FOUR ROUTES OFFERED TO COMMISSIONERS COURT MONDAY.

Citizens from the east part of the ounty presented petitions to the Midland County Commissioners Court Monday to have a lane built through that section and into Glasscock Coun-

One route was presented by K. S. Boone, C. A. McClintic and William Skeen; another by M. H. Fisher; one by Willis Woody; and still another by 3. T. Hale.

The routes are all in the same part the country but would serve the ndividuals in different neighborhoods little better as presented by each etitioner. Several names of other citizens were signed to each petition. A committee was appointed by the County Judge to go down there and look over the different routes, after which some action will probably soon

The lane and graded road when built will offer a much more feasible way to reach the farms and ranches down there, and will also serve as a drawing card for trade from people n Glasscock County.

Supreme Court Affirms Ross and Good Cases

According to press reports, the Supreme Court affirmed the sentences ien Tom Ross and Milt Good at Abilene, at the hearing in Austin last Wednesday.

The sentences were twenty five years for Ross and twenty five years for Good, in connection with the killing of H. L. Robertson and W. D. Allison, cattle inspectors for the Texas and Southwestern Cattle Raisers Association, in a hotel at Seminole April 1, 1923.

This case has been of great interest to the people in Midland and the surrounding country, both because of the fact that all four of the parties were well known here and because the case was said to have grown out of trouble over the theft of cattle.

Benediction

-Reporter.

The Editor's Beatitudes

Blessed are the merchants who advertise because they believe in it and in their business; for their prosperity shall increase many fold.

Blessed are the country correspondents who send in their well written items every week; for fame of their friendly neighborhoods shall go abroad in the land.

Blessed is the woman who sends in written account of a party or wedling; for she shall see the details of the function and the names of her guests correctly reported.

Blessed are all those who do not expect the editor to know everything but who call him up and tell him whenever an interesting event occurs to them; for they shall have a newsy paper in their town. Blessed are they who do get their

copy in early; for they shall occupy warm place in the editor's heart. Blessed are all those who co-operate with the editor in his efforts in behalf of the Community; for their own shall be known far and wide as a good place in which to live.-Peetz (Colo rado) Gazette.

Chamber of ommerce Office Now in Dallas

In a news article carried by Sunday's Dallas News, people over the State were informed that the Midland Chamber of Commerce office had been moved to Dallas. This is a temorary arrangement, of course, but the local people may feel sure that Secretary Vickers and his wife are telling thousands of people about this great country. The office could not be located at a more advantageous place than the State Fair just at

MIDLAND BOY DIRECTS TFX. UNIVERSITY BAND \$

RADUATE OF HIGH SCHOOL DIRECTS FRESHMAN BAND OF 64 PIECES.

It is a matter for pride and conratulation both to himself, his famly, his high school and his many friends here, that H. B. Dunagan, who was graduated from the high hool with honors here last spring has been elected director of the University of Texas Freshman Band. The Freshman band is composed of 64 pieces and it is no small honor which our young townsman has attained. We eunderstand that this is the only Freshman band in the United States. J. Wiley Taylor, Carroll Hill and Garvis Dockray are mem-These boys will be in Dallas Saturday with the main University band and the rooters for the Longhorns who are scheduled to play S. M. U. at the Fair grounds on that day. The two bands will give a parade in Dallas about ten o'clock Saturday mornng. A number of Midland people are going down and will see the boys. The following is taken from the Daily Texan of October 12: Officers Chosen by Freshman

Musicians at Band Rehearsal

At the regular rehearsal of the Freshman band, H. B. Dunagan of Midland was elected director of the band for one year. Dunagan resigned his positon with the advisory board to fulfill his duties as director, and A. Navratil was elected to succeed him. The band decided to establish Monday and Thursday nights as the regular rehearsal nights.

Any freshman wishing to join the band is urged to be present next Monday night at 7 o'clock.

The band has secured uniforms and made their first appearance at the Howard Payne game yesterday in the new attire. This was the first time that two uniformed bands have appeared on the football field together.

Further cause for congratulation is the fact that young Dunagan had keen competition when it came to selecting a director for the freshman band, a former director of the Oak Cliff high school band and a boy who had been director of the Brenham band being aspirants for the honor. We extend hearty congratulations. Midland is proud of her boys, as well as her girls. They are making good the world over.

Gilbert Ragsdale is in from the ranch today. The country south of here is in good shape for winter, and both grass and weeds have picked up

"Winchester Herald Writes Up Midland Hardware Dealer

With an attractive picture portraying Geo. D. McCormick with the big buck which he killed on his deer hunt last winter, the Winchester Herald writes the following under the caption: "DECORATES SPORTING GOODS DEPARTMENT:"

We have heard from Frederick Pfaff. Winchester service man in Texas, that when the Midland Hdwe. Co., Midland, Texas, desires to decorate their store with some nice ant. lered deer heads, their manager, Mr. George D. McCormick, who is an excellent shot with a Winchester, scours the tall timber until he finds just the beautiful head that will make the customers linger.

The accompanying picture shows the result of Mr. McCormick's a nnual deer hunt. He is not only a good shot, but a good hardware dealer, exercising rare judgment in bringing home as fine a head as has ever been secured in his part of the

Services Held Sunday At Stokes School House

Rev. Green, the missionary from Big Spring held services at the Stokes School House last Sunday night, and the house could not hold the crowd that gathered there. The service was enoyed by all. Rev. Green will preach there again on the second Sunda night in November.

Homer Rowe went duck hunting Thursday.

HOW DOCTORS THEAT

an attack of grippe, influenza or sore threat, physicians and druggists are now sy about having drafts blow on them 1. commending Calotabs, the nausealess and of dampness underfoot. SECOND FLOOR WILL BE CON-VERTED INTO AUDITORIUM, OFFICES AND ROOMS.

One of the owners of the Llano Hotel Company has authorized the statement that a contract has been let second floor of the building, the work o cost about \$3,500.00.

The old lobby will be made into a first class auditorium or meeting hall, while the remainder of that section of the floor will be made up for offices or rooms

This will add still more value to the building which is such a credit to Midland. The Llano Hotel is famous throughout the country both for the magnificent building and for the way in which the hotel is operated by its efficient management.

The auditorium will be a great help to the community, furnishing an ideal place for large banquets, community meetings, receptions and of the oil field on University of Texthe like. The owners show them- as lands have been established at as progressive in their own behalf.

Try to Imagine What Midland Would Be Like Without Electric Service!

Of course nothing of that sort is liable to happen. Because the people of this community understand that they must have this ssential service.

But to reflect for an instant on the possibility is worth while. The thought leads to how we come to have this service and to what is necessary to maintain it and make it stronger.

The Midland Light Company is engaged in this essential serv icein full recognition of the importance of it to the community served and of the fact that the company can grow and prosper only as the community grows and prospers. This sort of service is so necessary to the community that it has generally become a matter of public concern and is recognized by the industry as such

Our recognition of this situation is the reason for our constant effort to improve the service of electricity and make it meet the needs of our customers from day to day
