Youth Charged In Dean's Slaying

A sea-going husband killed his wife, her lover, and himself while his mother-in-law listened in on the telephone some 3,000 miles away. Emory Holt, right, 35, a chief engineer in the Merchant Marine, shot his wife, Mrs. Norma Holt, 30, and David Whitaker, left, 35, after telling Mrs. Elsie Thomas, mother of Mrs. Holt, who was listening on the telephone in her home in Hollywood, Calif., "Mama, please forgive me."

Scrapping Of Rent Ceilings In Rural Areas Is Proposed

WASHINGTON—(AP)—In a desperate bid to save rent controls for big cities and defense areas, the Administration Friday promised to scrap rent ceilings in more than 100 rural and small city areas.

Representative Patman (D-Texas) announced the decontrol plan. At the same time he predicted "a wave of strikes" over the country, if Congress fails to continue rent controls for industrial areas where there are housing shortages.

"The workers simply cannot stand rent increases from 50 to 500 per cent," Patman said. "A vote to kill rent controls is a vote for strikes."

Leaders called the House into session earlier than usual, to set up a showdown vote by nightfall. There now are 600 rent control areas. The heaviest attack on continuing controls comes from House members representing large rural areas.

By lifting controls in many rural communities Administration forces hope to pick up some votes for their rent bill. Tigue Woods, rent administrator, agreed to the decontrol plan under a provision of the Administration bill that would let him put these areas back under controls if rents jump unreasonably.

Democrats claimed rents would jump 50 to 500 per cent if controls were lifted. Republicans retorted that such controls in peacetime are "socialism."

Russian Refuses To Talk

NEW YORK—(AP)—A Russian engineer accused of espionage Friday refused to answer questions at his arraignment in federal court and claimed diplomatic immunity.

Valentine A. Gubitchev, the Russian indicted Thursday with Judith Coplon, U. S. Justice Department employe, declared the prosecution against him was "to pursue certain aims."

However, Judge Simon H. Rifkind answered sharply: "Let the defendant know, if he is under the illusion that he is going to be punished without first being convicted by due process of law, he is harboring a mistaken idea."

The judge continued Gubitchev's \$100,000 bail and declined to accept the statement of the suspended United Nations employe that he did not want counsel.

Filing Set Monday Rifkind said he would assign a lawyer to represent Gubitchev. He then put off until Monday the pleading on the indictment.

Miss Coplon pleaded innocent to the three counts of the espionage indictment in which she is named. Her trial was set for April 1.

The judge declined the government's request that the \$20,000 bail for the Brooklyn-born girl be increased to \$50,000.

Gubitchev and Miss Coplon met Friday morning for the first time since they were seized together last Friday night by FBI agents after a cloak-and-dagger chase through Manhattan streets.

Miss Coplon gave no sign she noticed the Russian as she stepped into a van in which both were driven to federal court.

Bandits Rob Crack Train

Steward George R. Groves peers out of the window of the dining car vestibule which was broken by shots fired by train robbers on the Baltimore and Ohio steamliner near Cumbo, W. Va. Passengers were robbed and dining car cash was taken by the bandits who later were captured in Washington, D. C.

Six Senators Hold Fate Of Filibuster

WASHINGTON—(AP)—The Senate test on breaking the Southern filibuster will come late Friday. Democratic Leader Lucas of Illinois announced he will ask a vote between 4 and 5 p. m. (CST) on Vice President Barkley's asking that opened the way for the test.

WASHINGTON—(AP)—A half dozen senators held the balance of power Friday as the Senate neared a critical vote on a ruling by Vice President Barkley opening the way to halt a 10-day Southern filibuster.

At the climax of eight hours of sometimes fiery argument, Barkley held valid Thursday night a debate-limiting petition filed by Senator Lucas of Illinois, the Democratic leader, and 32 colleagues.

Senator Russell (D-Ga.) general of a Dixie band fighting a long-range battle against President Truman's civil rights program, immediately appealed to the Senate to reverse the vice president's decision.

Russell's appeal was pending as senators began the 11th day of word war over a proposed change in rules. This rule change would permit two-thirds of the senators voting to gag debate at any time.

Barkley held that the affirmative vote of two-thirds of those present is enough to clamp a limit on the debate that has been going on over Lucas' motion to bring up the rules change. His ruling did not go as far as the rules change proposal.

Whether Barkley will be upheld or reversed in this decision appeared to rest with half a dozen senators—most of them Republicans—who won't tell how they are going to vote.

The showdown will come when Lucas moves—probably Friday—to lay Russell's appeal on the table. (Continued on page 11)

No Absentee Votes Cast In Bond Issue

With the scheduled \$150,000 Midland County Bond Election only a few days away, not a single absentee ballot had been cast at the County Clerk's office Friday. Absentee voting will close March 22, three full days prior to the election on March 26.

Mrs. Lucille Johnson, county clerk, urged those who plan to vote absentee to make necessary arrangements as soon as possible.

Chained Rapist Cements Electric Chair

AMITE, LA.—(AP)—L. C. Lloyd, 32-year-old negro scheduled to be electrocuted at noon for rape, was found dead of a broken neck in his cell early Friday.

Coroner L. L. Ricks said Lloyd killed himself by jumping or falling from the upper cot of a double-deck bunk.

Lloyd was convicted of raping a 66-year-old white woman at Independence, La.

San Angelo Woman And Baby Daughter Killed In Auto Crash

SAN ANGELO—(AP)—A San Angelo woman and her two-month-old daughter were killed Thursday night when their car hit a bridge three miles south of Bronte.

Killed were Mrs. Jack A. Auten, 31, and Nancy Jean, her daughter. Mrs. Norman Black, also of San Angelo, was injured. She was taken to a San Angelo hospital. Jack H. Auten, 18-months-old son of the dead woman, and Norman, four, son of Mrs. Black, received slight injuries.

Suspect Held At El Paso

CLEBURNE, TEXAS—(AP)—Arthur Clayton Hester, 18, was charged with murder here Friday in the mysterious slaying of his guardian, Dr. John Lord, 69, Texas Christian University Graduate School dean.

The Canadian-born educator, missing two days, was found dead Thursday in his rambling country home near Burleson, 12 miles south of Fort Worth.

The body, fully dressed, was found on a bed in a back room of the se-

Midland police Friday questioned two young men picked up as they hitchhiked west on U. S. Highway 89 as possible suspects in the slaying of Dr. John Lord, dean of Texas Christian University's Graduate School.

Hester, who made his home with Lord, is missing. Lord obtained Hester's release from the State Orphan Home in Corsicana in 1945 and became his guardian.

Lord's body was badly beaten. His wallet was empty and the house bore evidence that a struggle preceded the dean's death.

Car Found At Coahoma Car Found At Coahoma, near Big Spring, was found Tuesday night at a garage in Coahoma, near Big Spring.

J. E. Martin, owner of the garage, said it was brought there by two boys. The car's clutch was burned out. Martin said the boys abandoned the car, one taking a bus for Big Spring and the other hitchhiking for a ride out of Coahoma.

A youth, fitting Hester's description, was detained early Friday at El Paso. He was arrested at the Army YMCA after a motorist reported he became suspicious of a hitchhiker who rode with him from Big Spring to El Paso.

Body Found By Students Detective Captain W. C. Wolverton said the motorist, W. A. Fetting of Dallas, later said the man detained was not the hitchhiker. El Paso authorities immediately (Continued on page 11)

Thrill-Seeking 'Rich Kid' Robber Given Good Chance To Live

WASHINGTON—(AP)—A thrill-seeking "rich kid" who helped hold up a crack passenger train in the West Virginia hills was given a good chance Friday to survive a police-inflicted bullet wound.

He is 23-year-old Luman Ramsdell, who was shot down after being cornered Thursday by police in a pawnshop near the White House. Ramsdell's buddy, "poor boy" George L. Ashton, gave up meekly.

Police fired when Ramsdell drew a gun. The fact that Ramsdell and his 21-year-old fellow gunman got little or nothing to eat in their flight from the robbery scene near Martinsburg, W. Va., may have saved Ramsdell's life.

The copper-jacketed bullet from Police Private Elwood G. Loman's run ripped into Ramsdell's stomach and ripped the liver. It missed the heart by two inches.

Doctors said stomach contents, if there had been any, would have spilled into the body and possibly have started infection.

Didn't Need The Money In Youngstown, Ohio, where the pair lived, friends and relatives described Ramsdell as just a "wild kid" who had plenty of money and didn't need the cash stolen from terrorized passengers aboard the Baltimore and Ohio Ambassador Express.

Ashton, on the other hand, was pictured as poor boy who had been influenced by "bad companions."

According to Ashton's account, the train robbery was a spur-of-the-moment affair that sprang from an idea of sticking up the train's steward. The two had gotten into argument with the steward about a drink that had been served them on the dining car.

The Federal Bureau of Investigation has filed train robbery charges against both men. Ashton is being held under \$50,000 bond.

LATE NEWS FLASHES

AUSTIN—(AP)—The attorney general held Friday that the Legislature can appropriate money to pay school teachers whose salary fund ran out last year but cannot appropriate money to repay bank loans or interest. Such loans, the opinion said, were illegal.

PARIS—(AP)—Premier Henri Queuille's moderate government won a test in the National Assembly Friday. The count was 294 to 287 in favor of taking up at once a government bill to create a legislature in Cochinchina.

FRANKFURT, GERMANY—(AP)—The newspaper Neue Presse Friday reported the death of 41 German workers in an explosion of a powder factory near Bautzen, in Soviet-occupied Saxony.

FREDERICKSBURG, VA.—(AP)—Three cars of the northbound Silver Comet were reported derailed one mile south of here Friday. First reports were that no one was injured.

**New Rugs And Fabrics Appear Expensive But Cost Is Low**

Plastic-coated cotton used to upholster chair is cut into matching footstool cover by model. Heavy opaque plastic film curtains which duplicate the stylized white floral pattern on slate blue background complete this decorative but inexpensive room ensemble.

This new low-priced wool carpet sets a trend with its bold tartan plaid pattern and pebble-textured surface.

By KAY SHERWOOD  
NEA Staff Writer

Good news for the woman who is juggling Spring decorating needs on a limited budget is the debut of smart new carpets, slip cover and drapery fabrics with an expensive look that belies their modest price tags.

One carpet, for example, which offers sprightly attractions at a low price combines bold tartan plaid in shades of gray or beige and a costly looking pebble-textured surface. Other budget-priced carpets of more conservative pattern owe their expensively textured appearance to cleverly dyed mauresque yarns and the use of dark backgrounds such as black, forest green, mink brown and navy blue to give an illusion of luxury.

Ready to back up the expensive look of budget-priced carpets with the luxurious softness underfoot of more costly coverings are inexpensive new rug cushions. Synthetic rubber coats the top of one fiber cushion to increase its resili-

## Cream And Spray For Sheer Protection

Alternate hot and cold water spray on legs helps to stir up sluggish circulation which may be contributing cause of roughened or itching skin. Another antidote for winter-chapped skin on legs is a nightly lubricating massage with lanolin-rich cream (inset).

### Youth Fellowship Has Wiener Roast

CRANE—Methodist Youth Fellowship members were entertained with a wiener roast by Mrs. Ruby Hughes, director, in her home recently. Parts were distributed for a Sunday program given by Betty Knael, Billie Gooch, Peggy Ward, Mary Lou Snead, Kay Cox and Balus West. The program also included songs led by Bruce Patterson with Miss Knael as pianist. In addition to those on program, Judy Mathias and Sammie Davis attended the party. Others present Sunday were Cornelia Lowery, Harold Lowery, Bobby Robinson and Billy Clark.

efface weather's blighting marks that show through your sheers. Legs chapped, reddened or itchy? Lubricate skin with a cream or lotion. Podiatrists of the American Foot Care Institute recommend for the nightly anointing a lanolin-rich cream or a baby oil which contains lanolin. Lanolin is the enriching ingredient in many creams and lotions which closely resembles the oils of your own skin and can be absorbed by it to some extent. If faulty circulation is a contributing cause to skin roughness or itchiness, our podiatrist experts offer an effective remedy. They suggest spraying legs in order to stir up a sluggish circulation. Using a regular shower spray or a hand spray attached to a bathtub faucet, the technique recommended is to alternate from comfortably hot to briskly cold water about five or six times.

## Janice Jones, Bride-To-Be, Is Honored With Tea-Showers

A gift tea in the home of Mrs. W. F. Hejl, 704 West Louisiana Street, Thursday afternoon continued a series of parties complimentary to Janice Jones, March bride-elect.

## Young Matron Complimented With Coffee

Complimenting Mrs. Jeff Montgomery, a resident of Midland the last few months and formerly of Washington, D. C., Mrs. Charles Klapproth and Mrs. Robert W. Hamilton entertained with a coffee in Mrs. Klapproth's home Thursday morning.

A group of young matrons of the city were invited to meet Mrs. Montgomery. Guests were received in rooms gay with flowers and blooming plants. Carnations were featured in the living room and gladioli in the playroom.

On the coffee table, an arrangement of snapdragons, larkspur and roses was guarded with pixie figurines standing on green "angel hair." The green and white colors of St. Patrick's Day were stressed. In the house party to assist the hostesses were Mrs. Elliott Barron, Mrs. Ellison Tom, Mrs. Frank Williamson, Mrs. Lynn Durham, Mrs. Lamar Eschberger, Mrs. J. W. Rettig, Mrs. Andrew Faskan, Mrs. J. S. Noland, Mrs. C. R. Mallison, Mrs. John Cornwall, Mrs. William W. Studdert, Mrs. W. T. Harris, Mrs. D. C. Sivalis, Mrs. Hal Peck and Shirley Culbertson.

Mrs. L. A. Kuykendall, Mrs. D. E. Gabbert and Mrs. A. G. Bohannan were hostesses with Mrs. Hejl. Miss Jones and Jonny Rhodes of Plains are to be married March 26. She is the daughter of Mr. and Mrs. O. H. Jones of Midland.

Blue and white were the colors emphasized in the party decor. There was a bouquet of blue hyacinths in the living room and other Spring flowers about the Hejl home. On the dining table, an oval arrangement of pastel sweetpeas around the miniature figures of a bride and bridegroom was flanked with white tapers.

Tea and coffee were poured from silver services at either end of the Madeira-covered table. Mrs. T. A. Golladay and Mrs. W. G. Hejl presided at the table while the early callers were served, and Mrs. John Barnett and Mrs. Gabbert during the later half of the tea period. Mrs. Hejl, Miss Jones and her mother greeted the approximately 150 guests. The honoree was dressed in an attractive Spring print frock, and wore a corsage of blue iris.

Gifts the bride-to-be were placed on display in one room. Miss Jones was honored earlier this week with a kitchen shower by Mrs. T. L. Dunlap and Rita Dunlap, and with a lingerie shower by a group of her former classmates in Abilene Christian college, where she was a student during the Fall semester.

## Maxine Omo Weds Monahans Man In Ceremony At Crane

CRANE—Maxine Omo, who became the bride of John Thomas Jones of Monahans in a ceremony read by the Rev. H. D. Christian in the First Baptist Church, Thursday evening was honored at a bridal shower in the Community Hall Tuesday night, when the wedding date was announced.

Shower hostesses were Mrs. John North, Mrs. Paul Davidson, Mrs. Cecil East, Mrs. W. T. Cantrell, Mrs. Pete Lovelace, Mrs. E. N. Bean, Mrs. Neal Grimes, Mrs. Alvin Brewer and Mrs. Floyd Welch. The room was lighted with pastel candles in crystal holders, and lace-covered tables held the gifts and also crystal bowls of white stock and sweetpeas. Cake squares with names of the bride and groom traced on the icing, and coffee were served with favors of scrolls tied with blue ribbon, announcing the date for the wedding.

A corsage of Dutch iris was presented the honoree. A special gift among the many presented to her was a hand-hemstitched linen tablecloth with a dozen napkins, which had been a wedding gift to her mother.

Guests were Mrs. S. F. Robinson, Mrs. J. E. Covill, Mrs. Jack Allen, Mrs. W. G. Pettit, Mrs. Ralph Browne, Jr., Mrs. Derwood Gaines, Mrs. Allie Justice, Mrs. Charles Elder, Mrs. Buck Kelson, Mrs. J. N. Moore, Mrs. T. C. Brady, Mrs. W. V. Stell, Mrs. Burt Barnett. Mrs. Claude Dickson, Mrs. H. D. Hodges of Big Spring, Mrs. W. G. Slater, Mrs. R. D. Shaffer, Mrs. J. V. Neeley, Mrs. M. E. Lear, Mrs. Clyde Orr, Mrs. J. R. Boyd, Mrs. J. C. Caldwell, Mrs. Brady, Mrs. J. M. Keyes, Mrs. Johnnie Johnston, Mrs. C. L. Scott, Mrs. R. V. Wilson, Mrs. John Willis and Mrs. Olen Padgett.

### How Can Girl Meet More Men? Maybe That's Wrong Question

By RUTH MILLETT  
NEA Staff Writer

"How can I meet more men?" a 25-year-old stenographer writes me. She says she left her small home town a year ago to go to work in a city.

Because her question is asked so often by girls who have reached marrying age without any definite prospects of marriage I am answering it in print.

Or, rather, I'm going to point out that I think those girls are asking the wrong question. The secret of getting married isn't usually in managing to meet more men—unless a girl just doesn't know any eligible men at all.

For most girls, the secret of how to find a husband lies in seeing husband material in the men she already knows.

Let's talk about Mary B for a minute. Mary knows half a dozen young men who have asked her for dates in the last few months.

Two she turned down without giving them a chance. One because he hasn't had as good an education as she. The other because he isn't tall enough to meet her specifications.

Of the four she has dated, there isn't one who doesn't have something wrong with him, according to Mary. She thinks one is "conceited." She doesn't believe another will ever "amount to anything." One is 10 years old than she, which Mary promptly decided was too much difference in age. And the fourth has been divorced, so Mary—although attracted to him—is sure that if he has had one marriage failure he's a bad bet matrimonially.

**Prospects Gone**  
Now while Mary is sitting around wishing she knew how to meet more men, she is going to let six prospects get away without ever giving herself time to find out whether she could love one of them or not. Probably all six of the young men will eventually find wives. Mary may even feel a pang of regret some day if she happens to meet up with one of them happily married.

to a girl who saw his possibilities and overlooked his shortcomings.

For that's the real trouble with most girls who are forever wishing they could meet more men. They are supercritical. They must realize that they aren't perfect themselves yet they are holding out for a husband who measures up to a list of ready-made qualifications which they carry around in their minds.

Girls like that often end up by never marrying at all, or after letting their best marrying years slip by, marrying a man not even in a class with some of the men who weren't good enough for them five to 10 years earlier.

## Friendship Club Has Party For Husbands

CRANE—Friendship Club members entertained their husbands with a "42" party recently. Mrs. Alvin Titus, Mrs. Bud Brent, Mrs. J. V. Neeley and Mrs. George Clark were hostesses.

Awards went to Mrs. M. E. Lear, and Clyde Orr, high; Mrs. W. D. Gooch, and Elmer Phillips, low; Mrs. L. D. Parker and Bud Brent, traveling prize.

Refreshments were served to them and to Mr. and Mrs. Jack Mathis, Mrs. Orr, Mr. and Mrs. W. G. Slater, Mr. and Mrs. Quay Clark, Mrs. Phillips, Mr. and Mrs. P. O. Vines, Mr. and Mrs. Cecil Earp, Mr. and Mrs. Marion Clancy, Mrs. Vida Green, Mrs. Naomi Phillips, Mrs. Carlisle McCamey, Titus, Lear, Gooch, Parker and Clark.

## WCS Topic To Be 'On Own Doorstep'

McCamey—"On Our Own Doorstep" will be the subject for the Woman's Society of Christian Service of the Methodist Church Monday, with Mrs. C. J. Mann as leader.

A kit titled "All Ye That Pass By" was presented by Mrs. Mann on the program last Monday, assisted by Mrs. C. W. Culwell, Mrs. I. L. Edwards, Mrs. Frank Courghan, Mrs. T. L. Fuller, Mrs. D. C. Burch and Mrs. Leo Plumlee. Mrs. R. E. Walton led the worship period with the subject, "Have Faith in Him."

After a business session conducted by Mrs. W. K. Ramsey, president, Mrs. R. E. Walton and Mrs. R. E. Kennedy served refreshments to 22 members and a guest from Indiana, Mrs. W. Huffman.

Progressive Step

The City Council has scored again. This time by ordering the installation of a citywide street lighting system. The progressive step doubtless meets with the approval of a vast majority of the citizens, and congratulations surely are in order for council members who approved the program as submitted by the Texas Electric Service Company.

When the installation is complete, Midland will be the best lighted city in the Southwest, and visitors will be impressed further with the appearance of progressive, ever-growing Midland. Residents, too, may be even more proud of their city which is doing everything possible to keep pace with the growth and development of the Permian Basin.

It is true the street lighting program should have been started two or three years ago, but other improvements had prior rights. Everything could not be done at once, and the City Council has had its difficulties in keeping pace with the rapid growth.

The program calls for the installation of mercury vapor whiterays in the business district and on all highways through the city. In the residential districts, lights of the conventional type will be placed at every intersection where there are residences.

The lighting system will be installed and maintained by the Texas Electric Service Company at no cost to the city. The cost of the electricity will be paid by the city when the system is in operation.

A celebration might well be in order when the new street lights are turned on here.

The street lighting project is one of four major improvement programs launched by the City Council during the last two years.

Development of the new Wadley water tract and the bringing of the water into the city to relieve a serious shortage was the No. 1 project.

The awarding of a contract in the citywide paving program perhaps is next in importance.

Another project appreciated by residents and visitors alike is the street marking job which is nearing completion.

And now the citywide street lighting program. The council is to be commended upon these and other accomplishments.

Progress continues in progressive Midland.

Russia and its satellites have told the UN Economic Commission that they are willing to explore possibilities of greater East-West trade in Europe. Along with that news comes a report that food has all but disappeared from Albanian markets since Albania joined the Cominform break with Tito.

Hard-headed Tito has an economic weapon that may make Marshal Stalin change some of his political plans. For the Kremlin cannot afford to perpetuate a politically-induced bean diet for the sake of iron discipline and complete obedience.

Meanwhile, Nobody Gets In And Nobody Gets Out

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

(Copyright, 1949, By The Bell Syndicate, Inc.) Drew Pearson says: Soviets may react to North Atlantic Pact by moving on Iran; House once censured and almost expelled Texas Democrat for inserting "SOB" epithet in Congressional Record.

WASHINGTON—The real truth about the Soviet Cabinet shakeup is that no British or American observer really knows what's going on inside the Kremlin—and this includes our super-secret military intelligence men as well.

The Iron curtain around the Kremlin is almost impenetrable, and all the speculation as to what the Molotov-Vishinsky shift means is nothing more than wild guesswork.

There was a time when the United States was able to get reasonably accurate inside-Kremlin information from the Czechs and the Poles but since the Czech Communist purge and the tightening up in Poland, these sources have dried up.

However, if past precedents are any criterion, the Russians will not take the North Atlantic pact lying down. They are more likely to move—and may move in the opposite direction.

That is behind feverish American plans to fortify Iran, also behind U. S. Ambassador John Wiley's frantic cables from Teheran. He seems convinced the Russians will move there next.

That is also why Iranian pilots have been trained with the U. S. Army in Germany, why 60 U. S. Thunderbolt fighter planes are being flown to Iran; why various U. S. transport planes are being turned over to Iran and why two shipments of American war-surplus material have been sent to the country where Stalin, Roosevelt and Churchill once set down to try to work out world peace.

House Reboiled "S. O. B." User. The vice president of the United States isn't advertising it, but he once participated in a severe vote of censure of a congressman who used the same S. O. B. initials representatively by the President of the United States.

The vote of censure was taken against Rep. Thomas L. Blanton, Democrat of Texas. Passed unanimously by the House of Representatives when Alben Barkley was a member, the resolution stated:

"Whereas Thomas L. Blanton... inserted in the Congressional Record, a letter which was indecent, obscene, vulgar and vile; and whereas the said Thomas L. Blanton... has offered an indignity to the House and to the people represented by the membership in Congress... for which he deserves the severest rebuke and drastic censure, therefore be it

Resolved that the speaker of the House is hereby directed to summon him to the bar of the House and deliver to him its reprimand and censure."

The obscene matter which Blanton had inserted in the Record on Oct. 22, 1921, was a letter written by Millard French, an employee in the Government Printing Office, addressed to George H. Carter, public printer. The letter contained the abbreviation S. O. B.

Blanton was given one hour to defend himself and argued as his main defense that he had abbreviated the objectionable words "S. O. B." as "S. O. B." and that he had used the word in a complimentary manner as is done on the official court records in Texas.

Blanton previously had been engaged in a debate with the A. P. of L. regarding employees in the Government Printing Office and claimed the only way he could show abuse used by certain employees was to print the Millard French letter with initials abbreviating the objectionable matter. Blanton also claimed that his offense was not great, since he himself had not used the language, but merely inserted a letter containing it.

Nevertheless, Blanton escaped being expelled from Congress by only an eight-vote margin. A total of 293 congressmen voted to expel him. Among those in Congress at the time were such close friends of President Truman as James F. Byrnes, later Truman's secretary of state; Tom Connally of Texas; now chairman of the Senate Foreign Relations Committee; Speaker Sam Rayburn, and Vice President Barkley.

All the above voted to expunge Blanton's S. O. B. abbreviation from the Record and none of the above opposed the resolution of censure, though they did not vote to expel. The attack against Blanton was led by the late Rep. Frank Mondell of Wyoming and Nicholas Longworth, later speaker of the House, also now deceased. Mondell, urging that Blanton be expelled, said: "Anyone uttering in public anywhere the words placed in the congressional Record by the member from Texas should be subject to fine and imprisonment. While we cannot repeat the words which form the basis of this charge, it can be said that they are unparliamentary, filthy, profane, blasphemous, and obscene."

After the resolution of censure was voted, Blanton was called before the speaker's rostrum, where the Speaker Fred Gillett stated: "I have been directed to censure you because, when you had been allowed by the courtesy of the House to print a speech, you inserted in it foul and obscene matter... and that disgusting matter was transmitted as part of the proceedings of the House to thousands of homes and libraries throughout the country to be read by men and women, and, worst of all, by children. In accordance with the instructions of the House and as its representative, I pronounce upon you its censure."

Lack Of Information Hinders Rheumatic Fever Treatment

By EDWIN P. JORDAN, M. D. Written for NEA Service. Lack of information on the cause of rheumatic fever is a big drawback to prevention and treatment. Until more facts have been discovered, rheumatic fever will remain a common and serious disease.

Typical rheumatic fever, either in children or grown-ups, comes on rather suddenly with swelling, pain and redness of a joint, rapidly jumping about from one joint to another. Fever is usually present. The disease is most common in children but can and does frequently attack grown-ups, especially before the age of 40. Although the joints are most obviously involved, rheumatic fever does not permanently damage them. When they recover they are as good as before, though recovery may take weeks or months.

It has a special danger for the valves on the inside of the heart, which are often damaged. If the damage is slight and recovery from an acute attack fairly rapid and complete, the heart may be perfectly all right, except perhaps for a little murmur. A murmur of itself is not necessarily dangerous unless there are definite signs of other heart injury.

Red rest is essential as is good general care. For a great many years, salicylates, such as aspirin by mouth, and oil of wintergreen applied to the joints, have been used for rheumatic fever. Some people claim to have obtained good results with spigorous doses of these salicylates but in other hands this treatment has proved disappointing.

After the acute symptoms have gone, a period of convalescence is necessary. This is because rheumatic fever has a tendency to come back.

How much activity can be allowed after one or more attacks of rheumatic fever depends largely on how badly the heart has been damaged. This can be decided only by a thorough knowledge of the general condition and of the state of the heart following careful examination and special tests.

Questions and Answers

Q—When hunting of the national colors is used, what is the arrangement? A—The hunting must always be arranged with the blue on top, or to the left, while in the middle, and red below or to the right. The reason for this is that the blue, being the color of the union of the flag, is the "honor color," and should therefore come first, either horizontally or vertically.

Q—What insects have been domesticated by man? A—The bee and the silkworm are the only insects that have been domesticated. However, many insects such as the lac insect, the source of shellac, have become most useful.

Q—Is there any significance to the little bow at the back of a man's hat lining? A—The little bow at the back of a hat lining is a survival of the days when a hat was made from a circular piece of leather perforated with a circle of holes and drawn up to fit the head with a cord or string tied inside at the back.

Q—How does the largest pyramid in the world compare with the Woolworth Building in New York City? A—The largest of the pyramids is about 450 feet in height while the Woolworth Building is 792 feet high.

Q—What does the "C" stand for in Herbert G. Hoover's name? A—The only living ex-president's full name is Herbert Clark Hoover.

McKenney on Bridge

By WILLIAM E. MCKENNEY American's Card Authority Written for NEA Service. One of the interesting personalities in bridge circles in New York City is Arthur Jarmel, who was written up recently in Family Circle Magazine. Jarmel is a publisher.

Bridge hand diagram showing cards in West, North, East, and South hands. Includes a tournament table with columns for South, West, North, East, Pass, and Opening.

Arthur takes bridge very seriously and plays in a great many tournaments. His contract on today's hand was four spades, but that did not stop him from trying to make an extra trick.

West's opening lead of the six of diamonds was won by East with the nine-spot. East returned the jack of diamonds, which West trumped with the four of spades.

West now led back the three of hearts. Jarmel won this trick in dummy with the ace of hearts.

He then led a spade from dummy and took the finesse. Now he laid down the ace of spades and dropped the king. A diamond was led to dummy's ace and a diamond ruffed in Jarmel's hand, which established a good diamond in dummy on his losing heart.

Understanding the background, consider a few of Chad Calhoun's pointed questions and a few possible answers obtained after consultation with people who should know, but naturally can't be identified or quoted on what are confidential matters.

Question—"Is there a terrific split in the (President's) Council of Economic Advisors—that is, (John D.) Clark and (Leon) Keyserling vs. (Chairman Edwin G.) Nourse?"

The answer seems to be "No!" They have the same background, subjects. But in everything they have announced thus far in their own reports and in the President's program, they are apparently in unanimous agreement. On some subjects on which no official policy statement has been issued, there are unresolved differences of opinion.

What makes it appear that the council is split is Chairman Nourse's refusal to testify before congressional committees. He does this only because he considers himself a confidential adviser to the President.

Question—"Is Nourse allied with (Secretary of Treasury John W.) Snyder, Secretary of Commerce Charles W.) Sawyer and (Assistant to the President John R.) Steinel?"

A sort of conservative axis? It is extremely doubtful. If any such axis exists, Secretary Snyder has gone right down the line for the President's program. Dr. Nourse, a highly honorable gentleman, does not play politics. Secretary Sawyer and Dr. Steinel cut no particular ice as policy makers. The man assigned by the President to work out economic policy is Secretary of Agriculture Charles F. Brannan.

Question—"Do (Presidential Counsel Clark) Clifford, Keyserling and Clark have more influence over Truman than Snyder, Sawyer, et al?"

Suggestions like this usually imply what many people have been led to believe—namely, that the President is a mass of dough which will retain the lasting impression of whatever fingers are stuck into him farthest and oftenest. Men around Truman

WASHINGTON COLUMN

Kaiser Boys Get Answers To Pertinent Capital Questions

By PETER EDSON NEA Washington Correspondent. WASHINGTON—Chad Calhoun, vice president in charge of the Washington office for Kaiser Company interests, has circulated among capital newsmen a dozen highly embarrassing questions. Unfortunately, there is not space to give them all here. But the general purport is to raise suspicions that there is a great split in President Truman's official family of advisers on economic policy.

There is a fairly obvious reason why these questions are raised at this time. Kaiser-Fraser automobile company has been one of the most active pleaders for the idea that the Federal Reserve Board should relax its Regulation W restrictions on consumer credit. The purpose is naturally to enable more prospective Kaiser-Fraser customers to buy cars for less than one-third down and the balance in more than the former limit of 18 months or the new limit of 21 months.

This company and many others in the same boat make the argument that if they can't sell more cars on easier terms, more auto workers will have to be laid off. It is further maintained that increased unemployment naturally will add to the business decline, thereby offsetting the beneficial results of curbing inflation, which is what Regulation W was intended to do.

When people can't get what they want out of government, they naturally assume it isn't being run right and that there's something the matter with the people at the top. The usual technique of the Washington business representative in such a predicament is to start turning on the heat where he believes it will do some good. And in this kind of pressure cooking, nobody has greater four-burner skill than Henry Kaiser and his bright young men.

Understanding this background, consider a few of Chad Calhoun's pointed questions and a few possible answers obtained after consultation with people who should know, but naturally can't be identified or quoted on what are confidential matters.

Oil and steel are more powerful than music today... I am not cynical about people. But I am cynical about the human race. —Violinist Jascha Heifetz.

The first bloom of postwar business is over... The readjustment now going on should be salutary. If business is not shackled by unwise government policies, the readjustment should help clear the way for a prolonged period of business spending. —Earl O. Shreve, President, U. S. Chamber of Commerce.

If the Russian people, as well as the American people, are given the full facts about the destructive potential of the atom bomb, I believe a long step will be taken toward making sure there will be no future war. —Rep. Melvin Price (D) of Illinois.

A B-36 with an A-bomb can take off from this continent and destroy distant objectives which might require ground armies to take and then only at the expense of heavy casualties. —Air Secretary Symington.

T&P DECLARES PREFERRED COMMON STOCK DIVIDENDS. "AIRBORNE FALLS" is a common stock dividend of one and one-quarter per cent and one per share, respectively, were declared here Thursday by directors of the Texas and Pacific Railway.

The dividends are payable March 31 to stockholders of record March 23. The dividends are the same as the last ones, voted Dec. 7, 1948.

PIONEER OILMAN DIES AT WICHITA FALLS HOME. WICHITA FALLS—(P-E) Peterson, 74, pioneer oil developer, died of a stroke Thursday in his home here.

Peterson had developed oil fields in Texas, Mexico, Ohio, West Virginia and Pennsylvania.

drooping. "I'm scared," she said needlessly. "The horses make noise enough. I don't have to warn you two to be quiet on now on."

"I'll say you don't." The FBI man straightened in his saddle. "What's the next one, Mrs. Conover?"

Sin squinted studiously. The number seemed to elude her. "Left—left—two," she said doubtfully. "Trim's horse plodded forward."

THEY passed the first gray mouth of a canyon on the left. Sin caught her first scent of burning wood. Despite the danger it presaged, the familiar fragrance abated her nervousness. There was other human life in all this desolation.

She frowned suddenly. They had passed the second left-hand canyon. Sin cupped her hands beside her mouth and called after the little pirate softly. Trim wheeled his mount around, rode back. John Henry caught up with them once more.

"What is it, Mrs. Conover?" "You've made a mistake," Sin explained. "We passed the second canyon just then."

"Oh, that," deprecated Trim. "You were the one who made the mistake. I, your memory, is phenomenal. Mrs. Conover. But that last direction should be 'left three, not left two.'"

He dropped his reins on his saddle horn and opened his fist. Lying in the palm was a strip of oiled paper, a narrow curling strip of direction which began, B-1, L-3, R-2.

Sin's lips moved but no sound came out. John Henry's mouth hung open loosely.

With his other hand Trim plucked the wooden pistol from his belt. He let John Henry stare at the cork on a string that was stuck in the muzzle. "Please be sensible, both of you. The cork is laughable but it comes out—followed by a very real bullet."

John Henry saw his world reeling around his head. He spoke and didn't know what he said. "Mr. Jones," he croaked, "I presume?" (To Be Continued)

# THE STRENGTH OF THE CROSS

The Cross of Christ has survived the ages. It has stood the test of time; it has weathered the storms of adversity and oppression — always triumphantly.

This gives men hope. For life travels in a strange cyclic pattern of births and deaths. Little in human relations is intelligible, little shows progress. Nations rise and fall, battles are fought and won, only to be reenacted time and time again across the stage of history until the whole scheme of life seems meaningless and futile.

But always there is the Cross! Whether it be of massive stone or delicate gold and silver, still it gives men that courage and purpose which are so necessary for successful living in this perplexing world.

You can find this strength of the Cross in your church. Plan to attend worship services next Sunday, and bring your family and friends.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday . . . . . Romans 8:18-25  
Monday . . . . . Matthew 10:34-39  
Tuesday . . . . . Matthew 27:26-42  
Wednesday . . . . . Luke 9:18-23  
Thursday . . . . . Luke 17:16-14  
Friday . . . . . Hebrews 12:1-16, 14  
Saturday . . . . . I Corinthians 13:4-13

If you desire a schedule of readings for the year write to American Bible Society, Dept. U, 450 Park Ave., N. Y. 22, N. Y.

**Burns Prove Fatal To Minister's Wife**  
PORT WORTH—(P)—Burns suffered when gas exploded in her home caused the death late Thursday of Mrs. Clarence A. Sutton, 49, wife of the pastor of Arlington Methodist Church.

The youth project adopted by the First Baptist Church will start a building program soon. The project seeks a barracks type building from the War Assets Administration at Lubbock. George Ashburn is leader of the young people's department.

The Rev. J. H. Whitsnatt of Dublin was scheduled to preach at the Baptist Church. He is a former citizen of Crane and worked for the Gulf Oil Corporation. He became a minister in 1947 after service in the Army. He attended Seminary at Fort Worth and is now pastor at Dublin. He was scheduled to preach three times. A radio message was scheduled in addition to morning and evening services.

**Former Pupil Clears Up Long-Time Debt**  
CORSIANA—(P)—W. E. Norwood, Corsicana school superintendent, received an unsigned letter from Tyler:

"Enclosed you will find three dollars which will cover the cost of a few things I took when I attended your school several years ago. Thank you."

Three one-dollar bills were attached.

The U. S. Government Printing Office was established in 1861.

# Down SPORTSLANE

—With TANNER LAINE

Well, when you gotta go... And you betcha, we're gonna miss it... Writing SPORTSLANE for you... You're going to get a brand new and good sportswriter... It's a promise... We are not going to write a swan song... The only song we know is "Let's Go, Midland"... We will miss the youngsters most of all; we loved 'em and we supported them... We will be watching with interest the new era in MHS athletics, the winning era if you please... Our greatest thrill will come when there's a story to write about the Bulldogs winning the state crown... This is the one story we reserve the right to write... We will have a feeling of pride when Harold Webb and his Indians hoist up that Longhorn League pennant... We were proud to be one of 'em... When the kids from the school's feeders system get to high school and Wes' Martin's Westerners and kids from the other schools make Bulldogs, we also will be proud as punch... Because they've got the spirit... They will have the coaching it takes to direct them... We truly believe Midland coaches are the finest in the land... We thank all the coaches of the past for their very grand cooperation, Fouts and all your guys, even back to Bud Taylor and Muri Freels... We wish Tuboat Jones and all his staff the best of luck... We pledge them our support, whatever is our civic location or job in our newspaper... We will sit in the stands and cheer the victories when somebody Jack Mashburn gets some basketball material and zooms right on to the state title... Give him one or two Larry Messersmiths, a Hook Harris or so, and Jack will do it... We promise you an all-time football player from Midland when a boy comes along with Coach Audrey Gill's competitive spirit... We think that all which is fine and good among high school athletes is exemplified in boys like Jimmy Edwards and Donald Deel... But the list is as long as your arm of good boys, who were and are Bulldogs... We can't name them all but we can be proud of them all... It was great to watch a versatile kid like Larry Buckingham—play football, play basketball, play baseball, run on the track... All Purple and Gold boys should be as loyal and faithful and train as religiously as Pete English, who aims to measure up to so fine a big brother as Gordon English... Dads and mothers should boost their sons and daughters in sports as does Lee Thomas, as did John Scrogin, as did Wendell Williams' mother... There were and are many more dads and moms cooperating to the utmost; again that list is too long to put down... In our examples of this SPORTSLANE, please remember—perhaps even better and greater things and examples and personalities are coming... Our Midland can never be static, it is progressing beyond the fondest dreams of the pioneers... In sports as in every way... Doggone the old rascal, who ill, we will miss Harold Webb's giving us the

"dope"... We think a lot of that round boy, his fighting Irish heart, his tears of regret when his team lost, his tears of joy when they won... That merry whistle... Gosh, skipper, don't ever make us a paid admission, let us be on the diamond with you... May we never forget to watch the kids playing on the vacant lots, who want to grow up and be Jim Prince, Ernie Nelson, Eddie Mellillo, Rip Collins and so on down the roster of all the Indians... We look to the future for a continued fine bowling program in Midland... We thank the boys and girls who brought by the bowling scores and Joney for his ever-ready assistance... We believe the VFW-sponsored City Basketball League did a good job of creating interest in independent sports and leagues... We would like to see more of this kind of organization in Midland... We thank John Henderson for bringing in the poop... We dream of seeing golfers of all kinds from all walks on several links around Midland, the guy from the office playing golf with his wife and his sons... We thank the Midland Gun Club for its splendid cooperation and we wish it luck in organizing an all-West Texas skeet organization... We would like to see 500-member Bulldogs Booster Club of us downtown quarterbacks... We would like to see softball revived in Midland with an entry from here in the Texas League (softball), cooperating with baseball so as to give us entertainment most every night of the Summer... We wish there could be more twirl leagues and more persons playing softball—just for fun... We recommend for Midland a full-time paid recreation director with a salary on which a man could make a living... We need him... We need an interesting and full time Summer recreation program for the boys and girls and we don't think this is the school's responsibility... We need a boy's club here like we used to have in the Mustangs and good leaders for it... We need more supporters and leaders for the Boy Scouts and the Girl Scouts... And we need something for the newsboys and other kids... Midland owes a debt of thanks to guys like Joe Shell and firms like Murray-Young Motors and organizations like the American Legion that get the Junior Baseball program going... We should keep it going... We need to do things like that... We most certainly want to see the elementary schools sports program continued and encouraged... It is the life blood of our future athletic programs in the higher schools... The Cavalier Hockey, the Midland Black Indians, the Midland Colts and other athletic organizations deserve our support... They are our responsibility, as sports knows no difference in color... The thrills were many... The hours were long... The association was swell... The cooperation was even more than we asked... We have run out of space and given no score, so its 29 for strays, because 30 means the end... And we will never be at the end of our writing for Midland and for you, our readers, thanks a lot.

## Demaret-Worsham Team Looks Goods In Four-Ball Play

MIAMI, Fla.—(AP)—The team of Jimmy Demaret of Ojai, Calif., and Lew Worsham of Oakmont, Pa., was considered the one to beat Friday as they entered the second round of the \$10,000 Miami International Four-Ball golf tournament. Demaret and Worsham scored a 9 and 7 triumph over Ed Furgol of Royal Oak, Mich., and George Fazio of Conshohocken, Pa., over the 6,530-yard par 70 Miami Springs Country Club course Thursday. Defending champions Jim Ferrier of San Francisco, and Gary Middlecoff of Memphis, Tenn., won over Jack Burke, Jr., of White Plains, N. Y., and George Schoux of San Francisco 3 and 2. Henry Ransom of St. Andrews, Ill., and Dave Douglas of Wilmington, Del., upset Chick Harbert of Detroit and Vic Ghazzi of Englewood, N. J., 2 and 1.

## 1,000 Thinly-Clads Start Competition In Border Olympics

LAREDO—(AP)—The bulk of a field of more than 1,000 athletes moved into competition Friday in the seventh annual Border Olympics—the nation's first outdoor track and field meet of the year. Nine junior colleges and 41 high schools, all from Texas, swept into preliminaries. The major divisions—the university and college classes—with Texas A&M and North Texas State as defending champions, swung into action with trials Saturday morning. In the afternoon the high schools and junior colleges held their finals while at night the university and college classes determine their champions. The only out-of-state entry is Oklahoma A&M, which will compete in the university class and is expected to offer strong competition to the Texas Aggies' crack mile relay team that will be aiming at the Border Olympics record of 3:19.6, set by Texas A&M last year.

**Kedera Faces Aggie**—Big George Kedera, Southwest Conference shot put and discus throw champion, heads the Aggie point-making brigade. Texas will depend upon its great array of sprinters, featuring flyin' Charley Parker, and a crack field contingent headed by broad jumping genius John Robertson. There is no defending champion in the junior college class. The Rice Freshmen won the title last year but college freshmen are barred from this division this season. Rice, spurred by its Olympic games high jumper, Vern McGrew, and a top mile relay team; Baylor, Southern Methodist and Texas Christian are other teams entered in the university class. McGrew, who has leaped 6 feet, 8 inches, is a strong possibility to crack the Border Olympics record of 6 feet 7 1/2 inches set in 1943 by Pete Watkins of Texas A&M.

## Seagoville, Dalhart, East Chambers And Forreton Advance

HILLSBORO—(AP)—Three of four teams in the semi-finals of the state girls' basketball tournament barely made it. Only Seagoville had more than a two-point margin of victory in quarter-final play Thursday night. East Chambers, Forreton, and Dalhart were one and two-point victors. Friday night, Seagoville takes on Dalhart and East Chambers plays Forreton. Seagoville brushed off McLean 38-25 to advance. East Chambers, the 1947 state champion, squeezed past New Home 33-31; Forreton edged Rogers 35-34, and Dalhart nosed out Tenaha 43-42. Consolation victors Thursday were: Cranfills Gap over Millsap 38-26; Roosevelt over Huckabay 46-23; Eldorado over Lawton 33-29, and Post over West Columbia 48-28. Cranfills Gap meets Roosevelt and Kidare tackles Post in the consolation semi-finals Friday.

**Hogan Expected To Leave Hospital Soon**  
EL PASO—(AP)—Ben Hogan's brother, Royal, said Friday the mighty mile of the golf links should be out of the hospital within a week or ten days. Royal Hogan told reporters Ben probably would be able to sit up Friday. The golfer was injured in a high-way collision February 2 near Van Horn. Last week he underwent an operation to correct a blood clot condition.

## Porkers Wallop Wildcats

DALLAS—(AP)—Arkansas whipped Arizona 65-44 for the right to represent District Six in the Western NCAA Regional Basketball Tournament in Kansas City next week. The big, gangling Razorbacks ran over the Wildcats Thursday night with ease. Ken Kearns and Cliff Horton sparked Arkansas past Arizona in the finals of a four-team elimination tournament. Arizona ousted Baylor and Arkansas duped Rice Wednesday night. Arkansas got the jump at the game's outset on a free throw by Johnny Campbell. Leon Blevins, Arizona's ace, tied the score on a charity toss, but Johnny Campbell's field goal sent the Razorbacks into a lead they never gave up. Arkansas All The Way. At the half it was Arkansas 29, Arizona 14. Kearns accounted for 20 points for Arkansas and Horton tallied 19. Blevins, who scored 25 against Baylor, was held to 13 by tight Arkansas guarding. He was high point man for Arizona. The four-team playoff was a financial flop. James H. Stewart, chairman of the District Six Selection Committee, said not enough money was made to pay the expenses of the teams coming here to compete. A crowd of 3,700 saw the first round of play, but only about 1,000 turned out Thursday night.

## Major League Clubs Prepare For First Exhibition Contests

VERO BEACH, Fla.—(AP)—Manager Barney Shotton led his Brooklyn Dodgers on a safari to Miami Friday where they will tackle the Boston Braves in a weekend exhibition of the squad. However, the members of the squad still were buzzing about the words which passed between Jackie Robinson and Chris Van Cuyk, a young pitcher assigned to Fort Worth of the Texas League. Van Cuyk dusted off Robbie a couple of times in an intra-squad game Thursday, and the first-base man warned him against repetition of the close throwing. After the game, though, Robinson, apparently cooled off, said he wanted to forget the incident if Van Cuyk would do the same.

## City Cage Playoff Shoves Off Friday

The City Basketball League goes into its championship playoff Shaughnessey at 8 p. m. Friday in the MHS GYM. The four participants are VFW, Ranch House, Ted Thompson Agency and JayCees. The first three mentioned ended in a three-way tie for the over-season league leadership.

## Hamline Kayoes Raiders

KANSAS CITY—(AP)—Beloit College of Wisconsin, with an all-Illinois squad, will meet Hamline University Friday night in the feature game of the National Intercollegiate (NAIB) Basketball Tournament semifinals. The other semifinal game matches Indiana State of Terre Haute and Regis College of Denver. Beloit outlasted Eastern Illinois of Charleston 65-64 in the quarter-final round Thursday night. Hamline, the only former NAIB champion entered in this year's tournament, advanced to the semifinals by beating Texas Tech 80-56. Indiana State trimmed Emporia (Kan.) State 67-66, in the quarter-finals. Regis beat Northwestern Louisiana State 56-51.

**BACK ON JOB**  
J. S. Patton returned to his job in the composing room of The Reporter-Telegram Friday after a weeks illness.

## Texan Elected NAIB President

KANSAS CITY—(AP)—W. A. "Gus" Miller, athletic director of West Texas State College at Canyon, Texas, is the new president of the National Association of Intercollegiate Basketball. He was elected Thursday night to succeed Ray Hanson of Western Illinois State College. There's no set favorite. At the end of regular loop play, all teams were strong and about equal. On paper, the VFW appears a razor-edge favorite, but barely. The Vets split with the Ranch House in two games of regular league play, beat Ted Thompson twice and split with the JayCees. The Ranchers beat Ted Thompson once and the VFW once. The surprising Jakes whipped VFW once and Ranch House once. Ted Thompson licked the Jakes twice and the Ranch House once. So you see, all is confusion in power comparisons. The Friday night bracket is the first encounter schedule of a best-two-out-of-three series. Then the winners meet in the loop finals and the losers meet for consolation place.

## MHS Baseballers, Tracksters Drill

The Midland High baseball squad engaged in a short intra-squad game Thursday with no particular issue at stake except to develop game techniques. The 45-member squad recently was trimmed to about 25 ballplayers. Midland is seeking a practice tilt with Hobbs, New Mexico. MHS tracksters Thursday drilled on conditioning and began to develop individuals skills. The squad has grown with some overflow boys from the baseball team and others who reported late. A schedule of practice meets is being arranged. Big Spring seeks a dual encounter with the Bulldogs.

### 'Silver Anniversary' Chryslers On Display

Chrysler's 1949 "Silver Anniversary" models went on display Friday in the showrooms of the Scruggs Motor Company, 624 West Wall Street, here. The Windsor four-door sedan is pictured. It has a wheelbase of 128 1/2 inches and is powered by a six-cylinder, 116-horse power engine. Styling is completely new throughout in all models, producing symmetry and grace. More room, more comfort and more performance is provided in the 1949 cars.

### First Showing Of New Chrysler Cars Held Here Friday

Chrysler's "Silver Anniversary" models went on display here Friday in the showrooms of the Scruggs Motor Company, 624 West Wall Street, with large crowds inspecting the cars.

R. D. (Bob) Scruggs, dealer, said the 1949 models are redesigned to incorporate more than 50 important engineering advancements.

The cars have more seat-room, shoulder-room, head-room and leg-room than previous postwar models, and the wheelbase has been increased by four inches, yet the vehicles are shorter overall, narrower and lower. Styling is entirely new throughout and reflects common sense and good taste. Fifteen distinctive body styles are offered.

Higher compression ratios in both six-cylinder and eight-cylinder engines improve performance. Steering has been improved, as have brakes and shock absorbers, contributing to both safety and riding qualities.

**New Grille Feature**

The new grille features two heavy chrome bars, sweeping across the front end and curving around the fenders. Smaller vertical and horizontal bars are used. The hood has been newly designed and is ornamented by a new version of the typical Chrysler wings. A new medallion is placed on the front of the hood.

Newly-designed fenders blend in with the body lines. Chrome fender moldings serve as a rub rail to prevent scraping the fenders themselves.

New headlights have a bulls-eye lens to give more light and cut down glare. They are placed farther apart, the better to define car width.

Interior styling combines beauty with functional excellence. The whole front compartment is treated in what is known as the "cockpit" manner, to give convenience, safety and increased passenger room.

### Fort Stockton Club Boy Shows Champion Hereford At Odessa

ODESSA—Jack, a Hereford steer fed class, Jack was bred by 15-year-old Fort Stockton 4-H Club boy, was judged grand champion steer of the 9th annual Sand Hills Hereford show here Thursday.

This calf, reserve champion Hereford steer of the Southwestern Exposition & Fat Stock Show, Fort Worth earlier this year, was first place winner in the heavyweight milk fed class. Jack was bred by Jack Allison, Fort Stockton ranchman. He weighed 900 pounds.

Reserve champion was a dry lot calf shown by Frank Norvell of Burnet.

County's group of five calves was selected winner of this group by D. Burns, manager of the Picher Ranch at Guthrie.

Howard County's group of five calves placed second.

Complete list of winners in steer classes follows:

### Magnolia Oilers In Stanton Meet Finals Saturday

STANTON—Fred Adams' two gift tosses in the overtime period enabled the Magnolia Oilers of Midland to win over American Legion of Big Spring 29 to 27, in a semifinal game of the Stanton invitational basketball tournament at Stanton Thursday night.

It was a nip and tuck battle all the way with the Oilers holding a 11 to 9 halftime lead. Free tosses greatly aided the winners cause, with Adams, Pyle and Woods sinking a total of 13 from the free throw line.

Big Spring's giant center and forward fouled out in the closing minutes of the game. Adams also sunk five field goals to give him a total of 14 points to lead all scorers.

Saturday night the Oilers play in the tourney finals, and if predictions run true to form, it will be against the Stanton All-Stars, a team who has twice defeated the Midland Ranch House team. The game is scheduled for 9 p.m. in the Stanton High gym.

The box score:

### Two Presbyterian Men's Groups Elect Officers At Meets

Officers for the new Church year, beginning April 1, were elected by two men's groups of the First Presbyterian Church at meetings Thursday night.

Harry Gossett was elected chairman of the church's Board of Deacons, succeeding Clint Ledebur. George K. Baumgartner was named vice chairman, and John Hillis was elected secretary. Bill Collins and W. J. Sparks were re-elected treasurer and assistant treasurer, respectively. The meeting was held in a class room in the West Elementary School.

**Presbyterian Men**

Presbyterian Men of Midland elected new officers at a dinner-meeting in the West Elementary Cafeteria.

The officers were named in a "hectic" session from slates submitted by two duly appointed and two unappointed nominating groups. It was all in fun. Nominating speeches were made by Dick Hughton, Bob Payne, Ernest Sidwell, Collins and Frank Stubbeman.

The new officers are Collins, president; C. E. (Bud) Bissell, vice president; and Bill Blackman, secretary-treasurer.

Col. John Perkins presided at the meeting in the absence of President Ray Lynch.

### Midland County Champions

Bobby Howard, left, and Betty Foster, both of Midland, won dual honors at the Midland Livestock Show with the prize calves shown here. Howard's milk-fed steer was declared the champion of the milk-fed division in the Midland County show and reserve champion of that division in the district show. Miss Foster won identical honors in the dry lot division in the county and district competition.

Glen Nixon, 21, who gave his address as LaVerne, Okla., is under treatment at Western Clinic-Hospital here for injuries received when his automobile overturned one mile west on U. S. Highway 90 at 1:30 p. m. Thursday.

Attendees at the hospital said Nixon received a cut on the forehead and was knocked unconscious. X-rays showed no bone fractures.

Highway Patrolmen who investigated the accident said the automobile was badly damaged. Nixon was riding alone.

He reportedly is a former resident of Midland.

Midland police Friday reported a collision in the 1200 block on South Marienthal Street between automobiles operated by Glenn Gayd and Billy Roy Montgomery. No injuries were reported.

**A System that Works!**

I get riled up when I hear talk of changing our system of government, or our system of doing business, here in America. Sure, there's always room for improvement. But you can improve a house without wrecking the building!

Any system that produces worthwhile results must be a pretty good one. I think our way of doing things has worked out mighty well for Americans.

Here we are—about 6% of the world's population, living on less than 6% of the world's land. Yet, through what I like to call our "three I's"—Initiative, Ingenuity and Industry—we have created the American way of life. We enjoy greater freedoms than the other 94% of the world's people. We have educational opportunities for all... schools, colleges, universities, libraries. And 48% of the world's radios. As just one measure of personal comfort and convenience, we have 92% of the world's bathtubs. We have a motor vehicle for every four people. And more than 286,000 miles of paved roads for them to run on.

Most important of all, thanks to your system of agricultural production, we have plenty of food for all of us—and enough to help feed our less fortunate neighbors. Yes, I think it's worth getting riled up in favor of the American System now and again.

### Tea Is Birthday Event Of Troop 14

Girl Scouts of Troop 14 had their Birthday Week tea Wednesday in the O. L. Stalcup home, with mothers as guests. Retta Haalip told of the founding of Scouting by Juliette Lowe, whose birthday is celebrated this month.

Barbara Munson, Janice Stalcup and Peggy O'Neal played piano solos while tea was served from a table decorated in Girl Scout colors, green and yellow. Mothers present were Mrs. Ellison Tom, Mrs. Sherwood O'Neal, Mrs. G. G. Hesel, Mrs. E. S. Ridge, Mrs. J. B. Zant and Mrs. Stalcup.

Troop members in addition to those on program were Juanda Bradshaw, Gwendolyn Campbell, Nancy Guyton, Penny Jones, Judy Ridge, Barbara Ann Tom, Carol Ann Walker and Helen Zant.

**Make that water walk downhill**

Water that runs downhill runs away with your precious topsoil.

It doesn't take a "gully-washer" or a "goose crowder" to rob you of your precious topsoil. Bare land, up-and-down-hill row crops, and over-grazed range all invite rain to escape without working for you—and to erode your topsoil away. But sod or cover crops act like a blotter to absorb and hold the growth-giving water. Slopes and hillsides tilled on the contour, with alternating strips of crop-land and grass, save maximum amounts of water, hold erosion to a minimum. Flatter fields may be subsurface-tilled to keep the protective rain-absorbing trash on top. Correct rotations of crops, which include plow-under crops, will help absorb and hold moisture.

You need lots of water. It takes about 200 barrels of water to grow one bushel of corn. That's around 625,000 gallons for every 100 bushels. And most other growing plants also require large amounts of moisture... You can't control the amount of rainfall you get. But you can conserve it, so that every drop does the best possible job of making grass or crops for you.

As farmers and ranchers in every state well know, water has a "split personality." It can be your ally, or a devastating foe. Lashing rains can erode away inches of fertile topsoil in a short time. But it takes nature 300 to 1,000 years to rebuild each lost inch. That's why the control of water is so important in a good land management program. Considerable progress in erosion control has been made in the past ten years. But we've still got a long way to go! Hundreds of millions of productive acres are endangered by erosion and gullying. They're washing away! Only good land management can save our soil and keep America strong. It will pay you—and all of us—to make that water walk downhill.

**New Grass Varieties**

by Willis Collins, Jr., Soil Conservation Service, Lincoln, Nebraska

Good pasture is the key to production of more meat, milk and wool, at lower cost. In addition, a good cover of grass protects your soil against wind and water erosion. When you have improved pasture, or range, good livestock and a sound conservation program, you have a profitable combination.

Many new grasses have been developed in recent years. Several of these promise to become real money-makers for livestock men. They out-yield old grasses, give a longer grazing season, and provide better soil protection.

1. Smooth Brome—The Lincoln, Auchinbach and Fisher strains give higher yields, are easier established and withstand summer heat and drought better in the central, eastern and southern brome areas.
2. Intermediate Wheatgrass—A high-yielding, sod-forming cool-season grass that is easier to establish than most varieties. It is highly palatable and does exceptionally well in the central and northern plains and western mountain area.
3. Sand Lovegrass—Highly palatable, especially well adapted to sandy soils.
4. Tall Wheatgrass—A high-yielding cool-season bunchgrass that does better than other grasses under alkaline conditions.
5. Ky-31 Fescue—High-yielding, supplies longer grazing, especially good for southern and south-eastern states.
6. Russian Wild Rye, Blackwell Strain of Switchgrass, Hays Buffalo Grass, Yellow Bluestem and Sweet Sudan are other new or improved grasses for adapted areas.

Grasses usually give higher yields and better quality forage when grown in association with an adapted legume.

**Growth**

As every boy and girl should know, Big oaks from little acorns grow. And that's the way with business, too. Your growth depends on the job you do.

Gustavus Swift, away back when, slaughtered a heifer, and he then peddled the meat, also the hide. Got back the cost... a small profit besides!

From that small start in this big land Swift kept pace with the job at hand. As the job grew bigger, Swift grew, too. Yes, growth depends on the job you do!

**Martha Logan's Recipe for BEEF PLATE WITH HORSERADISH SAUCE**

(Yield: 3 to 4 Servings)

1 1/2 pounds beef plate floured  
2 tablespoons shortening  
1 teaspoon salt

1/2 cup sliced onions  
1/2 cup chopped celery or celery leaves  
1 1/2 cups water

Cut meat into serving pieces and dip in flour. Melt shortening in heavy kettle. Brown meat well on both sides. Add salt, onion, celery, and water. Cover and cook 3 hours. Serve with Horseradish Sauce.

**HORSERADISH SAUCE**—Melt 2 tbs. butter or margarine in a saucepan, blend in 2 tbs. flour, mixing well. Slowly add 1 cup milk, stirring until well mixed, and thick and smooth. Add 1 tsp. salt, 3 tbs. lemon juice, 1 tbs. sugar, 1/2 cup horseradish. Cook over low heat until thoroughly heated.

Daddy Ringtail And Skylarking Time

It had been raining all day in the Great Forest. Mother and Daddy Ringtail and the Ringtail boys, Sammy and Bobby, had been in their house, up in the top of the very tall tree, all day. Patsy was the only one who had been outside at all, and she had only run across the Elephant Path and back to ask Mugwump to play with them.

Daddy Ringtail

broken with their jumping and they did it with the door closed so all the singing wouldn't bother anyone. And after Skylarking Time, they all felt like some quiet playing again.

Eastern Bandits Captured

The two gunmen who robbed a crack passenger train in West Virginia had a short time to spend their loot. Both were captured after a gun battle in a pawn shop just five blocks from the White House in Washington, D. C. Here, George Ashton, 21, right, of Youngstown, Ohio, one of the two gunmen, is led from the shop by Detective Sergeant William Christian, left.

Youth Held—

(Continued from page 1) took up a new hunt for the hitchhiker. Lord's body was discovered by Bill Marshall and John Dekker, both 21. The two students climbed through a window after finding doors locked. Johnson County Sheriff Houston Walling filed the charge against Hester before Justice of the Peace R. L. Derryberry at Cleburne. It was signed by District Attorney John A. James, Jr.

Cleburne is the county seat of Johnson County, home of Dr. Lord. Supt. Moyne L. Kelly of the State Home at Corsicana said Hester met Lord after the youth ran off from there.

Released To Dr. Lord On Sept. 11, 1945, Kelly said, "the home got a letter from Dr. Lord asking that they release Hester to him. Lord wrote that he was greatly impressed with the boy. He said he was a good boy and needed help."

The boy was released to Lord Sept. 19, 1945, on a 90-day trial basis. On Feb. 10, 1946, the release was made permanent.

Hester attended Polytechnic High School at Fort Worth and later joined the Navy. He left the Navy and went to Waco and Houston before returning to Burleson.

"The boy had a wonderful personality and could move in on your heart faster than any kid I ever saw," said Kelly. Lord moved into the house near Burleson a short time ago. He is head of the Social Science Department at TCU and is dean of the Graduate School.

Sheriff Walling said Lord was killed by a blow on the head. A three-inch gash was found in the left rear part of the dean's scalp. A blood-stained magazine, its pages opened at a mystery story, was found near the body.

POPULATION CLIMBS

WASHINGTON—(AP)—The United States population, climbing more than 200,000 each month, reached a record 148,000,000 January 1, the Census Bureau reported Friday.

RADIO PRICES CUT

PHILADELPHIA—(AP)—Philco Corporation Friday announced a March promotion program that will permit dealers to reduce the price on some radios and radio-phonographs six to 15 per cent.

CEMETERY STRIKE ENDS

NEW YORK—(AP)—An eight-week strike of gravediggers at Calvary Cemetery in Queens ended Friday on terms offered by Francis Cardinal Spellman.

Art for Spare Time's Sake

William Fahle, 19-year-old San Jose, Calif., high school student, displays some of his entries in a regional National Scholastic art contest in San Francisco. The youth won 13 prizes in the six fields he entered. All were passed on by different judges. As a child, Fahle was bedridden and became interested in art to pass the time. He has never had any art training.

Oil & Gas Log—

Magnolia T-A TXL Flowing For Tests

Magnolia Petroleum Company No. 1-A TXL, North-Central Upton County Ellenburger discovery continues to flow to test, prior to taking potential and going on regular production.

In four and three-quarter hours of producing through a five-eighth inch bottom hole choke, the well made 185 barrels of oil. In the next 18 hours, it flowed through a three-quarter inch choke and yielded 795 barrels of oil. The petroleum was cut with four-tenths of one per cent drilling mud. There was no formation water. Gas-oil ratio was 1:570-1.

The production is from perforations at 12,700-760 feet and at 12,780-820 feet. It is 666 feet from north and west lines of section 31, block 40, TP survey T-4-S.

No Shows Reported In Andrews Devonian

Magnolia No. 2-11 University North-Central Andrews County prospector, between the Shafter Lake and the Fullerton fields, took a one hour drillstem test in the Devonian at 9,254-9,328 feet.

Recovery was 180 feet of drilling mud, with no shows of oil, gas or water.

As soon as a lost pin is fished out the venture will drill ahead. It is 1,980 feet from south and west lines of section 11, block 13, University survey.

Crane Permian Test Dry And Abandoned

George Kidd, et al, No. 1, McClintic, East-Central Crane County wildcat, 2,210 feet from south and east lines of section 210, block F, OCS&RGNG survey, drilled to a total depth of 3,317 feet in Grayburg-Permian lime.

It failed to find any indications of oil and gas, and developed sulphur water in the bottom zone. The project has been plugged and abandoned.

Lone Star Gives Up Scurry Canyon Lime

Lone Star Producing Company has apparently given up prospects of commercial production in the Canyon lime zone of the Pennsylvania at its No. 1 Maulie, west-outpost of the North Snyder field of North-Central Scurry County.

On total depth of 7,190 feet, the project made extended tests of the formation, developing mostly water with small amounts of oil. Operator has now succeeded of perforations at 1,022-40 feet and set a retainer at 6,895 feet.

Perforations were then shot into the section of pipe at 5,620-34 feet. Tubing was being run prior to swabbing. The horizon opposite these last perforations has not been identified.

Location is 660 feet from south and east lines of section 451, block 97, H&TC survey.

Amerada Abandoning Jones Ranch Failure

Amerada Petroleum Corporation was plugging to abandon its No. 2-D Jones, extension try to the Jones Ranch-Devonian field of extreme Northwest Gaines County.

The venture indicated possibilities of Devonian production, but the shows played out and the project was left on 11,350 feet. The dry hole is 760 feet from west and 560 feet from north lines of section 2, block A-7, ps1 survey.

Good Permian Basin Representation Due For Scout Session

The Permian Basin will be well represented at a meeting of the National Oil Scouts & Landmen's Association in Dallas Saturday.

That session is being held to nominate two candidates for each of the various offices of the organization for the year which will begin with the close of the annual meeting in Houston, on June 9, 10 and 11.

Fred Tyner of Roswell, N. M., scout in New Mexico for The Pure Oil Company is being sponsored by the Permian Basin scouts for nomination and election as first vice president of the national organization for next year.

The push the Tyner candidacy a group from the Midland Oil Scouts Association, including D. G. (Donkey) Roberts, president; G. B. Hallman, first vice president; H. R. (Randall) Harris, second vice president and James Walton, secretary-treasurer, will attend the Dallas gathering.

The New Mexico Oil Scouts Association will be represented by H. E. (Red) Harrington of Roswell, president, P. E. (Red) Langley, also of Roswell, and R. L. (Bobby) Walker of Midland.

R. L. (Bob) Denton of Midland will represent the Permian Basin Crude Oil Scouts Association.

Patient's Patience Produces

Harold Dugger, 40, lay in the Houston Naval Hospital, bored with hospital life and weighted down with a heater for his injured foot. A visitor said the contraption looked like a chicken brooder.

So Dugger decided to breed chickens. For three weeks he kept some eggs next to his foot.

Four chicks hatched, and are doing very well. They belonged to Mrs. J. M. Anthony, who operates a small dairy farm five miles northeast of Sanger, Texas.

Recently they failed to show up at milking time. Mrs. Anthony and her son, J. H. Anthony went to look for them.

They found all six dead in a pasture. High winds had blown down a pole carrying a 7,200-volt power line.

The six curious cows had investigated the line and were killed instantly.

Denton Cab Driver Pleads Guilty In Assault On Co-Ed

DENTON—(AP)—Raymond L. Amer, 23, Denton cab driver, pleaded guilty Thursday to separate charges of assault with intent to rape and embezzlement and was sentenced to five years in prison on each charge, the sentences to run concurrently.

Amer was charged with assaulting a North Texas State College co-ed February 10 in a taxicab 12 miles from Denton. The embezzlement charge was filed in connection with the theft of a taxicab.

Curious Cows Die From Investigation

DENTON—This is the story of six nosy cows and how they died. They belonged to Mrs. J. M. Anthony, who operates a small dairy farm five miles northeast of Sanger, Texas.

Recently they failed to show up at milking time. Mrs. Anthony and her son, J. H. Anthony went to look for them.

They found all six dead in a pasture. High winds had blown down a pole carrying a 7,200-volt power line.

The six curious cows had investigated the line and were killed instantly.

Penny Means Bubble Gum To Youngster, One Way Or Another

FORT WORTH—(AP)—A penny means "bubble-gum" to two-year-old Bobby Fry.

He found a penny and ran to Mommy. "Bubble-gum," Bobby said. "Mother, Mrs. Dorman Fry, was busy, so she put the penny away—on top of a high chest."

Bobby climbed up and retrieved the penny. Then he forgot it wasn't "bubble-gum." Into his mouth it went—and down his throat.

At a clinic, an esophagoscopy was performed. It did the job. Now Bobby is back home, feeling fine, but still asking for some "bubble-gum."

Six Senators—

(Continued from page 1) Such a motion cuts off further debate and gives a majority of those voting a chance to decide the issue.

...outherners remained confident that, with the help of some Republicans, they can overturn Barkley's ruling.

That would mean that the Administration—faced with a continued filibuster—would have to give up its attempt to change the rules and probably its effort to pass any civil rights legislation in this session.

On the other hand, if Barkley is upheld by a majority of those voting, Russell's appeal will be tabled and the Senate will vote automatically at noon (CST) Saturday on applying a debate gap.

Senator Vandenberg (R-Mich) served notice he wants to talk before the showdown vote on Russell's appeal.

Congratulations To

Mr. and Mrs. J. D. Pollard on the birth Thursday of a daughter, Carolyn Marie, weighing six pounds, 12 ounces.

Debate Is Program For JayCee Meeting

The question, "Constant Publicity Helps Not Hinders The Communist Movement In The United States," was debated before members of the Midland Junior Chamber of Commerce at a luncheon meeting Friday in the Scharbauer Hotel.

Four Midland lawyers debated the question. They were (affirmative) Ken Swanson and Jack Huff and (negative) Jeff Montgomery and Emil Rassman. Judges were Jerome Grayum, John P. Butler and Wayne Blankenship.

The debate was broadcast over KCRS. Joe Mims presided.

Texas Seaplane Base Is Declared Surplus

WASHINGTON—(AP)—The Navy notified Rep. Thompson (D-Texas) Friday it has declared the Naval Hydroplane Base on Galveston Island surplus and turned it over to the Public Buildings Administration for disposal.

The PBA will check with other federal agencies to determine if they have need for the base, and if it is not wanted by any of them, the base then will be put up for public sale.

How Can Your CHURCH Reach Those People... who seldom go to church, or those who do not attend services at all? It is conceded generally that the churches are responsible for the spiritual welfare of all the people; and that the amount of influence for good any church has in the community depends on the number of people directly interested in the welfare of that church. People generally do not deliberately absent themselves from attendance, or wilfully decide to not take part in various church activities; but other interests often distract their attention from their duties to their church and community. A CONSISTENT PROGRAM OF Newspaper Advertising has been chosen by most successful business men to interest the public generally in their wares and their services. This choice has proven its value in practically every case. WHY NOT ADVERTISE the current program of services in your church, and its general objectives. Every advertisement placed in The Reporter-Telegram invites more than 8,000 families to your services. You are invited to discuss this practical means of reaching the masses with our advertising department. The Midland Reporter-Telegram

### Scouts Will Launch 40th Crusade With Ceremony Saturday

Boy Scouts, Senior Scouts and Cubs of El Centro District will launch the 40th Anniversary Crusade, Boy Scouts of America, in a 45-minute ceremony Saturday in the Midland High School Auditorium. The program will get underway at 4:15 p. m.

Final plans for the event, at which Lyman Wren of Snyder, Buffalo Trail Council chairman, will act as master of ceremonies, were laid Thursday night at a meeting of the El Centro District Committee. Sam Salt, district vice chairman, presided in the absence of Dr. Glenn H. Walker, who was able to attend only a part of the session.

Participating in the program Saturday afternoon, which will feature a torchlighting ceremony and the theme, "Strengthen the Arm of Liberty," will be all Boy Scout and Senior Scout units and all Cub packs of Midland and Terminal.

Present at the district committee meeting Thursday night, in addition to Vice Chairman Salt, were S. G. Painter, field executive, the Rev. Clyde Lindsey, J. M. McDonald, W. T. McGlothlin, G. W. Brennan, Charles Watson, R. H. Pina, Malcolm J. Brennenman, P. V. Thorson, L. E. Patterson, John Husted, Hoffman, J. M. Ratcliff and Dr. Walker.

A Scout trophy was awarded Ralph Smith, district vice chairman, who recently has resigned his post because of his transfer from Midland to Houston. The award was made in recognition of his services to El Centro District Scouting activities.

Present at the district committee meeting Thursday night, in addition to Vice Chairman Salt, were S. G. Painter, field executive, the Rev. Clyde Lindsey, J. M. McDonald, W. T. McGlothlin, G. W. Brennan, Charles Watson, R. H. Pina, Malcolm J. Brennenman, P. V. Thorson, L. E. Patterson, John Husted, Hoffman, J. M. Ratcliff and Dr. Walker.

The Midland High School band, under the direction of Jerry Hoffman, will start the program at 4:15 with 15 minutes of music and will close it at 5 p. m. by playing "The Star Spangled Banner." Included in the ritual, which will be broadcast over KCRS starting at 4:22 p. m., will be a general assembly of Scouts and Cubs, the pledge of allegiance to the flag, a color raising ceremony, announcements and awards, and the torchlighting rites which launch officially the 40th Anniversary Crusade.

The general public, especially friends and relatives of Scouts and Cubs, is invited to attend the program.

### McCamey Housing Project Underway

McCAMEY — Announcement was made recently that all details have been worked out so that work may begin in the immediate future for the construction of homes in the Sunset Addition located in South McCamey. The outlay will be sufficient for 125 homes on 10 blocks. Clearing of the land is underway. All buildings will be FHA approved and will meet the standards and specifications of this agency.

The project is planned and financed by Dr. W. H. Cooper, E. P. Halamiok and Erle Boone.

Stanley Frank Here, publisher of the West Texas Livestock Weekly at San Angelo, was a visitor here Friday. He formerly resided here.

### Probing Panel Hears Widow Of Felix Longoria

THREE RIVERS, TEXAS — (AP) — Mrs. Beatrice Longoria, widow of a Latin American soldier whose retirement caused a widespread dispute, testified Friday before a legislative committee investigating the matter.

Another witness was to be Dr. Hector P. Garcia, president of the American GI Forum. He protested to state and national authorities what he called discrimination against the Longoria family.

Two witnesses called Thursday denied there was any discrimination. It was the first day of a hearing by a committee of the Texas House of Representatives.

The furor began when the body of Felix Longoria, Three Rivers truck driver killed on Luzon, was returned to the United States. Disputed handling of services in Three Rivers resulted in Longoria's interment in Arlington National Cemetery.

T. W. Kennedy, Jr., owner and operator of the Rice Funeral Home here, testified Thursday that he discouraged use of his funeral chapel for the funeral services, but not because of prejudice.

### Royall Accuses Reds Of Duplicity And Falsification

WASHINGTON — (AP) — Secretary of the Army Royal Friday accused Russia of duplicity and falsification. He called her blockade of Berlin a "day to day threat to the peace of the world."

Royall's discussion of foreign affairs, in plain-spoken, unvarnished words, was contained in his annual report on the status of the Army Department. He used it as a preamble explanation of the burdensome occupation duty of the American Army.

He reviewed what he called "Soviet intransigence," set down the record of attempts since 1945 to come to agreement with Russia, and said that "from the beginning of the blockade and up to the present time the situation in Berlin has been tense." And he asserted:

"The future of the Berlin situation — just as the future of other situations involving the Soviet Union — is hard to prophesy. It is difficult to deal with a nation which has no compunction against the use of threats and force and oppression to attain its desire."

### CJM Processes Midland Show Meat

CJM Packing Company of Midland processed 30 head of cattle, hogs and lambs sold at the 1948 Midland Livestock Auction sale this week.

The company set the floor on hogs at the sale and took all of the barrows that were resold by the original buyers.

Clark Mathews, manager of the firm, said all of the stock from the show that processed at his plant is in one cooler and makes a pretty picture. He invited all the boys who showed stock to drop by and see their animals.

The firm processed nine calves, seven lambs and two hogs for other concerns and individuals and the meat from these animals soon will appear on Midland counters.

### RETURNS FROM AUSTIN

Henry L. Schlichting of Midland has returned from Austin, where he appeared before a joint House-Senate committee of the Texas Legislature. The committee was discussing the licensing of naturopaths.
