

Magnolia Has Flowing Oil At Pegasus Test

Flowing oil has been developed from a Pennsylvanian lime at a one-half mile south outcrop to the first producer in the Pegasus field of North-Central Upton County and South-Central Midland County.

Upton Pegasus Adds Two Deep Operations

Drilling of two new deep explorations to test the Ellenburger in the Pegasus area of Central-North Upton County is called for in a deal which has just been reported.

SW Midland Project Makes Show Of Gas

General American Oil Company of Texas No. 1 Peck, Southwest Midland County, west of Midland, southwest of the city of Midland, 13,900 feet to test the Ellenburger, was bottomed at 9,300 feet and was preparing to set a string of intermediate casing at that depth.

Tom Green Wildcat Gets Oil, Gas Shows

Hiawatha Oil & Gas Company No. 1 Currie, Central-Southeast Tom Green County wildcat, 15 miles southeast of San Angelo and one mile north of the town of Currie, took a brilliant test at 4,110-20 feet in the Canyon line of the Pennsylvanian.

Crockett Prospector Drills In Ellenburger

Michaux and Kidd of Houston, No. 1 C. E. Davidson, Central-East Crockett County wildcat, seven miles east of Ozona, was drilling deeper in the Ellenburger past 9,500 feet in lime.

More Navy Ships To Be 'Mothballed'

The Navy has disclosed that 35 warships, including five aircraft carriers and 42 auxiliary vessels, have been ordered put in "mothballs" by July 1 of next year.

53 Believed Dead In Air Collision

Veep Will Take Bride

Vice President Alben W. Barkley and Mrs. Carlotta S. Hadley smile as they announce their engagement at Mrs. Hadley's home in St. Louis. The wedding has been set for November 18.

Strike Agreement With Bethlehem Brings Hopes Of Ending Twin Walkouts

WASHINGTON—(P)—A welfare plan agreement that sends 80,000 striking CIO Steelworkers back to their jobs with Bethlehem Steel Corporation Tuesday buoyed government hopes for a quick end to both the steel and coal strikes.

Officials said they expect other steel firms will follow in the footsteps of Bethlehem, the nation's second largest steel producer, which signed an agreement Monday night to end the strike so far as this company was concerned.

The government officials said that now that a break has come in the steel strike, definite peace moves may be expected in coal because of the close relations of the two basic industries.

Bethlehem signed up in Cleveland Monday night with Philip Murray, president of the CIO and the striking steelworkers.

The president - making contract gives Bethlehem workers employer-paid pensions starting at \$100 a month, including the benefits they get from the government's social security system.

Six Persons Cast Absentee Ballots

Six persons had cast absentee ballots on state and county propositions to be voted on in a special election November 8.

He's Beginning To Like The Stuff

Blasts Rip U.S. Building

WASHINGTON—(P)—Fire, accompanied by a rumbling series of explosions, caused heavy damage to the \$11,000,000 Post Office Department Building Tuesday and sent hundreds of government employees fleeing to the streets.

The blaze was confined to the eighth floor. But before firemen brought it under control, they poured tons of water into the columned, limestone structure on Pennsylvania Avenue between 12th and 13th Streets Northwest.

Three firemen were taken to Emergency Hospital. They were overcome by smoke while fighting the blaze.

JayCee Christmas Program Outlined At Retailer Meet

JayCee participation in the gala event opening the Christmas shopping season here November 29 was discussed by Reagan Legg, Christmas activities chairman for the Junior Chamber of Commerce, at a meeting with Midland retailers Monday afternoon.

Legg said JayCees again this year will sponsor and stage the Santa Claus parade, which they hope will be the largest and most impressive ever held here.

Texan Promoted To Position Of Deputy REA Administrator

WASHINGTON—(P)—George Haggard, formerly of Austin, Texas, Tuesday was appointed deputy administrator of the Rural Electrification Administration.

He succeeds William J. Neal, killed last week in an automobile accident near El Paso, Texas, where he had attended an REA convention.

Victims Of Mid-Air Crash Are Identified

SAN ANTONIO—(P)—The Air Force has released the names of four fliers killed Monday when two training planes crashed in flight. They were:

NEW YORK—(AP)—Eastern Air Lines here said U. S. Rep. George J. Bates, Republican of Salem, Mass., was aboard the plane which collided with a military plane over Washington, D. C., Tuesday and crashed.

CHATHSWORTH, CALIF.—(AP)—A forest fire, racing wildly out of control, Tuesday destroyed 10 costly homes in Box Canyon near here and imperiled 350 more.

AUSTIN—(AP)—Gov. Allan Shivers Tuesday named Dr. Henry Schlichting of Midland as a member of the new State Board of Naturopathic Examiners set up by the last Legislature. His term extends to Nov. 1, 1953.

NEW YORK—(AP)—The government Tuesday asked \$1,000,000 bail for the 11 convicted Communist leaders in the event they are let out of jail while their appeals are being heard.

17 Injured In Train Wreck

Pedestrians run toward the flaming wreckage of a four-unit diesel engine of the Santa Fe Railroad's crack streamliner El Capitan after the train jumped the tracks at Azusa, Calif. Seventeen passengers and crew members were injured.

Workers Launch Community Chest Finance Campaign

The 1949 Community Chest finance campaign is on in Midland County.

It was launched on a communitywide basis following a breakfast-rally at 9 a.m. Tuesday in the Crystal Ballroom of Hotel Scharbauer.

Truman Signs High Farm Price Support Measure Into Law

WASHINGTON—(P)—The compromise farm bill of the 81st Congress became the law of the land Tuesday for at least one production season.

President Truman put his signature on the measure late Monday. He thereby tossed the so-called Aiken Law of the Republicans' 80th Congress into the wastebasket before it had a chance to go into effect.

But the new measure—which permits continuation of farm price supports at or near wartime levels—was not necessarily assured of a long term.

To the surprise of some political and farm circles, the President made no statement in connection with the signing.

The new law—like the Aiken measure—requires the government to maintain prices at support levels by removing surpluses from the market by means of government purchases or loans to producers.

Usual Hallow'een Vandalism Is Held To Minimum Here

The usual Hallow'een pranks and vandalism were held to a minimum in Midland Monday night, according to Police Chief Jack Ellington.

Trash cans were overturned, store and car windows soaped and a barricade was thrown up across one street. That was just about the extent of it, Ellington said.

More Navy Ships To Be 'Mothballed'

The Navy has disclosed that 35 warships, including five aircraft carriers and 42 auxiliary vessels, have been ordered put in "mothballs" by July 1 of next year.

Fighter Rips Into Airliner Near Capital

WASHINGTON—(P)—A Bolivian fighter plane collided in the air with an Eastern Air Lines plane near the National Airport Tuesday, plunging the airliner with its 53 passengers and crew to the ground at the Potomac River's edge, with a probable death toll of 53.

Airport police and military authorities reported 25 bodies recovered an hour later but feared the loss of life was heavier.

CIO Purge Of Red-Led Unions Due

CLEVELAND—(P)—The United Electrical Workers, spearhead of the CIO's rebellious left wing, Tuesday announced it was withholding any further dues to the CIO—a certain first step toward its ouster.

In a defiant statement accusing CIO leadership of following a "program of raising, union-busting and Red-baiting hypocrisy," UE President Albert J. Fitzgerald said the next step "is up to the CIO."

UE delegates walked off the convention floor shortly afterwards. Fitzgerald said they were going home.

There was little doubt that President Philip Murray of the CIO would accept the challenge quickly. The groundwork for removing the UE, with approximately 450,000 members, was laid by constitutional changes approved Monday night for action by the CIO convention.

Eleven other so-called left wing unions also face ouster by the CIO. The UE action came as the CIO set up machinery for firing pro-Communist officers and unions as part of its purge program.

The CIO also paved the way for boosting the per capita tax on the 4,000,000 to 6,000,000 members of the CIO from a temporary eight cents a month to a permanent dime.

That would help make up the financial loss if the three to a dozen left-wing unions facing removal action are tossed out at this week's convention.

Murray left little doubt that was his intention at the convention's opening session Monday. He said the CIO would "cleanse" itself at this convention of left-wing elements adhering to Communist policy.

Crude Oil Output Hits New Record High Since Spring

TULSA, OKLA.—(P)—The week ended October 29 saw the nation's crude oil production average more than 5,000,000 barrels daily for the first time since last Spring, the Oil and Gas Journal reported Tuesday.

The week's total average, the Journal said, was 5,005,275 barrels, an increase of 8,000 barrels over the previous week's figure.

Until then, the last previous week in which the daily average went over 5,000,000 barrels was that ended April 2, when output was 5,068,075 barrels.

Oklahoma reported the largest increase, up 4,350 barrels to 428,850 barrels.

Production was unchanged in Nebraska, 1,000 barrels; New Mexico, 128,900; Texas 2,026,200, and Utah 3,300.

★ IN HOLLYWOOD ★

There's One More Censor In Lana's Life—It's Her Husband

By ERSKINE JOHNSON NEA Staff Correspondent
HOLLYWOOD — There's a new censor in Lana Turner's life. All publicity on Lana, including releases from her studio, M-G-M, must be cleared through husband Bob Topping. Bob doesn't always see eye to eye with reporters.

Ray Milland's contract with Paramount expires within a year and Ray has given the studio an ultimatum. He'll go elsewhere unless he is given a chance to prove himself as a director.

George Burns and Gracie Allen may be back on the screen after a long absence. Columbia is talking about a Mr. and Mrs. film series based on their radio show format. Paramount will reunite Bing, Bob and Dottie LaMour in another "Road" picture. Bill Williams' switch to a sister heavy in "Fighting Man of the Plains" is the talk of the town. Says director Ed. Martin: "Bill's the best heavy to come along since Dan Duryea."

David Niven swears it's true. He received a long distance call from a Northern California theater owner. Would Niven like to fly up for a big premiere? "New theater?" asked Niven. "No."

"No picture?" "What's the premiere then?" asked Niven. The theater owner replied: "I'm unveiling my new candy counter."

Oscar prediction: "Pinky," "The Heiress" and M-G-M's "Battle Ground" will fight it out in the Academy race. The ballyhoo generation actors are going to town at M-G-M. Glenda Farrell's son, Tommy, goes into "The Duchess of Idaho." John Wayne's son, Michael, is in "You're Only Young Twice." Alan Dinehart II and General Pershing's grandson, John Pershing III, are in the same film.

When Louis Calhern signed that long-term M-G-M contract a pal sent him a cake. Inside the cake was a file and a note: "If you can't get out with this file I'll send you a rope."

Louis replied: "The only thing that keeps me here are bars of gold."

"Running of the Tide" is Edmund Gwenn's first role in a year. The Oscar-jinx? ... A college prank cost Monogram the loss of a day in production of "Bomba on Panther Island." Star Johnny Sheffield was "kidnaped" for 24 hours by UCLA fraternity pledges. They allowed him one telephone call—to advise the studio he was a captive. Kay Kyser will receive his old "College of Musical Knowledge" for a big hour TV show from New York.

Which reminds me: Floyd Jackson, who shines shoes and parks cars on the Sam Goldwyn lot, stopped all of the studio's top executives the other day and quizzed them about the future of TV. He was so curious about whether TV was here to stay that someone finally said: "Jackson, why are you so interested?"

Jackson replied: "Well, boss, I've been offered the shoe shine stand at Television Center and I don't know whether I should take it."

One After The Other Don De Fore is due for a bigger role in Paramount's sequel to "My Friend Irma." He's also up for two films at Fox. Marie Wilson, by the way, isn't the only gal in Hollywood who comes up with confusing answers. A publicity man asked model Pat Hall if she'd go east to give away kisses at the premiere of "A Kiss for Corliss." Pat replied: "Sure, but I'll have to think about it first."

Dinah Shore gets a corny plug in the new Arthur Freed musical, "On the Town." A cop says: "I just saw a dinosaur." His friend replies: "Gee, that Dinah Shore is my favorite singer."

Hollywood is talking about Director William Wyler's appeal for something besides "boy meets girl" on the screen. Says Wyler: "The greatest films could come from Hollywood if the men in control will not be frightened. We need men of courage—who will not be intimidated or coerced into making only 'safe' pictures—pictures devoid of any ideas whatsoever."

Hollywood success formula, by Jackie Gleason: "Start at the bottom and work everybody." Jimmy Stewart finally getting the official nod for the film version of "Harvey." ... That expectant father's kit sent to Bill Howard, husband of Dorothy Lamour. It included two boxes of cigars, a bottle of bicarbonate of soda, a fifth of Scotch and a pair of crepe-soled shoes for pacing up and down the hospital corridor.

Portrait Of Joe

Berliners got a vivid reminder of the propaganda spectacle staged by the Nazis in Hitler's heyday when the Communists held a huge torchlight rally to celebrate the birth of the new Red-dominated East German Republic. Besides the portrait of Stalin, pictures of German Red leaders were prominent in the parade held to stress German "unity." Floodlight beams appear to have "blinded" Joe momentarily as the picture was taken.

'We'll Have Triplets After I'm Acquitted,' Swindling Sigmund Engel Tells 'True Love'

CHICAGO—(P)—The love swindle of Sigmund (Sam) Engel was expected to be completed Tuesday before a jury of six men and six women in criminal court. The case will go to the jury after final arguments, without the 74-year-old Engel testifying in his own defense. His attorneys Monday ended their defense, except for making arguments, without calling Engel to the stand although he had expressed willingness to testify.

The aging Engel is on trial on a charge of operating a confidence game in bilking Mrs. Reseda Corrigan, 39-year-old Chicago widow, out of \$8,700.

The state, in the six-day trial, presented several other widows and divorcees who told of being swindled out of money by Engel after whirlwind courtships. Some of the women testified they married Engel, but he disappeared after the wedding ceremony.

Mrs. Corrigan testified Engel had set their wedding date—last—June 7—but he left Chicago on June 6 with her \$8,700. After he was arrested here last June 24, he returned \$3,000 to Mrs. Corrigan. Confident Of Verdict Engel expressed confidence he would be acquitted.

"I don't hope I'll be acquitted," the white-haired Engel told reporters after Monday's court session. "I know I will. The state has no case against me."

Then Engel turned to Mrs. Pauline Langton, his "true love" and "real wife," and said: "Let me hold your hand, Darling. That is the sweetest thing of all. After I'm acquitted we'll have triplets."

"Let's make it quadruplets," Mrs. Langton laughed.

Mrs. Langton, a New York widow who once claimed Engel swindled her out of \$50,000 in jewels after their marriage, was reunited with Engel after his release from jail a few weeks ago on \$35,000 bond on a half dozen confidence game charges.

CRASH VICTIM'S BODY TO BE FLOWN TO PAMPA WESTOVER AIR FORCE BASE, MASS.—(P)—The body of S/Sgt. Arthur L. Gilbreath, Pampa, Texas, killed October 13 in the crash of a bomb-laden B-50 in England, will be flown to his home town. The body arrived here Sunday night.

WASHINGTON COLUMN

Director Of Hoover Plan No. 1 Says He Must Spend To Save

By DOUGLAS LARSEN NEA Staff Correspondent

WASHINGTON—Jess Larson, the man who boldly struck out to cut \$250,000,000 worth of fat from the government's operation last Summer, now reports that you've got to spend money to save money.

The big Oklahoma rancher is in charge of government reorganization Plan No. 1. The plan is mostly the baby of the Hoover commission. And it's the commission's estimate—not Larson's—that it's supposed to save a quarter of a billion a year. Crux of the idea is to make the savings by combining all of the federal house-keeping agencies, such as the hands of records, traffic management and purchasing into one, super-efficient agency.

Congress bought the idea 100 per cent, and in line with the Hoover group's suggestion, combined into one outfit the Federal Works Agency, Bureau of Federal Supply, National Archives and War Assets Administration. These agencies mostly performed services for other federal agencies, so the name given to the combination was General Services.

With the law passed and the able Larson administering it, everybody sort of sat back to wait for the savings to roll in. After a month or two, however, Senator Byrd from Virginia, who believes that the way to end up saving is to start saving, that never has been done before. The new combine actually had added help instead of cutting, as he had expected.

That raised an important issue. Whatever Larson thought about cutting personnel when he took the job, he now contends that if General Services is going to do any saving, as per congressional instructions, it must hire a lot more people. Here's the way Larson explains it: "Need Time To Get Going."

"Saving is not going to occur as a result of our internal operation, but as a result of our supervision over the housekeeping functions of the other agencies. We are setting out to do something in the government that never has been done before. It's a brand new function so naturally we've got to increase our staff to perform it. We're like a new business that has to live on the original investment for awhile before it can show profits."

More specifically, he cites the problem of streamlining the government's method of moving property and material around the country. That's one of his assignments. Each agency has a different method of handling freight, he explains, involving widely varying rates and charges. By unifying freight handling Uncle Sam would save billions, Larson claims. "But before there can be any such unification," he says, "we've got to make careful surveys of the whole problem. It takes people to make surveys," he says, "and we have only 15 to do a job that requires 75 if it is to be done right."

And in trying to help the other agencies save, by showing them how to streamline their traffic handling, it's not possible to borrow their traffic personnel, Larson says. "While we are studying ways of improving their methods, they've got to con-

tinue as usual and need all the personnel they have," he explains. Practically the only compulsion he has on other branches of the government is in the matter of purchasing. General Services must buy for all the other agencies, except the military services. Biggest problem here, Larson has discovered, is getting the agencies to cut down on the stocks of such things as office supplies. It was discovered that one bureau had purchased enough carbon paper to last 75 years. Another had bought enough paper clips to last the whole government 10 years.

A major plan under consideration is to have the military agencies buy all the medical supplies for Veterans Administration and Public Health hospitals. The military buys so much of this item, it is a simple matter for it to buy a little more for the government's civilian hospitals and clinics. Centralized purchasing of motor vehicles is another function which might be turned over to the defense for economy's sake. The Department of Defense has a good measure of unified purchasing and Larson reasons that the whole government might just as well take advantage of it.

Larson is by no means pessimistic on the chances of his new organization eventually saving money. He even goes so far as to say that the Hoover Commission's estimate of \$250,000,000 is low. However, he thinks it won't be much before 1952 before real savings show. As he puts it: "You've got to spend money to save money in this operation."

Veteran Pilot Averts Accident; Suffers Fatal Heart Attack

INDIANAPOLIS—(P)—Test Pilot James L. Youngmans sprinted 500 yards across an airport runway Monday and averted a possible accident—then died of a heart attack a short time later.

The 34-year-old senior jet test pilot for Allison Division of General Motors noticed another jet pilot ready for a takeoff across the field. The steps on the plane had not been retracted.

Youngmans ran across the field and halted the takeoff. Airport attendants said a serious accident could have resulted if the plane had been taken up.

The veteran pilot, a native of Cincinnati, complained of being short-winded after the incident. He died shortly after he arrived home. The widow and two children survive.

ONE, TWO, THREE—NEXT? JERSEY CITY, N. J.—(P)—Mrs. Ann Podoborski had her first child, Ann, 10 years ago. Two years later she had twins, Jeffrey and Johanna, now eight. Monday she presented her proud husband, Sigmund, with triplets, all boys.

Ecuadorians Start Appreciation Fight

WASHINGTON—(P)—Ten civilian pilots from Ecuador in five planes took off Monday on a historic appreciation flight expected to touch every Latin American nation that helped Ecuador after its earthquake tragedy.

The schedule, highly flexible and depending upon weather conditions, will carry the planes from New Orleans to Texas, where the Ecuadorians will visit Houston, Corpus Christi and Brownsville.

Average Drunk Gets Average Rap LONG BEACH, CALIF.—(P)—Twenty-five bottles of beer is just "average drinking" to Rex Torbert, 56. He pleaded guilty Monday to a drunkenness charge before Municipal Judge Harry F. Keeler. "How many drinks did you have?" asked the judge. "Twenty-five bottles of beer," replied Torbert, "but your honor, that was over a 12 hour period—just average drinking." "Then I'll give you an average fine of a dollar a bottle," Torbert, unable to pay the fine, went to jail for five days—an average stay.

Gridders Give Blood To Lukemia Victim NEW YORK—(P)—A mass blood donation—arranged by an amateur football team of war veterans—was given Monday for a four-year-old girl. The girl, Randy Farbman of Brooklyn, has leukemia and needs repeated transfusions. The Bay Ridge Rocketeers team heard about her condition and arranged with a blood center for a donation of 40 pints of blood by members of the team and their friends.

Farmer Amputates Own Hand After Machine Accident NEW CASTLE, IND.—(P)—Charles Rothrock, 65-year-old farmer amputated his own right hand with a pocket knife after it became caught in a corn picking machine Monday. Rothrock's wife lost both her legs in the same corn picker in 1942. Rothrock, after freeing himself, ran a quarter of a mile to the home of a brother and was taken to a hospital. His condition was reported fair. Rothrock's wife, Clara, was pulled into the machine seven years ago when her stacks caught in its blades. Both her legs were amputated. After her husband had been taken to the hospital, Mrs. Rothrock said: "Lots of people have worse luck than we do." Advertise or be forgotten.

## Two Tones Make Prettier Lips

Using a technique borrowed from portrait painters, this girl creates a lovelier mouth by first making an outline of deep-toned lipstick (above) then filling in with a lighter shade of red (right).

By ALICIA HART  
NEA Staff Writer

Using a technique borrowed from portrait painters, a girl can "paint" on a more natural, rounded lip line.

Hodges Returning From Eastern Trip

Attendance at a board meeting of the General Federation of Women's Clubs, the New York Herald-Tribune's Forum on "What Kind of Government Ahead?" some Broadway plays and a stop in Washington, D. C. for a brief look at governmental bodies in session and visit with Texas lawmakers, have been high spots of a trip eastward by Mrs. J. Howard Hodges.

Mr. and Mrs. Hodges made the trip a vacation combined with Mrs. Hodges' attendance at the club board meeting preceding her scheduled election later this month as president of the Texas Federation of Women's Clubs. They are enroute home this week.

In a note mailed from New York just before they left that city, Mrs. Hodges says she has absorbed "material for half a dozen speeches" in her visits to the Forum where such noted Americans as Dwight D. Eisenhower, Franklin D. Roosevelt, Jr., Henry Cabot Lodge, Jr., Margaret Chase Smith, John Foster Dulles, Dr. Althea K. Hotel and Dorothy Fostick shared the discussion with Madame V. L. Pandit, Indian ambassador, and her brother, Jawaharlal Nehru, prime minister of India.

She mentioned also that she and Hodges were to see "South Pacific" on their last night in New York. They made the trip with Hodges' brother and his wife from Abilene.

with two different lipstick shades. Just as artists use darker outlines and lighter highlights painted inside of these when they want to create a lovelier mouth for portrait subjects, make-up artists can do as much for themselves with a new set of tools.

These include two lipsticks, each one of a different but harmonizing shade of red. One lipstick shade is used only to outline and shape the lips. The other is used to fill in the rest of the mouth with the other shade.

The two lipsticks, packaged together, come in cases specially designed for these needs of application. The darker, more vivid lipstick which is sharply pointed swivels out of a long slim case so as to be handled as a drawing pencil for sketching outlines. The brighter, lighter lipstick comes shaped in a shorter case with rouge more bluntly pointed, so that filling in from the outline with highlight color is made simpler.

After outline and color are applied, lips are blotted with tissue. This process is repeated if tone-on-tone effect is not distinct.

Spanish Study Group Postpones Meeting

An American Association of University Women Conversational Spanish Group, which had been scheduled to meet for the first time at 2 p.m. Thursday in the home of Mrs. R. F. Carroll, has postponed this meeting.

The first meeting will be held at 10 a.m. November 15, in the home of Mrs. L. C. Thomas, 1607 West Texas Street.

Rulers of Ethiopia claim to trace their descent back to King Solomon.

## Home Demonstration Council Will Elect New Officers Friday

Election of 1950 officers, postponed from last month, will be the chief business in the Midland County Home Demonstration Council meeting at 2 p.m. Friday, Mrs. B. L. Mason, chairman, announces. The meeting will be in the assembly room on the third floor of the courthouse.

The November meeting is being held on the first Friday instead of the customary second Friday because of the Armistice Day holiday next week.

Annual reports of council officers, committee chairmen and presidents of the various clubs will be made at this meeting, the last regular business session of 1949. The December session will be devoted to installation of new officers and a Christmas program.

Mrs. Mason asks that all council members bring their yearbooks and song books to the meeting Friday.

## Halloween Program Presented In School

Fortune telling by an old witch, a play and a song program made up the Midland Latin American School's Halloween program which was presented Monday afternoon in the school.

The play was "The Scarecrow Finds Out About Halloween" and was given by the third, fourth and fifth graders with the first and second graders as their guests.

The children made all stage properties as well as their costumes. Manuel Munoz was the scarecrow, Faustina Rameriz the first witch, Odilia Vasquez the second witch, Maria Ortiz the third witch and Mary Jane Cardoza the owl. Josephine Nunez was the black cat and Jack O'lanterns were Juan Sanchez, Guadalupe Saudate, Esperanza Sanchez, Ernestina Rameriz, Angelina Lopez, Maria Maldonado, Joe Bernard, Carlos Hernandez, Mary Elisa Ochoa, Elvira Menchaca and Beatriz Costilla.

All grades participated in the song program and songs were "The Ugly Old Witch," "Let's Make a Halloween Pumpkin," "Jack O' Lantern Man," "Oh, See the Moon," "It's Only Halloween" and "Old Black Joe."

All the children had their fortunes told by an old witch sitting by a cauldron of fire. Halloween games were played in each room after the program.

Circles Of Calvary Baptist WMU Study

The Calvary Baptist Woman's Missionary Union met in circles Monday for Bible Study.

Mrs. Luther Martin gave the lesson for the Katie and Alvin Hatton Circle in the home of Mrs. Elvys Barber. Others attending were Mrs. J. D. Robbins, Mrs. W. G. Flournoy, Mrs. Flora Harding, Mrs. Sarah Thornton and Paula Mae Flournoy.

Mrs. Hoyt Burris was hostess to the Gene Newton Circle and Mrs. J. C. Crow gave the study lesson. Mrs. L. P. Mitchell, Mrs. L. C. Conner, Mrs. A. E. Bowman and Mrs. George Griffin attended.

## French Heels Club To Sponsor Benefit Square Dance Party

The second benefit entertainment sponsored by the French Heels Club for the Midland Youth Center and open to the public will be a square dance jamboree Wednesday night in the American Legion Hall. It follows a successful barbecue-dance given by the club last Spring for the same purpose.

Members of the club, of which Shirley Culbertson is president, are selling tickets for the dance. Tickets will be on sale at the door also.

Dancing will be to the music of the Men of the West, string band from Odessa, and Mrs. E. W. Halfast of Midland will be the caller. Guest callers have been invited from other cities of the Permian Basin to assist her.

All square dancers are invited to the party, and invitations have been sent to square dance clubs and groups which meet regularly.

## ESA Members To District Office

Five members of the Epsilon Sigma Alpha Sorority in Midland attended a meeting in San Angelo Sunday to form a district organization, and two of the group were elected to district offices. Jo Moffett was named treasurer and Beverly Layman historian.

The district organization was set up after the recent division of Texas into seven districts for the sorority. Members from Sweetwater, Brady, Brownwood, Fort Stockton and Odessa as well as the San Angelo and Midland members attended the organization luncheon and business meeting.

Nelda Hunt of Brownwood was elected president; Jautie Lee Golden of Brady, vice president; Margaret McMahon of Brownwood, corresponding secretary; Virginia Beck of Odessa, recording secretary. Ann Perry of Odessa, reporter, and Kathryn Allison of Sweetwater, parliamentarian.

Anne Tolbert, president of the Midland chapter, Barbara Huyck and Joyce Crawford went from Midland with the two who were named to office.

## Party Entertains Calvary Sunbeams

The Calvary Baptist Sunbeams had a Halloween party Monday and played games and sang Halloween songs.

Attending were Bennie Booth, Sandra Griffin, Betsy Griffin, Claudia St. John, Glenda St. John, J. D. Robbins, Jr., Mildred Robbins, Frankie Conner, Lyndell Conner, Cynthia Conner, Douglas Hamlin, Dean Mitchell, Sarah Gross, Wayne Martin, Metha Fay Martin and Mrs. Claude St. John and Mrs. L. C. Conner.

## ANN UPHAM NAMED SOCIETY PRESIDENT

PERMIA—Anne Upham of Midland will serve this year as president of Junior Scholarship at Mary Hardin-Baylor College. The Junior Scholarship Society is open to members of the freshman and sophomore classes who have achieved honor in scholarship.

The daughter of Mr. and Mrs. W. R. Upham of 222 North Weatherford Street, Midland, Miss Upham is a sophomore home economics student at Mary Hardin-Baylor.

## FRANCE GETS LOAN

PARIS—France has been granted a five-year, \$75,000,000 loan by the Chase National Bank and the Guaranty Trust Company, two New York banks, the Finance Ministry said Tuesday.

SUE COLEMAN, Editor

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, NOV. 1, 1949-3

## Church Women's Council Elects Mrs. Shriver To Head Officers

Mrs. P. N. Shriver was elected president of the Midland Council of Church Women for 1950, succeeding Mrs. L. G. Byerley, at the final 1949 meeting of the organization Monday afternoon. Women of the Asbury Methodist Church were hostesses in their recently-remodeled church building.

Other officers elected include Mrs.

Willard Bumpass, secretary; Mrs. Bernice Stevens, treasurer; and Mrs. Ralph Oberholtzer, reporter. All returned to offices they held this year: Mrs. Joe Birdwell, federation counselor; and Mrs. J. M. Ratcliff, Mrs. A. P. Shirey, Mrs. J. O. Hyde, Mrs. Edgar Tanner and Mrs. Wayne Mathews, vice presidents.

Mrs. J. Clifford Hall made the report of the nominating committee, which included Mrs. John FitzGerald, Mrs. Paul McHargue, Mrs. Tanner and Mrs. O. M. Luton.

Annual reports were made on council work, showing that approximately \$400 has been disbursed this year.

Dedication of 62 gift packages to be sent overseas in a World Council of Churches project, "Pieces for Peace," was a part of the program. A cash offering was also made for this project, a part of the observance of the Community Day.

Mrs. J. O. Hyde was project chairman.

Mrs. Ed Pierce was program chairman and Mrs. Theo Ferguson directed the presentation of the program on the subject, "Peace Is Possible." A skit was given by Mrs. C. O. Puckett, Mrs. R. B. Lambert, Mrs. David Smith, Mrs. Preston Pirtle, Mrs. Ratcliff, Mrs. F. A. Forrest, Mrs. J. G. Chauncey, Mrs. Delbert Downing and the Rev. R. J. Snell, pastor of the Trinity Episcopal Church.

The Rev. J. Lennel Hester, pastor of the Asbury Church, was the speaker on "Three Ways to Peace," and prayers were by the Rev. R. Matthew Lynn, pastor of the First Presbyterian Church, and the Rev. Jackson Fielder, associate pastor of the First Methodist Church.

Women of all those churches and of the First Christian Church participated in the meeting.

## Children's Theater Plans To Present Play In December

Children's Theater members of the Midland Community Theater are rehearsing for the presentation of a play, "The Return of Rip Van Winkle," in mid-December.

The show season has brought a change in the organization of the Children's Theater, which is working in three age groups as before. Times of meeting have been changed, and there is a weekly session in play production for all the groups together.

Children of the first three public school grades meet each Monday afternoon for an hour; those from grades four through seven meet on Wednesdays and eighth grade and high school students who form the Junior Theater meet on Fridays.

Saturday sessions, from 9:30 to 11:30 a.m., are for all three groups. Those members who are in the cast of a play will rehearse; others will work on sets, costumes, house management and lighting, with every child having some part of the production to carry out.

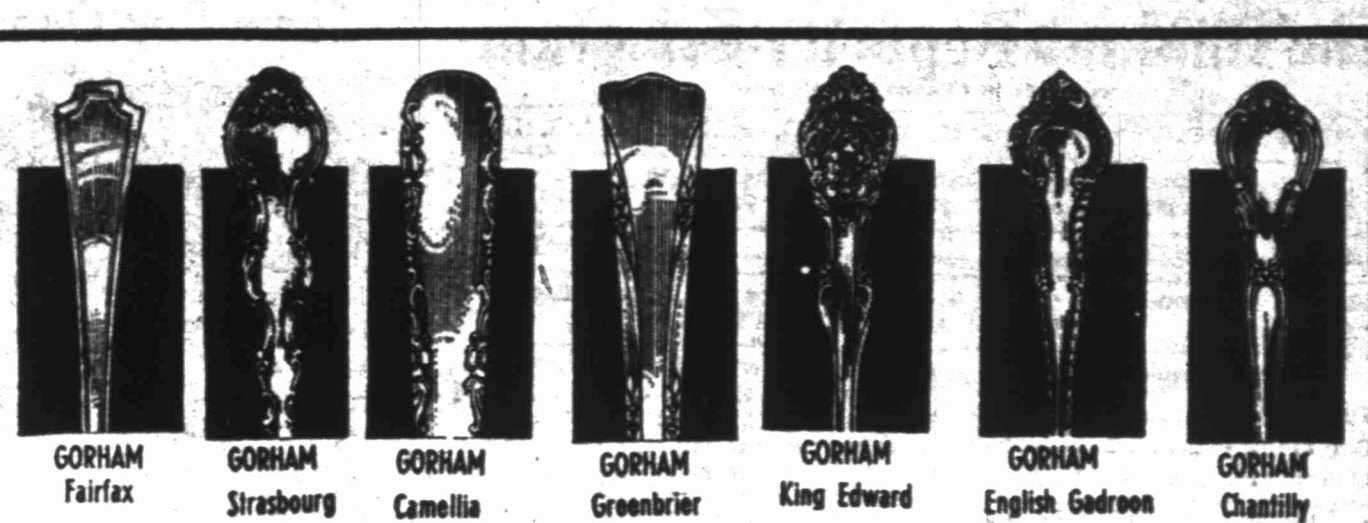

The Saturday classes will continue through the year, devoted entirely to play production, while the week-day classes will be spent in teaching stage technique. Art Cole, director of the Community Theater, teaches speech, stagecraft, acting and makeup.

Enrollment in the Children's Theater is a privilege that goes to children of Community Theater members. With a regular membership price of \$15, the holder receives his admission tickets and also the privilege of enrolling one or two children in the Children's Theater. Patron and sponsor memberships give enrollment privileges to three or more children.

Information concerning the Children's Theater may be obtained from Cole, at the Community Theater.

## Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing. How quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugstore and ask for four ounces of liquid Barcenate. Pour this into a pint bottle and add enough grapefruit juice to fill both. Then take two tablespoonfuls twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves, if measurable pounds and inches of excess fat seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

10 pounds lost in 10 days

Mrs. M. C. Britton, 306 W. Wildwood, San Antonio, Texas, writes us as follows: "I am a faithful user of Barcenate. I had dined for weeks without your product and needed so badly to lose 10 pounds, so I started using Barcenate and my worry was over for I lost the 10 pounds in 10 days. Now weigh 100 pounds."

"I eat most anything I want and hold my same weight."

And they came to a place which was named Gethsemane; and he saith to his disciples, Sit ye here, while I shall pray.—Mark 14:32.

CIO Has Tough Problem

Last May the CIO ordered the pro-Communist Farm Equipment Workers Union to merge with the powerful but non-leftist United Auto Workers. The objective was to crush the equipment union's red-tinged leadership.

The FEW refused, however, to obey the CIO edict. Now it has carried defiance a step further by merging instead with the United Electrical, Radio and Machine Workers, generally recognized as the most strongly leftist major union in the country.

According to reports, Grant Oakes, president of the farm tool union, will gain a seat on the UEW's executive board, a prize he never could have hoped for in a merger with the UAW under Walter Reuther's leadership.

This move makes it a foregone conclusion that the CIO, in its coming convention in Cleveland, will revoke the charter of the defiant union. The rebels undoubtedly took that prospect into account from the start.

But, unfortunately for the FEW, it is not necessarily safe within the UEW fold. The CIO long since has served notice on the electrical union and 10 others led either by Communists or Communist sympathizers that they, too, face suspension unless they purge themselves of present leadership.

The electrical workers and some others apparently intend to fight out from the CIO. We can't imagine at this stage of the battle how they can stay in the parent organization without bowing to its orders.

If they show signs of ridding themselves of the Communist taint, the CIO should be certain that the actions are more than surface maneuvers which actually would leave their leftist character unchanged.

But if they maintain open defiance these leftists should be thrown out on their own. They don't deserve the shelter of the CIO. They should be thrust into an isolated status where they can be seen clearly for what they are.

Dealing with the Communists and their sympathizers never has been an easy problem for the CIO. The unions led by these elements add measurably to the CIO's numerical strength. It is perfectly natural the organization should be reluctant to yield the weight these numbers represent in national influence.

But the CIO finally made its hard choice: Get rid of Communist leadership or get out. It now must stick by that decision. The sooner the ouster or genuine reform of these unions comes, the sooner will the American labor movement be free of the most menacing contagion that ever sapped its strength.

Arguing over who should put the car in the garage, an Ohio woman shot her husband. Another reason for a speedy solution of the parking problem.

Black eyes are possessed by the clever, witty person, says a writer. Or by the fellow who is slow at ducking.

Some Day One Of Them Will Lean Over Too Far

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

Drew Pearson says: Navy's watchdog unit saves taxpayers thousands of dollars; Truman takes his waistline seriously; Representative Lynch tells big insurance companies their "honeymoon is over."

WASHINGTON — While certain admirals were attracting the national spotlight with broadsides of criticism on Capitol Hill, another Navy unit patriotically was relieving thousands of dollars for the taxpayers without attracting any attention at all.

This unspectacular nose-to-the-grandstand outfit was the Pittsburgh office of the supervising inspector of Naval Material. With headaches instead of headlines for a reward, this watchdog unit went through Navy contracts looking for bugs. As a result, enough bugs were combed out of the Navy's contract with the Canonsburg Steel and Iron Company to reverse the company's claim for \$1,346,306. Instead of paying Canonsburg, the Navy collected \$574,157.

In another case, the admirals had gloated over purchasing \$1,131,188 worth of material from the Cooper-Bessemer Corporation at the bargain scrap price of \$63.25. The watchdog unit discovered, however, that this wasn't such a bargain after all. For, believe it or not, the Navy had bought its own material, already paid for by the Navy.

But, thanks again to the watchdog unit, Westinghouse Electric Corporation was ordered to shell out an additional \$18,724 for equipment which it had bought from the Navy for two per cent of the original cost. The Navy unit also cracked down on the company owned by Felix Meista, U. S. minister to Luxembourg and famed dinner hostess to President Truman. The Meista Machine Company had tried to charge the Navy \$36,000 for maintaining a Navy plant, but the watchdog unit took exception to a few items, including 100 per cent overhead, and cut the bill down to \$22,400.

When the Bureau of Yards and Docks tried to give away a Navy building erected on the property of the National Tube Company, the watchdog unit stepped in and finally sold the building for \$24,800.

In another instance, Navy-owned electric furnaces and industrial equipment were lying idle. So the watchdog unit got busy and leased this equipment to the Allegheny Ludlum Steel Corporation for \$709,000.

Another company, the Elliott Company tried to buy a Navy office building for \$38,100. Just as the contract was about to be signed, the watchdog unit moved in with its inspectors and adding machines. As a result of a more careful appraisal, Elliott company had to pay \$60,725.

Note—The man in charge of the Navy unit which is doing such a good job of saving the taxpayers' money is Capt. M. C. Barrett. His chief assistants are Omdra. P. Page and J. K. Kennedy.

Truman's Waistline — Though the President jokes about his expanding waistline, actually he watches his diet carefully. The other day at lunch, Truman ate two pieces of home-cured country ham—an unusually large portion of meat for him. The dessert was ice cream and chocolate cake. Looking at the cake wistfully, Truman turned timidly to Gen. Wallace Graham, White House physician, and asked: "Doc, can I have a piece of that good chocolate cake?"

"No, sir," replied Dr. Graham sternly, "you can't Mr. President."

"That's all I wanted to hear," reported the President as he boldly reached for a big piece of cake. "I'll see you at 5 o'clock," warned the White House physician, referring to the President's exercise period.

Truman started talking to his guest, Senator McFarland, ate a few crumbs of the delicious cake. Despite his braggadocio, he took Graham's warning seriously. Big Tax Leapfrog — Congressman Walter Lynch of New York blithely informed the big

life insurance companies at a closed door session of a Ways and Means subcommittee last week that the gravy train they have been riding the last three years had reached the end of the line. A loophole in the tax laws, enabling the companies to escape billions of dollars of income taxes, is going to be closed.

McKenney on Bridge

By WILLIAM E. MCKENNEY America's Card Authority Written for NEA Service

This is the second of a series of articles I have taken from Fred L. Karkin's new book, "Point-Count System of Bidding in Contract Bridge."

This set of articles deals entirely with the ace and king showing responses to an opening bid of two in a suit. I outlined the seven different responses in Monday's article.

Whenever you hold two kings and your partner has opened the auction with a two-bid in a suit, immediately jump to three no trump. Opener then will know exactly what you have (not just

Bridge hand diagram showing cards in each suit and a bidding sequence.

a "trick plus" or "two tricks"), and he can determine easily where the hand shall play. On the above hand, when the three no trump response was made, opener knew that his only loser would be the ace of spades. He promptly contracted for a small slam in no trump. (Responder's bid of three no trump denied the ace of spades. Had he held this card his first duty would have been to show the ace.)

Had this hand been bid in orthodox fashion, responder undoubtedly would have bid his diamond suit, and the small slam probably would not have been reached. The opener would have been afraid that he would lose the first two tricks.

When you hold three kings opposite partner's opening two-bid jump to three no trump then bid four no trump on your rebid.

Opener Responder: A K 6 3, Q J 10 7, 10 3, 10 3

Bidding: 2 4, 4 (b), 7 N.T. (d), Pass

(a) Showing two kings. (b) Opener names his second suit. (c) Showing the third king. (d) 13 tricks can be counted.

So they say

What is needed is a hard-headed realization of the fact that we have to raise the world's standard of living if we are to preserve our own. —Rep. Walter J. Judd (R), Minnesota.

It's the most dangerous gun there is. —Confederate Veteran Thomas A. Riddle, 103, on the atom bomb.

Above all else we want to keep the United States prosperous and strong because we know that our prosperity is the best guarantee of peace. —President Truman.

It is better to have no control of the atom than an ineffective control which would set up a Maginot line behind which civilization would rest in a false security. —Chairman Brian McMahon (D), Connecticut, Atomic Energy Commission

THE DOCTOR SAYS High Blood Pressure Is Being Investigated Along Diet Lines

By EDWIN F. JORDAN, M. D. Written for NEA Service

The battle against high blood pressure or hypertension is going on all the time. Of course, it would be ideal if hypertension could be prevented. This, however, is not immediately in sight.

Among the measures of treatment which now are receiving concentrated study in many parts of the country is treatment by diet. Actually, it was known about the beginning of this century that a diet which contained small amounts of salt was helpful in many cases of high blood pressure.

One group of workers has found that the blood pressure of rats with experimentally produced hypertension could be lowered when they were given diets which were low in one part of salt. (The chemical name for salt is sodium chloride and the portion which they took out was the sodium.)

Such studies as these may explain the good results which have been reported for high blood pressure, such as the rice diet. It seems likely that when good results actually have occurred from such special diets it may be because of the low amount of protein and low amount of so-

THE DOCTOR ANSWERS

By EDWIN F. JORDAN, M. D.

QUESTION: Is timidity a nervous condition or a mental ailment? Is there any medical remedy for timidity? ANSWER: So far as I know, timidity is a state of mind. Practically all people are more or less timid sometimes. There is no medical remedy but many people largely have conquered the serious aspects of timidity merely by using their will power.

QUESTION: What is another title for the Book of Revelation? ANSWER: A Greek word meaning revealing frequently is given the last book of the New Testament, believed to have been written by John.

QUESTION: Are there any Trappist Orders of Monks in America? ANSWER: There are seven North American Trappist foundations for monks. The oldest is at Gethsemane, outside Louisville, Ky.

QUESTION: How large was the Conestoga wagon? ANSWER: The Conestoga wagon used in the United States covered-wagon days was 16 feet long and its wheels were as high as a man.

METEOR REPORTED

FORT WORTH — An astronomer Oscar Monning said he saw a fairly bright meteor about 6:10 p.m. Monday. He said it probably could be seen by Tyler, Paris, Texarkana and Shreveport.

There are approximately 64,000 blind persons in the United States

The CAMEO By Virginia Teale Copyright, 1949, NEA SERVICE, INC.

THE STORY: Martin Falter, one of the celebrities of the Hollywood, Calif. art colony, appears at the Three Wishes Gift Shop, operated by Hagar Blair, with a cameo cameo. Hagar, a collector of cameos, knows it is rare and valuable. As she examines it, her youthful assistant, Stephanie Smith, appears. At the sight of the cameo, she drops a vase. Hagar continues her examination of the cameo.

"YOUR common sense should tell you that any collector worth his salt would recognize a piece like this one. The only thing I don't know about it is how you happen to have it."

"Suspicion is unbecoming even to attractive women, my dear Hagar!" He bowed as she jerked indignantly. "I'll say once again that I came by it honestly. And now, the main point: I have it and you want it. I happen to know that you have sufficient means to meet my price, provided you're well-known — ah — prudence in money matters doesn't overcome your collector's mania."

Hagar stood tense, her eyes yearning. One fist was pressed tightly up under her nose, the pressure warping her angular face into gargoyle outlines. Falter ceremoniously returned the cameo to its box and offered it to Hagar. She shook her head: "Hah. The old brush salesman trick. Tell me first how much?"

"I suppose I should ask \$15,000. But, to you only, I'll say \$12,000." She stamped her feet. "You know darned well I can't afford any such price!"

He raised his eyebrows: "For what is probably the rarest cameo on the market? For the piece that would make your collection almost priceless? For the finest carnelian carving ever to come out of Italy?"

"Since when are you become an authority on cameos?" He blew a plume of smoke toward the ceiling: "One learns what one may find profitable. I could tell you even more about this pin. About how it figured in Napoleon's war with Russia, how it was used as a pawn for freedom by a Russian archduke. And about how, finally, it got back into the Russian crown jewels and was even a brooch to this country and sold to provide bread for an exiled duchess."

"You've boned up well, Falter. But, since I'm positive you didn't give the bread to the duchess, I still question where you got hold of the pin. I haven't got \$12,000, or even \$10,000 to buy it. She brushed her palms together with brisk finality: "You can take the pin and go up the street and sell it for \$12,000! I've got an inventory to finish."

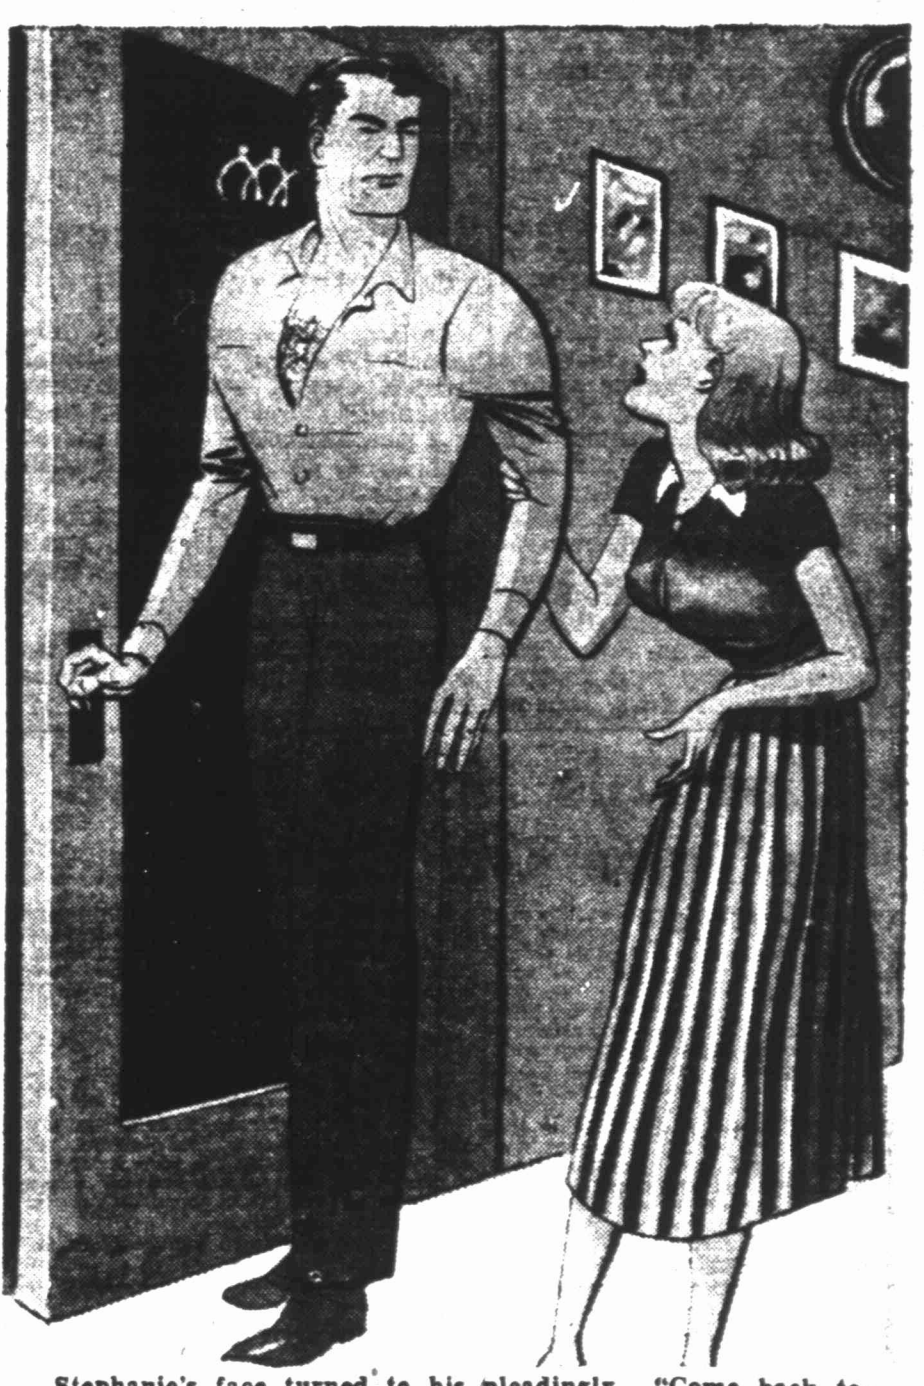

Falter shrugged, looked at the silver box regretfully and slipped it into his pocket: "It seems I overestimated your good taste, Hagar, and underestimated your parsimony. Well, perhaps someday you may be able to feast your eyes on this cameo again—through the glass of some other collector's case."

As he sauntered toward the door, Stephanie dashed forward and pulled at his sleeve: "No! Wait!"

Stephanie's face was turned up to his pleadingly. Her right hand hugged impudently at his left elbow as she spoke: "Come back tomorrow, Mr. Falter, and bring the pin. Will you, please?"

He patted her shoulder. "I may stop in again—if I'm in the neighborhood."

He went out, closed the door quietly and walked away from the shop without a backward glance at the two staring women. Hagar confronted Stephanie: "And what may I ask, was the meaning of all that?"

Stephanie's face turned to his pleadingly. "Come back tomorrow, Mr. Falter, will you?"

back, startled, at the surface fire in the blue eyes. "Hagar, Hagar, you must buy the cameo locket. You must!"

Hagar laughed nervously. "At that price? What's come over you, girl? I can't afford the thing, and that's final."

Halfway to the back room, she stopped and pivoted slowly to face Stephanie: "Why did you call it a locket? It's a pin. A brooch."

Stephanie was staring into space, she shook her head: "No. It's a locket. And you must buy it, Hagar. No matter what it costs, we must get it away from Martin Falter."

MARTIN FALTER made his way down the town's main thoroughfare. He passed a small building whose facade consisted of a blue door and a wide window in which a ceramic urn was displayed on a drape of tapestry—this was the studio of Neil and Tom O'Neill, art potters and people-about-town.

Somewhere behind it, probably, were the buxom and impulsive alternate preoccupation with his clay and his bottle left Neil feeling neglected and receptive to sympathy and attention from a discreet and personable friend.

A sign farther up the street was Martin's goal today and he hurried toward it. He glanced up at the narrow platform jutting out over the top of the doorway—on the platform rested a weathered spinning wheel. He rattled the knocker impatiently.

Quick footsteps sounded on the bare floor inside. A small Judas window in the top section of the door was opened cautiously. A key turned in the lock and the door swung wide.

"Martin! I was afraid it was some more of those sightseers the art gallery sends down. I had four here yesterday. The next time they come I'm going to pretend I'm a Japanese houseboy and nobody else is at home. Come in, won't you?"

Questions and Answers

Q—Why are the riders in horse races called jockeys? A—Jockey is the diminutive of the name Jack, Scotch form of Jack. As riders usually were boys, the diminutive was applied to them.

Q—How does the depth of the present-day oil wells compare with those of 20 years ago? A—Twenty years ago a 9000-foot well was considered an epic achievement. The first 15,000-foot well was drilled in 1928. Since World War II, four wells in succession have set new records below that depth, and a test in Wyoming, not yet completed, is now below the 20,000-foot mark.

Q—What is another title for the Book of Revelation? A—Apocalypse, a Greek word meaning revealing, frequently is given the last book of the New Testament, believed to have been written by John.

Q—Are there any Trappist Orders of Monks in America? A—There are seven North American Trappist foundations for monks. The oldest is at Gethsemane, outside Louisville, Ky.

Q—How large was the Conestoga wagon? A—The Conestoga wagon used in the United States covered-wagon days was 16 feet long and its wheels were as high as a man.

### Three Children Die When Home Burns

RAY CITY — Three small children burned to death Monday when fire swept their home. Dead were Jimmie Silva, 3, Robbie, 2, and their baby sister, La Verne.

Mrs. Sylvester J. Silva said the fire broke out while she had gone next door to make a telephone call. She said she was attracted by smoke and returned home, but found she apparently had locked the front door on leaving. She had been gone about five minutes.

An unidentified motorist stopped and broke through the door, but was driven back by flames.

Fire Chief Fred Friday said origin of the fire had not been determined.

Any airplane can be stalled by climbing as an airplane does for the horsepower of its motor.

DR. C. L. BRADY  
Palmer Graduate

#### Case No. 172

Man, age 61, had been suffering with his back since he was nearly crushed in an accident in 1915. His back gave him severe pain, was weak and ached. It was necessary for him to go to bed at times. He had tried other means of relief with no results.

He entered Brady Chiropractic Clinic September 14, 1948.

Six months later, after complete Chiropractic care, he said, "I feel wonderful! I don't worry about my back at all now!"

If you have any health problems, an interview with Dr. Brady may lead to a solution of these problems. There is no charge for consultation. Call 1256 for an appointment.

### Costumes Have History

The Wayland International Choir, which will sing here November 3, has costumes from all over the world, many with interesting histories. The Mandarin gown Peter Chen is wearing is about 100 years old and was brought to this country by Dr. Mary Anderson, head of the Wayland Education Department and a missionary in China for many years. The girl is wearing a brocaded Chinese wedding dress which Arch McMillan and Hugh Davis received from China. The blouse and the skirt, which announces itself with bells around the hem, were found separately in China and finally came together in the choir. The program in Midland will begin at 8 p.m. in the Junior High School Auditorium and is being sponsored by the Junior High Girls' Choir.

### Gulf Longshoremen Cancel Strike Plans

GALVESTON — Longshoremen at West Gulf Coast ports early Tuesday accepted a seven-cent hourly contribution to a union benefit fund and wiped out plans to strike.

Acceptance of the employers' offer came 44 minutes after the AFL union members had set a deadline for a strike from Lake Charles, La., to Brownsville, Texas.

Its length of 1660 miles ranks the Nelson River as the 28th largest in the world.

### University Museum Plans To Take Lead In Developing Area

CARBONDALE, ILL. — The Southern Illinois University Museum is preparing to take the leadership in developing the almost virgin territory of Southern Illinois archaeology, it was reported here.

Irvin Peitman, whom the museum recently appointed as curator of archaeology and John W. Allen, acting director of the museum, have worked out a comprehensive program. Peitman's first excavation project will be started soon.

A collection of 1,500 Southern Illinois Indian artifacts, which has been on loan to the museum from Peitman for several years and was recently purchased by the university, will be used as the nucleus for an assemblage of prehistoric materials for research and exhibit.

To Give Suggestions  
The museum plans to give amateurs suggestions of sites where "hunting may be done with reasonable hopes of reward," Allen said, "and to advise them on methods and what to collect."

Peitman, who for 20 years has been digging up Indian artifacts as a hobby, proved the presence of the Hopewell Indian civilization in Jackson County, Ill., by comparing some of his finds in this region with known Hopewellian items found in other sections of the country. He worked as a field man with the expeditions carried out by the University of Chicago and Southern Illinois University in 1938 and 1939.

Now he will turn his former hobby into a full-time vocation. In winter he will spend his time in laboratory work in the museum, identifying, evaluating, classifying and repairing artifacts and arranging displays.

He will take pictures of museum artifacts and other materials and of area subjects such as historic buildings and sites, scenic spots and plants. Microfilming may be used for some of the work.

He will take pictures of museum artifacts and other materials and of area subjects such as historic buildings and sites, scenic spots and plants. Microfilming may be used for some of the work.

### Moslems Launch New Java State

TASIKMALAJA, JAVA — Moslems in Western Java have set up a state of their own. They control much of an area of about 1,000 square miles and are believed to be expanding. They say they will fight both the Republican and the Dutch governments. Their enemies say they sponsor a reign of terror.

The new state was announced by S. M. Kartosuwirjo, its president. In the fighting between the Republicans and the Dutch, Moslem fighters were said to have attacked the Republicans. A story is that hundreds of Republican fighters were poisoned in one instance.

The Dutch and Republican forces are believed to be too weak at present to mount an offensive against Kartosuwirjo's men.

### Give . . . Give Enough—Midland Boy Scouts Share In Community Chest Funds

By NITA BARTON  
Although he may never have been a "tenderfoot," and he may not know the fundamentals of the Boy Scout program, the average person does know the value of Scouting to a boy and to the community.

Regardless of race, color, creed, or class, every effort is made to offer Scout training for character building and citizenship to all boys in Midland.

The only funds received in Midland for the support of the Scouts, other than registration fees, come from the Community Chest, according to F. V. Thorson, executive of the Buffalo Trail Council, Boy Scouts of America.

Thorson said the Boy Scout allocation of Community Chest funds for 1950 is \$13,500. Other agencies sharing in the fund are Girl Scouts, Youth Center, Goodfellows, USO, and Salvation Army. The Chest goal is \$32,000.

Budget Allocation  
Funds received by the Scouts will be spread over their entire budget and used for service to 17 local units, organization and extension, camping and activities, training leaders, maintaining the council office, administration of the volunteer program, health and safety service, advancement, and national service.

Based on five essentials—the boy, trained volunteer leadership, activity, organization, and ideals—each part of the program, Cubbing, Scouting, and Senior Scouting deals with the boy, his interests and associations at different age levels.

The Boy Scout movement originated in England in 1907 for the purpose of developing in English boys such fundamental values as dependability, initiative, resourcefulness, self-reliance and cooperation. In 1910, Scouting spread to America.

Scouting in Midland has grown steadily since the Buffalo Trail Council, comprising 17 West Texas counties, was organized almost 28 years ago.

Two years ago council headquarters were moved to Midland. Counties served by the council include Stone, Kent, Scurry, Fisher, Nolan, Mitchell, Howard, Andrews, Glasscock, Sterling, Martin, Midland, Ector, Ward, Winkler, Reeves, and Loving.

The Midland office acts as a service station for the entire council.

S. G. Painter, field representative for the Midland and Odessa districts, works in association with council headquarters here.

Membership Increase  
This year's local membership of 515 Scouts represents a 27.4 per cent gain over last year's registration figure of 404, although the goal was a ten per cent increase.

One of the basic appeals of Scouting is in camping and fellowship in the out-of-doors. The Buffalo Trail Council maintains a 6,000 acre ranch in the Davis Mountains, Jeff Davis County, 65 miles southwest of Pecos and 24 miles from Balmorhea.

Used extensively by Midland Scouts, the Buffalo Trail Scout Ranch offers swimming, hiking, plant and wildlife study, handicrafts, merit badge work, games and exploring, with the added advantage of training in self-reliance through the boy's knowledge that he is "roughing it" away from the relative comfort and security of home.

An outstanding event in the history of the ranch was the note burning ceremony in October, 1948, when notes amounting to almost

\$65,000, representing the balance due on the ranch property, went up in smoke.

Seven Midlanders serve on the council executive board. They are G. W. Brenneman, vice president and immediate past president; J. T. Baker, treasurer; Dr. H. Glenn Walker; Delbert Downing, George T. Abel, and Rev. Clyde Lindsey and J. M. McDonald.

District committee officers are Dr. Walker, chairman; Sam Salt, vice chairman; L. E. Patterson, commissioner; Joe Shell, chairman, organization and extension; Charles L. Klapproth, secretary; Percy F. Bridgewater, finance; Dr. Doyle Patton, health and safety; Ed Pierce, leadership training; and McDonald, camping.

Membership in Midland, the El Centro district of the council, is divided into three explorer units: boys 14 and up, usually to 18 years; ten troops for boys ages 11, 12, 13; and four cub packs for the 8, 9, and 10-year-olds.

Explorer Post 85 with 27 boys is sponsored by the Midland Lions Club, with Bob Wiff as Scoutmaster. Troop 54, with L. E. Patterson as Scoutmaster, has 43 boys. Troop 151, sponsored by the IOOF Lodge, Troop 152, sponsored by Methodist Men's Club, numbers 25 boys, led by Gilbert Blankenship. Richard W. Smith is Scoutmaster of the 11 boys in the First Christian Church Troop 153, with 38 boys. Leonard H. Miller leads 53 boys in Troop 157, sponsored by the Trinity Episcopal Church and will have Robert Senning as Scoutmaster.

Troop 104 is sponsored by the Negro Chamber of Commerce with Lewis H. Richerson leading 22 boys.

The four Cub packs are sponsored by the Kiwanis Club, pack 6, 133 boys, led by Dr. Patton; Presbyterian Men's Club, pack 51, 104 boys, led by William N. Little; J-D Boys Club, Terminal, pack 53, 31 boys, led by Gerald D. Johnson; and the Negro Chamber of Commerce, pack 104, 11 boys.

STANTON — Helen Conally of Merkel visited her cousin, Lewis Riggan, this week.

Kenneth Snodgrass, Loreta Hull and John Terry Powell were dismissed from the Memorial Hospital last week.

Word was received Friday by Coach Leo Fife of the serious illness of his father in the Merkel Clinic.

The weekly singing of the Church of Christ was held at the Ohmer Kelly home Thursday night. The singing was followed by a "Hallowe'en party." Refreshments were corn cookies, coffee and hot chocolate were served to about 35 persons.

The A. E. Johnson's left Friday for Turkey and Lubbock to visit relatives.

### CARNIVAL

"Now let's not be panicky—we'll file out according to seniority!"

### Old Superstitions Regarding Animal Blasted In Journal

LONDON—Superstitions connected with the lynx, one of the most destructive of predatory animals, are listed by Colin Matheson in the Journal of the British Society for the Preservation of the Fauna of the Empire.

Like the bear and the beaver, the lynx figured in medieval medicine in many parts of Europe. It is recorded that in Alsace its flesh was regarded as a remedy against vertigo and headaches, and is said to have been prescribed for the King of Bavaria for this purpose as late as 1819; while its paws acted as a preventative against cramps.

Other superstitions were concerned with the sight of the animal, which was thought to be of the most remarkable penetration: "There is no beast," wrote Konrad Genser, about 1550, "that has such sharp sight as a lynx," its vision being able, according to the Swiss naturalist, to pierce stone walls and wooden palisades.

The flesh of the lynx appears, apart from its supposed medicinal value, to have been in some areas an esteemed article of diet; it is recorded that at the congress of Vienna roasts of lynx figured several times in the menu.

10-DAY-OLD BABY KILLED WHEN AUTO OVERTURNS  
SAN ANTONIO — A 10-day old baby, Juan Rodriguez, was killed Monday afternoon and two other persons injured in an automobile accident.

Ramiro Rodriguez told police he was towing a second car when his brakes failed. The car plunged down a hill, the first overturning and spilling its occupants out.

Two hundred fifty-eight colleges and universities in the U. S. have religious affiliations; Catholics lead with 75.

### Four-Way Study Of Water Problems Set

DALLAS — A four-part study of Texas' water problems has been recommended by a state legislative steering committee.

It suggested Monday that the State Interim Water Committee divide itself into four panels, each to take one phase of Texas' water problem for study.

The suggested studies:  
Equitable use of Texas water resources.  
Administration of water laws and rights including enforcement.  
Encouragement of additional storage of storm and flood waters by legislation and constitutional amendment.  
Pollution of Texas waters.

The steering committee is to report back to the main committee November 14. At that time, said Senator George Moffett of Chilton, two candidates will be recommended for the job of executive secretary of the water committee.

Six senators, six representatives and nine public spokesmen form the main water code committee.

Attending a meeting here Monday of the steering committee were Moffett, Senator John Bell of Cuero, Rep. W. S. Fly of Victoria and John D. McCall of Dallas.

### 11 Negro Children Overcome By Fumes

CROCKETT, TEXAS — Only one of 11 negro children overcome by fumes from a leaking exhaust pipe will remain in the hospital. Attendants said the others would be released.

The children were overcome Monday as they traveled to Crockett in a school bus.

School authorities released no statement. No names were released.

Radar can be used to determine the amount of rain which falls on any given area. This data is most important in flood control work.

"Mighty popular — this MERCURY!"

And owners tell us *Better Value* is the reason why

Why are so many more people driving Mercury today?  
Because Mercury gives you so much more value!  
Here, for example, is what owners call Mercury:  
1. The smartest-looking car on the road!  
2. The strictest car in its class!  
3. The easiest-handling, smoothest-riding car in its class!

Add to all this—Mercury's livelier performance . . . increased safety . . . greater dependability. And don't overlook Mercury's high resale value. It's now more important to you than ever!

When you compare them all—feature for feature and dollar for dollar—you'll find it pays to make your next car Mercury, too!

Come in and drive the big, massive Mercury today!

Make your next car

**Sherman Revealed  
As Negotiator For  
Land-Sea Harmony**

WASHINGTON—(AP)—It was Vice Adm. Forrest P. Sherman's record in the long controversy over military unification which first fastened attention on him for possible appointment as chief of naval operations.

Back in 1946 he and the then Maj. Gen. Laurie Norstad of the Air Force found common ground on which to work out a compromise on unification. Both were air officers.

Sherman was the negotiator for the Navy when the Army and the then Army Air Forces sought to produce a compromise bill that would meet some of the objections to unification raised by the Navy Department.

The proposals produced by the small group of high Navy and Air Force officials, of which Sherman and Norstad were members, received the approval of President Truman and the compromise version became the unification law with passage by Congress.

Familiar With Carriers

The admiral is thoroughly familiar with carrier operation, which now has become the basic plan around which all naval striking forces are built. He knows the administrative problems in Washington—where he has served a number of times—and the harsh realities of combat. Of that, he saw much in the Pacific campaign of World War II. Among his war commands was the original carrier Wasp, sunk in the Solomon Islands battle of September, 1942.

It appears to have been Sherman's experiences in the air-land-sea Pacific war that convinced him of the need for unified command at Washington. He has said that every successful offensive in the Pacific was made possible by combined planning among the sea, air and land commanders of that theater.

Sherman, 55 years old last Sunday, is a native of Merrimack, N. H., and a Naval Academy graduate—second in his class of 1917. He went overseas almost immediately after his graduation, assigned to American naval forces in the Mediterranean.

From 1917 to 1922, he was junior officer aboard a number of destroyers, cruisers and battleships. But that year he decided he wanted to cast his fortune with Naval aviation, then a tiny fraction of seapower. He has remained in that service since.

Part Diplomat

Sherman no sooner finished his arbitration role in the 1946-47 unification dispute than he found he was headed for another tough job—command of the United States Task Fleet in the Mediterranean.

There the fleet, built around aircraft carriers, represents the "implementation" to American foreign policy, of which diplomats speak. Its commander has to be part diplomat, part Navy officer to sell the precise course through international shoals in that part of the world.

Sherman is about six feet tall, gray-haired, with a round but rugged face. No middle-age bulges have touched his figure; exercise takes care of that.

He has a reputation of getting along with people both outside and inside the Navy—a quality which presumably contributed to the interest in the Pentagon high command in the admiral.

**Goldsmith Funeral  
Services Held Here**

Funeral services for Mrs. Hattie Goldsmith, 76, long-time Midland resident, were to be held at 2:30 p.m. Tuesday in the Ellis Funeral Home Chapel, with the Rev. Howard Hollowell, pastor of the First Methodist Church, officiating. Interment was to follow in Fairview Cemetery.

Mrs. Goldsmith died Sunday night in a Dallas hospital where she had been undergoing treatment the last several months. She fractured a hip in a fall at her home here last April. Death was attributed to a heart ailment. Her condition had not been considered critical until a short time before she died.

A Midland resident more than 50 years, Mrs. Goldsmith came here with her parents, the late Col. and Mrs. W. J. Mosley, pioneer settlers. Her father was the first treasurer of Midland County after its organization in 1888. She was born Dec. 13, 1872, in Limestone County, and was married to the late Charles A. Goldsmith, early-day rancher and banker, here on Feb. 14, 1893.

Survivors include a son, Charles M. Goldsmith of Midland; a grandson, C. A. Goldsmith of Midland; a sister, Mrs. E. F. Cowden of Midland, and several nephews and nieces, including Guy and Allen Cowden of Midland, Mrs. M. O. Means of Van Horn, Miss May Moseley of Kermit, Mrs. Evelyn Gentry of Midland, Mrs. Jewel Hordorf of Sherman, Bill Moseley of Wichita Falls and Mrs. Guy Neal of California.

**Crane News**

CRANE—Olin Culberson, a member of the Railroad Commission of Texas, was a recent Crane visitor. He addressed a group of oil men and businessmen. He said importation of foreign crude oil is a threat to the oil industry in America. He promised that West Texas would never be discriminated against while he was a commissioner. Culberson greeted members of the volunteer fire department here and urged citizens to be mindful of their service.

L. S. Adcock will sponsor a demonstration of appliances at his store here November 21. A home economist from Crane will demonstrate. A lunch will be cooked and served. Invitations have been extended to many.

Chester Pettit, Bill Schoonover and Eugene Herrington are in Crane on furloughs from Lackland Air Base near San Antonio.

Joe Gann of Dallas recently visited with his sister, Mrs. D. W. Gooch, here.

Oyster Supper

Mrs. Edith Goble, associate Matron of the Crane OES chapter, has been appointed general chairman for the annual oyster supper to be held November 19. Committees are being named by Mrs. Goble and tickets will go on sale soon.

Flake Jones was hospitalized here following an automobile accident on the Grandfalls highway. His car overturned.

Mrs. A. G. Moore, who recently was injured seriously in an automobile accident, has been returned to her home from a hospital. Her arm and shoulder still are in a cast.

J. B. Clark and Tipton Murrell were recently visitors here from Austin.

Mrs. Leslie Johnson of Iran was called to Fort Worth by the serious illness of her mother, Mrs. J. H. Condit.

The Rev. and Mrs. Raymond Dunn and Mrs. Berlie Dunn recently visited in Coleman. Mrs. Berlie Dunn is moving to Midland where her husband was transferred by the Highway Patrol, examiners division.

Services For Infants

Graveside services were held for the infant daughter of Mr. and Mrs. C. H. Childs, October 30. Graveside services were held Tuesday for the infant daughter of Mr. and Mrs. J. P. Kendrick.

William Shane underwent surgery recently in Crane Memorial Hospital.

The Rev. H. D. Christian is attending the Texas Baptist General Convention in El Paso.

Announcement has been made of a Fall revival to be conducted here with the Rev. Byron Bryant of Harlandale in charge, assisted by S. L. Turner of Mont Belvieu, Texas.

**5,000 Intercede For  
Gandhi's Assassins**

NEW DELHI—(AP)—Nearly 5,000 persons in Bombay Province have appealed to India's governor general to commute the death sentences against N. V. Godse and N. D. Aptel, scheduled to hang November 15 for the assassination of Mahatma Gandhi.

Petitioners contended that Gandhi, as the apostle of non-violence, would not have tolerated hanging his assassins.

**R. L. Eason Voted  
Monahans Alderman**

MONAHANS—R. L. (Bill) Eason Monday was elected city alderman in a special election.

He defeated J. G. Hogg by 200 to 106.

Eason was named to fill the unexpired term of Paul Carr, resigned. The term ends April 1.

**EMPLOYEES GO HUNTING  
AT COMPANY EXPENSE**

SHIPPENSBURG, PA.—(AP)—Employees of the SKP Corporation here took Tuesday off to go hunting—and they get paid for it.

A union contract agreement makes the opening day of the small game season in Pennsylvania a paid holiday.

**FINDS URANIUM ORE**

HOF, GERMANY—(AP)—A German engineer claimed Tuesday to have found traces of uranium ore deposits in the American zone of Germany near the junction of the Soviet zone and Czechoslovak borders.

**Peculiarities Of  
Animals Listed  
In Airways Booklet**

AP Newsfeatures

LONDON—(AP)—Out for kangaroos. They like to kick you in the stomach. Ostriches peck your eyes. Apes, on the other hand, are friendly critters—they like human beings to jabber to. And a crocodile is your pal for life if you water him with a hose.

These helpful hints on animal eccentricities are in a booklet issued to its employees by the British Overseas Airways Corp. (BOAC). Lots of mammals, birds, fish and reptiles are travelling by air these days, mostly to zoos and private collections. BOAC wants to keep 'em happy. That's why it briefed its workers. BOAC said:

Mammals are best carried in semi-darkness. Birds should be viewed facing the light. They won't eat otherwise. Monkeys, bless their hearts, aren't happy unless they're huddling together, family-style. But don't cage Brazilian parrots and Australian galls in pairs. The stronger one is apt to bully the other and swipe his feed.

Sacks Needed

Fythons, anacondas and corals snakes of America need sackings or felt packed inside their cases. Their noses and skins are soft. They may hurt themselves. The same goes for partridges and pheasants which sometimes take off and hammer themselves on the roof of their box. Canvas stretched tightly two inches below the solid roof saves them headaches.

Come feeding time, make sure there is plenty of bread and jam for the gorillas and orang outangs. They love it. Sugar lumps, too. polecats go for hard-boiled eggs.

If an animal escapes, according to BOAC, it's usually just looking for safety and warmth. It gave directions for recapture: small monkeys and young animals should be grabbed just behind the head, martins and foxes by the tail. Scallops and seals should be taken by the rear fins.

What to do if a bear or lion gets out? BOAC didn't say.

**Poster For Holy Year**

The above poster is being circulated to stimulate interest in the Holy Year of 1950, as proclaimed by the Pope in Rome for Catholics of the world. It bears the hopeful slogan: "May this genuinely Holy Year be for the human family the harbinger of a new era of peace, prosperity and progress."

**Historic Church's Fireplace Is Found**

PHILADELPHIA—(AP)—An old colonial fireplace that once was part of the First Reformed German Church in this country has been uncovered in a long unused storage loft, one-time site of the church. Now the Reformed and Evangelical Church, it was founded in 1727 in a barn. In 1772 it began the erection of an enlarged church.

During the Revolutionary War the Race Street Reformed Church, as it then was known, had on honorable part in the struggle of the colonists for independence. When the British captured Philadelphia and their troops marched by the church, the ten-year old son of the pastor, the Rev. Dr. Casper Dietrich Weyberg, stood on the doorstep and shouted: "Hurrah for George Washington."

The Hessians imprisoned Dr. Weyberg and used the church as a hospital. In 1837, the city contributed \$15,000 to renovate the church as a historic shrine.

A twin calorimeter so sensitive that it can record a temperature change of only a few thousandths of a degree in an hour, is expected to fill in some of the gaps in our knowledge about proteins essential to life.

## Two Former Bulldogs Making Mark In Grid Circles With University Of Wyoming Team

LARAMIE, WYO. — Two hard-working Midland backs are making their mark on this year's University of Wyoming freshman eleven. Fresh Coach John Bailey is feeling mighty optimistic these days about his Cowboy backfield and no small thanks are due to the fine play of Wingsback Larry Buckingham and Fullback Bill Little.

Both Buckingham and Little are rated by Coach Bailey as exceptionally fine prospects. Both are hard runners on offense, good blockers and show lots of know-how on defense. Each has been a starter in the little 'Pokes two victories thus far—a 19-7 win over Scottsbluff

Junior College, and a 7 to 0 triumph over the Colorado A&M Freshmen. One more game remains on the slate, a November 4 date with the University of Denver Yearlings at Denver.

Buckingham and Little both are considered good insurance and valuable additions to next year's varsity. Head Coach Bowden Wyatt hopes it will follow in the footsteps of the 1949 Cowboy eleven, which is undefeated after its first six games and is the top team in the Big Six Conference.

Southwest Conference fans will get a chance to see Wyoming in action November 12 at Waco when the Puncers meet Baylor's powerful Bears.

## Southwest Elevens Nurse Injuries To Many Key Players

By The Associated Press

There's an injured feeling at most Southwest Conference football camps.

Every coach can point to one or more key men on the sidelines. Several expect them to be there in Saturday's games.

Baylor, the only undefeated, untied team in the conference, has three ailing.

Center Eugene Hubber is expected to be okeh for the important Texas game this week.

John Curtis, defensive halfback, and Sophomore Quarterback Larry Isbell are the others.

Southern Methodist Coach Matty Bell said Bobby Vann, one of his regular tackles, may be out for the rest of the season.

Vann tore two cartilages in his knee and broke his wrist.

Bell said Bobby Ollier, his other regular tackle, had an injured shoulder, but should be able to play against Texas A&M this week.

Texas listed five injuries, two serious enough to be hospitalized. These are Backs Billy Pyle and Byron Townsend. Pyle has a twisted knee that may keep him on the bench the rest of the season. Townsend has a bruised hip.

First-string Ends Paul Williams and Ray Stone and Tackle Jim Lansford are nursing hurts.

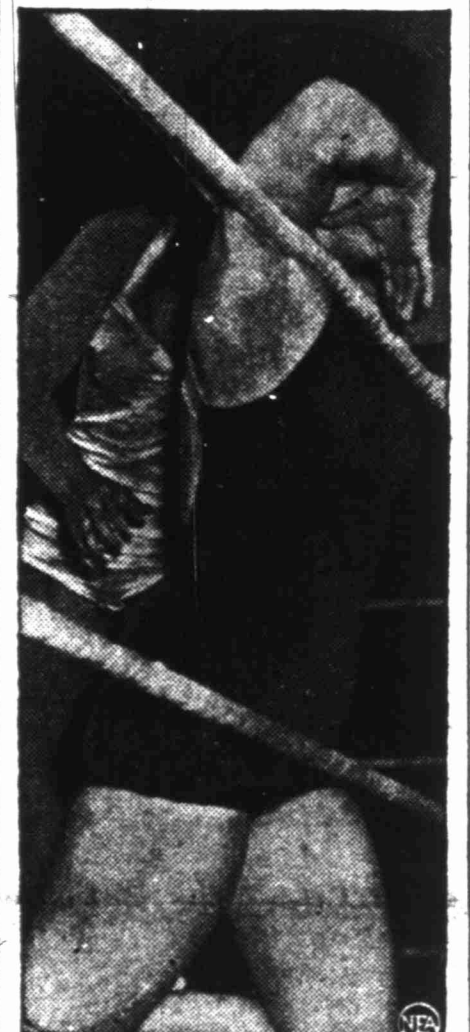

Aggies In Good Shape  
Rice hopes to have all its cripples back this week. Halfback Sonny Wyatt and Guard S. J. Roberts are "maybe" cases. Gerald Weatherly, the big center, should be recovered from an ankle injury.

The picture was a little brighter at Texas A&M, where the Aggies found John Christensen and Charley McDonald may be able to play this week. They're the team's top safety men.

Arkansas got End Frank Fische back in action Monday, but Coach John Barnhill said his ace fullback, Leon (Muscles) Campbell won't play against Rice and may not play any more this year. Campbell has a bad knee.

L. R. (Dutch) Meyer, Texas Christian coach, explained his team's 40-14 loss to Baylor as a bad day. He told a quarterback club meeting: "It's a short story. We just took a bad beating. Everything we did was bad."

### Gal Gag

Successfully defending the women's world wrestling championship at Coral Gables, Fla., Mildred Burke has Salt Lake's May Weston all wrapped in the ropes, and ready for pinning.

### Lubbock Eleven Holds Top Spot Among Schoolboys

DALLAS—(AP)—Lubbock's mighty Westerners were rated tops in Texas as schoolboy football again this week.

Sportswriters participating in the Dallas News poll kept Port Arthur right behind the Westerners.

Wichita Falls, Corsicana, Marshall, Baytown, Highland Park (Dallas), Grand Prairie, Abilene and Austin round out the first ten. Marshall replaced Henderson in the top ten.

by SHORTY SHELburnE

We didn't have to go see the game warden this time. He came to see us—with blood in his eye. It seems we weren't listening or he didn't make it quite clear on one point about this new fangled deer hunting law concerning the tags.

Game Warden Evans says a deer tag must be somewhere on the carcass of every deer at all times, including the time it is being transported.

—SS—  
When we talked to him last week before writing Sunday's column, we understood him to say the tag should be removed from a deer and placed inside the CAR while transporting it.

He just said the tag should be removed from the antlers or ear and placed INSIDE THE DEER. Not inside the car.

It always is the custom to clean a deer immediately after it is killed and it just was a suggestion from him that the tag be placed inside the animal so it wouldn't be blown away by the wind.

So, like the game warden says, keep a tag off your hunting license on or inside the deer at all times.

—SS—  
We have had numerous requests for the proper address to write for tickets to the Cotton Bowl game in Dallas.

Here it is: Cotton Bowl Athletic Association, 1343 National City Building, Dallas, Texas. Cost per ticket is \$4.80. Send 25 cents for mailing costs per order.

Requests will be accepted by mail only from Tuesday (today) through Friday only.

Better get yours in the mail now. And get in the grab bag!

—SS—  
Mike Brumbelow, as well known in West Texas as Joe Coleman is in Odessa, says if there ever was a perfect football team Notre Dame has it this season.

Mike scouted the Irish against Tulane for Southern Methodist and according to what he tells us, Matty Bell will have something to moan about when he receives the report.

—SS—  
Brumbelow, probably the most qualified scout in the state, says the Irish are poison all the way through.

Against Tulane Mike says one Notre Dame tackle weighing plenty over 200 pounds took all the faking and shaking a Tulane back could muster and still made the tackle in the open field.

Furthermore, Mike says the charges of Frank Leahy have depth. Most folks rated Tulane even with the Irish before the two met and Mike says the Notre Dame fourth string put on a commendable performance against the Southerners.

—SS—  
A Wichita Falls source informs us the Coyotes of Wichita Falls High School are out-drawing Hardin College every game.

Hardin had a big crowd Saturday at the homecoming game with the University of Houston but we doubt if it helped the financial end any.

A big part of the spectators were members of 61 bands invited to participate in the homecoming day parade and to be guests of the college for the game. Take 61 times an average of 60 members to each band and that's a lot of seats in anybody's stadium.

—SS—  
Don Paul Jones, son of Mr. and Mrs. J. P. Jones of Andrews, suffered a leg injury in football practice last week and will be out for the remainder of the season.

—SS—  
Bob Clark, Odessa 'B' team mentor, gets in a personal lick when he sends out the roster for his ball club.

One came to our desk before the Odessa-Midland 'B' teams clashed here Saturday night and attached was a handbill:

BOB CLARK, Southwest's leading entertainer. Mystery entertainment, program of present and past day magical marvels.

Bob's B-team magic failed to work over here last Saturday night.

—SS—  
Dunny Goode, since coaches at Hardin-Stimmons decided to give him a fair test, is up there with the best of 'em on the Cowboy scoring line.

Dunny has completed five touch-down passes and ranks second only to Bob McChesney in yards gained on passes completed.

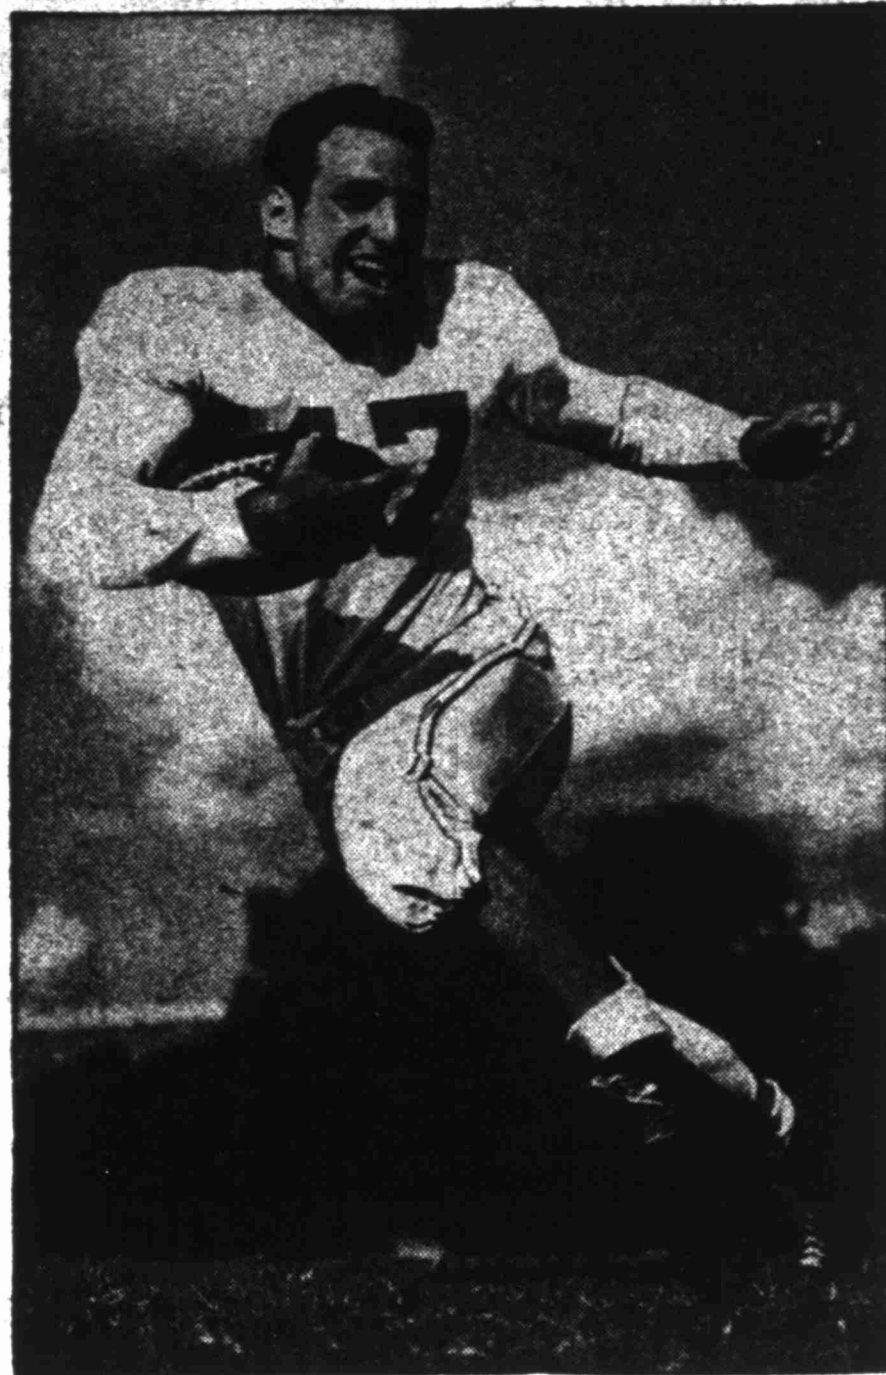

Goode has hauled in 13 aerials for 251 yards.

### SIDE GLANCES

"Well, Miss Andrews, I've been in the first grade a couple of months now, and there's still a lot of things I don't know!"

### Longhorn Ace

Perry Samuels, University of Texas halfback, was an outstanding spot player last season and has helped the Longhorns greatly this year. He is noted for delivering a pinch touchdown in the 1949 Orange Bowl game. Samuels is one of the fastest men in the Southwest Conference, once did the 100-yard dash in 9.5 seconds. Broncbusting is his hobby.

## Sports

—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, NOV. 1, 1949

## Notre Dame Holds Tight To Top Slot In Gridiron Ballot

NEW YORK—(AP)—Notre Dame continues to roll up the score in The Associated Press football poll with \$3 per cent of the first place votes in the fifth weekly rankings.

The Fighting Irish were ranked by 133 of the 161 sports writers and sportscasters participating.

Army is second, Oklahoma third and California fourth, just like last week. The "big four" cornered all but three of the first place ballots. Oklahoma drew 11, Army 10 and California three. The others went to tenth-place Michigan State (2) and to seventh-place Cornell (1).

Minnesota and Pennsylvania nosedived out of the top 10 after their respective defeats by Purdue and Pittsburgh. Southern Methodist and Michigan State took their places.

None of the "big four" was hard pressed last Saturday. Notre Dame thumped Navy 40-0, Army ran over Virginia Military 40-14, Oklahoma walloped Iowa State 34-7, and California turned back UCLA's challenge 35-21.

On a point basis, with 10 for first, nine for second and so on, the Irish piled up 1,869 to outdistance the pack. The Cadet's second-place margin was sliced but they still hold the edge over Oklahoma 1,323 to 1,308. California has 1,070 points.

Baylor Jumps To Sixth  
Michigan, the only other team except Notre Dame to lead the poll this season, gained support by topping Illinois 13-0. As a result the Wolverines advanced a peg from sixth to fifth.

Baylor's unbeaten Bears jumped from tenth to sixth on the strength of a 40-14 rambles against Texas Christian. Cornell moved up one step to seventh on its 54-0 rout of Columbia but Rice, surprisingly, fell from No. 5 to No. 8 despite a 28-0 win over Texas Tech.

Southern Methodist, a 7-6 winner over Texas on Oak Walker's placement, took over ninth position, and Michigan State, which faces Notre Dame's powerhouse Saturday, ruined Temple 62-14 and graduated to tenth place.

The second 10: 11—Ohio State, 12—Southern California, 13—Kentucky, 14—Tennessee, 15—Iowa, 16—Duke, 17—Louisiana State, 18—Boston University, 19—Virginia, 20—Pennsylvania and Fordham.

Others receiving more than one vote included Texas.

## Fordham Rams Will Try To Out-Platoon Army On Saturday

NEW YORK—(AP)—Fordham will try to "out-platoon" Army, the most successful platoon specialists in football, when the two unbeaten Eastern teams collide Saturday at West Point.

Ed Danowski, who guides the destinies of the intriguing Rams, is not satisfied with just separate offensive and defensive units. He has a special kickoff unit, a special one to receive kickoffs and another combination when place kicking.

That's five in all. Such finagling is carried on with 30 regulars and an occasional dip into a storehouse of some 15 reserves.

Earl (Red) Blaik, who coaches Army, has indicated he will put some 65 men in uniform for the fray and give the customers a good show of platooning himself.

Rams Much Improved  
The game has caught officials in an embarrassing position. It originally was scheduled for New York but because of the Rams' poor record last year (3-6), it was shifted to West Point.

Now everybody's sorry. It would be a real gate-puller in New York, where Fordham fans are envisioning a return to the heights the Rams achieved before the war. They were an Eastern power year in and year out before de-emphasis set in.

Blaik professes a genuine regard for the boys from Rose Hill who have rolled up 166 points in beating Kings Point, Scranton, Syracuse and Georgetown.

The Army coach said his scouts had called Fordham the most improved team they've clocked all year. Blaik said he expected his Cadets to be in for their "toughest test."

—SS—  
Humble Oil held a narrow lead in the Petroleum Bowling League last week by taking two games from King's Conoco. West Texas Reproduction, crowding Humble, lost two to Union.

Standard swept three from Honolulu. Ohio copped three from Seaboard. Sun won three from Rotary Engineers and Shell whipped Skelly in three.

Phillips 66 won two from Mabee Drilling and Core Lab took two from Browne's Magnolia.

High individual game went to T. W. Nutt who rolled a 209 and P. Elliott won high individual series with a 514.

King's Conoco took all team honors, rolling 2,276 for high series and 804 for high game.

The standings:

Team	W	L
Humble	16	5
W. T. Reproduction	14	7
Mabee	13	8
Standard	12	9
Union	11	10
King's Conoco	11	10
Phillips 66	11	10
Sun Oil	11	10
Skelly	10	11
Seaboard	10	11
Honolulu	9	12
Ohio	9	12
Rotary Eng.	8	13
Browne's Magnolia	6	15
Core Lab.	6	15

# Class A Gridiron Favorites Emerge

By The Associated Press  
Class A football is getting down to business and it's an upsetting business for quite a few of the touted smaller schools.

Kermit, Brenham and West were among those taking it on the chin last week.

New Braunfels and Mount Vernon rolled along in awesome fashion, while Hereford and Dalhart left District One just as jumbled as before. They battled to a 13-13 tie.

The rest of the schedule will have to get this Panhandle district championship.  
Dalhart may have suffered the most. It lost Quarterback Billy Ritter for several weeks through an ankle injury. Perryton meets Dalhart this week, with Hereford playing Canyon.

LeFors, 33-12 victor over Clarendon, still isn't sure of a clear lead in District Two. McLean tied Memphis 19-19, but the district committee hasn't decided how to count the game.  
Logansport dumped Floydada 38-13 into a tie with Spur for the lead in District Three. Spur was idle last week.

Littlefield crushed Sundown 66-0 and its game this week with Sudan may be the title tilt in the north zone of District Four.  
Slaton and Post are tied for the lead in the south zone. Post lost to Levelland 21-12, while Slaton beat O'Donnell 31-0.

Kermit's 7-13 loss to Monahans left Wink in good position to take the District 5-A crown. Monahans, the defending state champion, is out of the running as a district contender.

Mount Vernon walloped undefeated, untied DeKalb 40-0. Dale Moore scored 13 points to boost his total to 105 for the season. The Tigers get back into 15-A play this week against Mineola.

DeKalb and Atlanta are tied for the lead in 14-A, each with two victories. These two teams tangle this week in what will probably be the district's title tilt.

New Braunfels just about wrapped up the District 24-A title. The Unicorns smashed Gonzales 79-8 and took over undisputed leadership in the district. It was their fourth district victory and seventh of the year.

Merlyn Murphy scored five touchdowns to boost his total for the year to 126 points.

## Freddy Dawson To Fight Williams For Lightweight Title

PHILADELPHIA (AP)—Freddy Dawson of Chicago, who has failed to lick Lightweight Champion Ike Williams in three non-title efforts, gets another opportunity November 28 and this time the crown will be on the line.  
Promoter Phil Glasman announced Monday that Trenton Ike Williams, the 135-pounder since Aug. 4, 1947, signed to defend his title for the fifth time.  
The sharp punching Williams won the undisputed lightweight title by knocking out Bob Montgomery in six rounds at Municipal Stadium here more than two years ago.

## U. S. Plans To Stay Put On Island Of Okinawa

OKINAWA (AP)—The United States plans to stay put on this island base only 400 miles from the China mainland, now almost gobbled up by the Communists. Okinawa has a new \$73,000,000 building program.

The program includes quarters for troops and their families, hangars, warehouses, supply buildings and repair shops. It will be rushed under direct authority of General MacArthur, who has set up a special section in his Tokyo headquarters. Top engineers already are here.  
The reason for urgency is twofold.

1. Residents continually are battling typhoons which tear away Quonset huts in which most of them are housed.

2. The new decision to build up the island ended a long period of indecision which prevented allotment of funds for housing. This decision has been made by the joint chiefs of staff in Washington.

A bill designating \$73,000,000 for construction on Okinawa was signed by President Truman last week. The job will be done in two years with

## McMurry-Sul Ross Renew Oldest Rivalry In Game At Monahans Stadium Saturday Night

ABILENE—Renewing their oldest rivalry, the McMurry Indians play the Sul Ross Lobos in Monahans Stadium Saturday night.

Back in 1923, when McMurry first played football, the Indians won 12-0, the first of 11 meetings to date. The Indians hold a slight edge, six to four, in games won. One game was a scoreless tie.

Since the war, only one game between the two schools has been played. McMurry eked out a 6-2 victory in 1946.  
Biggest margin in the series was

the 34-0 defeat handed Sul Ross by McMurry in 1931. The Lobos' heaviest triumph was in 1926, 39-12.

A feature of the game will be a meeting of last year's individual scoring champion, Ted Sown of Sul Ross, and the current scoring leader, Brad Rowland of McMurry. Both schools have lines averaging 210 pounds or better.

Sul Ross is defending champion of the New Mexico Conference; McMurry of the Texas Conference.

## Two-Platoon Man

SMU's Doak Walker has done just about everything a young man can do with a football.

## Bulldogs Knuckle Down To Hard Work For Brownfield

Coach Tugboat Jones and the Midland Bulldogs started another week of training Monday, going through offensive and defensive drills in a two-hour workout. Bruises and minor injuries suffered in the Odessa game were noticeable as some players limped slightly but all are expected to be ready by Friday.

Scouts returning from Brownfield report the Cubs have some speed in the backfield and weight in the line. They operate from a T formation and also from a single wing with a balanced line.

Reports have drifted in from the South Plains city that this is the game the Cubs are counting on winning. They're getting ready to shoot the works against the Bulldogs.

Coupled with dope from scouts, that means the Bulldogs will have to be on their toes to score a victory.

Same Lineup  
Coach Jones was running just about the same lineup in Monday's workout. Jack Burris, L. C. Thomas and Charles Crowley apparently will get the nod for ball carrying again. Reed Gilmore naturally will be the quarterback and will do the punting.

Again it is likely all the ends will see action. Jimmy Lineberger and Bob Evans started against Odessa. Harrie Smith, Graham Mackey and Dwane Bush were in and out of the lineup. Bush looked good on pass receiving and may land a starting assignment on offense.  
Al Baze, Stan Coker, Bob Wood, Jerry Culp and John Steinberger split the tackle duty in Monday's workout. Baze and Wood and Coker, the heaviest men in the line, worked mostly in front of the first string backfield.  
Guards Ready  
Jackie Mobley, Dalton Byerley and Pete English perhaps are the most solid choices for the line. All are guards and Mobley and Byerley have played every game.  
Jimmy O'Neal will be back at center when the Bulldogs play Brownfield Friday night.

Coaches are paying much attention to defense in workouts. Against fast backs, the Purple encountered trouble all season.  
More of the same—offense and defense—is scheduled in Tuesday's drill.

Jackie Mobley, Dalton Byerley and Pete English perhaps are the most solid choices for the line. All are guards and Mobley and Byerley have played every game.  
Jimmy O'Neal will be back at center when the Bulldogs play Brownfield Friday night.

## Piggy Bank Bowl Slated November 26

EASTON, PA. (AP)—The newest football bowl game is the Piggy Bank Bowl.

It'll be played November 26 at Easton with four midget teams competing. The player requirements are less than 13 years of age and not over 100 pounds.

## Rhoden Is Named District Adjutant At Legion Meeting

Floyd O. Rhoden of Wood's W. Lynch Post, Midland, was reappointed as adjutant of the 16th District, American Legion, Department of Texas, at the annual Fall convention held last weekend in Sanderson.

The appointment was made by Johnny Crooks of Odessa, 16th District commander.

A memorial service at 11 a.m. Sunday was the highlight of the convention. It was held in Sanderson High School, with Maj. Gen. Clement McMullens of Kelly Field, San Antonio, as speaker.

W. A. Cox of Anthony, N. M., was elected vice commander of the 16th District.

Delegation Listed  
The Odessa post made the only bid for the Spring convention.

Delegates and their wives attending from Midland were Cmdr. and Mrs. T. E. Steele, Mr. and Mrs. Dutch Mayfield, Mr. and Mrs. Dave Aller, Mr. and Mrs. Q. M. Shelton, Mr. and Mrs. E. W. Stone and Mr. and Mrs. Rhoden. Allen was chairman of delegates.

The Midland post leads others in the district in 1960 membership with 192. There are 26 posts in the district.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, NOV. 1, 1949—8

## Baylor's Burk Has Top SWC Average In Aerial Warfare

DALLAS (AP)—Adrian Burk, Baylor's passing quarterback, doesn't work nearly so much as other tossers in the Southwest Conference but he's getting much better results.

Statistics released Tuesday by James H. Stewart, conference secretary, show Burk to have the amazing average of .638 in completions. He is moving rapidly toward the top in yardage, too.

Lindy Berry of Texas Christian still leads with 77 connections in 154 tries for 1,047 yards, and Paul Campbell of Texas is second with 66 completions in 128 tries for 996 yards. But Burk has rolled up 899 yards in 69 connections in 108 throws for third place.

In ball-carrying, big Bob Smith, the Texas Aggie battering ram, is well out in front with 451 yards on 97 carries. Randall Clay of Texas is second with 398 on 90.

Berry continues to lead in total offense with 1,169 yards on 236 plays. He's better than 200 yards ahead of second-place Campbell, who has 940 yards on 152 efforts.

Bear Defense Best  
In pass-receiving, Ben Procter of Texas leads in yards gained with 439 but Morris Bailey of Texas Christian and J. D. Ison of Baylor are tied for the most caught. Each has 29. Bailey's for 417 yards and Ison's for 304. Procter has gathered in 28.

Texas remains the No. 1 team in offense with 2,736 yards in seven games for an average of 390. Rice is second with 2,254 in six games for an average of 376.  
Defensively, Baylor is tops. The Bears have given up only 1,190 yards in six games for an average of 198. Texas is second with 1,512 in seven games for an average of 216.

# DADDY RINGTAIL

By WESLEY DAVIS

## Daddy Ringtail And The Fallen Airplane

Daddy Ringtail was standing on the porch of his monkey house, watching an airplane up in the sky. The airplane was circling around and around, like it was try-

ing to find a place where there weren't any trees so that it could come down to the ground. The motor was spitting a n d sputtering, too, and so Daddy Ringtail knew the airplane was in trouble.

At last the man in the airplane jumped out with his parachute, which is a something that let's you jump out of an airplane and come down to the ground without getting hurt. The man and his parachute floated away in the air, and came down and down, over near the city. Daddy Ringtail knew that the man would be all right.

But the airplane, without anyone in it to fly it, roared down through the clouds. It didn't have a parachute of course and it came down and down, and finally crash-

ed on the ground with a loud noise, just underneath the very tall tree where Daddy Ringtail lived in the top. The crash made a very aw-

ful noise, and then there was the bent and broken airplane, an ugly thing to see.

"Now how am I ever going to get that airplane away from my tree?" Daddy Ringtail wanted to know.

The airplane was much too big for him to carry away by himself. He asked everyone he knew to help him, but no one would do it, because the animals had not learned yet how much fun it was to help one another.

"Well," Daddy Ringtail said to himself, "if people won't help me, I'll find another way to get them to do it."

He went around through the forest, then, saying to everyone: "Come and get a piece of the broken airplane! Take it home and keep it and show it to your friends, and they'll wish they had a piece of a fallen airplane too!"

When the animals heard these words, they began to do what Daddy Ringtail had asked them to do in the first place. And that will show you there's usually a way to get something done, if you think and think until you find how to do it.

Yes, and a happy day to you at your house!

Permian Basin Oil & Gas Log

(Continued from Page One) miles southeast of Midway Lane pool.

Discovery In Scurry Flows From Deep Pay

C. L. Norsworthy, Jr., of Dallas, and associates No. 1 Feldman, Central-Scurry County, Ellenburger discovery, ten miles east of Snyder, was reported to be flowing at the rate of five barrels of oil per hour natural, through a one-quarter inch tubing choke, from perforated section at 7,214-26 feet in the top of the Ellenburger.

Diamond-M Flanker Enters Canyon Reef

Cities Service Oil Company No. 1-H Johnson, half mile north outcrop to the Diamond-M field of Southwest Scurry County topped the Canyon lime reef at 6,873 feet on an elevation of 2,428 feet. That makes it five feet low to the nearest completed well on the north side of the Diamond-M field.

SW Borden Wildcat Planned By Seaboard

Seaboard Oil Company of Delaware No. 1-A Jerry Clayton is to be a 3,000-foot wildcat in Southwest Borden County, six miles northeast of the Good Canyon lime field.

Schleicher Failure Is Plugged By Honoluli

Honolulu Oil Corporation has plugged and abandoned its No. 1 Tidalie, wildcat in Central-North Schleicher County, as a failure. The venture, located 1,380 feet from south and west lines of section 74, block LL, GC&SP survey, drilled to a total depth of 6,990 feet and showed no signs of commercial production.

Crockett Operation Plugged As Failure

John W. Russell of Crane, No. 1 J. M. Shannon State, wildcat, 16 miles northwest of Ozona in Central-North Crockett County has been plugged as a failure. The prospector drilled to a total depth of 1,511 feet and showed no indications for production. It was plugged to 1,600 feet.

Pennsylvanian Strike Completed In Runnels

Completion has been made by Humble Oil & Refining Company at its No. 1 Bud Herndon, Pennsylvanian discovery in Central-North Runnels County, three miles south of Winters. Flowing natural through a one-half inch tubing choke it made a daily production of 167.17 barrels of 45.6-gravity oil, plus 13 per cent water. Gas-oil ratio was 1,080-1.

Dawson Test Plugs Back In San Andres

Seaboard Oil Company of Delaware No. 1 Barrow, deep wildcat in Northeast Dawson County, three and one-half miles northeast of Lamesa, and 660 feet from south and 1,980 feet from east lines of section 8, block 15, TP survey, T-8-N, made only sulphur water in the Ellenburger, and is to plug back to 4,500 feet to treat the San Andres above that point with acid, to try to develop commercial production.

Informed sources say that the possibilities of making a well from slight shows of petroleum in that formation are extremely dim. The Ellenburger water came in a drillstem test at 11,512-639 feet. Recovery was the 2,500-foot water blanket, 1,128 feet of drilling mud and 3,866 feet of sulphur water. The section showed no indications of oil or gas.

Roberts Sets Casing At Scurry Operation

S. B. Roberts, of Abilene, and associates No. 1 Lewis, in Central-West Scurry County, 467 feet from south and west lines of the southeast quarter of section 246, block 97, H&TC survey, had cemented a string of 3 1/2 inch casing at 6,841 feet, with 400 sacks.

SW Scurry Wildcat Gets Sulphur Water

Ray-Harris Drilling Company of Dallas and associates No. 1 Laura B. Smith, Central-South Scurry County wildcat, 15 miles southwest of Snyder, and 680 feet from north and west lines of section 159, block 87, H&TC survey, was bottomed at 8,111 feet on the canyon lime, and was shut down for orders after developing sulphur water.

Garza Exploration Is Plugged By Seaboard

Seaboard Oil Company of Delaware and Republic Natural Gas Company No. 1 OS Ranch (Connell), Southeast Garza County wildcat has been plugged and abandoned on a total depth of 8,290 feet in barren Ellenburger.

COTTON

NEW YORK — (AP) — Tuesday noon cotton prices were 20 to 40 cents a bale lower than the previous close. December 29.93, March 29.91 and May 29.88.

PIANIST TO APPEAR AT ABILENE COLLEGE

ABILENE — (AP) — Gershefski, dean of music at Converse College, will appear in a piano recital in Radford Memorial Auditorium at 8:15 p.m. Wednesday.

The McMurry College division of fine arts, headed by Thomas S. Williams, is sponsoring his appearance.

Read The Classifieds.

Short Shorthorn

Gene Holler shows off Ferdinand, one of the herd of dwarf cattle he found in a secret "lost canyon" near Jamestown, N. D. Ferdinand is 28 inches high and weighs 225 pounds. Veterinarians say he's a perfect dwarf hereford, about two years old. At that age, Ferdinand should be an excellent source of minute steaks and short ribs.

Socialist Wrangling Threatens Upset Of Italian Government

ROME — (AP) — Italian Socialist wrangling Tuesday threatened to upset Premier Alcide de Gasperi's coalition government.

Dissension among the nation's small groups of moderate, anti-Communist Socialists brought the sudden resignation Monday night of three of their number; from de Gasperi's cabinet.

While the Moderate Socialists count for little in the overwhelmingly Christian-Democrat government, their action automatically may cause the entire cabinet to fall.

They stepped out of the cabinet after the party decided that action might help to get a merger of all of Italy's anti-Communist Socialists.

The action came during an eight-hour nationwide general strike called by the Communist-led General Confederation of Labor to protest the deaths of two peasants in a clash between land-hungry peasants and police in the deep southern part of Italy.

The peasants were attempting to occupy farmlands. The walkout which ended at midnight Monday, halted the public transport and closed factories.

Tuesday morning, buses were running on schedule and workers returned to their jobs. However, the Communists threatened further strike action unless the government made the policemen responsible for the deaths of the two peasants.

Life And Death On Earth May Depend On Invisible Ray Of Light, Scientists Declare

LOS ANGELES — (AP) — Life and death on this planet may hang by so nebulous a thread as an invisible ray of light.

Two separate announcements Monday, one by the California Institute of Technology, the other by the University of California at Los Angeles, brought this grim specter into the realm of scientific speculation.

Sixty miles above the earth exists a heretofore unknown layer of oxygen molecules which, mysteriously, change the wave lengths of the sun's deadly ultra-violet rays to invisible light.

A certain kind of light, he said, can kill a little-known bacterial virus, and another kind of light can bring the same organism back to life.

The killing light is an ultra-violet shortwave. The "life ray" is a barely visible light wave.

The viruses affected by these rays, said Dr. Dulbecco, control the growth processes of cells in the human body. Destruction of these viruses, he believes, may allow the cells to grow wild, as in the case of cancer.

Thus, if an overdose of ultra-violet rays from the sun did nothing else but touch off a cancer epidemic of severe proportions, the likelihood of such an occurrence is fantastic, he pointed out, "but within the realm of speculation."

The CAA's first reports were that the military plane hit the big airliner's tail or left wing.

CAA understood there were 49 passengers aboard the DC-4 and a crew of four. The plane was due to go on from Washington to Atlanta, with stops at Charlotte and Raleigh, N. C.

The Optimist Club heard an address by F. H. McGuigan, division geologist for Lion Oil Company at its luncheon Tuesday in Hotel Scharbauer.

Illustrating his talk with blackboard diagrams, McGuigan gave a breakdown of Permian Basin geology in layman's terms.

McGuigan, who was active in starting the Scurry County play, was introduced by Jack Chase, program chairman. A. (Red) Roberts was in charge of the meeting.

McGuigan's diagram explained the variation in depths of producing horizons in the Basin, which he said covered a 300 mile area from east to west.

He said that depths of producing wells in the Basin, which includes several West Texas and southeastern New Mexico counties, varies from approximately 400 feet to 13,000 feet in some areas.

He termed the Pecos area center of the "dark continent," since much exploration yet is to be done there.

Roberts told of plans for Optimum Week, November 6-13. Highlight will be the meeting next Tuesday at which special guests will be invited. These include Midland civic club presidents, other prominent persons and members of the Odessa Club.

George A. Thomson of Memphis, Tenn., vice president of the Optimist International, will be the speaker.

Rev. Hollowell Returns The Rev. Howard Hollowell, pastor of the First Methodist Church, returned Monday from Spearman, where he conducted a two-week revival meeting in the Methodist Church of that city.

Discharged From Hospital Mrs. Walter Dorman, 504 South Dallas Street, was discharged from the Women's Hospital Tuesday.

Undergoes Surgery Mrs. J. C. Velvin, 87, was admitted to the Women's Hospital Tuesday morning for surgery.

London's Malda Vase is named after a British victory at Malda, Italy, in 1806.

MIRACULOUS PERHAPS, NEVERTHELESS True

Case Histories are actual cases of Midland people who were cared for by Dr. Merwin C. Fitch.

CASE NO. 216-8 Man, 30 years old. Had suffered with a lower back pain for over a year and a half. He came into office hardly able to walk, due to intense pain. Couldn't remove his shirt without help. After only one adjustment, this man was absolutely free of the excruciating pain. He stopped into the office two days later to show me how he could bend over. As he came in he said "Look Doc, I can bend over and touch my toes without any trouble at all."

IF YOU EVER EXPECT TO GET WELL, TURN TO SPECIFIC CHIROPRACTIC NOW!

MERKEL STEER WINS GRAND CHAMPIONSHIP SAN FRANCISCO — (AP) — "No Return," a 920-pound, 15-month-old Summer yearling Hereford from Texas, proudly wears Tuesday the grand champion steer blue ribbon of the Grand National Livestock Show.

The animal was owned and showed by Roy R. Largent of Merkel.

Water, Smoke Damage Five minutes later, there were two explosions which sent fluttering clouds of papers out of upper windows. Then thick clouds of smoke up from roof.

Water flooded several inches deep through the seventh floor and was tracking on down through the building. Firemen had hauled hoses lines up the sides of the structure to get at the blast.

It appeared certain water and smoke damage to government records would be considerable.

Howard Man Given Fine, Jail Term For Labor Recruiting

PECOS — Jose Nieves, Big Spring, Monday, was fined \$250 and sentenced to six months in jail on a charge of soliciting labor without a license, according to County Judge Richard Slack.

Officers said Nieves was fined \$500 and sentenced to three months in jail at Stanton on a similar charge.

Nieves had tried to employ cotton pickers in Reeves County without a license, officers declared.

Johnston Prefers Fight On New Taxes

WASHINGTON — (AP) — Voicing opposition to any new taxes, Senator Edwin C. Johnston (D-Colo.) predicted Tuesday the next session of Congress will get tough in cutting expenses.

Johnston is a member of the tax-handling Senate Finance Committee. He told a reporter he believes a majority of that group will oppose any increases in taxes despite President Truman's assertion that that is the only way he sees to balance the budget.

**LUMINALL**

For All Interiors

**FREE**  
DECORATORS' GMA

Paint right  
over your old paper  
with

**LUMINALL**

Want beautiful flat paint where you  
now have wallpaper? No need to re-  
move paper if it has fast ink and is tight  
to wall. Simply paint over it with LUMI-  
NALL—the casein paint in paste form.

LUMINALL is the water-thinned paint  
recommended so highly by decorators.  
Use on best rooms for better decorative  
effect, including truer colors and  
better lighting. Use in halls, attics, basements  
because of low cost. One coat  
coverage in most cases over plaster, old  
paint, wallboard or masonry, hence, big  
saving in material and labor.

LUMINALL dries in 40 minutes. No  
strong paint odor. Does not yellow with  
age. Recommended by master painters.

**Hormones Used For Cancer Research**

(NEA Telephone)  
Four of the five research scientists who used cortisone and ACTH, two rare hormones, on the growth of malignant tumors, discuss their experiments in their New York City laboratory. The experiments indicate the hormones may retard and partially destroy cancerous growths. Researchers are, left to right: Dr. Donald Dobringer, Dr. Rulon W. Rawson, Leonard P. Eitel and Dr. Olaf H. Pearson. ACTH is the substance to be administered Patricia Owens, 12-year-old rheumatic fever victim flown from Alabama to Chicago.

**Oil Wells In Eight  
Fields Exempted  
From Flaring Order**

AUSTIN—(AP)—Wells in eight Texas fields have been exempted from the Railroad Commission's earlier prohibition against flaring of gas. The commission, in special orders Monday, said the nature of the wells, by remoteness from conservation facilities and by limited volume rendered expenditure necessary to conserve gas unjustifiable and uneconomical.

The commission exempted the following Permian Basin wells:  
Seminole field, Gaines County — By Petroleum Corporation's W. L. Pickett well No. 1.

Fullerton field, Andrews County — Placid Oil Company's E. C. Nix et al No. 1 well.  
Levelland field, Cochran and Hockley Counties — Grange-Deaton, Inc., Nos. 1, 2, 3 and 4, C. S. Dean "A" wells; Seaboard Oil Company of Delaware's J. A. Ham No. 1 and C. M. Wrenchay No. 1, and Seaboard Oil Company of Delaware and the Atlantic Refining Company's F. O. Masten No. 1.

Goldsmith field, Ector County — W. G. Rogers' TXL "A" lease, wells Nos. 1, 2 and 4, and TXL "B" lease, wells Nos. 1 and 2; King, Warren and Dye and the Bay Petroleum Company's H. E. Cummins "B" well No. 1 and H. E. Cummins "A" well No. 2; Stanolind Oil and Gas Company's H. E. Cummins "C" No. 1; The Atlantic Refining Company's Cummins "H" No. 1.

Slaughter field, Cochran, Hockley and Terry Counties — Texas Pacific Coal and Oil Company's C. J. Wiley No. 1; Texas Company's J. C. Tyner Nos. 1 and 2; Gulf Oil Corporation's Mallett L and C Company Nos. 16, 17 and 26; Petroleum Reserve Corporation's Richards Nos. 1, 2 and 3 and Maple Well No. 1; and Sam G. Dunn's Richards No. 1, 2 and 3. Slaughter No. 1 Westbrook No. 1 and Wilson No. 1.

Wasson field, Gaines and Yoakum Counties — Honolulu Oil Corporation's November well No. 9; Continental Oil Company's Wasson "49" well No. 1-D; The Bay Petroleum Corporation's Story Lynn wells Nos. 1 and 2; Honolulu Oil Corporation's Bennett "B" well No. 19 and Bennett "B" well No. 20; J. W. Murchison's M. B. Sawyer well No. 2; Texas Pacific Coal and Oil Company's Ruth Bennett A/C 2-F well No. 46; Shell Oil Company's C. B. Hudson "B" well No. 1; Plymouth Oil Company's Bennett section 614 well No. 1; Ruth Bennett "D" wells Nos. 1 and 2; Ruth Bennett "G" well No. 1; Morrison and Woods wells Nos. 1, 2 and 3, Woodard well No. 1.

Also Stanolind Oil and Gas Company's James H. Lynn wells Nos. 1 and 2; Shell Oil Company's W. M. Moore well No. 11 and Wasson "E" well No. 7; Woodley Petroleum Company's Mattie M. Farmer well No. 1; Tidewater Associated Oil Company's Waples-Platter wells Nos. 1 and 2; Trinity Production Company's F. R. Bennett wells Nos. 1 and 2; American Liberty Oil Company's E. P. Stanford "B" section 792 wells Nos. 1, 2 and 4; Amerada Petroleum Corporation's Mathews well No. 1; Drilling and Exploration Company, Inc. A. J. Davis "B" No. 1, E. Randall "B" No. 1, L. D. Roberts "B" Nos. 1 and 2, Lanne-Hill Brothers "A" Nos. 1 and 2.

**EMERGENCY SURGERY**  
Donald Wallace, eight, of 318 West Hart Street, underwent an emergency appendectomy Monday night in Western Clinic-Hospital.

**NLRB Complains  
At Treatment By  
Fifth Appeals Court**

WASHINGTON—(AP)—The National Labor Relations Board has protested to the Supreme Court that it isn't getting a fair deal in the fifth Circuit of Appeals, which takes in six Southern states.

The complaint is made by Solicitor General Philip B. Perlman in petitions appealing five labor cases from the appellate court. Perlman said the cases were not ones which ordinarily would be carried to the tribunal but would bring to the court's attention the special seriousness of the board's enforcement problems in the court below.

Under the law, the labor board must go to the courts for enforcement orders.

Perlman cited what he called a "pattern of denial" of NLRB rights in the Fifth Appeals Court and said the "inordinately large number" of labor cases before it "bodes ill" for those now in lower courts.

The Fifth Circuit Court handles cases in Georgia, Florida, Alabama, Mississippi, Louisiana, Texas and the Canal Zone. It is headed by Judge Joseph C. Hutcheson, Jr., of Houston, bitter critic of NLRB.

**FINGER AMPUTATED**  
Robert Willis of 2406 Elizabeth Street underwent an amputation of a finger Monday night in Western Clinic-Hospital. The finger was mangled in a machine, according to the hospital report.

**LEAVE HOSPITAL**  
Mrs. E. A. Seay and baby son have returned to their home from the Women's Hospital.

**Midlanders Flock To Six School Carnivals  
And Enjoy All Varieties Of Hallow'en Fun**

By FRANCES HAGAMAN

All Midland turned out for the Hallow'en Carnivals Monday night. Old and young alike played games, "egg" fights, "spook house," and through the "spook house," and at the fish pond and came up with live goldfish and stood in line for their supper while parents tried to keep up with children and both barker's attempted to vend their wares above the noise.

The Parent-Teacher Association sponsored festivities were held in North, South and West Elementary, Junior High, High and Terminal Schools.

Junior High youngsters flocked to the "Hit the Teacher" booth near the door of the gym. Two teachers, with their heads through holes in canvas backdrop, were dodging the rubber balls being thrown by would-be avengers. From the far corner came shrieks from those sliding down the chute that was the only entrance to the Spook House in the basement.

**Rubber Masks**  
Mrs. Raymond Leggett, P-TA president, was running from booth to booth trying to keep everything in order and Mrs. Billie Gilbert was watching the activities while waiting for her daughter, Patricia. Mrs. L. S. Page came out from the spook house to watch after her son, Danny, and George Stewart was looking as if he had lost his wife, who was a booth worker.

The most popular costume devices seemed to be the rubber masks, new this year, which fit completely over the head and are extremely life-like. One little girl, who could have passed for somebody's aunt, had on one with yellow hair and a rather drooping face. She also wore a flowered hat, high-heeled shoes, a short skirt and striped suit jacket.

An old witch had part of a mop pinned on the back of her mask and a gorilla loped around as if looking for the jungle.

The magician at North Elementary attracted customers by doing such things as swallowing rubber balls, and the hunchback and witches in the spook house were so well-made up that even their own children didn't know them.

Mrs. Stanley Erskine, P-TA president, delighted because her turtle had won a race, commented on the Gene Autry comic book that was her prize. Mrs. Seifer, was behind the counter trying to take care of the long line waiting for food, and the Raymond Halls and Ray Gwyns were taking in all the sights.

**Doit Beauty Winners**  
The doll beauty contest at West Elementary attracted many customers and Judges Bonnie Bogardus, Dora Clarke and Estelle Brantley had a hard time picking the winners. Betty Davis won first and Nancy prize, second, in the first division for first and second grades. Honorable mention went to Suzanne Wilson, Gretchen Scharbauer, Ruth Dunnam, Janice Halton, Sandra Ascue, Mary Dean Boyd, Charles Keeper and Patti Peck.

In the second division, for third, fourth and fifth grades, Jann Ball won first and Lorraine Collins, second. Nancy Patterson, Dorothy Mae Schroch, Barbara Jane Barber, Carol Ann Oberholzer, Ginger Lee Cooper and Ann Guthrie won honorable mention.

Food at this carnival ran out early, and by 8:15 p.m. the cake walk booth was empty. Mayor Bill Cate, He was accompanied by his children, Carol and Billy. B. R. Forman was waiting for daughter Nancy and Mrs. R. E. Morgan was taking in all the attractions. Mrs. Jany prize, Mrs. Seifer, was behind the counter trying to take care of the long line waiting for food, and the Raymond Halls and Ray Gwyns were taking in all the sights.

Coronation of the king and queen was the highlight of the South Elementary carnival and second graders Charlotte Woolsey and Larry Roderick were the winners. However, the museum and beauty shop were doing a big business as people milled through the halls waiting for the coronation.

Ted Kruger was trying to keep up with two rather tired little girls and while other parents hopefully but unsuccessfully attempted to get the children out the door.

The High School gym resembled the midway at a fair, with a "girly show" and a jazz band for jitter-buggers. Mary Ann Searies was playing the accordion for the cake walk and Mrs. J. M. Ratcliff was advertising the fortune tellers. Joan Turner, Mary McRae, and Joe Turner, were watching the crowd after having taken in all the attractions, and Mrs. John McKinley, carnival chairman, was trying to round up stragglers.

Everywhere it was a big success. High school of Midland out for a little Hallow'en fun.

**Baptist Convention  
Opens In El Paso**

EL PASO—(AP)—The Baptist General Convention of Texas opened Tuesday.

It was preceded by meetings of the Woman's Missionary Union and of the Baptist Brotherhood.

Hundreds of messengers were here as the church's program for the coming year was mapped.

The Women's Missionary Union reported it had added 1,287 new units during the last year. It now has the highest number of standard organizations in its history, said Miss Eula Mae Henderson of Dallas.

More than 600 delegates and directors of the WMU heard Miss Aima Hunt of Birmingham, Ala., praise Mrs. Seifer, for her courage and direction of Christianity as the components necessary for future greatness.

**Progress Reported**  
Miss Anna Censigno, an Italian attending Southwestern Seminary, Fort Worth; Mae Walf Chew, El Paso, and L. M. Huff, Jr., Sinton, spoke at the final meeting of the WMU.

Miss Henderson, executive-treasurer of the WMU, reported that 15 churches had met standards of excellence set up by the organization for A-1 full graded unions. Sixteen associations were rated standard.

B. T. Griffin, missionary to Nigeria since 1939, told the WMU delegates that Africa needs more educational, medical and religious missions.

**MIDLAND DELEGATES  
ATTEND CONVENTION**  
Representatives from the First Baptist, Baptist Churches of Midland are in El Paso this week at the annual meeting of the Texas Baptist General Convention. Opening Tuesday, the meetings will continue through Thursday.

A pre-convention session of the Woman's Missionary Union was held Monday afternoon.

The Rev. and Mrs. Vernon Yearby, Mrs. W. F. Helm and Mrs. Mae Ward are representing the First Baptist Church, and the Rev. and Mrs. A. L. Teaff, the Calvary Baptist Church.
