Senate Election Probe Spreads Over State

Ballots Impounded In Other Counties; Duval's Are Burned

Ballots and other records used in the August 28 Democratic primary in Brown, Dallas, Harris and possibly several other counties in Texas were ordered impounded Wednesday.

At the same time it was revealed by Campbell King, chairman of the Democratic Executive Committee of Duval County, that records of the voting in that county have been destroyed. King confirmed the destruction to W. H. Mason, Alice newspaperman.

Instructions for impounding the records in Brown, Dallas and Harris Counties came by telegram from William E. Jenner, head of a Senate subcommittee which is making an investigation of second primary voting in a number of Texas counties.

Coke R. Stevenson, unsuccessful candidate for U. S. senator, has charged that fraud in three South Texas counties deprived him of the senatorial nomination.

Lyndon Johnson, nominee of the Democratic Party of Texas, said in a statement Tuesday that Brown County is one of a number of Texas counties he would like investigated should the Senate investigate the primary election.

1,727 Votes Thrown Out

It was in Brown County that the 35th District Court threw out a total of 1,727 votes as the result of a contest in a county judge race. The votes were declared invalid on technicalities, such as the failure of some election judges to sign their names on the back of the ballots. Altogether, ballots from six Brown County boxes were declared invalid.

It has been estimated unofficially that these same ballots declared invalid in the senatorial race, Johnson would gain 496 votes over Stevenson in Brown County. Dallas is one of eight counties named specifically by Johnson in a request that the Senate investigate all Texas counties in its probe requested by Stevenson.

Voting in Dallas County is by machines instead of ballots. County Clerk Ed H. Steger said ballots on the machines already have been removed, under authority of a district court order, but that records of the totals have been preserved. Other records have been preserved, he said.

Harris County Comptroller Harris County Clerk W. D. Miller said: "I shall comply with the request. All ballots, tally sheets, poll lists and other documents will be held for Senator Jenner's committee."

In a letter to Jenner, Johnson said: "In Harris County, election officials refused to count absentee ballots cast by perhaps 10 legally qualified voters, a majority of which I

War Court Acquits 13 Hitler Aides

NUERNBERG, GERMANY—(AP)—An American War Crimes Court acquitted 13 leading German military commanders Wednesday of plotting to start World War II and of conspiracy.

Field Marshal Wilhelm von Leeb, 73, one of the defendants, was convicted, however, of crimes against civilization. He was accused of being active in Adolf Hitler's early plans for invasion of Czechoslovakia, Poland, the Low Countries and France.

Field Marshal Hugo Sperrle, 62, the man who blitzed London in 1940, was set free on all four counts of the indictment against him.

The three-man court was completing a nine-month trial by reading a 336-page judgment. The reading is expected to require two days.

By late afternoon, the court had handed down decisions completely only in the cases of von Leeb and Sperrle.

Other defendants are: Field Marshal Georg Karl Friedrich von Kuechler, Gen. Hermann von Goth, Gen. Hans Reinhardt, Gen. Hans von Salmuth, Gen. Karl Hollidt, Adm. Otto Schmeider, Lt. Gen. Karl von Roques, Lt. Gen. Hermann Reinecke, Lt. Gen. Otto Woehley, Lt. Gen. Rudolph Lehmann and Lt. Gen. Walter Warlimont.

Warlimont once served as a German army artillery observer at Fort Sam Houston, San Antonio.

He was accused of personal responsibility for ordering that Allied Commandos in Africa and Europe "be slaughtered to the last man, even if they are soldiers in uniform, armed or unarmed, in battle or flight."

Warlimont also was charged with ordering execution of "political commissars" on the Russian front.

A fourteenth defendant, Gen. Johannes Blaskowitz, 64, jumped to his death the day the trial opened.

Swift U. S. Action Likely On Alliance

WASHINGTON—(AP)—Swift American action appeared assured Wednesday once the five-nation Western European Union makes its formal request for military alliance with the United States.

The rough draft of just such a North Atlantic security treaty already has been written after secret and informal talks with the European countries. The final version is expected to go to the Senate within three months.

The aim of the projected alliance is to provide American and Canadian military guarantees for non-Communist Europe, with the Western European Union as a nucleus. The "union" countries are Britain, France, Belgium, The Netherlands, and Luxembourg.

As part of this broad undertaking, Defense Department officials already are working with European military experts on plans for a program of mutual military help.

Work on the program—which would cost the United States several billion dollars over the next few years—is less well advanced than that on the treaty.

The council of the Western European Union, composed of the foreign ministers of the five nations, announced in Paris Tuesday that it had reached complete agreement "on the principle of a defensive pact for the North Atlantic and on the next steps to be taken in this direction."

The first of these next steps, Paris reported, will be to have the ambassadors of the five nations in Washington formally ask the American government for such a treaty.

But, diplomatic informants here said Wednesday, this step will not be taken until after next Tuesday's presidential election. The delay is in line with the months-old policy of playing down the whole subject during the political campaign.

Brown Pleads Guilty Of Theft Charge

Kenneth W. Brown entered a plea of guilty before a 70th District court jury Wednesday and was given a two-year suspended sentence on a charge of theft.

Earlier in the morning two civil cases were continued until next term and the jury on those cases discharged for the week.

Condition Of Raqcher Reported Satisfactory

The condition of Elliott F. Cowden, Midland rancher, who underwent surgery Tuesday at Western Clinic Hospital here, is reported "satisfactory" Wednesday by hospital attendants.

Legislators Will Attend CC Meeting Here Friday Noon

Rep. Ken Regan of Midland, State Sen. H. L. Winfield of Fort Stockton and State Sen.-Elect Hill Hudson of Peecos have advised the Midland Chamber of Commerce they will attend the "Meet Your Representatives" luncheon Friday noon in the Crystal Ballroom of the Hotel Scharbauer.

The State Rep. George Elliott of Fort Worth and State Rep.-Elect J. T. Rutherford of Odessa also have been invited to attend, Manager Delbert Downing of the Chamber of Commerce said.

The luncheon will be the last general membership meeting of the year of the Chamber of Commerce. All members and friends of the organization are urged to attend, Jack Wickens, chairman of the arrangements, and President Tom Sealy will preside.

The Junior Chamber of Commerce, which regularly meets Friday noon, is cooperating in staging the luncheon. J. Parr is the JCC president.

Downing said reservation cards are "pouring in" and predicted a capacity attendance. He urged citizens to make reservations promptly.

Reservations will be made by each of the honor guests.

Two Killed, 11 Hurt In Rail-Truck Crash

UHRICHVILLE, OHIO—(AP)—The engineer and fireman were killed and 11 persons, 10 of them passengers, were injured Wednesday when a Pennsylvania train smashed into a truck loaded of steel five miles west of here.

Five of the injured were hospitalized at nearby Denison. They included the driver of the truck, which bore Pennsylvania license tags. The others were treated at the scene of the wreck in which eight cars were reported derailed. The State Highway Patrol reported also that the locomotive was demolished in the crash.

The 14-car train was eastbound from Cincinnati to Pittsburgh. The truck, which was traveling westward, crossed the tracks at an angle, the patrol said.

U. S. Tightens Reins On Grants To ECA Eligibles

WASHINGTON—(AP)—The Economic Cooperation Administration announced Wednesday it will make no new Marshall Plan grants to European countries unless they have signed loan agreements with Britain and Ireland now have loan agreements.

The action temporarily cuts off new grants, or outright gifts, of recovery aid to France, Italy, Denmark, Norway, Sweden, Belgium, Ireland, the Netherlands and Turkey.

These are the countries eligible for ECA aid on a repayable loan basis, with whom negotiations have been in progress for months.

Exempted from the cut-off order are nations whose economic condition is such that ECA is not requiring them to sign up for loans. These include Austria, Greece, Trieste and the Allied zones of Germany.

The halt in new grants will not stop shipments under grants already made.

The British Tuesday signed a loan agreement for \$210,000,000 and Iceland also is exempt from the sweeping ECA decree because she concluded a \$2,300,000 fisheries credit in the summer.

The Marshall Plan agency described the action as a "move to balance the ratio of loans and grants."

Aiding ECA Administrator Howard Bruce said he did not believe the halt in new grants would last long, or that it would affect the over-all program of providing aid under the ECA program.

Thomson's Grand Jury Appearance Delayed

WASHINGTON—(AP)—Rep. J. Parnell Thomas (R-N.J.) has a post-election date with a federal grand jury here investigating charges of irregularities in the handling of his office payroll.

Thomas, who is seeking reelection to his seventh consecutive term, accepted attorney General Clark's invitation to testify but asked for the delay until November 4 "to keep the matter free of politics."

The request was granted.

Santa Claus Program Is Planned By Retailers

The largest, most elaborate and most impressive of Christmas shopping season opening in Midland's history was planned by a large group of merchants at a mass meeting Tuesday afternoon in the Crystal Ballroom of Hotel Scharbauer. The meeting was sponsored by the Retailers Committee of the Chamber of Commerce. Chairman R. D. (Bob) Scroggs presided.

The festive event will be held Tuesday evening, November 30, with all Midland merchants cooperating. Santa Claus on his annual pre-Christmas Eve visit, will be the center of attraction.

A mass unveiling of store windows at 6 p. m., will be a feature attraction. Merchants at the meeting agreed to keep their display windows veiled Monday and Tuesday. The stores will observe their regular 5:30 p. m. closing hours on the day of the special event.

Santa Claus parade lights in the downtown streets will be turned on simultaneously with the unveiling of the windows. R. L. Miller, district manager of the Texas Electric Service Company, assured the group the lights will be up by November 30.

The annual Santa Claus parade, sponsored by the Midland Junior Chamber of Commerce, will move through the business district, starting at 7 p. m.

Keith Stuart, a representative of the Junior Chamber of Commerce, told the group the JayCees are anxious to have the biggest and best parade ever staged here, and asked the cooperation of the merchants in the endeavor. Santa Claus again this year will be the honor guest, but new parade features will be added to the program.

Several merchants lauded the JayCees on their Christmas parades of the last two years, and pledged full cooperation this season.

Those present expressed a desire to make this the biggest, best and most successful Santa Claus parade in the history of the city.

Four Persons Hurt, One Critically, In Midland Auto Crash

A four-month-old infant, Gail Kinsey, of Midland, was killed in a critical condition in Western Clinic-Hospital here following an automobile collision Tuesday in the West sector of the city.

Four other persons were injured in the crash including another four-month-old infant, Dewayne Hollingshead, of Midland.

The Kinsey child suffered a fractured skull and other injuries, doctors said.

The Hollingshead infant was not seriously hurt although it received abrasions and bruises. Mrs. Hollingshead suffered a head injury.

Mrs. Kinsey received bruises and lacerations. Joyce Hollingshead suffered lacerations and bruises.

Police officers reported a car driven by A. B. Monehun of San Angelo collided with a car of Mrs. Kinsey containing the five who were hurt. Monehun was not injured. The collision occurred at the intersection of Pratt and Carter Streets in West Midland about 5:20 p. m. Tuesday, officers said.

An investigation of the collision is underway and a hearing is scheduled at 10 a. m. Friday to be conducted by Highway Patrolmen and county officials.

What Was It?? Who Did It??

Another mystery was scrawled on the pages of Midland's outstanding history Wednesday morning.

The "Midland Mystery of Oct. 26, 1948" remained unsolved—but hundreds of Midlanders whose slumbers were interrupted Tuesday night still were discussing and wondering.

Exactly what happened may never be known, but it was a busy night for police officers and telephone operators.

Dull rumbling noises, "blasts," "explosions," "earth tremors," and "earthquakes," were some of the noises heard by Midlanders between 10:15 and 11:45 p. m. Tuesday.

No one reported hearing any loud or severe blasts or repercussions—the noises rather were muffled. Some citizens described them as the low or dull rumbling of distant thunder, but in some sections of Midland windows rattled and citizens ran to the streets to see what was happening. Scores called The Reporter-Telegram and Police Headquarters. Police cars were busy, cruising in all sections of the city and even on rural lanes outside the city's boundaries, hoping to solve the mystery.

Phone calls reporting the disturbance, which interrupted the slumbers of many Midlanders and shook the windows, came from the Moody Addition, east of the city; from residents on the Rankin Road, near the city limits; from North Carizozo Street; and especially from West and Southwest Midland. Most of the calls originated in Southwest Midland, where the noise seemed more pronounced.

Clear And Calm

The sky was clear and no trace of thunder or lightning was reported in this area. Little wind was reported.

Citizens telephoning police in an effort to solve the mystery included Mayor R. H. (Rusty) Chifford, who distinctly heard the "rumblings" at his home, 1816 West Kentucky Street.

The resident of the 1700 block on West Kentucky said the rumblings occurred at eight or nine-minute intervals. He believed they were "caused by earth tremors."

A woman on West Brunson reported the noise was like the "roar of thunder" and said windows in her home rattled each time it occurred. She said the rumblings came at intervals of 15 minutes.

An officer suggested the noise may have been caused by police chiefs of this area arriving here for a convention, and Sportlane gave the Midland High School Bulldogs credit, claiming they really were working out for the San Angelo team on Friday night.

Other suggestions included blasting for ditches for a pipe line, oil field work, etc., but police after hours of search and many miles of driving were unable to turn up a clue.

Recall Previous Quake

Old-timers recalled that a mild earthquake shook this area more than 10 years ago and some walls were cracked. So earth tremors are not beyond the realm of possibility. Put, as some Midlanders suggested, this area has been free from earth movements for a long time.

By midnight, most citizens had returned to their beds or were asleep and was quiet again. Odessa police were contacted and no reports had been received there of "explosions," "blasts" or "earth tremors."

Police received no reports of any damage—not even a cracked window glass.

It could have been the Halloween spoofs.

America Is Ready, Nation Is Told In Navy Day Programs

The Navy gave notice Wednesday it is ready to strike back quickly and forcefully from the Mediterranean against "any act of aggression."

The warning, obviously aimed at Russia and its satellites, came from the Assistant Secretary of the Navy Mark E. Andrews in a Navy Day address at New Orleans.

Other Navy leaders, in speeches elsewhere, estimated the Russians have a fleet of 308 submarines and the U. S. Navy is organizing special forces to sweep enemy underwater craft from the seas if war comes.

From Air Force Secretary W. Stuart Symington the Navy received assurance there is "no factual basis" to reports that the Air Force is seeking control of Navy carrier planes.

He told a Navy Day gathering at Birmingham, Ala., that the various missions of the air units were "nailed down" at the recent meeting of Armed Forces leaders in Newport, R. I.

The Birmingham meeting was one of several as the nation paid tribute to the Navy on its 173rd birthday. Warships were on display in many ports.

In some 1,500 communities patriotic and civic groups scheduled special ceremonies commemorating that day in 1775 when the founding fathers laid the basis for today's powerful armada—a bill put before the Congress to Congress to make ships available for the defense of the colonies.

Flyers Approach End Of Full Week Aloft

LONGVIEW, TEXAS—(AP)—Pred Vimont and Bert Simons Wednesday approached the end of their first week in the air in their effort to break the world's endurance flight record.

If they're still aloft at 6:01 p. m. they'll have been up seven days—168 hours—since the takeoff. But that will be only one-eighth of the way toward their goal.

Vimont and Simons want to keep their single-engine plane aloft at least eight weeks.

Berlin Item To Stay On UN Agenda

PARIS—(AP)—Foreign ministers of the United States, Britain and France offered Russia a new opportunity Wednesday to end the Berlin blockade on the basis of the six-nation compromise which Russia vetoed Monday in the United Nations Security Council.

They announced in a joint communique they intend to leave the Berlin question on the Security Council agenda.

The decision came after a 70-minute meeting of Secretary of State Marshall, British Foreign Secretary Ernest Bevin and French Foreign Minister Robert Schuman at the French Foreign Ministry.

The communique said they will "stand by their expressed willingness to be guided by the principles set forth" in the six-power resolution.

Resides Berlin, the prospects of a North Atlantic defense treaty was a reported topic of the meeting.

Secretary of State Marshall and British Foreign Secretary Bevin met earlier in the day and were reported to have talked over the two topics.

Canada's Claxton

Defense Minister Brooks Claxton has stated that Canada's defenses are being coordinated with those of the other Western Powers so they will fit into a North Atlantic Security Pact. Said Claxton, "As the Western (European) Union becomes stronger, any chance that there might be of the Soviet Union willing an aggressive war will obviously become less."

Peace Officers From Wide Area Of West Texas Convene Here

Peace officers of a wide West Texas area were in Midland Wednesday to attend a meeting of the West Texas district of the Texas Police Association.

Territory from which the officers came is bounded on the West by El Paso, on the North by Lubbock, on the East by Big Spring and on the South by the border of Texas.

The first session was held at 10 a. m. Wednesday in the county courtroom. Jack Ellington, Midland Chief of Police and chairman of the district, called the meeting to order. Mayor R. H. Gifford extended welcome to the visiting officers from the City of Midland. The Rev. Vernon Yearby, pastor of the First Baptist Church of Midland, spoke at this morning session. He said:

"We of the churches are closely akin to you in your work in these times we are in." Yearby gave philosophies from the scriptures—"It is more blessed to give than to receive."

An afternoon session convened at 1:30 p. m. in the district courtroom.

State Officials Here

Among visiting peace officers were: D. K. Brown of the El Paso FBI office; Joe Fletcher of the Texas Department of Public Safety, who is assistant to Homer Garrison, director; and Captain Musick of the state department.

William Kerr, Midland attorney, was scheduled to speak at the afternoon session.

A barbecue was to be the entertainment highlight. It was slated at the Dunagan Farm at 5 p. m.

Babe Ruth Legend Disbelief Sets Bill Bendix To Boiling

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD—Bill Bendix is boiling over the critical notices given "The Babe Ruth Story" in New York and elsewhere. The consensus has been that it's mawkish sentimental hokum. But Bill points out that everything in the story really happened to Ruth. "Everything that the critics complained couldn't happen," says Bill, "has been printed on the front pages of the newspapers."

The topper came when a 14-year-old fan, who along with 45,000 other people, saw Bendix, as Ruth, clout a home run into the right field stand at Yankee Stadium, meet Bill in Hollywood the other day. The kid said: "You're great as Billy on the radio." Then he added: "I saw you hit that home run for the picture when you were shooting at Yankee Stadium."

"How did you like it?" Bill asked. "Oh," said the kid, "that was faded, of course. But you're great as Billy."

Bendix groaned: "See what I mean. The kid SAW me hit a home run and he still doesn't believe it!"

Whether she likes it or not (what do you think?) Loretta Young is playing second fiddle to a reeler, "Rachel and the Stranger" is her first picture since winning that Oscar. It's also Robert Mitchum's first release since those

coppers waded through marijuana smoke and found Bob in a blue haze. Result: Mitchum is getting all the publicity for the picture and, in some places, billing over Loretta!

Jane Wyman is taking ballet lessons. She wants desperately to do a dancing picture and after the rave reviews she got for "Johnny Belinda" she's in a spot to get pretty well whatever she wants.

Now that most of the late Mark Hellinger's estate has been settled, his widow, Gladys Glad, will make her home in New York, where she recently bought a house. . . . It must be serious between Hedy Lamarr and her wealthy San Francisco boy friend. Their secret rendezvous is the Cal-Neva Lodge at Lake Tahoe, which is a mighty long drive from Hedy's Beverly Hills home.

Big Game. From Warner Brothers comes news that Dennis Morgan has gone hunting. He'll probably come back with Jack Carson. . . . Location scenes for Sid Luff's new horse picture, "Man o' War," will be shot at the Riddle Farm in Lexington, Ky., which happens to be the birthplace of the famous race horse.

Gary Cooper and Wayne Morris are sporting crew haircuts for "Task Force." Shooting starts on an aircraft carrier off San Diego.

Editorial in a Hollywood trade paper: "We wish the message would go out to the countryside that Hollywood isn't an adjective. It is a proper noun. Off-base characters are described as having gone Hollywood when they are merely making gaudy fools of themselves, etc."

News item from the same trade paper same day: "Hollywood went Hollywood the past few days, what with . . ."

Better get together, boys.

Maybe it's old-fashioned of me but I like my Cinderella story straight out of the fairy tale book. I don't care much for the modern version that keeps popping up in the newspapers.

To be specific I want Prince Charming to be young and handsome and fully eligible. It isn't enough that he be just rich. He especially loses all appeal to me when I learn that Cinderella is to be his second or third wife. Or when I come across the little detail that the wedding day is waiting on Prince Charming's divorce. Or when I notice that he is quite, quite bald.

And I like my Cinderella to be young and innocent. It jolts me to read that she has already shed a husband.

Must we, every time a working girl snags a wealthy man, turn her personal triumph into a Cinderella story? Can't we just label the story "Poor Girl Makes Good Marriage," and let it go at that?

Besides I've another grudge against the modern version of the Cinderella story. In the fairy tale Cinderella and her Prince Charming lived happily ever after. The modern versions don't often have that neat and happy ending.

All too often there's a later installment. Cinderella sues Prince Charming for divorce, asking a nice fat settlement so she can live happily ever after—without him and his mental cruelty.

In charge of ticket sales are Mrs. B. R. Matthews, chairman, Mrs. E. H. Bahr, Mrs. E. N. Spiars and Mrs. Lucille Johnson.

Other Committees
On the staging committee with Mrs. Ralph Lowe, chairman, are Mrs. Bob Hill, Mrs. J. L. Smith, Mrs. J. D. Dillard, Mrs. C. P. Yadon, Mrs. Bob White, Mrs. W. H. Black, Mrs. Zeb Wilkins, Mrs. J. G. McMillan and Mrs. Henry F. Oliver.

Schedule committee includes Mrs. A. F. Shirey, chairman, Mrs. Charles Henderson, Mrs. Sam Preston, Mrs. M. S. Dickerson and Mrs. J. A. Koehler.

Entry committee chairman is Mrs. Clem George, and members are Mrs. Sol Bunnell, Mrs. DeWitt Haskins, Mrs. Floyd Boles, Mrs. Ralph Trosch and Mrs. James Watson.

Mrs. Winston Hull is chairman of the judging and awards committee. Working with her will be Mrs. Clint Dungan, Mrs. Frank Aldrich and Mrs. F. A. Crockett.

Mrs. L. C. Link is chairman of the publicity. On her committee are Mrs. C. W. Herndon, Mrs. E. R. Matthews and Mrs. Charles Marsh.

On the removal committee are Mrs. Arch Clevinger and Mrs. Bob Maberry.

The Midland, Texas, Yuca and Fremont Garden Clubs are sponsors of the show. Entries open to all Midland County residents, whether or not they are members of a garden club.

"Sunset on the Prairie" will be the theme of this year's show.

General rules which govern all exhibitors are as follows:
1. Only amateurs are eligible to enter the show. (An amateur is anyone who does not grow and offer

either plants or blooms for sale.

2. Entries will be received from 8 a. m. to 10 a. m. Thursday. Late entries may be displayed, but must be marked "Not for competition."

3. The Flower Show will open to the public at 1 p. m.

4. All specimens must be grown by the exhibitor. All other flowers must be grown in Midland County.

5. All specimens must be displayed in quart milk bottles. Bottles not picked up after the show will be disposed of by the Flower Show Committee.

6. An exhibitor may make only one entry in each subdivision of a class.

7. No exhibitor may have more than 16 entries in the show, and at least one-quarter of the entries in the Artistic Arrangement section.

8. The exhibitor may use grasses, foliage or accessories to add to the artistic effect of any arrangement in any class.

9. Tulle, ribbon, and state conservation material will be barred on any competitive entry.

10. The decision of the judges shall be final. Judges may withhold award where there is no entry of show calibre. In a subdivision of a class where three exhibits or less are shown, the judges may award prizes at their discretion. Exhibits are judged, not against each other but against perfection.

11. All persons except the Flower Show chairman, clerks, the photographer and the judges shall be excluded from the show while the judging is taking place. No person may serve as judge or clerk of a class who has entries in that class.

12. Entries not made according to the schedule will be automatically disqualified for awards, but may be displayed.

13. The show committee is not responsible for containers and other property although reasonable care will be exercised. All items should be marked with the owner's name.

14. Exhibits may not be removed until the close of the show at 10:30 p. m. October 28 and must be removed by 10 a. m. October 29.

15. In cases of close competition, named or new specimens will be given preference.

Miss McElroy Is Speaker At Delta Kappa Gamma Meet

Lillian McElroy, who was an exchange teacher to Scotland in 1947-48, spoke at the annual picnic of the Beta Kappa Chapter of Delta Kappa Gamma, national honorary society for teachers, recently.

The members assembled at Cloverdale Park for supper and a business meeting.

In her talk Miss McElroy said education in Scotland still is restricted and selective, springing from the European philosophy that "only the upper class requires education."

College education, which stresses languages, mathematics and history, "is only for those who pass competitive examinations."

"Scottish children take school life more seriously and have less enthusiasm than American children," Miss McElroy said, "because failure to learn brings punishment and no outside activities are allowed."

Business Meeting
In comparing Scottish and American teachers, Miss McElroy stated that in Scotland "college or university degrees are not required and are rarely held" by teachers.

Following the address, the president, Lucy Moore, conducted a business meeting at which time officers were elected.

Newly elected officers are Grace Robertson, Odessa, vice president; Gracia Ross, Garden City, recording secretary; and Mrs. Ruth Crabtree, Odessa, corresponding secretary.

The meeting closed after plans for a general meeting, which will be held November 6, were made.

New York Recovers Slowly From Strike

NEW YORK—(AP)—New Yorkers got to work Wednesday, slowly but in orderly fashion, as the biggest bus strike in the city's history passed the peak of its impact on 3,000,000 riders.

A CIO union's strategy of displaying its power with a four-hour stoppage misfired Tuesday. Several thousand of 8,500 workers who walked out refused to start buses rolling again on seven privately-operated lines.

However, many were returning Wednesday.

Dewey Must 'Reform' Congress

In his full-dress labor speech at Pittsburgh, Governor Dewey presented a list of objectives with this preface: "These are some of the things we are determined to achieve."

Among them were a higher minimum wage, extended social security with larger benefits, and end of the housing log jam to provide "decent houses" at "reasonable costs," and prices that "do not steal food and clothing . . . from American families."

Dewey's "we" obviously referred to a new administration in event of a GOP victory. It had to include a Republican Congress, since all the above objectives are matters for legislation. Thus the "we" really implied that Dewey was stating a Republican national policy.

Position and tradition allow Dewey or any other presidential candidate to make such statements. The New York governor is the titular head of his party. And in the unrelenting atmosphere of a presidential campaign, it is easy for voters to persuade themselves that the head of the ticket speaks for a united party.

Actually the situation is considerably different. The Republicans may look united in comparison to the Democrats, with their defections to the right and left this year. But there was a GOP group in the 80th Congress to whom these Dewey objectives are an anathema.

Largely because of this group, the 80th Congress did not raise the minimum wage or extend social security or pass a housing bill. It was they who pressed hard for lifting price controls, though it was Truman's job to end them.

Maybe the 80th Congress turned down these measures partly because they had originated with a Democratic administration, or had its support. Yet a number of conservative Democrats joined conservative Republicans in defeating the measures. There is little reason to believe that the same measures would be any more popular with either group if a Republican President were pushing them.

Oddly enough these domestic objectives (officially bipartisan in aim, if not in method) reflect the views of many Republican congressmen, particularly in the Senate. But they clash with the conservative viewpoint of others who, through seniority, control some of the key congressional committees.

In the event of a Republican victory, then, there will be an interesting and important test of strength. It will, in effect, disclose whether Dewey is going to be another Franklin D. Roosevelt in his relations with Congress.

Roosevelt for some time was able to persuade his party's right-wingers to go down the line for his New Deal. This was due to his popularity and persuasiveness, to the depression emergency, and to a party desire to remain in the rich pastures of political power after many lean years outside.

Dewey, as President, would probably have to depend on the first two and last of those factors, or else run the risk of seeing much of his announced program bottled up in committee pigeonholes.

Sign Of Normalcy

We note with pleasure that some manufacturers of men's clothing are now using a new compound on suits which they guarantee unconditionally will make them mothproof. Besides the obvious, or anti-moth, reason for gladness, we also rejoice in the implied assurance that the whole clothing situation is looking up.

The wartime suit shortage and the high prices that accompanied the return of abundance have kept a lot of masculine wardrobes at an austerly level. So it is good to know that the American male is apparently getting back to the point where he can rest a few suits in the closet long enough to revive the menace of the leisurely moth.

WASHINGTON COLUMN

Rebuilding Democratic Party Is South's Post-Election Job

By PETER EDSON
NEA Washington Correspondent

WASHINGTON—Biggest political problem facing the South after election will obviously be reorganization of the Democratic Party. Torn by split-offs of Wallace and Thurmond left and right factions, the once-solid South is in a bad way.

To get a line on Southern thinking about this matter, editors of 150 daily newspapers in and below the states of Maryland, Virginia, Kentucky, Missouri and Oklahoma were asked this question: "What steps do you think necessary before the Democratic Party can be reunited and the two-party system re-established?"

Answers ran the full scale of political opinion, but these notes were hit the most frequently: Ten editors say the party needs new and stronger leaders—not Truman and not the "one-man" rule of Roosevelt. Nine editors emphasize the need of purging the radicals. Nine editors insist the party will have to abandon its present policy on civil rights and let the South regain control of the Democratic organization.

That reorganization of the Democratic Party will come more or less automatically, without any planning or direct action, is the opinion held by another large group of Dixie papers. Defeat of the Democratic Party in November will create a common foe which Democrats from all over will unite to defeat, say a dozen editors.

Constructive Ideas
Aside from these broad generalities, suggestions are scattered all over the map. But they present many constructive ideas.

"Abandon centralization of government and get back to Constitutional principles," demands C. M. Stanley of the Montgomery, Ala. Journal, supporting Thurmond and Wright. "Kick out the race-baiters," says the Florence, Ala., Times.

Better understanding of the South by the North, better treatment of the South, letting the South alone, adoption of a platform acceptable to the South are called for by a number of editors. They put the blame for the present split on the Northern Democrats. "The North should learn that the Democratic Party is dead without the South," says the Kingsport, Tenn., Times.

Louis Nordkye of the Amarillo, Texas, Globe-News, feels this is nothing to worry about. "If the GOP wins," he says, "the Northern Democrats will be wooing the South again."

On the other hand, says the Nevada, Mo., Mail, "The South should forget its hatred of the Republican Party and encourage its growth in the South."

Most hopeful note comes from the Batesville, Ark., Guard, whose editor says, "I'm not so sure it's torn apart as much as GOP propaganda would have us believe."

So they say

However much we may desire peace, we cannot buy peace with appeasement. The best way for us to get along with the Soviet leaders is to deal with them as strong equals, and by doing so to restore their respect for us.—Gov. Thomas E. Dewey.

Until we have eliminated federal rent control, the most glaring abuse of property rights, we shall always have a housing shortage. Such artificial shortage will continue the demand for socialized housing.—Calvin K. Snyder, secretary, Realtors' Washington Committee.

We need no Marshall Plan for the Americas. They are going concerns. We need methods to release the capital energies of the peoples.—Former President Herbert Hoover.

In life there is misery as well as happiness, failure no less than success, and an education which is useful for only one side of life is certainly inadequate.—Dr. Raphael Demos, Harvard philosophy professor.

Democratic Purge Contest Is Removed To Federal Court
PORT WORTH—(AP)—A federal court, instead of a state court, will hear the legal contest over the purge of party officers voted by the State Democratic Convention here September 14.

The suit originated in the court of District Judge Walter Morris, and a hearing was scheduled Thursday. However, Truman loyalists, who were named as defendants, had the case transferred to the court of Federal District Judge Joe Dooley.

A temporary restraining order remains in effect. It was issued by Morris when the suit was filed last week.

Judge Dooley asked Ernest May, attorney for the loyalists, to confer with Gillis Johnson, attorney for the other group, and agree on a date for a hearing.

The petition for transfer was filed by May and Jack Carter, both of Fort Worth, and Howard Dalley and George Sergeant, both of Dallas.

On the other hand, says the Nevada, Mo., Mail, "The South should forget its hatred of the Republican Party and encourage its growth in the South."

Most hopeful note comes from the Batesville, Ark., Guard, whose editor says, "I'm not so sure it's torn apart as much as GOP propaganda would have us believe."

THE DOCTOR SAYS

Abnormally Tired People May Need Doctor's Advice, Care

By EDWIN F. JORDAN, M. D.
Written for NEA Service
Everyone gets tired sometimes, but some people seem to become excessively fatigued without any apparent reason. Overwork, nervous strain or lack of sleep can cause fatigue, but can be corrected rather easily. Those people who get overtired because they would rather do something else than get enough sleep are not the doctor's responsibility.

Many chronically tired people, however, cannot put their fingers on the cause so easily. In such cases the problem is to try to find out what is back of the difficulty. People who are anemic are fatigued easily; those who suffer from chronic infections or disturbed bodily functions also tire quickly. Overweight persons may have this symptom, and some people simply have nervous systems which wear out faster than normal.

Common Causes
In one study of chronic fatigue, the most common causes were found to be chronic infections, diabetes, heart disease, severe anemia, kidney disease, and various diseases of the nervous system. Tuberculosis, vitamin deficiencies, low blood pressure, and low metabolism were among the other causes which were discovered. When such definite

physical conditions can be found the treatment is clear—to correct the abnormality as rapidly as possible.

The proper balance between work, recreation and sleep has to be worked out. Change of occupation usually does not succeed. Many people need to learn how to relax when they have the chance. The adoption of a balanced diet with plenty of vitamins is beneficial. The stimulating drugs are dangerous and should not be used unless under the advice of a physician.

Those who are abnormally tired should first review and study the kind of life they are leading to make sure they cannot solve the problem by simple readjustments. If this cannot be done then the advice of a physician is indicated, first, to see if there is some physical cause, or if not, whether general advice can be given which will improve the situation.

McKENNEY on Bridge

By WILLIAM E. MCKENNEY
America's Card Authority
Written for NEA Service

This is the third hand that I have taken from the new book entitled "Right Through the Pack," published by Stuyvesant House of New York City. It is not a textbook but the most fascinating bridge book I have ever read. The deck comes to life, and each card tells a story, making 52 stories in all.

This is supposedly the story of the seven of diamonds, but I prefer to call it the story of Professor Hardacre, a character mentioned frequently throughout the book. He is a professor in higher mathematics at the university and a

Bridge hand diagram showing cards in each suit and a table of scores for different positions.

great student of the game of bridge. Can you picture any defense that might defeat four no trump on today's hand? The professor found a way.

On the opening lead of the three of diamonds the singleton king had to be played from dummy. If East had taken that trick with the ace, the contract could not have been defeated. The hands would get down to the cards that are underlined and at that point the lead would be in dummy.

When the eight of hearts was played, West would be hopelessly squeezed. If he threw the nine of spades, dummy's seven of spades would be good. If he let go the eight of clubs, declarer would win the last three club tricks.

However, the professor played the seven of diamonds on the first trick. Dummy held the trick with the king, but then all declarer could make was three spade tricks, two hearts and three clubs. The tenth trick could not be made as West held all the other three suits.

As the professor left the club, he remarked, "Gentlemen, I trust you approve of my defense. I know that I did it. It is one of the prettiest hands I have ever seen."

One Killed, Two Hurt In Car-Truck Crash

AMARILLO—(AP)—One person was seriously injured Tuesday night in a car-truck collision ten miles south of here on the Canyon, Texas highway.

Mrs. W. L. Weldon of Amarillo was killed and her husband was hurt. Also injured was R. M. Wynne, Jr., of Canyon, driver of the pickup truck involved in the accident. Wynne is a state game warden.

CALIFORNIA ENDURANCE FLYERS ALOFT AGAIN

FULLERTON, CALIF.—(AP)—Bill Bartis and Dick Redel are aloft Wednesday in their second attempt to break the world's endurance flight record of 726 hours.

Forced down Sunday with a bad magneto after flying 106 hours, the aviators took off again Tuesday in the single-engine Sunlink. Lady. They intend to stay up 42 days.

The Loves of Carmen

By SOPHIE KERR
Copyright, 1948, NEA Service, Inc.

IN Lucas' house late that night, Carmen laid out the fortune-telling cards with great care. She said, "The cards never lie to a gypsy, my friend. But she looked moody, and her mind was not on the cards. Lucas watched indulgently, more interested in Carmen than in the fortune. They always tell the truth, Lucas," she went on.

He leaned forward, casually. "And what are they telling you at this minute that makes you look like such a beautiful thundercloud, my Carmen?"

She touched a card, her voice low. "They tell me that the thing I have been expecting is coming nearer, Lucas."

Pablo's face appeared at the edge of the window. Only his eyes were showing. They saw but were not seen.

"They tell it might be soon now, Lucas," she said.

Pablo's face slid away from the window, with narrow-eyed satisfaction.

Lucas smiled. "You're really afraid of something you see there, aren't you, Carmen?"

Carmen patted his hand. "You are not the only one who has a death-scar. A business partner, little bullfighter. Death travels with me, too, in the shape of a man who loves me. The cards have always said that, Lucas. They said that such a man would kill me." Her voice rose restlessly, became harsh. "And I know such a man."

IN the cave Don Jose's face was reflected in the broken piece of mirror resting on Carmen's shelf. His face was a bad face, changed and fallen, harsh and ugly. His eyes were tormented and cruel.

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

WEST—Lt. Col. Paul Douglas of Illinois, hard-hitting Democratic candidate for senator, is getting it from both the Fascist right and the Commie left.

The other day, GOP Congressman Fred Busbey, one of the Chicago Tribune's trained seals, unleashed a diatribe at Douglas calling him a left-winger, a friend of the Commies, and about every other political epithet he could think of. The blast was so unfair that Busbey's patron saint, the Tribune, published an editorial halfway apologizing for its congressman.

Meanwhile, Douglas is getting it in the neck from the other side. Several months ago, before Douglas entered the senatorial race, Bill Miller, Wallaceite leader of the Progressive Party, approached Jake Arvey, Democratic leader of Chicago, with a proposal to run no Wallace candidates against local Democratic candidates.

"You've got some pretty good men running," Miller told Arvey, "and we'll support 'em. But we want to know whom you're going to run for the senate. If it's Douglas we won't do it."

"Why not?" asked Arvey. Miller hesitated. "We don't like him," he said. "Well what's wrong with him?" Arvey persisted.

"He's a red baiter," replied the leading Wallaceite. He's always talking about the danger of Communism."

In the end Arvey told Miller that Douglas would stay in the race, so the deal was off.

Real truth is that Douglas is feared and hated by the extreme left-wingers because he knows their game. Enlisting as a private in the Marine Corps at the age of 50, Douglas rose to the rank of lieutenant colonel, having had a magnificent record. A former Chicago University professor and member of Chicago's City Council, he stands head and shoulders ahead of the Chicago Tribune's Sen. Curley Brooks.

Note—A lot of people are going to split their ballots in Illinois and other Midwest states next week. Gillette Makes Comeback

Back in 1938, Harry Gillette, son of Iowa's famous hammer and right-bricker to FDR, flashed the signal that his chief in the White House would oppose the Democratic senator from Iowa for re-election.

The senator's question, silver-crested Guy Gillette had opposed many Roosevelt policies and was put first on the list for FDR's famous purge.

Result: Iowans, boiling mad, went out of their way to renominate Gillette.

Later Guy, a Democrat, became the victim of Iowa's normal Republican swing, and went back to his fields of corn and his front porch. Today with no machine to support him, little money, and a weak candidate at the head of the ticket, Gillette appears to be staging a comeback.

With the stamina of a truck driver, he has piloted his own car all over Los Angeles, and there is a crowd, indoors or out. Iowans pride themselves on their voting intelligence and both they and Guy would like to see Dewey and Gillette at the head of their ballots next Tuesday.

Surprise In Kansas
A mild-mannered ex-senator from Kansas is driving a tight second-hand Pontiac around his rock-floored Republican state, speaking five times a day, drawing good crowds and making so many friends that his opponent is getting worried.

The ex-senator is George Magill, one of the few Democrats ever sent to Washington from a state where running for the senate on the

Democratic ticket is considered about as hopeless as running on the Republican ticket in Virginia. This year, while Virginia probably will see a Republican, some of the Midwest states are likely to send Democrats to the Congress.

Magill's race is tougher than most—though not because he is running against ex-governor Andy Schoepel, whom Alf Landon once called "the errand boy of the big corporations."

Magill is getting some quiet support from certain of Senator Capper's faithful friends, some over the way Capper was pushed out of the senatorial picture.

But the main factor helping Magill is the slipping price of wheat, plus an insane remark made by Schoepel. Asked who was running against him, Schoepel replied: "I'm running against some Irishman and I can't think of his name."

A lot of Kansas farmers, however, know Magill's name and know it pleasantly. For when in the Senate, he co-authored the Pope-Magill farm bill providing for 90 cent parity loans on wheat and other staple crops. A lot of farmers are also getting wise to the fact that it was the 80th Congress that passed the Pope-Magill bill by prohibiting the government from renting additional elevators to store grain. Thus the government cannot buy from the farmers.

So the Kansas race between tortoise Magill and hare Schoepel may yield some surprises. Midwest Merry-Go-Round

Friends of Illinois' handsome Gov. Dwight Green are thanking his lucky star he is running in a presidential year. Otherwise he would be swamped. Last time he won by only 68,000 votes, and this year he has to live down the Centra mine scandal plus the embarrassing fact of his gambler friends and other big campaign contributions . . . Green's opponent, Adlai Stevenson, is a former U. S. delegate to the United Nations, assistant to the secretary of the Navy, and is the son of a vice president of the United States. Several Republican newspapers have endorsed him . . . It looks like GOP Congressman Ross Risley will be snowed under in the senatorial race in Oklahoma. Polis remembered how Risley put himself in the category of a pocketbook congressman by introducing the rate reduction bill for the big natural-gas companies at the very same time his law firm represented three companies which would profit from the bill—Cities Service, Republic Natural Gas and Panhandle Eastern Pipe Line . . . In addition, Oklahoma was a big loser when Big Boss Kerr their former governor, now running for the Senate against Risley.

Pilot's Certificate Revoked Permanently

WASHINGTON—(AP)—The pilot certificate of Charles R. Eisto of Los Angeles was revoked permanently Tuesday by the Civil Aeronautics Board on grounds that he endangered the lives of 54 persons aboard an American Airlines DC-4 a year ago.

The incident occurred near Mount Riley, N. M., October 8, 1947, while the plane was westbound with 49 passengers and five crewmen.

After the plane went into a dive and did an upside down half loop, the co-pilot brought the plane under control. The ship was landed at El Paso, Texas, without major damage or serious injuries to passengers or crew.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, OCT. 27, 1948-5

Bulldogs Seeking Weapon For 'Cats

The Midland Bulldogs drilled hard and in dead earnest Tuesday. No stone is being left unturned in the try to develop an attack and defense which will beat the San Angelo Bobcats here Friday night.

Heavy importance has been placed on the Friday night game because it is part of the dedication ceremony for Memorial Stadium, new athletic plant of the Midland schools.

Midland has some good news and some bad news about its personnel for the crucial battle Friday. The good news is that Bill Little, high-scoring fullback, will be back in action for this game. Little suffered an ankle injury in the Brownwood game and was held out of the Abilene game, and for the first time tickets to the Midland-San Angelo stadium dedication football game Friday night will go on sale Thursday at the Chamber of Commerce office in the Scharbauer Hotel. They will remain on sale there through Friday.

This season, Midland failed to score. The bad news is that Dee Bivens, husky blocking back and letterman, may be lost for the season. Bivens was hurt in the Austin (El Paso) game. He returned to drills this week but hard-luck hit him again. He hurt a leg.

Most Hands Healthy
Most of the other top hands of the Bulldogs are in good shape. They came out of the Abilene melee in fine condition despite the terrific weight handicap against which they battled.

Midland's success this year in picking up yardage has been with the single wing ground attack. However, the Bulldog can pass and fans may see some aerials Friday night. In fact, Midlanders may see the most passes the Bulldogs have tried this season. Cecil Stephens and Frank Robinson are the chumpers. Lloyd Henderson, Gene Heil, Reed Gilmore and flock of others can catch 'em.

The status of Larry Buckingham, regular backfielder, is still in question. Buckingham received a hard head smash in practice two weeks ago and coaches will not play him until given the green light by doctors. He has missed two games while letting the injury heal.

Longshoremen were originally called "along-shore-men" because they worked on the wharves of seaports where they loaded and unloaded vessels.

Baylor Cagers To Start Drills Monday

WACO—(AP)—Co-captains of the 1948 Baylor basketball team will be James (Red) Owens of Houston and Odell Preston of Waco.

They were elected in a meeting of the squad Tuesday. Both are two-year lettermen. Owens was an alternate on the U. S. Olympic basketball team. Last Spring he was named Baylor's most outstanding athlete.

Basketball practice starts Monday with 10 lettermen returning from last year's Southwest Conference championship five.

NEW YORK—(AP)—It's the little things that count. Must he buy any furniture? No. A war veteran, who declined use of his name, told the Queens district attorney's office he read an advertisement for a three-room apartment at \$68 a month. BOWLING

As the bowling season swings into its seventh week in the Major League, the competition is getting keener and keener and the scores are getting better. The Summer "kinks" definitely are gone. After matches Monday night at Flannery Palace, three teams were tied for first place and the other five were not very far behind.

Results were: Tommie's Electric took two out of three from Houston Hill; Odessa Shell Club grabbed two from Fabel Blue Ribbon; Banner Creamery captured two out of three from Reporter-Telegram; Haney's Humble swept three from Scharbauer Hotel.

The Houston Hill boys took high team series with 2,523 and Tommie's Electric team took high team game with 902. Jack Mashburn of Banner rolled 881 for high series and tied with Carroll Mitchell of Houston Hill for high game with 204.

Rice's Joe Watson Named Southwest Lineman Of Week

AUSTIN—(AP)—Fine center play continued to dominate line action in the Southwest Conference last week, and big Joe Watson of the Rice Owls grabbed lineman-of-the-week honors at that post.

The selection was made by sports publicity directors of the seven conference schools participating in the weekly poll of the Austin American-Statesman.

Watson, a rough 235-pounder, outshone Texas' Dick Harris, who had received the honor a week ago. Though the Owls bowed to the Texas Longhorns 7-20, Watson was a one-man gang on defense. Tributes to his ability was expressed by players on the left side of the Texas line. They said he was immovable.

Baylor's Eugene Huebner, another center, and Tackles George Petrovich of Texas and Hubert Eoff of Texas Christian also made strong bids for recognition.

'Top Lineman' Award Chuck Bednarik Gets

NEW YORK—(AP)—Chuck Bednarik, all-America center at the University of Pennsylvania, Wednesday was voted the nation's "Lineman of the Week" in The Associated Press poll.

His performance against Navy on Saturday won him the title. Bednarik was at the bottom of the pile that stopped Navy short of a first down early in the last quarter when the Middies tried a running play instead of punting on fourth down. And it was through Bednarik's position in the middle of line that Penn's backs then proceeded to tear off consistent gains for the winning touchdown.

The former Bethlehem, Pa., schoolboy also shared the punting duties against Navy.

Leo Nomellini, 250-pound Minnesota guard, and Len Scafary, North Carolina tackle, pressed Bednarik for top laurels.

Down SPORTSLANE
—With Tanner Laine

There have been times when we believed spirit was 98 per cent of winning a football game. There have been other times when we believed material contributed 99 per cent to winning. And still at other times we believed coaching had a high percentage in the winning role.

Just how do you win a football game? We, in Midland, perhaps should ponder the question.

You can't win without spirit. You can't win without material. You have to have good coaching to win.

But which of these is the greatest ingredient?

You can get a host of examples of each of these premises.

We take the 1938 Lubbock team as an example of what spirit can do. It had just a mediocre bunch of kids on it. They lost four early season games. Their coach died. The kids vowed to win the state crown, an ambition of their coach all his life. The kids vowed they would win it for him. They did. They beat bigger ball clubs, they beat better ball clubs, in their sustained march to the title. How did they do it? By goah they had the spirit and the will to win.

We take Notre Dame, year in and year out, as an example of what material can do. The Irish have it every year. They lose very few games, if any; how long has it been? Oh yes, Army, the great Davis and Blanchard and Tucker at all teams of the war years. Did not material make the difference?

We take Paul Brown as an example of coaching. Brown became famous as a high school coach in Ohio. His legend as a coach in his many victories. Brown moved up to Ohio State. Now, the skeptics said, he will lose. He is in the big league now. But Brown won and he kept on winning. Then Brown moved to pro ranks. Oh for sure he will lose now, his critics pointed out. But he didn't. He has produced championships with the Cleveland Browns. He wins and continues to win. And just on the side, you can bring up the point of how Brown won while in service. His Great Lakes teams are to be remembered for upsetting some of the greats of the college world—like Notre Dame for example. Brown has succeeded wherever he was.

Now which is it? Of which does it take the most to win football games—spirit, material or coaching?

It would be almost idealistic and Utopian to have all three rolled into one football team. When you do get all three, you get something great.

Say you had a team all spirit. You might take a team like that. But what if one time your fire died or you failed to kindle it just right? You can't keep a boy or a group of boys fired to the gills every Friday.

Say you had a team all material. You might win all of 'em for sure. But what if one time your team was an inspired team which wouldn't be licked—just wouldn't be licked? Texas had a bowl-bound team one time with worlds of material, but Baylor tied it and TCU beat it.

Say you had a team all coaching. You might win all of them for sure by the sheer genius and smartness of instructors—Bible, Leahy, Rockne, Bell, Meyer, etc., but what if you ran up against a team of bolting madmen for some cause or other and they wouldn't be licked? Or what if you ran up against a team of "supermen" for a day, an eleven of material so much greater so as to offset your coaching?

In all these cases, there you would be. And you would get beat.

If you couldn't have all three, then which one would you choose if you could just have one?

This corner is inclined to say spirit. You may believe material. The next man may say coaching. It will be interesting to see Friday night which of these three discussed things makes the difference when Midland beats San Angelo or San Angelo beats Midland.

That is why we wrote this.

Texas College Grid Elevens Face Heavy Weekend Schedules

By The Associated Press

All except two of Texas' 28 college football teams are in action this week, with important championship battles scheduled in every conference.

Sul Ross and Texas Mines, the only undefeated, untied teams remaining, face tough foes indeed. Sul Ross goes to Kingsville to tackle Texas A&M, a strong independent. Texas Mines battles Hardin-Simmons in the top Border Conference game of the week.

Baylor, unbeaten but once tied, takes on Texas Christian at Fort Worth in a major test of the Southwest Conference race. The big game of this circuit, however, is the clash of Southern Methodist and Texas at Austin. The winner will become a top favorite to cop the championship, Texas A&M and Arkansas also get together in this conference, while Rice plays Texas Tech of the Border loop.

Lone Star Leap

The Lone Star Conference matches its only unbeaten teams in conference conflict as North Texas State takes on Southwest Texas State. East Texas and Sam Houston clash in another conference game, while Stephen F. Austin and University of Houston meet outside foes—Stephen F. Austin tackling Louisiana College and Houston U. engaging West Texas State of the Border Conference.

Hardin, the last undefeated team in the Texas Conference race, plays Howard Payne in the feature of this circuit. Austin College and McMurry clash in another conference game. Southwest meets independent East Texas Baptist.

Billy Meyer Voted Manager Of Year In Nation-Wide AP Poll

NEW YORK—(AP)—William Adam (Bill) Meyer Wednesday was voted "Manager of the Year" in a nation-wide poll conducted by The Associated Press.

The 56-year-old freshman pilot of the Pittsburgh Pirates noosed out Billy Southworth, leader of the National League Champion Boston Braves, in a neck and neck race. Meyer received 89 votes to 87 for the veteran World Series campaigner.

In all, 220 baseball experts took part in the voting. Besides Meyer and Southworth, Lou Boudreau, Joe McCarthy, Burt Shotton, Steve O'Neill, Bucky Harris and Connie Mack received scattered support.

Low Boudreau Third

Boudreau, who piloted the Cleveland Indians to their first American League pennant in 28 years, and then led them to the world championship, ranked third with 20 votes. McCarthy, whose Boston Red Sox bowed to the Indians in an unprecedented playoff for the flag, was fourth with 19 votes.

Harris, released manager of the New York Yankees, was selected as the No. 1 pilot by three experts. The others each got one vote.

Meyer received the No. 1 rating because of the outstanding job he did in leading the Pirates to a fourth place finish after having them in flag contention until the final two weeks of the season. He took over a club that finished in a tie for the cellar last year with the Philadelphia Phils.

Don't tempt fate...

Don't try to palm off a worn-out summer oil on your engine this winter. It just doesn't pay. Because, first of all, it's bound to be dirty. And that means excessive wear on metal surfaces. But more important, old summer oil just can't measure up.

So don't tempt fate! Make a date today to OIL-PLATE your engine with winter-grade Conoco N# Motor Oil! Get N# oil's quicker starts . . . plus the extra protection of Conoco N# OIL-PLATING.

Because N# contains a special added ingredient that fastens an extra film of lubricant to your engine's working parts . . . cylinder walls are actually OIL-PLATED, extra-protected from "dry" friction starts, from power-clogging sludge and carbon due to wear. It's your car's good fortune when you . . .

Make a date to Oil-Plate!

Quite A Trip From New York To San Juan

LONDON—(AP) — Amelia Garcia went to LaGuardia Field, in New York to fly to San Juan, Puerto Rico.

Later she arrived in London. She had taken the wrong plane. The woman, who speaks no English, could find no one at London airport who spoke Spanish.

However, someone put her aboard another plane.

An hour later she was flying back to New York to start all over again.

Daddy Ringtail

Daddy Ringtail And The Blue And Gold

By WESLEY DAVIS

Night was coming to the Great Forest. The birds chirped sleepily in the trees, while Daddy Ringtail and Sammy walked along through the forest—hurry along and hurry along—hurry along to get back to the monkey house, before

be gone forever, Daddy Ringtail put the monkey boy on his back. Daddy Ringtail climbed with him up to the top of a tall tree. They could see away across the Great Forest—way, way off where the sun was over on the other side of the world. It would soon be gone until morning came again, but the sun knew all this. It knew that the night would have to come and go before it came back again to the

the night was too dark for them to see.

"Daddy Ringtail," said Sammy, "what makes the night?"

"When the sun is gone on the other side of the world," Daddy Ringtail said—"that makes the night."

And they walked on while the night came nearer and nearer, because the sun was going farther and farther away.

"Daddy Ringtail!" Sammy said suddenly. "What if the sun doesn't come back tomorrow?" And the monkey boy sounded afraid that the sun might never come back—that the night would be in the forest forever—that he could never again see the flowers with their beautiful colors, never again see the birds or the trees.

"That would be terrible," Daddy Ringtail said, "if the sun didn't come back." And he thought of the sparkle and wrinkle of the sunlight on the Whispering River. Sammy thought of it too, and he knew that he could never be happy without seeing a thing so beautiful.

But Daddy Ringtail said: "Now don't you worry about it. The sun will be back tomorrow. It always has come back."

"But it may not come back this time!" Sammy said.

And then, because Sammy was afraid that the sun might go and

Great Forest. So the sun was shining its best all day.

"Look at the sun!" Daddy Ringtail said. "How beautiful it shines—when it's nearly gone. See how it shines on the clouds, all blue and purple and gold."

And Daddy Ringtail told Sammy that beautiful things are made for seeing, which was a promise that the sun would always be back after all. Happy day, and tomorrow I'll tell you about Daddy Ringtail and Bumble Butterbee.

Majestic Takes Shine From Clothes
If your wife is unhappy because her new gabardine suit came back from the cleaners shining like a new penny, the Majestic Cleaners at 615 West Wall Street can solve that problem easily. Majestic has recently installed new equipment to process fine fabrics such as gabardine without leaving a shine. When cleaned at Majestic Cleaners, your fine suit and other clothes will come back looking like new.
Majestic has new equipment of the best type and the experienced personnel there is well qualified to handle the equipment to gain the best of results.
E. G. Dill, manager of Majestic Cleaners, has been in the cleaning business 20 years. He has been in Midland since 1935.
New Equipment
Majestic Cleaners moved into its present location in January. At that time J. M. Cox, owner, bought new equipment and it was installed and arranged in a manner to insure the maximum in quality cleaning. As a result you will find Majestic Cleaners a very clean and neat place, and you will enjoy doing business there.
Located at 615 West Wall Street, the phone number is 2847. The motto of Majestic Cleaners is "Good cleaning doesn't cost, it pays."

Gates Can Build Fixtures To Match Furniture
No matter what you want in the way of built-in wooden fixtures in your home, A. F. Gates, of the Gates Cabinet Shop, 411 West Kentucky Street can build it for you. He can build it to match your furniture or whatever else you want matched. He takes special pride in his ability to build cabinets and other fixtures that match the furniture in any home. Gates can build anything anybody wants as long as its made of wood.
The Gates Cabinet Shop has a good supply of most kinds of hard wood. In store one may find birch, maple, two kinds of mahogany, Brazilian pine and many other varieties. If the type of lumber you want is not in stock, Gates will order it for you.
Gates caters to oil companies. He frames, mounts and hangs maps for the companies as well as building desks and other wood finishing work in the offices. His oil company contracts have come in from all over the nation and even Alaska.
Gates started in the cabinet making business in October 1905, in one of the largest furniture factories in the Northeast. John Schmon, who works with Gates in the shop, has had 38 years experience in the trade. The Gates Cabinet Shop can take your ideas and make just the fixtures you want, or if you don't know just exactly what you want, the two men there can use their 81 years combined experience to give you some very good ideas.
The location is 411 West Kentucky Street and the phone number is 1981.

Berlin Ghouls Burn Royal Coffers
BERLIN —(AP)—Berlin's ghoulies have no respect for royalty. They have been plundering the graves of kaisers and princes and stealing coffin covers for firewood.
This desecration centers chiefly at the old Garrison church, near the imperial castle in the Soviet sector. The church was ruined during the war. However, in its vault are still some 200 coffins. Thieves who have broken them open apparently were searching for valuables. But the wooden covers obviously were removed for fuel.
British Still Hunt Asian War Dead
SINGAPORE —(AP)—Corners of Southeast Asia will remain "forever England" in their memorial cemeteries are being constructed for British servicemen. Unlike the Americans, who have returned home the bodies of some 30,000 war dead since last October, the British decided to leave their dead in the area where they fell.
Initial work is accomplished by teams who locate and identify bodies in the isolated tropical jungles of Malaya, Burma, Indochina and the East Indies. Lt. Colonel L. S. Harrop plans and coordinates efforts to locate the estimated 10,000 men still unaccounted for in Southeast Asia. Recovery of approximately 5,000 bodies to date includes Malays, Chinese and Indians who fought with British soldiers in Singapore and the Federation of Malaya.
Once bodies are gathered together in the military cemetery, Graves Registration hands over its job to "Imperial War Graves" which converts the cemetery into a permanent memorial.

Greece Plans New Phone System
ATHENS —(AP)—The Economic Cooperation Administration (ECA) and the Greek government have drawn up plans to improve and modernize Greece's telecommunication system. According to an agreement signed by Prime Minister Themistocles Sophoulis and John Nuveen, Jr., ECA chief here, present telecommunication operations will be merged into a single anonymous company.
The companies affected are the Internal Telecommunications System, operating under the Ministry of Posts, Telegraph and Telephone, and the Hellenic Telephone Company, which is already almost wholly government-owned.

Ballots— (Continued From Page One)
The other counties named by Johnson are Galveston, Eastland, Wharton, Chambers and Clay. It was not learned immediately whether orders for the impounding of ballots and records had gone to these counties. Jenner, chairman of the Senate subcommittee on elections conducting the investigations, was campaigning in Indiana and could not be reached at once.

South Texas Records
Meanwhile, it was disclosed that ballots and other records have been burned in Duval County, one of the South Texas counties where Stevenson has charged irregularities. Campbell King, chairman of the Duval County Democratic Executive committee, who told of the destruction, said "I had nothing to do with it." State law requires that ballots be preserved for 90 days after an election.

It's a NEW Navy!
"New fast carriers and super-speed subs make the equipment I remember look mighty tame. New jet planes and buzz bombs are performing wonders. And the Navy's research program is tops."

Here's a glimpse of Navy's new Super-carrier—a 65,000-ton flat-top, 1,080 feet long, with a crew of 4,000 officers and men. This great ship is designed to carry a new type jet bomber with greatly increased cruising range.

Navy's new submarine travels underwater faster than submarines ever did on top. They now can cruise submerged for days.

Truman Swings Into New England Saying GOP Is 'On The Run' ABOARD TRUMAN CAMPAIGN TRAIN —(P)— President Truman entered New England for the first time in the campaign Wednesday with Secretary of Labor Maurice Tobin predicting a 100,000 Democratic margin in Massachusetts. Tobin, former governor of Massachusetts, rode the presidential campaign train as Truman drove for votes in the Bay State and Connecticut enroute to Boston for a major address at 8:30 p. m. (CST). Tobin told reporters he had informed the President there is "absolutely no question" in his mind that the chief executive will carry Massachusetts after receipt of reports of heavy increases in registration there. Since Wednesday is Navy Day, presidential aides forecast emphasis on preparedness for defense in his Boston talk. "Sleeping Polls" Truman moved into Massachusetts from a roaring welcome at Cleveland, Ohio, where he addressed a crowd of 10,000. The train was loaded into a small cage and onto a truck and brought to Midland. Houser and King are building a steel pen that will be four by 10 feet in area and five feet high. King says he hopes to finish the job Wednesday night. So Thursday morning a brown bear captured wild in the mountains of Colorado will be safely penned for exhibition.

Another Snerd Is Heard From Edger Bergen puts the finishing touches on a facsimile of his hayseed stogie, Mortimer Snerd, in Los Angeles. The "real" Mortimer and his buddy, Charlie McCarthy, look on. Bergen is an accomplished wood-worker. Mortimer, all dressed up in his Sunday best, says, "Yuh'd never know to look at me that I'm off'n a farm."

Leonard Leftwich Is Ordained To Ministry Leonard Leftwich, a student at Hardin-Simmons University, was ordained to the ministry Sunday afternoon at a special service in the Calvary Baptist Church. Moderator during the service was the Rev. A. L. Teaff, pastor. The Rev. J. W. Arnett, district missionary, examined the candidate, while the Rev. Curtis Rogers, pastor of the Terminal Baptist Church, gave the charge. The ordination prayer was by the Rev. Vernon Yearby of the First Baptist Church. The Rev. Cecil Rhodes, West Side Baptist Church of Big Spring, delivered the sermon, followed by a prayer from the Rev. Monroe Teeters, Knott's Baptist Church. At the close of the service, Mr. Leftwich was presented with a Bible, a gift from the Calvary Baptist Church. Mr. Leftwich's first pastorate will be the Valley View Baptist Church.

Study Club Plans Cook Book Sale Mrs. M. S. Metz entertained the 20th Century Study Club in her home, 1406 West Michigan Street, Tuesday afternoon. Members answered roll call by telling an Indian contribution to America. Mrs. Ray Howard reported on plans for a cook book sale the club is sponsoring. Proceeds from the books will go towards building a house for the club women of Midland. Appointed chairman of the recipe committee for the cook book was Mrs. Harry Rhodes. Serving with her will be Mrs. J. D. Bain and Mrs. Metz. Mrs. E. R. Mathews, Mrs. Robert H. Donnell and Mrs. Howard H. Redding were elected to club membership. Mrs. L. E. Patterson, Jr., was elected recording secretary. Theme of the program was "Indians." Mrs. Carl Hyde, director, Mrs. Raymond Leggett, Mrs. Harlan Howell and Mrs. James R. Cotton appeared on the program. Refreshments combining Halloween and Indian themes were served to Mrs. Robert Cox, Mrs. T. S. Edrington, Mrs. W. E. Shipp, Jr., Mrs. Frank Monroe, Mrs. James O. Simmons, Jr., Mrs. Bain, Mrs. Cotton, Mrs. Howard, Mrs. Howell, Mrs. Hyde, Mrs. Leggett, Mrs. Patterson and Mrs. Rhodes.

Captive Bear On Exhibit At King's Service Station For those who may never have seen a bear, the opportunity presents itself now at King's Service Station at the corner of Wall and Marienfield Streets. Lonnie Houser, J. T. Van Natta and Foster King recently made a trip to the Colorado mountains in search of bear and elk. They bagged one deer with their guns, but with ropes they captured a brown bear they found roaming their particular neck of the woods. The bear was loaded into a small cage and onto a truck and brought to Midland. Houser and King are building a steel pen that will be four by 10 feet in area and five feet high. King says he hopes to finish the job Wednesday night. So Thursday morning a brown bear captured wild in the mountains of Colorado will be safely penned for exhibition.

J. H. Hodge's Mother Dies At Abilene Home Mrs. H. T. Hodge, mother of J. Howard Hodge of Midland, died suddenly Wednesday morning of a heart attack at her home in Abilene, according to information received here. She was a pioneer resident of Abilene, and was active in Methodist church circles. Survivors include four sons and three daughters. Mr. and Mrs. J. Howard Hodge left for Abilene after receiving word of his mother's death. Funeral services likely will be held Thursday afternoon in Abilene, friends said.

Abilene Pioneer Dies In Fort Worth FORT WORTH —(P)— Funeral services will be held in Abilene Thursday for William Young, 90, one of Abilene's early merchants and retired oil company salesman. He died here Tuesday at the home of his daughter, Mrs. Lee S. Henry. Young came to Fort Worth in December, 1945, after having made his home in Abilene 62 years. Young was one of the first trustees of Simmons College, forerunner of Hardin-Simmons University.

Electrical Workers Sue For \$1,000,000 WASHINGTON —(P)— The embattled CIO United Electrical Workers Union is striking back at the government charge of Communist taint with a \$1,000,000 damage suit against the Atomic Energy Commission. The General Electric Company also is listed as a defendant in the suit. The union's plea for money damages—and for a court order cementing its contract with General Electric Company—grew out of the Commission's recent decree that workers at a new atomic plant may not be represented by the U.E.

Man Found Shot To Death On Sidewalk

AMARILLO—(P)—Bennie Herbert Crawford, 38, was found shot to death on the sidewalk against the wall of a funeral home here Tuesday.

A pistol was found on the sidewalk near the curb.

Texas Rangers and police conducted an investigation, after which a coroner ruled Crawford took his own life.

Crawford worked at the veterans hospital here. His home was in Florida. He lived in Lubbock before coming here.

American red foxes and grey foxes have different bone structures.

Four Men Charged In Dickens County Cattle Theft Cases

SPUR—(P)—Bonds of \$1,000 each were set Tuesday night for three men charged with the theft of five head of cattle from the Guitlar Ranch in Dickens County May 5.

A fourth man was charged but has not been arrested. The men named in the complaints sworn to by Sheriff C. C. Kimmel were Delbert Bailey, 36, foreman of the Guitlar Ranch for the last 14 years; L. D. Bond, 24, former cowhand at the ranch; and Raleigh Garcia, 33, a Latin American hired hand at the ranch.

Officers said there have been a number of cattle thefts in Dickens County recently.

The Indian name for raccoon was "arakun," meaning literally "he scratches with his hands."

Price Differential Squeezes Domestic Oil TIPROA Hears

HOUSTON—(P)—Major purchaser's failure to meet the 35-cent-a-barrel increase in crude oil prices puts the squeeze on domestic production in favor of imports, two independent oilmen said here Tuesday.

Phillips Petroleum Company made the increase recently. Several other companies followed, but a few went back to the old price.

"The major buyers' holdout against higher prices is detrimental to the best interests of independent purchasers, royalty owners and general public," Guy Warren, Corpus Christi, president of the Texas Independent Producers and Royalty Owners Association, said.

Warren spoke at a district meeting of the association. Clean H. McCarthy, Houston independent, said major companies are increasing steadily their imports of oil.

"This foreign oil is being laid down at New York City for \$3.15 a barrel," he said. "In favoring foreign oil at the expense of increased domestic reserves and at a higher price the big buyers simply are protecting their investments abroad."

More than 2,200 new companies have started up as oil producers in this country in the last four years.

American Reports Quarterly Profit

NEW YORK—American Airlines reported a net profit of \$1,069,086 for the third quarter of 1948. This compares with a profit of \$1,272,514 for the third quarter of 1947. The third quarter profit reduced the net loss for nine months ended September 30 to \$3,996,593 compared with a loss of \$1,899,213 before tax credit for the 1947 period, officials said. Loss after the federal tax carry back refund of \$884,434 for the first nine months of 1947 was \$1,014,799.

The introduction of new and more efficient DC6 and Convair equipment and operating economies were reported to have decreased unit cost and reduced the break-even passenger load factor. The break-even passenger load factor for September 1948 was 55.4 per cent.

Cargo traffic is continuing its rapid growth, officials reported. Cargo ton miles increased to 20,974,411 for the nine months period. Freight alone accounted for 15,703,770 and for the month of September it totaled 2,236,500.

Some peaks of the Andes are more than 20,000 feet high.
