**Tex Harvey Indicates
Discovery in Midland**

Possibilities of a discovery from the lower Permian formation in East Midland County developed at Tex Harvey Oil Company No. 1 Floyd, deep wildcat, 13 1/2 miles southeast of the city of Midland.

Following a 1,000-gallon acid treatment on perforations at 8,045-55 feet and 7,865-75 feet, the venture swabbed 47 barrels of oil in 12 hours.

Gravity of the petroleum was approximately 39 degrees, corrected. There was no formation water.

On last report, operator was drilling out the cement plug at 8,900 feet to perforate deeper. Production tests are then due to be resumed.

Total depth of this prospector is 12,033 feet, in barren Ellenburger. It plugged back to try making a well from the current horizon.

Location is 2,000 feet from north and 680 feet from east lines of section 15, block 37, T-3-S, TP survey.

**Midland Prospector
Perforates Silurian**

Oil Corporation No. 1-E Wilson Bryant is preparing to swab and test on the section at 12,600-685 feet in the top of the Silurian.

The swabbing is to be through perforations in the casing. It is expected that after operator tests that interval natural, it will be acidized.

The Silurian showed the best possibilities of making an oil well of any horizon penetrated by this Central Midland County wildcat.

The venture had a recovery of several hundred feet of free oil in a drillstem test on that formation.

There was a little salt water in the bottom of the fluid recovered from that investigation, but interested operators think there is a chance that the section above the water will produce sufficient oil to make a commercial oil well and a discovery.

Correctness of that supposition should be determined within the next week.

This possible new field opener is 14 miles south of the city of Midland, and 600 feet from north and 1,980 feet from west lines of section 36, block 39, TP survey, T-3-S.

**Magnolia Sets Pipe;
To Deepen in Upton**

Magnolia Petroleum Company No. 1-A TXL, possible Ellenburger discovery in Upton County, 30 miles south of Midland, one-quarter of a mile south of the south line of Midland County, and 600 feet from north and west lines of section 31, block 40, TP survey, T-4-S, was bottomed at 13,087 feet in Ellenburger, which was entered at 12,530 feet, and is preparing to squeeze more cement back of the 7-inch casing.

That string of pipe is set on bottom with 983 sacks of cement. After the additional squeezing is completed operator plans to drill ahead below the casing.

A supplemental application has been filed with the Railroad Commission of Texas on this wildcat, requesting a permit to continue it to a possible bottom of 13,500 feet. The original permit was to 13,000 feet.

**Ellenburger Wildcat
Drills On In Mitchell**

Flour Bluff Oil Corporation and Ocean Drilling Company No. 1 G-19, Southeast Mitchell County wildcat to a possible destination of 8,000 feet to explore into the Ellenburger, had reached 4,375 feet, in line and was making more hole.

This project, located 660 feet from south and east lines of section 84, block 26, TP survey, is about 10 miles southeast of Colorado City, and 16 miles northwest of the Johnson field in Northwest Coke County.

It topped the San Andres at 1,130 feet and the San Angelo, middle Permian, at 1,630 feet. Elevation is 2,142 feet.

**Pecos Deep Venture
Gets Sulphur Water**

Sulphur water developed on a drillstem test at Silck-Urschel Oil Company No. 1. Fearless, wildcat projected to the Ellenburger in the Santa Rosa gas and distillate field of the extreme North Pecos County.

The tool was open 45 minutes at 5,853-5,742 feet. Recovery was 8,400 feet of sulphur water, with no shows of oil or gas.

This prospector, located 1,220 feet from south and west lines of section 106, block 8, H&GN survey, was drilling ahead from 5,798 feet through time. The Ellenburger is expected around 9,000 feet, or higher.

**Borden Pay Opener
Makes Oil On Pump**

H. L. Hunt No. 1 Clayton & Johnson, Central Borden County wildcat discovery, located 660 feet from south and west lines of the north half of section 24, block 31, TP survey, T-4-N, and six miles south of Gail, is pumping to test and complete.

**14 Persons
Die In Crash
Of Transport**

SEATTLE—(AP)—A transport plane loaded with Yale University students crashed and exploded seconds after its takeoff Sunday night, killing at least 14 of the 30 persons aboard.

Fifteen survived the crash. One person was not accounted for early Monday.

Twenty-seven Yale students from Washington and Oregon had chartered the DC-3 from Seattle Air Charter, a non-scheduled operator, to take them back to New Haven, Conn., after the holidays. The other three aboard were crew members.

The plane roared down an icy runway just at 10 p. m. Ten feet off the ground it faltered, struck the ground and crashed into the end of a Boeing Airplane Company experimental hangar.

Lynn Brown, a Boeing field employee, estimated the plane was going 80 to 100 miles an hour when it struck the hangar revetment and burst into flames.

Screaming, moaning. "I saw one man with his hair on fire, screaming and moaning."

The impact and explosion split the right side of the plane. Some broken by scrambling through the broken fuselage, others through the door.

Firemen struggled to attach cables to the battered plane so it could be hauled from the hangar, where a new Boeing Stratocruiser stock loaded with 2,000 gallons of gasoline. They pulled loose the tail section and rear fuselage portion, but the front part was jammed in a charred mass against the revetment.

Hours after the wreck rescuers still were removing burned bodies and trying to identify victims.

Thirteen were taken to hospitals soon after the crash, several badly burned. Some left the scene unaided, adding to difficulty of determining the number killed.

Although a full night shift was working inside the hangar, none there was injured. Workmen inside the hangar were first to reach the wreckage. They braved fierce flames in bringing out survivors.

There was no immediate explanation for the mishap, except for the slick runway—made icy by freezing rain and snow. Brown said both plane engines appeared to be functioning as the plane lifted.

He said the left wing appeared to dip, then the craft dropped, bounced and swerved. The State Patrol reported only one wheel track showed on the runway at the point of impact.

This Plane Will Try for New Distance Mark

This Beechcraft Bonanza, tuning up over Wichita, Kan., will try for a new light plane distance record, with Capt. William P. Odum at the controls. With added wing tanks, Odum will try to fly non-stop from Honolulu, Hawaii, to New York, a distance of 5,010 miles. If successful, he would more than double the present light plane record, set by two Russian aviators in 1937.

Unidentified Planes
Raid Holy City Twice

JERUSALEM—(AP)—Jerusalem was bombed by unidentified warplanes Sunday night, bringing a new threat of Jewish retaliation against Cairo.

There were two raids. At least five persons were injured in the first, when three bombs were dropped on a densely populated Jewish quarter.

Another raid came three hours later. No details were available but two explosions were heard.

An Israeli spokesman said in Tel Aviv that if the bombers proved to be Egyptian, the raid would be sufficient reason for the Jewish Air Force to strike at Cairo.

The two raids kept residents of Jerusalem in air raid shelters about 25 minutes during each alert. Israeli authorities in the Holy City declined to reveal any official information on the raids.

The cool and blustery weather which hit Midland early Monday apparently stimulated rather than hindered shopping in Midland's January Dollar Day attraction.

Hundreds of shoppers from Midland and neighboring cities were out early to take advantage of the dollar-saving values offered by practically all retail merchants.

Automobile traffic in the downtown section was heavy most of the morning and sidewalks crowded with men, women and children. Most stores appeared to be rushed as clerks did their best to wait on the many customers.

**Scrap Looms
On Plans To
Change Rules**

WASHINGTON—(AP)—The new Democratic-controlled Congress convened Monday and headed quickly toward a test of President Truman's influence on Capitol Hill.

The issue shaped up from a proposal by Democratic leaders to change House rules and ease the way for controversial labor and social measures—such as Truman campaigned for—to come to the House floor.

Republicans decided in a pre-session conference to fight the rule change. They hoped to win enough support from Southern Democrats to beat it in a House with 262 Democratic members and 171 Republicans. The House has one American-Labor Party member and one vacancy.

The result could be the tip-off on what chance there is for a coalition of Republicans and Southern Democrats to beat some Administration measures in the House.

On the Senate side, pre-session maneuvering gave that chamber's "Old Guard" Republicans a crushing victory over a group of self-styled GOP "Liberal" senators.

The "Liberals" were out to force a change in the party's leadership. They wanted Senator Lodge (Mass.) to take over from Senator Taft (Ohio) as chairman of the GOP Senate Policy Committee.

GOP Changes Sales
To Keep Taft in the "Old Guard" had to put through a party rule change, knocking out one that said no man could hold the post more than four years. Taft has held the job the last four years.

At a party meeting, a vote of 29 to 13 lifted that restriction. That paved the way for reelection of Taft to the post.

The actual election of Taft and other Republican leaders in the new Congress was deferred because it was the usual flock of first-day legislative proposals.

The first proposal for repeal of the Taft-Hartley Law came from Representative Marcanonio (Al-N.Y.). His measure would repeal the Taft-Hartley Act outright, and re-enact the Wagner Act.

Representative Rivers (D-S.C.) had one to repeal the tax on oleomargarine.

Behind all this maneuvering for position was the almost certain knowledge that President Truman will throw a wide range of proposals at Congress in a 30-minute personal appearance on Capitol Hill at noon Wednesday.

His budget, scheduled for unveiling January 10, is estimated at \$43. (Continued on page 10)

Ex-Jurors Vote
Judges Not Guilty
Of Trial Napping

FORT WORTH—(AP)—Ex-jurors, in a unique poll released Monday, voted Tarrant County judges "not guilty" of sleeping through trials.

But they found some lawyers waste the jury's time. And they punctured an ego or two by declaring that facts and evidence—not lawyers' oratory—influence verdicts.

Results of the poll were given to the Fort Worth Bar Association by Jack Langdon. Langdon headed a Junior Bar committee that sent four-page questionnaires to 600 men who served recently on federal, original and civil district court panels here. He said 189 replied.

By overwhelming vote, the jurors branded "intelligent, successful men" who evade jury duty through "influence" as the greatest threat to impartial justice.

By a small majority, they opposed calling women for jurors.

Florida, California
Shiver As Midwest
Lashed By Blizzard

By The Associated Press
Truck growers in the Florida Everglades surveyed frost-wrought damage to their crops Monday as a whistling blizzard harassed livestock producers over most of the high Great Plains region.

With reports still incomplete on the extent of the frost and freezing temperatures in Florida Saturday night, it is known to have been heavy in many sections.

The blizzard which came out of the Rocky Mountains into Western Kansas, Western Nebraska and Western Oklahoma Sunday night is of the solid variety which might carry with it diminishing effect into the citrus fruit belt of the Rio Grande Valley and Texas Gulf Coast, said W. M. Percy, federal forecaster at Chicago.

Snow, High Winds
Percy said the heavy snow in the plains would be whipped into drifts by strong winds throughout most of Monday and that visibility was at or near zero. The winds were lashing along at upwards of 45 miles an hour in Western Oklahoma, Kansas and Nebraska to as high as 60 miles an hour in the Western Dakotas.

Most of the area already had received from one to four inches of new snow. The cold wave is expected to hold temperatures to near zero in Western Nebraska, 5-15 above in Western Kansas, and 5-10 above in Northwestern Oklahoma.

Snow was falling as far south as New Mexico.

Subnormal temperatures also stung the Pacific Coast area, except extreme Southern California. Some highways between Los Angeles and San Francisco were snow-blocked.

It's Icicle Time in Georgia

Winter's cold winds reached down as far as Atlanta, Ga., transforming this fountain into an icy sculpture. Park employes forgot to turn off the water. Dianne Pennington thinks it's a wonderful idea as she happily sucks a chunky icicle.

WE, THE WOMEN

By RUTH MILLETT NEA Staff Writer

At last somebody has written an article for a current national magazine with the title "The Art of Staying at Home."

The fact that it contains some much-needed advice is proof that we've developed a full cycle since the "How to" books and articles first became popular.

We started out with "How to Win Friends and Influence People"—and for a long time the trend was all on how to be so pleasant your life would be full of friends and invitations to how to develop so many outside interests you never had to sit at home with a book, how—in short—to turn yourself inside out to get along smoothly with others.

Apparently the "how to be popular" advice worked so well that many people have developed such hectic social lives they have forgotten how to stay at home and enjoy it.

It may be only sheer coincidence that the author of "How to Win Friends, etc. . . ." finds it necessary now, after several years to turn out a piece titled, "How to Stop Worrying."

So now those who are weary of the rat race can read the article mentioned and learn all over again how to spend quiet, leisurely evenings by their own firesides.

Maybe somebody will even go ahead now and write a book or article with the title, "How to Get Friends to Leave You Alone."

That, of course, will be the big problem for those who want to learn the "art of staying at home."

Bulldogs To Meet Big Spring Teams

The Midland Bulldogs may be playing the toughest game of their basketball season at 8 p. m. Tuesday in the MHS gym when they meet the potent Big Spring Steers. A 'B' game is slated at 7 p. m.

It's a varsity 3-AA conference game. Over the season, Big Spring has won 10 and lost one. Midland has won four and lost four. In the district, Big Spring has two wins and Midland has won one and lost one.

Both teams competed in the Howard Payne tourney last weekend. Big Spring lost to Brownwood 44-30 in the opening game then went on to take the consolation crown, downing Throckmorton 37-18. Goldthwaite 41-32 and Ellis 48-29. Midland won its opener over Olney 44-36 then lost 49-36 to Lubbock in the quarterfinals. Big Spring knocked off Abilene, defending district champion, early in the season and was not extended to do it. Midland conquered Odessa after losing to Lamesa.

Coches Johnny Malaise brings a powerful quintet here. But Coach Jack Mashburn's corp is ready for it. The Bulldogs lack height and experience but have lots of the hustle and fight.

Big Spring Sparks
Big Spring is sparked by Howard Jones and Culin Grigsby. Jones scored 22 points in the season. Grigsby chucked in 63. They are the one-two punch of the Steers.

Midland has Larry Messersmith, hottest cager in the state when he is right. Messersmith scored 41 points in four early season games. He plunked in 22 points in one game against Olney in the Howard Payne tourney. Helping Messersmith are Lloyd Henderson, Reed Gilmore, Max Harris, Don Bizzell, Harris Smith, Larry Buckingham, Don Deal, Kent Miller and Jimmy Conine.

For the last two seasons, Big Spring has led District 3-AA in all-season play but lost out in the tournaments. Again this year it looks as if the Steers are again headed for the top ranking.

However, Midland cannot be counted out or sold short. The Bulldogs can really go when they are right and right they hope to be Tuesday night.

Bantamweight King To Meet Dado Marino

LOS ANGELES—(P)—World Bantamweight Champion Manuel Ortiz, whom many thought would never be able to make the weight, will defend his 118-pound crown against Dado Marino of Hawaii in Honolulu February 22.

The agreement includes a guarantee that Ortiz, if he retains the crown, will meet Chico Roma, one-time conqueror of the present world featherweight king, Sandy Saddler of New York, and receive a \$20,000 guarantee.

It will be the nineteenth title defense for Ortiz since he lifted the title from Lou Salica in 1942.

Texas Brags On Bowl Record—Seven Wins, Two Defeats, Tie

DALLAS—(P)—Texas college teams reaped a rich harvest not only in money but victories in bowl games over the nation.

Bragging a little, she, they won seven, lost two and tied two in the bowl battles in which they met outside teams. In three other games the case was all Texas while in still another, among the eight bowl games played within the state the contestants were from other areas.

All in all, 15 bowl games were put on either in Texas or with Texas teams playing in them. They extended from Dec. 19 to Jan. 1.

Southern Methodist won the big one, beating Oregon 21-13 in the Cotton Bowl at Dallas.

The only losses for Texas teams in bowl games were Texas Mines' 21-12 kicking from West Virginia in the Sun Bowl at El Paso and Prairie View's 6-0 loss to Wilberforce of Ohio in the Prairie View Negro Bowl at Houston.

Texas' Triumph Brightest
The brightest win was Texas' 41-28 decision over Georgia in the Orange Bowl. It was a "grudge" affair. Texas went to Miami determined to lick Georgia after being termed a "third rate team." Coach Blair Cherry called the turn on that one several weeks before the game.

Baylor whammed Wake Forest 20-7 in the Dixie Bowl at Birmingham for another top Southwest Conference triumph.

Hardin-Simmons had the biggest bowling schedule and the Cowboys did mightily well at it. They won two and tied one in three engagements. They tied College of the Pacific 35-35 in the Grape Bowl at Lodi, Calif., beat Ouachita 40-12 in the Shrine Bowl at Little Rock and blasted Wichita 49-12 in the Camellia Bowl at Lafayette, La.

The other tie for Texas teams in bowl battles was Sul Ross' 21-21 deadlock with Murray State in the Tangerine Bowl at Orlando, Fla.

Minor Bowl Run-Downs
Here is the run-down on other Texas bowl games or bowl games in which Texas teams played.

Fish Bowl at Corpus Christi—Southwestern University 7, University of Corpus Christi 0.

Texas Rose Bowl at Tyler—Kilgore Junior College 19, Hutchinson Kan. Junior College 7.

Texoma Bowl at Denton—Ouachita of Arkansas 7, Southeastern State of Oklahoma 0.

Little Oil Bowl at Conroe—Wharton Junior College 49, Henderson County Junior College 0.

Spindletop Bowl at Beaumont—Lamar Junior College of Beaumont 21, Hinds of Mississippi 0.

Oleander Bowl at Galveston—Wharton Junior College 28, Paris Junior College 0.

Midlanders Named To Study Constitution
M. C. Ulmer and Charles L. Klapproth of Midland have been invited by Gov. Beauford Jester to become members of a statewide committee which will study constitutional revision.

The committee, numbering 250 persons, will be organized at a meeting in Austin Thursday morning.

Work of the group will include the formulating of recommendations for revision of the state constitution for consideration of the Legislature and the governor, looking toward ultimate modernization.

Virgil T. Seabery of Eastland is the committee chairman.

Bowl Games Stow Wackiest Season Away In Mothballs

NEW YORK—(P)—One of the wackiest of all college football seasons went to the moth balls Monday, doggedly following the upset theme right down to the end.

A multitude of New Year's Day Bowl games brought only further and more complete confusion to a year that saw mighty Army and Norte Dame tied by supposedly inferior teams in the final weeks of the campaign.

There was a day when a bowl game decided football supremacy between the East and West and had national championship significance.

They proved the fifth best team in the nation, in the eyes of the experts, could lick No. 3, Oklahoma did it in the Sugar Bowl at New Orleans, conquering North Carolina, the highest ranked bowl performer, 14-6.

They proved tenth-ranked Southern Methodist University was superior for one afternoon at least to ninth-ranked Oregon, which bowed in the Cotton Bowl at Dallas 21-13.

Truce "Third-Raters"
Texas rose out of the travail of three defeats and a tie to smash high-regarded Georgia, the Southeastern Conference champion and No. 8 in the national rankings, in the Orange Bowl at Miami 41 to 28. Texas wasn't even in the first 20 in the final AP poll.

If this doesn't leave Joe Fan grabbing for air, then look at some of the results in the lower strata bowls.

Clemson, the team that hadn't lost a game all year or even allowed itself to be tied, wasn't given much chance against the Missouri eleven that lost twice during the season.

But the South Carolinians finally convinced the boys their season's record was no fluke by measuring the Missourians in the Gator Bowl at Jacksonville 24-23.

Wraps For Nevada
Nevada, which soared to a new offensive peak and led the nation in total offense behind the slingshot throwing arm of Stan Heath, was throttled by a Villanova team that had lost two games and tied one. Villanova won the Harbor Bowl game at San Diego 27-7, holding Heath to negligible yardage.

Besides the Texas and Southern Methodist victories, Baylor whipped Wake Forest 20-7 in the Dixie Bowl at Birmingham to give the boys from the cowboy country a clean sweep.

Other bowl results: Delta-William and Mary 20, Oklahoma A&M 0; Salad-Drake 14, Arizona 13; Sun-West Virginia 21, Texas Mines 12; Raisin-Occidental 21, Colorado A&M 20; Vulcan-Kentucky State 23, Greenboro (N. C.) A&T 13; Cigar-Missouri Valley 13, St. Thomas (Minn.) 13; Tangerine-Sul Ross 21, Murray State (Ky) 21; Pineapple-Oregon State 47, Hawaii 27; Oriental Rice-U. S. Army Ground Forces 13, U. S. Air Force 7; Ice-Alaska 0, Ladd Field 0; Lily-U. S. Navy All-Stars 25, Kindley Flyers 6.

Disputed Rose Bowl Tally Touches Off Hot Stove Loop Talk

PASADENA, CALIF.—(P)—It's been chilly in these parts, but the arguments over Art Murkowski's touchdown for Northwestern in the Rose Bowl were warming up the whole landscape Monday.

These arguments are, of course, unofficial, but for the fans' hot stove there's fuel aplenty for a whole long winter; maybe many winters.

Officially, that score board still says Northwestern 20, California 14. That's the way it'll stay.

The heated discussion centers around what Fullback Murkowski did or didn't do, the newspaper pictures thereof, the telecast and what the fans saw, or thought they saw. From Here To There

Murkowski fumbled, and they'll argue from here to there on whether he fumbled an instant before or after he crossed the Cal goal line. The officials ruled it a touchdown on the ground he had possession of the ball crossing the final white line, then fumbled. That made the score 13 to 7 for Northwestern.

If the decision had been that Murkowski fumbled before crossing the line, the score would have stayed at 7-7 at the moment and recovery of the loose ball in the end zone by California's Will Lotter would have given the Bears the ball on their own 20-yard line.

Several newspaper pictures seem to indicate Murkowski fumbled before he got to the goal line, but even some hotheads concede that camera angles are deceptive.

STABBING VICTIM'S CONDITION 'SATISFACTORY'

The condition of Lillie B. Rollison, negro, stabbing victim of Saturday, was termed "satisfactory" Monday by hospital authorities. Barring further complications she will recover, they said. The woman was admitted to the hospital in a serious condition Saturday. The husband, Lester Rollison, is being held in the county jail for questioning.

The first electric storage battery was produced in 1859 by Gaston Plante, French physicist.

BUSINESS MEETING

American Legion

TUESDAY NIGHT
 Jan. 4—8:00 P.M.

All members urged to attend.

Q. M. SHELTON
 Commander.

YOU WOMEN WHO SUFFER HOT FLASHES then FEEL CHILLY—

Here's Good News!

Are you between the ages of 35 and 55 and going through that trying functional "middle-age" period peculiar to women? Does this make you suffer from hot flashes, feel dizzy, so nervous, irritable, weak? Then so try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! It's famous for this! Many wise "middle-age" women take Pinkham's Compound regularly to help build up resistance against this distress. Pinkham's Compound contains no opiates—no habit-forming drugs. It helps nature (you know what we mean!). This great medicine also has what Doctors call a stomachic tonic effect.

NOTE: Or you may prefer LYDIA E. PINKHAM'S TABLETS with added iron.

Oil & Gas Log

(Continued from page 1)
 a lower Permian lime. That interval had been treated with 1,000 gallons of acid. It is expected that operator will shortly complete the development and put it on production. Hunt No. 2 Clayton & Johnson, 660 feet from west and 1,980 feet from north lines of section 22, block 31, TP survey, T-6-N, 11 miles northwest of Gall, and 16 miles northwest of the same operator's No. 1 Clayton & Johnson, had reached 3,082 feet in lime and anhydrite, and was boring ahead. It was started to go to around 8,000 feet to try to find and explore the Ellenburger.

Placid Perforates In Scurry Ellenburger

Perforations were shot into the pipe opposite the Ellenburger by Placid Oil Company at its No. 1 Cornelius Davis, Northeast Scurry County wildcat, six and one-half miles northeast of the town of Snyder. After cleaning up a minor fishing job, operator perforated in the deep zone at 7,715-7,755 feet with 160 shots. Two-inch tubing was then run to 7,765 feet and a packer set at 7,667 feet.

The venture was last reported preparing to acidize. Swabbing tests are then to be undertaken. The current formation has developed very slight indications of oil and gas production. The drilist is 660 feet from north and 1,980 feet from east lines of section 387, block 97, H&TC survey.

Congress—

(Continued from page 1)
 000,000,000 for the year beginning July 1. This apparently will include \$15,000,000,000 for the military and \$4,000,000,000 plus for Marshall Plan aid. The President will discuss the economic situation in a message Friday. He has promised to give details of his foreign program in a later message. The President's foreign program—which may include a proposal to help arm Western Europe—apparently faces no such obstacles as encountered in the Republican 80th Congress.

It is in his domestic program—particularly the civil rights proposals he will make—that Truman faces his toughest opposition. House Rules Changes If the President's friends can win for Rayburn a measure of power that somewhat approaches the authority once held by such speakers as the late Uncle Joe Cannon, the Administration will be able to get its social welfare bills to a vote in the House. Briefly, under the proposed rule change: the House speaker shall recognize a committee chairman trying to bring to the floor a bill which has been bottled up in the Rules Committee for calendar days. There would be a vote in the House on whether to take up the bill. If approved, then there would be a vote on passage of the bill.

As things now stand, it requires the names of 218 members on a petition to jar a bill loose from the Rules Committee against its wishes. Kogler, Lynn Are Kiwanis Speakers At Monday Luncheon Joe Kogler, outgoing president, presided at the regular meeting of the Kiwanis Club in the Crystal Ballroom of Hotel Scharbauer at noon Monday. No formal program was presented.

Hughes said he worked five months on the proposal, but added, "There were certain legal and technical obstacles to the completion of this deal, which could not be overcome to my satisfaction."

However, in Houston Sunday, Noah Dietrich, vice president of the firm, said negotiations for the sale will be resumed shortly.
