Magnolia Gets More Andrews Silurian Pay..

Additional Silurian pay has been logged at Magnolia Petroleum Company No. 13-3 Cowden, without recovery from that formation and two higher horizons two miles southeast of the Dollarhide field in Southwest Andrews County.

Following a recovery of clean oil on a drillstem test in the Silurian, operator drilled ahead to 11,088 feet and drillstem tested for four hours with packer at 11,085 feet. A 2-250-foot water blanket was used.

Gas showed at the top in two hours. Gas volume was neither gauged nor estimated. Recovery was the water blanket, heavily cut with oil and gas, plus 5,690 feet of clean oil and 490 feet of heavy oil and gas cut drilling mud.

Bottom hole pressure flowing was 1,000-2,255 pounds. Shutin pressure was not reported.

The venture was drilling ahead from 11,094 feet in lime and chert on last report, due to drillstem test, again shortly. Tentative top of the Fusselman was called on 11,090 feet.

Operator has filed an amended application with the Railroad Commission, requesting permission to deepen this venture to 11,500 feet for an Ellenburger exploration.

It is 690 feet from north and east lines of section 12, block A-35, pal survey.

Strawn Discovery In Scurry Flows Ahead

Flowing on a drillstem test in the Strawn-Pennsylvanian was continuing at L. C. Collins No. 1 Park, flowing strike from the Strawn in the area adjacent to the North Snyder field of North-Central Scurry County.

The tool was open at 7,308-22 feet, still on the initial test of the Strawn. At the end of 25 hours, the well had made 512 barrels of oil through 3/8-inch chokes. Gravity of the petroleum was 33 degrees. The development was flowing ahead on the test before pulling the tool.

Location is 1,980 feet from north and 330 feet from west lines of section 42, block 97, H-20 survey, about eight miles north of Snyder.

Kent Wildcat Test Has Faint Oil Signs

Very slight oil signs developed on a drillstem test at The Ohio Oil Company No. 1 J. J. Emery, North-west Kent County wildcat, 15 miles southwest of Spur and 1,880 feet from north, 819 feet from east lines of section 39, block 2, H-20N survey.

The tool was open one hour at 6,655-8,093 feet, recovering 270 feet of gas cut salty drilling mud with a rainbow show of oil.

Operator has drilled ahead to 6-142 feet and on last report was running another drillstem test.

Low Running Test At Strike In Gains

A drillstem test was underway at Ralph Lowe No. 1 Cunningham-Shell, recent Pennsylvanian discovery in Southwest Gaines County, 10 miles southwest of Seminole.

Bottomed on 9,284 feet with packer at 9,241 feet, the tool was open on last report. A show of air had reached the surface in one hour and 15 minutes. Nothing further had developed.

The zone being tested is thought to be Pennsylvanian by some observers. This wildcat, 690 feet from north and east lines of the north-west quarter of section 4, block A-24, pal survey, flowed oil in commercial quantities on two drillstem tests at lesser depths.

Kent Deep Wildcat Enters Ellenburger

The Ellenburger has been encountered by Hiawatha Oil & Gas Company and H. E. Davis at their No. 1 Beth Wallace, Central Kent County wildcat, 660 feet from north and west lines of section 57, block 98, H-20C survey, about five miles southeast of Claremont.

Top of the deep zone was called 11,764 feet, with elevation of 2,087 feet. The venture was bottomed on 7,988 feet in lime, preparing to core. No tests have been made of the formation as yet.

Humble Gets More Water Deep In Irian

More water has developed in a deep lime formation tentatively identified as Ellenburger at Humble Oil & Refining Company No. 1-P Slavyer, deep wildcat in Southwest Irian County, eight miles northwest of Barnhart and 690 feet from south, 1,330 feet from east lines of section 181, block 1, TP survey.

The examination was for one hour and 45 minutes at 9,949-9,985 feet. Recovery was 2,100 feet of drilling mud and 5,400 feet of salt water. Electric log surveys were run following the test. More hole is being made.

Sinclair Makes Hole With Two Ventures

More hole was being made at two deep wildcats by Sinclair Prairie Oil Company.

The concern's No. 1 Lindy, extreme South-Central Irian County wildcat, was beyond 8,983 feet in lime and shale.

It is 690 feet from south and east lines of the southwest quarter of section 47, block 8, H-20B survey, one mile north of the town of O'Donnell. Projected depth is 11,500 feet.

Gromyko Says U. S., Britain Aiding Franco

LAKE SUCCESS—(P)—Russia's Andrei A. Gromyko charged Friday the United States and Britain are strengthening Franco Spain by supplying arms and giving it economic and political assistance.

The Soviet deputy foreign minister spoke before the 58-nation Political Committee of the United Nations Assembly.

He accused the two big Western Powers of thwarting UN attempts to bring about the downfall of Generalissimo Francisco Franco.

"They have done everything possible," Gromyko said, "to prevent the implementation of Assembly resolutions."

Gromyko addressed the committee as it neared a showdown vote on the question of top-level diplomatic boycott of the Franco regime.

Latin American countries and the Slav bloc are divided sharply on the issue. With the U. S. and several other countries standing on the sidelines in the bitter debate, some observers predicted no post-action could result before the Assembly's adjournment, scheduled for the end of next week.

Chamberlain, Daladier Policy The Russian said Britain and the U. S. "from the very beginning have put their faith in the continuation of Spain as a Fascist hotbed."

"This," Gromyko went on, "is a continuation of the policies of (Premiers) Chamberlain and Daladier whereby British and French non-intervention helped crush the Spanish republic. Now the United States and the United Kingdom are singing the same old tune of non-intervention."

Gromyko cited figures which he said showed an increase in trade between the U. S. and Spain and an increase in American credits to export economic goods in Spain. He then turned to the political aspects of U. S.-Spanish relations.

Many political figures in the United States, he said, have stressed the "strategic use" of the Iberian Peninsula "in the preparation for a new war."

Gromyko, referring to visits of U. S. officers, said "Some wonder if there already is a military agreement" bringing Spain into the Atlantic Pact.

Federal School Aid Bill Sweeps Through Senate By 58-15 Vote

WASHINGTON—(P)—The Senate delivered a \$300,000,000 federal aid to education bill to the House Friday for the second year in a row.

The measure swept through the Senate Thursday night 58 to 15. All efforts to amend it were beaten down.

It would authorize \$300,000,000 to be appropriated annually to help the states pay teacher salaries and other school operating expenses. Many schools have lost teachers to better paying employers, an argument advanced by the bill's supporters.

By providing for the largest per-pupil allotments to the poorest states, it is intended more nearly to equalize education opportunities throughout the nation.

An almost identical bill passed by the Senate last year was pigeonholed by a House committee.

Thursday night three Democrats, Senators Byrd (Va.), Connally (Texas) and O'Connor (Md.), voted with 12 Republicans against the bill. Thirty-six Democrats and 22 Republicans voted for it, among them Senator Lyndon Johnson of Texas.

The Senate Committee on Labor and Welfare estimated Texas would receive \$12,640,000 under the measure. Each Texas child would get the equivalent of \$7.87.

LATE NEWS FLASHES

PARIS—(AP)—Count Maurice Meisterlinck, 86, famed Belgian author of "The Blue Bird" and other works, died in Nice Friday, the French Press Agency reported.

WASHINGTON—(AP)—An official of the House Democratic Campaign Committee said Friday the committee will support Benjamin Shalleck—not Franklin D. Roosevelt, Jr.—in the special House election in New York's 20th District May 17.

MEXICO CITY—(AP)—The falling peso continued downward Friday. Banks bought dollars at 8.05 and sold them at 8.25 in mid-morning. Ten days ago the peso was at 6.97.

NEW YORK—(AP)—The attorney for Fred Boyson, a Brooklyn baseball fan, said Friday he planned to seek court permission Monday to withdraw a simple assault summons against Leo Durocher, manager of the New York Giants.

Youth Center Maps Expansion Program

A Youth Center controversy which attracted considerable interest, particularly among the city's teen-agers, was settled to the apparent satisfaction of all concerned Thursday night at a hearing which had a harmonious ending after more than two hours of pro and con discussion by a large group of adults and youths in attendance.

The session closed with interested persons agreeing to support the program for building a bigger and better Youth Center.

Mrs. J. J. Black, acting chairman of the Senior Advisory Council, presided at the session held at the request of Youth Center members. They had asked a meeting be held so they might present a petition asking rejection of the resignation of Director William Engel.

The petition was not presented officially, but its caption was read and all teen-agers present were given an opportunity to express their views. Many of them did—in no uncertain terms. June Hazlip and Joyce Howell acted as official spokesmen for the youth group.

After about two hours of discussion, a letter from Engel addressed to Youth Center members was presented and read. Engel, in the letter, thanked the youths for their loyalty and support, but added that his "resignation must stand."

The teen-agers promptly decided to abide by Engel's wishes and several youths made talks asking unity of all interested persons.

Early in the meeting it was pointed out that Engel's resignation was accepted following its presentation at the April meeting of the Senior and Junior Advisory Councils.

His resignation was scheduled to become effective May 31, but council officials explained he had been paid until June 15 and given a leave of absence effective immediately. Engel did not attend the Thursday night session.

To Remain Open Mrs. Black said a committee will be named to recommend another director to the council for employment. Members of the Center (Continued on Page 11)

Abandons Return Address System

In an effort to keep his mail from being delayed by the "Hold For Better Address" policy at the Midland Post Office, one Midlander Friday on receiving a batch of letter back from the Post Office, obtained some blank envelopes which carried no return address.

He recalled the letters in the blank envelopes with only the name of the person to receive the mail on them and hopes the letters will be delivered.

In order for the mail to be returned to him, postal authorities would have to open each of the letters to determine the name of the sender.

Air Force To Expand Training Of Reserves

WASHINGTON—(P)—The Air Force announced Friday an expanded training program for Air Force Reserve officers and men.

It will provide training for more than 125,000 Reservists and offer incentive duty training pay to 75,000 of them. At present, only about 42,000 Reservists are receiving training, with only 25,000 drawing pay.

No Relief Is Promised For Average Man

By BILL COLLINS Postmaster N. G. Oates Friday told a group of citizens, at a Chamber of Commerce committee meeting in Hotel Scharbauer, the Post Office cannot carry through on its sudden "Held For Better Address" program because of public opposition and that every effort will be made to deliver all mail addressed to business firms in Midland.

Mail addressed to individuals, however, will be returned to the sender unless it has the correct address, Oates said.

The postmaster explained that local mail only is affected, and that the order pertains primarily to business mail rather than to incidental mail.

The meeting was called by the City and County Affairs Committee of the Chamber of Commerce of which H. Winston Hull is chairman. R. D. (Bob) Scruggs, Chamber president, presided and Hull conducted the session, which was attended by 20 persons.

Oates was invited to state the position of the Post Office in the matter which caused the disruption of the normal flow of business here Wednesday and Thursday when hundreds of letters were returned to the sender for better address.

Oates said he had no idea the action would cause such widespread opposition and would bring about so much confusion. He admitted the Post Office had made mistakes in policies. He said postal service here has been far from perfect and the only desire of the Post Office and its personnel is to furnish the best service possible to patrons. Frank Smith, another Post Office official, attended the session.

The postmaster explained the handicaps under which the Post Office operates and told of the vast increase in the volume of mail handled last year. Postal receipts this year have shown an increase of 30 per cent increase over the corresponding months of last year. He said more than 10,000 letters a day on the average are placed in the local drop in the post office. He said Midland has changed from a town into a city and that mail without the proper address is difficult to handle. He said more than half of his employees are new and are not familiar with local business houses or individuals. He stated the Post Office cannot operate economically or efficiently by giving the old-type service.

The postmaster expressed appreciation to the Chamber of Commerce and its members for cooperation in the past. He said businessmen have been long-suffering in regard to their mail service. He quoted from Postal Rules which provide that letters of local origin without complete addresses are returnable to the sender. He said that the Post Office has attempted to investigate the correct address (Continued on Page 11)

Man Held Without Bail In Axe Slaying

BEEVILLE, TEXAS—(P)—Murder charges were filed Friday against a 32-year-old ranch employe accused of killing Rancher Glenn W. Clare, 66, with an axe Thursday.

The charges were filed against Mack Monroe Steel, who had worked three years for the Bee County rancher on the Wood Ranch eight miles southeast of here.

Steel waived examining trial. Justice Fred Malone ruled it is not a bondable case.

Highway Patrolman R. F. Kirkpatrick arrested Steel two hours after the slaying. Kirkpatrick said Steel related in a signed statement that the two men were repairing a leaky cistern, that Clare complained about his work, and that he struck the rancher along the left side of his head, splitting it.

Steel came here from Erath County about five years ago. Julian Longoria, a Mexican ranch employe, took the axe away from Steel and later shot Steel when he attempted to flee, causing a superficial wound in the left arm, Kirkpatrick added.

Irby Dyer Elected JayCee President

Irby Dyer, Midland attorney, was elected president of the Midland Junior Chamber of Commerce at the annual election of officers held at the regular weekly meeting in the Crystal Ballroom of Hotel Scharbauer Friday noon. He succeeds Riley Farr.

John Rhoden was named first vice president and Frank Hawk, second vice president. Officers elected to the secretary's post without opposition.

Clifford Hogue was named treasurer.

Voting for directors was being held at press time. New officers will take office May 27.

Others nominated were Dr. Henry Schlichting, president James Mims and Larry Trimble for first vice president, Keith Stuart for second vice president and Goodrich Hall and Boyd Ridgeway for treasurer.

VA Orders Release Of 8,000 Employees

WASHINGTON—(P)—The Veterans Administration ordered 8,000 of its employees dismissed Friday.

The agency said it will close 42 offices in 22 states in an effort to meet budget limitations for the fiscal year starting July 1.

Veterans Administration Carl B. Gray, Jr., said the reductions will not affect hospitals and medical services.

Gray said notice will be in the hands of the discharged employees as of Monday, giving them the customary 30-day notice.

"Unless this step is taken now, more drastic curtailment would be necessary during the latter part of fiscal year 1949," Gray said.

Hughston Will Head Civic Music Group In 1949-50 Season

R. L. Hughston was elected president of the Midland Civic Music Association for next season, as officers were named Thursday night preceding the final concert of the association's first year. He succeeds Eric Bucher in the office.

Other officers accepted by vote of the members after presentation by Joe Kogler, nominating committee chairman are E. L. Stephens, first vice president; Mrs. Frank Essex, Mrs. J. O. Simmons, Jr., Winston Hull, Kogler, Mrs. J. E. Beakey and Mrs. Albert S. Kelley, vice presidents; Nell Shaw, secretary and J. T. Baker, treasurer.

Directors elected at the same time are Mrs. J. P. Butler, A. T. Barrett, Mrs. Ben Danby, Jr., R. E. Ode, Mrs. Harvey Herd, Mrs. N. A. Lancaster, Mrs. P. J. Lea, Jr., Frank Monroe, William B. Neely, Mrs. Lamar Lunt, Mrs. Frank W. Miller, Walter Walker, Jr., Mrs. J. W. McMillan, Mrs. P. D. Moore, E. J. Wicker, Mrs. James T. Smith, Mrs. B. W. Stevens, Mrs. John N. Walton, William Y. Penn, Mrs. V. F. Neissl, Mrs. George Putnam, Mrs. H. D. Williams and Mrs. W. A. Waldschmidt.

Bucher expressed appreciation to the officers and directors who have served with him through the initial season, and to the members. He explained that the membership campaign will not be conducted until Fall for the next season, because the number of memberships available will depend upon whether or not the new Midland High School auditorium is completed in time for use next year. The present auditorium limits membership to its seating capacity, 650.

Bentonite, The Blotter, Providing New Industry

BELLE FOURCHE, S. D.—(NEA)—If your damn starts leaking, send for a truckload of bentonite. Grand Coulee once was saved from serious damage that way.

If every pair of stockings you possess is ruined by runs, and the bridge club has begun to arrive, you can paint on a reasonable facsimile, thanks to bentonite.

If your trotting or running horse develops tender feet, and the big race is coming up—if decay germs attach themselves to your teeth,

Six teaspoonfuls of bentonite, the fine clay dust spilling from the glass at right, about, turns a glass of water into goopy mass at left in same photo. Its uses include leg paint the girl is applying in right photo.

however carefully you brush—if your cellar leaks—send for some bentonite. It's good for them all, and it may be present—though you would never guess it—in such things as shoe polishes, strained honey, and the goo that holds linoleum on the kitchen floor.

Bentonite sounds like pretty versatile stuff—and it is. Recently it has been finding many new uses where any of three particular qualities are wanted.

It will absorb enormous quantities of water; if six teaspoonfuls fall to take up a full glass of water, that batch isn't worth using. It will gel, dry out, gel again, dry out again, time after time after time; at the end of 64 such cycles, it still was getting and drying as well as it did from the first. It sticks to beat the band. And it swells to beat the band.

Bentonite is a very particular kind of clay dust so fine that it takes almost 25,000 specks, laid end to end, to reach an inch.

It is found only in a small area in

this neighborhood, and Belle Fourche is the principal shipping point for the several companies that mine and process it.

Saved Grand Coulee
It was used to save Grand Coulee, and can be used to water-proof a cellar, because it swells much and fast as soon as it gets some water to absorb. It has to be added to the soil outside the cellar; inside it would be a gooey mess.

It is good for teeth, because it sticks to the surface, after the tooth paste presumably is washed off, and forms a protective coating against

decay germs. It is used in leg paint, other cosmetics, and many liquid preparations because it stays in suspension without settling to the bottom and requiring to be shaken too vigorously before using.

"Seep Holes"
It will make bread stay fresh for several days, but hasn't found favor yet for such use because it is a mineral and indigestible.

Farmers and ranchers used to hate bentonite. Their cattle and horses would slip in what were called "seep holes" where bentonite had got hold of some water and become a slithery mess, and break their legs.

But now they're reconciled by the substantial income this unique clay brings to their neighborhood. The only reason Belle Fourche used to have for existence was as a cattle-shipping point. Now the Chicago & Northwestern Railroad has built a new spur especially to handle bentonite, and last year five times as many carloads of the clay were shipped out as of cattle.

Mystery Rock Wheel Puzzles Students
CODY, WYO.—(AP)—On the highest point of the western peak of Medicine Mountain, near a ledge that breaks away in a dizzying drop to the Bighorn Basin, lies a crude rock puzzle.

Anthropologists and archaeologists don't know quite what to make of it.

This rock puzzle is known to residents of the area as the Medicine Wheel. Oldtimers believe that long ago it was sort of an Indian pharmacy where the tribes either made, or procured their "medicine." It's a circle of lumpy stones laid side by side, with a diameter of 70 feet.

Around this rim of the wheel are six small cairns. Each about two and a half feet high, and open on one side, giving the appearance of a stone armchair.

Five of these have the open side facing the center of the wheel. The sixth, located on the eastern side of the wheel, faces outward toward the rising sun. The sixth may be a clue to the puzzle.

Has Center Hub
In the center of the wheel is a sort of rock hub, about a dozen feet in diameter. Radiating from it are 28 spokes of rock, which fan out in vague wobbly lines.

John Spencer, regional U. S. forester for the Rocky Mountain sector, says the Medicine Wheel was on the scene before the Crow tribe came to Wyoming. And the Crows were around long before Columbus broke into the news. The Crows, incidentally, say the sun built the Medicine Wheel, "to show us how to build our teepees."

Scientists incline to the belief that the wheel was a place of worship, most probably sun-worship. In the north of Mexico are crude structures called Houses of the Dawn or Houses of Light. They roughly resemble the Medicine Wheel, Spencer says, and were unquestionably built for sun worshippers.

"George is cured of radio quiz programs—he won a lawnmower!"

Planned Visit Of Albert Schweitzer Stirs Many In U. S.

NEW YORK—(AP)—Albert Schweitzer is coming to America in June. This announcement may mean little to many, but to others it means that a legendary figure has suddenly leaped to life.

Schweitzer is to deliver the main address at the Goethe bicentennial celebration at Aspen, Colo., in July. He has carefully instructed the treasurer of the Schweitzer Foundation, Emory Ross, not to negotiate any other engagement for him during this his first visit to the U. S.

Ross says the Foundation has been deluged with requests ever since Schweitzer's projected arrival was announced. "Will he give concerts?" "Will he lecture?" "If we give his hospital \$5,000 will he merely consent to have lunch with us?" etc.

Colorful Career
Schweitzer's career has been colorful. By 1906 many critics acclaimed him the world's greatest organist, the foremost interpreter of the life and works of Johann Sebastian Bach, and the leading analyst of the life of Christ.

At 30 years of age Schweitzer was ranked among leading theologians, philosophers and musicians, yet he then became a medical student to devote the rest of his life to service.

At 36 he finished his medical training and went with his wife Helene to Africa. He spent the next four decades as one of the most renowned missionaries, built a hospital and settlement on the Ogowe river literally with his own hands, paid for medical supplies by giving organ recitals in Vienna, London and Paris, and wrote his famous series "Philosophy of Civilization" in Africa at a wooden table hewn by himself.

Scholar, Analyst
Schweitzer the scholar and analyst: once wrote of his lonely classroom in Africa: "Strange indeed are the surroundings amid which I study; my table stands inside the lattice door which leads on to the veranda, the palms rustle an obligate to the loud music of the crickets and from the forest come harsh and terrifying cries. In this solitude I try to set in order thoughts which have been stirring in me since 1900. Solitude of the primeval forest, how can I ever thank you enough for what you have been to me?"

As a musician Schweitzer once asserted: "When I have lived another two years in the interior of Africa I shall have become a perfect organist, for then I shall have found the serenity for Bach."

Churches Plan Services For Mother's Day

Mother's Day will be observed with special services in some Midland churches, and other churches invite families to attend services together in honor of the day Sunday.

In the First Christian Church the women's choir will make its first appearance to sing a Mother's Day song. The Rev. Clyde Lindsey, pastor, will preach on the subject, "Mothers-in-Law Are Mothers, Too."

Flowers will be presented in the First Baptist Church to the oldest mother, the youngest mother, and the mother of the most children present at the morning worship hour. The Rev. Vernon Yearby, pastor, announces that the church expects a large attendance at Sunday School and worship services.

The final sermon in a week's revival series will be preached in the First Methodist Church by the Rev. Hubert Bratcher, pastor of St. John's Methodist Church of Lubbock.

Two morning services will be conducted by the First Presbyterian Church Sunday. The duplicate services will be held at 9:30 a.m. and 11 a.m. in the West Elementary School Auditorium.

All Sunday School departments, except the Adult Department which will not meet, will begin at 9:30 a.m. instead of the regular time, 9:45 a.m. The Rev. Matthew Lynn announces that his morning sermon topic will be "Elizabeth—Mother of a Prophet."

Mrs. Marvin Warlick Carr

Billilee McClure, Formerly Of Midland, Marries Marvin Warlick Carr At Lubbock

Mr. and Mrs. Marvin Warlick Carr, married in Lubbock Saturday afternoon and now on a trip to Georgia, North Carolina and Ohio, will be at home in Lubbock after May 18. Mrs. Carr is the former Billilee Ragan McClure, daughter of Mrs. Wason Ragan of Big Spring and a one-time resident of Midland.

Friends from Midland who attended the wedding and assisted in the house party at the reception afterward were Aileen Maxwell, Lillie Mae Stovall, Dorothy Hamilton and Mrs. Jack Stackpole.

The bride was employed as a draftsman for the Gulf Oil Company when she lived in Midland. She studied art at Denver University and Texas Technological College and at the time of her marriage was employed by the Decorators Studio to do decorating and advertising. She is a member of the Beta Sigma Phi Sorority.

Carr, a Lubbock attorney, is a graduate of Tech, the University of Texas and Columbia Law School. He served as a captain during World War II. His parents, Mr. and Mrs. Vincent Carr, reside in Lubbock.

The wedding was solemnized in the First Presbyterian Church of Lubbock with Dr. Jack M. Lewis officiating. The reception was in the Yaqui Room of the Hilton Hotel.

Yucca Garden Members Go On Pilgrimage

Visits to Midland gardens were made by Yucca Garden Club members Thursday morning following an abbreviated meeting in the home of Mrs. Carl Westlund. Mrs. Clint Dunagan was in charge of the pilgrimage.

For the program in Mrs. Westlund's home, Mrs. Henry Oliver discussed "Planting Annuals" and Mrs. Ernest Neill, "Summer Care of Plants." The meeting room was decorated with an attractive arrangement of pink roses.

Yards visited on the pilgrimage were those of Mrs. Butler Hurley, Mrs. I. E. Daniel, Mrs. Ralph Lowe, Mrs. George Phillips and Mrs. M. S. Dickerson. Flower arrangements made by several members of the club were on display in Mrs. Lowe's home, an especially clever one in the playground made of yellow jasmone in a basket, with gardening gloves and tools laid near it.

Refreshments Served

Mrs. Westlund served refreshments at the tour's close in Mrs. Dickerson's home. Mrs. Rex Russell, president, poured punch. Mrs. Olive Conder of Dallas, Mrs. James W. Brown and Mrs. Frank Williamson were special guests.

Members present included Mrs. Robert Donnell, Mrs. W. H. Rhodes, Mrs. B. R. Schabarum, Mrs. F. E. Sadler, Mrs. L. Ois. Baggett, Mrs. W. H. Blakely, Mrs. R. E. Gillespie, Mrs. E. W. Halfast, Mrs. B. R. Matthews, Mrs. C. E. Nelson, Mrs. R. E. Patton, Mrs. Nelson Puett, Mrs. Zeb Wilkins, those on program and the pilgrimage hostesses.

Final Concert Of Civic Music Series Is Presented By Francine Falkon, Contralto

Presenting the final concert of the Midland Civic Music Association's first season, Francine Falkon sang opera arias, German lieder, art songs and folk songs in the High School Auditorium Monday night, and responded to repeated encores.

The young American contralto was accompanied by Donald Aument Smith at the piano. She lived up to advance notices praising the range, tone and dramatic intensity of her singing, as well as her blonde beauty. Tall and graceful in movement, she wore a strapless gown of warm brown taffeta, with hip pouts above the flaring skirt.

Her program started with "Divinity of Six," an aria from von Gluck's "Alceste," and the first group of songs included "Un Moto do Gioia," Mozart, and "Col Mio Sangue Compromessi," Stradella. Arie From Opera.

The next group comprised the lieder: Brahms' "Gypsy Songs" and "Immer Leise Wird Mein Schlummer," Hugo Wolf's "Erlentelied," Erich Wolf's "Sommernacht," and Richard Strauss' "Caeclie."

Next Miss Falkon sang "Amour! Vrai Aider" from "Samson et Dalila," Saint-Saens, and two arias from "Carmen," Bizet, first the "Card Scene" and then the "Seguedille." At intermission she sang another of Dalila's arias, "My Heart at Thy Sweet Voice," as an encore.

The folk songs which followed intermission probably were best liked by a Swedish number, "Herdegossen," Berg; a Neopolitan waterfront song, "In Mezo al Mar," Sadere; a Spanish lullaby, "Nana," de Falla; a Kentucky mountain piece, "Old Maid Song," Brockway; and a negro spiritual, "Oh What a Beautiful City!" Boatner.

Many Encores

In her final group of songs Miss Falkon included "The Tryst," Silbert; "Now Sleeps the Crimson Petal," Quilter; "Old Mother Hubbard," in a burlesque of the style of Handel; "Deborah," Bone-Fenton; and "You Shall Have Your Red Rose," Silbert.

The rather long program did not give the audience enough of Miss Falkon's songs, and to the demand for encores she presented a negro shout song, "Brudder Bill, Brudder John," the familiar "Shortnin' Bread," the Irish folk song, "Danny Boy," and "My Johann," a Grieg tune.

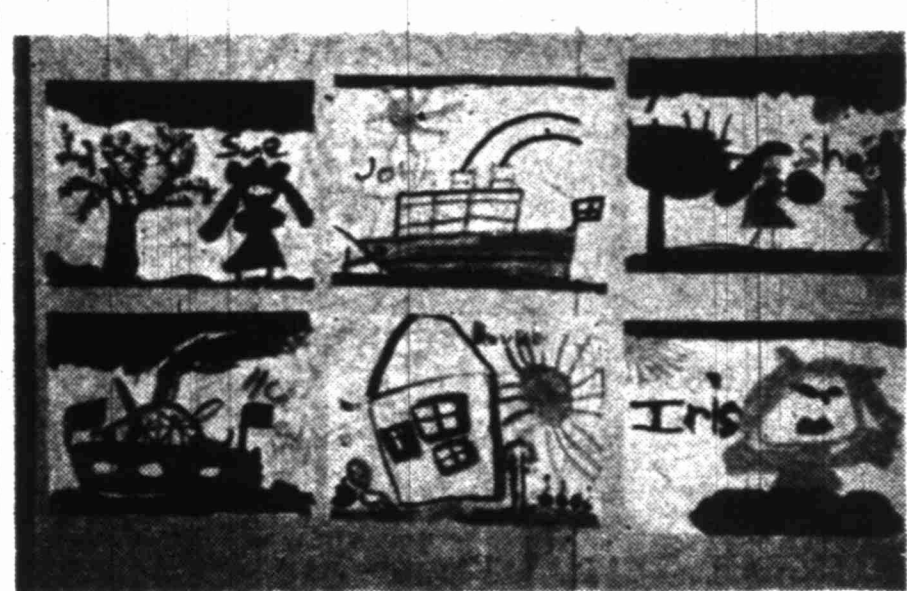

This final concert in the Civic Music series did not see the auditorium filled so completely as for the three preceding programs although the audience was a large one—8. C.

The Post Office Follies

Troubles are many with the Midland Post Office as it observes national Midland Post Office Week, according to all reports. It seems that the "Held For Better Address," is only one of the acts or skits in the Follies of 1950 at our Post Office.

Several citizens, taxpayers who help pay the deficit each year of the Post Office Department, already have spent money with the Midland Post Office to get their mailing lists corrected. The charge is nominal, but it is a way of getting some more funds.

Meanwhile, reports of some of the other skits in connection with the observance are being told. One is the story of the delayed city delivery which a merchant is telling his friends.

It seems that for some reason no mail was received by this merchant Saturday. Being served by a friendly postman, the merchant missed his pleasant chat and when the mail carrier arrived at the usual hour Monday, the merchant commented that he had missed him Saturday and had received no mail.

Another popular skit seems to be the Air Mail which has drawn so much talk in Washington and throughout the nation and the world.

Skits of the Parcel Post system were numerous and a number of citizens were willing to tell of experiences with this division.

But the main attraction of the 1950 Post Office Follies seems to be the handling of first class mail within Midland. Ask the city's water department of its experiences. Water bills are mailed to addresses where water is delivered and these bills have bounced back by the score.

A prominent Midland merchant has mailed a check to a well-known business firm in Midland, properly addressed three straight days. Each day it has been returned to the sender's box with the familiar rubber stamp.

Telephones jangle in homes, offices and stores as persons call to find out if firms, stores or businesses have moved or changed their mailing addresses.

It is service which counts. For several years inadequate and poor service was blamed on the war and justly so, but the war is over and almost everyone has gone back to work.

In overtime being paid to public servants for confusing Midland's mails? After all the citizens who pay the taxes have to foot the bills as the Post Office Department manages to stay in the red.

Phone-y Menaces

We see that the telephone company in New York City has renewed its old, unsuccessful battle to break people of saying "Hello" when they answer the phone.

This effort probably will be as futile as the others. But we would like to suggest a drive against a less prevalent but vastly more annoying breed of telephoners.

A campaign to answer that challenge by hanging up immediately ought to be able to enlist a lot of supporters.

Health Bulletin

Some concern is being felt for the health of President Truman's federal health insurance plan.

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

Drew Pearson says: Jacksonville, Ala., has monument to people-to-people friendship; we should invite Russian students to this country; American people are willing to work at peace.

JACKSONVILLE, ALA.—The average Washington newspaperman gets his eyes so riveted on what's going on in the capital that he sometimes forgets what's going on in the rest of the nation.

Down here in Northeastern Alabama where the hard rock of the Alleghenies tapers off into the soft limestone of the black belt, I found a surprising monument to people-to-people friendship.

This is about the last place in the world you would expect to find such a thing. And if it hadn't been for Harry Ayers, publisher of the Anniston, Ala., Star, who is as much a crusader for the public as he is a publisher, I wouldn't have found it.

In New York and Philadelphia and New Orleans you're not surprised at finding international student houses. But not at relatively obscure Jacksonville State Teachers College in the foothills of Alabama.

When it came to building International House, all the home folks contributed. A Jacksonville plumber donated the bathroom fixtures. Someone else gave a refrigerator.

It is service which counts. For several years inadequate and poor service was blamed on the war and justly so, but the war is over and almost everyone has gone back to work.

At this time of year many lucky youngsters are looking forward to Summer camps. Almost all these camps are well organized. Most of them require a physical examination.

The presence of heart disease, a severe allergy, or diabetes, for example, should be known before the youngster gets into trouble from any activity normally conducted in a Summer camp.

So they say

We are in an era of startling medical progress. But as medical care becomes better, it also becomes more expensive.

The European Recovery Program has progressed much more favorably than anyone could realize without having been in Europe in that period of fear and hopeless dependency after the failure of the Moscow conference in the Spring of 1947.

McKenney on Bridge

By WILLIAM E. MCKENNEY America's Card Authority Written for NEA Service

Once again the old ticker caught up with me, and I was taken to the hospital in Washington, D. C. While there, my attending physician, Dr. Walter K. Myers introduced me to Dr. John N. Shadid and his little black box.

Bridge hand diagram showing cards in South, West, North, and East hands, including a 'Declarer' box and a 'Rubber-Both vul.' box.

While giving me a word of advice on how to take care of my heart, Dr. Shadid also implied a good bridge lesson. A man with heart trouble, he said, should think a minute before he attempts to do anything.

That lesson applies very well to today's hand. The opponents won the first two club tricks and declarer trumped the third club.

THE DOCTOR SAYS

Summer Camps For Children Are Safe If Rules Observed

It is a mistake to believe that camps are bound by too many rules. This is far from the case. Summer camps for youngsters have only those rules which have been proved necessary for the protection of the campers.

Should Follow Rules The youngster going to a camp should be prepared to abide by the rules. In most places swimming is an important part of camp life and the rules of safety should be strictly followed.

ISLAND OF ESCAPE

THE STORY: Four lonely women, selected through a matrimonial agency, are candidates for brides of Henry George Harding, wealthy, middle-aged, roccante master of Bees Island.

TOWARD

When Bea was finishing up her afternoon cleaning of the main room, she noticed the door of the tower room ajar for the first time.

Henry Harding sat at a small desk writing in a large, leather-bound notebook. Bea had time to notice the neat white cot, the case of rifles, the single hard chair, before the man whirled to face her.

Harding got her outside by the simple process of walking toward her until she had to retreat. He managed a smile. "You startled me. For the time being I must ask you—and the others—to consider this tower room as exclusively my own."

THE week ended with Bea Cosgrove unable to find a safer hiding place for her automatic. She knew from the rate of sugar consumption it would be weeks before it would be found by chance, and the spot was accessible.

WASHINGTON COLUMN

Baldwin's Life In Senate Is Case History Of Tough Job

By PETER EDSON NEA Washington Correspondent

WASHINGTON—Resignation of Republican Senator Raymond E. Baldwin, Connecticut presents an interesting case of history of a U. S. senator's life under modern conditions.

Baldwin is quitting the Senate because of almost complete frustration in Washington. He has felt that he wasn't getting any place with his ideas. He has felt that his job as a senator was impossible.

Baldwin came to Washington in 1946. He was a progressive Republican and he was full of beans. He had vice presidential and even presidential ambitions.

He worked with a small group of senators who had liberal ideas somewhat like his own—Yves of New York, Aiken of Vermont, Tobey of New Hampshire, Saltonstall and Lodge of Massachusetts, Thye of Minnesota, Morse of Oregon, Knowland of California.

At Philadelphia last year, Baldwin was pretty much in the Sassen camp. He was bitterly disappointed when the Connecticut GOP machine hopped on the Dewey bandwagon.

He was further disappointed when his liberal GOP bloc failed to make Senator Lodge Republican party leader. And on many other issues Baldwin took a beating.

Too Many Demands Being a conscientious individual, Baldwin worked long hours and hard at his job. Night after night he has stayed in his office until almost midnight.

The stacks of mail in his office, if piled one on top of another, would sometimes have reached four and five feet high. He tried to look at it all, and couldn't. He tried to study all legislation and couldn't.

Sometimes the backlog of work would be only two feet high. He would think he was making progress. Then along would come a letter from some well-heeled constituent, lolling on the sands of Florida or the desert resorts of Arizona and California.

Cash the ace of hearts and ruff a small heart in cummy. Lead a spade and go right up with the ace. Then ruff your last heart. At this point you simply lead a trump and West is in. If he leads a club or a heart you can trump and discard. If he leads a diamond, it gives you a free finesse.

Q—What nations were the eight original members of the North Atlantic Alliance? A—The United States, Canada, Britain, France, Belgium, The Netherlands, Luxembourg and Norway. Portugal and three other nations, Denmark, Italy and Iceland, joined later.

Q—What are some of the American birds that have become extinct in the last century? A—The Audubon Society has reported that the ivory-billed woodpecker is now extinct. Among other American birds which have died out in the last century are the great Auk, the Labrador duck, the Carolina Parakeet and the passenger pigeon.

Q—What major league baseball pitcher holds the record for most games won? A—Cy Young, who won 511 games, including three no-hitters during his stay in the majors. The mark has never been approached.

Q—When was the first mortgage of the installment-repayment type issued? A—in the year 1831. It was for \$500 and was paid off in 11 years, according to the United States Savings and Loan League.

Q—What countries produce the most gold? A—About one-half of the world production of gold (outside U. S. S. R.) in 1947 came from the Union of South Africa. Canada and the United States are other leading producers.

THE well-defined path led across the flat rolling back of one hill, cut sharply downward past a curiously colored cliff with alternate patches of dark and vivid rock, toward the hidden beach.

Bea knew the plant, she had seen it receiving such loving care from the master of the Simpatico. She had lived in California long enough to know "roble" was the Spanish for oak. Harding stood up and she could see moist dirt clinging to his finger.

"Watered again," he said. "Tell me. Did you bring water to this plant?" "I didn't even know where it was. You know I haven't been away from the house long enough to explore."

He started down the trail again. Bea felt some of the freshness had left the morning breeze. THE well-defined path led across the flat rolling back of one hill, cut sharply downward past a curiously colored cliff with alternate patches of dark and vivid rock, toward the hidden beach.

There was a ramshackle lean-to of driftwood with tatters of canvas slapping in the strengthening wind. There was a small fish, and a more penetrating odor of human habitation.

Bea turned away from the water when she heard Harding swearing viciously. She joined him at the natural basin which held the daily allotment of water for the fishermen.

"The devil!" Harding spluttered. "They were supposed to let me know when they left. They've let me waste days of water." The strong fish odor was explained as she reached his side. Four days' brown fish about six inches long lay side by side, half in and half out of the water. They were pegged through the jammed on the top of their heads to the scant sand. Pegged with wooden slakes with a crossbar lashed with fishline into the form of a crude cross.

Harding kicked the crosses into the pool. "The devil!" he repeated. (To Be Continued)

Questions and Answers

There Is Time For Mothers To Forget About Children

By MUTH MILLETT
NEA Staff Writer

The mother of four small children was about to take off for a few days' vacation—the first time in years she had gone away from home.

"Now don't worry about the children," said the competent woman she had hired to look after them. Looking around to make sure none of the children was in earshot she replied, "Worry about them? I'm not even going to THINK about them for three whole days."

At that honest, yet unexpected, answer the nurse looked shocked. Yet the mother had the right attitude toward her vacation. What was the use in her taking a vacation if she wasn't going to put her home responsibilities completely out of her mind?

The idea most women have that a good mother is supposed to worry about her children every minute she is away from them is absurd.

Worrying about the children doesn't do them any good. It doesn't keep them away from them. But it does keep the mother from ever enjoying a sense of complete freedom, a sense of belonging for a little while—even if only for a few hours—to herself alone.

Men, of course, don't feel they have to have their children constantly on their minds in order to be good fathers. They couldn't carry on their business affairs if they worried about the children all the while they were away from them.

So why should women have the guilty feeling that they aren't being good mothers if they don't have their children on their minds constantly?

That mother of four who confessed she wasn't even going to think about the children during her few

days' vacation probably had a wonderfully carefree and happy time. And no doubt she came back to her family refreshed in mind and spirit and ready to take up the job of being a mama again, with a new, relaxed attitude toward the job's demands.

But if she had gone away and worried about the children the whole time, wondering what they were doing and if they were getting along all right—the vacation wouldn't have been a real vacation at all.

Delta Gamma Group Hears Coffee Plan

Plans for a Midland City Pan-Hellenic coffee were outlined at a Wednesday meeting of the Delta Gamma Alumnae Association by Mrs. C. L. Chase, sorority president and Pan-Hellenic representative.

The meeting, which was preceded by a luncheon, was held in the home of Mrs. Ronald Jarrett, 1105 North Big Spring Street.

Mrs. Chase appointed Mrs. Bob Kincaid, Mrs. Curtis Wheat, Mrs. Tom Flewarty and Mrs. Tom L. Ingram to serve on the Pan-Hellenic coffee committee.

Others members attending the luncheon and business meeting were Mrs. George Pruter, Mrs. J. M. Armstrong, Mrs. Bob LeBlond, Mrs. Robert Byars, Mrs. James Turner and Mrs. Walter Henderson.

Young People Will Give Church Play

A play will be presented by young people of the First Baptist Church of Denver City in the Galvary Baptist Church here at 8 p.m. Friday, the Rev. A. L. Teaff, pastor, has announced. The public is invited to see the drama, "Challenge of the Cross."

Preceding the play, young people of the Galvary Church will be hosts to the visitors with a supper in the church beginning at 7 p.m.

Duranty's Book On Russia In Library

A new book on Russian politics just received in the Midland County Library is Walter Duranty's "Stalin & Co., The Politburo—The Men Who Run Russia."

This book traces Stalin's career and tells how the Politburo grew up around him, and also gives the records and achievements of Molotov, Voroshilov, Kaganovich, Andrejev and other men close to Stalin.

The author insists it is not the Russian people with whom the world must deal, but this small, unified group.

Crippled Indians Drop Second Tilt In Row To Ballinger Cats By 11-2

Tribe Tries Again Friday; Ralph Blair Takes Mound

The Midland Indians meet the Ballinger Cats in Ballinger for the last game of their three-game series Friday night. Ralph Blair has been named as the probable starting hurler for the Redskins.

The Tribe returns to Indian Park here Saturday night for a two-game series with the Vernon Dusters. Ernie Nelson is scheduled to work in the series opener here.

BALLINGER—The crippled Midland Indians, minus three of their first line men, dropped their second consecutive decision to the Ballinger Cats by an 11 to 2 score here Thursday night. Ballinger built up an early lead and coasted to the one-sided victory.

So riddled by injuries and loss of players through other means were the Indians, Manager Harold Webb was forced to insert Clyde May, a rookie hurler, as a pinch-hitter.

Levi Clay, Midland's starting hurler, got nothing but rough treatment as he went down to his third consecutive defeat. He gave up eight runs in the first five innings.

Stanley Hughes and Carriel Nipp swung the big bats for the Tribe. Hughes cracked out two doubles in four trips. Nipp singled twice. Host Alvis connected for a single in the eighth to drive in a run.

Martin Filigamo came back from a bad night Wednesday to blast out a triple. Sitter had one double. Rudy Kellee worked the last four

innings for Midland, giving up three runs.

Ballinger scored three runs in the first and added two more in the second. Clay shut them out in the third and fourth but the Cats came roaring back for two runs in the fifth, one in the sixth, two in the seventh and a final run in the eighth.

Stu Williams led the Ballinger attack with four hits in five trips.

WT-NM League—Gassers Gain Notch As Dukes Drop One

By The Associated Press

Borger had a little room at the top of the West Texas-New Mexico League standings Friday.

The Gassers beat Clovis 16-7 Thursday night and Albuquerque, which has been trailing by half a game, lost to Amarillo 4-10.

Lubbock and Abilene won victories by the same 4-3 score. Amarillo beat Pampa and Lubbock nosed out Lamesa.

Luke Hamilton's seven-hit pitching was a main cause of Albuquerque's defeat.

Borger scored eleven runs in the sixth inning.

Four runs in the seventh won for Abilene while Chick Fowler's third hit beat Lamesa. It was a double.

Golfers from Southern Conference schools will meet in the league tournament at Winston Salem, N. C., May 19 and 21.

Olympia, 13 Other Nags Set For Derby

LOUISVILLE, KY. —(AP)—They've got 13 horses and Olympia primed and ready for Col. Max Winn's 7th Kentucky Derby Saturday. And somewhere in the list there has to be a colt with enough speed to go out and run with Fred Hooper's favorite or it just won't be a horse race.

Olympia has been grabbing the big ones this year by the simple formula of blasting out of the gate like a Florida hurricane and whistling around the track ahead of the pack all the way.

Now, there is no guarantee Jockey Eddie Arcaro is going to run that sort of a race this time.

Nevertheless, Derby charts for the last 12 years show that five of the winners got there with the same front-running fashion characteristic of Olympia.

"Olympia doesn't have to go to the front, and he might not do it," Trainer Ivan Parks said.

Parks remained confident of the outcome, and most everyone agreed.

with him Olympia will drag down the best part of the \$100,000.

Ben Jones, the Calumet trainer who will try again with Ponder, reiterated his opinion Olympia is the best horse in the race. "I wouldn't take 100 to 1 on my horse," said Ben.

The horse to keep out in front with Olympia could be Johns Joy, trained by Monte Parke, younger brother of Ivan. Monte wants a fast track, and he has a speed horse.

There was a lot of support for Palestinian, the laird Bieber horse which almost beat Olympia in the Wood Memorial mud two weeks ago.

Olympia undoubtedly will be the odds-on choice, and it was the general opinion the GreenTree pair of Cabot and Wins List would rule second in the mutual department.

The rest of the field shapes up as expected, with one startling newcomer—a virtually unknown colt named Senecas Coin. He is owned by Mrs. Albert Roth of Louisville.

Others in the lineup are Old Rockport, Halt, Duplicator, Model Cadet, Jacks Town and Lextown.

Joe Louis Becomes Ring Promotion Heir As Jacobs Steps Out

NEW YORK —(AP)—Mike Jacobs is out and Joe Louis, the man he made champion, is the new heir to the boxing promoter throne.

Uncle Mike's retirement Thursday, after 12 years as boxing boss, cleared the way for a new combination, including Louis' International Boxing Club of Chicago, to dominate the sport on a nationwide basis.

Radio cash is said to be involved in the deal by which Jacobs sold his 20th Century Sporting Club's promotional rights to a new, unnamed corporation.

It is understood the National Broadcasting System is moving to combat Columbia's part-ownership of the rival Tournament of Champions, soon will announce a tie-up with the new corporation. A \$750,000 television contract is reported involved.

This new corporation will control boxing in Madison Square Garden, where Jacobs has held forth for years.

Lend-Lease Agreement

The extent of the alliance between this new New York corporation and the Louis group still is vague. John Reed Kilpatrick, Garden president, said it will be "very close."

It is the impression here the New York group will run the customary "routine" Garden shows, while acting as co-promoters with the IBC on major promotions, such as title bouts. There probably will be some sort of a lend-lease arrangement between the two on fighters' contracts.

Control of the boxing industry normally belongs to the man who controls the heavyweight champion. Jacobs had that in his pocket since 1937 as the result of his exclusive contracts with Louis, leading up to his title bout with Jimmy Braddock.

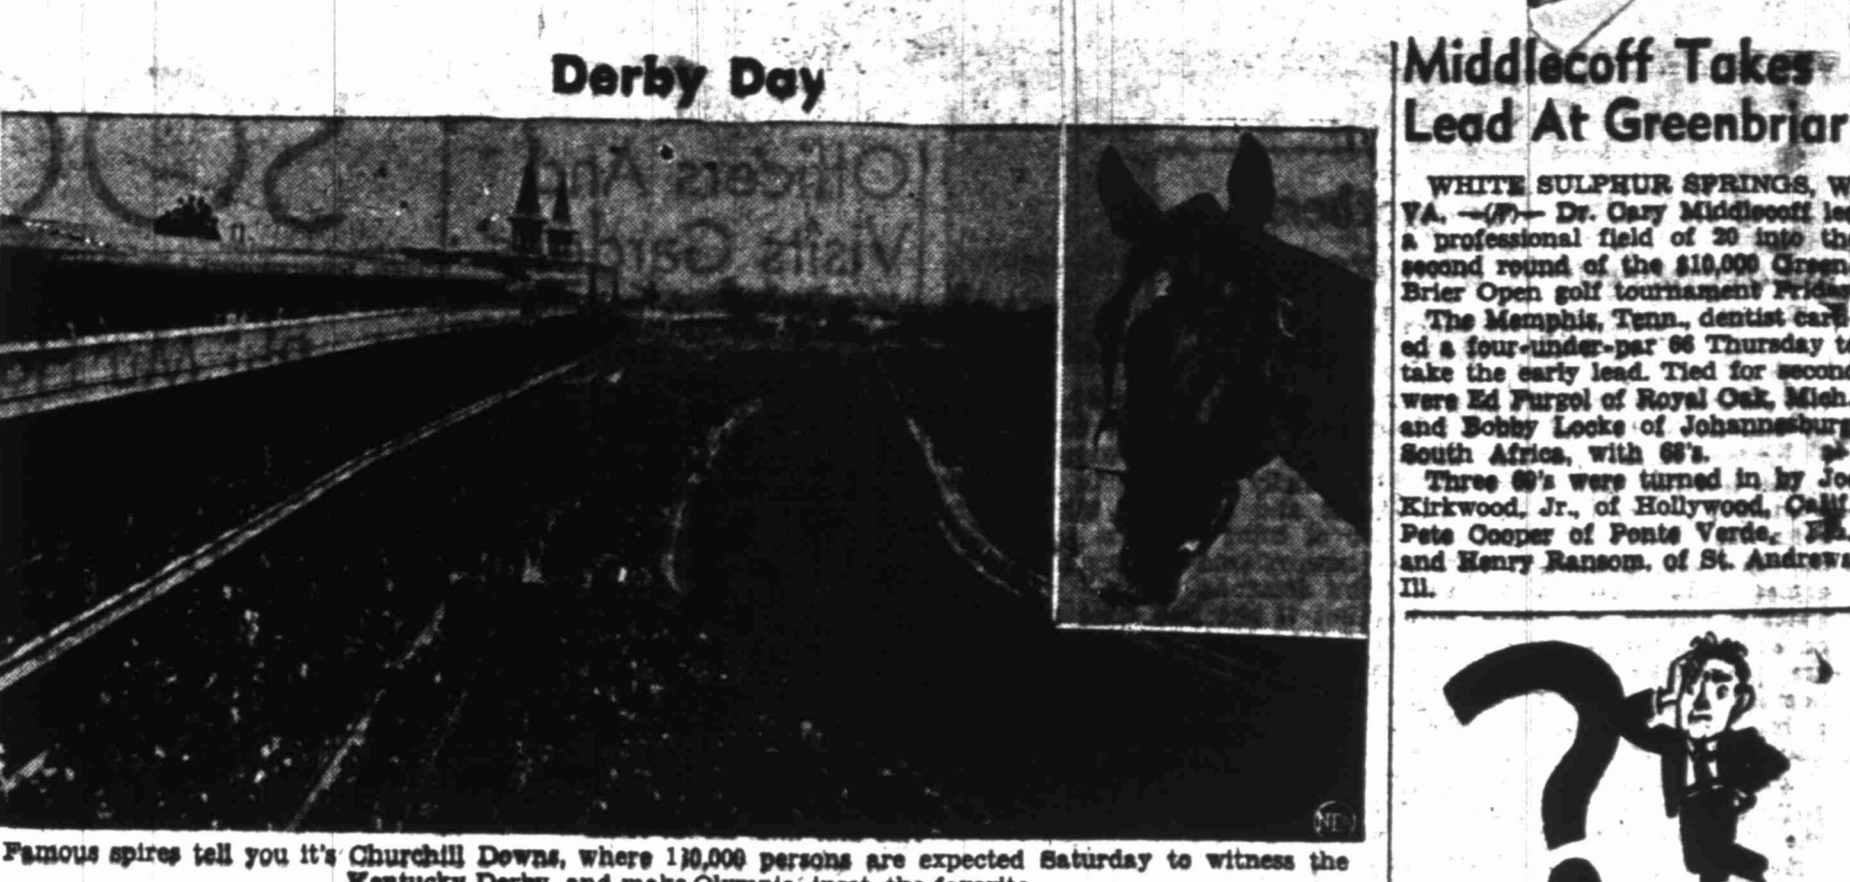

Longhorn League—Tribe Slides Down As Broncs, Oilers, Cats, Dusters Win

By The Associated Press

Texas and Texas A&M kept pace in the tight Southwest Conference baseball race Thursday. The third team in the running, Baylor, gets a chance Friday against Rice.

The Longhorns of Texas blanked Southern Methodist 9-4, and A&M squeezed by Texas Christian 2-1 in 11 innings.

These teams meet again Friday. Tom Hamilton's two home runs paced a 12-hit attack on two Pury pitchers.

Famous spires tell you it's Churchill Downs, where 120,000 persons are expected Saturday to witness the Kentucky Derby, and make Olympia, inset, the favorite.

Gehringer Voted To Baseball Hall Fame

NEW YORK —(AP)—Charlie Gehringer, one of the great second basemen of all time, gained baseball immortality Thursday. He was voted into the hall of fame by the Baseball Writers' Association of America.

Gehringer, who spent 16 seasons with Detroit, received 189 of 197 votes. He was the 56th baseball man to gain a niche in the shrine at Cooperstown, N. Y.

Met Olt, all-time National League home run king, who spent 22 years with the New York Giants as player and manager, was second in the poll with 128 votes, 12 short of election.

SMU Wraps Up Triangular Meet

WACO —(AP)—Southern Methodist University wrapped up the denominational track and field title of the Southwest Conference Thursday, scoring 68 points.

Texas Christian was second with 55 points and Baylor third with 53.

Baseball statisticians first began compiling the runs batted in figure in 1920.

Middlecoff Takes Lead At Greenbrier

WHITE SULPHUR SPRINGS, W. VA. —(AP)—Dr. Cary Middlecoff led a professional field of 30 into the second round of the \$10,000 Greenbrier Open golf tournament Friday.

The Memphis, Tenn., dentist carried a four-under-par 66 Thursday to take the early lead. Tied for second were Ed Furgol of Royal Oak, Mich., and Bobby Locke of Johannesburg, South Africa, with 67.

Three 69's were turned in by Joe Kirkwood, Jr., of Hollywood, Calif., Pete Cooper of Ponte Verde, Fla., and Henry Ransom of St. Andrew, Ill.

BY SHORTY SHELburnE

We all have heard for years that one man doesn't make a baseball club. On the other hand we can see one man makes a heck of a lot of difference at times.

The absence of Julian Presley from the Midland Indian lineup definitely has worked a hardship on the Tribe in the last three games. They defeated the Sweetwater Swatters 6 to 5 Tuesday night on a last minute spurge. Chances are, if Presley had been in the lineup he could have contributed a hit earlier in the game which would have driven in a run.

Wednesday night the game with Ballinger went the same way but the little extra punch to win the tilt just wasn't there. Manager Harold Webb exhausted his pinch-hitters and his pitchers in an effort to win. It was a good and mighty try from every man on the club but something just wasn't there.

Maybe that something was Julian Presley. He's been known to tap 'em over the fence. Ask the Roswell Rockets.

Joe Louis, the supposedly retired heavyweight champion of the world, still is boxing's biggest drawing card.

More than 20,000 people paid to see the Brown Bomber batter two second-rate heavyweights in exhibition fights Wednesday night. He cleaned up on Ray Stevens of San Francisco and Jim Wilkins, U. S. Army champion in the Philippine

Hardwicke Named Pro Manager

J. C. Hardwicke of Carlsbad, N. M., has been named golf pro and manager at the Midland Country Club, Roy Minear, club president, announced Friday. The new pro will succeed Pro-Manager Charles Akey who has resigned to enter business.

J. C. Hardwicke

Hardwicke is the pro at the Carlsbad, N. M., Riverside Country Club at present. His appointment here will become effective June 1.

Hardwicke turned professional in 1929. After playing the tournament circuit for several years, he became assistant pro at the Sunset Fields Golf Course in Los Angeles, Calif.

He served as golf professional at the Denton Country Club in Denton prior to accepting the Carlsbad position. He also was pro at the Hillcrest Country Club in McKinney.

Hardwicke comes from a golfing family. He is one of three brothers, all of whom are golf professionals.

The new pro is married and has one child, an eight-year-old daughter.

Aren, without even working up a sweat.

The Latin-American Midland Colts, under the management of Jose Lopez, are working hard to promote semi-pro baseball in Midland. The Colts play every Sunday, either at home or on the road.

Lopez and the Colts are proud of a new baseball park they have completed in the Latin-American section. The work was done mostly by volunteer labor.

The Colts meet the Latin American Station Tigers in somewhat of a dedication game in the new stadium at 3:30 p.m. Sunday.

They deserve a large turnout for their fine efforts to promote the great American sport.

No matter if it's in the major leagues, the minor, semi-pro baseball or high school baseball, it looks like the last place outfits always rise up to smack down the leaders while the better clubs can't turn the trick.

The Midland Indians took three games out of five from the power-laden Roswell Rockets last week.

Along came lowly Sweetwater and the Tribe had to hustle to win from the tall-enders.

Then came seventh place Ballinger and whipped the Indians in the hardest fought game of the season.

It happened in the District 3-AA race, too.

Lamesa, riding high on a seven and one record, dropped a 5 to 1 decision to the cellar-dwelling Sweetwater Mustangs Tuesday.

Big Spring, a potent schoolboy nine, was nipped by not-so-hot Odessa on the same day.

We give up. Maybe you know the answer to why it happens.

The Sweetwater Swatters underwent a major shake-up upon arriving home from the fateful two-game series at Midland.

Hal (Stretch) Jackson, capable first baseman and one of the good sports on the Swatter roster, was sent to Clovis of the West Texas-New Mexico League. Dave Steger, well known to Longhorn League fans for his performances with Sweetwater last season, was brought in from Albuquerque to fill the vacated class man spot.

Clifford Craig, a left-handed rookie chucker, also has been added to the roster.

Owner Gy Faussett says the house cleaning will continue until the Swatters field a winning club.

HALF SLANTS—Ray Cox, promising Indian outfielder, has returned to the Tribe from St. Louis, where he has been under treatment for an arm ailment. He'll be eligible for the Tribe in a few days.

Clyde May is Sports Slants' pick of the rookies to succeed as a starting hurler. . . . Rudy Kellee also is a brilliant prospect and has showed much savvy in the pinches. . . . Forrest Martin has been valuable in more ways than one. . . .

If any ball club could put together nine men as capable and willing as Kenny Jones, they wouldn't need any more. . . . William (Bucky) Hatchett, negro football, basketball and track star at Rutgers University, has been elected president of the senior class. They say he's a first. . . . D. A. Parker, former Hardin-Simmons grid star and last year's Deming, N. M., high school mentor, has been named head coach at the New Mexico State Teachers College. . . . Frank Roberson, Midland High right-hander, is in Fort Worth to let the baseball coaches from TCU and Texas A&M have a look at his curve ball. Texas U. scouted him early this week.

Midlander To Speak At Historical Meet

Two area West Texans, Lester Wood, Midland oil man, and James T. Padgett, Coleman ranchman, will speak at the 53rd annual meeting of the Texas State Historical Association scheduled this weekend in Austin.

Wood will speak on "Rath City," while Padgett's subject will be "Colonel William H. Day." Padgett is a grandson of the Colonel.

Also on the program, which will be held at both the Stephen F. Austin and Driskill Hotels, will be a talk on "The Cattle Law of Texas," by T. R. Havins, history department chairman, Howard Payne College, Brownwood; "The Sheep Industry of Texas," by Mrs. Winifred Kupper, of San Antonio; and "Texas Cattle Brands," by C. Stanley Banks, San Antonio attorney.

Jim Leonard, Villanova's new head football coach, also is an asparagus farmer. Leonard has a large farm in New Jersey.

MAJOR LEAGUES—

Yankees Roll On To Win Over Sox

By BEN PHLEGAR Associated Press Sports Writer

Only a couple of weeks ago almost anybody could have given you half a dozen gilt-edge reasons why the New York Yankees would be lucky to finish in first division.

Even today most of the reasons would look legitimate: Joe DiMaggio out indefinitely; Charlie Keller sidelined; Bob Porterfield hurt; a patched up infield; a shortage of good rookies.

So what happened? The Yanks jumped away to their fastest start in ages. They have won 13 of their first 16 games.

At Chicago Thursday the Yanks whipped the White Sox 7-5. Alie Reynolds wobbled to his second victory, although he was lifted in favor of Joe Page at the start of the seventh.

In other American League action Thursday Cleveland whipped Boston 7-3 as Bobby Feller won his first game; Detroit edged Philadelphia 6-5, and Washington handed St. Louis its sixth straight

loss, 5-3, in a night game.

Hitters Decide NL Title Home runs decided all three National League contests. The New York Giants edged Pittsburgh 3-2 in 10 innings; St. Louis bested Philadelphia 3-2, and Brooklyn squeezed by Cincinnati 7-5.

Johnny Mize parked one for the three hundredth home run of his major league career to win the Giants' game.

Ron Northey picked the ninth inning of a 2-2 game at Philadelphia to hit his first home run of the year for the Cardinals.

Four of the 16 hits in the Cincinnati-Brooklyn home run derby went all the way, but the one that made the final difference was poked by the Dodgers' Billy Cox with two on in the eighth inning.

The Chicago Cubs and Boston Braves weren't scheduled.

Luke Appling of the Chicago White Sox did not hit a single homer in 1948. He had a three-year stretch, 1938-40, in which he also failed to clear the wall.

At Day's End

International one-design Coquette is silhouetted against a brilliant sun at the end of first race of the Amorita Cup team match series won by Long Island Sound yachtsmen, 4-1, over the Royal Bermuda Yacht Club, off Hamilton. Coquette is owned and sailed by N. Bayard Dill of Bermuda.

Fort Worth Pro Sets Pace In Texas Open

DALLAS—(AP)—Raymond Gafford, a rangy Fort Worth pro, had a stroke advantage over America's one-time top professional golfer—Byron Nelson—as the Texas PGA Tournament went into its second round Friday.

Gafford shot a four-under-par 67 Thursday.

Mrs. Mildred (Babe) Zaharias set a new women's record on the 6,444-yard Dallas Athletic Club Country Club course. Her 71 was even par for men and one stroke under women's par.

Louise Suggs and Patsy Berg each had 73 to tie for second.

Third in the Texas PGA was Billy Maxwell of North Texas State (Denton), runnerup to Nelson last year. He had a 69.

Grouped at 70 were Warren Smith, San Antonio; Chuck Klein, Amarillo, and Harry Todd, Dallas, playing under a special PGA ruling.

Abilene High School Wins Play Contest

AUSTIN—(AP)—"Skin of the Teeth," presented by Abilene High School, won first place in the Inter-scholastic League's Class AA one-act play contest Thursday night.

Austin High School placed second for act one of "Barrett of Wimpole Street." Third went to Lubbock for "Jazz and Minuet."

Myrna Ruff, Austin, and Wayne Thomas, Abilene, won the annual Samuel French awards for best address and best actor respectively.

Nancy Davis, Lubbock; Jackie Sue Seay, Abilene; Jack Farmer, Austin, and Jack Ylanitsas, Beaumont, won gold medals as outstanding actors.

TEXAS LEAGUE—Lowly Indians Trip Houston Buffs Into Loop's Cellar Spot

By The Associated Press
Oklahoma City struck out for a higher climate in the Texas League standings Thursday night, vacating the league cellar for the first time this season. The Indians turned over last place to Houston by thumping the Buffs for the second straight night 10-0. Other results were in a familiar pattern. Dallas, San Antonio and Shreveport won. The league-leading Dallas Eagles beat Beaumont again with a late explosion 8-6. San Antonio edged Tulsa 4-3, and Shreveport squeaked by Fort Worth 3-2. Tribe Breaks Loose
Oklahoma City broke loose for two four-run outbursts in the fifth and sixth innings and collected 16 hits. Beaumont's big, five-run spurt in the third went for nothing when Jerry Witte sparked a 14-hit Dallas attack with a home run and Buck Frierson did the same. It was home runs by Gerry McCarthy and Charlie Grant that gave San Antonio its victory over Tulsa. Shreveport stretched its lead over fourth-place Fort Worth to three full games when two hits, a sacrifice and a walk gave the Sports the winning run in the eighth.

Schoolboy Thinly Clads Square Off

AUSTIN —(AP)— An army of athletes moved into preliminaries Friday in the annual Texas Interscholastic League three-division track and field meet. A projected duel between Corpus Christi and Amarillo for the Class AA championship was the major interest. These two teams could run a dead heat in the point-making, although Corpus Christi was granted a slight edge because of apparent superiority in the relays. Sprint battles between Kerrville's Billy Ed Daniels and Corpus Christi's Bobby Dean were considered the feature events. These two split honors in the regional meet, Dean winning the 100-yard dash in 10.0 but Daniels taking the 220 in 21.7. Class B Battle Looms
Falfurrias was heavy favorite to win the Class A championship on the basis of two top relay teams and some leading individuals. White Oak and Refugio were expected to wage a battle to the last gun in Class B with White Oak a light favorite because of its great Sonny Mitchell, sprinter and hurdler. Both teams have crack relay combinations. Two defending champions return. They are Charles Thomas of Splendora, who won the Class B 220-yard dash last year, and Melvin Barfield of Athens, who tied for first in the pole vault in Class A. Barfield, incidentally, is expected to break his own co-record of 11 feet in the Class A division. He has gone over that mark this season. Finals in all divisions of the meet will be held Saturday, starting at 2 p. m. Preliminaries Friday will cut the field from 500 to about 275 athletes.

Bulldogs Drop 8-2 Decision To Bobcats; Mann Leads Hitting

SAN ANGELO—The Midland Bulldogs collected nine hits off Hurler Schleyer of San Angelo but dropped the decision to the Bobcats 8-2 in a District 3-AA tilt here. Lefty Max Harris went the route for Midland, allowing only six singles. Three bases on balls and several errors by the Bulldog infield accounted for most of the San Angelo runs. Roy Mann came out of a batting slump and banged out two doubles and a single in three trips to lead the Bulldogs at the plate. Marion Tredaway and Larry Buckingham both hit two for four. The Bulldogs will meet the Sweetwater Mustangs in the final game of the season at Indian Park here Tuesday afternoon. The score:
R. H. E.
Midland 110 000 0-2 9 2
San Angelo 330 002 0-8 4 0
The batteries: Midland—Harris and Deel; San Angelo—Schleyer and Hartman.

West Elementary Is 30 To 5 Winner In Softball Exhibition

Big Bend Park Area Expansion Is Topic At Two-Nation Meet

DEL RIO —(AP)— A plan to make the Big Bend National Park an international playground was being discussed Friday. Texas and Mexican officials conferred on this and two transportation projects to facilitate traffic between West Texas and Mexico. Delegates from Mexico and the West Texas Chamber of Commerce scheduled the joint conference with the fourth quarterly meeting of the Texas Good Neighbor Commission. Transportation projects up for discussion are a toll free international bridge between Del Rio and Villa Acuna, Coahuila, Mexico, and development of railroad service on a new route from Sonora, Texas, to San Carlos, Coahuila. The participants are to go to Saltillo, Mexico, Saturday. The Good Neighbor Commission estimated 200,000 tourists will visit the Big Bend area this summer. Establishment of tourist facilities in Mexico across the Rio Grande from the park would attract an even larger number of visitors, West Texans feel. Possibilities of building roads into the Mexican Big Bend area and constructing accommodations for tourists are to be studied by Mexican officials.

Refrigerator Firm Draws \$20,000 Fine

AUSTIN —(AP)— Servel, Inc., a Delaware corporation, was assessed \$20,000 in penalties Thursday in 126th District Court here for violation of Texas anti-trust laws. Assistant Attorney General Clinton Foshee told the court the manufacturer of gas and electric refrigerators required Texas distributors and dealers to maintain fixed prices.

New Trial Granted Murder Defendant

FALFURRIAS, TEXAS —(AP)— Robert S. Bell will be tried anew on a charge he killed his son-in-law, Amos P. Moody. Judge L. Broeter granted the motion for a new trial Thursday. Bell was convicted April 23 by a jury which gave him ten years in prison. The defense in its allegation of misconduct said the jury, in reaching a verdict, discussed similar cases and also discussed length of sentence in relation to parole.

Rayburn, Vandenberg Win Collier's Awards

WASHINGTON —(AP)— Speaker Sam Rayburn of Bonham, Texas, and Senator Vandenberg, Michigan Republican, are winners of the Collier's magazine awards for service to the nation last year. Each will get \$10,000. Rayburn was recognized for his work as minority leader and for party loyalty. Collier's called him "a real leader, one who never hesitated to risk his own political neck when faithfulness to party policy called on him to do so."

2,182,943 EMPLOYEES
WASHINGTON —(AP)— There were 2,102,043 civilians working for the government at the end of March, an increase of 6,887 over the previous month, the Civil Service Commission said Friday.

Camp Attendance For Scouts Set

Thirty five men of Midland and Terminal met Thursday night at the First Christian Church to develop plans for Boy Scouts to attend camp this summer at the Buffalo Trail Scout Ranch. Four troops made reservations. The Rotary Club troop will attend the sixth period, July 3-18. Ten Scouts and Ray Upham, scoutmaster and Hank Avery, committee chairman, will attend. The IOOF troop will go to camp during this same period with 13 Scouts and Charles Hedges, leader, included. The First Christian Church troop will have 10 Scouts in camp the week of July 10-17 with Richard Smith, scoutmaster, Guy Brenne-man, assistant scoutmaster, as leaders. The First Baptist Church troop chose the week of July 17-24 for camp with 30 Scouts and three leaders including R. H. Davis, scoutmaster, C. C. Boles and Yates Brown, as leaders. Six other Midland troops will secure dates for attendance at camp. The Buffalo Trail Council camp is scheduled to open May 29 and will continue for eight consecutive weeks, closing July 24. Additional periods may be added if needed. Attended Meeting
J. M. McDonald, camping chairman, presided at the Thursday meeting. Those present included: the Rev. Clyde Lindsay, McDonald, R. J. Kneidel, Sr., S. G. Painter, P. V. Thorson, John Husted, J. L. Bomb Prank Costs Student Both Hands

NEW BRUNSWICK, N. J. —(AP)— Some Rutgers University freshmen chemistry students decided to concoct a bomb in a paper drinking cup Thursday as a prank. Senate Sends First Two G-A School Bills To Governor's Desk

AUSTIN —(AP)— Two of the three Gimer-Alkin education bills now await only the governor's signature to make them law. The Senate, by 23 to 2 vote, approved the minimum foundation bill in its amendment form Thursday. But it was unable to agree with House amendments on the bill setting up the minimum foundation school program and raising teachers salaries. A conference committee of House and Senate members will try to reach a compromise. The bill creating a special fund from which schools would receive extra state aid had been amended by the House to give priority on state money to the rural road fund. However, Senate sponsors of the school bill said the amendment was incorrectly written and will be meaningless in application. Take Weekend Holiday
Both House and Senate quit work until Monday after passing numerous bills in afternoon sessions. A measure establishing a statewide fresh water fishing license law was approved by the Senate and returned to the House with amendments. It sets up a \$1.65 annual fee, abolishes all special and local licenses, and exempts fishermen in their home and adjoining counties from paying a fee except when artificial lures are used. The latter provision was a Senate idea on which the House must act. Returned to the Senate with House approval and amendments was a bill setting up a Texas Real Estate Commission. The House vote was 93 to 30. A House change calls for a six instead of a three-man board appointed by the governor. The House unanimously passed a bill tacking on House amendments to the basic science bill already signed by the governor. The amendments accidentally were left off the bill after both Houses had approved them. The Senate must approve the corrective bill also.

WHAT ABOUT YOU AND ME AND ADVERTISING?

You have a job. I am an ad. And here's why I'm so important to you.

No matter what your job is, in the last analysis it depends on somebody selling something to somebody else. And advertising is the lowest cost way yet devised to sell goods or services.

It's obvious how this works with the new post-war businesses that have come along. It's taken advertising to put them over. It's just as true of the basic industries we've had for years. Advertising is the spark plug of American business.

Suppose nobody read the ads or listened to radio advertising. Soon businesses would start to fail. It wouldn't be long before these failures would affect your pay check.

It's good advertising—powerful advertising—that makes the wheels go 'round... makes business grow and prosper... makes jobs.

So next time you see or hear it, remember—advertising makes your job more secure.

OTHER WAYS ADVERTISING HELPS YOU AND YOUR FAMILY

- 1 Brings you better goods for less money;
- 2 Makes shopping more pleasant and easier.
- 3 Gears consumer demand to production, to create prosperity.

Advertising... BY SELLING MORE GOODS TO MORE PEOPLE
Makes your job more secure

HERE'S HOW U.S. NATIONAL INCOME ROSE IN THE LAST 36 YEARS—THE GOLDEN AGE OF ADVERTISING

This rise in the standard of living for you and yours is unequalled in all history. Advertising helped raise this standard—is needed even more today to sell industry's new developments.

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Stand fast therefore in the liberty wherewith Christ hath made us free, and be not entangled again with the yoke of bondage" (Galatians 5:1).
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "It is only by acknowledging the supremacy of Spirit, which annuls the claims of matter, that morals can lay off mortality and find the indissoluble spiritual link which establishes man forever in the divine likeness, inseparable from his creator" (page 491).

SURPRISE PARTY IS EVENT ON BIRTHDAY
McCAMEY—Kenneth Roan was given a surprise birthday party by his mother, Mrs. Chester Roan, who was assisted by Mrs. Clark Huffman and Neta Linder. Guests waiting when Kenneth returned from a high school band concert were Jimmy Lott, Gwendean Acuff, Rosy Mary Spicer, C. I. Huffman, Patsy Copien, Wanda Duncan, Ouelia Huffman, Betty Perry, Darrel Graves, Janet Pauley, Paula Oburn, Shirley and Elsie Tarrence, Flora Huesler, Delyn Huffman, Cerle Brown, Dale Williamson and Colby Belcher.

WELL, WHAT'DA KNOW—THE WALLS TURNED OUT WHITE
CAMBRIDGE, ENG.—(P)—Workmen scrubbed the front walls of Pembroke College.
This is news because it's the first washing the walls have had since the college was built in 1347. The stones turned out to be white.

INVENTED BOWLER
William Coke, a rather portly English sportsman, invented the bowler hat because the conventional top hat got in his way when, while hunting, he had to crawl through hedges.
New Zealand, in 1893, became the first country in the world to grant women complete suffrage.

Trades Citizenship For Love Of Girl
MUNICH, GERMANY—(P)—A former U. S. Army sergeant has traded his American citizenship for the love of a Bavarian girl and become a stateless inhabitant of Germany.
Clifford J. Sutton, Mass., said he has renounced his American citizenship in order to marry 19-year-old Ingeborg Miersch of Munich.
Explosive bubbles make an explosive more sensitive. These little pockets of gas, when compressed, become hot enough to start an explosion.

TEXAS STATE BANK RESOURCES DECLINE
AUSTIN—(P)—The State Department of Banking reported Thursday total resources of all state banks on April 11 amounted to \$1,149,960,000.
The total was \$59,000,000 below the all-time high of Dec. 31, 1948, and \$40,000,000 below a year ago.

4-H CLUB LEADER
COLLEGE STATION—(P)—A. H. (Duich) Karcher, Titus County agricultural agent, Friday was appointed assistant state 4-H Club leader, effective May 16.
The weight of the human brain increases 200 to 300 per cent during the first year of life.

McCamey News
McCAMEY—Mrs. Jesse Russell, Mrs. C. Ramsey and daughter, Marie Hatton, and granddaughter Susan have returned from a 10-day vacation trip to Houston and Galveston where they visited relatives of Mrs. Ramsey. The group also visited in Hattiesburg, Miss. They returned by Dallas and Fort Worth and visited relatives and friends there. Mrs. Hatton, who has been visiting here with her parents, remained in Dallas where she resides. Mr. and Mrs. C. E. Walter of Bartlesville, Okla. are among the newcomers to McCamey. Walter is manager for a pump company and will have an office here in the near future.
The Grandfalls journalism class visited McCamey Tuesday. They were guests of Lee West of the McCamey News. He escorted them through the printing shop and explained the different phases of printing.
Mrs. Howell Johnson will take her baby son Bobby to Austin Saturday where he will attend the Junior Historian Convention. Mrs. Johnson will go on to College Station where she will be a guest of her son, Howell, at open house of the college.
Mr. and Mrs. Malcolm R. Reimer visited relatives in San Angelo recently.
Mrs. C. O. Holt honored her son Jimmie on his 14th birthday recently with a wicker roast in their home in the Rio Pecos Camp. Roasted wieners, doughnuts and punch were served to the guests. Games were enjoyed during the afternoon. Those present included Barbara Bagley, Patty Duane Hargrove, Patty Brown, Nina Sheffield, Janice Strong, Robert Adams, Gary and Mike Perkie, Jerry Copien, Johnnie Anderson, Bruce George, Sheldon Marsh and Junior Holl.

Holding Tomorrow in her Arms

Many mothers and fathers overlook the long-range meaning of parenthood. This beautiful mother, cuddling her little boy, may not realize it, but she is holding an armful of tomorrow.

This child of her heart belongs to another generation—the one that is to follow. It is her high privilege to rear him and train him for that future life.

If she thinks merely of the happiness the little fellow has brought into her life and home, she has missed the point entirely. Her main thought should be of what he may mean to his own generation and the world, and of his own future happiness.

It is a sobering thought that the next generation is being molded like clay in the hands of the present generation of parents.

Religion is an essential element in the training of a child. Teach him to do justly, to love mercy, and to walk humbly before God, and he is not likely to stray into dangerous paths.

The Church can give valuable aid to parents in fulfilling this duty.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Forgets To Release Rope; Falls 20 Feet
PRISTON, ENG. (P)—Ever forget to let go of a bowling ball? The Rev. James E. H. Williams, ringing the bell for service forgot to release the bell rope. When the bell swung back he was lifted more than 20 feet and fell to the floor. He suffered possible rib fractures.

Henry Ward Beecher and Lucy Stone headed the American Woman Suffrage Association, founded in 1868 in an effort to get the vote for women.

Crane News

CRANE—Iszy Leaman, Dr. Gordon Smith, L. L. Martin, Lloyd Wimberley and Tom Hogan, Jr., have been named to the nominating committee for election of new officers of the Crane Lions Club. Brady Nix and Rev. J. N. Whetstone have been appointed to arrange for a Crane number on the program at the district conference in Pecos last this month. President Jack Porter appointed W. W. Allman, Oscar Reynolds and J. K. Price as a committee to expedite completion of street signs erection. Wanda Sharrock, Coylene Pope, Peggy Mobbs and Loa Mae Green will represent Crane High School at the State JFA Convention in Dallas during the weekend. Mr. and Mrs. Bob Tobin and son, Lanie, are scheduled to leave for Dallas Sunday. They will attend the shoe market. Mr. and Mrs. James M. Anderson are the parents of a son, James McCoy, born in Crane Memorial Hospital Monday. The baby's grandmother, Mrs. W. A. Petteley of Baird, is here visiting the new arrival.

Daddy Ringtail

Daddy Ringtail And Sing A Song
Daddy Ringtail had been all by himself, there in the monkey house, for many days. Mother Ringtail and Sammy and Bobby, Muggump and Patzyake, all were visiting with Grandmother Ringtail. Then one morning Daddy Ringtail climbed off through the forest to bring them home. It was a long way to Grandmother Ringtail's house—even through the top of the trees where monkeys climb. It was a long way back again, too. Daddy Ringtail carried Bobby all the way home, because Bobby was very little then. Daddy Ringtail carried the suitcase, too, because he was the daddy. They got back to the monkey house just as the forest was turning dark. The animals that sleep

Daddy Ringtail

Daddy Ringtail! Daddy Ringtail! Let's go to sleep now, and do our singing tomorrow." Daddy Ringtail went back to bed. He never would have known that he had been singing in the night, without ever waking up. If Bobby hadn't told him about it the next morning. But don't you think that daddies are pretty nice fellows? I do. Happy day! (Copyright 1949, General Features Corp.)

Wyoming, then a territory, gave women the vote in 1869, followed by Utah the next year.

Midlanders To Attend Baptist Convention

Pastors of the First Baptist and Calvary Baptist Churches here, and some of the members plan to go to Oklahoma City May 18-22 for the annual meeting of the Southern Baptist Convention, which is expected to be the largest religious gathering in America in 1949.
The Rev. Vernon Yearby, pastor, and the Rev. Raymond G. Hall, assistant pastor of the First Baptist Church; the Rev. A. L. Teaff, pastor of the Calvary Baptist Church; Mr. and Mrs. J. C. Crow of the Calvary church, Mrs. Teaff, Mrs. Yearby and Mrs. Hall have all made plans to go to the convention, and others from Midland are expected to attend also.
Included in the Convention are 26,822 cooperating churches. The organization supports many agencies in this country and in foreign mission areas, from which reports will be heard in the Oklahoma City meeting.

William IV of England, the "Salt-or-King," was 65 years of age when he ascended the throne and reigned but seven years, to be succeeded by his niece Victoria.

Brannan Arrives For Three Talks In Texas

WACO — (AP) — Secretary of Agriculture Charles Brannan came to Texas Friday for three speeches. One of them—in the early afternoon—had an audience of Texas farm and ranch leaders at the McGregor Experiment Station of Texas A&M College.
His subject there was experiment station work in Texas. For the second speech, at Baylor University at 4 p. m., he had a discussion of his proposed new farm program.
After spending Friday night here Brannan, with a party of government officials and congressmen, goes to Lubbock, where he is the principal speaker Saturday night at Texas Democrats' third fund-raising dinner of the year.
Brannan discussed the Administration's proposed new farm program at Cleveland, Miss., Thursday, enroute to Texas. He said it would bring the price structure up to date.
Congressmen in Party
Among those who will attend the Lubbock dinner are five Texas congressmen and one from New Mexico. The Texas congressmen include Reps. W. R. Poage of Waco, Omar Burslem of Anson, Ed Gossett of Wichita Falls, Clark Fisher of San Angelo and George Mahon of Colorado City. Rep. Antonio Fernandez of Santa Fe, N. M., also will attend.
Dr. D. M. Wiggins, president of Texas Tech College, will welcome the guests at the Lubbock banquet. Texas National Committeeman Wright Morrow of Houston will deliver the response. Mahon will introduce Brannan.

Second Defendant Now On Trial In Rice Field Slaying

BEAUMONT — (AP) — The state Friday continued its case against William Earle Pelham, 23, charged with murder.
Pelham is accused in the death of Elbert Langston of Houston and Florence, S. C. One man already has been found guilty and sentenced to life imprisonment in this case.
A jury Thursday found Henry Robert Giles, Jr., of Houston, guilty of shooting Langston in a rice field near Nome, Texas, March 23.
The state charges Pelham accompanied Giles the night of Langston's death.

Says 'Whistle Stop' Ruling Could End All Fast Train Schedules

WICHITA FALLS — (AP) — R. Wright Armstrong, vice president of the Fort Worth and Denver Railroad, says the Electra "whistle stop" incident could lead to the end of fast passenger train service throughout the nation.
Armstrong addressed officials and directors of the railroad at a meeting Thursday.
He said if the Railroad Commission and politicians can force the railroad to stop at Electra, "it will mean the end of fast trains in America." He added that trains which stop at all towns bring little revenue.

Operators Appeal To Supreme Court

AUSTIN — (AP) — The Supreme Court Thursday was asked to reverse a Court of Civil Appeals ruling against operators in the Flour Bluff oil field.
The operators charged there were four points of error in the appellate court's ruling. Petitioners were the Flour Bluff Oil Corporation, Barnsdall Oil Company, Humble Oil and Refining Company, Sinclair Prairie Oil Company, Aztec Oil and Refining Company, and others.

FORMER ATHENS JAILER ACQUITTED IN SLAYING

RUSK — (AP) — Willie Chapman, former Athens jailer, late Thursday was found innocent of the murder of J. D. Robertson.
Robertson, 26-year-old war veteran, was shot to death Aug. 15, 1947, in the Athens jail lobby.
