Discovery Indicated From Ellenburger At Scurry Prospector

An Ellenburger discovery has been indicated in East-Central Scurry County at the C. L. Norsworthy, Jr., and associates No. 1 Feldman, ten miles east of Snyder.

The prospector had a recovery of 150 feet of very heavy oil and gas cut drilling mud and 4,492 feet of 46 gravity oil, during a one hour drillstem test in the top of the Ellenburger at 7,315-82 feet. No water was developed and most of the fluid which was recovered unloaded from the drill pipe.

Owners of the prospect are to take an electric log survey, then run casing and make a production test. If the zone shows for commercial oil and gas the production test the wildcat will be completed.

Is High To Fail

The Ellenburger was topped at 7,310 feet, on an elevation of 2,251 feet. According to some geologists that made it 75 feet high to the top of the Ellenburger. The No. 1 well, owned by H. C. Riddell, a deep dry hole drilled several years ago in the East-Central Scurry County region.

The apparent new discovery is 660 feet from north and east lines of section 33, block 41, T-4-S, R-10-E. It is about five miles northeast of Hermleigh, the nearest town.

Gas showed at the surface in eight minutes after the test was opened. The gas volume was at the rate of 200,000 cubic feet per day.

No fluid came to the surface while the tool was open.

However, when 31 stands and a single of the drill pipe had been pulled it started unloading fluid.

The fluid unloaded most of the way out with the rest of the drill pipe. Total recovery was 150 feet of very heavy oil and gas cut drilling mud and 4,492 feet of 46 gravity oil.

Gas No Water

There were no signs of formation water. Open flowing bottom hole pressure was 700 pounds. Shut in bottom hole pressure, after 15 minutes was 1,400 pounds.

This wildcat on acreage contributed by American Trading & Production Corporation of Midland. That concern retains ownership of approximately 3,000 acres of leases in the vicinity of the well, including a tract which offsets the No. 1 Feldman to the east.

W. M. Oil Company owns the section directly north of the prospective discovery.

It is understood that Norsworthy owns a quarter interest in the well and the lease on which it is located. Standard - Fryer Drilling Company of Dallas was the rotary contractor.

That concern is reported to have a quarter interest in the well and the lease on which it is located. Standard - Fryer Drilling Company of Dallas was the rotary contractor.

Love Swindler Gets Mad

Sigmund Engel, 72-year-old alleged love swindler, right, is grabbed by his lawyer, J. Edward Jones, in a scuffle in the federal clerk's office after Engel was freed on bond in Chicago. Engel, following through with a right, objected to guards watching him on behalf of Jones and Jones' father, who together posted \$37,500 in property.

Truman Demands Writing Of Compromise Farm Bill

WASHINGTON—(P)—A country mile apart, representatives of the Senate and House were called together Friday to try to write a compromise farm bill. President Truman said he expects an agreement that he can sign into law.

At issue is the question of what size price supports millions of farmers may expect from the government for their crops.

The Senate stand is for a long range flexible system of support, with the pros for basic crops ranging from 75 to 90 per cent of parity. The House wants flat 90 per cent supports.

House Bill

Here is what the bill passed by the House would do:

- For the basic crops—wheat, corn, cotton, tobacco, peanuts and rice—90 per cent of parity support, when proceeds have not disapproved marketing quotas. No support at all if the producers turn down such controls after the secretary of agriculture says they are needed to prevent price-depressing surpluses.
- Support at 90 per cent for hogs, eggs, chickens, milk and butter fats.
- Props at 60 to 90 per cent of parity for Irish potatoes, sweet potatoes, dried edible beans and peas, flax seed, turkeys, American-Egyptian cotton and soy beans.
- All other crops zero to 90 per cent—with the secretary having the right to set the levels of crops based on the availability of money and the supply of the products.
- Wool at 90 per cent of parity, mohair at 80 per cent.

Former Grid Great Charged In Murder, Held Without Bail

AMARILLO—(P)—Police said Friday charges of murder were filed against two men in the \$31 robbery-slaying of Charles Lee Freeman here October 6.

Freeman was a service station attendant. He had a crippled right hand.

One of those charged was Dwight Hoskins, 24, Amarillo, who was arrested in an Amarillo cafe. He was denied bond. Police refused to identify the other man until he is arrested. Chief Sid Harper said he expected the man to be captured Friday.

Hoskins was an Amarillo High School football star in 1941-42.

The charges came after a woman led police to a spot where a nine-millimeter Luger pistol was buried a mile east of the Canyon Airport. Canyon is 18 miles southwest of Amarillo.

Officers recovered a gun, a clip and six shells buried along a fence row. The woman said she had been told they would be buried there. She found them by counting posts from the end of the fence row.

Freeman was slain by a bullet from the gun, clip and shells were sent to Austin ballistics experts. The slug which killed Freeman already had been sent.

Cotton Farmers May Have Five Million Idle Acres In 1950

WASHINGTON—(P)—The nation's cotton farmers may have to find a way for slightly more than 5,000,000 acres of their land next year.

The Agriculture Department—holder of a temporary cotton surplus—is asking them to reduce their 1950 cotton plantings by that amount.

To encourage individual farmers to cut cotton production, the department also proposed rigid marketing quotas on the 1950 crop which would be designed to reduce sales at least 20 per cent below this year's crop.

Quotas must be approved by at least two-thirds of the growers voting in a referendum before they can be put into effect. The question will be submitted to a grower election December 15.

The department said each farm would be notified of its acreage allotment before the referendum is held.

Shell Oil Official Is Midland Visitor

E. C. Peet, vice president of finance of Shell Oil Company, New York City, is visiting the company's Midland Area office to observe and discuss current operations with members of the area staff.

Peet arrived here Thursday and during his two-day visit has been entertained by B. L. Ryan, area manager, and C. E. Mueller, treasury manager.

C. E. Ulmer, president of Midland's First National Bank, was a guest at a luncheon given for Peet in the Midland Country Club Friday. Other guests included John P. Butler, vice president of the First National Bank, and members of Shell's treasury department staff.

Peet and Dr. Roy R. Morse, director of exploration, Houston, were honored at a luncheon in the Petroleum Club Thursday. Other out-of-city guests were F. Goldstone, chief geophysicist; F. A. Nelson, senior geologist; and G. S. Lambert, geologist, all of the company's regional exploration staff in Houston, who have been visiting Ryan and F. M. Pritts, exploration manager, concerning exploration activities in this area.

Anderson Again To Head Oil-Gas Group

HOUSTON—(P)—R. B. Anderson, Vernon oilman and rancher, Friday was re-elected for a third year as president of the Mid-Century Oil & Gas Association, which ended its annual convention here.

New district vice presidents elected include:

- E. L. Green, Jr., Pampa; George Wagner Dimock, Wichita Falls; French M. Robertson, Abilene; H. E. Chiles, Jr., Midland (re-elected); Raymond Dillard, Mexia; Watson W. Wise, Tyler; W. C. Morris, San Antonio; John F. Lynch, Corpus Christi; Corbin J. Robertson, Houston; and Scott Myers, Beaumont.

Also re-elected were Andrew M. Howley, Albany, general counsel; Charles E. Simons, Dallas, vice president and general manager; and Eugene McEvaney, Dallas, treasurer.

New directors include Harlan Ray, Dallas; H. B. Zachary, San Antonio; Roy Reddick, Midland; John Hurd, Laredo; and V. F. Harrison, Corpus Christi.

Lewis Asks Combined CIO-AFL Slush Fund To Fight Big Steel Companies

WHITE SULPHUR SPRINGS, W. Va.—(P)—United Mine Workers President John L. Lewis Friday asked AFL President William Green to throw in \$250,000 a week to assist CIO President Philip Murray in his steel strikes and promised the miners would help.

Lewis, in an amazing bid for labor union cooperation in the two major strikes now on, called upon Green to create a fund in which 10 AFL unions would put up a quarter-million dollars every week to help the Steelworkers "win beyond peradventure."

Lewis said he would match the \$250,000 every week from the treasury of the United Mine Workers. His 400,000 miners have been on strike since September 19.

In a letter to Green, Lewis urged the AFL president to "subordinate every other consideration and rise to meet in this fashion the giant adversaries which would decimate the major units of organized labor."

In this way, Lewis, who has fought both Green and Murray in the AFL and CIO, appeared to be making a tremendous bid to bring all of the major labor organizations into a

Military Pay Bill Stymied

WASHINGTON—(P)—A Senate proposal to finance the armed forces on a stop-gap basis until next January 15 got an indignant reception in the House Friday from Representative Cannon (D-Mo.).

Cannon, chairman of the Appropriations Committee, told newsmen he will ask the House to table—and thus kill—the Senate proposal. He said it would "seriously affect the national defense program at a time when chances cannot be taken."

"It is ridiculous," he added, "to ask the National Military Establishment to operate on an uncertain basis for one-fourth of the entire fiscal year in times like these."

Payday — No Money

One result of the tangled money situation is that the armed services have a payday coming on Saturday, and no money to meet it unless something breaks in a hurry.

The regular Defense Department money bill, which should have been passed by last July 1, is stalled in Congress by stubborn Senate-House disagreement over funds for the Air Force. The Senate, with President Truman's backing, is holding out for a 48-group force, the House for 58.

The Senate, apparently despairing of agreement in the near future, voted late Thursday to continue financing the Army, Navy and Air Force on the same temporary basis which has provided the three services with money since July.

Congress is hoping to adjourn within a week and the Senate proposal would keep the military in funds until the lawmakers return in 1950.

Hats And More Hats

Hats of highest ranking naval officers rest beneath a model of the B-36 while the owners of the hats decry excess naval economies and high appropriations for the Air Force super bomber at the House Armed Services Committee's unification hearing in Washington. Among the hats are those of Admiral Denfeld, Admiral Kinkaid and others.

Civilian Board Suggested In Armed Forces Dispute

WASHINGTON—(P)—Two key congressmen proposed Friday that President Truman name a civilian board to referee the bitter row over defense plans which has erupted in the armed forces.

Their suggestion closely paralleled one already offered Truman by the Army-Navy Union, an organization of present and former servicemen. The lawmakers' proposal came on the heels of the President's news conference statement Thursday that he sees no need to change the fundamentals of present defense policy.

Nevertheless, said Representatives Brooks (D-La.) and Price (D-Ill.), there is a disagreement and it should be settled. The two lawmakers are members of the House Armed Services Committee.

They brought up the plan after listening for more than a week as the Navy fired repeated charges that the fighting power of the fleet is being weakened, while the Air Force gets funds and favors and builds B-36's to carry out a kind of warfare the admirals called wrong.

Denfeld Funches Hard

The Navy sent in its top officer, Adm. Louis E. Denfeld, to wind up its case Thursday. The Marines take over Monday. Then the big brass and civilian chiefs of the Army and Air Force, and Secretary of Defense Johnson, get their chance to sound off.

Denfeld came through with some (Continued From Page One)

Soviet-East German Alliance Can Bring World Peace—Stalin

BERLIN—(P)—Joseph Stalin Friday told East Germany's new Communist republic that the Germans and Russians together could keep Europe peaceful by fighting as hard for peace as they fought in war.

Stalin's message of congratulations to East Germany's Communist leaders brought predictions from pro-Soviet sources here that the Soviet bloc would sign peace treaties with the Red satellite by January.

These sources claimed tentative drafts of such treaties already have been prepared.

Stalin's congratulatory message Thursday night to East Germany's President Wilhelm Pieck and Chancellor (Premier) Otto Grotewohl called establishment of the satellite regime a "turning point in the history of Europe."

Greatest Sacrifices

He declared that the Russian and German peoples made the greatest sacrifices in World War II.

"If both peoples," Stalin declared, "will show the same determination to fight with the same intensity of effort for peace with which they waged war, then peace in Europe can be regarded as secure."

The sources who reported the impending peace treaties said the pact would bind the new East German Republic to renounce forever any claim on the former German territory now held by the Soviet Union, Poland and Czechoslovakia.

Witnesses Identify Suspect In Slaying Of Big Spring Man

PORT WORTH—(P)—Two Big Spring witnesses Friday identified David Crockett Callaway, murder suspect in county jail here, as the man they saw with the slaying victim there shortly before the crime.

Capt. James Harrison of Big Spring's Salvation Army Hotel and Andrew Taylor, room clerk and cook at the establishment, picked Callaway from a five-man "showup" here.

Callaway, held here on a robbery count, was charged with two other men in 70th Judicial Court in Big Spring September 27 in connection with the budgeon killing the day before of a Big Spring trucker, Hope Leonard, 49.

Howard County Deputy Sheriff C. E. Kiser will return Callaway to Big Spring, Tarrant County officers said.

West Texan Listed Among B-50 Victims

SEAGRAVES—(P)—One of 12 men killed in the B-50 bomber crash in England Thursday was 77-year-old Arthur Glibreath, 24, formerly of Seagraves.

His wife, the former Irma Oslin of Seagraves, was reported visiting in Pampa.

Five Defense Lawyers Held For Contempt

NEW YORK—(P)—A federal jury Friday convicted 11 top-ranking American Communist leaders of conspiring to teach overthrow of the U. S. government by force.

The 11 defendants, all members of the Communist National Board, were remanded to jail to await sentencing next Friday at 10:30 a.m. They face sentences up to 10 years in prison and \$10,000 fine each.

Eight of the defendants had been free on \$5,000 bail. Immediately afterward, Federal Judge Harold R. Medina found five of their lawyers guilty of criminal contempt during the nine-month trial and sent them to jail for terms varying from 30 days to six months.

Eugene Dennis, a defendant who acted as his own lawyer, also drew a six-month contempt sentence.

Thus ended, after seven hours of jury deliberation that began Thursday afternoon, a strife-ridden trial unprecedented in American history.

It was hinted during the trial that conviction of the leaders, who are certain to appeal to the U. S. Supreme Court, might drive the Communist Party underground in this country.

William Z. Foster, national chairman of the party, faces trial later on the same charge. He was indicted with the 11 others but was (Continued On Page Nine)

House Gets Arms Aid Money Bill

WASHINGTON—(P)—Spurred by a State Department assertion that Russia no longer can be trusted, the House Appropriations Committee Friday voted \$1,314,010,000 for foreign arms aid and \$187,000,000 for new military construction.

The bill carries \$814,010,000 in cash to help arm friendly nations and \$95,000,000 for military projects in Alaska and Okinawa.

In addition, there is \$500,000,000 of contract authority for foreign arms and \$92,000,000 for the military projects. This authority amounts, in effect, to telling the officials administering the programs that they can run up debts to that amount and that Congress will pay them.

Actual cash in the bill totals \$1,038,506,380. Along with the big items for foreign aid and military construction there are smaller amounts for shipbuilding, hospital construction, veterans' facilities, unemployment compensation, schools, and public works planning.

Quick Action Sited

Leaders scheduled the bill for the House action late Friday.

The cash and contract authority for the arms-aid program is what President Truman wanted.

Of the total, \$1,000,000,000 is to be used for North Atlantic Pact nations and the rest for Greece, Turkey, Iran, Korea, the Philippines and the China area.

In sending the bill to the House floor, the committee made public some testimony it received in secret sessions from high government officials. One of them was Undersecretary of State James Webb, who said Russia can't be trusted.

Other witnesses were Gen. Omar N. Bradley, chairman of the joint chiefs of staff, and Defense Secretary Louis Johnson.

Mine Owners Prefer Seizure To Yielding To Lewis' Demands

WHITE SULPHUR SPRINGS, W. Va.—(P)—Northern and Western mine owners said Friday they would rather have government seizure than "cut our own throats" by yielding to John L. Lewis' price demands.

"If it has to go to government, let it go to government," said George H. Love, chief spokesman for the operators negotiating here for two-thirds of the nation's commercial soft coal production.

"The average operator is a pretty impoverished fellow," Love told a news conference.

"He is not going to cut his throat by increasing his costs this year. If there is a spontaneous movement in this industry, as Mr. Lewis says there is, it is among the small coal operators. They are unanimous in saying they can't pay any more."

"There is no more reason to seize the industry than to seize the union," Love continued, hastening to add he was not suggesting that either.

Lewis Thursday said the 400,000 striking coal miners would go back to the pits under a "bona fide" seizure by the government.

No Reduction Due In NLSI Premium Rates, VA Advises

WASHINGTON—(P)—War veterans holding National Service Life Insurance policies may expect to go right on paying premiums at the same old rate, big dividend or no dividend.

In answer to query, Harold W. Breining, VA administrator for insurance, said there is "no likelihood at all" of a change in premium rate.

Many veterans have suggested that since the forthcoming \$2,800,000,000 dividend on GI policies is the result of a surplus in the insurance fund, a reduction in premium might be expected.

"Any change in premium would have to be established by law," Breining told a reporter.

"Furthermore, each insurance contract could be changed only by mutual agreement."

"There is no likelihood of a change."

★ LATE NEWS FLASHES ★

WASHINGTON—(AP)—The House Friday agreed to continue stop-gap financing of the armed services until next Tuesday but flatly refused to go along with Senate proposals to run it into 1950.

TOLEDO, OHIO—(AP)—Willys Overland Motors announced Friday it will suspend final assembly operations Friday night for perhaps one working week because of the steel strike.

HONG KONG—(AP)—Hong Kong lost radio telephone contact with Red-menaced Canton Friday night. At 9 p.m. (Hong Kong time) the circuit had been out one hour.

PRAGUE—(AP)—Czechoslovakia's Communist-dominated Parliament Friday adopted by unanimous show of hands two bills aimed at imposing strong state control over religion, especially the Roman Catholic Church.

Fire Commissioner Urges Increase In Midland Facilities

The Midland Fire Department has not kept step with the increase in population here, State Fire Commissioner Paul H. Brown told Midland Junior Chamber of Commerce members and guests at their meeting in Hotel Scharbauer Friday noon.

"A new modern and up-to-date central fire station is necessary and provisions must be made for the installation of at least two additional suburban fire stations," he said.

The commissioner also urged the installation of a three-story tower for training purposes and the intensifying of schooling within the department.

More fire prevention and fire protection ordinances are needed at present particularly regarding the building and electrical codes, Brown pointed out.

Paul H. Brown

"Midland now has a 15 per cent good fire record. It should have the maximum 25 per cent credit," the speaker stated.

"There is only one way a good fire record credit can be secured, and that is to keep the annual fire loss record at a minimum. This must be done by each individual accepting fire prevention as an individual responsibility," he continued.

Commissioner Brown discussed the teaching of fire prevention in the schools and civic organizations. He outlined a desirable program for the carrying on of such instruction.

He discussed briefly the reductions in extended coverage rates effective here October 7 on wind-storm, hurricane and hail coverage. He pointed out the reductions are effective only on policies written after October 7, 1949.

Brown was invited here to speak before the Jaycees as a part of Fire Prevention Week sponsored by the organization.

He praised the Junior Chamber of Commerce for its work in sponsoring the week of special observance.

President Irby Dyer presented James N. Allison, publisher of The Reporter-Telegram, and J. M. MacDonald, manager of KCRS, certificates of appreciation and mementos for their cooperation with the Jaycees and other civic groups in publishing worthy civic programs. The certificates were issued by the United States Junior Chamber of Commerce.

Emil Baasman and Ed Stevens were in charge of the program.

Belief That Housewives Have Little To Do Is Worn-Out Myth

By MUTH MILLETT
NEA Staff Writer

"You say 'most unhappy housewives have one thing in common.' Well, I'll tell you what a mere male thinks they have in common—not enough to do so that they have time for sitting around studying over whether they are happy or not." So writes one of my men readers.

That's a popular masculine belief, Mister. But it's mostly a myth. At least it's not true of the frustrated housewives who write to me. Many of them enclose a schedule of a typical day in their lives—and those schedules would make enlightened readers for a lot of men who claim the whole trouble with women is that they have too much time on their hands.

The housewife who gets up at 6:30 and keeps on the jump until 8 o'clock, cooking, washing dishes, scrubbing, washing clothes, ironing, baby-sitting, and so forth and so on, isn't being made unhappy by too much leisure.

Women don't have to have leisure to brood in. A woman has plenty of time to figure out whether she is getting anything out of life or not while she has her hands in the dishpan, is busy over an ironing board, or is down on her hands and knees scrubbing a bathroom floor.

If women with leisure time on their hands are unhappy, I don't hear much about it.

So far as my mail indicates, such women know a good thing when they see it and are doing just dandy.

Grandstaff's Story May Become Movie

NASHVILLE, TENN.—(AP)—The story of Frank Grandstaff may be filmed.

Screen writer Douglas Morrow of Los Angeles said he planned to write a scenario based on the life of the Tennessee prisoner who wrote a 70-page cantata in his solitary cell.

The cantata, "Big Spring," recently won the life term a week's freedom. He went to Big Spring, Texas, to hear his work performed as part of that West Texas city's centennial.

Morrow, who wrote the "Stratton Story" and Earl (Shine) Phillips visited Grandstaff at state prison Thursday. It was Phillips' book that inspired the one-time piano salesman in West Texas to write the cantata.

Grandstaff was sentenced to life in prison as a habitual criminal. He has a record of 20 convictions, mostly on larceny charges.

Gov. Gordon Browning said he would cooperate with Morrow and indicated he'll permit him to visit Grandstaff in prison to gather material for his scenario.

Browning said he was not considering a pardon for the convict despite several pleas from Tennessee and Texas.

"I doubt if those who ask me to pardon him know and understand his record," Browning said.

Morrow said he'd ask the 47-year-old composer-convict to tell his story "frankly and without varnish."

Plans Committee On Club Building Meets

Progress of plans for a Midland Women's Club Building was discussed by members of the Building Planning Committee when they met in the home of Mrs. W. G. Epley Thursday morning. The committee, a body named from representatives of all interested clubs, has not had regular meetings since early in the summer, but its members have been studying various proposals for the building.

Mrs. A. P. Shirey reported on a proposed site, and Mrs. George Glass discussed financial plans which have been suggested. Other members present were Mrs. Earl Johnson, Mrs. James Mascho, Mrs. N. A. Lancaster and Mrs. Leonard C. Thomas.

Girls Pick Cotton On Troop Outing

Some of the girls of Brownie Troop 36 had their first sight of cotton growing when the troop made a field trip to the E. R. Burrus farm Thursday. Members picked some cotton to use in a troop project, and studying how feed is shocked.

Apples were served to Ruthie Adams, Dolores Brashers, Nancy Ann Brooks, Billie Helbert, Barbara Grimes, Cynthia McDonald, Linda Pruitt, Joyce Sheen, Gwendolyn Williams, Mary Jane Wilson, Carol Sue Wilson and the leaders, Mrs. F. G. Brashers and Mrs. H. L. Helbert.

Deanna Durbin Wants Divorce - Seeks Custody Of Daughter

By ERSKINE JOHNSON
NEA Staff Correspondent
HOLLYWOOD—It wasn't merely a coincidence that Deanna Durbin filed suit for divorce against Felix Jackson just a few days after expiration of her U.S. contract.

Deanna didn't file the suit while still under contract because of a possibility that a big lump sum due her from the studio could be tied up by Jackson's attorneys.

The star's suit prays for custody of her three-year-old daughter, Jessica Jackson, I hear, will make no attempt to fight this plea.

Franchot Tene's reconciliation with Jean Wallace is the talk of town. He was out with Jean one night and the next night he and Hedy Lamarr closed up the Chanteclair at 2 a.m. It's a new twist to a Hollywood reconciliation.

That wonderful title for the Gorgeous George wrestling movie, "Fandom My Toe Holds," has been changed to "Alias the Champ."

Oh, well, it still doesn't top my favorite title switch when "Come on Marines" was changed to "The Pink Chimney."

Gorgeous, meanwhile, is telling this one on himself. He was strutting around the ring in Long Beach when a gal in the first row heckled him with: "If you only knew how silly you looked up there."

Gorgeous came back with: "I look silly? You're the silly one. You're paying to look at me."

Note from a fan in New Orleans: "How about Martha Rave for the film biography of Eva Tangany?"

Larry Parks Branches Out
Larry Parks makes his debut as a star-producer when his independent film, "Stake Out," goes on location in New York, Philadelphia and Atlantic City the middle of November. It's a semi-documentary about an FBI man who breaks up a criminal gang.

Mrs. A. P. Shirey reported on a proposed site, and Mrs. George Glass discussed financial plans which have been suggested. Other members present were Mrs. Earl Johnson, Mrs. James Mascho, Mrs. N. A. Lancaster and Mrs. Leonard C. Thomas.

"We're conservative people," Larry told me, "but there's always a time when people just have to gamble. This is our big gamble."

Larry said that that passion for motorcycle riding. Says he's a "cow trail rider" and never rides the pavement—"You get killed on the pavement." Does most of his riding on the fire breaks in the Hollywood hills behind his home.

UI has "Deported" on location in Italy, "Sierra" at Kanab, Utah, and "Outside the Wall" in Philadelphia. Half a dozen other films are shooting in Europe. If this cycle of on-the-spot filming outside of Hollywood takes too firm a grip, a major movie studio will require only office space, a big garage and a travel agent.

Jerome Courland is helping Elizabeth Taylor forget Bill Pawley, Jr. . . . Connie Moore's younger sister, Shirley Smith, will try for a movie career. . . . Clark Gable's one-time girl friend, Elaine White, and agent Walter Kane have discovered each other. . . . Paulette Goddard is still telling Gable she should be Mrs. G. But Mr. G. isn't listening. Paulette is having so much fun in Mexico's government circles that she'll remain there a few months after completing "Beloved." May even do a Mexican movie.

Midlander Attends New York Conference

BROOKLYN, N. Y.—John M. Reeder, 2309 West College Street, Midland, Texas, is one of 150 reserve officers of the Army and Navy attending the Second Annual Economic and Industrial Conference at the U. S. Naval Receiving Station, Brooklyn, N. Y. Regular and reserve officers of the Army, Navy, and industrial executives, educators, and prominent citizens are attending the sessions.

The conference, which includes lectures by leading industrialists and visits to various armed services commands, is grouped under these general headings: (1) Mobilization Planning-Military Topics and (2) Economic Potential of Strategic Areas.

Hayseed note: Lloyd and Mal Nolan invariably win the Friday night square dance contest at the Beverly Hills hotel. I'm still waiting for some glamour doll to show up at a Hollywood square dance party in a pair of pink blue jeans. . . . Mary Anderson played the truth game at a Hollywood party and announced that her secret ambition was to be drowned by Montgomery Clift. Explanation dept.: The second feminine lead in Paramount's remake of "An American Tragedy" gets fatally dunked by Clift. Mary wants the role.

I asked U's Swedish star, Maria Toren, about her almost perfect command of English. "It was simple," she said, "I'm a girl who dreams every night in my life. All of a sudden I started dreaming in English. After that I had no trouble at all."

Systematic Drive To Expel Illegal Aliens Is Started

SAN ANTONIO—(AP)—The Border Patrol Friday started a systematic drive to expel illegal aliens.

J. W. Holland, enforcement officer, said the drive was in the San Antonio District of the Immigration and Naturalization Service—a district that takes in about two-thirds of Texas.

Holland said the patrol had been ordered first to arrest all unemployed aliens; second, to arrest aliens employed in non-agricultural jobs; third, to arrest those employed by farmers who have refused to cooperate with the Immigration Service under the U. S.-Mexico agreement regarding contract laborers.

He would not estimate how many aliens might be seized for deportation, but said the drive would take several weeks.

The biggest concentration of illegal aliens is expected to be found along the Mexican border from Del Rio to Brownsville and in the Lower Rio Grande Valley.

Methodist WSCS Celebrates Ninth Birthday With Dinner

Skits and tables decorated to represent the four seasons of the year were the theme of the ninth birthday dinner of the First Methodist Woman's Society of Christian Service Thursday night in the Scharbauer Education Building.

The WSCS was organized on Sept. 18, 1940, and celebrated its birthday Thursday. Mrs. Howard H. Hollowell presided during the dinner; Mrs. B. F. Haag, spiritual life secretary of the group, gave the invocation and the Rev. Jack Fielder, associate pastor, gave the benediction.

Circles of the WSCS were in charge of the decorations and the

Mrs. Tuttle Hostess To Needle Crafters

Mrs. J. A. Tuttle was hostess to Needle Craft Club members and several guests in her home Thursday afternoon. The rooms were decorated with arrangements of dahlias and cockscomb, and the group spent an hour with needlework and then were served refreshments.

Guests of the club were Mrs. A. C. Francis, Mrs. O. R. Cottrell, Mrs. Carl Herndon, Mrs. T. P. Tarwater and Mrs. J. R. Harrison. Members present were Mrs. Frank Downey, Mrs. George Phillips, Mrs. John Dunagan and Mrs. Addison Wadley.

DYT Club Plans For Luncheon Meetings

Covered dish luncheons were planned for future meetings of the DYT Sewing Club by members who were entertained Thursday afternoon in Mrs. Elmo Birkhead's home. They played canasta and were served refreshments.

Mrs. J. G. Chaucery was a guest, and members present were Mrs. Roy McKee, Mrs. L. V. Bassham, Mrs. J. P. Carson, Jr., Mrs. T. S. Henderson, Mrs. Glenn Shoemaker, Mrs. Orville Houck and Mrs. John Sewell.

skits. Laura Haygood and Bell Bennett's Circles represented Fall, with Mrs. Fred Fromhold and Mrs. Luther Tidwell in charge of decorations and Mrs. E. P. Birkhead and Mrs. George Bradberry directing the skit. The centerpiece of the table was a large bowl of pyracantha and marigolds with Autumn leaves on either side and down the table.

Skit About Bride
The skit was entitled "The Love Nest" and was the story of a bride's troubles with the people in her apartment house. Mrs. Mollie McCormick had the role of the janitor. Mrs. Fred Fromhold played Mrs. New Bride and Mrs. C. R. Pierce was the maid.

Mrs. B. F. Hall directed the skit and Mrs. J. B. McCoy planned the decorations for Summer with the Wesleyan Service Guild and the May Tidwell circle in charge. A straw basket tied with a green ribbon was the table centerpiece. It was turned on its side and had red roses tumbling out. Nosegays were scattered down the center of the table and at either end stood china figurines.

For this part of the program, Ronald Thompson sang a group of popular songs, accompanied on the piano by Helen Hollowell.

Maypole For Spring
A Maypole was the centerpiece of the table representing Spring. Mrs. Bob Baker was in charge of both the table decorations and the skit for the Mary Scharbauer and Winnie Frothro circles.

Pastel colored paper was used for the streamers of the Maypole and a strip of pastel paper extended down the center of the table. On one end was an opened Bible with an Easter lily, and on the other end little boy and girl figures stood under a tree on which was written "John Loves Mary."

A High School quartet composed of Peggy Reed, Helen Hollowell, Dot Hightower and Jeannine Black sang three songs for this group's skit.

Irene Nix and Kate Oates circles were in charge of the Winter table and used a Mrs. Santa Claus surrounded by Christmas gifts as the table centerpiece. Mrs. Tom L. Ingram planned the decorations, and Mrs. Brandon Rea directed the skit. A baby doll and an old man on one end of the table represented New Year and a Valentine doll was on the other end.

Guests listed
Their skit was a typical circle meeting and those playing parts were Mrs. W. M. Johnson, Mrs. Ernest Nance, Mrs. A. V. Johnson, Mrs. Charles McDonald, Mrs. Ralph McCleskey, Mrs. J. C. Mayes, Jr., Mrs. Edwin C. Hall, Mrs. John W. Tice and Mrs. G. H. Henderson.

There were baskets of roses on the stage and pyracantha was used around the banquet room. Mrs. J. M. Frothro, Mrs. W. F. Frothro, Mrs. Otis Ligon and Mrs. L. C. Stephenson were members of the kitchen committee.

Other WSCS members attending were Mrs. Russell Lynn, Mrs. Dell Taylor, Mrs. W. A. Black, Mrs. C. C. Watson, Mrs. Phil Scharbauer, Mrs. Leo E. Goodwin, Tommie Smith, Gustava Easley, Mrs. Dale McReynolds, Mrs. Glenn Richerson, Mrs. Paul Hurtenstein, Mrs. Arvid Augustson, Mrs. Hugh Bliss, Mrs. Minnie Crumley, Mrs. E. L. Phillips, Mrs. J. R. Iota Beta To Give Radio For Hospital Room

Gift of a radio for a room in the new Midland Memorial Hospital was voted by the Iota Beta Chapter of the Sigma Phi when members met in the home of Mrs. Alton Brown Thursday night. Mrs. Ernest Nance was appointed chairman of the ways and means committee.

Art Cole, director of the Midland Community Theater, was a program guest to discuss theatrical makeup and demonstrate a character makeup using one of the chapter members, Dorothy Routh, as his subject. The program was one of a series on makeup and hairdressing, included a talk by Mrs. Jimmie T. Gaines on "The Modern Face."

Nominations were selected from the club for the annual Valentine Girl contest of the international Beta Sigma Phi organization, in which a picture of a member is selected for the February cover of the sorority publication.

Nominated from the Iota Beta Chapter were Mrs. J. F. Godfrey, Mrs. Morris Donelson, Mrs. Gaines, Nellie Clark, Mrs. Clyde M. Pederson, Lily Marie Gilbert, Kathryn Harrington, Lafara Harbison, Mrs. James A. Rogers and Clyde Farnely.

Guests at the meeting Thursday were Lou Nell Zeecke, Mrs. R. M. Minton, Jr., and Ella Hartwig. Other members attending were Mrs. Bryan L. Denson, Mrs. Walter E. Jasper, Miss Clark, Miss Harbison, Miss Harrington, Melba Knippling, Myra McReynolds, Mrs. Charles Patterson, Dorothy Raines, Mrs. Rogers, Dixie Lou Wilson, Mrs. Rollins Senter and Mrs. Otto Wink.

FOOT INJURY TREATED
Linda Sue Miller, six, was treated at Western Clinic-Hospital Thursday afternoon for a foot injury. The injury was suffered when the wheel of an auto rolled over the child's foot, according to the hospital report.

The world's largest vegetable farm is near Edinburg, Texas.

Captains For Civic Music Drive Named

Captains for the annual membership campaign of the Midland Civic Music Association have been named, and will lead in the program of enrolling members next week. The completed list has been announced by Mrs. J. E. Beakey, who is directing the organization of workers.

The captains are Mrs. Edwin Boggs, Mrs. Neal Marks, Mrs. F. Mummert, Mrs. Bernice Russell, Mrs. Ed Stephens, Mrs. Dick McKnight, Mrs. Joe O'Neill, Mrs. Onan Vaudell, Mrs. Eric Bucher, Mrs. L. E. Patterson, Mrs. H. D. Williams, Mrs. J. O. Simmons, Mrs. Susie Noble, Mrs. Frank Miller, Mrs. C. M. Linsban, Mrs. Henry Herschel Ezell, Mrs. Watson LaPorte, Mrs. Jack Baker, Mrs. W. D. Hays, Jr., Mrs. Walter P. Tooke, Mrs. J. M. Ratcliff, Clyde Parmely, Dorothy Routh, Jeannine Blank, Glenda Ruth Brown, Mae Dell Baker, Lotta Williams, A. T. Barrett, Henry Murphy, William Pennebaker and Reagan Legg.

Captains and workers are to meet in the Scharbauer Hotel Monday night for a kickoff dinner, preceding the start of the campaign Tuesday morning. Memberships in the association are offered only once a year, and admission to the concerts is by membership card only; no single tickets are sold.

The membership goal this year is 1,800, greatly enlarged since last season because the new Midland High School auditorium will be used for the concerts. Since the auditorium will not be completed until around the first of 1950, the concert season will have a late beginning.

Musicians who are to appear during the season will be selected after the membership drive, in accordance with the custom of the Civic Music Association.

Thorn In Russia's Side

How long can Marshal Tito of Yugoslavia remain a thorn in Russia's side?
The Soviet Union and her Eastern European satellites have scrapped wholesale the mutual aid and friendship treaties they had with Yugoslavia, emphasizing that stronger measures are in the making to stamp out Tito's mutiny.

Foreign affairs observers believe the Kremlin has decided it can no longer tolerate the challenge of Titoism. This rebellion tends more and more every day to damage Russian prestige before the world and undermine the jerry-built structure of Soviet relations with its immediate neighbors.

But it seems likely that Tito, emboldened by economic aid from the United States and the prospect of more help from other Western Powers, will resist all attempts to crush him by mere political pressure and economic strangulation.

In fact, some American and British experts are said to have concluded that Moscow can only break Tito if it is willing to use the Red Army. Tito already has shown that he can deal effectively with Russian-inspired sabotage and guerrilla attacks. More strenuous tactics would appear to be the only other course open.

If invasion is indeed the sole avenue left to the irritated Soviet leaders, the question is how the attack might be managed to keep it from spreading to a continent-wide or world conflict.

One suggestion is that the Russians might employ assault units dressed up as anti-Tito Yugoslavs. The aim would be to give the world the impression that the outbreak was a civil uprising patterned on the Greek war. It could then be fed by men and materials pushed across Yugoslavia's borders by neighboring Russian satellites.

The approach is unlikely, however, to fool world opinion, no less than if the attack were an un concealed Soviet enterprise. Yugoslavia is certain to ask the United Nations, in such an event, to condemn the use of force against her.

However an attack would be mounted, the United States and other western nations probably would step up economic assistance to Tito and even send considerable amounts of military equipment.

This help almost certainly would fall short of any outright commitment to defend Tito with western armies. But the risk of involvement for the Western Powers would still be very great, inasmuch as Russia would feel compelled to choke off the flow of outside aid as completely as possible.

Things having gone as far as they have, is there any way of persuading the Soviet Union not to undertake this final critical stage in her effort to destroy Tito?

Perhaps if Russia can be made to realize how great is the likelihood of an unmanageable world war instead of a neatly controlled local conflict with Yugoslavia, she will be deterred from using force.

She may conclude that it is better to live with a troublesome thorn in her flesh than to hazard a war that could inflict mortal wounds upon her and many other nations.

The Bear Is A Bear At Conning

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

(Copyright, 1949, By The Bell Syndicate, Inc.)
Drew Pearson says: President has soured on former agriculture secretary because of Anderson's fight against 90 per cent farm supports—calls him "big-interest man;" Lewis at his thundering best at meeting to settle coal strike.

WASHINGTON — Only a few insiders know it, but President Truman has turned sour against his former Secretary of Agriculture, Clinton Anderson. In fact, the other day the President hurled his favorite insult against Anderson, now serving in the Senate from New Mexico. He called him a "big interest man."

What prompted this bitter epithet was Anderson's fight against flat, 90 per cent farm supports. The President long had suspected that Anderson quietly was knifing the Brannan Farm Plan, but the clincher came when Anderson urged a "compromise" 75 to 90 per cent, flexible price-support scale.

Anderson had spread the impression the President was backing his compromise. Puzzled, a congressional visitor put the questions warily to Truman.

"In the Senate," he said, "Elmer Thomas (of Oklahoma) quoted you as being for 90 per cent parity, while Dick Russell (of Georgia) said he understood you were against 90 per cent."

"I don't know how Dick got that idea," Truman broke in. "Senator Anderson seems to have taken command," added the congressman. "Personally I don't care for Anderson's philosophy."

"Well, Clint Anderson is a big-interest man," declared the President firmly.

"As between Anderson's bill and straight 90 per cent parity," Truman continued, "I naturally favor 90 per cent because we campaigned on that basis."

The President added that, of all the farm bills that had come out, Anderson's was the best. Stephen Pace's the best, because the Georgia congressman had included the production payment feature of the Brannan plan.

Referring again to Anderson, the congressional visitor pointed out the big-interest men who pose as liberals are much more dangerous than out-and-out reactionaries.

"There is no question about that," agreed the President emphatically. Note the Secretary of Agriculture there. Charlie Brannan has been fretful over Anderson's opposition, but has not raised his voice against his former boss—because Charlie owes his job to him.

John L. Lewis was at his roaring best when the coal operators met with Federal Mediation Chief Ching on their first try to settle the coal strike. While the meeting got nowhere, it certainly didn't lack sound effects.

The northern operators — led by Harry Moses, president of U. S. Steel's H. C. Frick Company, and George Love, of the Pittsburgh Consolidation Coal Company — suggested that negotiations be based on Lewis' last contract, which expired June 30. The Southern mine owners, led by Joseph Moody, didn't want to go this far, contending there should first be reforms in the welfare fund.

Boiling mad, Lewis thundered: "I will not discuss the old contract. Unless you gentlemen are willing to talk about increased wages and payments into the welfare fund, as well as reduced working hours for the men who toil underground, there is no purpose in my remaining here."

Turning a baleful glare on Moses, Love and Moody, he added wrothfully that he might have known he would be wasting his time endeavoring to deal with "these economic puppets of the United States Steel Company and the Cleveland Trust Company."

The operator trio chuckled. They had been called worse names than this by the eloquent miners' boss. "Why, you have no authority to speak for your bosses in U. S. Steel

Water Problems To Be Cited At WTCC Meet

ABILENE—Factual information on the water problems and needs of every town in West Texas will be presented to officials of the U. S. Bureau of Reclamation, Department of Interior, at the annual directors' meeting of the West Texas Chamber of Commerce in Fort Worth, November 22.

President John D. Mitchell of the WTCC has called upon all local directors of the organization and local chamber of commerce managers to prepare an official document, to be signed by those officials and the mayor, citing water needs and problems. The information is to be sent to WTCC for delivery to the officials at the Fort Worth meeting where it will be presented by Lawrence Hagy, chairman of the WTCC Municipal Water Rights Committee.

Children Born With 'Club Feet' Should Have Treatments Early

By EDWIN P. JORDAN, M. D.
Written for NEA Service

When a child is born with a twisted foot, the condition is called "club foot." There are several ideas as to the cause of this condition, but actually, no one knows all the answers. One theory is that the club foot is the result of pressure and abnormal position of the foot inside the womb of the mother. Another is that it is caused by a failure to develop, probably before birth, possibly because of something inherited directly from the parents.

All parts of the foot are affected in a club foot. The deformed foot usually is smaller than the normal foot. The heel especially is likely to be smaller and underdeveloped. Frequently, the foot is so twisted that all of the weight is carried either on the ball of the foot or even on what would normally be the top of the foot. The tendons and bones of the foot are consequently out of line.

If a club foot remains untreated the condition tends to become worse, largely because of the increased pressure from abnormal weight bearing. In the simpler varieties of club foot, however, the foot usually can be restored to normal or near normal by proper treatment. To get the best results, treatment should be started early and continued for a long time, as there is danger of return or recurrence. The earlier treatment is started, the better the chances of obtaining good results.

If the condition is severe and has not been almost completely cured, the youngster will become more and more conscious of the difficulty with increasing years. Under such circumstances, parents, brothers and sisters, and friends need to use tact and understanding so that the child does not become too much disturbed about his or her problem.

So they say

Unquestionably the vitality of the aged is going to increase in years to come. With this improvement there will be less desire to retire at 65, especially on an insufficient income.

I feel right at home in Hollywood. A hot kitchen and hot sound stage are alike—you're surrounded by hams in both.

I believe that the connection between the dietary needs of the American people and a conservation system of farming should be emphasized.

The real degeneration of the Bolshevik Party leadership is revealed and cannot be hidden any longer.

McKenney on Bridge

While practically every city has a bridge club, it is surprising that there are not more bridge clubs. We all seek congenial companionship, and that is what bridge clubs provide. Of course a married couple can invite another couple in for an evening of bridge, but perhaps the husband and wife do not get along well as bridge partners. And what about the people who are alone? They can go to a bridge club, sit in a foursome and enjoy an evening of bridge.

Murray Oliphant likes to spend an evening at the Mayfair Bridge Club in New York City, after a heavy day at his plant, where he manufactures confirmation and graduation dresses. Today's game came up in a rubber bridge game at the club Oliphant sat South, and made an opening distribu-

On East-West Trade
This is the typical Communist press line on the subject of East-West trade.

American expansionists have found a new trick to prevent trade between East and West. The 'Marshallized' countries are forbidden to send goods to Eastern Europe on the flimsy ground that it might increase the military potential of the Soviet Union. This policy has dealt a severe blow to France, which has thus lost its historic 'Eastern Europe' markets.

When ECA announced its quarterly total of authorizations to France the Communists printed: "America's vaunted sacrifice for European recovery is less than the cost of its cigarette bill."

Ineffective as these words appear to the average American, Congress has been told that the average Frenchman—even the non-Communist—is impressed with them.

A parliamentary deputy who is also leader of an important non-Communist party makes this frank statement in a report: "A mass of people, certainly 60 per cent, has heard about the Marshall Plan and has a scrambled, vague knowledge of what it involves. American gifts, which must be viewed with great suspicion. Accuse U. S. of selfishness."

"If there is one categorical statement to be made on this subject it is that not one Frenchman in 500 believes that there is any element of good faith involved in this thing. They're sure that America is motivated only by its own economic needs."

Another point: Despite the admirable effort of ECA to explain the objectives—the basic ideas of the Marshall Plan—the Frenchman's awareness of it stems from Red publicity. Volumewise it is all one-sided. Incidentally, I do not believe that there are 20 deputies among my colleagues in the chamber who have a knowledge of the principal provisions of the Marshall Plan. From the standpoint of its success this may be a good thing. U. S. Aid To France Is Being Sabotaged By Red Propaganda

By DOUGLAS LARSEN
NEA Staff Correspondent

WASHINGTON—Congress has received several reports this Summer on the effectiveness and size of the Communist propaganda effort in France and how it is sabotaging American aid efforts there.

It poses the problem of whether to make American propaganda efforts in France as rough and tumble and expensive as those of the Comrades, or whether to continue the present dignified and scrupulously honest efforts to sell the French on the virtues of democracy.

There are many specific examples of just how the French Reds have operated. When a minor dispute between the U. S. and England over aluminum purchases with ECA funds developed, the Communist propagandists put out the following line: "Behold capitalism and capitalists. Behold the titans of industry with no honor, ethics, or honesty, even when one (America) is allegedly bailing out another in order to preserve the solidarity of international capitalism. Even here these ruthless, instinctively competitive capitalists try to cheat each other. No, my friends, only in the Communist faith is there true brotherhood, true selflessness, true identity of interests between countries."

The day after the French government announced a proposal to improve the tax program, the Red press said: "The Marshall Plan Gauleiters yesterday cracked the whip and the government quailings went through their paces. Our 'leaders' have surrendered the sovereignty of France to the carpetbaggers from Wall Street."

Someone to Love

By IRENE LONNEN ERNHART
Copyright, 1949, NEA SERVICE, INC.

Jenny's marriage to Tod Duncan has not been happy. Tod is unable to forget Liz Conover, who fitted him before his marriage. He shows no intention to his infant twin sons. They live in a sequestered basement apartment. The only bright spot for Jenny is Tod's old friend Rick Morris. But Tod suspects Rick is in love with Jenny. Jenny also has a friend, a girl named Nina Cushman because she doesn't like Tod. Jenny writes herself to sleep after looking over the little velvet basket she had worn the day she met the new Mrs. Tod of Liz Conover's elopement.

Jenny was sleeping soundly when Tod came in that night. Even his turning on the light in the bedroom did not awaken her. He looked down at her for a moment, seeing the shadowy hollows of her throat and cheeks, the dark circles under her eyes, the wild scattering of her brown hair on the pillow.

Then he caught sight of the velvet hat lying on the dressing table where she had flung it. He picked it up, reminded suddenly, as Jenny had been, of that day at the railway station.

He sat down on the edge of the bed turning the hat in his hands. If only he could have used some sense and waited. Ma had known it wouldn't work out. The longing for Liz, subdued, crushed down through two long years, was a live pulsing agony in him.

He raised his head and looked again at Jenny. And the only feeling he could summon toward that inert small figure was angry, overwhelming pity. She looked so pathetic and helpless and beaten. He had failed her in almost every way possible for a man to fail a woman. He had been physically faithful, that was true. But in his heart and mind he supposed he had been unfaithful countless times.

Liz phoned again the next day. "Please, darling, come to the party. Father's anxious to talk to you again. Besides you'll see lots of people. It would be nice for you to meet. You do want to get ahead, don't you, darling?"

A small voice inside him whispered, "You know one of those are the real reason Liz wants you to come." He said to himself, "Why not go? More men get starts on the road to success at cocktail parties than anywhere else. Where does all this dullness go?" He went, and the party was everything he had expected it to be.

Jenny, meanwhile, was hurrying to the grocery because Mrs. Slattery could only watch the twins half an hour. It was a misty rainy day. Rick came around a corner and almost ran into her. "Jenny!" he exclaimed. Rick took her elbows and gave her a little shake, looking down grinning with little wrinkles fanning out from his eyes. "I've missed you like the very dickens. I was on my way to see you—parked my car around the corner so I could surprise you. But this is even better—just like that other day. Remember?"

"When we were living in the trailer," Jenny remembered that golden October day when she had hardly known Rick, but what fun they had. "You're on your way to the grocery I'll bet."

"How can you tell?" Jenny's laughter bubbled up. "That old shopping bag, I'm sure it's the same one you were carrying that other day I went to the grocery with you."

Rick took her arm. "You were wearing a bright red beret and a short red coat with some kind of fancy striped scarf and you looked cute as a button."

"Why Rick, you do have a memory!" Jenny cried. "It's incredible. That was a long time ago."

She was uncomfortably aware all at once of her old black shoes,

Here is a picture of Main Street, Typicaltown, U.S.A. It is a glimpse of any town—our town. Its busy thoroughfare lined with shops of all kinds signifies the free business life which American communities enjoy. To change this scene is unthinkable. And yet, this very picture is endangered by the many evils that haunt our land today. Atheism, communism, crime, and delinquency fill the air, and there are wars—and "rumors of wars."

To combat these enemies, we need love, fellowship, tolerance, and understanding—and the source of such weapons is to be found in the Church. In order to equip more people with the banners of Christianity, in order to bring us all a fuller realization

that the Church can save the things we hold dear, there is appearing in this newspaper each week a series of religious pages. They contain beautiful, human-interest pictures, and the brief, colorful stories serve us all as reminders of our religious obligations.

This series is part of a nation-wide campaign designed to stimulate and renew interest in the Church—a need which concerns the very nature of our living.

And the people making this program possible, in cooperation with this newspaper, are those whose shops and establishments line the streets of our town. At the bottom of these pages is a list of names—the laymen and businessmen who feel the necessity for bringing the Church within the vision and grasp of more people. To do this is to strengthen our way of life, to better it, and to make it more secure against the forces which seek its destruction.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Bulldogs Battle Sweetwater Mustangs Here Friday

Sport

6—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, OCT. 14, 1949

'C' Bulldogs Stop Brownfield 22-6

Coach Joe Akins' 'C' Bulldogs gave the 'C' Cubs of Brownfield a lesson in football at Memorial Stadium Thursday afternoon as they rolled to a 22-6 victory.

The Midland offense was clicking all the way and the defense was adequate. Robert Keisinger scored the first touchdown on the most unusual play in football. He threw a short pass over the line of scrimmage which was batted back by a Brownfield lineman. Keisinger gathered it in and raced 55 yards to pay dirt. In other words, he completed a pass to himself for a touchdown. Charles Patterson converted on a line smash.

Brownfield had been nailed for a safety earlier in the game by Bud Booth who broke through to stop a ball carrier in the end zone.

Brownfield Scores
With the score nine to nothing, Brownfield started to move. Olin Chambliss cut off tackle for 35 yards and a TD. The kick was blocked.

It was Midland all the way from there. A fumble on the Brownfield two stopped a drive early in the second quarter.

In the third period, Keisinger passed to Harold Paden 18 yards for a touchdown. The conversion was no good.

Patterson recovered a fumble in the Brownfield end zone for Midland's final TD. M. A. Rose had carried to the one-yard line before the ball got away from him. Patterson made the point.

Brownfield never threatened after their lone touchdown was made. The starting lineup for Midland: **ENDS**—Paden and Erskine. **TACKLES**—Rone and Barnett. **GUARDS**—Cast and Taber. **CENTER**—Booth. **BACKS**—Keisinger, Patterson, Spencer and Kinsey.

TO OPEN CAGE DRILLS
DALLAS—(AP)—Southern Methodist University Basketball Coach E. O. (Doc) Hayes said Friday he will open practice for the 1949-50 season Monday. The Mustangs have five lettermen returning.

DO YOU HAVE LOW BLOOD PRESSURE

Are you bothered with such symptoms as headaches, weakness, dizziness, syncope? Perhaps it's your **HEART**

Did you ever think that it might be?

If you had an electrical water pump that wasn't getting enough electric current, you would not expect it to pump water as it should. Would you?

Your heart works much the same as an electrical water pump. Instead of depending on electric current, it depends on nerve current, or life force, in order to maintain its proper pressure of blood supply throughout your body.

Your heart is only a muscle that has to be taken care of properly; otherwise it ceases to function normally, and you suffer as a result of negligence.

Investigate the science that goes directly to the cause of disease by releasing the necessary amount of nerve current, which governs the functions of your body.

California Miss Advances Again In Women's Open Play

PORT WORTH—(AP)—Marelen Bauer, 15-year-old links ace from Los Angeles, faced Betty MacKinnon of Mt. Pleasant, Texas, Friday in the next to last stop on a blazing trail to the Texas Women's Open golf championship.

The sharp-shooting youngster Thursday continued her sub-par shooting to brush aside Marjorie 'dsay of Decatur, Ill., 3 and 1. Miss MacKinnon, Arkansas state champion, Beverly Hanson, Indio, Calif., and Mary Lena Faulk, Thomasville, Ga., also moved into the semi-final round.

Miss MacKinnon beat Marilyn Smith, Wichita, Kan., 6 and 4; Miss Hanson ousted the veteran Patty Berg of Savage, Minn., 3 and 1, and Miss Faulk beat Mrs. H. C. Riedel, Dallas, 3 and 2.

Visitors Will Hold Edge In Speed, Weight, Experience

Coach Tugboat Jones sends his Midland Bulldogs against the Sweetwater Mustangs at 8 p.m. Friday in Memorial Stadium. Although the underdog in most circles, the Bulldogs will be out to spring an upset on the impressive visitors.

Coach Jones has worked his charges against Sweetwater plays all week in an effort to form a defense for the fast-moving Split-T formation.

Billy Hooper, Red Rushing and Ronald Fraley—all known to be fast and swivel-hipped—will be the main targets of the defense when the two teams take the field.

The Mustangs will hold an overall advantage in the line with 240-pound Charles Thompson supplying a "half-ton" of weight. Bill Sommerville, 202-pound center, also presents a weight problem for the Bulldogs.

SPORTS SLANTS
by SHORTHY SHELburne

Rumors are flying thick and fast in this part of the country on what might take place in the way of reorganizing the Longhorn and West Texas-New Mexico Leagues before next season.

So far none of the would-be plans have reached the action stage in either league.

Most popular up in the South Plains country is the proposal that Lamesa and Abilene join the Longhorn League and let Vernon and Roswell move into the WT-NM circuit.

That would be just fine with most of the Longhorn League members and might catch considerable backing in Abilene.

However, Lamesa doesn't seem to think much of the idea and it has reasons.

Lamesa's main argument seems to be—"You can't make us move out." So far it has been a good argument.

Lamesa claims to be one of the best baseball towns in its loop although not as large a town as the others.

It out-drew Pampa and Clovis in attendance last season and feels it has a right to do just as it pleases about moving out of the league or staying.

Lubbock's baseball clique has been after Lamesa hard and long to take the air. It appears there is no little rivalry between the two about playing in the same league is concerned.

It appears Lubbock has several who deem it less than an honor to be classed with Lamesa in the baseball world.

But Lamesa seems to feel the same way, so they have a merry time when the question of joining the Longhorn League arises.

Another point is that Lamesa feels it is entitled to share in any advancement the West Texas-New Mexico League might make.

It's no secret the loop may try to go up to Class B this year.

If it does, chances are Lamesa will go up with the other clubs. That, naturally, would rule out any chance of the Lobos getting in down here.

On the other side of the ledger, the Longhorn League has hinted it may want to obtain a Class C rating before next season. Such a move still is in the talking stage and we doubt if it will be made before 1950, if ever.

We do think the class man limit will be raised to four before next season, however.

The main thing wrong with the Longhorn League now is the traveling distances are long and hard. From Vernon to Roswell is far from a pleasure cruise when you make it in a bus between ball games.

And from just about any point in the league to Vernon or Roswell is quite a jump.

If Abilene and Lamesa would come in down here it would cut the traveling distance several hundred miles per year.

But, you can see what's going on and it doesn't appear too likely the league will be changed to include those two cities. It'll surprise us if such action comes this year.

MIDLAND CADET GETS PROMOTION IN RANK
ARLINGTON—Col. Edgar H. Keltner, professor of military science and tactics, has announced that Charles A. Tom of Midland has been promoted to the rank of second lieutenant in the Cadet Corps of Arlington State College, formerly NTAC, here.

The promotion was based on Tom's outstanding record as a student and potential leader, Colonel Keltner said.

Humble Again Will Air Grid Contests

The first full weekend of Southwest Conference championship games will come to listeners on Humble Oil & Refining Company's football broadcasts Saturday.

Four teams will be playing in conference games for the first time this season, Texas, SMU, Rice and Texas A&M. TCU will be making its second conference start, and Arkansas its third.

The Rice-SMU game, in Dallas' Cotton Bowl, will be reported by Kern Tips and Alec Chessier, with broadcast time 8 p.m. over stations KRLL, Dallas; KRBC, Abilene; KGKL, San Angelo; KBST, Big Spring and KORS, Midland.

The Texas-Arkansas game, to be played in Little Rock, will be described by Charlie Jordan and Hal Thompson. Broadcast time will be 2:30 p.m. over stations, WFAA-WBAP-570, Fort Worth-Dallas.

The TCU-Texas A&M meeting at Fort Worth will be handled by Bill Michaels and Fred Kincaid beginning at 2:30 p.m. Stations WBAP - WFAA - 820, Dallas-Fort Worth; WOAI, San Antonio; KRIO, Odessa; KVKM, Monahan; KTUN, Pecos, and KPET, Lamesa will carry the game.

Baylor's annual meeting with Texas Tech will be broadcast from Lubbock by Eddie Baker and Buddy Bostic, starting at 2:20 p.m. over stations KFYO, Lubbock and WRR, Dallas.

Texas League Club Owners Vote Hikes In Roster, Payrolls

DALLAS—(AP)—Texas League club owners were due to wind up their Fall meeting Friday with new player and salary limits the only important legislation.

They decided Wednesday that the player limit would be increased from 19 to 20 and that the salary limit would be upped from \$8,500 to \$10,000 a month.

They voted the changes unanimously and said they did it in order to get better baseball by adding more depth to the reserve material. However, as one official pointed out, this also could mean adding a 20 or 30-game pitcher.

The 1950 race will open April 11 and close September 10. Pairings for opening day were set as follows: Houston at Shreveport, San Antonio at Beaumont, Oklahoma City at Fort Worth, Tulsa at Dallas.

Attendance Drops In Major Circuits

NEW YORK—(AP)—Major league baseball attendance dipped a slight three per cent from its record high of 1948 but unofficial figures show the 16 big league clubs still drew 20,312,327 customers during 1949. The New York Yankees were high with 2,321,302.

The American League with 10,804,531 paid was off some 345,568 with Cleveland dropping 386,756 from its record of a year ago. The decrease was 262,994 in the National, where the unofficial total attendance was 9,507,794.

Pony-Owl Tussle Is SWC Feature

By HAROLD V. RATLIFF
Associated Press Sports Editor

Southwest Conference football teams will be taking care of unfinished business at home this weekend.

Three conference games and one against an old buddy will make up the schedule.

The feature attraction will be unreeled at Dallas where Southern Methodist's defending conference champions make their start in the title race. The Mustangs play Rice, and a crowd of 65,000 is expected to be in the Cotton Bowl for the battle. It's the only night game of the week.

In other conference tilts, Texas A&M will play Texas Christian at Fort Worth and Texas will make its pilgrimage to Little Rock to joust the Arkansas Razorbacks.

The Aggies and Texas will be playing their first conference games. Arkansas, which has won one and lost one, must take this test to retain a chance at the pennant. Texas Christian, which lost its only time out—against Arkansas—is in the same boat. Two likings in this tough conference mean the season is over except for the formality of playing out the schedule.

Texas Tech, which has long been wanted in the Southwest Conference, plays most of the conference teams this season. Baylor will be the third this year. The Red Raiders lost to Texas and Texas A&M. They appear to have little chance against the razor sharp Baylor.

Read 'Em And Weep

Rice is slated the major contender for the championship. A win over Southern Methodist would, of course, install the Owls as the favorites.

We hit all except one last week (Texas did us dirt by losing to Oklahoma), and feeling greatly encouraged make another stab at perfection.

Rice vs Southern Methodist at Dallas—We'll take SMU until somebody beats the Methodists; Southern Methodist vs Texas Tech at Lubbock—Baylor vs Texas Tech at Lubbock—Baylor vs three touchdowns.

Texas vs Arkansas at Little Rock—Don't sell Arkansas short—you know Razorbacks make good short-cuts; Texas vs two touchdowns.

Texas Christian vs Texas A&M at Fort Worth—Look for a lot of touchdowns, with TCU scoring the most. TCU by 13 points.

Claassen Selects Irish, Army, Navy, SMU, H-SU

By HAROLD CLAASSEN

NEW YORK —(AP)—Notre Dame has been a life saver for football forecasters throughout its current unbeaten streak of 31 games and there is no indication the habits—either those of the Irish or that of the forecasters—need changing.

Tulane, smarting from a 59 to 6 drubbing two years ago, may be Notre Dame's sternest test of the season, but by nightfall Saturday the Irish will have gone 32 games without a setback.

Minnesota over Ohio State: Minnesota's only early-season fault was a lack of speed. The Gophers found it last Saturday in Little Dick Gregory. The Buckeyes will miss Vic Janowicz.

California over Southern California: There's little, if anything, to choose here and so the home team is the choice.

Cornell over Yale: The Ivy League champs are the pick of Columbia Coach Lou Little. That's good enough for this selector.

Valentino Accorded Slim Chance At Charles' Crown

SAN FRANCISCO —(AP)—Boxing could crown a new heavyweight champion Friday night but probably will not. The odds Friday were 1 to 5 that Ezzard Charles would defend successfully his NBA title against the challenge of Pat Valentino in their 15-round fight at the San Francisco Cow Palace.

However, the 29-year-old Valentino may be a fairly strong challenger. He lost two close decisions to Jimmy Bivins and fought two draws with Joe Maxim, both of whom extended the titleholder plenty, although defeated.

Aside from the remote possibility he could become the upset victim of Valentino's punishing body attack, Charles figures to win rather handsily. He is the superior boxer, much faster than his rival, and has proved he can take a knockdown punch and come back to win. Charles is expected to weigh about 180 and his rival about 185.

The match will be worth \$40,000 to Charles. The guarantee is the biggest for him since he joined the professional ranks in 1940.

For Valentino it is the chance of a lifetime. The swarthy Italian American, who wears his jet black hair almost long enough for ribbons, has won a majority of his fights since he started here nine years ago. He whipped Turkey Thompson last December for the California state title. This will be his first fight since.

A pre-fight ruckus will send Charles into the ring minus his familiar mustache. Charles' manager, Jake Mintz, refused to permit Valentino—who cuts easily—to wear patches above his optics for the fight.

Don Reese of Midland broke the scoring tie with his first quarter jab. He also scored another in the course of the game.

Tommy Johnson and Bill Brooks scored touchdowns for the Pups. And Brooks ran over the only extra point.

Midland was ahead at the half, 13-7. Stanton rallied but then the little Bulldogs went on to win, going away.

H-SU Cowboys Come To Midland Friday

The Hardin-Simmons University Cowboys were scheduled to arrive here by train from Abilene at 4 p.m. Friday and prepare to meet the University of New Mexico eleven in a Border Conference tilt at Broncho Stadium in Odessa Saturday night.

The Cowboys are to be quartered at Hotel Scharbauer during their stay here.

Coach Warren Woodson scheduled a light workout for the Cowboys at the Memorial Stadium practice field late Friday.

'B' Bulldogs Set For Saturday Night Game In Lubbock

Coach Red Rutledge will take his 'B' Bulldogs to Lubbock for one of their toughest games of the season Saturday night. The 'B' West-erners will furnish the opposition in the tilt which is scheduled for 8 p.m.

Rutledge reports his squad in good shape for the game except for the absence of Larry Lynn, a ace back. He is out with a knee injury.

The 'B' Bulldogs are on the rebound this week. They lost a 14-7 game to Lamesa last Saturday.

Champion Yanks Cut \$206,159.45 Melon

CINCINNATI —(AP)—The New York Yankees' feat of winning the American League championship on the last day of the regular season and then drubbing the Brooklyn Dodgers in the World Series was worth \$5,665.54 to the team's full-time members.

That was the figure announced Friday by Baseball Commissioner A. B. Chandler after his office force had finished figuring out who gets how much from the World Series "gate" of \$1,129,827.88.

The Yankees cut their \$206,159.45 into a total of 36 full shares.

The Dodgers, who could win only one game in the World Series, cut up \$137,439.64 into a total of 36 1/2 shares.

Anti-Atomic Hospital Proposed For California

In Washington, Reps. Clyde Doyle, left, and Gordon McDonough of California look over a model of the first proposed anti-atomic underground hospital. An emergency citizens committee of Long Beach, Calif., conceived and executed the design for the experimental hospital, and seeks \$20,000,000 in federal funds to allow its construction in Long Beach.

Missionary Tells Of Conditions In Present-Day China

China will make a "comeback," but the Chinese people must work out their problems in their own peculiar way, the Rev. Andrew Allison, veteran missionary to China, told Presbyterian Men of Midland at their dinner-meeting Thursday night in the First Presbyterian Church.

Mr. Allison returned to the United States earlier this year after having been in China most of the time since 1910. He was to address a district meeting of Presbyterian Women of the Church here Friday afternoon.

Approximately 50 men attended the Thursday night session. Bill Collins, president, presided, and Nelson Puett introduced the speaker.

The invocation was by Frank Stubbeman.

Mr. Allison said the United States has done about all that it can in the way of military aid to China. Stating the Chinese Nationalist government is "rotten," the speaker termed the Nationalist administration the most successful long-time robbery in history.

He said he does not agree altogether, however, with the White Paper of the U. S. State Department.

Varied Activities

The speaker traced his missionary activities in China through revolutions, World War, occupation, disasters, and times of peace and plenty, stating that as a whole his years in the Orient were pleasant and profitable for a Christian standpoint.

He related interesting incidents experienced in connection with his work, and discussed the life and customs of the Chinese people. Conditions in general also were mentioned.

He told of treatment under Japanese occupation and described personal experiences with the Japanese military.

In discussing the Communist drive in China, Mr. Allison said the Communists will have more effect on the Chinese than did the Japs, since the Communist drive is directed at the minds of the Chinese. The Japs did not care what the Chinese thought, he said.

Christian Progress

Describing in detail the progress of Christianity in China, the speaker said the Christian spirit now is entrenched so firmly that the church will not suffer spiritually or numerically even if it has to go underground under Communist rule. He said there now are only about a third as many missionaries in China as in 1948.

A film on the Presbyterian Mor-Ranch near Kerrville was shown following the meeting.

Animal League Asks Investigation Of Pierre's Record Swim

LONDON —(AP)—The Performing Animals Defense League wants to have Pierre, the channel swimming sea lion, investigated.

Pierre crossed from France to England at the end of a tow rope last Sunday as a stunt for an American radio show.

The league, which had objected from the first, Friday asked the home secretary for "an immediate public inquiry into the whole of the circumstances."

Rankin B&PW Club Sets October 29 Book Review Date

RANKIN—A book review which the Rankin Business and Professional Women's Club will sponsor was announced at the club's meeting Thursday noon as scheduled for October 27.

Club members were invited to a luncheon at which the Midland B&PW Club will be hostesses to the Midland Woman's Club on October 22, with Marguerite Anderson of Abilene, past state president, as speaker.

Naomi Midkiff and Ella Barfield were voted to membership in the club, and new yearbooks were distributed. Nan Daugherty, vice president, presided. The invocation was by Elizabeth Rains. Flora Shaw was in charge of decorations for the luncheon, using flowers given by Mrs. Barfield and Mrs. John Walker.

Others present were a guest, Guila Miller, and Leah Johnson, Flora Shaw, Clara Neal, Louise Anderson, Zola McSpadden, Gertrude Rhorick, Edna May Patton, Leola Hurn, Rosalie Shiller, Opal Nix, Ellen Moore, Blanche Mitchell, Ruth Holcomb, Gladys Carter, Lelia Workman and Myrna Holman.

District 5-A Plays Three Conference Games Friday Night

Three conference games and one non-conference is the pattern of football for District 5-A this week. The games are Friday night encounters.

Kermit's league-leading Yellow-jackets travel to Andrews for the acknowledged top game of the week. Andrews will be out to down the Jackets and move into a tie for first place.

Monahans goes to Denver City, where it is expected to have a rather easy time.

The Wink Wildcats, still holding a chance for a share of the title, will welcome the Seminole Indians. Official greeter will be one Pat Drumm who has run roughshod over most opponents this year and is due to do the same against Seminole.

Crane's Golden Cranes are hosts to the Alpine eleven for a non-conference joust Friday night.

Pecos, McCamey and Fort Stockton rest this week.

William Jennings Bryan ran for president four times.

Good Grid Weather Expected Saturday

By The Associated Press

Most of Texas is expected to have good football weather Saturday.

Skies will be mostly clear and temperatures cool, the Weather Bureau said.

Only in the southeast and east portions of East Texas are showers expected.

A cold front which moved into the Panhandle Thursday night was breaking up Friday after dropping temperatures to 38 at Dalhart and 39 at Lubbock in the pre-dawn hours.

Truman Considers Big Bend Invitation

WASHINGTON —(AP)—President Truman has under consideration an invitation to attend dedication ceremonies at Big Bend National Park in Texas in October, Press Secretary Charles G. Ross said Friday.

However, the invitation is one of a number the President has received and Truman has made no commitment, Ross said.

BRISTOL, ENGLAND—(AP)—Mrs. Jean Walker heard a rustle in her fireplace. Suspecting a mouse, she went over to have a look.

Flopping on the cold grate was a big, plump goldfish.

Mrs. Walker poked it into the bathtub, washed off the soot, and soon had it swimming about briskly. Her guess:

DADDY RINGTAIL

Daddy Ringtail And Busy Dr. Shoobug

Dr. Shoobug is the monkey doctor, as everyone knows, and a mighty fine doctor he is. By day and by night he does his best to look after all the sick folks.

Yes, and if you lived there in the Great Forest, you might awaken late in the middle of the night. You might look out through your window and up through the trees at a pale, pale moon. You might see stars that were cold in the sky, and all about and around you would look like at night, and smell like late at night, and you would know the night was very late indeed. Maybe somewhere way, way off, an old hound dog would bark at a shadow, and closer to home a rooster maybe would crow a sleepy crow before going back to sleep again in the very late of night.

And you in your bed would wonder who in all the world beside you was now awake, for the old hound

dog had stopped his barking to sleep. The rooster too was asleep again, and all the world was asleep but you, and who was awake to look after things if anything needed looking after?

And then you would hear a happy noise from out of the darkness. Gently at first, and from far away, the noise would come closer and closer and louder and louder. It would be the noise of Dr. Shoobug running fast—fast—fast and faster on his way down the Elephant Path to see a sick somebody who needed him.

"Mighty fine doctor," you would say to yourself, and you would wonder maybe just who was sick.

Midland Man Heads Nominating Group For Scout Officers

G. W. Brenneman of Midland was named chairman of the committee for nomination of officers Thursday night at the executive board meeting of the Buffalo Trail Council, Boy Scouts of America.

Others named to the committee by H. Lyman Wren, council president, were Ed Neinst of Sweetwater and O. D. Albright of Odessa.

The executive board meeting was held in connection with the second annual barbecue of the council, held at the Buffalo Trail Scout Ranch in the Davis Mountains.

A committee to make arrangements for the annual meeting January 19 also was named. It is composed of Nat Schick of Big Spring, Roy Carter of Kermit, J. M. Lawrence of Sweetwater and Dr. H. Glenn Walker of Midland.

Approximately 175 persons, representing all 17 counties in the Buffalo Trail Council, were present for the barbecue and meeting, according to F. L. Thorsen, Scout Council executive.

Wren, of Snyder, was the principal speaker.

A Midland delegation attended.

of the Navy's most direct charges and hardest punches.

He said, for instance, that America has a monopoly and a 25-year lead on the carrier task force and its "power punch." But the Air Force has argued for "complete elimination" of this most powerful instrument of modern warfare and the "Army has recommended its "serious reduction."

The law says there shall be naval aviation and the proud Marine Corps, and the sister services agree in public utterances. But in the "councils of the Department of Defense the opposite view is often evident."

These same councils repeatedly question why a strong Navy is needed when no potential enemy has one of any size. As a result, "There is a steady campaign to relegate the Navy to a convoy and anti-submarine service."

The Navy is denied a "full partnership" in the defense system.

The Navy's morale is all right. But the whole Navy is "gravely concerned whether it will have modern weapons, in quality and quantity," to do the job expected of it if war comes.

Communists—

granted a postponement because of a heart condition.

A dead, shocked silence greeted the verdict. There was no demonstration. The defendants and their lawyers leaned forward eagerly, then sat back, impassive, when the word "guilty" was pronounced.

Defense Attorney Harry Sacher demanded and got a poll of the jury for the verdict against each defendant.

The walnut-packed federal courtroom scene of many a jangling outburst since the trial began last January 17, was crowded and tense when the eight women and four men of the jury filed in at 11:28 a.m.

Speaking firmly, the foreman—Mrs. Thelma Dial, a negro—announced: "We find each and every one of the defendants guilty."

Besides Dennis, the defendants in the trial were:

Jacob Stachel, 48, director of the Propaganda and Education Division.

Albert Green, 43, Illinois chairman.

John Gates, 36, editor of the Daily Worker.

Benjamin Davis, Jr., 46, New York City councilman.

Gus Hall, 39, Ohio chairman.

Irving Potash, 46, CIO Fur Workers Union official.

Robert Thompson, 34, New York state chairman.

John Williamson, 45, labor secretary.

Henry Williamson, 38, organization secretary.

Carl Winter, 43, Michigan chairman.

Gates, Hall, Thompson and Winston all served with the U. S. Armed Forces during the war.

Three Foreign Born

Stachel, Potash and Williamson are foreign-born.

After discussing the jury, and repeating his thanks to its members, Medina told the jurors:

"Do not discuss this case with relatives or friends or members of the press, magazines writers or anyone who seeks to elicit from you any information about the case."

Then he turned to the defense lawyers. He accused them of "working in shifts, accompanied by shouting, snickering and sneering." The lawyers, he declared, "urged each other not to budge the court."

Their contempt was so great, Medina said, "as to make the imposing fines a futile gesture."

With that, he imposed the following sentences:

Harry Sacher, of New York, six months.

Richard F. Gladstein of San Francisco, six months.

George W. Crockett, Jr., of Detroit, a negro, four months.

Louis F. McCabe of Philadelphia, 30 days.

Abraham J. Isserman of New York, four months.

Dennis, general secretary of the party, was sentenced along with them.

Attorney Protests

Sacher vigorously protested the sentences, saying they "can only have the effect of intimidating the bar of America."

Three of the defendants—Green, Hall and Winston—already had been jailed for the duration of the trial on contempt charges and Medina had served notice that he would deal with their lawyers as soon as the trial ended.

In the historical trial the government charged that the Communist Party was organized on orders from Moscow in 1945 as a conspiracy secretly devoted to violent overthrow of the American government.

The defense contended that the party is a legitimate political organization working for the establishment of socialism by legal means.

Permian Basin Oil And Gas Log

(Continued From Page One)

No. 1 Findlater-Webb. It is to be located at the center of the northeast quarter of the southwest quarter of the southwest quarter of section 3, HE&WT survey.

It will use rotary tools to drill to between 5,000 feet and 6,000 feet to test into the Ellenburger.

The venture is on a spread of acreage assembled by G. W. Strake of Houston. Barnsdall has secured a part of that acreage in return for drilling the wildcat.

Crane Prospector To Finish As Discovery

Humble Oil & Refining Company No. 1-B Jax Cowden, Devonian discovery in Southeast Crane County, 12 miles southwest of the town of Crane, is to take potential test and complete early next week.

After flowing at the rate of 17.78 barrels of pipe line oil per hour, for four hours, from perforated section at 5,470-5,510 feet, natural, through a three-quarter-inch choke, the well was flowed for two hours on a one-quarter-inch choke.

During that period it made 10.5 barrels of 44.9-gravity oil, with a gas-oil ratio of 586-1. Flowing tubing pressure was 90 pounds and flowing casing pressure was 590 pounds.

The choke was then changed to a three-eighth-inch opening and in one hour the well produced 11.8 barrels of oil, with a gas-oil ratio of 546-1.

Flowing tubing pressure was 83 pounds and flowing casing pressure was 610 pounds. The rig was then released and the well was shut in.

After being shut in about 15 hours the tubing pressure had built up to 720 pounds and the casing pressure had risen to 1,150 pounds.

No formation water has been developed. The completion test probably will be taken Monday.

This new discovery is 660 feet from southeast lines of section 16, block 2, HE&TC survey.

Ellenburger Logs No Shows At Upton Test

Humble No. 1 Pembroke, Northeast Upton County wildcat, six miles north of the Benedum field, and 660 feet from north of 2,247 feet from east lines of block X, C. C. DeWitt survey, took a 23-minute drillstem test in the Ellenburger at 12,997-630 feet.

Recovery was 165 feet of drilling fluid, with no shows of oil, gas or water.

The prospector drilled ahead to 12,960 feet and is taking another drillstem test. Official top of the Ellenburger has not been reported.

and cottonseed at not above 100 per cent.

The Senate bill's main provisions are:

1. The parity compensation is "modernized" to take in recent crop trends and the cost of hired labor. It would mean a slightly lower price figure for some crops, a slightly higher price for others.

2. For the basic crops—75 to 90 per cent of parity support, except that in 1950 (except for peanuts) they would get 90 per cent support if the producers have not rejected marketing quotas. Where the secretary seeks such controls and the producers reject them the support levels would be 50 per cent of parity.

3. The so-called non-basic crops—wool, milk and buttermilk, Irish potatoes, tung nuts and honey—would be supported at various levels—wool probably at 90 per cent, depending upon the amount of money available in support of the crop. In this class are such crops as hogs, eggs and chickens.

4. If a stalemate is reached in efforts to compromise the pending legislation, the so-called Aiken Law enacted by the last Congress will become effective in 1950. It would permit sliding scale supports for the basic crops ranging from 60 to 90 per cent of parity.

Greer Heads U. S. Highway Officials

SAN ANTONIO—(P)—A Texas, D. C. Greer of Austin, is the new president of the American Association of State Highway Officials.

Greer, chief engineer of the Texas State Highway Department, was named head of the group as the association ended its 1949 meeting Thursday.

Other new officers, all highway commissioners or chief engineers in their respective states, are: J. A. Anderson, Virginia, first vice president; Spencer Miller, Jr., New Jersey, A. E. Johnson, Arkansas, C. M. Ziegler, Michigan, and J. R. Bromley, Wyoming, regional vice presidents, and G. H. Anderson, Rhode Island, treasurer.

R. H. Baldock, Oregon; T. H. MacDonald, U. S. Bureau of Public Roads, Washington, D. C.; S. C. Hadden, Indiana; R. E. Jorgensen, Connecticut, and W. C. LeFebvre, Arizona, were elected to the executive committee.

72-Billion-Dollar Damage Suit Filed Against Oil Firms

LOS ANGELES—(P)—An outsize \$72,100,000,000 suit—claimed to be the largest damage action in history—is on file in federal court here.

Arthur R. Van Wyke and A. E. Harrison, management consultants of Los Angeles, lodged the mammoth complaint Thursday, alleging that amount was their potential profit from a metallic lubricant which they were going to sell world-wide.

Defendants in the suit include Standard Oil Company of California, A. D. Innis and Associates, several former employees and 100 John Does. Earlier, Van Wyke and Harrison filed a \$12,000,000,000 suit against Innis.

Van Wyke and Harrison, who claim ownership of about 70 per cent of the Innis stock, allege that the defendants interfered with their efforts to sell the metallic lubricant and caused the cancellation of an agreement to participate in profits from world-wide sale of the product. They also claim that a sample of the lubricant was adulterated by defendants, injuring its reputation.

'I Shall Not Want'

Bible-reading Mrs. Frances L. Worthington, 73, reportedly confessed to Berkeley, Calif., police that she is "one of the most accomplished pickpockets in the world." Her favorite Psalm, Mrs. Worthington said, goes, "The Lord is my shepherd; I shall not want." She likes it because the words have come true for her so often during her 40 years as a pickpocket and shoplifter. "People just keep throwing temptation my way," explained Mrs. Worthington. The judge sentenced her to 60 days in the Alameda County jail.

Swindling Sig Engel Has New Scheme To Get Rich, Honestly

CHICAGO—(P)—Sigmund (Swindlin Sam) Engel, who says he has made millions by bilking wealthy widows, has new plans to make a million dollars, legitimately.

The 73-year-old Lothario, released from jail Wednesday on \$37,600 bonds on a half-dozen confidence game charges, appeared enthusiastic about his proposed venture in the entertainment business.

"The public wants me," said Engel enthusiastically. "There'll be television and radio shows, personal appearance, movies and tours when I'm incorporated into a corporation."

Engel, who visited several booking agencies Thursday to discuss a proposed vaudeville tour, said he expects to "make a million dollars." He did not discuss his booking in criminal court on October 24 on one of the swindling charges.

Sweetest Man In World The dapper old man also was busy searching for a apartment for Mrs. Pauline Langton of New York City, his "one and only true love," whom he married last June 14 shortly before his arrest here on a confidence game charge. After the marriage he disappeared with \$50,000 of her jewels but all was forgiven when Mrs. Langton visited him in jail last summer.

Mrs. Langton, who describes Engel as "the sweetest man in the world," had arranged to fly here Thursday but Engel told her to delay the trip. "She wanted to come and cook for me," Engel said, "but I told her to stay put until I can receive her properly."

Engel, living at a near Northside hotel, has a burly bodyguard as a roommate. The bodyguard was assigned by Engel's attorney, J. Edward Jones. He was worried about the \$37,600 bond his father put up for Engel and wanted to be sure the suave old con man would be ready for his court appearance in 10 days. Engel at first objected, but later agreed to the plan.

"So now I've got a bodyguard," Engel said. "Nice man he is, too."

Murder Warrant Issued Against Man Sought In Slaying

JERSEYVILLE, ILL.—(P)—A first degree murder warrant has been sworn out against Leonard (Lucky) Hawkins, traveling companion of a 23-year-old Navy veteran whose body was found near here Wednesday.

Sheriff C. E. Wedding said he issued the warrant Thursday "on the basis of evidence against" Hawkins.

Police of several states began a search for the fugitive shortly after discovery of the body of Albert E. Clark of Boise City, Okla. Clark died of a bullet wound in the head and apparently was thrown out of his own car on a country road south of here. Police have found no trace of the car, a new model.

The last report on the automobile came from Juanita Groves, 19, of Dalhart, who told officials there she was kidnapped in the vehicle last Saturday.

She escaped, she said, by striking her kidnaper on the head with a fire extinguisher.

The girl's report served to map the route of Clark and Hawkins, who set out from Clayton, N. M., October 1 enroute to St. Louis. Both worked in Clayton and made the trip in the hopes of seeing the World Series, which they thought would be played in the Missouri city.

Death Of Veteran Is Ruled Suicide

FORT WORTH—(P)—An inquest verdict of suicide was returned in the death Thursday of Charles D. Little, Jr., 26, a war veteran.

Little was found hanging from a bed which had been placed on end at the U. S. Public Health Service Hospital.

Justice of the Peace Frank Hurley said the veteran apparently had placed a sheet around his neck and jumped from the end of the bed.

Little entered the hospital in March, 1947, as a transfer from the hospital at Waco.

Courageous Farmer Saves Own Life By Searing Severed Legs

OLUSTEE, OKLA.—(P)—A farmer was alive Friday because, his doctor said, he had the courage to push his bleeding and amputated legs into a fire.

Thirty-three-year-old C. B. Hughes lost both legs Thursday when he tried to free his arm pinned in a hay baler.

He attracted his wife's attention two hours later by setting a fire to a bale of hay.

Doctors described his condition as "fair." They said his arm will be amputated later.

Hughes pushed his legs—amputated below the knees—into the flame to stop their bleeding and to relieve the pain.

Crane Ceremonies Dedicate Courthouse, Schools and Hospital; Good Attendance

By BERRY APPLING CRANE—Hundreds of West Texans were here Thursday to help citizens of this Crane County city celebrate its expansion during the last few years. The "Crane Day" celebration was spearheaded by dedication of a new courthouse, school system and memorial hospital.

Among the speakers making dedicatory addresses were Judge Joseph McGill, associate justice of the Court of Civil Appeals in El Paso; Congressman Ken Regan of Midland,

and Dr. D. M. Wiggins, president of Texas Technological College, Lubbock.

The program started at 2 p.m. with the dedication of the courthouse and an address by Judge McGill, followed by dedication of the Crane Memorial Hospital and the dedicatory address by Congressman Regan.

The afternoon session was concluded with an inspection of the new school buildings.

The Community Park was the site for a western style barbecue under the direction of the Odessa Chuck Wagon Gang. More than 2,000 persons were served.

The evening program was held in the high school auditorium with Dr. Wiggins making the dedicatory address.

Gain Wisdom Wiggins told the assembly in the packed auditorium he was impressed with all that went into making the building possible.

"The concrete evidence of a belief in education is shown in these new buildings," Dr. Wiggins said. "It shows now as never before a desire of people to gain wisdom."

"Schools are a mirror in which the community is reflected. They are no better than the society of the surrounding area. It isn't the business of schools to build the world, it is the school's business to help induct young people into the society in which they live, prepared to meet successfully the problems which they will face," Dr. Wiggins declared.

"Founders of this nation saw the need for education and their demands instigated the first crude schools teaching the three R's. Education today still is based upon the demands of society and these demands call for more elaborate systems such as that being dedicated here today."

"Development of the United States was by men who weren't afraid to take a chance, who were not governed by an overpowering desire for security. This desire for security is endangering the spirit of individualism and free enterprise today. Our school systems must combat it by imparting a desire for freedom."

"Social security is a new word. The men who built this country weren't dominated by a desire for security, they were possessed of a feeling that the possibilities for success were open for everyone and the only way to be successful was to go forward."

Tidelands Views In speaking at the dedication of the hospital and also in a short address preceding Dr. Wiggins' talk, Congressman Regan brought forth his views concerning the tidelands issue now confronting congress.

Regan forcefully stated that Texas went into the Union with the full understanding that the tidelands were to remain under state control.

"A proposal to provide \$10,000,000 to care for outstanding debts incurred by Texas during its days as a republic in exchange for national control of the tidelands area was blocked. As a result Texas became a state still retaining sole title to this area," Regan commented.

"More than \$130,000,000 in taxes from these areas have gone into the school systems of the state and they (the school systems) have the right to retain this source of revenue."

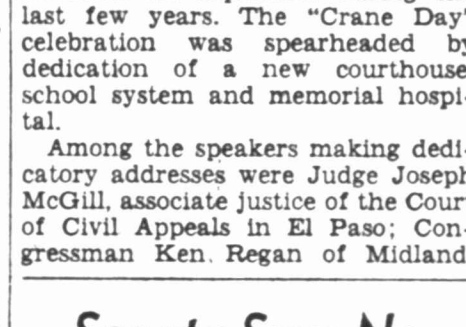

Judge McGill commended Crane County citizens on their step forward in providing the new courthouse.

"The courthouse is the fountainhead of justice in a county," McGill concluded.

Numerous dignitaries were present for the "Crane Day" celebration. Among area school superintendents present were Frank Monroe of Midland, H. E. Stoker of McCamey, and Murray Fly, president of the Odessa Junior College.

Senate Says No

Leland Olds, above, was rejected, 53 to 15, in a showdown Senate vote on his reappointment to a third term on the Federal Power Commission. Refusal to confirm his appointment represented a stinging rebuff to President Truman, who had marshaled the pressure of party discipline threats behind his nominee.

Shotgun Accident Kills Tarrant Man

FORT WORTH—(P)—The fatal shooting of Lloyd Russell, 39, was termed accidental by Justice of the Peace Whit Boyd in an inquest verdict.

Russell was found by his wife in the kitchen of their home. A 16 gauge shotgun, still sheathed in its case, was found beside him. The end of the gun case was ripped open by the blast.

His wife said he was preparing to go on a hunting trip.
