Strike Prospects Strengthened For Dollarhide Wildcat

Recovery of a large amount of free oil on the third Devonian drill-stem test by Magnolia Petroleum Company No. 10-2 Cowden strengthened the probability of a discovery from that horizon in Southwest Andrews County, two miles east of the Dollarhide field.

The examination was for four and one-half hours at 10,988-12 feet, using a 1,460-foot water blanket. Gas showed at the top in one hour and 25 minutes. Recovery was the water blanket, cut with gas, followed by 370 feet of heavily oil and gas cut drilling mud plus 3,600 feet of 39.1-gravity oil. There was no formation water reported.

Flowing bottom hole pressure was 1,200 pounds and 15-minute shut-in bottom hole pressure, 3,325 pounds. The venturi was last reported taking a drill-stem test at 10,118-145 feet in the Devonian.

The current formation has yielded 450 feet of clean oil on a test at 10,033-90 feet and 180 feet of clean oil at 10,020-90 feet.

Originally, the development was scheduled to drill ahead to the Ellenburger. Whether that procedure will be carried out or whether the project will consist of the Devonian has not been revealed. It is 680 feet from north and east lines of section 12, block A-35, 35 survey.

Test In Santa Rosa Has Gas, Distillate

Signs of gas and distillate production in the Santa Rosa-Ellenburger of Northwest Pecos County resulted from a drill-stem test at Slick Oil Company, C. W. Chadwick, J. C. Williamson and Alvin Ataway No. 1 Perless, 1,220 feet from south and west lines of section 106, block 8, H&GN survey.

The test was run for one and one-half hours at 8,197-943 feet in the Ellenburger, with two packers set above total depth of 9,500 feet. Gas showed at the surface at the rate of 400,000 cubic feet per day.

Recovery was 270 gallons of gas and distillate cut drilling mud. Operator was running pipe to make production tests and attempt completion.

Hiawatha Tests At Pecos Prospector

Hiawatha Oil & Gas Company drill-stem test its No. 1 Tress, outpost to the Santa Rosa-Ellenburger gas and distillate pool in Northwest Pecos County, for 30 minutes at 7,862-90 feet.

A 1,000-foot water cushion was used. A weak blow of air held at the top for seven minutes, then died. The test recovered the water cushion and 10 feet of drilling mud, with no shows of oil, gas or water.

This prospector, 660 feet from north and 330 feet from east lines of northwest quarter of section 90, block 8, H&GN survey, was making more hole through shale.

Abercrombie To Drill 2,000 Feet In Pecos

Location was staked for a 2,000-foot, rotary tool wildcat in North-Central Pecos County by J. S. Abercrombie of Houston.

It will be his No. 1 Ludie Love, et al., spotted 330 feet from north and east lines of section 106, block 8, H&GN survey. That puts it about 1 1/2 miles southeast of Grandfalls. Elevation is 2,440 feet.

Drilling operations are scheduled to begin within 20 days.

Prospector Slated In Taylor-Link Area

Ramon Development Company of San Angelo is to drill a semi-wildcat in the Taylor-Link area of Northwest Pecos County at its No. 1 Northeast Quarter Section Thirty.

The drill-site is 990 feet from north and east lines of section 30, block 16, University survey, about two miles north of the town of Balesfield.

Starting immediately with cable tools, 2,000 feet of hole is to be made.

Drillites Staked For 20 Ventures In Post

E. E. Ostrom of Ogilvie and E. E. Rainwater of Longview have staked 20 semi-wildcats in the townsite of Post as north outposts to the Garza field of Central Garza County. These prospectors are projected to 3,200 feet with rotary tools.

E. E. Ostrom No. 1 V. J. Guthrie will be 10 feet from south and 60 feet from east lines of lot 11, block 145, section 1227.

E. E. Ostrom No. 1 R. C. Pierce is to be 20 feet from north and 40 feet from west lines of lot 4, block 145, section 1227.

E. E. Ostrom, et al. No. 1 Mrs. T. O. Bowen is located 20 feet from west and 40 feet from north lines of lot 15, block 154, section 1227.

E. E. Ostrom, et al. No. 1 D. Jackson was staked 30 feet from west and 40 feet from north lines of lot 2, block 138, section 1227.

E. E. Ostrom No. 1 A. E. Page will be 150 feet from east and 170 feet from west lines of section 1228, E. Aycock survey.

More Ventures
E. E. Ostrom No. 1 C. E. Adams was staked 60 feet from south and 50 feet from east lines of lot 20, block 118, section 1227.

E. E. Ostrom No. 1 W. W. Ste... (Continued on page 6)

Father Prays For Trapped Tot

(NEA Telephoto) David H. Fiscus, center, father of three-year-old Kathy Fiscus, prays over the 14-inch iron well casing into which the girl fell. Rescuers found and removed the child's body from the well after 52 hours of frantic effort. Physicians said Kathy died by drowning shortly after she fell into the shaft.

Trapped Tot Found Dead In Well Shaft

By BILL BECKER and GRAHAM BERRY
SAN MARINO, CALIF. — (P) — The world is a little sadder Monday. Little Kathy Fiscus was brought up dead from her well tomb after 52 hours.

All mothers and fathers shared in some measure the grief that overcame David and Alice Fiscus when the body of their two-headed three-year-old was found lying in water, wedged about 100 feet down in the 14-inch pipe. The announcement, at 10:58 p.m. (CST) Sunday, of death by drowning brought to a tragic end the tireless digging of weary rescuers and the anxious waiting of sympathizers everywhere.

LOG OF EVENTS IN RESCUE EFFORT

SAN MARINO, CALIF. — (P) — Here is the log of events in the fall of Kathy Fiscus, three, into an old well and the all-out rescue efforts which followed:

FRIDAY
4:45 p. m.—Kathy falls in the well in a vacant lot.
5 p. m.—Mrs. Alice Fiscus, Kathy's mother, calls police.
5:45 p. m.—Efforts to raise Kathy with ropes fail.
6 p. m.—Power equipment begins digging parallel hole.

SATURDAY
6:30 p. m.—Kathy's cries cease.
7 a. m.—Diggers reach 57-foot level, start lateral tunnel.
11:30 a. m.—Rescuers say they believe they see piece of dress and motionless arm in well pipe.
Noon.—Wide-mouthed excavation abandoned in favor of another smaller hole on opposite side of well pipe.
10:30 p. m.—Complete work of placing steel casing in 104-foot shaft.

SUNDAY
6:45 a. m.—Water flows into warm Palm Sunday as O. A. Kelly cut through the old casing from the bottom of a rescue shaft sunk parallel to the well.
11:45 a. m.—Pumping speeded up to lower water level in lateral tunnel.
2:15 p. m.—Reach well pipe and cutting starts.
8:12 p. m.—Bill Yancey is lowered into the rescue shaft on a bucket on the end of a cable. Dr. Robert McCulloch tries on parachute-type harness preparatory to following Yancey.

8:58 p. m.—Dr. Paul Hanson announces Kathy dead.
9:47 p. m.—Her little body removed.

National Affairs
Conference Slated Here Tuesday Night
Reservations still are available for the area conference on national affairs to be held at 7 p. m. Tuesday in the Crystal Ballroom of Hotel Scharbauer, Delbert Downing, Chamber of Commerce manager, said Monday.

He urged Chamber members and other interested citizens to make reservations promptly for the dinner-meeting sponsored by the Midland C. of C. and the Chamber of Commerce of the United States.

National affairs proposals now before Congress will be discussed at the session, which is open to the public.

Speakers include M. C. Ulmer, Midland banker and civic leader; Tom V. Watson, Dallas, national affairs advisor for the U. S. C. of C.; and H. J. Dollinger, Dallas, assistant manager of the Southwestern Division of the U. S. Chamber of Commerce.

Proposals to repeal the labor-management act of 1947, to increase minimum wages by federal law, to nationalize the medical profession, to amend the agricultural price support program, and to impose sweeping controls over the nation are the main topics of discussion.

* LATE NEWS FLASHES *

WASHINGTON — (AP) — The Senate Armed Services Committee Monday demanded drastic military budget revisions on the ground the defense setup is "permeated with waste and inefficiency."

BELGRADE, YUGOSLAVIA — (AP) — The Third Congress of the "People's Front" of Yugoslavia Monday formally condemned what it termed the campaign of "lies and slander" directed by the Communist against Premier Marshal Tito and his government.

WASHINGTON — (AP) — Congressional hearings on bills to exempt professional sports from anti-trust regulations, scheduled for April 14, Monday were postponed indefinitely.

WASHINGTON — (AP) — A dairy spokesman Monday told the Senate Finance Committee a House-passed bill jinking federal taxes on oleomargarine would bring about "butterlegging" on a scale reminiscent of bootlegging in the prohibition era.

Going Down

(NEA Telephoto) Two workmen are lowered into an excavation dug beside a 120-foot well shaft in San Marino, Calif., in a futile attempt to rescue three-year-old Kathy Fiscus, trapped 100 feet below the surface of the earth. Albert Linnel, right, and John Inhart, left, drove a lateral shaft from the bottom of the excavation to the rusty, 14-inch casing through treacherous, sandy soil.

Communist Troops Reported Crossing River Near Nanking

NANKING — (P) — The official Chinese News Agency reported late Monday a handful of Communist troops had crossed from the Yangtze's north bank to an island near the south bank.

It was the second probing across the big river in 24 hours, despite semiofficial reports the Communists had postponed until Friday the deadline for their threatened invasion of South China.

The military agency said 10 boatloads of Red soldiers crossed the main stream 65 miles east of Nanking and "some of them" reached the unidentified large island close to the south bank. It said Nationalist troops rushed onto the island to combat the enemy.

Meanwhile, semi-official sources insisted the Reds had put off until Friday the deadline for a government answer to surrender demands.

Originally the answer to the Red demand for virtual surrender of government troops was due Tuesday.

Assurances have been given, Chinese sources said, that the Reds will not cross the Yangtze River before Friday.

Government leaders pondered their answer during the day. No decision was announced here. Residents who were able deserted the capital.

The sound of artillery fire was audible in Nanking Sunday night, and the capital was jittery.

Retailers Meeting Slated Wednesday

A mass meeting of Midland retailers will be held at 4 p. m. Wednesday in the Crystal Ballroom Hotel Scharbauer, Henry Murphy, chairman of the Retailers' Committee of the Chamber of Commerce, said Monday.

Several matters of importance to all merchants are to be discussed. All retail merchants of the city are invited and urged to attend.

U. S. Plans Rival For 'Queens'

Here is a model of the proposed \$70,000,000 American transatlantic liner, largest ever constructed in the U. S. Accommodating 2,000 passengers, or 15,000 troops in time of war, the 48,000-ton ship will be 600 feet long and have a speed of more than 28 knots. Proposed for the U. S. Lines, it will be slightly smaller than Britain's "Queen" ships, the Elizabeth and Mary.

Atomic Body Fund Request Also Slashed

WASHINGTON — (P) — A half-billion dollar cut in Veterans' Administration funds highlighted a \$7,576,886-231 multi-agency money bill approved Monday by the House Appropriations Committee.

The bill carries funds for the fiscal year beginning July 1 for 28 so-called independent agencies, including \$5,145,431,940 for the Veterans' Administration and \$1,090,120,397 for the Atomic Energy Commission.

Every agency in the bill shared in the overall reduction of \$784,680,599 from the presidential budget requests for \$8,311,566,830, but the Veterans' Administration took the deepest slash.

The bill's total includes \$7,104,571,603 in cash and \$472,814,628 in contract authorizations for which future appropriations may be required. The President had asked for \$7,576,886,830 in cash and \$536,000,000 in contract authority.

Not only did the committee upset the President's budget on the money items, but it refused to follow his Budget Bureau's recommendation for cancellation of \$27,000,000 in previously authorized veterans' hospital construction.

It even cut the Budget Bureau's own budget. But even with the overall \$806-750,000 reduction, the total VA fund would be \$14,971,940 more than Congress gave the agency this year. However, the committee said, the VA will have about \$50,000,000 less to spend next year than it had this year because some of the new funds will be used during the remaining months of this fiscal year.

East House Un-American Activities Committee said there is no way to determine accurately the exact needs of some of the programs.

In refusing to go along with the Budget Bureau in cancelling \$27,000,000 in hospital building authority for which the money has not yet been provided, the committee said the President could decide what part of the construction program should go ahead.

The Atomic Energy Commission's share of the bill is \$1,090,120,397, consisting of \$702,930,709 in cash and \$387,189,688 in contract authority. The President wanted \$740,000,000 cash and \$427,000,000 in contract authority.

About one-third of the commission's program for next year involves weapons and reactor development which the committee said should not be cut because they deal with "our first line of defense."

There was no further explanation.

Backers Undismayed At Bi-Partisan Plan To Slash ERP Funds

WASHINGTON — (P) — A Democratic step-up Monday to sponsor a 10 per cent fund cut as the House pushed toward a showdown on the new European Recovery Program.

That gave the campaign in the House for a cut in bi-partisan spirit. But backers of the second installment on the Marshall Plan insist they have the votes to block any major slash.

Rep. Preston (D-Ga.) told reporters he is going to try for a reduction of about 10 per cent of about \$600,000,000. Rep. Lawrence E. Smith (R-Wis.) already had announced he would attempt a similar cut, applied a little differently.

There were similar efforts in the Senate to cut the \$5,500,000,000 authorization but they failed.

Even the House people who favor to lower the amount say they want aid to Western Europe for another 18 months. And many of those who are against a bill of any size concede they are going to get licked.

The House moved Monday's session up an hour, to 10 a. m., to push off 50 minutes of debate and then start the bill through the amending process.

A vote on passage was possible late Monday, and that was the goal. But many members figured the decision would go over at least until Tuesday.

Then there will have to be a compromise with a \$5,500,000,000 bill passed by the Senate Friday. And after that the cash must be applied in a separate appropriation bill.

Independent Oilmen's Hearing Set May 25-26

WASHINGTON — (P) — Problems of independent oil operators will be heard in Dallas May 25 and 26 in the House Small Business Committee.

Chairman Patman (D-Texas) announced the hearing date Sunday night. He said it seems he has received indicated the need for an investigation to explore the need for assistance to independent oil men.

Five Major Hitler Officials Convicted

NUERNBERG, GERMANY — (P) — Five of Hitler's top government officials were convicted by a U. S. War Crimes Court Monday of helping him plan aggressive war.

They were the first Germans to be convicted of war plotting by an all-American court. Not since the International Military Tribunal convicted Hermann Goering and 18 other high Nazis nearly three years ago had any German been found guilty on this charge.

Monday's verdicts began the final act of this last war crimes trial before an American court.

One of those convicted was Baron Ernst von Weizsaecker, state secretary in Hitler's Foreign Office and one time Nazi ambassador to the Vatican. He was found guilty of plotting aggressive war against Czechoslovakia. Others were:

Wilhelm Keppeler, 68, Hitler's economic adviser and founder of the "Circle of Friends" of the Gestapo chief, Heinrich Himmler.

Ernest Woermann, 61, chief of the Political Division of the foreign office.

Sentences Due Thursday
Henrich Lammer, 68, one-eyed chief of Hitler's Reich Chancellery, described by the court as one of the most powerful men in the Nazi hierarchy.

Paul Koerner, 55, industrialist who was Goering's deputy in the four-year plan. The court said his job was to "make Germany ready for war in four years."

The sentences probably will be announced until Thursday, when the three-judge court completes reading its 833-page finding.

Twenty-one defendants were tried on seven different counts, of which plotting aggressive war was the first. Nine defendants were acquitted of this charge. The other seven were not accused under it.

The 21 defendants all were diplomats or high officials of the Nazi government. The prosecution called them the "core of Nazi conquests" without whom Hitler could not have waged his war.

James Forrestal Reported Resting In Naval Hospital

WASHINGTON — (P) — Former Secretary of Defense James Forrestal was reported in "satisfactory condition" Monday at the Naval Medical Center at nearby Bethesda, Md.

Hospital authorities said Forrestal, who became a patient there a week ago, was resting comfortably. The hospital said he was undergoing a routine checkup. Former associates said over the weekend he is suffering from nervous exhaustion.

Forrestal, 57, retired from the top defense post March 28. He was succeeded by Louis Johnson.

Ken Regan To Have Operation Tuesday

WASHINGTON — (P) — Naval Hospital physicians said Monday Rep. Ken Regan, (D-Texas) will undergo an operation Tuesday for removal of a gallstone.

The congressman entered Bethesda Naval Hospital Sunday.

The congressman and his wife Saturday night entertained at a reception in their home attended by several scores of the leading congressional and diplomatic officials in Washington. His condition generally is good.

April Shower Falls On Midland Monday

Midland received a cooling April shower of rain Monday morning. Gauge of the OGA station at Midland Air Terminal recorded .10 of an inch of precipitation. Only early risers in Midland saw the brief shower.

Attend church tonight, Near Vernon Yearly church, gospel message, "The Sin That Damns," 8 p.m. First Baptist Church. (Adv.)

Whaley To Address Midland Businessmen

Porter A. Whaley of Austin, president of the Texas Association of Employers, will lead a discussion on legislation, state and national, affecting employers, at a meeting of Midland businessmen at 7 p. m. Monday in Hotel Scharbauer. The meeting is open to the public. Whaley is a former West Texan and was the first president of the West Texas Chamber of Commerce.

Tea was popular in China 2,000 years ago.

Pledges Feted At Iota Beta Chapter's Tea

Pledges of the Iota Beta Chapter of Beta Sigma Phi were honored at a tea given in the home of Mrs. W. H. Sloan, chapter sponsor, Sunday afternoon. The tea was an informal one, and members of the chapter took turns pouring and greeting callers.

Yellow roses, the sorority flower, centered the table and other flowers in the home stressed the Beta Sigma Phi colors, black and gold.

Pledges present were Mrs. Joe Mima, Mrs. Charles Patterson, Mrs. R. H. Frizzell, Jr., Mrs. J. Godfrey and Mrs. George Hyatt. A guest was Mrs. Willie Harding.

Members present were Mrs. John D. Beal, Mrs. George Woody, Mrs. Alton Brown, Mrs. Harold Robinson, Nellie Clark, Lafara Harrison, Melba Knipping, Lou Lemley, Myra McReynolds, Norma Middlebrooks, Clyde Farnely, Dorothy Raines, Mrs. Clyde Pederson, Mrs. Walter Jasper, Mrs. Otto Wink and Mrs. Delo Douglas.

BELMONT BIBLE CLASS HAS REGULAR MEETING

Chronicles 23-24 were the lesson chapters Mrs. W. L. Sutton taught at the Belmont Bible Class meeting Friday night in the home of Mrs. W. P. Collins, 710 South Weatherford Street.

Members answered roll call with a memory verse, preceded by a prayer by Mrs. W. G. Attaway; Mrs. H. E. Skipper presided at a short business session. Mrs. C. L. Nelson closed the study with prayer.

Committees Thanked As Clubs Review District Convention

Like a hostess whose guests have gone after helping to make the party a success, club women of Midland this week are talking over the convention of Eighth District Federated Women's Clubs which closed here Saturday and expressing gratitude to those who made the preparations and kept the convention program moving smoothly.

Official registration of delegates, board members and visitors totaled 275 for the three days of the convention. Nearly 400 women attended the tea Friday afternoon in the Fred Turner home.

Presence of a board member of the General Federation of Women's Clubs, several officers of the Texas Federation of Women's Clubs headed by Mrs. J. J. Perry of Sweetwater, state president, and visitors from other districts added interest to the program.

Thanks From President

Mrs. W. G. Epley, president of the Midland Woman's Club, which was state president, and visitors from other districts added interest to the program.

M. C. Ulmer To Speak At Lamesa Meeting

M. C. Ulmer, president of The First National Bank, and DeWayne Davis, assistant manager of the Midland Chamber of Commerce, will be in Lamesa Monday night, where Ulmer will be the keynote speaker at a district conference on national affairs. The meeting is sponsored by the Lamesa Chamber of Commerce and the Chamber of Commerce of the United States.

"The Citizens State in National Affairs" will be the subject of Ulmer's address.

More than 150 persons have indicated they will attend the affair, according to Mrs. Louise McCall, manager of the Lamesa Chamber. Connally Baldwin is president of the Lamesa organization.

Information, Mrs. L. E. Patterson. Tickets, Mrs. F. N. Shriver. Mrs. Grace Wallace and Estella Brown. Midland chapter of district election committee, Mrs. John Casselman. Pages, Mrs. Donald Oliver, Jr., Mrs. John McKinley, Mrs. John B. Mills, Mrs. H. H. Redding, Mrs. B. R. Mathews, Mrs. K. C. Slough, Mrs. Carl Westlund, Jane Marie Johnson and Alleen Maxwell.

Presidents' Dinner decorations, Mrs. Ben Black, Mrs. George Byrne, Mrs. Tom Sealy, Mrs. Sol Bunnell, Mrs. R. Vosatko and Mrs. Wilson Bryan. Luncheon decorations, Mrs. Winston Hull, Mrs. James T. Smith, Mrs. J. W. Thomas, Mrs. Charles Sherwood, Mrs. Charles Marsh, Mrs. M. D. Dickerson and Mrs. Lamar Lunt.

Breakfast, Mrs. Harry Rhodes, Mrs. D. E. Jernson, Mrs. Vernon Yearby, Mrs. Jack C. Jones, Mrs. Zeb Wilkins, Mrs. Ernest Nell, Mrs. John B. Mills, Mrs. James Daugherty, Mrs. H. H. Redding and Mrs. Clint Duman.

Coffee, Mrs. T. S. Edrington, Mrs. Grace Wallace, Mrs. G. C. Hughes, Mrs. Guy Cowden and Mrs. J. W. Starr. Tea, hospitality committee of Fine Arts Club: Mrs. Y. D. McMurry, Mrs. George Kay, Mrs. E. H. Barron, Mrs. E. R. Scharbauer and Mrs. Ralph Oberholzer.

Mrs. Tolbert Suffers Setback

Midlanders received a message that Mrs. Gladys Tolbert, veteran teacher who broke her hip in a fall here last winter, had suffered a setback and surgery would be required to put a pin in a broken bone.

Mrs. Tolbert is in the Spartanburg General Hospital, Room 128, Spartanburg, North Carolina.

The message was received April 7 by Frank Monroe, superintendent of schools.

Midkiff In Hospital With Fractured Arm

Bill Midkiff, 23, son of Mr. and Mrs. Tyson Midkiff, is confined to the Western Clinic-Hospital with a fractured arm received Sunday at Crane.

Midkiff was performing in the roping contests at Crane when he was thrown or fell from his horse.

Junior Music Club Program Featured By Forum Discussion

A round table discussion led by Wanda Moore reviewed the facts about famous composers which members of the Moment Musical Junior Music Club have learned this year. It was a program feature at the Saturday morning meeting of the club in the Watson Studio.

Also on the program were a piano solo, "April Blossoms," by Linda Bresh and an accordion number, "Yvonne," by Martha Nella Chastain. Members sang "Happy Birthday" to Trudy Symes, with Judy Orsen at the piano.

Juanda Bradshaw and Barbara Timmons were in charge of attendance cards, and Carolyn Gray served as critic. Members of the club are working now for their annual Spring program which will be presented June 2 and 3.

Others present at the meeting were Gwendolyn Campbell, Katrina Shelburne, Ann McFarland, Loraine Carlsen, Louise Ervin, Marjorie Walker, Cynthia Dupuy, Robert Gray, Katherine Barnes, Jimmie Masburn, Hope Russell, Diane Perkins, Eddy Bubanks, Barry McGowan, Jan Houck, Patricia Wilkerson, Rhyer Walker, Paty Chambers, Joe Taylor, Marilyn McGowan, Robinette Curry, Deneva Merrill, Wanda Steple and Janelle Cloninger.

Jester Undecided On Tech Board Members

AUSTIN—Gov. Beauford H. Jester said Monday he is not able to say now who will be named to fill three vacancies on the Board of Texas Tech.

He said he did not know when he would be in a position to announce appointments for places on the board. Terms of three members have expired.

The tech board was meeting here Monday.

AUTOMOBILE FIRE

An automobile fire resulted Sunday on West Wall Street after a car was stopped which was being driven with the emergency brake on.

Coffee consumption in the United States now averages more than 17 pounds per person, including children.

★ THE DOCTOR SAYS ★ Glandular Fever Often Mild; Believed Caused By Virus

By EDWIN F. JORDAN, M. D.
Written for NEA Service

Glandular fever or infectious mononucleosis, as it generally is known by medical men, probably is caused by an infection, very likely a virus.

Slight loss of appetite and vague pains here and there are common early symptoms. Slight fever is the general rule. In some people there is nausea, vomiting and a little pain in the abdomen. In mild cases there may be headaches and lack of pep. Enlargement of the lymph glands in the neck, in the armpits, groin, and elsewhere is common.

The blood shows changes which are important in making the diagnosis. The number of white cells in the blood, sometimes called the leukocyte count, is increased. When the blood is smeared on a glass slide, stained and examined under the microscope, it will show a peculiar type of cell which was formerly called a monocyte which has given its name now applied to the disease.

Diagnosis Difficult

Except for these cells and a complicated special test of the blood called the heterophile antibody test, the symptoms of infectious mononucleosis are like those of many other conditions. For this reason the diagnosis is often long delayed and sometimes not made at all.

Infectious mononucleosis is particularly common in young people. It is difficult to tell how long the condition will last because the beginning is often so vague. In most people the fever, however, lasts less than two weeks, though in a few it may persist for a long time.

There is no good treatment for infectious mononucleosis nor is treatment particularly important because the disease is usually mild and recovery usually takes place without treatment in a short time. However, some may feel rather run down for a long time.

THE DOCTOR ANSWERS
By EDWIN F. JORDAN, M. D.

QUESTION: I have had a bad smelling breath which has caused me much embarrassment. What can be done for this?

ANSWER: The cause must first be found. There are many possible causes for bad breath. The cause may lie in the mouth itself, bad teeth or bad gums, or there may be some organic cause elsewhere in the body, particularly the digestive tract or the lungs. Finally, bad breath is sometimes caused by smoking or by food or drink.

The British Empire is the biggest producer of cacao, with Brazil second.

AT YOUR SAFEWAY STORE

The telephone company's cost of living in Midland has gone up, too!

When the telephone company goes to market today, it finds, just as you do, that the cost of living has gone up.

While you buy food, clothing, and fuel, the telephone company fills its market-basket with poles, trucks, cables and copper wire. Here is what has happened to the cost of these items since 1940:

A telephone pole that cost \$6.30 in 1940 now costs us \$18.11!

Trucks are up 80 per cent!

Copper wire has gone up 105 per cent! Lead is up 240 per cent!

In addition, the payroll—more than half the cost of furnishing telephone service—is almost six times as high in Midland today as it was in 1941.

Yes, telephone revenues are up, too, for there are more telephones in use today in Midland than ever before.

But expenses have risen faster than revenues, and the telephone company is operating the Midland exchange at a loss. We are not collecting enough money for telephone service in Midland to pay the actual cost of furnishing it.

To put earnings on a sound basis, an adjustment in telephone rates which were established 20 years ago is necessary if we are to continue to enlarge the telephone system to furnish mere and better telephone service to the people of Midland.

SOUTHWESTERN BELL TELEPHONE COMPANY

Easter Clothes Made For Club's Protege

Easter clothing for a seven-year-old girl in a Lubbock orphanage, whom the Sunshine Makers 4-H Club has "adopted" for the year, was made when the club girls met Saturday in the home of Doris Mason for an all-day sewing session.

Present were Betty O'Neal, Lela Newwood, Mary Lynn Manning, Darlene Brunson, Mrs. B. L. Mason, Mrs. Nettie B. Messick, and in the afternoon, Jerry Fay Bissell and the club sponsor, Mrs. Bennie Bissell.

STORY PRESENTED FOR CHILDREN AT LIBRARY

Children at the weekly Story Hour in the Midland County Library Saturday morning heard the story, "Hook and Ladder No. 3," Martin. Those present were William Snell, Richard Snell, Johnny McKinley, Marjorie Jo Crisman, Patricia Wallis, Donald Stephenson, Charles Sablin, Tommy Brown, Jimmy Smith, Carol Cooper, Cynthia Parkinson, Miriam Parkinson, Bill Parker, Jackle Seyer, Billie Donnell, Charles Henderson, Stephen Henderson, Bobby Shuffler, Anita Frizzell, Olivia Rayburn and Carol Walker.

+ Coming Events +

TUESDAY
Delta Delphian Society will meet in the Palette Club Studio, 604 North Colorado Street, at 9:30 a.m.

Altrusa Club will have a dinner meeting in the Private Dining Room of the Scharbauer Hotel at 7 p.m.

South Elementary Parent-Teacher Association will meet in the school auditorium at 2:30 p.m.

Order of Eastern Star will have a meeting in the Masonic Temple at 7:30 p.m.

The Circle Eight Square Dance Club will meet in the American Legion Hall at 8 p.m. This will be a members-only dance.

West Elementary P-TA will meet at 3:45 p.m. in the auditorium. An executive meeting is scheduled at 2:45 p.m. in the principal's office.

The Twentieth Century Study Club will meet in the home of Mrs. L. E. Patterson, Jr., 1806 West Michigan Street, at 3:30 p.m.

Mrs. Russell Holster, 2007 West

College Street, will be hostess to the Perennial Garden Club at 8 p.m.

The Methodist Men of the First Methodist Church will have a meeting in the Educational Building at 6:30 p.m.

Tejas Garden Club will sponsor a benefit party in the home of Mrs. N. A. Lancaster at 2:30 p.m. for members and their guests.

Circle 5 of the First Presbyterian Women of the Church will meet at 9 a.m. with Mrs. R. C. Spivey, 507 Cuthbert Street; Circle 6 at 9:15 a.m. with Mrs. W. T. Hays, 608 West Kansas Street; Circle 7 at 9:15 a.m. with Mrs. Frank Stubbeman, 1502 West Texas Street.

Kappa Alpha Theta Alumni Association will meet at 2 p.m. with Mrs. A. C. Bulnes, 607 North D Street.

A Pan-Hellenic Council meeting is announced for 10 a.m. in the home of Gene Ann Pettit, 1901 West Michigan Street.

WEDNESDAY

Mrs. Thornton Hardie, 804 West Kansas Street, will be hostess to the Zeta Tau Alpha Alumnae meeting at 3 p.m.

The Pine Arts Club will meet with Mrs. J. G. Carner, 2005 West College Street, at 2:30 p.m.

The Progressive Study Club will meet with Kenneth Newton, 2104 West Missouri Street, at 3 p.m.

Members of the Boone Bible Class of the First Methodist Church will have a luncheon in the Educational Building at 12:30 p.m.

The First Methodist Church will have choir rehearsal in the church at 7:15 p.m.

Boy Scout Troop 152 will meet in the First Methodist Church at 7:30 p.m.

Lula Brunson Class of the First Baptist Church will meet at 12:30 p.m. for luncheon in the Social Hall of the church.

Parish Workers of the Grace Lutheran Church will meet at 1:30 p.m. in the church.

THURSDAY
Mrs. W. C. Mitchell and Mrs. S. L. Graham will be hostesses to the Laredo Bridge Club in the Ranch House at 1:30 p.m.

The Palette Club Studio, 604 North Colorado Street, will be open all day for members. A covered club luncheon will be served at noon.

Holy Communion will be held at the Trinity Episcopal Church at 7 p.m. Confirmation classes for adults will follow at 9 p.m.

Alumnae members of the Delta Delta Delta Sorority will have a meeting in the home of Mrs. Clifford W. Matthews, 1002 North Lorraine Street, at 10 a.m.

West Side Home Demonstration Club will meet at 2 p.m. in the home of Mrs. L. N. Shorck, 1404 West Michigan Street.

Mrs. Erwin Wilson, 1200 North Terrell Street, will be hostess to the Past Time Sewing Circle at 2:30 p.m.

DTY Sewing Club will meet at 3 p.m. with Mrs. John Sewell, 1402 West Ohio Street.

West Elementary Parent-Teacher Study Group will have its final meeting at 9:30 a.m. in the home of Mrs. H. C. Rowland, 1802 West Ohio Street.

Iota Beta Chapter of Beta Sigma Phi will meet at 7:30 p.m. with Mrs. John W. Rhoden, Jr., in her home, 906 West Kentucky Street.

Craft Group of the American Association of University Women will meet at 7:30 p.m. in the home of Mrs. F. D. Douglas, 1401 North Lorraine Street.

FRIDAY
Members of the BS chapter of P. E. O. will meet for a business session in the home of Mrs. James E. Sprinkle, 305 South Pecos Street, at 1 p.m.

Meditation services will be held at the Trinity Episcopal Church from 1 until 2 p.m.

Holy Communion will be observed at the First Methodist Church at 7 p.m.

SATURDAY
Confirmation classes for young adults will be conducted at the Trinity Episcopal Church at 10 a.m.

An Easter Egg foray will be held for pre-school children of the Trinity Episcopal Church at 3 p.m.

Children's Story Hour at the Midland County Library will start at 10:30 a.m. in the Children's Room.

Moment Musical Junior Music Club will meet at 11 a.m. in the Watson Studio.

Choir practice in the Calvary Baptist Church will start at 7:30 p.m.

Den Mothers Meeting Scheduled Monday

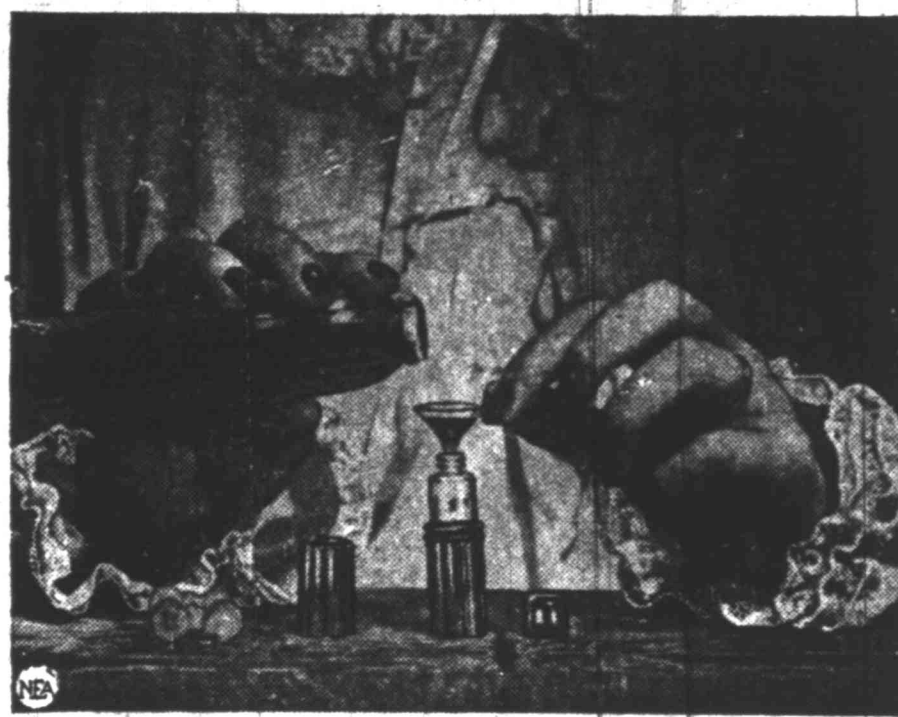

Den mothers of all Midland Cub Scout units are invited to attend a meeting at 7:30 p.m. Monday in the Buffalo Trail Council Boy Scout office when a film on Cub Scouting will be shown. Others interested in the program also are invited.

"The Cub Scout in the Home, in the Den, in the Pack" is the title of the film.

Those attending will receive credit in the Den Mother training course.

A "Permanent Inter-American Committee for the Campaign Against the Locust" was formed by eight Latin-American nations in Buenos Aires last July.

Tiny Funnel Re-Fills Purse Flacon

Tiny glass funnel simplifies the re-filling of the purse-sized container with perfume from the larger bottle. Container is fitted with leak-proof top and protected by metal case.

By ALICIA HART
NEA Staff Writer

Purse-sized perfume containers make a logical bid for space in a hand-bag because perfume, like make-up, needs occasional touch-ups in transit for lasting allure.

What happens to many purse-sized containers, however, is that when the flacon is empty it gets tossed aside because of the nuisance involved in re-filling.

So that re-filling a purse-sized

container from a larger bottle of perfume can be easily accomplished without waste is the purpose of a tiny glass funnel.

This is packaged with a new leak-proof purse flacon of gold-toned metal which contains a dram-sized bottle of quality perfume. Perfume trickling from a "supply" bottle to the tiny opening of a little purse traveller presents no problem when the small glass funnel is used.

There are probably many wives who can sympathize with the woman who wrote that complaint in a letter to me. There are probably also some who could give her a few helpful hints on how to get the work done that her husband is always putting off until tomorrow.

One helpless-looking wife I know gets her husband out of his easy chair and working on the job she wants done by starting in to do it herself. When she calls on him for help or advice he can't resist the masculine impulse to belittle her efforts and in no time at all he's showing her how the job should be done. Then she's right where she wants to be—standing by, admiring his efforts.

★ WE, THE WOMEN ★

How Can He Be Made To Work Around House? . . . By Strategy!

By RUTH MILETT
NEA Staff Writer

"My husband does practically nothing around home, I don't expect him to help with my work, the dishes scrubbing, etc., but don't you think he ought to make small repairs around the house, and take care of the yard? He doesn't refuse when I ask him. He just says he'll do it the first chance he gets. Or

Tiemanns On Mexico Trip After Wedding

Mr. and Mrs. William D. Tiemann left on a trip to Mexico City after their marriage in the First Baptist Church here Sunday afternoon, and will return to make their home in Lubbock. Mrs. Tiemann is the former Faye Marie Powers of Midland.

The double ring wedding service was read by the Rev. Vernon Yearby, pastor, before a large group of relatives and friends who later were guests at a reception in the Yearby home. Mrs. Martin Neill served the wedding cake and Mrs. H. R. Liebsher of Houston, sister of the bridegroom, served punch from a table decorated in white, pink and green, the wedding colors.

For traveling, Mrs. Tiemann wore a navy and grey suit, light blue hat and scarf and other accessories of grey. Her corsage was of pink rosebuds.

She is the daughter of Mr. and Mrs. H. T. Powers of Waco, has been employed by the University of Texas Lands office in Midland for several years, and has been an active member of the First Baptist Church and of the Xi Theta Chapter of Beta Sigma Phi. A number of parties honored her preceding the wedding.

Another wife says when her husband keeps hitting a repair job, she tries to think of some way to make him inconvenienced by the repair need. When he kept putting off fixing the door on her oven, for instance, she quit talking about it and stopped trying to make in the oven. When he wondered about why they hadn't had a roast lately, or any pies or cakes, she told him sweetly the oven couldn't be used until the door was fixed. It was fixed in a hurry.

Another strategic move, of course, is to remind a man two or three times about a job—and then hire someone to do it. If he complains about the cost, the wife can say in a reasonable tone of voice that she thought he wasn't going to get the time to make the repair or mow the lawn, or whatever it might be, and it had to be done.

If the husband doesn't like paying to have a job done that he could do himself, then chances are he'll not procrastinate next time. If he decides he'd rather spend the money to hire the job done than be worried with it—then both he and his wife are satisfied.

So the problem can be worked out; but by strategy—not by nagging.

SOCIETY

SUE CULLEMAN Editor

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, APRIL 11, 1949—3

Mrs. Hughston Is Elected To Head League Of Women Voters

Mrs. Richard Hughston as president heads the list of officers for next year, elected by the Midland League of Women Voters at a luncheon Saturday. Members of the league and of the Midland Branch, American Association of University Women, had luncheon together in the Crystal Ballroom of Hotel Scharbauer.

Other officers chosen by the league are Mrs. Leonard Swords, first vice president; Mrs. Harry Russell, second vice president; Mrs. Eric Bucher, secretary, and Mrs. Charles Linehan, treasurer.

Mrs. William Y. Penn, who is serving as president this year, was named to the board of directors as were Mrs. Ronald Jarrett and Mrs. J. E. Beaky.

A budget for next year was ac-

cepted, projects were discussed and announcement was made of the annual membership tea to be held later this month.

The program on the subject, "The United Nations Today," was presented by the United Nations Discussion Group of the league. Mrs. George Turner, group chairman, presided.

Mrs. Russell, Mrs. Swords and Mrs. Bill Morris were the speakers.

Amateur Radio Club Meeting Postponed

A scheduled meeting of Midland Amateur Radio Club this week has been postponed until next Tuesday, officers said. The club meets weekly on Tuesdays.

TWENTIETH CENTURY CLUB
Guest day will be observed in the Twentieth Century Club Tuesday, when the meeting will be in the home of Mrs. L. E. Patterson, Jr., and the program subject will be "American Music and Literature." Mrs. Joe Sims will be a program guest, and Mrs. Duke Jimeron, member, will also contribute to the program.

Fifty Girl Scout Camp Registrations Accepted By Council

PECOS— Fifty registrations already have been accepted for the first two camping periods of the Permian Basin Area Girl Scout camp, Mrs. J. H. Stayley of Pecos announced.

Six camping periods between June 6 and July 30 have been scheduled.

The camp is located in Fern Canyon near Mitre Peak between Alpine and Fort Davis and is situated in the heart of the Davis mountains.

Mrs. Stayley said all registered Girl Scouts wanting to attend camp should send in their applications as soon as possible. Registered Girl Scouts not under the Permian Basin Council will be placed on a "first come, first served" application basis.

All camping periods begin on Mondays but officials have announced that parents finding it impossible to bring their children then may bring them Sunday afternoons after 2 p.m.

Camping periods are set up as follows:
First period, June 6 to June 18, for Intermediates.
Second period, June 20 to June 25, for Brownies.Third period, June 27 to July 2, for Brownies.Fourth period, July 4 to July 9, for Intermediates.Fifth period, July 11, to July 23, for Intermediates.Sixth period, July 25 to July 30, for Seniors.

STYLE SHOW PLANNED AT VALLEY VIEW

A style show in the Valley View Community House will be sponsored Thursday night by the Valley View Home Demonstration Club. Fashions for women and children will be modeled, beginning at 7 p.m. Residents of the community are invited; there will be no admission charge. Members of the club will serve refreshments.

The Treasury Department now collects nearly 2 1/2 billion dollars a year in taxes on alcohol.

Proposed Cuts In ERP Budget

The whole question of the Truman Administration's foreign and domestic program is headed for a showdown in dollars and cents. A group of Senate Republicans, headed by Taft and Wherry, has started a drive to cut Truman's budget requests across the board by at least 10 per cent.

The group's first objective is the second year's installment for European aid. Senator Taft contends that the cutting must start there because otherwise there would be no justification for making similar cuts elsewhere.

The ERP request, or any request, for \$5,580,000,000 is bound to be somewhat general and arbitrary. But the budget cuts proposed by the Senate Republicans are rather arbitrary, too.

Senator Capehart has asked that the Marshall Plan request be trimmed by \$3,000,000,000. Taft said at first that the \$1,150,000,000 ERP request for April through June was "obviously padded."

Senator Wherry, meanwhile, is demanding a 15 per cent cut in the funds asked for fiscal 1950. He would eliminate the entire April-June amount, as well as \$150,000,000 for future contract authorizations which Taft would leave in.

In other words, Senator Taft presently favors giving the Marshall Plan \$5,037,000,000 for the next 15 months. Wherry would limit it to \$3,628,000,000. Capehart wants to cut the funds to \$2,580,000,000.

It takes no expert in mathematics or economics to see that European aid would be three different things under these three proposals. Perhaps, before a final appropriation is decided on, the three senators will reveal how they decided on their cuts.

ERP Director Hoffman may have padded his requests. We don't know. But it seems safe to assume that he has studied the recovery program's operations and requirements as thoroughly as the senators have.

Some budget cutting is needed. Truman's budget message estimated a deficit of \$873,000,000. Since then, however, added expenses have loomed up, particularly the military aid proposed under the North Atlantic Treaty.

Continuation of the four-year European Recovery Program also is necessary. The first year was successful, but the job is not yet done. And to half do what remains would certainly be worse than abandoning the whole project.

Economy in government is only a virtue when the economy is sensible. An arbitrary cut, arbitrarily arrived at, in anything as important as the Marshall Plan certainly would not be good sense.

A man of 80 and a woman of 71 were united again after being divorced for seven years. There's one wife we'll bet won't go back to mother again.

It Looks Good To Us, Winnie!

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1949, By The Bell Syndicate, Inc.) Drew Pearson says: Resolution to probe lobbyists is stymied in Senate Judiciary Committee; American Enterprise Association is well-organized lobby; intercepts news and writes speeches for congressmen.

WASHINGTON—The late and lamented 80th Congress was published widely as one of the most lobby-ridden in many years and probably deserved that reputation.

Among other things Hardgrove pays a negro in the office of ex-Speaker Joe Martin, named William Patten, to slip him material. Patten, when interviewed, admitted slipping material to Hardgrove, but swore it was stuff Martin wrote.

That resolution still is stymied in the Senate Judiciary Committee where Senator Wiley of Wisconsin, Republican, is staging a one-man filibuster in the subcommittee.

Meanwhile the new 81st Congress is just about as lobby-ridden as the old—possibly more so. There is one big difference, however.

Most senators and representatives don't realize it, but one of the most adroitly organized lobbies in Washington supplies them with an analysis and summary of pending bills every morning.

What most of the congressmen don't know is that this lobby is financed by some of the most powerful manufacturers in the U. S. A., which means that big business has arranged to have its own watchdog digests of pending legislation placed on the desks of senators and representatives every morning.

Since congressmen are harassed and busy people, and since it is extremely difficult to keep up with all legislation, it is a great convenience to have legislation summarized and digested. However, any slanting of those digests or any questions asked in the memos accompanying the digests will ensure the entire Congress on important issues.

American Enterprise Association The lobby which concocted this extremely clever way of swaying Congress has adopted the name of the American Enterprise Association. It also hides behind some high-sounding camouflage about being an "educational and non-partisan body."

Yet its contributors and officers are some of the most influential businessmen in the country, most of whom support the militant National Association of Manufacturers and the Foundation for Economic Education, crusaders against rent control, aid to education, the national health program and other measures which might increase corporation taxes.

The officers include: Lewis H. Brown, board chairman of Johnson-Marville; ex-Senator Sinclair Weeks of Massachusetts, president of United Carr Fastener; Robert L. Lund, past president of NAM; Fred A. Poor, president of Poor and Company; and N. Baxter Jackson, president of Chemical Bank and Trust.

Among the more active trustees are Alfred C. Fuller, founder of Fuller Brush Company; Edward H. Little, president of Colgate-Palmolive-Peet; Hughston M. McBain, president of Marshall Field; Henry F. Bristol, president of Bristol-Myers; B. E. Hutchinson, financial chairman of Chrysler; Wilfred Sykes, president of Inland Steel; Thomas Drever, president of American Trust Foundries; and Henry D. Sharpe, president of Brown and Sharpe.

This is the group which every morning interprets legislation for some 800 members of Congress. Guiding genius of the American Enterprise Association is Guy Wray, former advertising sales manager of American Foundry Equipment. The association's Washington representative is Malcolm Hardgrove, formerly with the Irving Trust Company at No. 1 Wall Street.

Hardgrove is not registered as a lobbyist yet he admitted to this column that he visits "twenty to fifty" members of Congress daily. He also seems to be about as skillful out of congressmen as anyone in the game.

Among other things Hardgrove slips the negro \$20 from time to time and charged it up on his expense account as a "contribution."

This astute backstage wire-puller also has a close friend in Joe Martin's office who arranges contacts with other congressmen. He is the ex-speaker's assistant, Jim Milne. When interviewed, Milne said he hardly knew Hardgrove.

"I've met him five or six times," he shrugged. "He came into the office about the first of the year."

"What did he want then?" "He wanted us to subscribe for the bill analysis."

Milne already had mentioned the lobbyist's legislative analyses for some time, so Milne was asked why it was necessary to subscribe again.

McKenney on Bridge

BY WILLIAM E. MCKENNEY America's Card Authority Written for NEA Service

Although I frequently say that bridge champions come from all walks of life, for some reason most players still think that the experts do nothing but play bridge. They would be surprised to know how busy most of the experts are in other fields.

Lee Hazen, a New York attorney and a member of the team who recently won the Vanderbilt Cup national knockout team-of-four championship, is active in the national bridge organization and in the New York bridge unit. He is also chairman of the card committee of the New York Bridge Whist Club.

Lee graduated from Columbia University in 1926 and then took

Bridge tournament results table with columns for South, West, North, East and various match scores.

up law at New York University, graduating in 1929. He was a four-letter athlete in his school days. He once broke the quarter mile track record, but unfortunately it never got in the book because the winner of the race naturally established a better record.

He played semi-professional baseball, and once had the privilege of playing with Lou Gehrig, and another time against Babe Ruth.

Today's hand helped Lee and his team to win one of their matches in the Vanderbilt Cup tournament. The most interesting feature of the hand is Lee's build of four clubs, then the bid of five spades. When asked why he did not bid five hearts, Lee explained that his partner knew that he had heard with the opponent bid six clubs, when it came around to him again he could bid six hearts, thus giving his partner a chance to bid six spades.

"If I bid five hearts on the second round," said Lee, "and the opponents go to six clubs, what am I going to do now?"

South failed to cash the ace of diamonds, so Lee made seven clubs. At the other table the hand was played at six hearts doubled, which was defeated.

Langford Murder Trial Continues

WICHITA FALLS, (AP)—The murder trial of Ben Langford, 39, reopened Monday with the state calling more witnesses.

Langford, oilman and son of a pioneer Wichita Falls financier, charged with the fatal shooting of his former wife, pleaded innocent of the murder charge. She was found slain last January 3.

Testimony in the trial began last week with the state calling witnesses who testified concerning the condition of Langford's mind and the type of gun from which the fatal bullet was fired.

Ben Langford, Jr., 13, is expected to be one of the state's key witnesses. District Attorney Clyde Pittman said he expects when he would put the boy on the stand.

ROGER THE LODGER

By Elizabeth R. Roberts

THE STORY Mr. and Mrs. Roberts take in problems as well as legends when they attempt to re-live the wartime housing shortage in Great Falls, Mont. Chief Roger Lodger is a man who invites unexpected guests to dinner.

WE ate our dinner quickly, for we noticed that quite a crowd had gathered on the sidewalk beyond the restaurant and we didn't want to hold up trade.

In general the curb is high, two good steps up from the sidewalk to the sidewalk. Rollo had got as far as the curb. There he had evidently sat down to take the air. And then lain back to rest.

And fallen asleep. A circle of mouth-open people were amusing themselves by running the length of his recumbent form. The more venturesome began at the head and jumped from his knees to the street below; the timid ones began at his knees and jumped off his head to the sidewalk close beneath.

"Here! What's the idea?" Ben demanded. "Can't you see this fellow's sick?" He shoved the child away like flies off a piece of pie.

"He's drunk, that's what he is," said Hinky, who had joined the crowd. His voice was brimming with outrage. "He can't stay in my hotel. I run a decent place."

"But he's a soldier," I said, surprised as always that that made a difference. "I don't care if he's a soldier," Hinky answered angrily. "He ain't agunta sleep in my hotel. If I let one drunk in, particularly a soldier, I'd have a virtual madhouse on my hands."

Even if Hinky relented, I wondered how, short of block and tackle or a fireman, that ladder could get Rollo up that ladder of a staircase. "Let him sleep in your car," the

WASHINGTON COLUMN

80th-81st Congress Running Close Race For Worst Record

WASHINGTON—First three months' operations of the first session of the 81st Congress gives a fair basis for comparison with first three months of the 80th Congress to see which was worse.

It's a close race. On public bills enacted into law the 81st seems to have a slightly better record. This year the Senate has passed 18 bills while the House has passed 17. Two years ago the Senate had passed only 14 bills while the House had passed 16.

In the 80th Congress the Senate was all tied up by old Senator Kenneth McKellar's effort to prevent confirmation of Dave Lilienthal as chairman of Atomic Energy Commission and Gordon Clapp as chairman of Tennessee Valley Authority. This year it has been the filibuster over changing Senate rules which snarled things.

On appropriation bills the 81st Congress also has a slight edge. In the 80th Congress only two urgent deficiency bills were passed in the first three months. This year only two disaster relief bills have been passed. In the House, however, where all money bills must originate, six appropriations bills have been passed. In the first three months of the 80th Congress, only three had been passed.

Committee work of the 81st Congress is well ahead of the 80th. Two years ago the Senate committees had reported out only 131 measures while House committees had approved 208. This year Senate committees have reported out 233 measures, House committees 351.

In measures introduced, the 81st Congress is now practically half over, if Congress actually does adjourn at the end of June. This has to be done if contractors are to complete the job of strengthening Senate and House chamber ceilings.

All democracy suffers by a negative performance of this kind. What is not fully realized is that democracy has more to fear by its own failure to function than it has from all the outside pressures which seek to destroy it. Write your congressman to get busy.

Questions and Answers

Q—What is soapstone? A—Soapstone, a massive variety of talc, is popularly known as soapstone because of its soapy and greasy feel. Chemically soapstone is hydromagnesium silicate, generally mixed with other minerals.

Q—What methods does the Constitution provide for filling congressional vacancies? A—The Constitution makes an election mandatory to fill a vacancy in the House. It requires an election to fill a Senate vacancy, but permits a state legislature to authorize a temporary appointment.

Q—Where did the custom of giving the hand to seal a bargain originate? A—The reference to this custom is found in the Book of Kings in the Bible, when Jehonadab gave his hand to Jehu in order to prove to him the justice of his cause.

Q—Is the American Indian actually red in color? A—Although the aborigines of America are generally referred to as red Indians or members of the red race, the term is somewhat erroneous. The skin of the typical Indian is brown rather than red, and very few adults are of the proverbial copper color.

Q—What is pulque? A—Pulque is a Mexican beverage made from the juice of the agave.

Social Situations

SITUATION: A man and his wife are eating in a restaurant. WRONG WAY: If she wants her glass refilled, or a second cup of coffee, she tries to catch the eye of the waiter or waitress.

RIGHT WAY: She makes her request to her husband, and he takes care of the matter.

"He might open the door and wander out and get hurt," Sandie objected.

"Lock the doors, then," Hinky said, giving some measure of the size of the intellect we were dealing with.

ROB and Ben, reinforced by some stalwart country boys managed to get Rollo onto the back seat of the car, no mean feat since it was a two-door sedan.

But the place was closed for the season. We must have looked desperate, for the operator took her headphones off and said she couldn't help overhearing the conversation and knew a tourist camp on the outskirts of town that might still have a vacancy. She'd scarcely finished telling us this when there was a call on the switchboard. It was a woman to say she couldn't help overhearing the conversation and was calling right back to tell us her husband had a place for the soldier and if we'd just wait, he'd meet us at the telephone office.

Mr. Harris appeared within a matter of minutes. He had a little place over yonder in a horse lot where he could put up a man, occasionally when he was in a pinch.

The men beckoned Rollo down in the little shack.

"He'll be in fine shape tomorrow," Mr. Harris assured us. "Won't you when he is. Can't get a drop to drink."

When we called for Rollo next morning, he had not slept it off. Mr. Harris spied the bottle. "Jumping Jehoshaphat!" he exclaimed. "He's went and drunk up Old Everlasting. He's picked up the empty bottle lying on the floor beside Rollo's bed. 'Yes, sir, he's went and done it.' He looked at us in bewilderment and surprise. 'Why, I bought that stuff night ago a year ago. Brought it home as a present for the boys. And I don't suppose a cow poke yit could get a smaller down.' He looked at Rollo with awe. 'Yes, sir,' he repeated, admiration tinging his voice. 'He's went and done it.'"

(To Be Continued)

A Tragedy of Old Age

As flames consume her frame house, 78-year-old Ida Walters hobbles to safety after saving only an empty suitcase, a lamp and a portable radio. The building, 10 miles west of Kalamazoo, Mich., was completely destroyed by the blaze.

Peppy Blount Has Big Inning With Poison Pen Letter

AUSTIN—(AP)—Communism reared its head and promptly was batted down in the House again Monday.

A resolution permitting consideration on regular Senate bill days of three House bills keeping Communists out of state schools was introduced. That would give two more days a week on which the House could consider them.

Then Rep. R. E. (Peppy) Blount of Big Spring took the floor with a personal privilege speech and said he had received "the most obscene, nasty, filthy disgusting letter I ever read."

"This came from Chicago," Peppy said, "and I'm sure both the people of Illinois and the Illinois Legislature would be embarrassed by this letter."

Lots of Bad Words
Blount has made two outbursts against Communism in this session. The writer of the letter talked about that, he said. Peppy then read the letter, inserting the words "bad word" wherever there were words he said he could not read to the House.

"He wants me to answer him," Peppy said. "But I'm turning this letter over to the postal authorities. When you play with a skunk you're liable to come out smelling like one."

The resolution giving more days for consideration of the anti-Communist bills went to the Committee on Rules. Rep. Lamar Zively of Temple, chairman of that committee, said the resolution would be considered at the committee's regular meeting Tuesday.

They're Really in a Rut

Backgrounded by huge drifts of snow, Mayor R. H. Kohtz (standing in rear of wagon) and a group of Bloomfield, Neb., citizens travel over a muddy highway in a horse and wagon en route to the state capitol at Lincoln. They are on a self-appointed mission to protest the conditions of deep-mired roads following one of the worst winters in western plains history.

168 New Oil Wells Completed In State

AUSTIN—(AP)—Another 128 oil wells moved to completion last week, boosting the year's total new completions to 2,308, the Railroad Commission reported Monday.

There were 1,771 completions during the comparable period a year ago.

Ten new gas wells were completed during the week to build the year's total to 208, 41 ahead of the year-ago figure for the comparable period.

Ten oil wildcats and five gas wildcats were among the week's completions.

Total average daily crude allowable as of April 9 was 2,026,344 barrels, up 6,947 barrels over a week earlier.

MP'S USE TEAR GAS TO QUELL DEMONSTRATION

MUNICH, GERMANY—(AP)—American Military Police used tear gas Sunday to break up a riotous demonstration against Russia.

An estimated 10,000 persons, most of them reported to be Ukrainian displaced persons, took part in the demonstration.

Turkeys, quail, frogs, snakes, skunks and shrews all eat grasshoppers voraciously.

Presidential Board Rules Against Union

WASHINGTON—(AP)—A presidential emergency board Monday recommended against granting union demands for an additional engineer on multiple-unit diesel locomotives.

The Brotherhood of Locomotive Engineers has made a demand on most Western railroads for the additional engineer. It threatened a strike if the demand was not granted.

Nurse Hurt Fatally When Struck By Car

LAREDO—(AP)—Miss Leonor Martinez, 17, a practical nurse at Mercy Hospital here, was injured fatally Sunday night when hit by a car.

She had alighted from a bus and was crossing a street at the time of the accident. She died two hours later.

The driver was jailed on a charge of negligent homicide and for driving while intoxicated.

Big Battle Nears On Taft-Hartley Repeal

WASHINGTON—(AP)—Congressional friends and foes of the Taft-Hartley Act maneuvered Monday toward real action in the battle over repeal of the law.

CIO unions were under orders to drum up "additional and badly needed support" among congressmen for the Administration's labor bill. Two Republican senators meanwhile planned extensive alterations for the measure when it hits the Senate floor.

Capitol Hill's big labor debate of 1949 now is scheduled to begin April 28 in the House. Due to a jam of business, the Senate probably will not join in the tussle until several weeks later.

The House Rules Committee was due to decide Monday or Tuesday on clearing the Administration bill for floor action.

The weekend produced two important developments:

1. Senators Taft (R-Ohio) and Ives (R-NY) tentatively agreed on a bundle of amendments they plan to offer to the Administration bill.
2. CIO President Philip Murray called for faster action on repeal of the law almost unanimously opposed by labor unions, and branded as a "foul concoction" a proposed substitute for the Administration's repealer.

Last Bikini Pig Gets Discharge

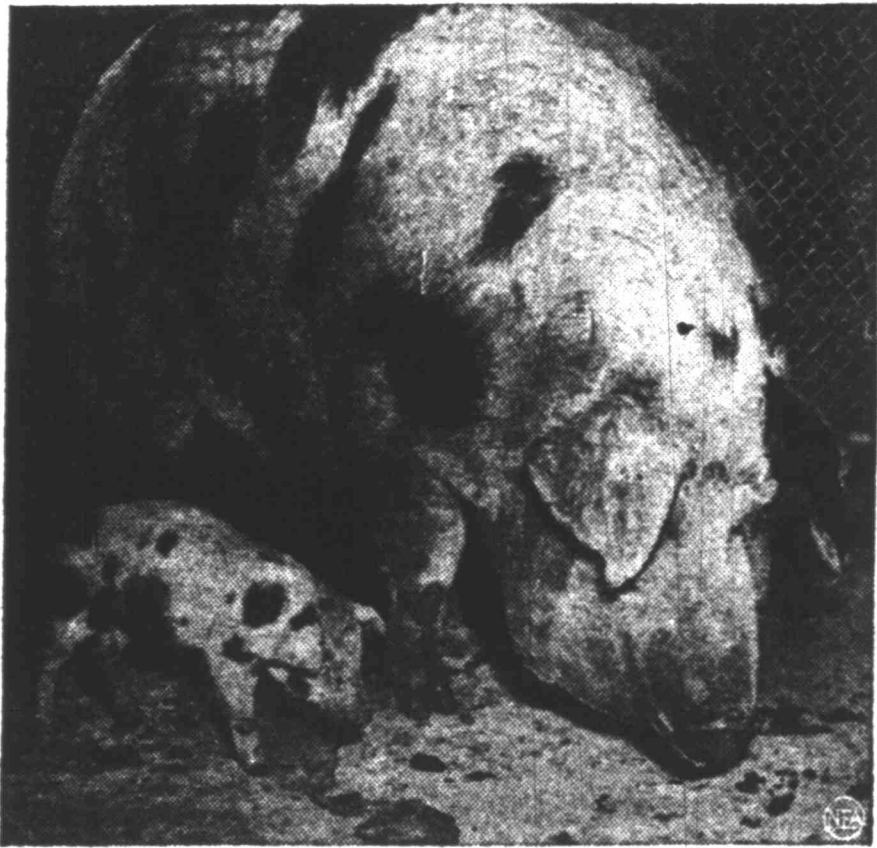

Fig No. 311, a 4-month-old shoat weighing 50 pounds when it was found swimming in radioactive waters of Bikini Lagoon after the first atomic bomb blast in 1946, is now a 600-pounder bound for the National Zoological Park in Washington. The zoo requested the porker when it learned that the Naval Medical Research Institute at Bethesda, Md., had concluded its scientific observation of her. Her only claim to abnormality has been her failure to bear offspring, but radio-biologists say that is not necessarily caused by irradiation. The little pig shown here with her is a grandchild of another surviving pig, but no relation to No. 311, the last surviving Bikini pig.

Germans Criticize Occupation Statute

BONN, GERMANY—(AP)—The Western Allies have given Germany a treaty returning a measure of self-government to that defeated country. But the Germans say it doesn't give them enough freedom to run their own affairs.

Dr. Konrad Adenauer, president of the German Parliamentary Council, and other political leaders have agreed to withhold comment on the treaty 48 hours, but the German press lost no time in attacking it.

The newspapers object particularly to provisions giving the Allies continued control of German science and foreign trade relations.

Sul Ross Cowpoke Holds Second Spot In Collegiate Rodeo

SAN FRANCISCO—(AP)—California Polytechnic College of San Luis Obispo held a commanding lead as the National Intercollegiate Rodeo entered the final round Monday.

In the individual scoring Cotton Rosser of Cal Poly led with 90 points followed by Harley May, Sul Ross State of Texas, 50.

Eighty-four collegiate cowpokes from 14 Western schools are competing in the rodeo.

Strike Again Halts Capital Newspapers

WASHINGTON—(AP)—A strike of about 200 mechanical workers Monday halted publication of the capital's newspapers the second time within a week.

The strike of pressmen and stereotypers against the four daily papers began after an all-night "peace" meeting failed to end a wage dispute. Afternoon editions of three newspapers were the first affected.

A surprise walkout of pressmen last Wednesday left the capital without local newspapers for the first time in 70 years.

\$1,000 BOND SET

A Midland negro, charged with theft of an automobile, was arraigned Monday before Justice of the Peace Joseph A. Seymour. Bond was fixed at \$1,000 and the defendant was bound over for district court trial.

Livestock

5—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, APRIL 11, 1949

Jack Hand Picks Dodgers To Win 1949 NL Bunting

Atlanta, Ga.—(AP)—The National League race figures to be a wide open six-team battle with the Brooklyn Dodgers having the best chance to win the pennant. Only Philadelphia and Cincinnati appear out of it. All the others, including the Chicago Cubs, last in 1948, rate a tumble. Pittsburgh, the big surprise of last, may nip the Dodgers.

Here's the way the finish looks, to the writer, in advance of the opener:

1. Brooklyn
2. Pittsburgh
3. Boston
4. St. Louis
5. Chicago
6. New York
7. Philadelphia
8. Cincinnati

Despite their third-place finish, behind the champion Boston Braves and St. Louis Cards, it looks like the Dodgers for the pennant from this corner.

Brooklyn has no sure 20-game winner like Boston's Johnny Sain but in Ralph Branca and Rex Barney, they have a pair who could be tops. Manager Burt Shotton's pitching with Joe Hatten, Prescher Roe, Harry Taylor and young Carl Erskine to back up the Branca-Barney combination, rates with the best. Perhaps St. Louis has a little more class but its pitching staff is strictly southpaw.

Look Out For Pirates

Bill Meyer may be cooking up the surprise of the year for Pittsburgh. He made the experts look bad last year by leading the underrated Pirates into fourth place. Off season deals for Pitchers Murry Dickson, Hugh Casey and Bob Muncieff strengthened the club, Meyer says the improvement is 25 per cent. Picking last year's pennant winner for third place is risky business. Manager Billy Southworth has the same club that won in '48 with the addition of Pete Reiser, veteran Dodger.

For the Braves it's still Sain and Warren Spahn as the one-two pitching punch. Vern Bickford, Bill Voiselle and possibly young John Antonelli, the bonus kid who has been hit hard this spring, round out the staff of starters.

Once again, St. Louis has the best regular lineup in the league but there will be too many days when the aging regulars won't be in there. It's a good club that is getting old and weak in reserves.

CHICAGO CUBS DROP ONE TO FORT WORTH

HOUSTON.—(AP)—The Chicago Cubs, with but one win in six games against National League opponents, open a four game series with the St. Louis Cardinals Monday night. The Cubs dropped a 3-2 decision Sunday to Fort Worth.

Purple Sets Drills For Pony Battle

With that all-important win (the first one) posted in the district race, the Midland High Bulldogs are slated to work hard this week in preparation for a conference battle Thursday at Sweetwater.

Coach Garvin Beauchamp said Monday that an intra-squad game was on the docket for Tuesday night at Indian Park. Beauchamp plans to work the boys a lot at the plate in preparation for the Sweetwater game.

Sweetwater has a good ball club and it recently downed Odessa 2-1 in a feature battle. The coaches were well pleased with the work of the Bulldogs in beating Abilene last week. The Purple caught fire and dumped the Eagles 8-4.

Midland has been negotiating for a "B" game with Stanton but so far arrangements have not been made.

Odessa Team Edges Midland Colts 6-5

Odessa defeated the Midland Colts, Latin American team, in the season's opener for the Colts here Sunday, 6-5.

It was a battle. The two teams fought through three scoreless innings before Odessa got three runs in the fourth and Midland came back with two. Odessa added two more runs in the fifth. Midland got one in the sixth.

The Colts pulled up to 4-5 in the eighth but Odessa added a score in the first of the ninth. The Colts fought back to get one run in the last of the ninth but the rally fell short.

Colt players included Chino, Ysidro, Ochoa, Ramio, Chavez, Pano, Silva, Mastide, Toro and Matio.

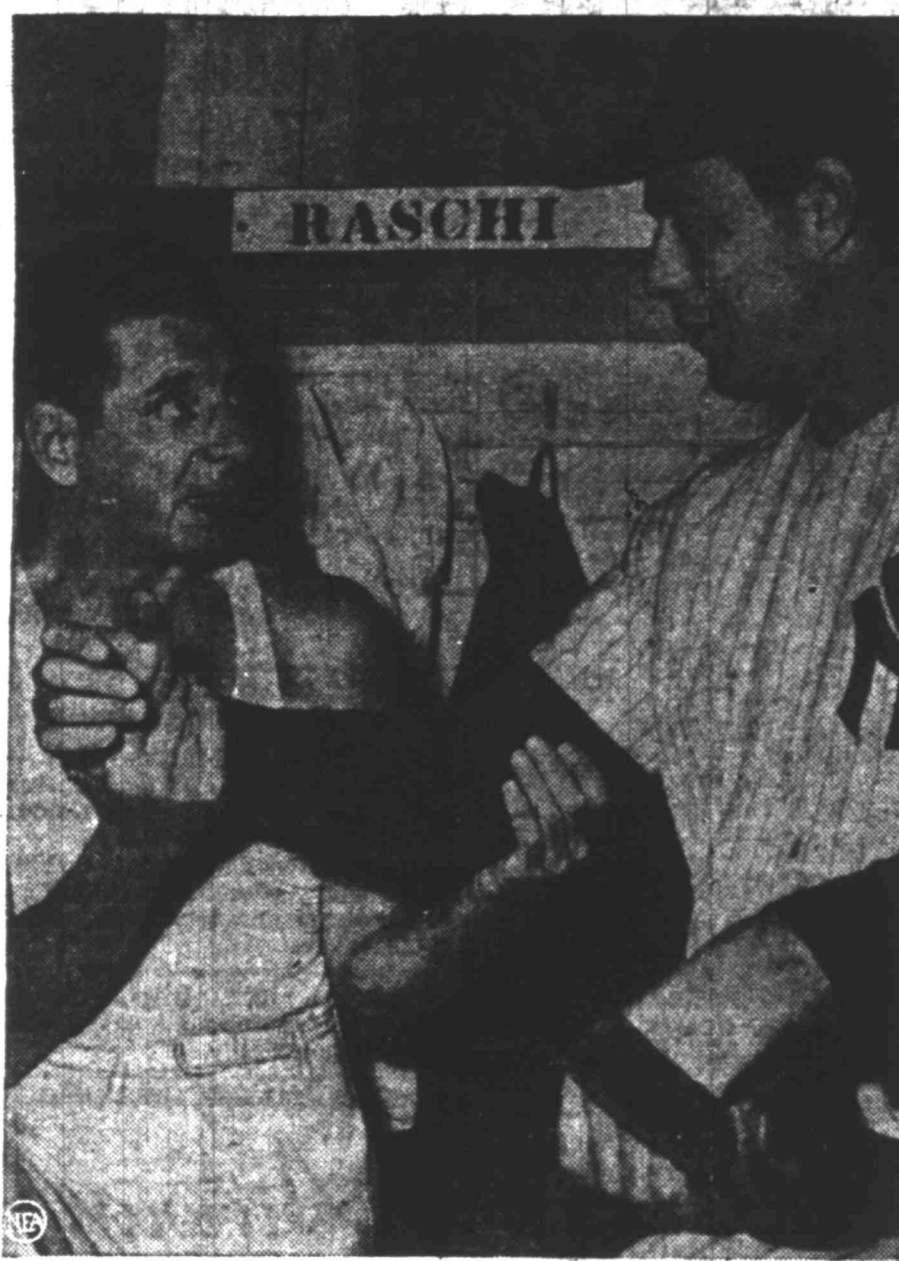

A return game will be played Sunday at Odessa. Any players desiring to perform with the Colts should contact Lopes at the City Hall.

The first coffee house is said to have opened in 1854 at Constantinople.

Midland's Skipper Is On Talent Hunt

It took one exhibition ball game and Harold Webb got on his horse in a hurry. Webb is in Bakersfield, Calif., where he will look at, and perhaps get some talent.

The skipper departed Saturday night for sunny California but he certainly is not on a vacation trip. It's business!

Autry's Horse Must've Heard About Hotel

Evidently, Gene Autry's horse Champion had heard about live-stock spending the night in the Scharbauer Hotel (after each stock show but in the lobby).

Frosty Barnett, manager of the hotel, received a telegram from Champion asking for reservation of double room for Little Champ and Champion for Wednesday night.

Later, Barnett received a wire from Autry saying Champion had been running around with Bing Crosby's horse and had gotten a little out of hand. Autry said he'd take the room and Champion would stay in his special trailer.

Autry presents a western show Wednesday afternoon and night in the VFW Hall at Midland Air Terminal.

Kenny Peacock Is Options To Pampa

SHREVEPORT, LA.—(AP)—The Shreveport Sports of the Texas League have optioned three players to Texas baseball clubs. The Sports sent Pitcher Lee Roy Jones to Greenville, outfielder Ken Peacock to Pampa and Catcher Wayne Moon to Vernon.

GENE BEARDEN SLATED TO GO AGAINST GIANTS

TEXARKANA.—(AP)—Gene Bearden, star hurler for the Cleveland Indians, got his first mound assignment in nearly two weeks Monday as the Tribe resumed its series with the New York Giants.

Bearden still is receiving heat treatments for a pulled leg muscle, but he said he felt well enough to go four or five innings. The two clubs will play seven games, ending their series in New York Sunday. Cleveland holds a 5 to 4 advantage in their meetings thus far.

Fleas, which have extraordinary leaping powers, travel tall first and land facing the direction from which they came.

Good Card Booked At VFW Hall

Professional wrestling takes another dip at the VFW Hall Monday night. Rod Fenton meets Buck Weaver in the main event.

Promoter Pat O'Dowdy has lined up some first class talent in the preliminaries. If they show like they should, it'll be an all-around good card.

Pierre LaBelle meets Cape Blackley in the semi-finals. It will be a two out of three falls, 45 minutes time limit affair.

In the curtain raiser, it's Johnny Carlin and Vic Weber, one fall or 20-minute time limit.

Longhorns Set Pace In Southwest Loop

By The Associated Press—The University of Texas Longhorns head the Southwest Conference baseball race, winning consistently while other conference teams cut each other's throats.

Last week the Longhorns licked two conference foes twice each. Rice fell 15-7 and 6-0 and Texas Christian lost 6-0 and 3-0.

Baylor and Texas A&M, two other strong teams, split a series. Baylor took the first 13-2, then A&M came back to win the second 15-11.

Southern Methodist won two from Rice, 6-5 and 6-3. Texas and Southern Methodist were to meet in Dallas Monday, and Rice and Texas Christian had games scheduled in Fort Worth.

The Giants turned back Pittsburgh 2-1 at New Orleans.

back to win the second 15-11. Southern Methodist won two from Rice, 6-5 and 6-3. Texas and Southern Methodist were to meet in Dallas Monday, and Rice and Texas Christian had games scheduled in Fort Worth.

Argentine Poloists Win Match, Verbal Victory Over U. S.

LOS ANGELES—(P)—The Argentine polo team defeated a United States team 15 to 10, but there is a slight revision on the standings to their international series. The Argentines racked up the triumph Sunday, and won a verbal victory just prior to the match. The official ruling now lists the U. S. none. Last week's 10-9 U. S. victory, it was agreed after an exchange of words and lifted eyebrows, didn't count in the international series. The Argentines argued that the team which was beaten was not the official outfit from South America. It was merely a club team.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, APRIL 11, 1949.

Sam Snead Finds Gold At Augusta

AUGUSTA, GA.—(P)—Sammy Snead, who found the gold of the Masters with a brilliant putter, had the best name in golf Monday as the touring professionals moved toward the high points of the year—the PGA and the Open.

Sammy, the outdrivingest hitter in golf, steadied his putter Sunday and came home with a 67 in the final round of the Masters. That five-under-par shooting at the Augusta National matched his third round score and added with other rounds of 73 and 75 gave him a 283.

It was more than enough to win from Lloyd Mangrum and Johnny Bulla with their 285's. The third round leader — Big Johnny Palmer of Badin, N. C. — could not whip put and his final 72 gave him a 286. Jim Turnesa of Briarcliff, N. Y., and the Turnesa golfing family had a 286. One of the great comebacks of the 13th Masters was by former National Open Champion Lew Worsham. The Oakmont, Pa. entry shot a 68 in the final round for a 289 total. Worsham began the Masters with a damaging 76 and 75. Clayton Heafner of Charlotte, N. C., Jimmy Demaret of Ojai, Calif., and Byron Nelson of Rosanoke, Texas, had 292's.

SPORTS SLANTS

by SHORTY SHELburnE

Anyone who is discouraged with the showing of the Midland Indians as of last Saturday should take into consideration that Harold Webb has not settled any of the infield positions. He is fairly well satisfied with the performance of Julian Pressley, Jim Boatman, Warren Sitter and Stanley Hughes. However, Jim Boatman is a utility player and should not be considered a part of the starting infield.

Sitter is well set at first until a better man comes along. He leaves nothing to be desired as to fielding and his hitting was nothing slouchy against Lamesa pitching. He may not hit 300 in the coming season — and again he might.

If anyone can find a better shortstop than Stanley Hughes, Webb is ready to sign him. Hughes won't knock the ball out of the park, but he will get some hits. He is the hottest thing we have seen yet to be a one-year man in the short patch.

Webb will admit that he has a lot to find in the way of rookies, but he isn't disgusted with the showing of any one or all of the men he has now. Of course, there will be some releases within the next few days.

Weldon Stewart, the pitcher who can wow this league if he will stay in training, has showed up for conditioning. He was on the voluntary retired list last season after winning several games. He is a right-hander.

Bill Midkiff, one of the top bronc riders in West Texas, had an unusual, if not permanent, experience at Crane Sunday afternoon. He was the only man to qualify for the bare-back bronc riding event; rode his mount to a "fare-u-well"; took his bow, and then broke his arm — dismounting.

The entire ride centered on his sportsmanship, however. Bill drew a purse of less than \$100 for riding his mount. When they carried him from the arena with an injured limb, folks passed the hat in typical Western custom. When presented with the offering, Bill replied, "Take it back to them. I have my purse."

Courage and determination such as that is to be cherished. Bill was transferred to a Dallas hospital.

Dick Snider, Corlis Holt and Jay Pierce, members of the sports writing fraternity, covered the District 4-AA Track and Field Meet here Saturday. Snider represented the Odessa American; Holt was from the Abilene Morning-News and Pierce was dispatched here by Biondy Cross of the San Angelo Standard-Times.

Sports Slants was glad to have the visiting scribes in our city. We invite them back again.

HALF SLANTS . . . The nest egg in the home exhibition games of the Midland Indians is the \$15 with the House of David next week. . . Cloyd Boyer, former Houston hurler, slapped his farm club in the face with a 5-0 shutout Saturday. He now is with the St. Louis Cardinals. . . The crippled University of Texas dropped a dual track and field meet to Texas A&M by a margin of 87 1/2 points to 34 1/2 Saturday. . . North Texas grid stars of last season are finding the professional ranks inviting. Richard Nutt, Little All-America halfback, signed a New York Giant contract last month. Bill Komplin, an end, and Bill Cromer, a back, also signed with the Giants this week. . . The Odessa Oilers have signed a class-man catcher after much searching. His identity has not been revealed but it is reported his salary is high. . . They've nicknamed Loyd Merriman, the Cincinnati rookie outfielder, Citation — after the famous race horse. He's a good prospect, but Sports Slants saw him when he was a Stanford University backfield man and couldn't cut the ice against the University of California on the grid. Maybe he's better now. Who knows?

Hising Wins Skeet Title In Shoot-Off At Brownwood Meet

BROWNWOOD—(P)—Grant Hising, J. T. Hughes, Bud Coffee and Billy Lamb are events champions of the Texas Sportsmen's Competition. Hising of Houston is the overall skeet shooting champ. He won the title with a perfect score of 300.

Hughes, Brownwood, and Coffee, San Antonio, won all pistol matches. Lamb took all honors in the junior division angling events. Other skeet champions: Class B, Jack Rogers, 95x100, Palestine; Class C, Earl Cunningham, Brownwood, 91x100; P. H. O'Neal, Palestine, 85x100.

Trap shooting winners: Class A, Ehler, 45x50; Class B, P. W. Werneke, Perryton, 39x50; Glenn Tarbox, Perryton, 28x50. The Brownwood Rifle and Pistol Club won the team title.

Cigarette production in the United States reached one billion a year in 1889.

Odessa Pair Holds Class C Doubles Lead In Keg Meet

EL PASO—(P)—Marks chalked up a week ago by Grace Baskin and Iris Peters of San Antonio appeared to be good for championships as the supply of Class A bowlers dwindled in the Women's State Bowling Tournament.

Only a scant handful of top-average keggers remained to roll in Monday's final session. The team lead, however, took a general battering Saturday, with Mustang Sheet Metal of Dallas emerging on top Sunday with a 2-566, just 11 pins ahead of Hap Morse Bowling Alleys of Dallas.

In other changes in the standings Sunday, Peggy O'Neal and Bonnie Wright of Clovis, N. M., finished with 1,045 to take the lead in Class B Doubles.

Jane Talley of San Angelo and Ina Ehlh of San Antonio moved into second with 1,014. Class C doubles leaders are Jo Durks and Sadie Walton of Odessa with 991.

GARVER LOOKS GOOD AS BROWNIERS EDGE DALLAS

DALLAS—(P)—Ned Garver, young Ohio right hander, is becoming a strong favorite to pitch the St. Louis Browns' opening game April 19 against the world champion Cleveland Indians.

His latest exhibition performance was a three-hit job against Dallas Sunday. Garver, of Ney, Ohio, fanned nine and would have had a shutout except for an error by Bob Dillinger. The Browns won the game 3 to 1.

'Quick Change' Act Flops

Stanley Prosek, in cap, 55, and John Major, 39, Cleveland, O., Transit System employees, get a free ride in a police van with part of "nearly a ton" of pennies, nickels and dimes police said they looted from fare boxes during the past year. Officials estimated the value of the stolen coins at \$7000.

Connally Urges Fitting Armed Aid Plan Into Budget

WASHINGTON (AP)—Senator Connally (D-Texas) said Monday Western European re-arming proposals must be fitted into the general pattern of foreign economic and domestic defense programs. In a statement interpreted as putting him on the side of those who think some reductions may be possible in other foreign aid and military spending, Connally called for coordination of all the programs. "This is all one big undertaking and it ought to be arranged so that one doesn't hamper the other," the Senate Foreign Relations Committee chairman told reporters. Connally refused, however, to predict publicly whether it will be possible to make savings in the proposed recovery outlay or in military costs at home. This point was raised last week by members of Congress after Dr. Edwin G. Nourse, presidential economic adviser, made remarks interpreted as indicating he opposes any increase in President Truman's \$41,900,000,000 budget to meet foreign arms costs. Truman said the proposal to furnish military supplies to other countries would be sent to Congress as a separate item. He left some doubt, however, whether other costs could be trimmed to meet the expected \$1,250,000,000 foreign arms program now being discussed.

SOUTHWESTERN BELL TELEPHONE COMPANY

NOW THE HARD OF HEARING CAN HAVE BALANCED HEARING

The many hard of hearing of Midland and surrounding counties will have an exceptional opportunity to discover for themselves the new way to hear—in the way people who have no impairment can hear—BALANCED HEARING. A free hearing clinic will be held on TUESDAY, APRIL 12, 10 a.m. to 5 p.m., at the Scharbauer Hotel. WEDNESDAY at Elliott Hotel, Odessa, by Mr. J. C. Hammer, at which time he will check the hard of hearing for their individual hearing problems, and discuss with each the Scientific Correction for balanced hearing. The clinic will serve to introduce the new factor of electrical hearing aids. Come in—discover for yourself how Acousticon has created not one or two, but 38 new and different Acousticons, among these, there is one especially designed for your kind of deafness—to give you balanced hearing. Letters have come in from many who have already tried the new Acousticon, saying how thrilled they were to know they could hear. By Acousticon, they say they have never experienced such clarity of tone, against such a velvet background. The manufacturers of Acousticon say that no one with a hearing deficiency can even imagine what it may do for them until they hear it with their own ears. Those hard of hearing who have been searching for the answer to their personal hearing problems are urged to attend this FREE CLINIC.

You name the day . . . we'll have it ready!

Largest Producer In Rannels Show

The largest producer in Rannels County has been shown for George W. Strake of Houston at his No. 1 B. A. Jacob, Central-Northwest Rannels County wildcat, four miles northwest of Winters, and more from north and east lines of the lease in the southwest portion of J. Hansley survey 83. Flowing naturally from the Gun-sight sand of the Cisco-Pennsylvanian, the well was gauged for 23 barrels of 40-gravity pipe line oil in 12 hours. Gas-oil ratio was 240-1. The flow was through a 26-64th-inch choke from the open hole zone at 2,511-2,528 feet. Testing was continuing. It was scheduled to take potential test and complete Monday. Offsetting this discovery, Strake has staked his No. 1 J. D. Smith, Jr., to the northeast and his No. 2 J. D. Smith, Jr., to the north. The northeast flanker will be 330 feet from south and 1,263 feet from west lines of the Smith 220-acre tract. Strike No. 2 will be 330 feet from south and west lines of the Smith tract.

Murphy Sets Pipe In Gaines San-Andres

A string of 5 1/2-inch casing has been set in the San Andres-Permian of Central Gaines County at C. H. Murphy & Son No. 1 O'Daniel, wildcat which has made some slight shows from the zone two miles southeast of Seminole. A drillstem test to 5,441 feet made sulphur water. Cores higher in the strata developed small signs of oil and gas. Operator was waiting of a 300-sack cement job to cure on the pipe set at 5,450 feet. It is assumed that production tests then will be started. Location is 660 feet from east and 1,980 feet from south lines of section 16, block C-44, pal survey.

Sterling Discovery Treats With Acid

Pan American Production Company and Taylor Refining Company were attempting to develop commercial production in their No. 2 Foster, likely lower Permian discovery in Central Sterling County, nine miles southwest of Sterling City and 660 feet from north, 1,980 feet from west lines of section 13, SPRR survey. The open hole section at 5,462-5,489 feet, which flowed oil on a drill-stem test, was swabbed dry and then washed with 250 gallons of mud acid. Swabbing dry after the washing made slight oil shows and emulsion with a good show of gas. The formation was then acidized with 3,000 gallons. Swabbing tests were in progress following the treatment, recovering about one barrel of oil per hour. The prospect may be deepened before further testing.

Geological Society Will Meet Tuesday

Midland Geological Society will have a luncheon in the Crystal Ballroom of Hotel Scharbauer at 12:00 p. m. on Tuesday. Ben T. Rogers will show colored moving pictures of the Fort Davis Mountains and the Big Bend National Park.

Tom Clark Visits In Dallas Monday

DALLAS (AP)—Attorney General Tom Clark visited friends and relatives in Dallas Monday following a speaking engagement in South Texas. Ben T. Rogers will show colored moving pictures of the Fort Davis Mountains and the Big Bend National Park. Clark spoke Friday at Corpus Christi at a Jefferson-Jackson Day dinner to raise funds for the Democratic Party's National Executive Committee. Tea was introduced to Europe in 1559.

Headless Rooster Makes Court Stew, Not Chicken Pie

LOS ANGELES (AP)—There's going to be a big stew in Justice Stanley Moffatt's court about who will keep Lazarus, the rooster which lost its head but beat the frying pan. The SPCA charges Mrs. Martha Green, a negro, with violating the penal code governing custody of maimed or mutilated animals and birds. The SPCA wants the bird killed. They took possession of the fowl. Mrs. Green bought fowl, minus head, more than a week ago at a butcher shop. When she started to pluck it, the bird stood up and has been thriving ever since. Mrs. Green demanded a jury trial when arraigned Saturday. Justice Moffatt set July 26 for trial date. Mrs. Green also has a suit on file against the SPCA asking \$2,500 damages or return of the rooster. She wanted to take the bird home with her Saturday but Justice Moffatt said the SPCA take it. He said he would decide Monday on who gets to keep the bird pending disposition of the two suits.

ADA Endorses Fair Deal Program

CHICAGO (AP)—The "Fair Deal" program of President Truman has the convention endorsement of Americans for Democratic Action.

In a statement of policy adopted at the closing convention session Sunday, ADA said: "We recognize that cooperation with the Democratic Party in carrying out the Fair Deal program offers the best opportunity on the national level for the achievement of liberal purposes."

In the same statement, however, ADA said it "should continue its political and organizational independence" of either of the major parties and reaffirmed its view that formation of a national third party now "will be injurious to liberal purposes." The statement recommended continued negotiation with Russia "on questions where genuine agreement is possible," but declared, "the free world continues to face its most massive external challenge from the Soviet Union and its international Communist instrumentalities."

Many of America's best tile setters of 20 years ago came from Venice, Italy, the city of canals where need for waterproof building made clay tile a popular building material.

Round Two Coming Up

Barbara Jean Floyd, Miss New Orleans of 1948, freshens up her "war paint" in New Orleans, La., after declaring she would "really fix" her husband, George Cauthen, if they met again. When they met in a hotel lobby a few days before, she bit, kicked and scratched Cauthen, an airline pilot, and he spanked her. Stranded in South America, she married him, she said, just so she could get back home. Now she wants to annul the marriage.

Jeff Williams Is Kiwanis Speaker

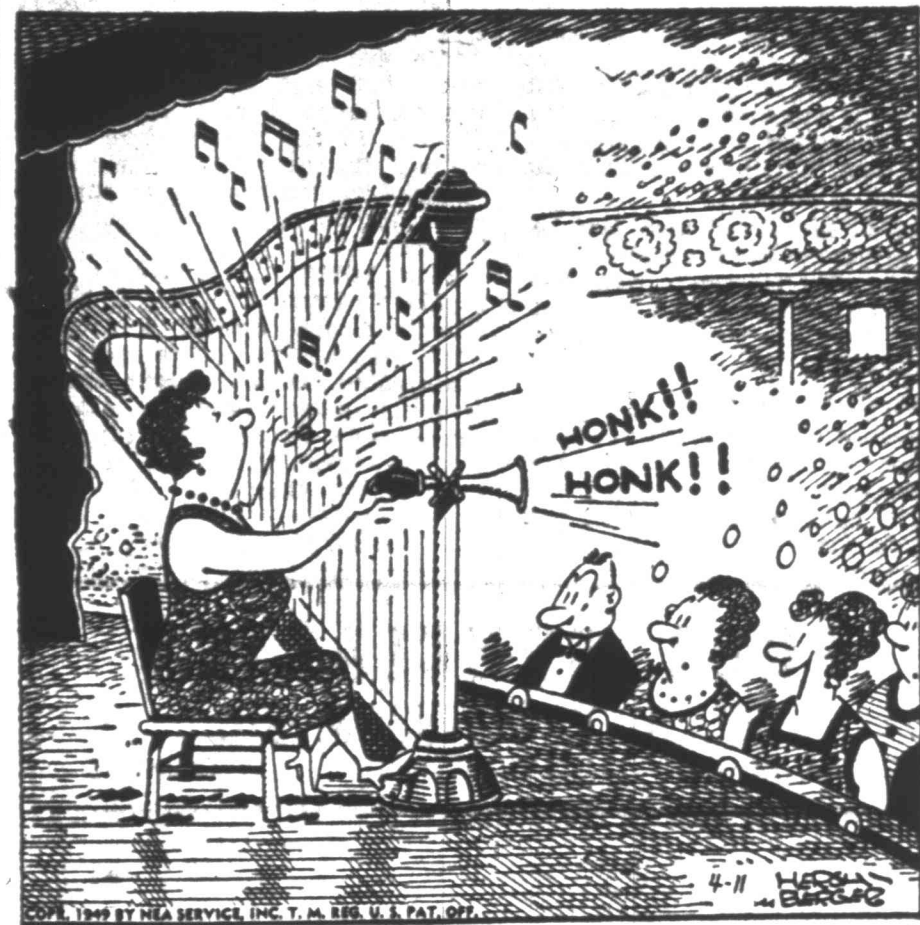

A classification talk on petroleum by Jeff Williams, Midland oil man, featured the program at the Kiwanis Club meeting Monday noon in the Crystal Ballroom of Hotel Scharbauer. He was introduced by Louis Bartha, program chairman. Williams used charts to illustrate his address, which dealt largely with geology and the production of oil. Bartha announced the club's annual Mother's Day program will be presented May 9, and named a committee including Joe Koegler, Lionel Craver and Gabe Massey to be in charge of arrangements. The Rev. R. Matthew Lynn, president, presided. Dr. Ernest Trice Thompson of Richmond, Va., who is conducting Holy Week services for the First Presbyterian and Trinity Episcopal Churches, and Dr. W. H. Poester of Lubbock were special guests. The eye teeth take their name from the fact that their roots reach upward near the orbits of the eyes.

Oil Workers To Ask Less Hours, More Pay

DENVER.—(AP)—The CIO International Oil Workers Union wage policy conference May 3-10 probably will call for a "slight" wage increase and a shorter work week, a union official indicated.

Holy Week Services Underway In Several Midland Churches

Pre-Easter services and revival meetings started Sunday in at least four Midland churches, with near-capacity crowds reported for Palm Sunday services in all churches throughout the city.

Three services are scheduled daily: men's Bible class at 7 a.m.; women's Bible class at 10 a.m. and worship services at 8 p.m.

Funeral services for Earl Joseph Moran, 55, of 222 North Baird Street, were held at 9 a. m. Monday in St. Ann's Catholic Church.

Rites Conducted For Earl Joseph Moran

Funeral services for Earl Joseph Moran, 55, of 222 North Baird Street, were held at 9 a. m. Monday in St. Ann's Catholic Church.

A rosary service was held Sunday morning for Moran. He died Saturday in a Hot Springs, N. M., hospital following a six month's illness.

Moran was a resident of Midland for 50 years and was engaged in the real estate and oil business. Survivors include the widow, a daughter, Mary Nell Moran, five sisters, Mrs. Allen Tolbert, Agnes Moran, Mrs. Henry Wolcott and Mrs. William Phelps, all of Midland, and Mrs. L. A. Hodges of Fort Worth and a brother, Ray J. Moran, of Midland.

Other out-of-city relatives and friends here for the services included Mrs. Moran's sister, Mrs. Harris Barnes, and family of Clarkdale, Miss.; Mrs. W. B. Talley, a sister-in-law, of Tyler, and Mr. and Mrs. Robert Lynch and Barbara Lee of Pueblo, Colo.

Active pallbearers were H. S. Forgeron, Gordon Holcomb, Ray Kelly, Speed Kelly, Mark Dorsey, Ben Dansby, Jr., Joe Freetag and Ralph Geisler.

Honorary pallbearers included Dewey Stokes and John Jackson of Hot Springs, N. M.; C. S. Messenger, Royalty; Ray Pool, Dallas; Jesse Glasgow, Rector, Ark.; Robert Lynch and O. D. Schmidt of Pueblo, Colo.; and Oscar Richardson of Pecos.

El Paso Lieutenant Is Convicted, Fined

U. S. AIR FORCE BASE, BURTONWOOD, ENGLAND.—(AP)—The U. S. Air Force announced Monday that First Lt. James C. Walker of El Paso, Texas, had been found guilty in a general court martial of selling American cigarettes to a British subject.

He was fined \$100 a month for six months and given an official reprimand, the Air Force said.

Capt. Thomas E. Daff, also of El Paso, was acquitted on a similar charge.

Double Decker

In high fettle, Howard Lester, top, and Charley Goode, bottom, pedal their high bikes in Oakland, Calif., where they are featured in a bike derby.

Air Force Works On Bombing Technique To Fit Long-Range B-36 Strategic Planes

WASHINGTON.—(AP)—The Air Force is working out a completely new bombing attack technique to fit its ultra-long range B-36 strategic warplanes.

One of the problems came to light Monday in testimony of an Air Force general to the House Appropriations Committee in recent hearings on the military appropriations bill.

Because the six-engine B-36 intercontinental bomber operates so high and so far it was necessary to build a serial camera which could take pictures at altitudes of more than eight miles to show targets and attack results on those targets, Maj. Gen. C. B. Stope of the USAF's Air Materiel Command disclosed.

He explained that with the new K-40 camera the B-36's could "come in, take a picture and go out without being caught."

of the demands for reconnaissance, less than half of the force might be available for bomb-carrying missions.

There is a compensating factor, however. The B-36 is intended to attack with atom bombs. The average target will require only one or two of these mass-destruction missiles.

Some For Reconnaissance So now the Air Force is confronted with the fact that it must divert part of its B-36 fleet from bombing to reconnaissance missions. The effect of this will be to cut the size of the actual bombing force available at any one time.

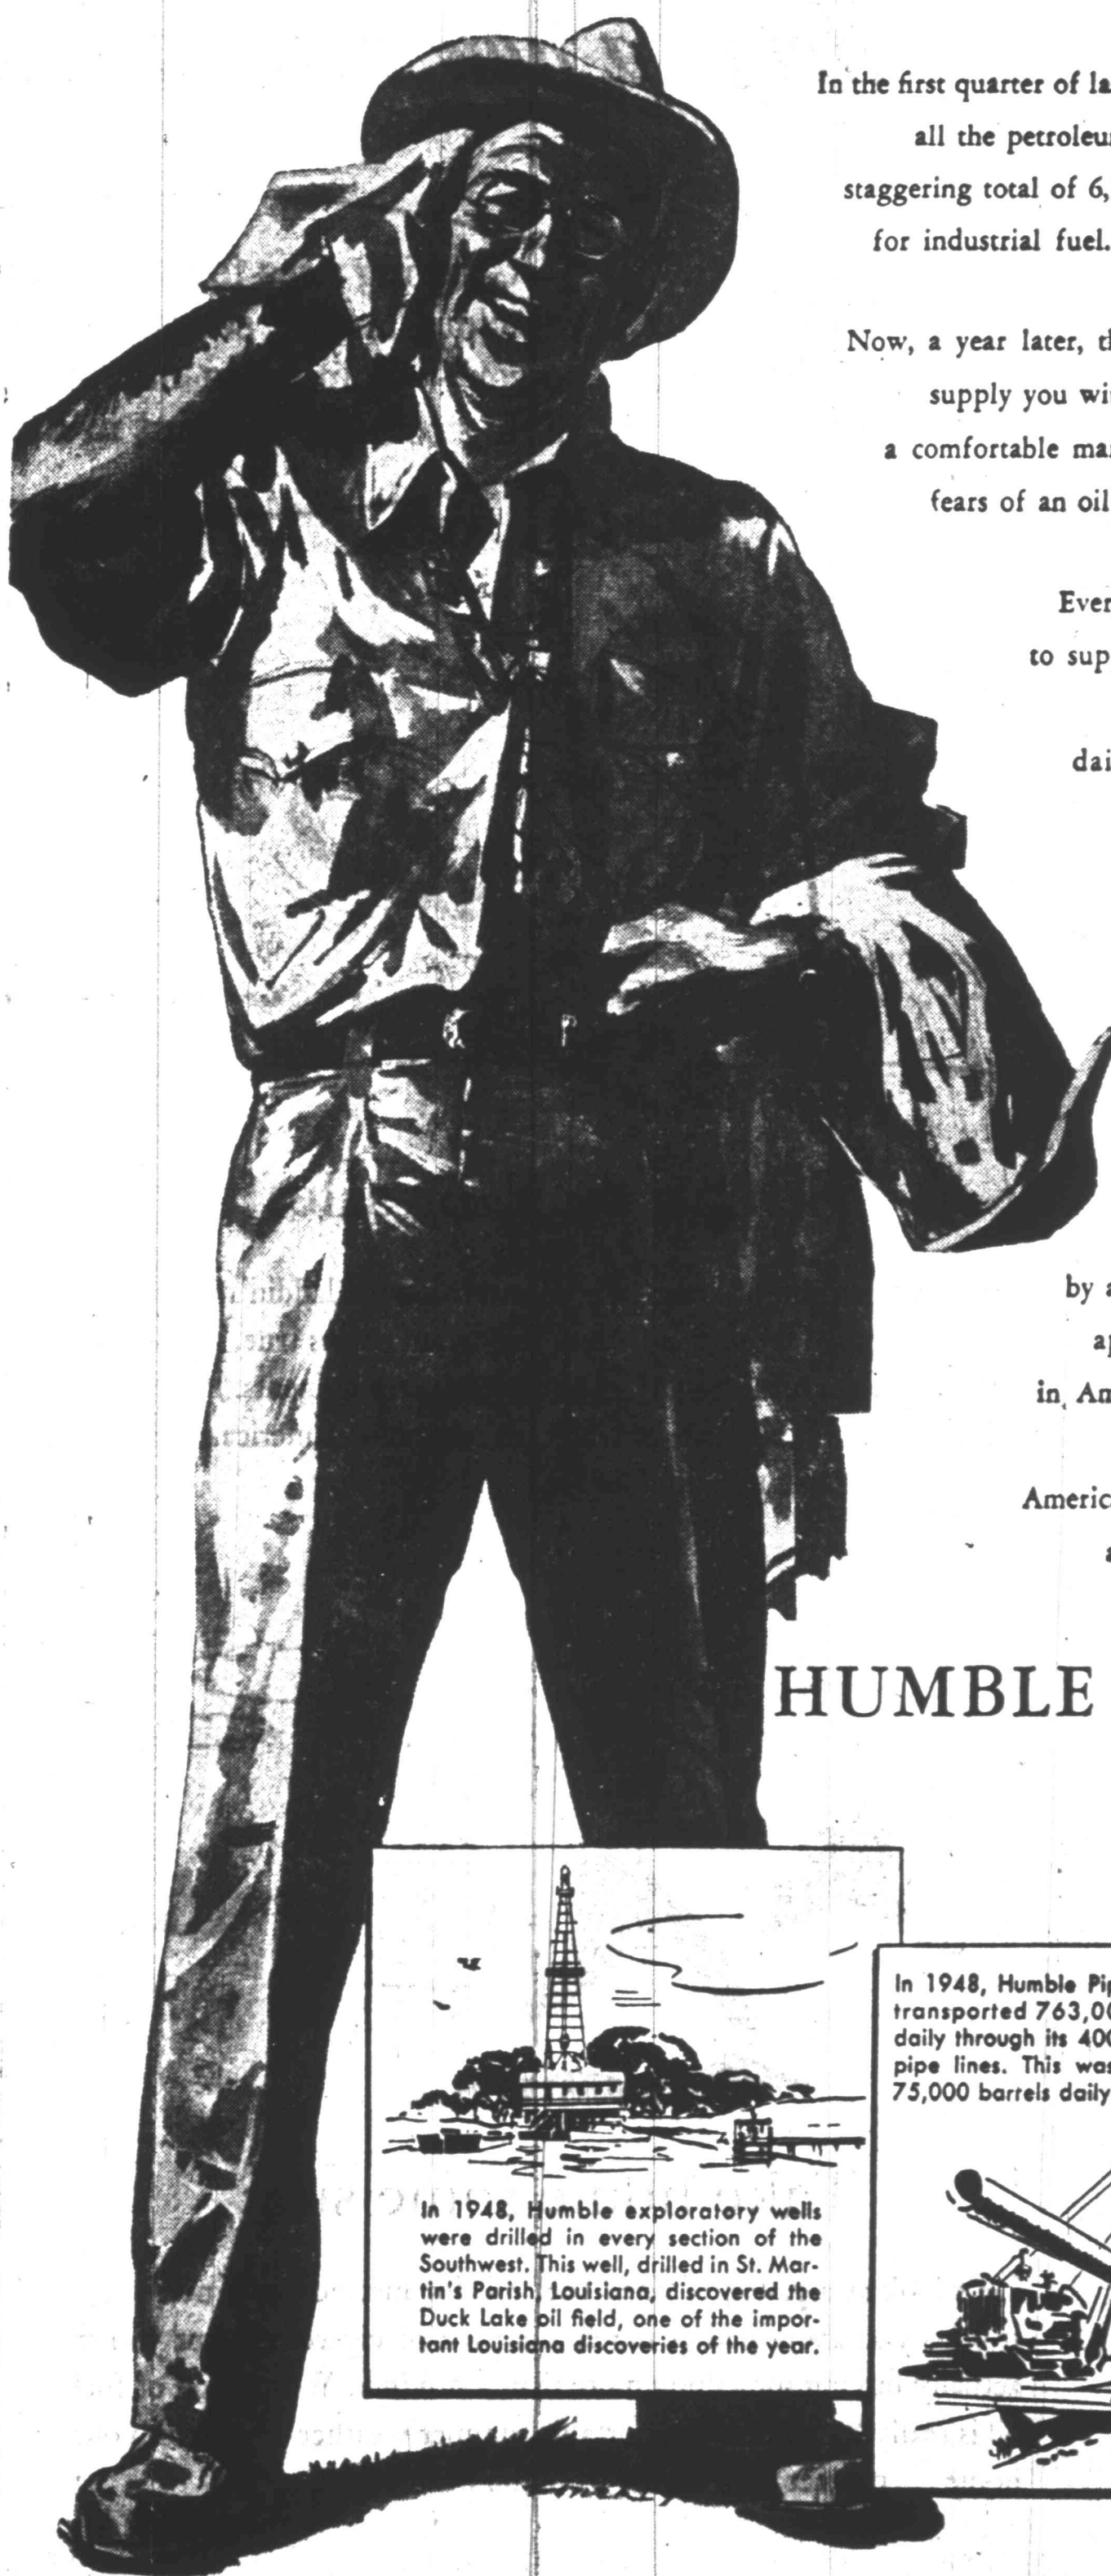

The Air Force has announced plans, up to now, for only four B-36 wings. With these wings at the newly planned strength of 80 planes per wing the Air Force would have a total of about 120 B-36's. Because

may be made by very small missions or perhaps by single planes, as in the case of Hiroshima and Nagasaki.

TRAFFIC VIOLATIONS Four complaints charging traffic violations were filed with Justice of the Peace Joseph A. Seymour Monday.

ROCKY FORD WAREHOUSE MOVING STORAGE ROCKY FORD LOCAL and LONG DISTANCE MOVING ODessa 4971 - PHONE - 406 MIDLAND ROCKY FORD MOVING VANS

It was a tough job ... but we licked it!

In the first quarter of last year, the oil industry was hard pressed to supply you with all the petroleum products you needed. You were asking us to furnish the staggering total of 6,317,000 barrels of oil daily: for transportation, for heating, for industrial fuel. And the oil companies were just keeping even with you.

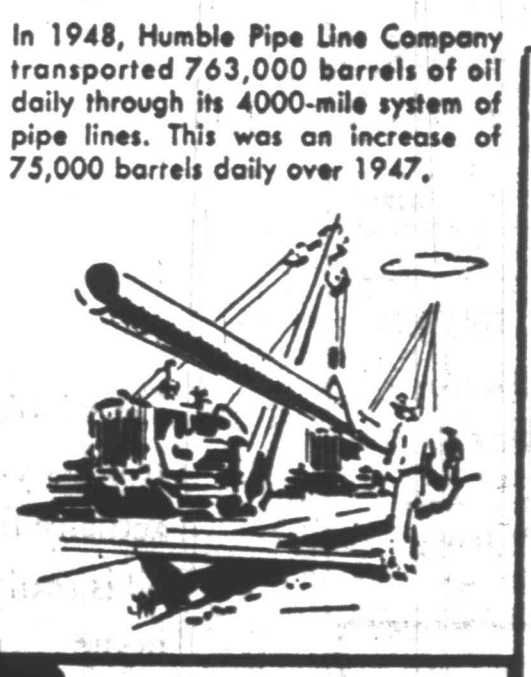

Now, a year later, there's a different picture. The industry is not only able to supply you with the oil you need for your daily use, but it has developed a comfortable margin of spare capacity. The industry has licked last year's fears of an oil shortage.

Every section of the industry shared in the extra effort needed to supply your heavy demand. In 1948, 39,000 new wells added 2 billion barrels of proved reserves and 350,000 barrels daily to the U. S. capacity to supply crude oil; pipe line companies pumped an unprecedented quantity of oil and finished products through their lines; and refinery runs increased by 470,000 barrels daily.

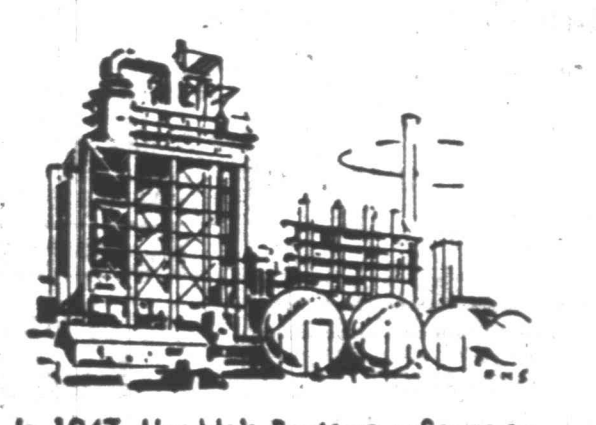

HUMBLE OIL & REFINING CO.

In 1948, Humble exploratory wells were drilled in every section of the Southwest. This well, drilled in St. Martin's Parish, Louisiana, discovered the Duck Lake oil field, one of the important Louisiana discoveries of the year.

In 1948, Humble Pipe Line Company transported 763,000 barrels of oil daily through its 4000-mile system of pipe lines. This was an increase of 75,000 barrels daily over 1947.

In 1947, Humble's Baytown refinery exceeded its wartime production record by processing 228,300 barrels of oil a day. By the end of 1948, Baytown refinery was processing a daily average of 250,000 barrels. Baytown's production of finished petroleum products in 1948 exceeded 1947 production by 10%.

He Covers the Waterfront

Last June chief engineer Sigvald Faines sailed aboard his Norwegian tanker from Elizabeth, N. J., and left his dog Brownie, who overstayed his shore leave, behind. After nearly 10 months of waiting for his master's return, Brownie is still a one-man dog. He meets every incoming tanker, sniffs at the crew, but rejects any offer of friendship. Nobody knows where Faines is, but faithful Brownie still takes up his waterfront post just in case.

Four Years With Truman Are Fateful Ones For U. S.

By JAMES MARLOW
WASHINGTON—(P)—Four years ago Tuesday, April 12, Harry S. Truman became President when President Roosevelt died. What has he done in those four years, and what has happened to him, us, and the world? When he moved into the White House, war with Germany was ending. Japan soon was to be crushed with the atom bomb, an event that changed world history. The United Nations was created

in the hope it might keep peace. And in his first few months in office, the United States had to be set spinning back to peacetime ways. It was done with jolts and jerks.

Prices Skyrocket
Wartime controls were ripped off, some too fast. Strikes sprouted, holding up peacetime goods.

His own Democrats were in control of Congress but, spearheaded by the Republicans, they cut the legs from under OPA. It died soon. Prices shot through the roof.

Truman tried a honeymoon with Congress in his early days as President. But that ended in a bust and never has been patched up.

Voters, fed up with the Democrats, gave the Republicans control in 1946. It was Truman's worst defeat.

He reversed that in 1948 with his own election, biggest surprise in American political history. And the Democrats' own control of Congress again.

Skies Darken Again
But Congress doesn't seem to be paying much attention to his wishes at least for things at home.

But meanwhile the skies have darkened beyond the shores. His hopes of getting along with Russia have gone down the drain.

As he watched the Russians swallow Eastern Europe, his mood hardened. He set up the Truman Doctrine: a policy of blocking Russia wherever it tries to make a thrust.

And now we've entered the Atlantic Pact with Western Europe to stop Russia with steel if need be.

As Truman goes into his fifth year in the White House, only 11, the air is full of talk of new war. Where we go, no one knows, not even Truman.

C. Of C. Directors To Meet Monday Night

Directors of the Midland Chamber of Commerce will meet at 7:30 p. m. Monday in the Private Dining Room of Hotel Scharbauer.

President R. D. (Bob) Scruggs said several matters of interest and importance are scheduled for discussion and action. He urged a full attendance of directors. A number of committee reports are scheduled to be heard.

VETERAN NEWSMAN DIES
DETROIT—(P)—George G. Booth, 84, founder of the Michigan Booth newspaper chain and an executive of The Detroit News 61 years, died Monday.

Buenos Aires, capitol of Argentina, is a Spanish phrase whose literal meaning is "good air."

Trial Set Monday In Franklin State Bank Swindle Case

FRANKLIN, TEXAS—(P)—B. B. Jones, charged in an \$81,000 worthless check swindle of the First State Bank of Franklin, faced trial here Monday.

The trial was scheduled for 94th District Court with Judge W. S. Barron presiding.

During Thanksgiving holidays last year the Franklin bank cashed \$81,000 in worthless checks. Shortly afterward the bank merged with the First National Bank of Franklin on Dec. 18, 1948.

Jones was arrested near Matamoros, Mexico, December 14 and returned to Texas. Jones was in the insurance business at Hearne and in the Rio Grande Valley was engaged in business involving used cars, refrigerators and barbed wire, which were sold in Latin American countries.

Vance West Assessed Five Year Sentence In Bandera Slaying

JOURDANTON, TEXAS—(P)—Vance West is guilty of murder without malice in the slaying of Bink West last August, reported an 81st District Court jury.

The jury returned by verdict of guilty Sunday and assessed a sentence of five years in prison. District Clerk Edgar Williams said it will be several days before the sentence is passed to allow a motion for a new trial to be made and heard.

West was charged in the killing of his former partner in a tavern at Bandera. The Wests were unrelated.

TECH ENGINEERS WILL SEE OFFSHORE DRILLING

LUBBOCK—Forty-five students in petroleum engineering at Texas Technological college who will graduate in 1949 will make a field trip to Galveston, April 25 to observe an oil company's offshore drilling operations.

Radio Quiz Contestants Seek Moolah For Many Different Reasons, Hal Boyle Finds

By HAL BOYLE
NEW YORK—(P)—What do most people who seek to win cash on radio quiz programs say they need money for?

T&P Public Relations Men Get Promotions

DALLAS—Two promotions in the Texas & Pacific Railway, Public and Employee Relations Department and a new member of the staff are announced by J. B. Shores, department director.

Effective Saturday, Chris Hobson, editor of the T&P employees magazine, becomes assistant director of public and employee relations. William T. Lynde, special representative, is appointed public relations representative. Jack McGuire, editor of the M-K-T Railroad's employee publication, is added to the T&P staff as Hobson's successor and employee relations representative.

"Times in their family—that is the number one problem," said Todd Russell, who has questioned thousands of contestants in the last five years.

"And until recently money for better housing was a very close second."

Russell, a tall, handsome curly-haired Canadian, currently is master of ceremony on "Strike It Rich," a CBS show. Each contestant on the show is given \$25 to start and can win up to \$500 by betting on his ability to answer a series of five questions successfully.

Screamed In Advance
Contestants are screened in advance on the basis of their actual need—and the nature of the project for which they want cash.

"Some, of course, are phonies and showoff," said Russell. "But the overwhelming majority are people who have a worthwhile reason. A surprising number don't want anything for themselves. They want to help their neighbors. Such as the man with the amorous bull."

"He was a New Jersey farmer whose bull kept breaking through wooden fences to make social calls on cows in the next pasture," explained Russell. "And he was what he wanted—enough to buy an electrified fence to keep his bull at home."

Some others: A frustrated city bachelor wanted to journey to Newfoundland and become a hermit. Two husbandless office girls in Washington, D. C., sought transportation money to go to Alaska, where they figured the ratio of men-to-women was more in their favor. Alas—they lost.

Because you "can't always throw sorrow into people's ears," some contestants are chosen each week on the basis of the oddity of their reasons for wanting moolah. Such

as the man with the amorous bull. "He was a New Jersey farmer whose bull kept breaking through wooden fences to make social calls on cows in the next pasture," explained Russell. "And he was what he wanted—enough to buy an electrified fence to keep his bull at home."

Some others: A frustrated city bachelor wanted to journey to Newfoundland and become a hermit. Two husbandless office girls in Washington, D. C., sought transportation money to go to Alaska, where they figured the ratio of men-to-women was more in their favor. Alas—they lost.

What does comfort cost per pound?

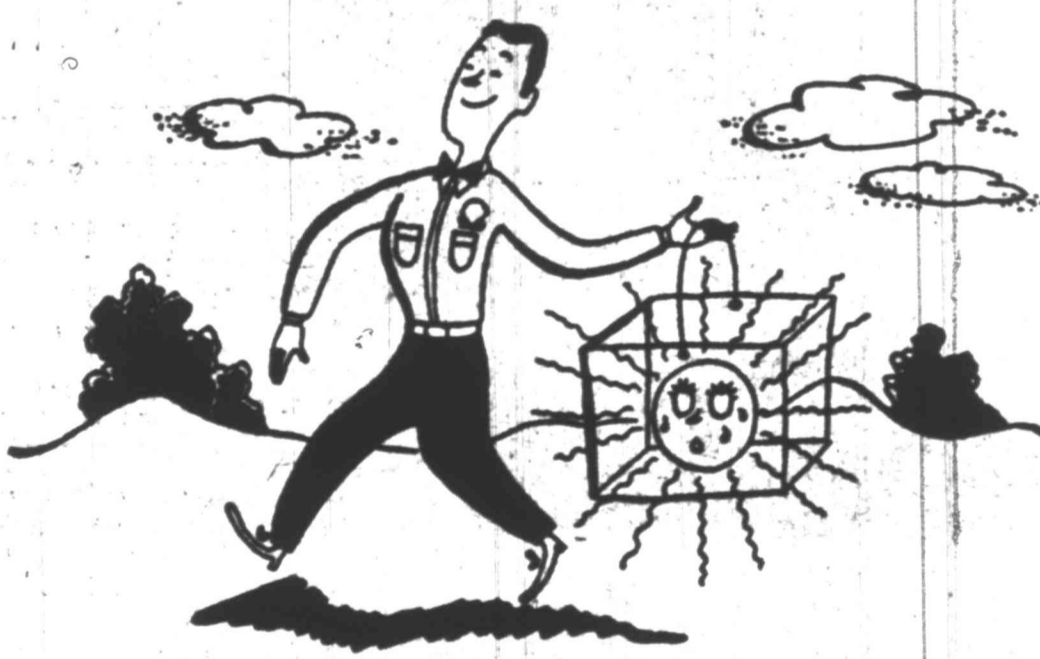

Here's a new way to look at any Shell product

Growing uses for petroleum—now our largest source of "portable power"—help raise our standard of living to highest point in history...

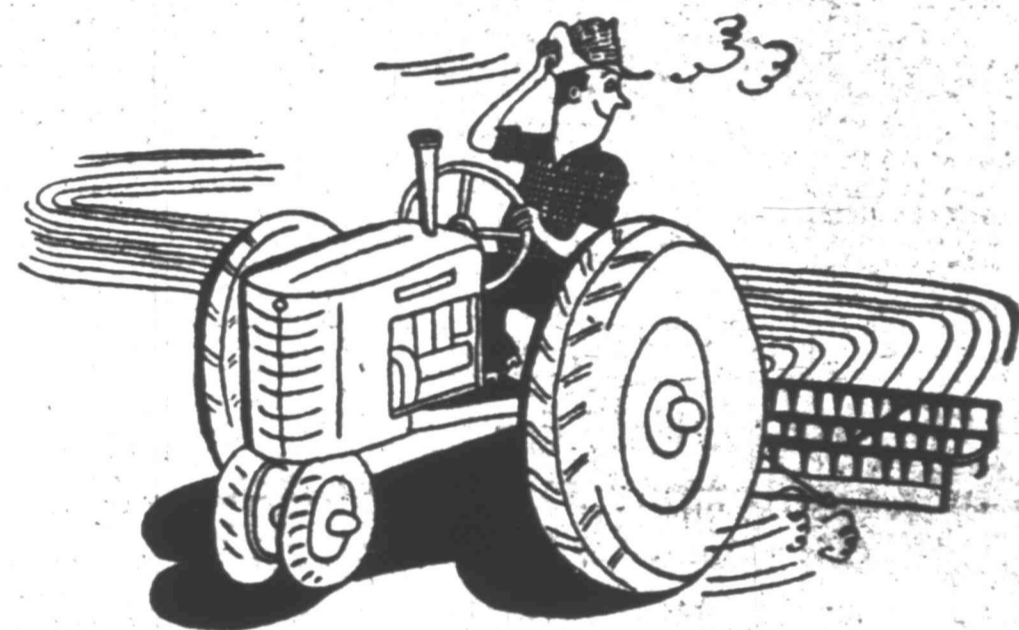

Strong man for sale:

An ancient dream of "easy living" was to own Aladdin's lamp, and "wish" the hard work done. Now the dream comes true. Petroleum and natural gas furnish 48% of our energy requirements. Petroleum is easy to buy at reasonable prices, *anywhere* in America. And it's ready to tackle almost any job you ask.

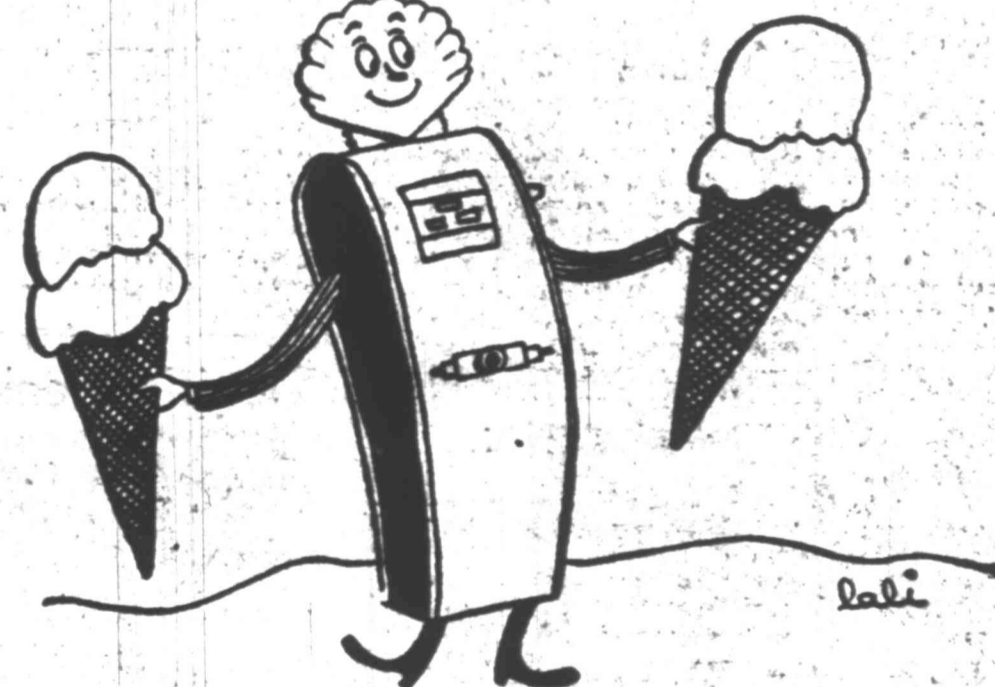

Take home some sun:

Let's look at a gallon of Shell fuel oil, for instance, in a new way. It costs you about half as much as a pack of cigarettes—but you're actually buying something more than a *product*. Your gallon of fuel oil is really "7 pounds" of portable summer weather—to warm your home... protect your family from the winter cold.

Faster farmwork:

Give a farmer a gallon of Shell diesel fuel, which will weigh about 7 pounds, and you're giving him tireless mechanical muscles. You're helping him cultivate a lot more land in a lot less time. You're giving him an easier life. And incidentally, you're helping him give a lot more food to a very hungry world.

For 2 ice cream cones:

A gallon of Shell gasoline costs—without taxes—about the same as 2 large ice cream cones. It contains the energy to transport you and your family 15 to 20 miles... on business, errands, or recreation. Petroleum is *portable power*, available—for your comfort and convenience—anywhere in America.

Shell Oil Company, Incorporated

A forward-looking company serves all 4:

1. The Consumer—through fair prices, good service, and the development of new and better products.
2. The Community—through actions that promote local and national welfare in peace or war.
3. Its Employees—through job security, fair wages, and the opportunity to advance.
4. Its Shareholders—through a fair return on their investment.

"Rollo's arm's not so good, but we'll let him be the catcher till we get some equipment—his father's a doctor!"

Disposition Of Italian Colonies May See Formation Of New Kingdom In North Africa

By DEWITT MACKENZIE
AF Foreign Affairs Analyst

Disposition of Italy's African colonies may see the birth of a new kingdom in the Mediterranean country of Cyrenaica under the Emir Sayid Mohammed Idris El Senussi, the princely personage who is regarded as both religious and temporal ruler by his people.

The question of the colonies now is before the Political Committee of the United Nations General Assembly. The United States has proposed that Cyrenaica, which is the eastern portion of Libya, be placed

under British trusteeship. British Minister of State Hector McNeil has stated that "if this should prove to be the will of the Assembly, my government will faithfully and solemnly attempt to discharge such a mandate and would find such a proposal a happy one."

Appeals To Britain

Britain has two reasons for liking this solution. One is that during the war she promised the Senussi (a Moslem religious sect of Arabs) that never again would they be returned to Italian rule. The other, and perhaps more significant, is that Cyrenaica is a powerful military base, dominating the main shipping route through the Mediterranean. America is mightily interested in that fact, too.

Back in December of '43, while Montgomery was in process of driving Rommel eastward across the desert, I visited Libya and later had a long talk in Cairo with the Emir Sayid, who is better known as the grand Cenusi. He told me he expected his people to receive their freedom, and while we didn't discuss his personal ambitions I have no doubt he hoped to take his place as ruler. Certainly some prominent Senussi whom I met were working to that end.

Stupid Mussolini

I asked the grand Senussi what he thought of Dictator Mussolini's assumption of the title of "Protector of Islam" in conjunction with Il Duce's great colonization scheme in Cyrenaica. The emir laughed and replied:

"It's the sort of thing which would only be done by a stupid person like Mussolini."

The Senussi suffered cruelly as Mussolini drove them out from their coastal farms which had been tilled by their ancestors since the days when Cleopatra basked in the sun beside the blue waters which wash the Libyan shore.

Mussolini put thousands of Italian colonists on the farms, and developed the land systematically. "But at long last the war ended, and the Senussi who had survived came back from their desert hide-outs and took possession of their farms."

TWO!
You Mean It?

Yes, we mean it... there's just about two months until the really hot weather is here... and how's your radiator fixed for hot weather? If it's not operating properly, you'll be sorry! Why not be safe... let us check and double-check your radiator and put it in A-1 condition now!

Midlanders Chosen District Officers In Medical Society

BIG SPRING—Dr. Charles S. Britt of Midland is new president of the second district of the Texas State Medical Society, which recently held its business session here. Other officers named were Dr. Andrews Toombs, Seminole, vice president, and Dr. R. A. Golladay, Midland, secretary-treasurer. Dr. Britt succeeds Dr. R. B. G. Cowper, Big Spring.

Mrs. Cooper Recognized

Dr. Tate Miller, Dallas, president of the state society, reminded doctors of their responsibility to the public, professionally and civically, in an address which featured a banquet session that climaxed the one-day session of doctors in this area. Mrs. A. J. Cooper, Midland, council member for the state auxiliary, was recognized at the banquet affair, held in the Settles ballroom.

Dr. A. W. Harrison, Dr. Truman G. Blocker, Dr. Hamilton Ford and Dr. A. L. Lane, members of the faculty of the University of Texas Medical College at Galveston, each made two presentations on professional subjects during the day. They also responded to questions propounded during a roundtable period. Next meeting place will be selected by the officers.

Regan Advocates Legislation To Curb Oil Imports

WASHINGTON—(AP)—Legislation to curb imports of foreign oil was advocated Sunday night by Rep. Ken Regan of Midland. He spoke on the Texas Forum of the Air, a transcribed radio program, with Reps. Wright Patman of Texas and Clark Thompson of California.

Regan said 800,000 barrels of oil daily are being imported into this country, compared with exports of about half that amount. He estimated the total domestic consumption at four to five million barrels daily.

Contending that many Texas wells are being forced to shut down because of surplus oil stocks, causing lay-off of workers, Regan said: "Excessive imports of foreign crude could soon make our nation dependent upon such sources of supply while our great American oil industry would perish for lack of incentive and encouragement to continue in the development of our vast potential resources at home."

"I do not feel that a 'high tariff on foreign crude is the answer, but immediate legislation to confine imports to actual need should be considered if voluntary reductions in imports do not take care of the situation."

U. S. RUSSIA REJECT SHORT WAVE AGREEMENT

MEXICO CITY—(AP)—The Soviet Union and the United States have refused to sign an 85-nation agreement to allot short-wave frequencies.

The U. S. objected that time given her under the plan was too little, but the Soviet's reason for not signing was unclear.

Blossom Time Gal

Portia Jean Thornton, 18, of Wenatchee, Wash., brown-eyed brunette who will reign as queen of the Washington State Apple Blossom Festival, gets set for a bite of her favorite fruit—an apple, naturally. The color of her dress is blossom pink—apple, of course. Portia, who eats an apple a day, was also a princess at the Cherry Blossom Festival in Washington, where she also picked—you guessed it—apples.

Police Busy Over Midland Weekend

City Court Monday reflected a busy weekend by the Midland Police Department. More than 35 arrests on charges ranging from drunkenness to investigation were made by officers through Friday, Saturday, Sunday and early Monday.

Twelve arrests were made Sunday. From a prowler arrest Friday night on North Carliso Street to investigation pickups early Monday, the policemen were busy during the weekend.

NEGROES INJURED

Six negroes were reported to have been injured in a two-car collision Saturday night on U. S. Highway 80 west of Midland. They were taken to Odessa for hospitalization. The accident occurred near the county line.

Texas Educator Dies At Grandview

GRANDVIEW, TEXAS—(AP)—Odie Minatra, 61, active in various phases of state education for many years, died Sunday. He had been superintendent of schools here the last two years. At different times Minatra was superintendent of schools at Dawson, head of the State Orphan Home in Corsicana, head of the Old Age Assistance Division of the Texas Welfare Department and rehabilitation director of the Texas Prison System. Funeral services were to be held here Monday.

Couldn't Spike The Mother Bird

NEW YORK—(AP)—You can plot against a mother pigeon, but you can't tell her where to lay an egg. A mid-town Manhattan building management found that out. It erected a sharp spike barrier about 20 feet over its main entrance to keep pigeons away. A pigeon perched an egg on one of the spikes. It's still there—sitting but not tottering over the facade of the Airline Terminal Annex facing Grand Central Station. There'll be no effort to dislodge the egg. If it topples and hits a passer-by—well.

Writes its Owner's Biography!

IT SEEMS SAFE to say that there is no material possession which speaks more eloquently of the man who owns it than a Cadillac car.

Wherever it is driven, it offers authentic testimony as to its owner's good taste—his concern for the safety and comfort of his family and friends—and his general standing in the field of endeavor in which he has chosen to make his contribution to the world's affairs.

Indeed, if a complete list were published of those who own and drive this distinguished car—it would be obvious that it has become a hallmark of achievement in almost every walk of life.

That this should have happened is entirely logical—for Cadillac cars have been built, for almost half a century, to the most uncompromising standards of excellence. As a result, Cadillac stands alone in all the things that make a motor car a distinction to possess and a pleasure to utilize.

The 1949 Cadillac is the grandest of them all, in every way. Why not visit our showrooms and see for yourself?

LEGAL NOTICES

NO. 1222 IN THE MATTER OF THE GUARDIANSHIP OF ROY ELLIS DOUGLAS, A MINOR IN THE COUNTY COURT OF MIDLAND COUNTY, TEXAS

NOTICE TO ALL PERSONS INTERESTED IN THE ABOVE MINOR OR HIS ESTATE: You are notified that I have on the 8th day of April, 1948, filed with the County Clerk of Midland County, Texas, an application under oath for authority to make an oil and gas lease on that certain real estate belonging to such minor, described as

In the early spring more than 20,000,000 young tomato plants raised in southern Georgia are shipped by air and rail express to widely scattered regions throughout the United States for replanting, according to Railway Express.

LEGAL NOTICES

Following undivided 1/8th interest in 1364 acres out of the NW 4 of Section 2, Block 8, E-28th Ry. Co. Survey, Lynn County, Texas.

Such application is made a part hereof and referred to for all purposes. The County Judge of Midland County, Texas, on the 8th day of April, 1948, duly entered his order designating the 8th day of April, 1948, as the time and place when and where such application would be heard and that such application will be heard at such time and place.

INEZ DOUGLAS Guardian of the Person and Estate of Roy Ellis Douglas, a Minor.

STATE OF TEXAS COUNTY OF MIDLAND

NOTICE OF DISSOLUTION Notice is hereby given that the partnership lately subsisting between Fred Y. Becker of Tom Green County, Texas, and A. B. Strauss of Ector County, Texas, under the firm name of "ANGELO LUGGAGE" in Midland, Texas, was dissolved by mutual consent, on the 18th day of March, 1948.

All debts due to the said partnership are to be paid and those due from the same discharged, at Main and Wall Streets, Midland, Texas, where the business will be continued by the said Fred Y. Becker, under the firm name of "ANGELO LUGGAGE OF MIDLAND, TEXAS."

Dated this 18th day of March, 1948. FRED Y. BECKER A. B. STRAUSS

STATE OF TEXAS COUNTY OF TOM GREEN

BEFORE ME, the undersigned authority on this day personally appeared A. B. Strauss and Fred Y. Becker known to me to be the persons whose names are subscribed to the foregoing instruments, and acknowledged to me that they executed the same for the purposes and consideration therein expressed.

GIVEN UNDER MY HAND AND SEAL OF OFFICE, this 18th day of March A. D. 1948. WALTER GOLDBERG Notary Public in and for Tom Green County, Texas (March 21-28; April 4-11)

SELL IT WITH A CLASSIFIED! Put your "don't want" before the public, and you'll see how many people do want your surplus items—and are willing to pay CASH.

LOOK AT ME CAREFULLY

I MAKE YOUR JOB MORE SECURE

I am an "ad." You see hundreds of me every day.

You may think my only job is to sell you goods.

If you do think that, you are only seeing PART of me—like the top of an iceberg above the water.

Look more carefully. See the bigger part of me BELOW the water. For the biggest thing I do is make your job more secure. Yes, YOUR job.

What kind of job do you have? Farmer? Truck-driver? Office worker? Housewife? Almost every blessed penny that goes into your pocket depends on somebody selling something to somebody else.

In fact—all the jobs and all the paychecks in America depend ultimately on people buying and selling.

And "ads" just like me—in the papers and magazines, on posters and on the air—are the fastest, most powerful and the cheapest way yet devised of selling goods.

Suppose somebody should stop you from reading the ads. Should shut off radio advertising.

You'd be all right at first. You'd know where to go for eggs and shoes and automobiles.

But far away, businesses would begin to fail. Pretty soon failures would start striking around you.

It isn't healthy for a nation to stop buying and selling.

Next time you see me, think of that. Think how I make your job more secure.

HERE'S HOW U.S. NATIONAL INCOME ROSE IN THE LAST 36 YEARS—THE GOLDEN AGE OF ADVERTISING

This rise in the standard of living for you and yours is unequalled in all history. Advertising helped raise this standard—is needed even more today to sell industry's new developments.

OTHER WAYS ADVERTISING HELPS YOU AND YOUR FAMILY

- 1 Brings you better goods for less money.
- 2 Makes shopping more pleasant and easier.
- 3 Gears consumer demand to production, to create prosperity.

Advertising... BY SELLING MORE GOODS TO MORE PEOPLE

Makes your job more secure

UN Assembly Faces Major Problems

NORTH ATLANTIC TREATY: Although not yet on formal agenda, the North Atlantic Treaty is expected to produce fireworks in UN from Soviet bloc. Signatories are willing to have issue brought up for hearing and are ready to defend it in debate.

VETO POWER: Another troublesome issue is the big powers' veto rights in Security Council which stymie UN action by walkouts such as this by Russia's Andrei Gromyko. A new proposal to restrict the veto without eliminating it is ready for assembly action.

ITALIAN COLONIES: Disposition of Italy's former African colonies is subject most likely to produce positive action. Big question is how much Italy, who needs overseas territory to be self-sufficient, will get back under a UN trusteeship agreement.

ISRAEL MEMBERSHIP: Israel applied for membership during Paris session last year, but Security Council just recently approved it. Since more than two-thirds of member nations have recognized the new state, Israel expects to be admitted.

MINDSZENTY TRIAL: Under attack will be recent trials of Cardinal Mindszenty of Hungary, above, and Protestant churchmen in Bulgaria. Latin-American nations strongly favor resolution censuring the two Communist-dominated countries.

FRANCO SPAIN: Sharp conflict is expected over Spanish question. UN passed a resolution in 1946 criticizing Franco's government. New Latin-American countries favor toning down the resolution. Chances for outright repeal are slim, however.

Nips With Missouri Accent Wait A Word From Congress

David B. Carpenter and his Japanese wife show son Gary pictures of his twin half sisters. The Carps enter are in Seattle; the twins are in Japan, waiting for action by Congress.

By FRED ZAVATTERO
SEATTLE—(NEA)—Two little Japanese girls who speak Japanese with a Missouri accent are waiting patiently in Japan for Congress to pass House Resolution 2084. The bill, if it is passed, will allow them to join their mother and stepfather in Seattle. Their 18-month-old half brother is also waiting to greet them. Teiko and Yoshiko, four-year-old Japanese twins, were little more than a year old when their mother, Yoshi Eigo, married David B. Carpenter in Tokyo, and they learned their middle-western Japanese from him. The Navy taught Carpenter to speak Japanese while he was naval intelligence officer, but he never

lost his Missouri drawl. Carpenter, a sociology instructor at the University of Washington and former St. Louis resident, has been trying since 1947 to have his step-daughters admitted to this country. Under the War Brides Act, he was able to bring home only his wife. Immigration laws prohibit the children's entry except by an act of Congress. That takes time. "The girls," Carpenter explained, "never knew their real father, a Japanese naval officer. Yoshi divorced him, and he later died in China. I feel toward the twins just as I do toward our son, Gary." The Carpenters have very nearly strangled in red tape, but they have never given up. Last year the bill died before any action could be taken. A new bill was introduced this year, and the Carpenters hope the 81st Congress will do something for two little Japanese girls who speak English (and Japanese, too) with an accent the man in the White House would recognize.

McCamey C. Of C. Activities Are Varied, Numerous

McCAMEY—Activities and accomplishments of the McCamey Chamber of Commerce since its organization last July 1 were enumerated by President C. W. Brown at the organization's first annual banquet Saturday night. Brown mentioned the airport improvement program, Benedum oil field road project, cleanup campaign, organization of the county roping club, trades day sponsorship, organization of softball association, softball diamond improvements, sponsorship of the Upton County 4-H Club Show and Sale, highway projects, and the revival of the McCamey Day celebration as the Chamber's major activities. He discussed briefly the individual projects and told of progress being made on those not yet accomplished. He urged the support and cooperation of all citizens in the Chamber of Commerce program of work. Fletcher Stapp, who became manager last September, was introduced. Large Attendance More than 200 persons from McCamey and neighboring cities attended the event, which was held in the new school cafeteria. The banquet was served by the Home Ec Department of McCamey High School, under the direction of Mrs. Howard Stoker. John Ben Sheppard, prominent Gladewater attorney and immediate past president of the United States Junior Chamber of Commerce was the principal speaker. He was introduced by Jim Langdon. Oliver O. Jacobson, McCamey civic leader, was the banquet toastmaster. Fred Wemple of Midland, chairman of the State Highway Commission, was an honored guest. Officers of the McCamey Chamber of Commerce are Brown, president; Matt Dillingham and Dr. James Cooper, vice presidents; and James A. Rutherford, treasurer. Directors are E. F. Katsajowsky, W. D. Noel, William Wolf, T. G. Roach, C. G. Forrester, Jesse Russell and Langdon.

OPERETTA COMPOSEE DIES
VIENNA—(P)—Jara Benes, 52, famous operetta composer, died here Sunday night.

CRASH VICTIM TO BE INTERRED IN TEXAS
MAGNOLIA, ARK.—(P)—The body of Maj. James E. Alsobrook, 32, will be sent to San Benito, Texas, for burial. Alsobrook was killed Saturday in the crash of an Air Forces plane near here. Funeral services for the flyer were to be held here Monday afternoon before the body was sent to Texas. Alsobrook was from Wright Field at Dayton, Ohio.

Tokyo Burglars Have Busy Day

TOKYO—(P)—It was a wonderful day—for burglars, too. Thousands of Tokyo residents took a balmy Sunday to visit parks and nearby towns famed for their cherry blossoms. When they returned, hundreds informed police their homes had been burglarized.

EDUCATOR TO RETIRE
NEW HAVEN, CONN.—(P)—Dr. Charles Seymour announced Sunday his intention to retire as president of Yale University on July 1, 1950. A flea can jump a distance 200 times its own length.

House Faces Debate On Natural Gas Tax; Hearings Continue
AUSTIN—(P)—A natural gas tax bill was on tap for renewed House debate Monday. By Rep. C. S. McEllan of Eagle Lake, it would levy a new tax of one cent to three-fourths of a cent, plus a fee of one cent per 1,000 feet of cubic gas produced in Texas. The measure is designed to raise revenue for the specific purpose of building more hard-surface country feeder roads. McEllan said last week farmers from over the state would be on hand Monday to let the House know they are for the bill. An amendment approved by the House during consideration of the tax plan last week cut the rate from one cent to three-fourths of a cent. That lopped off more than five million dollars from the 22 to 23 million dollars the author had estimated the tax would raise each year. Many bills must die. Moving into the final month of the constitutionally-suggested 120-day session, the Legislature is sure to kill many pending bills through the process of delaying them until time runs out. Nevertheless, committee hearings on bills are continuing. A bill to keep the name of the Communist Party off the Texas ballot will be given a House committee hearing Tuesday night. At the same session, at 7:30 p. m., before the House Committee on Privileges and Election, two other proposed election changes will be heard. Rep. Eugene Williams of San Antonio has a measure requiring all political parties to hold primary elections, regardless of their vote in the previous general election. Rep. Frank McCreary of Waco has a bill which is the first primary on the fourth Saturday in April and the second primary on the fourth Saturday in May. Anti-Red Measure The anti-Communist bill, by Senator John Bell of Cuero, already has been approved by the Senate. A measure creating a State Youth Development Council, by Senator

R. L. Proffer of Justin, will be heard before the Senate State Affairs Committee Tuesday at 2 p. m. Other hearings Tuesday include: At 7:30 p. m. before the Senate Banking Committee, a bill by Senator Gus Stratus of Hallsville regulating small loan businesses. At 7:30 p. m. before House Insurance Committee, a bill by Rep. Jim Lindsey of Boston permitting insurance companies to write full wind-storm coverage for those who want it. RANCHMAN'S WIDOW DIES AT FORT WORTH FORT WORTH—(P)—Funeral services for Mrs. C. A. O'Keefe, 55, who died at her home here Sunday, will be held Tuesday morning. Mrs. O'Keefe was the widow of C. A. (Gus) O'Keefe, cattle and ranch man. She was active in church work. More than three billion cigarettes are made every year in the United States.

Odessa Man Dies In Wyoming Plane Crash
GRANGER, WYO.—(P)—Three men were killed Sunday when their small plane crashed as it took off at this southwestern Wyoming town. The State Highway Patrol identified them as John Womack, a salesman for the H. C. Smith Bt Company; Tulsa; Dale Euse, Odessa, Texas; and Bill Hall, Casper, Wyo. (The three had flown here from Casper to examine an oil well being drilled by the Sinkeroff Drilling Company of Casper. Forty per cent of people here have any wisdom teeth at all.)
