate increases totaling \$2,829,350 yearly.

Barge Located

NEW ORLEANS (AP)—A \$7 million offshore drilling barge, blown away by Hurricane Carla, was located about 50 miles from the spot where it normally operates off the Louisiana coast.

Soviet Makes Rapid Progress

By MAX B. SKELTON HOUSTON (AP)—Russia's government controlled oil industry has made rapid progress the past six years despite a continuing world surplus of oil.

Price Hearings Are Postponed

WASHINGTON (AP)—The Power Commission postponed until Oct. 11 a hearing here on the proposed price ceilings for natural gas sold from the Permian Basin area of New Mexico and West Texas.

Purdue Is Recipient Of Oil Fellowship

A \$2,500 graduate fellowship in asphalt technology, the first to be established by National Petroleum Refiners Association, has been awarded to Purdue University, Lafayette, Ind.

PAST 6 YEARS

Soviet Makes Rapid Progress

HOUSTON (AP)—Russia's government controlled oil industry has made rapid progress the past six years despite a continuing world surplus of oil.

Price Hearings Are Postponed

WASHINGTON (AP)—The Power Commission postponed until Oct. 11 a hearing here on the proposed price ceilings for natural gas sold from the Permian Basin area of New Mexico and West Texas.

Purdue Is Recipient Of Oil Fellowship

A \$2,500 graduate fellowship in asphalt technology, the first to be established by National Petroleum Refiners Association, has been awarded to Purdue University, Lafayette, Ind.

Local Oil Reports Are Scanty

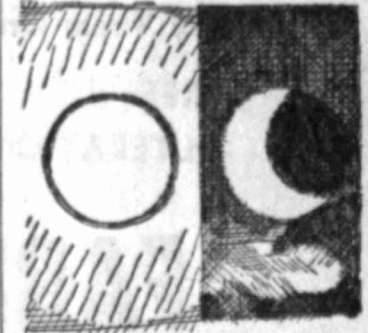

Progress reports on six Ackerly field projects were turned in Saturday. The only other report was on a Borden County wildcat.

East Texas Crude Prices Take Cuts

HOUSTON (AP)—Almost 75 per cent of East Texas crude is now moving at below \$3.25 per barrel due to recent price cuts.

Chemical Society Sets First Meeting For Thursday Night

The first full meeting of the Permian Basin Section of the American Chemical Society will be held Sept. 21 at the Cosden Country Club.

day and night... A CEASELESS STREAM OF PEOPLE

In Africa, the Angolans fled their terror-struck country and poured into the strife-torn Congo. Tens of thousands... a ceaseless stream. And they were all hungry.

On the spot to comfort, feed, house and help were the forces of American religious agencies... dedicated to helping those in need, no matter what their political or religious affiliation.

ON CIVIL RIGHTS Tower Departs Southern Bloc

By TEX EASLEY AP Special Services WASHINGTON (AP)—Southern Democratic senators who have taken Texas Republican Sen. John G. Tower into their fold regarding legislative strategy got a bit of a jolt when he voted for a two-year extension of the Civil Rights Commission.

How To Get Rich Growing Crickets

ROBSTOWN (AP)—In case you never need to know, it takes 1.5 million crickets to fill a 55-gallon barrel. That's what Ernest Fischer says, and he should know, for he raises millions of worms and crickets for fishermen.

From Tin Lizzie To Moon; That's The Saga Of Ford

DETROIT (AP)—The saga of the Ford Motor Co. stretches from the Tin Lizzie far into outer space. Fifty-three years ago this fall Henry Ford took his first Model T Ford on a 1,357-mile hunting trip to Wisconsin and back.

them in opposing one proposal that the life of the commission, scheduled to expire Sept. 9, be extended four years and another that it be made permanent. "I have said all along," Tower said later, "that I thought the commission might fulfill a useful purpose. I am willing to give it another try."

Shutterbug Has Famous Rail Picture

DENISON (AP)—That picture of a train, its brilliant headlight beaming, is on the wall of the Missouri-Kansas-Texas Hospital here because Montgomery Middleton got interested in cameras 60-odd years ago.

In Lubbock School

LUBBOCK—Eunice Faye Jones, daughter of Mr. and Mrs. Floyd Jones of Ackerly, has entered Draughon's Business College in Lubbock where she is majoring in secretarial work.

Shutterbug Has Famous Rail Picture

Middleton, better known as Gum, was living in Waxahachie, where his father published a weekly paper, when he decided he wanted a camera. That was in about 1900 and Gum was 12.

DEAR ABBY

Let By-Gones Be By-Gones

DEAR ABBY: Six years ago I but when he acts like this, I wonder. What do you think?
 DEAR BARBS: I think you can do better. You don't want to listen to that kind of talk the rest of your life, do you?
 DEAR ABBY: My husband and I are having a squabble over how long a woman can carry a baby. I say a woman can carry a baby six to eight weeks past due. My husband says that nine months is the limit and, if a baby is carried over nine months, there must be something wrong with the lady's figuring.
 DONT KNOW
 DEAR DONT: According to medical authorities, women have been known to carry babies ten months (and even longer) from the time of conception to birth.
 CONFIDENTIAL TO MARIE: Don't waste any more time on him. Tell him, "No shoes, no rice—no dice."
 "Are things rough?" Let Abby help you solve your problem. For a personal reply, enclose a stamped self-addressed envelope and send to Box 3365, Beverly Hills, Calif.
 For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

PAST DUG UP
 DEAR PAST: Try hard to get your husband to realize the contemptible injustice of punishing an innocent wife and family. If you think your husband actually intends to call the wife, call the man and tip him off.
 DEAR ABBY: Every time my boy friend and I are together he acts like his head is on a swivel. It's bad enough that he has to look at every pretty girl he sees, but he even makes remarks to me about them. He will say, "Oh, boy, how would you like to be stacked like that girl?" I try to be a good sport, but this hurts me very much because I care a lot for this boy. I am 18 and he is 19 and he tells me he loves me.

Cuban Doctor To Talk Here

A physician who formerly practiced in Cuba, but fled that country after the Castro regime came into power, will be speaker for this week's meeting of the Periman Basin Medical Society.
 He is Dr. Leon Hirzel, currently residing in Lubbock. He is awaiting state certification to begin practice.
 The session will be held at the Big Spring Country Club Tuesday evening. A dinner for Medical Society members will start at 7:30, and all members are urged to attend.
 The program will be at 8:30, and the society president, Dr. F. W. Lurting, said the public is invited to come at that time and hear Dr. Hirzel speak. There also will be the showing of two films, "Communist Encirclement," and "Operation Abolition."

HIGHLY POLISHED FLAGSTONE makes the floor of the den in the home of Mr. and Mrs. Robert Heinze at 502 Highland in the Highland South addition. Mellow maple furnishings blend with the birch paneled walls. Shades of brown, beige and

orange are combined in the floral pattern on the quilted sofa upon which Mrs. Heinze and her daughter, Denise, are seated. The view from the south end of the room is of South Mountain.

THE LIVING ROOM OF THE HEINZE home has off-white walls and is carpeted in honey beige. At right is the dining area showing the built-in china cabinets and serving top. The door to the left of the cabinets enters the kitchen area. Mrs. Heinze

and Denise are shown at the piano, which is backed by an electric organ not shown. The white sofa has a soft gold design and is flanked on either side by fruitwood end tables that hold white shaded lamps with French Provincial influence.

SUGAR AND SPICE AND SHADES of pink go into making what any little girl would dream of having in her bedroom decorations. Here Denise Heinze hugs her pink pajama kitty as she rests in the middle of the pretty tufted coverlet. The

pink spread is patterned with ballerinas of varied sizes and has touches of blue and light brown. The tiered dust ruffles are also pink as are the sheer curtains that feature the Austrian influence in the valance.

New Luxury Home With A View

By LUCILLE PICKLE

South of Big Spring at the base of the mountain in a new residential addition at 502 Highland is the home of Mr. and Mrs. Robert Heinze and their little daughter, Denise.

From the front of the home one can see Big Spring from all directions and at the rear is a beautiful sight of the mountain with nothing between to break the view.

Entrance to the home is gained through big double doors that are flanked on either side by panels of Austrian glass. The entrance hall is floored with flagstone and the back wall is of Roman brick in pink and buff mixture. The L-shaped hall gives entry to the formal living room and to the den where the flagstone is continued in the flooring. A special sealing and finishing gives a bright gloss to the stones that are from Tennessee, Arkansas and Arizona. The family room is paneled in birch and opens onto the terrace, which affords a view of the mountain. The fireplace wall contains a cabinet for the television and has a ledge of flagstone that also serves as a bench.

Shades of brown, beige and orange have been combined in the

draperies and coverings by Mrs. Heinze. A shutter door opens from the den area to the kitchen for handy pass through. Maple furniture is used in the den and in the breakfast area, and curtains are of beige dacron with a bright orange fringe trim. The spacious cabinet space is topped with white formica gold-flecked.

One of the most used appliances in the kitchen is the rotisserie grill which Mrs. Heinze delights in using. The kitchen work area is separated by the divider island that contains the range top. A little "kitchen office" is a part of the arrangement, and it is here that Mrs. Heinze keeps her recipes, glasses and extra snack services, napkins etc., handy for use at the pass through to the den.

The living room and dining area is a spacious 14 x 23 feet and is carpeted in honey beige covering. The walls are off-white with a wallpaper mural framed on the west wall. In this area are attractive built-in china cabinets and serving top.

White lamps of French provincial trend are placed on fruitwood end tables set on either end of an off-white sofa patterned with gold. The room also contains a baby

grand piano and an organ, both of which Mrs. Heinze plays. The two double windows in the living and dining area are draped with off-white draw curtains.

Shades of blue and lavender are combined in the guest room. The walls are a soft blue and the carpeting is deep orchid. The colors are beautifully blended in the quilted coverlet that is blue with a floral pattern combining the colors in their various stages. The north front windows are draped in orchid sheer.

A room decorated for Denise, who will be five years of age on Oct. 6, is just what a little girl would dream of. The furniture is white French Provincial. The frothy pink coverlet is designed with ballerinas of various sizes and in costumes of whites and pastels with touches of blue and brown. The dust ruffles of pink complete the pretty decor of the bed. The carpet of pink beige blends with the sheer pink curtains with an attractive Austrian valance that ruffles as it is gathered on the curtain rod.

Clever use of decorative tile is shown in the pink bath. At regular intervals, the builder has placed a white tile with a rosebud de-

sign in the solid pink squares. The rosebud is used further on the door and drawer knobs. The English embossed wall paper also has a pink pattern on off-white, and the large wall mirror is framed with an edging with carved rosebuds. Although they are not completed as yet, when time permits they will be handpainted in pink and edged in gold.

Full length sliding glass doors give an inspiring view of the mountain from the master bedroom, which is furnished in maple. The walls are white and the honey beige carpet is also used here.

The master bath is in gold and white and the decor features the fleur-de-lis pattern in the tile. A handsome Italian type frame about the mirror is trimmed in gold. The English embossed type wall paper is also used here with a small gold pattern.

The comfortable, livable home also houses a work room and office for Heinze, who is an architectural engineering graduate of the University of New Mexico.

Mrs. Heinze was graduated from Baylor University with a major in education and religion and a minor in music.

SECTION C

BIG SPRING, TEXAS, SUNDAY, SEPTEMBER 17, 1961

GOLD AND WHITE ARE FEATURED in the decor of the master bath (left), in the Heinze home. The mirror frame is Italian inspired and is white, subtly tinted with gold. The medicine cabinet, reflected in the mirror, is covered with mesh and opens with the pull at the right corner. The fleur-de-lis pattern in the white tile is in gold and English embossed wallpaper has a gold pattern.

★

A WOMAN'S DELIGHT whether she likes to cook or not is this pretty and useful kitchen (pictured at right), that features birch paneling and cabinets. The rotisserie and grill at left are a pleasure for the couple who put it to full use. The shutter doors at the right, seen under the hanging cupboard, open off the "kitchen office" into the den.

THE LAWRENCE HOLLIES
... engaged in one of their hobbies

Versatile Couple Keeps Busy With Many Hobbies

"Just name a hobby, and chances are we are either working on it or planning to take it up," said attractive Mrs. Lawrence Hollie, 706 Main.

L. and Mrs. Hollie are newcomers to Big Spring, with him in the training program at Webb Air Force Base, but she plans to leave soon for Denver to complete her education in the University of Denver.

Duplicate Bridge Winners Revealed

Twelve tables accommodated players in the duplicate bridge session Friday afternoon at the Big Spring Country Club.

Mrs. E. L. Powell and Mrs. Elmo Wasson were winners, north-south; a tie for second and third places was between Mrs. Ward Hall and Mrs. Elvis McCrary; Mrs. Jack Wickard and Mrs. Donna Lee; Mrs. Fred Kasch and Mrs. Pete Harmonson were in fourth place.

In east-west position, Mrs. John Stone and Mrs. J. D. Robertson were first; Mrs. B. B. Badger and Mrs. D. M. Penn, second; Mrs. James Duncan and Mrs. R. H. Weaver, third; Mrs. J. H. Fish and Mrs. A. Swartz, fourth.

Wedding Date Set By Midland Pair

LAMESA (SC) — Mr. and Mrs. Billie Gilbert, Midland, announce the engagement and approaching marriage of their daughter, Patricia Anne, to Parker Morell Humes, Midland, son of Mr. and Mrs. P. K. Humes, Lamesa.

The couple will marry at 8 p.m. Sept. 30, in the First Baptist Church in Midland.

Miss Gilbert is a graduate of Midland High School and Baylor University. Humes is a graduate of Lamesa High School and Baylor. Both are employed at Radio Station KCRS in Midland.

It was there that she became interested in archeology and anthropology, and naturally, her husband has followed suit. The two have done extensive reading about local fields of explorations and have made a trip to Monahans "for digging."

They plan to do more work along that line as they become more experienced in the activity. Not quite so strenuous is their ship model work, which they both enjoy; in time they hope to have some of the small models glassed and, looking forward to the day when they have their own home, plan to display the craft in a game room or bar.

Dancing is another interest of the pair, and it was this that brought them together; the lieutenant was a student in the Air Force Academy at Lowrie Field, close to Mrs. Hollie's home. She served as a volunteer to teach the boys dancing, and after a period of "going together" they were married. L. Hollie claims Memphis, Tenn., as his home town.

At the present time, the couple is working on painting, with pastels as the medium of expression;

Mrs. Hollie has done ink-sketching, but now has decided that she should change fields. Her husband is learning as she learns.

Guitar playing is the next hobby on the list for the two, and already on her want list for Christmas is a guitar.

Chances are she'll get one, too, because L. Hollie proudly remarked, "She can really sing, and I think we'd both enjoy having a guitar around the house."

Mrs. Philley Feted With Stork Shower

FORSAN (SC) — Mrs. Frank Philley was guest of honor at a stork shower Thursday afternoon in the home of Mrs. M. M. Fairchild. Other hostesses were Mrs. O. W. Fletcher, Mrs. L. B. McElrath, and Mrs. Vera Harris.

A pink rosebud corsage was presented to Mrs. Philley by the hostesses.

Covered with a lace cloth, the tea table held a reflector, edged with pink rosebuds, on which stood a honeycomb stock; the arrangement was flanked by vases of pink rosebuds.

Among the 15 guests were several from Big Spring.

New Crop Citrus Is Moving To Markets

A small volume of new crop grapefruit and oranges is moving to market now, reports the Agricultural Marketing Service.

Harvesting of the new citrus crop has just started in the desert valleys of California and in Arizona. Also, some old crop citrus is still moving from California.

Texas was getting ready to send its first oranges and grapefruit to market when Hurricane Carla slammed into the Valley, damaging the crop and trees severely.

What's left? It's too early for accurate estimates, but losses are expected to have their impact on citrus marketings at food stores in this area, especially until Florida, California and Arizona citrus starts moving in volume.

Latest report from the U. S. Department of Agriculture on the new citrus crop, deals only with crop conditions. First report on production will come Oct. 10. Then the full story about Texas citrus losses will be known.

Here's what citrus crops in

other major producing areas promise you now.

Condition of the Florida grapefruit is down sharply from last year at this time and slightly below average.

In California, weather has been favorable for both Navel and Valencia. While the crop of Navel is small, sizes are expected to be good. Also, oranges made good progress in Arizona and Louisiana.

Entertain Guests

Guests in the homes of the H. G. Wests, the R. D. Wests and Mrs. Lillian Hopper are Mr. and Mrs. Travis West and family of Marionsfield, Calif.; Mr. and Mrs. Howard West of Abilene and Mr. and Mrs. Bill Owens of Dallas.

For Slow

Ever add both mayonnaise and French dressing to shredded green cabbage you are using for slaw? You can use equal quantities of both dressings, or vary the amounts as you please.

Mrs. J. Overton Leader For WMS

FORSAN (SC) — Mrs. Jesse L. Overton was leader for the Week of Prayer programs given at the Baptist Church during the week. One evening the WMS members met for a covered dish supper preceding the program.

The Baptist Church is calling on people of this area for clothing and other articles to be sent to the victims of Hurricane Carla; Mrs. Henry Park has asked that such items be left at the church.

Mrs. James Childress is improving following surgery in a Big Spring hospital.

Verna Draper, daughter of Mr. and Mrs. C. L. Draper, accompanied her brother, Mr. and Mrs. Clifford Draper, to their home in Oakland, Calif., after they had been guests here in the Draper home.

For Browning

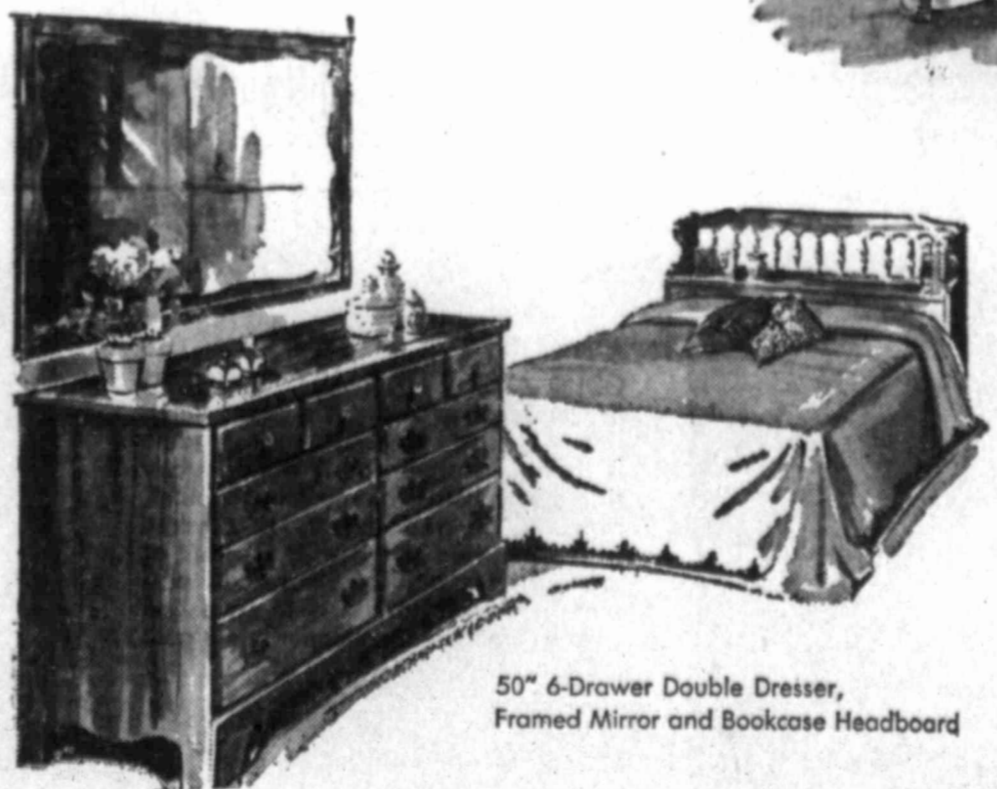

If you like to roast Rock Cornish game hens in a slow oven, and they're not brown enough, place them under the broiler just before serving.

Had Weight Problem

Shirley Jones steps out of Warner Bros.' "The Music Man" movie set with suggestions on how she licked an overweight problem.

HOLLYWOOD BEAUTY

Readers Assisted With Problems

HOLLYWOOD — Editor's Note: Lydia Lane invites your letter but regrets that a personal reply cannot always be given. From time to time, she will answer beauty problems in her column. If you would like your question and answer to appear in this space, write to Lydia Lane, Questions and Answers, Big Spring Herald.

By LYDIA LANE
Q — I am a great admirer of Dinah Shore, but I read that she never felt that she was pretty. What did she do to be so lovely? — Mrs. T. C., Jacksonville.

A — "I never stop trying to improve myself," Dinah confesses. "I get as much helpful advice as possible and enjoy experimenting. You have to be cheerful about what you can't improve and realistic about what is suitable to your type. A good rule to follow is: If you feel comfortable with your appearance, it will most likely make a good impression on others."
Q — The last time I was in Las Vegas, I saw Eleanor Powell dance. We are the same age, and I certainly would like to know what she did to keep in such fine shape. — Mrs. C. C. J., Cincinnati.

A — Eleanor gave up her career for many years, but she never gave up exercising. "I enjoy feeling supple," she told me several years ago. "I never want the day to come when I can't bend over and touch the ground and still keep my knees straight. The first place a person shows the creeping-up of old age is that bent-knee look when he walks. When it was easy for me to put my palms on the floor, I stood on a book for extra pull." This simple routine and her dancing is all that Eleanor has done to keep trim.

Q — My eyebrows are too thin. Do you know any way I can make them grow? How can a girl find out what shape brow is best for her face? I am 16, but I look older. — Carolyn C., Bakersfield.

A — Rita Moreno considers the eyebrows the key to your face. "Latinas pay a lot of attention to their eyes, and as a little girl I started brushing my lashes and brows with olive oil to make them thick and soft. If you want to change your brows, try covering them with make-up and experiment by drawing different shapes. Take a picture of each different style, and you'll be able to compare which one is most becoming."
Q — I have heard that an egg shampoo makes your hair shiny. Is this true? I would appreciate a routine. — Missy F., Madison.

A — Cara Williams' naturally red hair is one of her most attractive features. For a natural gloss, she mixes a rinse of one well-beaten egg and three times the amount of water. "While my hair is still wet from my shampoo and rinse, I massage this in and let it set for about 15 minutes. I rinse it out with cold water, and I find my hair looks better and is easier to care for."
Q — My nails are my problem, for they split and peel. I can't seem to grow them. I have tried drinking more milk and using several coats of polish, but nothing seems to help. I am in my early 20's and in very good health. Can you help me? — Amy Taylor, San Francisco.

A — Lori Nelson has a similar problem which she solved this way. "My nails started to grow when I gave up wearing nail lacquer. I buffed them lightly after every manicure, and before

my manicure I used white iodine on them. I put a bit of cotton on the end of an orange stick, soaked it in iodine and stroked it over each nail. I found this made my nails stronger and stopped them from breaking."

Q — I am 19 and wear a size 16 dress. I would like to wear a 12. I have met a boy I like very much, and I feel this time I really will reduce. Please help me. — Dorothy O., Denver.

A — Shirley Jones of "The

Webb Windsock

Party bridge will start at the Officers' Club this Thursday at 1 p.m. This will be the first game in a series to run through December. There will be individual winners. Playing will start promptly at 1 p.m., and 500 points will be given to those arriving before 1 p.m.

A dessert bridge and baby shower were given for Mrs. Russell J. Gradel at the Officers' Club last week. Mrs. Franklin C. Snyder, Mrs. William G. Harris and Mrs. R. E. Thomas were hostesses for the affair.

L. and Mrs. W. J. Phillips have his brother, Jack, with them now and he will be attending H.C.J.C.

On the 28th of September we will have our welcome coffee for the month. We are hoping to see a lot of people attend. I have heard that it is going to be a different type program, so leave the dishes in the sink and come out to help welcome Webb's newcomers.

A combination farewell bridge and earring party was given Mrs. Murhl Ruhl at the home of Mrs. Donald E. Jonker. Mrs. Ruhl will be leaving Webb for a new home in California later this month when her husband retires.

Another farewell bridge, this one in honor of Mrs. Malcome Williams, who has left for Atlanta, Ga. Dr. Williams will begin his residency there shortly. The three tables of bridge were played at Cosden Country Club and the hostesses were Mrs. Bernard Hevel, Mrs. Roland Ballow and Mrs. Ad Lindsay.

Our first luncheon of the year will be the first Thursday in Oct. We would like to see as many wives as possible, so make plans to come and spend a very enjoyable afternoon. Starting time has been changed to 12:30 p.m.

Muslim Man" at one time had a weight problem. "I tried all kinds of diets, but counting calories with well-balanced meals worked best. My doctor says it is better to take your weight off slowly, and then you will keep it off."

DIET HELP
If you have a weight problem, follow Shirley Jones' suggestion. Count the calories in your portions and eat well-balanced meals. To make the job easier, send 15 cents for both Shirley's "Sensible Diet" (Leaflet M-61) and a calorie chart (Leaflet M-70). Send your request to Lydia Lane, Hollywood Beauty, Big Spring Herald.

Plans October Wedding

October 10 has been selected as the date for their wedding by Nancy Smith and L.L. Cleveland Lewis Puckette II, according to the announcement made by Mr. and Mrs. H. W. Smith, 712 Dallas. The prospective bridegroom is the son of John E. Puckette of Dallas and the late Mrs. Puckette. The couple will take their vows in the First Christian Church.

Colors, Styles In Hats Accented With Velvet

Time was when the wearing of velvet was decreed the exclusive prerogative of royalty, but today every woman has the fashion right to wear a crown of velvet.

Glorious colors, luminous depth and versatile styling of the new summer-into-fall velvet hats add a rich punctuation to every costume, from sports to dress-up.

Cloches soar skyward with pleated, shirred and striped crowns; the back-poled pillbox inflates itself to dome proportions; and berets vary from pert classic lines to impressive platters.

Their size is no menace to bouffant coiffures, because weightless,

airborne boulevard velvet rests aloft with the light grace of a butterfly.

The personality of these hats varies with the mood of the wearer, yielding to multiple variations of draping, squashing and tilting. With their virtues of uncrushability and airy-lightness,

velvet hats are the traveler's joy, packing like veterans, emerging without signs of hibernation in a suitcase. Colors have a depth and luster that only velvet can achieve. With the modest price tag of a velvet hat, a woman doesn't have to feel extravagant if she invests in an entire wardrobe of velvets in assorted colors to match or accentuate every costume she owns.

Interesting Dish
Now that seedless grapes are in the market you might like to try a simple recipe that's cropping up in the best homes nowadays: just mix the grapes with light brown sugar and sour cream; serve icy cold.

Lady Manhattan

The self-ruffled matador blouse. Perfect with slim pants and skirts. 100% cotton Mansmoth, extra long, stay tucked shirts.

MRS. RAYFORD V. HILL

Hill-Wilkerson Vows Exchanged Saturday

Double ring vows, read at the First Assembly of God Church Saturday evening, united in marriage Evelyn Delores Wilkerson and Rayford V. Hill.

The bride is the daughter of Mr. and Mrs. Herman Wilkerson, 305 W. 20th; the bridegroom is the son of Mrs. O. H. Hill, Birmingham, Ala., and the late Mr. Hill.

The Rev. S. E. Eldridge, pastor of the church, assisted by the Rev. C. O. Wiley of DeLeon, read the ceremony as the bridal party stood before an arch of white, centered with wedding bells and flanked with large baskets of gladioli and candelabra holding tapers. The couple knelt on a white satin prie-dieu at the completion of the ritual.

Traditional wedding selections were presented by Mrs. Eldridge, accompanied by Nancy Eldridge on the vibraphone; Mrs. Charles Odum, a cousin of the bride, sang "I Love You Truly" and "Whither Thou Goest"; "Savior, Lead Us" was a duet by Mr. and Mrs. Ed Wilkerson of Monahans, uncle and aunt of the bride.

The bride was given in marriage by her father; her bridal gown was of white organza over taffeta with a yoke of Alencon lace making a sabrina neckline, re-embroidered with white sequins and seed pearls. The embroidered lace was repeated in a ruffle at the top of the softly gathered skirt which swept into a chapel train.

Appliques of embroidered lace enhanced the edge of the fingertip veil of illusion, held in place by a tiara of seed pearls and iridescent sequins. The bride carried a white Bible topped with white carnations, tulle and pearl leaves with a shower of potted ribbon.

TRADITION
Following tradition, the bride named her wedding ensemble as something new; she carried a white handkerchief which belongs to her grandmother, Mrs. T. E. Clark, as something old. The pearls which she wore had been borrowed from her sister-in-law, Mrs. Homer Wilkerson; she wore a blue garter, and in her shoe were birthdate pennies.

Mrs. Homer Wilkerson served as matron of honor; bridesmaids were Shirley Clawson and Kay Leatherwood. Attendants, identically attired, wore royal blue taffeta frocks with scooped necklines and full street-length skirts. Picture hats of tulle and their shoes were in royal blue shade, and

they carried nosegays of white carnations with pearl leaves and white streamers.

Homer Wilkerson was best man; groomsmen were Jim Ryles and Bob Gumbellot. Kathy Barker, who was flower girl, wore a white silk organza dress similar to that of the bride and carried a basket of white rose petals. Bobby Mealer carried the rings on a white satin pillow.

Tapers were lighted by Marie Clackum and Melba Clark, cousins of the bride; their dresses were identical to those of the bride's attendants.

The couple, along with the parents of the bride and the feminine attendants, received guests in Fellowship Hall of the church.

BRIDE'S TABLE
White organza over royal blue covered the serving table, which held the bouquets of the bride and her attendants. Royal blue tapers burned in three-branched holders, and the three-tiered cake was topped with a bridal couple figurine.

Sharon Manes registered guests,

who were served by Mrs. Fred Wilkerson, aunt of the bride; Mrs. Colbert Frazier, Mrs. Leonard Manes, Mrs. Troy Love, Janie Nelson and Linda Stuteville.

Coming from out of town were Mr. and Mrs. Alvin Barker, Kathy and Kenny, cousins of the bride, Liberal, Kan.; Mrs. J. M. Scott of LaVerne, Okla.; Mr. and Mrs. V. M. Bridges of Seminole, Mr. and Mrs. O. A. Shortes, Odessa, all uncles and aunts of the bride; Mr. and Mrs. Wendell Hahn of Odessa, cousins of the bride; Mr. and Mrs. George Head of Midland; the Rev. and Mrs. Jerry Hobbs of Austin.

The bride selected for the trip to an undisclosed destination a knit dress of blue with black accessories; her corsage was taken from her bouquet.

Bishop will be the home of the couple; the bridegroom, who attended school in Nauvoo, Ala., is associated with Brown and Root Contractors in Corpus Christi. The bride is a graduate of Big Spring High School.

ROUND TOWN

With LUCILLE PICKLE

The things of summer are about to pass . . . the home plate spot on our grass, kept bare during the summer months, has about blended itself back into the same shade as the rest of the lawn. . . . Practically all of the water-melons are gone and with them the delightfully fresh aroma and the mess of cleaning up after eating. The zinnias that had been so jauntily beginning to take on a jaded appearance . . . the morning and evening air has a right brisk coolness, so we have to concede it's beginning to feel like fall.

MRS. OMAR PITMAN, who with her husband left here several years ago to live in Pennsylvania, was here during the week visiting in the home of her brother, CHESTER BARNES, and his family. The Pitmans have moved back to Texas and have been making their home in McAllen for the past year. She returned to her home on Saturday.

Other guests in the Barnes home are their daughter and her family, CAPT. and MRS. RICHARD J. LANDON and their two sons, RUSSELL, and the newest one, DOUGLAS, four weeks of age, who live in Rapid City, S. D. They plan to leave here Monday.

Regardless of how proud the Saturday Evening Post is of their new format, I wish they hadn't done it. I'm sure we will all get accustomed to this style, but I can't see anything amiss with good readable black type on white background and set in reasonable, readable columns. Why must the type be set on a sickly green, or shocking pink when to read it is a chore? McCall's did it and most people just look at the pictures now and are likely to cancel altogether after a while . . . like me.

C. O. NALLEY and WYATT EASON came back from their annual fishing expedition at Bull Shoals, Ark., full of enthusiasm and fish. They always catch their limit of rainbow trout and bring back (so they say) the legal limit for their later eating pleasure.

Oldtimer JACK WILCOX is recuperating at the Howard County Hospital following major surgery early last week.

MR. and MRS. MARVIN SEWELL were to leave Dallas today

by plane with a group of Amnana dealers for a week in Mexico. The plans call for a stay in Mexico City until Wednesday and during this time the party will visit the Metropolitan Cathedral, Chapultepec Castle, the new University City, which is composed of buildings said to have cost approximately \$50,000,000. They will also sight-see among the numerous cathedrals and monasteries.

During the visit to Acapulco, they will take part and speculate the water sports, go deep-sea fishing and take a yacht trip around Acapulco Bay.

We don't recall having ever had such excitement in our office over the arrival of babies that equaled the arrival of the triplet daughters to the DAN FEATHERSES. It came as a great surprise as most of us didn't know the former employe and his wife were being eyed by the stork.

I hesitate to say I have been only slightly more absent-minded than usual, but I did come to work one day with mismatched shoes and for the first time in many years completely forgot the first meeting of my club, which I always enjoy.

Casual Ease

Stanton Gardeners Have First Meet

STANTON (SC) — Mrs. John Pinkston will be hostess for the first meeting of the year—of the Stanton Garden Club Sept. 26, at 9:30 a.m.

The fourth Tuesday of each month has been set for the regular meetings.

The Rev. and Mrs. W. H. Uhlman were honored on their first year anniversary as pastorate of the First Baptist Church. Talks were made to express gratitude, and gifts were presented to the family.

Mrs. Sadler Gives Rook Club Party

Mrs. S. F. Jones won high score for members at the Rook Club Friday afternoon in the home of Mrs. D. C. Sadler; tied for high score for guests were Mrs. W. D. McDonald and Mrs. T. G. Adams. Mrs. A. C. Hart was also a guest with nine members present.

Tarzan HD Club Hears Mrs. Eiland

STANTON (SC) — Mrs. Bob Cox was hostess for the Tarzan Home Demonstration Club Wednesday.

Mrs. Mildred Eiland, home demonstration agent, gave the program, "An Optical Illusion in Lines and Designs."

At the next meeting, officers will be elected and secret pals will be revealed. Mrs. Sam Yates will be hostess in her home.

Prepare Dessert In Advance; It's Nice For Freezing

Prepare this dessert ahead, if you like; it may be kept for a week or so in your freezer.

BISCUIT TORTONI
1 egg white
Salt
1/4 cup sugar
1 cup heavy cream
3/4 cup fine dry macaroon crumbs

Beat egg white and a dash of salt until stiff but not dry; gradually beat in sugar.

Without washing beater, beat cream until stiff; fold in beaten egg white and 1/2 cup of the macaroon crumbs. Turn into six 5-ounce paper cups or custard cups.

Sprinkle with remaining 1/4 cup macaroon crumbs. Freeze until firm.

If not served right away, wrap for freezing. Makes 6 servings.

Couple From Forsan At Homecoming

FORSAN (SC) — Mr. and Mrs. C. J. Lamb were recently in Saginaw to attend the 1961 Homecoming. Mrs. Lamb grew up there and has been away for about 48 years. She renewed acquaintance with several classmates.

A guest of the M. M. Fairchilds and the Leo Parkers has been Jackie Palmer of Jal, N.M.

Leon Calley, son of Mr. and Mrs. Frank Calley, has entered the University of Texas; he was formerly a student in Howard County Junior College.

Guests of Mr. and Mrs. Earl Beeson and family have been Mr. and Mrs. Allie Edwards and sons of Dallas and Mr. and Mrs. Johnny Stokes and family of Wagona.

Old Favorite

Old favorite and still good: Beat almost-set raspberry-flavored gelatin (made according to package directions) until fluffy and fold in sliced bananas; chill until set.

3110
12-20

Flared Skirt

A flared dress with the square-necked long-torso bodice is perfect for going places and looking important. No. 3110 comes in sizes 12, 14, 16, 18, 20. Size 14 takes 3 3/4 yards of 39-inch fabric.

Send 35 cents in coins for this pattern to IRIS LANE, Big Spring Herald, Box 1490, New York 1, N. Y. Add 10 cents for each pattern for first-class mailing.

For the new Fall - Winter Pattern Book presenting the latest pattern designs and featuring comprehensive lessons in dress-making send 50 cents.

Couple To Live Here Following Friday Rites

Mr. and Mrs. Jerry Hinson will make their home in Apt. 4, Bldg. 30, Ellis Homes, following their wedding Friday evening in the home of the bridegroom's sister, Mr. and Mrs. James Cook, 3221 Drexel.

The bride is the former Joy Peach, daughter of Mr. and Mrs. W. E. Peach, Ellis Homes; the bridegroom's parents are Mr. and Mrs. J. B. Hinson, also of Ellis Homes.

The Rev. Cecil Rhodes, pastor

of the Westside Baptist Church, read the double ring ceremony for the couple who was unattended.

White Chantilly lace over taffeta made the bridal gown, ballerina length, with a Victorian neckline; a tiara held a veil, and the bride wore a corsage of lavender feathered chrysanthemums.

Parents of the couple helped greet guests at the Cook home following the exchange of vows, and serving was done by Patty Peach, sister of the bride, and Loretta Cook.

The cake, frosted in white, was decorated with confection roses and a bridal couple.

For a wedding trip to Fort Worth, the bride wore a blue dress with black accessories and her bridal corsage.

The new Mrs. Hinson is a former employe of Arnold's Cafeteria, and the bridegroom, who has recently completed his service with the U. S. Marine Corps, is employed by Gulf Petroleum Co.

Lakeview P-TA

Lakeview P-TA will hold the initial meeting of the school year Tuesday at the school, and all parents are urged to attend. The executive board will meet at 7 p.m., with the general session set for 8 p.m.

Watermelon Party Is Entertainment

FORSAN (SC) — Following Wednesday evening services at the Church of Christ, a watermelon party was given on the lawn. Members of the church and their friends made up those present.

Jerry Bardwell, son of Mrs. and Mrs. D. M. Bardwell, entered Navarro Junior College recently; he is a sophomore student.

Recent guests of the D. L. Knights were a nephew, Ronnie LaDuque, Rodney Decker and Wayne Taylor, all of Seminole. The boys were en route to Texas A&M College, where they will be students.

Mr. and Mrs. J. H. Cardwell are entertaining their aunt, Mrs. J. E. Emmett of Ennis.

Here from Dallas have been Mr. and Mrs. Frank Wright, who were guests of Mr. and Mrs. Kenneth Cowley.

Good Brunch

Fried apple rings are wonderful with bacon, ham or little pork sausage links. Add scrambled eggs and serve for brunch.

Woman's Forum Has Coke Party Friday

Seven guests joined members of The Woman's Forum when the program committee entertained with a Coke party at the home of Mrs. Clyde Johnston Friday morning.

Guests were Mrs. Tommy Hart, Mrs. Irvin Daniel, Mrs. Alton Underwood, Mrs. Jess Fisher, Mrs. Dalton Johnston, Mrs. H. M. Fitzhugh and Mrs. Delaine Crawford.

Mrs. Charles Sweeney, Mrs. Elvis McCrary and Mrs. Neil Norred assisted Mrs. Johnston in the arrangements and serving. The table was covered with a pink cloth and Cokes were served from a copper container. The floral cen-

For Spaghetti

Add drained minced canned clams to a savory hot tomato sauce and serve over spaghetti; pass grated Parmesan cheese if you like.

Rebekahs Asked To Aid Storm Victims

An appeal to local Odd Fellows and Rebekahs to help the victims of Hurricane Carla has been made by the president, Mrs. Elfrida Shreiber.

Members are asked to bring clothing, blankets and other usable items to their meetings Tuesday evening, from where they will be taken to the storm area. Cash donations will also be accepted. Mrs. Schreiber stated.

A Devotional for Today

So shall my word be that goeth forth out of my mouth: it shall not return unto me void, but it shall accomplish that which I please. (Isaiah 55:11.)

When Cleanup Licks Will Really Count

The crispness of the early morning air is evidence enough that autumn is hard upon us. Existing plants may grow slightly more, but there is small chance that new ones sprouting on the strength of autumn rains will get anywhere.

growths of weeds, and of luxuriant growths of grass, in some instances. Where these come up to fences, and in some cases near houses and outbuildings, they are prime fire hazards.

Respond To Your Responsibility

The United Fund organization is rapidly taking shape. Already Campaign Chairman Marvin M. Miller has named his key leaders, and they are in turn contacting subordinates.

which look to the United Fund for most—and many cases all—of their support. It is equally important to a community respect and in advertising to prospective residents and industries that here is a family of people who face up to their responsibilities.

David Lawrence Jack Paar Border Show Defended

WASHINGTON—"What was all the hullabaloo about?" This question undoubtedly came from the lips of many millions of persons after they'd watched the television show filmed by Jack Paar in West Berlin a few days ago and presented Tuesday night by the National Broadcasting Company over a large network of stations.

men, and they made pictures of the whole scene from their side of the line. AMERICANS watching the program not only saw pictures of the way a city has been sealed off but were given also some significant sidelights. There was, for instance, a picture of a big handbill, turned toward East Berlin, proclaiming that citizens of West Berlin had offered a \$2,500 reward for information that would lead to the capture of the Communist who shot and killed a teen-age youngster as he sought to swim to freedom from East to West Berlin.

TO MANY WATCHING the show the thought must have occurred that those members of Congress who became so vehement over the filming of the show might better have spent their time expressing a sense of outrage over the murder of this and other East Germans who had risked their lives to escape their Communist prison.

ANYONE WHO SAW the program, as did this correspondent, must have wondered why members of Congress who had not seen it, but had read newspaper accounts of the filming episode itself, went off the deep end in their criticism. In fact, the Pentagon—without waiting to see the pictures—removed one colonel from his post and admonished another who had helped to arrange or had participated in the affair. This led a lot of Americans to believe that some grievous error had been committed. The filmed show itself didn't bear out the news stories that had been written about it, particularly with regard to the presence of armed vehicles and the number of soldiers at the scene.

Actually, the show did more to enlighten the American people about the inhumane acts of the Communists in separating families in East Berlin from relatives in West Berlin, and generally disrupting the life of a peaceful community, than may have been obtained from reading some of the fragmentary news accounts over a series of days.

The Big Spring Herald. Published Sunday morning and weekday afternoon. APPLICABLE NEWSPAPERS INC. 716 Security, Dallas 4-4331. Big Spring, Texas. Founded as a second class matter July 11, 1924, at the Post Office at Big Spring, Texas, under the act of March 3, 1879.

ALL A MATTER OF DEGREE

Marquis Childs Policy-Making On Dead Center, And U.S. Is Hurt

WASHINGTON—To the observer returning to this capital after a brief interval the political climate seems to match the weather. The low-pressure area stuck over the Eastern seaboard has produced an atmosphere of hot, humid inertia.

ardizing the very existence of that relationship. ENDLESS HOURS—those interminable meetings—have been devoted since the Kennedy Administration came into office to the search for a solution of the China puzzle. A number of proposals have been put forward, most of them having to do with the "two Chinas" view of the problem—that is, having both Red China and Formosa China as members.

What Others Say

Skill in the legislature ruck, yet nonetheless important is Sen. Paul Douglas' so-called truth-telling bill which would compel lenders to state interest charges accurately in terms of simple percentage.

This is especially desirable with certain time-payment sales in which the purchaser really ought to know how much interest he is paying, and how much he is paying for his purchase. Sometimes it is said that people are not interested in charges beyond the weekly payment. It nevertheless is deception to misstate interest charges as, say, 6 per cent when they actually are much higher. Perhaps if people knew what he has to pay.

IN THAT INTERVAL little has happened to point the way to a negotiated settlement of the crisis. On the contrary, the situation has immeasurably worsened. The nuclear blasts set off in the atmosphere by the Soviet Union in defiance of the hopes and fears of men everywhere sound like the tramp of doom.

THE ATMOSPHERE could be cleared, by President Kennedy's appearance before the Assembly. Speaking boldly in the broadest possible context of disarmament and the desperate need to ease the threat of nuclear war, he could revive belief in American leadership and faith in America's determination to find a way to peace. The indications are that the President will make such a broad-gauge speech before the Assembly.

Tag Bargain

HAMPTON, Va. (AP)—Police say it looks like Alabama at the gates of Langley Air Force Base. They estimate that 600 vehicles owned by military personnel carry Alabama license tags which cost less than a third the cost of Virginia tags.

It would help to restore the sense of awe and dash that have been lacking. Leadership consists of many things. One element is the essential weighing and balancing of this force and that force in the complex of public opinion. But the common denominator of acceptance is not enough. Initiative, courage, words that come out of the heart as well as the mind—these are indispensable elements for one who would lead in a time of troubles.

Around The Rim

Sales Tax - The Death Nibble

From time to time, some observations not wholly complimentary have been made here about the Internal Revenue Service. It's not that I don't like those good people in the income-tax collecting business—there are a lot of dismal jobs in this world—it's just that I don't like their system.

BUT ONE OF THEM asked the other-day: "Why don't you write something nasty about the State Comptroller's Department?" You know, wanted to take the heat off. Like when the City Fathers were catching hell Columbia about one-way traffic, all of a sudden the school board abolished athletics in the lower grades, and the people's wrath immediately took a new tack. It was the trustees who were bums, for the time being, rather than the commissioners.

OH, WELL, newspapers get cussed too. Fellow wrote just this week, using words that couldn't be printed, saying we were advocating "pangerization" of the race in not fighting integration. Hey, where was I? Oh, the Comptroller's Department. That's the outfit, you know, that is now throwing its weight around telling everybody they got to pay a sales tax. Can you imagine? A sales tax in the great commonwealth of Texas?

ONE THING in comparison: The income tax man makes his in one big swoop—sort of bludgeons you and leaves you with nothing but your undershirt, and that ragged. The sales tax man nibbles away at you, like somebody told me those fish in the Amazon River—piranhas, isn't it?—that can kill a beef, just with little bites, in a matter of minutes. At first you don't notice the nips, see, until all of a sudden you ain't nothing but a skeleton, see? That's the sales tax.

DOWN AT OUR office, we have found that if some good lady comes in and buys six copies of last Sunday's paper, on account of her daughter's wedding picture was in there, we have to tack on two cents sales tax. Then we have to remember to remember to send this to the comptroller. Two morals here: This may discourage girls from getting married, or at least from being photographed in bridal array; and people in newspaper offices will have to learn to count. A drastic turn of events in either case.

SALES TAXES also exhaust your supply of pennies. I have taken a kind of unholy delight in slipping a penny into a parking meter and slapping the meter real hard, trying to make the thing think it just swallowed a nickel, so its needle would jump to an hour. This will actually work some time.

NEVER HAVE pennies to get gum from the machine. Never have any to give to the neighbor kids. Never have any money, period. The income tax people at least let you fill out a form which says it came in here, and goes out there. The sales tax people just upend you and take everything that comes out of your pockets.

THE CAREER services should be made a better training-ground of candidates for key foreign policy and defense jobs. More can be done to produce career officials with large executive talents, breadth of experience and width of perspective.

IT MAY TAKE two or three years to master a job. A heavy price is paid when an official is lost just as he has reached the height of his usefulness. A citizen honored with a high government post should be willing to stay the course.

IN THIS STRUGGLE, our government's first resource is the people who work for it. We need and must have the best planners, the best administrators, the best diplomats, the best scientists, the best engineers, and the best lawyers this country has to offer.

REASONS for policy has been so sticky and so slow. An important inhibition has been the German election campaign, which is coming to an end. But surely now the waiting game is over.

IT REMAINS to be seen whether East Germany will carry out her threats to control the highways and airways leading into Berlin. If she does, then American opinion would support an attempt by force to open these lines of communication and supply.

Here is the question asked of those who have been following the crisis in that city (89 per cent).

BANK BUYS POOL HALL MIAMI, Fla. (AP)—A Miami bank recently bought a pool hall. It wasn't intended as a recreation area for tired executives. The bank explained the building, adjoining the bank, was considered an eyesore. So it will be remodeled and leased as an attorney's office.

FOR DRIVERS

City Launches Safety Program

A safety program, with a review board set up, has been inaugurated in the city of Big Spring covering all operators of equipment and drivers of vehicles for the city, as well as other employees.

Roy Anderson, assistant city manager, said Friday morning that the review board would be made up of six city department heads and the victim of any accident involving city equipment or employees.

"The primary purpose is to cut down on loss of time, damage to equipment, and injury to persons," Anderson said. "We have had several accidents involving personnel which means that the drain on insurance and workmen's compensation has been heavy. A person's loss of time from his job for injury also means loss of in-

come for the employe and we hope to prevent much of it."

The review board will be made up of H. V. Crocker, fire chief; Forsythe, public works dept.; Tommy Arista, labor foreman; Roy Rogan, city electrician, and Anderson.

Anderson said training sessions, both in class, and in the field (known as "tail gate" sessions), would be held regularly. "We will distribute literature on 'On - the - Job Safety,' 'How to Avoid Accidents,' posters, and show films," he said. "We will also include driver training courses for all employes who drive city vehicles. We will install primary first aid kits in some trucks and cars."

Anderson said that after the program gets going some sort of awards program would be set up for recognition of employes going for a year or more without accidents.

"We believe," Anderson said, "that the training will help to cut down on the loss of time and income, as well as equipment, and in the end will result in lower insurance and workmen's compensation costs."

Tourist Record

MEXICO CITY (AP)—A total of 32,000 tourists, most of them from the United States, entered Mexico during April. The total is one of the highest on record.

Zales Appoints New Executives

DALLAS — Several key executive appointments and promotions have been announced for Zales Jewelry Company by the board of directors.

New officers in the Dallas office include: Marvin Rubin, vice president for marketing. He will be responsible for the company's overall merchandising programs and purchasing.

Leo Fields, vice president of the company's Fine Jewelers Guild division, a federation of 24 prestige-type stores which operate under their traditional family names.

Donald Zale, assistant treasurer and comptroller. He will be in charge of financial and budget operations of the company.

Theodore Hochstim, vice president and counsel. His responsibilities include all legal affairs and lease negotiations.

Two new assistant vice presidents were named to head Zales' New York office. They are Marvin Zale, who will have overall responsibility for operations; and Joseph Slovak, in charge of diamond department merchandising, including diamond watches.

Also assigned additional responsibilities in the Dallas executive office were James L. Wilson, vice president and supervisor of advertising; Fred Greene, financial public relations supervisor; Frank Lindley, leased department supervisor; and J. M. Whitworth, construction and maintenance supervisor.

The board also announced a new alignment of field supervision, with vice president Melvin Berns in charge of the company's stores in the western division, and vice president Sidney Lipsky responsible for the eastern division.

Farm Goes Underground

WEST WINFIELD, Pa. (AP)—Farming has gone underground here.

More than 300 men and women work year-round growing and harvesting mushrooms in a worked-out limestone mine. Officials of the Butler County Mushroom Farms, Inc., say they use the old mine because high-grade mushrooms thrive in the still, dank darkness where the temperature is a constant 56 degrees and humidity 90 per cent.

Bright light causes mushrooms to lose their whiteness. The only illumination in the mine is from dim yellow bulbs in the 15 miles of haulageways which criss-cross through 80 acres of growing rooms. The workers, who wear safety helmets equipped with miners' lamps, are protected from cave-ins by 25,000 steel mine roof bolts which tie the overlying rock strata together.

Annual Pig Show Slated Oct. 4-5

Howard County's 16th Annual 4-H-FFA Pig Show will be staged at the fair grounds on Oct. 4 and 5 under the auspices of the Big Spring Junior Chamber of Commerce.

Daryl Hohertz, president of the Jaycees, said that it is anticipated around 75 head of hogs would be entered by 4-H and FFA members.

He said a big auction sale is planned for the second night of the show and that 30 of the top pigs shown will be sold.

The Jaycees have posted \$155 in prize money for the young exhibitors and are providing ribbons and trophies.

It was announced that the annual Sears Foundation competition for both Howard and Glasscock counties will be conducted at the show. Eight gilts and one boar provided by the Sears Foundation to boys and girls in this county will be entered in this special competition. The Glasscock County Sears participants will bring their stock to the local show for determination of winners.

Bill Griffin, county agent, Atoka, who has judged other shows here, will be judge again this year. He will begin his work at 9 a.m. Oct. 5. All pigs will be entered and weighed in at the fair grounds building starting at 8

a.m. Oct. 4. No animals will be accepted for the show after 12 noon that date.

The auction will be at 7:30 p.m. Oct. 5 at the fair grounds. Randall Sherrod will probably serve as auctioneer, Hohertz said.

He said there would be two classes of fat barrows, one class of breeding gilts and one class of boars in the show. All breeds will be entered in the classes in which they qualify.

The show this year should be a little larger and offer a better choice of pigs than in the past. More hogs are on the farms and ranches this year than last.

No admission is charged for the show and the general public is invited to attend.

Reunion Planned

Former residents of Hood County have been alerted by Mrs. T. A. Bowers, Lubbock, that the traditional Hood County reunion will be held Sept. 24 in the Mackenzie State Park at Lubbock. The location will be at the barbecue pit.

Each family is asked to bring a basket lunch, and drinks will be furnished. There will be gifts for those traveling the greatest distance, the largest family, and the oldest person.

THE WORLD'S REDEEMER

Christianity is not the religion of a single class, a single nation, or a single race. It is the religion which God intended for the world — all nations, all races, all classes.

The Bible refers to Christ as "the Lamb of God which taketh away the sin of the world." It speaks of His sacrifice on the cross as being the payment for all sins "and not for ours only, but also for the sins of the whole world."

Anyone who reads his Bible will see that the redemption which Christ effected by His substitutionary death embraced every member of the human family — white, black, yellow, red or brown.

Christ is the world Redeemer. Any man, regardless of his station in life, if he repents of his sins and turns to Christ for pardon, can be assured of full and free forgiveness.

"For God so loved the WORLD that He gave His only begotten Son, that whosoever believeth in Him should not perish but have everlasting life." Christianity is, indeed, the only world religion.

IF YOU WOULD LIKE TO KNOW MORE ABOUT THE TEACHINGS OF THE CHRISTIAN RELIGION, IF YOU HAVE NO CHURCH AFFILIATION AND ARE IN NEED OF SPIRITUAL COUNSEL, PLEASE WRITE US.
