**Sinclair Recovers
Oil For Probable
Borden Discovery**

Strong indications of the discovery of a new oil field in Northwest Borden County, 11 miles northwest of Gall, have been developed at Sinclair Prairie Oil Company No. 1 Sterling Williams. This well, located 600 feet from north and east lines of section 45, block 32, T-6-N, R-23E survey, had a recovery of 2,500 feet of clean oil, plus 250 feet of heavily oil and gas out drilling mud, during a three hour drillstem test at 9,870-9,928 feet. The drill pipe unloaded some fluid while being pulled.

This venture has logged signs of possible oil and gas production since it reached 9,970 feet. A section just above the zone covered by the latest drillstem test also made some free oil on a drillstem test.

So far no formation water has been developed. The horizon which is making the oil and gas. There is no official identification of the formation. Some observers think it is probable somewhere in the Pennsylvanian.

It is understood that the prospect will drill ahead until it finds and tests the Ellenburger. If that zone fails to produce the hole will probably be plugged back and an effort made to complete a producer and a new discovery from the section which has already shown the good indications of making an oil well.

**TP Gets Ellenburger
Oil In McCamey Pool**

Second Ellenburger producer in the McCamey field of Southwest Upton County has been indicated at Texas Pacific Coal & Oil Company No. 63-A-E Lane, offset to the same company's No. 62 Lane, small Ellenburger discovery.

Based on a 1,000-foot test, the venture drillstem tested below casing at 7,948 feet with packer at 7,910 feet. The tool was open 14 hours and 23 minutes, showing gas in 96 minutes. Gas volume was too small to measure.

Operator indicated 1,300 feet of dry drill pipe and oil began unloading. Estimated recovery was 8,500 feet of oil and 470 feet of oil and gas cut drilling mud. Corrected gravity was 46 degrees.

Preparations were being made to extend the formation test to determine producing possibilities of the show.

Location is 1,900 feet from south and west lines of section 3, G-4-E-S survey.

**Atlantic Schedules
Wildcat In Cochran**

A wildcat test into the San Andres-Permian of Southwest Cochran County is slated as The Atlantic Refining Company No. 1-C-F O. Mastick.

The well is 604.4 feet from south and east lines of the north-west quarter of labor 18, league 133, Armstrong CSL survey, about 16.5 miles southwest of Morton.

The San Andres is expected to come in about 5,100 feet. Drilling with rotary tools is starting at once.

**Price Spots Runnels
6,500-Foot Wildcat**

A 6,500-foot wildcat is to be started in the immediate future in Central Runnels County, six miles northeast of Ballinger, by E. S. Price of Ballinger.

It will be in No. 1 Mrs. Cora Ebers, staked 5,246 feet from south and 313 feet from east lines of section 156, J. K. Thompson survey. Drilling will be with rotary tools.

**Rodeo Stage
Ready**

Midland poised in readiness Monday for its annual World Championship Rodeo—number 15 of a series of star-studded events, scheduled to open Wednesday and continue through Sunday.

Gay bunting flopped in the breeze in front of downtown stores as gala decoration for the big five-day Western extravaganza.

Midlanders began to dress "Western." Boots plumped along the sidewalks. Gay rodeo ties adorned citizens. You could see levis just as much as you could gabardine in men's trouser selections. Colorful neckerchiefs were worn by some.

The tough and rough rodeo stock of Everett Colborn and Gene Autry of World Championship Rodeo Corporation arrived Saturday. It was unloaded from special railroad cars over the weekend and trucked to the grounds of Midland Fair, Inc. Waddies Coming.

Wiry, rugged waddies, the rodeo performers, were scheduled to begin arriving as early as Tuesday. These boys are the champions, the best in the business and they always are on hand for Midland's rodeo.

Rodeo tickets went on sale Monday in the lobby of the Scharbauer Hotel and at Midland Hardware and Furniture Company.

A big horsemen's parade at 4 p.m. Wednesday formally will open the 15th annual event.

The stage is set for the best rodeo in history.

First of the five evening arena performances is carded Wednesday.

Memorial Day Observance, Inspired In Civil War-Torn South, Spreads To Global Proportions

Memorial Day, fittingly enough, was inspired by the women whose countries were the chief beneficiaries of the War between the States. In March, 1865, Mrs. John A. Logan, wife of the famous Union commander, visited battlefield in Virginia. She was particularly touched by the way graves of Confederate dead were decorated with flowers and tiny Confederate flags.

... who most interested in her country's dead was a beautiful child and, as General Order No. 11, General Order No. 11, designating May 30, 1868, as the day when the G. A. R. should decorate graves of comrades who died in defense of their country. The order was signed by G. A. R. posts led by the...

Memorial Day was fully established as a regular institution throughout the country. Because of its original purpose—the decoration of soldiers' graves—its formal observance had a military aspect from the first. For many years the day was in charge of the G. A. R. posts of every community. Observance consisted of a military and civic parade to the cemetery for appropriate exercises. Leading citizens and outstanding veterans made memorial addresses. A flag was placed on every soldier's grave, which was strewn with flowers. Firing squads volleyed over the graves as the bugler sounded "Taps." Today the exercises are much the same, except that the American Legion is in charge and the parade now includes civil officials, Boy Scouts, Girl Scouts and fraternal organizations. Also Memorial Day's observance...

... witnessed as North and South united to fight against the new wars. After the Spanish-American War Memorial Day commemorated fallen heroes for veterans of that conflict and the sons of the Spanish-American War Veterans organized chapters in every parish. Its observance became international when, following World War I, the grateful French people decorated graves in American military cemeteries in France. American graves in England and other European countries were also decorated. After World War II, Memorial Day became truly a global institution. For on May 29 honor is paid to American fighters whose final resting places are scattered from Germany to Africa and from Australia to China and all the seas between. Usually a legal holiday, May 29 is observed...

... in all parts of the Union, the Big Tent of Columbia and the territories and possessions except in certain of the Southern states that prefer their own appointed time to observe Confederate Memorial Day, honored by the Daughters of the Confederacy and the Confederate Southern Memorial Association. April 26 is Confederate Memorial Day in Alabama, Florida, Georgia and Mississippi. In Louisiana and Tennessee, June 3, Jefferson Davis birthday, is observed as Memorial Day. North and South Carolina also hold Memorial Day, while Virginia observes May 30 as Confederate Memorial Day. Although there have been many more all observance into an International Memorial Day on May 30, but without success. Many southerners feel that as the idea of Memorial Day started in the South, and was adopted by the North, any change of date should center to the April 26 commemoration rather than the later date...

Two Seamen Found Dead Aboard Tanker

HOUSTON—Two seamen died of asphyxiation aboard a fuel tanker at Fort Houston Sunday night and orders have been given that no details be released on the deaths.

Justice of the Peace Thomas I. Decker identified the victims as Tolbert W. Drew, 34, Liverpool, Pa., and Albert H. Wiggins, 28, Atlanta, Ga., both pumper men on the USNT Muir Woods.

Bob Harding, funeral home employe at Galena Park, said Capt. M. P. Wheeler, skipper of the tanker, gave strict orders that no information be released to newspapers.

Decker, however, said he understood from crew members of the vessel the two pumper men had been challenging each other to see which could stay longer in fumes which were being deck.

Wheeler was not available for comment but Deputy Sheriffs John Fitch and Bill Isbell told Dispatcher George Nichols the captain had said a report of the deaths will be made by the U. S. Navy Department.

Decker said the vessel was under a Navy contract for transporting high octane fuel. He said fellow crewmen found bodies of the two men in a pumping room compartment.

H. G. Shaw of the Harris County Emergency Corps, which answered the call from the ship, said the only information he received aboard ship was the captain's name and the names of the two victims.

PATIENT DISMISSED
Charles Browning, who underwent major surgery recently at Western Clinic-Hospital, was dismissed Sunday.

Douglas Proves Women Love A Heel—On Screen, Anyway

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD — Eddie Cantor was beating Kirk Douglas on the radio for the horrible way he treats three girl friends in "Champion."

"Why, it was awful," scolded Eddie. "You treated them just like dogs. Women don't like that."

Kirk yawned and said, "Oh, I don't know about that."

Just then Dinah Shore walked up to Kirk, handed him a leash and purred, as only Dinah can purr.

"Here's my leash, big boy. Take me for a walk."

That just about explains the effect "Champion" is having on the ladies all over America. Kirk Douglas has proved again that women love a heel on the screen. He's the hottest star in celluloid. Here's what has happened to Kirk since he slugged his way to the top of the prizefighter without a conscience.

Stardom next in a big Warner picture, "Young Man With a Horn," inspired by the story of Bix Beiderbecke, the famous trumpet player, and a seven-year, one-film-a-year Warner contract good on paper for exactly \$1,000,000.

Nomination as one of America's best-dressed men (although he wears boxing trunks most of the time in "Champion").

Separation from his wife of five years, former stage and screen actress Diana Douglas.

No Connection

"But please believe me," he said, "the success of the picture didn't have anything to do with the separation. People may be thinking 'The guy has gone Hollywood.' I haven't. We separated before the film was released. Neither of us is talking about a divorce. I'm hoping for a reconciliation."

Nomination by saloon drunks as the guy to pick a fight with to prove he's as tough as he is on the screen. (Up to now reserved exclusively for E. Flynn, H. Bogart and G. Raft.)

"I've got a great gimmick for that," Kirk said. "I walk in, immediately pound on the bar and announce:

"Anybody in the joint can lick me."

Rumors that Kirk's head and somebody else's body was used in the advertising stills for the picture. Up until now, he has played mostly weak neurotics and those muscles surprised even Hollywood.

"In New York I found myself putting on boxing trunks and punching a bag at the New York Athletic Club to prove to some newspaper guys that I was the guy all right."

Those neurotic roles had even Hollywood forgetting that Kirk was intercollegiate wrestling champ at St. Lawrence University before he went to work and put himself through dramatic school as a waiter at Schrafft's.

Not to mention the little things that have happened:

Like Jack Warner inviting him to breakfast, lunch and dinner all the same day while talking contract. And his own crack after the first sneak preview of "Champion."

"I'm a success. I've finally arrived. My agent talked to me this morning."

Mistaken Identity

But my favorite story about Kirk's hit happened when he was having dinner at the Doll House in Palm Springs with his long-time press agent, Warren Cowan.

A tableful of ladies kept looking at Kirk, smiling and giggling. Finally Warren leaned over and whispered:

"You know, Kirk, I bet those dolls are saying, 'I wonder who that handsome fellow is with Kirk Douglas?'"

Actually, Kirk says he hasn't changed at all. "I'm keeping my mouth shut and not letting the people know how lucky I was to get that part in 'Champion.' The only thing that has changed is Hollywood's attitude toward me."

Changing that attitude found Kirk fighting harder than he did in the picture. He had to fight with his agents to get the part.

They thought he was taking an awful chance with Stanley Kramer's young, untired Screen Plays Corporation and strongly advised him against doing the picture.

When he turned down a second lead with Gregory Peck and Ava Gardner in M-G-M's "The Great Sinner" they were convinced he was crazy. That's the role they picked for him. He took "Champion" instead.

He says, modestly: "I was lucky."

Air Force Maps Arctic Wasteland

To the Air Force's 72nd Photo Reconnaissance Squadron went the job of turning Alaskan and Arctic "wasteland" into precise aerial photographs. Since the unit was assigned to Ladd Air Force Base, Fairbanks, Alaska, in 1946, it has bucked severe weather to map more than 2,400,000 square miles of desolate land. For years the Alaskan mountain peaks were called "wasties" because they defied exploration. With mounted aerial cameras shooting every 30 seconds, a B-29 Superfortress, above, travels back and forth over typically rugged Alaskan terrain on a photo-run. At left, a team of photographic specialists matches up several photos by overlapping, trims and mounts them onto a giant mosaic which gives the big picture. This is how once-unhatched "wasteland" has been transformed into exact topographical aerial maps, sorely needed for this nation's defense.

Orange Veteran Dies In Street Shooting

ORANGE—(P)—Elmer Dunlap, Jr., 23, café owner and veteran, was shot fatally on a downtown street here Sunday night. E. E. McDowell, 45, was charged with murder in connection with the shooting in justice of the peace court Monday morning.

City Police Officer H. L. Hudson reported the shooting followed an altercation earlier in a nearby lodge hall. Dunlap, hit by two bullets from an Army automatic, died instantly in the presence of his wife.

El Paso Adds Two To Casualty Lists

EL PASO—(P)—Charles Allison Archibald, 44, was killed in a fall and Rebecca Inez Yzeta, three, drowned in the El Paso area over the weekend.

Archibald fell into a 25-foot excavation in the downtown area. The Mrs. Yzeta girl fell into an irrigation ditch.

S. J. Lain, 32, a brakeman, escaped death when he was struck by a switch engine and knocked below the rails, after which a train passed over him. He suffered bad lacerations.

Vernon Youngster, Burned Critically, Amazes Physicians

VERNON—(P)—Donnie Woodard was in a coma most of the time Monday morning. When he was finally revived, doctors were amazed. "Don't let anyone else milk her, the plucky 10-year-old farm boy—70 per cent of whose body is covered by deep burns—told his story."

Doctors have expressed amazement that Donnie survives. They said most patients with so much of their skin burned died within 12 to 12 hours.

Donnie was weaker than on Sunday, but his fever was down to 100—a drop of one degree.

An elder brother accidentally threw a bucket of gasoline over Donnie 20 days ago while they were burning weeds.

Waco Soldier Dies Of Crash Injuries

BROWNWOOD—(P)—Pfc. Ellis Bryan Edgins, 20, of Grimesdale, Va., stationed at the Waco Air Force Base, died here early Saturday from injuries received in an auto collision Saturday near Zephyr.

A companion, also from the Waco base, Cpl. Clayton Dale Cravy, 20, of Post and owner of the car, is in the hospital here. His condition is not serious. Occupants of the other car were not hurt.

The two soldiers were on a three-day pass to visit Cravy's home.

SUBJECT: PROTECTION IN CASE OF SICKNESS

Many of my friends, employed in other companies, have membership in the Blue Cross-Blue Shield Plan which assures them hospital, medical and surgical care in case of illness. I understand it is a plan whereby a group of employees join together and pay in a small amount each month, through their company, as protection against unexpected expenses brought on by unexpected need for hospital and doctor services. (I'm convinced it's the best available.)

We want to be relieved of the embarrassment and financial distress that so often result from a large hospital or surgical bill. We can protect ourselves in advance through Blue Cross and Blue Shield.

We understand that groups of five or more can qualify and shall appreciate your obtaining all details as to how we can avail ourselves of this protection.

Thank you.

★ WE, THE WOMEN ★
**Do You Bore Your Audience?
 Check This List And Find Out**
 BY MUTH MILLET
 NEA Staff Writer

Are you probably boring your audience if you talk at length on any of these subjects:

- One: About friends of yours they don't know and aren't likely to meet. If you can't really appreciate this unless you know Marge—you'd better skip the story entirely.
- Two: Your children. Children are fascinating to their parents and grandparents—and maybe even to a dotting uncle or aunt—but to nobody else. Remember that when you're tempted to dwell at length on the doings and sayings of your children.
- Three: Your health. The most satisfactory answer anybody can give to the standard question "How are you?" is "Fine, thank you." If you can't say that, at least dismiss the state of your health with a few words.
- Four: Your social life. It's all right for you to be impressed with all the places to which you are invited, but don't expect anybody else to be.
- Five: Your opinions on any subject you don't know much about. Next time you hear a woman sound off on some subject about which she knows nothing, watch the boredom on the faces of her listeners. If you're going to give your opinions on any subject, be sure those opinions are based on facts. Otherwise, admit you don't know enough about the subject to have a definite opinion.
- Six: Any pointless story that is told just to bring in the names of important people. That's about as boring as anyone can get.

If you think that list doesn't leave you much to talk about, remember, you can always talk entertainingly about a subject you know well.

You run no risk of boring your audience if you talk about them more than about yourself.

And if your main desire is to entertain and be entertained rather than to impress, you won't run the risk of boring others.

Besides, you don't have to talk a lot to put yourself across. You can always listen. And an interested, alert listener never bored anyone.

Absent Member Sent Gifts By Alatheans

Each member of the Alathean Class of the First Baptist Church who attended the monthly social meeting in the home of Mrs. Fred Middleton Friday afternoon brought a gift for one of the members, Mrs. Harry Tolbert, who is recovering from injuries received in an accident.

The gifts were put together for shipment to Mrs. Tolbert in North Carolina.

Mrs. Bob Preston was elected vice president in charge of class ministries, to succeed Mrs. Orbie Jones, resigned. The brief business meeting followed a devotional talk by Mrs. G. G. Hazel.

Refreshments were served from the dining table, which was decorated with daisies. Other flowers in the home included a bouquet of sweetpeas on the coffee table in the living room.

Mrs. Brooks Pemberton was a guest, and the members present included Mrs. Zeb Wilkins, Mrs. Paul Barron, Mrs. Ralph Barron, Mrs. Dot Price, Mrs. C. A. Barton, Mrs. V. L. Red, Mrs. C. M. Goldsmith, Mrs. M. D. Cox, Mrs. Preston and Mrs. Hazel.

Recital In Home Is Given By Pianists

Parents and friends of the participants were invited for a private recital by piano pupils of Mrs. J. B. Elder in her home Friday night. The program was as follows:

Ring Around Rosy (Scott) and A Spring Song (Erb), Betty Lumpkin; Sylvan Sprites (Rowbottom) and Dance of Olden Times (Wagness), Sue Ellen McCray; Singing Juggler (Wagness) and The Little Red Soldier (Preston), Ann Elder.

The Cello (Wagness) and They're Off (Fueck), Jackey Seyer; The Organ (Wagness) and Maytime Song (Wagness), Betty Sue Bowman.

Assisting on the program was Marilyn Eider, a pupil of Mrs. Gilbert Eider, who played two piano solos, Sonata Neuveille (Reverger) and Cotton Fluff (Smith).

After the recital the pupils and guests were entertained at an informal social period, and refreshments were served.

Rainbow Girls Honor Officers Of Closing Term With Dance

Honoring the retiring officers of the Midland Assembly, Order of Rainbow for Girls, before their term is closed with the installation of new officers Thursday night, a dance was given Saturday night in the Crystal Ballroom of the Scharbauer Hotel.

Royce Rae McKee as worthy advisor heads the retiring administration, which has served for the chapter's first year. The organization was completed last Fall.

Green and yellow, the worthy advisor's chosen colors, decorated the ballroom where members and a large number of guests danced to favorite recordings. The refreshment table was covered with a cloth of green Irish linen and centered with yellow roses.

Glenda Hambleton and Betty Marie Nix poured punch. Guests were greeted as they arrived by Mrs. Clyde Hambleton, mother advisor of the chapter, and Mr. and Mrs. Riley Parr, worthy patron and worthy matron of the Order of Eastern Star, organization which sponsors the Rainbow Girls.

New officers for the Rainbow chapter will take their posts Thursday night, in an installation ceremony to be conducted in the Masonic Hall at 7:30 p.m. Members of the Eastern Star and Masonic orders are invited to be guests.

Graduates Are Complimented At Breakfast

A breakfast complimenting members who are graduating from Midland High School this year was given by the Senior High School Department of the First Methodist Church in the Scharbauer Educational Building of the church Monday morning.

The honorees are Peggy Whitson, Royce Raye McKee, Joy Guyton, Arliss Ann Klebold, Glenda Shoemaker, Kay Matthews, Lynna Dell Moore, Joan Wyche, Billie Prothro, Dorothy Wolfe, Lois Black, Bob Shobe, Alex Oates, Jimmy Conine, Jimmy Barber and John Brent Wood.

Senior class colors, green and gold, appeared in streamers down the breakfast tables and in small pennants which, with miniature mortar-boards, stress the graduation theme. Bouquets of yellow flowers were set at the corners of the table.

The Rev. Jim Pickens, assistant pastor of the church, made the short address which featured the program. Alex Oates contributed a vocal solo, "Trees," Rosbach, with Miss Moore as accompanist.

Summer Reading Is Recommended With List From Library

Mapping Summer reading with the most important books missed during the past year is a suggestion offered by Mrs. Lucile Carroll, Midland County librarian, to readers who wish to get the most out of books during vacation.

With more leisure for reading, many residents of Midland County will turn to the library for entertainment this summer and Mrs. Carroll reminds that the library is free to all residents. It is located in the courthouse, and open weekdays from 9:30 a. m. to 6 p. m. Reservations and renewals of books and periodicals may be made by telephone; and the library number is 1812.

Unusual Fiction

Novels recommended by the librarian as unusual because of story, style or setting, include The Jacaranda Tree (Bates), His Human Majesty (Boyle), Guard of Honor (Cousens), The Grand Design (Dos Passos), The Semi-Attache Couple (Eden), Double Muscadine (Galtner), The Hound-Dog Man (Gipson), The Girl On the Via Flaminia (Hayes), Elephant and Castle (Hutchinson), Bride of Fortune (Kane), The Ragged Tree (Kay-Smith), Composition For Four Hands (Lawrence), The Brave Bulls (Lea), The Naked And the Dead (Mailer), Point Of No Return (Marquand), Prairie Warrior (Meeker), The Golden Arrow (Munro), So Dear To My Heart (Munro), The City of The Bees (Stuart), I Capture The Castle (Smith), A Wreath Of Roses (Taylor), Ceremony Of Innocence (Webster), The Dukays (Zilany).

Personal Narratives

Humorous personal narratives to be found in the library are The Doctor Wears Three Faces (Bard), Fishing In Troubled Waters (Chapman), How Green Was My Father (Dodge), I'm A Busybody (Glick), And On To Grow On (Gould), Cheaper By The Dozen (Guthrie).

It Gives Me Great Pleasure (Kimbrough), The Plague And I (McDonald), The Valley Below (Marrion), And There I Stood With My Piccolo (Meredith), Family Circle (Skinner), A House In The Cevenens (Skelley), Father Of The Bride (Streeter).

Non-Fiction

Readable non-fiction books are Crusade in Europe (Eisenhower), The Seven Storey Mountain (Merton), The Finest Hour (Churchill), No Place To Hide (Bradley), The 26 Letters (Ogg), North African Prelude (Welch), Death Be Not Proud (Gunter), The Life of Sir Arthur Conan Doyle (Carr), The Great Pierpont Morgan (Allen), 16 Self Sketches (Shaw), Chopin, The Man And His Music (Weinstock), Albert Einstein (Leviner), Jungle Man (Pretorius), A Man Called White (White), Albert Schweitzer, The Man And His Mind (Seaver), Roosevelt and Hopkins (Sherwood), The Book Of Great Conversations (Biancoll), Trial And Error (Weismann), Beau James, The Life of Jimmy Walker (Poyler).

Greatest Memorial Tribute

Memorial Day belongs first to the dead of the American Civil War. Yet it has come to represent a day of remembrance for the fallen soldiers of all our battles.

On this day we decorate their graves. This simple personal act is our most direct expression of feeling for lost sons, husbands, brothers and fathers.

We must employ our full energies, our brains and our moral strength to make democracy a rich, rewarding way of living for ourselves and our fellows.

We must work, too, to show that the democratic way affords us the best chance to develop wisely our human and material resources.

These duties well performed are the greenest wreaths we can lay on the graves of our fallen heroes.

Don't Cover Waterfront

Ever since the day of Annette Kellerman and the Mack Sennett girls, pictures of bathing beauties have been a part of our national culture.

Soon, by association, bathing suit pictures became popular even when the subjects were not beautiful. They filled snapshot albums and appeared in newspapers and magazines.

But apparently the bathing suit is still an indecorous and undignified article of apparel in which to be photographed, although it's perfectly all right to wear in public.

We suspected that when some news photographers ran into trouble after taking pictures of the President and the Chief Justice from a blimp when the distinguished duo were in swimming at Key West.

Now all suspicions have been confirmed beyond a doubt. Paris police have confiscated the edition of a weekly magazine, on request of the French Foreign Ministry, because it published a photograph, taken in Italy, of England's Princess Margaret in a swim suit.

The struggle for riches is vanity, says a pastor. We have an idea the average boss agrees with him.

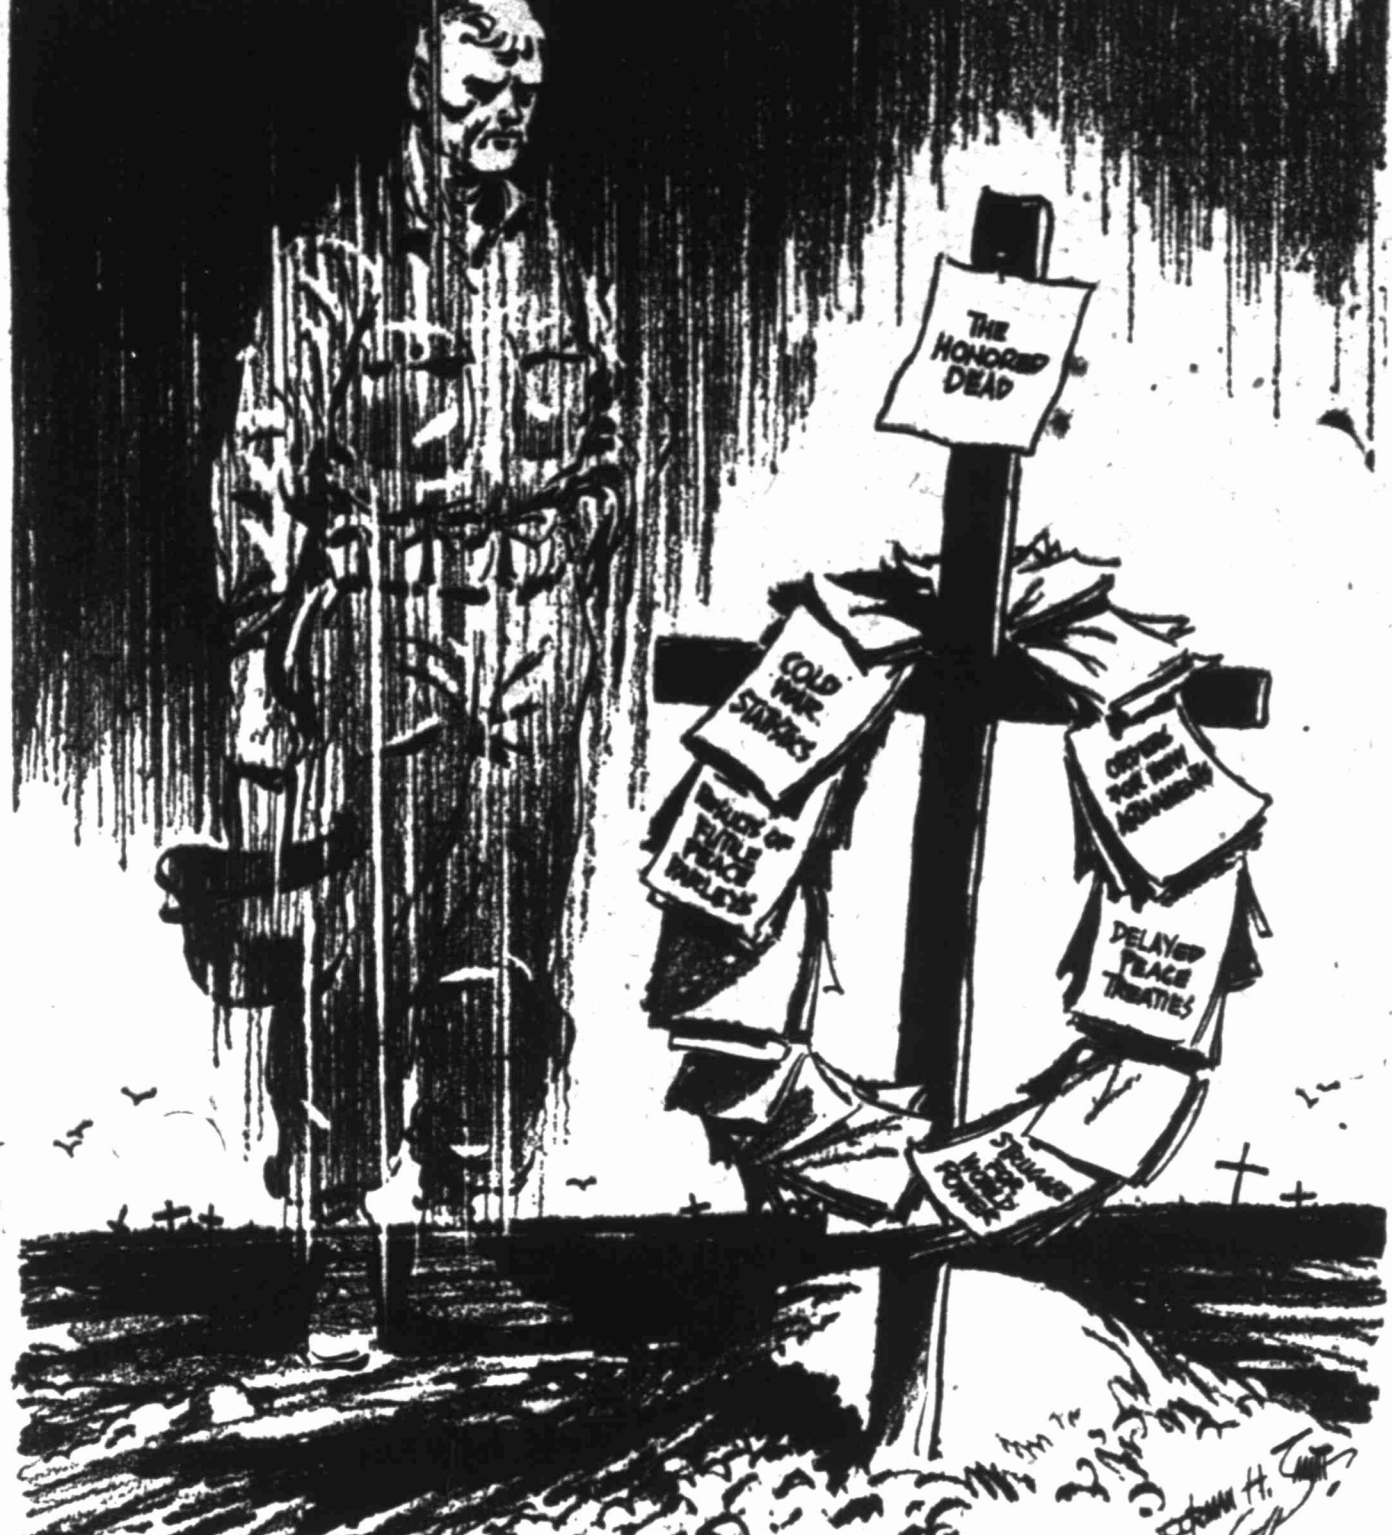

Superstition is just a lot of bunk—until it comes true.

William A. Julian, U. S. Treasurer, Is Traffic Crash Victim

WASHINGTON—(P)—William A. Julian, aged treasurer of the United States, was killed Sunday in an automobile accident as he drove to a country club to play a round of golf.

Julian has served in his Treasury post 18 years and during that time had issued \$7,000,000,000 worth of currency. His signature appears on U. S. paper money, opposite that of the secretary of the Treasury.

A quiet man, he was seen little in formal society. Various records gave his age as from 78 to 87; friends said the latter probably was most nearly correct. Julian himself never discussed his age.

Death came in a head-on collision with another car on a country road in nearby Bethesda, Md. The two men in the other car were only slightly hurt; no charges were filed in the accident.

Appointed By Roosevelt

Julian was appointed to the job of treasurer by Franklin D. Roosevelt in 1933. The position is held at the pleasure of the President, with no fixed expiration date.

The treasurer has the job of receiving and disbursing public money, issuing and redeeming paper currency and coin, etc.

Julian was born on a Kentucky farm and rose to become a manufacturer and president of the Queen City Trust Company of Cincinnati.

Mrs. Julian died last March 26. The couple had no children.

Funeral services were set for 1:30 p.m. Wednesday at a Washington funeral home. The burial will be private.

New Taxes Appear Certain As Solons Near End Of Session

AUSTIN—(P)—The 51st legislature seemed headed toward a new tax bill as it dragged Monday into the twentieth week of the session.

Final Senate passage of the Lamar College and soil conservation money bills was a good bet this week. Pending appropriations and money bills already approved add up to around 46 million dollars more than available revenue.

With many legislative leaders agreeing it will be impossible for conference committees to slice that much from pending bills to balance the budget, it began to appear more certain added taxation would be the answer.

A House subcommittee may report on a tax bill that has been under study for several weeks.

Gilmer-Aiken Again

Final action on the remaining Gilmer-Aiken public school bill was also in prospect. The joint House-Senate committee which has been trying to iron out the two versions of the minimum foundation measure was about ready to bring in its report.

This could touch off new heated debate in both the House and Senate, but ultimate approval of the measure was regarded as a certainty.

For this late in the session, there was a fairly heavy schedule of committee work, in addition to conference committee tasks.

Monday night at 7:30 the House Committee on Highways and Roads takes up a Senate bill involving hall, wind and tornado insurance.

The Senate has approved a bill which would permit insurance companies to write full coverage on the three. At present a \$100 deductible clause is mandatory.

Another insurance bill which would require county mutual companies to maintain a \$10,000 surplus will be heard before the House Insurance Committee Tuesday at 9 a.m. Its author is Senator William T. Moore of Bryan.

East German Reds Nominate Eisler For Council Post

BERLIN—(P)—The Russian-controlled German Peoples Congress ratified by a show of hands Monday a Sovietized constitution it wants to make the basic law for all Germany. Only one of the 2,000 delegates abstained officially. There was no debate.

The ratification came as the winding of a two-day meeting in the East Berlin Opera House. The constitution of a "German Democratic Republic" is the Soviet zone's answer to the West German Constitution recently adopted at Bonn and ratified by the 11 German states of the three Western occupation zones.

Earlier, the congress named Gerhard Eisler, Communist leader who fled the United States, to a list of 400 candidates for the Russian-approved German People's Council for Eastern Germany.

The 52-year-old German-born Communist leader is expected to reach here via Poland in a few days. Eisler was freed by a British court which refused a United States request for his extradition last week. He has not lived in Germany since the Nazi era.

MAJOR LEAGUES—

Satch Paige Hurls Tribe To 2-1 Win

Will Satchell Paige, Cleveland's legendary negro pitcher, prove another life-saver for the world champion Indians?

The ageless righthander hurled a brilliant 2-1, 11-inning victory Sunday over the Chicago White Sox.

Paige's performance almost overshadowed the zany goings-on in the National League pennant race, which Monday showed three teams

Brooklyn, New York and Boston—led for first place, with Cincinnati only one game behind. The victory of Paige, who is believed to be older than his record book age of 40, marked the first Sunday triumph of the season for Cleveland after eight losses. Chicago won the first game, 4-2.

Randy Gumpert scattered nine hits in the opener to post his fourth victory against three defeats.

Three-Way Dead Heat
The top rung in the National League reached the suffocating point as Brooklyn edged out Boston 3-2 and the New York Giants took a twin bill from the Phillies in Philadelphia, 4-2 and 3-0. All three now own identical 21-16 won and lost records.

Jackie Robinson's single off Warren Spahn with the bases loaded in the seventh drove in the tying and winning runs for Brooklyn.

Bobby Thomson was the big gun in the Giants' double-barreled triumph. He smashed a two-run homer to break up a 16-inning battle in the opener and collected two singles and a triple in the nightcap as first-time starter Hank Behrman pitched a seven-inning one-hitter for the Giants.

The Reds lost an opportunity to make it a four-way tie for first when the Chicago Cubs whipped them 10-2, after Cincinnati won the first game of their doubleheader 4-1.

Pittsburgh snapped a seven-game losing streak with a 4-2 victory over Harry Brecheen and the Cardinals in St. Louis. The defeat ended a five-game winning streak for the Redbirds.

The Philadelphia Athletics moved to within four and a half games of the American League-leading Yankees, defeating New York 3-1. The defeat snapped a six-game winning streak for the Bronx Bombers. Rookie Alex Kellner limited the Yanks to six hits for his sixth victory, half of them over New York.

Bespoke Paul Oliver pitched the Washington Senators to a 10-4 victory over the Red Sox in Boston to drop Joe McCarthy's men into third place.

Detroit swept its three-game series with St. Louis, slugging three Brownie pitchers for 14 hits and a 6-4 victory. A home run by Hot Evers with a mate aboard in the seventh broke up a 4-4 tie.

A follower of the Lubbock Hubbers writes us from Lubbock that Jim Prince is really catching on up in the West Texas-New Mexico League.

Here's what he has to say about the one-time Midland Indian slugger.

"Jim Prince was hitting 390 up through last night's game (Wednesday). He has six home runs and is leading the Hubbers in RBI's. The last few games, Jim has been unable to take batting practice due to having two ribs torn loose. Although still no Mel Patton on the base paths, he is hustling better than I have ever seen him and errors at first are a thing of the past. I don't think he has made over four or five in the first 32 games."

We are glad to hear Prince is doing so well with the Lubbock club. He can't be the best or the latest in any league, depending on his will. There's not a man in the minor leagues who has more power at the plate.

Thanks for the note, Jack Noyes, on Chris Haskins. Chris can win for the Hubbers.

Warren Sitter probably will be lost to the Indians for several days with a bad ankle. He injured it in Sunday's game with Big Spring. The peculiar thing about it, is the way the accident happened. Sitter says he just turned around in a normal move to stand on the bag and it was so soft his foot went all the way down and turned the ankle.

It was puffed up as big as his head Sunday night. Who'll play first? You tell me.

James Lynch of Savannah, Ga., chairman of the National Collegiate Athletic Association panel, calls the man, football bowl games "obnoxious," at a meeting of representatives of the Southwest, Southeastern and Southern conferences recently.

We agree with him. That's exactly the way the bowl games should be classed now that every city of over 100 population promotes one each year.

There once was a time when bowl games were something unusual. They're anything but unusual now.

Glenn Patton, the Indian hurler who pitched a one-hitter at Big Spring Saturday night, gives all the credit to the men behind him. He says, "I was lucky. The boys really played a hot game behind me. That's really what made the game so close."

HALF SLANTS... Charles Pinneil, former Andrews High athletic star, and Edgar Hawkins of Lamar are among several to be awarded double-T's in track at Texas Tech. The annual Cree Meadows Invitation Golf Tournament will be staged at Buidoso, N. M., June 9 to 12. Warren Cantrell, former Midland Country Club pro, holds the same position at Cree Meadows.

Big Joe Goodwin of Crane is leading the Texas Softball League hitters. He's clotting a big 458. Red Denham, also of Crane, is one of the leading hurlers. He has registered over 90 strikeouts. The Junior Legion baseballers are holding daily workouts at 5 p.m. Monday through Friday. Coach Joe Robertson would like to have more boys out there. They drill at Memorial Stadium practice field. Bill Gilliam, Indian hurler, has turned up with a sore arm. He may be able to go some time this week. He says his shoulder is choked up.

Joe Kirkwood checks the putting stroke of Joe, Jr. Young Kirkwood seemed on the way to an incredible record with rounds of 68-66-69 and an outgoing 34 on the final round of the \$15,000 Philadelphia Open when he took seven on the par three twelfth of the White Marsh Country Club layout. A 74 gave the new bag of tricks a 72-hole total of 276, breaking the long-standing competitive course record by four strokes, the margin by which he won.

Fast Track Points To New Record In 500-Mile Classic

INDIANAPOLIS—(AP)—Good racing weather, a pot of about \$185,000 and a top quality field added up Monday to a probable new speed record in the thirty-third annual International Sweepstakes at Indianapolis Motor Speedway.

Eleven of the 33 starters never before have competed in the 500-mile race. Seven others were starting their second grind on the two and one-half miles of brick and asphalt.

Thirty-nine persons have died at the track—21 drivers, 11 mechanics and seven spectators. Twenty-six men have won one or more "500's," and nine of them have been killed in racing accidents.

Mauri Rose, only former winner in the starting field, will be the first four-time winner if he takes the trophy. There is no legal betting on the race, but a few downtown gamblers installed the South Bend engineer as their favorite at 2 1/2 to 1.

After Rose, the choice was Bill Holland, followed by Rex Mays, Duke Nelson, Jimmy Jackson, Johnny Parsons and George Connor in that order.

Parsons, the lone freshman driver among the favorites, set a qualifying record of 132.9 miles an hour for a four-cylinder car. The only faster racer in the time trials was Nalon's \$75,000 V-8 Novi Mobile Special. It held the pole position on Nalon's qualification at 132.939 miles an hour.

Manuel Ayulo of Burbank, Calif., the slowest qualifier at 125.799 miles an hour. Twenty-two cars in last year's lineup, fastest up to then, were slower than Ayulo's speedster.

San Angelo counted five runs in the fifth frame and went on to win an easy victory over Roswell in the opener. Roswell's Bob Crues doubled to score Mel Nuendorf with the winning run in the last inning of the second game.

Ballerger came from behind with five tallies in the fifth frame to squeeze past Sweetwater.

WT-NM League—Dukes Stretch Lead As Abilene Splits Pair With Amarillo

By The Associated Press. The Albuquerque Dukes are proving to be just as important as the San Angelo team in the West Texas-New Mexico League.

The front-running Dukes are two games in front of the pack in the league, despite the fact second-place Abilene has won one more game than they have. Abilene has capped 24 victories in 23 for Albuquerque, but the Dukes have lost only nine, compared with 14 losses for Abilene.

Sunday, Albuquerque, behind the hurling of Frank Shone, swamped Amarillo 19-4. Shone, recently returned to the loop from Oakland, struck out nine and allowed only seven scattered hits.

Abilene split a twin bill with Amarillo. Abilene scored seven runs in the sixth frame of the opener to win 10-5. Amarillo tallied five runs in the first frame of the second game to win that one 9-2.

Borger climbed over the Lamesa Lobos into third place, sweeping a doubleheader from the Lobos, 5-4 and 3-4.

Lubbock came from behind with three runs in the sixth inning to down the Clovis Pioneers 6-5.

Jack Williams Is San Angelo Winner

SAN ANGELO—(AP)—A 30-foot putt won Jack Williams of Plainview the 13th annual country club golf tournament yesterday. He sank it on the 26th hole to beat Don Cherry, 1 up. Cherry signs from Odessa.

Red Crues of San Angelo won the first flight by downing Bill McIntosh 3 and 2. Doug Newton of Del Rio copped the second flight, taking out Joe O'Neill of Midland 2 and 1. Sid Langford of San Angelo won the third flight by defeating John Shepperson 2 and 1.

Indians Drop Two Tilts To Broncs; Odessa Oilers Move To Indian Park

Homers In Both Games Give Big Spring Edge

The Midland Indians and the Odessa Oilers open a two-game series in Indian Park here at 8:15 p.m. Monday. Bill Gilliam or Ralph Blair will be on the mound for Midland and probably Jim Carson for Odessa.

BIG SPRING—Three home run balls and a lot of luck gave the Big Spring Broncs a clean sweep of a double-header 6-4 and 3-2 over the Midland Indians here Sunday afternoon. The Indians led in both games but couldn't manage to quiet the bats of the Cubans. Both tilts were of seven innings duration.

The Indians scored early in the first game but they didn't score late and that was what caused their downfall. The Tribe counted two runs in the first and added two in the second, but there was an extreme shortage after that time.

Big Spring iced the tilt away with three in first on a home run by Potato Pascual with two on base and consecutive triples by Gomez and Mendez for two more in the second. They added one for insurance in the fourth. Ernie Nelson was the losing pitcher and was touched for a dozen hits.

Second Contest The second game was a thriller except for some bad umpiring by Sykes and Dorothy.

Rudy Kellee, making his first bona fide start on the mound, pitched a whale of a ball game. He allowed only five hits but two of them were homers.

The Indians gave Kellee a two-run margin with single counters in the third and fifth innings. He looked like a cinch to notch a victory.

But it happened in the sixth. Gomez was hit by a pitched ball to open the frame. He moved to second on an infield out. First Baseman Ramirez then lofted what looked like just a long fly ball to right-field. Potato Pascual stepped to the plate and clouted one over the centerfield fence to break the tie and win the ball game.

Manager Harold Webb still was out of town due to the illness of his mother-in-law in Fort Worth. He may be back for Monday night's game.

FOUR TEXAS HORSES To Run At Huidoso

RUIDOSO, N. M. (AP) Four Texas Quarterhorses have won places in the June 24 \$14,000 Huidoso Quarterhorse Futurity.

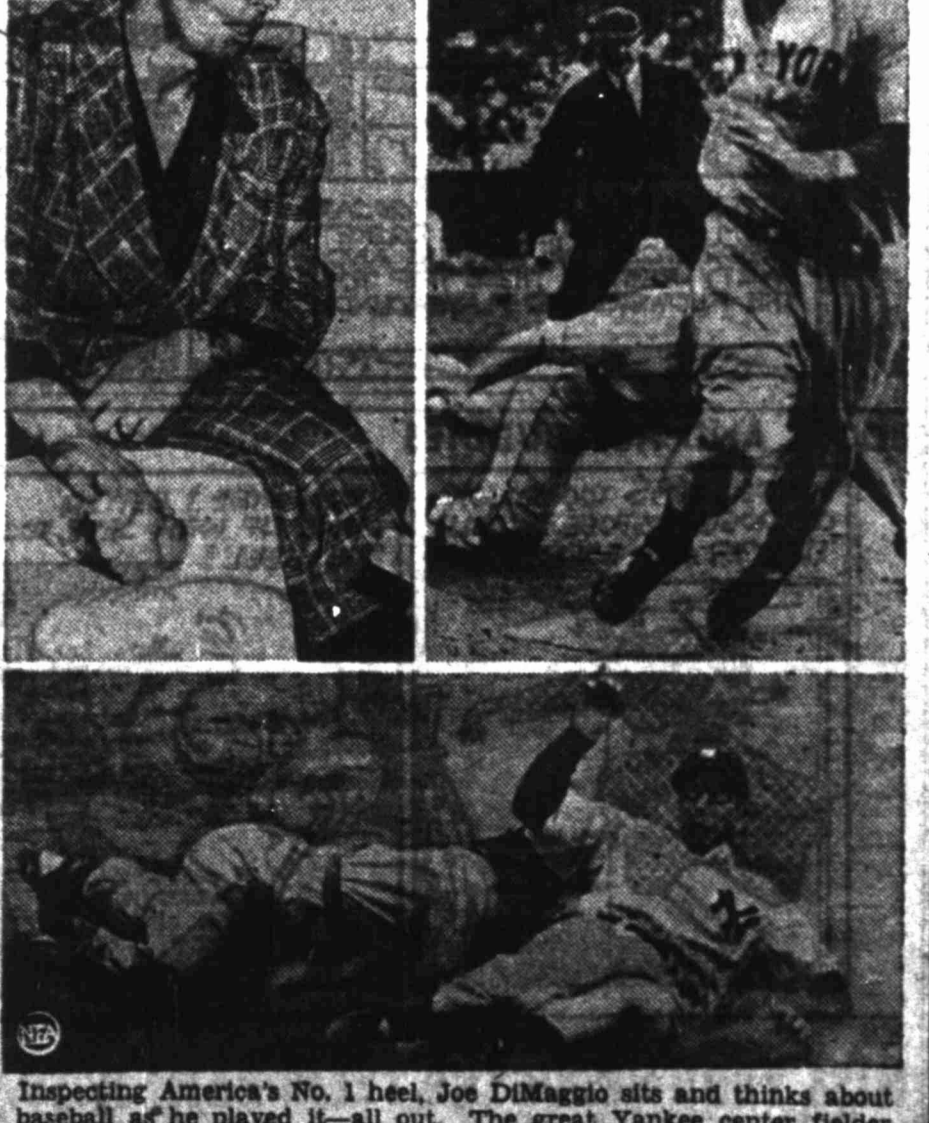

Among the eight horses chosen for the race are Battle Creek, owned by Beale Queen of Tacosca; Bo-Jet, owned by A. L. Holcom of Odessa; Gallant Man No. 1, owned in part by D. G. Daby of Amarillo, and Adam Roy, owned by Ed Bateman, Sr. of Knox City.

Probably the earliest breed was made from ground acorns and beech nuts.

Palmer closed out Henry Williams of Secane, Pa., on the 30th hole by taking the last three holes of the match. Mangrum let Ray Wade Hill's wildness off the tee bring him his triumph.

Texas League-Missions Win But Fall To Gain As Eagles Claw Tribe

By The Associated Press San Antonio's terrific struggle to gain first place in the Texas League is styled—by the team already on top.

The Missions dusted off Shreveport again Sunday 12-2. But first-place Dallas rallied to thump Oklahoma City 9-5 and keep a half-game margin.

Lowly Houston roused itself again and came through with another double victory over Beaumont—this time by scores of 4-3, 4-2.

In the other loop tilt, Fort Worth nudged Tulsa 4-3.

Procopio Herrera chalked up his fifth victory by holding Shreveport to four hits.

Home runs by Jerry Witte and Leo Wells and the neat relief pitching of old Otha Nicholas won for Dallas.

Witte got his circuit clout with two on in the second and Wells hit one over the fence in a three-run outburst in the seventh.

Nicholas gave up only one hit in facing 15 batters.

Lou Ortiz' double scored Larry Higgins for Houston's winning run in the third inning of the first game, while in the nightcap, Augie Zande's long fly scored Ortiz to break up a close ball game.

Cal Abrams' single in the fourth inning brought home the winning run for Fort Worth and gave Chris Van Cuyk his fourth victory of the season.

Fred Pike has operated the time clock at the Detroit Olympic stadium during hockey games of the Detroit Red Wings for 21 years.

Booty Goings-On Galore Enliven Games In Texas' Seven Professional Baseball Loops

By HAROLD V. RATLIFF

DALLAS (AP)—A game was called because of a shortage of baseballs. The rumor of a tornado stopped another. A couple of teams decided not to play one night but to make up the game with a double-header on Sunday.

Seven leagues operate in Texas. They're a melting pot for baseball, good and bad.

The most colorful personality is J. Walter Morris, chubby, jovial president of the Big State and East Texas Leagues. He plasters lines on

players and managers for cursing. He already has fined 10 this year for "overripe words" on the field.

Postponement of the game because of the dearth of baseballs was at Waco in the Big State League. Waco has a rather small park. You can lose more baseballs there than any other place.

Tornado Failed To Show The game called off because a tornado was reported heading its way came at Odessa in the Longhorn League. The tornado did not show.

McAllen and Brownville of the Rio Grande Valley League hatched up the Sunday double-header to get a bigger crowd.

A movement was launched to investigate Dallas of the Texas League for violating the salary limit—before the salary limit went into effect.

Andrew J. Paris, called "the bubble gum king," bought the McAllen franchise in the Rio Grande Valley League. He had to win a suit against property owners wanting to forbid erection of a park in their neighborhood. Then he sold the club. Said he didn't have time for it.

Amarillo of the West Texas-New Mexico League had its right field fence blown down by a tornado. They played the next night without a fence. It didn't matter—the ball usually went over the fence anyway.

Midlanders Honored At McMurry College

ABILENE—Two Midland youths have been elected to student offices at McMurry College, Abilene, and one has been honored by one of the school's traditional ceremonies. Audie Merrell, daughter of Mr. and Mrs. H. S. Merrell, 609 North Main Street, Midland, will serve as secretary-treasurer of the student association for the 1949-50 school session. Election to this office requires the majority vote of the entire student body. She also has been elected vice president of the Delta Beta Epsilon, social club for women. Bill Wolfe, son of Mr. and Mrs. Ed R. Wolfe, Midland, was named vice president of the McMurry Forum for the coming season. The Forum is an organization for men preparing for full-time service in the church. Leona Meissner, daughter of Mr. and Mrs. Gustav Meissner, of Route 1, Midland, was awarded first place for a paper entitled "Holmes, the Scientific Writer" by the Texas Academy of Science. The Academy awarded her a certificate. In a traditional ceremony, Miss Meissner's name and achievement will be burned on the back of an Alaskan-made totem pole, one of the symbols of McMurry. Each year the names of several outstanding events and students are burned into the totem leaving a record for later years.

Atomic Scientist Addresses TCU's Graduating Class

PORT WORTH (AP)—The largest graduating class in Texas Christian University's history was told: "After a few weeks of active peace offensive, we (Americans) already feel a false security. 'Never have we faced more serious dangers. The threats are military, economic, social, and above all, spiritual.' The speaker was Dr. Arthur H. Compton, atomic scientist and chancellor of Washington University, St. Louis. He was one of four persons to receive doctor of laws degrees at the ceremonies Sunday night. Others receiving honorary degrees were Rev. Robert F. Jones, pastor of the First Presbyterian Church, Fort Worth; President L. H. Hubbard of Texas State College for Women, Denton; and Rev. Travis White, pastor, First Christian Church, Lubbock.

Daddy Ringtail

By WESLEY DAVIS

Daddy Ringtail And Mr. Pillblotz

I've never told you about Mr. Pillblotz. He was a monkey who had made a little house that was a drug store. Dr. Shoobug, the monkey doctor, always got his medicine from Mr. Pillblotz. Besides bottles and bottles full of medicine and pills that were red and white and blue and green, Mr. Pillblotz also had chewing gum at his drug store. "Mugwump Monkey!" Bobby Ringtail said to his little friend one day, "let's go see Mr. Pillblotz. I want some chewing gum!"

Mugwump said he would like to have some chewing gum too, and so he went with Bobby first to the coconut tree for a coconut. Mr. Pillblotz would always let monkeys pay for things with coconuts when they didn't have any money. "Mr. Pillblotz!" said Bobby, when he had looked at all the wonderful bottles and medicines and pills in the store. "Don't you have any more of the gum we like?" Mr. Pillblotz shook his head. "No," he said, "I don't have any more of THAT gum. But here's another kind. It's sweet gum from the sweet gum tree. I'm sure you'll like it!"

But Mugwump didn't want any. "I don't like sweet gum!" he said. Really he didn't want it; he was unhappy not to have the kind of gum he had always had before. "Mugwump!" Mr. Pillblotz said. "Have you ever tasted sweet gum?" "I don't like sweet gum!" Bobby said. "Then how do you know you know you don't like it?" Mugwump couldn't answer that question. Certainly he couldn't know that he didn't like sweet gum, because he had never tasted any. Bobby thought this was funny, and so did Mr. Pillblotz. Mugwump thought it was funny too, when he thought about it. "Maybe I will like it," he said, and he put some in his mouth and found it better than any gum he had ever tasted before. He was glad he

had it. And wouldn't we feel sorry for anyone who THOUGHT he didn't like something good? What a lot of fun he'd miss. Tomorrow's adventure will be Daddy Ringtail and the Flying Eagle. Happy day and a happy goodbye for now." (Copyright 1949, General Features Corp.)

The San Andres-Permian lies in Southeast Sterling County.
The prospect will be Moore No. 1 C. T. Rawlings. It is 230 feet from north and 3271 feet from west lines of section 85, block 8, T. 22 S. R. 10 E.
That makes it approximately two miles southeast of the Placid Oil Company No. 1 Clark, discovery well, and lone producer from the San Andres in the Water Valley State of Northwest Tom Green County.
Shackelford Drilling Company of Odessa has the contract.

Runnels Ellenburger Test Makes Water

The Ellenburger in North-Central Runnels County has made water as George W. Strake No. 2 J. D. Smith, northwest offset to Strake, recent Gunstite sand discovery four miles northwest of Winters.
A drillstem test at 9:21-91 feet in the deep zone recovered 1,770 feet of salty sulphur water.
A Schlumberger survey was being run to local depth. Operator probably will plug back to attempt completion in the Ewasitka.
This prospect is 330 feet from south and west lines of the Smith 220-acre lease in J. Henesley survey, A-28.

Humble Gets Salt Water In Runnels

Humble Oil & Refining Company No. 1 Odum, Northwest Cole County, wildcat to 4,000 feet to explore into the Ellenburger, developed salt water, and a little gas in a drill-stem test in a lime section, which some geologists think is possibly the top of the Strawn.
The investigation was at 4,982-5,012 feet. The test was open 50 minutes. Recovery was 50 feet of gas and salt water. There were no indications of oil.
The venture drilled ahead to 5,150 feet and is now taking another drillstem test.
The project is about 10 miles southeast of Blackwell, and 785 feet from northeast and 680 feet from southeast lines of the Felix Sosa survey.

Most Midland offices were closed Monday on account of Memorial Day. For that reason very few drilling reports, or other information on petroleum activities in the Permian Basin were available.

Midland Police Nab Three For Theft

Midland police Sunday apprehended three men here who were wanted in Eunice, N. M., on charges of theft. Police Chief Ellington said the three had several hundred dollars worth of stolen goods in their possession when arrested.
They had separated upon arriving in Midland and were picked up at various places. Eunice officers took custody of the trio Sunday afternoon.

Spill-Defying Rodeo Act

The spill-defying acts of the famous and talented Hendricks Family—Byron, Lee and Ann—will be a feature of the 15th Annual World Championship Midland Rodeo, which opens a five-night engagement here Wednesday. The Hendricks twins will give performances on their twin horses, bareback and bridled, at each show in the big rodeo arena. Ann Hendricks and her dancing horse, King Richard, also are features of the act, which has won acclaim at top rodeos from coast to coast. The act comes to Midland direct from Hollywood.

being staged, and a close contest for the governorship is assured.

"Daughterly for Governor" headquarters were established Sunday in the Brandon Hotel, with Ernest Sidwell and DeWayne Davis in charge. The headquarters is a beehive of activity as the more than 30 Midland Lions here for the convention engage in last minute campaigning for their candidates. The midlanders also were boosting the annual World Championship Rodeo which opens Wednesday.

A President's and Secretary's Breakfast at 7:30 a. m. Monday was the first scheduled convention function. Herb C. Petry, Jr., of Garrison Springs, Texas, second vice president of Lions International, was the speaker. Buck Jackson of Pecos was the toastmaster.

The initial business session was called to order at 9:30 a. m. by President Paul D. Dowling of the Pecos Lions Club. The Rev. Clyde Lindsley, president of the Midland Lions Club, gave the invocation.

Gov. Schley Pile of Big Spring was in charge of the session. S. A. Dodge of Detroit, Mich., a director of Lions International, was the principal speaker on the morning program.

The Midland Lions Club sponsored a model luncheon at noon, with Duke Jimerson in charge of arrangements. The Midland Band furnished the entertainment, and district, state and international officers were presented.

The afternoon business session was to convene at 2 p. m., with the new district governor to be introduced at the Governor's Banquet in the Community Hall at 7:30 p. m. A dance will follow the banquet in the Pecos Valley Country Club.
Daughterly bodasters expressed confidence at noon the Midland man will be named governor, but they admitted the balloting may be exceedingly close. Supporters of the Kermit candidate are working hard and they are far from depressed in spirit.

Flash Flood Maroons State Park Visitors

By The Associated Press
Most of Texas' Memorial Day picnickers had cooperative weather Monday—but not those in Palo Duro Canyon south of Amarillo.

Between 50 and 75 automobiles were marooned in the newly-opened park after heavy rains in the Hereford area hit the canyon.

Most of the auto occupants stayed through the night, waiting for the water to subside. A tractor was being used to pull stranded automobiles out of the canyon Monday. "We built camp fires, sang songs and made out pretty well," said one of the first to be brought out of the park. He was L. T. Hall of Amarillo, who was stranded all night with his wife and infant child.
Food for the stranded motorists was brought to them by horseback. Otherwise, rainfall over the state was light. The Weather Bureau said rain for the 24 hours ended at 6:30 a. m. included Dallas 0.58 inch, Waco 1.3, Lubbock 0.6, Tyler 1.3 and Texarkana 0.8. Sunday's high temperature was 103 at Presidio, Monday's low 58 at Lubbock.

At mid-morning skies were generally clear to partly cloudy. However, thunderstorm activity was expected to resume Monday night in scattered areas.

Crop Prospects Worry Wheat Country; Bins Still Choked

By EDWARD H. HOFFMAN
NEA Staff Correspondent
KANSAS CITY, Kan.—(NEA)—

American wheat crop is putting furrows in the brows of grain growers and storage and transportation men as a possible new record harvest looms on the flat horizons of the Great Plains states.
Last year 260,000,000 bushel gleaming threatened stragulation of the 1949 crop. Filled bins in terminal centers and the ever-present problem of not enough boxcars may cause millions of bushels of new wheat to spill over on the ground.
The conservative Department of Agriculture forecasts this year's yield at 1,311,000,000 bushels, second only to 1947's record of 1,637,000,000. Grainmen, who have worked out some sort of scale to figure the USDA's annual understatements, say that growing conditions so far point toward the possibility of a new quantity crop take. Quality of the yield is a hot subject here.

Kansas, the nation's wheat growing champion, is so concerned over the situation that Gov. Frank Carlson summoned 100 storage, transportation and crop experts to meet with him. Carlson has termed grain storage one of the Wheat State's biggest problems.

Prospects of a 245,000,000 bushel yield this year in the state brought few cheers from the group, although the estimate is termed ultra-conservative. Kansas has a storage capacity of 460,000,000 bushels. It is estimated that about 80 per cent of the storage facilities are four-fifths filled with grain from last year's harvest.

Reports show that about 95,000 bushels of wheat are being held in terminals in Kansas and on farms under crop loans from the Commodity Credit Corporation. Ten million bushels more reportedly are held under purchase agreement to the CCO.
Joy Carlson estimated that it would take 100 freight trains averaging 100 cars each to clear elevators in the state for this year's crop. On May 1, the CCO began moving from Kansas some of the Government's stored grain. Gov. About 11,600 more boxcars will be available this year in the south-west than in 1948. In all, around 131,000 cars will be ready to move grain during the harvest season. R. E. Clark of the Association of American Railroads says that roads "will be in a positive position to handle the crop."

Body Of Negro Man, Taken From Georgia Jail, Found Monday

IRWINGTON, GA.—(AP)—A young negro accused of shooting at a white man was taken from jail by a mob here Sunday night. His body was found Monday at nearby Sandy Creek.

First reports did not disclose the cause of death. The negro had been arrested after Sheriff George Hatcher charged he was fired upon at a juke joint where he had gone to quiet disturbance.
The negro was Chapp Hill, 38. Word of his death was received by the sheriff's wife in a telephone call from Sandy Springs.
Mrs. Hatcher said a group of white men drove up to the jail Sunday night and she heard shouting and demands that the negro. They took him away. The sheriff had gone back to the juke joint to get his pistol, which he had lost in the earlier melee with Hill.

What With The Jungle So Far

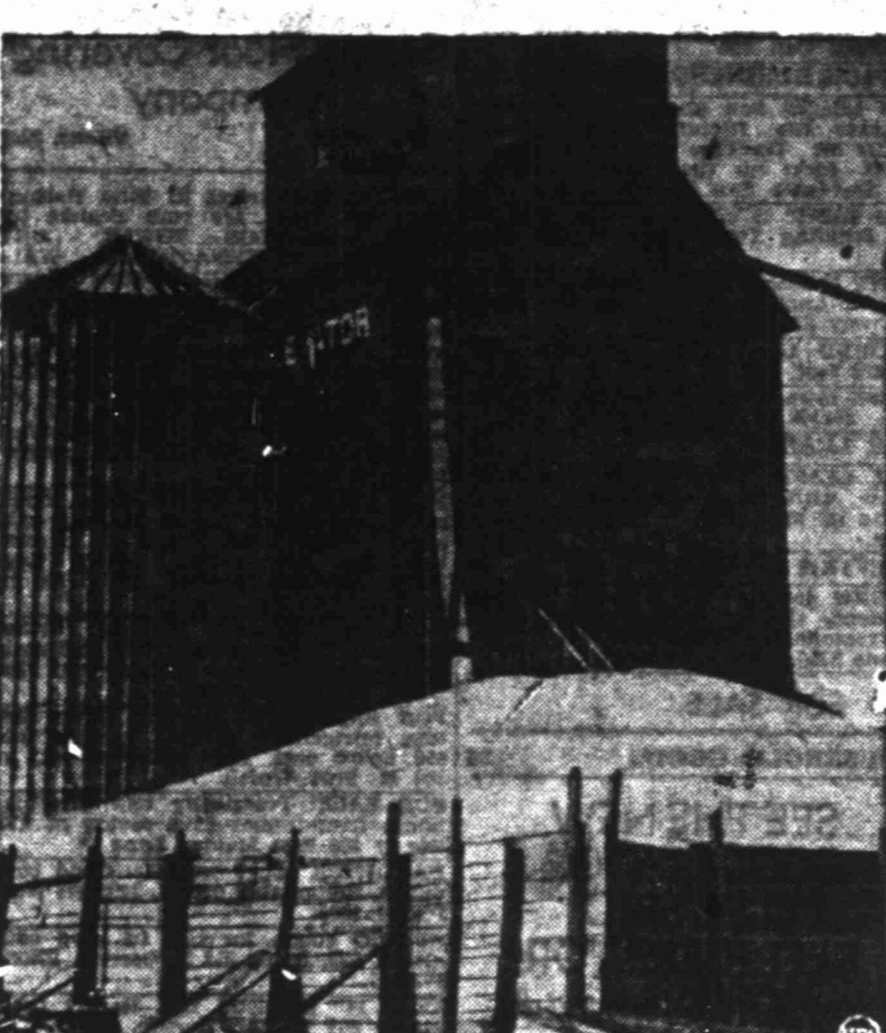

West Texas is a long way from any jungle, but a monkey was treated at Western Clinic-Hospital Sunday for a monkey bite.
Mrs. Irene Goldberg, Sweetwater, was the person receiving the bite—and the treatment, and John Murray, a veterinarian, reported the imprint of the monkey's teeth still was evident when she was brought in for treatment.
The report also explains that she was playing with a baby monkey when the mother became enraged, biting Mrs. Goldberg.
It might be added, to satisfy your curiosity, however, the monkey is owned by a traveling show.

Crop Prospects Worry Wheat Country; Bins Still Choked

Bumper wheat crop of 1948 overflowed these Great Plains bins and left so much still in storage that a new big crop this year may spill millions of bushels over on the ground.

Government to move its stored wheat out as soon as possible, but New Orleans, one of the chief Oul grain ports, is under a wheat shipment embargo because it cannot handle what is already on hand.

The USDA has reported some 576,000,000 bushels in storage as of April 1. Only stocks at merchant mills were smaller than usual on that date; piles at terminals, interior mills, elevators and warehouses were all larger than usual.

Congress is considering a bill giving the CCO authority to acquire a system of farm crop storage facilities across the nation. It provides also for bartering of U. S. wheat and other surplus farm products for strategic materials from foreign nations. The bill demands that new facilities may be bought or built only where privately-owned facilities are inadequate.

Studies Wheat Pact
Congress is also studying a world wheat pact, which would guarantee this country a foreign market for 168,000,000 bushels of wheat annually for the next four years. As most western European nations will need larger imports from the U. S., Canada and Argentina because of drought, the pact may be a partial answer to the storage problem here.

Grainmen in the Wheat Belt feel that nothing short of a miracle can have this year's crop from spilling over onto the ground. The horn of plenty is so stuffed with wheat that it can't be blown.

Committee Report Adjusts Differences In Final G-A Bill To Aid Thinly-Settled Areas

AUSTIN.—(AP)—A conference committee report on the minimum foundation school program, last of the three Glimmer-Alkin bills, proposes greater school bus aid for the most sparsely settled areas of Texas.

Changes in provisions for transportation aid were the major revisions made in the attempted compromise between Senate and House versions. Senator James E. Taylor of Kerens said Monday.

Copies of conference report Monday were handed to representatives and senators for their study before a vote on the compromise proposal called for Tuesday.
The revised school bus aid schedule would give schools money on the following basis: \$31.50 per public school pupil for nine months transportation generally; \$45 per student in all school districts in counties which have an average of two or more, but less than three students per square mile; \$49.50 per student in counties which have one or more, but less than two,

pupils per square mile; and \$63 per scholastic in counties which have less than one student per square mile.
"The big benefit of this revision goes to the most sparsely settled areas," said Taylor, adding that he saw no reason why House and Senate should not approve the change.

Economy Index Factor
The House figures had ranged from \$38 to \$64, and the Senate's original figures from \$31.50 to \$64 per student. This indicates the compromise measure probably will call for a smaller total expenditure than House members have suggested.
The economic index by which school districts will determine how much money they must contribute locally was worked out for each of the state's counties. It is designed to make each district pay its fair local share of the cost of education in proportion to what all other districts pay.

The index will apply for the next two school years, Taylor said. It is based on assessed valuation of the county; scholastic population of the county; and income of the county as measured by value added by manufacture, minerals produced, agricultural products, and payrolls for retail, wholesale, and service establishments. Each of these factors is assigned a relative weight according to its importance, with county income considered the most important.
If a district cannot raise its difference from a special minimum foundation fund.
The re-worked bill calls for administration of its provisions by the state auditor until a board of education is elected and a commissioner of education is appointed under terms of the Glimmer-Alkin reorganization bill.

The first American "mint" was the glass factory founded at Jamestown, Virginia, about 1621 to make the handmade glass beads essential to trade with the Indians. This "mint" was destroyed in the Indian massacre of 1622.

Reds Given Hint Of More U. S. Trade If They Change Tactics

TORONTO.—(AP)—A U. S. Cabinet officer gave Russia and its satellites a broad hint Monday they can get a chance to buy more of the U. S. goods they want—by changing their ways.

Secretary of Commerce Sawyer said "no rigid formula" governs the 15-month-old policy of denying U. S. industrial goods as well as outright military materials to the Soviet bloc, and "the procedure is still flexible."
Admitting frankly that "We are utilizing export control to implement our foreign policy," the U. S. official added:

"It is clear that so far as possible we should, and we wish to, permit the free flow of trade between all parts of Europe and the United States. x x x Would Benefit Both"

"Improvement in the relations between Eastern and Western Europe takes place, we can look for a larger volume of trade to the benefit of both the East and the West."
This clue on how the Soviet can win an easing of the currently tight "ban" against her buying here—the first indication the U. S. would let up on conditions—was tossed off while foreign affairs chiefs tested the temperature of the cold war at a meeting in Paris.

Sawyer inserted it in a speech prepared for the opening of the sixtieth Canadian International Trade Fair. The speech dealt largely with U. S. support of efforts to bring about an expansion of world trade, largely through removal of trade restrictions.

Nations—

departments spoke similarly in their Memorial Day statements.

Gordon Gray, acting secretary of the Army, said that while remembering the sacrifices of those who died for the ideals of America, "we must do everything in our power to further those ideals."
For the Navy, Secretary Francis Matthews said: "We have no higher duty today in memory of the dead of our wars x x x than to pledge ourselves anew to keep the Navy as always a worthy member with the Army and Air Force of the unified defense team which helps to guarantee our security and the peace of the world."

Speaks For Disabled
Secretary for Air Symington expressed the Air Force's tribute to those who died, and said honor goes to those who returned to work in peace as in war "to preserve our American heritage."

Gen. Omar Bradley, Army chief of staff, put in a special word of remembrance for those who returned "only to spend long months in veterans' hospitals."
For official Washington, and for the thousands of visitors here for the day, the highlight was the traditional laying of a wreath at the tomb of the unknown soldier in Arlington National Cemetery (9:30 a. m. CST).

Reorganization Talk Sets Presbyterians Behind Meet Schedule

MONTREAL, N. C.—(AP)—The General Assembly of the Presbyterian Church in the U. S. Monday faced the uncrumbling of a docket cluttered with unfinished business after two days of debate on reorganization.

As a result of that debate the assembly agreed to abolish five of the church's 30 agencies and committees and to regroup 10 others. The assembly set up a general council and reduced the number of agencies reporting to the legislative body to six.
Because the prolonged debate, the regularly scheduled work of the assembly was shunted aside.
In addition to committee and agency reports, the assembly has yet to consider about 80 bills and resolutions.

Wreckage Of Plane Sighted Near Denton

DENTON.—(AP)—The wreckage of a light plane which was caught in a thunder and lightning storm Sunday was found Monday two and one-half miles southwest of the Denton Municipal Airport.
It was sighted from the air by a Civil Air Patrol search plane about noon. Ground parties immediately set out for the site.
The CAP pilot—L. J. R. Odom, Jr., of Dallas—did not report seeing life in the wreckage. He said the plane was completely demolished.

CAP officials said L. W. Ritter, 30, Ardmore, Okla., was piloting the single engine Cessna and that James Reese, about 27, Gainesville, Texas, was a passenger.

Banquet To Honor Grand Commander Of Knights Templar

A banquet honoring R. B. (Bum) Cowden of Midland, grand commander of the Grand Commandery of Texas, Knights Templar, will be held at 8 p. m. Monday in the Crystal Ballroom of Hotel Scharbauer. The banquet will follow a meeting in the Masonic Hall at 6:30 p. m. to receive the grand officers. The Rev. Howard Howell, grand prelate of the Grand Commandery, also will be honored at the banquet. He is pastor of Midland's First Methodist Church. More than 100 Knights Templar and their ladies are expected to attend the banquet. Addresses will be made by M. C. Ummer, Midland banker and civic leader, and by Grand Commandery officers in attendance. The banquet was arranged by members of Midland's Knight Templar organization. The term "apothecary" is used in the United States, Scotland and Europe to mean druggist, but it is used in England to mean physician.

Third Negro Gets Death Sentence In Guam Rape-Slaying

GUAM (AP)—Sgt. Robert W. Burns, 32, Spokane, Wash., Monday was convicted in the rape-slaying of Ruth Farnsworth and was sentenced to death. Burns was the third of three negro soldiers sentenced to die in the young San Francisco woman's killing last December 11. The trial was in closed session before an Air Force court martial. The sentence is subject to review, as are those of the other two negroes tried previously—Pvt. Calvin Dennis of Frederick, Md., and his half-brother, Herman D. Dennis, Jr., Calvert and Seguin, Texas. Miss Farnsworth was dragged from the Jade shop in which she worked, beaten, raped and left to die in the jungle.

PIONEER SOUTHWESTERN NEWSPAPERMAN DIES

PORTALES, N. M. (AP)—A pioneer Southwest newspaperman, John Gordon Greaves, 69, died here Sunday of a heart ailment. Greaves began his newspaper career at Collinsville, Texas. He formerly was associated with newspapers at Amarillo and Center, Texas, Denver, Colo., and Portales, N. M.

Water delivered to the city of Rome by the great system of aqueducts in the First Century A. D. has been estimated at about 92,000,000 gallons a day.

Memorial Day Recalls Sad Tragedy Of U. S. Civil War

By HAL BOYLE
NEW YORK (AP)—The earth is a tomb of dead armies. And very soon indeed it will swallow the last survivors of the American Civil War. On this Memorial Day, 84 years after Lee offered his sword in surrender to Grant at Appomattox, only a handful are left. Just how many no one knows. Each month or so one here, another there, goes to join his spectral comrades in blue and gray.

It isn't particularly a tribute to Southern hardihood that there are more Confederate veterans alive. The South, drained of manpower, had to take its soldiers younger, including boy volunteers of ten. It will be a tremendous event in American history when the last of these grizzled veterans passes, and the grisly Civil War enters into legend. The earth then will hold in silence all of the 3,000,000 or more men who fought in the famous war of brother against brother. First Billion-Dollar War

14 Or More Texans Lose Lives Early In Holiday Weekend

By The Associated Press
At least fourteen persons died violently in Texas during the first two days of the long Memorial Day weekend. By midnight Sunday night seven had been killed in traffic accidents. Four drowned and three others were fatally injured in various manners. Don Fritz, 29, former Plainview manager for Pioneer Airlines, was killed early Sunday on a crop-dusting flight near the Plainview city limits. His plane crashed and burned.

Sgt. William T. Rogers, about 27, lost his life in the crash of a private plane Saturday night near McGregor.

Alberto B. Martinez, 25, and Nemesio Lucero, 27, both of El Paso, were killed when an auto overturned Saturday near Fabens.

Janelle Tuck, 15, honor student at Bellview High School, drowned near Vashti, 14 miles southwest of Bowie, Saturday.

Killed By Garage Door
The same night at Fort Worth, three-year-old Judy LeVerne Kelian was injured fatally when an overhead garage door fell on her as she played in the garage driveway at her home.

Robert Wynn Blanton, 23, son of the general manager of the Houston Chamber of Commerce, drowned at Galveston. John W. Holmes, 80, was killed in a traffic accident near there.

John Manak's body was found ten miles east of Temple, apparently the victim of a hit and run driver. Montezuma Ortiz, 23, of Uvalde, drowned at Abilene.

Willie B. Barefield, five, of Sterling City was killed in a traffic accident near San Angelo.

Quince C. Williams, a truck driver, was hit by a car at Amarillo early Sunday and killed.

Jack Jones, 40, Houston, was killed when his car and a train collided Sunday night at a Houston crossing.

Van Manning Lundie Rites Are Conducted

Funeral services for Van Manning Lundie, 66, were held at 3:30 p. m. Sunday in the Ellis Chapel, with the Rev. Lennox J. Hester, pastor of Asbury Methodist Church, officiating.

Interment was in Resthaven Memorial Park. Lundie was a resident of West Texas 47 years and at one time was engaged in the trucking business here. He died of a heart ailment last Thursday.

Survivors include the widow, three daughters, three sons, two sisters and a brother.
