**Amerada Discovers Flowing Production For Wildcat In Lea**

Flowing oil production from a lime in the Pennsylvanian has been developed by Amerada Petroleum Corporation at its No. 1-BTA State rank wildcat exploration in Northwest Lea County, 15 miles northwest of Tatum.

This prospector, located 1,980 feet from south and east lines of 2-12-33e, flowed 257 barrels of fluid, of which 72 per cent, or 185.04 barrels, was 46-gravity oil, in four and one-half hours.

The remaining 28 per cent of the fluid which was flowed out was salt water. The flow was through a five-eighth inch bottom hole choke, and a one-inch surface opening. Gas volume during the period was at the rate of two and one-half million cubic feet per day.

The oil and water came in a drillstem test of the zone at 9,921-9,172 feet. Top of the Pennsylvanian was reported in some quarters to have been at 6,625 feet. Elevation is 4,235 feet.

Operator is slated to run casing and make production test of the new discovery. It is thought that the water is in the bottom of the 180 feet of section which was covered by the test. That fluid could be plugged off and enough pay left to make a well, interested observers say.

There is no production from the Pennsylvanian anywhere in the vicinity of the new strike. This wildcat was originally started to go to around 12,500 feet to try to develop production in the Devonian.

The new discovery is about 10 miles northeast of the Caprock field where the current production is from a Permian sand at 3,000 feet.

**Scurry To Get Four New Outside Tests**

Locations for one wildcat and for three outposts to recently discovered oil fields in Scurry County, were reported Thursday. Drilling is to start on each of those ventures at once.

The wildcat will be Ryan, Hays & Burke of San Antonio, No. 1 R. B. Brown. It is five miles north of Snyder, and slightly west of the nearest completed producers in the North Snyder field.

The location is 680 feet from north and west lines of tract 8, section 20, T. 5 S., R. 10 E., No. 1 Bishop, new Canyon discovery in Southwest Scurry County, 13 miles southwest of Snyder.

No. 1 Huddleston is located 680 feet from south and 573 feet from east lines of section 163, block 97, H&G survey, natural from perforated section at 6,450-75 feet.

Humble No. 1 Bishop is shut in while moving off drilling rig. It will take potential test and complete in a short time. It had averaged between 17 and 19 barrels of oil per hour flowing natural from perforated section at 6,450-75 feet.

Two More For Lion  
Lion Oil Company has filed applications with the Railroad Commission of Texas, requesting permits to start operations at once on two more prospects in the Diamond M area of Southwest Scurry County.

Lion No. 1 E. C. McLaughlin, is to be a deeping job at wildcat drilled in 1945 and plugged and abandoned on a total depth of 3,724 feet in lower Permian lime. It had no possibilities of commercial production down to that point. The location is 1,331 feet from east and 1,398 feet from south lines of section 197, block 97, H&G survey.

It is to be deepened to at least 8,000 feet, unless it gets production in the Canyon lime—the pay section in the Diamond M field—at a higher level.

Lion No. 5 C. T. McLaughlin is to be 680 feet from east and 1,997 feet from north lines of section 197, block 97, H&G survey. It is also projected to 8,000 feet, unless it produces before it drills that deep.

**Santa Rosa Venture Gets Show In Core**

A core of the Wolfcamp-Permian in the Santa Rosa gas and distillate pool area of North Pecos County showed production signs for Hlavatha Oil & Gas Company No. 1 Trees, semi-wildcat which started to the Ellenburger, seven miles southwest of Granddome and 889 feet from north, 330 feet from east lines of the northwest quarter of section 90, block 8, H&G survey.

The core was cut from 6,434 feet to 6,447 1/2 feet and recovered seven and one-half feet of brown crystalline lime with pinpoint porosity and slight bleeding oil. The next four feet was brown coarse crystalline lime with numerous shale partings, followed by one foot of brown crystalline lime.

Some observers say the indications from this core are that the project will make an oil well, consequently opening a new pay in (Continued on Page 11)

**Mother, Nine Children Die In Home Fire**

MUSKEGON, MICH.—(P)—A widowed mother, at least nine of her children and a roomer were burned to death Thursday when a fire destroyed their flimsy frame home.

The flames, starting when an oil stove exploded, swept through the home of Mrs. Claude Clover at Lakewood, a little resort community 12 miles north of here.

The charred bodies of 46-year-old Mrs. Clover and nine children, ranging in age from three to 15 years, were pulled from the ruins. A roomer, identified as August Tasky, also died.

Deputy sheriffs said in addition three more Clover children may have died. One badly burned survivor was brought to Mercy Hospital in Muskegon.

In critical condition and almost incoherent, 17-year-old Howard Clover said the flames leaped out of the stove when the widow and her family were preparing breakfast.

Within a few moments the wooden house, once used only as a Summer residence, was all aflame.

**South Wins Initial Filibuster Round As 'Gag' Test Deferred**

WASHINGTON—(P)—Determined Southern senators appeared Thursday to have won the first skirmishes in the cautious battle of the filibuster.

As the talkathon went into its fourth day, the Dixie forces could claim these points:

1. Senate Majority Leader Lucas (D-III) reversed an earlier plan to offer Thursday a test petition on debate limitation. He said he might be accused of choking off debate too early.

2. The Senate GOP leaders adopted a hands-off policy on Republican voting. They conceded that, like the Democrats, the Republicans are split on the issue.

3. At least one Republican, Senator Langer of North Dakota, publicly pledged his vote against "gag rule." In the past he has been one of the longest and loudest Senate speakers.

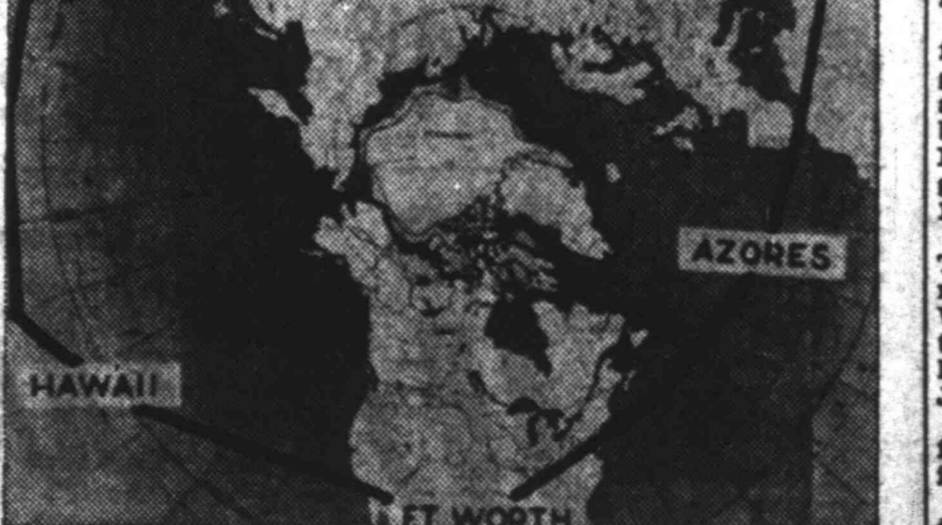

To date only six of the Southern Democrats have taken the floor for first round warm-up speeches. And each of them is entitled to a second go that may stretch out for hours or even days.

Democratic Leader Lucas said he may ask a Senate session Saturday and he now plans to file the test petition early next week, possibly Monday.

**Spring-Like Weather Prevails Over Texas**

By The Associated Press  
Spring-like weather prevailed over most of Texas Thursday. The Weather Bureau said it was either clear or high cloudy in most areas.

The one exception was a small patch of West Texas in the Childress-Clarendon area, where there were low clouds and a light fog. Maximum temperatures Thursday morning ranged from 33 at Junction to 84 at Brownsville.

The B-50 bomber, "Lucky Lady II," touches down on the runway at Carswell Air Force Base in Fort Worth after completing a round-the-world, non-stop flight, which started from this base four days earlier.

**Lucky Lady Log Tells Non-Stop Flight Story As Crewmen Sleep Around Clock**

FORT WORTH—(P)—The crew of "Lucky Lady II," by chance the first men to fly non-stop around the world, slept off a 24-hour quarantine Thursday.

The fourteen men landed at Carswell Air Base Wednesday, 94 hours and one minute after taking off last Friday. The engine fire which forced this plane down sent "Lucky Lady II" aloft.

Fortrestal, the nation's first secretary of Defense, is the last cabinet holdover from the Roosevelt Administration. He was secretary of the Navy before he took the top defense job.

**Louis Stephens Dies In Midland Hospital**

Louis Jefferson Stephens, pioneer Midland resident, died in a Midland hospital at 3:40 a.m. Thursday following an illness of several days. He had engaged in the trucking business here for more than 20 years. He resided at 511 East New York Street.

Funeral services will be conducted in the Ellis Funeral Home Chapel at 2:30 p.m. Friday with the Rev. Vernon Yearby, pastor of the First Baptist Church, officiating. Interment will be in Fairview Cemetery. Stephens was born December 2, 1896 in Camp County, Texas. He moved to Midland from Lubbock in 1927.

Survivors include the widow, two sons, Cecil Stephens and Louis Weston Stephens, both of Midland; a daughter, Mrs. D. B. Friday of Pecos; his father, John Wesley Stephens of Comanche; a brother, B. C. Stephens of Gorman; and four sisters, Mrs. Will Palmer of Comanche; Mrs. L. P. Anglin of Gorman; Mrs. C. C. Tucker of Arlington; and Mrs. C. E. Robertson of Andrews.

Funeral services will be at R. A. Phillips, Ike Mayfield, Leonard Huff, Chilt Moore, Leon Griffin and J. H. (Hub) King.

**Grady, Silo-Jumping Bovine, Recoups Slowly From Ordeal**

YUKON, OKLA.—(P)—And now back to the bedside of Grady the cow.  
You'll want to know how she's doing after getting out of that silo.

Although the public swarms to see her, Grady isn't able to do much receiving.  
She's on a special diet—ground corn and oats, alfalfa hay and cottonseed cake in cubes. It's just the food for an invalid cow on the road to convalescence—but she's only picking at it.

"We didn't think so at the time," said Rancher Mach, "but in coming out of that tiny silo door she must have got hurt a bit."  
The injuries didn't show up at first. They were those little spigots where you get the milk. They are very tender, and they were bruised when the \$1,000 purebred Hereford was smeared with axle grease and push-pulled through the 17 by 21 1/2 inch steel door.

"But she was feeling better Thursday morning, and we're not really worried about her any more. We think she's going to pull through all right," said Mach, who has been tending her with Dr. L. J. Crump, the Yukon vet.

Between tending Grady, Grady's fans and Grady's fan mail, Mach isn't doing much ranching.  
As the cow's story spread over the world, advice and sympathy poured in. By midnight Wednesday the mail was—

**Nine Aboard Die In Crash Below Del Rio**

DEL RIO—(P)—Sheriff A. E. Steinmetz said Thursday a missing C-47 transport crashed in the Colorado Mountains south of here in Mexico and that all aboard were killed.

The plane had been missing several days on a flight from Hamilton Field, Calif., to Kelly Field in San Antonio. It was last reported over Wink early Monday. It had landed earlier at El Paso.

The plane had been the object of an extensive search both by land and air.

Kelly Air Force Base at San Antonio Wednesday announced the names of those on the transport. They included:

Maj. Lucian N. Youngblood, 30, Houston, who was one of Gen. Jimmy Doolittle's pilots in the first bombing raid on Japan.  
Capt. William R. Barnes, Jr., 30, Marshall, Texas.  
The plane was found approximately 100 miles southwest of Del Rio, a border town, in the Tierras Coloradas, rugged mountain country.

An employe of the R. A. Whitehead ranch found the wreckage while checking water wells on the vast ranch.  
Sheriff Steinmetz said the report that the plane was found was made by Oscar Gonzales, a private flyer who lives at Villa Acuna.

Spotted From Air  
He said Gonzales told him that he spotted the wreckage from the air Wednesday while flying over that part of the country.  
He said Gonzales told him that he was not looking for the plane.

Gonzales told the sheriff he returned to Villa Acuna and from there got word to the ranch. At the ranch, a man was sent on horseback to the scene of the crash.  
The sheriff said authorities at Villa Acuna, across the Rio Grande from here, were notified of the plane crash and a searching party substantiated the find.

Biggs Field Notified  
They reported to the sheriff that all nine persons aboard were dead and that the ship had burned.  
Sheriff Steinmetz said he notified authorities at Biggs Field and that they had told him Army personnel would be dispatched immediately to investigate.

The exact time the plane was found was not learned.  
The report was made to the sheriff's office by Oscar Gonzales of Villa Acuna, who notified persons on the Whitehead ranch.  
Gonzales, a private flyer, said he believed there was a clearing near the scene of the crash where a plane probably could land.

The bodies were left by the plane, it was reported here.

**Smaller Judicial District Endorsed By Bar Association**

The Midland County Bar Association passed a motion to support legislation to revamp the 70th Judicial District to include Midland and Ector Counties only, at a meeting in the District Courtroom of the Midland County Courthouse Wednesday. Paxton Howard, president, presided at the meeting and Charles L. Klapproth outlined the advantages in having the smaller district.

District Judge Paul Moss addressed the meeting, pointing out his reasons for endorsing the proposed re-districting.  
W. F. Fennebaker, secretary of the association, was instructed to prepare a resolution endorsing the Midland-Ector County district and to forward copies to Senator Hill D. Hudson and Rep. J. T. Rutherford.

Pat Beene, representing the Andrews County Bar Association, asked the Midland group to endorse a proposal which would include Andrews County in the new district. The proposal was rejected.

At least three bills have been introduced at this session of the State Legislature, proposing that various counties be included in the 70th District and the forming of a new district for other counties.

**Two Flyers Lose Lives In Search**

SAN ANGELO—(P)—Two flyers have lost their lives in the search of West Texas for a missing C-47 with nine people aboard.  
Ray Treadwell, 30, of Menard, and George Vaughn, from California, crashed near Fort McKavitt in Menard County. They were flying with the Civil Air Patrol in the search.

**Five Candidates For Trusteeships**

Five citizens had filed for election as trustees of the Midland Independent School District at the Wednesday night deadline. The terms of three candidates expire next month.  
L. G. Mackey and D. W. McDonald are candidates for reelection to second terms. Other candidates are Mrs. Ernest Sidwell, J. Holt Jewell and Cooper Hyde.  
P. F. Bridgewater is not a candidate for reelection for a fourth term. The election to name three trustees will be held Saturday April 2.

**★ LATE NEWS FLASHES ★**

AUSTIN—(AP)—The Senate, in executive session, Thursday confirmed the appointments of Paul H. Brown as state fire insurance commissioner, Fred Wemple of Midland as highway commission chairman, and nine others to various posts.

AUSTIN—(AP)—The House Thursday approved a \$100,000 appropriation for the Attorney General's Department to back up Texas' defense in the tidelands fight.

AUSTIN—(AP)—The foundation bill in the plan to rebuild and modernize Texas' run-down prison system was passed by the House and sent to the governor for signature Thursday. The vote was 132 to 1.

**Lawmakers Welcome Easing Of Controls On Time Purchases**

WASHINGTON—(P)—Many lawmakers welcomed as a boon to business a government order permitting smaller monthly installments on a list of items ranging from cook stoves to automobiles.

The Federal Reserve Board's action also was warmly greeted by the automobile industry, which saw in the move a possible lift to lagging car sales.

However, Edgar Kaiser, general manager of the Kaiser-Frazier Corporation, said, "It is not enough," and a similar sentiment was expressed by Rep. Palmam (D-Texas), who has been demanding an extensive easing of curbs on credit buying.

Change Effective Monday  
The board's order was issued Wednesday night on the heels of its report that installment credit outstanding had dropped in January for the first time in three years. The order becomes effective Monday. It affects these consumer items now under "anti-inflation" controls:

Cook stoves, dishwashers, ironers, refrigerators, washing machines, automobiles, air conditioners, radios and television sets, phonographs, sewing machines, vacuum cleaners, furniture and rugs.

This is what the Reserve Board order does:  
1. Reduces the down payment for all the controlled items, except automobiles, to 15 per cent, from the present 20 per cent. The down payments for autos will remain at one-third of the total price.

2. Allows 21 months to pay off the balance due after the cash payment on all items. The time for autos now is 18 months where the credit amount is more than \$1,000, or 15 months when it is less than \$1,000.

**Solon Attacks Mon Wallgren As Unfit For Federal Post**

WASHINGTON—(P)—Senator Cain (R-Wash) disclosed Thursday he has written President Truman contending Mon Wallgren has associated with Communists.

Wallgren, former governor of Washington State, is a close friend of Truman. The President has nominated him to be chairman of the National Resources Board. Cain is fighting against Senate confirmation of the appointment.

Cain made public letters to the President and to John R. Steelman, a presidential aide. In his letter to Steelman, Cain expressed "hope that the President will come to understand that his appointee is not the man to protect America against war, or the man to win it if it comes."

**Piano Duo Next On Civic Music Series**

Just two weeks after the second concert of the Midland Civic Music Association series, the third, by Arthur Gold and Robert Fialda, will be presented the night of March 11. Gold and Fialda are outstanding young American duo-pianists.

This concert is the only one of the season's Civic Music series which is being presented in both Midland and Odessa. The piano team will play in Odessa on March 10 as one of that city's four Civic Music Association numbers.

Latest in the series here was the appearance of Devy Erlin, violinist, Friday night of last week. The concluding concert of the season will be in May, when Francine Falkon, contralto, will be presented. Civic Music Association concerts are for members only, and no single admissions are sold.

**Mrs. Conley Is Honoree At Tea**

A tea Tuesday afternoon was a courtesy for Mrs. Albert R. Conley, who before her marriage on January 23 was Dorothy Jean King, daughter of Mr. and Mrs. M. F. King of Midland. Since their marriage Mr. and Mrs. Conley have been living in Abilene, where he is a student in Hardin-Simmons University.

Mrs. N. B. Larsh, Mrs. J. A. Tuttle and Mrs. D. C. Sivals were hostesses in the King home, 507 North Loraine Street. Approximately 150 guests called.

They were received by the hostesses, the honoree and her mother; Mrs. J. O. Shannon, mother of the bridegroom; and Mrs. Alma Thornton of Stanton, aunt of the bride.

Mrs. Clyde Cowden and Mrs. Henry Shaw poured tea for an hour, then their places at the silver services were taken by Mrs. William Williamson and Mrs. Paul McHargue.

Others in the house party were Mrs. A. C. Francis, Mrs. G. D. Phillips, Mrs. R. W. Hamilton, Mrs. Zab Wilkins, Mrs. L. A. Arrington, Dorothy Barron and Mary Fae Ingham.

Fan-shaped arrangements of pink gladiolus decorated the rooms. The tea table, covered with an heirloom Normandy lace cloth, had pink carnations with candytuft in the center. Wedding gifts were on display.

Parties which have complimented the bride since her marriage included an informal shower with two of her college friends, Miss Barron and Miss Ingham, as hostesses in the latter's home.

**Mrs. C. A. Churchill Is Hostess At Lion Tamers Club Meet**

Mrs. C. A. Churchill was hostess Wednesday to 38 members and guests of the Lion Tamers Club of Midland at a covered-dish luncheon in her home, 706 North Pecos Street. Mrs. James L. Daugherty and Mrs. E. D. Fitzgerald were co-hostesses.

Mrs. J. P. Carson, Jr., played several piano selections and accompanied the group in singing several numbers.

A flower game, with packages of flower seeds as special prizes, was a highlight of the entertainment program.

Mrs. W. Harry Rhodes outlined plans for the membership drive now in progress and asked the cooperation of all members in the project. Mrs. Ken Edmondson and Mrs. Bill Collins, team captains, distributed prospective member lists.

April Meeting will be held in the home of the club president, Mrs. James S. Noland, with Mrs. John Sewell, Mrs. R. L. McCormick, Mrs. Frank Stubbeman and Mrs. W. D. Hargrove as co-hostesses.

New members introduced at the Wednesday session included Mrs. Larry Lees, Mrs. Lynn Metcalfe, Mrs. Larry Trimble, Mrs. F. A. Forrest, Mrs. Glen Shoemaker, Mrs. O. H. Hardy, Mrs. Tom Nipp, Mrs. James C. Wilson, Mrs. Pat Stanford, Mrs. G. E. Nelson, Mrs. J. C. Mayes, Mrs. E. D. Fitzgerald and Mrs. W. D. Hargrove.

Guests present were Mrs. Robert T. Cox, Mrs. R. E. Hargraves, and Mrs. Raymond Churchill.

**Mrs. Wilmer Stowe Reads Tragedy For Play Readers Club**

The classic tragedy, "Medea," in a blank verse version by Robinson Jeffers, was presented for the Play Readers Club Wednesday afternoon at a meeting in Mrs. E. H. Barron's home. Mrs. Wilmer Stowe, member from Odessa, was the reader.

Other members present were Mrs. R. M. Barron, Mrs. J. E. Beakey, Mrs. DeLo Douglas, Mrs. John Fitzgerald, Mrs. R. L. Gates, Mrs. Harvey Herd, Mrs. Ray Howard, Mrs. Wallace Irwin, Mrs. Charles Klapproth, Mrs. James D. Martin, Mrs. C. E. Marsh, Mrs. M. Ellison Muldrow, Mrs. W. F. Pennbaker, Mrs. W. T. Schneider and Mrs. R. D. Scruggs.

Mrs. Stowe will be hostess for the next meeting, at a place yet to be designated, and Mrs. Irwin will be the reader.

**Red Cross Drive Launched In Residential Sections**

Plans for taking the 1949 Red Cross finance campaign into the residential districts were perfected Thursday morning when representatives of 22 Midland women's organizations attended a coffee at the Ranch House. Mrs. Stanley M. Erskine, chairman, presided.

Red Cross chapter and campaign officials were present to discuss Red Cross activities and to outline drive objectives. Assignments were made, following which the house-to-house canvass was declared underway.

**EAT PLENTY AND TAKE OFF UGLY FAT**

When you buy Barocrate, you buy a preparation for taking off weight. You do not pay for any printed diet or for vitamins to fortify you against weakness while on a starvation diet. You need never know a hungry moment while taking this preparation. Barocrate is the original grapefruit juice recipe for weight reduction.

Just get four grapefruit and ask for four ounces of liquid Barocrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoonfuls twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to take off ugly fat, return the empty bottle for your money back.

Lost 56 pounds  
Here is what Mrs. L. J. Bryan, P. O. Box 24, Whitewright, Texas, wrote me: "I want to tell you what Barocrate has done for me. I weighed 260 pounds when I started taking it. I now weigh 212. I have taken my dress size down from size 50 to 44 and never felt better in my life and everybody tells me how much they look like I did. I am still taking Barocrate as I want to get my weight down to 160 or 170 pounds."

ident-elect, and Mrs. W. L. Kerr, vice president-elect, were named delegate and alternate to the Eighth District Federated Club convention which will be held here next month. Code, Hilar, Bease.

A code of ethics for women's clubs, drafted by Mrs. L. W. Sager and Mrs. Paxton Howard at the request of the club for entry in a state contest, was read. Mrs. Andrew Packer read a history of the club. Club members who volunteered to assist in Red Cross canvass Thursday are Mrs. C. L. Steinberger, Mrs. Glass, Mrs. B. F. Black, Mrs. Guy Cowden, Mrs. Eric Payne and Mrs. Marion Flynt. Ten members indicated they will respond to the blood typing program which the Business and Professional Women's Club is starting to supply a file record of blood types for the new Midland Memorial Hospital.

**Program On Education**  
Mrs. R. L. Miller read a request from the district federated club chairman of motion pictures that members write to the Academy of Motion Pictures Arts and Sciences and ask that an annual academy award be made to the film which has had the most value to American youth. The district chairman added that her own letter to the academy brought the reply that its awards have always been made for technical points, not for the content of the films.

For the program, one of a series of "Education in Review," Mrs. Flynt discussed "Changes in Texas Schools" and Mrs. Clyde Cowden had the topic, "Modern Education Applied to Texas Schools."

Refreshments were served from a lace-covered table decorated with an arrangement of mimosa and calendula. Mrs. George Hightower of Stockville, Miss., was introduced as a guest by Mrs. John Perkins.

Other members present were Mrs. Ida Faye Cowden, Mrs. C. M. Goldsmith, Mrs. Ernest Sidwell and Mrs. W. G. Whitehouse.

And the Lord answered me, and said, Write the vision, and make it plain upon tables, that he may run that readeth it.—Habakkuk 2:2.

What Is The Motive?

Representative Cox of Georgia predicts the veterans' pension bill of his colleague, Rankin of Mississippi, will be brought before the House and adopted "by an overwhelming vote."

The connection between the two seems a little vague. Perhaps it is Cox's feeling that if we are going to squander money on foreigners then we must do something for our boys to make up for it.

The ultimate aim of foreign aid, whether economic or military, is to avoid the creation or re-creation of millions more veterans. That was clearly the intention of the last Congress in voting funds for the Marshall Plan.

It has been suggested by more than one Washington writer that Rankin introduced this plan as a gesture of revenge. He was left off the House Un-American Activities Committee this year by the new Democratic leadership in response to what may safely be called popular demand.

Rankin doubtless believes that few members of Congress would dare vote against giving money to their veteran constituents. So, having displayed his authority by railroading his bill through committee with virtually no discussion, he is now bent on having a showdown on the floor of the House.

If Rankin's motive really is revenge, his proposal is a pretty expensive way of getting even. But it is hard to see what other motive he may have had.

The question is not whether veterans deserve a reward for their service. Rather it is a question of whether the Rankin plan really does the veteran any favor. It would eventually add an estimated annual cost of \$6,000,000,000 or \$7,000,000,000 to the budget.

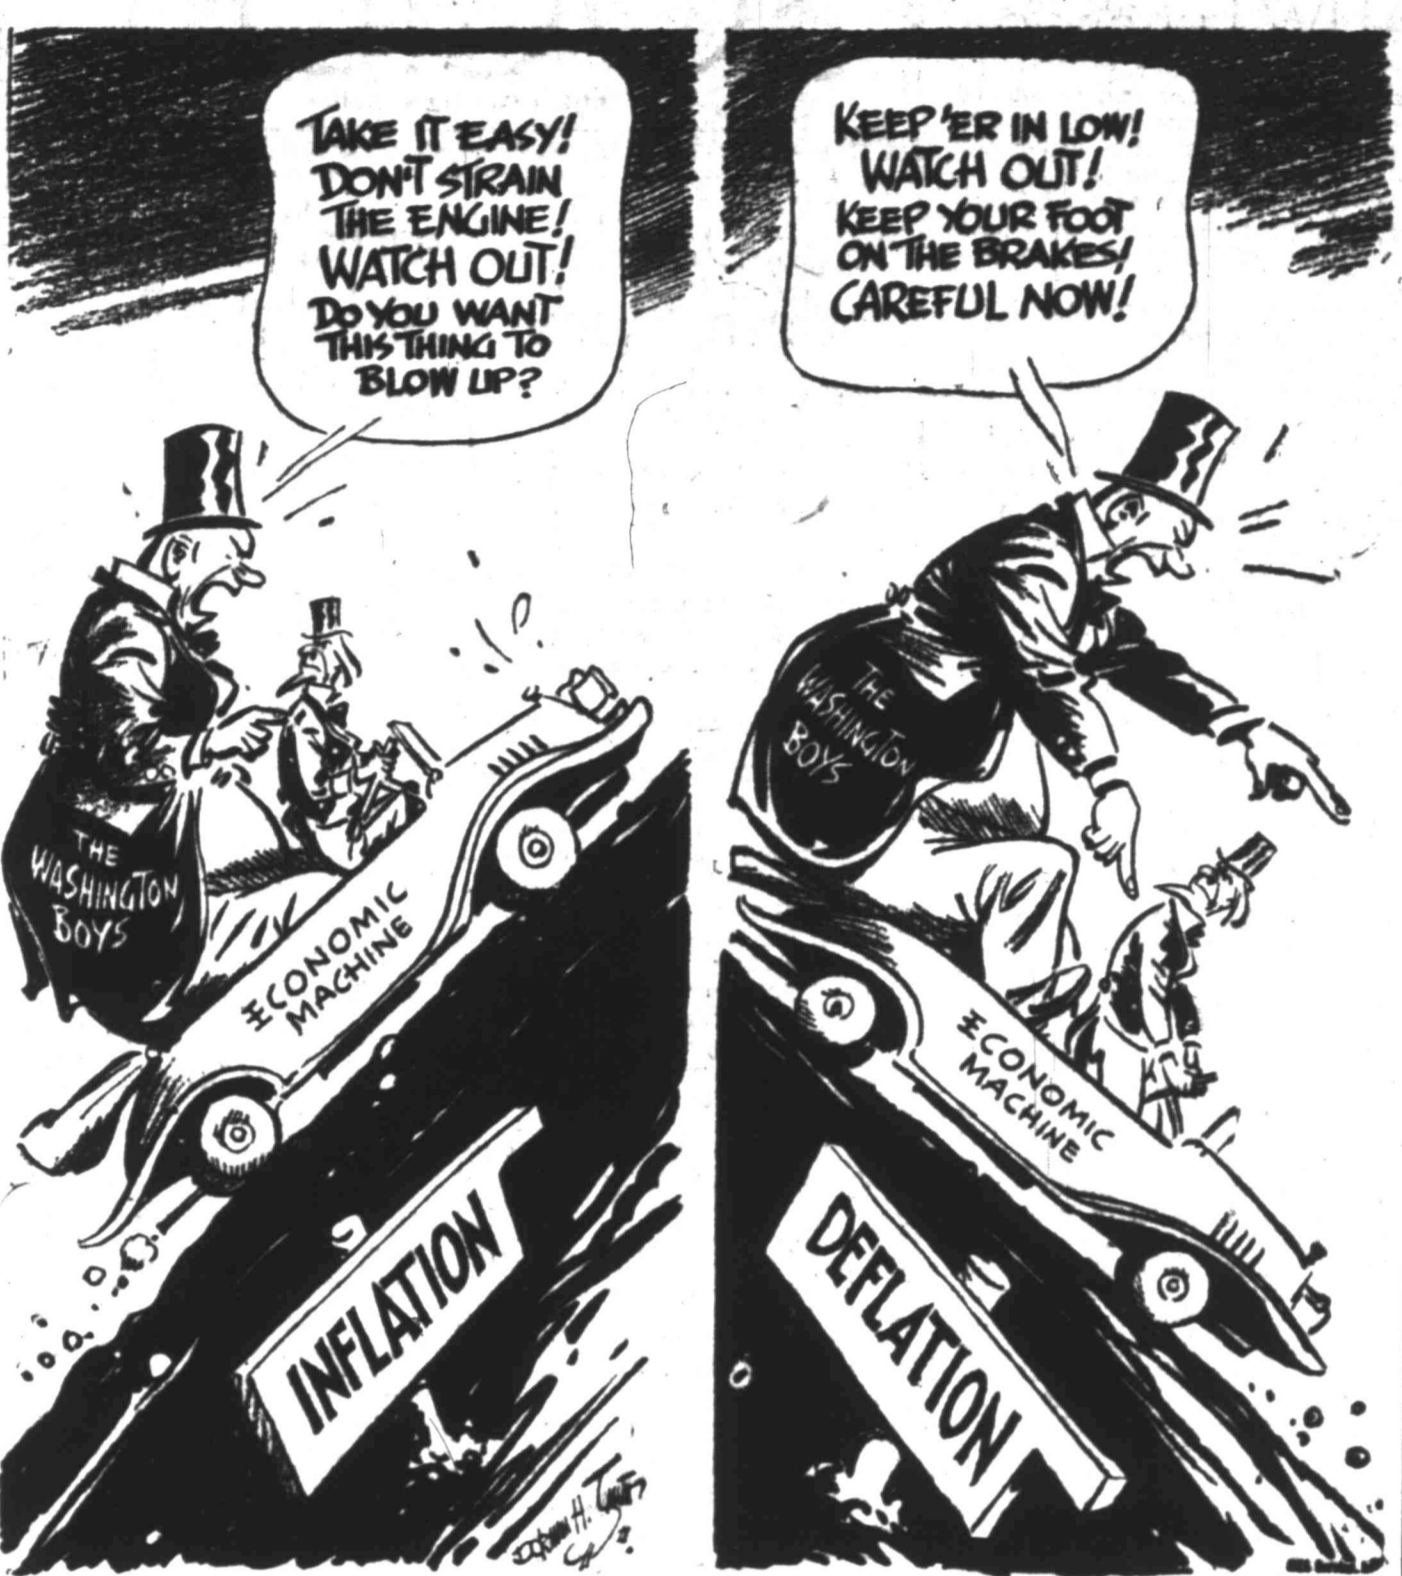

At any rate, it is not something for Rankin to determine by his personal decision, which is what seems to have happened in the committee "hearing."

There's One On Every Mountain Trip

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND
(Drew Pearson says: Harry Truman really disrupted Pearson household; on the evening the Pearsons turned off the telephone Truman chose to blast; will Truman become member of Servants of Brotherhood?)

WASHINGTON—It's funny how when you make a promise to your wife, something always happens so you can't keep it.

Last week while riding home from California, I made a lot of promises first to myself, and later to the little woman about spending more time at home, seeing more of my family, and taking a good rest on the farm.

When I was a youngster I had a prof named Edwin Tomlinson who used to hand out a lot of advice which I didn't pay much attention to then, but which has proved valuable since.

So, filled with all these good thoughts, I got home and began to put them into operation right away. Mrs. P. looked dubious at first, but then she almost began to believe me.

When Harry Truman was a farm boy driving mules in Missouri, I don't doubt that he needed some pretty strong language. I have never understood Albanian, and since the Serbian corporal couldn't understand either, I had to act as interpreter.

So, along with Harry Truman, I am familiar with mule-drivers' language. However, neither Truman or I are mule-drivers any more. We have graduated, I hope, to bigger and better things.

The United Press was calling to tell me that President Truman had sounded off at a dinner at the Reserve Officers' Association, calling me and S.O.B. They wanted my comment.

I told them I was spending a quiet evening with my wife, and that if Harry Truman wanted to spend his evening away from his wife making speeches about other people that was his privilege. I didn't see why I should comment.

So, in a weak moment, I commented. Then I remembered that other long, persistent telephone ring; so, since the fat was in the fire, I called up The Associated Press.

McKenney on Bridge

By WILLIAM E. MCKENNEY
Undoubtedly many of you have read or been told that you should not support your partner on the first round of bidding with less than four of the suit. That generally is a sound policy. However, I think that too many players bid no trump and then bid it again on the second round.

In today's hand, for example, South has sound one spade bid. When West passes, North may bid either one no trump or two spades. He cannot bid two clubs, because you cannot bid a new suit in the two suits unless you have a trick

Bridge hand diagram showing cards in each hand and a bidding sequence.

and a half. With North's hand most of the better players would respond with two spades, but the bid of one no trump would not be too severely criticized.

Supposing that North does bid one no trump and South then bids two diamonds, North should not bid two no trump. His partner has told him that all of his strength lies in two suits, spades and diamonds.

Supporting one of the other two no trumps, if North now bids two no trump, South cannot tell whether he has a weak hand or a strong one, and with the type of hand that South holds, he feels that he had to bid three no trump.

WASHINGTON—Berlin school children recently took up a collection to buy U. S. Gen. Lucius D. Clay a new Scotch terrier, to be named George.

Washington Senator Harry Cain's objections to confirmation of ex-Gov. Mon C. Wallgren as National Security Resources Board chairman overlooked just one thing.

**19 UN Dignitaries Visit Angelo Event**

SAN ANGELO — (P) — British, French, Chinese and American officials saw the quality of West Texas' favorite recreation, a livestock show and rodeo, as the annual San Angelo Fat Stock Show opened Thursday.

Nineteen members of the United Nations military staff are guests of this city for its Western celebration. Maj. Edwin Fuller, a San Angelo man attached to the United Nations Force at Lake Success, N. Y., recently had an idea. He mentioned it to M. D. Fanning, president of the Board of City Development.

Fanning put Fuller's idea to work and wrote invitations to the United Nations military attaches. To his delight and surprise, he began to get acceptances at once.

Wednesday French Generals, Chinese commodores and British air marshals boarded a plane and flew here. Major Fuller was among those present.

San Angelo was proud of its distinguished visitors and also pleased at prospects for its 18th livestock show. More than 1,200 head of livestock, sheep, hogs and cattle were entered for judging.

The first official observance of the celebration was a parade at 10:30 a. m. First rodeo was scheduled at 2 p. m.

**S&Q 'Open House' Slated Thursday**

A newly remodeled and re-arranged S&Q Clothiers will hold an "open house party" for the public from 7 to 9 p. m. Thursday at the store, 114 North Main Street, in Midland.

No merchandise will be sold Thursday night. Friends and customers of the firm are invited to look over the store's remodeling and the new Spring lines of merchandise.

Store personnel of the Midland firm and officials of the parent company will be present to greet visitors. There will be flowers for the ladies, cigars for the gentlemen and free movie tickets for the youngsters, accompanied by their parents.

**Christian Church Laymen Meet Monday**

Laymen of the First Christian Church will hold their March dinner-meeting at 7 p. m. Monday in the church, officials announced.

H. T. McKissack and George Kuykendall, both outstanding in Laymen's League work in the Lubbock area, will address the group on the subject of "Kingdom Interest." Tom Campbell is the program chairman.

Miss Alberta Smith will be presented in several piano selections. A movie also will be shown. All members are urged to attend and to bring guests.

**McDonald Elected Shrine Club Head**

J. M. McDonald was elected president of the Midland Shrine Club at its meeting Wednesday evening in KCBS Studios. Barney Grafa was elected vice president, and Emil Rasmussen secretary-treasurer.

The following directors were named: C. W. VanAlstyne, Ed Darnell, L. M. Freels, Edgar Dill, O. J. Hubbard, Charles Klapproth, the Rev. Howard Hollowell, Henry Spangler, A. A. Jones, Walt Goodman, R. D. Scruggs and A. L. Barr. VanAlstyne retired as president of the club at the session. Lester Short was chairman of the nominating committee.

**To Hold Banquet**  
The Shriners decided to hold an annual banquet and entertain their ladies each year. Plans were discussed for the first of these affairs. Suggestions were made that an outstanding speaker be obtained to address the banquet.

Scruggs was named chairman of a committee to arrange for the first of these banquets at an early date. Other members of the committee are Jones, Short, Harry Rhodes, Dan Carter, Barr, Pat Stanford, B. W. Stevens, VanAlstyne, James N. Allison, Freels, Grafa, McDonald and Rasmussen.

Scruggs announced the committee will meet at 7:30 p. m. Tuesday in KCBS Studios to make plans for the banquet. He urged all members of the committee to attend.

**Police Provide Free Taxi Service**

SAVANNAH, GA. — (P) — Police here are providing free taxi service for city prisoners.

It's like this: Savannah's Black Maria was rammed by another automobile Wednesday and mechanics ruled it was too worthless to repair.

So until it's replaced, police said, persons arrested will be taken to the city jail in taxi cabs.

**TESTIMONY BEGINS IN EMBEZZLEMENT TRIAL**

CLEBURNE — (P) — Jurors began hearing testimony Thursday in the embezzlement trial of Edgar J. Williams.

Williams was former cashier of the defunct Joshua bank. Nine charges of embezzlement, totaling more than \$26,000, were filed against Williams last summer following the death of Angus McMillan, bank owner.

**TRIAL POSTPONED**

QUITMAN, TEXAS — (P) — Trial of Mrs. Jewel Rogers on a charge of murder in the death of Mrs. Viola Gilbreath was postponed Wednesday until May 9 because of the illness of the defendant.

**Son's Activities Bring Ouster For Episcopal Rector**

NEW YORK — (P) — A Protestant Episcopal rector has been ousted from his pulpit by his bishop because he refused to curb the "outside activities" of his son, the assistant rector, who heads an allegedly subversive group.

The Rev. Dr. John Howard Melish, rector of Holy Trinity Church in Brooklyn for 45 years, was removed Wednesday by the Rt. Rev. James P. De Wolfe, bishop of Long Island.

The main complaint against the son, the Rev. William Howard Melish, was his chairmanship of the National Council of American-Soviet Friendship, listed by Attorney General Tom C. Clark as subversive.

The elder Melish will be given a double pension—the sum not announced—after he steps out April 4.

**KILLED BY TRAIN**

EL PASO — (P) — Mr. and Mrs. Rafael Molinar of El Paso were killed here Wednesday when their car was struck by a freight train. He was 69 and she was 72.

The Ranch House, independent basketball team of Midland, will play the Stanton All-Stars at 8 p. m. Saturday in the MHS gym. This game is a benefit for the Junior Class of Midland High and proceeds will go to it for use in paying for the annual Junior-Senior Banquet. This cage team also plays Stanton Thursday night at Stanton. It recently lost to the potent Bill Hale Motors team of Odessa by a narrow margin. Players are, left to right, front row, kneeling—Copper Daugherty, L. C. Neatherlin, Duck Drake and Leonard Shepherd; back row, standing—Frank Brahaney, Ken Baker, Larry Wiles and Jimmie Smith. Not shown in the picture is Barney Barnard, another member of the team.

## VFW Raps Ted Thompson; Ranchers Edge Magnolia

A clicking VFW team Wednesday night wrestled the City Basketball League away from Ted Thompson's quintet 50-43. The game was well played and stoutly contested. In another good game, the Ranch House came from behind to nose out Magnolia 31-28. Games were played in the MHS gym.

VFW and the Thompsonmen locked horns from the start. It was tied 2-2 and 4-4 early in the first quarter but the Vets began to pull away. Hoot Harris and Chief Moore getting hotter and hotter. Charlie Kelly, also playing for the VFW, put in a lot of good support. The Vets held a 11-8 first quarter lead and stretched it to 28-18 at the half. The blue-suited VFW boys won going away, although the red-suited Vets flurried briefly in the waning minutes. Haskins played a fine floor game for the Double T. The Ranch House popped out in front of Magnolia 7-4 at the end of the first quarter but the Oilers took over in the second quarter and

### Tax Sale Brings In \$8,785 In 19 Suits

Final tabulation on the sum paid for property sold at a tax sale here Tuesday shows a total of \$8,785 was received. Much interest developed in the sale and bidding was strong from the estimated 200 persons attending.

The total proceeds from the sale amounted to \$4,955.14 more than the amount of taxes and court costs against the property involved in the 19 suits, the sheriff's department reported. The highest bid was \$2,000 on a tract one-half block in size while the smallest bid was \$205 for a single lot.

The property was sold to settle delinquent city, school, county and state taxes.

### IPROA Names Panel To Oppose Imports

AUSTIN—(P)—A special committee of the Texas Independent Producers and Royalty Owners Association Thursday had orders to help battle against oil imports beyond actual need.

Named to the committee by the association's executive committee were Guy I. Warren of Corpus Christi, H. J. Porter of Houston and Angus Wynne of Longview.

By resolution, the association said excessive imports had brought about the 300,000 barrel daily allowable reduction in Texas during the last three months.

## Midland Cager Is All-District

Larry Messersmith, ace of the 1948-49 Midland High cagers, was selected on the first All-District 3-AA team, which was chosen by coaches of the schools. The first and second choices of the coaches were announced Thursday.

The first team includes Messersmith, Leon Blair of Lamesa, Culin Grigby of Big Spring, Ray Morris of San Angelo and Hub Ingraham of Abilene. The second team included Roy Morris of San Angelo, Howard Jones of Big Spring, Bill Galusha of Abilene, Ronald Chapman of Lamesa and Bill Manning of Odessa.

## Class B Quintets Ring Up Curtain On State Cage Tourney

AUSTIN—(P)—The three-ring circus that is the Texas schoolboy basketball tournament started Thursday.

Twenty-four games later three champions, three runners-up and three consolation winners will be receiving their awards.

Class B, which appears to have the strongest field of the three divisions, took the court first with Big Sandy of Livingston, a championship favorite, clashing with Weedsboro in the opening game.

## DiMaggio's Aching Heel Called Okay

NEW YORK—(P)—Joe DiMaggio and his aching heel headed back to the New York Yankee's training camp Thursday after a quick visit to his Baltimore doctor.

The verdict: He's okay. No medical attention required.

The right heel, from which a bone spur was removed last Fall, flared up after the Yankee clipper's first workout Tuesday. Taking no chances with his star, the Yankees sent him winging back to Dr. George Bennett.

Les Fleming, Pittsburgh infielder, signed his contract. All of the Pirates now have agreed to terms. Eddie Stanky agreed to the Boston Braves' offer, leaving the National League champions with four on the unsatisfied list. Andy Seminick, Philadelphia catcher, signed and cut the Phils' holdouts to two.

With intra-squad games scheduled for this weekend in many camps, the managers stepped up drills and will continue to increase the pace. Warm weather returned to the Florida camps, which had opened Tuesday with the thermometer in the 50's.

The world champion Cleveland Indians began twice-a-day drills. Observers at the New York Giants' Phoenix camp got Spring fever and started comparing rookie pitcher Ted Heidtschmidt with Bobby Felner. Brooklyn split its squad into four units with camp games due to start Saturday. Detroit, which has yet to hold batting practice, worked on bunting Thursday.

### Fair Texas Golfer Is Florida Favorite

ORMOND BEACH, Fla.—(P)—With newcomers comprising a threat, quarter-final matches were on tap Thursday in the South Atlantic Women's Golf Tournament.

Betty McKinnon of Mount Pleasant, Texas, making her first visit to Florida, was a favorite Thursday. She carded 89 to set a course record for women in defeating Mrs. Betty Bush of Hammond, Ind.

### Baseball, Track Drills To Open

Baseball and track drills for Midland High were scheduled to start Thursday.

Equipment already had been issued and the squads ready to hit the diamond and track.

The baseball squad will practice at an improvised diamond near Memorial Stadium. The track and field squad will work in the stadium.

Bad weather canceled a Tuesday opening of practice and Wednesday's drill was canceled by the scholastic census.

The green light was flashed Thursday and the boys were ready to go.

## Down SPORTSLANE

—With TANNER LAINE

It is not very easy to stop writing sports just like that. Because you give you the warm feeling that covering sports does. You make a lot of friends and endearing contacts. You see, hear and feel the elements of competition and clean sportsmanship.

So you write 'em the way you see them, keeping in mind the persons who couldn't be there.

It was our policy to boost and build up, rather than tear down. A sportswriter can do either one, you know.

We never criticized a high school kid for his performances on the field of play. Because we realized his mistakes were honest, if he made them. More than likely, he did his best although he may have looked like Ned in the First Reader to skeptics. But they are just kids and we kept it in mind.

We might have been accused of seeing no bad in home teams. Well, we might have seen the bad for it was bound to crop up. Our premise was—back your home team, it needs you. There will be plenty of persons to criticize but few to hang on and support the home team.

When we thought something was harmful to wholesome sports as a whole, we attacked it with full force of words. And kept after it.

We can truthfully say we had no favorites unless they merited it on the field of play.

We never took a cent to color our story or write it to the advantage of any individual.

Not all our readers agreed with us. And we wouldn't have it so. We didn't try to do your thinking for you, but rather we were glad when you had ideas of your own and were

not afraid to speak them out.

When other scribes blasted away at Midland's teams or individuals, we took up the fight and blasted at theirs.

If you read our sports, we appreciate it. If you were among the many who often told us you liked Sportslane, we appreciate you more than our words can say. If you perhaps read Sportslane, didn't agree, but it helped you to form an opinion of your own, we appreciate you, too.

Our main purpose, always, was to write for you. To let you know what happened. We were keeping score more than we were directing your thoughts or opinions.

We made mistakes like any human being. But from the heart, they were honest. We made a vow the day we got our degree in journalism that we would never cover a sports event and hit the bottle at the same time. We have kept that vow religiously and never broke it. For that would have been unfair to the kids playing the game. You must have clear eyes and a clear head to write the game honestly.

Our spirit will always be in the press box covering the Midland Indians and the Midland High Bulldogs, whatever their endeavors.

We reserve the right to write one more sports story for our newspaper. We want to be the one to write the lead when the Purple and Gold clad kids of Midland win the state championship in football. That's all we ask for nearly 10 years of Midland sportswriting.

It has been swell, thanks to all of you.

Horned toads eat ants and other insects, catching them with a darting tongue.

## Kentucky's Claims To Fame Bolstered By NCAB Statistics

NEW YORK.—(P)—Kentucky's claim to fame in the basketball world was bolstered further Thursday. The National Collegiate Athletic Bureau released statistics showing the Wildcats to be 25 1/2 points better than the average of their 26 opponents this season.

Kentucky is the only team in the country among the top 10 both offensively and defensively. The Blue Grass sensations have averaged 67.8 points per game, tenth best nationally, and have held their opponents to 42.3 points, third best nationally.

The highest scoring outfit in the country is Rhode Island State with an average of 70.5 for 19 games. Defensively, it's the Oklahoma Aggies, who have limited 22 opponents to an average of 34.7 points per game. Rice, Baylor Top SWC.

Siena of Albany is a poor second in defense with 41.3 followed by Kentucky, Wyoming, Minnesota, Washington State, St. Bonaventure, Baylor, St. Louis and Michigan. Yale and Western Kentucky are tied for runner-up honors in the scoring department with averages of 69.4 points per game. Illinois and Cincinnati are deadlocked for fourth with 69.3. Then come Colgate, New York University, Bowling Green, Louisville and Kentucky. Sectional offense leaders included: Southwest, Rice 55.8. Defense leaders: Southwest, Baylor 44.1.

## Webb Signs Van Hoozer

Sam Van Hoozer, the likeable, lanky righthander of the 1948 Longhorn League champion Indians, signed his 1949 contract with Harold Webb Wednesday.

"Pitchin' Sam," whose double-clutch hurling arm once tolled 19 innings in one night and won over San Angelo, signed in a good humor and is absolutely happy. Needless to say, Webb was happy to get Van Hoozer, who is from Wolfe City and that's Webb's old home town. Webb and Van Hoozer's father are good friends and that is how Midland got the pitcher in the first place.

**Has Great Record**  
Van Hoozer came to Midland during the 1948 season and pitched a vital part in the windup of the regular season and in the playoffs. He played in 25 games and in pitching won 13 and lost eight. He pitched 182 innings and faced 688 batters, gave up 179 hits and 91 runs and averaged a 3.61 earned run average. He allowed but 73 earned runs and struck out 64. He walked only 54, threw but two wild pitches and never balked.

In the championship playoffs, Van Hoozer won two and lost two. He hurled 26 innings, allowed 19 hits and only four runs, walked seven and struck out 11.

F. D. RUTLEDGE

F. D. (Red) Rutledge is a newly chosen member of the Midland High coaching staff. Rutledge, a former star in both football and basketball at Texas Wesleyan College, comes here from Hardin College. He formerly worked with Tubboat Jones, MHS head coach, at Hardin and at Wichita Falls High. He already has reported for duty here.

### Hughson Looms As Red Sox Hope

SARASOTA, Fla.—(P)—Cecil (Tex) Hughson, who almost quit baseball for good last year because of a "dead" arm, loomed Thursday as the answer to the Boston Red Sox prayers for a 20-game winner in 1949.

Hughson, who saw his 20-victory total of 1946 shrink last year, gave his pitching arm a severe test Wednesday. He came through with flying colors. The right hander from San Marcos, Texas, pitched batting practice vigorously for 30 minutes. After the workout he said his arm hadn't bothered him a bit.

### NCAA Picks New Cage Committeemen

CHICAGO.—(P)—Morley Jennings of Texas Tech and James Stewart, Southwest Conference official, have been named to the Sixth District basketball Selection Committee of the National Collegiate Athletic Association.

They replace Gene Lambert, Arkansas, and F. J. McKale, University of Arizona, whose teams remain in contention to represent the district.

### San Angelo Beaten In JC Tournament

Daddy Ringtail

Daddy Ringtail And Feather In The Hand

By WESLEY DAVIS

The Featherman is the old, old man with long white whiskers. All he can think about is feathers, feathers, and more feathers.

feathers," the Featherman said to himself. He looked around and up and down—and when he looked down again—there was a feather on the ground!

The Featherman clapped his hands together. He jumped in the air and bumped his heels together three times to show how happy he was. He picked the feather up and held it in his hand.

A duck walking along, just then, a duck with a whole lot of feathers. She had her wings all folded behind her back, as though she were holding hands with herself, and her white feathers gleamed in the sunlight.

The Featherman dropped the feather he had in his hand and ran after the duck as fast as he could. He wanted feathers, feathers, feathers, and more feathers.

The duck ran ahead of him, just fast enough to keep from being caught. And in between running steps, the duck would stretch her wings and fly a little, close to the ground. She did it so the Featherman's hands couldn't quite catch her.

Pretty soon the Featherman saw that he would never catch her—not that fine day. The Featherman hurried back up the Elephant Path to get the feather he had dropped to the ground, the one he had held in his very own hand.

But when he got back the feather was gone. The wind had blown it away.

"Oh, feathers, feathers, feathers!" said the Featherman, and that was

the end of the Featherman business until another day. But he learned his lesson, I hope. He learned that a feather in the hand is better than a whole lot of feathers on a duck when you haven't even caught the duck. And I hope that no one else will be losing a something they don't have, trying to get a something they don't have. Will you help me? Happy day!

Magnolia Trying To Flow Upton Strike

In an attempt to test the upper section of the North-Central Upton County Ellenburger, Magnolia Petroleum Company was circulating with oil and trying to make its No. 1-A TXL Ellenburger discovery 30 miles south of Midland, kick off and flow.

The upper zone which indicated production when penetrated is opposite casing perforations at 12,700-760 feet. If that formation fails to flow, operator will acidize through those perforations.

The well is already proven from a lower section of the Ellenburger, but is expected to make better production from the current zone.

Location is 960 feet from north and west lines of section 31, block 40, T-4-S, TP survey.

Texaco Makes Signs In Andrews Devonian

Drillstem test of the Devonian in West-Central Andrews County, one and one-half miles north of the West Parker field, made slight production signs for The Texas Company No. 1-W shaft, wildcat, 666 feet from east and 602.3 feet from south lines of the north half of section 35, block 12, University survey.

The tool was open two minutes and a good gas blow for one hour and 15 minutes. Recovery was 340 feet of heavily oil-and gas cut drilling mud.

Drilling was continuing below 8,377 feet in Devonian lime and chert.

AIME To Meet In Midland March 7

'Core Analysis Applicable to Fractured and Vulgar Dolomites.' will be discussed by H. W. Brenner, president of the American Institute of Mining and Metallurgical Engineers to be held at Hotel Scharbauer on March 7.

Following the talk, J. E. Bliss, also of Midland with Rotary Engineering Company, will conduct a discussion of the same topic.

Tom C. Frick, section chairman, will preside and will give a short review of the happenings at the AIME's national convention in San Francisco, Calif., February 13-17.

The meeting will begin at 6:30 p. m. on the mezzanine of the Scharbauer Hotel. Dinner will be served at 7 p. m. and the program will follow.

San Francisco City Official Found After Year's Disappearance

HOUSTON.—(AP)—Chris Jespen Christensen, former San Francisco city official who had been missing more than a year until he turned up here Wednesday night, isn't meeting the public nor the press Thursday.

He is waiting for the arrival of his wife, who thought him dead. No one knows, or is willing to say, just where he is waiting.

Reporters and photographers located him by phone at a downtown hotel, where he had spent the night, but by the time they arrived at his room Christensen was gone.

Christensen, 44, said he has no plans, that he's just waiting for his wife.

'I've been doing what I want to do all day,' he said. It was his first day as a Bible salesman. He said his profit was \$13.50.

Christensen disappeared Jan. 13, 1948 soon after his election as a city supervisor. He was elected to the 11-man board in 1947. The San Francisco Board of Supervisors is the governing body of the City and County of San Francisco.

Officers Installed For Terminal WMU

Officers for the Terminal Baptist Woman's Missionary Union were installed Monday in the auditorium of the Terminal Baptist Church. Members of the Midland First Baptist Church Society were present to assist in the installation service for the newly-organized Terminal group.

Officers installed were: president, Mrs. Paul E. McNeal; secretary, Mrs. Alfred Arnold; treasurer, Mrs. Laverne B. Plummer; young people's director, Mrs. Rex Carter; program and literature, Mrs. H. M. Brunson; Mrs. Estelle Barnett, Community missions; Mrs. Luther Champion, benevolence; Mrs. L. M. Porter, mission study; Mrs. Curtis Rogers, Bible study; social chairman, Mrs. Ted Grisham; Mrs. Earl Watson, Margaret Fund chairman; youth camp chairman, Mrs. J. C. Love and Mrs. Carl Watson, pianist.

Other Terminal members present were Mrs. Doris Mae Mohler, Mrs. G. W. Spiller and a guest, Mrs. A. C. Plummer from Tonkawa, Okla. Midlanders attending the service were Mrs. E. H. Thacker, Mrs. C. M. Dunagan, Mrs. John Alexander, Alta Merrell, Mrs. Vernon Yearby, Mrs. George G. Johnson, Mrs. J. E. McCain, Mrs. W. P. Hawkins, Mrs. W. H. Hall and Mrs. Cecil Craft. Decorations of greenery, jonquills and candelabra made a background for the service.

University Exes Form Area Chapter At Midland Banquet

A Permian Basin Chapter of the Ex-Students Association of the University of Texas was organized Wednesday night at the annual Texas Independence Day banquet of University exes from Midland and vicinity in the Crystal Ballroom of Hotel Scharbauer.

One hundred twenty-six ex-students, their wives and husbands, from Midland, McCombs, Crane, Rankin, Dallas, Big Spring, Odessa, San Angelo and Goldsmith attended.

Dean Arno (Shorty) Nowotny of the University of Texas was the guest speaker, discussing 'Keeping Education On the Americanism Level.' He stressed the importance of character building by university faculty members.

The veteran and popular dean, who also is president of the National Association of Deans and Advisors of Men, reviewed campus activities and the growth of the University in recent years.

He said the school now has 17,000 students, of which 3,900 are married.

Orange and White presided at the banquet, and Tom Sealy read greetings from the University president. Frank Stubbeman gave the invocation. The banquet tables were arranged in the form of a TU, and orange and white colors predominated in the decorations.

A quartet from the Midland Men's Chorus, directed by Duke Jimerison, sang several selections.

Payne was named president of the new Permian Basin chapter, membership of which is open to all University exes in this area.

Wayne Ashmore is vice president, and Mrs. M. B. Arick is secretary-treasurer. Directors include Jim Langdon of McCombs and John Norman, Dr. John B. Thomas, Jim Marberry, John Stille and Jim Hardwick, all of Midland.

All members of wasp communities, except a few queens, die at the approach of cold weather.

Latest Flight Given Dramatic Place In Cold War Strategy

WASHINGTON.—(AP)—Diplomats Thursday assigned the non-stop round-the-world flight of an American bomber a significant and highly dramatic place in the grand strategy of the cold war.

An important facet in terms of international politics is that the State Department had opportunity to block the flight but did not do so.

Two and a half years ago a somewhat similar project was vetoed by the diplomats.

Thus the changed attitude may be taken as a measure of the extent to which relations between Russia and the West have gone downhill.

Top American officials define the purpose of that treaty as being to confront any potential aggressor—by which they currently mean Russia—with such 'overwhelming' force that he would not dare attack.

In the flight of the B-50 bomber the Soviet now can read unprejudiced evidence of the range of American strategic air power. They may reason that no single one of their cities, should war ever come, would be safe.

Teachers Complete Scholastic Census

Midland's scholastic census for 1949 was taken Wednesday afternoon by faculty members of the Midland Independent School District. Considerable follow up work is yet to be done, officials said.

Several days will be required to tabulate the information obtained by the census takers.

Officials expressed appreciation to citizens for their excellent cooperation in the project.

Classes in all public schools resumed Thursday morning after having been dismissed Wednesday afternoon.

OC COMMITTEES CONTINUE MEETINGS

Members of the Garden Committee of the Midland Chamber of Commerce met Wednesday afternoon in the organization's office.

A program of work for the year was discussed and members voted to re-publish the booklet, 'Gardening in Midland.'

A meeting of the Chamber's Military Affairs Committee was scheduled Thursday afternoon.

Do You Want Dictatorship Over Public Health In Texas?

No one likes dictatorship or monopoly.

But that is exactly what the State Medical Association is trying to establish in Austin at our State Capitol.

It would be a dictatorship over public health more absolute than anything conceived by Hitler or Mussolini.

The bill that would bring about this dictatorship is Senate Bill 63, the so-called Basic Science Bill.

It would give the State Medical Association a death grip on the healing arts.

If this bill passes you will no longer be able to go to a chiropractor in Texas, or to a naturopath, because there would be none. Eventually, it is possible you would be unable to go to any type of doctor, except a member of the State Medical Association—the dictatorship would be that strong.

You wouldn't think this could happen in Texas. But it will unless you EXPRESS YOUR OPPOSITION TO S. B. 63 by writing to your representative and senator.

(Adv. sponsored by the Committee for Health Freedom of Texas, W. Early Jackson, of Austin, Chairman, and paid for by the Permian Basin Chiropractic Society.)

He's a Leak-Smeller-Outer

At 62, David Wilson is still agile enough to scamper around the high scaffolding of the Pacific Gas and Electric Company's San Francisco plant, smelling out leaks in the natural gas storage tanks.

Wilson has been with PG and E for 28 years. When he sniffs or sees or hears a leak, he patches it up. Height doesn't bother him.

Ticket Sales Will Start For Review By Mrs. H. Emery

Tickets for the book review of April 4, when the Altrusa Club will present Mrs. Herbert Emery of Dallas in a night program in the Crystal Ballroom of Hotel Scharbauer, were distributed at an Altrusa board meeting Wednesday afternoon.

Grace Wallace was appointed ticket chairman. The tickets will be on sale by all club members, and at the Book Stall and Simmons and Paper Company. Mrs. Emery is to review a current Broadway play, and will appear through courtesy of Sanger Brothers of Dallas. Proceeds of the program will go to the Midland Women's Club building fund.

Katherine Shriver, president, was in charge of the board meeting. Bertie Boone, treasurer, presented a complete financial report from the time of the club's organization last summer. Possible club projects and membership were discussed, and board members received Altrusa pins which they ordered recently. A president's pin was presented to Mrs. Shriver.

'We must not miss the dynamics of our spiritual forces. We must serve our fellowman and develop the dignity of our businesses and professions.'

'It is up to Rotarians to prevent a division of people, as unity is necessary in our democratic principles of government.'

DeWolfe discussed the Rotarians' creed and asserted 'Don't let Rotary grow away from us.'

He recalled briefly the history of Rotary International and its accomplishments for brotherhood and international peace.

Job Satisfiers 'Recognize the dignity of every individual,' he urged. 'Human engineering makes job satisfaction.'

He also discussed employee-employer relations and gave suggestions for improving them.

E. H. Barron called attention to the annual Midland Livestock Show next week. Bob Payne was program chairman.

James T. Smith, president, announced the election of three new members of the club—Albert H. Vineyard, Cal Boykin and Joe Travis.

Dean Arno Nowotny Tells Of Lag In Human Engineering

Arno 'Shorty' Nowotny, dean of student life at the University of Texas, warned Midland Rotarians, at their meeting Thursday noon in Hotel Scharbauer, that American civilization now is at the turning point and 'We must build for tomorrow.'

'Rotary clubs and similar organizations are among the answers to the problem,' he declared, asserting that human engineering has lagged behind technical engineering.

'Technically we are competent but socially we are incompetent,' he continued. 'Our social skills are not as advanced as our technical skills. If they had been we probably would not have had World War II.'

'Make Rotary a career—not an obligation. We must teach our youths that it is just as important to live for America as it is to die for America. Rotary International is a means of practicing international understanding.'

**Battle Looms On GA School Bills; Lower Voting Age Okayed**

AUSTIN —(AP)— A tough fight loomed Thursday for the Glimmer-Alkin bills when they came up for public hearing before the House Education Committee.

An indirect—and inconclusive—test of the bill's strength in the committee came Wednesday night. Strong advocates of Glimmer-Alkin legislation failed in their effort to keep Rep. Jimmy Horan's \$2,400 minimum teachers pay bill in committee for three weeks.

They lost by an 11-to-7 vote. Horan's proposal was sent to the floor with a recommendation for passage. The latter action was by unanimous voice vote.

The G-A measures, two of which already have passed the Senate, will be considered at a public hearing at 7:30 p. m. Wednesday, March 16. The date was set by Mrs. Rae Files Still, Education Committee chairman and one of House leaders for the bills.

Another explosive issue will re-open a public going-over one week from Thursday. The House Labor Committee will hear arguments for and against Rep. Blake Timmons' bill revising 11 regulatory laws passed since 1940. The time is 2:30 p. m. Thursday, March 10.

Other legislative developments: A bill to strengthen Texas liquor control laws was recommended for House passage. A proposed amendment to prevent advertising of liquor prices was killed.

The House Committee on Constitutional Amendments split 7 to 5 in favor of Rep. Frank B. McGregg's resolution to lower the voting age to 18 years. The measure goes to the floor. The Texas electorate will vote on the issue if both House and Senate approve the idea.

Senate confirmation of Paul H. Brown of Harlingen as state fire insurance commissioner seemed assured as the committee on governor's nominations recommended favorable action.

It has been announced by Robert F. Six, president of the airline, Continental now serves the Tulsa-Oklahoma City portion of the route.

NEW ORLEANS —(AP)— How could he fly non-stop around the world without stopping for gas was what Mrs. Jimmy Gallagher wanted to know when her husband told her of his record making flight.

Captain Gallagher called his wife here after he and the crew of the Lucky Lady, the now-historic plane, landed in Fort Worth and informed her why he had missed their vacation together. They had planned a joint Mardi Gras holiday.

"I just flew around the world non-stop," he told his pretty wife. "How could you do that, silly, without any place to fill up on gas?" she questioned.

**Sign of the Times Note in Variety**

Headline: "I'll drop its arty pictures for melodramas and comedies." . . . C. B. DeMille's first rough cut of "Samson and Delilah" runs three hours and 13 minutes. He has to cut it down to 142 minutes.

In the spotlight: Charlotte Greenwood. Most people regard Charlotte as a musical comedy personality. But since 1937, she has played nothing but straight dramatic roles.

Star Billing Wendell Corey gets the official nod from Hal Wallis—star billing opposite Barbara Stanwyck in "The Lady Jordan."

Dolores Moran is headed back to the screen after becoming a mama. She's the wife of producer Ben Boggs and still one of the most beautiful girls in town.

Tony Martin and Dorothy Shay will get together for a few nightclub appearances in the Fall.

Janet Blair will sign on the dotted line any day now as the star of the new Irving Berlin musical . . . Best argument yet in favor of movies against television. A friend of mine, George Lait, just sold his television set.

His complaint: "My home became a theater. I couldn't get my kids to eat or go to bed."

Progress note: "UI is experimenting with perfumes — scented photographs of Barbara Stanwyck to send editors in connection with 'The Lady Gambles.'"

**'How Could You?' She Wants To Know**

NEW ORLEANS —(AP)— How could he fly non-stop around the world without stopping for gas was what Mrs. Jimmy Gallagher wanted to know when her husband told her of his record making flight.

Captain Gallagher called his wife here after he and the crew of the Lucky Lady, the now-historic plane, landed in Fort Worth and informed her why he had missed their vacation together. They had planned a joint Mardi Gras holiday.

"I just flew around the world non-stop," he told his pretty wife. "How could you do that, silly, without any place to fill up on gas?" she questioned.

CIVIL SERVICE HAS ENGINEER VACANCIES — An examination now is open for filling engineer positions at the P-1 grade \$2,874 a year, at Wright Field, Dayton, Ohio. The fields of engineering covered by this examination are mechanical, electrical, and aeronautical.

No written test is required but applicants must have had appropriate college study in engineering. Further information and application forms may be obtained from the commission's local secretary, J. Wayne Campbell at the Midland Post Office.

# New Oil Operations Decline Slightly In Midland District

Oil operations in the areas surrounding Midland declined slightly the past week, as shown by records of the oil and gas division of the Railroad Commission of Texas. A total of 57 new explorations were staked as compared with 62 listed for the previous week.

Andrews County received 18 of these new projects and one application to deepen a previously reported wildcat.

Hockley County gained nine new locations, one of which was amended. Pecos had six drill sites and two amended applications.

Drill sites were established for six wells in Ector County. Reeves County listed three new ventures.

Scurry County reported one wildcat and one field project. Gaines and Garza each received two new locations.

Howard County listed only one amended application.

The remaining drill sites were staked one in Cochran, Crane, Mitchell, Ward, and Winkler Counties.

## Claims Speed In New Transmission

**SAN DIEGO, CALIF.—(P)—**A new ultra high-speed electronic system, which its designer claims will enable printing speeds to go up to a million words a minute, has been developed by an airplane company designer.

Joseph T. McNaney calls his device the Electronotype. He explains it as a system of printing made possible by a new cathode ray tube design. It employs high-speed photography at the receiver, and also high-speed film developing processes.

At the transmitter, a message is recorded on magnetic tape, or photographic film, in the form of a pair of coded impulses per message character. The receiver converts the coded impulses into complete characters (letters, digits, etc.) on the screen of the cathode tube.

The device moves a photographic film in front of the tube's screen allowing a succession of lines of complete message characters to be exposed on the film.

The electronotype, according to McNaney, does not require synchronization between transmitter and receiver.

McNaney, employed in the Convair radio and electrical laboratory, says he conceived his new method of transmission more than 10 years ago, and obtained patents on its principal features in 1942. He is a native of Baltimore, Md., and came here two years ago.

**Judge Says Wife Can Go On Painting**

CLEVELAND—(P)—Housewives, the judge said you don't have to lay that paint brush down just because hubby squawks—not if you're doing a good job.

Judge Samuel H. Silbert recently denied a husband's request that his wife be enjoined from further interior decoration at their Warrensville home.

The judge acted after hearing a Domestic Relations Bureau investigator say:

"The two rooms she redecorates are the best-looking rooms in the house."

Peter T. Kunigonis, 35, an electrical engineer, went to court two weeks ago with a complaint about the decorating work of his wife Betty, also, 35. Judge Silbert then advised her to stop painting when she finished a room half done.

The husband complained the wife painted to annoy him. She said she'd been after him to do the job for several years, and the house had become just too drab for her to bear.

**Crane Young Matrons Club Holds Meeting**

CRANE—Mrs. LeRoy Brookover was hostess to the Young Matrons Club at its last meeting. Mrs. W. E. Hogsett, Jr., and Mrs. L. S. Adcock won game prizes.

The shamrock plays a part in that day, also. So how about a shamrock molded salad made with lime gelatin and grapefruit sections. Of course, there can be watercrest and cream cheese sandwiches to carry along the theme.

**Shamrock Salad**

One package lime-flavored gelatin, 1 cup hot water, 1/8 teaspoon salt, 1 1/2 cups grapefruit sections, canned or fresh, cut in pieces, 1 cup grapefruit juice and water, combined.

Dissolve gelatin in hot water. Sprinkle salt over grapefruit; drain thoroughly, if necessary, add enough water to grapefruit juice to make 1 cup, and add to gelatin. Chill until slightly thickened. Then add grapefruit. Turn into a large shamrock mold. Chill until firm. Unmold, and with pastry tube outline shamrock with cream cheese. Serve with lettuce and mayonnaise and, if desired, shamrock sandwiches made of softened cream cheese and chopped watercrest.

**Irish Medley**

(Makes 10-12 servings)  
One package orange-flavored gelatin, 2 cups hot water, 1/2 cup canned crushed pineapple, drained, 1 cup cake crumbs, dash salt, 1 cup cream, whipped, 1 package lime-flavored gelatin, 1 3/4 cups hot water, 1 drop oil of peppermint.

Dissolve orange-flavored gelatin in 2 cups hot water. Chill until slightly thickened. Then fold pineapple into 1 cup of the gelatin and turn into an 8x8 1/2-inch pan. Chill until firm. Fold cake crumbs, salt and remaining gelatin into cream. Pour over gelatin mixture. Dissolve lime-flavored gelatin in 1 3/4 cups hot water. Add oil of peppermint. Chill until slightly thickened. Place in bowl of ice and water and whip with rotary egg beater until fluffy and thick like whipped cream. Pour over cream mixture in pan. Chill until firm. Cut in squares. Note: If desired, mold in a large (2-quart) shamrock mold.

**Singapore Gets U.S. Cigarettes**

SINGAPORE—(P)—American cigarettes have been barred from Singapore for three years, but they are as plentiful as the rains in this Southeast Asia port.

Every so often a stern slap on the wrist is aimed at those who evade regulations and use up valuable United States dollar exchange for purchase of non-vital American cigarettes.

Such a campaign is being pushed these days with all the drive and enthusiasm of a walk in the tropical sun.

Along with other lands in the British sterling world, Singapore seeks to use its U.S. dollars to buy such essential commodities as chemicals, metals, and the like.

Why then can a smoker stop at any shop and buy all the American cigarettes he wants for the same price (about 30 U.S. cents) as are asked for comparable British brands?

Too strenuous customs endeavors might irritate legitimate importers. "We must strike a sensible balance," explains a British official with a good-natured shrug of his shoulders. When it is anticipated that the present supplies will become exhausted and—as happens when stocks become scarce—prices will begin to climb? Officially, perhaps in a few months. Unofficially, never.

Incidentally, American cigarettes aren't too sought after in this far-off land. The American colony is small and the British prefer British ones.

## Ham In Mushrooms—Real Treat

Ham slices baked in mushroom sauce—a real family treat.

By GAYNOR MADDOX  
NEA Staff Writer

If your family isn't large enough for a whole baked ham, buy a center slice and bake it in a mushroom sauce.

### Ham Steak in Mushroom Sauce

(4 servings)  
Ham steak, 1-inch thick, 2 tablespoons flour, 1/4 teaspoon salt, 1/2 teaspoon dry mustard, 1/2 teaspoon ginger, 1/8 teaspoon marjoram, 1/4 cup water, 1/4 cup vinegar, 2 tablespoons brown sugar, one 6-ounce can broiled mushrooms.

Place ham in well-greased frying pan. Brown on both sides over moderate heat. Place in shallow baking dish. Four fat from frying pan. Measure 3 tablespoons of the fat and return to pan. Stir in flour and seasonings. Blend together and add water, vinegar, and brown sugar. Add contents of can of mushrooms. Cook, stirring constantly, over moderate heat until the sauce thickens. Pour over ham in baking dish. Bake, covered, in a moderate oven (350 degrees F.) for one hour. Serve immediately.

If you like to serve sandwiches for luncheon, or if you have lunch boxes to pack every day, here is a sandwich filling which uses up your last scraps of leftover baked ham. The shredded vegetables add color, crispness and extra vitamins. No leftover ham? Just mash up a 12-ounce can of luncheon meat and add the other ingredients as directed. This filling can be stored in a covered container in the coldest part of your refrigerator for a couple of days.

### Ham Sandwich Filling

Yield—8 luncheon sandwiches  
One and one-half cups ground ham (12 ounces), 1/2 cup shredded carrot, 1 teaspoon minced onion, 1/3 cup mayonnaise, salt to taste, 1 bunch watercress.

Combine ham, carrot, onion and mayonnaise. Add salt to taste. Cut watercress stems in 1/16-inch lengths and coarsely cut the leaves. Stir watercress stems into ham mixture. A cup of finely chopped young spinach leaves may be used in place

of the watercress. Use for luncheon sandwiches. These are extra good when made with whole wheat bread.

## Disabled Veteran Gets New Home

KALISPELL, Mont. —(P)—Bernard Stender, a totally disabled war veteran, has moved into a new home built entirely with funds and labor donated by fellow townsmen.

Stender, a Navy deep sea diver, suffered a broken back in 1943 when a pile driver fell on him while working underwater on the ill-fated Normandie in New York harbor.

After a long tour of government hospitals he returned to his native Kalispell three years ago.

A citizens' homebuilding committee collected about \$7,000 including \$2,500 from the B. P. O. Elks Club. Craftsmen contributed their labor and Mayor Dave S. Cameron donated the home site.

Extra large rooms were built to permit easy movement of Stender's wheelchair. An elevator was provided for traveling between floors and all interior arrangements were designed to accommodate a wheelchair patient. Stender is able to use his arms but not his legs.

A floor-level attached garage was provided for his late model car equipped with special operating devices.

The sport of skating is at least a thousand years old.

SINGAPORE —(P)—Ibrahim bin Daud is 22 and of artistic temperament.

Disatisfied with the flatness of the photograph on his identity card, he used red ink to add color to his lips on the picture. Then he embellished the prosaic looking document with floral designs.

Brought into court, he heard the judge tell him he acted like a boy of five. He also was sentenced to a day in jail to brood on the lack of artistry in officialdom.

## 'Gone With Wind' Creator Created Lifetime Of Work

By HAL BOYLE  
ATLANTA —(P)—Life has been anything but a breeze for Margaret Mitchell since she completed "Gone With the Wind" 13 years ago.

Her sensationally successful first novel turned her from a quiet Georgia newspaper feature writer into an internationally famous figure.

Since 1936 her book has sold some 8,000,000 copies in 40 countries and 30 different languages. Only the Bible outsells her. And today people of Georgia are much more reconciled to that fact than Peggy herself.

"I didn't start out to be an international lawyer—but I have had to become one," said the plump, blue-eyed creator of Scarlett O'Hara and Rhett Butler.

Today her novel is still selling more than 50,000 copies a year in America—and probably an equal number overseas, and that is what keeps Margaret busy. For the duty of checking carefully into foreign sales of her novel has forced her against her will to become a business woman.

**New Recupercating**  
Those details were handled by her husband, John March, until he was stricken with a heart attack three years ago. He is now recuperating. And for that Margaret Mitchell says she is more grateful than she is for all the fame and fortune her novel has brought her.

As a matter of fact her world renown has changed her not at all. And she is particularly grateful to her friends for not letting her success go either to her head or their heads.

Margaret hasn't read her own book all the way since it was published in 1936. She is still amazed and disconcerted at its success—because she thinks both Scarlett and Rhett are fundamentally immoral people. She dislikes and disapproves of both of them.

"The book is popular now with teen agers," she said. "But when I was that age my parents wouldn't let me read a book of that character."

Mrs. March—and that's the name she likes best—is financially fixed for life. But she is annoyed over two things: Rumors that she is secretly writing another novel and that "Gone With The Wind" was an off-hand product of her leisure.

**Handred More**  
"I have a hundred more novels I would like to write," she complained mildly. "But the business details of my first book still take all my time. Nobody believes that—but it is true. I am not writing another book. I worked twelve years on "Gone With The Wind" and threw away a lot of novels I had written before that."

"I am a story teller. I am not interested in style. I wanted to write simply—and that takes hard work. But people today aren't interested in work."

Margaret Mitchell still is.

About 85 per cent of the oil production from Middle East fields is under British operation.

### Stuff Icebergs Are Made Of

Taken from two miles up and 10 miles away, this aerial view shows the stuff icebergs are made of. Coast Guard cameramen, on aerial patrol, found these two glaciers as they joined in Greenland. They move 50 feet a day, steadily advancing toward the fjords, where huge pieces break off to form icebergs that menace shipping lanes.

### + Youth Center Chatter +

By JUNE HAZLEP and JOYCE HOWELL

Here we are again with more news of the week and the slightly insouciant things that have been going on around our Youth Center!

First, will someone PLEASE tell us, how do some sisters manage to get along so well? Ann and Winona Armentrout, Therese, Margaret, and Mary Ann Finch, Jane Ann and Carolyn Curd never seem to disagree! Come on, girls, tell us, what are the magic words?

Are you one of those persons who hate to have their pictures taken? If so, stay out of the Youth Center! Bob Short, Mike Brunner, Moe Price and Eugene Cooper manage to keep flashbulbs popping at all hours. Why don't you boys bring your pictures down and put them on the bulletin board so we can enjoy them. It seems to us a photography contest, of pictures taken in the Youth Center, would be loads of fun and would produce some interesting results. What do you think? Talk to Mr. Engel if you are interested.

**Snack Bar**  
Our Snack Bar is doing a booming business. "Munchies" candy bars, peanuts and cold drinks are sold. The Adult Advisory Council recently voted to sell the complete fountain. We still will have drinks and candy but no ice cream.

Have you missed any thing lately? Chance are, it's in the Youth Center Lost and Found Box. We have most anything from combs to rain-coats.

Have you "Teeners" ever thought to thank the persons who started square dancing at the Youth Center? Mr. and Mrs. Ed Halfast, Mr. and Mrs. B. R. Mathews, and Mr. and Mrs. Roy McKee of the "Sash-away Club" were the first couples to start it. Several other couples since have joined the first group. Mr. and Mrs. O. S. Barnard, Mr. and Mrs. Earl Chapman, Mr. and Mrs. Jim Daugherty and others from the "Sashaway Club" have been there. Mr. and Mrs. George Glass from the "Round-Up Club" and Mr. and Mrs. Otis Hardy from the "Circle Eight" also help us.

Herb Gregerson, instructor, said we were the nicest group of teenagers he had worked with and the first to thank him publicly. So let's not let him down when he comes again, any day now!

By the way, Mr. Engel has some typed sheets with the square dance calls on them. So, why don't some of you wander down, pick up one and learn to be a square dance caller.

We happened to notice some of the unusual names on the register. It seems the "Animal Kingdom" is very well represented, with cats leading the list: "Kitty" Ferguson, "Kitten" Wilson, "Gorilla" Little, "Blubber" (whale!) Deavenport, "Little Bull" Whitson, "Horse Hay" McKee and "Monkey" Blackman

are a few! We bet those aren't the names given you at birth... eh, kids?

We are all upset by the break down of our "Goales" machine. But don't worry, Mr. Enger is having it fixed!

Did you register for the ping-pong tournament? The big event is scheduled to start at 2 p. m. Saturday. There will be prizes and the whole affair promises to be very exciting! So, if you aren't competing come on down and cheer your favorite on!

Our heartfelt thanks go to the Sophomore Class for its generous donation of the Hat Dance. It was a big success and was enjoyed by all.

We think this weeks "Medal of Honor" should go to Artie Leftwich, a faithful Youth Center member. Here's the story Artie told us—It was so good we just have to pass it on. It seems a small boy was standing on the railroad tracks, unaware of the engine which was bearing down. Artie, seeing his chance to win this weeks "Medal of Honor," dashed across the tracks and grabbed the boy just in the "Nick o' Time," with his teeth, no less! This couldn't be a "Tall Tale" could it, Artie?

**Celestial Group**  
You boys will have a chance to play "dress up" at our next Square Dance. Wear your loudest shirts and levis. (Is this so unusual?) Then with the girls in full skirts we'll be quite a gay looking bunch. Since we have the juke box, no one plays the piano much. Joy Guyton, Patsy Bray, Pat Pryor, and Adele Blackman used to "serenade" us quite often! We also have several "one finger" players. Dick Monroe, Melba Clarke, "Red" Morgan, Don Johnson, and Bet Studert are accomplished "one finger" pianists.

We were disappointed that Mr. Gregerson couldn't be with us Wednesday. However he says as soon as he is well he will be back. Let's hope he is well soon!

The question everyone seems to be asking is... Where did Jean Ferguson get the nick name "Kitty"?

One of our faithful members won't be around for a while. Toya Chapple left this week for Panama! She will be gone a month!

Robert Sutton, C. C. Tull, Dick Morrison, B. H. Spaw, Doyle Roberts and several others were seen roaming the Youth Center, home from college, last weekend. Glad to have you with us.

We notice Ray Leggett never signs his full name Raymond Francis Leggett, on the register. Why not, Ray?

Don't you just love Jimmy Corrine's RED shirt! It certainly puts your eyes out!

Several girls have told John Zant he smells good. How about that, John?

Come on boys, if you just ask a girl for a dance, that doesn't mean you have to go steady with her for the rest of your life. In square dancing, you dance with your partner almost less than with the others in the square. So why not grab a gal and have a good time.

**More Thoughts**  
Where in the world did Dan Dickenson get the nickname "Hare"? And what about "Christmas" Barber, where did that originate?

Where did Benny Stanley get his cute little pipe? Was it from Kemper Military Academy by any chance?

What do Charles Chambers and Janis Davis talk about? From their expression it must be interesting. Corky Moss was the first boy to sign up for boys singles. The girls have been rather shy though. Only four or five have signed.

Well, that's about it, we'd better get busy and stir up some excitement for next week. So, till then, good-bye.

### Grocery Concern Honors Officials

More than 600 Texas, Oklahoma and New Mexico employees of Waples-Platter Company, wholesale grocery firm, will observe "J. W. Langgart Month" during March as a salute to the company's vice president and general manager, J. W. Shugart, it was announced by J. Clyde Jones, Waples-Platter president.

J. W. Shugart

Shugart, who began his career with the company upon graduation from college, has been identified with Waples-Platter more than half of his 77 years of operation. Highlighting the month will be a drive by Waples-Platter's 14 branch houses and several manufacturing divisions for a record volume of business, to express the appreciation of Waples-Platter personnel for leadership and service to the company given by Shugart.

### Britain Shapes Up Plans For Large Festival In 1951

LONDON—(AP)—Britain has a comprehensive traffic plan, including transportation by road, rail, water, even by foot, for the "Festival of Britain, 1951," the fair projected for the south bank of the Thames, opposite Victoria Embankment.

The festival, marking the centenary of the Great Exhibition of 1851, will tell the story of British life during a century of progress in work, play, discovery, invention and design.

Provision for financing new traffic arteries and parking facilities are contained in a public works bill submitted in the House of Commons by Alfred Barnes, Minister of Transport.

The traffic scheme, which will cost at least \$8,000,000, includes new streets, underground passageways, escalators and water buses to the blitzed area on which the exposition will be built.

A new approach to the site will be by foot-bridge across the Thames from Charing Cross. This will be a "Bailey Bridge" project to avoid using new steel.

Parking space will be set aside for 4,000 cars. The bill provides for the acquisition of the land to carry out the schemes. More than 80 families will be rehoused and shopkeepers displaced by the exhibition will be reestablished near the site.

**NO DRINKER**  
The gemsbok, a large South African antelope, never drinks water. Its moisture is obtained from the succulent, bulbous plants on which it feeds.

### Treasury Puts Up Cash For Rainy Day

WASHINGTON—(AP)—So you can't salt away any money these days? Cheer up!

The Treasury is taking steps to see it's well cured before you get it. It's putting it away for seasoning like a Callaway County, Missouri, ham.

In making certain that your currency is aged in the wood, or at least in the vault, the Treasury is really being economical.

It has found that fresh or first-run money wears out quicker than mossback greenbacks. More fusel oil or something.

The Treasury didn't have to run up a special smokehouse for the ripening process, which takes several months. It just picked out some nice airy vaults where the ink would have a chance to dry.

The Bureau of the Public Debt, strangely enough, has charge of the process. Commissioner E. L. Kilby ordered the printing of 18,000,000 new sheets of bills, with 12 bills to the sheet, to build up his stock in the cooler.

This means that the skilled plate printers will be put on a 9-hour day and a 6-day week for the next four months.

Anyway, we don't have 'em working nights yet.

### + Rankin News +

RANKIN—Dr. and Mrs. J. Marvin Rape of San Angelo have been here on business several days this week.

Mr. and Mrs. Harley E. Bayless of San Angelo were recent Rankin visitors.

Rusty Daugherty was home from Schreiner over the weekend. Bobby Bell, Sul Ross student, was home for the weekend and spoke in the interest of the Baptist Students Union of Alpine at the Baptist Church Sunday morning.

Mr. and Mrs. R. H. Johnson had all members of their family at home the past weekend for the first time in five years. Their guests were Mr. and Mrs. R. E. Johnson, Jr., and son Bobby of Dallas, and Richard S. Johnson of SMU, Dallas. The Johnsons also have a son, Paul, at home. Mrs. Johnson accompanied her children back to Dallas and from there will go to Leonard to visit her mother and sister who recently were evacuated from China.

Mr. and Mrs. Clifford Marts have returned to make their home in Rankin after residing in Odessa the past few years.

Mrs. Tom Workman received a

cable Monday stating that Kathleen Hicks and baby had arrived safely in Sydney, Australia, Feb. 27. The plane trip from Midland was made in 4 days with stopovers in San Francisco and Honolulu.

Mr. and Mrs. Jiggs Barfield and children of Lamesa were weekend visitors in the home of Mrs. J. O. Barfield. Mr. and Mrs. William Forry of Reading, Pa., are remaining in the Barfield home for a month's visit.

### Bobby Robinson Is Honored At Party

CRANE—Bobby Robinson was honored at a party given by his parents, Dr. and Mrs. S. F. Robinson, at the Gulf Recreation Hall recently.

Refreshments were served to Ann McDonald, Verona Hamblett, Donnie Tomlinson, Jimmy Smith, Patricia Mullis, Bruce Wells, Judy Mathis, Gene Hester, Betty Knell, Sammie Davis, Mary Lou Breed, Billie Gooch, Kenneth Terrell, Norris Crownover, Deloris White and Tommy Jones.

Colgate-Palmolive-Peet's Fabulous Washing Discovery

**FAB** washes everything **CLEANER, WHITER** and **FASTER** than any soap on earth!

**NEW INGREDIENT GETS DAD'S SHIRTS WHITER!**  
FAB contains a fabulous, new ingredient that gets white wash whiter and colors brighter.

**FAB WASHES GRIMEST WORK CLOTHES CLEANER THAN ANY SOAP!**  
FAB with Super-Wetting Action instantly penetrates materials; pushes dirt out! Grimiest overalls and children's play clothes get cleaner faster! No "graying" soap scum with FAB!

**FAB WASHES GRIMEST OVERALLS CLEANER THAN ANY SOAP!**  
When you wash, FAB with Super-Wetting Action penetrates materials faster and more thoroughly, pushes dirt out! And FAB is up to twice as economical as soap in hard water. No soap scum with FAB!

**FABULOUS SUDS IN HARDEST WATER!**  
You can use half as much FAB as soap in hardest water...and get a tub or washer full of rich, thick, dirt-busting SUDS.

**What is Super-Wetting Action?**  
To see, roll cotton thread into a little ball and drop into a glass of water. It floats. Drop another little ball of thread into a glass of water and FAB. It sinks; becomes soaked at once.

Crane News

CRANE—Dr. and Mrs. W. H. McClure of Kermit were Sunday visitors with Dr. and Mrs. S. F. Robinson.

Dr. B. J. Maynard drove to Abilene Sunday and Mrs. Maynard and their son returned with him. Mrs. Maynard had been visiting her parents there.

Mr. and Mrs. W. S. Johnson and daughter Cheryl Ann, attended the Marfa Basketball tournament Saturday. After the games the Johnsons went sightseeing in the Davis Mountains. They visited McDonald Observatory and other points of interest before returning home Sunday.

Mr. and Mrs. E. T. Coleman received word Monday night, of the death of Mrs. C. E. Dodson, an aunt of Mrs. Coleman, in Muskogee, Okla.

The Young Peoples department of the First Baptist Church, under the leadership of George Ashburn, will hold a Sweetheart Banquet Saturday night in the Church Annex. Ashburn will be master of ceremonies. Orville E. Coleman of Vincent will be principal speaker.

Mr. and Mrs. Lou Tenison visited friends in McCombs recently. Mrs. Ida Whittenburg has returned from an extended visit with her sister, Mrs. H. S. Ratliff, at the Hurt Ranch north of Odessa.

Bob Kelly, the first draftee under the new system from Crane, has returned for a short visit with the Gayle Youngs and other friends. He formerly was employed by the Texas Company.

Miss Marilyn Lowe of Odessa and Miss Genelle Glenn of Midland were weekend visitors in the homes of their parents in the Tide Water Oil Camp.

Mr. and Mrs. Q. N. Sharpe were business visitors in San Angelo Saturday.

Mrs. R. C. Luckie and Mrs. Kelly Sims attended the fortieth wedding anniversary celebration of Mr. and Mrs. H. L. Puckett of Big Lake. The open house was given by the sons and daughters-in-law.

Miss Revis Griffin, honored her daughter, Charlotte, on her second birthday anniversary Feb. 22. Refreshments were served to Sue Glenn, Sheila Virdell, Barbara Tenison, Don Bradshaw, Jr., Barbara Stewart, Judy Warren, Rumpy Maxwell, and Ronnie Brookover.

Mrs. Ted Green was admitted to Crane Memorial hospital Monday. She is reported to be improving.

Mr. and Mrs. A. R. Watkins and daughter, Ruedell, spent Saturday and Sunday in Hobbs visiting with Mr. and Mrs. Leroy Watkins and family.

SOVIET MUSIC STILL ASSAILED

MOSCOW—(AP)—Soviet youth is not responding as correctly as it should to the call for more and better music writing, says B. Yarusovsky, writing in Izvestia. He says progress undoubtedly has been made and cites Arutyunyan's "Cantata of the Motherland," and "Symphonietta" by Yainberg.

At a recent students' concert devoted to the Eleventh Congress of the Komsomols, he says, there were too few works linked with the characters and feeling of Soviet youth.

California Animals Cause Headaches

SACRAMENTO, CALIF.—(AP)—Such damage as caused by a cow's kicking a car and a bull's goring an airplane, the State of California will pay.

But the state wants more information before it pays for honey eaten by a bear.

Approved recently by the State Board of Control were: \$7.10 for the tall light of a private car kicked by a cow in the Folsom Prison parking lot; \$218 for damage to a plane when a bull wandered onto a California Polytechnic School landing strip.

The Miller Honey Company wants \$631 for honey it says a bear—a ward of the state—ate on a ranch near San Bernardino. The board decided to investigate further.

Domesticated Swan Plays In Bathtub

The Darms of Marysville, Calif., have a swan in their bathtub. Ed Dennett, Yuba County game warden, found it near the city where it had been hurt by a hunter.

Darr and Truman Bae, policeman, had to amputate the bird's right wing at the second joint and Darr took it home. His wife was feeding it with a spoon-half an hour after it came into the house.

Dennett said he believes it is a whistling swan. It floats in the bathtub in the daytime and spends the night in the garage.

When it has fully recovered, the Darms plan to release it in a large lake near the city where it will have plenty of room and the company of many ducks and geese there.

Can't Expect One To Know It All

SACRAMENTO, CALIF.—(AP)—A Philadelphia citizen, apparently unaware of the Republican upset last November, wants "Vice President" Warren to do something about the national economy.

Gov. Earl Warren displayed a letter from the Philadelphia which reached him via Washington. On the envelope was the notation, "Not in the U. S. Senate."

The letter, congratulated the unsuccessful GOP vice presidential candidate on his "magnificent victory." The writer said he had just returned from attending the inaugural in Washington.

"I'll have to send that one to Tom Dewey," Warren chuckled.
