Cheer Fund Works In Many Ways

Among the items coming in to city firemen for their Christmas toy repair work (aided by the Christmas Cheer Fund) was this 'surrey with the fringe on top.' Actually, it has been put together from two such gift vehicles, plus a lot of loving care in making a new top, in renovation and in painting. Then, it was discovered that this is just the type of thing that would help a little girl who is suffering from cerebral palsy, and who must be encouraged in muscle exercises.

This is a pedal-propelled surrey, and it means she will have a Christmas gift that can help her therapeutically. Just an example of how far the Christmas Cheer program can reach: The surrey is not necessarily for a needy family, but for a little girl who will be vastly helped. The Cheer Fund carries on such humanitarian projects the year 'round. In the picture are Eddie Waddell, showing Preston Daniels and Fire Chief H. V. Crocker how the surrey operates.

Reviewing The Big Spring Week

If most people are like us, this should be a frantic week. Here it is with only one week before Christmas and not a single necktie bought and wrapped! With us tardy shoppers, it's now or never. It's not now or never with the Christmas appeals, although those depending on your response would feel a lot easier with a 'now.' The Christmas Cheer Fund is coming along nicely but needs more help. The TB Seal sale has picked up but needs a lot more to send in contributions for the seals which finance our county's entire year's fight on tuberculosis. And don't forget the Salvation Army kettles downtown - more than 200 families are depending on those pots to have something in their own pots on Christmas Day.

That uncanny overcast persisted all of last week. It's a tossup who hated it more - the farmers or the pilot training group at Webb AFB. Training schedules are running way behind due to lack of flying weather. Temperatures were 19 degrees during the week brought one harvest help - the cotton bolls were cracked. Our friend Woner Robinson is not discouraged - it'll dry out by March, he says.

When Robert Lonnie Bailey, 15, was sent to the state school for boys at Gatesville last Sept. 24 for the slaying of Mrs. S. A. Hathcock, it was intended to bring him back here when he was 17 and try him for murder. That won't be necessary. He got in a fight, was knocked against some concrete slab and died of a fractured skull.

The Texas Supreme Court, aft. (See THE WEEK, Pg. 8-A, Col. 5)

Don't Be A 52-Timer

A 52-timer is a Herald reader who has trouble every week digging up change to pay his newsboy.

On the other hand, a ONE-TIMER is a Herald reader who sends in his check to have the paper delivered to his door for all of 1962, and never worries about it again. Thing about it, he not only is happier about saving time and making his newsboy happier, he saves real money - more than 10 per cent, in fact.

The ONE-TIMER has to send in his check this month, though. It comes to \$18.45 (newsboy's share included), plus a sales-tax of 97¢ to help take care of the state. That's a total of \$19.42.

2-Car Collision Kills 5 People

WESLACO (AP)—Two cars collided head-on during light rain on a farm road near here Saturday night killing five persons and injuring another.

The dead are Gabriel Martinez, 45, and Martin Martinez, both of Weslaco; Erodia M. Hinojosa, 49, of Mercedes; Genoveva Cantu de Martinez, 44, (home town unknown); and an unidentified elderly woman.

Injured was Welester Castillo, 35, of Weslaco. He was taken to a Weslaco hospital where his condition was listed as critical.

State police said Gabriel Martinez was the driver of one car and Castillo was his passenger. They identified the driver of the other car as Erodia Hinojosa.

Police said the Martinez' apparently were not related.

The collision occurred on Farm

Crash Kills C-City Man

COLORADO CITY — Acie Boyd Jennings, 36, a Farmers Gin Co. employe of Colorado City, was killed early Saturday when his car overturned three miles north of Christoval. He and two companions were pinned in the smashed automobile.

Jennings was born in Mitchell County and lived in Colorado City all his life. He was a veteran of World War II. He was married to the former Miss Jimmie Lee Johnson.

Funeral services will be held at 4 p.m. today from the Kiker and Son Funeral Chapel with the Rev. Weldon Rivers, pastor of St. Luke's Methodist Church, officiating. He will be assisted by the Rev. Lynnwood Harrison of Goree. Burial will be in the Colorado City Cemetery.

Survivors include the widow; a son, A. B. Jennings; a daughter, Jody; all of Colorado City; his mother, Mrs. M. D. Jennings, Colorado City; three brothers, Virgil Jennings, Big Spring, J. T. Jennings, Colorado City, and Otis Jennings, Chirle, Ariz.; two sisters, Mrs. Lena Jobe, Claunch, N.M. and Mrs. Elsie Inez Perry, Colorado City.

Gets Support

LONGVIEW (AP)—Texas needs for her next governor a man of the 'vision, the purpose, the dedication, the ability and the personal stature that we find in John (Bowden) Connally.' The Longview News-Journal will say in a front page editorial Sunday.

Rotten Trick

BERLIN (AP)—Communist East German guards forced Hollywood star Spencer Tracy to go back 35 miles for a visa to leave Berlin by land, a United Artists representative said today.

Road 1015 about two miles north of U.S. 83.

Police said they had no details of the accident as the survivor was not able to explain what happened.

Abilene Paper Drops Commies As Subscribers

ABILENE, Tex. (AP)—The Abilene Reporter News Saturday announced it has cancelled the subscriptions of three foreign Communist officials in Washington and has taken their names off the mailing list.

The three who will no longer be receiving copies of the West Texas daily newspaper are August A. Yashin of the Soviet Embassy, K. Petrov of the Bulgarian legation, and Capt. Imre Morsik, assistant military and air attache for the legation of Hungary.

The newspaper, suspicious that the three diplomats are more interested in nearby Dyess Air Force Base than the social goings-on of Abilene, is making cash refunds for the unexpired portion of the subscriptions.

A page one memo was addressed to the three men.

Unions Lose Strike Suit

BORGER (AP)—A district judge has ruled that two unions must pay \$1,186,568 to 23 men who said they were fired from their jobs because of obeying union orders during a 1959 strike.

The order was issued Friday by 84th Dist. Judge Max Boyer at Stinnett against Local 351 and the International Union of Operating Engineers.

ALBANY, Ga. (AP)—More than 200 marching, singing Negroes were arrested Saturday as they staged their fifth anti-segregation demonstration in the last five days. Among those arrested was Dr. Martin Luther King Jr. of Atlanta, president of the Southern Christian Leadership Conference.

The march, which began at Shiloh Baptist Church in the Negro residential section of the city, followed a breakdown in racial negotiations in this southern Georgia city.

As the marchers reached the edge of the Negro housing area, they were met by a loudspeaker truck. Police Chief Laurie Pritchett took the microphone and asked the marchers: "Do you have a permit for this parade?" King, who was in the front rank

U. N. To Seek Total Victory In Congo War

UNITED NATIONS, N. Y. (AP)—Acting Secretary-General U. Thant told his Congo advisory committee Saturday that the United Nations would suffer a serious setback if a cease-fire were proclaimed in Katanga before U.N. objectives are realized.

The 19-nation committee, informed that U.N. forces would be in virtually complete control of Elisabethville within 24 hours, expressed full support for Thant's stand.

Thant said the United Nations would do everything possible to arrange a meeting between Katanga President Moïse Tshombe and Congolese Premier Cyrille Adoula, provided it was at a place acceptable to Adoula.

Thant suggested Kitona as a possible site, and said the United Nations would provide Tshombe with assurances of personal security and safe conduct during any negotiations between the two Congo leaders there. Kitona is an old Belgian base near the onglese seaport of Banana in Leopoldville Province.

With Tshombe in flight from Elisabethville and a U.N. victory in sight, there was no disposition among committee members to let up now.

"If we agree to a cease-fire now Tshombe will only crow once more that he has successfully defied the United Nations," said one member of the committee.

The committee, made up of nations that have troops in the U.N. Congo force or have contributed in the past, met for 3 1/2 hours with Thant.

Participants told reporters 13 members spoke and all expressed support for Thant. Canada, Ireland and Sweden are the only members not Asian or African. The entire Asian-African group at the U.N. came out solidly in support of Thant on Thursday.

Some committee members said that Tshombe had displayed no inclination to ask the U.N. for a cease-fire, and they declared the first move should come from him. Tshombe has asked President Kennedy to intervene to halt the fighting. Kennedy has instructed U.S. diplomatic representatives in the Congo to make contact with Congolese Premier Cyrille Adoula on the possibility of a meeting with Tshombe.

The position of the United States is that Tshombe should accept the role of a provincial president in a unified Congo.

Capsule Netters Miss A Chance

HONOLULU (AP)—Air Force nose cone catchers missed a chance to air-catch Discoverer No. 36's orbited capsule Saturday when it apparently fell out of their range into the Pacific near Hawaii.

Made A Profit

U. N. Troops Take Capital Of Katanga

LEOPOLDVILLE, the Congo (AP)—U.N. forces overwhelmed three Katangan strongholds in Elisabethville Saturday, the United Nations announced. With his capital toppling, President Moïse Tshombe fled the city, vowing to fight to the end.

Last stronghold to fall was Camp Massart, the chief Katangan base on the eastern side of the city.

Katangan soldiers still held out in the heart of the capital near the Leopold II Hotel, crowded with refugees from two days of furious ground fighting.

Hospitals jammed with wounded were without water, as was most of the city. Food was scarce. Shops were smashed by the mortar fire. And still the fighting went on in a violent rainstorm.

A spokesman for Tshombe's secessionist government announced Tshombe had arrived at Kipushi, 30 miles south of the capital on the border of Northern Rhodesia. Tshombe took refuge there for a time during the fighting between his troops and U.N. forces in September.

Before leaving Elisabethville, Tshombe issued a communique charging the U.N. offensive in the city "led to a massacre of the Elisabethville civilian population." Declaring Katanga will continue to resist, the communique predicted "butchery will only strengthen our faith in the final victorious issue of a just fight."

Dispatches from the battered capital said it seemed impossible that the 2,000-man Katangan garrison with its white officers could hold out much longer against the onslaught of 6,000 Swedish, Irish and Indian Gurkha troops.

Morale was low among the Katangans. White officers in jeeps rode the streets trying to rally them. The officers even called on male refugees in the Leopold II Hotel to join the fighting.

All direct communications were cut between Elisabethville and the outside world. Newsmen carrying dispatches out to Rhodesia reported white mercenaries feverishly fortifying positions south of the capital, apparently for another stand.

Camp Massart, recently renamed Camp Tshombe, was captured by three Swedish companies who broke the resistance of 350 Katangan defenders, the U.N. announced.

No Swedish troops were killed but five were wounded in storming the camp, the U.N. said. It was considered the last stronghold of the Katanga gendarmerie, a semi-military police unit, in Elisabethville.

Earlier in the day, two other strongholds fell, U.N. reports said. Swedish and Irish troops captured the railroad tunnel commanding the main road into the city from the eastern road after a night of heavy fighting.

On the western outskirts, U.N. forces captured the Lido Hotel and golf course commanding another important road. The U.N. said

four Ethiopian soldiers were killed and five wounded. Five Katangan soldiers were found dead at the hotel, killed by mortar fire.

U.N. Gurkhas were fighting to dislodge Katangan forces from a small woods 200 yards from Tshombe's residence, itself a stronghold in the early fighting. U.S. and British consulates are near this sector.

Thus, beside holding the northern part of the Katangan capital, U.N. forces also commanded approaches to the city from the east and west.

Although military action appeared to give the United Nations the upper hand in dealing with the Katanga resistance, it was too soon to say that this resistance has ended.

Some now expect the United Nations to press its advantage within Elisabethville, clearing out last pockets of resistance. But they believe fighting will still have to continue in other Katanga power centers, notably Jadotville and Kolwezi to the west and northwest, where many Europeans and other supporters of Katanga's separatist regime are gathered. Jadotville and Kolwezi are two principal centers for the vast mining operations of the powerful Union Miniere du Haut Katanga.

Skies cleared over much of West Texas and North Central Texas Saturday after another morning of rain, drizzle and fog.

Clearing skies cheered football fans who trooped by the thousands to state schoolboy final games at Fort Worth and Dallas.

Afternoon temperatures ranged from 74 at Beaumont to 53 at Wichita Falls and El Paso.

The weather bureau said in forecasts that rain, drizzle and fog would continue another day at least in most sections of the state with Northwest Texas clear to partly cloudy and North Central Texas only partly cloudy. Higher temperatures were expected.

Thunderstorms, drizzle and fog plagued the whole state during the morning hours, but Tyler's 1.91 inches was the heaviest rainfall reported.

In most instances, rainfall was less than half an inch.

President Sees Agrarian Project

CARACAS, Venezuela (AP)—Threats of leftist violence vanished amid "Viva Kennedy" cheers in Caracas Saturday as the U.S. President summoned the people of Venezuela to support the Alliance for Progress program of Latin American development.

The warmth of his reception brought a happy smile to President Kennedy and seemed an omen of success in his mission, which spotlights U.S. determination to help this continent and stem the appeal of communism.

Banners of welcome and U.S. and Venezuelan flags flew above the most massive security precautions ever taken in Venezuela for a visiting chief executive.

With no sign of the incidents that had been feared, Kennedy drove 10 miles into the city, flew by helicopter to projects associated with the aims of the Alliance for Progress, and bespoke a new 1961 Good Neighbor Policy for all the Americans. In his main address of the day he solemnly warned Latin Americans against alien philosophies and repressive dictatorships that take away liberty with promises of economic progress.

The promises are soon forgotten, he said, adding: "We have seen this in the grim, drab poverty of eastern Europe, in the famines of China and here in our own hemisphere."

That was an apparent reference to Cuba. President Romulo Betancourt, in response, declared Venezuela is ranged in the Western camp by her own decision and will do her part to "impede the expansion of the Sino-Soviet bloc in Latin America."

The 10-year, \$20 billion Alliance for Progress links U.S. aid with Latin American self-help and reform.

The President visited two housing and agrarian reform centers, which are samples of the program in Venezuela.

At La Morita, where four farm families in a symbolic ceremony received titles to plots of land, the President spoke to thousands of cheering shirt-sleeved farmers.

Jacqueline Kennedy captivated the audience by speaking in Spanish.

Flashing a smile that could be understood in any language, Mrs. Kennedy said in perfect Spanish that there can be no happy fathers or mothers "until they have the possibility of jobs and also education for their children."

This must be for all, not just the fortunate, she said. Her little speech drew the biggest cheers of the day.

The crowds that lined the streets and balconies of downtown Caracas on this warm, muggy day were not remarkable for size—possibly because of the threatening weather and the thousands of troops and police who enforced strict security precautions. But the welcome was enthusiastic.

In Caracas, on a similar good-will mission in 1958, Vice President Richard M. Nixon's car was mobbed by an angry crowd.

All this week small Communist and Castro bands had sought to terrify would-be spectators by hit-run fire bombings and spectacular pistol attacks, but they stayed out of sight as Kennedy rode into the city from the airport.

Members of the presidential party estimated that 250,000 persons greeted Kennedy. In some areas, known to have residents with leftist sympathies, there was a show of indifference. In others, the welcome was as warm as the President could have wished.

A total of 5,000 soldiers and policemen was involved in Caracas' security measures, the Ministry of the Interior said. The vice-minister, Carlos Andres Perez, said 3,000 policemen and 2,000 soldiers participated. Much smaller numbers were involved at the President's stops outside Caracas.

Squads of police and troops with armored cars guarded Maiquetia Airport where the President's red-nosed Air Force jet landed at midmorning after a 500-mile hop from Puerto Rico.

Only invited guests were at the airport.

Problem Drinker Success Reported DALLAS (AP)—The Texas Commission on Alcoholism declared Saturday it is saving millions of dollars a year by restoring problem drinkers to sobriety. It suggested in its annual report that many more millions could be saved by an even-greater effort in this field.

No Casualties DES MOINES, Iowa (AP)—Two Iowa Air National Guard jet aircraft collided in flight during a misty freezing rain Saturday and one plane crashed in a residential area. There were no casualties.

Bi-Racial Talks Founder, Demonstrations Resume

and the Negro leaders broke down when the City Commission charged the Negroes with failing to observe the terms of atwo-day truce.

Mayor Kelley, solemn-faced and weary from long hours of discussion, read the commission's statement to newsmen.

More than 550 persons, mostly Negroes, have been arrested in a series of anti-segregation demonstrations that began Tuesday. Less than 200 remain in jail.

The demonstrations were set off by the arrest last Sunday of seven Negroes and four white persons in an attempt to desegregate facilities at the Albany railroad station. The marching, singing protests came in support of Negroes' demands for the release of the jailed demonstrators and for the

removal of segregation barriers in the city.

The commissioners charged in a statement addressed to officials of the Albany Movement that integration leader Martin Luther King Jr. of Atlanta, who spoke here Friday night, was encouraging violations of city and state laws.

They also said the Negroes had requested continued demonstrations and parades, barred under the terms of a truce agreed to by Negro and white leaders Thursday night.

The Negroes are asking for total and immediate desegregation of bus and train terminal facilities, establishment of a continuing biracial study committee and total and unconditional release of everyone arrested in the mass demonstrations.

Candidate For 1962

Linda McNew, 17, daughter of Mr. and Mrs. Rube McNew, 1968 Settles, has been chosen by members of the Big Spring Mounted Patrol as their 1962 candidate for queen. She will compete with young ladies selected by posse and riding groups in other cities. Her first appearance will be at the livestock show in Odessa Jan. 1.

Linda McNew Will Be Queen Candidate Of Mounted Patrol

Linda McNew, 17-year-old senior at Big Spring High School, has been selected as the queen candidate for 1962 by members of the Big Spring Mounted Patrol. She is the daughter of Mr. and Mrs. Rube McNew, 1968 Settles.

Linda will be the representative of the Big Spring Patrol at rodeos which have queen contests. In these contests she competes with candidates of other riding clubs, posse and mounted patrols. She is the fourth young lady to be sponsored by the local group.

The queen will be chosen on the basis of character, personality, dress, poise, horsemanship, attendance and length of time at the convention.

Linda will act officially in her new role for the first time on New Year's Day. She will be going with the Patrol to the livestock show in Odessa.

All candidates are daughters of Big Spring Mounted Patrol members. Many are members themselves. They act as official hosts at the barbecue given for visiting posse and riding clubs at the annual Big Spring Rodeo.

The Patrol was organized April 22, 1957, when a small group of men and women met in the Chamber of Commerce office seeking to encourage sportsmanship, citizenship and horsemanship. The group adopted the name of the Big Spring Mounted Patrol.

Since it was organized the club has met on the first Monday of each month. Uniforms, banners, flags, saddles, bridles and reins have been acquired to present an outstanding appearance in rodeos and parades.

Their work has paid off. The Patrol has won four second places and three third places in rodeo parades at the Odessa Sandhills Hereford and Quarter Horse Show, World's Championship Junior Rodeo at Sweetwater, Dawson County Annual Rodeo at Lawnesa and the Scurry County Rodeo at Snyder.

The Big Spring Mounted Patrol is self-supporting and each member pays his own expenses when trips are made.

Although most of the activities take the shape of entertainment, such as quail suppers, fish fries, barbecues and ice cream suppers, the group is ready for more serious work. Members took a special 10-week course this

year so they can assist city and county law officials in event of emergencies.

There are currently 38 members. Included are M. L. Patterson, Morris Patterson, R. V. Middleton, Ed Cherry, John Cherry, Lester Brown, Dick Fielder, C. H. Harrison, Lloyd B. Murphy, Wesley Yager, Harry Middleton, Linda McNew, Don Razberry, Allen James, Joe Faulkner, Albert Pettus, Eddie Owen and M. H. Boatler.

Others are Adrian A. Porter, Wanda Boatler, Frankie Cherry, Grady Wilbanks, Cheryl Wilbanks, H. C. Moser, J. O. Whitefield, Luther Teague, Paul Porch, Gerald Harrison, J. G. Crenshaw, Mr. and Mrs. T. Willard Neel, Pat Murphy, Johnnie Middleton, Bill Babb, Wade Simpson, Freddie Fielder, Sherry Sabbato and Joyce Sullivan.

Commission Meets Tuesday

The city commission, meeting Tuesday night instead of the Tuesday after Christmas, will consider recommendations from the automotive committee to purchase two one-ton pickups and a one-and-a-half-ton truck, with three trade-ins; read three ordinances, and discuss, with Webb AFB officials, a new water rate contract.

All trucks recommended by the committee for trade-ins on new equipment are 10 years old or older. One is 16 years old. Two of the trucks are for the sewage collection department and one for the street maintenance crew.

Ordinances will include the final reading on requiring taximeters on all taxicabs operating in the city, and two on zone changes. One change from Duplex to Retail is west of Nolan, between East Eighth and Ninth streets. Another, changing from General Residence to Commercial is a quarter block at the intersection of US 87 north and the Andrews Highway.

U. S. Air Force officials will meet to discuss the new water rate contract between the air base and the city at 8 p.m. This is a routine renewal of their contract.

Capt. Yarrington Gets Air Medal

Capt. Arthur Yarrington has been awarded the Air Medal for courageous action and superior judgment during an emergency situation which occurred north of Big Spring May 25, 1961.

Capt. Yarrington was the wingman in a flight of two F-102's from the 331st FIS when the formation was involved in a mid-air collision with a T-33 from the Training Command at Webb AFB. His aircraft was hit, resulting in four feet of his left wing and the top of the vertical stabilizer being torn off. This left his radio useless and resulted in the captain being in an emergency situation with no communications available.

Pilots of the lead F-102 and the T-33 safely ejected from their aircraft and were picked up later eleven miles northwest of Big Spring. The mission was Yarrington's first flight in an F-102 at Webb since his arrival.

CAPT. ARTHUR YARRINGTON promoted to his present rank. He is a graduate of Citadel College, S. C. with a BS Degree in chemistry. He received his wings at Webb in July, 1957. Capt. Yarrington is from Ridgfield, N. J. He and his wife Janet have a two-year-old daughter, Sheri Ann.

Webb's Air Police Have Complex Job

"Once a policeman, always a policeman," was not the case when Major L. R. Simpson, Webb's Chief of Police, joined the ranks of the lawmen. Although the major did serve a stint as a law enforcement officer on the Los Angeles Police Department, he abandoned the career for the Air Force. Now he is back with his first love, his true love, flying.

"It's not the riding herd on Air Police, or spot checking the hundreds of traffic violations," the major said. "The big problem is protection and safety."

Keeping base personnel and property safe is a pretty big job since the investment of the U. S. government at Webb exceeds \$64,000,000. What is even more important is that this investment represents a link in the chain of national defense.

How well the job is being done, is shown by the fact that in the 10 years since the base was activated, not a single major fire, or traffic fatality has occurred on the base.

The next two problems, although not necessarily in the order of their importance, are drinking and petty thievery. But even here, the major insists, the violations are considerably less, per capita, than any metropolitan area of which he has knowledge.

The major stressed the fact that the Air Force has strict regulations governing the punishments for various violations—a term in jail; forfeiture of pay for a certain period; and when warranted, dishonorable discharge from the service.

THE WAY IT WORKS

When the Air Base Group at Webb was revamped recently, the Air Police lost its status as a squadron. It is now designated as a division of the Headquarters Squadron Section. M. Sgt. Raymond V. McKinney, a veteran air

Motion Denied For New Trial

WAXAHACHIE, Tex. (AP) — Dist. Judge A. R. Stout denied Friday a motion by convicted slayer Dennis Woodbury for a new trial.

Woodbury received a life term Nov. 16 when he was found guilty of killing W. S. Carpenter, a Tyler druggist, during a narcotics robbery.

Police Talk

Maj. L. R. Simpson, Webb AFB Provost Marshal, discusses operations and security with his veteran non-commissioned officer in charge, M. Sgt. Raymond V. McKinney. This unit is charged with safety and protection of the local base.

policeman, is Maj. Simpson's right hand man.

Sgt. McKinney came to Webb in 1958 from an overseas assignment in Korea where he served in a similar capacity.

"In fact," said McKinney, "I have been in the service since 1942, and with but one exception, all my assignments have been either in law enforcement, or investigations."

A NCOIC of the Air Police Division, Sgt. McKinney is a man of many hats. He is chief of the law enforcement detail; heads up the administration and operations sections; directs the security detail; supervises the confinement section; looks after the small arms training program; monitors the on-the-job training program; and directs the pass and registration section.

A staff helps Sgt. McKinney supervise the activities, including Sergeants Gordon Griffin, Verlin Schrader, Lee Foster and Howard Brown.

Sgt. Griffin runs the confinement section; Sgt. Schrader and Sgt. Foster handle the investigations, security and training programs; Sgt. Brown, an expert in small arms maintenance, takes care of the small arms, training, and looks after the range. The four main subdivisions of

the Air Police have the same number of flights and assigned personnel. However, because the 331st FIS is considered the greater security responsibility, that squadron makes available to Maj. Simpson the men required to man the details in that area.

Maj. Simpson, in referring to the various civil agencies with which he has almost daily contact, said that the cooperation between his office and the law enforcement agencies of this area were all that any officer, in his capacity, could expect.

A TOUGH ASSIGNMENT
Both Maj. Simpson and Sgt. McKinney agreed that one of the toughest assignments during their tour at Webb was the disappearance of a batch of envelopes containing squadron charity fund contributions. The investigation took much time and moved slowly, but after weeks of painstaking work, a man was arrested. His trial and conviction followed, and the APs marked the file closed.

Although the work of the Air Policeman goes on 24 hours a day, it isn't all bad.

Once the boys picked up and brought in an entire family. The group was having a picnic lunch on the active runway, in the path of landing jet aircraft.

Board Gives Approval To HCJC Audit

The annual audit of Howard County Junior College books, submitted a month ago, was approved formally by the college board Thursday. Several procedural changes in accounting have been made as a result of suggestions from Auditor Neil G. Hilliard, who is making a month-to-month analysis of the books under a new contract with the board, Dr. W. A. Hunt, president, reported.

The state approved a few more semester hours for state subsidy, Dr. Hunt told the board. The final figure was on the basis of the equivalent of 485 full time junior college students (those who have more than 64 hours of credit do not count). This is 20.8 per cent more than for the comparable figure a year ago.

On the same formula as now employed, this could mean about \$20,000 additional state support when the next biennium rolls around.

The board approved Dr. Hunt's participation in the American Junior College Association curriculum conference. Expenses of the trip will be reimbursed by the Kellogg Foundation. The conference is set for Dec. 26-28 in Milwaukee. Board approval for the president and dean to attend the annual American Association meeting in Denver, Colo., was given.

The monthly financial report showed November revenues of \$67,561, of which \$66,270 came from local taxes. This brought to \$326,008 the receipts for the fiscal year. Local taxes contributed \$214,543 of this, the state \$67,750, while tuition payments supplied about \$30,000.

Expenditures with various accounts included (with totals for the first three months of the year in parentheses):
Administrative \$4,902 (\$13,478), general \$5,190 (\$12,687), instructional \$16,811 (\$48,360), library \$1,851 (\$5,399), athletic \$675 (\$2,294), plant expense \$7,169 (\$21,621), student activities \$1,261 (\$3,170), capital outlay \$7,349 (\$13,760), fixed charges \$277 (\$1,431). Total expenditures for the three months stood at \$124,004.

Co-Op Wins

DALLAS (AP) — Jurors found for the North Texas Producers Association Friday in an anti-trust suit brought against the dairy cooperative by Metzger Dairies of Dallas.

College Choir Concert Slated This Afternoon

This afternoon at 4 o'clock in the HCJC auditorium, the Howard County Junior College Choir, under the direction of Ira Schantz, will present a concert of choral music which will include several selections appropriate to the Christmas season. The concert will be open to the public.

Major feature of this concert will be the first performance in Big Spring of the great oratorio "Gloria" by the Italian Baroque composer, Antonio Vivaldi. This will constitute the first part of the program and the oratorio will be

sung in its entirety, lasting approximately 30 minutes.

Vivaldi is best known for his many instrumental works. However, he also wrote a considerable amount of vocal music, much of which has been rediscovered within the past few decades. Among these recently rediscovered works is the "Gloria." The oratorio is in 12 movements, many of which are completely choral and which range from moods of serene calm to moments of ex-

treme grandeur and contrapuntal complexity.

Soloists will be Mrs. Carl Bradley and Delores Howard, soprano; Marilyn Smith, contralto; and Mrs. Douglas Wiehe, obobist. Jack Hendrix, head of the Department of Music at HCJC, will be at the piano.

The second half of the concert will feature individual numbers by the choir and one selection by the HCJC girls sextet. Numbers to be sung include "Geborn ist Gottes Sohnelein," Michael Praetorius; "Kyrie Eleison," Milton Dieterich; "Jesus Christ Our Saviour Is Born," Lithuanian carol; "Echoes Are Sounding," arranged by Joyce Barthelsson; "The Old Time Religion," arranged by Lyn Murray.

The concert will be the climax of a busy semester for the HCJC choir. One Sunday afternoon, the choir presented this same program to a large and enthusiastic audience at the First Presbyterian Church, Larissa. In mid-November the choir appeared before the District Federated Music Clubs Convention in Alpine and since that time has also sung assembly programs at Snyder High School, Slaton High School and Monterey High School in Lubbock.

This past week they presented programs for the Big Spring Rotary Club and Kiwanis Club as well as making an appearance Thursday evening on a local television program. The pre-Christmas appearances will be concluded with an assembly program at HCJC Wednesday morning.

Members of the choir are Sally Adair, Robby Allen, Judy Banks, Jud Beck, Hameta Carr, Jackie Clark, Barry Clayton, Pat Douglass, Tommy Gilmore, Jean Hammon, Robert Heard, Beverly Hooser, Jo Ann Horton, Delores Howard, Wayne Jennings, Betty Jones, Sharon Martin, Barbara Moelling, Cieta Newsom, Donna Jo Percy, Robert Phelan, Nan Rankin, Frances Roberts, Rufus Rowland, Francine Salyer, Marilyn Smith and Dorothy Wheeler.

Hospital Begins Training Plan

The Big Spring State Hospital is introducing a change in orientation procedures for new employees, according to Dr. Preston E. Harrison.

New workers will spend the first two days of their tenure taking an intensive indoctrination course to inform them of all aspects of the hospital. Previously this was done gradually through in-service training sessions.

Bearing the responsibility for instituting the program is Glen D. Bunn, personnel officer, who joined the hospital staff in September. Bunn is a hometown man, having graduated from Big Spring High School and Howard County Junior College. He spent four years in the U. S. Navy after graduating from Texas Christian University with a Bachelor of Arts degree in political science in 1957.

Bunn will conduct the first orientation program Jan. 2-3, 1962. Through it, new personnel will receive a general introduction to the hospital—its history, public relations, facts and misconceptions about mental illness, staff orientation, etc.

They will tour the hospital and hear lectures by heads of the various

GLENN D. BUNN

ious departments which work in the treatment of mental illness.

The orientation is intended to give the employee a view of the total hospital operation, according to Bunn. More detailed information about the specific job the person will be doing will be disseminated gradually through regular in-service training programs.

Church-State Issues Listed

BEAUMONT (AP) — Paul Blanshard, author of "American Freedom and Catholic Power," said last week this country faces three problems in church-state relations.

He listed them as (1) teaching religion in public schools, (2) birth control and (3) public money for parochial schools.

Blanshard condemned a recent announcement by Roman Catholic bishops which he said deflected aid to church schools for non-sectarian classes, praised President Kennedy but deplored his choice of advisers, and declared Protestants are as guilty as Catholics of religious discrimination.

The lawyer-author spoke at a lecture sponsored by the Unitarian Fellowship of the Sabine area. He is on a tour sponsored by the Unitarian-Universalist Association and the A. Powell Davies Committee.

BEAVER DAM AMBASSADOR 30 TAKES JUNIOR RESERVE ANGUS TITLE
Raul Firpo, Buenos Aires judge (second from left) picks Horace Garrett bull

PRINCE 105 TT—RULER OF A PROUD ANGUS DYNASTY
Late, great bull got Horace Garret started in Angus breeding

Calf's Showing May Help In Regaining Lost Ground

By JOE PICKLE
When Prince 105 TT up and died about three years ago, his demise disrupted the timetable of the Garrett Angus Ranch by several years.
When young Beaver Dam Ambassador 30, recently not only captured the yearling bull class but turned up as junior reserve champion in the Angus division of the International Livestock Show at Chicago, he took up a lot of slack.
"We knew he was a good calf," said Horace Garrett, "but he surprised us by actually improving while on the road."
The young bull won at Vancouver and then at Toronto, and by the time he got to Chicago he was shaping up as a mighty class junior sire. The judge from Argentina admitted he was tempted to rank the Beaver at head of the junior division.

NO PRICE TAG
No price tag has been put on the youngster, but he could be pointing toward the hundred thousand dollar category by the time he reaches his first birthday Jan. 1, 1962. He's not for sale, although Garrett may consider selling an interest in him by the time Beaver is ready for service. (Most breeding is done by artificial insemination these days, but in order to have such service rights, a breeder must actually own an interest in the sire furnishing the sperm.)
Beaver Dam Ambassador 30th is due to be entered in some of the major shows in the Southwest, possibly at Fort Worth, Houston and San Antonio. Garrett said that one of his heifers, which placed eighth in her class, may also be shown. With better conditioning, he is counting on her making a good showing.

Garrett is carrying roughly 200 cows, together with a number of heifers, at his place north of Longmont, Colo. In addition, he is running five top herd bulls and has several other bulls under development and test.
In the process of selection, he sends some of his females to the ranch at Forsan. Purely as a side project and in no way connected with his Longmont operation, Gar-

rett has experimented with a Hereford-Angus cross. Interestingly, these calves have brought tops for the calf crop.

PACKAGE DEAL
Garrett got into the Angus business not out of preference over other breeds, but primarily because he had an opportunity to acquire an attractive package deal. He had been primarily interested in Hereford raising from his experiences on the ranch of his late grandmother, Mrs. Dora Roberts. But the package deal included a half interest in a syndicate ownership of the great bull Prince 105 TT.

This magnificent sire once carried a \$250,000 value. Tipping the scales at only slightly less than a ton, he was packed perfectly into a compact frame that won him the grand championship at the International.
Several years later when the pride of 4-Wynnes Angus Farm at Kaufman died unexpectedly (probably of heart attack), Garrett's half of the insurance amounted to \$80,000. Actually it was a costly collection, for Prince's departure threw the whole breeding plan off the track. To avoid the danger of inbreeding, Garrett changed his tack.

He acquired an interest in K. F. Bardolier 4th. Among living Angus sires, Bardolier's progeny have won more than any other. There is a good prospect that he may set an all-time record with prize-winning get.

JOINTLY SHOWING
K. F. Bardolier 4th (sire of Beaver Dam Ambassador 30; the dam is Queenmore Lady G. B.

Troop Meeting Set

Members of Boy Scout Troop 9 and their parents will gather for a Court of Honor and Christmas party at the scout hut at Wesley Methodist Church on Tuesday at 7:30 p.m. Members will exchange gifts, said Lester Goswick, scoutmaster, and awards will be made to those completing advancement requirements.

HCJC Choir To Appear On Telecast

Monday at 7:30 p.m. the Howard County Junior College choir, under the direction of Ira Schantz, will appear on a 30-minute telecast over Station KMDI-TV, Channel 2.

The choir will sing a number of selections from its current repertoire, including several pieces appropriate to the Christmas season. The appearance of the choir is being arranged by Ray Herndon, general manager of the station. This was a result of Herndon having heard the group last Tuesday at the Rotary Club luncheon in Big Spring.

The choir will travel to Midland early Monday afternoon in order to take part in extensive rehearsals "on camera" in preparation for their appearance. Jack Hendrix, head of the HCJC Music Department, will accompany the choir.

HCJC and its accomplishments as an institution of higher learning will be one of the features of the telecast Monday night. Appearing as special guest on the program will be Mrs. Florene Watson, HCJC faculty member in the Department of Business Administration. Mrs. Watson will summarize the history, outstanding accomplishments and academic standards of the college. Emphasis will also be given to the fact that the U. S. State Department has just approved and offered to book the HCJC choir on a European concert tour if funds can be obtained from service clubs, businesses, foundations and individual citizens to finance the trip.

Stanton Lodge Selects Officers

STANTON (SC) — The Stanton Odd Fellow Lodge held election of officers for the ensuing term at the meeting Thursday night. Johnnie Myrick was elected noble grand; John Murdock Jr. was elected vice grand.

Other elective officers were Hubert Overby; Lynn White, treasurer; Lewis Carlisle, trustee; Lynn White was named as representative to grand lodge; and Jim McCoy will serve as alternate to grand lodge, which will be held in Galveston during March.

Man Appeals Two City Court Cases

S. Sgt. Horste A. Wickes, Webb AFB, filed a simple assault charge in city court, against a Lovington, N. M., man who allegedly attacked him about midnight Wednesday at the Blue Note Cafe on East

Third, S. M. Casselman, one of the Blue Note owners, also filed a charge of disturbance against the same man, following the attack.
The man was fined \$100 on each count Friday morning. His attorney appealed both cases to County Court.
Wickes, and several Webb officers who were with him, said that the man walked up to Wickes and

struck him in the face three or four times without saying a word to him. He said he had never seen the man before and did not know who he was.
In filing the disturbance charge, Casselman said he was not going to have disturbances in his place without charging guilty persons, according to police Captain Walter Euhank.

Stage Set For Y Christmas Pageant

Final arrangements have been completed and the annual YMCA Christmas Pageant will be unraveled Tuesday and Thursday nights on the north side of the plant at Eighth and Owens.

Two performances will be given each evening, so that families may attend and fit the program into other holiday plans. Each performance, scheduled at 7 p.m. and 8 p.m., is about 30 minutes long and families may watch the pageant from the warm comfort of the car.

In addition to the colorful costumes of last year, on loan from the Big Spring Civic Theatre, the pageant will include a cast of about 30 as well as live animals, including sheep, a cow and a donkey.

Music is tape-recorded and the lighting and sound arrangements are under the direction of Roy Rogan, city electrician and stage technician.

The costumes, all planned by Mrs. John Rudeseal, includes many designed by her from authentic historical sources.

Arnold Marshall will again be the narrator for the program. The script, slightly changed from the one used last year, was prepared by Glenn Cootes, who also directs the pageant.

The cast includes Sharon Gary, as Mary; Joe Leach, as Joseph; Wade Choate, as Zacharias; Glen Pickett, as Herod; Mrs. Joe Pickle, as Elizabeth; Joe Pickle, Carroll Davidson, Tad Wrightsill, as the Three Wise Men; John Rudeseal, Bruce Dunn, James Tidwell, Luther McDaniel, as prophets; David Pickle, Mark McConkey, Lee Rudeseal, Mark Rudeseal, Doug McEvers, Wayne Williams, Dr. Aristides Menendez, as shepherds; Buddy Redden and Frosty Robison, as priests; Joanna Patterson, Gwen Davis, Rene Burson, Miriam Jolley, as girls in Herod's court.

Clyde McMahon Jr. designed and built the set, which includes a temple, the manger, the inn, and the court. Mrs. Joe Leach designed the programs, which will be distributed by the Hi-Y Club.

The music was prepared by Dick Bailey and Jerry Caddell, using equipment of KFNE-FM. Howard Brown and Roy Rosene will be helping Rogan with sound and lights.

Stage properties were made by Mrs. Terry Patterson and Mrs.

Bill McMurray. Stage make-up will be handled by Mary McConkey. Mrs. Howard Brown, Beverly Jones and Mrs. Bob Bright. Helping Mrs. Rudeseal with the costumes are Mrs. Jack Davis, Mrs. James Calmes, Mrs. Francis Flint, Mrs. Bruce Dunn, Mrs. Johnnie Green, Mrs. Pete Cook, Mrs. Harold Graves, Jean Van de Voorde, and Mrs. Glenn Cootes.

T. Sgt. L. E. Brown, Webb AFB, is special handler for the donkey

and Herb Helbig, county agent, made arrangements for the other animals, which are on loan from county 4-H Clubbers. The donkey was borrowed from J. W. Thorp.

Other assistance was given by the John Davis Feed Store, Texas Electric Service Co., the Big Spring police department, and Jo Anne Forrest. The newly organized Y's Men's Club is sponsoring the pageant.

Six 331st FIS Airmen Get Promotion Stripes

Four men were promoted to the rank of master and two to technical sergeant at Webb AFB effective Dec. 1.

M. Sgt. Arthur G. Bahn, enlisted in the Air Corps in November, 1940, and served in Puerto Rico and Panama in the 45th Bomber Squadron as an aircraft mechanic. He came to the 331st FIS at Webb AFB in 1959 and is the Air Operations Supervisor for the squadron. Sgt. Bahn calls Blytheville, Ark., his home. He is married and has three children.

M. Sgt. Carroll J. Bonnette has had continuous service in the AF since he enlisted in 1945. In July, 1959, he came to Webb AFB as a jet mechanic in the F-102 and during this past year he has retrained into the electronics field. At present he is working in the radar section. Sgt. Bonnette is a native of Nacogdoches. He and his wife, Shirley, have one son, age 14 months.

M. Sgt. Donald F. Reiling has been in the service since 1945. At the present time he is a Flight Chief in the 331st FIS. Sgt. Reiling and his wife are both natives of Kansas. They have four children.

M. Sgt. James R. Dusch is another man who entered the Army and came to the Air Force, enlisting in 1945. Sgt. Dusch came to the 331st in February, 1960 and is now a Flight Chief in the Armament Section.

T. Sgt. Nevin E. Gee has been in the Air Corps since 1942. He came to the 331st FIS in 1958. He is a Quality Control Inspector and

he and his wife reside at 904 Johnson.

T. Sgt. Silas W. Turner is assigned as an Assistant Flight Chief on the T-33's in the squadron. He has had continuous service in the AF since 1947 and has spent 10 1/2 years in food service. He went to the squadron at Ethan Allen AFB, Vt., and when the squadron came to Webb AFB with the F-102's in 1960, Sgt. Turner transferred to the 331st FIS.

Sgt. Turner operates the only Italian restaurant in Big Spring, Ranch Inn Pizza House. He and his wife have four children.

Dallas To Get Shelter Rations

DALLAS (AP)—Emergency rations sufficient to feed one out of every 10 persons in Dallas County in case of nuclear attack will be shipped here Feb. 1 provided a place is found to store them.

Announcement of the food and supplies shipments was made by Civil Defense officials at a meeting Friday designed to acquaint city and county officials of North Texas with a huge fallout shelter survey to be started immediately nationwide.

The supplies, which city officials estimated would fill 35 boxcars, will be only the initial installment of rations for public shelters which are expected to be designated following the survey.

Rep. Wright To Run Again For Congress

FORT WORTH (AP)—Rep. Jim Wright, D-Tex., said Saturday he will seek re-election to Congress.

The announcement ended speculation that he would be a candidate for Governor of Texas in 1962.

The announcement was made at a press conference called by Wright at his office in the federal building here.

Wright has been Congressman from this district since 1954. Before that he served in the Texas House of Representatives, as mayor of Weatherford, and as president of the Texas League of Municipalities.

His only state-wide race was early this year when he was a candidate in the special election for the U.S. Senate seat vacated when Lyndon B. Johnson resigned to become Vice President. Wright ran third behind Republican John Tower and former U.S. Sen. William A. Blakley but ahead of Atty. Gen. Will Wilson, former state Rep. Maury Maverick Jr., and Henry B. Gonzalez, a state senator who since has been elected to Congress.

Wright said he couldn't see getting himself involved in a primary for any office other than Congressman. He said that he felt he could best serve the state by remaining in Congress.

A reporter pointed out that Sen. Ralph Yarborough, D-Tex., had indicated he might run for governor. The reporter asked Wright if he would seek to succeed Yarborough if Yarborough should resign to run for governor.

"If there is a vacancy in the senate, I would consider seeking to fill that vacancy," Wright said. Asked if he would consider running against Yarborough for the Senate seat, Wright said he would not.

But when asked if he would run against John Tower, Texas' first Republican since Reconstruction Days, Wright laughed and said: "I would feel no conscientious scruples in making such a race."

Cancer Tests

COLLEGE STATION (AP)—The president of Texas A&M said Saturday a college professor has successfully used cobalt 60 in treatment of cancerous conditions in the eyes and eyelids of cattle and horses.

Frazier Gets Tentative OK For A Convalescent Center

Tentative approval of a site for a convalescent center has been given by the FHA, Bruce Frazier said here Saturday.

Prospects are good, he said, that general plans can be firming up promptly in order to clear the way for an FHA commitment on the project. When that comes through, Frazier said he was prepared to go into the design phase with Gary and Hohertz, local architects.

Last summer the State Health Department gave tentative approval of such a project, and when FHA firms up the proposal then final approval from the state health agency will be secured, Frazier explained.

Planning now is in terms of a 100 to 150-bed facility in south-eastern Big Spring. Frazier said

he had pledged to FHA that he would see that auxiliary units for a convalescent center would be provided. Included are a pharmacy, barbershop, dental and medical office space, a laundry. Part of these spaces have actually been booked, he said.

The site is located at approximately the point where 25th and Baylor would intersect when they are projected. Frazier added that arrangements have been made for extension of Baylor from its present terminus to the 33-acre site laid out for the development. Part of this is in the valley, and part is on a plateau where the initial elements of the proposed center will be raised.

Sufficient space will be reserved as a hospital site in event there is ever a need for it, said Frazier. This would be in keeping with

preserving the potentiality as a medical center.

Another possibility is provision of rehabilitation facilities for physiotherapy and similar activities for patients of all ages. In the nursing home portion, the original element, provision would be made for occupants requiring moderate, minimum and maximum care. Transportation facilities would either be provided as part of the operation or contracted, he added.

Although he said he was prepared to proceed with the basic unit and necessary auxiliary facilities, Frazier said he was thinking in terms of a limited stock offering in order to make it a community venture. This, however, has not been settled. He said he hoped to have definite word from FHA by the end of the year so that preliminary plans may be started.

1.5 MILLION GALLONS

Work On Site For Water Storage Tank Scheduled

Deeds for land, north of the new route of IS 20 along the present Northwest Twelfth street on which the city's new 1.5 million-gallon elevated water storage tank will be built, were being prepared Friday. A. K. Steinheimer, city manager, said the deeds should be completed by the first of the week, and that grading on the site would begin before Jan. 1.

The new site will be on the old compress property adjoining the IS 20 right of way, and will be 250 feet square. The tank structure will require 150 feet of the square, and will leave 50 feet on all sides for accessories, materials, and storage.

"This part of the Master Plan bond program, for expansion of city utilities, will be the first part visible to the public," Steinheimer said. "Everything else, through the first phase and part of the second, will be underground."

The new tank will have a water level at the same elevation as the present tank just off North Scurry, because the two will be used in series and supplied from the same 12-inch line, until an 18-inch line is laid in a future phase of the program. It will measure 91 feet, four inches, at the inside diameter, over 100 feet

outside, and the bottom will be 73 feet off the ground.

Depth of water in the tank, when full, will measure 35 feet. There will be 10 feet of air and accessible working space between the top of the water and the inside top of the tank. Measurement from the ground to the outside top will be slightly over 120 feet.

Twelve tubular legs, 45 inches in diameter, will support the new storage facility. A 74-inch water riser will be housed inside the 10-foot center column. Access to the inside and top of the tank will be by ladder inside the 10-foot column. There will be no balcony around the tank and future painting will be done by swinging from the top by cables.

"We will put a chain-link fence around the property, and everything will be of aluminum color," Steinheimer said. "Work on actual construction will be started later, such as foundations, footings, and anchors. The material for the tank itself will not arrive for several weeks as it has to be fabricated to specifications at the factory in Chicago or Philadelphia."

The new 1.5 million-gallon storage will provide additional water to the business district and will insure better fire protection for the downtown area.

Drizzle Brings Little Moisture

The weather man hastily swept skies clear of clouds in the Howard County area Saturday morning following a night of drizzle and some rain. A brisk southwest wind was blowing late Saturday, but the skies were clear.

The drizzle, although light, was wet. The U. S. Experiment Station thermometer registered a high of 41 over the 24-hour period from 8 a.m. Friday to 8 a.m. Saturday, and a low of 36. The rain gauge showed .06 of an inch of moisture.

A check over the Howard County area showed mostly traces of rain and drizzle with Big Spring leading. Texas Electric Service Co. said the gauge at Eskota showed .06 of an inch.

However, more moisture was forecast for the area late Saturday night and Sunday, with temperatures running up into the forties Sunday.

500 May Die In Holidays

CHICAGO (AP)—Five hundred persons may die in traffic accidents during the coming Christmas holiday period.

This was the estimate Saturday by the National Safety Council. The council estimated that 23,000 persons may suffer injury in accidents within the 78-hour period from 6 p.m. Friday to midnight, Monday, Dec. 25.

During a similar period last year, 488 persons died in traffic accidents, 77 in fires and 82 deaths were recorded in miscellaneous categories.

The council also estimated that nearly all of the nation's 76 million motor vehicles will be on the roads at some time during the holiday. It estimated 6.2 billion miles would be traveled by these vehicles.

There were these words of caution: Pay attention to speed limits, traffic and weather conditions; don't drive after drinking; drive courteously and use common sense.

Old Confederate Ram Is Refloated KINSTON, N.C. (AP)—The Confederate ram Neuse, built near the end of the Civil War and scuttled to keep it from Union troops, is floating again after nearly 100 years under water. The old ship was raised Friday. She was brought to the surface of the Neuse River by 400 steel drums attached to her sides. The ship will become the property of Lenoir County, to be put on exhibit.

Credit Union Pays Dividend

The Webb AFB Credit Union declared a 5.4 per cent dividend on all outstanding shares for 1961. The action was a repeat of 1960, when the same figure was adopted by the Board of Directors.

It is estimated that the dividends for the last half of the year will amount to more than \$30,000. Dividends are paid on June 30 and Dec. 31 balances.

The Credit Union will close at 3 p.m. on Dec. 22, and open for business on Jan. 2 to give the staff time to compute the dividends and make the necessary entries. In case of emergency, arrangements can be made for withdrawals—but members are urged to delay any such request until the office opens in January.

A new regulation will go into effect Jan. 1. Loans will not be granted for less than \$25, and share withdrawals of less than \$10 will not be granted, unless such withdrawal closes the account.

County Old Age Assistance Drops

A slight decrease in the number of old age assistance clients on the Howard County rolls resulted in the total payments for this form of relief diminishing by slightly more than \$3,000 for the fiscal year ending Aug. 31, as compared with the fiscal year in 1960.

The pattern in Howard County was reflected in the report from the entire state. She state officials said that they credited the slight decrease in aid to old age clients to the recent liberalization of the Social Security laws.

Statewide, the number of requests for aid to dependent children diminished \$25,150 but the decrease in this department was not evident in this county.

The office of the State Welfare Department in the Howard County courthouse, which serves nine counties including Howard, showed that in the year 1959-60 there were 422 clients receiving old age assistance and that total payment made to these persons was \$301,985. In the fiscal year 1960-61, the number of clients had dropped to 459 and the payment total stood at \$297,399.

There were 138 children on the rolls of aid to dependent children in 1959-60. For the year just ended, the total was 167. Payments, however, for the 1960-61 year were nearly \$4,000 greater than for the preceding year. In 1960-61 the payment for aid to dependent children was \$50,403 compared with \$46,417 for the preceding year.

There are now 10 persons re-

ceiving aid for the blind. This is three more than were on the rolls in the 1959-60 year. The total payment has jumped from \$3,482 to \$4,604.

A new program added to the welfare department in recent years is aid to the totally disabled. The clients which are being accepted for this form of relief are slowly increasing as the years pass.

In 1959-60, there were 14 such clients being helped in this county at a total cost of \$7,288 per year. In 1960-61, the number of totally disabled on the rolls had increased to 24 and the annual payment to \$12,979.

A report from some of the other counties on the 1960-61 year follows:

Martin County had 85 old age clients who were paid a total of \$55,075.

The seven aged persons on the old age assistance rolls in Glasscock County received \$3,768.

Eighty-five elderly people in Martin County received \$55,775 in assistance, 20 children were granted \$3,831; one blind person was paid \$540 and \$504 went to one disabled person.

A total of 445 aged in Mitchell County received payments totaling \$274,074. A total of 90 children were granted \$23,337, paid to 13 blind persons was \$10,635 and \$11,896 was disbursed to 19 disabled persons.

In Scurry County, 359 received \$221,348 in old age assistance, 17

received \$16,197 in aid to dependent children, 6 blind persons were paid \$3,874 and a total of \$7,784 was received by 15 disabled.

Twenty-seven elderly citizens in Sterling County received a total of \$17,042, to 9 children went a total of \$2,651 in aid and one blind person was paid \$340.

Warrants totaling \$343,729 were issued to 524 elderly people in Nolan County, where 59 children received aid amounting to \$13,945, to 11 blind persons went \$7,303 and 19 disabled persons were granted \$12,584.

In Ector County, 495 aged received \$300,606; a total of 227 dependent children received \$64,366; a total of \$9,631 was paid to 17 blind persons, and \$11,539 was paid to 19 blind.

Two hundred children in Midland County received a total of \$44,145 in aid, 452 aged received \$290,644 in assistance, 20 blind persons received \$11,677 and \$13,371 was paid to 23 disabled.

No Dunking

Although the members of the Aero Club are either members of the U.S. Air Force or military dependents, the military custom of dunking the student who completes his first solo is not observed. Instead, the tail of his shirt is torn, imprinted with his name, date of solo, and his instructor's name, then tacked to the club's bulletin board.

Here the traditional rite is about to be performed on Airman Clyde Davidson. From left, Mrs. Jo Gardner, Airman I.C. Ray Rathburn, Airman I.C. Tom Carpenter, Airman S.C. Clyde Davidson, A. G. Murphy, S.Sgt. Don Williams, Airman Z.C. Allen Wiseman, and Mrs. Louise Flint. The youngster is the son of Murphy.

Bad Weather Slows Harvest

Bad weather kept the cotton harvest at a near standstill all of last week and the total ginnings for the area remained about the same they were a week ago.

Howard County now has 29,447 bales ginned. The crop is about 98 per cent opened but there is still 41 per cent of it to be picked. Texas Employment Commission still believes the 50,000 bale estimate it set up early in the season will hold. The sole problem in this county—as it is in a large number of counties—is to get enough dry weather to permit the crop to be gathered.

Martin County, with 80 per cent of its crop ginned—57,694 bales is eager to wind up the remainder. Gins were able to operate about a day in Howard and Martin counties last week.

In Dawson County, the TEC made no effort to check ginning for the past week. The total was reported not a great deal ahead

of last week's figure which stood at 178,000 bales.

The TEC office in Sweetwater reported that farmers were becoming increasingly disturbed over the prolonged wet and unfavorable weather. Cotton contract expiration hit in some areas pulling the price of unginned cotton down as much as \$10 a bale. Much other cotton is under contract to expire on Jan. 1.

Scurry County managed to gin 323 bales last week. Three hundred bales were ginned in Fisher County. Mitchell County handled 650 but Nolan County gins were nearly at a standstill. Only 20 bales were ginned during the week.

Policy Probe

WASHINGTON — The administration's policy of calling up National Guardsmen and Reserves will get a thorough scrutiny by the House Veterans Affairs Committee early next year.

LOOKS AT BOOKS

TWILIGHT OF HONOR by Al Dewlen. McGraw-Hill Book Co.

Al Dewlen, whose "The Bonepickers," in this writer's opinion should have had better press than it received, is a resident of Amarillo and a graduate of Baylor University. He was born in Memphis, in 1921. At Baylor he was a football star. He studied fiction writing at the University of Oklahoma under the guidance of Stanley Vestal.

Now he has a new book out—"Twilight of Honor"—which has been selected by the Book of the Month Club selection for January. It is Dewlen's third novel.

Like "The Bonepickers" and his earlier novel, "The Night of the Tiger," this new story by Dewlen has a Texas background. This story has a court room setting and has been compared by some readers with the tremendously successful Robert Travers' "Anatomy of Murder."

When a lawyer who has sworn the practice of criminal law is forced to defend a murderer, how does he go about preparing his case? How does he save his conscience?

This is the situation faced by a young Texas lawyer in "Twilight of Honor."

Owen Paulk, hero of Dewlen's story, is appointed to defend Ray Priest, accused of the murder of Jess Hutcherson, because Priest is without counsel or money to hire a lawyer. Priest, a hoodlum with a long police record, admits that he killed Hutcherson, who is one of the richest and most popular citizens in the Texas Panhandle.

"Whether the country had produced Hutch," says Dewlen in describing the circumstances, "or whether Hutch had produced the country as a suitable background for himself, could have been argued. He grew up a lusty, reckless ranch boy unimpaired by sandstorms or blizzards and d ruffed because the time of rustlers and Indians had passed. His roisterous, unfettered spirit," as it was described in his eulogy, ex-

pressed itself through an affection for danger.

"Heavy, bowlegged, ruddy faced and uncombed, Hutch dressed in boots, fancy western shirts, a greasy Stetson and those tan, flap-pocketed trousers generally seen on the drugstore cowboy. He rarely carried less than three thousand dollars, this stuffed hogg and there on his person. He would hail you down, propose a pointless wager, offer you either side of it, and bet you any amount you could stand. If you were broke, he might give you the money to call him. You could borrow his watch, his bird dogs, his employes or his favorite car, a black Cadillac with steer horns mounted on the front.

"In Bonita County, Hutch's name meant something. Once it was attached to a project, success was certain. People rallied to him. It seemed they saw in him the imagination, the forthrightness they did not dare for themselves."

In short, it would have been hard to find a Texan anywhere who wasn't eager to see Priest hang. Paulk, furthermore, had a good reason to resent personally the insistence of the court that he take the case and defend Priest.

Yet the mere fact that Priest is a nobody, an underdog, appeals to Paulk's sense of fair play. And even if the evidence of his guilt is overwhelming, the young lawyer cannot forget the American Bar Association canon of defense:

"It is the right of the lawyer to undertake the defense of a person accused of crime, regardless of his personal opinion as to the guilt of the accused. . . . Having undertaken such defense, the lawyer is bound by all fair and honorable means to present every defense that the law of the land permits, to the end that no person may be deprived of life or liberty but by due process of law."

Is Priest a mere victim of circumstance or is he a coldly calculating killer?

Only Paulk can answer these questions; and he actually can do so only as the trial in "Twilight of Honor" unfolds.

Jury Indicts 11 Of Another Grand Jury

BEAUMONT (AP)—A Jefferson County grand jury indicted 11 members of another grand jury here Friday. Judge Harold Clayton of 136th District Court and Judge Owen M. Lord of Criminal District Court called the rival grand juries into session two months ago. Both juries ordered probes of crime and vice conditions described at a legislative committee hearing last January.

The panel serving under Judge Clayton returned the indictments charging all but one member of the other grand jury with the misdemeanor offense of divulging its proceedings, required by law to be kept secret.

In a report to Judge Clayton, the 136th District Court grand jurors accused the 11 on the rival court body of making public information they had obtained in closed session by issuing a press statement Dec. 5. Members of the Criminal District Court panel—called back into session three days ago—released the press statement shortly after Judge Lord temporarily recessed their session. This kept the group from reporting two indictments Dec. 5.

Since it was reconvened, the grand jury under Judge Lord has returned the same two indictments. One indictment accuses acting Dist. Atty. G. W. Walley Jr., in charge of vice cleanup, with contributing to the delinquency of a minor girl. Walley said the charge was false. Previously he filed a libel suit naming the 11 grand jurors now also under indictment.

The other indictment in Criminal District Court charges George Jackson Greer with perjury in a personal injury case. Greer testified earlier in ouster proceedings against suspended Dist. Atty. Ramsey Griffin that Griffin operated a club as an open saloon. The ouster case ended in a mistrial. Conviction of the charge of disclosing grand jury proceedings carries penalties ranging from a \$100 fine up to a \$1,000 fine and a six-month jail sentence.

Terms of both grand juries expire Dec. 31.

U. S. Will Go Ahead On Ghana Dam Plans

WASHINGTON (AP)—The United States announced Saturday it will go ahead with its proposed \$133 million in loans to help build the Volta Dam and aluminum smelter project in Ghana.

The State Department said President Kennedy's decision was being conveyed by his fact-finder on the project, former steel executive Clarence B. Randall, to left-leaning President Kwame Nkrumah in Accra.

Nkrumah's recent flirtations with Moscow and his tough suppression of opposition at home had touched off an extensive Kennedy administration review this fall after 3 1/2 years of previous negotiations had all but committed Washington to the deal.

Officials said the go-ahead was based on a judgment that American foreign policy has more to gain from U.S. participation than withdrawal, that the project is economically sound and worthwhile, and that enough safeguards have been taken against political and economic hazards.

The United States, Ghana, Britain and the World Bank and private U.S. interests are all joining in the undertaking, which is expected to cost a total of at least \$24 million and take more than five years to build.

U.S. government contribution: \$37 million loaned to Ghana for building the dam, at 5 1/2 per cent interest to be repaid in about 19 years; \$96 million, loaned to the Volta Aluminum Co., Kaiser Aluminum-Reynolds metals consortium of U.S. aluminum producers in which Kaiser has the principal interest, for building the smelter. Also, the U.S. government will guarantee the company up to \$54 million against loss from expropriation.

Volta Aluminum Co. will provide \$32 million to build the smelter, and the American firms have agreed to buy enough aluminum over a 30-year period at a price high enough to pay for the dam-smelter project.

Ghana government: supplies \$98 million for the dam. United Kingdom: supplies a \$14-million loan for the dam. World Bank: supplies a \$47-million loan for the dam.

High-ranking U.S. authorities have said these reasons prevailed among the pros and cons that have been vigorously debated behind the scenes in Washington over the advisability of going through with the project in the face of Nkrumah's leftist activities:

1. The project will pay for itself and will be of great importance to the economic development of Ghana.

2. Through negotiations that had been under way since the Eisenhower administration, the United States, in the eyes of the Africans, had become committed to the project.

3. Newly developing countries saw the Volta project as a test case of whether the United States would give aid to a nation which did not march in step with Washington foreign policy. The Kennedy administration's avowed policy is to aid countries for their independence and economic advance, even if they do not always agree on international matters.

4. If the United States pulled out of the Volta project, the Soviets might move in, as they did with the Aswan Dam undertaking in Egypt in 1956.

5. A reasonable amount of protection has been built into the rather complicated Volta agreements.

Purcell In Runoff For Ikard's Seat

WICHITA FALLS, (AP)—A "Democrat without apology" and a conservative Republican gained runoff spots Saturday night for a U.S. House seat vacated by Democrat Rep. Frank Ikard.

The runoff will be between State Dist. Judge Graham B. Purcell, 42, noted for his stern treatment of juvenile troublemakers, and Joe Bailey Meissner, 36, only Republican in the race.

Totals with only an estimated 120 votes unreported showed Purcell with 8,528 ballots, Meissner 6,702. Vernon Stewart, Wichita Falls legislator, 2,695; Jack Hightower, who resigned as Governor, district attorney, 6,015; and Jimmy Horany, Archer City attorney who ran on a strong liberal platform 2,036.

Fuming For Fidel

cuers away as though the gunman had threatened to shoot if there was interference. The Negro was later shot by a Coast Guard rifleman in a helicopter. The hi-jacker was on his way "to kill Fidel Castro."

Vote totals represent 328 out of 344 voting divisions in the district. Most of the unreported votes were from rural areas and voting officials said these totals could not be expected until sometime Sunday at the earliest.

The runoff election probably will be set for about one month from now. Purcell, whose duties included those of juvenile court judge, gained at least local fame when he began ordering young trouble makers to shear their ducktail haircuts as a first move toward rehabilitation.

He is charged that extremists in the GOP "would commit reckless and dangerous military gestures." Purcell said his viewpoint is a moderate liberal one in the tradition of the late House Speaker Sam Rayburn.

Monday Rites For Mrs. B. T. Burleson

Funeral services for Mrs. B. T. (Arah) Burleson, 52, who died in Odessa Friday morning, will be held from the Nalley-Pickle chapel at 4 p.m. Monday. Burial will be in City Cemetery.

THE WEEK

er nearly a year, rules last week that the first court of resort to Gay Hill and Center Point is contesting the annexation to the Big Spring school district. It is in 118th District Court here. Gil Jones, attorney for the Howard County School Board, which issued the annexation order, wryly observed that he won the first 14 pages of the opinion and lost the last two. A motion for rehearing is probably next, so it may be several months before the litigation is set for a local hearing.

Somewhere in this vicinity, so it seems, we have to have at least one traffic fatality per week. Last week it was Celero Perez, 27, who was killed two miles south of Lamesa.

The county made a trade for moving of houses at the state hospital, which opens the way for the state to deed 13 acres of land for US 87 across the hospital grounds. Contract for a four-lane divided highway from here to Fairview may be let within a couple of months.

The HCJC choir received word last week that the State Department had approved it for a European tour. This, however, was never the obstacle that the finances are. It takes about \$1,000 per member for a projected month-long trip, and if each one lays \$300 on the line, that still leaves a pretty respectable figure to raise. Anyhow, the choir is tackling it.

Oscar Glickman is striving to do what no one has ever approached — to obtain 100 members of the Chamber of Commerce with less than a year.

Southwestern Bell Telephone took out a \$54,000 permit last week for developing a service center in the western part of the city. This will give building permits a good push toward the year-end. Contract has been reported unofficially to have been awarded an Odessa firm for construction of the College Parks Shopping Center at 4th and Birdwell, and this should be going by the first of the year.

KENNEDY

decade of dictatorship" under Marcos Perez Jimenez. Betancourt, he said, was carrying forward a "solid and responsible program of economic progress after a decade of false show, waste and indifference to the needs of the people."

The two presidents rode to the White House in a bullet-proof, bubble-top limousine along the flag-decked 6-lane highway that twists through the mountains to Caracas.

Huge Venezuelan and American flags were strung between the two 28-story skyscrapers of the Bolivar centers. Thousands of persons cheered and applauded as the caravan proceeded to La Carlota Airport.

There the President's party boarded helicopters for the flight to La Morita and nearby El Frio, in the area southwest of Caracas. La Morita is an example of the program in which Venezuela has distributed 3,500,000 acres to 36,000 families, with the United States helping finance lands and crops.

Kennedy in his speech there picked out "two freedoms" for emphasis—"freedom from dictatorship and freedom from the bonds of economic and social injustice."

The achievement of these two freedoms, he said, would be this generation's contribution to realizing the dreams of Simon Bolivar, the great South American liberator, and of Franklin D. Roosevelt. He credited his Democratic predecessor with taking up Bolivar's idea of building and strengthening an inter-American association of sovereign nations.

Woman Charged In Shooting

Lina Mae Odom, 27, was charged in Justice of the Peace Walter Grice's court with assault with intent to murder Saturday night. The charge resulted from the shooting of another Negro woman, Maxine Scott, at Woody's Place, 500 NW 3rd, shortly after 7 p.m.

The injured woman was taken to the Howard County Hospital Foundation by a River ambulance with a bullet wound in her right thigh. It was not considered serious.

Police Detective Aubrey Hurley said Lina Mae Odom told him she and the wounded woman became involved in an argument when she tried to take the latter home. The shooting resulted. "I shot at her. I didn't mean to hit her but just wanted her to come home," Lina Mae said.

She was arrested and taken to the police station for questioning, then to the court house where charges were filed. She was released on \$2,000 bond.

Woman Charged In Shooting

Rites Set For Mrs. Williams

COLORADO CITY (SC) — Mrs. Lela Williams, 71, died of a stroke Friday morning at the home of her employer, Mrs. Frank Kelly.

Mrs. Williams had lived here for 19 years. Services will be at 2 p.m. Monday at the Mount Zion Baptist Church with the Rev. A. Todd, of Spur, officiating. Burial will be in Mitchell County Cemetery.

She is survived by a son, Odell Williams, Snyder; two sisters, three grandchildren, and seven great-grandchildren.

J. L. Hodges' Funeral Set

John Leslie Hodges, 25, city employee, died Saturday morning at his residence, 604 Birdwell Lane, from an apparent heart attack. He was employed as a driver in the Big Spring sanitation department.

Funeral services will be conducted from the Nalley-Pickle chapel at 2 p.m. Monday. Roy Thermeister and T. H. Tarbet, ministers of the Church of Christ, will officiate. Burial will be in Trinity Memorial Park.

Chancel Choir Presents Oratorio At First Methodist

The Chancel Choir of the First Methodist Church presents "The Christmas Oratorio" by Camille Saint-Saens at 6 p.m. today.

Don Ford will direct the program with Jack Hendrix as organist and Mrs. Jimmy Cribbs as pianist.

Soloists include Mrs. Carl Bradley, Mrs. Don Newson, Mrs. J. R. Hensley, soprano; Mrs. Ed Clemens, Mrs. Devenport and Don Ford, tenors; Mel Ivey, bass.

The annual candle lighting service will conclude the music program. All interested residents are invited to hear the choir this evening.

B. M. Rees Holds Open House Today

ACKERLY—B. M. Rees, of the Brown Community south of Ackerly, will hold open house for his old friends and neighbors this afternoon from 2:30 to 4 o'clock. He will be observing his 90th birthday.

WEATHER

NORTH CENTRAL TEXAS — Partly cloudy through Monday. Cooler north Monday. High Sunday 62-70.

CARD OF THANKS

Our sincere thanks to the kind friends, neighbors and relatives for expressions of sympathy, beautiful flowers, and other courtesies extended to us during our recent bereavement.

Mrs. Harry Wagner and Thressa

RIVER Funeral Home

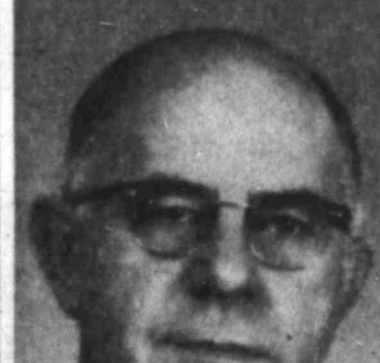

24 HOUR AMBULANCE SERVICE

ROBERT LONNIE BAILEY, 15. Services 1 p.m. Tuesday in Mt. Bethel Baptist Church. Interment in City Cemetery.

River Announces For Commissioner

Raymond River, for nine years a resident of Big Spring and former operator of the funeral home bearing his name, Saturday formally announced that he will be a candidate for County Commissioner from Precinct 4.

River said he will file for a place on the Democratic ticket, seeking nomination in the party primary in May. His is the first formal action by a "newcomer" on the local political scene.

RAYMOND RIVER

River said he is offering his candidacy "simply with the purpose that I can put my business experience to use in helping operate the county's business."

Robert Bailey's Funeral Tuesday

Funeral for Robert Lonnie Bailey, 15, who was killed during a fight at the Gatesville State School for Boys last week, will be held at 1 p.m. Tuesday in the Mt. Bethel Baptist Church.

Overflow Crowd At Victims' Rites

GREELEY, Colo. (AP)—An overflow crowd attended a joint funeral service Saturday for three young victims of a bus-train crash which killed 20 children.

250 Hear Tower At Lamesa Dinner

LAMESA (SC) — Upwards of 250 turned out Friday evening to hear Sen. John Tower speak during a fund-raising dinner for the Dawson County Republican party. Plates were \$10 each.

Rev. Gene Dean, chairman of the GOP committee, offered his resignation during the banquet, due, he said, to professional reasons. He said when he assumed head of the committee, he realized he was breaking "so-called ethics" but felt it was his responsibility to his family and country to inject himself into politics.

Tower held a press conference following the meeting and a reception was held. During his talk with the reporters, he made these comments: BERLIN — "There is confusion on what the U.S. position is and there is no firm policy line."

ABClub Hears College Choir

Members of the American Business Club, in regular Friday session at the Settles Hotel, were treated to a program of Christmas music by the Howard County Junior College choir.

The choir sang selections from a program it will do this afternoon in the HCJC auditorium and closed out with a version of "Gimmie That Old-Time Religion."

NALLEY PICKLE Funeral Home

906 Gregg, Dial AM 4-6381

Five Accidents On Police List

Five accidents were included in police investigations since noon Friday, with no injuries reported. Locations and drivers involved, were: 701 Lamesa Drive, Ola Holland, 109 NW 12th, and Jesus Loya, 603 NW 8th; Eighteenth and Gregg, B. S. McLaughlin, 912 Cedar Road, and B. T. Funes, 202 Circle Drive.

JOHN LESLIE HODGES, 25, died Saturday morning in Big Spring. Funeral services Monday afternoon at 2:30 o'clock in Nalley-Pickle Chapel. Interment in Trinity Memorial Park.

Choir Is Working For Concert Tour

An ambitious project, a concert tour of Europe, has been launched by the choir of Howard County Junior College.

The U.S. State Department has given the local choir its blessings and has promised to arrange all bookings. An airline company has agreed to make travel arrangements at a nominal fee.

With this behind it, the choir has launched its fund drive in order to raise enough money to make the trip next summer.

"Our choir is not the only one that wants to make such a tour," Ira Schantz, HCJC choir director, acknowledged. "But HCJC is probably the smallest school and maybe the only junior college ever to receive State Department approval."

He pointed out that many colleges contact the International Exchange Service each year, asking for a tour. This group suggests that a tape recording be made and forwarded to the Academic Community Screening Committee, which is composed of

many outstanding persons in the music world.

When Schantz made initial contacts, the State Department officials were not optimistic. They pointed out that small schools rarely have the talent or artistic ability to compete with large colleges.

But after the advisory panel had heard the HCJC recording, they gave immediate endorsement. This approval does not include financial assistance — only permission to make the tour with a guarantee that bookings will be made.

Schantz and his choir are enthusiastic over the possibilities and Jack Hendrix, chairman of the music department, has been named financial advisor.

Cost for each student has been pegged at \$995, with the student to pay \$300 of the total. The remaining money necessary will be earned through area concerts and other fund raising projects. Even at this, the choir feels its chances of raising enough money will be slim.

Businessmen will be encouraged to sponsor a student directly and service clubs will be contacted.

"This is much more than just a tour abroad," Schantz pointed out. "The value of such a tour cannot be reckoned solely in money, to the student as well as to the college and to the city and county."

"Anyone interested in helping the tour along is urged to contact Hendrix at HCJC," he added. If ample money is raised, the choir will be gone about a month, leaving here July 28 and returning about Aug. 24. There will be 27 students with two adult faculty members.

Schantz said he did not know how many concerts the choir would perform while on the tour, but he hoped it would be about 20. He said the choir plans to sing some of its songs in the language of the country visited.

"We are excited about this opportunity," he said, "particularly because only those groups considered to be the very best win approval. We only hope the money can be raised."

Webb Does It Again

For exceeding his "floor" in the 1961 Civilian Suggestion Program, Webb AFB was awarded the USAF certificate of achievement. Pictured is Col. Donald W. Pendergrass, Webb's deputy commander (center), presenting the award to Warren A. Farrow, civilian personnel officer, while Lt. Col. John F. Holt, base personnel officer, looks on.

Webb Wins Achievement Certificate For Fifth Time

Webb AFB was awarded the Air Force certificate of achievement this week for having attained a participation rate of 37.57 per cent in the civilian suggestion program for 1961. It was the fifth year that Webb has earned it.

The certificate came to Webb through headquarters of Air Training Command, and carried the congratulations of the Deputy Chief of Staff, ATC, for personnel. The citation by Brig. Gen. Clair L. Wood read in part:

"The participation rate of 35.57 attained by your base made a major contribution to the Air Training Command's participation rate of 29.33 per cent for the year. Personnel of your base have again demonstrated their interest and initiative in the implementation and support of the program.

"Through continued support of the program we have exceeded

the 'acceptable' established by headquarters. This headquarters desires to add its appreciation and urges continued efforts during the current fiscal year."

A participation rate of 25 per cent is considered acceptable; in 1956, Webb attained 34 per cent; in 1957, 95 per cent; 1958, 141 per cent, and in 1959, 35.49 per cent.

Webb, in addition to gaining USAF certificates in all those years, received the Air Force's Achievement Plaque in 1957 and 1958.

Receiving special credit from Webb officials were the men and women who made the achievement possible by turning in suggestions. In all, the base paid out \$1,715 to civilian participants in the 1961 program.

Ideal for Christmas giving . . .

IN OUR IMAGE

A group of narratives from the King James version of the Old Testament, simplified in story form, but with none of the Biblical beauty omitted. Illustrated by Guy Rowe. Never before has any part of the Bible been so beautifully illustrated or so attractively presented as in this deluxe volume. Included are 26 moving stories of Old Testament personalities and 32 portraits, depicting these people "in our image." This is a perfect gift for children and adults alike. \$10.00.

City Insurance Costs Over \$10,000 Annually

By M. A. WEBB

The cost of insurance premiums for city property, to the taxpayers of Big Spring, is \$10,641.12 per year.

The city tax office lists 11,305 tax receipts. This means that 9412 cents, or a little less than \$1, would be the pro-rata share annually of those paying on these receipts.

If the premiums were isolated and included in the city tax rate, based on an assessed valuation of \$46,440,000, the necessary rate for insurance premiums alone would be .0281 cents per \$100 valuation of property.

BIG BUSINESS

It is big business and the city stands to recover pretty sizeable amounts on buildings and contents if damaged by fire, hurricane, windstorm, hail, explosion, riot, civil commotion, smoke, aircraft, or land vehicles. No damage by boats is included in the insurance policies.

Roy Anderson, city purchasing agent, said this week that no collision insurance is carried on motor vehicles, but that liability insurance is carried on all except fire trucks.

"This is not required under state law," Anderson said. "We carry bodily injury and property damage on all other vehicles. The liability calls for \$100,000 for bodily injury for each person, \$200,000 for each accident, and \$10,000 each accident for property damage."

"We have a master policy with

endorsement for each of 70 motor vehicles, and the cost is distributed over 20 accounts under the city's accounting system," he continued. "Premiums run a little higher on police vehicles and the fire chief's station wagon. Automobiles also take a higher rate than pickups and trucks."

LIABILITY

The total premium on liability insurance for a calendar year, which began Nov. 1, is \$4,802.81. Anderson said this year's insurance received an 18 per cent credit.

"The credits have improved a little during each of the last two years," he said, "and we hope to keep it improving."

Big Spring also has 23 buildings and an elevated water storage tank insured. Contents of most buildings are also included. Total building and content insurance is \$499,000.

"We carry insurance through four companies," Anderson said. "The city is not permitted to in-

sure with mutual companies, but we deal through members of the Big Spring Association of Insurance Agents. One agent draws up our policies and the premiums are distributed among the agents. The three-year premium costs \$4,094.16."

BUILDINGS

The major portion of the insurance is taken on the bigger buildings, but all come under the policies. The city hall and fire station are covered by \$100,000, police building \$128,000, three fire stations at \$25,000 each, the shop at the golf course, swimming pool, and locker room \$12,000, elevated water tower \$10,000, and the balance is on several smaller buildings. Contents and warehouse stocks are listed at \$10,000.

A blanket bond coverage of city employees who handle money or property, costs \$1,551.15 per year. The tax assessor-collector is under \$7,500 bond, city secretary \$22,500, and \$2,500 each for from 65 to 70 other employees.

Stickney Aides Fail In Effort

RICHMOND, Tex. (AP) — Lawyers for condemned killer Howard B. Stickney, 23, sought and failed Friday to get him tried for the fatal beating of Clifford Barnes.

Stickney is under a death sentence in the slaying of Barnes' wife, Mrs. Shirley Barnes. Defense lawyers said they wanted to offer new evidence in effort to prove he did not kill the couple.

District Water Revenues Are Slightly Behind

Revenues and water deliveries are running slightly behind a year ago, the monthly revenue report of the Colorado River Municipal Water District shows.

During November, receipts amounted to \$149,544, boosting to \$1,794,024 the total for the first 11 months of 1961. This is a little less than \$6,000 under the comparable figure for last year. Water sales to the member cities for November stood at \$119,543, making \$1,359,946 from this source. November sales to oil companies for repressuring grossed \$28,937, accounting for \$365,000 for the year. Repressuring revenues are up by just about the amount sales to cities are off. Recreation revenues of \$57,914 for the 11 months was about \$4,000 under a year ago.

Water deliveries for the period amounted to 8,524,794,000 for this year and 8,841,202,000 gallons for the first 11 months of 1960. (Actually the 11-month period is through October, since October sales are reported as November revenue.) Virtually all the water came from Lake J. B. Thomas, November amounted to \$50,401, of 8,524,794,000 gallons produced during the period.

Total operating expenses during November amounted to \$50,401, of which \$456 was for production supervision labor, \$250 for operating labor, \$45 repairs and supplies, \$924 maintenance labor, \$155 general maintenance, \$432 city well field power, \$2,516 water purchases, \$597 automotive expense, \$35,448 pumping expense, \$5,726 recreational charges.

For the 11 months operating expense has been \$609,845. This has left \$1,174,379 to be applied to debt retirement, interest payments and other indebtedured funds.

Local Crime Rate Lower, National Rate Climbing

By M. A. WEBB

While the crime rate in the United States has been climbing, the rate in Big Spring has gone down. Police records, from which FBI reports are taken, show two types of crime, increased over 1960, for the first 11 months of the year, while one is even and five down.

A total of 3,337 offenses was listed in the identification bureau of the Big Spring police department. Of these 2,725, or 82.17 per cent, were cleared. Twenty-one reports investigated proved false.

The FBI does not keep records of some criminal reports, for which city, county, and state law enforcement agencies are responsible, and it does not break down some of them into categories as do local officials.

LISTINGS

For instance the FBI lists murder, while local police records include murder, and assault with intent to murder. The bureau also lists simply rape and leaves out attempt to rape and assault with intent to rape. Other crimes which come under broken categories in local records include robbery, burglary, aggravated assault, theft over \$50, theft under \$50, and automobile theft.

The total national crime rate covering the above offenses was up 14.2 per cent in 1960 over 1959. During the first 11 months of 1961 the national rate went up approximately 18 per cent over 1960.

Big Spring police records show that the same type of local offenses as recorded took a 28.68 per cent tumble during the first 11 months of 1961 over the entire year of 1960. The number of offenses solved showed a 4.06 per cent increase over 1960.

A letter from the FBI to the bureau of identifications and records of the local police department sought an answer to the decline in total offenses in the city and to the increase in solutions.

Lt. Stanley Bogard, in answer, cited the increase in the size of the city due to new additions, and an average increase of approximately 1,700 persons per year. At the same time he listed the heavy training program given police personnel during the past two years, and the criminal record file being kept current at the police department, as the main reason for more efficient operation and better clearance record on offenses. The FBI readily accepted the answer and congratulated the department.

A breakdown comparison of known offenses and clearances in Big Spring, in the eight categories listed by the FBI, for 11 months in 1961 as compared to the year 1960 figures in parenthesis:

EIGHT GROUPS

Murder, 15 offenses with 15 cleared, (12 and 2), the category with the heaviest increase; forcible rape, two and two (3 and 2); robbery, seven and four (14 and 7); burglary, 212 and 58 (265 and 111); aggravated assault, 59 and 53 (87 and 70); theft over \$50, 99 and 26 (72 and 17) another up; theft under \$50, 262 and 57 (516

and 72); auto theft, 42 and 23 (42 and 12).

Chief Jay Banks believes that a more efficient system of patrolling, with the city divided into districts and with better lighting in some areas, has accounted for a sizeable drop in the number of petty offenses committed. He also believes that the method of filing a complete record and case history of every person who goes through the city jail provides the department with the means of establishing the methods of operation of known offenders which tends to discourage first offenders from making further attempts at violations, and at the same time helps officers to run down cases.

Big Spring police officers and detectives have been schooled in questioning suspects and, during the year, have cleared up past crimes which might otherwise have gone unsolved. In two or three major crimes, quick solutions have come through proper questioning of suspects and witnesses.

EXAMPLES

Good examples were two murders, a large number of thefts from automobiles, and burglaries, 27 (27); destroying prop-

erty, 15 (15); affrays, 42 (42); driving while intoxicated 63 (63); traffic violations 75 (75); arrests for other law enforcement agencies 83 (83); liquor law violations 94 (94); There were many others of lesser number, but arrests for drunkennes numbered 1,995.

Something over 200 cases have been appealed to county court, from the corporation court during 1961, but none has come to trial, including having no driver's license, speeding, driving while intoxicated, and others.

Watts To Talk On Anniversary Of Amendments

John J. Watts, Odessa attorney, will deliver an address over KOSA-TV at 4:30 p.m., this afternoon, in commemoration of the 170th Anniversary of the ten amendments to the Constitution of the United States comprising what is known as the Bill of Rights, with particular reference to Article Seven which guarantees the right of trial by jury in civil suits.

Watts is well qualified to speak on this particular subject, having given the matter considerable attention during the years when an attempt was made to abolish trial by jury in Workmen's Compensation cases in Texas when he was president of the Texas Association of Plaintiffs' Attorneys. Since this time, during the last 11 years when certain proponents of the right to curtail or abolish jury trial have been furthering their views Watts has taken an active interest in preserving the right of trial by jury as president of the National Association of Claimants Compensation Attorneys in 1951-52, and as chairman of the Tort and Negligence Section of the State Bar in 1959-60.

Cornelius Rites Scheduled Today

LAMESA (SC) — Graveside rites for J. H. Cornelius, former Lamesa resident, will be held at 3 p.m. Sunday in Lamesa Cemetery under direction of Higginbotham Funeral Home. Fred Sanders will officiate.

Mr. Cornelius died Thursday in a Waco hospital. He had been ill for a short time. A retired grocer, Mr. Cornelius was in business in Lamesa for several years in the 1920's.

Survivors include a daughter, Mrs. Hazel Westerman, Waco; two brothers, Jake Cornelius, Prescott, Ariz., and Arthur Cornelius, Carlsbad, N.M.; and four grandchildren, George Hornbeck Jr., Lamesa, H. C. Hornbeck, Fort Worth, A. C. Hornbeck, Pecos, and Vickie Walker, Pecos.

BS Wins Cage Championship

DEL RIO — Big Spring succeeded San Angelo Central as champion of the Del Rio Invitational Basketball Tournament by defeating the Sanderson Eagles, 55-46, in the finals here Saturday night.

Lake View won third by defeating San Felipe while Del Rio High emerged as the consolation winner, turning back Brackettville. Ebling and Nelson led the Steers against Sanderson, each hitting 19 points. Hahn had 19 for Sanderson.

The Steers hit 39 per cent of their shots from the field. They had a ten-point bulge at half time. Both teams ran a zone defense, which accounted for the low scoring.

Youthful Hunter

Vicky Stanley, who is only nine years of age, shot his first deer recently, which he stands beside in the above picture. He killed the animal with a .25 calibre rifle near Menard last weekend. He's the son of Mr. and Mrs. Delbert Stanley of 1601 Phillips Road.

Hayden Fry New Mentor At SMU

DALLAS (AP) — Hayden Fry, assistant coach at Arkansas, was named head coach of Southern Methodist University Saturday. Matty Bell, athletic director of SMU, announced at a press conference that Fry had been given a four-year contract. Salary was not disclosed.

Fry, who is en route to Dallas, will be at SMU for several days before returning to Fayetteville to help the Razorbacks get ready for their Sugar Bowl game against Alabama Jan. 1. After that, he will assume his new duties at SMU.

In a statement Bell said "after considering a great number of coaches and interviewing four outstanding ones, we have unanimously selected Hayden Fry. We think he is the best man available for the job."

"Hayden is young (32), ambitious, energetic and smart. He is a man dedicated to his profession. The fine experience he has had as an assistant at Baylor where he worked mainly with the defense and at Arkansas, where he worked with the offense, will be of great benefit to him in Southwest Conference competition, which we all know is tough."

Bears Outclassed By Cats, 90-64

LEXINGTON, Ky. (AP) — Kentucky scored quick and easy Saturday night to defeat outclassed Baylor 90-64 in an inter-sectional basketball game.

Sophomore Cotton Nash, playing his best game of the season, led a Wildcat attack with 23 points. Playing little more than 28 minutes, he set up several scores and controlled the boards for Kentucky.

Baylor led only once in the contest, 2-0. Kentucky took over and raced to a 10-2 lead. The victory gave the Wildcats a 3-1 record and dropped Baylor to 3-3.

Athletic Banquet Re-Set At Stanton

STANTON — The Stanton High School athletic banquet, which was to have been held Dec. 11, has been re-set for Saturday, Jan. 13.

Bad weather forced postponement of the party earlier this month. The banquet will be sponsored by the Stanton Quarterback Club and will be staged in the Cap Rock Electric Co-Op building, starting at 7 p.m.

Jayhawks Lose To Paris JC

PARIS (AP) — The HCJC Jayhawks dropped their first game of the season here Saturday night, losing to Paris JC by a score of 59-56. Gene Weaver paced Paris' attack with 15 points while Larry McElyea had 16 for HCJC.

The Hawks connected on 45 per cent of their shots from the field, getting 21 field goals in 47 tries. Paris hit on 49 per cent, making good on 24 of 50. Elvis Spradling and Ernest Turner both fouled out of the game for HCJC. Turner left with five minutes to play. Spradling was gone a minute later.

HCJC (56) — McElyea 6-4-16; Carter 4-1-9; Tillman 4-2-10; Spradling 2-2-6; Wilson 1-2-3; Turner 6-2-2; Babin 4-3-11; Totals 21-44-56. PARIS (59) — Cona 1-1-3; Long 3-3-9; Weaver 6-3-15; Goodson 5-3-13; Turner 5-3-10; Arterbury 1-1-3; McKnight 3-0-6; Totals 24-11-59. Half time score — Paris 28, HCJC 27.

Oilers Near Grid Crown

By The Associated Press Houston goes to Oakland Sunday with two chances of winning the Eastern Division championship of the American Football League.

If Houston beats Oakland, and failure to do so would be the big upset of the season, then the Oilers will be champions and can look toward the league playoff Dec. 24 with San Diego, king of the Western Division. But Houston could lose to Oakland and still win the title if Boston were defeated by San Diego, whom the Patriots play at San Diego Sunday. Chances of Boston losing to San Diego are pretty good, too.

Thus, it would appear, Houston should feel pretty complacent about it all, which is something Coach Wally Lemm would not want.

Oakland was walloped 55-0 by Houston when the teams met the first week of the season. Since then the Raiders have managed only two victories and are in last place in the Western Division and in the entire league.

While the hour of decision is going on out in the West, New York and Dallas will be putting a drab finish to the campaign with their final game in Dallas, New York has seven victories but six losses. Dallas has won five and lost eight.

Denver and Buffalo have finished the season.

Football Scores

Hank Foldberg Is Named Head Coach Of Aggies

COLLEGE STATION (AP) — Henry C. (Hank) Foldberg, coach of Wichita, was named head coach and athletic director of Texas A&M Saturday, thus returning to the school where he got his start in college football.

The 38-year-old Dallas native was picked to succeed Jim Myers, who spent four frustrating years as headman of the Aggies. Foldberg, who played freshman football at A&M in 1941 and varsity football at West Point, was selected as the best prospect for pulling the Aggies out of the doldrums.

He got a five-year contract at \$17,000 a year and will come here following the Sun Bowl Game at El Paso Dec. 30 where his Wichita team plays Villanova. It was known for days that Foldberg would be the new coach but college officials would make no announcement. A&M clamped on a strict con-

sorship because of unhappy experiences four years ago when it filled the job vacated by Bear Bryant. Bryant, who built A&M back to a national power, left to coach Alabama. Duffy Daugherty, Red Sanders, Eddie Erdelatz and Frank Leahy were announced as coach only to have each appointment fizzle out. Myers first turned down the job then took it upon receiving a long petition from the student body. Dr. Chris Groneman, chairman of the A&M Athletic Council, announced the appointment of Foldberg. He said he had unanimous approval of the recommendation from the college system board of directors. Foldberg will be returning not only to the scene of his first college football but his earliest coaching as well. He was assistant here in 1951 when Ray George was head coach. He was assistant coach at Florida from 1952 to 1960 and previously had served as assistant at Miami, Baylor and Purdue. He played football at West Point

Pilot Leader In 2 Phases Of Offense

NEW YORK (AP) — Sophomore James (Preacher) Pilot, who led the nation's major colleges in scoring and rushing this season, retained those titles for New Mexico State for an unprecedented third straight year. NCAA statistics showed Saturday.

Pilot follows former Aggie Bob Galters, now with the New York Giants, who was the rushing-scoring champion a year ago, and Pervis Atkins, now of the Los Angeles Rams, who led the nation in both departments in 1959. No other team has supplied a titlist in both departments more than once.

Pilot, a 5-foot-10, 195-pound fullback from Kingsville, Tex., was the rushing leader from midseason on, but didn't gain the scoring lead until his final game against Hardin Simmons.

The performance pushed his rushing total to 1,278 yards and scoring to 138 points. Pistol Pete Pedro of West Texas State was second in each category with 976 yards and 132 points. Pedro scored the most touchdowns, 22.

In other departments, Navy's near-sighted end Greg Mathers set a new record for scoring by kicking alone. He had 11 field goals and 22 extra points for 55 kicking points. Pilot's teammate, end Pete Smolenski, kicked a record 38 consecutive conversions before missing one.

Dave (Hoppy) Hoppman of Iowa State was the busiest half-carrier, totting 229 times for 920 yards. Jim Saxton of Texas made the most of his carries, averaging 7.9 yards a try.

Donna Upsets Quanah In Class AA Finals

AUSTIN (AP) — A determined Donna fought back in the final quarter to knock off favored Quanah and capture the State AA schoolboy football championship 28-21 Saturday night.

Outweighed and outnumbered, the Redskins from the Rio Grande Valley took advantage of a fourth down and two situations in Quanah's end of the field to set up the winning touchdown in the final period.

The Donna touchdowns came on a combination of hard hitting football and long passes by quarterback Luz Pedraza.

Behind 21-20 with five minutes left in the game, the Donna line caught Quanah quarterback Danny Scarborough on his own 42-yard line when he failed on a fourth down and two yards needed situation.

Pedraza led the Redskin attack, using fullback Freddie Edwards in power plays to keep the Indian defense tight enough to use two long passes effectively. Edwards carried the ball 14

times in the first half picking up 64 yards. Donna capitalized on the only fumble of the game in first half to take a 12-7 advantage into halftime. Quanah halfback Blackie Wade was hit on the Donna 47 and the ball went scooting toward the sidelines. Oscar Avila dropped on it before it went out of bounds and Donna took over.

Baltimore Colts Deflate San Francisco, 27 To 24

SAN FRANCISCO (AP) — Baltimore quarterback Johnny Unitas threw three touchdown passes Saturday for a 27-24 National Football League victory over San Francisco. A 49er go-for-brake effort failed with nine seconds left.

Trailing by three points with the ball on the Baltimore 30, the home club decided against a field goal attempt and for a pass. As a crowd of 45,517 and a national television audience watched, the Colts batted down John Brodie's pass attempt to R. C. Owens in the end zone.

The Brodie-Owens combination had clicked for touchdowns twice previously in the final NFL game of the season at Kezar Stadium. The loss dropped the 49ers into fourth place in the Western Division with Baltimore moving up to third.

The veteran Unitas hit scoring strikes of 19 yards to rookie Mark Smolinski from Wyoming, 25 to veteran Jim Jutscheller and 20 to Jimmy Orr. In addition to the Unitas touchdown throws, Steve Myhra contributed field goals of 20 and 28 yards, plus three conversions.

Baltimore 3 17 7 0-27 San Francisco 10 9 7 7-24

The second Donna touchdown was set up after Quanah was held near their goal line. End Everett Kelley punted straight up and bounced out on the Quanah 17. The Redskins took advantage of the 4-yard kick and drove the ball over in five plays. Pedraza had both of the passes for extra points knocked down in the first half.

Midland Wins Negro Title

MIDLAND (AP) — Midland Carver's Hornets defeated the Conroe Bulldogs 44-16 Saturday in a Class AA Negro high school state championship football game.

Gifts FOR YOUR OWN SANTA!

Conroe took the lead 8-0 midway through the first period on a 9-yard pass from Leon Hicks to Charles Harris. The same two teamed up for the extra points.

TEXAS LONGHORNS Win, 78 To 68

LOUISVILLE, Ky. (AP) — A well-balanced Texas team took third place in the Bluegrass Invitational Basketball Tournament Saturday night with a 78-68 victory over Western Kentucky.

St. Bonaventure and Louisville met for the championship in the second game.

Texas, after a close duel early in the game, took the lead for keeps at 18-16 midway in the first half. The Longhorns led 42-30 at intermission.

Texas' Mike Humphrey and Butch Skeete picked up 15 points each. Western's star, Bobby Rascoe, scored 29.

Chargers Place Ten On All-Stars

DALLAS, Tex. (AP) — Champion San Diego placed 10 players on the Western Division All-Stars who compete against the Eastern in the American Football League's pro bowl game Jan. 7.

The 22-man squad, selected in a poll of head coaches, will be augmented by seven players to be named by Sid Gillman of San Diego, who will coach the Western All-Stars.

Dallas placed six on the squad while Denver and Oakland each landed three.

Red Raiders Win Over Loyolans

LUBBOCK (AP) — Texas Tech jumped off to a 15-0 lead and coasted to an 87-7 triumph over Loyola University of New Orleans Saturday night before 8,500 fans.

In leading the Red Raiders to their third victory in four starts, the Mutt and Jeff duo of 6-10 Harold Hudgens and 5-10 Del Ray Mounts accounted for 50 points.

Mounts scored 27 points in 32 minutes and Hudgens had 23 in only 21 minutes.

Clayton Heafner Widow Is Dead

CHARLOTTE, N.C. (AP) — Mrs. Mary Allen Heafner, 42, widow of professional golfer Clayton Heafner, died in a Charlotte hospital Saturday of a heart attack.

Her husband, known as the Candy Kid during his years on the pro circuit, retired from the tournament trail several years ago and owned and operated a course here until his death last Dec. 31 of a heart attack.

She is survived by a daughter, Donna, 13; two sons, Vance, 7, and Michael, 4; two brothers and a sister.

Dumas Wins, 6 To 0, Over Nederland 11

By HAROLD V. RATLIFF
DALLAS (AP)—John Whiteside's running and defense speared Dumas to a 6-0 victory over Nederland for the Texas schoolboy Class AAA football championship Saturday.

It was a tough fight for the boys from the tip of the Panhandle, winning their first title in history. They had to stop Nederland in the shadow of their goal line on two occasions, with Whiteside choking off one drive with a pass interception and

RATLIFF

Mike Boxwell halting the other in the same way.

In the final minutes, Nederland launched a drive that rolled past midfield before being bogged down by a personal foul penalty.

Whiteside ran 18 yards down the sidelines to the Nederland 39 to set up the Dumas touchdown. He got another run of 13 to push the 67-yard drive along. Boxwell's 15-yard run placed the ball on the three and from there Dale Vick, who was playing his 34th straight game, banged over for a touchdown. Whiteside failed to run across the conversion.

A crowd of 4,500 watched the game played on a muddy field.

Go Fly Is Winner Of Top Event At Sunland Park

EL PASO — Going off as the longest shot on the board, Go Fly took the lead from Sweet N Tangy as they turned for home and under vigorous handling inside the 16th pole lasted to hold off the belated bid of Two Dreams, who bested Ginos Dream by a half length. The favorite Lien finished last in the eight horse field.

The winner was under slight restraint while laying off the early pace but under clever handling by Bobby Harmon took command when Sweet N Tangy faltered. Two Dreams did not break alertly but made up considerable ground and was getting to the winner at the end.

Time for the mile was a swift 1:38 flat, with the victor returning \$36.40, \$11.60 and \$5.00 across the board.

Trainer Reggie Cornell, who ships his powerful string westward tomorrow, scored two wins in as many starts, which boosted jockey Danny Velasquez's total wins to 34.

An attendance of more than 2,200 racing fans wagered a total

of \$164,270 on Saturday's racing card.

The famous Texas Derby will be renewed Sunday, with jockey Johnny Longden riding the big race. The first post time is 1 p.m.

Coyotes Slam Jacket Crew

By MIKE COCHRAN
FORT WORTH (AP)—Tailback Mike Kelly picked up where Larry Shields left off and the Wichita Falls Coyotes tripped Galena Park 21-14 Saturday for the Class AAA schoolboy football championship.

Kelly, ailing last week when the Coyotes smashed Fort Worth Paschal, scored two long-range touchdowns and passed for another to lead Wichita Falls to its fifth state crown.

The speedy senior scored on runs of 35 and 59 yards and connected on a 47-yard pass with Don Denham for another.

The Coyotes packed all their scoring in second half after the surprising Yellow Jackets, three touchdown underdogs, moved into a 6-0 lead at halftime.

A four-yard pass from Mickey Holder to Howard Twilley about two minutes deep in the second quarter put the South Texas team into the lead and left a crowd of 14,828 wondering just what was taking place.

But Coach Joe Golding's Coyotes, who failed to penetrate the Galena Park 50-yard-line in the first half, exploded late in the third quarter.

Kelly broke the ice for Wichita Falls with a 34-yard run in the period when he located Denham at the 10 with a third-down pass. Denham loped on in and the Yellow Jackets never again saw daylight.

The South Texans scored their second touchdown on the final play of the game, after time had

actually run out, and after the officials had fought a massive crowd of Coyote supporters from the field.

The Coyotes drew an offside penalty on the final play and many of the fans thought the game had ended. But Ronnie Powell, at least, assed the pain of defeat for the Yellow Jackets when he skirted right end from the Coyote 3 and sailed across for the touchdown. Holder passed to Doyle Johnson for two points as the officials battled the exuberant sideline crowd.

The Coyotes wasted little time increasing their one-point lead, scoring on the first play of the fourth stanza. Facing a third and six situation, Kelly took a hand-off from Shields, who scored four times last week while his running mate nursed a flu virus, and spun through the right side of the line 55 yards for the TD Ronnie Shields, Larry's brother, kicked his second of three extra points and the Coyotes boasted a 11-6 lead.

Kelly's third touchdown, which actually clinched the championship, came with 10 minutes remaining. The Coyotes had taken possession at their 38 on a punt and Shields had picked up three through the line.

Then Kelly, on a nifty fake to Shields, zipped again through the right side of the Yellow Jacket line, picked up a terrific block from Denham at the 35, and galloped 59 yards into the end zone.

Kelly gained 136 yards on 15 carries to overshadow Shields, who contributed 80 on 17 trips. In addition, Kelly tossed five passes, completing two for 57 yards.

Bat Champion Is Confirmed

BOSTON (AP)—Norm Cash of Detroit, who increased his average 75 points, win the American League batting championship in 1961 with a .361 mark, while Roger Maris of New York captured the home run and runs batted in titles.

This was confirmed Saturday with the release of the official statistics by the American League Service Bureau.

Cash, a .286 batter in 1960, was a runaway victor last season. Al Kaline, another Tigers' star, finished second with a .324 average and Jim Piersall, traded last month from Cleveland to Washington, was third at .322.

Only four other players among those eligible for the title with a minimum of 500 total appearances over the 162-game schedule wound up with averages of .300 or higher. They were Mickey Mantle, New York, .317; Jim Gentile of Baltimore and Earl Battey, Minnesota, .302 each, and Tito Francona, Cleveland, .301.

Maris, voted the circuit's most valuable player for the second straight year, had 61 home runs, a record for one season, and collected 142 runs batted in. The Yankees' right fielder also had the most total bases, 396 and shared the runs scored lead with Mantle at 122.

Cash, a first baseman, had the most hits, 193, and Kaline, an outfielder, collected the most doubles, 41. Jake Wood, Detroit's rookie second baseman, was the pace-setter in triples with 14.

Luis Aparicio, fleet shortstop of the Chicago White Sox, had 53 stolen bases to lead in this department for the sixth straight season. Aparicio also was caught stealing the most times, 13.

Detroit had the highest team batting average; .2663 to Cleveland's .2661.

Duck Numbers In Decrease

AUSTIN—Duck population along the Texas coast showed a definite decrease this year over 1960, in a waterfowl inventory taken by biologists of the Game and Fish Commission and the U.S. Fish and Wildlife Service.

The inventory along the coast, made Nov. 18-22 inclusive, showed an estimated waterfowl population of 910,899 as compared with 1,463,500 for the same time last year.

The biologists estimated the duck population at 695,514 this year with 859,600 in 1960; the goose population at 183,794 as compared with 437,600 last year, while the coot population estimated was 26,491 as compared with 166,306.

Because of bad weather, considerable area in the Corpus Christi-Lavaca segment had to be omitted.

The survey was made by Charles Stutzenbaker, Game and Fish Commission biologist, with E. B. Chamberlain of the Department of the Interior, flying a Gruman Goose, as pilot observer. All the important waterfowl habitat was covered between the Sabine River and the Rio Grande, with small exceptions, according to the report.

Last year, the heaviest waterfowl concentration was in the area between the Sabine and Galveston Bay. This year, the heaviest concentration was in the area between Corpus Christi Bay and the Rio Grande.

The heaviest decrease in species percentage-wise was of the Northern Mallards, where there was a drop of 25,000 birds. The pintail population held steady, as did the Canada Goose. Snows and blues, however, showed a heavy decrease.

Flash Elorde Stops Coprari In First

MANILA (AP)—Gabriel (Flash) Elorde, fast-punching Filipino southpaw, stopped Sergio Coprari of Italy in 2:22 of the first round Saturday night and retained his world junior lightweight championship.

Coprari was floored three times, first for a count of three. Elorde was after him immediately and after a sharp exchange

dropped the Italian for an eight-count.

The third time the dazed challenger fell halfway through the ropes and signaled to his manager he could not continue.

Elorde weighed 130 pounds and Coprari 129½ for the scheduled 15-round bout witnessed by 35,000 spectators in the outdoor Rizal Baseball Stadium.

Elorde's manager, Lope Sarreal, said afterward he has offered lightweight titleholder Joe Brown of Houston \$60,000 to defend his crown against Elorde in Manila.

"Elorde is now a lightweight and is having difficulty making the 130-pound minor lightweight limit. So we might as well go after Brown," Sarreal said.

Elorde's triumph over Coprari, ranked No. 2 by the U.S. National Boxing Association, marked the third successful defense of the championship he won by knocking out Harold Gomes of Providence, R.I., March 16, 1960. He later stopped Gomes in a return bout and then won a decision over Joey Lopes of Sacramento, Calif.

Rams Will Open Against Badgers

SAN ANGELO — The San Angelo College Rams, victorious by an 89-65 count over Goodfellow Air Base in their last start, open Western Conference play Tuesday night in Amarillo.

The Rams, who currently have a 5-2 won-lost record, play Frank Phillips in Borger Wednesday.

Two West Texas Elevens Sack Up State Crowns

By The Associated Press
Wichita Falls won its fifth Class AAAA schoolboy football championship Saturday with a 21-14 victory over Galena Park behind the running and passing of Mike Kelly while Dumas took the Class AAA crown.

Albany repeated as champion of Class A and sent its winning streak to 29 straight Friday night with an 18-12 decision over Huldaisetta.

Dumas came out of the Panhandle and beat Nederland 6-0 at Dallas for its first Class AAA state championship in history.

The Class AA title was decided Saturday night in the clash of Quannah with Donna at Austin.

Wichita Falls had to come from behind to topple Galena Park's determined Yellow Jackets but Kelly had the answer. He ran 55 and 59 yards for touchdowns, passed for another and the Coyotes had their second state title in four years.

John Whiteside and Mike Box-

well were the big men in Dumas' victory over fighting Nederland, which twice swept into the shadow of the Demons' goal line only to be repulsed by the mighty Dumas pass defense. Whiteside's two runs that totaled 31 yards and a 15-yard dash by Boxwell led to the Dumas touchdown, scored by Dale Vick.

By MAX B. SKELTON
HOUSTON, Tex. (AP)—Kansas ran Rice University ragged with double reverses and the power of Ken Coleman Saturday as the Jayhawks crushed the favored Owls, 33-7, in the third annual Bluebonnet Bowl football game.

Coleman, a 201-pound sophomore, scored twice while grinding out 107 yards in 18 carries and Roger McFarland got two more on neatly executed double reverses.

John Hadl, who Friday denied charges he had signed a pro contract, directed all five Kansas scoring drives and set up one of Coleman's touchdowns with a 41-yard scamper on a faked fourth down punt.

yards to the Rice four in four carries. McFarland moved to the one in two plays.

Gary Poage started Rice toward its only score with a 21-yard run to the Kansas 48. Kerbow passed 11 yards to Burrell and Butch Blume put the Owls within striking distance with an 18-yard run to the 12. Blume also kicked the extra point that gave Rice its brief lead.

Hadl's 41-yard run carried to the Rice 19 midway in the second period. On the next play, Coleman ran over three Rice defenders while powering 18 yards to the one, from where he plunged over.

In the last 28 seconds of the half, Kerbow completed three passes that moved Rice 61 yards.

Bob Watt caught a 35-yarder at the Kansas five as the halftime gun sounded, but he was off balance and the ball died at the Jayhawk five.

Kansas had the ball only twice in the third quarter but scored both times and pulled away to a 25-7 lead.

Coleman and McFarland accounted for all but McClinton's four-yard touchdown run on the 50-yard drive, Coleman carrying four times for 29 yards.

Late in the period, Fred Eisman recovered a Rice fumble at the Owl 36 and McFarland got his first double reverse six-pointer 11 plays later. A 13-yard pass from Hadl to Tony Leiker moved to the 14, the only pass of the drive.

Kansas stayed on the ground all the way on its final drive, with Coleman contributing 21 of the 69 yards in four carries.

The Jayhawks threatened for another score in the final minutes, moving from their 48 to the Rice 21 before Lonnie Caddell intercepted a Hadl pass.

Kerbow completed 10 of 16 passes for 156 yards. Blume was the leading Rice rusher with 26 yards in six carries.

Kansas ground out 293 yards rushing and limited Rice to only 58 yards.

Charley Neal Goes To NY Mets As Trading Winds Up

By The Associated Press
A flurry of last-minute activity with Charley Neal going from the Los Angeles Dodgers to the New York Mets in one of the principal deals—closed out baseball's inter-league trading season.

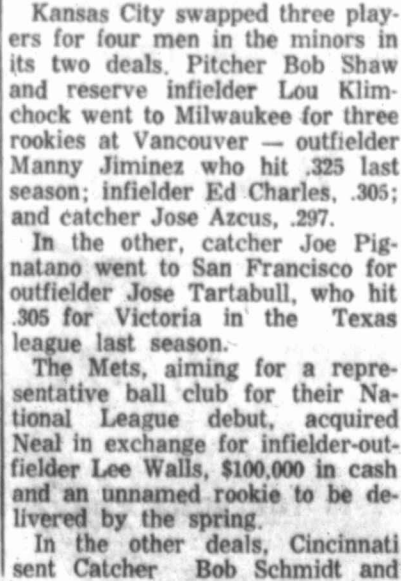

In all, there were five transactions, a pair of them engineered by Kansas City just minutes before the interleague trading deadline at midnight Friday night.

Kansas City swapped three players for four men in the minors in its two deals. Pitcher Bob Shaw and reserve infielder Lon Klimchuck went to Milwaukee for three rookies at Vancouver—outfielder Manny Jimenez who hit .325 last season; infielder Ed Charles, .305; and catcher Jose Azuc, .297.

In the other, catcher Jose Pignatano went to San Francisco for outfielder Jose Tartabull, who hit .305 for Victoria in the Texas league last season.

The Mets, aiming for a representative ball club for their National League debut, acquired Neal in exchange for infielder-outfielder Lee Walls, \$100,000 in cash and an unnamed rookie to be delivered by the spring.

In the other deals, Cincinnati sent Catcher Bob Schmidt and

pitcher Dave Stenhouse to Washington for outfielder Marty Keough and another player to be named later. Philadelphia bought third baseman Andy Carey from the Chicago White Sox for an undisclosed sum. The Phils will send two minor leaguers to the White Sox and receive one to complete the deal.

The trade that brought Neal to the Mets was one of the more important of the trading season. Neal, 30, has played second base during most of his six years in the National League.

Neal was the Dodgers' batting star in the 1959 World Series against Chicago. He hit a pair of homers, drove in six runs and hit .370. He slumped the next two seasons, and last year had 10 homers and a .225 average. Walls, 28, batted .280 for the Phillies last season.

Among the other major deals was the swap of Houston pitcher Sam Jones to Detroit for pitchers Bob Bruce and Pete Montego. Jones, one of San Francisco's top pitchers who suffered from arm trouble last year, was picked up by Houston in the expansion draft.

The Mets, who picked up 22 players in the expansion draft, now have 34. Other recent acquisitions, all by purchase, include outfielder Richie Ashburn from the Cubs, Frank Thomas from Milwaukee and pitcher Herb MoFord from Baltimore.

Sands Halves With Dragons

ACKERLY — The Sands girls won their fifth straight basketball game and ran their won-lost record to 7-4 for the season by defeating Flower Grove, 35-25, here Friday night.

Zelda Bodine led the Mustangs with a 19-point effort.

Flower Grove's boys won over the other part of the double-header, turning back the resident team by a count of 49-34. The Ponies have been hit hard by illness the past several days.

Sands now has a 6-5 won-lost record.

Chippy Matthews scored 15 points for the Dragons while Eugene Coleman had 12 for Sands.

Coach LaVerne Laws plans to take his team to Lubbock Tuesday night to see the University of Oklahoma-Texas Tech game. Laws formerly played under the OU mentor, Doyle Parrack.

GIRLS' game — Bodine 6-7-19; Dyer 1-1-3; Burdette 6-13 Totals 13-9-35.

KLONDIKE (25) — Beaman 4-8-8; Benson 2-10-14; Noll 1-1-2 Totals 7-11-25.

Score by quarters: Sands 15 13 7 25; Flower Grove 10 13 17 25.

BOYS' game — Shorts 2-4-4; Coleman 4-1-12; Newsum 0-2-7; Wasson 1-3-4; Green 10-24-31.

FLOWER GROVE (49) — Matthews 5-13-13; Reson 3-1-11; Ashart 0-3-3; Doss 1-2-2; Garrett 3-4-4; Schneider 0-1-1; McClain 1-1-2 Totals 17-15-49.

Score by quarters: Sands 15 13 7 25; Flower Grove 10 13 17 25.

FOURTH RACE (600 yards) — Flight Deck, 6:40, 2:30, 2:30; Von Dumpy, 5:20, 5:20, 2:50; 2:50, 2:50; Pige Hooters, 5:00, 2:50, 2:50; 2:50; Lush Note, 4:30, 2:50; Henny Holdup, 4:50. Time 1:06.3.

FIFTH RACE (6 furlongs) — Battle Lina, 3:00, 2:50, 2:50; Y Formation, 6:40, 3:00, 3:00; and Gumbo Dandy, 3:20, 3:20, 2:50, 2:50, 4:40; Beau Custer, 4:30, 3:30, 2:50; Mister D, 4:40, 4:40. Time 1:13.5.

SIXTH RACE (6 furlongs) — Aurora Call, 2:40, 2:50, 2:50; Repetider, 7:20, 4:30; Loree Rev, 2:50. Time 1:13.

SEVENTH RACE (6 1/2 furlongs) — 1:10.20; Sister Jan, 3:40. Time 1:12.

EIGHTH RACE (6 1/2 furlongs) — Silver Slick, 7:50, 6:50, 4:40; Beau Custer, 2:50, 2:50, 2:50, 2:50; 2:50, 2:50. Time 1:17.2.

NINTH RACE (6 1/2 furlongs) — Twenty Dollars, 7:50, 2:50, 2:50; Pige Hooters, 5:00, 2:50, 2:50; 2:50, 2:50. Time 1:17.2.

TENTH RACE (1 1/4 miles) — Army Lee, 3:30, 3:30, 2:50; Mister D, 4:40, 4:40; Steep J, 3:00. Time 1:40.2.

GUINELLA — 10.45.

Jensen Says He Will Quit Game

BOSTON (AP) — Jackie Jensen's brilliant but controversial athletic career, which included football stardom and one of baseball's highest awards, appears to be at an end.

The 34-year-old outfielder indicated to his Boston Red Sox teammates Friday night that he will retire from baseball and devote his time to business in Nevada and California.

The apparent decision follows by only a few days announcement by the Red Sox of a unique travel schedule, designed to fit around Jensen's much publicized fear of airplane travel. The club also had repudiated him a contract.

"The seeming decision to quit baseball was not much of a surprise," Jensen quit the club with one game left to play at the end of the 1959 season — only one year after he was named the American League's most valuable player.

But he came back after being out the entire 1960 campaign and played most of the 1961 schedule,

Syracuse Slams Back To Humble Hurricane

PHILADELPHIA (AP) — Syracuse, frustrated for two periods and trailing by two touchdowns, slammed back in the final half on the vicious running of All-America Ernie Davis and the pin-point passing of Dave Sarette Saturday for a 15-14 victory over

Miami (Fla.) in the Liberty Bowl football game.

Davis, held to 38 yards in the opening half, carried the Syracuse team on his back on a 42-yard drive in the third period, smashing over for the touchdown from the 1.

The second touchdown came on

a 7-yard pass from Sarette to his favorite target, halfback Dick Easterly, in the fourth period, culminating a 51-yard march.

Sarette, who out dazzled Miami's celebrated quarterback George Mira with his passing, also hit Easterly for a two-point conversion after the first score and Ken Ericson booted the final, clinching extra point from placement, after the second.

Miami had surprised the meager crowd of 15,712 by stopping the great Davis and rushing to an early lead on a 12-yard run in the first period by Jim Volleweider and a 60-yard punt return in the fading seconds of the opening half by sophomore Nick Spill.

Miami 6 8 0 0-14
Syracuse 0 0 8 7-15

Only Seven Of Tech's 33 Lettermen To Graduate

LUBBOCK — Thirty-three Texas Tech Red Raiders have been approved by the athletic council for 1961 varsity football letters, Coach J. T. King announced today.

Only seven will be lost by graduation. The seniors are end Bob Witucki of Tulsa, tackles Larry Mullins of Snyder, Pat Holmes of Del Rio, Richard Stafford of Roaring Springs, halfbacks Bake Turner of Alpine, Dick Polson of Amarillo, and fullback George Fraser of Llano.

Returning lettermen by position:

Ends Larry Jones of Lubbock, Jerry Garrison of Levelland, Jim Garrison of Abilene, Jim Hacker of Bowie, sophomore; Tackles Bill Shaha of Dumas, Dennis Watkins of McCamey, Roy Blair of Midland, sophomore; Guards Kelly Mitchell of Hobart, Okla., Nathan (Sonny) Armstrong of Sweetwater, today, Mike Miliken of San Angelo, juniors; Robert Foster of Sundown, Bev Hernandez of Sweetwater, sophomore; Centers Jerry Elbert of Wellington, Charles Harrison of Abilene, Dennis Grimes of Seagraves, juniors; Quarterbacks Johnny Lovelace of Farwell, Allen Shuler of San Antonio, juniors; Doug Cannon of Levelland, sophomore; Halfbacks C. W. Williams and Charles McEntire of McKinney,

Wiginton Named To Little A-A

PORTALES—Eastern New Mexico quarterback, Sonny Wiginton has been named to his third Little All-American football team.

The 6-2, 170-pound junior from Woodward, Okla., has recently been named to the Williamson's Rating System Little All-American team. He previously had received honorable mention ranking on the National Association of Intercollegiate Athletics (NAIA) team and on that team chosen by the Associated Press.

Wiginton has rewritten Eastern's passing marks and has accumulated 2,194 yards passing in two seasons. He has completed 145 of 297 passes for 18 touchdowns while leading Eastern to a 9-1 record in the past two seasons. This season the Greyhounds won five and tied one in 10 games.

Teams From Three States In Pan-Am Cage Tourney

MCALLEN, Tex. (AP) — Cage teams representing three states will participate in the Pan-American Holiday Basketball Tournament here Monday and Tuesday nights.

Teams that will see action are Pan-American College of Edinburg, Kansas State Teachers College of Emporia, Kan., Southwest Texas State College of San Marcos and Southeastern State College of Durant, Okla.

The first night Kansas State Teachers College will tangle with Southwest Texas State in the opening game at 7:15 and Pan-American and Southeastern State Col-

lege will meet in the second game at 9:15.

The second night of the tournament will find the winners playing for the championship and the losers playing for the consolation title.

Pan-American, defending Big State Conference champion, has won eight games this season while dropping two. The Broncs are paced by Ellis Applying who is scoring at an 18-point a game clip.

However, Southwest Texas State, which made it to the quarter-finals of the NAIA Tournament last year at Kansas City, is expected to be strong again this year.

Giants Can Cinch Spot In Playoffs

NEW YORK — Two National Football League clubs that have been in a showdown virtually every time they have met in their spirited rivalry collide today in another big one.

It will be the New York Giants vs. the Cleveland Browns before a sellout crowd of 63,000 at Yankee Stadium on the final Sunday of the regular season. At stake for the Giants: clear title of Eastern Conference champion-

ship. And for the Browns — a place in the NFL's runner-up bowl at Miami on Jan. 6.

New York leads the division with a 10-3 record, the Philadelphia Eagles are next at 9-4, and Cleveland is third at 8-5. The Giants have a three-way possibility at getting into the league title playoff against the Green Bay Packers, who have already clinched the Western championship, on Dec. 31 — a victory or a

tie against Cleveland, or an Eagle loss to the Lions at Detroit. If the Giants lose and the Eagles win, they'll play for the divisional title here next Sunday.

A victory for Cleveland and a loss for Philadelphia would put the Browns in the runner-up bowl since they have the better points for and against record in their two games this fall with the Eagles.

Allie Sherman, shooting for the works in his first season as head coach, will follow his custom and not designate the starting New York quarterback until game time. The two veterans, Y. A. Tittle and Charlie Conerly, have alternated at the post and as Cindereella performers this season.

Whoever does the throwing will be testing the Cleveland secondary with three nifty receivers, Del Shofner, Kyle Rote and Joe Walton. Alex Webster, having his finest year, will be a running back along with rookie Bob Gaiters.

As usual, the proud and rugged Giant defense will be keying on Jimmy Brown, Cleveland's fleet and powerful fullback, who has won the rushing title all four years he has been in the league, currently leads with 1,304 yards and will undoubtedly need a good day to break back the challenge of Green Bay's Jim Taylor. Taylor trails by 77 yards but will be running Sunday against the considerably less sturdy defense of the Rams at Los Angeles.

It's the Giants against the Browns with a lot at stake. It should be a thriller. Game time is 1:05 p.m. CST, with regional television coverage (CBS).

Other NFL games Sunday: Pittsburgh at St. Louis, Minnesota at Chicago and Dallas at Washington.

Hank Winner Over Briton C. Calderwood

DETROIT — "I want to fight a champion, any champion," middleweight Henry Hank shouted in his dressing room after winning a unanimous 10-round decision over Chic Calderwood, the British light heavyweight king.

Hank pounded Calderwood to the canvas with body punches in the third round and turned Chic's face into a bloody mask late in their fight Friday night.

He had to endure a sharp, stinging left hand that popped off his head and face all night to do it, tactics and overhand rights made the difference. Hank, weighing 158, gave away six pounds to the Scotsman.

In the third round Hank smashed Calderwood's body, driving in a right and a steaming left. The Scot grimaced in pain, clutched his belly and sank to the canvas for an eight-count.

"It was unexpected," Calderwood said later. "I knocked the wind out of me and I took a bit of rest."

Hank said in his dressing room: "Calderwood never hurt me, but he's a very smart boy. He has a very good left and he's a very good mover."

Asked about his plans now, Hank replied, "I want to fight a champion, any champion, middleweight or light-heavyweight and I doesn't make any difference which share of the championship they hold."

Calderwood, who lost his second fight in 34 bouts, said he'd like to fight Hank again. Hank won his 50th fight in 66 starts. A crowd of 8,000 paid an estimated \$40,000.

Albany Wins 2nd State Grid Crown In A Row

CORSICANA — Albany had Johnny Agan and a great pass defense Friday night and it won the Lions their second straight Class A schoolboy football championship.

The Lions held on for an 18-12 triumph over Hull-Daisetta in a game played on cold, slushy neutral Tiger Field.

Agan, a 177-pound halfback, raced 29 yards for one touchdown and 62 for the deciding tally as Albany rolled up its 23rd straight victory.

Albany finished the season with the longest winning string in Texas schoolboy football, but the Lions had some anxious moments

in the battle with Hull-Daisetta and its great Gene Walker.

Walker was the outstanding player with his running, passing and defense, scoring both Hull-Daisetta touchdowns.

He got the first with a one-yard smash after setting it up with 19 yards of a 22-yard push that followed recovery of an Albany fumble. Then he turned in the gem of the game—a 60-yard punt return for a touchdown that puts Hull-Daisetta only six points behind with minutes left.

The Albany pass defense that prevented one probable Hull-Daisetta score in the first half came to the aid of the despairing Lions

in Albany, intercepted Walker's pass on the Albany 5 to chill Hull-Daisetta's last hopes. Hill played a tremendous game although limping from an ankle injury.

Hull-Daisetta, which came here undefeated and untied for the season, lost two chances to score on pass interceptions. Walker fumbled away another.

Albany gained 267 yards rushing and none passing while Hull-Daisetta had 183 yards total offense. Agan ran for 133 yards as the leading ground gainer. Walker rushed for 86 yards and passed for 33.

It appears the end of an era for Albany, which will lose seven of its starting team by graduation. These include Agan, Hill, veteran quarterback Roy Hogan and fullback Dennis Tucker.

Hull-Daisetta also loses seven of its starters, including Walker. The 6-2, 194-pound quarterback is reported heading for Sam Houston State College where his father once was a basketball star.

San Angelo Cats Upset South San

SAN ANGELO — San Angelo High upset South San Antonio, the defending state Class AAA champion, by a score of 60-42, here Friday night.

The victory was the fifth in nine starts for San Angelo, who got a late start in the sport due to the lengthy football season.

Alex Decuir led the Bobcats in scoring with 18 points and three of his team mates hit in double figures.

Texas Is Upset By Louisville

LOUISVILLE, Ky. — Veterans Bud Olsen and Jodie Frazier combined for 48 points Friday night to lead Louisville to a 76-60 victory over Texas in the Bluegrass Invitational Basketball Tournament.

Louisville scored its mild upset after St. Bonaventure edged Western Kentucky 66-65 in the opening game.

Cee City Loses To Pecos Quint

PECOS — Colorado City, which hosts Big Spring Tuesday night, dropped a 71-53 basketball decision to the host school in the Pecos tournament here Friday.

Charles Houston led Colorado City with 19 points while Steve Hillhouse had 13.

LOOKING 'EM OVER

With TOMMY HART

Amarillo High's able Bum Phillips, who could probably have the head football coaching job at Stephen F. Austin College for the asking, will not refuse the coaching position at Texas Western College if it is offered to him.

The post was vacated recently by Ben Collins. Dale Hall, deposed recently as head coach at West Point, probably lost out because he didn't 'project,' rather than due to the fact that his teams couldn't beat Navy for three straight years.

Eastern scribes found it hard to paint Hall as a colorful figure and Dale had the misfortune of following in the footsteps of Earl Blaik. Now that Army plans to beef up its football program, it wouldn't surprise me if Paul Dietzel of LSU or Murray Warmath of Minnesota get the job.

Hank Foldberg, whose Wichita University team can be seen in El Paso's Sun Bowl go, was said to have the inside track. Foldberg, it turned out Saturday, landed at Texas A&M.

Two horses which were very successful in past race meetings in New Mexico have been winning consistently at California race courses this winter. They are Dale Robertson's Rebel Cause and Tonto Bars Hank.

Joe Romig, the Colorado University football phenom, and Texas' Jimmy Saxton are both considered too small to play pro football. Big Spring's Danny Birdwell, one of 12 graders to gain their third varsity football letters at Houston University recently, was the fifth draft choice of the Detroit Lions and the sixth draft selection of the Oakland Raiders recently.

John Hadl, Kansas back; Eddie Wilson, Arizona quarterback; Bobby Thompson, Arizona halfback; and Larry Ferguson, Iowa back, were picked before Birdwell by the Lions while Oakland first went for Roman Gabriel, North Carolina state back; Lance Alworth, Arkansas back; Eddie Pine, Utah center; John Meyers, Wash tackle; and Joe Hernandez, Arizona back, in that order. It is interesting to note that Birdwell is the first lineman Detroit chose.

Maris, Mantle Stashing Away Money

Big Spring, without a doubt, could land a Sophomore League franchise, and get a lot of financial help from the big leagues in the bargain, if it had a baseball park.

The league has pulled out of the Alpine and is seeking up to three cities agreeable to taking clubs. There's more than a bare possibility the league won't operate in 1962.

CHICAGO — Eleven successful young men, all wanting to own part of a baseball team, purchased 46 per cent of Chicago White Sox stock from Charles Comiskey Friday.

Chuck Comiskey Sells His Stock In Chicago W. Sox

The sale at an estimated \$3.5 million brought to an end the association of the Comiskey name with the White Sox. The club was founded in 1900 by Comiskey's grandfather, Charles A. Comiskey.

The purchasing group, headed by Chicago attorney Thomas A. Reynolds Jr., 36, said it hoped to work in harmony with Arthur C. Allyn Jr., White Sox president who owns 54 per cent of the club. All are Chicagoans.

George McCarty Is New Western DA

EL PASO (AP)—George C. McCarty, dean of men at Texas "western and a former basketball coach, was named athletic director of the college Saturday.

He assumes some of the duties vacated by the recent resignation of Ben Collins, who had been both head football coach and athletic director. President Joseph Ray of Texas Western said a football coach would be named "as soon as possible."

The naming of an athletic director without coaching duties indicated an expanded athletic program at Texas Western. McCarty was athletic director of New Mexico State University,

where he got bachelor and masters degrees. He was a member of the New Mexico State coaching staff from 1947 to 1953.

He came to Texas Western in 1953 after building the New Mexico Aggies to national prominence in basketball. He rebuilt the Texas Western basketball team into Border Conference champion in 1956-57 and tied for the title in 1958-59. He became dean of men at the school in 1959.

Ray said "we felt we needed a man for this position who has the ability to think big in order to plan our growing athletic program."

New Dispute Over An Old Problem

By MAX B. SKELTON
HOUSTON (AP)—The new dispute over oil imports involves an old and ticklish problem. Various segments of the United States oil industry have been at odds over imports at least 35 years. International implications have dictated cautious actions by the White House, Congress and governmental agencies. The intensity of the dispute has risen and fallen over the years with the status of domestic supply and demand.

The current imports clamor coincides with a world-wide oil surplus that got under way in 1957 after the end of the Suez Canal crisis. Last week the United States produced 7,397,060 barrels of oil a day. Its estimated producing capacity was 10,800,000 barrels a day.

Government officials, after World War II, asked the domestic industry, in the interest of national security, to develop one million barrels of excess production capacity. The National Petroleum Council has estimated today's excess capacity at 3.5 million barrels a day.

Domestic producers have lost markets in recent years to imported oil, but all the blame for a lack of balance between supply and demand cannot be placed on foreign oil.

Natural gas and natural gas liquids—much of it produced by those fighting oil imports—are gobbling up increasing portions of the domestic energy market.

The current problems of domestic producers actually are a combination of the effects of imports, the growth of demand for natural gas, and its by-products, and a lower growth rate for demand for petroleum products.

Domestic demand for petroleum products in 1961 is expected to exceed 1960 by about one per cent. The average annual increase the last five years has been 2.1 per cent. The average annual gain for the 1945-1955 decade was 6 per cent.

Industry spokesmen have issued repeated warnings in recent months that the nation's ability to have to live with demand's lower growth rate.

Two international emergencies have delayed the impact of this lower growth rate.

Domestic supply of petroleum caught up with a booming post-war demand growth in the late 1940s. A campaign to limit imports was well under way by the time fighting broke out in Korea in 1950.

The campaign was renewed in late 1952. Interior Secretary Stewart Udall announced in October he had recommended a reduction in oil import quotas for the first half of 1962. The suggestions ran into opposition, particularly in the State Department.

President Kennedy on Dec. 2 asked an interdepartmental committee to make a new study and submit by mid-1962 recommendations on alternative means of achieving security objectives and providing a basis for increasing the nation's strength to compete in the free world.

Imports opponents asked President Kennedy to reconsider. They also began perfecting plans to carry their campaign to Congress again next year.

Under the program, private companies will finance and build the helium extraction plants near natural gas pipelines. The companies will sell the helium to the government, which will store it in its Cliffsides, Tex., gas field, no longer in production. The program has moved along faster than Congress apparently anticipated. So far, four companies have contracted to sell helium for five plants.

Contracts thus far include Phillips Petroleum Co., plants at Dumas and in Hartford County, Tex., not exceeding \$13.7 million a year. Under the contracts, the government will pay from \$10.30 to \$11.78 a thousand cubic feet for the helium.

Officials have talked with Helium Corp., affiliate of Colorado Interstate & Natural Gas Pipeline of America, about three possible plants, and with Helium Conservation Corp., Midland, Tex., for another. All would be in the Texas Panhandle.

The Senate restored the figure to \$60 million but it finally was set at \$47.5 million by Senate and House conferees.

Under the program, private companies will finance and build the helium extraction plants near natural gas pipelines.

The agreement is said to call for a \$45.11,043 annual increase.

The company had proposed an \$8.6 million boost in rates for gas sold to 68 utility customers in Missouri, Kansas, Nebraska, Oklahoma and Texas.

Company lawyers said the compromise, which would reflect a 1.3 per cent return on investment, was expected to go on to the commission today for approval or rejection.

The increased rates would take effect Dec. 23.

Cities Service filed June 21 for an increase of \$8,684,900 a year—a 16 per cent increase—in its rates to utility customers. The company contended it should be entitled to a 6 1/2 per cent rate of return instead of the old rate of 6 1/4 per cent.

Without the microwave system, the present underground communication cable crossing the Houston Ship Channel would have had to be relocated as part of the waterway's widening and deepening program.

Maintaining a wire system in a densely populated area, such as Houston, necessitates frequent relocations and resulting highway relocations and new housing developments.

Seventeen communication channels will be provided by the new system, which will replace the present wire system. Connections will be made with other parts of Shell Pipe Line's communications network by the company's existing wire line from Katy to McCamey, and from Huffman to Kilgore.

Besides telephone and teletype communications, the new system will handle supervisory control and telemetering circuits for the 24-inch Rancho Pipe Line System from West Texas to Houston and for the Douglass and Goodrich Stations on the Kilgore-Houston 10-inch line.

University of Kentucky trustees aren't overlooking the possibility of a rich oil strike in Texas. They refused an offer to sell 216 acres in Young County, Tex., after being offered \$18,990. The university gets \$774 yearly rental on the acreage.

"I hate to dispose of anything in Texas," commented Frank Peterson, university vice president.

Basin Rotary Activity Takes Jump Upward

MIDLAND—The executive committee of the Permian Basin Petroleum Association will meet at Odessa Wednesday to adopt a policy regarding the oil import situation.

Joseph I. O'Neill Jr., Midland, announced that the session would start at 10 a.m., in the board room of the American Bank of Commerce.

Other matters to be considered include checking on the present status of the Federal Power Commission's area rate hearing on well-head prices for natural gas produced in the West Texas-Southeast New Mexico territory which makes up the Permian Basin, and reviewing the progress being made in the association's membership campaign which has been underway since early in December.

"In view of the recent action of the Kennedy administration in announcing a delay of possibly six months in making any changes in the existing imports program and then following in a few days with an increase in the foreign imports quota of more than 12,000 barrels per day for the first six months of 1962, over that for the same period of this year, members of our executive committee feel we should immediately determine the association's policy on this major matter," said O'Neill in calling the Odessa meeting.

The organization launched its membership campaign early this month. Drives now in progress at Monahan, Odessa and Midland are being satisfactorily received, said Russell J. Ramsland, Midland, general chairman of the membership committee.

Similar drives are planned for all other cities and towns in the 65-county area included in the Permian Basin.

Early in January, the membership campaign is to be extended to Snyder, McCamey, and Andrews in West Texas, and Roswell, Artesia, Hobbs and Livingston, in southeast New Mexico.

Members of the BPBA's executive committee are O'Neill; C. W. Brown, McCamey; W. T. (Bill) Edwards, Odessa; J. Mark McLaughlin, Snyder; and Eugene E. Nearburg, Roswell, vice presidents; J. Wilmont Hunt, Midland, secretary-treasurer; and Hamilton E. McRae and Ramsland, Midland; Marshall Rowley, Artesia, and John Ben Sheppard, Odessa.

AUSTIN (AP)—The State Railroad Commission reported 189 oil well completions the past week to make a total of 9,149 for the year compared to 9,378 last year. There were 78 gas well completions and 105 dry holes.

There were six oil wildcats including two in Dist. 4 and one each in Dists. 6, 7-B, 7-C and 8. There were 26 gas wildcats including eight in Dist. 4, six each in Dist. 3 and 7-C, three in Dist. 2 and one each in Dists. 6, 7-B and 9. There were 51 dry wildcats.

Wells plugged included four gas and 24 oil.

Total average calendar day allowable was 2,863,608 barrels compared to 2,854,898 for Dec. 9.

OKLAHOMA CITY (AP)—Oklahoma's December oil allowable, producing about 325,000 barrels a day, will be continued through January, the Corporation Commission announced today.

Among those asking the FPC to hold the line on Permian Basin prices were Pacific Gas & Electric Co., San Diego Gas & Electric Co., the cities of San Diego and Los Angeles, and three affiliated Pacific lighting companies—Southern California Gas Co., Southern Counties Gas Co., and Pacific Lighting Gas Supply Co.

Basin Rotary Activity Takes Jump Upward

Permian Basin rotary drilling registered approximately a 10 per cent increase in activity, climbing to 266 units in operation, according to Friday's Reed Roller Bit Co. survey.

This is an increase of 24 over last week's 242 and 22 ahead of this time last year's 244.

Lea County, N. M., led basin activity with a 1961 high, 49 rotaries making hole.

The county-by-county survey, with previous totals in parenthesis, includes:

Andrews 12 (14), BORDEN 6 (4), Coke 2 (2), Chavez 1 (1), Concho 2 (2), Crane 23 (17), Crockett 6 (8), Crosby 1 (1), DAWSON 6 (8), Dickens 1 (1), Donna Anna 1 (1), Ector 10 (12), Eddy 15 (14), Fisher 2 (3), Gaines 4 (4), GLASSCOCK 4 (0), GARZA 0 (1), HOWARD 3 (4), and IRION 1 (2); Kent 2 (2), Lea 49 (42), Loving 2 (3), MARTIN 9 (7), Midland 5 (6), MITCHELL 3 (2), Nolan 2 (2), Pecos 21 (12), Reeves 6 (5), Roosevelt 5 (5), Runnels 6 (7); Scurry 4 (6), Schleicher 4 (3), STERLING 0 (1), Stonewall 4 (4), Sutton 2 (2), Terrell 4 (3), Tom Green 2 (2), Upton 4 (3); Val Verde 1 (1), Ward 12 (9), Winkler 12 (12), Yoakum 7 (6), TOTALS 266 (244).

Agreement On Rate Increase

WASHINGTON (AP)—The Federal Power Commission and Cities Service Gas Co. are reported to have agreed on a rate increase for wholesale natural gas sales in five states.

The agreement is said to call for a \$45.11,043 annual increase.

The company had proposed an \$8.6 million boost in rates for gas sold to 68 utility customers in Missouri, Kansas, Nebraska, Oklahoma and Texas.

Company lawyers said the compromise, which would reflect a 1.3 per cent return on investment, was expected to go on to the commission today for approval or rejection.

The increased rates would take effect Dec. 23.

Cities Service filed June 21 for an increase of \$8,684,900 a year—a 16 per cent increase—in its rates to utility customers. The company contended it should be entitled to a 6 1/2 per cent rate of return instead of the old rate of 6 1/4 per cent.

New potential in the local eight-county area slowed up a bit during the first 15 days of December as producers garnered only 1,653.89 barrels of new oil.

At this pace the area should end the month with slightly more than 3,000 barrels. If this occurs, it would be the lowest month of the year. Despite the indicated dropoff, December stands an excellent chance of bettering the 2,452.32 barrels of the same month a year ago.

Although production has increased this year with an expected improvement of almost 10,000 barrels a day over 1960, the 52,319 barrels; Dawson, with 274.52 barrels, and Mitchell, with 71 barrels.

Exploratory drilling in Dawson County led the pace of new locations. Five of seven wildcats staked in the area are in that county. A total of 30 locations have been filed, slightly behind the average of 34 new sites a month.

Shell Establishes LPG Department

Shell Oil Co. has established a separate department to meet the demands caused by increased activity in the liquefied petroleum gas market, according to Sidney Goldin, general manager of marketing.

Daniel E. Hendricks Jr. has been appointed manager of the new department, which is divided into four regional marketing areas. Managers of the four marketing areas operating under Hendricks' supervision from New York are Edwin J. Colerick, Baltimore; Victor R. Storey, Chicago; Charles F. Dexheimer, Houston, and Thomas S. Johnsen, San Francisco.

With A Big Pack On His Back

Santa greets the 19 children from the Howard County Rehabilitation (Crippled Children's) Center after he climbs down from the big jet airplane in front of the 331st FIS operations building at Webb AFB. They all lined up on the side-

Going To See Santa

M. Sgt. Billy Prather of the 331st Fighter Interceptor Squadron at Webb AFB helps the first of 19 children on the Air Force bus at the Howard County Rehabilitation (Crippled Children's) Center. They were taken to the 331st operations building at the base where Santa came in on an F-102 jet with toys for all the children.

Crippled Children Treated By 331st FIS Personnel

Nineteen children from the Howard County Rehabilitation (Crippled Children's) Center were treated to a visit with Santa Claus at the 331st Fighter Interceptor Squadron's operations building at Webb AFB Friday afternoon.

Santa came in on a F-102 jet and rolled up on the ramp in front of the operations building where the children watched him arrive with his bag of toys. The children were taken from the Center, at Eighth and Owens Street, by an Air Force bus. Each child had a talk with Santa and told him they had been good boys and girls and what they wanted for Christmas.

Richard Engle Completes Work At YMCA School

CHICAGO, Ill.—Richard M. Engle, 24, has received a Master of Science degree in group work from George Williams College here. A YMCA scholarship student, Engle and his wife, Sylvia, make their permanent residence at 428 Byron, Big Spring. He is the son of Mr. and Mrs. A. D. Engle.

Birth Control

UNITED NATIONS, N. Y. (AP)—A U.N. Assembly committee has agreed to debate birth control in the next Assembly session but knocked out proposals for giving it priority or calling it an important item.

Farm Loans Now Available Through FHA

Operating loans up to \$35,000 are now available to eligible operators of farms through Farmers' Home Administration, Lee Tunnell, the agency's county supervisor reported.

Last Rites Said For Dr. Lancaster

Last rites were said in the First Baptist Church of Lampasas for Dr. C. E. Lancaster 73, former pastor of the First Baptist Church in Big Spring. Burial was in the family plot in the Smith Cemetery, about 15 miles north of Lampasas.

Dr. Lancaster, who served here from 1937-41, died early Friday at the VA Hospital in Temple. He had suffered from a malignancy for several years. Prior to coming here, he had been pastor of the First Baptist Church in Pampa for 12 years.

Committee To Meet Legislators

All members of the legislative committee have been invited, he said. The luncheon will be held at the Chamber of Commerce.

Rites Today For Albert Robinson

Funeral services were held Friday at 2 p.m. in the Kiker and Son Chapel with Rev. A. E. Bunnell, Austin Street Baptist Church, officiating. Burial was in the Colorado City Cemetery under direction of Kiker and Son Funeral Home.

CHOIR SINGS TODAY IN NEW ROBES
East Fourth Street Baptist Church annual cantata at 7 p.m.

MEN IN SERVICE

NAPLES, Italy—Lt. Col. Dayle H. Rasberry, son of Mr. and Mrs. L. D. Rasberry, Lubbock, will spend Christmas in this Italian port city, where he is serving at the Headquarters of the North Atlantic Treaty Organization's Allied Forces in Southern Europe. A graduate of Ackerly High School, he attended Texas Technological College and the University of Pittsburgh. He holds both a BBA and an ML degree. The colonel and his wife, the former Nova Hancock, Lamesa, have two children, Stanley and Beverly.

Travis D. Wyatt Jr., airman apprentice, USN, son of Mr. and Mrs. T. D. Wyatt, 1713 Purdie, is serving aboard the anti-submarine warfare support aircraft carrier USS Bennington, a unit of the First Fleet which also took part in Exercise Black Bear.

Troyce E. Houchin, son of Mr. and Mrs. Idis L. Houchin, 1690 Wren, is now in the second week of basic combat training with Company 'G' of the 1st Training Regiment, Fort Carson, Colo. Houchin is a 1957 graduate of the Big Spring High School and the Howard County Junior College, where he graduated in 1961 with an AA Degree. Before entering the Army, Houchin was employed by the Montgomery Ward in Big Spring.

Eight New Street Lights Are Proposed

Eight new street lights are scheduled to be installed in the city as soon as crews from Texas Electric Service Co. can get to them.

Four of the lights will be placed on East Sixth street, now a thoroughfare, between Settles and McEwen streets. They will be the new 6,000-lumen type being used on all thoroughfares except highways, and will fill in an unlighted strip through what old-timers called "Cannibal Draw."

Two new lights, matching those in the same area, will be placed on Northeast Eleventh, with one at the intersection with the Snyder Highway, and one on top of the hill to the west. Another will be placed on top of the hill on Northeast Tenth, and one also at the intersection of North Runnels and Northeast Eighth.

A. K. Steinheimer, city manager, said the lights on Northeast Eleventh and Tenth, would be to light up the hill to the west of the Snyder highway, as it is higher than other lights on the streets.

Special Cantata Presentation Today

The East Fourth Street Baptist Church choir, under the direction of Billy D. Rudd, will present its annual Christmas music program at the regular evening service today.

The cantata, "Night of Miracles" by John W. Peterson, which tells of the birth of Christ and of the events on the night He was born, will be sung by the choir and narrated by the pastor, Jack

Top Bucking Horse Named

DENVER—Jesse James, a high-flying palomino, today was named rodeo's "bucking horse of the year" by close vote among the nation's top 20 saddle bronc riders.

The 9-year-old gelding purchased last month by Hoss Inman, Lamar, Colo., rodeo stock contractor for \$2,200, nosed out another Colorado entry, Sage Hen, for the award which holds high prestige in the world of the cowboy.

Sage Hen, owned by Harry Knight, Fowler, Colo., lost last year by the same narrow margin, the award going to another Knight bucking horse, Jake. The latter wound up third this year on the voting poll.

Jesse James, a half-thoroughbred, was bred by Joe Schomer, Ft. Pierre, S. D., rancher. Five years ago the horse was purchased by E. C. Roberts, Strong City, Kan., in whose hands the animal became one of rodeo's hardest horses to ride. He follows no set pattern in his spine-jarring kicks and high nose-dives. Roberts, planning retirement, sold his bucking string at auction. Inman bought the horse in spirited bidding against Knight and another Colorado stock contractor, Walt Alsbough, of Alamosa.

Only tangible reward for Jesse James is a hand-carved, silver-mounted halter, to be presented at the National Western rodeo in January.

The award came into being, in 1956, through efforts of the bronc riders themselves who felt great bucking horses should win recognition as well.

Cubs Make Gifts

Cubs in Den 5, Pack 137, finished decorating the tree and made gifts for their dads, during the meeting Thursday at the den mother's house, Mrs. Doyle Hale. Members include Glen Boone, Danny Ballard, Scott McLaurin, Greg Birrell, Mark Denson and Harvey Jones. Two boys were ill and could not attend.

Base Asks Bids On Six Projects

Six invitations for bids on work at Webb AFB, went out last week to contractors in this area. The projects include the installation of cathodic protection at the base. Bids on this project will be opened at 2 p.m., Jan. 8, 1967.

Bids on the modification of the flight simulator will be opened at 2 p.m., Jan. 11, 1967. Bids on the construction of power check pad and access taxiway, will be opened at 3 p.m., Jan. 11, 1967.

Bids on the installation of conductive tile flooring in Surgical Ward B-511, at the Base Hospital will be opened at 10:30 a.m. Dec. 20, 1966. Bids on the modification of a kitchen will be opened at 10:30 a.m. Dec. 21, 1966.

Bids on the extension of water distribution systems will be opened at 3 p.m., Jan. 12, 1967.

All bids will be opened in the office of the contracting officer, Building No. 262, at Webb AFB.

Board To Make Decision On Next Step In Appeal

Whether the Howard County School Board will file a motion before the Texas Supreme Court for a rehearing on its appeal in the Gay Hill-Center Point school annexation case will be decided over the weekend.

Gil Jones, attorney for the school board, said he would confer with the members of the board and that a decision on the next step would be reached by Monday. He said he personally favored filing a motion for rehearing now that he has read the 16-page opinion of the high court.

"The supreme court," he said, "held with us on every point of law involved in the matter. We carried, as you might put it, 14 of the 16 pages of the opinion. We won all of the battles, it seems, but lost the victory."

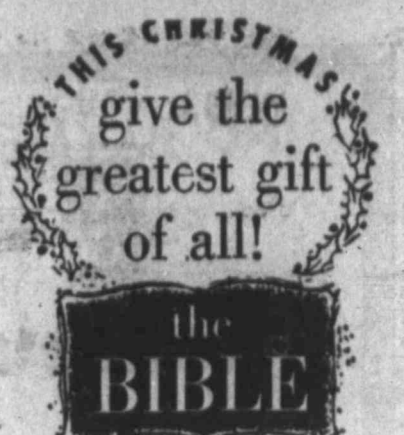

"Because of the attitude of the high court on the law I think it would be advisable to press for a rehearing and to stress before the tribunal a request that it explain just how an 'election' in a

case of this kind should be and can be made."

The supreme court, in its opinion, upheld the findings of an appeals court decision which remanded the trial of the Gay Hill-Center Point appeal to the 118th District Court. The District Court here had held on June 24, 1966, that it had no jurisdiction to try the appeal brought by the two districts against being annexed by Howard County School Board order to the Big Spring Independent School District.

Judge Ralph Caton ruled that the two districts had "elected" to appeal to the Texas Board of Education because they had filed their protest with that board before filing their case in the 118th District Court here on May 6, 1966. He held that "election" deprived his court of the right to try the case.

The matter was taken to the Eastland Court of Civil Appeals where the action of the district court was reversed. This led to

Whose Birthday?

The heat is on. The hectic pace of the weeks before Christmas is making a madhouse of many American homes once more.

Shopping, wrapping, and mailing; cards, ribbons, and stickers; cleaning, cooking, and baking; plans, parties, and programs—it's the old story over again.

The world is getting ready for a birthday, but thousands have no idea whose birthday it is; and, what is worse, many of them will be too busy to find out.

The Christian Church must remind the world that Christmas is the birthday of the Son of God.

"Unto you is born this day in the City of David a Savior, which is Christ the Lord." Luke 2:11.

This birth announcement makes Christmas for the Christian.

Christmas is the birthday of the world's Redeemer. Let us keep it that. Let us crowd our Christian churches with festival throngs. Let us fill the air with jubilant hymns and joyful carols. Let us worship at the manger bed.

In that way, and in no other, will we be able to rescue Christmas from those influences which would make of it a pagan holiday.

Will the Christ of Christmas find you celebrating His birthday? Or will He just find you celebrating?

If you have no church affiliation or would like to know more about the teachings of the Christian Religion, or if you are in need of spiritual counsel, please contact us. AM 4-7165.

A MERRY CHRISTMAS DOOR at the home of Mrs. O. M. Waters, 2802 Cactus. Glistening silver ribbon and wreaths, clusters of pink baubles interspersed with pink-wrapped packages and sprigs of evergreen, all framed by pink wrought iron and crystal etching of iced spruce boughs.

BAUBLES AND BOWS—radiant red, and lighted lamp—a beacon of welcome and warmth, are the Chris Watsons' holiday greeting to all who pass their way on Hillside Drive.

DOWN FROM THE HOUSE TOP Old St. Nick takes off on skis to the delight of Sue Duncan, daughter of Mr. and Mrs. James Duncan. Six-year-old Sue and Santa are high on a wide balustrade overlooking an all-green Christmas tree in the den of the Duncans' home on W. 16th.

AWAY IN A MANGER is the scene at the home of Airman 2C and Mrs. Walter G. Haysley, 1405 Bluebird. With lights and chimes of the world's most beloved carols, this is a wondrous scene to the neighbor child, Wayne Renfro, son of S. Sgt. and Mrs. Clifton Renfro.

Photos By
Keith McMillin

HAPPY HOLIDAY GREETINGS, rejoicing in the festival of Christmas, may be expressed in many ways — in the glow of lighted lamp, a door brightened with evergreen and bow, a tree laden with tinsel and ornaments or the flickering light of a single candle. Shown are only a few of the many decorative holiday expressions extended by Big Spring residents.

SPIRALS OF HOLLY adorned with large satin balls decorate the stairway and hall in the Raymond Andrews' home on Yale. Approaching the stairs, Mrs. Andrews appears pleased with her first attempt at decorating the balusters leading up to den level and the red-lighted Christmas tree.

Big Spring, Texas, Dec. 17, 1961

Ready For Guests

Ready for coffee before the arrival of the first guests are Mrs. James Calmes, center, and Mrs. Don Mansell, while Mrs. Arlen Sturdivant, seated, prepares to serve them a sample of tea or coffee.

The three were hostesses with Mrs. Roy King in the home of Mrs. Calmes Saturday afternoon when members of the Opti-Mrs. Club gathered for a holiday party.

Yuletide Decor Used For Tea

A yuletide tea, given Saturday afternoon in the home of Mrs. James Calmes, was a courtesy for members and guests of the Opti-Mrs. Club. Included on the invitation list of 50 were members from clubs in San Angelo, Midland and Odessa. Mrs. Calmes and Mrs. Arlen Sturdivant greeted guests and invited them to register. Serving at the tea table were Mrs. Don Mansell and Mrs. Roy King. A silver and white Christmas theme was followed throughout the decorations in the entertaining rooms and on the table, where white poinsettias, silver-glittered, and tapers were based in silvered foliage. White linen formed a background for the centerpiece.

Mrs. Crenshaw Entertains For The Rook Club

In memory of her mother, Mrs. W. W. Crenshaw entertained members of the Rook Club with a Christmas luncheon at the Wag-on Wheel Restaurant Friday.

The group was seated at tables gay with holiday trimmings, and after the meal, went to the home of Mrs. Felton Smith for games of Rook.

Mrs. Crenshaw presented the club with cards and tallies; secret pals were revealed with an exchange of gifts, and new names were drawn.

Twelve members and a guest, Mrs. Arthur Pickle, joined in the festivity; Mrs. T. J. Walker made high score for members, and Mrs. Pickle for guests.

During a business session, Mrs. D. C. Sadler was named president; Mrs. A. C. Bass, vice president; Mrs. J. S. Simms, secretary; Mrs. Smith, corresponding secretary; Mrs. S. P. Jones, reporter.

CAFETERIA MENUS

COAHOMA SCHOOLS

HD Club Reveals Secret Pals At Holiday Luncheon

Secret pals were revealed with an exchange of gifts in the Luther Home Demonstration Club party Friday in the home of Mrs. Jim Zike, when members met for a covered dish luncheon.

New names were drawn by the 11 members, who were joined by Mrs. Delaine Crawford, HD agent, and Pauline Hamlin as guests.

Mrs. Crawford led the service installing Mrs. Frances Zant as president; Mrs. Louis Underwood, vice president; Mrs. R. W. Harrison, secretary - treasurer, and Mrs. Regis Fieckenstein, reporter. Mrs. Dean Self was installed as council delegate.

Mrs. Fieckenstein won the traveling prize, and Jan. 11 was announced as the date for the next meeting. Mrs. W. M. Cunningham will be hostess.

Use Pie Dough

Always use scraps of leftover pie dough! Roll them out in rectangular or square shape and sprinkle with paprika; fold over and cut in strips. Brush with milk or cream and bake in a hot oven.

Sandwich Spread

Mix butter or margarine and minced chives, use as a spread for the bread when you are making sandwiches or hard-cooked eggs, ham, sardines, salmon or tuna fish.

Cactus Chapter, ABWA, Ends Education Project

Completion of the educational project was announced to members of the Cactus Chapter, American Business Women's Association, Friday evening at their Christmas party in the Flame Room.

A. G. Eitzen, will be entertained by the losers, headed by Mrs. Luther Fortenberry. Mrs. Bob Stewart was the winner of the special prize.

Quartet tables covered with various Christmas colors were set up for guests who were served from a long table laid in a cloth of green and red and printed with "Happy Holiday."

Gold - glittered yucca, Christmas bells and balls, green cedar and red berries combined with red and green tapers, made the centerpiece for the table, and similar smaller arrangements centered the foursome tables.

Jig - saw puzzles of Santa, a Christmas tree and a snow man, when completed, gave the clue to the seating of guests.

Following the dinner and an exchange of gifts, bingo games were played by the 46 members and guests.

Hostesses for the festivity were Mrs. Doris Carr, Mrs. Lambert Mizek, Mrs. Halvard Hansen, Mrs. Fortenberry, Mrs. Paul Prunk, Mrs. L. E. Burks and Mrs. Howard Harris.

COSDEN CHATTER

College Students Coming For Holidays

David Harper, son of Mr. and Mrs. Winston Harper, arrived Friday from the University of Houston for the holiday season. He headed the trek homeward of a long parade of Cosden collegians, most of whom will be arriving this week.

From the University of Texas will come Benny Edwards, son of Mr. and Mrs. James Edwards; Eddie Kinney, son of Mr. and Mrs. Leon Kinney; Janet Thornburn, daughter of Mr. and Mrs. George Thornburn; Freda Bonfield, daughter of Mrs. Julia Bonfield.

Texas Tech students who will head home for Christmas are Larry Morgan, son of Mr. and Mrs. J. T. Morgan; Beverly Alexander, daughter of Mr. and Mrs. Jack Alexander; Charlotte Nobles, daughter of Mr. and Mrs. Melvin Coleman; Wanda Boatler, daughter of the M. H. Boatlers; Wayne Vaughn Jr., son of the Wayne Vaughns.

From Austin College will be Johnny Bob Asbury, son of the Bobby Asburys; Mickey Kinney, daughter of the Leon Kinneys. The Jack Alexanders' son, Ray, will journey from New Mexico Military Institute. Carolyn Thompson, from McMurry College, will holiday with her parents, the R. W. Thompsons. The J. E. Smiths expect their daughter, Teresa, home from Abilene Christian College. Joan Bratcher, daughter of Mrs. H. T. Bratcher, will be home Wednesday from Graceland College in Lamoni, Iowa.

Ralph Murphree, brother of Melvin Murphree, is here on leave from Camp Polk, La.

Bill Layman of Fort Bliss, El Paso, will spend a week here as guest of Sue Patterson and her parents, Mr. and Mrs. W. H. Patterson.

Mr. and Mrs. Adrian Randle have as their holiday guest his mother, Mrs. Esther Randle of Ponca City, Okla.

Mr. and Mrs. Tommy Weaver entertained Mr. and Mrs. Buddy Proffitt of Slaton over the weekend.

J. T. Baird is enjoying a week

Stanton Groups In Holiday Gatherings

STANTON (SC) - Mrs. Stanley Reid was hostess when the Stanton Home Demonstration Club met Wednesday at her home.

Secret pals were revealed and gifts were exchanged. Mrs. John Rousche directed games, following the luncheon. Tables were laid with Christmas cloths, with centerpieces of the holiday season. Ten persons attended, including Mrs. Mildred Eiland, the HD agent.

Mrs. Waymon Etchison had the annual Christmas party of the Baptist Friendship Sunday School Class at her home Tuesday night. Mrs. Etchison directed games, and gifts were exchanged. Mrs. Tull Ray Louder brought the devotion. Mrs. Lewis Roten offered prayer. Refreshments were served to 12.

Reagan Class Party Is Held At Thomas Home

Members of the Barbara Reagan Sunday School Class of First Baptist Church were entertained Friday in the home of Mrs. Dee Thomas, hostess for the annual Christmas party. Cohostess was Mrs. Ray Dunlap.

Decorated in the Christmas theme, the house was festive for the occasion.

Mrs. W. F. Taylor, teacher, offered a prayer, after which Mrs. Ralph Stark reported on the family chosen to receive a Christmas basket prepared by the class.

Members brought food and wrapped gifts for each member of the family.

Taken from Luke II, The Christmas Story was given by Mrs. Theresa Wood, after which refreshments were served. The next meeting is planned for Jan. 11, at the home of Mrs. Oliver Cofer.

New Touch

To brighten last year's Christmas wreath, place in the center a bunch of tiny criss - crossed candy canes tied with a red ribbon.

Holiday Fashions Noted At Wing Headquarters Affair

Wing Headquarters Wives Group entertained Friday evening for husbands and guests with a cocktail party, dinner and dancing at Webb AFB Officers Club. Some 100 persons were present.

Cocktails were served in the fireplace room, where Mrs. Charles Smith presided at the punch table. Placed before the fireplace, the table was spread with red linen cloth and appointed with brass trays and candelabra holding red tapers. Holly encircled the large punch bowl and above the fireplace was a mammoth holly wreath.

Dinner tables featured gilded holly, spiraled red candles and red baubles as center arrangements, with gilded and silvered pine cones clustered at intervals along the tables. Over the ballroom floor, were suspended giant white bells, lined in pink and edged in gold.

Music was provided by Chuck Cabot and his orchestra with Bonnie Lacy, the vocalist.

Mrs. Smith, attired in white lace, was the hostess in charge. Among special guests were Col. and Mrs. Wilson Banks, with Mrs. Banks wearing black lace skirt and bodice of white lace. Her evening cloak was of heavy satin lined in red.

One of the new trumpet dresses, all black, was worn by Mrs. McArdle, while Mrs. Gerald O. Johnson's holiday dress was of gold and green metallic brocade. Mrs. Robert Thomas chose for the occasion an off-white sheath sprinkled with rhinestones and rhinestone jewelry.

Mrs. Robert Bales' party dress of black silk featured white beaded bodice and skirt finished in bouffant black net. A forrest green velvet blouse with lighter green satin skirt was worn by Mrs. William Hall.

Both long and the short fashions

Good Cheer Prevails At Wing Party

Mrs. Robert H. Hartzog, (from left), serves at one of the refreshment tables while the Ralph McLaughlin and Elmer Tarbox converse during the Wing Headquarters' Party.

Mrs. Charles Smith was chairman in charge, while Mrs. Thomas Seeborg served as chairman of the decorating committee.

were noted during the evening with the short cocktail styles predominant. Outstanding was the red rose chiffon sheath with underlay of satin, worn by Mrs. Edward L. Nock. An abbreviated over-skirt was gathered and finished with ruching.

From Amarillo, Mrs. F. E. Coan

was radiant in red chiffon. She with her husband were there as guests of Mrs. John Holt and Mr. and Mrs. Ralph Quinn.

Mrs. James Green's gown was of red taffeta, and also at the dinner table, Mrs. Robert McCann in black velvet with skirt ruffle of white chiffon detailed with black lace. Her accessories were white evening gloves and rhinestones.

On the dance floor, Mrs. Thomas Seeborg was seen in white satin with red satin shoes and white satin evening gloves.

Eason Host To Club And Wives

Wyatt Eason entertained members of his Coffee Club and their wives Thursday evening in the ballroom of the Settles Hotel. This was Eason's fourth annual party entertaining the club, and for the supper, salmon was especially smoked and sent from California.

Mrs. Eason gave the prayer, a poem written by Edgar A. Guest, after which all joined in a song-fest. Forty-four guests were in attendance, and music was provided by a combo. A social period preceded the supper.

Red carnations and holly was the centerpiece arrangement for the table.

Holiday Guests Are Reported In Stanton

STANTON (SC) — Mrs. Eula Hubanks has her daughter and granddaughter from California as holiday guests.

Terri and Craig Graves of Coahoma have been visiting this week in the home of their grandparents, Mr. and Mrs. Walter Graves. The children's parents, Mr. and Mrs. Granville Graves came for them Saturday.

Mrs. Mary Bridges and Mike and Vera Patterson of Big Spring visited Thursday in the home of Mr. and Mrs. G. A. Bridges.

Mr. and Mrs. C. S. Bevers and Charlene were recent visitors in Odessa.

Double Doll

With this pattern it is possible to make two dolls at the same time — one with blond braids or curls, the other with dark hair. Easy instructions are contained in No. 1178.

Our Toy and Doll Catalog is 25 cents. Send 25 cents in coins for this pattern to MARTHA MADISON, Big Spring Herald, Box 1490, New York 1, N. Y. Add 10 cents for each pattern for first class mailing.

Duplicate Games Are Preceded By Social

Surprise entertainment was provided for players of duplicate bridge Friday afternoon at the Big Spring Country Club.

Preceding the regular games, a social hour was held with Mrs. Obie Bristow, Mrs. E. L. Powell

and Mrs. Adolph Swartz assisting in the serving.

Mrs. Jack Wickard, in appropriate costume, pantomimed the song, "Santa Baby", with a recording.

Winners in the games included Mrs. Fred Kasch and Mrs. Pete Harmonson, first, north-south; Mrs. Ben McCullough and Mrs. John Stone, second; Mrs. Doug Orme and Mrs. R. R. McEwen Jr., third; Mrs. Don Newsom and Mrs. Bristow, fourth.

Winners in east-west were Mrs. George McGann and Mrs. J. H. Holloway, first; Mrs. R. E. Dobbins, Mrs. Ward Hall, Mrs. Hudson Landers and Mrs. Morris Patterson tied for second and third places; Mrs. Hayden Griffith and Mrs. Travis Reed were fourth.

It was announced that Friday's games will conclude the Holiday Series.

Science Is Top Fare For Youth

AP Newsfeatures Writer
The way it's going, every child is going to be a science buff—if not a budding scientist—by the time he's ready for college.

Latest innovation is a combination library and laboratory under one cover. One half of the "read and do" unit holds a page giving step-by-step instructions for experiments; the other half has an unbreakable storage tray with all the materials needed for the experiments. The Book-Labs available now deal with magnetism, air, jet engines and seeds. Other fields will be handled later.

Then there are labs for youngsters on fossils, Geiger counters, beginners' microscope, earth science activities, statistics and probability, electronics, plus an electric brain construction kit. And for the musically inclined, on special singing science records, such songs as "The Ballad of Sir Isaac Newton", "We Know the Air is There" and "The Planet Minuet" are belted out. Who knows? They might turn up on popular songs parades someday.

Vegetables Make Economical, Good Menus This Week

DALLAS (AP) — There's delicious, economical eating in cabbage, cauliflower, turnips, potatoes and sweet potatoes these days.

Supplies in Texas food markets are heavy. Look also for increased availability of brussels sprouts, broccoli and parsnips.

Celery, lettuce, greens and green onions, yellow medium onions, peppers, and tomatoes also rank high among best vegetable buys this week.

Cabbage is especially low priced. Claiming higher price tags this week are cucumbers, lettuce, onions, yellow squash and tomatoes.

Citrus of all kinds abound. Shipments of Texas oranges and grapefruit are running high.

Cranberries, apples and emperors grapes also continue in good supply. A sprinkling of fresh Mexican strawberries and California mushrooms appears regularly.

Christmas nuts are plentiful. pecans, almonds and peanuts, watch especially for specials on Egg prices have dropped to budget levels. They join turkeys and broilers as best-buy poultry items. Pork is abundant and economical, as are many cuts of beef and lamb.

Betrothal Revealed

Mr. and Mrs. Ernest Key, 202 Jefferson, are announcing the engagement and approaching marriage of their daughter, Frankie Orelis, to Martin Hazelwood. He is the son of Mr. and Mrs. Felix Paulanski, of Chicago, Ill. The wedding is scheduled for Jan. 28, in the home of the bride's parents.

YOU DO NOT NEED ANY MONEY OR A PRESCRIPTION TO OBTAIN THIS TRANQUILIZER

Modern medicines often accomplish seeming miracles, but there is one tranquilizer that has proved its value through the ages.

ATTEND THE CHURCH OR TEMPLE OF YOUR CHOICE

Listen to the message of "HE" who can guide you to the path leading to lasting peace and tranquility.

THE CHRISTMAS and NEW YEAR HOLIDAYS ARE A PARTICULARLY APPROPRIATE TIME TO ATTEND YOUR CHURCH OR TEMPLE.

Bring your family and friends with you.

ROUND TOWN

With LUCILLE PICKLE

Increasing the family with marriages etc., hasn't stopped the Boatler clan from having their family gathering at the Christmas season and being with their wives' family on Christmas day. Saturday night all of the children, their children and grandchildren gathered at the home of Mr. and Mrs. RUBE McNEW, 1908 Settles, for their annual festivities.

From out of town were Mrs. E. J. BOATLER and Bryan and Mr. and Mrs. AL KIMPEL of San Angelo; Mr. and Mrs. T. T. BOATLER, Loraine, Big Spring members of the group included Mr. and Mrs. E. C. BOATLER, Mr. and Mrs. R. J. KELLEY and Elton, Mr. and Mrs. PAT BOATLER, Mr. and Mrs. McNEW, Linda and Gary, Mr. and Mrs. LOWELL KNOOP and Dennis; Mr. and Mrs. AL ATON, Sherry and Kay, Mr. and Mrs. HOLLIS KENNEMER, Edward and Mark, Mr. and Mrs. EARL BLAIR, Jan and Gregg.

MR. and MRS. D. D. DYER have returned from a three weeks automobile trip to Garden Grove, Calif.

DR. and MRS. ROBERT ANGEL plan to arrive by plane from Houston on Dec. 23 to spend Christmas with his parents, MR. and MRS. CLYDE ANGEL.

MR. and MRS. DAN CONLEY are planning a big Christmas with many relatives coming to see them. Top of the list will be the arrival of Mr. and Mrs. JIMMY CONLEY from Dallas. Also during the holidays Mrs. Conley's sister and her husband, Mr. and Mrs. JAMES TAYLOR of Duluth, Minn., will be here. They have been in Florida and Corpus Christi during the severe cold season in their home state.

MR. and MRS. JOHN DIBRELL will have as their holiday guests, her father, S. A. POUNDS of Fort Worth, and his mother, Mrs. NORA B. DIBRELL of San Antonio.

MR. and MRS. OLIVER COFF

ER SR., of Grand Saline are here for a visit in the home of the Cofer Jrs. They plan to stay several days.

MR. and MRS. TOMMY THIGPEN of Borger will spend Christmas here with their parents, MR. and Mrs. T. A. THIGPEN. They plan to come the Friday before Christmas.

DR. and MRS. W. B. HARDY will leave by train Wednesday for Minneapolis, Minn., to spend Christmas with MR. and Mrs. BOBO HARDY and their children. They will be joined in Chicago by the W. B. HARDY JR., who live near Columbus, Ohio, and they will continue on to Minneapolis.

Don't forget the HCJC choir's presentation of Christmas music this afternoon at 4. You'll enjoy hearing these young people.

Tumbleweed Used For Party Decor

A large snow-covered tumbleweed centered the tea table for the party given Thursday evening for members of the Homebuilders Class of the Baptist Church, For-san.

Set on a red cloth, the weed was hung with red Christmas balls and flanked by red tapers in green holders.

Mrs. B. L. Childers brought a devotion, and the invocation was offered by the Rev. Carl Lee, pastor of the church.

Nineteen attended the party and joined in a carol singing and the exchange of gifts.

Store Apples

Latest food storage research recommends storing ready-to-eat apples uncovered in the refrigerator.

Here Norma presents a beautiful Christmas Dress by Mr. "G" of Dallas. It's ideal for those holiday parties and it's of every color of the rainbow. Sizes 10 to 18.

Squadron Party Held At Webb Officers Club

Festooned with garlands of silver and poinsettia, the Black Bar Room at Webb Officers Club was the scene of a cocktail party for officers of the 3560th Pilot Training Squadron and guests, Friday evening. Dinner and dancing followed.

Also present for the occasion were Lt. Col. Clifton Bray, squadron commander, and Mrs. Bray. Invited as guests were Col. and Mrs. Wilson Banks, Col. and Mrs. August Taute, Lt. Col. and Mrs. Henry Victor, Lt. Col. and Mrs. Benjamin Yeargin, Lt. Col. and Mrs. Jack Crawford, and Lt. Col. and Mrs. John Hillen.

Some 100 persons were in attendance. Later in the evening, with other parties at the club,

they were adjourned to the dining room for a buffet. Dancing to the music of Chuck Cabot and his orchestra followed.

Piano Pupils Are Presented At Party

A recital party, presenting piano pupils of Mrs. R. E. Dodson, was held Friday from 4 until 5 p.m. in the studio, 3803 Connally.

Two selections were played by each pupil, who in turn received a gold piano pin and candy cane favors. Refreshments were served with Mrs. Don Moore assisting.

Those on the program were Carol Ann Moore, David Moore, Connie Foster, Ann Budke, Gene Marie Templeton, Donnie Templeton, Becky Moore and DeDe Dodson.

Teachers Have Pre-Christmas Reception

Members of the Big Spring unit of Texas State Teachers Association honored school board members, administrators and others at a pre-Christmas reception Thursday at Cosden Country Club. Pictured are John B. Hardy, John Smith, Mrs. H. H. Rutherford, Harold Bentley, Ross Turner, Sam Anderson, Mary Foreman. A toast for the evening lauded school board members for

confidence in the profession and creating facilities and an atmosphere conducive to good teaching; Supt. Sam Anderson for five years of service and leadership in the schools; parents and friends for support. Arrangements were in charge of Mrs. Ralph Gossett, Mrs. Florence Lenox and Lillian Jordan.

Webb Windsock

By WILMA BUTERA
M&S and C.E. held a meeting in the main lounge of the Officers Club, Dec. 12, with gifts exchanged and carols sung. Mrs. A. L. W. Short accompanied the group on the piano. Hostesses were Mrs. L. R. Einstein, Mrs. Asa Adair and Mrs. N. E. Buhner.

The OWC Garden Club held a meeting this past week at which time Christmas arrangements were made.

The other squadrons are all having Christmas parties this week and I hope to have all the news on them next Sunday.

A lot of people from Webb will be going home for the holidays, and a lot of us will have relatives coming to Big Spring.

Capt. and Mrs. V. C. Hewitt are expecting his mother, Mrs. Richard Hewitt of Galesburg, Ill., and his brother, Lyle Hewitt, who is with the State Department in Africa.

Capt. and Mrs. A. L. W. Short will go to Miami, Fla., to visit their families.

Lt. and Mrs. M. J. Holdun are heading for New York, and Lt. and Mrs. W. S. Osborn will go to New Jersey.

We have three that are southern bound, Capt. and Mrs. Henry Manning, Capt. and Mrs. W. L. Shaffer and Lt. and Mrs. D. Robertson will all go to Louisiana.

Lt. and Mrs. W. E. Schmidt, along with Heidi and Rip, are going home to Milwaukee, Wis.

Capt. H. D. Chapman and his mother are expecting his sister and her daughter from Oklahoma. Mrs. Margaret Leath will be here from Kankakee, Ill., to see her son and daughter-in-law, Capt. and Mrs. J. E. Leath.

Student Squadron Wives named officers at a meeting held recently, with Mrs. Henry Victor as a guest.

Mrs. J. W. Hillen presided as Mrs. Leo Janssens was selected chairman, and Mrs. C. Kauhaj co-chairman. Mrs. William Jacobs was named secretary-treasurer.

Program chairman will be Mrs. Robert Stein, and Mrs. Gaylord Hayden will be reporter. Spotters are Mrs. Wayne Harrell and Mrs. Floyd Roberts.

Refreshments were served during the social hour which followed the business session.

Capt. and Mrs. Robert McCann will spend the holidays in Sarasota and Miami Springs, Fla., where they will join several nieces and nephews for the holiday fun.

Mr. and Mrs. John Summa left Friday for Oklahoma City, to attend the district meeting of OIS. They will return home soon.

Wonderful Christmas Present

WHEAT'S FURNITURE CO.

115 E. 2nd AM 4-5722

'Living Doll' Is Almost A Reality

If little girls aren't careful, dolls will organize and take them over. Make-believe babies, sisters and playmates have become that real.

New doll accomplishments this Christmas season include dolls who kiss with a resounding smack when their palms are pressed, and dolls that suck their thumbs. Dolls get sick too as everyone knows, so little girls will be charmed by a doll equipped with a crank-up hospital bed and a fever chart. The bedridden doll can turn her face in three ways to illustrate phases of her recovery.

And as if Santa hasn't been busy enough making dolls more flexible than ever, he's hired a batch of dress designers who seem to know what every well-dressed doll should have in her wardrobe.

New dress ideas include a basic dress that comes with five different kinds of accessories. Any little girl's playmate can be in the best dressed group in doll land by changing her accessories from tunic to collar and cuffs to meet every playroom occasion.

Doll accessory designers seem to have thought of everything, providing baby doll car cribs which double as beds when not in transit and convenient carrying cases for essential feeding and grooming aids. One talking doll can be connected with a record player to offer an unlimited range of conversation.

HOLLYWOOD BEAUTY Exercise Is Way Of Relaxing For Her

HOLLYWOOD — Cyd Charisse was leaving the next day for Rome to make MGM's "Two Weeks in Another Town," but as she sat chatting with me, she was remarkably relaxed.

"Maybe I'm not as calm as I seem," Cyd confided. "But I have worked at relaxing a long time. About seven years ago I heard of a chair that had been scientifically designed to follow the body's contour and release tension. I bought one of these and have it in my dressing room, and I use it whenever I feel keyed-up. A big mistake is to go to bed when you are excited from work or a party. No matter how late it is, I lie in my chair with my favorite eye pads on until I feel drowsy. Then I can drop off to sleep as soon as my head hits the pillow. I never thought sleeping pills were the answer. The kind of sleep you get from drugs is not refreshing.

"If I am away from home and don't have my chair," Cyd continued, "I lie down and put my feet higher than my head. That's a trick I learned in ballet class. It is good to let the blood flow away from my feet and to reverse the pull of gravity. Another way to calm down is to soak your feet in hot water. It draws the blood away from the brain.

"When you are tired, it helps to analyze what caused it," Cyd went on. "After tennis I love to take a whirlpool bath. You can stimulate the circulation and feel the soreness go away, if you stay in it long enough. I think if you can afford it, this type of water massage is an investment in health."

Cyd's figure is flawless and I mentioned it to her. "I exercise every day," she confessed. "I would feel stiff if I didn't. The first thing I do when I get up in the morning is to stand by an open window and do breathing exercises. There is nothing that wakes me up and makes me feel better than filling my lungs with fresh air.

"There is great power in proper breathing, and if you have not been used to deep breathing, you may feel a little light headed at first, but that is the sign of how much you need more oxygen."

"A simple exercise is to stand up straight and fall over ragdoll fashion, limp and relaxed. With your head hanging down between

your legs, exhale until you feel all the stale air has been expelled. Start to come up slowly, inhaling a count of 10. When you are up, count to 10 again before you flop over. This time exhale slowly. If 10 is too much for you, begin where you can, but make 10 your goal."

Cyd cautioned against a too ambitious start. "Once you are over any trace of dizziness, repeat this exercise four times. One with a count of 10, then eight, then six and finally four. This rhythm has an energizing effect.

"I have tremendous energy," Cyd declared. "I think it comes from not letting myself get overly tired and from exercising and deep breathing.

"I am a great believer in exercise—in anything that will stimulate circulation. Most people don't use their bodies enough, and they get stiff and out of shape. It is what you do every day that means most.

"Knocking yourself out on the golf course or tennis court over the weekend may be an exertion and do more harm than good," she added.

"Problems make you tense," Cyd observed, "and I find that anything which will divert my mind is relaxing. I think most of us are natural-born worriers. We need to work to control our minds.

"After I have done my very best, when I am sure there is nothing more I can do, I let go." There is no good in brooding over disappointments. Keep the past in the past. The only way you can be relaxed and happy is to adjust to what you can't change."

MORE EXERCISES

If you would like a copy of Cyd Charisse's own special exercises, Leaflet M-74, "Exercises to Keep Slim and Young," send only 10 cents and a self-addressed, stamped envelope to Lydia Lane, Hollywood, Beauty, Big Spring Herald.

Yule Party

STANTON (SC) — The annual Christmas party for the Stanton Oddfellow and Rebekah Lodge was held Thursday night at the IOOF Hall. Gifts were exchanged and refreshments were served to 40. Forty-two was the entertainment for the group.

Relaxes With Exercise

Cyd Charisse tells her favorite ways of relaxing and exercising in today's Hollywood Beauty. She is soon to be seen in MGM's "Two Weeks in Another Town."

Select Spinach

When you use spinach in a salad, be sure to buy young smooth-variety leaves. Some spinach is too tough to be served raw.

MR. AND MRS. JAMES C. CLANTON
... Dec. 24 open house slated

Open House To Honor Clantons On Dec. 24

The family and friends of Mr. and Mrs. James C. Clanton will gather at the home of Mr. and Mrs. John Jay Roemer, 2800 Lawrence, for an open house honoring the couple on their 50th wedding anniversary, Dec. 24.

Calling hours are to be from 2 p.m. to 4 p.m., and the children of the Clantons will be hosts.

Mr. and Mrs. Clanton—she is the former Mary Elizabeth Elythe—were married Jan. 7, 1912, in Griffithville, Ark. The observance of the anniversary was slated early so that the children might be present.

Since 1919 the couple has lived in Texas, where he has been a farmer and a rancher near Snyder, in Big Spring, and now near Kerrville, Clanton Addition, a residential division of Big Spring bears his name.

Joining in the hospitality will be the Roemers, Mrs. LaVerne Rogers of the Lawrence Street ad-

dress; Mr. and Mrs. Nathan Stallcup of Luther; Mr. and Mrs. James C. Clanton Jr., Gail Road; Mr. and Mrs. A. E. Clanton, 610 E. 18th; Mr. and Mrs. J. W. Clanton of Kerrville. The late Mrs. Artie Williams was a daughter of the Clantons.

Expected for the party are 15 of the 16 grandchildren; J. T. Rogers of Corpus Christi will be unable to attend; there are seven great-grandchildren.

Bride-Elect

Bykota Class Has Yule Buffet Dinner

Mr. and Mrs. George O'Brien were hosts for a buffet dinner for members of the First Baptist Bykota Class Friday evening with about 30 in attendance. This included members and guests, the Rev. and Mrs. Robert Polk, Garner McAdams, Louise Paulger and Leona Hooper.

The table was laid with green net over green underlay trimmed with red sequins. An arrangement of white poinsettias centered the table from which the meal was served.

Following the dinner, a gift exchange entertained the group.

Mr. and Mrs. H. C. McPherson of Snyder, former Big Spring residents, are announcing the engagement and approaching marriage of their daughter, Jerlynn, to Gary Cline Yungblut. He is the son of Mr. and Mrs. Roger B. Yungblut of Dial. The couple will be married Jan. 20, 1962, in the First Christian Church of Snyder.

Dance Club Festivity Held At Country Club

Hanging baskets and wall planters filled with sprays of gold foliage, frosted cedar and red and gold baubles, in the ballroom of the Big Spring Country Club, set the scene for the Couple's Dance Klub party, Friday evening.

Walls of the ballroom, also in keeping with the holiday theme, featured Santa, his sleigh and reindeer, and choir boys and girls.

A brightly lighted Christmas tree was featured in the club foyer, where also was noted in the window a gilded birth bath and angel, with effective lighting.

Some 80 couples attended the party which included a buffet, fol-

lowed by dancing to music of Dale White's combo.

Wife of the club president, Mrs. Wayne McKee, was there in turquoise chiffon; Mrs. H. H. Wright, in all-gold dress and accessories; Mrs. George Zachariah in peau de soie of radiant red shade; Mrs. Tommy Weaver, in gold lame, cocktail styles which prevailed for the occasion.

A red cocktail sheath was that worn by Mrs. C. M. Grigsby, while Mrs. Donald Anderson's dress of gold brocade was fashioned with bell shaped skirt. Peacock blue chiffon and matching shoes were worn by Mrs. Elmo Phillips, and a guest, Mrs. J. D.

Cable, was attired in white and silver lame with matching accessories.

Mrs. Johnny Griffin's dress was of blue taffeta; Mrs. Bob Rogers, white chiffon skirt and gold bodice with gold accessories; Mrs. Gerald Oakes, ice blue satin, featuring the bell skirt, and Mrs. Tom Conway in white chiffon and gold accessories.

Display Cards Around House At Christmas

Enjoy your nicest Christmas cards throughout the holiday season by attaching them to decorative pieces of Marlite paneling. Either hang the panels or attach an easel and use them as displays on a table or the mantel.

A variety of interesting backgrounds can be used since Marlite is available at lumber dealers in plain colors, high-fidelity woodgrains and patterns.

Attach the cards to the paneling with rubber cement. The cards can be removed easily, and the cement rubs right off the card and piece of Marlite.

Older Home Has Space To Expand

Older houses with a small bedroom or pantry adjacent to the kitchen offer excellent remodeling possibilities. With this space available, it is a relatively easy job to knock down the wall and create a large, modern kitchen.

A dining area or laundry center could be located in the new area. This would eliminate much walking and centralize activity in the kitchen.

To establish heat and moisture proof walls in the renovated kitchen, apply durable Marlite paneling right over the old surfaces. Highly resistant to humidity and other causes of deterioration, the paneling has a baked melamine plastic surface that can be cleaned with a damp or sudsy cloth.

Grease, mussy hand prints and fruit stains will not mar the paneling's factory finish. With reasonable care, Marlite will stay like new for years. It is available at lumber dealers in plain colors, woodgrains and patterns.

Additional storage space also can be located in this new area. Cabinets for special silver and china also can be put in this new area, where they will be out of the main flow of traffic.

Put Children's Art On Wall For Holidays

One of the most effective ways to display children's Christmas artwork is to feature it in the recreation room. In this way relatives and guests will get a chance to see it and encourage the youngsters.

To create a flexible display area, display the art and craft work on a Marlite Peg-Board panel. Adjustable shelves can be fitted to handle fragile models and irregular objects.

The perforated hardboard panels present a good-looking background since Marlite comes in plain colors, woodgrains and patterns.

Shopper's Feet Concerns Store

CLEVELAND, Ohio — A downtown department store, concerned about Christmas shoppers and sales has added another thought—about the shopper's feet.

The store and a hotel across the street have set up a package deal. For \$4 one or several shoppers can rent a hotel room from 11 a.m. to 9 p.m. The charge includes parking at a nearby garage and delivery to the hotel room any packages bought at the store.

For an added \$1 an hour, off-duty hotel maids will serve as babysitters. And, perhaps most important, it's a quiet place to rest before tackling the next gift item.

Long Pants Just Right For Christmas Morning

Although mothers and daddies sometimes disagree about the suitability of tight fitting long pants for big girls, there is 100 per cent family union on the subject of crazy pants for minor misses.

Certainly nothing is more perfect for the pre-schooler's important date with Christmas morning.

Consider the fashion and service requirement that a garment must meet for this particular event.

Eager toddlers always beat the sun up to check up on Santa's generosity. They are out of their pajamas and into their holiday morning clothes long before the night's chill has worn off the house. What warms them down to their toes? Two piece knits.

Bounty such as pogo sticks, hobby horses and new tricycles must be initiated. What permits more action and modesty than a set of stretch pants and topper?

A little glamor girl must hold her own amidst the Yule season background of tinsel and twinkle. The designers of Lilliputian sportswear have captured every bright hue possible for little mix and match pants sets.

And girls must get into goody goodies despite the stains. Knits suds clean and hang up to dry without ruining mother's holiday with more ironing.

Lastly, a little lady must be lovely. And she is, in her legeg, snug fitting knits which rival those mother and sisters also wear on a Christmas morning—despite vague masculine disapproval.

Austine La Mar's Sun, Evening Glamour

No. R-124
Sizes 12-18

The little shaped jacket, designed to accompany a beautiful sheath dress, makes the perfect costume for sunning or glamour evenings.

The jacket curves gently with the Empire line of the cleverly banded sheath that buttons at back over a deeply shaped neckline.

As a sun costume, make it in linen, cotton, silk broadcloth; as a dinner costume, make it in rich brocade, silk faille, embroidered fabrics.

Price \$1. No. R-124 is available in sizes 12, 14, 16, 18. Size 14 takes 4 1/4 yards of 39-inch fabric for dress and jacket. Standard body measurements for size 14 are: Bust 34, Waist 26, Hips 36.

To order, send one dollar in cash or check. No stamps. Add 10 cents if you wish first class mailing. Send to AUSTINE LA MAR Fashion Pattern, Big Spring Herald, Box 1615, G.P.O., New York 1, N.Y. Print your full name, address, pattern number and size.

ABC Dinner-Dance Given At Country Club

Festooned for Christmas, the ballroom of the Big Spring Country Club was where members of the American Business Club and their guests were entertained Saturday evening with a buffet and dance.

Morris Robertson was in charge.

Dancing began at 9 o'clock following the dinner hour, during which time dinner music was provided. Music for dancing was a combo, the Multi-tonics. One hundred and 10 were in attendance and for those who did not dance, there were tables set up for bridge, canasta, dominoes, and other games.

Stuffing

Mashed potatoes mixed with buttered dry bread crumbs and lots of minced onion and parsley make a fine old-fashioned stuffing for roast chicken.

Use Anchovies

Ever add anchovy fillets to a shrimp salad? Different and good! Cut the anchovies in small pieces and dress the salad with French dressing instead of mayonnaise.

Mary Martha Class

Husbands and associate members were guests of the Mary Martha Class, East Fourth Baptist Church, Tuesday evening in the home of the Rev. and Mrs. Jack Strickland. Billy Rudd led a devotion, and gifts for the church nursery were presented. Refreshments were served after a session of games.

STORK CLUB

Mrs. Holden Is Hostess For Groups

The home of Mrs. George Holden was the scene of the annual Christmas social of the Bethany and Eunice Sunday School classes of East Fourth Baptist Church. Sixteen members gathered to bring gifts of linen to a family. The Lottie Moon Christmas offering was also taken.

Associate members, Mrs. T. E. Stringfellow and Mrs. L. R.

Helms, and two visitors, Mrs. Billy D. Rudd and Mrs. J. T. Murray, also were present. Mrs. Rudd presented a devotion entitled "Preparatory Silence." Prayers were offered by Mrs. Stringfellow and Mrs. Rudd.

Fence Him Out

If you have a baby who wants to get his hands on everything, set up your Christmas tree inside his play pen. Then he can admire but can't get to the fragile ornaments and hurt himself.

Peaks Pose No Problem

Weather appeared promising, earlier this week, for using snowshoes and ice ax, which are part of Lt. and Mrs. Dennis Wills' mountain climbing equipment. Both like the outdoors and are particu-

Mountain Climbing Pleasure Enjoyed By Lt. And Mrs. Wills

Mountain climbing is the recreation mutually enjoyed by Lt. Dennis Wills and his wife, Lynn, who have recently moved to Big Spring and are living at Park Hill Terrace, Apt. 15.

Married little more than one year ago, the couple went through Fresno, Calif., schools together. Both have their degrees from Fresno State College, where he majored in biology and her major was home economics. Although biology, was Lt. Wills field of study, he hopes to make flying a career.

Wills is a member of the Sierra Club, and both he and his wife are charter members of the Fresno State Alpine Club. So where did they spend their honeymoon? In the mountains of course, at Lake Tahoe.

According to Mrs. Wills, "There is nothing quite like a vacation in the mountains where you are apart from everything in the stillness and beauty." Back packing and rock climbing, strenuous but exciting, are much preferred to swimming in the surf and lounging on the crowded beaches, Mrs. Wills continued.

Lt. Wills has climbed in the Sierra Peaks, at Yosemite Valley, King's Canyon and Pinnacle National Monument, but when he isn't mountain climbing and there is time to pursue other pleasures, he likes to paint in oils and in water color. "This information was gleaned from his wife. Very proud of his work, she brought forth two paintings, an abstract of Chinatown, and the other, a San Francisco neighborhood scene. She said that he had studied with Darwin Musselman in California.

While her husband was in search of his mountain climbing paraphernalia, she said that he received his ROTC training at Fresno and was cited as a distinguished military student, entitled to a regular commission in the Air Force. Also, he was named to the college Who's Who.

As spectators, both like sports car racing and have on more than one occasion attended the Grand Prix, which is held near Monterey, Calif.

Mrs. Wills taught for two years in a Fresno junior high school.

She hopes to take a few courses here at HCJC with plans to resume her teaching career. She likes to sew, but is presently learning German cooking, challenged by her husband's recollection of his grandmother's culinary skill. There will be plenty of time for practicing, she believes, while her husband is in flight training

at Webb AFB, where he completed his pre-flight Monday.

Back from the storage locker, Lt. Wills brought snow shoes and an ice ax, sharp and shiny and sheathed in leather. The ax, he pointed out, can be used for braking on the ice, hacking footholds, as a rope anchor, and for other security purposes. Naturally there was no need to explain the purpose of the webbed shoes.

Lt. and Mrs. Wills will remain in Big Spring for about one year or until his flight training is completed.

Coahoma Club Has Installation

Mrs. Delaine Crawford, Home Demonstration agent, was installing officers for the Coahoma HD Club when Mrs. Ralph White was placed in office as president, Thursday afternoon.

The club and four guests met in the home of Mrs. H. B. Graves Jr. Mrs. Ray Swann was installed as vice president; Mrs. Joe Whitley, secretary; Mrs. O. D. O'Daniel, treasurer.

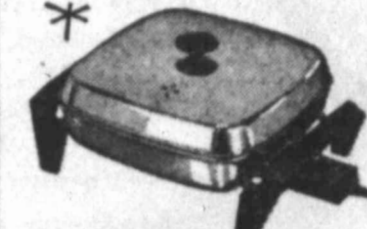

Mrs. Swann furnished Christmas music as part of the program, which also included a story, "Christmas at Grandma's" read by Mrs. A. C. Hale, and "A Christmas Prayer," read by Mrs. Leroy Echols.

A former member of the Club, Mrs. Edith Byrnes of Mineral Wells, was present; a gift exchange was held by the group which will meet Jan. 17 in the home of Mrs. Fred Adams.

Use Caraway Seed

Pan-fry-steam knife shredded green cabbage in a big skillet in a little butter and water—about 2 tablespoons each for 4 to 6 cups of the vegetable. Sprinkle with caraway seeds and serve.

BIG SPRING, TEXAS, SUNDAY, DECEMBER 17, 1961

SEC. 1

Hog Killing Time No Longer Marked On County's Farms

By SAM BLACKBURN
The early part of last week was truly "hog killing weather" but it is highly doubtful if a single pig was butchered on any farm from border to border in this county. Hog killing, as it used to be, has gone the way of the pioneer to a large extent and here in Howard County, the custom is almost completely extinct.

Time was when the first chill of winter brought the farmer to the door pondering whether the freeze was hard enough to justify butchering the current crop of pigs.

Today, in this part of the country, if the farmer has a pig—which is not always the case—and does not want it processed into pork, the chances are he'd haul the animal to town and turn the job over to one of the three commercial slaughter houses here. Having left the pig to be changed into ham, porkchops, bacon, sausage and the like, the farmer would go his way. Later, he would return, find the parcels of meat neatly wrapped and labelled ready for him to haul home and stow away in his freezer.

1,500 HEAD
Lovell Kuykendall, assistant county farm agent, said that he made a general survey of the county not too long ago and that he estimated there are not more than 1,500 head of hogs in the county. Some 4-H and FFA members have hogs, which they raise as club and class projects, but the old custom of every farm having its collection of pigs no longer holds.

Few farmers go in for hog production on a commercial basis. Probably the biggest operator in the county is A. H. Shroyer, who has a ranch on the north edge of the county.

Shroyer said he runs about 100 head of hogs on his ranch. He feeds them on grain and special feed and generally sells to a buyer in Lamesa. He said he used to sell his crop to a packer in San Angelo but that plant burned and now he relies on the Dawson County man to purchase his stock.

He said that R. H. McNew is another fairly large pig producer. Some farmers have a few hogs but most of these raise the animals to sell on the foot rather than as a source of meat for their household. Ralph White, county commissioner, keeps about 10 head of hogs on his farm and says that he sells to buyers as the animals reach proper size.

AVERAGE
Shroyer said that the average buyer prefers 200 pound animals rather than those which are heavier. Packers, he said, do not look

with favor on hogs which turn out hams in excess of 14 pounds weight.

In other days, when commercial packers were not readily available to butcher the hogs, the job was done on the farm. Because freezer devices were non-existent, the job had to be done when the weather was right.

"Right" in the matter of killing hogs was extremely cold—the kind of cold that holds for days on end.

Usually, there was one man in each community who had a knack as a butcher. This man was in high demand about this season. Not only was his skill needed, he usually owned a complete set of assorted knives needed for the complicated steps in changing hogs into pork for the table.

On a day such as fell early last week, the farmer would be up early. Usually a barrel was buried in the ground at a slant. Washpots were filled with water and the water brought to a high boil. Sawhorses were brought out of storage and rigged into makeshift tables. If the pigpen was a good distance from the place where the butchering was to be done, a team was hitched and attached to a loose doubletree.

A block and tackle arrange-

ment was set up—a tree being used if one existed. Crossbars from a windmill tower could serve or a tripod of long fence rails might be erected.

EXPERT
The "expert" would show up, lugging his gleaming collection of knives, and the work began. The hogs were killed in the pen, the man in charge expertly "sticking" the animal the instance it died. It was then pulled by the team to the half-buried barrel and the barrel filled nearly full of boiling water. The hog would be sloshed up and down in this water to loosen the bristles.

Dragged to a low platform, he would be scraped, a procedure which took both skill, special knives, and a fairly strong stomach.

The hogs would be hauled up on the rack and "dressed." Then the carcass would be cut up into its essential component parts.

It was a big day for the women, too. In the house they would be called upon to make the sausage, and pack it away in jars (generally half-filled and buried in hot grease). They would "render" the lard from the fat stripped from the pigs.

Reward for the expert usually consisted of a pork roast, a

"mess" of spareribs and backbone and some sausage.

Since there were usually half a dozen farmers in the area who wanted help with their butchering, the expert's larder was pretty well stocked with fresh pork by the time the cold spell began to break.

Sometimes the expert's family was extremely weary of a solid pork diet before the end of the hog killing season.

The farmer, if he has hogs, sells them alive and takes the money to the supermarket. There he buys the ham, the bacon, the porkchops and the sausage his family may need.

And even then his services are in slight demand for other than outright commercial packing.

The farmer, if he has hogs, sells them alive and takes the money to the supermarket. There he buys the ham, the bacon, the porkchops and the sausage his family may need.

Yen For U. N. Does Them In

NEW YORK (AP)—The last thing John Edwards and Michael Unger wanted was publicity. So what did they get? Publicity.

John and Michael, both 17, were playing hooky last week from at least two classes at Manhasset High School. They figured they could cut a gym class and a study period, take a tour of the United Nations, and then get back to their school on Long Island.

They bought public tour tickets like everybody else, but Edwards happened to become the one-millionth visitor to the U. N. in a 12-month period.

As the millionth ticket holder, Edwards was given the VIP treatment—including newsreel shots, press photographers, luncheon in the delegates' dining room, and a private tour of the premises.

Unger, No. 999,999, got in on the honors too.

It was great sport, but very embarrassing after the lads returned to school before afternoon sessions ended.

A school official reported by phone to Mrs. Edwards that her son had a "fantastic excuse" for his absence.

Mrs. Edwards said she considered her son's experience "absolutely hilarious," but quickly added she did not approve of his cutting classes.

Their big yen to see the U. N., said John and Michael, stemmed from a course they took in political and economic theory.

WESLEY METHODIST

Bach's Cantata Slated Today

The Wesley Methodist Church choir, under the direction of Milvern K. Ivey, will present its annual Christmas Cantata today at 7:30 p.m.

This year the choir will present a work by J. S. Bach, "To Us a Child is Born," a comparatively short work that lasts only 20 minutes. The Cantata isn't too well known, but is considered one of the finest Christmas cantatas written.

The composition calls for three soloists, who will be Marilyn Smith, contralto, who is a music student at HCJC, and prominent in music in the Big Spring area.

Ira Schantz will be the tenor soloist. He is the choral director of the HCJC a capella choir and one

of the best-known soloists in the Southwest.

Doing the bass solo will be Dan Shockey, who teaches speech at Goliad Junior High School. He attended Sul Ross where he had extensive study in music.

Mrs. J. P. Aslin will be the organist.

The Junior Choir, under the direction of Don Bryson, will be presenting Christmas music. It has been working hard on its program for several months. Bob Tawater also works with the Junior Choir and Mrs. Don Bryson will be the accompanist.

"The public is invited to hear these two fine choirs," according to the Rev. Royce Womack, pastor.

Scout Membership Passes 1,300 Mark

Membership in the Scouting program in the Lone Star District has passed the 1,300 mark, William T. McRee, executive, report-

ed. The total on the latest report was 1,307, including 630 Cubs, 534 Scouts and 143 Explorers. A year ago at the end of the year, the membership figure was 1,257 (adjusted to account for transfer of Martin County to another district).

YOUNG FARMERS

Smith Discusses Farm Legislation

COLORADO CITY (SC) — Wilmer Smith, New Home, vice-president of the Plains Cotton Growers, president of the Plains Co-op Mill and a member of the Cotton Stabilization Committee of the Department of Agriculture, spoke to Mitchell County Young Farmers Thursday night at Colorado City on prospective farm legislation and programs.

Smith has been a member of President Kennedy's cotton committee since before the latter's election and has been in Washington every other Sunday, he said, trying to work out an answer to cotton problems. Smith told the group that cotton carry-over was not excessive and in fact, "if the cold war turns into a

hot one, we'd have a cotton shortage."

He said that the present cotton program was working well and that he would recommend no major change unless the price of present supports became an excessive burden to the taxpayer, then he would prefer a small reduction in price support than any other change.

Smith said that the cotton committee had discussed several alternative plans including, "the limited purchase plan," which he described as a glorified maize plan; "A trade incentive plan" which would provide a subsidy to domestic mills who buy subsidized domestic cotton; a domestic allotment plan, which would support the price of cotton grown on an allotted number of acres but would allow the farmer to grow as much cotton as he wanted to on his unsubsidized acreage.

Another plan, Smith said, would give the farmers a choice of supports—"the good old A and B program."

Smith pointed out two ways that young farmers could get farmland to get started in farming—"Get it from dad, or marry it."

"There's no other way," he said. Farmland prices are so high that it will take two generations to pay out the original investment, he added.

Smith said that farming had been getting a bad "press" and "If we don't tell our side of the story, city congressmen and your city friends may take the government out of the farming business—and that I'm not ready to accept."

Rabid Skunk Acts Like A Snapping Turtle

A rabid skunk, with the characteristics of a snapping turtle, gave J. T. Creighton, Forsan, a hectic and unhappy few minutes last Monday night.

Creighton, who was aroused from sleep by the barking of his dogs outside the front door, went to investigate. As he opened the door, a skunk, which had been chased up on the porch by the dogs, dashed into the house. Creighton gave pursuit.

He cornered the skunk and the animal lashed out and bit him through the right big toe just at the point where the toe joins the foot.

He sought to make the animal break loose but it held on. He finally managed to kick it loose into the yard where the dogs killed it.

He brought the carcass to town and Dr. H. H. Schwarzenbach sent the head to Austin.

The laboratory reported on Thursday that the skunk was suffering from rabies and now Creighton has to take the 14 anti-rabies shots.

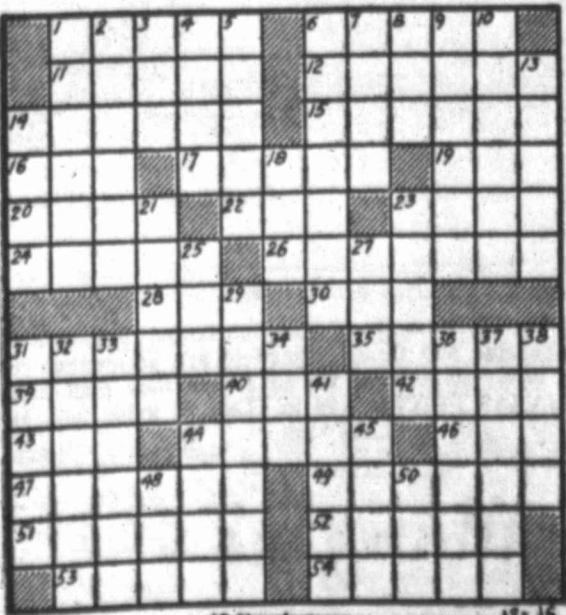

He was at Cowper hospital on Friday planning to begin the series of vaccinations which have to be injected daily for a two-week period.

Fire Eater Keeps Act Alive While At Webb

A. J.C. Tommy Preston, who has just the thing for these cool days, is also having some new problems.

Preston is a professional fire eater. Now that he's in service, he is having to serve not only as performer, but also as manager, booker, producer, script writer, etc. However, it keeps the act alive and he is hopeful that he will be kept busy during his stay at Webb AFB. At Lackland AFB, where he took his basic training, he earned a reputation and an invitation to present the act at the Service Club, NCO club, Officers Club and possibly other groups during the New Year's holidays.

TOMMY PRESTON

Preston has been a "pro" since he was a youngster. His father, Tom Preston Sr., originated the act and said he obtained his secret for fire eating from the Mayan Indians in Mexico. At age five, Tommy was taking part and he has been in the act since he was 14.

His father retired several years ago and Preston, with his sister, carried on until he joined the Air Force. She currently is enrolled at Southwestern College in San Diego, Calif., and was one of the entertainers before President Kennedy when he visited the West Coast recently.

Part of their act had been knife throwing, tap dancing and comedy routine as well as the fire eating performance. Preston has brought A.J.C. Bobby Bolduc into the act as the straight man and show narrator. But the knife throwing is out, not necessarily because Bolduc is wary of it, but because Preston doesn't have time to devote to the constant practice that it requires.

Before entering service, Preston appeared at numerous clubs, was on television and has been seen on the "77 Sunset Strip" series, the Bob Hope and Art Linkletter shows.

He does not, says Preston, use any "gimmicks" in his fire eating.

"I do not coat my mouth with anything before the fire eating act," he says. "I challenge any doctor or anyone to examine my mouth and verify this before I

perform. If you know how to do it, you don't need a gimmick."

He uses white gasoline as the flammable agent because the flame lasts longer and the fluid has no lead content. Lead gasolines would be poisonous. When gasoline is not available, pure alcohol can be used, but it is not so effective, according to Preston.

Both Preston and Bolduc are assigned to the 3560th USAF Hospital at Webb. Preston's parents, Mr. and Mrs. Tom Preston, live at San Ysidro, Calif., and Bolduc's parents are Mr. and Mrs. Elroy J. Bolduc, Norwich, Conn.

BOBBY BOLDUC

Maj. Cappiello Is To Retire

Maj. M. A. Cappiello retires from the U.S. Air Force on Jan. 31, 1961, after 20 years service. He entered the federal service as a Master Sergeant via the Connecticut National Guard which was called into active service Dec. 31, 1941; he participated in the Army maneuvers in Louisiana that year.

Commissioned a second lieutenant in November, 1942, Maj. Cappiello held various administrative assignments, and taught ground combat tactics before going overseas.

Discharged in 1947 he held a civil service job in the Pentagon for five months before being called in December of that year for active duty. He began his current USAF tour in 1951 with an assignment as assistant to the military attaché for the U.S. Embassy in Rome. Later he worked with the American Battle Monuments Commission.

Maj. Cappiello has chosen Rome, Italy as his place of residence where he plans to study art at the University of Rome. A well known sports car driver, he expects to do a little racing on the side. Driving a Lancia Class D Production model he scored first-place triumphs on three attempts in one meet. In May, 1958 he hit the world-wide spotlight when the German world sports magazine — "Sport Ereignis" — featured his record for that year.

MAJ. M. A. CAPPIELLO

Mail Volume Building Up

Christmas mail for the first 13 days of December is nearly 30,000 pieces of mail ahead of the same 13 days last year, E. C. Boatler, postmaster, reported Friday.

Total incoming and outgoing mail handled from Dec. 1 through Dec. 13 inclusive, stands at 1,064,451 pieces. On Dec. 13, 1960, the total was 1,038,375.

Boatler pointed to the mounting volume of mail and urged early mailing.

"It appears," he said, "the mail volume this Christmas will be greater than ever before. Therefore, to insure that we are able to

handle your letters, Christmas cards and presents on time, it is imperative they be mailed at once."

He pointed out, also, that the post office lost four of its experienced employees when the National Guard was mobilized and that another of the staff is in the hospital. Extra help is to be put on the payroll but these will be largely inexperienced workers.

R WE MUST NEVER STOP LEARNING

Each year more than 300 new medicines are made available for physician prescribing. As quickly as each one is released for safe use we stock it in our prescription laboratory.

Then, we study to learn their dosage, storage problems, incompatibilities when combined with other drugs and therapeutic uses. For . . . we often can save a busy physician's time by answering questions about new products.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

DEAR ABBY

Be Useful And Needed

DEAR ABBY: Tell me in plain language, how does a nice woman find a nice man? I am a very respectable unmarried woman of 42 who would like male companionship. I disapprove of going alone to bars. I have even thought of writing to a Lonely Hearts' Club, or registering with a Marriage Bureau that matches up people for a small fee. (They claim each applicant is thoroughly investigated and screened.) What do you think of the idea? I don't want to waste my life living alone.

RESPECTABLE AND LONELY

DEAR R AND L: In this big, wonderful world no one needs to be "lonely." Try to make YOURSELF attractive and interesting to men and women. (Women have brothers, cousins and friends who are eligible.) Get out and do volunteer, political or church work. Make your self useful and needed. Investigations and screenings mean nothing. Most Lonely Hearts' Clubs and "Marriage Bureaus" are run for \$5—not as a service to humanity. Don't fall for them.

DEAR ABBY: I am a 19-year-old girl with a problem I have never seen in your column. When I am on a dinner date with a young man and I am asked to order a beverage, I am stuck. You see, I love milk and drink it with all my meals at home, but it seems so babyish to order milk on a date. I don't drink coffee or tea, so it seems foolish to order it and take a few sips. It seems incorrect to order no beverage with my dinner at all, yet I feel funny ordering milk. Can you advise me?

MILK DRINKER

DEAR MILK DRINKER: For goodness sakes, order milk! Your date is probably dying to order it, too, but he feels "funny" because you haven't taken the lead.

DEAR ABBY: A letter in your column applied to me, but I didn't write it. My husband has a big-mouthed sister who tells everyone who mentions my name that I am her sister-in-law. This burns me up because as far as I'm concerned, I married my husband and not his family. Furthermore, if this person were not my husband's sister, I wouldn't even speak to her. She is vicious, two-faced and I am not proud to be related to her. What is the solu-

Daniel Urges Safe Holiday

AUSTIN (AP) — Gov. Price Daniel has urged the "biggest traffic safety campaign" in state history and asked Texas law enforcement agencies and citizen traffic safety organizations to cooperate.

Daniel said radio and television stations will again conduct a "drive lighted and live campaign" during the holiday season. Motorists will be urged to turn on their auto headlights in the daytime as a reminder to drive legally and safely.

Nearly 700 big highway posters have been provided by outdoor advertisers.

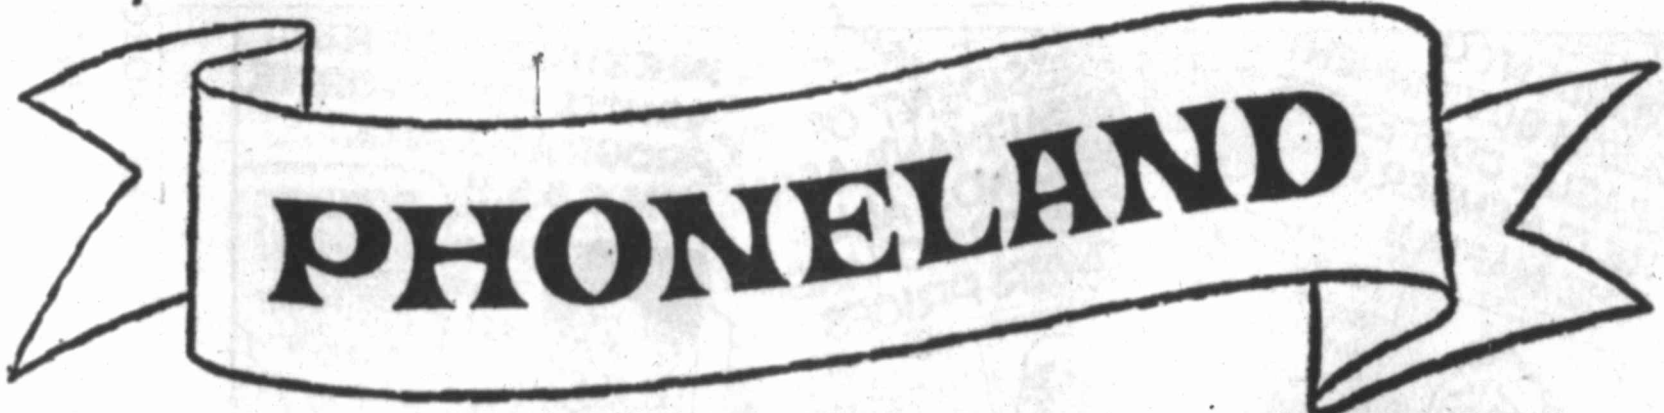

Daniel said that if Texans take the same caution during the Christmas holidays as taken during the Labor Day weekend, the death toll will be about 35 instead of the predicted 88.

Farm Bureau Re-Elects Shuman

CHICAGO (AP)—A militant foe of big government will continue to lead the influential American Farm Bureau Federation in efforts to get Uncle Sam out of farming.

He is Charles Shuman, a stock and grain farmer of Sullivan, Ill. The federation last week re-elected him president, a post he has held since 1954.

Christmas Surprises from

DELIGHT THOSE YOU LOVE WITH COLORFUL NEW TELEPHONE SERVICES

A colorful new telephone service will express your love for a special someone all through the coming year. The cost is surprisingly low. It's so easy to order. Simply call the business office or ask any telephone serviceman—just think of all the shopping steps you'll save!

CONVENIENT HOME INTERPHONE lets the family talk from room to room, greet visitors at the door, or check on baby's sleep—all by telephone. Saves countless steps. Fun to use. Wonderful Christmas surprise for all!

GAY BELL CHIME announces phone calls with a charming musical tone. Or simply flick the control switch to get a loud (or soft) regular ring. Choose gold or ivory color. Adds a touch of tasteful glamour : : : sure to delight the queen of any home:

A TIMELY SUGGESTION...

GIVE CASH For Christmas!

There's no need to dash frantically up and down store aisles looking for a last-minute inspiration. A cash gift is always welcome. WE'LL BE GLAD TO ADVANCE WHATEVER MONEY IS NEEDED!
