## Russian-Allied Agreement Is Believed Near

### Extension Of Talks At Moscow Brings Note Of Optimism

MOSCOW—(AP)—A qualified source said the Western envoys and Russia have reached a general area of agreement during talks climaxed early Tuesday by a four-hour and 40-minute Kremlin interview with Prime Minister Stalin.

The informant said technicalities lie ahead for adjustment but that these are not trifles and will require considerable negotiation.

U. S. Ambassador Walter Bedell Smith emerged from Kremlin in a buoyant mood and declared "We're going to have more meetings." He added later:

"We're always optimistic. We expect the best and prepare for the worst."

The envoys have been trying since late July to find a basis for lifting the land blockade Russia imposed on Berlin and for four-power talks on Germany and perhaps other problems in Europe.

The informant said the seven Kremlin conferences, two of which included Stalin, have a "fair chance" of resulting in a solid agreement.

WASHINGTON—(AP)—Secretary Marshall and his chief State Department aides Tuesday studied Ambassador Walter B. Smith's report on the latest Kremlin meeting of the Western envoys with Prime Minister Stalin.

The report came in from Moscow during the night, officials said. Presumably it was relayed to President Truman, who is cruising aboard his yacht, the Williamsburg.

He said prospects are far better now than they were at this time Monday before Smith, French Ambassador Yves Chateignau and British Envoy Frank Roberts saw Stalin.

Lowest Denominator

"Some progress" has been made, the source said, but the introduction of there is no cause for pessimism.

The source said the Western Powers and the Soviet now have reduced their terms to the "lowest denominator." Had no progress been made, the current series of conversations would have ended.

It had been stated on good authority before the meeting Monday night that the session would be the last.

Whitehall sources in London said Stalin introduced certain "new ideas" which offers hope for an East-West settlement. But the introduction of these unexplained new thoughts dispelled fears that the diplomatic exchanges would break down, the informants said.

They added that prolongation of the Moscow negotiations averted a potentially explosive international situation, at least temporarily.

Correct And Politic

It was stressed that despite the length of the talks, the delicacy of the subject and the frankness exhibited by both Stalin and the Western diplomats, there has been no loss of temper. The conversations have been correct and polite.

Indications here were that the four powers may issue a public statement shortly on the talks.

It was learned on excellent authority—

### Four Flyers Lose Lives When Planes Collide In Germany

RAVOTZHAUSEN, GERMANY—(AP)—Two American planes on the supply run to blockaded Berlin collided outside this American zone town Tuesday, killing four U. S. flyers.

Five American flyers have been killed previously in two accidents on the air run since the Russians blockaded Berlin late in June.

The planes were two-engined C-47s. They plunged into cornfield around this village, which is 14 miles northeast of Frankfurt. The planes were returning to Wiesbaden from Berlin, where they had delivered supplies. Names of the victims were withheld.

Hours after the collision, flames of the wreckage prevented removal of the bodies. Rescuers could see only one body in the tangle of debris.

A spokesman for the U. S. Air Force at the scene said, however, the Dakotas on the Berlin run carry two men each and there was no reason to doubt four men had perished.

Several German farmers reported seeing the collision. All said they saw no parachutes. One witness gave the version to Air Force investigators.

Cockpit Burns Furiously

He was working in a field when he noticed a plane flying toward Wiesbaden under a mass of rain clouds. Another plane came out of the overcast and collided with the first at an altitude of from 1200 to 1500 feet. It appeared that the nose of one plane struck the tail of the other.

The tail of one plane was missing. This one had glided upside down into a newly-harvested field on the edge of this farming town. The part near the cockpit burned furiously, but the wings were almost undamaged. The other plane landed about a half-mile farther out, side the town. It appeared to have plummeted down. Its nose was buried eight or ten feet into soft earth, and it was crumpled like an accordion.

Both planes were attached to the 5th Troop Carrier Group, the Air Force reported.

### Water Situation Again Critical

Midland's water situation again is critical, and City Manager H. A. Thomason Tuesday urged citizens to conserve water in every way possible until the pipe line to the new Wadley tract is connected early next week.

He commended residents upon their past cooperation, but added many persons apparently have not abided by the suggested watering hours the last several days. Water in the city reservoirs was at the danger point Monday morning and again Tuesday. He said the situation is more serious than at any time this year. Puddles of water were seen in gutters and street crossings Tuesday morning, indicating all-night watering by some citizens.

The suggested hours for watering lawns and gardens are from 6 p. m. to 11 p. m. only.

Thomason said tests on the new water line will be started late Tuesday or early Wednesday, and water will be turned into the distribution system by September 1. He asked continued cooperation on the part of water customers the rest of this week.

### Moving Out

Newsman clustered in background, watch as workmen carry huge painting from the Russian Consulate in New York to a waiting van, already packed with crates and boxes. Unusual moving activity precedes the departure, at U. S. request, of Soviet Consul General Jacob Lomakin.

### Russians Release American Official

Peter, five, left, and Judith, 10, right, rush forward with outstretched arms to clutch their father, Thomas Headen, American Military Government official after he was released from Russian custody in Berlin. Headen was seized by Soviet soldiers in the downtown Potsdamer Platz.

### Midland Man Dies Of Train-Auto Crash Injuries

Earnest Engelke, 41, Atlantic Pipe Line Company employe, died at 12:30 p. m. Tuesday in a Midland hospital of injuries received Monday afternoon when an Eastbound Texas and Pacific freight train struck his automobile at a crossing nine miles east of Midland.

He suffered arm and leg fractures and body injuries.

Funeral arrangements are pending.

He was alone in his automobile when it was hit by the train. Engelke said his car stalled on the tracks, investigators reported.

The accident occurred at a lateral road crossing near Highway 80. Officers said Engelke was traveling south.

Wreckage of his car was strewn for 100 feet down the tracks. It was demolished.

Trainmen told officers they believed Engelke was getting clear of his car when the train struck, but this was not confirmed.

### Football Ticket Sale Will Close Wednesday

Season tickets for Midland High School football games in the new Memorial Stadium here will continue on sale in the lobby of Hotel Scharbauer until 12 o'clock, noon, Wednesday, Louis V. Spain, coordinator of the Midland school system, said Tuesday.

The downtown sale then will be discontinued, and the tickets will be available only at the high school. The first game is September 10.

Spain said a total of 528 season tickets had been sold through Monday night. They went on sale Monday morning, with Mrs. George Philippus in charge of the ticket booth.

### Make Mine Vanilla

DALLAS—(AP)—Byers-Rolnick Hat Company of nearby Garland, Texas, plotted a way out Tuesday for the man who wagers thus-and-so "Or I'll eat my hat."

The firm announced it is joining forces with a candy manufacturer to make candy hats—in six fruit flavors—for those who have to eat their hats.

### Tough Fights Loom In 'Border States'

WASHINGTON—(AP)—Some of the toughest political battling of the presidential campaign shaped up Tuesday for seven so-called border states, including President Truman's Missouri home grounds.

An effort to capture Kentucky, which provided the Democratic vice presidential nominee in Senator Alben Barkley, apparently runs second only to the assault on Missouri Democrats in the grand strategy of the Republican high command.

Besides Missouri and Kentucky, the Republicans intend to center a lot of their campaign efforts on Maryland, New Mexico, Oklahoma, Tennessee and West Virginia.

These seven states have a combined electoral college vote of 58, only 11 more than New York alone wagers. But their capture or loss could spell the difference between victory or defeat for either party if the race between Truman and Gov. Thomas E. Dewey proves close.

Tennessee Is Hot Spot

Herbert Brownell, Jr., managing the Dewey-Warren campaign, already has emphasized the Republican interest in the border areas with an announcement that an "intense" GOP campaign will be carried on in Tennessee.

Most politicians rate the Republicans' chances of carrying Tennessee as Dewey and Warren as less favorable than any of the other border areas.

Strangely enough, some of them look on Maryland, which now has two Democratic senators, as a better GOP hunting ground than either West Virginia or Oklahoma, with one Republican senator each.

Senator Hatch (NM), who heads the Democratic Campaign Speakers' Bureau, returned from a short trip home to report his belief that "New Mexico is safe for the Democrats."

Senator Elmer Thomas (D-Okla.) said his state looks Democratic, unless a Republican sweep develops across the nation in November.

With the possible exception of Maryland, the Wallace Party shows few signs of being likely to affect the final results elsewhere among the border states.

### City Of Midland Has First Bale Of Cotton

Midland County's first bale of 1948 cotton was ginned Monday afternoon. It weighed 535 pounds.

The cotton, from the City of Midland Farms southeast of the city, was ginned by the Midland Co-Op Marketing Association.

The city farms are operated under the supervision of A. B. Cole, Sr.

The first bale is on display in front of the First National Bank, where it will be sold at auction the last of the week. A bonus usually is paid for the first bale. A cash premium list was to be circulated Tuesday and Wednesday.

### Goods, Services Output Reflects Inflation Trend

WASHINGTON—(AP)—If the nation's turnout of goods and services holds to the recent hot pace, it will amount to a quarter of a trillion dollars a year—and call for higher arithmetic to keep it straight.

The flood of goods produced and services rendered reached the annual rate of \$248,000,000 in the second quarter of this year, a Commerce Department report showed Tuesday.

That compares with totals of \$231-, \$200,000,000 for the first and \$204,000,000 for the year before.

But there were at least a couple of thorns on the rose. The department noted that:

1. A major part of the swollen volume of goods produced and services rendered was higher prices and wages. In consumer goods, especially, value—that is, prices—rose more than the quantity of things produced.

2. Industrial production—the output of factories and mines—was dipping in June as a result of shortages of material. But that was more than offset by increases in the value of farm products and of various services—by doctors, dentists, sales clerks, auto mechanics, and others.

Government Spending Up

Notable factors entering into the second quarter picture, as reported by the department, included: Government spending rose more than \$2,500,000,000 above the first quarter rate, chiefly due to European aid and state and local outlays for highways and other construction.

Private investment, on the other hand, dropped somewhat, mostly due to a slowdown in the building of business inventories.

A moderate pickup appeared in consumer spending for personal use, which had tightened up some early in the year.

Consumers had more left to spend after taxes, for one thing. The federal income tax cut which began showing up in May gave them an extra \$2,000,000,000 a year to "blow" and still keep overall savings at a little higher rate than in the first quarter of 1948.

### N-C Upton Deep Venture Tests Unidentified Zone

Magnolia Petroleum Company No. 1-A TXL North-Central Upton County deep wildcat, about 30 miles south of Midland, and 660 feet from north and west lines of section 31, block 40, TP survey, T-4-S, was bottomed at 9,245 feet in an unidentified lime and shale formation and was taking a drillstem test.

### McElroy Drilling Ahead In Simpson Horizon

Wilshire Oil Company No. 1 McElroy, five miles east of the shallow McElroy field, in West-Central Upton County, and 660 feet from north and east lines of section 14, block E, CCS&RNG survey, had reached 13,608 feet in sandy lime and shale, in the Simpson, and was drilling ahead.

### Republic Natural Wildcat Runs Test In Ellenburger

Republic Natural Gas Company No. 1-E-A Barnett, East-Central Upton County prospector, two and three-quarter miles northwest of the discovery well of the Benedictum-Ellenburger field, and 1,980 feet from north and west lines of section 40, block Y, TCRS survey, ran a one-hour drillstem test in the open hole section covering the top of the Ellenburger at 11,585-640 feet.

There were a few air bubbles at the surface the first three minutes and that vapor disappeared.

Recovery was the 1,200-foot water blanket, and 30 feet of rat-hole mud. There were no signs of oil, gas or water.

The venture is to drill ahead to explore more of the Ellenburger section.

### No. 1-A Barnett Is Not Plugged; Awaits Orders

Humble Oil & Refining Company No. 1-A Barnett, three miles north-west of the Benedictum field, and 1,980 feet from north and 660 feet from east lines of section 4, block Y, TCRS survey, which had been ordered plugged and abandoned on a total depth of 12,387 feet in Ellenburger dolomite, which had shown only small amounts of gas, and considerable salty water, has not been plugged—and is now shut-in, while operator is deciding on the future of the development.

### Andrews County Project Makes Hole After Test

Humble No. 1 Ferguson, Central-West Andrews County deep wildcat, four miles east of the Nelson field, and 660 feet from north and west lines of section 12, block A-48, psi survey, ran a one-hour drillstem test in the top of the Ellenburger at 11,411-445 feet.

Recovery was the 1,500-foot water blanket; 60 feet of gas cut drilling mud and 270 feet of gas-cut, muddy sulphur water. There were no signs of oil. The venture is to make more hole.

Some observers picked the top of the Ellenburger at 11,410 feet. Elevation is 3,394 feet.

### Texas No. 1 Smith Tests In Ellenburger Zone

The Texas Company No. 1 Smith, Southeast Crockett County deep exploration, 1 1/2 miles southwest of Ozona, and 660 feet from east lines of the west half of section 5, block O, C. W. Brown survey, was on a total depth of 11,733 feet in a lime, thought to be the Ellenburger, and was making a drillstem test.

Up to now this project has not reported having logged any signs of petroleum in anything like commercial quantities.

### NE Hockley Prospector Runs Surveys; To P&A

H. L. Hunt No. 1 Donald L. Schwab, Northeast Hockley County prospector, 660 feet from south and west lines of labor 17, league 735, State Capital Lands, had drilled to 7,879 feet in dry lime.

It was running a Schriber and a gamma ray survey, and was then slated to be plugged and abandoned. No indications of oil or gas have been reported from this exploration.

### No. 4 Yarbrough & Allen Continues Pumping Tests

Humble Oil & Refining Company No. 4 Yarbrough & Allen, Southeast Ector County discovery from the Ellenburger, four miles south of the Yarbrough & Allen field, and 2,387 feet from north and 576 feet from west lines of section 13, block B-14, psi survey, pumped 115-23 barrels of fluid in 24 hours. It was 12 per cent water and 84 per cent oil. Plugged back total depth is at 10,788 feet.

### Hiawatha No. 1 Crockett In North Pecos Fishing

Hiawatha Oil & Gas Company No. 1 John G. Crockett, North Pecos County venture which is slated to go to a possible 10,000 feet to test into the Ellenburger, was bottomed (Continued on page 9)

### Doctors Decide On Operation

A six-man medical jury has decided in favor of an operation within two months on 23-month-old Pamela Lamphere. Pamela has a rare abdominal condition. The child's parents, shown with her, are in the midst of divorce proceedings stemming from arguments over her chance to survive an operation.

### Will Osborn Band Opens Dance Season

A record attendance is expected at the VFW Hall at Midland Air Terminal Wednesday night when the VFW opens its Fall dance program with Will Osborn and his 16-piece radio and recording orchestra as the feature attraction.

The orchestra, long known as a name band, last year climbed to the top in popular dancing, and recently set an all-time attendance record at the Palmier Ballroom in Los Angeles. The musicians now are enroute to Chicago to open an engagement at the Edgewater Beach Hotel.

Osborn's climb to radio fame has been featured by his performances on big-time radio shows on national networks.

He is also a noted composer, and is best known for his compositions of "Pompton Turnpike," "Wouldst Could I But Kiss Thy Hand, Oh Babe," "Beside An Open Fireplace," "Between 18th and 19th On Chestnut Street," and others.

His orchestra is noted for its sweet and smooth swing music. Since recent popularity polls show the Will Osborn Band to be one of the nation's best, the Midland VFW Post picked it to open its Fall dance season. Other big name bands will appear here during the Fall and Winter.

VFW members are anxious to have large crowd from Midland, Odessa and other area cities in attendance Wednesday night. They promise a big time for everyone.

### Dulles Addresses World Churchmen

AMSTERDAM, THE NETHERLANDS—(AP)—John Foster Dulles declared Monday that Communist policies make it impossible to create at once a universal organization of peace through law.

Nevertheless, the Communist problem cannot be solved by trying to crush Communism by force, Dulles said in an address prepared for the Assembly of the World Council of Churches. In any analysis of the world situation, he said, "Christian responsibility emerges as an inescapable fact."

Dulles, foreign policy adviser to Gov. Thomas E. Dewey, the Republican presidential nominee, said "the Soviet regime is not a regime of peace and, indeed, it does not purport to be." He added:

"It may not, and I hope that it does not, want international war. But if so, that is a matter of expediency, not of principle. Violence and coercion are the accepted methods, class war being, however, usually preferred to national war."

"It is inevitable that orthodox Communism should reject peaceful ways, except as a matter of temporary expediency, because it rejects the moral promises that alone make possible the permanent organization of peace."

Peace, Dulles declared, can never be stabilized "except by institutions that seek to reflect the moral law and that represent the dignity of the individual."

### Mexican Gunmen Smash Printing Plant

MEXICO CITY—(AP)—Police said Tuesday 25 gunmen destroyed a printing plant here Monday night, beat two men and smashed equipment.

Police said the plant printed a number of magazines including "Present," which recently carried an attack on Jorge Pasquel, millionaire sportsman and president of the Mexican Baseball League.

Last Sunday Pasquel took a two-page advertisement in morning newspapers denying the criticism.

Police headquarters said it was investigating to see if there is any connection between the magazine article and the attack on the printing plant. Police said the men smashed linotypes, presses and office equipment.

### Negro Rapist Dies In Electric Chair

HUNTSVILLE—(AP)—Cleo Smith, 29-year-old negro, died in the electric chair at the state prison here early Tuesday.

Smith, sentenced to death by a Bowie County District Court for the raping of a small white child last Spring in New Boston, Texas, was declared dead at 12:14 a. m. He entered the death chamber at 12:08 a. m.

Smith told prison authorities he had nothing to say. Before he was electrocuted he repeated the Lord's Prayer.

A unique feature of the new rocket installation on the 600-mile-per-hour Air Force Thunderjet is the retracting rocket nozzles. They automatically disappear into the wings when the rocket is fired.

### Clay Reviews Troops

Gen. Lucius D. Clay, American military governor in Germany, takes time out from the U. S.-Russian deadlock in Berlin to review American troops with Danish Foreign Minister Gustav Rasmussen. From left to right: Lt. Hubert S. Gastin, commanding officer of the 78th Infantry Honor Guard Platoon; Rasmussen; Col. R. A. Willard, commanding officer of Berlin Military Post, and General Clay.

### Johnson Calls Coke

HOUSTON—(AP)—Coke Stevenson, in the announced opinion of Lyndon Johnson, is "the granddaddy of all mudslingers."

Johnson thus described Stevenson here Monday night.

The two are waging a heated campaign for the U. S. Senate. Johnson spoke over a statewide radio hookup and made an informal talk before a "homecoming" Houston rally.

In the radio talk the Tenth District congressman said "Smears and mudslinging are the price you

### Stevenson 'Granddaddy Of All Mud Slingers'

must pay for preaching preparedness."

After his radio broadcast was over, Johnson pulled no punches in talking to an audience crowded in the radio station auditorium.

"Coke Stevenson has emerged as the granddaddy of all mudslingers and has made a promise that would cost the treasury of the United States \$3,000,000,000."

"Coke Stevenson's record won't stand the light of day," Johnson said. On the stage of the radio station

### Women At Council Meet

AMSTERDAM, THE NETHERLANDS—(AP)—Women attending the assembly of the World Council of Churches here want a greater voice in the administrative affairs of the church.

They feel they've been related too long to minor roles in church activities.

Mrs. Twila Lytton Covert of Bronxville, N. Y., a Presbyterian lay leader, and other women leaders expressed concern lest the whole problem of women's work in the church become confused with the specialized question of ordination of women.

In only a few countries and only with a few churches and women, they said, is ordination a burning question. Almost everywhere, however, the question of women finding appropriate and responsible work in the church is a matter of concern.

### Women At Council Meet Seek Greater Voice In Church Administration

They especially want a voice in church government and in the management of church organizations.

After visiting in San Antonio Tuesday, he planned to spend Wednesday and Thursday in Dallas.

### Garden City Schools Will Open Sept. 1

GARDEN CITY—Glasscock County school pupils will register here Wednesday, September 1, with regular classes scheduled to meet the following day, Supt. C. H. Parsons announced.

He said the faculty is complete with the exception of a homemaking instructor.

Replacements on the faculty this year are H. L. Lovell, formerly associated with the Alpine, Lkewie and El Paso school systems; Neil Honecutt, coach and director of physical education, who taught last year at Big Sandy; Jay Boothe, Ballinger, who assumed his job as vocational agriculture teacher July 1; Miss Lorena Koen, Mineral Wells, high school English teacher, formerly connected with the Peecos and Eldorado schools; Miss Joyce Marie Raso, Andrews, commerce and girls' physical education, and Mrs. Gladys Venable, grade school.

Faculty members returning this year are Parsons, Miss Gracia Ross, grade school principal; Mrs. Vera Neely, Mrs. Alton Cook, Mrs. Mildred Ransel, Miss Lillian Carr, Miss Thelma Carr and Mrs. Rube Ricker.

Mrs. Gene Carr is manager of the lunchroom and Mrs. J. C. Kirk and Mrs. Bill Stephens are assistants.

Bus drivers are Curtis Flahe, Jewell Wilkerson, George Stephens, C. S. Berryhill and V. M. Fannin. Bill Stephens and George Stephens are building custodians.

A transparent film of oxide 20-millicenths of an inch thick applied to glass makes it possible to carry electric current in window installations. The new glass has been named Electrapane.

### Calvary Baptist Women Meet For Study Of Missions

A missionary program with the subject, "One Savior for Latin America," was presented for the Calvary Baptist Women's Missionary Union in the church Monday afternoon, Mrs. A. L. Teaff, chairman of program literature, was in charge.

After the opening prayer by Mrs. Sarah Thorton and a devotional talk, "No Other Name," by Mrs. Hoyt Burris, these topics were discussed:

"When We Enter Latin America," Mrs. Claude St. John; "In Colombia," Mrs. C. G. Brazzel; "In Rio," Mrs. A. E. Bowman; "In Argentina and Chile," Mrs. Teaff; "In Uruguay," Mrs. George Griffin; "In Paraguay," Mrs. J. C. Crow. The closing prayer was by Mrs. Hal Hitt.

Other members present were Mrs. A. L. Smith, Mrs. R. L. Morgan, Mrs. Morris Sulder and Mrs. Methyl Martin.

### TO VISIT NEW ZEALAND

LONDON—(AP)—King George VI, Queen Elizabeth and Princess Margaret will tour New Zealand next March, Buckingham Palace announced Tuesday.

### Board Finishes P-TA Unit Plans

Program plans for 1948-49 were completed and committee appointments made at an executive board meeting of the South Elementary Parent-Teacher Association in the home of Mrs. Dana Gouchie, 1309 South Main Street, Monday afternoon.

Material for unit yearbooks, which soon will be ready for distribution to members, was reviewed.

Officers present for the executive meeting were Mrs. L. J. Ball, president; Mrs. C. L. Stevenson, secretary; Mrs. Douglas Nix, treasurer, and Mrs. E. W. Shaw, second vice president.

### Social Situations

**SITUATION:** Your child has a number of children's records which he likes to play on the record player.

**WRONG WAY:** Even though you have neighbors living close to you, let him play them as much and as loud as he wants.

**RIGHT WAY:** See that he keeps the record player tuned low—especially if he has a habit of playing the same record over and over.

### Society Takes Up the 'Pop' Gun

One of New York society's most fabulous figures is Mrs. Frank C. (Betty) Henderson. At a birthday party for her mother, Mrs. Henderson sticks up Frank (Bring 'Em Back Alive) Buck with a champagne bottle. Last year she posed for a "cheesecake" shot at the opera.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, AUG. 24, 1948—3

### Fall Plans Discussed At First Methodist Church's WSCS Meet

Looking toward a new year's work which will begin in September for the Woman's Society of Christian Service of the First Methodist Church, members in a business meeting Monday afternoon planned Fall activities.

Mrs. J. L. Tidwell, president, directed the meeting in the church. Reports were heard from officers, committee chairmen and circle leaders.

After a Summer schedule of curtailed activity, regular meetings will be resumed with circle programs on September 13, it was announced.

Preceding the business hour a worship program was presented by Mrs. E. L. Phillips, who gave a Bible reading, prayer, and a talk on "Little Things of Life."

Those present were Mrs. W. F. Prothro, Mrs. C. H. Shepard, Mrs. Roy McKee, Mrs. W. M. Ford, Mrs. R. L. Throckmorton, Mrs. H. H. Hollowell, Mrs. J. W. Thorne, Mrs. Mollie McCormick, Mrs. W. A. Black, Mrs. Minnie Crumley, Mrs. Loy Mashburn, Mrs. B. F. Haag, Mrs. O. L. Crooks, Mrs. R. D. Myers, Mrs. Ola Boles, Mrs. Tanner Laine, Mrs. Ralph Smith, Mrs. S. H. Gwyn, Mrs. Phillips and Mrs. Tidwell.

### Asbury WSCS Has Puerto Rican Study

Study of a neighboring people, those of Puerto Rico, occupied the Woman's Society of Christian Service of the Asbury Methodist Church Monday afternoon, when it met in the church.

Mrs. Grace Wright's topic was "History and Location of Puerto Rico." Mrs. Preston Pirtle discussed "Problems of Puerto Rico." Mrs. Loy Mashburn "Political Status in Puerto Rico," while Mrs. Theo Ferguson reviewed Methodist work on the island.

Mrs. Ferguson also directed a business session and read the Scripture lesson after an opening prayer by Myrtle Pirtle.

Other members present were Mrs. George Dameron, Mrs. Edgar Tanner and Mrs. J. P. Carson, Jr.

### Meetings Held By First Baptist Church Circles

Five circles of the First Baptist Church met with different hostesses Monday afternoon.

Meeting with Mrs. Joe Wright, 1802 North Big Spring Street, was the Lottie Moon Circle. Mrs. John Dunagan opened the meeting with prayer, and Mrs. J. H. Mosley led the current events study.

Mrs. O. L. Beville dismissed with prayer Mrs. Wright, Mrs. Dunagan, Mrs. Mosley, Mrs. Carl Hyde, Mrs. Billie Gilbert and Mrs. C. A. Churchill.

Mrs. T. A. Pylant was hostess to the Lockett Circle, which met at her home, 1311 West Ohio Street. Mrs. G. D. Fuller offered the opening prayer, and, after a current events discussion, Mrs. G. G. Hazel led the closing prayer.

Refreshments were served to Mrs. Pylant, Mrs. Fuller, Mrs. Hazel, Mrs. L. C. Stephenson, Mrs. B. F. Haag, Mrs. O. L. Crooks, Mrs. R. D. Myers, Mrs. Ola Boles, Mrs. Tanner Laine, Mrs. Ralph Smith, Mrs. S. H. Gwyn, Mrs. Phillips and Mrs. Tidwell.

Mrs. A. B. Clement offered the prayer which opened the meeting of the Rebekah Circle, which met with Mrs. W. H. Hall, 511 South Main Street.

After the current events program, Mrs. Hall dismissed the group with prayer.

Attending were Mrs. Cecil Craft, Mrs. Clement, Mrs. Hall, Mrs. H. A. Palmer and Mrs. John Godwin.

The Annie Barron Circle met in the home of Mrs. J. B. Bain, 103 East Michigan Street. Prayer and a devotional opened the current events program, which was presented by Mrs. J. W. Schroder and Alta Merrill.

Refreshments were served to Mrs. Schroder, Miss Merrill, Mrs. R. O. Walker, Mrs. Ernest Neill and the hostess.

Five members of the Mary Elizabeth Truly Circle met with Mrs. S. Collings, 511 West Louisiana Street.

Mrs. Harry Rhodes offered the opening prayer, and Mrs. C. F. Hunter presented the devotional. Mrs. Collings discussed the Valley Baptist Academy.

"The Home Mission in the West" was discussed by Mrs. Rhodes. Mrs. Hunter was in charge of the current events program and offered the closing prayer.

Present were Mrs. Rhodes, Mrs. Hunter, Mrs. Fred A. Wycoff, a new member, Mrs. A. J. Brown, and the hostess.

### Methodist Men To Have Supper And Program

Men of the Methodist Church will meet for a covered dish supper and business session in the Scharbauer Educational Building of the First Methodist Church at 7:15 p. m. Tuesday.

Roy McKee, chairman of the First Methodist Board of Stewards, will be the speaker for a discussion of the church budget and how church funds are spent. All Methodist men are invited.

### Five Circles Of Christian Church Have Meetings

The Ann Rediff Circle of the First Christian Church took its meeting outdoors Monday for a picnic program, while the Young Matrons Circle met in Mrs. Guy Crawford's home and the other three circles in the church.

Guests joined members of the Ann Rediff Circle at Cloverdale Park. Betty Pickering led a devotional period, and Merna Pruitt a discussion from a study book, "The Girl at the Desk Next to Mine."

Supper was served to Mrs. Clyde Lindsey, Mrs. Joe Norman, Mrs. Van Camp, Mrs. A. L. Barr, Mrs. Margaret Barber, Betty Gaines, Celesta Hale, Mildred Hash, Gwen Berry, Wanda Goodson, May Belle Miller, Dell Steel, A. J. Norwood, Jr., and George Woody.

**Young Matrons**  
Mrs. R. H. Frizzell, Jr., conducted a business meeting for the Young Matrons Circle, and gave a devotional talk, "Foundation For Living." Mrs. R. H. Zuefeldt's topic was "Global Highlights," and Mrs. Bert Bliven's was "Jarvis College."

Also present were two guests, Mrs. J. H. Forrest and Mrs. Clyde Lindsey, and Mrs. Paul Goodlett, Mrs. W. R. Hammonds, Mrs. E. J. Pierce, Mrs. Malcolm Breneman, Mrs. E. D. Riddle and Mrs. Edward Oideon.

The Henderson, Rijnhart, and Musgrave Circles met in the church with the latter group as hostesses. Under the direction of Mrs. A. L. Boring, the program was given by Mrs. Paul McHargue, who conducted a devotional; Mrs. J. C. Carlson, who reviewed the article "Global Highlights" from the "World Call."

## + Coming Events +

Propaganda

During the war the American government reached radio listeners in friendly and enemy countries through two principal agencies, the Office of War Information and the Office of Strategic Services. The over-simplified explanation used to be that the OWI handled "white propaganda" while the OSS put out "black propaganda."

After Japan's surrender the question of continuing these official broadcasts was the subject of some warm debate. America had never gone in for peacetime propaganda on a regular, systemic basis. The very idea was repugnant to a lot of citizens. Yet it was clear soon after V-J Day that the Soviet-American wartime honeymoon had ended. So the government decided on the "Voice of America" broadcasts.

After making this decision the government found itself in something of a quandary. The goal and tradition of American journalism was a truthful presentation of information. Opinion was labeled as such, but straight news was just what it was advertised to be—fact collected and reported as honestly as human fallibility would allow.

It was this conception of a free and honest press that the United States was trying to sell to the world. At the same time our international broadcasts of unvarnished fact would be aimed at listeners who were not used to honest journalism.

These listeners in the Soviet empire were the people whom the American government was most anxious to reach. The "Voice of America" was launched in the hope that truth would prevail. And it was launched in the face of some tremendous odds.

Few Russians had radios, and fewer still had sets which would bring in short-wave broadcasts. The American broadcasters had to send their signal over vast distances, subject to natural and man-made interference. Further, the "Voice of America" had to contend with a discouraging state of mind. Russian listeners, brought up on propaganda rather than truth, would naturally receive any official American news as counter-propaganda.

The early tribulations of the "Voice" are well known. The chief trouble was that the "Voice's" directors did not seem to know quite how to keep their programs factual and still meet the competition of a government that lies and distorts deliberately as a matter of policy and philosophy.

It is not surprising, then, to read a report in the New York Times that our State Department has decided to fight fire with fire. The department, says that newspaper, "is no longer reluctant to associate itself with a commonly accepted definition of propaganda—a plotted program deliberately aimed at creating an effect in the minds of a given group for a specific reason."

To this end the "Voice" is being revamped. New staff members include several able and veteran newspapermen with long European experience. It apparently will be their job, while still giving the facts, to present American action and policy always in the most favorable light possible.

The State Department also seems to be hoping that the commercial networks will reconsider their decision to end their collaboration on these broadcasts, and that The Associated Press and United Press will again make their services available to the "Voice," as they did to the OWI in wartime.

The press services and the networks, in our opinion, are wise to stay clear. Out-and-out propaganda may be right and necessary at this time. At the same time, America's enviable tradition of a free and honest press should be maintained, and efforts to promote a broader adoption of that tradition by other countries should be continued.

In the interest of doing those highly important jobs, the private information media can probably serve their country best by holding to their present position.

WASHINGTON COLUMN

Miners Pensions Begin Soon; May Be Pattern For Industry

By PETER EDSON  
NEA Washington Correspondent

WASHINGTON—Some time in September, \$100-a-month pension checks will start going out to retired soft coal miners who are members of John L. Lewis' United Mine Workers who are 62 years of age or older, and who have had 20 years of service in the coal mines. Some retired miners who are 64 or over may be eligible to receive additional payments of up to \$2,500 apiece, for the pension payments are to be made retroactive to May 29, 1946.

Whatever the amount of the initial pension, these payments will mark the start of the second phase of a major industrial welfare plan. The miners are now receiving certain emergency distress benefits. Survivors of miners who die receive \$1,000 death benefits. Still to be put in operation is a plan for complete medical and hospital care. It is hoped to set this up before the end of the year.

All this welfare is to be paid for out of a trust fund raised by royalties of 20 cents a ton paid by the coal operator—and eventually by the consumer—on every ton of coal mined. On the basis of 500,000,000 tons annual production, this would be \$100,000,000 a year.

The miners' welfare plan is being watched closely in other industries, as a possible pattern for expanding social security coverage through private business instead of through the government. Only four unions have gained similar employer-paid welfare plans—the musicians, clothing workers, garment workers and the United Auto Workers employed by Kaiser-Frazer.

Application forms and regulations for UMW pensions were sent out to local unions last week, so it is now possible to give some idea of how this phase of the great experiment will work. Only UMW members are eligible to receive payments. Non-union men won't benefit. For the present, only bituminous miners are covered, as the two quarters industry pension plan has not been completed.

In computing what constitutes 20 years of service to qualify a miner for his pension, there is considerable leeway. The average miner works only 200 days a year because of mine shut-downs, seasonal layoffs, injuries and regular unemployment factors.

New regulations covering operation of the pension fund therefore provide that a year's service may be computed in one of four ways: (1) At least two quarters (six months) employment by a coal operator in any calendar year, with earnings of at least \$50 in each quarter. (2) Two quarters employment by the UMW, which recruits many of its organizers and other help from local unions. (3) Two quarters in the armed services. (4) Two quarters in which the miner was listed as an employee of a coal operator, but during which the employee was unable to work because of injury.

In short, a miner may have worked as little as six months in each year for 20 years, and still qualify for a pension.

Retired Men May Get Other Income  
Retired miners receiving pensions may take employment in industries other than coal mining without for-

Peter Edson

Questions and Answers

Q—When was the term "rump session" first used?  
A—In 1946, when the Rump Parliament of some 60 members continued in session after the purge of 94 members by Cromwell's army.

Q—What does Army Day commemorate?  
A—The entrance of the United States into World War I on April 6, 1917.

Q—Where and when did the most destructive earthquake in history occur?  
A—In Tokyo, in 1923. Over 150,000 lives were lost and property damage was estimated at \$4,500,000,000.

Q—When did the Arabs first settle in Palestine?  
A—The Jews were driven out of Palestine by the Romans in 70 A. D. In the 7th century the country was invaded by the Arabs. They in turn were conquered by the Turks, who ruled Palestine until their defeat in the First World War.

Q—How did Joan of Arc convince her king that she was divinely inspired?  
A—She refused to kneel to the puppet king who occupied the throne to deceive her, and picked out the real king from among the attendant courtiers.

Uncle Sam's SELECTIVE SERVICE

(One of a series of questions and answers on the second peacetime military training program. The information was prepared under the direction of Maj. Gen. K. L. Berry, Texas Director of Selective Service.)

SELECTION AND REGISTRATION

Q—Will there be a lottery or national drawing as there was in 1940 to determine who will be classified and inducted into service first?  
A—No.

Q—If there is to be no national drawing, just in what order will the registrants be considered for classification and induction?  
A—The oldest men—that is, those in the 25-year-old age group—will be considered first.

Q—Will each local registrant receive a definite number that will identify him?  
A—Yes. It will be an identification number which will identify him as to state, local board, year of his birth, and his numerical position with respect to other registrants of his local board having the same year of birth, generally according to the sequence of their dates of birth.

Q—After the initial registration period is over (the period from August 30 through September 18, both dates inclusive), will men who become 18 after that have to register?  
A—Yes. They will have to register continually as they become 18 within five days after the 18th anniversary of their births.

No Exemptions  
Q—Will these men register after the initial registration period?  
A—They will register at places designated by their local boards.

Q—Will ignorance of the law be accepted as an excuse for failure to register?  
A—No. Ignorance of the law excuses no one. The Selective Service Act specifically provides that everyone will be deemed advised when the President proclaims dates for registration. This he did on July 20, 1948.

Q—Will single men be considered first for classification and induction into the armed forces?  
A—Single men who are not fathers or not veterans probably will be considered first. The term "single man" is understood to include an unmarried man, a married man who does not live with his wife or who is separated, divorced, or a widower.

The DOCTOR Says  
To Cure Hives, Actual Cause Must Be Found And Corrected

By EDWIN F. JORDAN, M. D.  
Written for NEA Service  
The sudden appearance of large red bumps or spots on the skin is likely to be urticaria, commonly called hives. The spots can appear anywhere on the body and are likely to cover a good portion of the skin. They are reddish and swollen and almost always accompanied by severe itching, with an almost intolerable desire to scratch.  
Urticaria is one of the allergies. It is caused by something—usually food—which reacts unfavorably on that particular individual. But it can develop from such other things as insect bites, furs, infections, or even just heat or cold. It may last for only a few hours or for as long as months.  
First Find Cause  
The proper line of attack on hives is to try to find the cause. Trial diets may have to be tried, if skin tests fail. If the cause can be discovered, the proper treatment is to eliminate it completely.  
When the cause cannot be discovered, however, which is all too common, the treatment is difficult. Nothing can be applied to the surface of the skin to make the urticaria disappear. Even the itching can only be partially relieved while the urticaria is present.  
The one bright spot in treatment,

THE DOCTOR ANSWERS

By EDWIN F. JORDAN, M. D.  
QUESTION: What is diabetes insipidus?  
ANSWER: This condition is entirely different from the usual type of diabetes. It comes from injury or disease to a portion of the brain. I will discuss it completely in a future column.

can develop from such other things as insect bites, furs, infections, or even just heat or cold. It may last for only a few hours or for as long as months.

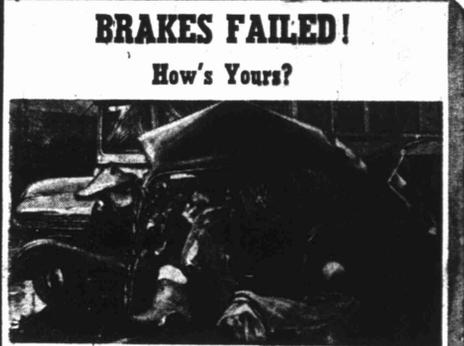

First Find Cause  
The proper line of attack on hives is to try to find the cause. Trial diets may have to be tried, if skin tests fail. If the cause can be discovered, the proper treatment is to eliminate it completely.

When the cause cannot be discovered, however, which is all too common, the treatment is difficult. Nothing can be applied to the surface of the skin to make the urticaria disappear. Even the itching can only be partially relieved while the urticaria is present.

TUESDAY MARKS FINAL GAME WITH SAN ANGELO

# Indians Take Colts By 5-4

The Midland Indians and the San Angelo Colts meet in the last regular league game for the two ball clubs in San Angelo Tuesday night. It is the second game of a two-till series and Midland's last appearance in the Colt's Stadium this season.

In 19 games this season, Midland has won 15 and San Angelo four. At San Angelo, the Tribe has won eight out of nine. At Midland, the Indians won seven out of 18.

SAN ANGELO—Harvill Jakes, great Midland outfielder, sent the ball rifling in to nip speeding Ray Smallwood at the plate with what would have been the tying run and the Midland Indians edged the San Angelo Colts Monday night here 5-4.

## Texas League—

### Houston Buffs Shoot For New League Record

By The Associated Press  
It's "Happy Chandler Night" at Houston and baseball's high commissioner is due to see a new Texas League attendance mark established.

The Houston Buffs need to draw only 886 fans to crack the 382,275 mark they established last year as a record for a single club attendance in the league.

The Buffs bowed to Oklahoma City 4-2 Monday night. San Antonio stayed in fourth place only because Shreveport couldn't connect against Eddie Chandler. San Antonio lost to Tulsa 10-2 and Shreveport to Fort Worth 6-0.

In the other game, Beaumont edged Dallas 4-3. Beaumont's Johnny Hernandez, former Houston infielder, drove in three of Oklahoma City's runs as his old mates went down.

Chandler spaced six Shreveport hits and Manager Bob Bragan chipped in a two-run homer in the eighth inning.

Bud Lively won his fourth straight game when Tulsa blasted San Antonio. Beaumont rallied for two runs in the fifth to back up the six-hit pitching of Bob Revels. It was Revels' sixth win of the season. He struck out ten and walked only three.

John Sanchez, six foot three, 240-pound tackle of the Washington Redskins of the National Pro Football League, is an expert linguist, fully qualified as a professor of languages.

Little Billy Sidwell, new member of the Australian team, practically knocked Czechoslovakia out of the Davis Cup inter-zone final by defeating its ace, Jaroslav Drobný, 6-3, 6-2, 9-11, 14-12, at Longwood, Brookline, Mass.

## DOWN SPORTS LANE

with TANNER LAINE

Seven Midland Indians have batted over more than 100 hits this season but only two have scored more than 100 runs. One has driven in more than 100 runs.

Leading hit getters are Collins 144, Prince 143, Melillo 140, Jakes 126, Nipp 119, Specht 103, Perry 101.

Jakes has tallied 114 times and Prince 107. Prince has driven in 106 runs.

Most likely to make the 100-run bracket are Collins with 98 and Melillo with 87. Perry will have to hurry with his 75-run present total.

There is a merry battle among the double hitters. Prince has 36, Melillo 35 and Jakes 32.

In triples, Jakes is way out front for the Indians with 15. Prince has nine. Collins has six.

Jakes is the home run king with 16 four-masters. Prince is right up there with 15. Presley is coming up with eight to his credit. Nipp has seven.

The Shaughnessy playoff of the Texas Softball League is slated. The Ragsdale Sports are meeting the Bluebonnets of Lubbock in the first game in Kiwanis Park at San Angelo Wednesday night. Play is for best three out of five. Three games are booked in San Angelo then Lubbock is the site.

Ragsdale and Bluebonnet are survivors of nine West Texas teams which played 18 weeks of top-notch softball in a professional manner.

Reports from Alpine are to the effect the Midland High School Bulldogs are really working.

In the second week of a two-week training camp, the Bulldogs are bearing down.

One dad who went to see how his son was faring reports a line of sturdy youngsters and an ambitious backfield. Coaches are stressing the backfield in the second week.

Seven Bulldogs are nursing minor injuries. The goal is getting foot and tough. The Bulldogs are green and much polish is being applied. Spirit is high.

After Frankie Groves created a national sensation by playing football with a boys' team at Stinnett last Fall, the Texas Interscholastic League made a rules revision to bar girls from the grid game under the league's auspices.

But Frankie didn't worry about it much. She just went out and got another sport that she likes better anyway. Miss Groves started riding a motorcycle and she says it's more fun than playing football.

The Interscholastic League nipped in the bud the plan of several girls to try out for football this season.

**ROUNDIN' UP THE STRAYS**  
Fans were quick to correct saying when the Indians return home Saturday they will be here for the rest of the season... We were wrong, the fans were right: The Indians have a three-game series to play at Ballinger August 30-31 and September 1... The rest of the time they will be here... Hank Ramsdell, ex-Indian, is hitting .368 at Ogden, Utah, in the Pioneer League... Claud Gray has won 10 and lost 4 games pitching for the same club... Gray was one of Midland's best last season... Julian Presley, Indian outfielder, wants to make Midland his home and is seeking an apartment... He and his wife plan to get jobs here and stay through the winter... Fans are reminded to not vote for an Indian as "Player of the Week" if the Indian already has won the award... Gerald Fahr, the Vernon Duster pitcher, who looks like Ewell Blackwell and throws like him somewhat, hasn't made a wild pitch all season in 215 innings pitched... He has walked only 42 batters... Ken Raffensberger, Cincinnati hurler, is in a seven-way tie for the dubious distinction of carrying the longest name ever to appear in a major league box score... Other longies of past and present include: John Hollingsworth, Al Hollingsworth, Ossie Schreckengost, Bill Knickerbocker, Austin Knickerbocker and Eugene Vandeboncouer... One major league ball club with a young manager has the slogan "let's keep the skipper's noggin sleek, dark and handsome"... Meaning if they win he won't be silver-haired, huh? 30 for strays, brandin' irons and bumble bees.

Per capita annual consumption of cigars in the United States declined from 63 in 1923 to 41 in 1940.

## Sports

6—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, AUG. 24, 1948

### The Old Master

Rogers Hornsby, conductor of midwest baseball school for youths, shows six-year-old Gilbert Topel of Kenosha, Wis., how to swing a bat. Regarded as baseball's greatest right hand hitter, The Rajah hit over 400 three times in compiling a lifetime average of .358.

## Major Leagues—

### Braves Cool Off Dodgers, Aim At Cards

By The Associated Press  
The Boston Braves, following the battle plan of the old New York Yankees of knocking off the closest rival, take on the runner-up Cardinals in St. Louis Tuesday night after successfully disposing of a Brooklyn bid for their league leadership.

Billy Southworth's hustling Braves cooled off the Dodgers 3-2 in 14 innings Monday to win the series, three games to one.

The loss dropped the Dodgers into third place, the idle Cardinals taking over second, two-and-one-half games behind the Braves.

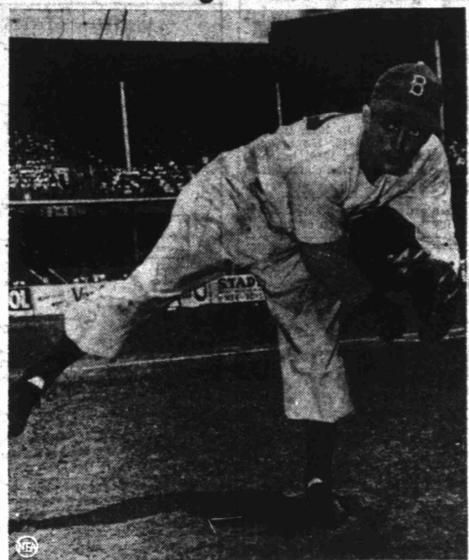

While the Braves attempt to enlarge their margin at the Cards' expense, their American League counterparts, the Red Sox, will be gunning for the top slot in the junior loop.

The American League Boston, a half-game behind pace-setting Cleveland, take on the Indians in the opener of a three-game series under the lights at Boston.

Only one other game was played in the National League. The Reds nosed out the Philadelphia Phillies 3-2 in ten innings on relief pitcher Harry Gumbert's homer.

In the lone American League contest, the New York Yankees crushed the last-place Chicago White Sox 11-1.

## Big Boost

Dodgers' closing rush on National League pennant race has been helped no end by 21-year-old Carl Erskine. Brought up from Fort Worth in Texas League, the young right-hander took four straight while Dodgers moved in on Braves.

### Officials Unit Slates Meeting

The Midland Coaches and Officials Association will hold its first meeting of the Fall season at 8 p. m. Tuesday on the mezzanine floor of the Schubarber Hotel.

All Midlanders who are interested in the 1948 football rules are invited to attend the session.

Midland has a large number of officials who work area games.

Business of the organization will be discussed following the rules panel.

### Longhorn League—

#### Cats Climb One Nearer Dusters

By The Associated Press  
Ballinger climbed back within one game of the first division in the Longhorn League Monday night, beating Sweetwater 13-6 as fourth-place Vernon bowed to Odessa 5-4.

In other games, Midland squeezed by San Angelo 5-4, and league-leading Big Spring had an easy time with Del Rio 11-4.

### WT-NM League—

#### Bob Crues Hits Home Run No. 60

By The Associated Press  
Albuquerque, Amarillo and Pampa, the top three teams in the West Texas-New Mexico League, scored victories Monday night.

Albuquerque beat Clovis 19-10, Amarillo knocked Borger 16-13, and Pampa dunned off Lubbock 11-8.

Last-place Lamesa handed Abilene a 9-2 licking.

An eight-run third inning put Albuquerque off to a big start. Les Mulcahy hit a grand slam home run this frame.

Leon Hayes held Abilene to seven hits as his Lamesa mates collected ten, including a double and a home run by Walt Buckell.

Bob Crues hit home run No. 60 in Amarillo's victory over Borger.

### Indians To Try Tigers Again

The Black Indians will be out for revenge when they play the Martin Tigers at 8:30 p. m. Tuesday in Indian Park.

Monday night the Tigers beat the Indians 11-8 in a hard-fought battle. Errors hurt the Tribe. Harry Dooley, Indian fireballer, had trouble with his control but hard luck cost him the most.

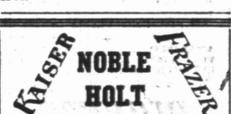

Batie, Harrison and Hall turned in good games for Midland. Johnny Hall, ace of the Indians, will try for his 14th win of the season in the Tuesday night battle. He has lost two games.

### Wins Softball Crown

WACO—(P)—Central Freight of Waco Monday night won the state tournament of the National Softball Congress by beating Morris Jewelers of Waco 5-1.

Earlier Monday night, Morris had defeated Hardman Oilers of Grand Prairie 4-2 for the right to meet the freight line team in the finals.

Per capita travel for Americans increased from about 400 miles a year in 1916 to about 2,400 miles in 1940.

Montreal Suffers \$1,000,000 Fire Loss MONTREAL.—(P)—Streams of water were being played Tuesday on the smoking wreckage of twisted freight cars and gutted sheds after Montreal's worst fire in recent years destroyed the Canadian National Railway's Bonaventure Freight Yards. A series of explosions Monday, culminating in a terrific blast, sent the flames rushing through a quarter-mile of sheds and standing freight cars. By the time the blaze was brought under control, more than three hours after it started, two sheds and 130 freight cars and their contents were a total loss. Damage was estimated at \$1,000,000.

Scientists View Start Toward Atom Protection

BUFFALO, N. Y.—(P)—A surprising start toward protecting humans from some bad effects of atomic bombs or X-rays was shown Tuesday by five Chicago scientists. One of these bad results is anemia. Radiation from atomic bombs or hospital X-rays can destroy bone marrow, the factory that makes red and white blood cells. When the marrow is damaged, production of these cells falls off and anemia results.

The surprise is a way to prevent damage to the bone marrow factories by fighting fire with fire. It is explained in an exhibit at the International Congress on Hematology by Drs. L. O. Jacobson, N. H. Block, E. K. Marks, E. Gaston and E. L. Simmons of the Argonne National Laboratory and University of Chicago.

One big dose of radiation destroys the bone marrow of normal animals, they found. First made them anemic before exposing them to the dose of X-rays or neutrons. This was done by bleeding them, or giving them a drug, phenylhydrazine, that ruptures red blood cells.

These animals, already anemic, escaped any damage to their bone marrow. They escaped it even when given doses of radiation that probably would kill a human being. They weren't made more anemic by the radiation. And they recovered quickly from the induced anemia.

The induced anemia had stimulated the bone marrow to make more blood cells. Doctor Jacobson explained, and this greater activity of the cell factories apparently protected the marrow from radiation damage. Exactly how it is protected hasn't been learned yet.

This same kind of fire-against-fire protection probably would occur in humans, Doctor Jacobson said.

Oil & Gas Log-

(Continued from page 1) at 3943 feet in lime, and was fishing for drill collars and drill pipe. The crew then was retooled and operator plans to turn a string of casing to bottom, to shut off a large flow of water which has been encountered at the current level of operations. Drilling ahead will then be resumed.

The development is six miles southwest of Grandfalls, and 1320 feet from north and 1,650 feet from east lines of section 89, block 8, H&GN survey.

Midland Wildcats Are Making More New Hole

Gulf Oil Corporation No. 1-E Wilson Bryant, Central Midland County wildcat, 14 miles south of the city of Midland, had reached 12,584 feet in dry lime and chert, and was continuing.

An Israeli Army source said the Sternists kidnaped Paro and called him a "damn British spy" because he bears a faint resemblance to a British detective who left Palestine four months ago.

Paro, a 33-year-old resident of Granville, N. Y., was released by the Sternists, he was held for another nine hours by Israeli Military Police.

MacDonald said he had filed a full report of the incident with the State Department and had sent a strongly-worded protest to Dr. Bernard Joseph, the Jewish military governor in Jerusalem.

Disabled Airliner Makes Safe Landing

DALLAS.—(P)—A four-engine Braniff Airways plane made a safe landing with a stuck nose wheel here Tuesday after a dramatic pre-emption of its 19 passengers for possible trouble.

Piloted by Luther Dutcher of Grapevine, the DC-4 was supposed to land at Houston on its Corpus Christi-Dallas run. But over Houston Dutcher noticed the nose wheel was stuck and decided to bring the huge craft into Dallas.

As he prepared to set it down at Love Field he ordered all passengers to the rear of the plane as a safeguard against the plane nosing over. The landing was smooth. The nose wheel was jarred loose and was functioning as he taxied to the Administration Building.

FOSTER PROSPECTOR PLUGS BACK; PREPARING TO TEST

Cole-Darden Oil Company and Westlund & Johnson, Inc. No. 1 Foster, about three miles northwest of the Marvin field, in Southeast Sterling County, and 690 feet from south and 1360 feet from west lines of section 26, block 13, SPRR survey, drilled to 5,003 feet, in lime. It has plugged back to 4,400 feet, and is preparing to make tests on the Wichita-Albany section above that point.

FROM LAMESA

Marion Crawford of Lamesa, formerly of Midland, was a business visitor here Tuesday. He conferred with members of the Highway Committee of the Midland Chamber of Commerce while here concerning the proposed Midland-Lamesa highway.

JESTER PROPOSES TAX STUDY COMMISSION

AUSTIN.—(P)—Gov. Beauford H. Jester said Tuesday he would ask the next Legislature to create a commission to make a thorough study of the entire question of taxation. He said he thought it should include a study of possible new sources of revenue for Texas municipalities which have been hard-pressed for operating funds.

**Dairy Stock Will Be Shown At County Fair**

Roy Jones, chairman of the Midland County Dairy Association, told members of the Midland County Fair's Livestock Committee at a meeting Monday afternoon that at least 40 head of dairy stock of all breeds and types will be shown at this year's fair, September 30 and October 1-2. He assured the committee of the full cooperation of dairy operators of the county. Arrangements for exhibiting all types of livestock were mapped by those present. A. G. Bohannon, chairman, presided.

**Rankin News**

**RANKIN** — Mrs. W. C. Kelly of Ballinger was a weekend guest in the N. L. Hurst home. Mrs. Kelly is a sister of Mr. Hurst. Mrs. Clifford Martz, formerly of Rankin and now of Odessa, spent the weekend with her mother, Mrs. Frances Pickering, and with friends here. The building recently erected in the rear of the IOOF building by A. H. Hunsinger has been sold to Walton Poage, who will move it to his ranch. Mrs. Walton Herral and four daughters left Monday for a several days visit with their mother and grandmother, Mrs. Sally Swafford, at Weatherford. Ed Kole of Fort Stockton was a Rankin visitor Monday. Mr. and Mrs. Jack Walcher and daughters, Margery and Priscilla left Sunday to visit the Cecil Starves family in Oklahoma. Mrs. Starves is Mrs. Walcher's sister.

**Negro Girl Admitted To Arkansas University**

**LITTLE ROCK, ARK.** — A 20-year-old negro girl has been admitted to the Medical School of the University of Arkansas—without segregation. Dr. H. Clay Chenault, the university's vice president in charge of medical education, said Monday night that Edith Mae Irby of Hot Springs will enter the school when the 1948-49 terms commences next month. The girl, a graduate of Knoxville, Tenn. College, was 28th in an aptitude test given to determine the 90 students who will make up the freshman class. Doctor Chenault said 11 other negro applicants were rejected.

**ATTEND BIG SPRING WEDDING**

Mr. and Mrs. E. P. Birkhead and children, Camilla and E. P., Jr., Royce Ray McKee and Joan Boykin Saturday evening attended the wedding in Big Spring of Birkhead's niece, Mary Louise Davis, daughter of Mr. and Mrs. John Davis, and Wesley Deas, son of Mr. and Mrs. C. W. Deas. Camilla Birkhead was a wedding attendant.

Jogging along the Connecticut countryside, Shirley Maize of Brooklyn, N. Y., and Donald Waters of Lakewood, N. J., combine card playing with horseback riding. The doubleheader was introduced at the Griswold Country Club, Groton, Conn.

**India Finishes Link To Kashmir**

**NEW DELHI** —(P)— The new road linking the state of Kashmir with the Indian union is hailed here as "an engineering feat." B. S. Puri, India's chief engineer, said "the entire energy of the government of India was bent on the stupendous task of completing this road link in the record time of six months—and finish it we did."

All the old roads and rail lines connecting Kashmir with India run through what is now Pakistan. When Kashmir joined India last October the only contact was by air. The new road is 32 feet wide and 65 miles long. It extends from Pashankot in India's East Punjab to Jammu in Kashmir state. It runs through treacherous mountains and deep valleys and cost the government of India about 30 million rupees (nine million dollars).

The project was started almost from scratch in January. Twenty-five thousand laborers were set to work on a 24-hour basis. A temporary railway was laid to maintain regular supplies of men and materials. In three months the railway moved in over 40,000 tons of supplies.

**30,000 Man-Days** Three months after the work began severe winter floods swept away what little had been done. Most of it had to be started all over again.

Then came "nuisance raiders" from across the Pakistan border. Worker morale was demoralized and military forces had to be stationed along the strategic road to keep the work going. In some places the road lies within 10 miles of Pakistan's West Punjab.

The military engineering department went "all out to complete the job," Puri said. It put in 30,000 man-days of work, mostly on the construction of bridges. Eleven miles of the road are covered by three major bridges, 15 minor ones, 173 culverts and 212 causeways. The biggest bridge, across the Ravi, is 2,800 feet long. It was estimated the labor expended on this one bridge was enough to complete a 150-mile long road.

**ATTENDING FUNERAL** Mr. and Mrs. John Allen Sewell left early Tuesday for Eldorado, Ark., to attend the funeral of his mother, Mrs. W. D. Sewell, Thursday afternoon.

Scientists have coined a word "hypergolic." It designates rocket propellant combinations that are self-igniting, as opposed to fuels that must be "sparked" to start the firing process.

**Two Air Force Flyers Die In Plane Crash**

**SAN ANTONIO** —(P)— Two Air Force flyers were killed Monday afternoon when a Randolph Air Force Base training plane crashed one mile north of Selma.

Dead were First Lt. Frank Eichel, 27, flight instructor from Buffalo, N. Y., and Student Officer First Lt. Kenneth G. Richmond, Manchester, Ohio. Eichel's wife, Martha, lives in San Antonio and Richmond's wife, Eleanor Ruth, in Seguin. Witnesses said the plane apparently went out of control before the crash.

**BODY OF AMERICAN SEAMAN IS RECOVERED** TOKYO —(P)—The Army reported Tuesday that the body of Lawrence W. Garcia, Jr., a Navy seaman from Roswell, N. M., had been recovered by a Japanese fisherman. Garcia fell overboard and was lost from the minesweeper Chatterer August 20.

**VISITING RELATIVES** Mr. and Mrs. Troy Farrar of Riverside, Calif., and Mr. and Mrs. W. F. Farrar and son, Rommie, of Brownsville are visiting Mr. and Mrs. E. P. Birkhead. Mrs. Birkhead is the sister of Troy Farrar and W. F. Farrar.

**Lay That Whistle Down, Mr. Officer**

**DETROIT** —(P)— The Detroit Police Department Tuesday ordered its patrolmen to stop whistling at women. "From now on, the only time an officer whistles it will be to stop traffic," a police edict declared. The order was passed down after girls working at a Michigan Bell Telephone Company branch, across the street from a police station, complained that officers' whistling was frequently not in line of duty. Commissioner Harry S. Toy ordered an inquiry. One night-lipped patrolman commented: "Whoever complained must not have been getting whistled at."

**Hodge Signs Transfer Of Korean Forces**

**SEOUL** —(P)— Lt. Gen. John R. Hodge, who is relinquishing his command in Korea within a few days, signed an agreement Tuesday transferring Korean Security Forces to jurisdiction of the new republic. He and President Syngman Rhee signed the agreement shortly after Hodge's recall to the states for reassignment was announced. Hodge will be succeeded as U. S. occupation commander in South Korea by Maj. Gen. John B. Coulter, commander of the Seventh Division and Hodge's deputy since May 25.

**RUSSIANS FREE 14,308 JAPANESE PRISONERS**

**TOKYO** —(P)— The Russians have released another 14,308 Japanese. They were returned to Japan. This brought to 776,389 the total Japanese released by the Russians since Japan's surrender. The Japanese government figures more than 1,000,000 army and civilian personnel were captured.

**Russia Steps Up Drive To Oust Marshal Tito**

**WASHINGTON** —(P)— Russia and her Balkan satellites are stepping up their campaign to oust Marshal Tito as boss of Yugoslavia, diplomatic officials said Tuesday. These authorities point to increasingly violent denunciations of Tito from every top Communist official in Eastern Europe outside Yugoslavia. In addition, party leaders in Italy and France also have lined up beside Moscow in condemning Tito as a "traitor" to the Communist cause. Government officials familiar with Eastern Europe say the disagreement between Tito and the Russian brand of Communism now is so fundamental it rules out any possibility of compromise. This increases the chance that Tito may, in desperation, turn to the West for support, but there is no real sign of such a move yet.

**PATROL KILLS CHINESE COMMUNISTS IN MALAYA**

**SINGAPORE** —(P)— A patrol of British Gurkha troops Tuesday killed two Chinese insurgents carrying Siamese travel permits. It was the first documentary evidence of Chinese Communist infiltration from Siam into rebellious Malaya.

**Cotton**

**NEW YORK** —(P)— Tuesday noon cotton prices were 10 to 60 cents a bale higher than the previous close. October 30.63, December 30.71 and March 30.69.

**Ranger Says Slapping Is 'Mild Reprimand'**

**CORPUS CHRISTI** —(P)— A Texas Ranger captain has testified he slapped a picket at the Bishop plant of the Celanese Corporation because "he had interfered with me in the discharge of my duties." It was a "mild reprimand," Texas Ranger Captain A. Y. Allee said Monday in describing the July 26 incident. Striking members of Local 883 of the Oil Workers International Union (OIOW) seek a temporary injunction enjoining Allee and Rangers under his command from "unlawfully" interfering with picketing and other union activities.
