## Mediator Gives Up In Coal Dispute

## Issue Tossed Squarely Into Truman's Lap

WASHINGTON—(AP)—Federal Mediation Chief Cyrus S. Ching Wednesday turned the deadlocked coal dispute over to the White House for action.

Ching reported to John R. Steelman, President Truman's assistant, that further attempts to get Union Leader John L. Lewis and coal operators into an agreement seemed useless.

After seeing Steelman at the White House he told reporters:

## Housing Program Launched

WASHINGTON—(AP)—President Truman Wednesday launched the public housing program by approving loans totaling \$20,375,400 to 108 cities for the planning of low-rent homes for a half-million persons.

The loans will finance the surveys and planning for 134,500 dwellings in 27 states, Puerto Rico, and Washington, D. C.

Truman's action was announced by John Taylor Egan, commissioner of the Public Housing Administration.

Egan said loan contracts will be signed as rapidly as possible with the local housing authorities. The loans, the first to be made under the long-range housing act approved this summer, are preliminary to later financing arrangements which will permit the start of construction.

**Start Within Two Years**

The housing development launched Wednesday provides for about 810,000 units over the next six years.

"Approval of these loans means that these local housing authorities may now take the first concrete steps toward building good new homes for low income families," Egan's statement said.

Texas loans approved included projects in Beaumont, Brownsville, Commerce, Corpus Christi, Corsicana, Dallas, Denton, El Paso, Fort Worth, Galveston, McAllen, McKinney, Mercedes, San Benito, Taylor, Temple and Wichita Falls.

## Community Chest Gifts Total \$25,560

Returns in the annual Midland County Community Chest financial campaign Wednesday totaled \$25,560, Bert Ryan, general chairman, announced. The goal is \$32,000.

Contribution totals in the six-in-one drive are expected to register a sharp increase Thursday when Midland drilling contractors will be hosts to Chest officials, drive leaders and team captains at a report meeting at noon in the Private Dining Room of Hotel Scharbauer. Leaders said the office building captains, working under Leader Boyd Laughlin, especially are urged to attend.

**Leads Listed**

Leads have reported the following returns by divisions:

Big Gifts—\$5,780; Ranch and Farm—\$1,540; Office Buildings—\$6,860; Commercial—\$4,874; Residential—\$1,757; Unclassified—\$4,000; and Schools—\$588.

Agencies participating in Chest funds are the Boy Scouts, Girl Scouts, Youth Center, Goodfellows, USO and Salvation Army.

## Manhunt For Linda Glucoft Slayer Widens

LOS ANGELES—(AP)—An international manhunt was on Wednesday for a 66-year-old retired baker wanted for questioning in the brutal slaying of six-year-old Linda Joyce Glucoft.

## Protest Due In Attack On U. S. Vessel

WASHINGTON—(AP)—The United States is protesting to the Chinese Nationalist government against a Chinese warship's firing on an American merchant vessel.

Secretary of State Acheson told a news conference Wednesday that an immediate protest is being made against this endangering of American lives.

Acheson also declared that Chinese Communist treatment of American Consul General Angus Ward at Mukden presently removes any possibility of considering recognition of the Chinese Communist government.

He said some progress is being made in efforts to obtain the release of two ECA officials held by the Communist regime in Northern Korea.

**Russia Intervenes**

Russia, in response to an American request, is taking up the matter with the Korean Communist authorities, Acheson said.

Acheson discussed the Far Eastern situation after first summarizing his meeting in Paris last week with the British and French foreign ministers and his subsequent trip to Germany.

While declining to go into any detail on the Paris big three conference, Acheson emphasized that complete agreement was reached on German problems. He said he was greatly impressed by the progress.

## Spartan Spots Deep Operation In Scurry

Drilling on a 3,200-foot wildcat to find and test the Ellenburger is to begin at once in Central-West Scurry County, 12 miles west of Snyder.

The prospector, Spartan Drilling Company No. 1 J. H. Langford, is to be located 467 feet from north and 860 feet from east lines of the southeast quarter of section 240, block 97, H&TC survey.

It is three and one-half miles northwest of Canyon production in the Diamond-M field, and one and one-half miles south of Arak.

This wildcat is on a 445-acre lease which was turned to Spartan by A. P. Barrett, Jr., and J. C. Ratliff, Jr., both of Midland. It is understood that these operators received some cash and an override in the deal. This transaction was reported about 10 days ago.

## Supporters Of Price Fixing Prepare New Onslaught On Foes

NEW YORK—(AP)—Supporters of retail price fixing under state fair trade laws are gathering their strength for a renewed onslaught against their enemies.

They are choosing two types of weapons in their new battle of a war that is nearly two decades old.

Their first weapon is an educational campaign to gain wider public acceptance of their basic idea that the nation's economic health is protected when customers pay the same price for the same thing in all stores.

The second weapon is enlistment of big advertising agencies and trade associations in the campaign to use fair trade laws more widely in fixing retail prices.

**'Fair Trade' Council**

The leading organization in the entire movement is the American Fair Trade Council of Gary, Ind., and New York. The non-profit assembly draws its membership from manufacturers of consumer goods. The council opened its annual two-day convention in New York Wednesday.

Its president is John W. Anderson, who keeps the council's administrative offices in Gary, Ind., where he is head of the Anderson Company, manufacturer of automobile accessories. A council spokesman has an office in New York.

So-called fair trade laws are on the books in every state except Texas, Missouri, Vermont and the District of Columbia.

## Sunny Skies Warm Nearly All Of Texas

By The Associated Press

Texas warmed up again Wednesday under mostly sunny skies, but cooler weather is due Wednesday night in the northeast portion of East Texas.

At mid-morning the only Texas points to report other than clear skies were Childress, Clarendon and Lubbock. Scattered clouds obscured the sun at those points.

Laredo had Tuesday's high temperature at 84. Wednesday morning's low was 28 at Dalhart in the Upper Panhandle.

## Texas Polio Cases Show Sharp Decline

AUSTIN—(AP)—Polio nosedived in Texas last week but hit five new counties for the first time this year.

The State Health Department Wednesday reported 29 new cases for the week ended November 12, compared to 52 new cases the previous week.

The newcomer counties to the polio roll included Hall with three cases, and Angelina, Brewster, Dickens, and Liberty with one case each.

## Cities Service Finals Kelley-Canyon Offset

Cities Service Oil Company No. 1 Von Roeder, south offset to the recently completed Standard-Fryer Drilling Company No. 1 Wilkinson, discovery between the North Snyder and Kelley-Canyon fields, has been completed. The 24-hour calculated potential of 1,124 barrels of 43-gravity oil, Gas-oil ratio was 718-1.

No. 1 Von Roeder was completed from open hole between the 8 1/2 inch oil string cemented at 6,530 feet and the total depth at 6,735 feet in the Canyon, topped at 6,625 feet.

The flow was natural through a three-quarter inch tubing choke.

No formation water was reported. Location is 950 feet from north (Continued On Page Nine)

The mutilated body of six-year-old Linda Joyce Glucoft, above, was found in a rubbish heap in the backyard of one of Linda's playmates after an all-night search. At right, Jules Glucoft comforts his wife, Lillian, in their Los Angeles Calif., home after police tell them of finding their daughter's body. A 66-year-old retired baker is being sought for questioning in the slaying.

## James Roosevelt's Bid Puts Political Spotlight On State Of California

WASHINGTON—(AP)—James Roosevelt's bid for the California governorship gave the West Coast state top ranking with New York and Pennsylvania Wednesday in major party speculation over the 1950 and 1952 elections.

These are the three most populous states, on the basis of Census Bureau estimates. They cast a total of 107 of the nation's 531 electoral votes in a presidential election. Each of them will elect a governor and U. S. senator next year.

The governors' chairs now are held by Republicans (Dewey, N. Y.; Warren, Calif.; and Duff, Pa.). The Senate seats now are Democratic (Lehman, N. Y.; Downey, Calif.; and Myers, Pa.).

The results conceivably could furnish—or eliminate—a potential candidate or two in the formulation of presidential tickets for 1952. Add to that the fact that the three states will elect 101 representatives—now divided 50-50 between the two parties (plus one American Laborite from New York)—and the outcome will go far in determining the makeup of the next Congress.

**Ohio Also Rates High**

Ohio, farther down in population estimates, also rates high in the figuring. There, a leading Republican senator, Robert A. Taft, and a Democratic governor, Frank J. Lausche, will be up for reelection.

The announcement by Roosevelt (he'll be 42 next month) Tuesday night in Los Angeles that he will run for the Democratic gubernatorial nomination long had been expected. He said he also would run reluctantly for the Republican nomination, under the California law which permits such dual candidacies.

The first reaction among Democrats was reported Wednesday.

## New Orleans Smog Traps 2,000 Cars, Causes One Death

NEW ORLEANS—(AP)—A billowy curtain of smog rolled in from the Lake Pontchartrain area early Monday trapping about 2,000 cars and bringing death to one man in a car-truck smashup.

The opaque grayness stopped traffic on Airline Highway and other west approaches to the city. Police said about 2,000 vehicles, tightly packed in four lanes, were trapped on the highway for more than an hour.

The fog-wrapped smoke, with a stifling quality that made it hard to breathe, caused traffic to be rerouted and cut the area's streetcar service to one vehicle.

It was the city's fourth thick fog in the last two weeks, caused by smoke from burning weeds mixing with fog.

State Police identified the dead man as Zeno Anderson, 54, of New Orleans. The driver of the car in which Anderson was riding was injured. Police said he was Lucian Verdu, also of New Orleans.

The automobile, police said, plowed into a semi-trailer truck that had halted on Airline Highway when the cloud blotted out all vision.

## Welcome Prepared For Shah Of Iran On American Visit

WASHINGTON—(AP)—The United States rolled out the official carpet in a big way Wednesday for the arrival of the youthful shah of Iran on a month-long state visit.

A personal greeting from President Truman at the airport, and a crowded round of ceremonies, dinners, and a tour of the Pacific Coast awaited the 30-year-old ruler.

As a special gesture, Truman's special plane, the Independence, was sent to his capital Tehran, to bring him here Secretary of State Acheson hurried back from a trip to Paris and Berlin for the occasion.

Iran is a barrier to Russian expansion southward. Some high level officials are expected with the shah over his reported desire for an increase in the American military and economic help which already is being supplied to his country.

## U. S. Intervention Postpones Strike Of AFL Deck Officers

WASHINGTON—(AP)—A strike of 2,000 AFL deck officers on 500 vessels plying the Atlantic and Gulf of Mexico sealanes was averted late Tuesday night by government intervention.

"A truce for at least one week—but probably for 30 days—was agreed upon an hour before the AFL masters, mates and pilots were to walk off passenger and dry cargo vessels of the 38 companies represented by the American Merchant Marine Institute.

Federal mediators who stepped into the dispute Monday proposed the truce. It was accepted to allow more time for the parties to settle their differences over hiring arrangements demanded by the union, and 16 other contract issues.

**Free To Revoke Truce**

The peace terms provided that the union and the companies each would consult their principals by next Monday and either side would be free to revoke the truce by Tuesday noon. If the extension of the contract was agreed upon, it would continue until December 16.

The union wanted a rotation system of hiring, by which available work would be shared in turn by qualified men listed in hiring halls. These are a sort of union employment bureau, supplying men for ship jobs.

Frank J. Taylor, president of the American Merchant Marine Institute, told reporters the ship owners were opposed to the hiring of officers by rotation because they wanted to be free to pick the men who would be their own representatives in charge of valuable properties.

## Burgman Found Guilty Of Treason

WASHINGTON—(AP)—Herbert J. Burgman, 53, long a clerk in the American Embassy in Berlin, was convicted late Tuesday of treason to his country.

Instead of coming home with other diplomatic personnel when the United States and Germany went to war, Burgman remained behind and became a radio propagandist. He is a native of Hokah, Minn.

Burgman faces a maximum sentence of death, a minimum penalty of five years in prison and a \$10,000 fine.

Federal Judge Alexander Holtzoff did not indicate when he will pass sentence.

## Two Texans Seized On Marihuana Charges

WOODBRIDGE, N. J.—(AP)—Two Texas men were arrested Wednesday by agents of the Federal Narcotics Bureau on charges of possessing refined marihuana which police valued at \$15,000.

The two men were identified by agents as Louis Dalrymple, 28, and James Everett, 29, both of Laredo, Texas.

The arrest was made by federal agents while the two men sat in a car outside a tourist home.

## One Killed, Three Injured In Grade Crossing Accident

ORANGE—(AP)—A woman was hurt fatally and three other persons were injured, one critically, when their automobile collided with a Southern Pacific passenger train near here late Tuesday night.

Theresa Mounce, 21, of Sulphur, La., died Wednesday of injuries received in the accident which occurred two miles west of Orange on Highway 87.

The condition of L. E. Berry, 31, of Edgerly, La., driver of the car, was grave. He suffered a crushed arm and a concussion.

The others hurt, also residents of Edgerly, were Irvy Thibodeaux, 35, and his wife, Mrs. Hilda Thibodeaux, 23.

An ambulance driver said the party was enroute from Port Arthur to Louisiana. Their car was dragged for about half a block, he said.

## Automobile Crashes Into Store Front

An automobile belonging to John B. Sanders jumped a curb and crashed into shop windows of the Charles A. Haynes Company at 213 North Main Street Tuesday afternoon.

Two plate glasses were shattered and damage was done to the framing around the windows. The automobile, a late model Lincoln, was damaged slightly. No one was injured, according to police.

Star Says Young Actors Have No Chance To Develop Talent

By ERSKINE JOHNSON NEA Staff Correspondent

HOLLYWOOD—Movie fans have been yelling that Hollywood has forgotten how to develop new stars. Joan Crawford blames the embryo talent as well as Hollywood's assembly-line methods.

"Kids in pictures don't have to work any more. Everything is done for them, including dialog coaches who tell them how to read their lines. There's no longer need for self-development—and that's what brings out stars."

Montgomery Clift's easy-going attitude, his wardrobe of only two suits and his lack of interest in the Hollywood social whirl have won him a reputation for being "strange." But the publicity boys at Paramount, after working with him on "The Heiress" and now "A Place in the Sun," have a more logical explanation.

Clift's simple explanation for owning two suits: "I've never needed a big wardrobe." No. 1 Rumor Girl Elizabeth Taylor says she's become the most daffodil gal in town. "I'm afraid to go out. Every time I go with a boy, someone announces we're engaged."

The grapevine says Joan Davis is a sick child in a sophisticated comedienne in "Turned Up Toes." Gertrude Niesen will be the star of the second big TV show coming from Hollywood... Doris Day is the nation's top feminine vocalist, based on the third annual Billboard Magazine jukebox poll... M-G-M and Connie Haines are talking about a three-year contract. Arthur Freed and Evelyn Knight are in similar huddles... John Hoyt's suggestion for the title of the next Johnson

sequel: "Johnson Slings Again?????" Sign on a San Fernando Valley saloon: "If you drive your husband to drink—drive him here."

Economy note: Bette Davis' long-time dressing room at Warners has been "subdivided" into three dressing rooms. Garry Cooper inherited one of them. Van Johnson, parking his car at the Brentwood Country Mart, dented the fender of a car next to him. He left one of his cards with an explanation and his phone number. Coming back after parking, he found a slip of paper under his windshield wiper. It read: "Forget it, Van. I think you're wonderful."

Worried About Garfield? Medicos have ordered John Garfield to take a six-month rest after completing "The Big Fall." They're worried about that heart attack he suffered just after the picture started.

Kiddie department: Dottie Lamour's 12-year-old son, Ridgely Howard, was disturbed about his new baby brother not answering his questions. Dottie explained that the baby couldn't talk. "Well," said Ridgely, "what's he got a mouth for then?"

Hollywood's 9-year-old Hitching Post Theater reopened as "The Paris," the town's newest foreign film theater. First film: The British comedy, "Passport to Pimlico." Drugstore cowboys at Hollywood and Vine now can exchange their 10-gallon hats for berets and monocles.

Note from Los Angeles reader Betty Holland, vacationing in New York: "I've found the real cinema hell—New York. Raving maniacs are allowed, nay, encouraged, to roam up and down the aisles jabbing in flirtatious tones—ice cream—two flavors—ice cream and Fresh cold orange juice." The film doesn't stand a prayer. Keep this menace out of Los Angeles. I'm a-comin' back.

Signed: "Betty Holland, member T. G. I. S. P.—Theater Goers Interested in Seeing Pictures."

Mack's Super Service Observes Anniversary

Mack's Chevron Service at 301 West Wall Street this week is observing its second anniversary as a Midland business establishment. The super service station is owned and operated by Mack Richards, who expressed appreciation to patrons and friends for their fine patronage. He pledged continued service of the highest quality in the future. Chevron gasoline is the featured item sold by the firm, but many other products associated with super service for the automobile are stocked in abundant supply.

ERROL FLYNN TO WED ROMANIAN PRINCESS LONDON.—P—Film Star Errol Flynn is engaged to marry Romanian Princess Irene Ghica, friends of the couple said Wednesday.

The 20-year-old princess, slender and brown-haired, is the daughter of the late Prince Jean Ghica. She lives in Paris. RITA MAY RETURN TO HOLLYWOOD IN MARCH HOLLYWOOD.—P—Rita Hayworth expects to return to the film capital some time in March. So says her dancing master father, Eduardo Gansino, who said Tuesday she had received a letter from her daughter. He added that she recently wrote of the possibility of her making a motion picture soon, but added she did not mention this in her latest letter.

Where Russia Gets Atomic Material

The recent admission by Czechoslovakian premier Zapotocky that Czech uranium, mined mostly at Joachimsthal, is going into Russian atomic energy plants, spotlights Russia's supply of fissionable materials. Map shows USSR's principal known sources. None of them is very big, but their total yield, mined by machine and hard-driven laborers, is enough to produce atomic bombs.

Truman Gives Green Light To Fight For Civil Rights Program

WASHINGTON.—P—President Truman's civil rights proposals were pushed to the forefront of Administration "must" measures Wednesday behind his fighting slogan of "No retreat and no retirement."

The President served notice Tuesday night—in his second civil rights speech in five days—that he is enlisted in a finish fight against "racial and religious discrimination."

With Southern Democrats up in arms against his call for anti-lynching, anti-poll tax and other anti-discrimination measures which cost him four Dixie states in last November's presidential election, Truman threw out this blunt challenge:

"We are going to continue to advance in our program of bringing equal rights and equal opportunities to all citizens. In that great cause there is no retreat and no retirement."

Addressing Negro Women: Truman spoke at the fourteenth annual meeting of the National Council of Negro Women and lavished praise on the record of Mrs. Mary McLeod Bethune, 74-year-old negro educator and retiring president of the organization.

The President renewed his civil rights campaign Friday at a luncheon of the National Conference of Christians and Jews. The negro vote is expected to play an important part in next year's 1950 congressional elections. Truman plans to stump the country to aid the candidacies of those he calls "liberals."

The President remained after his speech Tuesday night to shake hands with notables who received citations as "outstanding citizens" from the council.

The President declared that Americans have "made much progress" in the cause of civil rights.

Crude Oil Cutback To Put Texas Tax Revenues On Skids

AUSTIN.—P—Texas' declining revenues will really hit the skids in January as a result of the drastic cut in crude oil production ordered for December.

But revenue from taxes on crude oil production will drop roughly \$719,400 a month because of the 218,367-barrel slash in the daily permissive flowed fixed by the Railroad Commission Tuesday.

That is the off-the-cuff estimate of officials in the state comptroller's office. They would not concede that the Railroad Commission's action may mean considerably less revenue for Texas than the comptroller has estimated for the current fiscal year.

Apparently the comptroller's office feels the loss—due to a 137,000-barrel increase in the November allowable. But he warned that oil production would have to go higher if the comptroller's estimate of revenue for the biennium was to be realized.

2,400,000 Barrels Needed. He said production would have to reach 2,400,000 barrels daily by next September and maintain that average the second fiscal year (Sept. 1, 1950-Aug. 31, 1951) to help bring the state an anticipated \$87,000,000 for general spending purposes.

The comptroller's last estimate of income available for general spending during the two-year period which began September 1 was \$132,000,000. Of this amount, approximately \$75,000,000 already was in the general revenue fund.

The current oil allowable is 2,313,227 barrels a day, almost \$7,000 below the daily allowable, which would have to be reached to make the comptroller's estimate good.

In December, the allowable will drop to 2,294,470 barrels daily. Should unseasonably warm weather continue in the oil-burning Eastern states as it did last winter, it is doubtful that the Railroad Commission will raise the allowable materially in months to come.

Should production be held down to the December level, the state will lose approximately \$6,000,000 the remainder of this fiscal year. And if the trend prevailed the second year of the biennium, that would mean loss of almost \$9,000,000 more.

Petroleum Unit To Hear Grossman

Lt. Waldo L. Grossman, USNR, engineer for Halliburton Oil Well Cementing Company, will present a moving picture and lecture on oil well cementing at a meeting of Volunteer Petroleum Unit No. 8-1 Thursday.

The meeting is to be held in the Navy Building at Midland Air Park, beginning at 5 p.m. Grossman was commanding officer of an LCI in the South Pacific during the war.

An administrative drill is scheduled at 3 p.m. Saturday in the Navy Building.

Area Presbyterian Men Gather Here For Fall Meeting

Jack B. McMichael of Dallas, regional director of the Presbyterian Synods of Texas and Oklahoma, will be the principal speaker at the Fall meeting of Men of the Church of the El Paso Presbytery, Presbyterian Church, U. S., here Wednesday evening.

Representatives from churches in the huge Presbytery, which covers West Texas and New Mexico, were gathered here Wednesday morning. A meeting of the Executive Committee was scheduled at 3 p.m., to be followed by a general session at 4:15 p.m.

A dinner is scheduled at 6:30 p.m., and the concluding session will be held at 7:30 p.m. All sessions will be held in the First Presbyterian Church, with Presbyterian Men of Midland as hosts.

Big Spring Man Presides. Shelby Read of Big Spring, president of the area organization, will preside at the business meeting. R. F. Peters of Midland is vice president.

McMichael will speak at the concluding program in the church sanctuary, following the installation of new officers by Dr. William Foster of Lubbock. A vocal solo by George VanHeusen, accompanied at the piano by Wallace Wimberley, will feature the program at the dinner meeting. L. E. Milling of Big Spring was to bring the meditation at the afternoon gathering.

Delegates from men's groups at Big Spring, Odessa, Crane, Pecos, Fort Stockton, Seagraves, Colorado City, Coahoma, Lubbock, Barstow, Clovis, N. M., and other area cities are expected to attend the convention.

All members and friends of the Presbyterian Men's group are invited to attend the sessions.

Telephone Walkout May Be Authorized At Union Gathering

SAN ANTONIO.—P—A Southwest telephone strike may be authorized during the Southwest Division Convention here of the Communications Workers of America.

D. L. McCowen of St. Louis, regional president, said Tuesday night the 600 delegates will be asked to take a strike vote before the convention ends.

Such a strike would involve 50,000 southwestern Bell workers in five Southwestern states. McCowen said a strike would be called only in the event of failure of negotiations with the company which started October 28 for a new contract with higher wages and other benefits. The present contract expires December 1. Negotiations were suspended during the convention.

**If Hubby's Losing Interest, Wife Had Better Investigate**

By RUTH MILLETT  
NEA Staff Writer

"Is there anything a wife can do when her husband starts losing interest in her and in his home?" A 30-year-old wife tells me she would like an answer to that "before it is too late."

There is plenty a wife can do in that situation, and the sooner she starts in on her campaign the better.

But she shouldn't let her husband know what she is up to nor should she nag him for his lack of interest in her and in their home.

What she needs to do is to sit down alone and try to figure out what's wrong.

Perhaps she has lost her enthusiasm and zest for living and become a pretty dull sort of woman for a man to come home to.

Or perhaps they have allowed their marriage to get in a rut: no new interests in a long time; no new friends; not enough entertainment to brighten their lives.

Or it may be that her husband is so worried about his job or about finances that he doesn't realize that he seems to be disinterested or neglectful at home.

**Could Be Almost Anything**  
It could be any of a number of things. But a wife is in a good position to figure out just what the cause is.

Once she has done that, she can start figuring out how to give back to the marriage what has gone from it.

Many a wife has to face this problem some time in her marriage. If she blames her husband, inwardly she grows bitter toward him. If she nags him about his disinterest, she drives him away from her. But if she calmly and privately figures out why her husband is acting as he is, she stands a good chance of being able to get the marriage back on a happy relationship.

If she starts to work soon enough she often can solve the problem before her husband even realizes that one exists.

**'Winslow Boy' Rehearsals And Staging Begin**

Rehearsals are under way for the Midland Community Theater's twenty-fifth production, "The Winslow Boy," which will be presented December 8-10 in the City County Auditorium. The cast was chosen in three tryout sessions last week before the casting committee, of which Joe Koeger is chairman.

Art Cole will direct this, the last of six productions on the 1949 program. The play, by Terence Rattigan, was a Broadway success last year after a long run in England. Unusual in theme, it adds variety to an already varied program.

Community Theater audiences saw as the first 1949 production, "I Remember Mama," a nostalgic family comedy; then George Bernard Shaw's almost-classic "Pygmalion," and a sophisticated mystery, "Laura," before the Summer recess.

This Fall's productions have been "My Sister Eileen," a frothy farce, and "Up 'N' Atom," the annual musical-revue presented with the cooperation of the Midland Kiwanis Club. "The Winslow Boy" has the most serious plot of the year, but although it is based on a trial testing the principles of English law, it is a human story of the trial's effect on a family, and is enlivened with humor.

Backstage Work  
In the title role will be Randall Gibson, and other members of the Winslow family will be played by Margaret Corbett, Dorothy Perkins, C. G. Cooper and Thom Thompson. John Hughes, a newcomer to the Community Theater but with wide experience in Dallas and Tulsa Little Theaters and in professional radio acting and dramatic writing, will have the role of Sir Robert Morton, a famous lawyer. Charles Dixon, Bob Sadler, Betty Gaines and LaMoyné Tabor are others in the cast.

Backstage preparation for the play is starting, and persons interested in set building or painting, work on costume and properties committee, advertising or any other phase of the work, are invited to volunteer their services. This work, as well as participation in the plays, is open to all residents of Midland, whether or not they are members of the Community Theater.

Heavy Traffic Problems

This is the greatest production year in the history of the automobile industry. In less than 10 months the motor makers have turned out 5,359,000 cars and trucks, smashing the 20-year record established in booming 1929.

The best guess now is that final 1949 production figures will range close to 5,800,000 units. And this huge outpouring must somehow be accommodated by already congested highways and parking facilities throughout the nation.

What curve production will follow in the years ahead no one can tell for sure, of course. But Sumner Slichter, veteran economist, forecasts in the current Atlantic Monthly that by 1980 there will be two cars for every family in the United States. That would put the automobile population somewhere above 80,000,000, as compared with the present 41,000,000.

Even if only half this gain is realized, it will place burdens upon the nation's road network which will make today's traffic difficulties look like child's play. Some time soon the country is going to have to come to grips with this prospect in a far more realistic fashion than it ever has exhibited to date.

As Fortune Magazine points out in its November issue, the improvements made in our highway system since the war ended have put it back about where it was in 1933—in terms of general condition and adequacy. We still have the 1933-1949 lag to make up before we start keeping pace with current advances in traffic volume.

As traffic mounts and population multiplies in our big cities, the cost of highway development becomes staggering. Every evidence indicates that normal sources of revenue will fall way short of meeting the needs of a sound system.

Either the nation must be prepared to face a stiff addition to its general tax bill or it must accept broader use of toll highways to get the required expansion.

Government officials frown on toll roads as wasteful, duplicating, and an extra tax burden on motorists. But state after state is turning to them for the answer to the pressing traffic puzzle. Tolls seem easier to impose than new general levies.

The outlook is no brighter when it comes to parking facilities. Cars by the thousands converge every day on the downtown areas of giant centers like New York, Chicago and Los Angeles. The flow in and out resembles the Sunday crawl that has long plagued holiday drivers. But the worst problem is that too often there is no place to put the car once you get it downtown.

A few cities have developed big underground garages as partial solutions. But unless huge new facilities are created soon in many places, the downtown areas are likely to lose more and more business to outlying sectors where parking is possible.

Someone recently suggested the ultimate dilemma to which we some day may come in this jam-packed automobile age: a man will buy a car in a downtown showroom and find that he can't get it onto the street to drive home.

Two men were arrested in Illinois with 25 pairs of loaded dice. We wonder, will they shoot their way out of jail?

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

(Copyright, 1949, By The Bell Syndicate, Inc.) Drew Pearson says: Girlies got "Cap" Krug; Got his wife, got Congress, finally got Truman; Newspapers held criticism; Personal business kept Interior secretary out of Washington.

LOS ANGELES—Two morals can be drawn from the quiet exit of lusty likable, 250-pound Julius A. Krug from the Truman cabinet.

No. 1—It doesn't pay for a man in public life to be publicized with Hollywood girls.

No. 2—The press can't criticize one of Harry Truman's cabinet members if they want him to resign. Criticism merely freezes a man in the cabinet.

In the case of Secretary of the Interior "Cap" Krug, some of the newspapers played up the Johnny Meyers parties and the Hollywood beauties who entertained Krug when he was chairman of the War Production Board.

That, however, was three years ago. And for the last year, Krug and Truman have not been getting along at all. The sparks have flown on several occasions.

In Secretary Krug's case, however, the deal hurt him in two ways. In the first place, it detracted from the time he spent in Washington. During many weeks he lived five days a week in New York, flew down to Washington Friday morning for cabinet meetings.

The other way the textile deal hurt him was that Nathan Sheinman, from whom Krug borrowed \$750,000 on April 18, 1948, now claims that Krug's agreement was not to be exclusive sales agent for Brookside Mills and that Krug and his partner, Thomas Epstein, owe him \$90,000 in commission.

To block this arbitration, Krug, and Epstein have asked for an injunction in the New York Supreme Court, claiming that Sheinman's proposed arbitration "represents a blatant attempt on Sheinman's part to seize control of Brookside Mills through a misuse of arbitration."

Assuming that Krug is entirely right, and Judge Bernard Botwin has ruled in his favor on two out of three counts, nevertheless it is difficult for any cabinet officer to keep his mind on intricate financial deals plus the 101 details connected with supervising Alaskan defense, strikes in Hawaii, the reclamation fight in California, education of the Navajos in Arizona, national parks from Yellowstone to Yosemite, and the economic virgins of Puerto Rico and the Virgin Islands, to say nothing of Bedloe Island and the Statue of Liberty.

She had been living on the modest salary of a public official while her friends wore mink coats and rode in swank convertibles. And she had been willing to make the sacrifice as long as she thought her husband was doing it for the good of the country. But after the girlie episode in Hollywood, it was only natural that she should wonder whether the sacrifice was worth while.

So "Cap" found himself in hot water all the way around. He was in hot water when he went up on Capitol Hill. For while "Cap" testified about irrigation and wild life, the senators couldn't help having smiles on their faces as they thought of those Johnny Meyers expense accounts. Naturally this undermined "Cap's" ability to battle things out with Congress, made it difficult to get his legislative program OK'd. And this, in turn, was one reason for the White House veto.

McKenney on Bridge

By WILLIAM E. MCKENNEY America's Card Authority

It was on the way from Cleveland to Warren, Pa., that I put the question, "Do you think women play bridge as well as men?" to Mrs. Arthur Shelgren of Cleveland.

Mr. Shelgren wondered how we could take our minds off the beautiful scenery to discuss a bridge hand. But when his wife control the suits to her, which North did not have. South then should make the Blackwood bid of four no trump and when North showed one ace with a bid of five diamonds, South would be pretty safe in bidding six spades.

The opening lead of the jack of clubs should be won in dummy with the ace. A diamond won with the ace and a diamond ruffed. Now a spade led to the ace and another diamond ruffed. A club is led and won with the king. East shows out. What should South do? Should he lead a club, knowing that West has to win the trick and hope that he has the king of hearts? Mrs. Shelgren said that a good woman player will have kept track of the cards.

When East shows out on the second club trick it means that West had six clubs. He also has followed to three rounds of diamonds, therefore, he could not have more than four hearts. In fact, if West has another diamond, he could hold only three hearts. As East has more hearts than West, he has more chances to hold the king. Therefore, South should play the ace of hearts and then the nine spot.

Mrs. Shelgren was right. When East wins with the king of hearts he has to lead either a heart or a diamond, allowing South to discard the losing club in one hand and trump in the other.

See Radioactive Iodine As New Treatment For Goiter

By EDWIN P. JORDAN, M. D. Written for NEA Service

An enlargement of the thyroid gland or goiter can produce any one of several different symptoms. The enlargement may be general and the entire gland involved. This is called a diffuse goiter. The gland may be enlarged in places in the form of growths or nodules and this is called a nodular goiter.

Regardless of the type of enlargement the gland may continue to function fairly satisfactorily. Sometimes, however, the secretion becomes excessive or abnormal and causes what are known as toxic symptoms.

In other words one can have a simple nodular goiter, a simple diffuse enlargement, a toxic nodular goiter or a toxic diffuse goiter.

The treatment of a goiter depends on many factors which have to be analyzed in each individual case. Sometimes it is treated simply by watching the condition rather than by any active measures. A toxic goiter, either of the nodular type or the diffuse type, generally requires some definite treatment. Up until recently the best treatment almost always was operation, that is, removal of a considerable portion of the diseased thyroid tissue.

This was a highly successful procedure and still is frequently advisable and done with success.

Recently new methods of treatment have proved effective, at least in some cases. These methods include a medicine of one of the uracil group or the drinking of a fluid

containing iodine which has been made radioactive.

Goiter is still an important medical condition but is less common than in the past probably because of the widespread use of iodized salt which has been shown to prevent the development of many goiters.

WASHINGTON COLUMN

'Democrats' Darling' Is After Downey's Spot In California

By DOUGLAS LARSEN NEA Staff Correspondent

WASHINGTON—The flashiest primary contest of 1950 looks like it is going to be in California where a former actress will try to take the Democratic Senate nomination away from a former ham-and-egger.

Lined up in a fight which promises to split California's strong labor forces in two will be Helen Gahagan Douglas, now congresswoman from a Los Angeles district, and Sheridan Downey, veteran of 12 years in the U. S. Senate. Both claim to be liberals.

Mrs. Douglas, wife of the screen actor Melvyn Douglas, has become known as the "darling of the Democrats" during her six years in the House of Representatives. Almost 50, a fact which depresses her, she is still an extremely handsome woman. And her looks are still her own.

A little lipstick is the only make-up she ever uses. The fact that she frequently appears on the lists of 10-best-dressed-women amuses her close friends. Actually, she rarely buys her own clothes. A secretary goes to a shop and makes the selection when she decides she wants a new dress. As Douglas is to believe, she doesn't own a single hat.

Largely to offset Clare Boothe Luce, who was the glamor girl on the Republican side in the 79th Congress, the Democrats saw to it that Representative Douglas immediately was assigned to one of the most important committees of the House, Foreign Affairs. She has worked hard at this assignment, averaging well over 12 hours a day sometimes, and has become one of the most influential members of that group.

Thanks to her stage background, Mrs. Douglas is a very effective speaker. She blends impassioned words with cold logic in a very effective manner. Many of her male colleagues who have fair reputations for tossing out dramatic words envy Mrs. Douglas' more professional technique. Twice the Democrats have used her as featured speaker at their conventions.

She has been accused of being too far left in her thinking. She likes to think of herself as a fighter like the liberal Republicans. She herself helped erase the suggested red taint when the Progressive Party ran a candidate against her in the race for her congressional seat.

Senator Downey, who acted as the Senate with a record of active support of various California pension plans, including the so-called ham-and-egg movement and the Townsend plan, also plans to run on the basis of his liberal record. He has a 100 per cent record for favoring labor.

His involvement in the complicated problem of the 160-acre limitation on the size of farms irrigated by the federal government appears to have hurt him among some factions. Some of his enemies claim that in this fight he has allied himself with both corporate farmers and the power trust, which he despises. Nevertheless, he is assured very strong labor support in his fight for re-nomination.

The AFL traditionally supports members of Congress for reelection who have voted "correctly" on labor issues. With a choice of two candidates who meet this requirement it's likely the labor group will back the incumbent, Downey.

On the other hand, the CIO takes a broader view of the "general" records of candidates and takes into consideration more factors than mere down-the-line approval of labor measures. For this reason observers out there believe Mrs. Douglas will win CIO backing.

And for what it is worth Mrs. Douglas' record for favoring labor.

The CAMEO

By Virginia Teale

THE STORY: Martin Falter has been murdered and the motive is connected with a valuable cameo which he was trying to sell. Hagar Blair, gift shop owner, found the man murdered and her assistant, Stephanie Smith, comes across the scene soon afterwards. When she goes to Hagar's house, she finds the cameo in Hagar's collection. Later Audrey Yankov, who is a young lawyer who is the wife of the man who committed the crime, tells Hagar that she knows who the murderer is. She tells her name, the name of the man who committed the crime, and the name of the man who committed the crime.

Peters and Reddy tensed, the word came from both: "Blackmail!"

Trotter passed his briar back and forth under his nose: "Served time for it early in his career. Specialty was rich old ladies who longed for the rejuvenating effect of one last fling."

"I've heard a few stories," he turned to Reddy. "Remember the whir he gave that old dame at the Inn—the one from Minneapolis?"

"He had a pretty good modus operandi," explained Trotter. "He'd get the affair going at white heat, then take off on a 'short business trip.' While he was gone, he'd receive purple letters from the lady. Then he'd save the letters until such time as it would be profitable to wave them threateningly under the poor creature's nose. He made quite a good living that way."

Reddy looked puzzled. "Hope this isn't out of order, sir, but I didn't know the bureau concerned itself with blackmail, as such."

"As such, we don't. But one of Falter's little coups—he was known as Michael Frazier, then, by the way—almost became an international incident. The lady in the play was the wife of a South American consul who eventually got wind of the routine and made a big to-do at the State Department. That happened 13 years ago."

Heavy Traffic Problems

This is the greatest production year in the history of the automobile industry. In less than 10 months the motor makers have turned out 5,359,000 cars and trucks, smashing the 20-year record established in booming 1929.

The best guess now is that final 1949 production figures will range close to 5,800,000 units. And this huge outpouring must somehow be accommodated by already congested highways and parking facilities throughout the nation.

What curve production will follow in the years ahead no one can tell for sure, of course. But Sumner Slichter, veteran economist, forecasts in the current Atlantic Monthly that by 1980 there will be two cars for every family in the United States.

Even if only half this gain is realized, it will place burdens upon the nation's road network which will make today's traffic difficulties look like child's play.

As Fortune Magazine points out in its November issue, the improvements made in our highway system since the war ended have put it back about where it was in 1933—in terms of general condition and adequacy.

As traffic mounts and population multiplies in our big cities, the cost of highway development becomes staggering. Every evidence indicates that normal sources of revenue will fall way short of meeting the needs of a sound system.

Either the nation must be prepared to face a stiff addition to its general tax bill or it must accept broader use of toll highways to get the required expansion.

Government officials frown on toll roads as wasteful, duplicating, and an extra tax burden on motorists. But state after state is turning to them for the answer to the pressing traffic puzzle.

The outlook is no brighter when it comes to parking facilities. Cars by the thousands converge every day on the downtown areas of giant centers like New York, Chicago and Los Angeles.

A few cities have developed big underground garages as partial solutions. But unless huge new facilities are created soon in many places, the downtown areas are likely to lose more and more business to outlying sectors where parking is possible.

Someone recently suggested the ultimate dilemma to which we some day may come in this jam-packed automobile age: a man will buy a car in a downtown showroom and find that he can't get it onto the street to drive home.

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

Drew Pearson says: 'Ginlies got "Cap" Krug; Got his wife, got Congress, finally got Truman; Newspapers held criticism; Personal business kept Interior secretary out of Washington.'

LOS ANGELES—Two morals can be drawn from the quiet exit of lusty likable, 250-pound Julius A. Krug from the Truman cabinet.

No. 1—It doesn't pay for a man in public life to be publicized with Hollywood glories.

In the case of Secretary of the Interior "Cap" Krug, some of the newspapers played up the Johnny Meyers parties and the Hollywood beauties who entertained Krug when he was chairman of the War Production Board.

That, however, was three years ago. And for the last year, Krug and Truman have not been getting along at all. The sparks have flown on several occasions.

On top of all this, Krug got himself involved in litigation over a \$750,000 loan he had floated to finance the purchase of a textile mill near Knoxville, Tenn.

This time, however, several of the newsmen who knew what was happening kept mum. They were afraid that criticism once again would freeze Krug in the cabinet.

What really put the political skids under him, however, was the ginlie episode in Hollywood. When the Brewster Committee got hold of Johnny Meyers' expense accounts, with payments listed to certain ladies for the entertainment of "Cap" Krug, well naturally Mrs. Krug didn't like it.

So "Cap" found himself in hot water all the way around. He was in hot water when he went up to Capitol Hill. For while "Cap" testified about irrigation and wild life, the senators couldn't help having smiles on their faces as they thought of those Johnny Meyers expense accounts.

McKenney on Bridge

By WILLIAM E. MCKENNEY America's Card Authority Written for NEA Service It was on the way from Cleveland to Warren, Pa., that I put the question, "Do you think women play bridge as well as men?" to Mrs. Arthur Shelgren of Cleveland.

In discussing the bidding of today's hand, Mr. Shelgren thought that South should jump to six spades over North's bid of three spades. His wife more conserva-

tively thought that North should bid four spades instead of three because three spades indicated control of two suits to her, which North did not have.

The opening lead of the jack of clubs should be won in dummy with the ace. A diamond won with the ace and a diamond ruffed. Now a spade led to the ace and another diamond ruffed.

ANSWER: I cannot suggest any cause for this. An allergy is a possibility but one would expect other symptoms as well.

AS Tom and Nev O'Neill left the police station, they almost collided with a tall man in a gray suit who was waiting to enter. They exchanged apologies and the newcomer strolled up to the chief's desk.

REDDY looked puzzled. "Hope that isn't out of order, sir, but I didn't know the bureau concerned itself with blackmail as such."

REDDY brought out a small notebook, scribbled in it and returned it to his coat. The chief drummed his fat fingers on his desk: "Any opinions, Reddy?"

REDDY replied: "I've started a list of suspects; it starts with Stephanie Smith's name and the O'Neills. None of them sounds like a hot prospect to me, though."

WASHINGTON COLUMN

'Democrats' Darling' Is After Downey's Spot In California

WASHINGTON—The flashiest primary contest of 1950 looks like it is going to be in California where a former actress will try to take the Democratic Senate nomination away from a former ham-and-egger.

Lined up in a fight which promises to split California's strong labor forces in two will be Helen Gahagan Douglas, now congresswoman from a Los Angeles district, and Sheridan Downey, veteran of 12 years in the U. S. Senate. Both claim to be liberals.

Mrs. Douglas, wife of the screen actor Melvyn Douglas, has become known as the "darling of the Democrats" during her six years in the House of Representatives. Almost 50, a fact which depresses her, she is still an extremely handsome woman. And her looks are still her own. A little lipstick is the only make-up she ever uses.

Largely to offset Clare Boothe Luce, who was the glamor girl on the Republican side in the 79th Congress, the Democrats saw to it that Representative Douglas immediately was assigned to one of the most important committees of the House, Foreign Affairs. She has worked hard at this assignment, averaging well over 12 hours a day sometimes, and has become one of the most influential members of that group.

Thanks to her stage background, Mrs. Douglas is a very effective speaker. She blends impassioned words with cold logic in a very effective manner. Many of her male colleagues who have high reputations for tossing out dramatic words envy Mrs. Douglas' more professional technique.

She has been accused of being too far left in her thinking. She likes to think of herself as a fighting liberal. The left-wingers themselves helped erase the suggested retort when the Progressive Party ran a candidate against her in the race for her congressional seat.

Senator Downey who entered the Senate with a record of active support of various California pension plans, including the so-called ham-and-egg movement and the Townsend plan, also plans to run on the basis of his liberal record. He has a 100 per cent record for favoring labor.

His involvement in the complicated problem of the 160-acre limitation on the size of farms irrigated by the federal government appears to have hurt him among some factions. Some of his enemies claim that in this fight he has allied himself with both corporate farmers and the power trust, which he denies. Nevertheless he is assured of very strong labor support in his fight for re-employment.

The AFL traditionally supports members of Congress for reelection who have voted "correctly" on labor issues. With a choice of two candidates who meet this requirement it's likely the labor group will back the incumbent.

On the other hand, the CIO takes a broader view of the "liberal" records of candidates and takes into consideration more factors than mere down-the-line approval of labor measures. For this reason others believe that Douglas will have CIO backing.

And for what it is worth Mrs. Douglas probably will be used for advertising purposes.

AFL Truck Driver Strike Is Averted DALLAS—A threatened strike of 3,000 AFL truck drivers in four Southwestern states was averted Tuesday night six hours before the midnight strike deadline.

Negotiators for the AFL Teamsters Union and truck line operators reached agreement on a unique contract providing two wage increases. The first increase in the two-year contract is effective Wednesday. The second is to become effective automatically Jan. 31, 1951.

The settlement also provides for the union's first company-paid hospitalization program, and also sick pay for time off.

Ordinary plywood, with its piles placed cross-grain-wise to each other, can withstand many times the weight and stress of a piece of lumber of the same thickness.

At the moment is to proceed separately. I'll amble around, pick up what I can, sub rosa. We'll exchange information—okay, Chief Peters?"

"Fine with me," the chief agreed. "Reddy and I already have started interviewing suspects. We began with Nell and Tom O'Neill. Tom found the body this morning. This afternoon, Reddy and I'll see what we can find out from Hagar Blair—a sharp old character who runs a shop in town. We'll also question a Miss Smith who lives with her and helps out in the store. Miss Smith is a hot one—in connection with the murder. I mean, she's a driver in town left her car at Falter's place about 8 o'clock."

TROTTER raised his eyebrows: "Miss Smith, eh? Mind if I follow that up to you, Peters?"

REDDY looked puzzled. "Hope that isn't out of order, sir, but I didn't know the bureau concerned itself with blackmail as such."

### Women Gather In Austin For TFCW Sessions

By SUE COLEMAN  
Reporter-Telegram  
Society Editor

AUSTIN—Women from all over the state were gathering Wednesday morning for the fifty-second annual convention of the Texas Federation of Women's Clubs to be held in its headquarters building here. Mrs. John J. Perry of Sweetwater, president, was to preside at the opening business session scheduled for 2 p. m. Wednesday.

Mrs. J. Howard Hodge of Midland, an appointed member of the executive committee under Mrs. Perry's administration and slated to be elected at this convention to succeed the Sweetwater woman as president, was in Austin Tuesday for preliminary committee meetings. A number of other Midland club women are attending the general sessions.

The board of trustees, finance committee and executive committee met Tuesday afternoon, and the state board of directors had a morning meeting and luncheon before the convention opened Wednesday.

**West Texas Delegates**  
Early arrivals from the Eighth District of West Texas included Mrs. Joseph Best, Wink, president, and Mrs. J. M. Montgomery, Fort Stockton, immediate past president. Mrs. J. C. Cunningham of Fort Stockton, state chairman of registration, was on the job early Wednesday, assisted by Mrs. Bob Eubank of Big Spring.

Mrs. John Casselman of Midland Friday morning will receive a picture award for Midland's Modern Study Club, district winner of the Penny Art Award for the most outstanding art report of the year.

After the business session Wednesday afternoon, Austin club women are to entertain the visitors with a tour of historical museums and shrines and a tea at Laguna Gloria Art Museum. The night program Wednesday will include dedication of a grand piano, purchased by club women of Texas for their headquarters building as a memorial to Clara Driscoll, who made a large gift to retire the indebtedness on the building.

**Night Speaker**  
Mrs. Hiram C. Houghton of Red Oak, Ia., first vice president of the General Federation of Women's Clubs, will be the night speaker. She and Mrs. Perry will be honored at a reception after the program.

A memorial service, a reception in the governor's mansion and a dinner, with Wes Izard of Amarillo as the speaker, will feature the Thursday program, and the biennial election of officers will be held Friday. Mrs. Hodge is the only candidate for the presidency.

**Sub Post Office Accepts Packages**

Postmaster N. G. Oates announced Wednesday that Post Office Station A was accepting packages for mailing. However, he pointed out that this in no way curtails package mailing at the main post office.

Because of good parking facilities, it was decided to handle packages at Station A, which is located at 314 North Marienfeld Street—until after Christmas.

### Mrs. Marberry Tells Literature Group About Jane Austen

Mrs. James Marberry read a paper on Jane Austen at a meeting of the American Association of University Women Contemporary Literature Group in the home of Mrs. P. M. Sisley Tuesday night.

The group discussed several contemporary works and, during the business session, discussed dividing into two sections, one meeting in the morning and the other at night. The next meeting will be held at 8 p. m. December 6 with Mrs. R. F. Carroll, 1113 North Colorado Street.

Attending were Mrs. John Norris, Mrs. W. H. Carter, Mrs. Lloyd C. Mills, Mrs. Frank True, Mrs. James Brown, Mrs. Charles F. Henderson, Mrs. R. V. Hollingsworth, Mrs. Lee B. Park, Mrs. D. W. St. Clair, Mrs. Brandon Rea, Mrs. William Sandeen, Mrs. J. V. Hardwick and Mrs. James Marberry.

**Methodist Class Plans Banquet**

Plans for the First Methodist Fellowship Class Thanksgiving banquet were made at a committee meeting Tuesday in the home of Mrs. W. M. Johnson. The banquet will be held at 7 p. m. Monday in the Scharbauer Educational Building, with Mr. and Mrs. Johnson and Mr. and Mrs. W. E. Nance as hosts.

Attending the committee meeting were Mrs. C. E. McDonald, Mrs. Pete Mayes, Mrs. Wayne Blankenship and Mrs. Rex Galloup. Mrs. Blankenship and Mrs. Galloup will be in charge of the program and Mrs. A. V. Johnson, Mrs. McDonald and Mrs. Mayes will assist Mrs. W. M. Johnson with dinner preparations. Mr. and Mrs. Augie Auguston will be in charge of greeting guests and making the name tags.

**Methodist Class Plans Banquet**  
Dr. and Mrs. J. F. Gaines and the Rev. and Mrs. Jack Fielder will assist with the tables and decorations. Reservations may be made by calling Mrs. W. M. Johnson, at telephone No. 3837-W, before Sunday noon.

**Palette Club Party Committees To Meet**

All committees in charge of any arrangements for the Midland Palette Club Art Center game party Saturday night will meet at 2 p. m. Thursday in the Palette Club studio. The party will begin at 7:30 p. m. Saturday in the studio.

All persons wishing to donate gifts for the party have been requested to bring them to the studio between 2 and 5 p. m. Thursday, Friday or Saturday.

An art exhibit of the works of Center members also will be held Saturday night. Among those members who have assisted in preparations for the party are Bonnie Bogardus, who has made the posters, and Mrs. Addison Young and her son, who prepared the handbills.

**JAYCETTES TO MEET THURSDAY NIGHT**

The JayCettes will have a game party Thursday with Mrs. Horace Burton as hostess in her home, 2402 West Washington Street. Mrs. Irby Dyer will serve as co-hostess. The social will begin at 8 p. m. for members and their guests.

### B&PW Members Make Plans For District Meeting In Pecos

The decision to support Mrs. Ruby Brasley of McComme for director of District Eight of the Business and Professional Women's Club was made at a meeting of the Midland chapter Tuesday night. The annual district conference and election will be held Saturday and Sunday in Pecos, and a large delegation of Midland women will attend and take part in the program.

The Tuesday session was a dinner meeting in the Private Dining Room of Hotel Scharbauer.

During the business session the Pecos meeting was discussed and plans for transportation for those who will attend were made. Some of the members plan to go Saturday morning. Frances Carter, vice president of the Texas Federation of Business and Professional Women's Clubs, will lead a panel discussion Saturday night, and Fannie Bess Taylor and Iva Noyes will take part. Neta Stovall, president of the Midland group, will direct the Sunday morning program with Cordelia Taylor as one of the speakers.

**Skit For Program**  
A delegate and an alternate to serve on the state nominating committee also will be chosen in Pecos, and Colysta Christian, a past president of the Midland group, has been nominated for delegate. Among others who plan to go to Pecos are Hollye Friberg, Bess Thurman, Margaret Frances Barber, Paye Carson, Vera McIeroy and Grace Wallace.

The program for the Tuesday meeting was a skit, "The Scandal," directed by Joy McCoy. Alberta McInnis, Winifred Estelle, Mrs. Christian, Mrs. McCoy and Ruth Donnell took part in the skit, which was a take-off on a group of women at a club meeting.

Dick Looby read a Thanksgiving poem as part of the program. Guests were Margaret Pierce, Dr. Velma Scott and Mrs. T. B. Pryor of Childress, Martha Green's mother.

**APARTMENT LIVING**

The little home with the white picket fence is something most of us look forward to, but, while working toward the realization of this dream, many of us must live in rented homes or apartments so let's make the most of it!

Don't let that small living room in your apartment get you down. And never say: "I just can't do anything with it." "Can't do" is a phrase you won't find in the decorator's vocabulary. Everything is possible... it all depends on your ingenuity and imagination.

Small rooms can be made livable, comfortable and beautiful. The room illustrated above is typical of what can be done with the proper furniture, placement and imagination.

The rules are few and simple: Keep the big pieces against the walls, blend upholstery fabric with the wall covering to make the room appear bigger and DON'T overcrowd.

If the apartment you're planning on moving into is unfurnished you have a much better chance to do something with it, because you can buy your furniture with an eye to the future.

You'll find many fine pieces of furniture in our store to furnish an apartment or a home, and our suggestions are yours for the asking. When you drop in and talk over your problems with us we'll be able to get down to individual cases and fit our ideas to your personal needs.

## Six Or More New District Champs To Emerge This Week

By The Associated Press

More than half of the Texas schoolboy football district champions are expected to be known this weekend. Six already are in the bag and a half-dozen or more are bound to emerge from this week's 41 conference games in the City Conference and Class AA.

Two of the state's five undefeated teams figure in hot district title battles and could tumble without causing eyebrows to rise.

Coriscana's unbeaten, untied Tigers battle resurging Temple for the District 13 championship in Class AA. Baytown, unbeaten but once tied, goes against Galveston, a dangerous foe indeed, for the District 12 pennant.

Undefeated, untied Wichita Falls plays Vernon for the District 2 crown and isn't expected to encounter serious trouble. Lubbock, unbeaten and untied, engages downtrodden Midland and can clinch the District 3 flag with a win which it is expected to get without working too hard.

The other unbeaten outfit—No. 1 rated Port Arthur—has an off week.

Champions already on the line are Sunseri (Dallas), District 1, City Conference; Pampa, District 1, Class AA; Paris, District 7; High-

## SPORTS SLANTS

by SHORTY SHELburnE

When we look at Coach Jess Neely's record against the TCU Horned Frogs since he arrived to take over at Rice, we can't see any reason for him to fear Saturday's meeting.

Before Neely's appearance on the scene, TCU whipped the Owls just about as often and as badly as they pleased. Not so now, however.

Neely coached teams have fared well.

After TCU had clouted Rice 13 out of 14 times before Neely moved to Houston, the soft touch ended suddenly.

The Owls have won the last three years.

With Lindy Berry a doubtful starter due to his injured jaw, things look even brighter for another Rice win this year.

The best chance we know of to get a Thanksgiving turkey for free will come Sunday at the Midland Gun Club's skeet and turkey shoot.

Jim Mascho, George Glass, Sr., and other members of the Gun Club have worked out a slate of events that offers a chance to everyone.

Even a guy who is a complete stranger to a shotgun easily can win a turkey.

If it's some good, clean entertainment you're looking for Sunday, go to the Gun Club range at Midland Airport.

In this year, A. D. 1949, there have been more major upsets and near upsets than we can remember before in a single season of gridiron activity.

Texas A&M tied SMU. Seminoles whipped Monahans. Brownwood tied San Angelo and Dartmouth stomped Cornell from the undefeated ranks.

Now wouldn't it be just a fitting climax if the Midland Bulldogs knocked off the Lubbock Westerners?

That's asking for a lot but it isn't impossible.

With a lot of hard-charging from the Bulldog line, hard running by the backs and some breaks it could be done.

Lubbock has compiled an amazing offensive record in going through eight games undefeated. If the Bulldogs can score this upset it will class as the greatest ever in schoolboy football.

Here's Lubbock's record: Lubbock 47, Childress 0. Lubbock 38, North Side (FW) 0. Lubbock 42, Plainview 6. Lubbock 42, Vernon 12. Lubbock 33, Pampa 20. Lubbock 47, Amarillo 7. Lubbock 41, Lamesa 14. Lubbock 7, Odessa 6.

The Bulldogs have done something like this: Midland 0, Yaleta 40. Midland 12, Austin (EP) 49. Midland 13, Brownwood 27. Midland 14, Plainview 0. Midland 0, Sweetwater 34. Midland 7, Odessa 55. Midland 26, Brownfield 7. Midland 13, Big Spring 0.

Lamar Cardinals, JC Champs, Aim At Junior Rose Bowl

BEAUMONT —(P)—Lamar College's undefeated and untied Cardinals expect to play in the Junior Rose Bowl in Pasadena, Calif., December 10.

They haven't received a formal invitation yet but expect to, says Coach Stan Lambert.

"I think we can get the bid as the Eastern representative if we finish our season unbeaten," Lambert said Tuesday on returning from a West Coast visit.

If the Redbirds don't get the California bid, he added, they probably will play in one of the six other bowls they have been invited to or are being considered for.

## Midland Football Teams To Invade Odessa This Week

Midland grid teams make an invasion of Odessa this week to take their last crack at Broncho teams.

Coach Joe Akins' 'C' Bulldogs open the warfare in a tilt with the Odessa C team at 3:30 p.m. Thursday in Broncho Stadium.

The Sixth Grade Bulldogs move into the stadium at 3 p.m. Saturday to battle Odessa's San Jacinto Elementary School eleven in a "Peanut Bowl" game. The tilt is a feature of National Kids Day and is sponsored by the Odessa Kiwanis Club.

Saturday night, Coach Red Rutledge sends his 'B' Bulldogs against the 'B' Bronchos in Odessa.

All three teams will be playing their final game of the season.

## North Lake States Report Heavy Snow

CHICAGO — (AP) — Wednesday dawned clear and cold over a large share of the nation—but the northern tier of Lake States reported snow up to nine inches in depth.

The U. S. Weather Bureau said nine inches was on the ground at Peilston, Mich., seven inches at Marquette, three inches at Traverse City, and two inches at Calumet with flurries reported further south.

Temperatures were reported a bit below normal as far south as Birmingham, Ala., where 33 was recorded. Corbin, Ky., had 26, and Evansville, Ind., 29. Vicksburg, Miss., reported 35.

Strong winds up to 35 miles per hour kicked up dust near Minot, N. Dak., and were reported at that velocity through the Plains States.

Elsewhere, however, skies were clear and temperatures seasonable. The Weather Bureau forecast more of the same with both snow and winds moving south into Illinois by Wednesday night.

## Rice Plans \$2,500,000 Grid Layout

HOUSTON — (AP) — Rice Institute will build a 50,000-seat stadium and President William V. Houston says that's an answer to reports that the school planned to de-emphasize sports.

Contracts for the \$2,500,000 stadium are to be awarded after the first of the year and the structure will be ready for the opening game of the 1950 football season.

Two weeks ago Rice announced plans to build a \$1,200,000 field house with a 7,000-seat capacity.

The new stadium will be built in such a way that it easily can be increased to 80,000 capacity if needed.

**Houston U. Ambitious**

The announcement meant that Rice had jumped in front in Houston's stadium race. Young but ambitious University of Houston reportedly has plans for a 65,000-seat stadium with Olinian-Palladium-throptist Hugh Roy Cullen to furnish the money. This will mean enlargement of the Houston public school stadium that now seats 22,000.

Cullen, chairman of the university's board of directors, already has given millions to the school.

Corbin Robertson, Cullen's son-in-law, said he is not ready to give details of the plans as yet.

Mayor Oscar Holcombe, who made a last-minute effort to prevent two stadiums being built, said the Rice announcement apparently has killed any hope for a huge municipal stadium.

He still hopes, however, some agreement can be made whereby the university can use the new Rice stadium.

Rice officials said the stadium will be "available for other schools for any worthwhile projects."

## Western Loop Rose Bowl Entry May Be King-Size Headache

NEW YORK — (AP) — It's Michigan by six and one-half points and Minnesota by 13 1/2 in the big game Saturday that will be a couple of important football issues in the Midlands.

The odds-makers thus have prescribed an economy-sized headache for the men who must pick the Western conference representative in the Rose Bowl.

Michigan is host to Ohio State at Ann Arbor while Minnesota plays Wisconsin at Minneapolis.

Should the Wolverines and Gophers prevail, the Big Ten championship would be decided in Michigan's favor for the third straight year but the bowl picture would be complete confusion.

Ohio State, which now shares the league lead with Michigan, would be tied with Minnesota with a 4-2 record. Illinois ten could horn in with a claim by trimming Northwestern.

The Buckeyes could simplify matters by upsetting Michigan and taking the whole works—the Big Ten title and the bowl, too. Michigan is ineligible to return to Pasadena because it was a visitor there two years ago.

Another contingency—a Wisconsin victory and an Ohio State defeat—would put the Badgers in there.

## Dallas Postmen Ask Protection From Dogs

DALLAS — (AP) — Dallas postmen are putting the bite on the City Council for an ordinance to protect them against dogs. They say the dogs have been putting the bite on them.

A delegation of mail carriers, accompanied by Postmaster J. Howard Payne, appeared before the council Tuesday.

The postmen want the council to require that dogs be fenced or leashed.

## Lindy Berry Pushes Paul Campbell For SWC Passing Honors

DALLAS — (AP) — The battle for the passing championship of the Southwest Conference is going to rage down to the final gun.

Lindy Berry of Texas Christian, in second place, has 1,133 yards on 83 completions in 174 throws. That's only 100 yards behind the leader—Paul Campbell of Texas, who has connected on 81 in 165 tries for 1,233 yards.

Saturday Berry struts his stuff against Rice while Campbell is idle. Next week they'll be all even in games and will close out against Southern Methodist and Texas A&M respectively.

Still in shooting distance of the crown is Adrian Burk, the precision man of Baylor. He has completed 90 out of 153 for 1,078 yards. He also has one of the best averages in the country on completions. His percentage is 58.

**Smith Faces Carriers**

Bob Smith of Texas A&M continues in first place in ball-carrying. He has rolled up 671 yards on 133 tries. Gordon Wyatt of Rice is second with 536 on 100 and has two games to play to one for Smith.

Berry leads in total offense with 1,299 yards on 273 plays. Campbell is second with 1,127 on 200.

The leader in team offense is Rice with 2,966 yards in eight games—an average of 370. Texas is second with 3,201 in nine—an average of 355.

Baylor is tops in defense, having given up 198 yards per game. Texas is second with 214 per game.

## Minor Leagues Set Attendance Records During 1949 Season

COLUMBUS, OHIO — (AP) — Minor league baseball hit new attendance highs for 1949 for the fourth straight season, National Association President George M. Trautman announced Wednesday.

League records submitted to his office show 43,693,698 baseball fans attended minor league games last season in 46 states, Canada, Mexico and Cuba. Of that number, 41,872,762 were paid admissions. Both figures are new records.

Records of total attendance included:

League	Grand Total
Southern Association	2,067,899
Texas League	2,274,265
Big State League	830,734
WT-NM League	726,929
Arizona-Texas League	544,959

## Bulldogs In Heavy Drill For Lubbock

Midland's Bulldogs were out in full uniform at Memorial Stadium Tuesday afternoon for their first heavy drill of the week in preparation for Friday night's game with the high-riding Lubbock Westerners here.

Pass defense, offense and rushing the passer were stressed to the hilt in the workout.

Several defensive patterns—all of them new—were introduced. One look at them is enough to indicate the Bulldogs won't be fooling when they throw up a stopper for the running of Wayne Stroud, Malcolm Young and the passing of Bobby Brown.

The great advantage in speed, experience and polish held by the Westerners can be overcome only with drastic extremes in both of offensive and defensive play on the part of the Midland team.

**Base Out**

Another heavy session was scheduled Wednesday afternoon with some scrimmage against Lubbock plays. A light drill with punting, kicking and passing being stressed is slated Thursday.

Alfred Baze, starting tackle, has been absent from workouts all week. He missed several drills last week with a heavy cold and has been confined to his home this week with the flu.

Stan Coker, also a tackle, is improving but still is not in the pink of condition. He suffered a serious ankle injury in a workout last week. Luther Mooney has returned to the lineup and will be in good shape for the Lubbock game.

Lubbock is expected to be at full strength for the game. No outstanding injuries were reported from the Odessa game.

No Need To Fear \$1 Coffee, Expert Says; Shortage Is Myth

By GAYNOR MADDOX  
NEW YORK (NEA)—Coffee importers say you can stop worrying about dollar-a-pound coffee. Current myths of shortage and panic prices were born when recent reports indicated that in 1950 there may not, for the first time, be a surplus of green coffee in the coffee producing countries. Take the supply situation Theophilus de Andrade, president of the Pan-American Coffee Bureau, told me: "The present shortage of green coffee—which is the shortage currently in the news—will not reach the public for a year. "The fact is that this year's coffee imports into the United States rapidly are approaching a point which will exceed all previous records. There is no danger of the general public not being able to buy coffee despite the impressions some retailers are trying to give that a shortage is probable."

**Alays Fears**  
W. F. Williamson, secretary of the National Coffee Association, said there is nothing to be afraid of concerning our supplies. Some experts still believe there may even be a surplus next year. Robert H. Bennett, sales and advertising manager of the Maxwell House Coffee division of General Foods, said he is far from certain there will not be a surplus of green coffee next year. "We have a normal supply on hand in the United States now," Bennett said. "Maybe next year there will be somewhat less green

Defense Witnesses Attempt To Prove Girl's Slayer Insane

DALLAS (AP)—Defense witnesses continued Wednesday their effort to convince a jury that Keith Petersen, 21, was insane the day he killed a girl who spurned him—and still is insane. The tall, handsome youth shot Carolyn Schofield, 20, to death September 2 in the downtown office where she worked. Petersen said he did it because she told him she would marry another man. "She was the only girl he ever loved," the former Southern Methodist University student's father said Tuesday. Lewis Petersen, assistant treasurer of the Dallas Power and Light Company, was the first of 37 witnesses to testify in an attempt to prevent the youth's trial on a murder charge. He returned to the stand Wednesday in his role as lead-off witness for the defense. Keith's mother was waiting to testify. **Jury To Decide**  
The jury was completed Tuesday. It will be asked to decide whether Keith was sane or insane at the time of the shooting and whether he is sane or insane now. He will be sent to a mental hospital if found insane now. "The defense has said that is what it wants—that it doesn't want Keith turned loose. If the jury decides he was insane at the time of the shooting he never can be tried. If it finds him insane then but sane now he will go free. District Attorney Will Wilson contends Petersen was and is sane and should be prosecuted in January for the slaying.

West Texans To Serve On National Legion Committees

AUSTIN (AP)—Bertram E. Giessecke of Austin and Senator Jimmy Phillips of Angleton will be chairmen of the American Legion's National Housing and Marine Committees, respectively, next year. Their appointment by National Commander George N. Craig was announced Tuesday by State Commander Joe Spurlock. Spurlock also announced placement of 126 other Texas Legionnaires on national committees. The appointments included the following, by committees: National Marksmanship — Floyd O. Rhoden, Midland. Law and Order — T. A. Thigpen, Big Spring. Veterans Preference — Harry McCain, Plainview. Distinguished Guests — John F. Crooks, Odessa.

McCamey News

McCAMEY — Professor George Kelter and five students of Sul Ross College were guests of the Lions Club this week. Mr. Kelter, associate professor of music at the college, played two numbers on the piano. The business session included a discussion of the proposed increase of telephone rates. Also discussed were plans for entertaining the Junior football team. The gridders will be honor guests of the Lions November 28. A special program also was announced for November 21. Jack Ott discussed the area Boy Scout banquet, which is scheduled December 1. Members and their families will attend. After the meeting adjourned, Lions attended a program in the high school auditorium presented by the Sul Ross group. Students participating in the program were June Joyce, Mary Nell Higgins, Joan Crawford, Fred Ellyson and Williams Clark. **Taken To Hospital**  
Mrs. Frank Robbins was taken to San Angelo Monday night by ambulance, and was admitted to Shannon Hospital. Her condition was reported as serious. Mrs. Buster Hodges, daughter of Mrs. Robbins, left Tuesday to be with her mother. Members of the Upton County Sheriff's posse and their families recently met at the McCamey Park Building for an old-fashioned box supper. Captain Max Schuerman, of Rankin, acted as auctioneer in the sale of the boxes. About forty persons attended. Mr. and Mrs. Bob Leuschner left Friday for East Texas, where they will visit relatives. Leuschner plans a hunting trip with friends there. Mrs. Martha Foster was a business visitor in San Angelo Tuesday. Mrs. W. O. Weinland of Odessa was a guest Tuesday in the home of Mrs. E. A. Asher. Russell Rambo returned recently from Brownwood, where he visited his sister, Mrs. U. R. Groom.

Snyder To Get Office Building

SNYDER — This thriving West Texas city is to get a new four-story office building. The announcement was made by the Scurry County Chamber of Commerce. Pierce Construction Company of Midland is the reported contractor. The new building will be Snyder's tallest. Cost is estimated about \$400,000.

Former New Yorkers Living In Texas Now May Get State Bonus

AUSTIN (AP)—Veterans living in Texas who were residents of New York for six months prior to their military service may qualify, effective January 1, for the New York state veterans bonus, the Veterans Affairs Commission said Wednesday. Former New York residents now living in Texas had been unable to qualify until an amendment was voted to the New York bonus law this month, the commission said.

Welfare Department Officials Meet Here

A regional meeting for officials of the State Department of Public Welfare was being held here Wednesday in the commissioners courtroom. The meeting was held to make plans for a four-area meeting to consider problems of children, and which will be attended by all field workers, child welfare workers and other representatives of the department. Attending Wednesday's meeting were C. Rouse, Jr., of Austin, field supervisor; W. E. Scarlett of Lubbock and D. A. Fraser of Eastland, regional field representatives; Mrs. Sarah Snare of El Paso, child welfare field supervisor, and Miss Hettie Carlock of El Paso, Mrs. Ves DeBerry of Brownwood, Mrs. Hazel Beasley of San Angelo, and Mrs. Winston Sherwood of Colorado City, area supervisors.

Poisoner Leaves Pups Motherless

The dog poisoners have struck again, and this time it left five two-weeks old puppies motherless. The Dalmatian female belonging to a small child residing on West Parker Street died suddenly shortly before noon Tuesday after the animal had been let out of its pen for exercise. It was gone about 15 minutes and on returning to the puppies keeled over dead.

Farm Worker Killed In Fall Under Train

HARLINGEN (AP)—Leonard E. Spenberg, about 45, died Tuesday after he was pulled from beneath the rear of a Missouri Pacific freight train. Authorities said he was injured fatally as he fell from or tried to catch the freight. He was identified as an employe on a farm near Santa Rosa, Texas.
