# Five Percent Probe Leads To White House

## B-36, Atom Bombs Can Check Soviet, Vandenberg Says

WASHINGTON—(AP)—Gen. Hoyt Vandenberg Friday said Russia is the "only major military threat" to the security of the United States and the world.

He made the statement before the House Armed Services Committee, where he appeared as a witness in the investigation of the B-36 bomber and its history.

Vandenberg said "false rumors and innuendoes" brought on the investigation and that this has damaged the Air Force morale. He urged the committee "to remove the burden of these charges of dishonesty" before going into other phases of the inquiry.

The tall, slender Air Force chief began by telling the committee: "There is only one major military threat to the security of the United States and the peace of the world. It is pointless to talk in riddles; this threat comes from the Soviet Union."

He also defended Air Secretary Symington, who, he said, "has labored tirelessly to produce effective and economic military air power for the defense of this country."

The Air Force chief said he had been going into other phases of the inquiry.

"The United States," said Vandenberg, "with atomic bombs in significant quantity, plus the means of delivering them, can check the aggressive designs of Soviet leaders who recognize no restraint other than force," Vandenberg said. He added:

"The only way a nation can really win is one that never starts." "Until dependable means of keeping the peace exist, Vandenberg said, "the striking power of atomic weapons in the hands of this country is a prerequisite of national and world security."

Vandenberg said this must be the historical setting for the inquiry into why the Air Force pushed the B-36. And he said he thinks these two questions are involved:

"The wisdom of military decisions on the strategic use of air power, and the wisdom of depending on the B-36."

"We are convinced," Vandenberg declared, "that for the next few years the B-36 provides the spearhead for the ready-for-combat force in being which this country must have."

## Attends Mass Interment

(NEA Telephone) Standing in the cemetery at Ambato, Ecuador, among castrs ready for interment, President Galo Plaza Lasso surveys the mass funeral for victims of the earthquake. Rescue work is continuing in efforts to extract the bodies of those trapped in the city's rubble.

## Clark Is Approved By Panel

WASHINGTON—(AP)—The Senate Judiciary Committee Friday recommended confirmation of Attorney General Tom C. Clark to be an associate justice of the Supreme Court. The vote was 9 to 2.

The committee also recommended—9 to 0—the confirmation of Senator J. Howard McGrath to be attorney general, succeeding Clark.

Chairman McCarran (D-Nev.) at first declined to say who voted against Clark. Later he told reporters Senators Donnell (R-Mo.) and Ferguson (R-Mich) opposed confirmation.

McCarran said he would report the committee action to the Senate at once but would not ask unanimous consent required to act upon the high court appointment Friday. Unless some other senator does this, and it is accepted, there will be no Senate action on the matter until Monday.

Two Members Unrecorded. In addition to McCarran, other senators voting for Clark included: Kilgore (D-WVa), Magnuson (D-Wash), Miller, McGrath (D-Idaho), O'Connor (D-Md), Graham (D-Mo), Wiley (R-Wis) and Langer (R-ND).

Two committee members were not present or recorded: Eastland (D-Miss) and Jenner (R-Ind).

The vote reporting the Clark nomination favorably to the Senate came after Donnell and Ferguson lost an effort to have the attorney general called for questioning at a public hearing.

Ferguson said he would have "something to say later about his opposition to Clark and committee methods and procedures on this nomination."

## Secretary Denies All Knowledge Of Deep Freeze Unit

WASHINGTON—(AP)—A report that Mrs. Harry S. Truman was among notables who received deep freezers from a concern figuring in the Senate's five percent inquiry Friday brought this reply from Presidential Secretary Charles G. Ross:

"I have no information whatever about that."

Ross was told a news story named Mrs. Truman, along with Chief Justice Vinson, Secretary of the Treasury Snyder, James K. Vardaman, Federal Reserve Board governor, and George E. Allen, former RFC member and presidential intimate.

"I know nothing whatever about that, either," Ross said when the other names were mentioned.

Vinson left a White House cabinet meeting a few minutes later and told reporters that since the Senate Investigating Committee is making an inquiry, "I believe I prefer that the matter be developed by the committee."

"I feel I ought not to make any statement," the chief justice said. Truman stands fast.

"There was no immediate comment from any of the others."

The matter of the deep freeze units entered the hearing Thursday when a Milwaukee businessman testified that he shipped one in 1945.

## Storms Hit Cotton Crop Heavy Blow

By The Associated Press

Thunderstorms struck the ripening cotton crops of the South Plains a hard blow Thursday, while the rest of the state moved slowly back to normal summer weather—hot and dry.

Rain and hail battered the South Plains of West Texas in the worst storms since Spring. Water ran knee deep in the streets of Seminole Thursday night. One woman was killed in an automobile wreck on a slick highway near Seminole.

The Weather Bureau reported that the state's long spell of freshkilly cool and violent weather was about over. It was hot and dry over most of the state Thursday, except in the South Plains.

Hail Blasts 5,000 Acres

Insurance adjusters reported 5,000 acres of cotton in Hockley and Cochran Counties damaged heavily by hailstorms Wednesday night. Severe thunderstorms struck the area Thursday.

The Ralls section, 28 miles northeast of Lubbock, reported more than an inch of rain and damaging hail on Thursday afternoon. New hard rains were reported Thursday night.

Thunder rolled and rain poured

## For Joan Edwards—Midlander Asks West Texans To Match His Gift

The Joan Edwards Recovery Plan Fund keeps growing. Kind-hearted West Texans, ask of the earth, are doing what Midland is starting to contribute to its part.

The fund now contains \$1,311. Friday, Frank Shriver of Midland contributed \$10.

"This letter came with a \$1 contribution Friday."

"Here is one dollar on the Joan Edwards Recovery Fund. We had the same misfortune as the Edwards family. We lost our child. And I want to ask every man and woman in this part of West Texas to match the one dollar donation, so that this girl will get the best of care. And her father and mother will know that she is going to get the best money can buy."

(Signed) F. C. Dale.

That is the spirit that will make the plan a success. West Texans take care of their own.

Friday the VPW challenged the winner of the Optimist-Lions baseball game to a benefit tilt. Arrangements for this game can be made with Roy Groves at Seaboard Oil Company. Only recently, the Western Plastic softball team challenged the Optimists to a benefit game.

August 20 is the date set for a benefit dance to be played by Whit Lawson and his band in the American Legion Hall.

Here is the standing of the Joan Edwards Recovery Fund:

DONOR	AMOUNT
McAfee Lyons	\$50.00
Reporter-Telegram	250.00
R-T Employees	100.00
B. Holmes	2.00
Frank Shriver	10.00

## Author Is Injured Critically When Hit By Drunken Driver

ATLANTA—(AP)—Margaret Mitchell, the little Southern lady who made the high courage of a lost cause into "Gone With the Wind," was nearly killed Thursday night by a speeding car.

Police said the quiet, middle-aged author of the fabulous romance of the war between the states was knocked to the pavement by a drunken taxi-driver and dragged 15 feet.

She was taken to City Hospital where physicians and nurses said she was too gravely hurt to be moved even for X-rays.

She was placed under an oxygen tent and was given a blood transfusion early Friday, after her blood pressure fell. Attendants said she responded satisfactorily.

Miss Mitchell—in private life she's Mrs. John Marsh—received a possible skull fracture, internal injuries, and an injury to her right leg. Her face was bruised badly.

A friend said Miss Mitchell and her husband were enroute to a neighborhood theater to see the British film, "A Canterbury Tale," when she was hit.

## Arms Foes Beaten In Committee

WASHINGTON—(AP)—Advocates of cutting President Truman's \$1,450,000,000 arms aid bill gave up the fight in the House Foreign Affairs Committee Friday. They decided to make their stand on the House floor instead.

The bill is due to reach the floor next week, after the Foreign Affairs Committee votes on it Monday.

Representatives Vorys (R-Ohio) and Richards (D-SC), who had been spearheading the drive for cuts, told newsmen the plan no further committee action but will make their fight when the bill comes before the House.

Their decision to toss in the sponge in committee followed defeat Thursday, by a tie vote, of a Richards' amendment to reduce the amount of arms aid for Atlantic Pact nations to \$800,000,000 and rejection Friday, on a technicality, of a similar amendment.

The amendment offered Friday would have done it by percentage. Chairman Kee (D-WVa) ruled it out of order on the ground the committee already had rejected the same proposal.

Selection of the Army chief of staff to fill this newly created position was announced Thursday by President Truman.

It had been widely anticipated and came only one day after the President signed new military unification legislation which created the post.

In his new job, Bradley will not have any command authority, or even a vote with the joint chiefs—operating heads of the Army, Navy and Air Force—but he will have vast prestige.

During his 34 years of military service he has served in two world wars, commanded the largest body of troops ever to serve under an American field commander and spent three years as head of the Veterans Administration.

Successor Not Named

He became the Army's chief of staff last year.

Selection of his successor in that office had been expected Thursday but President Truman said he was not ready to make that announcement. Military men generally believed Gen. J. Lawton Collins, vice chief of staff, would get the job.

President Truman announced that he is nominating Adm. Louis Denfeld for an additional two-year term as Naval chief. Bradley, Denfeld and Gen. Hoyt Vandenberg of the Air Force now make up the joint chiefs of staff.

General Dwight D. Eisenhower has been serving as temporary chairman, pending enactment of the new law.

## Gen. Omar Bradley Chosen For Nation's Highest Military Post

WASHINGTON—(AP)—Omar Nelson Bradley, the "GI's General," has been selected for the nation's highest military post—permanent chairman of the joint chiefs of staff.

Selection of the Army chief of staff to fill this newly created position was announced Thursday by President Truman.

It had been widely anticipated and came only one day after the President signed new military unification legislation which created the post.

In his new job, Bradley will not have any command authority, or even a vote with the joint chiefs—operating heads of the Army, Navy and Air Force—but he will have vast prestige.

## Posse Seeks Negro Rapist

GLADEWATER, TEXAS—(AP)—A manhunt for a 21-year-old negro began at noon Friday after the rape of a married woman. The attack was at her home in White Oak Community, four miles east of Glade water, police said.

Police said highway patrolmen, city and county officers and volunteers were scouring a wooded East Texas area a mile from White Oak.

Officers said the tall, young, negro armed with a shotgun, raped the woman at 11 a.m. Friday at her home after threatening her with the shotgun.

Then he escaped into the woods, police stated.

The condition of the woman was not learned immediately.

Bloodhounds were being brought to the search area from Carthage, Texas.

## Fact Finders Told Wage Boost Could Bring On Depression

NEW YORK—(AP)—The chairman of the American Management Association told presidential fact-finders Friday that if steelworkers win their pay demands it could plunge the U. S. into a depression.

John M. Hancock, appearing in behalf of the steel industry, said that any wage increases granted to the CIO United Steelworkers is likely to "go through the whole economy" and would lead "to a national catastrophe of another round of wage increases."

He said "the issue facing the country—and this board—is: Does America stand more inflation? If America stand more inflation? If the economy proceeds along lines that will surely cause inflation," Hancock said it would mean "the end of our kind of economy."

"It means a disguised devaluation of the currency even if it does not reach the point of creating a fear of the value of all money—the ultimate result."

Predicting that steel worker wage increases would swirl throughout the nation's industry, Hancock said such a development could increase total labor costs by \$25,000,000,000.

## Driver Hurt In Crash-Dog Gone!

SAN ANTONIO—(AP)—A passenger in the car driven by Elmer J. Smoot, 17, caused him to crash into a telephone pole, he told traffic investigators Friday.

The passenger—a dog—preferred walking to riding.

While attempting to hold the dog, Smoot lost control of his car.

He was treated for severe lacerations, possible internal injuries and shock.

The car was damaged badly.

The dog is gone.

## Baby Girl Is Born To Polio Patient

SAN ANTONIO—(AP)—A baby girl born to Mrs. Joyce Ann Schrade, 23, four hours after the mother was admitted to a hospital here as a polio patient was getting along fine at home in Goliad Friday.

Mrs. Schrade was admitted to the hospital at 2 p.m. Thursday. At 6:05 p.m. she gave birth to a healthy baby girl.

Lawrence Schrade, the father, took the baby home with him. She is being cared for by her grandmother. Mrs. Schrade remains in the hospital here.

## LATE NEWS FLASHES

WASHINGTON—(AP)—Senator Hoey (D-NC) said Friday Maj. Gen. Harry H. Vaughan, President Truman's Army aide, has indicated his willingness to testify in the Senate "five percent" hearings.

TOKYO—(AP)—A tropical storm that may develop into a typhoon moved in the general direction of Okinawa and Formosa Friday from the vicinity of the Northern Philippine Islands.

ROME—(AP)—Reports published in morning newspapers here Friday quoted the Athens radio as saying a revolution had broken out in Northern Albania.

BELGRADE, YUGOSLAVIA—(AP)—Diplomatic sources here said Friday they had no knowledge of a revolution in Albania as reported by Rome newspapers.

WASHINGTON—(AP)—President Truman Friday nominated Carl A. Igenfritz of Pittsburgh, Pa., a U. S. Steel executive, to be chairman of the Munitions Board.

## Three Hurt Critically In Crash At Lubbock

LUBBOCK—(AP)—Three persons were injured critically early Friday in a two-car collision.

Four others also were taken to hospitals, less seriously hurt.

A 21-year-old youth was jailed pending an investigation.

Unconscious and in "very critical" condition were Rex Melton, 36, Plainview, with a possible brain injury and lacerations; and Samuel Hobby Thomas, Jr., 22, Hale Center, with a possible brain injury.

Hospital attendants said Ames T. McPherson, 28, Lockney, was semiconscious and in a serious condition from shock.

The two cars were reported to have collided head-on after one of the vehicles had blown a tire.

## Trace And .01; Nevertheless It Was Rain

It wasn't much—but it was rain.

Xenia, Midland had a sprinkle Thursday night and .01 inch was reported at Midland Air Terminal.

It marked the fourth straight night of some precipitation here. Most of the reports have been traces but nevertheless—rain.

## 'Dream House' Is Nightmare

The "dream house," above, that Albert Bimbaum and his wife, Bena, left, won with a 60-cent raffle ticket quickly turned into a nightmare. They won only the house, not the lot on which it stands in the heart of New York City. Being apartment dwellers, they have no lot in which to move it. This, added to income taxes and the \$1,800 it will cost to move the house, caused the Bimbaums to swear off future purchases of lottery tickets.

## Bitter Anti-Allied Propaganda Marks German Campaign

FRANKFURT, GERMANY—(AP)—The Western Allies cracked down Friday on both Communists and resurgent Nationalists in Western Germany's federal elections campaign.

The U. S. Military Government Civil Division in Berlin banned a German Communist election pamphlet depicting an American Army sergeant as a black marketer.

British officials in Dusseldorf seized 800,000 copies of a Communist leaflet signed by seven former Nazi S. S. (Elite Guard) men. It told Germans to vote "for those who work for Germany's freedom building a national front" and attacked the West's administration of Germany as colonial rule.

An American Military Government spokesman lashed out Wednesday night at the "pronounced nationalism" displayed in the campaign. He warned that opinion abroad would not overlook "the sudden forgetfulness" by German politicians of American help.

The anti-Allied campaigning went on unabated, however.

Seventeen violent incidents are marking the campaign, which winds up Sunday. Some 11,000,000 voters are expected to go to the polls that day to choose a West German Parliament.

## Wildcat In Winkler Is Scheduled By Phillips

Phillips Petroleum Company is to drill an 11,000-foot wildcat in Central-East Winkler County to explore into the Ellenburger.

It will be Phillips No. 1 R. F. Waddell, et al and is located slightly more than one mile north and west of the nearest producer on the northwest side of the Wheeler field.

The drillsite is to be 580 feet from south and west lines of the southeast quarter of section 5, block B-7, pal survey.

The original pay in the Wheeler field was the Ellenburger. There is also production in some of the developments in that region, from the Clear Fork, the Devonian and the Silurian.

The Phillips exploration might find petroleum in each of those horizons.

## Turner, Durham Slate Wildcat In Stonewall

Fred Turner, Jr., and Lynn D. Durham, of Midland, are to start drilling soon on their No. 1 S. F. Turner estate, et al, as a 6,200-foot wildcat, to explore into the Ellenburger in Northeast Stonewall County.

The venture will be 1,925 feet from west and 8,000 feet from north lines of the Manuella Cordova survey. Rotary tools will be used. Durham Drilling Company of Midland has the contract.

This venture will be 15 miles southwest of Knox City. It is on a block of 3,000 acres which was originally owned by Deeprock Oil Corporation. Turner and Durham are to get a one-half interest in the acreage for drilling the well.

A location for this project was announced several weeks ago. At that time it was reported that Deeprock would drill. Since then the trade has been made with Turner and Durham.

## North Pecos Venture Staked By Magnolia

Magnolia Petroleum Company has staked location in North Pecos County for a 5,000-foot exploration to test the pay zone in the Abell-Silurian-Montoya field. It is to be the company's No. 1 Immediate-Vollmar and drilling is to begin immediately with rotary tools.

Location of the venture is 330 feet from west line and 330 feet south of the Red Rock Canal, lot 6, section 28, block 9, H&GN survey.

## Ector Test Will Try For Dual Completion

The Texas Company has filed an application with the Railroad Commission of Texas for a permit to drill its No. 49-NCL-1 W. E. Cornell, which is to be a 9,000-foot rotary exploration in the Jordan-Ellenburger field in Southwest Ector County.

This venture, 680 feet from south and east lines of the northeast quarter of section 13, block B-16, pal survey, will attempt dual completion from the Cornell sand and from the Ellenburger. It is four miles southwest of Penwell. Drilling is to start now.

## Sun Makes Location For Hockley Venture

Sun Oil Company has filed an application with the Railroad Commission of Texas requesting a permit to start drilling at once on its No. 1 Ida Crouch as a 6,000-foot rotary exploration in Central-East Hockley County.

It will be 680 feet from north and west lines of the east half of section 9, block A. R. M. Thompson survey. That makes it one-quarter of mile east of the nearest completed producer from the Golieta-Permian on the east side of the Stover field. It is approximately 16 miles east of Levelland and about the same distance west of Lubbock.

## NW Menard Wildcat Testing Marble Falls

United North & South Development Company No. 1 Wilkinton, Northwest Menard County wildcat, 11 miles northwest of the town of Menard, and 990 feet from north and 330 feet from west lines of section 28, T&NO survey, treated the zone at 3,190-3,200 feet, in the Marble Falls lime of the lower Pennsylvanian with 3,000 gallons of acid.

Operator was swabbing to clean out and test. No free oil has been reported as being developed since the injection.

The zone being investigated showed some signs of oil and gas when it was drilled tested before pipe was run.

This venture drilled to 3,550 feet in the Ellenburger. That horizon had some slight gas shows, but no indications of oil.

It is now on a plugged back bottom of 3,225 feet. The 5 1/2-inch casing is cemented at 3,180 feet.

## Pegasus Outpost Now Drilling In Devonian

Magnolia Petroleum Company No. 1-36 Glass, southwest outpost to the discovery well of the Pegasus field in North-Central Upton County, topped the Devonian at 11,289 feet, on an elevation of 2,883 feet.

That made it 194 feet low on that marker to the same point in the Magnolia No. 1-A TXL, the Pegasus neighbor for Ellenburger production. No. 1-36 Glass is making hole below 11,371 feet in chert and lime. It has not shown any signs of petroleum.

Gov. Shivers Actively Supports Theaters In Polio Campaign

Governor Allan Shivers of Texas is actively supporting the state's theater men in the Texas Theaters Polio Fund campaign, scheduled August 11 to 18.

When polio struck Texas like lightning July—resulting in the state's having one-fourth of all polio cases in the United States—theater men banded together and took the lead to solve the financial emergency, as they always do when humanity is involved.

The governor released a press announcement giving official support to the movement, saying "The importance of this human undertaking cannot be overemphasized."

Shivers makes a personal appeal to theater audiences in a special trailer prepared to precede the audience collections in approximately 1,000 independent and circuit theaters during the week of the drive.

Midland theaters are participating in the campaign and service club members will take collections.

Questions and Answers

Q—Is it true that dog has more permanent teeth in his lower jaw than in his upper jaw?
A—It is. In the upper jaw there should be six incisors, two canines and 12 molars. In the lower jaw a dog has the same arrangement, plus two more molars.

Q—Why do the British call their monetary unit the pound sterling?
A—Under the Saxon Kings coins called sterlings were minted from silver—240 to the pound. Large quantities of the coins were reckoned as pounds of sterlings; later, pounds sterling.

Q—What is the status of Wisconsin as a milk-producing state?
A—The state is first in the production of dairy cattle, milk and manufactured milk products.

Q—How long has the poppy been known?
A—Some 5000 or 6000 years before the birth of Christ the poppy was known and by 100 B. C. man had knowledge of the narcotic qualities of drugs made from the plant.

Q—Has the hedge apple ever been tested as a basic source of rubber?
A—The hedge apple has frequently been suggested as a possible source of rubber. Tests, however, have failed to show even one per cent rubber available from either the fruit or the plant.

**★ WE, THE WOMEN ★**

**Doting Wife Can Be Pest To Busy Mate**

By NUTH MILLETT  
NEA Staff Writer

"Will you please write a piece," a businessman asks me, "advising wives to leave their husbands alone during business hours?"

"My wife telephones me at the office two or three times a day—sometimes for no reason at all that I can figure out."

"And if she happens to be down town shopping she'll call me up to ask me whether or not she ought to buy something she is going to buy, no matter what I say."

"I can't ask her not to call me at the office. She'd resent that. But it isn't good business, and I don't see why wives don't understand that."

**Doesn't Know Score**

I'd be willing to bet your wife never worked in an office herself. If she had she'd probably realize that personal telephone calls during working hours are a nuisance. And that no man likes to have his associates think his wife can't let him alone during working hours.

Since she probably just doesn't realize that her telephone calls often do interrupt your work, why don't you try explaining it to her—even at the risk of hurt feelings? You might even promise that you will call her once a day—when it's convenient for you—so that she will have a chance to tell you anything she wants to remind you of, or discuss with you.

If you're hesitant about follow-

ing this advice, remember it is usually kinder to be frank about an annoying situation than to put up with it resentfully.

Remember, too, that it doesn't hurt a wife to be taught some respect for her husband's job. That's something the wife who makes a habit of interrupting her husband at work just doesn't have.

**Extra Performance Of 'The Drunkard' Scheduled Saturday**

An extra performance of "The Drunkard," Nineteenth Century melodrama presented in music hall style complete with olio entertainment, is scheduled at 8:20 p.m. Saturday in the American Legion Hall following a scheduled six-day run on the last two weekends.

Given an enthusiastic reception by Midlanders who enjoyed the novelty of Summer drama, the Summer Mummies' production of this old play was attended by capacity crowds during its regular run. Tickets will be on sale at the door, and unreserved tables will be available for those who have not made advance reservations.

**Players Listed**

Leading players are Art Cole, Norris Creath and Patricia Pryor. Some cast changes have been made since the showing last week, substituting Myrtle Ratcliff, June Wigham and Ardis Joy Griffin for Elizabeth Kimbrough, Mrs. Charles E. Marsh, II, and Scotty Engel.

Also in the cast are Lew Hoy, Mrs. Francis B. Kington, John Ed Cooper, John DeFord, Walter Beardsley, Kenneth Alpiger, Bill Adam and Stan Shaeffer.

William Pomeroy, Jr., is the director and Bill Pennebaker is general production manager who has supervised the show. Proceeds from the earlier performances were contributed to a building fund for the Midland Community Theater, and those from the extra showing will go to the theater's general fund.

**Health Unit Staff And Families Have Barbecue In Park**

After a staff meeting of the Midland-Corral County Health Unit Wednesday, members and their families were entertained with a barbecue supper at Cloverdale Park. Buck Kirksey, an employe of the health department, performed magic tricks to amuse the crowd.

Present from Midland were Dr. P. E. Sadler, unit director, and Mrs. Sadler, Mr. and Mrs. Rex O. Barnett, Mike and Mary Kathleen Barnett, Mr. and Mrs. Kirksey, Mr. and Mrs. M. E. Davis, Mr. and Mrs. C. D. Williamson, A. E. Cast, Mr. and Mrs. Cotter Hiett and Lu Wetha Hiett.

From Odessa, those attending were Mr. and Mrs. R. M. Williams, Mr. and Mrs. Curtis Heaton, Mr. and Mrs. M. E. Davis, Mrs. Gayle Guffey, Mrs. Mary E. Sawyer, Mrs. Oren Hackler, Mrs. McCoy, Sylvia and Keith Hackler.

Time For Study

Rep. Clare Hoffman, Michigan Republican, has added his voice to those in Congress who think the federal government is hogging the tax dollar, to the handicap of state and local governments.
This is an old cry, but it has been rising this year. Senator Bricker of Ohio has proposed a commission to investigate intergovernmental relations, with special emphasis on the role played by the taxing powers of the various levels of government.

But we perceive basic merit in the idea of exploring the present relations among the federal, state and local governments. The amazing growth of the federal sphere since depression days has upset old patterns and produced a formless confusion that almost defies analysis.

The Hoover Commission's studies on government reorganization represent a sincere effort to bring order into the sprawling federal household. It already is bearing fruit and promises to bear more.

Why not a similar commission to undertake a thoroughly objective appraisal of the interrelations of governments? The nation is entitled to have a clear understanding of the proper future roles of federal, state and local governments in the light of developments since 1932.

In other words, is the federal government stepping in at points where other governments could still handle their problems if allowed?
If it should prove true that the federal government is monopolizing tax sources, how did it happen and what ought to be done about it?

Even Machines Can Err

Sometimes we detect signs that the scientific revolution in the business world isn't going too well.
For example, to eliminate or reduce the "human element," more and more organizations are resorting to elaborate card-filing systems operated electrically.

No doubt they get along fine most of the time. But when a machine makes a mistake it seems to be a good deal more obstinate about correcting it than the ordinary human being.

Who can remember when you used to be able to tell if the motor was running by watching the tail light shake?
Some gas bags can be punctured by a pointed remark.

DREW PEARSON ON The WASHINGTON MERRY-GO-ROUND

(Copyright, 1949, By The Bell Syndicate, Inc.) Robert S. Allen says: Top government officials annoyed by presence, due to "political necessity," of anti-U. S. Filipinos in Quirino's entourage; Accuracy of Census Bureau's unemployment report challenged.

WASHINGTON—Philippine President Epifanio Quirino received the customary formal amenities during his Washington visit but, privately, top officials breathed a sigh of relief when he departed.

Reason was a gingerly handled situation that astonished and embarrassed them. Three leading members of Quirino's party were prominent Jap collaborators and violent U. S. denouncers. They are: Jose Yulo, chief justice of the Supreme Court in the Jap-created puppet government. Yulo was personally decorated by Emperor Hirohito for outstanding services to Japan. Yulo is now a member of Quirino's council of state.

Federico Mangahas, zealous supporter of the Japs and ghost writer of virulently anti-American speeches for top Filipino collaborators. Mangahas is now Quirino's private secretary. Vicente Albano Pacis, leading collaboratorist propagandist who poured out a steady stream of anti-American fulminations in the press and on the radio. He is press chief of Quirino's party.

His wife and other members of his family were killed by the Japs because of his steadfast refusal to collaborate. Friends explain the presence of Quirino's party, personally, has an impeccable resistance record. His wife and other members of his family were killed by the Japs because of his steadfast refusal to collaborate. Friends explain the presence of Quirino's party, personally, has an impeccable resistance record.

Quirino is seeking re-election this year in a very uncertain race. His leading opponent is Jose P. Laurel, who was president of the Jap puppet government. Despite his extreme collaboratorist record, including a declaration of war against the U. S. Laurel was freed from prison in an amnesty proclaimed by his close friend and fellow collaboratorist, the late President Manuel Roxas. Another strong candidate opposing Quirino is Jose Avellana, ally Tammany-type politician. Quirino's friends say his three collaboratorist associates are giving important help in his re-election campaign. This is particularly true of Yulo, credited with being one of the smartest businessmen and best money-raisers in the Philippines. Yulo is an intimate of Ambassador Joaquín M. Elizalde, who has represented his country in Washington off and on for a number of years. Elizalde is rated as the wealthiest man in the Philippines.

In Filipino circles it is claimed one reason for Quirino's visit was to promote a U. S. loan to Elizalde's extensive business interests.

Washington officials were particularly annoyed at the presence of the three collaborators because of lack of enthusiasm about the whole idea of Quirino's visit. The plan originated with his campaign managers. They conceived it as a smart campaign maneuver. The official invitation was extended reluctantly and only after much wire-pulling.

Washington state's Senators Warren G. Magnuson, D. and Harry Cain, R., are at bitter loggerheads over the Tacoma postmaster ship. Tacoma is Cain's home town and he is demanding the appointment for one of his adherents, William E. Patrick, former Army colonel. Magnuson is just as insistently supporting John Macmonagle, disabled veteran who has been acting postmaster four years. Cain took the controversy directly to Magnuson, saying, "I thought a senator had the right to recommend the postmaster for his home town."

"Perhaps so, in some cases," retorted Magnuson, "but in this case there are two strikes against you. One is that my man was originally recommended by the congressman of his district and he has strong support in Tacoma. The other strike is that you Republicans are not in control this year as you were last. That makes a big difference, and that is why my man will get the appointment."

Unemployment figures. Accuracy of the Census Bureau's last 4,100,000 unemployment report is sharply questioned by the Public Affairs Institute. According to Dr. Dewey Anderson, PAI director, the figure is low by at least 600,000.

Anderson also sharply challenges Commerce Secretary Sawyer's contention that increase in unemployment is due largely to the influx of young new workers looking for jobs. Anderson says the statistics don't bear that out. "A comparison of changes in the labor force during May-June, he declares, 'shows that 800,000 fewer young people became active job seekers this year than during the same period last year. The unemployment figures are not realistic. Large numbers of jobs are not being taken into consideration for various technical reasons that don't hold water on examination.'"

Protest Is Staged By India Refugees

NEW DELHI—(AP)—Unmindful of rains, about 400 refugees in rags squatted in the open before the relief minister's house here. They demanded immediate rehabilitation and recovery of their abducted women from Pakistan.

These refugees sat on till the evening shouting slogans. They refused to budge until Minister Mohanlal Saxena came out and assured them of his personal attention. The July rains had flooded most of their quarters rendering them homeless.

McKenney on Bridge

By WILLIAM E. MCKENNEY America's Card Authority Written for NEA Service I drove out to Glen Island Casino the other night with my friend, Howard Gill. While we were there, I met Joseph Study, who was leading the orchestra. Joe told me that he graduated from New York University as accountant, but his heart was in music.

nothing in mind, so Werblin told him, "I have a band for you. Joe I'll book you into the Blitmore on Monday." From there Joe went on to great success. Joe likes to play auction bridge. It reminds him of the good old days when people talked in small figures. It is nothing in auction bridge to play a hand at one spade, make three and still be minus. You buy the contract as cheaply as possible and don't try to bid a game. In today's hand West did not overcall with clubs, because he had only two honors. West opened the king of clubs which South won with the ace. He went over to dummy with a heart and led the jack of spades. West winning with the queen. The queen of clubs was cashed and another club led which East won. He returned a diamond. Now all South lost was two spades and two clubs, thus making three.

WASHINGTON COLUMN Poage Bill Called 'Socialistic' By Private Phone Companies

WASHINGTON—Backers of the Poage-Hill bill to authorize Rural Electrification Administration financing for farm telephone lines have been showing off what they claim is a typical letter. It is from a country store operator in San Bernardino County, Calif. "We have tried to get telephone service here, but have not had any luck," says one paragraph of the letter. "The Bell people will put a pay station at the store if we make them a gift of \$10,700. We can get a 10-party line from Victorville if we advance \$15,000, refunded 10 per cent of the bill in 10 years, then nothing thereafter. Both a joke. We have made a survey and can get 100 subscribers here and nearby."

### Purses Open Wide For Stricken Star

ALBUQUERQUE, N. M.—(AP)—Purses opened wide Thursday for a baseball player critically ill with polio. The gesture was for Frank Okrie, shortstop for Albuquerque in the Class C West Texas-New Mexico League. He was stricken with infantile paralysis Wednesday and is in an iron lung in a Lamesa, Texas, hospital.

Contributions have passed the \$2,000 mark. Eight-year-old Dorothy Crampton said she had no money. But she offered to sell her prize possession—a ball autographed by the 1935 world champion Detroit Tigers. She said Okrie and his family could have what she gets from the sale.

A ball bearing the names of the greats of the 1915 New York Yankees was offered by 64-year-old C. H. Baird.

Albuquerque fans organized a radio appeal for financial aid for the family Wednesday night. More than \$2,000 was pledged in the first three hours. Contributions continued pouring in throughout the night. A "Frank Okrie" night already is being planned at the Albuquerque park.

**Purple Heart Veteran**  
The 27-year-old player is a former infantry sergeant with the Purple Heart received in the Battle of the Bulge. He was on his way to a possible league fielding record and was considered a threat for national fielding honors. At the halfway mark, his fielding percentage was .945.

He is from a baseball family. A brother, Fred, is utility catcher for the Washington Senators.

Born in Detroit, Okrie played in the Evangeline and Cotton States Leagues before the war. Signed by Little Rock in the Southern Association after returning from Europe, he was optioned to Amarillo in the West Texas-New Mexico League. He later was sold to Albuquerque.

One theory of the origin of the baklava is that he descended from the Indians of North America.

### Pros Get Nod Over All-Stars

CHICAGO —(AP)—Football's gaudy, glimmering extravaganza—the sixteenth annual All-Star classic Friday night will pit a squad of 70 collegians against the Philadelphia Eagles before more than 90,000 spectators in Soldier Field.

Coach Greasy Neale's National Football League champion Eagles were rated as 10 point favorites over the All-Star retinue coached by Bud Wilkinson, the Split T mentor from Oklahoma.

The over-all series stands at eight victories for the pros, five for the collegians, and two ties. The first game of the series between the All-Stars and the Chicago Bears in 1934 wound up in a scoreless tie.

The collegians' line will be just as big, just as tough and just as speedy as anything the Eagles might display.

The probable starting lineups: College All-Stars  
Barney Poole (Miss) and Mel Sheehan (Mo), ends; Phil O'Reilly (Purdue) and Al De Rokatis (Duke), tackles; Marty Wendell (ND) and William Fischer (ND), guards; Charles Bednarik (Penn), center; Pete Elliott (Mich), George Tallaferrro (Ind), Jerry Williams (Wash) and Elwyn Rowan (Army), backs.

**Philadelphia Eagles**  
Jack Errante and Pete Pihos (Ind), ends; Vic Sears (Ore St) and Al Wistert (Mich), tackles; Cliff Patton (TCU) and Frank Kilroy (Temple), guards; Vic Lindsag (Stanford), center; Tommy Thompson (Tulsa), Steve Van Buren (LSU), Bosh Pritchard (VMI) and Joe Muha (VMI), backs.  
Kickoff time is 7:30 p.m. The game will be broadcast over MBS.

### Longhorn League—Broncs, Indians, Cats Win; Dusters, Colts Rained Out

By The Associated Press  
The league-leading Big Spring Broncs banged out 16 hits against three Odessa Oilers hurlers Thursday night to score a 16-2 victory in a Longhorn League game.

Felix Gomez hit a grand slam homer for the Broncs during a seven-run rally in the fifth inning. He also hit a double and a triple and drove in six runs.

San Angelo's game at Vernon was rained out. Julian Pressley's three-run homer in the first frame sparked Midland to a 5-3 victory over Sweetwater.

Skipper Brown hit four for four for Ballinger—including a home run—to lead the Cats to an 11-7 win over the Roswell Rocketts.

### Texas League—Dallas Eagles Skip Out Of Fifth Into Tie For Third Slot

By The Associated Press  
Dallas jumped out of the second division in the Texas League Thursday night—into a third-place tie with Shreveport.

The Eagles made the jump from fifth by beating Beaumont 5-3 as Oklahoma City lost to Houston 0-3 and Shreveport bowed to Fort Worth 2-5.

In the other loop tilt, San Antonio brushed off Tulsa 5-3.

A two-run home run by Ben Guiniani in the eighth inning clinched Dallas' victory. It was Beaumont's seventh straight licking.

Eddie Green bled Oklahoma City on two hits as his Houston mates picked up single runs in the first, fourth and seventh innings.

Bob Milliken pitched seven-hit ball as Fort Worth won. Bob Bundy, Cat third baseman, ran his hitting streak to 18 straight games with two singles. Al Mazur homered for Shreveport in the ninth.

Three unearned runs in the eighth following Johnny Lane's wild throw to first enabled San Antonio to hand Tulsa its third straight loss.

### Ben Hogan To Get Physical Checkup

PORT WORTH —(AP)—Ben Hogan was in New Orleans Friday for a medical examination.

### Pressley's Three-Run Homer In First Furnishes Margin

The league-leading Big Spring Broncs move into Indian Park for a three-day stand, opening Friday night.

Manager Harold Webb will send Lefty Leon Hayes to the mound against the Broncs Friday night. He'll come back with Claude Horton Saturday night.

Starting time for the night games will be 8:15 p.m. The Sunday afternoon tilt will start at 2 p.m.

The Midland Indians disposed of the Sweetwater Swatters in short order again Thursday night to sweep both games of their two-game series. A first-inning home run by Julian Pressley with two on sparked the Tribe to the 5 to 3 victory. The sensation of the game was Ernie Nelson, however, who came off the injured list to toss a five-hitter and allow not one earned run.

Nelson checked the Swatters, probably the toughest hitting club in the league, without a hit until the fifth inning. Unlucky errors cost him a shutout which he richly deserved. It was his thirteenth win of the year.

The Swatters put together two singles and an error for one run in the fifth.

In the ninth, an error, a walk and a single gave them two more before Nelson halted the rally.

Lamesa, Amarillo Pick Up Slack On Two Loop Leaders

By The Associated Press  
The third-place Lamesa Lobos and the fourth-place Amarillo Gold Sox both have gained a full game on first-place Albuquerque and second-place Abilene in the West Texas-New Mexico League race.

Glen Selbo's single with the bags loaded in the bottom of the ninth gave Lamesa a 5-4 win over Albuquerque Thursday night.

Meanwhile, the condition of Frank Okrie, Albuquerque shortstop who is suffering from polio at Lamesa, was reported somewhat improved. Earlier, Okrie's condition was reported as critical.

Abilene scored three runs in the ninth, but Amarillo staved off the rally and won 10-6.

Pampa scored five runs in the fourth to win 11-6 over Borger. Engle homered for the Oilers in the seventh.

Lubbock battered Clovis 19-11. The Hubbers scored seven runs in the first frame and five in the second.

### Crane-Bluebonnets Set For Title Go

CRANE—Crane's Gulf Oilers and Lubbock's Bluebonnets decide the Texas Softball League championship Saturday night here.

The two teams are meeting in the final best four-out-of-seven series with Crane holding the condition advantage. A win in the first game Saturday night would end the series, but the two teams will play a minimum of two games, even if the second is an exhibition.

### Red Chicks Win Two In Softball Tourney

SAN ANTONIO —(AP)—Paris Cafe of Austin opened defense of its Women's State ASA softball championship Thursday with an 8-5 victory over Marquette.

Other results of the first round of play were: San Angelo Red Chicks defeated Brazos Port 8-4 and beat Lackland Air Force Base WAPS 8-7; CLASCO of Corpus Christi defeated Abilene 6-0 and Lone Star of Galveston 5-3; Lone Star of Galveston defeated Samlins of Austin 10-0, and Brazos Port beat Marquette 9-2.

Doctors here say Kenny's condition plenty good for him to play unless soreness develops unexpectedly.

Jones will work with Claude Horton on the mound Saturday night.

### WT-NM League—Lamesa, Amarillo Pick Up Slack On Two Loop Leaders

### Irate Fan Clobbers Umps After Game

TYLER, TEXAS —(AP)—East Texas League Umpire Cook was attacked by an irate fan here Thursday night following Tyler's 6-5 loss to the Henderson Oilers.

Cook was leaving the park in a police car at the time of the trouble. A group of fans surrounded the car. One of the fans struck Cook in the face. He was not hurt seriously.

The trouble grew out of a decision in the eighth inning. Bob Murphy of Tyler drove two runs across the plate, but the umpires ruled he did not touch first on his way to second. The runs did not count. Henderson scored two runs in the ninth to win the game.

### Stratton Is Loser In Exhibition Tilt

TEMPLE, TEXAS —(AP)—Former big league pitcher Monte Stratton dropped a 6-2 decision to the Sherman-Denison twins Thursday night while hurling for the Temple Eagles of the Big State League.

Stratton lost the game, giving up eight hits and four runs in four innings he pitched. But he drew 4,800 fans to the game—nearly four thousand more than normal for Temple. Stratton appeared during a series of one-night exhibition stands on the mound for various minor league clubs.

In addition to Jim Barnes who won the first PGA title, Bob Hampton also won the championship in his first attempt in 1944.

### Tribe Gains As Sox Trim Yanks

**By JOE REICHLER**  
*Associated Press Sports Writer*  
The Cleveland Indians have hit upon a sure-fire pennant formula—extra inning games. The only trouble is they can't get the opposing teams to go along with them as often as they would like.

The Tribe is in second place Friday, four and a half games behind the pace-setting New York Yankees, but they're easily the overtime champions.

Including Thursday night's 12-inning marathon with the Chicago White Sox, the Indians have played 14 games that went beyond the ninth inning this season. They've won 13 of them. They copied Thursday night's contest 5-5. The Red Sox helped tighten the race by knocking off the Yankees 7-6 in the regulation nine innings. A single by Bobby Doerr in the last half of the sixth scored Ted Williams from second, broke up a 6-6 deadlock, and cut New York's margin over the third-place Sox to five and a half games.

Williams wielded the big bat for the Sox. He hammered his twentieth home run and added a couple of singles besides a base on balls.

Joe DiMaggio accounted for the first three Yankee runs with a home run over the left field screen, with two mates aboard. It was his eleventh in 42 games and his sixth against Red Sox pitching.

Brooklyn broke a four-day deadlock for first place in the National League with St. Louis by outslugging the Philadelphia Phils 10-7. The victory put the Dodgers a half game up on the Cardinals, who were idle.

Congress recently passed a bill labeled the Johnson-Thompson Duck Stamp Bill which appears to be one of the best in history for the hunter. It'll take a while before the benefits are realized, but it looks good.

The bill raised the price of duck stamps from \$1 to \$2 but the increased revenue was well provided for in another provision of the act.

The regular 10 per cent of the income will be continued for the protection of waterfowl. The remaining 90 per cent will be used to increase the number and attract more birds to the sanctuaries over the country.

It also authorizes the opening of 25 per cent of any new game refuge for hunting when the waterfowl population is not on the decrease.

Maybe there will be more ducks, geese and other game birds for hunters in this section in a few years.

Calling all women bowlers! Ruth Lind, secretary of the Women's Bowling League, has announced a meeting will be held at Plamor Palace at 7:30 p.m. Monday for the organization of a Winter League.

All women interested in bowling on a team are urged to attend.

John D. Bechtel, a baseball player from the old Texas League school, tells us a story on himself. It happened when he was playing with Houston back in the early 1920's.

Bech, it seems, always let the first pitch go by without swinging regardless of where it happened to be.

Instead of swinging at it, he always spat a charge of tobacco juice at the ball.

He fired a good sized stream at a high hard one, connected once. His little custom befired on him, but good. When the tobacco juice hit the ball it all flew right back in his face.

Bech says he had to take a trip to the water bucket and wash up before he continued his turn at the plate.

Credit Bechtel with leading the way to having the Midland Indians up as guests of the Rotary Club at the Thursday noon luncheon. The boys appreciated it.

According to reports, President Hal Sayles has disallowed the protest filed by the Sweetwater Swatters on a call in last Saturday night's game.

Sayles ruled the call was a "judgement play" and could not be protested.

About the same time he disallowed the protest, Sayles ordered Ernie Nelson and representatives of the Roswell Rockets to report in Abilene Saturday morning to thrash out a report of deliberate stalling in Tuesday night's game at Roswell.

We have heard Nelson's side of the question. He was acting manager at the time. We'll wait and see how it turns out in the conference, however.

Business Manager Frank Meeke of the Sweetwater club says he is going to introduce a motion at the next Longhorn League meeting that all Sunday games be discontinued next season.

He favors playing double-headers on Saturday or Monday night instead of afternoon games on Sunday.

His plan also would give the ball players a day off—something they don't get now.

From the looks of things (attendance) in some league cities, Meeke's plan will get backing when it comes up.

Here's an urgent notice from Julian Pressley and his wife and daughter.

"Skippy," their seven-months old Cocker Spaniel, has strayed or been stolen. The dog is a pet for the Pressleys' young daughter and they would like very much to locate it. It is almost solid black and should answer to the name.

The Pressleys live at 201 North C Street.

Ralph Ward of Many, La., a former high school coach, has been appointed freshman mentor and assistant basketball coach at the University of Arkansas. Representatives of the National Collegiate Athletic Association are due to set up corrective measures on the NCAA "Sanity code" violations and institute a plan for controlling the number of post-season bowl games at a meeting this weekend. Secretary Milton Price of the Texas League says there is a little increase in attendance in his league compared with the same period last year. The Midland Colts travel to Merkel Sunday to return a game with that city's Latin American All-Stars.

### WOMAN TRACK STAR Plans To Retire After Odessa Meet

ODessa.—(A)—Stella Walsh, who says this will be her final performance, headed the entry list as the National Women's AAU track and field meet opens here Friday. The veteran Cleveland, Ohio, ace said she would retire after this meet, to be held in Broncho Stadium here.

All but two of the defending champions are here for the two-day meet. Junior events were scheduled Friday with senior titles on the line Saturday.

### Heafner Sets Torrid Tam O'Shanter Pace

CHICAGO.—(A)—Clayton Heafner, 240-pound Charlotte, N. C. pro, was burning up the trail to golf's biggest bonanza Friday with a one-stroke lead entering the second round of the Tam O'Shanter \$25,200 "world" championship. Heafner grabbed the brass ring Wednesday with a sizzling six-under-par 66 for a slight edge over two other seasoned campaigners, John Palmer of Madison, N. C., and Henry Ransom, the transplanted Texan now in Chicago.

Palmer and Ransom each banded 67's. In all, 29 pros broke par 72 to set a terrific opening round record in the chase for the \$10,000 first prize.

So hot was the rivalry that Lloyd Mangrum's dismal 76 all but knocked him out of contention.

Another favorite, Sam Snead, runner-up to Mangrum in the All-American competition, also skidded. Sambo's regulation par 72 left him stranded in a tie for 30th place. Mangrum was buried in a tie for 56th.

Four players were grouped at 69 in the tightly-packed start of the 72-hole scramble for golf's largest jackpot.

They were Jim Ferrier, Ed Furgol, Jim Turnesa and Dick Metz. Locked at 69 were National Open Champion Gene Mizloff, Willie Hunter, Jr., Chandler Harper and Jimmy Demaret.

### Jersey Joe Tackles Swedish Heavyweight

STOCKHOLM.—(A)—Jersey Joe Walcott, a three-time loser in bouts for the world heavyweight boxing title, will meet Sweden's Champion Olie Tandberg at the Rasunda Soccer Stadium here Sunday.

Jersey Joe is confident of success. But the strong, slow-going Tandberg has proved a giant killer in the past. He defeated Joe Baksi, another American, in the same arena two years ago.

The fight is scheduled for 12 rounds and local experts think Walcott will win on points. Tandberg never has been knocked out.

### MILK IN AUTOMOBILES

Surplus milk is helping automobile engines. The help comes in a new air filter, which uses spun fiber made from casein, a protein of milk. The filters have a chemically treated air-cleaning element, four parts casein fiber and one part wool.

## Girl Against The Channel-

### Shirley May Gets Presents, Two Proposals Of Marriage

(Copyright by NEA Service, Inc., DOVER, ENGLAND.—The excitement of my being 17 is over now, and I'm back on my daily grind through the waters of the channel in preparation for my big swim.

Every day brings it closer—I console myself with that thought as I look out my hotel window at the rough waves. Every morning I'm awakened by screaming seagulls and the first thing I do is ask about the weather.

So far, it's always been the same reply, "Unfavorable." But that can't last forever. In fact, an air ministry expert has been telling us that Sunday and Monday might be good days.

I've been wearing an old green bathing suit the last few days to accustom myself to it. It's probably the one I'll wear during the actual swim. It's loose-fitting and not very pretty, so I try not to have my picture taken in it. But it's comfortable in the water and that's what counts.

My birthday was the most thrilling one I've ever had. Added to everything else I got—a signed ring from my father and a lovely leather correspondence case from the newspapermen—I got proposals of marriage! That's pretty good for a just-17-year-old girl.

I want to thank the young men from Boston and London who wrote for my hand, but I'm still a long way from marriage. Ronald, the Londoner, said he heard I liked horseback riding and added, "What a pleasure it must be for a horse to carry such a beautiful burden."

I wonder if Ronald knows I weigh about 160—not much pleasure for a horse in that.

I've gotten, and keep getting, lots of other letters, besides marriage proposals. Most of them are from people wishing me luck, but there are some from persons who are

skeptical of my chances. Well, I really don't blame them—the odds are 16 to one against anyone who tries, if you go by the past record. It's funny, but one or two of the letter-writers complain about my using what they call a racing stroke like the American crawl in long distance swims. It's unusual, I admit, but my stroke adaptation of the American crawl is especially designed for long distances.

It's based on the theory that endurance and speed can go together. I hope that I'm able to change the minds of those skeptics in the next few days.

### Shivers Appoints State Laws Panel

AUSTIN.—(A)—Five commissioners on uniform state laws were appointed Friday by Gov. Allan Shivers.

They are Ben H. Powell, Austin, and Lucian Morehead, Plainview, both re-appointments; Julius C. Jacobs, Comstock; Tom Martin, Davis, Houston, and Joe Estes, Dallas.

The appointees will be eligible to represent Texas at the National Conference of Commissioners on Uniform State Laws at St. Louis the last week in August.

### Beautyfication Job On Courthouse Begins

Helbert and Helbert, Midland contracting firm, Friday began beautyfication work on the Midland County Courthouse.

The firm has the contract for sand blasting, painting and repairing the exterior of the building. The sand blasting was well underway Friday.

### RAIL BOARD ORDERS PECOS, WINKLER HEARINGS

AUSTIN.—(A)—The Railroad Commission Friday gave notices of the following public hearings:

August 24—Application of Mid-Continent Petroleum Corporation to carry on a water flooding project on its Howe "A" and "B" leases, Kermit field, Winkler County.

August 24—Application of Magnolia Petroleum Company for new field designation and discovery allowable for the Upper McKee Reservoir from which its J. F. McKee well No. 1 is producing, Pecos County.

### SERVICES HELD FRIDAY FOR PIONEER CATTLEMAN

CLARENDon.—(A)—Funeral services were to be held here Friday for William Henry Buchanan, 89, pioneer Texas cattleman who died Thursday. He had been active in cattle raising and farming in Donley County since 1920.

Before then he lived for thirty years at Henryetta, in Clay County, where he also was prominent in the cattle business.

### Consolidated Routes Granted Continental

Continental Air Lines has been granted CAB approval for consolidation of its three routes into one integrated route, Robert F. Six, company president, notified the Midland station.

Effective September 26, 1949, Continental's airmail Routes 29, 43 and 60 will become one route and will be designated solely as Route 29. The CAB decision will permit Continental to operate for the first time in its history, non-stop flights to Wichita, Kansas, thus speeding up service from Denver to Tulsa, Oklahoma City and other cities to the South along the Continental system.

The new consolidated route pattern granted will allow the company to give greater service with greater flexibility in flight scheduling.

Daddy Ringtail

By WESLEY DAVIS

Daddy Ringtail And Crawfish House

Yesterday I was telling you about Mugwump Monkey, the monkey boy, and how he went crawling fishing with Uncle Bunkum who had come from the zoo for a visit with the folks at the monkey house.

A crawfish, you know, has legs that wiggle and kick, and on each of his front legs is a pincher that can catch hold of things and pinch if the crawfish wants to do it. He often wants to.

where Mugwump slept. They didn't let anyone about it. Sales Uncle Bunkum: "Mother Ringtail might not want it in the house, and—well, maybe we'd better not say a thing about it. No need to make her afraid, you know."

They could hear Mother Ringtail busy with cooking some scrambled coconut cookies in the kitchen, and then they went out in the forest to play before dinner.

Mother Ringtail sang a little song to herself while she cooked, but suddenly she heard a little noise. The noise was a scratching and scratching across the floor. And there was the crawfish out of the

bucket. It was sitting back on his tail, while out in front of him he was holding a pincher this way and a pincher that way—waiting to pinch anyone he could.

Mother Ringtail almost dropped the plate of scrambled coconut cookies. She was frightened, you see, because she hadn't known that a crawfish was anywhere nearer the creek. Certainly she didn't want one in the monkey house—maybe pinching people.

Many mothers feel that way. I mean they don't want crawfish in the house, nor bugs and other things like that. If your mother feels that way about it, remember there's nothing you can do except keep them out. Happy day!

ICC Approves New Freight Rate Hike

WASHINGTON—(AP)—The railroad industry Thursday got the go-ahead signal for another \$333,000,000 a year increase in freight rates.

The authority was issued by the Interstate Commerce Commission, which said the increase was intended to aid the railroads in setting up a 40-hour week for non-operating employees.

With Thursday's authority, post-war freight rate increases amount to about 57 per cent, involving some \$3,000,000,000 a year.

Youth Group Visits Presbyterian Men

Presbyterian Men of Midland held their first regular dinner meeting in the newly enlarged church plant Thursday night. Approximately 40 members and guests were present in the church's Fellowship Hall for a chicken and spaghetti dinner prepared and served by Circle One, Women of the Church, with Mrs. C. E. Bissell as chairman.

Seven boys and girls who attended a recent conference at Mo Camp, near Kerrville, told of their inspirational and recreational activities. The program was presented by Sue Caruthers, an adult counselor at the camp. Included in the youth group were Frank Miller, Margaret Gibson, Larry Lynn, Harold Hensley, Nona Lynn, Bill Orensaw and David Leverty.

C. E. Bissell presided at the meeting in the absence of the president, Bill Collins.

David Hunter Commissioned

President N. B. Allen, Jr., of Allen Military Academy, Bryan, Texas, has received notification from the Fourth Army ROTC summer camp, which has just been concluded at Camp Hood, that three Allen Academy cadets were receiving their commissions as second lieutenants in the U. S. Infantry Reserve, and one cadet was receiving a certificate of completion which would become effective as a commission upon completion of further academic work.

Under the present Senior ROTC program, the Academy will furnish many more cadets for advanced training which qualifies them for their reserve commissions as Second Lieutenants.  
Allen cadets receiving their commissions are: Raymond Jeffers, Houston, Texas; David Hunter, Midland, Texas; and Robert Parker, Houston, Texas. Fred Morales of Galveston, Texas, received his certificate of ROTC completion.

Steven Meunier is only 14 months old. Yet he skates up and down the sidewalk in front of his Hollywood, Calif., home when most children his age are just learning to walk. For safety reasons, little Steve's skates, regular ball-bearing models, are riveted to his baby shoes. The only other precaution is a little extra diaper padding which his mother adds, left. Steve then rolls down the sidewalk, center, when—boom—that padding really comes in handy, right.

Confessions Of Engel, The Romantic Swindler

By SIGMUND SAMUEL ENGEL As Told To Elgar Brown (Copyright, 1949, Chicago Herald-American)

In Washington society circles I met a young lawyer of talent and charm who turned out to be just my type. A woman. A woman with money.  
I knew her as Clarice Martin, "member of a rich and aristocratic New Orleans family." Later she filed a slight beef against me under the name of Mrs. Virginia Cameron, giving rise to the question of who was kidding whom.  
In the field of spoofing, however, I was never to be topped. Clarice became the first sweetheart of Lord Beaverbrook, a perfectly preposterous alias which she and many others in Washington accepted as authentic for years.

As Lord Beaverbrook I achieved much fame and acquired many headaches. Let me tell you how this utterly fantastic chapter in my life came to be written.  
Reaching the nation's capital fresh from lucrative triumphs in my native San Francisco, I checked in at the old Shoreham Hotel for the nonce, and hustled to the Austria-Hungarian embassy.  
There I renewed acquaintance with Count Esterhazy, a friend of my father who had performed several favors for me on a recent European tour.

Kindred Spirit  
The count, to use a current expression, was a pistol. He told me once the full story of how his uncle, also Count Esterhazy, had written an admission of guilt which cleared Captain Dreyfus and then had shot himself to death.  
But Count Esterhazy, the diplomat, was a kindred spirit of mine. He loved laughter, wine, women and song. We had the high spots of Washington society together and staged costly parties at the Mayflower and the old Willard.

At one such gay gathering in the Presidential Room of the Mayflower, the count was a little high on champagne and formally presented me to Charles Evans Hughes and his wife as Lord Beaverbrook.  
Bewhiskered Mr. Hughes' gray eyes twinkled and he asked me how things were in Mayfair. We undoubtedly each orally presented him to Charles Evans Hughes and his wife as Lord Beaverbrook.

Heavens-Sent Background  
So did so many others that I finally decided that here was a heaven-sent background for my operations. I adopted the name and played it for keeps.  
Sounds incredible, doesn't it? But Washington society is that way, even today. So many four-flushers circulating that they peddle their ludicrous yarns to each other at face value and no questions asked.  
Clarice Martin, or Virginia Cameron, if you prefer, not only went for that title but also for little Sig Engel in person. She lived at the exclusive Wardman Park Hotel, had plenty of money, made it clear she was a widow—a lonely one.

I understood she was a brilliant lawyer, too, though I never saw her working at it. Instead we devoted ourselves to spending money in large flusters on some of the gayest and most unrefined parties Washington ever experienced.  
I remember one shindig in the Mayflower that cost us a cool \$25,000, including music, food, wine and floral favorites for all the women. Whose money were we spending? Think hard, now; I'll only give you one guess.  
I had begun by spending my very own dough—well, that \$25,000, including music, food, wine and floral favorites for all the women. Whose money were we spending? Think hard, now; I'll only give you one guess.  
I had begun by spending my very own dough—well, that \$25,000, including music, food, wine and floral favorites for all the women. Whose money were we spending? Think hard, now; I'll only give you one guess.  
So Lord Beaverbrook humbled

himself and delicately mentioned the sordid matter of being temporarily "empty." If it was a shock to her, she took it like a little soldier. She promptly made a \$100,000 checking account open to me.  
This is what I found most difficult to understand; why seemingly intelligent women would do silly things like that for me. Yet it is only further proof of the great truth on which I operated. I'll state it again.  
Feeding affection to lonely women is the same as squirting benzidine into a long shot at Arlington. In both instances, it's in the bag.

Women won't like this crack because it's so true. However, to the comic urge of some lonely women is added a greedy demand for economic security—and when I dealt with that class it was a matter of cold-blooded matching of wits.  
Clarice Martin sought only romance brought to its "natural" fruition, which was marriage. I saw to it that the situation never got to that extreme.

No Bigamy Charges  
When I got in trouble later. Clarice tried to save face; naturally enough, by claiming we had married in Maryland. Many others have told that story; but, significantly, no official charge of bigamy has ever been filed against me.

No, she and I went our merry way in Washington without benefit of clergy. At her insistence I moved into more accessible quarters in the new Mayflower. She put her chauffeur limousine at my disposal at all times.  
I suppose my "take" from the Martin woman was upwards of \$200,000, including many costly gifts of jewels. Her only complaint came long after I'd left her. Even then, she didn't want her money back. She still wanted me.

You may recall that I had come to Washington at the insistence of an impatient widow, a friend of long standing. It was not Clarice Martin at all, but a talented woman of show business known as Marie Collings.  
I shifted from Clarice to Marie without clashing gears; but before I tell you of my wondrous Hong Kong adventure with the Collings gal, I must abandon continuity and relate the intriguing windup of this "Lord Beaverbrook" business.

It was several years later, when I was in some serious trouble and jailed in the Tombs at New York. By this time my "fame" had become international. I had been greatly publicized as the "spurious Lord Beaverbrook."  
Distinguished Visitor  
On a quiet Sunday afternoon the warden himself entered my cell and said:  
"You're about to have a very distinguished visitor. Will you be good enough to keep this little matter under your hat?"  
My curiosity aroused, I agreed. Great precautions were taken. I remember that prisoners in adjacent cells were moved out. Soon the warden returned with two callers. One was youthful, immaculate but undistinguished.

The second was about my age. My build, bore, a striking resemblance to me. He was attired in quiet refinement. He presented a gallant but worried figure.  
"Sir, I am Lord Beaverbrook," he announced, bowing low. I could think of only one thing to do. I returned his courteously bow, smiled and replied:  
"Sir, would you kindly identify yourself?"  
"Without batting an eye he produced ample credentials. Then he explained in his rich British accent that he merely wanted to see me, to learn my 'technique' and to ask me why I had chosen to use his name. My mind produced an odd answer.

"I played aristocratic roles on the stage," I said glibly. "I came from Beaverbrook, Wis., and they used to say I was the Lord from Beaverbrook." Many people seem to have made a mistake. I'm deeply sorry.  
The guy was either very gullible or a fine sport. He accepted the yarn and only asked that I drop the name in favor of "something more romantic."

We became friends, had a good chat, and I was about to attempt a small loan of \$10,000 or so when he had to go. I wonder if His Lordship ever discovered that Wisconsin town isn't Beaverbrook, but Beaver Dam?  
(Next: The Great Lover discusses romance and high finance in Hong Kong—and toys with the notion that he may be a kleptomaniac.)

RANKIN — R. D. Shaffer and Charles Fassur of Crane were Rankin visitors Thursday.  
John Bindman of Crane was in Rankin Thursday on business.  
Mr. and Mrs. David Workman and Cathay Ann were to leave Friday to spend the weekend with the Dick Koerting family in Dumas. The Koertings are Mrs. Workman's parents.  
Mrs. Mae Folkes of Wilcox, Ariz., who has been visiting her sister, Mrs. S. M. Owens, and other relatives, left the last of the week for her home.  
Joe Lane of Alpine was a Rankin visitor this week.  
E. M. Neelie of Meridian, J. M. Lackey of Barnhart and O. W. Parker of Iran were in Rankin Wednesday for the directors meeting at The First State Bank.  
D. R. Currie and Herman Debeitch of Fort Stockton attended a directors meeting at the Rankin offices of the Ranchers Wool and Mohair Association Thursday.  
Mrs. Sam Holmes and Mrs. Dave Gentry of Rankin and Mrs. Dee Locklin of McAdams were in San Angelo Wednesday with the Paul Jacobs family, where 18-year-old David Jacobs is a polo player. David has bulber type polio and although his condition is slightly improved over a week ago, he is reported by the family as being "still not out of danger."  
Although there is no definite change in the condition of Joan Edwards, she is reported as being somewhat relaxed and to be resting well in San Angelo. It is anticipated she will remain an indefinite time for further treatment.  
Mrs. Preston Patton and Sybil left Friday morning for Richland Springs, having been called there by the illness of Mrs. Patton's father, who suffered a heart attack.  
SIMULTANEOUS ANALYSES  
Molecular distillation for semi-micro analyses can be carried out on several samples simultaneously. It is reported, in a new high-vacuum still.
