SW Yeakum Prospector Is To Deepen To 12,500 Feet

Flies & Murchison No. 17-C Elliott, inactive wildcat in Southwest Yeakum County, on the west side of the Wasson-5000 field, and five miles northwest of Denver City, is to be drilled deeper to 12,000 feet to try to find and test the Devonian. This prospector, located 1,970 feet from east and 1,512 feet from south lines of section 532, block D, John H. Gibson survey, has been shut in since April 26, 1948, on a bottom of 7,510 feet in lower Permian lime. The venture had logged no shows of oil or gas down to that level. A rotary rig is now being moved in and deepening operations are to start immediately.

S-C Andrews Wildcat Is Staked By John

John Drilling Company, of Fort Worth is to drill its No. 1 University as a 5,900-foot wildcat in Central-Southwest Andrews County, to explore into the San Andres-Permian. The venture will be about 12 miles southwest of the town of Andrews, and 800 feet from south and west lines of the northeast quarter of section 42, block 9, University survey. Operations are to begin by October 15.

Esperado Makes Andrews Discovery From Permian

Esperado Mining Company No. 1 J. E. Parker, Central Andrews County wildcat, two and one half miles west of the town of Andrews, and 1,980 feet from south and 860 feet from east lines of section 2, block A-43, psl survey, has been officially completed. A 24-hour pumping potential of 66 barrels of 31.8 gravity oil, and no water. This new discovery from the San Andres-Permian, is two miles northwest of the nearest of the two small producers from the same zone, in the Parker field.

The pay section between 4,600 feet and the plugged back total depth of 4,708 feet, had been treated with 5,000 gallons of acid, in one stage. The well does not show any appreciable amount of gas.

This new discovery is on a block of acreage worked up by Don M. Oliver and Fred F. Kotyba, both of Midland. They turned a part of the acreage to Esperado to drill and kept some of the leases and an oil payment on the well.

Turner-Hewgley Upton Discovery Gets Offset

Republic Natural Gas Company is to start operations on a new petroleum prospector in East-Central Upton County, about three miles north and west of the initial producer in the Benedum-Ellenburger field, and one quarter of a mile east of a recent discovery from the Pennsylvania line.

The new venture will be Republic Natural No. 1-E Rosa Half Barnett and is 660 feet east and north of the southwest corner of section 3, block Y, GC&SF survey.

That puts it one location due east of the Fred Turner and J. M. Hewgley, Sr., No. 1 Barnett, completed about a week ago as a flowing producer from the Pennsylvania from pay above the plugged back total depth of 10,180 feet.

That well flowed 450.56 barrels of 58.7 gravity oil, with a gas-oil ratio of 3.58-1, through a seven-sixteenth inch tubing choke, in 15 1/2 hours, on an official Railroad Commission potential test.

The new Republic Natural project is to use rotary tools and will start operations at once.

Humble Locates Shallow Venture in W-C Pecos

Humble Oil & Refining Company has filed an application with the Railroad Commission of Texas, requesting a permit to start operations at once on its No. 1 W. C. Tyrrell, trustee, as a 3,000-foot wildcat.

The exploration will be in West-Central Pecos County, one mile northeast of the Per Stockton field, and 660 feet from southeast and southwest lines of section 506, Garcia, Montez and Doran survey.

The development is due to explore into the Yates sandy lime, the producing formation in the Fort Stockton field. It is about 12 miles northwest of the town of Fort Stockton.

Tide Water Gets Third Wheeler-Fusselman Well

Tide Water Associated Oil Company No. 4 C. O. Wheeler, flowed oil at the rate of 75 barrels per hour from the Fusselman section of the Silurian, on the north side of the Wheeler, multi-pay field in East-Central Winkler County.

The oil came during a drillstem test at 9,150-9,215 feet. The tester was open two hours. A 1,400-foot water blanket was used. The water blanket was flowed out in 10 minutes and the drill pipe started flowing out oil in 12 minutes.

France Calls On UN To End Berlin Blockade

PARIS—(AP)—France appealed to the United Nations Tuesday to end the Soviet blockade of Berlin because the three Western Powers have "exhausted every possibility of direct agreement with the Russians."

French Foreign Minister Robert Schuman, in a policy speech to the General Assembly, said the United States, Britain and France had not found even "a minimum of good will" in their talks with "our Russian partners."

Schuman spoke as the three Western nations prepared their appeals to the Security Council, formally citing the blockade as a threat to international peace and security. U. S. Secretary of State George C. Marshall and British Foreign Secretary Ernest Bevin conferred during the morning on the strategy the Western ministers will follow in the Security Council. Officials said the talk also concerned the British-American position and strategy in Germany after the Berlin question is referred to the Council.

Refreshments were served to a guest, Charles Kuykendall, and Lorene and Leonard Pike, Dorothy Hargrove, Doris Ann Mason, Darlene Brunson, LaLee Teaff, Joe Williams, Laverne Whittley, Diane and Priscilla Barber, Mr. and Mrs. Charles Welch and Mr. and Mrs. Vlyess Barber.

WE the WOMEN

By RUTH MILLETT
NEA Staff Writer
She's not a real friend if—
She tells you unpleasant facts "for your own good" or because she thought "you ought to know."
She often makes you feel dissatisfied with what you are and what you have.
She acts "hurt" when you make plans that don't include her.
She enjoys your friendship entirely at her own convenience, without considering yours.
When you are proud of a new possession, she always manages to find some flaw in it.
She doesn't hesitate to get a laugh at your expense.
She monopolizes your own time and friendship, never letting you feel free to seek other acquaintances.
Or—
She asks prying questions—instead of being satisfied with what you tell her of your own free will.
She imposes on you in the name of friendship.
You can't be sure when you tell her something you don't want repeated that it will go no further.
Though she welcomes a chance to sympathize with you when you are in trouble, you're never quite sure just how she will take the good things that happen to you.
If you get something she isn't content until she has something just a little bit better.
In order to get along with her you always have to do things her way.

SOCIETY

2—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 28, 1948

Luncheon Marks Anniversary Of Church Society

A covered dish luncheon and a program in the home of the president, Mrs. J. A. Andrews, were given by the Woman's Society of Christian Service of the Asbury Methodist Church Monday afternoon in observance of the anniversary of the Woman's Society.
The Rev. Lennel Hester gave the luncheon invocation. After the meal, Mrs. Nellie Hughes directed a program on "Churches and How to Make Them Better." Mrs. Clyde Gwyn spoke of "Disciples and Their Teachings," Mrs. Harrison Bickley of "Divisions of the Church," and Mrs. Andrews of "The New World Council of the Church."
In a business session, Mrs. J. P. Carson, Jr., announced that a new study course will start in the society next Monday, and reports were made by committee chairmen. Mrs. Hughes gave the closing prayer.
Others present were Mrs. Wayne Keener, Mrs. Louise Moore, Mrs. Lennel Hester, Mrs. Preston Pirtle, Mrs. Grace Wright, Mrs. Theo Ferguson, Mrs. Loy Busby, Mrs. A. T. Brunson, Mrs. C. E. Murry, Mrs. George Damon, Mrs. Laura Vestal, Mrs. Myrtle Pulliam, Mrs. Jess Hooper, Mrs. Loy Maaburn, Mrs. Elvis Hughes, Mrs. Marvin Franks and Mrs. Carmel Pirtle.

Cast Selection Is Under Way For Minstrel-Revue

Tryouts for parts in the musical revue and minstrel extravaganza, "Run-a-bit Higher," to be presented October 20-23 jointly by the Kiwanis Club and Community Theater, Inc., have been conducted at the City-County Auditorium Sunday afternoon and Monday night.
Both Lee Flood, in charge of the production from the Kiwanis Club, and Art Cole, Community Theater director, expressed pleasure at the talent volunteered for the production.
The Community Theater has just completed the presentation of a three-act comedy, but Cole already has plans for the minstrel-revue well under way. He says that some top acts have been worked out and others are in the process of preparation, and special musical numbers and scores have been prepared. He expects the production to take shape rapidly even though the cast is large.
Joe Koegler, president of the Kiwanis Club, stresses that the object of the show is a worthwhile one. He pointed out, "Net proceeds from this production go directly to assistance for underprivileged children. There is no more valuable cause to which talented amateurs can lend their time and effort, and they can be assured of the hearty cooperation of Kiwanis and the Community Theater, and of the enthusiastic support of Midland theatergoers."
The camel surpasses all other pack animals in endurance and is stronger than any other pack animal except the elephant.

Counting Chickens

Ronald Mazur backs his belief in the Indians ordering 50,000 pennants. The management fears the flags may put the whammy on the club's chances, but not the Cleveland novelty man. If the Tribe doesn't win, he can clip away the wishful sentiments at the bottom, and sell them plain.

DOWN SPORTS LANE

with TANNER LAINE

Tickets for the Midland-Plainview football game Friday night in Memorial Stadium here will go on sale downtown at 1 p.m. Thursday at the Chamber of Commerce office.

The duets will remain on sale at that location through Friday.

President Theodore Roosevelt was the inspiration of the forward pass in football, reveals Sid Luckman, great quarterback of the Chicago Bears, who became famous throwing them.

Here's the story: The President became alarmed when he saw a picture of Bob Maxwell, star of the 1905 Swarthmore eleven, after Maxwell had taken a terrific beating in a game against Penn. Roosevelt promptly issued a proclamation that unless football abolished such rough play, he would take steps to abolish football.

That winter, according to Luckman's story in his new book, "Passing For Touchdowns," the rules committee adopted the forward pass to placate the President. However, it still was some time before the weapon became an integral part of the game.

ROUNDUP UP THE STRAYS
It's the battle of the Bulldogs Friday night with both Midland and Plainview called Bulldogs. An Athlete sportswriter writes that Danny Goode, ex-Midland High star, has enrolled at Hardin-Simmons. He was ticketed for Tulsa and left for there. A Big Spring sportswriter writes Jack Wadsworth of Ballinger was the only Longhorn League player to make all games of the season (140). Begging his pardon, Rip Collins played in 140 games. Ripper is credited with 139 on the books and the other game was a tie game at Big Spring, which was called. But Collins definitely was playing in it. Pat Gere has a "dark horse" in his Sweetwater Mustangs. As predicted before the season—San Angelo would win the District 3-AA crown this time. We still contend the improving Bobcats will win. We believe Midland will win four games this season and we wish the kids would make us eat those words and win some more. One Bulldog describing the Austin game said: "I hit 'em but they were so big, I bounced off!" Coach Carl Knox's "B" Bulldogs often branch out in the "TCU" spread. The Los Angeles Dons and Rams play in the largest stadium in pro football—105,000, while the Green Bay Packers have the smallest home field with—24,000 seats. Lou Boudreau of Cleveland is the youngest manager in the majors in 31 years. Miami University plays nine of its 10 football games this season at night. In four seasons at Alabama, Harry Gilmer completed 215 out of 407 passes. During the last world series between the Dodgers and the Yanks, a statistical study shows that 39 of the 119 safe hits—nearly a third—were recorded after the count had reached two strikes on the batter. And 33 of the 57 runs—almost half—were scored after the men out. Rollins of Wink was his team's best player last weekend. Reid and Weatherly of Andrews were stars. Baylor will have all of its NCAA basketball finalists back for next season. Twenty-five members of the 45-man Texas U football squad worked in the oil fields last summer. Glenn Dobbs, Los Angeles Dons quarterback, named his new son John Saxon Dobbs—for John Klimbrough and Saxon Judd. The kid thus has a terrific start toward being a football player. Mr. and Mrs. Lee Thomas and Sherwood O'Neill of Midland, who saw the Austin game, say the Midland youngsters played bet-

Bulldogs Study For Air Attack

Plainview will bring a pass-minded, wide-open playing football team here Friday and the Midland Bulldogs went to work Monday to get ready for the invasion. The two teams meet at 8 p. m. Friday in Memorial Stadium here. It is the second home game of the season for the MHS Purple.

The defense came in for a lot of study Monday at the Bulldogs' drill. Coach Audrey Gill scouted Plainview and his findings were revealed to the players. It is from Gill the report of Plainview's aerial attack came. "They really throw that ball around," the coach said.

The Bulldogs came out of the Austin High (El Paso) game with a serious injury. Dee Bivens, blocking back, will be lost to the team for several weeks. He suffered a shoulder separation and fractured collar bone. Larry Buckingham has been plugged into the blocking back slot.

The youngsters ran with a lot of fire and hustle Monday. They are not whipped down by any means. The spirit still is high.

Black Indians Lose To Sox 9-2

The Amarillo Red Sox beat the Midland Black Indians 9-2 in Indian Park Monday night. It was the 12th Tribe loss this season against 34 victories.

Miscues hurt the Indians. Harry Dooley pitched good ball for the losers, giving up only five hits.

Manager Bennie Harrison led the Tribe hit parade with four for five, including two doubles and two singles. Miller of the Sox got three safeties in five trips.

Odessa Climbs As Jackets Ho'd Favorite's Role

DALLAS—(AP)—Port Arthur, Amarillo, and Brackenridge of San Antonio continue to pace schoolboy football in Texas.

Sportswriters participating in The Dallas News poll ranked them for a second week in this order.

Three teams fell from the top ten. They were Brownwood, Corpus Christi and Arlington Heights.

The top ten and the number of points received:

1. Port Arthur (266).
2. Amarillo (184).
3. Brackenridge of San Antonio (170).
4. Odessa (132).
5. Wichita Falls (122).
6. Baytown (117).
7. Waco (103).
8. Sweetwater (83).
9. Highland Park (61).
10. Lubbock (36).

The second ten: 11. Corpus Christi; 12. Orange; 13. Arlington Heights (Fort Worth); 14. Pampa; 15. Milby (Houston); 16. San Angelo; tie for 17th between Tyler and Stephenville; tie for 19th between Denison and Stephen F. Austin (Houston).

Pups To Play Crane Eleven

The John M. Cowden Junior High Bulldogs open their football season at 6:30 p. m. in Memorial Stadium here Thursday. Opposition is Crane.

It will be the eighth grade gridder who tangle with the visitors. The junior high footballers are divided into three teams for grades six, seven and eight.

Coach of the eighth grade team, which plays Thursday, is Dale Scott. The Pups have worked hard and faithfully since school opened and are ready to go.

Citizens are invited to the game to see the future Bulldogs in action.

Scott, Berry Pace Southwest Ground Gainers

DALLAS—(AP)—Arkansas' Clyde Scott and Lindy Berry of Texas Christian are tops right now in the Southwest Conference at gaining yardage.

Scott has made 200 yards on 21 runs and Berry the same yardage on 46, figures released by James H. Stewart, conference secretary, show. Both have played two games.

Leon Campbell of Arkansas has 193 yards on 27 carries.

Gil Johnson of Southern Methodist leads the passing parade with nine out of nine for 207 yards although playing only one game. Paul Campbell of Texas is second with 12 completions out of 35 attempts for 201 yards in two games.

Bob Goode of Texas A&M tops the punters with an average of 38.6 on 15 punts. Doak Walker of Southern Methodist is second with 38.5 on four.

Arkansas Tops In Offense
Ben Proctor of Texas leads in pass-receiving, having taken 10 throws for 141 yards. Jasper Flannakin of Baylor is second with four for 90.

In punt returns, Charles Royalty of Texas A&M leads with an average of 46.5 on two runs but George Sims of Baylor has the most yardage—119 on three returns.

In team offense Arkansas tops with 850 yards. Texas is second with 612. Southern Methodist, which has played only one game, is third with 403. Southern Methodist has the best pass average for a team—12 out of 13 for 523.

Rice Institute filed no report on its game with Sam Houston State; thus none of the Owl players are included in the statistics.

MAJOR LEAGUES—

Cleveland Appears Cinch For Bunting

The tightest three-team flag fight in the American League in 40 years continued at the boiling point Tuesday as the Cleveland Indians, New York Yankees and Boston Red Sox prepared to slug it out to the bitter end.

One game ahead of the Yankees and Red Sox—deadlocked in a second place tie—were the Indians, in a strategic spot to grab off the first Cleveland pennant in 28 years.

SWC Coaches Start Grinds For Weekend

By The Associated Press

At least two Southwest Conference coaches are singing "There'll Be Some Shangoes Made."

Harry Stittler at Texas A&M said he probably would make several switches in his starting lineup. The Aggies lost to Texas Tech 20-14 last week.

Blair Cherry, whose Texas Longhorns lost a stunning 34-7 decision to North Carolina, has already started carrying out the theme.

Monday he moved Billy Pyle back to the left halfback slot in the starting lineup and moved Randall Clay into the right half position.

Rice went through a heavy drill Monday, but most of the other conference members contented themselves with light workouts.

Texas Christian, victor over Oklahoma A&M 21-14 last week, tuned up for its conference clash with Arkansas Saturday night with a long blackboard session. Coach Dutch Meyer handed out a few new plays for the Frogs to ponder.

Razorbacks Nurse Injuries

Rice scrimmaged and Coach Jess Neely said more was in prospect, stressing blocking. The Owls blanked Sam Houston 46-0 last week and meet Louisiana State this week.

Arkansas still had a few key men on the sidelines, but blocking back Alvin Duke may be ready for TCU. Coach John Barnhill listed center Billy Ray Thomas, guard Theron Roberts and end Jim Cox on the casualty list.

Southern Methodist University's first stringers got off with a light workout as reward for a 33-14 victory over Pitt. The reserves had a scrimmage session.

Baylor polished its pass defense and blocking. Coach Bob Woodruff expressed satisfaction over the manner in which the Bears blasted Tulsa 42-19 last week.

Few major injuries were reported at the various camps.

Texas League—Tulsa Nips Cats 6-3 To Extend Playoff Series

PORT WORTH—(AP)—Port Worth and Tulsa tangled here Tuesday night in the sixth game of the Texas League's championship series with Port Worth needing just one more victory to win.

Tulsa stayed in the running Monday night with a four-run outburst in the eighth inning that was good for a 6-3 victory.

Port Worth leads in the series, three games to two.

Big Chris Van Cuyk relieved Willard Ramsdell in the eighth with the bases loaded. He promptly walked Bill Capps to give Tulsa a tie, then walked Russ Burns to send Charlie Kress across.

George Brown took over from Van Cuyk and Al Unser squeezed Tommy Tatum home with the third run of the frame. Elbie Flint's single counted Capps with another run.

The Tulsa rally enabled Harry Perkowski to register his 26th win of the year.

Irv Noren's double with the bases full in the third inning accounted for all of Port Worth's runs.

Bud Eyerly will be on the mound for Tulsa Tuesday night, opposing D'wain Sloat.

Variety Of Exhibits To Feature Midland County Fair

The Midland Reporter-Telegram

FIRST WITH THE NEWS

MIDLAND, TEXAS, TUESDAY, SEPTEMBER 26, 1946

SECTION TWO

Chamber Of Commerce Officials

Tom Sealy, left, is president and Delbert Downing is manager of the Midland Chamber of Commerce, sponsor of the annual Midland County Fair which opens Thursday in the City-County Auditorium and the American Legion Hall.

Rules, Judges For County Fair Listed

These are general rules for the Midland County Fair, September 30, October 1 and 2:
Prize money will be paid only to entries from Midland County. Other entries will be accepted for their interest only.
Where there is no competition, ribbons will be given at the discretion of the judges.
A watchman will be provided by the directors, and all other precautions will be taken to assure safety of exhibits; but the directors will not be responsible for any damage done while products are on exhibit.
Decision of the judges will be final in every case.
The fair will open to the public at 10 a. m., Thursday, September 30.
Judges include Mrs. Imogene Ledbetter, Stanton; Mrs. Hattie Owen, Odessa; Mrs. Alma Hale, Monahans; J. D. Eiland, Martin County Agent; and H. L. Adkins, Jr., Ecot County Agent.

Johnny Regan, Famous Whip, Rope Artist, To Appear At Midland Fair

Johnny Regan, internationally-known English cowboy, will be a featured entertainer at the annual Midland County Fair here Thursday night. The outstanding whip artist and trick roper has been with the famous Hardin-Simmons Cowboy Band since 1930, with the exception of the war years when he returned to England to serve with the British Overseas Forces.
Regan's special numbers include tricks with the Australian stock whip and the popular "Texas Wag-on Wheel" with the lariat. The entertainer is hailed both as England's greatest cowboy and one of the best whip artists in America.

County Fair Parade Route Is Announced

The Midland County Fair Parade will form at the high school at 4 p. m. Thursday and will start moving promptly at 4:30 o'clock. It will proceed east on West Texas Street to Main; south on Main to Missouri; west on Missouri to Lorraine; north on Lorraine to Wall; west on Wall to Colorado; south on Colorado to Missouri; west on Missouri to Pecos.

U. S. FARMERS HAVE GOOD WAR RECORD

The United States produced 61 per cent more food in the last two years of World War II than in the last two years of World War I and did it with 1,500,000 fewer farm workers.

Oil Industry To Have Exhibit At County Fair Here

The petroleum industry will be represented in the 1946 Midland County Fair with an interesting and educational exhibit.
The display will be presented by the Petroleum Committee of the Midland Chamber of Commerce, in cooperation with the Petroleum Industry Information Committee for West Texas.

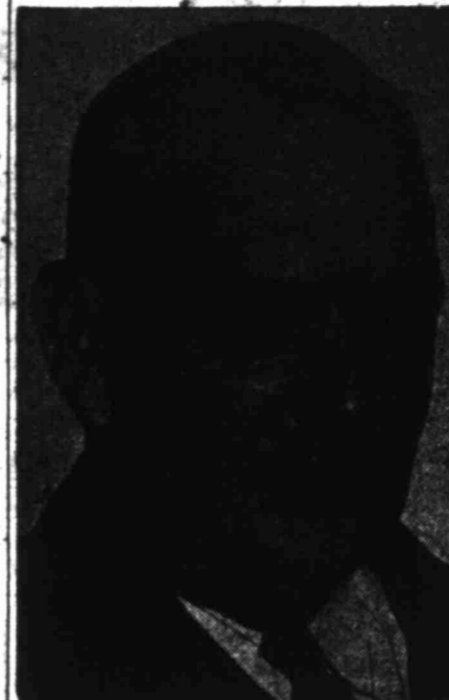

The exhibit will include a series of short moving pictures which will show all features of the oil business from the start of the drilling of oil and gas wells to the distribution of petroleum products.

Those pictures were shown at the recent International Petroleum Exposition in Tulsa, and attracted much attention.
Other items to be exhibited include a scale model of a typical West Texas oil field; an enlarged geological cross-section of the Permian Basin, and several interesting oil maps.

South Plains Fair Is On At Lubbock

LUBBOCK — The 31st Annual Panhandle South Plains Fair opened Monday in Lubbock and will continue through Saturday.
A record opening day attendance was reported, with even larger crowds expected during the week. The fair has more exhibits than ever before, sponsors said.

Fair Director

R. L. Miller, supervising director of the Agriculture and Livestock Committee of the Midland Chamber of Commerce, is the director of the annual Midland County Fair which opens Thursday and continues through Saturday.

Farm Crop Displays To Interest Visitors

Exhibits showing the fertility of Midland County soil and the industry of Midland County farm folk will be on display at the 1946 Midland County Fair, which sponsors say will be the best ever held in this section of West Texas. Many citizens doubtless will be surprised at the scope and extent of the livestock-agriculture exhibits.

The fair will be held Thursday, Friday and Saturday in the City-County Auditorium, the American Legion Hall and in the street in front of the Legion Hall. The fair is free and the public is invited.

General crop exhibits, open to all residents of the county, include: Cotton with classes for the best 20 bolls of any variety, best samples of lint ginned from the 1946 crop, and best individual stalks; grain sorghum heads, with one-gallon samples of threshed Plainsmen, Martin, Beaver, and Goose Neck milo and hegar; and bundle grains, with samples of sweet sorghum, sudan grass and hegar.

Home demonstration and 4-H Clubs will exhibit field crops, garden crops, cheese, butter, eggs and soap, canned vegetables and fruits, pickled vegetables and fruits, jelly and preserves, and educational displays.

Specifically, 4-H Club girls will exhibit in their canned fruit and vegetable booths; tomatoes, string beans, black-eyed peas, tomato juice, grape juice, pineapple juice, corn, beets, okra, carrots, English peas, greens, plums, pears, peaches, apricots, figs, pineapple, apples, apple butter, peach, watermelon rind, pear, apricot and apple preserves; grape, plum and apply jelly.

Clothing Exhibit
In their clothing exhibit, first-year 4-H Club girls will show embroidery pieces, aprons, tubbies, plain pillow slips and a yearbook. Second-year girls will show dresser scarfs, aprons, tubbies, crochet samples, embroidery, yearbooks and

blouses and skirts. Third-year girls will show cotton dresses with buttonholes, dresser scarfs with handwork, tubbies, embroidery, crocheting, and yearbooks. Fourth-year girls will exhibit cotton or rayon dresses with buttonholes, tubbies, luncheon cloths, play suits, embroidery, yearbooks and crocheting. Fifth-year girls will show two-piece dresses, tubbies, luncheon cloths and napkins, simple dresses, embroidery, crocheting and yearbooks.
Bake exhibits for girls and women of the county will include yeast bread, with samples of loaves, rolls, tea rings, and cinnamon rings; cakes, with samples of layers, yellow, white, chocolate, pound, angel food and chiffon cakes; and cookies, with samples of brownies, ice box cookies, macaroons and sugar cookies. A candy display will include chocolate fudge, divinity and date loaf.
The fresh vegetable exhibit will include Irish potatoes, yams, onions, turnips, beets, carrots, radishes, tomatoes, string beans, squash, cantaloupes, pumpkins, watermelons, cantaloupes, pepper, okra, cucumbers, cabbage, eggplant, black-eyed peas and cream peas.
Fresh Fruits
Fresh fruits will include apples, figs, grapes, peaches and pears. Canned fruits and vegetables will include tomatoes, string beans, English peas, black-eyed peas, carrots, squash, okra, tomato juice, corn, kraut, beets, greens, dew berries, blackberries, pears, peaches, apples, pineapple, grapes, apricots, figs and pineapple juice.
Pickles, preserves and jellies will (Continued On Page Seven)

the MIDLAND COUNTY FAIR

... this year will be the biggest and best we've ever held! You'll agree, too, after you've checked the elaborate program. The dates will be—

THURSDAY-FRIDAY-SATURDAY

September 30 — October 1-2

The Midland County Fair is sponsored by the Midland Chamber of Commerce in close cooperation with the County Agent, County Home Demonstration Agent, Home Demonstration Clubs, 4-H Clubs and FFA Organizations.

In most of the exhibits there will be competition, but the Midland County Fair is not based entirely upon competition. The purpose of the Fair is to show what can be produced in the county. It is to be educational as well as entertaining; therefore exhibits of unusual interest will be encouraged whether competition exists or not.

The Midland Chamber of Commerce invites everyone in the county to participate in this event that it might be an outstanding success.

Cotton Consumption In State On Upgrade

AUSTIN — Cotton consumption in Texas increased eight percent in August to 12,900 running bales, the University of Texas Bureau of Business Research reported. Compared to August 1947, cotton consumption was up nine per cent. Consumption of cotton lint, totaling 2,062 running bales in August, fell 10 per cent from July to a level nine per cent above August, 1947. Cotton spinning activity increased from July; active spindles advanced 11 per cent to 215,000 in August, and spindle hours jumped 21 per cent to \$1,900,000. From a year earlier, active spindles increased fractionally and total spindle hours rose one per cent.

4-H Club Girls Will Compete For Trips And Special Awards In Fair

A list of exhibits which 4-H club girls may make in the Midland County Fair this week as well as of open exhibits in which some of the girls may be interviewed, had been made by Mrs. Nettie B. Mincek, county home demonstration agent. She reminds club girls that ten girls from the county will receive free trips to the State Fair in Dallas, October 14-17, on the basis of fair awards. The two girls from each year, first to fifth, of club work who score the highest number of points on exhibits will be given the trip by the County Home Demonstration Association. Added awards have been offered by the Business and Professional Women's Club of Midland, which will present cash prizes to the girls under age 14 and to the girl 14 or

over who scores the highest total of points on all exhibits. In the exhibit of canned products open only to 4-H club girls, a prize of one dollar will be given for each first place and 50 cents for each second place, and a club girl competes only with others in her year of club work. Entries are listed below. Products to be entered in this division include tomatoes, string beans, black-eyed peas, tomato juice, grape juice, pineapple juice, corn, carrots, peas, okra, English peas, greens, plums, peaches, apricots, figs, pineapple, apples, peach preserves, watermelon rind preserves, pear preserves, apricot preserves, apple preserves, grape jelly, plum jelly and apple jelly. Similar prizes are offered in the 4-H Club clothing exhibit. Entries for first-year girls are embroidery piece, apron, tubbles, plain pillow slips, and yearbook; second-year girls, dress, scarf, apron, tubbles, crocheted embroidery piece, blouse and skirt; for third-year girls, cotton dress with buttonholes, dress, scarf with handwork, tubbles, embroidery, crocheted, and yearbook. For fourth-year girls, cotton or rayon dress with buttonholes, tubbles, luncheon cloth, play suit, embroidery, and yearbook; for fifth-year girls, two-piece dress, tubbles, luncheon cloth and napkins, simple dress, embroidery, crocheted, and yearbook. May Enter Open Class In the bake exhibit, there are four classes of yeast breads, loaf, rolls, tully and apple and cinnamon rings; four classes of cakes, pound, angel food, chiffon, and layer, including yellow, white, or chocolate layer; four classes of cookies, ice-cream, brownies, sugar and macaroons. Candy may be entered by the club girls in the open exhibits. Four classes, divinity, chocolate fudge, pecan praline, and date loaf, are listed under candies. Some of the club girls have also indicated that they will enter fresh fruits or vegetables in the open exhibits. In addition to preparing entries, the 4-H club girls are working with 4-H boys of the county on a float for the fair parade. It is being decorated in the 4-H colors, white and green, featuring the emblem of the national organization.

Stonewall Jackson's Home Now A 4-H Club

JACKSON'S MILL, W. VA. — (AP) — The boyhood haunts of Stonewall Jackson in this north central West Virginia area have been swallowed up by the nation's pioneer 4-H camp now covering 525 acres. The great Confederate general's boyhood home was on the original tract of five acres donated by the Monongahela West Penn Public Service Company in 1921 for use in 4-H and farm leadership training work. An old mill in which Jackson worked as a boy still is standing on the site, and from that structure the camp has received its name. Jackson's home was destroyed by fire before the 4-H center was established by the state legislature shortly after 1921. Today, the camp is a part of the agricultural extension service facilities of West Virginia university and it represents an investment of more than \$500,000. In addition to 4-H boys and girls, state and national farm, church and educational groups head the list of organizations that meet here on a schedule that takes up virtually every day in the year. Since 1923, when the only one cottage and the upper floor of the old mill were available for housing, the camp has grown to comprise 13 cottages, many of them made of stone, with housing accommodations for 350. Each cottage has hot and cold running water.

British Say B-29 Is World's Finest

LONDON — (AP) — American air experts may consider the B-29 out of date but British observers think it's tops. The magazine "Aeroplane," authoritative publication in that field, sent one of its observers with the Superforts in last week's full-scale air exercise over southern England. The B-29s staged mock attacks from the continent. After detailing performance of the American planes which never appeared in the European theater during the war, the magazine's representative wrote: "The B-29 superfortress, although it is considered a little dated by the Americans, is still one of the finest strategic weapons in the world."

Czech Writer Assails Red Moving Pictures

PRAGUE — (AP) — Freedom of speech is muted but not dead in Czechoslovakia and newspaper readers can still write letters to the editor expressing a preference for American movies over the Russian variety. The newspaper "Mlada Fronta," a strong Communist supporter, has been campaigning against bad movies, bad music and bad stage shows. It cited the movie "Red Station," a western, as an example of the worst type of American movie, which should not be shown in Czechoslovakia. "Mlada Fronta" published the following unsigned letter of reaction: "You are an ox to start such a campaign. Do you believe you represent the will of the people? Go and have a look at the box office of a cinema where an American picture is running and one where a Russian batch-work is running. There you will see the will of the people. If your campaign results in the withdrawal of American pictures and we are forced to see those Russian patch-ups, then after the war I'll beat you so that you will not forget it until your death."

A survey of titles playing at 17 first class movie theaters in Prague during a week in August showed this breakdown of movies by countries of origin: United States 10, Russia 3, France 2, Czechoslovakia 2.

Swiss Alps Claim 40 Lives This Summer

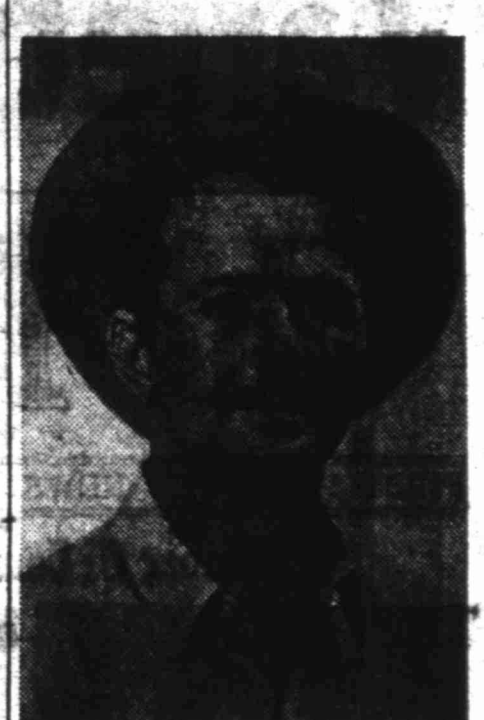

BERN, SWITZERLAND — (AP) — The Swiss Alps have claimed approximately 40 lives during the current mountaineering season. The season begins in May and ends in mid-September, depending on weather conditions.

The victims ranged all the way from rank novices who plunged to their deaths when they were lured to a perilous spot by the sight of an avalanche, to hard-bitten mountaineers who were surprised by bad weather or hit by stones which came hurtling down the mountain-side. One of Switzerland's most experienced guides, Hans Schlunegger of Wengen, and two companions were caught by an avalanche on the Grosshorn and plunged to their deaths, 800 meters down the glacial slopes.

One of the strangest stories to come out of the Jungfrau area was that of a woman climber, who survived two nights in sub-freezing temperatures. Her two men companions froze to death after a blizzard surprised the trio and they were forced to bivouac for the night.

Entertainment Galore Will Be Feature Of Fair Here

Entertainment aplenty awaits visitors to the annual Midland County Fair on South Colorado Street Thursday, Friday and Saturday.

Not only the varied exhibits in the American Legion Hall, the City-County Auditorium, and in the livestock pens in the 200 Block of South Colorado, but special entertainment features each evening are in store for visitors.

It's all free. Only one soft-drink stand, operated by Midland County 4-H Club Girls, will give visitors an opportunity to spend money.

On the Thursday evening entertainment program will be Johnny Regan, noted rope artist with the Hardin-Simmons Cowboy Band. He will perform at 8:30 p. m. Thursday in the American Legion Hall, and next day will give another free show, beginning at 10 a. m., at the Terminal Theater.

Musical Show

Dub Adams and his K-Bar Ranch Hands will give a musical show in the Legion Hall at 8 p. m. Thursday.

Friday evening, special entertainment events will be staged earlier than on other days in order not to conflict with the Midland-Plain-view football game here. At 6:30 p. m., the Lions Club Orchestra is scheduled to play, and the Midland Men's Chorus will sing at 7 p. m. Saturday, there'll be square dancing, beginning at 8 p. m. Jack Fomby and his square dance team from Abilene, and Lum Harris' group from Stanton will be among expert teams appearing on this part of the program.

Pig Chase

A "greasy pig" contest is slated for 3 p. m. Saturday, with R. C. Vest and Kelly Lewellen in charge.

In addition to all these free events, attendance prizes will be awarded by the Midland, Junior Chamber of Commerce. A handsome wrist watch, a radio, and a fine luggage set will be awarded as free prizes to lucky fair visitors.

Authorities All Confused On Birthday

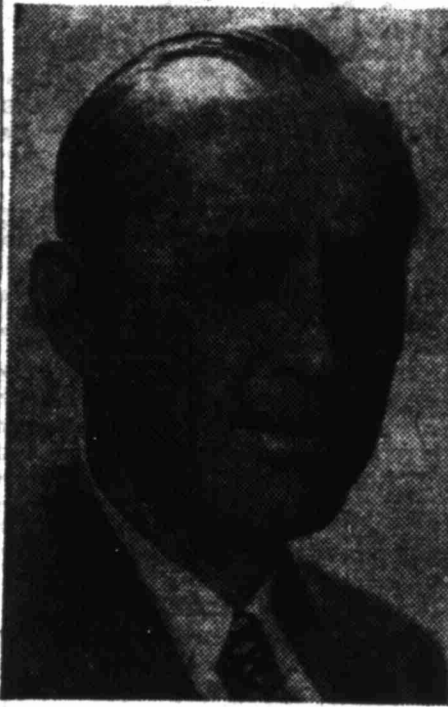

LYNDHURST, N. J.—(AP)—Maybe Joseph Benedict wasn't born an hour too late after all.

The Lyndhurst School Board barred Joseph from entering kindergarten because he was born at 1 a. m. on Jan. 1, 1944. The board ruling is that kiddies must be five years old by December 31 to get into kindergarten classes.

Frank Gallagher, board president, said recently new evidence has appeared. The board was notified that the day Joseph was born, wartime daylight saving time was in effect. This would make his birth date at midnight Dec. 31, 1943.

Gallagher said the board will reconsider its decision.

Oil Exhibit Head

James C. Watson is chairman of the Oil Exhibit Committee of the annual Midland County Fair to be held here this week. The committee is arranging a display depicting various phases of the oil industry, including geology, production, scouting, engineering and distribution. The exhibit will be among the most interesting and educational of the fair's displays.

Impressive Parade To Open Fair

If you want to see the Midland County Fair as soon as possible, follow the fair parade Thursday afternoon.

The parade begins at 4:30 p. m. After traversing downtown business blocks, it will disperse at the City-County Auditorium, and the public will be admitted to the fair exhibits in American Legion Hall and the auditorium immediately afterward.

An impressive parade, with a long line of floats as well as a column of horsemen, has been promised by the fair's parade committee, including Steve Laminack, chairman, Frank Hawk and Dick McKnight.

The parade will form at the high school campus at 4 p. m. Thursday. At 4:30, it will proceed eastward along Texas Street to Main, South to Missouri, West to Loraine, North to Wall, West to Colorado, and back South on Colorado to Missouri.

Three judges will select winning floats and award three prizes—\$15 for first, \$10 for second, and \$5 for third prize.

Parade Entries

The following organizations and firms have announced they will enter floats in the parade:

Society for the Prevention of Cruelty to Animals, Girls 4-H Club, Boys 4-H Club, May Motors, Broadway Motors, Western Service Store, Brownies, Cub Scouts, Girl Scouts, Boy Scouts, Midland Fire Department, Midland High School Band, Midland Lions Club Orchestra, Dub Adams and his K-Bar Ranch Hands, Cap Rock Rural Electric Cooperative of Stanton, Park Inn, American Legion and Auxiliary, Shu-R-Pit Venetian Blind Company, Ace Motors, Scruggs Motor Company, Dunagan Sales Company, Mackey Motor Company, White's Auto Store, Elder Chevrolet, Rotary Club, Junior Chamber of Commerce, The Western Company, Allied Acidizers, and Wes-Tex Equipment Company.

Garden Clubs Booth Will Be Fair Feature

One of the most beautiful and most attractive exhibits at the Midland County Fair this week will be the booth sponsored by the Midland Garden Clubs, fair officials said Tuesday. A wide variety of flowers and shrubs will be shown by scores of exhibitors.

The committee in charge of the booth includes Mrs. Sam Preston, Mrs. Ernest Nell, Mrs. B. R. Matthews, Mrs. F. A. Crockett, Mrs. Charles E. Marsh, II, and Mrs. A. P. Shirey.

Rules for exhibitors were listed as follows:

All Midland County citizens are invited to bring exhibits. The committee is not responsible for containers, although reasonable care will be exercised. All containers must be marked on the bottom with the owner's name.

Only one entry in each class is permitted from an exhibitor.

Entries must be at the booth not later than 9:30 a. m., September 30. They may be removed at 9 p. m., October 2, and must be removed by 10 a. m., October 2.

Exhibits will be maintained in good condition by the exhibitor until the close of the fair.

Section A—Combination of fruits, vegetables and foliage in suitable container—metal, wood, pottery or straw.

Section B—Berry-bearing shrubs

Section C—Garden flowers:

Class 1, Chrysanthemums; 2, Roses; 3, Dahlias (standing arrangement); 4, Zinnias; 5, Marigolds; 6, Mixed arrangements.

Group A, coarse textured; group B, delicate textured.

An exhibit on the care and culture of lawns in Midland will be prepared by the committee for display.

Floating Cafe Is New Reich Fad

HAMBURG, GERMANY—(AP)—The cafe society of this city has taken to the water.

The smart thing to do these bright Autumn days is to take your meals afloat.

There's an acute shortage of restaurants and hotels in this badly bombed port. So enterprising restaurateurs have converted a small fleet of vessels into floating hotels and restaurants. They range from a tiny ferryboat to a derrick ocean-going liner. They are dotted about the city on the river Elbe, the lakes and the canals.

Masted Ship

Most picturesque is a three-masted sailing ship. You would almost expect a pirate crew to leap at you over her black and white sides. Instead, you are greeted by a smiling steward and conducted to a very comfortable dining room. The ship "Seute Deern" (sweet girl) has cabins for 40 people.

Looking at the rusty, twisted upper decks of the tiny "St. Louis" you would never imagine that a flourishing hotel is located in the hulk. The 16,000-ton ship was bombed and burned at Kiel in 1944. She was later towed to Hamburg.

Cruise And Dine

She has been cleaned up inside and now offers travelers 250 beds in single, double or three-berth cabins. Her decks give a good view of shipping on the Elbe.

Moored opposite the American consulate on a lake in the shopping district of the city is a smart white ferryboat. It rarely moves, however, as it is now a popular restaurant. If your party is big enough you can hire the boat to cruise around the lakes while you dine.

To serve this port's large number of dock workers there are diners on barges. Moored at the most unexpected places on the canals they cater to customers who come from shore over the gangplank or those who draw up alongside in boats.

Temperance Tornado Sweeps Kansas Trying To Keep Sunflower State Dry

Banded but not bottled is the friendship between former Olympic miler Glenn Cunningham (right) and publisher Willard Mayberry, who heads the 90 young crusading dries.

KANSAS CITY, KAN.—(NEA)—"Cigarettes 'n' whiskey" are being swept up into a typical Kansas storm. A "Temperance Tornado," off on a 1,500-mile swath through the Sunflower State, hopes to stop repeal of Kansas' 87-year-old prohibition law at the polls on November 7 with a show of old-time appeals against John Barleycorn.

The "Tornado," a caravan of 25 trucks and cars, is headed by Willard Mayberry, bull-voiced Elkhart, Kan., publisher, who organized the troop of modern Carrie Nationalism hatchets.

Starting from Dodge City, in the southwestern corner of the state, where saloons once helped quench the drought, the bone-dryers are curbing the evils of the state's legal 3.2 beer clear to Kansas City, Kan., where they hope to "smash liquor back across the Missouri River, where it belongs."

The troop of 90, led by a 45-piece band of high school and college musicians, includes youngsters of seven and oldsters like retired farmer John Yust, 91, of Dodge City. Yust, now with flowing white beard, voted for Kansas constitutional prohibition in 1880 when it was ratified.

"I'll vote for it again in November," he says.

Mayberry received some \$4,000 in contributions from Western Kansas sympathizers, but members of the caravan planned to sleep on church and school lawns and bathe in swimming pools.

Chief attraction

One of the chief attractions at the water-drinking stands is former Olympic miler runner Glenn Cunningham, one of Kansas' outstanding athletes.

"Of all the records I've made," says Cunningham, now a farm manager at Emporia, Kan., "the one of which I'm proudest is that I've never smoked, nor have I even tasted Kansas 3.2 beer."

But all Kansans aren't sympathetic. At Lyons, in the western grain country, the Tornado was met with a sign: "The bootleggers of Lyons welcome the Temperance Tornado." It was ripped down by a pair of furious girl band members.

Cunningham lambasted a Kinsley wag who sent a bar boy out with a frosty glass of beer for the husky-voiced ex-runner as he spoke in the hot sun.

"You're getting hoarse—better take a drink," is often thrown at the speakers from the crowd. But a youthful advocate of undiluted water silenced a banterer with: "There's a place for you in hell, bud!"

Although crowds have not been large at the Tornado's stands, the riders, thoroughly serious in their intent, have been able to strike some applause with their memory-stirring words-against booze. No spontaneous demonstrations, however, have swept with the storm which leader Mayberry predicted would gain strength, like most Kansas tornadoes, as it went along.

Miss America Is Unchanged By Fame

By The Associated Press
Fame in becoming Miss America has not changed Bebe Shopp of Hopkins, Minn.

This 18-year-old beauty, formally known as Beatrice Bella Shopp, is as handy around her parents' four-acre place near Minneapolis as she is in beauty contests. With her music studies and the fame of being Miss America, Bebe will be too busy to carry out the many tasks she undertook before going to Atlantic City. One of these was a job as baby sitter for neighbors.

Gayle Wolff, 15, an ace high school basketball player, who escorted Bebe to the senior prom last May, says "after all, she's Miss America now, but I might ask her for a date when some of the excitement has died down."

Neigh, Neigh, Peggy

Peggy McCarthy was named Miss Las Vegas in a contest to select a Nevada representative at the World's Championship Rodeo, opening at Madison Square Garden, Sept. 29. The pretty equestrienne tries to tempt dobbie with a tasty tidbit, but the hay burner seems to have other things on his mind.

'Saloon' Keepers Battle With Blurbs

MADRAS—(9)—Three Madras barbers who had made a fortune in Madras returned home and started shops of their own in one of the busiest streets of the city.

The first called his: "The best saloon in India." And the second, to excel his rival, called his: "The best saloon in the world."

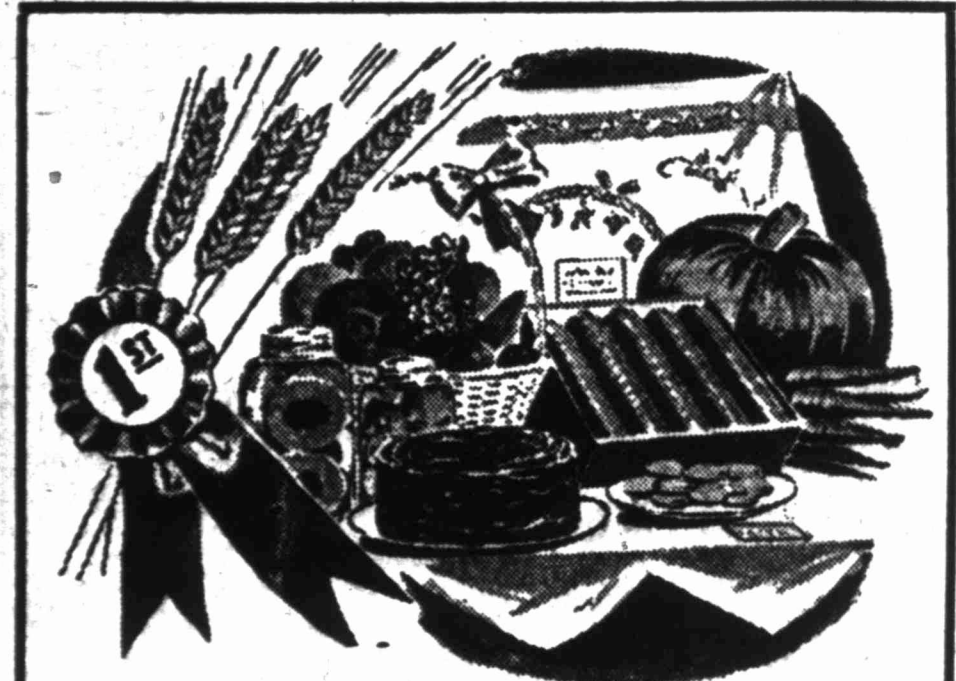

The third simply styled his shop: "The best saloon in the street."

In India, saloon means barber's shop.

Secretary General
DeWayne Davis, assistant manager of the Chamber of Commerce, is secretary general of the annual Midland County Fair and its many and varied committees. He has been working for weeks on arrangements, and now is ready to unveil the finished product—the 1948 Midland County Fair.

Merchants Cooperate In Staging Annual Midland County Fair
Midland merchants and business-men in general are cooperating to the fullest extent in the staging of the 1948 Midland County Fair, Chamber of Commerce official said Tuesday.

Practically all of the work is of a volunteer nature, and citizens have given generously of their time and efforts in arranging for the annual event.

More than \$2,000 has been contributed by individuals, firms and organizations to finance the County Fair.

Many firms also have displays in the commercial division of the fair, and others will be represented in the parade Thursday afternoon.

Sponsors expressed appreciation to all who have had a part in the fair's staging.

FARM TRACTORS
There are about 3,000,000 farm tractors in the continental United States.

The United States has about six per cent of the world's population and produces about 12 per cent of the world's food.

McKenney on Bridge

By WILLIAM E. MCKENNEY
America's Card Authority
Written for NEA Service

During the world championship mixed team-of-four contest at Chicago, I was sitting beside Mrs. Virginia Harms and William McGhee of that city, when board No. 56 came to their table. McGhee had a great deal to do with bringing the national tournament back to Chicago, and he is one of the fine card players of the Midwest.

The development of the play on this hand by Mrs. Harms was interesting. The bidding given is exactly as it occurred at the table. On the opening lead of the nine of hearts, the ten was played from dummy and East covered with the king. Mrs. Harms won with the ace and led the eight of spades. West played low and declarer went up with dummy's queen, came back with the five of spades, putting on the jack from her hand and West winning.

West returned the queen of clubs. Mrs. Harms played the king from dummy, East played the ace and Mrs. Harms trumped it. Now she led the ace of diamonds. West, not realizing that maybe he would have to unblock, played the nine. Then Mrs. Harms cashed the eight of hearts and took two more rounds of hearts in dummy, discarding a diamond from her hand.

This Time The Fisherman Got Away
YONKERS, N. Y.—(AP)—An enthusiastic angler cast his line with such force from the Yonker's seaplane base that hook and sinker passed through both sides of a seaplane and anchored there.
 Pilot Francis Houle, in the plane, said the hook barely missed his face. The fisherman dropped his fishing tackle and fled.
 It is believed that the slow tilting upward of the northern shores of the Great Lakes may, a few thousand years hence, cause four of the lakes (except Huron) to drain southward into the Mississippi River.

Police See Air Gun As Zoo Death Dealer
BARCELONA—(AP)—Police believe a boy hunter with an air pistol is the key to the mysterious death of a leopard and eagle in Barcelona's zoo.
 The leopard died from a nasal hemorrhage which mystified the zoo keepers. An autopsy disclosed only a small hole in the animal's upper nose. The eagle's death, following that of the leopard, provided the clue. An expert found a small blood stain above the bird's heart. An autopsy brought forth an air-gun lead pellet.
 In the investigation that followed, police learned a small boy had loitered around the cages during the time of the deaths of the leopard and the eagle. Witnesses related the boy stayed by himself and, whenever he was approached, hurriedly fled.

Antwerp Hit By Import Shortage
ANTWERP—(AP)—Belgium's great port of Antwerp is having a post-war depression due in part to the prosperity of the rest of the country that has cut down the need for imports.
 There are empty berths along the wide quays of the Scheldt, where long lines of Liberty ships used to discharge the supplies which fed the liberating Allied armies. For each dock now at work, another stands idly by or drags his wooden clogs over the cobble seeking the job that just isn't there. The ships that come in mostly have their holds filled to something between 10 and 20 per cent of capacity.
 Before the war, Antwerp with its one-half million inhabitants, ranked as the third port of the world in tonnage handled, about 18,000,000 a year. Then came the lean years of occupation and the sudden boom in military traffic which the liberation brought.
In Powerful Position
 The labor market—12,000 dockers in 1938—was quickly boosted to 600 to meet the conditions which events imposed. Enormous military cargoes handled for the Allies in 1944 and 1945, the extensive war damage sustained by Antwerp's principal competitors—Rotterdam and Dunkirk—and their halted liberation, all seemed to trade the moment far beyond the normal level. Antwerp found herself in a unique and powerful position.
 Then, toward the end of last year, the volume of cargoes sharply declined in weight and value. Belgian coal and wheat production was in full swing again, reducing the necessity for American imports. The most urgent needs from overseas, steel, food, textiles, leather, had been fulfilled in large measure. The Belgian industrial pump had been primed and was working with pre-war efficiency again.
 There are about 1,500 known species of mosquitoes.

Entries must be in pens in front of the American Legion Hall not later than 10 a.m., Thursday. Judging begins at 10 a.m. Friday, and all livestock will be released at 3 p.m. Saturday.

Chairmen Listed
A. G. Bohannon, general chairman of the livestock division, will be in charge of beef cattle entries; Roy Jones will be in charge of dairy cattle; Warren Skaggs will be in charge of sheep. Kelly Llewellyn and R. C. Vest, Jr., clerks of the livestock division, will be in charge of swine exhibits.

First prize, in each exhibit will be \$25, second \$20, third \$15, fourth \$10 and fifth \$5.

Carnegie Tech Builds Powerful Atom Smasher

PITTSBURGH (AP)—Though a midget among giants, Carnegie Institute of Technology's new, 1,500-ton synchro-cyclotron will pack a punch equalling that of cyclotrons weighing twice as much.

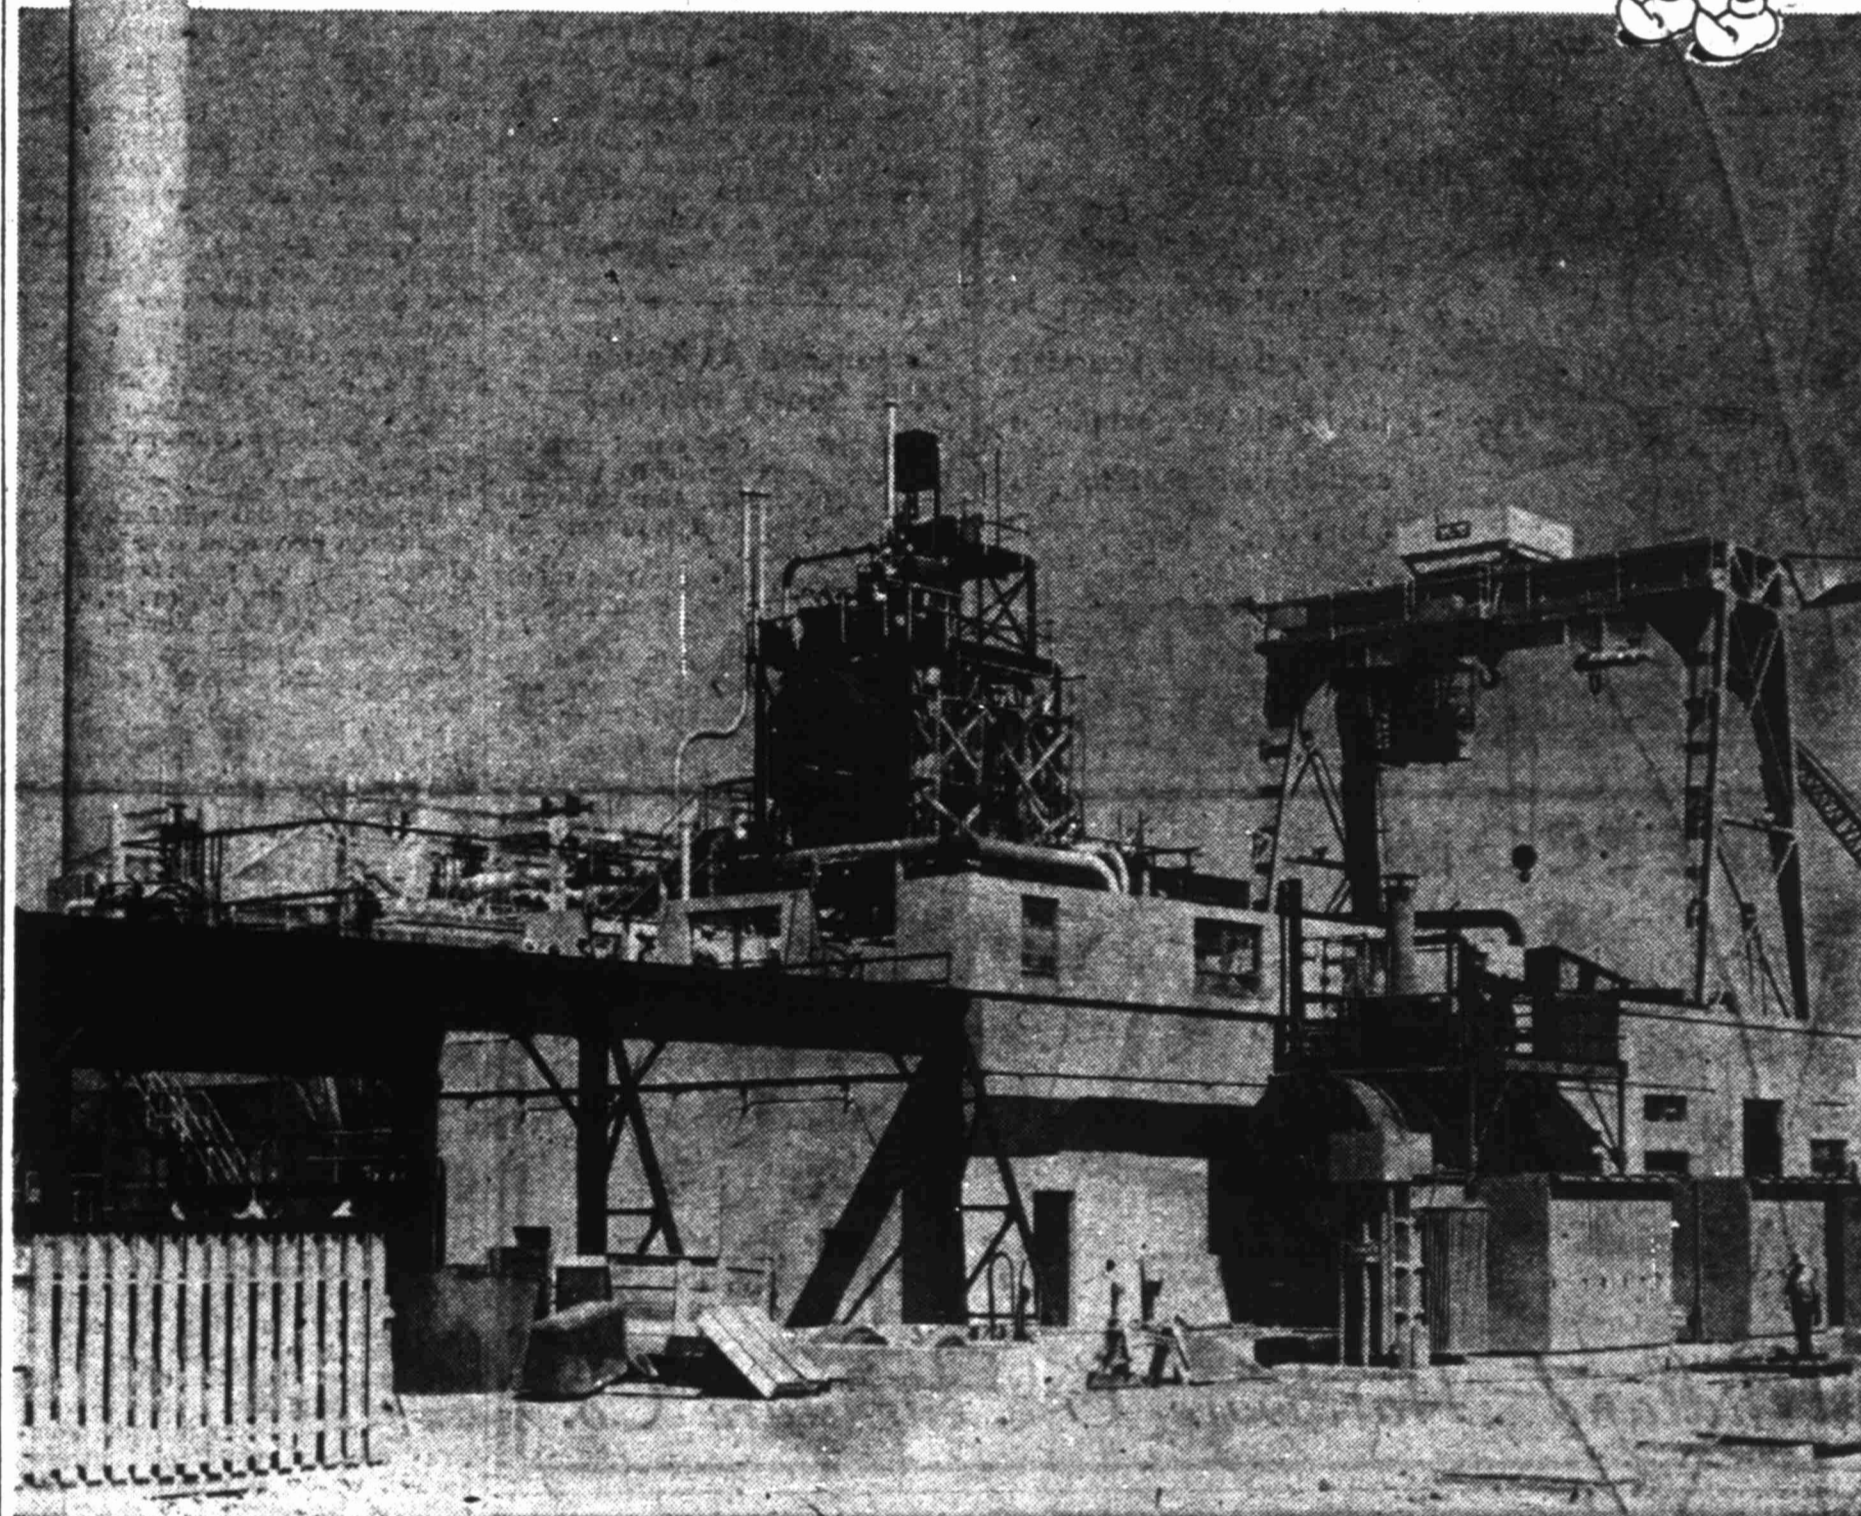

The new atom smasher now under construction will be in operation by 1950, experts at Carnegie Tech predict. The instrument will produce 400 million volt particles.

The increased magnetic field of the cyclotron results from improved overall magnet and pole tip design. It will be used to produce mesons, the tiny mysterious particles found in cosmic rays.

Scientists are attempting to learn more about these rays, believed to be the life-force of the universe.

WELCOME TO THE MIDLAND COUNTY FAIR!

A scale model of our Permian Basin Power Plant, located west of Monahans, is on display at the Midland County Fair. This power plant, pictured below, is providing 25,000 kilowatts of additional electric power for this area, and work already is under way to double its capacity by next summer.

MORE POWER FOR A GROWING MIDLAND

● Everyone knows that Midland and the Permian Basin area are growing, but few know it any better than your electric service folk. New homes, new stores, new industries require more electric distribution lines, more electric power. And we are doing something about it!

Not only in Midland, but at the power plants and on the transmission lines which provide your electric service, work is under way to keep Midland's power supply well ahead of our city's rapid growth.
