## MacArthur, Truman Announce For Presidency

### Truman Decision Eggs Party Split

WASHINGTON—(P)—General MacArthur bid openly for top place on the Republican ticket Tuesday, even as President Truman foreclosed his mortgage on the Democratic nomination.

The two announcements—only hours apart in Tokyo and Washington—far overshadowed Tuesday's New Hampshire primary, the first actual voting for delegates to the national party conventions in Philadelphia.

MacArthur's message saying he is available but will not actively seek the presidency caught professional GOP politicians by surprise.

### Markets Continue Decline

NEW YORK—(P)—Prices were lower on major commodity markets Tuesday after Monday's drop.

Grain slid substantially as the pits opened weakly at Chicago, then rallied to regain some of the losses.

The commodity markets were jittery over unfavorable international news and the blooming domestic political situation.

Government rejection of most offers on large quantities of flour for export because it considered prices too high affected grain trading at Chicago, where there was a heavy overnight accumulation of selling orders.

Cotton dropped and then rebounded on mill buying. Butter hit a new low.

Soybeans at Chicago were off as much as the eight-cent daily limit at one time. Corn was as much as 7 1/2 cents a bushel under Monday's prices in early trading.

Wheat at one time was down 6 3/4 cents from previous figures.

The grade butter dropped a cent to 75 1/2 cents a pound, the lowest price this year, on the wholesale market at New York.

Rubber, hides, cocoa and coffee were down varying amounts in New York markets.

Stocks were inclined to slide on the New York Exchange.

Hog prices were about steady with Monday's close at Chicago, and cattle and sheep were slightly lower.

### Russia Charges U. S. Strengthens Germany For War

MOSCOW—(P)—Russia maintained Tuesday that the United States is engineering a Western power scheme to divide Europe and increase military strength in Germany for aggression against the Soviet Union.

In a note to the United States, Britain and France, Russia declared the Western powers are trying to build up military potential in the Ruhr so as to "turn Western Europe into a strategic base of American imperialism in Europe with the purpose of aggression against the U.S.S.R."

The note was made public Monday night at a news conference. Russian officials said it was delivered Saturday. It did not say when action the government intends to take on its interpretation of events.

The Soviet note rejected a British reply to an earlier Russian protest against a recent three-power conference in London on Germany's future. That conference, the Soviet note charged, violated the Potsdam Agreement of 1945.

In addition, the Russian note contended, the major Western powers are trying to liquidate the four-power Council of Foreign Ministers.

Finns Designate Group For Talks On Russian Pact

HELSINKI—(P)—Finland picked a four-member delegation Tuesday for the Moscow talks on a Russian-Finnish treaty of friendship and mutual assistance, a government spokesman said.

Government quarters said they expected the negotiations to begin on or about March 20. The seven-man Finnish delegation will be headed by Premier Mauno Pekala. There was no indication whether special technical advisers on military matters will be attached to the group.

The majority of Finland's political parties have expressed opposition to military alliance with Russia. Of the seven delegates, three represent Parliamentary groups which have gone on record against an arms pact.

The negotiations will be held in Moscow.

The Finnish cabinet session decided upon the makeup of the delegation at a meeting Tuesday afternoon. Finland's foreign minister, Carl J. A. Enckell, a non-party man, is vice-chairman of the delegation. He speaks Russian and has been a member of practically all recent Finnish delegations in dealing with the Soviet Union.

First Dangerous Step  
Premier Pekala is a member of the Socialist Union Party, which is affiliated with the Communists in Finland's "Democratic Union."

Finns agree that acceptance of the negotiation offer constitutes a "dangerous first step." They do not feel, however, that Finland has been placed in the position of Czechoslovakia, where the Communists grabbed power in a recent coup.

China Explosion Takes 100 Lives

SHANGHAI—(P)—A Chinese ammunition dump exploded at Tientsin Tuesday, leveling a city block and causing 250 casualties. An estimated 100 were killed.

U. S. Navy sources here said the explosion occurred just before noon, within half a mile of docks where the USS Essex, flagship of the American Western Pacific Fleet, and the Navy hospital ship, Repose, are tied up.

Tientsin is the Chinese base of the U. S. Navy's Far Eastern Fleet.

There were no immediate reports of casualties among American personnel at Tientsin.

The explosion, set off by an undetermined cause, swept an area east of the docks.

Resulting fires left a mass of blackened ruins in a wide sector.

### Russians Release American Officials Detained 27 Hours

NUERNBERG, GERMANY—(P)—Two high officials of the American War Crimes prosecution staff returned to Nuernberg safely Tuesday after 27 hours in the custody of armed Russian soldiers within the Soviet-occupied zone of Germany.

The two are Howard H. Russell of Baltimore, Md., chief of the administrative division, and Virgil Van Street of Eatonville, Md., member of the I. G. Farben prosecution staff.

They visited the Leipzig Fair, together with their wives, last week. They were overdue in Nuernberg by several days, and inquiries were made.

The group returned late Tuesday afternoon, weary and nervous, but unharmed.

Supreme Court Upholds Ban On Religion Classes

WASHINGTON—(P)—Eight Supreme Court justices agree that religious sects may not use America's public schools to teach their beliefs.

But in voicing their decision, they disagreed among themselves as to exactly how much ground their ruling will cover.

Justice Black, author of the majority opinion, upheld an atheist mother's complaint that religious education classes held in Chicago, Ill., schools violated the constitutional requirements for separation of church and state. Only Justice Reed dissented.

Justices Jackson and Frankfurter wrote separate opinions disagreeing with some of Black's views.

Frankfurter said there may be other plans of cooperation between school and religious groups which are constitutional. But he insisted that "if nowhere else, in the relationship between church and state, good fences make good neighbors."

Justice Rutledge, Burton and Jackson supported Frankfurter's stand. Jackson, while going along with Frankfurter's opinion, in general, said he felt it might bring a deluge of suits.

"Authorities list 256 separate and substantial religious bodies in the United States," he said. "If we are to eliminate everything that is objectionable to any of these warring sects we will leave public education in shreds."

ABILENE—(P)—A five-year-old religious education program in Abilene's public schools may be stopped.

Monday's Supreme Court ruling against religious groups using the schools to assist them in religious teaching "may apply to us," Superintendent of Schools Nat Williams said.

Rival Jewish Fighting Forces In Palestine To Join Against Arabs

JERUSALEM—(P)—Haganah and Irgun Zvai Leumi, the two main Jewish fighting forces in Palestine, will get together Tuesday, reliable informants said, to bind themselves into a common military front against the Arabs.

The merger has been worked out, the informants said, and a pact setting out the details is reported ready for ratification by the two organizations at Tel Aviv.

Under the agreement, it was learned, Irgun will retain its own organization and officers under Haganah's overall direction.

One of the principal points in the agreement, Jewish sources said, was an Irgun promise to halt immediately its attacks upon British forces, now in the process of withdrawing from the Holy Land.

Radio Station Off Air Three Hours

Radio station KCRS of Midland was off the air three hours Tuesday morning when a motor of its transmitter burned out.

Engineers worked rapidly to correct the power failure and get the station back on its schedule, and this was accomplished before noon.

T&P Officials Here For City Conference

A group of Texas and Pacific Railway officials, headed by L. C. Porter of Dallas, assistant to the president, Tuesday morning were in conference with City Manager H. A. Thomason and other city officials concerning the location of the new T&P depot here and other matters affecting the city and railroad.

The railway officials arrived here early Tuesday in a special car. Included in the party are Porter; F. D. Danford, Dallas, assistant to the chief engineer; G. L. Brooks, Big Spring, general agent, and G. R. French, Big Spring, assistant division superintendent.

Friday Last Day To File As Candidates

Friday is the deadline for filing as candidates in the school trustee election here April 2, Supt. Frank Monroe said Tuesday. Two trustees will be named. V. C. Maley and Mrs. W. E. Gilmore have announced for reelection.

Absentee voting will begin March 15 in the county clerk's office in the courthouse and will continue through March 30.

WASHINGTON—(AP)—The House Tuesday voted its un-American Activities Committee an additional \$200,000 to spend during the rest of this year. The action is final and does not require Senate approval.

JERSEY CITY, N.J.—(AP)—A Spokesman for the New Jersey Democratic organization headed by former Mayor Frank Hague said Tuesday the state's delegation to the Democratic convention will be "one hundred per cent for President Truman."

WASHINGTON—(AP)—Top House Republicans huddled with Senate GOP leaders Tuesday to work out a stepped-up timetable for the Marshall Plan, but failed to reach an agreement.

WASHINGTON—(AP)—The Internal Revenue Bureau Tuesday came under sharp fire of the House Appropriations Committee, which said the political patronage system of picking federal tax collectors should be abolished.

Crude Oil Production Ends Month-Long Climb

TULSA, OKLA.—(P)—A month-long climb in the nation's crude oil production came to a halt during the week ended March 6. The daily average output dropped 47,000 barrels from the previous week's figure, the Oil & Gas Journal reported Tuesday.

Total daily average production for the week was 5,719,520 barrels.

Texas was responsible for most of the decline, its output dropping 32,150 barrels to a daily average of 2,400,875 barrels.

Other declines included Mississippi, down 5,566 barrels to 113,910.

Louisiana recorded a gain of 900 barrels or less.

### U.S. May Be Asked To Aid New Union

By The Associated Press

As Finland named a seven-man delegation Tuesday to negotiate over a treaty with Moscow, Western European nations polished up a pact to balk the Westward spread of Communism.

The Finns will negotiate in Moscow on Prime Minister Stalin's proposal for a friendship and military treaty like those which bind other Eastern European countries to the Soviet Union.

Five Western European powers, meeting at Brussels, Belgium, approved seven articles of an economic-military pact. Delegates from Britain, France, Belgium, The Netherlands and Luxembourg expressed hope the economic phases of the pact would be ready for signing by the end of the week.

French Decline Comment  
Roland De Margerie, French delegate, declined to comment on reports that the five-power Western Union would seek backing of the United States' military might for its defense structure. Hugh J. Mallard, U. S. charge d'affaires in Brussels, said the United States is standing aside from the five-nation talks.

In Paris, a French diplomatic source had said the five-nation conference may ask Washington to pledge automatic American military aid if the Western bloc is attacked.

A French Foreign Office spokesman said that had not been mentioned and declined to predict whether it would be.

Andrews County Must Vote Again On Bond Issue

ANDREWS—Andrews County held a \$950,000 road bond election last February 21, with voters favoring two proposals and defeating two—but now the four proposals must be submitted in another special election to be held Saturday, March 27.

A shortage of supplies in the first election is said to be responsible for the outcome.

The attorney general reportedly refused to approve the issuance of the bonds voted February 21 when it developed that election supplies were not furnished the Mabce and Fullerton voting boxes. The county has six voting places, and through an oversight the bond company handling the election failed to order sufficient supplies for all boxes. The shortage was not discovered until the day of the election.

Another Petition  
Another petition was circulated in Andrews County through a temporary surface line. Approximately 13,000 feet of eight-inch pipe and 5,000 feet of six-inch pipe will be needed in the project, he said. It was estimated the peak day demand this Summer will be around 6,000,000 gallons.

Hogan, an ex-mayor and former acting city manager, said plenty of water is available at the Wadley tract and that the problem of getting it into the city promptly is not hopeless. He said ample water to take care of Midland's needs for at least 10 years is available within five miles of the city.

President Tom Sealy said the organization has been assured by the West Texas Gas Company that it will have ample gas and distribution facilities available to meet peak demands next winter. The Chamber of Commerce has asked the gas company what steps were being taken to prevent another shortage such as experienced on two occasions recently.

The directors voted to purchase a \$390 mobile public address system. (Continued on page 12)

Eight Jurors Are Chosen For Trial Of Mrs. Muldrow

Eight jurors had been selected Tuesday noon, when 70th District Court recessed for lunch, for the trial of Mrs. Mahotah Muldrow, 40, on a murder indictment in connection with the fatal shooting of her estranged husband, Robert Muldrow III, a photography firm here, last September 7.

Ernest T. W. Neill, J. B. McCoy and L. M. Freels were the jurors selected Tuesday. Neill, McCoy and Freels are businessmen. B. R. Matthews, James D. Sadler, Ira McKnight, Bert Hemphill and W. D. Lane were chosen Monday for jury duty.

Efforts will be made by attorneys to complete the jury Tuesday afternoon.

Fifty-Two Are Questioned  
Fifty-two of the 130 veniremen summoned for the trial had been examined Tuesday noon.

Defense attorneys are questioning prospective jurors closely on any prejudices concerning the law of self-defense.

Percy Foreman, defense attorney from Houston, has announced the defendant will plead self-defense and that this will be the main issue during the trial.

Muldrow was shot and wounded fatally on the lawn of his home here last September 7. Mrs. Muldrow surrendered a few minutes later and said she fired the shots.

Champ Lambs, Calves Stay In Hotel As Prize Hog Gets No Vacancy Sign

By STANLEY FRANK  
It's difficult to find a place to sleep in Midland the first of the week, but the champion calves and lambs of the Midland Livestock Show had no trouble at all Monday night.

They and their proud young owners were very comfortable in the lobby of the Scharbauer Hotel. The champion pig didn't get to sleep in the Scharbauer, though. The management tried it once; every time the pig squealed, the guests upstairs squealed back.

Norman Drake, Midland County 4-H Club lad, showed the champion milked calf, an 890-pounder bred by Winston Brothers of Snyder. It was the second time for him to reach the Scharbauer lobby with club calf. His previous victory was in 1945.

Rather Willis, Ector County 4-H Club feeder, showed the champion drylot calf and was proudly brush-

### C. Of C. Works On City Water Project

Immediate steps will be taken by the Midland Chamber of Commerce to borrow, rent or buy pipe from oil companies to lay a temporary line from the Wadley tract into the city to provide additional water during the Summer months, the organization's directors decided Monday night at a meeting in Hotel Scharbauer. The City Council previously had agreed to lay the line immediately if pipe can be obtained.

The Chamber's City Affairs Committee, headed by Fred Hogan, was asked to proceed with a plan to obtain the necessary pipe and to cooperate in every way possible with the City Council in getting additional water into the city.

City Councilman Stanley Erskine told the directors the water situation is most critical in that the city has not been able to buy water pipe to connect the new water source with the city and that it will be impossible to complete the water expansion program before next year.

He said additional wells are being drilled in Rosedale and Cloverdale Parks to meet increased demands, but even that will not take care of the demand during peak days this Summer. He expressed appreciation to the Chamber of Commerce for its interest and cooperation in this and other matters.

Ample Water Supply  
Erskine said 750,000 to 1,000,000 gallons of water daily can be brought into Midland through a temporary surface line. Approximately 13,000 feet of eight-inch pipe and 5,000 feet of six-inch pipe will be needed in the project, he said. It was estimated the peak day demand this Summer will be around 6,000,000 gallons.

### Midlanders Plan Pi Mu Music Society Chapter

A group of Midlanders completed final arrangements for a local chapter of Pi Mu, society for earnest music students, when a petition for the chapter was signed at a Saturday meeting in the studio of LaVerne and Howard Orr, who will be advisors for the Midland group.

Hal Leith, Pi Mu educational advisor from St. Louis headquarters, was here to preside at the session.

Masie Secor was elected president and Lois Black vice president, to be assisted by Louis Rochester, secretary-treasurer; Ellen DeChiclis, historian, and Pat Boles, reporter, it was announced. Pledges to the chapter are Patty Powers and Jimmie Jones, and other members eligible for initiation include Claudine Hamner and Lou Elyn Ferguson.

Installation ceremony for the Midland chapter will be held during the early part of April, it was announced, with guests expected from Amarillo, Pampa, Lockney, Shamrock and Odessa chapters.

Among the benefits of Pi Mu, an organization begun in Colorado in 1926 and becoming national in scope in 1929, are the many scholarships provided high school graduates. Another advantage of organization is that outstanding students in different cities are brought together in friendly competition, which provides stimulus and incentive for greater effort.

Masie Secor and Lois Rochester, newly-elected officers of the Midland chapter, will attend the St. Louis Institute of Music this summer on Pi Mu scholarships as enrolled students of the progressive series.

The group discussed plans for members of the Midland chapter and their families to attend Hardin Junior College's "Pi Mu Day" in Wichita Falls March 20. Transportation was arranged. Winners of the Hardin Pi Mu scholarships will be announced at that time and will be heard in a recital.

### Easter Alliance: Coats, Prints Pair

**NEW YORK—(NEA)—**Paired off for Easter is the bright little "throw" coat by midday-like jacket which flounces like the petals of a flower over a gay print dress.

Proclaiming the fashionable union of this pair is the shrug-off coat's print lining which is matched to the dress. Here are two Paul Parnes designs which show how this ensembling device works to turn a simple print dress into an imposing outfit.

At left is a flouncy pelerine cape-coat of slate blue wool, lined to match the full-skirted "Cathedral print" crepe dress of stained-glass window colors with which it keeps company.

The brown wool jacket, as shown, right, buttons snugly over a chocolate-and-white honeycomb print dress of crepe with an extravagant circle of a skirt. This jacket is print-lined and sports a pocket hankie and a necktie which also match the dress.

### Zack Howard, Son Of Ray Howards, Feted On Birthday

Zack Howard, son of Mr. and Mrs. Ray O. Howard, 608 Outburst Street, was honored on his fifth birthday Saturday with a party in his home.

Entertaining rooms were attractively decorated with vari-colored balloons and yellow and blue crepe paper. The large, tiered birthday cake, highlighting adornments on a lace-covered table, was topped with the figurine of a little boy dressed in blue and yellow. Hurricane lamps flanking the cake provided illumination for dining room decorations.

Participating in outdoor boxing matches were Mike Dunagan vs. Larry Howell, Teddy Pitting vs. Taylor Massey, and John Daugherty vs. Herman Massey.

Out-of-town guests present for the occasion were Zack's grandparents, Mr. and Mrs. S. C. Howard of Goose Creek, Texas, and Gwen McAden and Mrs. Ralph McAden of Odessa.

Midlanders attending were Tom Williamson, Jerry Lee, Teddy and Carol Ann Pitting, John and Betty MacDermott, Mary Elizabeth and Frank Ryan Monroe, Sarah Jane Martin, Therman and Taylor Massey, Jane Armontrout, Dona Kay Colvin, Terry Lane Shoemaker, Mary Ann Price, Mike Dunagan, Larry Howell, John Daugherty, Bucky and David Farmer and Paula Crites.

### Epsilon Sigma Alpha To Have Chapter Here

A Midland chapter of Epsilon Sigma Alpha, international educational and social sorority with headquarters in Loveland, Colo., is being organized with Mrs. Mary Lou Geer, national secretary, here contacting girls between the ages of 18 and 34.

The organization, since its inception in 1929, has grown to number hundreds of chapters throughout the United States, Japan and many other countries of the world, with a membership of more than 15,000.

The sorority, organized to serve as a medium through which American women can study together to develop such qualities as gracefulness, self expression and leadership for the good of their respective communities, also stresses benevolence, according to the field executive. The Aricula Foundation of Los Angeles, dedicated to the care of children with impaired hearing, was adopted by the sorority in 1946. In addition, many chapters maintain clubs and recreation rooms for teen-agers, and war orphans are aided by the chapters, which send them regular food and clothing shipments.

### Mrs. J. A. Andrews Fetes Asbury WSCS

Mrs. J. A. Andrews, 420 South Lorraine Street, was hostess to Asbury Methodist WSCS members who met Monday afternoon for a continuation of the study, "Great Prayers of the Bible." This discussion, under the direction of Mrs. J. P. Carson, Jr., included the prayers of Peter, John and Stephen, and the story of the crucifixion and resurrection of Christ.

Following Mrs. Preston Pirtle's benediction, Mrs. Loy Busby and Mrs. Andrews served refreshments to Mrs. George Damron, Mrs. Irene Hester, Mrs. Preston Pirtle, Mrs. J. P. Carson, Jr., Mrs. Irene Keener, Mrs. John L. Snow, Mrs. O. B. Jones, Mrs. Myrtle Pirtle, Mrs. Theo Ferguson, Mrs. Adele Ponder, Mrs. Louise Moore and a guest, Mrs. Luther Tidwell.

### First Methodist WSCS Circles Continue Study

WSCS circles of the First Methodist Church continued their study of "Great Prayers of the Bible" in Monday meetings, with the Mary Scharbauer Circle electing Mrs. Tanner Laine its new secretary-treasurer.

Mrs. B. F. Haag, 209 North Big Spring Street, was hostess for the Mary Scharbauer Circle meeting which opened with a prayer by Mrs. Mollie McCormick. Mrs. Noel Oates, chairman, presided at the session which featured Mrs. O. F. Hedrick, assisted by Mrs. E. A. Crisman, in the study. Following the election of Mrs. Tanner Laine, refreshments were served to Mrs. A. Black, Mrs. B. G. Grafs, Mrs. Haag, Mrs. Hedrick, Mrs. Laine, Mrs. McCormick, Mrs. A. J. Norwood, Mrs. Charles Pierce, Mrs. Velma Smith, Mrs. Ralph Smith, Mrs. J. C. Smith, Mrs. Crisman, Mrs. T. A. Fannin and Mrs. Oates.

Mrs. H. H. Hollowell, vice chairman of the Belle Bennett Circle, directed the meeting of her group in the home of Mrs. George F. Bradbury, Monday. During a business session which followed an opening prayer by the hostess, the group discussed the donation of clothing for a needy family. Mrs. Dave Hoover conducted the lesson. Refreshments were served amidst decorations featuring an assortment of Spring flowers, accented with stock and sweet pea arrangements, to a guest, Mrs. Grandison Vaughan, and Mrs. George Thompson, Mrs. Mary Lou Snodgrass, Mrs. A. W. Butler, Mrs. Hoover, Mrs. Hollowell, Mrs. Ois Ligon, Mrs. S. H. Hudkins and the hostess.

Laura Haygood Circle members, meeting in the home of Mrs. Douglas Nix, 600 South Colorado Street, heard Mrs. Earl Chapman present the study with Mrs. W. B. Hunter leading the devotional prayer. The group discussed plans for the March 15 covered-dish luncheon to be held in the church for the WSCS. Following adjournment, refreshments were served to Mrs. Hunter, Mrs. W. F. Prothro, Mrs. L. C. Stephenson, Mrs. E. J. Voliva, Mrs. J. L. Barber, Mrs. M. L. Wyatt, Mrs. W. E. Chapman, Mrs. C. H. Shepard and the hostess.

### Rankin News

RANKIN—Mrs. Omar Warren accompanied her son-in-law and daughter, Mr. and Mrs. Charles Brown of Alpine, to Dublin, Texas, Saturday to spend the weekend with relatives there.

Dunn Lowery was in San Angelo on business Saturday.

Mr. and Mrs. Louis A. Yates of San Antonio were guests of Mr. and Mrs. Roy R. Priest Saturday while enroute home from a two months' vacation in Phoenix, Ariz. Mann Rankin of Midland was here on business Saturday.

Mr. and Mrs. O. C. Scarborough and Jimmy Merriman of Muleshoe, Texas, spent the weekend in Rankin.

Miss Gulla Bettis spent the weekend in San Angelo as a guest in the Phillip Thompson home and attended the rodeo.

Mr. and Mrs. Tom Workman flew to Lubbock to spend the weekend with their son and daughter-in-law, Mr. and Mrs. David K. Workman.

Mrs. Stanley Kosmor and Mae Garner were in Midland on business Monday.

Code Bell of Rogers, Ark., and his sister, Mrs. E. W. Windham of Odessa, were in town on business Monday.

Mr. and Mrs. Tommy Workman and Mrs. S. M. Owens spent Tuesday in San Angelo.

The garage at the I. C. Elliott home was destroyed by fire late Saturday afternoon. The Rankin Fire Department made a run to the fire, but the blaze was not discovered in time to save the structure.

Reservations Should Be Made For Meeting  
Midlanders, not members of the Lions or Rotary Clubs, who wish to hear Dr. A. J. Stoddard of Philadelphia at a luncheon meeting Thursday noon in the Scharbauer Hotel, should make reservations at the Chamber of Commerce.

Doctor Stoddard, educator-statesman, is brought to the city by the educational committee of the Midland Chamber of Commerce. Although he will address a Joint Lions-Rotary meeting, other citizens are invited.

Get Welcome Relief From Stomach Gas, Sour Food Taste  
Do you feel bloated and miserable after every meal? If so, here is how you may rid yourself of this nervous distress. Thousands have found it the way to be well, cheerful and happy again. Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment, sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, overweight, restless sleep, weakness.

To get relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests, have found that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-cranial stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow in this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punalbing yourself with over-doses of soda and other alkalies to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

## Eliminations In Tennis Get Started

Tennis eliminations to select players of Midland High for competition in the Interscholastic League and earlier meets is under way this week. Completion is expected by Thursday, Coach Earl Giasse said. Only one tennis letter winner is included in the tryout group of about 30 netters. He is Goss Yeager.

Midland has matches next week with Kermit and Crane. The Kermit match is slated in Kermit March 18 and the Crane match at Crane March 19.

## Carver School Cagers Win In Hobbs Tourney

Midland's Carver School girls and boys basketball teams participated in the South Plains Interscholastic League district tournament in Hobbs, N. M., Saturday, the A and B girls teams winning championships of their divisions.

The boys A team won second place in its division, and the B team copped third place honors. More than 20 page teams participated.

## Aggies Plaster Texas Trackmen

COLLEGE STATION — (AP) — Texas A&M served notice it would be hard to dethrone as Southwest Conference track champion, downing Texas 72-50 in a dual track meet.

Big George Kadara paced the Aggies to their easy victory Monday. Texas' Charley Parker came through in main dash events.

Kadara, high point man with 13 points, won the discus throw and shot put and finished second in the javelin.

Parker copped the 100-yard dash in 10 seconds flat and won the 220-yard dash in 21.8. He anchored the winning Texas 440-yard relay team to finish with 11 1/4 points.

Jerry Thompson, Texas' crack miler, bettered the Southwest Conference record in winning his specialty in 4:20.2. He was pushed hard, however, by the Aggies' Carroll Hahn. Thompson also won the two-mile event in 9:36.0, edging J. D. Hampton of A&M.

## New Phillies

## Kilroy Complex Dates Back 1,500 Years Ago

BERKELEY, CALIF. — (AP) — People with a Kilroy complex who write their names in public places are aping some Arab tribesmen who lived 1,500 years ago.

These Arabs carved their names on sandstone walls along the ancient route between Egypt and Palestine. The University of California's African expedition reports it has found 2,600 such signatures in the region.

## COTTON BOWL DATE

AMARILLO — (AP) — Featuring "Panhandle and East Texas Day" of the 1948 state fair, West Texas State's football team will meet the East Texas State Lions in the Cotton Bowl at Dallas Saturday afternoon, Oct. 23. Coach Frank Kimbrough announced Monday night.

## Rank Outsiders Meet In Miami Four-Ball Finals

MIAMI, FLA. — (AP) — The \$10,000 Miami International Four Ball golf tournament hits the finish line Tuesday.

Jim Ferrier of San Francisco, the PGA champion, and Cary Middlecoff of Memphis, Tenn., face Elsworth Vines of Los Angeles and Ed Furgol of Pontiac, Mich., in the 36-hole finals.

Both teams were surprise finalists. All four seeded teams, which

## MORE SPORTS Page 11

included the Hogans, Demarets, Sneads, Lockes and others in a picked field of 32 players, were knocked off in early rounds.

Ferrier and Middlecoff were deadlocked with Herman Kelsner of Akron, Ohio, and Johnny Palmer of Badin, N. C., on the 31st hole of their semi-finals match Monday when Jim made the greatest shot of the tournament.

On the 460-yard, par-five hole, his drive split the fairways for 250 yards. He took a two iron, and the ball split the pin all the way. It came to rest four feet from the cup. He sunk it for an eagle. His team went one up. They picked up another hole on the 35th merely by shooting par, to win 2 and 1.

But the eagle "broke the camel's back."

Vines and Furgol matched perfectly to beat Dick Metz of Arkansas City, Kans., and Skip Alexander of Southern Pines, N. C. The match ended on the 33rd green.

## MHS Tracksters Schedule Three Practice Meets

Midland High tracksters will enter three meets in addition to Interscholastic League contests (district, regional and state). Coach Jack Mashburn indicated Tuesday.

The Purple and Gold thin-clads will compete at the Big Spring Relays, the Odessa Sand Hills Relays and the Lubbock Relays.

Only the Big Spring date is set. That is April 3.

A squad of 35 tracksters are working out daily. Monday Coach Mashburn tried out relay combinations. Two sprinters look good in early drills—Dunmy Goode and Tom Friday. Also R. A. Bull Whitson is showing promise for the sprint relay combination. Billy Velvin is a hurdler of promise and Jack Morrison may come through in the half-mile. Don Whigham is a letterman in the pole vault.

## Tempe Topples Kirksville Teachers In NIAB Starter

KANSAS CITY—(AP)—The "name" teams in the National Inter-Collegiate (NIAB) Basketball Tournament Tuesday had fair warning that the six-day championship stretch is loaded with booby-traps.

The 16 teams scheduled to complete the first round Tuesday had only to look back a day to see what happened to Northeast (Mo.) State Teachers of Kirksville and what almost happened to champion Brigham Young of the Skyline Six.

Kirksville, whipped only once in 30 regular season games, blew a couple of leads and was eliminated by Arizona State College of Tempe 68-66.

Brigham Young's Cougars remain in the running through the hospitality of unheralded Delta State Teachers College of Cleveland, Miss.

Cougars Cash Error The Cougars won 66-61 in an overtime after capitalizing on an enemy error to tie the game 59-59 with four seconds of play remaining.

Xavier was paired with Northwestern (La.) State, followed by Manhattan and Arkansas State of Conway, Indiana State (Terre Haute) and St. Francis of Loretto, Pa., and Hamline and Mercer of Macon, Ga., Tuesday.

Southern Illinois University of Carbondale, 1946 champion, rallied to beat Southern Oregon College of Education 54-50 in another tough game Monday.

Lawrence Tech of Detroit overpowered Appalachian (N. C.) Teachers 78-48.

Defending champion Marshall College, Huntington, W. Va., breezed past Peru (Nebr.) Teachers 72-53.

In other opening day games, University of Louisville beat South Dakota State 63-60; Beloit (Wis.) College beat East Central (Okla.) 84-80, and Teachers College of Connecticut, from New Britain, whipped Montana University 63-52.

Tuesday night's games match Gonzaga and Texas Wesleyan, Emporia (Kas.) State and Loyola of Baltimore, San Jose (Cal.) State and Iowa State Teachers, and Denver and Mankato (Minn.) State.

## NYU Is Favorite In Garden Play

NEW YORK — (AP) — The Hill-toppers of Western Kentucky are top-seeded but the short odds ride with the City Slickers from New York University in the fast National Invitation Basketball Tournament, opening at Madison Square Garden Thursday.

The Kentuckians, awarded the No. 1 spot on the basis of their brilliant 26-1 record, will meet LaSalle of Philadelphia (19-3) in the opening game.

NYU, with 30 wins in 21 starts, was seeded second but established the unofficial tourney favorite at odds of 3-1. North Carolina State's Southern Conference champions (26-3) were seeded third with St. 17.

Western Kentucky vs. LaSalle, 8 p. m. Thursday.

St. Louis vs. Bowling Green, Ohio, (W-5), 9:45 p. m. Thursday.

NYU vs. Texas (19-4), 8 p. m. Saturday.

N. C. State vs. DePaul (16-4), 9:45 p. m. Saturday.

The odds-makers have rated West Virginia and St. Louis behind NYU at 4-1. DePaul is conceded a 5-1 chance to win with N. C. State 8-1, Bowling Green and Texas 10-1, and LaSalle the long shot at 20-1.

Semi-finals will be staged March 15, the championship game March 16, and the consolation game March 17.

The world's largest modern street light hangs in a light-measuring device at the General Electric Company's Schenectady, N. Y., plant. It is a 60,000-lumen giant nearly three feet high and 21 inches in diameter. The young lady beneath it holds the smallest street lamp turned out by G.E. The new lamp, using bulbs as large as 1,500 watts, directs the light down and across the street.

Store Here Has New Shoe Department Head

A. J. Gilbert, formerly associated with the wholesale division of the Wohl Shoe Company in St. Louis, has assumed his duties as manager of the women's shoe department of the Charles A. Hayes Company here. He has had 14 years experience in the retail and wholesale shoe business, during which time he was manager of shoe departments in Wichita Falls and Lawton, Okla.

Both Mr. and Mrs. Gilbert are native Texans. She will assist her husband in the shoe department here.

J. E. Grinstead, 81, Hill Country Writer, Dies At Kerrville

KERRVILLE—(AP)—J. E. Grinstead, 81, a hill country personality as colorful as the characters he described in western fiction, is to be buried Tuesday.

The one-time newspaper publisher, legislator and author died here Monday after a long illness.

Grinstead was born in Kentucky, came to Texas after residence in Missouri and the Indian Territory. The first newspaper he published was the Oakland News in the territory in 1893. He came to Kerrville in 1899 and founded the Kerrville Mountain Sun, a weekly which he published until retirement in 1917.

Western Fiction He started writing western fiction and some 30 novels and 50 novelettes were published. He also published for five years a monthly semi-fiction magazine "Grinstead's Graphic."

During a term in the Texas Legislature in 1907 he authored the bill which established the State Sanatorium at Carlsbad, Texas.

Survivors include three sons, H. G. Grinstead, Mobile, Ala.; E. D. Grinstead, San Antonio, and P. D. Grinstead, Kerrville; a daughter, Mrs. W. L. Jordan of Crockett, five sisters and one brother.

Interment will be at Whitesboro, Texas.

Popular love token of the past was a figure of a serpent with a ruby in its mouth.

Southwestern Life Increases Business In Texas Last Year

DALLAS—The people of Texas in 1947 increased their insurance in force with Southwestern Life Insurance Company to \$640,867,814. C. F. O'Donnell, of Dallas, president, announced in releasing the company's 45th annual financial statement to policyholders.

This was an increase of \$87,320,014 over 1946, he reported, enabling the company to close the year in its strongest financial position in history.

Assets of Southwestern R. J. Graham Life Insurance Company increased \$18,778,783.17 during 1947, to a total of \$160,262,128.16.

More than 200,000 Texas citizens are numbered among the company's policyholders. Trained employees number 800, including 400 full-time agents serving all 254 counties in Texas.

Another feature of the statement was the report of the completion of the new four-story annex to the home office building.

Southwestern Life Insurance Company is represented in Midland by R. J. (Doc) Graham, CLU.

Texas Negro College Called 'Red' Target

HOUSTON—(AP)—The new state university for negroes has been labeled the number one target of Texas Communists.

State Representative Charles Murphy of Houston hung this tag on the school Monday and asked Gov. Beauford Jester to come here for a personal investigation.

Murphy, in a three-page letter to Jester, said a special session of the Legislature should be called if necessary. He termed conditions on the Houston campus "not satisfactory."

He told reporters the Communists he referred to are white persons and not students or faculty members of the university.

American Airlines To Resume DC-6 Service

DALLAS—Nationwide resumption of service by the modified and greatly improved Douglas DC-6 is planned on March 15, it was announced jointly by the Douglas Aircraft Company and five major operators.

American Airlines will resume DC-6 service from coast to coast March 15.

Ninety-seven of the big 300-mile-an-hour luxury planes were voluntarily grounded by airline operators last November following an accident to one at Bryce Canyon, Utah, and the emergency safe landing of another at Gallup, N. M.

San Angelo Auction Sale Brings \$56,231

SAN ANGELO—(AP)—Auction of more than 700 head of fat calves, lambs and hogs at the San Angelo Fat Stock Show Monday brought \$56,231.17.

The grand champion Hereford calf sold for \$1,200. It was owned by James Horon of Mills County. The grand champion lamb owned by Jack Berry, Glasscock 4-H Club boy, sold for 3.25 per pound and weighed 180 pounds.

The 287-pound grand champion pig owned by Malcolm Strateman of San Antonio went for 40 cents per pound.

Now—The Jet-Propelled, 'Flying Wing,' Helicopter

Artist's conception, above, shows the huge "flying wing," jet-propelled helicopter recently proposed to the congressional committee investigating air safety. Powerful jet engines at the wingtips operate six-bladed rotors. The craft's proponents claim that it could carry 400 people in greater safety than can present transports because it can stop in mid-air to avoid obstacles and land anywhere in case of mechanical trouble. Converted to military use, it could carry large detachments of troops, plus their motorized transport and weapons. (Copr.) Mechanix Illustrated sketch from NEA.

The Chiropractor and You...

No. 2 in a series of articles published in the public interest to explain and illustrate the practice of Chiropractic.

WHAT IS CHIROPRACTIC?

The Chiropractor teaches that the brain and nervous system are the root of health. From the brain, nerve energy is distributed through the nervous system to all parts of the body. When this nerve energy is shut off even slightly between brain and body (by bone displacement in the spine), one or more body functions are interfered with and ill health results. By X-ray, analysis and spinal adjustment the Chiropractor is able to relieve nerve interference and restore normalcy to the affected part. No drugs. No surgery. Nature is the healer.

CASE HISTORY No. 34

— This patient had suffered almost continually since 1919 with stomach pains and gases, and had turned from one method to another seeking relief, without result. Eventually the condition became so chronic that he was at times, unable to sleep or eat. On the recommendation of a friend a Chiropractor was consulted. X-ray analysis revealed displacement of a segment of the spine which had shut off nerve supply to the digestive organs. A series of adjustments restored the bone to normal position and within a short time the gastric condition cleared up.

CASE HISTORY No. 125

— A victim of asthma for ten years.

DR. C. L. BRADY Palmer Graduate

Many remedies had been tried without results. An operation on the sinus was undertaken to try to correct the condition, but she still suffered. After some time, friends suggested Chiropractic. Analysis indicated displacement of an upper vertebra. Adjustments to correct the displacement were successful and improvement was immediate. The patient now enjoys excellent health and there has been no recurrence of the asthmatic condition.

CASE HISTORY No. 98—A typical case of Sciatica. Patient unable to move without suffering great pain. Condition gradually became worse until finally Chiropractic aid was sought. Within one week following adjustments of the spine, he could move around quite freely and in less than two weeks the patient was able to resume an active life.

FOR FURTHER INFORMATION concerning the modern Chiropractor and what he can do for you, phone 1254 for your appointment.

Build Your New Home In Grafaland

Midland is proud of her fine office buildings which make the downtown business section look like that of a large modern metropolis. But the city is equally proud of her splendid residential districts, which include homes as large and attractive as any to be found anywhere. And Midlanders are especially proud of a new residential district called Grafaland. Planned and developed with the idea that Midland is one of the most progressive, lively modern and prosperous cities in existence, with residents who are proud to build beautiful homes here, the Grafaland addition truly compares with the most desirable residential sections of Texas' largest cities. All you have to do is drive through Grafaland to be impressed with its general appearance of comfort, convenience and beauty. Nearing Completion The addition is rapidly nearing completion. Eight homes now under construction and two more will be started within 10 days. They range in price from \$15,000 to \$45,000, which indicates how much confidence builders place in the lasting value of this outstanding new district. Several lots are still open for sale in the area, though they're going fast as homemakers rush to obtain land for fine homes. And, by the way, lots are for sale to homebuilders only—no land is sold for speculation purposes. Paving of streets in Grafaland is underway now, and if you're seeking particularly desirable property on which to construct a nice home of your own, you'll surely want to investigate this fine district where Midland's nicest new homes are being built. For complete information regarding Grafaland and property still available there, call Barney Grafa, 203 Leggett Building, telephone No. 106, in Midland.

Plamor Palace, West Texas' Finest

West Texas, finest alleys are available at Midland's Plamor Palace, where bowlers find fun and healthful exercise every day of the week. Whether you are an experienced keeper with a high average score, or a beginner with ambitions to become expert, you'll find Plamor Palace offers the facilities you need for playing your best game. Expert instructors will coach the tyro, and there's competition for the high-score man looking for a hot match. In short, if you like to bowl (and who doesn't?), Plamor Palace is "right down your alley."

Jazz Starts Teen-Age Sweat Storm Sessions AUSTIN —(AP)—Here's an answer to those "sing and sweat" jam sessions teen-agers storm up. Dr. Archie N. Jones, University of Texas professor of music education, says the appeal of swing and jazz music lies in its ability to arouse perspiration rather than inspiration. The "excitability" of jazz stimulates muscular activity and the music becomes a source of recreation, he says. Doctor Jones lists six categories in which the appeal of a musical selection usually lies—tunefulness, excitability, sentimentalism, picturesque, drama and astonishment. Jazz and swing are in the second category.

Here Is A Good Tip—Call Helbert And Helbert

Here's a tip for ranchmen and others who have discovered their concrete storage tanks have sprung leaks during the winter: Helbert and Helbert of Midland have been highly successful in repairing such tanks so they'll hold water. One large concrete tank near Midland which the company worked on four years ago is still holding water; and another concrete overhead tank which had defied several previous attempts at repair was made leak-proof when Helbert and Helbert worked it over. As anybody knows who has ever tried to repair a large concrete tank, it's extremely difficult to stop a leak in a tank of this kind once it gets started. But Helbert and Helbert can get the job done. The company specializes in concrete work of all kinds—particularly foundations, for new homes or for buildings being moved to new locations. Sandblasting and paving breaker work also are done by the firm. Helbert and Helbert are FHA dealers here, so they can complete a contract for you and allow you up to 36 months to pay. They have all the equipment, materials and knowledge required for any sort of job they contract to do. The firm's office is at 1800 South Colorado Street;—phone No. 2066-J or No. 2520 in Midland.

Bang—And Ice Coat Falls From Building

KANSAS CITY —(AP)—A steel worker solved the ticklish problem of removing an ice coating from atop a 28-story building here by blasting away with a 12-gauge shotgun. Efforts to clear ice with torches from a steel whip antenna mounted on a 60-foot pole atop the telephone building proved futile. John A. Davis, operator of an iron works, sent for his shotgun. Davis' first blast missed, but the next five did the trick.

'One Collar' Is Fee For Income Tax Duplicate

HARTFORD, CONN. —(AP)—Federal tax officials here told about a man who must have thought the Internal Revenue Bureau had him by the neck. He enclosed a collar in a letter asking for a copy of his 1946 tax return. "This doesn't make sense," the man wrote, "but if that is the rule, then that is the rule." Investigation proved that the taxpayer was absolutely right. He had written previously asking for a copy of his return, and had been told it would cost him "one collar."

By HAL BOYLE  
**NEW YORK**—(AP)—There is a song that says "Old Soldiers Never Die." But they do retire.  
 And one of the toughest and bravest of the American Army has ever known bowed out recently—Maj. Gen. Ernie Harmon, deputy chief of the ground forces.  
 Only a brief two-paragraph story announced the retirement of this legendary "Soldier's Soldier" after 31 years in uniform and service in two world wars.  
 But as long as deeds mean more than words the U. S. Army will hold in memory the fighting record of "Old Gravel Voice" Harmon, who fought more battles and killed more Germans than any other American tank officer in the second world war.  
 A chunky, squint-eyed man, crusty, rough talking and sentimental, he was known to officers under him as "The Bull" and "Hardboiled" Harmon. He kept them as nervous as frog legs in a frying pan, but the enlisted men in his command liked him and thought it an honor to fight under him. Because he knew his trade—tank warfare—as well as any man alive.  
 When he wore all his ribbons, his chest looked like a vegetable patch in technician. But his score or more medals and decorations merely index his battle biography. They don't reveal him for what

he was—one of the most unusual personalities of the war.  
 Ernie landed under fire in French Morocco. His first armored division cornered 42,000 Germans in the Tunisian cleanup. He led the same division at Cassino and spearheaded the breakout at Anzio.  
 The doughboys who survived Anzio should love him forever for insisting that tanks instead of infantry lead the drive against the German fortified lines.  
 Couldn't Stand Waiting  
 "I lost 118 tanks the first day," Ernie said later, "but within week I had 70 back in action. It's easier to repair a tank than it is to bring half a hundred doughboys back to life."  
 Harmon returned to America and was given command of a corps. That would have led to his promotion to lieutenant general, but Ernie couldn't stand the boredom of waiting at home for a third star.  
 He wrote General Bradley asking for another fighting post, and Bradley promptly flew him over to command the second armored division in Belgium. Harmon cracked through the Siegfried Line. Two months later he made a 100-mile overnight march and smashed three German panzer divisions at Celles, where he broke up the deepest Nazi penetration in the Battle of the Bulge.  
 After the war ended "Old Gravel Voice"—he got that nickname because he talks in a rumbling growl like a concrete mixer in low gear—organized the American constabulary force in Germany.

**Alaskan Whiskey Goes On Sale At 25 Cents**

**FAIRBANKS, ALASKA**—(AP)—Whisky sold at 25 cents a fifth of a quart in a liquor price war here.  
 The three weeks' price war, eliminated by a mass meeting before the Nevada Liquor Store. Proprietor Byron Gillam spoke for 10 minutes on what he called attempts by longtime merchants to "freeze out competition and free enterprise."  
 During the cut rate battle prices on one popular brand of whisky previously had dropped from \$4.70 to \$2.95 a fifth.  
 Gillam told a crowd of 500 shivering around a sound truck in zero temperature that established business men were trying to nullify efforts of the government to attract new investors to Alaska.  
 Then he announced his store was open for sale of 20 cases of whisky at 25 cents a fifth. There was a rushing business.

**NEW YORK**—(AP)—Six weeks on an island on a diet of biscuits and water—that's what eleven soldiers are getting.

The island is Welfare Island in New York City's East River and the diet is a special one being tested as a survival ration for military and civilian use.  
 Housed in a special ward of Metropolitan Hospital, the eleven volunteers will get a third of a pound of ration biscuits daily and three glasses of water.

**Doctor Wants Barking Frogs For Convention**

**AUSTIN, TEXAS**—(AP)—The University of Texas wants some barking frogs.  
 The man said barking frogs, not barking dogs. He was Dr. W. Frank Blair, who is zoologist, not a psychiatrist.  
 Blair says this very rare type of frog is sometimes found in the Edwards Plateau (hill country) of Texas.  
 Children in Bandera County are looking for specimens which Blair wants to take with him to a meeting of the American Society of Ichthyologists and Herpetologists at New Orleans March 26-29.  
 Blair said the barking frogs come out only in the Spring and usually live around limestone bluffs.

## More Lights Are Needed

Midland's progress has been so rapid that it has fast outgrown its street lighting system, and more adequate facilities should be installed without delay. During the war years, it was impossible to improve the street lighting facilities of our community but now equipment and materials may be had.

Months ago, a number of new mercury vapor lights were installed on Main Street, without cost to the municipality, as an experiment. Favorable comment on this new type lighting was spontaneous but no steps were authorized to expand this system.

Cost estimates were provided city officials to install these lights throughout the downtown business section, on South Main Street to Florida Street, and on Wall Street from city limit to city limit.

City officials and civic leaders studied the proposition but no action resulted.

The old standards in the downtown district are out-moded and apparently worn out. Repairmen are kept busy trying to keep them going. An adequate street lighting system also is needed in residential areas of the city.

Midland truly is a city of fine homes and fine buildings. But its lighting system is antiquated. Such improvements cost money, but most taxpayers would approve gladly for small increases in taxes necessary to provide adequate lighting for the municipality. Proper study and engineering might well show that an improved system would be less expensive over a period of years.

The police, fire, water and sanitation services of Midland have been improved. They are not what they were 10 years ago. It seems improvements now are in order in the city's lighting system.

At least, a thorough study should be made to determine the necessary costs and the best method of meeting them.

## No Progress In Housing

America's housing shortage now appears to be just as bad as it was two years ago, according to Census Bureau surveys and government housing agency estimates. If anything, the situation is perhaps a little worse than on V-J Day.

In October, 1945, a survey showed 1,200,000 families were living doubled up. The number is believed to be just as high today. In December, 1946, a survey showed 2,900,000 families in need of housing. The number is put at 3,000,000 today.

This situation exists in spite of all the construction activity of the last two years. It is due to the fact that new families are being formed faster than the older families, who have been living doubled up, find new accommodations.

In 1946, only 437,000 new permanent houses were completed. An estimated 860,000 were completed in 1947. But even this isn't as good as the record of 20 years ago. In 1925, new housing units completed numbered 937,000.

The need is put at 1,250,000 units a year for the next 10 years. The industry will have to do about a third better than it did last year to meet this goal.

These are the highlights of the situation as New York Congressman Ralph A. Gamble's Joint Committee on Housing writes a report on what's wrong.

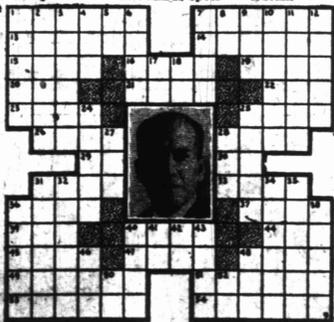

The optimist believes that times are ripe—the pessimist thinks they're rotten.

One of the most serious mistakes of mankind is being too serious.

#### Capital Notebook — Little Stories About Big People

By PETER EDSON  
NEA Washington Correspondent

WASHINGTON—(NEA)—Senator Glen H. Taylor of Pocatello, Idaho, decided to be a candidate for vice president on Henry Wallace's third party ticket against the advice of his family, his friends and his staff members. Two months ago the ex-singer of cowboy songs had made up his mind to have nothing to do with the Wallace movement. He had a statement to that effect all written out. He carried it around in his pocket, waiting for a good opportunity to make it public. Then on December 30 Taylor read in the papers that Truman was dropping Dean James M. Landis as chairman of the Civil Aeronautics Board. Taylor or blew up. He tore up his statement—with an observation to the effect that Truman couldn't be trusted. Taylor's friends then tried to talk him out of casting his lot with Wallace. They told him it would be the end of his political career, but it didn't do any good.

Secretary of Defense James V. Forrestal has installed a high bookkeeper's desk and stool in his new office in the Pentagon. The desk is old-fashioned in design, but strictly modern in its metal construction, composition top and lighting effects. It doesn't fit in very well with the raspberry carpet, the grandfather clock, ship's bell, oil paintings and old prints of historic military moments. But it adds to efficiency. Working at his big mahogany flat-top desk, sitting in a too-comfortable swivel chair, got to be tiring. Not enough action. The secretary wanted to do some of his paper work standing up, pacing the floor for relaxation now and then. That's why the bookkeeper's job was in his mind. It enables him to get out a lot more work.

When Secretary of Commerce Averell Harriman was called before a congressional subcommittee investigating high prices, he was unable to finish his testimony at the first session. Senator Ralph Flanders of Vermont asked the secretary if he couldn't come back next day. Harriman consulted a calendar. No, he had to testify before another committee on rent control. The day after that? No, he had to testify before another committee on housing. Three days later? No, he had to testify before another committee on taxes. Well, then the fourth day? No, he had to appear before the Interstate Commerce Committee. This was getting funny. Or was it? Senators Flanders finally asked: "What do you do with your time when you're not testifying, Mr. Secretary?" Replied Harriman: "I pre-

## Downtrend In Highway Costs Noted As New Lettings Are Slated

AUSTIN—(AP)—Bids on 645 miles of highway improvements, estimated to cost \$5,300,000, will be taken March 30-31.

State Highway Engineer D. C. Greer noted a recent downtrend in prices for road work, except for bridges and other structures. Competition between contractors bidding for road jobs since last Fall has been keen, Greer said.

The Highway Commission has been receiving a minimum of four and a maximum of 20 bids on construction projects.

The February price average, Greer said, was 26 per cent above the 1940 price index on all projects except bridges. Postwar peak prices were 81 per cent above those of 1940. During the Summer of 1946.

## No Ammonium Nitrate Made At Cactus Plant

DUMAS, TEXAS. — (AP) — The Cactus Ordnance Works, scene of a \$2,000,000 fire Saturday, does not produce ammonium nitrate. Capt. Donald M. McCrae, commanding officer, declared.

He aids the plant makes anhydrous ammonia.

Ammonium nitrate was the chemical aboard the SS Grand Camp when it exploded last April to start the Texas City disaster.

First reports of the fire here said the government-owned plant made ammonium nitrate.

"So far as is known" McCrae said, "there has never been a pound of Ammonium nitrate at Cactus."

A compressor building at the Panhandle plant was destroyed by the blast, but no one was injured.

By Ione Sandberg Shriber © BY IONE SANDBERG SHRIBER; DISTRIBUTED BY NEA SERVICE, INC.

THE STORY: Ann returns home to find the house empty. She has made up her mind to finally come to Rush. Mr. Sturk's letter will be proof of her fears. It looks for it in her room. It has disappeared. She goes downstairs. The whole house is dark now. She hears someone coming. She's certain it's Tommy, coming to kill her.

Ann cried eagerly. "Exactly. Oh, Rush, it's so wonderful to be with you—to be able to..." The tears were starting again. She leaned her head back against the back of the sofa.

**XXII**  
SHE closed her eyes against a wave of pain and, from the doorway, Rush said, "Ann. You're home."

"Finish your drink," Rush said and he held the glass to her lips. She choked on the stuff and said, coughing, "My hanky. Wait a minute. Rush. It's in my bag in the hall."

She was across the room and in his arms before he'd finished speaking, before he'd finished saying "Ann. You're home." in that queer flat voice. She was in his arms and her face was buried against his coat and he was holding her close to him just as she had known he would.

"Rush, it's so horrible," she said and that wasn't the way she'd meant to tell him at all. "I know, dear."

"I couldn't believe it—I really didn't believe it." She raised her tear-stained face a moment. "It's just one of those things that's so completely awful you can't believe it! Do you know what I mean, Rush?"

"Of course it's gone..." she repeated unbelievably. "What do you mean, Rush? Why of course?"

"Rush, would it do you think it would be all right if I had a drink? I'm—I feel so cold—and I've this awful headache..."

"Rush! The clock! It's gone!" His arms tightened like steel bands around her shoulders. She swallowed and without finishing the sentence she knew. But she had to hear Rush say it. "What happened to the clock, Rush?"

"Ann took the glass, sipped at the scorching liquid. Then, abruptly, she set the glass down. "That it should be Tommy—" she said and again the incredulity of the whole affair swept over her and she just shook her head, choked with emotion.

"It was an accident," he said unsteadily. "I thought you knew. When I came in you said—something it seems we've been talking at cross purposes," she said and she wanted to scream at him to hurry. To say it, get it over with. "I was frightened because there was no one here—the house was dark—"

anywhere to be found. So Tommy took it upon himself to wind it for you. He knew you'd simply forgotten because of—because of not feeling well."

HE wouldn't look at her. She couldn't make him look at her. And she couldn't say anything. Nothing at all. She could only stand there and look at him, dazed and apprehensive.

Rush shook his head. There was a hopeless look in his eyes. "No. Ann. Tommy isn't his head on the staircase. Tommy died at six o'clock, Ann."

## McKenney on Bridge

By WILLIAM E. MCKENNEY America's Card Authority

Several Jamaica bridge players have visited tournaments in this country. Mrs. Trevor Lyons of Kingston, Jamaica, tied for the national women's team - of-four championship last December. Her teammates were Mrs. Charlton Wallace of Cincinnati, Mrs. William Anderson of Toronto and Mrs. M. Roncarelli of Montreal.

In explaining the bidding on today's hand Mrs. Lyons (East) said she thought that her partner's double showed some heart support. But when South opened the king of spades and the dummy went down it looked as if she had to lose two spades, at least one trump, a diamond and a club.

### Wheeler Opposes Both Administration And State Tideland Bills

WASHINGTON — (AP) — Former Senator Burton K. Wheeler of Montana opposed Tuesday any attempt by Congress to decide whether the federal government or the states own the oil-rich tidelands.

Oil companies stand to gain, he said, no matter whether Congress passes a bill giving the states ownership or an Administration bill providing for federal leasing of the land.

"The government bill is just as favorable to the oil companies as the states' bill," Wheeler said. "The government bill is entirely in favor of the big oil companies as against the little fellows who go out prospecting for oil."

Wheeler, now a Washington attorney, has filed a suit in Federal District Court here in behalf of several applicants for federal leases. He contends in the suit that the mineral leasing act of 1920 is applicable to the tidelands.

and to join with the Rotary and Lions Clubs and JayCees in the purchase of a \$175 public address system as a permanent installation in the Crystal Ballroom of Hotel Scharbauer. The hotel will maintain the installation.

Don Johnson, chairman of the Convention and Special Events Committee, told of plans for staging in Midland the District 3-AA track and field meet April 8-9, and the District P-TA convention April 23-24. The directors appropriated \$112 with which to purchase trophies for the barbecue in connection with the P-TA session.

James C. Daugherty, Lions Club president, said the club will send its band to the Lions International convention in New York in July as the official Texas band, and asked that Chamber of Commerce Manager Delbert Downing accompany the unit to handle public relations.

**Highway Signs**

The Chamber will join the Lions, Rotary and Kiwanis Clubs and the Junior Chamber of Commerce in the erection of "Welcome to Midland" signs in East and West Midland on U. S. Highway 80. The signs, 10 by 10 by 10 by 10 will be handled on a rental basis at a total cost of \$60 a month. The Chamber's part will be \$20 a month. Ray Howard submitted the proposal for the Lions Club.

Dr. H. A. DeLand explained the financial needs in connection with the establishment of a Youth Center here, and told of plans for its operation. He said \$11,000 will be required to move a building from Midland Air Terminal into the city, and to make initial repairs and install the building.

The plan is to provide adequate recreation facilities for Midland youth.

R. L. Miller and A. A. Jones reported on the seventh annual Land Livestock Show which will close Tuesday night.

### Man-Made Mesons Give New Boost To Atomic Study

BERKELEY, CALIF. — (AP) — Atomic science got off to an exciting new start Tuesday with man-made mesons, mighty particles which heretofore have been produced only by nature.

The achievement ends a notable race among scientists in America, Europe and perhaps elsewhere. They agreed that artificial production of a meson would be the greatest thing in atomic research since the discovery of uranium fission in 1939, which led to the atom bomb.

Production of mesons in the laboratory for the first time was announced Monday by Dr. Ernest O. Lawrence, famed atom smasher, and James B. Flak, research director of the Atomic Energy Commission.

**Tools For Research**

The potent particles, which eventually may point the way to atomic energy far greater than that produced by the atom bomb, were produced in the University of California's 4,000 ton cyclotron.

Lawrence said laboratory mesons will give scientists their best tool for finding out just what particles there are in the nuclei of atoms. However, there will be no immediate practical application, he added.

Mesons are important because they are the most powerful particles known to science and because they have something to do with nuclei which researchers must learn about before they can solve any remaining atomic mysteries.

### Ku Klux Claims Growth Because Of Rights Issue

ATLANTA — (AP) — The Ku Klux Klan claims an increase in membership due to the civil rights issue raging in and out of Congress and through the South.

The hooded and robed order has stepped up its activities. A new pamphlet says it is ready for a period of "constructive planning and activity."

Spokesmen deny any Klan connection with some activities charged against the group. But they advertised widely in advance a recent parade in Swainsboro, Ga., and another in Wrightsville, Ga., on the eve of a county primary election.

In both instances crosses were burned on the courthouse lawns and after 200 to 300 hooded and robed Klansmen paraded around the square. Leaders said the KKK had gathered to rededicate itself to maintenance of Southern traditions, including segregation of races.

At Wrightsville Dr. Samuel Green, Atlanta physician and grand dragon of the Georgia Klan, told the crowd: "We want to see the negro treated fairly. But whenever the negro takes his place at the side of white men through the force of federal bayonets, blood will flow in the streets of the South."

On politics, the pamphlet says the difference between the national parties now is "twinedium and tweedledee. x x x."

### TB Association Maps Plans For Activities Here

Spring activities of the Midland Tuberculosis Association were mapped at a meeting of the organization's directors Monday night, with Dr. Homer B. Johnson, president, presiding.

Mrs. Linnie H. Davidson, executive secretary, said patch testing in Midland schools will be done March 17, 22 and 24, with health representatives of P-TA units assisting.

The association has arranged for Dr. W. D. Anderson, chest specialist of San Angelo, to address the City-County Federation at 3 p. m. March 18 at a meeting in the home of Mrs. John P. Butler.

A mass TB X-ray program will be conducted here after May 1, when the mobile X-ray unit of the Texas State Tuberculosis Association will be in Midland for two days. The service, made possible through the annual sale of TB Christmas seals, is available to the general public free of charge.

Mrs. Davidson said the policy of sending TB magazines to physicians will be continued, and that a new series of radio programs will be started soon. She is continuing regular home visits to TB patients.

John J. Redfern, Jr., chairman of the seal sale campaign, reported total receipts of \$5,175. The goal was \$5,200.

Doctor Johnson appointed a nominating committee including Mrs. J. M. Devereux, Barney Greathouse, and Mrs. R. E. L. Taylor. The committee will report at the annual meeting in April when officers will be named.

Attending the Monday night session were Doctor Johnson, Mrs. Jack Mashburn, Mrs. Devereux, Mrs. Taylor, Mrs. F. R. Schenck, Mrs. O. S. Barnard and Redfern.

### Seven Indictments Returned Against Two Eastland Men

SAN ANTONIO — (AP) — Seven true bills against Paul Dean and Houston Hubert Barker of Eastland were included in the 41 indictments returned by the federal grand jury here Monday.

The two brothers, who are under \$20,000 bonds, were indicted four times on charges of transporting guns across the state line after they had been convicted of other alleged crimes.

Two indictments charge them with transporting stolen automobiles across the state line and one bill alleged they had fled from Texas to Mississippi to escape prosecution for the offense of burglary in Leakey.

### Rail Board Adopts Adair Field Rulings

AUSTIN — (AP) — An order requiring wells be spaced a minimum of 933 feet apart and 33 feet from any property line in the Adair field, Gaines and Terry Counties, has been adopted by the Railroad Commission.

The order also sets up a temporary 40-acre proration unit for the field and provides for allowables to be based 75 per cent on acreage and 25 per cent on number of wells.

### Saudi Arabian To Address Methodist Men

A. H. Tariq, a native of Saudi Arabia, who is in Midland and West Texas observing and checking on the completion and production of the well, will speak at the meeting of the Methodist Men Tuesday night at 7 o'clock at the First Methodist Church.

The address will follow a covered-dish dinner to be provided by the members of the organization.

Tariq, a graduate in geology and engineering from the Egyptian University at Cairo, and has also studied those subjects for two years at the University of Texas.

He is in this country as a representative of the government of Saudi Arabia, and is working with The Texas Company on his observation work.

### Red Fighters Attack Chinese Airliner

SHANGHAI — (AP) — Two P-39 fighter planes marked with the Red Star of Russia made five passes at a commercial airliner Monday, firing their machine guns but apparently not trying to hit it, officials said Tuesday.

If they had been trying to shoot down the slow transport they couldn't have missed, Pilot L. B. Buol reported.

### No Immediate Change Seen In Texas Weather

By The Associated Press

Texas weather will be status quo for the next 36-hours—meaning it will be cold in the Panhandle and South Plains and cool but pleasant in the remainder of the state.

Lubbock had 27 degrees Monday night as the coldest point in Texas, while Brownsville registered 63 as the warmest.

The state will be generally cloudy except for the Big Bend country.

### Lions Club Gives To Scout Ranch Fund

A gift of \$400 from the Midland Lions Club to the Buffalo Trail Scout Ranch campaign was announced Tuesday by James L. Daugherty, Lions president.

The gift was approved at a meeting of club directors Monday afternoon.

The Lions Club sponsors a Boy Scout troop here and is active in the promotion of Scout activities. The Lions-sponsored troop has visited the Scout Ranch in the Davis Mountains on two occasions recently.

Mrs. W. H. Roy honored the first birthday of her daughter, Peggy June, recently in her home, 806 South Loraine Street.

Pictures were taken of the group, followed by the opening of gifts and the playing of games.

During the refreshment hour, a lighted cake was displayed as the centerpiece for a table covered with a red cloth. The cake was served with ice cream to the following guests: Mrs. W. H. Roy, grandmother of the honoree; Mrs. Charles Campanella and son, Charles Roy; Mrs. Leonard Robey and daughter, Donna Jean; Mrs. Johnnie Burton and daughters, Marilyn and Charlotte; Mrs. Raymond Wheeler and daughter, Beekie; Mrs. Lee Robey and son, Teddy; Mrs. Tommy Flournoy and son; Mrs. Muriel Long and daughter, Pattie, and the honoree and hostess.

### Kittrell Says Truman To Carry State, Nation

AUSTIN — (AP) — Texas and the nation will go to President Truman, with or without his civil rights program, W. H. Kittrell, Dallas, former secretary of the State Democratic Executive Committee, predicted.

Kittrell said he was supporting Truman, but added "I'm not working very hard at it."

The State Democratic Convention is scheduled May 25 at Brownwood. Kittrell predicted pro-Truman forces would outnumber anti-Truman delegates at the Brownwood convention.
