

**Pennian Basin OIL & GAS LOG**  
James C. Watson, Oil Editor

**OIL CARRIERS WILDCAT ENTERS ELLENBURGER**

Oil Carriers, Inc. No. 1 Max Pray-State of Texas, East-Central Upson County wildcat, picked the top of the Ellenburger at 11,535 feet, on an elevation of 2,703 feet.

The project had drilled to 11,538 feet, and operator circulated samples to the surface, and picked the marker from those specimens. It made a trip and put on a few bit and was made more hole, after conditioning the drilling mud.

The samples from the three feet of the Ellenburger so far cut did not show any noticeable signs of petroleum. It is probable that after the hole is drilled about 50 feet deeper operator will stop and take an electric log survey, and then may undertake a drillstem test.

The prospector is 680 feet from south and east lines of the west 120 acres of the south half of section 38, block Y, TCR 8 survey.

It is three and one-half miles west and a little north of the Slick-Urchel Oil Company, and Plymouth Oil Company No. 1 Alford, discovery for heavy gas and distillate production to open the Benedum-Ellenburger field.

The Oil Carriers exploration is the first of the wildcats started to test the Ellenburger in Upson County, after No. 1 Alford was completed, which has reached the Ellenburger.

**MIDLAND PROSPECTOR HAS MADE STRAIGHT**

Cult. Oil Corporation No. 1-B Wilson Bryant, in Central Midland County, 14 miles south of the city of Midland, and 680 feet from north and 1,980 feet from west lines of section 38, block Y, TP survey, T-3-S, had reached 10,938 feet in lime and shale, and was conditioning the drilling mud, preparatory to making more hole.

Rumors that the exploration had blown out and sprayed oil over the location Thursday night, were in error. Each time the tools are pulled to put on a new bit, some of the drilling fluid is sprayed out. That fluid is cut with gas from a zone up the hole which was drilled through several weeks ago.

Informed sources say that no recent indications of oil or gas have been logged. The shows which were found up the hole were not of commercial quantities.

**SE CROCKETT PROJECT IS FLOWING GAS AND WATER**

The Texas Company No. 1 Victor L. Pierce, Southeast Crockett County Ellenburger exploration, 21 1/2 miles southeast of Cozmin, was still flowing water, and showing gas, from the section between 11,715 feet and the total depth at 11,913 feet.

The water is still showing a salt content. The gas volume and the water flow is varying according to the sizes of the casing and tubing chokes being used at different times during the testing.

**GUBERSON WILDCAT IN COKE TAKES POTENTIAL**

Allen Guberson, et al, No. 1 Jack Lassiter, North-Central Coke County discovery from the Marble Falls lime, three miles northwest of Sanco, and 659 feet from south and 1,260 feet from west lines of section 308, block 1-A, H&TC survey, reported having taken a full 24-hour flowing test for a Railroad Commission potential, and also have produced 223 barrels of 44.7 gravity oil, and no water, during the period.

The flow was through a 2 3/8 inch tubing choke from open hole at 4,495-4,527 feet. Flowing casing pressure was 1,100 pounds, and flowing tubing pressure was 158 pounds. Gas-oil ratio was reported as 5,000-1.

It has been learned that shortly after the 24 hour test was completed the well stopped flowing. However, in about one and one-half hours it started heaving muddy water, and blugs of oil. It is understood that the operators were to go in and swab, to try to clean out the water, which was probably residue from water pumped in several days ago when the well was killed along setting a plastic plug at 6,527-38 feet, to shut off bottom water.

**Location for a due west stepout to the Guberson No. 1 Lassiter, has been made by W. C. Sharp of Shreveport, La., and associates, as their No. 1 B. D. Gartman.**

It will be at the center of the southeast quarter of the southwest quarter of section 308, block 1-A, H&TC survey. Drilling to about 4,580 feet, to test the Marble Falls, is to start at once.

Sharp and associates have taken a farmout from Guberson, et al, on the west half of section 308, and on the west half of section 319, both in block 1-A, H&TC survey. A rotary rig is being moved to Guberson, et al, No. 2 Jack Lassiter, at the center of the southeast quarter of section 308, block 1-A, H&TC survey. It is a diagonal northeast stepout from the discovery for flowing oil in that area.

**SEWARD VENTURE GETS BIG 'BURGER' WATER**

Gulf No. 8-E Wristen, in the Grandfalls area of Southeast Ward County, and 1,980 feet from southeast and southwest lines of section 308, block Y, TCR 8 survey, (Continued on Page 9)

**School Board Calls \$450,000 Bond Election July 10 Set As Vote Date On New Issue**

**House Votes For Delayed Action Draft**

WASHINGTON—(AP)—The House Friday passed a delayed-action draft bill which would not draft anyone before next February 1. The roll call vote on final passage was 283 to 130. The amendment-loaded measure now goes to the Senate. There it faces a possible filibuster that may kill it unless Congress returns after the political conventions. The Senate passed a different bill last week. It provided for an immediate draft for two years of service.

**Congress Quarrels Increase**

WASHINGTON—(AP)—The two houses of Congress battled each other, as well as President Truman, Friday on the very eve of their hoped-for adjournment. As a result, draft, foreign aid, farm, housing and other major bills—even a final quiting date—were tied up in knots of uncertainty and confusion. The Senate's housing bill was east side by the House in favor of a measure stripped of controversial public housing and slum clearance provisions.

**Allies Announce Drastic German Currency Reform**

WASHINGTON—(AP)—The Western Allies announced late Friday a drastic currency reform to reduce the money in circulation in their zones of occupation and pave the way for German participation in the ERP. They set up a new mark, called the Deutsche mark, and provided for the first steps in taking old marks out of trade channels.

**U.S. Postpones Decision On Pipe For Saudi Arabia**

WASHINGTON—(AP)—The government Friday put off until September a decision on whether to let 68,000 tons of pipe go to Saudi Arabia for construction of a 1,100-mile pipeline from oil fields there to the Mediterranean. No official explanation was given, but Congress members have protested that a pipe shortage here at home is delaying oil and irrigation projects. In diplomatic quarters there was conjecture that the present unsettled conditions in the Middle East influenced the decision to wait a while before deciding whether the pipe should be shipped.

**Attorney Charged In Slaying Of Houston Oilman**

HOUSTON—(AP)—John T. Buckley, 54, former district attorney of Gregg County, was charged with murder here Friday following the death of Sam Kennedy Bigger, 36, oil company surveyor. The charge was filed before Justice of the Peace W. C. Ragan. Buckley has been a Houston attorney since 1940 and ran for Congress here in 1944.

**R. V. Culp Injured In Electrical Accident**

Ruby Vernon Culp, line crewman with the Texas Electric Service Company, was seriously injured Friday morning while removing a transformer used in the Texas Electric Show of '43 which closed here Thursday night. Culp accidentally touched a high-voltage line atop a pole and fell to the ground. However, his fall was broken by another line and he suffered no broken bones. At Western Clinic-Hospital, doctors said he was suffering from shock but was improving satisfactorily, considering severity of the shock he received.

**Oklahoma Farmer Held In Death Of Wife In Washington**

EVERETT, WASH.—(AP)—A farmer Oklahoma farmer and aircraft worker led sheriff's officers Friday to the bludgeoned body of his wife and his battered, still-living, four-year-old daughter, on a cliff south of here. Sheriff Tom Warnock identified the father and husband as Wayne J. Williams, about 30. Williams said he and his family came from their home "near Tulsa" less than a week ago.

**America Ready To Open Doors To DP's**

WASHINGTON—(AP)—Congress got Friday to slip off the belt and open America's doors to 205,000 homeless refugees from Europe during the next two years. Only the formality of Senate and House approval was needed to the complete action and send to the White House a comprehensive displaced persons bill worked out Thursday night by 13 committee conferees.

**★ LATE NEWS FLASHES ★**

WASHINGTON—(AP)—The United States is doubling its fighter plane strength in Europe, Air Force officials said Friday. This will be done by shifting the 36th Fighter Wing of jet planes from Panama to Germany about August 1.

**Stassen Arrives For Convention**

Leaving the railroad station in Philadelphia, Harold E. Stassen waves to his admirers on his arrival in the convention city. Left to right are: Glen, 12; Mrs. Stassen; Kathleen, six, and Harold E. Stassen. Stassen is the first of the presidential hopefuls to arrive for the convention.

**Congress Quarrels Increase**

WASHINGTON—(AP)—The two houses of Congress battled each other, as well as President Truman, Friday on the very eve of their hoped-for adjournment. As a result, draft, foreign aid, farm, housing and other major bills—even a final quiting date—were tied up in knots of uncertainty and confusion.

**Probe Starts In Air Crash Fatal To 43**

Members of the Midland Board of Education voted Thursday night to call a bond election July 10 to raise an additional \$450,000 in 30-year bonds to complete a program of expansion in school facilities here. A number of Midland citizens had been invited to attend the meeting of the board in the high school, and although only four attended to hear board members describe the necessity for the additional bond issue, all agreed the city's over-crowded schools must be enlarged as quickly as possible. Some citizens even urged the board to ask for a larger sum.

**Bureau Squelches Cool Weather Rumors**

The Weather Bureau Friday quickly squelched any rumors of cooler weather coming to Texas. It will be "not quite so hot" in the extreme northern portion of the state, the bureau admitted. But temperatures there were predicted only in the lower 90's instead of the upper 90's.

**Red Peace Moves Spread Out Over Eastern Europe**

WASHINGTON—(AP)—The Soviet peace offensive appears to be breaking out all over Eastern Europe. American officials said it is skeptical that the Russians and their allied Communist governments intend to make any major concessions on outstanding problems. But there is deep interest here in a whole series of current developments.

**Conference Agree On Highway Expenditures**

WASHINGTON—(AP)—A Senate-House Conference Committee agreed Friday on a \$450,000,000 federal aid highway program for each of the years beginning July 1, 1943, and July 1, 1953.

**Weather Becoming Partly Cloudy**

Becoming partly cloudy Friday night and early Saturday with scattered cloudbreakers in Panhandle and South Plains. Maximum temperature Thursday was 103 degrees, minimum 76 degrees. Minimum Friday was 79 degrees.

**Chinese Communists Release Catholic Nuns**

**PEIPING**—(AP)—Chinese Communists sent word Friday they had released 11 foreign and 30 Chinese Catholic nuns held since November.

The original group included five Americans, five Canadians and two Britons. One unidentified nun died in captivity. The nuns, all sisters of Adorers of Precious Blood, were held at Hsinhsien. That city, 90 miles southwest of Tientsin, was taken by the Reds in civil war fighting.

A courier-delivered letter to the American Consulate at Tientsin said the nuns would be sent by boat to Tientsin.

Their release followed strenuous efforts by the American and British authorities, who appealed by radio and air dropped messages. Thirty priests—19 Chinese, 11 French—still are held. The Communists recently accused five of the French as alleged spies.

**Turner-Topping Rites Bring Minister Rebuke**

**LOS ANGELES**—(AP)—The Rev. Stewart B. MacLennan will receive a formal rebuke by the Los Angeles Presbytery for officiating at the wedding of actress Leta Stetter and timpler heir Henry J. (Bob) Topping last April 26.

Rebuke was directed Thursday by a judicial commission and will be delivered publicly at a forthcoming Presbytery meeting.

Church law forbids a clergyman marrying divorced persons within a year after divorce.

**French Police Battle Strikers**

A civilian goes down, center, as French Mobile Gue rds, armed with rifles, charge a crowd in Clermont, France, during a rubber plant strike riot. Two hundred persons were hurt in the battle between police and strikers before a temporary truce ended the battle.

**RR Commission Orders Andrews Field Shut-In**

**AUSTIN**—(AP)—The Railroad Commission Thursday ordered all wells in the Shafter Lake (Devonian) field, Andrews County, closed in for two five-day periods for tests to determine the field's maximum efficient rate of production.

The first shut-in was ordered for June 26-July 1 and the second for September 1-5.

The commission order said that results of tests made to date for the field have been unsatisfactory.

Between July 1 and September 1 wells will be permitted to flow a maximum of 200 barrels per day each. The wells are currently being permitted to flow 700 barrels per day each.

**LYNDON JOHNSON CAMPAIGNS IN HELICOPTER**

**PARIS, TEXAS**—(AP)—Lyndon Johnson's helicopter campaign for the U. S. Senate moved on Friday to Hopsy Grove, Cooper, Commerce, Wolfe City, Bonham, Denison and Sherman.

The congressman landed his helicopter in market square here Thursday and made two talks—one in the square and the other from radio station KPLT.

The Fernch used to call the tomato "pomme d'amour" (love apple) and French beaux used to give tomatoes to their ladies.

**Taff's Convention Propaganda Backfires**

**PHILADELPHIA**—(AP)—There was a red face or two as William Robert A. Taff's headquarters Friday over an intended convention gesture.

The Senator's staff ordered 10,000 copies of "This Week in Philadelphia"—a magazine providing information on restaurants, theaters and other spots around town—for distribution to delegates and visitors.

The front cover picture, however, turned out to be that of Gov. Thomas E. Dewey.

**Medical Test Proved This Great to Relieve MONTHLY FEMALE PAINS**

Are you troubled by distress of female functional monthly disturbances? Does this make you suffer from pain, feel so nervous, weak, high-strung—at such times? Then so try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! In a recent medical test this proved remarkably helpful to women troubled this way. Any drugstore.

**LYDIA E. PINKHAM'S VEGETABLE COMPOUND**

**Murray-Young Motors Shows New '49 Ford**

It's here. And Friday Midlanders were flocking to Murray-Young Motors to see it—the 1949 Ford.

And they found a radically, definitely changed Ford, which the company calls "The Car of the Year."

Four new Fords are displayed. There are three V-8's and one six-cylinder machine.

One of the cars is on a special rack so the throngs of visitors may see the new spring arrangement which is one of many revolutionary changes in design and engineering. Features of the 1949 Ford include "Life-guard" body of new double-drop and box section design, symmetrical steering linkage, new suspension system, new brake system, "mid-ship" ride, "picture window" visibility, new instrument panel, new hardware, and many other new and improved specifications.

**May Drive It**  
 A demonstrator is available for those who wish to drive the new car and test it for themselves and see how Ford engineers have improved its comfort, economy, mechanical performance and general attractiveness.

Other features of the unveiling of the new car include a showing of color movie of the entire 1949 Ford line, and a special give-away event of a car radio.

The display at Murray-Young Motors, Ltd. will continue through Wednesday according to Harry S. Murray, Sr. The company's showroom is located at 223 East Wall Street.

**Jimmie Davis To Play VFW Dance Monday**

Jimmie Davis, former governor of Louisiana and nationally-famous song writer and movie actor, will be featured Monday night at a dance in the VFW Hall on West Highway 80.

He and his band will stop here enroute to Chicago and Hollywood, where he is scheduled to make two pictures in the near future.

In addition to his own program, which includes outstanding entertainment novelties, Davis and his musicians will play against Dub Adams and his K-Bar Ranch Bands in a "battle dance."

Reservations for tables may be made by calling 2642, Irby Dyer, VFW Commander, said Friday.

**Legion Baseballers To Play Big Spring**

The Midland Junior Indians, American Legion Junior Baseball team, were scheduled to open their season at 5:30 p. m. Friday in Big Spring.

The Legion nine was carded against Big Spring's Junior aggregation.

Pick extra mileage right out of the air!

EVER wonder how important it is for an engine to be able to breathe easily? Then just consider...

1. An efficient engine wants to "inhale" about 1,450 cubic feet of air with every gallon of gas. That's volume!
2. An eight-cylinder engine "inhales" as many as 240 times (or more) per second. That's frequency!

Now you know why "free-breathing" engine design is so important.

In the great new Packard

**Packard**

ASK THE MAN WHO OWNS ONE

**WILLIS SALES CO.**

Corner Baird and Missouri Phone 2435

Eights, "free-breathing" design involves new streamlined valve design... improved carburetion... higher compression ratios.

And what does all this mean to the motorist? It means "safety-sprint" acceleration. Extra smoothness. And above all—a gain of up to 10% in fuel economy!

Come in—learn how Packard's "free-breathing" engine design lets you burn more sky... less gasoline!

**It's Here!**

And WOW! It'll knock your hat off!

**The NEW 1949 FORD!**

It's the Car of the Year!

There was never an automobile like this before. It's a complete break with the past. It was designed by you... because you told Ford in letters, surveys and personal interviews just what you wanted. And it's here. It looks like a luxury car, but it sells in the low-price bracket!

### Bill And Bob Wilson Honored With Party

CRANE—Bill and Bob, twin sons of Mr. and Mrs. R. V. Wilson, Sr., celebrated their fifth birthday anniversary Wednesday afternoon at the Gulf Recreation Park. Their mother was assisted with the entertainment by Martha Cook and Bonnie Lee, waitress of Lubbock.

Singing parlays were presented as favors to each guest. Refreshments were individual birthday cup cakes, ice cream and cold drinks.

Guests were Ronnie Weiser, Linda Knox, Jerry Mills, Buddy Moore, Miles McDonald, George Chandler, Carol Jean and Gary Mack Birdson, Gene Ross, Jimmy Dutton, Pat and Donna Sue Spites, Chuck Beverly, and Candace Ann Gilbert, Jimmy Leo, Bucy Ritts, Darlene Havina, Eddie Marvin Taylor, Billy Soggett, Jr., Doris and Dorothy Marlowe and Ann and Nan Crittenden. The latter two sets of girls named also are twins.

### MRS. W. H. POTTS HAS VISITOR FROM WACO

Miss Lella Park of Waco is visiting her sister, Mrs. W. H. Potts, 311 South Weatherford Street.

Mrs. Potts's son, John Torbett, is visiting his grandparents, Dr. and Mrs. C. H. Park, Waco. John is enrolled for the coming year at The Hill School in Pottstown, Pa., where he will enter the fifth form.

### Birthday Party Held For Brother, Sister At Kisdale Home Here

Miss Daisy Kisdale, 518 North Weatherford, entertained her great niece Kay and great nephew, Benly, with a birthday party Monday afternoon.

It was the fourth birthday for Kay, and the third for Benly. Blue and pink flowers served as decorations.

Miss Kisdale and Mrs. Nancy Kisdale served refreshments to Raymond Curtis, Darlene Rogers, Benny Booth, Johnny Booth, Jo Anne Bush, Jerry Lester, Jackie Burleson, Benny Burleson, Carolyn Sue Burleson, Pam Woody, Shorty Johnston, Ennis Burleson, Sharon Friday, Barbara Timmins, Jo Ann Towery and Larkie Lester.

### Unadorned Vase Best For Arranging Flowers

For flower arrangement, a plain, highly glazed vase in a soft, neutral color is preferable, for it will pick up and reflect the color of the flowers rather than subduing them, as an ornate, highly colored container does.

If the container has a pattern of figure, try matching the colors in the figure with the colors of the flowers for the most harmonious results.

### MIDLAND SOLDIER STARTS NEW TRAINING

PT. WARREN, WYO.—James C. Stringer, son of E. P. Johnson of Midland, Texas, has started training as an aviation engineer of the United States Air Force here.

### VISIT'S RELATIVES

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JUNE 18, 1948-3

### New Attendance Records Set By Electric Show

Millionaires and representatives of all walks of life visited the Texas Electric Show of '48 again Thursday night in such numbers as to break all previous attendance records.

A total of 5,085 persons attended the show during final performances Thursday night, bringing to 11,900 the total attendance during the three-night stand.

The "Theater of Atoms" show in the auditorium drew standing-room only crowds again Thursday night, just as on the two preceding nights. The Walton and O'Rourke puppet show in the gymnasium proved hilariously amusing for the thousands of visitors, and Reddy Kilowatt entertained crowds of youngsters.

Ed. R. Schiff of Westinghouse Laboratories, conductor of the atom show thrilled audiences with simple but intensely dramatic explanations of nuclear energy and electrical phenomena.

Displays of home and farm electrical appliances staged in connection with presentations Tuesday, Wednesday and Thursday, and from there it will go to Sweetwater.

### Exercise Offsets Mental Fatigue

Longer hours of daylight during Summer months give the career girl a chance to catch up on the fresh air and sunshine of which she may be largely deprived during Winter months.

Don't excuse yourself from outdoor exercise because you feel "all in" after a day at the office. Most of the fatigue you feel is mental and nervous. One of the most healthful ways of relaxing tense nerves and countering mental fatigue is to take mild exercise in the fresh air. Almost every city offers some facilities for outdoor recreation which can be fitted into a routine after office hours. Whether you bicycle through the park, swim or play a set of tennis, you'll feel better and more relaxed after the exercise.

You can give yourself a better start on the day's work if you get up a half hour earlier and walk to work. As you stride along, pump fresh air down into your lungs by doing this deep breathing exercise. Inhale as you walk four steps and exhale slowly for four steps. You may have to time the rhythm of your breathing to fewer steps at first but as your lungs show their willingness to hold deep draughts of air you can increase the number.

### New Swim Suits Are Flattering To Mature Figure

The mature woman whose figure is not as svelte as it once was needn't rule out swimming or sunning at the beach on that account. She needn't, if she'll make use of the flattery which this season's bathing suits offer.

The type of suit that is best able to give her figure slimming lines is a one-piece, princess-styled suit with a slightly flared skirt. The skirt should be long enough to reach midway between knee and hip.

The most figure-flattering suit of this type is equipped with a well-fitted suit-in-hat which uplifts and moulds the bustline.

The fabric for this suit should be light weight so as to minimize bulk. The fabric weave should be firm-textured so that it won't cling when wet. A dull-finished material is usually more slimming than a light-reflecting, shiny-surfaced fabric. Water-resistant cotton, gabardine or thin wool knit answer these requirements better than silk jersey, satin or nubby wool.

Dark solid colors, such as navy, black, cinnamon brown, and hunter's green are, of course, more slimming than vivid colors or bold prints.

Suits to avoid are those with short or very full ballerina-style skirts which add bulk and accentuate hip-pan 20-piece or two-color suits are unwise because they have the effect of cutting their figure in half, thus emphasizing its width instead of the height that a woman wants to accentuate. She should also beware of the loosely fitted suit which, tied at the waistline, seems to do nothing for an older woman but wrap her up in a sack-like style.

### 'Sorority Initiation' Is Only Beauty Shoppers

NEW YORK.—(AP)—Shoppers and motorists stared as women in white smocks, with towels wrapped around their heads, ran back and forth across 5th Ave.

This went on for several hours and some of the passersby thought they were seeing a sorority initiation.

But the turbaned women turned out to be only beauty seekers, victims of a break in a water main.

When the water stopped in a city block, women were in the process of having their hair done. A hundred more were due during the afternoon.

So the manager arranged to shuttle the women to a shop across the avenue for their shampoos, and to the main shop for the final waving.

### U. S. Needs Bigger Families, Says Mother Of The Year

American Mother of the Year, Mrs. Herbert Hines, of Springfield, Ill., is greeted as she steps off the plane in New York by Dorothy Lee, 9, Chinese girl, Dorothy, who is helping the American Overseas Aid-UN Appeal for Children, told America's No. 1 mother of the campaign to raise six millions dollars to relieve the plight of starving youngsters in the war-devastated countries.

By KAY SHEERWOOD  
NEA Staff Writer

NEW YORK.—(NEA)—Think big families are old-fashioned? Don't tell that to Mrs. Herbert C. Hines, the recently named American Mother of the Year. Mrs. Hines, of Springfield, Ill., is the mother of 10—eight sons and two daughters. Now on a cross-country lecture tour, one of her "pat" arguments is that young couples who can offer children reasonable financial security should plan to have big families.

This lively, middle-aged mother with curly white hair and sparkling blue eyes points with pride to the fact that hers is the largest family listed in "Who's Who in America." She is a graduate of Mount Holyoke and Radcliffe and a Phi Beta Kappa Key shines on her suit lapel. Dr. Hines, her husband, is an official of Rotary International.

When Mrs. Hines talks about raising a big family she speaks with the calm air of an army general who has directed a successful campaign.

"Some young couples want a better home. Others want cars or clothes. We wanted children and a lot of them. People used to kid me about having so many children. Some even hinted that it was a disgrace. I never could understand why. We never suffered for anything, and we couldn't have had more fun.

"Food was really not much of a problem, except for the quantity needed. I bought large amounts of wholesome food and refused to cater to individual whims. We used two gallons of milk a day. Sunday dinner called for an eight-pound roast and a peck of peas. I baked two or three loaves of bread every day."

The Hines family's clothing and laundry were also items which might stagger a less hardy mom. Stockings, for instance were purchased a dozen pairs at a time. A towering pile of laundry, which Mrs. Hines washed twice a week, included 40 soiled shirts.

"But what can you expect with growing boys?" is Mrs. Hines' cheerful question.

She also made most of her children's clothes, she boasts proudly. "When we went to our Lake Michigan cabin in the Summer, we used to travel part of the way in a big truck," says the mother of 10. "It was the only way we could all go together. Dr. Hines and I just loaded all the children, their pets and our luggage into the van and away we went."

How have the children turned out? All are grown up now and are launched, with one exception, upon their respective careers. Of the 10, eight are college graduates, some with master's degrees. The youngest son enters college in the Fall.

Another son (who didn't want to go to college) is president of a construction company and has recently completed a lovely new home for the "American Mother of the Year."

### Give Adolescent Mild Deodorant

ALICIA HART  
NEA Staff Writer

At what age should a girl begin to use a deodorant? To this question, which we put to a cosmetic chemist, was "at the beginning of adolescence."

It is during this period, says our chemist, that glandular changes are apt to cause an excessive flow of perspiration and oils. What happens when the actively released oils decompose on the skin is almost certain to be social embarrassment to the little girl who does not use a deodorant to safeguard her clothes projection.

Cosmetic chemists, such as the one we consulted, urge, however, that a young girl be given the mildest type of cream deodorant to use. They urge, also, that she be carefully instructed as to its use for clothes protection.

Anti-perspirants which because of their astringent action may be irritating to young skins and which may interfere with normal perspiration are not recommended for the adolescent user.

### Girls Slated To Wear Sweaters, Petticoats

WASHINGTON.—(AP)—Figure it out for yourself, but it looks like the girls are going to wear both more sweaters and more petticoats.

That is, they're going to if the garment makers' have, correctly figured feminine clothing wants, and the girls don't change their minds.

The Census Bureau reported that manufacturers, who try to anticipate these things, turned out 88 per cent more women's sweaters in the first quarter of this year than in the same part of last year.

Petticoat production, meanwhile, zoomed up 500 per cent.

### Stanton News

STANTON.—Mrs. Mildred O'Connor of Sweetwater is visiting her parents, Mr. and Mrs. Will Thompson.

Mr. and Mrs. Edgar Davis of Odessa visited her mother here Sunday.

Mrs. Brick Edison is taking her vacation from the post office this week. Her daughter, Mrs. Robert Hoover, and son of Washington, D. C., are visiting her.

Mrs. Aaron Alexander will work in the post office during the Summer months, substituting for each employe who is on vacation.

Ernie Hazelwood, daughter of Mr. and Mrs. Ode Hazelwood of Austin, is visiting her grandparents, Mr. and Mrs. W. E. Hazelwood of Courtney and Mr. and Mrs. J. B. Collier of Stanton.

Mrs. George Zimmerman is in Mineral Wells for treatment.

Mrs. Alta Henson left Saturday for Biabe, Ariz., traveling with a brother of Mason Coggins who lives in Arizona.

Mr. and Mrs. Glyn Dorris and daughter of Mathis, Texas, are visiting his uncle, J. B. Pollock of Lenora.

Mr. and Mrs. Chuck Houston and Mrs. Sam Wilkerson have gone to Temple for medical treatment.

Becky Bentley is visiting an aunt in Oklahoma.

### Congratulations To

Mr. and Mrs. H. H. Davis on the birth Friday of a son, Gerald, weighing seven pounds, 15 ounces.

Mr. and Mrs. R. L. Miller on the birth Thursday of a son, Stephen Lawrence, weighing seven pounds, eight ounces.

Mr. and Mrs. V. W. Brown on the birth Friday of a daughter, not yet named, weighing seven pounds, 14 ounces.

### IN MISERY HALF THE TIME; BLESSES RETONGA

Suffered for Years From Gas on Stomach, Indigestion, Restlessness, Muscular Aches and Pains; Mother of Eight Wants Others to Know About Retonga.

"No one knows better than my husband how much Retonga has helped me," declares Mrs. Ed D. Nunneley, well-known resident of RFD No. 2, Chatchee, Alabama, whose husband has farmed on his present homestead for 57 years. The mother of eight children, Mrs. Nunneley gratefully states:

"I was in misery half the time from sour stomach and indigestion. I often felt like gas was pressing against my chest so hard I had to gasp for breath. I couldn't seem to sleep sound, I had to take strong purgatives like salts to get relief from sluggish elimination. I was on edge most of the time. Muscular aches and pains ran through me like darts. I felt so run-down I was cross with myself for complaining so much. I always got up feeling worse than when I went to bed.

"Retonga was truly a blessing and a relief to me. I eat anything now and my food seems to give me the strength and energy I need. I sleep fine and no longer depend on harsh laxatives for relief from sluggish bowels. I feel easy after meals and am not bothered with excessive gas. The muscular aches and pains are relieved, and I have regained much of my lost weight."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. The active ingredients of Retonga are purely herbal, combined with Vitamin B-1. You can get Retonga at all good drug stores, including Midland Drug Co.—(adv.)

# San Angelo To Remain In League

SAN ANGELO—A group of San Angelo businessmen have purchased the franchise of the San Angelo Longhorn League baseball club, including players' contracts and all physical properties, from C. West, who installed the franchise this Spring, for \$17,500.

The purchase price, \$9,000 under the figure for which the club was originally placed on the block, was raised in less than five minutes in the offices of the Board of City Development here.

Purchasers of club property, which will be incorporated for \$50,000 in the name of San Angelo Colts, Inc., are Allen Ingram, Bill Guinn, Gordon Kenley, Jack Kelley, Electric Service Company, Vogel Welding, Nathan's Jewelry, W. F. Barnes and Pete Ewald.

The Longhorn League, which took over the franchise after a meeting here Tuesday, transferred the club to its new owners Thursday night.

Clyde Pratt, former major league player has been appointed club business manager.

# Locke Jokes, Takes Lead In Victory Play

CHICAGO —(AP)— Bobby Locke has found a sense of humor to go with his golf game and is now just "one of the boys."

Lloyd Mangrum was watching Locke practice putting before the start of the \$15,000 Chicago Victory National Tournament Thursday.

"I've never seen a guy like you," Mangrum chided. "You can look like you're shooting a 70, then score a 62. What a scambler you are. You swing like an old woman."

Locke smiled. "You should talk," he replied. "You are well over the lot most of the time. Talk about scrambling—phooey."

So the guys wound up playing in the same foursome.

Bobby, who has pocketed \$13,218 to become the fourth biggest money winner of the season, took only 25 putts during the opening 18 holes — including nine one-putts — for a six-under-par 65.

Mangrum, pre-tourney favorite, struggled for a 74.

Two strokes behind Locke are the 73-hole medal play tourney entered the second round Friday was a Dick Metz of Arkansas City, Kan., with 67. Johnny Revoita and Jim Turnesa were next with 69's. Bob Hamilton, Cary Middlecoff, Clayton Hearner and Jim Ferrar had 70's.

# Longhorn League—Tribe, Colts, Oilers, Sports Rack Up Wins

Midland's Indians, behind the two-hit pitching of Crisman, blanked the Del Rio Cowboys 4-0. The Indians got only one earned run and took advantage of four Cowboy errors to count the others.

San Angelo's revitalized Colts romped to a 9-1 victory over the Big Spring Braves. The Colts hammered Bruce Hurters Rodriguez and Shaw for 16 safeties while the Braves were mustering only six off Guthrie.

Manager Merle Coleman, making his first start as the Oilers' pitcher, pitched six-hit ball as Odessa beat the Ballinger Cats, 10-3. Coleman was also the leading hitter of the game, rapping three for four, including a double.

Senecio-tepper by Bruce in the last of the ninth frame with Lee aboard pulled the Sweetwater Sports from behind a one-run deficit to a 11-1 victory over the Vernon Dusters. The game was tied at 10-10 at the end of the fifth and the Dusters' lead one-run lead before Bruce's mighty blow led the game away.

# Jim Prince Night Gifts

Here are your contributions to "Jim Prince Night":

Mrs. E. R. Russell, home made cake.

# Crissman Hurls 4-0 Indian Win

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JUNE 12, 1948

MOVE TO BALLINGER—

The Midland Indians open a two-game series in Ballinger Friday night. The second battle will be Saturday night. The Indians return home for an afternoon game Sunday with Sweetwater.

DEL RIO—Leland Crissman, the side-arm crossfire righthander, pitched the Midland Indians to a 4-0 win here Thursday night over the Del Rio Cowboys. Crissman limited the Pokes to two hits.

However S. Luna, chunker for the Cowboys, wasn't bad himself. He gave up eight hits and only one earned run. His mates hurt him with four errors.

The victory was Midland's second in a three-game series here. It was the twelfth Indian win in the last 14 games. It strengthened the Midland hold on first place in the loop as down San Angelo way the Colts were beating Big Spring Thursday night.

Jim Prince hit a triple for Midland. Eddie Mellillo got two knocks. Rip Collins handled 10 chances at second base without error. Prince took 13 throws at first base without a miscue.

The box score:

MIDLAND

Mellillo, 3b	4	2	2	0	1
Collins, 2b	4	1	1	3	7
Prince, 1b	3	1	0	0	0

# DOWN SPORTS LANE

With labor and materials more readily available, the nation's colleges are engaged in a wide-scale rehabilitation and construction program. In 1948 up to \$80,000,000 may be spent on sports facilities, alone. A large number of these buildings will be dedicated as memorials to students and graduates who served and died in World War II.

Large projects recently completed in the picture for 1948, include: Princeton's \$2,000,000 Herbert Lowell Dillon gymnasium; \$3,500,000 gymnasium at Syracuse; \$500,000 Memorial field house at Springfield College; \$1,500,000 basketball pavilion at Oregon State; \$2,750,000 field house at Kentucky; a \$1,800,000 gymnasium at Florida. Additions to stadiums costing up to \$1,800,000 are planned at Michigan State, Texas, Tennessee, Tulane, and Chattanooga. Middlebury College plans a new field house and Maryland a new stadium.

Fans are reminded that game time for home baseball games of the Midland Indians, starting Monday night, is 8:30 p. m.

The 5:15 p. m. starting time, in effect since the opening of the season, is getting to be a bit early. So, fans, act accordingly. Repeat, it's play ball at 8:30 p. m.

Back in 1930, the National Amateur Athletic Union began an annual award which became increasingly important to all amateur athletes.

It was in this year that the National A.A.U. decided to give each year the James E. Sullivan Memorial Award to the outstanding amateur athlete in the United States.

The purpose was twofold. One, to honor the great and revered AAU leader (Sullivan) and second, to give the Number One amateur athlete of the year the honor of winning the first cup went to Bobby Jones, golfer.

While the award is chosen for sportsmanship and influence on the young athletes of the nation it doesn't necessarily follow that the top athlete will be named. A combination of assets, some intangible, determine the final choice.

Track has proved to be the dominant sport producing the winner in 17 years of Sullivan Award history. Other sports gradually are cutting in sharply with their victors.

A female won the award in 1944 when Ann Curtis, swimmer, was named.

No one ever has been named twice.

Here are the winners, from 1930 to 1947 and the sport: Bobby Jones, golfer; Bernard Berlinger, all-around athlete; Glenn Bach, all-around athlete; Glenn Cunningham, runner; Bill Bontrough, runner; Lawson Little, Jr., golfer; Glenn Morris, all-around athlete; Don Budge, tennis; Don Lash, runner; Joe Burk, oarsman; Greg Rice, runner; Les MacNichol, runner; Cornelius Warmerdam, pole vaulter; Gil Dobbs, runner; Ann Curtis, swimmer; Felix Blanchard, football; Arnold Tucker, football; John B. Kelly, Jr., oarsman.

# Major Leagues—Bill Voiselle Becomes Braves' Biggest Winner

By BEN FHELEGAR

Associated Press Sports Writer

The magic touch of Billy Southworth is working wonders on still another ball player, pitcher Bill Voiselle.

The once disgruntled curve baller of the New York Giants has turned into the Boston Braves' biggest winner under the patient guidance of Boston Billy.

Last year Voiselle had won one and lost four, when the Giants swapped him and cash for pitcher Mort Cooper. He righted himself almost at once and won eight while losing seven for the Braves. This season he's won seven and lost three.

Wins Pair From Cubs

Two of those victories came Thursday against the Chicago Cubs. Voiselle came to the relief of Warren Spahn in the second inning of the first game of a twin bill. The Braves trailed 5-0, but went on to win 7-6. Then in the nightcap he was called upon in the ninth with the lead four to one. He put out the bid, then retired for pinch hitter Bill Salkeld. Salkeld drew a base on balls from Jess Dobernic with the bases loaded and forced in the winning run.

The pair of triumphs gave Boston undisputed possession of first place in the National League.

The Pirates took the measure of the New York Giants 9 to 8 despite four New York home runs.

Stan Musial feasted on Philadelphia pitching for the second straight game as the St. Louis Cardinals whipped the Phillies 4 to 1. Musial had a triple and two singles in three times at bat.

A's Gain On Indians

Cincinnati beat Brooklyn 5 to 3 in the other National League game.

Cleveland's front-running Indians suffered their fourth straight loss, this time to Boston 8 to 6. The Indians stayed in the game until the sixth, when Dom DiMaggio put the Red Sox ahead to stay with a home run. Ken Keltner hit his sixteenth home run for Cleveland.

The Philadelphia Athletics advanced to within two games of the Indians by defeating Detroit 5 to 2. Washington was rained out of a night game in St. Louis and New York and Chicago in the American League weren't scheduled.

# Baylor, Oklahoma Aags Meet In Semi-Finals Of Western Playoff

DENVER —(AP)— The Baylor Bears and the Oklahoma A&M College Cowboys meet Friday night in the semifinals of the Western NCAAA baseball playoffs with a dubious prize awaiting the winner—a return match with Southern California.

Each team has fallen before the mighty Trojans in earlier rounds. With these two victories, Southern California now is the only unbeaten team remaining in the Western tournament. Baylor and Oklahoma A&M stand with one win and one loss each. The loser in their battle will be eliminated.

The winner will meet the Trojans Saturday afternoon. If Southern California wins, the Trojans will be the champions. If the Trojans lose, a second, seven-inning game will be played Saturday night. Colorado State was the first team to drop out of the Western playoff, taking its second beating Thursday from Baylor 13-4.

# Wadkins Chases Menefee By One Stroke In Open

EL PASO —(AP)— The field chasered veteran professional Tod Menefee of San Antonio Friday as the Texas PGA Open Golf Tournament entered its second round.

Menefee posted a two-under-par 69 to lead the first 18 holes Thursday while defending champion Frank Champ of Lake Charles, La., did a one-over-par 72.

Seven players were within two strokes of each other when the field of 69 professionals and 45 amateurs teed off in the second round.

A stroke back of Menefee were Byron Nelson of Roanhoke, Texas, the old master; Jack Smith, Beaumont; Lloyd Wadkins, Midland and Chuck Klein, Amarillo.

Low amateur was Bill Maxwell of Abilene, who shot a 71. Sam Speer, Raymondville pro, also had a 71.

Here is the Bonanza, famous for its ability and comfort. Cruises at 175 m.p.h. Used exclusively for our charter service.

# Legion Commander's Diet: Green Peas And Speeches

WASHINGTON—(NEA)—James O'Neil, National Commander of the American Legion, swears that he has eaten more green peas in the last nine months than anyone else in the world has eaten in a whole lifetime.

That claim, Jim says, he can prove. He has saved the menus from all the banquets and luncheons he has attended. He suspects he holds the same record for baked ham and friend chicken.

In addition to his gastronomic achievements since being head of the Legion, he claims several

The earliest audiences are those made up of all Legionnaires.

O'Neil's term as Legion Commander expires next Fall. He claims that he wouldn't have missed a minute of it. When he took a year's leave of absence as chief of police at Manchester, N. H., he knew he was getting into a back-breaking, speaking-traveling job which is tough on the liver and feet. So far he's survived beautifully, only dropping one pound off his stocky frame.

A few years after it's all over, O'Neil thinks he'll even be able to enjoy green peas again.

James O'Neil: 1703 speeches in 610 cities in 44 states.

other titles. He has made 1703 speeches in 610 cities in 44 states while traveling more than 100,000 miles. For the same period of time Jim's record even tops that of presidential aspirant, Harold Stassen.

His last visit to Boston O'Neil cites as a typical day in the life of a National Commander:

"Arrive at 6:30 in the morning. Speak to 300 persons at a formal breakfast. Meet the mayor at the city hall to give a short speech accepting the key to the city. Rush to a studio for a 15-minute radio interview. Speed out to the Governor's office for a special meeting. Speak to 700 persons at lunch. Meet the city's top Legion officials for a two-hour business meeting. Break it up just as it is getting interesting for another radio speech. Rush to a reception which precedes a banquet. The banquet calls for a one-hour-and-a-half speech to 1,200 persons, which is broadcast on a big network. Leave before the banquet is over to catch a plane to the next city. Try to sleep on the plane."

Could Get Monotone: Even that routine could get monotonous. So the Legion boys along the way do their best to vary it for him.

Like the time O'Neil visited a city in Texas. They met his car at the city limits. Before he had time to even start a speech they had him on a frisky palomino pony parading through the streets, followed by a brass band. Four hours later they helped him dismount and sent him on his way.

Lying across the back seat of his car, he admitted it was the first time he had been on a horse since his last visit to Texas—in 1917 with a cavalry outfit.

The Texas experience was second only to what happened to him one dark night as he and his side were trying to reach the next engagement by car. Suddenly they found the road ahead blocked with several cars, and men flashing lights. It was the sheriff with a warrant for his arrest. It turned out to be a gag, but it was disturbing before he realized it.

Except for radio talks, his speeches are mostly extemporaneous. The topic is always universal military training, with housing, preparedness, the Legion and Communism interjected in various combinations "to give it sort of a new necktie," as O'Neil puts it.

High School Toughest: High school audiences are the toughest to talk to and impress, he says.

"Those kids hang on to your every word just waiting for a mistake in your facts or grammar and ready to smirk at you when you do make a boner," O'Neil explains.

## New Home Furniture Company Co-Owner, Family, Moving Here

George Stewart, new manager and co-owner with G. C. Hardwick of the Home Furniture Company, 108 North Baird Street, has arrived to take over operation of the Midland firm and is in process of moving his family here from Houston.

He plans to buy a home in Midland as soon as possible, he said. He and Hardwick, owner of the Hardwick Furniture Company in Odessa, recently purchased the business from J. B. Hanks.

Mrs. Stewart now is in Houston, making final plans to move here. Stewart has been associated with leading furniture concerns in Houston for 20 years.

A daughter, Roberta, 11, will enter school here this Fall, Stewart said, and the family is looking forward to making new friends and becoming a part of the social as well as business life of Midland.

Mrs. Stewart is a sister of Otis Canon of Odessa, who is well known in this area.

A complete remodeling and restocking program is planned to make the store one of the finest and most attractive concerns of its kind in the Southwest, he said.

# Mexicans Are Greatest Immigration Violators

By ROWLAND EVANS, JR. WASHINGTON—(AP)—By land, sea and air thousands of aliens are trying to get into this country illegally.

Some make it. Most do not. The swarm of foreigners streaming to and across the borders has reached an "unprecedented volume," according to the immigration and naturalization service.

In 1944 more than 33,500 were caught by border patrols and sent back.

In 1946 the number was 100,785. If the current rate of apprehensions is maintained for the rest of this year the number will exceed 300,000, a 100 per cent increase in two years.

Mexicans are the greatest offenders against U. S. immigration laws. What are those laws? Briefly, no

alien may come here who is an illiterate, an alcoholic or a convicted laborer, or if he believes in polygamy, has traces of insanity or various contagious diseases, has a criminal record, has been deported before or is a vagrant.

There are a few other reasons he may be barred. Perhaps the best known is membership in any organization advocating violent overthrow of the government.

Legal Entry: Any citizen of a country (not a colony) in the Western Hemisphere can legally enter this country by meeting the conditions and paying a small fee. There is no waiting list, no immigration quota.

But in other countries all over the world whose citizens are eligible for naturalization we have set up immigration quotas. These drastically restrict immigration.

Citizens of Greece, Turkey, Iran, and many other countries must wait an indefinite period before their turn will come on the quota list. In some cases the "indefinite period" will run for more than 50 years.

About 25 other countries (England, Switzerland, Norway, Holland) and others have not exhausted their quotas. Their citizens could come here tomorrow.

By far the greatest illegal entry activity is along our 2,000-mile Mexican border. Why Chinese and Spaniards, as well as Mexicans and other aliens, use every trick in the book to dodge our armed patrols and get safely across. Murder and sudden death consistently strike down our 550 frontier watchdogs. Since 1924 when the patrol was first

authorized, 24 patrolmen have been killed by law-violators along the Southern border. Five inspectors were slain before the patrol was authorized.

Only 11 have met death on the Canadian border, where illegal immigration is negligible.

Aliases traveling by land use two methods of avoiding patrols.

1. They hire transportation to smuggle them through regular "Ports of Entry" on highways and bridges concealed in secret compartments of trucks and automobiles.
2. They hire native guides and cross at isolated points far away from regular entry ports.

Patrol Strategy: The strategy of the patrol is to lie in wait north of the border at intersections of highways and bi-

ways where they know illegal entrants are likely to pass. Patrolmen are skilled in the art of tracking, can often tell to the hour when a truck was made and the speed of the traveler.

Two-way radios, routine equipment for the border patrol, allow information to be relayed ahead. Two-man pioneer movements are often used to trap parties of immigrants known to be coming.

Other aliens come illegally to this country by sea. Three methods are used.

1. Smuggling on a ocean liner or freighter.
2. Signing on as crew and jumping ship permanently. A Greek ship arrived in New York early last year with a crew of 242, left with one of 80.
3. Hiring a small boat and getting dropped off at an isolated place along the coast. Cuba is the starting point for many of these smuggling expeditions.

Officials say that as soon as shipping accommodations between here and Europe become more available there will be a big step-up in illegal immigration.

They expect, too, a big increase in the number of aliens who will use the airplane. They say the airplane is the "most difficult means of smuggling to intercept."

Border patrolmen recently broke up an air-smuggling ring which brought at least 19 Chinese and four Europeans to various airports in the East. Each passenger paid the smugglers between \$600 and \$1500.

**AUTOMOTIVE HINT**  
Sometimes back pressure on the oil pump will cause a knock-in the pipe leading to the oil gauge. This can be eliminated by removing a short section of the pipe near the pump or oil distributor and installing a piece of six-ply rubber hose.

11:30 a. m.: Radio program  
Sunday  
9:45 a. m.: Sunday School  
11:00 a. m.: Church Service and the Lesson-Sermon, "Is the Universe, Including Man, Evolved by Atomic Force?"  
The Golden Text is: "Though there be that are called gods, whether in heaven or in earth, (as there be gods many, and lords many.) But to us there is but one God, the Father, of whom are all things, and we in him" (1 Corinthians 8:5,6).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thus saith the Lord, thy Redeemer, the Holy One of Israel: I am the Lord thy God which teacheth thee to profit, which leadeth thee by the way that thou shouldest go" (Isaiah 48:17).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God expresses in man the infinite idea forever developing itself, broadening and rising higher and higher from a boundless basis" (page 258).

**GREENWOOD BAPTIST CHURCH**

11:00 a. m.: Morning Worship.  
7:30 p. m.: Evening Worship.  
**Wednesday**  
8:00 p. m.: Prayer service.

# Seed-time and Harvest

Billions have trod the roads and trails of the world, but only a few pause to consider that out of the lowly soil on which they tread comes all that sustains the physical life upon our planet.

People go their thoughtless ways and pursue their selfish ends, but behind it all the kindly processes of Nature go on and a gracious Providence brings sunshine and rain, seed-time and harvest.

From these sunny fields comes the bread of the people and food for every living thing. It is no wonder that from primitive times man has celebrated the Harvest season with festivities and religious devotion.

And why should not the smiling abundance of our fields bring thoughts of God and thankfulness for His goodness? We are too prone to take the gifts of Nature for granted and forget the Giver.

Sunday will be an excellent time to attend the church of your choice and join in fervent thanks to God for our fruitful fields and rich abundance.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday	..... Deuteronomy 10:1-15
Tuesday	..... Psalm 15
Wednesday	..... Psalm 25
Thursday	..... Psalm 100
Friday	..... Psalm 138
Saturday	..... Luke 14:1-15

If you desire a schedule of readings for the year write to American Bible Society, Dept. U, 450 Park Ave., N. Y. 22, N. Y.

# Nobody Loves Forever

By Margaretta Brucker

XXXIII

A DOZEN times before the bus reached the hospital Jessica lost her courage. A dozen times she berated herself for a fool even to imagine that the girl who lay in the hospital, disfigured and unwilling to disclose her identity, could be Lucy. Even when she left the bus and crossed the street, with the wind whipping her skirts about her and tearing at her hair, she was uncertain. She was still uncertain when a little later she was ushered into a warm, brightly lighted office.

She guessed that she was not the only person who had visited the hospital with information. There had been others, the pretty nurse who conducted her, explained. So far nothing of value had been discovered. She sat and waited for 15 minutes by the round electric clock on the wall, growing every minute more tense.

Then a gray-haired woman sat opposite her and Jessica's confidence returned under the superintendent's kindly questioning. She listened intently as Jessica told the story of the ring.

She nodded encouragingly from time to time as Jessica described it. The pattern in which the stones were set and the inscription inside the ring corresponded with the ring the injured girl wore, she admitted.

Jessica's eager eyes were bent upon the superintendent's face. She told the story of the ring's sale and the name of the jeweler who bought it. Then she hesitated. Now came the most important fact of all, the one which would give a clue to the girl's identity. There must be a definite link between the purchaser of the ring and the unidentified girl who lay in a room in the same hospital.

The woman opposite noticed her hesitation. "Go on," she urged. Jessica's dark eyes deepened as she said, "I know the man who wanted to buy the ring."

She followed the woman from the office and down the long corridor to the elevator. A cold chill of apprehension swept over her as they left the elevator and her heels tapped down the long, echoing, hospital corridor. They crossed in front of a door. A nurse slipped out.

The superintendent explained that she planned to visit the patient for a moment or two.

The door opened. They stood inside a room with one studded lamp beside the high bed. The girl who lay there never moved.

The superintendent motioned to Jessica to follow her as she moved forward. Jessica caught a glimpse in detail: the slight figure concealed by the bedclothes, a bit of blond hair which showed beneath the bandage that covered practically her whole face, the closed eyes.

What would it mean to learn that this girl was Lucy? Trouble. Grief. Jessica took a step backward. The superintendent said firmly, "Speak to her. If you have anyone in mind, speak her name."

Jessica's lips were stiff and trembling. She came closer. She bent over the bed, and suddenly the tight lids flew open and just for an instant a pair of agonized gray-blue eyes looked deep into her own.

"Lucy!" She pushed past the superintendent's stout figure and stood so close that she could catch the hurried breath of the injured girl. "Lucy!" she cried despairingly.

The lids covered the betraying blue-gray eyes.

"Lucy!" She had her voice under control now. "Please—Tom's home, Lucy. He needs you."

There was a slight flicker of the eyelids. The superintendent said, "Come with me." She led Jessica into the hall outside. "I can't let you stay any longer," she said, "but we'll try to do what we can to persuade her to see you again. Call me this evening. I may have news for you."

# McKenney on Bridge

By WILLIAM E. MCKENNEY  
America's Card Authority

At a dance given recently at the South Hills Country Club in Pittsburgh, Pa., for the purpose of starting a unit of the Children's Cancer Fund in that city, I met some ladies who are members of the South Hills Civic Club. They told me that they have a bridge club.

I asked one of the ladies the name of the club, and she replied, "We don't have a name."

So today's hand is from the bridge club without a name. Mrs. Elizabeth Kinchloe, a member, wanted to know how it should be bid. I knew this was dynamite—the lady had red hair. I finally

# English Trains Will Be Painted Split-Milk

LONDON —(AP)— If Britons want their newly-nationalized trains dappled with plum and split-milk paint, it's OK with the railroad. They can even have some nice bright maroon lined with golden yellow-black-golden yellow. (That's pink, too.)

It's all part of a scheme to discover what colors the public likes best, British railways says. "During the summer 14 mainline and cross-country express services will be striped by trains painted in experimental colors."

Sample treatments for main-line corridor trains: "plum and split-milk lined with bands of yellow-maroon-yellow separated by lines of split-milk." Express engines: "blue with lining of red, cream and grey." Local suburban steam trains: "maroon lined with golden yellow-black-golden yellow."

# Warsaw Grows Again

WARSAW, POLAND —(AP)— Although war-ravaged Warsaw has an acute housing problem, Poles still are flocking into the capital from all parts of the nation. The city's population is 588,771. Its pre-war figure was 1,289,000.

The external human ear contains three muscles, but most people have no control over them.

# German Universities Get American Students

BERLIN —(AP)— American students are again enrolling in German universities for summer courses. More than 120 American students are enrolled for study at the universities of Marburg, Munich and Heidelberg in the U. S. zone of Germany. In addition, 600 applications have been received by the educational division of the American Military Government from students in Sweden, Holland, Belgium, England, France and Switzerland.

The courses open July 24. They are intended to foster international understanding among university students. Organized around a general theme such as "Man in Today's World," they are conducted in political science, economics, sociology, history and comparative religion.

boats are towing a house in an effort to rid the Union Avenue area of derelict homes.

Taft-Stassen
'Deal' Rumor
Arises Friday
By JACK BELL.
PHILADELPHIA (AP) — The
possibility of a deal bringing sup-
porters of Senator Robert A. Taft
and Harold E. Stassen together in
Republican presidential balloting
arose Friday out of pre-convention
conference.
Aides of Taft and Stassen were
reported meeting secretly in an effort
to work out an agreement by which
the former Minnesota governor
might consent to help the
Ohioan's bid for top spot on the
GOP ticket to be picked here next
week.
Those who sat in these meetings
had no official sanction from the
candidates themselves, who were re-
ported prepared to deny that they
were engaged in such maneuvers.
The informal conferences were
described by both Taft and Stassen
backers as being fenced in "with
conditions that easily might make
any agreement possible."
Three candidates for the post were:
As outlined to a reporter, these
were:
1. Stassen will not join any com-
bination until the possibility of his
own presidential nomination has
been explored thoroughly in early
balloting.
2. The Minnesotan's first choice
is to switch to Senator Arthur Van-
derberg if the Michigan lawmaker
still figures materially in voting at
any time Stassen might decide that
he has lost his own chance for the
nomination.
3. The timing must be such that
it not only would head off any
possible bandwagon movement to-
ward Gov. Thomas E. Dewey of New
York but also would squeeze out
potential darkhorses such as House
Speaker Joseph Martin.
While these maneuvers were go-
ing on, Dewey supporters busied
themselves building up the conten-
tion that the New Yorker is all but
in.
Herbert E. Brownell, Dewey's
chief aide, sings this theme song at
two-a-day news conferences. The
New Yorker's supporters see that it
is amplified in the already crowd-
ed hotel lobbies.

Probe-
(Continued from page 1)
the plane veer upward, too late.
It shattered against a 60,000-volt
power line and exploded. Bodies,
baggage and plane parts were
strewn everywhere.
"The whole scene was like a liv-
ing hell," said eyewitness Harry
Stibitz. "Flames and smoke flew
about 90 feet in the air."
The tragedy was the fourth
worst plane crash in domestic air-
line history.
Two infants were among the 38
passengers and four crew members
killed Thursday.
The accident scene was roped off
and coal miners from a colliery
nearby, trying to get the bodies,
the plummeting plane helped
searchers comb the area for body
fragments.
Experts Investigate
"It is as bad a mess as I have
ever seen," said Joseph O. Fluett,
chief of region one of the Civil
Aeronautics Board. Fluett arrived
from New York a few hours after
after the disaster to head the
CAA's investigators.
He was joined by experts from
the United Airlines, Douglas Air-
craft Company, manufacturers of
the big plane and the Airline Pil-
ots Association.
Representatives of the airlines
and state police spent most of
Thursday night going through the
belongings of the passengers and
crew. They found, among other
things, a wallet containing Car-
roll's name and \$1,024 cash. And
they also found a baby's purse with
a penny inside.
All of the bodies were taken to
the Joseph Stutz Funeral Home in
Centralia, Pa. United said it would
fly special planes for relatives to
identify the bodies.
Cotton Consumption
Drops; Supplies Rise
WASHINGTON (AP)—The Cen-
sus Bureau reported Friday that
cotton consumed during May total-
ed 788,445 bales of lint and 86,883
bales of lintless.
This compared with 829,730 bales
of lint and 97,458 bales of lintless
consumed during April of this year,
and 807,138 bales of lint and 80,-
423 bales of lintless consumed dur-
ing May of last year.
Cotton on hand May 31 included:
In consuming establishments, 2-
006,617 bales of lint and 250,908 bales
of lintless, compared with 1,929,699
and 248,925 a year ago.
In public storage and at compress-
es 2,232,274 bales of lint and 75,-
816 bales of lintless, compared with
1,842,566 and 71,773 a year ago.
House Okeys Interior
Department Money Bill
WASHINGTON (AP)—The
House approved quickly Friday the
measure \$407,838,974 Interior
Department Money Bill for the year
starting July 1.
The measure went immediately to
the Senate for action.
The House agreed to about a
score of minor Senate amendments
in disagreement between the con-
ferees. Several amendments must be
acted on by the Senate.
The bill includes \$81,085 for the
Rio Grande project in New Mex-
ico and Texas.
Negroes Demand GOP
Plank On Civil Rights
PHILADELPHIA (AP)—National
negro leaders severely criticized the
Republican party Friday and de-
manded a strong civil rights plank
in the GOP Resolutions Committee
that the Republicans had pre-
sented to the national convention
next week, appeared to be moving
toward what the negroes were ask-
ing for—pledges of support for
anti-lynching, anti-poll tax and
fair employment laws.
Walter White, executive secre-
tary of the National Association
for the Advancement of Colored
People, a subcommittee of the
GOP Resolutions Committee,
said the Republicans had pre-
sented to the national convention
next week, appeared to be moving
toward what the negroes were ask-
ing for—pledges of support for
anti-lynching, anti-poll tax and
fair employment laws.
Walter White, executive secre-

Bond Issue-
(Continued from page 1)
for students and teachers to use.
Citizens other than board mem-
bers attending the meeting included
E. H. Barron, W. I. Pratt, Jack
Wicker and Tom Sloan.
After voting to call the election,
the board made an agreement with
W. J. Jackson of San Angelo, rep-
resenting the Central Investment
Company, to handle proceedings
Jackson has handled the last two
agreements to purchase the bonds, if
voters approve them, at interest
rates of 2.75 per cent for the first
10 years and 3.25 per cent for the
last 20 years, with an average rate
of 3.02 per cent and with all the
long-term bonds callable after 15
years.
The school expansion program to
be paid for by this bond issue calls
for addition of four rooms to the
West Elementary School and four
rooms to the South Elementary
School; construction of a high school
and a junior high school cafeteria,
an addition to the Latin American
and Carver Schools.
The costs of these projects are
listed as follows:
West Elementary—\$55,417.45;
South Elementary—\$63,212.45; gym-
nasium—\$245,070.15; shop—\$14,-
400.15; cafeteria—\$65,899.50; junior
high school, arrangements—\$6,000;
Latin American School—\$5,000; Car-
ver School—\$5,000.
Baseball Day And
Jim Prince Night
Monday has been declared "Base-
ball Day" in Midland. Also "Jim
Prince Night" has been designated.
The Kiwanis Club is sponsoring two
events of observance—an all-civic
luncheon to be held at noon in the
Scharbauer Hotel and a ceremony
at the ball park that evening.
Persons or firms wishing to con-
tribute gifts or cash to Jim Prince's
showers from his Midland fans and
friends should contact the Chamber
of Commerce, Carleton & Brumbe-
low or The Reporter-Telegram.

Arab Heads UN
The new president of the UN

stration agent, San Angelo.

U.S. Decision-
(Continued from page 1)
quantity of steel involved than any
other pending project.
The department emphasized that
in postponing consideration of 14
percent for Trans-Arabian (the
Saudi-Arabian project) until early
September it is not barring the
company from licenses to export ma-
terial, other than heavy pipe, which
may be required "to continue con-
struction of a reduced basis, using
pipe on hand in the area."
Oil & Gas Log-
(Continued from page 1)
14, 300, 5 H&C survey, ran a
two hour drillstem test in the El-
lenburger at 9,179-9,250 feet.
Recovery was 50 feet of drilling
mud, and 4,120 feet of sulfur wa-
ter. There were no shows of oil or
gas in the test.
A Schlumberger survey was to
be run. It is expected that the
operator will plug back to test the
upper 120 feet of the Ellenburger,
which developed some free oil or
two drillstem tests before wa-
ter was encountered.
GAINES DISCOVERY FINDS
WATER IN SAN ANDRES
Cities Service Oil Company and
The Atlantic Refining Company
No. 1 Proctor, in West-Central
Gaines County, 10 miles northwest
of Seminole, and 1,980 feet from
north and west lines of section 355,
block G, CCSD&RGNG survey,
ran a two hour drillstem test at
5,200-90 feet, in the San Andres-
Permian.
The tool was open two hours.
There was a slight blow of gas at
the surface after one hour and 20
minutes. Recovery was 13 stands
of sulphur water. There were no
signs of oil or gas in the fluid re-
covered.
The project showed considerable
free oil, and some oil and gas cut
mud, in drillstem test on the
horizon at 5,090-5,203 feet. Some of
the oil, and drilling fluid was
headed out of the drill pipe after
the first test.
It is thought that the venture
has enough pay above the water to
make a well. However, it may be
decided to continue to project on
down to at least 5,500 feet, to test
through the lower Permian.

Jewish Leader Says
Peace Prospects Dim
TEL AVIV, ISRAEL (AP)—Prime
Minister David Ben-Gurion took
a dim view of long range peace
prospects for Palestine and even
doubtful hostilities can be staved
off until the four-week truce ends.
He expressed this view before
the Israeli Provisional State Coun-
cil Thursday night after talks with
Count Folke Bernadotte, United
Nations mediator.
The prime minister said the Jews
are ready to participate in peace
talks at Rhodes "as full-right
partners, but we are not sure if
the Arab leaders and their foreign
advisers also are interested in peace."
"We hear," he said, "the British
will accomplish cessation during
the month of June and at that
time we can expect renewed Arab
attacks on Israel from the land,
sea and air."

Floyd Coles Speaks
At JayCes Luncheon
Floyd Coles, Midland real estate
man, was guest speaker at a meet-
ing of the Junior Chamber of
Commerce Friday noon in the Amer-
ican Legion Hall.
A barbecue luncheon was served.
Boles' subject was "Lemonade."
He drew an analogy that lemon-
ade must have a principal ingredient
and so must a city, state or na-
tion. He said the principal ingredi-
ent of a city, nation or state
should be "vision."
Committee leaders of the JayCes
for 1948 work were announced. They
are, with committees named: Keith
Stuart, agriculture and child wel-
fare; Thornton Hardy, American-
ism; C. R. Vandervoort, aviation;
Boyd Ridgway, Christmas activities;
Red Petty, extension and inter-
club relations; Rocky Ford, in-
nances; Frank Hawk, personnel and
membership; Ernest Neill, program;
James Mims, public health; Bob
Oblat, publications and public re-
lations; Frank Wood, social affairs;
Pete Hensy, sports.

Air Force Gets Fourth
Convair B-36 Bomber
FORT WORTH (AP)—The Air
Force was scheduled to accept Con-
vair's B-36 No. 4 and deliver it to
the Air Materiel Command Proving
Ground at Eglin Air Force Base
in Florida Friday.
Maj. S. P. Dillon, deputy chief
of the Air Force Procurement Field
Office, said a cold weather test
would be made of the plane.
He explained that one B-36 hangar at
Eglin Field is equipped to test the
maintenance and operation of the
giant six-motored bomber at temper-
atures down to 72 degrees below
zero, north pole temperature, with
the proper humidity.

Jasper Named Top FFA
Chapter; Alpine Third
HOUSTON (AP)—Jasper's chap-
ter of the Future Farmers of
America Friday was named the
outstanding unit of the organiza-
tion in Texas the last year.
Other chapters receiving recognition
at the FFA annual state
convention were Harlingen, second;
Alpine, third; Clifton, fourth, and
La Grange, fifth.

Cotton
NEW YORK (AP)—Friday noon
cotton prices were 35 to 70 cents
a bale lower than the previous close,
July 30.25, October 32.17 and De-
cember 32.58.

Dewey Manager Claims
Pick Up Of 25 Votes
PHILADELPHIA (AP)—Herbert
Brownell, manager for Gov. Thom-
as E. Dewey, claimed Friday he
New Yorker had picked up 25 ad-
ditional delegates since Thursday
for the Republican presidential
nomination.
The Dewey manager said the
overnight gains came in three
states which he would not name.

Black Indians To
Play Black Aces
The Midland Black Indians were
scheduled to play the Lovington,
N. M. Black Aces at 8:30 p. m. Fri-
day in Indian Park.
Saturday afternoon at 2:30 the
Black Tribe is slated to play the
same team.

Dead Spot
There is a place where nothing
has weight, where there is no "up"
or "down." This place is about
100,000 miles from the earth's sur-
face, the direction of the sun.
The gravitational pull of the earth
and the sun are equal at this point.

United Mine Workers President John L. Lewis, left, is stopped by Federal Mediation Director Cyrus S. Ching, right, at the door to Ching's Washington office and told that the conferences aimed at reviving soft coal contracts would be held on the first instead of the third floor. Lewis was heard to grumble, "What's the matter? Don't you have enough money to rent a room?" At center is John T. Jones, a UMW official.

### Dad, Makes Own Suggestions On How To Celebrate His Day

By The Associated Press  
DEAR FAMILY: At first, I thought a Communist spy plot was cooking around the house, the way you have all been whispering and scuttling around. Now I've remembered Father's Day is in the offing. I'll doze myself with the after-shave lotion. I'll wear the tie clip at least once. I'll certainly use the golf balls. And I'll probably tear up this letter and you'll never, never see it.

—to be kept (the resolutions, for I'll put the lists in my safe deposit box) for a solid year.  
I'm starting with some suggested resolutions for your mother, kids, but I'm going to give her a going over first, only because she joint head of the house and it's more polite that way—the way you always serve the guest of honor first. Not to look my gift horses in the mouth, some things like the following would make every day Father's Day:  
1. Razor blades, if used to rip hems, cut linoleum or sharpen pencils, will not be replaced in the razor.  
2. My new sweater should remain my exclusive property. But if it is borrowed, it will not be left in the high school locker for more than overnight.  
3. All and any damage to the automobile, including ripped fenders, will be reported to me, and not quietly repaired with funds saved from the food budget (that month of meat-loaf last winter did not fool anybody).  
4. If Nancy insists on sitting with the neighbors' children, the neighborhood parents (and not me) be required to escort her home.  
5. Playing of Be-bop records will be limited to two hours daily, preferably during daylight hours, with no repeats under a half-hour apart.  
6. The bathroom shower rack will be reserved at all times for the shower curtain, not female unmentionables and silk stockings.  
7. My old gabardine golf pants will not be sent to the cleaner's without consulting me, nor will they be locked in a trunk in the attic. The same applies to my old woolen bathrobe which has been a good friend all through my married life.  
8. The lawn mower will be oiled semi-annually or Jack will forfeit his mowing money.  
9. Afternoon bridge sessions will be terminated 15 minutes before my scheduled time to arrive home, and dinner those nights won't be left-over salad and parfait.  
10. Steak and french fries will be served at least once a week.  
11. Parties given by Nancy or Jack for their friends will be arranged at least 24 hours in advance, or at least long enough for me to make plans to play poker with the boys.  
12. Socks in my bureau will have no holes in them; shirts will have their full complement of buttons—or they won't be in the drawer.  
13. There will be an oversupply of bath towels in the bathroom at all times, and guest towels will be out only when there are guests actually in the house.  
14. And if my tuxedo must be borrowed by Jack, SOMEONE will see that (a) the shirt is sent to the laundry and (b) studs and links are returned to that little black box in the right-hand top drawer.  
—DAD.

### Rain Postpones Robinson-Docusen Melee Until Monday

CHICAGO —(AP)—The battle for the world's welterweight championship must hang in the balance until next Monday night.  
The bout between Ray "Sugar" Robinson, 147 pound titleholder, and his challenger, Bernie Docusen, the swiftest from New Orleans, was put over until Monday because of a drizzling rain and heavy overcast Thursday night. They were to have met in a 15-round title bout in Comiskey Park, home of the Chicago White Sox. The White Sox are using their ball park the next three days, with Monday being the first vacant day.

### Eager Beaver

With a crisis over the agreements on Germany threatening France's coalition cabinet, Gen. Charles deGaulle has offered to assume the leadership of the country. DeGaulle criticized the six-power German plan as containing "gravest risks for France, for Europe and for peace." He said he is "ready" to step in.

### California Child Dies In Crash Near Pecos

PECOS — A 15-months-old girl was killed and three persons hurt in an auto collision 16 miles east of Pecos Wednesday night on U.S. Highway 80.

Dead was Joyda Hartman, infant daughter of Mrs. M. E. Hartman of San Pedro, Calif. Injured were Mr. and Mrs. Zachery Stephen Davidchik, Sherman, and R. T. Fry, Concor, N. C. Mrs. Davidchik's injuries were reported to be serious.

The crash occurred, said Highway Patrolman C. A. Cockrell, when the Ford convertible coupe carrying the Davidchiks and Mrs. Hartman and child collided head-on with a Chevrolet coach driven by Fry. Both cars were demolished.

### Polk Slaying Called 'Political Murder'

NEW YORK —(AP)— Mrs. George Polk says she thinks the death in Greece of her son, CBS Radio Correspondent George Polk, was a "political murder."  
The Fort Worth, Texas, woman, who returned Thursday from Athens, told a news conference Greek police are having a "tough time" investigating the slaying.  
"Those who are in any way connected with the case," she said, "are afraid to open their mouths."

1,000 DIE IN EARTHQUAKE  
NANKING —(AP)— More than 1,000 Chinese were killed in a series of earthquakes which demolished the mountain village of Lihwa last month, the Central News Agency reported Friday.

### Texas League— Buffs Lose To Cats As Oilers Roar Upward

By The Associated Press  
The Tulsa Oilers were roaring like a gusher in the Texas League race Friday.  
Just a half-game from the top were the dashing meps of Al Vincent as a result of their fifth straight victory over the Shreveport Sports, whom they beat 6-5 Thursday night.

### Kittens, Dog Die; Cat Mothers Puppies

LONG BEACH, CAL. —(AP)— There's a beautiful friendship ripening at the home of Mr. and Mrs. Clifford Daniels.  
Gay is a cat. Gnat, Candy, Lucky, Happy and Spike are Chihuahua pups.  
Gay recently had her first kittens. All died. The next day Sandy, a Chihuahua, had five pups. Sandy died.  
The Daniels, with crossed fingers, introduced Gay to Sandy's litter. They made friends immediately. Gay's happy. So are the pups. So are the Daniels.

### CHINA DECREES DEATH FOR 23 RICE RIOTERS

NANKING —(AP)— Death was decreed Friday for 23 rice rioters in Chungking.  
Several thousand persons looted Chungking grain shops Thursday.

### BIRD RITUAL

"Bird anting" is an ornithological riddle. For reasons yet unknown, many species of birds have been observed in the peculiar ritual of grasping an ant in their beak, and rubbing it vigorously on their feathers. The performance has been given the name, "bird anting."
