### Welcome, Fourth Estate

Midland this weekend is host to members of the West Texas Press Association at its first annual Spring Clinic, and the citizens of this Permian Basin headquarters city join in welcoming the visiting newspapermen and women and in wishing for them a most worthwhile session.

Business and entertainment features of the clinic are in charge of The Reporter-Telegram and the Chamber of Commerce. Everything possible will be done to see that the stay of the visitors in Midland is most enjoyable.

The West Texas Press Association serves a wide and fast-growing area, and is one of the most active press groups in Texas. Practically every West Texas newspaper is affiliated with the association which long has been a power in Texas newspaperdom.

Association members now face a tremendous responsibility in recording, day by day, the history of this vast For Overseas Administration territory, which is experiencing the greatest and most rapid growth and development in its history, and in keeping readers adequately informed as to current happenings in a troubled world. West Texas newspapers have accepted the responsibility and are going all-out in meeting the challenge. As a result, newspapers of this section now are better and stronger than ever before. Improvements points up what seems to be a great weakness in U.S. govhave been rapid as the press of West Texas has kept pace with the development of the area.

THE CHURCH FOR ALL ...

The Church is the greatest factor on earth for

the building of character and good citizenship.

It is a storehouse of spiritual values. Without a

strong Church, neither democracy nor civilization

can survive. There are four sound reasons why

every person should attend services regularly

and support the Church. They are: (1) For his

own sake. (2) For his children's sake. (3) For the

sake of his community and nation. (4) For the

sake of the Church itself, which needs his moral

and material support. Plan to go to church regu-
