Shivers Lists Four Problems For Action By Special Session

AUSTIN—(AP)—The Legislature will have four specific subjects including taxation to act on when it is called into special session during the latter half of January.

Gov. Allan Shivers Wednesday announced the extraordinary session and listed these as the topics he would submit: 1. Administrative funds for state hospitals and special schools in a specific amount based on recommendations of the board studying their needs.

2. "Some start" on a building program for these institutions, based on the board's recommendations of what is most urgent and what can be accomplished immediately.

3. Buildings for the dental school and cancer research project at Houston; buildings for the medical school at Dallas "if the program is ready"; buildings for the Texas State University for Negroes at Houston, "possibly if the need is great."

4. Taxation, assuming additional revenue will be needed, on a broad base along lines of the existing omnibus tax law. Shivers said it was apparent more money would be needed, but it was too early to say how much, or to get a bill ready.

Shivers answered most questions about results of Tuesday's sessions with "no comment." "I am never surprised at what happens in an election," he said.

Shivers will be in Dallas for the annual session of the Texas Association of Life Underwriters at the regular gathering, R. J. Graham of Midland is president of the area association.

Many Awards Made In Flower Show Of Club At McCamey

McCAMEY — The Fall Flower Show sponsored by the McCamey Garden Club Saturday had many entries. Mrs. E. R. Sharpe, Allie V. Scott and John Buchanan were the judges, who were honored at a luncheon arranged by Mrs. F. E. Carter.

First place winners in horticultural classes were Mrs. T. L. Fuller for bulbs, Mrs. J. T. Gibbs for annuals (verbenas), Mrs. Fuller for exhibition type mums, Mrs. G. W. Basham for spider mums, Mrs. Basham for roses, Mrs. George Ramer for polyanthus, Mrs. K. E. McKinnon for berried shrubs, Mrs. Jack Ott for foliage plants, Mrs. Margaret Littlejohn for flowering plants, Mrs. A. J. Nelson for cacti.

A collection of cacti made by Mrs. Ramer's sixth grade pupils made an interesting special display.

Arrangements Class
First places in arrangements went to Mrs. Ramer for roadside bouquets, Mrs. L. C. Partin for roses, Mrs. Basham for annuals (petunias), Mrs. C. J. Keditors for large type chrysanthemums, Mrs. H. K. McKinnon for small-type mums, Mrs. Ramer for any flower and foliage combination, Mrs. McKinnon for branches with no foliage, Mrs. Donald Smith for vegetables, Mrs. R. M. Carroll for miniature arrangements and Mrs. B. Hawkins for table arrangements.

Mrs. McKinnon was show chairman and her assistants were Mrs. Hawkins, Mrs. Basham, Mrs. Steve Carter, Mrs. Gibbs and Mrs. Carroll.

Chi Omega Alumnae Entertained In Home Of Mrs. F. Forward

Canasta and bridge games shared the interest of Chi Omega Alumnae Association members when they were entertained Tuesday night in Mrs. Fred Forward's home. Mrs. Russell Dickson and Mrs. Herbert Marshall received the awards in the bridge games.

Garden flowers decorated the rooms, and a dessert course was served. Others present were Mrs. William H. Fryor, Mrs. J. C. Roden, Mrs. Bill Reamy, Mrs. Julien Miller, Mrs. L. Eschberger, Mrs. John Waston, Mrs. Kermit Smith, Mrs. Herschel Ezell, Mrs. David Chambers, Mrs. Fred Wright, Jr., Mrs. R. F. Carroll and Mrs. Tom Head.

Tired Kidneys Often Bring Sleepless Nights

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause swelling, headache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

★ WE, THE WOMEN ★

It Takes Two People's Effort To Create Happy Marriage

By MUTH MILLETT
NEA Staff Writer

"I'm fed up with hearing that marriage is mostly the wife's job," a woman who has been married for 10 years writes me.

"How in the world can you possibly have a happy marriage if only one of the partners is trying to make it a success?" she wants to know.

That's a good point, and one husband might give a little thought to.

Most advice to wives is based on the idea that it's the wife's job to make a marriage successful, that it's mostly her fault if it fails, and that when it does fail she has more to lose than the husband.

But is that the whole truth? Why should the happiness of a marriage be other than a fifty-fifty proposition? No matter how hard she tries a woman can't keep a marriage happy unless the success of the marriage is as important to her husband as it is to her. A woman can't be a companion to her husband unless he lets her be. She can't keep their life together fresh and interesting if he is determined to be a stick-in-the-mud.

And if the marriage falls, why should the wife get more than half the blame? After all, she is just one of the two partners. When a partnership fails, then both partners involved in it have failed, haven't they?

And does the wife actually lose more when a marriage breaks up than her husband loses?

They both have to face the sense of failure that comes from a broken marriage. If there are children—they both know they have let the children down. Both face loneliness.

Marriage is a woman's main job. But it should be a man's main job, too.

Just because he has a career shouldn't excuse a man from a fifty-fifty responsibility for the happiness of his marriage.

Look at all the working wives today who are proving that they can hold down a paying job and still not neglect their marriages. Certainly if a woman can handle both jobs successfully men ought to be able to do it, too.

(All rights reserved, NEA Service, Inc.)

Cowboy Painter's Work On Display

A display of four original paintings by C. M. Russell, famous as a cowboy artist, as well as a number of other originals by well-known American painters, has been visited by many Midland residents this week and will remain on exhibition through Sunday.

The pictures have been brought here by Dr. Carlton Palmer, who is showing them each day from 10 a.m. to 9 p.m. in Hotel Scharbauer.

With the four Russell paintings, which Dr. Palmer found in the private ownership of a Bostonian last Summer, the dealer treasures a clipping from the Helena, Mont., "Daily Herald" of May 24, 1887, giving an early and first-hand appraisal of Russell's work, which has become more famous in recent years.

Headed "A Diamond in the Rough; An Artist Under the Guise of a Cowboy, Russell's Latest Work," the newspaper story begins in the words of that day, "Within 12 months past the fame of an amateur devotee of the brush and pencil has arisen in Montana and, nurtured by true genius within the confines of a cattle ranch, has burst its bounds and spread abroad over the Territory."

It told how Russell as a boy of 14 came to Montana and worked on ranches, then began painting the ranch scenes he knew. "Mr. Russell's forte lies in depicting animated scenes," the newspaper said, and modern critics concur in this estimate of the artist.

The article described one painting, titled "Waiting for a Cinchok," and Dr. Palmer says that picture is now in a collection of Russell paintings in the artist's former home in Pasadena, Calif., and is valued by the present owner at more than \$30,000.

VISIT IN MIDLAND
Dr. and Mrs. R. E. Hubbard have had as their guests for the last two weeks his mother, Mrs. R. G. Hubbard of Toledo, Ohio, and aunt, Mrs. Floyd Brickell of Olathe, Kan. Mrs. Hubbard and Mrs. Brickell left for Carlsbad, N. M., and will visit other points in New Mexico on their way home. Mrs. Hubbard will fly to Toledo from Kansas City.

YOUTH CENTER DANCE SET AFTER BALLGAME THURSDAY
The Midland Youth Center dance will begin after the ball game Thursday night. The dance is informal and there will be no admission charge. The Center will be closed all day Friday.

Council Delegates Of Garden Addition Club Are Elected
Mrs. C. A. Newman and Mrs. O. E. Sherman were elected delegates to the County Home Demonstration Council at a meeting of the Garden Addition Home Demonstration Club in Mrs. Newman's home. Mrs. O. J. Kniffen was chosen reporter for the group.

Mrs. W. D. Roberts, assistant county home demonstration agent, gave a talk and demonstration on kitchen arrangements and curtains and also demonstrated corsage making.

Others attending were Mrs. T. M. Whitaker, Mrs. Ray Long, Mrs. Weldon Engle, Mrs. E. O. Messersmith, Mrs. Ed Galle, Mrs. D. G. Dawkins, Mrs. H. L. Pyeatt, Mrs. Sherman Chapman, Mrs. H. O. Allen and Mrs. Mae Sammons.

Coming Events

FRIDAY
Benita Dance Club will meet at 8 p.m. in the American Legion Hall.

Children's Theater, Group III, will meet at 4 p.m. in the City-County Auditorium.

SATURDAY
Children's Theater will meet at 9:30 a.m. in the City-County Auditorium.

Children's Story Hour will be at 10:30 a.m. in the Children's Room of the Midland County Library.

Moment Musical Junior Music Club will meet at 11 a.m. in the Watson Studio.

Fine Arts Club Has Program On United Nations

Accomplishments of the United Nations over the last four years were listed by Mrs. J. Howard Hodge in her talk to the Fine Arts Club Wednesday afternoon. Members met in the home of Mrs. DeWitt C. Esakin.

October 24 was the fourth birthday of the United Nations, Mrs. Hodge said, and its record of achievement, includes three regional wars stopped and at least one threat of a world war halted. The UN has helped improve world production and distribution of food, given technical assistance for economic development and sent experts to 14 countries to advise on improvement of social conditions, helped to feed millions of hungry children and to stop outbreaks of cholera and malaria.

She quoted from talks made at the corporation ceremony for the new United Nations headquarters in Manhattan, when Secretary-General Trygve Lie said, "The United Nations will succeed if the peoples, acting through their governments, insist upon unwavering support for its charter, both in acts and in words, and upon using the machinery of the United Nations to its full capacity, not only part of the time but all the time."

President Truman was another of the speakers.

Mrs. J. G. Carter, whose subject was "This Changing World," contrasted conditions in 1922, four years after the close of World War I, with those of today, four years after World War II. Although many of the world's problems are the same, she said, those of today are more complex.

She spoke especially of the huge expenditures for armaments today in comparison with disarmament efforts of 1922, and the fact that aid to foreign countries was ending in 1922, but is expected to continue several more years now.

Other members present for the meeting were Mrs. L. G. Byerley, Mrs. Tom Bobo, Mrs. Wilson Bryant, Mrs. J. Clifford Hall, Mrs. Henry D. Murphy, Mrs. Ralph Oberholzer, Mrs. Harry Miller, Mrs. Roy Parks, Mrs. Foy Proctor, Mrs. Nelson Puetz, Mrs. George Kidd, Mrs. B. R. Schabrum and Mrs. Fred Wemple.

Third Tryout Set Thursday Night For 'The Winslow Boy'

The third tryout session for pieces in the cast of "The Winslow Boy," Midland Community Theater play which will be presented December 8-10, will begin at 8 p.m. Thursday in the City-County Auditorium.

Tryouts are open to all Midland residents, whether or not they are members of the Community Theater, and roles are not assigned until the tryouts are completed. Joe Koegler, casting chairman, emphasizes.

The play will be directed by Art Cole and staged in the City-County Auditorium as the theater's last production of 1949. Admission to it will be given as a bonus to persons who become members of the theater for the 1950 season before it is presented.

Membership in the Community Theater, which gives the holder admission to productions of the year as well as the privilege of voting on officers and having a voice in the theater's policies, is available at any time. However, the annual membership campaign is conducted just before the start of each new year.

It is in progress now, with three classes of membership available. Funds from the memberships, with estimated revenue from play admissions, form the basis of the theater's budget which is presented for approval of members at the yearly business meeting in January.

The Assyrians and Babylonians made clay wall tiles and decorated them with colored glazes as early as the ninth century B. C.

SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, NOV. 10, 1949—3

Own Work Analyzed By Creative Writers Group In Meeting

Mrs. Jack C. Kimbrough discussed "Building a Character" and three feature articles written by members were read and criticized at a meeting of the American Association of University Women Creative Writing Group Wednesday night. Mrs. Joe A. Walker was hostess to the group in her home.

It was announced that Mrs. J. W. Carroll, county librarian, has made shelf space in an ante-room of the library available to the group. These shelves will be used for housing writing books and magazines which the group is accumulating through members' contributions and purchases made possible by membership fees.

Mrs. Frederick L. Conyers was welcomed as a new member of the group and it was announced that the next meeting will be held December 14 in the home of Mrs. Kimbrough, 811 North Loraine Street.

Book Reviewed In Boone Class By Mrs. Hayes

A book developing the idea that every individual should have "four-square" experience in developing into maturity was reviewed by Mrs. Russell Hayes Wednesday. She spoke at the First Methodist Boone Bible Class luncheon and the book was "I Dare You," by William H. Danforth.

The four phases of growth discussed were the physical, the mental, the social and the spiritual.

Group 4, with Mrs. Fred Forward and Mrs. J. V. Birdwell as captains, was hostess to the class in the Scharbauer Educational Building. Bouquets of mixed chrysanthemums were used for table decorations.

Blankenships Hosts To Promenaders Club For Practice Dance

G. H. Blankenship was the instructor and, with Mrs. Blankenship, host for the Promenaders Square Dance Club practice session Tuesday night in the Midland Officers Club.

H. L. Grigsby called some of the dances. It was announced that Mrs. Marie Nichols and Dixie Howell will be hosts to the meeting at 8 p.m. next Tuesday in the Officers Club.

Mr. and Mrs. O. C. Boswell and Mr. and Mrs. R. L. Mackey were guests of the group and other members attending were Mrs. Grigsby, Mr. and Mrs. Troy Morris, Mr. and Mrs. A. J. Olsen, Mr. and Mrs. Charles Patterson, Mr. and Mrs. Floyd Bell, Mr. and Mrs. H. L. Robinson, Mr. and Mrs. Austin Burch and Mrs. Nichols and Howell.

Tri-Deltas Postpone Meeting For Week

The Delta Delta Delta Alumnae Association, which regularly meets on the second Thursday of each month, will not meet Thursday because of the large number of members who are out of the city.

The group will meet at 7:30 p.m. November 17 in the home of Mrs. Dayton Bliven, 209 East Banner Street, to discuss plans for the Christmas party and Christmas welfare work.

All Midland tri-Deltas are urged to attend this meeting.

Social Situations

SITUATION: You go to the movies with a young man.
WRONG WAY: You step aside as you get to the theater aisle and let him go down the aisle first.
RIGHT WAY: You walk down the aisle first.

Piles Hurt Like Sin! But Now I Grin

Thousands change groans to grins. Use a doctor's formula to relieve discomfort of piles. Sent druggists by noted Thornton & Minor Clinic. Surprising QUICK palliative relief of pain, itch, irritation. Tends to soften, shrink swelling. Use before you get to tube. Excision, & Milder's Recent Advancement of Rectal Supporter today. Follow label directions. For sale at all drug stores everywhere. In Midland at Cameron's Pharmacy.

Mrs. Roush Hostess To Scout Leaders

Camp plans for 1950, troop registration and a leaders' training session in folk dancing and music were discussed by the Girl Scout Leaders Club of South Elementary School in a meeting Wednesday morning. Mrs. Bill Roush was hostess in her home.

Members planned to attend the training session Thursday afternoon. Each leader was asked to find how many girls in her troop plan to go to the Permian Basin Area camp in the Davis Mountains next Summer. Mrs. Roush served doughnuts and coffee to Mrs. D. G. Dawkins, Mrs. C. O. Fredregill, Mrs. H. L. Helbert, Mrs. B. B. Leston, Mrs. Fred Brashers, Mrs. F. W. Darr, and Mrs. L. D. Towery. The next club meeting will be held December 8 with Mrs. Dawkins.

Blankenships Hosts To Promenaders Club For Practice Dance

G. H. Blankenship was the instructor and, with Mrs. Blankenship, host for the Promenaders Square Dance Club practice session Tuesday night in the Midland Officers Club.

Regionalism In American Life

America is a land of 3,000,000 square miles, with probably more variety of climate, terrain and resources than any area of similar size anywhere.

For this we can thank the movies, the radio, the automobile, the railroad, the airplane and now television—all the influences which draw us together and tend to level out our differences.

Insofar as this still-widening contact among Americans leads to deeper understanding and greater tolerance of people, it is a healthy gain. No nation as big in territory as the United States has the unity of spirit we have.

This unity, this mutual understanding make for the free flow of people, of ideas, of resources and goods across state lines. The result is the general enrichment of the entire nation. Contacts beget more common understanding.

But there is another side. Many potentially rich ingredients of American life are blotted out by the uniformity which spreads itself through our entertainment, our social activity, our daily habits.

Now we can't throw all our modern inventions into the discard and go back to living in ignorance of each other's problems and interests. These powerful influences for unity—and standardization—are here for good.

Still, a lot of social scientists think the American people ought not to succumb completely to a process which could rob their lives of all real social individuality.

Regionalism is a term meant to express the bond in habits and ideas that exists among people of particular sections of the country.

They say that even though standardization has made heavy inroads, striking differences persist in every distinct region of the United States.

Regional folk music, art, and literature; habits of cooking and eating; manners of speech; unusual social customs; religious practices; distinctive educational features; these are samples of the characteristics the scientists have in mind.

But they don't want to exalt these traits and particular regional problems above national needs. They believe regional life should be thought of as contributing varied detail to the big national canvas.

The scientists distinguish regionalism from sectionalism, defining the latter as a narrow concentration on area interests at the expense of wider concerns.

To use this force calls for conscious effort. People in New England, the South, the Middle West and elsewhere must look closely at their way of living now and as it once was.

Only thus, say the regional experts, can these fine influences be made strong enough to resist the constantly encroaching standardization which finds its way into almost every corner.

Albert Fitzgerald, president of the red-tinted United Electrical Workers (CIO), has been chucked out of his local union in Lynn, Mass.

Unfortunately, this ouster does not disqualify him from holding office in the international union. But the CIO seriously is considering giving the Lynn folks an assist.

It may eject the UEW from the parent group at the coming CIO convention in Cleveland.

Good Example

Albert Fitzgerald, president of the red-tinted United Electrical Workers (CIO), has been chucked out of his local union in Lynn, Mass.

Unfortunately, this ouster does not disqualify him from holding office in the international union. But the CIO seriously is considering giving the Lynn folks an assist.

It may eject the UEW from the parent group at the coming CIO convention in Cleveland.

Gunning For Five Per Cent

A new book coming out on John L. Lewis notes that back in 1937 the United Mine Workers chieftain accounted for 4.2 per cent of all news space in major American dailies.

Nowadays when Lewis stirs up a new fuss in the coal industry you can't be sure whether he's deeply aroused or just trying for a new record in column-inches.

It's illegal in Alabama to sprinkle salt on railroad tracks. That's a heck of a way to catch a train, anyway.

'Whaddya Mean I'm Overdrawn?'

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND. (Copyright, 1949, By The Bell Syndicate, Inc.)

Drew Pearson says: GOP bickering contributed to rare campaign cupboard; Truman rewards Senator Langer's nephew; U. S. government helps U. S. Steel Corporation despite its opposition to Truman labor policy.

WASHINGTON—Resignation of isolationist insurance man James Kemper as treasurer of the GOP National Committee was dressed up as a high-sounding smoke-screen about foreign policy in order to cover up a bitter personal GOP feud.

His latest proposed acquisition is a government wartime shipyard at Orange, Texas, which it plans to convert into a factory for making steel pipe for the oil industry.

How many presidents' fathers lived to see their sons take office? A—Three. John Adams, father of John Quincy Adams; Dr. Harding, father of Warren Harding; and John Coolidge, father of Calvin Coolidge.

What is the meaning of the words "radar" and "jato"? A—Both are manufactured words designating military devices. Radar—radio detecting and ranging; jato—jet-assisted take-off.

Unless we understand the American dream it may become the American nightmare. Dwight Eisenhower, president of Columbia University.

The human family has reached its hour of destiny, and must now decide whether its scientific developments are to be used for an age of peace and plenty or for war.—Lord Boyd Orr, 1949 Nobel Peace Prize winner.

ABILENE—The Advisory Committee for the ex-students' association of McMurry College will assemble Friday with Garnett Gracy, president of the exes.

CAA Chief Del Rentzel has called in Navy and Air Force leaders to iron out air traffic problems in the hope of preventing future disasters. The CAA is in charge of patrolling the always and ever hand out traffic tickets for air violations.

Some folks were surprised when Senator "Wild Bill" Langer, Republican, praised President Truman, Democrat. But it was the President who appointed Langer's nephew, Morgan Ford, as judge of the United States Customs Court in New York.

FISHER HEARING SET AUSTIN—(P)—The Railroad Commission has announced public hearing December 16 on the application of A. G. Hill and Walter Dunsen for discovery of allowable rights, new field designation and special field rules for the reservoir of their W. P. Bomar well No. 1, T. H. Ostry survey, section 315, block 20, Fisher County.

McKenney on Bridge

By WILLIAM E. MCKENNEY America's Card Authority

No visit to the Cavendish Club in New York would be complete without a hand from Howard Schenken and today's hand is one he gave to me the other night.

In this particular rubber, Schenken's opponents had been holding all the cards and he was behind. As the bidding on today's hand proceeded he knew that they had a pretty sure slam.

South West North East Pass Pass 1 0 Pass 2 0 3 0 Pass 3 0 4 0 None None 5 0 Pass 7 0 Double Pass Pass 7 0 Double Pass Pass Pass 10 10

North supported the heart suit. Schenken felt sure he had at least four hearts. When North bid four hearts and South had shown the ace of clubs, he felt quite confident that now they would make it. There was only one possible chance for him to salvage this hand. That was to give North a chance to make a mistake.

When was Germany first unified? A—in 1871 the German Empire came into being with William I of Prussia as emperor.

Do all American holly plants have berries? A—If the plant is male it cannot bear berries. Even a female plant cannot develop its berries unless a male plant to pollinate the flowers is located nearby.

How many presidents' fathers lived to see their sons take office? A—Three. John Adams, father of John Quincy Adams; Dr. Harding, father of Warren Harding; and John Coolidge, father of Calvin Coolidge.

What is the meaning of the words "radar" and "jato"? A—Both are manufactured words designating military devices. Radar—radio detecting and ranging; jato—jet-assisted take-off.

WASHINGTON COLUMN

Nation's Capital Is Quiet Now; Even Taxi Drivers Are Polite

By DOUGLAS LARSEN NEA Staff Correspondent

WASHINGTON—Almost for the first time since the war this town resembles a normal community, what with Congress out of town and everything relatively peaceful.

It seems like a good time to make a report on the status of the city for the benefit of the millions who passed through here in the process of winning the war, and who haven't been back since.

You wouldn't recognize it as the same place. Start with Union Station, which you probably saw first unless you arrived by plane or hitch-hiked.

Except for special holidays it's practically deserted. They've thrown away the heavy maroon cord that used to keep crowds out of the dining room and coffee shop. Almost nobody goes in the station bar. No MP's around. No Shore Patrol. No line for a showplace. Only two showpiece boys. No fight for a taxi. There's the big change.

They're looking for customers instead of avoiding them. No seas all the way to your destination. No flat demand for a tip. Occasionally a thank you. Correct change. You can even ask the driver not to pick up extra fares along the way if you're in a hurry.

Fancy New Buildings All the fancy new buildings would knock your eye out. You wouldn't believe the number of tremendous apartments which have gone up on every vacant lot. And all the way out past suburban Silver Spring and into Virginia and Maryland they're building more of them.

Across from Dupont Circle there's an all-glass job that's really slick. Getting an apartment still isn't too easy right now. They're advertising some of the ones further out. But by the looks of things you'll be able to take your pick in six months, even in the Dorchester.

New modernistic office buildings are springing up every place you look. And the old ones all have been sandblasted to look like new. The whole city has a new, complete face-lifting. There are two brand-new bridges over the Potomac and an underpass is just about finished at Dupont Circle.

No queues in any of the restaurants or lots of new restaurants. No queues at any of the movies.

THE DOCTOR SAYS Excitement Is Apt To Heighten A Stuttering Child's Condition.

By EDWIN F. JORDAN, M. D. Written for NEA Service

Stuttering, sometimes called stammering, is a common condition. It has been estimated that there are about 1,300,000 people who stutter in the United States.

Stuttering is a nervous or emotional disorder. The exact cause is not known. Probably some children are born predisposed to the disorder. That is, they may be called a "stutterer-type." Stuttering is not inherited but the nervous constitution which makes for susceptibility to this speech difficulty probably is inborn.

Children of the "stutterer-type" may live for a long time without developing any speech defect unless they have some shock or accident which upsets their nervous system.

Then something happens which brings out the difficulty for the first time. Also set plays some obscure part as there are almost five times as many boys who stutter as there are girls.

There are two stages in the development of stuttering. The chances of stopping the trouble are much greater in the first stage before the child develops anxiety and feelings of inferiority. A stuttering child never should be punished with a hope of breaking him of the habit. They can't help it. The treatment at this stage is principally to slow down the pace of living and remove as much excitement and tension as possible. Family games, amusements which are too exciting, and similar stimulations, should be avoided.

A great deal has been learned about stuttering and its treatment in recent years. When treatment is begun early the results are often astonishingly good. Many famous people have suffered from speech defects, including Moses, Aristotle, Virgil, Charles Lamb, and Clara Barton, the founder of the American Red Cross. Great accomplishments can, therefore, be made in spite of a speech defect of this sort.

The CAMEO By Virginia Teale

slammed the door, she was jerking at herself. "So far, old lady, you've behaved like a stupid cat worrying at the tail the lizard has left behind." She climbed the steps on Martin's porch. "Well, here's hoping it's not too late to catch the lizard!"

Hagar saw a light inside and pounded on the door. "Falter? Hey, it's me! Hagar. I've come to talk business." She leaned against the door. It creaked open about two feet and stopped.

She stepped inside and looked around. "Where's the pigsty? There was a bottle of red wine overturned on the floor and a murky pool had spread out, around and under it.

Probably lying drunk on his bed, Hagar decided, and made up her mind to prove it. She approached the half-open door of what she judged would be the bedroom and peered inside.

She froze for a few seconds, then her body jerked up into boardlike stiffness and she tottered backward into the study.

Though she could not now see through the bedroom doorway, the picture on the other side was photographed on her brain.

Martin Falter, in blue and white striped pajama trousers, sprawled across the bed, the hair on his neck chest matted with glistening dark red, his head rolling on the edge of a round pillow-bolster, and the whole dreadful tableau startlingly illuminated by the light of a fluorescent reading lamp.

Her eyes lost their look of vacant horror and became only appalled and curious as they darted over the disordered study. Except for the spilled wine, Hagar thought, there was no sign of a fight. She noticed, then, that the front door was wide open and went over to close it. She reached for the knob, paused a moment and pushed the door closed with

her foot. Clinking up her nerves, she decided to look for the cameo in the bedroom. Taking a pair of gloves from her pocket, she slipped them on and walked through the bedroom door on tiptoe and closed it behind her. She kept her eyes off the bed as much as possible.

ON the floor, near the closet door, she saw an open suitcase a number of clean shirts and socks were strewn around it. Hagar concluded the bag had been already searched and turned her attention to a wardrobe chest opposite the bed. She examined the contents of the drawers and found but a few odds and ends of clothing.

Slowly then, her eyes averted, she advanced toward the bed. She crouched beside it and, feeling as though she were about to touch a dead snake, slid her hand under the pillow bolster. There was nothing tucked away there, and she was about to withdraw her hand when she realized that the area under the pillow was hard and smooth rather than resilient. She pressed her fingers down on what seemed to be a wood panel, about 10 inches wide which extended from her edge of the bed to a point almost halfway across. She sat back on her heels and considered. There seemed to be a rectangular piece cut out of the mattress, and in the hole there seemed to be some sort of compartment or box resting on top of the springs. Hagar realized that there was no way of exploring this further without moving Falter's body. She shivered. Then, warily, she unhooked the sheet from the side of the bed and peered underneath. Fitted snugly between the mattress and bedstead was a gray wooden box of a type used by carpenters to carry tools. Hagar slid her hands in on each side of it and pulled— it slid forward quite easily. Hagar glanced up at the bed and her stomach churned. The pillow bolster was settling as she moved the box from beneath it and Falter's head and shoulders had begun to slant toward her. (To Be Continued)

'Carnegie Hall' Run Will Close Thursday

Showings Thursday night in the Yuca Theater will close the run of "Carnegie Hall," film with music which is being sponsored in Midland by the Civic Music Club.

The club, which each year sponsors programs by musicians in person, decided to bring the movie here because it presents 14 of the top musical stars of America, appearing as themselves and performing compositions of the classical masters as well as some new selections in modern tempo.

Unlike most films with music, this one presents selections in entirety—complete symphony and concerto movements, arias and instrumental solos. Most are familiar favorites, but some are compositions heard less often.

Lily Pons, Edio Pina, Jan Peerce and Rise Stevens are among the vocal soloists, with Vaughn Monroe for variety. Jascha Heifetz, Fliegorsky, Arthur Rubinstein and Harry James play solos on their various instruments, and the noted conductors in charge of orchestra music include Stokowski, Damrosch, Reiner and Walter.

The plot, a slight one as is expected in musical movies, is carried by Hollywood stars Marsha Hunt, Frank McHugh, Martha O'Driscoll and William Prince.

Woman's Society At Rankin Has Program

RANKIN—World Community Day was observed by the Woman's Society of Christian Service in the Methodist Church recently. Each member brought a length of material to be sent to the needy overseas in a project sponsored by the World Council of Churches.

Mrs. Walton Harral directed a panel discussion on "Needs of the World Community." Panel members were Mrs. D. S. Anderson, Mrs. Clint Shaw and Mrs. Hamp Carter.

"Old at 40, 50, 60?" — Man, You're Crazy

Outdoor Meetings, Election And Projects Interest Girl Scout And Brownie Troops

Outings for two troops, election of officers in another and plans for future projects including Christmas activities, marked meetings of Girl Scout and Brownie troops Wednesday afternoon.

Bonnie Gay Blackwood was elected president of Brownie Troop 17 for a six-week term at a meeting Wednesday afternoon in the West Elementary School.

A cookout in Cloverdale Park, held on the regular meeting day instead of on Saturday as a part of National Girl Scout Week, entertained girls of Brownie Troop 5.

Mrs. Fleming Named To Class Office

McCAMEY—Plans for the Christmas social meeting were begun and Mrs. A. C. Fleming was elected personal ministries vice president at a recent meeting of the First Baptist Ruth Class in the home of Mrs. S. R. Braly.

Mrs. Braly gave the opening prayer and Mrs. George Thompkins, the devotional. The scripture reading was by Mrs. T. C. Christian.

Do-Si-Do Club Adds Members

A group of new members was welcomed into the Do-Si-Do Square Dance Club at a meeting Wednesday night in the American Legion Hall.

Weight 20 More Pounds Below

HOLLYWOOD—(AP)—Ava Gardner, wearing hoopskirts and petticoats for "Carriage Entrance," weighs 20 pounds more below the waist than above. Her costumes are so delectable that, above the waist, each weighs four ounces.

Facial Burns Treated

Mrs. E. J. Cooley of 1041 1/2 West Kentucky Street was treated Wednesday at Western Clinic-Hospital for facial burns. The burns were caused by steam from a cooker, the hospital report shows.

Child Treated

Beverly Carroll Bunch, three, of 605 South Dallas Street, was given medical treatment Wednesday night in Western Clinic-Hospital.

Midland Electric Firm Gets Charter

AUSTIN—(AP)—Domestic charters issued here include: Burton Electric Company, Inc., Midland, Merchandise, \$10,000. Incorporators, Jack E. Burton, J. E. Burton, Jr., Tylena Burton.

Revival To Start

E. H. Miller of LaGrange, Ga., will be the evangelist for a revival meeting in the Church of Christ at 907 South Terrell Street. The first meeting will be held at 7:30 p.m. Saturday and the public is invited.

Four Texans Named To API Positions

CHICAGO—(AP)—Four Texas oilmen were elected to positions in the American Petroleum Institute at a meeting here Wednesday.

Paint Performs

NEW paints can do almost everything! With but a stroke of her brush any housewife can paint frosting on glass, chrome finishes on fixtures, de-skid a walk and fake a hand-rubbed gloss on furniture.

This housewife (upper left) brushes new frosting paint on her clear glass balcony windows to make their transparency opaque for privacy. A cheese cloth pad will mottle the surface so that when the simple paint-job is dry it will pass for expensive frosted glass.

More strokes of the paintbrush dipped into another type of paint eliminate the hazard of slippery steps around the kitchen (right). Housewife uses a bright floor enamel containing non-skid compound which she can also use on her cellar floors.

Her table (center left) bought unfinished, takes on a hand-rubbed lacquer finish with two coats of a new paint application that produces a satin lustre without sandpaper or waxing.

Tea-Shower Given For Mrs. Holcomb

RANKIN—Mrs. Lawrence Holcomb was honored at a luncheon and tea Tuesday afternoon in the home of Mrs. Tom Workman.

Yellow chrysanthemums, arranged with yellow candles on the buffet and with fern and yellow ribbon on the tea table, were used in bouquets about the rooms. Mrs. C. J. Holcomb and Mrs. Ella Barfield made the flower arrangements, and Mrs. H. J. Romine made the tiny crocheted baby bonnets that were given as favors.

Guests included Mrs. Walton Poage, Mrs. E. D. Yates, Mrs. Frian Roody, Mrs. Tommy Workman, Mrs. Ted Hogan, Mrs. E. C. Huxley, Mrs. Clay Taylor, Mrs. Boyd Cox, Mrs. M. O. Wheeler, Mrs. C. E. Wheeler, Mrs. Jim Miller, Mrs. R. O. Sikes, Mrs. R. H. Johnson, Mrs. D. S. Rugged Cowboy

Carl Rollins, 30-year-old ex-army captain, is a remarkable ball-carrier, but is appreciated most for his rugged blocking. This Wyoming Cowboy will trade punches with Baylor's Adrian Burke at Waco Saturday.

Seventh Grade Plays Stanton Thursday; Odessa Saturday

The Seventh Grade Bullpups of John M. Cowden Junior High School were scheduled against the Stanton Buffalo Calves at 3:30 p.m. Thursday in Memorial Stadium.

The Pups were seeking their second victory of the season over the Stanton Juniors.

Coach Charles Tubbs Thursday announced the Seventh Grade will play the Odessa Seventh Grade eleven at 10:30 Saturday in Memorial Stadium.

The game previously had been canceled but was rescheduled Thursday. It will be the last game of the season for the Seventh Grade Pups.

6—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, NOV. 10, 1949

Wink At Kermit Friday Night Is 5-A Tilt Of Year

Teams in District 5-A have been battling all season for the title in that conference but they could have saved themselves the trouble. It'll most likely be decided in a single game Friday night in Kermit.

The Kermit Yellowjackets play host to the rampaging Wildcats from Wink.

Every year the battle between the two Winkler County Schools is an important and hotly-contested piece of business. But never before has it been as important as it will be this Friday night.

Wink currently is leading 5-A by a half-game over Kermit and Andrews. If Kermit can spring Rick Spinks often enough and get its potent passing attack to working well enough to defeat the Wildcats, the title will be split between Andrews and Kermit.

In a case like that, the District Athletic Council likely will have to be called in to decide which team will represent the district in the state race. Kermit and Andrews battled to a 12-12 deadlock earlier in the season and each has lost a game.

Looking at the other side, Wink can win undisputed possession of the title by locking Kermit—barring upsets. The Wildcats will have Crane to beat in the final game of the season. At present, it appears that final task will be taken in stride, however.

Considering all angles, we can't see much difference in the two teams. Both are offensive and defensive-minded. Both are well-stocked with capable reserves.

Kermit will be playing at home, which is considered somewhat of an edge. But, Wink has Bud Rollins and Pat Drumm where Kermit can boast only Rick Spinks as a true break-away threat. Rollins and Drumm both can score from anywhere on the field if they get an inch ahead on the opponent.

Kermit probably has a little the stronger line. That seems contrary to the records, however, when we look back and see that Monahans went through the 'Jackets for 14 points and victory on the Kermit field.

Taking a shot in the dark, we pick Wink.

Crane At Monahans
Crane, the team that replaced Monahans in fourth place in the standings last week, will have its hands full at Monahans. The Golden Cranes stopped McCamey to gain fourth. At the same time, Monahans was taking a licking from Gordon Wood's Seminole Indians.

Again, giving the home team an edge, we take Monahans. If we're wrong we will apologize.

Andrews, the team that stands to profit by a Kermit win over Wink, won't have a breeze when it plays host to McCamey's Badgers. The Mustangs are too much for the slow-moving McCamey eleven but will have to keep on the ball to come through with the big end of the score.

Seminole Over Denver City
Seminole should have it easy in Denver City. The Indians are stronger than at any time this season due to the return of several injured first stringers from the sick list.

Denver City hasn't notched one win yet and it looks like an even longer time until victory will be possible.

Pecos travels to Fort Stockton for another tilt where the visiting team should take honors without so much as working up a sweat. The Panthers have beaten only Denver City. Pecos has lost more than one but still has good offensive material in Jerry Fairley and George Christian. It'll be the Eagles by four touchdowns.

The standings:

Team	W	L	T
Wink	6	1	0
Kermit	6	1	1
Andrews	5	1	1
Crane	2	2	1
Monahans	4	3	0
Seminole	3	2	2
Pecos	3	4	0
Fort Stockton	1	5	1
McCamey	1	5	0
Denver City	0	8	0

Nels Stewart of the Montreal Maroons scored two goals in four seconds against the Boston Bruins in 1931 in Montreal.

Teams Evenly Matched For Thursday Night Encounter

The Midland Bulldogs and the Big Spring Steers, rated an even match practically all the way, tangle in a non-conference football game at 8 p.m. Thursday in Memorial Stadium. The two rivals, for many years members of the same conference, this season are in different districts but the fire still is there.

The 1949 records of the two teams are almost the same. Big Spring has won three games while Midland has won just two. Both teams are building for the future.

Midland will hold a slight advantage in weight against the Steers. Tackles Bob Wood, John Steinberger and Alfred Baze give the Purple an advantage in that department. Jack Mobley and Dalton Byerley will not match the Steer guards on the scales. Jimmy O'Neal at 180 pounds will outweigh the Big Spring center.

At other positions the teams are about even. The ends will weigh out about the same but Big Spring will hold an advantage in terminal speed. However, Midland has five end candidates who are capable and may take an edge in depth.

Coach Carl Coleman hasn't exactly announced it but it has leaked out the Steers may take to the air in Thursday night's battle. Robert Cobb, a coming passer for the Steers, may be the man with the ball. He is being groomed for heavy duty next season as a tosser and probably will be inserted in this non-conference tilt for the experiment.

Howard Washburn and Floyd Martin, quarterbacks for the Big Spring T formation, both are nursing leg injuries but are expected to be ready for some duty.

Amos Jones is the leading ball carrier for the Steers. He is fast and can shake, according to scouts.

Big Spring runs an assortment of offensive formations, including a tandem and flanker plays.

Midland will stick to the single wing most of the way. Some work has been done on a spread but it likely will not be used in this game.

Bulldogs Injured
Jack Burris, L. C. Thomas, Charles Crowley and Reed Gilmore will be in the starting backfield. Ralph Brooks will be in an out. He probably will do more ball carrying than he has in any game this season.

Injuries and sickness have taken a toll among the Bulldogs this week and will weaken the line considerably. Stan Coker, 200-pound defensive tackle, definitely will be out of the lineup. He is nursing a sprained ankle.

Alfred Baze has been in bed with a cold but reported for work Wednesday. He probably will play some but will not be at his best.

Luther Mooney also has a leg injury. He may get in for a few plays. "Shoot The Moon"

Both clubs will be "shooting the moon" in the ball game even though it is a non-conference affair. A certain amount of rivalry will be the need of a win to strengthen their records will make for a hot contest.

The probable starting lineups:
MIDLAND
ENDS — Linebarger and Smith.
TACKLES — Wood and Steinberger.
GUARDS — Mobley and Byerley.
CENTER — O'Neal.
BACKS — Gilmore, Crowley, Burris and Thomas.

BIG SPRING
ENDS — Armistead and H. Jones.
TACKLES — Laswell and Portenbarger.
GUARDS — Cunningham and Drake.
CENTER — Axtens.
BACKS — Martin, Cannon, A. Jones and Tubb.

Hearing On Van Horn Suspension Slated Wednesday

AUSTIN — (AP) — A hearing on whether Van Horn should be suspended from Interscholastic League six-man football will be held by the league's Executive Committee next week.

The committee Wednesday scheduled the hearing for 2:15 p.m. next Wednesday.

A petition from district committee representatives of the other four schools in District 6 six-man football asked the suspension on the basis of two charges: 1. That Van Horn submitted incomplete information on a player's eligibility; 2. That Van Horn players and fans have shown unsportsmanlike conduct.

The other schools are Fort Davis, Tornillo, Marathon and Sierra Blanca.

T. A. Parker and Norman Breed, Van Horn's superintendent and coach, respectively are expected to answer the charges, a league spokesman said.

Paint Puddlers Must Eat Pancakes To Pay Damages

DEFIANCE, OHIO — (AP) — If DeFiance College students eat enough pancakes and sausage Thursday night, they may have enough money to "rebuild Findlay College."

The fund-raising pancake enterprise is the last of several aimed at raising \$212, that's the amount for which Findlay College billed the Defiance Student Council.

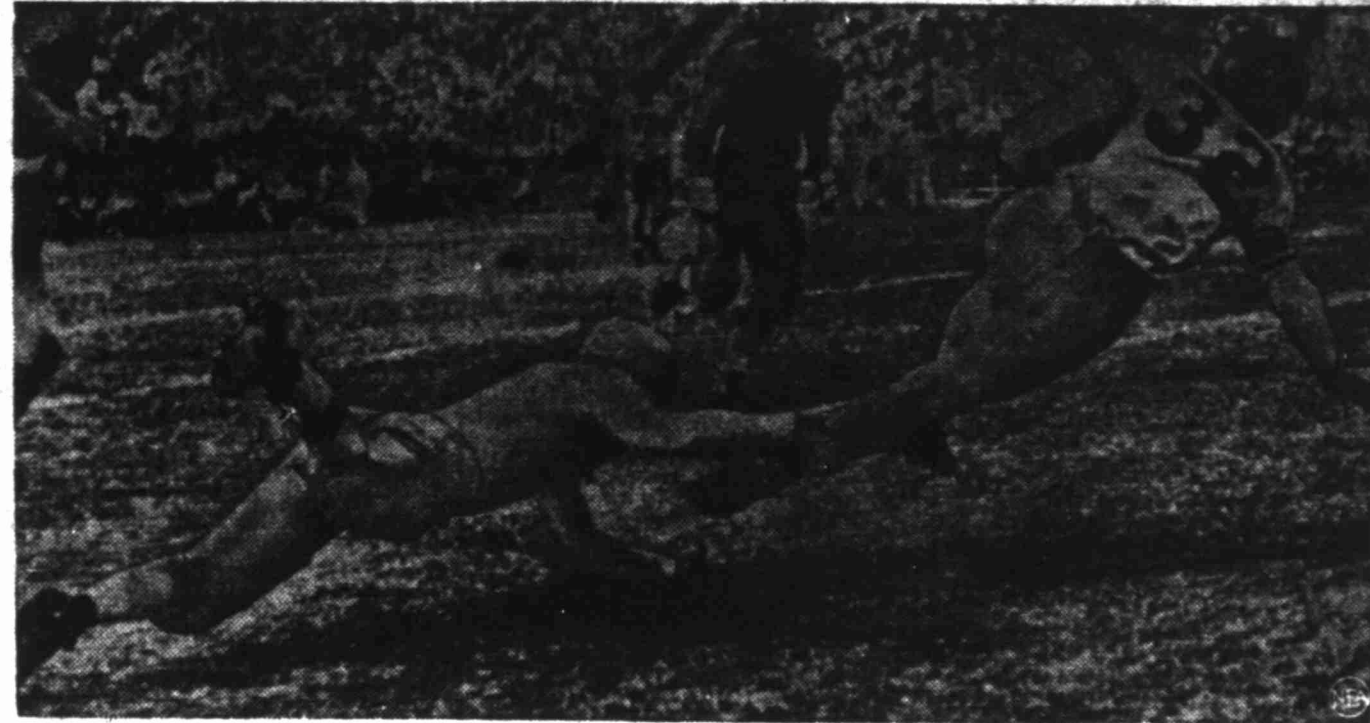

Seems there was some paint smeared around on various exposed objects on the Findlay campus the night before the October 25 football game between the schools. Findlay's bill was for cleanup expenses. More than \$100 has been raised so far on the Defiance campus through the sale of tags labeled: "I am helping rebuild Findlay College."

The Greek Letter Council hopes Thursday night's supper will raise the rest of \$212.

Incidentally, Findlay won the game 13 to 6.

TOGETHER AGAIN
MINNEAPOLIS — (AP) — Three players who helped DePaul win a national college cage title several years ago are now playing together again with the Minneapolis Lakers of the National Basketball Association. Big George Mikan has been joined by Whitey Kachan and Gene Stump.

Stumbling Block

Catching on by one hand, Bob Watson of UCLA tackles California fullback Pete Schabarum after latter caught 10-yard pass in Los Angeles Coliseum. California downed the Uclians 35-21 to continue all-winning ways.

SPORTSLANTS

BY SHORTY SHELburnE

It appears the District 3-AA title for 1949 will be settled once and for all when the Odessa Bronchos and the Lubbock Westerners collide in Odessa Friday afternoon.

Lamesa, considered the only other team likely to hand out any trouble, has fallen to both Odessa and Lubbock.

Midland went down before Odessa and can only hope for a major upset when it meets the Westerners in Memorial Stadium the night of November 18.

The Bulldogs at present are riding in third place in the district standings, having lost one to Odessa and won one from Brownfield.

The Bronchos are in first place with two conference victories and no defeats.

Lubbock rates the same in the percentage column but has played only one game in the district. That was a lop-sided win over Lamesa.

Brownfield, with one loss and no wins, is a step above Lamesa which has dropped two.

However, Lamesa is rated far superior to the hapless Cubs. The Tornadoes will be favored by three touchdowns against Brownfield at Odessa Friday afternoon.

Midland gets the Dawson County eleven in the last game of the season. The outcome of the tilt will determine third place in the standings, more than likely.

So far, the first season of play in the new 3-AA conference has produced few unexpected happenings.

Lubbock and Odessa were rated the powers before the season opened. Lamesa turned out a little stronger club possible than was expected.

Brownfield was an unknown to this part of West Texas and has showed little promise.

Midland, rated not-too-strong in pre-season dope, was of unknown

BOWLING

Tommie's Electric showed a sudden burst of power in the City Major Bowling League last week and broke all records for the year. In hanging up the new marks, the electricians bounced Houston Hill out of first place by winning three straight.

Tommie's rolled 947 for a new single game record and 2,736 for high series.

Joe Clark of the Electric team took individual high series with a 587. Hillin of Mes-Co won high game with a 227.

Mes-Co downed Banner Creamery in three. The Reporter-Telegram took two from Dunagan Sales and Permian Mud Service won two from Pabst.

The standings:

Team	W	L
Tommie's Electric	16	8
Houston Hill	14	10
Permian Mud	14	10
Pabst	13	11
Dunagan Sales	13	11
Mes-Co	13	11
Banner	8	16
Reporter-Telegram	5	19

Every team in the National Hockey League won more games than it lost at home in 1948-49.

Damages Awarded In Player's Death

CLEVELAND — (AP) — The family of Leon Balser, former minor league baseball pitcher killed in a railroad accident here Jan. 11, 1947, was awarded \$20,000 in court Wednesday.

Balser at one time was a member of the Henderson, Texas, Oilers in the East Texas League.

The award must be paid to Balser's brother, Charles, of Cleveland by the Nickel Plate Road. While working for the NKP as a switchman, Balser was crushed between the couplings of a shifted locomotive and a box car in the yards.

Southwest Coaches Mix Smiles, Groans

By BOB JOHNSON, JR. Associated Press Staff
It's a rare thing for Southwest Conference coaches to admit their stars are ready for action—but that's what three of them did Wednesday.

Jess Neely of Rice, Bob Woodruff of Baylor and Harry Stiteler of Texas A&M were the paragons. But if football coaches were songwriters, the rest of the Southwest Conference would be bluer than Basin Street.

Even Woodruff and Stiteler added some mournful notes. Neely didn't have a complaint. S. J. (Speedy) Roberts, regular guard, returned after two weeks absence. He received a rib separation in the Texas game. Neely said the rest of the squad is in top shape, and the Owls aren't taking Saturday's game with Texas A&M lightly.

"They're showing more spirit than they have in the last few weeks," said Neely. A&M's safety man, John Christensen, out since the Louisiana State game with a shoulder injury, rejoined the team Wednesday and will play some Saturday. Stiteler's complaint was that Dick Callender will be out for sure because of a knee injury.

Baylor Bears Ready Woodruff had the best news of all. Halfback Dudley Parker, Fullback Frank Boydston and Center Gene Huebner, banged up in last Saturday's game with the University of Texas, returned to practice. But Woodruff was afraid starting Left End Stanley Williams wouldn't get into the game against Wyoming Saturday because of a bad arm.

Coach Dutch Meyers of Texas Christian could hardly believe what he saw. His reserves, using University of Texas plays, scored 10 touchdowns against his first string. Meyer was extremely displeased, as a visiting sports writer understated it. He decreed more defensive work Thursday.

Texas listed four players who see little action or none at all against the Frogs in Austin Saturday. First string end Ray Stone won't get into the game because of a groin injury. Halfback Billy Pyle, a co-captain for the game, will suit up but won't play. Tackle Gene Vykukal and Guard Danny Wolfe won't play much because of colds, said the Texas mouthpiece.

At Southern Methodist, Matty Bell switched six players back and forth in his empty defensive tackle spots. He said the line still looked weak against Arkansas' running plays and he won't make up his mind who'll start for injured Bob Vann and Bob Collier until Friday. He tried offensive starters Harold Clark and Charles Perry and Neil Franklin. Sam Atkinson, John Cheney and Kenneth Blackburn. Arkansas Coach John Barnhill said it's "very questionable" whether his injured fullback, Leon Campbell, will be able to play against the Mustangs. His regulars stopped SMU running plays cold Wednesday, but the B team clicked time and again on Mustang passes.

Walter Hagen won four consecutive Professional Golfer's Association championships in 1924-27.

Strap System Pays Off Again

ORANGE—(AP)—Coach W. R. Smith's famed "strap system" is paying off again. The coach of Wallace High School of Orange, who will employ a strap when one of his bowlers doesn't follow the proper assignment, has just piloted his team to its fourth straight district championship and the position as favorite in the play-offs for the Class A championship of the Texas Negro Interscholastic League.

Brad Rowland Keeps Up One-Man Gridiron Show

ABILENE—(AP)—Mighty Brad Rowland of McMurry has run his total yardage for the season to 1,432 in eight games—an average of 179. It is one of the greatest one-man offensive shows in college football.

Rowland leads the Texas Conference in rushing, punting and scoring also. He has carried the ball 131 times for 1,133 yards and passed 25 times, gaining 299 yards that way. He has averaged 38.0 yards on his punting in 29 kicks. And he is the nation's leading scorer with 108 points. Floyd Sampson, McMurry fullback, is second in rushing with 622 yards on 105 carriers. Al Langford, of Howard Payne is second in total offense with 1,217 yards on 181 plays. Billy Jay of Howard Payne is second in punting with 37.3 on 25 kicks.

Langford is the passing leader with 1,048 yards on 72 completions in 159 throws. Dan Harmon of Austin College is second in passing with 465 yards on 32 connections in 67 throws.

Mack Thompson of Austin College is tops in pass-receiving with 22 catches for 394 yards. Frank Barnett of Howard Payne is second with 19 for 330.

In team offense, McMurry leads with 3,466 yards in eight games. Howard Payne is second with 2,936 in nine.

20 Or More Bowl Tilts Set In Dixie

ATLANTA—(AP)—This isn't a boom year for Dixie football bowls, but neither is it a bust. It's what you might call a season when the fittest are surviving. At least 20 bowls will operate. Five or more old-timers have gone out of business, and three others are listed as "maybe" propositions.

New Civic Bowling League Opens Play Here Friday Night

Bowling in the new Civic League will begin at 8 p.m. Friday at the Plamor Palace, according to Ted Witte, league president.

Organizations having teams in the league are Lions, Eagles, Optimists, VFW, Jaycees, American Legion and Kiwanis. Any other club desiring to enter a team in the league should contact Witte.

The league will bowl each Friday night. Howie Schultz, former first baseman for the Brooklyn Dodgers and Philadelphia Phils, now is player-coach of the Anderson Packers of the National Basketball Association.

Sports

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, NOV. 10, 1948—7

NEVER HEARD OF IT—Neely Refuses To Talk Cotton Bowl

HOUSTON—(AP)—You can't even get Coach Jess Neely of Rice Institute to admit these days there is such a thing as a Cotton Bowl.

Those who speculate, however, are certain Neely's Owls will be the host team at the annual classic New Year's Day in Dallas.

And they'll even tell you the Owls' opponent possibly will come from among such teams as Oklahoma, Kentucky, Virginia, Tulane and Louisiana State. But Neely, who does not like speculation anyhow, doesn't know anything about it.

"I didn't know we had a game scheduled for January 1," was the way he put it Thursday. After meeting Texas A&M here Saturday, Rice plays Texas Christian at Fort Worth and Baylor here.

Rice holds a record of three victories and no defeats at the half-way mark in Southwest Conference play. The two "big boys"—Southern Methodist and Texas—have been hurled successfully.

The conference winner is automatic host in the Cotton Bowl, and victories in any of the two of the three remaining games would give Rice the championship.

Coaching Veteran Deplores Buying Of College Athletes

AUSTIN—(AP)—Dr. D. A. Penick, coach for 50 years and once president of the Southwest Conference, says colleges are buying athletes and he doesn't like it.

Dr. Penick was Southwest Conference president for 12 years. He retired in 1935 with a statement criticizing the financial inducements made to college athletes.

He was the University of Texas tennis coach for 40 years without pay, but in 1940 he agreed to take a small salary. Three tennis players now receive athletic scholarships at Texas. Before 1948, no tennis scholarships were offered.

"I make it a matter of conscience with my boys," Penick said. "They are supposed to work for the money they get. I think that is the least a college athlete should do. I don't like the trend toward buying athletes. That's what colleges are doing."

'C' Bulldogs Meet Big Spring

The Midland 'C' Bulldogs were scheduled against the Big Spring 'C' Steers at 3 p.m. Thursday in Big Spring.

Coach Joe Atkins' squad defeated the Steers here earlier in the season.

Choo Choo May Not Play Against Irish

ASHEVILLE, N. C.—(AP)—The Asheville Citizen quoted Coach Carl Snavely as saying Thursday "It is very doubtful" whether Charlie Justice, University of North Carolina All-America tailback, "gets into the ball game" against Notre Dame in New York Saturday.

Justice, an Asheville native, has been under constant treatment for a badly sprained right ankle received in the football game against William and Mary last Saturday.

Elementary Schools Finish Season With Contests Thursday

Midland Elementary School football and kickball teams were to complete their seasons with games at 2 p.m. Thursday.

South Elementary has clinched the flag football championship by finishing the season undefeated and untied.

West Elementary was to play at North Thursday. A win for West would leave the teams in a tie for second. South's gridiron won two from each school.

West was scheduled at North and Latin American at South in girls' kickball.

COLLEGE RODEO STARTS KINGSVILLE—(AP)—The first of five performances of the National Intercollegiate Rodeo were scheduled Thursday at the South Texas Fair and Exposition.

Asks Clemency For Condemned Slayers

SEOUL—(AP)—Dr. Horace H. Underwood, American missionary and educator, Thursday asked clemency for four young Koreans condemned to death for slaying his wife.

The kindly missionary appealed by letter to President Syngman Rhee. The government made public this part of the letter.

"My dear wife had a deep and sincere love for Koreans of every class and especially for the young people of Korea. It was her hope and it is our hope that the people of Korea may meet and more come to know Jesus Christ and to have no death—but a more abundant life. It is not our wish that any Korean should die because of us or because of our family."

Dr. Underwood said the slayers deserved punishment "for crimes against this country and against civilized law and order." But he expressed belief the 60-year-old Mrs. Underwood would not want her slayers executed.

Mrs. Underwood was shot by hooded gunmen at her home last March 17.

Four Negro Children Die In Home Blaze

GROESBECK—(AP)—Three small negro children died Wednesday night in a fire that burned down their farm home near here.

Mrs. Elijah King, their mother, was burned severely while trying to rescue them. The children were J. L., 4, Elvira, 3, and Jeff 2.

The father and four other children were away from home. A fuel can explosion was blamed for the fire.

Covered highway bridges still are in use. One at Woodstock, Windsor county, Vermont, recently was rebuilt as a preservative measure.

Four Firemen Die When Trucks Collide

BALTIMORE—(AP)—Four firemen were killed and four injured when two fire engines, racing to answer an alarm, collided at an intersection near Pimlico Racetrack Wednesday.

"Both of them were really traveling," said a filling station attendant who saw the truck speeding for the corner. He estimated that one, a hook-and-ladder, was doing between 50 and 60 miles an hour, while the other, a hose truck was doing about 35 or 40.

Both of them had their sirens screaming and I guess they just couldn't hear each other," the witness added.

The eight firemen, four on each engine, were hurled through the air by the violence of the impact.

The dead were identified as Joseph A. Remelkis, 35; Charles Paff, 57; James W. Haynie, 26, and Joseph B. Magaha, 25.

Injured were William Flanigan, 40; Henry Burke, 58; Joseph H. Greder and Kenneth Moxey, 32.

The fire turned out to be a small field blaze. It was extinguished quickly.

MULE MONUMENT Three hobbyists mules were killed on White Pass Trail, Alaska, during the gold rush of 1897-98. A monument to their memory stands near the summit of White Pass.

Grandstaff's Plea For Pardon Denied

NASHVILLE, TENN.—(AP)—Life-terminer Frank Grandstaff's music which won him six days of freedom—couldn't get him out of prison for good.

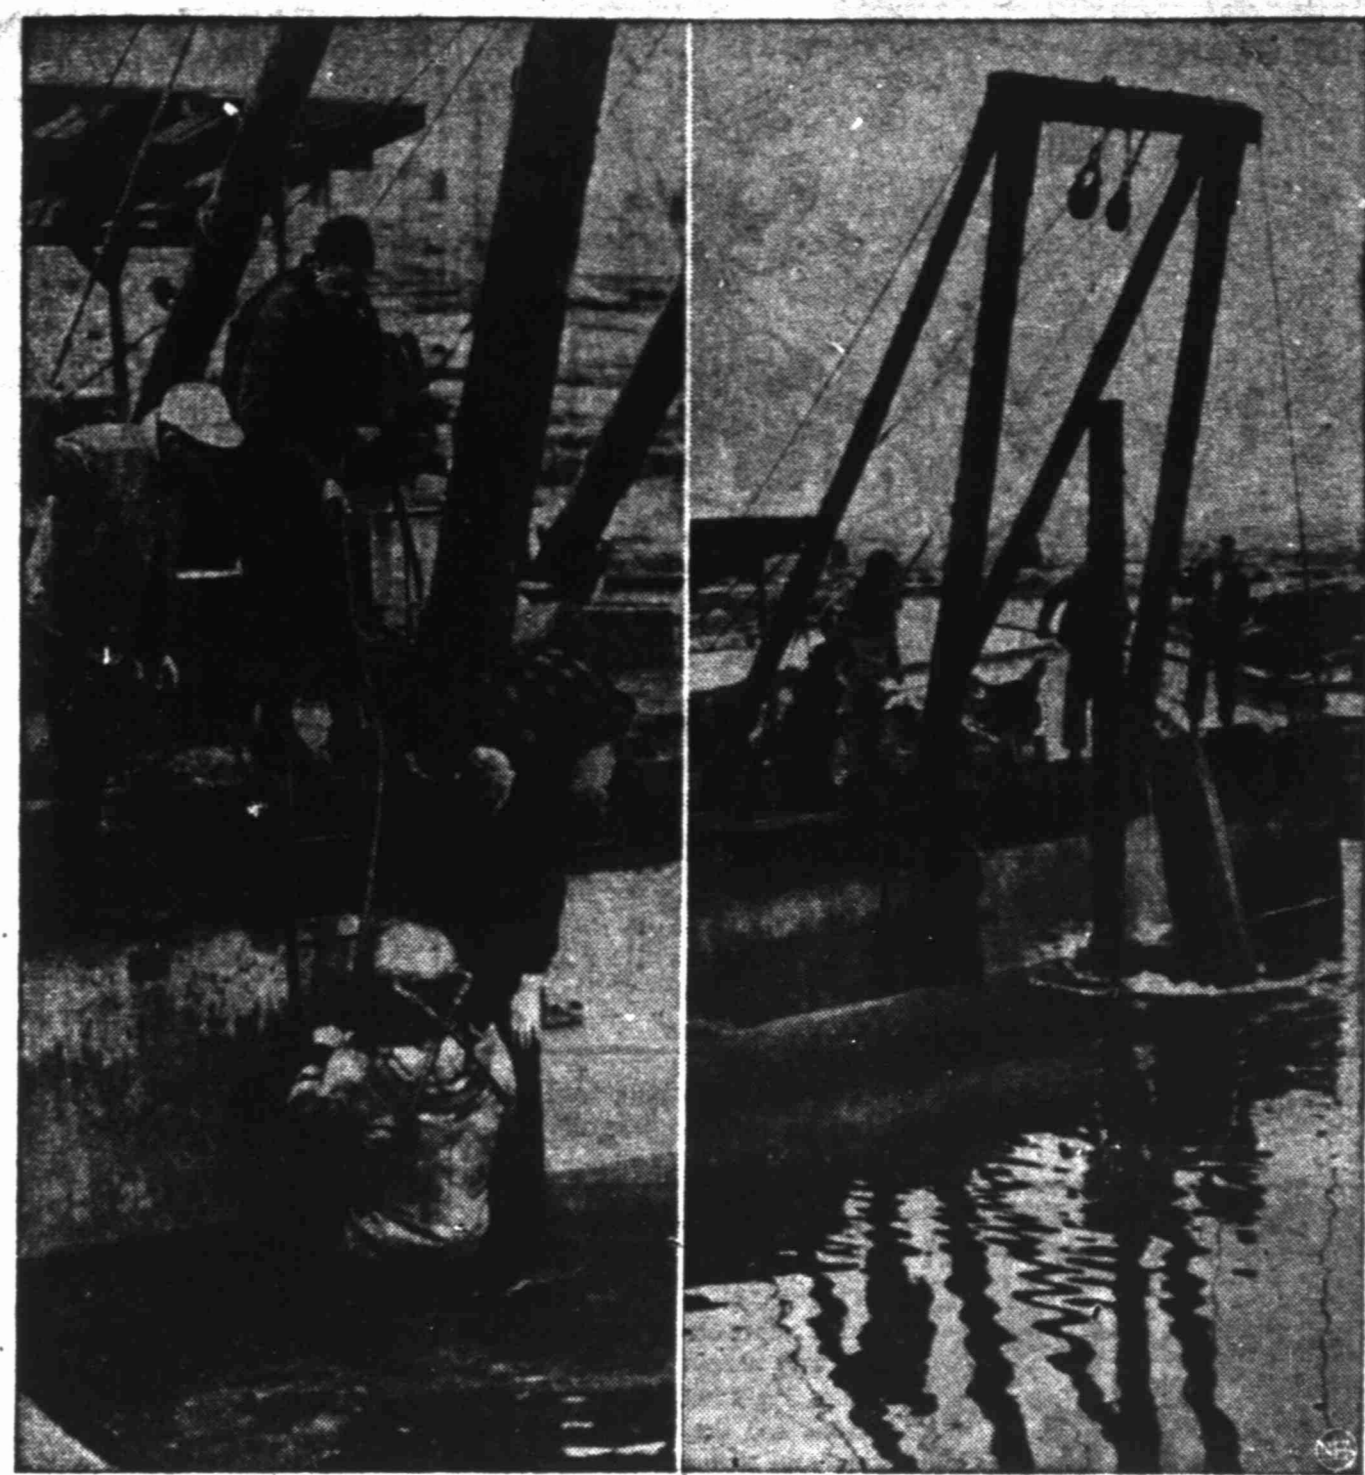

The Tennessee Board of Pardons and Paroles Wednesday turned down the 47-year-old convict's plea that it recommend a pardon for him.

Grandstaff put in his request after receiving a furlough last month to go to Big Spring, Texas. There he heard a performance of "Big Spring," a cantata he composed in prison.

Grandstaff told the board last week a Big Spring taxicab company had offered him a job if the governor would pardon him. The board can only recommend pardons.

But Priestley Miller, secretary of the board, said it had denied Grandstaff's request. The board can't consider any more clemency pleas for Grandstaff for six months.

He Dives For Sunken 'Treasure'

At left, diver Bob Forrest is lowered by his helpers into the Crown boom, back log pond at Port Angeles, Wash. He's going down to search for "treasure" in the form of sunken logs. "Treasure?" you say. Darn tootin'. Loggers up in the woods float great "booms" of logs down the river to the sawmills. A boom consists of thousands of logs, chained into a gigantic raft. About five per cent of the logs become waterlogged and sink. And at present lumber prices, that ain't hay. Hence the salvage operation. Picture at right shows Forrest supervising recovery of one of the logs he located below the surface and hooked on to the salvage hoist.

Bobby Byers' Battle Against Cancer Ends

PHOENIX, ARIZ.—(AP)—An eight-months battle against cancer has come to an end for Bobby Byers.

The four-year-old youngster, who touched a nation's heart with a plea for mail, died Wednesday night.

Blond, and once chubby, Bobby's condition first became known last June after an operation. Prior to that he had complained of being tired, but finally told his mother: "Mommy, I hurt."

He was placed in bed and one of his greatest joys in life was to wait for the postman.

Avalanche Of Mail

"Mommy did the mailman leave anything for me today?" he would ask his mother.

News stories of Bobby's wish soon brought response from all parts of a sympathetic nation and some foreign countries. Mail came by the truckload. More than 200,000 pieces had been received when the grateful parents, Mr. and Mrs. H. J. Byers of Phoenix, stopped counting.

Expressing their thanks, the Byers had to ask that no more be sent. The packages, toys and messages were creating a minor crisis in the Post Office Department.

Suspect Held In Kidnap-Murder Of California Child

LOS ANGELES—(AP)—Attorneys for Nicholas Meyers, held on suspicion of kidnaping and murdering a little girl three years ago, say they will seek his freedom on a habeas corpus writ.

Meyers was booked Monday in the case of six-year-old Rochelle Gluskoter, whose bleached skeleton was found in the desert 18 months after her abduction in 1944.

Sam Houston Allen and Edward Mook, attorneys for Meyers, say they will ask his freedom "unless some immediate action is taken by authorities."

Norris Stensland, chief of detectives in the sheriff's office, declared, "we will resist by all legal means the release of Meyers on a writ."

Meyers, arrested at the pool hall he operates, has denied all allegations.

His arrest followed a tip from a woman who saw the car in which little Rochelle disappeared. Investigators said the license plates on Meyers' car tallied with those on the alleged kidnap vehicle. California has used the same plates since the war.

CITY VS. COUNTRY Canada has an area 81,534 square miles larger than that of the United States, yet its population is no more than that in New York City and the latter's 80-mile commuting territory.

Possible Error In Radio Warning May Have Caused Crash

WASHINGTON.—(AP)—Officials investigating the air crash which killed 55 here last week weighed the possibility Thursday that a frantic radio effort to prevent the disaster might have been transmitted to the wrong plane.

Glenn Tigner, 31, a National Airport traffic controller, conceded Wednesday that his shouted warnings to the Bolivian pilot of a P-38 fighter plane might have gone out on the wrong channel—to be heard, instead, in the Eastern Air Lines transport which the fighter rammed moments later.

An inquiry panel set up by the Civil Aeronautics Board expected Thursday to hear the views of Erick Rios Bridoux, director of Bolivian aviation, who was at the controls of the ill-fated P-38.

Rios Bridoux offered a detailed statement to investigators Monday at the Alexandria, Va., hospital where he is being treated for severe injuries suffered in the crash.

Says Airliner Swerved Maj. German Pol, another Bolivian aviation official, was one of the witnesses at Wednesday's opening hearing.

Pol, who witnessed the collision from his parked automobile at the airport, said it appeared to him that the Eastern Air Lines DC-4 had swerved into the fighter.

The Bolivian official said Rios Bridoux had indicated before the takeoff that the radio was working. But he added that Rios passed on a request to the control tower to instruct him by lights if his radio failed.

Tigner said he had not received such instructions. What's more, he said, lights might have confused both pilots, since they were coming in from the same direction.

Lewis—

(Continued From Page One)
ing the coal miners back to work for three weeks.

Instead of a comment, the President said of Lewis: "His picture is there on the front page of the Washington Post. Take a look at it."

The Post picture was an AP wirephoto of a glowing Lewis in Chicago. When Ching headed for the White House, he indicated to reporters that he was ready to wash his hands of Lewis, leaving the coal situation on the White House doorstep.

Ching had outlined to the news-men the whole series of events since he asked Lewis and the operators to the peace meeting.

Ching told reporters he had received this reply to his wire to Lewis: "Ching, Department Labor, Washington, D. C."

"Your wire, Mine workers' representation will be your office 3:30 o'clock Monday.

"Lewis, Chicago, Illinois." Lewis Whereabouts Unknown The Conciliation Service said the Lewis telegram, although signed Chicago, had been sent from the Washington office of the United Mine Workers.

Lewis and his 200-man Policy Committee had been in Chicago all week. It was there he suddenly called off the 42-day coal strike Wednesday, ordering his miners back to work until November 30.

The Conciliation Service disclosed that Ching received the Lewis telegram late Wednesday. The service attempted the bargain Thursday morning, to get in touch with Lewis, or a Lewis associate, who would clarify and confirm—that the wire was genuine and meant what it seemed to say.

Aides to Lewis told reporters they do not know where the union leader is.

Indians in New Mexico were building with stone, successfully using clay mud for mortar, when the first white explorers arrived in that area more than 400 years ago.

Permian Basin Oil & Gas Log

(Continued From Page One)
mented at that point. The possible pay above 9,294 feet could be tested and produced—if it will make commercial production—through perforations in the casing.

Location is at the center of the northwest quarter of the northwest quarter of section 21, block 41, TP survey, T-4-S.

That makes it 30 miles southwest of the city of Midland, and five miles northwest of the Pegasus field.

Gas-oil ratio of the petroleum was 347-1. The field extended is 467 feet from north and west lines of the lease in section 22, block 1, J. P. Smith survey.

W. A. Moncrief of Fort Worth, Bob Hope and Bing Crosby of Hollywood, Calif., and Paul Teas of Dallas, completed their No. 3 Hucab-heel in the North Snyder field of North Central Survey County, eight miles north of Snyder.

The venture is to be Standard's No. 7 S. L. Terry and will be 1,980 feet from east and 660 feet from north and west lines of section 394, block 97, H&TC survey.

It is projected to test the Canyon lime reef. In the Diamond-M field of Southwest Survey County, Lion Oil Company has filed application for its No. 33 McLaughlin.

Contrasted depth of the exploration is to 6,900 feet. The drillsite will be 660 feet from north and east lines of section 196, block 97, H&TC survey, and ten miles west of Snyder.

Operations are to start immediately. A new producer for the Kelley field of Central Survey County has been completed at Magnolia Petroleum Company No. 2 Ray Haney.

Flowing natural through 12 1/4 inch casing choke from open hole section between the top of the pay at 6,733 feet and the total depth at 6,795 feet, the new well made a 24-hour production of 201.36 barrels of 42.7 gravity oil. Gas-oil ratio was 190-1.

No formation water was encountered. The development is a west offset to George P. Livermore, Inc. No. 1 J. E. Woodson, recently completed 1,100 feet from north and 467 feet from east lines of section 206, block 97, H&TC survey.

Length of the test has not been reported. Recovered 4,200 feet of salty water and drilling mud, with a slight show of oil. There was no free oil.

The project is circulating while waiting on orders. It was originally planned to be 1,350 feet to explore the San Andres lime.

Cities Service Quits Crockett Deep Test Cities Service No. 1-B Shannon, in Central-North Crockett County, two miles southwest of the shallow well, was drilled to 1,640 feet from south and 640 feet from west lines of section 40, block BB, T&RR survey, has been plugged and abandoned as a dry hole on a total depth of 9,223 feet in the Kilenburger.

That formation made 7,640 feet of sulphur water and 800 feet of drilling mud, with no shows of oil or gas, in a one-hour drillstem test at 9,160-9,223 feet. It had no signs of possible production from any zone it penetrated.

The new well is 467 feet from north and east lines of the lease in section 19, block 1, J. P. Smith survey.

Ramsey Petroleum Company of Dallas, No. 1 L. S. Sentell was completed as a one-mile east extension.

Completion has been made on three new flowing producers from the Canyon lime reef in the North Snyder field of North Central Survey County.

Castleman & O'Neil No. 1 H. O. Beard was completed for a calculated 24-hour potential of 1,168 barrels of 43-gravity oil, flowing natural through 48/64 inch tubing choke. Gas-oil ratio was 900-1. No formation water was reported.

That formation was open hole between the 7-inch oil string set at 6,870 feet and the total depth at 6,827 feet.

The new well is 467 feet from north and east lines of the lease in section 19, block 1, J. P. Smith survey.

Ramsey Petroleum Company of Dallas, No. 1 L. S. Sentell was completed as a one-mile east extension.

Stumberg Predicts Optimistic Future For Western Europe

Dr. George W. Stumberg, distinguished professor of law at the University of Texas, Austin, told Midland Rotarians Thursday noon that peace and prosperity are possible in Western Europe.

The specialist in international law, who during World War II served with the Board of Economic Warfare, addressed the Rotarians at their meeting in Hotel Schreiber.

Praising the prime ministers of Germany and France as good thinkers, Dr. Stumberg said "If the intelligence of Western Europe can get together on industry, trade, commerce, shipping, traffic and production it can build up a place of order in Western Europe."

"This place of order will provide a tremendous market for United States goods and we can be a tremendous market for the products of Western Europe."

"From a selfish point of view, stability and order in Western Europe also will operate as a barrier to foreign ideologies which are opposed to our thinking."

Dr. Stumberg said the leaders of both France and Germany now believe in letting big industries alone as long as they are compatible with the national welfare.

He said France has less socialism than five years ago and the leaders of the two countries are working together to develop production, trade and objectives which will result in defenses against outside enemies.

He described the farmers of Western Europe as among the most individualistic people in the world and asserted the strength of the Russian ideology is practically nil with the Western European farmers.

Danger, Dr. Stumberg said, is the danger of being overrun by an ideology which we and the bulk of Western Europeans don't like. It is contrary to our beliefs in individual enterprise and individual freedom. There also is a danger of recurrence of war but it is doubtful if there ever will be a revolution from within in Western Europe.

"If we are to have world order, we must have a free flow of goods from one nation to the other. We must be able to buy from each other without a dolo."

He discussed the nations of Western Europe, their histories, industries, wealth, leaders, and politics in his talk, "What Western Europe Means To Us."

The speaker was introduced by Richard Brooks, Midland attorney, Hilton Kessler, Rotary club president, announced Rotarians will meet with Midland Lions Wednesday November 23.

Outpost To Kelley Is Finished By Magnolia

A new producer for the Kelley field of Central Survey County has been completed at Magnolia Petroleum Company No. 2 Ray Haney.

Flowing natural through 12 1/4 inch casing choke from open hole section between the top of the pay at 6,733 feet and the total depth at 6,795 feet, the new well made a 24-hour production of 201.36 barrels of 42.7 gravity oil. Gas-oil ratio was 190-1.

No formation water was encountered. The development is a west offset to George P. Livermore, Inc. No. 1 J. E. Woodson, recently completed 1,100 feet from north and 467 feet from east lines of section 206, block 97, H&TC survey.

Length of the test has not been reported. Recovered 4,200 feet of salty water and drilling mud, with a slight show of oil. There was no free oil.

The project is circulating while waiting on orders. It was originally planned to be 1,350 feet to explore the San Andres lime.

Cascade Gets Water At Andrews Wildcat

Cascade Petroleum Company No. 1 J. E. Parker, Central Andrews County wildcat, five miles southeast of the town of Andrews, and 1,980 feet from south and 660 feet from east lines of section 37, block A-4, H&TC survey, developed salt water with a little show of oil in a drillstem test at 4,850-4,956 feet in the Permian lime.

Length of the test has not been reported. Recovered 1,350 feet of salty water and drilling mud, with a slight show of oil. There was no free oil.

The project is circulating while waiting on orders. It was originally planned to be 1,350 feet to explore the San Andres lime.

That formation made 7,640 feet of sulphur water and 800 feet of drilling mud, with no shows of oil or gas, in a one-hour drillstem test at 9,160-9,223 feet. It had no signs of possible production from any zone it penetrated.

The new well is 467 feet from north and east lines of the lease in section 19, block 1, J. P. Smith survey.

Ramsey Petroleum Company of Dallas, No. 1 L. S. Sentell was completed as a one-mile east extension.

TELEPHONE OPERATORS WANTED

If you have poise, friendliness, a pleasing voice, there is an opportunity for a job with the Telephone Company in which you will receive special training that will add to your charm of voice and manner, and pay dividends "socially" too. The "Voice With A Smile" reflects the happiness and satisfaction you may find in the job of a telephone operator. You'll work in pleasant surroundings, with people you like, at a starting rate of \$135.00 per month, and doing something you know is important. See Mrs. Ruth Baker, Chief Operator, 123 Big Spring St., and find out all about it.

SOUTHWESTERN BELL TELEPHONE COMPANY
U. S. Steel—
(Continued From Page One)
It led industry's fight against footing the welfare bill.

The U. S. Steel reached agreements Wednesday with Youngstown Sheet & Tube Company, employing 19,000, and with Great Lakes Steel, which employs 10,000. The contracts, generally, followed the "Bethlehem pattern" which calls for \$100 monthly pensions to workers over 65 years old with 25 years' service. The contract calls for a five-cent-an-hour social insurance program, workers and company each to pay two and one-half cents.

Bet You Don't Know This About Advertising by Susan
Quiz No. 2
How much does it cost per dozen to advertise the well-known brands of oranges? Is it 2¢? 3¢? 5¢ a dozen?
Answer: It costs less than 1/2¢ a dozen to advertise the big-name brands of oranges.
That's only half the story. Advertising lowers your cost two ways:
Cuts the selling costs. And by helping make mass production possible, lowers the production costs, too.
So advertising saves you many times that 1/2¢ per dozen.

HOUSES FOR SALE 75 MANY NEW HOMES IN PARKLEA PLACE Located West of The Indian Ball Park The public has been waiting five years for this addition to be developed. Ten new FHA and GI homes have already been built and sold to the public on 100% GI basis and less than \$1000.00 down payment on a FHA basis. Some of these homes are to be started immediately, 10 of which will be completed within the next 45 days. We suggest that if you are interested in buying one of these homes that you drive out and see for yourself the kind of home you can buy with a very small down payment. The purchaser has the privilege of choosing their location and the privilege of selecting their own color scheme and linoleum patterns. For your home with a small down payment and decorated according to your ideas, drive out today and look this sub-division over. Field office is located on the premises. Sales Representative Barney G. Knife And Fork Club Sets Date For First Meet

The initial program of the new Midland Knife and Fork Club will be held at 7 p.m. Wednesday, December 14, with Dr. Gerald Wendt, editorial director of Science Illustrated, as the guest speaker.

James C. Watson is president of the Knife and Fork Club. Other officers and directors, elected Wednesday, are Lionel Carver and John R. Parker, vice presidents; E. J. Wicker, secretary-treasurer; and Otto Deats, Mrs. Erma Mancill, C. E. Nelson, William H. Pryor, W. H. Thams and Carroll L. Thomas, directors.

Dr. Wendt, known as America's foremost interpreter of science to the public, will speak on the subject, "On the Horizon in Science."

Ed Harding, widely recognized as the nation's No. 1 humorist, will address the Midland Club on February 11. Other speakers will be announced later.

McKenney On CANASTA

By WILLIAM E. MCKENNEY America's Card Authority Written for NEA Service

In today's article John R. Crawford and I continue our discussion of what happens in connection with the penalty cards when you make an insufficient initial meld.

Question: Our side has 1600 on the score, which means that we need 90 points for an initial meld. Thinking that I have 90 points, I put down three kings, two queens and a deuce and three five-spots. Before I discard, one of the opponents calls attention to the fact that I have only 85 down. I have no more melds in my hand. I discard one of the five-spots and the other eight cards remain face up on the table as penalty cards. My partner has three nines. At his turn to play, can he put down the three nines and use my three kings, two queens and deuce to fulfill the initial meld requirement for our side?

Answer: No. Although your penalty cards are down on the table, bear in mind that they are not melded. They are left face up on the table so the opponents can see what your penalty cards are, but they must be treated as if they were still in your hand. If you had three kings, two queens and a deuce in your hand, your partner could not reach over and take them out of your hand, and meld three nines with them, could he?

Question: My eight penalty cards are face up on the table. At my partner's turn to play, he melds 90 points. He has an extra five-spot in his hand. Can he play this on my two fives?

Answer: No, he cannot. Once again, although the two fives are down on the table, they are penalty cards and must be treated as if they were in your hand.

Question: If my partner makes a legal initial meld, are my penalty cards automatically melded, or do I have to meld them when it is my turn to play?

Answer: No, they are not automatically melded, and you do not have to meld them at your next turn to play. You are privileged to meld the three kings if you want to. If you do not meld them, they are still exposed cards subject to penalty. You may if you wish meld the two queens and the deuce, but you do not have to do so. If your partner has melded three fives, you can play your two fives on his fives. You may add the deuce to the five or to any other meld he has made. In other words, you do not have to meld the two queens with the deuce; but if you do not meld the queens, they are still exposed cards subject to penalty.

Question: My eight penalty cards are still on the table. Suppose that at my next turn to play, I draw a ten, and I have two other tens in my hand. Can I meld these three tens, together with the three kings, two queens and deuce, and fulfill the requirement of 90 points for my initial meld?

Answer: Yes, but you cannot then pick up the two fives. Unless you pick up another five, the two fives remain penalty cards and you must discard one of them.

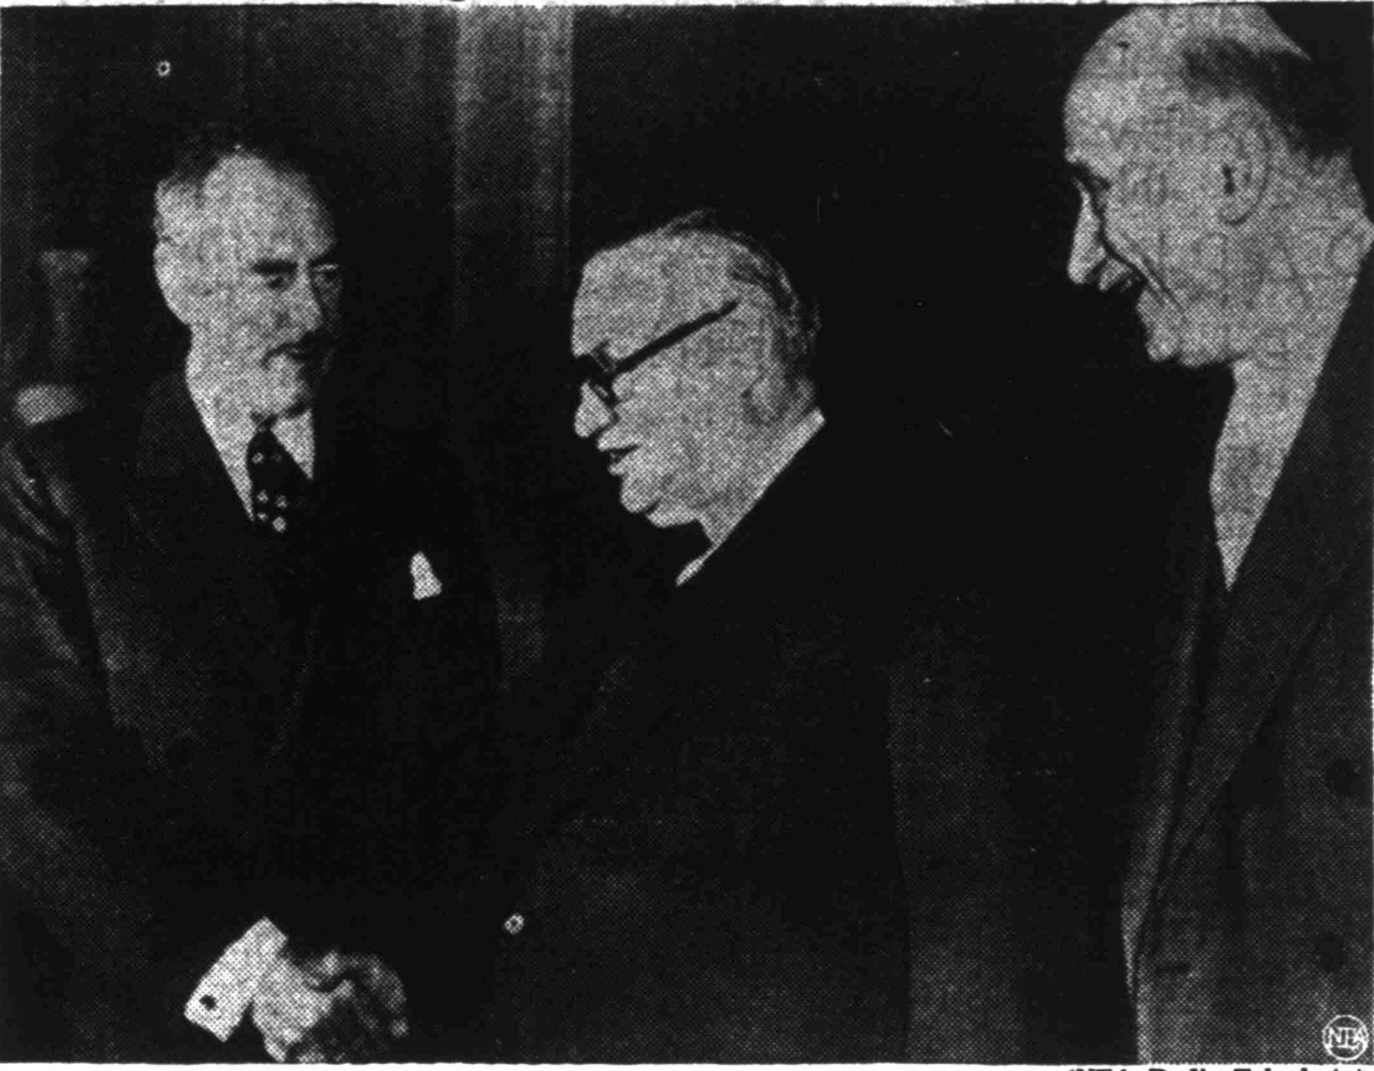

Question: I put down three kings, two queens and a deuce and three five-spots, and I discard a seven. Now the next player calls my attention to the fact that I have put down only 85 points instead of the 90 points I need for an initial meld. Am I allowed to pick up my seven-spot?

Answer: You cannot pick up the seven-spot and put it back in your hand or on the table, even though it is an exposed card. You have committed your play and you can do nothing at this point about making your meld sufficient or changing your discard. However, at your next turn to play you may do anything you wish with the nine penalty cards. You may add a deuce or any other card to them, or change them around and add other cards in order to make a sufficient meld. Any of the exposed cards that are not used in completing the minimum initial meld must remain as penalty cards and be discarded in order at your first opportunity.

Question: I have eight penalty cards down. At my partner's turn he makes a legal minimum meld. On the next play, his left-hand opponent goes out. Do my penalty cards count in our meld or do they count as though they were in my hand?

Answer: They count as though they were in your hand, because penalty cards, although face up on the table, have never been melded.

Big Three Ministers Meet

Foreign ministers of the United States, Great Britain and France meet in Paris to discuss the troubled situations in Germany and China. Left to right, Secretary of State Dean Acheson; Foreign Secretary Ernest Bevin and Foreign Minister Robert Schuman of France.

Five Generations

Five generations are represented in the above picture which was taken at a T. J. Brown family gathering here recently. Brown, 82, is shown at left. Others, left to right, are: his daughter, Mrs. Minnie White, 60; her daughter, Mrs. Stella May King, 43; and Mrs. King's daughter, Mrs. W. J. Halladay, 21. Standing in front is Mrs. Halladay's son, Wayne, five. All are Midland residents except Mrs. Halladay and Wayne, who live in Imperial and recently visited relatives here. Brown, who lives in the Red Star Camp, has nine children, 30 grandchildren, 44 great-grandchildren and four great-great-grandchildren. Mrs. White and Mrs. King live at 809 South Marienfeld Street.

Andrews High School Majorette Injured In Practice Session

ANDREWS—Sharon Woods, a senior student and majorette for the Andrews High School Mustang Band, received a serious back injury Tuesday while practicing for a stunt to be presented between halves at the McCamey-Andrews football game here Friday night. She was rushed to the Andrews County Hospital, where X-rays showed a broken vertebra. She is reported to be resting "fairly well."

Four Wesson Wells Excused From Order

AUSTIN—Four wells in the Wesson field, Gaines and Yoakum Counties, were excused Wednesday from the Railroad Commission's order prohibiting gas flaring. The commission said limited volume of gas from the wells made expense to conserve the gas unjustifiable.

The excused wells were the Mabree Petroleum Corporation's Ablette Christian College Nos. 1 and 2 wells, J. L. Chapman No. 1 well and Oil Development "B" well No. 1.

HOSPITAL PATIENT

Washington Has Its Mister 'X'

WASHINGTON—(AP)—Capital police are looking for a man who has succeeded in passing bad checks all over town despite a formidable handicap: He can't write.

The check-passer is described as being about 75 years old, six feet tall, and clad in faded blue overalls. Equipped with a social security card as identification, he has been ambulating into stores and offering down payments—by check—on merchandise.

Midland Bulldogs Taste 'Victory Apples' At Rally

Members of the Midland Bulldog football team Thursday morning tasted "Victory Apples" presented by Supt. Frank Monroe at a student pep rally held in the new high school gymnasium. The big red apples are given the Bulldogs following each victory. Last Friday night they defeated the Brownfield Cubs. Thursday night, the Bulldogs take on the Elks Spring Steers in Memorial Stadium here, and the pep rally Thursday morning was to lend encouragement to the Midland footballers before they take the field against their arch rivals from Howard County.

The Bulldogs and their coaches were recognized at the assembly. The student body and pep squad, led by the cheer leaders, were in fine and shrill voice, and the school band performed nobly. Bill Collins, editor of The Reporter-Telegram, made a brief pep talk. Principal Charles F. Mathews presided.

Reds Slam Door On Immigrants

CAIRO—(AP)—About 4,000 Armenians in Egypt returned to Soviet Armenia as the result of the Russian campaign to entice Armenian refugees back home in 1948-49. Today Russia no longer tries to attract Armenians back to their homeland. Instead she refuses to accept them. "Housing shortage in Armenia," is the reason given by the Russian Legation.

For many Armenians who quit their jobs and sold their homes the policy reversal is a personal tragedy. Uprooted from their former life, they have become displaced persons. Immediately after World War II, Soviet propagandists began their effort to entice Armenians back to the homeland they left during the periodical massacres of the Ottoman Empire. They had left Armenia in successive waves: in 1896, 1910, 1918 and 1926. They had become one of the most active and prosperous foreign communities in Egypt and other Middle East countries. Forty thousand lived in Egypt alone.

The Three-Year-Old 'Man' Of Moderation

GLEN COVE, N. Y.—(AP)—Richard Opalati smokes cigars. He tried a pipe once, but he didn't like it. He also likes half-a-glass of wine or beer now and then. Nothing stronger. Richard, three-years-old, is a man of moderation.

Problem Of Security Forces Regulations, Chemist Tells API

CHICAGO—(AP)—The U. S. "must choose between insecure alternatives" in stockpiling for war, a chemist told the American Petroleum Institute Thursday.

The speaker was Walter G. Whitman of the Massachusetts Institute of Technology Department of Chemical Engineering. In a prepared paper for final sessions of the API's annual convention, he said:

"If we were certain of world peace, the United States could fairly rely on private enterprise alone to secure its liquid fuel supplies for the indefinite future.

"In contrast, the possibility of a major war introduces the complications and compulsions of national security. It is x x if national security demands that actions be taken which are not sound investments for private enterprise, the people, as a whole through their government, must accept the responsibility and pay the cost."

This, he concluded, "points up what we all instinctively recognize: absolute security as a myth—we must choose between insecure alternatives."

In choosing, Whitman recommended the following program as "most promising" to secure sufficient petroleum for war or peace:

Active research for the development of better oil discovery methods; high exploratory activity hunting for new fields; restriction of production from new fields; securing of better information on the nation's maximum capacity to produce; development of specific projects looking toward better efficiency; development of the Western Canadian fields; and stockpiling of oil field and pipe line steel.

In addition, Whitman recommended that an oil rationing plan be prepared to take effect immediately on an emergency; important of as much oil as possible without hampering domestic production; development of synthetic; and development of refinery flexibility to permit higher yields of distilled products.

Rail Board Orders Well Status Reports In East Texas Field

AUSTIN—(AP)—A well status report on all wells in the big East Texas field was ordered Wednesday by the Railroad Commission.

The order called for each operator in the field to take data between now and Jan. 1, 1950, and submit his report on each well not later than January 15.

Grand Prairie Child Killed By Automobile

DALLAS—(AP)—Carol Nugent, 15 months old, was killed Wednesday by a car which ran over her in a driveway near her Grand Prairie home.

State Highway Patrolmen Roy Calvert and E. D. Pringle said they believed someone drove over the child without realizing it.

The mother, Mrs. Leo Nugent, went into the yard to look for Carol and saw her body lying in a driveway two doors away.

Clam Chowder Can Be Dynamite!

If Smiley Roberts is a friend of yours, like he is mine, and if you want to keep his friendship, like I do, don't ever let him hear you say that good clam chowder can be made without cream.

In New England, where Smiley comes from, friendships have been broken over tomatoes versus cream in clam chowder. Experts say that south of Boston the tomato reigns supreme, but north of Boston it's cream—or else!

From where I sit, whether it should have cream or tomato is simply a matter of taste. This is

Joe Marsh
