Today's heat won't last forever. And if Old Ma Nature does her stuff on schedule, there'll come a day when you'll be worried about ice on your windshield instead of listening to it tinkle in your cooling drink. But you needn't worry if you have this new de-icing windshield glass, developed during the war. Violet Valencic, in Toledo, O., shows how the heat-conducting glass clears the windshield of a thick ice crust, which still coats the car's body.

Earthquake Levels Japanese City 5,000 Casualties **Estimated As Fire Follows Tremors**

Telephotos and Best Features

TOKYO-(AP)-Earthquake and fire late Monday destroyed the city of Fukui, 200 miles west of Tokyo, causing undetermined but possibly heavy loss of Japanese lives.

Japanese newspapers guessed the casualty total at 5,000 dead and injured, but American occupation authorities said no estimates were possible.

The small U.S. Military Government unit in Fukui reported all American personnel were safe but that they lost most of their belongings when fire destroyed the headquarters and other buildings.

MAJOR LEAGUES-Boston's Sox Set Torrid Pace In Climb To AL First Division

By JOE REICHLER Associated Press Sports Writer The old familiar cry of "Stop those Boston Red Sox" is being heard once again around the American League.

During the last month this has been the most Herculean task in baseball. Monday, with 17 victories in 22 starts during the month of June, the Sox are firmly entrenched in the first division only five and a half games behind the pace-setting Cle-

veland Indians. In four weeks, the Red Sox have gained five full games on the Indians, and six on the second place Philadelphia Athletics. Joe McCarthy's climbers also have gained three games on the third place New York Yankees despite the Bronx Bombers' \$15 pace this month. The Red Box moved another full game nearer the top Sunday when 24 .619 they swept a doubleheader from the Browns, 2-0 and 6-3 in St. Louis.

The American Legion Junior Baseball team and its sponsors wish to thank Harold Webb, owner-manager of the Midland Indians, for his support and cooperation.

Who Is Out Of Step?

Those who can remember back to World War I may recall a song called "They Were All Out of Step but Jim." Change the Jim to John and it might serve as a theme song for Representative Taber, chairman of the House Appropriations Committee and the man who wielded the big knife in trimming the ECA aid budget.

That appropriation is the fruition of the Marshall Plan. And the Marshall Plan was the subject of 10 months' discussion, inspection, hearings and debate. Taber was in on all of it. He even took a quick trip to Europe and returned with the surprising news that there was no hunger abroad.

This was at variance with the findings of most of his colleagues who took a similar junket, as well as the findings of other visitors to Europe. But apparently the rest of the company was all out of step.

The money needed for foreign aid and the amount and kind of goods it should buy were determined only after Graham Child, Lost and kind of goods it should buy were determined only atter exhaustive inquiry. European governments told what they needed. The President and his advisers struck a new balance. Then Congress took a long and sharp look at this Harm In Ramblings tremendous want-list. The final figure decided on was no rubber stamp of anybody's dictation. It appeared to be a GRAHAM, TEXAS -(P)- Little gambling and handbook spot Saturfair, intelligent and realistic compromise.

Then—hay foot, straw foot—along came Taber. With the blessing of the House leadership he started swinging the bigs of the House leadership he started swinging the total age, is safe back home with his parents after wandering alone for 24 hours on the open trap in Cook County history. the knife. When he got through a lot of people were up range. in arms, including many of his fellow Republicans.

Dewey-

(Continued from page 1) and added that he hoped China and Russia might be brought into it. Dewey supporters claim that these public declarations made him the first major political figure to come unse major political figure to come out fistly for permanent American active membership in the family of actions after World War II. During the 1944 campaign Dewey stood squarely behind Roosevelt's goals, while criticizing his methods.

He refrained from charging the

President with having known about Pearl Harbor in advance, and failing to take precautions, because gins about August 15 when the rag-that would have let the Japs know weed pollen appears in the air in

Mrs. Hodge of Midland Named Commander Officials Of Cancer Field Army Work in 21 Counties an effort to obtain an order from Preprint Stallin which would reverse

HOUSTON. - Mrs. J. Howard be the organization of active Hodge of Midland has been named county units in 21 lower Panhandle Field Army commander for Dis- counties making up District 2.

trict 2 of the American Cancer These units strive to educate the Society, Texas Division. public with proven facts about can-Announcement of Mrs. Hodge's ber and the need for estehing it in election was made by Mrs. Joseph its early stages. They busy them-M. Perkins of Eastland, commander selves with efforts to tell people of the Field Army in Texas. of the cancer danger signals and

the fact that much cancer can be cured if caught in time.

> Mrs. Hodge, a trustee of the Midland Memorial hospital now under construction, is active in civic and women's club work there. She is the only woman ever named trustee of Howard Payne College. and is a graduate of that school at Brownwood and of the University of Colorado.

She is a member of the executive committee and a past first vice president of the Texas Federation of Women's Clubs. She has served as president of several Midland clubs and is a Sunday School teacher at Midland's First Baptist Church.

The district which Mrs. Hodge eads is composed of the following The Field Army is a layman's counties:

who has graduated from high school or who can pass equivalent education examinations. Under a new ruling, you may now enlist in the U.S. Army for the specific purpose of attending Officer Candidate School, provided the quotas are not fillid.

You must be a citizen of the United States, and a man of high moral character, able to meet the necessary physical requirements.

To take advantage of this unusual privilege, you may submit your applicat on to the Commanding General of the Army area in which you live. If you are selected, you will be enlisted in the Army as Staff Sergeant. If you have not had basic training or its equivalent, you will be given this training before entering Officer Candidate School.

If you are a successful candidate, you will be commissioned as Second Lieutenant in the Officers Reserve Corps and placed on active duty for two years, during which time you may compete for a Regular Army Commission. Should you fail to complete the course successfully, you will be released from the Army

The opportunity to qualify for Officer Candidate School is, and has been, open to men in the Army. But never before during peacetime has such a remarkable opportunity to become a commissioned officer

been open to civilian high school graduates. Get all the facts about it today at your U.S. Army and U.S. Air Force Recruiting Station.

just glance through the advertisements in this paper.

Look at them not just to see what goods or services you want to buy. Look at them in relation to your own job and future.

These ads-and all the advertising that you read and hear-are busy selling goods and services.

Now all the businesses and all the pay checks in America depend ulti.

yet devised to sell goods. So advertising is what makes jobs, what makes more and better jobs, what gives you security and a chance for promotion.

So be glad that business spends money for advertising. Be glad Americans read and listen to it-like it as well as the editorial material itself.

For by selling goods, advertising keeps a business humming. And that's mhat makes ishe in
