Clear Fork Flows
In Dollarhide Strike

Discovery for Clear Fork-Permian production has been proven for Clines Service Company No. 1-B Corden, north outpost to the Dollarhide field of Southwest Andrews County.

The prospector drilled to 8,792 feet and plugged back to 8,880 feet to make tests of the Fusselman-Silurian which failed to produce in commercial quantities.

The Devonian then was tested through perforations at 7,755-7,800 feet. The well flowed 380 barrels of oil per day from that section, showing an extension to the Dollarhide pool in that pay.

Operator then perforated in the Clear Fork at 6,546-6,650 feet, which had indicated production on drillstem tests. The formation was acidized with 5,000 gallons.

The project kicked off and flowed 206 barrels of oil in 12 hours through a 19/32-inch choke. Gas-oil ratio was 975-1.

The well was shut in for storage while waiting for a Railroad Commission permit to dually complete in the Devonian and Clear Fork.

It is about three miles from the nearest Clear Fork production. Location is 680 feet from south and east lines of the southwest quarter of section 14, block A-52, psi survey.

Surveys Underway
In Borden Discovery

Sinclair Oil & Gas Company No. 1 Williams, Northwest Borden County discovery from the sections between 9,930 feet and approximately 10,000 feet, is making various sorts of electric surveys to the bottom at 10,035 feet.

After completion and checking the surveys it is expected that operator will set casing and make production tests and finish the wildcat as a new field opener.

Located 11 miles northwest of Gail and 660 feet from north and east lines of section 45, block 32, EL&RR survey, T-6-N, this prospector showed oil in commercial quantities in the section at 9,830-10,000 feet, which most geologists think is in the Mississippian.

The interval from 10,000 feet to 10,035 feet made only salt water on a drillstem test.

Some geologists, who have checked the drilling samples from this wildcat all the way to the total depth at 10,035 feet, are now of the opinion that the Ellenburger was entered at 10,000 feet.

There is no official verification for that call which has been made during the last 24 hours.

Andrews Discovery
Flows In Fusselman

Magnolia Petroleum Company No. 18-B Corden, Southwest Andrews County wildcat, two miles east and slightly south of the Ellenburger field, and 680 feet from north and east lines of section 12, block A-55, psi survey, flowed 227 barrels of new oil, 84 barrels of drilling mud and 30 barrels of acid water during the latest 24 hour period of testing.

The production is coming from perforated section at 11,000-028 feet in the upper zone of the Fusselman-Silurian, which had been treated with a total of 19,000 gallons of acid.

A lower section of the Fusselman had shown for a small flowing production in previous testing. The Devonian also indicated good production on drillstem tests before casing was run.

It is probable that operator will shortly start production tests in the Devonian, and after the petroleum yielding ability of that formation is determined, a new discovery well likely will be finished as a dual completion.

Manning Gets Clean
Oil In Runnels Sand

Fred M. Manning, Inc., No. 1 McNay, Northwest Runnels County wildcat, three and one half miles northwest of Wingate, and 3,925 feet from northwest line and 2,582 feet from southwest line of section 28S, J. Jeffries survey, is reported by unofficial sources to have shown some free oil in a drillstem test at 5,254-80 feet in a Pennsylvanian sand section.

The tool was open one hour. Gas showed a flow surface in seven minutes. The volume was not gauged or estimated.

Recovery was 40 feet of oil and gas cut drilling mud, 30 feet of mud cut oil, and 650 feet of free oil. Open flowing bottom hole pressure was 1,750 pounds, and shut in bottom hole pressure was 2,225 pounds. The venture was due to make more hole.

Salt Water Made
In Runnels Sand

Humble Oil & Refining Company No. 1 Odum, slanted 8,000 foot wildcat to try to find and test the Ellenburger in extreme Northwest Runnels County, about 10 miles southeast of Blackwell, was making hole under 5,385 feet in Pennsylvanian lime and shale.

This prospector, located 785 feet from northeast line and 680 feet from southwest line of the Felix Sosa survey, developed considerable indications of oil in commercial amounts from the Strawn lime in a zone of about 100 feet above 5,230 feet.

Some free oil had been recovered in that section in the latest investigation. (Continued On Page Nine)

47 Believed Dead In Plane Crash

Filibuster Halts
Senate Action On
Rent Decontrols

AUSTIN—(P)—A 45-minute filibuster by Senator Jimmy Phillips of Angelton Tuesday temporarily blocked Senate action on rent decontrol in Texas.

The Senate voted 11-8 to recess until 10 a. m. Wednesday after Phillips launched his floor fight against the measure. Phillips will have the floor when the Senate takes it up Wednesday.

The vote to recess came after Kyle Vick of Waco, Senate sponsor of the bill, had left the Senate Chamber momentarily to have his picture made.

Phillips took the floor at 10:20 a. m. for what he already had announced would be a filibuster.

Thirty minutes later his voice had already become hoarse. He recently suffered a case of the mumps and had returned to Senate work about two weeks ago.

The recess cut off speculation that his voice couldn't last until noon.

Charges Dallas Landlord Phillips charged that one Dallas landlord had already given his tenants notice that as soon as rent controls were removed he wanted with their next rent payments an extra \$40 a month for the last 10 months plus a 100 per cent increase in their rents.

He said passage of the bill would open the door to similar incidents throughout the state.

The House adjourned until 9 a. m. Wednesday less than 13 minutes after meeting. Rep. Jimmy Horan charged the action was taken as a means of delaying and killing his \$400,000,000 veterans bonus bill which was due to be considered.

The on-the-surface reason for House adjournment was lack of a quorum needed to do business. It takes 100 members to provide a quorum. The vote on adjournment was 40-33.

This is the second week in a row they have done this since they tried to beat the veterans bonus bill, Horan said angrily.

Labor Leaders Hurl
Charges As Senate
Debates T-H Repeal

WASHINGTON—(P)—CIO President Philip Murray Tuesday accused John L. Lewis of "rumor mongering" and "lack of responsibility."

He made the accusation in denial of a statement by the United Mine Workers' leader Monday. At that time Lewis said he had heard Murray had agreed to a "pusillanimous compromise" on Taft-Hartley Labor Law repeal.

Lewis, in a message to all senators, said he had heard reports Murray and AFL President William Green had agreed to "four oppressive amendments" for inclusion in a new law.

Referring to Lewis as a "rule-or-ruin" union official, Murray said the mine workers' leader's statement contained "false and malicious libels" concerning him and Green.

The foreign ministers of the United States, Britain, France and the Soviet Union met at the Pink Marble Palace at 3:35 p. m. (8:35 a. m., CST). Before the meeting the three Western ministers mapped their strategy.

For the first time since Thursday the Big Four meeting was to be an open one. This meant a full account of the discussion was to be given correspondents after the meeting breaks up.

Big Four Meet In
Berlin Showdown

PARIS—(P)—The Big Four foreign ministers met Tuesday for what may be the showdown on the Berlin issue.

The foreign ministers of the United States, Britain, France and the Soviet Union met at the Pink Marble Palace at 3:35 p. m. (8:35 a. m., CST). Before the meeting the three Western ministers mapped their strategy.

For the first time since Thursday the Big Four meeting was to be an open one. This meant a full account of the discussion was to be given correspondents after the meeting breaks up.

Damage Suit Against
City Continues In
70th District Court

Questioning of witnesses continued Tuesday morning in the civil damage suit against the City of Midland which is being heard in the 70th District Court. Presiding is Judge Paul Moss.

Plaintiffs in the case are H. H. Hamlin, Susan Hamlin and Tony Hamlin.

Damages are being sought by the plaintiffs on the grounds that a DDT spray crew employed by the city allegedly was responsible for an explosion which damaged their house.

Texan Wins Honor

Joe T. Cook, editor of the Mission, Texas Times, a prize-winning weekly newspaper, has been elected president of the National Editorial Association. The association is holding its annual convention in Salt Lake City.

Midlander Is Held
In Odessa Safe Job

Police Chief Jack Ellington Tuesday said an ex-convict from Midland had been arrested by Odessa police in connection with the burglary of the A. J. Burks real estate office in Odessa about 10 days ago.

A safe taken in the burglary was recovered by officers here soon after the incident. The suspect evaded them when the officers gave chase.

Ellington said, according to Odessa officers, the Midlander admitted the burglary. He also admitted burglarizing the Lettwich McKnight Tire Company store in Odessa, according to officers.

When Midland officers jumped a man who was towing a safe behind his automobile here early on the morning of May 28, he was driving a grey automobile. The car, found to be stolen also, had been painted black when he was arrested in Odessa. Officers said it apparently was a new paint job.

The safe being towed in a makeshift trailer behind the automobile was thrown off when the driver turned a corner on West Wall.

Chief Ellington said the Midlander will be questioned concerning burglaries committed here during the last month.

He reportedly is on parole from the state penitentiary at Huntsville, where he was sent from Lubbock County in a burglary charge. He now is being held in the Ector County jail.

26 Brazilians Die
In Airplane Crash

RIO DE JANEIRO, BRAZIL—(P)—Reports from Florianopolis said 26 persons were killed Monday when a Brazilian Army transport plane crashed into a mountain slope after taking off.

The Air Ministry here said wreckage of the plane, a C-47, was located near Cambirelas peak and rescue parties were rushed to the scene.

The plane was on normal transport service, carrying both Army personnel and civilians between Rio de Janeiro and the State of Rio Grande do Sul, Florianopolis, a coast city, is 480 miles southwest of Rio de Janeiro.

All aboard the plane were Brazilians. Two of the passengers were children and three were women.

This Was An Automobile

The tangled wreckage of an automobile which was involved in a highway crash with a pickup type truck and in which crash two persons were killed is shown. Investigating officers, who are shown by the wrecked automobile, say the crash was one of the worst they had ever seen. The accident occurred on the Andrews Highway northwest of Midland last Friday. Two were killed and two injured.

Fugitive
Gunmen
Captured

WASHINGTON, KAN.—(P)—Two of three Minnesota gunmen, wanted for killing a policeman, kidnaping and robbery, were captured near here early Tuesday after their car crashed into a washed-out carport.

The pair was captured after one of them had limped a quarter of a mile to a farm house for help when he, a companion gunman and a man believed to be a hitchhiker, were hurt seriously in the wreck.

Sheriff Bill Smith said one of the gunmen identified himself as Allen G. Hartman, 20, and told him his companion's name was Bistrom. Hartman said he did not know the name of the third man.

At Marysville, where the three were taken, Sheriff Kale Thompson identified the other gunman as Carl Bistrom, 27-year-old former convict. The third man was identified through a Nebraska driver's license as Bill J. Beatty, 21, of Tekamah, Neb., who is believed to be a hitchhiker who had been picked up by the gunmen in their wild flight.

Since Saturday the pair had been sought since Saturday in the killing of a Minneapolis suburban police officer and the kidnaping of a Mandan, N. D., police officer who sought to question them. Subsequently they kidnaped five other persons but released them too.

Smith said two of the three men were injured seriously and one might not live.

Arthur Bistrom, 37, brother of Carl, gave himself up to Cumming County Sheriff Charles Sass Monday night.

Doctor, Texas Child
Feared Drowned On
School Boating Trip

BALBOA, CALIF.—(P)—Two persons were feared drowned and 14 others, mostly children, were rescued from choppy seas in the tragic end of a grammar school boating trip to Catalina Island.

Survivors arrived early Tuesday at this yachting harbor to tell a horror-filled tale of an accident that swept the 16 off the decks of the fishing boat Otay Monday as it was headed here from Catalina.

Some 23 children and their escorts were aboard the craft. Ages of the children ranged from four to 16 years.

The Coast Guard gave this account: The 50-foot power cruiser started to list when its gas tanks drained unevenly. As it listed, southeast ground swells in the choppy channel smacked it and loosened a live bait tank. The tank fell off and in doing so jolted the ship so suddenly it almost capsized. The jolt swept overboard the 16 on deck.

Clings To Life Rafts Some of them were able to climb back on as the helmsman righted the ship with a sudden turn of the wheel.

The others clung to life rafts. Another fishing boat, the Skipper, was nearby and attracted by flashlight signals, sped to the rescue. Some of the survivors were in the water more than an hour.

However, the Coast Guard said Dr. Victor Mann, an optometrist, of Fullerton, and Geraldine Clark, 12, Houston, Texas, a student at Valencia Junior Academy, Fullerton, were missing. The cruise was in honor of the eighth grade graduates of the Seventh Day Adventist academy.

Drive For Enlisted
Reserves Underway
In Midland Vicinity

An intensive campaign for Enlisted Reserves in Midland and vicinity was launched Tuesday and will continue throughout the week, Army officials announced.

Lt. Col. John M. Hilsner, ERC recruiting officer for the Texas Military District, Austin, is in Midland to assist Col. R. R. Loudon, senior ERC instructor, in conducting the drive.

An important meeting of all veterans and ERC members will be held at 7:30 p. m. Thursday at the recruiting station. Colonel Hilsner will be on hand to explain the benefits of the new Reserve Program. Veterans attending are asked to bring their discharge certificates.

Found Shot

Robert E. Benjamin, 33, ex-cavalry lieutenant from Crystal Lake, Ill., was found shot to death in a Galveston hotel. Police found Mrs. Martha Pfeiffer, also of Crystal Lake, with the slain man. Mrs. Pfeiffer, police said, told of how her love affair ended when Benjamin shot himself in fit of despondency.

Max Omo, Long-Time
West Texas Citizen,
Dies At Crane Home

CRANE—Max Omo, 61, long-time Crane resident, died suddenly of a heart ailment at 6 a. m. Tuesday at his home here. He had returned Monday evening from Topeka, Kan., where he attended funeral services for his mother.

He was born Feb. 29, 1888, in Harris County, Texas, and moved with his parents as an infant to Topeka, Kan. He was married to Miss Marie Amel in Chicago in 1906, the couple moving to Crane early in 1927, the year Crane County was organized. Omo had resided here since that time and was well-known throughout this section.

Prior to World War II, he developed a stock salt project at Salt Lake near here. He had been engaged in electrical repair work in the several years.

Funeral services will be held at 4 p. m. Friday in the First Baptist Church, with the Rev. H. D. Christian, pastor, officiating. Interment will be in the Crane Cemetery.

Survivors include the widow, a daughter, Mrs. Maxine Jones of Midland; and three sons, Amel, a student at North Texas Agricultural College, Arlington, and Ray and George Omo, both of Crane.

Southern Operators
Demand Changes In
New Coal Contracts

BLUEFIELD, W. VA.—(P)—Southern coal operators Tuesday demanded that John L. Lewis drop two of his biggest strike weapons in the next contract.

The mine owners asked that the United Mine Workers rip from the contract after June 30 the clauses which he has used in every strike since World War II.

They are the provisions that miners shall work only when "able and willing" and that mines may be shut down for memorials to miners killed in accidents.

The strike-curling proposals were among four major changes in the present agreement which the operators tossed on the bargaining table Tuesday.

The mine chief was in Washington but he was expected to direct whatever response is made.

The Southern operators, headed by Joseph E. Moody, made the toughest demands on Lewis in recent years. And they were contained in a strongly worded statement read and discussed by the bargainers. The miners withheld immediate comment.

Jet Pilot Killed
In California Crash

HAMILTON FIELD, CALIF.—(P)—A jet plane pilot from the U. S. Air Force Base at Williams, Ariz., was killed early Tuesday in a spectacular crash four miles northeast of here.

The plane apparently scraped the top of a low hill, about three miles from the take-off point and plowed through a 125-foot chicken house on the Ernest Villadsen farm.

The chicken house exploded in a "put" Powell Villadsen and his wife, Thelma, said. It burned to the ground, destroying some 2,000 chickens.

★ LATE NEWS FLASHES ★

WASHINGTON—(AP)—President Truman Tuesday picked Gordon Gray to be secretary of the Army. Gray, the under-secretary, has been acting as head of the Army Department since the resignation of Kenneth C. Royall last month.

WASHINGTON—(AP)—Secretary of Defense Johnson said Tuesday, in a letter to Chairman McMahon (D-Conn) of the Senate-House Atomic Committee, the military establishment does not want control of atomic energy developments.

NEW YORK—(AP)—Two guards of the Wells Fargo Express Company were robbed of \$19,000 in payroll funds by two armed men Tuesday on the Columbia University campus.

WASHINGTON—(AP)—President Truman asked Congress Tuesday for \$150,000,000 to continue economic aid to the Republic of Korea in the year beginning July 1.

28 Survivors
Are Reported
Of 75 Aboard

SAN JUAN, PUERTO RICO—(P)—A plane jammed with Puerto Rican men, women and children bound for the United States crashed in the Atlantic early Tuesday, and 47 persons are missing and feared dead.

Officials said 75 persons, including a crew of five Americans, were aboard the two-motored C-46 plane. The U. S. Coast Guard reported 28 known survivors.

Nineteen of the passengers were small children or infants, and 19 were women. One American crewman, Al Cockrell of Pittsfield, Mass., is reported missing and feared dead.

The plane left San Juan just a few minutes after midnight and two minutes later radioed back requesting permission to make an emergency landing. Then nothing more was heard from it. Officials said apparently it had trouble gaining altitude because of an adverse wind.

The Coast Guard announcement said 28 of those aboard had been rescued six hours after the crash. The bodies of two adults and a child were recovered.

The agent said all the passengers were Puerto Ricans. The two-engined plane, a C-46, crashed into the sea 10 minutes after it left San Juan airport. Survivors said it appeared to have developed engine trouble.

Enroute to Newark Two of those rescued were women, including Judith Hale of Birmingham, N. Y., stewardess. A 14-year-old boy also was saved. Those plucked from the sea and found on small islands and reefs were taken to hospitals for physical checkups.

The plane, enroute to Newark, N. J., via Miami, was operated by Strato Freight, Inc., a charter service with headquarters at Bradley Field, near Windsor Locks, Conn.

Attaches at the airport said it was raining hard when the plane took off.

The C-46, a Curtiss Wright Commando, was designed for the Air Force and was used extensively in the China-Burma-India theater.

Spy Prober Demands
Truman Explain Why
Red Not Prosecuted

WASHINGTON—(P)—Rep. Velde (R-Ill.) said Tuesday President Truman "owes it to the American people" to explain why Russian Agent Andrei Schevchenko was allowed to skip the country without prosecution.

Velde is a member of the House Un-American Activities Committee. The committee heard testimony Monday that:

In 1944 and 1945, Schevchenko tried to get wartime secrets of jet propulsion and plane design by bribing employees of the Bell Aircraft Company at Buffalo, N. Y.

The employees strung him along with doctored information under the eyes of the FBI, with payoffs in cash.

The Russian left the country early in 1944. No attempt was made to arrest him.

The witnesses were Mr. and Mrs. Joseph J. Franey of Niagara Falls, N. Y., and Loren G. Haas of Buffalo.

It was Velde who popped a question that brought from jet engineer Haas a statement that he helped the FBI build an "air-tight case" against Schevchenko but his efforts were "passed off" with word that "Mr. Byrnes at the State Department says we can't touch him."

Byrnes Venies Charge He said he got that information from FBI agents whose names he cannot now recall.

At the time of which Haas spoke, in 1945, James F. Byrnes was secretary of state. He now is in a Washington law firm. To a reporter who asked him about Haas' testimony, Byrnes said:

"Never did I tell any official of the government not to arrest anyone. That is not a matter for the secretary of the state, but one for the Department of Justice and the FBI."

Velde, continuing, told reporters: "It is President Truman who determined the policy. It is President Truman who should make an explanation. The American people demand it."

"This may be some perfectly good reason why the Justice and State Departments refused to follow through with this case. But good or bad, the people have a right to an explanation."

Midland Receives
Trace Of Rainfall

Midland got a trace of rain Monday night. GAA communications at Midland Air Terminal reported 38 inch of precipitation.

The shower interrupted a Midland-San Angelo baseball game in progress at Indian Park for 20 minutes.

★ IN HOLLYWOOD ★

Menjou's Struggling Beginning Had Different Twist—Caviar

By ESKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD—Adolphe Menjou, I guess, is the only actor who ever starred on caviar and champagne. He was telling me about it on "The Bandwagon" set. He and his father went broke in the restaurant business in Cleveland and Menjou went to New York, to try acting, with a big supply of caviar, champagne, sardines, olives, smoked salmon, smoked oysters and stuffed olives left over from the restaurant. His money lasted three months in New York and he still was jobless. That's when he began his canine existence. "I downed caviar with champagne for breakfast, sardines with champagne for lunch, anchovies with champagne for dinner. On alternate days I varied the menu by swallowing stuffed olives for breakfast, smoked oysters for lunch and dipping olives in caviar for dinner." After a week, Menjou went to work as a farm hand, later became a film extra.

Quote of the week: Director John Houston, who will hire a group of British actors for filming in Italy of M-G-M's "Quo Vadis": "The script calls for the lions to eat the actors but it may be reversed when the British hit the arena. They're starving over there."

Cary Grant has to take a six-month vacation from the cameras, after completing "I Was a Male War Bride," to recover fully and regain weight lost during the well-known laundries attack. Doctors also have ordered him to remain on a highly restricted diet for from three to five years to avoid a recurrence of the disease.

Islands story: If the Ingrid Bergman film Roberto Rossellini is sending to RKO for processing from Stromboli has a fishy aroma there's a reason. The daily boats that go to Messina, on the Sicilian coast, with their daily catch.

An explanation, perhaps, of the

High School Rodeo Slated June 16-18

HALLETTVILLE, TEXAS—(AP)—Boots and saddles! Lariats and spurs!

On June 16-17-18, the small fry of Texas hold their own rodeo. Gov. Beauford H. Jester will lead their parade.

For the third consecutive year, the High School State Championship Rodeo will bring youngsters from all over Texas to Hallettsville to compete in calf-roping, tie-down, bareback bronc riding and bulldogging. Even the girls take part. They compete in the cutting horse contest.

The idea to feature youngsters of high school age was hatched one night three years ago while three men sat talking on the Hallettsville courthouse square. Nothing like it had been organized before in any of the other states and it seemed a good idea.

Since that first rodeo for boys and girls in 1947, five states have followed with their own. El Reno, Okla.; Sulphur, La.; New Underwood, S. D.; and Montana all have had contests featuring teen-agers. Rules Are Strict

Rules here are strict. Only students in good scholastic standing who did not graduate before May 1 of this year have been allowed to enroll in this year's rodeo. It is Texas only, but students from at least nine other states have written, pleading for a chance to participate.

Pete McKenzie, ranch-owner and cattleman, for the third year will act as the rodeo announcer. The youngsters who display the highest sense of sportsmanship during the rodeo will receive from the National Quarter Horse Breeders Association an engraved Gladys Brown statue of a champion quarter horse. And the American Quarter Horse Association has a quarter horse statuette for the cowboy with the best-trained horse.

There are many other prizes, including expensive star-roweled boots, elaborately stamped saddles and gold and silver belt buckles from the Hallettsville Chamber of Commerce.

"Scooter" Fries of Bandera, will participate in the rodeo again this year. Scooter is 15. He won the roping contest last year. He has thrown 17 loops in competition in the last two championship rodeos and never has missed a loop. With three more years in which to compete, Scooter is a major threat.

Youngsters are housed by Hallettsville citizens in private homes. Some of the older fellows bring their bedrolls. You can find them at sunup, asleep in the park. Chief ramrods of the teen-age rodeo are Leon L. Kahanek, president of the Chamber of Commerce; Claud Mullins, superintendent of the high school here and Alton Allen, attorney for Lavaca County.

SIDE GLANCES

What has science done for us? They can't develop a vegetable seed to compete with a weed!

Where'd You Get That Hat

SOUTHPORT, ENGLAND—(AP)—A bargain's a bargain to Sybil Bedford, 23-year-old office girl. So when an auctioneer in a millinery store offered 104 hats for \$1 she bought them. The hats, carrying price tags as high as \$9.18, had been gathered in the shop since 1928 but none had been worn. Sybil herself has the habit of going hatless. So she's giving the hats away. Bats' limbs are not adapted for walking.

Charles H. Miller Returned To Pecos Compact Commission

AUSTIN—(AP)—Gov. Beauford H. Jester Tuesday reappointed Charles H. Miller of Barstow, Ward County, as Pecos River Compact Commissioner for a term ending Dec. 31, 1954.

Miller was active in negotiations prior to the signing of the Pecos River Compact, which ended 25 years of wrangling between Texas and New Mexico over the division of Pecos water. The compact has been approved by Texas and New Mexico Legislatures and is pending in Congress.

The governor also made these appointments: Cal Averett of Coleman, George Pauley of Valera, and H. E. Evans of Taipa to be directors of the Central Colorado River Authority for terms ending Jan. 1, 1955.

Corna Nelson of Port Arthur, a city employee, to the Board of Trustees of the Texas Municipal Retirement System for a term ending December 31.

Sister Catherine Elizabeth of Fort Worth and Frances Brush of Temple to the State Board of Nurse Examiners. Miss Brush succeeds Laura Cole of Temple, who did not seek reappointment.

W. B. Tuttle of San Antonio, Harry Drought of San Antonio and John Weber of Goldsboro to the San Antonio River and Canal and Conservancy District Board of Directors.

ORDER OF EAGLES SETS WEDNESDAY MEET Members of the Order of the Eagles will meet at 7:30 p.m. Wednesday in the county courtroom of the Midland County Courthouse to further organization plans of the Midland unit. A date will be set for the election of officers, sponsors said.

Shanghai Woman Yank's Benefactor

LOS ANGELES—(AP)—A will on file leaves the \$15,000 estate of the late Perry Kinchak, merchant, to a Shanghai woman he never saw but expected to marry.

The will admitted to probate Monday, names Mrs. Valentine A. Ivashkin, 35, a White Russian, as sole beneficiary.

The two had never met personally, but had begun writing to each other at the behest of mutual friends. The mother of three children, she was en route to wed Kinchak, 68, when he died Jan. 29, 1948. She had gotten as far as the Philippine Islands at the time and expects admittance to the United States in the near future.

EL PASO JEWELERS HEADS STATE ASSOCIATION GALVESTON—(AP)—I. Gattega of El Paso was elected president of the Texas Retail Jewelers Association at the close of its annual convention Monday. Other new officers include J. Jacobs, Port Arthur, director.

Happy Hoax On Widowed Goose

CHICAGO—(AP)—A golfer and a curator of birds hatched a happy hoax on widowed goose at the Riverside Golf Club.

Their slick trick on the golf course brought four goslings to the goose. The goose became a proud mother although the four eggs she sat on for nine weeks had never been fertilized and were beginning to decay.

The "birth" of a gosling was at the nest at the water hole. The goose waddled from her nest at the edge of the pond and took a short dip. When she returned she found the four goslings. She fluttered around and nuzzled them. Only Solution

It was Clare Crandall, an insurance man and golf club member, who had realized the goose had laid unfertilized eggs and that they never would hatch. Karl Platch, Brookfield Zoo's curator of birds, suggested the only solution was to buy four newly hatched goslings for the goose.

Crandall and Greenkeeper Paul Popp placed them in the nest while the goose was in the pond. Then they watched from nearby when she returned to her nest, smiled and walked away.

One type of banana has a single fruit which may be as much as two feet in length and thick as a man's arm, enough to make a meal for three men.

Antiseptic Ointment Soothes SKIN IRRITATIONS For helpful antiseptic and medicinal aid to externally caused skin irritations that itch, such as tetter, rash, simple ringworm, dryness or eczema, use Grays Ointment as directed. Medicated to cling longer for more thoroughly relieving itching.

Mrs. Rutherford Is Guest Speaker For Methodist Society

Mrs. J. H. Rutherford of Stamford discussed the organization of the Methodist Board of Missions and the purpose of the WSCS at the meeting of the Women's Society of Christian Service in the First Methodist Church, Monday night.

Women of the Asbury Methodist WSCS also attended the meeting. Mrs. Rutherford is a member of the Board of Missions of the Women's Division. She was introduced by Mrs. George Bradbury, chairman of the Methodist women's organizations in the Sweetwater District.

Preceding the address Mrs. Bob Baker read a scripture and Mrs. J. D. Douglas sang "Others," accompanied by Mrs. Holt Jewell. In a short business session following the program, Mrs. J. W. Thorn presented a proposed budget for the coming year. Pledge cards were signed by the members. A reception followed in the Scharbauer Educational Building. Mrs. H. H. Hollowell presided at the punch bowl and Lynn Dell Moore played background music on the piano.

CONDITION IMPROVED

Slight improvement in the condition of H. M. Webb was reported Tuesday at Western Clinic-Hospital. Webb underwent major surgery Sunday.

The first machine to make barbed wire was patented in 1874.

TEXAS LADY LOSES 47 POUNDS

The following remarkable story shows conclusively that Barcena DOES take off fat. It contains nothing harmful. In fact, it contains ingredients that make you feel better. No starvation diet—no weakness—no hunger. Barcena, the original grapefruit juice recipe, takes off fat quickly, safely and you can eat plenty.

Here is proof

Here is what Mrs. H. P. Bishop, Route 1, Stamford, Texas, wrote us:

"I am very glad to endorse Barcena, so please accept my sincere thanks and appreciation for the great benefit I derived from its use. I not only lost weight, but also looked and felt better in every way. I had to have a very serious operation and was told that I would never be able to lose weight."

Approximately 50 members and 10 guests attended the Christian Church Laymen's League rally Monday night at Cloverdale Park.

It was voted to hold the next meeting July 11 at Cloverdale and to invite wives and children of league members.

Barbecue was served at the Monday night meeting and games were played for amusement. Movies were shown, including some furnished by American Airlines.

Officers Named For Afternoon Circles Of Methodist WSCS

The four afternoon circles of the First Methodist Church reorganized for the coming year at their circle meetings Monday afternoon.

Officers elected for the Laura Haygood Circle are Mrs. Sam Preston, vice chairman; Mrs. W. E. Chapman, study leader; Mrs. W. A. Black, secretary-treasurer, and Mrs. E. P. Burkhead, literature and publications chairman. Mrs. Fred Fromhold is chairman of this circle.

Others present were Mrs. Nettie Crawford, Mrs. Mollie McCormick, Mrs. W. A. Black, Mrs. Effie Sanders, Mrs. Minnie Crumley, Mrs. C. C. Watson, Mrs. B. F. Haag and Mrs. A. Wadley.

The meeting was held in the home of Mrs. Watson, 302 North Pecos Street.

The Mary Scharbauer Circle met in the home of Mrs. H. H. Hollowell, 310 N. Main Street. Officers elected are Mrs. B. R. Andres, study leader; Mrs. C. W. Chancelor, vice chairman; Mrs. Ola Boles, secretary and reporter, and Mrs. Otis Ligon, treasurer. Mrs. Bob Baker is the chairman.

Mrs. Dave Hoover brought the devotional. Members present were Mrs. E. J. Stewart, Mrs. Joe V. Birdwell, Mrs. Ray Seifert, Mrs. Andres, Mrs. Ligon, Mrs. Stacy Allen, Mrs. Dave Hoover and Mrs. E. A. Crisman.

Mrs. Charles Robson was elected vice chairman of the Belle Bennett Circle, of which Mrs. C. R. Pierce is the chairman. The meeting was in Mrs. J. L. Barber's home. Mrs. Jack Goddard was named secretary-treasurer and Mrs. Everett Kleibold reporter.

Also present for the reorganization session were Mrs. J. L. Tidwell, Mrs. O. F. Hedrick, Mrs. J. W. Thorne and Mrs. A. J. Norwood.

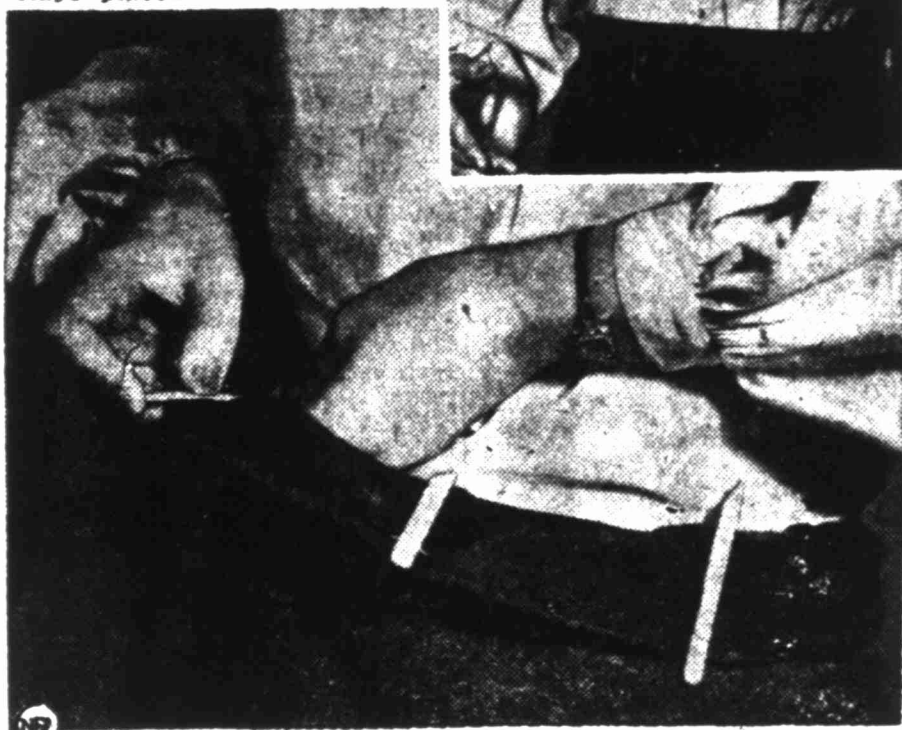

Mrs. W. M. Ford, chairman of the Winnie Prothro Circle, was hostess in her home to its members. Mrs. Velma Smith was chosen to serve as first vice chairman; Mrs. C. H. Shepard, second vice chairman; Mrs. R. R. Russell, treasurer; Mrs. W. F. Prothro, study leader; Mrs. R. D. Myers, secretary, and Mrs. W. F. Schafer, reporter.

Other members attending were Mrs. L. M. Wyatt, Mrs. L. C. Stephenson, Mrs. Jess Miles, Mrs. W. B. Hunter, Mrs. George Thompson and Mrs. D. E. Corley.

Orange sections may simmer for about five minutes in a sugar syrup and then be used as an accompaniment for a baked ham slice. For a delicious flavor addition stud the outside rim of fat around the ham slice with cloves before baking. Scalloped potatoes, flavored with a little onion, are good served with this ham and orange combination.

Stays Cure Sagging Skirt Band

This high-waisted skirt owes its smooth, snug fit to three small stays placed inside waistband.

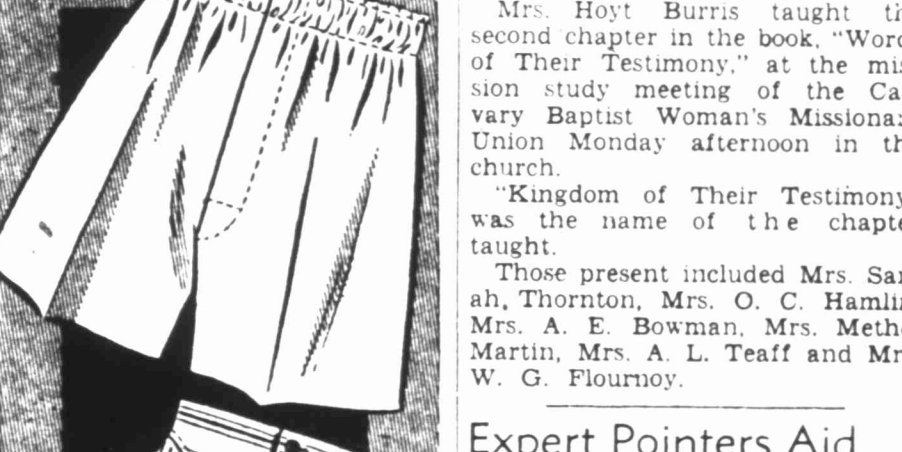

By ALICIA HART
NEA Staff Writer
All the pulling and hauling, pins and tucks in the world, won't keep a high-waisted skirt up when it's inclined to crush, slip or fold at the waistline.

But a tiny purchase at the notion counter of three small stays will fix all that skirt-tugging nuisance. Usually tiny stays no longer than those used to shape men's collar points will make a skirt top gravity-defying.

Try out the boning by first pin-

Mrs. Steele Heads Officers Elected By Legion Auxiliary

Mrs. T. E. Steele was elected president of the Women's Auxiliary of the Woods W. Lynch Post, American Legion, in the annual election of officers Monday night. The new officers will be installed at a meeting in July.

Chosen to serve with her are Mrs. Dave Allen, vice president;

Mrs. Joe Buttry, secretary-treasurer; Mrs. Sam Kelton, historian;

Mrs. Dutch Mayfield, sergeant-at-arms; Mrs. Etta Petzel, chaplain; and Mrs. Charlie Bush, reporter.

Reports on the division convention of the Auxiliary held in El Paso last weekend, were made by Mrs. Floyd Rhoden, Mrs. Steele and Mrs. Allen, who were delegates from the organization here. Each contributed to the informal summary of convention events.

Plans were made for a family night meeting on June 20, for Legion and Auxiliary members and their children. It was announced that the Junior Auxiliary will sponsor a cake walk that night to raise funds for its activities.

Announcement was made also of plans for organizing a baseball team for the girls of the Junior Auxiliary. Mrs. Steele, sponsor of the juniors, will be assisted by Mrs. Lonnie Jones and by Joe Shell, manager of the junior boys' team, in this project.

Swim Follows Club Meeting

A swim at the VFW Pool entertained QVV Club members Monday afternoon following a business meeting in the home of Beverly Kestling. Plans were made for continued Summer activities, including another swimming party next Monday and a dance on June 18.

Definite plans for the dance are to be made at a meeting at 2:30 p.m. Monday in the home of Peggy Minear, preceding the swim.

Members present were Margie Carter, June Hazlip, Katherine Lewis, Peggy Cathey, Chakley Murray, Sue Corser, Carolyn Cook, Shirley Harrison and Miss Minear.

Martyrdom Is Role To Be Avoided By Wise Grandmother

By ALICIA HART
NEA Staff Writer

Playing a grandma role in real life can turn into self-denial and martyrdom if grandmother doesn't keep her guard up.

It is so easy to take over the job of permanent baby-sitter first, next the troublesome tasks of mending, baking and shopping, and end up finally as chief cook and bottle-washer.

Soon grandmother is enmeshed in family routine past the point of extraction, for the second time in her life. One fine morning she may wake to find she's no longer free to visit friends, or play that regular Tuesday chess game. By that time it's too late.

Every woman has the right to develop her potentialities as a person. Grandma is no exception. Her active responsibilities are usually over, and it's her time to reap the benefits of a full life.

Grandma should be looking around to find ways to make her life richer and more satisfying, not narrower and narrower. She owes it to herself to have some fun, develop hobbies, new friends and new interests.

There are even some jobs that she alone can tackle. Many organizations depend on women with free time and the mellowing that comes with age for important community work.

Most important, the mental lift that comes with new achievements will stave off old age—which, after all, is often just an attitude.

FINES ASSESSED

Two Midland residents were fined one dollar and costs each Tuesday by Justice of the Peace Joseph A. Seymour for traffic violations.

TREATED FOR CUT

Elmo Coleman of Athens, Texas, was given emergency treatment at Western Clinic-Hospital Tuesday for a lacerated arm.

POLIO!

Polio, this one word strikes more fear in the minds of some people than the word 'fire' shouted in a crowded theatre.

Chiropractically, polio is not caused by a virus, but rather from injuries to the spine and spinal cord. Common sense will tell you that a virus, that no one has ever seen or knows what it looks like is not going to pick out certain places like theatres, swimming pools and schools to attack your children. This theory is all based on fallacy just to scare you to death. Swimming pools having filtered and chlorinated water, are cleaner than any place in town, yet polio is supposed to strike just the children. It doesn't make sense, does it? If you people will check with polio victims, their case history will reveal a fall or an injury preceding the condition, not an unknown virus attacking them.

To those of you who want to save time, money, effort and needless worry, if you think your child is becoming afflicted with a paralysis, consult a competent chiropractor first — not last. It will be to your advantage.

"IF CHIROPRACTIC WON'T HELP YOU—NOTHING ELSE WILL."

Dr. Merwin C. Fitch
SPECIFIC CHIROPRACTOR

701 N. Big Spring Phone 2868

ECA Economy Slash

Sensible citizens may well doubt the wisdom and sincerity of the House action cutting \$629,730,000 off new European aid funds.

Economy seekers likely will brag that they saved this full sum. The fact is they agreed to a compromise with Administration leaders under which most of the slash can be restored quietly later.

Furthermore, the Senate has yet to act on recovery appropriations. If it votes a bigger total than the House approved, further compromise by the lower chamber is probable.

The history of this money bill is a bit complex. President Truman himself invited a \$157,800,000 reduction in ECA outlays, saying price declines warranted.

A House Appropriations subcommittee accepted the President's cut and added another \$182,300,000 reduction of its own.

This didn't satisfy the full committee. By a narrow 22 to 19 vote, it set aside the subcommittee's advice and chopped \$629,730,000 off the bill—about 15 per cent.

Immediately Administration spokesmen decried the move as a serious blow to European recovery, one calculated to weaken Secretary of State Acheson's hand in facing down the Russians at Paris.

The deal worked out, and approved by the full House, provides that the \$4,642,470,000 voted for ECA may be spent in 13 1/2 months rather than 15 as originally proposed.

In the nearly certain event the money will be spent in the shorter span, the President may seek extra funds for the remaining month and a half.

On a 13 1/2-months' basis, the effect is to shrink the reduction to about \$7,000,000 a month. Without the time-span compromise, the cuts would run to \$41,500,000 a month.

Thus what may be trumpeted as a heavy swing of the economy axe seems more like the light chop-chop of a Boy Scout hatchet.

There would be more faith placed in this move, too, if Congress had used the pruning knife on other money bills. Congressmen seem to be saying: "Let's save by cutting funds for Europeans. They don't vote here."

True, they don't, but we have committed ourselves to making them strong so they can ward off Communism. We can't make them the victims of dubious economy maneuvers designed for home consumption.

We must not give Europe the feeling that our policy, like a weathervane, shifts with every slight turn of wind. Our friendship must be constant, far-seeing, reassuring.

As Gen. Omar Bradley says: "It is time we steered by the stars, not by the lights of each passing ship."

Gates Ajar

Russian Foreign Minister Vishinsky paints life in the Soviet zone of Germany in glowing colors. Things are humming along fine, he says.

British Foreign Secretary Bevin wants to know why, if this is true, so many German refugees are scurrying out of this Russian-organized "heaven."

No answer from Vishinsky. Maybe the refugees are really missionaries, come to convert their western German brothers to the "better way of life" backstage of the Iron Curtain.

All things eventually happen, so some day we can expect a politician to charge that he was "misquoted" by the microphone.

The Relative Importance Of Great Issues

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND. By John P. Butler, Chairman, Midland County Savings Bonds Committee. JUNE 7, 1949. 44 years ago today, 1905, union between Norway and Sweden, dissolved.

10 years from today, by the way, have you ever been to Yellowstone Park? Put the money away for that trip NOW in U. S. Savings Bonds!

WASHINGTON—President Truman would attend his family church, the First Baptist, often, except for the fuss and fanfare which occurs when he shows up for Sunday services.

Truman has strong ideas that people should go to church to worship, not to see who's in the congregation—even if the President of the United States is on hand.

"I don't like being a circus attraction in a place of worship," he has remarked on several occasions. His pastor, Rev. Edward H. Pruden, agrees with the President, but always is polite to people who phone him Sunday mornings wanting to know if Truman will be there.

Mr. Pruden couldn't resist a little good-natured chiding, however, when a lady phoned him just before services on a recent Sabbath. "No, the President doesn't plan to attend services today," he advised the curious caller, "but God will be here."

Internal Diplomacy The full inside story has not yet been written of how Andrei Gromyko, first foreign minister of the USSR, laid the groundwork for the Paris Big Four Conference.

It is a story which involves such names as Nelson Rockefeller, Warren Austin, and especially Mrs. Gromyko. During the past year, Gromyko quietly has broken down the social wall which normally keeps Soviet diplomats from contact with the world they live in.

He has accepted frequent dinner invitations from U. S. Delegate Warren Austin, at which young Rockefeller and other broad-minded businessmen were present.

Actually, there was not much hush-hush discussion at these dinners. One informant describes them as being "painfully social." But they broke the ice between key individuals of East and West—thanks in part to the cordial feeling which grew up between Mrs. Austin and Mrs. Gromyko.

The Austin dinners were reciprocated by the Gromykos, at their 890 Park Avenue residence. These social leakers began even before Gromyko went back to Russia last year, and those who knew his movements in that period say he went not only to Moscow, but to Sochi in the Crimea, where he was a personal guest of Premier Stalin.

Stalin, apparently impressed with Gromyko's report, asked him to make a report direct to the Politburo. This Gromyko did, stating that there was a genuine desire for an East-West understanding in the U. S., and no desire for war.

This is the dinner-table background—in which the women played no small part—which helped soften the Soviet foreign office and opened the way for lifting the Berlin blockade.

Big Shipping Lobby While Congress is supposed to be cracking down on lobbyists, the paid representatives of the big shipowners are violating an early lobbying act which became the forerunner of the present lobbying law.

This first congressional attempt to put the finger on lobbyists has been on the books since the Merchant Marine scandal of 1936, and requires lobbyists to register with the Maritime Commission before trying to influence shipping legislation on Capitol Hill.

Though this statute has never been repealed, big shipping lobbyists pay no attention to it. Even now a dock of lobbyists are clamoring before Congress for new shipping subsidies and, out of the entire lot, only one has bothered to register with the Maritime Commission.

He is the Waterman Steamship Company's lobbyist, Bon Gesalinn. Other shipping representatives, who have appeared before congress, but haven't bothered to register under the 1936 law, are: L. R. Sanford, also a former Maritime Commission employee but now executive vice president, Shipbuilders Council of America; Fraser Bailey, president, National Federation of American Shipping; George Morgan, president, Association of American Ship Owners; Wilbur E. Dow, Jr., president, American Waterways Operators.

As an example of the handouts they seek from Uncle Sam, they are asking Congress for a dual standard of depreciation on their ships. For the purpose of paying taxes, they want the government to grant an accelerated, 15 per cent depreciation, which would completely depreciate their vessels in less than seven years.

On the other hand, the shipping companies demand that the government figure a 20 per cent depreciation in paying for private ships it takes over in case of war.

McKenney on Bridge

By WILLIAM E. MCKENNEY America's Card Authority Written For NEA Service

Oswald Jacoby was in my office the other day, and we were discussing six-handed Canasta. Oms said the best six-handed game is to have three people on a side, two playing and one sitting out.

We both decided this would be an ideal way to play six-handed bridge. You would sit out one hand, then you would play two.

We agreed, however, that if you were sitting behind one of your teammates when he was playing today's hand you might get just as tense, annoyed and excited as if you were actually in the game.

You see, the dealer made the mistake of starting in to play without bothering to count his tricks. Counting your tricks sometimes has to be done two ways. Either count your winners or count your losers.

Dealer knew that he had a losing heart and club. Therefore, he could afford to lose one diamond and still make his contract. However, the dealer I was watching did not make that play.

He ruffed the second heart, cashed the ace of diamonds, and then tried to ruff the diamonds out. Eventually, of course, West had to make the nine of spades.

How easy it would have been to make that hand, had he simply cashed the ace of diamonds, ruffed the deuce of diamonds with the ten of spades, returned to his hand by playing dummy's five of spades, ruffed the four of diamonds with the jack of spades, and now he could cash the queen of spades.

Returning to his hand with the ace of clubs, the last trump should be picked up and the jack of diamonds led, letting West win with the king. Now he has held his losers to three tricks.

The first man-made balloon is believed to have risen from the earth in 1782. 10 years from today, by the way, have you ever been to Yellowstone Park? Put the money away for that trip NOW in U. S. Savings Bonds!

WASHINGTON COLUMN

Opponents Pour Cold Water On President's CVA Program

By PETER EDSON NEA Washington Correspondent WASHINGTON—Fancy shenanigans are going on around here in connection with the Columbia Valley Authority plan.

President Truman first tried to get Senate and House to hold joint hearings on his pet bill to set up a CVA. He called Sen. Dennis Chavez of New Mexico and Congressman William M. Whittington of Mississippi to the White House to talk about it.

They are chairmen of Senate and House Public Works Committees. Whittington blocked joint hearings. He said his committee had so many other things to do it couldn't possibly get around to CVA before mid-June.

Truth is, the matter is that his committee is believed to be divided 14 to 13 in favor of CVA, though Whittington is against it. On the side, Whittington is vice president of the National Rivers and Harbors Congress. This is the semi-official kingfish in the powerful water lobby, which is opposed to all valley authority plans.

So it was left for Senator Chavez's committee to hold hearings first and alone. As near as can be figured out this Senate Public Works committee has only two Democrats in favor of CVA—Chavez and Senator Sparkman of Alabama, a strong TVA man. The other six Democrats and all five Republicans—headed by Sen. Harry Reid of Utah—are against the CVA.

So it has no more chance than any snowball in June on Capitol Hill. Nevertheless, the committee will go through the motions of holding CVA hearings. First On Deck President Truman's bill will be presented first. The hearings will then recess the week of June 6.

That will give anti-CVA forces a week in which to prepare to give the business during the week of June 13. In the meantime, Chairman Whittington of the House Public Works Committee has made a fast play of his own. His committee held one-day hearings on what is known as the Army Corps of Engineers-Bureau of Reclamation-Weaver-Newell plan for Columbia River development.

The record of the day's hearings reveals a good bulldozer technique. Nobody appeared who was opposed to the Weaver-Newell plan. E. W. Rising, registered lobbyist for National Water Conservation Conference, seemed to be in charge. This NWCC has for its Columbia Valley affiliate an outfit known as Pacific Northwest Development Association.

A recent audit of its books showed substantial contributions for the years 1946-48 from Idaho Power Company, Washington Water Power Company, Pacific Power and Light, Portland General Electric, and Northwest General Electric Company.

What this reveals is a private-utility-backed lobby opposing development of the Columbia Valley Authority. It is a national front perfect right to do this, if that's the way they feel about it. But it's just as well to understand all the gimmicks, right out in the open.

Majority Opposed CVA E. W. Rising hails from Boise, Idaho, originally. He is Washington chairman of the National and Regional Land and Water organization. This is a national front opposed to all valley authorities. At the House hearings, Rising went around telling everyone when to testify. All his witnesses went right down the line in support of the Army Engineers-Reclamation plan: H. C. Webb of Puget Sound Power and Light, K. Robinson of Washington Power and Light, C. E. Starrett of Portland Chamber of Commerce, J. A. Ford of Spokane Chamber of Commerce, Spokane.

She fished a piece of meat from the bucket with a stick. She carried it with her out into the mist of day. SHE walked briskly along the trail toward Fisherman's Cove, chewed on her meat and tossed the last bit of gristle aside. Movement took some of the stiffness from her muscles and the circulation of blood carried away a part of the depression of spirits she had felt with the rest.

A fire burned before the entrance of the cave, but Bea saw neither George Bascombe nor Mollie as she hurried past. Captured wood so we'll have a beacon when it clears up! "For heaven's sake!" she blurted at last. "What's the matter with all of us? We've food of sorts, and shelter. We won't starve for a while at least. There's more mutton over there. Who'll come with me and help build up a pile of wood so we'll have a beacon when it clears up?"

"What's the use?" Agnes said. "Nobody could see it in this kind of weather. N-bobody ever comes this way. Nobody'll ever come, Mr. Harding knows it. You all know it. And what good will it do to go out in this awful rain?" "It won't do any good to sit here complaining," Bea snapped.

"On for heaven's sake," Nona said, "to be active and optimistic somewhere else!" Bea Congrove bit back a retort. (To Be Continued)

QUESTIONS and Answers Q—What president predicted that the world would in time become one nation? A—President Ulysses Grant in his second inaugural address said: "I believe that our Great Maker is preparing the world, in His own good time, to become one nation, speaking one language, and when armies and navies will no longer be required."

Q—What was the "Battle of the Kegs?" A—In 1778, the Americans filled a number of kegs with gunpowder and turned them into mines by attaching firing caps. They dumped dozens of these kegs into the Delaware, hoping they would float down the river and destroy the British ships at Philadelphia. The kegs exploded but failed to sink any ships.

Q—What language is spoken in Iceland? A—Icelandic, which has no dialects and has changed little through the centuries. In addition, Danish is widely understood and spoken.

Q—Who is known as the originator of the method of teaching music by mail? A—Samuel Siegel, of American birth, who was chosen to compose a concerto to play at the opening of the Roxy Theater in New York City.

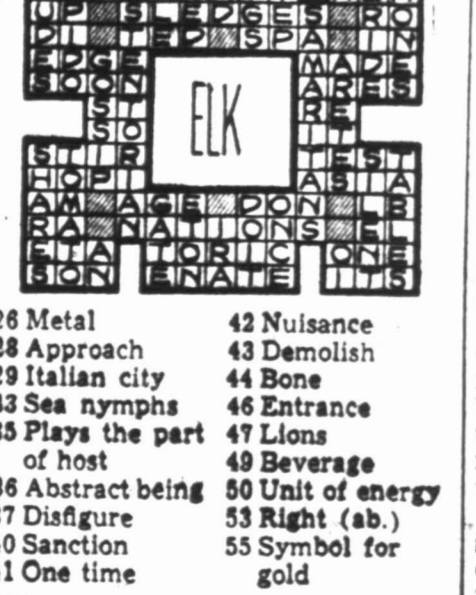

Q—What is the biggest-selling book in the world? A—The Bible.

Young-Ervin Vows Repeated In Church

STANTON—Elsie Mae Young, daughter of Mr. and Mrs. J. T. Young of Stanton, and Cpl. Harold S. Ervin of St. Louis, Mo., were married in the First Methodist Church, Big Spring, Thursday. Rev. A. H. Carleton performed the single ring ceremony. The couple's only attendants were Mr. and Mrs. Fred Franklin of Big Spring.

Mrs. Harold S. Ervin The bride wore a street length dress of blue taffeta with white accessories. She is a graduate of Stanton High School. Ervin has served three years in the Army and is stationed at El Paso. After a wedding trip to St. Louis, the couple will live in El Paso.

LaVella Tuggle Is Honoree At Shower

A kitchen shower complimenting LaVella Tuggle, whose marriage to Clayton Dameron is to be solemnized Friday, was given recently in the home of Mrs. W. W. Springer, 1005-A West Kentucky Street. Gifts for the bride-elect's kitchen were presented and inspected at the informal party. A centerpiece of daisies in yellow and white centered the table. Mrs. Springer was assisted by her mother, Mrs. A. McKee, in serving refreshments. Present were the honoree and her mother, Mrs. Roy Tuggle; Mrs. Wayne Farley, Mrs. Grady Wright, Phyllis Gifford, Marilyn Braselton, Myra Nelson, Edwina Hood and Melba Tuggle.

Missionary Drama Presented By WSCS For Asbury Church

A play was presented at the Sunday night service of the Asbury Methodist Church by members of the Woman's Society of Christian Service. It was a dramatization of the work of missionaries over the world. Taking part were Mrs. J. P. Carson, Jr., Mrs. Theo Ferguson, Mrs. Preston Pirtle, Mrs. Carmel Pirtle, Mrs. G. S. Grimes, Mrs. Harrison Bickley, Mrs. Grace Wright, Mrs. Mildred Gwyn, Mrs. Lennox Hester, Jean Bunt, Shirley Bunt, Shirley Pulliam and Mary Lynn Manning. Presentation of this program and participation in a special pledge service with women of the First Methodist Woman's Society Monday night replaced the usual Monday afternoon meeting of the organization. It will meet in the church next Monday at 3 p. m.

MAJOR LEAGUES—

Rampaging Cards Thump Braves To Gain Third Notch

By JOE REICHLER
Associated Press Sports Writer

This tightest of all National League pennant races has everybody going around in circles. Even Ford C. Frick, highly optimistic president of the circuit, never dreamed it would be anything like this.

Here it is in June, with one-third of the season almost out of the way, and a mere half game separates the first four clubs.

At the moment, Brooklyn and the New York Giants share first place. St. Louis and Boston are only a half game behind, with the Cards holding third place by .002 percentage points over the Braves.

The only thing that can't possibly happen after Tuesday night's games is a four-way tie for the lead. That's out because the Giants and Cardinals tangle with each other in the Polo Grounds under the lights. The loser could drop into fourth place. Brooklyn takes on seventh-place Chicago, and Boston meets sixth-place Cincinnati.

The Dodgers took advantage of defeats by New York and Boston Monday with a 5-1 night game triumph over Pittsburgh to dead-lock the Giants for the top rung.

Howie Fox pitched and batted the Reds to a 4-3 victory over the Giants. He not only scattered eight hits for his second triumph over the New Yorkers, but singled in what proved to be the winning run in the sixth.

The high-flying Cardinals made it five victories in their last six road games and 12 out of their 14 starts by thumping the Braves 7-3. Two three-run innings—the sixth and the ninth—did the trick. Enos Slaughter's sixth home run helped.

The two scheduled games in the American league resulted in Detroit losing its undisputed possession of second place, and Cleveland moving past Chicago into sixth place.

The Tigers were nosed out 10-9 by the Boston Red Sox, who overcame a 5-2 deficit with flurries of three runs in the seventh and five in the eighth.

Vern Stephens' fourteenth home run of the season, tying him with teammate Ted Williams for the league lead, was the big blow for the Indians, with Manager Lou Boudreau playing third base for the first time since his minor league days, exploded for nine runs in the eighth inning to come from behind and defeat the Philadelphia Athletics 11-5.

All other clubs were not scheduled.

Texas League—Eagles, Sports Go Down Again; Tribe, Cats Gain Ground

By The Associated Press
Sharp hurling and stout defense have stolen the spotlight at least momentarily in the Texas League race.

Most of the time it has been slambang hitting that decided the issues but Monday night good pitching predominated.

The league-leading Dallas Eagles lost to the cellar crew from Houston by a score of 5-4. Second-place Shreveport failed to gain any ground, losing to the Tulsa Oilers 8-1. The third-place Fort Worth Cats gained a full game on Shreveport by defeating the fourth-place San Antonio Mission 4-1. Fifth-place Oklahoma City climbed a full game on the Missions by downing the Beaumont Exporters 5-4.

Dallas spoiled Floyd Stevens' debut in the Texas League. The former New York Yankee hurler was touched for three runs in the first frame and went to the show-ers after the third inning. Buck Frierson homered for Dallas' fourth run in the sixth.

After seven scoreless frames, Houston's Solly Helms broke the ice with a three-run triple in the eighth. In the ninth, Lou Ortiz singled across Roland LeBlanc with the tying run. Then Pinch Hitter Jack Cusick singled to score Ortiz.

Blackburn Hurst Three-Hitter Dallas garnered only six hits off three Buff hurlers.

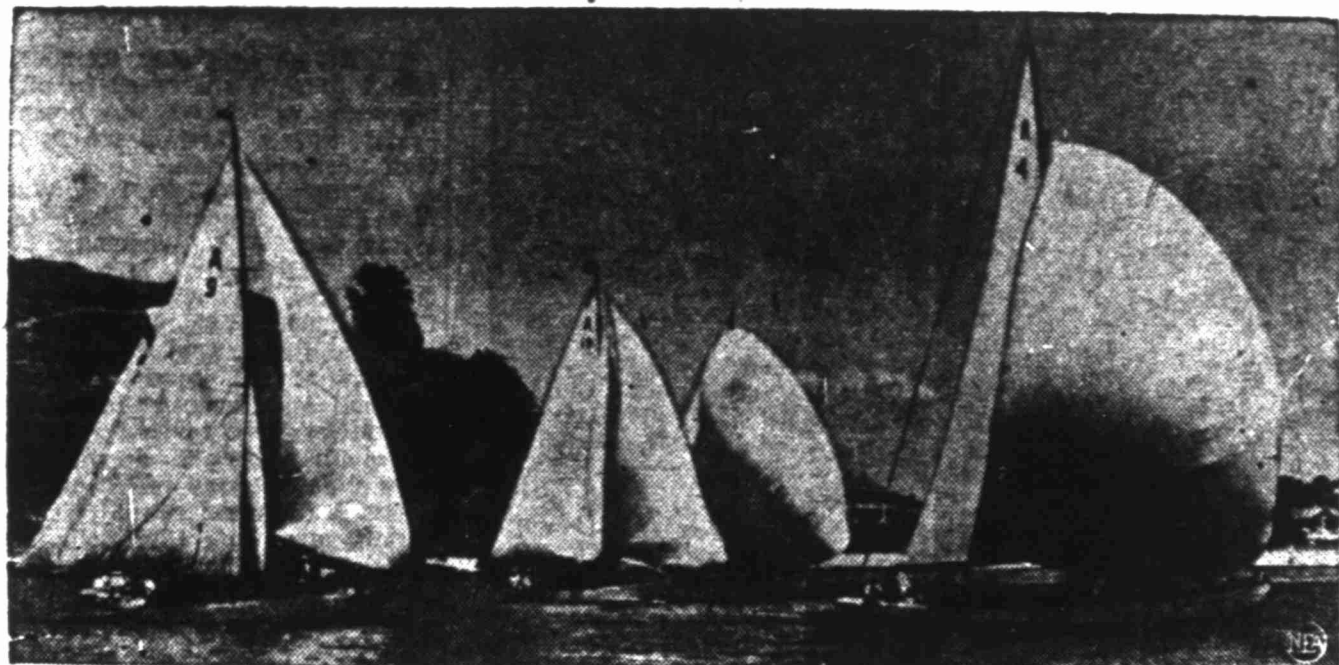

Tulsa defeated Shreveport behind the three-hit chunking of Jim Blackburn. One of the three hits off Blackburn was a home run in the ninth by Lewis Davis. Tulsa counted five tallies in the second frame.

Fort Worth's Carl Erskine notched his fourth mound victory of the season by handcuffing San Antonio with four hits. The Missions' lone tally was Don Lenhardt's ninth home run of the year in the sixth.

The Cats' three-run rally in the third included Cal Abrams' two-run homer. Chico Carresquel also homered for the Cats, in the seventh.

Oklahoma City's Al Olsen and Jack Hellop scattered 11 Beaumont hits as the Tribe defeated the Exporters. Tommy Upton of the Exporters led the hitters with four hits in five trips, including a home run.

Police Chief Says Check Will Bounce

DALLAS—(AP)—President J. Walter Morris took a \$10.00 check, supposed to be payment of a fine by a chief of police, to the bank Tuesday.

But the chief, W. M. McDonnold of Temple, says he won't get the money on it—the chief has stopped payment.

This was the latest development in the situation of a baseball league president fining an officer for shoving an umpire.

The check arrived Monday—on the deadline. Morris issued a statement that the fine had been paid. But Monday night McDonnold said at Temple, "This foolishness has gone far enough" and that he was stopping payment.

Morris countered with the statement that the money either will be paid by McDonnold or the Temple ball club.

The chief of police said "it was distinctly understood" the check would be returned uncashed or the money refunded. "I was asked to send the check to Morris as a token, I supposed, just to carry on his joke."

But Morris declared the fining was no publicity stunt or gag. "I have never talked to McDonnold," he said.

The fine was levied by Morris last Wednesday after an incident at a ball game in Temple when Umpire Neil Pearson reported he had been shoved by the officer. McDonnold said he pushed the umpire inside his quarters to protect him from enraged fans.

"I acted to prevent any harm coming to his umpire and I will do the same again when and if the occasion arises," McDonnold said. He said he would go into an umpire's dressing room or anywhere else in enforcement of the law or the prevention of a disturbance.

The Lubbock Hubbers scored four unearned runs in the first inning to defeat Pampa 8-3. Chris Haskins hurled seven-hit ball for the winners. The loss dropped Pampa into the cellar.

Mrs. Jack Muller Is Public Links Medalist

CORPUS CHRISTI—(AP)—Mrs. Jack Muller of Corpus Christi, whose 77 won medalist honors in the Texas Women's Public Links Golf Tournament, met Mrs. Charles True of Dallas Monday in the first round of match play.

Mrs. Muller laid down the two-over-par Monday in leading the qualifiers over Oso Beach Municipal Course.

Mrs. E. H. Wohlfahrt of Houston, one of the tournament favorites, was four strokes back.

Longhorn League—Swatters, Rockets, Indians Win; Rain Halts Other Contest

By The Associated Press

The Big Spring Broncos have lotted their way into a four-game lead at the top of the Longhorn League standings.

Odessa's game at Big Spring Monday night didn't count, as it was halted in the fourth frame because of rain. Big Spring was leading at the time.

Second-place Vernon skidded half a game down the ladder by dropping a 13-0 decision to Sweetwater. Lou Lockhart hurled three-hit ball for the Swatters, while his mates pounded three Vernon hurlers for 15 hits.

Third-place San Angelo lost to fourth-place Midland 8-3. Midland scored five runs in the sixth inning.

Roswell walloped the Ballinger Cats 14-2. Bill Walling pitched six-hit ball for Roswell.

Polio Precautions

During hot summer months, a good health rule for children is to avoid over-fatigue caused by too active play or exercise, or irregular hours. This rule is particularly important in polio epidemic areas.

THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

Paul Noel of the New York Knickerbockers acquired six fouls in less than 11 minutes in a Baseball Association of America game against Philadelphia recently.

Latin Americans Win Four Games

The Latin American Midland Colts fielded three teams in this area Sunday afternoon and swept to four victories in baseball.

Pitcher Meredia, a new find for the Colts, whiffed 11 men in taking a 7 to 3 victory from the Monahans Lobos in Monahans.

The Colt reserves smothered a Slaton team 21 to 2.

The Junior Colts turned the iron-man stunt and took a double-header from two different teams. They beat Big Spring 9 to 7 in the first game and blanked Stanton 2 to 0 in the nightcap.

The Colt regulars will play the Monahans Lobos at the home of the Colts here next Sunday afternoon.

That familiar links battle cry several years ago of "Beat Nelson" is being revived. Lord Byron, who faded from the winners circle through two years of semi-retirement, appears ripe for another conquest.

Most of the top-drawer pros tuning up for the National Open starting Thursday on Medina's treacherous No. 3 course think the golfer of the hour again is Byron Nelson.

Nelson, who has been matching par 71 in daily practices on the 7,040-yard layout, unquestionably has the type of shots to win his second National Open crown in 10 years. And, what is just as important, he knows the hilly, dog-legged No. 3 course better than any journeyman present.

He won the 1939 Western Open there with 282, the 1946 Chicago Victory Open with 279 and holds the competitive course record of 67 jointly with Tommy Armour.

The course is longer than it was in those days. As the result Bobby Locke, Lew Worsham, Cary Middlecoff, Sam Snead, Johnny Palmer, Jimmy Demaret, Lloyd Mangrum, Nelson and other prime favorites are talking in par figures rather than in sub-pars.

Timely Hits, Good Fielding Help Ernie Nelson To Win

The Midland Indians and the San Angelo Colts met again in Indian Park at 8:15 p.m. Tuesday.

Ralph Blair is the probable starter for Midland.

By SHORTY SHELburnE

The Midland Indians broke into the win column again Monday night as they smothered the San Angelo Colts 8 to 3 in Indian Park in the opener of a three-game series. Lefty Ernie Nelson went all the way for the Tribe to notch his fourth victory of the year.

Lefty Shelton, a hurler acclaimed by Blondy Cross as near great, looked just like the semi-pro hurler he is, when the Indians finished him off. He gave up seven of the eight Midland runs in the five innings he worked. Cox, who followed Shelton on the mound, lasted only one inning. Guthrie came on to work the last two frames for the Colts and held the Indians in check. Nelson held the Midland opened with two runs in the first inning. Bob Rose walked, Stanley Hughes singled and Carriel Nipp drove them around with a double to the fence in left-centerfield.

A single run in the third on bingles by Hughes, Nipp and Pressley gave Midland a three-run advantage. Nelson weakened slightly in the fourth and allowed the Colts to score two runners. Smithhart opened with a double, advanced when Hughes muffed Cluley's grounder and scored when Jackson forced Cluley at second. Sam Harshaney doubled Jackson home.

Rain delays the game for 15 minutes in the fourth inning but play was resumed.

San Angelo got its final run in the sixth. Jackson walked to open the inning and Harshaney belted his second double of the night to plate Jackson.

When the Indians came to bat in their half of the sixth, they jumped on Shelton for five big runs to ice the tilt away. Filigamo opened with a walk, Jones and Nelson got on by errors, one of which was committed by Shelton, and Rose walked to push in a run. On went the "Forsan Flash" and Stanley Hughes greeted Cox with a single to drive in two runs and another tally scored when Cluley threw wild to third from center-field. Warren Sitter pumped a single into left to drive in the fifth inning. Nelson pitched a gem, a single to drive in two runs and another tally scored when Cluley threw wild to third from center-field. Warren Sitter pumped a single into left to drive in the fifth inning.

The Indians gave Nelson great support, whipping off three double plays and covering the territory perfectly.

Julian Pressley played a good brand of ball at third base. Gus Pena was the poor man's Joe DiMaggio in centerfield.

Glen Patton was presented with a Bulova wrist watch for being

Violence Erupts In Riverfront Dispute

NEW YORK — (AP) — Violence broke out Tuesday when rival picket lines demonstrated at entrances of the AFL International Longshoremen's Association.

Nearly 200 longshoremen from Hudson River piers joined their fellows in one picket line and charged a group of rival demonstrators.

Mounted police and foot patrolmen pushed into the battling groups, charging east and west on 14th Street and north on Eighth Avenue.

Within a few minutes two police emergency squads reinforced policemen already at the scene and the battling longshoremen were dispersed.

The demonstrations interrupted loading and unloading operations on 19 ships at New York piers.

The first group of pickets took up positions early in protest against what they termed discrimination in hiring practices on Brooklyn piers. Their demonstration followed a sit-down of 38 negroes in the ILA offices Monday.

Cotton

NEW YORK — (AP) — Cotton futures at noon Tuesday were unchanged to 10 cents a bale higher than the previous close. July 22.26, October 28.84 and December 28.65.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JUNE 7, 1949-7

SCHOOLBOY BASEBALL—

Bowie, Denison, Austin, Waco Win First Contests

AUSTIN—(AP)—Waco plays Bowie (El Paso) and Austin meets Denison Tuesday night in semi-finals of the Texas Schoolboy Class AA Baseball Tournament.

These teams survived the first round Monday with a ten-inning no-hit, no-run game by Robert Leach of Denison the feature.

Denison beat Marshall 1-0 in one of the glittering pitching duels of schoolboy history. Leach fanned 21 batters and Hollis Morton of Marshall whiffed 20. The game went nine innings before there was a hit. Leach got it. A squeeze play in the top of the tenth produced the lone run.

There were other great pitching exhibitions. Ruben Forras of Bowie gave Stephenville only two hits as the El Pasoans beat the Yellow Jackets 5-1.

Austin downed Lubbock 2-0 on a one-hitter by Jackie Brinkley. He struck out 14 batters.

Two games will be played Wednesday night, one for third place in the tournament and the other for the championship.

Bob Dean Hurls 3-0 Tilt To Nip Western Plastic In Softball

Standard of Texas handed Western Plastic its first defeat of the season in Midland Softball League play at Wadley Field Monday night.

Standard bunched two walks, a triple and an error to score three runs in the first inning and register the 3-0 win.

Bob Dean, hurling for Standard, used his slow stuff to let the Westerners down with just two bingles, both by Milt Stanley.

John Daylong was charged with the defeat.

It was Milt Montgomery's triple with two on that drove in Standard's first two runs. He later scored when the Western Plastic shortstop muffed a grounder.

The second tilt between The Reporter Telegram and Rotary Engineers was rained out.

The first round of play will be completed Wednesday night, with the exception of make-up games. Shell Oil meets Joe's Gulf in the first tilt and Rendezvous plays the Rebels in the nightcap.

Waller Traffic Crash Claims Eighth Victim

BELLVILLE—(AP)—The death toll in auto crash Friday at Waller rose to eight Monday when E. L. Reid, Jr., 28, Orange attorney injured in the collision of a car and a station wagon, died.

Reid was the last survivor of the crash in which a young Indiana couple, the parents of both, and Reid's wife were killed.

The body will be sent to Orange for interment.

Murder Charged In Shooting At Hemphill

HEMPHILL—(AP)—Alfred Bailey was under charges of murder Tuesday in the fatal shooting of Marvin Butler, 34, Sheriff H. S. Solley said.

"The immediate cause of the shooting seems to have been a question of pointing of a dog."

Butler was shot Monday as he sat in his car three miles from here on the Pineland road.

Solley said while he was out seeking Butler's assailant Bailey came to his home and gave himself up to Mrs. Solley.

Softball Rally For Boys Tuesday Night

A softball rally for all Midland boys under 16 years of age will be held at Wadley Field north of the city at 7 p.m. Tuesday. The Midland Optimist Club is sponsoring the rally.

A softball league for the youngsters will be organized at the meeting.

Refreshments will be served. Transportation will be furnished, leaving from the Service Drug at 6:30 p.m.

Number Of Jobless Hits Postwar Peak

WASHINGTON — (AP) — Unemployment jumped 273,000 in May to a new postwar peak of 3,289,000.

The Census Bureau, reporting this Tuesday, commented that "Ordinarily unemployment drops between April and May and the increase this year was, therefore, contrary to seasonal expectations."

It said one reason the number of job seekers—outside of farming—rose faster than the number of job opportunities was because school age youths turned out for summer or post-graduation work.

Because of the seasonal upswing in farming, employment moved up, climbing 875,000 in May to a total of 58,894,000—slightly above the same point last year.

Farm employment alone increased 1,154,000 in May. Jobs in non-agricultural pursuits dropped 279,000 to a total of 49,720,000.

This left the net increase of 875,000 in employment.

The Bureau found an optimistic note in this fact: There was an increase in the number of full-time jobs, meaning those good for 35 hours work or more weekly.

"Approximately 2,000,000 more persons in May than in April were working full time," it said.

However, the number of full-time workers was down considerably in comparison with a year ago.

Texas To Be Included In Fuel Plant Survey

WASHINGTON—(AP)—Texas will be surveyed for an area suitable for manufacture of synthetic liquid fuels.

The state was one of 37 listed by Maj. Gen. Lewis A. Pick, chief of Army Engineers, as approved for the survey. Alaska also is included in a \$1,241,637 contract for the work.

Pick emphasized the survey is not intended to select specific sites for construction of synthetic liquid fuel plants but to get a general picture. The raw materials to be considered are coal, oil shale, natural gas and oil impregnated stripplable deposits.

Daddy Ringtail

By WESLEY DAVIS

Daddy Ringtail And The River Boat

Yesterday I told you about Little Fawn Lost, and how he grew and grew until he wasn't little any more, and he wasn't a fawn, and he wasn't lost. He was a big strong deer who lived on the island in the river that flowed through the Great Forest.

Only one thing bothered Little Fawn Lost. How was he ever going to do something for Daddy Ringtail, to show that he remembered the days when he was a very little fawn, and very lost, and Daddy Ringtail took care of him?

Little Fawn Lost was swimming in the river, wondering this, on

the day I'm going to tell you about. But up the river, just below the Happy Pool, something was happening.

Daddy Ringtail's boat was tied to a tree. It was a river boat, and Sammy and Bobby were in it. They had brought some bread to feed the fish, and had just finished giving them the last of it. Sammy said: "Come on, Bobby. That's all now. It's time for us to run away home."

"I'm coming," said Bobby, but he didn't come. He rocked the boat, this way and that way, making little waves for the fish to jump in and out. But rocking the boat made it come untied from the tree, and before he knew it, Bobby was drifting with the boat on the river.

"Help! Help!" called Bobby, because that is what he always called, whenever he was in trouble. "Sit still!" Sammy shouted. "Hold on! I'll run for Daddy Ringtail!"

But the water in the river was flowing fast, and the boat was floating by the island when Daddy Ringtail came running out to the river. The boat would have been gone with Bobby on to the sea before Daddy Ringtail could have reached it, but Little Fawn Lost was swimming nearby.

"Don't be afraid," he said to Bobby. "I'm a very good swimmer. See— I'll push you along in the

boat with my antlers—like this." And that's what he did.

Little Fawn Lost was happy for everyone to know that he remembered the time he was a very little fawn, and very lost, and Daddy Ringtail had taken care of him, and everyone else was happy too. Happy day! (Copyright 1949, General Features Inc.)

Beer was brewed by most of the monasteries of the Dark and Middle Ages. The development of the brewer's art owes much to the superior cleanliness of the monks.

West Texas Oil & Gas Log—

(Continued From Page One)
covering the interval at 5,310-40 feet made a small amount of salt water.
The tester was open for one hour. Recovery was 200 feet of oil and gas out drilling mud and 10 feet of salt water.
It is expected that the venture will continue drilling until it tests the Ellenburger. If that zone is barren the Strawn horizon will be tested further and an effort made to complete it as an oil well and a new field opener.

RNCG Slates Tests In Benedum-Silurian

Republic Natural Gas Company No. 1-E Barnett, outpost to production on the northwest side of the multi-pay Benedum field in East-Central Upton County, topped the Fusselman section of the Silurian at 11,305 feet on an elevation of 2,689 feet.
It drilled to 11,385 feet and is now preparing to run a liner to allow testing the pay section already penetrated.
Informed observers say the venture should be finished as an oil well. It is 32 feet high to Humble No. 1-B Barnett, a Fusselman producer, and is 23 feet low to the Fred Turner, Jr., and J. M. Hewley, Sr., No. 1 Barnett, the discovery for Fusselman production in the Benedum area.

Flanagan Outposts Get Permian Shows

Shows resulted from drillstem tests in the Permian at two flankers to the one-producer Flanagan Ellenburger in South-Central Gaines County.
After indicating Clear Fork-Permian pay on a drillstem test at 7,142-7,230 feet, Shell Oil Company, Inc., No. 1 Andrews again tested the Clear Fork at 7,221-7,285 feet, with the tool open two hours.
Gas reached the surface in one hour and 42 minutes. Recovery was 450 feet of slightly oil and gas out drilling mud and water and 810 feet of salty sulphur water.
It was drilling ahead from 7,520 feet in lime, continuing toward the Ellenburger.

Location is 660 feet from south and west lines of section 2, block A-23, pd survey.
The other show was at Shell No. 2 Hawkins, projected to the Clear Fork in the Flanagan area, 660 feet from south and east lines of section 8, block A-23, pd survey.
A one-hour and 45 minute drillstem test in the Gorieta section of the Permian at 6,348-6,450 feet recovery 120 feet of oil and gas out drilling mud. Hole was being made under 6,970 feet in lime.
Also in the Flanagan area, Magnolia Petroleum Company was boring ahead toward the Ellenburger

with its No. 1 Flanagan estate, 1,980 feet from north and 660 feet from west lines of section 9, block A-23, pd survey.
Last report had it below 10,690 feet in lime.

Gaines Devonian Test Try Unsatisfactory

Drillstem test was considered unsatisfactory at Pacific Western Oil Corporation No. 1 Oil Development, wildcat between the Seminole and Russell fields in Northwest Gaines County.
The examination was for two hours at 11,583-615 feet in the Devonian. A fair to light blow of air held at the surface throughout the test.
Recovery was 5470 feet of oil cut drilling mud with no shows of water. The formation made water at this venture on a lesser depth.
As operator found a leak in the drilpipe, the test was considered a failure. Packer was lost in the hole, and in drilling up, five more feet of hole were made.
Bottomed on 11,620 feet, the exploration was preparing to re-test the formation.
It is 660 feet from south and east lines of section 315, block G, CCSD&RGNG survey.

Culberson Wildcats Dry And Abandoned

A. T. Barrett, Jr., of Midland, and M. W. Russell of Monahans, have planned and abandoned their No. 1 Phillips-Neville, Northeast Culberson County wildcat, on total depth of 534 feet in lime. No production prospects were reported.
The dry hole is 1,500 feet from west and 1,900 feet from south lines of section 4, block 42, pd survey.
In the east part of the county, J. M. Hickey and Sons No. 1 Phillips wildcat in section 14, block 110, pd survey, was dry and abandoned on total depth 2,230 feet.

General American Plugs Arick Test

General American Oil Company has plugged its No. 5 A. F. Byrd, failure in the Arick area of Southeast Hale County, 1,650 feet from north and 330 feet from east lines of section 17, block K, TTRR survey.
It was left on total depth 5,310 feet in lime.

VISITS AT COLLEGE
Mr. and Mrs. O. J. Hubbard, 2001 West Texas Street, accompanied by their son, Orman Jr., drove to Columbia, Mo., to bring their daughter, Norma Jean, home from Christian College to spend the Summer vacation. They planned to attend the college commencement exercises.
22 DIE IN CRASH
ATHENS—AP—Twenty-two persons, including a Greek Army general, died Monday night in a plane crash 17 miles north of Athens.

Daughter Knows Best?

Young film star Margaret O'Brien, center, put up tearful objections when her mother, Mrs. Gladys Sylvio, left, married band-leader Don Sylvio, right, last February. Now Mrs. Sylvio will seek an annulment, but says that Margaret, although happy at her decision, had nothing to do with it. "It just hasn't worked out. You might say Don and I have been separated ever since the wedding."

Rain, Hail—

(Continued From Page One)
hail at Fairview in West Texas. Rains interrupted the wheat harvest again around San Angelo.
There was no estimate of the amount of crop and property damage from the hail Monday night in the Big Spring-Fairview area.
Rains also soaked Lamesa and some hail fell there. Other points in the South Plains reported heavy showers.
Meanwhile, thunderstorms continued Monday night in Southwest Texas.
San Angelo had a big rain, 1.59 inches. This has been a rainy season for the area after years of drought. Junction, in the Hill Country, reported 1.45 inches.
Other reports included: San Antonio, 26, Corpus Christi, 21, Fort Worth, 0.1, Lubbock, 0.3, Ozona, 47 and Clarendon 23.
No rain was reported Tuesday in the state. Conditions were clear from Big Spring west and mostly cloudy in the remainder of Texas.

FIREMEN MAKE RUN
Midland firemen Tuesday morning were called to a residence in the negro section to extinguish a blaze. Slight damage was reported.
Read the Classifieds.

Senate Panel Urges Quick Approval Of North Atlantic Pact

WASHINGTON—AP—The Senate Foreign Relations Committee Tuesday called for ratification of the North Atlantic Pact as the best way to avoid World War III.
The committee gave unanimous approval to the pact Monday.
In a formal report to the Senate, the committee declared failure to ratify the pact "would have disastrous consequences abroad."
"The committee strongly believes," the report said, "that it would be in the best interests of the United States and indeed, the entire world, to sustain and encourage the momentum of confidence that has been building up in Europe, by ratifying the treaty 'as an early' date."
Frankly poised as a warning to Russian aggression, the treaty pledges the members to consult and give each other aid in event of aggression against any one of them.
Senator Connally (D-Texas), the committee chairman, predicted the Senate will ratify the alliance overwhelmingly.

Bearded Gent Frightens Femmes

TYLER—AP—A bearded man wearing nothing but a handkerchief is scaring women here.
Police said three different women have reported seeing the man. He appeared out of the wilderness near the edge of town.
The man approached them, the women said. Two of his appearances were in daylight. None of the women stayed long enough to get an accurate description.

Judge Moss Talks To Optimist Club

District Judge Paul Moss told the Midland Optimist Club at its noon luncheon Tuesday it couldn't have picked a better subject for its work than "friendship of the boy."
The club's purpose, as stated in the creed, is to be a friend of the boy.
"What the nation and world will depend on what we make it," the speaker said, and added that this is in the hands of the youths who will be the next generation's grownups.
He said that of all classes of youth on which the club could center its attentions, the underprivileged boy deserves the most attention, in his opinion.
"Kid cases are the biggest problem in my court," Moss said.
He was introduced by Max Perry, program chairman.
Special visitors were 17 members of a delegation from Fort Stockton, here to publicize the Fort Stockton water pageant. Accompanying the Fort Stockton group to the Optimist meeting were Bob Scruggs, president of the Midland Chamber of Commerce, and DeWayne Davis, assistant C. of C. manager.

Plane Crash—

(Continued From Page One)
ma-India Theater during the war. The maximum capacity was 50 troops or 10,000 pounds of cargo.
Although there were 73 persons aboard the craft, 15 of them were children, and this may have made the total weight within the 10,000 pounds cargo capacity.
Passenger list story
Lee H. Wakefield of Stamford, Conn., was captain of the plane. One of the passengers, Juan Rivera Leon, 31, of Ponce, gave this account of the crash:
"The people were nervous, due to the great number aboard, even from the start. As soon as the plane crashed I started passing life jackets around. There were more than 60 available plus five life belts. However, no rafts could be inflated in time so none was used. I passed around only 17 jackets."
He said many of the passengers were afraid to leave the plane and go into the water.
"I stayed till the water was up to my knees and then dove," he said, adding that at that time more than half the passengers still were aboard.
Gilberto Diaz Montanex, 21, of Gurabo, also a passenger, said he heard a "funny noise" from the engine and the plane tended to lose altitude.
"When the plane crashed I jumped and opened an emergency door," he said. "I swam till I reached shallow water. The plane had most of the passengers seated along lateral seats. It had only a few regular seats."
The plane sank within six minutes after the crash.
Capt. Al Cookrell of Pittsburgh, Mass., one of the crew members, was reported missing and believed dead. He was the only crew member unaccounted for.
Others, in addition to Wakefield and Hale are Jack Connell of the Bronx, N. Y., first officer, and George S. Cary of Hartford, Conn., second officer. A Puerto Rican, listed originally as a steward, was aboard as a passenger. He was believed to be among the survivors.
Survivors Swim Ashore
Capt. D. H. Dexter, in charge of the Coast Guard Base here, said he did not believe more than 25 known survivors would be found alive.
Search by air and sea craft was pressed.
Twenty-six of the survivors swam to small islands and reefs, and crews of rescue craft braved death in the churning and treacherous seas to pick them off and carry them to the mainland.
Two were plucked from the water. All available U. S. Coast Guard, Air Force, Army and Navy planes and ships in the vicinity were called into the search for possible survivors, bodies and the exact location of the sunken plane.
Large surface craft could not get in among the dangerous rocks and reefs that dot the sea.

Probe Wartime Soviet Spy Activities

Called to testify before the House Un-American Activities Committee in Washington were former workers at the Bell Aircraft plant at Buffalo. Left to right: Loren Haas and his wife, Joseph Franey and his wife, Leona, as they appeared after their committee hearing. The House committee is investigating the activities of a wartime Soviet agent who allegedly tried to steal U. S. aircraft secrets.

Texas Gains Boost Nation's Oil Output

TULSA, OKLA.—AP—Thanks to healthy increase in Texas production, the nation's daily average output of crude oil increased by 18,840 barrels during the week ended June 4, the Oil & Gas Journal reported Tuesday.
The Texas spurt—13,375 barrels to 1,897,750 barrels—made the total daily average production 4,924,965 barrels.
Other sizeable increases included New Mexico, up 4,615 barrels to 134,440 barrels; Louisiana, up 3,225 barrels to 505,475; Mississippi, up 2,750 to 100,350; Kansas, 3,330 to 289,250, and Wyoming, 3,600 to 124,900.
The Eastern area increased 650 barrels to 62,300; Indiana gained 900 to 25,600; Florida was up 25 to 1,275; Kentucky added 100 to 24,300; Colorado gained 100 to 66,200; Montana was up 300 to 27,300 and Utah increased 150 to 500.
The largest declines were in Oklahoma, down 5,100 barrels to 425,050; Michigan, off 3,900 to 38,400; and California, 4,300 to 934,900. Illinois fell 600 barrels to 176,400 and Arkansas dropped 350 to 79,900.

Fort Stockton Water Carnival Boosters Visit In Midland

Acclaiming Fort Stockton's annual All-Southwest Water Carnival as one of West Texas' top entertainment events, a large delegation of Fort Stockton boosters arrived here Tuesday noon on a swing through West Texas.
The goodwill trippers, headed by Paul Counts, manager of the Pecos County Chamber of Commerce, presented a lengthy historical pageant in Midland before lunching with the Optimist Club in the American Legion Hall. Following the meal, members of the group visited Midland firms and individuals to tell them all about the big water carnival, historical pageant, musical revue and other events to be held Friday and Saturday in Fort Stockton.
City, Chamber of Commerce and Police Department officials met the boosters at the west city limit, escorting them into Midland. The trippers departed about 1:30 p. m.

Negro Sentenced To Life Imprisonment In Dallas Rape Case

GEORGETOWN—AP—Clifton Okra, 26-year-old negro, faces a life sentence in prison for the raping of Mrs. William A. Slack of Dallas.
The negro was convicted Monday in a trial brought here on charge of rape from Dallas.
The woman was raped August 17 and the state accused Okra of carrying her off in his truck and attacking her after throwing acid in her husband's face. The Slacks were sitting in their parked automobile.

Legion Will Name Officers Tuesday

Midland's American Legion post, Woods W. Lynch Number 19, will hold its nomination and election of officers at 8 p. m. Tuesday in the hall.
A nominating committee will report, and in addition, nominations will be accepted from the floor, Floyd Rhoden, adjutant, announced.

Butch Volunteers

Three-year-old Butch Krebs wanted to do his part in the annual clean-up campaign in Chicago, so he grabbed the family broom and took off. He was picked up several hours later and escorted to a police station to await the arrival of his parents.

Minister Names Joe Louis In Divorce Action

CHICAGO—AP—Ex-heavyweight Champion Joe Louis Tuesday was named correspondent in a divorce suit filed in circuit court by the Rev. Matthew C. Faulkner against his wife, Mattie, 27, a New York model.
The suit charges desertion and adultery.
Faulkner, 33, is a former Atlanta, Ga., Baptist minister and Army chaplain. He now resides in Chicago. The couple has two children, Matthew, Jr., six, and Oran, four.

Judge Rules Jury Entitled To See All Coplon Purse Papers

WASHINGTON—AP—Federal Judge Albert L. Reeves ruled Tuesday that the jury trying Judith Coplon on espionage charges is entitled to know all about the contents of her purse when she was arrested.
Over the vigorous objection of government prosecutors, Judge Reeves said 12 so-called data slips withheld by the government must be shown to the jury.
He also ruled that the government must make available the full texts of many FBI reports which figured in the case. The court had been considering the question since Friday.

Oklahoma Bandit Is Arrested In Oregon

OKLAHOMA CITY—AP—George Kimes, convicted bank robber and last of the Southwest's bandit chieftains, who walked away from the Oklahoma State Penitentiary at McAlester 11 months ago, has been arrested at Burns, Oregon.
The announcement was made by Warden Clarence Burford of the penitentiary, who is at the state capitol Tuesday.
Kimes escaped from the penitentiary July 7, 1946, while a trusty. The search for him had covered much of the western part of the country.

How To Increase Pounds Of Porker

DES MOINES—AP—When it is profitable to add another 50 pounds to your hog, and when is it better to ship the porker to market?
A table based on studies by the U. S. Department of Agriculture and state experiment stations shows that you can add 50 pounds to a 200-pound hog with less corn than a fatter hog.
It works like this: to fatten a hog from 200 to 250 pounds it takes 4.5 bushels of corn; to boost from 225 to 275 it takes 4.6 bushels; from 250 to 300 it takes 4.8 bushels; and from 275 to 325 to takes 4.9 bushels.
Up to 1860, naval ships of wood were still being built by the world's great naval powers.

Look Who's Talking

"Hey, sis, look at that funny man—he's an American," says five-year-old Mya Kampen to three-year-old sister Corry on Holland's colorful Isle of Marken. Sporting long tresses and a dress too, big brother Jan, left, chuckles because he thinks the Yankee photographer's costume is funny.

HERE'S WHY ONLY NASH CAN OFFER ALL THIS!

"I have averaged 25 miles to the gallon—added no oil between changes. Most mileage was put on about 70 M. P. H." John Good, 15412 Fernway Drive, Maple Heights, Ohio.

Here's why Nash offers the most in size—in style—in features—in performance—in economy!
It is the first car with the Girder-built, Unitized Body-and-Frame—a revolutionary development that means more for your money. More in safety, with less weight. More in roadability!
It is the reason a Nash only 62 inches high has more road clearance than before. It provides more interior room for comfort... with seats so wide they can turn into Twin Beds.
It is the reason why Nash has the smoothest ride known, with all four wheels cushioned by coil springs.
It is why a Nash has incredible security on curves... and economy never before possible—with better than 25 miles to the gallon

of gas, at average highway speed, for the Nash "600."
It is why Nash, and only Nash, has a curved, one-piece windshield on all models... and the Uniscope... and Cockpit Control.
See your Nash dealer—get the thrill of driving a 1949 Nash "600" or Nash Ambassador.
Compare the size—the design—the exclusive features—the delivered price. Then you'll know why Nash is the smart buy of the year's smartest buyers!

Low Delivered Prices

NASH "600" 2-Door Sedan	\$200269
NASH Ambassador 2-Door Sedan	\$240594

These low delivered prices are for fully equipped cars, with Twin Beds, Weather Eye Conditioned Air System, Defrosters, Foam Rubber Seat Cushions and Oil Bath Air Cleaner. State and local taxes (if any) and license and title extra.

Father Of General Eaker Dies At Eden

EDEN—(AP)—Lt. Gen. Ira Eaker, deputy Air Force commander in the Eden, in Concho County 35 miles southeast of San Angelo, in 1906. Four years later, he moved to Durant, Okla. He returned to Eden in 1918.

The elder Eaker was a retired farmer and carpenter. Me moved to Eden in Concho County 35 miles southeast of San Angelo, in 1906. Four years later, he moved to Durant, Okla. He returned to Eden in 1918.

Eisler Escape Ship Sails

(NEA Telephoto)

Gerhart Eisler's getaway ship, the Polish Liner Batory, sailed from New York at noon Monday after its crew was cleared of any implication in Eisler's escape. The luxury liner had been under close scrutiny by U. S. agents since it docked Saturday.

Companion Of Remorseful Suicide Wants To Go Home

GALVESTON—(AP)—Blonde, sun-tanned Mrs. Martha Pfeiffer said Tuesday, "I want to go back to my husband if he will have me."

The 27-year-old Crystal Lake, Ill. woman is under a nurse's care after watching her companion, a married Illinois businessman, shoot himself to death in their fashionable beach apartment here Sunday.

Mrs. Pfeiffer said she had talked to her divorced husband by telephone. He told her he did not want to see her again and that

Midlander's Mother Dies In Oklahoma

Mrs. J. N. Wilkerson, 72, mother of Mrs. J. O. Vance of Midland, died Tuesday morning in Shawnee, Okla., after an illness of two weeks.

Mrs. Wilkerson has visited here often and had many friends in Midland.

Funeral services will be held at 3 p. m. Wednesday in her home town, Duncan, Okla., in the First Baptist Church, of which she has been an active member for many years.

Midland Group Will Attend Rotary Meet In New York City

Midland will be well represented at the annual convention of Rotary International in New York City, June 12-16, officials said Tuesday.

The delegation will be headed by President James T. Smith and Hilton Kaderli, president-elect. Mrs. Smith and Mrs. Kaderli also will attend the convocation. Smith and Kaderli are the official delegates of the Midland Rotary Club.

All Those Extras Officers 'Get', Bothers Congress

WASHINGTON—(AP)—All those "extras" that the officers of the armed services get in addition to their regular pay are bothering some members of Congress.

A few legislators made a great issue of them during debate in the House of Representatives when the military pay raise bill was sent back to committee.

The truth is that the "extras" are very substantial and a flat statement of officers' relatively low basic pay does not tell the whole story. On the other hand, the value of the "extras" can be easily over-rated.

Give a Marine major's commission to a husky figment of your imagination. Make him 38, with 10 years in the service. Station him in Washington where he supports a wife and two children.

"My base pay is \$3,795 a year—\$316.25 a month," he willingly replies when you ask him, since government pay is no secret. "I get \$5,811 a year when you include my allowances for quarters and subsistence. That's \$105 a month for rent and \$63 a month to buy food for the family."

"What about your extras?"

"The big item there is medical care. I get that and all my dental work free. The family gets medical care from the service, but no dental work. The regulations say dependents get both medical and dental care if available, but I've never seen a post where dental care was available for wives and children. As a matter of fact, about half the officers I know in Washington call in a private physician when anyone in the family is ill. They have to pay for that, of course."

"Don't you save a lot of money buying at commissaries and post exchanges?"

"Well, I pick up a few knick-knacks at the Post Exchange when I get in the neighborhood, but it's out of the way for me. The wife almost never gets over to the commissary. She finds that food stores are just about as cheap, and it takes her nearly an hour to drive to it. People have big notions about the value of PX's and commissaries to military men. Here's the real dope..."

The major produced a table which the National Defense Establishment recently submitted to the House Armed Services Committee. It listed the total sales in commissaries (food stores) and post exchanges (general stores) for the calendar year 1948. It showed that in commissaries the prices were 12.4 percent cheaper than in comparable stores in the community and that in post exchanges the prices were 15 percent cheaper.

Saves in PX

The average military man spent \$399.61 during the year in Post Exchanges and commissaries, mostly overseas. His average savings was 14.4 percent, or \$57.56 under what he would have had to pay if he had dealt in civilian stores.

"Your income tax is pretty low, isn't it?"

"Yes, I get a break there. I didn't have to pay any tax at all during the war after figuring my exemptions and deductions. This year I figure I'll pay \$168.66. I'm taxed only on base pay."

"What about your retirement benefits?"

"Good. If I make colonel by the time I retire, in another 20 years, I'll get \$412 a month. But when I die, of course there'll be nothing for my wife. I have to carry life insurance to provide something for her."

"Well, what about the rest of the 'extras'?"

"There aren't any more as far as I know."

"What about government automobiles?"

"I never climb into a government car except on official business. Only four officers in Washington are assigned cars for their private use—the four chiefs of staff. If you're on a post out in the boon-docks, you sometimes get away with using a little free government transportation, but most posts are pretty strict about it."

"Wouldn't you save money on rent if you were assigned to quarters on a Marine Base?"

"Sure would. But do you know how many quarters there are for Marine Officers in Washington? Six. And 657 Marine officers are stationed here. There are 974 quarters for officers altogether in the area, and there are 13,947 officers here, counting all four services."

Medical Officer For Scout Camp Obtained

A medical student has been obtained to spend the Summer at the Buffalo Trail Scout Ranch, it was announced by R. J. Kneidl, council chairman of the health and safety committee.

Harry H. Tompkins, a junior medical student at Southwest Medical School at Dallas will arrive in camp June 8th and will remain through the entire camping season.

Tompkins is married and is a former Scout. His services were secured through Dr. Doyle Patton of Midland, a member of the council's health and safety committee.

Stock Market Slide Shows Signs Of Halt

NEW YORK—(AP)—The stock market showed signs of snapping out of a three-week decline Tuesday.

Numerous issues which have been under constant pressure managed either to remain at Monday's close or even inch ahead. At the same time, many recently weak shares continued to fall back.

The result was a fairly even mixture of small gains and losses.

Monday the market took one of the sharpest drops of the year and the general price level cracked to a two-year low.
