A More Potential Threat

No doubt Walter Gieseking, the German pianist, and Dr. Wilhelm Fuertwangler, the German conductor, can make a comfortable living outside the United States.

Yet the furor over the scheduled American engagements of these two musicians brings up again some questions that have never been answered to everyone's satisfaction.

Allied officials in Europe investigated both Dr. Fuertwangler and Gieseking for Nazi activities and finally cleared them. Later the conductor was offered the leadership of the Chicago Symphony Orchestra and the pianist was booked for his first American tour in 10 years.

At any rate, Dr. Fuertwangler turned down the Chicago offer as a result. Gieseking came to this country and was detained by immigration authorities a few hours before his scheduled appearance in New York's Carnegie Hall.

Gieseking had denied that he was ever a member of the Nazi Party or any of its cultural affiliates. He admitted having played at a concert which Adolf Hitler attended, but said he had never played for any high Nazi official in private.

Wherever the fault or virtue lies, the questions are not settled. They were not settled when Fritz Kreisler, that most revered of elder violinists, was egged at his first American recital after World War I because, as an Austrian, he had fought in the Austrian army.

We have no solution for this minor dilemma. We believe that the artist's ivory tower is no longer an inviolable refuge that gives him special permission to live in a world apart.

But we do have a suggestion for the Fuertwangler critics and the Gieseking pickets. They might better turn their understandable indignation on the Ruhr industrialists who, according to authentic reports, are largely back at their old jobs.

A doctor says sickness costs a billion and a half a year in the U. S. But it gives lots of people something they like to talk about.

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

Drew Pearson says: Frenchwoman's gift to Merce Train is eloquent appreciation of American friendship; mild winter in East hurts Lewis; Senator Murray would revive small business committee.

WASHINGTON—When the Gratitude Train was in Paris loading its cargo for the United States, a woman, obviously poor, came down to the Gare D'Orsay with a package.

"This is a very small present," she said, "and I should not do this. The Communists would not like it."

"You see," she explained further, "I am a Communist. But last winter when my children were so hungry the Americans helped them. They gave milk and flour and didn't ask what political party we belonged to. Now I want the Americans to know we appreciate their help."

That incident illustrates, more eloquently than editorials or speeches, the fact that bread cast upon the waters comes back in hundredfold dividends, plus the further fact that so many congressmen failed to realize regarding UNRRA and other American relief—namely, that it does not pay to play politics with empty stomachs.

John L. Lewis's bargaining position in the coal industry is being hurt by the "unusual" winter weather. Because most of the East is having a mild winter, coal stocks are now up about 58 per cent over last year, giving the nation more than a 60-day stockpile. This means Lewis won't be able to tie up the country easily when his contract negotiations open this spring.

After 30 days stay of grace, the Senate Small Business Committee has quietly passed on to where the good committees often go. It ceased to exist, its authority to operate simply ran out.

However, it did not go on to the limbo of forgotten things. For a few hours later, Democratic senators held a post-mortem behind closed doors. Senator Jim Murray of Montana, who always has fought for small business though his own millionaire holdings amount to big business, appealed to his colleagues to revive the committee. He was joined by Senators Claude Pepper of Florida and Brien McMahon of Connecticut.

McKenney on Bridge

On Friday of this week some of the finest bridge players in the country will assemble at the Hotel St. Paul, St. Paul, Minn., to participate in their annual Winter Carnival bridge tournament.

One of the local players who I think will do well this year is Lawrence A. Wolf of St. Paul. Larry operates one of the big men's stores in St. Paul and is a member of the board of the St. Paul Dispatch-Pioneer Press Grand Slam Club.

Next, he cashed the ace of spades, deliberately setting up the queen of spades in the East hand. The king and queen of diamonds were the next two tricks he cashed, then he played the nine of diamonds over to dummy's jack.

Q—Texas couple burned in Mexico explosion. MONTERREY — (AP) — A McAllen couple, Mr. and Mrs. Charles Butler, six, burned to death Saturday in an explosion in their house trailer Saturday. Butler is 70, his wife 50.

Doctors at Civil Hospital said Mrs. Butler's burns extended over her whole body. Butler was burned on the hands and feet, they said.

Police said Mrs. Butler told them the explosion occurred when she struck a match to look at her watch. They blamed a gas leak in the trailer's heating and cooking equipment.

WASHINGTON COLUMN

U. S. 'Know-How' Is Big Item In Truman's 'Bold New Plan'

By PETER EDSON NEA Washington Correspondent

WASHINGTON—The Marshall Plan ECA—Economic Cooperation Administration—has barely made a start on exporting American know-how to Europe, as called for by the "bold new plan" in President Truman's inaugural message.

So far—excluding U. S. aid missions to Greece—only one American expert has been sent abroad to give technical assistance to a foreign government at its request. He is James Sberman of the U. S. Bureau of Labor Statistics.

A lot of other applications for the loan of American experts have been received from European governments, however, and in the next year or so the traffic is expected to get heavy.

First year ECA appropriations earmarked \$6,000,000 for furnishing technical services to Marshall Plan countries. But in the first eight months of operation only \$1,196,000 has been authorized for spending.

Another \$1,318,000 earmarked for technical assistance to China under Engineer Charles Stilman won't get spent because of the developments in the civil war out there.

New ECA Division of Operations is being set up under Aubrey Harwood, a vice president of Pacific Mutual Life Insurance Company, Los Angeles. During the war he worked on Army officer procurement and served in the Office of Strategic Services.

Harwood will have under him a director of technical assistance, yet to be named, who will be in charge of finding qualified American technicians to send abroad as requested by foreign governments.

Teams brought to the U. S. will be selected in Europe. For the British, an Anglo-American Productivity Council set up last Fall under Philip D. Reed of General Electric will do the arranging.

When the program for loan of American technicians to Europe gets going full blast, it may be something like the assistance now being given Greece. Of the 160 members of the American mission to Greece, 120 are technical and scientific experts.

Biggest technical aid project is a \$750,000 contract with Electric Bond and Share Corporation for a complete survey of Greek electric power resources. Greece has many mountain streams that could be harnessed for power development.

Service team of 10 in Greece, including hospital administrators, relief and malaria control experts. One big project is to bring a number of Greek doctors and nurses to the U. S. for modern training.

Attached to Greek government agencies are experts on taxes, tariffs and customs. There are advisers on housing, railways, highways, port construction, mining, chemicals, food preservation. Even a team of well drillers.

People tend to be needlessly dazzled by writers, and wonder why they write. It's not so deep a mystery, after all. Some write to get rich, which is a mistake. Plumbert earn more.

Others write for fame, which is also a mistake. Fame is a will-o'-the-wisp, then today, gone tomorrow. Then of course there are those who write because they care to help themselves. They're the best.

Youths With Acne Shouldn't Let It Disrupt Their Lives
By EDWIN F. JORDAN, M. D.
Just exactly what causes adolescent acne—pimples—is uncertain. Infection is undoubtedly present in most cases, but this does not seem to be the only factor.

The worst thing about acne is that it makes the victim terribly self-conscious. This leads in many cases to a sort of withdrawal from society. The youngster with acne tends to stay away from his friends and particularly from social events like dances and club parties, which are particularly desirable during youth.

The youngster who has acne ought also to make a conscious effort to forget about the pimples on the skin except to follow whatever medical directions have been given. Acne usually disappears after a while and the youngster who forces himself or herself to go to parties and other social events may avoid an "inferiority complex" during the rest of his or her life.

Don't comment. Growups should be aware of this difficulty and ought to keep from commenting on the state of the skin just as much as they can. When a well-meaning parent or friend re-

marks "how much better your skin looks this morning" the youngster is made even more conscious of the face must look the rest of the time!

Local treatment can often do a great deal for pimples. Just exactly what should be put on must be decided by the doctor in charge. Sometimes what helps one person may not help another.

Staying away from sweets and starches and eating fairly large quantities of fruits and vegetables usually help. Exposure to sunlight, which, of course, is much easier in the Summer than Winter months, also seems to make acne much better in the majority of cases. Permanent scarring of the skin is the exception.

Sweetwater Will Stay In League

BIG SPRING—The major issue of hot stove league discussion in the Longhorn loop was settled Sunday—Sweetwater will operate in the league during the 1949 season.

This was announced at a meeting of league directors here Sunday in the Settles Hotel.

Cy Fausett, now owner-operator of the Albuquerque Dukes franchise in the West Texas-New Mexico League, will have the Sweetwater franchise.

Fausett had been dickering with Sweetwater owners several months but apparently had dropped negotiations. These were re-opened and Fausett got the franchise. A new park will be constructed at Sweetwater by the city.

Schedule Not Ready
The 1949 schedule was discussed at the parley here Sunday but was not drafted. Conflicts and other angles must be ironed out before the schedule can be made ready. It is planned to not repeat seven and eight-game home stands by a club.

Representing Midland at the meeting were Harold Webb, owner-manager of the Indians and vice president of the Longhorn League; Horace Busby, public address announcer last year and Webb's right-hand public relations man, and Cotter Hiett, Midland sportsman.

Abilene Christian Cagers Still Hold Unspotted Record

By The Associated Press
Abilene Christian College is past the halfway mark in the Texas Conference basketball race and still is undefeated in loop play.

The Wildcats last week stayed comfortably ahead of the field by dumping Austin College 60-53.

Howard Payne now looms as the biggest barrier to the Wildcats' march to a second straight title. The Yellowjackets last week took over second place by defeating Southwestern 56-45 and McMurry 55-46.

Tuesday McMurry invades Brownwood to take on Howard Payne. Thursday, Austin and Southwestern play at Georgetown and Friday Howard Payne and Austin get together at Brownwood.

City Cage Lead Will Be Earned

When the firing ceases Tuesday night in the MHS gym, either the Ranch House or VFW is going to be the City Basketball League leader.

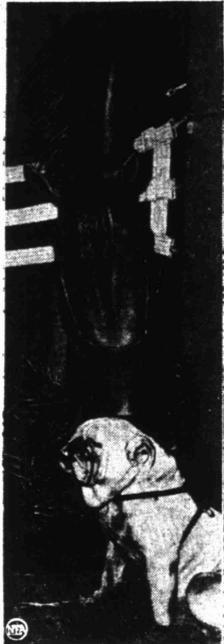

Both teams are undefeated and have won four loop ball games. Something must give.

This feature cage battle will start at 8 p. m. and the public is urged to attend. Small admission fees will be charged.

The game was moved to the city site from the VFW hangar at Midland Air Terminal for the convenience of fans.

A second cage tilt, Magnolia vs. JayCees, follows the feature attraction of the evening.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, FEB. 7, 1949-5

Purple Faces Do Or Die Race Tilt

It's do or die for the Midland Bulldogs in their 3-AA cage battle at Sweetwater Tuesday night.

Midland is in fifth place in district standings. Only the top four qualify for the playoff tourney. Midland has five wins and six losses and has one more game to play.

Big Spring, in fourth place, has five wins and four losses with three tilts to play.

The Bulldogs must win at Sweetwater to have even an outside bid for the playoff.

Sweetwater has not won a conference clash this season but has improved considerably and has been beaten by thin margins recently. Midland eked out a 36-34 victory over the Mustangs in a melee here.

Big Spring must play San Angelo twice this week. The first encounter of these two is booked Monday night and the second Friday night. San Angelo has also to meet Odessa this week.

Lamesa, Abilene II
Lamesa and Abilene are "in." The league-leading Lamesas have an 8-2 record. Abilene has a 7-3 ranking. San Angelo knocked off Lamesa Friday night at San Angelo 51-40. Big Spring barely nudged Odessa the same night 42-40.

Midland hit a hard luck streak and lost two straight games to San Angelo and Abilene last week and this all but knocked the Bulldogs out of the title chase.

The top four teams at the end of the double round-robin will form the playoff tourney. The teams will draw for opponents and a single defeat eliminates. The district winner must be certified by Saturday, February 19.

Here are the standings:

Team	W.	L.	Pct.
Lamesa	8	2	.800
Abilene	7	3	.700
San Angelo	6	3	.666
Big Spring	5	4	.555
Midland	5	6	.454

WT-NM Loop Adopts 140-Game Schedule

AMARILLO—(AP)—The 140-game schedule adopted here Sunday by directors of the Class C West Texas-New Mexico baseball league is identical with the one used the last two seasons. It opens April 20. The league's annual all-star game will be played July 2 at the site of the club which is leading the league on June 22.

WEMPLE AND DOWNING TO SPEAK AT MEMPHIS

The session was arranged by the Memphis Chamber of Commerce in cooperation with the city's service clubs.

Southwest Circuit Cage Race Is Four-Way Event

By The Associated Press

The hectic Southwest Conference basketball race may straighten out this week but right now four teams are in the championship chase—Texas, Rice, Baylor and Arkansas.

Arkansas climbed back into the title picture last week when it dumped defending champion Baylor 52-46. This left the Porkers and

Bears each with two defeats. Texas holds a paper edge over Rice, but only because it has played one more game than the Owls. Each team has been beaten once.

An eight-game schedule this week may see one of the top four clubs eliminated.

Texas meets Arkansas Monday night at Austin and again Saturday at Fayetteville, Ark. Two losses would leave the Razorbacks among the also-rans. Southern Methodist, Texas Christian and Texas A&M all are out of the running for the title.

Rice has the biggest advantage in the schedule this week. The Owls are in action three times, against second division opposition. The Owls play Southern Methodist at Dallas Monday night, Texas Christian Wednesday at Fort Worth and Southern Methodist at Houston Thursday.

Last week, Arkansas hung a 62-57 licking on Texas A&M. Texas dominated Oklahoma 59-53 in an inter-sectional tilt, then beat Texas A&M 50-41 in a conference game. Southern Methodist won a 47-36 decision from Texas Christian in the only other loop tilt.

Lloyd Mangrum Tabs Near-Grand Slam In Tucson Open Victory

TUCSON, ARIZ.—(AP)—Lloyd Mangrum, Chicago, straddled the hole on the El Rio Country Club's 18th green Sunday. A pendulum swing sank a six-inch putt. The careless stroke did the following:

(1) Won the former U. S. National Open 25,000 first prize money as winner of the \$10,000 Tucson Open golf tourney.

(2) Made him the leading money winner to date in 1949 with a total of \$5,755.00.

(3) Set a new 72-hole El Rio course record of 283; 11 under par.

(4) Tied him with Jim Purjes of San Francisco for low score of the day with a five-under-par 65.

(5) Made him the first player to lead the event from start to finish.

Al Smith, a newcomer to the pro circuit from Winston-Salem, N. C., was five strokes behind. It was good enough to win him second prize money of \$1,400. It was his best showing in a major tournament.

Stranahan Best Amateur
Frank Stranahan, Toledo, Ohio, shot his fourth sub-par round of 68. It gave him a total of 280 that made him the leading amateur of the tourney for the second year in a row—two strokes better than Tulsa's Skee Riegel—and tied him for third place honors with Johnny Bulla, Pittsburgh, Pa. Bulla won \$1,000, Stranahan a silver plate.

Lew Worsham, Oakmont, Pa., was fifth with 270. Jimmy Demarest, Ojai, Calif., 'two-time winner and heavy favorite, tied Riegel for sixth place with 271.

Defending Champion Skip Alexander Southern Pines, N. C., decided he had enough after nine holes of the final round. He picked up and headed for Texas.

Nocturnal Prowler Lands In Jail As Neighbors Squeal

SAN ANTONIO—(AP)—Arthur Phillips awoks during the night, was a little restless and decided to take a stroll.

He walked around the neighborhood banging on people's doors and landed in the jailhouse.

For his jaunt, Arthur was nattily attired in three-cornered pants and a tattered yellow sweater. He carried a towel.

Arthur finally found a family that would admit him—the Harleys Nelsons. But the Nelsons squealed. They called the cops.

You see, Arthur is only 22 months old.

Police put Arthur to bed in the jail matron's quarters. By 10 a. m. officers found his father, Lee Phillips, who had started searching for his son, it being Sunday, the father had set the alarm for 10 a. m. and hadn't missed Arthur until then.

Jimmy Conzelman, Stricken At Dinner Reported 'Resting'

NEW YORK—(AP)—Jimmy Conzelman, stricken Sunday night at the annual New York Baseball Writers Dinner, says it's just a stomach disorder and "I'll be okay after a little sleep."

"I think I had a touch of ptomaine poisoning or something," he said shortly afterwards. "I've asked the doctor to give me something to make me sleep. It's nothing serious."

The former head coach of the Chicago Cardinals in the National Football League was reported "resting comfortably" early Monday.

ENROLLMENT AT TECH INCREASES TO 5,386

LUBBOCK—(AP)—Enrollment at Texas Technological College here for the Spring semester has reached 5,386.

Men students outnumber women 4,159 to 1,227. There are 2,470 veterans enrolled.

Daddy Ringtail

Daddy Ringtail And The Humbird
By WESLEY DAVIS
There was once a Humbird who lived close to Daddy Ringtail's monkey house, there in the middle of the Great Forest. The Humbird wasn't very pretty. Like all Humbirds, this one couldn't sing at all. But this Humbird had a very good reason to want to sing the prettiest song in the whole forest. The reason was a little monkey girl whose name was Pattycake. She asked the Humbird to try very hard to learn how to sing, and he tried and tried, until everyone

in the forest came to listen. You never heard such singing! How beautiful it was! Pattycake smiled and clapped her hands as she listened, and the songs grew more and more beautiful, because the Humbird pretended that he was singing only to Pattycake who wanted him to sing.
But one day when the Humbird was singing for Daddy Ringtail and some other friends, while pretending to sing only for Pattycake, a Baker's Man came along through the forest, carrying his cakes and pies. Pattycake thought that they smelled so good that she followed the Baker's Man off through the forest.

Daddy Ringtail saw her go. The Humbird saw her go. And suddenly the songs weren't beautiful any more, because the Humbird could sing the beautiful songs only for Pattycake. How could she leave him so! Hadn't she wanted to hear his songs? The Humbird became strangely silent. His song was ended.
Daddy Ringtail saw what had happened. He ran after Pattycake and told her the beautiful song was gone and that she should hurry back if she wanted the Humbird ever to sing again. And because she loved the beautiful songs, even more than she loved the cakes and the pies, she hurried back to the Humbird and told him that nothing mattered in the forest, but that he should sing his lovely songs again. "I'll try," Pattycake, the Humbird said. "I'll try." And he tried and tried, but his song wasn't

M. C. Ulmer Is Kiwanis Speaker

M. C. Ulmer, president of The First National Bank, told members of the Midland Kiwanis Club at their meeting Monday noon in Hotel Scharbauer "We face a day of reckoning in economic affairs, but I have faith in a 'sound landing' in our economic future." "Views of Current News and Trends" was the subject of Ulmer's address. He was introduced by Louis Bartha, program chairman. The Rev. R. Matthew Lynn, president, presided. Ulmer said he believes the nation now is in a period of economic adjustment which perhaps is not temporary. The recent stock market breaks are in line with this adjustment which had to come, he said. "Sound Thinking Needed" "We are living in a day of dramatic changes and sound thinking is needed as never before in guiding the destinies of our state and nation." "Our state is in excellent financial condition and I can see no need for additional tax revenues being imposed by the Legislature," Ulmer said. He stressed the fact that too many bills are introduced in Austin and in Washington without thought and with little respect for the living rights of others. He asserted there is too much misplaced power in high places in national affairs. He expressed confidence in the future of the state and nation, particularly in this section of West Texas, but urged his listeners to build up sufficient reserve power, financial and spiritual, to see them through any emergency. He lauded the Kiwanis and other service clubs for the work they are doing in civic affairs. He urged greater cooperation and sound thinking on the part of all citizens.

Bitter Battle Looms On Liquor Sales Bill

AUSTIN — (P) — The 51st Legislature went back into session Monday with a history-making wet-dry fight brewing over promised introduction of a bill authorizing sale of liquor by the drink. Militant Texas Drys met announcement of the sale-by-the-drink bill with a challenge that they have already started a counter-offensive calling for "new and drastic liquor control regulations." The liquor-revenue raising bill of Rep. A. J. Vale of Rio Grande City was among the last to get under the wire in a 6 p. m. deadline for filing bills under preferred numbers Saturday. First dry organization to go into action in opposition to the Vale bill was the Woman's Christian Temperance Union. Mrs. Claude DeVan Watts, president, labeled it as a "disguised saloon bill." "We are prepared for a fight, and there will be a fight," she promised. Local Option Control "It will be such a fight as the State of Texas has never before witnessed. We are determined not only to kill the liquor-selling bill, but to accomplish several other objectives." Vale's bill would authorize the liquor board to issue "dispenser's licenses" for establishments which could sell liquor for drinking on the spot. It could be liquor having more than 15 per cent, but not more than 50 per cent alcohol. No such permits would be issued until voters in precincts, towns or counties authorize it by local elections. Occupation taxes of \$1,500 for each permit, plus 10 per cent gross proceeds taxes, would be levied. The money would go one-fourth to the public schools, three-fourths to the old age assistance fund.

Partly Cloudy Is Forecast For Area

Dallas was in between with 29 degrees. In West Texas partly cloudy skies were forecast for Monday night and Tuesday. It is to be colder in the Panhandle and South Plains Tuesday.

Protest—

(Continued from page 1) Vatican spokesmen have said he would make no official statement until conclusion of the trial and pronouncement of sentence. Texas Reaction In Galveston, the senior Catholic bishop of Texas, C. E. Byrne, labeled as a "sham affair" the conduct of the trial in Hungary. Gov. Beauford Jester of Texas termed the trial of Cardinal Mindszenty a trial of the "oppressed by the oppressor." Jester commented on the trial by means of a transcribed radio broadcast. Other speakers on the broadcast included Austin's Tom Miller, and Edward Taborsky, former secretary of President Eduard Benes of Czechoslovakia. Taborsky is a visiting professor of government at the University of Texas.

What is the AUDOGRAPH? Have you seen it? Heard it? Tried it? Do you know what it can do for you?

Here is an entirely new kind of electronic Business Recorder especially created to help you get things done more easily, quickly, conveniently. Here is an instrument that records dictation, telephone conversations, meetings and conferences on paper-thin, virtually indestructible plastic discs you can slip in an envelope and mail—discs that cost but a few pennies yet record for over 60 minutes. Moreover, the AUDOGRAPH is incredibly light—the smallest and lightest of all dictating instruments, lighter than most portable typewriters, taking far less space than a letter tray. No turntable. No recording or playing arms to manipulate. Just simplicity itself—a masterpiece of American manufacturing resourcefulness, star-studded with revolutionary new features never before available in any instrument. Before you decide on any dictation instrument be sure you see the AUDOGRAPH in action! Phone or write for FREE demonstration and FREE TRIAL in your office on your desk, no obligation, of course.
