

## U. S. Has Bigger, Better A-Bombs

### State Engineer Gets Midland-Lamesa Highway Deeds

R. D. (Bob) Scruggs, left, president of the Midland Chamber of Commerce, presents deeds for approximately 25 miles of right-of-way on the proposed Midland-Lamesa highway to F. C. Dougherty, resident engineer of the Texas Highway Department. John P. Butler, chairman of the Chamber's Highway Committee, which obtained the right-of-way, looks on. The right-of-way was donated by property owners along the route. The proposed highway is an extension of State Highway 849, which extends from Sheffield to Iran to Rankin to Midland. The segment for which the right-of-way was obtained is from the Midland County line north to intersect with Farm Road 87 from Andrews to Lenora. The Chamber of Commerce Thursday expects to let a contract for fence-building along the route. Funds for the fencing were contributed by Midland merchants. The State Highway Commission is expected to award a contract for the road building job at its September letting.

### Delay Seen In Excise Tax Repeal

WASHINGTON — (AP) — House Democratic Leader McCormack (Mass) said after a White House conference Monday he sees no prospect for repeal of any wartime excise taxes at this session of Congress.

McCormack is a member of the House Ways and Means Committee which originates tax legislation.

McCormack and other Democratic congressional leaders discussed the tax situation and other matters at their regular Monday morning session with President Truman.

Other conferees were Vice President Barkley, Speaker Rayburn and Senate Majority Leader Lucas.

"Everybody is for repeal," McCormack said, "but when you open up the question of repealing excise taxes, you open up the question of repealing them all and raise the possibility of another \$1,700,000,000 loss in revenue.

"You can't lose this much revenue without further unbalancing the budget and without levying other taxes to replace the excise taxes."

### Pittsburgh Plate Glass Company To Erect Building Here

Midland's building permits for 1949 soared over the \$3,000,000 mark Monday when the Pittsburgh Plate Glass Company obtained a permit to erect a \$1,170,000 building at 301 South Main Street.

T. C. Bateson & Company has the general construction contract and G. W. Emmons of the Bateson organization will be the general superintendent. Walter W. Ahlschlag of Dallas is the architect.

Contractors said work on the large building, 140x143 feet, will be started this week. The structure, part of which will be two stories, will house the general offices of the company for this area and also provide a large warehouse. Ample parking space also is arranged. Railroad tracks also will serve the building. The building will contain display rooms for advertising the firm's products.

The building will be of concrete, brick and tile construction with a stone front on South Main Street. It will be one of the most attractive structures in ever-growing Midland.

### Officials Continue Work On Draft Of Tideland Measure

WASHINGTON — (AP) — Speaker Rayburn (D-Texas) said Monday officials of oil Tideland states still are working on the draft of legislation designed to settle ownership of the submerged lands.

Talks are continuing, he said, among Texas Land Commissioner Bascom Giles, Assistant Attorney General Everett Matton of California and Walter Johnson of the National Association of State Attorneys General.

The writing of a bill is in the final stages, Rayburn said, though some discussion still is going on concerning provisions for management of marginal tidelands and inland waters. Earlier he had expressed hope the bill would be ready for introduction by the first of this week.

### ★ LATE NEWS FLASHES ★

BERLIN — (AP) — Brig. Gen. Frank L. Howley, American commandant in Berlin, one of the hottest spots in the East-West cold war, said Monday he had asked to be relieved of his post in order to return home.

LAREDO — (AP) — Officers learned Monday that George (Gavo) Ochoa, sought in connection with two Laredo hotel slayings, played several rounds of golf in Nuevo Laredo, Mexico, Sunday while they sought him. At noon Monday they had been unable to trace Ochoa after he finished playing golf. They believe he still is in Mexico.

CANTON — (AP) — Nationalist troops trying to cut Communist supply lines in South Central Kiangsi Province said Monday they had reached the outskirts of Anfu, 150 miles east of Hengyang.

WASHINGTON — (AP) — Restoration of funds for power transmission lines, stricken from the Interior Department supply bill by the Senate Appropriations Committee, was asked Monday by the American Public Power Association.

### Headon Crash Kills Three, Injures One

STERLING CITY — Three persons were killed and a fourth injured critically Sunday in a head-on automobile collision six miles south of Sterling City.

Killed were Billy Charles Hudson, 19, and Bobby King, 18, both of Sterling City, and Harm Melton Sheppard, Jr., 27, ranch worker formerly of Brady.

Injured was Mrs. Sheppard, 18, the former Miss Bonnie Lou White of Brady.

Investigating Texas Highway Patrolmen said that the two cars in which the four persons were riding apparently met in a cloud of dust on the caliche Sterling City-Big Lake road. Time of the accident was fixed at about 9:30 a. m.

Sheppard died instantly. Hudson and King were dead on arrival at a San Angelo hospital.

Mrs. Sheppard suffered a fractured pelvis, fractured right wrist, possible internal injuries, multiple contusions and lacerations, and shock. She was given a blood transfusion and X-ray examination.

### Cold Front Drops Texas Temperatures

By The Associated Press

Blankets came out of mothballs in the Panhandle early Monday when the temperature dropped to 59 at Amarillo.

Dalhart and Clarendon in the Panhandle reported 61 and 63, respectively. Lubbock, to the South, reported 65.

The weather bureau said lower temperatures were a part of the cool front that came out of Canada and started spreading over the entire east and south portions of the country.

Other early morning temperatures included 65 at Marfa, 66 at Lufkin, 68 at Dallas and El Paso, 70 at Tyler, 72 at San Antonio, 73 at Brownsville and Houston.

Laredo was the warmest with 78. The South Texas city was the only one reporting 100 degrees Sunday. Other maximums ranged in the upper 80's and 90's.

A few showers were scattered over the state. In the 24-hour period ended at 6:30 a. m. Monday, Amarillo had .58 inch of rain, Wink .68, Beaumont .65, Dalhart .34, Austin .07 and San Antonio .05.

### Income Of Ex-Bootblack Under Fire

WASHINGTON — (AP) — John Maragon told reporters Monday a Senate committee investigating Washington "five percenters" is checking records of a bank account he had three years ago in San Antonio.

Maragon called a news conference to deny reports he had been fired from the American mission to Greece in 1946. But he conceded the Senate Expenditures Committee may have subpoenaed records of his bank accounts.

Maragon, a one-time Kansas City bootblack who once had a pass to the White House, told the committee in previous closed sessions, members said, that his only bank account was in Washington.

Asked by reporters if he had maintained a \$40,000 account in Texas, Maragon said he had an account in San Antonio about three years ago.

He wouldn't say how much he had on deposit, or say what business he was in at the time.

The "five percenter" investigation involves persons who charge that fee to get government contracts by business men. The practice is not illegal.

Maragon denied he is "connected with any one percenters, five percenters, 50 percenters, or million percenters."

He said the question of his bank accounts is not how much may have been on deposit, but how much of the money was his.

"You may have a \$500,000 bank account and the question is how much of it is yours," he said.

He said the question of his bank accounts is not how much may have been on deposit, but how much of the money was his.

"You may have a \$500,000 bank account and the question is how much of it is yours," he said.

### Uranium Supply Assured

WASHINGTON — (AP) — The Atomic Energy Commission announced Monday its new and more effective atomic bombs—proof-tested at Eniwetok—are being produced "on an industrial basis."

It also said uranium and plutonium for bombs and other atomic energy uses are being produced "in greater quantities than ever before."

Relating "advances in all phases of the national atomic energy program," the AEC in its sixth semi-annual report to Congress also listed progress on the medical front, including indications that relatively inexpensive radioactive cobalt eventually may prove to be a better cancer treatment than radium.

At the same time the AEC disclosed it had found ac-in-the-hole sources of uranium in this country that could be used at some future time for military applications—in case the uranium we now get at home and abroad should cease to be available.

This country now gets most of its uranium from the Belgian Congo and Canada. Some of the precious stuff also comes from low-grade carnotite ore of the Colorado Plateau.

The commission said, "By mid-year this work (exploration) had revealed enormous tonnages of very low-grade materials (that is, materials low in uranium content)."

New In Production

"They cost more to process but they could be utilized in the future to sustain an atomic energy program for military purposes, should lower-cost uranium cease to be available."

Referring to current production of atomic weapons, the report said: "New and more effective weapons which were tested at Eniwetok in 1948 are in production. Under the commission's direction, components of these weapons are being produced on an industrial basis by competent manufacturing concerns or special government facilities throughout the country."

In the field of processing "feed materials" for the production of fissionable uranium and plutonium, the commission also reported successful pilot plant tryouts of two new processes that will cut costs.

And, in the field of medicine and biology involving atomic energy materials.

### Teacher Workshop Underway Monday

A workshop for Midland and area school teachers got underway here Monday. The workshop is sponsored by the Midland system and the University of Texas.

Registration was underway during the morning and more than 60 teachers were signed.

Classes are scheduled at 8 a. m. daily until 11:15 a. m. in the North Elm elementary school.

Workshop classes continue through August 19.

### Dollar Day Shopping Heavy In Midland

Dollar Day on the first of the month brought throngs of persons to Midland Monday.

Shoppers scurried into Midland stores to take advantage of the attractive prices of the special Dollar Day event by merchants here.

Parking spots were at a premium and the sidewalks were crowded in the main shopping district.

Out-of-town visitors to Midland were among the hordes of shoppers.

### Early Morning Fire Damages Drug Store

The J&L Drug on East Highway 80 was damaged by fire early Monday. Firemen made two runs to the blaze.

The first fire was reported at 4:10 a. m. After it apparently had been extinguished and firemen departed, the blaze broke out again. A greater part of the damage was to store stock.

Firemen also extinguished a blaze at 200 East Illinois Sunday morning. A warning flare was knocked over and fuel from the pot caused the pavement to catch fire.

### 'SHUT UP, OR ELSE!'

## Radio Man Bill Mason Cites Threat In Final Broadcast

By WILLIAM C. BARNARD

ALICE — (AP) — "The word has been passed to me that I better shut up, or else!" W. H. (Bill) Mason said in his last broadcast.

The text of the final program was released Monday by the son of the slain radio commentator. Burt Mason, 22, gave the document to The Associated Press following his father's funeral Sunday.

Bill Mason was shot to death here Friday and Sam Smithwick, 60-year-old deputy sheriff, is charged with murdering him.

The last broadcast, delivered Thursday, was a stinging broadside at the sheriff's department.

Burt Mason also revealed that his family received a warning Friday, two hours before his father was fatally shot.

"A woman telephoned my mother," Mason said, "and told her 'I just overheard a conversation — your husband is in danger.'"

"The woman didn't identify herself and said 'Someone is listening — I have to hang up.'"

Hundreds attend services

"The family didn't pay any attention to the warning since daddy was being threatened almost daily."

Hundreds attended funeral services Sunday at the First Presbyterian Church and the overflow crowd spilled out on the lawn.

Flowers peered through every open window of the church and 103 floral pieces were banked around the flag-draped casket at the front of the auditorium.

Three hours before services began Smithwick, father of seven grown children, was returned to the (Continued on page 2)

### Injuries Are Fatal To H. B. Rouse, Jr.

H. B. Rouse, Jr., 30, of Dallas, son of Mr. and Mrs. H. B. Rouse of Hotel Scharbauer in Midland, died late Sunday in a New York City hospital from injuries suffered earlier in the day in an automobile accident in Manhattan.

Rouse was in New York City on business. His father went to New York City by plane Sunday night. Interment will be in Waco. The time of the services had not been decided Monday morning.

H. B. Rouse, Jr., lived in Midland several years before moving to Dallas.

### Stop-Gap Financing Approved In House

WASHINGTON — (AP) — The House rushed to the rescue of a group of moneyless federal agencies Monday by voting them stop-gap financing until August 15.

Funds of the agencies were out off at midnight Sunday with expiration of a previous stop-gap bill.

The House last week had voted to finance them through August 31, or until their regular money bills clear Congress, but the Senate out-threw that date to August 15.

House acceptance of the Senate change sent the measure to President Truman so the agencies can meet payrolls.

### Texas Feels Cutbacks In Petroleum-Warren

J. E. "Ed" Warren addressed Kiwanis members at their luncheon Monday concerning the domestic petroleum situation. Warren is a member of the executive committee of the Independent Petroleum Association of America which is a national wide organization of independent oil operators and producers.

"The reason for the recent cutbacks in oil production stems from the vast amounts of imports pouring into the country," Warren stated. Huge resources in the Near East and South America are attempting to find an outlet and the United States is the "dollar market available," he pointed out.

"Cutbacks in production of oil in the United States is particularly felt in Texas and this area. Texas has suffered 78 per cent of the cutbacks in production and accord-

### Texas Rites Set For Crash Pilot

CORPUS CHRISTI — (AP) — Funeral services for Naval Lt. (jg) Robert Vernon Poe, 25, will be held here.

Poe, whose wife lives here, reportedly stunted his plans into an Eastern Airlines above Fort Dix, N. J., Saturday. He and 15 others died in the crash.

Funeral details were incomplete.

## Girl Against The Channel:

Shirley and trainer: After four months on Coach Harry Bondakian's diet and calisthenics, "she filled out beautifully."

By RICHARD KLEINER  
NEA Staff Correspondent

SOMERSET, MASS. — A husky, 16-year-old, blonde American girl has come out of the shanty home of her poor parents here and today is in England, training to swim the English Channel.

She is Shirley May France. Her father, J. Walter France, once was a professional swimmer himself and for years has been teaching Shirley with the channel goal in mind. If successful, Shirley will be the first American to swim the 19 miles of tide rips and currents since 1926 and the youngest person of either sex ever to complete the journey. Shirley hopes to make the swim before her seventeenth birthday on August 11.

Her personal story will be told under her signature through NEA Service, which has purchased the rights, through contract with Shirley and her father, as guardian, and will be published exclusively through its member newspapers, including The Reporter-Telegram.

Shirley looks a typical wholesome small town girl. She's happiest in a bathing suit but likes and makes strip shows. She wears no makeup. What sets her apart is a combination of heart, lungs and muscles which already has earned her distance swimming laurels in this country — a quiet confidence and determination to

swim her way to fame with the hope that it may bring financial rewards.

Shirley wants neither fame nor fortune for herself. She wants them so she can get her family out of their ramshackle home.

The France home is one-story, roofed with red tar paper and covered with imitation brick siding. The front door is made of planks nailed together and the floors tremble underfoot.

Shirley lives here with her "Mom" and "Pop" and three younger children, Marilyn, 12, Carol, nine, and Jackie, four. Walter France is an oil burner service man in nearby Fall River, which Somerset folk call "the city." Her mother operates a sewing machine in a dress factory.

Nearly, across lots littered with junk is Mount Hope Bay where Shirley first learned the kick and stroke of the distance champion. She has swum since she was six (Continued On Page Seven)

## Shirley May France, Pretty U. S. Teen, Tells Own Story Of Hope

Shirley and family: In the middle, Dad, mother and Shirley May. At front, Jackie, four; in back, Marilyn, 12, and Carol, nine.

Soon-to-Wed Stewart Nixes Honolulu As Honeymoon Spot

By ERSKINE JOHNSON NEA Staff Correspondent HOLLYWOOD—Dick Haynes and Joyce MacKenzie flew to Honolulu for their honeymoon but Jimmy Stewart isn't sure now that he and Gloria McLean will follow their marriage early in August.

Jack Benny's latest: "If I weren't the cheapest guy in the world, Fred Allen wouldn't have anything to talk about."

There's a campaign cooking for a big U. S. movie festival in October, when 20 top films will be released. The industry hopes to regenerate the movie-going habit.

Everyone is borrowing the squelch line Joan Leslie throws at Joan Fontaine in "Bed of Roses" when she learns Joan has stolen her man.

Dana Andrews went to Catalina Island on a day off from "My Foolish Heart" and decided to teach his two boys, David and Stephen, how to sail a dinghy.

A nearby speedboat, "rescued" the trio and five-year-old Stephen put a topper on the adventure with the crash.

According to the text of the final broadcast, Mason was sharply critical of Sheriff Sam and accused Smithwick of being the owner of property at the edge of town where a night club was situated.

"I am going to take the gloves off today in the prostitution situation and start swinging," Mason said in his last broadcast.

Smithwick placed himself in jail following the shooting. An examining trial for Smithwick will be held Tuesday in the court of Brown Fuller, justice of the peace.

Deputy Maintains Silence Smithwick has been a peace officer in Jim Wells County and Duval County more than 25 years. His farm and ranch interests near Alice. He has continued to refuse to make any statement.

In the funeral services for Mason the Rev. Andrew Byers, pastor of the First Presbyterian church said: "Bill Mason had his good points and his faults, as do we all. I speak as a man who respected his abilities and courage, and did not like his weaknesses."

"It is my plea to all of you that at this moment we shall face the world as Christian people."

Lumber that resists fire, rot, and insects, now can be made by filling wood with chemicals.

Stanton Tells Its Story

Stanton, county seat of Martin County, tells its story on a bill board near the city's border on U. S. Highway 80. The parenthetical claim seems to have resulted from speculation over the population. The figure of 2,500 was suggested at a meeting of the Stanton Lions Club but some members interposed that the total didn't include the recalcitrant citizens of the community. So, just for fun, they were made a part of the sign.

Texas Counts Toll Of 18 Fatalities In Weekend Violence

By The Associated Press At least 18 persons died violently in Texas during the weekend—more than half of them in traffic accidents.

Three persons were shot to death, an infant was strangled accidentally, a man was stabbed fatally, a man was electrocuted, one drowned, and a man was run over by a train.

The latest death reports included: Three persons died in a head-on collision Sunday on a dirt road six miles southwest of Sterling City in West Texas. They were Harm Milton Sheppard, 26, Sterling County ranch worker; Bobby King, 19, and Billy Hudson, both former Sterling City High School athletes. Sheppard's 16-year-old wife was injured.

Matias Flores, 65, Sugar Land night watchman, died Saturday night an hour after a car hit him as he walked across a highway.

Two men were shot to death in a Laredo hotel early Sunday. They were Henry Whittenberg, Jr., 31, operator of Farmers' Gin Company at Laredo, and James Lindsay, 33, Air Force non-commissioned officer from San Antonio. Police charged George Ochoa with murdering Whittenberg and are seeking him for questioning in the other slaying.

Tommy Richard Gould, Jr., 23, was shot to death at Houston Saturday night. William Fiqua, 50, was charged Sunday with murder.

Bobby J. John, 27, of Dallas was killed by an electrical shock from a drill Sunday.

Julia Nichols Betts, 10 months old, was strangled to death accidentally in her sleep Saturday night in Dallas by a venetian blind cord.

Hermilio Gonzalez, about 65, a Mexican citizen, was killed just outside Harlingen's city limits Sunday when a truck ran over him.

Billy K. Mischen, 56, was hit by an automobile while walking across a San Antonio street late Saturday night. He died Sunday.

The body of Abelardo Torres, 67, was found early Sunday in the middle of the main Southern Pacific Railroad tracks at San Antonio. The body was badly mangled.

Joe Flores, McAllen, was stabbed to death at San Antonio Saturday night. Police arrested a 22-year-old girl.

Frank Rogers, 64, El Paso insurance salesman, was injured fatally late Sunday night when two cars collided near El Paso.

Lightning Kills Two At Baseball Game BAKER, FLA.—(AP)—Two semi-pro players were killed and 50 other persons were injured by a lightning bolt that ripped into a baseball game and scattered a screaming Sunday afternoon crowd of 300 here.

The bolt plowed a ditch three inches deep and 20 feet long in the baseball diamond and spread flashes of electricity and sparks throughout the park.

LADY GOLFERS WILL NOT MEET The Ladies' Golf Association's weekly luncheon will not be held for the next two weeks because the Country Club dining room is to be closed. The next luncheon meeting will be held August 19.

U. S. Chiefs Talk With European Military Leaders

FRANKFURT, GERMANY.—(AP)—The U. S. joint chiefs of staff conferred Monday with Army officers of Italy and Luxembourg in the first of a series of talks with European military representatives.

Lieut. Gen. Erisio Marras Italy's Army chief of staff, said the American chiefs "displayed a friendship on which we can rely without question."

The American chiefs—Gen. Omar N. Bradley, Army; Admiral Denfeld, Navy; and Gen. Hoyt S. Vandenberg, Air Force, flew in from Washington Saturday for a 10-day study of European defenses and potentialities under the Atlantic Pact.

Later in the day the U. S. chiefs were to inspect the Berlin Airlift operations at Frankfurt's Rhein-Main Airport. Then they were scheduled to go to U. S. Army Headquarters in Heidelberg for further talks with American commanders in Germany.

NEW FIREMAN O. S. Tekell Monday was employed as a fireman by the City of Midland to replace Corbie Friday. Friday resigned his position.

## Novel Shoe Fashions Keep Step With Prints

Shoe fashions keep step with summer prints. The flat patent leather Mary Janes (above) which cut a shine with summer floras make news with a side-dipping, edged vamp, a back bow of grosgrain ribbon. Two-strap linen wedge (upper right) dyed to match the background of a summer print repeats hemline color. It's a match this time in fabric and print between shantung dress and polka-dot shell shoes shown (lower right) with new high heel.

By **EPHIE KINARD**  
NEA Fashion Editor  
NEW YORK—Shoes designed to keep company with summer prints can hold their own with any bright motif that flashes from a hemline. Polka dots are carried from hemline to leather sole by shoes of silk shantung. There are high-heeled shell-cut pumps for exam-

ple, which owe this fashionable alliance with hemlines to the same time of polka-dotted fabric which makes summer dresses. Natural or white linen shoes—sandals, pumps, wedges—some matched to vanilla ice cream shades of summer clothes or can be dyed to repeat a color note of your favorite summer print.

A Summer shoe able to take any print in stride and at the same time focus eyes on its brand new design is the 1949-styled "Mary Jane" pump of black patent leather. What's new about this Mary Jane is its dipping side vamp, grosgrain binding and perky bow, tied as neatly as a school girl's hair ribbon.

## + Coming Events +

**TUESDAY**  
Promenaders Square Dance Club will meet in the Midland Officers Club at 8 p. m.  
Las Comaradas will meet in the Ranch House at 1:30 p. m. for luncheon and bridge.  
Young People's prayer meeting will be held at 7 a. m. in the First Baptist Church.  
The Pyraeantha Garden Club will meet in the home of Mrs. H. W. Stoltenberg, 1204 West Michigan Street, at 10 a. m.

**WEDNESDAY**  
Prayer meeting will be held at 8 p. m. in the First Baptist Church, followed by choir practice at 9 p. m.  
Choir rehearsal will be held at 7:15 p. m. in the First Methodist Church.  
Choir practice will be held in the First Presbyterian Church at 7:30 p. m.

The Children's Story Hour will begin at 10:30 a. m. in the Children's Room of the Midland County Library.  
The final performance of "The Drunkard" will be presented at 8:20 p. m. in the Legion Hall.  
**Library Receives Uranium Bulletin**  
The Midland County Library has received a 1949 government bulletin on "Prospecting for Uranium" which should be a help to many people who have been inquiring about uranium, Lucile Carroll, librarian says.  
The bulletin is published by the US Atomic Energy Commission and the US Geological Survey. It answers questions most frequently asked about prospecting for uranium and lists the laws and regulations that a prospector would need to know. It tells where to look for uranium, how to test for it and how to use the Geiger counter. It also describes the laboratory assays and selling procedures.  
The Midland County Library is open from 9:30 a. m. to 8 p. m. in the Midland County Court House.  
Steel can be drawn into wire one-thousandth of an inch thick. American steel production in 1948 was 88,533,729 tons, a peacetime record.

## Paisano Baptist Encampment Attended By Large Numbers

With the flavor of a cowboy camp meeting in both the food and the services, approximately 2,000 persons attended all or a part of the 29th consecutive annual Paisano Baptist Encampment, near Marfa, last week.

The unofficial number for the camp was estimated at 2,000 Sunday morning at the largest-attended service of the camp. Many people spent the whole week on the camp grounds in dormitories, private cabins, tents, and a few slept out-of-doors. Residents from Marfa, Alpine and other surrounding towns drove to the grounds for the services—all or a part of them. A large number of persons went for the weekend.

**Midlanders Attend**  
A group of 88 persons from Midland attended all or part of the encampment. A dormitory to accommodate 50 men and 50 women housed the First Baptist Church group. The name given to this dormitory is "Midland Colony."

After a week of typical cowboy "grub," most of the persons who attended the complete week's program were glad to go home for a diet of something more than "beef and beans." The food was good and very typical of the old-time cowboy camp meeting. A crew of Mexicans prepared the food for at least a 1,000 persons each meal and several times, nearly 2,000. H. L. Kokernot, Jr., of Alpine and Ben Fruet of Marfa were in charge of supervision of the cooking.

**"Filling Station"**  
The "Filling Station" or dining hall is a shed with a tin roof and open sides with a wire fence half way up. Rows and rows of tables with attached benches accommodate the people as they are served cafeteria style. There was very little standing in line because the two lines moved fast and the food was served quickly.

The rising hour for the campers all over Sunday, was 6 a. m. Breakfast was served at 6:30 and Training Union classes began at 7:30 a. m. From then on until 10:15 p. m. a very busy program was kept. Sunday School Training classes began at 10:30 a. m. Bible classes were conducted by Kyle M. Yates of Houston from 10 to 11 a. m. Dr. Harry P. Wootan of Dallas and Dr. T. C. Gardner of Dallas were in charge of the Sunday School and Training Union classes respectively.

After morning preaching service at 11:15 and dinner, from 1:30 to 3 p. m. was designated as quiet hours, which were welcomed by many of the campers. Some of the more energetic campers would combine this time with a reaction time from 3 to 4:30 and go hiking up Paisano Peak or do some similar activity.

**Vesper Hour**  
Youths' Vesper Hour at 5 p. m. was in charge of the Rev. Raymond G. Hall of Midland. Lola Farnsworth of Midland presented chalk talks, assisted by the trio, Ruth Hall, Nellie Clark and Anne Upham, all of Midland. The WMU Hour and the Preachers' Meeting were held at this same time.

The large bell called the campers to supper before Training Union classes at 7 p. m. Evening worship began at 8 with Dr. Perry Webb of San Antonio and Dr. E. S. James of Vernon at camp pastors. Friendship circle for the young people, which consisted of a sing-song, was held immediately after the service.

Dr. B. B. McKinley of Nashville, Tenn., was in charge of the music for the whole camp. Mrs. D. Richardson of Jacksonville and Ray G. Collins, Jr., of Houston were the pianists. Mrs. Raymond Hall of Midland was pianist for the Saturday evening and Sunday morning services.

C. T. Mitchell of Marfa was elected president for the encampment for the coming year in a meeting of the board of directors Saturday.

A free-will collection was taken Sunday morning to cover the expenses of the encampment and for needed improvements to be made before next year. A goal of \$25,000 was set and almost reached and probably will be met before all of the contributions are in. No charge is made for the encampment; however, everyone is expected to share in the expenses.

Visitors came from 96 cities in Texas, 15 states and Washington, D. C. El Paso led all the cities in registered attendance with a total of 148. It is thought that Midland was second, with 88.

Those attending for the week from Midland included the Rev. and Mrs. Vernon Yearby, Rosanne and Harriett, Mr. and Mrs. Hall, Miss Farnsworth, Miss Upham, Miss Hall, Mrs. W. S. Helm, Alma Merrell, Mrs. Ernest Neill, Jane, Iris, and Margie, Mrs. Clint Dunagan, Walter, Tony, Mike and Marilyn, Miss Clark, Swan Hagler, Martha Preston, Dorothy Routh, Tom Wingo, Don Davis, Kenneth Wright, Don Scott, Don Means, Rip Griffith and Martha Scharbauer.

Weekend campers were Mr. and Mrs. James Colvin, Ruby Joyce Raly, Dorothy Raines, Anna Nello Streeter, Doyle Lowrey, Faye Shuler, Oscar Dorsey, James Kerr, Merial Hamilton, Louis Berill, Verla Lee Goins, Wilda Drake, Edith Conyers, W. E. Brown, Al Aisp, Warren Johnston, Faye Medeson, Nadine Clements, Edith Collings, Lewis Wingo, Jean Godfrey, Mr. and Mrs. Martin Neill, Genora Brown.

Mr. and Mrs. J. C. Angel, Mr. and Mrs. Don McGregor, Mrs. E. F. Conner, Mr. and Mrs. Tracy Anderson and David, Jo Ann Montgomery, Annell Kinard, Peggy Greathouse, Patsy Collins, Mr. and Mrs. Rollins Senter, Mr. and Mrs. Flint Cosby, Mrs. J. S. Griffith, Lynn Griffith, Mrs. E. R. Powell, Ralph Powell, Wanda Holdridge, Mr. and Mrs. C. G. Murray, Johnny Murray, Mr. and Mrs. Arnold Scharbauer, Joanne Glass, R. O. Storey, Buddy Stovall and Yates Brown.

**Methodists Have Party For Pickens**  
Jim Pickens, associate pastor of the First Methodist Church, was honored with a reception Sunday night.

The reception, attended by a large crowd, was held in the Educational Building of the church immediately after evening services at which Pickens gave the sermon. He is leaving Midland on a trip East before returning to Southern Methodist University to resume his theological studies at Perkins School of Theology.

Jack Goddard, chairman of the Board of Stewards, presented Pickens with a gift from the church.

**Beauty Consultant Is At Tull's Drug**  
Margaret Deane, beauty consultant from Primrose House and Hollywood, will be at Tull's Drug Store through Thursday demonstrating this line of cosmetics.

She will be in the store after 10 a. m. and will show the cosmetics to anyone interested in them.

**Summer Cooler**

Designed to flatter the woman of larger figure is this two piece outfit that's so cool and comfortable. The neat sun dress has a contrasting band at the top that matches the bolero collar.

Pattern No. 8441 is a sew-rite perforated pattern for sizes 36, 38, 40, 42, 44, 46, 48, 50 and 52. Size 38, dress 3 1/2 yards of 39-inch; bolero, 1 1/2 yards; 1 3/8 yards contrast.

For this pattern, send 25 cents, in COINS, your name, address, size desired, and the PATTERN NUMBER to Sue Burnett, Midland Reporter-Telegram, 830 Wells Street, Chicago 7, Ill.

The Fall and Winter FASHION is a complete guide in planning a wearable fall wardrobe. New—exciting—informative. Free pattern printed inside the book. 25 cents.

## Two Stories Told At Children's Hour

"Mike Mulligan and the Steam Shovel" and "Dr. Trotter and His Gold Watch" were told by Mrs. K. C. Heald, Jr. at the Children's Story Hour Saturday morning in the Children's Room of the Midland County Library.

Danielle Griffin, Christa Griffin, Theresa McNeal, Cynthia Parkinson, Miriam Parkinson, Betty Lou Davis, Richard Whittingham, Charles Henderson, Jr., Jackie Seyer, Billy Darnell, Frances Demer, Mary Cassidy, George Martin, Volle Mae Rawlins, A. C. Rawlins, Charlotte McBride and Bill Parker attended.

This week's story hour will be held at 10:30 a. m. Saturday.

## Oma Lowery Fetes Rankin B&PW Club

RANKIN — The Rankin B&PW Club met Thursday night in the home of Oma Lowery with 14 members and a guest present.

Following a short business session Mrs. Louise Anderson presented Leah Johnson who made an interesting talk on "How We Grew" in commemoration of the 50th Anniversary of B&PW Clubs, which was observed throughout the United States during July. This was followed by Miss Myrna Holman, delegate to the recent state convention in Houston, who played the recording she made of an address which was a highlight of the convention. The speaker was Dr. Berlice Moore of the Hogg Foundation for Mental Hygiene of the University of Texas.

The hostess committee, including Mrs. Lowery, Mrs. Rena Johnson and Miss Grace Roach, served frosted punch and cookies from a beautifully laid table in the dining room. Others attending were Mary Frank Fitzgerald, Lella Workman, Rosalie Shiller, Jane Still, Nan Daugherty, Maggie Taylor, Gladys Carter, Elizabeth Rains and a guest, Mrs. Margaret Ann Webb of Kansas.

**Attend Reunion**  
Mr. and Mrs. L. J. Cherry attended the Eastman Reunion at Mason Sunday. It was a reunion of Mrs. Cherry's family.

## Lullaby Tea Honors Mrs. W. A. Lindsay

CRANE—Mrs. W. A. Lindsay was honored with a Lullaby Tea recently in the Community Hall. Mrs. J. C. Grisson, Mrs. L. D. Lafferty, Mrs. Bill Chasne, Mrs. Hayes Tigert and Mrs. B. J. Jones were hostesses.

Gladiolus, dahlias, pinks and asters in pink and blue tints were used to decorate the hall and the centerpiece of the lace covered gift table was a miniature basket with a stork on either side. The centerpiece of the refreshment table was a crystal bowl of pastel gladiolus. Guest favors were pink flannellette scarves tied with blue ribbons.

**Gift Presented**  
The honoree was presented a bathnet of light weight aluminum as a gift from the hostesses.

Those attending the tea were Mrs. Fred Davidson, Mrs. D. D. Hightower, Mrs. E. C. Clayton, Mrs. A. P. Birdson, Mrs. L. P. Osborn, Mrs. Cecil Young, Mrs. H. A. Williams, Mrs. O. Y. Idom, Mrs. T. R. Sullivan, Mrs. Raymond Dunn, Mrs. R. M. Lindsey, Mrs. W. S. Slater, Mrs. R. P. Ross, Mrs. R. L. Shafter, Mrs. Elva Avent, Mrs. Ruby Palmer and Mrs. Ruth Hall.

## Story Hour Held At Dunbar Branch

The Dunbar Branch of the Midland County Library held a Children's Story Hour Saturday morning with Mrs. Callie Mae York as custodian. The children heard the story of "The Little Old Woman and Her Duck Who Did Not Sneeze."

Ernest Joe Clemons, Nathaniel Harris, Barbara Ann Davis, Edna Frances Mack, Addie Pearl Pardue, Herman Pardue, Inesia Pardue, Raymond Pardue, Willie Pardue, Willie L. Black, Wanda J. Black, Robbie M. Black, Rayford Griffin and Velma J. Carroll attended.

GOP Leaders Split

The split among leaders of the Republican Party apparently is not going to be healed easily.

The fight is more than a tug of war for control of the party's key machinery. It is symptomatic of the confusion, the bitterness and the doubt that assailed the Republicans after their stunning defeat at the polls last Fall.

Merely to turn the GOP in the direction the Democrats are moving would not seem to promise fulfillment of the opposition party's function.

Mrs. Elizabeth Bentley, confessed Communist courier, lived up to the halls of Congress in an otherwise quiet Washington Summer last year.

### Speedy Action Seen On Clark Nomination

WASHINGTON — (AP) — Speedy Senate action on President Truman's selection of Attorney General Tom Clark for the Supreme Court was promised by Chairman McCarran (D-Nev.) of the Judiciary Committee.

McCarran, who has been critical of Clark's handling of some of the Justice Department's affairs, told a reporter he will raise no objection to the nomination.

The senator noted that under the committee's rules, a week's notice of hearings must be given on any judicial nomination. Thus if Truman sends the appointment to the Senate this week, it will be next week before the committee could act upon it.

**Missourians Silent**  
Thus far, McCarran said no senator has served notice he wants a hearing. He said it is probable, however, that Clark will be asked to appear before the group.

Senators Donnell (R-Mo) and Kem (R-Mo) maintained silence on whether they will fight the Clark nomination. Both have criticized him for what they charged was his failure to prosecute vigorously Kansas City vote fraud cases two years ago.

Senator J. Howard McGrath of Rhode Island, picked by the President to succeed Clark as attorney general, is expected to tell President Truman soon whether he can accept that appointment.

Senate confirmation is required for both the Clark and McGrath nominations.

### Whoosh! The Smooth Way To Dinner

Things are looking up when Mom rings the bell... But, hey, where's the fire?

It's just the way the Van Der Bosche family gets together for dinner.

Light in a two-flat home in Chicago, Mr. and Mrs. Edward Van Der Bosche and their nine children, ranging from seven to 25 years old, had a problem. Mom was always complaining that it took too long for the gang to reach the table after she rang the dinner bell. But nine-year-old Casey came up with an idea that solved the problem. He watched firemen sliding down the pole in the neighborhood fire station and decided that was what they needed at home. Now the dinner bell is followed by nine "whooshes" and soups on.

### Bank Report Cites Economic Downtrend

DALLAS — (AP) — The Dallas Federal Reserve Bank reported Monday the trend of economic adjustment from the peaks of postwar inflation continued downward during the first six months of this year.

Vice President Watrous H. Irons of the bank, in a midyear review of economic activity, said in some cases declines were somewhat steeper than perhaps was generally anticipated six months ago, while in other cases declines were very moderate.

The review continued: "In general, declines were most marked in such areas as industrial production, manufacturing employment, hours worked in manufacturing, and unemployment, which increased."

**Mixed Strength, Weakness**  
"Resistance to the trend was most apparent in retail trade and consumer expenditures, construction, agricultural production, and plant and equipment expenditures."

"It certainly would be shortsighted and foolhardy to become smug and self-complacent regarding the economic situation as long as the trend is downward and there are as many elements of uncertainty in the picture as there are today."

"On the other hand, nothing is to be gained from an attitude of pessimism and foreboding that is unrealistic in terms of the economic facts. There are elements of both strength and weakness in the economy, and the relative importance of these countervailing forces should be appraised carefully."

### SAN ANTONIO'S CITY BUS WORKERS STRIKE

SAN ANTONIO — (AP) — Workers at the City Bus System struck early Monday in a dispute over wages.

Thousands of early morning travelers were stranded. San Antonio's swamped taxicab companies when phone calls for reservations for cabs.

## Commie Strategy For Seizing Control Of U. S. Told In Trial

NEW YORK — (NEA) — The Communist strategy for taking control of this vast nation with less than 100,000 "activists" has been aired to all America from the witness box in Federal Court here.

It is disclosed, in outline form, in the sworn testimony of six undercover FBI agents — and by a former editor of the Communist "Daily Worker" — as witnesses against 11 top members of the Communist American "Politburo."

Americans can — and many do — scoff at the idea that the United States could be conquered by such methods.

But these are the methods by which 50,000 Russian revolutionaries, under Lenin and Trotsky, took and kept control of all Russia. They are the same methods by which Poland, and the Balkan countries, have been taken over by minorities against the will of majorities.

Red "leadership" schools are teaching these methods in many American cities, to selected men and women, using the history of Russia's 1917 revolution as a technical textbook.

**In Case Of Depression**  
Unless all the FBI's undercover agents have perjured themselves on the witness stand, both in direct testimony and under withering cross-examination, they are the methods that the "party" intends to try to use in this country if we should have another 1930-type depression, or if war should develop between the U. S. and the U. S. S. R.

The strategy consists of two major activities, to be carried on side by side, each having its own purpose but each helping the other:

- To stir up hatred by appealing both to legitimate grievances and to human selfishness. This involves appeals to negroes, other minority racial groups that are the subject of discrimination, dissatisfied veterans, workers who want higher pay and young folk who know there are injustices in the world and want to help correct them.

The goals are to make as many people as possible dissatisfied, to make as many as possible hate as many others as possible, to lay the psychological groundwork for strikes, sitdowns and disorders, which the workers will think they started themselves.

**In Key Positions**  
2. Meanwhile, trained "activists" are to be planted secretly in key positions in the industries that will be most vital in case of civil or foreign war. These will have the double job of carrying out sabotage themselves and of stirring up the non-Communist workers. Where possible, by controlling the machinery of key labor unions the "party" would use these to slow down or stop production.

The Reds have suffered serious setbacks in labor ranks of late. Union after union has taken back control over its machinery from them. Some of the industries that they consider most vital to their plot have been named in the testimony.

The key is transportation, without which a modern war cannot be fought. In city after city, agents have sworn, "leadership" students and other "activists" have been told that they must get into the railroad, trucking, shipping, cargo-handling businesses and unions.

The UAW, controlling the automobile truck-airplane industries is a major goal. So is the electrical industry. Key to many others is in Massachusetts, the General Electric plant making airplane jet engines was a prime target. Steel making is another, and the packing industry.

No False Hopes  
The "party's" instructors, as quoted by FBI agents from city after city — Boston, New York, De-

# Shooters Move In On Dallas

DALLAS — (AP)— Skeet shooting's World Series opened a week-long stand Monday, with more than 600 shooters expected to vie for the 27 individual championships.

Texas defend 16 of the 27 titles in the National Skeet Shooting Association's big tournament. Most of them are on hand to try to do just that.

The big title—the national all-gauge championship—is held by Sgt. Glen Van Buren of Carswell Air Force Base, Fort Worth.

The all-gauge championship shoot will not start until Friday. The preliminary National Handicap event and warm-up rounds on tap Monday, with the national sub-junior and women's junior events and the two-man team shoot on tap Tuesday.

Defending women's all-gauge champion is Mrs. R. H. Martin of San Antonio. She also is the women's high-over all title.

George Glass, Jr., of Midland is the defending junior champion. The preliminary National Handicap is a five-in-one event which will swell the total number of championships to be determined to 32.

# Indians Judge Rockets 2 To 1

## Leon Hayes Hurls Extra-Inning Win

The San Angelo Colts move into Indian Park Monday night to open one of the most important series of the season with the Midland Indians. Game time will be 8:15 p.m.

The Colts are Midland's closest challenger for third place at present.

Ralph Blair will be on the mound for Midland in the opener.

Midland's vitalized Indians extended their winning ways to two games by taking a 2 to 1 decision from the Roswell Rockets in 10 innings at Indian Park Sunday afternoon. The victory gave the Indians a clean sweep of the two-game series.

Lefty Leon Hayes notched his fifth victory of the season as he went the route.

He pitched shutout ball for eight full innings and would have finished ahead in the regulation time if several undesirable things hadn't happened in the ninth.

Hayes walked two pinch-hitters after two were out. With runners on first and third, Jackie Wilcox hit a blazer through shortstop that went for a single and drove in the tying run.

Midland had scored one in the fourth on consecutive singles by Warren Sliter and Julian Pressley and an infield out by Lou Dawson. Vic Michalec had held the Indians hitless until then.

After the Rockets tied the score in the ninth, Hayes settled down to nip them without damage in the tenth. The Indians were confident. As they left the field to take their lumps in the last of the tenth frame, every man brought in his glove.

Bobby Rose, lead-off hitter, slashed one by the leftfielder to open the Midland tenth with a triple. Stanley Hughes bounced out, third to on first, Warren Sliter drove a long fly to Bob Crues in centerfield and Rose romped home with the winning run after the catch.

The box score:

## SPORTS SLANTS

by SHORTY SHELburne

The three-game series opening in Indian Park Monday night between the Midland Indians and the San Angelo Colts is one of the most crucial series of the season for both teams.

If the Indians sweep the series, it likely will dump the Colts into the second division. On the other hand, if the Colts take all three games, the Indians will be dropped to their lowest post of the year in the standings.

—S—  
Sam Harshaney brings his team here for its final series of the season in Indian Park. He'll be out to win more than ever because the Colts are only three and one-half games back of the Indians.

—S—  
When the Colts were here last time, they swept three without ever looking back. They'll find it tougher this time, however, because the Midland pitching staff is in better shape.

Ralph Blair, with three days rest, will hurl the opener.  
Ernie Nelson is due to go in the second game and probably Glenn Patton in the finale.

—S—  
Nelson took a stiff workout Friday and reported his arm felt like a million dollars. He says the soreness is gone.

If it all goes like Ernie thinks it will, he'll be taking his regular turn on the mound.  
We don't know of anything that could help the Indians more right now.

—S—  
A vote of thanks and a big hand is due little Ed Cox, the rookie receiver now working behind the pylon for Midland.

He came here when we needed him plenty. He was a little shaky in his first games but had that coming just like any rookie does.

Now he's doing a good job. He's getting his base knocks, too.  
He showed his color and tight when he came back to catch the entire game Sunday afternoon after being struck a hard blow in the head with a bat in the first inning. The blow was unintentional by Jackie Wilcox of Roswell, but it was mighty rough on Cox for a few minutes.

Cox has helped us. Now, let's help him by giving him a big hand when he comes to the plate during this home —

**HALF SLANTS...** Jimmy Edwards, a center, and Barney High-tower, a fullback, both of Midland, are among the lettermen returning at Austin College. Ray Morrison, head football coach, says he'll have at least 50 other candidates to back them up. . . Hardin-Simmons University will play its home games on the campus for the first time in seven years during the coming season. They have been using Abilene's Fair Park Stadium. . . Wade Whiteley has announced a nominal fee will be charged for the West Texas Invitation Swimming Tournament at the VW Pool Saturday. . . The charges will be necessary to meet expenses. The event is sponsored by the Midland Junior Chamber of Commerce. . . Abilene Christian College has ordered up a big dish in the opening game of its grid season—Texas Tech. The game will be played in Lubbock, too.

## Two Games Slated In Softball Loop

The battle for playoff berths in the Midland League is due to get hotter from here on. The season has only 15 more days to run.

A lively two-game card is on tap Monday night at Wadley Field. Rotary Engineers, trying hard to crash the first division, will play the Rebels in the first game.

Standard and Shell meet in the second game. Both are in the first division at present.

## Crane Splits Two With McCamey

CRANE—The Crane Gulf Oilers and the McCamey All-Stars split a softball doubleheader here Saturday night with Crane winning the first tilt 15 to 0 and dropping the nightcap 5 to 0.

Red Denham whiffed 13 batters in hurling the Crane victory. He allowed only two hits.

Middlebrook pitched for McCamey in the finale.

## Midland Colts Win Over Imperial 12-6

The Midland Colts swept past the Imperial Hawks 12 to 6 in a baseball game at the Latin American diamond here Sunday afternoon.

Heredia and Williams combined their pitching efforts for the victory.

## WT-NM League—

### Ablene Blue Sox Crush Lubbock To Push Flying Duks

By The Associated Press  
Ablene isn't kidding—it wants to get on top of the West Texas-New Mexico League.

The Blue Sox Sunday crushed Lubbock 19-5 on 30 hits to climb with a few percentage points of league-leading Albuquerque.

The total number of hits was the biggest this season in the free hitting class C circuit.

Albuquerque split a double bill with Borger, winning the second game 11-6 after dropping the first 7-5.

Pampa beat Lamesa 10-4, and Clovis blasted Amarillo 11-2 in other games.

George Sturdivant got six singles in seven times at bat for Abilene and Stubby Greer got five for seven, including a grand slam homer.

Pampa backed George Payte's effective pitching with 13 hits, while Clovis had an easy time with Amarillo.

A three-run homer by Ken Sears gave Borger its victory. It was all Albuquerque in the second game.

Johnny Mize of the Glanis is the National League's veteran in All-Star games. He has appeared in nine, making five hits in 23 trips to the plate.

## Texas League—

### Ocee Indians Join First Division As Eagles Nip Sports

By The Associated Press  
Oklahoma City is in the first division of the Texas League Monday — thanks to Dallas.

The Indians whipped Houston 10-6 Sunday night and moved into third place, gave them a clean sweep of the series and extended their current winning streak to four games.

Tulsa edged closer to first place by thumping San Antonio 2-1 and 7-5, while league-leading Fort Worth edged Beaumont 8-7.

Dallas kicked Oklahoma City around at the beginning of the season, but Sunday night really did the Indians a favor. The victory over Shreveport left the Eagles firmly in third place, gave them a clean sweep of the series and extended their current winning streak to four games.

Pete Lewis' two-run homer saved Shreveport from being blanked.

Eighteen hits, five by Herb Conyers, the league's top batter, gave Oklahoma City its victory.

Fort Worth scored three runs without a hit in the eighth inning to take the lead from Tulsa, 4-3, at five walks and a hit batsman.

Pitcher Frank Smith got credit for both Tulsa victories. He allowed six hits in going the distance in the first game, then relieved John Beard in the eighth inning of the second tilt. Joe Adcock's game-winning single came after two were out in the ninth.

## Engineers Give Answer to Problem of Texas Weather

Faced with the ups and downs of Texas weather, engineers have produced a new motor oil that stays thin for easy flowing in cold weather, yet stays full-bodied and tough on hot days. The new product, Humble Esso Extra Motor Oil, has the highest resistance to temperature changes of any motor oil in Texas, or any

where else, according to Humble Company technicians. The technical name for this quality is high viscosity index; Humble scientists add that high viscosity index is a good guide to high motor oil quality. Humble station salesmen are urging customers to drain dirty, diluted oil and refill with new Esso Extra Motor Oil for extra protection. Adv.

## Shirley May Against The Channel

This is the home in Somerset, Mass., that is the big reason for Shirley May's determination to swim the Channel. She's not after fortune for herself, but a better life for her family.

(Continued From Page One)

But last year she entered her first competitive race and won the 12-mile Lake George marathon. She made a swim of 30 miles when she was 13.

Mom and Pop France and the kids pitch in to keep their place as neat as its weather-beaten materials permit. Shirley gets the family breakfast during the winter months when her training routine is not so vigorous. And she keeps an eye out for the younger children.

Once the Frances had a \$10,000 house and a Cadillac car. They weren't rich, but they didn't have to count pennies. That was during the war. Pop took the family to Mount Clemens, Mich., and got a good paying job in a war plant.

**Father Has Accident**

Then France had an accident. A car killed a man and there was no insurance.

"They wiped me clean," Pop France says. "They took the house, the car and everything I'd saved." He spent months in a hospital and underwent several operations. Poor health and ill fortune gave him a nervous breakdown.

"My health is shot," he says. "I come home from work and all I do is lie on the floor." From Mount Clemens, they came home to Somerset and Mom went to work at the dress factory to "keep the family together." Housing was scarce and they were glad enough to rent what they now call their "beach cottage," which was all they could afford anyhow.

Shirley's training went right on. The family budget was stretched to buy her steaks to build strength into her muscles.

**Professional Trainer**

And one day Pop decided that he had taught Shirley all that he knew and that she should have more professional training. He sought out Harry Boudakian, football, basketball and baseball coach at Somerset High. Boudakian had been a three-letter athlete at Boston University and played some

baseball with the New York-Pennsylvania League.

She first came under his care in January, 1948.

"She weighed about 120 pounds," Boudakian recalls. "She was scrawny and her posture was bad. She was stooped over and her shoulder blades stuck out. But I could see she was a wonderful swimmer."

He put her on a diet calculated to build up her weight and calisthenics to build her strength. After four months she weighed 157 pounds.

"She filled out beautifully," Boudakian says.

But she kept filling out too beautifully and eventually tipped the scales at 172. Boudakian altered the diet and she slid down to her present 159. She's five feet, 10 inches tall.

Shirley has had the "Channel bug" since she was 10. At that time she betted her father's time for the nine-mile Fall River City Length Swim by half an hour. Pop took Shirley aside then and told her she had the makings of a champion swimmer.

**No Dancing, Skating**

He told her that conquering the English Channel would bring her fame and money. And then as she listened intently, he told her what she'd have to go through to make that dream come true.

"I told her how much she'd have to give up and how she'd have to work," France says.

She had an eight-thirty curfew, for one thing. She isn't allowed to dance because it might tighten her leg muscles. Bicycle riding and roller-skating are not allowed.

Two months out of the year—December and January—training rules are relaxed. She can stay up later, go to some shows and the high school basketball games. But even during these months, she maintains her diet.

Shirley has made these sacrifices without a whimper. They're her story and will be told in her own bylined stories to follow this.

"I just love school," she says. "Especially I like commercial subjects like typing and shorthand."

**No Regular Boy Friend**

In school, Shirley maintains an A average. She was elected to the Student Council, and she is a member of several clubs.

One of her teachers, Miss Mary Lou Walsh, is her companion in England. Miss Walsh, a French

teacher, will also double as interpreter for Shirley and her party.

Shirley's early-to-bed routine discourages social life and she has no regular boy friend. She does manage to stay out at the movies until 10 or 10:30 perhaps one night a week.

Now, after six years of training, she is setting up training camp at Dover. With her is the following party: her father, her coach, Boudakian; chaperone, Miss Walsh; manager, Ted Worrner and a friend of the family, Emil Mickool. Some day during the next few weeks her trainers and advisers will decide that she and the channel are ready for the battle. She will go by tug to Cap Gris Nez on the French coast.

There she will be given a heavy coat of grease to shield her strong young body against the cold. She will swim through the tricky currents and tides, and she's determined to come out the other side until she reaches the beaches below the white cliffs of Dover.

**Wildlife Unit Asks Duck Season Change**

AMARILLO—(AP)—The Texas Wildlife Federation Sunday asked the Department of Interior for a change in the duck hunting season.

The federation adopted a resolution requesting a season of 40 consecutive days, with a daily bag limit of five ducks.

Last Friday, Secretary of the Interior Krug announced the Texas duck and goose season would be November 4-21 and December 21-January 7, with a daily bag of four ducks.

The federation also asked that the mourning dove season for the South Zone of Texas be changed to coincide with the quail season. Members said the change would reduce the number of doves and quail shot illegally.

**Board For Study Of Oil Reserves Named**

WASHINGTON—(AP)—A National Petroleum Council committee has been named to study how to provide substantial oil reserves for emergencies.

Council Chairman Walter S. Hallanan appointed the group Sunday at the request of Interior Secretary Krug. Appointed were:

Chairman, L. F. McCollum, Continental Oil Company, Ponca City, Okla.; R. F. Baker, The Texas Company, New York; Hines H. Baker, Humble Oil & Refining Company, Houston; E. F. Bullard, Stanolind Oil & Gas Company, Tulsa; Max W. Ball, petroleum consultant, Washington; F. S. Bryant, Standard Oil Company of California, San Francisco; E. DeGolyer, DeGolyer and MacNaughton, Dallas; J. C. Donnell II, The Ohio Oil Company, Findlay, Ohio; B. A. Hardey, Shreveport; Fred Jennings, Socony - Vacuum Oil Company, Inc., New York; E. E. Pyles, Jergin Oil Company, Long Beach, Cal.; R. S. Shannon, Pioneer Oil Corporation, Denver; Clarendon E. Streeter, Pennsylvania Grade Crude Oil Association, Bradford, Penn.; A. C. Rubel, Union Oil Company of California, Los Angeles; L. S. Westcoat, The Pure Oil Company, Chicago; Robert E. Wilson, Standard Oil Company (Indiana), Chicago.

## Planview Belter Takes Decision 4-3 Over Dunn

By BERRY APPLING

Jack Williams of Plainview Sunday annexed the championship of the Midland Country Club Men's invitational Golf Tournament by defeating Evans Dunn of Midland 4 and 3 in the 36-hole final.

Dunn conceded the thirty-third hole after Williams had cinched a par on it as his only possibility was to halve the hole, leaving him still 4-down and only three holes to go.

The final outcome was in doubt until after 28 holes had been unreeled. Until that point, Williams was only 1-up on the surprise conqueror of Red Roden, tournament medalist. Nine birdies by Williams compared to six for Dunn was the big difference.

Driving of both contenders was excellent but the putter failed both at several crucial moments. Dunn in particular failed to make use of some excellent iron shots that brought him only a few feet from the cup.

**One Up For 18**

Williams finished the morning round 1-up on Dunn with a scizzing 70 to go three under par for the 18 holes. On the first two holes of the morning round starting at 9:30 a.m., Williams slashed out a birdie to go 1-up on Dunn who had also shot a birdie on the first hole. Dunn drew even on number four hole when the Plainview golfer notched a bogey 5.

It was even for only one hole before Dunn bogied number 6 while Williams was paring the hole.

The golfers played on even terms until number 11 when the pride of Plainview once again gained a stroke with a birdie 4 to go 2-up in the match.

Two bogeys in a row for Williams on holes 13 and 14 let Dunn get even again but the eventual champion made up for his lapse on the following two holes with birdies. The best Dunn could do was play them in par. A third birdie for Williams on the following hole gained him nothing as Dunn matched him on the hole and proceeded to go one under par on the 18th hole to gain a stroke and end the morning round only 1-down.

The title seekers parred the first three holes of the afternoon round before Dunn drew a bogey on number four.

**Great Recovery Shot**

Dunn evened the count for the round on the fifth with a birdie after the gallery had conceded him a bogey when he landed off the fairway on his first drive. A beautiful recovery shot brought him within three feet of the cup to gain the birdie 3 while the best Williams could do was a par 4.

Playing even for the next six holes, the golfers birdied 8 holes and 11 bogeys on 12 and 13 dropped Dunn three strokes back of Williams for the entire match and a birdie 3 for the high plains performer on the fifteenth brought him 4-up over Dunn.

On the 16th green, Dunn conceded the match after he saw that the best he could do was halve the hole. With only three holes remaining and 4-down the cause was hopeless.

Van Ligon, club champion, easily

**Snead Sacks \$2,600 Western Open Prize**

ST. PAUL, MINN.—(AP)—Sam Snead, the White Sulphur Springs, W. Va., professional who says he's "tired of golf," had something Monday to relieve that tired feeling.

It was the \$2,600 he won Sunday by taking first place in the 46th annual Western Open with a 73-hole total of 288.

Cary Middlecoff of Memphis shot a 65 Sunday to boost himself to a four-round total of 272 and take down \$1,900 second money.

Snead's first-place money increased his winnings in the professional golfers lists to \$23,560.83, with Middlecoff staying right behind him with a total of \$21,924.57.

Lloyd Mangrum, Chicago; Jimmy Demaret, Ojai, Calif.; and Chick Harbert, Detroit, finished Sunday's round with 273's. Each won \$1,183.34.

Skeet Riegel, Tulsa, Okla., led the amateurs, winning the Western Golf Association's gold medal for his 284.

**Coaches Set Record For Enrollment At School In Beaumont**

BEAUMONT—(AP)—The Texas Coaching School started its weekly run Monday with a record enrollment.

High school and college mentors from Texas, Oklahoma, Louisiana, Kansas, Arizona and other states and a contingent from Mexico crowded the City Auditorium to hear Don Faurot, coach of Missouri, and Carl Snavely of North Carolina in first football lectures.

The afternoon was to be given over to talks by Henry Iba of Oklahoma A&M and Adolph Rupp of Kentucky on basketball.

At the close of registration Sunday night 976 coaches had enrolled, surpassing by more than 100 the record of last year at Abilene. The total was expected to go above 1,100 Monday.

**All Stars Start Practice**

There were a dozen negro coaches in the list.

Schoolboy football and basketball squads start practice Monday afternoon for the annual all-star games. Most of the athletes—all boys who finished their high school eligibility this Spring—arrived Sunday.

Only two changes were noted in the all-star rosters and both were in football. Jack Sisco, Jr., of Weatherford substituted for James Garner of Amarillo and Marvin Teague of Texasarkans at Charles Sieber of Amarillo on the North squad. Garner has a knee injury and Sieber has an appointment to Annapolis.

Faurot and Snavely are coaching the all-star football squads and Iba and Rupp the basketball squads.

**SCHOOLMAN DIES IN NEW MEXICO ACCIDENT**

DALLAS—(AP)—Martin Bruce Bogard, former headmaster of the Terrell School for Boys, died late Sunday in an automobile accident near Raton, N. M.

His wife was injured slightly. The couple was moving from Dallas to Price, Utah.

Maurice McDermott, young south-paw with the Boston Red Sox, struck out 20 St. Paul batters while hurling for Louisville on May 24 for an American Association record.

### Something 'Missing' In These Pictures

Miss New York City Summer is the season of heat waves. And the best usually sends the season's pretties scampering into their bathing suits. This in turn always inspires a beauty contest to name Miss something-or-other. Here are three of this year's crop. Many Collins pranced all smiles down a runway in Carnegie Hall and copped the "Miss New York City of 1949" title. In another part of the city, exhibitors at the New York Curtain and Drapery Show picked Joan Walden "Miss Curtain of 1949" and promptly swathed her in curtain material. Down in Miami Beach, Shirley Rhodes took "Miss Florida" honors for the year. She had already been named "Miss Tampa" in her home town.

## MAJOR LEAGUES— Bums Kick Back At Cards; Yanks Increase Margin

By RALPH BODEN  
Associated Press Sports Writer

Don Newcombe, big negro righthander of the Brooklyn Dodgers, has something to smile about Monday. He's turned the tables on his chief tormentors—the St. Louis Cardinals.

Solidly cuffed in three previous encounters with the rollicking Redbirds, Newcombe clipped the league-leaders 4-2 Sunday to snap the Cards' nine-game winning streak and put the Bums back in the National League race.

### Cheer Up, Bub; You're No Lowbrow

NEW YORK —(AP)— After 14 years of research, a City College professor is convinced that "interest in burlesque is not confined to so-called lowbrows."

Stuyvesant Van Veen, associate professor of art, said Monday that in Washington he found "many senators, government officials and even Supreme Court justices to be regular burlesque-goers."

The average size of a farm in the United States in 1920 was about 148 acres.

### TERMINAL TATTLER

By GENE CAMPBELL

Mr. and Mrs. Quitman Pennington and children are visiting relatives in Louisiana.

Mr. and Mrs. Larry Groth have had his brother and wife of Salt Lake City, Utah, visiting with them.

Hubert Lucas visited with his parents, Mr. and Mrs. Robert Lucas, in Waco recently.

Mr. and Mrs. H. G. Wattlely of Dickens are visiting in the home of Mr. and Mrs. Tom Wattlely.

Mrs. Dale Thomas and daughter, Diane, are visiting relatives in Arp.

Mr. and Mrs. J. H. Wilson have had Mr. and Mrs. Robert Fletcher and family of Miles visiting them.

The Wilsons plan to visit in Miles this weekend. They have just returned from visiting relatives in Albuquerque, N. M.

Mrs. O. Upchurch has had her son and family, the R. E. Upchurchs of Brownsville, visiting with her.

Mary Sherrod and Jo Upchurch have returned from a visit in El Paso.

Mrs. Jack Ward has had her brother, Joe Burger, of Wichita, Kan., visiting with her. A niece, Virginia Ward of Tahlequah, Okla., also has been visiting them.

Back from hospital Mrs. H. C. Ratto has been removed from a Big Spring hospital to her home here, following an operation. Her condition is reported to be satisfactory.

Mr. and Mrs. J. B. Ratto have Mrs. Ratto's parents, Mr. and Mrs. J. C. Maynard, of Tyler visiting with them.

Mrs. L. L. Spiva of Terminal and Mrs. Bob Spiva of Odessa attended the opening of the Monahans Rodeo.

### Daddy Ringtail

By WESLEY DAVIS

#### Daddy Ringtail And Rainmaker Business

The rain hadn't fallen on the Great Forest, not in a long, long time. The ground was dry. The air was hot. The water was all most gone from the Duck Pond. The Whispering River had so little water that it was almost a creek.

Daddy Ringtail's phone rang. Old MacDonald was calling from his farm. He told how dry the weather was where he lived. Why, the river over there was so dry the Whistler hadn't a bit of water to whistle and sniff about. He was having to whistle and sniff and blow the dirt off.

Daddy Ringtail promised he would try to do something about the rain that everyone needed to fall. He would talk to the Rainmaker. It was the Rainmaker's business to make the rain fall down from the sky.

Daddy Ringtail was about to go out in the forest and look for the Rainmaker. Daddy Ringtail's

phone rang again. It was the Monkey Catcher, but just then he heard a voice down below on the ground. The voice said: "Eeen teen, leather leather drip," and as soon as the voice was finished, thunder crashed and rumbled and bumbled and bumped around up there in the sky. The Rainmaker had said the magic words to make the rain fall up—where you can't see it.

Daddy Ringtail told him how very much the forest was needing rain. He asked the Rainmaker please to say the magic words that would make the rain fall down—down where people could see it, down where water would go in the

river and the Duck Pond and in all the places where it needed to go.

Said the Rainmaker: "No sir, and no indeed. Too much work to say the magic words to make the rain fall down."

Oh, but making the rain fall down was the Rainmaker's business, and he ought to attend to his business, and tomorrow I'll tell you what happens. Happy waiting to find out! Happy day!

Just Horsin' Around

Mrs. Angie Potvin nitches her horse to a parking meter in Lawrence, Mass., before doing her shopping. She's well within the law too. When a somewhat confused cop issued a ticket, Mrs. Potvin complained to the traffic division. The police chief cited a traffic ordinance describing a horse as "a means of transportation." So Mrs. Potvin—and the horse—are in the clear. The cop's still confused.

Texas Fields—

(Continued From Page One)  
ing to statements by Midland bankers, 80 per cent of business in the city is directly or indirectly dependent on the oil industry," Warren said.  
"In spite of recent reduction in output the oil industry in the United States still produces about two-thirds of the world output," he stated.  
When questioned by interested listeners, Warren observed that he expected no drastic cut in oil prices. "Small consumers have allowed their supply to run low in anticipation of a drop in prices," he said, "and their demand will probably call for an increase in production by September."

Clemency Refused  
Condemned Slayer

AUSTIN—(AP)—No clemency will be recommended for W. Fred Jones of Floydada, scheduled to die in the electric chair August 7 for the shotgun slaying of a young war veteran, the Board of Pardons and Paroles announced Monday.  
Last week a delegation of ministers asked the board to commute the death penalty to life imprisonment, saying Jones had become a convert to religion and should not pay with his life for the killing of H. C. Love, Jr., outside of Jones' Floydada grocery store Sept. 27, 1948.

Sheriff Saves Negro  
From Georgia Mob

NASHVILLE, GA.—(AP)—A sheriff averted a possible lynching of a negro Sunday as mobs of up to 1,500 roamed this small town, threatening racial violence.  
Sheriff N. N. Hughes said a negro was seized at home and taken to a long line of cars by the roadside. He was suspected by a throng of white men of attacking a white woman earlier Sunday, Hughes said.

The sheriff persuaded the mob to release the negro to him. The mobs increased in size and temper Sunday night, state troopers and county officers rushed to the scene and set up roadblocks, searching for weapons.  
But tension eased before dawn and most of the troopers left the scene, Hughes said.  
Racial feelings flared, Hughes said, after a 40-year-old white farmer's wife reported a negro attempted to rape her.  
Crowds poured in quickly around the courthouse square, roadhouses and on fringes of negro sections of this small town in mid-South Georgia.  
The throngs roamed up to 2 a.m. Monday, but there was no violence other than the attempted seizure of the one negro, Hughes said.  
Hughes said the negro did not meet the housewife's description of her assailant.

UNDERGOES OPERATION

A body weighing 191 pounds at the earth's poles would weigh 190 pounds at the equator.

Learn Three R's  
And Other Things

Children of refugees: For these Arab youngsters, the "Three R's" begins with a story about washing their hands.

GAZA, PALESTINE—(NEA)—"We will learn our lessons, and we will go home," said little Hashim Muad, who walked with his family last Summer down the rocky road from Yebna to find refuge in Gaza, 30 miles away.  
Young Hashim is one of more than 20,000 Arab children learning the "three R's" and a good many other things in buildings reclaimed from former prison or refugee camps, in tents or under the sky.  
They are the children of Arabs who fled to the area in southern Palestine from 50 or more villages to the north and east during Israeli-Arab hostilities. Food, medical care and some shelter is being given them by the UN Relief for Palestine Refugees, administered in this area by the American Friends Service Committee and in other Arab states by the Red Cross.  
The Quaker organization set up the education plan for the children with an international unit of volunteers because no provision for such work exists in the UNRPR budget. UNESCO and the Egyptian government have been asked to help.  
When the project is fully underway, it will provide schooling for a majority of the 70,000 child refugees, with about 600 teachers working in two shifts. Some of the teachers, volunteers from the Palestine school system, are now paid by the Egyptian government; others come from the ranks of refugees.  
Since pencils, paper, blackboards and books are almost non-existent, most of the teaching is by the project method.  
Mohammed Ibrahim, a refugee from Lydda, shouts a poem to 100 youngsters dressed in ragged galibyas and army hand-me-downs. Merrily, the children repeat the lines after him: That since they are all good Arab children, they should help keep the camp grounds clean. When the poem is over, the children scamper about putting this fine lesson into practice.  
Open-Air Classroom  
In another open-air classroom, 50 first-grade youngsters listen solemnly to a story that explains why it is a good idea to wash your hands.  
From such simple lessons, the children move into the "three R's." Those in higher grades may prepare for entrance examinations to the schools of the Middle East.  
Because most of the refugees, child or adult, spend a lot of time the way little Hashim Muad does—thinking about going home—the refugee school plan is not a long-range one.  
But it is being put together so that when Hashim and the 225,000 other uprooted Arabs do go back to the homes they left, this makeshift, voluntary arrangement will be absorbed into a new permanent school system for all Palestine.

Officers Search For  
Suspect In Double  
Slaying At Laredo

LAREDO—(AP)—Officers hunted through brush-filled breaks on both sides of the Rio Grande Monday for George (Gavo) Ochoa, wanted for murder.  
Ochoa, a stocky, scar-faced Laredo importer, is charged with murdering Henry Whittenberg, Jr., 31, cotton gin owner, in a tenth-floor hotel room Sunday.

In about the same time, Air Force Cpl. James Lindsay, 23, was shot to death in a room five floors down.  
Police Chief D. O. Gallagher said both men were killed by .32 caliber bullets. He said he was convinced the bullets were fired from the same pistol.  
Gallagher said the man who shot Whittenberg apparently slipped down the shadowy hotel stairs to Lindsay's room and killed him.  
An Antonio woman who was in the room with Whittenberg saw the killer. She was held as a material witness.  
"We haven't been able to put our finger on a motive," Gallagher said. "There are too many angles we can't pin down."

Conducted To Room  
The police chief said Ochoa and Lindsay knew each other. But he said he had not been able to determine whether Whittenberg knew either Ochoa or Lindsay.  
Gallagher said a hotel elevator reported he took Ochoa in the elevator to the tenth floor and led him to the room Whittenberg was in. The hotelboy said there was no answer to repeated knocks and calls and he could not open the door with his master key because it was bolted from the inside.  
Gallagher said the hotelboy went to the lobby to report to her that the room was barred, leaving Ochoa alone in the hall.  
The woman said the killer forced open the door to the room about 4 p.m. and asked her companion, "Are you Whittenberg?"  
"Yes, I'm Whittenberg," she said he replied.  
The killer drew a revolver and fired four shots into Whittenberg's body, she said.

Second Victim Found  
The woman said she could not remember whether the gunman had a scarred face. But she said she would know him if she saw him again.  
Lindsay was shot through the right eye. His body was found several hours later.  
Whittenberg, member of a prominent McAllen family, moved to this Mexican border city about a year ago to take over the Farmer's Gin Company. His body was returned to McAllen.  
Gallagher said Lindsay was from Huntsville, and members of the corporal's family were expected here Monday.  
The chief said Lindsay was discharged from the Air Force recently, recalled and came here on furlough. He said Lindsay had known Ochoa when he was stationed here at one time.

Marshall Warns  
Against Delay In  
Arms Aid Program

WASHINGTON—(AP)—Gen. George C. Marshall told Congress Monday hesitation in approving President Truman's program of foreign arms aid would be "most unfortunate" and have "wide ramifications."  
The former secretary of State, Army chief of staff during World War II, testified before the House Foreign Affairs Committee that, while failure to approve the program at this time would result in "a minor economy," it also "might result in the possibility of a major outlay later on."  
Endorsing President Truman's \$1.450,000 program, Marshall agreed with previous statements by Secretary of State Acheson and the Army chief of staff, Gen. Omar N. Bradley.  
It is necessary, he said, for the nations of Europe who are friendly to the United States and are resisting Russia to have "mutually cooperative action against aggression."

Congratulations To:

Mr. and Mrs. J. B. Scoggins on the birth Sunday of a son, Billy Arnold, weighing six pounds, 14 ounces.  
Mr. and Mrs. R. E. Dozier on the birth Monday morning of a daughter, Jean Bonnelle, weighing seven pounds, two ounces.

FINED FOR ASSAULT

Justice of the Peace Joseph A. Seymour Monday fined a Midland man \$25 and costs on his plea of guilty to assaulting his wife.

NINE-STATE VISION  
At a height of 13 miles, an observer in a stratosphere balloon above Chicago could see nine states with the unaided eye: Illinois, Indiana, Iowa, Michigan, Minnesota, Missouri, Kentucky, Ohio and Wisconsin.

Land and sea breezes are caused by differences in temperature between adjacent land and water areas. These differences are due to the fact that land areas take on heat and cool off with greater rapidity than do water areas.

The Parable of the Hot Dog Man....

- Once there was a man who lived by the side of the road and sold "hot dogs."
- He was hard of hearing; so he had no radio. He had trouble with his eyes; so he read no newspapers.
- But he sold good hot dogs. He was a firm believer in advertising; so he put up signs along the highway advertising the merits of his hot dogs, and he stood by the side of the road and cried:
- "Buy a hot dog, mister!" And people bought.
- He increased his meat and bun order. He bought a bigger stove to take care of his growing trade. Finally, business became so good that he brought his son home from the city to help him.
- Then something happened: The son said:
- "Father, haven't you been listening to the radio? Haven't you been reading the newspapers? There is a big depression on. The European situation is terrible. The domestic situation is worse. Everything is going to pot."
- Whereupon the father thought:
- "Well, my son has been to college. He has lived in the city with big business men. He reads the papers and listens to the radio. He ought to know."
- So the father cut down on his meat and bun order, curtailed his advertising, and no longer bothered to stand by the highway and call out his wares.
- His sales fell off almost overnight. He said to his boy:
- "You were right, son, we certainly are in the midst of a great depression!"

The Midland Reporter-Telegram

At any rate, it's better than having an eye poked out!

LET YOUR WHITE ELEPHANTS PAY YOUR NEXT MONTH'S BILLS

If you have porch furniture, but also—no patio, or a dining room suite that just won't fit into that tiny breakfast room in your apartment, a Reporter-Telegram Classified Ad will remedy the situation. Families throughout the area look to the Classified columns in the Reporter-Telegram to find such useful household articles. Don't let idle possessions become "white elephants" on your hands. Sell them and use the extra cash.

## Jim Mestepey Hat Waited 30 Years In Paris, Waits Again

ARNAUVILLE, La. —(AP)— Jim Mestepey's hat that waited 30 years for him in Paris, is waiting again—for fingers as skilled as Mme. Mestepey's.

That hat is a prize specimen of an almost vanished Louisiana craft, palmetto fiber weaving.

Miss Louise Olivier, who as an extension worker for Louisiana State University is charged with preserving the skills and customs of the French-speaking Acadians of south Louisiana, now owns the hat because one day she gave Mestepey a lift.

He was walking home from town, barefoot and with his shoes under his arm, as his thrifty custom was. When he learned Miss Olivier was looking for examples of palmetto craft to serve as models for present day weavers he told her to come to his house and get a present. It was the hat. With it came a story: Heart In The Land.

Mestepey emigrated to Louisiana from the south of France in the last century. He drove a street car for a while in New Orleans, but his heart was in the land and soon he took his savings to the vicinity of Abbeville, in the heart of the Louisiana Acadian French country. He married there.

In 1899 Mestepey had saved enough to realize an ambition—a trip back to France. For the occasion his wife wove for him out of the delicate white straw of an unopened palmetto leaf a dress hat. It was simple but well shaped. The weave was intricate with alternate plain and lacy zones. Even the husband was braided out of finely

silvered palmetto fibers.

Mestepey wore it proudly to Paris and proudly, when he learned there was an international exposition that invited entries of all kinds of products, he entered his hat. But he had to come home before the fair closed.

"Voilà! Mon chapeau!" he shouted. "There's my hat!" Attendants came running and Mestepey told his story. He convinced museum officials that he was the very man who had entered the hat 30 years earlier, he continued, it had been there long enough. After all, he was an American. Maybe an American museum would want his hat. Moreover, his wife, now dead, had made it with a sentimental attachment.

Jim Mestepey left the museum with his hat.

When he gave it to Miss Olivier he specified that she was to use it as a hat model and tell its story to anyone who asked.

Mestepey died a few weeks ago and Miss Olivier has the hat and his wish as legacies. She has done her best to comply. But there are difficulties.

By patiently interviewing the old and coaching the young, by resurrecting old looms and spinning wheels, she had put Acadian handicrafts on a continuing basis. She has skilled artisans making cotton blankets as they were made traditionally for brides' dowries, from ordinary fiber and the naturally brown cotton grown, a few rows at a time, in south Louisiana, carded and spun by hand. She has weavers who can produce fine baskets and serviceable sun hats.

But nowhere has she found anyone who can duplicate the fine lacy tracery that a devoted wife 50 years ago wove into Jim Mestepey's hat.

**Night Fire Damages Church At Electro**

ELECTRO—(AP)—The Bible Baptist Church here was damaged by fire Sunday night when flames broke out as water was being heated for a baptismal service.

The Rev. E. E. Taylor, pastor, said he believed "birds' nests" blocked a flue. He estimated the damage at more than \$2,000.

## Neighbors Knuckle Down

After appealing repeatedly to the highway department to resurface their street, the 21 families living on this St. Louis County, Mo., suburban street decided there was only one course of action. They would fix it themselves. They pooled the money and muscles necessary and dug in. Here, the men of the street, mostly young veterans, spread part of the 45 tons of rock they bought to fill in the gaping holes, which, they say, have broken auto springs and caused blowouts.

## Ingrid's Isle Of Romance Is Island "Without Hope" To The Strombolese

Biggest event in the desolate life of the Island of Stromboli is the weekly passing of the mailboat, above, which draws most of the island's inhabitants to the beach. The rest of the time they live in fear of an always-active volcano which looms over an island ghost town.

STROMBOLI, ITALY —(NEA)— The eight-square-mile island of Stromboli, which the natives call "Island Without Hope," is only 50 miles from the Italian mainland, but its inhabitants look toward the distant United States for salvation.

The bright light of Hollywood shone briefly on Stromboli's lava and cactus while the world ogled the romance between Ingrid Bergman and Italian movie director Roberto Rossellini. Then the spotlight faded, leaving the island as desolate as it was when Rossellini picked it for a movie location because it offered conditions worse than in a concentration camp.

Marooned by nature on the only constant active volcano in the world, the population within the last 20 years has dropped from 4,000 to 750, leaving behind a ghost village of empty, quake-scarred houses in which weeds and cactus have replaced the furniture.

Most of Stromboli's emigrants have settled in New York where they have formed the "Unione Strombolese," an organization which is collecting funds for the gradual evacuation of all the islanders, a process which might take up to 20 years.

Exit Of Strombolese

The exit of the Strombolese started shortly after the volcano's last major eruption in 1930, when six were killed by a huge tidal wave. Ever since, the island's two parish priests have fought a losing battle trying to persuade the people to hang on to the constantly rumbling and smoking mountain which

## Dewey Hits Truman Economic Policies

SYRACUSE, N. Y. —(AP)— Governor Dewey said Monday a depression can be prevented and the struck out at the Truman Administration for what he called "a short-sighted economic policy."

In an address prepared for delivery at the annual convention of the New York State Federation of Labor, AFL, Dewey declared:

"I have been asked many times within the last six months, both at home and abroad, whether in my opinion America is headed back into a depression such as we experienced in the thirties.

**Second Recent Attack**

"My answer has been that a depression can be prevented; that there still is time to repair the mistakes which a short-sighted National Administration has made."

It was the second time in five days Dewey has leveled criticism at the Democratic National Administration.

In an address last Thursday at Colgate University's Foreign Policy Conference, Dewey assailed the Truman Administration for what he termed a "no-policy-at-all" stand toward Nationalist China.

In his address Monday Dewey did not elaborate on what he said were mistakes of the national economic policy. Nor did he expand on his statement that a depression could be prevented.

## Graveside Services Conducted For Infant

Graveside services for Barbara Louise Jackson, infant daughter of Mr. and Mrs. Richard Jackson, who died Saturday in a Big Spring hospital, were held at 10 a. m. Monday in Fairview Cemetery here.

The Rev. Howard H. Hollowell, pastor of the First Methodist Church, conducted the services. Ellis Funeral Home was in charge of arrangements.

## Oil And Gas Log—

(Continued From Page One)

tion No. 1-E University, Northeast Andrews County wildcat into the San Andres-Permian, located 660 feet from north and west lines of section 7, block 7, University survey, drilled to total depth of 5,870 feet, in dry lime.

It found no possibilities of production and has been abandoned and plugged.

## King, Warren & Dye Get To Scurry Reef

King, Warren & Dye No. 1 Wren, on the southeast side of the North Snyder field, in North-Central Scurry County, and 467 feet from north and 560 feet from east lines of tract 12, section 20, block 1, J. P. Smith survey, was bottomed at 5,520 feet in the Canyon lime reef, and was drilling plug on 5 1/2-inch casing which had been cemented at 5,518 feet.

This exploration topped the Canyon at 6,490 feet. Elevation is 2,467 feet. It will drill deeper into the pay section before making any production tests.

## Terry Wildcat Fails To Find Production

Union Oil Company of California No. 1 N. A. Lindsey, Southwest Terry County wildcat, 11 miles southwest of Brownfield, and 660 feet from south and east lines of section 11, block C-26, pal survey, drilled to 5,153 feet in San Andres-Permian lime and failed to find any possibilities of production.

It has been abandoned and plugged.

## Woodville Man Talked For Democratic Post

HOUSTON —(AP)— Houston newspapers predict J. E. Wheat, Woodville attorney and former member of the State Prison Board, will be the next State Democratic Committee secretary.

The Houston Chronicle said Wheat was the leading candidate to succeed the late Tom Tyson, Corsicana.

The Houston Post quoted John C. Calhoun, Corsicana, state committee chairman, as saying he thought Wheat would be the man if Gov. Allan Shivers gives the nod.

Shivers also gave from Woodville.

## Senate Leader Maps 'Must' Legislation

WASHINGTON —(AP)— Senator Lucas of Illinois, the Senate Democratic leader, called Monday for passage of a farm bill. He included it on a long list of "must" measures that may keep Congress in session well into September.

Lucas told a reporter he sees little chance Congress can get away before Labor Day (September 5). To get action on Administration bills, the lawmakers will just have to stay here, he said.

Among measures Lucas scheduled for action are the House-approved reciprocal trade agreements bill, a measure to lift the minimum wage level to 75 cents an hour, a House-approved proposal to increase government salaries from cabinet members down the line, the pending foreign arms program, a displaced persons bill, appropriations measures and a civil rights bill.

Republican senators will discuss Tuesday a proposal by Senator Morse (R-Ore) that they back a plan for Congress to wind up its present work August 20 and come back November 15.

**Appropriations First**

Lucas said he would rather go on through than to have any such recess.

Lucas said he will keep the Senate working on appropriations bills until all of them have been passed. The minimum wage proposal will come up then, with reciprocal trade agreements legislation behind it.

The Senate may untangle itself early this week from a parliamentary knot which has held up final action on the \$5,500,000,000 foreign aid funds bill.

The measure was sent back to committee to strip out amendments that had been challenged as violating the rule against policy-making.

## Charge Of Accepting Bribe Filed Against Hobbs, N. M., Mayor

HOBBBS, N. M. —(AP)— Mayor J. Paul Heard has been charged with accepting a \$1,000 bribe to protect a negro labor club against gambling raids.

He calls the charge "more damn politics."

The former state Young Democrats president posted \$5,000 property bond after his arrest Saturday night. It was signed by Mrs. Agnes Castner Heard, Hobbs Flare publisher, and J. D. Heath, city councilman.

A grand jury meets August 11 to start investigating Heard's administration. It was called by District Judge George Harris last week after two other members of the City Council presented petitions asking for a probe.

Sheriff Horace Owens said L. S. Booker, negro hotel and bar proprietor, told him he paid 10 \$100 bills to the mayor about June 20 after being told he could operate gambling at the labor club on payment of the sum. Booker said the place was raided a few days later.

## Income—

(Continued From Page One)

much of the money is yours," he declared. "You can be in business and make transactions and the deposit ledger will show big amounts, but the question is how much of it is yours."

It was learned earlier Monday—from the official record of the husband investigation—that Maragon's hush ledger dealt in part with the disposal of government surplus property.

The record also discloses that the inquiry has gone searching into Maragon's bank deposits from 1945 on, and has dealt extensively with sources of his income.

**Denies Receiving Pay**

Maragon was questioned, it was learned, about whether he ever received any money from anyone for any work he ever did in connection with the government, excluding a small amount he was paid as an observer on a mission to Greece for the State Department. He said he had not.

He testified that he once went to the War Assets Administration (WAA) office in New York with two men who wanted to buy surplus machinery for use abroad.

Maragon swore he never received a cent in pay for his part in the picture.

Maragon told the subcommittee that a newspaper columnist (Drew Pearson) wrote that he (Maragon) was paid \$50,000 for aiding the two men.

He reported his income for 1948 as \$7,740-\$11,740 of it from the Baltimore & Ohio Railroad, for which he worked as a commercial representative, and \$6,000 from the Albert Verley Company, a perfume firm.

Maragon testified that in 1946 he earned \$6,000 from the Verley Company, and \$1,800 from the State Department in connection with the mission to Greece. He listed his 1947 income as \$4,200 from the Charles M. Ingersoll Company, not further identified, and \$660 interest on Baltimore & Ohio bonds.

In 1948, Maragon testified he was paid \$1,400 by J. Buncher Company, also not further identified, and \$1,250 from the Verley Company.

Time after time he was asked whether he had any other income. Each time he said no.

More than 42 per cent of the total sales from farms are made during September, October, and November.

## U. S. Has—

(Continued From Page One)

terials and their effects these were some of the highlights reported:

1. Development of a still-on-trial treatment for the relief of pain and distress in two types of heart disease—angina pectoris and congestive heart failure.
2. First human trials of radioactive cobalt—which shows promise of being an inexpensive substitute for radium in the treatment of cancer.
3. Research at the University of Michigan, seeking to work out a blood test similar to a test for syphilis, to diagnose radiation injuries quickly.
4. The possibility of using hormones to detect radiation "leaks" in atomic energy devices—because these insects readily absorb one of the by-products of atomic fission.
5. The possibility of using bacteria to help remove dangerous radioactive materials from atomic energy waste products—just like ordinary sewage is treated.
6. Successful use of radioactive materials to diagnose male sex hormone deficiencies in victims of the "March of Death" on Bataan during the war. Some of these men, said the AEC, had developed breasts like women as a result of malnutrition and tests showed starvation had reduced their production of normal male hormones.
7. Development of elaborate safeguards for the protection of atomic workers—including an emergency evacuation plan in case an atomic plant should be affected by an earthquake.

## Romania Dissolves Catholic Agencies

BUCHAREST, ROMANIA —(AP)— Romania Monday dissolved all Roman Catholic welfare orders.

There are 15 such orders in Romania, the best known being the French Order of St. Vincent de Paul. The orders are devoted to charity, hospital and social work among Roman Catholics.

Catholic priests, monks and nuns enrolled in the orders were told to choose within 15 days whether they will retire to three cloisters and two monasteries assigned to them, enter an old age asylum, or quit their orders and join the lay public, applying for jobs at local employment bureaus.

## Plainview Man Dies Of Crash Injuries

AMARILLO —(AP)— Leon Moore, 23, of Plainview died in an Amarillo hospital Monday after his car collided with an empty manufactured-gas truck Sunday night.

The accident occurred two miles east of here.

Preston C. Porter, 22, Plainview, and Merlene Chesney, 20, Amarillo, passengers in Moore's car, were injured. The truck driver, Billy Joe Tyler of Plainview, was unhurt.

**EL DORADO, ARK.** —(AP)— The Lion Oil Company reported a net income, after taxes, of \$4,893,956.54 for the first six months of 1949.

President T. M. Martin said Friday this amounted to \$2.01 per share of stock.

This compared to \$5,719,994.04 or \$2.44 per share for the corresponding period of 1948.

Martin's report labeled the discovery and development of the Diamond M field in Scurry County, Texas, in January as the "most important oil discovery in the history of Lion Oil Company."
