

# Permian Basin OIL & GAS LOG

James C. Watson  
Oil Editor

## C-E Lea Prospector Is Assured Flowing Devonian Discovery

Discovery of flowing oil in commercial amounts from the Devonian has been assured in Central-East Lea County, New Mexico, at McAlester Fuel Company No. 1-A. The wildcat project 12 miles north and east of Lovington. This venture made 30 barrels of oil the first hour of flowing in tanks from the Devonian section at 11,264-387 feet and produced 25 barrels of oil the second hour. The flow was through a five-eighths inch bottom hole choke. Considerable gas was developed. No formation water appeared.

The prospect is to drill 50 feet deeper and run another drillstem test.

**Flow Came During DST**

The two-hour flow came during a four-hour 40-minute drillstem test at 11,264-387 feet. A 1,000-foot water blanket was used.

Gas showed at the surface in 45 minutes. The water blanket started flowing out in one hour and 15 minutes. Oil came to the surface in one hour and 35 minutes.

The oil was flowed to pits for 45 minutes to clean and was then turned to tanks for two hours, through a five-eighths-inch bottom hole choke.

During the first hour 30 barrels of 44.5 gravity oil was produced. In the second hour the flow was 25 barrels of pipe line oil.

**Is Now Deepening**

The drill pipe unloaded all the way out. Operator is now boring deeper.

This exploration is located at the center of the southwest quarter of the southeast quarter of section 11-15-37e.

It picked top of the Devonian to be 11,250 feet, to give it a datum of minus 1,488 feet.

In a four-hour and 20-minute drillstem test at 11,265-317 feet, recovery was 1,260 feet of heavily oil and gas out water blanket, 720 feet of heavily oil and gas out water blanket and drilling mud, and 3,060 feet of clean oil. All of that fluid unloaded from the drill pipe.

No water was developed and there was a good gas flow.

## North Pecos Project Makes Further Hole

Fullerton Oil Company No. 1-A, Kona, North Pecos County, has made a discovery from the Ellenburger, swabbed at the rate of one barrel of clean oil per hour during seven hours of testing at 7,983-88 feet. No water was developed.

This exploration had previously flowed 135 barrels of clean oil in 15 hours from the section at 7,971-83 feet, in the top of the Ellenburger.

It has now drilled ahead to 8,025 feet and it probably will take another test as soon as the bit now in the hole is worn out.

Samples from 7,998 feet to 8,025 feet showed some fluorescence and some good signs of gas. The drilling through the 7,998-8,025 foot section was 80%.

The likely new field opener is 660 feet from southwest and southeast lines of the east quarter of section 38, block 3, H&TC survey. It is adjacent to the shallow Pecos Valley field, and four miles east of the Santa Rosa-Ellenburger gas and distillate field.

## Gaines Wildcat Logs Oil Stains In Permian

The Texas Company No. 1 E. D. Harris, Central-South Gaines County wildcat two miles east of the Robertson pool, had staining in samples in the middle Permian at 7,354-88 feet and a show of oil at 7,400-85 feet.

Operator is now drilling ahead below 7,406 feet in line with this prospect which is contracted to drill to 7,500 feet.

The drillsite is 680 feet from north and east lines of section 17, block A-22, and survey, and three miles south of the same company's No. 1 A. E. Wharton, completed.

## A Proclamation

WHEREAS, infantile paralysis is rampant throughout the nation, striking communities after communities with ruthless impartiality, and

WHEREAS, the National Foundation for Infantile Paralysis has thrown its full resources into the fight against this insidious disease, and

WHEREAS, the high cost of combating the 1949 polio outbreaks, plus the millions of dollars still being expended by the National Foundation for last year's patients who require continued care and treatment have drained the organization's finances to the danger point, and

WHEREAS, it consequently has become necessary for the National Foundation to hold a disaster drive for funds so that its work of mercy may continue unabated,

NOW THEREFORE, I, William B. Neely, Mayor of the City of Midland, Texas, do urge each and every resident of Midland to respond most generously to the National Foundation's emergency appeal, and

I DO FURTHER PROCLAIM THE DAY OF TUESDAY, SEPTEMBER 13, to be "Polio Emergency Day" and ask all citizens of our community to join in our common crusade against infantile paralysis.

(Signed) WILLIAM B. NEELY, Mayor.

Double deck plastic coated Certi-cards, with score pad and rule book, \$1.95, tax inc., Midland Drug Co.—(Adv.)

# CIO Union Silent On Steel Crisis

## Yugoslav Rebellion Spreads

BELGRADE, YUGOSLAVIA —(P)—Premier Marshal Tito flung new defiance into the teeth of the Russian Bear Monday.

Yugoslavia, he declared, "steered by tremendous experiences" in World War II, is ready to overcome any present troubles as it did in the past ones.

The premier, prime target of Britain and Canada have addressed a group of engineers and workers from a motor factory at Na Rako-vica, near here. They came to Belgrade to show him three new types of tractors they developed in the country's industrialization campaign—the very campaign which so irks Moscow.

**Navy Is Ready**

Tito has refused to bow to Moscow's orders to concentrate on an agrarian economy, just as he refused to heed Moscow's orders to step up collectivization of farms.

His thus far successful rebellion against Moscow domination in these and other aspects now shows signs of being copied in other Communist countries.

Rallying to Tito's standard, his Navy informed him Monday it is ready to defend the nation against any attacks, "regardless if they come from east or west—regardless whether they are led by Churchill or Stalin."

This telegram to Tito came from the Adriatic port of Split. It was sent in the name of officers and men of the Navy, and it denounced the Cominform's anti-Yugoslav campaign as a dirty but futile attempt to interfere with this country's internal affairs.

**Wide-Spread Resentment**

Yesterday's resolution that Hungary had jailed eight top party men for trying to overthrow the Kremlin-controlled government was taken here as the latest evidence that important persons in the satellite countries would like to follow Yugoslavia's example.

Along with other incidents, it is considered to show wide-spread resentment in Eastern Europe over Russia's economic exploitation of the small "people's democracies."

Diplomatic observers in Belgrade see in it a promise, not only to the Bulgarians, but to the rest of Eastern Europe, to help all those who oppose subservience to Moscow.

## German Leader

Theodor Heuss, above, chairman of the Free Democratic Party in Western Germany, Monday was named first president of the new West German Republic.

## Agreement Reported On Immediate Steps To Bolster Britain

WASHINGTON —(P)—Canadian Finance Minister Douglas Abbott said Monday the United States, Britain and Canada have agreed on a program of immediate steps to combat Britain's dollar crisis.

A former victim of Hitler concentration camps, Dr. Schumacher is chairman of the Socialist Democratic Party.

Heuss stepped into a strong pro-Communist position Sunday night when he won the formal backing of the Conservative Christian Democratic Union (CDU), West Germany's strongest political party.

Heuss is a scholarly, white-haired professor of politics who likes a good cigar and an occasional glass of beer.

Hitler, in his purge of anti-Nazi literature, burned the books written by Heuss.

## Polio Emergency Drive In Midland To Open Tuesday

Tuesday is the day! The day Midlanders can help fight polio. It is the designated day for a Polio Epidemic Emergency Drive. The drive is nationwide, and Midland is asked to do its part.

Campaign workers will call on citizens during the day. The drive is headed by Harvey Herd, assisted by Vice Chairmen Henry Murphy, William Y. Penn, Alfred (Red) Petty, Joe Koeger, Lionel Craver and R. W. Hamilton.

Many others will contribute their time in making collections.

Also, citizens may make contributions by simply mailing their contributions to "POLIO," care of the Post Office.

The purpose of the drive is to replenish epidemic aid funds of the National Foundation for Infantile Paralysis now existing in combating the worst polio emergency ever faced by the American people. At least \$14,500,000 is needed in the nation.

Midland itself has been struck hard by polio this year and local funds were expended as well as \$7,000 from the National Foundation. Midland has reported nine cases of polio to date this year.

**Polio Increases**

Polio thus far this year shows an increase of 84 per cent over the same period last year. Already the National Foundation has sent almost \$6,000,000 in epidemic emergency aid to chapters in 41 states and Alaska. Millions of dollars still are needed.

Workers in the Midland campaign are volunteers. They are urged to make their own contributions. Campaign expenses are met to the minimum.

Midland has been divided into areas for the drive. Workers will be assigned to each area. The cooperation of all citizens is sincerely urged.

## Germans Elect Heuss President

BONN, GERMANY —(P)—Prof. Theodor Heuss, whose books were burned by Hitler, late Monday was elected first president of the new West German Republic.

The 65-year-old educator, candidate of the three-party rightist government coalition of the new state, received 416 of 800 votes cast on the second ballot, better than a clear majority.

Dr. Kurt Schumacher, chairman of the Socialist Party on the left, was second with 312 votes. The first ballot ended in a deadlock.

Of 801 valid votes, from a possible total of 804, Heuss, candidate of the rightist government coalition, received 377; Dr. Schumacher, candidate of the Socialist left, 311; and Dr. Rudolf Amelunxen, surprise candidate of the Centerists, 28. There were 76 abstentions.

The other votes were scattered among four fringe candidates.

**Late Notification**

The Socialists named Schumacher only a few minutes before convening of the Federal Electoral Assembly.

A former victim of Hitler concentration camps, Dr. Schumacher is chairman of the Socialist Democratic Party.

Heuss stepped into a strong pro-Communist position Sunday night when he won the formal backing of the Conservative Christian Democratic Union (CDU), West Germany's strongest political party.

Heuss is a scholarly, white-haired professor of politics who likes a good cigar and an occasional glass of beer.

Hitler, in his purge of anti-Nazi literature, burned the books written by Heuss.

## New Sales Record May Be Established For \$Dollar Day

Some sort of a sales record may be established here Monday as Midland retail stores observed September Dollar Day with outstanding values offered in practically all lines of merchandise.

The "back to school" shopping spree, which started last week, combined to make Dollar Day one of the largest sales events in recent months.

Crowds came to the city early, rushing most stores in the downtown section. Customers in some instances awaited the opening of stores.

A quick survey disclosed heavy buying, with clerks in many business houses pressed to wait on the scores of customers. Store owners and managers were too busy to tabulate receipts of the morning's sales.

Mid-morning and noon traffic was exceptionally heavy, and it was expected to be heavier following the increasing problems confronting the law enforcement officer in the Southwest due to the rapid population growth in this part of the nation.

## Cloudy, Warm, Dry Is Weather Picture

By The Associated Press

It was generally cloudy and warm over Texas Monday.

Minimum morning temperatures ranged from 60 at Dalhart to 82 at Galveston.

No rain was reported overnight. Sunday's maximum temperatures ranged from 81 at Marfa to 100 at Presidio.

## ★ LATE NEWS FLASHES ★

WASHINGTON —(AP)—Two Senate committees Monday jointly stamped final approval on a \$1,314,010,000 plan for re-arming friendly nations against communism, clearing the way for the arms bill to go to the Senate floor. The final vote was 20 to 3.

TEL AVIV, ISRAEL —(AP)—A visitor in the Israeli Parliament gallery pointed a Sten gun (machine gun) toward Prime Minister David Ben-Gurion Monday as the prime minister entered just before the legislators began an eight-week recess. The house was thrown into an uproar but guards seized the man, disarmed him and removed him from the building.

HELENA, MONT. —(AP)—The mercury dipped to 20 above at Cut Bank, Mont., Monday and forecasts predicted it would be at least that cold in mountain areas of the state Monday night.

## No Hic

Robert Meier, 25, of St. Louis, Mo., shows how he was cured of an eight-day siege of hiccups by a mysterious man using uncommon methods. The stranger, who must remain anonymous, took a noodle and two black candles from a black bag. He suspended the water-soaked noodle over Meier's head until the water dripped on his nose. Then, lighting the candles, he made some curious motions with his hands and, presto, no more hic. Honest, Doc.

## State To Maintain Road Link In County

A link on State Highway 249 from Illinois Avenue in Midland north to the Martin County line has been added to the state-maintained system of paved roads, the County Commissioners' Court and County Judge Clifford C. Keith have been advised.

The stretch of road, which serves Midland Airport, is used heavily for traffic during the war and still serves a heavy volume.

The county has at various times performed minor maintenance jobs on the road.

The link to be maintained by the state comprises 6.20 miles.

## Italians Turned Back In Atlantic Attempt

LISBON, PORTUGAL —(A)—Two Italian fliers attempting to fly the Atlantic in a single-engine plane were forced to turn back early Monday and landed safely at Lages Airfield in the Azores.

Airfield authorities here said they had been told the plane headed back to the Azores when the pilot, Capt. John Brondello, found a gas line obstructed.

The Italian fliers were piloting an American-built 185-horsepower Beechcraft Bonanza.

## YOUTH HELD IN SLAYING

DALLAS —(P)—Police held a 19-year-old youth Monday in the fatal shooting Sunday of Charles Cassilas, 17, of Dallas.

## Extension Of Truce Period Is Predicted

PITTSBURGH —(P)—The steel strike crisis was put up to strategists of the CIO United Steelworkers Monday. They held the answer to President Truman's request for an 11-day extension of the strike truce, expiring Tuesday midnight. Steel industry's big five accepted the extension.

Also in the union's hands was the working man's demands for a fourth round pay increase—specifically

## Smithwick Case Moved From Alice

ALICE —(P)—The murder trial of former Deputy Sheriff Sam Smithwick, accused of shooting Radio Commentator W. H. (Bill) Mason, was transferred Monday to Belton, Bell County.

District Judge Paul Marineau ordered the transfer after Smithwick pleaded innocent at his arraignment on an indictment returned by the county grand jury here last week.

Both District Attorney Sam Beams and Defense Attorney H. M. Wilder asked for a change of venue.

Judge Marineau overruled their requests, stating that transfer of the case on a change of venue would take it to an adjoining area where feeling is high. He said the law permitted him to transfer the case on his own initiative and he was removing it to Bell County, in Central Texas.

Grand Jury Resumes

The 27th District Court in Bell County, presided over by Judge Wesley Dice, is in continuous session and Smith's case could be taken up at any time.

Smithwick was returned to jail after the hearing.

The grand jury which indicted him resumed its hearings.

There were reports the panel would go into the bitter controversy over Ballot Box 13 in Alice during the Aug. 28, 1948, Democratic primary.

Former Gov. Coke Stevenson, who led the nomination to U. S. Senator Lyndon B. Johnson by 87 votes, has charged 200 "fraudulent" ballots were added to Precinct 13 in Alice after the polls closed.

## Many City Manager Applications Received

Mayor William B. Neely said Monday eight or ten applications have been received for the office of city manager, but that the City Council has not yet considered any of them. He said he did not know where the manager will be employed.

The resignation of City Manager H. A. Thomson was accepted by the council September 1, effective October 1.

Thomson submitted his resignation because of proposed changes of policy in the operation of the City of Midland.

## Admiral Joins Naval Captain In Charges Of Military Bungling

WASHINGTON —(P)—The head of the Naval Air Training Program spoke out strongly Monday in support of the flying captain who charged that Navy offensive strategy is being conducted "like a game of checkers."

"When John Crommelin, a great Naval officer and a very superb Naval aviator, speaks, the American people should listen to him."

Those were the closing words in a statement by Rear Adm. Arthur G. Doyle of Glenview, Ill.

Crommelin issued a statement Saturday in which he protested that Navy power is being wrecked in the Pentagon, headquarters of the armed services. He said it is being "nibbled to death" and Navy morale destroyed.

The Navy and Air Force for several years have engaged in a bitter dispute over their respective roles in strategic warfare.

The 46-year-old captain, who works under the joint chiefs of staff, said that in speaking out he was throwing overboard his 30-year Navy career, but added:

"I hope this will blow the whole thing open and bring on another congressional investigation."

That wish won one congressman's endorsement. Rep. Sesscer (D-Md) said Congress should take a hand in the row. Sesscer, a top-ranking Democrat on the House Armed Services Committee, indicated he feels such a review might help settle the dispute which flared into public view during the recent congressional investigation of the Air Force's B-36 bomber.

He said he favored an inquiry into the roles of the Army, Navy and Air Force in defense and security.

## Worth A Whistle

Cabbies almost tumbled out of their backs when they spotted a girl strolling along a Chicago boulevard clad only in a transparent plastic suit—with a swim suit underneath. Eighteen-year-old Janet Martyn was modeling the outfit—known as "rayduces"—designed to help folks reduce by melting fat off. Only question is why should Janet want to alter even one of those curves?

## WEATHER

Partly cloudy with scattered showers Monday night. Colder in the Panhandle Monday night and elsewhere Tuesday. Maximum temperature Sunday 85 degrees. Minimum Monday 70 degrees.

## Retailers To Discuss Christmas Lighting

A Christmas street lighting program for Midland will be discussed Monday by a group of interested persons at an open meeting at 3 p.m. Tuesday in the Crystal Ballroom of Hotel Scharbauer. Henry Murphy, chairman of the Retailers Committee of the Chamber of Commerce, announced Monday.

Murphy urged all business firms to be represented at the meeting.

★ IN HOLLYWOOD ★

What's Next After Television? Cousin Homer Has Answer

By ERSKINE JOHNSON  
NEA Staff Correspondent

HOLLYWOOD—Six years ago I wrote a column titled, "After Television What?" It seems more timely now than ever. So here it is again: "Science is ma-a-a-velous," the young lady remarked, "ain't it? I mean, the things they can do with that stuff. What'll they think of next? Now you take my cousin, the quietest little fellow you ever saw. You wouldn't think he knew anything. "But is he brilliant! Honestly, Homer simply makes my head swim. "There I was the other day, in his laboratory. He shows me this new invention of his. He says, "How'd you like to see the boy friend?" I says, "Sure." So what do you think? "He turns a couple of little knobs, and bingo, there's Joe standing right beside me. "Television?" I asked politely. "Television?"—Naw. That's old stuff. Homer's got something you have to see to believe. He says a couple of other scientists are working on the same thing and he's trying to get a patent before they do. No kidding, it's just a question of time. "What is?" I asked. "Look," the young lady explained. "First they invent the telephone to send the human voice and everybody thinks it's wonderful. Then they send the human voice without wires. That's radio. They call it the miracle of the age. Latest and Greatest! This guy Edison has invented the movies. So they combine the two and what do they get? Television. They can send talking pictures any place they want to, with the speed of light. Civilization thinks it's really got some-

thing. But wait. Now comes my cousin Homer. "He doesn't send just pictures and voices—he sends people. "Real people?" I repeated. "Yeah. He calls it Telesubstantiation. It means something about sending real substance, flesh and blood. How he does it, don't ask me. But I tell you it's just a question of time till there's a Telesubstantiation set in every home. "Now look here," I said. "How can your cousin Homer send real people?" "I told you you got to see it to believe it," the young lady said. "All I know is that it has something to do with the atom. First Homer breaks you down. Then he sends you out in atom form—on the beam, you understand, and then the receiving set picks you up, reassembles you, and puts you wherever Homer wants you to be. "It's something like they do with words on the teletype—break 'em down into electrical impulses, send 'em out, and then reassemble 'em into words again. Only Homer don't use wires. "But," I objected, "what will that do to the movies?" "Oh, the movies'll be old-fashioned. Like television. If you want to see Robert Taylor, they'll send you Robert Taylor in person. "But what'll he have to say about that?" "Well, they pay him, don't they? It'll be all in his day's work. "But the exhibitors," I protested. "It will run theaters. Only One Right At A Time? "Not right away," she said. "You see Homer's got it so they can just send Robert Taylor out once at a time. So if the masses are going to get the most out of him, he'll have to be sent to theaters, where a lot of people can see him—and even get his autograph. But Homer's working on an improved model now. Pretty soon he'll be able to send out thousands of Robert Taylors, by just duplicating the atoms in mass production. "This," I said weakly, "is terrible. "This," the lady said, "is progress. And you haven't heard the half of it. Why have them send Robert Taylor to you, when they can just as easy send you to Robert Taylor?" "Wait a minute," I said. "What kind of talk is that?" "Listen, instead of going to a movie theater, you simply go down to the Telesubstantiation station and get telesubstantiated to Hollywood. Then you can see all the stars instead of just Robert Taylor. You're in Hollywood. You can even eat in the Brown Derby. "But the railroads. What'll become of them. And the airplanes. And the hotels and the... "Yeah," the little lady smiled. "Ain't it progressive?"

Dorothy Shay is such a clik in S. F. they're billing her as "The South Pacific of the West." ... Ginger Rogers didn't lose any time getting back into circulation since the bust-up of her marriage to Jack Briggs. She's already going places with Greg Bautser. Alan Young at a preview: "This picture moves with the speed of a glacier."

Crane Dance Club Sets Second Class CRANE—The second in a series of four classes of instruction in square and round dancing sponsored by the Castle Gap Promoters Dance Club will be held at 8 p. m. Tuesday in the Crane Community Hall, officials announced Monday. Jack Fomby of Sweetwater, noted square dance caller and instructor, is conducting the classes. Other classes are scheduled September 20 and 27. A minimum tuition charge is made. Dancers from all Permian Basin cities are invited and urged to end for the classes.

JESS BARBER TAKEN TO DALLAS CLINIC Jess Barber, veteran Midland building contractor, was taken to Dallas by train Sunday where he will be under treatment for a rheumatic condition in a clinic. He has been confined to his home here the last several weeks. Buenos Aires is called the "Washington of South America."

DOCTOR FOUND DEAD EL PASO —(P)—Dr. Mildred L. Murray, 44, was found dead in an unfilled bathtub here Sunday afternoon. Death was attributed to a stroke.

Illinois Cowhand

To the grown-ups in Barrington, Ill., it was a costume parade, but to Mike Mervis and his ponies, it was the real "wild west." Cowhand Mike surveys the Illinois prairies with his Shetland ponies, Greenie and Ellen, after winning a prize in the costume show.

★ WE, THE WOMEN ★

Good Reasons Why Women Don't Tell Such Funny Stories

By KATH MILLETT  
NEA Staff Writer

It deeply pains men to hear a woman try to tell a funny story—especially men who think they are pretty funny themselves. Radio's Henry Morgan, writing in "Today's Woman," describes his reaction to a woman telling a joke like this: "The most she'll get from me will be a face twisted in disgust and a series of hollow groans as though a knife were sticking in my back. When is about the way I feel when women tell jokes."

There are a lot of reasons why women don't shine as storytellers. Number one reason is because so many men share Henry Morgan's viewpoint. When a woman opens her mouth to tell a joke their attitude dures her to try to be funny. Contrast that with the interested, expectant look women courteously plaster on their faces when a man starts to tell a story and it's easy to see why women lack the self-assurance a good storyteller must have.

Number two is that while a woman is supposed to laugh gaily and not be a prude if a man tells a story a little bit risqué—women know they will be criticized if they tell a story it is considered quite all right for them to hear.

Build Up Husbands Number three is that married

women—ever willing to make a sacrifice in order to give their husbands a build-up—turn over their best stories to their husbands, so that their men can shine as funny fellows.

And who is it that plays master of ceremonies by saying, "John, tell the story about such-and-such?" It's never another man. It's always a woman—usually a loyal wife. But do men ever say: "Marge, do tell 'em the story about so-and-so?" You bet they don't. If they know the story, they tell it themselves. So, it's no wonder men usually are better storytellers than women. They appropriate or they generously give the best stories their wives pick up. They always can count on a woman to give a story a build-up and beg them to tell it. And they always can count on the feminine audience to hang onto every word and be ready to laugh at the punch line.

If men would do all that for women they'd be good storytellers, too. But maybe it's just as well they don't. We've already enough men who think they're funny fellows fighting for the center of the stage—without a lot of women trying to get into the act. (All rights reserved, NEA Service, Inc.)

Navy's Viking II Rocket Rises Only 33 Miles In Test LAS CRUCES, N. M.—(P)—This country's newest and biggest super rocket, the flame-spewing Viking II, shot upwards only 33 miles in a recent test, far short of the 114 mile record of the German V-2.

But Dr. Homer E. Newell, rocket expert in the Naval Research Laboratory at nearby White Sands Proving Ground, termed the Navy's latest test a success. "We were after stability and a control this time," he said. "Next time we will concentrate on engine performance."

The slim, 48-foot-long Viking II attained a top speed of 1,775 miles an hour in its test last Tuesday. A predecessor had soared 50 miles and hit 2,250 mph over the same desert country. But the Viking II is only the second of ten planned rocket tests. Navy scientists are shooting for an ultimate altitude of 200 miles above the earth. They had hoped to hit 100 miles or better on this last test but some fault in the projectile's amazing intricacy cut off its zoom before it reached the hoped-for speed of 3,600 mph.

MRS. SCRUGGS CALLED TO BEDSIDE OF MOTHER Mrs. R. D. Scruggs and daughter left late Saturday for Miami, Fla., after being advised of the serious illness of Mrs. Scruggs' mother, Mrs. W. H. Allen, whose condition Monday remained critical.

STANTON WOMAN HURT SLIGHTLY IN ACCIDENT Mrs. Joe Bell of Route One, Stanton, received slight injuries in an automobile accident three miles east of Midland on U. S. Highway 80 early Sunday morning.

CITY COUNCIL WILL MEET TUESDAY NIGHT Members of the City Council will meet in regular session at 7:30 p. m. Tuesday in the City Hall, Mayor William B. Neely announced Monday. Numerous matters of importance are scheduled for discussion and action.

DIES UNDER TRAIN DEMING, N. M.—(P)—A man tentatively identified as James T. Cagle of Cisco, Texas, fell between the cars of a freight train Saturday night and was killed near here.

Pennsylvania Voting Tuesday May Shape Strategy For 1950

WASHINGTON—(P)—The outcome of a special Pennsylvania election Tuesday may go a long way toward shaping campaign strategy for the 1950 congressional elections. From the outside the battle looks close between Mrs. Ebel Coffey, Democrat, and John P. Saylor, Republican, for the congressional post in the 26th District. Mrs. Coffey is seeking to succeed her war hero son, Rep. Robert L. Coffey, Jr., killed in a plane crash last Spring. Saylor is a Johnstown lawyer and war veteran.

Personalities have almost been swallowed up, however, in what is regarded as a strategy battle between the Republicans and Democrats. Republicans have seized on President Truman's announced intention of taking a personal part in the 1950 congressional struggle. In the closing weeks of the campaign, they have been concentrating their fire on the President and on the Democratic Congress.

Democrats, on the other hand have tried to bring about a wedging of labor and farm voters in a district where one county is highly industrialized and two are predominantly rural. Mrs. Coffey, a matron of 55, has pitched her campaign as the "Socialist-inspired welfare state"—he said the Truman Administration wants to bring about in this country.

Both sides agreed in advance that the outcome is likely to be close. Both were prepared to hail a victory there as a sign of the nationwide trend that could be expected next year.

Midland Negro Is Killed In Wreck

STANTON — Menard Allen of Midland was killed and three other negroes were injured seriously in an automobile-truck crash at the intersection of Main Street and U. S. Highway 80 here Saturday night.

The automobile occupied by the four negroes struck the rear of a large truck as it stood waiting for a traffic light to change. Injured were Sam Maderas and Rosell King, both of Midland, and Thurman Brown of Stanton.

Allen was employed by a contractor here. He is survived by his mother. The body will be forwarded to Brenham, Texas, for interment. Maderas and the woman are in Stanton Memorial Hospital, where they were reported in serious condition Monday. Brown was moved to a Big Spring hospital Sunday.

Livestock

PORT WORTH -- (P)—Cattle 4,500; calves 2,500; grasser steers and yearlings steady to 50c lower, cows strong, 25c or more higher than Friday; other classes cattle and calves fully steady except common and medium slaughter yearlings, which were under some pressure; common yearlings 14.00-22.00; few good yearlings up to 24.00; beef cows 14.00-17.00; good and choice fat calves 19.00-27.00; few heavy calves to 20.00 and above; common to medium calves 14.00-19.00; culls around 13.00. Former Lubbock Teacher Opens School In Heart Of England

MANCHESTER, ENGLAND—(P)—A former Lubbock, Texas school-teacher Monday opened an American school in the heart of England with 200 children from the Burton-wood Air Base as his pupils. He is Maj. N. H. Wilkerson, education officer of the 3rd Air Division, now stationed in England. The pupils, ranging from six to 14 years of age, are children of Air Force officers and men at Burton-wood.

Among the first to register were Major Wilkerson's own daughters, Janice, 11 and Paula, nine.

Perkins' Condition Reported Improved The condition of James A. Perkins, injured in an auto-truck collision near here Saturday night, was reported to be greatly improved Monday at Western Clinic-Hospital, where he was treated for a broken collarbone, cuts and bruises. The accident occurred on U. S. Highway 80, about eight miles east of Midland.

LACERATION TREATED Bill Hockendorf was treated for a laceration of the face Sunday at Western Clinic-Hospital.

Sidewalk Superintendents

Dairy farmer Fred Newton of Sparks, Kan., always has plenty of company when milking time rolls around. The sound of fresh milk splashing in the pail brings cats and kittens on the double. Their interest is rewarded by a pan of warm, frothy milk, which they promptly lap up.

Garrison Warns Of Communist Menace

DALLAS —(P)—Col. Homer Garrison, Jr., of Austin said Monday that anybody who underestimates communism in this country is "either stupid or a fool."

The director of the Texas Department of Public Safety in the keynote address before the International Association of Chiefs of Police said he was afraid "many Americans still do not comprehend the menace we face from Communists within our borders."

Garrison is president of the international association. One thousand police officers are here for the convention. "We know from long experience the public's attitude of apathy toward crime and criminals, toward traffic problems and traffic disasters. We cannot fail to realize that if the public's apathy toward the menace of communism is the same we are in a bad condition."

"I am concerned with the attitude of the general public," he declared. "We know from long experience the public's attitude of apathy toward crime and criminals, toward traffic problems and traffic disasters. We cannot fail to realize that if the public's apathy toward the menace of communism is the same we are in a bad condition."

Both Persons Being Married Must Have Blood Tests Taken

The law requiring blood tests for both men and women will go into effect October 5, Mrs. Lucille Johnson, Midland County clerk, said Monday. The new marriage regulation was enacted during the last legislative session. After October 4, couples desiring a marriage certificate must present a doctor's certificate from a laboratory showing that blood tests have been taken. The laboratory must be approved by the State Department of Public Health. Only males now are required to take physical examinations before being issued a marriage license. The new law also specifies that the marriage license becomes invalid if not used within 15 days of the medical examination. After 15 days, the blood test must be taken again and a new license issued.

Stanton Woman Hurt Slightly In Accident

Mrs. Joe Bell of Route One, Stanton, received slight injuries in an automobile accident three miles east of Midland on U. S. Highway 80 early Sunday morning. She was treated at Western Clinic-Hospital and released Sunday afternoon.

Perkins' Condition Reported Improved

The condition of James A. Perkins, injured in an auto-truck collision near here Saturday night, was reported to be greatly improved Monday at Western Clinic-Hospital, where he was treated for a broken collarbone, cuts and bruises. The accident occurred on U. S. Highway 80, about eight miles east of Midland.

LACERATION TREATED Bill Hockendorf was treated for a laceration of the face Sunday at Western Clinic-Hospital.

Chamber Directors Meet Monday Night

Late Developments on the 1949 Midland County Fair, community building, Christmas street lighting program, and finances will be explained and discussed by directors of the Midland Chamber of Commerce at their meeting at 8 p. m. Monday in the Private Dining Room of Hotel Scharbauer.

President R. D. (Bob) Scruggs will preside at the session, which he said will be brief. He urged a full attendance of directors.

DR. C. L. BRADY Palmer Graduate

Case No. 54

Woman, age 57, had headaches, throbbing over temples and was troubled with tired, aching feeling in neck. She had gas on the stomach, poor kidney action, fluttering of the heart, poor appetite and weak eyes. She had been disappointed all her life. Patient entered Brady Chiropractic Clinic on March 25, 1947.

Since Chiropractic service was started, all her health troubles have cleared up. She says, "The last few months I have felt better than I ever have before!" If you have any health problems, an interview with Dr. Brady may lead to a solution of these problems. There is no charge for consultation. Call 1256 for an appointment.

## Miss Melancon Is Bride Of Cecil H. Elder

Mr. and Mrs. Cecil H. Elder, on a trip to Colorado and the Pacific Coast after their marriage in Oxnard, La., Thursday, will return to Midland to live at 1610 North Edwards Street. Mrs. Elder is the former Joyce Melancon of Midland, daughter of Mrs. E. D. Melancon of Carencro.

The marriage was read in St. Peter's Catholic Church at 8:30 a. m., with the Rev. A. M. Wassler officiating. Lester J. Melancon of Carencro gave his sister in marriage.

Mrs. J. Albert Gilbeau of Lafayette, La., was matron of honor and Dr. William Melancon of Carencro, brother of the bride, was best man. Alphonse de Boisblanc, brother-in-law of the bride, and Ray J. Melancon, her brother, served as ushers. Her niece, Annette de Boisblanc was the flower girl.

White gladioli decorated the altar and the church, and two large baskets of the flowers stood on either side. White satin bows marked the family pews.

Mrs. A. C. Sechet was the organist. Rose Marie Melancon of Church Point, La., cousin of the bride, sang "Ave Maria," Millard, and other music for the nuptial mass included "Tota Pulchra Maria," by J. L. Battistoni, "Because," D'Harcourt, "I Love You Truly," Jacobs-Bond, and "Ave Maria."

A reception in the home of Dr. and Mrs. William Melancon followed the ceremony. Assisting the couple in receiving were the bride's mother, Frances Ruth Elder, sister of the bridegroom; Lester J. Melancon and the attendants.

Mrs. Alphonse de Boisblanc and Mrs. Theo Melancon were at the punch bowl and Mrs. E. L. Melancon served the wedding cake. Peggy Roy and Rose Marie Melancon assisted in serving. Polly Melancon was in charge of the guest register. Mrs. Terry Guidry and Marie Florine de Boisblanc showed the wedding gifts.

White Flowers in Home  
Geraldine Andrus at the organ and Frances Ruth Elder, violinist, played a medley of music including "Because," D'Harcourt; "I Love You Truly," Jacobs-Bond, and "Ave Maria."

A large arrangement of white gladioli was placed before a mirror on the mantel, and a match arrangement on the buffet. Two floor baskets of the same flowers in the living room completed decorations for the reception.

The bride has lived in Midland five years and has been an office employee of the Elder Chevrolet Company. She is a member of Beta Delta Chapter, Beta Sigma Phi.

Her education was received in Louisiana, where she was graduated from Carencro High School and attended Southwestern Louisiana Institute at Lafayette.

Elder, the son of Mrs. Dona C. Elder of Amarillo and J. H. Elder of Midland, is associated with his father in the operation of the Elder Chevrolet Company. After graduation from high school in Clovis, N. M., he attended the University of California and served for three years in the Air Force. He is a member of Lambda Chi Alpha fraternity.

## West Elementary Room Mothers Are Honored At Party

Room mothers and teachers of the West Elementary School were entertained Saturday morning with an informal Coke party by Mrs. Bill Colyns, vice president of the school's Parent-Teacher Association, in her home, 1900 West Texas Street.

Other P-TA officers, including Mrs. Malcolm O. Gibson, president; Mrs. J. B. Elder, vice president; Mrs. Leroy Butler, treasurer; Mrs. Delbert Downing, membership chairman; Mrs. Hal C. Peck, hospitality chairman, and Principal and Mrs. Leslie Hinds, also attended.

Mrs. Butler, Mrs. Kenneth Newton, Mrs. Bob Senning and Mrs. W. C. Kimball assisted with the hostess duties.

Room mothers present were Mrs. William Beuck, Mrs. Newton, Mrs. Jack Moore, Mrs. Clarence Symes, Jr., Mrs. Bob Pine, Mrs. G. Newman Shell, Mrs. R. W. Allen, Mrs. L. V. Bowers, Mrs. E. M. Chase, Mrs. R. E. Cox, Mrs. Hank Webster, Mrs. Marshall Bagwell, Mrs. R. W. Northway, Mrs. W. L. Woolley, Mrs. W. L. Crothers, Mrs. Fred E. Rylee, Mrs. D. H. Thompson, Mrs. Noble B. Cresh, R. A. Estes, Mrs. Thomas N. Nipp, Mrs. R. U. Fitting, Mrs. Bruce McKague, Mrs. B. B. Seawright.

Others Present  
Mrs. F. N. Littlejohn, Mrs. James FitzGerald, Jr., Mrs. John Younger, Mrs. Kimball, Mrs. A. H. Vineyard, Mrs. J. P. Carson, Mrs. Gordon Gray, Mrs. George G. Johnson, Mrs. A. N. Griffith, Mrs. W. Dave Henderson, Mrs. Thomas J. Wallington, Mrs. Charles Horton, Mrs. Ernest Neill and Mrs. Ish McKnight.

Mrs. Garvin Beauchamp, Mrs. E. L. Mount and Mrs. D. A. Pass were unable to attend.

Teachers present were Mrs. Edwin Boggs, Mrs. Grenade Peters, Mrs. F. B. Kingon, Mrs. Rex Russell, Wanda Slocum, Judith Hughes, Frances Staggs, Ova Webb, Mrs. E. F. Wolfe, Glenda Ruth Brown and Robert Coatsworth.

Teachers unable to attend included Mrs. Fay Gilmore, Tommie Smith and Lottie Wilson.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 12, 1948-5

## Mrs. Beakey Named President Of League Of Women Voters

Announcement of the election of Mrs. J. E. Beakey as president of the League of Women Voters was made at the first Fall luncheon meeting of the group in the Scharbauer Hotel Saturday. Mrs. Beakey was elected by the board after the resignation of Mrs. R. L. Hughton and will succeed Mrs. William Y. Penn, last year's president.

It also was decided that since the league's national policy will be to concentrate on one project for the entire year, the Midland league will enter its activities around problems on the local and state level. Mrs. Penn was appointed chairman of the local projects group.

While the business session, Mrs. Frank Wood reported on city playground plans, Mrs. Harry Russell on membership, Mrs. Beakey on local projects and Mrs. Ernest Sidwell answered questions concerning schools.

Mrs. Penn reported on national committee and state board meetings. Mrs. Leonard Swords, vice president, presided.

Out-of-city guests were Mrs. R. G. Krumrey of Beloit, Wis., and Mrs. B. C. Spencer of Oklahoma City, Okla. Other guests were Mrs. E. E. Wematt, Mrs. J. B. Elder, Mrs. Ralph E. Ans, Mrs. William I. Waters, Mrs. S. N. Sager and Mrs. Harold Fritts.

Members attending were Mrs. J. Guy McMillan, Mrs. E. H. Davidson, Mrs. E. P. Wineson, Mrs. Ray Kelly, Mrs. Hal C. Peck, Mrs. Margaret K. Galley, Mrs. Malcolm O. Gibson, Mrs. R. C. Spivey, Mrs. James H. Jones, Mrs. C. L. Davern, Mrs. N. A. Lancaster, Fannie Bess Taylor, Effie Saunders, Mrs. Bill Kimbrough, Mrs. George Turner, Mrs. John Casselman, Mrs. Ray Lockett, Mrs. L. H. Daniel, Mrs. Paul Olds, Mrs. George Putnam, Mrs. Leonard Davison, Mrs. E. Storey, Dr. Velma Scott, Mrs. F. N. Shriver, Mrs. Austin Burch.

Mrs. Ray Howard, Mrs. E. O. Schrock, Jane W. Hennen, Mrs. Gerald R. Gaige, Mrs. Mary Hostia, Mrs. Mary Ann Ringena, Mrs. Robert Gross, Mrs. William Osborn, Mrs. Duffy B. Stanley, Mrs. R. V. Oberholzer, Mrs. C. M. Linehan, Mrs. R. A. Estes and Mrs. Art Webber.

Opening the meeting, Mrs. L. G. Byerley, district chairman of character and spiritual education in the P-TA, will lead a devotional period. Leslie Hinds, new principal, will introduce the West Elementary teachers. Mrs. J. H. Herd will lead group songs.

An executive board meeting at 2:30 p. m. and social meetings of parents and faculty members between 3 and 3:45 p. m. will precede the general session.

Parents met faculty members of the school at an informal open house Thursday night, sponsored by the P-TA as a preliminary to its formal meetings through the school term.

## Monroe Will Speak To South Elementary P-TA Unit Tuesday

Already started on its year's work with an informal social meeting last week, the South Elementary Parent-Teacher Association will have its first regular program at 3:45 p. m. Tuesday in the school auditorium.

Frank Monroe, superintendent of schools, will be the speaker on the subject, "Teamwork Between Home and School." Mrs. C. L. Stephenson, president, will be in charge of the business meeting.

Yearbooks which outline the program for the year and list officers and committees will be distributed to members.

Parents met faculty members of the school at an informal open house Thursday night, sponsored by the P-TA as a preliminary to its formal programs. The unit plans monthly meetings through the school term.

## Pony Express Winners Given Books As Prizes

Jimmy Jones of West Elementary and Vicki Anderson of North Elementary were awarded two books each as prizes in the Pony Express reading contest at a party held Saturday afternoon in the Midland County Library. They were winners in the elementary school division—Jimmy reporting 168 books and Vicki 80. Each will keep one book and the other will be given to the school.

Winners in the junior high school division were Charles Fredregill with 114 books and Simone Walker with 66 books. Dunbar Branch winners, Alva Mae Lee, with 72 books and Herman Pardue with 59, will be honored at a party this week.

At the Saturday afternoon party, which honored all contest entrants, 89 certificates were awarded to those who had reported on 10 or more books.

Elizabeth Sprinkle gave several readings for the children and the albums of "Peter and the Wolf" and the music from "The Wizard of Oz" were played.

Parent-Teacher Associations

The start of another school term brings also the start of another season for Parent-Teacher Associations in Midland and throughout the state and nation.

Organization of most Midland P-TA units has been completed and initial meetings are scheduled this week and next. Scores of officers, room mothers, committee chairmen and teachers already are on the job, arranging for what is hoped will be the most successful year in history.

Membership, of course, will be among the first items of business as the 1949-50 season gets underway, and indications point to record numbers of members in each of the city's schools.

Every mother and father (yes, fathers since they, too, are parents) with children in the public schools should affiliate with their respective P-TAs, taking active parts in their affairs.

There is a place in each and every Parent-Teacher Association for the parent whose youngster is entering school for the first time, to the mother or father whose child is a member of the 1950 graduating class of Midland High School.

Space would not permit the listing of all the major projects and accomplishments of Parent-Teacher Associations in Midland in years past, even if such a list readily was available, but suffice it to say that education is on a much higher level and relations between parents, teachers and the school system are excellent as a result of the efforts of Midland's P-TAs.

The students, too, benefit from the untiring work of the various P-TA chapters, as the units strive continually to provide improved equipment and facilities for their schools.

School administrators and teachers also profit from the interest and enthusiasm of the parents who stand ready and willing to assist in various ways at all times. And as a result of such mutual cooperation, the parents themselves profit in numerous ways.

Better homes and better schools are the goals of Parent-Teacher Associations here and throughout the nation. Cooperation is essential if the goal is to be fulfilled. One of the most, if not the most, democratic organization in the world, Parent-Teacher Association membership is open to all parents and teachers.

Join and support your Parent-Teacher Association.

'It's Okay With Me, John, But Can You Afford 'Em'?

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND. (Copyright, 1949, By The Ball Syndicate, Inc.) Drew Pearson says: Truman coached Vaughan before he testified; White House resorted to pressure and police-state tactics to protect Vaughan; Roosevelt violated personal friendship in his administration.

WASHINGTON — White House intimates say President Truman is taking the battle over Maj. Gen. Harry Vaughan more seriously than the fight over government reorganization, arms for the North Atlantic Pact or any of the main planks on the Fair Deal program.

When Franklin Roosevelt was President of the United States, he applied to government the same strategy a military commander applied to his men in the field. If a member of his administration became a liability, made too many enemies in Congress, Roosevelt eased him out—even though they were intimate friends—just as a military commander sometimes has to desert men in the field.

Truman chiefly was worried over any probing of Vaughan campaign contributions, since the haphazard general has insisted on bypassing the Democratic National Committee and worked direct with Louis Johnson. How much Vaughan raised in the last campaign probably he himself doesn't know, but some insiders estimate it at around \$100,000, from all sorts of sources.

Police-Stateism. The White House really has been using police-state methods in connection with the Vaughan investigation. Not only do senators have a pretty good idea that their phones are being tapped, but certain witnesses and investigators have been subjected to pressure.

Francis Flannigan, ace investigator for the Senate committee, got a threat from Trumanite Charles Clark, formerly attached to the Truman committee. Clark now draws \$1,000 a month as lobbyist for Franco Spain, and is on intimate terms with the White House.

For instance, Col. W. M. Lee, who got a scuffle with John Marston in Rome and was subsequently reprimanded and demoted, at first told newsmen that the Army crackdown came as a result of the Marston incident. Lee even put this in writing, while the official text of his reprimand specifically cites the Marston incident.

Despite these written statements, however, Colonel Lee suddenly backtracked, said he didn't really think his demotion resulted from the Marston incident. The reversal had all the earmarks of a quick and powerful reminder from Washington that he would be up for promotion again soon.

The behavior of Judge James McGranery of Philadelphia also is interesting. In 1946, McGranery, assistant to the attorney general, was sore at Truman because he wanted a circuit court judgeship and Truman only would appoint him to the district bench. At that time McGranery told this writer, who was in his office when General Vaughan phoned, that the general sought to intervene in the W. T. Burton case in New Orleans, Burton having been indicted for bribing a jury.

Today, McGranery, a U. S. district judge and a Catholic, cherishes an ambition to fill the next vacancy on the Supreme Court. Soon after Catholic Justice Frank Murphy died, McGranery even made a special trip to the White House. McGranery last week denied that General Vaughan had ever intervened in the Burton jury-bribing case in New Orleans.

Madame Chiang Kai-Shek is still confident she can raise enough money to save China by appealing to the American people. All she has to do, she believes, is turn on the charm. Friends who have discussed the matter with her, found the madame living in oriental splendor at the home of her billionaire brother-in-law, H. M. Kung. She seemed high-strung, and chain-smoked as she talked. Almost every time she lit a cigarette, a bodyguard popped into the room to make sure she was all right.

More than 100 persons joined in a ground and air hunt for the woman. The body was sighted Sunday from an airplane piloted by Jess Faulkner. Searchers said they believed she had been dead only 12 hours.

PETER EDSON'S Washington News Notebook

Uncle Sam Sends Top Officials To Run Guam-Both Lacking Experience

WASHINGTON — (NEA) — Whether or not the new civilian governorship which Uncle Sam is now installing on Guam provides them with better government, the Guamanians should at least end up thinking that they are better off than they were before. The two top U. S. officials who will be installing the change and running most of the activities on the island from now on are high-level government public relations experts.

The new civilian governor of the tiny Pacific island who will take over if confirmed by the Senate is Carlton Skinner. He is now public relations director for the Interior Department. During the war he was a lieutenant in the Coast Guard.

Helping Skinner to step into his new job, and director of all the naval forces on Guam, is Admiral Edward C. Ewen, the man who ran Navy's public relations through the thick of the hectic fight over the B-36. It was sent out there a few months ago. Neither of the men have any experience in running island governments.

Mysterious Human Element. Veterans' Administration has discovered that you can mechanize federal office procedure only so far, and then the human element steps in to bog down the works. On the application blanks for the dividends on GI insurance—which have been pouring in at the rate of 1,000,000 per day since the blanks became available—VA specifically directs that the veteran should not staple or fasten together the two halves of the form. The two halves are part of the same card and should just be divided before being dropped in the mail.

The hundreds of complicated office machines which the VA had designed to sort and file these cards were built to take the forms folded, not fastened. But to the dismay of the officials who thought they had every bug out of the dividend-handling process, a big fraction of the applications have been coming in securely fastened with many staples or bound together with scotch tape.

Before these fastened cards could be put in the processing machines, a large crew of "staple pullers" and "scotch tape cutters" had to be set up. This neglect will cost the VA plenty.

Different Meaning. Secretary of Defense Louis Johnson has got a new nickname around the Pentagon. It's "Mr. Looie Defense." It was started last Spring by a couple of officers who thought Johnson was being too much of an eager beaver about his job. The name has since seemed to have lost that connotation. Johnson is proud of it and roars every time he hears it used.

New Tricks For Old Dog. Friends of Marshall Plan Administrator Paul Hoffman keep nagging him for an explanation as to why European businessmen and government officials can't be taught by the Marshall Plan. Hoffman now replies to them with the following pat answer: "In 1919, I was a delegate to Herbert Hoover's U. S. European conference. One of the things we agreed on at that meeting was that there must be a uniform system of marking roads, if auto travel was to be encouraged. A national system was worked out. Yet today, 30 years later, there are still six U. S. states which haven't adopted the national pattern. When it takes 30 years to get American states into line on a program of this kind, it is easier to understand why it is so hard to knock Europeans out of their habits."

Public opinion polls, which went into the doghouse after last November's election upset, are trying to advertise their way out again. Taking the average error of over 300 pre-election polls conducted in the U. S. and foreign countries, the pollsters have come up with the figure that they are better off than they were before. This is the way the Gallup organization says the U. S. public now feels on 10 top issues: Four to one favor North Atlantic Pact. A majority favor Taft-Hartley revision. Only a small minority favor outright repeal.

The weight of public opinion has opposed the Truman National Health Insurance program. Farmers are divided on Brannan farm plan. Recognition of and trading with Communist China are overwhelmingly disapproved. Seven to one against tax increases. Seventy-eight per cent favor increase of minimum wage to 65 cents an hour. Federal aid to education favored by 64 per cent. Reciprocal trade agreements favored by eight out of 10 of those who know what they are. A majority favors broader social security coverage.

Reasons For High Tariffs. One reason U. S. tariff rates now are considered too high for British competition is that these rates were originally designed to keep out Japanese and German mass-produced goods which undercut the American market. Under normal U. S. tariff rate-making policies, the basic agreement is always made with the "historical principal foreign supplier." This rate is then made to apply to all other supplying nations under the most favored nation principle. Before the war, Germany and Japan were the principal suppliers of many U. S. imports, from Christmas tree ornaments to silk and scientific instruments. Since the war, the U. S. government has negotiated new tariff rates that take into consideration the fact that Germany and Japan have been out of the U. S. market for 10 years. One good reason is that it is expected Germany and Japan will export to the U. S. in the meantime, the high rates applied against these axis countries are keeping out some imports from Europe, preventing the European countries from earning much-needed dollars.

Out For Reductions. Here are some of the 55 specific items and their present import duty rates, on which the British want U. S. tariffs reduced: Sanitary earthenware, 45 to 60 per cent. Flat iron bone china table and kitchenware, 30 per cent; decorated, 35 per cent. Scientific instruments, 40 to 60 per cent. Silverplated candlesticks, 54 per cent. Electric irons, 40 per cent. Crochet needles, \$1.15 per thousand plus 40 per cent ad valorem. Clocks from 55 cents to \$4.50 each, plus 65 per cent. Electric meters from 27 1/2 cents to \$22.2 each, plus 33 1/2 to 32 1/2 per cent. Full-fashioned hose knitting machines, 40 per cent. Other knitting machinery, 17 1/2 per cent. Herring, 10 per cent. Jams, 10 to 20 per cent. Rye grass seed, 11 1/2 cents a pound.

Alert Cab Driver Has Last Laugh

CAMBRIDGE, MASS.—(P)—Cab Driver Roscoe Spooner, 26, had the last laugh Monday on two alleged holdup men.

Spooner told police the pair robbed him of \$8 and made him drive to a lonely spot, where they forced him from the car.

But while the two were starting the cab's motor, he climbed into the trunk. Ten minutes later they abandoned the cab. Spooner called a policeman and pointed out the pair. They were held on suspicion of armed robbery.

Conquest Of Typhoid Largely Due To Improved Sanitation

By EDWIN F. JORDAN, M. D. Written for NEA Service

Typhoid fever is caused by a germ commonly known as the typhoid bacillus. This germ is carried in water which has been contaminated by improper disposal of sewage. It is also spread from an infected person to a healthy one by fingers, food, and flies.

Until recently the treatment of typhoid had improved little if at all from the days when it was much more common. Now, however, one of the relatives of penicillin called chloromycetin seems to offer new hope for effective treatment.

Conquest of the disease has been brought about not by better methods of treatment, however, but by striking at the source of infection through improved sanitary measures. Health officials are constantly on the alert to see that sewage is properly carried off and treated and cannot seep into the drinking water supply. The drinking water also is examined often and treated with chlorine if there is any sign of pollution.

Fewer Carriers Today. Animals do not get typhoid or carry the germ. Consequently, controlling the spread of the disease is comparatively easy. Healthy people called "carriers" who harbor the germ, but are not actively ill with the disease, have been responsible for many outbreaks.

There are fewer carriers today than the past, and health departments are constantly on the watch for carriers, especially those who might be particularly dangerous because they work in restaurants or other food establishments.

While proper disposal of sewage and care of the water supply is responsible for most of the decrease in this highly fatal and disabling disease, some cases have been prevented by vaccination. Vaccination does not give complete protection, but it helps by increasing resistance.

Searchers Find Body Of Missing Woman

PARIS, TEXAS.—(P)—The body of an aged woman, object of an intensive search, was found Sunday on a creek bank two miles south of Paris.

Justice of the Peace R. T. Naah returned an inquest verdict that Mrs. Edna McHam, 75, died of exposure. She had been missing since Tuesday morning, when she went for a walk.

More than 100 persons joined in a ground and air hunt for the woman. The body was sighted Sunday from an airplane piloted by Jess Faulkner. Searchers said they believed she had been dead only 12 hours.

MIDLANDER RECEIVES U. S. NAVY PROMOTION. Waylon Alton Livingston, USN, the son of Mr. and Mrs. Ernest A. Livingston of Midland, has been advanced to sergrapher's mate, third class, by his commanding officer.

Livingston is on duty at the Naval Air Station, Barber's Point, Oahu, in the Hawaiian Islands.

The common chrysanthemum probably has been known for at least 2,000 years, according to the Encyclopaedia Britannica.

"Maybe you'd better get a check on that, Simpson! My wife's on that train and she's never been on time anywhere in her life!"

## Gavo Ochoa Still Is Sought Six Weeks After Twin Killing

By WILLIAM C. BARNARD

LAREDO — "Will George Ochoa beat the rap?" This border city buzzes over the question, six weeks after two men were murdered sensationally in a downtown hotel.

Ochoa, a suave, handsome, prosperous Laredo businessman, disappeared into Mexico the day of the slayings. Many acquaintances think nothing will budge him. One said Monday:

"Old George has become an international figure. If Mexico wishes to find and extradite him, it probably will do so. But George is wealthy and has great influence south of the border."

Local authorities who expressed great confidence Ochoa would be brought to justice, have quit talking. But at San Antonio Monday, an FBI spokesman said:

"We are working on the next few weeks—maybe sooner. We do not know where Ochoa is, but presume he still is in Mexico." FBI Enters Case

The FBI entered the case after a federal charge of "flight to escape prosecution" was filed in Washington, the State Department has a request for Ochoa's extradition.

Ochoa, 38, is accused of murdering Henry D. Whittenburg, 31, South Texas winner, and is wanted for questioning in the slaying of Cpl. James Lindsay, 30, of Oneida, Tenn. Whittenburg lived here.

Ochoa was visiting in town. Both men were slain with the same pistol on separate floors of a Laredo hotel July 31.

Gay Caballero, a new Laredo resident, has not been established that he ever met Whittenburg. The slain men were acquainted and both knew Mrs. Rosa Maria Ochoa, George's beautiful wife, District Attorney E. James Kazen said.

The motive? "I think there was a motive of jealousy," Police Chief David O. Gallagher said. He declined to elaborate.

Sparty "Gavo" Ochoa was quite a guy in this town, a polished gentleman when sober and an accomplished barroom fighter when drunk. He was a gay caballero, blue-eyed and smiling, a favorite with men and a devil with the ladies. He was well-educated, clever and witty and he had a strutting pride in his great, deep chest and the muscles that rippled over his trim, 190-pound body.

Born in Laredo, he inherited the prosperous customs brokerage business established by his father. He was a flashy dresser, drove fine automobiles. He was a marvelous swimmer and diver, a crack shot, an expert boxer and a very good golfer. He hunted from Mexico through Northern Canada and he had the finest arsenal of pistols and guns in town. George had a private gymnasium at his Laredo home and "worked out" daily.

Four hours after the two slayings, Ochoa began a golf game at the Nuevo Laredo, Mexico, Country Club, across the river from here, with five of his friends. He played all day, was in fine form, and won all the money Word of the slayings reached the country club and several persons mentioned to George that he was being hunted, George just laughed.

Invitation Declined "What are you doing here, Gavo?" Dr. Leopoldo Garza, Nuevo Laredo physician, asked him. "They are looking for you across the river for killing a man."

"This is the last straw," George chuckled. "What are you trying to do—hang a dead man on me?" Ochoa drank beer at the country club bar in the early evening, visited a couple of Nuevo Laredo night spots, and disappeared.

### So they say

It was a terrible fight, particularly after it got dark. But I made up my mind to go to do it. The water got desperately cold, but... I just kept on stroking.

—18-year-old Philip Mickman, youngest swimmer of the English Channel.

I wish there could be a bugler there to sound the final call for us, but none of the remaining boys is a bugler.

—Theodore A. Penland, 100-year-old commander of the Grand Army of the Republic.

A tax reduction would mean a further increase in the size of the deficit and revenue loss would be felt not only in the year of the reduction but also in future years.

—Robert L. Doughton (D), North Carolina, chairman House Ways and Means Committee.

Ask Washington — we have no power to decide; we support a united Germany, but a free one.

—Kurt Adenauer, first chancellor of the West German Republic, on inclusion of Soviet Zone in the republic.

We'll get a lot more members very soon. Why, I've got a 9-year-old grandson myself, and when he turns 15 I'm going to give him the Klan's mascot obligation.

—Dr. Lycurgus Spinks, imperial emperor of new Ku Klux Klan group.

### Questions and Answers

Q—What is the main function of the International Red Cross formulated under the Treaty of Geneva?

A—The main purpose of the body is the care and treatment of the wounded and ill and prisoners of war. It also provides, along with national Red Cross societies, a system of communication between free civilians living in countries at war with each other.

Q—What type of English is slated to become the most common in the United States?

A—According to a study made by Prof. John Webster Spargo of the English Department of Northwestern University, English as it is spoken in the middle west is gaining wider influence and may well replace such regional accents as the southern drawl.

Q—When was the first pension act promulgated?

A—It was passed by the Plymouth Pilgrims who enacted a regulation in 1636 that whoever should set forth as a soldier and return maimed should be maintained by the colony for the rest of his life.

Q—Who were the Pot-wallopers?

A—This is an expression used in England before the Reform Act of 1832, to denote those persons that proved themselves housekeepers, and hence electors, by boiling their pots over their own fireplaces.

Q—Do women in the U. S. Air Force have a regular status?

A—Yes. They have no official title but are called "airmen" like the men, and unofficially, WAF's.

Proposed Is Dropped A proposed tax on pinball machines was dropped. It was discovered state law forbids collection of some of the proposed new taxes.

The user tax idea apparently was not the panacea some people had hoped it was.

Now Corpus Christi is back with the rest of the cities, fighting its financial troubles. The budget was slashed in almost every department.

The city is going to court to collect delinquent taxes. A proposed bond issue for a coliseum and to replace the old city hall was dropped in favor of plans for bonds to extend sewers, water mains and street lighting.

Meanwhile the city has arranged with the Corpus Christi National Bank to honor overdrafts up to \$200,000 during the period ending December 31.

Fortunately, there are other ways out of the woods—other than user taxes. There's federal government help, state help. There's a final alternative—to cut down on city services.

Abilene in West Texas is an example; its population doubled in the last 10 years. The city could not install needed water and sewer lines, school facilities and streets during the war. At war's end there was a topheavy backlog of work to be done. When reserves were used up, a \$1,500,000 bond issue was voted. Before the money became available it was obvious it was not enough—because inflation had boosted costs meanwhile. Now schools are bulging again, and water facilities are strained. New bond issues are being talked. But Uncle Sam may be asked to foot part of the bill for a reservoir to provide the water facilities.

Gets U. S. Assistance Most cities get federal help to build airports. The state lays out money when state highways happen

## Corpus Christi's Financial Panacea Fizzles; City Back In Boat With Others Now

By TIM PARKER Associated Press Staff

The worried mayors and city councilmen of Texas coked a collective eye at Corpus Christi this Summer. The gulf city, it appeared, may have found the answer to their common problem—how to boost tax revenues.

Like many another fast-growing Texas city, Corpus Christi had been having financial difficulties. This year's budget tops last year's by 30 per cent. Still come the citizen's demands for more water mains, more paving, more parks, better police and fire protection.

Corpus Christi's bonded indebtedness is \$18,126,000. The city is nearing its legal limit on tax obligations.

In the midst of this came the bright idea: user taxes. Altogether 30 new sources of revenue were brought to the city. They included fees on hotels, tourist courts, used car lots, parking lots, taverns and amusement places.

The object was clear: To take some of the load off property owners, to raise more revenue. Half of Corpus Christi's residents—the property-owning half—was paying for nearly all of the city's services. And they were tired of paying for property would drive business away.

But soon after the council passed some of the user taxes, public protest arose. Those on parking and used car lots, on theaters, bars and other amusement places were cancelled. City Commissioner Jack DeForest said they were repealed because they would have "worked undue hardship on citizens."

Proposed Is Dropped A proposed tax on pinball machines was dropped. It was discovered state law forbids collection of some of the proposed new taxes.

The user tax idea apparently was not the panacea some people had hoped it was.

Now Corpus Christi is back with the rest of the cities, fighting its financial troubles. The budget was slashed in almost every department.

The city is going to court to collect delinquent taxes. A proposed bond issue for a coliseum and to replace the old city hall was dropped in favor of plans for bonds to extend sewers, water mains and street lighting.

## Swindlin' Sig Engel Faces Eight Women In Chicago Hearing

CHICAGO — (AP) — Swindlin' Sig Engel, the 73-year-old specialist in women, came to court Monday with a trail of eight women clamoring he bilked them of \$93,700.

Engel, a dapper Romeo by his own profession, was arrested June 24 by the machinations of one of his intended victims. Another of his actual victims signed a complaint, which led to a Cook County indictment on confidence game charges. This is the charge being tried Monday.

But behind those circumstances was a trail of women across the continent, a glib tongue, multiple aliases, and quick disappearances. Nine women figure in Monday's court appearance, one of whom did not press her charge, and another as the lure who trapped him in a swank Chicago luggage shop.

Claims Pile Up Here are the women whose claims make up the total: Mrs. Florence Barrette, 50, Chicago, \$12,000 in cash, furniture and jewelry; Mrs. Irene Grimes, 49, San Francisco, \$18,000; Corinne Perry, 64, Los Angeles, \$2,000; Mrs. Annette Kubak, 35, South Bend, Ind., \$5,000; Mrs. Pauline Langton, 39, New York, \$50,000 in jewelry; Mrs. Reseda Corrigan, 39, Chicago, \$8,700.

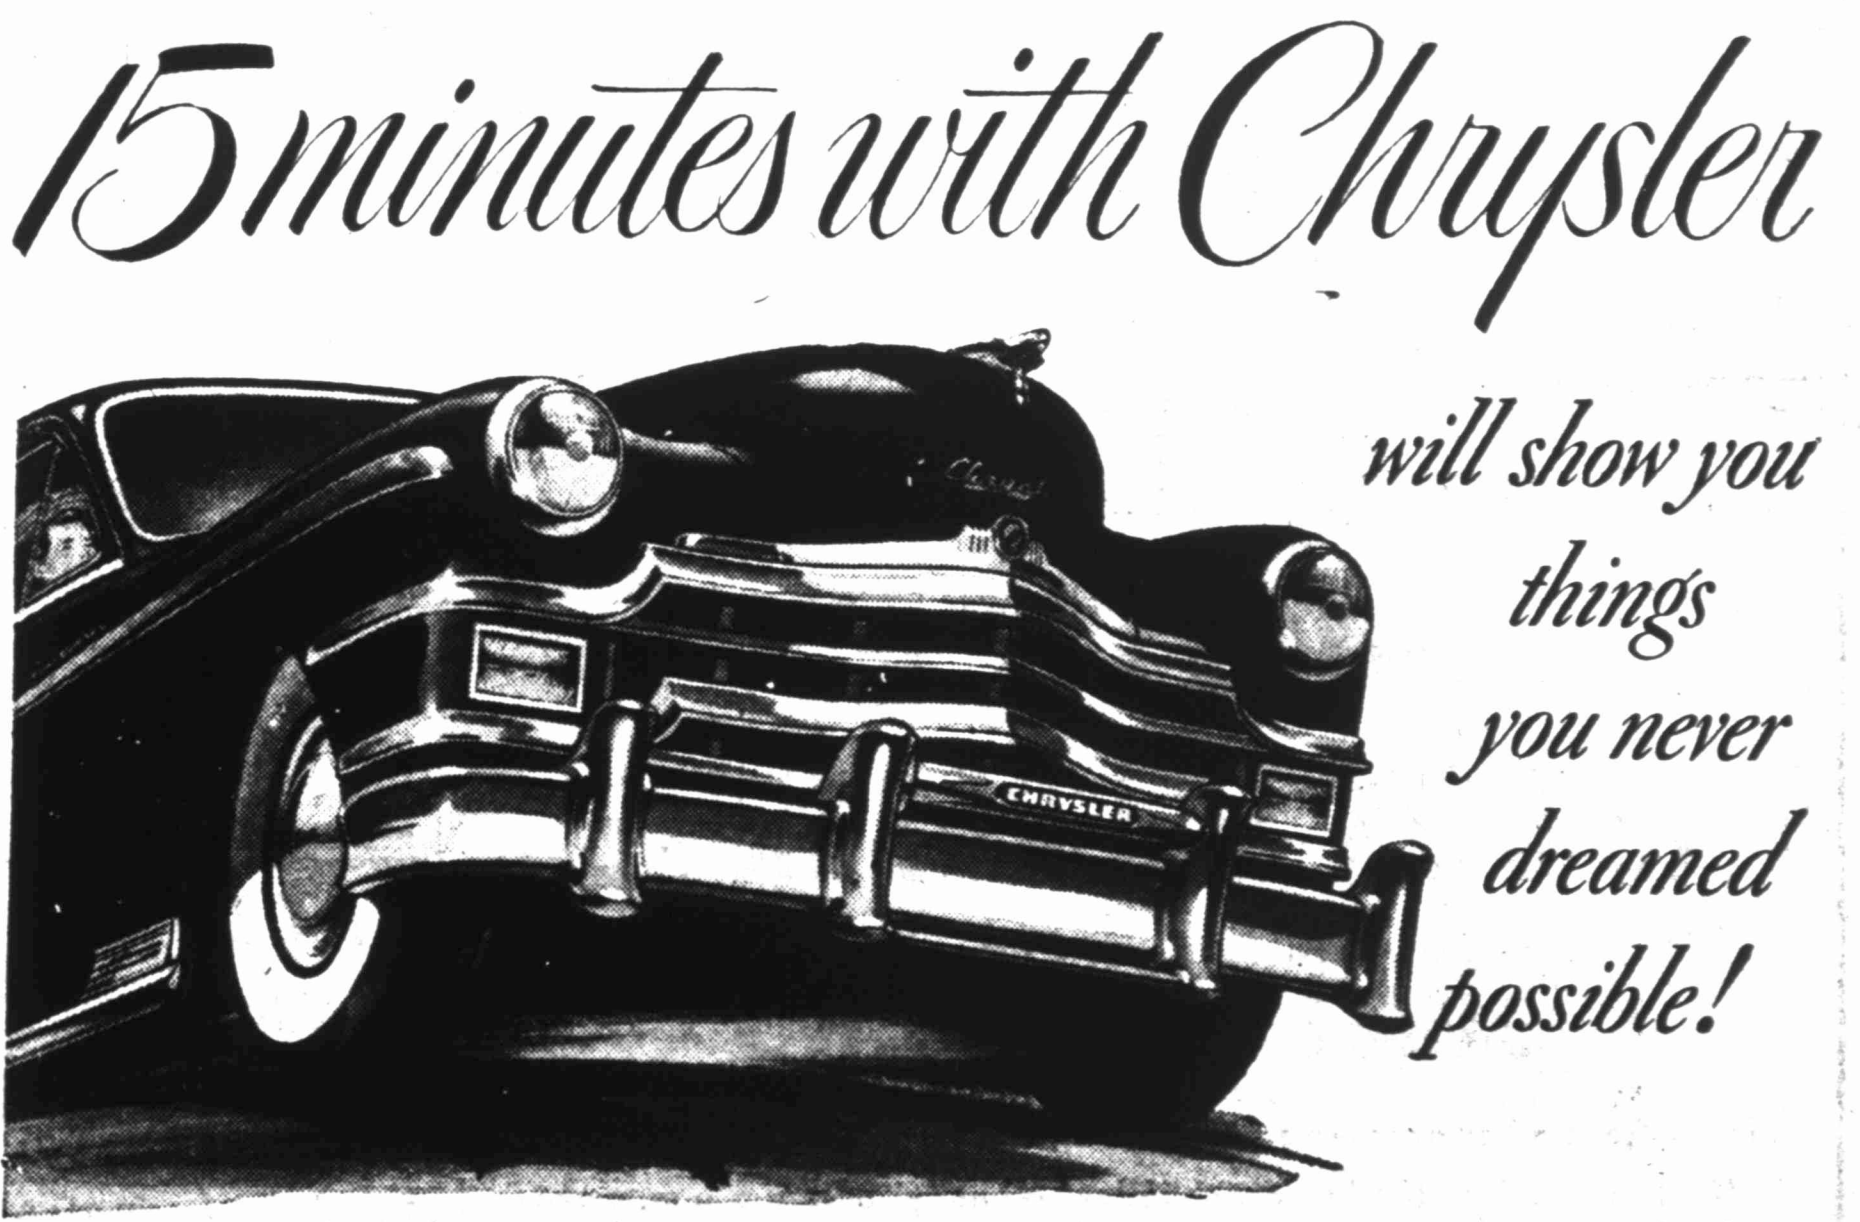

Then there was Mrs. Helma Spencer, 65, of Chicago, who claimed he took \$4,100 from her in 1925 but did not press the charge; Mrs. Vivian Huebler, 45, of San Francisco, who annulled a marriage to him; and Mrs. Genevieve Parro, 55, of Chicago, who was the bait in the luggage shop trap. All are widows or divorcees.

Women His Career Engel has remained calm through most of the furor. "Women are my career," he said. "I've got women mania—women. Maybe scientists will learn 20 years from now that's a disease."

"I've taken a lot of money from women. There's nothing to it. You ask a woman for money, and, naturally, she's going to give it to you. He added:

"Yes, I took women for millions of dollars. Maybe five or six millions. But they were trying to take me, too, you know."

# Indians Win To Finish In Second

## Sports

—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 12, 1949

### Texas College Gridders Get Rolling This Weekend

By WILBUR MARTIN Associated Press Staff College football — Texas type really cuts loose this week. Twenty-four of the 29 senior colleges fielding teams are in action and there's a flock of junior college games.

Ray Morrison, daddy of razzle-dazzle football, reveals his strategy as taskmaster of little Austin College when the Kangaroos play Southwestern Louisiana Institute at Lafayette, La.

Paul Tyson, a fabled figure in high school coaching circles, displays his first college eleven—Daniel Baker—at Wichita Falls against Hardin College.

Texas A&M, which didn't win a game last year and had only a tie with the University of Texas to break the string of defeats, entertains tough Villanova Saturday night at College Station.

Texas Christian University, a darkhorse that hopes to see the light in the Southwest Conference throne room, travels to Lawrence,

### Texas League—Fort Worth's Cats Only Texas Club In Shaughnessy Series

By The Associated Press Just one Texas team—Fort Worth—will be in the Shaughnessy playoff of the Texas League Tuesday when the opening series begins.

The Cats play host to Shreveport and Tulsa entertains Oklahoma City.

Regular season play finished Sunday, with Fort Worth downing Dallas 7-3, Tulsa beating Oklahoma City 16-5, Houston defeating Shreveport 5-3, and San Antonio knocking off Beaumont twice, 7-5 and 1-0.

Fort Worth ended up on top in the standings, ten games ahead of second-place Tulsa. Third-place Oklahoma was another eight and a half games back, with Shreveport a game and a half behind the Indians. Fifth-place Dallas was three and a half games out of the first division.

**New Attendance Mark**  
The crowd of 6,065 that turned out for the Fort Worth game at Dallas gave the Eagles a home attendance total of 404,831—a new Texas League mark. Despite Jerry Witt's fifth home run of the season, the Cats pounded three Dallas hurlers for eleven hits and won an easy victory—their sixth straight over Dallas.

Tulsa banged out 21 hits, including Russ Burns' twenty-sixth and twenty-seventh home runs, in walloping Oklahoma City. Joe Adcock, who hit five for six, also homered. Tulsa produced six double plays.

Herb Conyers, Oklahoma City first baseman, missed the final game of the season, but won the league batting crown. He batted .355.

Houston grabbed a five-run lead in the first three innings to ice the game against Shreveport. Houston's total attendance for the full season was 263,964.

Pat Seery and Tommy Grant homered for San Antonio to give the Missions the opener against Beaumont. Grant's homer in the fifth frame of the nightcap—called at the end of that frame because of darkness—was the only tally of that contest.

### Playoffs Open In Indian Park With Vernon First Foe

The Midland Indians pounded out a 10 to 7 win over the Ballinger Cats in Indian Park Sunday afternoon to sweep a three-game series and move into undisputed possession of second place in the Longhorn League final standings. It was a great day for the Indians—a day that climaxed one of the greatest stretch drives in the history of the league.

### SPORTS SLANTS

by SHORRY SHELburne

If you see Harold Webb walking around like a man in a trance Monday, don't think a thing about it. His Midland Indians just took three straight from the Ballinger Cats to finish in undisputed possession of second place in the Longhorn League.

We had nothing but love for everybody Sunday afternoon. He danced a jig all the way from home plate to the clubhouse.

The Skipper even shook hands with the umpires and thanked them for calling a fine game.

"I love everybody—even you guys," were the unusual words from Webb to the boys in blue.

Webb handed out autographed baseballs until he almost exhausted his stock for the playoffs.

It was a merry scene in the clubhouse following the game. Not a long face was to be found—nothing but smiles.

Big Leon Hayes joked Ralph Blair—"If I have to come after you any more you may not make it back to Oklahoma this year."

He relieved Ralph Sunday and went on to save the tilt to give Blair his eighteenth victory of the season.

Webb gave the boys a day off Monday with an early note of warning to be in early Monday night.

It'll be down to business again Tuesday night when the playoffs open at Indian Park. The Vernon Dusters move in.

Bob Huntley will be gunning for Webb. He kept his Dusters in the second place spot almost to the last day only to see the Indians move ahead and drop his club to third.

The fans were in fine spirits Sunday, too.

One elderly gentleman went to Harold Webb with a \$5 contribution for the Pennant Fund.

"I feel guilty, Webb, and want to make a confession," he said. "Here's five dollars for the boys. I hadn't seen a game this season until last week. I listened to most of them. I'm sorry I missed seeing such a fine team in action."

The Pennant Fund picked up nicely during the latter part of the week. It still is short of the mark, however.

Dr. L. C. Zee came through with a \$10 check and Dr. D. Wyvell dropped a check in the Wishing Well.

A loyal lady fan who "don't want any publicity, just want to help the Indians," contributed \$10.

Many fans in the stands made contributions of \$20 downward when the JayCees passed through the crowd Friday, Saturday and Sunday.

The Pennant Fund drive will continue through the home games of the playoffs. More is needed badly to reach a satisfactory total so that each man will receive a nice gift from the fund.

Anyone wishing to give to the fund may hand it to any JayCee or mail it to Sport Slants in care of The Reporter-Telegram.

### WT-NM League—Dukes Even Series With Lobos; Gold Sox Bounce Abilene

By The Associated Press The Amarillo Dukes have won a place in the finals of the West Texas-New Mexico League playoffs against the winner of the tight series between Albuquerque, N. M., and Lamesa.

Amarillo knocked Abilene out of the playoffs Sunday by downing the Blue Sox 10-7. Albuquerque whitewashed Lamesa 2-0 to deadlock the best four-out-of-seven series two games all.

Amarillo won four in a row from Abilene.

Don Ferrarese tossed four-hit ball for Albuquerque to even the series with Lamesa. Ferrarese fanned 12 batters and left 13 Lamesa runners stranded.

Cliff McClain tallied the first Duke tally in the third, on a bobble by Lamesa's Bob Upton. McClain scored the second run in the fifth on Maul's single.

At Lamesa Monday night, the Dukes' ace right-hander, Frank Shone, is expected to match pitches with Lamesa's Eulis Rosson.

### Home Run

Pitcher Hal Johnson of the Charleston, S. C., Rebels, his bride, the former Lola Bailey of Augusta, Ga., and the wedding party walk to the pitcher's mound under an arch of bats.

### Longhorn League—Broncs Meet Colts, Indians Mix With Dusters In Playoffs

By The Associated Press The regular season for Longhorn League teams has ended and first-place Big Spring meets fourth-place San Angelo while second-place Midland tangles with third-place Vernon in the first round of the playoff Tuesday.

The final games of the regular schedule were unrelenting Sunday. Midland clinched second place by defeating Ballinger 10-7. Vernon beat Roswell 8-5. Odessa won a double-header from San Angelo 6-4 and 7-3. And Big Spring's scheduled game at Sweetwater was rained out.

In the final standings, Odessa finished fifth, three and a half games out of the first division. Ballinger was sixth, Sweetwater seventh and Roswell, N. M., last.

Midland got off to a four-run lead in the last of the first Sunday on the way to victory over Ballinger. Lou Dawson homered for Midland in the seventh.

Darvin Chrisco, Vernon hurler, hit a three-run homer, a double and a single, driving in five runs, to spark the Dusters to victory over Roswell.

Odessa scored two runs in the sixth inning to win the opener against San Angelo. Odessa scored two runs each in the third, sixth and seventh frames of the nightcap to ice that contest.

### Women Tee Off National Amateur

MERION, PA. —(AP)—A field of 128 golfers teed off Monday at the Merion Golf Club, and by next Saturday evening one of the number will have waded through seven matches to become the 49th women's amateur champion of the United States.

The defending champion, Grace Lenockay of Newington, Conn., rates as a staunch contender.

Frances Stephens of Bootle, England, winner of the tough British women's golf tournament this year is on hand with an eye toward making it a double by taking the American crown as well.

### Rio Grande Loop Playoffs Carded

By The Associated Press Corpus Christi will play McAllen and Laredo will meet Brownsville in the Rio Grande League's Shaughnessy playoff opening Tuesday night.

McAllen will play the first two games of the best four-out-of-seven-game series at Corpus Christi. Laredo will play the first two games of its series at Brownsville. The next three games in each series will be at McAllen and Laredo. If more games are needed, they will be played at the original sites.

Corpus Christi finished first in the Class D League which ended its regular season Sunday. Laredo was second, Brownsville third and McAllen fourth.

### Shreveport Pitcher Suspended Following Arrest In Houston

HOUSTON—(AP)—Pitcher Henry Wyse was suspended by the Shreveport ball club after he was released from jail under bond on two police charges.

Wyse was charged with driving while intoxicated and driving an automobile without an operator's license Sunday.

Justice of the Peace W. C. Ragan set bond at \$400 in each case.

The Shreveport hurler is recovering at a Houston hotel from injuries he said he received when two men attacked him while he was being held in jail. He said doctors at City-County Hospital had to take 40 stitches in wounds on his back and left arm.

Milton H. Mullitz, Wyse's attorney, said the baseball player would go before the Harris County grand jury Monday.

Police Lieutenant P. L. Hynes, in charge of the jail at the time Wyse was held, said he welcomed a grand jury investigation of the case—"in fairness to all men working in the jail."

"All Wyse's troubles were with prisoners," he said. "Jailers had to pull men off Wyse two different times to keep him from really getting hurt. Jailers told me Wyse woke up other prisoners with his cursing and screaming."

### MIDLAND vs VERNON • TUESDAY, 8:15 P.M.

Mobile Mustangs

Three of the best college backs in the land, Kyle Rote, Dick McKissack and All-American Doak Walker, left to right, hope to run Southern Methodist to its third straight Southwest Conference championship. Then they'll run at Notre Dame in Dallas December 3.

Denton Backfield Ace Is Player Of Week In Schoolboy Football

DALLAS—(AP)—Bill White of Denton, who caught a 40-yard pass then threw two—for 37 and 22 yards respectively—all in last minute to cover 99 yards, is the "Player of the Week" in Texas schoolboy football. He was selected by The Dallas News in its weekly poll of sports writers of the state. White's sensational work brought a 7-7 tie with Graham. Charlie McNeil caught the two last-minute White passes.

Port Arthur, Grand Prairie Spring Major Upsets In Opening Schoolboy Grid Battles

By The Associated Press  
The Texas schoolboy football campaign moves into its first full week with a half-dozen clashes among the mighties. Waco, defending champion in Class AA and last season's only undefeated, untied team in the Inter-scholastic League's upper brackets, pens the season against Austin in the feature battle of the weekend.

Bulldogs Open Training Monday For Austin Game

The Midland Bulldogs, looking ahead instead of backward, were to open training at Memorial Stadium Monday afternoon in preparation for the September 23 tilt against Austin High of El Paso here. The Bulldogs came through the Yaleta game without any serious injuries except to Cecil Stephens. Everyone except Stephens is expected to be ready for hard work all this week and next. Stephens re-injured an arm in the Yaleta game and may be lost to the team for several days. He was

troubled some with the same type injury last season. Crowley Moves Up Charles Crowley and Luther Mooney probably will be shifted to the halfback spot to fill in for the injured Bulldogs. Coach Tubboat Jones will send the Bulldogs through a series of drills designed to correct some of the major mistakes made in the season opener. It is expected much time will be spent this week on setting up a defense for the Austin High T formation. Passing drills and downfield blocking also will come in for long sessions during the next two weeks. The Austin High game will be the opener for the home season. Cathedral of El Paso whipped Austin High 21 to 0 last week.

Dallas Owner Dick Burnett Says He'll Lick Major Chains

DALLAS—(AP)—Dick Burnett, the man with the loose purse strings, said Monday he would continue his fight against the baseball chains and that he's figured out a way to lick them. Burnett saw his independent Dallas club end the Texas League season a disappointing fifth Sunday although selling a new attendance record. Immediately afterward, he announced he would sell or trade practically every man on the roster. He took a crack at the chains by declaring: "Anyway, we cost Brooklyn, Cleveland and Cincinnati a pennant. They had to send their major leaguers down here to stop us. Fort Worth has a better ball club than Brooklyn and Tulsa is better than Cincinnati. Brooklyn owns Fort Worth, which led the league race; Cincinnati operates Tulsa, which was second, and Cleveland operates Oklahoma City, which finished third. Shreveport, an independent, was fourth and got into the league play-off. Dallas led the league race for almost half the season and Burnett claimed the big league clubs sent players down in droves in order to put a stop to it."

Jim Ferrier Pockets \$1,000 First Money In Kansas City Open

KANSAS CITY—(AP)—Jim Ferrier is champion of the revived Kansas City Open Golf Tournament mainly because he was the best man in the rough and on the bumpy fairways. The heavyweight San Francisco golfer won \$1,000 first prize Sunday completing the 72 holes on the hilly Swope Park public course with 277 strokes, eleven under par. Dick Metz of Arkansas City, Kan., needing three strokes to catch Ferrier at the start Sunday, managed a 71 for a 281 total. He earned \$700. Oklahomaan Tom Amstutzers National Open Champion Cary Middlecott, who said he was quitting the tournament after carding a 76 Monday and then changed his mind, also shot a 71. It was his third straight sub-par round and gave the Memphis dentist a 283 total. He tied for third place with Dave Douglas of Newark, Del. Each won \$550. Bo Winger, Oklahoma A&M star from Guthrie, Okla., topped the amateurs with a 288, even par for 72 holes. Amateurs Frank Stranahan of Toledo, Ohio, and Robert Kosten of Kansas City tied for runner-up honors with 291, but Kosten beat Stranahan on the first hole in a sudden death play-off for the second place amateur award.

Playoff Tickets On Sale

General admission tickets, reserved seats and boxes for the first two games of the Longhorn League playoff series here went on sale at Indian Park Monday. The ticket office will be open until 5 p.m. Monday and from 9 a.m. until 6 p.m. Tuesday. Present box and reserved seat holders will have until noon Tuesday to purchase their seats for the first two playoff games. Boxes and reserved seats not taken by that time will be sold to the general public. Seats will be sold for the first two games only. Following the opening two tilts here, the series will move to Vernon for three games. If the first round is not decided by then, the series will return to Indian Park for the final games. No telephone orders for tickets or seats will be honored, according to an announcement from the baseball club. Fans are urged to make their purchases early in order to avoid the rush.

Rhubarb At Austin Brings On More Fines

DALLAS—(AP)—Big State League President J. Walter Morris fined two Austin players a total of \$75 for "uncomplimentary epithets" directed at the umpires. Hank Oana, Austin manager, was fined \$25 and Catcher F. M. Younger \$50 Sunday for their part in a rhubarb Saturday night. Austin was meeting Texarkana in a league play-off game. "I fined the Austin club \$100 for not providing adequate police protection," Morris said.

Bob Evans Wins Top Money At Hot Springs

HOT SPRINGS, N. M.—(AP)—Bob Evans of Fort Davis, Texas, snatched the spotlight at Hot Springs' Eighth Annual Rodeo. When the points were counted Sunday night at the close of the three-day event, Evans had first in bull riding and tied with Harley May of Deming, N. M., for first in saddle bronc riding.

Mawxell, Davidson Wins Odessa Four-Ball

ODESSA—(AP)—Bill Maxwell and Bob Davidson of Odessa beat Joe Moore and Joe Conrad here Sunday in the Odessa Country Club's four-ball golf tournament. The score was 4 and 3. The Odessa players were four up at the end of the morning round. Davidson held out three times from off the greens to help them to win.

COTTON

NEW YORK—(AP)—Monday noon cotton prices were unchanged to 20 cents a bale lower than the previous close, October 29.83, December 29.74 and March 29.84.

MIDLANDERS BACK FROM EXTENDED VACATION TRIP

Mr. and Mrs. Luther Tidwell and Mr. and Mrs. Billy Frothing and daughter have returned from a five-week vacation trip to Washington, Oregon, California, Utah, Idaho, Arizona, Colorado and Wyoming. The Midlanders traveled more than 7,000 miles on their extended tour.

MAJOR LEAGUES—

Mack's A's Crimp Bosox Flag Hopes

By JACK HAND  
Associated Press Sports Writer  
Doff your lid to Connie Mack. The old boy hit it right on the nose when he said his Philadelphia A's could decide the American League race.

"They'll have to beat the A's first," he said last week. He wasn't kidding. Sunday he proved it for the benefit of the Boston Red Sox, who suffered two shocking setbacks at Shibe Park.

The Sox, only a half-game behind New York Saturday afternoon after the Yankees lost the first game of a double-header to Washington, now are three full games back. Furthermore, they have only 15 to play. Boston belted the A's 14 out of 20 this season until they blew Sunday's pair 6-4 and 4-0. It may have cost them the pennant. However, Mack's gang also has three more dates with the Yankees in the last week of the season.

New York took care of Washington 20-5 and 2-1, setting a new major league record in the opener by drawing 11 bases on balls from the Senators' "pitchers" during a 12-run rally in the third inning. The second game was called because of darkness after 5 1/2 innings with the cellarites missing a chance to tie by some inept base running. Cards Gain Ground Detroit continued its surge, as Virgil Trucks shut out Chicago 1-0 for the Tigers' tenth straight win. They have won 18 of their last 20 and hold third place, a half-game ahead of the defending world champion Cleveland Indians. The Indians lost at St. Louis 5-4. The Tigers are 5 1/2 games behind the Yankees with only 14 to go. They could do it but it would require a miracle finish. Stan Musial smashed three homers, upping his season total to 32, in the St. Louis Cardinals' double killing of Cincinnati, 7-5 and 7-4. The victories added a half-game to their National League lead, which now is one and one-half games over Brooklyn.

The Dodgers pumped across six runs in the seventh inning, including a grand slam homer by Carl Furillo, to whip the New York Giants 10-5. Shortstop Pee Wee Reese was injured during the inning when hit by a ball thrown by Larry Jansen. X-rays dispelled early fears of an elbow fracture but

it is not definite when he will be able to play. Phils Win Pair Ken Heintzelman and Russ Meyer pitched the Phillies to a pair of wins over the staggering Boston Braves, 3-1 and 6-3. As a result the Phils' hold on third place now is six games and the Braves' 1948 league champs, have been eliminated mathematically from the race. Ralph Kiner, only bright spot in the Pittsburgh picture, hit his 45th and 46th homers in the Pirates' 7-3 decision over Chicago. Murry Dickson, aided by Kiner, pulled the Bucs out of a five-game losing streak. They've won only two of their last 15.

Midland Colts To Play Mexico Team; Fiesta Is Slated

The Midland Colts will engage the Carta Blanca team from Chihuahua, Mexico, in a two-game series to open the annual September Fiesta here Thursday and Friday. Jose Lopez, manager of the Latin American Colts, announced Monday a big celebration is planned with dances to follow the baseball games. The Fiesta will center at the Latin American Recreation Hall on North Lamesa Road. He invited all Midlanders to attend. The Colts dropped a 5 to 4 decision to the Odessa All-Stars in Odessa Sunday. C. Heredia pitched for the Colts.

Sports

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 13, 1948-7

Headache, Too

Charley Lupica had a toothache, so Dr. D. L. DeCarlo puts in a temporary filling atop the pole above Shipwreck's Cleveland drug store. It was Lupica's nineteenth day afloat, and there he insists he will sit until the Indians lead the American League. The pole-sitting champion likes it so well he says he'll stay up until the season's end, even if the Tribe is statistically ruled out of the championship.

Bowling Season To Open Monday Night

The winter bowling season opens here Monday night. The Women's League is scheduled to roll at 6:15 p. m. at Pimor Palace. Other leagues will open the season Tuesday, Wednesday and Thursday nights. A Civic League will be organized Monday night if enough interest is shown. Jack Mashburn is president of the Midland Bowling Association for the 1948-50 season.

TRUCK-TRAIN CRASH

DALLAS—(AP)—Richard Stouffer, 58, Lancaster, Texas, was injured Sunday when the pickup truck he was driving and a steamraked flat train collided at a Lancaster intersection.

General admission tickets, reserved seats and boxes for the first two games of the Longhorn League playoff series here went on sale at Indian Park Monday. The ticket office will be open until 5 p.m. Monday and from 9 a.m. until 6 p.m. Tuesday.

Present box and reserved seat holders will have until noon Tuesday to purchase their seats for the first two playoff games. Boxes and reserved seats not taken by that time will be sold to the general public.

Seats will be sold for the first two games only. Following the opening two tilts here, the series will move to Vernon for three games. If the first round is not decided by then, the series will return to Indian Park for the final games.

No telephone orders for tickets or seats will be honored, according to an announcement from the baseball club.

Fans are urged to make their purchases early in order to avoid the rush.

They're Something Extra!

Again this year, the Humble Company is privileged to bring you radio broadcasts of Southwest Conference football games. The first games will be broadcast next Saturday, September 17. You'll want to see as many games as you can, and Humble urges you to do so. But when you can't get out to the game of your choice, enjoy Humble's broadcasts. Either way... whether you drive to a game in your car... or listen to it at home... go to the games with Humble! Follow the Humble route to the stadium where your team plays, or tune in...

Humble Football Broadcasts

Another Extra!  
Pennants to show your school colors. There's one waiting for you—free—at the Humble sign in your neighborhood.

...and another!  
Colorful Southwest Conference pocket schedules. Fit easily into your purse or pocketbook. Ask for yours at the Humble sign in your neighborhood—it's free.

# DADDY RINGTAIL

By WESLEY DAVIS

## Daddy Ringtail And Roof Of The World

Up and up Daddy Ringtail climbed. The Hufen Puffen, that friendly wolf, was climbing with him. So was Mugwump Monkey, the monkey boy. They were climbing to the top of the Snow Covered Mountain.

"Don't look down," Daddy Ringtail said. "We might be afraid if we saw how far we would fall if

"we fell." "Ooooooh!" said the Hufen. "Humpf!" said Mugwump. They were climbing straight up, almost, along the edge of the cliff that was the Snow Covered Mountain at the top.

see the other side of the mountain," said Mugwump. "And I am going to the top to do some thinking," Daddy Ringtail said. And then at last they were there—right on top of the mountains in the snow. Oh, and all the things they could see. There was the Great Forest, far below, small as a leaf of green. There was the sky of blue above, blue as the bluest water. Far away was the gold of the sun as it began to go down in the sky. All the world was before our friends, because the Snow Covered Mountain was very high in the sky.

"I am going to be the first wolf who ever climbed all the way to the top," puffed the Hufen—out of breath from all his climbing. "I am going to be a very important fellow indeed, I am, I am."

"It's like a look from the roof of the world," Daddy Ringtail thought out loud, and the Hufen listened, and Mugwump listened, and they quite forgot to feel important or even to look close at the other side of the mountain. They only thought with Daddy Ringtail how very small they were before all the world they saw. Their thoughts were happy, and they felt happy all over.

"You feel that way when you climb to the roof of the world, and maybe you can do it yourself some day. Happy day!"

Robert D. Murphy, former political adviser to the U. S. occupation staff in Germany, has been nominated by President Truman to be the new ambassador to Belgium. Murphy, 54, is a native of Milwaukee. He recently headed the division of German and Austrian affairs in the State Department. Murphy will succeed Adm. Alan G. Kirk, now U. S. ambassador to Russia.

### Miss America 1949 Is Shortest, Lightest To Win Since 1921

ATLANTIC CITY, N. J. — An Arizona ranch girl headed for the big city Monday to start her career as Miss America, 1949. Dark-haired, brown-eyed Jacqueline Mercer of the X-Bar-X Ranch, Litchfield, Ariz., who won the title Saturday night, started on a round of personal appearances that will take her back across the continent. The 18-year-old daughter of Mr. and Mrs. Arthur L. Mercer came here from her ranch home after winning the title Miss Arizona. As the new Miss America she gets a \$3,000 scholarship and a \$3,000 automobile, plus contracts for the personal appearances. She won the awards over a field of 32 beautiful girls from 45 states, four major cities, Hawaii, Puerto Rico and Canada. Back To School Although her long-range plans are "marriage first, career second," her immediate objectives are another year at Phoenix Junior College and then Leland Stanford University. She's studying dramatics, and it was a dramatic reading from Shakespeare's "Romeo and Juliet" that gave her first place in the talent division of the pageant. Her figure—34-inch bust, 22-inch waist, 34-inch hips—gave her a first in the bathing suit division. The girls also appeared in evening gowns. The shortest Miss America since 1921 (five feet, four inches) and the lightest ever (106 pounds), she neither drinks nor smokes. She designed all the gowns she wore in the week-long beauty pageant.

### Pal Eases Worries Of Polio-Stricken Newspaper Carrier

BOSTON — (AP) — Polio-stricken Walter Berthiaume, 14, was pretty worried about his newspaper route. When he was admitted to Children's Hospital a month ago he told doctors. "I have to get well real soon. I have a newspaper business to attend to and I want to get up a baby-sitting service this winter. Grandma needs my help, too. Monday Walter could stop fretting about the paper route, thanks to his pal, Carl Johnson, 13. Dressed in his Sunday suit, Carl walked to his friend's bedside Sunday and said "Hi, Walt. I got a little present for you." It was a big glass bowl holding change and bills. "Polks around home think a lot of you, Walt," Carl said. "They gave me more than \$75 to get you well. If it ain't enough, I'll get more." Young Johnson said he took over Walter's newspaper route and collected the money from his customers on a one-man campaign to help his pal, who was stricken at the home of his grandmother, Mrs. Elizabeth Eagen, with whom he lives. As the youngsters shook hands, Carl told Walter, "Never mind how long it takes to get better, you've got yourself a partner."

### Tennis Coach Jailed For Suspected Incest

HOLLYWOOD — (AP) — A 41-year-old tennis coach was in jail Monday on suspicion of incest after his 16-year-old daughter, age 16, told officers he forced her to have sexual relations with him. The accusations, made by pretty Laura Lou Jahn, were denied by Leslie E. Jahn. He said his daughter made them because he refused to permit her to have dates during tennis tours. Miss Jahn is national girls' indoor singles champion, the Dudley Cup girls' interscholastic titlist and California champion for girls under 18. Miss Jahn told police that her father, tennis instructor at the fashionable Shadow Mountain Club near Palm Springs, had been mistreating her for the last six years. Jahn said he, Laura Lou and a son, Leslie, Jr., 10, lived together and that he was divorced from the mother, Mrs. Lucille Meeks of Miami, Fla.

### SIDE GLANCES

"Every time we start talking about our operations she never fails to emphasize that hers was a ruptured appendix!"

### Schools Not Polio Menace, Says Doctor

NEW YORK — (AP) — The National Foundation for Infantile Paralysis says the polio epidemic should not make parents afraid to send children back to school on schedule. Regular operation of schools during a polio epidemic is "not regarded in itself as hazardous," but keeping schools closed can be dangerous, the foundation said. Keeping schools closed because of polio "often has resulted in public panic," Dr. Hart E. Van Riper, the foundation's medical director, said. Dr. Van Riper asserted school openings never have caused an increase or decrease of cases during an outbreak.

### Man Arrested After Car Stolen In City

A Midland man has been arrested in connection with the theft of an automobile belonging to Raby Culp, Jr., from its parking place near the American Legion Hall Saturday night, officers report. Officers said the automobile was involved in a wreck three miles east of the city on U. S. Highway 80 last Saturday night when the man, who took the car, was driving it.

### Beef Steers, Heifers Set Eight-Month High At Chicago Monday

CHICAGO — (AP) — Beef steers and heifers jumped to new high price levels for the last eight months Monday and hogs sold mostly 50 cents a hundred pounds higher than Friday in an active market. A load of choice to prime steers sold at \$33.10, the highest since January 18, when \$33.25 was paid, and several high-choice loads took \$32.50 to \$32.75. Choice heifers reached \$29.65, the most paid for this class since January 5 when the peak for these was \$30.00. Steer and heifer trade in general was 50 cents to \$1.00 higher than Friday.

### Chinese Loyalists Claim Reds On Run

CANTON — (AP) — Red setbacks on all South China fronts were claimed Monday by a spokesman for the Ministry of National Defense. He pictured the Communists as retreating in Hunan and Shensi Provinces. An Army spokesman said Jucheng, 170 miles north of Canton, had been retaken by the Nationalists. Tzeshing, 195 miles north of Canton, also has been retaken, the defense ministry spokesman said. The Nationalist position east of Canton on the Hankow Railroad was reported improved. An attempt by the Communists to land on Pingtan Island southwest of Poochow, the fallen capital of Fukien, was beaten back with heavy losses, a spokesman said. At Changhai, 25 miles northwest of Amoy, another Red attack was said to have been beaten back. A Nationalist counterattack from Tungan, 25 miles north of Amoy was said to be making progress. At Amoy, Gen. Chen Cheng, Southeast China commander, predicted the general war situation would turn in favor of the Nationalists soon.

### Mrs. America Says Children Responsible For Winning Curves

ASBURY PARK, N. J. — (AP) — A 23-year-old mother of three children took over as the 1949 Mrs. America Monday and said there is no such thing as an unmarried beauty. She is Frances L. Cloyd of San Diego, who had traveled alone across the country to compete for California in the Mrs. America finals. "I think a woman should be married before she can qualify as really mature and beautiful," she said. "She was chosen Sunday night from among a field of 30 finalists in the two-day finals of the eleventh annual contest. Second honors went to Mrs. Florida, Laura O'Banion of Miami Springs, another blonde and the mother of a 12-year-old daughter. Third was Mrs. Columbus, Ohio, Mary Rippel, a blue-eyed brunette. Mrs. Cloyd, a five-foot, six-inch blue-eyed blonde, said she thought it might be a good idea to bring both Miss and Mrs. America together in one competition. "Perhaps for charity," she suggested. Mrs. Cloyd, with a 36 1/2-inch bust, 26-inch waist, and 38-inch hips, said she credited her beauty to her children—Arthur, three; Terry, two; and Patricia, seven weeks old. "It's probably just good scientific sense," she said, "and I know it happened to me—all those female curves and lines never really get assembled until after marriage." Arthur T. Cloyd, Jr., her husband, is an auto mechanic.

### Nevada Solon Says Trade Program Will Scuttle Employment

WASHINGTON — (AP) — Senator Malone (R-Nev.) said Monday the United States is "importing unemployment" under the 1934 trade agreements program. In a speech he said he will make in the Senate Tuesday opposing the renewal of the trade agreements act, Malone said "The State Department has adopted a selective 'free trade' policy x x x without regard to the differential cost of production due principally to the wage living standards. "We have management, labor unions and many organizations constantly striving to improve the standard of living among the workers of this nation. So we adopt a policy of importing the man-hours of cheap labor from abroad and displacing our own workers. We are importing unemployment." Hybrid Program The Nevada senator declared that trade and tariff matters are domestic policy that should be separated entirely from the nation's foreign policy. "The alliance of our trade and tariff policy and our foreign policy—an alliance created by the State Department—is a hybrid program," he said. "It is designed to average our standard of living with the low-wage and slave labor foreign nations." Malone said Great Britain's current money troubles were caused by placing "various different fictitious values" on the pound sterling to gain trade advantage throughout the world. "There is only one answer to the so-called dollar shortage," he said, "complete and honest interchangeability of foreign currencies at their current market worth in relation to the United States dollar. Until we make their requirement the basis for any further aid abroad, we must consider ourselves a party to the deception, to the dishonesty, and to the fraud that it really is."

### BACK FROM AUSTIN

Mrs. Doyle L. Patton and Mrs. J. M. Ratcliff returned Sunday from a two-day visit to Austin. Louise Patton, who accompanied them on the trip, was enrolled as a student in St. Mary's Academy there.

### NEGRO COMPOSER DIES

STAMPFORD, CONN. — (AP) — Harry T. Burleigh, 82, negro composer of "Deep River" and other folk songs and spirituals, died Monday. He also composed "Little Mother of Mine" and "Just You."

### MIDLANDERS FINED

A Midland man was fined \$100 in City Court Monday on charges of being drunk in a public place. Another man forfeited bond of \$50 on a similar charge.

### PATIENT RECOVERING

C. J. Kerth, who underwent emergency surgery Saturday at Western Clinic-Hospital, was reported Monday to be recovering satisfactorily.

# WHAT EVERY PERSON OVER 21 SHOULD KNOW ... ABOUT ADVERTISING

I am an ad. And everyone who has a job or wants one should know what I do. For it's advertising—by selling more goods to more people—that makes jobs, and makes jobs more secure.

Whether you want a job or want a better one, remember—jobs all along the line depend on somebody selling something to somebody else. And advertising is the lowest cost way yet devised to sell goods. That's why advertising is called the spark plug of American business. It's obvious, isn't it? Advertising's job is to sell. When more goods are sold, there are more jobs and better jobs for everyone. Selling less goods means failures, pay cuts, layoffs. So whenever you see or hear advertising, don't forget that it's helping you. If it weren't for advertising's low-cost way of selling goods, you couldn't have such a secure job or opportunity in the future.

OTHER WAYS ADVERTISING HELPS YOU AND YOUR FAMILY

- 1 Brings you better goods for less money. 2 Makes shopping more pleasant and easier. 3 Gears consumer demand to production, to create prosperity.

### Jersey Kidnaper Remains In Jail Under \$50,000 Bail

TRENTON, N. J. — (AP) — Little Janie Franz stayed home from kindergarten Monday to be with her parents. The blue-eyed, four-year-old daughter of Mr. and Mrs. John Franz won't have to go to school for a few days, her mother said until public interest in the little girl's kidnapping has dwindled. Janie was safe at home after being kidnapped Friday afternoon outside her home here and released the next afternoon near Philadelphia. Gerald A. Hutt, 35-year-old unemployed wood finisher of Bridgeport, Conn., charged with the kidnapping, sat in a cell in Mercer County jail under \$50,000 bail. He faces a prison term of 30 years to life if indicted and convicted. He has an estranged wife and two children in Bridgeport.

### Rutledge Rites Will Be Held Wednesday

YORK, MAINE — (AP) — The body of Supreme Court Justice Wiley B. Rutledge, mourned by President Truman as "a great American," was returned to Washington Monday. The liberal jurist's funeral will be held in Washington's Unitarian Church at 1 p. m. Wednesday. His court colleagues will be honorary pallbearers. At the age of 55 Rutledge succumbed to a cerebral hemorrhage in the little village hospital here Saturday night. He was stricken August 27 while on vacation at nearby Ogunquit. In the capital, Chief Justice Fred Vinson said Rutledge's death is a severe loss to the court and to me personally. He added: x x x He was earnest, conscientious and an eminently able jurist. He was true to his ideals and, in all, a great American. He died less than two months after Justice Frank Murphy, also a Roosevelt designee, who often voted with Rutledge on civil rights issues. They were, in the opinion of many lawyers, the most liberal justices in recent years. He came to the high bench after four years as a judge of the District of Columbia Circuit Court of Appeals, from a long career as a teacher of law. He was dean of the Washington University (St. Louis) and University of Iowa Law Schools.

### Pecos Resident Dies Of Gunshot Wound

PECOS — George Arthur Beavers, 43, carpenter, died in a Pecos hospital Sunday from a gunshot wound. He was shot at his residence here about four hours before his death. The bullet from a 30-30 short barrel rifle entered the left breast, just above the heart. He is survived by his widow, a daughter and a brother. Funeral arrangements are pending.

### WRECK WEST OF HERE

State police investigated an automobile wreck 10 miles west of here on U. S. Highway 80 Sunday night. No personal injuries were reported.

Oil And Gas Log— (Continued from Page One) Gloria discovery two and one-quarter miles southeast of the Robertson field. It is 1 1/2 miles southeast of Seminole. Doss Field Stepout Is Flowing From Canyon Ralph Lowe No. 1-B Cunningham, one-location south stepout from the discovery for flowing production from the Canyon line of the Jenningsian on the north-west side of the Doss field in Central-Southwest Gaines County, was flowing at the average rate of 16 1/2 barrels of new oil per hour from perforated section between 8,840-8,851 feet in the Canyon line. That some had been rather tight at the start, but it has been shot several times with both conventional and jet perforators and has been given several acid shots. No water is being shown and the exploration appears to be due for completion soon as a good producer. It is located 660 feet from north and east lines of the southwest quarter of section 4, block A-24, oil survey, and ten miles northwest of Seminole. Clear Fork Project Set For Diamond-M Hiawatha Oil & Gas Company is to try to develop production from the Clear Fork of the Permian on the southeast side of the Diamond M-Canyon field in Southwest Scurry County, 12 miles southwest of Snyder. Hiawatha No. 7 L. M. Wilson, located 350 feet from south and east lines of the southwest quarter of section 183, block 97, H&TC survey, is to be drilled to 3,300 feet, starting at once, to test the Clear Fork. This development is 330 feet south and the same distance east of Hiawatha No. 4 Wilson, a completed producer from the Canyon line, from between 6,700 and 6,800 feet. No. 4 Wilson and several other projects nearby, which have been completed from the Canyon, have indicated possible production from the Clear Fork. N-C Scurry Producer Is Fined By Sunray Sunray Oil Corporation, and others have completed their No. 3-B R. E. Brown on the south side of the North Scurry field in North-Central Scurry County as a natural flowing producer from the Canyon line reef. It flowed through a 32 1/4-inch tubing choke for a 24-hour potential of 1,104 barrels of 44.2-gravity oil. Gas-oil ratio was 872-1-1. Flowing casing pressure was 475 pounds and the flowing tubing pressure was 500 pounds. The production was from open hole between the five and one-half inch oil string cemented at 6,721 feet and the total depth at 6,831 feet. Top of the pay was 6,720 feet. The new well is 660 feet from south and west lines of tract 13, section 20, block 1, J. P. Smith survey. Crockett Wildcat Is Scheduled By Moore Moore Exploration Company No. 1-64-A Half is to be a 3,200-foot wildcat in Central-West Crockett County, six miles southeast of Iran. It is one and three-quarter miles southwest of the nearest production in the Noelke field. The drillsite is 330 feet from north and 1,738 feet from west lines of section 64, block 1, I&GN survey. The west line of the section is formed by the east bank of the Pecos River. McQueen & Stout have the contract and are now moving in combination tools. Stanotex Gets Show Of Oil At No. 1 Dunn A side well core at 7,580 feet in the Canyon line showed some porosity and some oil stain and oil odor at Standard of Texas No. 1 Dunn, Northwest Mitchell County wildcat, five miles east of Vincent. This venture bottomed at 8,226 feet in the Ellenburger. That zone made salty water and had no shows of oil or gas. Operator is now in process of plugging back with cement to 7,580 feet. That would indicate that a test would probably be run on section above 1,580 feet to determine if the Canyon zone will make petroleum in commercial quantities. Some signs of both oil and gas have appeared in the drilling mud at this prospect. Location is 1,980 feet from south and 680 feet from west lines of section 64, block 20, Lavaca Navigation survey. WRECK WEST OF HERE State police investigated an automobile wreck 10 miles west of here on U. S. Highway 80 Sunday night. No personal injuries were reported.

# that lovely fur Coat

... you dreamed about is HERE!

In the striking new collection from the atelier of Herman and Ben Marks of Detroit ...

... EVERY feature, every favored, every desirable fur. Worked scrupulously, channeled into supple ripples ... Long coats (they're shorter this year) with the new, trim silhouette; soft, naturally rounded pliant shoulders; straighter sleeves, with turn-back cuffs; Peter Pan or pointed collars. Capes, too, cape stoles, clutch stoles, and, of course, go-everywhere jackets. Furs that should sell for many—yes, m-a-n-y more dollars!

Personally Presented By Mr. Rudolph J. Marks

## Services Study Supply Transport Plan, Helicopters Would Speed Up Deliveries

Piasecki XH-16: In model form, this is a giant two-rotor helicopter equipped with a "pod"—a detached airplane fuselage—unloading a shipment of jeeps and artillery pieces at the front.

WASHINGTON—(NEA)—Flying supplies direct from the factory loading platform to the battlefield is the latest transportation service. Here's the way it would work: Guns, ammunition, food, first aid supplies, even tanks, would be packed into detached airplane fuselages—pods—at the factory. Giant helicopters would settle down to the loading platforms, attach themselves to the pods, and carry them to the nearest airport.

Planes designed for the job would pick up the pods and fly them overseas for delivery to the airport nearest the battlefield. Helicopters would again pick up the detached, packed fuselages and deliver them straight to the combat area.

To Combat First

This method could get emergency supplies from the factory to troops in combat four or five times faster than the quickest emergency deliveries which were made during World War II.

The XH-16, the giant helicopter to fly detachable pods, is now being built for the services by the Piasecki Helicopter Corporation in Philadelphia. Fairchild Aircraft Corporation is building the plane for the job, the XC-120. The new problem is how to make a detachable fuselage with interchangeable fittings that can be used by both types of aircraft. This is said by Air Force engineers to be a relatively simple engineering job.

A third possibility is to make the pods attachable to a truck so that they can move along highways if that should be necessary. The Army and Air Force have financed the Fairchild project.

which is aimed at improving and speeding airborne operations. It involves quick delivery of complete compact units such as communications centers, first aid stations and command posts, as well as supplies. An enormous amount of time is expected to be saved in the handling of supplies with the use of the detachable pod.

Sewell-Fairchild

All three services are financing the Piasecki company in the construction of a huge two-rotor helicopter to use with a detachable fuselage. And many large business firms are just as interested in the idea. The advantage of fast air delivery from factory to customer is obvious. Many cities are also

trying to buy them for suburban airmail deliveries. Since the war the Navy and Marine Corps have done most with the development of the large helicopter. It has proved so successful for the Navy in rescue and reconnaissance, that the helicopter has completely supplanted the catapult sea plane on all of the Navy's ships.

Extensive tests and mock combat by the Marines have shown that assaults against beaches with the troops carried in large helicopters are faster, and cheaper in lives and money, than with standard landing craft. A big Piasecki helicopter costs about \$125,000. Its range is about 250 miles and its speed is a little more than 100 miles-per-hour.

## Veep Makes With Phone Numbers At Chicago Clambake

CHICAGO—(AP)—Vice President Barkley says "Anybody who would come from St. Louis to Chicago must be in love, uh—with Chicago."

The vice president, who has been linked romantically with a 37-year-old St. Louis widow, made the remark at a Democratic picnic Sunday after Governor Stevenson told him he would always get in Chicago a welcome "as warm as it is in St. Louis."

Later on, Barkley drew a Chicago woman's ticket as the winner in an automobile raffle. He read the name and address but told the crowd of 10,000 he was keeping the telephone number to himself.

Mayor Kennelly, 62-year-old bachelor, said the least Barkley should do, in that case, would be to give the mayor a St. Louis phone number.

Barkley said okay, he'd give the mayor one in St. Louis, but Barkley would decide which one he'd give.

## Hollywood Wolves Use New Technique

HOLLYWOOD—(AP)—A new version of the Hollywood wolf has turned up to pester (and blister) girls on Hollywood Boulevard.

Shirley Weinberg, 25, told police Sunday that she was plunked on the you-know-what by BB-shooting youths who pelted her from a parked auto.

She thus became the second "oops" girl in recent days. Earlier, Kathleen O'Connor, 19, had reported that she too was a target for a BB gun.

The Eskimo dog possesses the heaviest fur.

## McCamey News

McCAMEY—Mr. and Mrs. C. C. Roberts returned home recently after attending the Summer commencement exercises at TSCW in Denton. They were there for the graduation of their daughter, Betty Bullion.

Mr. and Mrs. Wilbur Harris visited in Lubbock with their son, Leon Harris, recently. Guests in the home of Mr. and Mrs. J. T. Gibbs recently were Gibbs' mother, Mrs. E. S. Dollar, his sister, Mrs. Stouty Jones, both of Amarillo; his son, W. D. Gibbs, and family of Iran, and a great grandson, W. D. Gibbs, III of Lubbock.

Recent newcomers to McCamey are E. E. Wells, wife and family. They come from Eunice, N. M.

Commander Bill Moore of the McCamey American Legion Post announced recently that initial plans were completed at a regular meeting for the annual Armistice Day program.

Members of the City Water Board met recently and instructed Silas Pittman to make surveys and submit cost estimates for a new sewer plant to be located south of the city.

Mr. and Mrs. Merle Eddleman spent the Labor Day holiday in Merton in the home of Mrs. Eddleman's mother.

Vacation At Raton

Mrs. Beryl McCollum and daughter, Mrs. Ralph Guyger, of Midland, spent two weeks in Raton, N. M.

Mr. and Mrs. George M. Legg of Abilene visited recently in the home of Mr. and Mrs. Marion Crow.

Mr. and Mrs. R. C. Rambo visited recently in Brownwood. They saw numerous relatives while there.

Mrs. J. L. Goble of Crane visited recently with her parents, Mr. and Mrs. N. F. Roberson.

Mr. and Mrs. Foteet of Houston visited recently in the home of Mrs. Foteet's parents, Mr. and Mrs. Frank Coughran.

S/Sgt. Wallace Roberson, stationed at Keiser Field, Biloxi, Miss., is visiting in the home of his parents, Mr. and Mrs. N. F. Roberson.

Mr. and Mrs. Lawrence English and children, Jack, Jerry and Kay, returned Thursday night from Brownwood.

Mr. and Mrs. Robert N. Clark and son, Roy John, of Denver City were guests recently in the home of Mrs. Clark's parents, Mr. and Mrs. F. C. Reimers.

Mr. and Mrs. Theo W. Johnson and daughters, Ellen and Mona Dee, returned Tuesday from a vacation and business trip to Deming, N. M.

Puerto Rico's white population is estimated at between 70 and 75 per cent.

There's no fuss, no balkiness when you give Syrup of Black-Draught to your child. Syrup of Black-Draught is ideal for children needing a laxative, because of irregular eating, or sluggishness due to constipation. Taken as directed Syrup of Black-Draught usually effects prompt, easy relief. And the pleasant, sweet spicy taste pleases the youngsters. That's why they never kick about taking Syrup of Black-Draught. It's a pure product, made by a manufacturer who has been known for quality since 1887. Buy Syrup of Black-Draught at your drug store, today.

## First Snow Falls In Upper Plains States

CHICAGO—(AP)—Snow moved into the Upper Plains states Monday, bringing with it the coolest weather of the morning Fall season.

U. S. forecasters reported, however, that the ground still was too warm for the snow to stick. Six inches which fell at Helena, Mont., melted to three inches by midnight and was still going down despite new falls.

Substantial rains preceded the cold air.

## Martin Heads 36th Division Association

WACO—(AP)—Brig. Gen. William Hugo Martin, assistant adjutant general of Texas, is new president of the 36th Division Association.

Martin was named Sunday to succeed Charles M. Beachman of Corpus Christi as association president. He formerly commanded the 143rd Infantry Regiment.

The division ended a three-day meeting Sunday.

## Dallas Attorney Dies

DALLAS—(AP)—Ethan Beden Stroud, 56, attorney and former general counsel for the Federal Reserve Bank here, died Sunday of a heart ailment. He was born in Hillsboro.
