Site Offered For Showbarn-Center

By now, Senator McGovern may have received the Democratic nomination for President. At least, we would hope that by the time you read this, the California delegation will have been seated, and the National Democratic Convention will have passed on to more important matters.

If you are not a politics fan, but do like to watch television, then our condolences go out to you this week, because this hasn't been your week.

But cheer up. After the Democratic convention is over, just the Republican confab remains, and then we can get down to serious politics.

Last week we set some sort of standard by running a crossword puzzle in the Star. Well, actually, Ray Dean Fleming ran the puzzle in a contest he sponsored at The Hut.

It may or may not have been the first crossword puzzle the Star has carried (it's the first one in many years, if not). But it is bound to be the first one which was composed locally.

Yep, Ole Ray composed the crossword puzzle himself. No mean chore, if you've ever tried it (you thought working them was hard).

We remember trying to make a crossword puzzle once upon a time. After we couldn't even get the upper left hand series of squares to agree, we gave that up as a bad idea.

Ray has another one this week, and those of you who didn't win any of his prizes can do so this week. Just turn to the puzzle, and be the first one in with the correct solution.

We just recently had Father's Day, and fellow newsmen down the way, James Roberts of Andrews had this to say recently:

You fathers don't get too much of a swelled head over the fact that you had your day. Did you realize that the country sets aside a whole week just to salute pickles?

Former Friona Chieftain Tony Perea, who holds most of the yardage, scoring and such records at FHS, has a good spread in the "Texas Football" magazine that hit the newsstands this week.

In the section devoted to the 1972 prospects at University of Texas at El Paso, Perea is pictured on the lead page of the article. The caption reads: "Defense at UTEP will be a strong point from the outset this season, and one of the key names for that defense will be linebacker Tony Perea, a 6-0, 225-pounder with All-America possibilities."

Further in the article, Coach Bobby Dobbs, a Miner coach for 17 seasons, says "Gary Keithley, our quarterback, and Tony Perea, our linebacker, are genuine All-America candidates." The coach was quoted as saying that the defense, led by all-WAC performer Perea, performed well in eight of UTEP's 11 games last year, and that the defense should be as good or better than a year ago.

The only complaint that we have about the article was that nowhere did it say that Perea was a product of Friona. Our town, which can number such potential All-America candidates on one hand, was due the credit for Perea, and it wouldn't have taken but a part of a sentence—or even a six-letter word, separated by commas.

Anyway, here's wishing Tony a great senior year at UTEP. He's the type of player that will make All-American if anyone can. And maybe if he does, by then the magazines will know where he's from. (We intend to personally write to "Texas Football," so at least that one will know.)

About average: The Junior Minor Piggly Wiggly team pulled a triple play in the last inning of their final game against Friona Parts & Service, and as luck would have it, we had just left the game for a picture appointment.

We'd seen the first three innings, but had to leave at the start of the fourth. When we returned, everyone was raving over the play, which ended the game. And there was no chance for an instant replay.

The showbarn committee was offered a site for the showbarn-community center last Wednesday evening, at a joint meeting between the Friona School Board and the Friona City Council.

After debating the issue for

about an hour, a plan was devised whereby the committee was offered most of the block bordered by Seventh and Eighth Streets and Columbia and Jackson avenues in the eastern part of town.

The property is the re-

mainder of the block on which the Minor League baseball park occupies the northwest quadrant.

Members of the City Council agreed that the city would accept title to the property and showbarn facility, and maintain the

building as well as see to its rental, provided the school district would sell the property to the city for \$1,000.

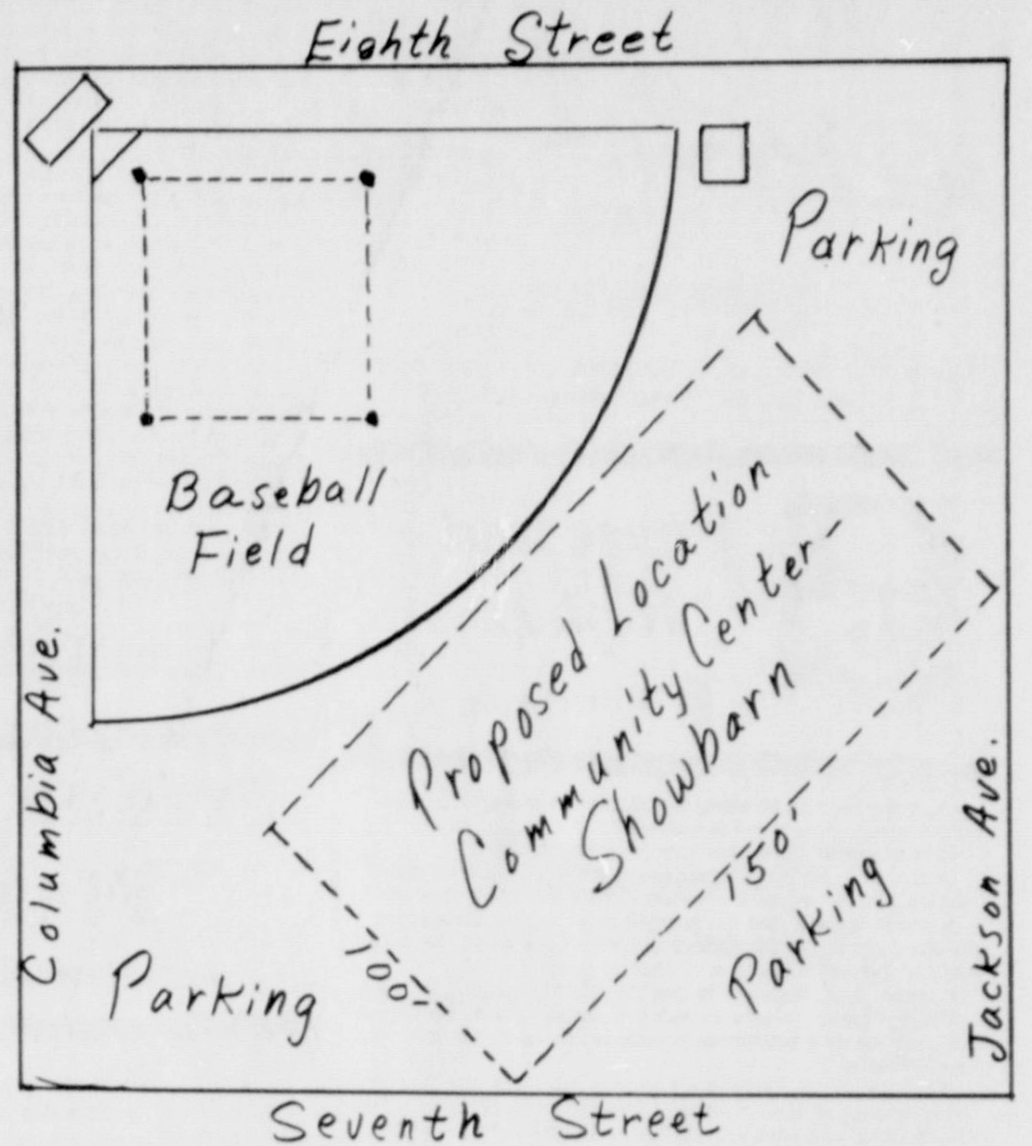

The committee had proposed that the community-center-showbarn be built on the High School campus directly west of the bus barn on Ninth Street, but after much discussion, this location was ruled out.

Members of the school board pointed out that this property could possibly be needed at some time in the future for classrooms, and then the school might be put in the position of buying additional land.

Also, the limited parking on the high school location appeared to be a big drawback. Objections had been cited by residents on the north side of Ninth Street. Also, the city questioned the legality of owning property on leased land.

The location chosen also belongs to the school. By coincidence, this was the location where the county livestock show had been held several years ago, when barracks from the old labor camp near Summerfield were used by the showmen to house the animals.

The committee made no immediate statement, although one member said he "felt sure" the location would be acceptable.

CLUB GUESTS. . . . Guests of the Friona Noon Lions last Thursday were Mr. and Mrs. Eric Jensen (at far right) of Denmark, Lucille Roccapriore, left, and Merylene Massie, center, Ronald Smiley, the club's Boss Lion, is standing at left. Ann Jensen was Friona High School's first exchange student, back in 1961-62. She said things had changed around Friona quite a lot since her year in school, but not much since their last visit. It is the second trip to America for the Jensens, who have two children, Lars, three, and Lau, two months.

SENIORS, MAJORS

Stars To Compete In Two Tourneys

Two all-star teams have been selected. Friona's Major and Senior Little Leagues have named their all-star teams, and playoff schedules have been announced in two divisions for the young baseballers.

The Senior Division stars will play in a three-team bi-district tournament at Farwell, beginning next Tuesday. The Major League stars will participate in a district tournament at Clovis beginning next Thursday, July 20.

Players chosen to the Senior League all-star team, and their regular-season affiliation, were:

From Benger Air Park-Eddie Waggoner, Robin Balze, Rude Rule and David Clark. From Hi-Plains Feed Yard—Clay Bandy, Kevin Welch, Dale Cleveland and Rolando Caballero.

From Pioneer Cattle Order Buyers—David Hutson, Gene Strickland, Dee King and Randy

Melton. From Cattle Town Feed Yard—Davy Carthel and Richard Bermea.

Charles Waggoner, Richard Francis and Duane Balze are coaches for the Senior League All-Stars.

Players chosen to the Major League all star team were:

From Friona State Bank—Clint Mears, John Jarecki, Paul Ortiz, Toby Strickland, Cliff McLellan and Charlie Pena. From Friona Star—Koty Kothmann.

From Friona Feed Yard—Jeff Whiteside, Jesus Mata and Bryan Johnston. From Reeve Chevrolet—Terry Wilcox, Mike Hutson, Joe Bermea and Cipi Aragon.

Todd Bandy, Friona Feed Yard, and Alan Monroe, Friona Star, were chosen as alternates. Jerry Loflin is the coach.

The Senior League team will play in a double elimination tournament in Farwell. The Farwell-Bovina stars meet Tucumcari next Monday at 5:30 p.m.

Friona, which drew a bye, will meet the loser of that game at 5:30 p.m. on Tuesday.

The winner of the Farwell tournament will earn the right to play the winner of the Las Vegas-Raton best two of three series, for the right to advance to the New Mexico State tournament in Albuquerque.

EVANGELISTIC CRUSADE

Encounter '72 Slated July 23-30

"Encounter '72" is scheduled to be held in Friona the week of July 23-30, at Chieftain Field.

The most ambitious area-wide evangelistic undertaking to involve local churches to date, the rally has been endorsed by six Friona and Bovina churches. Members of other churches also plan to take part.

The Baker Brothers, Bo and Dick, an internationally-known team, will direct the crusade. This will be the first time an evangelistic crusade has ever been held at the football stadium. The services will begin at 8:30 nightly.

Envisioned by Friona's First Baptist Church, "Encounter '72" is also endorsed by the Calvary Baptist Church, Friona Assembly of God Church, Temple Baptista, First Baptist Church of Bovina and the Summerfield Baptist Church.

Other local church leaders are also expected to take part in "Encounter."

A planning session for "Encounter '72" was held Tuesday morning at Earl's Parmer House Restaurant. Some 20 local church leaders, including laymen, attended.

Bo and Dick Baker have been synonymous with evangelism for more than 20 years. Dick,

ENCOUNTER MEETING. . . . Part of a group of people who met Tuesday morning to discuss final plans for "Encounter '72" are shown above. Standing, left to right, are A.L. Black, general chairman, Don Murphy, Bovina, Edgar Walters, J.B. Barrett, Bovina, and G.B. (Pete) Buske. Seated are Mrs. James Clayton, Bovina, Mrs. Joe Talley, Carol Kirkpatrick, Bovina, and Donnie Carrasco. "Encounter '72" will be held at Chieftain Field the week of July 23-30.

NEW DRIVE SET

Member Roundup Slated By Chamber

Chamber of Commerce president Dale Cary kicked off a "membership roundup" drive at the Chamber board's monthly meeting Tuesday.

The drive is designed to bring a number of businesses and/or individuals not currently in the Chamber's membership list into the membership. "I am recommending that these non-members be approached on the basis of a \$5,000 monthly draft, or a \$5,000 payment per month. I believe that most businesses, regardless how small, can afford to pay \$5,000 per month to the Chamber of Commerce, if they care anything at all about its work for the community," Cary said.

Chamber board members were given lists of businesses who are not currently on the membership roll. They will begin to contact them to become members in the next few days.

Cary said the additional revenue is needed before the Chamber can talk seriously about

hiring a manager. "It is embarrassing to talk to a prospective manager with the amount

of money we have on hand to finish out our year," Cary told. (Continued on Page 5)

CITY COUNCIL

Station Location Item Of Business

The place to locate the new fire station was the main item of business at the monthly meeting of the Friona City Council Monday night.

Several proposed locations have been investigated, without bearing fruit. City Manager Jake Outland proposed to the council that the plans could be revised, and the station could be constructed just east of the old city hall on property already owned by the City.

Proposed sites have been priced to the City at from \$6,000 to \$10,000. Outland pointed out

that by building the station on the city property, this much money could go into the building. Also considered was the station's proximity to dispatchers.

Outland was instructed by the council to ask contractors to re-design the building to fit the city property, and submit bids. "I hope that by next month we can get something going on this project," Mayor R.L. Fleming told the council.

In other business, the council passed a resolution releasing a sewer easement to the state in (Continued on Page 5)

"I invited the Democrats to hold their convention on this ranch and they didn't even answer my letter!"

Sincerely Yours

By Rev. Albert Lindley

The pastor of a congregation was about to take a few well deserved days off for his vacation. On the Sunday before his departure he made an announcement that ended with this: "The preacher for next Sunday will be the Reverend Mr. Judson and the ones for the other Sundays you will find hanging on the bulletin board in the foyer."

As organized as that man was I do believe he missed his point, but then the life of a preacher is often filled with "missed points."

But such is not my case. Unlike my good ole friend, the Editor, ole what' his name, I do not plan to sneak off without proper notice. I'm leaving in the morning.

Since two of us were leaving about the same time, I almost got a good fund going for the project of bringing about longer absence of preachers. Now that sounds like a winner. But "Ye Ed" given one of the first opportunities, failed to come across, so expect us back.

I did assist the community to a certain degree on Saturday night. I helped carry one of the baseball teams to Amarillo to see the Amarillo Giants lose to Shreveport.

My part in the whole thing was to get that many kids out of town for that length of time.

If you haven't had that experience, you really have missed something.

What with the refreshment stand, delay of game because of sand and wind, thirsty and the other cause for leaving the box, we really had a time with all twelve.

Worth it? U-bet! Any time spent with youth will magnify in worth.

Why, that might even be a good thing for Friona to remember. . . Time spent with youth is worth it. . .

Pause and Reflect

By Nelson Lewis

Have you ever hiked along the Gulf Coast while the white hot sun is burning a hole in the heavens?

Infinite weather is a blue mirror of molten brass.

In times of calm, tall grasses stand erect upon the dunes, thankful for a moment's respite from the tenacious wind.

Another day will find you huddled under any available shelter watching awestruck as the angry aftermath of a hurricane gnaws away at the last vestiges of civilization.

A happy compromise is to find the Gulf in a rollicking mood.

White capped rollers caress the sands, grass dances to the tune set by a boisterous breeze and children scramble for exotic shells.

It is hard for us Panhandle residents to realize that this Gulf Coast country is also "Texan"; however its hundreds of miles of coastline is as much a part of our heritage as are the forests, mountains, deserts and plains.

In fact it was the first part of our state to feel the thrust of industrial progress.

The state's first beef packing plant was built in the early 1800s at Rockport near Corpus Christi.

At Victoria in 1924 a Texan registered his cattle brand and established a custom soon to spread over half a continent.

Near Goliad the sale of some wild longhorn cattle set the stage for the mammoth industry we enjoy today.

Indianola, near the southern end of Matagorda Bay, was the landing place for thousands of 1849 gold seekers in route to California. Several "livery" companies began coach and wagon passenger service for these would be prospectors who had embarked at every east coast port.

Old records from one such company show 16 drivers killed by Indians in just 18 months. There is no report on the number of passengers lost!

Huge shipments of gold and silver from Mexican mines came overland to the Texas coast to be loaded onto sailing ships for European ports.

The aborigines of the area were the Karankawas, the only cannibalistic tribe of American Indians.

A line of fortified Spanish missions stretched from the Rio Grande to the Sabine River, these at last gave way to the onslaughts of Yankee progress, leaving the Texas Gulf Coast one of the nation's most valuable historic areas.

Recognizing this fact the Texas legislature has recently purchased thousands of acres for the creation of state parks on the mainland and on Mustang Island.

Right now during the peak of the summer vacation period is a good time to consider a trip to the well established Padre Island Park.

Besides getting a refreshing new look at Texas, it helps to learn that all our tax dollars are not wasted.

Friona Flashbacks

...from the files of the Friona Star

40 YEARS AGO--JULY 15, 1932

Work on the construction of the new Friona gin was started early this week, and has progressed thus far at a good rate. The framework of the walls is all up and it is expected that a large part of the roof and siding, or perhaps all, will be on by the close of the week. Manager C.S. Waddell is employing all the local labor he can use in this work, helping out a number of local heads of families by giving them employment.

30 YEARS AGO--JULY 10, 1942

Floyd Dewey Golden, who began his teaching career in 1920 at Friona, was elected president of the Eastern New Mexico College at a meeting of the Board of Regents Tuesday, July 1. Golden had served as acting president since the resignation of Donald MacKay in the spring of 1941.

20 YEARS AGO--JULY 10, 1952

An old fashioned 4th of July program was conducted in the Rhea community last Friday evening under the direction of the Farm Bureau organization there. A crowd estimated at 150 or more were present for the chicken-fry and picnic followed by games and a program of musical selections. "Cotton John" Smith of radio station KGNC, Amarillo, was present, giving a short talk and later interviewing the road sign committee. This interview will be broadcast on KGNC this Saturday.

10 YEARS AGO--JULY 12, 1962

The plane which crashed near Muleshoe Sunday killing two persons belonged to Elvie Jennings of Friona's Bengier Air Park. The plane was a World War II Boeing two-passenger model. Killed in the crash were Joe Millsap, 22, of the Needmore community, south of Muleshoe, and Walter V. McMahan, 40, instructor, of Muleshoe.

The FRIONA ★ STAR

TWO GIRLS GAMES

All-Stars Pick Diane Day For North-South, Texas-Oklahoma

Diane Day

Diane Day, starting forward for the Friona Squaws basketball team for the past three years, has been selected for two girls' all-star games to be played within the next two weeks.

Miss Day will be in Brownwood this Saturday, playing for the North team in the annual North-South all-star game at the Brownwood Coliseum.

She has also been chosen as one of the state's 12 representatives to meet the Oklahoma All-Stars on July 22 in Plainview in the third annual Texas-Oklahoma battle.

Coach F.G. Crofford will also be in Brownwood, to attend the annual meeting of the Texas Girls Coaches Association. The game will highlight the meeting. Thirty-two of the top girl athletes in the state have been chosen to the team. Other forwards on the North team are Sheila Patterson of Spearman, Pam Chase of Fallett, Janis Irby of Claude, Kathi Smith of Clyde.

Guards on the North team include Sue Hammitt of Hale Center, Cindy Payton of Lubbock Cooper, Elnora Moore of Stanton, Joy Williams of Canyon and Marsha Doby of Abilene Wylie.

Other players from this area chosen for the Texas all-star team were Janis Irby of Claude, Sheila Patterson of Spearman, Joy Williams of Canyon and Cindy Payton of Lubbock Cooper.

The Oklahoma team has three players who average more than 30 points per game—the leader averaging at 39.7.

The Texas players don't boast that high in scoring averages, but they still entertain hopes of breaking the Oklahoma winning streak at two. Both previous games have been played in Oklahoma.

Rev. Duane Kirchner

Lutherans Have New Pastor Here

The installation of Rev. Duane E. Kirchner as Pastor of Redeemer and Immanuel Lutheran Churches will be held at 4 p.m. Sunday, July 16, at Immanuel Lutheran Church in the Rhea Community.

The new pastor will preach his first sermon at Redeemer Lutheran Church at 11 a.m. Sunday morning. His first sermon for Immanuel will be the following Sunday.

Reverend Kirchner is the son of Mr. and Mrs. Winfred Kirchner of Clarinda, Iowa. Twenty-seven years of age, he is married to the former Peggy Fries of Fresno, California.

Reverend Kirchner graduated from Clarinda High School in 1963. He entered St. Paul's College, Concordia, Missouri and completed his Bachelor of Arts program at Concordia Senior College, Fort Wayne, Indiana. He enrolled at Concordia Seminary, St. Louis, Missouri in 1968 and served his vicarage internship at Canoga Park Lutheran Church, Canoga Park, California during the 1970-71 school term. Reverend Kirchner received his Master of Divinity degree on May 26, 1972 at the commencement exercises of Concordia Seminary, St. Louis.

Reverend Kirchner was ordained into the Holy Ministry on June 4, 1972 in his home church, St. John Lutheran, Clarinda, Iowa.

Has anyone noticed the scarcity of household flies this summer? It seems we've had less of these pests than we've had in several years. I'm sure farmers are hoping we are entering a "less insect" phase-if there is such a thing; however, after driving around and looking at some of our growing crops, it appears that greenbugs in maize aren't on the scarcity list. Our countryside is never more beautiful than during the growing season, and this year's production is no exception. Corn is tasseling in every direction and is our prettiest crop right now. Think it is a little bit too early for cotton blooms, but they will be showing up soon.

Mr. and Mrs. H.A. Hyde are enjoying a trip being made by their son and daughter-in-law, Mr. and Mrs. Truell Hyde, and sons Trean and Brad.

The Truell Hydies live in Killeen, Texas. Both of them teach in Central State College there and are taking advantage of the summer vacation time to do a bit of sightseeing in the Washington, D.C. area.

Pictures of some interesting places they have visited have brightened the days for the Hydies, who live at 410 West Ninth Street.

Anyone who had an old fashioned cast iron wash pot that isn't attractively displayed should see the one hanging in the front yard of the James Procter home out on West Sixth. Think this particular pot once belonged to some of Sue's family and was used in connection with the regular weekly family wash and probably did double duty at hog killing time. If you've ever been assigned the duty of keeping the fire going and stirring the fat to keep it from sticking until the lard was rendered, you have an idea of what I mean.

Many of our summer college students have just completed one session or are just beginning one-or maybe both. Most of our commuters are enrolled at West Texas State University, Canyon, but, at least one, Mrs. Forrest Harding, is driving much farther than that.

Mrs. Harding, who is the former Linda Jo Davis, will be teaching in the local school system this fall and is taking one three hour course at Panhandle State College, Goodwell, Oklahoma. Think she just goes two days a week, but driving that distance, attending class, getting back home and taking care of her duties as a homemaker is no small chore.

About sixty bicycle enthusiasts pedaled through Friona in the early afternoon Friday. Think they were travelling in groups of 15 or so. At least, the group I met as I was driving west on Highway 60 had about that many. When I turned onto FM 1731, another group was down about the bridge on Frion Draw.

The group, which originated in California, started a cross-country journey June 28 from the western White House in San Clemente.

They were Friday evening guests of the Texas Panhandle Heritage Foundation for the production of "Texas" in Palo Duro Park. They were also guests of Wheels, Inc. of Amarillo and Coca Cola Bottling Company for a barbecue dinner in the canyon.

Later they camped out in the canyon and left for Elk City, Oklahoma on the next lap of their journey at 7:00 a.m. Saturday.

The group which travels under the banner, "See-America-Bike-A-Thon," will pedal more than 2800 miles before covering the distance from the White House in San Clemente to the White House in Washington, D.C.

Plans have been made for a proclamation to be presented to President Nixon concerning physical fitness. The group is privately sponsored and hopes to publicize the American Heart Association.

WHAT SHIP WAS CALLED "CHEESEBOX ON A RAFT"?

The Swedish American inventor John Ericsson, built the iron battleship Monitor which critics called a "cheesebox on a raft".

Census Bureau Slates Monthly Survey Here

Information on employment and unemployment will be collected in this area by the Bureau of the Census, U.S. Department of Commerce, during the week of July 17-21, Percy R. Millard, Director of the Bureau's Data Collection Center in Dallas, announced today.

The sample of households in this area taking part in the survey are among 50,000 across the Nation scientifically selected to represent a cross section of all households.

The survey is taken monthly by the Bureau for the U.S. Department of Labor. Statistics on conditions in the labor force are prime indicators of economic conditions of the country.

For example, the May survey showed that there were 4.3 million unemployed, or 5.9 percent of the labor force. After seasonal adjustment, this was the same level as in April and March. Employment, however, increased slightly over the previous month, a continuation of a year-long upward trend. Since May 1971, the number of job-holders rose by 2.3 million, totaling 81.4 million in May of this year.

All information about individuals and families provided the Bureau is held confidential by law and can be published only as statistical totals.

BREAKING POOL RULES is inviting trouble, warns Liberty Mutual Insurance Company. Drowning is the third leading cause of accidental death, claiming more than 7,000 lives each year. Parents should not allow this kind of rough play at poolside. They should teach youngsters rules of safety from the start.

Fosters Make Hawaiian Trip

Mr. and Mrs. Wesley Foster recently returned from a vacation trip to Kailua, Hawaii.

They were met in Kailua by Mr. and Mrs. Dave Conner of Middlesboro, Kentucky, and Suzanne Lamb of Waco, Mrs. Con-

ner is Mrs. Foster's sister and Miss Lamb, a former Friona resident, is her niece.

In addition to going sight-seeing, the group visited Mr. and Mrs. Bill Conner and family and Susan Conner, who live there.

The Fosters returned home by way of Los Angeles, where they stopped off for a visit in the home of Mr. and Mrs. Dee Golles.

Then Mrs. Golles, the former Pat Foster, accompanied her parents to Friona.

Weekend Guests In Butler Home

Weekend guests in the home of Mr. and Mrs. Curtis Butler were Mr. and Mrs. Dennis Karr and children, Tammy, David and Stephanie; Mr. and Mrs. Rick Karr and Bryan, Lubbock; and Cissi Butler, also of Lubbock. Mrs. Butler reports this was the first time all of the children had been at home at the same time since the family moved to Friona from Canyon.

Location...

(Continued from Page 1) the Grand Avenue overpass project.

Another resolution was passed rezoning lots 1, 2 and 3 of Block 12 in the McMillen-Ferguson Addition, 1107-1111 Pierce Avenue, from residential to a business zone. An office building has been proposed for the lots.

Glenn E. Reeve, Sr., J.E. Hicks and H.K. Kendrick were designated as the city's board of equalization, and the date for the board's meeting was set as Tuesday, August 8, at 10 a.m.

Outland reviewed with the council the proposed capital improvements to be contained in the 1972-73 fiscal year budget. A budget hearing will be held on August 7, the next council meeting date.

Also discussed was the proposed electrical code for the city, the hardship in keeping qualified patrolmen on the city force, and the progress of the overpass project.

Intuition is a woman's ability to read between the lyrics.

Sharon Smith Gives Report

At Girls State I found out that if you want something done in your city, county or state government, you've got to do it. The people that you've elected have to know what to do, or they can't accomplish anything.

Girls State was nothing but government. We had our own state, county, and city government. We had our own elections. Everything we did was according to Texas law and the way that it is done in real life.

Girls State was ten days in our own state. There were 511 girls who attended Girls State. We had ten cities and five counties. Every girl that attended held an office. We had everything from garbage collector to Governor.

The cities had different names. The ten cities were lettered from A to J. I was in City "J." We were known as the Jumpin' Jeremiah Juneguns from Jivin' Jupiter Junction.

Each city had its own songs and chants. These were used throughout the session.

There were two parties at Girls State. They were Nationalists (Nats) and Federalists (Feds). Each party had songs, its own platforms and primaries to decide on their candidate for the general election.

There was never a dull moment at Girls State. We had activities from the time we got

Membership Drive...

(Continued from Page 1)

the directors. In other business, the Maize Days celebration was discussed, with still no carnival booked for the event. Cary was to make a trip to Tulsa Wednesday night to contact one other prospect for the carnival, in hopes of filling the void.

It was announced that the Chamber would sponsor a donkey baseball game on the Tuesday during Maize Days this year. Among other things discussed was a possible model airplane show. The directors kicked around the idea of moving the parade from Friday to Saturday, in order to improve participation by out-of-town groups and bands.

The board voted to contribute \$100 to the Opportunity Plan, and \$100 to the Friona Fine Arts Council, for its Summer Drama Workshop.

The board also passed a motion to increase Chamber secretary Peggy Bryant's salary to \$325 per month.

up until we went to bed at night. I think that the most memorable thing at Girls State was the friends I made. These are life-long and can't be forgotten.

Now I would like to take this opportunity to thank the American Legion here in Friona for letting me attend, and the Friona Star for the publicity I got while I was there.

TWO YARDS FINANCED

PCA Has Helped Area Cattle Industry Grow

Production Credit Association has been a big booster of the Friona area's cattle industry practically since its inception.

PCA financed the building of two major feed yards in the area--Hi-Plains Feed Yard and Bovina Feeders. And the organization has loaned money to finance the feeding of cattle for every yard in Farmer County, plus a good many in neighboring Deaf Smith County, and others.

"I believe that PCA's program for cattle and feed yards is hard to beat," says Dale Cary, manager of the Friona Production Credit Association office. "It is flexible enough for anyone's needs," he continued.

Cary estimated that the Friona office loaned around \$25,000,000 for cattle-feeding operations during the past year. "We will pump over \$35 million into the local economy this year," he predicted. The Plainview Association, with offices in eight counties, will add approximately \$171 million in capital to the area, Cary said.

Cary pointed out that the PCA and the local banks had worked together in a way that all have benefitted. "We don't feel that we are in business to compete with the banks," Cary said.

The Friona office has been of service to some 151 farmers during the past year.

The Production Credit Association makes a variety of loans, but only to farmers. When a farmer borrows from PCA, he automatically becomes a member and voting stockholder of the association. Hence, PCA is farmer-owned and operated. The members elect local boards of

directors. "These boards know what is required to farm successfully in their own localities, so they can fit lending policies to the particular requirements of individual farmers, rather than trying to make farmers adapt themselves to unsuitable lending policies," Cary says.

Due primarily to the rapid expansion of the cattle industry in Friona, in which the PCA has had a hand, the Friona office has grown much faster than those in other areas, and is one of the fastest-growing farm credit offices in the state and nation.

Thanks to this growth, the local office has seen the necessity of adding to its staff three times in the past three years.

The Friona Production Credit Assn. branch office opened in August of 1959, with Martell LeVeque as manager and Thelma Watkins as secretary-bookkeeper. The office maintained its two-employee status until April of 1969, when Cary joined the staff as assistant manager. Robert Neelley was manager at that time.

In November of that year, Mrs. Kenneth Williams joined the PCA staff, giving the office two secretaries for the first time, and four employees. About six weeks ago, Darrell Simpson joined the firm, as a loan representative increasing the Friona office staff to five members.

Cary, a graduate of Texas Tech with a degree in accounting, became manager of the Friona office in September of 1970. Active in local civic affairs, Cary currently is serving as president of the board of directors for the Friona Chamber of Commerce and Agriculture.

Richard Francis came to Friona in

November of last year as assistant manager. Francis is a graduate of West Texas State University with degrees in finance and marketing.

Simpson, a graduate of Oklahoma State University with a BA and MA in ag education, spent several years as a vocational agriculture instructor.

Mrs. Watkins, who had been with the local PCA office since it opened, left last month for another position. She was replaced by Mrs. Williams, and Mrs. Ira Holt was employed as the second secretary-receptionist.

The other manager of the local PCA was Wade Wright, who managed the Friona office in 1964 and 1965.

Bill Carthel, who farms near Black, is on the Association's board of directors from Farmer County. Henry Hayes of Plainview is president of the board. Loyd Widener of Lockney is vice president. Other directors are Don Garrison and Ray Robertson, Dimmitt.

According to a recent report from the Farm Credit Administration, rankings of all the Production Credit Associations in the nation found the Plainview association first in total net worth, at \$9,676,174. Plainview was also first in total amounts borrowed by members during the year, \$160,562,000.

The Plainview Production Credit Association has been in existence for 38 years, and offers specialized credit to farmers, ranchers and livestock feeders in Bailey, Briscoe, Castro, Floyd, Hale, Lamb, Parmer and Swisher counties. The association maintains offices in Plainview, Friona, Dimmitt, Floydada, Littlefield, Muleshoe, Olton, Silvertown and Tulia.

How damaging is hail to grain sorghum, and what can be done to offset certain losses following a hailstorm?

Fortunately, the grain sorghum plant is a hearty individual, and so replanting after hail damage is generally unnecessary and unprofitable.

From emergence to the 7-to-10-leaf stage the plant's terminal bud is located at or near the soil surface and is seldom injured during a hailstorm. Damaged plants tend to recover quickly, and replanting is unnecessary unless a substantial number of plants die.

A field check after a hailstorm should determine whether replanting is necessary. If about 75 percent of the plants survive, replanting is unnecessary as tillering will compensate for the reduced stand. If replanting is necessary, producers should select a medium-early or early maturing hybrid due to the reduced growing season.

If damage is heavy at the 7-to-10-leaf stage, yields may be reduced as much as 25 percent, according to one study. In addition, the plant's susceptibility to disease and insects (especially the sorghum midge) is increased due to its delayed maturity. Replanting will not necessarily alleviate these pitfalls since faster maturing hybrids generally have lesser yield potentials and are also susceptible to midge damage if planted late in the season.

Following the 7-to-10-leaf stage, the sorghum plant enters the reproductive growth stage and hail damage becomes a more serious problem. A severe storm can not only destroy leaves but may also damage or destroy the head in its formative stages. Still, recovery tends to be rapid. Plants with injury to the growing point or forming heads develop tillers from auxiliary buds at the uppermost non-damaged nodes or joints and these will eventually form heads. On the other hand, some plants will escape injury to developing heads; although these plants may also tiller, the

original heads will still emerge, bloom and mature.

Now the producer faces several alternatives: (1) leave things as they are and settle for a crop that may mature unevenly, (2) shred the stalks to a height of about six inches and force all plants to tiller uniformly, (3) destroy the grain crop and plant millet or some other forage, or (4) overseed the stubble with a small grain for grazing.

The decision rests largely on when the hail damage occurred and its severity. Research has shown that up to 95 percent of the grain yield may be lost when all leaves are removed during the boot stage. The crop should be left if any leaves remain on the plant, even though they appear to be severely mutilated.

Grain sorghum is most vulnerable to hail injury during the bloom and early milk stage, since the heads are fully exposed to the hail. However, this damage may be minor compared to the reduced photosynthesis caused by defoliation. This condition will adversely affect seed development and cause shrunken seed and low test weights. Side branching may also create difficulties at harvest time.

Alternatives are limited in this situation. Unless the crop is a fast-maturing hybrid that was planted early, it will generally be too late in the season to shred to make a uniform second crop. If the damage was so severe that the crop has little or no yield potential, a grower might consider overseeding the stubble with small grain for early grazing, or he might destroy the crop and prepare the land for wheat.

Hail injury after the milk stage is usually less damaging. Complete defoliation during the soft dough stage cut yields in half in research studies, whereas removal of 75 percent of the leaves reduced yields by only 15 to 20 percent. Although hail damage in later stages can be expensive, it is not nearly as devastating as during the bloom stage.

MISSION—Last week was the worst in the history in the 10-

**SCD Makes Plans For
"Final Acre" Ceremony**

The Parmer County Soil and Water Conservation District had its regular monthly meeting Thursday, July 6 at Earl's Parmer House, Friona.

The Soil Conservation Service activities for the month of June were received as well as the annual plan of operations for 1973 Fiscal Year. There were also nine conservation plans approved.

The board of directors started preparation of their annual plan. Further planning on design of soil display kits for the FFA Chapters was done.

The board set the date of September 5, 1972, for the "Final Acre Ceremony." This is to publicize that each acre in Parmer County has been soil mapped and the information is available to all land users.

The board was brought up to

year-old Screwworm Program, Mission Lab officials gloomily announced Tuesday.

Texas was hit with a soaring 3,879 cases, nearly 900 more than the previous record of 3,023 established the first week of July, 1962.

The biggest day was Monday with 1,019 cases, the smallest was Wednesday with 416.

Texas' 1972 total is now 16,196, second only to the 49,484 cases of 1962.

The voracious fly struck in seven new counties to raise that count to 162. The newcomers were Childress, Crane, McLennan, Oldham, Palo Pinto, Swisher and Wichita.

Arizona's worsening situation continued to become just that as 50 more cases there raised the 1972 figure to 166. New Mexico had six more outbreaks and now has 24 cases for the year.

Two more cases from Oklahoma were the first there since May 10 when the first case in nine years was confirmed in Jefferson County. The new cases were in Cotton and Comanche Counties in Southcentral Oklahoma.

California's modest outbreak remained at two cases where it has stood for several weeks.

The five-state figure through last Friday (June 23) rests at 16,391 cases, the Lab reported.

date on the progress of Running Water Draw watershed; and also voted to co-sponsor the Tierra Blanca Creek watershed application for assistance. The board reviewed a list of their activities and accomplishments.

The next meeting was set for Tuesday, noon, August 1.

LICENSES**

Marriage Licenses Issued In County Clerk Office From June 22 to June 29, 1972 Bonnie Warren, County Clerk

Charles Denver Lunsford and Phyllis Melena Jones

Steve Raymond and Lupe Olivera Ortiz

The big power failure "black-out" of 1965 plunged some 30,000,000 people into darkness.

Pinto Wagon: \$2265*
We put a lot into it.
You can put a lot in it.

What you can put in: over 60 cubic feet. Put the rear seat down and there's 60.6 cubic feet of carrying space. For comparison: VW Squareback and Vega Kammback both give you a bit over 50 cubic feet.

The basic \$2265* model. It's the ideal choice for people who want an economy car that carries more—or a wagon that costs less. The white sidewall tires (shown here) are \$28.00

Some Details.
1. The lift gate swings up and out of the way.
2. The rear passenger windows flip open.
3. The spare tire doesn't take up any load room because it has its own well under the floor. And beneath it all, the rear suspension is specially designed for load carrying.

Front Disc Brakes. Standard. And there's precise rack-and-pinion steering, which is normally found only in some of the more expensive sports cars.

2000cc Overhead Cam Engine. It's rugged, economical, peppy—and standard equipment. A 4-speed floor mounted all-synchromesh transmission is also standard.

The Squire Option. That distinctive wood-sided wagon look, plus wheel covers, special trim, and more. No other economy wagon offers anything like it. Price with the Squire Option: \$2479.* The luggage rack is \$45.53 extra. The white sidewall tires \$28.00.

Better idea for safety... buckle up!

SEASON WINDUP

Bank Closes With Win, Bengener Falls

League-leading Friona State Bank closed out their season with a 24-3 win over Friona Star last Friday in the Major League, but in the Senior League, Bengener Air Park fell to Hi-Plains Feeders, 3-2, in a no-hitter, but Bengener likewise had long since clinched the league title.

The schedule at the senior park was an abbreviated one for the final week, with two of the Senior League games being rained out, and one of the majors'.

Other games in the Major League found Friona Feed Yard scoring a pair of one-run wins over Reeve Chevrolet, 4-3 on

Thursday and 7-6 on Saturday. The other Senior League game saw Pioneer Cattle Order Buyers edge Cattle Town, 9-6 to nail down second place.

Todd Bandy's leadoff double in the fifth inning, an error and a ground out scored the winning run for Friona Feed Yard in their Monday win over Reeve. Saturday, the teams played their game that was scheduled for the preceding Monday, and the Feeders rallied for four runs in the sixth and a 7-6 win. Phillip Veazey's double and singles by Bryan Johnston and Jay Jarboe sparked the rally.

Paul Ortiz banged out four hits, including a home run, in

leading the Bank hitters' assault on the Friona Star, 24-3. Eddie Brailiff hit a home run for the Star and batted all three of his team's runs in.

In an eight-inning game on Thursday, Pioneer Cattle scored three runs in the eighth to break the tie and take a 9-6 win over Cattle Town.

Hi-Plains pitcher Kevin Welch set league-leading Bengener down without a hit in his team's 3-2 win on Friday. Bengener scored their two runs on walks and an error. Hi-Plains had only three hits, but each one counted for a run.

Hi-Pro Takes Sr. Minor Loop Title

Hi-Pro Feeds won the championship of the Senior Minor League, scoring a pair of wins over second place Parmer County Implement the final week to add frosting to the cake.

By winning over Parmer County Implement twice, Hi-Pro had a four-game lead in the final standings. The Feeders won Tuesday, 18-8, and on Friday, 11-4.

In other action, Ethridge-Spring narrowly missed wins twice in the last week, and continued winless for the season. Ethridge-Spring lost to the B-J Bees on Monday, 12-10, and then lost on Thursday, 15-14, in spite of holding a 14-3 lead.

The Ethridge-Spring vs B-J Bees games were the week's best action. On Monday, the teams slugged it out almost run for run, with the lead changing hands four times. The B-J Bees scored five runs in the top of the fifth for a 12-10 edge, and managed to hang onto this lead.

R. Rando had three hits for the winners.

On Thursday, Ethridge-Spring seemed headed for their elusive win, breaking out to leads of 7-0, 11-2 and 13-3 at the end of each of the first three innings. The Cardinals scored again in their fourth for a 14-3 edge, and could have claimed a ten-run win if they could have held the Bees in the fourth.

However, B-J scored five times in their fourth to make it 14-8, and six more in the fifth to tie the score. Neither team scored in the sixth, and B-J pushed across a run in the seventh for the win, 15-14. Larry White had three hits to pace Ethridge, and Rando again had three for B-J.

Although outhit, 8-7, Hi-Pro took advantage of 13 bases on balls to defeat Parmer County Implement 18-8 on Monday. Parmer County tried five pitchers, trying to find the right combination.

On Friday, a five-run outburst in the third inning shot Hi-Pro into a 7-3 lead and they coasted to the 11-4 win.

BILL'S TV... Champion in the Junior Minor League was the Bill's TV. Standing in the back are Larry Burkes and Tommy Edwards, coaches. In the back, left to right, are Jimmy Norwood, Mark Tucker, Greg Nichols, Jimmy Soliz and Jack Ball. Kneeling, left to right are Robert Garza, Kirk Lookingbill, Ricky Mercado, David Anders, Stanley Eliz and Cole Fulks. Not shown are Jimmy Mabry and Viva Hernandez.

Country Club Sets Tournament

Friona Country Club pro Cotton Remer announces that a Club Tournament, for club members only, will be held July 22-23 at FCC. Members should enter by Friday, July 21, he says.

Trophies will be given to both the low gross winner and the low net winner. Full handicaps will be given.

A hamburger barbecue will be held on Saturday night. Entry fee of \$5.00 will be charged. Members are urged to call Remer at 247-3125 at an early date to register for the tournament.

The tournament will kick off on Saturday, July 22, at 1 p.m. Tee-off time for Sunday's round will be 1:30 p.m.

All members, both men and women, are urged to take part in the tournament.

"Bills, Bills, Bills!"

FRIONA CONSUMERS

824 Main Buddy Lloyd, Mgr. Phone 247-2771

A message of importance to all people at The Rebellious Age.

There comes a time in your life when it seems absolutely right to rebel against old ideas. Against all the things that seem to be stacked up against your generation.

Unfortunately, religious talk is one of the things that may get discarded right about now.

But should it be?

Your Faith echoes the very feelings you probably have right now. About

injustice. Inhumanity. Poverty. Cruelty. Prejudice. Hate.

That's why your Faith is the very thing you should be working with.

It can strengthen you. It can make things happen. In yourself, and in all the world around. But only if you let it. And only if you put it to work.

President John F. Kennedy said: "God's work must truly be our own."

What do you say?

 Saturday, July 15: Farwell, 8:45-11:45; Friona, 1:00-4:00.

Dismissals:
 J.Q. Mars, Address Parra, James O. Combs, Charles Rector, Steve Kelley, Barbara Stewart, Shelia Brummett and baby girl, Jana Brown, Donna Perkins, Maria Estrada, Roy Slagle, Neva Raybon, Stephanie Graham and Rodney Elam.

Patients In The Hospital:
 A.W. Anthony Sr., A.D. Bentley, Geneva Buckner, E.E. DeLong, Melba Hickman, R.E. McKee and Luella Maurer.

Texas ranks second in the nation in number of slaughter plants, third in cattle and calves slaughtered during 1971, third in sheep and lamb slaughter and 15th in hog slaughter.

Texas Is Leader In All Beef Categories

Texas is the nation's leader in all major categories of the beef cattle industry, Texas Agriculture Commissioner John C. White states.

The livestock industry in Texas is a \$2 billion industry, accounting for almost half the total agricultural income of the state. There were 12.8 million cattle and calves in Texas in January, more than five million head above second-ranked Iowa.

Rankings by counties for livestock categories include the following (one through ten): All cattle and calves: Deaf Smith, Parmer, Hansford, Castro, Swisher, Sherman, Randall, Ochiltree, Hale and Hopkins.

CORN IS HIGH... Yes, corn in the Friona area is as high as an "elephant's eye," and appears on the way to be a good year. Above, Elvin Wilson, one of the area's farmers who is sold on the crop, stands in front of a typical field. Wilson and his son Mickey are farming over 800 acres of corn this year.

At Home In Parmer County
Jana Pronger
 County HD Agent

Women living alone are often prey to trouble.

But keeping out of trouble isn't enough. You have to bar trouble from you.

If you live alone, list only your last name and initials in the phone directory and on the mailbox. And after moving into a new house or apartment, change door locks. Previous tenants or former employees may still have keys.

Pin tumbler or square bolt locks are best for replacement. Installing and using chair locks or a peephole is a good idea.

When alone, never open a door to strangers without having the chain in place. Police officers will show credentials whenever asked. Always demand that salesmen and repairmen show identification.

You can protect your neighbors as well as yourself. Never mention to strangers that a neighbor lives alone or is at home alone.

When a stranger asks to use

the telephone, don't permit him inside. Offer to summon emergency assistance to make the call for him.

Should you receive a wrong number call, never reveal your name or address nor admit that you're alone. Don't give your phone number but ask what number he's calling. Don't prolong the conversation; hang up and notify the police if the call is obscene.

Keep windows secured or install window locks if left open for ventilation. Window locks can limit openings enough to prevent entry.

Draw window shades after dark and leave lights on in two or more rooms to camouflage your being alone.

Don't enter an apartment elevator with strange men; it's wiser to stay in the lobby for a few minutes. And never stay in a laundry alone.

A gun for protection is hazardous. Discuss the details of possessing a gun with officers at your local station.

Remember, if the criminal has a chance, he'll take the gun from you. Your best defense is prolonged loud screaming.

A good protective device is an electric buzzer which you can have installed to alert neighbors in case of an emergency.

If a door or window has been forced open or broken while you're gone, don't enter or call out; someone may still be inside. Instead use a neighbor's phone to call the police. Then wait outside until they arrive.

Never assume that suspicious persons, occurrences or vehicles have been reported to the police, but call them yourself at once. Post the police department's number by your telephone and call whenever danger threatens.

It's better to be embarrassed because of a false alarm than to risk being killed or injured.

George L. Jesko Dies In Amarillo

Funeral services for George L. Jesko, 41, of Amarillo, who died in Veteran's Hospital there Friday, June 23, were conducted from St. Laurence Catholic Church at 2:00 p.m. the following Monday.

He was born July 26, 1930 and was the son of Mr. and Mrs. Joe Jesko of the Lazbuddie Community.

Pallbearers were W.J. Coffman, Bruce Peters, Ray Burgess, J.D. Carthel, W.A. Ford, Frank Ownby, Jimmy Nabors and D.B. Ivy.

Honorary pallbearers were employees of Pantex Plant, Amarillo.

Survivors include his wife, Iona, two daughters, DeAnna and Tammy both of the home; his parents, Mr. and Mrs. Joe Jesko; one brother, Pete Jesko, Lazbuddie; and four sisters, Mrs. Betty Bagley, Amarillo, Mrs. C.W. James, Hereford, Mrs. Alfred Hoffman, Adair, Oklahoma and Mrs. James Acker, Tulsa.
 Burial was in Memorial Park Cemetery, Amarillo.

Steel against steel. A full size '72 Ambassador, with Custom Power Cushion Polyester tires, runs up and over the sharpened edges of steel cleavers.

POLYSTEEL CUSTOM POWER CUSHION TIRE

Steel belted tires so tough Goodyear backs them with a 40,000 mile tread life expectancy policy

40,000 Mile Tread Life Expectancy Policy

With proper care and normal driving, you will get at least 40,000 miles of tread wear from new, first-class Custom Power Cushion Polyester tires on your car.

If you don't get 40,000 miles—and provided you were the original buyer of the tires and they are still on the original car—bring the tires and the policy booklet (with recorded mileage readings) to

any Goodyear Service Store or Dealer in the United States or Canada. They will give you credit for mileage not received on the purchase of new Custom Power Cushion Polyester tires, based on Goodyear's "Pre-determined Price for Adjustment". A small service charge may be added. Copies of this policy are available at all Goodyear locations.

Goodyear builds it with two belts of steel cord for long-lasting resistance to impact and penetration. (You wouldn't run over steel cleavers the way we did here—but the demonstration illustrates how tough the steel belts really are.) Then Goodyear makes the long mileage easy to take, with a flexible polyester cord body to seal up the shocks.

Rays Of Dawn Has Meeting

The Rays of the Dawn study group met Thursday at 8 p.m. in the Library of Friona High School.

Jan Jameson served as moderator for a study and discussion of prejudice from "Rays of the Dawn."

The next meeting is being planned for July 20.

"We extend a special invitation to the 'Thinker' and those seeking an answer to the riddle of life to come and study with the Rays of the Dawn study group!" says Mrs. Daisy Jameson.

Public Invited To Lecture

The Friona Beam Club will present a Concept-Therapy lecture Sunday, July 16, at 3 p.m. in the Community Room of Friona State Bank.

The purpose of the lecture will be to explain what Concept-Therapy is and to show how each individual can benefit from this study.

The composite personality and the working of conscious and sub-conscious minds, are but two of the interesting subjects to be touched upon in the lecture.

"The public is cordially invited to come by for this one hour lecture! The lecture is free and of course there is no obligation!" says Mrs. Jerry Wickle, spokesman for the group.

Visitors In Hyde Home

Weekend visitors in the home of Mr. and Mrs. H.A. Hyde were Rev. and Mrs. Don Kimbrough and sons, Tip, Kip and Chris, who have been living in Tacoma, Washington, for the past several years.

Rev. Kimbrough has recently accepted pastorate of First Baptist Church in Vernal, Utah, and he and his family will soon be moving there. Miss Kimbrough is the former Eva Dean Hyde, daughter of the Hydys. Mrs. Haskell Bolding of West Palm Beach, Florida, another daughter of the couple, also visited in the home of her parents.

SUCH IS LIFE
All men are manufacturers—making good, making trouble, or making excuses.

Vows Exchanged Between Gwyn Moore, Steven Hanes

Wedding vows were exchanged between Gwyn Moore of Friona and Steven Hanes of Hart at 7:30 p.m. Monday, June 26 at Sixth Street Church of Christ.

The double ring ceremony was read by Loyd R. Smith of Hart before greenery trees connected with a matching arch and interspersed with blue carnations. The arch was centered with a white dove and matching doves were used on either side of the arrangement. Other church decorations were one pair of spiral candelabra, one pair of seven branched candelabra, one pair of candle arches, a kneeling bench and two bouquets of white glads.

Family pews were marked with white milk glass votive cups holding white tapers, which were surrounded by greenery and blue carnations and tied with blue satin ribbon bows.

Parents of the couple are Mr. and Mrs. Kenneth Moore, 1501 West Tenth Street, Friona, and Mr. and Mrs. C.C. Hanes, Route D., Nazareth, Texas.

Kenna Moore, sister of the bride, was the maid of honor. Bridesmaids were Lisa Moran, Childress, cousin of the bride, and Camilla Murray, Kress.

Miss Moore wore a formal length sleeveless gown of blue crepe designed with an empire waistline. The scooped neckline was accented by a large collar. She carried a nosegay of blue mums with greenery and green satin streamers.

Karen Moore, Chillicothe, cousin of the bride, was the flower girl.

The bridesmaids and flower girl wore gowns identical to the one worn by the maid of honor. Miss Moran and Miss Murray carried blue mum nosegays with greenery and matching satin ribbon streamers. The flower girl carried a white lace basket filled with blue flower petals.

Traditional wedding selections were presented by a group of singers from Lubbock. Homer Martin, soloist, sang "I Pledge My Love," "Whither Thou Goest," "Lord Bless and Keep You," "I'll Walk Beside You," and "Sweetheart Tree."

As the bride was escorted and presented in marriage by her father, she wore a formal wedding gown of ivory silk organza fashioned with Venice lace at the Victorian neckline, tiny tucks with appliques of embroidered Alencon lace on the long lantern sleeves, which ended in wide cuffs. Lace appliques encircled the empire bodice and were repeated on the

MRS. STEVEN HANES

A line skirt, which ended with a narrow band of Venice lace.

Her detachable chapel length train of imported silk illusion was edged with a matching band of Venice lace. Her full length mantilla was attached to a Juliet cap. She carried a Hogarth bouquet of stephanotis centered with a white orchid and tied with pique and satin streamers. Red roses, which were presented to her mother and mother-in-law, were also carried by the bride.

The bride also carried a lace handkerchief, which was an heirloom of the Hanes family and had been carried in weddings for many years; wore

pennies minted in the years of the birth of the bridal couple in her shoe and a blue garter to which miniature rice bags were attached. The garter was made by the groom's aunt.

The serving table for the reception in the fellowship room of the church was covered with a white net skirt over white scalloped satin and centered with a blue floral arrangement. Blue satin bows and streamers and two three branched candelabra completed the table decorations.

A three tiered wedding cake was served with punch, nuts and mints by Mrs. Ronnie Altman, Friona, and Mrs. Charles Hamilton, Canyon. Others in the houseparty were Beth and Cecilia Baker, Lockett, Texas, cousins of the bride.

Guests were registered by Susan Vestal.

Wedding guests from out-of-town included Mr. and Mrs. Loyd Smith, Hart; Mr. and Mrs. Baxter Pierce, Altus, Oklahoma; Mr. and Mrs. Thurman Hanes, Mr. and Mrs. Robert Sturgess and Mr. and Mrs. L.A. Todd and sons, all of Tipton, Oklahoma; Mrs. Elizabeth Sturgess, Stillwater, Oklahoma; Mr. and Mrs. Roscoe Raymond and Jerry, St. Jo, Texas; and Mr. and Mrs. Jim Raymond, Arlington, Texas.

Also Mr. and Mrs. Roy Moore and Mr. and Mrs. Roy Keith Moore and family, Chillicothe; Mr. and Mrs. Carl Moran, Vernon; Mr. and Mrs. Carl Moran Jr., Amarillo and Mr. and Mrs. Gale Moran and family, Childress.

For a wedding trip to Lake City, Colorado, Mrs. Hanes wore a long sleeved nylon beige blouse with lace ruffles on the neckline and cuffs and a long skirt, which was closed with miniature ball buttons, and the corsage which was lifted from her bridal bouquet.

Mr. and Mrs. Hanes are at home at 701 West Haisell, Dimmitt. She is a 1970 graduate of Friona High School and received a two year secretarial certificate from Lubbock Christian College in May. Hanes, who is a 1969 graduate of Hart High School, will be a senior at Lubbock Christian College this fall.

SNAPPY—In focus for fall is the shirt dress, interpreted in paprika red cotton corduroy by Ellen Tracy. Styled with long sleeves and tie belt, the dress also can be worn as a topper for long pants.

FRIONA STATE BANK

Convention Reports

Presented At Meeting

Members of "The Laws of Life" on the Beam Club meet Sunday afternoon in the Friona State Bank's Community Room.

Date Set For Drama Workshop

Definite arrangements have been completed for the drama workshop, which will be conducted by a former Frionan, Del Lewis.

Classes for different age groups and in different phases of dramatic productions will be held each day July 31 through August 12. There will also be evening classes.

These classes will be conducted in Friona High School. Fees will be \$10 per person or \$20 per family.

Registration will be limited. Persons interested in enrolling are asked by Mrs. H.K. Kendrick, chairman of Friona Fine Arts Council, to contact her.

Frionans

Return

Mrs. Lucy Welch, 1206 White Avenue, and Mrs. Steve Struve, 1215 White Avenue, returned home late last week after spending several days visiting relatives down state.

In Abilene they visited in the home of Mrs. Nora Welch, who is a sister of Mrs. Lucy Welch, and a former Friona resident.

Mrs. Nora Welch then accompanied the two Frionans to Austin for a visit with Mrs. Della Dagley.

Enroute home the group visited Mr. and Mrs. Fred Welch, who live on Lake Lyndon B. Johnson.

Prayer was led by Wade Jameson, the club's chaplain. Mrs. Jerry Wikle conducted a brief business meeting and Mrs. Daisy Jameson read the navigator's report.

Plans were made to host an informative program which will be held in the Community Room on Sunday afternoon, July 16, at 3 o'clock, to which the public will be invited.

Reports of the international "On The Beam Club" Convention, which was held in the Baker Hotel in Dallas the previous weekend, were given by Mr. and Mrs. Jerry Wikle and Mrs. Daisy Jameson, who attended from the local club. Mrs. Jameson read a citation for services above and beyond the call of duty and presented an award of commendation to Mrs. Dale Houlette. Both Mrs. Houlette and Mrs. Jameson received such an award during the international Convention. The awards of commendation are presented for outstanding efforts in assisting the concept-therapy study.

A study and discussion of the spirit, the soul, the mind and the body, which was taken from the Concept-Therapy text, was moderated by Jan Jameson.

The club's next regular meeting will be held on July 22, at which time a study of the emotion of jealousy and of its opposite, the emotion of duty, will be moderated by Jerry Wikle.

Engagements Announced...

PAMELA KAY HEMSTAD. . . . The engagement and approaching marriage of Pamela Kay Hemstad of New Orleans, Louisiana, and Mac Wesley Hancock III, son of Mr. and Mrs. Mac Wesley Hancock Jr., of Farwell, has been announced by her parents, Bruce N. Hemstad and Mrs. Marguerite Bruno, both of Destrehan, Louisiana. The couple plan to be married at 2 p.m. August 26 in St. Louis Cathedral, New Orleans. Miss Hemstad attended Soule Business College there and is presently employed by the United States government. Hancock, a 1967 graduate of Friona High School, is a 1972 graduate of Tulane University Law School and holds a bachelor of arts degree from Texas Tech University, Lubbock.

MARTHA CAROL MILLS. . . . Mr. and Mrs. L.E. Davis of Silverton have announced the engagement of their daughter, Martha Carol, to Marcum Maynard Greeson of Sublette, Kansas. Miss Mills, who has been teaching business in Friona High School the past two years, is a graduate of Silverton High School and West Texas State University, Canyon. Greeson, a graduate of Friona High School and West Texas State University, is a former manager of Tri County Elevator, Black. He is the son of the late Carl Greeson and the late Mrs. Lorene Greeson Dean. A September wedding in the home of the bride's parents is being planned.

JAN JAMESON. . . . Mrs. Daisy Jameson, Route 3, Friona, has announced the engagement and approaching marriage of her daughter, Bryanna Jan, to Edwin Maxwell of Amarillo. Miss Jameson is a 1970 graduate of Friona High School and a student at West Texas State University, Canyon. Her fiancé, who is a senior at West Texas State, is currently performing in "Texas." A garden wedding in the backyard of the home of Mr. and Mrs. Dale E. Houlette, 804 West Sixth on August 6 is being planned by the couple.

Shelton - Cordova Vows Exchanged In Local Church

Sherrie Melinda Shelton and Isidore Cordova exchanged wedding vows in the chapel of Friona United Methodist Church at 4:00 p.m. Friday, June 23. The double ring vows were

read by Rev. Charles Brady, pastor of First Methodist Church, Obion, Tennessee.

Two seven branched candelabra centered with a white satin kneeling bench and bouquets of yellow roses in silver compotes decorated the altar.

Parents of the couple are Mr. and Mrs. Tom Shelton and Mrs. Sara Vera.

Traditional wedding marches were by Mrs. Johnnie Walters, pianist, who also accompanied Janet Mingus, soloist, as she sang "Color My World." Miss Mingus, also played a flute solo.

As the bride was escorted to the altar and presented in marriage by her father, she wore a formal wedding gown of candlelight chiffon. It was designed with an empire waistline, which was re-embroidered with Alencon lace motifs. The motifs were repeated on the skirt. Her finger tip length veil of imported silk illusion was attached to a Juliette cap.

She carried a bouquet of stephanotis atop a white lace covered Bible. It was centered with an orchid corsage and tied with white satin ribbon love knots and streamers.

Janet Lee of Dallas, cousin of the bride, was the maid of honor. She wore a green and white check gingham formal and carried a nosegay of blue mums with blue satin streamers.

Glen Reber was the best man. Ushers were Sammy Medina, Lubbock, and Jimmy Shelton, Greenville, brother of the bride.

Dense Vera, sister of the groom, was the flower girl and rice bags were distributed by Tracy Lee, Dallas, cousin of the bride. They wore dresses identical to the one worn by the maid of honor. The flower girl carried a basket of blue flower petals.

The serving table at the reception in Fellowship Hall was covered with a white tulle cloth over blue. Wedding cake and punch were served with nuts and mints by Mrs. Jerry Teel and Jane Rushing.

Mrs. Matilde Martinez, maternal grandmother of the groom, was a special guest.

Out-of-town guests signing the register were Mrs. J.W. Lee and Tracy and Mike Thomas, Dallas; Jimmy Shelton, Greenville; Mr. and Mrs. Graham Prewelt and Christina Garza, Lubbock; Sammy Medina, Mr. and Mrs. Mike Caberreo, Agnes Martinez, Cynthia Aragon and Beverly Aragon, all of Canyon.

For a wedding trip to Lake Brownwood Mrs. Cordova wore a gold printed Ultrassa satin ensemble and the orchid corsage lifted from her bouquet.

Mr. and Mrs. Cordova, who are at home in the Tech Village Apartments in Lubbock, are junior merchandising and marketing majors at Texas Tech University. They are both 1970 graduates of Friona High School.

McLeans Visit

With Relatives

Mrs. James McLean and daughter, Kathy, returned home late last week after a visit with Mr. and Mrs. Don Wittenbach and son, Chris, in Chickasha, Oklahoma, and Jimmette McLean in Hammond, Indiana.

Mrs. Wittenbach and Chris accompanied Mrs. McLean and Kathy to Chicago, where Jimette met them. Then the group went to Hampton, Iowa for a visit in the home of Mrs. Gale Catherall and family. Mrs. McLean and Mrs. Catherall are sisters.

Several sightseeing tours were taken by the group.

Marion Clarks Have Visitors

Visitors in the home of Mr. and Mrs. Marion Clark, 907

Pierce Street, Monday were Mr. and Mrs. Norvin R. Brewer and daughter, Terri, of

Shreveport, Louisiana.

The Brewers, who are the mother-in-law and father-in-law of the Clark's daughter, were enroute to Denver to visit relatives.

FRIONA PARTS FALLS
Piggly Wiggly Hands
Title To Bill's TV

Thanks to an assist from Piggly Wiggly on the last day of the season, Bill's TV won the championship of the Junior Minor League.

Piggly Wiggly upended Friona Parts, 15-4 in the season finale, knocking Friona Parts out of a tie for first when it appeared that a co-championship was in the making.

Piggly Wiggly, which ended up third in the standings, had a lot to say about the standings. They came up with their best performance of the year, and even pulled off a triple play—only one of the season locally—to end the game.

The Pig-Wigs were off and running with a 7-0 lead in the first inning, batting around. It was 10-4 after three, and 15-4 when Friona Parts came to bat in the fourth, needing to score at least twice to keep the game from being called on account of the ten-run rule.

Friona Parts got their first three men on base by singles,

having the bases loaded and none out when the rare triple play came along. Pilo Castillo hit a fly which Piggly Wiggly second-baseman Joe Garcia caught. Garcia then tagged second base for a force and threw to first base for the third out to retire the side and end the game. Piggly Wiggly had nook up with the other front-runner, Bill's TV, in the best game of the season, scorewise, earlier in the week, won by Bill's by a 6-3 score. Both teams showed some good defensive play. Bill's put the side out without a score four times, and Piggly Wiggly held the league leaders scoreless twice in the five times they batted. Neither team batted around.

Friona Parts narrowly missed a loss on July 4th, having to come from behind to salvage a 13-11 win over Tasty Cream. Tasty Cream held a 10-8 lead after the third. Friona Parts scored two in the fourth and three in the fifth, to pull the game out of the fire from Tasty Cream, which only had one league win.

In the week's other game, Bill's TV held onto first place with a 13-2 win over Tasty Cream, wrapping up the decision in four innings.
