

### North Pecos To Get Ellenburger Wildcat

An Ellenburger wildcat has been staked in North Pecos County by Fullerton Oil Company as its No. 1-D Kone.

### Humble To Drill Into Crockett Deep Zone

Humble Oil & Refining Company is starting in the immediate future on an 8,000-foot rotary tool wildcat to test into the East-Central Crockett County Ellenburger six miles north of Ozona.

It will be the concern's No. 2 J. A. Harvick, spotted 1,980 feet from north and 860 feet from west lines of section 100, block "GH," G&SF survey.

The new venture is about one and one-half miles west of the same company's No. 1 Harvick, 9,000-foot dry hole.

### Humble Completes Runnels Discovery

Potential test has been completed at Humble No. 1 Odum, flowing oil discovery from the Strawn line of the Pennsylvanian in Northwest Runnels County, about 10 miles southeast of Blackwell and 75 feet from northeast, 660 feet from southeast lines of the Felix Sosa survey.

Flowing 24 hours through a one-quarter-inch choke, the strike made an initial production of 319.52 barrels of oil. Gas-oil ratio was 1,153-1, with no water. Gravity of the petroleum was 42.3 degrees.

Production was natural through casing perforations at 5,435-54 feet in 5 1/2-inch pipe set at 5,458 feet. Total depth was 5,480 feet. Plug-back depth was 5,450 feet.

### Wildcat Is Projected To Coké Ellenburger

Rotary rig was being moved in prior to spudding a wildcat test into the Northeast Coke County Ellenburger, three and three-quarter miles southeast of Blackwell.

The new venture is Barnsdall Oil Company No. 1 Harris Davenport. It will be 1,980 feet from south and 30 feet from east lines of Seth Lake survey 475, which puts it in one-half miles north of Fort Chadbourne.

The Ellenburger is expected about 6,800 feet.

This exploration will be approximately three and three-quarter miles west of Humble No. 1 Odum, Northwest Runnels County Strawn discovery.

### Sunray Finishes Big North Snyder Well

Sunray Oil Corporation No. 3 Brown, one-quarter of a mile east outcrop to the nearest oil well on the south side of the North Snyder field, in North-Central Scurry County completed for a 24-hour flowing production of 1,560 barrels of high gravity oil.

This venture is 467 feet from north and 660 feet from east lines of tract 8, section 20, J. P. Smith survey.

It topped the Canyon reef lime at 6,490 feet, on an elevation of 2,454 feet. That made it approximately 100 feet high to the same company's No. 1 Brown, one location to the west.

The potential test on No. 3 Brown was through a one-half inch tubing choke. The 24-hour figure for the initial production was circulated from an actual flow of 390 barrels of oil, and no water in six hours. The flow is natural. Gas-oil ratio is 716-1.

The production is from open hole between 6,500 feet, where a string of 7-inch casing is cemented, and the total depth at 6,806 feet.

### Barnsdall Flowing To Test In North Snyder

Barnsdall Oil Company No. 1 Wren, one location west of the nearest oil well on the southwest side of the North Snyder field in North-Central Scurry County, and 680 feet from north and east lines of tract 8, section 20, J. P. Smith survey, flowed 20 hours from open hole in the Canyon reef at 6,800-6,900 feet.

The well produced 568.66 barrels of oil and no water. The flow was through a 20/64th inch tubing choke. Flowing tubing pressure was 520 pounds and flowing casing pressure was 820 pounds. Gas-oil ratio was 998-1. The production is natural.

Operator is continuing to flow to test and complete.

### Diamond M East Spread Apparent

One location east extension to the Diamond M field of West-Central Scurry County is apparent by Hiawatha Oil & Gas Company No. 2 Wilson, 1,980 feet from west and 680 feet from north lines of the southwest quarter of section 183, block 97, H&TC survey.

The prospector called top of the Canyon reef of the Pennsylvanian at 8,720 feet, three feet high to Hiawatha No. 1 Wilson, a producer one location to the west.

A core from 8,730-55 feet reported.

## Fists Fly In Housing Bill Dispute

### Reporter Slugged

(NEA Telephoto)

Clarke Stallworth, right, Birmingham, Ala., Post reporter tells Walker County (Alabama) Sheriff Grover B. Baggett how he was slugged by two men in Summit, Ala., as he was investigating activities of the Ku Klux Klan. Baggett has been recommended for impeachment by a grand jury on charges of neglect of duty and corruption in office.

## Coplon Holds Firm To 'Love' Defense In Espionage Case

WASHINGTON—(AP)—Judith Coplon held firm to her love-for-a-Russian defense at her espionage trial Wednesday despite admissions that she kept all-night trysts with another man.

Step by step, Prosecutor John M. Kelley, Jr., had Miss Coplon repeat under cross-examination her earlier testimony of meeting and falling in love with Valentine A. Gubitchev, the Russian engineer assigned to the United Nations in New York.

Miss Coplon insisted repeatedly that Gubitchev told her he was "going into the formalities" of obtaining American citizenship and assured her he had broken with the Soviet regime.

At one point she snapped at Kelley: "This is not as sensational as you are trying to make it." "I'm not trying to make it sensational," the prosecutor shot back.

It was Kelley who drew from Miss Coplon late Tuesday the admission that she had spent more than one night with H. P. Shapiro, later identified as an attorney in the Justice Department's Criminal Division.

Miss Coplon too worked for the Justice Department, as a political analyst. She is charged with stealing secret papers with the intent of passing them along to Moscow via Gubitchev.

This testimony created an uproar during which Federal Judge Albert L. Reeves told the defendant's mother she would have to be quiet or leave the courtroom.

Kelley asked Miss Coplon to repeat her story that she met Russian Engineer Valentine A. Gubitchev only because he had told her he loved her and that she felt she loved him more than any other man she had ever met. Then

### Administration Bill On Ownership Of Tidelands Complete

WASHINGTON—(AP)—An Administration tidelands ownership bill was prepared for introduction in Congress Wednesday by Chairman Celler (D-N.Y.) of the House Judiciary Committee.

It is the same as a tentative draft of legislation recently submitted to Congress by the secretaries of Defense and Interior and the attorney general.

Under its provisions the federal government relinquishes to the states all claims to title on submerged lands within harbors and bays and under navigable rivers.

This would remove a cloud on title to lands on which wharves, jetties, warehouses, pleasure piers and other such structures are erected.

Under the Administration bill does not deal with off-shore oil development. Legislation introduced earlier and backed by the Administration presumes the off-shore lands to be federal property and provides for 37 1/2 per cent of oil royalties to go to the states abutting the coastal water developments.

The remainder of the revenues, with 52 1/2 per cent being divided among the 17 states under the reclamation law. The tidelands oil states have opposed this legislation.

### Trail Days Beard Contest May Aid Church Finances

Old automobiles and black beards may increase the building fund of the First Christian Church, the Rev. Clyde Lindsey, pastor, said Wednesday. It is all a part of "Midland's Trail Days celebration, July 1, 2 and 4, Director Art Cole said.

The trial record went before the appellate court with no bills of exception or any objections to the court's charge. The only question presented for review was the sufficiency of the evidence on which the conviction was made.

The woman and her husband were jointly indicted as principals in the alleged offense against a nine-year-old foster daughter last October 21.

The man was charged with having sexual intercourse with the young girl while the woman was alleged to have aided by holding the girl's hands down on a bed, the opinion said.

## Acheson Asks For Prompt Action On Pact, Arms Plans

WASHINGTON—(AP)—Secretary of State Acheson said Wednesday ratification of the North Atlantic Pact and approval of the arms assistance program are of "utmost importance" to this country's dealings with Soviet Russia.

He told the Senate Foreign Relations Committee at a closed session that the outcome of the Big Four Foreign Ministers Conference at Paris "re-emphasizes" the need for action at this session of Congress on these key Administration measures.

"This is necessary in order that we may continue our firm policy in Europe and maintain the momentum which has been stimulated by that policy," Acheson said.

"This momentum, in my opinion, was responsible for the lifting of the (Berlin) blockade, the convening of the Council of Foreign Ministers and the accomplishments at that meeting."

A day after his return from the Paris meeting, Acheson gave a report to the Senate committee at a two-hour session. He issued a 250-word statement to reporters afterward.

Uranium Issues Statement Acheson's return from the Paris meeting Tuesday was followed by an appeal from President Truman for "no slackening" in vital phases of American foreign policy.

The Japanese Ministry of Foreign Affairs said in a statement issued after a meeting with Acheson, Truman said:

"It must be frankly admitted that despite the forward looking program sponsored by the Western powers as a basis for unification (of Germany), little progress was made."

The results of the meeting, he added, "reveal the correctness of the policies this government has been following in our foreign affairs."

"The results again underline the necessity of pursuing these policies with calmness and determination, as the only sure road to the establishment of conditions in the world where peace and freedom can live and endure."

Thursday Acheson will meet with members of the House Foreign Affairs Committee. And at a news conference later in the day he will have his first opportunity to make a detailed public statement on the Paris meeting.

## Death Toll In Typhoon Up To 137

TOKYO—(AP)—The Welfare Ministry Wednesday counted 137 dead and 1,086 missing in the furious typhoon that swept Southern Japan.

Figures differed on the death toll, however. Police said 93 died. Property and shipping damage soared into the millions of dollars.

Included in the missing were 131 Japanese who may have drowned when the vessel Aboa Maru foundered off the Southern Honshu coast. An American and one Japanese were rescued from the ship.

Most of the missing are fishermen in the Bungo Strait between Kyushu and Shikoku, both large southern islands.

The Japanese Marine Safety Board listed 161 fishing boats sunk and 678 wooden fishing boats missing.

The largest vessels in trouble were the 2,500-ton freighter Koel Maru, around off Fukuoka on the west coast of Kyushu, and the 2,000-ton Kiza Kawa Maru grounded on rocks near Karatsu on the Southern Kyushu coast. All crewmen of the Koel Maru were ashore.

Reports to the Welfare Ministry indicated approximately 2,900 homes were destroyed and 4,000 damaged severely by winds that reached 93 miles an hour.

No American has been reported injured in the typhoon which swept near the big American base on Okinawa Island.

## El Paso Woman Must Serve Term For Rape

AUSTIN—(AP)—An El Paso woman, Ruth Thompson, must serve a life sentence for rape, the Court of Criminal Appeals held in effect Wednesday.

The appeal court affirmed the trial court proceedings which ordered the woman to the penitentiary—believed to be the second woman in Texas court records ever to receive a sentence for rape.

The trial record went before the appellate court with no bills of exception or any objections to the court's charge. The only question presented for review was the sufficiency of the evidence on which the conviction was made.

The woman and her husband were jointly indicted as principals in the alleged offense against a nine-year-old foster daughter last October 21.

The man was charged with having sexual intercourse with the young girl while the woman was alleged to have aided by holding the girl's hands down on a bed, the opinion said.

More persons still are needed for parts in the "Frontiers of Progress" pageant, which will be a feature of the Trail Days celebration, July 1, 2 and 4, Director Art Cole said.

The spectacular production will have a cast of 50 persons, and Cole stated many of the parts still have not been assigned. He urged all those who will participate to meet him at 7:30 p.m. Wednesday in the high school gymnasium.

Trouble for pageant narrators will be helped 7:30 p.m. Wednesday in the main study of KCRS.

with anyone having an older car. The only requirements are that it must have four tires and slight mobility.

### Named Minister

### Berlin Rail Strikers Decide To Restore Service On Freight

BERLIN—(AP)—The Western Berlin railway strikers decided late Wednesday to restore interzonal freight movements to normal without calling off their walkout.

The union announced workmen would report to the West Berlin marshalling yards Thursday morning to make the technical preparations for untangling the chaos brought by the five-week strike.

By Friday freight trains from West Germany to Berlin will be moving through the yards and toward the unloading stations, the union said.

Earlier, leaders of the strike voted to reject the latest proposal to end their walkout and drew a stern admonition from an American official.

Subsequently the strike leaders sent letters to the three Western commandants, to Mayor Ernst Reuter of Western Berlin and the police outlining their decision regarding interzonal freight movements.

This means, a spokesman said, that the city's elevated passenger train service will remain stalled.

### Pageant Properties In Urgent Demand

Copper Daugherty, chairman of the Properties Committee for the Trail Days Celebration, is in desperate need of certain properties to be used in the "Frontiers of Progress" pageant, which will be a feature of the event.

"Help, help, help," said Daugherty, as he continued the search for three teams and wagons (with drivers), 25 head of cattle, some paint ponies and other horses, and two buggies. Other articles also are needed.

He said the Lions Club will assume the responsibility for all borrowed articles. The livestock will be cared for by the committee.

Persons who can and will assist Daugherty in the matter may contact him at telephone number 23.

### Texans Warned Of Increase In Polio

By The Associated Press Eight more polio patients were admitted to San Angelo hospitals Tuesday, and Texans were warned the disease is increasing over the state.

"We have reports of 107 cases for the week ending June 18," said State Health Officer Dr. George W. Cox. "That's too many. There were only 97 the week before."

One of the eight admitted at San Angelo Tuesday was listed as a "possible." Five persons were dismissed, leaving 68 cases under treatment.

Cox said the total number of cases of polio this year is 570 from 89 counties. Last year during the same period there were 502 cases from 59 counties.

"Last week's reports include cases from 20 counties which have not reported cases previously this year," Cox said.

### FOOD PRICE INDEX REMAINS UNCHANGED

NEW YORK—(AP)—The Dun & Bradstreet wholesale food price index this week held unchanged from a week ago at 55.8.

The index represents the total cost at wholesale of a pound admitted of 31 foods in general use. The current figure is 20.7 per cent below the year-ago index of 87.16.

### Bill Creating State Budget Board Sent To Governor's Desk

AUSTIN—(AP)—The Senate Wednesday approved House legislation and sent to the governor a bill to create a State Budget Board, and a resolution calling for final adjournment June 28 was taken up by the House.

The board, consisting of the Legislative Audit Committee and a director of the budget, would draw up a proposed budget for the state. The duty now is performed by the Board of Control.

House changes in the bill called for an increase in the board membership from three to five members from each house of the Legislature. The Senate also argued changes to the state's liquor control laws. It voted to strike from the House-passed bill all proposed restrictions on liquor advertising, leaving that control matter to the Liquor Control Board. Other amendments and final vote on the bill itself still were pending when senators called a recess until 2:30 p. m.

## 83-Year-Old Sabath Holds Own In Bout

WASHINGTON—(AP)—A punch swinging encounter between 83-year-old Representative Sabath (D-Ill.) and Representative Cox (D-Ga.) took place on the House floor Wednesday, touched off by a dispute over the Administration's housing bill.

An eye witness, Representative Walter (D-Pa.), said Cox, who in his 60's, slapped Sabath in the mouth and knocked off his glasses.

He said Sabath countered with a one-two right and left to Cox's face before they were parted.

The unbilled one-rounder came during a quorum call to get more members to the floor for the start of debate on the housing bill.

Walter said it began in an argument over whether Sabath would give Cox time to talk.

There had been a bitter previous debate, with Sabath jumping on the "Real Estate Lobby" and pleading with the House to help "deserving American citizens" who are crying for housing.

Sabath gave this account: Sabath was sitting down at a table when Cox came up, leaned over and asked for 10 minutes to make a speech.

Sabath, as chairman of the Rules Committee, is poring out time that much time.

WASHINGTON—(AP)—Vital statistics on principals in Wednesday's slugfest in the House of Representatives:

Adolph J. Sabath, Chicago, Democrat; age 83; weight about 178; height 5 feet 7 inches; reach very short; dean of the House with 42 years of service; previous fighting record.

Eugene E. Cox, Camilla, Ga., Democrat; age 63; weight about 170; height 5 feet 11 inches; reach average; previous experience, a no-decision encounter several years ago with former Rep. Will Rogers, Jr., California Democrat; 24 years of House service.

for debate over what rule the housing legislation shall be considered under.

"Fair Of Beauties" Sabath told Cox he didn't have that much time.

Cox called him a "liar." Then, Walter went on: "Cox slapped him in the mouth and knocked off his glasses. Sabath jabbed him back, a right and a left to the face. A pair of beauties."

About then, Representative Delaney (D-N.Y.) jumped in between them with his 200 pounds. Cox (Continued on Page 9)

## Weather

Partly cloudy Wednesday night and Thursday with scattered showers in the Panhandle, South Plains and west of the Pecos Valley. Not much change in temperatures. Maximum temperature Tuesday 93 degrees. Minimum Wednesday 71.6 degrees.

## Acheson Returns From Paris

Secretary of State Dean Acheson, returning from Paris with Mrs. Acheson, is greeted at the National Airport in Washington by President Truman and Vice President Alben Barkley.

### \* LATE NEWS FLASHES \*

MONTGOMERY, ALA.—(AP)—A bill to unmask any hooded organization in Alabama was approved Wednesday by the House Judiciary Committee, thus sending the Senate-passed bill to the House for action.

NEW YORK—(AP)—U. S. Supreme Court Justice Felix Frankfurter testified Wednesday at the perjury trial of Alger Hiss that Hiss' reputation is "excellent" for "loyalty to his government, integrity and veracity."

WASHINGTON—(AP)—President Truman Wednesday signed a \$62,262,110 appropriation bill financing the Legislative establishment for the fiscal year starting July 1.

AUSTIN—(AP)—The Court of Criminal Appeals Wednesday refused a rehearing for Cleveland Stovall, Jr., Fort Worth negro given the death sentence for rape of a white woman.

### Brother-r-r-r-

You're bowling along, driving a big truck loaded chock full of cases of dynamite and cans of nitroglycerin and you come to a railroad crossing. A speeding train hits the crossing at the same instant. Wham! In this accident near Tiffin, Ohio, the truck's deadly cargo was scattered over the ground but by some miracle nothing exploded. The driver, Clifford Higgins of Chicago, escaped with a bruised knee.

### IN HOLLYWOOD

#### Babe Has Weighty Problem: Waste Fat Or Fatten Waist?

By ERSKINE JOHNSON  
NEA Staff Correspondent

HOLLYWOOD—To be or not to be fat? To gain back 85 lost pounds or join Eaters Anonymous?

That's the problem—Babe London's problem.

Babe was born fat, grew up fat, stayed fat and was a big success. At 255 pounds, she was a success.

Then she cut herself down to a measly 170 pounds and lost two husbands and her career along with her fat.

Babe London is a movie bit player now. Her real name is Jean, a fact no one recalls since she was first nicknamed "the big Babe." That was 30 years ago when she was 18 and the screen's fat girl of distinction.

"I was so fat," Babe said, "I was a definite type. They even wrote stories for me."

Then she lost her fat.

Babe sighed sadly: "I lost my career. I lost two husbands. Now I gotta make up my mind whether to reduce some more or gain back what I lost."

As Babe sees it, "At 170 pounds, I'm neither fish, fowl or good red herring. I'm no longer a definite fat type. When I laugh nothing shakes any more. Maybe I'm pleasantly plump—but there are a million of plump girls around and what gives? No man, no leads in pictures."

**Heavy Hula**

I found Babe on the set of "Dancing in the Dark" at 20th Century-Fox. She has one important scene—undulating her fat hips in a cellophane hula skirt as William Powell's inebriated dancing partner.

But Babe dreams of when she was a star. She remembers one Christine comedy in which she had co-star billing with silent star Dorothy DeVore.

"I was the fat girl corresponding with a beau to whom I sent my sister's picture for fear he wouldn't come to see me if he got a glimmer of my poundage. When he came, I dressed Dorothy as a kid, but it didn't work. He fell for her and produced a fat and fannies got the final close-up."

To lose 85 pounds, Babe had to stop eating her own cooking. She sighed again. "So I don't cook for others. So nobody cooks for me. So nothing is cooking all around."

Babe just can't make up her mind. Maybe she says, she'll join up with Eaters Anonymous, the Los Angeles club where all the fat mamas get together to keep up each other's anti-starch consuming courage.

Their slogan is "Win the Fight Against Fat—Let's Keep the Organization Large and Our Waistline Small." They even have a theme song, "Bring Back My Figure to Me," which they warble to the tune of "My Bonnie Lies Over the Ocean."

"I love to eat DOU-BLE fudge sundaes.

Eclairs—they are HEAVEN to me.

And whip-cream desserts are my downfall.

Oh, bring back my figure to me."

**Tough Choice**

"Yes sir," Babe said, "Unless I get a few more juicy parts or an offer to pay my way back to that fat and 40 community sing-or wind up on a reducing pill advertisement—whichever pays best."

Babe tried that stunt once.

"When I was fat and on top I got the idea to commercialize on reducing and make a picture during which I would grow thin enough to win the handsome hero. Paramount was interested, but afraid I couldn't reduce enough during the picture."

Now there is television. Babe says she'll try to sell the same idea to a TV sponsor.

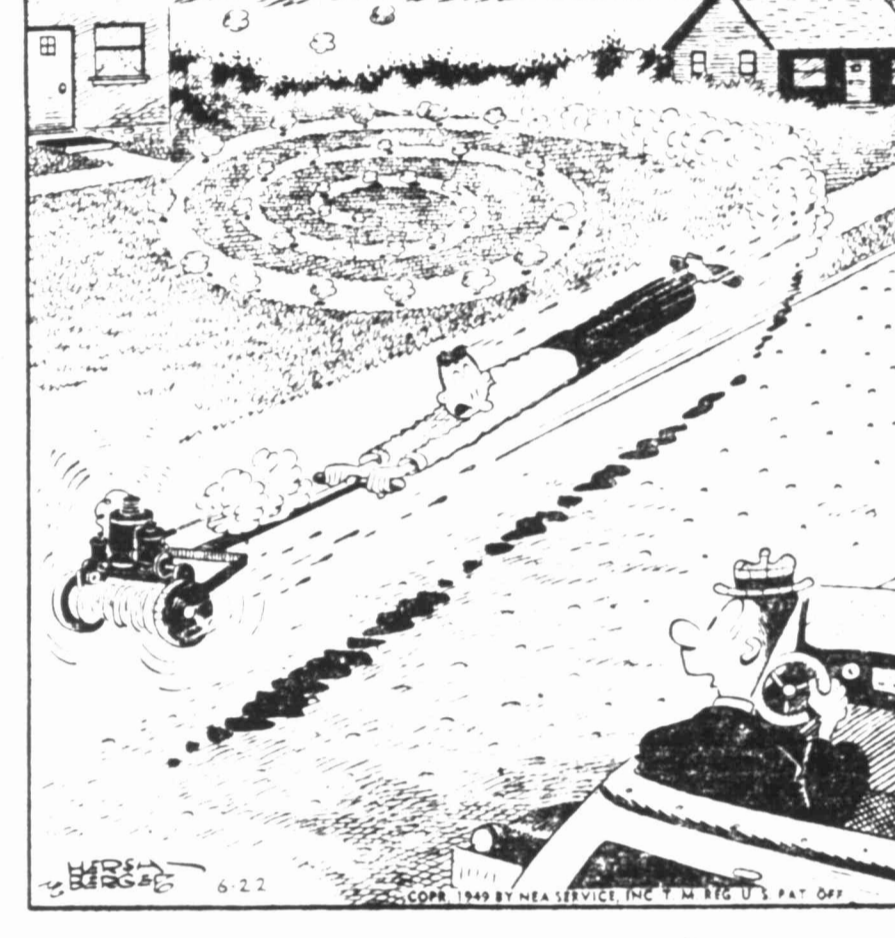

She'll guarantee to reduce before the audience's eyes on a weekly show—and I can do it if they make it worth my while."

With Babe it's a problem.

She went back to shaking her hips in the cellophane hula skirt with a final sigh.

"All reducing has got me is a lot of sacking flesh where my (this used to be chin-lifting) operations are expensive."

### FUNNY BUSINESS

"I hot-rodged Pop's mower!"

### Younger Veterans To Get Largest Checks

WASHINGTON—P—The biggest checks in the forthcoming GI insurance payment probably will go to younger veterans, the Veterans Administration said Wednesday.

Veterans who converted their policies into any of the six types of permanent insurance also are likely to harvest proportionately larger dividends than those who retained "term" insurance.

Veterans Administrator Carl R. Gray, Jr., has ordered payment during the first six months of 1950 of a total \$2,800,000,000 dividend on 20,900,000 national service life insurance policies held by 16,500,000 World War II veterans.

A VA spokesman said younger veterans will collect the larger dividends because they have had a comparatively low mortality rate.

Owners of converted policies probably will collect more because of the higher premiums they have paid.

The spokesman said the veterans agency still is working on the dividend pay scale, and has not yet indicated whether it will release details of the scale when it is completed.

### Japan Boosts Mine Production, Safety

TOKYO—P—Japanese miners are learning that increase coal production doesn't mean increased accidents—as they had expected.

A safety drive was conducted under occupation auspices at Joban coal mine in April. The monthly average of injuries was 539, but the total in April was only 257. Coal production increased 1,845 metric tons over the monthly average.

### Fem Tiger Trainer Will Quit Circus

ALBUQUERQUE, N. M.—P—Mabel Stark, woman tiger trainer who once predicted she would die in the arena, has decided to "throw my crack-whip into the ring and let anyone who dares pick it up."

She will bluff tigers before circus audiences for the last time September 1. She is with the Polack Brothers Circus.

After three years in the ring, the wiry, 5-foot-2-inch blonde plans to retire to her wild animal farm at Thousand Oaks, Calif., near Los Angeles and spend the rest of her life raising and training tigers for the movies.

Scars from more than 700 stiches testify to her tangles with the big cats she handles.

### Hiss Due To Take Stand In Defense Of Perjury Charge

NEW YORK—P—Alger Hiss day in court to defend himself against perjury charges is near.

As his federal trial resumed Wednesday after a one-day recess, the defense indicated Hiss might take the stand late Wednesday or Thursday.

Character witnesses, including former State Department associates, spoke up for him Monday when the defense began presenting its side of its story.

Hiss was accused by Whittaker Chambers, self-styled prewar Communist spy courier, of passing State Department secrets to him.

The prosecution spent 14 days and introduced 33 witnesses in an attempt to back up Chambers' story.

The defense, in turn, has begun to pick away at Chambers' story and to offer its own version.

### ★ THE DOCTOR SAYS ★

#### Eat More And Check Exercise If You Want To Put On Weight

By EDWIN P. JORDAN, M. D.  
Written for NEA Service

The human body operates like a machine for which the food is fuel which is converted into energy and used by physical and mental activity. There are two ways to gain weight: one to cut down on the activity output and the other to increase the food intake.

Less exercise and more rest reduce the output and must be considered by the person who wants to gain. It usually is easier to gain by increasing the fuel, or food, intake at the same time holding the output, or exercise, down.

There are several ways of increasing the fuel intake. One is to choose the foods which have the highest energy or caloric value, since these can be changed into

**THE DOCTOR ANSWERS**  
By EDWIN P. JORDAN, M. D.  
QUESTION: What could be the cause of stiffness in the knees of older persons?  
ANSWER: The most common cause is a degeneration of the tissues of the joints. It is frequently accompanied by some creaking when the knees are bent.

weight as well as into work. The starches or carbohydrates and fats supply more energy and have more effect on weight than proteins do.

When trying to gain weight one should include in the diet, more butter or margarine, more cream, more sweets, more potatoes, more bread, cereals and other high caloric-containing foods. Balance must be maintained in the diet, however. It is not wise to cut out the fruits, vegetables, meat, milk and eggs which supply ingredients necessary to maintain good health.

**Larger Meals**

Another thing which can be done is to eat more at each meal. The amount one eats is largely a matter of habit and this can be changed like any other habit. The stomach can be trained to hold more by gradually increasing the amount "ken at each meal."

More food can be taken also just by eating extra meals. A small mid-morning meal, an afternoon or bedtime snack of weight-gaining foods, are helpful. A glass of half

**Midlander Offers Low Bid On Iran Project**

IRAN—E. D. Porter, Midland contractor, submitted the low bid of \$62,507 for the general construction of the new Iran Community Hospital. The bids were received by the Pecos County Commissioners' Court.

Construction and equipment of the hospital will be financed with \$50,000 from an original \$200,000 county bond issue, a \$25,000 fund donated by oil companies operating in the area and by a part of maintenance and operating funds provided in the county tax levy.

### SPEAKING OF Furniture

**OUTDOOR LIVING ROOMS**

Why not move outside this summer? Take advantage of the air-conditioned and cool breeze as long as you can. With a little thought and very little expense you can turn your porch into a comfortable room.

Like the other rooms in your home, the porch should be furnished to give the greatest amount of comfort and beauty the space allows. Easy chairs and low tables are always popular.

The color scheme is up to you ... but for perfect harmony it should match the rug or floor coloring. Green, orange and yellow often make a gay combination.

It's fun to furnish a porch because of the great latitude allowed. No matter what your budget is, you'll find new and exciting pieces of furniture to fit it.

Just because you're furnishing a porch, don't think for a minute that you have to stick to rustic, outdoor type of furniture. Go ahead and use what you like, watching scale, of course. Show some individuality ... it will pay off in a porch where you and your friends will want to spend many friendly hours.

If there's any way we can help make your porch a better place to live, let us know.

## Neta Stovall Takes Office As President Of B&PW Club

Installed to office at a dinner Tuesday night, Neta Stovall, president of the Midland Business and Professional Women's Clubs, introduced the members whom she has appointed as chairmen of standing committees for the year.

Grace Wallace is to be chairman of finance; Helen Brasher, membership; Dorothy Thompson,

legislation; Olive Walker, health and safety; Una Elliott, education and vocation; Ruth Donnell, news service; Dick Looby, public affairs; Nettie Jonsson, international relations; and Lillie Rose Meissner, radio.

Mrs. Stovall was chosen last June as president-elect, but the officers who were installed with her were elected recently. They are Flossie Vaughn, vice president; Martha Greene, treasurer; Gustava Easley, secretary and Laura Jesse, parliamentarian.

Introduced by the retiring president, C. Lysta Christian, the retiring director of District Eight, Iva Noyes, thanked the officers who have served the past year, then read the obligations of office to the new officers.

She also presented Thelma Gardner, president-elect for the 1950-51 term. The program opened with the club collect repeated by Joy McCoy. Evelyn Melear was pianist.

Table decorations in club colors, green and gold, were arranged by Mrs. Christian and Miss Donnell. Guests at the dinner were Mrs. Stovall's mother, Mrs. Leoda Owen of Corsicana, and Leona Meissner.

Tickets to the Trail Days Celebration of next week were distributed to the members, who are to help with their sale. Announcement was made that the annual summer picnic for members will be held July 19 in the backyard of Mrs. Stovall's home.

## Italian-Made Film, 'Paisan' Opens For Showing In Midland

Opening Wednesday for a two-day run, the Italian-made prize film, "Paisan," will be presented at the Tower Theater with the American Association of University Women as sponsors.

The movie is one of a series of foreign films which the AAUW is sponsoring in Midland, with the hope that they will be sufficiently popular to justify inclusion of the better European productions in the city's regular theater program.

Unlike the previous Italian movie shown here, "Shoeshine," which had all its dialogue in Italian, "Paisan" has mostly English dialogue with subtitle translations for the Italian and German lines. It is a story of the invasion and occupation of Italy by American and English troops in World War II, and each character is portrayed speaking his own language.

Although its theme is war, it deals with the impact of the invasion on the ordinary people of Italy rather than with battles and troop movements, and has much humor as well as drama.

Roberto Rossellini, Italian director whose films have won numerous European awards and who has lately gained fame as the director of a movie which Ingrid Bergman made in Italy, is responsible for this film.

## ACIDITY

## Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful, and is free from chlorine, alum, copper sulphate. Physicians recommend it. Shipped everywhere.

Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bulk disappears—how much better you feel. More alive, youthful appearing and active.

**10 pounds lost in 10 days**  
Mrs. M. C. Britton, 306 W. Wood, San Antonio, Texas, writes us as follows: "I am a faithful user of Barcenate. I had dieted for weeks without your product and needed so badly to lose 10 pounds, so I started using Barcenate and my worry was over for I lost the 10 pounds in 10 days. I now weigh 135 pounds. "I eat most anything I want and hold my same weight."

Those present included Mrs. Ben Black, Mrs. Lynn Durham, Mrs. Walter Duease, Mrs. Lamar Eschberger, Mrs. P. B. Essex, Mrs. Thornton Hardie, Mrs. Harvey Herd, Mrs. J. M. Hewley, Mrs. William Hoyer, Mrs. Paxton Howard, Mrs. Hugh Liedtke, Mrs. Tom Sealy, Mrs. J. W. Stal., Mrs. Norman Sax, Mrs. Frank Thompson, Mrs. Leland Thompson, Mrs. W. B. Yarborough, Mrs. Charles Fred Chambers, Jr., Mrs. W. P. Beckers and Mrs. Ed Pettit.

## Installed To B&PW Offices

Flossie Vaughn

Martha Greene

Gustava Easley

Laura Jesse

Officers of the Business and Professional Women's Club, installed Tuesday night to serve for a year, include a charter member, some who have been in the club several years, and some enrolled in the last year. The new president is Neta Stovall who was chosen a year ago as president-elect. Pictured are the officers serving with her: Top left, Flossie Vaughn, vice president, who has headed various committees in past years and was friendship committee chairman last year, and at work is secretary for a law firm; top right, Martha Greene, treasurer, a new member who was on the news service committee in her first year in the club and who does secretarial work in the geological department of an oil company; lower left, Gustava Easley, secretary, another new member who also is an oil company employee; and lower right, Laura Jesse, parliamentarian, charter member of the club, retiring legislative chairman. She is manager of her own insurance and real estate business.

## Namesake Circle Has Bridal Shower For Miss Nix Of Japan

Varying the pattern of June bridal showers, the Irene Nix Circle of the First Methodist Woman's Society was entertained Tuesday with a gift tea for a bride-elect who is in Japan, and the gifts were packed for mailing to her.

The honoree is Irene Nix, for whom the circle is named. She is a Methodist missionary in Japan, whose home town is Amarillo. Her engagement to William Elder, also a missionary in Japan, has been announced and the wedding is planned for August. Miss Nix and Elder were both students in Southern Methodist University, Dallas, before their missionary service started.

Most of the gifts were practical items for housekeeping. They were presented at a tea in the home of Mrs. Jeff Montgomery. The table had a miniature bridal veil, a prayer book and white flowers arranged as a centerpiece and was lighted with white candles. A three-tiered bridal cake was served with punch. Guests were Mrs. A. V. Johnson, Mrs. J. C. Mayer, Jr., Mrs. Charles McDonald, Mrs. Dale McReynolds, Mrs. Ernest Nance, Mrs. Nathaniel Terry, Mrs. Brandon Rea, Mrs. R. O. Smith and Mrs. Ronald Franz. Gifts were sent by Mrs. Glen Richardson, Mrs. William Sandeen and Mrs. William Johnson.

### GUESTS AT WEDDING

Mr. and Mrs. Ward White and Mrs. George Fulton of Oklahoma City have been guests in the home of Mr. and Mrs. C. W. Chancellor, Sr., this week. They came for the wedding Monday night of the Chancellor's daughter, Phyllis, and Dick Nelson of Centralia, Ill.

## Double Wedding For McCameyites Read

McCAMEY—Two couples married recently in a double wedding ceremony at Shawnee, Okla., are at home in McCamey. The brides are sisters, daughters of Mr. and Mrs. Joe Craven of Shawnee.

Aetha Craven was married to Tracy Joe Craven of McCamey, son of Mr. and Mrs. Tracy Craven of Alma, Okla., and Twila Craven to Leo J. Smith of McCamey, son of Mr. and Mrs. Lanxon Smith of Healdton, Okla., in the ceremony read by the Rev. Jim T. Cravens of Guthrie, Ky., uncle of the brides, on June 8.

Her father gave Aetha Craven in marriage, and Twila Craven was given by her grandfather, J. T. Cravens of Prairie View, Ark. A reception followed the wedding. Both Smith and Craven are employed by the Halliburton Oil Well Cementing Company here.

### COLLIS-DUKES VOWS REPEATED IN LUBBOCK

McCAMEY—Dolores Rose Collis, daughter of Mr. and Mrs. W. P. Collis of McCamey, and Bill M. Dukes of Lubbock, son of Mr. and Mrs. W. B. Dukes of Iran, were married in Lubbock June 4, and are at home there. The wedding was in the L. O. "White home with the Rev. Seth Murphy, Baptist minister, officiating.

The bride was given in marriage by her father, Evanel Whitley of Iran and Lewis Ashburn of Lubbock were the attendants.

Lewis' Timing Is Off

John L. Lewis, who likes Shakespeare, seems to have taken many lessons from the master dramatist's book. We never know from year to year what sort of drama the United Mine Workers' chieftain may stage.

It may have that simple theme, "no contract, no work," with actor-dramatist Lewis registering horror at the prospect his men might "trespass" on mine property without written permission.

It may be a memorial tableau dedicated to the victims of mine accidents.

It may be a little tidbit that could be called "John L.'s Revenge," with someone like Dr. James Boyd, head of the U. S. Bureau of Mines, as the stage villain.

The script bears the rather stiff subtitle of "a brief stabilization period of inaction." A synopsis of the plot makes clear this means we are to have a week's interruption in coal production, because there is so much coal above ground that conditions are unstable.

When the scenery is put away and the costumes hung up, we get a chance to appraise these little dramas more objectively and to look for elements common to them all.

This "coal above ground" idea appears to bob up pretty regularly. The less coal above ground, of course, the harder a strike will hurt the industry and the nation's economy and the stronger will be Lewis' bargaining power.

So, although the stress may be on memorials, or revenge, or something else, the "coal above ground" thread usually can be found in the plot.

With the miners' contract expiring June 30, the government reports an unusually large coal supply above ground right now—about 70,000,000 tons, or two months' normal needs, compared to the average 50,000,000 tons on hand.

This probably accounts for Lewis boldly using his naked economic message this time, instead of dressing up the drama with more colorful touches. He frankly says that protecting the "collective bargaining structure" is one aim of the strike.

Some of the operators, of course, agree with Lewis about instability in their industry and are not unhappy about a shutdown. Certainly some genuine material may be mixed in with the hokum in this season's show.

But playwright Lewis' message might have rung a little truer had he invited help from the industry itself in shaping it.

As it stands, the 1949 performance suggests that his powers of dramatic invention may be wearing a trifle thin. The old zip is missing.

And offhand it looks like bad timing, too. Other labor leaders and pro-labor elements in Congress say the old master could hardly have picked a worse time, what with Taft-Hartley repeal still an unsettled issue.

But no one is even hinting that Lewis is through producing hit performances. He's been too clever a spinner of plots. Who can say when he will stop hatching good ones?

It's much more important to cook an egg soon enough than long enough.

Word puzzle section including 'Tropical Fish' list, 'Answer to Previous Puzzle' grid, and 'VERTICAL' clues.

DREW PEARSON ON The WASHINGTON MERRY-GO-ROUND

(Copyright, 1949, By The Bell Syndicate, Inc.) Drew Pearson says: Hoover-Clark feud has no basis; President Truman started Hoover resignation rumor; FBI public relations head dropped same hint.

WASHINGTON — The 48-hour mystery over J. Edgar Hoover's resignation as head of the FBI got stirred up from two separate sources.

One was President Truman, who got highly indignant at the smearing of a lot of innocent bystanders when the FBI reports in the Judith Coplon case were published.

Hoover said he guessed the attorney general was right. He added that publication of the FBI papers in court was now water over the dam, but he would be disappointed in producing the "top secret" document.

Clark said he heartily agreed, and that if the judge ruled this report had to be published, then he would appeal to a higher court and if overruled there, then he would mean to disman the case.

Nichols was busy as a bird dog dropping hints to newsmen about friction between Hoover and his chief, Attorney General Tom Clark, and one editorial in a Washington newspaper followed Nichols' conversation almost verbatim.

Nichols is the same alert busy-body who shuttled back and forth between the FBI and Capitol Hill last Summer when it was a good bet the Republicans were going to win in November.

Nichols also was chummy with GOP Senator Ferguson of Michigan, a bitter foe of the Justice Department. In fact, Lou was credited with slipping Ferguson the Elizabeth Bentley spy data, and was so intimate that some Capitol observers were unkind enough to say Lou was playing his cards to become chief of the FBI once the Republicans took office—though this observer never has detected anything but strict devotion to his FBI chief.

Contrary to reports of trouble between Hoover and Attorney General Clark, Hoover never sent a letter threatening resignation, and here is what actually happened between the two men:

Clark telephoned Hoover after Dr. Edward U. Condon of the Bureau of Standards had asked for an FBI apology. Jokingly, Clark called Hoover "Dr. Condon."

Clark then asked how many confidential agents he had lost as a result of making public the FBI reports in the Coplon case. Hoover said he had lost about 12, and that was inside the Russian Embassy.

The attorney general said he had been talking to acting Secretary of State Webb, who said he was sure the Russians knew they were being watched.

Clark went on to say that he simply could not drop the Coplon case rather than produce the FBI reports because, if he did, every espionage agent in the United States would figure he had immunity. He would know the FBI could not produce its reports in court to prove the government's case.

Hoover then asked if the Justice Department couldn't take "a contempt" as in the Touhy case in Chicago. There, gangster Roger Touhy had demanded that certain FBI reports be produced in court, and the Justice Department had refused, even though Judge John Barnes threatened to hold the local U. S. attorney in contempt.

Clark replied that the Touhy case was different from the Coplon case in that Touhy was making an appeal and the burden of proof was on him. Therefore, all the Justice Department risked in taking "a contempt" was a \$100 fine. In the

Coplon case, on the other hand, Clark continued, the Justice Department was the prosecutor, and if it was held in contempt, the judge would not merely assess a \$100 fine, he would dismiss the case.

McKenney on Bridge

By WILLIAM E. MCKENNEY America's Card Authority Writer for NEA Service

Sitting at a table with Al Moore, of Kent, Conn., one would never visualize him as the fellow who tells you that he played in the backfield on Northwestern from 1929 to 1932 and spent a year with the Chicago Bears, you will understand he's not delicate.

Old Northwestern University boys will remember when Al was doing his first drawings for "The Purple Parrot." I understand he also did the football covers for the programs, then he would put aside his paint brushes, go out on the field and carry the ball.

Al says he started to draw women just because they appealed to him. When I asked him if beautiful women are also clever, he said that models today are profes-

Bridge hand diagram showing a deal with cards and suits.

social women and they have to be smart. In drawing a picture, he has the man's point of view, but an intelligent model will see to it that he retains the women's viewpoint in the picture.

Al played cards while he was at college. His football coach taught him this lesson, which he never forgot: When you get the ball, gain ground; don't expect a touchdown every time, but make sure that you do not lose any ground. I think this point was brought out well in today's hand.

The natural thing for declarer to do is to go into the club in dummy and take the spade finesse. But if this loses, West will cash the queen of hearts, then lead a club, and the contract will be defeated.

Count your tricks—you have four spades, one heart, four diamonds and two clubs. Just don't lose any of them. Cash the ace of spades immediately, giving up a spade trick, and you will make your eleven tricks.

Questions and Answers

Q—Does the size or shape of a room affect the speaking voice? A—You speak more slowly in a large room than in a small one and you raise your voice so that you speak louder in a small room with less reverberation.

Q—Is there an increase in the divorce rate? A—The increase is world-wide. England and Wales, which 35 years ago had a divorce rate only one-fiftieth of ours, now has a rate half as large as that of the U. S.

Q—In railroad jargon what is a "black snake"? A—It is a solid train of loaded coal cars.

To begin now to provide jobs in the next few years by building homes for our lower-income people. "To provide homes for our people is not socialistic," he concluded. "It's the best investment in America we could make."

WASHINGTON COLUMN

'All the World's A Stage'—Washington Is No Exception

By PETER EDSON NEA Washington Correspondent WASHINGTON—If you pick up your paper any day soon and read that some congressman has challenged some bureaucrat to a duel with sabers at dawn, don't be too surprised. For the Summer theater now playing in the nation's capital is running strictly to the Grade-B mellerdrammer of the "Curse You, Jack Dalton" school.

Washington has had no legitimate theater this last Winter, with real-life actors from New York or Hollywood. But it hasn't been missed. The ham acting that goes on here every day gives the people all the entertainment and emotional outlet that's needed.

As a matter of fact, if some of the acts now going on here were put on the stage, audiences probably would say the situations were too improbable for belief.

Take the current Hickenlooper-Lillenthal investigation over the loss of an atom. It easily could be billed "The Great Divide About Nothing," only the plot is so unlikely that William Shakespeare probably would have rejected it.

Playwrights always are dreaming up crazy plots based on cases of mistaken identity, like Shakespeare's "Comedy of Errors." In that one, Dromio of Ephesus and Dromio of Syracuse wander around in scene after scene with nobody but the audience ever catching on.

But is that any more improbable than the Army's recent "Comedy of Errors," in which it confuses an "unemployable" Dromio Clapp of Moscow with the real Gordon Clapp of TVA? Again you come to the conclusion that the real thing in Washington is a lot stranger than anything the make-believe dramatists create out of their heads.

It must be admitted that New York is giving Washington quite a run in its money on this stuff. The trial of the American Communist politburo leaders and the Alger Hiss-Whittaker Chambers case make pretty good theater. The real life people in these casts make most of the odd characters in New York.

Washington doesn't need a theater. It has one, "The Mad Woman of Chailott," seem completely rational by comparison. In that play, "The Mad Woman" lures all the crooked politicians and power-hungry capitalists into a Paris seeder to search for oil. Then she shuts the door tight with a remark that this is nothing any busy

woman couldn't do of an afternoon before tea, if she put her mind to it. This makes complete sense as a solution for many of the things that are wrong with Washington. As a matter of fact, a couple of good duels around here would be a good idea, if both sides would agree to use poisoned rapiers or ball ammunition.

But for pure "drama"—with a crowd "in" and an English "in"—the acts now being put on in Washington beat anything they have behind the New York footlights for fantasy, whimsy and good clean fun.

Here Democrats and Democrats play "The Great Divide" every day in the Dixie. The controversy over health insurance is a perennial performance of "Doctor's Dilemma." The wrangle over the Taft-Hartley law could easily be called as "Love's Labor's Lost"—with "Labor's Love Lost" anyway. The capital "Carrousel" never stops. In Washington it isn't just a streetcar that's named "Desire." That's the middle name of every lobbyist.

Harry Truman remodeling the White House and trying to put over his fair-deal plan is cast in the title role of Ibsen's "The Master Builder." Senator Allen Ellender trying to stop construction of a \$20,000,000 SOB—Senate Office Building to you—is the hero of "Mr. Blanding's Dream House."

Writers of mystery, plays for years have corned up their offerings with reports from secret agents X-9 or QT-131-Plus. Of course there aren't any such characters in real life. Or have you been reading the lines of the Judith Coplon spy trial?

What do you find there but that the great FBI itself had reports from secret agent PT-1 on a barber in White Sands, N. M., and from agent T-2 on a woman who went to Baltimore to buy Polish sausage. You can't find anything in "Sherlock Holmes" to beat that.

Washington doesn't need a theater. It has one, "The Mad Woman of Chailott," seem completely rational by comparison. In that play, "The Mad Woman" lures all the crooked politicians and power-hungry capitalists into a Paris seeder to search for oil. Then she shuts the door tight with a remark that this is nothing any busy

moment it looked as if it were essential to detour through the Dark Angel mine first.

I DIDN'T have a car and couldn't get one, so we were going to use Cory's and the way to pick me up at 11. I put in a busy two hours before that.

Effie Lawson, my office staff, gave me a reproachful look when I broke the news. She pointed to a four-inch stack of correspondence on my desk. "You said you'd put in two days clearing it up."

"That was yesterday," I said. "Hold the fort for a little while longer, there's a good girl."

"Mr. Douglas Weyman phoned," she said. "He wants to see you."

"Tell him I'm on my way over, will you, Effie?" Doug greeted me with a grin. "Well, how did you get on?"

"Fine, after we understood each other. Obviously she needs a man around the place, though she'd hate to admit it."

Doug laughed. "Plenty of guys have been willing to take on the job. She's supposed to be worth millions, three or four of 'em, anyway."

"Then why's she worrying about the Dark Angel?" Doug stopped grinning. "There's something there I don't quite get, Mike. I asked her that—only in a more tactful way, of course—and she looked at me. . . . Well, anyway, we didn't pursue the sub-

In the taxi I put my arm around her and kissed her and she kissed me back.

"You bad your eyes on holiday for three months—let's all right. I understand perfectly. Mike." At 37 a man can't be too careful. It's not as if—

"I've decided I lost altitude too quickly while coming down from the Andes," I said. "So I'm driving up to the mine with her in an hour from now."

"Cafe society," chuckled Doug. "Spoiled as the dickens!"

"Cut it out, you lug," I said. "I didn't come here to be kidded. I want some information. Where do you fit into the picture? Why didn't she approach my office direct?"

"She was in here on legal business and she just happened to ask if I knew you. That's all."

"Well, confound it, Mike, a client is a client."

"All right, all right—except that when I knew Parbelled Parrnell had looked on all lawyers as varmints, "Nobody can live without lawyers," said Doug with satisfaction. "You're not much help," I said. Then a thought struck me. "Anybody ever try to buy the Dark Angel?" Doug gave me a searching glance. "I just told you, Mike, a client is a client."

"Okay, I'll ask her myself. Well, I've got to get along. Give my love to Carol."

He was still grinning when I left. (To Be Continued)

So they say

An alcoholic is the only person who lives his life backwards. He starts at the top and works down, finally ending up in the gutter. —Ohio State Rep. Clarence L. Wetzel.

We're certainly not on a witch hunt or out to smear anybody. We want to find out how contracts were let, by whom, and for how much. This fight between the Navy and the Air Corps has caused us unavoidable headaches. It's got to end. —Rep. Dewey Short (R) of Missouri, declaring the necessity for an investigation of the B-36 bomber controversy.

A code of conduct will not buy groceries, feed babies or pay rent. —Army Secretary Gordon Gray, urging Army pay increases.

No blockade exists. Things are going well in Berlin. —Soviet Foreign Minister Andrei Vishinskiy.

The people bought some gilded promises last November, which turned sickly green by January. I am sure they will not make the same mistake again. —Rep. Hugh Scott of Pennsylvania, chairman of the Republican National Committee.

Installing New Officers Keeps Midlander Busy

Lions Club officer installation time is a busy time for James L. Daugherty of Midland, governor-elect of District 2-T-2. Lions International, who Tuesday night opened the "season" at Seminole.

Mrs. Daugherty accompanied her husband to Seminole where he installed the officers of that club.

Thursday night, the governor-elect is scheduled to make the installation address at a meeting of the Penwell Lions Club.

Daugherty has three installation engagements next week, starting Monday night at Stanton. He will be in Loraine Tuesday night and Seagraves Thursday night. Duke Jmerson, John Biggs and Mrs. Nadene Griffin and daughter also will go to Loraine to present a special program. Mrs. Daugherty and daughter will accompany the group.

Daugherty was elected governor of the West Texas district at its annual convention in Pecos last month. He will take office at the Lions International convention in New York City in July. The Midlander plans to leave for New York July 16. He was named treasurer of the Texas Board of Governors at a meeting last week in Bryan.

CLIPPED ANGEL

By Clive Grierson Cornish Copyright, 1949, NEA SERVICE, INC.

THE STORY: Mike Melvin, a mining engineer who is telling the story, has been planning a three-week vacation, working hard in North America. Then he runs across Doug Weyman, a lawyer friend in a cocktail lounge. Doug steers Mike into a beautiful special job offer. Mike resigns, leaving the two together. Cory tells Mike that the dancer, Parbelled Parrnell, and she has inherited her father's rich gold mine, the Dark Angel. But the Dark Angel hasn't been working out, in spite of her father's belief that it was a lost mine for years. Mike is intrigued, and Cory has inherited her father's former job (see page 10). Mike's face and the mining equipment are shown in the picture. Mike suggests they declare an armistice and advise her desire to deal with him.

SHE was a persistent creature. When we reached the coffee-and-cigar stage she said, "I didn't see No. 5 vein was lost. I want to find out why it's giving only five-dollar ore instead of fifteen-dollar ore."

"Ask me another riddle," I said. "I've heard that one before."

"Yes, I know, it sounds like an old story, but Dad told me the Dark Angel was good for another 20 years, but he knew what he was talking about."

"Your dad knew his stuff," I admitted, "but better men than he have guessed wrong."

"He didn't guess—he knew." "Cory," I said deliberately, "do you like to dance?"

"Then, let's." AFTERWARDS we talked about everything under the sun except mining, and that was the way I wanted it. We discussed the pursuit of happiness and discovered we both had the same ideas about direction, but neither of us was quite sure about the road. I was willing to start hunting for it right then, but it was 2 o'clock and the kid looked all in.

In the taxi I put my arm around her and kissed her, and she kissed me back. After a moment she pushed me away and moved over to the far side of the seat.

"It's been a nice meeting you, Mike," she said. "This is only the beginning. I've got three whole months to kill. Tomorrow—"

"She shook her head. "Tomorrow I'm driving back to the mine." I said my arm along the back of the seat, but she wriggled free. "No, Mike."

I thought of the loading I had planned to do in the next three months, the lovely loading in Palm Springs, the lazing around in the desert country and other places where a man and his money are warmly welcomed. It would have been nice to have seen Palm Springs. I had always intended to go there.

"All right," I said. "You win. You, and No. 5 vein." You understand, I still intended to go to Palm Springs. In fact I thought of the place as an important waystation on the afore-said road to happiness. But at the

# SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JUNE 22, 1949-5

## Shower Is Surprise For Couple Who Plan Wedding For July 4

A surprise shower honoring Norma Middlebrooks and Rollins Senter, who are to be married July 4, was given on the lawn of the home of Mr. and Mrs. W. F. Chumney, 304 South G Street, Tuesday night. Dorothy Raines, Joyce Hendricks

and Dorothy Routh acted as hostesses.

Miss Middlebrooks is the daughter of Mr. and Mrs. C. O. Middlebrooks of Spur, and Senter is the son of Mrs. Mabel Senter of Midland and F. O. Senter of McCamey. The wedding will be solemnized in the College Avenue Baptist Church in Lubbock at 10 a. m. July 4, with the Rev. J. T. Campbell, pastor of the Seth Ward Baptist Church, Plainview, officiating.

The bride-elect is a graduate of Patton Springs High School, Afton, and Texas Technological College, Lubbock. She taught in South Elementary School one year and has been employed by the Fullerton Field Engineering Commission for more than a year.

### Will Live In Midland

The prospective bridegroom was graduated from Austin High School and attended the University of Texas. He is a partner in the Senter-Jorgan General Insurance Agency with offices in Rankin. The couple will live at 601 North Marfield Street after a short wedding trip to Mexico.

The honorees, believing they had brought a gift for a house-warming for the Chumneys, who have just returned from their honeymoon, were informed on their arrival at the party that they had brought the gift for themselves.

The gifts were placed in a large white box tied in pink ribbon. The table was set with two bouquets of red roses, and daisies.

### Guests Listed

Refreshments were served to Lafara Harbison, Mrs. Woodrow Beatty, Rosadee Spears, Lorene Jones, Mrs. Otto Wink, Verda Bartlett, Nellie Clark, Ruby Nell Bralley, Myra McReynolds, Polly Pullen, Wilda Drake, Louise Harless, La-Moyne Tabor, Faye Shelburne.

James Kerr, Doyle Lowrey, W. E. Brown, Mr. and Mrs. W. F. Chumney, the Rev. and Mrs. Vernon Yearby, the Rev. and Mrs. Raymond G. Hall, Al Alsop and Warren Johnston.

Those sending gifts were Mrs. Earnest Nance, Mrs. Walt Jasper, Muriel Hamilton, George Walters, Melba Knipping, Ellen Evtatt, Joyce Jones, Mrs. Joe Mims, Mrs. Alton Brown, Florene Jones, Lorene Wood and Mrs. Harold Robinson.

## Midlanders' Daughter Is Bride

Mrs. Robert Don Lynch is the former Geraldine Taylor of Odessa, daughter of Mr. and Mrs. W. A. Taylor of Midland. She and Lynch, son of Mr. and Mrs. Len O. Lynch of El Paso, were married Saturday in Odessa and after a short wedding trip will be at home in El Paso. Her sister, Mrs. R. E. Keyes of Odessa, was matron of honor at the wedding, and Kathryn Ann Keyes was the flower girl. The bride's gown was of white organza and eyelet. After the ceremony in the First Presbyterian Church, her parents were hosts at a reception in the church annex. Mrs. Lynch, a graduate of Odessa High School, attended Fort Lewis College in Colorado and has been employed by an Odessa insurance agency. Lynch, who attended the Texas College of Mines, is an employe of the Texas and Pacific Railway Company in El Paso.

## Luncheon And Bridge Party Entertain Club

Corsages of vari-colored gladiolus, one for each member and guest, were heaped in the table centerpiece for the luncheon of Les Convivantes Club Tuesday in the Ranch House. Mrs. Jack M. Moore and Mrs. Harold Huffman were hostesses.

Bridge games followed the luncheon. Mrs. John K. Massey scored high; Mrs. C. E. George, a guest, second high, and Mrs. R. E. Morgan held the traveling prize.

Mrs. Joe Canon and Mrs. R. E. Gillespie were other guests of the club. Other members present were Mrs. Perry Gill, Mrs. J. C. Williamson, Mrs. Olin Prather, Mrs. J. V. Hardwick, Mrs. Wayne Moore, Mrs. William W. Ranck, Mrs. Clarence Symes, Mrs. G. P. Crawford, Mrs. W. E. Lyle, Jr., Mrs. Clyde Davidson, Mrs. M. A. Burphree and Mrs. David C. Chambers.

## Prize-Winning Play Will Be Presented In Calvary Church

"A Stranger Passes," a play by Joseph Carlton, will be presented by the Young People's Department of the Calvary Baptist Church at 8 p. m. Friday.

Mrs. A. B. Montgomery is directing the play. This play won first place in a religious plays contest in California last year and rated second place in the United States.

"A Stranger Passes" is a story of an ordinary American family. Most of us believe that, no matter if our troubles in daily life are big or little, there is a guiding power that will direct us right if we listen, according to the author. The story of this play tells how the Stranger gives the Wilde family those directions. Who the Stranger is, is left to the imagination of those who see the play.

The cast includes Helen Whitley as Dora Parker, a cranky old maid; Nancy Booth as Ann Wilde, a lovable lady; Jean Booth as Priscilla Wilde, a willful daughter; Bill Tidwell as Phillip Wilde, a flippant son; Douglas Dyess as John Wilde, the father; Don Dea, as Steve Wilde, an older son; Jeanne Travertie as Judy, a negro maid; Preston Conner as William Norcross, a business man; Vonnie Holdray as Leta Craig, a good looking girl; Frank Lane as Inspector Dowling, and Bill Burnside as the Stranger.

The public is invited to the performance, according to Mrs. Montgomery.

## Girls From Calvary Baptist GA Leave For Week In Camp

Sixteen girls from the Calvary Baptist Church left Tuesday to attend the Girl's Auxiliary session at the District Eight Young People's Camp, south of Big Spring. The campers will return Friday afternoon.

The Rev. E. K. Shepherd, pastor of the First Baptist Church, Snyder, is the camp pastor. The program for the camp includes worship services, vespers, study classes, handicraft classes and recreational classes with swimming and various sports. A coronation recognizing the advance of the girls in their Forward Steps will be held Thursday night.

Those going included Diane Burnside, Larry Ann Burnside, Wanda Burnside, Lacie Lester, Wanda Smith, LaLee Teaff, Elizabeth Hargrove, Doris Ann Mason, Thressa Danley, Helen Spiller, Jeanette Spiller, Lois Jean Bradley, Flora Jean Mills, Eddie Mae Hamlin, Gay Nell Powers and Yvonne Williams.

Mrs. L. R. Burnside, Saralyn Teaff and the Rev. and Mrs. A. L. Teaff are acting as counselors. Saralyn Teaff will teach a mission study course.

The Royal Ambassador camp for boys will begin June 28 and continue through July 1.

### ALLISONS BACK FROM PRESS CONVENTION

Mrs. and Mrs. James N. Allison and son, Jimmy returned late Tuesday from Galveston, where they attended the 70th annual convention of the Texas Press Association. They also visited in Corpus Christi and San Antonio enroute home to Midland.

## Child Injured When Bike, Auto Collide

Essie May Crawford, 10 years old, of 1303 West Taylor Street, was treated at Western Clinic-Hospital Tuesday night for severe scalp lacerations.

The lacerations were received when the bicycle which she was riding collided with an auto.

### OUT OF HOSPITAL

M. M. Mayo, who received a fractured leg when struck by an auto, was discharged Wednesday from Western Clinic-Hospital, where he received treatment.

Texas is the biggest cattle-producing state.

## Esther Class Meets For June Luncheon

The Esther Class of the First Baptist Church had its monthly luncheon and business meeting Tuesday in the Recreational Hall of the church.

Members and guests present were Mrs. J. C. Lawrence, Mrs. Andrew Smith, Mrs. W. T. Hagler, Mrs. Robert White, Miss Alta Merrill, Mrs. Raymond Colvin Mrs. Robert Reeves, Mrs. Wesley Martin, Mrs. A. A. Jones, Mrs. Leeman Jones, Mrs. Carlton Jones, Mrs. H. L. Stanley and Mrs. Dan Boyd.

## McCamey Teacher Is Ozona Man's Bride

McCAMEY—Jane McLean, who has taught in the McCamey schools the last three years, was married June 13 to Kennard Trawn Cody of Ozona, son of J. M. Cody of Clyde. The Rev. Wayne Smith, pastor of the Dilley Methodist Church, read the ceremony in the home of her parents, Mr. and Mrs. A. H. McLean, near Dilley.

Mrs. Frank Coyne, Jr., was her sister's only attendant and D. M. Clark of McCamey served as best man. The bride, given in marriage by her father, wore a white embroidered organza dress.

After the double-ring ceremony, the couple received the congratulations of 60 guests. They are residing in Ozona.

## Beta Sigma Phi Picnic Honors Iota Beta Unit

Summer informality was the keynote of the first Beta Sigma Phi entertainment of the vacation season, a picnic in Cloverdale Park Tuesday night for members of the three Midland chapters.

The Xi Theta and Beta Delta Chapters were hostesses to the Iota Beta Chapter, which, although it is the youngest of the three groups

here, won an attendance contest conducted during the past season.

All three chapters have closed their business and study seasons, but other informal parties are planned for the summer months.

Present at the picnic were Mrs. J. L. Crittendon, Mrs. A. R. Ayles, Mrs. Howard Atwater, Mrs. Arnold O'Neil, Mrs. Morris Donelson, Mrs. Charles Seeder, Mrs. Jack Stackpole, Mrs. Jack Doran, Mrs. Alton Brown, Mrs. James Mims, Mrs. Duffy Stanley, Mrs. Walter Linde, Mrs. Otto Wink, Mrs. Clyde Pederson, Mrs. W. E. Nance, Mrs. Charles Patterson, Mrs. Lloyd Zellner, Mrs. R. H. Frizzell, Jr., Verda Bartlett, Joyce Melancon, Lee Ida Pinkston, Norma Middlebrooks, Myra McReynolds, Celeste Godfrey, Joyce Hendrick, Clyde Parmley, Lafara Harbison, Lou Lemley, Aileen Maxwell and Cathryn Harrington.

### CIVIL COURT SESSION

A civil session of 70th District Court will convene at 10 a. m. Thursday, with Judge Paul Moss presiding. Uncontested cases will be heard.

## Officers Club Will Have Formal Dance In Outdoor Pavilion

Using the newly completed outside dancing pavilion for the first time, the Midland Officers' Club will have its mid-summer formal dance at the Clubhouse at Airport Number Two, north of the city, Friday night at 9 p. m.

Preceding the dance will be a cocktail hour from 8 to 9 p. m. Both the outside and inside facilities will be used to accommodate the large crowd anticipated, according to Don McKibbin, who is in charge of the arrangements.

As one of the activities of the Fourth of July season, the red, white and blue color scheme will be carried out both in table and room decorations.

Officers are requested to wear their uniforms if possible. Any member wishing additional reservations for guests should contact McKibbin, phone 870.

6—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JUNE 22, 1949

## Heavy Crown Goes On Line At 8:30 P. M.

CHICAGO —(P)—Jersey Joe Walcott, fighting 35-year-old father of six children, and Ezzard Charles, a belting bachelor of 180 pounds, battle for the world heavyweight boxing title (NBA version) at Comiskey Park Wednesday night (8:30 p.m. CST).

The weatherman promised clear, cool weather to perk up general admission sales.

The two negro contenders to Joe Louis' vacated crown weighed in at noon (EST) at Chicago Stadium.

It was exactly 12 years ago in Comiskey Park that Louis sledgehammered the heavyweight crown off the scarred brow of James J. Braddock. Louis retired as undefeated champion last March.

The eight-years-younger Charles was a dwindling 10 to 13 favorite. Apparently the gamblers, like the fight writers, were beginning to

### Here's How!

CHICAGO —(P)— Here is the tale of the tape for the Ezzard Charles-Joe Walcott NBA-heavyweight title fight:

Charles	Age	Walcott
27	35	
180	Weight 194	
6 ft.	Height 6 ft.	
16 1/2	Neck 17	
74	Reach 74	
15 1/2	Biceps 16	
12	Forearm 13	
7	Wrist 7 3/4	
39	Chest Nor. 40	
42	Chest Exp. 43	
33	Waist 35	
20	Thigh 21	
13	Calf 14	
8 1/2	Ankle 9 3/4	

minimize Ezzard's age advantage in the face of Walcott's 130-pro bout experience and two agile performances against the then-champion, Louis.

More and more, they recalled how Walcott toppled Louis twice in their first meeting and lost a highly-debated decision only because he climbed on his bicycle in the closing rounds.

**ABC Broadcast**  
Each fighter will get 25 per cent of net receipts, plus a like slice of radio and television sugar, estimated at \$35,000.

For arm-chair fans, the fight will be broadcast (ABC).

Wednesday night's winner will not be recognized as world champion by the New York Athletic Commission or the British Boxing Board.

The New York commission, a non-NBA member, wants a "tournament" of contenders before crowning any world champ. The British board will label the winner of the Bruce Woodcock-Lee Savold bout in England September 6 as the heavyweight monarch.

Then there are whispers, vehemently denied by Louis, that the brown bomber himself may emerge from retirement to get another whack at a big purse, especially if Charles wins.

In event of a postponement, the bout will be held Thursday or Friday.

## Idled Albuquerque Gains As Hubbers Lose To Blue Sox

By The Associated Press  
The Albuquerque Dukes lead the West Texas-New Mexico League by four games after the Abilene Blue Sox knocked over the second-place Lubbock Hubbers Tuesday night 8-3. The win moved Abilene into a third-place tie with Borger. Pampa won a six-inning game from Lamesa 4-1. Rain halted the contest. Amarillo's game at Albuquerque and Borger's game at Clovis both were rained out.

## Graziano Kayoes Claus In Second

WILMINGTON, DEL. —(P)— Rocky Graziano celebrated his return to the ring Tuesday night by belting out Bobby Claus, veteran Buffalo, N. Y., campaigner. Graziano floored Claus for the count in 46 seconds of the second round. The former middleweight champion from New York weighed 159 3/4 while Claus scaled 149 for the scheduled 10-round bout.

It takes 20,000 head of cattle to produce one pound of crystalline insulin.

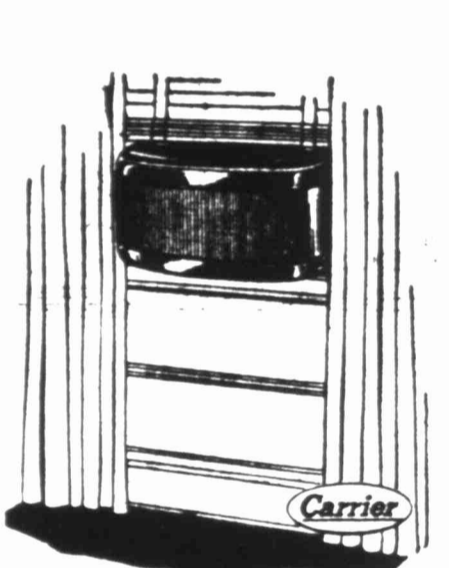

Luke Appling takes a lesson in how to play pool from Willie Hoppe. Appling is 40, but Hoppe, still the three-cushion billiard titleholder, was a world champion before the White Sox shortstop was born. Hoppe won his first world crown in 1906.

## Bicycle Parade Is Scheduled Thursday

A parade of decorated bicycles is scheduled through downtown Midland at 3 p. m. Thursday as the climax of the Summer Recreation Program's "Bicycle Week." More than 20 entries are expected in the parade. Garvin Beauchamp, recreation program director, Wednesday urged all children of school ages who wish to enter the parade to report to him at the high school by noon Thursday.

Five prizes will be awarded to the first five entries judged to be the best.

## Texas League— Fort Worth Cats Snatch Loop Lead

By The Associated Press  
Fort Worth was in and Dallas out of first place in the Texas League Wednesday.

For the first time since the season started on April 13 the Eagles fail to head the standings. They tumbled into second Tuesday night when last-place Houston exploded for three runs in the twelfth inning for a 9-6 victory.

Fort Worth earlier had polished off San Antonio 3-0.

Shreveport beat Oklahoma City 8-3 in 13 frames, and Tulsa used 16 innings to nudge Beaumont 3-2.

A single, walk and two doubles gave Houston its three big runs. And a double play with the bases loaded killed Dallas' hopes for a tie or victory in the bottom of the twelfth.

Eddie Chaudier held San Antonio to five hits in pitching Fort Worth to its ninth straight victory. The Cats got only five hits off two Mission hurlers, but two were a double and a triple by Dick Williams.

Shreveport broke loose for three runs in the thirteenth, with Relief Pitcher Andy Bush driving home what proved to be the winning tally.

A single by Russ Burns beat Beaumont. He drove in the other two Oiler tallies with a double in the first inning and another in the ninth.

The 16-inning game was the longest ever played at Tulsa.

## Final Rounds For College Baseballers Start Wednesday

WICHITA, KAN. —(P)—The NCAA baseball finals open Wednesday night with the Southern California Trojans holding the favorite's spot in a four-team field.

The four teams earned their way through regional tournaments to emerge as the best clubs among 1,500 college nines throughout the nation.

In addition to Southern California, the finalists include Wake Forest, the University of Texas and St. John's of Brooklyn, N. Y.

## CONSISTENT KONSTANTY PHILADELPHIA —(P)—

Jim Konstanty of the Phillies turned in one of the season's finest relief jobs when he hurled scoreless ball during the last nine innings of the Phillies' 4-3 eighteen-inning victory over the Pirates. He gave seven hits and walked two for his first win of the season.

## SPORTSLANTS

BY SHORTY SHELBURNE

Dino Restelli, the sensational rookie just peddled to the Pittsburgh Pirates by the San Francisco Seals, has always been so hot and he has been playing baseball several years.

Sports Slants remembers seeing Dino when he couldn't buy a base hit. Just this year has he come into his own.

Manager Lefty O'Doul of the Seals shuttled Restelli in and out of the lineup, depending on which side the opposing hurler tossed from, for three seasons.

Incidentally, Restelli has played ball in Cuba's Winter League. May be playing ball in Cuba brings him out of a slump. Big Spring has a few players who played in Cuba and they seem to be out of the slump.

Alex Kasabak, the villain of the Midland VFW Wrestling Club here a few months ago, now is touring the West Coast.

Pat O'Dowdy, who promoted the bouts here, has closed up shop in

## All-Star Ballot

Here are my votes for major league players to be used in the major league All-Star Game:

**AMERICAN LEAGUE**  
Catcher \_\_\_\_\_  
First Base \_\_\_\_\_  
Second Base \_\_\_\_\_  
Third Base \_\_\_\_\_  
Shortstop \_\_\_\_\_  
Outfielders \_\_\_\_\_

**NATIONAL LEAGUE**  
Catcher \_\_\_\_\_  
First Base \_\_\_\_\_  
Second Base \_\_\_\_\_  
Third Base \_\_\_\_\_  
Shortstop \_\_\_\_\_  
Outfielders \_\_\_\_\_

Vote for three outfielders and one player at each of the other positions on both team.

Big Spring and taken to the road, also. Last reports were from Pat when he was in Chicago.

He plans to return to Big Spring and Midland to turn promoter again during the Fall and Winter.

Unfounded reports from Odessa and Midland sources say A. D. Ensey of the Odessa Oilers has been entertaining the idea of signing a few negro players to bolster his skidding nine.

Ensey currently is on a talent hunt which has covered most of the South.

He reported from Birmingham, Ala., several days ago that he is shaking the bushes there for a couple of hurlers.

Junior golfers in this area have a full slate of tournaments coming up at the Midland Country Club.

First off will be the club Junior Championship tournament July 11 through 14. It will be open to sons of club members only.

July 19 the United States Golf Association approved qualifying round for the National Junior Tournament will be held here.

This journey is open to all young golfers who will not be 18 years of age until after midnight July 30 this year. Entry blanks can be obtained from any golf pro and must be mailed by July 5.

Qualifying for the first annual Midland Country Club Junior Invitation Tournament will be held July 19 and match play will be conducted July 20 and 21. The same age limit as the USGA qualifying round will apply in the invitation meet.

The Vernon Dusters received possibly their hardest blow of the season here Monday night.

# Vernon Takes Finale 15-11; Rockets Here For Two Tilts

## Six Pitchers See Action In Wild Scoring Contest

The Roswell Rockets move into Indian Park at 8 p.m. Wednesday for the opening game of a two-game series with the Midland Indians. Buck Austin is scheduled to do the hurling for Midland. The Rockets will be the opposing team for the "Pennant Night" game Thursday night. The Longhorn League pennant, which the Indians won last season, will be hoisted preceding the game.

The Midland Indians and the Vernon Dusters finished their two-game series in Indian Park Tuesday night with a free-for-all scoring splurge. The Dusters copped the decision 15 to 11 to gain an even split in the short series.

Glenn Patton, making his first start for the Indians since he came off the injured list, pitched good ball for four innings and then the Dusters got to him for seven big runs in the fifth. Rudy Kelley, Ben Dean Sheats and Julian Pressley followed him on the mound. The Indians fought an uphill battle all the way after the fourth. They scored freely in the last three innings but just couldn't quite turn the trick.

Filigamo Shines  
The brilliant defensive and offensive play of Marty Filigamo was all that kept the Indians from suffering a worse defeat. The fleet outfielder covered the territory between shortstop and the left field fence like a traffic cop.

Patton, who was charged with the loss got off to a bad start which wasn't at all his fault. Two Midland errors put two runners on after two were out in the first then Ehlinger and Hunley doubled in succession to push in three runs. Patton held the Dusters scoreless during the next three innings and Midland picked up four runs to take the lead for the only time during the game. In the third, singles by Jones, Patton, Sliter and Nipp and two Vernon errors gave Midland three runs. The Indians added another in the fourth on Filigamo's triple and a long fly by Kenny Jones.

The wild fifth was all Vernon needed to break Patton's back. Two doubles, four singles, two bases on balls and three Midland errors let in the seven tallies.

Patton came back to pitch to one batter in sixth but retired when the Duster rapped out a single.

Patton Retires  
Rudy Kelley gave up a double to the first man he faced and the last run charged to Patton scored. He put out the fire before more damage was done.

The Huntsmen rocked Kelley and Sheats with four runs in the seventh on two singles, four walks and two Midland errors. Pressley relieved.

The Tribe staged a short rally in the last of the night. Gus Penell off with a single, Rose got on by an error and Warren Sliter tripled them home. Sliter scored on Nipp's outfield fly.

In the eighth, Filigamo hit his second triple of the night and scored on Jones' single.  
Lou Dawson opened the Midland ninth with a booming home run

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JUNE 22, 1949-7

## MAJOR LEAGUES—

# Braves Go Down As Sain Falters

By JOE REICHLER  
Associated Press Writer

What has happened to Johnny Sain, a 20-game winner for the last three seasons? He is not in ill health and Sain insists his arm is as strong as ever.

Sain Tuesday dropped his fifth straight and his eighth of the year as the Chicago Cubs downed the Boston Braves 8-4 in the National League's only day game.

Sain, who has won four games, went the distance for a change, but was pummeled for nine hits, six of them for extra bases.

Brooklyn increased its first-place lead over the St. Louis Cardinals to a game and a half, defeating the Reds in Cincinnati 9-4, while the New York Giants were downing the Cards 6-5 in a 12-inning thriller in St. Louis. Philadelphia's Phillies downed Pittsburgh 9-4.

The Philadelphia Athletics moved into second place in the American League, winning their second straight game, Cleveland 8-2.

Lefty Mel Parnell pitched the Boston Red Sox into fourth place, 6-1, against Detroit.

Sid Hudson pitched a four-hitter as the Washington Senators whipped the Chicago White Sox 9-3.

The Yankees and St. Louis Browns had an off day.

## Corporate Profits Below 1948 Levels, Says Bank Bulletin

WASHINGTON—(AP)—Corporation profit margins for the first quarter of 1949 were below 1948 levels, but still high relative to earlier prosperous periods.

Reporting this Wednesday, the Federal Reserve Bulletin defined profit margins as "the ratios of profits, before taxes, to sales."

Corporate profits in 1948 after taxes were about 10 per cent above 1947 and the highest level on record, the board publication said. It found these trends:

1. Almost all the profit increases in 1948 occurred in manufacturing and then only among "the very largest" companies.

2. Small and medium-sized companies, whose profits had shown the greatest relative increases in the war and earlier postwar years, "were already experiencing sharp drops in profits in 1948."

Profits—after taxes—of manufacturing concerns with assets under \$5,000,000 declined 20 per cent from 1947 to 1948 while those of concerns with assets of \$100,000,000 or more rose nearly 50 per cent, said the bulletin.

In the first quarter of 1949, the article said, profits of "larger" manufacturing companies were about 15 per cent below fourth quarter 1948 figures and "only about ten per cent larger" than in last year's first quarter.

## Northeastern States Sizzle In Continued Drouth, Hot Weather

By The Associated Press  
A June heat wave in the nation's Northeastern states sizzled on Wednesday amid a growing fear of serious damage to farm crops.

The long dry spell—no heavy rains in three weeks—intensified the hazard of fires in the heavily wooded areas of New England, New York and New Jersey. No immediate relief from the unreasonable heat appeared in prospect. Temperatures climbed into the 90's over the areas Tuesday.

Soaking rains are needed in the parched areas, both to alleviate the danger of forest fires and to help the waiting crops and pasture lands.

In Massachusetts alone, the hot, dry weather has caused an estimated \$5,000,000 damage to crops.

## Search For Reported Submarine Continues

MIAMI, FLA.—(AP)—Navy ships and planes continued Wednesday to maintain watch for an unidentified submarine reported sighted off the Florida coast although an intensive 24-hour search produced negative results.

The search covered 5,000 square miles of ocean and extended from Miami to Jacksonville including the vicinity of the guided missile testing range at Banana River.

## Longhorn League— Big Spring Broncs Gain Working Room In Double Victory

By The Associated Press  
The league-leading Big Spring Broncs have gained another half-game on second-place Vernon in the Longhorn League race.

After sweeping a twin bill Tuesday night from the Ballinger Cats 5-3 and 10-0, the Broncs were seven and a half games in front of the Dusters.

Vernon defeated third-place Midland 15-11. Fourth-place San Angelo downed Sweetwater 14-7. Odessa's game at Roswell was postponed because of wet grounds.

Big Spring's Felix Gomez homered in the fourth frame of the opener to tie the score 3-all. Then three hits in the fifth gave the Broncs two more runs in the victory over Ballinger. Julio Ramos hurled two-hit ball in shutting out the Cats in the nightcap.

## Softball Schedule

Games in the Midland Softball League Wednesday night will bring together the Rendezvous and Joe's Gulf in the opener and The Reporter-Telegram and Western Plastic in the nightcap.

All games are played at Wadley Field. Starting time will be 7 p.m.

The first use of American railroads to communicate news was in 1838 when copies of a presidential speech were sent from Washington to Baltimore in one hour and 13 minutes.

## Junior Indians Meet McCamey Juniors

Midland's Junior Indians were scheduled to open their District 8 Junior Legion baseball schedule in a game against McCamey at 3 p.m. Wednesday in Indian Park. Frank Roberson was named as the starting hurler for Midland. The home club is managed by Joe Shell and coached by Joe Roberson.

## TWELVE BODIES FOUND

SHANGHAI—(AP)—Twelve bodies of Communist sympathizers executed by the Nationalists before the Reds took Shanghai were found Wednesday in a trench at Pootung, across the Whangpoo from Shanghai.

### Crane News

CRANE—Land north of Crane has been leased and now is being surveyed by the El Paso Natural Gas Company for the building of a compressor station and treating plant. This is one of a series which is being built to carry gas, heretofore burned in flares, to the Big Inch pipe line, recently completed from Texas to California.

Details are being worked out for an early start on the widening of the highway from Ector County line to the city limits of Crane. Land is being acquired for 10 additional feet on either side of the present roadway for this purpose.

Mr. and Mrs. John Huber and Mr. and Mrs. C. E. Pitts have returned from Newkirk, Okla., where they attended the funeral of O. J. Quigley, who recently died of a heart attack. Quigley had lived in Crane and vicinity for a number of years.

Mr. and Mrs. Thomas Knael and daughters, Betty and Patty, have returned from a vacation which carried them to points in Oklahoma and North Texas.

Mr. and Mrs. Bob Tobin and daughter, Lancy, have returned from extended visit with relatives in New York and New Jersey. The Tobins, owners of a clothing store, spent the first day after leaving Crane attending the markets in Dallas where Fall clothing was bought for the store.

Mr. and Mrs. J. B. Clark were weekend visitors in Abilene where they visited with Mrs. Clark's mother.

"Shorty" Cary recently was carried to the Crane Hospital following a heart attack but now has returned home.

Mrs. Bruce Wells and son, Bruce, Jr., and Mrs. Marvin Arnold and infant son, are spending this week with relatives in Pampa. Mrs. Arnold is a daughter of Mrs. Wells.

Mrs. C. A. Shaffer and grandson, Joe Kelly Shaffer, left Monday to spend a week with friends in Albany. They will be joined later in the week by Mr. Shaffer and Mrs. A. E. Galloway. They all plan to attend the Albany Fandangle which

opens Thursday and continues through Saturday.

Funeral services for Second Twin were held in Odessa Sunday for Judith Lynn, infant daughter of Mr. and Mrs. O. F. Blank of that city. She survived her twin sister, Carol Ann, by six days, living just one week.

Mrs. June Pettis was hostess to the Young Matrons Club recently. Attending were Mrs. Neil Moore, Jo Smith, Mary Plumier, Mary Lou Brown, Geraldine Adcock, Kathleen Hogsett, Alene Hamilton, Doris Brookover, and Leta Mae Mitchell.

Mrs. Vernon Stacy and her son, Jimmy Neal, have returned from Dallas where Jimmy Neal underwent dental treatment. On their return trip they spent two days visiting with Mr. and Mrs. Baugh Nash of Weatherford, former residents of Crane.

In a recent meeting the American Legion Auxiliary planned a special program with the date still to be set. Present were Mrs. Clara Hazel, Mrs. Illa Gooch, Mrs. Lillie Belle Lear, Mrs. Doris Karr, Mrs. Nancy Slater, and Mrs. Emma Shultz.

Mrs. Bob Burch and two children, Mary Martha and Kent, left recently for Burras, La., where they will visit with Mrs. R. N. Brantly. Billie Marie Gooch accompanied her and they expect Mr. Burch to meet them there in the near future.

The weekly meeting of the Friendship Club was held recently in the East Room of the Community Hall with Mrs. Alvin Titus acting as hostess. Present were Mrs. Clyde Orr, Mrs. L. D. Parker, Mrs. W. G. Slater, Mrs. W. D. Gooch, Mrs. E. Clark, Mrs. John Lambley, Mrs. P. O. Vines, Mrs. George Clark, Mrs. Ted Green, Mrs. Jesse Westberry, Mrs. Marion Clancy, Mrs. Jewel Mulvey, Mrs. Camelle McCleary, Mrs. M. E. Lear, and Mrs. Ruby Edwards.

Ten candidates from McCamey were initiated by courtesy of the Crane Rebekah Lodge recently and one candidate for the Crane lodge.

The reorganization of the Veterans of Foreign Wars was completed recently with T. G. Nichols of Grandfalls, area commander in charge. The meeting was held at the Crane ball park with 50 members attending.

A. J. Blanton, who recently underwent major surgery, is reported doing well.

### West Texas Oil & Gas Log—

(Continued from Page 1)  
covered 13 feet of porous lime with good odor and fluorescence and two feet of shale.

The venture has drilled ahead to 6,724 feet and was running Schlumberger survey prior to setting seven-inch pipe on bottom. It is then to make production tests and complete.

Hiawatha has staked two more east flankers to the pool as No. 4 and No. 5 L. M. Wilson.

The concern's No. 4 Wilson, 1,980 feet from west and 680 feet from south lines of section 183, block 97, H&TC survey, has spudded and was drilling ahead from 1,600 feet in anhydrite and salt.

Drill site of No. 5 Wilson is 3,080 feet from west and 1,320 feet from south lines of section 183, block 97, H&TC survey. It is due to start at once.

Both are projected to the Canyon reef above 6,800 feet with rotary tools.

Upton County prospector to test into the Pennsylvanian had reached 10,046 feet in shale and lime and was drilling ahead.

It is slated to get an investigation of the section to which it is going by the time it reaches 10,500 feet.

The venture is 660 feet from north and west lines of section 44, block 40, TP survey, T-4-S, and two miles southeast of Magnolia Petroleum Company No. 1-A TXCL, opener for flowing Ellenburger production to open the Pegasus field. The Magnolia well also showed for production from the lower Permian, from the Pennsylvanian and from the Devonian.

'Mystery' Wildcat In Scurry Injects Acid

Superior Oil Company and Intex Oil Company No. 1 Jordan, Northwest Scurry County "mystery" wildcat, is reported by unofficial observers to be shut in.

This venture, located three miles northwest of Fluvanna, and 680 feet from east and 2,652 feet from north lines of section 579, block 97, H&TC survey, is supposed to be on a total depth of 8,400 feet in Ellenburger which was entered at approximately 8,400 feet.

A string of casing is cemented in the well. Some interested observers think it is set at 8,400 feet.

The project is reported by unofficial sources to have recently been treated with 3,000 gallons of acid. It is supposed to have swabbed out the load and residue from the acid and to have then swabbed some new oil into a tank at the location.

No information is available regarding the amount of oil produced after the acid treatment, or what operators may undertake next at this prospector, which has apparently discovered oil and gas in commercial quantities from the Ellenburger.

Lipscomb & DeLange To Deepen In Scurry

Lipscomb & DeLange No. 1 Wren, outpost to production on the south side of the North Snyder field in North-Central Scurry County, was to drill the plug on a string of 7-inch casing which had been cemented at 6,364 feet in lime, and then drill ahead.

The pipe was run to case off a point 20 feet above the current bottom at 6,364 feet. That interval had caused considerable loss of circulation and had delayed deepening for several days.

The venture is 467 feet from north and east lines of tract 11, section 20, T-2-S, survey. It is slated to go to about 7,000 feet to explore the Canyon lime, the pay section of the North Snyder field.

House Panel Okays Anti-Poll Tax Bill

WASHINGTON—(AP)—The House Administration Committee Wednesday approved anti-poll tax legislation.

The bill would make it unlawful for states to require payment of a poll tax before an otherwise qualified voter could vote in primary or general elections for federal officers.

It is a part of President Truman's civil rights program.

In approving the bill, the committee turned down a suggestion from a subcommittee that action be deferred until the House Judiciary Committee has a "reasonable" time to act on a proposal to submit to the states a constitutional amendment to ban poll taxes.

Cocker Is Credited With Keeping Man From Harming Girl

CHICAGO—(AP)—A cocker spaniel was credited Wednesday with saving a nine-year-old girl from advances by a 60-year-old man who police said forced the little girl and her dog into his car.

The girl, Jacqueline Thompson, was walking near her grandparents' south side home Tuesday night with her three-year-old dog, "Sally." She told police the man pulled up in his car and forced her and the dog to get in.

When he made improper advances to her, Jacqueline told officers, "Sally" bit the man on the hand. She said the man yelled, stopped the car and she and "Sally" jumped out.

The man escaped.

Livestock

PORT WORTH—(AP)—Cattle 2,800; calves 700; slow, few good and choice dry lot steers steady to 25 cents higher; other slaughter cattle and calves dull and weak; stocker cattle and calves 50 cents-1.00 down for the week to date; good to choice slaughter steers and yearlings 23.00-25.00; plain and medium steers and yearlings 19.50-21.00; fat cows 13.50-17.75; good and choice fat calves 22.00-25.00; common to medium calves 14.00-21.00; stocker calves 14.00-24.00; stocker yearlings 16.00-22.00.

Earth Erosion High In Zion Park Area

ZION NATIONAL PARK, UTAH—(AP)—Nature is busy carving 3,000,000 tons of rock and dirt out of Zion canyon each year.

That's the amount scientists estimate is eroded and carried away by the little Virgin river in the half-mile deep canyon. The gorge grows deeper each year, mainly because the stream has a rapid fall of 50

### So In Love With Him Is He

Pat, the chimpanzee, and Fletcher Reynolds, director of the Cleveland, Ohio, Zoo, are practically inseparable, as you can plainly see. Fresh from the Belgian Congo, Pat developed double pneumonia shortly after his arrival at the zoo and Reynolds personally began hand-feeding the young chimp and administering his medicine. Now almost well again, Pat puts up a howl at the thought of feeding himself, so Reynolds has to go on with the coddling. The zoo boss is delighted that Pat will survive but concerned over the chimp's attachment to him. Reynolds has other things to do. And besides, that chimp might be making a monkey out of him.

Well, Didn't Want To Gum Up Trial

LONG BEACH—(AP)—State Dental Investigator Harold Gilbert didn't want to gum up the trial. But he wasn't anxious to gum his food, either.

So Municipal Judge Martin DeVries ruled that he could keep his teeth during the night and turn them in as evidence after breakfast.

The dental dilemma occurred during the trial of F. B. Sheldon on two misdemeanor counts of violating the Dental Practices Act and the Business and Professional Code.

Attorneys for Sheldon, who had worked on Gilbert's plates, demanded that they be placed in evidence.

Court Affirms Death Sentence For Slaying Of Houston Deputy

AUSTIN—(AP)—A death sentence for murder against J. W. Morrow, Jr., prison trusty, was upheld by the Court of Criminal Appeals Wednesday.

Morrow was a trusty at the Blue Ridge Prison Farm 17 miles from Houston when he escaped just before midnight last July 13. He was convicted of shooting to death T. E. Shofner, Houston, deputy sheriff, just before 2 a.m. July 14.

The shooting took place at a railroad signal station where Shofner had gone to wait for his wife to get off work.

Advertise or be Forgotten

### Rehearing Refused

Condemed Rapist

AUSTIN—(AP)—The Court of Criminal Appeals Wednesday denied a rehearing for William R. Ray, sentenced to die for rape of a nine-year-old Fort Worth school girl.

Presiding Judge F. L. Hawkins dissented from the court's majority opinion.

Ray's motion for a rehearing contended the indictment under which he was convicted in Navarro County on a charge of venue from Tarrant County was faulty in that it failed to allege that the person alleged to have been raped was a female.

Alabama Klansmen Fight Anti-Mask Bill

MONTGOMERY, ALA.—(AP)—Officials and supporters of the Ku Klux Klan carried their battle to keep their masks on to a legislative committee Wednesday.

Public hearings on a bill to prohibit the wearing of masks in public were scheduled by the House Judiciary Committee. At least two officers of the Klan were prepared to come before the group to oppose the bill.

The anti-masking measure already has cleared the Senate. Meanwhile, representatives of leading veteran organizations demanded that public officials state publicly whether they are members of any hooded or subversive group.

"We're pretty well fed up," said David Solomon at a meeting Tuesday night called by the General Gorgas Post of the American Legion to discuss action against hooded and white robed mobs in the Birmingham area.

The big cattle-producing states are Texas, Iowa, Nebraska, Kansas, Missouri, Illinois, Minnesota, California, Wisconsin and Oklahoma.

Communists Hike Pressure On Czech Catholic Laymen

PRAGUE—(AP)—Catholic employes in some Czechoslovak government offices said Wednesday they were being required to sign statements declaring they did not support Archbishop Josef Beran.

The archbishop is fighting attempts of the nation's Communist regime to get control of the church. The government has accused Beran of trying to wreck national peace and economy and has threatened to take legal action against him.

Some laymen who signed the statements told their priests they did so in fear of losing their jobs and dwellings. Churchmen said this was another move in the Communist step-by-step campaign to whittle down the archbishop's support and crush his resistance.

Official sources would not comment other than to claim new gains for the Communist-sponsored "Catholic Action" Movement, a separatist body. That separatist group has been called a fraud by the Vatican and the Czech Catholic hierarchy.

Archbishop Beran was believed still to be in his palace. He has been silent since Sunday when demonstrators interrupted services he was conducting at St. Vitus Cathedral.

One informed diplomatic source expressed belief the archbishop soon might be formally arrested on charges of anti-state activity and incitement to unrest. Beran now is in semi-captivity in the palace.

CARNIVAL

"It was a terrible blow to the little woman when I got sent up—she despises to do housework!"

Frenchman's Motor Car Is Adventure On Four Wheels

By HAL BOYLE

NEW YORK—(AP)—To understand a Frenchman all you have to do is take a ride with him in his motor car.

After five miles you will know the spirit of France better than if you had read a hundred histories. You never again will sell the French short, or believe they are through as a nation.

For the Frenchman hasn't let the machine age take romance out of his life. His motor car isn't just an instrument to get him somewhere efficiently. It's a four-wheeled adventure—a vehicle that lets him play highway chess at 60 miles an hour.

I learned all I want to learn about the dauntless character of the French the other day in a ride from Caen to Paris. My fellow passengers were two ex-jeep mates from the war days—George Hicks of the National Broadcasting Company and Jack Thompson, the Chicago Tribune's bearded military expert.

Our vehicle was a new tiny model Renault. In a Detroit factory it might be stepped on as an oversize cockroach. But these little cars, which sell from \$800 to \$900 and get 50 miles to a gallon of gas, are popular in France.

Zip, passion, frenzy.

There has been no ride like it since Paul Revere.

Down the road our little car sped at 100 kilometers an hour like a maddened waterbug. Our driver drove like a Frenchman, making love or painting a picture—with zip, passion, artistic frenzy.

We grazed the handlebars of bicycles, and they peeled off to the right. We skinned the paint off motor cars coming at us, and they sheered off to the left.

Then we got caught in a series of traffic jams. Elsewhere in the world when there is a traffic jam, the vehicles come to a tangled halt, unable to move.

Not on the road to Paris. The bigger the jam the faster it moves. Everybody gears up and hundreds of cars going in opposite directions thread through each other in shifting, weaving honking masses at 60 miles an hour.

"Stop! Halt! Slow down!" we yelled. The driver turned, grinned, circled a truck and picked up speed. He wanted the Americans to have a good time.

By Miracle To Versailles

By some miracle we reached Versailles, on the outskirts of Paris. As suddenly as it had erupted in frenzy traffic slowed down to a gentle, 50-mile-an-hour crawl.

It was then we discovered our driver was boiling mad. By gesture and phrase he let us know why. It seemed a truck had swerved into his path without honking a horn. And he was angry because he hadn't crashed headon into the truck to punish it.

"A Frenchman would rather get into an accident if justice is on his side than avoid an accident and feel he had not insisted on his rights," he said with dignity.

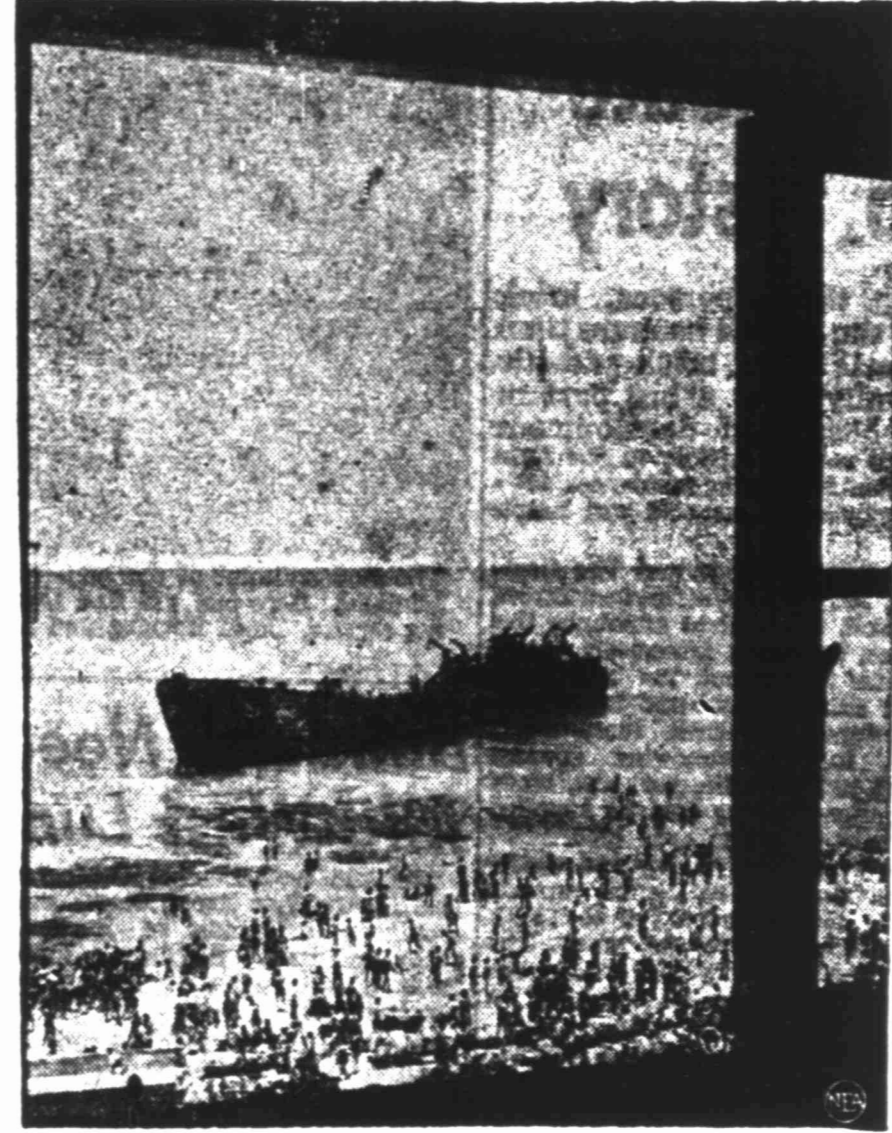

That is all anyone needs to know about the French spirit. He'll hold on to it—even if it lands him in a ditch.

GETS SEVEN-YEAR TERM FOR ASSAULT TO MURDER

DALLAS—(AP)—John Rudolph Sanka, 29, was sentenced to seven years in prison Tuesday after pleading guilty to assault to murder Mrs. Peggy Ann Orser.

Mrs. Orser, 18, was shot in the back in a tavern last December.

Swimmers 'Salvage' Scuttled Ship

Seen through the window of a seaside apartment, residents of Tel Aviv, Israel, flock to this municipal bathing beach and use the ill-fated "Altalena" as their diving board. The munitions ship, which members of the now outlawed Irgun Zvai Leumi ran aground and tried to unload during a Palestine truce, was set on fire by members of Hagahana last June.

HIGHWAY DEPARTMENT TABULATES ROAD BIDS

AUSTIN—(AP)—The State Highway Department Wednesday was to receive low bids on 23 highway construction and improvement projects.

Tuesday the department tabulated bids totaling \$3,318,470 on 47 projects. Projects for four counties were cancelled.

West Texans Map Drive For Canadian River Water Plans

WASHINGTON—(AP)—The proposed \$48,363,000 water resource development program on the Canadian River got attention from two West Texas congressmen and declamation officials Wednesday.

Rep. Worley and Mahon said the report needed more study. Worley emphasized receipt of the plan was "a major first step in a long struggle" before money might be appropriated.

Early this year Worley introduced a bill authorizing Canadian River improvements but no specific projects were set forth. The House recently passed a bill, authored by Worley authorizing Texas, New Mexico and Oklahoma to enter into a compact over waters on the Canadian. It now is pending in the Senate.

The proposed water development plan includes a \$27,800,000 dam near Sanford and a \$54,000,000 aqueduct to carry water to eleven South Plains and Panhandle cities for agricultural, industrial and domestic use. It also provides for an irrigation system around Amarillo and another in the Lubbock area.

Texans To Vote On Many Constitutional Changes This Fall

By DAVE CHEAVENS

AUSTIN—(AP)—Texans will vote yes or no to ten and perhaps more proposed changes in their patchwork Constitution next Fall.

Date for submission of the first ten amendments approved by the 51st Legislature was set originally for September 24. The Senate Tuesday passed a resolution proposing to change the date to November 8.

That would allow time for advertising and including on the ballot several other pending amendments that may still be approved by the Legislature. Among them was one to lift the 35 million dollar ceiling on state public welfare payments.

The House would have to agree to the Senate resolution.

Since the Constitution first was written in 1875 and adopted in 1876, it has been amended about 100 times.

Rep. John Crosthwait of Dallas has announced he will conduct a statewide campaign for the amendment proposing annual sessions of the Legislature and annual salaries for its members.

These are the other proposals:

Abolishing payment of the poll tax as a requirement for voting, and providing for a general registration law.

Jury Service For Women

Permitting women to serve on grand and trial juries.

Giving the Legislature power to provide for establishment of rural fire prevention districts with tax authority.

Authorizing the Legislature to provide for organization of county-city health units with tax authority.

Authorizing the Legislature to provide for civil service systems in cities of more than 75,000 population.

Providing that district courts shall hold proceedings at the county seat in which the case is pending, "except as otherwise provided by law."

That "except" phrase would permit the Legislature to pass a law under which a district judge could issue orders affecting other counties in the district without necessarily going to those county seats to do it.

Allowing the Legislature to enact laws permitting waiver of a jury trial in most lunacy cases.

Authorizing the Legislature to create hospital districts with a supporting property tax.

Permitting laws to establish retirement and disability pensions for appointive county officers and employees.

## Brick, Tile Contribute To History

To many persons, brick and tile denote no more than materials, but brick and tile actually have a big part in the history of development of this section—history in the form of beautiful, lasting residences, towering buildings, schools and hospitals.

West Texas Brick and Tile Company, 304 North Weatherford Street, Midland, is proud to announce this service, operating extensively out of Abilene throughout the west.

For sturdy, sound and lasting architecture, the firm recommends brick in the following shades: white, pastel, buff, red, tan, black and others. Stone can be supplied in white, grey and light blue.

For everlasting beauty and cleanliness, the installation of ceramic tile is recommended for the bath and kitchen, patio and porch. The firm has easels of tile on display. Individual styling of rooms is a specialty.

For economical, durable floors, the firm recommends Asphalt grease-proof asphalt tile in the kitchen and the bright new Azrook asphalt tile floor for your dining room, living room, den, bedroom and hallways. This is laid over concrete.

Rubber tile is designed for bright, resilient floors.

Modern fold doors, also carried by the firm, are home modernizers and beautifiers as well as space savers. Shower and tub enclosures do away with messy curtains. Other items carried in stock are aluminum windows, floor maintenance equipment, including waxes, cleaners, polishers and floor sweep, and cast iron foundation vents.

## A & L Housing And Lumber Company

The modern home of the A & L Housing and Lumber Company is located at 201 North Carrizo Street in Midland. Here one will find that the firm stocks complete building supplies and offers the best in building service. A & L Housing and Lumber Company is dealer here for Pittsburgh Paints. Farm and ranch supplies also are specialties.

## Builders' Needs Filled At Mid-West Lumber Company

The Mid-West Lumber Company, 1302 North West Front Street, can supply a multitude of builders' needs and prides itself on a large stock of all materials needed in construction.

The firm has been in its present location about a year.

The Mid-West company can supply decorative boards in three different shades. These boards are becoming increasingly popular for inside walls in the home and provide a durable, attractive covering.

Roofing can be furnished by this firm to fill any requirement for home or business structure. Wood shingles asphalt and metal roofing are specialties.

Contract To Build.

The Mid-West has lumber for all needs and also will contract to build or repair a residence or commercial structure. An estimate will be given, without charge, by telephoning No. 1106.

Windows of all sizes and types can be supplied by this firm, as well as doors, builders hardware,

screens insulation and a multitude of other materials.

The firm has contracted for construction of several residences in Midland and is gaining reputation for using tested-proven materials, as well as skilled workmanship in buildings for which it has contracted for construction.

**CSC Seeks Foreman Of Aircraft Shops**

The Civil Service Commission announces an examination for the position of foreman of aircraft shops, \$4,855 per annum, for duty at Perrin Air Force Base, Sherman, Texas.

Application forms may be obtained from the Midland post office; the executive secretary, Board of U. S. Civil Service Examiners, Perrin Air Force Base, Sherman, Texas; or from the regional director, Fourteenth U. S. Civil Service Region, 210 South Harwood Street, Dallas 1, Texas.

## House Conferees Back Falcon Dam

WASHINGTON — (P) — "House conferees are 100 per cent behind the Falcon Dam project," Chairman Rooney (D-NY) of a House Appropriations subcommittee said Tuesday.

He said construction should start during the next fiscal year of the dam on the Rio Grande between Texas and Mexico near Zapata, Texas.

The dam is planned under terms of the U. S.-Mexican water treaty and funds will come from State Department appropriations.

Approximately \$3,000,000 of unexpended funds from previous grants has been earmarked by both houses for the project. However, the Senate and House voted different additional sums.

Rooney said this does not endanger the final passage in any way. "Both sides want it built as soon as possible," he said.

## To Plan School—

PECOS—Pecos school trustees will meet soon to make plans to construct a new Latin American school, the facilities of which will be equivalent to the present elementary school. City School Superintendent Ray Whitley declared.

## Midland Tire Company Offers Easy Pay Plan

The Midland Tire Company, managed by Ken Edmondson, features an easy pay plan which enables all its customers to use merchandise while paying out of income.

The company is the distributor of Goodyear tires and tubes in Midland County and features the Goodyear Lifeguard safety tube. The Midland firm also is distributor for "paint it yourself" Nu-Enamel paints and varnishes. Also featured is the Nu-Complementary system whereby a customer may have a choice of 480 different shades ready-mixed for use.

The Midland Tire Company maintains a complete Bear wheel alignment and wheel balancing service run by expertly trained Bear mechanics. They give one-day service on all makes of automobiles and the work is guaranteed.

Tractor Service  
The Midland company offers tractor operators and owners solution 100 service for all size tractor tires. This service enables the farmer to increase the weight of his tractor by filling his tires 100 per cent with water or anti-freeze solution.

The firm is selling, and will service, the nationally famous Palmer coolers for homes, trailers and offices. The Palmer air conditioning units are thoroughly guaranteed and may be purchased on an easy pay plan.

Midlanders are invited to see and inspect the Palmer units. Midland Tire Company is located at 120 North Main Street. The telephone number is 106.

**U.S. Attorneys Quiz Explosives Expert In Texas City Lawsuit**

GALVESTON — (P) — Testimony concerning the explosive qualities of fertilizer grade ammonium nitrate continues to highlight the Texas City damage trial here.

Cross examination of Dr. Melvin Cook, explosives expert, by U. S. government attorneys occupied most of the trial Tuesday. They went into minute details. Cook testified for the plaintiffs.

The plaintiffs in the suits are seeking \$200,000,000 in damages from the federal government as a result of the 1947 explosion at Texas City. More than 500 persons died in the disaster, which began with a fire aboard the SS Grandcamp, a French freighter, loaded with ammonium nitrate.

### Texan's Marriage To German Princess Is Evidence Of World Upheaval In Atomic Age

By DeWITT MACKENZIE  
AP Foreign Affairs Analyst  
This amazing world of ours is changing so rapidly in its way of life that it's difficult for some of us old-timers to keep up.

The horse-and-buggy elders don't so easily readjust themselves to the ideological, social and political upheaval of the atomic age.

What inspired this outburst was the marriage extraordinary of the German Princess Cecilie of Hohenzollern to Clyde Harris, a good-looking former American Army officer from Amarillo, Texas.

The princess is the granddaughter of the late Kaiser Wilhelm and is a direct descendant of England's Queen Victoria. The wedding took place Tuesday amidst the splendor of one of the Hohenzollern castles, with many notables, including royalty, present.

Imagine the Kaiser's granddaughter marrying a commoner! When I was a young fellow in the hey-day of Wilhelm such a marriage would have been unthinkable, at least to the emperor and his court.

Royalty was royalty and the Kaiser ruled by divine right. It was the Kaiser's exalted view of himself which inspired the poem "Me and Gott" by an American Naval officer, a composition which infuriated his majesty. It was that same ambitious spirit which had much to do with hastening the present politico-social global upheaval, for it was he who gave the signal which precipitated World War I.

Finally came the German collapse, the revolution and the forced abdication of the Kaiser, who went into exile. Thus disappeared one of the greatest thrones of history, to be followed by the rolling of crowns in many other countries.

The rest of the German royal family, including little Willie, the crown prince, retired to private life and since then have lived quietly with ample means amidst their wonderful estates. Gradually they have been adapting themselves to the new world which has followed the Kaiser's war. Tuesday's wedding indicates how well they have succeeded.

Smiling Approval  
The German Princess Cecilie is a charming woman of 31 who has married for love—with the smiling approval of her royal relatives. The best man for the wedding was her brother, Prince Louis Ferdinand, who is married to the Grand Duchess Kira of Russia.

Lithuania's one-time top general Steys Rastikas, 53, is starting his life all over again at his work table in a small Los Angeles aircraft factory. Rastikas and his wife came to the U. S. a month ago as displaced persons after nine years of flight from Nazi and Communist oppression. The former general says another war is inevitable.

JESTER RETURNS FROM GOVERNOR'S CONFERENCE  
AUSTIN—Gov. Beauford H. Jester returned here late Tuesday night after attending the governors' conference in Colorado.

"Our Legislature still is in session, and the word I got this morning is that I'd better get back there," he told other governors Tuesday.

WINK NEWS  
WINK — William Malone, Mrs. Usry Threat and Willie Jean Malone of "Rattlesnake Bomber Base" at Ptole visited their sister, Mrs. Elmo Briscoe, and family recently.

Mr. and Mrs. John Frosh are on their vacation. They expect to visit Mr. and Mrs. Billie Cahill and family and Mr. and Mrs. Eddie Halene of Denver, Colo. Mrs. Halene is the former Pat Cahill of Wink. Both Billie and Pat are children of Mrs. Frosh. Mr. and Mrs. Frosh will go to Illinois to visit his relatives.

Honoring Miss Norma Jean Hammer, Mrs. J. Charles Hubbard, Mrs. Winnie Talton, Mrs. G. W. Murray and Mrs. Leona Mae Jette were hostesses for a bridal shower Tuesday in the home of Mrs. Hubbard.

Weekend Visitor  
George Hodgett, an employee of the Humble Oil Company in Big Spring, spent the weekend with his parents, Mr. and Mrs. Charles Hodgett, and family.

David DeTurk of Philadelphia is visiting Mr. and Mrs. J. A. Scoggin.

Mr. and Mrs. J. Childs of Kyle are visiting their son, Jimmy Childs.

Norma Jean Hammer and Reginald Claude Burrows, Jr., will be married at 10 a.m. Friday in the First Christian Church. Both are

zollern to Clyde Harris, a good-looking former American Army officer from Amarillo, Texas.

### House Cat Adopts Bobcats

Note the difference in size of these kittens (one near neck of mother cat and those on ground). And there's a reason, you see some of the kittens are bobcats. Yes, that's right, bobcat kittens adopted by a mother house cat called Hootie, belonging to B. S. Carney of No Trees. When dogs killed the mother of the bobcats, the bobcat kittens were brought to the house and the four of them immediately were adopted by Hootie, who had a regular set of kittens. Feeding is getting to be a problem since the bobcats are three times the size of the regular kittens. They nudge the tame cats away from dinner, Carney says.

### + Rankin News +

RANKIN — Complying with the request of Rankin health authorities that children not be taken to public gatherings, the B&PW Club has postponed its picnic, which was to have been held Thursday night for members and their families.

A meeting of B&PW members will be held in the Rankin Park Building at 8 p.m. Thursday. Miss Myrna Holman will give the delegate's report of the state convention, including a recording of the main address which was the highlight of the convention.

The condition of five-year-old Ronald Jean Davee of Rankin is said to be improved. Ronald Dean, son of Mr. and Mrs. C. L. Davee, was taken last Thursday night to San Angelo, where he is receiving treatment for polio.

Freddie Johnson of Salt Lake City, Utah, and William Furry of Reading, Pa., have been guests this week in the home of Mrs. J. O. Barfield.

Mr. and Mrs. Tom Workman flew to Eagle Pass Saturday to spend the weekend and were joined on Sunday by their daughter and son, Mary Ann and Jimmy, and Tommy Hall and Joe McCormick. The group visited in Eagle Pass and Piedras Negras, Mexico. They returned Monday.

Mrs. C. J. Holcomb and Mrs. Lawrence Holcomb were business visitors in San Angelo Monday. Mr. and Mrs. Walton Harrah and daughters were in from their Pecos County ranch over the weekend.

Mrs. Gertrude Rhorick returned Friday from a two-week visit with relatives in Georgia.

Caseo March Scheduled To Address Laborites  
BEAUMONT —(P)—Nominations for officers in the Texas Federation of Labor were to be made Wednesday.

The delegates attending the 51st annual convention of the federation will vote on the nominations Thursday.

Speakers Wednesday include Caseo March of Waco, a candidate for governor in the 1950 election, and Fagan Dickson of Austin.

Chiggers usually are not found in hardwood groves, and thus oaks or elms are better spots for picnic grounds to avoid these insects.

### Slow Headway Made For Democratic Committee Of Jim Farley's Day

By TEX EASLEY  
WASHINGTON—(P)—A move by the Administration to restore to the Democratic National Committee the power it wielded in the days of Jim Farley is making slow headway.

No particular blame is attached to anyone, but obviously the influence and prestige of Texans and other Southerners in Congress have been a factor.

Several weeks ago Capitol Hill got reports, since confirmed, that President Truman wanted more patronage appointments cleared through the National Committee.

In the first years of Franklin D. Roosevelt as President a memo from the committee was good for a job. The more active organization Democrats had the better chance of getting such an endorsement.

A former Kansas City man, William Boyle, has taken over as top aide to Chairman J. Howard McGrath at committee headquarters.

The chairman, also U. S. Senator from Rhode Island, found he could not devote enough time to the pay post. So Boyle gave up his law practice to give the committee position full attention. He is paid a salary by the committee.

All kinds of federal positions, such as judgeships, collectors of customs or internal revenue, U. S. marshals and district attorneys, are filled by appointment of the President. He sends their names to the Senate for confirmation.

Senators and representatives make only recommendations. If a legislator is in favor with the Administration, his recommendation usually amounts to an appointment.

One gets in "favor" with the Administration by supporting its legislative proposals, and by having evidence that he supported the party's candidates at the polls.

That is where the rub comes in the present move to give the National Committee more power.

Texans and Southerners in general are actively opposed to President Truman's Civil Rights Program. Most of them are against the President's stand for repeal of the Taft-Hartley Labor Act.

Boyle and his assistants at Democratic Party headquarters have an up-to-date record on how every member of Congress votes and talks. If the committee had the power and prestige it possessed in the early New Deal days, when charges of "rubber stamp" were directed at Congress, it would give favorable consideration only to those job candidates recommended by members of Congress in favor with the Administration.

The plan to process federal job appointments through the committee has run into trouble because some of the most vigorous foes of

### Buddy Ryland's Band Plays Here Thursday

Buddy Ryland's Orchestra, which has in a few months zoomed to the ranking of 24th in the nation, moves into the Midland VFW Hall midway between here and Odessa for a one-night stand Thursday.

The 17-piece band is composed mostly of former college musicians from Stephen F. Austin College at Nacogdoches.

Ryland piloted his band to the ranking of the best college or university orchestra in the United States.

Trixie Butler, attractive girl singer, is one of the feature added attractions with the musical unit. Ryland and his orchestra stop at the VFW Hall as a part of a national tour which will carry them to most of the favorite dance spots in America.

MRS. G. S. HOPKINS DIES  
DALLAS—(P)—Mrs. G. S. Hopkins, widow of the late Dr. G. S. Hopkins, state Sunday School secretary of the Texas Baptist Convention, died Tuesday.

### 5 doctors prove this plan breaks the laxative habit

If you take laxatives regularly—here's how you can stop!  
Because 5 New York doctors now have proved you may break the laxative habit. And establish your natural powers of regularity. Eighty-three per cent of the cases tested did it. So can you.

Stop taking whatever you now take. Instead: Every night for one week take 2 Carter's Pills. Second week—once each night. Third week—once every other night. Then—nothing! Every day: drink eight glasses of water; eat a definite time for regularity.

Five New York doctors proved this plan can break the laxative habit. How can a laxative break the laxative habit? Because Carter's Pills "unblock" the lower digestive tract and from then on let it make use of its own natural powers.

Further—Carter's Pills contain no habit-forming drugs. Break the laxative habit... with Carter's Pills... and be regular naturally.

When worry, overeating, overwork make you irregular temporarily—take Carter's Pills temporarily. And never get the laxative habit. Get Carter's Pills at any drugstore for 35¢ today. You'll be grateful the rest of your life.

# Who'll be First with the Last Word?

ACT QUICKLY—and in your neighborhood it might be you.

For there's no doubt that this exciting new Riviera model—styled and executed by Buick—is the very last word in new body types.

It has, as you see, the swift and racy lines of a Convertible, made even more distinctive by a bold new sweep of chromium along its fenders.

But the top is solid—a single sheet of stout steel, neatly finished off inside with chromium bows. And a broad rear window curves gracefully around, giving really abundant rearward vision.

Push-button controls drop all windows out of sight at a touch, leaving not even a doorpost to block your outlook. And the interior trim is the richest yet—a really stunning creation inside as well as out.

As pictured here the Riviera is now in production on the Buick ROADMASTER chassis—which means 150-hp Fireball power, the silken luxury of Dynaflow Drive, and the matchless levelness of the Buick "dream ride." That means "the last word" in brilliant performance as well as in luxurious dress and styling.

Production on this high-styled road star is limited, as you might expect.

To be "first with the last word," therefore, it is wise to see your Buick dealer soon about getting your order in.

### Old Disease Appears Among Texas Animals

COLLEGE STATION —(P)— An old disease has broken out among cattle and horses in Texas. Vesicular stomatitis is the name of the disease, said W. C. Banks, Texas A&M College Extension Service veterinarian. He said it has no common name. Symptoms were listed as blisters on the tongue and inside the lip.

Banks said the disease is contagious, but seldom fatal. He said it should not be confused with foot and mouth disease.

### Century Mark

"Don't know why, but I seem to have trouble threading a needle lately," says Mrs. Wilhelm Meister, as she celebrates her 100th birthday in Cleveland, Ohio. And I don't like to tell it, but I have to use a magnifying glass to read the newspaper comics," the centenarian adds. Secret to a ripe old age? "Hard work," Mrs. Meister says.

### Daddy Ringtail

By WESLEY DAVIE

#### Daddy Ringtail And The Cuckoo's Nest

When Sammy Ringtail, the monkey boy, was a very little fellow, he used to dream dreams about visiting the ocean. He knew that the ocean was a wonderful place, but somehow, Daddy Ringtail had never found time to take him there.

One day when Sammy felt that he might never see the ocean, Daddy Ringtail said: "Sammy, let's not be unhappy about it. I'll take you to see the ocean one day. I'll take you before the cuckoo builds her nest. I promise."

Sammy felt better, when he heard that, for he thought that the cuckoo would surely build her nest before long. Every bird wants to build a nest to put her eggs

he had promised he would some day, and at last he had the time to do it.

A promise is a promise, remember. Oh, but a happy day now to you at your house, and tomorrow I'll tell you the adventure about Daddy Ringtail and the Tree Walkers. It happened to Sneezy Shushan, the elephant girl. (Copyright 1949, General Features Corp.)

It takes about 400 pounds of corn and 75 pounds of other feed to make 100 pounds of marketable pork.

in, Sammy thought. And so he began to watch the cuckoo every chance he had—to know when she might start to build her nest.

He followed the cuckoo to the river and saw her get a drink of water. He saw her go sleep at night, perched in the top of an apple tree, and many times he was out in the forest early enough to see the cuckoo eat apple for breakfast. But one morning when Sammy came out to see the cuckoo, the little bird was standing on the ground in front of a little egg.

"Oh!" said Sammy, and it was the first time he had ever said anything to the cuckoo. "Now you're going to build your nest. I'll run tell Daddy Ringtail."

The cuckoo didn't know what this was all about, but she said: "No. I'm not going to build a nest. A cuckoo doesn't build a nest to put her eggs in. She gives them to other birds."

Sammy ran home anyway. "Daddy Ringtail!" he said. "The cuckoo never builds a nest, but you said you would take me to the ocean before she ever built one!"

"So I did!" Daddy Ringtail said. "And she hasn't built a nest—has she? Besides, I'm going to take you to the ocean today!" And that's what Daddy Ringtail did, because

### Charles L. Harless Dies Wednesday

SAN ANGELO.—Charles L. Harless, Sr., 60, president of York Nut Shellers, Inc., of San Angelo, died Wednesday at Colorado City, Texas. He became ill enroute to Amarillo on business. He was a native of Collin County. Harless had lived here since 1933. Survivors include his widow, one son and a daughter. Services will be held here Thursday. Interment will be at Snyder.

### FIREMEN INJURED

WASHINGTON.—Eight firemen were injured or overcome by smoke Wednesday in a pre-dawn fire that swept through roof sections of municipal fish wharves along the Potomac River.

According to the Book of Knowledge, the word clock is a fairly new addition to the English language, coming from the French word, cloche, which referred to the bells which marked the hours of devotion and work in monasteries.

### Mine Choice

Northern coal operators, in a move to combat John A. Lewis' "divide and conquer" strategy, plan to name a single negotiator for the soft coal industry. Harry M. Moses, above, president of the H. C. Frick Coal Co., has been offered the job and is considering it. Northern operators' spokesman stressed the fact that the new negotiator would in no sense be a "czar."

### Watch Your Hat; It Tells Story

LONDON.—A man gives himself away by the set of his hat, a trade group has reported. It provided these clues: "A hat dead straight on the head shows lack of imagination. "Too much on the back of the head suggests the yoke. "Too much on one side suggests a character with rather too much bounce."

### Test Shows How Anemia Drug Works

BUFFALO, N. Y.—A new test shows how and why certain drugs work against pernicious anemia in humans.

The test promises to aid in better treatment of the disease. It is reported by Dr. Oliver P. Jones, assistant dean of the University of Buffalo Medical School, and Adolph Smith of the department of anatomy.

Anemia is due to the body's failure to make enough red blood cells in its bone marrow factories. The cells that form there don't divide and grow in the normal way. The failure comes from lack of a chemical usually supplied by the liver. Drugs like liver extract, folic acid, and the new vitamin B-12 usually overcome the trouble. Just how they do their work hasn't been clear. It's hard to get at the bone marrow in humans to see what is happening. So Dr. Jones turned to primitive blood cells in unborn rats, when these embryos are only 11 days old. These blood cells had formed before the embryo livers had developed or started to work. The rat cells at this time resemble the cells in the bone marrow of humans with pernicious anemia.

By feeding anti-anemia drugs to the mother rats, he can see what effect the drug has on the blood cells themselves. The test also can show whether there is anything in a new drug that would work against anemia.

### FOLLOWS OLD WALL

New York City's Wall Street derived its name because it follows the line of the palisaded wall or stockade built in 1652 across the southern end of Manhattan Island.

Some primitive mammals neither shiver nor perspire and lack adequate internal temperature control.

### Babich Found Guilty

Mrs. Milton Babich, center, looks over at her husband, Milton Babich, after he was found guilty of the murder of her sister, Patricia Birmingham. At the wife's side during the tearful scene are Mrs. Fabian Babich, left, Milton's mother, and Victor Babich, his brother. After the Milwaukee jury verdict was read Milton was carried directly to the state penitentiary.

### Given Eagle Badge At Lions Luncheon

Kent Miller, son of Mr. and Mrs. Milward Miller, was awarded his Eagle Scout badge at the luncheon meeting of the Midland Lions Club Wednesday in the Scharbauer Hotel. His parents participated in the ceremony and his mother pinned on the award. Miller is a member of the Explorer Post 85 sponsored by the Lions club.

P. V. Thorson, Buffalo Trail scout executive, spoke. Scout committee men and Eagle Scouts were introduced.

The Rev. Clyde Lindsley presided. Duke Jimerson sang western songs accompanied by Mrs. Yates Brown. Delbert Downing was guest speaker. His address was titled "Service" and he told of the early days of Texas and recommended that the "Frontier of Progress" pageant was a fine way to show young Texans what happened in the glorious past of the state and this area. He urged cooperation from citizens in the project as a means to keeping Midlanders at home on the Fourth of July. Reagan Legg introduced Downing.

About half of our sheep and lambs come from the grazing lands of Texas, California, Wyoming, Montana, Colorado and Idaho.

### Senate Committee Votes Ban On FPC Natural Gas Control

WASHINGTON.—The Senate Commerce Committee voted 6 to 3 Wednesday in favor of a bill to restrict Federal Power Commission authority in the natural gas field.

The final result—on whether to send the bill to the floor for debate—was left open until Friday afternoon to give four absent members a chance to vote. The controversial measure would exempt from power commission control the gathering, production and sales to pipelines of natural gas by independent operators.

Across the capitol a similar bill was approved by a House Commerce subcommittee.

### Five Seamen Die When Mine Sinks Ship

DUNKERQUE, FRANCE.—A live steam killed five Belgian seamen, trapped in an engine room, when the cross-channel vessel Princess Astrid struck a wartime mine Tuesday night and sank four miles off the French coast. Twenty of the 415 passengers were hurt in the disaster.

The blast ripped a hole in the underside of the ship and smashed pipe fittings in the engine room.

### Record Supply Of Pork Is Forecast

WASHINGTON.—Bearing out earlier forecasts of bigger pork supplies to come, an Agriculture Department survey Wednesday put the 1949 Spring pig crop at 59,040,000 head. This is an increase of 15 per cent over last year's Spring crop. The larger supplies of pork will be offset to some extent, however, by smaller supplies of beef and lamb. The department also forecast a 1949 fall pig crop of about 37,000,000 head. This compares with the 1948 fall crop of 33,995,000. If the fall crop forecast is borne out, the total production of pigs for 1949 would be about 96,000,000 head—the largest since 1943, when a record crop of 121,800,000 was produced. Last year's production was 85,261,000.

### Labors' Rights Few, Asserts Caso March

BEAUMONT.—The Texas Federation of Labor heard a charge Wednesday that the laboring man has fewer rights in Texas than in any other state.

The blame rests with your own federation," Caso March told the 31st annual gathering. "Your federation has failed to support candidates for public office who are pledged to labor."

The former Baylor University law professor is a candidate for governor in next year's elections. He drew laughs from the 550 TFL delegates when he began his talk by saying: "I don't intend to mention my candidacy for governor. Any resemblance between my talk and a political speech is purely coincidental."

### General Revenue Tax Bill Signed Into Law

AUSTIN.—A bill allowing Texas counties to levy the state's general revenue portion of ad valorem taxes after Jan. 1, 1951, was signed into law Tuesday.

The bill signed by Acting Governor Allen Shivers is an enabling act to the Constitutional amendment adopted by Texas voters last November. It authorizes counties to vote ad valorem taxes up to a maximum of 30 cents per \$100 valuation for use by the counties for flood control, soil conservation and rural roads.

For 1949 and 1950, the bill directs the automatic state tax board to levy the 30 cents tax for state purposes.

Only birds and mammals are provided with an internal heating system.

### Husband Joins Wife, Reported Kidnaped At Durango, Mexico

MALLEN, TEXAS.—Mrs. Cynthia Kernan, who said she was kidnaped at Durango, Mexico, left MalLEN Tuesday with her husband, Col. Harold Kernan.

"I can't tell you where we're going," the retired U. S. Army officer told newsmen. "We don't know ourselves."

Mrs. Kernan crossed the International Bridge from Mexico here Friday night and told officers she had escaped from two men who kidnaped her March 17 at Durango, where the Kernans lived. Friends of the family said she had been ill. Colonel Kernan talked to U. S. Consul Edward S. Benet at Reynosa, Mexico, just across the Rio Grande, and to an FBI agent here before leaving with his wife.

### Coplon—

(Continued from Page 1)

The prosecutor suddenly demanded: "Isn't it the truth, Miss Coplon, that you and Gubitchev never were in love whatsoever in the slightest degree?"

### Deeply In Love

She answered over the vigorous objections of her attorney, Archibald Palmer. "As far as I know," she said, "I was very deeply in love with him. As far as I know, from what he said to me, I thought he was very deeply in love with me."

"And that is how you felt right up to January 14, the moment before he told you he was a married man?"

"I did."

"Is it not the truth," Kelley asked, "that just one week prior to that date, prior to January 14, which would be the night of January 7, you spent the night in Room 412, in the Southern Hotel in Baltimore, while registered with a man under the name of Mr. and Mrs. H. P. Shapiro from 122 Burnside Avenue, East Hartford, Conn.?"

"Screams Denial" Miss Coplon, whose composure on the witness stand had been remarked upon by spectators, screamed: "That's a damn lie! Why are you doing this in front of my mother?"

"You deny it?" "I deny it."

"Is it not true that on the following night, the eighth of January, you spent the night in Room 1523 of the Bellevue-Stratford Hotel in Philadelphia while registered with the same man, under the name of Mr. and Mrs. H. P. Shapiro?" Kelley persisted.

Miss Coplon tried to interrupt. Her mother spoke up from the courtroom seat. Palmer objected furiously.

"I knew he was going to do this," cried Mrs. Rebecca Coplon of Brooklyn, N. Y., the defendant's mother. "I expected this from him."

Judge Reeves directed Marshals to remove Mrs. Coplon from the courtroom. Officers seated near her said she told the marshals, "No, no, I want to hear all of this."

She quieted down and was not required to leave.

**Admits Spending Night** Kelley resumed: "Answer my question. Did you not spend the night with Mr. Shapiro on those occasions?"

"I do not know how he registered," Miss Coplon said. "I spent the night with him, during which time I did not sleep or make any attempt to sleep."

"Both nights?" Kelley asked. "Both nights."

"Did you not spend New Year's Eve of this year with Mr. Shapiro, in fornication, in an apartment of a friend here in the city?"

"I did not," Miss Coplon declared. "Have you not spent nights during the month of February in Shapiro's apartment—in fact, to be specific, the 17th of February, the night before you went up to meet Gubitchev?" the prosecutor demanded. "And have you not spent other nights in his apartment during the month of February?"

"I have."

The 28-year-old former Justice Department analyst insisted however, that "I did not spend the night with him in fornication."

"Didn't Tell Gubitchev" "Why did you spend the night with him in his hotel room in Philadelphia?" asked Kelley. "We just spent the night in the room together."

"Didn't go to sleep at all that night either?" "I might have slept some that night, but there was no fornication," she said.

"On January 14," Kelley went on, "while you were with Gubitchev, before he told you he was married, while you were happy, did you tell him that you had spent the previous Friday night with a man in his room, registered as his wife, in Baltimore; did you tell him that?"

"I did not, and I never knew I was registered as anyone's wife."

Before Kelley took over the questioning of Miss Coplon just before noon recess Tuesday, she had denied over and over again that she ever engaged in espionage activity or any other wrongdoing.

She and Gubitchev are under indictment in New York on charges of espionage conspiracy.

Thomas Ewing, first Secretary of the Interior, was appointed in 1849.

walked away but came back in two or three minutes. Sabath motioned him off with a hand and a crowd of congressmen gathered around to stop any further fist swinging. Cox has been one of the leading foes of the housing measure. He was the only one to make a speech against it at a Democratic caucus Tuesday.

This was a party meeting that voted 147 to 8 to support a low-rent public housing program but only after trimming it from the 1,050,000 units in seven years asked by President Truman to 810,000 to be built in six years.

The trimming down the Democratic meeting agreed to Tuesday would cut federal subsidies for low-rent housing from a top of \$400,000,000 a year to \$308,000,000.

Rayburn Predicts Passage One hundred and six House Democrats did not attend the meeting, or at least did not vote. That left open the possibility that a coalition of Republicans and Southern Democrats might line up against the bill.

Despite this, Speaker Rayburn (D-Texas) predicted, "A good housing bill will pass."

There was no attempt to bind members of the Democratic caucus to support the bill when voting begins—probably Friday.

Representative Patman of Texas offered the compromise.

"I don't think the President will object to the compromise," he said later. "There is no fundamental change involved. If we want to increase the number of units later we can do it."

Waite said Representative Cox of Georgia was the only Democrat to speak in caucus against the bill. He assailed it as "socialism," Walter said.

# WHAT PART DOES ADVERTISING PLAY IN YOUR FUTURE?

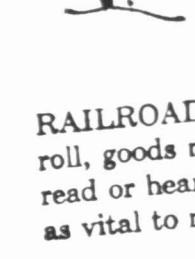

Here's How Advertising Helps Make Your Income Safe and Sure; Helps Create Good Jobs for Your Daughter and Son

### WHAT OTHERS SAY:

**MINER**—Practically every business uses what I mine. When their sales slack off, mines slow down. Some close. So when I see advertising—almost every kind—I know it's selling goods for firms that use what I mine—and so make my income steadier.

**RAILROAD MAN**—For freight to roll, goods must be sold. So when I read or hear advertising I know it's as vital to my job as steel rails.

**HOUSEWIFE**—Some folks seem to forget that there's no use of a firm's making goods unless it can sell them. I like all advertising because I can understand its job is to sell. And I can see that no sales at the plant where my husband works would soon mean no pay check for us.

TODAY producing goods is no longer America's big problem. In most fields selling the goods is the big job.

You know of dozens of businesses right in your neighborhood that could be twice as big as they now are if they could sell twice as much. And if they were twice as big, they'd employ twice as many people.

One of the lowest-cost methods of selling goods on a big scale is through advertising. Advertising sells goods. When more goods are sold, often prices come down—so more people buy those goods more often.

That means more jobs at the factory—and at all the firms that do business with that factory; the mines, mills, transportation companies, dealers, stores, banks, insurance companies, real estate firms, etc.

All along the line there are more and better jobs for everyone.

That's how advertising—by stimulating business—makes for a more secure present and brighter future for you and yours.

### Other Ways Advertising Helps You:

1. Brings you better goods for less money.
2. Makes shopping more pleasant and easier.
3. Has given us the world's highest standard of living.

# Advertising... BY SELLING MORE GOODS TO MORE PEOPLE Makes your job more secure

### Hatch Condemns New Mexico Land 'Grabs'

ALBUQUERQUE, N. M.—(AP)—Government acquisition of New Mexico lands, if carried to the extreme, could imperil or even destroy the sovereignty of this state, Federal Judge Carl A. Hatch asserted.

The former U. S. senator made the declaration in court at a hearing on the state's suit to block further condemnation of lands for the Armed Forces.

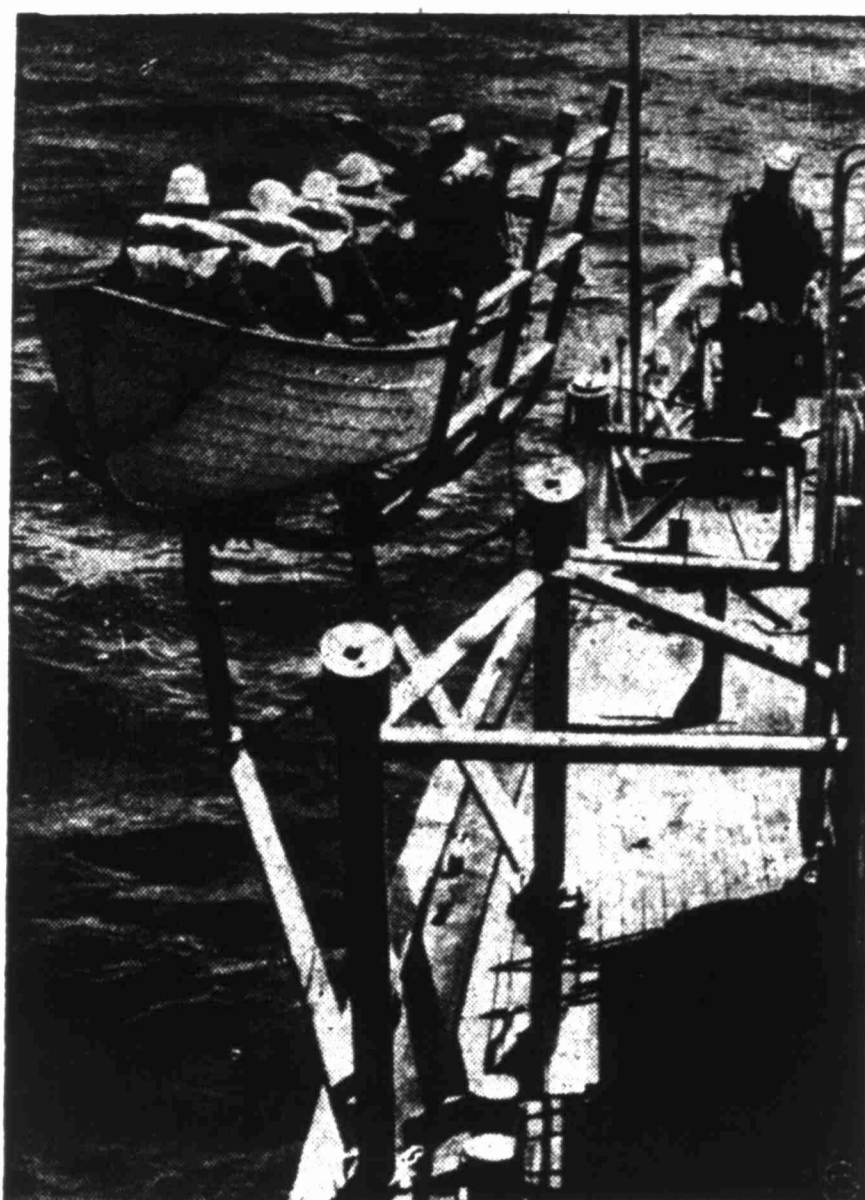

He said, "I have never been able to see why the government takes fee simple title to lands here instead of taking possession for the time necessary."

### Air Raids Curtail Shanghai Shipping

SHANGHAI—(AP)—A Nationalist warplane Wednesday dropped a bomb on the Lower Whangpoo River district but no damage was reported.

The bomb fell not far from where the damaged British freighter Anchises is grounded.

Whether a Nationalist blockade of all Red ports will be recognized by foreign shipping interests here was not known. But shipping already has been curtailed sharply by raids by three planes Tuesday and the day before.

The conventional method of lowering a lifeboat on long ropes from davits over the side of a ship, in use for hundreds of years, requires several men and up to two minutes in time. But the U. S. Coast Guard has come up with a new idea, called the "Pease Cradle," that does the job in five seconds and with only one man at the engine to work the cable, left. The cradle lowers a loaded boat to the water with a huge splash five seconds later, above. The method, which is expected to revolutionize sea rescues, is being tested at the Coast Guard Research and Development Division at Curtis Bay, Md.

### Something New On Foot

"When is a heel not a heel?" wonders Jack Coleford, left. He's puzzled by this heelless opera pump, displayed in New York City. Gadget was devised for shoes with worn soles and broken shanks, but usable uppers. From gay Paree comes the word that lace stockings, like those at right, will have the chi-chi set all ga-ga. The nylons have filmy lace medallions scattered from knee to instep, with the foot entirely of lace except heel and toe tips.

## Texas Electric Show Of '49 Sets Midland Dates

The Texas Electric Show of '49—the fourth annual event of its kind sponsored by the Texas Electric Service Company in Midland, will have its premier opening at the Midland High School at 6 p. m. Tuesday.

This year's show is "all new and all different," according to R. L. Miller, district manager, who announced the show will continue through Thursday, June 30, on a 6 p. m. to 11 p. m. daily schedule.

The Texas Electric Show of '49 set in a gay carnival atmosphere of tents, brilliantly colored pennants, bright lights and Western music, includes entertainment features as well as displays of everything new in the electric appliance and fixture lines, Miller said.

"Light Sorcery," a popular and widely-known show produced by the Lamp Department of the General Electric Company, will be given top billing in this year's attraction. This feature, which will be staged twice each evening in the high school auditorium, includes a variety of mystifying and unusual acts made possible by the latest developments in the field of electricity.

Entertainment features will be by Cecil Brower and his popular Western Band. The vocalist is Buster Ferguson, well-known entertainer. The musicians will play on a regular schedule each evening.

One feature of this year's show will be a "talking" Reddy Kilowatt six feet tall. This version of Reddy, Miller said, is much improved over the one of last year and will greet children as they arrive at the grounds.

Popular features of the Farm and Ranch Exhibit will include the feeding of a litter of pigs "every hour, on the hour" between 6 and 11 p. m. In past shows, these "milk bottle" feedings have attracted large crowds of spectators.

Dealer Exhibits

Displays and exhibits, set up by Midland appliance and fixture dealers, will be in the school gymnasium, which will be decorated attractively for the event, Miller said.

Two 800,000,000 candle-power searchlights will be in operation on the grounds each night.

A dinner for dealers and representatives or firms interested in the preliminary arrangements for the show will be held in the Crystal Ballroom of Hotel Scharbauer at 7:30 p. m. Wednesday. Final assignment of space will be made at the dinner-meeting, making it necessary that all dealer firms be represented.

### Jazz Records Are High In Germany

FRANKFURT GERMANY—(AP)—Believe it or not, a new American-made jazz record may cost you the legal equivalent of 50 to 60 dollars on the musical black market in post-war Germany. The acute shortage of discs and the lively demand from German devotees makes the price high.

How do American jazz records, so highly rated by German youth, get here? Most of them made their way across the ocean in a soldier's trunk.

Real jazz is quite new to German youngsters. It still has a doubtful reputation with the older generation.

The roots for this attitude go back to Hitler's "Third Reich." It was propaganda minister Joseph Goebbels who told the people that jazz is something "decadent and degenerate."

Towards the end of the war the Nazis were forced to make some concessions. The people had become more and more tired the longer the war dragged on. Especially the soldiers were fed up with German folk songs and Beethoven's "Eroica," which the Nazis made the prelude to almost every political rally.

As a result, some light dance music that had little or nothing to do with American jazz was permitted. Dancing itself was banned. "Liberation" in music took place after the war. Hot clubs were formed and jam sessions held, often organized by American soldiers. Other means of popularizing jazz were American films and radio stations.

### 11 Persons Injured In Racial Clash At Park In St. Louis

ST. LOUIS—(AP)—A racial clash between negroes and whites flared in a St. Louis park Tuesday over a non-segregation order.

Eleven persons were injured, two seriously.

The fights started over whites and negroes using the same swimming facilities—a city-owned pool. The negroes were swimming in the pool under a new rule that opened the gates to them.

At the peak of the outbreak, an estimated crowd of between 4,000 and 5,000 was at the scene.

After the first report of violence, Mayor Joseph M. Darst rescinded the order allowing negroes and whites to swim together.

### DALLAS ELIMINATES EIGHT-CENT BUS FARES

DALLAS—(AP)—A token in Dallas now will be just something of esteem.

The City Council Tuesday approved elimination of the eight-cent street car and bus token in favor of a straight 10 cent fare for adults. Express bus fares were upped from a dime to 12 cents.

### Texas Crops, Ranges In Excellent Shape

AUSTIN—(AP)—Cotton was making excellent progress, harvest of wheat was humming and the corn crop was in excellent condition in Texas last week.

The report came from the U. S. Department of Agriculture.

Seeding and reseeded of cotton near completion in the High Plains and Low Rolling Plains and the first bale of the season was ginned in the Lower Valley. Grasshoppers infestations were reported heavy in North-Central and Northwest areas.

Much of the South Texas corn crop was reported nearing maturity. Ranges and pastures, the USDA said, continued supplying good to excellent green feed and moisture generally was adequate over the state for continued grass development.

The gallstones sometimes found in cattle are prized by Orientals as good-luck and good-health charms, and sell for \$125 per pound.

## "TOOT SWEET" by JANTZEN

Pliable Sharkskin Lastex for skin-smooth fit... It combines Rayon, Lastex and cotton; new comfortable boned "Stay-Bra" can be moulded to fit individual figures; adjustable hook-on auxiliary strap. Available in Black-White and Rio Red-White. Sizes from 32 to 38.

Mr. and Mrs. H. H. Qualls and daughter, Mrs. Guy Burton, Jr., spent last weekend visiting relatives in Cisco and San Angelo.

Mr. and Mrs. Newman Dandy had as their guest recently Mr. and Mrs. L. N. Brashears of San Angelo.

### Governors Disagree On Federal Aid Cuts

COLORADO SPRINGS, COLO.—(AP)—The nation's governors appeared ready to give indirect approval of the Administration's \$1-130,000,000 program to arm Western Europe against the threat of Communism.

At the same time, the conference of state executives seemed likely to reject a proposal to cut federal grants-in-aid 20 per cent in exchange for the government's getting out of certain tax fields.

The conference was scheduled to end Wednesday.

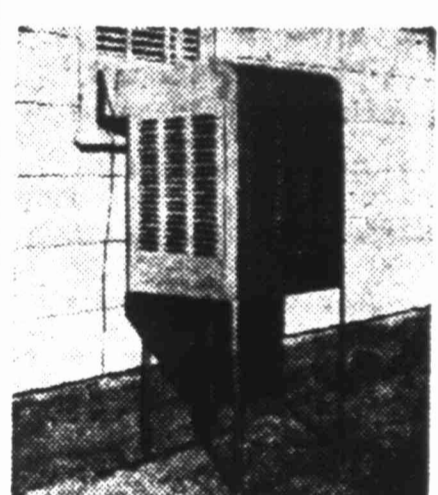

Conference officials drafted a proposal endorsing only indirectly the State Department's request for single-package approval of the European arms program, the North Atlantic Pact and Marshall Plan economic aid.

While all governors seemed likely to agree to this, there was a sharp division of opinion on federal grants-in-aid.

The resolutions committee appeared to be stacked against a proposal under which the states would give up 20 per cent of their present federal aid funds in exchange for a clear field on taxation of certain items without Washington's interference.

Meat packers use 78 per cent of the live weight of a steer or lamb, and about 22 per cent is shrinkage and waste.

### CLEAR-VUE HOME COOLER!

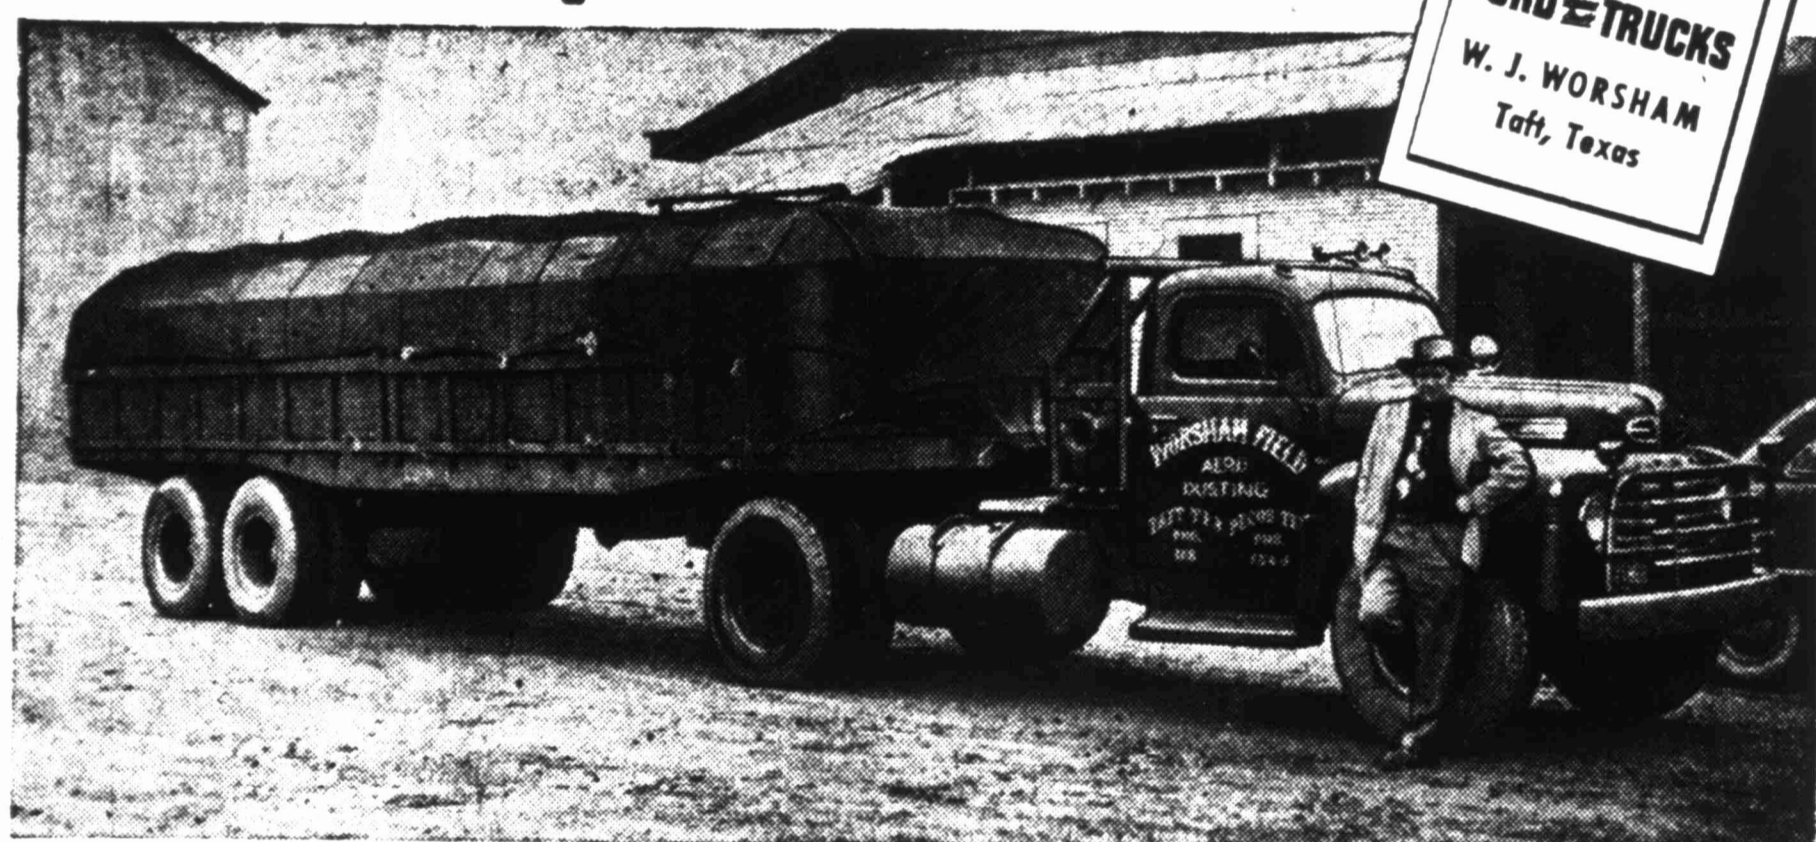

Easily installed on its own stand. Does not interfere with light, view or drapes. 3600 C.F.M.
