Crockett Prospector  
Is High On Leonard

Ted Weiner and James H. Snowden, and associates No. 1-E Vaughn, Central-Northeast Crockett County wildcat, one and one-half miles east of the shallow Vaughn field is reported to have checked high on the top of the Leonard, basal Permian lime section to several nearby dry holes—some of which had some interesting shows of possible production in the lower horizons.

This prospector picked top of the Leonard to be at 6,340 feet on an elevation of 2,614 feet. It is now making hole below 6,900 feet in lime.

**To Test Deep Zone**  
On the top of the Leonard the No. 1-E Vaughn is correlated to be 56 feet high to Weiner No. 1 Vaughn, one and one-half miles to the northeast which drilled to 7,785 feet in the Ellenburger. That venture was regionally high, and showed some gas in the Ellenburger.

The Weiner and Snowden development is credited with being 146 feet high on the top of the Leonard to the Standard-Pryor Drilling Company No. 1 Shannon, and 180 feet high to an old Richard deep dry hole.

The No. 1-E Vaughn is to continue until it finds and tests the Ellenburger.

Location is 690 feet from west and 1,980 feet from north lines of section 88, block OP, GC&SF survey.

SW Coke Operation  
To 7,500 Feet Slated

Drilling is to be started at once on a 7,500-foot wildcat in South-west Coke County to explore into the Ellenburger.

The project is to be Southern Minerals Corporation of Corpus Christi and Bridwell Oil Company of Wichita Falls, No. 1 S. A. Runkles.

Location is 1,367 feet from west and 467 feet from south lines of section 20, block W, TP survey. That makes it about five and one-half miles south of the Millican field, the nearest proven producing area.

Charles Ioe of Monahans has the contract to dig the prospector with rotary tools.

Shallow Wildcat Near  
Imperial Is Scheduled

Richardson & Bass and Gregg-Tex Gasoline Corporation of Fort Worth, have filed an application with the Railroad Commission of Texas, requesting a permit to drill a 2,300-foot wildcat in North Pecos County, one-half mile east of Imperial.

The venture is to be their No. 1 Anna Marie Tests and others, and will be located 330 feet from north and west and southwest lines of the north quarter of the east quarter of section 13, block 3, H&TC survey. Rotary tools will be used.

Central Scurry Test  
To Hunt Ellenburger

Olson Drilling Company has filed an application with the Railroad Commission of Texas, requesting a permit to continue drilling its No. 1 Jess B. Green at a wildcat to a possible destination of 2,300 feet in Central Scurry County.

This project is located two miles north of the town of Snyder and 690 feet from north and west lines of section 157, block 3, H&TC survey.

It is now making hole below 7,665 feet in lower Pennsylvanian lime and shale. The projected depth of 2,300 feet should take it into the Ellenburger.

This venture, which is about two miles south and one-half mile east of the nearest completed producers from the Canyon reef line on the southeast side of the North Snyder field was low on the Canyon and found no oil in it or in any of the sections it has already penetrated below the Canyon.

Extension To Monroe  
In Ward Is Indicated

A one-quarter of a mile east extension for the one-well Monroe field in West Ward County, has been indicated at Anderson-Pritchard Oil Corporation No. 1-A Monroe.

This development, located 330 feet from north and southwest lines of the north quarter of the west quarter of section 3, block 1, W&NW survey, had swabbed at the rate of between 25 and 30 barrels of new oil per day natural from three feet of pay in the top of the Delaware sand at 4,888-88 feet.

No formation water has been developed. Operator is preparing to install a pump to make a production test and try to complete the venture as a commercial oil well.

It has 5 1/2-inch casing cemented at 4,651 feet. The well is eight miles north of Barstow.

Dawson Project Logs  
Water For Seaboard

Seaboard Oil Company of Delaware No. 1 Barrow, deep wildcat in Central Dawson County, three and one-half miles northeast of Lamesa and 960 feet from south and 1,980 feet from east lines of section 8, block 35, TP survey. T-2-N, was cemented at 11,553 feet in an unidentified lime.

This venture developed large amounts of sulphur water in a drill-stem test at 11,259-512 feet. The tool was open for 64 minutes. There was a good flow of air at the surface during most of the period.

Recovery was the 2,500-foot water blanket, 940 feet of drilling mud (Continued On Page 12)

Lewis Accused Of  
Dissipating Funds  
For Mine Pensions

WASHINGTON (AP)—Ezra Van Horn, employer trustee for the coal miners pension fund, told a federal court Friday that John L. Lewis and Senator Bridges (R-NH), his fellow trustees, illegally "dissipated" the welfare money.

Lewis, head of the United Mine Workers, represents the miners on the board. Bridges is the "neutral" trustee of the funds built up by a royalty on coal.

Van Horn's accusation was made in his answer to a suit for accounting of the fund filed by a miner.

He said his fellow board members refused to give him information on how the multi-million dollar fund was being disbursed.

The acts of dissipation, he told the court, are the acts solely of Lewis and Bridges.

Van Horn joined the original plaintiff, ex-miner George Livengood of Pennsylvania, in asking the U. S. District Court to require an accounting.

The coal operators' spokesman declared that if any liability for damages exists on the part of the trustees, Lewis and Bridges primarily are liable. He filed a cross-claim asking the court to dismiss Livengood's complaint against him.

If there should be a judgment against him (Van Horn) in the Livengood case, Van Horn asked that the court require Lewis and Bridges to pay whatever sum is assessed against him.

Van Horn has submitted his resignation as a trustee of the controversial fund and has talked of court action to make the resignation effective. The resignation was turned in before Livengood sued.

Livengood charged that Lewis suspended payments as a "political weapon" in an improper attempt to use the fund as a lever for extracting concessions from the mine operators in the currently suspended contract talks.

No Ruling Yet In  
Civil Damage Case

District Court officials said Friday Judge Paul Moss will be out of the city until next Thursday and his ruling in the civil damage suit brought by A. B. Cole, Jr., against David L. Harmon will not be announced until his return.

Cole sued to recover \$24,521.67, which Harmon contended was the cost of extra labor and material in construction of the Woolworth Building here.

A court official said the jury found in favor of the plaintiff in a major issue of the case, which was the fund as a lever for extracting concessions from the mine operators in the currently suspended contract talks.

Judge Moss will rule on the case after judgments have been prepared and presented to the court by attorneys for both sides.

Midland Resident  
Is Beaten, Robbed  
By Escaped Convict

TEMPLE (AP)—George Tabor of Midland identified an escaped convict as one of two men who beat him into unconsciousness Wednesday night and left him in a roadside ditch.

Tabor, in a Cameron hospital identified a photograph of James H. Mitchell, 20, Thursday.

Mitchell escaped earlier this week from a prison farm near Houston.

Tabor told police he was returning from his wife's funeral in Houston when he picked up two boys in Brenham. About four miles north of Cameron, they made him stop the car in a roadside park.

Tabor said they beat him into unconsciousness, and took his car, hat, boots, watch and about \$10 in cash. He came to about an hour and a half later. He was in a ditch with his shirt tied around his head. Tabor flagged a passing motorist and was brought to the hospital.

His car was found Thursday at Lot, Texas, 20 miles northeast of Temple.

Tabor is the son of Mr. and Mrs. O. Culp of Midland and a half brother to R. V. Henry and R. W. Culp of Midland.

He has resided here and in Houston several years. His wife was killed when struck by an automobile in Houston last week.

Mrs. R. V. Culp, Tabor's sister-in-law, Friday said the injured man's condition was improved. She said it is expected he will be returned to Midland in a day or two.

He suffered severe head wounds and facial abrasions.

U. S. Survey Shows  
Living Cost Increase

WASHINGTON (AP)—The cost of living rose one half of one per cent in September, the largest monthly increase in consumer prices for a year.

The Bureau of Labor Statistics, reporting this Friday, said the prices of all major items contributing to city living costs went up except clothing.

The rise, however, still left the price level three per cent below the all-time peak of September a year ago. It was 27 per cent higher than in June, 1946, and 72 per cent above August, 1939.

Navy Men Rally To  
Denfeld, Ousted As  
Sea Service Chief

WASHINGTON (AP)—Adm. Louis Denfeld told a demonstrating crowd of 250 Navy enlisted men Friday that although he has been ousted as chief of naval operations "no service and no individual will stop" the Navy.

The sailors—from offices and barracks near the Pentagon—began gathering at Denfeld's office early in the morning.

They keynoted the angry response of at least a portion of the Navy to the decision, announced Thursday afternoon, of Secretary Matthews, backed by President Truman, to fire Denfeld for his opposition to defense policies that cut down on the Navy and put more emphasis on big Air Force bombers.

Nearly a full day after the White House announcement of Denfeld's ouster, Denfeld himself still had not received official notice that he was being relieved.

No Word Of Successor  
Among some Navy men there was clear evidence of anger over what they regarded as this discourtesy to the admiral.

There also was no word as to who will succeed Denfeld in the top Navy post, or as to what duties may be offered to Denfeld.

Charles G. Ross, presidential press secretary, told a news conference he had no information on that.

Ross also said, in reply to a question, that the White House had received no messages overnight protesting Denfeld's removal.

Denfeld's aides said that at least 1,500 telegrams had arrived by Friday morning for him, but that the admiral had not had a chance to read them. Telephone lines into his office were jammed with incoming calls, they said.

When Denfeld arrived at his office, a Marine sentry told him that a number of men were outside "to pay their respects."

Denfeld told the sentry to let them in.

The door opened and the 250 sailors in their blue uniforms began filing in, finally packing the large room.

"When You Are President . . ."  
A spokesman for the group told Denfeld:

"Admiral, when you are President we hope you will put the Navy back on its feet."

Denfeld, his voice faltering with emotion, told the men their demonstration was "the most wonderful thing that has happened to me in all my years in the Navy."

Denfeld's talk to the enlisted men was his second informal comment on his firing. He told another Navy group Thursday night that he is "sticking by my guns" but is reconciled to getting out if that will help the Navy and the country.

His office staff indicated that he likely will not have a formal statement until Monday. When that comes, it may have something to say about whether he will take a lesser post as mentioned by Truman and Secretary Matthews when they fired him.

Absentee Ballots

Both propositions on the county ballot pertain to the proposed construction of a Midland County Park Building.

Absentee ballots on the 10 proposed constitutional amendments, to be voted on at the same time, also are available.

One absentee ballot on the amendments had been cast Friday.

Absentee balloting will end November 4, Mrs. Johnson said.

Dead Include  
French Boxer,  
11 Americans

PARIS (AP)—Air France announced late Friday that all 48 persons aboard a Paris-New York airliner were killed when the plane crashed in the Azores. Victims included French boxer Marcel Cerdan and 11 Americans.

SANTA MARIA, THE AZORES (AP)—An Air France Constellation plane with French Boxer Marcel Cerdan and 47 others aboard fell in flames Friday on a rocky island in the Azores.

Witnesses said they saw the plane fall flaming over a mountaintop in the Algarvia district near Sao Miguel Island's northeast coast. Possibly because of bad weather and poor visibility, the Constellation hit a peak while heading for Santa Maria Airport, 90 miles away in the Azores, witnesses said.

Some of the 37 passengers and 11 crewmen are believed to have survived. Rescue teams were rushing to the scene. The passengers were said by Air France to include 11 Americans and two Canadians. The plane had been missing for eight hours.

First reports had indicated there were some survivors. An early announcement by Air France in Paris that the wreckage had been spotted on the peak made no mention of survivors, however.

Noted Violinist Aboard  
The Constellation, on a flight from Paris to New York, also carried the noted French woman violin virtuoso, Ginette Neveu, who is well known to American concert audiences, and Louis Boutet de Monville, widely known French painter and illustrator of children's books.

Cerdan's manager, Jo Lougan, and his trainer, Paul Jansen, also were aboard. Cerdan, former world middleweight champion, was on his way to the United States for a title bout scheduled December 7 at Madison Square Garden, New York, with Jake LaMotta, to whom he lost the title in Detroit June 18.

The rocky island is about 90 miles from the Azores Airport at Santa Maria, which is some 1,200 miles west of the Spanish Coast.

Company officials said they had no idea what had happened to prevent the plane from landing at Santa Maria. However, the weather was bad at the time, they said.

The Constellation last was heard from at 8:50 p. m. CST Thursday, when the pilot radioed he was ready to land in bad weather—five minutes later on Santa Maria Airdrome.

The airliner left Orly Airport, Paris, at 2 p. m. CST Thursday, and was due in New York at 10 a. m. Friday.

Also on the passenger list were a Kay Kamen and Mrs. Kate Kams, described as commercial managers of the Walt Disney Film Company.

Two Superior Oil  
Company Executives  
Die In Plane Crash

LONDON (AP)—Four Americans, including two officials of the Superior Oil Company, were killed Friday when a twin-engine amphibian plane crashed and burned taking off from London Airport.

Two Brits were aboard the plane also were killed in the crash. There was one survivor, an American member of the crew.

The American dead were identified as: Robert Allen, about 45, vice president in charge of Superior's foreign operations, Los Angeles; James Lewis, 40, attorney, Los Angeles;

Capt. Joseph Jordan, the plane's pilot, San Fernando, Calif.; Andrew Cole, wireless operator, Long Beach, Calif.

The surviving co-pilot, Earl Oscar Strage, was hurled 50 feet from the plane. He was taken to West Middlesex Hospital, where a physician said he had extensive burns on his face and legs but there was no anxiety over his condition. He said his parents live at Wheeler, Texas.

The plane was used on a shuttle run between London and the Near East. It was owned by the oil company, which has headquarters in Los Angeles.

Six Texans Indicted  
In Oil Lease Sales

DAYTON (AP)—The grand jury Friday indicted six Texas men on a total of 92 counts charging sale of \$158,945 worth of unregistered oil leases.

County Prosecutor Matthias M. Heck announced the mass indictments after an investigation by his staff and the state securities division.

Named in the indictments were John D. Bennett, Sr., four of his sons, John E., Jr., Leo, Gene and Byard, and R. B. Thirt, the latter identified as secretary-treasurer of the Bennett Brothers Drilling Company.

No information was available as to the present whereabouts of the six. Originally, they were listed as from San Antonio.

In San Antonio, however, it was reported the firm led a forwarding address in Fort Worth.

Thomas Ordered  
To Stand Trial  
On Fraud Charges

WASHINGTON (AP)—Federal Judge Alexander Holtzoff ruled Friday that Rep. J. Parnell Thomas (R-NJ) must stand trial November 7 on charges of defrauding the government.

Holtzoff refused a further continuance of the trial, already several times postponed, after receiving a report of Thomas' physical condition from two private physicians. The doctors were named by the court to examine him.

Defense attorneys had contended the 54-year-old Thomas, who is suffering from a stomach disorder, is too ill to appear for trial now.

Thomas, one-time chairman of the House Committee on Un-American Activities, was indicted a year ago on charges of conspiring to defraud the government. The indictment accused the lawmaker of office-payroll-padding and taking "kickbacks" from employees.

## AAUW Suggests Way To Better Education

The national organization of the American Association of University Women has recently completed the first half of a survey on the value of a college education in later life. Several Midland women were among the 30,000 AAUW members questioned during this survey.

Two main suggestions for the improvement of college education came out of the survey and the second half is being conducted on the basis of these findings.

The first recommendation was that college education should consist of training and experience which are closely related to life after college and can be used in one way.

The second was that college education should be broad and flexible enough to stimulate the maximum development of each individual, preparing each in the fullest way possible for after-college life.

# ALERT!

Every muscle tense... every sense attuned to their surroundings... they're ready! A scent, a sound, a glimpse of the unexpected and they will streak silently into the forest. They're alert, but their alertness indicates a readiness to run away.

Rightly man scorns that kind of alertness. For human achievement is born of a different alertness. When men are awake to their opportunities, alive to their responsibilities, brave to their challenges... then progress is realized, goals are reached.

Our religion helped to establish this human standard of alertness, and our churches constantly inspire men to achieve it. For when the mind is attuned to life's environment, and the soul is attuned to God, then a man has the wherewithal to go forward to greater goals.

True alertness begins when we discover the riches the Church can add to our lives!

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# Claassen Selects Texas, Michigan And California

By HAROLD CLAASSEN  
NEW YORK—(P)—I'm coming back with another series of forecasts, knowing there can not be another flock of upsets such as hit the football world last weekend.

Last week's score was 57 correct selections and 17 incorrect for a .770 average. That made the season's figures 235 correct, 70 wrong for .808.

Michigan over Illinois: This is the twenty-fifth anniversary of Red Grange's big day at Michigan's expense. Illinois, surprise leader of the Big Ten, will wish Grange was playing again.

Notre Dame over Navy: What do you expect, a miracle?

California over UCLA: California has permitted its three previous Coast Conference opponents less than a touchdown each. UCLA yielded an average of two to each of its four loop rivals.

Army over Virginia Military: At Army a student is known as a cadet; at Virginia Military he is a keydet. The difference is even greater on the football field.

Ohio State over Northwestern: With the fullback problem at Northwestern still unsettled the Ohioans have the edge.

Pitt Over Penn  
Pittsburgh over Pennsylvania: Penn is among the nation's unbeaten but hasn't looked sharp.

Baylor over Texas Christian: Arkansas beat TCU by three touchdowns, lost to Baylor by the same margin. On a basis of comparative scores entirely.

Oklahoma over Iowa State: Oklahoma has a great quarterback in Royal and a great end in Owens. What more do the Sooners need?

Texas over Southern Methodist: Doak Walker is out of the hospital but it is not likely that he will be at his best following a week's bout with the flu germs.

North Carolina over Tennessee: The dry, home field will help Carolina's famed Charlie Justice.

Skipping over the others in a hurry:  
Southwest: Arkansas over Texas A&M, Rice over Texas Tech, Texas Western over Iardind-Simmons.

## Miss Legs

Libby Dean, 19, of Charlotte, N. C., has America's most perfect legs, according to a noted Hollywood hooter. They measure: 8 1/2 inches at the ankle, 12 1/2 at the calf, and 19 1/2 at the thigh—all perfect measurements, say anatomy experts.

6—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, OCT. 28, 1949

## REPORT FROM ODESSA— Bronchos Seek To Extend Streak In Friday Encounter

ODESSA—The Odessa Bronchos will have two big purposes in mind when they meet the Midland Bulldogs here Friday night.

First, they'll be trying to extend an eight-game winning streak they now have working in the Midland series, and second, they'll be hoping to get off on the right foot in the District 3-AA chase.

The Bronchos will be in fair shape, physically and mentally, for the game. They've had two weeks in which to prepare for the opening of conference wars, and in their last outing they absorbed a 6-39 shellacking from Abilene in a game that served to puncture Bronco ego, inflated by the 34-21 victory over Amarillo the week before.

Despite the open date last weekend, bad weather, sickness and some bothersome injuries have combined to hamper workouts the past two weeks. Indications are, however, that the squad will be at their full strength when the Bulldogs invade Broncho stadium.

Harvey To Play  
One important change in the starting offensive lineup has been announced by head coach Joe Coleman. It's at the right half-back spot where T. W. Harvey, 155-pound senior, will move in to take over from co-captain Dawson Hughes, 178-pound senior.

Harvey has been used mostly on defense in the first six games, but has been impressive enough in his brief appearances on offense to nudge Hughes out of a starting berth. Hughes, a ball of fire in the backfield, never lived up to his billing when under fire. He will still be used as kickoff and extra-point specialist.

Elsewhere the starting offensive lineup will be the same that opened against Amarillo. This alignment will have Dick Rice and co-captain Paul Erwin at ends, Briscoe Cassidy and Roy Heard at tackles, Bobby Alread and Marshall Bonds at guards, and Melvin (Tiny) Etheridge at center.

Coach Joe Coleman of Odessa Friday announced several of his first stringers will not be able to start against Midland Friday night.

Howard Dye, halfback; Tiny Etheridge, center; Bobby Alread, guard, and Briscoe Cassidy, tackle were listed by Coleman to be withheld from the starting lineup.

He added, however, they will be available if badly needed.

In the backfield, Charles Glover will do the signal calling from his man-under position in the Broncho T formation, but he will be spelled frequently by Mac Tyler, the squad's top passer.

Joe Howell, a tough, driving runner, will team with Harvey at halfback, and Howard Dye is a fixture at fullback.

Of the above, all but Cassidy, Etheridge, Tyler and Dye are seniors. Cassidy, Tyler and Dye are juniors, Etheridge a sophomore.

They opened the season against Port Arthur, still undefeated, and a heavy favorite for state championship honors, and went down to a 13-27 defeat.

Sweetwater came next, and the Bronchos clicked long enough for a 20-6 victory, despite 19 completed passes thrown by the Mustangs' Billy Hooper.

Ironed Out Kinks  
A 20-30 tie with Arlington Heights of Fort Worth, defending city conference champions, followed. The Bronchos then ironed out the kinks with a 27-6 victory over San Angelo, and finally hit the stride expected of them before the start of the season when they flattened Amarillo, 34-21, in their most impressive exhibition of the campaign.

Then came the disaster at Abilene, one that found the Bronchos resting on their laurels and getting all but kicked clear out of the stadium as they absorbed the second-worst licking in modern Odessa football history.

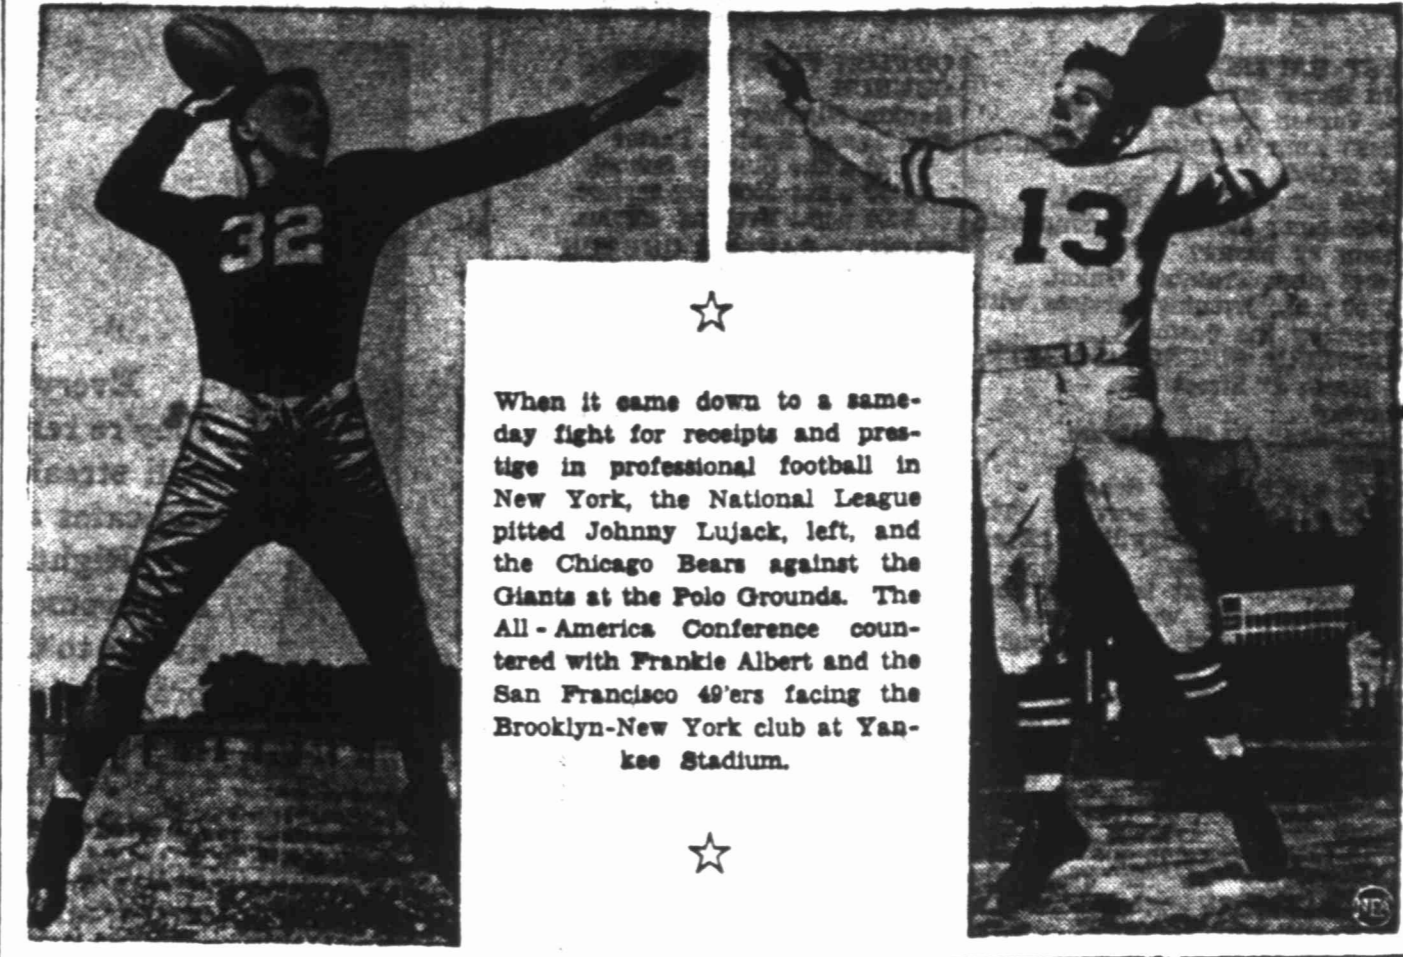

With that nightmare behind them, the Bronchos will be hoping to get back on the right road against Midland Friday night.

Smallest member of the University of Texas football team—150-pound Perry Samuels—also is the fastest. He has run 100 yards in 8.5 seconds.

## Pitcher's Battle

When it came down to a same-day fight for receipts and prestige in professional football in New York, the National League pitted Johnny Lujack, left, and the Chicago Bears against the Giants at the Polo Grounds. The All-America Conference countered with Frankie Albert and the San Francisco 49ers facing the Brooklyn-New York club at Yankee Stadium.

## Dodger Bigwigs To Decide On Fate Of Fort Worth Outfit

PORT WORTH—(P)—Officials of the Brooklyn Dodgers Friday were expected to decide what to do about the Fort Worth club of the Texas League.

Branch Rickey, John L. Smith and Walter O'Malley, principal owners of the National League baseball club, were to inspect fire damaged La Grave Field.

They were expected to choose between rebuilding the plant, selling to a local group and continue on a working agreement basis, or pulling out entirely.

Brooklyn owns the Fort Worth club. La Grave Field was partially destroyed by fire last May and only temporary repairs have been made.

## Capot, Coaltown Tangle Friday In Racing Showdown

BALTIMORE—(P)—The showdown in 1949 horse racing was all set Friday in the Pimlico Special.

At stake for the taking by Coaltown or Capot were the year's major laurels of the turf. Everything has been thrown into the pot for this one race.

Calumet Farm agreed to make it all or nothing in honor as well as a \$15,000 special purse. They had a pat hand in Ponder and Coaltown but consented under pressure by the Maryland Jockey Club to break it up and let Capot in.

The two were scheduled to go to the post for the mile and a sixteenth race at 4:15 p.m.

## Happy Chandler Becomes Happy Again As Government Calls Off Anti-Trust Inquiry

WASHINGTON—(P)—Major league baseball stepped out of a three-year era of legal entanglements Friday with the Justice Department's halt to an anti-trust inquiry into the broadcasting and televising of games.

New rules covering the situation have been adopted both by the American and National Leagues. The Justice Department said Thursday it will sit back and see how they work and drop the thought of prosecution now.

Thus Baseball Commissioner A. B. Chandler has nattered down again his right to the nickname "Happy." The government decision comes as a relief for him after all the legal headaches he's suffered.

Back in 1946, a fellow named Jorge Pasquel came from Mexico, his pockets bulging with greenbacks.

The Mexican baseball mogul walked off with some of the majors' brightest stars—Max Lanier and Mickey Owen among them. Finally this Spring, Chandler started to get things back on an even keel.

Jumpers Forgiven  
He reinstated all the jumpers. Two St. Louis Cardinal pitchers—Lanier and Fred Martin—dropped their reinstatement law suit which sought \$2,500,000 damages from the St. Louis Cardinals.

A few months later, former New York Giant outfielder Danny Gardella dropped his suit, which was a legal test for the national pastime's controversial "reserve clause."

The Justice Department broadcasting-telecasting action, which wraps everything up, ends a two-year fight by radio stations to have

## Texas Schoolboys Have Full Schedule

Schoolboy football moves toward the November stretch drive with just six undefeated, untied teams in the top two divisions. Two of these may tumble Friday night.

Corsicana puts its impressive record against the strong Waco Tigers and Henderson runs into once-beaten Marshall.

Lubbock, Wichita Falls, Grand Prairie and Port Arthur are the others with perfect records.

John Reagan of Houston blanked Milby of Houston 13-0 Thursday night to stay unbeaten, though tied. Baytown is the other club in this classification.

There's one "big" game in the City Conference Friday night—San Antonio Tech vs Brackenridge.

The winner of this tilt will take a big step toward the San Antonio District title.

Lubbock, touted as the best high school team to show up in years, Friday night tackles Lamesa, and the Westerners ought to be able to win this one by any score they choose.

Abilene At Sweetwater  
Wichita Falls meets Quannah and Port Arthur plays Orange.

Another top tilt matches Abilene and Sweetwater.

Three other games were played Thursday night. Sunset of Dallas beat Forest of Dallas 21-0, Thomas Jefferson (San Antonio) walloped

## SPORTS SLANTS by SHORTY SHELburnE

Business will not be as usual in football around this section Friday night. Not in District 3-AA, anyway.

For the first time this year, conference members meet.

The most important game—to us—naturally is the annual Midland-Odessa fracas. It'll be unrelieved in Broncho Stadium, starting at 8 p.m.

Up on the northern end of the circuit, awesome Lubbock is set to give the Lamesa Tornados a thrashing in the other play-for-keeps engagement.

Brownfield, stomped and kicked by just about everybody in range, gets a well-deserved rest.

As the District 3-AA race opens, Lubbock definitely looks like the team to beat. The Westerners didn't lose any face by smashing Amarillo 47 to 7 last week.

Coach C. R. (Pat) Pattison is after his first tie in this new district.

To date, the Westerners have had it easy. They have rolled up 249 points while holding the opposition to a mere 45.

Odessa, rated second to Lubbock from where we sit but even in some circles, has been less successful. Coach Joe Coleman once said, "You don't learn anything playing weak teams."

He matched his Bronchos against Port Arthur, Abilene and Arlington Heights—just to mention a few. From those three teams, he and the Red Hoses must have learned a few lessons.

Port Arthur took the decision in the opener, Arlington tied the Bronchos and Abilene handed them a 39 to 6 whipping.

All of which leaves Odessa's offensive mark at 120 points scored to 119 for the opposition.

Lamesa, although only once beaten, hasn't showed any giant-killing power. Its schedule in the first few games was much less than tough.

Against such teams as Seminole, Levelland, Plainview, Big Spring and Quannah, the Tornados did all the good. But came Pampa and the vacation ended.

Lamesa has scored 119 points while holding the opposition to 41. That gives them currently best defensive mark in the district.

When Lubbock gets through scoring Friday night, the Tornados will be down to a whirlwind.

Midland is just one step ahead of Brownfield when you compare the wins and losses each has been through. But with two or three better chances to win coming up, we expect the gap between to widen.

The Bulldogs downed Plainview for their only win. They lost to Yaleta, Austin High, Brownwood and Sweetwater.

In doing so, the opposition piled up 150 points to 49 for the Purple.

Back to Brownfield—which, incidentally, is the next opponent for the Bulldogs—we find nothing but an avalanche of points scored against the Cubs. While Pecos, Big Spring, Yaleta, Littlefield, Plainview and Levelland were going about the business of scoring 218 points, Brownfield could muster only 28. Things ahead don't look any better for the Cubs.

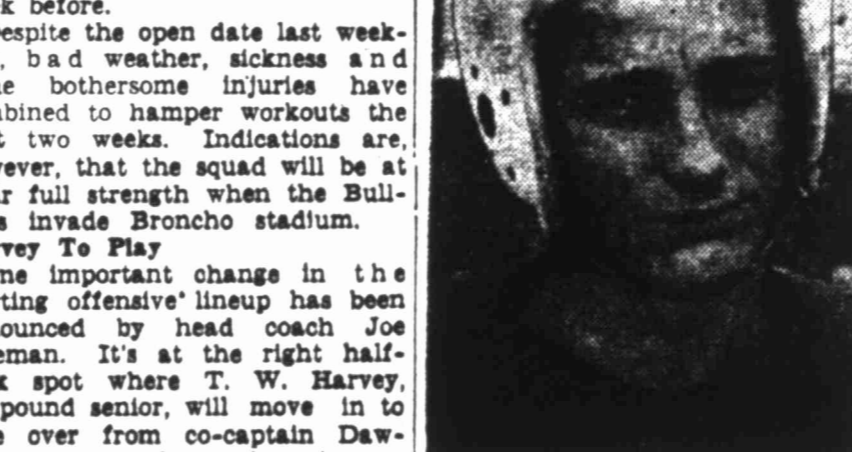

So, the race is on again. That's the way our five loop members have fared against outside competition. From here on, we'll see how each can do against a member of his own family.

## Happy Harold Sees Bears, Hogs, Owls, Ponies As Winners

By HAROLD V. RATLIFF  
Associated Press Sports Editor

Texas Christian's touchdown-happy Horned Frogs challenge Baylor's mighty bears Saturday in the most important game of the Southwest Conference football race.

It will decide whether there will be co-leaders or if the Rice Owls are to ride high and dry.

Rice will eye this game with more interest than anybody. No matter which way it goes it can't hurt the Owls.

Rice will be playing Texas Tech of the Border Conference in a breather.

Baylor, the last undefeated, untied team in the conference, is a solid favorite to beat TCU, but the Bears haven't as yet met a team with as great an offense as the Frogs.

Its Homecoming Day at Baylor and a capacity crowd will see the fireworks. However, Baylor can handle only about 20,000.

75,000 At Dallas  
The biggest turnout will be at Dallas, where some 75,000 will jam the Cotton Bowl to watch Texas and Southern Methodist stage a do-or-die battle. The team that loses this one will be out of the championship race since each already has dropped a conference game.

The Methodists are 3 1/2-point favorites in the betting and may have dauntless Doak Walker back to pilot them. Walker missed last week's game with Kentucky—when SMU staged an upset—because of illness.

Up at Fayetteville, Arkansas, Razorbacks and Texas A&M, both out of the race, meet to see if the Aggies occupy the cellar regions undisputed or have company. Arkansas is a 16-point favorite, which seems rather light in view of the Aggie record and the fact that the game is being played in the Razorbacks' backyard and on Homecoming Day.

Guessing For Free  
Rice is granted 28 points over Texas Tech.

Frank Leahy, coach of Notre Dame, gets \$25,000 for picking the winners—or trying to. "We do it for nothing and have a better record than Frank. To date we have hit 24, missed five and there has been one tie. Last week we got all five. Like a race-track habitué, however, we just won't quit while winning."

# Bulldogs Set For Odessa

## Purple Shoots For Upset Against Bronchos Friday

The Midland Bulldogs open their District 3-AA football season Friday night against their nearest and oldest rivals, the Odessa Bronchos. The game is slated for 8 p.m. in Broncho Stadium.

Again this season, Midland will be the underdog in the annual battle. The power-laden Bronchos are picked in most circles to carry off the big end of the score.

However, they will be facing a Bulldog team tougher in several respects.

The Bulldogs of this season are fired up and ready to give all they have all the way. They have had two weeks in which to prepare mentally and physically for the tilt. The two weeks have been put to good use.

Coaches and Bulldogs alike have it well fixed in their minds that the upset route is the only way to victory over the stronger and heavily favored enemy. Consequently, all training has been along that line.

Wide Open Game  
There won't be any noticeable change in the personnel to be used by Midland. The same boys who have played in every game this season will be in there again. There is due to be, however, a notable change in the brand of football they display.

The conservative brand of football will be tossed to the four winds most of the time. Midland will play a wide open game, changing defenses frequently. The offense will be geared to a fast-moving passing and running game.

Coach Tubboat Jones wants this one. He knows the odds are stacked against him, but he isn't granting anything to the Odessa eleven.

Ralph Brooks, a fine passing prospect, will be in the backfield a great part of the time. He will use his rifle arm to fire over the heads of the Bronchos. There will be deception and plenty of faking on new plays—plays used for the first time this season.

Jack Burris, one of the leading ground gainers and a good passer, will be at his regular spot in the backfield. He'll do some passing and he'll do a lot of receiving.

Same Backfield  
L. C. Thomas and Charles Crowley are slated for heavy duty on blocking and ball-carrying. Reed Gilmore, ace quarterback, will add some pass receiving to his usual roll of just blocking for the other boys.

Jimmy Lineberger and Bob Evans are the probable starters at ends. Both are capable on defense and offense. Harrie Smith, Graham Mackey and Dwane Bush, the other ends, will find a place in the lineup also.

Tackles will be Al Baze and Bob Wood. Baze is the biggest man in the line. Wood returns to the lineup after being out five weeks with a fractured hand. He'll be more than ready.

Jackie Mobley and Dalton Byerley are counted on to out-do themselves at guards. They are in top shape and have looked sharp all week in drills.

Burks To Play  
Jimmy O'Neal will be back in there at center on offense and at linebacker on defense.

Robert Burks, defensive linebacker, will play even though he has an eye injury. He is a great defensive performer.

To the man, the Bulldogs are ready!  
It's been eight years since Midland whipped the Bronchos. This one may snap the string.

The probable starting lineups:  
MIDLAND  
ENDS—Lineberger and Evans.  
TACKLES—Baze and Wood.  
GUARDS—Byerley and Mobley.  
CENTER—O'Neal.  
BACKS—Gilmore, Burris, Thomas and Crowley.

ODESSA  
ENDS—Erwin and Wood.  
TACKLES—Miller and Heard.  
GUARDS—Dyer and Bonds.  
CENTER—Babb.  
BACKS—Tyler, Harvey, Clover and Jackson.

**Sixth Grade Pups To Play Saturday**  
The Sixth Grade Bullpups of John M. Cowden Junior High School are scheduled to play the Lamesa Breezes in Lamesa at 10 a.m. Saturday.

The Pups will be playing their third game of the season.

## Marlene And Alice Bauer To Play Exhibition Here

Marlene and Alice Bauer, two of the nation's top women golfers, are scheduled in an 18-hole exhibition at Midland Country Club Sunday afternoon. Pro J. G. Hardwick announced Friday.

Eddie Stafford and Sybil Flournoy, both of Midland, will oppose the two sisters in the exhibition. Marlene, 15-year-old links champ who flashed into the nation's sports headlines this year, has battled the best in several big tournaments. She won the first National Women's Junior Tournament in September and went to the finals in the Texas Women's Open this month.

Alice is Palm Springs Open champ and shoots a fine game. Mrs. Stafford was the 1948 Midland Country Club women's champion and lost her title to Mrs. Flournoy in the club tourney for 1949 early this month.

The exhibition will be staged free of admission charge. Gloria Esell of Midland was to join Mrs. Sam O'Neal of Odessa to battle the Bauer sisters at Odessa Country Club Friday.

## 'C' Bulldogs Clip Lamesa 20 To 7

The Midland 'C' Bulldogs rambled their way to a 20 to 7 victory over the Lamesa 'C' Tornados at Memorial Stadium Thursday afternoon. It was the fourth win of the season for the charges of Coach Joe Akins.

The Bulldogs opened the scoring in less than three minutes of the first quarter. Roy Kimsey pounced on a Lamesa fumble on the opponent's 35-yard line to set up the score.

After a running play failed to gain through the middle, Kimsey circled end behind nice blocking and turned on a burst of speed to go the distance to paydirt. Charles Patterson powered his way off tackle for the extra point.

A stout Bulldog defense, led by Gwyn Grisham and Kimsey, held the Tornados well through the remainder of the quarter. They forced a punt just before the period ended.

Taking over on their own 18, the Bulldogs started a march. Kimsey To Kestling  
A nice pass from Kimsey to Robert Kestling picked up 17 yards. The two alternated with M. A. Rose and Charles Patterson at carrying the ball and moved it to the Lamesa 16 on nine plays.

Rose took a handoff on the 16 and wove his way through the Tornado secondary to a touchdown.

Again Patterson plunged the point. Midland kicked to Lamesa to open the second half. After three plays failed to pick up a first down, the Tornados punted. The ball was downed on the Midland 43.

On the first play from scrimmage, Joe Kirkwood Sr., the nation's top trick golfer, was scheduled in an exhibition match and trick shot show at Midland Country Club Friday afternoon.

The exhibition match was slated at 2:30 p.m. to be followed by the trick performance at 4:45 p.m. The show was to be open to the general public with all proceeds to go to the Community Chest.

## Baylor Grads Flock In For Homecoming

WACO—(AP)—You can hear all about that "Good old Baylor line" Friday.

The one last year or the one twenty years ago. It's Homecoming Day at Baylor University, the biggest homecoming in history.

The old grads and the undergrads all are worked up this year—Baylor is the only undefeated, untied football team in the Southwest Conference and this may be the year it wins a championship. The last time the Bears won was in 1924.

A banquet honoring that 1924 club is planned. The 1922 football team and the 1923 baseball team also will be present.

Saturday morning, a 26-foot, nine-band homecoming parade will be staged.

Saturday afternoon, Baylor's football team meets Texas Christian University.

In a between-halves ceremony, President W. R. White will crown a homecoming queen.

# DADDY RINGTAIL • By Wesley Davis

## Daddy Ringtail And Hen's Teeth

What if you were an owl, and you were always supposed to say something wise, and there came a time, almost, when you couldn't think of anything wise to say? I hope it never happens to you, but I'll tell you what happened to Toowit Toowoo.

He was a wise old owl who came from China. He came to live in

the Great Forest, and he made his home in an empty tree, one that was near the very tall tree where Daddy Ringtail lived in his monkey house.

Day after day, all day long, Toowit Toowoo would sit in his tree, blinking his eyes at the sun, and that Sammy didn't know, and so on the day I'm telling you about, Sammy climbed up the tree and sat down on a limb, right beside Toowit Toowoo. The owl was blinking his eyes and looking wise, the way he always did.

Sammy sat there beside him, waiting for him to say something wise, and Toowit Toowoo knew exactly what Sammy was waiting for. The trouble was that the owl really had been asleep, and for a minute he couldn't think of anything wise to say. He thought and thought, and at last he said: "Sammy, do you know a bout hen's teeth? A hen is a chicken. A chicken doesn't have any teeth, and so a hen doesn't have any teeth, because it's a chicken."

This was something wise for Toowit Toowoo to say, because it is true, and because Sammy didn't know it. And if you ever need to say something wise, and if you can't think of anything wise to say, you can talk about hen's teeth. But you mustn't laugh when you do it—not if you're talking to an owl. Sammy didn't laugh, and it would have been terrible if he had. You see, an owl is just like a chicken about his teeth. An owl has no teeth at all, not a single one, and an owl is Toowit Toowoo. Happy day!

Toowit Toowoo always would try to say something wise, something

looking so wise. He knew everything, almost. That's what everybody said, and that is why Daddy Ringtail was always glad for Sammy Ringtail, the monkey boy, to go talk with him.

Toowit Toowoo always would try to say something wise, something

### Social Situations

SITUATION: You invite a couple over to your house for an evening and they say they are busy.

WRONG WAY: Say, "What night can you come?" and insist on setting a time.

RIGHT WAY: Ask them for another specific time—and then if they can't make it let the matter drop. (The former gives the couple no "out" in case they do not want to come.)
