Truman Asks 14 Billions For Defense

Strengthening Of Reserve Units Is Program Highlight

WASHINGTON—(P)—President Truman announced Saturday a \$14,400,000 military spending budget for next fiscal year—an increase of more than \$2,000,000,000 over this year—and ordered a "vigorous" program to build up and train military reserve units.

But he emphasized that his moves were not caused by any worsening of the world situation. In fact, he said, world tension has eased slightly and there has been some improvement in the Russian attitude. He said the Russians are better about talking things over.

The fact that UN talks are still going on, he said, is in itself some reason for optimism.

The President's remarks were made at a news conference aboard his campaign special as it brought him back to Washington from a six-state electioneering tour.

On the score of military spending, the President said defense officials had wanted around \$23,000,000,000 for next year. But he said he had cut the requests back, because it would take a Croesus to spend like that.

When five foundations for world peace are laid, Truman said, military spending should drop to around \$5,000,000,000 to \$7,000,000,000.

What he wants to guard against, he said, is letting the nation go to sleep if peace is achieved without keeping the nucleus of a police force.

He said the general idea he has been working on since the war ended was to get a military program the country can pay for. Referring to his order about the Reserves, which was issued earlier in the day aboard the train, he said there are 800,000 or 900,000 officers who received training in World War II and at least half of them would like to keep up their training.

Reserves would be used in training periods at camps, he said, but participation in the reserve system would be entirely voluntary.

Charles G. Ross, White House

Truman Predicts Victory

By The Associated Press

The Democratic and Republican presidential nominees took brief breathers Sunday from their grinding campaign travels.

Voicing confidence of victory, President Truman got back to the White House Saturday afternoon from a six-day, 300-mile swing through the middle West in which he pounded away at the Republicans on virtually every issue.

Governor Dewey, the Republican nominee, arranged to rest Sunday at his mother's home at Owosso, Mich., as he neared the end of a stumping tour that carried him farther West than his Democratic rival.

In one of the last high spots of his trip, Dewey advocated gathering all the federal welfare services into a "Department of Social Progress" with Cabinet status.

Both candidates resume their travels Monday. Dewey heads back to Albany, planning several appearances in Western New York along the way. The President scheduled a Monday takeoff for Miami, Fla., where he is to address the national convention of the American Legion.

Chickens Follies
In a news conference held aboard the presidential special just before his arrival in Washington, Truman said he certainly is confident of winning the presidential election two weeks from Tuesday. He predicted pollsters are going to be startled when the returns come in.

Dewey broached the idea of a Department of Social Progress at Rensselaer, Ind., enroute to his mother's Michigan home. The idea, he explained, is to coordinate federal welfare agencies now scattered with a lavish and extravagant hand.

President Truman also has asked for creation of a Department of Welfare, but Congress hasn't done anything about it.

Dewey Challenges Indiana Candidate To Milking Duel

RENSSELAER, IND.—(P)—Gov. Thomas E. Dewey offered Saturday to meet the Republican candidate for governor of Indiana in a cow-milking contest—with machines.

Robert Creighton, farmer-chicken grower and nominee for governor, would agree to "it would be a great thing to have a man who can milk a cow as the next President of the United States."

Thurmond's Texas swing begins October 27, with a night rally at Texarkana, to be followed on October 28 with day appearances at Clarksville, Paris, Bonham, Sherman, Galveston and Denton and a night meeting at Fort Worth.

On October 29 the presidential nominee will be in Cleburne, Hillsboro, Waco, Temple and Georgetown prior to a night rally in Austin.

The following day he will campaign in San Antonio, Corpus Christi, Tyler and Beaumont.

States' Rights leaders in North-east Texas announced Saturday that six party leaders will speak next week in about 25 towns and cities in that section of the state.

'Stay On Sidewalk' Til Light Changes
A word of caution, "Please Stay On The Sidewalk Until Light Changes" flashed on sidewalks at busy street intersections, greeted pedestrians in the downtown section Saturday morning.

The signs were painted Friday night and Saturday morning as the city continued its all-out traffic safety campaign. The cooperation of all citizens is urged.

He Saves Something

Driven from his home by a fire that destroyed 14 houses in the Coney Island section of Brooklyn, this man carries his belongings down an open stairway to safety. Eight persons were injured and 150 driven from their homes.

Dixiecrats Map Intensive Drive For Texas Votes

HOUSTON—(P)—More than 100 speaking engagements have been arranged for Southern public officials who, during the next two weeks, will tour Texas in behalf of the Thurmond-Wright States' Rights Democrat presidential ticket.

Robert W. Milner, Jr., Houston oilman and state campaign director, said intensive campaigns will be made in all sections of the state.

Kick-off event for the whirlwind tour will be a public barbecue and rally with Gov. Ben Laney of Arkansas as the principal speaker.

Laney's address will be carried over 26 Texas radio stations.

Among those expected here for the barbecue are U. S. Senators James O. Eastland and John Stennis of Mississippi and Congressmen John Bell Williams of Mississippi, George Adams of Alabama, Mendel Rivers of South Carolina, F. Edward Hebert of Louisiana, William Colmer of Mississippi, Eugene Cox of Georgia, James Hare and J. P. Richards of South Carolina.

Also, Lieutenant Governors Horace Wilkinson of Alabama and Sam Lumpkin of Mississippi.

Both Gov. J. Strom Thurmond of South Carolina, the presidential nominee, and Gov. Fielding Wright of Mississippi will take part in the States' Rights' drive to capture Texas' 23 electoral college votes.

Each will spend three days in Texas.

Wright is to arrive next Thursday to participate in a five-county rally at Memorial Park in Columbus. Friday night he will be at Lubbock to speak at a rally being arranged by former Texas Lieutenant Governor John Lee Smith.

Thurmond's Texas swing begins October 27, with a night rally at Texarkana, to be followed on October 28 with day appearances at Clarksville, Paris, Bonham, Sherman, Galveston and Denton and a night meeting at Fort Worth.

On October 29 the presidential nominee will be in Cleburne, Hillsboro, Waco, Temple and Georgetown prior to a night rally in Austin.

The following day he will campaign in San Antonio, Corpus Christi, Tyler and Beaumont.

States' Rights leaders in North-east Texas announced Saturday that six party leaders will speak next week in about 25 towns and cities in that section of the state.

UCRA Offers Water Plan To Solve Problem

ROBERT LEE, TEXAS—(P)—The Upper Colorado River Authority Saturday announced it would be able to supply upriver cities with "unlimited and quality" water from a "master reservoir" just above Robert Lee, Coke County, at five cents a thousand gallons.

The formal announcement followed a conference with five engineers of the Bureau of Reclamation. The federal agency presented the results of a special alternate survey asked by the UCRA with a view to assuring the future water needs of Odessa, Midland, Big Spring, Colorado City, Robert Lee and Bronte.

The six cities are expanding their populations and water needs beyond available supply.

At Big Spring R. T. Piner, chairman of the Colorado River Municipal Waters Association executive board, said "We do not propose to be drawn into snap judgment on any proposal."

Consider Estar Problem
He said the association, representing the joint bid by Colorado City, Big Spring, Midland and Odessa for a surface water supply, would consider the entire problem before reaching a decision. He referred to the UCRA report Saturday.

Piner estimated it would be at least a month before the executive board sets to work on specific recommendations to the cities.

The UCRA has dropped plans for a similar downriver reservoir which would have inundated Robert Lee, said Chairman L. T. Youngblood of Bronte.

Cost Is Estimated
"A \$19,000,000 cost is contemplated for the 12,000-foot long, 133-foot high dam 10 miles northwest of here and for the reservoir site of more than 24,000 acres. Municipal needs, irrigation, flood control, recreation and wildlife factors will have full consideration in this order in the proposal for a dam project making use of the waters of the Upper Colorado for the greatest variety and spread of uses in the West Texas area," Youngblood said.

The dam would impound 640,000 acre feet of water, he said, and, as planned by the UCRA, could supply the desired 30,000 acre feet (8 1/2 billion gallons) a year to the "big four" Texas and Pacific Railroad cities over a period of 90 years.

The Colorado River Municipal Water Association at Big Spring Thursday announced abandonment of plans for a smaller reservoir just above Colorado City and initiation of a two-reservoir project farther up the Colorado in Scurry County.

AMERICANS FIRED ON AS FIGHTING FLARES AGAIN IN PALESTINE

TEL AVIV, ISRAEL—(P)—Reliable informants said Saturday night an Israeli motorized column with air support had hammered to within a few miles of Gaza, principal Egyptian army base in Palestine.

In Cairo, Egyptian government officials said Egyptian troops had killed more than 600 Jews in repulsing an Israeli attack on their positions in Southern Palestine. The officials also said Egyptian planes had intercepted two Jewish fighter planes over the El Arish area and forced both of them down.

The report, which lacked official confirmation, was made as Israel rejected a United Nations cease-fire order and apparently pushed a coordinated land and air offensive aimed at smashing open a road to settlements in the Negev, Southern desert area.

Hostilities Subside
While observers speculated whether the truce between Israel and Egypt had been broken wide open, an Israeli spokesman late Saturday night said he believed fighting on the Southern front had died down after about 36 hours of activity.

United Nations officials in Haifa said the UN cease-fire order was issued to both Jews and Egyptians.

The officials reported also that an Arab machine gun burst fired from near the Old Walled City struck a UN car carrying U. S. Col. George V. Milles, senior UN observer, and William C. Burdett, acting U. S. consul general in Jerusalem. Maj. Nicholas Andronovitch, U. S. military attaché, also was in the car. Three out of about ten bullets struck the vehicle, which bore a UN flag. It was the second narrow escape for Burdett in seven days. A week ago his car also was fired on by snipers.

BITTER HEADS DADS
AUSTIN—(P)—J. Lee Dittert of Bellville Saturday was named president of the University of Texas Dad's Association. Other officers included M. C. Bradford of Amarillo and S. E. White of Port Arthur, vice presidents.

Cancer Clinic Investigated

HELD AS A WITNESS IN THE "SECRET TRIAL" cancer clinic set up in Pittsburgh, Pa., Mrs. Anthony Doleberg cried in protest against the investigation which ordered the alleged operators held for court. Despite the testimony of medical experts that the "cure" was worthless, she said "it helped." With her, left to right, are: Alice Neveck, another witness; Philip Drones, and Mrs. Lillian Lazanby. The latter two were held as the operators of the "cure."

Red Bloc Delegate Charges Truman Is Military Prisoner

PARIS—(P)—A Soviet bloc delegate charged Saturday in the United Nations that a military clique stopped President Truman from sending a special peace envoy to Moscow.

Julius Katz-Suchy of Poland said President Truman was "a prisoner of a military clique." He apparently referred to Secretary of State Marshall's recommendation against the President's plan to send Chief Justice Vinson to the Kremlin for direct talks about the atomic control stalemate. President Truman cancelled the plans after conferring with Marshall, former Army chief of staff.

In his speech before the Assembly Disarmament Subcommittee, Katz-Suchy called for a halt to what he called Americans "inserting in Europe."

The angry words came as the next move was awaited on the Berlin blockade. The six neutral nations on the Security Council met privately and their spokesman, Argentine Foreign Minister Juan A. Bragaglia, planned to confer again with Soviet Deputy Foreign Minister Andrei Y. Vishinsky.

Members of the Argentine delegation still were miffed by Vishinsky's attitude.

The United States, Britain and France planned to coordinate their replies to the queries for more information from the six neutrals—Argentina, Colombia, Syria, Belgium, Canada and China—over the weekend.

In his fiery speech, Katz-Suchy ignored two requests from the chair that he confine his remarks to disarmament. He asked about U. S. bases in Greenland, in North Africa and "the economic penetration in Europe."

China Vetoes Arms Cut
Referring to American charges of Russian fifth columns, the Polish delegate said the United States had one, too. "Its radio fomenters unrest in all of Europe," he said.

China's T. F. Tsiang rejected Russia's demand for a one-third slash in the arms of the Big Five. He said China now is fighting to suppress a rebellion of Chinese Communists. He noted that Vishinsky called that "an internal situation."

Tsiang asked if President Lincoln could have been approached with a disarmament scheme while the Civil War was being fought or would Lenin have agreed to such a plan during the Russian Civil War.

Dr. D. H. Castro of El Salvador commented that the Chinese rebellion would be internal "if it wasn't led by Communists who are directed by Russia."

United Nations officials in Haifa said the UN cease-fire order was issued to both Jews and Egyptians.

The officials reported also that an Arab machine gun burst fired from near the Old Walled City struck a UN car carrying U. S. Col. George V. Milles, senior UN observer, and William C. Burdett, acting U. S. consul general in Jerusalem. Maj. Nicholas Andronovitch, U. S. military attaché, also was in the car. Three out of about ten bullets struck the vehicle, which bore a UN flag. It was the second narrow escape for Burdett in seven days. A week ago his car also was fired on by snipers.

LATE NEWS FLASHES

BAY SHORE, N. Y.—(AP)—Sen. Robert F. Wagner (D-NY) was reported missing to State Police Saturday night by his son, Robert F. Wagner, Jr.

WASHINGTON—(AP)—Secretary of Agriculture Brannan Saturday night accused Gov. Thomas E. Dewey of "sheer intellectual dishonesty" in making the charge that the Administration has somehow caused the livestock population to fall below normal.

ANCHORAGE, ALASKA—(AP)—Rep. O. C. Fisher (D-Texas) and Rep. Charles Kersten (R-Wis.) will open an inquiry here Monday on Communist activities in Alaska.

BUENOS AIRES—(AP)—Peronista Party members and government-sponsored labor unions celebrate Sunday the third anniversary of the liberation from arrest of President Juan D. Peron. Theaters, restaurants and bars were to be closed.

Lea And Eddy Areas Get New Ventures

HOBBS, N. M.—Locations for new wildcat petroleum projects in Central-South Lea County, and in North-Central Eddy County, were reported Saturday.

Empire Oil Company No. 1 State is the new exploration for Lea County. It will be 600 feet from south and 1,800 feet from west lines of section 14-21a-33e. The well is southeast of the Lynch field, and outside the proven producing area of that field.

It has already started operations and had progressed under 143 feet in redbeds and was drilling ahead. Proposed destination is 3,900 feet to explore the upper Permian.

Near Artesia field
S. P. Yates No. 1-D State is the new prospector for North-Central Eddy County. It is 830 feet from south and east lines of section 24-18a-37e. It is slated to dig to 2,900 feet, using cable tools. Drilling is to start immediately. The venture is near the Artesia field.

Stanford Oil & Gas Company, No. 1-U State, is located 12,900 feet wildcat in East-Central Lea County, six and one-half miles south of Hobbs, and 600 feet from south and west lines of section 2-20e-33e, took and drilled test in the top of the Devonian at 7,925-85 feet. The tool was open 65 minutes, there was a blow of air for a part of the period. Recovery was 3,900 feet of sulphur water cut drilling mud, with no show of oil or gas.

Continues Drilling
The development is drilling ahead, and is due to continue to the Ellenburger, unless it develops commercial production before reaching that horizon.

Some geologists picked the top of the Devonian to be at 7,970 feet. Elevation is 3,300 feet.

Uranium Drilling Company No. 1 State, Central-East Lea prospector, 600 feet from south and 1,800 feet from west lines of section 11-18a-36e, and six miles southeast of the West Lovington field, had a recovery of 750 feet of slightly gas-cut drilling mud during a 45-minute drill test in a Permian lime at 4,380-4,350 feet. It is making more hole.

Empire Project Plugged
Empire Oil Company No. 1 State, two miles south of the Lynch field in West-Central Lea County, and 600 feet from south and 1,800 feet from east lines of section 23-21a-33e, has been plugged and abandoned as a dry hole on a total depth of 4,125 feet in Permian lime. The section at 4,115-35 feet developed a hole full of sulphur water. There were no signs of oil or gas in the project.

Phillips Petroleum Company No. 1 Shipp, in Central-East Lea County, about four miles west of the northeast side of the original Hobbs shallow field, and 600 feet from north and 1,800 feet from east lines of section 20-18a-37e, had progressed under 8,700 feet, in an unidentified chert horizon, and was continuing.

The four outposts to the discovery for production from the Devonian, to open the Crossroads field in extreme Northeast Lea County, are all making hole. Those ventures are: In Crossroads area

Mid-Continent Petroleum Corporation No. 1-B U. B. Sawyer, 600 feet from north and 1,800 feet from west lines of section 34-9a-36e, had

reached 10,904 feet in lime, and was digging ahead.

This exploration ran a two-hour drill test at 10,897-797 feet. Recovery was the 2,000-foot water blanket, with two gallons of free oil, on top of the blanket, and 340 feet of uncut drilling mud, below the blanket.

Mid-Continent No. 1 Deane Sawyer, 1,800 feet from west and south lines of section 27-9a-36e, and a one-location west flanker to the Crossroads discovery, had penetrated below 10,975 feet in lime and was continuing.

Stally Oil Company No. 1 Sawyer, 600 feet from north and east lines of section 33-9a-36e, had bored under 10,833 feet in dolomite and chert, and was digging ahead.

Magnolia Petroleum Company No. 1-C Santa Fe-Pacific, 600 feet from south and west lines of section 26-18a-36e, had reached 9,995 feet in dry lime, and was making more hole.

Roosevelt Venture Digging
Magnolia No. 1 Smith, slated deep wildcat in Southwest Roosevelt County, and 600 feet from south and west lines of section 11-7a-33e, was making hole past 7,718 feet in lime.

Shell Oil Company, Inc. No. 1 Saunders, Southeast Roosevelt County prospector, located 1,900 feet from south and 600 feet from east lines of section 5-8a-37e, had penetrated to 4,585 feet in lime, and was going ahead on a contract to test to 9,000 feet.

Barnsdall Oil Company No. 1-A State, in East-Central Chaves County, and 600 feet from north and east lines of section 23-8a-32e, was still bottomed at 10,730 feet in lime and shale, in the Pennsylvanian and was cleaning up a fishing job. It is due to make new hole in a few days.

It may continue to 13,000 feet to try to find production in the Devonian.

The session will be in the private dining room on the mezzanine floor of Hotel Scharbauer and will start at 2 p. m. Leif Olson, of Midland, is chairman of the section and will preside. He invites all persons in this region, who are interested in the drilling mud problem, whether they are members of API or not, to attend the session.

Hugh Munn, of Midland, and another speaker to be announced, will lead the discussion.

France Announces Franc Devaluation
PARIS—(AP)—France announced officially Saturday night what amounts to partial devaluation of the franc.

A Finance Ministry communiqué said henceforth all "imports and exports will be calculated monthly on the basis of a medium rate of 214 francs and the free market rate of 313 francs to the dollar."

This would mean, for example, that trading Monday will be figured on the rate of 284 francs to the dollar.

TEXAS DIES WHEN CAR STALLS IN TRAFFIC
OKLAHOMA CITY—(AP)—Edward Manning Walker, 64, Wichita Falls, Texas, died Saturday of a heart attack caused, apparently, by an officer said, by over-excitement when his car stalled in congested traffic.

Evert Crismore, acting coroner, said death was from natural causes. Little classified ads sell big and little things. Call 3000 for ad-taker.

'Oil Progress Day' Speaker

Congressman Ken Regan of Midland, a West Texas oil man for 28 years, discussed the history, development and possibilities for continued expansion of the oil industry in an "Oil Progress Day" address before members of the Midland Rotary Club Thursday in Hotel Scharbauer.

Drilling Mud Problems Are To Feature API Section Meeting In Midland On October 20

A discussion of drilling mud problems in West Texas will feature a meeting of the Central-West Texas section of the Topical committee of the production division of the American Petroleum Institute to be held in Midland on October 20.

The session will be in the private dining room on the mezzanine floor of Hotel Scharbauer and will start at 2 p. m. Leif Olson, of Midland, is chairman of the section and will preside. He invites all persons in this region, who are interested in the drilling mud problem, whether they are members of API or not, to attend the session.

Hugh Munn, of Midland, and another speaker to be announced, will lead the discussion.

Gov. Ben Laney of Arkansas Will Fire the Opening Blast in the States' Rights Campaign

Arkansas Gov. Ben Laney will fire the opening blast in the States' Rights campaign which will cover Texas in an effort to capture the 27 electoral votes for South Carolina's Gov. J. Strom Thurmond and Mississippi Gov. Fielding L. Wright, candidates for president and vice president of the United States on the States' Rights Party ticket.

A statewide radio hookup has been announced for Governor Laney's address Monday night in Houston's Sam Houston Coliseum. KCRS, Midland, will carry the speech from 8:30 to 9 p. m.

Bob McDonnell, former Villanova College pitcher who served as batting practice pitcher for the Phillies, will return to his alma mater as coach of the freshman basketball squad.

Your Wagon Hitched To Star? Better Get Slightly Off Beam
Greta Garbo will make that picture for Walter Wanger only on condition that he finds a story that meets with her approval. Wanger has been searching frantically for a vehicle to fit the glamorous but aging Swede, but so far has drawn a blank and, I understand, is on the verge of giving up the whole idea.

M-G-M will remake "Johnny Rager" and they're talking about Kirk Douglas for the original Bob Taylor role. Greer Garson wants to do another comedy. After "Julia Misbehaves," she told Evert Riskin: "I never knew it could be so much fun to make a picture until I made this comedy."

David Hopkins, son of the late Harry, is quitting film connections to become a factory sales representative for the Emerson Radio Company. George Montgomery, my foreign correspondent tells me, will go to England to star in "A Man and His Dog."

Star Greta Garbo will make that picture for Walter Wanger only on condition that he finds a story that meets with her approval. Wanger has been searching frantically for a vehicle to fit the glamorous but aging Swede, but so far has drawn a blank and, I understand, is on the verge of giving up the whole idea.

Seen at the Brown Derby: Eddie Bracken displaying his talents as a masquerade by making a quarter disappear out of an actor's hand. (If Bracken had only made the actor disappear he'd have done something worthwhile.)

The life story of New York Mayor O'Dwyer is headed for the screen. Milton Sperling will produce at Warner Brothers. Alan Young will do a tour of Texas Army camps. Buddy Rogers is up for another film role—the second male lead in "Glittering Hill."

"Supper Club" is the latest air-show to be considered for television. (Byrne Lay's husband, Gene Martey, is writing a book about the people he met during the war as a Navy commander.)

An independent producer is planning a satire on "The Courtship of Miles Standish." Twenty-five years ago it was a tragedy for Charles Ray, who lost \$2,000,000 making the picture.

COKE GOES ON AIR
AUSTIN—(AP)—Coke Stevenson goes on the air in a 24-station broadcast Monday night to urge the election of Jack Porter, Republican candidate for the U. S. Senate.

Defense—

(Continued from page 1)
press secretary, said the reserve program did not stem from any deterioration in international relations but was due to the Navy and Air Corps getting ahead of the Army and Air Forces in organizing their reserves.

The President's program, Ross said, "is intended to obtain a better balance."

Truman's executive order apparently came as a surprise to Pentagon officials.

News of the order, which calls for a progress report from Secretary of Defense Forrestal within 90 days, was received in Washington in mid-morning.

Forrestal Says Nothing
For several hours, there was no word at all from the military establishment. Army and Air force officials referred all reporters to Forrestal's office. Eventually that office issued an eight-line statement, the substance of which was that there would be no comment—because the order had not yet been received.

The President's instructions to Forrestal to make a progress report within two months presumably will require a step-up in studies already underway by the military establishment. A joint armed forces committee turned over to Forrestal in August its findings and recommendations for the future of all civilian components of the armed forces, including the Organized Reserves.

Forrestal in turn gave them to the secretaries of the Army, Navy and Air Departments and asked that they give him their views on November 1.

Truman's instructions to Forrestal to make a progress report within two months presumably will require a step-up in studies already underway by the military establishment.

Presently assigned to direct reserve corps for the three departments is the following: Brigadier Gen. Wendell Westover, Army; Brig. Gen. John P. McConnell, Air; Rear Admiral Ralph S. Riggs, Navy.

Some of the first congressional reaction to Truman's announcement was not favorable. Chairman Gurney (R-S.D.) of the Senate Armed Services Committee said Congress would have to appropriate funds to implement any such order, then added that "I can't see any good coming out of the order."

Arguments over the status of the Organized Reserves, particularly those of the Army, have been prevalent almost since the end of the war. The Reserve Officers Association has charged that the Regular Army has virtually ignored the Reserves in setting up the post-war national defense system.

Two Negroes Hurt In Car-Traffic Collision

Two negroes, O. B. Lenley and an unidentified woman, were hospitalized here Saturday night after the car in which they were riding was struck at the Lee Street crossing by an eastbound freight train about 9:20 p. m.

Clarence Wiley, driver of the car, a 1941 Plymouth, received minor injuries and was released from the hospital. A fourth passenger, an unidentified woman, disappeared after the wreck and had not been found late Saturday night, police reported.

Wiley said he was driving north on Lee Street and failed to get across the tracks in time to prevent the slow-moving freight train from striking the back of his car.

Driver Is Charged In Fatal Accident

DALLAS—(AP)—A charge of murder without malice was filed Saturday against Walter Joe Sneed, 21, or Irving, in connection with the traffic death here of Mrs. Mildred Fay Worthington, 26, of Dallas.

The charge was filed before Justice of the Peace W. L. Sterrett. Mrs. Worthington was killed and three other persons were hurt when they were struck by an automobile as they stood at a street corner here Friday night.

West Texas Oil Prospects For Future Classed As Bright By Four Well-Informed Observers

Most members of the oil fraternity know the scare stories frequently put out by various uninformed persons that the United States is running out of oil, are "pure and simple hokum."

"Ever so often an alarmist comes out with a statement which would indicate all persons who depend on the domestic petroleum industry for their means of support, are due to look for new jobs in the near future."

"Too often those statements are issued by some official or employee of the United States government. It generally has developed that the motive for many such statements is to try to convince the public that the best interests of the nation would be served by the federal government taking over, regulating, operating and controlling all phases of the petroleum industry."

"It would appear that when such statements are made by men who are not fully informed on the situation, they might be trying to get the government in the oil business in order to develop more jobs on Uncle Sam's payroll."

"In the light of all these "scare stories" about the country being on the verge of an oil famine, it is refreshing to read a recent statement of Commander Clarence W. Hoffer, of the U. S. Navy, in Washington, and reported last week by the El Paso Times in a dispatch from its bureau."

Commander Hoffer, who has lived in Austin and San Antonio, said, "there are many million barrels of oil yet to be discovered in Texas."

"During World War II he was chief of the Navy's Metals and Minerals section, Materials division.

"Hoffer did not refer to the production of oil in the future from the tidelands along the coastal shelf of Texas. The new oil will be discovered at great depths and will not be easy to find. In some instances it will be located at places where oil discoveries are least expected, he predicted.

"Texas, as the oil producing center of the nation is anything but washed up, Hoffer believes, and he advocates a policy in the government which will encourage exploration as much as possible.

Three Strong Statements
"Testimony from three other sources, all of which are in position to know what they are talking about, added new brightness to the picture of the future of the oil industry in the Permian Basin during the past week, and gave support to Commander Hoffer's predictions.

"The Oil and Gas Journal, in its October 14 issue featured the recent discovery of commercial oil production from the Permian Basin section of the Shulrin by Republic Natural Gas Company at its No. 1-E-A Bar-

net, in East-Central Upton County in the Benedictum area. The Oil & Gas Journal said, "Benedictum begins to look like an 'oil spot,' where nature decided to accumulate a lot of oil."

"Eugene Holman, of New York, president of Standard Oil Company of New Jersey, said in an interview in Abilene: "West Texas is a great pasture, where the story of new oil fields is far from told."

"E. F. Bullard, of Tulsa, president of Standard Oil Company of Indiana, said in an interview in Abilene: "West Texas is a great pasture, where the story of new oil fields is far from told."

Ellison Is To Teach Geology At U. Of T.

S. P. (Sam) Ellison, Jr., who was a member of the geological department staff of Standoil Oil & Gas Company's district office in Midland for several years, has resigned from the company, and is now a member of the faculty of the geological department of the University of Texas.

Ellison left Midland about a year ago, and since then has been district geologist for Standoil at Wichita Falls.

Pacific Western Has New Office Location

Pacific Western Oil Company's Permian Basin division offices are now at 415 West Texas Avenue in Midland. That space was formerly occupied by concerns which have recently moved to the McClintic Building.

Robert L. Ivy has recently joined Pacific Western, and is to be a geologist with the company's land department, which is headed by D. F. Edman.

Mrs. Margaret Schuehle is a new geologist with the Pacific Western's organization in Midland. She formerly was employed by another company and will work with J. T. Gist, division manager and division geologist.

DRESS UP YOUR OFFICE WITH Fine Office Furniture FROM WEST TEXAS OFFICE SUPPLY

Visit the West Texas Office Supply and see their showroom full of fine office furniture... all priced to fit ANY budget... large or small. See the magnificent display of both steel and wood desks... the magnificent, plushy chairs... all of high quality.

A very handsome desk 36x66, hand made genuine walnut with inlaid wood. A four-piece set in Chippendale style. Includes: Table, desk, telephone cabinet, and hall tree. LIST PRICE—\$2,440.00... **REDUCED TO \$1600.00**

A handsome desk with a genuine walnut top. Five roomy drawers. 34x60... **\$1190.00**

Standard 34x60 Golden Oak Desk. A very beautiful grain in this fine desk... **\$1140.00**

These are only a few of the many fine pieces we have on display now. Also on display are comfortable swivel arm chairs upholstered in handsome shades of top grain leather. There are many other styles and types to complete your office needs.

JUST RECEIVED... a beautiful Model Queen Anne Executive Desk of handsome inlaid genuine walnut. Size is 72 x 36 with 7 roomy drawers. **\$850.00**

REMEMBER!... anything in the office supply line can be furnished you from this fine firm. If we do not have it in stock, we will be glad to order it immediately so you may have what you want as soon as possible.

Your Wagon Hitched To Star? Better Get Slightly Off Beam

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD—News Item: "A man should be mentally maladjusted if he wants to become a successful actor." Northwestern University psychologists said today. The psychologists said today. The psychologists said today.

Greta Garbo will make that picture for Walter Wanger only on condition that he finds a story that meets with her approval. Wanger has been searching frantically for a vehicle to fit the glamorous but aging Swede, but so far has drawn a blank and, I understand, is on the verge of giving up the whole idea.

M-G-M will remake "Johnny Rager" and they're talking about Kirk Douglas for the original Bob Taylor role. Greer Garson wants to do another comedy. After "Julia Misbehaves," she told Evert Riskin: "I never knew it could be so much fun to make a picture until I made this comedy."

David Hopkins, son of the late Harry, is quitting film connections to become a factory sales representative for the Emerson Radio Company. George Montgomery, my foreign correspondent tells me, will go to England to star in "A Man and His Dog."

Star Greta Garbo will make that picture for Walter Wanger only on condition that he finds a story that meets with her approval. Wanger has been searching frantically for a vehicle to fit the glamorous but aging Swede, but so far has drawn a blank and, I understand, is on the verge of giving up the whole idea.

Seen at the Brown Derby: Eddie Bracken displaying his talents as a masquerade by making a quarter disappear out of an actor's hand. (If Bracken had only made the actor disappear he'd have done something worthwhile.)

The life story of New York Mayor O'Dwyer is headed for the screen. Milton Sperling will produce at Warner Brothers. Alan Young will do a tour of Texas Army camps. Buddy Rogers is up for another film role—the second male lead in "Glittering Hill."

"Supper Club" is the latest air-show to be considered for television. (Byrne Lay's husband, Gene Martey, is writing a book about the people he met during the war as a Navy commander.)

An independent producer is planning a satire on "The Courtship of Miles Standish." Twenty-five years ago it was a tragedy for Charles Ray, who lost \$2,000,000 making the picture.

COKE GOES ON AIR
AUSTIN—(AP)—Coke Stevenson goes on the air in a 24-station broadcast Monday night to urge the election of Jack Porter, Republican candidate for the U. S. Senate.

Ellenburger Wildcat Staked In S-C Gains By Seaboard

Seaboard Oil Company of Delaware is to start drilling in the immediate future a 15,000-foot wildcat, to explore into the Ellenburger in South-Central Gaines County.

The prospector will be 4,620 feet from east and 7,430 feet from south lines of league 292, Lynn County School Land survey.

That puts it eight miles northwest of Magnolia Petroleum Company No. 1 Hicks, another 12,000-foot venture, which has reached 8,023 feet in lime, and is making more hole.

The Magnolia wildcat is 660 feet from north and west lines of tract 16, league 273, Loving County School Land survey.

Vealmoor Field Gets 8,000-Footer Flanker

Seaboard No. 2 W. C. Campbell is to be an outpost to production from the Canyon line section of the Pennsylvanian in the Vealmoor field in North-Central Howard County.

It is located 1,980 feet from south and 660 feet from east lines of section 29, block 32, TP survey, T-3-N. The venture is one quarter of a mile east of the nearest producer, which is the same company's No. 1 W. C. Campbell.

Drilling to around 8,000 feet, using rotary tools, will start at once.

N-C Howard Venture Continues To Deepen

Seaboard No. 2 Tora Campbell, Ellenburger wildcat in the Vealmoor area of North-Central Howard County, and 660 feet from south and east lines of section 29, block 32, TP survey, T-3-N, had reached 8,533 feet and was drilling ahead in dry Pennsylvanian lime. It likely will have to go below 10,000 feet to locate the Ellenburger.

No. 1-46 Elliott Kicking Out Again

Plymouth Oil Company No. 1-46 Elliott, West-Central Reagan County wildcat, one and one-quarter mile northeast of the discovery for Ellenburger production in the Benedictum field of East-Central Upton County, was mixing mud, to kill a gas, distillate and drilling fluid spray.

The prospector is bottomed at 10,618 feet in an unidentified lime and chert formation.

A bridge at 6,750 feet had been drilled out and one joint of 7-inch casing which had been lost in the hole has been recovered.

The well started the spray soon after the lost pipe had been recovered. When the flow is killed operator will resume efforts to run the casing to 11,500 feet, and cement it there.

If and when that is done, a production test will be made of the zone at 10,590-618 feet, which is credited with making the gas and distillate shown for several weeks.

Location is 660 feet from south and east lines of section 46, block Y, MK&T survey.

Richardson & Bass Get Signs In Core

Richardson & Bass No. 1 Neal, East-Central Upton County wildcat, five miles east of Upland, and 660 feet from north and 1,980 feet from east lines of section 9, block Y, GC&SF survey, is credited with cutting a core at 12,007-023 feet, in the Fusselman section of the Silurian.

The recovery was about 17 feet of soft lime, which is said to have shown good signs of gas and distillate. Operators are slated to undertake a drillstem test in the near future.

The Fusselman was topped at 11,960 feet, on an elevation of 2,728 feet. Top of the Silurian was at 11,943 feet.

This development is slated to continue to about 12,000 feet to explore into the Ellenburger.

Gulf Running DST At No. 1-E Bryant

Gulf Oil Corporation No. 1-E-CCC University, North-Central Crockett County deep wildcat, 15 miles south of Big Lake, and 1,980 feet from north and 660 feet from west lines of section 8, block 15, University survey, took a drillstem test to total depth at 9,431 feet in a lime, which is probably Silurian.

Recovery was 30 feet of drilling mud, with no shows of oil, gas or water. Packer seat and length of the test has not been learned. The prospector is to continue drilling.

Crockett Deep Test Recovers No Shows

Gulf Oil Corporation No. 1-E-CCC University, North-Central Crockett County deep wildcat, 15 miles south of Big Lake, and 1,980 feet from north and 660 feet from west lines of section 8, block 15, University survey, took a drillstem test to total depth at 9,431 feet in a lime, which is probably Silurian.

Recovery was 30 feet of drilling mud, with no shows of oil, gas or water. Packer seat and length of the test has not been learned. The prospector is to continue drilling.

No. 1 Miller Testing Unidentified Strata

Stanford Oil & Gas Company No. 1 Miller, Southeast Reagan County deep venture, three and one-half miles northwest of the Barnhart-Ellenburger field, and at the center of the southeast quarter of the northwest quarter of section 226, block 1, TP survey, was taking a drillstem test at 5,890-741 feet in an unidentified lime.

This development is scheduled to

Permian Basin OIL & GAS LOG

James C. Watson
Oil Editor

Seaboard Continues Ellenburger Search

Seaboard No. 1 E. M. Hinson, Northeast Terry County venture, 10 miles northeast of Brownfield, and 660 feet from north and west lines of section 91, block 4-X, pd survey, had reached 11,354 feet in an unidentified lime and chert, and was continuing. It is going on to try to find the Ellenburger.

Sterling Venture Making New Hole

Ray A. Albaugh and Progress Petroleum Company No. 1 Mrs. Nellie Cannon Paramore, Northwest Sterling County wildcat to try to locate and investigate the Ellenburger, 17 miles northwest of Sterling City, and 660 feet from north and west lines of section 203, block 29, W&NW survey, had penetrated past 9,108 feet in a lime, and was going on down. So far as is known, this venture has not yet entered the Ellenburger.

Tex Hwyey 1 Floyd Penetrates Deeper

Tex Hwyey Oil Company No. 1 Floyd, East Midland County exploration to 12,000 feet to test the Ellenburger, 13 miles southeast of the city of Midland, and 2,000 feet from north and 660 feet from east lines of section 15, block 37, TP survey, T-3-S, had reached 10,703 feet in Pennsylvanian shale, and was drilling ahead.

Texaco Taking Test At Midland Venture

The Texas Company No. 1 Scharbauer, one mile south of Midland Air Terminal, West Midland County, and 660 feet from south and west lines of section 20, block 40, TP survey, T-2-S, was bottomed at 12,338 feet in Devonian lime and chert, and was taking a drillstem test, at the time this report was prepared.

New Pay Discovered In N-W Coke By Hill

A. G. Hill, of Dallas, No. 2 Ralph H. Harris estate, Northwest Coke County wildcat, one mile southeast of the nearest producers from the crinoidal reef lime of the Pennsylvanian, in the Jameson field has apparently found a new and shallower pay for that area in the Strawn sand.

The development flowed an average of 14.98 barrels of oil per hour for seven hours from the section at 5,815-48 feet in the Strawn sand, which was topped at 5,808 feet, on an elevation of 2,001 feet, on the derrick floor. Top of the Strawn lime was at 5,468 feet.

The flow during the seven-hour test was through a 12-64th inch tubing choke. Gas-oil ratio was 1,900-1. Operator plans to take on the potential tests and complete the new discovery in a few days.

The regular pay in the Jameson field is from the trinitoidal reef 6,000 feet.

Some of the wells in the field have shown possibilities of production from the same section which is making the petroleum in the Hill exploration, but none of them attempted to complete from that section.

Crane Test Develops Water; Drills Ahead

Humble Oil & Refining Company No. 1 Jax Cowden, Central Crane County wildcat to 9,000 feet to try to find and test the Ellenburger, was making hole below 7,485 feet in an unidentified lime and chert.

It ran a three-hour drillstem at 7,285-736 feet, there was a small blow of air throughout the period. Recovery was 360 feet of slightly water cut drilling mud, plus 810 feet of salt and sulphur water. There were no signs of oil or gas.

This deep prospector is 660 feet from south and east lines of section 58, block X, CCSD&RGNG survey, six and one-half miles west of the town of Crane.

Humble Is Plugging Ellenburger Failure

Humble No. 1 Harrick, Northeast Crockett County Ellenburger exploration, six and one-half miles northeast of Ozona, and 1,980 feet from south and east lines of section 90, block OI, CC&SF survey, drilled to a total depth of 8,180 feet in Ellenburger, and failed to develop any oil or gas.

The project has been plugged back with cement to 4,236 feet, and the drill pipe is being laid down, apparently to abandon the exploration as a failure.

Benedum Flankers Making More Hole

The numerous outposts to the Benedum field in East-Central Upton County were all making new hole toward the Ellenburger.

Slick-Urschel Oil Company No. 1 Dixon, flanking the pool on the south, was continuing from 7,586 feet in shale and sand. It is 660 feet

Terrell Prospector Continues Drilling

Humble No. 1 J. C. Mitchell, Northwest Terrell County wildcat, 30 miles northwest of Sanderson, and 1,700 feet from north and 2,080 feet from east lines of section 24, block 12, T&STL survey, had progressed below 9,556 feet in shale and sand, and was going ahead.

Scurry Exploration Drilling On In Lime

McAlester Fuel Company No. 1-A Gesell, Southwest Scurry County prospector, six miles southwest of Snyder, and 662 feet from north and 2,080 feet from west lines of section 154, block 97, H&TC survey, had reached 7,890 feet in lime and was making more hole.

-It is scheduled to dig to around 8,000 feet to test into the Ellenburger.

Magnolia 1-A TXL In Upton Deepens

In North-Central Upton County, 30 miles south of the city of Midland, Magnolia Petroleum Company No. 1-A TXL, 660 feet from north and west lines of section 21, block 40, T-4-S, T&P survey, was boring ahead from 11,490 feet in Devonian lime and chert. It is projected for a test into the Ellenburger.

Plymouth Drilling Plug In Reagan

Just across the Upton-Reagan County line, in the extreme west portion of Reagan, Plymouth was drilling a cement plug at its No. 1-2 Dixon, Benedum stepout, after running an intermediate string of 7-inch casing.

Total depth is 5,468 feet in lime. New hole is to be made in an attempt to test into the Ellenburger.

Location is 660 feet from north and 2,536 feet from west lines of section 2, Peter Beach survey.

White Eagle Bores On At No. 1 Ringo

Approximately eight miles northeast of the Benedum-Ellenburger pay opener, White Eagle Oil Company No. 1 R. E. Ringo estate, 660 feet from north and east lines of section 8, block H, L&SV survey, had reached 9,275 feet in sand and shale.

It was continuing in hopes of a test into the Northeast Reagan County Ellenburger.

Reagan Prospector Penetrates Deeper

Humble No. 1-E Sawyer Cattle Company, seven miles north of the Barnhart field in Southeast Reagan County, was beyond 6,245 feet, penetrating lime and shale.

Location is 660 feet from south and 1,960 feet from east lines of section 142, block 1, T&P survey.

Record Attendance Expected At Wink Air Show Sunday

WINK—Scores of West Texas and New Mexico pilots and thousands of spectators are expected to attend Wink's Third Annual Air Carnival Sunday at the huge and modern Wink Municipal Airport. The event is sponsored by the Wink Lions Club, W. L. Stoddard, airport operator, is general chairman.

A breakfast flight at 7 a. m. will start the day's activities. Flight contests will get underway at 10:30 a. m. and a barbecue, open to the public, is slated at 1 p. m.

The Air Show proper will be held during the afternoon, featuring formation flying, aerobatics and precision flying. Civilian and Air Force planes will participate.

Roswell Air Force Unit Is Transferred

FORT WORTH—(AP)—Headquarters of the 8th Air Force announced Saturday that the 33rd Fighting Wing, now based at Roswell, N. M., was being moved to Otis Air Force Base, Palm Beach, Fla., to bolster Air Force fighter strength on the Atlantic seaboard.

The 33rd, commanded by Col. G. C. Atkinson, is equipped with F-94 Thunderjets, fastest operational fighters the Air Force now has in use.

Eleven Men—But Only One Job

Harry S. Truman
Democratic Party

Thomas E. Dewey
Republican Party

Henry A. Wallace
Progressive Citizens of America

J. Strom Thurmond
States Rights Democratic Party

Norman Thomas
Socialist Party

Edward A. Telford
Socialist-Labor

Ferrell Dobbs
Socialist Workers

Dr. John Maxwell
Vegetarian Party

Claude A. Watson
Prohibition Party

Gerold L. K. Smith
Christian Nationalists Crusade

John G. Scott
Greenback Party

All these men are after one job—the presidency of the United States. There are 11 candidates for the highest office in the land, ranging from the two major party hopefuls through the "Third Party's" Henry Wallace and J. Strom Thurmond, the "Dixiecrats" choice, and including seven other minor candidates.

Residence Permits Help Hike Building Mark To \$4,932,160

Building permits issued during the week ending Saturday in Midland amounted to \$88,750 to bring the 1948 mark to \$4,932,160.

Powder and Stanley received five permits, each for \$8,500, total \$42,500, for five brick veneer residences at 1500, 1502, 1504, 1506 and 1508 North Big Spring Street. Sizes range from 40 by 25 feet to 48 by 33 feet.

Essex Construction Company took out a \$15,000 permit for a brick veneer residence at 1413 Country Club Drive. Size will be 67 by 53 feet.

A. E. Pettit was issued a permit for \$9,500 for a brick veneer residence at 1901 West Michigan Street. Size will be 32 by 44 feet.

Other permits issued included: L. L. Hanks, \$6,000, frame residence at 2405 West Kentucky Street, 26 by 36 feet; A. A. Williams, \$5,000, frame residence with attached garage at 209 West Estes Street, 40 by 26 feet; Hays Construction Company, \$5,000, frame residence at 405 West Nobles Street, 35 by 31 feet; a \$2,500 permit for a frame and concrete business and residence combination at 415 South Baird Street, 20 by 40 feet; Mrs. R. L. Gray, \$2,250, frame residence at 1302 South Main Street, 14 by 20 feet; C. T. Adams, two permits for \$500 each, total \$1,000, to move frame residence and add to at 1209 East Highway 80.

Cotton

NEW YORK—(AP)—Cotton futures Saturday closed 20 cents a bale higher to five cents lower. December 31.17, March 30.97 and May 30.72.

At the beginning of this season, University of Alabama football teams had won 31 games, lost 109 and tied 23 for a .740 percentage.

FROLIFIC

One pair of field mice could have 275,000,000 descendants within 10 years, if every descendant lived and bred normally over that period.

The University of Mississippi played its first night football game on Oct. 18, 1929, in New Orleans with the Rebels outscoring Loyola, 26-24.

Wall Street Mystery

It may turn out that 1948 was, among other things, the year of the great Wall Street mystery. It's a mystery to us, at any rate. And the more we read the political speeches and the news from abroad, the more we keep asking ourselves: What is Wall Street?

We don't mean the canyon-like thoroughfare and its neighborhood, which the New York Stock Exchange and some of our biggest banking and brokerage houses call home. We mean the group of men who are allegedly running the country in a manner which, if you believe all you read, is truly amazing.

Let's take Russia's Wall Street first. Russia's Wall Street is spilling for a fight. It is the author of America's "imperialistic" plans to enslave all Europe, crush the Soviet Union, and make itself richer in the process.

Then there is Henry Wallace's Wall Street. Wallace is a capitalist and admits it. What's more, his left-wing admirers boast, he's the only one of the presidential candidates who ever met a payroll. But Wallace's Wall Street is not only pining for war but plotting Russia's downfall. It is also running this government. It's the head coach of the "war mongers," a group that seems to include all Americans except those who will vote for Wallace next month.

Now we come to Truman's Wall Street. That Wall Street is not running the government now, but it will be if the voters should elect Dewey. It is not doing any war mongering, but it is intent upon a domestic program that would lead inevitably to depression.

We also have President Peron's Wall Street. The Argentine dictator says that there was a plot to assassinate him and overthrow his government, hatched by a former American Embassy employe in Buenos Aires and "foreign capitalistic interests." The boys enclosed in quotation marks surely couldn't be anybody else but Wall Street. President Peron's Wall Street, he says, "wanted another Bogota here."

Judging from this picture, Wall Street is violently opposed to both the left and the right. It is planning a war of extermination against Communist Russia. But it also planned to exterminate a fascist-type dictator and create "another Bogota" in Buenos Aires.

The composite Wall Street is running our government and dictating its policy. Only it isn't, really. It's really working its head off to turn out the present government so it can run the next one.

We've noticed that the Wall Street stock market takes a dive any time that a war scare grows really severe. We've also noticed that the big bankers and brokers seem to prosper, along with most everybody else, when there is no depression and industry and agriculture are busy and people have money to spend. But, from the evidence above, this probably doesn't explain anything.

All we can say is that if the composite picture of Wall Street is anywhere near true, it sure is a wonder that the big bankers and brokers could be so dumb and still have made all that money.

New Freedom

The National Association of Broadcasters has contended that radio's give-away shows are not lotteries, as the Federal Communications Commission charges. Any attempt to ban them, says the NAB, would constitute censorship and abridge constitutional rights.

Perhaps it will turn out that this happy land of liberty will yet have another cherished right to go with those of speech, press, and the rest—the right of free give-aways.

The time it takes to grow old depends a great deal on the way you go about it.

WASHINGTON COLUMN

Marshall Plan's Loan Feature Brings Complicated Problems

By PETER EDSON, NEA Washington Correspondent

WASHINGTON—Marshall Plan Administrator Paul Hoffman's reconstruction loan program for Europe isn't working out quite as expected. This part of the Economic Cooperation Administration job is directly under Wayne C. Taylor. He was formerly undersecretary of Commerce and a member of the Export-Import Bank board.

The original plan was for all ECA loans to be made for specific reconstruction projects by the usual Export-Import Bank procedure. Only loans that had good chances of paying out were to be approved, project by project.

Out of ECA's first year \$5,000,000,000 appropriation, \$1,000,000,000 was set aside for repayable loans, \$4,000,000,000 for free grants. But it was soon discovered that this 80 per cent grant-20 per cent loan ratio could not be applied right down the line for each of the 16 cooperating countries.

Some of the countries have done excellent jobs in submitting estimates on their required reconstruction loans. Iceland knew just what she wanted in the way of a factory ship to modernize her fishing industry. Iceland got the first loan, and so far the only one, for \$2,300,000.

Turkey has submitted good estimates on requirements for her mining, power, agriculture and transport industries. Italy likewise has turned in specific plans on what she needs.

Most of the European governments, however, made little effort to separate projects on which they wanted grants from those which should be financed by loan and what by grant.

To meet this situation, the idea was developed to make what might be called lump-sum loans covering a number of individual reconstruction projects. Technically, they are international trade balance of payment loans. Many of the ECA-Export-Import Bank loans will be negotiated in this basis in the future.

Each Situation Different. Separate grant-loan ratios are being worked out for each country. Many factors have to be taken into consideration. What is each country's existing debt structure? At what dates must it repay other loans? How good a risk is the country? How long should its future loans run? When should repayment begin?

It has been decided that all loans must be repayable within 25 years, at 2 1/2 per cent interest instead of three per cent. No repayments on principal or interest are to begin until 1952—end of the present ECA program. Some principal payments will be deferred until 1956.

This is the way the picture looks now for approximate allocations of grants and loans up to the end of 1948. These figures will of course be changed as new projects are approved:

Table with columns: Country, Grants Loans Total Grant-Loan (in Millions of Dollars), Ratio. Lists countries like Austria, Belgium-Luxembourg, Denmark, etc., with their respective loan and grant amounts and ratios.

Twenty Midlanders Enrolled in Course For Cafe Personnel

Twenty persons representing six Midland cafes are enrolled in the salesmanship course for waiters and waitresses being conducted here under the auspices of the West Texas Restaurant Association, Miss Jo Hardin of Austin, instructor, said Saturday.

The classes started Thursday and will continue through Wednesday of this week in Room 611 of the Crawford Hotel. Certificates will be awarded at the conclusion of the special training.

The course is sponsored by the Extension service of the University of Texas, the Department of Distributive Education of Midland High School and the Texas Restaurant Association.

The classes are held from 8:45 a. m. to 10:45 a. m. and from 2 p. m. to 4 p. m. daily.

Chancellor Will Be Host To Sigma Chi. C. W. Chancellor of Midland will be host to Sigma Chi fraternity members at a luncheon Monday noon in the Petroleum Club. All Sigma Chi's are urged to attend.

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

WASHINGTON—U. S. senators who call on Marshall Plan Ambassador Averell Harriman in Paris find him ensconced in a magnificent gold-embossed palace, sitting behind an ornate Louis XV desk and slightly embarrassed.

Harriman, though he owns a good slice of the Union Pacific Railroad, the Illinois Central and Western Union, is not one who likes a lot of folders. He is reasonably simple in his tastes, and feels out of place in his Paris office. However, he can't help himself.

For, when the Marshall Plan envoys got to Paris the French Government generously loaned them the Hotel De Talleyrand on the Place De La Concorde. This is a magnificent abode, once the residence of Baron Edward de Rothschild. It is loaned to the United States rent-free by the French Government.

At first Ambassador Harriman was planning to move in ordinary American desks and office furniture, which would have looked rather out of place, in view of the fact that the inside of the place with the gold-embossed walls and the same liberality Dewey is applying whitewash to the 80th Congress.

So the French discreetly interposed their proposal that they supply the furniture for Ambassador Harriman from French museums such as the Chateau de Versailles. Thus the furniture would appropriately match the Napoleon-to-surrounding.

As a result, Ambassador Harriman sits ensconced amid a gorgeous conglomeration of desks, chairs, lamps, tapestries, wall brackets and rugs from the museums of France—looking a little distressed when American senators drop in to see him.

Truman Gets Pop Talk. Despite the highly unfavorable political polls, Harry Truman felt practically "elected" after a pep session with Al Whitney, two-listed chief of the Railway Trainmen's Union.

Whitney predicted that from 60 to 65 million of the approximate 94 million eligible voters would go to the polls in November. He based his prediction on primary balloting throughout the country, plus the big drive by Labor unions to bring out the vote of working people and their families.

That means you're in," enthused Whitney. "You're a clinch if the total vote runs even as high as 55 million."

Other observers believe that getting between 60 and 65 million people to vote will be almost impossible in such a dull presidential campaign. The highest total to date was 49.5 million in the 1940 Roosevelt-Wallace battle. President Truman probably had this in mind when he replied to Whitney:

"Well, I think we can do it, despite some of these newspaper polls. That's why I have been making so much about getting out the biggest vote in history."

The President told about his plans to help Mayor Humphrey defeat GOP Senator Joe Ball in Minnesota, also his plans to speak in Cleveland, Whitney's home town.

"The Brotherhood of Trainmen is working for in every state in the union," reported Whitney, who once bitterly denounced the President. "We have 70 active groups in Illinois alone. The Taft-Hartley Law has aroused workers as never before. It is doing more to get out the biggest vote than any other issue."

Brandeis University. The memory of former Supreme Court Justice Louis D. Brandeis was commemorated last week in a manner—by the opening of a university named for him in his home state, Massachusetts, at Wellesley.

Justice Brandeis was one of the first Jews to sit on the Supreme Court. And what makes the job unique is that, although it is completely Jewish sponsored and Jewish financed, it is being operated on a nonsectarian basis. Students will come from all races, colors and creeds. The first class to enter the new college includes Catholics, Protestants, Jews and negroes.

No questions are asked regarding religion, race or ancestry when students apply for admission to Brandeis University.

Merry-Go-Round. Harold Stassen's rush trip to Wyoming is slipping well behind in his pre-election fight against Gov. Lester Hunt, Democrat. Stassen is due in Wyoming the weekend before election day. Stassen's trip was incorrectly reported here that Steven B. Wilson of the Farm Corporation participated at the Republican meeting at the Hope Club, Providence, R. I., at which it was proposed to raise money for one GOP senatorial candidate in primary opposition to two other Republicans. Wilson, though visiting in the Club, did not attend this meeting. Secretary of Agriculture Charlie Brannan, after his barnstorming trip through the farm belt, reported back to President Truman that the Democratic Party would count on more farm votes this year than since 1936.

Retired military officers are fuming because they still come under military censorship—even though they no longer on active duty. A recent directive from Secretary of Defense James Foran's office makes retired officers responsible for the security and propriety of their writings and requires them to submit for censorship "matter dealing with military subjects."

China Probe. The Economic Cooperation Administration's offices in China are a-crawl with investigators from three U. S. agencies who are probing some mysterious bookkeeping in the China Aid Program.

The accounts of the former "interim aid" program in China, which ECA took over from the State Department, don't balance, and Roger Latham, chief of the State Department's investigation, has demanded a full-scale investigation. Some of Latham's underlings, whom he inherited from the State Department, are on a hot spot.

This was why Harland Cleveland, chief of the ECA's China Division, took off for the Far East in such a big hurry recently. He will aid the investigation. The State Department and the Congressional ECA "Watchdog" Committee also have flown investigators to China.

Decoding The Cables. Despite the war hysteria, recent intelligence from the State Department and the Congressional ECA "Watchdog" Committee also have flown investigators to China.

Only six seniors are listed on the University of Alabama's 46-man football squad. Twenty-six are sophomores and 14 are juniors.

The Loves of Carmen. A story by Sophie Kerr. Includes a grid and a list of clues for both horizontal and vertical words.

Wins Fair Trip

Mary Lynn Manning, 16-year-old daughter of Mr. and Mrs. Lee O. Manning and a senior in Midland High School, modeled a suit which she designed and made, in a state 4-H Club revue at the State Fair in Dallas Saturday.

She went to the fair as winner in the county 4-H Club dress contest this summer. Her record in 4-H club work includes many honors. She recently was appointed on the recreation committee of the Texas Committee for Children and Youth, and as representative of the youth organization will attend a meeting of the committee in Houston November 16.

Officials Abandon Efforts To Keep Out Mexican Braceros

EL PASO—(P)—The U. S. Immigration Service, in an unprecedented move, Saturday abandoned efforts to halt illegal entry of Mexican farm workers into this country.

Instead, the agency opened the border to thousands of "braceros" and turned them over to American farmer employers for jobs in Southwestern beet and cotton fields.

An estimated 4,000 Mexicans have crossed the Rio Grande from Juarez, Mexico, illegally since the first planned dash last Wednesday night.

Saturday, Grover C. Wilmoth, district immigration director here, ordered the bars dropped. As fast as the "braceros" waded the river they were placed under technical arrest then paroled to the Texas Employment Commission. The workers were loaded quickly into trailer trucks and pushed to ripening cotton fields in New Mexico and West Texas.

Welfare Unit Seeks Homes For Boys Here

Mrs. Willie M. Harding, supervisor of the Midland County Child Welfare Unit, said Saturday an appeal is being issued for "work homes" for youths 15 to 17 years of age who have come to Midland seeking to learn something about farming or ranching.

Such homes are needed immediately, she said. Boys who have come here after reading magazine articles about Midland need homes on nearby ranches or farms.

The welfare unit, which is located in the courthouse, shares responsibility with families who give away boys a place to work on the Monahans business district. The meters will be in operation within 10 days, officials said.

CITY OF MONAHANS GETS PARKING METERS

MONAHANS—Workmen are engaged in the installation of parking meters on the main street in the Monahans business district. The meters will be in operation within 10 days, officials said.

George Glass Wins Major Honors At Pecos Cattle Show

PECOS—George Glass, Midland Hereford breeder, took top honors in the beef cattle division of the Fourth Annual Pecos Fall Fair and Festival here Friday.

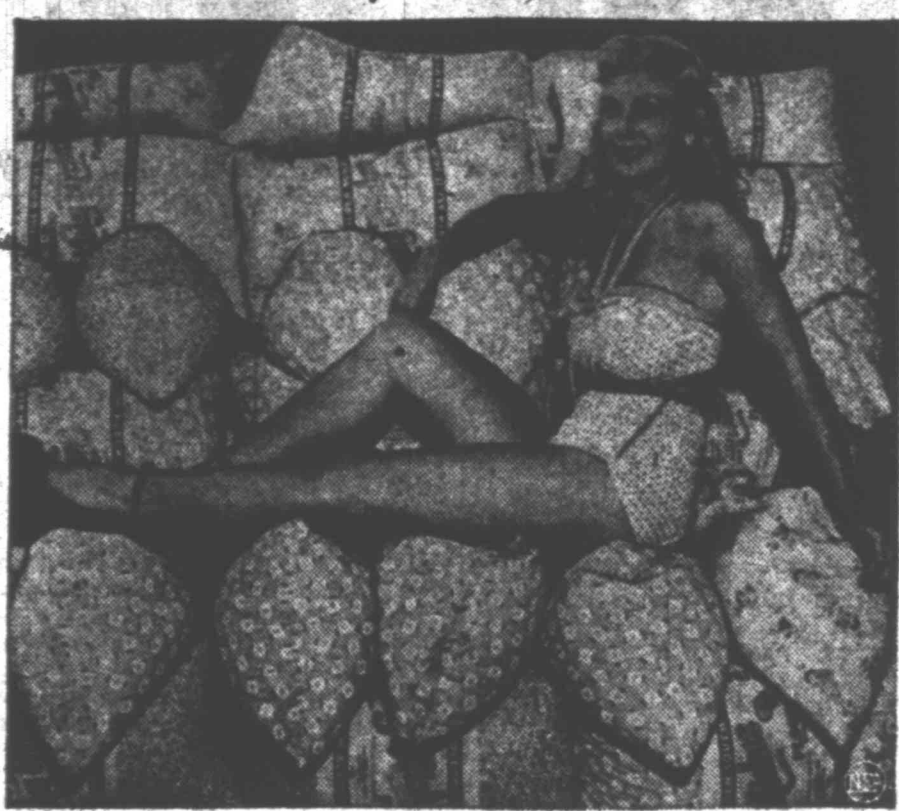

Doctor Two 23rd, a yearling bull from the Glass show herd, took first place in his class and grand championship of the Hereford show.

Livestock Roundup

PORT WORTH—(P)—All classes of livestock were in smaller supply during the past week here and all classes reflected sharply higher prices. Overall advances of fully \$1 per hundred were noted on sheep and calves, with some kinds \$2 to \$3 or more higher as stocker buyers representing moved in.

Butcher hogs/sided by short receipts at corp belt points were up \$2 to \$2.25 per hundred and some were higher by \$3 to \$4 while pigs lacked on a \$1 rise. Slaughter lambs ruled \$1 to \$1.50 higher, old sheep were steady to \$1 higher and stockers and feeders along with yearlings were steady to strong, spots \$1 higher.

Much Shapelier Than Flour

This is "Miss Flour Sack of 1948," alias Betty Tunnell. Betty's bathing suit is made from patterned flour and feed bag material, and she certainly looks better in it than a sackful of flour does. The blonde model hails from Minneapolis, Minn.

Carver Hornets Tie Abilene Eagles 6-6

ABILENE — The Carver School Hornets of Midland battled the Abilene Eagles to a 6-6 deadlock here Friday. It was a negro school conference game.

The Eagles outweighed the Hornets 25 pounds to the man. The Hornets carried the battle. Abilene tallied first in the fourth quarter and was ahead 6-0. Midland received and subsequently marched 78 yards for a touchdown. W. Storms carried the ball over with a six-yard plunge. Spearheading the drive were W. Taylor, T. Walker and W. Storms.

Jones and Banks played good ball for Midland. Goodloe, 230-pound fullback, was Abilene's threat.

Action Promised On Veterans' Housing

WASHINGTON — Housing Expediter Thede E. Woods said Saturday he expects to be able to show some fast action now on veterans' complaints about housing.

"We have now completed recruiting and training the staff of investigators that Congress gave us funds for," Woods said in a statement.

So far 140,000 complaints have been filed with the agency but the volume is gradually decreasing, Woods said.

In the semi-final match in the national hunt championship at Forest Hills, Jeroslav Drobný of Czechoslovakia and Richard (Panch) Gonzales of California scored 43 service aces between them.

NOTICE!

A portion of the Walter McElroy Ranch, one of the best hunting ranches in the Davis Mountains, is for lease during the coming season—plenty spacious for 15 hunters—lots of deer and some bear—\$1,000 for the season. Anyone interested, see W. C. KING, % Cecil King's Fine Food, 416 West Texas.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, OCT. 17, 1948-5

Lions Tear Up Bulldogs 34-7

BROWNWOOD—The Brownwood Lions of District 7-AA rolled over the Midland Bulldogs of 3-AA here Friday night 34-7 in an inter-district football attraction.

Brownwood kicked off to Midland and the Bulldogs had to punt. Don Low, Lion halfback, took the kick on his own 30-yard stripe and ran 70 yards for a TD. Tatum's try for extra point was no good.

The game was just two minutes old.

The Lions tallied again quickly in this first quarter. Billy Shop, 185-pound fullback, ripped off 50 yards to set up a marker. He ran to the Midland 13-yard line. Two line stabs netted seven yards then Low skirted right end for the second TD. Buddy Fair's conversion try was blocked. It was Brownwood 12, Midland 0.

The Bulldogs drove 57 yards for a score early in the second quarter. Bill Little, Cecil Stephens, Moe Price and Larry Messersmith took turns in the march. Little's 26-yard dash carried into Lion territory. Little was injured and had to leave the ball game. Stephens plowed over from the one-yard mark for the tally. Don Deel kicked goal. It was Brownwood 12, Midland 7.

Half Ends 12-7

Brownwood worked to the Bulldogs 10 yard line but failed to make the yardage. Midland ripped off 20 yards with Stephens carrying as the half ended.

In the third quarter, Lloyd Henderson, Bulldog end, intercepted a Lion pass on the Midland 25 to break up a drive. Low intercepted a Midland pass and ran to mid-field. Bishop ripped to the Midland 15. Fair sloshed off tackle for a touchdown. Wise kicked extra point to make it Brownwood 19, Midland 7.

Low broke up another Midland drive with a pass interception. The Lions moved to the Midland one-yard marker but the scrapping Bulldogs held. Midland tried to pass and Roland Ellidge, end, intercepted on the Midland 31. Bishop got 11 yards sweeping. Fair bolted through the line for 22 yards and a touchdown. Point try was missed. It was Brownwood 25, Midland 7. And the third quarter ended.

Midland Fumbles

Midland received and while advancing fumbled on the 20. Johnson, reserve quarterback, passed to Ellidge for the touch-down. The kick for point was good. Brownwood 32, Midland 7. This was early in the fourth quarter.

Reserve back Jimmy Gorman of Brownwood punted dead on the Midland two-yard line to set the stage for a safety in the third quarter. The ball traveled 63 yards. Stephens, trying to run the ball out, was smeared behind the goal-line. Score: Brownwood 34, Midland 7. It ended that way.

Texas Overpowers Arkansas 14 To 6

AUSTIN — (AP) — Hard-hitting Texas overpowered stubborn Arkansas 14 to 6 here Saturday to grab its Southwest Conference opener before 46,000 football fans.

The big, fast Longhorn line kept Clyde (Smackover) Scott, the Arkansas left half, bottled up except for one brief moment. Scott took advantage of that single lapse to streak 36 yards down the right sideline for the lone Razorback score.

Scott's tally came on the opening play of the second quarter and brought Arkansas back into definite contention. Texas had smashed swiftly to a 7-0 lead in four plays in the first six minutes of the initial quarter, and it appeared the Longhorns would roll over Arkansas with ease.

But the Arkansas forward wall, 52 yards of penalties against Texas, and some opportune quick kicking by Scott turned the contest into an almost even game.

Left Half Billy Fyfe, a star both on offense and defense, paved the way for Texas' first touchdown. He slipped through right tackle, reversed his field and went 36 yards to the Arkansas 15.

Right Half Randall Clay pulled a reverse over left tackle to the 2 and then pounded through right tackle to score.

Last Minute TD

He took the ball squarely through the uprights for his first of two successful conversions.

After Arkansas scored in the second, the two teams spent the rest of the afternoon battling in Razorback territory.

The second Longhorn touchdown came with only 45 seconds of playing time remaining. It was set up by a poor, 12-yard punt off the toe of Harold Cox, the ball going out on the Arkansas 37. Texas marched to the 4, was set back to the 8 by an offside penalty, then reached the 5. With the Razorback line pulled in tight on fourth down, substitute Left Half Perry Samuels sprung wide around right end to score.

Scott collected 47 yards on nine carries, attempted three passes and completed none. An expert at quick kicking, he rocked Texas back once with a 67-yard boot that traveled to the Longhorn 11.

Ray Borneman, a substitute fullback, was the Texas workhorse. He carried 16 times and gained 98 yards.

The victory was Texas' tenth straight over Arkansas and virtually eliminated the Razorbacks from this year's conference title chase. Arkansas bowed last week to Baylor.

Michigan Wolverines Smash Northwestern

ANN ARBOR, MICH. — (AP) — Michigan's fabulous football powerhouse, grinding with no wasted motion in the second half, churned out an impressive 38 to 0 victory over Northwestern before an awed throng of 85,938 fans here Saturday.

Sophomore Leo Kooeski of Cantonburg, Pa., personally accounted for the first three touchdowns in an impressive 38 to 0 victory over Northwestern before an awed throng of 85,938 fans here Saturday.

Northwestern hadn't been beaten before Saturday, but the Wildcats, after making a terrific fight of it in the first half, collapsed under an avalanche of three Michigan touchdowns within a back-breaking space of less than 3 1-2 minutes midway in the second half.

Michigan was in front 7-0 by virtue of Kooeski's one-yard smash into the end zone in the dying seconds of the first period, a giant that capped a 23-yard march in seven running plays.

The clawing Cats stopped two Wolverine assaults in the shadow of their goal posts the first two times Michigan got possession of the ball in the third. Loren (Pie Wee) Day intercepted Chuck Ortman's pass in the end zone after Michigan had reached the 5. And Northwestern's stout line turned back four thrusts a moment later to take the ball on downs on the one.

Then Michigan pushed Northwestern right out of the ball game.

Army Beats Stubborn Harvard Eleven 20-7

WEST POINT, N. Y. — (AP) — Gil Stephenson, 183-pound Sophomore halfback from Columbus, Ga., scored three sparkling touchdowns to lead unbeaten Army to victory over Harvard Saturday 20 to 7.

By winning the West Pointers stayed among the nation's top undefeated teams, but it took a third-period rally to subdue the unexpectedly strong Crimson.

With the score tied 7-7 at the half, Army cut loose a 78-yard march followed in a few moments by a 48-yard parade accomplished with only four plays. Both times Stephenson bucked over the touchdown.

Harvard, crushed last week 40-6 by Cornell and lightly rated against Army's powerful team, played a smashing game all through the first half, scoring with only 37 seconds left in the second quarter. It came on Charlie Roche's 10 yard pass into the end zone to Bill Henry.

Pups Whip Crane

CRANE—The sixth grade Midland Bullpups beat the Crane Juniors 6-0 here Saturday.

It was the first game of the season for the little Midlanders.

L. O. Crisp, who came out of the line from a tackle post to take a backfield post, made the winning TD with a 40-yard gallop in the fourth quarter.

Midland kept Crane backed up in the first half but could not put on a scoring march of its own. Three Pup runs of over 60 yards each were called back and penalties assessed.

The two teams will meet in Midland October 23.

Coach L. H. Curlee of Midland used the following Pups in the game: Crisp, Paul Cole, Don Strings, Jerry Green, Louis Lopez, Carl Baker, William Brooks, Jimmy Garvin, Don Lea, C. E. Thompson, James Clairborne, Myron Harris, Tex Smith, Jack Henley, Jimmie Hunt, Ray Ford and N. Davis.

THE ROUNDUP—

Monahans, Seminole, And Kermit Look Good In P B

Always-powerful Monahans blanked Denver City 32-0, the challenging Seminole Indians scalped Wink 20-7, and potent Kermit dumped a good Andrews ball club 20-0, in displays of Permian Basin gridiron leadership Friday.

The undefeated Golden Cranes subdued the Marfa Shortorns to keep a clean record of six straight victories.

Other West Texas results: Iraan 32, Stanton 0; Big Lake 18, Alpine 8; Lake View 6, Sonora 0; Winters 47, Merkel 20; Roscoe 13, Hamlin 13 (tie); Snyder 7, Roby 8; Rotan 33, Colorado City 5; Albany 40, Stamford 0; Anson 40, Throckmorton 7; Menard 44, Ozona 7; Ballinger 6, Haskell 8 (tie); Levelland 34, Sudan 0; Littlefield 12, Muleshoe 6.

In six-man football: Water Valley clipped Christoval 25-19; Fayette walloped Marshall 52-24.

Golden Cranes Rack Marfa 13-0

CRANE—Bill Haralson's Golden Cranes beat the Marfa Shortorns of Bode Hunter 13-0 Friday night in a hard fought non-conference tilt in Crane. It was the sixth straight win for the Cranes.

The Haralson men scored in the first and fourth quarters. In the

initial frame Ken Daniel took a pass from Bill Teague on the Marfa five and plugged over the double-stripe. John Clark converted.

In the fourth quarter Teague took the ball on a handoff play on his own 38 and raced 62 yards through a broken field for the touchdown. The attempt at conversion failed.

Elmo Rust was the defensive star for the Cranes and Richard Lightfoot turned in some long runs. Daniel and Teague stood out as all-round performers.

The Golden Cranes meet Pecos next Friday night in Crane.

Lobos Roll Over Denver City 32-0

MONAHANS—The Monahans Lobos rolled over a sluggish Denver City eleven here Friday night by a convincing 32-0 score. This was Monahans' fourth straight win in District 5-A.

The Lobos grabbed the lead in the first quarter when Ray Cathey ran 16 yards for the first counter. No more scoring was done in the first or second periods but Monahans hit "pay dirt" twice in the third quarter and twice in the final period.

Scorers other than Cathey were Waldo Young who ran 32 yards in two plays to score the second touchdown and crashed over from the four for the third. Tommy Longbotham intercepted a pass and ran it back 65 yards for the final touchdown.

Kermit 'Jackets Rip Mustangs 20-0

KERMIT—The Kermit Yellow Jackets completely outclassed the Andrews' Mustangs here Friday night by the score of 20 to 0.

Going through the air and marching on the ground, the Yellow Jackets never let up. Richard Almond passed for two touchdowns, once to Spout and once to Madison. Madison made one touchdown with a line plunge.

Kermit made 12 first downs to Andrews' five and led at the half 14 to 0.

Holman, Andrews triple threat scabbard, and Reid, halfback, looked potent for the Mustangs but could never produce the points.

Reagan (Big Lake) Dumps Alpine 18-6

BIG LAKE—The Reagan County Owls defeated the Alpine Hi football team here Friday night 18-6.

Armstrong made two of Reagan's touchdowns and passed to Roach for the third. Alpine scored in the second quarter with a 12-yard run by Keane.

Only eight of the original 72 men invited to football practice this fall at Michigan State College are seniors. Thirty-five are sophomores.

DOWN SPORTS LANE

Siwash Over Slippery Rock

Picking winners is a popular sideline to the game of football. Everyone can get in on the fun—from grandmas to juniors.

It used to be that only a few sportswriters would go out on the limb and predict the winners. Now the field is wide open. And the field is well-entered.

There are many systems. But on a given Saturday, say for instance the one of a week ago, the guessers do better than the experts. Upsets and ties spoil many a pick.

We know a man in Midland who picked 'em out of a hat and beat an expert. An expert is one who usually figures past records, size of the game, buildups and so forth in his picking.

Picking football winners approaches a science with some. They have figured up and down to fine edge. There are the notables—Dunkel, Williamson, Harris, Likenhouse, and many others. Even name coaches get into the prediction business—as Leaky Sport scribes, radio commentators and others dealing with the public must predict and forecast to keep popular with their readers or listeners.

Predictions, forecasts, guesses, or what have you often go into detail, giving even probable scores, ratings and percentages.

Flipping a coin many times is just as good as using a slide rule or charting the records for 99 yards.

There can only be one sad ending to picking football winners—backing your selections with money. Never take an expert's or anyone's selection—make your own. You probably will come as close. You may hit them right on the nose.

Have fun.

TCU's Moorman twins changed their names with weights. Each of the twins climbed from 185 to 188 pounds since their freshman year.

When general information forms asked the football players to list their names as they wished them to appear on programs—the Moorman's Billy and Bobby of 1947 gave way to Bill and Bob, further indicating that the young Horned Frogs have grown up.

The twins played high school football at Odessa.

Everything is left-handed, as Oklahoma A&M this year. The Cowpokes recently Basketball coach Hank Iba was bitten by a black widow spider and has to stand on his left leg while coaching. And to cap it all, in the Aggie's new and expensive press the carpenters hung the doors backwards.

Max Spilbury of the Arizona football team can take his shaking-ups with the best of them. Equally at home on the field or at rodeo field, Spilbury last Summer won all-around cowboy honors at the University Rodeo. He lost the same rating by a narrow margin at the Flagstaff, Arizona Rodeo. The rangy, 175-pounder wears a silver cap on his knee as the result of a war injury.

Many successful football coaches say "thanks, no T." And they refuse to serve it.

Carl Snavely of Carolina says the single wing offers a higher scoring attack. And Snavely, a student of football who has a knack for facts and figures, has compiled scoring records of the major college teams to prove his point. Every year the single wing clubs have scored more points than the T-formation exponents. In 1947, his tables show, the single wing teams averaged 21-plus points per game, whereas the T-formation averaged only 15-plus points per game.

Snavely kept those figures because he once toyed with the idea of switching to the T-formation.

Most coaches will agree it is material and not system which makes a winning ball club.

You hear arguments that the T-formation is unbeatable. It is the miracle system. Nothing could be farther from fact. It is the many winning ball clubs use the T-formation and it is a fine attack. But so do many winning ball clubs use the single wing formation, and it is a sharp attack.

When the T-formation assails you, point him to the record that Snavely kept. It might not convince him but it sure did Snavely, and he's a smart football coach.

Odessa Bronchos Clip Eagles 20-6

ODESSA—The Odessa Bronchos dedicated their new stadium here Friday night with a 20 to 6 victory over the Abilene Eagles.

The largest crowd in Odessa's football history, approximately 16,000 fans, saw the Bronchos score once in the first quarter and twice in the final period.

The Eagles tallied late in the dying minutes of the fourth quarter.

Odessa took the kickoff on their own 29 and after a first down and two scrimmage plays Jimmy Patterson circled his own left and went 54 yards to score. Patterson's try from placement for the extra point was good.

In the fourth quarter James Mobley, Odessa back, took a handoff on his own left and ran 41 yards to score for the second Bronco touchdown. Patterson's placekick was blocked.

Interesep's Pass

The third Odessa touchdown came when Patterson intercepted an Eagle pass on his own 34 and by some skillful field reversing ended up tight-rope-walking the east sideline all the way to pay dirt. The try for extra point was good.

With two minutes remaining, Abilene took the ball when Prentice intercepted Clover's pass on the Odessa 35 and ran it to the 12. Martin went around right end for a first down on the two and then Galusha bulldozed the leather over for the six points. Galusha kicked the extra point.

The Bronchos rolled up 167 yards by rushing against the Eagles' 161 and made eight first downs all the while the Eagles completed one of three pass attempts for 15 yards and the Eagles completed three of nine for 29 yards.

COLLEGE SCORES (Friday)

San Angelo Blanks Lamesans By 20-0

SAN ANGELO—In a listless and slow moving contest, the San Angelo Bobcats racked the Lamesans Golden Tornadoes here Friday night in a District 3-AA contest, 20 to 0.

Bobby Clatterback passed for two of the Bobcat markers and Fullback Pat Hill circled end for eight yards and the other tally Clatterback's first scoring aerial was to Cliff Rowland with the latter racing 40 yards down the sidelines. His next was to End Ray Morris with Morris traveling 20 yards to pay dirt.

6—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, OCT. 27, 1948

We Did It For Charlie

By TANNER LAINE
"We did it for Charlie!" The Bullpups of John M. Cowden Junior High of Midland had a reason to win last Thursday when they defeated Big Springs 6-0.

Tuesday preceding the game, Charles Bird, 19-year-old Pup player, was stricken with polio and was taken to a Big Spring hospital.

His team mates vowed they would win the game for him. And they did.

In that game, the Pups marched 98 yards for the winning touchdown, which was made just before the gun sounded the end of the first half. The Pups had the fight of their lives to keep that precious six-point lead.

But they did.

They had promised Charlie.

Saturday Games Are Postponed In Elementary Loop

Scheduled games between the North and West (elementary school teams) Saturday at Memorial Stadium were postponed to Thursday of this week. Boys football and girls kickball contests are slated.

The West boys are out in front in the football league with two wins and no losses. The Westerners have not tasted defeat since the program started in 1946. They were tied once.

South is undefeated in kickball this season with two victories registered.

Here are the league standings:

FOOTBALL (Boys)

Team	W.	L.
West	2	0
South	2	0
North	0	2

KICKBALL (Girls)

Team	W.	L.
West	2	0
South	0	1
North	0	1

Fans, Players Fight At Tech-Auburn Tilt

ATLANTA—(AP)—A 300-man battle royal among players and spectators was the big moment on Grant Field Saturday as Georgia Tech defeated Auburn 27-0. It was Tech's fourth straight football victory.

Game officials rushed into the melee of flying fists and feet late in the fourth quarter but could not even slow down the battle which gained in size by the moment.

MEN! GET PEP..

Do you want to feel young again? Why feel old at 40, 50 or more? Enjoy youthful pleasure again. If added years have slowed down your vitality, just go to your druggist and ask for Calton stimulating tablets. Many men are obtaining remarkable results with this amazing formula.

PROTECT YOUR PONTIAC WITH PONTIAC SERVICE

PONTIAC

The best costs no more!

Thousands of Pontiac owners all over the country have learned that regular servicing by their Pontiac dealer is the best, most economical way to keep their cars in top condition.

Our service is best for your car because our mechanics have been trained by factory experts and because we use factory-engineered parts and specially selected tools—everything geared to the one job of keeping your Pontiac at its very best.

The result is that your work is done faster—in such a sure-handed manner that it "will" stay done. The cost of our expert work is no higher—in fact, is often less—than you would pay for ordinary servicing.

Our policy is very simple: We do only the work called for—we do it in an expert manner, we save you money by eliminating guesswork and mistakes.

Give your Pontiac the best—have it serviced by your Pontiac dealer—for the best costs no more!

THE BEST PARTS ARE FACTORY-ENGINEERED PARTS! Pontiac Factory-Engineered Parts are exactly the same as those built into your Pontiac at the factory. They always fit properly—they always operate properly and—like the best in servicing—they cost no more!

MGCHost To Skeet Event

One of West Texas' outstanding sport events will be held at Midland opening Thursday and ending Sunday. It is the second annual West Texas Open Skeet Shoot.

Host is the Midland Gun Club. The matches will be fired on the skeet setup of the club at Midland Airpark.

The public is invited to witness the skeet matches. There will be \$1,500 in added money and many trophies awarded during the four big days of shooting.

Events include the West Texas open championship, the West Texas all-bore championship, the West Texas open all bore championship, the lanes West Texas open all-gauge, the junior West Texas open all-gauge, two-man team event, five-man team event, sub junior West Texas open and others.

Hundreds of competitors are expected from all over Texas and Eastern New Mexico.

Food and cold drinks will be served at the clubhouse by the Garden Clubs of Midland.

Grounds committeemen include Joe Frost, Sr. of San Antonio, D. W. Conway of Fabens and Ish McKnight of Midland.

Safety range officers are C. W. Chancellor, Robert K. White and R. E. Herrell.

Officers Listed
Midland Gun Club officers are Jim Mascho, president; George W. Glass, vice president; Bill Epley, secretary-treasurer, and Ish McKnight, West Texas Skeet Shoot chairman.

Directors are R. B. Cowden, J. Louis Thomas, Jim Betrand, C. W. Chancellor and McKnight.

The club's skeet setup includes four skeet fields and one 16-yard trap.

Contestants in the meet must be amateur skeet shooters registered with the NBSA.

Ties will be shot off in rounds of 25 targets.

The event is registered by the National Skeet Shooters Association and its rules prevail. Shooting for money is entirely optional.

Baylor Bears Keep Record Intact With 13-0 Win Over Tech

WACO—(AP)—Baylor sloshed over Texas Tech 13-0 here Saturday night and Hayden Fry's two quarterback sneaks protected the only unbeaten record in the Southwest Conference.

An estimated 9,000 soaked spectators watched the drab, one-sided struggle. A fourteen-play, 66-yard drive paid off for Baylor on the third play of the second quarter. Fry sneaking over from the one-yard line.

After knocking at the Red-Raiders' goal one other time, Baylor hit Tech's end zone again in the fourth period. Fry bucked over from the half-yard line after six plays covered the 29 yards needed to score. Henry Dickerson made good on his first conversion attempt, his tenth out of eleven tries. His second performance was wide.

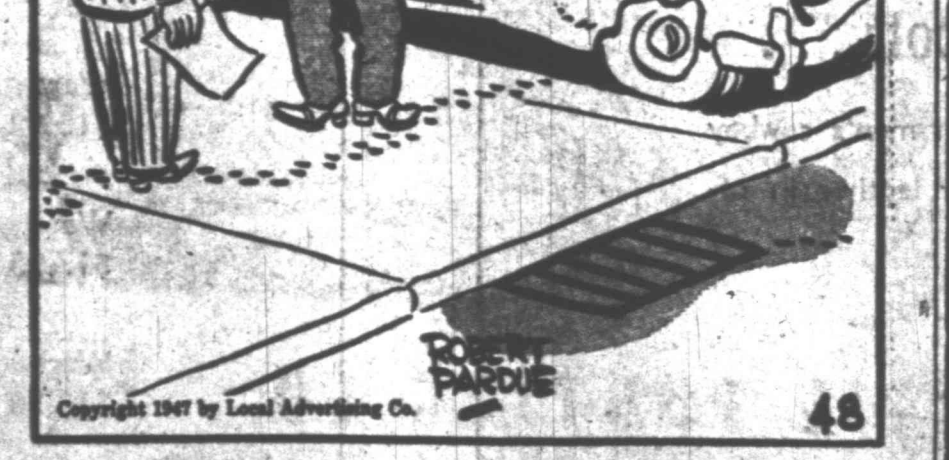

Raiders Beg Down
The Red Raiders failed almost completely to shake loose their speedy backs on the soggy gridiron. The deepest they could penetrate into Baylor territory was the eight-yard line.

"There's nothing wrong with it that ACE MOTORS can't fix cheaply."

Frogs Roar Back In Final Minutes To Plaster A&M

COLLEGE STATION—(AP)—Texas Christian's embattled Horned Frogs roared back for two touchdowns in the last quarter Saturday and rode Lindy Berry's sure-shot passing and Jackrabbit running to a spine-tingling 27-14 victory over Texas A&M.

The desperate Frogs, outplayed for most of three quarters, gathered themselves together for one of the grandest finishes a Southwest Conference football game ever recorded. Berry unlimbered his passing arm, shackled until that time by the running and kicking of Bobby Goff and Bob Goode, who had TCU hemmed up in its own territory much too often.

Morris Bailey, six-foot-five-inch wingman, started catching the ball from all angles. Dave Bloxom, a blocking back, blossomed into a terrific runner. Big Pete Stout started pulverizing the Aggie line.

There just wasn't anything could stop the fighting Frogs as they rolled 81 magnificent yards in 13 plays for the touchdown that broke A&M's back.

They scored again as the result of a pass, interception but that mightily saved ten minutes to the real payoff.

The statistics showed A&M superior as the Cadets scored to 253 yards on the ground and five in the air while TCU could get 198 altogether. But the Aggies didn't have a pass defense when the chips were down.

Three touchdowns were jammed into the last ten minutes of the second period, the Frogs scoring first after a mighty 76-yard kick by Leon Joslin went outside the Aggie four and Frank Struska recovered Goode's fumble on the nine. Berry made eight and Stout smashed over for the touchdown. Homer Ludiker missed the conversion.

A fumble also set up the first Aggie touchdown shortly afterward. Odell Stautzenberger pounced on the ball on the TCU 48 when Tom Bishop dropped a punt. Charley Royalty, Goode and Goff plow-ed down aided by a 29-yard dash by Preston Smith. From the five-yard line Goff shot putted the ball over the goal line into the arms of Cedric Copeland. Herb Turley kicked the point to put A&M ahead.

But with a minute and 25 seconds to go the Frogs scored in five plays as Berry scooted back with the kickoff 54 yards to the Aggie 33. Berry lost seven attempting to pass but Stout pitched one to Jack Archer on the one-yard line. Stout banged over and Ludiker kicked the point.

Frogs Work Downwind
The Aggies surged back into the lead midway of the third period on a 68-yard drive with Goff making 96 of it. The payoff was a 54-yard dash by Goff over left guard. He scored untouched and Turley converted.

It looked like that was the ball game the way the Aggies were going. But the Frogs got the wind to their back in the last quarter and that was all they needed. The first TCU touchdown was made by Stout in two blasts from the three-yard line, where Berry's passing and Bloxom's running had carried the ball. Ludiker kicked the point.

Bishop intercepted Bury's pass to set up the final Frog score. He ran back to the Aggie 30. A five-yard penalty for delay set the Aggie back. Otis McKelvey made three, and Berry circled right end and cut back for the touchdown. Ludiker converted.

Sooners Run Wild Over Kansas State

NORMAN, OKLA.—(AP)—Oklahoma's shifty Darrell Royal scored two touchdowns and passed to two more to give the Sooners a 42-0 victory over Kansas State Saturday.

It wasn't much of a test for the co-champion of the Big Seven, Oklahoma taking a 7-0 lead with a minute left in the first period and doing just about as it pleased after that.

In winning its first conference start, Oklahoma pushed Kansas State into the circuit cellar with its second loop loss.

NOTRE DAME TRAMPLES NEBRASKA CORNHUSKERS
LINCOLN—(AP)—Notre Dame got off to a fast start Saturday against Nebraska and crashed the Huskers 44 to 13.

The Irish stormed 80 yards from down and led 26 to 7 at the half.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, OCT. 17, 1948—7

'B' Bulldogs Take 'B' Tornadoes 7-0

Coach Carl Knox's and Coach Joe Aiken's "B" Bulldogs of Midland High were a hard-hitting outfit and they stormed the Lamesa "B" Tornadoes 7-0 Saturday night in Memorial Stadium here.

Cold weather cut the crowd and that's a shame because the Bulldogs-to-be won a ball game the right way with lots of hustle, sharp blocking and hard tackling.

Midland tallied the game's only score just before the first half ended. The Bulldogs B drove 28 yards for the TD. Medart intercepted a Lamesa pass on the visitor's 28 to give Midland possession. Quarterback Ralph Brooks sneaked over from the one-yard line for the tally. Dwayne Bush, end, placekicked the extra point. A pass, Culp to Bush, good for 15 yards, set up the touch, carrying to the one-yard line. As the point cleared the bar, the half ended.

Midland then held on for dear life. It had to fight off a sticky Lamesa passing attack in the late stages of the game. The over-anxious Lamesas had several good pass completions nullified by penalties.

Just Missed
The Purple of Midland just missed scoring after taking the initial kick-

off. It drove to the Lamesa 10-yard line before losing the ball on downs.

Tulane Green Wave Thumps Ole Miss

NEW ORLEANS—(AP)—Tulane's Green Wave jumped back into the national football picture Saturday by thumping Mississippi's Southeastern Conference champions 20 to 7.

Some 45,000 Summer-clothed fans saw the Ole Miss Rebels go down to their first 1948 defeat after three conference victories.

Polly Riley Whams The Mighty Babe In Women's Open Finals

FORT WORTH—(AP)—Methodical Polly Riley of Fort Worth administered a 10-9 beating to Mrs. George (Babe) Dridrickson Zaharias in the final of the Women's Texas Open here Saturday.

Mrs. Zaharias trailed after the second hole and won only three of the 27 holes played in what was probably one of the worst trouncings she has taken in her long athletic career.

She was four down on the front side of the morning round, and the margin was increased to an eight-point advantage at the end of the first 18.

She sheared the deficit to seven on the first hole of the afternoon round with a 13-foot birdie putt, and the rain-soaked gallery readied themselves for a typical Dridrickson comeback effort.

But the unyielding Fort Worth girl won four of the next eight holes while the Babe was salvaging one to end the match at nine.

Folly fired a four-under-par medal score of 71 in the morning and was five under for the day. The Babe shot a 78 on the first 18.

WT-NM PITCHER DIES FOLLOWING OPERATION
BORGER, TEXAS.—(AP)—Sid Jamison, 28, pitcher for the Berger Gassers in 1947 and 1948, died in a Wichita, Kas., hospital Saturday following an operation, friends here were advised.

Jamison won four and lost eight for the Gassers of the West Texas-New Mexico League last season and pitched two shutout games.

Citation Roms In Gold Cup

NEW YORK—(AP)—Citation, wonder horse of the American turf, added the scalps of a pair of foreign horses to his collection Saturday as he bounced to an easy victory in the \$111,700 Empire City International Gold Cup at Belmont Park.

The spectacular Calumet farm champion, cheered on by a crowd of 43,887 persons who backed him down at 3 to 20, won just as Jockey Eddie Arcaro pleased, swinging home by two lengths over C. V. Whitney's Phalanx, Carolyn A. was third.

Far back in seventh place was the Irish-bred Nathoo, while the Belgian champion, Bayeux, was last in the field of nine after almost being left at the start.

The spectacular Calumet farm champion, cheered on by a crowd of 43,887 persons who backed him down at 3 to 20, won just as Jockey Eddie Arcaro pleased, swinging home by two lengths over C. V. Whitney's Phalanx, Carolyn A. was third.

It was a \$75,800 coast for the great son of Bull Lea-Hydroplane, 2nd, and boosted his total earnings to \$20,250. This shot him past stablemate Armed in the list of the world's money-winning horses, and into second place right back of Styrim. Armed has \$773,700, and Styrim tops the bunch with \$811,335.

This year alone, Citation has collected the hitherto unheard of sum of \$664,570.

The winner, clocked in 2:42 4-5, rewarded his backers with a slim \$2.30, \$2.20, and \$2.10 for \$2.

Euro sets the style Pace

The Bold Look is not just a name but a definite style trend

The gentleman on our left is the 1948 version of the "Bold Look." Note the soft sweeping lines of his Eagle suit, the widespread collar with the Windsor knotted tie, the Dobbs hat, the Enro shirt above... nothing is accidental here. Everything is related and deliberate. That's the "Bold Look."

10 O'Clock Scholar Is Catching Up

By HENRY J. LESENE
 LYMAN S. C.—(NEA)—When John Q. Hill goes to Oxford in October, you could call him a ten-o'clock Rhodes Scholar.

John Q. Hill: Late starter but a fast finisher.

Always has been a little late getting started as a scholar, he also always catches up with the early starters.

He didn't know what a school-room looked like until he was 11. A stay-at-home because of malaria, his age got him into the fifth grade when he finally entered a country school in Cherokee county. His mother had taught him to read, but he couldn't figure and couldn't even write his name.

Card Grinder—Between his graduation from high school and his winning of a Rhodes Scholarship at the somewhat late age of 29, Hill worked as a card grinder at a cotton mill in Lyman. He got married (the Hills now have a nine-year-old daughter), worked the night shift while he went to Spartanburg Junior College by day, and then went on to a pre-med course at Wofford College.

This summer he's been a professor by day, teaching at Wofford while he worked in the mill at night.

As a Rhodes Scholar for three years, he and his family, who will go to England with him, will have a lot less to live on. The Rhodes stipend is \$2000 a year, a lot less than his mill pay.

Then there will be at least another year at some American University and a year's hospital internship—Hill has his heart set on being a doctor.

Six years from now, at 35, he hopes to hang out his shingle. Maybe he'll be known as the ten-o'clock doctor, but nobody doubts that Hill will catch up with the others who got their shingles out earlier.

J. R. Bell Of Crane Dies In San Angelo

CRANE—J. R. Bell, 56, died Thursday at 4:50 p. m. in a San Angelo hospital, and funeral services were held at the First Baptist Church here at 3 p. m. Saturday. Bell had lived here 12 years, and was employed by the Gulf Oil Company. He was a 32nd degree Mason and a Masonic funeral was held. The Rev. M. M. Griggs, San Angelo, read the final rites assisted by the Rev. T. L. Simpson, Coleman, and local pastors, the Rev. R. Dunn and the Rev. H. D. Christian. He was a veteran of World War I. He is survived by his wife and daughter, Melba Ray; a brother, C. J. of Long Beach, Calif., and two sisters, Mrs. E. J. Fye, Bridgeport, Ill., and Mrs. Pearl Lough, Duncan, Okla.

Stanton News

STANTON—Mr. and Mrs. C. C. Kelly visited their granddaughter, Caroline Kelly, in a Big Spring hospital Tuesday.

Mrs. Marshall Blocker of Midland visited her niece, Mrs. Wallace Kelly and family Monday.

Mrs. Robert White underwent an appendectomy in the Stant hospital recently.

Wayne Mouldin, 12, broke his arm playing football recently.

A pink and blue shower was given for Mrs. L. A. Baker in the home of Mrs. P. T. Ross recently. Hostesses were Mrs. J. B. Harrell, Mrs. O. C. Turner, Mrs. Perry Ross, Mrs. G. P. Harrell and Mrs. P. T. Ross.

Mrs. Dale Kelly visited in Hereford Thursday.

Mrs. Addie Story of Temple is visiting her brother, Frank White.

B. F. Ellis Services Held At McCamey

MCCAMEY—Funeral services were held in the First Baptist Church here Saturday afternoon for Benjamin Franklin (Cap) Ellis, 78, retired railroader, who died Thursday night in a San Angelo hospital. The Masonic Lodge had charge of services at the cemetery.

Ellis retired last year after having served as a telegraph operator and agent for various railroads for 38 years.

Survivors include the widow, three sons, two daughters and four sisters.

MIDLAND SAILOR IS IN MEDITERRANEAN

Jessie D. Green, fireman apprentice, USN, son of David L. Green of Midland, recently arrived in the Mediterranean Sea aboard the heavy cruiser USS Columbus.

England's mighty fortress at Gibraltar and the little British settlement nestled around it were the first of many showpieces on the European Continent which have been visited during the cruise of the Columbus in European and English waters.

Were to \$21.95 **\$5.85**

Boss Crump May Not Be Through In Tennessee

MEMPHIS, TENN.—(AP)—Is E. H. Crump's political organization on the way out, or did it suffer only momentary weakness recently?

That's a question often debated in this backwash of the colorful veteran politician who holds no office, but has wielded influence throughout the state for years.

Crump's candidates for U. S. senator and governor were soundly beaten in the Democratic primary. Even Shelby County (Memphis) got out of hand and turned in a stable vote against them.

Crump was the main issue—and he suffered his worst defeat.

Three things stand out in talk about the future of the famed Crump organization:

1. The campaign brought into the spotlight another well-organized political group in Shelby County. Many had never actively opposed Crump before.

2. Gordon Browning, gubernatorial nominee, is a bitter foe of Crump. He once called a special session of the legislature to back him.

3. Crump's strength is far from crushed. The new group is known as the Citizens Committee. It originally was formed as the Kefauver for senator committee and helped nominate Rep. Estes Kefauver. It is composed of seven business and professional men and one woman.

The committee was instrumental in getting the election commission to appoint election officials representing the "opposition"—a rarity in Shelby County. Its candidate, Kefauver, lagged only 10,200 votes behind in Shelby, which almost invariably gives a lopsided majority to Crump men.

To Seek Hearings
After the primary, the committee came out with its own legislative program and said it would ask the county delegation to the legislature—all in the Crump camp—to hold public hearings on it.

How hard the committee will fight Crump is yet to be determined. But it's almost certain that Browning will be engaged in a terrific struggle with him during the next two years.

Browning was elected governor with Crump support in 1936 but they split. Browning then called a special session of the legislature to push through a unit voting bill to cut Shelby County's voting strength.

The bill passed but the state supreme court ruled it unconstitutional. Browning then threatened to send the National Guard here to insure what he called a fair election. An injunction prevented it.

Browning was beaten for reelection and he's been fighting Crump ever since. He isn't likely to stop now.

Crump has not conceded any personal defeat in the primary. He says he isn't thinking of retiring.

He still has a warm friend in the Senate in K. S. McKellar. Every major Shelby County and Memphis office holder is on his side, and he is allied with many political figures in various parts of the state.

Second Jury Week Of District Court Will Open Monday

The second jury week of the current term of 70th District Court opens here at 10 a. m. Monday. Mrs. Nettie C. Romer, district clerk, Saturday announced the following have been summoned to appear for petit jury service:

THE BULLDOG

Written By The Journalism Class Of Midland High School

Journalism Class

First row—Left to right, Mrs. W. J. Parr, Jr., sponsor; Shirley Bunt, editor; Max Allen, assistant editor; Pat Pryor, feature editor; Patsy Bray, news editor; Neal Adams, sports editor; and Peggy Whitson, news editor. Second row—Sarah Lew Link, exchange editor; Nan Pendleton, copyreader; Bob Short, photographer; LaVerne Estes, reporter; Mary Faye Ingham, reporter; Pauline Norwood, reporter; and Joan Wyche, reporter.

Class Elects Shirley Bunt To Head '49 Bulldog Staff

Shirley Bunt, senior at Midland High School, was elected editor of the Bulldog by the students of the Journalism class Tuesday. Officers elected to the staff were Max Allen, assistant editor; Patricia Pryor, feature editor; Patsy Bray, news editor; Neal Adams, sports editor; Peggy Lou Whitson, club editor; Sarah Lew Link, exchange editor; Nan Pendleton, copyreader; and Bob Short, photographer. Reporters for the Bulldog are La Verne Estes, Mary Faye Ingham, Pauline Norwood and Joan Wyche.

Sport Spoutings

By NEAL ADAMS

When the Bulldogs journey next weekend to Abilene, they will be seeking revenge. Last year the Bulldogs played the Eagles to a scoreless tie in the first half but weakened during the second. The Eagles rolled up twenty points in the second half, one by running and two by passes. Midland used the single wing and box formations, the same as are used by this year's squad. The final score was Midland 0, Abilene 20. John Ed Green might well write a book on "Troubles of a Guard." This year John has had the misfortune of playing against a couple of very husky gentlemen. While one only weighed 270 pounds the other weighed 221 pounds. A few more such contests and you can refer to him as "Disjointed John." Incidentally John weighs 167 pounds.

Frank Roberson predicts that Moe Price will be the only all-star on this year's squad. This couldn't be a joke? Buntingham received quite a conk on the cranium in scrimmage Tuesday. The villain in this case was Lloyd Henderson. The two husky lads came together full steam ahead. Although Buster wandered around a little dazed for a while, he's got right now.

Moe Price says that we will beat either San Angelo or Odessa this year, and maybe both. Also, through some scientific theory that we fail to understand, Moe has predicted the outcome of the Abilene game, 35 to 19 in our favor. When? We were worried there for a while, everyone is in the predicting mood this column will go out on a limb and say we will take Big Spring and Lamesa.

Exes' Column

Jimmy Coker, Jack Hightower and Doyle Roberts went to the game at Sweetwater last weekend. B. H. Spaw was home from John Tarleton last weekend.

Danny Goode was home from Hardin-Simmons where he plays tackle on the freshman football team. Kenneth Goode, "Stumpy" Roundtree and Charles Sims were all home from Sul Ross.

Home from SMU were Dicky Jackson and Red Pritchard. Jack Hightower received minor burns in a match fire Wednesday night.

Doyle Roberts went to Brownwood for the game Friday. Jack Hightower is a meat cutter at Brooks Grocery.

Doyle Roberts is Laboratory Technician at the Honolulu Oil Company. Joe Anderson and Billy Vein were home from Texas Tech.

B. E. Spaw was at the Brownwood game Friday night. John Groggin and C. O. Tull were home this weekend from Schriener.

Frank Shepard was home from Schriener last weekend. Mona McGraw was home from Tech last weekend.

Frank Ashby was home from Schriener last weekend.

1916 Costumes For Junior Play Sought

Costumes are being hunted by the cast members of the junior play, "Remember The Day." The play is set in 1916, so many of the costumes will have to be made. The prologue and epilogue take place in a Washington hotel and are the only scenes being done in modern dress. Most of the action follows the standard schoolwear of girls of that day was long, black-ribbed stockings with high-topped shoes, middie blouses and pleated skirts for little girls. The older girls wore long straight skirts. The boys wore knickerbockers, trousers which cling to the leg just below the knee, with long socks which reached the knickerbockers. The older boys wore trousers which were about ankle length. The play has been in rehearsal for three weeks and is to be given November 4 and 5.

If any one has clothing that was worn about 1916 and which could be used in the play, please contact Miss Verna Harris of the dramatics department.

Clublicity

By PEGGY LOU WHITSON
The DE Club met last week on Wednesday and elected their officers. The following were elected: Frank Lane, president; Fred Harvey, vice president; Ruby Huggins, secretary-treasurer; Sammie Swails, reporter; and Bob Pennington sergeant-at-arms. Plans were made for a party on Thursday, October 29.

For the program the club sings songs led by Fred Harvey and Ruby Huggins.

Peggy Lou Whitson was elected president of the National Honor Society in the first meeting of the year, Thursday. Other officers elected were W. L. Thompson, vice president; Sarah Lew Link, secretary; Max Allen, treasurer; and Shirley Bunt, reporter. After the election plans were discussed for the yearly project of the society. The group also talked of having their constitution printed.

Reports were made from the various committees in the National Thespian Society which conducted the Junior Play. The play reading committee was urged to have their plays ready for approval of the club by the next meeting.

The Typing Club period was used for the election of Glenda Shoemaker as reporter. They also decided to have a program committee and Jimmy Conline was appointed chairman. Joe Dorsey, Joy Mashburn, Clinton Morgan, Glenda Shoemaker and Dick Monroe composed the rest of the committee.

The Camera Club elected Goss Yeager as their president and Joan Wyche as their secretary. Freshmen and sophomore members went to study hall and junior and senior members met in the auditorium. The aim of this club is to take as many pictures for the annual yearbook as possible.

The meeting of the Geology Club was called to order by its president, Lloyd Henderson. Their sponsor then held a lively discussion on the circumference and depth of the earth.

Notice
Well, the day has finally arrived. Monday, tomorrow, is the opening day of the sale of the Catolica Class pictures have already been started. Sophomores had their taken Wednesday and Thursday, while juniors had theirs made Friday. Seniors and freshmen will start having theirs made Monday.

Pictures are one dollar. It is requested that the student have his money with him when he goes to be photographed. It is suggested that students buy their annuals as soon as possible so they may be published early next Spring.

Record Number Seeks MHS Catoica Honors

An unusually large number of students were nominated for coveted positions from the respective classes and from the school at large last Monday.

The most handsome section of the Catoica is the favorite's section. This section will be enlarged this year by the addition of a friendliest boy and girl and a most typical boy and girl.

Some students have been confused about the difference between most representative and most typical. Typical means average while representative refers to the smartest, most dependable, most versatile, most industrious, etc.

Here is your list of candidates for the various positions:
Senior Favorite—Lois Black, Dan Branham, Melba Clarke, LaVerne Estes, Lloyd Henderson, Sara Kreischer, Sarah Lew Link, Bill Little, Ronnie McPadden, Mickey McGee, Jim McGraw, Royce McKee, Larry Messersmith, Joel Sims and Bob Short.

Junior Favorite—Jo Anne Boykin, Dan Dickinson, Ronnie Estes, Jackie Mobley, Richard Patton, Bill Reeves, Janis Slough, Harry Smith, Cecil Stevens, Bert Studdert, David Weaver and Tina Williams.

Sophomore Favorite—Gerald Harner, Jean Blackwell, Jim Boyd, Virginia Brooks, Earl Chapman, Tonya Chapple, Leon Cline, Arnold Drake, Reed Gilmore, Peggy Greathouse, Wilma Green, Swan Hagler, Buddy Johnson, Sue Johnson, Marilyn Jones, Daisy Keller, Joanne Nelson, Jimmy O'Neal, Ann Stephens, Fayne Wilks and Bob Woods.

Freshman Favorite—Betty Campbell, Al Cole, Emily Hamilton, Larry Mayfield, Mark McKenzie, Corky Moss, Lella Norwood, Quadsupe Ramirez, Nancy Roberts, Madelon Schabarum, Marion Sevier, Ted Smith and James Swails.

Most Representative Girl—Pat Benedict, Jean Blackwell, Patsy Bray, Leola Carter, Betty Caspell, Tonya Chapple, Peggy Charleston, Melba Clarke, Eddie Darnell, Rita Dunlap, LaVerne Estes, Swan Hagler, Mary Faye Ingham, Anne Kleibold, Sarah Lew Link, Darlene Livingston, Royce McKee, Carol Moss, Oscar Ocho, Richard Patton, Robert Pine, Frank Roberson, Bob Short, Cecil Stevens, W. L. Thompson, Bob Woods and Goss Yeager.

Most Representative Boy—Neal Adams, Dan Branham, Larry Buckingham, Jimmy Chaucery, Donald Deel, Carl Deel, Betty Caspell, Tonya Chapple, Bill Franklin, Reed Gilmore, Lloyd Henderson, R. D. Jones, Marvin Knight, Artie Leftwich, Bill Little, Harry Lookamp, Jack Lynch, Frank Merritt, Mickey McGee, Jim McGraw, Corky Moss, Oscar Ocho, Richard Patton, Robert Pine, Frank Roberson, Bob Short, Cecil Stevens, W. L. Thompson, Bob Woods and Goss Yeager.

Friendliest Girl—Dianne Anderson, Pat Benedict, Lois Black, Jo Anne Boykin, Betty Caspell, Tonya Chapple, Peggy Charleston, Melba Clarke, Jane Curd, Joan Drake, Rita Dunlap, LaVerne Estes, Joy Guyton, Lawanna Harris, Mary Faye Ingham, Anne Kleibold, Rosslyn Leggett, Glenda Hamilton, Wanda Jo Hankla, Mary Manning, Royce McKee, Fayne Montgomery, Maggie Murphy, Marie Olliff, Pat Pryor, Pauline Rasco, Nancy Roberts, Glenda Shoemaker, Janis Slough, Peggy Whitson, Tina Williams, Betty Wilson and Dolores Wilson.

Friendliest Boy—Max Allen, B. A. Baker, Dee Bitens, Frank Blackwell, Dan Branham, Jimmy Deavenport, Don Deel, Dan Dickinson, James Dickinson, Arnold Drake, Billy Evans, Lloyd Henderson, Goss Yeager, R. D. Jones, Marvin Knight, Artie Leftwich, Bill Little, Jack Lynch, Larry Mayfield, Ronnie McPadden, Mickey McGee, Larry Messersmith, Kent Miller, Luther Mooney, Corky Moss, Ken Nichols, Jimmy O'Neal, Richard Patton, Robert Pine, Donald Pyle, Wayne Richardson, Bill Secor, Bob Short, Joel Sims, Harry Smith, Cecil Stevens, Dale Sledge, Tommy Stringer, W. L. Thompson, Z. O. Tabors, David Weaver, Joe Winkler, Goss Yeager.

Most Popular Girl—Pat Benedict, Lois Black, Jean Blackwell, Patsy Bray, Tonya Chapple, Peggy Charleston, Leola Carter, Betty Caspell, Tonya Chapple, Verne Estes, Joy Guyton, Mary Faye Ingham, Anne Kleibold, Sara Kreischer, Sarah Lew Link, Darlene Livingston, Mary Manning, Royce McKee, JoAnne Nelson, Pauline Norwood, Marie Olliff, Pat Pryor, Carolyn Schaeffer, Janis Slough, Ann Stephens.

Students Attend Navy Band Concert

The United States Navy Band presented a marine concert for Midland School students Monday afternoon at 3 p. m. The concert was well attended with 373 high school students present. A special band came from Iran with persons interested in hearing this famous band.

The band's program included "The Star Spangled Banner," "William Tell Overture," "Lady of Spain," "The Blue Danube," "The Three Blind Mice At the Circus" and "Casey Jones." The band featured several soloists, among them a saxophone solo "Moderne," played by David Bennett; and a novelty number on trumpets by Francis Stevens, Harold Wendt and Thomas Lloyd called "The Three Jacks."

The band is the official United States Navy Band and comes from Washington, D. C. The band is under the direction of Lt. Cmdr. Charles Brendler, plays for many functions at the White House and other important events in the nation's capital. Assistant Conductor Townsend was directing the band at the matinee performance Monday. The band is on a Fall concert tour and is to be in Ft. Worth Sunday. Gib Sander is concert tour director. There are 50 musicians in this world famous musical organization.

TEXAS HIGH SCHOOL PRESS ASSOCIATION

Who's Who

For this week's Who's Who we have chosen—you probably know her—and you sure you've heard of her—Sarah Lew Link. We have selected Sarah because of the recent student council election which made her the new president of that body. She

Sarah Lew Link

was elected Wednesday during the first club meeting and will serve as president for the remainder of the year.

Besides being elected to this office, she is the major of the drill squad, vice president of the Thespian Club, a member of the National Honor Society, president of her home-room and she has been nominated for 1949 Catoica Queen.

Sarah Lew Link is a senior, this year and is taking dramatics, drill squad, English literature, chemistry and journalism. Literature is her favorite subject. Her favorite sport is football, one of her favorite songs is "My Best to You," her pet color is green and her pet peeve is drivers who give a right signal when turning left and give a left signal when turning right. When asked about one of her worst voices she hesitated and then said, "Well, I am pretty hard to wake up in the morning."

Support Your Paper

The Bulldog for 1948-49 got under way officially last week with the election of the staff who will be responsible for publication this year.

This was another important event for MHS, though many students may not think of it as such. The Journalism class, from which the staff comes, consists of but a few students, but it can and does affect the whole school, through the Bulldog.

The support of the Bulldog can play a large part in putting over a student activity. Through the paper the project can be publicized and thus gain recognition. Recognition is a big step toward success in any undertaking. It goes without saying that a school which supports and puts over its student projects is a better school than one which shows no enthusiasm in such matters.

A school newspaper serves to draw the students of a school closer together, by reporting matters that are of interest to them all. Once they become interested together, they find it easier to work together. Its common sense that when a student body is working together the school is a better place.

The study of journalism is also important in training young people for careers. Some of our foremost writers, newspapermen, public relations experts and advertising men started their careers in high school journalism classes.

Journalism is connected with the continuing existence of the ideals of this country. Some of our forefathers came here searching for freedom of expression, and that includes freedom of the press. In journalism classes young Americans are given the first training toward maintaining that important freedom which is guaranteed in the Bill of Rights.

Some students regard journalism as a snap course or a course to play through. But there is more to it than that as your writer has tried to show.

So the next time you see a journalism student in quest of a story don't think, "He has an easy excuse for getting out of class." Remember that journalism and the Bulldog represent a part of our American ways. That budding reporter is a school fan and a budding citizen of the United States.

Sarah Link Heads Student Council

Sarah Lew Link, senior, was elected president of the Midland High School Student Council at the first meeting of the new Student Council representatives Wednesday. Royce Raye McKee was elected vice

More Bulldog Page 11

president; Reed Gilmore, secretary; Helen Cartwright, treasurer; Dan Branham, sergeant-at-arms, and Neal Adams, elected reporter. Mrs. George H. Phillips was elected sponsor and Jack Mashburn, co-sponsor. The Student Council will meet every other Wednesday in club period. Each member is to make a list of suggested goals and aims to be discussed at the next meeting. The duties of the council were discussed, among them, the promotion of a system of student government in this school.

Editor's Notes

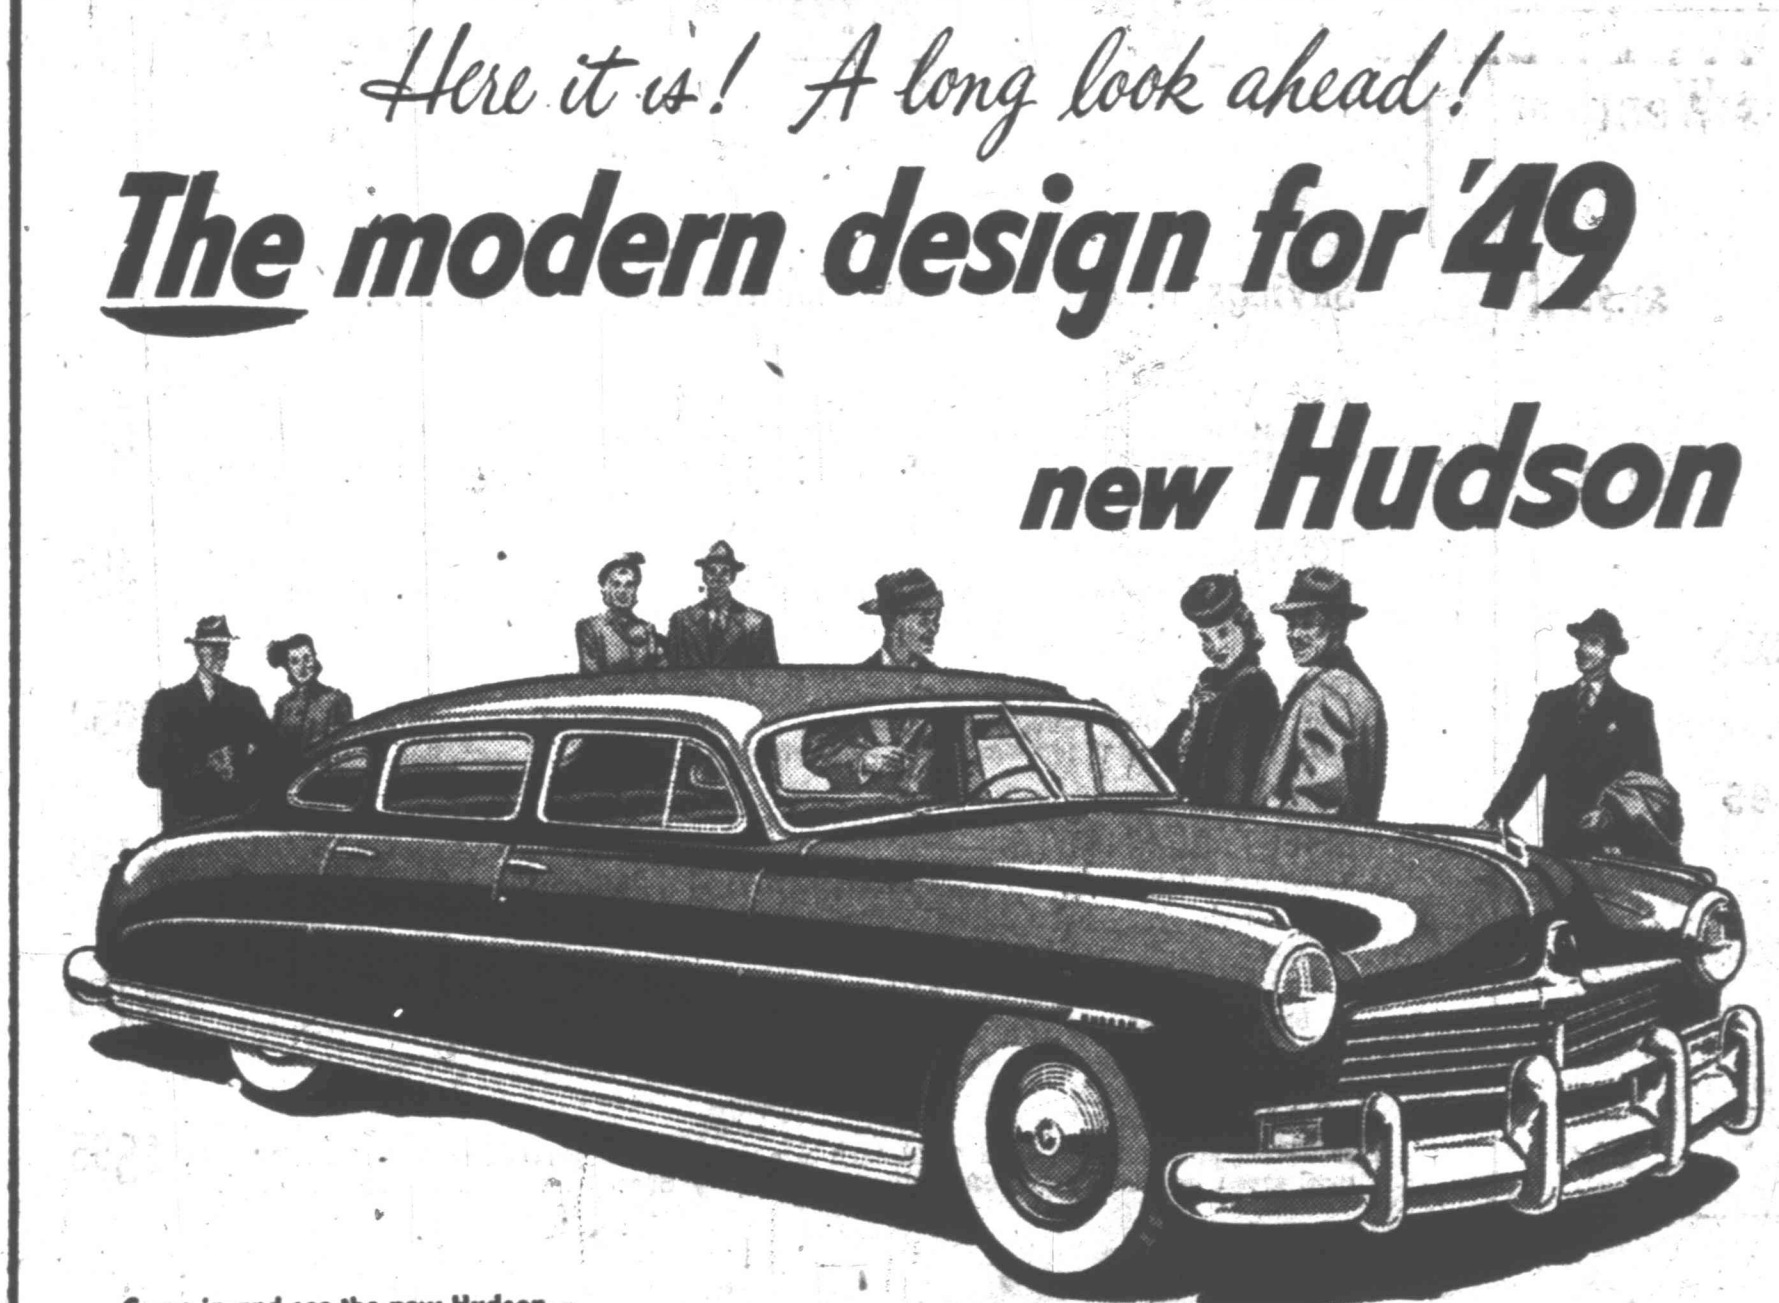

The Journalism class had pictures taken last Tuesday after the staff was elected. James Barber took the pictures for the class.

Photographers started taking pictures for the Catoica Wednesday. The Midland Studio and Camera Shop will take the pictures of the sophomore and junior classes and the freshman and senior class pictures will be taken by the Frank Miller Studio.

Mrs. W. J. Parr, Jr., has returned to MHS and began teaching Friday. Mrs. Parr has been with her mother, Mrs. L. D. Calloway, who is ill. Mrs. H. C. Rowland has been substituting for Mrs. Parr in the Journalism class. The Journalism students wish to express their sincere gratitude to Mrs. Rowland for her help.

Many Midland High School students attended the State Fair in Dallas Thursday and Friday.

The band and the drill squad plan to attend the football game in Abilene next Friday night.

Here it is! A long look ahead!
The modern design for '49
new Hudson

Come in and see the new Hudson—the lowest-built car on the highway, with beauty, riding qualities, comfort and safety only possible because of a new "step-down" design, offered by no other automobile!

Only once in a blue moon does a car step so far ahead that it is a protected investment in motor-car value! You are invited to see just such a car—the New Hudson with "The modern design for '49"—and for years to come!

Here is truly streamlined beauty—a stunning combination of free-flowing, low-built lines that develop naturally out of a rounded front which is the key to a basically new and exclusive design principle. The New Hudson is the only car you step down into.

The development of a "step-down" zone in an exclusive, all steel Monobilt body-and-frame permits Hudson to build the lowest car on the highway—only five feet from ground to top—while maintaining maximum interior room than in any mass-produced car built today!

But streamlined beauty isn't the whole story of Hudson's modern design.

The only car you step down into
NEW Hudson
COME IN, SEE "THE MODERN DESIGN FOR '49!"

Personals

Goos Yeager was in Dallas last week to see the Texas University-Oklahoma football game. Eddie Joan Darnell went to the Dallas fair last weekend. Joan McDonald, Helen Caffey, Nadine Clements and Louis Wingo were home last weekend visiting their parents. They are attending Hardin-Simmons University. Frank Shepard and C. C. Tull were home last weekend from Schreiner Military Institute. Daphne Tabor spent last Saturday and Sunday with her sister at Sul Ross. Mary Faye Ingham and Dorothy Barron spent the day in Lubbock Saturday. Billy Velvin and Joe Anderson were home last weekend from Texas Tech. Buster Buckingham was absent from school a few days last week due to a head injury received in football practice Tuesday. Tina Williams attended the Brownwood football game Friday. Sue Johnson returned to school Thursday. Joan Wyche and Sara Kreisler went to Stephenville this weekend.

Bulldog

(Continued from page 10) FFA Notes- Don Bussell was elected president of the Midland FFA chapter at its meeting last Wednesday. The resigning president was James Lands. Also elected was Billy Evans as vice president. This completed the election of the club's officers. It was announced that 32 FFA boys and their sponsor would go to the State Fair at Dallas.

Calendar

Monday - Football boys, Drill Squad and band will meet in home room period. Seniors will have pictures made. Please bring your dollars. Tuesday - Assembly. Freshmen will have pictures made. Wednesday - Clubs. Thursday - Clubs. Pep rally for Abilene game. Friday - Home rooms.

Frank Hoffman To Direct MHS Band

Frank Hoffman assumed his duties as band director for the Midland High School Band Monday, filling the vacancy left by the resignation of E. N. Lawton who has directed the band for the last two years. Mr. Hoffman comes to the school from Alice, Texas, where he has made a remarkable record for their band in the eight years that he was there. During this period the Alice band won eight first divisions in sight reading, eight first divisions in marching and seven first divisions and a second in concert playing. In addition to this record in state competition, his band won two second places in the national band contest. When asked to comment on plans for the Midland band, he says, "I plan to make it the best band in the region." During the first week of work with the band, everything went smoothly and he has the enthusiastic cooperation of the students. In this time the band has practiced several new numbers and marching drills. Included in plans for improving the band are the ordering of many new instruments and a few uniforms. Here are some of the instruments: three saxophones (bass horns), three French horns, three parade drums, three concert drums, three flutes, one oboe, one alto clarinet and one bass clarinet. A new drum major's uniform and shako and three flag bearers uniforms have also been ordered.

4-H Club Girls Attend State Fair

Four-H Club girls of Midland County who won high honors for their entries in the recent Midland County Fair spent Friday and Saturday in Dallas at the State Fair. They made the trip in a chartered bus and were at the fair for 4-H club day activities Saturday. Left to right in the back row are Carolyn North, Lela Norwood, Eunice Hudgins, Donna Howard and Novella Andrews. In the middle row are Essie Raggett and Frances Bond. In front, left to right, are Wanda Patis, Doris Ann Mason, Betty O'Neal and Darlene Brunson.

Dirt, Squirt and Quirt

FARM, DAIRY AND RANCH NEWS

By STANLEY FRANK

Three hundred cattle went through the Midland Livestock Auction Thursday. The market was on the strong and active side, with most classes clearing \$1 to \$2 per hundredweight more than the previous week. Fat calves and yearlings went at \$22.50 to \$26.50, with medium ones at \$18 to \$22.50. No choice fat cows showed, but some medium ones brought \$15.50 to \$17.50. Fat bulls brought \$19 to \$19.50; medium kinds \$16 to \$18. Canners and cutters sold at \$11.50 to \$15.50, with a few shelly offerings at \$9.50 to \$11.50. Stocker steer calves and yearlings bulked at \$22.50 to \$24.50, with comparable heifers at \$19 to \$22.50.

Hal Peck of Midland and Tom Redford, formerly of Fort Davis, have bought the grass lease and livestock on the old Railway Ranch, 2 1/2 miles Southwest of Midland, from W. M. Key, who has held the lease for several years. The ranch is owned by Mrs. Peck. Peck and Redford received possession last Friday. Redford, who has been running the Herman Cornell ranch near Kent, will be manager of the ranch, which comprises about 38 sections in Midland, Ector and Upson Counties.

in Western states as of October 1 was rated at 77 points, which is the lowest rating for this time of year since 1939, the Department of Agriculture reports. Here's the USDA report covering the big ranching areas of the nation: "Range feed is very short in Wyoming, Nevada, parts of Utah, Southern California, Arizona, Southwest New Mexico, and most of Texas except in the Panhandle and Southern parts. In Montana, the Dakotas, Nebraska and Kansas, ranges and pastures have a good supply of dry cured feed. Oklahoma range feed is good but dried rapidly with little rain during September. In Colorado the grass is well cured but less plentiful than last year, with local shortages. "Wheat pastures in Kansas, Oklahoma, Texas and other Plains areas are poor to fair, due to lack of top moisture."

More Bulldog Page 10 stealing in the early morning and several others. The methods of fainting and receiving a bullet wound on stage were demonstrated and a number of dramatic skits put these techniques into practice. "Silas Marner" was acted out in pantomime and a conversation between a husband and wife was portrayed, as were skits featuring a troupe of bankers, a meeting of the "Whole Truth Club" and a "chat" in the park. After the skits the students were addressed by Coach Jack Mashburn who introduced the new band director, Mr. Frank Hoffman. The plays were presented by Richard Patton and Jimmy Chauncey and the program was in charge of Neal Adams.

T. Royal Rupert 99th dropped up in the news again last week. He's been doing it for several years. T. Royal Rupert 99th is a bull. A wealthy citizen from Dallas bought him in a sale at the Roy Turner ranch in Oklahoma in 1943, paying \$38,000, then a record price for him. The bull was perfect in practically every respect but one. He never could become a papa. Turner refunded the money he'd received for the animal, and various college experts began trying to correct what everybody agreed was a serious deficiency. Now, according to latest releases from Iowa State College, T. Royal Rupert 99th has begun to display a change in disposition which leads experimenters to think he may turn out to be a successful father, after all. They say the bull has begun to act sort of mean since a veterinarian took a pituitary gland from another bull and grafted it onto the Turner bull. Maybe, the college men say, this change in T. Royal Rupert's formerly meek disposition presages the appearance, someday, of a T. Royal Rupert 100th.

Drake Brothers from Midland County received 41 cents per pound for their 4-H Club calves at the Dallas Fair last week. One of the calves weighed 1,200 and the other weighed 900 pounds after considerable shrink just before the sale. TEXAN DIES IN CRASH SAN DIEGO, CALIF. (AP)—Naval officers Saturday identified the Navy flier killed Friday near here in the crash of his Douglas AD-1 dive bomber as Lt. (jg) Marvin Leroy Griffith, 24, of Houston, Texas. VETERAN OILMAN DIES WASHINGTON, PA. (AP)—Oilman William McKenna Smith, 80, died Saturday. He operated in Texas, Ohio, Kansas, Arkansas and Illinois. Until his sale in 1912 he owned William Smith and Company, a private bank. Little classified ads sell big and little things. Call 3000 for ad-taker.

Profit Reported By Pioneer Air Lines

HOUSTON—The third quarter financial statement of Pioneer Air Lines revealed that a profit of \$88,222.30, before taxes, had been made by the company during the nine months ending September 30. In a special report to the stockholders and directors of Pioneer, Secretary-Treasurer E. W. Bailey pointed out that despite severe losses in January and February of this year, the profits before taxes for the nine months were more than \$6,000 above 1947's annual profit. For nine months of 1948, Pioneer boarded 37,707 passengers in comparison to a total of 32,000 for all of 1947. Pioneer reported a net profit after taxes of \$64,000 for operations in 1947. Pioneer's 1948 operations resulted in a \$20,000 loss; 1946 operations in a \$64,000 loss while 1947 saw a \$64,000 profit. "We anticipate even greater gains this year and in 1949," the treasurer declared.

TEXAS 4-H CLUBBER SHOWS RESERVE CHAMPION KANSAS CITY (AP)—George Donnell, 4-H Club member of El Paso, Texas, showed the reserve champion steer—a heavy Hereford—in the junior division of the American Royal Livestock Show Saturday. Beryl King, 19, of Garber, Okla., showed the champion steer, also a Hereford.

Auction Sale! This Rich, Irrigated West Texas FARM LAND At Your Own Price! Oct. 21, 22, 23 SALE WILL BE HELD ON THE SITE OF THE LAND IN SWISHER AND CASTRO COUNTIES IN THE TEXAS PANHANDLE 4,000 Acres in Two Tracts I. C. LITTLE FARMS Land Divided into 160-Acre Units TRACT NO. 1 8200 acres located 15 miles west of Kaffir, Texas. Kaffir is on Highway 87 midway between Happy and Tulia. The tract includes 1690 acres of excellent wheat; 1107 acres cultivated land ready to plant; 50 acres alfalfa; 353 acres of good pasture; 4 irrigation wells and a large reservoir; 8-room modern house with 3 barns, sheds, tool-house, bunk house, silos, windmills, etc., and a 6-room modern house with barn, granary, cellar, orchard, windmill, etc. TRACT NO. 2 800 acres located 5 1/2 miles east of Highway 87 from a point approximately midway between Tulia and Happy, Texas. This tract includes 130 acres alfalfa which yields a ton per acre per cutting; 400 acres of good wheat; 70 acres of pasture with natural lake; 200 acres cultivated land; modern, newly-remodeled 6-room house with nice trees; 5-room semi-modern house; windmill and 3 irrigation wells. This is level land, ideal for irrigation. It is rich and easily farmed. Last season it produced 40-bushel wheat, and 80 to 90-bushel grain, on the average. The irrigation wells average 180 ft. in depth and produce 1200 gallons of water per minute indefinitely without falling off. This season much of the crops have not needed irrigation. ALL FARM MACHINERY AND EQUIPMENT TO BE SOLD AT AUCTION 8 Tractors, combine, ditcher, floats, feed chopper, plows, 4 trucks, binder, drills, engines, hay baler, mower, rake and various other items of farm machinery and equipment. ORDER OF SELLING Sale will begin at 2 PM on October 21 and continue daily at 2 PM through October 23, or until everything is sold. All sales will be held at headquarters on Tract No. 1. Come early October 21, inspect the land and machinery—be ready to bid when the sale starts. HOW TO GET THERE: Tract No. 1: Drive from Happy south 8 miles, or Tulia north 7 miles, to Kaffir elevator. Turn west on Farm Road No. 214 and drive 10 miles, then north 1 mile and then west 4 miles. Tract No. 2: Drive from Happy south 7 miles, or Tulia north 8 miles, and turn east 5 miles then south 1/2 mile. FOR THOSE WHO WANT TO FLY: There is a level turf landing field with a wind sock adjacent to headquarters on tract, No. 1. FREE! McCarty, Room 203, Main Bldg., Amarillo, Texas.

Dramatics Class Presents Techniques

A most interesting and unusual assembly was given by the dramatics class of MHS last Tuesday morning. The program consisted of various dramatic characterizations and techniques as portrayed by the students of the class. Walks which show certain types of characters were featured. They included crippled woman and man, an old woman, a young girl, a man

Aliases Of Popular Midland Hi Students By JOAN WYCHE Nicknames are very popular around MHS nowadays. Nearly all students have at least one nickname. They pertain to looks, personality, character or otherwise. Do you recognize any of these? "Sprats" Bray, "Bobinoff" Shortskytwitch, "Poochie" Guyton, "Teggy Little Bull" Whitson, "Fenny" Pendleton, "Chalk" Murray, "Crusher" Kreisler, "Ricky" McGee, "C. O." Schaeffer, "Messy Larrysmith," "Butterball" Wyche, "Hinky" Sims, "Hindu" Henderson, "Corky" Meas, "Gloria" Little, "Buster" Buckingham, "Kitty" Wilson, "Pronto" Wheat, "Babe" Blackman, "Jerry" Jewell, "Tinkletog" McKee, "Pancho Bubba" Roberson, "Monster" Miller, "Donna" Deel, "Jasper" Ratliff, "Tweeter" Drake, "Beak" Price, "Foots" Mllam, "Tuffy" Mashburn, "Liz" Cope. Sleepy MPs Hoist Flags Upside Down

WASHINGTON — (AP) — Sleepy members of the House of Representatives were blamed for the fact that two flags flew upside down over the Pentagon Building for hours Saturday.

Labor Backs Demos In Senate Contests

WASHINGTON — (AP) — Labor organizations claiming a combined membership of more than 15 million workers were lined up Saturday night behind 16 Democratic candidates for the U. S. Senate.

Note To Truant Officer: Leave Al Raphael Alone

By NEA Service
FAIRHAVEN, MASS.—Al Raphael can get away with things at Fairhaven High School that would get any other pupil into a peck of trouble. The teachers give him all the breaks, and nobody complains.

Al Raphael: He has a couple of spare-time jobs, too.

has to go to court to testify against somebody he has arrested, he arrives at the high school at eight o'clock. He is a member of the senior class, assigned like the teen-agers to a home room, and from eight until two he goes from class to class to study room like any other high schooler.

Air Force Experts Reduce Electronic Parts To Fit Into New, Slim Streamlined Aircraft

This is just some of the equipment which almost crowds the cockpit out of the driver's seat of the B-35 "flying wing." Engineers are now seeking ways to make the equipment fit modern planes without bulging out.

By JAMES E. HELBERT
DAYTON, OHIO — (NEA) — The Air Force machines that think like men are getting too big for their pants. Or, to put it the other way around, the new crop of fighting aircraft is too slim for its bulging innards.

Federation To Hear Texas Book Reviewed

Review of a famous Texan's book, "Adventures of a Tall Hunter" by John A. Lomax, will highlight the program for the City-County Federation of Women's Clubs at its October meeting at 2 p. m. Thursday in the Tower Theater.

The Fine Arts Club will be the hostess organization, and will present one of its members, Mrs. C. H. Ervin, as reviewer. Mrs. W. G. Epley, federation president, will be in charge of business.

In the book chosen for the review, Lomax tells his own story of years spent traveling over the United States, hearing, recording and writing the songs he found sung by cowboys, lumberjacks, negro work gangs and others who remembered the original versions of old folk songs.

Lomax, who died last January, was a native Texan, born in Bosque County. He first became interested in cowboy songs, but when he showed his collection to a professor at the University of Texas and was informed that they were "crude" he burned them, only to start another collection.

Ervin, who was a student at the University of Texas and later through her work with the Daughters of the Republic of Texas.

She is also a native Texan, who grew up in Livingston, in Polk County. She attended Baylor University as well as the state university.

Midland Two Years. Since her marriage she has lived in various places in this and other states, following the work assignments of her husband, who is known as "Judge" Ervin and who is with the Scouting Department of the Humble Oil and Refining Company.

With their son and two small daughters they live at 611 North Lorraine Street. Her husband is a member of the Children's Service League as well as the Fine Arts Club. At Abilene she was a member of the Shakespeare Club, the oldest woman's federated club in Texas, and also worked in the Parent-Teacher Association and did various work.

Her experiences in book reviewing have been in organizations of which she was a member.

Ranching Theme Is Used To Install Alathean Officers

Assigning the officers to their posts as "ranch hands" with the president, Mrs. C. M. Goldsmith, as foreman, Mrs. Clint Dunagan conducted the installation for the Alathean Class of the First Baptist Church in a novel ceremony Friday.

The meeting was in the home of Mrs. John Dunagan with Mrs. B. C. Girdley as co-hostess. Mrs. Harlan Howell, the teacher, poured coffee from a silver service at a table centered with queen's wreath and canna blooms and lighted with white candles. Red roses decorated the living room.

Other class officers and the titles given them in the installation are: Mrs. M. D. Cox, secretary-treasurer, the paymaster; Mrs. Grace Wallace, membership vice president, the larist; Mrs. Jack Jones, ministries vice president, the range rider; Mrs. E. H. Barron, stewardship vice president, the rodeo; Mrs. J. E. Hill, fellowship vice president, the chuck wagon.

The teacher was designated as the bronc buster, and the group captains as fence riders. Sixteen members and a guest were present for the party.

Thirteen Persons Enrolled In First Aid Course Here

Sponsored by the Midland County Chapter of the American Red Cross, the first aid course being conducted here is making rapid progress in the training of first aid instructors, Robert H. Lucey, Red Cross field representative and instructor, said Saturday. The classes, held at the fire station, will continue through Friday.

The course of instruction is designed to train first aid instructors for the city's Police and Fire Departments. In addition to city personnel, members of state organizations also are participating. The following are enrolled: Marvin Beachamp, Jessie L. Brooks, Corbie D. Friday, Mennie W. Bourke, John Bourke and William E. Klisk of the First Department; Annie Charles R. Hemingway and Harris O. Fonder of the Police Department; Walter B. Dixon, Texas Department of Public Safety; and from the Texas Highway Department, Carl E. Geyer, Midland; Beasley S. Miller, Odessa; Antonio Benavides, Fort Stockton; and Angel J. Reed, Sterling City.

Upon completion of their training they will be able to conduct training classes in first aid for their own units, and for other groups.

FROM McAMEE. Mr. and Mrs. A. O. Beavers of McAMEE were Midland visitors Saturday.

Program Ready For District 8 Meeting Of BPW Clubs Here

Ready with a welcome and a program for the annual District 8 convention of Business and Professional Women's Clubs, members of the Midland club are putting finishing touches on their preparations to receive convention visitors next Saturday and Sunday.

Invitations already have been sent to clubs over the district, designating the Scharbauer Hotel as convention headquarters. Neta Stovall, general chairman of convention arrangements; Colyvia Christian, club president, and Iva Noyes, director of District 8, are supervising the activity. Theme of the convention is "We Earn Our Future."

The program calls for registration to start at 4 p. m. Saturday on the mezzanine floor of the hotel. A dinner is scheduled at 7:30 p. m. in the Crystal Ballroom, with a bingo party afterward.

One-day visitors who arrive Sunday will find the registration committee still ready to greet them. Club presidents will have breakfast together in the Blue Room of the hotel, and members will breakfast at the same hour, 8 a. m., in the Midland Cafeteria.

Work shops for discussion of various club topics will start at 9 a. m. and will close in time for all the visitors to go in groups to the churches of their choice. A luncheon at 12:45 in the Crystal Ballroom will close the convention.

Iota Beta Chapter Has Illustrated Lesson On Etiquette

Table places were set to show the correct service for a tea, a buffet meal and a formal dinner in demonstration closing a program for the Iota Beta Chapter of Beta Sigma Phi in the American Legion Hall Thursday night.

Miss Neva Jo Lee arranged the illustrative settings after Miss Clyde Parnelly had discussed dinner table decorations, and Mrs. Jimmie T. Gaines the etiquette of formal dinners.

The sorority here is nominating a group of its members in the international Beta Sigma Phi Valentine girl contest which is held annually with pictures of the winners featured in the international magazine.

Nominations from the chapter are Nellie Clark, Mrs. Gaines, Mrs. Roderick Koonitz, Lou Lemley, Mrs. Richard K. Berry, Mary Ellen Everett, Miss Parnelly, Mrs. Harold L. Robinson, Mrs. James Rogers and Mrs. Gladys Rodgers.

Miss Rosalie Ramsey, a representative from national headquarters, presided at the meeting, presiding a chapter of Nu Phi Mu, junior group, was a guest as was Grada Respass, a member of the Sorority in Sweetwater.

Other members present were Gretchen Berry, Mary Ellen Everett, Ruby Gilbert, Lura Harbison, Myrtle A. Haah, Mrs. Kenneth C. Head, Melba Knippling, Norma Middlebrooks, Mrs. James T. Morris, Mrs. Ernest Nance, Miriam Parks, Dorothy Raines, Mrs. John W. Rhoden, Jr., Mrs. Mary Lou Wilson, Mrs. Otto Wink, Mrs. W. H. Sloan, Myra McReynolds and Mrs. Bryan L. Denson.

Wranglers Schedule Tuesday Breakfast

Members of the Wranglers' Club, the membership division of the Midland Chamber of Commerce, will attend a "chuckwagon" breakfast at 7:30 a. m. Friday in the private dining room of Hotel Scharbauer, Foreman Bill Collins said Saturday.

A "Top Wrangler" of the month will be named, and activities for the next 30 days will be discussed. Samples of costumes also will be displayed.

Chamber of Commerce Manager Delbert Downing said the Wranglers have brought in many new memberships during the last 30 days, and the competition for the "Top Wrangler" award is very close. He urged cowhands to turn in membership cards not later than 5 p. m. Monday.

All Wranglers are urged to attend the Tuesday breakfast.

Clubs Will Serve At Gun Club Meet

The civic committee of the four garden clubs in Midland will serve hamburgers, coffee and pie in the Midland Gun Club's Building north of the city during the annual gun club meet October 21-24.

Newlyweds Live In Midland

Mrs. and Mr. Sterling Whitfield Lawson are residing in Midland after their marriage in the First Baptist Church on October 6. Mrs. Lawson is the former Oma Kathrin Taylor, daughter of Mr. and Mrs. W. O. Taylor of Big Spring, and Lawson is the son of Mr. and Mrs. E. P. Lawson of Midland. The couple cut the wedding cake at a reception following the double-ring ceremony, in the home of Mr. and Mrs. O. D. Weaver, cousins of the bride.

Guests Join AAUW Members To Hear State President Speak At Luncheon

Observations on a European trip this Summer convinced her that Americans are most fortunate in their way of life, Dr. Pearl O. Ponsford of El Paso, president of the Texas Division, American Association of University Women, told members and guests of the Midland branch at a luncheon Saturday.

She said Americans should guard their freedom with their votes to keep well-organized minorities from encroaching on democratic processes, and should help to make the United Nations stronger to protect the rights of people in all countries.

In England, where she met with the Oxford and Cambridge branches of the University Women's organization, visited in the homes of Lord and Lady Astor and other members of the nobility and also talked with taxi drivers and hotel maids, Dr. Ponsford said she found all classes dissatisfied with the Labor government. In France and Italy she was impressed with the

P-TA Units Making Final Plans For Annual Carnivals

Hallow'en fun for pupils of each Midland school, and their parents, is planned in the carnivals scheduled for the night of October 30 by all the Parent-Teacher Associations of the city.

The high school carnival will be in the gymnasium and the junior high carnival at Memorial Stadium. The elementary schools will have their carnivals in the school auditoriums.

Committees have been meeting recently to complete carnival plans, and are at work now carrying out the plans. Since no contributions are being asked from Midland merchants this year, members of the P-TA units are contributing "white elephants" for carnival prizes and food for the refreshment booths.

Mrs. Dixie Weaver is general chairman of the carnival in the high school P-TA, Mrs. F. A. Bird in junior high, Mrs. George Gibson at North Elementary, Mrs. Coren Stephenson at South Elementary, and Mrs. D. A. Pass at West Elementary.

Heads for Hollywood

Mr. and Mrs. Frank Goode spent Friday night with relatives at Laguna before going to Canyon Saturday to attend the Hardin-Simmons Freshman-West Texas State Troop football game. Their son, Danny Goode, is a member of the HSBU squad.

CHILD RECOVERING. Roger Thomas, two-year-old son of Mr. and Mrs. C. C. Thomas, 2009 West Indiana Street, is convalescing in a Lubbock hospital, where he underwent surgery Wednesday.

Midland Is Winner In Tourney

Bridge players from Midland won high honors in the Five-City League tournament held at the Odessa Country Club last week in connection with a ladies' golf tournament in which several Midland players were also among the winners.

Mrs. Hal Peck and Mrs. Ross Williams of Midland comprised the high scoring bridge team, making grand high for the three days of play. Mrs. Bob Franklin and Mrs. W. T. Hoey scored second high, and the third high team was from Odessa, Mrs. Woody Sewell and Mrs. Nettie Harris.

Mrs. Faye Cowden of Midland received the door prize and Mrs. Foy Proctor of Midland one of the bingo awards with the other went to Mrs. T. S. McCarty of Odessa.

Varied Entertainment. A series of entertainments with various groups as hostesses filled the tournament week. Women golfers of the Odessa Country Club included the tournament visitors at their monthly luncheon Friday noon, when tables were gay with Autumn flowers. Mrs. Oddie Harbour, Mrs. Curtis Gilmore and Mrs. D. A. Bridge were hostesses.

Mrs. Franklin, Mrs. Hoey, Mrs. W. D. Cantrell and Mrs. Ed Pritchard of Midland entertained with a cocktail party Thursday preceding a dinner given by Winkler group women. The Midland group arranged a striking table decoration, using a large copper bowl, inverted, as a base for a smaller bowl holding Peruvian lilies, and wreathing the whole with grapes and yellow mums.

Baskets of flowers and Autumn leaves made a Fall setting for the dinner, with Mrs. Jimmie Lykes, Mrs. Gidd Faircloth, Mrs. Helen Hamrick, Mrs. Gerda and Mrs. Holder of Winkler County as hostesses.

Breakfast Held. Mrs. E. Lee, Mrs. Buck Harris and Mrs. Paul Slater of the hostess club were hostesses at a breakfast Tuesday. The decorations featured an elaborate hunting scene with Fall flowers, leaves and grasses, and silver table service was used.

Bridge players from Midland, in addition to the top winners, were Mrs. James N. Allison, Mrs. William Potts, Mrs. M. F. Turner, Mrs. Pritchard, Mrs. Charles Rudd, Mrs. Alton Brown, Mrs. J. O. Veivin, Mrs. George Todd, Mrs. Ed Dickinson, Mrs. M. M. Conn, Mrs. Coe Miller, Mrs. Carl Barnhart, Mrs. E. H. Powers and Mrs. Nelson Faust.

Rebekah Lodge To Meet At New Hour

Business of special importance is scheduled for the Rebekah Lodge at its meeting Monday night in the IOOF Hall, Mrs. Lee Riley, noble grand, announced in urging all members to be present.

She reminds members of a new meeting hour, 7:30 p. m. Plans for future activities are to be discussed with emphasis on a masquerade party scheduled for this month.

Aphrodisia by Fabergé. The most feminine fragrance in all the world... to flutter after five fashions. Ensemble of perfume and cologne 3. Sachet 2. Perfume 3. 5.50 & 15. Cologne 2. 3.50 & 6. Midland Drug Co. Walgreen Agency Drug Store.

Pick Two Sports For Winter's Fun

Jeanne Cagney, movie star, enjoys a bicycle ride which is pleasant recreation as well as good exercise for keeping trim.

By ALICIA HART NEA Staff Writer Since the calendar ahead offers almost as many bad days as good, the girl who wants to adopt an uninterrupted winter sport should have a choice of two.

Pick a fair as well as a foul-weather sport if you want to keep muscles flexed and your figure trim no matter what the weather man says.

Toy Railroad Man Sees Bright Future For Bubble Guns

NEW YORK—A lanky Connecticut Yankee who is a pioneer of railroading in a small way now wants to set all America's bubble gunning.

The people who engage in railroading in a small way are those who run miniature choo-choos around their living rooms and basements. Supplying them with choo-choos is now a \$60,000,000 industry.

Cafeteria Menus For This Week Announced

Midland public school cafeterias will feature the following menus this week: Monday—Baked ham, scalloped potatoes, lettuce and tomato salad, hot rolls, pudding and milk.

TEEN ALK

AP Newsfeatures

What's your trouble gal? Bow-legged? Knock-kneed? Pigeon-toed? Skinny? Fat? Just plain homely?

Don't give it another thought. You can be downright pretty, even if you're ugly. That paradoxical remark was made by one of America's most famous model agents, John Robert Powers.

Mr. Powers was talking about that "certain something that some girls have and other girls just have not." He says it is an inner glow, which oftentimes is more easily spotted in the not-so-pretty girl.

He cited the instance of a reporter who was sent to interview a woman billed by the circus as "the homeliest woman in the world."

There aren't too many girls possessing this happy combination. I know two models, however, Mr. Powers' girls. Nor do they work for the same agency.

When she started her model career she made her living as a newspaper girl. In a short time, however, her selfishness was apparent to everyone she came in contact with.

She started in a small way, was willing to take advice. When she began to make a good deal of money she didn't invest in a mink coat or in jewelry.

Her simplicity despite the world of adulation she now lives in, leaves everyone amazed. Her own wardrobe is scanty but she always looks neat and well-dressed.

Her simplicity despite the world of adulation she now lives in, leaves everyone amazed. Her own wardrobe is scanty but she always looks neat and well-dressed.

Questions and Answers

Q—Is there a tree-climbing fish? A—Members of a family of spiny-finned freshwater fish found in southeastern Asia and Africa are popularly known as "tree-climbing fish" because of their remarkable agility out of water.

Q—Does the Constitution state that only a citizen of the United States may vote? A—There is no such provision in the Constitution, but all the states have passed laws making U. S. citizenship a requirement for eligibility to vote.

Q—Who was the composer of "The Last Hope"? A—Louis M. Gottschalk, who was born in New Orleans in 1829, and was famous as a child prodigy.

Q—How long has The Star-Spangled Banner been the official national anthem of the United States? A—Since 1813, when the president approved an act of Congress designating the song as the official national anthem.

SHOPPING NEWS

by Barbara

Silver Items From Kruger's

Your most subtle gesture of good taste is revealed in your choice of silver for your home. That is why you will be wise to choose these items from KRUGER'S quality stock.

Fun For The Kiddies

If the job of keeping the youngsters entertained is beginning to "tell" on you, here's a "buy-line" you'll want to hang onto. THE BOOK STALL has a wide assortment of time killers for the pre-school children.

It's Inescapable

There's a definite trend toward smaller houses. How, then, are you going to reconcile all the extras you want in this diminishing footage? The answer lies in wise, sound planning with the aid of a professional cabinet maker.

Enchanting New Vistas

Wonderful new wall decorations are featured at SIMMONS PAINT AND PAPER COMPANY. Wall-Tex and Sanitos, fabric wall coverings in dozens of glorious new patterns, are available in florals, plaids, stripes and weaves, with a rainbow range of soft plain colors for ceilings.

Vanity Is Sanity

Go to CAMERON'S PHARMACY and take advantage of their marvelous gift offer. With the purchase of a bottle of Bonne Bell Ten-O-Six lotion, a bottle of Plus 30 lotion and a jar of Bonne Bell shampoo, you get a wonderful trial package.

All That Glitters—Is Fashion

Captivating—the brilliant costume jewelry at EVERYBODY'S. There are necklaces that follow a delicate feminine script in mellow gold.

1001 Miracles

That's what you get when you buy a roll of Reynolds Wrap—the pure aluminum foil at PHILLIPS ELECTRIC COMPANY. It's economical since it can be smoothed out, washed and used over again.

Controlled Hair Cut

You'll prize the new "controlled" hair cut, featured at MOZELLE'S BEAUTY SHOP. The smooth, carefully curled look of new short hair arrangements needs more than just a brief hair cut—for shining perfection every day, it must be a controlled cut!

A New Development

Bela—the revolutionary development in the Venetian Blind Industry, represents the concentrated efforts of the J & J Tool and Machine Company. Bela is the result of ingenious design and development in engineering and exhaustive, critical testing.

A Message With Flowers

When you send flowers to someone who is ill, you not only give them color and beauty to smother unpleasant hours but you send them the thought that you care enough to wish them a speedy recovery.

Bewitching Perfumes At Dunlop's

Each DUNLOP'S COSMETIC CENTER these days for the bewitching perfumes by Strangé. You'll cherish the Oriental perfume—White Jade, by Strangé. It carries the breath of mystery and romance.

Are You A "Baby-Body"?

In your home—that is? Then, you'll be interested to know that your local SEWING CENTER has all kinds of simple tricks and aids for the home decorator.

Nadyne Griffin Dance Studio

Children love dancing and it should be considered an essential part of their education. Dancing aids them in developing poise and grace which leads to social success and business success in later life.

Bowl For Fun And Health

For beautiful exercise, there is FLAMOR PALACE, with open bowling afternoons and Friday, Saturday and Sunday evenings. In bowling "practice makes perfect."

Hardwick-Stewart

You'll appreciate the serene classical lines of the dining room furniture featured by HARDWICK-STEWART. This grouping combines structural soundness with exquisite beauty.

A Christmas Gift That Lasts

If you really want to make your husband's Christmas a thrilling one, give him a set of Suran seat covers from MILLER BROTHERS TRIM SHOP.

Like Romeo And Juliet

The perfect twosome—a slice of delicious home made pie and a cup of steaming, fragrant coffee at THE SPOT is a welcome between-meal treat.

A Gift To Cherish

A gift that expresses more than anything your deepest esteem for someone is a gift that brings that person comfort and lasting pleasure.

For Whom The Bell

The first question people ask is, "Did he leave his family provided for?" Of course, a man's responsibility is to draw up a will designating his wishes.

Professional Attention

Miss Kittl Davenport, manager of LIANO BEAUTY SHOP, has returned from Chicago where she attended the N.A.H.C. She says the 1948 hair style will be definitely short.

All Types Of Light Fixtures

Light fixtures should be taken into consideration in the decorative scheme. They can be decorative as well as practical. At MID-WEST ELECTRIC COMPANY, you'll find all types of light fixtures.

Savor The Flavor

If yours is the discriminating taste that savors the flavor of truly fine food, you'll relish the delicious specialties at COLLIN'S CAFE. For a homelike meal away from home, graciously served, reserve a table at Collin's.

Open A Budget Account At Kruger's

Think ahead of time! Solve your Christmas gift problems at KRUGER'S. You can lay-away a beautiful watch as a Christmas gift for only a small deposit.

Dairy Queen

The "goblins" will prove human when you serve them DAIRY QUEEN at that special party. Even the "ghosts" will come to life—for Dairy Queen is a new taste treat that checks them all.

To Glamorize Your Kitchen

Cooking on a Tappan Gas Range is so easy for no other stove is equipped with the marvelous Tel-U-Set that gives you all the advantages of electric cooking.

The Hat Of The Powers Models

"You're always well dressed in a Brewster—the hat of the month, featured at EVERYBODY'S. A new shipment just arrived — new rolled cloches with the flat crown and self material pom pom.

Keep Your Man

Please your husband by sending his suits to HABIL CLEANERS. They do expert work on suits and they look nice as long as they last.

Fine Imported China

There is no finer dinnerware than Shalaby—English bone china, featured at SEYMOUR HARDWARE GIFT DEPARTMENT. Think of having your holiday table set with this glowing china.

Progressive Tiny Tot Art School

Boys and girls who become men and women who "zoom" get started in that direction during pre-school years. Psychologists say kindergarten is the top tool of education—not a luxury—not a decorative frill.

Distinguished Coat Styles At Dunlop's

Traditional as Autumn leaves themselves, trend is the choice of distinguished women. DUNLOP'S features an imported tweed coat by Henry Fredericks of New York.

Fabrics With The "Feel" Of Quality

Fabric is a "first" in expert suit making. Trims tailored lines demand quality materials. CARL'S offers you broadcloth with the "feel" of quality.

For The Big And Little Misses

Enchanting styles in rustling tulle are featured at FRANKLIN'S for the big and little misses. Mothers with "fashion sense" will choose the brightly priced to give their little daughters that buoyant feeling when they start off to classes.

Your Dream Come True

There'll be stars in your eyes as you walk down the aisle. Your gown will be a creation of divine perfection. You will have a glorified illusion. This is the dream of every bride-to-be.

In The Tempo Of The Young

Your classic gabardine has a brand new look this season—softly tailored and dressed up with gay tulle trim. These dresses, featured at THE FASHION SALON, combine exquisite material and flawless tailoring with a nerve and dash in youthful styling.

Chicken-In-The-Basket

What will they think of next? Why, I remember when—but thank goodness, those days are over! We can "gorge" ourselves on all the fine foods the ingenious cooks put before us.

From Dreams To Reality

The beauty that every home maker dreams of is woven into a superb collection of fine fabrics to meet your drapery, upholstery and aluminum needs. Take your decorating dreams to HAWKINS FURNITURE SERVICE.

Let's Go Dancing

October is the month for gaiety, fun and parties — if you choose to make it so. This is an invitation to dance at THE BLUE GRILL on East Highway 80.

For A Late Snack

If you're looking for a place to get a tasty snack, try MARY'S CAFE (formerly East Drive Inn) on East Highway 80.

Artist's Supplies

Whether an artist or an amateur, you'll be interested to know WESTEK GLIDDEN PAINT STORE has just received a complete line of Grumbacher Artist Supplies.

New Ford Motors

MURRAY-YOUNG MOTORS, LTD., now has in stock a supply of Ford motors, factory reconditioned or new, ready for 24-hour installation or immediate sale.

A New Eating Place

DIXIE'S CAFE, 211 West Wall, invites you to try their specially cooked steaks, T-bone or club steaks served on a sizzling hot plate. In addition, all grades and brands of home made pies, also, noon lunches and cold dishes.

Expert Alterations

Whether you're at home or traveling, you're judged by the way your suit fits. Perhaps you've paid a large price for it and the fabric is the best but it doesn't fit you.

Guests Join—

(Continued from page 1)
of the Scharbauer Hotel had berried pyracantha branches and ivy down the center. On the speaker's table was an arrangement of Hallows' witchies with grasses and leaves. An arrangement of yellow marigolds was on one side table, and orange marigolds on another. Mrs. R. L. Clarke and Mrs. Eugene Powell arranged the decorations.

Guests From Nearby
Mrs. I. C. Thomas was in charge of a display of educational material from the AAUW study groups, which was arranged at one end of the room. Mrs. E. E. Beldie, social chairman, directed the luncheon preparations.

Receiving guests, and pinning name tags in the shape of Texas maps on each, were Eleanor Simpson, Dr. Louise Fillman, Mrs. Tom L. Ingram and Mrs. K. C. Heald, Jr.

Guests Included Mrs. Gilbert Gibbs and Ruth Beasley of Big Spring; Dorothy Wittliff, Camille Holmager and Mary Smith of Kermit; Mrs. L. C. Sharp of Abilene; Mrs. A. B. Chapman of Pecos; Mrs. L. W. Sagar, Mrs. Beasley, Mrs. Zella Rollins, Nell Simpson, Mrs. Eric Bucher, Mrs. Roy Davis, Mrs. E. H. Barron, Louise Boyd, Helen Penn, Mrs. Otto Klitsinger and Mrs. M. J. Huff, all of Midland.

Members At Luncheon
New members present were Mrs. Eugene Douglas, Mrs. J. A. McCutchin, Vivian Nell Golby, Fannie Reeves, Zela Brock, Betty Gaines, Jane McFadden, Mrs. Coy Warren, Mrs. O. D. Weaver, Jan Knickerbocker, Shirley Colburnson, Mrs. William Sanders, Betty Pickering, Grada Respass, Mrs. R. L. Harding, Barbara Gardner, Mrs. R. F. Carroll, Mrs. I. C. Noble, Mrs. Terry Tidwell, Mrs. Frank Paup, Myra McReynolds and Mrs. L. E. Daniel. Other members, in addition to those on committees, were Mrs. Earl Johnson, Theresa Klapproth, Mrs. John Colvin, Mrs. Fred Kobya, Mrs. R. D. Monkross, Mrs. Lee B. Park, Mrs. H. C. Bosarth, Mrs. Ernest Sidwell, Mrs. D. W. St. Clair, Mrs. C. A. Burch, Mrs. Carl W. Jones, Mrs. Roger Davis, Mrs. Clarisse Hollingsworth, Mrs. George Putnam, Mrs. Lida Pennell, Mrs. Lloyd C. Mills, Mary Puckett, Mrs. John M. Cooper, Mrs. C. F. Henderson, Mrs. W. T. Magee, Mrs. Mae Hendrick, Mrs. Nina Kribbe, Mrs. Dorothy Watson, Mrs. Ralph Troseth, Mrs. S. E. Geffen, Frances Ann Davis, Mrs. W. C. Fritz, Mrs. E. H. Woods, Mrs. Keith Stuart and Mrs. H. G. Parkinson.

Plastic Fingers Of Brush Give Massage

The model massages her scalp with a new brush which has movable plastic "fingers" instead of bristles.

By ALICIA HART
NEA Staff Writer
Finger-tip massage of the scalp will help to keep it in the pink and the hair which stems from it in better condition. The girl who wants to see hair-care pay off with lovelier sheen and healthier crinkle should allot a few minutes a day to scalp massage.

To make the routine of scalp massage easier and to free fingers of a tiring job is the purpose of a new brush-like gadget. Instead of bristles, this massage brush has fingers of tenite plastic, mounted in a resilient base. When the brush is moved through the hair, finger-like pegs move individually in a kneading action comparable to that of trained fingers. Because of the easy action of the mechanical "fingers" manufacturers claim that their use in no way threatens to demolish waves and curls.

Glamor Comes Out Of Evening Bag

By BETTY CLARKE
AP Newsfeatures Beauty Editor
Your evening bag shouldn't contain a weekend supply of cosmetics. Besides being heavy and a nuisance when it is stuffed, it will look junky to an onlooker. When you are set to leave in your formal gear, don't just dump everything out; your sisset bag into your evening purse. You will need only a few cosmetics for slight repairs during the evening, but do carry those.

Take with you: powder in a compact, cotton balls, lipstick, comb, mirror and handkerchief. You won't need mascara but bring your eyelash curler. Then when your eyes get droopy, you can disappear into the powder room, give your lashes a lift with the curler and reappear a bright-eyed woman. Sometimes a bit of oil or cold cream rubbed on the lid will increase the dewiness of the eyes.

POSTURE PROBLEMS
Bending over books, sitting at desks, and carrying heavy books from school may create posture problems, beauty experts advise. Be conscious of your shoulders to keep them from becoming rounded.

Advertise or be forgotten.

Square Dance Invades The Campuses; Western Steps Spread Over Nation

The cowboy jamboree is complete with bright cowboy shirts and high-heeled boots.

By MARY C. FLYNN
COLORADO SPRINGS, COLO.—(NEA)—There's a new note in the tuneless repertoires of many dance bands over the country. It's old-time hoe-down fiddlin'. Western square dancing is spreading like a prairie fire. Cowboy versions of the square dance are invading campuses and recreation rooms of the elite.

A strong influence in this phenomenal revival is Dr. Lloyd "Fappy" Shaw, 59, noted square dance specialist.

"Fappy" Shaw: He just calls Shaw, 59, noted square dance specialist.

Injuries suffered in a fall from a horse keep Shaw from dancing but not from sponsoring a string of projects to promote western American dances—cowboy type.

"Set in a simple style of their own with changing call and flowing patien, they offer more vitality and fun to the modern dancer than do many of the older source forms of the square dance," he explains. The folk dance authority was born in Denver and has lived in Colorado Springs since boyhood. He has worked in the field of the folk dance with his students for almost 20 of the 32 years he has spent as superintendent of the Cheyenne Mountain school, located at the foot of Cheyenne Mountain near Colorado Springs.

Week Long Tours
His much-sought high school exhibition dancers, known as the "Cheyenne Mountain Dancers," make week-long tours to the west coast each Fall and to the east coast in the Spring. Their dancing is an extra-curricular activity. On their last two trips they played universities from San Francisco to New York. Included was a three-day teaching institute at Stanford University.

Reflecting the stepped-up popularity of the square, Shaw's book "Cowboy Dances," now in its tenth printing, sold four times as many copies last year as in any previous year. His latest book, "The Round Dance Book," is scheduled for publication this Winter.

The Coloradoan has been called to Hollywood on several occasions to serve as dance director of western movies and has done special teaching for many colleges and universities and civic dance institutes from coast to coast.

Every June and August, Shaw conducts one-week-long, intensive courses in western American dances for dance teachers and callers at the Cheyenne Mountain school. Hundreds of applications are turned down because of an enrollment limit of 96 persons for each class.

Texas had the most registrations in June. Oklahoma was second and Pennsylvania third.

More than twice as many women as men apply for enrollment, but

applicants are selected so as to divide the classes equally between men and women.

It is recommended that applicants have considerable experience in square dancing and especially with the old waltzes and two-steps. Faculties of more than forty-eight different colleges and universities were represented in one class.

Civic Music Association Campaign Will Be Launched At Dinner-Meeting Monday

Division chairmen, captains and team workers of the first annual membership campaign of the Midland Civic Music Association will attend a dinner-meeting at 7 p. m. Monday in the Crystal-Ballroom of Hotel Scharbauer, officials said Saturday.

The division chairmen are Mrs. June Kingon, Edwin Stephens, Walter Walne, Mrs. Frank Essex, A. T. Barrett, and Richard Hughton.

Captains include Mrs. H. D. Williams, Mrs. Percy Mims, Mrs. Edwin Stephens, Mrs. Olin Frather, Mrs. James Chapple, Mrs. Richard McLaughlin, Mrs. Phil Fectel, Mrs. G. W. Marsh, Jr., Mrs. P. D. Moore, Mrs. N. A. Lancaster, Evans Dunn, Mrs. Robert Schmidt, Fred Middleton, Mrs. P. J. Lea, Fred Goodman, Lamar Lunt, Mrs. James Simmons, Ben Dancy, Mrs. Coe Mills, Mrs. McKee, Mrs. W. T. Pean, Mrs. Ed Patterson, Ralph Smith, Mrs. Sulton Metz, and Miss Elizabeth Cope.

Speakers Announced
Eric Bucher, association president, will preside at the meeting, and the Rev. E. Matthew Lynn, pastor of the First Presbyterian Church, and Joe Kogler, Kiwanis Club president, will speak. Don Hopkins, Chicago, a representative of the Civic Concert Service, will outline the purpose, objective and operation of the association.

Workers kits and prospect cards will be distributed. More than 3,000 invitation postal cards have been mailed to citizens.

Officials said the membership is not exclusive and that all citizens are invited to affiliate with the association. Persons not contacted by the workers should contact officers or membership workers.

Memberships, however, will not be available after this week; and tickets for single concerts will not be sold. The association plans to bring outstanding musical entertainment to Midland during the Winter season.

Serve thinly shredded cabbage mixed with mayonnaise and chopped pimientos with corned beef sandwiches.

Advertise or be forgotten.

Leading Baritone

Hugh Thompson, young leading baritone of the Metropolitan Opera Company, will appear in concert in the Odessa High School Auditorium at 4 p. m. Sunday, October 24, under the sponsorship of the Civic Music Association. He is one of the nation's best known and most popular young stars of the opera, concert stage and radio.

RANKIN—Mrs. Randolph Moore, Mrs. Tom Mitchell, Miss Maggie Taylor, Mrs. L. L. Ward, Mrs. Irene Nettleship and Mrs. Tom Workman attended the "Friendship Night" meeting of the McCassey Chapter O. E. S. Thursday night. O. W. Parker, Hamp Carter, W. M. Jackson, Del Currie and J. F. Rankin, directors, Seal Barbee, manager from Fort Stockton, and a number of stockholders attended a luncheon and meeting of the Ranchers Wool & Mohair Association here Thursday. M. C. Whitehurst, feed mill representative, talked to the group on "Vitamins in Feed" following the regular directors meeting. A number of ranchers and feeders were present. Jim Young and David Workman have purchased lots in East Rankin and expect to start construction on residences immediately. Young is representative for the Hudspeth Mud Company and Workman is associated with the Ranchers Wool & Mohair Company. Stanley Eddins, Paul Crandell and Boyd Cox left Saturday for a pheasant hunt in South Dakota. They expect to be gone about 15 days.

Joan Of Arc Costumes Inspire New Fashions

These "Joan of Arc" fashions were influenced by film costumes drawn from a colorful medieval epoch. Typical of the film-inspired fashions is the hooded cape-coat, right, of archer brown suede woolen worn with a massive silver gem-studded necklace. White boucle sweater threaded with tinsel, top left, borrows its styling from Joan's coat of mail. Shining medieval motifs sparkle on black calf shoulder bag and courtier-styled black suede belt. Wimple of gold metallic mesh softens the green velvet cloche, top center, which is a modern interpretation of Joan's armor helmet. Castle gray suede makes the 1948 version of a medieval jerkin, bottom left. Gauntlet gloves, ensembled with the jerkin, have flaring, notched cuffs. Courtier-styled turban which swishes the face with woolen wrappings, bottom center, is shown with trumpet gold crepe dress. Dress is as simply styled as the French heroine's gowns.

Joan's turban of velvet, complete with chin strap of "court beige" woolen. A hat inspired by Joan's armor-helmet is interpreted by Alice May in coronet green velvet. Joan's coat of mail is the idea behind a torso-sheathing white boucle sweater, horizontally striped with gold tinsel threads. The medieval motifs emblazoned on screen swords, scabbards, scapulars, saddles, bridles and harnesses will also be seen off-screen on women's bags and belts. A black calf shoulder bag of Leo Sternberg's design takes its design from a medieval pouch ornamented with golden fleur de lis. A courtier-styled black suede belt owes its resemblance to make-believe rubies which sparkle from a large gold clasp.

**By EPIKE KINARD
NEA Fashion Editor**

NEW YORK—(NEA)—Joan of Arc is fashion's darling this Fall. The motion picture which tells the story of the medieval heroine has inspired fashions which run the gamut from coats to belts. Archer brown, for example, makes a high-fashion coat color. The dramatic impact upon the eye of one archer brown coat of suede woolen, which Lou Goldberg has designed, is easily traced to Joan of Arc's hooded cape-coat. Film-inspired jewelry which begs to be worn on the outside of this coat is a 15th century cardinal's necklace of massive silver-filigree, studded with "Joan-blue" gems. Dresses take their color cues from trumpets of gold. Designer

Jennifer adapts from the French heroine's screen wardrobe a style for a 1948 basic dress made of bright but neutral trumpet gold crepe. Gauntlet gloves with flaring cuffs meshed like Joan's are launched by designer Hildegard LePaige in "Orleans tan." Technician's banner red has inspired John-Frederics to make a card-

Monahans Citizens Organize Military Manpower Panel

MONAHANS—Representatives of eight organizations and two other community leaders organized a Monahans Military Manpower Committee Thursday night, to increase and correlate civilian support here for the Army and Air Force Voluntary Enlistment Program, Capt. O. T. Ham announced. Judge Fred P. Snelson was elected chairman, and the committee voted to meet again Thursday, October 28. Judge Snelson explained at the meeting that the task of building a volunteer Army and Air Force of 1,070,000 officers and men "is not alone the job of the Recruiting Service, but is a job for the American people."

The Monahans Committee, Captain Ham said, will serve to inform the public of the role and responsibilities of the peace-time Army and Air Force, acquaint the community with the nature and urgency of Service Manpower requirements, marshal community support for Army and Air Force needs, help the Recruiting Service in contacts with the community, and build a united program of aid to enlistment through joint planning and co-operative action. Captain Ham said the committee was organized under a nationwide program developed jointly by the Recruiting Service and the national officers of the American Legion, Kiwanis International, Benevolent and Protective Order of Elks, Lions International, Fraternal Order of Eagles, and the U. S. Junior Chamber of Commerce.

Stan Stree, former Villanova football player who graduated in 1941, is coaching the Philadelphia Naval Base grid team.

Baby's Squalling Music to Sergeant's Ears; Multiplied By 10, He Lives Like A Colone

One man's occupation force: Left to right, Mrs. Joseph Ferguson and baby, Richard; Sgt. Ferguson; Gerald, 14, Donald, 13; Robert, 12; Ariene, 11, Joanne, 8; Fredrick, 6; Helen, 5; Billy 3, and Clarence, 22 months.

TOKYO—(NEA)—"The squalling of a baby is music to my ears," says Staff Sgt. Joseph D. Ferguson. It also makes it possible for Sgt. Ferguson to live like a colonel, since this squalling of babies has been multiplied ten times in the

occupation family in the Far East where the sergeant is on duty with Ferguson, a former "blaster and powderman" for a road construction crew working for the U. S. Department of Interior, says: "I don't see how I can afford to return to civilian life as long as the Army continues paying allowances." When pay day rolls around every month, he draws a total of \$422.30, which is more than the base pay of a full colonel. His only deductions are \$22 for family allotment and \$7.30 for insurance. The Ferguson family occupies a seven-room house near Camp King.

Sgt. Ferguson and the newest reason he doesn't see "how I can afford to return to civilian life."

Ferguson family in the last 15 years. Number 10, a boy, was born recently at the Army's 45th General Hospital, Tokyo, where the Ferguson family, now a round dozen, is really occupying Japan. The family of the 35-year-old sergeant and his 38-year-old wife, Leona, is believed to be the largest

Japanese maid (one of the Ferguson's three) helps Billy learn how to ride a bike.

much easier and the pay much better." Mrs. Ferguson and the nine children (six boys, three girls) arrived in Japan a year ago. "All of the children were 'adopted' by soldiers on the ship long before we lost sight of land," she recalls. "The three oldest boys would like to get back to the farm in Washington and romp around in the hills, but I'm sure they have forgotten about carrying water for the house, washing and drying clothes and hundreds of other little chores that are now being done by our servants. We have three maids, a seamstress and a gardener here but we certainly can't afford such services at home."

Midland Air Express Shipments Increase

AUSTIN—Texas air express shipments in September were 11 per cent greater than in August and gained four per cent over September, 1947, the University of Texas Bureau of Business Research reported. September shipments totaled 77,778. Dallas led with 9,877; Houston had 5,171, and San Antonio 2,537. Compared to September 1947, Waco's air express shipments gained 46 per cent, Lubbock's 31 per cent; Midland's, 30 per cent; and Wichita Falls, 28 per cent. Greatest monthly declines were registered by Palestine, Mineral Wells, Harlingen and Brownsville. Over-the-year decreases were recorded in Brownville, Paris, Big Spring, San Angelo, Tyler and Galveston.

Chance Seed Sprouts Huge Squash

A chance squash seed, buried with the garbage, sprouted this 51 1/2-pound squash. Bobbie Gravely, 13 months, stands beside the huge vegetable. It was raised in Grand Rapids, Mich., by Mr. and Mrs. Thomas Hammond Sr. The 67-foot vine also bore two foot-ball-sized squashes.

Syracuse University first fielded a football team in 1889. Eighty per cent of the players on the University of South Carolina football varsity are war veterans.

Mr. and Mrs. Wayne Eaves, Mrs. Vernon Bennett and son have returned home after visiting relatives in Gorman.

Mr. and Mrs. Gilbert Griffin returned Wednesday after spending several days in Fort Worth.

Mrs. F. B. Hale and Mrs. Betty Johnson of Midland attended the funeral of C. E. Shirley here Thursday afternoon.

The Crane PTA has announced a change in the place of meeting for Thursday afternoon. They will convene in the school gymnasium rather than in the school auditorium. The program relates to health, and physical education classes are scheduled in demonstrations. Dr. B. J. Maynard and the school nurse, Mrs. G. E. Owens, will speak.

Recently moving to Crane were Mr. and Mrs. Jim Shackelford. They are originally from Glenrose but came to Crane from Austin where Mr. Shackelford attended the University of Texas and received his degree. He is employed by Gulf. Mrs. Shackelford received her economics degree from a Denton college.

Reported on the sick list last week were J. F. Branham, and R. L. McKay.

The Cash Food Store has a new owner who takes over Monday. He is Leander E. Hall of Cisco. The store was purchased from E. B. Henze and Truman Garrett who have not announced their future plans. Mr. and Mrs. Hall and two children moved here Wednesday. They bought the M. E. Noble home.

35,000 Into Israel After Nation Formed

From atop the funnel of the Israeli immigrant ship Pan York, Jewish refugees from Europe watch debarkation of their fellow passengers in Haifa as immigration quietly continues during the truce to build a new population.

By DAVID S. BOYER
HAIFA, ISRAEL (NEA)—While Arab refugees from truce-torn Palestine occupy center-stage in UN plans for Palestine discussion, Jewish refugees from Europe are filling quietly into Israel.
Their arrival is not making headlines. But it is making work. And it is making problems.
Since Israel was proclaimed as a state on May 15, some 35,000 immigrants have reached the Promised Land. Most of them already have been absorbed in the working, building, fighting population.
From the status of immigrant to that of full-fledged Israelite, the process which requires, on the average, six weeks. For every adult or child, it takes \$2,500 from Israel's treasury. It runs almost like clockwork from the moment an immigrant leaves the shores of what has been for him an unhappy Europe...

What To Do For That Sluggish, Down-and-Out Feeling

Remember the time when you could eat like a horse, bubbled-over with energy, felt happy as a lark? Was it not because you liked to eat—didn't know what digestion was, felt strong as an ox? As age advances the "old stomach" and the "ever-changing blood" need help. Now you may again release vitality and energy to every muscle, fibre, cell.
Every day—every month—millions of tiny red-blood-cells must travel from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.
To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.
Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.
Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh all over hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

A Jewish immigrant, newly settled in the home of an Arab who fled Haifa when the city was taken by Jewish forces, repairs the front of an Arab shop which he has taken over temporarily.
until the day he carries his wife across the threshold of a one-room flat somewhere inside the borders of Jewish-occupied Palestine.
Often, it is not a comfortable process.
Twenty-five hundred persons, packed cattle-style in the hold of one of Israel's refugee ships, are far from comfortable on their Mediterranean journey. In Haifa port, where they unload under the eyes of United Nations truce observers, they stack themselves, their babies and their meager possessions di-

rectly from gangplanks onto the hard wooden seats of buses headed for immigrant camps.
The camps, enough of them to accommodate 30,000 people, are mostly former British Army barracks. Except for those fortunate families assigned a single room, the immigrants spend a month living like soldiers while they await settlement in their new homes.
Better Food
Despite the fact their camp tables are spread with better food than they will be able to afford as private citizens, many of the newcomers complain bitterly about their rations. Complainers are primarily those few who left comfortable homes to colonize Palestine, including, according to camp leaders, immigrants from the United States.
There are only grays and the sound of ravenous eating from those immigrants who for a year or more have subsisted on marginal rations in British detention camps on the island of Cyprus.
A small percentage of the new arrivals, making trips from the camps at government expense, locate living quarters with friends or relatives in Israel. Others wait an average of four weeks until homes are found for them.
When he leaves the camp, each immigrant receives approximately \$28 in cash to tide him over until wages begin to come in. Cyprus refugees, considered compassionate cases, get \$48.
Housing for immigrants is of three types. Utility flats are being rushed to completion in Israel's two main cities, Haifa and Tel Aviv. Many of them have new immigrants as laborers. Other immigrants are scattered to the far-flung communal agricultural settlements, where they live a communistic life in their possessions and income are shared in common. Still others take over the city or village homes of Arabs who fled during the fighting.
One reason the Israel government is reluctant to consider United Nations proposals for the return of Arab refugees to their homes, it is certain, is the fact that Arab homes are filled with Jewish immigrants or with Jews whose homes were damaged in the war. In Haifa, in the Arab town of Jaffa, in Jerusalem, and in smaller towns and villages everywhere, Jews occupy Arab quarters. Rentals Charged
Rentals being charged Jews in Arab homes, it is reported, are being held for Arab owners.
But whether rentals are being held or not, the housing havoc which would occur if even 25 per cent of the Arab refugees of Jaffa, Jerusalem and Haifa were to return at this time, is easy to visualize.
Many Arab buildings, considered eyesores or a menace to the public health, are being demolished. In Haifa, blocks of Arab flats are coming down to make way for new highways through the city.
Immigration — the freedom of Jews all over the world to come to Israel, and the building up of a large Israel population here in the shortest possible time — is a primary goal of both the provisional government of Israel and of international Zionist organizations.

Home Knitting Hits High With Dresses
By DOROTHY ROE
Associated Press Fashion Editor
The steady click of needles is heard through the land, as home-knitting hits a new high.
Following a survey of yarn sales, the American Wool Council estimates that one out of every six women in the United States will own a hand-knit or crocheted suit or dress this winter—one that she has made herself.
Socks, sweaters and berets will continue to flow from the knitting bag in increased numbers, but the big interest is in hand-knit suits and dresses, say yarn manufacturers.
This new and ambitious interest is attributed to the high price of custom-knit garments and to the improved yarns and patterns now on the market. These make it possible for women to turn out smart, professional-looking garments in a minimum of time. The results are far different from the shapeless, sagging garments turned out by proud knitters of a decade ago.
High-style details, simplified instructions and sag-resistant yarns have made the difference, as well as improved methods of sizing and blocking.
Today's hand-knit styles are in step with the '48 silhouette, and smart women all over the country are knitting their own.
COOK POULTRY SLOWLY
Long, slow cooking is the rule for broiling mature poultry; and simmer rather than boil.
Richard Harris, co-captain of the Texas Longhorns, won all-conference honors at center in 1945 and '46, and was named All-America tackle last season. He is back at the pivot post this campaign.

Play Down Faults By Ignoring Them
By ALICIA HART
NIA Staff Writer
If a girl feels any compulsion to squawk about her beauty shortcomings, she should at least make her complaints amusing. Witty remarks about less-than-perfect legs, surplus weight or what-have-you will at least give listeners a chance to laugh and escape embarrassment.
Better even than being funny about beauty faults is to pretend that you don't have any. The best way to shrug off any kind of shortcoming, which can't be corrected, is to act as though you were unaware of the fault. Believe it or not, this works.
I've seen girls with bad legs, for example, who have been so seemingly unaware of their underpinning that no one else ever thought of sizing up the imperfections. I know an overweight woman who is so successful at ignoring surplus pounds that no admirer ever thinks of her as having a heavy figure. If she could correct her overweight problem, she doubtless would. Since she presumably cannot, she ignores the handicap and is successful in making other people ignore it, too.
When selecting spinach, buy leaves that are free from sand and dirt and have a fresh green color.

Choirs Will Assist Civic Music Club In Open Program Tuesday
Choirs of the First Methodist and First Presbyterian Churches of Midland will assist Civic Music Club groups in presenting a program of music by J. S. Bach and George Friedrich Handel at 8 p. m. Tuesday in the First Methodist Church auditorium.
The program will be open to the public and will be followed by a short business session for members.
Mrs. C. L. Chase will give brief discussions on each composer and introduce each performer or group. One of the program will be the First Methodist Church choir, directed by Don Moore, which will sing selected numbers from Handel's "Messiah." Unusual Solo On Program
The First Presbyterian Church choir, under the direction of Mrs. Frank Miller, will present two Bach numbers. They are to be "Jesus, Joy of Man's Desiring" and "As Thy Feet."
The program will feature an unusual solo instrument—the bass violin. The large instrument will be played by Mrs. Sam E. Geffen who will do a "Gavotte" by Bach, with the arrangement by Frederick Zimmerman of the New York Philharmonic Symphony. Mrs. Geffen will be accompanied by Mrs. Benton Howell.
Another widely-known city group, the Silver Strings, will be presented when they play Bach's "Fugue in G Minor."
Silver Strings members include Mrs. Howell, Mrs. Warren Sobey, Mrs. Turner Wynn, Miss Jereen Jewell, Mrs. E. S. Hitchcock, Mrs. Carl W. Jones, Mrs. Charles F. Henderson, Miss Joyce Howell, Mrs. Eugene Vanderpool and Mrs. Geffen.
Two organ numbers, to be selected, are to be played by Homer Meek.
A mixed quartet, Mrs. C. E. Brunsman, Mrs. A. G. Smith, M. O. Gibson and Ralph G. Smith, accompanied by Mrs. Geffen, is to sing two songs, Bach's famous "Sheep and a Lamb May Safely Graze," and "Holy Art Thou," better known as the "Largo" from "Xerxes" by Handel.
Program arrangements have been directed by Mrs. H. D. Pennel.
Following the formal program, members will remain for a short business meeting, over which Mrs. Hermann D. Williams is to preside. The club's year books, which give a complete listing of programs scheduled for the 1948-1949 season, will be distributed at that time.

Choirs Will Assist Civic Music Club In Open Program Tuesday

New Class Officers Installed At Party
The Couples Class of the First Baptist Church installed new officers, headed by Bob Goff as president, at a meeting in the church recreation hall Thursday night. Yates Brown, department superintendent, conducted the installation. Mrs. Wayne Harrell is teacher of the class. Kenneth Wallis, Wayne Harrell, Mrs. Delmar Aday and Mrs. O. W. Wallis took office as vice presidents, Mrs. O. W. Roberts, Jr. as secretary, Fred Arnet as treasurer, Mrs. Arnet as reporter and James Watson as chorister.
The new group captains are Mrs. G. W. Pearson, C. W. Wallis, Mrs. Neil Cooper, Mrs. Victor Horne and James Simmons.
Others present for the installation and the social period were Mr. and Mrs. Bill Jones, Mrs. Yates Brown and O. W. Roberts, Jr.

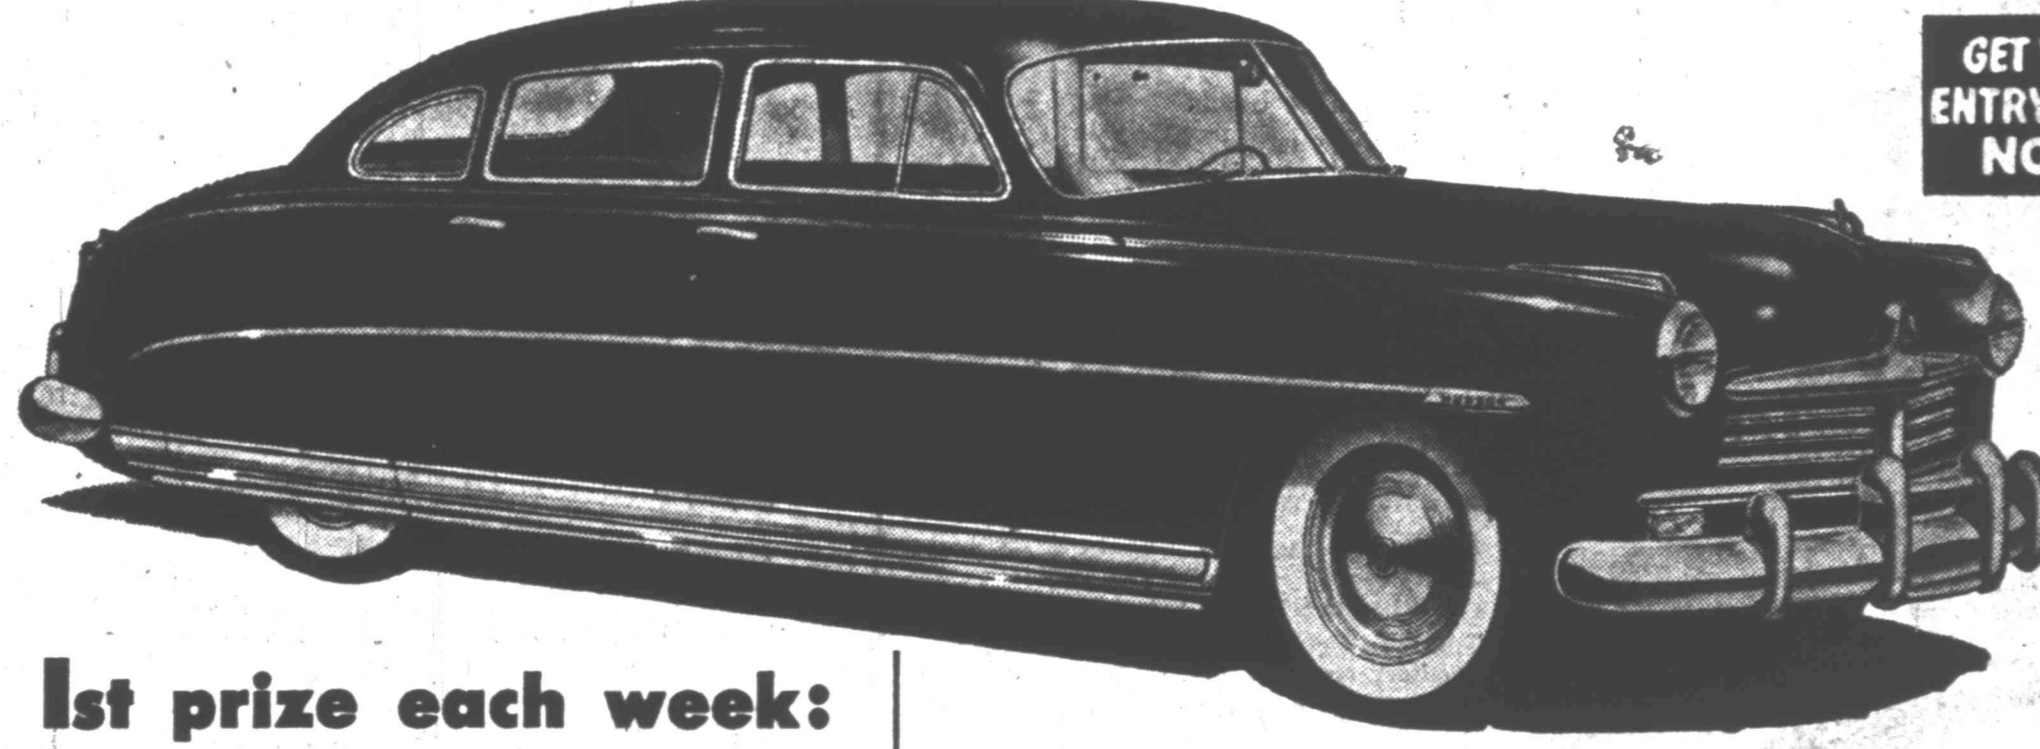

E. B. Young Services Scheduled Sunday

CRANE—Funeral services for E. B. Young, son of Mrs. Ella Young of Crane, are scheduled at 2 p. m. Sunday in the First Methodist Church of Abilene, with interment in an Abilene cemetery.
Young died early Wednesday morning in the DePauw Hospital, St. Louis, Mo., where he had been under treatment. Funeral services were held in Flora, Ill., a former home, before the body was sent to Abilene.
Survivors include the widow and young son; mother; six brothers, Gayle, J. D. Morris, Jesse, Paul and Otis, and three sisters, Mrs. I. R. Marr, Odessa; Mrs. A. G. Demoss, Angleton, and Mrs. Gladys Armstrong, Los Angeles, Calif.

- 15—Parker "V-S" Fountain Pen and Automatic Pencil Sets.

NOTHING TO BUY... JUST COME SEE A "MIRACLE" HAPPEN!

Now the Bendix automatic Washer does an extra job no other washer can do. With its revolutionary automatic soap injector, it does *its own soap!* Thus, the new Bendix is so automatic that—even with you away—it puts in its own soap, then soaks, washes, rinses, and damp-dries the clothes! It's so amazing you need to see it to fully appreciate it. And—when you do see it—you'll be so thrilled you'll have plenty to write about in this exciting contest!

And look at the GRAND PRIZE... A 12-DAY WINTER CRUISE TO HAWAII—for two!

Every winner of a HUDSON SEDAN stands a chance to win this Grand Prize, too. Yes, the best entry among those which win a weekly first prize will also receive this all-expense-paid Winter cruise, for two persons, including—

- Your trip to Hawaii, first class, on a Matson Line Luxury liner!
- Spend 7 wonderful days and nights at the Royal Hawaiian Hotel—with every service provided for.
- Fly back to the U. S. on a big, luxurious air liner.
- Have \$250 in "pocket money"—so you won't spend your own.
- All transportation and accommodations—for two—from your home to the Luxury Liner—and back to your home after the cruise!

ENTER NOW! CONTESTS END OCTOBER 16, 23 and 30, and NOVEMBER 6, 13 and 20

EASY TO ENTER!
See your Bendix dealer and watch a demonstration of the new Bendix Washer with the automatic soap injector. Then he'll give you an Official Entry Blank. In 25 words or less, finish the statement—"I like the Bendix automatic soap injector because...". Follow the easy contest rules, submit your entry accordingly, and you may be a winner. In fact, you may be the Grand Prize winner!

BENDIX automatic Washer
FOLLOW THESE EASY RULES
1. Go to your Bendix dealer and see a demonstration of the new Bendix Washer with the automatic soap injector. Your Bendix dealer will give you an Official Entry Blank. No blanks will be supplied by mail.
2. Complete this statement, "I like the Bendix automatic soap injector because..." in 25 additional words or less. If an additional sheet is necessary, please write on one side of a plain sheet of paper. Print clearly your name and address.
3. Mail to Bendix Home Appliances, Inc., Box 451, Chicago 77, Illinois. Be sure to use an Official Entry Blank. Only entries on Official Entry Blanks will be accepted.
4. Any resident of the continental United States may compete, except competitors of Bendix Home Appliances, Inc., its advertising agency and their families. Contest subject to all Federal and State regulations.
5. There will be six weekly contests, each with an identical list of prizes, plus a grand prize.
Grand prizes will be awarded after the final judging of the weekly contests is completed. ALL FIRST PRIZE WINNERS OF WEEKLY CONTESTS ARE ELIGIBLE FOR THE GRAND PRIZE.
Opening and closing dates as follows:
CONTEST OPENS CLOSES
1st contest Oct. 18 Oct. 24

Crane Services Held For C. E. Shirley

CRANE—Funeral services for C. E. Shirley, 47, were held Thursday at the Tabernacle Baptist Church and interment was in the Crane Cemetery.

Shirley died Wednesday at Sanatorium, Texas, where he was receiving treatment for a lung injury. Death was attributed to an acute heart attack.

Survivors include the widow; a son, Charles, and a stepson, Gene Johnson; his mother, Mrs. W. B. Shirley of Midland; sisters, Mrs. J. Hart, Midland; Mrs. Gregg Gibson, Fort Worth; Mrs. G. B. Ingram, Crane; Mrs. A. L. Higdon, Crane; Mrs. A. L. Cox, Grandfalls; Mrs. B. L. Higdon, Alpine; Mrs. Morris Ivy, Andrews; Ann Shirley, Fort Worth; Kathryn Shirley, Midland; and brothers, Seth, Amarillo; Dick, Guthrie; Euwel, Goldsmith; and J. B. of Wicket.

Funeral services were held at 10 a. m. at the Tabernacle Baptist Church, officiated by Rev. C. E. Hodges, C. W. Laird, J. W. Fisher and Sid Ervin.

VFW Auxiliary Has Meeting At McCamey

McCAMEY — The Auxiliary of the Young-McCollum VFW Post of McCamey met Tuesday night, with Mrs. Louise Gibson, president, presiding.

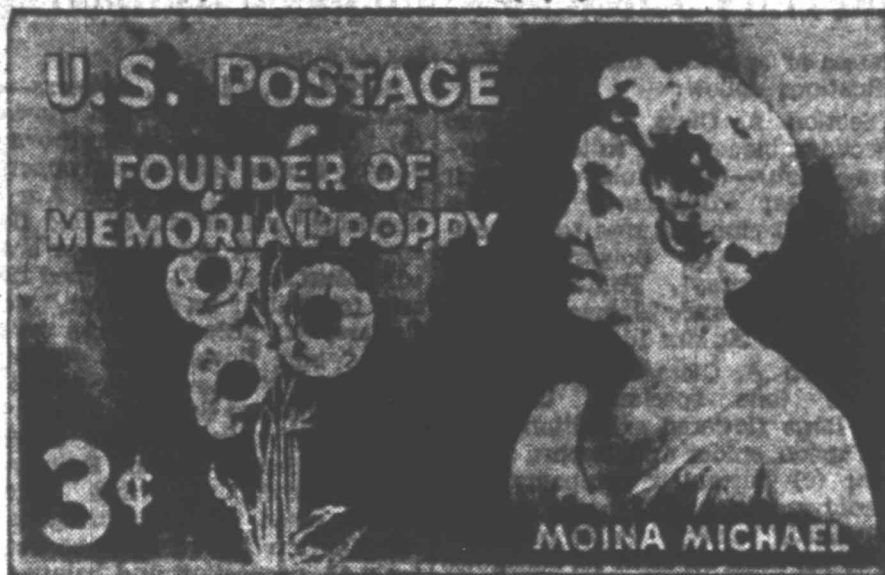

Two new members, Mrs. Eleonore Pope and Mrs. Irene Woods, were received into the organization by obligation.

Members decided to stage a bake sale Saturday morning, October 23. Reports were heard on the proposed building program and the city-wide cleanup campaign. Mrs. Mary Jo Hodges, secretary, read several letters from state and national headquarters.

Mrs. Pauline Powell and Mrs. Pope were named to serve on the organization's Iron Lung committee. Mrs. H. E. Cox was appointed chairman of the Poppy Sale Committee.

BABY'S CLOTHES
Choose baby's clothes for protection, comfort, and freedom. Clothes that have full-length front openings can save strain on both mother and baby.

Stamp Honors Poppy Founder

This three-cent stamp, honoring Moira Michael, who founded the memorial poppy tradition, will go on sale in Athens, Ga., on Nov. 9. The color will be announced later.

World's Greatest Make Comeback For Empty House

By JAMES D. WHITE
BIG SUR, CALIF. —(AP)—Every day off this lonely, rugged shore, one of the greatest shows on earth plays to an empty house.

This is the haqoum of the only sizeable herd of sea otters south of Alaska. Once hunted almost to extinction, this unusual animal is making a slow, protected comeback.

It still is shy. The herd of some 500 off Big Sur frolics safely out in heaving beds of kelp in the rocking swell, the otters roll and chase each other like fat kittens playing on a cozy hearth. They are graceful, highly streamlined creatures, and grow almost five feet long.

They loaf a lot, floating on their backs with their short forepaws and flippered hind feet stuck up in the air. When the sun's glare keeps them awake, they cover their eyes with their paws and go to sleep anyway.

Extra smart otters wind themselves up in a strand of kelp so the current will not wash them away from the herd during a nap.

This animal is born in the kelp and as far as anyone knows, lives and dies there. The California subspecies has not been seen ashore in a century. He can dive a hundred feet down for a juicy abalone or sea urchin, and when he brings his dinner up he lies back and enjoys it like a Roman emperor. He holds it in his "hands" and goes at it like a stenographer hitting into a drugstore sandwich.

Like clams, too, but the big ones are too tough to crack with his teeth. So he brings up a flat rock with the clam, floats on his back and places the rock on his chest and with both paws brings the clam down hard on the rock and breaks open his dinner.

Unhappily for photographers, these antics take place beyond the range of most cameras and are best watched through powerful binoculars.

However, Miss Edna M. Fisher, zoologist at San Francisco State College, has spent most of her spare time during the past decade studying the Big Sur herd. Her reports to the American Journal of Mammology are the source of most of the above details.

The sea otter always has been a charmer. For more than 200 years his quaint habits captivated the tough sea hunters of the Northern Pacific. There is no way deterred them from practically wiping him out along 7,000 miles of Pacific coast in a merciless pursuit for his valuable fur. The otter's fur was among the finest in the world. A single pelt would bring as much as \$100.

From Lower California to northern Japan, the sea otter lured adventurers. They wrote in their logs—along with their profits and shipwrecks—their amazement at the way this beast handled its food like a man, cared for its young like a woman, and behaved generally like a befurred mermaid.

War-time Friendships Renewed In Europe By Midland Women

By SUE COLEMAN

Renewing and extending friendships made during World War II with Britons who were stationed in the United States, Miss Mary Margaret Corbett of Midland and her mother and sister from Phoenix, Ariz., had a more than usually interesting trip to Europe recently.

Back at her desk as bookkeeper in the Western Clinic here, Miss Corbett has pleasant memories of visits in English and Scotch homes, as well as colored snapshots which she took of interesting tourist spots in the British Isles and on the continent in a trip that began July 1 and ended in mid-September.

She went with her mother, Mrs. H. L. Corbett, and sister, Babs Corbett. Living in Phoenix during the war, the Corbett family joined in RAF officers stationed there for training. Friends made then were revisited on the trip in Loughton, Essex, in Cheshire, and near Glasgow in Dumbaronshire, Scotland. They also got acquainted with a cousin of Mrs. Corbett who lives at St. Brivials, Gloucestershire.

Through visits in these homes they saw parts of the country which most tourists miss, as well as the more familiar spots, and they found the British hospitable and friendly though rationed. Miss Corbett was impressed with the Scotch highlands, where the heather was in bloom, but preferred the English scenery which was softened with more trees and shrubs.

She enjoyed the quaint thatched cottages in Devon and the even quainter thatched haystacks. She was informed that the residents there learned the technique of thatching by practicing on haystacks.

The Corbetts were taken by their cousin on a tour into Wales, and to see the ruins of Tintern Abbey and an oak castle.

The stop in Britain was made after they had taken a conducted tour of the continent, going through The Netherlands, Belgium, Luxembourg, France and Switzerland. In Brussels they met another friend, who was in the United States consular service there.

Paris Not Disappointing

They liked the general cleanliness and the pleasant people of The Netherlands, the picturesque hills and bridges of Luxembourg, the magnificent Alpine scenery in Switzerland in spite of rain which fell during most of their stay there, and they were not disappointed in Paris although it still shows some scars of war.

They had planned to visit the cemetery where General Patton and other United States war dead are buried, but found it closed because bodies were being exhumed for return to America. And they found some regret that the bodies were being moved, as each grave had been "adopted" by a family of the neighborhood who cared for it and kept flowers on it.

The best laugh of their trip came when they went to a theater in Edinburgh, expecting to see an operetta performed by a Swedish company. Instead, there was an American company performing a musical comedy—about Texas!

Parents Blamed In Report For Child's Ignorance Of Sex

By DAVID TAYLOR MARKE
AP Newsfeatures

Let's take the shroud off sex, bring it out in the open and treat it as normal, natural and beautiful instead of keeping it hidden and taboo and thus making it, as it has been in the past, a source of confusion, mystery, and often fear," says a Colgate University report which has just come to my desk.

The report was prepared by a senior, John M. Walker, under the supervision of the Education Department, and places the responsibility for sex ignorance among students ranging in age from 18 to 30, squarely upon the shoulders of the parents and the teachers.

The report says that the greatest sources of sex information came from friends of their own age and older boys and girls.

"This seems due to the fact that neither the parents nor the schools provided adequate information."

Neither home, school, church, nor college, says the report, can be solely responsible for this program of education. It is one in which all must have a part. Perhaps the most important of all will be to anticipate children's needs for information as they are emotionally mature enough to receive it.

On the same subject the American Social Hygiene Association says:

"Youth faces many problems of personal and social adjustment, those growing out of the sex factor are among the most difficult and vital. Young people themselves as well as parents, teachers, ministers, physicians, recreation leaders and social workers recognize the importance of education in this area; but many well-intentioned people lack a clear basis of understanding of objectives, content, methods, and personnel to meet this need."

The American Social Hygiene Association, mentioned above, with 34 years' experience, is ready to help parents, youth leaders and community groups. Their films and pamphlets can be secured from national offices at 1790 Broadway, New York.

One pamphlet they issue is called Publication No. 778, "A Formula for Sex Education." It offers in capsule form the kinds of things children of various age groups should know about sex, habits that should have been formed, and tastes, preferences and attitudes at the various levels of development.

Another good source is the United States Public Health Service, which offers films and literature for the asking.

Voluntary and independent agencies like the local parent-teacher associations, the Y.W.C.A. and the Y.W.O.A. and the local Social Hygiene Society are also prepared to aid both parent and school.

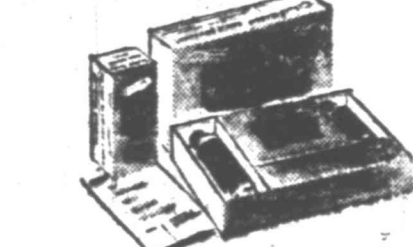

Junior Tournament Winners Will Get Trophies At Dinner

Trophies will be presented the winners in a recent junior golf tournament at the Midland Country Club, as a feature of a buffet dinner in the club house Sunday evening. The dinner will follow Scotch foursome play scheduled to start at 3 p. m. for adult golfers in the Country Club.

Roane Puett was winner of the championship flight for the juniors, and Bill Franklin was runner-up and medalist. Others to receive trophies are Roy Kinsey and Doyle Patton, winner and runner-up in the first flight; Bill Erskine and James Patton, winner and runner-up in the second flight.

All the boys who played in the junior tournament are invited with the winners to the dinner Sunday. The others are Teddy Kerr, Buzzy Bray, Tim Cornwall, Joe Mims, Ray Leggett and Jay Coleman.

Suicide Boat To Visit Midland

A Japanese suicide PT boat, known in Japan as the "Shinyote," will be on exhibit Wednesday and Thursday in downtown Midland. The boat is 18 feet long and is powered by a Japanese built copy of the American six-cylinder valve-in-head engine. The PT boat was captured intact at Anami Oshima in the Ryuku Islands, and brought to this country by the Navy Department for test and observation. It now is on loan to the Navy Club of the United States of America and is being toured nationally. The Navy Club is an accredited non-profit veterans' organization. The exhibit, to be located at the corner of Main and Texas Streets, will be open to the public. There is no admission charge, but voluntary contributions will be accepted for the Navy Club's welfare and rehabilitation program.

Flower Show Rules And Entry Schedule Announced By Sponsoring Garden Clubs

Rules and the schedule of entries for the annual Flower Show programmed by garden clubs of Midland for October 28, have been announced by the show committees, of which Mrs. C. P. Yaden is general chairman.

The Midland, Texas, Yucca and Perennial Garden Clubs are sponsors of the show, to be held in the American Legion Hall. Entries are open to all Midland County residents, whether or not they are members of a garden club.

"Sunset on the Prairie" will be the theme of this year's show. It will be open to the public from 1 p. m. to 10:30 p. m.

Rules of Exhibit

General rules which govern all exhibitors are as follows:

1. Only amateurs are eligible to enter the show. (An amateur is anyone who does not grow and offer either plants or blooms for sale.)
2. Entries will be received from 8 a. m. to 10 a. m. Thursday, October 28. Late entries may be displayed, but must be marked "Not for competition."
3. The Flower Show will open to the public at 1 p. m.
4. All specimens must be grown in the exhibitor. All other flowers must be grown in Midland County.
5. All specimens must be displayed in quart milk bottles. Bottles not picked up after the show will be disposed of by the Flower Show committee.
6. An exhibitor may make only one entry in each subdivision of a class.
7. No exhibitor may have more than 16 entries in the show, and at least one quarter of the entries in the Artistic Arrangement section.
8. The exhibitor may use grasses, foliage or accessories to add to the artistic effect of any arrangement in any class.
9. The ribbon, and state conservation material will be barred on any competitive entry.
10. The decision of the judges shall be final. Judges may withhold awards where there is no entry of show caliber. In a subdivision of a class where three exhibits or less are shown, the judges may award prizes at their discretion. Exhibits are judged, not against each other but against perfection.
11. All persons except the Flower Show chairman, clerks, the photographer and the judges shall be excluded from the show while the judging is taking place. No person may serve as judge or clerk of a class who has entries in that class.
12. Entries not made according to the schedule will be automatically disqualified for awards, but may be displayed.
13. The show committee is not responsible for containers and other property, although reasonable care will be exercised. All items should be marked with the owner's name.
14. Exhibits may not be removed until the close of the show at 10:30 p. m. October 28 and must be removed by 10 a. m. October 29.
15. In case of close competition, named or new specimens will be given preference.

Specimen Entries

The schedule of entries starts with Section A, the horticultural classes or specimen exhibits. Classifications follow:

Section A, Class 1, Roses (one specimen bloom, half to three-quarters open)—(a) pink; (b) red; (c) white; (d) yellow; (e) two-toned; (f) climbing rose (one specimen spray); (g) polyantha (one specimen spray). Point scoring—form 25, substance 20, color 25, stem and foliage 20, size 10.

Section A, Class 2, Chrysanthemums (one specimen bloom)—(a) large flowered exhibition type; (b) spoon, spider and feather varieties; (c) button or pompons (one specimen spray); (d) single variety; (e) hardy variety. Point scoring—color 25, form 20, stem 10, substance 20, foliage 15, size as to variety 10.

Section A, Class 3, Dahlias (one specimen bloom)—(a) large decorative; (b) cactus variety; (c) miniature variety; (d) pompon. Point scoring—color 20, substance 20, form 20, size according to variety 15, stem and foliage 15, condition 10.

Section A, Class 4, Cannas (one specimen stalk)—(a) red; (b) yellow; (c) pink; (d) variegated; (e) orange. Point scoring—quality and condition 25, clearness of color 15, number of blooms 25, stem and foliage 15, size 20.

Section A, Class 5, Zinnias (one specimen bloom)—(a) giant dahlia type; (b) fantasy; (c) dwarf. Point scoring—condition (no scorching) 30, form and depth 25, color 20, center 15, stem 10.

Section A, Class 6, Marigolds (one specimen bloom)—(a) large flowered; (b) dwarf; (c) chrysanthemum type. Point scoring for marigolds and the remaining classes in Section A—color 25, substance and texture 20, size according to variety 20, form 15, stem 10, condition 10.

Section A, Class 7, Petunias (one specimen stalk)—(a) single; (b) single ruffled; (c) double ruffled.

Section A, Class 8, Cosmos (one specimen spray)—(a) single; (b) double.

Section A, Class 9, Dianthus—(a) carnation (one specimen bloom); (b) pink one specimen stalk; (c) Sweet William (one specimen stalk).

Section A, Class 10, Mexican Sunflower—(a) thionia (one specimen bloom).

Section A, Class 11, Golden Glow (one specimen stalk).

Artistic arrangements of flowers, fruits and vegetables will be entered in Section B, classifications

are as follows:

Section B, Class 1, Flowers—(a) "Red River Valley," red flowers; (b) "Gold Mine in the Sky," orange and/or bronze flowers in copper or brass containers; (c) "You Are My Sunshine," yellow and/or gold flowers in container not copper or brass; (d) "Maxwell Rose," two-toned flowers; (e) "Silver on the Sage," white flowers; (f) "Blue Shadows on the Trail," blue flowers; (g) "Twilight on the Trail," rose and/or pink flowers; (h) "When the Bloom is on the Sage," violet and/or grey flowers; (i) "The Always Chasing Rainbows," mixed colors; (j) "San Antonio Rose," roses. Point scoring—color combination 15, relation to receptacle 15, proportion and balance 25, distinction and originality 20, suitability of combination to material 15, condition 10.

Section B, Class 2, Vegetables—point scoring—color combination 20, relation to receptacle 20, perfection according to variety 15, proportion and balance 15, distinction and originality 20, condition 10.

Section B, Class 3, Foliage. Point scoring for this and remaining classes in Section B same as for vegetables.

Section B, Class 4, Berries. Section B, Class 5, Fruit.

Unusual Arrangements. Section C, miniature arrangements (not over three inches high or wide). Point scoring—color combination 20, proportion and balance 25, distinction and originality 25, relation to receptacle 20, condition 10.

Section D, tea-cup arrangement (not over eight inches high or wide). Point scoring—color harmony and combination 30, proportion and balance 25, distinction and originality 10, relation to receptacle 15, suitability of combination of material 10, condition 10.

Section E, Mine Trees (must be made by exhibitor). Point scoring—proportion and balance 25, workmanship 25, distinction and originality 20, combination of materials 10, suitability of receptacle 10, suitability of accessories 10.

Section F, slipper arrangement (not over 12 inches high or wide). Point scoring—same as for miniatures.

Section G, Junior division, first through eighth grade. Class I, artistic arrangement. Point scoring—same as in adult division.

Section H—Educational exhibit, Care and Culture of the Lawn.

ity of combination of material 10, condition 10.

Palette Club Goes On Outing To Ranch

Instead of their usual weekly meeting in their studio on North Colorado Street, Palette Club members were guests Thursday at the B. W. Golladay ranch. They spent the day sketching and painting ranch scenes.

In the group were Mrs. E. O. Messersmith, Mrs. H. T. Davenport, Mrs. F. H. Lambson, Mrs. D. B. Snider and Mrs. Zo Thayer.

The club will have a special business meeting after its 12 o'clock luncheon next Thursday, in the studio.

WE the WOMEN

By RUTH MILLETT
NEA Staff Writer

A political writer comments that it was a smart move for President Truman to take his daughter, Margaret, along on his cross-country campaign trip, because, he says, the President is always in high spirits when his daughter is in his company and he appears more at ease and more confident when she is at his side.

There's a challenge for you, girls. Could the same thing be said of you?

Do you perk up your parents or let them down? Do you add to their feeling of self confidence, or consistently tear it down?

Maybe it has never occurred to you that parents need any build-up from their children or that anything you say or do could affect their self-confidence one way or the other.

Doesn't occur to some of you? It obviously doesn't occur to a lot of girls. Otherwise they wouldn't be quite so free in their criticism of their parents. They wouldn't be quite so ready to accuse them of not understanding, of having old-fashioned ideas. Not would they ask, "Why can't we do things like the Joneses? They never do such-and-such," which is bound to make parents, at least momentarily, feel like failures.

Today's parents are pretty good about trying to help their kids gain confidence and feel sure of themselves.

But all too often when the kids reach a certain age they turn around and by their critical attitude weaken their parents' confidence in themselves.

FLANES WILL SCATTER FLOWERS OVER GULF

NEW ORLEANS — Navy planes will swoop low over the Gulf of Mexico Sunday, October 24, to scatter blankets of flowers in remembrance of heroes from Texas, Louisiana, Arkansas and Oklahoma who were buried at sea.

The traditional Navy Week ceremony will be preceded by memorial services here and at Corpus Christi, Texas, Rear Adm. L. F. Reifsnider USN, Eighth Naval District commandant, said.

Similar services will be held in 24 other U. S. and foreign ports.

Crane LLL Class Holds Business Meet

CRANE—The LLL Sunday School Class of the First Baptist Church met Thursday afternoon at the church annex for regular monthly business session. Meeting time was changed to the first Tuesday night in each month instead of the usual Thursday and a Halloween party was scheduled for October 28. Husbands of the class members will be invited.

Completing organization, the following were elected to office: class ministries vice president, Mrs. H. L. Wood; stewardship vice president, Mrs. J. F. Branam; secretary, Mrs. L. E. Russell; assistant secretary, Mrs. George Ashburn.

Mrs. Verna Russell presided. Hostesses were Mrs. Caldwell and Mrs. H. B. Baker. Cokes and party sandwiches were served to Mrs. Jessie Webber, Mrs. Ashburn, Mrs. M. H. Barron, Mrs. B. F. Hale, Mrs. W. R. Crownover, Mrs. Branam, Mrs. Baker, Mrs. Russell and Mrs. Caldwell.

Pipe Cleaners Are Handy Beauty Aids

Aid to the home-pedicurist are pipe cleaners which keep toes spread apart until wet nail polish dries.

BY ALICIA HART
NEA Staff Writer

The girl who takes her own pedicure in hand will welcome a practical hint which helps prevent polish smears. Use pipe cleaners to spread toes apart and keep them that way until polish dries on nails. One pipe cleaner used for each foot to separate toes by bending the fuzzy sticks of pliable wire under one toe and under another will do the trick of keeping wet nails from merging.

This tip comes courtesy of Barbara (June Bride) Bates, who offers more good reasons for making your dad's supply of pipe cleaners. One serves the useful function of keeping stray bobble pins ringed together. To make a holder for bobble pins, shape a pipe cleaner to form a ring, and twist the ends together to hold it in that shape.

MONDAY

Woman's Council of First Christian Church will meet in the church for a covered dish luncheon and book review.

Circles of First Baptist Women's Missionary Union will meet at 3 p. m. for Bible study; Lockport Circle with Mrs. W. J. See Midland Hardware & Furniture Company's Exquisite

Style parade of Carpets

The Newest, Most Fashionable Carpet of Famous Makers

Like a jewel, a woman looks best in a lovely setting. What more perfect setting for you than your home, faultlessly furnished—beautifully carpeted by our decorating staff here at Midland Hardware and Furniture Company? Picture that room of yours carpeted wall to wall with exquisite textured carpet of famous decorators from such treasured names as: Gulistan, Mohawk, Firth, Alexander Smith, Nye Wait and many others to be found in Midland Hardware and Furniture Company's style parade of carpets. Imagine the deep, sculptured weave capturing the play of light and shadow—making your room look larger, more luxurious than ever before. Or perhaps you'll want one of Midland Hardware and Furniture Company's other gorgeous carpets, priced from a budget wise \$3.95 per yard up. And when you come to see our beautiful style parade of carpets, ask about our free decorating advice, and expert carpet laying service.

See the new textured and sculptured carpets—the smartest thing in years! See the exciting new 18th Century florals, the quietly elegant tone-on-tone designs. See carpets in a rainbow of decorator shades . . . others in clear new colors keyed to B.H.F. (Basic Home Furnishings) which make it easy to choose other home furnishings that go together perfectly.

In 3/4 goods we offer rose, beige or green fine blended wool, fast dyes woven to make a very tough piece of carpet containing many thousands of tufts per square yard.

Only **\$3.95** the yard.

Broadloom in beige background with lovely floral design. Will wear many years and still retain all its lovely beauty. Of fine domestic and/or imported wool.

Only **\$5.95** the square yard.

One of the best offers this year in broadloom carpeting. Deep rose, beige, and brown and beige for your selection.

Only **\$6.15** per square yard.

We offer a rose beige WILTON in a beautiful design for

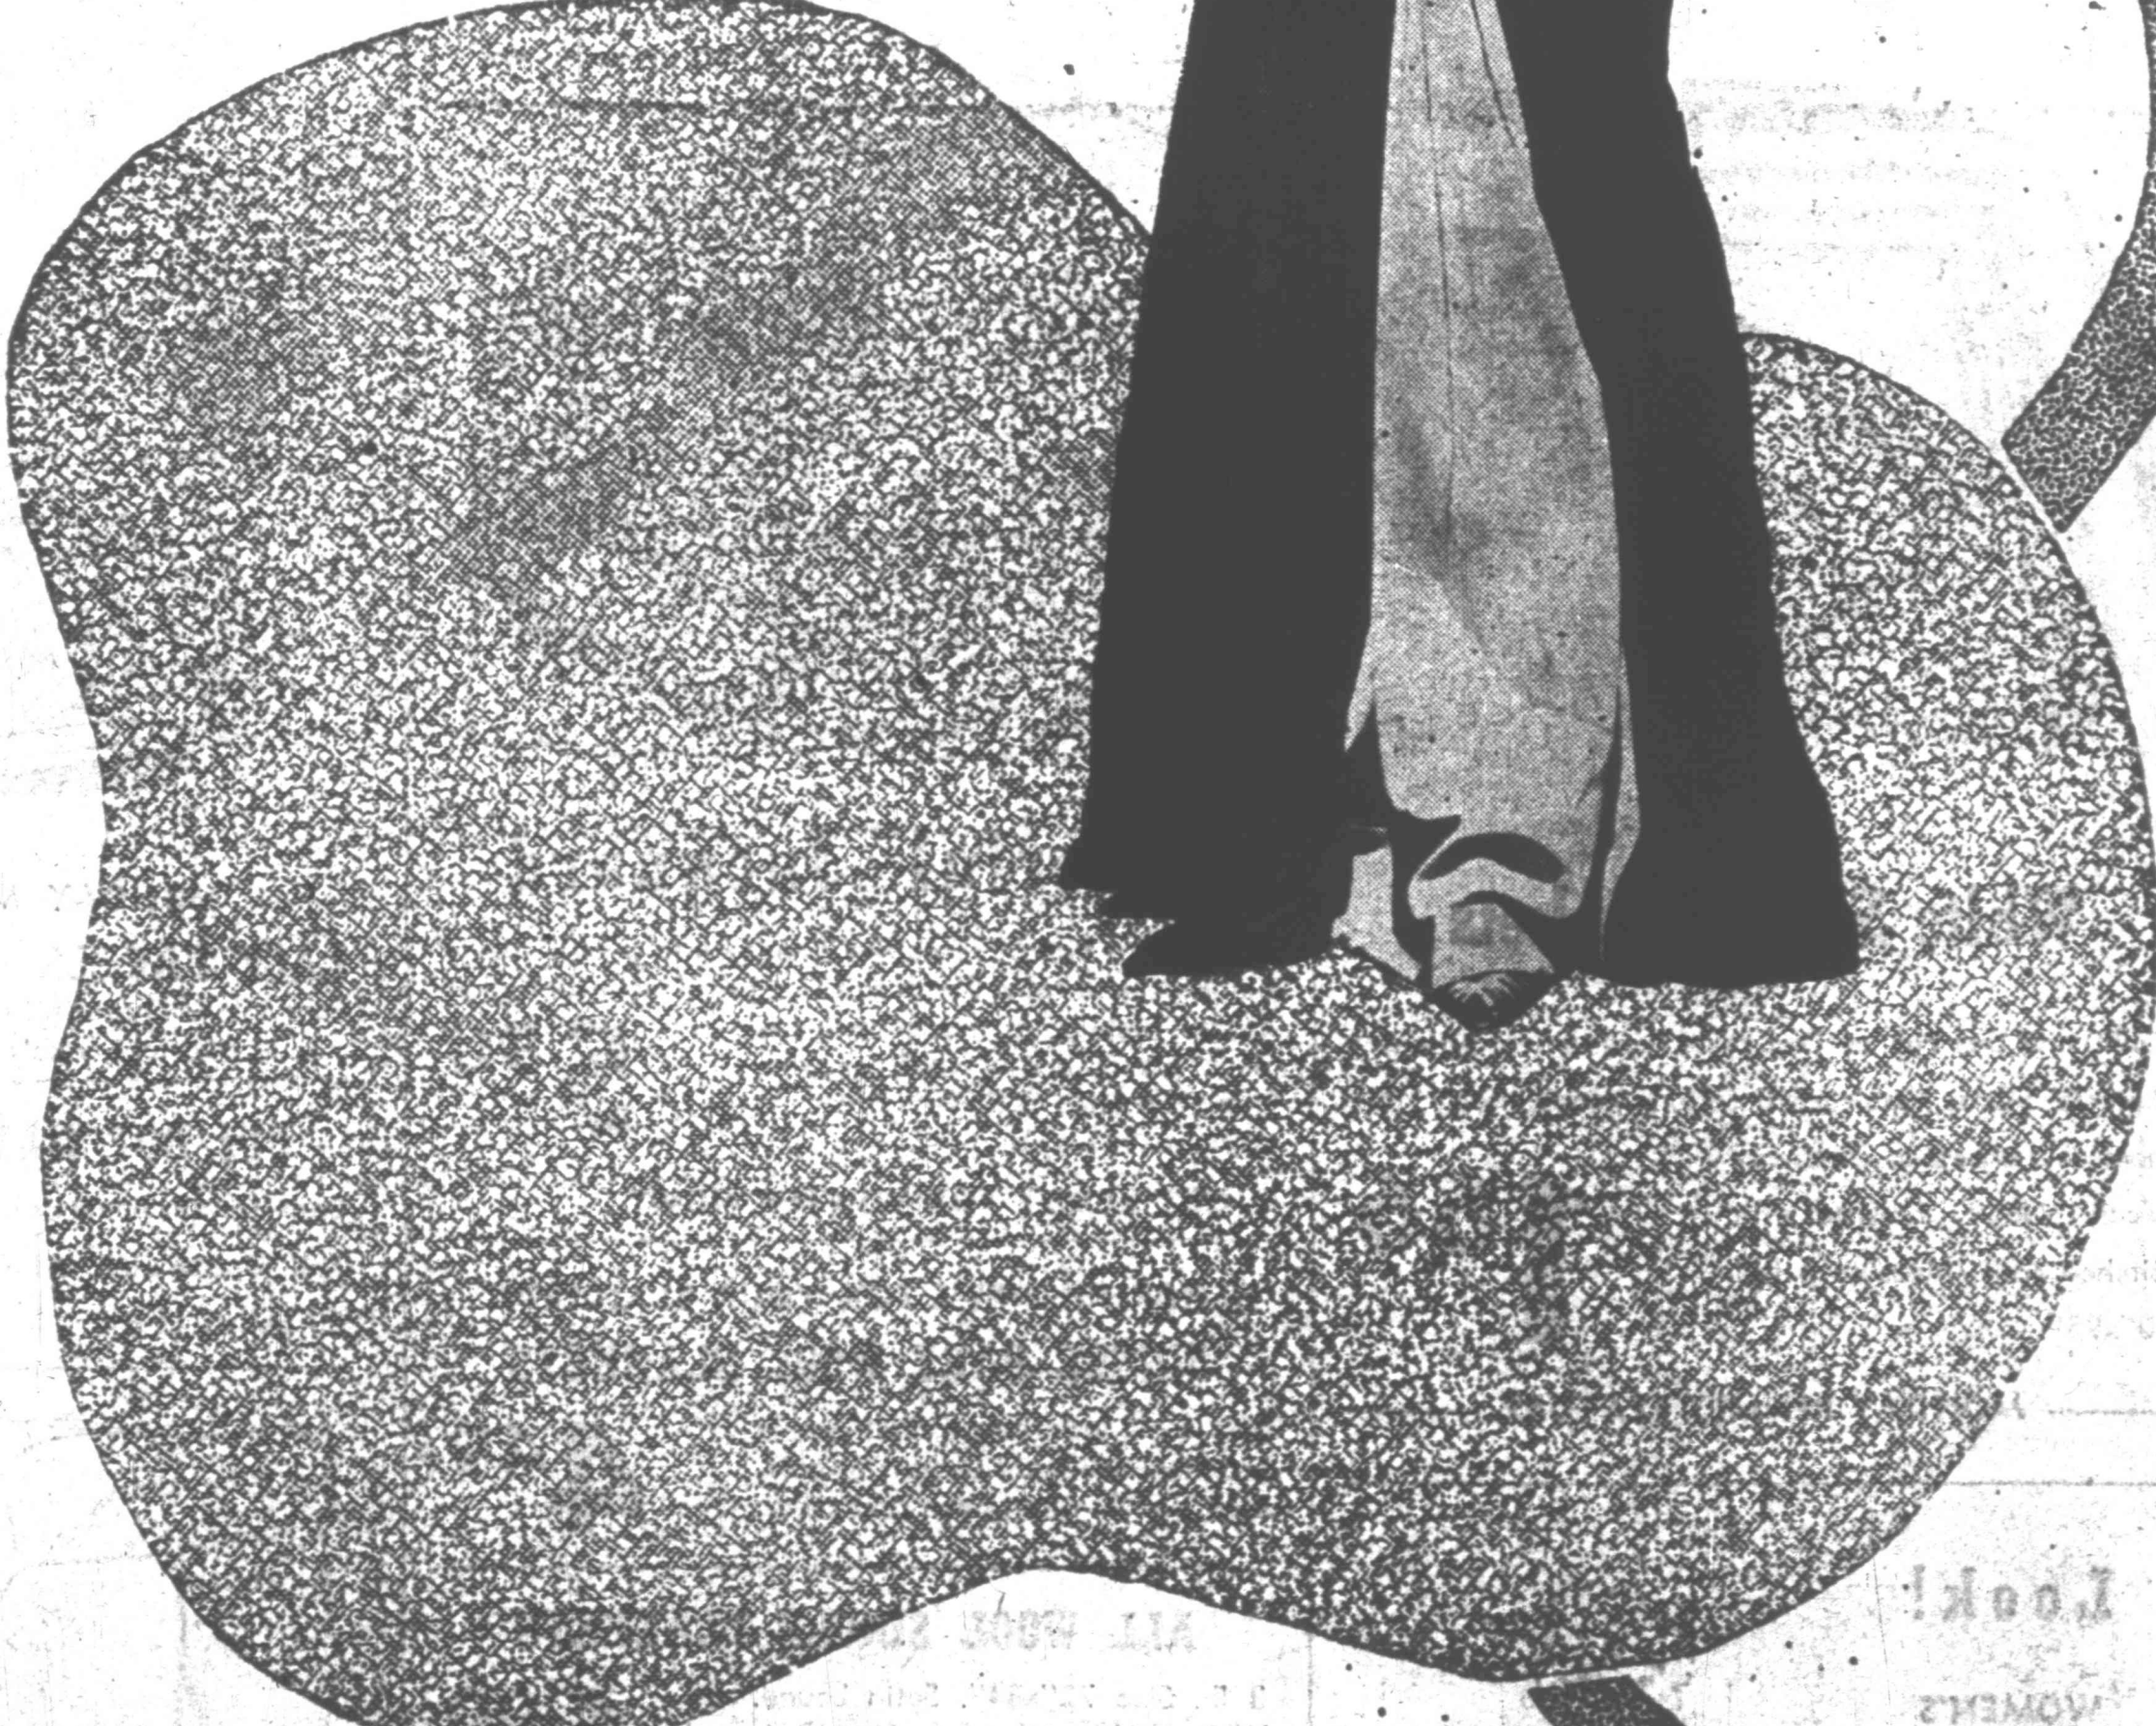

only **\$8.25** the square yard.

Many other values of equal significance await you in our floor covering department.

It's not just hearsay, we offer the greatest selection of room size rugs to be found in greater West Texas. Check these.

9x12 Wool **\$39.50** 9x12 Wool **\$49.50**
9x12 Wool **\$59.50** 9x12 Wool **\$69.50**

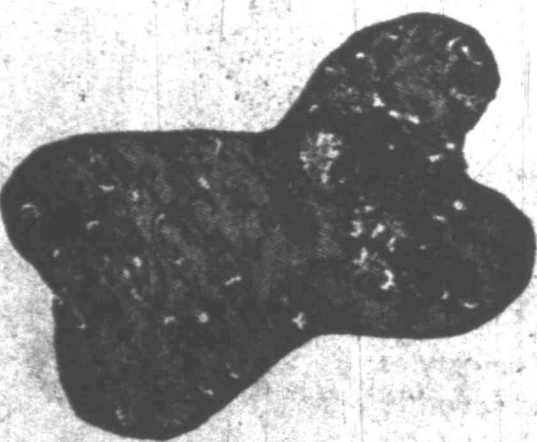

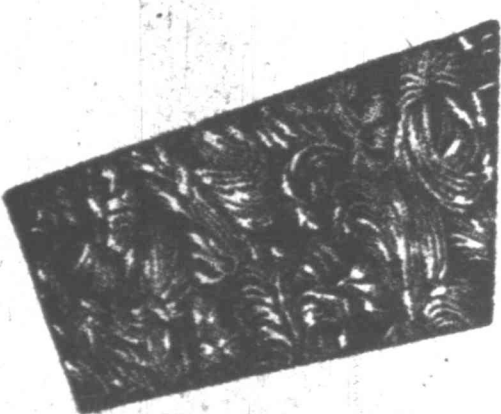

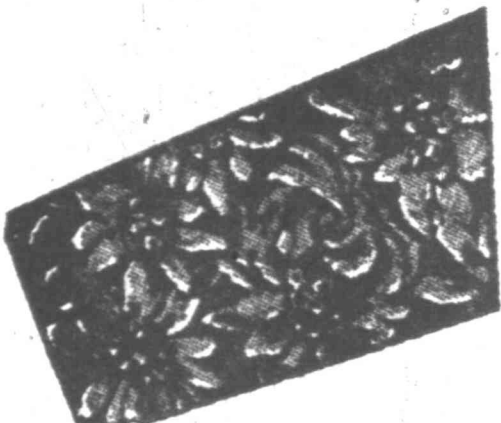

These rugs are floral, tone-on-tone, all over design and American Oriental.

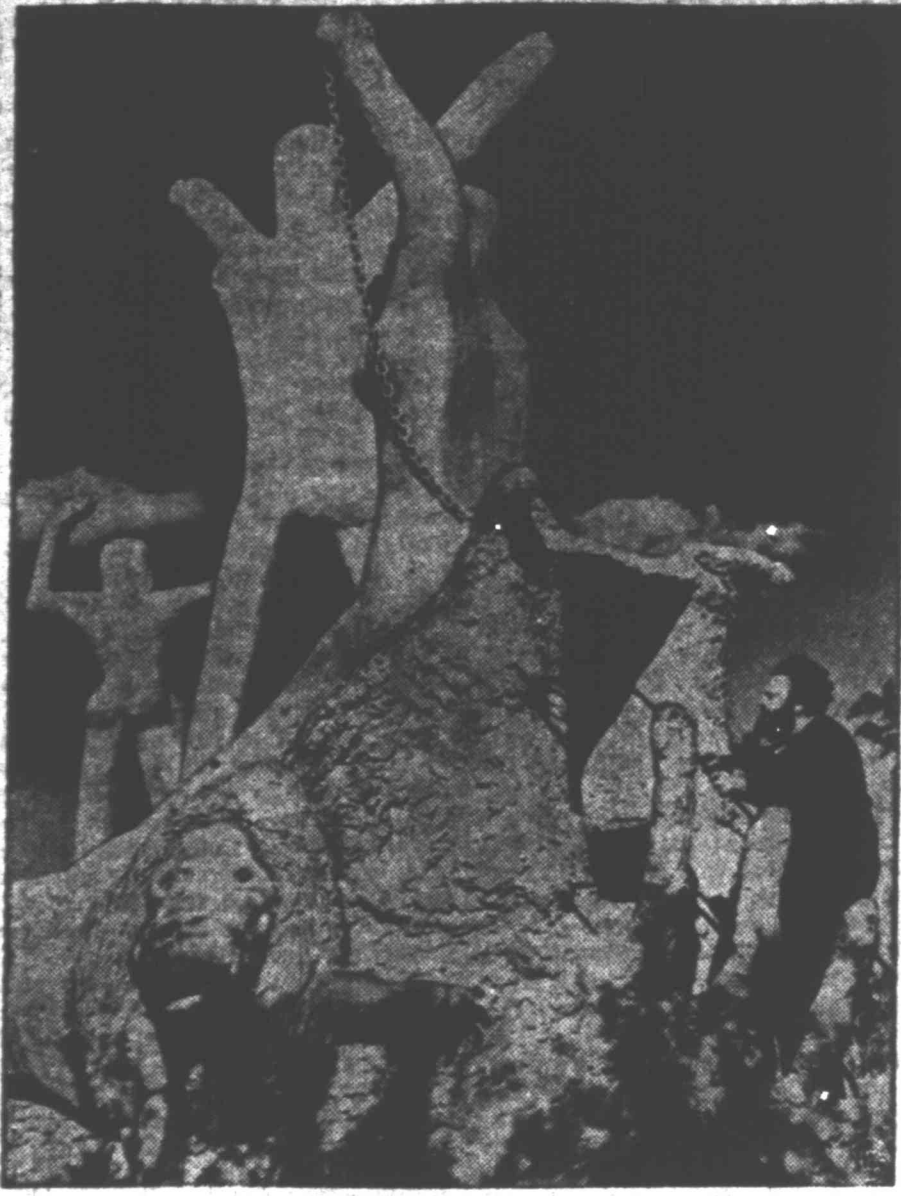

WIN A BEAUTIFUL 9x12 GULISTAN RUG ABSOLUTELY FREE! . . . \$129.00 VALUE!

All you have to do is guess the number of tufts contained in a square yard of carpet now on display in our show window. See our window, then fill out the coupon shown in this ad and present it to any of our salesmen in the furniture department. The first submitted correct or nearest correct coupon will be judged the winner. Decision of the judges will be final. (Coupons can also be obtained in the furniture department.)

Sculptor Jack Bilbo stands beside his latest creation in Surrey, England. "Sanctuary" is 132,000 pounds of stone, designed to prove man's inhumanity to man. The sculptor, who wrote "I Carried a Gun for Al Capone," presented the statue to the English people as a gift.

Battle For Original House Design Is Making Headway

WASHINGTON, D. C.—The battle for original house design, stressing true American ideas, is progressively favorably, American architects are swinging away from the old-fashioned structural plans, which were expressed here in what is known as the Cape Cod or Colonial type home. Henry Wright, managing editor of The Architectural Forum, makes these observations in his article appearing in the October issue of The Appraisal Journal, published quarterly by the American Institute of Real Estate Appraisers. The AIREA is an affiliate of the National Association of Real Estate Boards.

While the struggle for acceptance of the so-called "contemporary approach" is meeting resistance from various forces, Wright says in his article, entitled "Trends in Architecture," "it is gratifying that the battle for better house design is today so nearly won.

What is significant is that today's trend is toward a stylized and quite suitable expression of present-day building techniques and the practical problems we are called upon to solve in housing." In this respect, the contemporary house is a

more legitimate off-spring of early American architecture than the type of house that has so long masqueraded behind a false face labeled Colonial or Cape Cod.

According to Wright, who is considered a leader of architectural thought in this nation and an authority on use of solar heating, the result of this swing towards development of our own styles has been the construction of "the best houses the country ever has produced." The author says such a statement can be supported by the fact that these newly conceived homes are "more comfortable, more thoughtfully planned, more compact, better lighted, more open and attractive, and easier to care for."

Modern contemporary homes are "honest houses, designed to satisfy real needs simply and without sham," Wright points out. He adds that present-day architects are not catering to "momentary literary flights to Spain or medieval England. They seek no escape from the realities of family living in a United States suburban neighborhood in the year 1948."

Referring to the problem which confronts the mortgage lender with respect to this new type home, the architect says, "The lender is, of course, more conscious than anyone in the whole building picture of the question of resale value and the conservatism of the prospective purchaser where substantial sums are at stake.

MIDLAND, TEXAS, SUNDAY, OCTOBER 17, 1948

SECTION THREE

Pre-Winter Repair Of Home Urged

Fall offers the last chance for home-owners to repair their houses before cold weather arrives. Building experts point out that living comfort is sacrificed if repairs are not made promptly and that winter makes work on the exterior of a house more difficult.

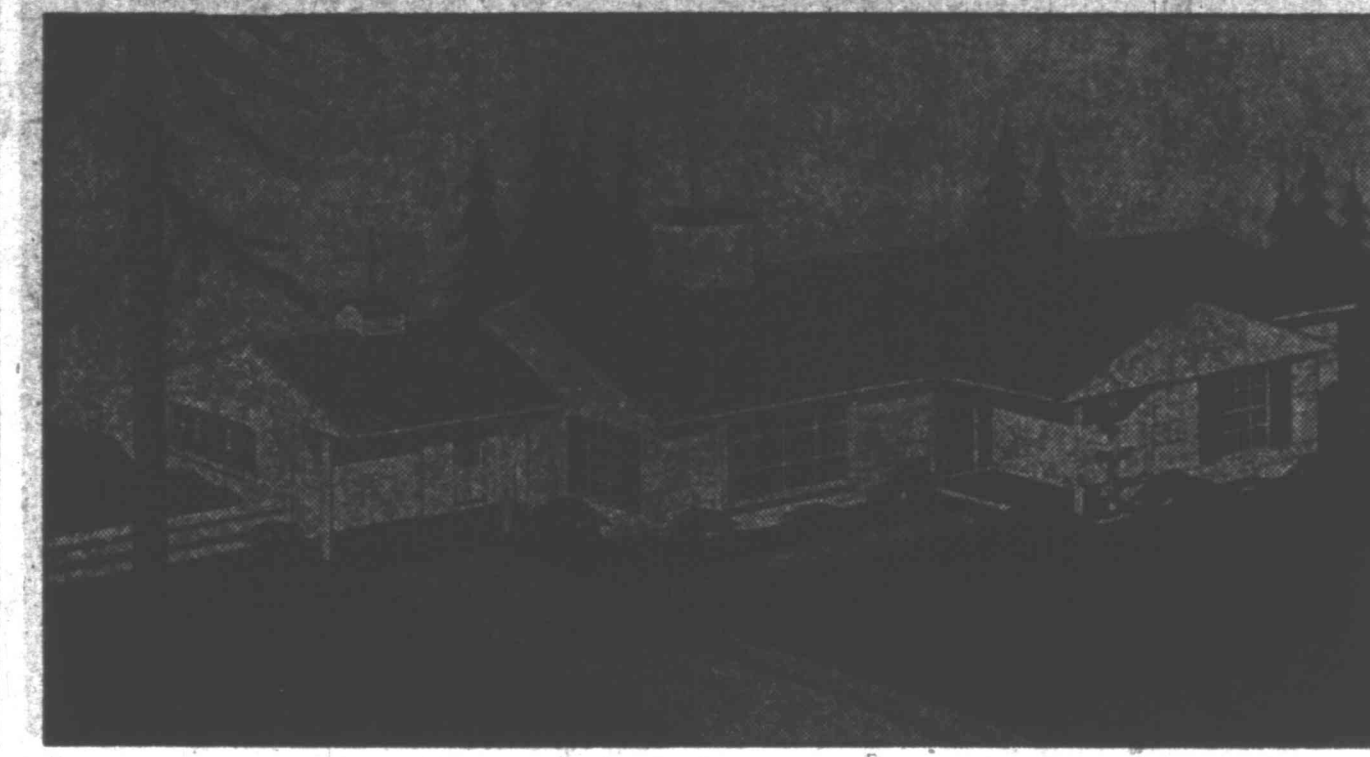

It is advised that every home-owner inspect his house, even though repairs are not known to be needed. Authorities say that falling objects and the damage is confined to one spot on the roof, repair sometimes is possible. However, if the roofing is in generally poor condition because of normal wear and tear, reroofing is advisable.

Reroofing Advised H. R. Snoko of the National Bureau of Standards says, "There comes a time in the life of the roof on every permanent structure when it is no longer serviceable or economical to effect repairs and, when that time comes, reroofing is the only solution."

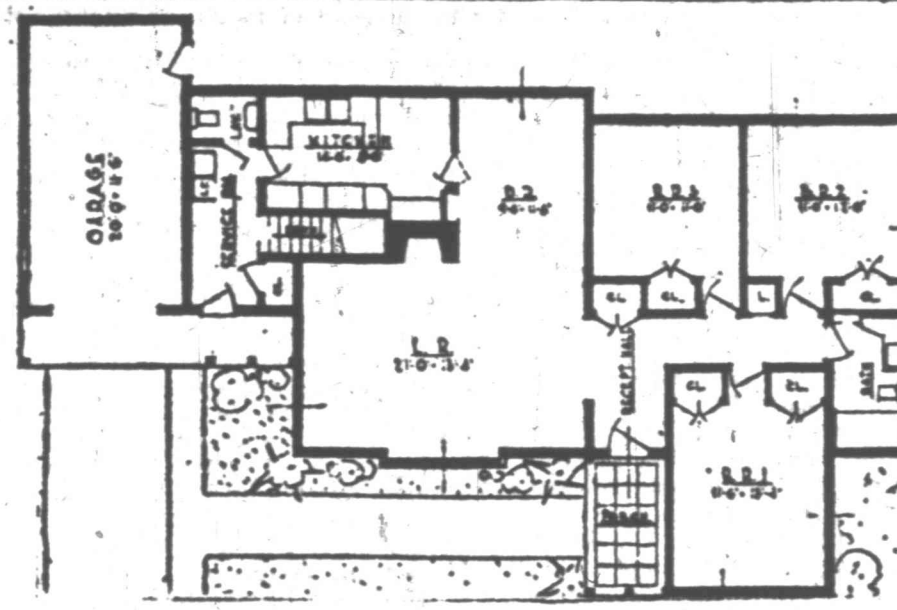

Building experts point out that some roofing, such as asphalt shingles, can be laid on top of the old roofing to simplify application and make a stronger roof.

Heating systems should be cleaned before the weather becomes so cool that a fire must be kept burning constantly. A clean furnace will provide better heat, use less fuel and last longer than a dirty heating plant.

Ranch House Suits Informal Living

A style of home which has become increasingly popular in this section during the last several years, the ranch house offers architectural informality and single-floor spaciousness to fit the mood of modern American living. This example of ranch house planning is suitable for a 70-foot lot. The exterior siding is white, water-proofed cedar block or white clapboards. The roof is fire-resistant asphalt shingles. The garage and basement are optional. In the living room, the fireplace and the wide front window are opposite each other, permitting easy arrangement of furniture.

Texans In Washington

West Texas Girl May Get War Refugee As Companion

By TEX EARLEY

WASHINGTON—(AP)—A 14-year-old Texas girl, crippled by infantile paralysis, may get a European war refugee as her companion and aide.

An application by her father, an Abilene oil operator, is one among scores of offers of homes and jobs which Texans are making to Europe's displaced persons through the Displaced Persons Commission.

Under an act of Congress this year, 265,000 such persons are to be admitted to this country during the next two years. The commission set up headquarters recently to receive applications from citizens who want to sponsor the admission of specific aliens and will be responsible for them.

The request of the West Texas oil man said:

"We have a 14-year-old daughter who is afflicted with polio.

"We are in need of a young woman, a companion strong enough and intelligent enough to help her. Her living quarters would be far above average and her pay would be on the basis of that of domestic help in this district, which runs from \$15 to \$25 per week, plus living quarters and board. x x x

Travel Opportunities. x x x "The position would offer travel opportunities and educational opportunities."

Almost every application is a stirring story in human relations. Quite a few, however, are filed by individuals who want refugee families to settle and work farms in a share crop basis.

One of the most unusual applications from an army private stationed at Fort Sam Houston, San Antonio.

He is 28, himself a newcomer to America from Germany. His mother still is in Berlin; he hopes she soon may cross the Atlantic.

Two years ago he was still in Germany. He had been captured by the Russians near the end of the war, and released with the end of the fighting. Because of a brilliant background, he was picked by UNRRA to attend Heidelberg University.

Then he was permitted to enter the United States with his young wife early last year. He carried with him a letter signed by an American official in Heidelberg, which called him a "superior person in all respects."

Last January the young man joined the U. S. Army and is studying to be a medical laboratory technician. He hopes eventually to be a doctor.

Writing the DP commission, he said:

"My mother is my only dependent still in Berlin, Germany. She has no one to turn to for support in any other winter there."

case of need. Because of the new currency reform in Germany, she no longer has an income from her profession as a dressmaker.

"I feel that you will think it a reasonable desire on my part to have my mother join me in this country."

The mother wrote the American consul in Berlin:

"My husband, _____ was a Jew. x x x My late husband had read Hitler's book 'Mein Kampf' in 1930, whereupon he said: 'They shall never get me,' and took poison.

"After his death I brought my son as well as I could working as a dressmaker to support him and myself."

Commission authorities informed him that he would have to be in the army three years before he could become an American citizen, and thus in a position personally to sponsor his mother's admission.

The case still is pending, however, while a study is made to see if any other approach might be taken to the problem.

Cotton Farm

An ex-service man living on a rural route out of Austin told the commission he has a 457-acre cotton farm which supported 6 or 7 families before the war.

"The land has been idle for the last several years," he said, "for lack of suitable tenants. Here is vacant housing, vacant land, an unusual opportunity—apparently just the situation contemplated by the Displaced Persons Act. x x x

A man at North Pleasanton, Texas, wrote in that he owns a 150-acre tract in central Arkansas "that would amply take care of two good sized families." There are two farm houses on the land, 20 acres of which is timber.

An El Paso Baptist minister wrote in on behalf of a "respected citizen" of the city who had come originally from Poland.

Killed By Germans _____'s family connections, consisting of almost 200 persons, were killed by the Germans, except this family of four which is now living in Bismarckstrasse, Stuttgart, Germany," said the clergyman.

He then named the four relatives, including a two-year old girl born in a concentration camp, and asked that they be granted admission.

From Sweetwater came a letter in which the writer asked:

"Is there anything we can do to help get three friends (husband, wife and son) who are in a DP camp in the American zone in Germany? We will be responsible for them.

"Of course, like everyone else we are wanting them as soon as possible, so they will not have to spend one to turn to for support in any other winter there."

Storage Wall In Garage Suggested

The nuisance and clutter of articles stored haphazardly in the garage can be eliminated. A storage cabinet neatly for bicycles, sports and camping equipment, lawn tools and other articles difficult to store elsewhere.

Two feet is a good depth for the storage wall, and it should be at least four feet high and run the full length of the garage. It should have shelves and compartments to fit the various articles and be equipped with doors for dust protection and to avoid unsightliness.

FLOORS REQUIRE PROPER VARNISH

In finishing an oak or other hardwood floor with varnish, flooring experts say, it is wise to make certain that the varnish selected is recommended specifically for that use. So-called "purpose" varnishes, while entirely satisfactory for many jobs, are not suitable for finishing hardwood floors. They lack the durability possessed by floor varnish. Properly waxed and cleaned at regular intervals, a varnished oak floor will retain its luster for long periods without re-finishing.

Official records of the proceedings of meetings were originally called minutes because they were recorded in minute or small writing, and later transferred in a larger hand.

Prepayment Clause Is Aid To Borrower

Unless stipulated in the loan papers, the borrower on a mortgage does not have the right to make payments larger than those regularly scheduled and this often works to his disadvantage.

Most financial advisers suggest that a prepayment clause appear in every mortgage. It is required of some types of lending institutions, and all GI loans and FHA-insured loans permit the borrower to pay off the mortgage at any original amount added. Some lending institutions permit payment of 20 per cent in any one year, but this requires five years to clear the mortgage. Others permit no prepayment at all.

There are various reasons why a prepayment clause helps the borrower: After living in a house two years, the owner is transferred to another city by his employer. Unless the lender will accept payment in full, the owner is usually forced to take back a second mortgage in case of sale. May Prevent Sale

This may prevent a sale as many persons object to second mortgages. Nor does it give the seller cash for his equity. It is usually possible to sell a second mortgage to a lending firm, but it must be sold at a discount or loss.

In case of an inheritance or other cash windfall, many hundreds of dollars in interest can be saved by prepayment if the mortgage has a long period to run.

Where a prepayment clause does exist, it usually requires that 1 or 2 per cent of the unpaid balance be added to the sum paid. This is only fair to the lender because the loan was made in expectation of receiving interest over several years and the lender is entitled to some return on his money.

Airlines Passenger Has Lots Of Pull

OKLAHOMA CITY—(AP)—You might say Mrs. G. M. Shimmel had quite a pull with American Airlines.

She was aboard one of America's New York-San Francisco planes when one of her teeth started aching.

She told Capt. B. C. Moore about it and he radioed the Oklahoma City airport from over Evansville, Ind.

"Passenger on board having lot of pain one tooth. Like dentist at airport give novocaine so can proceed San Francisco."

A. F. Palmer, chief American agent here took over and summoned Dr. J. Draper, Oklahoma City dentist.

The plane rolled in to the airport at 2:35 a. m. Mrs. Shimmel was whisked to a lounge, the tooth, her upper right second molar was pulled and she took off on time at 3:05—exactly 30 minutes later.

Mrs. Shimmel lives in Bakersfield, Cal.

Nursery Set Gets Cooperative Play Program And Mothers Enjoy Results

By FRANCES E. WING
AP Newfeatures

PORT WASHINGTON, N. Y.—If your three or four-year-old youngster is a problem, and most youngsters are at that age, why not try a cooperative play group?

The three and four-year-olds are problems. I and my friends find, because they're much too big for playpens, too young for kindergarten, and too much of a handful for an unaided mother. Nursery school is a solution of course but one is not always available and a really good one may be expensive.

In a cooperative play group, a budget-minded mother can find almost everything she would in a nursery school plus some extra advantages.

Since such a venture can wither with the onslaught of the winter's first sniffles, it pays to give some thought to its organization.

Here in this New York suburb, a cooperative group of five mothers and their children is starting its second year, after one successful season.

The plan is simple. One morning a week, each of the mothers has complete charge of the group. She

collects the five little boys, supervises them for several hours, and returns them home for lunch. One mother must take the lead in organizing the group and seeing that it continues to function.

Days when the children can be outdoors are the easiest. The mother takes the five to nearby parks, beaches or woods. Or she lets them play in her own yard. When it rains, they play in garages, basements or playrooms. Halfway through the morning, she provides milk, apples or sandwiches.

She has opportunity to watch her own son in group play, compare his growth and development with that of the others, and help him make adjustments in a way not always possible for a nursery school director supervising many children.

The boys themselves have thrived. They have had lots of fun. They have learned to share toys and cooperate. They have gained poise through acquaintance with new homes, toys and friends. The only real disadvantage has been lack of medical supervision. To offset that, each mother has been careful to check her own child's health so that his incontinent could not spread to others.

When a cold affects the child of the mother in charge, it is possible sometimes for her to change days with another mother. But pains are taken not to carry this too far and not to carry credits and debts from one week to another. The danger here is that the book-keeping can get so involved that one mother gets the idea she is carrying more than her share of the load.

The basic necessity is fair-mindedness and determination to make the system work, even when it causes inconvenience. On the other hand, the mothers have sense enough to realize from time to time that the cards are stacked against them for a week. Then they just call the whole thing off.

Safeguard that **DANGEROUS THIRD** of your car's **POWER!**

with a **BUTLER COOLING SYSTEM De-Scaler \$2.95**

GIVES YOUR CAR: ELIMINATES:

- Extra Power
- Extra Oil Mileage
- Extra Fuel Mileage
- Smother Performance
- Efficient Cooling
- Longer Engine Life

Rust, Scale & Corrosion that cause:

- Radiator Repairs
- Motor Overheating
- Excess Oil burning
- Radiator Clogging
- Water Pump Failure

Every explosion in your car engine's cylinders spells danger and motor trouble—unless one-third of the heat is carried away by the water cooling system! That's why a Butler Cooling System De-Scaler is as essential as your oil filter or gasoline screen—it keeps rust, scale, corrosion off the radiator tubes, water jacket and cylinder block—lets the cooling system function as it should!

BUTLER DE-SCALER IS NON-CHEMICAL NON-MECHANICAL

Has no moving parts. The silverplated spring around the patented Butler metal case, operating like a galvanic cell, will remove all old rust and scale, will positively prevent new rust and scale from forming in radiator, water jacket, or in cylinder block. Will not affect or be affected by antifreeze.

BUTLER DE-SCALER IS GUARANTEED FOR ONE YEAR (or 25,000 miles)—as to workmanship and performance. In tractors and stationary engines, 1 year or 1,000 operating hours.

BUTLER DE-SCALER HAS BEEN TESTED AND PROVED on many of the nation's biggest truck and bus fleets for over two years. More than 200,000 De-Scalers now in use.

INSTALLED IN FIVE MINUTES the Butler De-Scaler slips right into your radiator hose. No adjustment or regulating necessary.

"A Car's engine generates enough heat to heat a six-room house; only 1/3 of this heat goes into power! Another 1/3 is expended by the exhaust—the 'Dangerous Third' is the heat your cooling system must carry away! (Authority: Society of Automotive Engineers, Inc.)

Have a BUTLER De-Scaler installed at these authorized dealers today!

In Italy, Putting Faust On Film Is 'Sensational' But Not Opera

In a movie-set hell in Italy, Choreographer Carlotta Tibben of La Scala Opera directs a Viennese ballet group in a scene for the Legend of Faust. He frightened the film's star.

ROME, ITALY—(NEA)—Producer Gregor Rabinovitch smacked his lips over a well-sugared melon, coiled his tongue for an oral effort in English, and confided that he would make no movies with sophisticated music, but he said the opera he is filming in Italy would be sensational (sic) just the same.

"Look," he said. "Shakespeare is now a hit! Broadway, it's his hits too. Why not music, why not opera?" He poured three packets of sugar into his coffee.

"But," he wagged a finger, "we are not now filming opera. We are telling stories from opera, and we use music when we get to so we can tell the story better."

Rabinovitch, for 28 years a movie producer in Europe and America, enthusiastically developed his ideas for bringing fine music to the general public and making them like it. He conceded that such pictures had rarely succeeded before. But he thought it could be done by making the movie first of all tell a story

which people would pay to see. The fine music would be introduced casually, until audiences in the habit of rejecting anything smoother than boogie woogie would unconsciously learn to understand and appreciate it.

In line with this idea the Russian-born producer is using up Columbia Pictures' funds blocked in Italy on a series of films depicting great musical shows. Already on screens in the United States is *Traviata*, *La Boheme* is canned and ready for release. The *Legend of Faust*, now being filmed, is the most ambitious of the series thus far. Projected are *Tales of Hoffman* and *Aida*.

Based On Drama

The story of Faust will be based on the famous drama by Johann Goethe and music will be introduced only where Goethe's original play called for it. The music will be selected from the three great Faustian operas, *Mephistopheles* by Italian Arrigo Boito, *The Damnation of Faust* by Frenchman Louis Hector Berlioz, and *The Redemption*, by Charles Franck Gounod, also French.

"Opera should lend itself to movies," said Rabinovitch as he led a visitor over the set. "Even on the big outdoor operatic stages of Italy there is not room enough for the sweep of fine musical dramas like Faust or Aida. With cameras we can go everywhere—in this picture we cover the world and go from hell to heaven. Here, I'll show you."

The story of Faust is known to all music lovers. Faust, in return for youth and virility, sells his soul to the Devil, seduces a pretty girl and causes her to kill her child, then repeats of his deal with Satan.

An Italian movie set is like any other except that improvisation is more necessary here than in Hollywood. Everything is done as cheaply as possible in Italy. Extras work for 800 to 1000 lire (about \$1.50 to \$3.75) a day and the average movie budget is only 40,000,000 lire (about \$70,000).

Faust will cost \$600,000.

"Here is the world Faust and the Devil soar over," said Rabinovitch, pointing to a carefully-modeled countryside. "And in here we are filming hell, while up on the rock the Devil shows Faust his domain. Monday this set will be heaven."

Faust, who is Italian tenor Gino Mattera, and baritone Italo Tajo, who plays the Devil, watched the scene of hell from the fog-shrouded heights to one side. Soprano Nelly Corradi, who in the film is the girl Faust seduces, refused to watch it. She said the costumed people in hell frightened her.

"My mother cradled me in an upright piano so I would grow to love music," she said, "but she neglected to prepare me for working in a scene like this."

New Texas History Books Published

COLLEGE STATION—(AP)—"The Texas Story" and "Our Texas," two new histories by Dr. Ralph W. Steen, Texas A&M history professor, have just been published.

"The Texas Story," for use as a high school textbook, devotes space to both the Spanish era and the twentieth century Texas as well as to the better known years between the two periods.

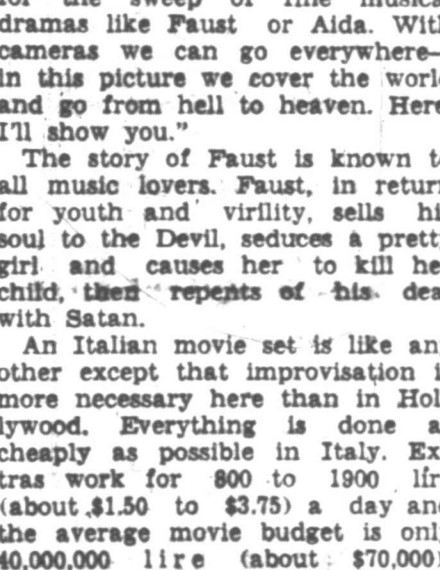

Attractively illustrated, "The Texas Story" will be offered to the State Board of Education to replace Dr. Steen's "History of Texas," which has been used as a high school textbook for the last nine years.

"Our Texas," is co-authored by Steen and Miss Frances Donecker of the San Antonio Public School. The history, containing better known folklore stories of the state, presents the story of Texas in simplified style. "Our Texas" is the first Texas history textbook to be illustrated in color. More than 50 original drawings by Warren Hunter, Texas artist, are reproduced in the book.

"Our Texas" will be offered to the State Board of Education as a replacement for Steen's "Texas, A Story of Progress," which has been used as an elementary school text for the last six years.

More than 1,700,000 trees have been planted on 325 farms of the Salt Creek watershed, near Zanesville, Okla.

Dream University Stresses Friendship

SALZBURG, AUSTRIA — (AP)— Nearly 100 students from seventeen European nations and the United States are attending a "dream university" at the beautiful Leopoldsdorf castle near here. The United Nations could learn something there about international harmony.

The "Salzburg Seminar in American Studies," sponsored by the Harvard University Student Council, stresses friendship and informality. Hungarian and Czech students from behind the iron curtain mingle with students and professors from the United States. Young people from France, Italy and Ireland attend classes with students from Spain and Sweden.

All are learning about American government, literature, art and history. Courses of more international scope are offered in sociology and economics.

Prof. Henry Nash Smith of the University of Minnesota says the faculty as well as the students are getting an education.

"We give them an opportunity to become closely acquainted with American problems. They tell us about their way of life and the European situation," Professor Smith said.

Lectures are held in English in which all students are fluent. Most of them speak French as well.

The staff of 10 professors and eight assistants delivers four lectures in the morning and conducts two seminars in the afternoon.

The seminars are highly specialized but the lectures are more general and any student may attend any lecture.

Students and professors alike dress strictly for comfort, and relax together in free periods.

The staff of 10 professors and eight assistants delivers four lectures in the morning and conducts two seminars in the afternoon.

Detroit Plant Rebuilds Tanks From War Cripples

DETROIT — (AP)— War-battered tanks by the hundreds from battlefields all over the world are getting a complete face-lifting in a new program to build up armored forces. Rusted and shell-shattered, the tanks limp into the Army's vast Detroit arsenal production plant. Days later they roar out, rebuilt down to the last bolt, gleaming with fresh paint, bristling with added power.

A production rate of about 50 a month will be reached shortly, officials say. By next summer the rate will be increased to somewhere near 15 per cent of the plant's wartime potential.

New Tank Planned

Scheduled for production next year is a brand new medium tank, the General Patton. It's still on the secret list, but indications are it will be speedier and tougher than anything the Army ever has put in the field before.

The rumble of presses and screech of lathes at the arsenal is the Army's answer to those who claim tanks are obsolete in this age of long range aircraft and atomic bombs.

War-time production of 900 a month was reached at the huge glass-walled plant, almost a quarter of a mile long.

The first impression of the plant is one of dress parade order and cleanliness. There is little grime or grease. Floors are well swept. Stock rooms are neat as barracks on inspection day.

From a field filled with row on row of crippled tanks, the vehicles move to a striping line inside the arsenal. As they roll along the line, they dissolve into thousands of parts.

Inspectors discard useless parts. The others go through cleaning baths and then are distributed to various departments for repairs. Engines are overhauled until they're good as new.

At the other end of the plant, revamped tank hulls start down an assembly line to be built up piece by piece. Sprockets, tracks, engines, hundreds of smaller parts are added. The tanks drive off the line to a paint chamber where they are sprayed with olive drab.

Finally, guns and turrets, radios and other accessories are bolted on. The finished tank, ready for action, rolls out for shipment to any part of the world.

Meanwhile, mechanics in other parts of the plant are hard at work machining and assembling experimental armored vehicles of the future—the result of long research.

Experimental models go to Fort Knox, Ky., for exhaustive field tests. Some are returned many times for changes by the tactical experts, who work closely with arsenal engineers.

The arsenal is run according to up-to-date industrial management methods, chiefly by civilians. The pay roll of more than 2,500 is steadily increasing. Col. David Crawford, arsenal commanding officer, estimates it would take four to six months to get the arsenal back on a wartime production basis.

The spacious designing rooms and stock control office where several hundred engineers and industrial experts are at work are marvels of efficiency. Every phase of production is minutely traced and recorded throughout.

And what is the reason for all this?

Crawford, a tall, soldierly West Point man from Durant, Miss., says: "What plans are to the Air Force and ships to the Navy, combat vehicles are to the field forces. Tanks are the weapon of opportunity of the Army."

"Tanks will also have the job of screening advance airfields. Without their protection, planes could hardly operate at effective ranges."

HIT OF THE YEAR!
Have you tried DYNAFLOW?

You have a drive that gets completely away from gears which have to shift.

You have a drive that takes you from a standing start — through every speed range — with a steady, willing swoop of power.

You have in Dynaflow a built-in supercharging assembly that combines the smoothness of oil with an instant response to acceleration.

You have, in other words, eager starts, easy-striding climbs, an unfettered pace on the straightaway — controlled by the gentle nudge of your toe on the gas treadle.

Except for parking or backing, there's nothing to do but steer the car, in a whole day's drive.

In ten wonderful minutes, you can check all these facts for yourself.

First step to this great adventure is to give us a call. Then we'll let nature take its course. But we might give you one hint: We'll be glad to book your order, whether or not you have a car to trade.

BUICK alone has all these features

- ★ DYNAFLOW DRIVE (Standard Series)
- ★ TAPE-THRU STYLING (New and Roadmaster)
- ★ VIBRA-SHIELDED RIDE ★ SAFETY-RIDE RIMS
- ★ HI-POISED FIREBALL POWER
- ★ ROAD-RITE BALANCE ★ RIGID TORQUE-TUBE
- ★ QUADRIFLEX COIL SPRINGING
- ★ SOUND-SORBER TOP LINING (New and Roadmaster)
- ★ DUOMATIC SPARK ADVANCE
- ★ FLEX-FIT OIL RINGS
- ★ TEN SMART MODELS
- ★ BODY BY FISHER

When better automobiles are built **BUICK** will build them

Writings Of Southwest Compiled In New Volume

By MARTHA COLE
Associated Press Staff Writer

With the tide of books about the Southwest still swelling, now comes a book of the region.

"Southwest Heritage," is the work of three professors of English in southwestern universities. It is a course in Southwestern literature in itself, from the earliest Indian writing to the 1947 winners of the Texas Institute of Letters.

More than a textbook, it is a reference book and good reading for anyone interested in what has been written about this region.

The authors are Mabel Major of Texas Christian University, Fort Worth; Rebecca Smith, formerly of Texas Christian, and T. M. Pearce

of the University of New Mexico, Albuquerque.

The first edition of "Southwest Heritage" was published ten years ago. This year's edition contains new material and revisions based on a decade of research and an added chapter of children's literature.

Final Colonization

"The Southwest" is a term more easily felt and understood than defined. "It connotes the final thrust of American colonization toward the South and West, the last push of the frontier into new lands."

The authors confined their work to writing about the territory covered roughly by the states of Arkansas, Texas, Oklahoma, New Mexico and Arizona. Most of the material is about Texas and New Mexico.

They started with the literature before the coming of the Anglo-American to the region and carried it up to 1890 in the first section of the book. They began naturally with the imagery poetry of the Indians. Chronicles and journals of travels through the region and its earliest history, the tall tales of the range and folk ballads comprise the period of 1890 to 1918.

Literature of the contemporary scene begins with 1918.

Eight members of the 1948 Syracuse football team, all war veterans, are married.

'Red Officer' Proves Reporter

During one of the biggest postwar amphibious landing maneuvers, at Aliso Canyon, Calif., Marines picked up a "Russian officer" without correct papers, and turned him over to the FBI. He turned out to be a San Diego reporter, John D'Alfonso, whose assignment was to test security precautions. The FBI officer in San Diego let him off with a sharp scolding.

Sucker For Quizzes Gains Nothing But Split Personality

By CYNTHIA LOWRY
Ap Newsfeature Writer

Like everybody else, I guess, I'm a sucker for those quiz tests in the magazines and newspapers. It does not matter whether it's question-and-answer stuff on the size of my vocabulary, my knowledge of current events or a highly erudite probing to determine my aptitude for mountain climbing.

I take them all. Things have gotten to such a point that I'd no more think of sitting down for a quiet evening of reading without a bundle of well-sharpened pencils (no eraser); that would invite cheating) than I'd try to play golf without any clubs.

Constant practice has made me into something of a mathematical wizard (although I flunked miserably a test on my financial acumen the other day). For instance, in the twinkling of an eye I can scan the headline: "Are You Smarter Than I Am?" And while automatically pulling out a pencil and following such instructions as "Answer the following questions, checking the appropriate box. For each answer 'Yes' score yourself five, subtract the difference between a normal calendar year and Leap Year, divide by your surplus, plus the Arkansas cigarette tax, without the numerals to the right of the decimal point. If you are painfully shy, your final score will be between 7 and 9, if you are sorta shy . . ."

I've got to give them up. They are driving me to a point close to complete nervous collapse. I'm getting confused, timid about meeting even the simplest problems and am spending most of my non-quieting time worrying about my relationship with my fellow humans. At least, I think I am still a human being and I want to cut out this self-measurement while I've still that assurance.

For instance, just the other day I took a vocabulary test which appeared in a daily newspaper. I scored myself as "exceptional" having checked the correct definitions for such unusual phrases as "Iron Curtain," "moochery," "hero-worship" and a few others. All day I felt pretty good, but that night—of course, it was after dinner—I found another vocabulary test in a literary magazine. So I worried and twisted through the night. I missed such simple items as "auto da fe," "colloid," "cataract" and "surges." Unless my figuring was way off, my vocabulary in some circles ranks "below average."

Over a single week of test-taking, I discovered I was best suited for jobs like lighthouse keeper or forest-fire lookout or something else equally solitary, and that I'd be a raging success as a demonstrator of new products at luncheon club meetings. My clothes, a woman's magazine tested, were completely wrong for my personality and coloring but—a newspaper test again—my taste is exquisite and I have great artistic ability. I don't get along well with people, but me and my colleagues in the office have a perfectly dreamy relationship.

The pay-off, and the reason I'm swearing off, are these tests now available in a couple of magazines. In one series I find that I am highly unconventional and radical. That's arrived at by yes and no answers to 48 questions. But by picking blue as my favorite color in a "color personality test," I find that I'm a natural-born conservative with a secure hold on my passions and enthusiasms. And cautious.

New Palace Drug Is One Of Area's Most Modern Stores

One of Midland's and West Texas' most modern, attractive stores is Palace Drug and Jewelry Company, 108 South Main Street.

The store was closed August 1 for a remodeling program and was reopened September 24, completely modernized from front to back.

Full-length plate glass windows and door in the front of the store give passers-by a maximum view of the pleasing interior. A false ceiling of acoustical selector absorbs noise, so that this is one of the quietest buildings in the city. This ceiling also encloses a lighting system that provides ample illumination without glare.

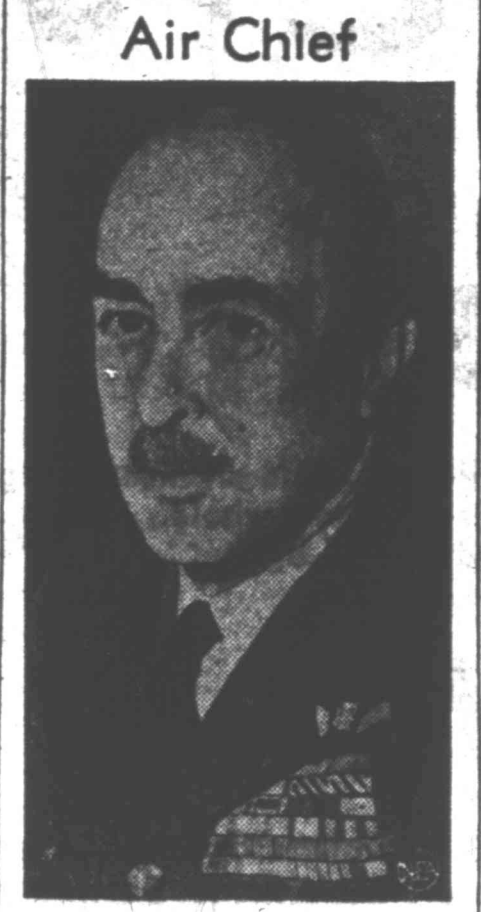

McCoy Is Owner

J. B. McCoy, owner of the store, has operated the business since Jan. 1, 1946. Prior to that he operated the Midland Food Store and Flanigan's here for about two years. Before coming to Midland he was with the Sweetwater Cotton Oil Company and was in the grocery business in Sweetwater for 10 years.

Wood Taylor is in charge of the prescription department at Palace Drug. Mrs. McCoy and Elsie Guthrie manage the cosmetics department, and Henry Rohmann is in charge of the watch repair and jewelry department.

A completely sanitary fountain offers patrons all popular carbonated and milk beverages, as well as sandwiches and coffee. Comfortable booths as well as counter stools provide considerable seating space.

The over-all appearance of the store marks it as among leaders of Midland institutions which recently have been remodeled to make the city's business section as modern and attractive as any in the land.

Air Marshal Sir James Robb, above, has been named commander-in-chief of Western Europe's Air Forces. Robb will serve on the newly created Western Europe general staff, with Viscount Montgomery as supreme commander.

HIGH SCHOOL MATH TEACHER RESIGNS

The resignation of Jane Jordan, high school math teacher, was announced Saturday by Supt. Frank Monroe. She will be succeeded by Miss Theresa Klapproth.

NATIONALLY FAMOUS FASHIONS FOR HER

Cleveland Search Shows How U. S. Seeks Infantile Paralysis

Polio stopped here: Dr. Harold J. Knapp, Cleveland Health Commissioner, shows Edith Zimmerman, 18, the quarantine sign that went up after three of the seven Zimmerman children were stricken by the disease.

By RICHARD KLEINER
CLEVELAND, O. (NEA)—Authorities here have thrown a tight cordon around a slum area where one of the most vicious killers in history is held up.

In his latest onslaught, the fiend attacked two families living around the corner from each other. In one humble home, he turned on six of eight children, killing one and sending the other five to the hospital. In the other, three of seven children were victims, winding up in hospital cots.

The area is one of tumbledown shacks and vacant lots, overgrown with weeds and infested with rats. Usually, the killer had preferred to do his evil work in better-class sections.

As soon as the first victim, five-year-old Tommy Ray, was admitted to the hospital, authorities immediately began the usual routine investigation. The attacker was quickly identified, since he had left unmistakable evidence of his presence.

Within the next few hours, five of Tommy's brothers and sisters were taken to the hospital. The authorities quickly ordered a full-scale investigation, surrounded the area, set to work.

They searched for clues everywhere—in the house itself, in the vacant lot next door, in the whole section. They probed the little stores and homes, asking the same questions over and over again, trying to find out how the killer had gotten in.

Then the killer attacked the Zimmerman home. An hour after 14-year-old Lois Ray died in City Hospital, the first of the three Zimmerman children was brought in.

The authorities had a new road to investigate. Had the two families known each other? Yes, they had. The children had often played together in the same playground.

The questioners rushed to the playground. Perhaps here was the clue they sought. They turned the place upside-down, looking always for the elusive little murderer.

Little? Yes, they know he is little. He's so small that he can sneak up without arousing suspicion. In fact, even science's most powerful microscopes can't expose a trace of him. The killer is a virus.

It is the virus of infantile paralysis, alias poliomyelitis.

What Cleveland's investigators—and investigators all over the U.S.—are searching for is the answer to a question that still baffles science — "What transmits the polio virus?" Health authorities throughout the nation are interested in the outcome of this intensive combing of the killer's hideout. Seldom has the killer polio struck down so many people in such a concentrated area.

In such a short time.

When Tommy Ray first came to the attention of the Health Department, a routine investigation was ordered. The movements of each member of the family were traced back three weeks. Had they been swimming? Had they been on a picnic? What had they eaten? Where had they bought it?

Survey Began

When the other Rays and the Zimmermans caught the disease, a systematic survey of the area began. They checked sanitation and refrigeration in the homes. They checked the rat population, found plenty in the lot next to the Ray home and in the Zimmerman's basement.

At the playground, they took the precautions of disconnecting the drinking fountain and removing the sandbox. They made tests on the playground's toilets. They checked and double-checked nearby movies, beaches and parks.

As often happens in major crime mysteries, local authorities have called in outside experts. Dr. Thomas Francis, Jr., University of Michigan authority on virus diseases, has been asked by Cleveland Health Commissioner Harold J. Knapp to join a polio posse consisting of the president of the Cleveland Academy of Medicine; the chairman of the Academy's public health committee; representatives of the National Foundation for Infantile Paralysis; county and suburban health officers and representatives of Cleveland's three metropolitan daily newspapers.

Somewhere in the area is, of course, the answer. The virus is lurking there, ready to strike down other children. It has never been isolated, never been forced to face the light of day. Perhaps in this slum area, it will be unmasked.

Bing's New Product Due On Retail Mart For Christmas Trade

HOLLYWOOD (AP)—The work of the Crosby Research Foundation—backed by Bing Crosby and headed by his brother Larry—finally is moving out of the laboratory and onto the nation's counters.

Five Crosby-sponsored inventions will be on the department and drug store shelves for the Christmas trade. They are:

1. A better mousetrap.
2. A new line of tricycles, made in sidecar, tandem or chariot models.
3. A junior juke box.
4. A breath neutralizer that deodorizes the breath before it is expelled from the lungs.
5. A motorized belt-driven filing cabinet that allows access to any one of 40,000 files in 10 seconds.

Larry Crosby, in an exclusive interview, disclosed for the first time what has been going on behind the doors of the Crosby Foundation since the end of the war.

The new mousetrap, made of aluminum and guaranteed to hold a mouse but not injure even a child's unwary fingers, will retail for 39 cents.

The new tricycles will retail for about \$22.50.

The junior juke box is a table model miniature that plays 10 and 12-inch records and will retail for \$29.95.

Another musical toy due to hit the market by Christmas is Crosby's 49-cent "toot mon," a bag-pipe for children. It's a flute-like device operated by a toy balloon.

So they say

War talk is merely electoral propaganda from the United States.

—Vincente Lombardo Toledano, Mexican labor leader.

We have seen the peak in food prices, and a downward trend is obvious.

—Franklin Lunding of Chicago, president, Jewel Tea Co.

I am glad that the provisions of the Constitution make my politics and my religion my own affairs.

—James J. Matles, director of organization, CIO-United Electrical Workers, testifying before a House committee.

So far as I am concerned, the United States has but one foreign policy—the American foreign policy. We of the States' Rights Party have resolved that our foreign policy shall not be an issue in this campaign.

—Gov. J. Strom Thurmond of South Carolina, States' Rights candidate for president.

Congratulations and Best Wishes to our neighbor, J. B. McCoy, on the formal opening Sunday of the thoroughly modernized

PRISCILLA'S POP—

McKenney on Bridge

By WILLIAM E. MCKENNEY
America's Card Authority
Written for NEA Service

If you ask a bridge expert for a hand for the column, naturally he gives you one in which he made a nice defensive play, or a nice offensive play to make the contract. However, George Rapee of New York City is an exception. After he and his teammates (Howard Schenken and Samuel Stayman of New York City, John B. Crawford of Philadelphia and Mrs. Margaret Wagner of Atlanta, Ga.) had won the masters team-of-four title, Rapee gave me today's hand for the column. I noticed that he had gone down

one, and Rapee said, "If North had doubled me at six hearts, I might have made the contract."

I think we must agree with Rapee that the hand should be played as six hearts. After all, you do not have to find four hearts to the queen-jack in the North hand, but if North had doubled, he would have figured that the missing hearts were in that hand. However, it was a bad hand for Rapee's team, as their opponents stopped at four hearts and made five.

To make six hearts, Rapee said, it would have to be played in a peculiar fashion. The six of spades would have to be won in dummy with the ace and a spade trumped. A diamond would be

Social Situations

SITUATION: You are a new employee and you notice several of the others in your office starting out to lunch together.

WRONG WAY: Ask them if they mind if you go along.

RIGHT WAY: Don't push things. Wait until you are asked, since you are the newcomer.

A baby baboon, only a day or two old, knows almost instinctively that the danger of a scorpion lies in its tail and in encountering one will always attack the tail first.

The United States has about 461,000,000 acres of commercial forest land.

Chief Scientist

Dr. Karl T. Compton, above, has been named by President Truman to succeed Dr. Vannevar Bush as the nation's scientific chief of staff. Compton, famed atomic scientist, becomes chairman of the Armed Forces Research and Development Board. Dr. Bush resigned the post.

AMAZED AT QUICK ACTION OF MERTOX

"For the past ten years I have been troubled with severe gas pains which seemed to press against my heart and made it difficult to breathe. I had a pain under my heart that was almost unbearable at times," writes Mrs. Alma Cummings of Waco.

"My food would not digest and so on my stomach. I had had dizzy spells and when these attacks occurred I felt all puffed up. My appetite has greatly improved and I can now eat lots of things that I couldn't eat before taking this wonderful medicine."

"Since taking MERTOX I feel like a different person. It certainly is wonderful to get up in the morning and do a day's work, without that tired, worn-out feeling. I certainly was amazed at the quick action of this medicine."

You can get MERTOX from any Texas Druggist at the new REDUCED price.

The Washington Merry-Go-Round

WASHINGTON — Keeping the record straight—Speaking at Pittsburgh, Governor Dewey made this significant promise to the voters: "We will bring a new and vigorous leadership to the Federal Mediation and Conciliation Service so that major disputes can be settled before they become strikes."

What Dewey didn't know was that the Federal Mediation and Conciliation Service is already being run by Republicans. Its head, Cyrus Ching, is a lifelong Republican and has been doing such a good job that Congressman Fred Hartley of New Jersey, co-author of the Taft-Hartley Act, praised him highly.

Ching is a former big-business executive, spent most of his life with the U. S. Rubber Company, is former president of the American Management Association and a member of the bluestocking club of big business, the National Association of Manufacturers.

After 30 years in business, Ching felt it was his duty to give part of his life to government and, at great financial sacrifice, became chief of the Labor Conciliation Service—a thankless job in which you get kicked around by both sides.

Ching returned to Washington the day after Dewey's blast and read in the newspapers what his own candidate had said about him. During the trip Ching had reorganized important Conciliation Service offices, changing personnel, improving morale. Unfortunately, Dewey's blast cut the ground out from under that morale, because newly hired personnel now expect to be fired.

Uncle Sam's vodka
Joe Stalin may not know it, but while his agents have been trying to dope out our atomic bomb, the

U. S. Internal Revenue Bureau is trying to dope out Russia's most explosive concoction—vodka.

The bureau's alcoholic tax unit will hold a hearing October 28 to explore vodka production in the U. S. A. Various small U. S. distillers are making vodka, but their products are as variable in quality and alcohol proof as American "moonshine."

Uncle Sam's "revenooers" now aim to establish a set formula that will approach Uncle Joe's standard, so the public will know what it's getting when it buys domestic vodka. Uniform regulations on distillation and the type of containers for storage probably will be decided upon.

Note—Vodka is nothing more than alcohol treated to a highly refined degree with activated carbon or charcoal.

Frauds Against Veterans
U. S. District Judge T. Whitfield Davidson of Dallas, Texas, certainly seems to love the real-estate operators.

He has been hearing charges of frauds against veterans by 27 Dallas home builders, first exposed by this column and later indicted by the Justice Department, and believe it or not, the judge has been levying token fines that don't even make up for the illegal profit extorted from the veterans. Some of his remarks—from the bench, also, have indicated almost brazen partiality toward the real-estate boys.

When Roscoe Dodson pleaded guilty to overcharging an ex-GI \$1,000 for a home, all he was fined by Judge Davidson for breaking the law was \$100. Dodson didn't even have to pay back the overcharge, so he came out \$900 to the good on his illegal deal.

Another builder, W. C. Chappell, did even better. He overcharged a veteran \$1,500. When he started to plead guilty, Judge Davidson said he would accept a plea of "nolo contendere"—no contest. In the end, Chappell also was fined \$100 and was allowed to keep the remaining \$1,400 which he had overcharged the veteran.

The judge went up to a \$200 fine in one case. He soaked H. Little and L. M. Dabney, real-estate operators, \$200 each for a \$1,250 overcharge against Veteran J. C. Jackson. E. T. Swango, whose house was sold to the veteran and who was also implicated, got off with a \$1 fine—because the judge said he seemed like such a fine fellow.

"A veteran returning home after the war became a citizen and a person capable of handling his own affairs," Judge Davidson remarked from the bench.

In explaining his leniency toward the real-estate operators, the judge also pointed out that real estate had gone up since the deals were made—so the veterans weren't really losing anything. He didn't say what his attitude would have been if real estate had gone down instead of up.

President Of Home Builders
Of the cases in court so far, the only operator who has pleaded not guilty is R. S. Shelburne, former

president of the Dallas Home Builders. By strange coincidence, he is also the only operator who has paid the overcharge back to veterans. This repayment in itself would seem to be a confession of guilt. But when Shelburne saw how the other cases were going, he pleaded not guilty and asked for a jury trial.

Defiantly, Shelburne's lawyers told newsmen they would fight the case to the Supreme Court even if he got fined a three-cent postage stamp. Five hours of jury discussion resulted in a hung jury and Judge Davidson adjourned the court until October 25—when the rest of the veteran housing cases will be heard before the same jury.

When government attorneys pleaded with the judge to install a new jury panel, he shrugged his shoulders.

"No," replied Judge Davidson, "This jury is all right."

Note—Davidson is the same judge who refused to extradite Texas Oilman Freeman Buford when he was indicted in Louisiana in a hot oil case involving the bribery of Louisiana's governor, Dick Leche. Leche was sentenced to 10 years in jail, but Buford, the man who bribed him, is still free, due to the fact Judge Davidson took the position that Texas, though still presumably one of the 48 states, did not have to honor a Louisiana indictment to move Buford from Texas to face trial in Louisiana.

Merry-Go-Round
The Justice Department's Anti-Trust Division is booby-trapping Governor Dewey. It is filing dozens of anti-trust suits against some of the biggest monopolies in America so that the Republicans will be forced to prosecute them or else show their love for big business after Dewey is elected.

The Demos didn't have enough money to put President Truman on the air, but they have invested \$50,000 for a comic book on the life of Harry Truman. Two members of the Atomic Energy Commission, Chairman David Lillenthal and Herbert Hoover's old aide, Lewis Strauss, plan to resign if Dewey is elected. Lillenthal is tired of government and wants to resign anyway. General Eisenhower turns down as many as 100 speaking invitations a day.

Wear Specs For Good View Of Making-Up

By ALICIA HART
NEA Staff Writer
The woman who wears glasses for reading or sewing also needs to use her specs in order to apply her lipstick accurately. So says a make-up expert who maintains that the reason so many older women appear with hit-or-miss lipstick lines and badly-applied rouge is because they don't use their specs for better-seeing.

she should also illuminate her dressing table mirror with a good strong light. The best light, according to our expert, is strong sunlight, preferably from a north window. The woman whose dressing table mirror can't be illuminated by good natural light should, he insists, supply herself a reasonable facsimile thereof from a powerful electric bulb. He says the strong electric bulb used for lighting up a face should be stripped of a lamp shade.

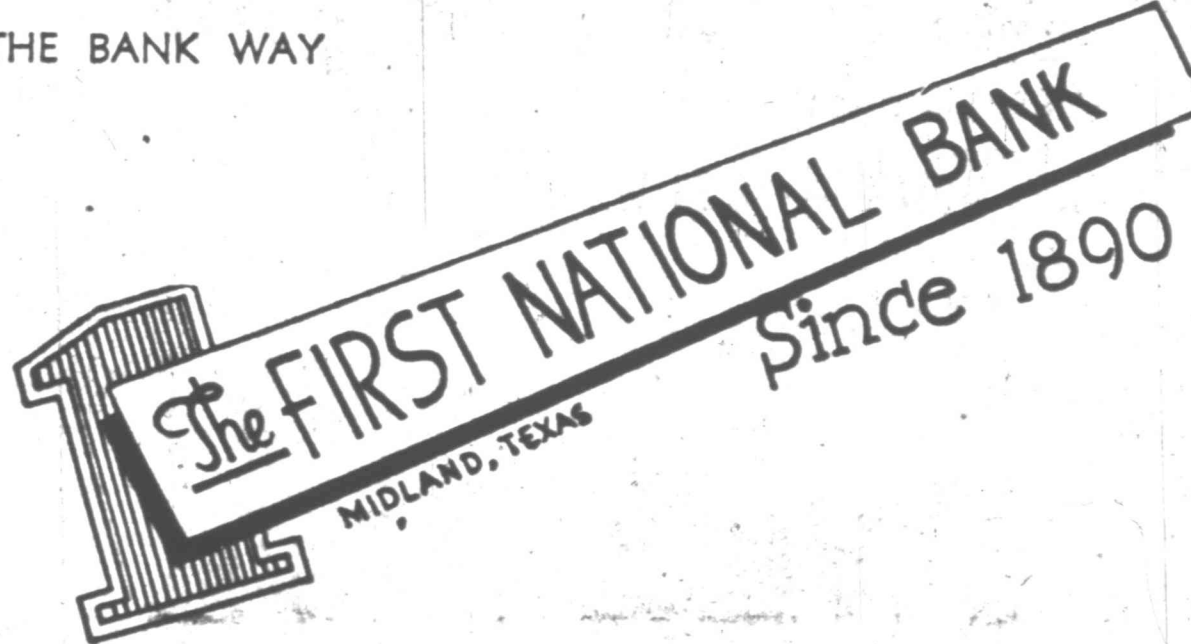

FOR YOUR HEALTH'S SAKE

When you are examined by a physician, and take his prescription to a pharmacist, you secure the maximum benefits from both the medical and pharmaceutical professions. The physician and pharmacist work hand in hand in the interest of public health. Neither is sufficient. Each is dependent upon the other. You should have a family physician to whom you can turn in times of illness. Be sure that he is a licensed M.D. Then bring his prescriptions to us. Compounding prescriptions is a responsibility which we gladly accept.
