OUR MARKET REPORT FROM KANSAS CITY

Though cattle receipts were smaller than a week ago, the decreased supply brought no urgency to demand and prices ruled about steady. Elsewhere markets were reported as dull and inactive. Some hogs sold slightly higher than late last week, but most of the offerings were no more than steady, top \$15.60. Lambs and sheep were quoted steady under a slow demand.

Receipts last Monday were 22,000 cattle, 8,000 hogs and 16,000 sheep, compared with 26,000 cattle, 7,000 hogs, and 17,000 sheep a week ago, and 44,775 cattle, 10,900 hogs and 9,500 sheep a year ago.

Prices for killing cattle on Monday held about steady under a slow trade. Killers are waiting for eastern markets to absorb surplus supplies collected last week, and today no market had normal demand. Late last week prices were sharply lower, and the market Monday opened at that decline. A good many common to fair killing steers brought \$8 to \$9.25 and better grades, \$9.50 to \$12.25. Wintered and fed steers were scarce. Cows in some cases were 25 cents lower, and veal calves about steady. Orders for cars to load Tuesday and later this week are being cancelled.

Prices for stockers and feeders were weak to 25 cents lower, with demand indifferent. Eastern feeders are holding back for still lower prices. Quotations now are lower than in several years past, and it looks as though no better buying opportunity will be offered this year than at the present time.

The hog market made a moderate showing of strength at the outset but before much trading was accomplished the market was back to steady.

Sheep and lamb prices remained steady with trade rather quiet. Most of the western lambs sold at \$12 to \$12.50, and native lambs \$11.50 to \$12. Demand for feeders was quiet at unchanging prices.

Receipts in the horse and mule divisions were smaller than a week ago. Practically no westerns were here. Prices and demand were much the same as last week.

CATTLE CONVENTIONS TO BE IN EL PASO

El Paso will be greatly recognized by the cattle interests of the country in 1921. Not only will the American National Livestock Association hold its annual convention January 12, 13 and 14, but the Pembroke & Southwestern Stockmen's Association will meet at El Paso in March. These two great meetings will attract thousands of cattlemen to El Paso.—El Paso Livestock Journal.

If these cost us \$20.00, they cost you \$25.00; if they cost us \$15.00, they cost you \$18.75.

WE DO KNOW that this is the best opportunity for you to buy that you will have. You see the cost and figure the price.

BEGINNING SATURDAY, FOR ONE WEEK ONLY.

New Items in Ready-to-Wear Arrive Every Day

And extra values that this little store is giving this season is becoming known far beyond the normal trade lines.

WE TELL YOU AGAIN that it is not necessary that you pay a big price for your New Suit, Coat or Dress. We can very quickly convince you that Ready-to-Wear is 25 to 33 per cent less in price than for the past two seasons.

THE PRICES ON SUITS BEGIN at \$27.50 and are \$29.75, \$32.50, \$35.00, \$37.50, \$39.75, \$42.50, \$47.50, \$53.50 and only two or three as high as \$85.00. You can pay more perhaps, but you will not get anything for the extra price you pay above these prices.

They are tailored, of all wool Tricotine, Menswear Serge, Velour de Laines, Yalamas lined with the best quality fancy silks and tailored as you would have them. The lower prices are only an answer to your oft expressed wish for prices to come down.

Coats begin at \$18.75 for all wool Polo Cloth and this \$18.75 coat is a better value than we sold for \$29.00 a year ago. At \$24.75, \$29.75, \$33.50, \$37.50, \$42.50, the values are almost a hundred per cent better than last season. At \$47.50 to \$67.50 are coats that would have brought around a hundred dollars. The price of Ready-to-Wear is very much lower and we repeat, you do not have to pay the big prices of the past few seasons.

NEW DRESSES EVERY DAY.—There is hardly a day that does not bring new dresses and still it is hard for us to accumulate a very great stock, for these extra values have been bought eagerly and numbers of customers have expressed their appreciation of the fact that they have been able to save from \$10.00 to \$25.00 on a single garment. A Big Spring customer told us that she saved more than her railroad fare to Midland and back on the purchase of a \$11.75 blouse alone.

ARE YOU SKEPTICAL? Then it will be a pleasure to prove to you that you need not pay the big prices of the past two seasons. Read the city store advertisements and you will note that such reliable houses as Sanger, Titche Goettenger and others tell you exactly what we are telling you, "That you do not have to pay the big prices of the past seasons."

THIS LITTLE STORE WILL SAVE YOU MONEY, do it gladly, and we want your business.

"DEPENDABLE SERVICE"

16,000 ACRES FOR SALE

In MIDLAND COUNTY, TEXAS

A Land of Health and Wealth

TRUCK

In all truck sections the producers have their good and bad years, but all developed truck countries show their prosperous conditions by the well-built, painted houses of the farmer. The price of land (usually \$250 to \$1,000 per acre) gives an idea of the productive power of these lands and crops. Fine cantaloupes, watermelons, tomatoes and many other truck crops can be grown here. Our sandy loam soil, climatic conditions and unlimited water will make this one of the greatest truck countries in the United States. All that is needed are men to work the soil.

HOGS

This is an ideal hog country. No disease known. Warm winter months and cool summer months, combined with such feed as milo maize, kafir corn, feterita, peanuts, oats, cowpeas, rape and alfalfa make cheap pork production a sure thing. If only hogs alone could be raised here, these lands would be worth much more than the prices asked.

CATTLE

Millions of dollars have been made in the past years by the Midland stockmen. This was made on grass alone with the price of cattle far below the prices of the present. With this introduction of field crops, and better graded stock, this production of wealth will be greatly increased. This is the day for the farmer-stockman. Live stock grows you money while you sleep.

SCHOOLS AND CHURCHES

Midland is noted for the excellence of its schools and the earnestness of the church members. Besides the public schools, Midland has a large college which is well patronized.

MIDLAND SOCIETY

MISS LYDIE G. WATSON

Editor

Phone No. 88

Clark-Boatman

On last Sunday evening a pretty home wedding was consummated at the home of Mrs. W. L. Clark when her eldest daughter, Miss Ruby Ellen, was given in marriage to Rev. Clarence O. Boatman, Rev. J. A. Boatman, of San Angelo, and a much revered uncle of the groom, reading the beautifully sacred services which united the lives of these two young people strong in love each for the other, and in that spirit of Christ which makes them yearn to serve their fellows.

The bridal party entered to the strains of Mendelssohn's Wedding March, played by Miss Lydie G. Watson, and as the jubilant, yet ideally lofty notes gently merged into the pianissimo of "Love Dreams," the twin were made one, in the presence of only near relatives and a very few friends. The bride was becomingly gowned in a pretty white frock of crepe de chine and carried bride's roses. After loving congratulations had been showered upon the newly-weds, much merriment was afforded by the cutting of the wedding cake, after which the most delicious peach ice cream was daintily served.

The out of town guests were Mr. and Mrs. J. Harvey Clark, of Abilene; Mrs. and Mrs. M. E. Byerly, Misses Judith and Grace Clark, of Big Spring; Rev. and Mrs. J. A. Boatman, and Mrs. Dehridge, of San Angelo. Mr. and Mrs. Boatman left on Tuesday for a brief visit to relatives in San Angelo and from there to Greenville where they will both do special collegiate work.

Mrs. Boatman is a young woman possessing many lovely Christian graces, which render her admirably adapted to the life which she has chosen, that of being a helpmate to

the young minister who has also so nobly dedicated himself to a life of service. Both young people are of good Methodist families, and in every instance their lives and natures seemed beautifully attuned. "Miss Ruby" will be missed from her home, her church and her friends, but the Reporter with many others wish her and her young husband Godspeed in their marital life and as they go forth to help make this old mundane sphere a wiser, better and happier place.

Beautiful Church Reception

The lovely lawn of Dr. and Mrs. W. K. Curtis presented a gala and beautiful scene on last Friday evening, when it was brilliantly illuminated and thronged with the good people of the Christian congregation and some of their friends.

These splendid people have no minister at present, but it is pleasant to note that though there is no regular shepherd, the flock holds together, strong and triumphant in the "shelter of the fold."

After a time spent in conversation and happy association a splendid program was rendered.

Music—Midland College Orchestra. Reading—Eulalia Whitefield. Vocal duet—Misses Wilhite and Graves.

Reading—Miss Nellie Elkin. Violin duet—Miss Mabel Shaw and Mr. Dewey Wiley. Violin and piano—Miss Lydie G. and Mr. Ned Watson.

At the close of this delightful evening, spent in that social intercourse with people whose interests as well as hearts are closely identified, the most exquisite ice cream and cake were temptingly served.

Miss Harrold Captures Hearts of Audience

Judging from the opening number of the program, Midland, through the efforts of Mr. Lackey and his high school, will be favored by the gods during this season and for all this we are thankful. A large audience greeted Miss Harrold on last Tuesday evening and the allegorical play "Experience," she gave with such force and dramatic depth that it still haunts the memory of all who heard. The lesson so rarely portrayed was marvelous and from an artistic standpoint it was an inspiration and joy. The audience was appreciative and applauded the gifted reader unreservedly.

The 99 Club had its initial meeting of the club year last Tuesday afternoon with Mrs. J. Tom White as hostess. The meeting was mostly of a social nature, and plans of interest for the coming year were discussed. A representative number of ladies were present, and during the social hour the hostess assisted by her daughter, Miss Thelma, served the loveliest salad, sandwiches, olives, coffee, brick cream and cake.

Mesdames Holt and Cowden Co-Hostesses

Tomorrow afternoon from three till five, Mesdames O. B. Holt and Frank Cowden will be at home to friends in the former's lovely home.

Mrs. Marie J. Riggs left Wednesday afternoon for Mineral Wells where she expects to remain indefinitely. During her absence, Mrs. Riggs' pretty cottage home will be occupied by Mr. O. B. Rountree, the latest efficient acquisition to The Reporter force.

Mr. and Mrs. J. Harvey Clark who have been guests of his mother, Mrs. W. L. Clark and of the Clark-Boatman nuptials left Wednesday for their home in Abilene. They were accompanied by Miss Ruth Clark, who will matriculate in Simmons College for the ensuing term.

Miss Brookie Lee writes very joyously of her work in Sierra Blanca, where she is teaching school, and not at Barstow as was erroneously stated some weeks ago.

Mesdames Edwin and Will Martin, of Odessa, have been attractive guests of Mrs. W. E. Wallace at the Llano this week.

Mr. Ben Allen left Tuesday for Hardin, Montana, where he will be joined ere long by Mrs. Allen and baby.

Mr. and Mrs. Marvin Spaulding left Tuesday for the ranch after a visit to Midland relatives.

Mr. and Mrs. N. W. Bigham and Mrs. Malone have been visiting in Seminole this week.

Mrs. W. H. Spaulding spent a few days on the ranch this week with Mrs. Ben Allen.

Miss Roba Nugent left Sunday for a visit to Eastland.

BECOMINGNESS

"However expensive one's clothes may be, they are not effective unless they are becoming."

It is true economy to make certain of securing a hat that is really becoming, one which will harmonize with clothes that make you look your best—of which you will not soon become tired. Then if all are of the best material and in the newest style, you will feel well dressed as long as you choose to wear them.

All of these qualifications you will find in HATS, SUITS, COATS, DRESSES and BLOUSES at WHITMEYER'S SHOP For Midland. adv

Mrs. Russell Jones this week sustained a surgical operation of major import. It will be very pleasing to many friends to know she is getting along splendidly and will probably be quite well again soon.

Fresh, pure home-made bread, cakes, pies and candies at the Home Bakery. adv 52-2t

About two weeks ago Oscar Bagdale, son of our townspeople, Mr. and Mrs. Joe Ragsdale, and who is working at Necessity, Texas, sustained a very painful accident. He got two of his fingers cut off, getting them caught in the cogs of a gasoline engine. The young man lost an eye about a year ago, while working in a branding pen.

Some splendidly developed young New Zealand red rabbits for sale, suitable for breeding, or cheap enough to be eaten. Phone No. 7.

J. H. Williamson and wife returned this week from a visit to old friends and relatives in Kentucky and Tennessee. They were absent nearly two months, and it was a wonderfully pleasant vacation.

THREE MORE FORDS DELIVERED THIS WEEK

Heatly & Yarbrough report deliveries of three more Fords this week, as follows: W. B. Elkin, a roadster; Roy Parks, a coupe; Theo. Ray, a touring car. A number of others are on hand and spoken for, and deliveries are to be made when the purchasers call for them.

Our old friend and former townsman, A. C. Heard, is with us from New Mexico, for a few days on business and to visit relatives and old friends.

Thos. May, of Cleburne, arrived yesterday, and leaves again today. He owns some land six miles south, rented to B. F. Ward, and was here to look it over for the first time in eight years when he traded for it.

WARNINGS ISSUED TWO GINS BURNED

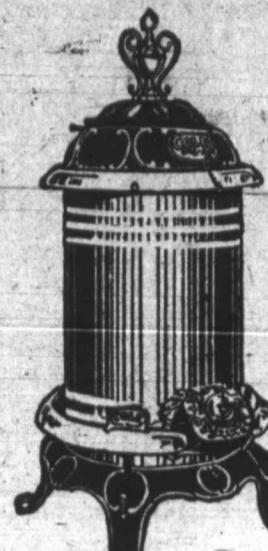

Dated at Stamford, Oct. 6th, a special press news item says: "Following a warning that the gin would be burned unless it closed down till the price of cotton reached 40c, the Bueders plant was destroyed by fire last night. This is the second gin in the county that has been destroyed by fire in the last three days, after warning had been issued by unknown persons that they must cease operation until cotton reached 40c. The other gin was at Anson. "Citizens are much incensed and all gins in the county will be watched carefully to avoid further losses."

Hudson and Essex Cars Return to Bedrock Prices

Reduced \$200 to \$450

Thousands have planned to buy Hudson and Essex cars this Fall. For five years the Super-Six has been the world's largest selling fine car. In eighteen months Essex sales made an unmatched record. What must now be the demand for them at these bedrock prices? But labor and material shortages in early summer had forced reductions in schedules for Fall and Winter. And now the return to normal in prices assures such an immediate increase in sales that a scarcity of Hudson and Essex cars seems certain.

Choose your car now. Learn how the price reduction increases its attractiveness. And remember that in either Hudson or Essex you obtain exclusive motors--for they are patented.

You can save \$200 to \$450 on the car and model of your choice. Act promptly if you want delivery this Fall.

DIZZINESS IS ANNOYING

As Many Midland People Know
 Too Well

When the kidneys are weak or dis-
 ordered, they fall behind in filtering
 the blood of poisons. As these poisons
 attack the nerves, the result is felt in
 spells of vertigo, just as drunken-
 ness will make a man dizzy from the
 poisoning of alcohol. Dizziness,
 headache, backache and irregularity
 of the kidney secretions are all signs
 of weak or disordered kidneys and
 should not be neglected. Use Doan's
 Kidney Pills, the home-endorsed kid-
 ney remedy. Read this Midland res-
 ident's statement:

Mr. J. H. Shepherd, Baird street,
 says: "Quite a few years ago I had
 occasion to use Doan's Kidney Pills.

I had a great deal of trouble with my
 kidneys and back. At times my back
 would feel so sore and lame, the least
 work would be drugery. I would
 have headaches and on stooping over,
 I would get so dizzy, everything in
 front of me would turn black. I was
 caused a lot of inconvenience by the
 too frequent action of my kidneys, and
 I was all played out, with no ambi-
 tion to do anything. I started tak-
 ing Doan's Kidney Pills and they cured
 me entirely. I haven't been trou-
 bled since."

Price—60c, at all dealers. Don't
 simply ask for a kidney remedy—get
 Doan's Kidney Pills—the same that

**ALL THE SCHARBAUERS
 ARE NOW IN MIDLAND**

Col. John Scharbauer is out from
 Fort Worth this week, to look over
 his extensive ranch interests and to
 visit with his brothers, Messrs. Chris
 and Phil. Another visitor in the home
 of "Uncle Chris" is a nephew, Walter
 Scharbauer, of Albany, N. Y., and
 with his presence and that of "Uncle
 John," all who bear the name of
 Scharbauer—at least of this family—
 are in Midland. The young Mr.
 Scharbauer is an instructor in elec-
 trical engineering, and is being sent
 out El Paso way by an educational
 institution of New York.

Making still happier this crowd of
 Scharbauers are other visitors in the
 persons of Geo. H. Folk and wife, al-
 so of New York, and Mrs. Folk is a
 niece of the Scharbauers.

"Uncle Chris" paid our office a
 pleasant call Wednesday, and we had
 interesting conversation with him.
 Said he: "I don't suppose there is a
 man in Midland happier than I am
 in Midland—aside from my own care
 and responsibilities; my health is better
 than for four years past, I eat and
 sleep well, and I see nothing but the
 bright side of life."

This seems literally true of this
 highly esteemed, much loved old
 friend—and he is everybody's friend.
 He smiles more, scatters more sun-
 shine along his pathway, and more
 good is dispensed of his bounty than
 almost any man we know. All of Mid-
 land rejoices that he is thus happy,
 and God bless him, may his joys be
 yet for years and years to come.
 Would that all of Midland were like
 him, and that we deserve as he de-
 serves.

Miss Agnes Moran left this morn-
 ing for Hot Springs, Ark., where she
 will attend school in the convent this
 winter. She was accompanied as far
 as Fort Worth by her sister, Miss
 Mamie.

Dr. J. F. Haley, after a visit of two
 or three weeks in Midland, left yes-
 terday for his home in San Antonio.

**CATTLE LOANS TO BE
 MADE IN JANUARY**

The Texas Cattle Loan Company,
 recently organized in Fort Worth,
 expects to begin making loans about
 January 1st, according to an an-
 nouncement by T. P. Turner, trustee
 for the company. The organization of
 the company has been completed and
 headquarters established in the W. T.
 Waggoner building.

R. E. Gatewood, of Cleburne, has
 been elected president of the com-
 pany. He is one of the best known
 cattlemen of North Texas, having
 been engaged in the business many
 years. He is a frequent winner of
 prizes at the Southwestern Expon-
 sition and Fat Stock Show. Other offi-
 cers of the company are: John W.
 Davis, of Fort Worth, vice president;
 J. E. Mitchell, of Fort Worth, secre-
 tary and treasurer, and D. W. Odch,
 of Fort Worth, attorney.

"There was never a time," said
 Gatewood, "when there was a great-
 er demand and a more urgent need
 for money in the cattle business than
 there is now.

"Many of the banks of the country
 are calling in their loans to stock-
 men because of the action of the Fed-
 eral Reserve Bank and where stock-
 men are permitted to renew their
 loans, the rate of interest is in many
 cases almost prohibitive."

Gatewood, however, sees a bright
 future for the cattle industry. He be-
 lieves there will be a big demand for
 cattle throughout the next five years.

**IT IS NOT LESS THAN
MALICIOUS MISCHIEF**

A reader of The Reporter, in an-
other town, writes us this week:
"In renewing my subscription, I
would call your attention to the fact
that there are in Midland a number
of boys who watch their chance, when
a house is vacant, to break out the
windows, then enter it and damage it
in several ways."
"Of course, it is probably more
damage to the boys than to the own-
er of the house, for their experience
and freedom from punishment will
lead to breaking into dwellings and
stores to steal, when they are a little
older."
"A Boy's Friend."
We are very sorry Midland boys
are so culpable. It is malicious mis-
chief, not thoughtlessness nor boyish
pranks, and it will lead them to sor-
row one of these days. Why, only
last Saturday afternoon the fire
alarm was sounded and when the
fire boys got to the scene of the con-
flagration it was found to be a vacant
house in the northeast part of town.

that is to give you an adjustment guar-

But the day will finally come when
you will know that your battery has
lasted just as long as the best battery
skill can make it last. Then, and not
before, will we sell you a USL Battery

USL Batteries come to us "Dry-

DEVOE *The Guaranteed*
Lead and Zinc Paint
Fewer Gallons—Wears Longer

It contains no whitening, silica, china clay or other such stuff. It is made of the same pure ingredients that the old-time painter used: Pure White Lead, Pure White Zinc, Pure Linseed Oil, and nothing else. Devoe is mixed by machinery, 1000 gallons at a time. That makes it absolutely uniform in strength, color and covering capacity—always takes fewer gallons, too.

Let us show you the real economy of painting Devoe paint. Will be glad to send you copy of the practical booklet—"Keep Appearances Up and Expenses Down."

This will be a combination of the spring Sunday School day and the fall rally day services. The principal part of the program will be an illustrated sermon to the children by the pastor. Let every one help to make this a record breaking day in attendance.

Junior Epworth League at 3 p. m. and the Senior League at 6 p. m.
At 7 p. m. there will be preaching by Dr. Wooten, dean of Midland College. The Midland College orchestra will assist in the music. This will be a great service and you should come early if you want a good seat. A cordial welcome to every one attending. Monthly stewards' meeting in Judge Bryan's office Monday at 4 p. m. This will be the last meeting for this conference year and every steward should be present.

Mid-week prayer service Wednesday evening at 7 o'clock.
D. Scarborough, Pastor.

Attention Methodists!
Our annual conference will convene in San Marcos on October 20th. There are only two more Sundays in this conference year. Every member should, if possible, be in every service on these two days. What we do between now and conference will somewhat effect the work next year. Everyone should do his part and have his say. Special attention is called to the following schedule of services for these two remaining Sundays:

Next Sunday at 11 a. m. will be a special service under the auspices of the Sunday School. The spring Sunday School Day and the fall Rally Day services will be combined in one. I will preach an illustrated sermon to the children as part of the program. In the evening at 7 o'clock Dr. Wooten, dean of Midland College will preach. The Midland College orchestra will assist in the music. This will be a great service and you should come early if you want a good seat.

On Sunday, Oct. 17th, at 11 a. m. I will have something to say that every member of the church should hear. Let us have a full attendance. This will not be a special service for Methodists only. Every one who is disposed to attend is cordially invited. In the evening at 7 o'clock will be held the last service of the year. The sermon will be short in order to give time for the formal installation of the newly elected officers of the Epworth League for next year, and the reading of our report to the annual conference. There will be good music at all of these services. Don't fail to attend.
D. Scarborough, Pastor.

Baptist Church
Sunday School at 9:45 a. m. Plenty of "pep" and something doing every minute of the hour. W. A. Dawson, superintendent of the main school; Mrs. B. W. Baker, superintendent of intermediate department; W. W. Lackey, superintendent of junior department; Mrs. N. W. Bigham, superintendent of the primary department. Preaching hours at 11 a. m. and 7 p. m.

Young people's service at 6 p. m. The past Sunday was a great day at this church, but let's make the coming Lord's day the best in a long time. The Lord's supper will be observed at the morning hour and the ordinance of baptism will be administered at the close of the evening service.

The public will find a cordial welcome at any or all of the above services. If you enjoy good music, be on time.
Owen J. Hull, Pastor.

Presbyterian Church
Regular services Sunday morning at 11 o'clock and evening at 7 o'clock by the regular pastor. At the morning hour the recently elected officers will be ordained and installed. The administration of the Lord's supper will be in connection with this hour. This promises to be one of the best services in the history of the church. The pastor will look for every member to be present with their friends to enjoy this good hour. Perhaps, members will be received, as there are several to join.

While the farmer and Ranchman are watching the price of their products decline, we feel we would be recreant to our duty as merchants to not "pass along" the price concessions in our merchandise.

We do not intend to pose as philanthropists or to convey the idea that we find pleasure in selling at a loss, yet we do know that it is a just expectation, as well as a business necessity that we regulate our prices according to present-day conditions, which we are doing with a smile.

Your every necessity in our line will be taken care of on a basis of Value instead of Cost and we feel that the substantial increase in our volume of business is a compliment to our superior service. Quality and Values.

Fordson

TRADE MARK

Farm Tractor

More than 100,000 Fordson tractors have been sold to farmers in the United States. They are helping those farmers do more and better work in less time and at less cost. North, East, South, West—everywhere the Fordson has proven itself a money-maker and a real necessity to the farmer. Besides it is helping mightily to solve the labor problem.

These one hundred thousand and more practical farmers have affirmed the economy—the exceptionally low fuel and operating cost—of the Fordson; its time and labor-saving qualities and its ability to increase production. The Fordson was built to be the most economical tractor; it is compact and devoid of excessive weight. And it is built of the same strong iron and steel as is the Ford car.

Winter or bad weather does not hinder the Fordson's usefulness. Day or night—twenty-four hours a day if you choose—you can utilize the Fordson.

Only so many Fordsons are allotted this territory. Orders are being filled in sequence—first come, first served. Let us have yours now.

There's a practical use for the Fordson every day of the year. Let's tell you. Come in and have a tractor talk. Give us the chance to make a demonstration on your own farm.
