# Midland Rent Controls Are Lifted

## Decontrol Is Effective In County Also

Housing Expediter Tighe E. Woods Friday removed rent controls in Midland and Midland County, according to an Associated Press release from Washington.

The action followed approval by Gov. Beauford Jester on June 1 of a rent decontrol resolution adopted May 24 by Midland's City Council.

A public hearing on the proposed lifting of rent controls was held in Midland May 12, when more than 20 persons spoke in favor of decontrol and only three against. Members of the council voted unanimously in favor of decontrol.

The decontrol proposal was submitted earlier this year by a group of Midland landlords, first to the Chamber of Commerce and then to the City Council. A petition asking decontrol was filed.

Controls also were lifted by Woods in Odessa and Ector County, Liberty, and Pampa and Gray and Carson Counties.

Rent control had been in effect here since early in the war years. Living units made available for the first time since Feb. 1, 1947, were not affected by the controls.

The City Council, in adopting the decontrol resolution, urged landlords to use judgment in readjusting rental rates.

Mrs. Wayne Harrell, who is in charge of the area rent office here, said Friday she has received no official word from Washington concerning the decontrol action.

City Atty. Gen. Perkins said decontrol, in his opinion, is effective immediately upon order of the Housing Expediter.

## Veto Rent Decontrol, Woods Asks

AUSTIN—(P)—Federal Housing Expediter Tighe Woods Friday personally called on Gov. Beauford H. Jester to veto rent decontrol legislation just passed by the 51st Legislature.

Following the conference, Woods told the press the governor promised to give his request "careful and prayerful consideration."

Woods said he had made the special trip to Texas specifically for the conference with the governor. He said he did not know whether or not his conference had accomplished anything.

Jester said he had no comment.

Woods said that if the governor does not veto the measure, it is the attitude of the national office that to appropriate the law if it can find any way out of it.

Contrary To Federal Act

He said he felt that an amendment tacked on the law to permit cities to re-establish controls if decontrol didn't work might provide the way out.

"We feel that the provision is contrary to the federal act," he declared.

"I asked the governor if he could see his way clear to veto the decontrol law," Woods said.

"From studies we have made we feel that housing is still very, very acute in many communities here in Texas."

"The federal act carries provision whereby communities which feel they don't want control can request decontrol for themselves. We have granted all such local options we have received."

"The governor is in the same spot we are in nationally. It is hard to tell conditions in every community. But the local option leaves decisions with the people who best know their needs," he explained.

"The governor said he had received a lot of letters on both sides." (Continued On Page Eleven)

## Legislature Dumps Rent Decontrol Bill Into Jester's Lap

AUSTIN—(P)—The Legislature began another long weekend off Friday with the statewide rent decontrol issue in Gov. Beauford H. Jester's lap.

The House Thursday quickly approved Senate changes in the rent measure, and sent it to the governor's desk for his signature, veto or to become law without his action.

Approval was 86 to 34.

If the governor does veto it, it was anybody's guess whether the bill could hold the two-thirds majorities by which it passed both houses. Two-thirds majorities are necessary to override a veto.

The Senate's approval was 25-3.

Unless vetoed, the bill will become effective 90 days after the Legislature's final adjournment.

Under the Senate changes, cities would be empowered to return controls with the governor's approval after decontrol is effective. The constitutionality of that provision, however, remained under question.

Other bills directed toward the governor's office with final legislative approval Thursday included:

- Permit counties to levy the state-relinquished share of the ad valorem tax.
- Provide \$4,015,614 for vocational education during the next two years.

## Truman Flies To Little Rock For Division Reunion

WASHINGTON—(P)—President Truman Friday was flying to Little Rock to rejoin his old battery at another reunion of the 35th Division of World War I.

The onetime captain of Battery D, 12th Field Artillery, will mix with old cronies, look in on a ball Friday night, and have 7 o'clock breakfast Saturday morning with his battery mates.

The President worked Thursday night to complete an address to be delivered at 2:30 Saturday, highlighting the observance with the buddies with whom he served in France.

Truman's take-off in the "Independence," the White House DC-6, was timed at 11:37 a. m. (CST) for the three and a half hour flight. He will return to Washington immediately after Saturday's talk.

## Permian Basin Life Underwriters Will Meet Here Saturday

The regular monthly meeting of the Permian Basin Association of Life Underwriters will be held Saturday noon in the Crystal Ballroom of Hotel Scharbauer, R. J. (Doc) Graham, president, announced Friday.

Insurance agents from Midland, Big Spring, Odessa, Kermit, Monahans, Pecos, Andrews, Crane, McCaney and other area cities are expected to attend.

Graham urged all Midland insurance agents to be present for the luncheon and meeting.

## Tucker, Aides Face Federal Fraud Charges

CHICAGO—(P)—Preston T. Tucker and seven associates, one an ex-convict, were indicted on federal charges Friday as a result of their promotion of an unmarketed rear-engine automobile.

They were accused of mail fraud, violation of Securities and Exchange Commission regulations and conspiracy.

A 31-count indictment was returned before federal grand jury which spent 12 weeks since February 12 investigating affairs of Tucker and his corporation.

Maximum possible penalties for conviction under the indictment would amount to 135 years imprisonment and \$80,000 in fines for each of the eight defendants.

The counts are 25 of mail fraud, five of violating SEC regulations and one of conspiracy.

Other defendants with the 46-year-old president and director of the Tucker Corporation:

- Harold A. Karsten, 38, alias Abraham Karatz, North Hollywood, Calif., former Minneapolis lawyer;
- Floyd D. Cerf, 60, Chicago former investment banker, who floated the public issue of stock in the corporation;
- Robert Pierce, 50, Detroit Athletic Club, Detroit, formerly associated with Briggs Manufacturing Company of Detroit, and former director and treasurer of Tucker;
- Fred Rockelman, 63, Chicago, who held the posts of director, general sales manager and executive vice president of Tucker Corporation. He had been associated with Ford Motor Company and Chrysler Corporation more than 27 years;
- Mitchell W. Dullian, 55, Oak Park, Ill., a former director and general sales manager of Tucker;
- Former RFC Employee: Otto Bradford, 48, Evergreen Park, Ill., a former Tucker Corporation director, treasurer and comptroller. He formerly worked for Detroit banks and the Reconstruction Finance Corporation;
- Chicago, who served as director of advertising for Tucker Corporation. He formerly was with Chrysler Corporation.

The indictment charges a total of \$28,000,000 was spent by the defendants on the promotion and (Continued On Page Eleven)

## More Rains Blast Plains Cotton Crop

By The Associated Press

Texas farmers are looking for a whopping cotton crop in the South Plains. They may get it—but the weather already has whittled down their chances.

They have so much wheat they hardly know what to do with it—but the weather is working overtime to help solve that problem.

Nightly thunderstorms boiling across the plains with pounding hail and driving rain cut deeply into fields of cotton and wheat alike.

More rain fell in parts of the Panhandle Thursday night. Rain already had set back the wheat harvest in that section.

Meanwhile, a farm agent estimated 300,000 acres of newly planted South Plains cotton has been ruined or heavily damaged by storms.

The damage estimate came from W. N. Williamson of Lubbock. He is district Extension Service agent for 18 South Plains counties.

Williamson gaged his estimate Thursday from 200,000 to 300,000 acres after getting reports from county agents.

\$500,000 Damage

Cotton farmers get a chance to replant. Most of them intend to do so by June 20.

Replanting costs about \$250 a acre. That's about a half million dollar loss so far.

Just to show what kind of a year it's been in the plains—Amarillo had 13.22 inches of rain for the year up to Thursday night. The average fall for an entire year is 7.67 inches.

In the South Plains, Lubbock has had more than 17 1/2 inches of rain. The normal figure for a whole year is less than eight inches.

There was rain Thursday at Amarillo, Lubbock and Childress in the plains. Rain fell also at Cisco, Lufkin, Waco, Beaumont, Corpus Christi, Victoria, Galveston, Houston, Wichita Falls, San Antonio, San Angelo and Palacios.

## Humble Prepares To Run Pipe In Runnels

Electric log surveys were being run preparatory to setting pipe and attempting completion at Humble Oil & Refining Company No. 1 Odem, Northwest Runnels County wildcat which recently flowed oil in commercial quantities for a discovery from the Strawn lime of the Pennsylvania.

The venture was bottomed on 5,438 feet. The zone between that depth and 5,418 feet has shown for a possible 50-barrel per hour flow.

Location is 785 feet from north-east and 890 feet from south-east lines of Felix Sosa survey, about 7 miles southeast of Blackwell.

Approximately four miles north-east of the Humble strike, Fred M. Manning, Inc., made another drillstem test of the Ellenburger at its No. 1 McNay, wildcat three and one-half miles northwest of Wingate and 925 feet from north-west, 2,582 feet from south-west lines of section 233, J. Jeffries survey.

The tool was open one hour at 5,375-5,345 feet. Recovery was 30 feet of drilling mud, with no shows of oil, gas or water. Preparations were being made to drill ahead.

## C. Of C. Requests Prompt Action On Air Travel Facts

Stanley M. Erskine, chairman of the Aeronautics Committee of the Midland Chamber of Commerce, Friday urged individuals and firms who have not answered letters sent out by the C. of C. concerning usage of commercial airline service in and out of Midland to do so promptly.

The information requested must be in the hands of the committee by the end of next week, Erskine said.

The information gathered will be submitted in brief form to the Civil Aeronautics Board at its forthcoming hearing on the proposed elimination of American Airline's Midland stop and Pioneer Air Lines application for a permanent operating certificate.

The Chamber of Commerce opposes the granting of a permanent certificate to Pioneer.

Erskine said everything possible will be done to show cause why both American and Pioneer services are essential to the well-being of Midland and the Permian Basin area. Continental Air Lines also serves Midland and vicinity.

The Chamber will attempt to show the number of persons in Midland and vicinity who travel by air. The Odessa Chamber of Commerce is gathering similar information in Ector County and will join the Midland Chamber in submitting briefs at the CAB hearing.

Erskine said the response to date from individuals and business firms is excellent, indicating a strong desire on the part of citizens to support the Chamber in its all-out effort to retain Midland's position as the airline center of West Texas.

Pertinent Information

Citizens are asked to submit letters, attested to by a notary public, listing the number of firm members who travel in and out of Midland by commercial airlines. The Chamber also seeks information as to the main points of travel. Particular cases wherein the airline service now available is desirable from a business standpoint also is requested.

The cooperation of persons and firms who might not have received letters from the Chamber also is requested.

American Airlines is opposing the proposal to terminate its Midland flights.

## Barnsdall Tops Reef In North Snyder Test

Barnsdall Oil Company No. 1 Wren, one location west outpost to the nearest completed producer on the southwest side of the North Snyder field, in North-Central Scurry County had reached 6,540 feet in time and was circulating for samples.

A tentative top of the Canyon reef had been picked to be at 6,540 feet. A detailed study of the samples might change that call slightly.

If the 6,540 foot top of the Canyon is confirmed the Barnsdall project would be 13 feet high to the Sunray Oil Corporation No. 1 Brown, recently completed flowing producer.

The Barnsdall No. 1 Wren is 680 feet from north and east lines of lot 6, section 20, block 1, J. P. Smith survey.

The venture is to drill deeper and test the Canyon, after the current sample checking activity is completed.

## Skelly On Potential In Eldorado Flanker

Potential test was underway at Skelly Oil Company No. 2 M. L. Jackson, extension to the Eldorado field of Central Schleicher County.

Prior to starting the initial production gauge, the well flowed 200 barrels of oil in 17 hours through a three-quarter-inch choke. No water was developed.

Production is from the open hole section at 4,138-4,164 feet in a Pennsylvania lime formation.

This project is 3,018 feet from north and 900 feet from west lines of section 41, block LL, TORR survey.

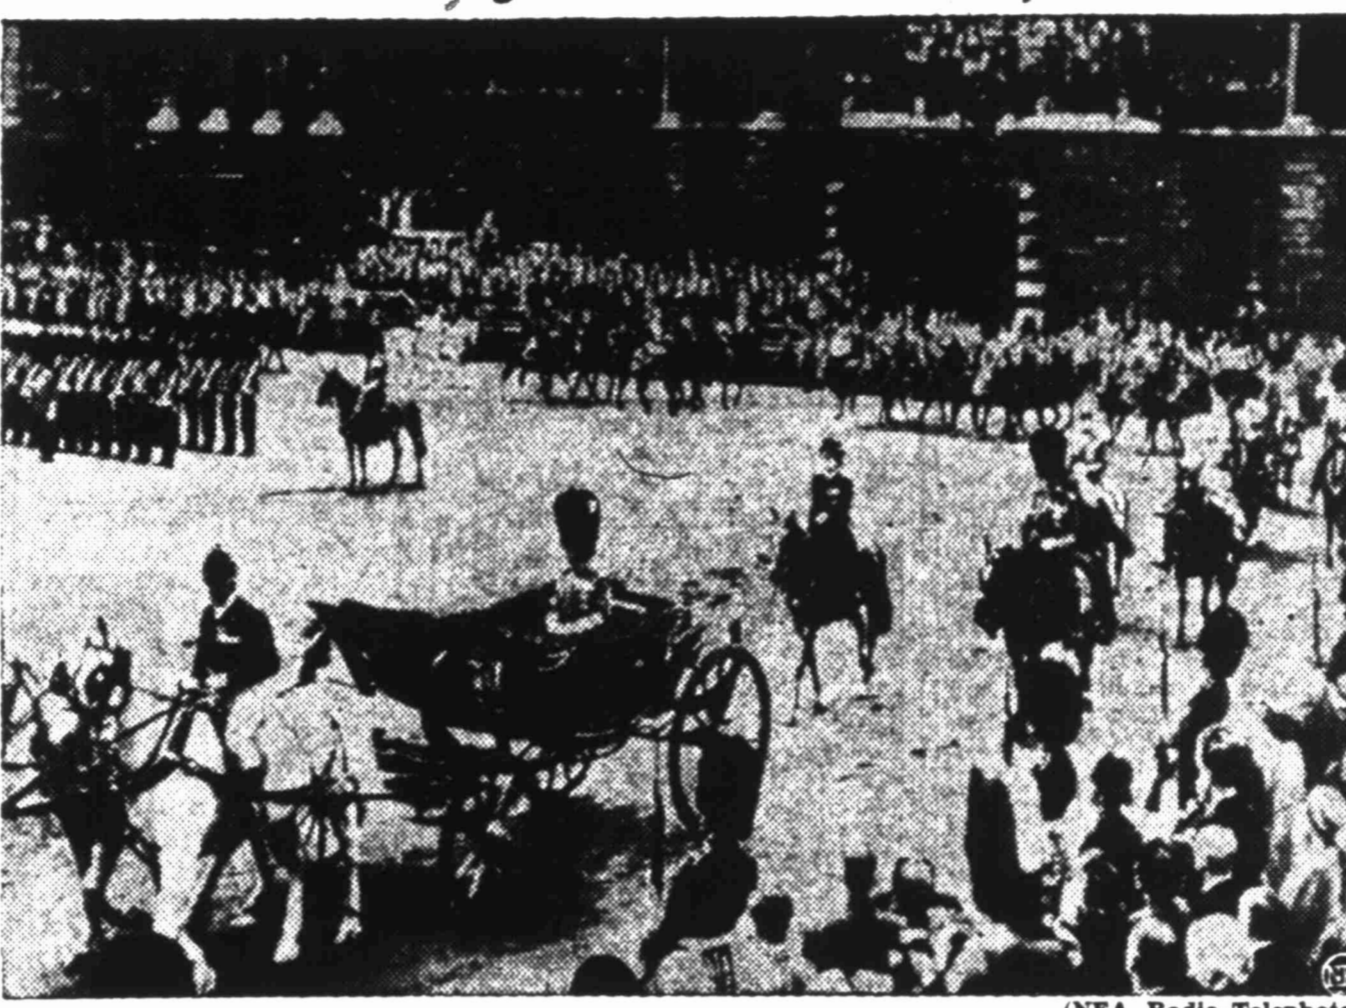

## Tom Green Wildcat Makes Salt Water

M. E. Davis and Hiawatha Oil & Gas Company No. 1 W. C. Jones east, Southeast Tom Green County exploration, eight miles south-west of Wall, and 680 feet from north and west lines of section 190, district 11, SPRR survey, ran a drillstem test 4,694-4,148 feet.

The tester was open one hour. There was a blow of air for a part of the period. Recovery was 290 (Continued On Page Eleven)

## MANILA—(AP)—Secretary of Interior Sotero Baluyut Friday ordered a loyalty check to prevent members of the Communist-led Hukbalahap guerrillas from getting government jobs.

## Carriage Ride On His Birthday

Riding in a carriage instead of on a horse, King George arrives at the Horse Guards parade grounds in London for the traditional trooping of the colors on his official birthday. Directly behind him are Princess Elizabeth, uniformed as a colonel of the Grenadier Guards, and the Duke of Gloucester as colonel of the Scots Guards. The king's real birthday is December 14.

## Ickes Subpoenaed In Coplon Defense

WASHINGTON—(P)—Harold L. Ickes, former secretary of the Interior, showed up Friday as a defense witness in Judith Coplon's espionage trial, but was excused until later.

Ickes responded to a subpoena issued by Archibald Palmer, Miss Coplon's attorney.

Ickes told reporters he doesn't know "a damned thing about it except what I see in the papers."

Palmer told reporters, however, he wanted Ickes to testify concerning the truth of one of the 34 so-called data slips found in Miss Coplon's purse when she was arrested in New York March 4 with Valentine A. Gubichev, a Russian.

One of the slips, titled: "Re: Ursula Wasserman internal security-R (Russian)," said: "In March, 1946, subject had in her address book the name of Ruth Gruber. Gruber has been reported to have been a contact of P. A. Garannin of the Soviet Embassy, Washington. Gruber was secretary to Harold Ickes, Secretary of the Interior."

Miss Gruber, a writer who formerly worked at the Interior Department but not as Ickes' secretary, has said she never was "a contact for anyone," and that she did not have access to any secret papers.

The reports being read in court are a dozen the prosecution tried to keep out of the case for "national security" reasons.

Thursday's reading brought out reports that the FBI checked on the Russian Embassy, a barber at a rocket testing range and a Russian language newspaper. It brought prompt protests from the barber and the editor, silence from the embassy.

Already parts of the reports have stirred up emotions aside from the question of whether Miss Coplon pilfered government secrets while working in the Justice Department.

However, Defense Counsel Archibald Palmer told reporters he may dispense with reading of 18 long reports dealing with FBI matters of internal security and suspected espionage agents.

One of the reports read Thursday (Continued On Page Eleven)

## Norwegian Anti-Nazi Author Dies Friday

OSLO, NORWAY—(P)—Sigrid Undset, 67, Nobel Prize winning author, died Friday at Lillehammer, Norway.

Miss Undset, author of the "Kristen Lavransdatter" trilogy, won the Nobel Prize for literature in 1928.

Her writings aroused the anger of Hitler's Nazis long before the war, and in 1940, when the Germans invaded Norway, Miss Undset threw herself into work for her government.

## Scientist Described As Party Recruiter

WASHINGTON—(P)—Robert Davis, a wartime employee of a West Coast atomic laboratory, testified Friday he was recruited into the Communist Party by an atomic scientist, Giovanni Rossi Lomanitz.

Davis, now of New York, was a witness before the House Un-American Activities Committee. He said he attended perhaps two or three Communist meetings while he worked in a laboratory at the University of California at Berkeley. He said Lomanitz attended meetings with him.

Lomanitz himself, also called as a witness, had refused, on grounds he might incriminate himself, to say whether he ever was a Communist or ever tried to get anyone into the Communist Party.

## Knows Exactly What He Wants

LONDON—(P)—A hopeful advertiser in London's "Times" Friday knew just the kind of job he wants.

His ad read:

"Wanted, responsible appointment, minimum work and four-figure salary with unblemished expense sheet; will travel anywhere in luxury only; if really essential could supply references."

## Tennessee Senator Insists ECA Boss Should Resign Post

WASHINGTON—(P)—Senator McKellar (D-Tenn) Friday shouted at ECA Boss Paul Hoffman: "The sooner you resign, the better it will be for the United States."

The veteran chairman of the Senate Appropriations Committee openly accused Hoffman of trying to bully the committee into not cutting European Recovery funds.

Hoffman boldly denied he tried to put any "pressure" on the committee or that his talk of resignation was a "threat."

Hoffman had told reporters Thursday he would resign if he reached the point where he no longer thought he could direct the recovery program successfully. And he said he did not think it could be done with less than the \$3,568,470,000 ECA is asking for the first ten and one-half months of the next fiscal year.

McKellar brought up the subject early in Friday's hearing on the ECA appropriation, saying:

"Other than giving away other people's money, I wonder what you are doing in Europe. I think it would be a very good thing if you did resign."

Hoffman tried to get in an answer several times but McKellar shouted him down.

## Here's How

## ★ LATE NEWS FLASHES ★

WASHINGTON—(AP)—The Air Force Friday ordered its Waco, Texas, base named for Col. James T. Connally, B-29 squadron commander who was killed in a raid over Japan May 29, 1945.

HARLINGEN—(AP)—Under the 1949 cotton loan program of the Commodity Credit Corporation, private lending agencies will be allowed to make advance loans to farmers, it was announced here Friday by Frank Biggs, an official of the Production and Marketing Administration of the U. S. Department of Agriculture. Interest rates will be made at a rate agreed to between the farmer and lender instead of the CCC-prescribed rate.

## MANILA—(AP)—Secretary of Interior Sotero Baluyut Friday ordered a loyalty check to prevent members of the Communist-led Hukbalahap guerrillas from getting government jobs.

Byron Chastain, left, and James Buddy Chesler, right, oblige authorities by climbing into the ice-box in which three children were found suffocated in Walnut Ridge, Ark. According to officers, James Buddy Chesler told authorities he shut his three playmates in the ice-box during a game of "I-spy," then left them to suffocate when he couldn't get the door open.

★ IN HOLLYWOOD ★
Hollywood Hunts Continually For New Boy-Meets-Girl Twist

By ERKINE JOHNSON
NEA Staff Correspondent
HOLLYWOOD—Boy meets girl! Ever since the first ham carried the first spear across a stage, a new "boy-meets-girl" gimmick has been welcomed with ear-splitting hurrahs.
A boy and a girl can't just meet like ordinary people in the dramatic. It's gotta have a twist. Hollywood has twisted itself all out of shape dreaming up new twists. Remember that old M-G-M picture, "Lucky Night"? There was a twist to boy meets girl. Myrna Loy and Bob Taylor met in an employment agency where both were looking for jobs. They try to bum a cigarette from each other but neither has one. Later the same day they meet by accident on a park bench and both make a dive for a cigarette that has been thrown away.
Taylor gets there first, breaks the cigarette in two and gives Myrna half. Naturally, it's love. For more than a year now Kay Kyser has been asking married people how they met. It's a gimmick on his radio show.
These informal interviews have brought out more unusual boy-meets-girl angles than you can shake six dozen film writers at. Here are some of the best:
Air Pressure
There's an airline pilot who flies from Los Angeles to New York three times a week. One fine morning he passed through the plane to look over his passengers. He noticed one passenger on the aisle who was lovely. He went back to his cabin and for three hours wrote her notes in poetry, demanding a date. By the time the plane arrived in New York the girl was convinced. They had a date that night and were married two weeks later.
There was a young girl who escaped from a DP camp in Germany. She sneaked into the American occupied zone and was stealing potatoes when she was arrested by a handsome GI. Driving to headquarters in a jeep they decided it was love.
She's in America now, an American citizen, married to the GI who captured her.
Two sets of parents who were strangers took their infant son and daughter to a wedding. The grandmother of the bride suggested that the two babies be put to bed while their parents remained for the reception. The babies were put to bed together. They were only six months old at the time, but they're married now.
Another couple met when she was a patient waiting to undergo an operation. He was the heart

No Storage Space Caused This
At Fargo, Texas, a community just north of Vernon, farmers faced with a shortage of storage space for their wheat harvest are dumping it on the ground. Farmers in this area are rushing to complete granaries for storage of the precious grain, hoping the price will not drop any further.

"Tell your papers I believe we owe free medical protection to the people! Haven't we politicians worried the people sick over one thing or another for years?"

+ McCamey News +

McCAMEY—Jimmy Hayes, son of Mr. and Mrs. J. W. Hayes, recently was graduated from Texas A.M. He received a degree in petroleum engineering. He graduated from McCamey High School in 1945. He is married to the former Paulene Edwards, daughter of Mr. and Mrs. I. L. Edwards of McCamey. The young couple will be at home in Kermit where he is employed by Dowell Incorporated. Their parents attended graduation exercises.
J. I. Smith of Marathon received injuries in an accident recently when his truck collided with a car belonging to Billy Stephenson of Rankin. The crash occurred one mile east of McCamey on Highway 87. Mickey McDonald and an unidentified youth escaped injury.
At a recent meeting of the McCamey School Board, action was taken on several suggestions made at a previous open-forum meeting. Routine school business was handled.
Fans saw a nip and tuck ball game recently when the Pecos girls defeated the McCamey team, 11-5. It marked the first defeat of McCamey in girls' softball play this season.
C. E. (Putt) Brandon announced that the Summer Recreation program would be resumed at the end of a polo "close down."
Upton County now lean view for the first time its own economic facts of life all in one bound volume. Local officials and representatives of the Texas & Pacific Railroad recently met for the presentation of the first copies of a survey. The survey is an inventory of the county's resources compiled by field workers.
Miss Dorothy Leach, Mrs. George Gunnells, delegates, and Mrs. Herb Pope, Mrs. Ed Cox and Mrs. Burley McCollum recently attended a district VFW auxiliary convention in Odessa.
Recent visitors of Mrs. Dovie Teel and family of McCamey were Mr. and Mrs. Ed Wagner and family of Dryden.
Mr. and Mrs. August Spieckerman of Gonzales recently were visitors in the home of Mr. and Mrs. Doug Spieckerman of McCamey.
Mrs. Mary Ash and Bernice Mabry recently attended a beautician's clinic at Lubbock.
The bapiste, now popular in Scotland, is believed to have originated in Asia.

Art Exhibit Remains Open Saturday Night

Numerous visitors to the Palette Club Studio, 604 North Colorado Street, have seen the exhibit of paintings by Bror Utter of Fort Worth which opened Wednesday night and will be shown Friday and Saturday from 7 to 8 p.m. The public is invited to see the work of this young Texas artist, and persons who are interested in meeting him or in studying in the six-week Summer class he will start here Monday, are invited to an informal reception in the home of Mrs. N. A. Lancaster from 7 to 9 p.m. Sunday.
Utter was engaged by the Palette Club to teach the class. He sent the paintings for the exhibit last week, and is to arrive Sunday. A number of Midland residents, adults and students, have already enrolled for the instruction.

Historic Fort Travis To Be Sold June 27

DALLAS — (AP) — Historic Fort Travis will be sold to the highest bidder.
Gone are the frowning big guns that guarded the entrance to Galveston harbor more than 50 years. The War Assets Administration announced Friday it will open sealed bids on the site June 27.
The emplacements, the gun pits and the underground chambers for storing ammunition remain at the site on the southern tip of Bolivar Peninsula. Those underground chambers long have served as hurricane shelters.
"Whoever buys the site must agree to allow access to these rooms should a hurricane threaten," Col. Karl E. Wallace, regional WAA director said.

Thieves Again Raid Sonja Henie's Raid

NEW YORK — (AP) — For the second time this year, thieves have made a big haul from the personal belongings of ice skating star Sonja Henie.
Thursday, \$35,000 worth of her fables and other clothing was hauled from a truck which was hauling the clothing to an air terminal for shipment to California.
Police said thieves apparently broke into the locked truck at a traffic stop light.
Last January, thieves broke into Miss Henie's hotel suite and took two mink coats valued at \$18,000 and some jewelry.

Al German Receives Honors From NMMI

Al German, son of Mr. and Mrs. R. T. German, 715 West Storey Street, received three awards at NMMI, Rowell, N. M., where he has just completed his first year of college work.
He received the best squad medal presented to the outstanding squad of each company, the Thalm award presented to outstanding student of English in the college department, and an award as member of the Dean's list for having maintained a grade average of "B" or better in the college department.

Every man's work shall be made manifest: for the day shall declare it, because it shall be revealed by fire; and the fire shall try every man's work of what sort it is.—I Corinthians 3:13.

More Bickering

The House Armed Services Committee took the only sensible course when it decided to investigate the purchase program of the Air Force's B-36 bomber. The rumors of possible irregularities were too grave to be dismissed lightly.

Obviously the public mind must be put at ease about all phases of a plane program considered so crucial to defense. The public is not likely to be satisfied, however, if it learns that any considerations other than the highest judgments of air experts led to the present heavy stress on B-36 bombers.

Time For A Charge

The trial of Alger Hiss on charges of perjury marks the third current proceeding involving Communist activities in the United States. Let us hope it is more orderly than the other two.

 8:00 p. m.: Evening Worship.  
 Wednesday  
 8:00 p. m.: Prayer Meeting.

**CHRISTIAN SCIENCE SOCIETY**  
 407 North C Street  
 Saturday  
 11:30 a. m.: Radio program.  
 Sunday  
 9:45 a. m.: Sunday School.  
 11:00 a. m.: Church service with "God The Preserver Of Man," as the Lesson-Sermon subject.

The Golden Text is: "The eternal God is thy refuge, and underneath are the everlasting arms" (Deuteronomy 33:27).  
 Among the citations which comprise the Lesson-Sermon is the following from the Bible: "I have set the Lord always before me: because he is at my right hand, I shall not be moved" (Psalms 16:8).  
 The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Truth and Love come nearer in the hour of war, when strong faith or spiritual strength wrestles and prevails through the understanding of God" (page 567).  
 Thursday  
 2:30-5 p. m.: Reading room is open.

**GREENWOOD BAPTIST CHURCH**  
 Route 1, Midland  
 Rev. Monroe Teeters, Pastor

# Waxahachie Minister Heads Texas Council

**SAN ANTONIO**—(AP)—The Rev. J. C. Savell of Waxahachie was named Thursday to head the Texas District Council of the Assemblies of God for the coming year.  
 The one to be placed in the court-house contains the following inscription: "Crane County Memorial Hospital is erected and dedicated by the citizens of Crane County to the memory of their veterans who served so valiantly during World War II."  
 Mr. and Mrs. J. S. Peak, who have been at Crane for several months while he worked on an oil well, have returned to Anderson, Mo., for a visit.  
 Mrs. Lloyd Cox and son, Charles, of Berger are guests in the R. V. Wilson, Jr. home.  
 Mrs. Troy Laxton and son, James, have returned from a visit with relatives in Santa Anna. While there, they went to Hico to attend a family reunion. Eighty-two members of the King family were present at the event.  
 Class Has Barbecue  
 The Willing Workers Class of the First Baptist Church recently held a steak barbecue at the Community Hall. Present were: Mr. and Mrs. Lofton Bragg; Mr. and Mrs. L. D. Parker; Mr. and Mrs. Clyde Orr; Mr. and Mrs. Veron Stell; Mr. and Mrs. Leon Neeley; Mr. and Mrs. Guy Rogers; Mr. and Mrs. Jack Mills; Mr. and Mrs. Joe Boyd; Mr. and Mrs. Jack White; Mr. and Mrs. J. R. Boyd; Mr. and Mrs. B. L. Lewis; Mr. and Mrs. R. G. Taylor and Mrs. Harry Cowden. Families of the members also attended including several children.  
 The problem of cleaning up the town was discussed at a recent meeting of the Lions Club. R. E. Webber presided.  
 Mr. and Mrs. R. O. Warren and sons, Darrell and Dwain, citizens of Crane who were visiting in Eastland, notified friends here of the death of his father, George Warren. Interment was at Eastland.  
 The Church of Christ here has canceled its scheduled Daily Vacation Bible School because of a polio close down on public gatherings.  
 George Ashburn made a recent business trip to Lubbock.  
 Mrs. C. O. Walling is in a Lubbock hospital for treatment. Her children are residing in Deming, N. M., with an aunt.  
 All occupants escaped serious injury recently when a pickup truck driven by Jack Jones had a blow-out while passing a car driven by Mrs. J. D. York of Odessa. Jack Hands was a passenger in the pickup. Both vehicles left the highway but did not collide.  
 Mr. and Mrs. D. W. Sowers announce the birth of a son, born June 6 in Crane Memorial Hospital, weighing nine pounds, one ounce. The youngster's name is Dwight Maynard.  
 Mary Jean Davis of Midland is a medical patient in the hospital here. James A. Castleman is confined to the hospital in Crane.  
 Recently elected Noble Grand in the Rebekah Lodge of Crane was Mrs. Bessie Brents. Vice Noble Grand is Mrs. Sue Shanor and team captain is Mrs. Jewel Mulvey.  
 Martha Hopson recently entertained in honor of her house guest, Sue Elliott of Wink. Attending the winner roast were: Billie Marie Gooch, Shirley Aden, John Clark, Bill Clark, Malcolm Garrett, Gene Neeley and James Hopson.  
 More than 100 bells formerly used on locomotives, since junked by one U. S. railroad (the Southern Railway System), are now used by churches along the railroad.

Some peoples refuse to eat meat because of their belief in the transmigration of souls.

Some peoples refuse to eat meat because of their belief in the transmigration of souls.

Some peoples refuse to eat meat because of their belief in the transmigration of souls.

Some peoples refuse to eat meat because of their belief in the transmigration of souls.

## LITTLE HANDS AT WORK

Some of the projects for little tots in Daily Vacation Church School might seem to an adult mind to be far removed from religion. For instance, these youngsters are putting together animal cut-outs!

Their teacher tells us that the lesson today was based on the truth; *God created heaven and earth*. Maybe you could listen to a discourse on that subject for an hour or more (and maybe you couldn't). But a child soon tires of listening... he needs a chance to put his hands to work.

And so these little hands are busily engaged in a bit of creative work of their own that will impress the lesson on their minds better than a thousand words.

Your child needs the advantage of, and the stimulation of religious education this summer. Enroll him in one of the Daily Vacation Church Schools that thousands of churches will conduct.

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verse
Sunday	Gospels	1	1-4

By The Associated Press

The Dallas Eagles are as tantalizing as a well-fed fish that just nibbles at your line for the sake of something to do.

When it seems you have them they ease away. It's been like that for weeks now.

Thursday night the performance was repeated. Shreveport was only a half game behind front-running Dallas in the Texas League race.

But what happens? Dallas turns on San Antonio 3-2 and Shreveport falls before Oklahoma City 3-0.

The Eagles now are a game and a half ahead once more.

Port Worth didn't do any good either. The Cats lost to lowly Houston 1-0. Thus all first division teams took a licking except Dallas.

Dallas got only four hits off Earl Reid but they were just right. The winning rally came in the sixth when Roy Easterwood doubled Ralph Rahmes home.

Three-Run Teeth

Oklahoma City got three runs in the tenth to beat Shreveport, breaking up a fine pitching duel between Howie Auman of the Sports and Tom Reis of Oklahoma City. The Indians pounded out 11 hits, three of them bunched in that tenth frame.

Lou Ortis was the hero in Houston's victory over Port Worth. He homered in the last of the eighth for the only run. Joe Landrum gave Houston only four hits while Clarence Beers held the Cats to five.

Beaumont clouted a trio of Tulsa pitchers for 17 hits in licking the Oilers 12-3. Jim Schmeible hurled shut-out ball for seven and two-thirds innings after relieving Ernie Nevel.

Texan Arrested In Tulsa Tavern Robbery

**TULSA, OKLA.**—Detective Chief J. D. Bills said a Wichita Falls, Texas, man admitted robbing a downtown tavern Thursday.

The man was held without charge. He was arrested in a taxicab 13 minutes after Mrs. B. J. Hunt reported a bandit took \$42 from the tavern cash register at gun-point.

Bills said that after the Texan's arrest the gun was found to be unloaded.

In 1913, Walter Johnson hurled 36 consecutive shutout innings for the Washington Senators.

WT-NM League—

Ablene Blue Sox Move Into Virtual Tie For Top Slot

By The Associated Press

Ablene's Blue Sox have pulled into a virtual tie with Albuquerque's Dukes for first place in the West Texas-New Mexico League.

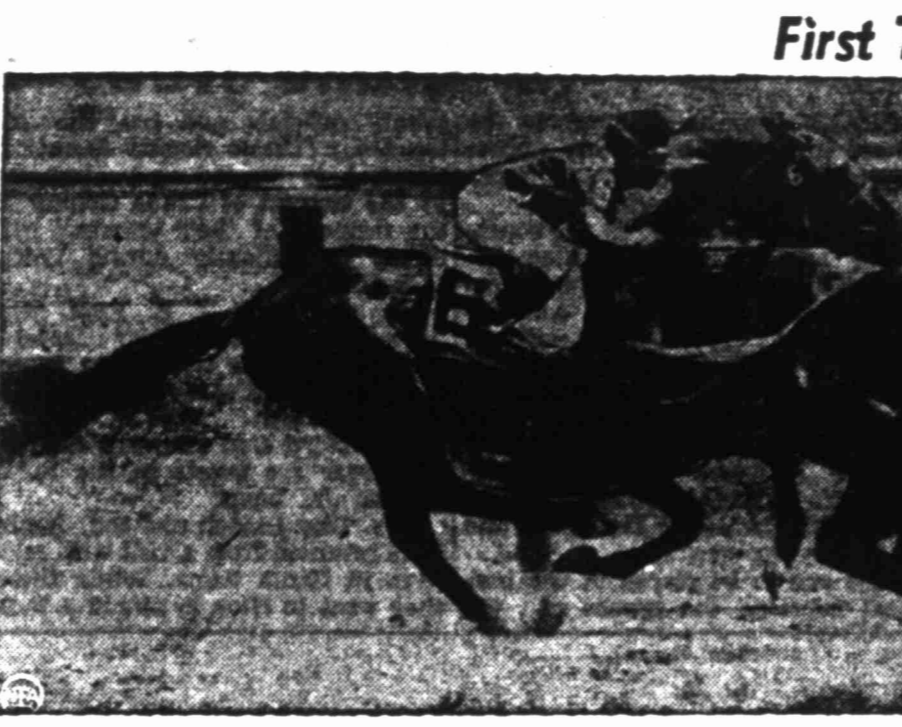

The teams are even in games but Albuquerque has a spread of 18 in percentage points.

Ablene licked Pampa 7-1 Thursday night but lost Pitcher Bernis Copland for an indefinite period when he was hit on the ankle by a hard grounder.

Albuquerque lost its sixth straight game, going down to Amarillo 10-5. Lubbock climbed within a game and a half of the first division by downing Lamesa twice. The Hubbers took the first game 11-3 and the nightcap 8-4.

Borger won a double-header from Clovis to break a virtual tie for third place with Amarillo. The Gassers won the first game 6-7 with Willie Wynns singing in the winning run in an extra inning, and edged Clovis 6-3 in the after-piece.

Read the Classifieds.

All hoofs are off the ground as the field passes the finish pole the first time in a one mile and a furlong race at Delaware Park, hard by Wilmington. Harmony Hope, 10, on the outside, Carson Kirk up, won in 1:53 4-5, paying \$10.20.

Sport

SPORTSLANTS

BY SHORTY SHELBURNE

Most of the managers in the Longhorn League, as well as the fans, think the league got its biggest assist of the season from President Hal Sayles when he returned Umpire Ben Cook to the East Texas League.

Cook's actions on the field were not becoming to a good umpire—at least those we saw. We don't have any criticism to offer against Cook. It just looked like he had the wrong impression on how to handle various situations which arose in games here.

The incident in which he slapped a ball from the hand of Catcher Frank Mornino of Odessa in a game at Indian Park must have been the crushing blow. We know President Sayles heard about it from more sides than one.

Sports Slants doesn't profess to be an umpire. We base our opinion of Cook on the well known fact that an umpire, just like a ball player, is bound by certain rules of baseball to conduct himself properly on the field of play.

In the release which announced the removal of Cook from the league, Sayles announced the signing of Gus Steiner, an umpire in the Longhorn League like season Dave Crockett and Frank Rakestraw.

Crockett is a graduate of George Barr's school, which at least adds a little flavor to the umpiring situation. Most of the umpires here were trained by Lefty Craig.

Manager Sam Harshaney brought his San Angelo Colts to Indian Park Monday night with high hopes he would win his first game in the Midland park. He departed Wednesday night still hoping to achieve that goal.

Sam didn't win a game here last season when he was managing the hapless Del Rio Cowboys and as still hasn't won one by moving over to San Angelo.

The Colts and the Indians have met in five games here this year with the Tribe taking the decision each time.

Harshaney will get five more chances in Indian Park this season.

Thanks to all of you who called in about an apartment for Julian Pressley. He has found just what he was looking for and probably will have the papers on the line before long.

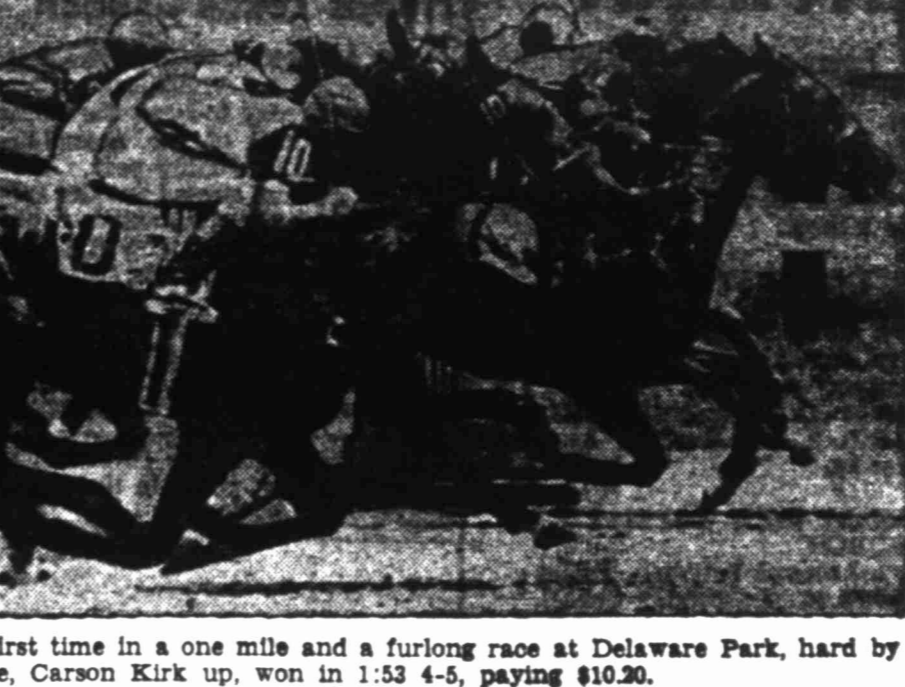

Mrs. Pressley and the young daughter are expected sometime next week.

Baseball fans are reminded the voting for the third player of the week award now is in progress at Indian Park. Voting for this player will continue through Sunday and the Bulova wrist watch will be awarded when the Indians return home Wednesday night.

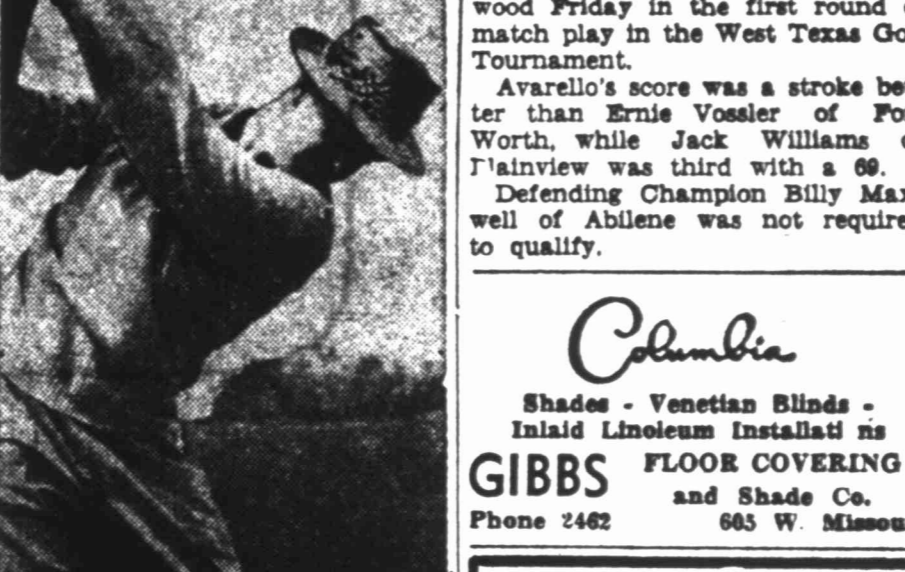

Notes cast for the player of the week through Monday night will be counted Saturday and the watch will be presented between games at the double-header with Sweetwater Sunday afternoon.

The awards are being made by Hughes Jewelry Company and the

First Time Past

Winner Take All

Having won the Augusta Masters and the PGA Championship, the latter for the second time, Sam Snead takes his best shot at the U. S. Open at the Medinah, Ill., Country Club, June 9-11. It's only major championship that the White Sulphur Springs professional hasn't captured.

Longhorn League—Swatters, Indians, Oilers Win; Dusters Split With Roswell

By The Associated Press

The hottest fight in the Longhorn League race is for fourth place and as of Friday it's a virtual stand-off between Odessa and San Angelo.

These clubs are playing each other and Thursday night Odessa advanced within one percentage point of taking over the spot. The Oilers beat San Angelo 9-7.

Big Spring, the top club, lost to Sweetwater 10-7 but it didn't hurt much. Second-place Vernon divided a double-header with Roswell.

Roswell trimmed Vernon 7-3 in the first game behind the six-hit pitching of Vic Michael. Three Roswell errors helped Vernon to a 7-4 decision in the nightcap.

Midland beat Ballinger 12-8 in the other game of the evening.

# Austin Hurls 12 To 8 Victory In Mound Debut Here

Head Work

Johnny Simmons' head-first slide back to first base beats Dave Philleys' throw to Steve Souchock after the White Sox right fielder caught Ed Stewart's line drive in the first inning at Comiskey Park. Bill Wright of the Chicago American's aged Walt Masterson of the Senators in a pitchers' duel, however, to record his sixth victory, 2-1. The umpire is Art Passarella.

## Pressley Homers; Dawson, Nipp, Filigamo On Spree

The Midland Indians go after their fifth consecutive victory at 8:30 p.m. Friday in Indian Park when they battle the Ballinger Cats in the final game of a two-game series.

Lefty Ernie Nelson is Manager Harold Webb's nominee to start on the mound.

By SHORTY SHELBURNE

The Midland Indians went on the warpath again Thursday night and scalped the Ballinger Cats 12 to 8 behind the effective hurling of new-comer Buck Austin. Austin scattered 11 hits along the route and showed a fighting spirit becoming to a great hurler as he took the six errors his teammates committed right in stride. He never gave up and that was the difference in victory and defeat.

Julian Pressley and Carriel Nipp were joined by Lou Dawson and Marty Filigamo in the hit parade. Their power at the plate, plus spurts of brilliance by Bob Rose, Kenny Jones and Austin, buried the Cats under a six-run seventh inning after the visitors had taken an eight to three lead in the early innings.

Pressley Homers  
It was Pressley who put the game in cold storage. He blasted his seventh homer in eight days with Nipp on base in the eighth. Nipp had doubled.

Errors hurt badly in the first six innings. Austin also was a little shaky at the start but bowed his head and moved ten down in the pinches.

Ballinger opened with a single run in the first on a single by Higgins, an error by Hughes and a walk to Stu Williams.

The Cats stroked out with four men in the third. Williams was hit by a pitched ball. Young and Path singled in succession, and Sitter and Hughes booted one each to let in the four runners.

Midland stormed back with three runs in the second on four consecutive base hits. Pressley singled. Nipp singled. Dawson doubled and Filigamo doubled before the string ran out.

Ballinger marked up another run in the fourth on Dawson's error and a single by Young. They picked up their final pair in the sixth on singles by Higgins and Williams and errors by Kenny Jones and Bob Rose.

Bowman, Filigamo and Jones singled in succession to push in one run for the Indians in the sixth. The show of power was just a prelude of more and bigger things to come.

Big Seventh  
Bob Rose singled through the box to open the fatal seventh—fatal for Ballinger, that is. Stan Hughes was hit by a pitched ball and Warren Sitter walked. Then came boom-boom Carriel Nipp to the plate. He struck a single down the right base line and Rose and Hughes rode it home. Pressley duplicated Nipp's blow to plate Sitter and send Nipp around to third. Dawson then hit one to Second Baseman Young and Young threw the way in the third fence along the leftfield line as he tried for a force on Pressley at second. Nipp and Pressley scored. Buck Austin stepped in and tapped a single to deep shortstop to score Dawson and run the score to Midland 10, Ballinger 8.

Austin pitched his way by the Cats in the eighth.

In Midland's eighth, Pressley and Nipp put on the finishing touches. Nipp doubled to open the frame

and Pressley lost one over Barney Graf's 85 sign in leftfield.

Just as a means of making up for his two errors, Stan Hughes ripped off a double play to Sitter to finish off Ballinger in the ninth.

Marty Filigamo showed up nicely in centerfield where he was playing for the first time in many weeks.

The box score:

AB	R	H	O	A
Balling	6	0	1	0

## Les Kennedy On Open Title Trail As Bigwigs Skid

CHICAGO—(AP)—The National Open golf championship looks like a Tom, Dick and Harry tournament after the first round with Les Kennedy, one of the lesser-known pros, pacing the field with a two-under-par 69.

Kennedy, 31-year-old Pawtucket, R. I., shooter, competing in his first open, posted his top ranking score after touring Medina's treacherous No. 3 course whose par is 36-35-71. Only five players broke par Thursday in a field of 162 starters. Seven others matched par.

Kennedy, the red haired Rhode Islander, went to the post for Friday's second 18-hole round with a one stroke lead.

Bunched at 70 were a pair of "unknowns" in big time golf, Chuck Farlow of Greensboro, N. C., and

Al Brosch of Garden City, N. Y., plus two big-namers, Chick Harbert and Herman Barron.

More Lesser Lights  
Two lesser lights also were in the standard 71 bracket—Pete Cooper of Ponte Verde Beach, Fla., and Bus Frelie of Kansas City, Kan.

With them were such illustrious fellows as 53-year-old Bobby Cruickshank, Worsham, the 1947 winner, Johnny Palmer, Claude Harmon, the 1948 Masters' titlist, and Ralph Guldahl.

Five were deadlocked at 72, including Amateurs Skee Riegel of Tulsa, Okla., and Jimmy McHale, the insurance salesman from Overbrook, Pa., whose 65 at St. Louis in 1947 still stands as the National Open's single round record.

Sam Snead dug out of the trees for a 73. Bobby Locke, Lloyd Mangrum and Byron Nelson needed 74. Veteran Gene Sarazen and Cary Middlecott settled for 75. Jimmy Demaret staggered in with an 82, his worst round in years.

The troubadors of the Middle Ages often carried bagpipes.

## Rifle, Pistol Club Slates Sunday Shoot

The Permian Basin Rifle and Pistol Club has announced its monthly hi-power match will be held at the club ranges at Midland Air Terminal Sunday. Firing will commence at 10 a.m.

Five events are scheduled and are open to all rifle and pistol shooters in this area. Cash prizes will be awarded in all matches.

Standard 200-yard decimal targets will be used in all matches except number five which will be a special event. Squads of 10 competitors will fire in number five with a seven-inch disc at 100 yards from bench rest.

Department Store Sales Show Increase

DALLAS—(AP)—Department store sales in four major Texas cities showed slight gains for the week ended June 4 as compared with the same period last year.

Stores reporting from Fort Worth, however, showed business decreases of six per cent, the Federal Reserve Bank of Dallas said Friday.

This was attributed to lingering effects of the recent flood.

Dallas stores reported business was up eight per cent; San Antonio, three per cent, and Houston, one per cent.

CHOIR HAS NEW LEADER  
Bob Deaton, a student at Hardin-Simmons University in Abilene, is the new choir director at the Calvary Baptist Church, according to the pastor, the Rev. A. L. Teaff. He replaces Gene White, also of H-S.

NEW IOOF TRUSTEE  
CORSIKANA, TEXAS—(AP)—V. I. Grounds of Longview has been named as a trustee of the Grand Lodge, IOOF of Texas, to fill the unexpired term of Clarence E. Woods of Lubbock, who resigned. The selection was made at a meeting of the trustees here Thursday.

## Big Spring Man Heads Municipal Water Association

ODESSA—R. T. Finer of Big Spring was named chairman of the Colorado River Municipal Water Association at a meeting here Tuesday night. He succeeds M. C. Ulmer of Midland, whose resignation was accepted at the gathering. Ulmer had served as president of the association since its organization three years ago. Charles Perry, Odessa, was named vice chairman.

The session was called to review the proposed project, which calls for the impounding of water in the Colorado River northeast of Colorado City and piping it to Big Spring and Odessa. Midland, Snyder and Colorado City originally were included in the water district.

Elections Sided  
Representatives at the meeting tentatively set July 12 as the date for election in Big Spring and Odessa for confirmation of the water district. Enabling legislation on the district and a companion measure permitting cities to do business with the district were signed this week by Gov. Beauford Jester.

Marvin Nichols, Fort Worth engineer, reviewed the reservoir and pipe line proposals and said revised estimates of the cost of the project is between \$6,000,000 and \$8,000,000.

J. B. Thomas of Fort Worth, president of the Texas Electric Service Company, attended the session. Col. E. V. Spence, chairman of the State Board of Water Engineers, was among the speakers.

## Softball Schedule

The Midland Softball League will open the second round of play at Wadley Field Friday night. Western Plastic meets Rotary Engineers in the first game at 7 p. m. and Shell plays the Rendezvous in the nightcap.

## Mechanical Bronc

Riding hill-climbing motorcycles is a dangerous sport, but Joe Hemmis of Cumberland, Md., always has his machine under control at the finish.

## Bounding Tigers Clip Yanks Again

By JACK HAND  
Associated Press Sports Writer

Credit the Detroit Tigers with stopping the New York Yankee cakewalk in the American League.

The Yanks took a six-game lead into Detroit after Sunday's split in St. Louis. Now the margin is three and one-half and sinking fast. Red Rolfe's Tigers have won eight of their last 10 games.

Art Houtteman did the latest job on the Yanks—a six-hit, 9-5 Tiger triumph. It was the Yank's fourth straight loss, three to Detroit.

Connie Mack's Philadelphia A's also closed in on the Yanks. The Yanks took a six-game lead into Detroit after Sunday's split in St. Louis. Now the margin is three and one-half and sinking fast. Red Rolfe's Tigers have won eight of their last 10 games.

Chicago 9-5. Howie Pollet, back in his 1948 form, whipped the slumping New York Giants with six hits 4-1 as the St. Louis Cardinals made it six straight wins and 18 out of 17. Bob Hall, a Johnny-come-lately in White Sox 1-0 in 12 innings. Billy Southworth's starting rotation, turned back Cincinnati with seven hits as Boston romped home with a 10-2 decision.

The Phillies squeaked past Pittsburgh 4-3 in 18 innings, the longest game in the majors since 1946. Brooklyn clung to the half-game

## Yankees Grab Star High School Hurler

DETROIT—(AP)—The New York Yankees Friday grabbed off a red-hot Michigan high school pitcher, Ken Beardslee, for their Beaumont, Texas, farm club. Beardslee pitched eight no-hit games in high school.

Ray Meyers, Yankee scout who lives in Detroit, said he signed the 18-year-old righthander Thursday night at Beardslee's home town of Vermonville. Meyers said he is not a bonus player.

Meyers said Beardslee, a righthander, wouldn't necessarily report first to Beaumont, but probably would be assigned to a club of lower classification.

There are more than 8,000 scheduled mail trains every day in the United States.

**Pentagon Worse Than Arctic, Says Explorer**

WASHINGTON—(P)—An Arctic explorer claims it's a lot easier to get lost in the Pentagon Building than in the frozen wastes of the Polar regions. Charles A. K. Innes-Taylor, 49-year-old former British subject who apparently has had trouble finding his way around the Pentagon, made the comparison to reporters as he became an American citizen at naturalization ceremonies here.

**Food Supply Short For Shanghai's DP's**

SHANGHAI—(P)—A food supply for only 30 days is on hand for 2,100 displaced persons in Shanghai awaiting resettlement abroad. Many of them were about to depart from Shanghai when the Communists captured the city. Their situation now is complicated by the political and military situation. It may be their departure long will be delayed for lack of shipping. International Resettlement Organization officials are trying to get food for the displaced persons from Hong Kong and the United States. The group is composed of 1,100 Jews and 1,000 non-Jews. Most of the latter are White Russian refugees.

**STRONG INSTINCT**  
Brooding instinct in some penguins is so strong that they may try to hatch lumps of ice. The little Adelle penguin may continue to brood though completely covered with snow.

**Daddy Ringtail** By WESLEY DAVIS

**Daddy Ringtail And A Box Of Blue**

The Huffen, Puffen, the friendly wolf, was working outside his hollow tree house. The Huffen was hammering and nailing. Every now and then he would stop to laugh and chuckle to himself. Said he: "If I had a box, I would have me a box of blue, I would, if I had some blue."

That's what the Huffen was saying when Daddy Ringtail, your monkey friend, came walking up from down the Elephant Path. Said the Huffen: "If I had a box, I would have me a box of blue, I would, if I had some blue."

gan his hammering and nailing again. "Are you making something?" Daddy Ringtail asked the Huffen. The Huffen said yes and yes indeed he was making something. He was making a box. And when the box was made, he was going to get some blue from out of the sky and fill the box to the top. The Huffen laughed and chuckled again, and then he said again: "If I had a box, I would have me a box of blue, I would, if I had some blue."

Daddy Ringtail looked at the sky. It was blue all over, the bluest that you ever saw, and a cloud of white was nowhere on it. Oh, but that blue sky would be a pretty thing to have indeed, but how could anyone ever get it to fill a box to the top? I don't know, and Daddy Ringtail didn't know, and I guess that no one knows. "Oh, Huffen Puffen," Daddy Ringtail laughed, "how can you ever get the blue from out of the sky? How can you ever put it in a box?" Said the Huffen: "There's time enough to think about that, there is, when it's time to think about it. First I have to build me the box to put the blue in." And the Huffen began all over again with the hammering and

nailing and the building of the box. One thing at a time was enough for him, and he believed in doing first things first—like building the box to put the blue in, before every he worried about getting the blue. Happy day! And Sunday I'll tell you about Daddy Ringtail and the Thinking Cap.

**STILL A MUSKIE**  
Preferred spelling of the full name of the fish commonly called a muskie is given as muskalunge by Webster's dictionary, but muskalonge and muskalunge also are correct.

### Carlos Ashley Of Llano May Enter Governor's Race

AUSTIN —(P)— Senator Carlos Ashley of Llano jumped up Thursday as a new prospect for the governor's race next Summer. Lawyer-Rancher Ashley said there is an increasing trend toward turning Texas into a "graveyard" government, and "Somebody ought to receive a mandate from the people to stop it."

### Probe Of Bomber Crash Is Scheduled

SHREVEPORT, LA.—(P)—An official investigation was scheduled Friday into the cause of a B-45 jet bomber crash which killed two men and injured a third Thursday. The dead were identified as Capt. Ralph L. Smith, 27, of Shreveport and Capt. Milton O. Costello, 31, of Chicago.

Capt. James L. Loudan, 32, of Pittsburgh, Pa., was in a critical condition at the Base Hospital.

ARMS FOR ARABS LONDON—(P)—Informed sources said Friday Britain is ready to sell small arms and ammunition to Arab nations for internal security purposes.

COTTON NEW YORK—(P)—Friday noon cotton prices were 30 cents a bale higher to five cents lower than the previous close. July 32.91, October 29.15 and December 28.92.

### Three Inmates Of Mental Hospital Still Are Sought

SONOMA, CALIF.—(P)—Authorities hunted three possibly dangerous fugitives from the Sonoma State Home Friday. Terrified Valley of the Moon residents were told the state is taking measures to prevent further escapes.

Rudolph Wright, 19, a negro mental patient whose escape started the terror, is in jail on murder and kidnap charges growing out of the slaying Tuesday of Paul Zimmerman, rancher. Three other fugitives still are at large. They are Stanley Nelson, Stanley Barkdale, 20, and William P. Young, 20.

Dr. E. M. Porter, superintendent of the home, listed Barkdale, a psychopathic delinquent, and Young as "potentially dangerous." He said Nelson was "dangerous." All three youths have criminal records. It was feared they might be armed with razors taken from a ranch.

They escaped May 31 by cutting through a heavy wire fence surrounding their cottage. Residents of the valley sent a telegram to the Capitol at Sacramento, Thursday, saying "we just sit around waiting to get shot. Patients are escaping all the time."

A new mental institution with maximum security is being built at Atascadero.

### Taylor Cub Scouts Meet The Governor, Visit Mansion, Too

AUSTIN—(P)—I ain't never seen a governor—said the youngster with 41 freckles on his nose. "Can't we just sit out here and look at him as he goes by?" That's why one dozen little Cub Scouts from Taylor were sitting under the shade of a big old elm tree on the lawn when the governor came home from lunch the other day.

Not only did they see a governor—they shook hands with him and they shook hands with his lieutenant governor, too, and a secretary of state, and a Speaker of the House. Gov. Beauford H. Jester had brought all the officials home to lunch. The staff over at the big white governor's mansion maintain the governor has had somebody over for lunch every day since he moved in two years ago.

The Cub Scouts wanted to go in and look over the mansion. "But you can't go in while they're eating lunch," said Mrs. W. H. Buchanan, social secretary of the mansion. "Isn't that the way your mother does it?"

"No," one solemn little boy declared. "Anyways, they were content to keep sitting out on the lawn until 2 p. m., when they could go in."

### Total Enlistments For Logistic Unit Here Mount To 40

A total of 40 veterans and non-veterans have enlisted for the ERO Logistical Unit which is being organized in Midland, it was reported Friday by Lt. Col. John M. Hilscher, Texas ERO Recruiting Officer.

Eight men were signed at a meeting held Thursday night in the U. S. Army and Air Force Recruiting Office in the courthouse. Those who enlisted Thursday are Raymond M. Eudally, Leo Keegan, William Mitchell, William Carter, Billy Joe Hill, Donald McGregor, David K. Vaabinder, Mitchell Burch, Hilscher Talks.

Hilscher gave a short talk at the meeting, explaining the benefits and advantages of the new ERO program. He arrived in Midland several days ago to assist Col. R. R. Lowden, senior ERO instructor in this area, in conducting an intensive campaign for enlisted reserves here.

The Thursday night meeting was a high point of the campaign. Further information on the ERO may be obtained from Sgt. Shelby Wheeler, at the Army Recruiting Office, third floor of the Midland County Courthouse, or from ERO personnel at the Midland Airpark.

### Solons Prepare For Fight On Control Of Emergency Strikes

WASHINGTON—(P)—The Senate warmed up Friday for its hottest labor fight—over how to handle strikes that could cause national emergencies.

General debate on changing the Taft-Hartley Act neared an end. Next will come the one-by-one consideration of amendments to the Truman Administration's bill for Taft-Hartley repeal. "National emergency" amendments may be taken up Tuesday and some senators say this battle may continue the rest of next week.

That also happens to be the week John L. Lewis has set aside for a coal strike. With coal supplies high, a one-week stoppage isn't considered a national emergency. But it brings sharply to the attention of Congress the possibility of a longer strike beginning in July.

Headline Hunter President Truman was asked Thursday at his news conference about the work stoppage. The President catalogued Lewis as a headline hunter, and said also this is not supposed to be a strike but a sort of special sitdown. He said he understood its object was to use up coal and put the miners in a better bargaining position.

On one thing, the President and Lewis are agreed: They want an end to the Taft-Hartley provision for court orders to stop national emergency strikes. Lewis has been fined heavily under this provision in the past. Truman has expressed the view the President already has inherent powers to deal with an emergency.

As much as Lewis hates the whole Taft-Hartley Law, however, his strategy in calling a walkout during debate on the law's repeal has dismayed some of the lawmakers who are for repeal. Likewise, it has encouraged T-H friends who say that the timing is bound to help their effort to preserve much of the law.

Advertise or be forgotten.

### Explorer Scouts Visit Pike's Peak

Members of Midland's Boy Scout Explorer Post No. 88 spent Thursday and Friday night atop Pike's Peak in Colorado, according to information received here.

"In the snow and cold at 14,000 feet, wish I could send you some of it," the Rev. Clyde Lindsay, leader, said in a telegram to The Reporter-Telegram. The Explorers left Midland last week on a tour of Western and Northwestern states.

There were ties in other classes and they will be shot off Friday.

### Three Titles Settled At State Skeet Shoot

HARLINGEN — (P) — Three championships have been determined in the State Skeet Tournament. The meet opened Thursday with Grant Dising of Illinois retaining his sub-small bore title by breaking 88 out of 100 targets.

Dudley Lee Braun of Dallas took the professional division title with 97 while Mrs. Janice Mason of Dallas won the women's class in the sub-small bore, hitting 88 of 100 targets.

There were ties in other classes and they will be shot off Friday.

### +Pecos News+

PECOS — "Judge Roy Bean's Court" will be in session again! J. P. Biggs will preside over the court at which members of the Pecos Lions Club will be bailiffs, witnesses and jurors.

The court is a publicity stunt for the annual Pecos Rodeo, which is scheduled July 2, 3 and 4. Persons of Pecos must wear western clothes prior to, and during, the rodeo.

Rodeo boosters trips again this year are scheduled. Jess Burner is chairman in charge. A tentative itinerary June 20 will include: Carlsbad and Hobbs in New Mexico and Andrews, Seminole, Kermit and Wink. A two-day trip also is slated. It will take in: Monahans, Odessa, Midland, San Angelo, McCamey, Fort Stockton, Alpine and Marfa.

An orchestra will travel with the trippers. J. W. Camp is in charge of the second trip. One hundred fifty guests called recently when Mrs. Foy Sanders, Mrs. Ira Hopper and Mrs. W. W. Douglas entertained at the Pecos Valley Country Club.

### Air Squadron Plans San Antonio Trip

Air Scout Squadron 19 of Midland held its regular weekly meeting Thursday night at the American Legion Hall.

The squadron's proposed trip to San Antonio was discussed. Plans are being made for the week-long trip on which the boys will visit air bases and other sites at San Antonio. Base will be Randolph Field.

The squadron of Boy Scouts is sponsored by the Midland post of American Legion. It numbers 15 members. Leaders are Hugh Bliss and Sinclair Murray, Jr.

PATIENT IMPROVED The condition of H. M. Webb was reported Friday to be improved. He recently underwent surgery at Western Clinic-Hospital.

### Controls On Wheat Production In 1950 Hinge On Estimate

WASHINGTON—(P)—A government decision on whether to clamp rigid production controls on the 1950 wheat crop hung on an estimate Friday of the size of this year's crop.

The estimate was to be made public Friday afternoon by the Agriculture Department's Crop Reporting Board.

Secretary of Agriculture Brannan has said if the estimate is as big as the 1,312,000,000 bushels indicated a month ago, the chances are he will find it necessary, under terms of crop control laws, to proclaim planting allotments and marketing quotas on the 1950 crop. Quotas would have to be approved by at least two-thirds of the growers voting at a referendum.

Cash, Notes, Checks Taken In Burglary James A. Raven, owner of Raven Courts, reported to police Friday his home had been burglarized. He said \$200 in cash, two \$1-50 notes and an unknown sum in checks were taken.

**Simmons Is Center For Wall Paper**

Home design experts say the trend definitely is back to Colonial or early American interior decoration and the Simmons Paint and Paper Company 206 South Main Street, has a nice assortment of authentic reproductions.

Wall paper in a series of colonial patterns with chintz materials to match is being featured by the Simmons Company. This material especially is effective for draperies, bedspreads and slip covers.

The firm has a large stock of wall paper of all types and patterns to suit the most discriminating taste.

Frame pictures to decorate any room are available here and likewise there is a complete stock of picture frames.

**Art Department**  
A complete art department is a supplement of the Simmons Paint and Paper Company and artist supplies regularly are sent to mail order customers in this section of Texas.

The firm has one of the largest selections of mirrors to be found in a similar type of store in this area. Simmons handles a full line of Cook's Paints, both for inside and outside purposes. The "two-coat system" is declared by the manufacturer to be equal to three coats of ordinary paint.

The industrial line includes paints for metals, appliances and automobiles.

A full selection of linoleum also is stocked by Simmons. The telephone number is 1633.

The word "barbarian" was first used by the Greeks to mean "foreigners" but it later came to mean a bad or savage person.

**Friendly Westland Grocery**

There is plenty of parking space for customers at Westland Grocery and Market, Andrews Highway at Wall Street. The firm has a complete line of staple and fancy groceries and fine meats. Courteous service and reasonable prices is the policy. Many customers call Westland Grocery "the friendly neighborhood grocery." Its clerks are ever-ready to give service with a smile.

**Firearms Expert To Visit Camp**

The Federal Bureau of Investigation is cooperating with the Buffalo Trail Council, Boy Scouts of America in the Scout camp at the Buffalo Trail Scout Ranch. It was announced by P. V. Thorson, Scout executive.

John Hay, FBI agent from the El Paso Office, a firearms expert will make four visits to the camp to give talks, show movies and exhibits relating to firearms and safety. The service fits in with the camp's marksmanship program.

Hay's services were made available by arrangement with D. K. Brown, Special Agent in charge of the FBI at El Paso, and with the cooperation of J. Edgar Hoover, Roy C. Dahl of Midland and Glenn Ratliff of Monahans negotiated the arrangements.

**Record Memorable Events-- Let Midland Studio Do It**

June, the month of vacations and weddings. And don't let those memorable events go unrecorded. A visit to the Midland Studio and Camera Shop will convince you that there is a camera to suit your purpose and purse.

As a June special, the firm is offering a screen free with the purchase of every movie camera and projector. Surprisingly enough, it is easier to take moving pictures than stills.

Complete photographic service is offered by the Midland Studio and Camera Shop, from kodak finishing to portraits, commercial work and weddings.

For as little as \$20 you can have a set of nice 8 by 10-inch wedding pictures made at the home or church. As the years go by these pictures actually increase in value.

If you prefer a complete coverage of your wedding will be made, recording all steps of the ceremony.

**Factory-Trained Mechanics At The Fitzgerald Company**

Factory trained mechanics are employed by The Fitzgerald Company for air conditioning installation, and an estimate may be had on any job by telephoning No. 3145. The firm is located at 104 South Colorado Street.

The company was organized in June of 1948 by Morris J. Fitzgerald and Fredric S. McLaren.

Some of the larger jobs on which The Fitzgerald Company now is working include the duct work for the Permian Building, the Lineberry residence on South Main Street and sheet metal work on contract with the Latex Construction Company for the Texas Pipe Line Company.

The firm does general sheet metal contracting, air conditioning, installation of ventilating systems, stainless steel work, store fronts, canopies, drainboards, doors and other related work.

Has Mechanical Engineer  
It also specializes in water cooling systems, water and pressure type, and also is the distributor for Comfort Air Washers.

One firm member is a registered professional mechanical engineer

**Discovery Allowable Set For Borden Well; Area Hearings Slated**

AUSTIN—(AP)—The Railroad Commission has granted discovery allowable and new field designation for a well in Borden County.

Discovery allowable and new field designation was granted the Seaboard Oil Company for its T. J. Good well No. 1, Borden County, with production to be carried under Good field.

The Commission also set the following hearings:

July 5—Adoption of spacing rule for the TXL Upper Clearfork field, Ector County, Phillips Petroleum Company.

July 6—Discovery allowable and new field designation, Cowden "E" well No. 1, Dollard field, Andrews County, Cities Service Oil Company.

September 7—Production rules on gas in Shafter Lake field, Andrews County, Empire Southern Gas Company, recessed from June 7.

NEW POWER FOR OLDER BUICKS

Now you can enjoy once again the thrilling eager power of a new car! Smooth, quiet, responsive horse-power, surging from a mighty new Fireball engine at the touch of your toe.

Yes, it's yours! Current production of Buick Fireball engines is outstripping the manufacture of chassis. If your Buick is a 1937 model or later, we can install one of these all-new motors in a matter of hours—and the cost is no greater than a major overhaul.

Worth looking into? You bet it is. Why not come see us this week, and let us give you the exact figures?

USE THE G.M.A.C. PLAN FOR MAJOR REPAIRS.

ELDER CHEVROLET COMPANY

Phone 1700 701 W. Texas

Tucker—

(Continued On Page One) building of the car. The sources of the money were sales of dealer franchises, sale of Class A stock and accessories for cars sold before delivery of the automobiles. Judge Barnes fixed bond at \$25,000 each for Tucker, Cerf, Pierce and Karsten. The bail for the others was set at \$10,000 each. The defendants are accused of taking advantage of the unusual post-war consumer demand for cars and spreading "false and fraudulent statements and representations relating to a proposed completely new automobile which was represented to advanced construction and design not heretofore contained in any mass-produced automobile."

Name-Calling

(Continued From Page One) Communist hysteria that has been whipped up since the end of the war. But he never got to read the statement. First off, the question about past or present Communist Party membership was put to him. Baldwin wanted to know the basis for the questions. He asked if "the policy of asking it had been approved by the whole Senate. Eastland said no, just by the subcommittee."

When Baldwin tried to argue about it, Eastland rose from his chair and started to walk away, saying Baldwin's prepared statement would not be accepted for the committee record. Never so incensed. Holy protesting, Baldwin said he had been appearing before congressional committees for 15 years and "I have never been so insulted in my life."

He told Eastland he would gladly "take an oath of allegiance to the United States." That is when Baldwin accused Eastland of fighting against the rights of negroes and Eastland came back with his cussing out of Baldwin. Just before he turned on his heel and walked away from the witness chair, Baldwin said he would like to protest action of the Senate Judiciary Committee in putting out a list of Communist-front organizations that included the Progressive Party. "It's a damnable lie," Baldwin yelled.

Veto Rent—

(Continued From Page One) of the question, but that he hadn't made up his mind yet," Woods continued. He said the governor estimated most of the letters favored the decontrol law. "Does that mean anything to you," Woods was asked. "No," he replied. "Woods said he especially was worried about military establishments in Texas and that military officials in Washington also were worried about them."

He said that where the federal housing expeditor initiates decontrol in an area he has power to reinstate controls but in no other case. He said that rents jumped 42 per cent after the expeditor decontrolled rents in one community in Georgia and required the reinstatement of controls there. Cities trying to reinstate their own controls, however, have run into trouble and have been blocked in court action, he said. Woods said he came to Austin to talk with the governor on his own initiative and would return to Washington Friday afternoon by air.

How Animals Look In Pidgin English

NEW YORK—(AP)—Pastor Robert Salau, South Sea Islander who was converted to Christianity and became a pastor of the Seventh Day Adventist Church, paid a visit to the Bronx Zoo here. In the pidgin English he learned on his native island of Vela Lavella, he described the animals like this: Camel—"Long fellow, two backs." Lion—"No, I pussy cat." Elephant—"Big fella ears." Hairy Orang-utan—"Long fella grass."

Heaven's On Earth For Trapped Boy

BRISBANE—(AP)—It must have seemed a pretty murky sort of heaven. The "angels" were hot and sweaty. Instead of fluffy white clouds, there was only damp brown earth. But it was good enough for 12-year-old William Ryan. William had been digging a tunnel in a creek bank. But the tunnel caved in and William was buried underneath. He couldn't breathe properly and his mouth got plugged up with dirt. He fainted. His rescuers dug him out and revived him. William opened his eyes and looked at their anxious faces bending over him. "Is this heaven?" he asked.

GOP Aims Attack At Brannan Farm Plan

WASHINGTON—(AP)—The Brannan farm plan came under heavy Republican attack Friday. As the Administration prepared for the opening of its campaign to sell Secretary of Agriculture Brannan's program to the Midwest, its author drew sharp fire from GOP lawmakers in both House and Senate.

The republican charges leveled at Brannan from both sides of the Capitol Thursday centered on his handling of a grain loan program under a new Commodity Credit Corporation bill. Rep. August Anderson (R-Minn.) told the House Brannan was pulling some political maneuvering in a buildup for a Democratic meeting at Des Moines, Iowa, next week. The meeting was called to boom the plan under which Brannan would pay government subsidies to farmers while letting perishable crops seek their own level on the market.

In a speech that paralleled Anderson's Senator Williams (R-De.) told the Senate Brannan had been maneuvering to bring a sharp rise in Midwest grain prices. Brannan, talking to newsmen, retorted: "Those who fought to provide price support for farmers will not be fooled by the charges now being made by these enemies of effective farm programs."

Colonel Loudon Is Jaycee Speaker At Noon Luncheon Here

Col. R. R. Loudon, senior officer of the Organized Reserve Corp here and a former president of a war crimes tribunal in Germany, presented an address at the regular weekly meeting of the Midland Junior Chamber of Commerce in the Crystal Ballroom of Hotel Scharbauer Friday noon. Colonel Loudon addressed the group using various of his experiences in the war crimes trials as subject matter. Vice President John Rhoden presided at the meeting in the absence of President Irby Dyer. Regan Legg announced the Frontier Pageant to be held here in July. Jeff Montgomery was introduced as a new director in the organization.

JOHN T. MCCUTCHEON, 79. FAMED CARTOONIST, DIES. CHICAGO—(AP)—John T. McCutcheon, 79, famous cartoonist for the Chicago Tribune for 43 years and former war correspondent, died Friday. McCutcheon won the Pulitzer Prize for cartoons in 1931.

Coplon—

(Continued From Page One) mentioned in confidential informants, all described as reliable, as watching over communistic activities in Washington, including what went on in the Soviet Embassy. El Paso Man Named. Another report quoted a "reliable" informant as saying a barber at the White Sands Proving Ground in New Mexico, where guided missiles are tested, was expected to be able to get photographs and other information for transmission to the Russian Embassy in Mexico. The barber was identified as Eugenio Chavez, also known as Eugenio Ortega.

The informant described Chavez as a member of the Communist Party at Juarez, Mexico, and a resident of El Paso. He worked at the Post Exchange at White Sands, but was not a government employe, the report said. In El Paso, Chavez said that "I never spied on anybody or tried to be a spy." He described himself as a patriotic American who had no idea how his name got into the papers.

Still another report discussed the San Francisco Russian language newspaper Novaya Zarya, published by Gregory T. Soohoff. This report said the FBI had received "numerous unsubstantiated allegations" that the newspaper was subsidized by the Soviet government. 34 Data Slips. Soohoff commented that his was "a great injustice." He said his paper has not been biased in its presentation of news and declared it has not received "a single cent" in subsidy from anyone. When Miss Coplon, 28, a former Justice Department analyst, was arrested in New York March 4 with Valentine A. Gubitchev, a Russian, her purse yielded, among other things, 34 so-called data slips. These slips referred a total of 30 FBI reports.

The government proposed to withhold from evidence 12 of the data slips, and to offer only brief extracts from the reports to which the other 22 referred. The prosecutors said they were doing this on the grounds of national security. Over vigorous opposition, Judge Albert L. Reeves ruled that the government had to produce the 12 omitted data slips and the full FBI reports to which all 34 slips referred.

Livestock

FORT WORTH—(AP)—Cattle 300; calves 100; steady to weak; low grade slaughter yearlings 14.00-17.50; beef cows 16.00-17.50; good calves 24.00-25.50; common and medium 16.00-22.00; stocker cattle and calves scarce. Hogs 300; butcher hogs 25.00-50c lower; sows steady and pigs scarce; top 21.25; good and choice 19.00-27.00 lb. 21.00-25; good and choice 16.00-18.50 lb. 19.25-20.75; sows 16.00-17.50. Sheep 1,900; medium Springs around 2.00-3.00 lower at 23.00-50; slaughter lambs and yearlings poorly tested; slaughter aged sheep 1.00 lower; medium and good aged weathers 8.00-9.00; Spring feeder lambs steady at 20.00 down.

MIDLAND POLICE REPORT TWO AUTOMOBILE WRECKS. Midland police reported two minor traffic accidents. No personal injuries resulted. One wreck was at the intersection of West Missouri and Garfield Streets and the other was at the intersection of East Highway 80 and Lee Street. Two-thirds of the world's people make their living from agricultural enterprises.

West Texas Oil & Gas Log—

(Continued On Page One) feet of drilling mud and 300 feet of salt water. No signs of oil or gas were developed from the investigation. The project is making more hole. The section tested is in the Ordovician, and is thought by geological observers to be either true Ellenburger or the detrital material which some times is found on top of the Ellenburger. This exploration has not yet shown any possibilities of making an oil well.

Glasscock Venture Drilling In Permian

Southern Minerals Corporation No. 1 S. C. Houston, Northwest Glasscock County wildcat to 5,000 feet, located six miles southeast of Stanton, had reached 3,856 feet in dolomite, sand and shale, in the Permian, and was drilling deeper. Up to now it has not found any signs of oil or gas. It is 660 feet from north and west lines of the southeast quarter of section 13, block 36, TP survey, T-2-S.

Extension Completes For Robertson Field

East extension to Glorieta-Permian production in the Robertson field of South-Central Gaines County has been completed at Anderson-Prichard Oil Corporation No. 1 Morton, 690 feet from south and 1,980 feet from east lines of section 23, block A-21, pal survey. The well was pumped 12 hours to make a 24-hour potential of 91.8 barrels of oil and 91.8 barrels of water, with gas-oil ratio 690-1. Gravity of the oil was 32 degrees. The pay section at 5,972-6,015 feet had been acidized with 2,000 gallons.

Cedar Lake Wildcat Again Makes Water

The Pennsylvanian made water for Stanolind Oil & Gas Company No. 15 American Warehouse, deep wildcat in the Cedar Lake area of Northeast Gaines County. After finding the Ellenburger barren in drilling to 13,188 feet and reducing hole to the Devonian only to develop more water, the exploration plugged back to test the Pennsylvanian. The venture set whiptstock and

drilled a side-tracked hole to secure a test free from the mud in the old hole. The examination was for two and one-half hours at 8,516-35 feet, recovering 3,898 feet of salt water. Further orders were being awaited. Location is 1,650 feet from south and east lines of section 5, block H, D&W survey.

Gaines Deep Venture Plugging To Abandon

Pacific Western Oil Corporation was plugging to abandon its No. 1 Oil Development Company fee, deep wildcat between the Seminole and Russell fields of Northwest Gaines County. The prospector drilled to 11,620 feet and made water on tests of the Devonian. Operator then plugged back to 11,400 feet and perforated casing at 10,340-75 feet with 105 shots opposite the Pennsylvanian. A one-hour drillstem test was run with packer at 10,308 feet, showing a strong to light blow throughout. Recovery was 3,490 feet of drilling mud and 5,400 feet of sulphur water. It was being plugged after the test. The failure is 660 feet from south and east lines of section 315, block G, CO5D&RGNO survey.

MARRIAGE LICENSE A marriage license has been issued by the county clerk to James Melton Thompson and Janice Fern Smith.

Electric Shock Kills Two Tarrant Workers

FORT WORTH.—(AP)—A 12,000-volt jolt of electricity killed two Tarrant County road workers Thursday.

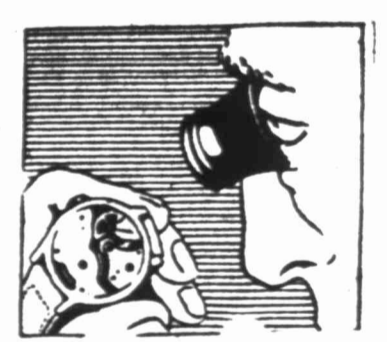

Walter Bert Loyd, 62, and Max King, 60, both of Handley, were killed when the boom of a crane swung close to a 12,000-volt power line.

Other workers said the crane boom missed touching the wires by three feet but the current apparently jumped across.

Faithful In His Fashion

This dead dog was a really faithful buddy. The little fellow sat beside his fallen friend when the animal was struck by a car on a Chicago street and remained there until the body was removed eight hours later.

Woodruff Testifies Blind Shot Killed Two Evins Brothers

EDINBURG.—(AP)—Delbert G. Woodruff testified Thursday he wounded two brothers fatally with one blind shot as they held him down with his head over the edge of a suitcase.

Woodruff is charged with shooting Jesse and Frank Evins to death in a hotel room here on June 21, 1947. He is being tried for the slaying of Frank Evins.

Woodruff said the brothers entered his room and attacked him after he heard threats uttered outside the door. The defense rested after Woodruff's testimony. The judge's charge to the jury was expected Friday.

Woodruff's testimony followed that of Mrs. Evelyn Goldsmith, formerly Jesse Evins' wife. District Attorney Jack Ross asked her if she had "an affair" with Woodruff. The petite brunette answered:

"If you want to know if I was intimate with him—no, I was lone some and had no one to talk to."

In Love With Evelyn Ross, cross-examining Woodruff, asked:

"Were you and Evelyn just good friends?"

Woodruff looked steadily at the prosecutor and replied:

"I was in love with Evelyn."

Questioned by Defense Attorney Hollis Rankin, Woodruff said his gun went off twice, harmlessly, during a struggle with the brothers. He drew the gun down by his leg and fired a third shot.

"That's the one that killed them," he told Ross on cross-examination. Ross pointed out differences between Woodruff's statement on the witness stand and a statement he signed two years ago.

"I was confused," Woodruff said. C. H. Beardsley of Austin, Department of Public Safety chemist, testified Jesse's shirt had powder burns around a hole in front but not around a hole in the back. He said Frank's jacket had powder marks around a hole in front. This would have been impossible, he said, if the bullet had first passed through Jesse's body, as Woodruff testified.

Intimate Relations Between Divorcee, Owen Told At Trial

RIVERSIDE, CALIF.—(AP)—Mrs. Agnes Garnier had an intimate as well as business relationship with her wealthy employer, John E. Owen, says counsel defending her against charges of murdering him at his ranch April 22.

"John Owen was passionately fond of Mrs. Garnier and she was passionately fond of him," said Sam H. Allen, her attorney.

Mrs. Garnier, 53, divorcee secretary for Owen, 68, president of the National Apartment House Owners Association, sat impassively as Allen recounted how the relationship changed from merely business "into an intimate" arrangement. Owen was estranged from his second wife, Florence.

The intimate relationship "waned somewhat" when Owen became 65, said the attorney. Owen's physical condition, Allen continued, made him "irritable and morbid" and "he threatened on several occasions to take his own life."

The defense counsel told the all-woman jury:

"We will show that Mrs. Garnier was the real woman in his life until the last minute, that she had no motive and that she had no jealousy for Irene Rich or any other woman."

Owen's death, Allen maintained, was accidental and arose from "the semi-hysterical condition of Mrs. Garnier."

His re-creation of the slaying:

"She went into the bedroom and saw him standing by the bed with a gun. He said he was going to shoot and she feared he was going to shoot either himself or her. Then she ran and struggled with him for the gun. She remembers only a flash of fire and remembers herself with the gun."

Mrs. Edna Austin, first defense witness, testified that Mrs. Garnier "never said" that she had grown to hate Owen, as another maid, Myrtle Jones, said earlier.

Several state witnesses, employees at the Los Angeles apartments which Mrs. Garnier managed for Owen, testified that she had quarreled with Owen over his friendship with Miss Rich and once said: "You either marry me or pay me off."

Polio Precautions

A good health rule for parents to impress upon children in infantile paralysis epidemic areas is to avoid crowds and places where close contact with other persons is likely.

THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

Midland Delegation To Attend Roundup; Group Goes Sunday

A delegation of Midland 4-H Club boys and girls will leave at 8 a. m. Sunday for College Station to take part in the annual Roundup Tuesday and Wednesday. The group, including Lela Norwood, Darlene Brunson, Betty O'Neil, T. L. Midkiff and Leland Howard, will be accompanied by Mrs. Bennie Bizzell as sponsor.

The youths will travel on a chartered bus along with 4-H clubbers of three other area counties.

M. L. Wilson, director of the Federal Extension Service, Washington, D. C., and Durwood Mansford, speaker of the Texas House of Representatives, are scheduled on the first morning's program.

Earline Gandy, editor of the Young Folks Department, Progressive Farmer, will speak to the 4-H Club girls and their adult leaders Tuesday afternoon. Following the address, demonstrations will be led by various extension specialists.

On the same afternoon, the boys and their leaders will make a tour of the campus and swim in Downs Natatorium.

"The Green Promise" will be a showing of "The Green Promise," a Glenn McCarthy production featuring 4-H Club work.

On Wednesday morning, the group will hear reports from Reta Nell Baldwin, Wilbarger County delegate to the National 4-H Club Camp in 1948; Jessie Lou Boyer, Tarrant County, who attended the Danforth Leadership Training Camp; Alvin C. Davis, Garza County, a Texas delegate to the National 4-H Club congress; and Roy Hranicky, Jim Wells County, who spent the summer of 1948 in The Netherlands as a member of the International Farm Youth Exchange project.

The Roundup will end with the state 4-H dress revue in Guion Hall, and the presentation of awards. Miss O'Neil is the Midland entry in the dress revue.

POSTAL CLERKS CONVENE SAN ANTONIO.—(AP)—The National Federation of Postal Clerks began its 28th annual convention here Friday.

Fourth Woman In Life Of Oil Heir Sues For Divorce

OAKLAND, CALIF.—(AP)—The fourth woman in Johnny Ochsner's life has sued the 22-year-old Kettleman Hills oil fortune heir for divorce.

The former Mildred Scott, who in 1947, married Johnny twice—in Tijuana, Mexico, and again in Carson City, Nev.—wants custody of their two children and a "reasonable amount of alimony."

She said the Oakland man caused her "grievous bodily harm."

She didn't say anything about the \$2,332,000 Johnny was supposed to get when he was 21 from the estate of the late Washington Henry Ochsner, Stanford University geologist. He discovered the Kettleman Hills oil field. She just said her husband had an income of \$500 a month and "a bank account."

Johnny, as a sailor shortly after the war, was trailed to Honolulu by a stowaway Oakland taxi dancer, who said she wanted to marry him. A 15-year-old Honolulu usherette stowed away and followed him back to the mainland. In 1946 he married Beth Galley Foley of Ogden, Utah, but that marriage was annulled.

Takes 'Hot News' To Bring Firemen

PONCA CITY, OKLA.—(AP)—There really was a lot of hot news.

Neighbors called firemen to the residence of Ed Nichols when they spotted smoke pouring from the kitchen. The firemen rushed into find the smoke coming from the stove, where Nichols was drying his rain-soaked newspaper.

Equalization Board To Meet Wednesday

The Board of Equalization for the City of Midland and the Midland Independent School District will meet Wednesday to review renditions and approve assessments on property not rendered. W. I. Pratt, assessor-collector, said Friday.

He urged persons who have not made property renditions to do so promptly at the City Hall.

Pratt said assessments approved by the board on property not rendered are final and a notice of proposed assessments will not be mailed.

Advertise or be forgotten.
