# Acheson Pleads For Arms Aid Bill

## Pressure To Chisel Down Total Mounts

WASHINGTON—(AP)—Secretary of State Acheson appealed to a balking Congress Wednesday to suspend judgment on the \$1,450,000,000 foreign arms aid bill until all the evidence is in.

Acheson told a news conference that points raised on the program by several members of Congress are sound in theory but that they talked in a misapprehension of the facts.

Evidently referring to the suggestion of Senator Vandenberg (R-Mich) that only an interim plan should be adopted now, Acheson said it is a good idea to have an interim program.

But he declared that is exactly what the Administration has proposed.

The evidence of which Acheson spoke will be presented to Congress beginning with his appearance before the House Foreign Affairs Committee Thursday.

Discussing that appearance, the secretary refused to answer directly a reporter's inquiry as to whether the United States government has information "that the Russians are actively preparing for war."

Acheson said that was what he called one of those loaded questions. If he replied yes, the reporter would make a lot out of that, he said, and if he replied no, they would make a lot out of that; so his decision was to make no comment at all in direct response.

He said that all the information the department has on the Russian situation will be placed at the disposal of Congress. But he declared emphatically that it will not contain any hush-hush or frightening stuff.

Acheson's appearance before the House Foreign Affairs Committee Thursday will be in support of President Truman's request for a \$1,450,000,000 program. Most of them apparently will insist upon much less expensive, stop-gap action until the projected North Atlantic Council can set up a program to meet overall defense of non-Communist areas in Europe.

Even in advance of the detailed outlining of the program, congressional pressure was beginning to pile up against Secretary Acheson to whittle down his request.

Senator Vandenberg (R-Mich) who wants stop-gap military aid said he had told the State Department "that the \$1,450,000,000 request through this Congress."

Hyde Park, N. Y.—(AP)—Mrs. Franklin D. Roosevelt, denying an "anti-Catholic" charge, said Wednesday she would "continue to stand for the things in our government which I think are right."

She made the statement in a letter to Francis Cardinal Spellman, who assailed her last Friday in a letter for a "record of anti-Catholicism x x x unworthy of an American mother."

"I assure you," wrote Mrs. Roosevelt, "that I have no sense of being an 'unworthy American mother.' The final judgment, my dear Cardinal Spellman, of the worthiness of all human beings is in the hands of God."

The controversy stemmed from Mrs. Roosevelt's opposition to federal aid to parochial schools. Cardinal Spellman said Mrs. Roosevelt aligned herself with backers of the Barden bill in her June 23 column and two others. The Barden bill would permit federal aid only to public schools. Mrs. Roosevelt mentioned Cardinal Spellman's opposition to the Barden bill in her column.

Personal Attack  
Mrs. Roosevelt wrote the cardinal:  
"I have no intention of attacking you personally, nor of attacking the Roman Catholic Church, but shall, of course, continue to stand for the things in our government which I think are right."

"They may lead me to be in opposition to you and to other groups within our country, but I shall always seek as far as I am able, to avoid conviction and from home belief."

Meanwhile, a new move started in Congress Wednesday to restrict federal aid to education from religious controversy now surrounding it. Rep. Milton (R-Ky) said he is drafting a bill based on the principle of state needs.

## Senate Accepts Johnson

WASHINGTON—(AP)—The Senate Rules Committee upheld Wednesday the election of Lyndon Johnson as U. S. senator from Texas last year over former Governor Coke Stevenson.

The committee also upheld election of Senators from West Virginia, Oklahoma and Michigan, whose results of the voting also had been contested.

Johnson defeated Stevenson by 87 votes in the Democratic run-off primary of 1948. Stevenson's supporters charged voting irregularities, especially in some South Texas counties where the margin in Johnson's favor was unusually heavy.

Committee Action Final  
Stevenson could not be reached for comment. A spokesman at his Junction, Texas, ranch headquarters said the former governor was 20 miles from a telephone. Recently The Dallas Morning News quoted Stevenson as saying he might run for governor next year, if convinced the people wanted him to.

Turner Smith, counsel for the Senate Rules Committee, told a reporter that the committee action is final in the Texas contest, and also in the Oklahoma primary contest involving Senator Kerr and Gomer Smith, Democrat.

The committee recommended Senate adoption of its findings in the contests involving Senator Kilgore (D-W Va) and Tom Sweeney, Republican, dating from the 1946 general election, and in the Michigan contest involving Senator Ferguson (R) and former Rep. Frank Hook.

## Laredo Newspaper Asks Marshall Plan For Latin America

WASHINGTON—(AP)—The Laredo (Texas) Times is urging Senator Robert A. Taft of Ohio to sponsor a Marshall Plan for Latin America.

The proposal was put forth in a three-column advertisement in the Washington News. It was addressed to the Ohio Republican because the Times believes he may be elected president in 1952.

The Times is published by William Prescott Allen, long prominent in promoting good will with Latin America. Mexico has honored him several times for this work.

The advertisement was critical of the Democratic Administration's handling of the Mexican oil loan. Talks were called off last week after five months of negotiations.

The Times said "The terms are such that neither the public nor the Army would accept them, let alone President Aleman."

"We are trying to bypass Mr. Truman and get some support to keep the Truman Doctrine from turning all of Latin America over to the Communists or from neutralizing the Latin American governments to where they will be unable to stand by and see us fight alone," the advertisement read.

Appeals To Taft  
"We have tried to have President Truman and his Administration see x x x that if we continue to sacrifice Latin America, to destroy its dignity, its independence and its pride, we will eventually destroy the United States. x x x"

Latin America needs first of all, a Marshall Plan or a Taft plan or some plan for increasing its production, its distribution and its commerce.

"Loans and grants are the immediate answer to this, followed by (Continued on Page 12)

## Tidelands Bill Will Be Introduced This Term, Says Rayburn

WASHINGTON—(AP)—Speaker of the House Rayburn said today Tidelands compromise bill will be introduced at this session of Congress.

He made the statement Tuesday, saying the only hitch left is Texas claim over its Tidelands for a distance of three leagues—10 and a half miles—off shore.

The Dallas News' Washington Bureau quoted Texas Land Commissioner Bascom Giles as saying the bill to be presented will grant Texas' claim and that federal officials agreed to this provision.

However, The News said Rayburn was not so positive on that point. "Texas is going to contend, of course, that its ownership is three leagues out and will try to get it in the bill," Rayburn said.

The Texas Democrat said spokesman for Texas, Louisiana and California will meet later this week with Attorney General Tom Clark and Secretary of the Interior Julius Krug to work out exact terms of the compromise bill. It will split income from oil wells in the merged offshore lands between the states and the federal government.

Substantial Agreement  
State spokesmen met with the federal officials for an hour and a half Tuesday in Rayburn's office. It was a closed session.

Rayburn said "substantial agreement" was reached on all points except management of Tidelands three miles off shore.

Rayburn said that although Texas still is holding out for three leagues, the other parties agreed that within the three-mile limit, the states should receive 21/2 per cent of all revenues from the submerged lands. From the three-mile point to the edge of the continental shelf, Rayburn said, the proceeds would be divided equally.

Texas claims ownership three leagues out because of the conditions under which it joined the union as an independent republic in 1845.

He said Chairman O'Mahoney of the Senate Public Lands Committee probably would introduce the bill.

## House-Passed Bill To Ban Poll Taxes May Die In Senate

WASHINGTON—(AP)—An anti-poll tax bill was laid Wednesday on the Senate's doormat, with indications it would be abandoned there.

A 273 to 116 House vote sent it over, ignoring arguments by Southern opponents that it and other civil rights bills are likely to bolster the Ku Klux Klan.

It was the fifth time in less than 16 years the House has gone through the formality of passing such a bill. Four times previously the Senate has refused to consider the bill in the face of threatened filibusters. The filibuster threat was raised again as the House passed the bill late Tuesday.

The bill has about as much chance of passage in the Senate as a bird-size snowball has in hades.

The trend toward deeper drilling in oil industry operations—the end of the postwar adjustment and the beginning of a normal gradual increase in all branches of the industry.

Drilling activity is forecast at almost exactly the same as the first half of the year, bringing 1949 total to the highest on record for total footage drilled and the second highest in number of wells drilled. The trend toward deeper drilling will continue. The Journal's forecast is that 18,584 wells will be drilled during the last half of this year, with a total footage of 70,925,000 feet.

A survey conducted by the Journal discloses that while a number of large operators have curtailed their drilling programs, this has been almost exactly balanced by increases in programs of smaller operators. The normal seasonal increase in drilling during the last half of the year will not occur this year but even so the total number of wells drilled will be higher than for any last half except the record-smashing last half of 1948.

Domestic production of crude oil, which averaged 4,990,000 barrels per (Continued on Page 12)

## School Transfer Forms Available

County Judge Clifford C. Keith announced Wednesday that parents of high school students in the Greenwood district, desiring to transfer their children to Midland High School, should make application by July 30.

Applications may be obtained from Keith or Mrs. L. E. Floyd, in the sheriff's office.

Parents were urged to attend to this matter immediately to avoid last-minute confusion.

## Doctor May Need Search Warrant

KOBE, JAPAN—(AP)—That ticking noise the doctor heard in Yukio Abe's stomach was genuine—it was a gold watch with a chain 12 inches long attached.

Police said Abe swallowed it when he arrested him for picking the pocket of a fellow traveler on a train.

Now the police want to know if they need a search warrant to enter Abe's stomach and recover the loot.

## Former Minister Shot To Death By Child Wife's Father

TAMPA, FLA.—(AP)—A former Baptist preacher was shot to death Wednesday and police said the shooting was admitted by the father of a 15-year-old orphan with whom the churchman eloped recently.

The Rev. John P. Lane, 35, died in a hospital shortly after he was fired upon following a brief street argument in downtown Tampa.

Detective Inspector D. D. Stephens said Ward C. Cornelius, 32, father of Mrs. Lane, was arrested for questioning. When advised that Lane was dead, Stephens quoted Cornelius as saying:

"Thank God for that."

Lane and the former Miss Ann Cornelius eloped and were married in June. The pretty girl at the time was a high school sophomore. She formerly played the organ in Lane's church.

## Nabbed In Numbers Racket Crackdown

Irving Bitz, covering face, and Martin Martinson, right, leave a New York City police station in custody of detectives after being arrested in connection with an alleged \$50,000,000 "nucker-proof" numbers racket. Bits has been identified as a "go-between" in the famous Lindbergh kidnaping case of 1932. Sixteen persons have been arrested and now face lottery charges in a three-state cleanup campaign.

## More Paving Bids To Be Asked Here

Advertising for bids for 141 blocks of paving included in Group B of the city's 500-block paving program was authorized Tuesday night at a regular meeting of the City Council.

Bids will be opened and a contract awarded at the August 23 meeting of the council.

Brown and Root, Inc., of Houston has the contract for the paving of Group A streets. This work now is underway and progressing on schedule. The firm is expected to be a strong contender for the Group B contract.

A list of the Group B streets will be published, City Manager H. A. Thomason said. He told the council engineering on the project has been completed and that plans and specifications are ready for interested contractors.

The original Group B listing was revised to allow time for engineering work on a future drainage program as recommended by the Planning Commission.

The city will proceed with the abstract work on the Group B project in order to expedite the program.

A contract for a third paving unit is expected to be awarded later this year.

South Park Project  
Bids also will be asked for the laying of water and sewer lines in the South Park Addition in Southeast Midland. The project will be financed by the addition developers, who will be refunded from water and sewer revenues over a 10-year period. The procedure is in line with the city's addition development ordinance this Wednesday.

The bids will be opened at the August 9 meeting of the council.

## Oil Industry Upturn In Remaining Months Of Year Is Forecast

TULSA, OKLA.—(AP)—An optimistic outlook for petroleum demand during the remainder of this year is seen by The Oil and Gas Journal, in its annual midyear report and forecast issue, published here today.

The demand for all oils is forecast to increase substantially during the next few months, stocks will be in better position, and crude production and refinery activity are expected to reverse the downward trend of the last six months and show a steady pickup.

July is called the turning point in oil industry operations—the end of the postwar adjustment and the beginning of a normal gradual increase in all branches of the industry.

Drilling activity is forecast at almost exactly the same as the first half of the year, bringing 1949 total to the highest on record for total footage drilled and the second highest in number of wells drilled. The trend toward deeper drilling will continue. The Journal's forecast is that 18,584 wells will be drilled during the last half of this year, with a total footage of 70,925,000 feet.

A survey conducted by the Journal discloses that while a number of large operators have curtailed their drilling programs, this has been almost exactly balanced by increases in programs of smaller operators. The normal seasonal increase in drilling during the last half of the year will not occur this year but even so the total number of wells drilled will be higher than for any last half except the record-smashing last half of 1948.

## Top U. S. Brass To Confer With Allies

WASHINGTON—(AP)—The United States Military High Command will fly to Europe Friday to discuss the arms aid program with the military chiefs of the Atlantic Pact nations. The National Military Establishment announced this Wednesday, said the commanders of the Army, Navy and Air Force "will discuss matters of mutual interest, including the proposed military organization under the North Atlantic Pact, with the military chiefs of European signatory nations of the pact and will acquaint themselves with current conditions in Europe."

They also will "gain first hand information on the status of United States forces" in Europe, the announcement said.

The three military leaders—Army General Omar Bradley, Admiral Louis Denfeld, and Air Force General Hoyt S. Vandenberg—make up the joint chiefs of staff.

Maj. Gen. A. M. Gruenther, director of the joint staff, which is a working agency of the joint chiefs, will accompany the commanders.

They will appear before congressional committees considering the military assistance program on Friday before taking off.

## Upton Test Back In Hard Devonian

After drilling through a soft lime zone in the Devonian from 11,676 feet to 11,750 feet, which carried no shows of petroleum in the samples, Republic Natural Gas Company No. 1 Dockey, North-Central Upton County wildcat, went back into hard lime and chert at 11,750 feet.

The venture was making hole below 11,770 feet in the hard formation at last report.

Operator figures there is approximately 500 feet more Devonian to drill. Top of the formation was at 11,570 feet. Elevation is 2,868 feet. So far that horizon has not shown any possibilities of production.

The wildcat is 680 feet from north and west lines of section 44, block 40, TP survey, T-4-S. It is (Continued on Page 12)

## Sunbonnet Sue

Sue Hoffman is a natural for the title she won in Daytona Beach, Fla. With her name and that big chapeau, she was crowned "Miss Sunbonnet Sue of 1949."

## City Council Okays Zone Line Change

An ordinance providing that the north boundary line of the city's "H" business zone be moved a block south from Michigan Street to Tennessee Street, between Pecos and Fort Worth Streets, was adopted on its first reading by members of the City Council at their regular meeting Tuesday night. The vote was unanimous, with all council members present except H. E. O'Brien.

The ordinance also provides that the area taken out of the "H" zone between Pecos Street and the alley east of Big Spring Street be placed in the "D" zone, and the area from that alley east to Fort Worth Street in the "C" zone.

The ordinance, which would amend the city's zoning ordinance, will become effective after second and final reading at the council's August 9 meeting.

A hearing on the proposed zone change was held July 19 in the district courtroom of the Midland County Courthouse. More than 30 persons owning property within the affected area attended the session.

Many expressed their opinions on the proposal. Those expressing opinions were about equally divided for and against the proposed change. A report of the hearing was read by City Secretary J. C. Hudman at the Tuesday night council meeting. The matter was (Continued on Page 12)

## French Assembly Okays Atlantic Pact

PARIS—(AP)—The French National Assembly approved ratification of the North Atlantic Pact Wednesday by a 398 to 187 vote.

The assembly voted for the charter after an all-night session marked by fist fights between Communists and Rightists.

The pact now will go to the Council of the Republic—the upper house of France's Legislature—which is expected to give speedy approval.

### Pioneer Officials, Station Managers Attend Meeting

HOUSTON — Gen. Robert J. Smith, president, and 14 other Pioneer Air Lines officials will meet with the company's managers from 14 Texas cities in Fort Worth Wednesday.

The meeting, a semi-annual affair, is for the purpose of discussing with the company's field personnel the plans for the future. In addition, problems which have confronted the airlines during the year are brought to the attention of the managers.

Other than General Smith, those who will attend the Fort Worth meeting are: Harold B. Seifert, vice president of operations; Eugene W. Bailey, secretary-treasurer; Hardin L. Lawrence, vice president of traffic and sales; M. M. Jacoby, chief pilot; William P. Denman, chief dispatcher; Doris Cook, superintendent of reservations; Tom E. Nance, superintendent of stations; Robert J. Smith, Jr., assistant superintendent of stations; Dean F. Eaton, revenue accountant; George K. Harris, operations manager; and Jack Kemp, director of public relations, all of Houston.

The cities from which the managers will come and those representatives are: Lacy White, Houston; Robert Maddux, Austin; Elmer Taylor, San Angelo; Hoyt Morgan, Midland; J. L. Farguson, Jr., Big Spring; Jack Merrick, Sweetwater; Marshall E. Warren, Abilene; William H. Mitchell, Mineral Wells; J. W. Hope, Fort Worth; Pat O'Donnell, Dallas; W. L. Davis, Waco; Morgan Gentry, Temple and W. R. Morrison, Bryan.

### ★ IN HOLLYWOOD ★

#### Roz Of The Zany Hats, Brittle Dialogue Is Back For Keeps

By ERSKINE JOHNSON NEA Staff Correspondent

HOLLYWOOD—Rosalind Russell will do her third comedy in a row for Columbia. "Tell It to the Judge," her first following a long siege of heavy drama, brings back the prewar Russell of the zany hats and snappy dialogue.

Bob Hutton and Cletius Caldwell are straining at the leash. She's the ex-wife of Ken Murray.

Eather Williams' husband, Ben Gage, will be given a buildup as a band leader. He'll front an 18-piece group. Latest about Rita Hayworth and Aly Kahn is that they will attend the racing season at Cairo next month and won't be back in Hollywood until November.

Doris Day looked the makeup man straight in the eye and said, "Don't try to make me look beautiful. It can't be done and I don't like it."

I know she said it. I was standing right beside the makeup man, who was Perc Westmore, and it was on the set of "Young Man With a Horn." I guess I was as startled as Perc. But he never met an actress, either, who said she wasn't beautiful and wanted to stay that way.

"What's more," said Doris, "I've got a face full of freckles, faded blue eyes, a plain nose and mouth and a funny chin. And let's leave them that way."

Doris said she wasn't being perverse or modest.

Just honest. "For instance," she said, "when they cover up my freckles I don't look like me. I look like a carbon-copy movie actress." Naturally, naturally.

Doris did let the makeup department give her short-clipped blonde hair a touch-up job. Perc thought it came out terrific. But Doris floored him with:

"Oh, it's all right, I suppose. But my cooker spanks her hair is exactly the same shade, and he got it like naturally."

Switch for Evelyn Keyes, who started her film career in one of

C. B. DeMille's glamor bathhouse. In "Mrs. Mike" she's dunked in a wooden tub. . . . Burt Lancaster's acrobatic act will be seen on the screen finally in "The Hawk and the Arrow." He plays a roving entertainer of the 13th century.

"Blood Money," which Joe Newman and Frank Seltzer are producing, will rip apart the race track boogie racket the way "Champion" attacked the fight game. . . . Kitty Kallen, the ex-Harry James canary, is a hit at the Versailles night club in New York. She left Hollywood three years ago because she couldn't find a job.

The General Federation of Women's Clubs is hoping to simulate the production of "family" pictures via a "Citiation of Merit" for the greatest motion picture contribution to building character and citizenship for America's youth. I'm afraid the producers are too interested in box-office wallop to even bother.

Joel McCrea gets another M-G-M western, "Outriders." M-G-M and Warner Brothers are after him to sign a long-term contract. Louis Calhern, who played Oliver Wendell Holmes on the stage, will do a convincing lawyer in "Devil's Doorway," the Bob Taylor western.

Ann "Southern" Southern's just got back from the East, where he motored, among other places, through the state of Kentucky, on one theater marque there he saw Ann's name spelled S-o-u-t-h-e-r-n. He got out of his car, went into the theater and mentioned it to the manager, calling his attention to the error.

The manager listened attentively and then said:

"Mister, I don't care how Yankees spell it. When the little lady plays blue grass country, it's S-o-u-t-h-e-r-n."

Versatility note: In the past year Hume Cronyn wrote the Bergman picture, "Under Capricorn," directed his wife Jessica Tandy in a TV show, co-starred with Crosby in "Top of the Morning" and toured 36 one-night stands in "Hamlet." Orson better get back to Hollywood quick. . . . Joy Cebalios, daughter of dance director Larry, is studying for a film career with Ben Bard. She's a childer for Sylvia Sidney.

Promised and hoped for: June Haver and Dorothy Hart in a knockdown, drag-out prison fight in "The Story of Molly X." There will be no hair pulling—just fist throwing.

### Monahans Is Set For Rodeo Opening Wednesday Night

MONAHANS — The gates swing open at 8 p.m. Wednesday, opening Monahans' first world championship rodeo in this city's new rodeo plant which has a seating capacity of more than 7,500 persons. The big show will continue through Saturday night. It is an RCA-approved rodeo.

More than 120 cowboys had registered for the various wild west events at the 8 p.m. deadline Tuesday.

A purse of \$2,100 plus entry fees awaits the winners of the rodeo, which is managed by Frank Marling of Ranger. Tommy Steiner of Austin is furnishing the stock. Cowboy Topp.

Monahans and its citizens have gone all-out in assuring the success of the big attraction. The town is well decorated and most residents are attired in cowboy togs. The spirit of the rodeo prevails.

Judges for the show are Buck Jones of Wichita Falls and Charley Broadnax of Pampa, Ditman Mitchell of Kansas City, Mo., is the announcer.

Fifty-nine entries were listed in the bareback bronc riding event; 27 for saddle bronc riding; 28 for bull riding; 26 in the calf roping event; 11 steer wrestling; nine in the cutting horse contest and 15 in the cowgirls' barrel race.

#### RETURN FROM TRIP

Mr. and Mrs. Edin Holman returned Tuesday from a trip to East and South Texas, where they visited friends and relatives.

### Plan To Pinch Off Juvenile Delinquency Gets Underway

By DAVE CHEAVENS

AUSTIN—A plan of youth development to pinch off juvenile delinquency at its roots began taking shape in Texas Wednesday.

The executive committee of the newly-created Youth Development Council got down to work after the council's organization meeting Tuesday, facing these immediate major tasks:

Hiring of two full-time professional workers.

Handling mechanics of taking over the youth correctional institutions at Gatesville, Gainesville and Brady from the Board of Control September 1.

Working out plans for establishment of a diagnostic center where each juvenile delinquent will be studied before a decision is made on what treatment to follow in his case.

The diagnostic center is the key to the new plan authorized by the 51st Legislature to take the place of what has been called an obsolete and inadequate method of handling young wrongdoers. In essence, juvenets shall be sent to an institution, or what other correctional steps should be taken.

Revolutionary Scheme

In addition to that, the idea behind the council organization is to coordinate the efforts of all state agencies in eliminating local situations that create juvenile delinquency. Texas never has tried that before.

The whole scheme is so revolutionary that the Rev. Walter Kerr

### The Plague That Hops—Experts Can Predict 'Hopper Outbreaks, But Eradicating Them Is More Difficult Job

By DOUGLAS LARSEN NEA Staff Correspondent

WASHINGTON—U. S. Department of Agriculture experts saw this summer's grasshopper outbreak coming three years ago, but grasshoppers are just as intractable as they are predictable. Few other insects multiply so efficiently.

Hungry 'hoppers even eat the bark of the tree on their marches.

And none are harder to exterminate.

The female grasshopper produces from 100 to 200 eggs toward the end of the summer. She has special equipment which wraps about 30 eggs at a time in a protective package and plants the package deep in the ground.

The packaged eggs are very hardy. Only plowing of the ground destroys the pods and the eggs which they contain. They survive practically any kind of winter weather.

After the snow melts in the Spring, the first eggs planted begin to hatch, and the tiny, worm-shaped baby grasshoppers wriggle to the surface. Fortunately for the farmer, a high percentage of the newly-hatched 'hoppers are killed by frosts which occur after the first Spring thaw.

Every Growing Thing

In normal years the 'hoppers will tend to stay in the same area in which they were hatched, as long as there is enough food for them to eat. When droughts occur and food becomes short, they form into great swarms and either fly off in search of new feeding grounds, or move in great masses along the surface.

Their greatest natural enemies are the birds which eat them and parasitic growth which attacks them like cancer.

Their migrations have been described as "tremendous clouds so dense that they darken the sun for miles around." This summer's migration in Nevada and Idaho "sounded like the rumble of a fast freight train, or the roar of a waterfall."

"They eat the paint off a house," is one description of their damage. What to do if a farm or field after a swarm has passed resembles the aftermath of a raging fire. They eat every growing thing, including the bark of trees.

Wild Is Factor

There are about 800 species of grasshoppers in the world, ranging in size from one-half to three inches in length. Their hind legs are well-developed, giving them the ability to hop great distances. Their wings are strong enough to keep them aloft for several hundred miles. The noise they make is produced by rubbing their hind legs against parts of their wings.

There is a difference of opinion among the experts as to whether the presence of farmers and ranchers in the West helps or hinders the grasshopper. J. R. Parker, a Department of Agriculture scientist, thinks they help.

"Roadsides, fence rows, headlands, ditch banks, grain stubble, idle land, untilled crops, and depleted ranges all provide more favorable egg laying grounds than the original grasslands, and a more abundant supply of green food is provided for a longer period each Summer by the growing of agricultural crops," he says. "As long as such conditions exist grasshopper outbreaks are to be expected whenever climatic conditions are favorable."

The direction they take in their migrations is usually determined by the wind, scientists have discovered. This fact is also noted in the Bible, in the book of Exodus, Chapter 10, Verse 19:

"And the Lord turned a mighty strong west wind, which took away the locusts, and cast them into the Red Sea; there remained not one locust in all the coasts of Egypt."

### CSC Lists Opening For Classifiers

The Civil Service Commission announces an examination for filling vacancies in the position of position classifier, at entrance salaries ranging from \$3,727 to \$5,232 per annum.

Employment will be with various Federal agencies in Texas. Application forms and additional information may be obtained from the post office or from the regional director, Fourteenth U. S. Civil Service Region, 210 South Harwood Street, Dallas 1, Texas.

#### THE FIREPLACE

When Grandpa was a boy, necessity made the fireplace the main attraction in the room. Today, with central heating, we can take the fireplace or leave it alone.

The smart housewife will take it... and make something of it, because she knows that for charm and warmth you can't beat the living room built around the friendly fireplace. It's an invitation to many cozy hours.

The arrangement of furniture is up to you, of course, but don't place your sofas, couches or chairs too far away. You'll note how the two couches are placed facing each other in the illustration above... providing a conversational setting. The coffee table on the thick throw rug is within easy reach.

If the room is smaller than the one illustrated, try facing the couch toward the fireplace, with a chair on the side.

Mantel decorations depend, of course, on the type of fireplace you have. Fewer mugs and china are used here because of the "period" of the fireplace.

If at any time we can be of assistance, please call on us.

### Rites Slated For Kin Of Midlanders

SWEETWATER—Funeral services will be held here Saturday afternoon for Cpl. Jack C. Ellison who was killed July 6, 1946, in Berlin, Germany, when his gun being cleared by a fellow soldier accidentally discharged.

He was with the 1st Army and landed with his division on Omaha Beachhead. He was the holder of five battle stars and the Purple Heart. He entered the Armed Forces in 1943.

Survivors include the mother, Mrs. Clyde Ellison of Sweetwater; a son, Billy Jack of Snyder; three sisters, Mrs. Johnnie Elliott and Mrs. Ora Leyton of Midland, and Mrs. Douglas Mooney of Sweetwater; two brothers, Tom Ellison of Phoenix, Ariz., and W. C. Ellison of Sweetwater.

### Effort To Develop Neckless Chicken Is First Rate Flop

BYRON, CALIF.—A chicken with no neck would be a bigger boon to white meat lovers than even the new wingless variety.

At least that idea occurred to Lorenzo Armstrong when he read about wingless birds developed in the Midwest.

So Armstrong built his hen houses with low roofs. Feeding troughs were breast high. The wire over the chicken runs were lowered. He figured that if they kept their heads down the chickens' necks wouldn't grow.

But he gave up finally. The chickens just got humpedbacked.

## DALLAS LADY LOSES 58 POUNDS

The following remarkable story shows conclusively that Barcozate DOES take off fat.  
 It contains nothing harmful. In fact, it contains ingredients that make you feel better. No starvation diet—no weakness—no hunger. Barcozate, the original grapefruit juice recipe, takes off fat quickly, safely and you can eat plenty.

**Here is proof**  
 "I want to tell you what weight I have lost in 2 1/2 months by using Barcozate. I weighed 245 pounds when I started. I now weigh 204. I am so proud I tried it. I was told that I could not live a year unless I lost some weight. You may use my name any way you wish."—Mrs. J. E. Moore, 1828 Mentor Street, Dallas, Texas.

**At all drugists**  
 If you are overweight and want to take off ugly fat, just go to your drugist and ask for four ounces of liquid Barcozate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoons twice a day. If the very first bottle doesn't show you the simple, safe way to take off weight, return the empty bottle for your money back.

## Backstage Workers For "The Drunkard" Show Enthusiasm

More people with more enthusiasm have worked on the production of "The Drunkard," to be presented Thursday, Friday, and Saturday of this week and next, than any other similar production presented in Midland. Art Cole, who is playing the leading role and has directed many of the Community Theater productions in the past, says:

For two weeks, every night and all weekend, the City-County Auditorium has been resounding with blows of hammers and has been a picture of activity. In two short weeks the crew of volunteers has designed and constructed the properties and settings for the stage for this melodrama of the nineteenth century. The work that has been done can be compared to the work done by the people in Summer Stock. The stage work has gone on simultaneously with the rehearsals.

Not since "I Remember Mama" last Fall has there been so much enthusiasm shown in the painting, designing and construction. Cole says Bonnie Bogardus has been in charge of the designing. Among those helping with the painting are Loyd McSpadden and Julie Rindig, supervising, Walter Beardley, Kenneth Alpigier, Bill Adam, Stan Schaffer, Bill Kimbrough, John DeFord, Sonya Little, Waring Bradley, Rhys Rees, Glenn Federson.

### To BOYS and GIRLS with PIMPLY SKIN

They're all raving about it—the Resinol way to relieve externally caused pimples! Join the crowd—wash twice a day with Resinol Soap. Then apply soothing medicated Resinol Ointment, leaving it on over night. Watch your skin improve!

## They're Going... Going... Gone

Three-year-old Byron Clarke, of Cincinnati, Ohio, looked like a little girl, left, until the day his mother suddenly realized people actually thought he was a girl. She decided his 13-inch curls would go. It was a long sit in the barber chair, center, but after the clipping, Byron beamed his approval of the result, right. Mom Clarke just shook her head, saying, "It will take a little time to get used to it, I suppose."

## Locker Plant Group Holds Stanton Meet

STANTON—Representatives of 13 locker plants attended the meeting of the Texas Cooperative Frozen Food Association in Stanton last weekend.

Included on the program were a demonstration on cutting and curing pork by A. L. Holly, Quitman plant superintendent; an inspection tour of the Cap Rock Refrigeration Co-op, talks on plant hazards and membership education by Jack Megginson, Quitman, and Riggs Sheppard, Merkel; a round-table discussion on insurance led by A. F. Herring of McGregor; two motion pictures on processing and freezing foods; and an analysis of various problems of the locker plant by Karl Crawford, REA locker plant specialist.

Directors of the host plant and out-of-city guests were entertained with a chicken barbecue at the home of O. B. Bryan, manager.

## Negro Scouts Will Attend Encampment

The Buffalo Trail Council Boy Scout Ranch begins its last week of the Summer camp period next week and the facilities of the camp will be devoted exclusively to about 30 negro Scouts who are expected to attend. Camp direction for the week will be handled by H. D. Norris, Scout field executive from Sweetwater.

Each year the final portion of the 10-week Summer camping period is devoted to negro boys and the number in attendance is growing each year.

The Council's 17-county area has 118 negro Scouts including Cub, Boy Scout and Senior Scout troops. Included are six Boy Scout Troops, two Cub Packs and one Senior Scout unit.

Among the 30 negro Scouts expected at the Ranch will be boys from Snyder, Sweetwater, Colorado City, Midland, Odessa, Monahans, and Pecos, according to P. V. Thorson, Council Scout executive.

## Soviet Supports Letters to Editor

MOSCOW—(AP)—"Culture and Life" reported that the Central Committee has published a decree on shortcomings in the work of the editors of the newspaper Soviet Siberia with letters from the working people.

Many writers, it was brought out, receive no replies and certain ill-considered replies from the editors repel the writers from participation in the newspaper.

The Central Committee, said "Culture and Life," has directed the editors to alter their attitude.

JOHN M. DOAK DIES  
DEL RIO—(AP)—John M. Doak, who used to herd horses up the Chisholm Trail, died Tuesday night. Funeral services were to be held Wednesday. He is survived by a daughter, Mrs. Edna Waldrop of Del Rio.

## Battle Between Australian Communists And Labor Party Is Waged In Full Force

SYDNEY, AUSTRALIA—(AP)—The fight between Australian Communist and the nation's ruling Labor party is on—fiercely, bitterly. It's being brewed for years.

Coal is power in Australian life, and it is through coal that the Communists are bringing midwinter misery to Australia.

Several weeks ago the commonwealth's 24,000 coal miners struck rejecting long-established arbitration machinery to settle wage-and-hour demands. The miners' leaders are admitted Communists.

Just about every Australian from Labor Prime Minister Joseph B. Chifley on down believes the Communist party itself is behind the strike. In Chifley's words: "This is a strike against arbitration engineered by the Communist party."

The coal strike has reduced this down-under commonwealth, nearly as large in area as the United States, to a land of makeshift, misery and unemployment.

Not Enough Coal  
There is not enough coal in scanty reserve stocks to supply needed electric power, run full train service, provide gas and heat homes. Most factories are shut. In a country of 7,600,000, about one in four workers is out of a job. Offices in Sydney (population 1,500,000) are lit by kerosene lamps.

There are so many restrictions against using scarce electricity and gas that friends jokingly accuse anyone with a clean face or a freshly pressed shirt of being a lawbreaker.

Walk down any side street in Sydney and you will probably see a little boy—perhaps a little girl—sitting on the front doorstep. Ask him what he is doing.

If he's honest he may blurt out: "Just watching out for the inspector while mum takes a bath."

Under emergency laws, water for bathing can not be heated by electricity or gas.

It's midwinter south of the Equator and cold baths are only for the hardy. Early morning temperatures in Sydney slide to the low 40's.

Housewives do much of their cooking over old oil stoves or open backyard stoves—if they can get anything to burn. They are forbidden to use electric or gas irons, electric washing machines or vacuum cleaners.

Easier To Say  
It's easier to say what they can do legally: Cook for two 90-minute periods a day with gas or electricity, use an electric refrigerator, use two 40-watt lights at home at night.

Nearly everybody goes to bed early to keep warm in unheated houses.

Some small businessmen are scratching their heads and coming up with ideas to keep going.

In Perth, Audrey Chapman rides a jacked-up bicycle to provide power for her husband's shoe repair shop.

In Brisbane, tractors are used to power a textile mill.

When Sydney's coal reserves run out, city officials are planning to generate emergency supplies of electricity with fuel oil.

The Communist party membership in Australia is estimated at about 18,000. Most of the country's workers are strong trade unionists

## Petroleum Unit To Hear Lecture Friday

The opening lecture in the formal training program for members of Volunteer Petroleum Unit No. 8-1, Midland Naval Reserve organization, is scheduled at 5:30 p. m. Friday in the unit's quarters at Midland Air Park, Lt. Cmdr. James D. Martin, commanding officer, announced Wednesday.

Capt. Jim Willis, USMCR, 902 North Marlenfield Street, contact man for Diamond Oil Well Drilling Company, will address the unit on diamond coring. He will show exhibits and furnish descriptive material.

Willis, who is commanding officer at Reserve Volunteer Training Unit No. 8-20, of Midland, fought during the war as an infantry officer in the Fourth Division, Fleet Marine Force. He was in the Roi-Namur, Saipan, Tinian and Iwo Jima campaigns.

He formerly was field engineer at Hobbs, N. M., for Bethlehem Supply Company and later was special representative for that company on sales of steel products. He has been in charge of sales for Diamond Oil Well Drilling Company since May, 1945.

The petroleum unit comprises Navy Reserve personnel who are engaged in the oil industry in the Permian Basin. The unit meets for training drills on alternate Fridays at 5 p. m.

## Texas Polio Cases Decline For Second Consecutive Week

By The Associated Press  
State Health Officer George Cox says warnings to clean up Texas are paying off in a dropping polio rate—"but the situation still is grave."

Cox commented Tuesday as the State Health Department reported 89 new cases of polio throughout the state last week. It was the second straight week incidence of the disease had fallen off.

Meanwhile, Houston recorded a death and three new cases, and Dawson County's fifth polio victim this year was reported by Lemass General Hospital. Cooke County reported its first polio patient, and three new cases were listed at San Angelo.

"Texas has had more polio this year than ever before in its history," Dr. Cox said. "We lead the nation in the total number of reported cases. We've had 1,123 cases in 142 counties so far this year. Last year for the same period we had 879 cases in 98 counties."

Rice is becoming an important crop on the delta of the Rhone River.

## Vaughan Gets Another Medal

OPERATION UNION STATION  
JULY 6, 1946  
MAJ. GEN. HARRY H. VAUGHAN, USA  
FOR PRESIDENT HARRY S. TRUMAN

"In recognition of your courage and intrepidity over and beyond the call of duty, I hereby decorate you with the medal Operation Union Station." That's what President Truman reportedly said when he presented this fake medal to his military aide, Maj. Gen. Harry Vaughan. The "operation" refers to Vaughan's brush with newsmen in Washington's Union Station upon his return from a three-week vacation cruise.

## FOR SALE Pawnee Springs Ranch

A fine, well-balanced cattle ranch in the Nebraska Sandhills...  
No erosion problem... Never a grass failure...  
Exceptional overnight marketing facilities.

This 42,376-acre ranch in Lincoln Co., Nebraska is regarded as one of the finest of its type and size in America. It has never been overgrazed and has been kept in the finest condition. Situated in the Nebraska Sandhills at an elevation of 2,780 feet where soil erosion and grass failures have never been experienced.

The property consists of the following: North Ranch, 21,306 acres of wooded and school-leased land. All grassland. Contains residence and complete set of ranch buildings. South Ranch, 13,076 acres wooded, 1,500 acres school-leased. 4,000 A. tillage, 8,806 A. pasture, 100 A. woodland, balance alfalfa, hay and corn. Also 8-room manager's house, 3 dwellings, complete farm buildings. An additional 5,375 acres adjoining area under private lease.

Capacity of the ranch is 2,500-3,500 head in winter; 4,000-4,500 in summer, including calves. Cash crop averages 95%. Excellent overnight market in Omaha. South Ranch intersected by Lincoln Highway and main line of the Union Pacific. United Airlines airport only ten minutes from ranch headquarters.

Aside from offering an excellent investment opportunity, Pawnee Springs Ranch is also an excellent place to live. This is one of the finest wild game areas in the country. An abundance of wild ducks and geese, pheasant and prairie chickens are taken here each season. The area maximum temperature is 62.7°; mean minimum, 36.7°.

Offered at \$225,000, including all equipment and work stock. Cattle may be purchased by private treaty. Banker preferred. A listing of Properties, Inc., The National Real Estate Clearing House, Illustrated brochure \$2.00 available. Call or write the local Service Broker: THEODORE J. COPELAND, BEST, Amarillo, Texas.

**Pannell Brothers**  
Specialize In Sand, Gravel, Concrete

When you buy ready-mix concrete from Pannell Brothers you can be assured that all materials have passed laboratory inspection. The firm specializes in ready-mix concrete, sand and gravel and has supplied these materials for hundreds of jobs, large and small, in Midland.

Concrete will be furnished for any size job, from largest commercial structure to the smallest residence. Estimates may be had by telephoning No. 1797. The office and plant are located at the corner of Pecos and West North Front Streets.

The facilities are adequate to handle any job since installation of a bulk plant recently.

Organized in 1946  
The firm was organized by O. C. Pannell and B. C. Pannell in 1946. They came to Midland from Pecos and Odessa. Years of experience are behind these two men.

Pannell Brothers hold firm to policy of courtesy, satisfaction and cost commensurate with quality. To this they attribute the success the firm is enjoying.

**Malaya New Locale For Frank Buck Film**

SINGAPORE—(AP)—Frank Buck, the American "Bring 'Em Back Alive" man, flew into Singapore to prepare for a new jungle film and said stoutly: "I'm not afraid of bandits—but I won't be able to start filming until they clear off. I must think of my staff."

Buck plans to visit several parts of Malaya, the southernmost province of the state, which he may use as locale for his film, *Johore Bahru* is the capital of the state of Johore. Although there is trouble in the outer parts of the state, the capital city is peaceful.

**Southern Ice Is Set For Heat Wave**

Southern Ice Company, Inc., at 310 South Main Street in Midland, is equipped to keep ice users in good supply, regardless of the demand for ice which might result from a prolonged and unprecedented heat spell. New machinery installed recently insures adequate production of the product which is so popular, for a wide variety of uses, among residents of Midland and vicinity. The convenient docks at the downtown plant make for the utmost convenience for motorists. A delivery service also is maintained. Lee Weathers is the manager of Southern Ice. The telephone number is 5-41-17-e.

**Pringle Can Give Your Auto That 'New Look'**

The Pringle Body Shop at 807 East Florida Street (Garden City Highway) not only will put that new look into your automobile's appearance, but also has a staff of mechanics with the know-how to do any type of auto repair work.

New and used auto parts, grills and fenders are available here at moderate cost. If you have a body repair job which also calls for addition of any of these parts you can get it in one stop at Pringle's.

The shop was started in 1945 and has served hundreds of satisfied motorists since that time.

All types of body painting are done at Pringle's, including either complete or spot jobs.

Glass installation for windshields and windows also is a specialty here.

The owner, Bob Pringle, has been a Midland resident 14 years and has been operating the shop in its present location for a little more than four years.

Wrecker service is operated on a 24-hour basis. The phone number is 2419.

Painting of tables, lawn chairs and other furniture also is done in the Pringle shop.

Acetylene welding, brazing and silver soldering are done expertly. Pringle's paint mixing machines mix paint according to factory formulas.

**Mohn Valley Is Still Marked By War Flood**

HAMBURG, GERMANY—(AP)—The Mohn valley in Westphalia looks today as if it had been the playground of a mad giant. Tension boulders are heaped as if left after an Olympian game of marbles.

In 1943 the valley had what is believed to be the biggest man-made flood in history. May 16 British bombers breached the Mohn dam. Most of the houses swept away have been rebuilt. Their bright newness contrasts with the rusting metal of destroyed factories.

Even today it is not known exactly how many people died in the flood. But those who worked there after the attack recall that the victims totalled between 1,700 and 1,800 dead. The dam itself was repaired by men working day and night for three months. This was a vital water source for the war industries of the Ruhr.

According to Homer, steel axes had iron borders, and were also studded with iron.

**Flowers To Befit Occasion Are Available At Buddy's**

Seasonable plants and cut flowers to befit the occasion are available in any quantity at Buddy's Flowers, 1505 West Wall Street, and many Midland residents wisely are placing their orders early before special occasions when the demand is bound to be heavy.

Another advantage of ordering early, says Buddy Pulliam, owner, is to avoid the inevitable last minute rush and to have a wider variety from which to choose.

The telephone number is 408.

Buddy's Flowers is a member of Floral Telegraph Delivery, which means that flowers can be sent anywhere merely by placing an order at Buddy's.

Any Occasion  
Everything necessary for floral decorations and designs for any occasion may be found at Buddy's.

lam says the firm is equipped to take care of all floral needs of Midlanders and area residents. An invitation is extended to stop by and become acquainted with the stock carried by this modern, complete floral shop.

Improvements have been made to make Buddy's one of the most complete shops of its kind in West Texas.

## Sanity Code Change For South's Schools Due For Discussion

NEW CASTLE, N. H.—(AP)—Intercollegiate athletic heads governing sports in more than 150 colleges were expected Wednesday to ban financial benefits to outstanding athletes.

The highly controversial NCAA Sanity Code was listed for the main topic on the third day of the National Association of Collegiate Commissioners' eleventh annual meeting here.

Two amendments to the Sanity Code and the NCAA Constitution have been proposed. One would forbid colleges to provide prospective athletes on tryout trips with entertainment.

The second amendment, applying to members of the Southern, Southeastern and Southwestern conferences, would eliminate all references that could be construed as disapproval of indirect aid in the form of benefits reasonably incidental to actual participation in intercollegiate athletics, such as medical attention, meals on sanctioned trips and a training table established on the home campus.

The 10 conference athletic leaders Tuesday urged stricter enforcement of the rule prohibiting defensive holding.

"In the past this rule has been interpreted differently in many sections," explained Asa S. Bushnell, the group's head. "The recommendation made Wednesday should standardize the enforcement of that rule."

## Texas League—Cats Widen Margin As Oilers, Sports, Eagles Drop Tilts

By The Associated Press

The league-leading Fort Worth Cats have clawed their way another full game ahead of second-place Tulsa in the Texas League race on the one-hit, shutout pitching of young Omar (Turk) Lown.

Lown gave up only one scratch single Tuesday night in whitewashing the cellar crew from Houston 2-0. The Cats now are four games in front of the field.

The seventh-place Beaumont Exporters downed Tulsa 7-5. The sixth-place San Antonio Missions edged the third-place Dallas Eagles 10-9. And fifth-place Oklahoma City squeezed by fourth-place Shreveport 5-4.

**Beers Spoils It**

Houston's Clarence Beers beat out a measly grounder to short to soil Lown's perfect game. Al Carrasquel and Walter Sessi batted in Fort Worth's two runs.

Beaumont tallied four runs in the ninth inning to defeat Tulsa. The four runs came on a pair of two-run homers, by Keith Thomas and Gene Herbert.

San Antonio's Procopio Herrera hurled his fourth victory of the season over the Eagles at Dallas. Don Lenhardt and Grant each hit a two-run homer for San Antonio. Bill Sere hit a grand slam homer and Leo Wells homered with none on for Dallas. The Eagles tallied four runs in the ninth.

Oklahoma City counted four times in the first frame and outlasted Shreveport for the win.

## SPORTS SLANTS

by SHORTY SHELburnE

The Lamesa fan who filed charges on Jim Prince for allegedly using profane language in a rebuttal to the stands at a recent Lamesa-Lubbock baseball game, reportedly is ready to drop the case.

No reason was given in the report we received.

The fact that Big Jim has moved out front in the West Texas-New Mexico League's individual batting race might have had something to do with it.

Prince now is clotting the ball at a .408 clip, nine points ahead of the next man, D. C. Miller of Lamesa.

—SS—

Comes a letter to Sports Slants from Copper Daugherty, fiery-haired young manager of the Midland Lions Club baseball team.

Copper's outfit is matched against "Red" Roberts Optimist Club team for a game in Indian Park August 9. From the looks of the letter which follows, there is quite a bit of rivalry between the two managers.

**Red Roberts**  
"Optimist Baseball Club  
"c/o Sports Slants  
"Dear Red:

"I can see how worried you are about your baseball (7) team. First, you kept the equipment (due to difficulty in our Lions Club since the Trail Days event, we can't afford our own) and wouldn't let us use it for practice. Then you prayed for rain and got it twice, that is.

"Well, we Lions will keep trying. If it rains every time we schedule a practice session, we'll still show up for the game August 9. I really think we can take care of your Optimist outfit without any practice.

"We know you are going to have to use every trick you can think of to give us a good fight, but please let us use the equipment once before game time."

Roaring yours,  
Copper Daugherty.

No doubt Sports Slants will have a reply from Roberts post-haste.

—SS—

Baseball fans in the city of Roswell, N. M., following a pattern set early this season, are backing the Rockets to the hit.

When Manager Bob Cruess and his players returned from a road trip last week, the home fans had a big celebration ready for them. Everybody cooperated in organizing a parade. The feature of the parade was a V-2 rocket borrowed from White Sands Proving Grounds.

To top the whole thing off, the Rockets were dined five days in a row by five different civic clubs.

—SS—

Harold Webb, just out of the hospital here, departed for his home in Fort Worth Tuesday afternoon. He will rest there for about two weeks before returning to assume his duties as field manager of the Indians. Webb wants to thank Doctors Britz, Melton and Gaarde for their services in his case.

The skipper is in a little bit of trouble physically. He hated to leave right now when the pennant race is about to come down to the wire but he knew it was the only thing to do.

By resting now, Webb may be able to stay active during the latter part of the season and during the playoffs. That's what he will be needed most. He expects to return to Midland about August 10.

—SS—

The Indians have signed Ed Cox former Roswell catcher, to fill in behind the plate while Kenny Jones is out and to help Kenny when he returns to the lineup. Ben Dean Sheets also will continue to work some as a receiver.

Cox was with Roswell only a short time. His showing there was satisfactory but his stay wasn't long enough to prove him one way or the other.

He collected one for four against Big Spring Monday night.

## Mrs. Wright Cowden Leads Midlanders To Top Berth

Mrs. Wright Cowden led a foursome of Midlanders to the championship of the West Texas Pro-Amateur Golf Tournament over the Midland Country Club Course Tuesday. They fired a score of 65 to win the first annual event.

Playing in the foursome were J. C. Hardwicke, Midland Country Club pro, Vann Ligon, Roy Minear and Mrs. Cowden.

Mrs. Cowden posted a birdie on the sixteenth hole to give the Midlanders the winning margin. She shot the best golf of her career to aid the victory.

Three foursomes tied for second with 66. Second and third places were split between the trio.

Dode Forrester, Hobbs, N. M., pro, led the first foursome to the second place tie. E. C. Nix and D. D. Bodie, Hobbs, and Mrs. Grady Kidd of Monahans were others playing in the quartet.

Pro Red Bost of San Angelo, Red Covington and Hez Carson also of San Angelo and Howard Mechling of Midland were in the second four some coming in for second place.

Grady Kidd, pro at the Monahans Country Club, helped the third foursome to the fourth place tie. G. W. Hobbs and Buck Kent of Monahans and Don Scott of Hobbs finished out the four.

**Amateurs Predominate**

Amateurs outnumbered the professionals in the tourney and a drawing was held to place a pro in each foursome. The pro's score was combined with the score of the amateurs to determine the tournament score.

Others playing in the tourney and their scores follow:

Red Bost of San Angelo, pro, Jack Vaughn of Lamesa, B. M. Brown of Breckenridge and J. Rountree of Dallas, shot 67.

J. C. Hardwicke of Midland, pro, Dave Pink of Midland, Bob White of Midland and Red Rhoden of Odessa fired 67.

Morgan Hampton of Abilene, pro, Bob Springer of Abilene, Reed Sayles of Abilene and Johnny Markham of Lubbock, 68.

Shirley Robbins of Big Spring, pro, Bob Maxwell of Big Spring, Lee Long of Hobbs and Mrs. G. Bird of Midland, 68.

W. O. Maxwell of Breckenridge, pro, Jack Williams of Plainview, Lew Ground of Midland, Mrs. F. Flournoy of Midland, 68.

C. W. Hogan of Lamesa, pro, John L. Hart of Midland, Audrey Gill of Midland and D. H. Cobb of Amarillo, 68.

H. T. Hornbuckle of Odessa, pro, Mac Boring of Odessa, Miss Pat Garner of Midland and Dr. Doyle Patton of Midland, 69.

Shirley Robbins of Big Spring, pro, Cliff Hall of Midland, Bill Barker of Midland and Jim White of Midland, 69.

C. W. Hogan, pro, L. B. Vaughn of Lamesa, Cotton Jenkins of Monahans and Mark Smith of Lamesa, 69.

**Results Listed**

H. T. Hornbuckle of Odessa, pro, R. E. Gile of Midland, Holt Malone of Midland and J. Earl Wilson of Midland, 69.

W. O. Maxwell of Big Spring, pro, J. E. Poole of Big Spring, Bob Adair of Big Spring and Mrs. Paxton Howard of Midland, 70.

Grady Kidd of Monahans, pro, Ralph Johnson of Hobbs, J. W. Stone of Seminole and Roger Cundiff of Monahans, 71.

W. O. Maxwell, pro, James Smith of Midland, Jack Boles of Midland, A. Jones of Midland, 71.

Here are the medal scores for the professionals:

Dode Forrester, 71; Red Bost, 72; J. C. Hardwicke, 73; Morgan Hampton, 74; H. T. Hornbuckle, 75; G. W. Hogan, 76; W. O. Maxwell, 77; Shirley Robbins, 78; Grady Kidd, 78 and Poy Fanning, 80.

Qualifying in the Midland Country Club Invitation Tournament was underway Wednesday. More than 100 entries were expected for the event. Match play is scheduled to start Thursday and the finals will be held Sunday.

8—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JULY 27, 1946

## Mackey Is National Tourney Favorite

WASHINGTON—(AP)—A crowd of golfing stars of the future started off Wednesday morning on a four-day road to the coveted National Junior championship. The Congressional Country Club is the scene of the tournament.

The field of 128 golfing youngsters between 13 and 18 years of age will be cut in half by Wednesday night after the first day's single-round of match play. On Thursday, the total will be sliced to 32 in the morning and 16 in the afternoon. Friday, only eight will be left by noon and but four by night fall.

The semi-finals will be held Saturday morning and the finals, with two boys battling it out for the national title, will be staged Saturday afternoon.

**Three Shoot 70's**

On the basis of Tuesday's practice, the teen-age entrants themselves established three of their colleagues as pre-meet favorites in the U. S. Golf Association's under-18 classic.

They are:

1. National Junior Medalist Roland Hughes, of Lawndale, Calif., who shot a one-under-par 70 in practice. Hughes topped the entrance in qualifying for this meet last week at Wilshire Country Club in Los Angeles. He shot a two-under-par 69.
2. Sixteen-year-old Graham Mackey, of Midland, Texas, like Hughes, he also recorded a one-under 70 in his final warmup.
3. Graham Hunt, 1948 Missouri State junior titlist, who also fired a 70. Two days ago, Hunt notched a 78 and then lowered his score to 75 in the second try. He finally shaved his effort to one-under par this afternoon.

Ward Puett is tournament official Joseph Dey announced that Johnny Ward and Roane Puett, both of Midland, Texas, would replace Arlyn Scott and Jerry Green, both of Odessa, Texas, in the tournament. The two original qualifiers withdrew because they were unable to make the trip to Washington.

Ward will play Nolan Wathen, Salt Lake City, Utah, and Puett will play Elsworth Franklin, Jr., Dahlgren, in Wednesday's initial round of the four-day seven-round affair.

Other practice round scores kept by some of the 128 entrants included:

Lee Pinkston, Abilene, Texas.—73.  
Church Ribelin, Dallas, Texas.—74.  
Church Ribelin, Dallas, Texas.—74.

Father Bill Daly tutored a budding rider named E. H. (Snapper) Garrison. Both live today in the idiom of the turf where to be "on the Bill Daly" means to be in front, and the "Garrison finish" is to come from behind to win.

## Shoe Clerk Wins Pro Grid Troutout By Flying Tackle

NEW YORK—(AP)—A professional football troutout was offered Wednesday to the 26-year-old shoe clerk whose flying tackle helped frustrate a \$365,000 jewel robbery on Fifth Avenue.

Coach Red Strader of the New York-Brooklyn team in the All-America Conference invited the clerk, Bill Van Zandt, to the Yankees' training camp at Oshkosh, Conn., "all expenses paid."

Van Zandt gave chase to two men who held up a jewelry store Monday near his own establishment and brought one of the men down with a flying tackle. Both men were caught.

"We're weak in tackling," said Strader.

**WT-NM League—Lamesa, Amarillo, Clovis Notch Wins**

By The Associated Press

The first-place Albuquerque Dukes, idled by rain Tuesday night, have gained a half a game on second-place Abilene in the West Texas-New Mexico League race. The Dukes now hold a three-game lead over the Abilene Blue Sox.

Clovis took advantage of six Abilene errors to defeat the Blue Hose 4-3.

Third-place Lubbock dropped a 6-3 decision to the Amarillo Gold Sox. The Sox tallied five runs in the fifth frame.

Lamesa downed Borger 8-1. Jack Cutler won his tenth game of the season. Lamesa slammed out 17 bingles off two Borger hurlers.

**Dutch Woman Fails Channel Swim Try**

DOVER, ENGLAND.—(AP)—The choppy waters of the English Channel have scored another victory. Mrs. Willy Groes van Rijssel, who attempted to swim the channel Tuesday, had to give up just a mile and a half from her goal.

Lamesa, Texas, wife of an Amsterdam commercial traveler battled the currents 14 1/2 hours before calling it quits.

Another attempt to swim the 20-mile stretch of water will be made early next month by a 16-year-old American schoolgirl, Shirley May France of Somerset, Mass.

**Change is in Order...**

**Change to OIL-PLATING!**

Revealed!... You'll be amazed at the smooth performance your car can give with Conoco Nth Motor Oil! Because there's an exclusive ingredient in Conoco Nth that fastens an extra shield of lubricant to the moving parts. That's wonder-working OIL-PLATING!

Stays Up!... OIL-PLATING holds fast to metal parts. It can't all drain down, not even overnight. No gouging, rasping "dry-friction" starts with OIL-PLATING.

A Bargain!... Conoco Nth is tough. It doesn't break down under summer driving. You can't afford ordinary oils when you get so much from Conoco Nth Motor Oil!

Guards Your Engine!... Another additive in Conoco Nth lessens power-loss due to carbon and sludge. It combats combustion acids, too. Conoco Nth guards your engine.

Oil-Plate today at your  
Conoco Mileage Merchant's!

## Midland Loses To Big Spring

The Midland Indians open an eight-day home stand at Indian Park Wednesday night. The Vernon Dusters will be here for three games, followed by Rowell and San Angelo.

Glenn Patton is the probable starting hurler for Midland. The "Ripley Rubber Man" will appear Wednesday night in a one performance stand.

**BIG SPRING**—Buck Austin fast is developing into a home run hitter of note for the Midland Indians. He poked his fourth of the season and his third in three days to keep the Indians from being shut out Tuesday night in Big Spring. The Broncos took the series in three straight games. They won the finale 6 to 1 Tuesday night.

### Softball Schedule

Teams in the Midland Softball League will try again Wednesday night to get a game played. The last two double-headers have been rained out.

Joe's Gulf will meet the Rendezvous in the first tilt and Western Plastic will take on The Reporter-Telegram in the finale.

**EIGHT DIE IN CRASH**—A plane of the MISR Airlines crashed Tuesday night, killing eight persons.

### MAJOR LEAGUES—

## Cards Lengthen Lead Over Bums

By JOE REICHLER  
Associated Press Sports Writer

Maurice McDermott, now in his fifth professional season although not yet of voting age, pitched another beauty Tuesday night as the Boston Red Sox chopped up the Chicago White Sox 11-2. In going the route for the fifth straight time, the lanky fireballer allowed six hits, walked six and struck out seven. In 52 innings, he's allowed only 31 hits, walked 32 and fanned 38. Eight is the most hits he's given up in a game.

The Yankees and runner-up Cleveland Indians were idle.

The St. Louis Cardinals increased their National League lead to a game and a half over Brooklyn. The Redbirds walloped the Philadelphia Phils 9-5 after the Chicago Cubs had shut out the Dodgers 6-0.

Sam Chapman's single with two out in the tenth inning scored Eddie Joost with the run that gave the Philadelphia Athletics a 3-4 victory over the St. Louis Browns.

## Putters May Tell Tale In Western Open

ST. PAUL, MINN. —(AP)— The putter, always an important club to any golfer, took on new importance Wednesday on the eve of the Western Open Tournament.

The reason? Keller Course, a par 72, 6,557-yard layout, is a victim of the weather. Hot, dry weather of the last few weeks has eliminated the rough and dried up the fairways to produce a long roll.

Because of this, most of the 123 players likely will get on the greens in two or three strokes. The man with magic in his putter thus will be likely to succeed even more than usual.

Because of this, it appeared that a couple of records may be bettered. One of them is Johnny Palmer's Western Open record of 270, set in 1947 at Salt Lake City. The other is Henry Ransom's 288 in 1946 with which he won the St. Paul Open, supplanted by the Western classic this year.

Adding to the feeling that some new figures may be posted is the class of the field. The top 14 money winners in the ranks of the Professional Golfers Association are on hand for the opening of play Thursday.

Heading the amateur contingent will be Robert "Skew" Regel, Western Amateur champion and Walker Cup star, and Charles "Chick" Evans, Jr., the only amateur ever to win the Western Open.

## Longhorn League—Broncs Kick Tribe Lower As Dusters Clip Oilers Twice

By The Associated Press

The league-leading Big Spring Broncs downed the Midland Indians 6-1 Thursday night and the Vernon Dusters swept a double-header from Odessa to climb into second place in the Longhorn League race.

The loss to Big Spring dropped Midland into third place.

Vernon placed Odessa 5-5 and 4-3. Fourth-place San Angelo defeated Rowell 5-3. And Sweetwater edged Ballinger 6-5 in 12 frames in the first game of a twin bill, while Ballinger won the nightcap 10-8.

Julio Ramos notched his sixteenth mound victory of the year as Big Spring downed the Indians. Buck Austin homered for Midland in the eighth to spoil Ramos' shut-out. George Lopez hit a two-run homer for Big Spring.

Manager Bob Huntley singled home the winning run for Vernon in the sixth frame of the opener. Huntley slammed a three-run homer in the fifth to clinch the nightcap.

San Angelo tallied four runs in the second inning to defeat Rowell.

A double, a walk and a single tallied the run that gave Sweetwater the 12-frame victory in the opener. In the nightcap, Ballinger scored eight runs in the last inning to come from behind for the win.

## JayCee Swimmers Enter Odessa Meet

The Midland JayCee Swimming Team will travel to Odessa Thursday night to enter the Odessa Invitational Swimming Tournament. The meet will open at 8 p. m.

Wade Whiteley, coach of the swimmers, Wednesday said the team is stronger than it was when it took second place in the Fort Stockton tournament.

The swimmers will leave from Hotel Schaubauer at 6:30 p. m. and all JayCees who have indicated they will furnish transportation are requested to be ready to leave at that time.

Most of the teams entered in the Odessa swim meet are expected here for the Midland JayCee Invitational Swimming Tournament August 6.

## New Rocket Skipper

ROSWELL, N. M. —(AP)— The Roswell Rockets got a new manager Tuesday. J. R. Allen succeeded Bob Cruce, Longhorn League home run leader, who will stay as a player and assistant manager.

## Acheson Warns Americans In China

WASHINGTON —(AP)— Secretary of State Acheson said Wednesday that Americans remaining in China face the danger of being treated as hostages by the Communists.

He held a news conference that Ambassador J. Leighton Stuart, in refusing to return to the United States for consultation, has run into numerous difficulties put in his way by Communist authorities at Nanking.

Latest State Department records list 5,023 Americans still in China. Of these, 1,140 are in the British Crown Colony of Hong Kong.

The largest group is in Communist-held Shanghai and is estimated at 1,580.

## Dismissal Refused In Texas City Suits

HOUSTON —(AP)— Government defense testimony in the \$200,000 mass trial of Texas City disaster suits will begin August 29.

Federal District Judge T. M. Kennerly set the date Tuesday after overruling a government motion for dismissal.

The plaintiffs started their case April 25 and ended it last week.

The Iron Pillar of Delhi, India, was erected about 415 A. D.

## Sheriff No-Billed In Featherstone Slaying

CENTERVILLE, TEXAS —(AP)— A grand jury reported Tuesday it had refused to indict Sheriff Ben Lee of Leon County on a routine charge of murder in the death of Tom Featherstone, 29.

Featherstone was shot to death during a scuffle with the sheriff July 9. The grand jury questioned 35 witnesses.

## POOR RATIO

In the five-year period from 1942 to 1946, the number of fires in the United States increased 30 per cent, while the population increased less than five per cent.

Each new shell coil of the chambered nautilus is exactly three times the size of the previous coil.

## Lamesa Fugitives Enter Guilty Pleas

LAMESA —(AP)— Judge Louis B. Reed considered sentences Wednesday for two men who were returned for trial after escaping the Lamesa jail last week.

Earl Sydney Abbott, 21, and Roy Gene Brown, 23, pleaded guilty Tuesday to robbing a filling station attendant May 21.

Their escape partner, Lewis Eugene Ables, 27, was convicted Monday night and sentenced to five years.

## New Mail Route Starts Wednesday

A new mail route was inaugurated in South Midland Wednesday. Foot delivery began in an area from the railroad tracks south through the 1500 blocks of Main, Lorraine, Colorado and Big Spring Streets.

Previous mail delivery in this area had been by car and the mail was placed in boxes located at the curb. With the new foot delivery the mail now will be placed in boxes on the porch of all numbered houses equipped with boxes.

## Evangelist Will Speak At Terminal

Jack Riddle, evangelist, will speak at meetings in Building T-34 at Midland Air Terminal Friday and Sunday night.

Meeting time for each service is 8 p. m. and there will be special music. Bibles and children's books will be given away.

Riddle is from Little Rock, Ark.

### Unprepared

An insurance salesman in Fort Worth, William D. Cox, 24, has been selling polo insurance three years. Cox didn't buy a policy for himself and he is now in the City-County Hospital with—guess what?—polio.

### Under Arrest

Demmon Duble, secretary-manager of the Cincinnati Clearing House, has been arrested in connection with the crackdown on a nationwide numbers racket. Officials claim he admitted juggling clearing house figures to make it hard for players to win.

## Dollar Shortage In Britain May Induce Marshall Plan Crisis

PARIS —(AP)— Britain's critical dollar shortage has exploded into an economic crisis for all the Marshall Plan countries.

The unexpected British request for \$24,000,000 more American aid than tentatively had been allotted in her broke like a bombshell among the other countries.

This was especially true since the others had become resigned to a slash in funds.

One French official said the British request "could break the Marshall Plan wide open."

The British request was transmitted Saturday in a secret note to the Organization for European Economic Cooperation (OEEC). This is the organization which splits up the Marshall Plan funds.

Contents of the note leaked out to the press Tuesday.

The British said revised calculations showed the sterling area would have a dollar deficit of \$1,547,000,000 for the year starting July 1. It implied Britain would need that much dollar aid or would have to cut its imports and undergo a drop in living standards.

One French official said the British request "could break the Marshall Plan wide open."

The British request was transmitted Saturday in a secret note to the Organization for European Economic Cooperation (OEEC). This is the organization which splits up the Marshall Plan funds.

One French official said the British request "could break the Marshall Plan wide open."

## Amendment On Food Buying By ECA Sets Off Battle In Senate

WASHINGTON —(AP)— The Senate headed into a major battle Wednesday over whether the foreign aid program should be required to purchase \$2,000,000,000 worth of surplus American farm products.

Economic Cooperation Administrator Paul Hoffman has told senators the success or failure of the European Recovery Program in the coming year.

The dispute is over one of five amendments tagged onto the foreign aid bill by the Senate Appropriations Committee.

Democratic leaders beat back one of the amendments late Tuesday and reluctantly agreed to accept another—one chipping \$419,820,000 off the total funds asked for the program. But they promised a fight to the finish against the remaining changes—including the one up for discussion Wednesday.

For No Other Purpose

This one would require ECA to spend about \$1,500,000,000, and the Army another \$500,000,000 for surplus farm products. Both agencies would be required to buy commodities in the amount and of the kind listed in their budget estimates.

And if they didn't—the money could not be used for any other purpose.

But lawmakers backing the amendment—including Senator McClellan (D-Ark.), who introduced it—said such a situation never would arise.

"That's the amount of money they asked for surplus farm commodity purchases," McClellan said. "If that's what they needed—then how can it wreck the recovery program?"

The decision to accept a 10 per cent cut in the \$4,198,000,000 program was made by the Democratic Policy Committee after Senate leaders had won a four-vote victory over an amendment which would have trimmed \$74,000,000 more off ECA spending.

## Boyle Talks Of Diamonds, Oil Millions

By HAL BOYLE

NEW YORK —(AP)— Want to crash high society? One of the quickest ways today is to buy a famous gem or collection of jewels.

Society then will let down its barriers and invite you in just to look at your pretty baubles through lifted eyelashes.

As proof of this, jewelers cite the late Mrs. Evelyn Walsh McLean, famous Washington hostess and owner of the Hope Diamond.

"There is no doubt that any woman who owned that stone would be made socially in Washington," said Daniel F. Frey, executive director of the Harry Winston Jeweler firm which purchased the famous gem from the McLeans estate.

"When she gave parties, it was her entrance that created more attention than the arrival of noted diplomats, generals, or Supreme Court justices. In fact, many came to her parties only to see the diamond. She realized this, and loved to show it."

Frey said several wealthy persons had commissioned his firm to offer Mrs. McLean up to \$1,000,000 for her gem, hoping they thus could duplicate her social success. But in her lifetime she wouldn't sell it.

Among the financial titans of the past who used jewelry to widen their fame or notoriety were "Diamond Jim" Brady and J. J. Hill, the "empire builder."

"Hill carried a heart-shaped emerald in his pocket as a good-luck token," said Frey. "It was quite a token—worth \$250,000. And his estate sold it at a profit."

Jewelers also are excited over the prospect of reviving gem-wearing among men.

"We rather let that market slip away from us," sighed Frey. "But it is being picked up slowly."

Jeweled rings are particularly popular at present with Texas oil millionaires. And they're competitive about them. They compare the sizes of their diamond rings and the looser flies here and tells his jeweler:

"Make a bigger one. I'll show 'em I'm as good a money-maker as any of 'em."

And with a ten-carat, top quality stone he can prove his point. It only takes about \$25,000—more or less.

"Make a bigger one. I'll show 'em I'm as good a money-maker as any of 'em."

And with a ten-carat, top quality stone he can prove his point. It only takes about \$25,000—more or less.

## Amendment On Food Buying By ECA Sets Off Battle In Senate

WASHINGTON —(AP)— The Senate headed into a major battle Wednesday over whether the foreign aid program should be required to purchase \$2,000,000,000 worth of surplus American farm products.

Economic Cooperation Administrator Paul Hoffman has told senators the success or failure of the European Recovery Program in the coming year.

The dispute is over one of five amendments tagged onto the foreign aid bill by the Senate Appropriations Committee.

Democratic leaders beat back one of the amendments late Tuesday and reluctantly agreed to accept another—one chipping \$419,820,000 off the total funds asked for the program. But they promised a fight to the finish against the remaining changes—including the one up for discussion Wednesday.

For No Other Purpose

This one would require ECA to spend about \$1,500,000,000, and the Army another \$500,000,000 for surplus farm products. Both agencies would be required to buy commodities in the amount and of the kind listed in their budget estimates.

And if they didn't—the money could not be used for any other purpose.

But lawmakers backing the amendment—including Senator McClellan (D-Ark.), who introduced it—said such a situation never would arise.

"That's the amount of money they asked for surplus farm commodity purchases," McClellan said. "If that's what they needed—then how can it wreck the recovery program?"

The decision to accept a 10 per cent cut in the \$4,198,000,000 program was made by the Democratic Policy Committee after Senate leaders had won a four-vote victory over an amendment which would have trimmed \$74,000,000 more off ECA spending.

## Evangelist Will Speak At Terminal

Jack Riddle, evangelist, will speak at meetings in Building T-34 at Midland Air Terminal Friday and Sunday night.

Meeting time for each service is 8 p. m. and there will be special music. Bibles and children's books will be given away.

Riddle is from Little Rock, Ark.

## New Mail Route Starts Wednesday

A new mail route was inaugurated in South Midland Wednesday. Foot delivery began in an area from the railroad tracks south through the 1500 blocks of Main, Lorraine, Colorado and Big Spring Streets.

Previous mail delivery in this area had been by car and the mail was placed in boxes located at the curb. With the new foot delivery the mail now will be placed in boxes on the porch of all numbered houses equipped with boxes.

## Lamesa Fugitives Enter Guilty Pleas

LAMESA —(AP)— Judge Louis B. Reed considered sentences Wednesday for two men who were returned for trial after escaping the Lamesa jail last week.

Earl Sydney Abbott, 21, and Roy Gene Brown, 23, pleaded guilty Tuesday to robbing a filling station attendant May 21.

Their escape partner, Lewis Eugene Ables, 27, was convicted Monday night and sentenced to five years.

## Evangelist Will Speak At Terminal

Jack Riddle, evangelist, will speak at meetings in Building T-34 at Midland Air Terminal Friday and Sunday night.

Meeting time for each service is 8 p. m. and there will be special music. Bibles and children's books will be given away.

Riddle is from Little Rock, Ark.

201 EAST WALL STREET
I have been in MIDLAND since 1933. Sixteen years in this fast growing "Capital of the Permian Basin." It was a good town during the depression. Why shouldn't it be a good town to live and grow with now? Make Midland your home and your future. Let me act as your Buyer and find you a "deal," cash or loan basis.

Nice 2 bedroom home 1012 N. Lorraine Street. Till July 28th at \$7,000.00.
Small house on Lamesa Rd. with 1/2 lots, \$7,000.00 whole works! Little home on Lamesa Rd. Make us an offer on equity-Take up Bn. on note.
3-Room house, South Side, \$300 down, balance monthly.
New 5-room on North Whitaker, \$2,650 down, balance at only \$62.85.

Beautiful brick, West End, \$17,000. Would you buy a new 3-bedroom house, an honest value at \$14,500 - now \$12,500.
Several home lots over town-select the section of town you want-we have the lot in that section.

Would you like to "buy in" or "buy out" a business? Either a partnership or outright. See us about Dry Goods Store, Garage, Hat Shop, Automatic Help-u-self Laundry, Rental Units, Apartment Bldg., Tourist Courts, etc.
Do you need a lot for Auto Dealership? or for a down town store? Want a lot on pavement, edge of town?
Lots on S. Main only \$1,500.00.
Lots on Andrews Hwy \$1,000.00 up.
ONE ONLY LEFT on paved Garden City Hwy next to IOOF Hall-\$1,100.00
APT. House, bringing in over \$500.00 per mo. Now-\$15,500.00.

Yes, somebody made a small mistake by leaving a small leak in a gas line. It will do it every time if you have a leaky gas line under your house, and friends, this could happen to you, too. If you let gases escape and accumulate. It so happens this was Butane gas, but Mr. Butane user, you should have no more fear than Natural gas users. They both are mighty powerful and dangerous, if you don't take precautions in handling them. Have you had your gas connections checked lately? Maybe you should. Call your plumber today. Save a home, save a life, save money, and time by being safe.

It so happens that the owners of this property has sufficient amount of insurance to cover their property loss, and nobody was hurt when it could really be serious and it might be you. Why don't you call your plumber and check for safety sake, and call our agency for sufficient insurance to cover your home, furniture, auto and your family in case this should happen to your home. It's better to have insurance and not need it, than to need it and not have it. Call today. We will advise you.

## Oil And Gas Log—

(Continued From Page One) two miles southeast east Magnolia Petroleum Company No. 1-A TXL discovery for production from several zones. That project was completed as an Ellenburger oil well and the higher pay sections were left cased off.

## La Gloria Schedules Tom Green Wildcat

Application has been filed by La Gloria Corporation of Corpus Christi, to drill a 5,500-foot rotary wildcat in Southeast Tom Green County, three miles northeast of the nearest producer in the Susan Peak field, Plymouth No. 4-A Green.

As the firm's No. 1 Frank J. Holik, it will be located 600 feet from the north and east lines of the southwest quarter of section 154, district 11, SPRR survey. Drilling is to begin immediately. Plymouth No. 4-A Green rated a daily flow of 381 barrels of 37.7 gravity oil.

## Five Shafter Lake Deep Tests Drilling

Sinclair Oil & Gas Company was drilling below 10,000 feet with five explorations in the Shafter Lake-Ellenburger field of North-Central Andrews County.

The concern's No. 3-153 University, 555 feet from south and east lines of the southwest quarter of section 13, block 13, University survey, was past 10,965 feet, penetrating lime.

The company was deepening its No. 4-153 University from 10,304 feet in lime. It is 555 feet from east and 765 feet from north lines of the southwest quarter of section 13, block 13, University survey.

Sinclair No. 8-154 University, 555 feet from north and west lines of the northeast quarter of section 24, block 13, University, had reached 10,767 feet and was boring ahead through lime and shale.

Another Ellenburger project, the firm's No. 9-154 University, was beyond 10,911 feet, drilling lime. It is 555 feet from west and 765 feet from south lines of the northeast quarter of section 24, block 13, University survey.

Sinclair No. 5-155 University, 555 feet from east and 765 feet from north lines of the southwest quarter of section 24, block 13, University survey, was under 10,913 feet, penetrating lime and shale.

Each of the explorations expect the Ellenburger above 11,600 feet, proposed depth for completion.

## Flanagan Prospect Swabs Clear Fork

Magnolia Petroleum Company was swabbing to test in the Clear Fork section of the Permian at its No. 2 Flanagan, exploration in the Flanagan area of South-Central Gaines County.

On total depth 7,244 feet, with seven-inch casing cemented at 7,170 feet, operator swabbed 31 barrels of load oil in five hours and 59 barrels of new oil in 12 hours. A small blow of gas was present at the surface.

The load was re-set at 7,225 feet and swabbing continued. After swabbing load, the well swabbed 12 barrels of new oil in three hours. The formation was acidized with 500 gallons.

The load was re-set at 7,225 feet and swabbing continued. After swabbing load, the well swabbed 12 barrels of new oil in three hours. The formation was acidized with 500 gallons.

The load was re-set at 7,225 feet and swabbing continued. After swabbing load, the well swabbed 12 barrels of new oil in three hours. The formation was acidized with 500 gallons.

## 'How Can I Meet Some Men?' Answer Rests On Job Choice

By MUTH MILLETT  
NEA Staff Writer

The question most frequently asked me by working girls in their twenties is "How can I meet some men?"

It's a pathetic question because often the girls who write are holding down good jobs in cities, jobs they worked hard to prepare themselves for, and are working hard to hold.

But in their career-planning they seem to have overlooked the fact that one day they will be out of their jobs, and they would be as anxious as the next girl to marry and start a family.

The usual advice to such girls is "Go to church, join organizations, and be in the right place where you'll meet men."

But for all that kind of advice that is handed these girls, their problem still isn't solved. They've cut themselves off from their best chance to marry by leaving the towns in which they grew up, concentrating on a job while other girls were concentrating on getting a husband, and going into work in which their opportunities for meeting eligible men are few and far between.

So many of these girls never will get husbands and many of those who do marry will have to settle for a husband who isn't as good a catch as they might have gotten if they had started thinking about

marriage as soon as they finished school.

But it is something for the girls who finished their educations in June to think seriously about. If they are too career-conscious, 10 years from now they too may be wondering and asking "How can I meet some men?"

When she faces the prospect of supporting herself, a girl ought to keep marriage definitely in mind. She ought to think about that when she is deciding what kind of job she wants, whether or not she'll try to find work in her own home town or strike out for a big city.

A man can afford to think only of his career when he takes a job. But a girl has to think about her working career and the career she hopes to achieve later on—marriage.

To a girl considering a certain job the question: "What are the prospects for meeting men?" is fully as important as "What are my chances for advancement?" Any girl who scoffs at that idea ought to read the letters I get from girls in their late twenties who are planning their careers thought only in terms of the job itself and now want to know: "How can I meet some men?"

## Scattered Showers, Flash River Floods Continue In Texas

By The Associated Press

High waters of the Rio Grande crested at 21 feet—three feet above flood stage—at Del Rio during the night. Then they began dropping rapidly.

Traffic over the International Bridge at Del Rio was resumed Wednesday morning. The route had been closed since 5 p.m. Tuesday when high water spread out over the Vega—the low-lying approach to the span.

Del Rio itself is three miles from the Rio Grande, and there are no settlements in the low-lying section over which the waters spread.

Devil's River, whose high water was blamed for the Rio Grande rise, also crested during the night, reaching 17 feet at the highway bridge on Highway 90, 12 miles northwest of Del Rio. It, too, was receding fast Wednesday. The Pecos River also was reported falling.

Meanwhile, a new flood crest appeared at building up on the Sabine River in East Texas. The U. S. Weather Station at Lake Charles, La., said heavy rains in the Sabine's upper and middle watershed will cause flooding in the Mineola-Hawthorn-Longview sections within a few days.

Mud Storm At Lubbock Residents were warned to protect oil field equipment and livestock against high water.

Lubbock was hit by a weather freak Tuesday—a mud storm caused by a combination rain and dust. Some streets were flooded. Others a few blocks away merely were sprinkled as the rain fell erratically.

Forty-mile-an-hour winds puffed east around, until the rain made an even bigger mess of things.

Many other points in the Lubbock area reported showers or downpours. Some roads were under water for a time.

Ozona's 1.14 inches was the heaviest rainfall reported for the 42 hours ended at 6:30 a.m. Other precipitation: Abilene 48 inch, Amarillo 16, Dallas 17, Beaumont 96, Del Rio .08, Lubbock 10.

Temperatures were expected to stay out of the "heat wave" category at least through Thursday. Wednesday's high temperature was 99 at Del Rio, and in most of the state readings stayed below the 90 mark. Wednesday morning's low reading was 61 at Guadalupe Pass.

Program chairman for the Wednesday luncheon was Dave Henderson. J. P. Carson, Jr., presided.

It was announced that Lion Club members are invited to attend a meeting of the Rotary Club at the luncheon meeting of the club held Wednesday in the Scharbauer Hotel.

McIner, James L. Daugherty and Colin Puckett were official delegates of the Midland club at the party.

## Shivers Claps Veto On Bill Softening Adult Probation Law

AUSTIN—Gov. Allan Shivers has vetoed a bill revising the adult probation law because one of its provisions, he said, was a potential "weakening blow against the present drunk driver law."

It was the last of 31 bills passed by the 51st Legislature on which he had to act before midnight Tuesday.

Shivers vetoed the bill shortly before midnight after long conferences with sponsors of the measure intended to broaden the probation law.

"The reason for my veto is the provision of House Bill 440 that, in my opinion, would tend to cause a relaxation and softening of our laws against driving while intoxicated," Shivers said.

"I object," Shivers said, "to any language that would qualify in any way the present statutory provision which provides that a person convicted of drunken driving has his driver's license automatically suspended for a period of six months."

Among 30 bills signed were those which would:

Require teachers, employes and students in state-supported colleges to sign loyalty affidavits, barring those who would not.

Make all carbon black gas manufactured from natural gas subject to taxation regardless of the method used.

## Midland Delegate Describes Parley

Roy Minear, president of the Midland Lions Club, described the regional convention of Lions International held in New York, at the luncheon meeting of the club held Wednesday in the Scharbauer Hotel.

## Senators To Seek Compromise Plan On Farm Program

WASHINGTON—(AP)—Senators of both parties agreed Wednesday to try to work out a new compromise on farm legislation minus the help of Secretary of Agriculture Brannan.

Senator Anderson (D-NM) said he had two drafts of possible bills ready for a closed-door session of the Senate Agriculture Committee Wednesday.

Senator Aiken (R-Vt.), top-ranking GOP member of this committee, said in a separate interview he would cooperate in a non-partisan effort to pass a farm bill at this session.

Neither of Anderson's plans involves the novel proposal by Secretary Brannan to let market prices of meats, dairy products and other perishable farm products seek their own level while farmers collect Treasury subsidies if necessary to bring their cash receipts to a government-set level.

## Oil Industry—

(Continued From Page One) day during the second quarter of this year, will increase to 5,500,000 barrels per day during the fourth quarter, the Journal predicts. This will bring crude production to within 2 1/2 per cent of the record figure of the fourth quarter of 1948, whereas the second quarter was 9.4 per cent below last year.

Total demand for all oils and petroleum products will average 6,800,000 barrels daily during the fourth quarter, which is 8.2 per cent greater than the same part of last year. Forecasts of demand for major products during the fourth quarter include: gasoline, up 6.3 per cent over the 1st 3/4 quarter of 1948; kerosene up 15.8 per cent; distillate fuel oil up 20.4 per cent; heavy residual fuel oil up 7.8 per cent.

Evidence that the oil and gas industry definitely is planning for a steady increase in consumption of its products is given by the Journal in surveys of construction projects under way and scheduled for starting in the near future. These tally more than 130 active projects for building new refineries or modernizing and enlarging existing plants, and more than 23,000 miles of oil and gas pipe lines in the United States.

## Newspaper—

(Continued From Page One) 50 to 100 Tennessee projects scattered through Latin America.

The Times said it was appealing to Taft because he represents a "great reactionary element," and because "you have proven yourself in many matters more powerful than President Truman."

The Times invited Taft to visit Laredo. "People will be invited not only from Texas, but from all over Northern Mexico, so you can appreciate this north and south development."

Taft told The Associated Press he would study the invitation and might comment later.
