

# Bulldogs Battle Cats Thursday

Midland's Bulldogs bolt back into basketball action Thursday night in the home gym, taking on invading San Angelo's Bobcats in a 3-AA conference encounter. At 7 p.m. the "B" Bulldogs will attempt to set a winning pattern by playing to win over the "B" Bobcats. Time of varsity game is 8 p.m.

## Good Old Look

Good news! Reports from winter beaches indicate those meddling New Look fashion designers haven't messed around with bathing suits. Witness Martha Stewart, above, dallying fetchingly on a Hollywood, Calif., beach. The skirt of her two-piece swim suit is the same, brief length.

There are no blood vessels in the lens of the human eye.

We appreciate your business.  
801 E. Wall St. Tel. 268

San Angelo comes with two conference wins in two starts. The 'Cats racked up victories over Sweetwater and Lamesa. In fact, the high-scoring lads of Coach John Klick scored 51 points in each of the battles.

Midland has one conference victory in one start. The Jack Mashburn Purples drubbed Lamesa in the initial district meet.

Tuesday night, San Angelo whopped Lamesa, 51-31. Midland whipped the Tornados by 27-22.

San Angelo uses a fast break with a stout defense. Midland is crafty on defense and its cagers break with the best of 'em. The visitors have more altitude than Midland. They employed 15 men in the Lamesa fracas, cleaning the bench. Sparks of San Angelo are Cliff Jett, Wayne Warren and Dee Avery.

For Midland it will be sharp-shooting Larry Messersmith fed by rangy Fred Dunn with Dicky Jackson on guard duty against the taller invaders. To help the Bulldogs cause along, Don Hamblin, Al German, Herman Hankla, Hoot Harris, Frank Shepard and others will see action.

## Model Airplane Club To Contest Odessans

The Midland Model Airplane Club is planning for flying competition against Odessa's club in a meet to be held in Midland soon.

Last Sunday, Midlanders won the cup from Odessans by taking a meet at Odessa. The trophy cup is alternated to winners.

Midland's club was organized in 1947 and has grown. Where the members at first did straight power flying of their models, now stunt flying is done.

## Campaign Work Will Follow JayCee Meet

A luncheon meeting of the Midland Junior Chamber of Commerce will dismiss early Friday to allow members to distribute "pay your Poll Tax" literature and advertising.

The JayCeers are sponsoring a campaign to get Midland citizens to pay their poll taxes.

## A Miss Is as Good as Mile

Jockey Dale barely misses the flying hoofs of Cromwell as Trinity Lad throws him on the first jump in the Corinthian Handicap Steeplechase at Kempton Park, England. Cromwell went on to win.

## 'Sanity Code' Is Termed 'Just A Scrap Of Paper'

NEW YORK —(AP)—The NCAA's "Sanity Code" starts through the final mill Thursday with athletic chiefs freely predicting its approval but many of them forecasting failure in the accomplishment of its aims.

"You can't enforce it," one prominent coach said. "Many will vote for the code while figuring out ways to beat it."

"Such expressions as 'just a scrap of paper' and 'rules without teeth' were banded about the smoke-filled, hotel lobbies as the National Collegiate Athletic Association's Executive Committee prepared to dig into the code Thursday.

The code, a group of proposed constitutional amendments designed to curb athletic subsidization, will be placed before the entire NCAA membership Saturday. Indications are it will meet only scattered and no organized resistance.

**Southern Synical**  
Representatives of the Southwest and Southern Conferences, where the loudest protests were expected, said Wednesday night they expected the new standard of conduct to be approved "without trouble." But many of them were cynical, asserting it would do little to purify college athletics.

"I am sure you will still see a lot of poor boys going to college because they are good halfbacks," commented Coach Carl Snavely of North Carolina.

Dana X. Bible, athletic director of the University of Texas, was one of the more optimistic.

"I am sure a set of standards will be worked out this weekend that will be satisfactory to everybody," he stated. "I also think the various conferences can do their own policing."

The code has been liberalized somewhat since it was first presented to the NCAA a year ago. It permits grants to athletics under certain conditions and allows institutions to contact as long as they keep their sales talk within catalogued bounds.

**Grid Changes Few**  
The NCAA plan calls for enforcement through special committees which investigate complaints and take measures against offending members.

In the major meeting Wednesday, the rules committee of the American Football Coaches Association decided the football game is fine as it is and recommended no major changes.

The group, headed by Coach Lou Little of Columbia, suggested two minor alterations in rules: (1) after a second successive out-of-bounds kickoff, the ball goes to the receiving team ten yards in front of the kicker; (2) when a player is injured after the fourth time out in a half, only the injured player can be substituted for without a penalty.

## Baseball Booms In Texas With 37 Pro Outfits

DALLAS —(AP)—Texas will have seven professional baseball leagues with 37 and possibly 38 clubs next season—the all-time high for the state.

Still another league than operated last year has been formed—the La-Tex, a Class D circuit made up of six Texas and Louisiana cities. The Longhorn League, Class D loop that started up last year, plans to expand from six to eight clubs, but is having trouble getting there.

At this time, the Longhorn League has seven members but will drop back to six unless an eighth club is obtained.

Texas will have every classification of baseball from Class D to Class AA.

**North Carolina Leader**  
This was the year the baseball leaders thought the state would become the nation's leader in total clubs but North Carolina, the only state to eclipse Texas last year, held the pace. That state will have at least 40 clubs in seven leagues next Spring and may have still another circuit. Efforts are being made to form the Central Carolina League but the number of clubs has not been determined.

Here is the Texas professional league roster for 1948:

**Texas League (Class AA)**—Houston, San Antonio, Dallas, Beaumont, and Fort Worth (Tulsa and Oklahoma City, Okla., and Shreveport, La., other members.)

**Big State League (Class B)**—Wichita Falls, Paris, Sherman, Denison, Texarkana, Austin, Waco, Greenville, Gainesville.

**Lone Star League (Class C)**—Longview, Marshall, Tyler, Jacksonville, Henderson, Bryan, Kilgore, Lufkin.

**Seven In Longhorn**  
West Texas-New Mexico League (Class C)—Amarillo, Lubbock, Borger, Pampa, Lamesa, Abilene (Albuquerque and Glavis, N. M., other members.)

**Arizona-Texas League (Class C)**—El Paso only Texas member. Other members—Phoenix, Tucson, Globe, Miami, Douglas-Bisbee, Ariz., and possibly Juarez, Mexico.

**Longhorn League (Class D)**—Big Spring, Sweetwater, Ballinger, Odessa, Midland, Vernon, San Angelo (Altus, Okla., probably eighth member, but if no eighth club obtained, San Angelo to drop out.)

**La-Tex League (Class D)**—Port Arthur, Orange and Galveston, Texas, Lake Charles, Crowley and Opelousas, La.

The retina of the human eye contains 130 million rods which distinguish brightness and seven million cones which distinguish colors.

## Country Club Stockholders To Hold Meet

The annual meeting of the stockholders of the Midland Country Club will be held next Tuesday at 7:30 p.m. at the clubhouse. Officers will be elected.

Nominations for president are H. E. Lawson and P. O. Bill. Nominations for director posts (three to be elected) are F. D. Breedlove, Reese Cleveland, Bruce McKague, V. P. Neissl, James T. Smith and Phil Yekel. Nominations may be made from the floor at the election.

Election will be by written ballot. Present officers are J. P. Gibbins, president, and W. I. Pratt, secretary, with holdover directors including William Simpson, Bill Barker, Roy Milner, J. E. Warren, Leif Olson and H. F. Johnson.

## Navy Considers Grid System Shakeup

ANNAPOLIS —(AP)—The Navy, which has watched its Middle football flounder in the doldrums for the last two seasons, has called in a group of star athletes of other years to look over the whole sports situation at their old school.

The word is that the eight-member panel convened this week by Rear Adm. James L. Holloway, Jr., Academy superintendent, will spend most of its time going into the pros and cons of the Navy policy of periodically assigning officers to a tour of duty at Annapolis as football coach.

**System Doesn't Work**  
The system has been under criticism for some months, and the question was pushed out into the open recently by Adm. Jonas Ingram (ret.), former Academy director of athletics.

Ingram, now head of the All-America Professional Football Conference, said that under the present-day competitive setup, a graduate coaching system doesn't work.

He recommended the navy retire Capt. Tom Hamilton, now coach at Annapolis, and rehire him as a civilian coach.

## Mexican Lightweight Still Top Challenger

OAKLAND —(AP)—Enrique Bolanos of Mexico City, jarred in the early rounds by a relatively unknown slugger, John L. Davis of Richmond, Calif., won by decision Wednesday night to hold his rating as top challenger in the world lightweight boxing title.

Davis, 134-pound negro, sprawled Bolanos with a first round knock-down and kept up the punishment until half the 10 round bout was over.

The pace became faster until the sixth, when experience showed in favor of the Mexican. He won the last four rounds and a unanimous decision.

Only about 30 percent of the American people see efficiently without visual aids.

Bowling left-handed with his own duckpin-size ball, Rudy Perdan, who'll soon be five, was a surprise contender in a Cleveland tournament. The little fellow's score hovered in the 40s, but he'll do better next time.

## Blackwell Signs Up Fat 1948 Contract

CINCINNATI —(AP)—Ewell Blackwell, the whip-armed right-hander who put together 16 straight wins—including a no-hitter—in winning 22 and losing eight games for the Cincinnati Reds last season, Thursday was under contract for the 1948 campaign, at a salary that may exceed \$25,000.

Reds' President Warren Giles announced that the limber six-foot-five inch pitcher from San Dimas, Calif., had accepted terms.

One source close to the club's master minds and players guessed Blackwell's new salary at \$25,000. Another said \$27,000.

## Now Many Wear FALSE TEETH With More Comfort

PASTETECH, a pleasant alkaline (non-acid) powder, brightens false teeth more firmly. To eat and talk in more comfort, just sprinkle a little PASTETECH on your plates. No gummy, fuzzy, or taste or feeling. Checks "plate odor" (denture breath). Get PASTETECH at any drug store.

## WACO BEEF RECORD

WACO —(AP)—A new record for beef on the hoof in Waco was set here Wednesday when a yearling butcher heifer sold at auction for \$34.65 per hundredweight. It was also a possible new record for the state.

## From where I sit . . . by Joe Marsh

**Thad's Feet Hurt**  
After a long, hard day's work on the farm, Thad's idea of how to spend an evening is to take off his shoes, and relax with a mellow glass of beer.

But his missus has other ideas. After being in the house all day, she's all for walking to the village, if it's only for a soda. Likes to see people, catch the latest gossip. But Thad says, no, his feet hurt! Begun to cause unpleasantness in Thad's home.

Then Bill Webster comes up with an idea. If Thad takes the missus to

Andy's Garden Tavern, Thad can relax with his glass of beer, and the missus can also chat with all the neighbors there. Each gets his (or her) own way.

Worked, too! In fact, now the missus likes an occasional temperate glass of beer herself. And Thad finds it's pleasanter to enjoy his beer with good companions, rather than alone. In fact, his feet stopped hurting too!

**Paper Presented At Meeting Of Woman's Wednesday Club Here**

Mrs. Russell Conkling presented a paper on "Art" at the regular meeting of the Woman's Wednesday Club this week in the home of Mrs. George Glass, 911 West Texas Avenue, and two chairmen were named during a business session under the direction of Mrs. C. M. Goldsmith, president.

Mrs. Ben Black was appointed 1945 chairman of club ethics, and announcement was made that Mrs. Robert Turpin has been made chairman of folklore for the Eighth District.

The club voted, during the business session, to give \$5 to the United Nations Children's Emergency Fund. The program followed a report by Mrs. Allen Cowden, chairman of club ethics for the Eighth District.

Among those attending was one guest, Mrs. Johnson of San Angelo.

Members present included Mrs. C. W. Chancellor, Mrs. Russell Conkling, Mrs. Allen Cowden, Mrs. Ida Fay Cowden, Mrs. J. M. DeGlass, Mrs. Andrews-Fasten, Mrs. Ann Glass, Mrs. Goldsmith, Mrs. W. L. Kerr, Mrs. Dave N. McKee, Mrs. R. L. Miller and Mrs. Erle Payne.

For this pattern, send 25 cents, in COINS, your name, address, size desired, and the PATTERN NUMBER to Sue Burnett, The Midland Reporter-Telegram, 530 South Wells Street, Chicago 7, Ill.

The new, stimulating Fall and Winter FASHION contains 52 pages of smart PATTERN clothes, fashion news, special features. Gift pattern printed in the book, 25 cents.

**WRONG POWDER BASE CAN ACCENT LINES**

By ALICIA HART, NEA Staff Writer

The older woman should firmly reject a powder base that gives the appearance of tightening her face. Powder bases with no suppling oil in them give this effect. A taut effect can have an almost wicked way of accentuating age lines.

The older woman grows, the more need she has for a supple powder base. The best choice is usually a base with a porous, creamy texture. If it's tinted, so much the better for improving color tone of the skin—and masking slight imperfections.

Even when the right choice of a base is made, care is needed in applying it. A porous and creamy foundation will "look like a party mask unless it is applied sparingly and rubbed in well. A good test of how little to leave on is to rub in a powder base until you think there is none left to show.

The best kind of powder to use over your base is one that is fine and free of starchiness. See that its shade is kept to skin tone.

Twenty percent of American eight-year-old and 85 percent of 70-year-old have eye defects.

8250 14-42

**High Prices Of Ready To Wear Clothing Touches Off Boom In Home Dressmaking**

Boom in home dressmaking is keeping American women, like the one in inset above, busy at their sewing machines. It is also keeping clerks at the crowded piece goods counter, in background photo, busy filling heavy demand for fabric yardage.

Crowded sewing classes have waiting lists. Demand for new sewing machines exceeds supply.

The nation's pattern-makers estimate 1947 sales will be 40 per cent over 1946 sales of 120,000,000 units. This is compared with a prewar yearly average of 90,000,000 units. Executives of the pattern company which serves NEA's newspaper subscribers report a 70 per cent increase in sales over prewar years and a 10 per cent increase since 1946.

Pieces goods sales in department stores are up 101 per cent of the 1940 figure. One leading manufacturer of higher-priced quality woolsens reports a 300 per cent increase in piece goods sales since 1940.

The buyer of piece goods and patterns in one of New York's largest department stores estimates individual sales are 25 to 30 per cent higher than last year's.

Here's one of the reasons: "A printed rayon crepe dress selling in our store for \$19.95 can be duplicated at home for \$9.25," says the buyer. "A silk dress at \$79.50 can be home-sewn with similar fabric for \$18."

To conform to current fashions, women get plastic dress patterns, pattern-makers. Basic dress patterns, a standby of home seamstresses, have been restyled. Pattern skirts have dropped from two to four inches. Fabrics required to sew the average pattern has increased from three yards to three and a half yards.

Top-flight designers for the retail market have been induced by the pattern companies to turn their talents to pattern-making. This makes it possible for the home needle-woman to have high-styled clothes at a fraction of the retail cost.

The price of yard goods has gone up along with everything else. A yard of fine quality woolen suiting that sold for \$4.90 in 1944 goes today for \$6.18. Rayon dress crepe, still in short supply, has jumped from .99 a yard in 1944 to \$1.29 in 1947.

Mrs. J. E. Beakey, 910 West Storey Street, was hostess Wednesday afternoon to members of the Play Readers Club, who heard Mrs. R. E. Roark read George Kelly's "The Fatal Weakness."

Two guests, Mrs. W. E. Roark and Mrs. A. S. Kelley, were among those attending.

Members present included Mrs. E. H. Barron, Mrs. Beakey, Mrs. DeLo Douglas, Mrs. John FitzGerald, Mrs. Wade Heath, Mrs. J. H. Hodge, Mrs. W. A. Irwin, Mrs. Charles Klapproth, Mrs. James Martin, Mrs. M. Ellison Muldrow, Mrs. M. Patton, Mrs. Roark and Mrs. R. D. Scruggs.

**Women's Study Club Of McCamey Has Meet**

MCCAMEY — The McCamey Women's Study Club held its regular meeting Tuesday in the Methodist annex.

After a short business meeting presided over by the president, Mrs. J. Sheehan, the meeting was turned over to Mrs. Bess Moorman, program leader for the afternoon.

A Bible day program, "The Bible Is the Most Democratic Book in the World," by Huxley, was presented.

Mrs. Edward D. Oliver of Odessa was the speaker for the afternoon and presented a review, "How to Read the Bible."

Mrs. DeLoach of Odessa sang two solos, "One of the Psalms" and "The Lord's Prayer," accompanied by Mrs. Thomas J. Pitts of Odessa.

A number of Study Club members and guests from McCamey, Rankin, and Odessa were present. The adult Bible Class of the First Baptist Church of McCamey attended in a body.

Coffee and cake were served by the hostesses, Mrs. Don Smith and Mrs. Howard Stoker.

**DIZZY STYLES, JUST SIGN OF THE TIMES**

CINCINNATI, OHIO. — If fashions seem to change so fast that they keep you broke—and maybe a little dizzy—it's just a sign of the times.

The rapid change is caused more by the unrest in the world in which you're living than by crafty manufacturers and clever advertising, says Dr. E. L. Talbert, well-known social psychologist and associate professor of sociology in the College of Liberal Arts, University of Cincinnati. And the greater the unrest, the faster the change. He explains:

"The change is created by the frustrations of the people who buy. They try to relieve their fears, anxieties and feelings of insecurity by buying clothes—fashionable clothes."

Following the fashion isn't necessarily bad, asserts Dr. Talbert, whose own weakness is collecting bright red ties. He adds:

"Fashion change has been commended from the point of view of mental hygiene. It is a way of asserting our equality to other members of the community. Novel styles add zest to life. According to this defense, fashion has a positive function."

"What to do about keeping 'fashion' within bounds is a big order," Dr. Talbert admits, advising:

"Strive for happier homes, better schools, more political participation, better factories, and the like."

"When the conditions which nourish balanced persons are present, when frustrations are kept at a minimum, the craving for keeping up with the latest will be likely to diminish."

**WOMEN VOTERS CANCEL SATURDAY LUNCHEON-MEET**

The League of Women Voters' luncheon, scheduled Saturday, has been postponed indefinitely to help prevent the spread of the strange malady which has swept Midland, officials announced recently.

**"Old at 40, 50, 60?" — Man, You're Crazy**

Forget your age! There are ways to keep you young. You can't stop time, but you can keep it from catching up with you. You can't stop time, but you can keep it from catching up with you. You can't stop time, but you can keep it from catching up with you.

**Tired Kidneys Often Bring Sleepless Nights**

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

**Philadelphia Quads Move To Washington**

PHILADELPHIA, Pa. — (AP) — The four little Circinelloos of Philadelphia—first quads in history to be delivered by Caesar—will be bundled in the family car and taken to their new home in Arlington, Va., a suburb of Washington.

Papa Joseph Circinello, corporate analyst, is going to Washington with the Securities and Exchange Commission when the government returns where he is employed returns to the nation's capital.

The SEC, created by the Roosevelt administration to police Wall Street, has been in Philadelphia for more than five years after it was deported from Washington because of war-crowded conditions.

Papa is lucky.

Papa Circinello is one of the luckier SEC employees. He has a place to live—the same house where he made his home before coming here. He owns the house, but it has only two bedrooms, enough for the Circinelloos five years ago when they had no children.

"The place certainly isn't big enough now," said Mrs. Circinello, "so we'll just have to keep looking for another house."

The quads, Michael, Kathleen, Eileen and Maureen, were 3 years old November 1.

**How To Relieve Bronchitis**

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Try your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly clears the cough or you are to have your money back.

Saturday  
11:30 a. m.: Radio program.  
Sunday  
10:45 a. m.: Sunday School.  
11:00 a. m.: Church Service with the Lesson-Sermon entitled "Sacrament."

The Golden Text is: "The grace of the Lord Jesus Christ, and the love of God, and the communion of the Holy Ghost, be with you all" (II Corinthians 13:14.)  
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And the Lord spoke unto Moses, saying, Speak unto all the congregation of the children of Israel, and say unto them, Ye shall be holy; for I the Lord your God am holy" (Leviticus 19:1, 2.)

The Lesson-Sermon also includes the following passage from the Christian Science Textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "We should strive to reach the Horeb height where God is revealed; and the corner-stone of all spiritual building is purity" (page 241.)

**GREENWOOD BAPTIST CHURCH**  
Route 1, Midland.  
Rev. Lee Bailey, Pastor  
10:00 a. m.: Sunday School.  
11:00 a. m.: Morning worship.

**COTTON FLAT BAPTIST CHURCH**  
Rev. B. E. Cain  
10:00 a. m.: Sunday School.  
11:30 a. m.: Morning Worship and sermon.

# ALL EARS

You can't help loving this little pup. Maybe it's because he seems so out of proportion. If he were somehow able to flap those ears he might fly away. Perhaps there is a little fellow in your home who is "all ears" in another sense . . . a youngster who takes in everything that's said, including some things he isn't meant to hear. Most children are eager to listen . . . hungry to learn. That is why the early years are so important in the molding of a child's character. The things he hears, whether right or wrong, make a deep impression on his mind. They are soon reflected in his actions and words.

Wise parents take advantage of the Church's program of religious education in implanting those early impressions. They know there is no surer builder of character than religious faith. NOW . . . while your child is eager to hear and to learn, bring him to church . . . and support the Church in its great undertaking.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake of his community and nation. (2) For the sake of his children's sake. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

## John Q. Public Must Face Music As Politicos Quibble

By JAMES MARLOW  
WASHINGTON (AP)—You're the one who'll have the bad time in 1948 trying to figure who's to blame. It's no cinch.

The Democrats and Republicans will be blaming one another all year

for the things that go wrong at home and abroad.

In the end, you'll have to find your own answer.

Wednesday President Truman told Congress what he thinks it should do in 1948 to make this a better world to live in.

But he was talking to a Congress controlled by Republicans.

As soon as he had finished, the Republicans started calling his speech a political speech to get votes. The Democrats, or some of them, said it was fine.

**Two Tax Plans**  
But even the Republicans weren't agreed on why they didn't like it.

Here's an example of what you'll be up against, if you're one of the people who want an income tax cut.

Rep. Knutson, Minnesota Democrat, has a tax-cut plan. It would get a cut and 7,400,000 people would be saved from paying taxes at all.

Under this plan, the government would lose \$5,500,000,000. The tax on corporations wouldn't be changed.

Then Truman came along with his own plan. Under that one, everyone would also get a cut and perhaps 10,000,000 people would be saved from paying any tax.

**No Tax Cut, Maybe**  
But Truman says he'd raise the tax on corporations to make up for what was lost by cutting individual's taxes.

Right away the Republicans said boosting corporation taxes would discourage business.

Suppose they pass Knutson's plan and Truman kills it with a veto.

Then, if the Republicans refused to pass Truman's plan, you'd get no tax cut in 1948. Who'd be to blame? Truman or the Republicans?

Then there's the cost of living. A couple of months ago, Truman asked Congress for power to put back price control if he thought it was needed.

The Republicans refused. Truman asked for it again Wednesday. Will the Republicans give it to him? Maybe not.

Then who'll be to blame—Truman or the Republicans—if prices climb out the window? You think it's easy to tell? Just look back a bit.

**Back To Roosevelt**  
Who really ended QPA? That happened only a little over a year ago. Truman says the Republicans did it. Some of them say he did it. Who did it? Do you know for sure?

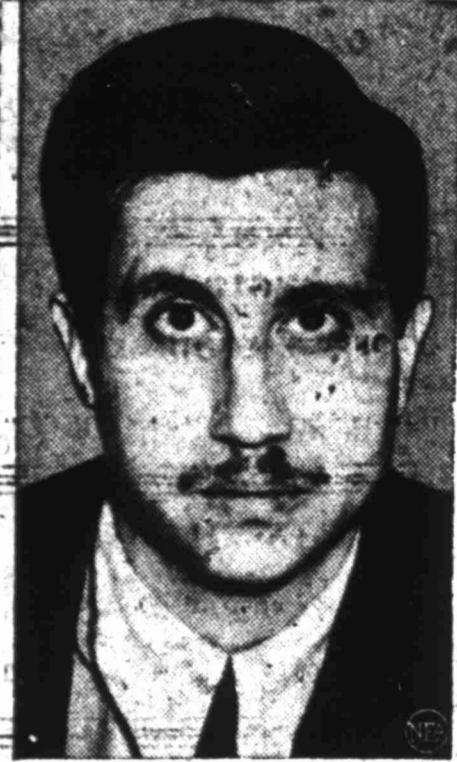

But the blame-calling won't be limited to 1948 or even the last three years in which Truman has been President.

Just two days ago, Gov. Thomas E. Dewey of New York—he'll be looking for the presidential nomination—had words to say on high living costs.

First, he blamed Truman. Then he went way back and blamed some of President Roosevelt's policies in the 1930's.

So you'll probably be hearing a lot about Roosevelt, too, in 1948—from the Republicans.

## Talked About

Subject of widespread discussion and editorial comment is Nicholas Kyriazidis, above, one of two foreign correspondents arrested as so alien Communist by the U. S. immigration officials. The latter claimed he lost his journalistic immunity when the two Greek Communist newspapers he represented were closed by the Athens government.

## Deputy Coordinators For West Texas Water Conference Are Named

BIG SPRING (AP)—The water supply situation in 92 West Texas counties will be presented to a regional water conference here January 20 for action.

The conference was called by Gov. Beauford H. Jester, who appointed Frank Kelly of Colorado City as coordinator.

At a meeting here Wednesday, deputy coordinators were selected for nine regions to prepare surveys and briefs for the January 20 meetings.

Deputy coordinators selected include Rex Baxter, Amarillo; B. Davis, Lubbock; C. Bishop, Stamford; M. J. Birefield, Odessa; Milo Roth, San Angelo; Paul Counts, Fort Stockton; and Frank B. Clayton, El Paso.

Representatives are yet to be announced for the Childress-Cottle Counties, and the Howard County to Childress County area.

## Potential New Star Rises In German Hollywood's Novice, Bettina Moissi

By RICHARD HOLLANDER  
MUNICH, GERMANY—(NEA)—Some people here call her the new Elizabeth Bergner. Not very many people, to be sure, because not very many people know about her yet.

When the "Gre" comes, Hollywood will probably find a somewhat more popular version of high compliment.

Meanwhile, she's the Bavarian Film Studio's brightest potential movie light. Her name is Bettina Moissi.

Bettina is just 23 and she's made only two or three films. The latest, finished a few days ago and now being cut in Berlin, is due for showing in the United States in the Spring. It probably won't make the big first run houses, but if you see it advertised at the little theaters that specialize in foreign films, don't miss it. It's called "Der Weg ist Lang."

"The Way is Long"—and it should be a honey.

But more important than the film is Bettina Moissi herself. It's a little sad to imagine what Hollywood one day probably will do to her, because right now she's a charming and wholly unspoiled girl without any great agents to design her character for her.

She's the daughter of the late Alexander Moissi, one of Germany's truly great actors of this century. He died in the mid-30s and even in Germany very few people remember him. The young folks never had a chance to see him perform, and the older ones with short and convenient memories have forgotten him. He was Jewish, and before his death the Nazis had written him off as dead. He never performed in Germany after 1933.

Bettina is small, perhaps five feet two inches tall, and slight—perhaps 105 pounds. A glass of milk a day would do her good. She's a brown-eyed blond with red-gold highlights in her long straight hair. She's not pretty in a conventional way at all, but she can do things with her face, and when she smiles, it's like the sun coming up. And—she can act.

**Young Wives War Begins**  
Bettina was 15 when the war broke out, too young for any war work. She was already on the fringes of the theater, with a job here and there on the stage in the movies. The Goebbels office knew all about her and saw to it that she was never given more than extra roles. It would have been embarrassing if Alexander Moissi's daughter had been a hit.

After the war, when the Information Control Division of

Bettina on screen: She could do with a glass of milk.

Military Government took over the Bavarian Film Studios outside Munich, Bettina got her chance, first in a couple of films produced solely for Germany and finally in "Der Weg ist Lang."

This film is about concentration camps. It tells the story of the members of a family that is split up and sent to various camps. Some die, some are exterminated, but one or two survive to become citizens of post-war Germany. It's extremely naturalistic and, if the rushes are any criterion, grippingly done.

**Movie-Making Problems**  
Everything is a problem in making movies here—raw stock, lights, materials for sets, costumes and the actors' own lack of vitality due to the slim rations. Bettina was especially happy when "Der Weg ist Lang" was finished because she had ruined only one stocking. Her next film will be a version of the story of Adam and Eve, and so she doesn't expect any wardrobe problems.

If "Der Weg ist Lang" makes any sort of success in America it will be an important item in German economy. Any dollars it takes in will go to buy raw materials for Germany's practically prostrate export industry. Which is why the Bavarian Film Studio people look upon Bettina Moissi with a certain mixture of emotion. They hope she'll be a hit, because Germany needs the money. But if she's not they don't think they'll keep her long. Looking at her very coldly, they're probably right.

Galena, the name of a common lead ore, has given its name to towns in five states of the United States and one in Alaska.

## Puppy Love

Two-year-old Gail Jordan, of Roxborough, Pa., is older, but certainly no bigger than the Great Dane puppies she's admiring. Dogs are being prepared for show competition by Gail's parents.

## Former Oil Attorney Appointed Associate Supreme Court Justice

AUSTIN (AP)—St. John Garwood of Houston, veteran of both world wars and well-known lawyer, has been named associate justice of the State Supreme Court by Gov. Beauford H. Jester.

Garwood, 51, was appointed Wednesday to fill the vacancy created by elevation of J. E. Hickman to the chief justiceship. He is a son of the late Judge Hiram M. Garwood.

Garwood worked for the Legal Department of the Texas Company in New York from 1922 to 1924. He returned to Houston and practiced with his father's firm until 1928, when he went to Buenos Aires as South American counsel for the Standard Oil Company of New Jersey until 1933.

He began independent law practice in 1941 after eight years with the firm of Andrews, Kelley, Kurch and Campbell.

## Pistachia Trees To Be Planted On Farms

A thousand pistachia tree seedlings have arrived here from the Agricultural Experiment Station of Texas A&M College, Mrs. Nettie B. Messick, home demonstration agent reported Thursday, and they are being distributed among Midland County farmers for planting.

It is hoped the trees, which are ornamental and which are said to do well in arid climates, will prove valuable as windbreaks on farms of the county, Mrs. Messick said.

The trees have been distributed to the following farmers: I. J. Howard, Jim Baker, C. C. Carpenter, M. G. McConal, Frank Elkin, S. O. Golladay, A. P. Jordan, O. J. Kniffen and Truman Harris.

Pistachia tree seeds were distributed among 4-H Club girls earlier in the year, and recently the city was given a quantity of the seeds to plant in parks.

## Lions Club Plans Membership Drive

A membership drive of the Midland Lions Club is planned during the month of January.

The members of the organization will be divided into four teams for a contest in getting members. Team captains are Vernon Yearby, Bob Pine, W. G. Keeler and Y. D. McMurry.

According to a unique plan, the low-ranking team each week must care for a live goat.

## White Accepts Baylor U. Post

WACO (AP)—Dr. William Richardson White, Southern Baptist leader and pastor, will become the 10th president of 103-year-old Baylor University at Waco February 1.

He succeeds former Texas Governor Pat M. Neff, who retired December 31.

Dr. White, now pastor of the First Baptist Church at Austin, was unanimously elected to succeed Neff Saturday at a meeting of 29 of the Baylor Board's 36 members. He accepted the presidency in a telegram Wednesday to W. W. Melton, president of the Baylor Board.

"I feel so unworthy of such an honor and sacred trust," the 56-year-old educator and minister said in his reply to the board's offer.

"To carry such a responsibility, to succeed such a group of notable administrators as cluster about the name of Baylor University will necessitate the usual cooperation of trustees, faculty, student body and administration.

"In happy anticipation of that reality and having been led, as I believe, by our common Lord, I now accept the presidency of Baylor University, to become effective February 1, 1948."

## HARKRIDER LISTED IN LIFE UNDERWRITERS BOOK

W. B. Harkrider of Midland is included in the 1947-48 edition of the Prominent Life Underwriters of America book which has just been released, according to information received here. Only 1,200 leading life insurance men and women out of some 120,000 in the United States are included in the annual volume of agents who have made records of distinction during the last year.

## MEXICAN FARMERS TO RECEIVE TEXAS MULES

LAREDO (AP)—Eleven carloads of Texas mules are enroute to San Luis Potosi, Mexico, Thursday where they will be sold to farmers to replace oxen killed in the foot and mouth disease campaign.

The 300 animals cleared through here Wednesday.

The United States has about 26 million dairy cows.

# ANNIVERSARY SALE!

## STORE-WIDE VALUES!

With this, our third anniversary, we wish to express our thanks for your patronage during the past year. We are grateful to you for making the Palace your family store. The savings we offer you in this sale are our means of showing our deep appreciation for the many things you have done to make the past year most successful. We hope you are able to take advantage of them.

## In the Bags

### Lubbock Police Seek \$60,000 In Checks Taken From Mail Bag

LUBBOCK (AP)—Lubbock police, postal inspectors, and juvenile authorities continued a search Thursday for about \$60,000 in non-negotiable bank checks, the unrecovered portion of \$494,282.07 in such checks taken from a mail pouch by six boys, ages 10 to 14.

Most of the checks were recovered Wednesday after police questioned a 11-year-old Lubbock boy. He implicated five other boys and aided officers in recovering the checks.

Officers said the checks apparently were taken at night from a mail sack attached to a chute in the Lubbock National building, in which the Lubbock National Bank is located. The checks were in six letters, addressed to banks in Fort Worth, Kansas City, and other banks for credits.

Bank officials said no financial loss would be incurred by the theft.

American Indians in the United States were made citizens in 1924.

Strike Called Opening Wedge In Wage Contest

HOUSTON—(AP)—The Houston Post said Wednesday night that the strike of 1,840 CIO oil workers at the Texas City Pan American Refinery is "the opening wedge in a campaign for an industry-wide pay boost." The strike of 1,400 refinery workers began its second week Thursday and that of 240 pipeline workers went into its fifth day. The Post said observers believed no settlement was likely in the Pan-American Refinery strike until after a meeting of the Oil Workers International Union's Wage Policy Committee in Fort Worth February 9, at which time the union national wage policy toward third-round postwar wage boosts is expected.

Your Move

Joe DiMaggio is trying to figure a way to get by light-heavyweight leader Gus Lesnevich, the fighter of the year, playing a new game, Follow the Arrow, in New York.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JAN. 8, 1948

Feminine Yank Musician Stages Revolution In Paris

By ROSETTE HARGROVE PARIS—(NEA)—American-born Anne Kullmer is staging another music revolution in France this Winter—and it's a revolution the French seem to enjoy. Miss Kullmer, 29, became the first woman to conduct the famed Paris Conservatory Orchestra in its long history, an experience which the second violinist declared to be "a complete novelty, but also charming." As far as novelty is concerned, Miss Kullmer is in complete agreement. She has her own orchestra in the United States and has appeared as a guest conductor for the New York Philharmonic and a major radio symphony, but she discovered the business of conducting music is not as international a language as music itself. Her French is somewhat halting, and she and the 80 Paris Conservatory musicians found themselves all at sea during the first rehearsals because they were misinterpreting her directions, which she gives without benefit of baton. "Unquestionably," said the second violinist after the signal system had been straightened out, "she is a fine musician, and that is what counts, after all."

Anne Kullmer: After the Paris symphony, a Paris bombet.

Made Debut In Berlin A rarity in the United States as well as in France, Miss Kullmer was a violinist with the Indianapolis symphony at 14. She studied at Leipzig Conservatory for several years before World War II, and made her debut as a conductor in Berlin when she was 21. The war silenced her music. She worked with the American Embassy in Germany until she was interned, and when she was repatriated, worked for two years in Washington on psychological warfare duty. After that she formed her own chamber music orchestra with 30 women handling the assorted woodwinds and strings. Miss Kullmer says she's never had to contend with antagonism in a field dominated by male talent and temperament. Her big problem is typically feminine: What to wear. She has to dress to allow complete freedom of movement and, at the same time, remember that her back is always turned to the audience. "Maybe now that I'm in Paris," she said, "I'll find someone who will create a conducting gown for me. I've tried many ideas, but so far always go back to a simple long black skirt and white blouse, also long so it won't bunch or come apart." She is also going to buy a new hat.

Our truck will be in Midland each Wednesday. Leave calls at MIDLAND HDWE. & FUR. CO. or BARKROW FUR. CO. Superior RUG CLEANERS

Jet Parasite 'Lands' In Sky

By JAMES J. STREIB WASHINGTON—(AP)—A new jet fighter plane is expected soon to start and end a flight high in the sky for the first time in history. The XP-85 cannot "land" except on its hook, located just ahead of the cockpit. It was designed to be carried in the bomb bay of a B-36 bomber, but initial test flying will be from the belly of a B-29. "Parasite" fighters are an old idea. The Navy based such planes aboard the dirigibles Akron and Macon. These planes could land and take off on the ground, however, and flew at less than 200 miles an hour—compared with more than 600 miles an hour expected of the XP-85. This little fighter, carrying "our 50-calibre machine guns and a wing load of rockets, is powered with a Westinghouse 24C axial flow jet engine, capable of 3,000 pounds thrust (equivalent to about twice that many horsepower when traveling at top speed). Its folding wings are 21 feet wide when extended, and it has extra fins behind the cockpit to aid stability, a problem which is serious because of the wing sweep-back and the short fuselage.

World-Famed Singer, Composer Succumbs

LONDON—(AP)—Richard Tauber, 56, noted singer, composer and conductor, died at a London nursing home Thursday. One of the leading tenors of the German-speaking world, Tauber was one of the greatest interpreters of Mozart and was frequently heard at Mozart festivals in Munich and Salzburg. Tauber made his first appearance in the United States in 1931, singing at New York's Town Hall. He also scored successes in Vienna and in Australia and Africa.

### Rescued After Sewer 'Burial'

Mike Caruso, buried by 35 feet of dirt when walls of a storm sewer caved in, is rescued by fellow workers in Homestead, Pa., and hauled to safety. Two other workers escaped through the sewer main.

### Marshall Appeals For Prompt, Full Aid For Europe

WASHINGTON. — (AP) — Secretary of State Marshall appealed to Congress Thursday for an adequate, prompt and effectively administered European aid program and bluntly challenged the lawmakers: "Either undertake to meet the requirements of the problem or don't undertake it at all."

At the same time, the so-called returned-diplomat rejected outright the Republican-backed proposal to create a new government corporation to administer the projected aid program. He called for a single administrator, responsible to the President and working in harmony with the secretary of state on foreign policy questions.

"There cannot be two secretaries of state," Marshall asserted.

The man whose name designates the "Marshall Plan" for European recovery appeared before the Senate Foreign Relations Committee as the first of more than a dozen high officials assigned to present the Democratic Administration's case to the Republican Congress for a four-year multi-billion dollar program of assistance to Western Europe.

**Pressing Figure**  
Of the need for such aid, Marshall declared: "Dollars will not save the world—but the world today cannot be saved without dollars."

The cabinet officer's briskly written, 5,500-word statement sketched the arguments for the huge project, unprecedented in America's peace-time history, told how and why he thinks it should work, why he considers it necessary and what it ought to cost.

He described the \$6,800,000,000, which President Truman has asked for the first 15 months of the plan, as a "precision figure" which "does not represent a generous estimate of requirements. It is not, he said, an "asking figure" based on expected cuts by Congress.

Aid in the full amount, Marshall declared, is required "to initiate a program of genuine recovery and to take both Europe and this nation out of the blind alley of mere continuing relief."

### Large Crowd Sees Play At Methodist Church

A capacity crowd heard and saw a court-room play entitled "The Criminal" at the First Methodist Church here Wednesday night.

Presented by the Methodist Board of Temperance and directed by the author, Hayward H. Johnson, the drama depicted the trial of a young man charged with killing a mother and her little son while he was intoxicated. Twenty-four Midlanders took parts in the cast, many of them playing roles similar to their actual occupations.

### U. N. Starts Friday On Palestine Partition

LAKE SUCCESS. — (AP) — After a six-week interim during which violence and bloodshed have swept across Palestine, the United Nations will get down to work Friday on carrying out the General Assembly decision to partition the Holy Land into Jerusalem and Arab nations by October 1.

The five-nation Palestine Partition Commission will elect officers and plunge into the task of working out methods for carving up the Holy Land in the face of violent Arab opposition.

### McCameyites Back From West Coast

MCCAMEY—The Rev. and Mrs. Chester A. Gregory, who accompanied Mrs. M. R. McManigle on a trip to points of interest in California, returned home Wednesday. They went to take Mrs. McManigle's sister, Peg Gehann, back to Santa Monica after Miss Gehann had made the trip here by plane to spend the holidays.

### Borden, Rettig's Face Anti-Trust Charges

AUSTIN. — (AP) — Two more corporations Wednesday faced state charges of anti-trust violations. The Borden Company and Rettig's, the state's ice cream manufacturers and distributors, were named defendants in a suit filed by Attorney General Price Daniel in 98th District Court Wednesday, alleging violations of the state's anti-trust law by the two corporations in 78 Texas counties.

### From Tailorfine:

At last... the large wooden sign has been repainted... and now hangs as it should... over the front door. Expect to have Percy trotting back and forth pretty soon.

The carpenters are really going to town... using nails by the handful... Had a plumbing crew come to work yesterday... to install our new steam press... it will enable us to give much better service than in the past... and turn out a nicer finished garment.

Try to remember that reserved seats for "Years Ago" will be available at Tailorfine starting the 14th... play dates a-c 15-16-17th.

Haven't sold a great many Gaborine shirts the last couple days... guess some folks don't know that we have them in nine shades.

Back tomorrow with more poop.

Albert S. Kelley

### No Celebrity Is Ever A Saint To These Sinners

By HAL BOYLE  
NEW YORK. — (AP) — One of the more grisly ways to put yourself to sleep in America is to count the sodden clichés made by long-winded after-dinner speakers.

There is an organization here, however, which is doing something to give audiences their revenge.

It is the Circus Saints and Sinners Society. This unique club reverses the usual procedure by making the guest of honor the "fall guy" of its monthly meetings. And it has become so popular that celebrities angle for a chance to endure the two-hour program of pranks and ridicule that gives them a lifetime membership.

**Society Began In 1931**  
The society began this way: In 1931 F. Darius Benham, a newspaperman, complained to friends in Sardis about the boredom of banquets at which the honored guest was always feted and inflated.

"A club where we kidded him would be more fun," he said. "We could deflate a guy and make him like it. The bigger a guy he is the better he'd like it."

His friends thought most celebrities too thin-skinned to go for the treatment, but agreed to a club if he could find "a fall guy."

Leaving the restaurant, Benham bumped into Count Felix Von Luckner, famous lecturer and daring German sea raider of World War I. Von Luckner readily agreed to be the first guinea pig.

The society was organized with 17 circus fans as members pledged to raise funds to benefit impoverished old circus troupers.

"For four years we had tough going and then the thought came on," Benham said. Now the club is restricted to 650 members — prominent businessmen, artists, actors, writers and others — and has a long waiting list.

After undergoing a long ribbing in a series of scathing stage skits that parody his career, the speaker is given a chance to reply but is warned:

"You ought to know better now than to try to give this crowd your usual malarkey, but if you don't —"

The warning is enough to restrain any sleep-inducing oratorical flights. Grant Advers Ike One of the most laughable skits was presented at the initiation of Gen. Dwight Eisenhower. The spectral figure of Gen. U. S. Grant appeared and announced he had come to give Eisenhower "just one word of advice."

The word was: "Don't!" On occasion the "fall guy" has turned the tables. Comedian Joe Cook did it by announcing he was going to read "Anthony Adverse." Nobody left at first—waiting for Cook to give withalike laughs. But after he had read on dead-pan for two hours, they got the idea.

The only celebrity who ever lost his temper was the late Hugh S. Johnson, former NRA administrator. He was wearing a new white summer suit and somebody handed him a live goose painted blue to resemble the NRA eagle. Unfortunately, the paint hadn't dried.

### Republicans-

(Continued From Page 1)  
fended by many of his party members besides M. Grath.

led by Rep. Haleck, House majority leader, Republicans chorused in the President had attempted to "appease" Henry Wallace.

Chairman Carroll Reece of the GOP National Committee commented that Truman "could have saved a great many words by simply writing a note stating: 'Dear Henry: Come home; all is forgiven and you can write your own ticket.'"

There was evidence that Southern Democrats do not like all phases of the President's talk about civil rights legislation, which many of them envisioned as including anti-poll tax, anti-lynching and similar measures they have fought in the past.

Calling this portion of the President's messages "pure politics," Senator Maybank (D-SC) said he will oppose any proposal which would interfere with the states' exercising their authority over such questions.

**Bell Installs 145,000 Texas Phones In '47**

DALLAS—(AP)—W. L. Prehn, general manager of the Southwestern Bell Telephone Company, said his company connected a telephone in Texas on the average of one every 90 seconds during 1947. As a result, the company has less than 110,000 names on its waiting list, Prehn said. More than 145,000 telephones were added in Southwestern Bell's 248 Texas exchanges last year, including about 20,000 in rural areas. At the end of the year more than 1,073,000 telephones were in use.

**William Hacker, Pianist, Will Play In Midland**

The Midland Concert and Lecture Association will present William Hacker, noted pianist, composer and conductor of the Arkansas State Symphony, in a recital in the Midland High School Auditorium at 8:15 Thursday, January 16. H. Winston Hull, president, said Thursday. The young artist appeared in Midland last year and is being brought back by popular request. The concert will be the association's third program number of the season.

**NAM Official**

D. I. Johnston, Oklahoma City lumberman, has assumed his duties as regional vice president of the National Association of Manufacturers, succeeding Ralph Neuhaus of Houston. He will direct NAM activities in Texas, Louisiana and Oklahoma.

**Germany's Women Stick To Short Skirts**

By IRENE SIMON AP News Features BERLIN—Skirts are still knee-high in Berlin and show little intention of moving down in the near future. An unofficial Associated Press poll of Berlin women showed they're either uninformed, uninterested, or just plain angry over the long hemline.

"The new hemline," said Frau Junge, a typical housewife, "could have been invented only by people who aren't in need." "Haven't those women in the rich new world any feelings for us here?" snapped a young wife with two children and a husband still in prison camp. "It's horrible enough that we have to wear such patched dresses. Now we'll probably seem more ridiculous because of lack of materials we can't follow the latest style." Frau Richter, a dressmaker who has been in the business since 1930, refused to get excited when shown fashion pictures from America and Paris. "She said they're typical of postwar trends." "After the first world war fashions went crazy too," she recalled. Leading fashion houses in Berlin, whose customers are mainly allied persons, haven't yet begun with the new hemline but all intend to show longer dresses at their November showings.

Herr Gehring, head of the city's most popular fashion house, said the few German customers who ask for the new style are flannees of Americans who intend to go to the States soon. "And the only American women interested in the new-hemline are also those who are going back home soon," he said. "So far others have stuck to the old hemlines."

The head designer of Horn and Co., another top dress house, agreed that the present skirt line is too short but contended it is impossible because of shortage of materials to follow the new style. Among his allied clientele, he said, the Russian women are the keenest followers of the long hemline. He said: "Our Russian customers are intensely interested in the latest styles. We're already making longer skirts for most of them."

"Some American women have asked for the new style, but the majority are still 'sitting tight' and waiting for developments. All our British customers stick to the short skirt, while the French of course told us about the new style before we had even heard of it." Most of the men interviewed on the new style refused to comment, while those who did comment said things which couldn't be printed.

**McGees, Benny Scrap For Lead In Ratings**

NEW YORK (AP)—Battle for first position in the Hooper program report has now become a scrap between Fibber and Molly and Jack Benny. Bob Hope, a previous contender, is resting well down the list of the first ten. Although Fibber and Molly were on top, their 28.3 per cent was only one-tenth of a point ahead of Benny. Allen was third, followed by Charlie McCarthy, Radio Theater, Red Skelton, Amos and Andy, Hope, Walter Winchell and District Attorney. Truth or Consequences which last time was third with 26.8 per cent because of the "Miss Hush" stunt, had dropped back to 14th at 17.5 per cent.

**Workers Are Given Deer Season Holiday**

MEADVILLE, PA.—(AP)—CIO employees of the Palmer Wallow Tool Company will henceforth have a new paid holiday—the opening day of the Pennsylvania deer season. Last December 1, most of the 100 employees, members of the United Steelworkers, took off for the woods to get their deer and the plant had to close down.

So Robert W. Palmer, president of the firm, decided to make the holiday a formal one. "Shucks," he added with a gleam in his eye, "we like to go, too."

**Texas Has Less Cases Of Polio In 1947**

AUSTIN—(AP)—Incidence of poliomyelitis in Texas was lower in 1947 than in any year since 1941, the State Department of Health reports. The number of cases reported last year was 183. In 1941 it was 123. The figure was nearly doubled in 1942, and the total in 1943 was 1,274. The department said because so little is known about how polio is contracted, it would be difficult to forecast what the incidence of the disease might be in 1948.

PHILIPPINES REFUSE TO USE RED SCARE FOR AID  
MANILA—(AP)—The Philippines republic needs American aid for a long-range industrial program but will not play up any Communist bugaboo to get it, Pio Pedrosa, commissioner of the budget, declared. Pedrosa said the Philippines should have a balanced budget in the coming fiscal year and that labor and currency situations were stable factors "to guarantee safe return of (American) capital."

**Pickpocket's Flowery Spiel Costs Man \$103**

DALLAS—(AP)—A pickpocket said it with flowers, and a carpenter, out \$103, complained to police. The carpenter said a chrysalis-like salesman accosted him on a street here, delivered a fast sales spiel, slapped him on the back a couple of times and walked off. He didn't make a sale, the carpenter told police, but he did make off with his wallet, including the cash and a union card.

**SNORING TENANT MUST NOISE-PROOF HOME**

VASTERVIK, SWEDEN—(AP)—A landlord in this little town of Vastervik gave a tenant notice because of his terrible snoring. The rent control board refused to allow eviction, but ordered the tenant to install insulating material to deaden the noise.

## Where Are The Traitors?

An American woman named Jane Anderson, who broadcast for the Nazis during the war as "Lady Ha Ha," has been released from an American prison in Austria. She was arrested last April. September 30, the Justice Department released her from an indictment for treason.

Miss Anderson's happy fate sent us checking back on some of the other Americans who sat out the war in Axis capitals, broadcasting appeals to the American forces to surrender. The result was not heartening.

Of the 14 that we remembered only one, Douglas Chandler, has been sentenced to life imprisonment. Ezra Pound, the poet who peddled Mussolini's propaganda, has been committed to an insane asylum. Robert H. Best, former newspaperman, has been arrested but still not tried. Fred Kaltenbach was in Russian hands the last time he was heard of.

Here is what happened to some of the Americans who stooged for Hitler on the Nazi radio. Constance Drexel, Edward L. Delaney, Herbert Burgman, Max Koischwitz and Donald Day have all been released by the Justice Department. The reason given in some cases was "lack of evidence," in others, an inability to find witnesses; in Day's case the Justice Department simply was "no longer interested."

Miss Drexel was last reported to be covering the United Nations as a free-lance, and writing a book on "disarmament." Day also has improved some of his shining hours of freedom by doing a book which is published in Swedish.

The Tokyo branch of this traitorous crew, though less numerous, has fared just as well. The notorious Tokyo Rose and Robert Ohisholm have been released by the Justice Department. Mark Streeter, arrested in 1945, has yet to be tried. Carl Flick has disappeared.

It is interesting to note the contrast between this government's loving and forgiving attitude toward those who worked for its defeat...and the British government's method.

The British have tried six and hanged two—William ("Lord Haw Haw") Joyce and John Amery, son of a former secretary of state for India. It has sentenced another to hang. It has given a fourth a 10-year prison sentence, and the other two five years in jail.

Our Justice Department's excuses for its leniency seem woefully weak. What better evidence or witness is needed than the damning broadcasts of those who have been arrested and released? Or didn't anyone—the OSS, the FBI, or our civilian broadcasters—even bother to record this evidence?

Why have these people gone scot-free? We still keep our conscientious objectors in jail. But their wartime role was passive. Through cowardice or religious scruples or other personal reasons, they refused to fight. But the enemy's American broadcasters were not cowards. They joined the Axis cause and tried to bring about the downfall of their country.

Is it laziness, indifference or incompetence that has won them their freedom? Or has our government so soon forgotten that we ever had other enemies besides Russia? Has it lost sight of the fact that there is other disloyalty than membership in the Communist Party?

We do not think it is bloodthirsty to suggest that some of these followers of the defeated enemy—who apparently have been dismissed as harmless crackpots—at least be brought to justice. To dismiss them as being of no present interest must give comfort to those who still subscribe to the defeated enemy's doctrines. Certainly it pays poor tribute to the memory of those who gave their lives to oppose those doctrines and to preserve the America whose freedom the Drexels and Days and the rest are now enjoying.

## Disposed Of, But Not Settled

The longer you look at the United Nations partition of Palestine, the more doubts you have about it. The issue may have been disposed of. It has by no means been settled.

The UN had four possible solutions. Let the Jews run Palestine. Let the Arabs run it. Partition. Do nothing at all. Since the British had decided to pull out in 1948, the last choice might have meant full-scale war. Neither the Arabs nor the Jews were willing to let the others run things, and they wouldn't co-operate on a jointly controlled state. So partition won. Not because it was the best solution. It was the only one left.

Many predictions that partition will lead to war are now being discounted by responsible officials. They say American oil interests will not be damaged. The Arabs want to sell their oil. They have to sell for U. S. dollars, because in today's world that's the only money that will buy any thing.

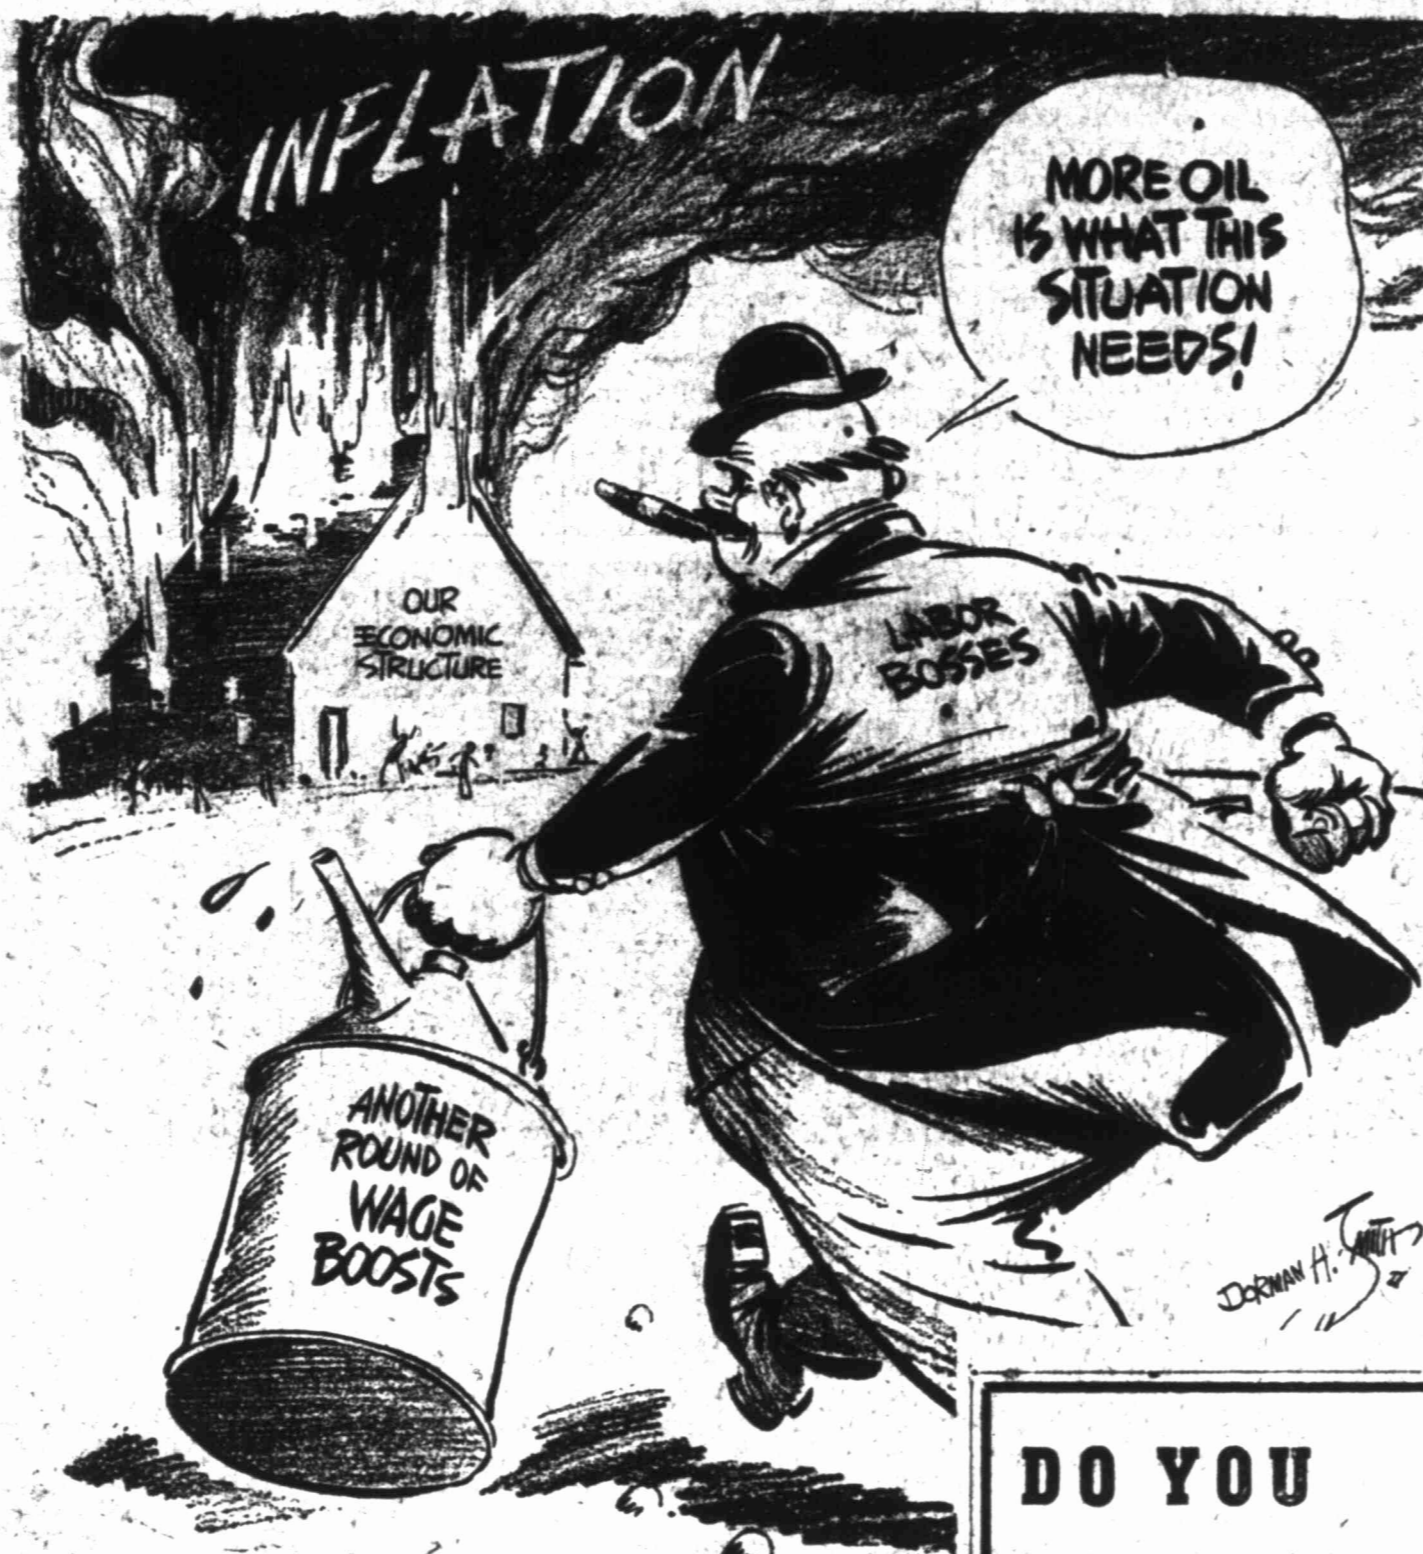

Disorders and guerrilla fighting between Jew and Arab are expected to die down. This fighting is with knives, rifles, pistols, machine guns. People killed this way are just as dead as when mowed down by tanks, bombs or heavy artillery. But they may be counted by the thousands, instead of the hundreds of thousands.

Nature sort of evens things up: weight making fat people puff and puffing making them wait.

When a girl keeps a fellow guessing she usually keeps him.

There is a lot of good in all people, according to a psychologist. And some people make us wonder—how do you get it out?

It's Going To Be A Great Help

## American Musicians May Record In Mexico

MEXICO CITY (AP)—James C. Petrillo's refusal to permit his American Federation of Musicians to make any more phonograph records may give Mexico's young recording industry the impetus it needs.

RCA Victor has had a recording studio here for several years and in recent months has increased its recordings by Mexican orchestras primarily for Latin American consumption.

Columbia Records has opened a new recording plant here. Company officials said Xavier Cugat, Frank Sinatra, Lily Pons and Andre Kostelanetz are among artists who may record here. Cugat organized a Mexican orchestra which will play his rhythms.

Musicians said they believed the Mexican recording industry could supply the market in the United States where Petrillo says records and transcriptions have thrown musicians out of work.

## William Penn Statue To Be Given Hot Foot

PHILADELPHIA, PA. (AP)—William Penn is going to get a hot-foot.

But that's not all the city is cooking up for the 37-foot statue of Philadelphia's founder—he's also going to be X-rayed.

The statue, affectionately known as "Billy Penn" hereabouts, stands 550 feet above the city hall courtyard in the center of Philadelphia. The workout Penn is going to get is part of a survey by engineers to determine whether the statue is "antiquated and potentially dangerous" as the city council was told by critics.

Engineer Judson T. Vodges, Jr., reported that new supersonic devices will be used to test bronze bolts in the supports of the figure.

He explained that the war-developed electronic recording device used sound waves so rapid they can not be detected by the human ear. The waves, he said, set up a pattern on a screen that immediately detects any flaw or sign of fatigue in the metal.

## Poland Weeds Out Judges Who Lack 'Proper Attitude'

WARSAW (AP)—Poland is getting rid of old judges and lawyers "who in many cases were hostile or indifferent towards the new regime."

Minister of Justice Henryk Swiatkowski declared the "situation now has changed and the government hopes to achieve soon a true democratization of Polish jurisdiction."

Swiatkowski, in an interview in the Communist-backed newspaper "Glos Ludu," explained that Poland had to get her judicial processes operating quickly after the war and couldn't wait for a new crop of judges, prosecutors and attorneys to be turned out after a long university course.

So the government established an eight months course as a prerequisite for the practice of law. Swiatkowski said in many cases applicants for the bar who had only a grammar school education fared better in the special courses than high school graduates.

Candidates for the bar were appointed by political parties, social organizations and trade unions, thus giving a guarantee of their moral qualifications," Swiatkowski said.

Under the new system, "old judges and attorneys" who operated after the war and lacked the proper attitude toward the new Polish democracy, have been weeded out of the judicial system.

Advertise or be forgotten.

## NORWAY PLANS TO BUILD POWER PLANT

OSLO (AP)—The newspaper "Fædrelandsvennen" of Kristiansand, reports that a private hydro-power company plans to build a giant dam at Bykle, north of Kristiansand.

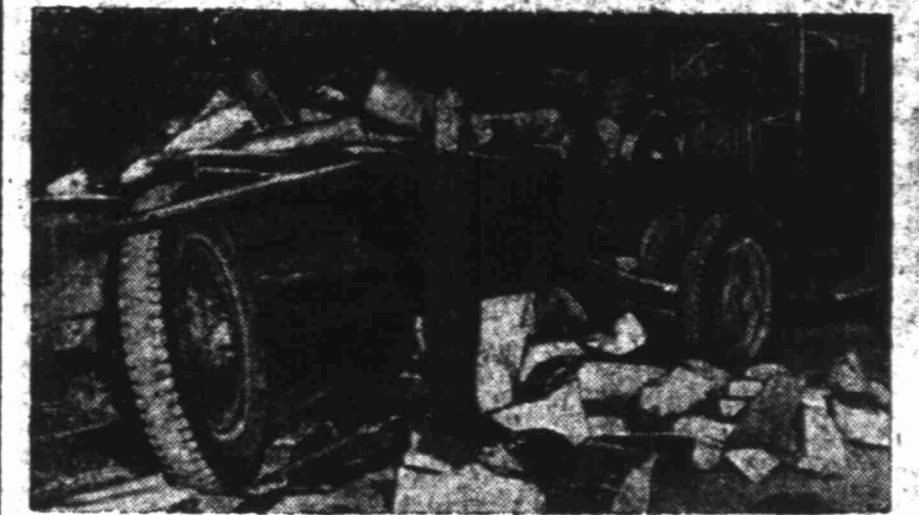

According to the plan, the new dam will be twice as large as the biggest in Norway up to now.

The fly's eye is a mosaic of 400 "simple" eyes each seeing only a tiny part of an object.

## RUSSIANS BUILD NEW ASIAN RAILWAY

MOSCOW (AP)—Grading and embankment have been completed for a new central Asian cross-desert railway.

Seven thousand volunteer collective farmers laid the roadbed for 250 miles from the Aral Sea to the Caspian. The Aral Sea is one month, says the railway newspaper "Whistle." A special track-laying machine is putting down the rails.

## Combination Dish Saves Money

To stretch meat—bake in cups with potatoes and onions.

By GAYNOR MADDOX  
NEA Staff Writer

Combine potatoes and ground beef together with onions in individual custard cups and bake. That's a food and dollar-saving dinner suggestion.

### Meat Timbales With Creamed Potatoes (Serves 6)

One pound ground beef, 1 teaspoon minced onion, 1 teaspoon salt, 1/4 teaspoon pepper, 4 cups diced raw potatoes, 1 tablespoon butter or fortified margarine, 1 teaspoon salt, 1 cup milk, 1/4 cup diced pimiento, 6 sprigs of parsley.

### Southern 'Hotluns' Call For Buttermilk

ATLANTA, GA.—(AP)—"Take two and butter 'em while they're hot." That's the Southern invitation to help yourself to the biscuits.

And the traditional Southern way to make "hotluns"—those light, fluffy melt-in-your-mouth biscuits—is with buttermilk and soda. Plus, of course, flour, shortening and salt.

That's the way biscuits have been made in the South for generations and the advent of baking powder hasn't done away with this time-tested and traditional Dixie recipe.

**Buttermilk And Soda**  
Back when baking powder didn't exist, cooks had to have something to leaven the bread—and buttermilk and soda did the trick. In the agrarian South buttermilk was plentiful.

"Why, seventy-five years ago biscuits just weren't made any other way," says Mrs. S. R. Dull of one of the South's finest cooks. Here's Mrs. Dull's recipe for buttermilk biscuits, from her book, "Southern Cooking."

Two and one-half cups pastry flour (measured after sifting), 1 cup acid buttermilk, 4 tablespoons shortening, 1 level teaspoon salt, 1/2 teaspoon baking soda.

**Old-Fashioned Recipe**  
Into the sifted pastry flour put salt and soda and sift again into bowl. Mix in the shortening with the tips of fingers or chop in with a spoon. This must be done gently. When shortening-flour mixture resembles coarse meal, add buttermilk and make into a dough.

Lift out onto a well-floured board and knead just enough to make dough easy to handle. Roll or pat to 1/2 inch thickness and cut. Place on a baking sheet and bake ten minutes in a hot oven (450-500 degrees). The oven must be hot or the biscuits will spread outward instead of rising.

Then, "take two and butter 'em while they're hot."

## Victory Stamp To Aid Olympic Fund Drive

CHICAGO—(NEA)—In order to assist in the fund drive for the U. S. Olympic team, the committee is issuing an Olympic Victory Stamp, created by philatelists one of the finest sports non-revenue stamps ever produced.

The design for this beautiful steel-engraved stamp, which comes in four different colors, shows a dramatic moment in the 1932 Games. In addition to the tension of the athletes, the vast crowd is shown in the background of the stadium with its flying flags. The stamp is further decorated with the shield of the U. S. Olympic Association and the Olympic torch. The stamps will be available early this month.

## Stuffed Cabbage Gives Hearty One-Dish Meal

By NEA Service

Sweet and sour cabbage stuffed with meat, rice and vegetables and apple is a hefty low cost meal in a dish. This recipe and the one for tripe stew come from the New York restaurant of Phil Guokstern, where such robust old world dishes are featured.

**Stuffed Cabbage, Sweet and Sour**  
(Yield: approximately 12 to 14 cabbage rolls)

Two pounds chopped meat, 1 chopped onion, 1/4 cup uncooked rice, 3 teaspoons salt, 1 teaspoon sugar, 1 grated apple, 1 pinch pepper, 1 1/2 cups canned tomatoes. Mix all ingredients thoroughly.

Roll 1 large head of cabbage for 6 minutes, cut out heart and separate leaves. Select largest leaves, and place 3 tablespoons of the meat mixture on each, folding the leaf over the mixture and rolling. Chop up remaining cabbage and place half on bottom of large pot.

Line the stuffed rolls neatly, side by side, then place over them the remaining cabbage. Then pour the sauce (see below) over the whole mixture. The rolls should be completely covered at all times, add water in small quantities if necessary. Cover the pot and simmer gently for several hours.

**Sauce**  
One cup tomatoes, 4 cups water, juice 1 lemon, 1 teaspoon paprika, 4 teaspoons salt, 2 teaspoons sugar, 1 pinch pepper, 1/4 cup raisins. Put all ingredients in saucepan. Bring slowly to boil and boil five minutes.

**Tripe Stew**  
Two pounds tripe, 1/4 cup shortening, 1 onion, 1 carrot, 1 stalk celery, 1 1/2 cups canned tomatoes, 1 clove garlic, 1 green pepper, salt, pepper, 4 teaspoons coarse salt, 2 teaspoons sugar.

Wash the tripe and cook in salted, boiling water for three hours. Drain well and cut into

## U. S. WHEAT EXPORTS FALL SHORT OF GOAL

WASHINGTON—(AP)—The Agriculture Department said exports of about 480,000,000 bushels of wheat—50,000,000 short of President Truman's goal—appear to be about all this country can spare this crop year and maintain a below-normal reserve of 150,000,000 bushels.

**Lochinvar Storms Church, Kidnaps Love**  
MODESTO, CALIF. —(AP)— The direct approach to romance only seems to have made trouble for Jimmy Morgan, 19, and something of a Lochinvar.  
District Attorney Leslie A. Clerly named Jimmy in a complaint charging child stealing — specifically, 16-year-old Yolanda Lucas as she was attending church at Salda recently.  
Morgan, said Mrs. Ruby Lucas, Yolanda's mother, swooped into the church during services, lifted Yolanda in his arms, and swooped out again before the startled congregation knew what was happening.  
Mrs. Lucas said Yolanda and Jimmy had been going together until a month ago. Pending what she called the possibility of Yolanda succumbing to Jimmy's swashbuckling tactics, Mrs. Lucas asked the sheriff's office to warn Reno authorities to be on the lookout for the pair in case they tried to marry in Nevada.

**Moving Is Easy -- Call A Dunn Van**

If you've ever moved your household goods from one city to another, or even from one house to another in the same city, you know what a difficult job it is. And chances are, if you've gone through such an ordeal, you'll agree that the safest, easiest, most economical thing to do when faced with the necessity of moving is to call a competent moving company to come in and handle the entire task of packing and transporting your furniture, dishes, clothing and other possessions.  
That's the business of Dunn's Moving Vans in Midland. The company operates in Texas, Oklahoma, New Mexico and Louisiana. In addition to its Midland office at 2412 West Wall Street, company offices are maintained in Odessa and Hobbs.  
**Modern Vans**  
Dunn's vans are modern, specially-built vehicles capable of handling huge quantities of furniture anywhere, any time; and Dunn employees are experts at the business of moving valuable household goods quickly and safely. The vans are provided with clothes closets (to cite an example of their thoroughness), so drivers can transport clothing without wrinkling it. An outstanding feature of Dunn service, of course, is that you can simply call the company (phone 1723 in Midland) and have Dunn employees handle the whole worrisome business of packing. Just tell them where you want your furnishings taken. You don't have to wrap and pack a single cup or saucer when you let Dunn vans take care of your moving problems.

Southern Ice Company, 310 South Main Street, is Midland headquarters for block and crushed ice and Coolermor refrigerators. Fast, courteous delivery service enables Midlanders anywhere in the city to have ice brought to them. And, for those who need extra ice for some special occasion—a party where crushed ice for drinks is required, for instance—there are men at the company's docks ready to serve quickly and courteously.

**New Pontiac To Arrive Here This Month**  
H. B. (Tommy) Thompson, general manager of the Curtis Pontiac Company, 2505 West Wall Street, announced this week the firm will have the 1948 Pontiac on display by January 15.  
All Midlanders are cordially invited to visit the agency and see for themselves what a positively fine automobile the new Pontiac is, Thompson said.  
Everybody connected with the automobile industry has predicted in 1948—the pent-up demand is expected to exceed supplies for another year or so at best. The new 1948 Pontiac is no exception. In fact, as one of America's most popular automobiles, with a brilliant record for performance and beauty, it is only natural that Pontiacs are among cars for which demand is highest. Nevertheless, Thompson said, the Curtis Pontiac Company will continue to make as many new cars available to Midlanders as possible.  
For Pontiac owners whose present cars have seen long service and who find it impossible to get new ones, Curtis Pontiac Company has good news: new motors are available for all models of Pontiacs, and Curtis Pontiac Company has expert mechanics to install them.  
The company specializes in high-quality repair service for all makes and models of automobiles.

**Helbert And Helbert Are Contractors**

Helbert and Helbert (E. L. Helbert and his son, H. L.) of Midland head a contracting firm which specializes in construction work requiring sand blasting, pavement breaking, and concrete jobs of any size.  
They have behind them 10 years of satisfactory service in Midland, and a reputation for outstanding workmanship. All their materials and construction work are unconditionally guaranteed.  
Though the firm has worked on some of the largest construction projects in this area, residential foundation work, cess pool excavation and other smaller jobs also are contracted regularly. Experienced men are employed to take charge of any work contracted by the firm and the company has modern equipment adequate to handle any job the company contracts to complete.  
Helbert and Helbert are FHA dealers here and are prepared to offer Midland builders a convenient plan making it possible to have construction work done without a down payment and with 36 months in which to pay.  
If you're planning a construction

project requiring any of the services or materials featured by the firm, phone Helbert and Helbert at 2098 or 2066-J in Midland. The office address is 1800 South Colorado Street.

Or dried oven-baked beans with peck and tomato sauce by adding tender juicy frankfurters. Baked canned macaroni, already smothered in creamy cheese sauce, in green pepper boats.

**Princess Elizabeth, Others Named The Women Of The Year, 1947**

By DOROTHY ROE  
Associated Press Woman's Editor

Because a royal love story for a white overshadowed news of threatened wars and current disasters, editors of Associated Press newspapers have voted Princess Elizabeth of England the woman of the year.

Results of the annual poll were almost unanimous, proving that even in a hard-bitten modern world, scarred by catastrophe, the romance of a beautiful princess and her prince tops politics, intrigue and treason in public interest.

Among others named voted outstanding in their respective fields:

**ALLOW TEEN-AGER TO DRESS LIKE PALS**

By ALICIA HART  
NEA Staff Writer

Allow your daughter to dress like the other girls in her crowd, and you'll have a happier teenager on your hands.

To insist that she dress more individually is apt to be a mistake. The normal teen-age impulse is to want to merge into the group; not to stand apart from it.

Every mother who prizes her own individuality in dress naturally wants to help shape her daughter's taste. That's as it should be. However, be willing to wait until the time is ripe for fashion training. It will come, but not until the apple of your eye overcomes self-consciousness which is typical of her age group. While she is going through the self-conscious period, she wants to look like all the other girls in her crowd. Her reaction to any dress that makes her look "different" will be a feeling of sheer misery.

Mothers who realize this and how to it when clothes are chosen, will be able to kick neatly aside one of the big stumbling blocks that interferes with a pleasant parent-daughter relationship.

**Seattle Man Identifies Mystery Machine**

SEATTLE—(AP)—A "What-Is-It?" electrical gadget placed on sale in a Dallas, Texas, army surplus goods store has been identified by Seattle man as a low-voltage machine which has been used for years to exercise muscles where nerve function has been impaired.

V. W. Worden, owner of an electrical equipment company, made the identification from an Associated Press wirephoto and said he was amazed that no one seemed to know the purpose of the machine.

"It appears to be a duplicate of a 'Polysine,' which has been manufactured since 1925 and used primarily by sanitaric and naturopathic physicians," Worden said.

A dispatch from Dallas said the owner of the store, the army medical corps for which the "gadget" was made, and several physicians had been stumped in trying to figure out what it was.

An average metropolitan newspaper contains more words than an average novel.

**Reunited Brother And Sister Cannot Speak Same Language**

FERGUS FALLS, MINN.—(AP)—A brother and sister who do not speak the same language were among visitors to the National Lutheran Missionary Conference held here recently.

They are Elmer and Alice Kaardahl, son and daughter of the Rev. and Mrs. J. I. Kaardahl, who have spent the last 27 years as missionaries in Central Africa.

Because of the climate in that region, Alice was placed with relatives in Norway and Elmer with relatives in the United States. Alice speaks only Norwegian and Elmer only English.

Both now in their 30's, they met for the first time in St. Paul in

**Eye Strain Soon Shows At School; Corrective Glasses Offer Relief**

By ALICIA HART  
NEA Staff Writer

School work may aggravate incipient eye defects which become more pronounced when strain is imposed.

If you have to squint to see the blackboard, if words in the textbooks blur, if your eyes ache when you study, consult an oculist. These may be symptoms indicating eye strain and the need for corrective glasses.

If the doctor prescribes eye November. Despite their language difficulties, they managed to understand each other. They are enjoying a reunion with their parents, now on furlough.

Glasses focus attention on your eyes so make sure that eyebrows are smooth and shaped. Tweeze out straggling hairs. If lashes or brows are pale, darken them. Mascara. Wear visored or brimmed hats or forward-tilting berets. Such millinery is a good choice because the brim or out-jutting effect helps to minimize light that focuses on lenses.

The human eye changes its focus by changing the curvature of its lens.

**Family Tree Grows Right Through Roof**

BARDWELL, KY.—(AP)—A huge hackberry tree growing through the floor and out of the roof of a Bardwell restaurant has become a landmark. Curious tourists are told this story by 74-year-old Francis W. Turk, restaurateur-tree fancier.

Some years ago while driving through the country, Turk saw sapling washed out by rains and destined to die. He took the sapling home and set it out in the corner of his front yard. It flourished into a sizeable tree by the time Turk decided to build a restaurant on the site.

"I love trees," he said.

A contractor bowed to Turk's feelings and built around the tree. The tree trunk now is 12 inches in diameter. Patrons hang their hats on the hackberry tree's spikes.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JAN. 28, 1948-19

**HORSESHOE IS UNLUCKY FOR FLORIDA JOCKEY**

HALLANDALE, FLA.—(AP)—Apprentice Harold Featherston, Gulfstream Park winter sensation, warded off a right hook to the chin recently when a horse tossed a loose shoe. The shoe, apparently sucked loose by clinging mud, spun back with the speed of a bullet and young Featherston, game but egggy, completed the race but cancelled his final mount of the day.

**FIRST DANISH BRAILLE BIBLE IS COMPLETED**

COPENHAGEN—(AP)—The first Danish Braille Bible has been completed. It consists of 39 volumes and weighs 445 pounds (about 200). England has had Braille Bibles for more than 100 years. In Norway they have been known since 1825 and in Sweden since 1837.

A barrel of underground oil can have as much as 1,000 cubic feet of gas dissolved in it.

### It's Too Big for Its Bridges

What to do with a steel tank that turned out to be too big for any of the bridges leading to its destination only a few miles away? That's the problem facing a St. Louis, Mo., barge works which made the huge shell pictured above. They decided that the 19 x 30-foot, 30-ton tank may have to be sealed and floated across the Mississippi for delivery to its purchaser.

### 'King' Business Continues To Be One Of Best Paying Positions In Europe

LONDON—The king business still is about the best paying occupation in Europe. Even the smallest countries pay their monarchs handsomely compared with the \$75,000 annual salary drawn by the President of the United States.

Best paid of all was Britain's Royal Family, which received more than \$2,000,000 in 1946. Lowest paid monarch appeared to be King Paul of Greece. The entire Greek Royal Family's annual income is \$279,000. Out of this the king must maintain the entire Royal Family, pay all servants, entertain, and meet his own travel expenses.

Olav 300,000 kroner, about \$80,000 a year. Neither King Haakon for Prince Olav is known to have any private income. Before the war, the Dutch House of Orange was considered one of the wealthiest royal families in the world. It is not known to what extent the war affected the private fortune of Queen Wilhelmina.

### McKenney on Bridge

By WILLIAM E. MCKENNEY  
America's Card Authority  
Written for NEA Service

Today's Lesson Hand was taken from the national women's team-of-four championship played recently in Atlantic City, N. J. The event ended in a tie. One of the tying teams was made up of players from three different countries—Mrs. Charlton Wallace of Cincinnati, O., Mrs. M. Roncarelli and Mrs. William Anderson of Canada, and Mrs. Trevor Lyons of Kingston, Jamaica, B. W. I.

The other was a Philadelphia team composed of Mrs. Charles Stevart, Mrs. Raymond Bontheim, Mrs. L. C. Robinson, Mrs. G. Illig. Both teams found the squeeze play in today's hand, which brings out the importance of analyzing the players' holdings from the bidding. East's vulnerable overcall of one spade marked her with

### Bob Stack's Comeback Is Gaining Speed

HOLLYWOOD—After a slow start, Robert Stack's movie comeback is gaining speed. A promising juvenile at Universal before the war, Stack spent four years in the Navy and then had to rest a year and a half because of a rare tropical blood disease. His first picture in six years is "A Date With Judy" at MGM, with whom he may sign a contract. In addition, he is set for "Brother Rat" and a musical at Warners.

### SIDE GLANCES

Though the size of his income was not available, King Mihai's visit to London for Princess Elizabeth's wedding and his subsequent Romania keeps him in the style to which royalty is accustomed. The Belgian Civil List provides for an annual appropriation of 12,000,000 francs (\$274,285) for the royal family, "for the duration of King Leopold's reign." The king now is in Switzerland and his brother is regent. For the past two years, there has been a supplementary appropriation of 12,000,000 francs for other expenses.

**Magician Gives Audience The Bird And They Like It**

By IRVING DESFOR  
NEW YORK. — (AP) — A young performer has learned how to give his audience the bird, and it pays off at the box office.

In smart supper clubs in Cleveland, Chicago and Omaha, a personable young man comes on stage to the strains of a familiar tune. He reaches into the air and a bright silk cascade into view. He covers a fist with it. When it is slowly drawn away a goblet of wine is revealed.

"Nicely done," onlookers may say. "Now watch the glass disappear . . . I've seen that before."

**Spectators Gape**

That's when the spectators start to gape. When the silk slithers away again, they see, perched on the glass, a little bird with a long tail.

It hops to young Jack Kodell's

index finger. Then presto!—there is another bird on the next finger. Kodell whistles "Don't Fence Me In." There's a graceful movement of the hand—and three birds. Once more and there are four brightly plumaged Australian parakeets side by side.

In the next few moments they will disappear or fly invisibly from one glass cage to another previously-empty glass cage. They will emerge from a paper tube into which a gossamer silk was blown. And finally from Kodell's top hat there will appear, not the traditional rabbit, but a varicolored parrot.

**'Fantasy In Birds'**

The audience has seen "A Fantasy in Birds," the only act of its kind, as performed by its not yet 21-year-old originator.

In 1943, after four years of magic, young Jack went to an arena in Chicago with the complaint, "I'm not getting anywhere—what can I do?"

"Get a specialty," was the answer. "Something off the beaten track."

Two years of hard work, training and patience made Jack's act a success. Recently it was awarded a trophy as the best on the show at the convention of the Society of American Magicians in Chicago.

**Parakeets Are Smart**

Kodell's birds are Australian members of the parakeet family. They are from 7 to 9 inches long and extremely smart. They are trained to music and whenever they hear familiar melodies they want to act, showing there's a bit of "ham" even in birds.

A talent scout for the movies has broached the possibilities of a Hollywood career.

Eying success, Kodell may well say: "I owe it all to my fine-feathered friends!"

**Thorium Deposits Prompt Study Of Atom Energy**

NEW DELHI, INDIA.—(AP)—The Government of India has undertaken an intensive program of research in atomic energy, relating much of the study to a joint effort with the princely state of Travancore to develop uses for Travancore's rich thorium deposits, a source of atomic energy.

Travancore is governed by its own Maharajah, but has signed a treaty of accession to the Indian Union giving India jurisdiction over its defense, communications and foreign relations.

Maulana Abul Kalam Azad, minister of education in the Indian Government, described the atomic research program in a report to the constituent assembly.

He said a board of research in atomic energy has been formed as the overall supervising agency, under chairmanship of Prof. H. J. Bhabha, a noted Indian physicist. Professor Bhabha also was made

Chairman of a joint India-Travancore Committee for the development of Travancore's thorium and other mineral deposits, reputedly among the world's largest and richest.

Extent of the deposits and plans for their use have been official secrets.

Azad said the board planned to co-operate with other bodies around the globe making similar efforts, as well as to foster India's own experimentation. He said the Tata Institute of Fundamental Research in Bombay, the Bose Research Institute in Calcutta, studying trans-uranic elements, and individual natural scientists who have governmental subsidies are engaged in atomic energy studies now.

Several Indian natural scientists have been sent to the United States, England and Europe to keep abreast of atomic research in those places.

**U. S. Removes Quota On 1948 Peanut Crop**

WASHINGTON.—(AP)—Secretary of Agriculture Anderson has announced there will be no marketing quotas on the 1948 crop of peanuts. He said he was suspending the quotas because of the world shortage of goods, fats and oils.

The action means farmers are free to plant and market without penalty all the peanuts they desire.

Under marketing quotas, production in 1948 would have been limited to approximately 2,800,000 acres, compared with about 3,378,000 acres harvested for nuts in 1947.

Farm laws allow quotas to be put into effect when farmers vote for them. Each farmer is then limited as to the amount of peanuts he can market. The purpose is to avoid a surplus.

Early in December, Anderson said quotas and allotments for the 1948 crop probably would be suspended, but ordered a referendum. Peanut producers voted for quotas for the next three years. This still leaves quota machinery available for 1949 and 1950 should conditions make it advisable to impose quotas for those years.

**New Youth Movement Vexes Juvenile Cop**

MISSOULA, MONT.—(AP)—Juvenile Officer Jim Doyle says his duties now include coping with a simple but trouble-some game called "pack rat" that is popular with the 10-to-12-year-old set.

"The object of the game," Doyle explains, "is to remove items from one premises and put them on another. Latest to be moved was a trash can."

Goes on a Light Diet

To win a wager with her father, Sarah Shofstall, 15, lived with a German family for two weeks eating their ration of not more than 1500 calories a day. Above, she sits down to a typical meal, consisting of black bread, potato and weak tea. Her father, Weldon P. Shofstall, now on leave from Stephens College, Columbia, Mo., is chief of the German youth activities program in the U. S. occupation zone of Germany.

Treat 'Left-Overs' Right

By GAYNOR MADDOX  
NEA Staff Writer  
No waste means left-overs served for a second meal. But those left-overs can be turned into really delicious dishes.

**Scalloped Hash**  
(Serves 4 to 6)  
Two cups diced left-over cooked beef, 2 cups diced cooked white or sweet potatoes, 2 tablespoons minced onion, 1 teaspoon salt, 1/2 teaspoon pepper, 1 teaspoon Worcestershire

sauce, 1 tablespoon chopped parsley, 1 beef bouillon cube, 1 cup water.  
Combine the first seven ingredients. Add bouillon cube dissolved in water. Mix well. Pour into greased 1 1/2 quart baking dish, then bake in moderate oven (350 degrees F.) for one hour.  
In place of left-over beef, use soup meat, pork, lamb, veal ham or chicken. Adjust salt to taste.

Chicken Or Turkey Pie

(8 Servings)  
Three tablespoons fat, 4 tablespoons flour, 1 teaspoon salt, 1/4 teaspoon pepper, 2 cups boiled milk or 1 cup evaporated milk and 1 cup water, 2 cups hot mashed potatoes, left-over roast chicken or turkey in slices, 1 cup cooked sliced carrots, 1 cup cooked or canned peas, drained.  
Melt fat in saucepan; blend in flour, salt and pepper. Add milk, gradually stirring. Cook over low heat, continuing to stir until mixture thickens. Spread the mashed potatoes in a 12x12 in. greased baking dish about 12 by 7 by 2 inches. Cover with a layer of left-over turkey or chicken slices. Add carrots and peas to white sauce and pour over the fowl. Place under a broiler and broil until golden brown on top, about 5 minutes. Or bake in hot oven until brown. Serve at once in same dish.

'Honor' Roll Causes Red Face For Berlin

BERLIN—(AP)—A red-faced city government recently discovered that the list of Berlin's "honorary citizens" still bears the names of Adolf Hitler, Hermann Goering, Josef Goebbels and a number of other leading Nazis.

An immediate purge was ordered which will also include the restoration of honorary citizenship to persons from whom it was withdrawn during the Nazi era on racial or political grounds.  
The only person to whom honorary citizenship has been granted in Berlin since the war is the white-haired, septuagenarian Wilhelm Pieck, Germany's No. 1 Communist and co-chairman of the Russian-sponsored German Socialist Unity Party.  
Pieck was made "Ehrenburger" by the Communist-controlled city government which was installed by the Russians when they were sole occupiers of the city and which was swept out of office when Berlin held its first postwar election, on October 20, 1946.

Kashmir is noted for its warm and delicate wool shawls.

NOBODY'S SAFE, HOUSE SIDESWIPE AUTOMOBILE

EL DORADO, Kan.—(AP)—Reversing the usual order of things, a house sideswiped an automobile here.  
The building, being moved by Otto W. Hobson to a new location, careened into a parked automobile. Damage was estimated at \$10 to the car and none to the house.

RANKIN NEWS

**RANKIN**—Mr. and Mrs. David Workman of Lubbock and Miss Charlotte McDaniel of Dumas were holiday visitors in the Tom Workman home. They arrived on Christmas day, Miss McDaniel returning home last Tuesday and the David Workmans returning to Lubbock Sunday.  
W. D. Price and Jim Elliott have returned to Texas Tech after having spent the holidays at home in Rankin.  
Mr. and Mrs. Dunn Lowery accompanied their daughter, John Ann to Lubbock Sunday. She is a student at Texas Tech.  
Miss Charlene Taylor has resigned her position with the Midland Production Credit Association and is at home with her parents, Mr. and Mrs. C. G. Taylor, in Rankin.  
Mrs. M. J. Edwards and John D. Hays, both employees of The First State Bank of Rankin, have been away from their positions this week because of illness. Hays is a patient in a McCauley hospital.  
Mr. and Mrs. O. C. Scarborough also, Jimmy Merriman, long time residents of Rankin left Sunday to make their home on a farm near Muleshoe, Texas. Mr. and Mrs. Jack Franklin and family are occupying the Scarborough home. Among Rankin students who have returned to college after the holidays are R. O. Schlagel, Jr., to A&M; Rusty Daugherty to Schreiner Institute, and Travis Taylor to Arlington.  
Mrs. Jack Smith has returned with her granddaughter, Jacqueline Smith to Dallas where the baby is a patient in the Childrens Hospital of Texas. The child's parents, Mr. and Mrs. Lewis M. Smith accompanied them to Dallas. Mrs. Jack Smith and the baby spent several days during the holidays in Rankin.  
Mr. and Mrs. Kenneth Rose, whose marriage took place on New Year's Day, have returned from a short honeymoon trip to Del Rio and Mexico. Mrs. Rose is continuing her studies in Rankin High School.  
At a recent meeting of the Rankin Chapter Order of the Eastern Star, approximately 650 was contributed by the chapter and individual members to a welfare project being sponsored by the Grand Chapter of Texas.
