

Science At Work

By The Associated Press

What the surface of the moon is made of, speedy flashes from your nerves and the importance of children's stories are subjects for science at work:

The Lunar Beach

The moon may be covered by a very thin layer of something like sand, say radio astronomers from the U.S. Naval Research Laboratory.

In fact radio signals picked up from the moon indicate the satellite has several distinct layers of different materials.

The first sand-like layer may be only about a fifth of an inch deep on the average. Below this may be an inch or so of another material which has high electrical conductivity. Beneath this there is apparently an indefinitely deep layer of rock or rock-like material.

Nervous Flashes

Your nerves shoot electrical signals through your body at speeds up to 200 miles a second.

Yet nerve fiber itself is 100 million times more resistant to electricity than similar copper wire. And the insulation around nerve fibers is a million times leakier than the sheathing of electrical cable, says Bernhard Katz, London biophysicist in "Scientific American."

In spite of all this, the body's nerve communications work with remarkable efficiency. While each nerve fiber can report only a simple electrical code, there are a great many of these channels to carry messages to the brain. In the trunk of the optic nerve from the eye, for example, more than a million channels carry sight sensations to the brain.

Tell Me A Story

A simple bedtime-type story can influence a child's behavior, say University of Michigan psychologists.

When they told aggressive four- and five-year olds about a lonely little dog and his search for friends, they found that the story and the loneliness it communicated apparently lowered or controlled the aggressive behavior. The story appeared to have aroused the affiliation needs of the children.

Prof. Jesse E. Gordon said he hopes to study violence, sex, religion and other story themes on radio and television and their effect on children.

Tin Cans For Space

Syringe-like canned food containers to feed space pilots have been designed by Continental Can Company.

A piston will push the food out of the can and into the astronaut's mouth. Otherwise, under weightless conditions, the space pilot would have trouble getting the food out of the can—and food that escaped would float about the space cabin.

43 Men Held In Death Plot

ACCRA, Ghana (AP)—Forty-three men, including leading political opponents of President Kwame Nkrumah, were arrested Tuesday night on charges of plotting to assassinate him.

Among them were Dr. Joseph Danquah, opposition candidate in Ghana's 1960 presidential election; opposition leader Joseph Appiah, son-in-law of the late Sir Stafford Cripps, once chancellor of the British Exchequer, and former Social Welfare Minister Patrick Quaidoo, ousted from Nkrumah's Cabinet last May.

Three members of Parliament and seven women also were arrested, the latter on unspecified charges.

The roundup brought to about 370 the number of persons held under Ghana's preventative detention act, which permits detaining "political undesirables" up to five years without trial.

A government statement said the men arrested had been "deliberately engaged in activities calculated to subvert and endanger the security of the state."

It accused them of "acts of violence, secret meetings, taking of secret oaths to assassinate the president and certain members of the government, strikes, sabotage and lockouts."

The security arrests raised new doubts about a scheduled 10-day visit next month by Queen Elizabeth II to this former British colony.

Duncan Sandys, British secretary of commonwealth relations, was in Accra when the arrests were announced. He came here this week for talks with Nkrumah in an attempt to repair recent strained relations between the two countries.

Atlee Begins Moscow Visit

MOSCOW (AP)—Britain's ex-Prime Minister Lord Atlee arrived here Tuesday saying he had come "to discuss world government." He was accompanied by former Liberal party leader Clement Davies.

Atlee added only that he was here for a meeting of the executive committee of the world parliamentary union.

Senators Disagree On Nixon's Chances

WASHINGTON (AP)—Two Republican senators disagreed today on whether Richard M. Nixon's decision to seek the California governorship eliminates him as a possibility for the GOP presidential nomination in 1964.

Sen. Clifford P. Case, R-N.J., who identifies himself with the liberal element of the GOP, said he is accepting at face value Nixon's statement that he is not a candidate and won't be the next Republican nominee.

"I'm glad he's running for governor and I accepted what he said about 1964," Case said.

But Sen. Karl E. Mundt, R-S.D., who lines up with conservatives, said in a separate interview he is certain that if Nixon is elected governor of California there will be a movement to draft him for 1964 presidential nomination.

"I don't think you can count him out of the running at all," Mundt said. "If he is elected governor, he will be a powerful force in the next convention. No California governor is going to be ignored by his party."

Republican leaders who have studied the transcript of Nixon's Sept. 27 announcement at a news conference have noted that he didn't entirely rule out the possibility of a 1964 draft. He limited

himself to saying he would not be a candidate for the nomination and didn't expect to get it. Last weekend, Nixon said in reply to newsmen's questions on whether he could be drafted, "the answer is no."

"With all the talk about drafts, there has never been one in history unless it was stimulated by the candidate, and this I will not do," Nixon said.

Mundt said he thinks Nixon stands to benefit from a hot primary fight in California. Former Gov. Goodwin J. Knight, feuding with Nixon over whether Knight was promised a state job to stay out of the primary, has projected a vigorous battle in a contest in which there may be at least two other entries.

"If Nixon can win a tough primary fight and do it convincingly, it will help him in the general election," Mundt said. "He will be in a much stronger position to challenge his Democratic opponent if he has a good primary victory under his belt."

"Party workers always get stirred up in such primaries and it's easier to get them into action for the general election."

Democratic Gov. Edmund G. Brown is expected to seek re-election.

Baylor To Get Large Grant

WACO (AP)—The Carr P. Collins Trust is planning to give Baylor University a multi-million dollar development of a block in downtown Dallas, university officials said Tuesday.

Baylor President Abner McCall said the gift will be the largest in the university's history. He said the trust will give the college ownership of a proposed multi-million dollar building to be leased by Sanger-Harris Department Stores from the Collins Trust.

The trust will eventually bring the Baptist school its largest long-term source of income in the college's 116-year history, McCall said.

Sanger-Harris, which presently operates two downtown stores and five suburban stores in Dallas County, announced Sept. 24 that a completely new department store and a multi-level parking garage is planned for the site.

Sanger-Harris has entered into a lease agreement for 25 years with options of a 99-year lease. Baylor will receive all funds from the lease.

Soviets Admit Crop Failures

MOSCOW (AP)—The Soviet Union has disclosed a virtual crop failure in Kazakhstan and the virgin lands. This may have a considerable effect upon both domestic and international policies.

Pravda reports that delegates to a Communist party meeting in the central Asian republic "spoke with great uneasiness about the fact that this year Kazakhstan cannot give the state much grain."

The first secretary of the Communist party in Kazakhstan, D. A. Kunayev, said: "We must report to the Congress (the 22nd Congress of the Communist party, meeting here Oct. 17) that we do not cope with our task in the pro-

duction of grain. We cope with our tasks completely unsatisfactorily."

Last year Kazakhstan and the virgin lands also had a disastrous harvest. The first secretary, Nikolai Belyaev, was fired from his local job and from his top job on the Moscow Presidium.

The development of the virgin lands is a pet project of Premier Khrushchev, who sees those vast reaches of central Asia as a means of overtaking the United States in food production.

By all accounts, the harvest in western reaches of the Soviet Union is not much better.

The crop setback may have its influence on foreign policy. On the international front, the Soviet Union almost always lowers its demands when there is a bad harvest since, unlike the United States, it has no reserves on which to fall back.

Pravda blamed both bad weather and faulty techniques for the harvest failure.

Historic Badman Figures In Trial

MUSKOGEE, Okla. (AP)—Pretty Boy Floyd, a badman of the 1930s, will figure in a criminal case scheduled in federal court next week.

George Dwire of Hot Springs, Ark., and Albert Johnson of Tulsa are charged with obtaining money under false pretenses in promoting a movie based on Floyd's life.

U.S. Is Warned Against Upsetting Peace Prospects

BERLIN (AP)—Marshal Ivan S. Konev, commander of Soviet forces in East Berlin, has warned the U.S. Army commander in Europe against taking any action that might upset prospects of East-West talks on Berlin.

This was announced Tuesday night by a Soviet Embassy spokesman. There were reports the tough, aging marshal was complaining about the resumption of U.S. military police patrols on the autobahn linking West Berlin with West Germany — 110 miles away.

The Soviet spokesman said Konev's letter was sent to Gen. Bruce C. Clarke, commander of the U.S. Army in Europe, under whose orders the patrols were resumed Sept. 23 after a nine-year lapse.

The patrols were resumed after two U.S. soldiers were detained on the autobahn for six hours by East German Communist police. The action was, in effect, a warning to East Germany to keep hands off U.S. military traffic to Berlin.

Konev took the line that any undue steps by U.S. authorities might rock the boat and ruin prospects for a peaceful settle-

ment of the Berlin issue, the Soviet spokesman said.

Former commander of the Warsaw Pact armies, Konev was pulled from retirement for the East German assignment in August after tension rose over Berlin and the Soviet threat to sign a separate peace treaty with East Germany. Such a treaty, the Soviets warn, would place Allied lifelines to Berlin under the control of the East Germans.

A U.S. Army spokesman at Clarke's Heidelberg headquarters confirmed that the general had received a message from Konev and had answered it.

One of Clarke's aides said such communications between the top U.S. and Soviet commanders "occur from time to time and are not necessarily matters for publication."

West Berlin Mayor Willy Brandt told a group of visiting U.S. newsmen that the Allied command bore the responsibility of allowing the East German Communists to erect without interference the wall across the divided city.

Brandt said that as mayor he had to accept the Allied decision. Both Brandt and Allied commanders agree that the barrier violates agreements with the Soviets providing for unhindered travel between East and West Berlin.

Suit May Hike Strike Chance

HOUSTON (AP)—A union leader said a suit filed Tuesday by the Southwestern Bell Telephone Co. may increase the chance of a strike by 4,000 Communications Workers of America members.

"It just depends on how the members feel about it," said Paul Gray. "But you can just put so much fire under a kettle of water, and then it's going to boil over."

Gray is the South Texas director of the union.

The telephone company, in the suit, asked a district court to set aside an arbitrator's ruling that the company must rehire a dismissed employee with full back pay in an easier job.

The worker, Travis S. Roberts of Humble, Tex., was dismissed, the company said, because of frequent illness and absence from work.

Gray said the company, in a letter to Roberts last week, offered him his old job back without any back pay.

He said the union members voted 8-1 in favor of a strike Saturday after they learned of the letter.

Open House Will Note Wedding Anniversary

On Oct. 8, 1911 the marriage of Margaret Ellen Guina and R. C. Reed took place at Stone Point in Van Zant County. Observing this 50 years of marriage open house will be held from 2:30 to 6 p.m. Sunday, in the home of their son-in-law and daughter, Mr. and Mrs. Ernest Box, Old San Angelo Road. Friends of the couple are invited.

After their wedding Mr. and Mrs. Reed went to Kaufman County where they farmed for six years. It was in 1917 that they came to Big Spring. He was employed here with the Texas-Pacific Railway for 17 years.

They farmed for two years in the Center Point Community and in 1925 they bought a half section of farm land in the Elbow Community remaining there until 1956. Selling their farm, Mr. and Mrs. Reed then moved to Batesville, Texas.

For the past year they have resided at Uvalde, where they bought a home at 412 E. Leona. Hosts for the reception will be their children, Clifton Reed, Mrs. Box, Holton Reed, Mrs. E. A. Jones, all of Big Spring, and Mrs. R. E. Ferguson of Uvalde.

Mr. and Mrs. Reed have nine grandchildren. The children and grandchildren will all be present on this occasion.

Married 50 Years

Mr. and Mrs. R. C. Reed have spent all of their married years in Texas. Many of these years they farmed but for 17 years they made their home in Big Spring. The 50th anniversary date, Sunday, will be noted with an open house at the home of their daughter, Mrs. Ernest Box.

Women Golfers Will Meet

Business will be discussed and plans made for the winter season when the Women's Golf Association has its October meeting Friday at the Big Spring Country Club.

Mrs. Gil Jones, chairman of the Ladies Golf Association, announces that there will be a longer business session than usual because of the September cancellation. Luncheon will be served at 1 p.m. and reservations should be made by Thursday noon. Following luncheon and business there will be duplicate and foursome bridge the remainder of the afternoon.

Gifts For Missions Reported

Prayer by Mrs. Richard Stricker opened the regular meeting of the Mary Lynn Fryer Circle of the Baptist Temple WMU, held Tuesday morning at the home of Mrs. Joe Newnam. Members presented their contributions of food and clothing for Mexican missions.

Mrs. Newnam gave the devotion and also read the calendar of prayer. The prayer for missionaries was led by Mrs. H. D. Henry.

The October calendar of events was discussed, Tuesday at 7:30 p.m., all circles will meet at the church for a Royal Service program. It was announced installation of WMU officers will take place at that time, followed by a social hour. Also during the business session, Mrs. Fred Overman submitted her resignation as secretary.

A review of the WMU Manual was given by Mrs. Richard Grimes who also answered questions on WMU work. Mrs. Stricker then presented the new foreign missions book "Hands Across the Sea" which will be studied beginning Oct. 17.

Chairmen Named By Circle

Committee chairmen were appointed for the Evans Holmes Circle of Baptist Temple Church, meeting Tuesday morning at the home of Mrs. D. C. Boren. Seven members were present.

Those appointed were Mrs. W. L. Sandridge, circle chairman; Mrs. Billy Prather, secretary; Mrs. Rex Edwards, social chairman; Mrs. Otto Couch, stewardship; Mrs. J. R. Berry, community missions; Mrs. D. C. Boren, missionary study; Mrs. A. R. Posey, contact committee; Mrs. Dick Collier, prayer.

The group discussed plans for refreshments to be served at the WMU installation ceremony, Oct. 10, at the Baptist Temple. Mrs. Sandridge talked on "Highlights of Christian Conduct in the Eyes of Foreign Students" which will be the basic theme for study during the year.

"Hands Across the Sea" is the study topic to be presented by Mrs. D. C. Boren at the next meeting, Oct. 17, in the home of Mrs. Berry.

A&M Mothers

The A&M Mothers Club will meet Thursday evening at 7:30 in the home of Mrs. Charles Miller, 1024 Ridgeroad.

Isles Of The East WMS Program Theme

"That The Way May Be Known In Malaya and Indonesia" was the program presented in native costumes of the Far East islands, Monday evening in a meeting of the Women's Missionary Society of the First Baptist Church.

Given at the church, members of the May Belle Taylor Circle were in charge of the presentation with Mrs. Robert Capps, the leader. Those taking part and their representation were Mrs. Capps, Malaya; Mrs. Wayne Kendrick, Java; Mrs. Billy Joe Reynolds, Indonesia; Mrs. Bill Johnson, Singapore and Malaya.

Mrs. Jerry Caddell gave the concluding devotion and "Jesus Shall Reign" was sung by Mrs. Joe Davenport. Prayer was offered by Mrs. Walter Wheat.

Afterward Mrs. W. B. Younger conducted a brief business session. Women of the WMS will serve as hostesses for a social hour to follow coronation service at the church Wednesday evening. Dr. O'Brien will crown the queens and Mrs. O'Brien will give the charge.

Year books were distributed to circle leaders by Mrs. C. O. Hitt. Mrs. Daisy Smith who has recently moved to Big Spring was introduced as a new member to the 35 members present.

Luncheon, Meeting Slated

Lalla Baird and Martha Foster circles of Wesley Methodist Church made plans for an all-day meeting and luncheon when they met Tuesday morning at the church. The luncheon meeting will take place Friday, Oct. 27, final day of the Week of Prayer.

Mrs. Darrell Wright presided during the business session and presented year books. Afterward the devotion was given by Mrs. Royce Womack and Mrs. Rene Brown gave the first in a series of four studies on "The Meaning of Suffering." The study will continue each Tuesday at the church at 9:30 a.m. All interested persons are invited to attend.

Presbyterian Women Hear Panel Program

Women of St. Paul Presbyterian Church met Monday evening for business and a general program. Mrs. Jim Layman directed the devotion by using "A Steward's Prayer."

A panel program with the topic, "Whatever You Do—Do to the Glory of God," was presented by Mrs. Bob Redman, Mrs. Gene Peters, Mrs. Joe Knight, Mrs. John Fariss and Mrs. Jim Layman.

Mrs. Al Seddon and Mrs. Gene Peters are conveners of the two circles of the Women of the Church Mrs. Seddon announced that the Peggy Potter Circle will meet in St. Paul Presbyterian manse, Monday evening, Oct. 16 at 7:30 p.m. Mrs. Peters will announce the meeting time of Circle No. 2 next week.

Plans were formulated and duties announced in preparation for the Family Night supper to be held at the church Sunday evening, Oct. 15, at 6 p.m. Theme of the program and decor for accessories at the dinner will be "Our Heritage and Mission." During October, the Peggy Potter Circle has responsibility for serving refreshments to youth groups on Sunday evening, and Circle No. 2 will have the responsibility of assisting in the church nursery.

Delegates to the annual meeting of the Presbyterian of the Southwest which meets at the First Presbyterian Church, Odessa, on Oct. 24 and 25, were appointed by the group. Mrs. Layman, Mrs. Fariss and Mrs. John Page will be the delegates and Mrs. Seddon and Mrs. Henry Dirks were named alternates. The next general meeting of the Women of the Church will be held Monday, Nov. 6 at 7:30 in the choir room of the church.

Mrs. Latson Honored At Shower

A bridal shower complimenting Mrs. Larry Latson, the former Judy Denson, was held Monday evening at the home of Mrs. R. W. Andrews, 1715 Yale.

Co-hostesses were Mrs. Travis Carlton, Mrs. Roy Brown, Mrs. Zarah Letover, Mrs. O. B. Kirby, Mrs. Carl Coleman, and Mrs. Marvin Ferguson.

Mrs. A. C. Latson, mother of the bridegroom, and the bride were introduced by Mrs. Andrews, who received at the door. Mrs. Letover was in charge of the guest book.

Appointed with crystal, the refreshment table was covered with white linen cutwork cloth and centered with an arrangement of yellow daisies flanked by yellow tapers in crystal holders.

Mrs. Ferguson and Mrs. Kirby were those who presided at the table.

For the occasion, the honored guest and her husband's mother received corsages.

Regular Tri-Hi-Y Meeting Reported

Runnels School Seventh Grade Tri-Hi-Y, meeting Monday afternoon at the YMCA, reported 21 members present. Julia Vaughn, president, conducted the business and minutes of the last meeting were read by Karen Agee.

An invitation from the 9th grade Tri-Hi-Y was read. Both the seventh and eighth grades are invited as guests to a ninth grade dance, Oct. 14. A queen will be selected and Kay Coyle was chosen to represent the seventh grade in the contest. Admission is to be 50 cents.

Members agreed to promote their representative by having a bake sale from 9 until 5 p.m., Oct. 14, at Piggy Wiggy and Furr's markets, and a bake sale this Saturday at the YMCA Family Night. Devotions were given by Sue Ann Fallon and Wynelle Collins.

Hospital Team To Attend Annual Confab

A team of personnel from the Big Spring State Hospital will go to Abilene Thursday to attend the 29th Annual Conference of the Texas Association for Mental Health, according to Dr. Preston E. Harrison, superintendent.

The men and women will demonstrate a team in action going through the processes which prepare a patient for discharge and employment.

"We want to show what happens to a patient who has just come off the ward and is ready to go out and work again," Dr. Harrison said.

Services performed by the Association include establishing preventative community services such as guidance clinics and counseling services, improved treatment for the hospitalized mentally ill, and research into basic causes and treatment of mental illness.

The results of a five-year study made by the Joint Commission on Mental Illness and Health will be discussed Friday by Dr. Fillmore Sanford, professor of psychology at the University of Texas. After discussion of the report, Dr. Harrison will present a summary and commentary.

Attending from Big Spring will be Dr. Harrison, Tom Porter, Woodfin Mann, Desmond Powell, Mrs. Ottilie Jolley, Dorothea Baldwin, Mrs. Mabel Stoeger and Rev. M. R. Maguire.

The conference will be held Oct. 6-7 at the Windsor Hotel.

Victim's Family Sues Hospital

HOUSTON (AP)—The family of a woman killed by a mental patient has filed an \$86,253 suit against Houston's Methodist Hospital.

The suit was filed Tuesday by the family of Mrs. Gladys Foreman, 50, a nurse's aid and one of two hospital workers stabbed to death by Charles E. White, 36, last spring. White was ruled insane by a jury later and sent to a state hospital.

The suit accused the hospital of negligence in failing to arm workers in the psychiatric ward.

Ted Bowen, the hospital administrator, said he knows of no general hospital anywhere that uses armed workers in mental wards.

Medic Points Up Reasonable Fees

DALLAS (AP)—Medicine recognizes its obligation to provide "the best possible medical care at fair and reasonable fees," the executive secretary of the Texas Medical Association said Tuesday.

Lincoln Williston of Austin told the East Dallas Rotary Club, "The cost of all commodities and services in this country has risen much faster than medical care prices."

"Americans spend four times more for recreation and twice as much for alcoholic beverages than they do for physicians' services," he said.

Kennedy Reluctantly Signs Education Bill

WASHINGTON (AP)—President Kennedy has signed into law "with extreme reluctance" a bill containing the remains of his aid to education program.

The measure: (1) extends for two years the program of aid for school districts crowded with children of federal personnel and (2) continues for two years the National Defense Education Act.

The former, known as the impacted areas program, carries about \$300 million a year in U.S. grants. The Defense Education Act, which provides loans to college students and aids to teaching of science, mathematics and foreign languages, has been costing about \$250 million a year.

It was all Congress granted the President of the ambitious federal aid to education program he proposed this year.

Kennedy Tuesday night vetoed a bill that would have given \$60.5 million a year in pay raises to 560,000 postal workers through quicker longevity increases.

In a veto memorandum Kennedy said, "Budgetary needs are too urgent to permit approval of this measure unattended by revenue increases."

Congress did not pass the postal rate increases recommended by both the Kennedy and Eisenhower administrations. The President vetoed the measure. He said the proposed raises would have increased the postal deficit to more than \$800 million.

Despite the extra costs, said Kennedy, the bill would not have achieved its objectives.

He said civil service and postal pay structures need extensive revision and promised that the administration will make recommendations to the next session of Congress.

In signing the education measure, Kennedy said in a statement:

"It will become those who insist that we cannot afford the expenditure of federal funds to aid the public education of all children to insist with equal fervor upon the passage of this unsound and uneconomical measure which aids the education of only some."

Kennedy announced that he will try again next year to push through his broader education program.

The need to improve educational standards still will be before Congress, he said, and "that need must be met on a basis which, for every dollar spent, goes much further to attack our most critical deficiencies than the measure I am required to approve today."

Kennedy said an air of utter inconsistency surrounds the impacted areas program.

"The communities which beseeched the federal government to maintain nearby installations however uneconomical now demand that the federal government rescue them from the fiscal burdens these installations allegedly create."

He added: "Individuals who profess opposition to federal aid to education on grounds of states rights, racial or religious controversy, budgetary economy or academic freedom do not hesitate to demand this federal aid to build school houses and pay teachers' salaries in their own areas."

He said he signed the measure

because the Welfare Department told him that to defer action until the next session of Congress would jeopardize the entire educational effort of a substantial number of school districts largely dependent on federal funds.

An estimated one-third of all public school children benefit from the impacted areas grants. Administration forces in Congress tried to use the popular impacted areas program as a bid to win passage of the key measure in Kennedy's education package—grant to public grade and high schools.

A \$2.5-billion bill carrying such aid and including a three-year extension of the impacted area program passed the Senate but was killed in the House.

Ex-Nazi Fined For Anti-Semitism

BONN, Germany (AP)—A member of a radical right-wing Nationalist party was fined 600 marks — \$150 — for expressing doubt that a synagogue was a house of God.

Dr. Friedrich Wilhelm Schmidt, 38, a former teacher of Nazi ideology, made the remark at a German Reich party rally in Koenigswinter in 1959. The court was told he was arrested on the complaint of the Central Jewish Council of Germany and was fined for insulting the Jews.

China Battered

TOKYO (AP)—Typhoon Tilda battered the mainland of China today and headed inland with destructive winds of 92 miles an hour, the U.S. Air Force reported.

Church Meet Okays Council

KANSAS CITY (AP)—The International Convention of Christian Churches rejected a move by a Texas group and strongly affirmed its championship of the National Council of Churches Tuesday.

The resolution of the Memorial Christian Church of Midland would have told the National Council it has no business dealing in political issues.

When those favoring the resolution were asked to stand, only six could be counted from the platform. About 3,000 were in the hall.

The convention's committee on recommendation urged the rejection and asked the assembly to hear a statement of explanation from the Rev. George Beazley of Indianapolis, executive secretary of the Council on Christian Unity.

Beazley said recent vigorous attacks on the National Council represent attempts to gag the church. He said this is contrary to Christ's commission to the church and to the American tradition and follows the line Communists use in their efforts to destroy the church.

The convention's general assembly, which has drawn 10,500 delegates from 3,000 congregations with almost two million members, also voted authority for the Council on Christian Unity to enter into conversions on a plan of union with the United Church of Christ.

Bostonian Cites 'Jim Crow' At Moon Shot Base

BOSTON (AP)—The president of the Greater Boston Chamber of Commerce says "Jim Crow civilization" in Houston will harm the Apollo moon shot project center to be built there.

"Texas and Oklahoma got together long before we did with a well-conceived plot to make Texas the center of space activities," Ephron Catin told the Advertising Club of Boston Tuesday. "But, in succeeding, they probably put the whole space program back several years and increased the cost of it," he said.

The National Aeronautics and Space Administration recently awarded the multi-million dollar project center to Houston, Massachusetts and other sections of the nation also had been bidding for it.

Rain Would Boost Yankees' Chances

By JERRY LISKA
Associated Press Sports Writer
NEW YORK (AP)—Menaced by threat of rain, the World Series is scheduled to start today with the power-packed New York Yankees reigning solid favorites over the Cincinnati Reds despite Yankee Mickey Mantle's doubtful status.

Fuller Tells QBC Lee A Dangerous Grid Opponent

Emmett McKenzie, head football coach of the Big Spring Steers, paid tribute to the present team as a group which "doesn't know when to quit and which had done everything its coaches had asked it to do" in a short talk made before members of the Quarterback Club at the high school last night.

An unusually large crowd turned out to hear McKenzie, listen to a scouting report on Midland Lee given by coaching aide Leon Fuller, and watch movies of last week's game between Big Spring and Sweetwater.

FIGHT RESULTS

BOSTON—Joe Demott, 161 lb., Newton, Mass., knocked out Gene Hamilton, 165 lb., New York, 6.
PERRIS, Calif.—Billy Thomas, 134, San Francisco, stopped Ben Medina, 129, Fresno, 7.

The Weather Bureau said a soaking rain which fell all Tuesday night tapered off by game time—at noon, EST—but there was a possibility the showers would continue until late in the day. A postponement would push the opener back a day to Thursday and be a big help to Yankee Manager Ralph Houk, who then might be certain of the services of the ailing Mantle.

Fuller, who has had the job of scouting Lee all fall, said the Rebels' record is very deceptive, adding that it took a blocked field goal try that was turned into a lucky score for Tom S. Lubbock to nip the Midland team last week.

Fuller said Midland's outstanding player was Carl Schreiner, a 195-pound guard who seems to be able to stop everything aimed his way. According to the Big Spring side, Lee's overall strength lies in its line, which he describes as "quick and tough defensively."

Fuller stated that, for Big Spring to win the game, the Steers must beat Lee's line physically, adding that if the Steers were not the aggressors the Rebels would get tough and stay that way throughout the contest.

Roberts, Hodges Included On National's Draft List

NEW YORK (AP)—The New York Mets and Houston Colts, the two new National League baseball clubs, will be able to form their teams from a list that includes former league stars Robert Roberts, Gil Hodges, Red Schoendienst, Sam Jones, Richie Ashburn and Johnny Antonelli, The Associated Press has learned.

General Manager Harry Richards and Manager Paul Richards of Houston have indicated they will concentrate on youngsters while George Weiss and Casey Stengel say the Mets are after experience and players the fans in New York remember back to 1957, when both the Dodgers and Giants moved to the West Coast.

Birdie, Paul Had Lot To Do With Flag Win

By HAROLD HARRISON
Associated Press Sports Writer
NEW YORK (AP)—Birdie Tebbets was sitting on a stairway talking with Johnny Keane. About 10 yards away stood Gabe Paul chatting with friends.

Tebbetts, who quit as Reds' manager near the end of the 1958 season, now is manager at Milwaukee. Paul quit as general manager after the 1960 season to go to the new Houston club and then switched to Cleveland of the American League.

Trades engineered by new general manager, Bill DeWitt, which brought second baseman Don Blasingame and pitcher Joy Jay to the Reds, had a lot to do with Cincinnati success this year. But it was a pinch Paul and Tebbetts also were thinking about O'Toole, Hook, Maloney, Bell, Post, Purkey, Pinson, Robinson, Brosnan and Henry—anyone either traded for or signed during their stay in Cincinnati.

Ohio State over UCLA: The Buckeyes' stingy defense will decide this struggle between the leaders of two powerful conferences.

Cage Officials To Hold Clinic

A clinic for basketball officials is to be held at the Webb gymnasium beginning Monday, Oct. 16, at 1:00 p.m.

Childers Back From Tourney

Webb first baseman Leon Childers returned to Webb AFB this week from the Air Force World-wide Softball Championship tourney at Homestead, AFB, Miami, Fla. He played on the Air Training Command team which was eliminated in the quarter-finals.

The City Junior high school football championship will be at stake here Thursday night when Billings and coach Howard Bain. The Runnels team will carry a 1-3 won-lost record onto the field.

Texas, Michigan Are Picked To Triumph

By HAROLD CLAASSEN
Associated Press Sports Writer
NEW YORK (AP)—There will be a full schedule of college football games this weekend despite the World Series. If you get too excited about the baseball, don't worry. Here are your football winners!

LOOKING 'EM OVER

No one had to tell coach Buddy Brothers of Tom S. Lubbock High School he is living right when his Westerners reached into the fire and snatched victory from defeat over Midland Lee last weekend.

When the same two teams met last year, Abilene humiliated the locals by a score something like 60-7. What a difference a year can make in the fortunes of football teams.

The baseball immortal, Ty Cobb, was an unusual person right up to his death. When he checked into Emory hospital with the illness that was to kill him, he carried \$1,000,000 in stocks and bonds with him.

Pete Pedro Gives Credit To His West Texas Mates

CANYON, Tex. (AP)—Modest little Pete Pedro said Wednesday "I am back of the week it's because of my teammates." Pedro, the 5-foot-7, 160-pound Puerto Rican who created a sensation when he scored six touchdowns in sparking West Texas State to a 56-7 victory over Texas Western, was picked for the honor by The Associated Press.

Middlebrooks Leads Again

Jack Middlebrooks of Abilene has regained the scoring lead among football players in District 2-AAAA with a total of 29 points.

Radio Club Meets Monday

The Big Spring Amateur Radio Club accepted applications for membership from nine visitors at the Monday night meeting. Among the 12 visitors present was Aubrey Armstrong of K5MOP of San Antonio. Most of the local stations have contacted him in the past.

Introduction of visitors was followed by open discussion in outlining requirements for becoming a "ham" and what courses will be covered.

The code and theory courses will start Monday, Oct. 9, and applications will be accepted up to that time. Weldon Low, a member, said one woman had expressed a desire to complete the course, and attend the meetings, if more were interested.

"The club will welcome all applications — men, women, boys, and girls, with no age limit," he said. "No alcoholic beverages are allowed on the premises at any time, so parents may be assured of good environment for their children."

The club meets at the club house south of the American Legion building on US 87 south.

Former Big Springer Has Mountain Named For Him

It's a real distinction to have a mountain named for you but in the case of Donald V. Malone, 25-year-old naval photomapper, it is doubtful if many of his Big Spring friends ever get to see his namesake mountain, much less climb it.

For Mount Malone is located just a short distance from the South Pole and the best Malone can hope to realize from his honor is seeing it listed on the charts and maps of that remote area which the Navy will publish.

Mrs. Floyd Dennis, mother of Malone, said that her son, who was a member of the renowned "Operation Deepfreeze" at the South Pole in 1959 and 1960, has learned of his new distinction in the publication of an article about Deepfreeze in the September Naval Aviation News.

The article lists mountains discovered by the group and the names and locations accorded each. And there, plain as you might please, is "Mount Malone."

Malone, an eight-year Navy man, was married last Saturday in Beville, where he is now stationed. His mother and other relatives were on hand for the ceremony. He married Miss Lanette Boenig, a resident of Beville.

He was born in Sweetwater but moved to Big Spring as a small lad and attended school here most of his life before he entered the Navy.

The Dennis family lived here until recently when they moved to southeastern Oklahoma.

Mitchell Fair Opens Thursday

The 1961 Mitchell County Fair, set for October 5-7, will feature a giant midway, a Texas Department of Public Safety display, and exhibits in four separate divisions, according to Colorado City Chamber of Commerce president, Dr. Seth Cowan.

The women's and youth division will include exhibits of handwork from cucumber pickles to bedspreads. The hundreds of items to be on display will be housed in the Civic House in the heart of downtown Colorado City.

The agricultural division will show the fruits of a bumper crop this year by Mitchell County farmers. This exhibit will be in the National Guard Armory, adjoining the Civic House.

Other exhibits will include flowers, shrubs, arts, and crafts showing off Mitchell County talent.

High on the list of crowd drawers will be 10 outstanding midway rides which will be open through Oct. 7. Concession stands, manned by various local clubs, will add to the carnival spirit.

The DPS display will include equipment for testing reflexes and driving abilities. It's a guaranteed crowd pleaser, according to officials.

Other exhibits in the fair will be made up of retail and service institutions from Mitchell County and the area. Officials connected with the fair since its inception in 1958 have stated that they expect this to be the biggest and best in the four-year history of the event.

Swine Course Scheduled At Sands For Adult Farmers

A swine short course for adult farmers will be held Oct. 9-13 under the sponsorship of the Sands High School Vocational Agriculture Department, according to R. N. Pierce, superintendent, and W. R. Jones, teacher of vocational agriculture.

W. B. Thomas, swine specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Animal Husbandry at Texas A&M College, will instruct the course.

"Many swine short courses in various parts of the state have been taught by Thomas and all have met with outstanding success," according to Clemon Montgomery, area supervisor of vocational agriculture, Big Spring. Arrangements for the adult education short course in swine husbandry and in other fields are made through Montgomery's office.

The short course at Sands (Ackery) is scheduled to begin Oct. 9 at 8 a.m. in the vocational agriculture building. Other meetings in the series of five will be held Oct. 10-13. During the dates the short course is in progress, Thomas will be available to assist students with individual problems and to provide on-the-job instruction, according to Jones.

Farmers interested in attending the short course should write or call Pierce or Jones. An entry fee of \$2 will be charged. Swine Husbandry Short Course Certificates are to be presented to each person who attends all the training sessions.

Thomas states that the short course will be adjusted to the wishes and interests of farmers

BILL THOMAS

enrolled, but that he expects to cover such subjects as selecting and breeding, feeding and feeding requirements, management, disease and parasites, housing and equipment, and marketing.

"Short courses in swine husbandry, as well as in other areas, are now available to farmers throughout the state under the new cooperative program between Texas Education Agency and Texas A&M College," stated E. V. Walton, head of the Department of Agricultural Education at Texas A&M, who coordinates the program for Texas A&M College.

"This cooperative program," states Walton, "is designed to make the services of specialists available to conduct short courses under the supervision of public schools. Such a program will enable teachers of vocational agriculture to provide improved educational services to farm people."

Specialists are now available in the fields of dairying, insect control, farm management, farm electrification, farm welding, tractor maintenance, swine husbandry, and beef production.

Hospital Employs Nursing Director

LAMESA (SC) — Mrs. Phillip Thorton has been employed as director of nurses at the Medical Arts Hospital, according to Guy Hamilton, administrator. She replaces Mrs. R. G. Fleming, who recently resigned.

Mrs. Thorton has served in the position in Hillcrest Memorial Center, Tulsa, Okla.; Bethesda Hospital, Crookston, Minn.; and Enid General Hospital, Enid, Okla. She also served as a member of the Oklahoma Board of Nurse Examiners from 1941 to 1945.

Wage Findings Set

U.S. Department of Labor has set wage findings effective Tuesday for Martin County for cotton picking. Effective Oct. 3, first pulling on irrigated and dryland will be \$1.55 per hundred. First picking on irrigated land will be \$2.05 per hundred.

Club Plans Candy Sale

Final sales campaign for the city-wide candy drive planned for Thursday night by the Big Spring Kiwanis Club will be announced at the regular luncheon of the club on Thursday.

Ernest Welch, president of the club, said that the 1,250 sacks of Halloween trick-or-treat candy has been ready for the sale. On Thursday night, the 10 captains and their teams of five men each will set out on a house-to-house campaign.

The sales pitch is that the 1/2 bag of assorted candy is the housewife's answer to the demands of Halloween trick-or-treaters on Oct. 30.

The bag of candy, a generous bargain according to the Kiwanians, will be sufficient to care for most demands of young raiders.

The team captains, Welch said, will set their own time to start out selling. The town is to be divided into assigned territories to prevent overlapping efforts.

Some of the teams will begin selling shortly after 5 p.m. Others will wait until a later hour.

Welch said that the plan is to sell all 1,250 bags in the one night effort.

Profits from the sale go into the club activities fund.

C. M. Quigley Dies Tuesday

Christopher M. Quigley, 80, father of John Quigley, died Tuesday after a comparatively brief illness at Glenwood, Colo.

Mr. Quigley, a ranchman, was convalescing when he suffered a heart attack and died. Rosary will be said Friday evening at the Farnum Funeral Home in Glenwood, and a solemn high requiem mass will be observed at St. Stephen's Catholic Church Saturday morning. Burial will be in the Rosebud Cemetery at Glenwood.

Mr. Quigley followed his wife in death by a few months; she passed away on May 1. They spent four winters in Big Spring with their son.

He was a native of Menagh County, Tipperary, Ireland, where he was born on a Dec. 25. He came to the United States in 1906.

Surviving are three sons, James B. and Daniel P. Quigley of Glenwood, and John Quigley, Big Spring; a sister in Chicago, two sisters and three brothers in Nenagh, Tipperary, Ireland.

Martin Chamber Plans Drive For Membership

STANTON (SC) — Jimmy Stallings, chairman of the membership and finance committee of the Martin County Chamber of Commerce, presided at the meeting Monday. The purpose was to plan a membership drive.

Dan Saunders, chairman of the special events committee, reported on a drive for clothing, bedding, etc., for hurricane Carla victims. Martin County responded with over 4,000 pounds of supplies which were picked up by Salvation Army trucks. There was also some cash donated.

L. D. Ringener, Tarzan community, brought in the first bale of cotton for which he received around \$1,100.

Three new members have been added to the membership. They are Fryar Implement Co., Texas Theatre, and Fox Sporting Goods, all of Stanton.

35 Attend Scout Course

Approximately 35 women attended the leadership training course in the Girl Scout House Tuesday conducted by Mrs. Helen Coslow, district adviser from Stanton.

Guest speaker was Mrs. H. L. Dupape, Girl Scout executive director from the Abilene headquarters.

The meeting was the first in a series of five sessions planned to assist new leaders in the fundamentals of troop organization. Lasting from 9 a.m. to 2 p.m., the course will be offered each Tuesday for four weeks.

Prospective troop leaders and all women interested in furthering Girl Scout activities in Big Spring are invited to attend.

Lamesa Guard Holds Inspection

LAMESA (SC) — Lamesa National Guardsmen underwent their annual inspection here Tuesday. The 97 officers and men of Troop C, 36th (Texas) Infantry Divisions 1st Recon. Sq., 124th Armor, were inspected by officers representing the Fourth Army, San Antonio. The federal inspection is an annual examination of all units.

Gas Industry Awards Honor

DALLAS (AP)—W. R. Stephens, chairman of the board and president of Arkansas Louisiana Gas Co., Little Rock, has won the gas industry's highest honor, the distinguished service award.

Lester Potter, American Gas Association president, made the presentation at the second session of the annual convention.

Korean Jailed By Military Court

SEOUL, South Korea (AP)—The South Korean Revolutionary Court today sentenced a prominent Socialist leader to five years in prison on charges of helping the subversive objectives of the North Korean Communist regime.

He is Chang Keun-sang, 78, a long-time political foe of ousted President Syngman Rhee. Chang is chairman of the Reformist party, one of several Socialist groups organized after the April revolution last year. The military junta has dissolved all political parties.

The court sentenced five other ranking members of the party to prison terms ranging from 6 to 12 years.

Republicans Eye Wichita Falls

DALLAS (AP)—Texas Republicans indicated at Monday's state executive meeting that Wichita Falls is likely to be the next big battleground after San Antonio in the party's fight to send more GOP congressmen to Washington, the Dallas Times Herald said today.

State Chairman Thad Smith of El Paso introduced Wichita Falls city councilman Joe Bailey Meissner Jr. as a potential candidate. GOP leaders said the 36-year-old wholesaler is almost sure to run for the 13th Congressional District seat when Rep. Frank Icard resigns to accept a job in the oil industry.

Sen. John Tower, a long-time friend of Meissner, said he would work for his fellow townsman if asked to do so.

"I'm very impressed with Joe," Tower said in an interview. "I'll always knock myself out for any GOP candidate."

Chilly Morning But A Warm Day

By The Associated Press

Texans awoke to another morning of chilly temperatures, but a gradual warming trend with continued clear skies were predicted for the state up in the day Wednesday.

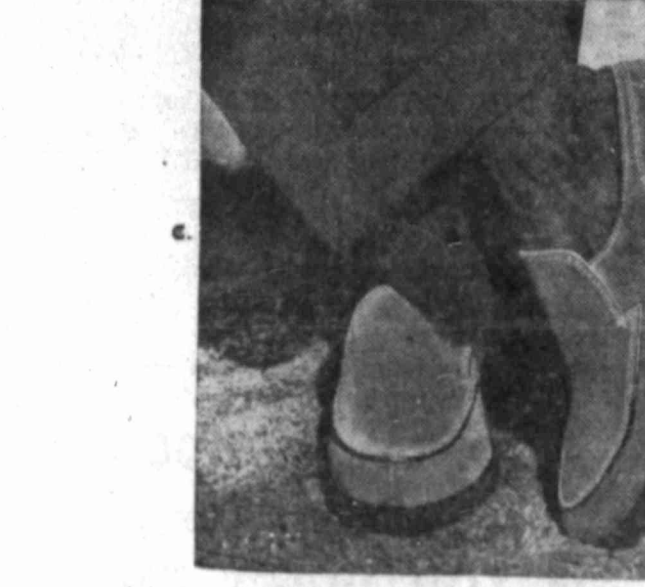

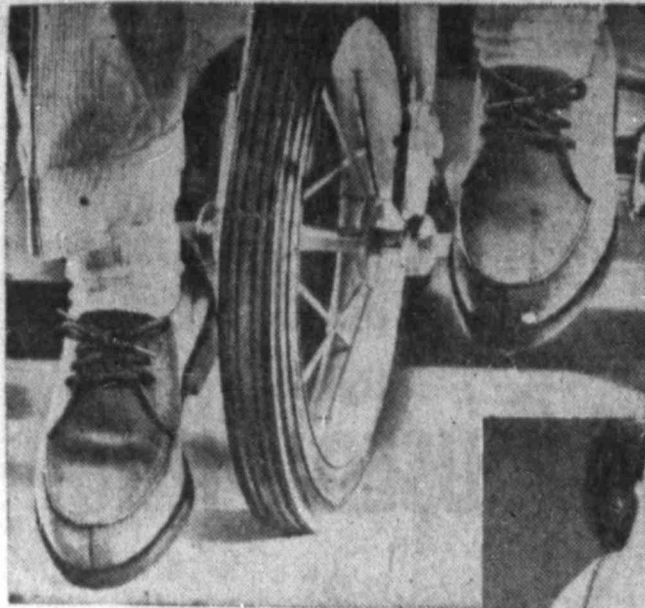

Junction had a low reading of 39 degrees, some 13 degrees warmer than the frigid 27 degrees recorded as the state's low Tuesday at Muleshoe.

The early morning high was 60 at Galveston. Generally temperatures were in the upper 40s or lower 50s.

The U.S. Weather Bureau forecast fair weather and warmer temperatures for all sections of the state through Thursday.

No rain was reported by the bureau reporting stations during the 24 hours ending at 6 p.m. Tuesday. The high temperature during that period was 81 at Presidio.

DEAR ABBY

Let Sis Pay For Her Keep

DEAR ABBY: Three months ago my sister (21) moved in with my husband and me. She came from a small town after graduating from business college, in hopes of finding a job and then moving into a small apartment of her own. We were happy to have her, but now we are ready to get rid of her. She has applied for jobs in only two places, has not been called by either, and has shown no interest in looking further. She sits in front of the television all day, and spends countless hours before the mirror trying out new hair-dos and make-up. She reads fashion magazines without hardly looking up. She helps around the house if I ask her, but it's always a half-hearted, sloppy job because she's afraid of chipping her nail polish. How can we get her to find a job and clear out of here?

HAD ENOUGH
DEAR HAD: Inform your sister that, starting next Monday, she will be charged for room and board, so she had better get herself a job. I'll bet that moves her. If it doesn't, send her home. She's not grown up enough to be on her own.

DEAR ABBY: My husband and I were invited to dinner at the home of our son and his bride. This girl thinks she knows so much

and how to set a table, but this is how her table was set: She used her best china, crystal and silver. And then she had individual WOODEN salad bowls on the table! Should I tell her that WOODEN salad bowls do not belong at an elegant table? Or should I have my son educate her?

NEW MOTHER-IN-LAW
DEAR NEW: I "wooden" mention it to her. Her table was properly set. P.S. A little wood on the table (right or wrong) will do less harm than the one on your shoulder.

DEAR ABBY: What do you do with a 17-year-old son who will not take his clothes off in front of other men's because he is "ashamed"? I have tried to talk him out of it, but have done no good.

WORRIED DAD
DEAR DAD: This indicates an unhealthy attitude about his body. He needs help. Take him to a guidance clinic or to someone who is skilled in psychotherapy. (Your family physician can recommend an able person). A little help now might save him a great deal later.

Executive Held On Charges Of Embezzlement

HOUSTON (AP) — The former president of the United States Sulphur Co. is in jail on six charges of embezzling more than \$26,000. He is Harry Thomas McClain, 33, who was replaced as president of the Houston company at a stockholders meeting March 16.

McClain denied the charges Tuesday and said the money was his own and represented part of the money he loaned to the firm.

The complaints accuse McClain of converting \$26,722.55 of the company's funds to his own use.

Gerald Fortney, an attorney for the company, said an investigation has turned up a shortage of \$130,000 so far. He said even more money may be missing.

ASC Committee Members Picked

Members of the Howard County Agricultural Stabilization Committee have been re-elected for another term.

Clay Reid is the chairman, J. D. McGregor the vice chairman, and T. E. Newman the regular member. Alternates are Jim Hodnett and L. B. Murphy.

Election of the committee was accomplished by the house of delegates with Melvin Anderson, Charles Nichols, R. E. Haney and Cecil Long participating.

Chicken Probe Continues

CENTER, Tex. (AP) — Atty. Gen. Will Wilson continued his probe today into possible violation of Texas anti-trust laws in the state's \$250 million broiler industry.

Wilson and his assistant, Gordon Cass, began questioning of a long list of witnesses at the start of the court of inquiry Tuesday.

Independent broiler and feed producers testified that below cost prices caused by overproduction was forcing them out of business.

One witness, Ernest Cockrell of Joyken, predicted that shortly there will be no more independent broiler producers left in the state.

They testified that much of the overproduction and resulting price drops were caused by contracts between large feed companies and growers.

However, the manager of a Ralston-Purina Feed Store testified that his company had voluntarily cut its production quotas back one-third in August in an effort to curtail production.

Another witness, Elmo Cross, manager of EastTex Poultry Co., blamed the overproduction on federal income tax laws.

He said that the cash method of returning federal income tax to producers is a major factor in overproduction.

On the cash method, he said, the producers get to show all of the cost of feed fed chickens during the year as a cost, but live chickens are not shown at the end of the year as an asset.
