

Permian Basin OIL & GAS LOG

James C. Watson
Oil Editor

The Midland Reporter-Telegram

VOL. XXI—NO. 79 (P) Means Associated Press MIDLAND, TEXAS, THURSDAY, JUNE 9, 1949 TWO SECTIONS—TWENTY-TWO PAGES Price Five Cents

WEATHER
Considerable cloudiness with scattered showers in the Panhandle, South Plains and east of the Pecos Valley Thursday night. Not much change in temperature. Maximum temperature Wednesday 88 degrees. Minimum Thursday 61 degrees.

Strawn Flows Big At Humble Wildcat For Runnels Strike

Prolific flowing oil from the Strawn line of the Pennsylvanian has been discovered in Northwest Runnels County.

The strike is at Humble Oil & Refining Company No. 1 Sallie Odum, wildcat 10 miles southeast of the town of Blackwell, 785 feet from north, 860 feet from southeast lines of Felix Sosa survey.

Recovery of clean oil showed top of the Strawn pay formation at 5,241 feet. In drilling ahead, the oil bearing zones were found to be in streaks.

Flows 236 Minute

The first flow came on a 95-minute drillstem test at 5,418-40 feet, showing gas in three minutes and oil in 36 minutes. The well flowed an estimated 15 to 20 barrels of oil per hour through one-inch by five-eighths-inch chokes.

Corrected gravity was 43.5 degrees. There was no water. Recovery was circulated out.

Making new hole to 5,458 feet, the venture again was tested. Packer was set at 5,411 feet. Gas reached the top in three minutes and flowed at a rate estimated as 300,000 cubic feet per day.

Oil flowed at the surface in 15 minutes, estimated at making 35 barrels of oil per hour. On last report, drillpipe was being pulled.

This development is scheduled to set a string of 5/12-inch casing, make a few more feet of hole and start production tests to complete.

Forest Squeezes In Ector Clear Fork

Forest Oil Corporation No. 1 Phillips-TKL, Central-West Ector County probable discovery from the upper section of the Clear Fork Permian, has set a retainer at 5,937 feet, and squeezed 50 sacks of cement between that point and the total depth at 6,209 feet.

The squeeze is to try to eliminate water in the lower section of the Clear Fork.

This project, located in the undeveloped region between the Goldsmith and the TKL fields, and 680 feet from north and east lines of a northwest quarter of section 25, block 48, TP survey, T-1-S, and 20 miles northwest of Odessa, swabbed 60.4 barrels of new oil in 11 hours, with a shakedown of from eight-barrels of one per cent to nine per cent basic sediment and acid water, from the perforated zone at 5,740-875 feet, after that interval had been treated with 2,000 gallons of acid.

Sinclair Secures Pipe On Bottom In Borden

Sinclair Oil & Gas Company No. 1 Williams, Northwest Borden County, discovered for commercial production from the Mississippi and Pecan from the Ellenburger, cemented a string of 7-inch casing at 10,023 feet below the surface.

That would put the casing approximately at the bottom of the hole which is 10,035 feet below the rotary table.

A total of 750 sacks of cement was used to secure the pipe. Operator is to wait 72 hours before drilling the plug and starting production tests through the perforations in the various zones between 9,830 feet and 10,000 feet, which showed oil in drillstem tests.

The exploration is 11 miles northwest of Gall, and 680 feet from north and east lines of section 45, block 32, TP survey, T-6-N.

Spraberry Makes No Shows In Lynn Test

Barnsdall Oil Company No. 1 Williams, Central Lynn County wildcat, four and one-half miles southwest of Tahoka, and 680 feet from north and west lines of section 2, block 8, EL&PR survey, ran a 90 minute drillstem test in the Spraberry section of the lower Permian at 7,949-82 feet.

Recovery was the 1,000-foot water blanket, with no shows of oil, gas or water. There was no other fluid in the drill pipe, when it was pulled. No pressures were reported. The venture is drilling ahead under 7,215 feet in sand, shale and lime.

Tex-Mex Schedules Kelly West Flanker

One mile west outpost to the Kelly field in Central Scurry County has been staked as Tex-Mex Drilling Company, et al, of Dallas No. 1 T. W. Doss well.

It will be 300 feet from east and 500 feet from south lines of the lease in section 206, block 97, H&TC survey, about five miles west of Snyder.

With rotary tools, the exploration is starting immediately to 7,200 feet, projected to attempt production in the Canyon lime of the Pennsylvanian.

Midland Men Slate North Snyder Test

Castleman & O'Neill, J. R. Hunter, et al, of Midland, have filed an application with the Railroad Commission of Texas, requesting permission to start operations within two weeks at their No. 1 A. L. Wren, an outpost to production in the (Continued On Page Eleven)

More FBI Secret Papers Revealed

Lewis Calls Seven-Day Coal Strike

WASHINGTON—(P)—The 450,000 members of the United Mine Workers start a week-long strike Monday to underscore John L. Lewis' lecture in economics to the nation's coal industry.

Lewis told the industry Wednesday it has overproduced badly and the shutdown will help eat into the huge, 52-day supply of coal already mined.

"This period of inaction," he said, "will emphasize a lack of general stability in the industry and the dangers which will accrue therefrom if current harmful practices are not remedied."

And he added:

"The mine workers are required to protect affirmatively the human and property values inherent in the coal mining industry."

Lewis said the strike will be a good thing all around. Some mine owners agreed. An industry source at Pittsburgh said:

"Many coal producers will be glad to see a shutdown. It has been all outgo and little income recently because of supply backlogs."

Dissenting Opinion

But there were dissenting opinions.

President J. Atlee Schafer of the American Retail Coal Association said "Lewis is violating terms of the present contract by calling out miners prior to the expiration date."

As for the miners, their reaction was summed up by one UMW member who said: "John L. has always been right for us before, hasn't he?"

The strike comes on the eve of crucial negotiations for a new contract. By reducing the 65,000,000 tons of stocked coal above ground, the walkout will bolster Lewis' bargaining position. It also will make more effective any new "No contract, no work" strike he might call in July. The present industry agreement expires June 30.

Coal Strike May Doom T-H Repeal

WASHINGTON—(P)—Bitter resentment against John L. Lewis seethed Thursday among senators trying to get rid of the Taft-Hartley Law's emergency injunction provision.

Those lawmakers claimed privately the United Mine Workers' chief, in ordering a week's shutdown of the coal pits, probably killed any chance for scrapping the section which calls for court orders to halt strikes threatening the national welfare.

Some senators who favor the Taft-Hartley Law figured Lewis' action strengthened their position all along the line.

Word that Lewis had ordered the miners out of the pits for a week starting Monday reached the Capitol Wednesday while the Senate was debating the Administration's bill to repeal the T-H Act.

Neither that bill as drafted nor a compromise version backed by the Senate's Democratic leadership contains any injunction provision.

Public Comments Mild

The Taft-Hartley Law does, and the government has used the provision in the past to halt a Lewis-ordered shutdown. Lewis himself has demanded repeal of the Taft-Hartley Law and he has bitterly denounced the injunction section.

Those circumstances increased the amazement of senators who are plugging for elimination of the T-H injunction section.

Their comments for publication are mild compared to their private remarks about the Lewis move.

One senator told a reporter "I'm really bitter about this—it couldn't have happened at a worse time."

Another said: "I find it hard to believe. I thought he wanted to get rid of this law."

Still another wondered whether the Lewis action was prompted by his bitter clash with Presidents Philip Murray of the CIO and William Green of the AFL over strategy in the Senate labor fight.

Lewis said the two other labor leaders reportedly had made "secret" deals to accept the compromise bill instead of the flat repealer. They both fired back heatedly. Murray accused Lewis of "malicious libels." Green said the UMW leader had "put himself in a class with Senator Taft."

Winds, Rains Again Slash Wide Sections Of Texas

By The Associated Press

A 70-mile wind struck the Laredo area during a brilliant electrical storm early Thursday.

Trees, signs and fences were blown down and at the Laredo Airport a plane was overturned.

Heavy rain and hail also battered the South Plains Wednesday night, bringing further damage to wheat and cotton.

A severe electrical storm struck the Plainview area Wednesday night and 62 inch of rain fell. Some wheat was leveled by heavy winds. Cutting operations will be halted until early next week.

Rain fell Thursday at Beaumont, Corpus Christi, Victoria, Galveston, Houston, Wichita Falls, San Antonio, San Angelo, Lubbock, Childress, Brownsville and Palacios.

Rainfall Totals

The Weather Bureau gave these rainfall totals for the 24-hour period ending at 6:30 a. m. Thursday:

San Antonio 2.76 inches; Houston 1.74, Beaumont 1.74, Laredo 1.63, Childress 1.42, Lubbock 2.18, Abilene .65, Austin .62, Corpus Christi .80, Del Rio .52, Odessa .46, Alice .37, Victoria .44, Junction .90, Dalhart .65, and Galveston .02.

Kent Creek, near Turkey in Hall County, went on the biggest rampage in 10 years. Unconfirmed report (Continued On Page Eleven)

He's Just Lucky

WALNUT RIDGE, ARK.—(P)—Arkansas state police reported Thursday a 10-year-old boy said he slammed shut the door of an unused ice box, causing deaths of three other children.

Police Lt. H. R. Peterson identified the boy as James (Buddy) Chesser, uncle of one of the victims.

The police officer quoted James as saying the children were playing "I-spy," when all three climbed into the old-fashioned wooden box last Friday.

Then, Peterson continued, the boy said he shut the door of the box and was unable to get it open.

"My mother called me then to go to the store. I was scared. I ran home and went to the store. Then I forgot."

Wage Boost Ends Atom Strike Threat

OAK RIDGE, TENN.—(P)—An eight-cent-an-hour wage increase has headed off what would have been the first strike in a government atomic plant.

Just before the old contract expired Wednesday midnight, the CIO United Chemical Workers and officials of the Carbide and Carbon Chemicals Corporation agreed on a new contract.

It assured continued production of the vital atomic bomb element Uranium 235—in the plant here.

Two thousand atomic plant employees had threatened to strike Thursday if their wage demands were not met.

San Angelo Fights Polio

Children in San Angelo watch Texas Health Department employees in the process of spraying DDT over vacant lots in the city's residential districts. A recent increase in polio cases led to the temporary closing of schools, theaters and swimming pools. The kids, hoping to get back to their regular vacation routines, ride with the spraying crews to see the job is done right.

Historical Pageant Scheduled In July

"Trail Days," one of the greatest celebrations ever scheduled in West Texas, will be staged in Midland the Fourth of July weekend, July 1, 2 and 4, sponsors announced Thursday.

An historical pageant, "Frontiers of Progress," will be presented each of the three nights at the grounds of Midland Fair, Inc., on East Highway 80.

Acheson Moves To Force Red Decision On East-West Trade

PARIS—(P)—Russia was expected to reject Thursday the request of Secretary of State Dean Acheson that the "little blockade" of Berlin be lifted by Monday.

At the same time Western authorities who have been conferring with the Russians in Berlin asserted that an East-West trade agreement—virtually concluded—could go into effect almost immediately were it not for the Berlin rail strike.

The Western powers have told the Russians to order the Soviet-controlled railways to management to meet the strikers' demands and end the walkout or there would be no signatures on the trade agreement.

Western officials in Paris saw Acheson's demand as a move to force the Russians to make up their minds exactly what they want to achieve in Berlin. They said the Russians actually desired a trade agreement with the West and were using the Foreign Ministers Conference in Paris as a smoke screen to hide their eagerness.

Do Not Be Misled By Soviet Peace Talk, Bevin Warns

BLACKPOOL, ENGLAND—(P)—Foreign Secretary Ernest Bevin Thursday described the Atlantic Pact as a Western shield against the biggest army in the world—Russia's.

"It is the largest army, the greatest power in the world that is mobilized today," Bevin told the annual Labor Party conference, "and I want to see that brought to an end, not by war but by example, by obtaining firm ourselves."

Obviously referring to the Soviet Union, the foreign secretary said: "There has never been a dictator in the history of this world who has not talked peace when he had been preparing for war."

"Do not be misled."

Two Men Killed In Jet Bomber Crash

SHREVEPORT, LA.—(P)—Barksdale Air Force Base reported two men were killed when a B-45 jet bomber crashed and burned near here Thursday. A third man was injured.

The plane was attached to the 4th Bombardment Wing at Barksdale.

Details were not available immediately.

Right On The Head; His Head, That Is!

DALLAS—(P)—William Martin was holding a picture as his wife got ready to drive a nail into the wall.

Wham! Right on the head—Martin's head.

He was treated at a hospital for a half-inch gash where the hammer landed.

Movie Actors Declare Red Charges Lies

WASHINGTON—(P)—A secret report read Thursday to the jury trying Judith Coplon on espionage charges indicated the FBI was keeping track of what went on at the Soviet Embassy.

The document told in detail about the activities of embassy officials and included the text of an application filed by Leona Saron for a job on the Soviet Information Bulletin.

The Saron woman was not identified further in the report but it said she once lived with another woman suspected of being a Communist espionage agent.

It also mentioned that Valentine Sorokin, described as second secretary of the embassy, was "under separate FBI investigation."

Valli M. Zubilin, identified as a former second secretary, was named as being a "known Soviet espionage agent."

The secret report is one of a series the government was ordered under protest to produce at the trial. One introduced Wednesday quoted FBI informants as describing Fredric March and other Hollywood figures as Communists. Those listed promptly denounced the report.

Government prosecutors declined to give reporters any hint as to how the operatives got their information. They only emphasized the secret documents are being read over their vigorous objections.

The judge told a defense attorney the reading of the Fredric March report indicated the FBI files contained "some matters that are wholly immaterial" in the Coplon case. He had the right to read them if he insisted.

Absurd, Says March

The report, which March branded "the most absurd thing I ever heard of," was produced over the vigorous protest of government informants. It said a confidential informant advised the FBI on April 25, 1947, that "Fredric March was a member of the Communist Party and has been cooperating for many years."

According to the report, the same informant—identified only as No. 402—told FBI Agents William J. (Continued On Page Eleven)

Low Wentz, Well-Known Oilman, Dies

PONCA CITY, OKLA.—(P)—Low Wentz, Oklahoma oil millionaire and Republican national committeeman, died at his apartment in the Arcade Hotel here at 8 a. m. Thursday. He was about 68.

He had been suffering from a heart condition since January of this year, but had asked that the information be withheld.

He suffered an attack of pleurisy last year and the heart condition was believed to have resulted from a blood clot following the attack.

Wentz went to the Mayo Clinic, Rochester, Minn., January 8, returning here a two and a half months later. Doctors had believed he was improving.

Exact Age A Secret

The colorful Republican Party leader was a bachelor. He had always kept his exact age a secret.

Although the guiding influence of the Republican Party in Oklahoma for many years, Wentz never had run for public office. Many times his candidacy had been sought in either the governor's or senatorial race.

His only period in official life was as chairman of the State Highway Commission.

Wentz came to Oklahoma from Mount Vernon, Iowa, his native state.

Erskine Motors Buys Willis Sales Company Building

Sale of the Willis Sales Company Building at 120 South Baird Street to Stanley M. Erskine, owner of Erskine Motors, was announced Thursday by J. J. Willis, veteran Midland and Odessa automobile and truck dealer. The terms of the deal were not announced.

The large, brick building was erected by Willis in 1945-46, and includes office space, show rooms and service quarters. The structure corners on Baird and Missouri Streets.

Erskine has the Lincoln-Mercury dealership in Midland. Erskine Motors will occupy the building.

Willis has been the Packard, GMC Truck and Willis-Overland dealer in Midland a number of years. He said he is relinquishing the agencies here, but will continue as Packard and Willis-Overland dealer in Odessa. He also owns and operates a farm in Midland County.

The firm will be closed Friday and Saturday for inventory, and will open Monday as Erskine Motors. The Erskine firm will service Packard, GMC and Willis-Overland cars and trucks for the time being, Willis stated.

B-36 Bomber Probe To Start In July

WASHINGTON—(P)—The House Armed Services Committee planned Thursday to have its investigation of the B-36 bomber underway by the first week in July.

The probe was authorized Wednesday by unanimous vote. The investigation will cover the history of the B-36, now the Air Force's mightiest bomber, and circumstances connected with its purchase by the Air Force. It also will include national air power policies and Air Force plans for buying other planes.

★ LATE NEWS FLASHES ★

WASHINGTON—(AP)—The Senate Thursday confirmed Mrs. Georgia Neese Clark of Kansas as the first woman treasurer of the United States. The action was unanimous.

WASHINGTON—(AP)—A House Administration subcommittee voted 4 to 3 Thursday to defer action on anti-poll tax legislation until the Judiciary Committee has time to consider a proposed constitutional amendment allowing the states to decide whether to outlaw poll taxes.

WASHINGTON—(AP)—The House Armed Services Committee voted 26 to 1 Thursday to take another crack at getting a military pay raise bill through Congress.

WARSAW—(AP)—A military court in Wroclaw sentenced three high ranking officials of the coal industry to death Thursday. They were convicted of "economic sabotage."

Hamlin Says Spraying Of House Not Ordered

H. H. Hamlin, plaintiff in a damage suit against the City of Midland, said Thursday he did not contract with the city to have his residence sprayed with DDT as was stated in Wednesday's issue of The Reporter-Telegram.

A district court jury late Tuesday awarded Hamlin, et al, a judgment for \$7,728.25 to cover damages incurred to his residence at 700 West Kansas Street and loss of personal possessions in an explosion and fire Aug. 13, 1948. The explosion and fire occurred while a crew was spraying the residence with DDT.

Tornado Kills Three In Nebraska Village

BEVIDERE, NEB. (AP)—This Southeastern Nebraska village struggled Thursday to recover from the effects of a tornado which killed three and injured seven.

The main part of town was without lights, only one telephone was in operation, the water supply was threatened by the power cut-off and one building was demolished and several others were in shambles.

The tornado struck without warning about supertime Wednesday night, sweeping down the main street of this village of some 300 persons, it leveled a cafe and dance hall and partly wrecked a bank, the postoffice, a lumber yard, and a locker plant.

The three who were killed all were in the cafe-dance hall, a two-story brick building. They were 11-year-old Orville Belle, Jr., son of the operators of the cafe, Dwayne Elwood, about 22, Marysville, Kan., railroad signalman, and Elmer Polage, 20, Bevidere railroad section-man.

The eight injured were in the same building when the tornado struck. Five of them were hospitalized at nearby Hebron and two others at Hastings, Neb. None was injured critically.

Two tornadoes also were sighted at Hebron, eight miles south of here. Neither struck the town itself but two farms nearby were damaged. No one was injured.

Home Being Sought For Two Brothers

Mrs. Willie Harding, supervisor of the Midland County Child Welfare Unit, said Thursday a desirable home is being sought for two brothers, 12 and 14 years of age.

The boys' mother is dead and the father, a laborer, says he is unable to provide a suitable home since he is away a good part of the time, Mrs. Harding said.

Interested persons should contact Mrs. Harding at her office in the courthouse.

Wheat Prices Rise In Response To New U. S. Loan Program

CHICAGO (AP)—A new twist to the government wheat loan program was seen Thursday as highly attractive to farmers.

Grain men here felt the new program, announced Tuesday by the Agriculture Department, would cause wheat to be held back on farms. It should prevent markets from becoming glutted and prices from slumping sharply below government loan levels, they said.

Wheat prices responded to the announcement of the new program Wednesday with wide advance, particularly in the Southwest. Cash wheat bounded up 3/4 to 11 cents a bushel at Kansas City. Wheat futures rose 1/2 to 5/4 cents at Chicago.

In Chicago, traders who were short in wheat futures, expecting prices to drop at harvest time, felt Agriculture Secretary Brannan had pulled a new rabbit out of his hat.

Government attorneys closely questioned W. E. (Rede) Sandberg Wednesday. Sandberg is president of the Texas City Terminal Railway. He told U. S. Attorney Joseph Cash he had received conflicting reports about the explosive qualities of ammonium nitrate fertilizer.

The French ship Gramcamp, loaded with the fertilizer, exploded two years ago, leaving more than 500 persons dead or missing.

Tornado Warning System Is Planned
SHREVEPORT, LA. (AP)—Plans have been completed for the building of a storm warning system for the Ark-La-Tex area.

Weather Bureau officials and civic officials arranged for the system here Wednesday.

The French ship Gramcamp, loaded with the fertilizer, exploded two years ago, leaving more than 500 persons dead or missing.

Hill Released From Hospital Thursday
James E. Hill, Jr., was released Thursday from Western Clinic Hospital, where he was treated for injuries received in a highway accident.

The accident occurred last Friday night on the Andrews Highway.

In July, the following 4-H girls will give the demonstration to members of the Terminal Home Demonstration Club: Dottie Sneed, Dorothy Ash, Jo Ann Sellers, Catherine Connolly and Sarah Segrest.

New Devices For Small Fry Display Space-Saving Magic

Retractable wheels and extension sides on this new device for baby convert it from pram to playpen (inset). Plastic-screened sides fold flat for compact storage.

By KAY SHERWOOD
NEA Staff Writer
NEW YORK (NEA)—New multi-purpose accessories for the high-chair set promises Baby the life of Riley and his parents easier living quarters for coping with limited living quarters.

Among intriguing new designs which took the spotlight at the recent Our Children's World Exposition at Grand Central Palace were triple-duty carriages, hobby horse chairs, and bathtubs with built-in scales.

A combination pram-playpen, for example, when opened up yielded as many surprises as a Chinese box. Expanded to its full size, this new invention looks like a regulation square playpen with welded aluminum base and plastic-screened sides.

For its first performance, the grooved sides telescope to form a rectangular-shaped bassinet. For the next act, bassinet can be mobilized for pram service. A flick on a lever swings down retractable wheels from the base. The removable handle is attached by slipping it into a slot. For storage plastic-screened sides are hinged so that they may be folded flat against the base and the entire unit telescoped into a minimum of space.

Equally inventive in design is another multi-purpose carriage. This carriage has a removable basket which hooks easily and firmly onto the metal chassis. The hinged chassis folds flat for carrying or storage. With the detachable handle removed, the carriage can be covered with ruffled skirt and used as a bassinet.

The basket, lined with quilted waterproof vinyl plastic fabric for easy cleaning, has carrying handles and is shaped to fit into front or back seat of a car.

One tiny chair of modern design doubles as a rocking horse when Junior reverses his position and sits backward. Made of birch with webbed back, the chair has extra long rocker arms and bars to brace feet and hands.

A folding baby-bath has scales and thermometers for testing water and room temperatures built into a dashboard panel. These gadgets are placed at one side of the bath accessory to keep baby's paraphernalia reduced to a minimum.

New baby carriage which this mother is assembling has a folding metal chassis with detachable handle and plastic-lined basket. In a few seconds, carriage is set up and basket hooked in place for promenade (inset).

Reds Close Yangtze Mouth To Shipping

SHANGHAI (AP)—The mouth of the Yangtze River was closed to navigation Thursday by the Communists, who feared it had been mined by Chinese Nationalists.

A pilot said as he proceeded up the river Thursday he saw a medium sized Nationalist landing ship zig-zagging across the river's mouth as if mines were being laid. He said a Nationalist gunboat warned him the area was dangerous.

Customs officials said if mines were laid it was in violation of international law, which requires that any area mined first must formally be declared a war zone.

Two foreign ships were caught in port by the navigation closing order. They are the British Ship Shenking, which was to sail for Hong Kong, and the United States Lines' China Victory. The United States Lines President Folk is due here Friday but customs officials said they understood it had been diverted.

Seven foreigners who tried to enter Shanghai were compelled to remain aboard the Shenking. Two of them are Americans.

Coming Events

FRIDAY

Ladies Golf Association will have its weekly luncheon at 1 p.m. in the Midland Country Club with a style show for entertainment. Hostesses will be Mrs. Raymond Leggett and Mrs. John Redfern.

Do-Si-Do Square Dance Club will meet for dancing at 8 p.m. in the Midland Officers Club building in Midland Airpark.

Promenaders Club will have a square dance in the City-County Auditorium at 8 p.m.

County Home Demonstration Club Council will have its June meeting at 2:30 p.m. in the assembly room on the third floor of the courthouse.

SATURDAY
Children's Story Hour in the Children's Room of the Midland County Library will start at 10:30 a.m.

Midland Panhellenic will entertain with a coffee from 10 a.m. to 12 noon in the Scharbauer Hotel.

Class Members Will Make Weekend Trip

Approximately 20 members of the Young Adult Class of the First Methodist Church will leave Saturday for Abilene State Park for a weekend outing. They will be accompanied by Tom Edrington, teacher, and Mrs. Edrington.

Girls are scheduled to leave at various times Saturday. Class members who plan to make the trip but have not notified committee members are asked to telephone Carolyn Oates or Billy Wolfe. They, with Jim Pickens, have made the arrangements for the trip.

Swimming, horseback riding and other sports are scheduled for entertainment for the two days, and worship periods for Sunday. The party will return Sunday afternoon.

Britain Celebrates Birthday Of King

LONDON (AP)—More than 100,000 persons jammed Central London Thursday to hail their king on his official 53rd birthday with a revival of prewar pomp and military splendor.

The colorful, traditional ceremony was staged for the first time since 1939.

The king's birthday was December 14, but the nation celebrates it officially on June 9 because June weather is better suited to such a celebration.

Enrolment In Vacation Bible Schools Reaches 280; Others Are Scheduled

Two hundred eighty children are enrolled in vacation Bible schools in Midland this week and many more will be during the next two weeks.

The First Baptist Church school, which began June 6, has an enrollment of 230. The Rev. Raymond G. Hall is the superintendent. Beginning at the same time, the First Assembly of God Church school has enrolled 50 children.

Mrs. Marshall Blocker heads this school. Both will close with commencement exercises Wednesday.

Scheduled Next Week
The First Christian Church and the First Methodist Church will begin their Bible schools Monday, to continue through June 24.

Mrs. Sidney P. Hall will act as superintendent of the First Christian school. The dean of the First Methodist school will be the Rev. H. H. Hollowell, pastor.

Beginning Monday and closing Friday night with commencement exercises, the Calvary Baptist Church vacation Bible school will have as its principal the Rev. A. L. Teaff. Preparation day for this school will be held Saturday at 9:30 a.m., when children are to enroll.

The Nazarene Church will conduct Bible school sometime in August. No date has been set.

Both the First Presbyterian Church and the Asbury Methodist

Church are waiting for the completion of their new buildings before scheduling their vacation schools. The Asbury Methodist Church was forced to postpone the school which had been scheduled for June 6.

The general program for most of the schools includes songs and marching, Bible study, character stories, notebook work, handicraft and recreation. Most of the schools will have a commencement program which will include songs, scriptures, and stories giving an indication as to what the children have learned and a display of the handwork and notebooks.

AFL Needs Revolving Door

John L. Lewis wants to bring his 600,000 United Mine Workers back into the AF of L corral again. The AF of L can be forgiven if it is growing a bit tired of opening the gate to let him in and out.

If he got back, this would be Lewis' third stay inside the fence. The granite-faced mine chieftain last took his men out of the federation in December, 1947. That was after he lost a convention fight in San Francisco to persuade the AF of L to boycott the Taft-Hartley Law.

On that occasion Lewis acted with contemptuous courtesy. To William Green, aging federation president, he addressed a message that read simply: "Green—we disaffiliate—Lewis."

Whatever he thought of that treatment, Green recognizes Lewis as a vital ally in labor's current fight for repeal of the Taft-Hartley Act. Two weeks ago they conferred on repeal strategy. It was at that time, Green says, that Lewis bid for a return to the fold.

One published report has it that Lewis' terms are those he made at San Francisco, namely, that the AF of L boycott Taft-Hartley. This is hard to believe, for Lewis must know that the federation plans no change of policy despite its hatred for the 1947 labor statute.

Other accounts suggest Lewis is eager to come back on any terms at all. One top AF of L leader says the miners' boss is thinking of his July 1 contract showdown with coal operators. With the full resources of the AF of L behind him, his bargaining position would be stronger than now.

Other federation officials believe Lewis is experiencing another surge of ambition to become AF of L president when the 75-year-old Green retires. Lewis frequently has denied that ambition. But the reports gained strength when he recently hired a public relations firm to "popularize" him. That agency declared that behind his stony facade beats a warm heart, the heart of a man who loves children.

Members of the AF of L's executive council seem unconvinced. They indicate their strong opposition to Lewis' return, and especially to any post of high authority.

From one year to the next, some sort of Geiger counter would be handy in locating Lewis in the labor movement. In 1936 he led the newly formed CIO industrial unions out of the parent federation. Six years later, he detached his miner from the CIO, having previously resigned as CIO president in accord with a pledge to do so if Wendell Willkie were beaten for president in 1940.

In 1946, Lewis rejoined the AF of L and was made a vice president and member of the executive council. This was the status quo until late 1947, when the federation incurred his displeasure.

No doubt the federation would like those 600,000 miners back. But its leaders must wince at the thought of putting up again with Lewis' unpredictable behavior, which often resembles a cold war against almost everybody.

With all the other changes in autos, why not eliminate the windshield wipers so cops won't have any place to put those traffic tickets?

Too much dancing is apt to affect the heart, says a doctor. Too much sitting out is sure to!

Back-Seat Driver

DREW PEARSON ON The WASHINGTON MERRY-GO-ROUND

(Copyright, 1949, By The Bell Syndicate, Inc.) Drew Pearson says: Liberal Senator Douglas edges over toward Republicans; Public-housing bickering frays congressional tempers.

WASHINGTON—Liberal Democrats are doing some frantic missionary work on Illinois' strong-willed Senator Paul Douglas to steer him away from his right-wing drift.

When Douglas ran for the Senate last fall the charge of pink and left-wing radical was constantly hurled at him by the Chicago Tribune. Friends of Douglas knew this was anything but true. But they did not know, once elected to the Senate he would veer so sharply to the right. Now some of the senators who were elected in the same senatorial turnover last November fear their colleague actually is edging over to the Republicans.

What really worries the Democrats is that Douglas has been conferring privately with Republicans on the Taft-Hartley Law. He also favors more compromises than the administration approves, won't accept a flat 75-cent minimum wage, and is even more vigorous than Republicans in advocating economy.

Other liberal senators who rode the Democratic tide into the Senate with Douglas last November—such as Humphrey of Minnesota, Anderson of New Mexico, Kefauver of Tennessee—have tried backing Douglas into a corner and giving him a friendly pep talk.

But one senator complained: "It's not me. He just gets his back up and bristles." Another liberal colleague tried to explain Douglas's behavior: "He's just knocking a few balls out into right field to prove that he's not a radical and a Communist."

McKenney on Bridge

By WILLIAM E. MCKENNEY American's Card Authority Written for NEA Service

It might seem odd that I should select as a lesson hand a six-spade contract which can be defeated by tricks if the right opening lead is made. However, there are two good lessons here.

I have talked to you often about selecting the right opening lead, and have said that in a large percentage of hands, analysis and elimination will make the correct lead quite obvious. The natural opening in this hand is the king of hearts, but that cannot be cor-

Bridge hand diagram showing cards in each suit (Spades, Hearts, Diamonds, Clubs) and a Dealer box.

Lesson Hand—Both vul. South West North East. Opening—♥K

West holds seven hearts, and his partner has bid as if he held four certainly not less than three. Therefore, it will can be expected that North or South is void.

Is a club the best opening? Let us analyze that. West's partner has doubled six spades, and he has doubled on high cards which are more apt to be in diamonds than in clubs. West's fourth club may be very valuable to protect that suit.

If West held three diamonds to the queen, maybe the club lead should be selected, but with only two diamonds, West's opening should be the diamond queen. East and West will take the first three tricks and set the contract.

THE DOCTOR SAYS

Pernicious Anemia Treatment Has Been Greatly Improved

By EDWIN P. JORDAN, M. D. Written for NEA Service. The first accurate account of pernicious anemia was given by the famous English physician, Thomas Addison, in 1855. No better description of the symptoms has ever been presented than his: "It makes its approach so slow and insidious a manner that the patient can hardly fix a date to the earliest feeling of that languor which is shortly to become so extreme. The countenance gets pale, the whites of the eyes become flabby rather than wasted."

"There is an increasing indisposition to exertion, with an uncomfortable feeling of faintness or breathlessness, to the very last. The whole surface of the body presents a blanched, smooth, and wax-like appearance. . . the appetite falls, extreme languor and faintness supervene. . ."

"The debility becomes extreme . . . the patient can no longer rise from bed; the mind occasionally wanders; he falls into a prostrate and half-comatose state, and at length expires; nevertheless, to the very last . . . the amount of obesity often presents a most striking contrast to the failure and exhaustion observable in every other respect."

"This disease was until 1926 a serious one, not too uncommon, and with a wholly unsatisfactory treatment. Many of the finest medical investigators were baffled. Finally, as a result of studies in dogs and clinical observations in man, treatment with liver was established. Today, patients with pernicious anemia almost invariably can be successfully treated. Treatment is continuing to improve. Recently Vitamin B12 has been crystallized and used. So far the results have been highly encouraging. The results are now so satisfactory that

WASHINGTON COLUMN

Air Force Contract Maneuvers Send Aircraft Industry Reeling

By PETER EDSON NEA Washington Correspondent

WASHINGTON—The House Armed Services Committee investigation of the \$750,000,000 Air Force procurement program on B-36 six-engine super bombers has several angles. Most important is the Air Force's cancellation of eight contracts for 470 planes valued at \$500,000,000, on order from six manufacturers.

These cancellations have thrown the aircraft industry into something of a tailspin. There may be no crashes. Many of the aircraft manufacturers have other business that will keep them solvent. And the government will pay the costs of all losses caused by contract cancellations.

The net loss to the government on this is expected to run about \$50,000,000. The Air Force will get no new planes for this money. It is a complete waste of the taxpayer's money.

Neither Air Secretary Stuart Symington nor any of the general staff has ever made any full explanation on these contract cancellations. The issue hadn't arisen when the Air Force was before the House Appropriations Committee for its 1950 budget. There will be a chance to do some talk explaining before the Senate Appropriations Committee, as well as before the House Armed Services Committee probe.

With Tough Decision Briefly, Symington takes a line something like this: "The Air Force has a five-year modernization program, approved by Congress. It is scheduled for completion in 1953. The program for 1949 procurement was fixed in May, 1948. Congress appropriated \$1,500,000 for the year's work. In October came a switch in the fighter procurement program. An order for 100 Republic F-84-C planes was cancelled. The contract for this order had not been signed, so there was no great loss here.

Then an order for 88 Curtiss-Wright F-87s was killed. This was a huge four-jet fighter which did not come up to expectations in tests. Money for this plane was therefore switched to procurement of the Northrup F-89 night fighter, a more advanced plane. In a way, this is what happened in the Air Force decision to switch to greater production of B-26 bombers. Not a single B-36 bomber had been included in the original 1949 production program. First tests indicated the plane was not as good as expected.

But in December, tests at Muroc Lake, Calif., and Elgin Field, Fla., began to disclose that the B-36 was "invulnerable" to fighter attack at 40,000 feet. This gave the Air Force planners a tough decision to make. Should they continue with their May production program just because it was in the works? Or should they cancel existing contracts for less desirable planes to concentrate on production of more B-36s?

They made the latter decision. They thought it would result in greater ultimate saving. On Jan. 12 the Air Force canceled \$300,000,000 worth of contracts. It is of course easy to criticize all this switching of plans. Why all this second guessing? Why couldn't the brass make up its mind and stick to it? Why didn't the generals know in advance what planes were better than others? That's why they're there.

But what would you do if you were an Air Force general in the same position? Suppose somebody came along and convinced you that a new plane was better than an old one? Would you keep on building the old ones? Or would you switch to the new model, even if it cost you money? Wouldn't you be subjected to even worse criticism if you didn't change over to a new model?

The effects of this change in

plans on the aircraft manufacturing industry must of course be taken into consideration. Congressman Chet Holifield of Los Angeles has charged that cancellation of the North American contracts caused the layoff of 3600 skilled workers with an \$18,000,000 annual payroll. Stopping Boeing's B-54 production meant cancellation of over 100 subcontracts and cancellation of a big order for Pratt and Whitney engines.

What the other companies lost—Consolidated-Vultee Aircraft Co. of Council Bluffs, Iowa, for example, gained in larger orders for the B-36. And when you couple on the fact that Defense Secretary Louis Johnson was formerly a Consolidated-Vultee director, this kind of business is all the easier to criticize.

Individual aircraft manufacturers can't openly criticize their competitors or their best customer—the U. S. government. But the aircraft industry as a whole is at the first line of defense. Sweeping orders on it this way doesn't contribute to its stability.

Questions and Answers

Q—How fast do the wings of a hummingbird vibrate? A—The wings of a hummingbird are so used that they completely reverse at each stroke, so that the top of the wing is on the bottom and the bottom is on top. So rapidly do these wings vibrate that we see only a blur. Moving pictures have made it possible to count the vibrations, which were found to average 50 per second.

Q—The elections of what three presidents were decided by the House of Representatives? A—The elections of Thomas Jefferson over Aaron Burr, John Quincy Adams over Andrew Jackson, and Rutherford B. Hayes over Samuel Johnson.

Q—When did table forks become popular? A—Table forks began to be used freely in Italy about the end of the 15th century, to save soiling fingers which previously had lifted all food to the mouth. Forks were not common in England until the end of the 17th century and then usually had two or at most three tines for over 100 years more.

Q—Where was the first permanent settlement in California? A—San Diego, settled by the Spaniards in 1769.

Q—Where is Woodrow Wilson buried? A—in the Cathedral of St. Peter and St. Paul, Washington, D. C.

Beaumont Considers Taxi Jitney Service

BEAUMONT—(AP)—A bus strike in Beaumont and Port Arthur has caused a taxi-jitney service to be organized Thursday with officials attempting to work out some local transportation system to relieve the tie-up.

Mayor Otto Plummer and representatives of the Beaumont Taxicab companies conferred Wednesday and there were indications a jitney service was being considered.

have come back and shot him after he'd lit the fuses." "No," Stillwell said. "If any of us had shot a dynamite, we'd have stepped forward and got a medal."

"That's reasonable," Bea admitted. Fred Stillwell nodded soberly. "I don't much like the spot I'm in. I can take care of myself, but telling you this gives me a little protection. It'd be harder to get rid of us both."

"Swell of you to include me in," Bea said. "Skip the sarcasm. You're in already and you know it. This island! I wish we'd get away. It's beginning to give me the creeps. Now, the rifle. I want it. We'll have to figure out some way to get it from George."

MABEL JONES flung down an armload of wood and watched Bea Cosgrove stack it around a central post. "It gives us something to do," Mabel said. "We won't sit around and mope."

"You sound as if you expected to be here a long time." "Why not? The Simpsonson isn't due back for a couple months. We were to have a three-month trial, remember. About our only other chance is a fishing boat, and this kind of weather they'll be smart enough to be somewhere else."

Bea kept still, put the last few pieces of wood on the growing pile. "And what difference does it make anyhow? To the three of us and Harding, I mean. The outsiders want to leave, sure. But we can't leave. We've got to stay. I don't see the loss of the houses, some comforts and supplies makes much difference. We still got the island. We can still live. I don't get this concentrating everything on being 'rescued.' Rescued from what?"

"Harding wants to get some more supplies." Mabel shrugged. "That's all right too, if he wants it. We still have plenty of stuff buried though. We can get it at eventually. We could have a goodly amount of what's on hand." (To Be Continued)

Bridge Party Given In Jim Foster Home

BRIDGE—Mrs. Dean Culp, Mrs. Betty Robinson and Mrs. Jimmy Foster were hostesses recently at a bridge party in the Foster home of the Texas-New Mexico Camp. Mrs. Jim O. Coffey won high score, Mrs. L. S. Adcock won consolation, and Mrs. Hugo Huffman, bingo.

Refreshments were served to Mrs. John Webb, Mrs. R. V. Wilson, Jr., Mrs. E. M. Frost, Mrs. Mike Minnehan, Mrs. R. N. Hester, Mrs. W. R. Hamblett, Mrs. W. O. Bowers, Mrs. Jim Newsom of Sweetwater, Mrs. Roy Moore, Mrs. B. F. Mitchell, Mrs. Joe Boyd, Mrs. W. W. Allman and Mrs. S. F. Robinson.

Pan-Hellenic Coffee Scheduled Saturday

The first social event for the recently-organized Midland Pan-Hellenic has been scheduled for Saturday, a coffee in the Scharbauer Hotel from 10 a. m. to 12 noon. Members of all the alumnae groups which make up the Pan-Hellenic will participate.

Organization of the association was completed early in May, and Mrs. A. E. Pettit is serving as the first president. The coffee will be the first of four meetings planned for the year.

Richland Honors Lady Banker Named As U. S. Treasurer

RICHLAND, KAN.—(AP)—Georgia Neese Clark, actress turned banker, took all the bows in this little Eastern Kansas town Wednesday night. And to attractive Mrs. Clark, President Truman's nominee for U. S. treasurer, it was one of her finest audiences.

Richland is her home town. Practically the entire population of 225, plus a couple of hundred outsiders, turned out to welcome her home from Washington.

The program went off with only one hitch.

There was so much excitement, the master of ceremonies forgot to call on Mrs. Clark for her formal reply to the welcome until the town preacher had started his benediction.

Richland knows Mrs. Clark well. They call her Georgia. She was born here 49 years ago and her neighbors have followed closely her career as an actress, a farmer, a grain operator, general store owner and bank president.

As U. S. treasurer, her signature probably would be the most widely circulated in the world. It would appear on all U. S. paper currency.

Mrs. Douglas Named Head Of Boone Class

Mrs. DeLo Douglas was elected president of the Boone Bible Class of the First Methodist Church at a luncheon in the Scharbauer Educational Building Wednesday. She will follow Mrs. F. A. Forrest in the office.

Officers were chosen under a new schedule which sets the class election in June instead of in the Fall. The retiring officers have served since last November. The change in election time was made to conform to the church year.

Elected to serve with Mrs. Douglas were Mrs. J. C. Mayes, vice president; Mrs. C. W. Matthews, secretary; Mrs. George Peters, treasurer; and Mrs. J. P. Wilkinson, reporter.

May Wedding Is Announced

Mr. and Mrs. James Gordon Bird are announcing this week the marriage of their daughter, Mary Rebecca, to King Terry, Jr., of Alpine, son of Mr. and Mrs. King Terry, Sr., of that city, on May 23.

The wedding was solemnized in a simple ceremony in the Trinity Episcopal Church here by the Rev. R. Matthew Lynn, pastor of the First Presbyterian Church. Mr. and Mrs. Terry now are at home in Alpine.

The bride, after graduation from Midland High School, attended the Hockaday School at Dallas, the University of Texas and Sul Ross College at Alpine. Terry is a graduate of Texas A&M College and has served in the United States Army.

Nominee For State Office Among B&PW Convention Group

Delegates to the Business and Professional Women's Club here will attend the annual convention of the Texas Federation of Business and Professional Women's Clubs in Houston this weekend, and several other members from Midland will go along as convention visitors.

Frances Carter of the Midland Club will be one of the delegates, and also is a candidate for the office of state corresponding secretary. She was recommended for nomination by the Midland club, and her name was placed on the official slate by the state nominating committee. The other candidate for that office is Mrs. Cecil Canterbury of Dallas.

Mrs. Brunette Is Honored At Party

CRANE—Mrs. Marion Brunette was the guest of honor at a bridge party given recently in the home of Mrs. R. N. Hester with Mrs. R. V. Wilson, Jr., as co-hostess.

Mrs. Brunette left June 2 with her son for her home in Hollywood, Calif., after a two-month visit with Mr. and Mrs. E. F. Craig and Mr. and Mrs. C. P. Brunette.

Bridge was played during the evening with Mrs. B. F. Ware winning high score, Mrs. Kathleen Hogsett low score and Mrs. R. V. Wilson the bingo prize.

Refreshments were served to Mrs. E. M. Frost, Mrs. L. S. Adcock, Mrs. E. L. Ross, Mrs. Jewel Minnehan, Mrs. W. O. Bowers, Mrs. Vernon Pettit, Mrs. John Webb, Mrs. Jimmy Foster, Mrs. Brady Robinson, Mrs. Del Tomlinson, Mrs. Dean Culp and Mrs. Hugo Huffman.

House-Billingsley Wedding Announced

Friends here have received announcements of the marriage of Helen House, daughter of Mr. and Mrs. E. House of Tahoka, and W. R. Billingsley of Tahoka. The marriage was solemnized in that city Saturday.

The House family formerly lived in Midland, and the bride was employed in The First National Bank here.

Buttons-Bows Club Plans Wiener Roast

Members of the Buttons and Bows Square Dance Club met Wednesday and made plans for a wiener roast to be held June 22 in the home of Mr. and Mrs. W. C. Daniel. Members are requested to bring sufficient food for members of their own party.

Members voted to meet every other Wednesday throughout the summer months, instead of the usual weekly meeting. It was voted to increase the membership of the club to 50 couples.

Attending were Mr. and Mrs. W. C. Daniel, Mr. and Mrs. Bill Ireland, Mr. and Mrs. J. W. Campbell, Mr. and Mrs. Bob Shadden, Mr. and Mrs. Walter Stuedel, Mrs. Helen Hunter Rabalais, Mr. and Mrs. Chester Hart, Mr. and Mrs. Bob Deemer, Mr. and Mrs. Dan Oliver, Mr. and Mrs. Billy Blocker and Mike O'Connor.

Methodist Group Has McCamey Meet

RANKIN—The West Texas Fellowship Circle of the Methodist Church, composed of WSCS groups from Iraan, Fort Stockton, Crane, McCamey, Rankin and Big Lake, met recently in the McCamey Methodist Church with approximately 30 present.

The following program was presented by Mrs. R. H. Johnson of Rankin, program chairman for the day:

Greetings by Mrs. H. W. Criesman of Fort Stockton.

Panel Discussion—Children, Mrs. D. O. McEwen, Rankin; Youth, Mrs. Phillip Robbins, Fort Stockton; Students, Mrs. R. O. White, Rankin; Miscellaneous personnel, Mrs. John Clarke, Crane.

Devotional Address, Mrs. G. C. Mann, McCamey.

Solo—"Trees," Mrs. P. M. Towle, accompanied by Miss Claudine Towle.

Luncheon was served at noon by the McCamey WSCS and was followed by the business session of the association, of which Mrs. Criesman is president.

For Summer Gayety

By Sue Burnett

A gay little trio for Summer fun to delight the junior sewer. Our clearly illustrated sew chart guides you smoothly and quickly. The bare midriff top fits neatly, the full skirt is a junior favorite. Add the brief bolero for cover-up.

Pattern No. 8329 is for sizes 11, 12, 13, 14, 16 and 18. Size 12, skirt, 2 3/4 yards of 35 or 39-inch; bolero, 1 yard; top, 1 3/8 yards.

For this pattern, send 25 cents, in COINS, your name, address, size desired, and PATTERN NUMBER to Sue Burnett, The Reporter-Telegram, 530 South Wells Street, Chicago 7, Ill.

Don't miss the Spring and Summer FASHION—a complete sewing guide for your wardrobe plans. 64 pages of style news, special designs—free pattern printed inside the book. 25 cents.

MAJOR LEAGUES—

Braves Nip Reds In 15-Frame Tilt

By JACK HAND Associated Press Sports Writer

It took the Boston Braves 15 innings and four hours and nine minutes to knock off the persistent Cincinnati Reds early Thursday morning 8-7, and Nels Potter was the man who did the trick.

Taking over for Johnny Sain who was reached for 13 of Cincy's 21 hits in his 5 2/3-inning stay, Potter

Bowie Wins AA Crown

AUSTIN—(AP)—Bowie of El Paso held the Class AA schoolboy baseball championship of Texas Thursday—surprise winner over the highly favored Austin Maroons in the finals.

The fighting youngsters from the Far West edged Austin 3-2 in the first interscholastic League diamond tournament ever held Wednesday night to take home the big cup.

Bowie scored an unearned run in the first inning and didn't get a hit until the sixth inning. However, it was a triple by Ernesto Guzman and a fielder's choice and two wild throws later Bowie had his winning margin.

Denison took third place in edging Waco 6-4. Robert Leach pitched a seven-hitter and collected a couple of doubles to drive in two runs. Leach, who had pitched a ten-inning no-hitter to beat Marshall in the first round, fanned ten.

Texas League—

Padres Clip Eagles As Two Clubs Push Near Loop Leaders

By The Associated Press If the league-leading Dallas Eagles never see cocky little Procopio Herrera of the San Antonio Missions again in the Texas League baseball race, it'll be too soon.

Herrera, who already had won two victories over the Eagles in two starts this season, took the mound in the eighth inning Wednesday night and cooled off a Dallas rally to give the Missions a 7-4 victory.

The loss sliced to a bare half a game Dallas' lead over the second-place Shreveport Sports. The Sports edged Oklahoma City 8-7 in ten innings.

Third-place Fort Worth defeated last-place Houston 5-1. And Beaumont won ten innings over Tulsa 10-9. The win pushed Beaumont into sixth place, ahead of Tulsa.

San Antonio got eleven hits off three Dallas hurlers. The big blow was Ed Levy's fifth homer of the year in the fourth with one on.

Shreveport shaded Oklahoma City when George Brown singled with the bases loaded in the tenth frame.

Fort Worth's Chris Van Cuyk scattered three hits as the Cats won an easy victory over Houston. Beaumont squeezed past Tulsa when Bill White scored the winning run in the tenth frame on an error by Gino Marionetti.

SPORTSLANTS

BY SHORTY SHELburnE

Lending support to the fact the Longhorn League is growing up, is the first tabulation of official attendance figures. The report shows an increase of 34,282 paid admissions over the first quarter of the season last year.

Surprisingly enough, San Angelo is leading the league in cash customers through the first 20 games. The Colts have played to 22,905 fans in their home park.

Even more surprising than that is the fact that the Midland Indians, Longhorn League champions and a first division club now, have drawn only 9,869 for 12 games. That should not be, not when Harold Webb is breaking his neck—and his pocket book—trying to produce a winner here.

Even Vernon, never a strong-drawing team, is ahead of Midland in attendance. Second division Rowell and Sweetwater are only slightly behind us.

The eight clubs in the league had drawn a total of 109,452 up to the time Hal Sayles' office released the attendance report.

Rowell, which replaced Del Rio in the league, helped to strengthen the over-all attendance more than any other club. By the time Del Rio had played 14 home games last season, only 3,119 fans had passed through the gate. Rowell's Rockets have drawn 9,772.

A. D. Ensey of the Odessa Oilers executive staff has expressed the opinion his club will lead the league in attendance. The Oilers are well on the way to making his opinion a reality.

Monchak's nine has collected 18,678 admissions, almost twice as many as have turned out to see the Indians. The Oilers haven't been playing as good a brand of baseball at the Indians. Why do they draw more fans?

Harold Webb hasn't staged any orchid nights yet. Maybe that's the reason.

Sports Slants has been asked to explain why some of the Indians have been suspended at various times this season. So here's the dope:

Most of the suspensions have been handed out by Webb as a means of keeping the roster cut to the required number of men in each category.

So far as we know, there hasn't been a suspension for misconduct or any similar reason.

One or two of the pitchers have been suspended for short periods when they developed sore arms but even then in most cases it was to keep the roster down and at the same time maintain as strong a team as possible.

Lefty Milstead, the veteran hurler who was on the Ballinger roster for a short time this season, has been signed as manager of the Henderson Oilers in the East Texas League.

Milstead started his baseball career in Marshall more than 25 years ago. Now that he is with Henderson, he will be facing a team from the town where he started out. In fact, the Marshall nine knocked him out of the box Tuesday night, 25 years to the day after the Marshall club

announced the sale of Milstead to the Chicago Cubs as a rookie.

The \$64 question now being asked among the Midland Indian outfielders is, "Which one of us goes to Ballinger?"

Webb will send an outfielder to the Ballinger Cats within 10 days as part of the deal which brought infielder Dawson here.

The outfielders now being carried on the roster are Carriel Nipp, Julian Pressley, Gus Pena and Marty Filigamo.

HALF SLANTS . . . Body building experts and health authorities have estimated Gene Krupa, the famous drummer, expends as much energy-pounding the hides as the average athlete does at his favorite sport. Krupa brings his hand to the VFW Hall here Friday night . . . Lefty Shelton, the San Angelo hurler Midland knocked from the box Monday night, is going to be a once-a-week pitcher for the Colts, according to Sam Harshaney. Sam thinks Shelton can help in spots . . . Add: Sam Harshaney thinks the umpiring in this league is the very poorest he has ever seen. He calls it "pure incompetence" on the part of the umpires . . . President Eduardo Q. Pittman of the Mexican League has assured U. S. clubs his league will cooperate to the fullest extent in returning players to their American clubs if they wish to be reinstated.

Look for some slaying on the Ballinger roster within the near future. The Cats will have to make room for three players they are getting from the Indians . . . We're glad to see the support Midland fans gave Julian Pressley when he blasted his sixth homer in less than a week here Tuesday night. That kind of support will make him want to do it more often . . . Carriel Nipp broke in again as a home run knocker Wednesday night. He has the power and is hitting the ball in slugging style . . . Glen Patton is suffering from a back ailment and may have to be placed in a cast for 10 days or two weeks. That'll hurt the pitching staff and Patton, personally . . . Don't forget to vote for the player of the week at each home game. The next award will be presented probably Sunday.

High Man

Shading himself, Charles Lupica cools off with a long swig of water. The 37-year-old fan ascended a 16-foot post atop his Cleveland drug store, and scrambled onto a four-by-four platform. He avows he will stay there until the Indians are in first place. It could be a long stretch.

Longhorn League— Indians Take Over Third Slot; Broncos Split With Roswell

By The Associated Press The Midland Indians have taken over third place in the Longhorn League.

Midland copped a bitter 6-5 game over the San Angelo Colts Wednesday night in ten innings. A walk with the bases loaded forced in the winning run. The loss dropped San Angelo into fourth place.

First-place Big Spring split a double-header with Roswell. Big Spring won the opener 3-1 while Roswell took the nightcap 4-6.

Odeesa, sparked by the heavy hitting of Rex Pearce, defeated Ballinger 10-6. Pearce drove in five runs.

Bob Spence hurled four-hit ball as Sweetwater shaded Vernon 2-1.

After you've used fat for frying you may clarify it by heating several slices of raw potato in it. Allow it to cool a bit, then strain it through several layers of cheesecloth placed in a strainer.

NCAA Panel To Get Report On Violations By Member Colleges

CHICAGO—(AP)—A report on member school violations of the National Collegiate Athletic Association's controversial sanity code was slated to be given to the group's executive committee Thursday by Clarence P. Houston of Buff College.

Houston is chairman of the NCAA's committee. A spokesman said no list of schools under scrutiny will be disclosed at this meeting.

Offending schools possibly may be expelled from the NCAA and blacklisted on sports schedules, but action in the matter can not be taken until the complete membership holds its next annual session in New York January 12-14.

HOW ADVERTISING AFFECTS YOUR JOB

Raises, Cuts, Promotions, Layoffs Often Depend on How Much the Firm Sells

★ ★ ★

NEXT time you hear or read advertising, just stop and analyze how it affects you.

Its purpose is to sell goods or services. More sales mean more work to be done. That means more jobs in the firm that advertises . . . and more jobs in the hundred and one firms with which it does business. It's a never-ending chain.

Now when more jobs open up, that means more security for everyone. It means promotion to many, with wage increases. It means opportunity—particularly for friends and sons and daughters of present employees.

Whether or not you work for a firm that advertises, remember that this modern method of mass personal selling affects your company's business and its future. Hence it affects your job and your future.

Advertising, by selling goods, starts businesses humming, makes them bigger. That's how advertising affects your job. For tomorrow, it creates opportunity . . . for today, it makes your job more secure.

Other Ways Advertising Helps You:

1. Brings you better goods for less money.
2. Makes shopping more pleasant and easier.
3. Has given us the world's highest standard of living.

MECHANIC—I like advertising. It sells goods. And when sales go up, our shop is plenty busy. My wife and I can then have real peace of mind.

WAITRESS—Advertising my boss does means more tips in my pocket. Advertising other firms do means more business, steadier jobs for my customers and bigger tips in my pocket. So I'm all for plenty of advertising.

BOOKKEEPER—I know what a difference advertising made in my firm . . . made our volume four times as big in five years. Now instead of just being a clerk, I have seven people working for me.

THE BEST INVESTMENT FOR YOUR ADVERTISING DOLLAR

Carriel Nipp Leads Tribe To Win

Ready For National Open

Top golfing stars have luncheon with Larry S. Rutherford, co-chairman of the United States Open golf tournament which opened at the Medinah Country Club in Chicago Thursday. Left to right: Gene Sarazen, Lloyd Mangrum, Dr. Cary Middlecott and Sam Snead.

Van Hoozer Hurls 10-Inning Battle

The Midland Indians will seek their fourth straight victory Thursday night when they battle the Ballinger Cats at 8:30 in Indian Park. The two teams are scheduled for a two-game series here.

Manager Harold Webb is expected to unveil a new hurler for the tilt.

By SHORTY SHELBURNE

Carriel Nipp, the Midland outfielder with the powerful shoulders, was the man of the hour at Indian Park Wednesday night as the Indians fought their way to a 10-inning, 6-5 victory over the San Angelo Colts to sweep a three-game series. Nipp pickled a fast ball with a man on base in the seventh inning to tie the ball game at five-all and send it into extra innings. Sam Van Hoozer out-pitched Durwood Cox of the Colts to take the 10-inning decision.

Nipp's four-master was one of the longest that has been hit in Indian Park this season. It cleared the wall in left-centerfield and still was rising the last time we saw it.

The tilt was a pitchers' battle from start to finish. Cox and Van Hoozer were equal in just about every department except runs. Both hurlers struck out nine men, gave up 10 hits and walked several. It was the kind of ball game baseball fans always are talking about. Cox's Score First.

The Colts opened the scoring with a single run in the first inning. Cluey singled and was forced

at second by Card. Card stole second and scored when Lou Dawson threw wild on Jake McClain's grounder.

The Indians tied the count in the second. Nipp opened with a long double down the leftfield line and scored on an error by Shortstop Wallace.

San Angelo jumped on Van Hoozer for three runs in the third but Sam managed to hang on. Card opened the inning by drawing a walk. Stretch Jackson slammed a fast ball out of the park, over the rightfield wall to score two runs. Jake McClain doubled and Wallace singled him around.

The Indians used singles by Rose, Sitter and Pressley and a walk to Hughes to count two runs in the fifth and draw within one marker of the Colts.

Both hurlers settled down for three innings and not a run crossed the plate although both clubs

Rendezvous, Shell Win Softball Tilts

Last place Rendezvous rose up out of the cellar Wednesday to top the Rebels 10 to 2 for their first win of the year in the Midland Softball League. Shell Oil edged Joe's Gulf 6 to 5 in the other game at Wadley Field.

Pitcher Salmon of the Rendezvous nine was stingy with base hits all the way. His team mates took advantage of two Rebel hurlers and several errors to score the landslide victory. Don Bizzell and Jimmy Kennedy pitched for the Rebels.

Schaeffer Homers

A fifth-inning home run by Stan Schaeffer broke a 5-5 tie and sent Shell ahead of Joe's Gulf. The game was a nip-and-tuck affair through the first four frames. Gerald Rogers was the winning hurler. Price was charged with the loss.

The second round of league play will open Friday night. League-leading Western Plastic meets Rotary Engineers in the first game and Shell takes on the Rendezvous in the second tilt.

First Start

Lee Nichols pulls in after driving another first starter, Helen Castle, to a two-length victory at Fort Steuben Raceway, Steubenville, Ohio. It was the season's first start for Miss Nichols of Indiana, Pa., at 21 the youngest licensed harness horse driver in the United States.

Low-Cost Housing Plan Goes Haywire

DALLAS—(AP)—It really was a low-cost housing project.

The builder had almost completed his five-room bungalow—at a cost of only \$165.

Police wrecked his building plans Wednesday.

His secret: Materials for the house had been stolen.

PIONEER PILOT RETIRES

CHICAGO—(AP)—Capt. E. Hamilton (Ham) Lee, 57, of United Air Lines, one of the nation's pioneer pilots, Thursday retired from active flying with a record of more than 30 years and approximately 4,400,000 miles of flying.

Optimist League Slates Two Tilts

An Optimist Club Boys Softball League game will be played Thursday.

All boys of the city up to the age of 15 years are invited to join the league. They may report at the Thursday tilt.

Transportation to Wadley Field will be provided with the boys asked to report at Service Drug between 6 p. m. and 6:30 p. m. Game time is 6:30 p. m.

FIRE FATAL TO FOUR

SOMERSET, PA.—(AP)—A fire killed four children, one to six years old, Thursday at their home near here. Cause of the fire was unknown.

Midlanders Enter State Skeet Meet

HARLINGEN—(AP)—One hundred shotgun artists opened fire Thursday in the Texas Skeet Championship Tournament.

National Champion Grant Ising of Houston was in the group vying for \$3,500 in prizes.

George Glass, Jr., state and national junior skeet shooting champion, and his father, George Glass, Sr., president of the Midland Gun Club, are in Harlingen for the championship tournament.

George, Jr., is tabbed a favorite to defend his title successfully.

Sports

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JUNE 9, 1949-7

Star-Studded Field Tees Off In U. S. Open Joust

CHICAGO—(AP)—Golf's most coveted prize, the U. S. Open championship, came up for grabs Thursday with three seasoned campaigners—Sam Snead, Bobby Locke and Byron Nelson—in featured roles.

The 6-1 betting favorite is Snead, who already this year has won the Masters and PGA.

A triumph in the Open would give the 37-year-old White Sulphur Springs tourist a professional sweep comparable with Amateur Bobby Jones' grand slam of 1930.

But Siambang Sam, after a few days of looking over Medinah's treacherous acres, says "Bobby Locke has the game to win this tournament. No man is straighter off the tee and he's a wonderful putter. That's what will win it."

A number of tourney-tough lads give Byron Nelson the "man to beat" tag by the same reasoning.

"From tee to green no man is more accurate than Byron," declared Jimmy Demaret, with a chorus of amens from the side.

Gun-Barrel Fairways

Medinah's No. 3 course, scene of the 72-hole medal grind the next three days, is one to test a man's accuracy and his patience.

Trouble in the form of closely bunched trees and heavy rough glares down gun-barrel fairways. Tiny, lightning-fast greens offer a poor target for approaches.

The course at its present length is 6,981 yards and will be made to play longer for the latter rounds.

Far is an exacting 36-35-71.

A field of 182 amateurs and pros started one 18-hole round at 7 a. m. (CST) Thursday and another was scheduled Friday. The low 80 shooters will go 36 holes Saturday for the championship which the convalescent Ben Hogan couldn't defend.

RETURNS FROM TRIP

150 Golfers Tee Off Thursday In West Texas Open

BROWNWOOD—(AP)—A field of 150 moved out Thursday in qualifying rounds of the annual West Texas Golf Tournament.

The linksmen were shooting at spots in the eight flights, including a senior flight for men over 50.

Match play starts Friday.

Don Cherry of Odessa, who passed up the National Open for a third try at the West Texas crown, was a top favorite. He recently defeated Billy Maxwell of Abilene, the defending champion here, in the Hobbs, N. M. tournament.

Cherry, however, lost to Jack Williams of Plainview in the San Angelo invitation. Williams is an entry here.

Irene Rich's Name Turns Up In Trial

RIVERSIDE, CALIF.—(AP)—The name of Actress Irene Rich has turned up in the trial of Mrs. Agnes Garnier, charged with murdering her wealthy boss, John E. Owen, 68.

Mrs. Garnier, handsome 53-year-old divorcee, is accused of shooting Owen at his lavish ranch near here April 22, following an argument over a set of cocktail glasses the actress charged with murdering her wealthy boss, John E. Owen, 68.

Mrs. Garnier, handsome 53-year-old divorcee, is accused of shooting Owen at his lavish ranch near here April 22, following an argument over a set of cocktail glasses the actress charged with murdering her wealthy boss, John E. Owen, 68.

Mrs. Garnier, handsome 53-year-old divorcee, is accused of shooting Owen at his lavish ranch near here April 22, following an argument over a set of cocktail glasses the actress charged with murdering her wealthy boss, John E. Owen, 68.

Pete Corales, ranch caretaker, testified Wednesday that three weeks before the slaying, while Owen was in Washington, D. C., fighting for rent decontrol, Mrs. Garnier stopped by the ranch to talk with him.

Corales told the all-woman jury: "She said she wouldn't be working much longer for Mr. Owen. I asked her why and she said she had traced some telephone bills and telephone calls from Washington to New York. Surprise witness

"I asked her where they would up. She said all of them went to the Waldorf Astoria Hotel and she mentioned this Irene Rich's name and said she was the one the calls were made to."

Corales added that in another conversation with Mrs. Garnier she said she had given Owen 15 years of her life and that "Mr. Owen was a damned old drunk. S. O. B. She said if I can't have him nobody else can."

Owen's estranged widow, Mrs. Florence Owen of Beverly Hills, was a surprise witness. She said she married Owen in 1929, first met Mrs. Garnier in 1937, last saw her husband alive April 4 and hadn't seen him before that "for a couple of months."

SLIPS OUT WINDOW

NEWARK, N. J.—(AP)—John Taylor slipped on a rug in his third-floor apartment Wednesday. He slid right out a window and landed on the sidewalk. His injuries—bruised arms and legs.

ATHLETES FOOT GERM

CAMERON'S TELLS HOW TO KILL IT

The germ grows DEEPLY. You must REACH it to make the kill. Use a strong PENETRATING fungicide. T-4-L, made with 90 per cent alcohol, reaches MORE germs. If not pleased IN ONE HOUR your one back from any druggist.

Fort Stockton Is Ready For Annual Water Carnival

FORT STOCKTON — Arrangements are complete and everything is in perfect readiness for the staging of the annual Fort Stockton Water Carnival Friday and Saturday. The area attraction is sponsored by the Fort Stockton Lions Club.

Robert Campbell

Judge Roy Bean and his famous "Law West of the Pecos" are colorfully portrayed, and the finale of the overall water show is the all-Southwest Bathing Revue Friday and Saturday nights. The winner will be given a free trip to Hollywood, in addition to a beautiful loving cup.

Celso Productions of Hollywood is providing professional direction of Robert Campbell under a \$2,500 contract which also provides for furnishing complete costumes for the big cast of 200 persons, as well as special lighting effects.

Beautiful water ballets in the crystal clear waters of the spring-fed pool will be accented by skillfully placed under-water lights. This year for the first time a carnival attraction will be a matched calf roping in Rooney Park between Clay Cade of Alpine and Bill Teague of Crane, two of the finest young ropers in the country, for the mythical title of junior champion of the Southwest. Water Carnival dances will be held Friday and Saturday nights.

Crane Cub Scouts Hold Presentation

CRANE—The annual presentation of awards and certificates in the Cub Scout program recently was held in the Crane Community Hall. A supper preceded the ceremonies.

J. F. Hendricks made the main address. He presented the charter of the Cub unit to F. F. Adams, representative.

Den mothers receiving cards were: Mrs. Reba Preslar, Mrs. Dorothy Evans, Mrs. L. G. Laney, Mrs. Mary Barker, Mrs. Thelma Faircloth, Mrs. E. J. Thompson, M. Tooke, Mrs. Delaney and Mrs. Ronald Taylor.

Leader cards went to: Bob Hester, commissioner; D. M. Holcomb, assistant commissioner; Ronald Taylor, board chairman; B. F. Ware, Bill Preslar, Bob Sadler and E. J. Thompson, board members. Boys honored for years of service included: Mike Windsor, James Ware, Jimmy Bull, Stanley Holcomb, Riley Hood, Richard Fralby, Joel Adams, Melvin Delaney, Robert McCortney, Gerry Thompson, Stanley Laney, Lawrence LeBoeuf, Edward Lowery and Jimmy Bright.

Renewals Listed
Receiving renewal cards and service stars were: Dewey Don Delaney, Jimmy Preslar, Edward Bangman, J. H. Green, Jr., David Crittenden, Curtis Booker, Richard Modest, Felix Blanton, Grady Hodges, Jimmy Adams, John Barker, David Tooke, Joe Allen Boyd, Jerry Adams, Wayne Faircloth, Franklin Willingham, Clayton Weststone, Billy Preslar, Leonard Barker, James Brunson, Gerry Westmoreland, Robert Sadler, Billy Gregory, Lowell Adams, Jimmy Caudle, Jerold Evans, Jack Dammor, Horace Mann, C. B. Curry, David Wallender, Dwayne Parker, James Elder, Don Irick, Lynn Thompson, Carter Lee Conway, Eugene Hall, Charles Woodbury, James Williams and Randolph Taylor.

New recruits for the program include: John Webb, James Laxton, William Stell, Allen Morgan, Orville Cox, Cecil Young, Scottie Phillips, Kenneth Haroghty, James Price, J. E. May, Price Mitcham and Bobby Mitchell.

Childhood Precautions Bar Trouble Afoot

By ALICIA HART
NEA Staff Writer

Kids, as any breathless, trailing mother will tell you, practically live on their feet (30,000 baby steps a day is just average). And the big question is: Are those pattering—and stomping—little feet properly shod and cared for?

For Junior's sake the answer can't afford to be anything but "yes." It takes 20 years to grow a pair of feet, but formation starts early. And, unfortunately, the formation of foot defects—corns, callouses, blisters, ingrown toenails, misshapen toes, weak ankles and weak arches—starts early, too.

You can nip such potential miseries by paying more than perfunctory attention to shoe buying for that active offspring. Double check for good heel fit and enough toe room, 1/2 to 3/4 inches beyond longest toe, to allow for wriggling under full body weight. Socks inside should have 1/2-inch toe space allowance, too.

Scuffproof, indestructible, heavy duty shoes may sound like a good investment, but for two reasons they are not, the podiatrists contend. These men who take foot troubles in hand give as reason No. 1: Children's foot sizes change every one to three months. So there's not enough time for investment buying. Reason No. 2 is that a child needs shoes that are flexibly soled with pliable shoe uppers that may scuff, but won't squeeze, bind, or encase active little feet.

Lace oxfords are a sensible choice for shoes that take the brunt of activity. Two-strap sandals and perforated sport types are good Summer shoes for "letting off steam."

Once the kids are "shoed," over-seeing doesn't cease. Good posture comes next. The right walking position, toes straight again, inner heel and big toe in line, can be taught and one of the best ways to teach this alignment is to induct your child into the "foot-print" game.

Your prop for this game is a walking chart made at home from black linoleum, dark paper, or dark oilcloth with straight-toed properly spaced "footprints" painted in white. It's good rainy-day fun to have the kids practice matching steps with the "footprints" till proper walking becomes a habit.

But there's still another role for mother. She must become foot hygiene instructor. Athlete's foot (usually a fungus infection) shows up when kids go barefoot at pool fronts, when they don't dry and dust powder between their toes, when they walk about in damp, dirty shoes or spend too long in rubber sneakers, or galoshes. Do your watching before hand, if possible. Once caught athlete's foot is apt to be difficult to eradicate.

Los Angeles Gnu Fail To Act Like Normal Gnu

LOS ANGELES—(AP)—Yes, there are bad gnus. Take Nefarious Ned for instance. Noting that Ned was becoming gnuotic, Chief Keeper Charles Allen coaxed into his pen at Griffith Park Zoo a lovely lady gnu, which arrived Wednesday from San Diego.

After proper introductions, Allen left the gnusome to themselves. Ned pawed the ground in welcome. His gnu girl friend pranced coyly around the pen. Suddenly she stopped and sniffed at a Brahman bull in an adjoining cage.

Ned apparently considered this a violation of his gnuity. He charged and gored her twice, luckily not seriously. Allen placed them in separate pens, opining that in a couple of days they'll be rubbing noses like any normal gnu.

Properly shod and cared-for young feet need never know grown-up foot trouble. These youngsters match footprints with correct straight-toed outlines on walking chart, used in several schools to teach proper foot placement. The little girl out front on chart wears a cool two-strap summer sandal, the boy, flexible brown oxfords. Featherweight beach shoes (left) are worn to the waterfront but are exchanged for sturdier leather shoes for active play, such as the brown and white lace-ups (lower right).

Negro Singer Hits At United States In Moscow Speech

MOSCOW — (AP)—Singer Paul Robeson told the Soviet Academy of Science Wednesday he would return to the United States to testify at the trial of Communist Party officials in New York.

He said the men were being "judged for their faithfulness to the American working class."

The negro baritone addressed the academy at a meeting commemorating the 150th anniversary of the death of Alexander Pushkin. Izvestia, official government newspaper, called his address a "moving speech."

"It is difficult to say how deeply I am touched and moved by the fact I am again on Soviet soil," he said.

Robeson said he represented progressive Americans and millions of oppressed negroes.

Valley Forge Is Jamboree Site

The Boy Scouts of America has selected Valley Forge, Pa., for its second National Scout Jamboree in 1950, according to word received by the Buffalo Trail Council, Boy Scouts of America, whose headquarters are at Midland. The selection of the site was announced by Dr. Arthur A. Schuck, chief scout executive of the organization.

Over 30,000 Boy Scouts from every state and all U. S. territories will camp together from June 30 to July 6, 1950 on the site notable as the Winter encampment of General George Washington and his Continental Army from Dec. 19, 1777 to June 19, 1778.

Russians Fail To Put Berlin Show On Road

AT ANHALTER STATION: Strikers hold down turntable to prevent locomotives from being removed by Red strike-breakers.

AT PRIESTERWEG YARDS: Russian transport officers attempt to free jammed switches to remove stalled coal trains. These pictures illustrate some of the drastic measures taken by both strikers and Russians to retain control of vital rolling stock and stations in Berlin's railway strike which has all but paralyzed rail traffic in the city. (Photos by NEA-Acme staff correspondents Al Cocking and Joe Schuppe.)

AT PRIESTERWEG YARDS: Strikers ripped out rails to stop Russians and their strike-breakers from removing trains.

AT NEUKOLLIN STATION: Triumphant strikers ride engine of Soviet work train they seized from Russians and German Commies.

Polio Situation Not Alarming, Says U.S. Public Health Report

WASHINGTON—(AP)—More cases of poliomyelitis have been reported in the U. S. this year than last, when there was a serious outbreak, but health officials say the situation is not alarming.

There have been 1,757 cases reported compared with 1,226 on the corresponding date in 1948.

But U. S. Public Health Service officials say a more accurate method of measuring the intensity of outbreaks is to count only the cases that occur after the disease reaches its early Spring low point. This occurs each year in March. Since that point was reached this year 834 cases have been reported, 44 fewer than were reported in the corresponding period of 1948.

More cases of polio were reported in 1948 than in any year since 1916. The year's total was 27,888. In 1916 there were approximately 30,000.

Officials said California and Texas have reported the greatest number of cases. But last week the California cases declined from 18 to 15 and the Texas cases from 72 to 37.

CHURCHMEN TO ATTEND BARBECUE THURSDAY

Presbyterian Men of Midland will hold their annual barbecue at 6:30 p. m. Thursday at Cloverdale Park, with members of the Men's Club of the Trinity Episcopal Church and members of the Presbyterian-sponsored Boy Scout troop as special guests.

EAT PLENTY AND TAKE OFF UGLY FAT

When you buy Barcenstrate, you buy a preparation for taking off weight. You do not pay for any printed diet or for vitamins to fortify you against weakness while on a starvation diet. You need never know a hungry moment while taking this preparation. Barcenstrate is the original grapefruit juice recipe for weight reduction.

Just go to your drugstore and ask for four ounces of liquid Barcenstrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two table-spoonfuls twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to take off ugly fat, return the empty bottle for your money back.

Lost 56 pounds

Here is what Mrs. L. J. Bryant, P. O. Box 58, Whitesboro, Texas, wrote us: "I want to tell you what Barcenstrate has done for me. I weighed 158 pounds when I started taking it. I now weigh 102."

"I have taken my dress size down from size 36 to 44 and never felt better in my life and everybody tells me how much slimmer I look than I did."

"I am still taking Barcenstrate as I want to get my weight down to 144 or 170 pounds."

Aerial Task Force To Fight Threat Of Grasshopper Plague

DENVER—(AP)—A new grasshopper plague is threatening the grain belt. To keep it from happening, an aerial task force will take off next week from Sheridan, Wyo., loaded with hopper poison.

The target of the 30-plane armada will be a 1,500,000-acre stretch in Wyoming and Montana which the U. S. Department of Agriculture calls the worst grasshopper nesting ground in the country.

The job will take about 30 days. The goal will be to wipe out a big, hungry, growing army of migratory "hoppers." If left alone, this army soon could become as formidable as the one that gobbled \$250,000,000 worth of crops in the Northern Plains states a decade ago.

Grasshopper plagues occur about once every ten years.

"The 'hoppers have been growing in numbers the last three years," says Jim R. Dutton, chief of the USDA Grasshopper Control Division. "If we didn't do something right now, next year would be tough."

Going To Do Plenty

"But we're going to do plenty. We don't intend ever to allow grasshoppers to reach plague proportions again."

The USDA doesn't know why the sparsely-vegetated area to be "bombed" with poison happens to be such a notorious breeding ground.

But the worst armies of "hoppers" that ever attacked the grain belt came from there—the big, tough babies who have been responsible for some of the worst agricultural catastrophes in history.

When they hatch out, the "hoppers eat up everything in the immediate neighborhood. Then, when their wings develop, they take off in swarms for croplands where the pickings are better. In plague years, these little Wyoming and Montana monsters have devastated crops from the Canadian border to Texas.

Judith Coplon Trial Like Greek Tragedy; Situation Is Ironic

By JAMES MARLOW

WASHINGTON—(AP)—The trial of Judith Coplon, charged with spying for Russia, has become like a Greek tragedy.

Once the characters, seen and unseen, have been set in motion there is no turning back. They move on to the inevitable climax.

And there is great irony in it: So that one person, Miss Coplon, can have a fair trial according to American justice, other people not directly connected with her at all have been held up to suspicion.

They are Hollywood actors, for the most part. They have been dragged into the case because once it got started there was no stopping it.

Now spread across the court record is an FBI report showing these actors have been accused of being Communists or fellow-travelers.

Who accused them? FBI "informants" whose names are not known except to the FBI.

"Are they reliable 'informants'?" Do they know for a fact what they say is true? Only the FBI knows. The court record doesn't say.

Report Assailed

This happened Wednesday. And Wednesday night, one after another, the accused assailed the FBI report as absurd, or unconstitutional, or laughable.

Will any proof be forthcoming from the government about these accused people? Or will their names be cleared? No one knows.

It all came about this way: Miss Coplon, 28, worked in the Justice Department. The FBI arrested her in New York March 4 with a Russian.

In her pocketbook, the FBI said, she had a number of confidential government papers dealing with national security.

She was charged with spying for Russia and went to trial here several weeks ago.

The government lawyers did not want 12 confidential pieces of paper, which the FBI said they found on her, to get into the trial.

They said national security was involved. They said FBI informants would be placed in danger.

But what of Miss Coplon? She was on trial before a jury. In reaching a verdict of guilty or not guilty, should the jury—

The Whole Truth

1. See all the evidence so, knowing the whole case, it could reach an intelligent decision? Or—

2. Have to reach a verdict on hearsay, which is what it would amount to if the government said it found secret papers on Miss Coplon but wouldn't let the jury decide on their merit?

The federal trial judge told the government lawyers: "I wish I could throw some protection around you, but I can't do that. I'm here to see that justice is done."

So he said the secret papers would have to be made public. With this, the government lawyers decided they'd rather let the papers out than abandon the case against Miss Coplon.

In short, the judge ruled that the government should never have started the case unless it was willing to go through with it.

And if this meant other people were going to be hurt, that was unfortunate but necessary in order to give Miss Coplon fair play and full justice.

Business Census Nears Completion In Midland County

The Census of Business now being conducted in Midland and Midland County is progressing rapidly and should be completed within the next three weeks, Ben H. Davidson, district supervisor, said Thursday.

Burnice Kesse and Mrs. Wilma Mann are the Midland County enumerators.

Davidson and George A. Young of the Fort Worth area office were in Midland to check on the progress of the survey here. They said census figures will not be available for six months or longer.

Cooperation Urged

The census officials urged the continued cooperation of business firms of Midland in filling in and returning to the district office the report forms left with them by the enumerators. Davidson said the cooperation to date has been excellent. He expressed appreciation to individuals and firms for their fine support in the nation-wide undertaking.

Young stated the reports are absolutely confidential as provided by act of Congress, and are not available to other government agencies, individuals or organizations.

The district office is located in the Ector County Courthouse at Odessa. The district includes Midland, Ector, Crane, Crockett, Glasscock, Loving, Reagan, Upton, Ward and Winkler Counties.

Nearly \$10,000,000 In Road Bids To Be Opened June 21-22

AUSTIN—(AP)—A near \$10,000,000 in bids are expected on 44 road and bridge projects June 21 and 22, the State Highway Department said Wednesday.

Bids of approximately \$8,541,000 on 161 miles of primary state highway system construction and \$1,300,000 on 183 miles of farm-to-market roads are anticipated.

Duplicate bids on construction of the Sabine River bridge five miles northeast of Orange, Texas, connecting Calcasieu Parish, La., and Orange County, Texas, will be opened June 22 by both states.

Some guests complain...

Some people are born complaining. Take my friend, F. W., for instance. He's fussy about fine foods... and when it comes to beer---well, it's got to be the best.

You should have heard old F.W. go to town with peans of praise for NEW Grand Prize... sparkling ambrosia, deep mellowness, and a thirst-quenching treat were only a few of his descriptive ejaculations.

That's why, during a recent visit, without a word I served him NEW Grand Prize Beer... and oh boy!

Try a bottle or can today... see if you don't agree Grand Prize is one of the finest beers you've ever tasted.

NEW GRAND PRIZE Beer

WHAT EVERY PERSON OVER 21 SHOULD KNOW ...ABOUT ADVERTISING

I am an ad. And everyone who has a job or wants one should know what I do. For it's advertising—by selling more goods to more people—that makes jobs, and makes jobs more secure. Whether you want a job or want a better one, remember—jobs all along the line depend on

somebody selling something to somebody else. And advertising is the lowest cost way yet devised to sell goods. That's why advertising is called the spark plug of American business. It's obvious, isn't it? Advertising's job is to sell. When more goods are sold, there are more jobs and better jobs for everyone. Selling less goods means failures, pay cuts, layoffs. So whenever you see or hear advertising, don't forget that it's helping you. If it weren't for advertising's low-cost way of selling goods, you couldn't have such a secure job or opportunity in the future.

OTHER WAYS ADVERTISING HELPS YOU AND YOUR FAMILY 1 Brings you better goods for less money. 2 Makes shopping more pleasant and easier. 3 Gears consumer demand to production, to create prosperity.

Navigator Rhymes Flight Reports

NEW YORK—(P)—Navigator Callan B. McNeely, a poetic soul, often issues routine flight reports in rhyme to transatlantic passengers on American Overseas Airlines planes.

When flying way up yonder stimulates his muse, he turns out a verse inspired by the immediate occasion.

POLICE ON HONEYMOON, STRICTLY DISTURBING

PARIS—(P)—The newspaper "Espeir de Nice" tells of a honeymoon couple at Saint-Marc, near Brest, were rudely disturbed by police who broke open their door and dashed in with tommyguns.

Apologies followed. It seemed that in putting out the light, they had accidentally sounded a burglar alarm connected with the local police station.

Cites Dangers Of Kite Flying

NEW YORK—(P)—It's easier for today's kite-flying youngsters to draw electricity down a kite string than when Benjamin Franklin made his discovery. For that reason, says Frank L. Jones, president of the Greater New York Safety Council, modern kite-flying can be far more dangerous.

Jones says that if a kite comes into contact with power lines—which were non-existent in Franklin's day—it may conduct enough electricity to cause serious accidents. He warns against using thin wire or wire-threaded cord for a kite. If wet, ordinary string or cord will also conduct electricity, he says.

Mix some coconut into a package of ready-mix gingerbread for a desert variation; serve with whipped cream and a little more of the coconut for a garnish.

New Locations Drop To 47 Over Week In Midland Areas

Locations for 47 new petroleum explorations were reported during the past week to the district office of the oil and gas division of the Railroad Commission of Texas, in Midland.

Included were three wildcats and one semi-wildcat. There was one amended application filed with the commission covering minor changes in location in Gaines County.

The wildcat locations were divided one each among Cochran, Midland and Pecos Counties. Location for the semi-wildcat was staked in Scurry County.

Cochran County received 15 new locations. Drill sites were established for six new explorations in Ector County.

Andrews, Crane, Hockley, Pecos and Scurry Counties received four new projects each. One location was reported in each of Gaines and Garza Counties.

Andrews, Cochran and Hockley Counties reported one amended location each.

ANDREWS COUNTY
Forest, David Paken, et al No. 2-B David Paken, et al 660 feet from south and east lines of section 23, block 42, T-1-N, G&M&A survey, rotary, 5,000 feet depth, Midland Farms field, starting immediately.

Moves Up

reer diplomat and director of the Office of Far Eastern Affairs, was appointed Assistant Secretary of State for Far Eastern Affairs in a major reorganization of the State Department. His appointment is expected to be challenged by Senate critics of present U. S. policy in China.

BLESSING IN DISGUISE

The cotton boll weevil insect was honored with a monument by citizens of Enterprise, Ala. The weevil destroyed their cotton crops and forced them to diversify, which proved such a success that the boll weevil came to be considered a blessing in disguise, hence the monument.

HERE IS MORE Proof THAT YOU CAN TAKE OFF Ugly Fat

From Your Texas Neighbors

IT'S SIMPLE. IT'S AMAZING, how quickly one may lose pounds of bulky unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcenate. Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonfuls twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. You don't have to starve yourself; eat sensibly according to instructions on bottle. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

NOTHING HARMFUL IN BARCENATE

Barcenate is the original grapefruit juice recipe for taking off weight. No starvation diet. No diet list to pay for. No vitamins to fortify you against hunger for you won't be hungry. Ask your doctor about the Barcenate formula. Barcenate contains: Sassafras, Oregon Grape-root, Senna Leaves, Prickly Ash Bark, Cascara, Magnesium Sulphate, Saccharin, Sodium Benzoate. LOWEST IN PRICE—HIGHEST IN RESULTS.

OVER ONE AND THREE-FOURTHS MILLION BOTTLES SOLD IN TEXAS

LOST 70 POUNDS

"I have gotten wonderful results taking Barcenate," writes Louise Beaman, Brookston, Texas. "When I started I weighed 230 pounds. I now weigh 150, a total loss of 70 pounds. I feel 100% better and am glad to recommend Barcenate very highly to anyone."

48 POUNDS LOST

Mrs. Myrtle Thompson, 724 South Hampton Road, Dallas 11, Texas, writes as follows: "I highly endorse Barcenate for reducing and for good health. The very first bottle helped me to lose weight. I have lost my weight down from 184 pounds to 136. I have not gained a single pound since I started taking Barcenate. I don't gain any more weight and I never go hungry."

LOST 30 POUNDS

"Before taking Barcenate, I weighed 180 pounds. I now weigh 150. I find that it keeps me regular and removes bloated. I have never left out starches from my diet, but taking Barcenate, I do not desire so much heavy food. I have tried different reducing pills, but found Barcenate the most satisfactory. I am going to keep on using it until I have lost another 10 pounds." Signed: Helen Beasley, 2806 East Belknap, Fort Worth, Texas.

NOT A HUNGRY MOMENT

Mrs. W. J. Dunn, 3523 Felle Drive, Dallas, Texas, writes as follows: "I highly recommend Barcenate to anyone overweight, because it has proven such a wonderful thing for me. No dieting and no harsh drugs. I was overweight, felt sluggish and ran down. I have already lost 7 pounds and I never had a hungry moment. I feel Barcenate is a great tonic also. I now keep my weight normal with Barcenate."

NO STARVING

"I can well pleased with Barcenate," writes Mrs. M. G. Hanson, Route 2, Box 227, Sherman, Texas. "I lost 20 pounds but will keep on taking it for my health's sake as I feel so good and I don't go without any of my favorite foods."

LOSES 18 POUNDS

"I have lost 18 pounds, since I started taking Barcenate," writes Mrs. Inez Barnes, 712 Bowdoin Street, Fort Worth, Texas. "I can tell anyone that Barcenate is the safe way to get rid of extra pounds. It is not necessary to go hungry. You can eat three meals a day and still lose weight. I feel so much better since I lost some of those extra pounds."

22 POUNDS GONE

"I would recommend Barcenate to anyone who is overweight," writes Mrs. E. J. Boyd, 1011 Harvard Street, San Antonio, Texas. "Since taking Barcenate, I feel like a different person. I lost 22 pounds. I also had a mild bladder condition that bothered me. Since taking Barcenate, the trouble is completely relieved. No wonder I praise it so highly."

LOST 20 POUNDS

"I am middle aged and weighed 156 pounds before taking Barcenate," writes Mrs. Beatrice Brown, 1424 South 15th, Waco, Texas. "I have lost 20 pounds and feel that it is a sure way to keep my weight down."

NO DIETING

Mrs. E. P. McVey, 1600 Avenue M, Comstock, Texas, writes as follows: "Barcenate has helped me so much. I have lost 20 pounds without dieting. I feel so much better and I would not be without it. I shall always praise Barcenate."

YOU SAVE MORE
when every item you buy
is priced low . . .

You can't judge a book by its cover. Neither should you judge food savings by week-end specials alone. Thrifty shoppers know that the way to real savings is to shop at a store where every price is low—all the time. It's the total that counts. And . . . the total is less when every price is low. Compare the prices listed here! We believe you'll agree that you save more on your total food bill by shopping regularly at Safeway.

'Bar Of June Sixth'

In honor of the American paratroopers who liberated the town of St. Marie-du-Mont on D-Day in 1944, barkeep Paul Patrix re-named his establishment the "Bar of June 6th." Here school children pause to read posters in the bar's windows. Five years after the greatest military invasion in all history, St. Marie-du-Mont—like all cities and towns in Normandy—is returning to normal again.

RHEUMATISM COSTLY
NEW YORK—(AP)—Lord Horder, physician to King George VI of England, estimates that in Britain last year the money loss caused by rheumatism alone totaled 17,000,000 pounds sterling. Lord Horder came here to attend an international congress on rheumatism.

Oklahoma U Gives Credit In Fishing

NORMAN, OKLA.—Students at the University of Oklahoma will get college credits for going fishing. A course in techniques and methods in fishery biology will be given this Summer by the university on Lake Texoma in southeastern Oklahoma.

Students will live on a barge 60 feet long and 20 feet wide and will spend most of their time fishing.

EMPLOYMENT RISES

WARSAW, POLAND.—(AP)—Polish employment figures have hit the all-time record of 10,534,000 persons. Employment in state industries rose from 1,869,000 in June, 1946, to 2,708,000 in June, 1948. Workers in farm industries numbered 174,000 in 1946 and 268,000 in 1948.

Youth Center Chatter

"Buenas dias," "Howdy," "Hello," and all that sort of stuff and nonsense. Another day, another hour and another summary of what has happened lately to the teenagers of Midland.

The grass is greener; (and so are the weeds) and before long even the most pessimistic member will have to admit we have a lovely yard.

On the opening day of Midland Rodeo we saw several members riding in the parade. Sue Ann Francis, Pat Boles, Nancy Roberts, Gloria Anguish and several boys were riding. Nancy, Gloria and Pat Emmons also rode in the Grand Entry each night.

We saw Peggy Caffey, Martha Scharbauer, Swan Haglar and Adele Blackman eating popcorn by the handfulls. Don Johnson, Faye Wilkes, George Glass, Howard Ischan and Buddy Johnson seemed to enjoy the hot dogs, while Arnold Drake, Frank Shepard and Lauren Roberts spent their money on souvenirs.

Roland O'Donnell, Betty McCain, Mummy Cowden and Alma Payne Cowden had quite a nice time watching the clowna. If Joan Wyche, Eddie Darnell, Larry Messersmith, B. H. Spaw and Bob Wood keep the programs they bought, they'll remember the Rodeo for a long time to come.

We heard that Roland O'Donnell, former Midland student, now is "bustin' broncs" for the Rodeo. There were several others at the Rodeo, but we just can't begin to name them so we will stop talking about it now and go to other things of interest.

Dart Game
Jerry Webb, Gary Hall and Troy Allen put our new dart board to good use the other day.

More visitors from New Mexico now Delores Stanley and Barbara Dyer were at the Center the other day.

Joe Dorsey and Neal Adams really are getting quite a tan from playing tennis so much. This West Texas sun is most effective.

If you have any news for the Center, please be sure to turn it in to one of us. We realize we don't know about everything that goes on so we always are glad to have help.

Several announcements have been posted on the bulletin board. Be sure to bring all of your funny books down so everyone can enjoy them.

Because Summer is here (at last), the hours have been changed. On Monday, Tuesday, Wednesday, Friday and Saturday, the hours are: 2 till 6 in the afternoon, and 7:30 till 11 at night. On Sunday's the Center will be open from 2 till 8. The Youth Center will not be open on Thursday.

Jimmy Don Davenport has changed the color or rather the design of his car. The basic color of the car is still the same red, but we noticed several new things painted on it. "Lighting Bug," "Babe," "Here's Blubber" and many other clever things are written on it. It now can be compared with Payne Wilkes car which also has several "different things" painted on it.

Ask Joan Turner or Emily Hamilton who the "Sinners Three" are! And, tell us girls, what effect does sleepwalking have on you? Timmy Cornwall seemed to enjoy camp—even the chiggers and mosquitoes.

Joe Turner seemed to have won several honors at camp. He was named the best sport and also placed in the diving contests. Joan Turner also won a high honor. She was named the most graceful girl in camp. Joan won first place for her running dive. Emily Hamilton won a first place for her swim dive.

Perhaps most of you have noticed someone new around our Youth Center. She is Mrs. Ray Gwyn who will be our temporary director. Mrs. Gwyn has been working with Young People several years and is very interested in the Youth Center. She has many plans for us which we hope to be able to tell you about before long.

Also we hope to bring to you, next week, something a little different in this column. Share with us these with your "Traveling Reporter." This will be news and views from the Youth Centers and Youth Centers around the country. We plan to visit these Centers and drop you a line about how "seniors" in other towns run their Youth Centers and what they are doing that might be of interest to you. We hope you will enjoy reading about them as much as we will enjoy writing about them.

We have a couple of new members lately, they are, "Smoky" Roberts and Harold B. Hensley, Jr. Welcome to our Youth Center, Kids!
Jean Ferguson and Peggy Charlie-

tor seem to be among the first of our members to "take off" to work for the summer. Jean left for Hill Terrace Ranch this week while Peggy left for the Mire Peak Girl Scout Camp.

Summer School seems to have an attraction for many of our members. Some members are going for the extra credits, some because they have nothing else to do, and others because they have no choice!

After "school" we saw Jimmy Don Davenport filling his car with teenagers to deliver them home. Joe Dorsey, J. W. Stovall, "Hoot" Harris and a couple of others got a free ride in Jimmy's excitingly different car.

We Prophecy:
Girls this Summer will turn out a lot of swell divers. That girls will be cutting their hair even shorter, for comfort, this Summer.

That Summer romances will be springing up before too long. That the Post Office will be quite busy this Summer—that is if those who have promised to write letters to campers keep their pledges.

That a lot of teenagers will catch up on their sleep—at long last. That the Youth Center will be able to claim a "Champ" or two after the Fort Stockton swimming meet. We hear several of our members will enter.

That Ann Brown, Adele Blackman and Jim Davenport will "swear off" carnival rides after a rather "tossing" time in the "Barrel" the other night.

Wandering Thoughts:
We saw Diane Anderson driving a convertible. It looked familiar. Could it be that "Brother Joe" is home?

Jim Davenport won two duck dolls and two horse dolls at the carnival Saturday night. Tell us how you did it, Jim.

Ann Brown and Adele Blackman were seen playing "cowboys" on the merry-go-round at the carnival. (They were wearing their "Rodeo clothes" and looked very cute!)

Bill Adams still seems to be able to hold his own at ping-pong. Ann Brown was here this week visiting Adele Blackman.

Mildred and Roland O'Donnell were in Midland this weekend. We aren't quite sure about what is the matter with Donald Deel's arm, but we noticed it in a sling. However, Don seems to be just as "coolie" a player with one hand.

We saw Don Downing selling popcorn at the Rodeo. We wonder if he popped it.

Charles Ruckman didn't forget anything about playing "Coolie," because he seems to beat quite a few.

Where on earth did Ben Gray get the loud shirt he had on the other day.

We understand Moe Price has been elected "Ladies Man" of the "Lonely Hearts Club."

We wonder how many cars will be seen on the Andrews highway this Summer.

We hope our readers had a dictionary handy when they read this week's column. Another day is nearly over and we've told you all the news of the Youth Center, so with a "Adios," "Bye," and "Farewell," we leave you until next week.

Girls Unwanted, Case Bids Goodbye To Love (Ethyl)

FOR MEN ONLY: Ethyl Love is last of her kind at Case.

CLEVELAND.—(NEA)—When 2332 seniors at Case Institute of Technology get their engineering diplomas, Ethyl Love will be the only girl in the crowd. And she will be the last of her kind.

After this June's commencement, Case will bar women. The technical school relaxed its anti-female rule during the last six years, permitting 13 women to enroll. Of these, eight dropped out before finishing their first year.

Ethyl Love is the last of the five who stayed to graduate. "The Institute," says Dr. Douglas Miller, executive assistant to the president, "is devoted to preparing men for useful careers in science and engineering. In barring women undergraduates, Case is reverting to its original pre-war policy."

Women Have Place
But, says Miss Love, "Women have a definite place in science. Of course, there always will be employers who wouldn't hire a woman for a laboratory post if she had all the qualifications of Miss Curie."

A Cleveland, Miss Love planned to be a chemist until she graduated from high school. Then, during the war, she worked in a bomb plant and developed an interest in engineering.

At Case, she specialized in electrical engineering and hopes to go into instrument work in electrical engineering after she graduates.

Her sister, Mrs. W. R. Measday and children, Johnnie and Sue, of Deming, N. M., are staying here with Mrs. Walling's children.

Recently held was the monthly business and social meeting of the L.L.L. Class of the First Baptist Church. The meeting was held at the home of the teacher, Mrs. R. G. Taylor. The next meeting is scheduled June 16 with Mrs. Jim Coffey as hostess.

Mrs. Margaret Higgins recently was elected president of the Grand Business and Professional Women's Club. Vice president is Mrs. Gracie Ward. Other officers are: Mrs. Ruby Hughes, corresponding secretary; Madge Conger, recording secretary; Mrs. Myrtle Cherry, treasurer. Mrs. Iva Noyes of Midland, district director, will present a charter to the club here in an installation service June 16.

Mr. and Mrs. Harry Cowden recently visited the J. E. Cowdens in Kerrville and there attended rodeo and fished.

Mrs. M. M. Hendricks, who makes her home here with her daughter, Mrs. W. W. Allman, has gone to Wichita, Kans., to spend the Summer with another daughter.

Jimmy Smith, nephew of the Allmans and who spent the Winter here, has returned to his home in Kansas City, Kans.

Mrs. Ben Alexander of Lovington, N. M., was in Crane recently to attend graduation exercises.

Mrs. Georgann Lewis, age 96, plans to accompany her daughter, Mrs. Lula Scott and her grand daughter, Mrs. A. E. Galloway, on an extended trip to Colorado. The group will spend three weeks in cool Colorado and "Granny" Lewis is the most enthusiastic of the lot.

J. K. Price, city superintendent, announces that two new water wells have been drilled to a depth of 70 and 74 feet and that one is producing 140 gallons per minute and the other 110 gallons.

Following a request made by President Truman, the members of the First Baptist Church here recently met and prayed for peace.

Leon Neely has received a contract from the government for the leasing of a building for a postoffice site.

Work was begun recently on a street paving project. The contract calls for 108 blocks of paving at a cost of \$18,071.

Mrs. R. T. Hubbard has been seriously ill. Her sons, Ted of Fort Worth and Del of Phillips, came here to be with her.

Mrs. George Chrane and daughters, Shirley and Janice, are spending the Summer in Alpine, where Mrs. Chrane will be a student in Sul Ross College.

Mrs. and Mrs. Bill Haralson and Mr. and Mrs. Brady Thomas left recently for Las Vegas, N. M., where they will attend school, working toward additional credits for higher degrees. Haralson and Thomas are football coaches.

Mrs. Mike Minehan recently entertained with a bridge luncheon honoring Mrs. Tom Holland and Miss Willie Holland of Waco.

Mr. and Mrs. LeRoy Brookover and son, Ronnie, have returned following a two-weeks vacation spent in St. Paul, Minn.

'In Biggest Oil Patch'—Ambitious Kermit Seeks International Conclave

KERMIT.—The Kermit Lions Club, like the bustling City of Kermit, believes in gigantic projects—the bigger the better. This time it is the 1950 convention of Lions International, which this Summer will be held in New York City. It is one of the world's largest conventions.

Roy Carter, erstwhile tall twister of the Kermit Lions Club and one of its strongest boosters, dreamed up the convention deal and is in charge of all arrangements. He will extend the official invitation at the New York conclave this Summer. "Kermit in '50" is stitched on the back of Carter's colorful Lions shirts.

Working with the Chamber of Commerce, Carter and his fellow Lions have had printed thousands of folders inviting the international organization to meet in Kermit next year. The 8 by 11 inch folders now are being distributed nationally and will be used to the best possible advantage at the New York convention in July.

Downtown Club
"Kermit's Downtown Lions Club, the biggest club in the fastest growing city in the world's largest state, invites Lions International to hold its 1950 annual convention in Kermit, Texas," is the wording on page one of the four-page folder.

At the bottom of the page and in smaller type appears the following paragraph:
"Kermit's suburban Lions Clubs including Beaumont, Galveston, Corpus Christi, Houston, El Paso, Amarillo, Fort Worth, Texarkana, Dallas, and all intermediate points—in Texas that is—join in extending this invitation. Lions International has been held in Chicago, Philadelphia, San Francisco, and this is the second time for New York."

A Texan's map of the United States of America, certified and approved by the Kermit Chamber of Commerce, and showing Kermit situated in the "world's biggest oil patch" and "in the center of the surrounding territory," is printed on pages two and three.

"Kermit Facts" as follows:
"Kermit has more of the most and it all can be reached by mule-back, covered wagon, automobile, hitchhiking, bus, train, airplane, dryland steamboat, subway or tunnel. Like everything else in Texas, it takes the world's most travel to get anywhere."

"Kermit's accommodations are unlimited. It has the world's biggest outdoor hotel—30,000 strictly modern rooms, each equipped with television, and the world's softest and deepest beds of sand; an air-conditioning system greater and better than any ever concocted by man; the world's biggest star-studded blankets, washed in the light of the world's most fragrant desert flowers."

"Kermit has the world's biggest bathroom, with at least two mesquite bushes to each visitor. A fellow bathes in the sun-drenched sand, dries with a bear-grass bush and combs his hair with a cactus plant.

Peace And Tranquility
"Kermit has the most peace and tranquility. It is not plagued with annoyances common to other large cities. Sleep is not disturbed by the rumble and rattle of street cars or city buses or the screaming blasts of steamship and train whistles."

FUNNY BUSINESS

"George is taking his fishing trip at home this year—he's allergic to mosquitoes!"

Ouster Asked

Mrs. Gerhart Eisler, above, has been recommended for deportation to her native Poland by immigration officials. She was arrested by the FBI shortly after her husband, America's longtime No. 1 Communist, jumped bail and stowed away on a Polish liner. She will be detained at Ellis Island until case is reviewed in Washington.

Daddy Ringtail

By WESLEY DAVIS

Daddy Ringtail And Featherman Whiskers

I am sorry to say it, but the Featherman was trying to grab away a feather from George. George is a duck with white feathers. George had run into Daddy Ringtail's chicken house and locked the door. George peeped out the window to see where the Featherman was. The Featherman ducked down flat on the ground so that George wouldn't see him. And then the Featherman peeped in the window to see where George was, and George ducked flat down on the floor so that the Featherman wouldn't see him.

Well, the Featherman could have been there yet, I guess, except George had mercy and pity for him. George opened the door to turn the Featherman loose, and I'm proud of George that he did it, aren't you? Happy day! (Copyright 1949, General Features Corp.) A delightful menu for a summer luncheon party features chicken sandwiches with tomato aspic on salad greens. Dessert might be fresh blueberry pie a la mode with frosted coffee.

adds fun to whatever you do. Wrigley's Spearmint Chewing Gum. HEALTHFUL · REFRESHING · DELICIOUS

STANTON NEWS STANTON—Mrs. Edna Davison has as her guest Mrs. A. B. Franklin of Sulphur Springs. The Senior Class has returned from the annual senior trip. They were accompanied by Sponsor Mrs. Francis Carter and room mothers Mrs. Edmond Tom, Mrs. James Jones, and Mrs. Earl Douglas. Mr. and Mrs. Alvin Brown and son of San Angelo were recent visitors here. Edith Davis and Bell Jones are at home from West Texas State College at Canyon where they have been in school. Mrs. Effie Young and children have moved to Midland. Mr. and Mrs. Dale Kelly of Hereford visited here over the weekend. Mr. and Mrs. O. C. Turner have returned from Cisco where he has been under medical treatment for the last month. Mr. and Mrs. Benny Kelly of Levelland are visiting their parents here. Mr. and Mrs. J. C. Scott and Clark Hamilton are in New Orleans where Mrs. Scott is receiving medical attention. Sgt. Pete Gregg, stationed in Wichita Falls, visited here Sunday. Dr. and Mrs. Dale and family are in California. He will hold a series of meetings there. James D. Eiland has resigned as manager of Martin County Memorial Hospital to accept a position with the Cap Rock Electric Company. A Vacation Bible School opened at the First Baptist Church here Monday.

the Featherman was. The Featherman didn't see where George was. The Featherman was hiding close by the outside of the door of the chicken house. George was hiding close by the inside of the door of the chicken house. And then it all happened as quick as you could say "George-feathers." George opened the door just a bit and slammed it again in a hurry. He did it to catch the Featherman's whiskers in the door, and that is exactly what he did. The Featherman couldn't get away—no unless he wanted to leave his long white whiskers, and he loved those whiskers almost as much as he loved feathers. "Oh now, George!" the Featherman said. "Please, pretty please, open the door and turn my whiskers loose." George quacked as fast and as loud as he could. He had caught him a Featherman with Featherman whiskers. "Oh, now, George!" the Featherman said again. "Please, pretty please, open the door!" And the Featherman begged and cried and begged, asking George please, please, to have pity on him. "Have mercy, please!" the Featherman begged.

"You certainly improved the neighborhood, buying a motorized lawnmower, Jenkins—we were just saying we'd like to try it on our lawns!"

Tasty Leftover Ham Treat

Ham balls in rice ring put leftover ham to work.

By GAYNOR MADDOX
NEA Staff Writer

Here's a top-quality recipe for using leftover ham or canned luncheon meat:

Ham Balls in Rice Ring
(4-6 servings)

Two cups ground cooked ham, about 12 ounces, 1/2 cup fine dry bread crumbs, 1 egg, beaten 1/2 cup milk, 2 teaspoons prepared mustard, 1 teaspoon Worcestershire sauce, 1 teaspoon kitchen bouquet, one 3-ounce can broiled mushrooms, 1 tablespoon cornstarch, 2 tablespoons vinegar, 1/4 cup sugar, 1/4 teaspoon salt, 1/4 cup dry white wine or water.

Put enough cooked ham or luncheon meat through food chopper to make 2 cups. Add bread crumbs, egg, milk, prepared mustard and Worcestershire sauce to ham. Mix together thoroughly and shape into 16 small balls. Place ham balls in shallow baking pan and brush balls lightly with kitchen bouquet. Bake in moderate oven (350 degrees F.) until lightly browned, about 30 minutes.

Meanwhile combine in small saucepan the contents of can of mushrooms, cornstarch, vinegar, sugar, salt and wine or water. Bring to boil over moderate heat, stirring constantly. Pour sauce over ham balls and continue bak-

ing for 15 minutes. Serve in rice ring, or over hot cooked noodles, garnished with tiny watercress bouquets.

Speaking of watercress, try this unusually delightful omelet:

Potato Watercress Omelet
(4-6 servings)

One cup leftover mashed potatoes, 1/2 teaspoon salt, 1/2 teaspoon dry mustard, 1/4 cup milk, 4 eggs, separated, 1/2 bunch watercress, 2 tablespoons butter.

Place potatoes in mixing bowl. Add salt, mustard, milk and egg yolks. Beat together thoroughly with kitchen fork. Cut watercress stems in 1/8-inch lengths and coarsely cut the leaves. Fold watercress into the potato mixture. Beat egg whites until stiff but not dry and fold in the potato-watercress mixture.

Meanwhile, melt butter in 8-inch frying pan over moderate heat. Place omelet mixture in pan and let cook until lightly browned on the bottom, about 10 minutes. Place under pre-heated broiler until the top is lightly browned and the center firm. Cut in wedge-shaped pieces and serve immediately. Garnish with short-cut sprays of watercress.

Sand Pays Bills Of This Village

SEDGEFORD, ENGLAND—(P)—This Norfolk village runs on sand. The 700 or so villagers haven't paid a penny in local taxes in 15 years.

The tax rate is fixed at eight-pence on a pound's worth of real estate—roughly dollars 3.50 a hundred. But it hasn't been collected. Sedgeford has paid all its expenses and made enough extra to refurbish the war memorial and start a new athletic field by selling natural resources—sand from a village-owned sandpit.

TEEN TALK

By VIVIAN BROWN AP newfeatures

If you want to be a popular mermaid this summer, now is the time to watch that waistline.

Some girls are lucky enough to get the tipoff before they pose themselves ungracefully on the diving board at the local swimming pool. Normandy H. S., St. Louis, athletes make no bones about the subject. Their edict is that "girls had better go on a reducing diet if they expect to get a date to the Lettermen's annual dance."

The Lettermen have selected "Ounce Bounce" as the title for their dance again this year, and that means the cost is a penny for each pound the girl weighs. This is a good excuse for a young man to take out that nice slim chick who just moved into the neighborhood. After all, his crowd can't object. It's his duty to get the slimmest girl he can find.

Slim Girls Liked

So get busy, girls. Even if you live hundreds or thousands of miles from St. Louis and will not be asked to the dance anyway, remember, boys will be boys whether they are from San Francisco, Detroit, San Antonio, Miami, or New York. They all like the feminine form curved—but in the right places. If you have an added tire roll at the waistline or extra padding at the hips and thighs, give yourself a break—get rid of that extra fat at once.

How do you do it? First you must be in good health. If you are the only one who should prescribe diet or exercise for you is your doctor.

If you are in good health and are from 5 to 10 pounds overweight, you can lose it in a jiffy.

The first day, go on a liquid or fruit diet. For the rest of the week eat plentifully of such things as raw celery, carrots, tomatoes and lettuce (no salt or dressing). These are wonderful to nibble on in between meals or just before dinner. If you let them take the place of a dinner appetizer, very often you can cut your dinner appetite considerably.

Eat Only Half

Experts say the best way to diet when you just want to lose a few pounds is to cut everything that you normally eat in half—all except meat, unless you eat great quantities of it. You can eat a small portion of dessert after meals, certainly nothing between meals, and still lose weight, if you have been accustomed to a high sugar diet. It may be easier and quicker to lose weight, however, if you can skip the dessert.

A girl who is very much overweight should carefully count calories while on the diet. She can include in her diet a slice of whole wheat toast for breakfast and a boiled or baked potato at dinner without spoiling her chances of losing weight.

Some girls like to alternate breakfasts by eating fruit such as a whole orange, grapefruit, apricots or peaches one day, and then eating an almost-hard-boiled egg and a slice of toast on the alternate day. On the day they do not have fruit for breakfast, they eat a fruit salad for lunch. Otherwise they eat a boiled egg and a green vegetable for lunch.

Dinner is pretty much the same as usual except that starchy foods are skipped and green and yellow vegetables substituted. Alternate dinner-meats each evening, starting with a lamb chop and then continuing with chicken, hamburger and steak or roast beef.

As long as you are going to devote a week to dieting, take a whirl at some exercises. Walk home from school or take a walk after dinner in the evening. Supplement this with some hip rolling exercises before you go to bed.
