

## Major Battle Threatens Jerusalem

### King Abdullah To Lead Arab Legion In Attack On Jews

A major battle for Jerusalem appeared to be shaping up Monday amid reports that King Abdullah of Trans-Jordan was preparing to move into Palestine at the head of his Arab Legion.

Well-informed sources in Cairo said Abdullah plans to lead the British-trained legion against the Jews immediately. About two-thirds of the legion, or 10,000 men, already are on security duty for the British in the Holy Land.

Both Jews and Arabs mobilized on the southern edges of Jerusalem Monday.

To the West, the Jewish Irgun Zvai Leumi forces resumed their attack on Jaffa despite orders to stop, broadcast by Haganah, the Jewish defense army. The attack, directed into the Mashieh quarter, ran into resistance in the Arab city. Heavy bomb explosions preceded the attack, made under a cover of strong automatic weapons fire.

Jewish forces threw heavy mortar fire into Acre during the night but were repelled by British artillery. Most of the 200 captives of Acre prison escaped during the attack.

The flow of oil from Iraq into Haifa, leading Eastern Mediterranean oil port which the Jews won last week, has ceased.

At Jerusalem, a British Army regiment at noon was packing its gear to evacuate Alamein Camp which lies outside the Bethlehem Road leading south from Jerusalem. Part of the regiment already has moved out in the general evacuation scheme and officers said the rest would be gone by sundown. The British are to abandon their League of Nations mandate for Palestine May 15 and evacuate their troops by August 1.

LAKE SUCCESS (AP)—France was reported ready Monday to ask for creation of a volunteer elite police force to protect the menaced Holy City of Jerusalem.

The French suggested the force might include, for example, 100 New York City policemen as volunteers.

Details of the French plan were learned as the United Nations Assembly moved for immediate action to safeguard the people of Jerusalem and the shrines of worship in the developing Jewish-Arab civil war.

The French plan was scheduled to go before the trusteeship council probably Tuesday. At an emergency sitting in plenary session here Monday, the assembly voted 48 to 9 to ask the council to devise a Jerusalem safeguard plan immediately.

Jews, Arabs Agree

Informed sources said the French plan would call for a special force of between 500 and 800 men, drawn from highly trained volunteers around the world.

A French spokesman suggested New York policemen among those best qualified by experience and training. Under the general plan, France would draw volunteers from her Garde Mobile and the British from their police force.

It was understood France already had consulted Jews and Arabs and had gotten tentative acceptance. The sources emphasized that the program would fail unless organized Jews and Arabs agreed not to fight in Jerusalem.

Eighth Naval District Headquarters said that after the ship hit the trees it skidded about 1,500 feet on a runway. The plane was enroute from Atlantic City, N. J., to Corpus Christi, Texas.

Name of the dead man was withheld pending notification of next of kin.

### Economy Cited In Testimony Against Larger Air Force

WASHINGTON (AP)—Secretary Forrestal said Monday a 66-group Air Force would give the United States "the best military results if our budget is to be limited." He added he has decided military spending should be limited.

The secretary of defense testified to a Senate appropriations subcommittee in a new round of congressional hearings on the 66 vs. 70-group Air Force controversy.

Forrestal said that "as a military matter" both he and the joint chiefs of staff would support a 70-group force, but that factors other than military also must be considered.

"After taking into account all considerations—fiscal, economic and all others, as well as military—I have reached the conclusion that an overall program for the services call-size, the \$3,481,000,000 is the program which they support."

Argues For "Balance"

Opposing a 70-group force, Forrestal argues it is necessary to keep a "balance" among Air Force, Army and Navy. He put the argument in these words to the Senate group:

"In order for this (air) striking force to be capable of the swift use that we desire it to have, there must be, in as near instant readiness as possible, those supporting components of the Army and Navy which have experience in World War II taught were as essential to the use of air power as that power itself."

Police Break Up Communist Riots

MILAN, ITALY (AP)—A Communist-led demonstration of 25,000 partisan veterans in Cathedral Square was broken up Sunday by police swinging clubs and rifles and firing machine guns into the air. One national policeman was shot to death.

The riot was the biggest in Italy since the Communist-dominated Popular Front lost the parliamentary election of April 18 and 19 to the Christian Democrats. The demonstration violated an Interior Ministry ban on post-election outdoor political meetings effective until May Day.

Successive charges of police, some in jeeps and armored cars, went on for an hour, until a heavy thunderstorm fell.

Elsewhere in Italy, two left-wing offices were plundered near Naples—a Communist headquarters in Crispiano and a pro-Communist Socialist headquarters in Violarica. In Adria, southeast of Venice, a hand grenade exploded harmlessly beside a national police post.

The partisans—fighters in the wartime underground—were celebrating the anniversary of Italy's liberation from the Nazis three years ago.

Police Jail 800 After Korean Riots

KOBE, JAPAN (AP)—U. S. Military Police Monday jailed 800 persons as an aftermath to weekend rioting by nearly 8,000 Koreans.

American negro soldiers had stepped in swiftly to quell outbreaks here and in Osaka over a touchy education issue. It was the first time troops have been called out in the 2 1/2 years of occupation.

U. S. 8th Army Headquarters in Tokyo said seven known Japanese Communists were among the 800 arrested.

U. S. Intelligence officers said the disturbances were Communist-inspired. A jailed Korean leader told The Associated Press Japanese Communists took part in the riots. No American casualties were reported. At least 38 Koreans and Japanese were injured in the melee. Headquarters termed resistance negligible "due to complete cooperation between Japanese officials and police and American Military Police."

Stern punishment for the leaders was ordered by Lt. Gen. Robert L. Eichelberger, commander of the Eighth Army. He hurried here from his Yokohama headquarters to investigate personally.

The Koreans demonstrated against Japanese insistence that Japanese must be taught as a standard language for Korean students in Japanese-supporter schools.

IOOF Lodge Members Work Hard To Finish Scout Hut Foundation

Members of Midland's IOOF lodge were in a working mood Sunday and as a result members of Boy Scout troop 151 and South Side youngsters in general soon will have a hut and meeting place of their own.

A building is being moved here from Camp Bowie at Brownwood and will be located on the IOOF youth center property on East Florida Street. The structure is 25 by 72 feet, and will be remodeled and stuccoed to meet the needs of the neighborhood youth. The grounds surrounding the building will be beautified.

Sunday afternoon more than 65 lodge members, attired in work clothes, and equipped with the proper tools, gathered at the location to prepare the foundation for the building. Holes were dug, concrete was poured and by dusk the foundation project was finished—and without cost.

The project is part of the IOOF youth program which was started last year when property was obtained and a playground started. It is a long-range program with lodge members doing the actual work.

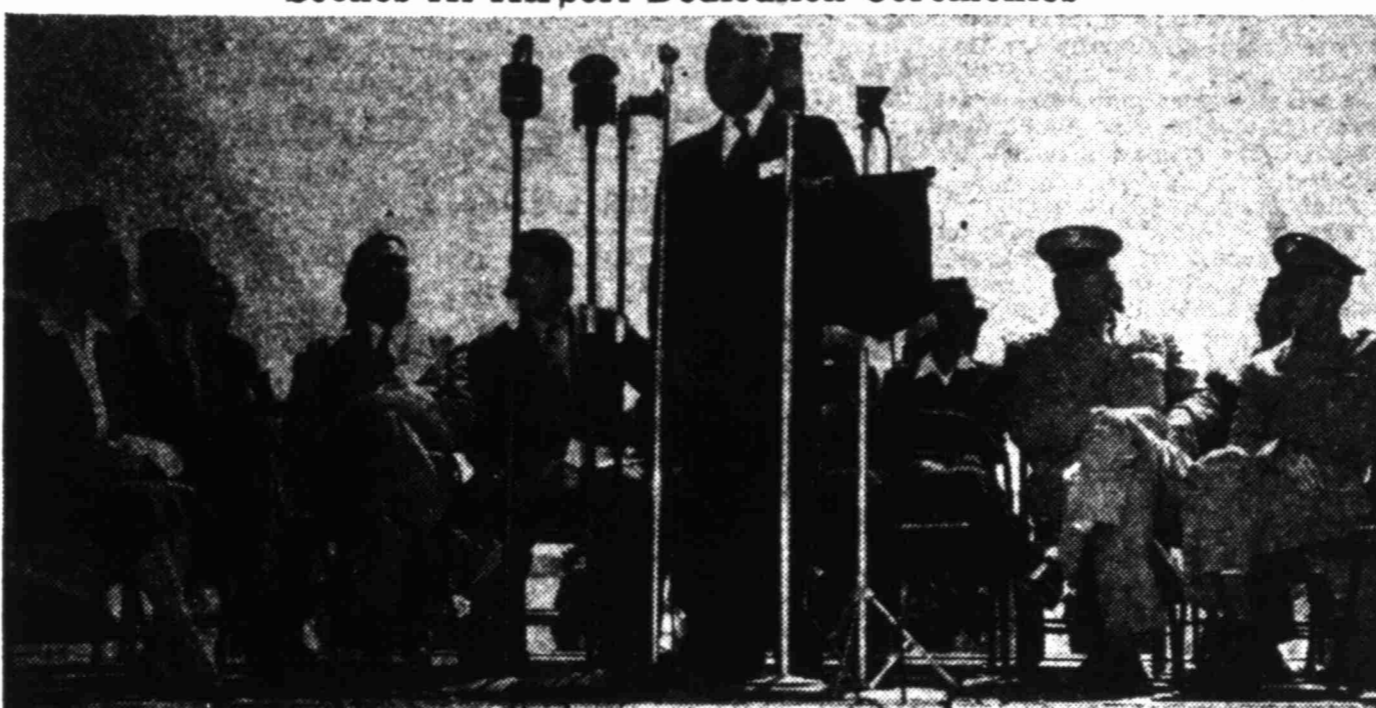

The lodge sponsors Scout Troop 151.

### Stassen Bids For New Jersey Votes

WASHINGTON (AP)—Harold E. Stassen takes time out this week from his Ohio battle with Senator Robert A. Taft to bid openly for the backing of New Jersey's 35 delegates to the GOP National Convention.

Senator H. Alexander Smith said Stassen's visit is part of a plan to bring all of the Republican presidential possibilities in for talks with his state's unpledged delegates.

Taft is expected to visit New Jersey in May. Smith said Senator Arthur Vandenberg (Mich.), who is being mentioned widely as a possible compromise candidate, has turned down a similar bid. He added that no arrangements have been made yet for a visit by Gov. Thomas E. Dewey of New York.

Stassen will speak Wednesday at the Princeton University campus. He will broadcast on a national hookup from Smith's Princeton home that night.

Pennsylvania, Massachusetts

The across-the-counter bidding for New Jersey's support seemed likely to have no counterpart in either Pennsylvania or Massachusetts, where GOP convention delegations will be chosen in primaries Tuesday.

Pennsylvania's 73 votes will be unpledged, but behind Senator Edward Martin as a favorite son on the early ballots.

Massachusetts Republicans will pick a 35-member delegation due to support Senator Leverett Saltonstall as the first vote.

There has been some speculation that Rhode Island Republicans, picking eight delegates at a convention Monday, might back Speaker Martin as an adopted favorite son.

Supporters of Dewey, who was figured to have strong New England backing before his losses in the Wisconsin and Nebraska primaries, were reported behind the scenes to line up secondary strength.

Busy Political Week

Dewey's backers bid at a state meeting Monday for a sweep of the Oklahoma delegation. They already have clinched several district delegate posts.

In a busy political week, Delaware and New Mexico Republicans will choose delegations Wednesday, Tennessee and Mississippi Friday, and Missouri and Colorado Saturday. By then, 717 of the 1,094 GOP convention delegates will have been chosen.

Pennsylvania Democrats pick 74 delegates Tuesday. All are expected to support President Truman for the nomination. In Massachusetts, at least 36 of that state's 26 are certain to be for the President.

Survivors include a son, S. Dewey Stokes of Hot Springs, N. M.; three grandsons, Dewey Stokes, Jr., of Hot Springs, T. J. Stokes of Carlsbad, N. M., and J. V. Stokes, Jr. of Midland; a granddaughter, Adaline Stokes of Hot Springs; and a niece, Mrs. Laura Trainers of Sonora.

By The Associated Press

The West Texas-New Mexico League was in the groove Sunday; 78 runs, 91 hits and 29 errors in four ball games.

The weather finally gave the fans a break in West Texas and a full schedule was played with these results:

Lubbock 19, Albuquerque 9; Lamesa 15, Clovis 5; Abilene 5, Borger 4; Amarillo 14, Pampa 7.

A seven-run ninth inning enabled Amarillo to whip Pampa as Bob Crues hit his second home run of the game this inning and Vince Liberto chipped in a circuit clout.

Abilene shortstop Len Gilca's eighth inning single beat Borger, while last year's champion, Lubbock, won its first game of the season by collecting 18 hits off the Albuquerque Dukes.

Lamesa spotted Clovis a five-run second inning, then won going away.

**SWEETWATER** — The Midland Indians paraded pitcher after pitcher here Sunday and none could quiet the Sweetwater Sports. So the home nine won an 18-9 Longhorn League decision.

Harold Webb himself came into the game in the ninth as a pinch hitter and got a safety but this didn't produce a rally.

Taking a shot at pitching for Midland were these: Clay, Connell, Straus, Winn and finally Rip Collins.

Big Bob Cowars and Jackson got three hits each for Sweetwater. Harvel Jakes cracked a double for Midland.

Pitching took the story.

The two teams met again at 8 p. m. Monday in the Sweetwater Park and finish the series Tuesday. The Indians then return home for an eight-game stand.

## Bears Hold Key To Final Result In SWC Baseball

By The Associated Press

Leadership in the Southwest Conference baseball race hinges this week on Baylor's erratic Bears.

The third-place Bruins met Texas A&M Tuesday, then move into Austin Friday and Saturday for a two-game series with the pace-setting Texas Longhorns.

Texas holds a half-game advantage over A&M and could drop out of the lead if the Bears win' on or both games. This assuming A&M will knock off fifth-place Texas Christian Friday and Saturday.

Last week the Aggies handed TCU a 5-0 licking, then split non-conference series with Southern Methodist of Oklahoma 16-2 and 9-6.

Baylor also beat TCU 15-5. Texas defeated Rice twice, 3-0 and 14-1, with Bobby Layne notching his 25th straight conference victory in the opener, and Southern Methodist split a bill with Arkansas. The 'orkers lost the opener 3-1 and won the second game 4-1.

## Cleveland Indians Remain Undefeated

By The Associated Press

Manager Lou Boudreau has come up with his own "murderer's row" at Cleveland to toss a temporary scare into teams with designs on the American League pennant.

The Indians have won four straight games to become the only major league club so far without a blemish and they have done it by following a very simple formula.

They have just knocked the stuffing out of the ball.

Ken Keltner, Ed Robinson and Jim Hegan have been the loudest noises in the Cleveland arsenal.

Keltner smashed two home runs and Robinson added another in the Indians' 7-4 conquest of the Detroit Tigers Sunday.

Joe DiMaggio connected for a home with two mates on base to contribute to the New York Yankees' 5-4 win over the Boston Red Sox before 69,021 at Yankee Stadium.

Washington remained in second place with a 5-2 win and lost record when it gained a split in the doubleheader with the Athletics in Philadelphia before 22,150 fans.

After 20-year-old Carl Scheib shut out the Senators 4-0 on six hits in the first game, the Nats bounced back to defeat the A's 7-3 in the second.

The Chicago White Sox won their first game of the season, trimming the Browns in St. Louis 4-1, but Zach Taylor's men came back to win the second game 7-5.

Getting exceptionally fine pitching from veteran Bobo Newson and rookie Sheldon Jones, the Giants whipped the Braves twice before 35,954 Boston rosters 6-2 and 6-0.

In making it four straight over the Braves, the Giants moved into first place in the National League.

Veteran knuckleballer Dutch Leonard held the Dodgers in check before 28,231 disappointed Brooklynites at Ebbets Field while the Philadelphia Phils clubbed four Dodger pitchers for 14 hits and a 7-3 victory.

With 43,478 home town fans showing approval, Russ Meyer pitched the Chicago Cubs to a 3-1 one-hit triumph over the St. Louis Cardinals. Rookie outfielder Hal Jeffcoat smashed a two-run homer off Murry Dickson in the first to give the Cubs the margin of victory.

Fourteen pitchers saw action at Cincinnati, where the Reds and Pittsburgh Pirates divided a doubleheader before 28,094 fans. The Reds won the opener, 7-6 on Hank Bauer's ninth inning home run. The Pirates won the second 13-10 despite two more four-baggers by Bauer.

**Colts Drop Tilt To Big Spring**

The Big Spring Tigers beat the Midland Colts 10-4 in a Latin American baseball game here Sunday.

The Colts have won three and lost two this season. They journey to Monahans this weekend.

The Women's International Bowling Congress entered its last 10 weeks with a new double-elimination taking over the leadership.

Shijo Kaufman and Lucille Garret of Cleveland rolled 1,777 Sunday to replace Evelyn Anton and Elaine Rubow of Milwaukee, who did 1,164.

Frankie Parker, the Los Angeles art veteran, wore the Houston's over Oaks tennis tournament men's singles crown again Monday.

Parker, champion in 1933, defeated William F. Talbert, New York-Wilmington, Del., Sunday, 7-6, 6-1, for the title.

Gertrude Moran, Santa Monica, Calif., won the women's singles championship with an upset decision over Dorothy Head, San Francisco, 6-2, 4-6.

Talbert and Francis X. Shields, New York, beat Earl Cocheil and Jim Match, San Francisco, 6-1, 8-6, 4, in men's doubles and head id Moran beat Peggy Ebby and Arly Jane Donnelly, Houston, in men's doubles, 6-3, 6-4.

**THAT BOY OF YOURS...**

When your boy is not a boy, something is wrong, and the case should be looked into.

In running, climbing, and swimming, accidents may happen. A fall from a tree, diving in water too shallow, even running into something or being run into may cause a subluxation in the spine that will pinch nerves, lower resistance, disturb function and cause any number of symptoms not natural to normal health.

When a child becomes irritable or doesn't want to play, when he complains of a headache or a stomach disorder, it is likely that nerve channels are blocked somewhere in the spine and that the service of a Chiropractor is needed.

Many parents ke their children, even babies, to a Chiropractor for the health problems and wonderful results are obtained, as the following cases show:

Case No. 12,386 — Boy, age 15, complained of his feet hurting so he couldn't do his chores or even play like other boys his age. Elimination was poor and he had frequent boils. Result under Chiropractic were good and his mother says she hears no more complaints.

## Another UN Plan

A bi-partisan group of 17 senators has opened a campaign to revise and strengthen the United Nations, with or without Russia. Their leader, Senator Flanders of Vermont, announced that he will oppose the President's request for a loan to build permanent UN headquarters in New York until the organization "is reinstated as our primary agent for the establishment of peace."

The group's program is in two general sections. First the senators would put the U. S. and the Soviet Union on trial, so to speak, before a special session of the UN General Assembly. As we understand it, the Assembly would weigh the policies and actions of each government in an effort to determine which sought peace and which did not. After the verdict this country would seek a reorganization of the UN, under the senators' plan.

It has been apparent almost from the first that the UN Charter was not perfect, and that the veto power would have to be abolished or restricted before the UN could perform its great task of assuring peace. But we wonder if this "trial" is an indispensable preliminary to reorganization.

America and Russia already have put themselves on trial before the UN. They have argued their cases numerous times, with accusation, counter-accusations and denials. These debates have done little except to increase bitterness, widen the rift between the two countries, and slow up the UN's work.

There are two difficulties in the suggestion that these governments argue their moral cases before an informal court of world opinion. One concerns the peculiar communistic concept of truth.

Truth, as interpreted by Communist leaders, is not something provable, not something that reflects accurate observation or factual deduction. Truth to them is something which they feel will advance their own interests, further their own policies, or discredit their opponents.

This concept of truth seems to have become a habit. The Kremlin appears to have deluded itself into thinking that the world can be treated like the regimented Russians. Thus we have the repeated stories of American imperialism and aggression, which the Kremlin expects the world to believe.

The second difficulty is to know what the General Assembly's verdict would accomplish. There is no question of what the verdict would be. The free world knows who the aggressor is in this cold war. But if the UN should brand Russia as a power that does not seek peace, what then? Would Russia apologize and reform because of this rebuke? Or would she walk out of the UN?

We see no virtue in driving the USSR into complete isolation. It would seem better to keep Russia in the UN, however much she makes a mockery of the proceedings, while efforts go forward to stop her aggression by material strength rather than by moral condemnation. For it seems now that there is no other way to save not only the United Nations but world peace.

## As Goes Wisconsin

Wisconsin is a tough beat for political experts. Before the primary this year most of the top prognosticators were giving General MacArthur all 27 Republican delegates. Which reminds us that in 1944 the consensus of leading political writers was that Wendell Willkie would win going away.

Perhaps the losing candidates and the wrong-guessing journalists can console themselves with the thought that the land of cheese, beer, Socialist mayors and conservative Republicans is a politically capricious state which, as a proving ground for presidential hopefuls, provides a terrain that is mostly quicksand.

## WASHINGTON COLUMN

### How New ECA Operates Will Affect Whole World

By PETER EDSON  
 NEA Washington Correspondent

WASHINGTON —(NEA)—Problems piling up on the desk of Paul Hoffman at ECA—Economic Co-operation Administration—involve some political as well as economic issues affecting the highest government policy making in the United States, the 16 Western European nations, Western Germany, China—the whole world.

The past four months' battle getting the Marshall Plan authorized by Congress is a breeze compared to what blows ahead. They are not just the problems of starting a new business, or organizing a staff, deciding who shuffles what papers, who deals with the Europeans a what levels, how much of the \$5,000,000,000 goes to each recipient country and what for.

Hoffman looks upon the European Recovery Program as primarily a problem of raising the incomes of some 270,000,000 people from a total of \$100,000,000 a year to a minimum of \$130,000,000 a year. That means increasing the amount of goods they produce for their own consumption. It means raising their own standard of living by a third.

Before a start can be made on this production problem, the political climate of Europe will have to be calmed down. Three years of post-war political turmoil is enough to wreck any civilization. The key is probably Western Germany, which before the war was the biggest industrial producing unit of Europe and today is the one least recovered.

What looms ahead is a possible decision to abandon most of the postwar curbs put on Germany. This could mean an end to the war crime trials, an end to de-Nazification, an end to the reparations program in order to get going on an all-out production drive. Whether or not Administrator Hoffman has the authority or the influence to force such a decision is by no means certain.

It would mean not only a new policy for the U. S. State Department and the Army which handles occupation government. It would also mean new policy for the European allies who stand to gain most from German reparations and who have most a fear from building up German industrial production potentials.

But the wheels of trade have to be set rolling again in Western Europe as a whole—not just parts of it. This calls for a lot of new and drastic action. It means new customs unions, lowering trade barriers. Getting consumer goods in distribution so that farmers and workers will have something to buy with the money they get for their crops and

## Presbyterian Church Members Contribute To Special Causes

ATLANTA, GA.—Members of the Presbyterian Church in the United States contributed, in the church year just closed, \$1,146,321 for special objectives over and above regular benevolences, according to the office of the Presbyterian Program of Progress here.

Annual reports from executive committees show the above amount as tabulated for the Program of Progress, said Roy LeCraw, Atlanta, campaign director of this five-year movement designed to stimulate the total program of the denomination. The church has been asked to raise \$7,850,000 in five years for this "over and above" project, of which amount \$4,000,000 is for foreign mission work, LeCraw said.

HOUSTON —(P)—The Texas Progressive political party Monday was organized and with money in the till.

About 500 delegates from 14 of the state's 31 senatorial districts Sunday fathered the third party—pledged to support Henry A. Wallace for president.

A 30-minute fund-raising campaign on the convention floor netted \$8,513.90, a nice portion of the proposed \$50,000 state headquarters budget.

Herman Wright, Houston attorney, was named chairman of the party's State Executive Committee.

Permanent officers selected for the party included the wife of a Dallas negro Baptist minister, vice chairman.

## The DOCTOR Says New Surgical Methods Aid Cataract Treatment

By EDWIN P. JORDAN, M. D.  
 Written for NEA Service

When the lens of a camera is blurred, the picture which it takes will be cloudy. A cataract is similar. Clouding develops in that part of the eye which serves as a lens, and objects seen are no longer clear.

A cataract is one of the difficulties with vision which tend to occur with advancing age. Occasionally a cataract can be present at birth and sometimes it is connected with certain diseases, like diabetes.

The amount of disturbance in sight depends on whether all or only a part of the lens is affected and also on the degree of the clouding. For this reason people with cataracts do not all have the same degree of difficulty. Also cataracts vary in the speed with which the clouding of the lens progresses.

It is common to speak of a beginning cataract as "incipient" and when it is full grown and not getting worse, as mature or "ripe." There are no drugs to dissolve the material which clouds the lens and to restore normal vision. Such treatment may be a reality some day.

Treatment for cataract is an operation. Formerly, it was necessary to wait until a cataract was mature

## THE DOCTOR ANSWERS

QUESTION: Can one live in a house in which a person died from tuberculosis?

ANSWER: Almost all cases of tuberculosis are contracted from a living person who has an active form of the disease or from milk or some other infected source. The germ responsible for tuberculosis lives only a short time outside the human body.

before it could be removed and full vision restored. Now surgical methods are available which make it possible to remove a lens with a cataract on it at any stage. This is a tremendous advance as it may prevent years of poor vision.

The causes of cataract are not known, but certainly age plays a part and in some cases diabetes, occupation, or possibly heredity.

XXV  
PATIENCE felt a rising excitement. The sun was shining. The sky was blue. London was thrilling. And to think that she was to be here for a whole week!

"What are we going to do?" she asked.

"Well, first we're going to the photographer's."

"Why?"

"To get your photograph taken." She stared at him.

"What on earth for?"

"Ah, that's telling."

"Roger! Please! Don't be mysterious. Who wants my photograph?"

"I do for one, darling. But I'm not the chief person concerned. The higher authorities are needing it."

They had reached the car now. He opened the door for her.

"Hop in," he said, and as they drove off: "There's a shop in Victoria Street who's promised to get it through in half an hour." He glanced sidelong at her: "How's your French by the way?"

Her breath caught in her throat. What on earth was all this about? "I love you when you look bewildered," he said softly. "You're awfully sweet, Patience, you know. Just what do you feel about me as a point of interest?"

Patience had been wondering this herself quite often recently. When Roger was with her it sometimes seemed that Paul was forgotten. And then when she was gone from him she knew that this was impossible. Paul was her first love, her real love.

But Roger attracted her. And when he kissed her—when he touched her hand as he was touching it now—yes, even though they were driving through the crowded London streets—her heart raced against her side.

"Well?" he was saying. "You've not answered my question."

"Tell me first what all the excitement is about!"

He grinned.

"As I said—first the photographers. And then—"

"And then—oh, Roger! do be quick and tell me—"

"Then the passport office. Luckily I can pull a few wires and get it all through very quickly. Within a couple of hours your passport should be ready."

She gasped. Vaguely at the back of her mind she'd an idea of what was going to happen. But it was too exciting! Too incredible! And Aunt Helen would certainly never allow it. Only Aunt Helen would never know. At least not until it was over.

"Roger, you don't mean—?"

"We're flying to Paris for the week-end. On the first plane tomorrow. Don't look so startled. It's all quite respectable. Charlotte, you and I are going, and you'll be back in London on Monday in time to catch your precious 6:30 back in the evening."

PATIENCE awoke the next morning, and lay quite still for a moment, enjoying to the full the lovely exciting feeling that today something really thrilling was going to happen to her. Hastily she stifled the little pang of conscience that came to her as she thought of her aunts. It was absurd to allow herself to worry about them. Besides maybe she could tell them all about it once she was safely home again.

And now here was Elizabeth arriving with her early morning tea. She sat up in bed.

"Is it a fine morning, Elizabeth?"

"Wonderful, miss."

Patience sprang out of bed. She took her tea into Charlotte's room to find her coming to life with extreme reluctance.

"Of all the ungodly hours to

wake up—" she stretched her arms lazily.

"I always wake early."

"Well, I warn you I don't, and when I'm made to I'm invariably extremely bad tempered."

Patience looked at her warily. "Would you rather I took my tea back to my own room?"

"No. I'll put up with you. Only don't be too chatty."

"I won't. But don't lie there too long, or you won't be ready when Roger calls for us."

"I'll be ready all right."

She wasn't. She kept him waiting 10 minutes. Patience fretted and fumed. She herself had been dressed, and her suitcase packed, for a long while.

Roger, also waiting for Charlotte with some impatience, looked at her as she stood there, in a gray suit of Charlotte's with a fluffy little white blouse, and a quite ridiculous hat, and said with a smile: "Do you realize how very much you're to be envied?"

"In what way?"

"Because you get such a kick out of all this."

"Aren't you getting a kick out of it? Isn't Charlotte?"

"Oh, yes. But it's not the same. We're not doing it all for the first time." He stood looking down at her, an odd expression in his eyes. "That, of course, is what I find so utterly enchanting about you. You're so fresh and unspoiled."

Patience drew a little quick breath. Her eyes danced.

"I thought you might find that rather dull."

"Dull! Don't be silly. Here, stand still! You've got a smut on your nose." He removed it with a corner of his handkerchief. And then dropped a light kiss where it had been. "It's a very nice little nose, incidentally."

"Am I interrupting something?"

"There was an edge to Charlotte's voice. She stood there in the doorway looking utterly ravishing. She was completely the finished article. Not a hair out of place. Her make-up perfect. Her suit of a soft beige woolen material, looking every bit the fantastic extravagance it was.

Roger laughed easily.

"Nothing at all. Are you ready?"

## McKenney on Bridge

By WILLIAM E. MCKENNEY  
America's Card Authority

The increased interest in tournament bridge is easily understood when one realizes the amount of relaxation and entertainment thousands of people get out of competition. Even the blind compete in tournaments.

The Eastern States regional tournament, recently held in New York City, attracted 104 pairs in the open pair championship, won by Dr. K. Apfel and F. P. Begley, members of the Paradise Bridge Club in the Bronx, New York.

I happened to kibitz Begley when he made the contract on today's hand, which reaffirms the

he made the play that gave him the contract. He led the jack of spades.

West did not cover, so the jack held. A small spade was led next, and West put on the nine-spot. The trick was won with dummy's king and the diamond finesse taken, West winning.

West led the nine of clubs, East overtook and Begley refused to trump. On this and on the next club trick, he discarded the deuce and three of hearts. East shifted to a heart, Begley won with the ace, cashed the ace of spades, and led diamonds until West trumped.

necessity of being doubly careful about doubling the opponents at a part score. If West had not doubled he probably would have defeated the contract. The double gave Begley an accurate reading on the spade suit.

(Continued from page 1)  
Recovery was about six inches of soft, porous oil stained lime. It was understood that operator likely will drill about 10 feet deeper, to 7,876 feet, and then run a drillstem test on the open hole at 7,846-76 feet.  
The pay which has been tested for a possible production of more than 11,000 barrels of oil per day natural, flowing, is now back of the 7-inch casing which is cemented at 7,846 feet. That zone probably will be produced through casing perforations.

**AGRO HAS OIL SIGNS IN DSTS AT NW GAINES PROSPECTOR**  
Argo Oil Corporation No. 1-N Jones, Northwest Gaines County wildcat to a possible bottom of 9,800 feet, 10 miles southwest of Denver City, and 460 feet from north and 1,280 feet from west lines of section 496, block C, CCSD&RGNG survey, ran a two hour drillstem test at 5,878-6,000 feet.  
Recovery was three feet of clean oil and 90 feet of oil cut drilling mud.

The project drilled on down and took another test at 6,000-40 feet, with the tool open for four hours. Recovery was 195 feet of oil and gas cut drilling mud. No signs of water were developed. The wildcat is coring ahead. The zone tested is in the middle Permian lime.

**NW RUNNELS PROJECT TESTED CAPS LIME ZONE**  
Standard Oil Company of Texas No. 1 Lilly, Northwest Runnels County wildcat, one mile north of Norton, and in Burnett County School Lands, survey No. 271, ran a 30 minute drillstem test at 4,256-70 feet.  
There was a slight blow of air for a part of the period. Recovery was 10 feet of drilling mud, with no shows of oil, gas or water.

Another test was run at 4,266-97 feet. The tool was open 45 minutes. There was a slight blow of air for five minutes, and it died. Operator was pulling the testing tool, at last report.  
Top of the Caps lime was picked in this venture at 4,233 feet.
