

# B-29 Survivors Rescued From Atlantic

## Police Press Manhunt For Negro Rapist

HOUSTON—(P)—Twenty police patrol cars pressed a search throughout Houston Saturday night for a well-dressed negro man who raped an 11-year-old white girl. The child was lured away from the playground at St. Mary's Catholic Church, taken to a weed patch behind the church and attacked in a ditch.

## Plane Dive Into House Kills Three

DETROIT—(P)—A big freight plane delivered its load of Christmas gifts to Detroit Saturday in a mass of flames and death. Three persons were killed as the twin-engined DC-3 plunged into a house, unleashing a blazing torrent of gasoline. The two crewmen, Arthur Dedee, 26, of Brooklyn, N. Y., the pilot, and O. L. Gust Morrow, 31, of Hackensack, N. J., the co-pilot, were trapped in the wreckage. Their bodies were not removed until two and a half hours later. Harold Witzke, 36, died in Saratoga Hospital. He was taken from the demolished house with both legs almost cut off. Four persons injured. J. E. Scott, research chief of Meteor Air Transport Company, owners of the ship, said engine failure apparently was the cause. The Civil Aeronautics Board began an immediate investigation. Hero of the crash was Raymond Perry, owner of the house. "It is coming," he said. (Continued on Page 12)

## Teen-Ager To Face Murder Charges In Idaho Rape-Slaying

TWIN FALLS, IDAHO—(P)—The 16-year-old accused slayer of an Idaho child ate heartily Saturday in his jail cell. Deputy Sheriff J. H. Benham said the youth has slept most of the time since the questioning which followed his arrest. Nell (Butterfingers) Butterfield, a high school junior, is charged with first degree murder. He is accused of killing seven-year-old Glenda Joyce Brisbois of Burley, whose ravished, battered body was found Thursday in an irrigation canal. "He has eaten heartily both Friday night and Saturday morning and has slept a good part of the time since he was brought here," Benham said. "His only request has been for cigarettes, which I believe was denied. He seems content to just sit there." At Burley, 41 miles east of Twin Falls, the girl's grieving mother expressed sympathy for Butterfield's parents. Feeling Of Relief. Mrs. Maxine Brisbois said she had "a great feeling of relief to know that the slayer of our little girl has been captured. There is some comfort in knowing that he will do no further harm to other children." Sheriff Saul Clark of Cassia County, where the killing took place, said the youth admitted orally that he hit the little girl three times with an automobile tire jack "just to see someone die."

## Veep, Bride Spend Night In Kentucky

PADUCAH, KY.—(P)—Honey-mooning Vice President and Mrs. Alben Barkley left here Saturday afternoon for Nashville after spending the night at "Angles," their home on the outskirts of Paducah. The Barkleys traveled in the convertible automobile he gave her as a wedding present. The veep and his former Mrs. Jane Hadley had arrived here after their wedding in St. Louis Friday. However, reporters were unable to confirm the Barkleys' presence here until Saturday.

## Reds Push Advance As Loyalists Prepare To Desert Chungking

CHUNGKING, CHINA—(P)—The Communists spurred their march on Chungking Saturday, amid indications the Nationalist government soon would be forced to flee to Chengtu, 170 miles northwest of here. The Red radio in Peiping said the Reds had reached the outskirts of Nanchuan, only 53 miles from Chungking by the regular highway. The Nationalists acknowledged that the Reds were 95 miles away. Although the government was mum on moving plans, all signs pointed to Chengtu.

## Shoppers Start Surge Of Early Christmas Buying

Saturday was a busy day in Midland—perhaps one of the busiest shopping days in the city's history. Crowds of shoppers came to town early and stayed late, thronging downtown streets and sidewalks throughout the business hours. And it apparently was a buying crowd as most stores were busy and cash registers were jangling. Police Chief Jack Ellington said automobile traffic was the heaviest he had seen in a long time. It appeared that citizens of Midland and the Permian Basin Empire realized suddenly there are only 29 more shopping days until Christmas—and they all came out to launch a terrific wave of holiday buying. First National Bank Telephone Number changed to 4778.—(Adv.)

Mr. and Mrs. Vice President

At top, Vice President and Mrs. Alben Barkley appear as the happy couple following their wedding in St. John's Methodist Church in St. Louis. The veep happily gives the V-for-Victory sign. Below, Barkley and his bride cut the wedding cake at the reception which followed the marriage ceremony.

## Midlanders Join In Observance Of National Kids Day

Saturday was National Kids Day and Midland kids had one whale of a celebration here. A lengthy parade, led by the John M. Cowden Junior High School Band and Drill Squad, moved through downtown Midland at 1:30 p.m. heralding Kids Day and the football game between the Eighth Grade Bullpups and Colorado City. Hundreds of youngsters, including Cub Scouts and Girl Scouts, fell in behind the band for the parade. They were mounted on motorcoaches, bicycles and automobile tenders. Brightly-decorated jalopies and trimmed late model cars joined in the march. The band sent forth melody after melody as the parade wound through the business section. Following the parade, the boys and girls flocked to Memorial Stadium to see the Bullpups put the lid on the celebration with a 33 to 0 football victory. It was Kids Day in Midland and the kids had fun.

## Shotgun Charge Kills Retired Oil Man, Rancher

GOLIAD, TEXAS—(P)—R. A. Thompson, 60, retired Goliad County rancher and oil man, was found at his ranch home early Saturday, killed by a shotgun charge. Justice of the Peace W. P. Baumgartner, Sr., said he would not return an inquest verdict until after the funeral. It will be held at 10 a.m. Sunday. Baumgartner said it will be Monday before he records the verdict. The justice said Thompson was found in a bedroom of the home by his wife. A gun was in Thompson's hand, Baumgartner said. Mrs. Thompson served as vice chairman of the State Democratic Party under the late Gov. Beauford Jester. She was prominent in Democratic affairs for some time before she joined the Republic Party recently. She is a sister of Duval County Judge George Farr. Thompson was a former Corpus Christi road contractor, banker, and oil man.

DRAGNET THROWN UP FOR LUBBOCK BANDITS. LUBBOCK—(P)—A widespread dragnet was thrown up on all highways in the Lubbock area shortly after 10 p.m. Saturday after three armed men robbed a busy downtown department store and held the manager hostage before freeing him on the outskirts of the city.

## Crisis In Far East Is Acute

WASHINGTON—(P)—The United States is heading into a new period of crisis and possible severe setbacks in its battle with communism in the Far East. The central question coming to a showdown is whether communism can be contained or will, for the time being, restrict itself within China. The question becomes more acute daily as Red armies strike through the South toward the borders of French Indo-China and Burma. The fate of Formosa and in some degree of British Hong Kong are uncertain. Concern over where these armies will stop long has been in the forefront for U. S. policy makers. The time is approaching rapidly when the issue apparently will be decided in action. U. S. Plans Vague. What the United States may be prepared to do other than invoke the moral powers of the United Nations to safeguard China's neighbors remains to be disclosed. In the case of Formosa, the present island stronghold of Generalissimo Chiang Kai-Shek, there is a growing belief here that the United States may not be able to keep it out of Communist hands unless Chiang can hold it. Chiang is described as sitting on top of a very bad situation. The Formosans, chafing under Chinese rule, might (Continued on Page 12)

## A Little Boy's Life Depends On Receiving Help

When a fellow needs a friend! The life of a seven-year-old Terminal youngster depends upon the help he can get from kind-hearted citizens of Midland and West Texas. Here's the story: Remember little Jimmy Spiva, who has leukemia and for whom an early birthday party was held last Summer. Well, Jimmy made it to his birthday all right. It was November 1. And he may be able to make more birthdays—if help is given to pay for his treatments. He is in California and is receiving daily treatments. He is responding. He has gained weight, conquered his pain and is more than holding his own, his father reports. But the treatments are expensive. The father has exhausted his funds. He offers to pay back any money extended by contributors—if they want it. Already, Midlanders and neighbors at Terminal have contributed more than \$300 to help the little boy. And the father is most grateful. But much more money is needed. Contributions may be left at The Reporter-Telegram for forwarding, or may be mailed to Leonard Spiva, 1370 Dominion Street, Pasadena, Calif., or J. D. Spiva, 610 South Baird Street, Midland.

## Teacher Does Her Home Work

ATLANTA—(P)—Patrolman W. T. Dodd was getting ready to tag a car when a school teacher—whose name he wouldn't tell—showed up. She pleaded her low salary just couldn't stand a parking fine. He agreed to tear up the ticket, on one condition. The teacher turned in her home work Saturday. Two pages of it. "I will not park illegally," she had written—10 times.

## Only Two Of 20 On Giant Bomber Lost

HAMILTON, BERMUDA—(P)—Eighteen U. S. air-crew members were rescued from rubber life rafts in the Atlantic late Saturday after surviving the ditching of a B-29 bomber that killed two of their mates. They had spent three days on the open sea. The Canadian destroyer Haida took them aboard. Official announcements in Hamilton, Ottawa and Tampa, Fla., told of the break in an epic search by air and sea.

## Chest Drive Still Short By \$4,284

Community Chest finance campaign returns Saturday stood at \$27,716—\$4,284 short of Midland County's \$32,000 quota. The Saturday total represented a gain of only \$42 over the Friday figure, but indicated cash contributions still are coming in to campaign headquarters. Bert Ryan, general chairman, Saturday expressed confidence the citizens of Midland will rally to the cause to put the drive "over-the-top" promptly. He said the quota must be met in order that six youth welfare and charitable organizations who share in the Chest funds will not have to curtail their operations in 1950. The agencies are the Boy Scouts, Girl Scouts, Youth Center, USO, Good-Tellows and Salvation Army. Forces Reorganized. Leaders and team captains in most divisions have reorganized their forces for a final push follow.—(Continued on Page 12)

## Texas Experiences More Indian Summer

By The Associated Press. Warm, gaily winds from the West and Southwest are giving Texans another taste of Indian Summer. Saturday football fans enjoyed clear skies, and almost shirt-sleeve temperatures, but buffeted a little when 15 to 20 mile an hour winds deflected football punts. The outlook was the same for Sunday.

## LATE NEWS FLASHES

- NEW YORK—(AP)—The Coast Guard cutter Mocomo Saturday night was rushing full speed toward the freighter Kirsten B., reported afire off the coast of Cuba. The crew had abandoned ship.
- CHATTANOOGA—(AP)—Young Democrats Saturday night passed 297 to 173 a resolution which included endorsement of President Truman's civil rights program. The Deep South, with the exception of Florida, voted solidly against the resolution.
- PRAGUE, CZECHOSLOVAKIA—(AP)—The Czechoslovak Army newspaper Obrana Lidu said Saturday night the United States would lose to Russia in a third world war, now that the Soviet Union has the atomic bomb.
- PANAMA, PANAMA—(AP)—Rebellious Panama police officers Saturday night seized and held the minister of government and three new police officials appointed by President Chaneis in a shakeup of the department.

## Armo Spears Trial Scheduled In Odessa On Change Of Venue

ODESSA—A special venire of 119 men has been called Monday in district court here for the re-trial of Armo Spears of Midland on a murder charge. Spears was indicted in connection with the fatal shooting of Robert Wallace in Midland, Oct. 12, 1947. Spears was convicted on the charge June 3, 1948, in district court here and was sentenced to 15 years in prison. The Court of Criminal Appeals granted him a new trial. After the appeals court granted the new trial, Judge Paul Moss approved a change of venue to Odessa.

## B. E. Cranfill, 60, Oil Operator, Dies In Dallas Hospital

DALLAS—(P)—Britton Eston Cranfill, 60, Dallas and Wichita Falls independent oil operator, died Saturday in a Dallas hospital after several months illness. Funeral services are pending. Cranfill, who lived in Irving, northwest of here, owned the Dixie Royalty in Comanche and the Southwest Oil Production Company. During his oil operations with two brothers, Truett and Tom E. Cranfill, and with Robert Seay, he discovered three Texas oil fields. One was the Sand Hills pool in Crane County, another in Baylor County, and the third at Richland, Navarro County.

## Midland To Close Thanksgiving Day

Practically all Midland stores, service firms, city, county and government offices, banks, professional offices and oil company offices will be closed Thursday in observance of Thanksgiving Day. Public schools will be closed from Wednesday afternoon until Monday. The holiday is one of six agreed upon for observance by Midland officials earlier this year. The Turkey Day football game between Midland and Lamona at Memorial Stadium is expected to attract a record crowd of spectators. See the Autograph, world's finest dictation instrument. Baker Office Equipment Co., Phone 2634, 511 West Texas.—(Adv.)

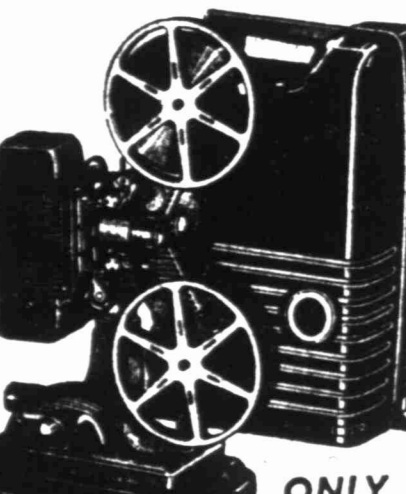

**Shower In McCamey Honors Mrs. Lee**

MCCAMEY—Mrs. W. I. Lee was honored with a pink-and-blue shower recently in the McCamey Park Building. Mrs. Newton Key, Jr., Mrs. J. M. Poe, Mrs. B. Hawkins and Mrs. Tom Simmons were hostesses.

Miniature blue scales filled with pink gladiolus made the centerpiece of the serving table, which was covered with a pastel blue cloth. Pink and blue ribbons extended from the scales to the baby rattlers on each corner of the table. About 65 guests attended.

**CAMERON'S PHARMACY**

**Hudson's New Compact Pacemaker**

The new Pacemaker four-door sedan, Hudson Motor Car Company's entry in a lower priced field, will go on display Monday in the showrooms of the Wes-Tex Equipment Company, 105 North Fort Worth Street. The new Pacemaker has a wheelbase of 119 inches and an overall length of 201 1/2 inches. It is powered by the new Pacemaker 112-horsepower, high-compression, six-cylinder economy engine.

**Week's Building Permits Total \$59,800 To Make Year's Construction Mark, \$4,355,699**

Building permits in Midland amounted to \$59,800 for the week ended Saturday to bring the 1949 total to \$4,355,699.

J. C. Hall, builder, received permits for three frame residences, each \$5,000, total \$15,000, with locations at 406, 408 and 410 West Hamby Street. Size of each will be 24 by 32 feet.

Douglas Nix received a \$10,000 permit to build a frame residence, 48 by 74 feet, at 1508 North Edwards Street.

Harry Metzler was issued a permit for a brick veneer duplex at 1111 North Carrizo Street. The permit, for a building 34 by 55 feet, was for \$9,100.

J. F. Mullins received an \$8,000 permit for a frame residence, size 40 by 26 feet, to be erected at 2211 West Washington Street.

A permit for \$7,000 went to J. D. Henderson, for a brick veneer residence at 1600 North Big Spring Street. Size will be 55 by 25 feet.

Other permits

Mackey Motors, \$4,000, alteration of tile, steel and concrete garage building, 40 by 75 feet, at 214 South Lorraine Street; Dr. W. I. Waters, \$1,800, addition 10 by 20

**Hudson's Pacemaker To Go On Display Here This Week**

Hudson Motor Car Company will invade a lower priced field with the new Pacemaker, a compact five-foot high car incorporating Hudson's exclusive "step-down" design and offering more inside room than most other automobiles. The new cars will be on display at the Wes-Tex Equipment Company here.

A. E. Barit, Hudson president, said production of this car completes the task Hudson engineers set for themselves four years ago, of making the room, comfort, riding and safety advantages of "step-down" design available in a car that could be priced within the range of millions of new car buyers.

"This car was designed to upset completely all previous ideas of what a moderate-size automobile can be," he said.

Center Of Gravity

"The Pacemaker has a lower center of gravity than any other car while maintaining full road clearance. Because of this feature it is safer, rides smoother, and hugs the road tightest, according to our engineering tests."

The Pacemaker has the same exclusive "step-down" design with recessed floors in an all-welded, all-steel, monobolt body-and-frame that created much comment when it first was introduced in the new Hudson.

Many other new and revolutionary ideas are incorporated in the new and attractive automobile.

**Episcopal Bishop Dies In New York**

NEW YORK (AP)—Bishop William T. Manning, one of the leading figures of the Protestant Episcopal Church in the United States, died Friday at the age of 83.

He was Episcopal bishop of New York for 26 years, retiring less than two years ago.

He was a strict churchman throughout his life, and an uncompromising enemy of divorce. He once preached a sermon criticizing King Edward VIII for abdicating the British throne to marry a divorcee, and barred Elliott Roosevelt, twice-divorced, as vestryman of St. James Church at Hyde Park, N. Y.

As bishop, he was the driving force behind the construction here of the huge cathedral of St. John the Divine, world's largest cathedral in Gothic style.

Bishop Manning returned from a vacation in Maine on November 4 and entered St. Luke's Hospital for his annual examination. He was found to be suffering from a kidney and bladder involvement, complicated by age, and was kept in the hospital for treatment.

Bishop Manning was born in Northampton, England, and came to the United States with his parents when he was 16.

He attacked Hitler as early as 1933 for his persecution of the Jews. Last February, he condemned the conviction of Cardinal Mindszenty in Hungary.

He was no fundamentalist, and sanctioned moderate drinking and did not object to Sunday recreation if it did not interfere with worship. He supported President Roosevelt in banning child labor and supporting unemployment insurance, but later cooled to the administration.

**Christmas Seals Ready For Mailing**

Christmas Seals for the annual sale of the Midland County Tuberculosis Association were prepared for mailing in work sessions held at the City-County Auditorium Thursday and Friday nights.

Workers from the Altrusa Club, Business and Professional Women's Club, Beta Sigma Phi Chapters and Tuberculosis Association board, with other volunteers met in the auditorium to assemble the seals and enclosures, which will be mailed to residents of the county, place them in envelopes and seal the envelopes. Mrs. Lennie H. Davidson, executive secretary, directed the work.

The sheets of seals previously had been folded to letter size by members of Girl Scout troops, and other volunteers had addressed the envelopes.

Sale of the colorful Christmas Seals has been carried on for many years in the United States, to raise funds for combating tuberculosis. The program of the county association is financed chiefly by the sale proceeds.

Dr. R. M. Golladay is president of the association, and W. Dave Henderson is the 1949 seal sale chairman.

**Three Are Charged In Assault At Odessa**

ODESSA (AP)—Three Amarillo men have been charged with assault with intent to murder James Bennett, 34, of Lubbock.

The three men—Lettus Giles, Pete Pruitt and Edward Jones—walked into the sheriff's office Friday and surrendered.

Bennett was shot and stabbed outside an Odessa cafe November 3. He was released from the hospital last week.

**Writers Of 'Mule Train' Took It From Shelf For Monroe**

By ERSKINE JOHNSON  
NEA Staff Correspondent

HOLLYWOOD—"Mule Train" crack! crack!—"Yeeeeeceahh!" "Yeeeeeceahh, I know, it's driving me crazy, too."

You can't escape it on the radio or in the juke boxes these days. It's America's new No. 1 song hit and no argument about it.

So here's the story behind the song.

It is not new. It was first recorded three years ago by an obscure singer named Buz Butler for an obscure record company.

Result: Obscurity.

A few weeks ago the writers—Johnny Laundy, Hy Heath and Fred Glickman—heard about Vaughn Monroe starting work in Republic's "Singing Ouns." They are friends of the film's producer, former orchestra leader Abe Lyman.

Lange grabbed the old record and played it for Lyman—Lyman thought it was great and wired Monroe, on location in Sedona, Ariz., that he had a new song for the picture.

Monroe recorded the song. The only background instruments were a bass fiddle and a guitar. Then he sang it on his air show. That did it.

"Yeeeeeceahh!"

Fighting For Olivier

M-G-M hopes to land Laurence Olivier for "Ivanhoe," which will be filmed in England... Bob Lowery and Jean Parker have discovered each other and it looks like their marriage certificate. They're having a trial separation.

Little Sheila

Cutie Sheila Rodriguez, \$300, move frame residence, 14 by 16 feet, to 802 North Tyler Street, R. Culp, \$300, move frame shop building 39 by 22 feet, to East Highway 80.

There's a good chance her co-star will be Cary Grant... Guitard Dave Barbour, husband of singer Peggy Lee, gets an important acting role in "Blind Spot." Director Mel Ferrer hired him originally for a jam session sequence.

Hit-Or-Miss Style

Funny how some people are discovered by Hollywood. Kathleen O'Malley, red-haired daughter of Pat, was ushering at her high school play. Talent scout Ivan Khan came to watch the kids on stage but watched Kathleen instead. It was the first time an usherette ever won a movie contract.

Pat, by the way, can still walk a tight wire, despite his 57 years. He was a vaudeville tight-wire walker when Tom Edison starred him in one of the first movies, "The King of the Wire," back in 1935.

Looks like Myrna Loy, who finally escaped that "perfect wife" title, will wind up as the screen's "perfect mother." She mothers 12 kids in "Cheaper by the Dozen." Her next role, though, may save her. She'll co-star with Ralph Richardson in "O Mistress Mine."

Fox, incidentally, now knows about the high cost of having children. The wardrobe for the 12 kids in the picture will cost about \$10,000, proving they are not cheaper by the dozen.

Audrey Totter can't decide whether to go with Paul Douglas, Charley Grayson or out on another hospital tour... Marilyn Maxwell and Peter Lawford will revive that wonderful French singing lesson song from "Good News" for a duet on their theater tour.

Wire to Rosalind Russell from the Venetian Blind Association of America which, obviously, is not publicity-blind:

"We note by the public prints that you have to dive through a venetian blind as a highlight of your new comedy, 'Woman of Distinction.' A woman of distinction would naturally dive through a window of distinction and that calls for venetian blinds. We wish to assure you that if ladies must dive through blinds, you are the lady we would most like to have dive through ours."

"Ivanhoe" will be Pan Berman's first film on his 1950 M-G-M schedule. The picture will be made in London with a big Hollywood cast.

**Midlanders Will Attend WTCC Meet**

Midland's directors of the West Texas Chamber of Commerce, M. C. Ulmer, Paul McHargue and James N. Allison, and R. D. Bob Scruggs and Delbert Downing, president and manager respectively, of the Midland Chamber of Commerce, will leave Monday for Fort Worth to attend the WTCC's annual meeting Tuesday. Ulmer is a past president of the organization.

S. M. Erskine, a director of the Midland Chamber and mayor pro tem of the City of Midland, also may attend the one-day session.

West Texas' domestic water development is listed as the major topic of discussion at the meeting of the area organization's directors.

William E. Warner, assistant secretary of Interior, and Michael W. Straus of the Bureau of Reclamation Commission, will be the principal speakers at the Tuesday evening banquet. Senator Lyndon B. Johnson also will deliver an address.

John Mitchell of Odessa is the retiring president of the West Texas Chamber.

**DeMolay Members In Initiation Process**

A barbecue held at John M. Cowden Junior High School, preceded the initiation Saturday of 40 members of the new Midland DeMolay Chapter. The initiation, conducted by a visiting degree team from Odessa, was held in the Masonic Hall, 215 1/2 West Wall Street.

Initiated into the new club were: James H. Adams, Glenn E. Baker, Henry G. Bray, David Breth, Sadler Bridges, Floyd W. Burnside, II, Robert W. Butler, James B. Chauncey, Albert F. Cole, Amos C. English, Jack C. Ewing, Jr., William P. Franklin, Marquis R. Gilmore, Carl B. Harding, John N. Harrison, Rufus S. Higgins, Jr., James J. Johnson, Jr., Donald R. Kirk, John T. Klingler, James S. Locke, Jr., Jerry L. McDonald, George W. Meyers, Lynn E. Nicholson, Jimmy D. O'Neal, Leonard B. Pemberton, Robert H. Pine, Terrel A. Pinkston, Wesley E. Pittman, Roane H. Puetz, Dennis H. Rhodes, J. Dow Scott, Ray P. Simpson, Johnnie D. Spruell, Cecil N. Stovall, William C. Tatum, Les C. Thomas, Jr., William L. Thompson, Jr., Charles A. Trauber, Jr., and Thomas L. Vannaman.

Sunday will mark the completion of opening ceremonies of the club, as a degree team from Fort Worth conducts installation of club officers. The ceremony will be held at 2:30 p.m. in the gymnasium of the John M. Cowden Junior High School, and J. M. McDonald pointed out that families of the DeMolay group are invited. McDonald is president of the Shrine Club here.

# Dirt, Squirt and Quirt

— FARM, DAIRY AND RANCH NEWS —

With the picker shortage apparently whipped, cotton rolled into Midland's gins last week to send the season's total thus far to approximately 9,750 bales.

If the weather continues fair this week the 3,600 bales for the entire season in 1948 will have been trebled by next Friday, one observer said.

Approximately 1,250 bales were processed by Midland's three gins last week, up to noon Friday.

Pickers were being paid \$2 per hundred.

Farmers apparently are having no trouble getting pickers since the demand for these workers at the Texas Employment Commission office here last week dwindled to less than 100. Earlier in the season, the office had requests for up to 1,000 pickers.

Pickers reportedly are coming in from around Lamesa in large numbers. This was explained by the fact that frost has defoliated the cotton there to such an extent that mechanical pickers can be operated successfully.

Cotton waiting on the yards to be ginned here Friday was estimated to number several hundred bales. Much cotton still is being piled in the fields while the gins catch up, it was reported.

This coffee situation really is causing the coffee-drinking gentry considerable concern. Boys round the lobbies and coffee shops just can't seem to understand it. And neither can DSQ.

It seems that every few days the boys up in New York or elsewhere who control the coffee market announce an increase in the price of coffee beans. Then the women shoppers flock to the stores to buy all the coffee they can get. This brings on another price increase which in turn brings on another wave of buying. And so on and so on.

The cowboys shudder every time they think of the possibility of their favorite beverage selling at 15 cents a cup. One old-timer said a few days ago he will have to cut his coffee drinking to six or eight cups a day if the cup price goes above 10 cents.

And all the time the boys down "Brazil" way doubtless are wondering what all this coffee shortage and price increase is all about.

Morris Cooper of Midland last week shipped 550 head of calves from Jal. N. M., to feed lots in Kentucky and Kansas.

Ted Johnston, former Reeves County agent who is farming at Pecos, has started combining a large maize crop on his place. The Double Dwarf Sooner variety matured in 90 days. Johnston plans to plant most of his acreage in Pima cotton next year.

C. J. (Andy) Anderson, manager of the Red Bluff Water Power Control District and a farmer, believes he will make \$50 bales of cotton from the 550-acre field of the staple he has near Pecos.

T. Elmer Bizzell, well-known Midland County farmer-stockman, and sons have returned from a deer-

hunting trip in the Davis Mountains and in New Mexico. Elmer reports "good hunting" both West of the Pecos and in the New Mexico mountains.

A news dispatch from Mexico City reports that Midland County has been cleared by the Mexican government for harvest labor by Mexican Nationals.

It looks like Publisher Jim Kelly of Stanton was right in predicting early last summer that Martin County's 1948 cotton crop would hit the \$0.000 bales mark. Reports from over that way say 30,000 bales already have been ginned and there is plenty more yet to come.

The cotton crops in West Texas counties this year likely will be the largest for many, many years. New quotas will lower the yield in 1950 and in succeeding years.

The booklet, "The Ranchers Side," published and distributed by a group of Midland area ranchers, has caused considerable comment and is much in demand. The book now is in its second printing, and still copies are scarce and hard to get.

Notes from the soil conservation service:

Jim Franklin and Belton Hill whose farms are located east of the Caprock Store have made application to the district for assistance in planning their conservation program. They are especially interested in spreading road water on their farms that otherwise is lost.

James Fitz, Stanton High School Vocational Agriculture teacher, took his classes to the Curtis Erwin Ranch Wednesday to study range grasses and their importance as feed producers and soil conservers. Terrell Stewart, work unit conservationist with the Soil Conservation Service, assisted Fitz with the field study.

Tom Glenn, a district cooperater in the Tarzan conservationist group requested assistance from the district in planning a level border irrigation system on his farm.

Cecil Phillips, whose farm is in the Unit Knott group, plans to complete his terrace next week or as soon as his cotton is picked.

B. E. O'Neal, who farms four miles south of Midland, has 140 acres of feed stubble planted to cover crops. He used rye, vetch and Dixie wonder peas.

Ford Pierce, who operates the H. B. Shick farm in the Tarzan Conservation group, had district assistance in planning a level border irrigation program on his farm recently.

C. C. Davis, a district cooperater, four miles south of Midland has a good stand of alfalfa and irrigated pasture. He has finished watering the second time. He plans to enlarge his acreage of hog and cow pasture next year.

O. H. McAlister who ranches east of Midland, and Seth Campbell of Kermit paid top prices for a couple of animals at the recent Barret Herd Sale at Commerce. McAlister paid \$5,000 for the bull Mixer Royal B. 7th, by HG Proud Mixer 673rd.

The Kermit rancher shelled out \$3,000 for Ladymix B. 3rd, by HG Proud Mixer 673rd.

The reduction of livestock numbers in all sections of the state coupled with fairly good moisture conditions made it possible for many ranchmen and stock farmers to practice deferred grazing on much pasture land in the state this year. This is the pay-off season, says A. H. Walker, extension range specialist of Texas A&M College, and he recommends that grazing be withheld a little longer to give the grasses a chance to mature their seed. If grazing is permitted too soon, chances are good that you may lose

what you've gained, he said.

The Sheriff's posse parades of Big Spring is West Texas newest parade group. Mounted on horseback and with colorful uniforms, completed with boots, chaps and cowboy hats, this group was organized to assist in the Big Spring Centennial celebration. Repeated invitations to appear in other West Texas celebrations now have made the role permanent.

Joe Woolket has been named general chairman of arrangements for the year-long observance of the 75th anniversary of Texas A&M College. The observance starts Sept. 1, 1950, and ends Aug. 31, 1951.

Woolket has been with the college 24 years and is head of the Modern Language Department.

Committees from the student body, Former Students Association, faculty and the board of directors will be named to work with Woolket in carrying out the year-long observance.

The purebred registered Holstein-Friesian dairy herd at Texas Technological College now has 22 classified animals following an official inspection authorized by the Holstein-Friesian Association of America.

W. A. Weeks, official inspector from North Clarendon, Vt., made the classification.

DSQ has been invited to attend a showing of the International Harvester Company's new 1950 "L" line of motor trucks in Big Spring November 21.

Premiums for the carload and pen division of Hereford bulls have been increased to \$2,000 and a new division of Aberdeen-Angus competition—pens of three bulls—has been added for the Southwest Exposition and Fat Stock Show in Fort Worth, January 27 to February 5. Premiums for Aberdeen-Angus bulls have been increased to \$1,100.

The carload and pen division of Hereford bulls, open also to Polled Herefords, consists of carload, 12 yearling bulls; carload, 15 senior bull calves; and carload, 15 junior bull calves, with of course champion and reserve champion carloads being chosen. Pens and five yearling bulls, five senior bull calves and five junior bull calves, with champion and reserve champion pens being named.

Animals in the Hereford carload classes are not eligible for the pen classes and vice versa. Animals exhibited in the individual classes are not eligible for carload or pen classes and vice versa. All bulls in each carload or pen must be owned by the exhibitor.

Texas Tech's three-year project in steer feeding research on irrigated pasture land has ended following the final feeding period, Dean W. L. Stangel announced.

Launched in 1947, the experiment was designed to establish the value of alfalfa and alfalfa mixtures as safe pasturage for cattle. The steers have been grazed on alfalfa and combinations of alfalfa and bromo or perennial rye grass.

The final phase began on May 2 with nine steers placed on the varied feeding schedules. The steers had an average weight of 673 pounds when feeding began, and weighed 891 pounds when the experiment ended. The average gain was 218 pounds.

Not For Sale  
"These steers carry sufficient finish to yield good carcasses, but we are not selling them," Stangel explained. "We have placed them in a dry lot fattening pen and will feed them a ration of milo chop, cottonseed meal, alfalfa hay and sorghum silage."

The steers were exhibited at the South Plains Junior Fat Stock show in Lubbock last March and will be placed on exhibition there again next March.

"We will have all feeding data available at the show next March—people can see what results our experiment has produced, and the steers also will have sufficient finish to yield choice carcasses when slaughtered," he said.

George M. Clarke, newly elected head of the Dairy Products Institute of Texas, served 10 years as managing director of the Texas Safety Association. Traffic accidents have many causes, he says, but the main one still is the "nut behind the wheel."

## Farmers Are Urged To Ballot Monday For Committeemen

Charles Champion, Midland County PMA supervisor, Saturday urged farmers who have not mailed ballots in the county farmer-committeemen election to cast their ballots Monday in his office.

The PMA office is located on the second floor of the courthouse and voting will be from 8 a.m. to 5 p.m. Already, ballots have been received through the mail and Monday is the last day of voting.

Candidates on the ballot were named by the nominating committee.

The ballot lists the names of W. E. Pigz, for chairman; Dwight McDonald, for vice chairman, and Z. T. Elkin, for member, and B. T. Graham, P. P. Herring and M. V. Sorge, for alternate member.

Write-in spaces also are provided on the ballot.

## McCamey Farm Road Nearing Completion

McCAMEY—The farm road leading from McCamey directly into the Pecos County farming area to the southwest is expected to be open to traffic by the middle of this week.

The low water crossing over the Pecos River is expected to be completed by the time the road work is finished. Farmers in the area are donating the labor and much of the materials for the crossing.

The overall project will provide an all-weather road from McCamey into the rich farm area.

An estimated 200 cars of McCamey residents visited the area during the last week to get acquainted with the farm families and to expect the operations there.

The project is sponsored by the McCamey Chamber of Commerce.

An average freight car will carry 52.26 tons.

Read The Classifieds.

## Army, Navy Recruiters Here Show Unification Can Be Accomplished

Unification of the Armed Forces has been accomplished in Midland. Sgt. Shelby Wheelus, in charge of the U. S. Army and Air Force Recruiting office here, announced Saturday that he will share office space with a Navy recruiter.

Wheelus, whose office is located on the third floor of the courthouse, Monday will move into Navy recruiting headquarters in Room One of the Postoffice Building.

Wheelus will take care of Army and Air Force recruiting six days a week, while the Navy recruiter will continue his twice-a-month visits.

But, for the sake of unification, Wheelus said he will be glad to take the names and addresses of Navy applicants at any time and refer them to the Navy recruiter when he is in town.

CIO Anti-Red Cleanup

Civil war among the nation's electrical workers is in the offing. The CIO convention in Cleveland set the stage for it by expelling the leftist United Electrical Workers and creating a new union to raid UEW's membership.

The ouster of the UEW and the Farm Equipment Workers' Union is the most positive action yet taken by the CIO in its mounting struggle against Communist influence.

If they refuse to accept CIO edicts, there is little doubt that ouster will follow. President Philip Murray now is committed strongly to crushing communism in his federation.

The decision to establish a rival electrical union is obviously the CIO's strategy for recouping the money and membership losses occasioned by the UEW's expulsion.

In fact, the fight already is on for the funds and properties of the UEW all over the nation. Some court actions are under way and more litigation appears likely before the test of power ends.

Strikes in big electrical plants may be an important by-product of this developing strife. Carey has conceded that the war will be carried into factories where both the UEW and the new union claim contracts.

It seems certain, too, that the National Labor Relations Board will be drawn into the conflict to referee some of these plant disputes by holding elections to determine the proper bargaining unit.

The civil war will be a strain upon the CIO, the contesting unions, industry and labor generally, and the public. But it seems an inescapable sequel to the UEW ouster.

Should the nation's patience be tried from time to time in this war, perhaps it should reflect that this is a necessary price to pay for eradicating the menace of communism from the American labor movement.

Welcome, Stranger

Another new nation is rising in Southeast Asia. The first big stride toward its creation was taken in The Hague, where the Dutch and Indonesians signed an agreement setting up the United States of Indonesia.

If ratified by Dutch and Indonesian parliaments, the accord will transfer sovereignty over Indonesia from The Netherlands homeland to the southeastern colony itself.

The world will hail this newest step toward emancipation for subject peoples. It will hope, too, that the Indonesians will use their freedom well.

Much To Be Done

The shocking lesson of the airplane disaster over the Washington airport seems to be that no system of control can protect air traffic completely when there is mechanical or human failure.

Greatest Show In Europe

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

(Copyright, 1949, By The Bell Syndicate, Inc.) Drew Pearson says: Ching blasts Lewis in talk with mine operators, wants to settle coal strike permanently; National Guard officers get calldown for staging mock nightime "raid" on Capitol.

WASHINGTON — Federal Con- gression Chief Cyrus Ching really cut loose at John L. Lewis in a private chat with the mine operators who were stood up when Lewis ducked a scheduled conference on settling the coal difficulties.

"What right has he to keep up, waiting here at this critical time and say that he will set the date for a meeting at his convenience?" exploded Ching. "In my opinion, that is unnecessary and unforgivable arrogance."

The fact that Lewis meantime grandiosely had ordered the miners back to work until December 1 cut little ice with Ching.

"Why, you even set up a machine gun in front of the Senate," exploded Duke. "Let me assure you that if you try this again, we'll give you the same treatment we give any other prowler. You can't go skulking around the Capitol grounds at night, even if you are on a 'training maneuver.'"

"But we thought we had a right to do this," explained a National Guard officer. "It was just a routine training maneuver. Besides, the Capitol is public property, isn't it?"

"Yes, and so is the Pentagon Building," shot back Duke. "Why don't you go over and raid it?"

Brannan's Tax-Free Liquor Believe it or not, the erudite Secretary of Agriculture Charlie Brannan almost got hauled up on a "moonshining" rap recently by the Internal Revenue Bureau.

Internal Revenue, which plays no favorites, learned that a dozen or so manufacturers in eastern states were making a flavor concentrate for preserves, candy and fruit juices which was patented some time back by Brannan's hard-working Bureau of Agricultural and Industrial Chemistry.

So they say

We have been true to the most vital tradition of representative democracy. We have kept faith with the people who elected us.—Sen. Scott W. Lucas (D-Ill.)

France's position in today's difficult international situation, like that of other European nations, is dominated by the problem of the atomic weapon.—Rene Mayer, French political leader.

The more I see of public life the more I believe no generation in American life will be able to answer all the questions.—Rep. Franklin D. Roosevelt, Jr. (D-N. Y.)

The Communists have been forcing us to spend money beyond our saddest dreams... with the result that the restive taxpayer is looking... under the rug for dirt and waste more diligently than he has for a long time—which is a very healthy thing.—Gov. Adlai Stevenson of Illinois.

Part of the problem today is the way science has been changing the international situation, like that of other European nations, is dominated by the problem of the atomic weapon.—John Dewey, dean of American philosophers.

Plans for a \$10,000 campaign in Midland County early in 1950 to take care of the county's quota in the West Texas Boy's Ranch, near San Angelo, were discussed at a meeting Friday afternoon of Midland, San Angelo and Odessa citizens.

The Odessans are planning a campaign for \$5,500 immediately to meet the quota. The ranch project needs approximately \$100,000 to carry on the project to aid boys of West Texas.

Sol Mayer, San Angelo ranchman and chairman of the executive committee of the ranch, explained the project and its progress. Midlanders at the meeting included M. C. Ulmer, A. N. Hendrickson, John P. Butler, W. P. Z. German, Delbert Downing and James N. Allison.

Ulmer is vice president of the West Texas Boy's Ranch. "Building boys is better than mending men," Mayer said. "Hundreds of neglected boys are brought before Texas' juvenile courts each year. Most of these boys are the products of improper physical and spiritual environment. Many choose the wrong road because no other path was open."

McKenney on Bridge

By WILLIAM E. MCKENNEY America's Card Authority Written for NEA Service

Do women play bridge as well as men? Every time I appear on a radio program the interviewer asks me that question. It is my opinion that women get more fun out of bridge than do men.

Bridge hand diagram showing cards in each suit for both players.

November 11, 12 and 13. The king of spades was opened by West. If South had won this trick with the ace and then led a diamond (she has to guess whether to play a diamond or a club) West would win, return another spade, and East would have the ace of clubs to get in with. But South did not win the first trick. She played the four-spot on dummy and let West's king hold the trick.

When the hand was over, West continued. She led the ace of spades to the point of frosting her chocolate cake. None of the women, not even North (who was still busy with her children's problems), congratulated South upon the execution of a beautiful holdup play.

As far as color goes, Sanabria thinks the commission needed to provide bands for CBS and NBC both to develop their systems, but in different areas. He says: "They should be allowed to market their sets to people in these sections so that they would get some of their investment back. This would be a semi-commercial venture."

Allmans Are Hosts For Party In Crane

CRANE—Mr. and Mrs. W. W. Allman were hosts to a bridge party recently in their home. Mrs. B. E. McDonald won high score for women and Mrs. Herbert Currie, second prize. Currie and L. L. Presley won the men's prizes and George Chrane, the bingo prize.

Guests were Mr. and Mrs. McDonald, Mr. and Mrs. C. O. Walling, Jr., Mr. and Mrs. Presley, Mr. and Mrs. Hugo Huffman, Mr. and Mrs. Chrane, Mr. and Mrs. Brady, Mr. and Mrs. John E. Clark, Mr. and Mrs. Hawley Van Court, Mr. and Mrs. Hayden Wilmoth, Mr. and Mrs. Currie, Mr. and Mrs. Virgil Keyes and Mr. and Mrs. Ben Alexander of Lovington, N. M.

West Texas Boy's Ranch Campaign Is Planned For 1950

Plans for a \$10,000 campaign in Midland County early in 1950 to take care of the county's quota in the West Texas Boy's Ranch, near San Angelo, were discussed at a meeting Friday afternoon of Midland, San Angelo and Odessa citizens.

The Odessans are planning a campaign for \$5,500 immediately to meet the quota. The ranch project needs approximately \$100,000 to carry on the project to aid boys of West Texas.

Sol Mayer, San Angelo ranchman and chairman of the executive committee of the ranch, explained the project and its progress. Midlanders at the meeting included M. C. Ulmer, A. N. Hendrickson, John P. Butler, W. P. Z. German, Delbert Downing and James N. Allison.

WASHINGTON COLUMN

TV Pioneer Thinks Video Has Spread Out Much Too Rapidly

WASHINGTON—Hearings before the Federal Communications Commission on color television have just about reached the stage where if it was Summer, you could hear the flies buzzing around the room over the drone of the witnesses.

Proceedings have been going on for more than a month and there's no end in sight for two or three more months. Only a few of the commissioners show up at each session and the rest being occupied with other business.

Most of the testimony is pretty technical and none in the last three weeks has been new. That is there weren't any new ideas until Ulysses A. Sanabria, president of American Television, Inc., of Chicago, took the stand and the whole big hearing room came alive. He got beyond the color problem into the realm of television in general. The first thing he said that made everybody sit up was:

"I've been in the television business for 26 years. And when I now look at a set and see two men groaning over each other in a wrestling match and an old movie which once was a station set for a half hour I get pretty discouraged with its progress."

Sanabria's company manufactures television set parts and soon is going into the program end of the business. When he got out of high school in Chicago 26 years ago he was a radio repairman. In his spare time that year he invented the first television set. He thought that others "invented" it about the same time. Nevertheless he has made a pretty good living out of television since then. FCC commissioners admit he is one of the early pioneers in the industry.

What really jolted the commissioners and spectators was Sanabria's statement that he thought the commissioners had granted too many licenses to the industry. He encouraged the industry to over-expand, at least in the program department. He recommended that most of the present TV channels be combined and give to just one or two stations in an area. This, he said, would make the resultant picture twice as clear and sharp as they now are. A commissioner agreed that this technically was true.

Sanabria denied that this would give one or two persons or firms a monopoly of television in a town. He recommended that a license for one station be given to a combination of three or four owners. "One owner can't afford to produce all the good programs needed for one station," he reasons. "If you have several owners they share the overhead and can afford the time and money to put together much better programs," he states.

As far as color goes, Sanabria thinks the commission needed to provide bands for CBS and NBC both to develop their systems, but in different areas. He says: "They should be allowed to market their sets to people in these sections so that they would get some of their investment back. This would be a semi-commercial venture."

Sanabria and Eugene Conrad, the writer of Olson and Johnson's comedy TV show and writer of several Broadway productions, have teamed up to try to produce some packaged television programs. Conrad's goal is to cut costs of programs. He says the Olson and Johnson show cost between \$40,000 and \$45,000 for each hour per performance. Most expensive item, Conrad reveals, was the \$375-per-hour rehearsal fee. "And it was just like producing a whole new musical comedy each week," he says.

CRANE—Mr. and Mrs. W. W. Allman were hosts to a bridge party recently in their home. Mrs. B. E. McDonald won high score for women and Mrs. Herbert Currie, second prize. Currie and L. L. Presley won the men's prizes and George Chrane, the bingo prize.

Guests were Mr. and Mrs. McDonald, Mr. and Mrs. C. O. Walling, Jr., Mr. and Mrs. Presley, Mr. and Mrs. Hugo Huffman, Mr. and Mrs. Chrane, Mr. and Mrs. Brady, Mr. and Mrs. John E. Clark, Mr. and Mrs. Hawley Van Court, Mr. and Mrs. Hayden Wilmoth, Mr. and Mrs. Currie, Mr. and Mrs. Virgil Keyes and Mr. and Mrs. Ben Alexander of Lovington, N. M.

Ulmer is vice president of the West Texas Boy's Ranch. "Building boys is better than mending men," Mayer said. "Hundreds of neglected boys are brought before Texas' juvenile courts each year. Most of these boys are the products of improper physical and spiritual environment. Many choose the wrong road because no other path was open."

The right road builds citizenship. The right road is to make available a boys ranch home to assure proper environment. Boys saved from crime will more than pay the cost of this project.

CRANE—Mrs. W. W. Allman was high score prize winner at a meeting of the Wednesday Club Wednesday in the home of Mrs. L. L. Presley. Mrs. Ray Frazer won second prize and Mrs. H. G. Parrott, high prize for bingo.

Questions and Answers

Q—Was Tannhauser, the hero of Wagner's opera, a mythical character? A—Tannhauser was no mythical personage. There lived in the 13th century a minnesinger named Tannhauser, who wrote poems. He also went to the Holy Land as a crusader. In folk tales he has been made into a legendary knight.

Q—In what country do the most primitive men live? A—In northern Australia are to be seen the best specimens of the aboriginal tribes. Entirely nomadic, they are the most primitive of all peoples.

Q—Are vision tests required in all states? A—Twenty-nine states have no laws requiring vision tests in schools, although more than 80 per cent of a child's school work depends on his ability to see properly.

Q—What percentage of the boundaries of New Jersey are water? A—All but 48 miles of New Jersey's boundaries are formed by natural waterways.

Q—Is it true that some types of radio transmitting tubes are gold-plated? A—Some types of radio transmitting tubes are gold-plated to increase their efficiency at high-frequency operation.

Q—What percentage of Austria is classified as mountainous? A—More than 70 per cent of Austria is classified as mountainous.

Nellys had no right to the piece. Backed by her authority as a well-known collector, Hagar would announce that she knew the entire story of the cameo, including the identity of its current legal owner.

A car slid to a stop in front of the shop. Stephanie drew a sharp, deep breath as she recognized the driver! It was that young man again, Mr. Reddy, the police chief's assistant! He was here to ask more questions, she felt sure of it. And Hagar wasn't here to parry them this time!

"Hello," he began pleasantly, "all alone today?" She gave him a nervous smile and a slight nod. She watched him saunter here and there in the shop, looking at things, picking them up and putting them carefully down. He stood for a few seconds in front of the cameo cabinet, hands in the pockets of his gray flannel trousers.

"Yes," Stephanie heard the word come out as a soft squeak. She cleared her throat and tried again: "Yes. She had some business—to attend to. Did you want to see her?" "Not especially," he answered. "Such rather talk to you. Have you any new and bright ideas on the Cameo Case?"

The CAMEO By Virginia Teale

THE STORY: Police are still seeking for clues in the murder of Martin Falter, artist and sculptor, in questioning Ann Reddy, wife of the artist, and searching his house, they found nothing. But Yakov has stolen some letters from Falter's place.

STEFHANIE, standing at the broad front windows of the Three Wishes Shop, looked at her watch and saw that it registered 5 o'clock. Hagar had promised to return by 4—she had gone to talk to Nell O'Neill about the cameo.

Hagar had, at first, been in favor of informing Nell that Stephanie was her niece and the rightful owner of the lock, then demanding that the cameo be returned to her. But Stephanie had argued that this would accomplish nothing. Nellys was sure to claim that the cameo had been given to her by Natasha, Stephanie's mother.

She recalled again, bitterly, the circumstances surrounding Nellys's theft of the lock. Her aunt had started operations by hammering at her sister that the lock should be sold to insure Stephanie's future. Natasha had held back a final decision but had permitted her sister to take the lock to an appraiser.

continues the search. The daughter of Natasha would be invaluable at this time. But who is to say where the girl might be found?

Slowly deliberate, he rested his elbows on his knees and pinched his lower lip between thumb and forefinger. His eyes were fiercely intent as he stared into the flames. His body stiffened, he snapped his fingers, then sprang from his chair to pace the room.

"It could be she!" Yakov exclaimed. "It could conceivably be the blue-eyed Miss Smith, the friend and assistant of Miss Hagar Blair!"

She recalled again, bitterly, the circumstances surrounding Nellys's theft of the lock. Her aunt had started operations by hammering at her sister that the lock should be sold to insure Stephanie's future. Natasha had held back a final decision but had permitted her sister to take the lock to an appraiser.

And that was the last they had seen of Nellys. Or of the lock. Today, presumably, Hagar was hiding out in the country. She suspected the whereabouts of the cameo. Also, Hagar planned to let fall the information that she knew

## Homes In U.S. Found Better By British

After six weeks of studying home building in the United States, 17 leading British architects and contractors decided that American houses are superior to those in Great Britain principally because of central heating and wood framed side-walls, which are so common in America that most householders take them for granted.

Robert Owen Lloyd, British builder and leader of the group, said, "We were intrigued with the design and general construction of American homes. Most of the homes we saw had framed walls. This is almost unknown in Britain. We were also glad to see that every home is provided with its own heating plant. This we consider essential for maximum comfort."

**Brick Sidewalls**  
Solid brick sidewalls, without framing, are used in the vast majority of British homes, Lloyd said. He explained that "framing adds to rapid construction and offers easy fitting for interior finishes and insulation."

Homes in England usually are heated by a system of open fireplaces which, the British builder said, "is wasteful of fuel and creates extra work for the housewife."

Referring to framed walls and heating plants, Lloyd emphasized that "these two important items, together with the asphalt single roof covering, will excite our mind for many days." He explained that most roofs in England are slate or tile and said he was impressed with the long life and ease of application of asphalt shingles and with the variety of solid and blended colors available.

**Home Equipment**  
He also pointed out that British builders do not provide "anything like the equipment we found in American homes, primarily because some of the equipment is too expensive in Britain."

Members of the British building team were surprised to find that all external doors and windows, even in low-cost homes, are fitted with weatherstripping which reduces heat loss, Lloyd said.

Guy L. Rosebrook, Architect  
San Leandro, California

## Insulation Of Home Is Termed 'Must' For True Economy

"Don't sacrifice good construction principles for cheapness," is the warning note builders sound as the trend towards economy housing grows. It is false economy, they say, to eliminate fundamentals.

A home design, for example, that does not include insulation cannot qualify as a true economy house. Fuel costs alone, builders point out, make it imperative nowadays that houses be insulated.

Because of the availability of dual-purpose materials, there are economical ways to insulate a house. An efficient means of retarding the passage of heat involves the use of insulating board sheathing. For a single cost, it provides both sheathing and insulation.

Another way to make a home easier to heat in winter and to keep cooler in summer is to use insulating board lath as a plaster base. There also are pre-finished insulating boards which can be used as interior finish.

## New Texas Industry May Result From Fin Soup Preference

ROCKPORT, TEXAS — A Chinese love of shark fin soup may produce a brand-new industry in Texas.

Results of a State Marine Laboratory fishing experiment off the Texas coast show there are enough sharks in the warm waters to support a fishery. This means several commercial sharking boats, plus occasional sharkers could build an industry to help supply the world with shark fins and livers.

Vitamin-rich livers are more valuable than fins. But fins would produce extra revenue to make fishing for the dusky creature profitable. Shark skin to an extent is made into leather. Shark liver extract was given to air force pilots during the war to improve their night vision.

Livers are rich in vitamin A, which is extracted as a substitute for cod liver oil. The price ranges from 10 to 12 cents per pound. But Gulf sharks sometimes have livers that weigh 200 pounds. Roughly, the livers make up 15 per cent of the shark. The fins are exported to the Chinese for their loved delicacy—shark fin soup.

**Experiment conducted**  
An experiment off Rockport, the Texas Game, Fish and Oyster Commission, cooperating with C. A. Porter, of the Borden Milk Company, fished for shark. Results were gratifying.

Eighty-nine sharks were caught off mile-long trot lines using 518 hooks, baited with porpoise, red fish and trout. Most of them were tiger sharks. They liked the porpoise best.

Several sharks were lost in towing them to port. The experimental boat, captained by George Nava, was too small to bring all the catch aboard. An average price of \$6.50 per shark was realized.

**Proved Profitable**  
Porter said, "The experiment showed commercial shark fishing would be profitable along the Texas coast. The Borden Company purchases shark livers from all over the world. But they get none from Texas."

C. L. Baughman, of the State Marine Laboratory, said sharking could be carried on in bad weather when shrimp fishermen cannot operate. This would be profitable off-season fishing for shrimpers.

The Marine Laboratory experts conducting the test were limited by lack of adequate equipment. They feel if they had a larger boat and could go farther out in the Gulf, the trot lines would be filled with hammerheads and bull sharks. They grow bigger and have livers richer in vitamin A.

## Flooring Should Add Charm To Home

Flooring for a home not only should meet the necessary utilitarian requirements but should add charm to the home interior, according to a booklet published recently to assist prospective home builders in selecting and caring for oak floors.

Emphasizing the importance of good floors, the booklet lists the qualities to look for in flooring material and gives other pertinent information which serves to make it a valuable guide on the subject of residential flooring.

"When you select flooring of oak," the booklet points out, "you are following the lead of the vast majority of American home owners. It was estimated several years ago that about 80 per cent of the homes in this country had oak floors. Since then the trend toward oak has become more pronounced. According to a recent survey more people have oak floors in their homes, or want them, than all other flooring materials combined."

**Higher Grades**  
The booklet explains that the higher grades of oak, because of their striking beauty of grain and coloring, usually are preferred for most rooms in houses of the middle and upper price class. Lower grades are appropriate for low-cost housing. They also are suitable for certain rooms in homes of all types—in kitchens, for example, and bathrooms where the floors are to be covered with linoleum.

## Ups And Downs Of Windows Present Interesting Study

By BOB SCHARFF  
Written For NEA Service

There are few things as annoying as a window that refuses to open—or opens half way and then can't be closed.

If you take a good look at a window, you'll find the two sashes move up and down between three strips of wood. The two outer ones are called "parting strips" and the center one a "parting strip." Excess paint on these strips or swelling of the sash cause the window to stick.

The space between the strips will have a very plain mark showing where the window rubs. To remedy, take a small block of wood that fits into the groove easily, wrap a piece of sand paper around it, and sand until you have removed the rub marks. If the window moves easily now, wipe soap or graphite in the grooves as a lubricant.

**Another Method**  
If sanding doesn't help, place the end of a block of wood against the inside edge of each of the stops and give it several sharp blows with a hammer. This should move them far enough from the parting strip to allow proper operation of the sash.

When a sash cord breaks, the entire sash must be taken out. To take out a lower sash, remove the stop on both sides of the window casing. You can then pull the sash out and remove the broken cord. Remove the weight pocket cover located between the stop bead and the parting strip. The weight with the other half of the broken cord will be at the bottom of the pocket. Take it out, pass the new cord through, and fasten it after the cord has been run over the pulley above.

Now pass the other end of the new cord through the hole in the sash from which the broken one was taken and allow enough cord to permit the weight to run up above.

If the upper sash, is the one with the broken cord, remove the lower sash and then take off the parting strip in order to get the upper sash out.

Steel sash chains are preferable to cords and when possible should be used in replacement.

## Patching Old Roof Called Poor Idea

When an old roof begins to leak, it wears out uniformly and patching is seldom an effective means of repair, according to the National Bureau of Standards. In fact, new leaks might be started when workmen climb on the weak roofing.

In most cases, the most practical way to make permanent roof repairs is to replace the roofing material or re-cover it with asphalt shingles. This kind of roofing also adds fire-resistance, a quality considered essential by the National Fire Protection Association.

**LACERATION TREATED**  
Dillard Noel, 13, of 1006 West Dakota Street, was treated at Western Clinic-Hospital Friday night for a lacerated hand. The injury was suffered when he fell on a broken bottle while at play.

The world's longest mountain range lies a mile deep under the Atlantic Ocean.

## Narrow Kitchen Can Appear Wider

Modernize an old-fashioned narrow kitchen, which has the sink at one end, by placing floor cabinets at each side of the sink to extend completely across the wall at that end of the room.

This gives the room better proportions and makes it appear wider. The together open shelves above the sink with a valance board extending across their tops from wall to wall. Cover the sink splash-board and work surfaces at either side with bright red plastic.

Install beige marbled grease resistant asphalt tile flooring with narrow darker stripes extending crosswise of the room to brighten up the kitchen and give it width. Paint the wall, woodwork and ceiling pale coffee color. Install fluorescent tubing behind the over-sink valance board and a ceiling fluorescent fixture for over-all illumination.

The largest open-pit iron mine is at Hibbing, Minn.

## Free Book on Arthritis And Rheumatism

Excelsior Springs, Mo., Nov. 19—So successful has a specialized system proven for treating rheumatism and arthritis that an amazing new book will be sent free to any reader of this paper who will write for it.

The book entitled, "Rheumatism," fully explains why drugs and medicines give only temporary relief and fail to remove the causes of the trouble; explains how you may obtain relief from rheumatism and arthritis.

You incur no obligation in sending for this instructive book. It may be the means of saving you years of untold misery. For writing promptly, the Clinic will send their newly enlarged book entitled, "Rheumatism." Address your letter to The Ball Clinic, Dept. 2345, Excelsior Springs, Missouri, but be sure to write today.—(adv.)

## Watchman Rescued From River Is More Interested In Dog

PHILADELPHIA —(P)—Leo Ferguson, 60-year-old barge watchman, has a faithful companion during his lonely vigils through the night.

Friday night both Ferguson and his comrade of the dark—a small black and white terrier—had trouble.

The watchman, his dog in his arms, slipped and plunged into the Delaware River, as he started to board the barge.

His cries for help brought Patrolmen George Michaels and Mario Maife to the water's edge. There, they said, they found Ferguson, his head bleeding from a gash, treating water and holding the dog on his shoulders.

They tossed him a life ring and pulled him to the pier to lift him out.

But Ferguson resisted, protesting "No, no, the dog first."

So the officers took the terrier to safety and then returned for the watchman.

At the hospital, where Ferguson was taken for treatment, he asked over and over, "How's the dog?"

At a police station where the pet was lodged for the night, a policeman reported: "The dog's fine. Why that fellow hardly let that terrier get wet!"

**SEYMOUR MOVES OFFICE**

# Midland Operation Shows For Possible Strike In Silurian

Some possibilities of the discovery of oil in Central Midland County has been indicated at York & Harper, Inc., No. 1-A TXL, 12 1/2 miles south of the city of Midland.

This venture had a recovery of 850 feet of free oil during a two and one-half hour drillstem test in the Fusselman zone of the Silurian at 12,573-885 feet.

No gas or fluid came to the surface while the tool was open. When 1,440 feet of drill pipe had been pulled free gas was encountered. When 5,642 feet of drill pipe had been pulled and rack drilling mud was encountered. Some of the fluid, which was cut with oil and gas was unloaded from the pipe while it was being pulled.

**Not Proven Producer**

Total recovery was the 850 feet of clean oil and 3,240 feet of oil and gas cut water blanket and drilling mud.

Interested operators say that the showing of possible production is encouraging—but they point out that it does not mean that the wildcat is a proven producer. That will only be determined by further testing.

The project was circulating Saturday, while waiting on orders as to whether it would make a swabbing test, or would drill deeper.

It is contracted to about 13,800 feet to explore the Ellenburger—unless it gets commercial production at a higher level.

Location is 690 feet from north and 660 feet from east lines of the southwest quarter of section 25, block 39, TP survey, T-3-S.

Fryer is to skid the rotary rig used to drill No. 1 York to the location for its No. 1 James A. Clark in the southwest quarter of section 179, block 3, H&GN survey, which will be one quarter of a mile north of the extender. Drilling operations are slated to start at No. 1 Clark immediately.

Hiawatha Oil & Gas Company is scheduled to start activity at once on an east flanker to the Standard-Fryer No. 1 York. That venture will be Hiawatha No. 1 York and it will be located one-quarter of a mile east of the new townsite producer.

## C-S Gains Prospect Prepares To Acidize

Samedan Oil Corporation and Anderson Brothers of Midland, No. 1-E-A Andrews, indicated Ellenburger discovery in Central-South Gaines County, was preparing to wash perforations in that zone from 11,900-960 feet with mud acid to clean that interval. Operator will then likely treat with regular acid.

In 12 hours of swabbing on section from 11,900-960 feet operator recovered 18 barrels of new oil. The possible deep discovery is on the northwest side of the Robertson field, and 660 feet from north and west lines of the northeast quarter of section 9, block A-24, TP survey. It is 15 miles southwest of Seminole.

This prospect has also shown possible production from a thin section in the Devonian from 10,062-090 feet.

## SW Midland Venture Now Past 10,200 Feet

General American Oil Company No. 1 Pecos Southwest Midland County wildcat, 30 miles southwest of Midland, and five miles northwest of the discovery well of the Pegasus field, had reached 10,200 feet in Pennsylvania lime, and was drilling ahead toward its contract depth of 10,500 feet.

This exploration has indicated possibilities of production in the Wolfcamp, lower Permian between 9,200 feet and 9,600 feet.

Location is at the center of the northwest quarter of the northwest quarter of section 21, block 41, TP survey, T-4-S.

## C-N Upton Wildcat Makes Further Hole

Republic Natural Gas Company No. 1 American Republics Corporation, Central-North Upton County wildcat, one and three-eighths of a mile southwest of the nearest completed producer from the Ellenburger on the south side of the Pegasus field, had reached 11,885 feet in Devonian lime and chert and was making more hole.

It has not reported having run any tests since entering the Devonian. Location is 660 feet from north and west lines of section 6, block 40, TP survey, T-5-S.

## Humble Continues To Drill At Upton Test

Humble Oil & Refining Company No. 1 Oswalt, East-Central Upton County prospector, four and one-half miles northwest of the Benedum field, and 2640 feet from south and 660 feet from east lines of section 12, block B, CSDMRGNGV survey, had reached 11,949 feet in lime and was making more hole.

This project has indicated possibilities of production from the Fusselman section of the Silurian, when it showed some oil and gas in a drillstem test.

It is slated to continue until it

## North Snyder Test Scheduled By Hamill

Claud B. Hamill of Houston has filed an application with the Railroad Commission of Texas requesting a permit to drill his No. 4 Lois Sears Permit as a 7,000-foot exploration to test the Canyon reef lime on the southeast side of the North Snyder field of North Central Scurry County.

Slated to begin drilling at once, No. 4 Scurry will be 1,545 feet from north and 1,930.8 feet from west lines of the lease in section 26, block 1, J. P. Smith survey. The drillsite is six miles north of Snyder.

## Outpost To Coleman Discovery Is Finaled

Guy Mabey Drilling Company of Midland has completed its No. 1 Hubert Stokes, as an outpost to a recently completed discovery from the Frye sand of the Pennsylvanian in Central-West Coleman County.

This development, located 330 feet from north and 1,650 feet from west lines of section 69, T&NO survey, reported a 24-hour natural flowing potential of 330 barrels of 47.7 gravity oil, through a 24/64th inch tubing choke, with gas-oil ratio of 400-1.

No formation water was shown. The production came from open hole between 3,283 feet and the total depth at 3,385 feet.

The new Mabey producer is one location from a discovery from the Frye sand completed a few weeks ago by Ownby Drilling Company. New Project Planned.

That concern has now completed its second well in the area, and (Continued On Page Seven)

## North Pecos Offset Set By Wood River

Wood River Oil & Refining Company, Inc., No. 1 Sealy is to be a stepout from production in the Abel-Silurian-Montoya field of North Pecos County.

The venture will be 560 feet from northeast and 330 feet from northwest lines of lot 11, section 28, block 9, H&GN survey. That makes it five miles east of Imperial. Contracted depth is 5,200 feet.

Operations are to begin in the near future.

## Completion Made On Three Scurry Wells

Completion has been reported for three new producers from the Canyon reef lime in Scurry County. Two of the projects were completed in the North Snyder field and one in the Diamond-M field.

Standard Oil Company of Texas No. 8-2 Brown flowed 12 hours through a 24/64th inch tubing choke, natural, to rate a calculated 24-hour potential of 864 barrels of 42-gravity oil. Gas-oil ratio was 930-1. No formation water was reported.

Flowing casing pressure was 550 pounds and the flowing tubing pressure was 740 pounds.

The flow was from pay between the 7-inch oil string cemented at 6,820 feet and the total depth at 6,952 feet.

Location is 680 feet from south and 1,980 feet from west lines of section 449, block 97, H&TC survey.

The same company completed its No. 6 Jap Beck in the North Snyder field for a 24-hour potential of 936 barrels of 43-gravity oil. Gas-oil ratio was 890-1. There was no formation water.

Completion was from open hole between the 7-inch oil string cemented at 6,558 feet and the total depth at 6,887 feet in the Canyon reef. Flowing casing pressure was 350 pounds and the tubing pressure was 700 pounds.

This new source of oil is 660 feet from south and 1,980 feet from east lines of section 393, block 97, H&TC survey.

Flowing natural from perforations in the 5 1/2 inch casing at 6,598-776 feet. Lion Oil Company No. 19 McLaughlin in the Diamond-M field, made a 24-hour production of 461.47 barrels of oil and no water.

Gravity of the oil was 44-degrees, with a gas-oil ratio of 768-1. Flowing tubing pressure was 570 pounds and the flowing casing pressure was 240 pounds.

The venture was drilled to total depth of 6,778.5 feet where the 5 1/2 inch oil string was cemented. Top of the pay was at 6,598 feet. The development is 664.98 feet from north and 1,831.10 feet from east lines of section 197, block 97, H&TC survey.

## Completion Made On Three Scurry Wells

Completion has been reported for three new producers from the Canyon reef lime in Scurry County. Two of the projects were completed in the North Snyder field and one in the Diamond-M field.

Standard Oil Company of Texas No. 8-2 Brown flowed 12 hours through a 24/64th inch tubing choke, natural, to rate a calculated 24-hour potential of 864 barrels of 42-gravity oil. Gas-oil ratio was 930-1. No formation water was reported.

Flowing casing pressure was 550 pounds and the flowing tubing pressure was 740 pounds.

The flow was from pay between the 7-inch oil string cemented at 6,820 feet and the total depth at 6,952 feet.

Location is 680 feet from south and 1,980 feet from west lines of section 449, block 97, H&TC survey.

The same company completed its No. 6 Jap Beck in the North Snyder field for a 24-hour potential of 936 barrels of 43-gravity oil. Gas-oil ratio was 890-1. There was no formation water.

Completion was from open hole between the 7-inch oil string cemented at 6,558 feet and the total depth at 6,887 feet in the Canyon reef. Flowing casing pressure was 350 pounds and the tubing pressure was 700 pounds.

This new source of oil is 660 feet from south and 1,980 feet from east lines of section 393, block 97, H&TC survey.

Flowing natural from perforations in the 5 1/2 inch casing at 6,598-776 feet. Lion Oil Company No. 19 McLaughlin in the Diamond-M field, made a 24-hour production of 461.47 barrels of oil and no water.

Gravity of the oil was 44-degrees, with a gas-oil ratio of 768-1. Flowing tubing pressure was 570 pounds and the flowing casing pressure was 240 pounds.

## North Snyder Test Scheduled By Hamill

Claud B. Hamill of Houston has filed an application with the Railroad Commission of Texas requesting a permit to drill his No. 4 Lois Sears Permit as a 7,000-foot exploration to test the Canyon reef lime on the southeast side of the North Snyder field of North Central Scurry County.

Slated to begin drilling at once, No. 4 Scurry will be 1,545 feet from north and 1,930.8 feet from west lines of the lease in section 26, block 1, J. P. Smith survey. The drillsite is six miles north of Snyder.

## Outpost To Coleman Discovery Is Finaled

Guy Mabey Drilling Company of Midland has completed its No. 1 Hubert Stokes, as an outpost to a recently completed discovery from the Frye sand of the Pennsylvanian in Central-West Coleman County.

This development, located 330 feet from north and 1,650 feet from west lines of section 69, T&NO survey, reported a 24-hour natural flowing potential of 330 barrels of 47.7 gravity oil, through a 24/64th inch tubing choke, with gas-oil ratio of 400-1.

No formation water was shown. The production came from open hole between 3,283 feet and the total depth at 3,385 feet.

The new Mabey producer is one location from a discovery from the Frye sand completed a few weeks ago by Ownby Drilling Company. New Project Planned.

That concern has now completed its second well in the area, and (Continued On Page Seven)

## Washington Oil—

# Dollar Import Tax On Foreign Crude Will Be Proposed To Congress

By JOSEPH HUTTLINGER

WASHINGTON — After 20 years the drive for \$1 a barrel import tax on foreign petroleum is back.

This time, Rep. Ed Gossett (D-Texas) shapes up as leader of the fight. He says he'll have the help of "several other congressmen."

"To protect the domestic industry against excessive imports, if not from complete ruin, we must restrict imports of petroleum," Gossett says. "Everything said by the big importing companies recently in New York's hearing emphasizes this."

"A quota is one way to do the job, and we are urging Congress to pass legislation holding oil imports to five per cent of domestic demand, or about 300,000 barrels daily."

"The tax idea is another method. President Truman says he needs revenue and this is one way to get it. If the oil companies make a profit out of foreign oil, the U. S. government should get some benefit. Imports are now about 700,000 barrels a day, and if \$1 were paid for each barrel, the tax would be \$700 million annually."

Actual effect of such a tax, if enacted into law, would be to virtually cut off all oil imports. Even a compromise at 50 cents would help domestic producers and royalty owners by reducing most under heavy imports. The present tax of 10.5 cents a barrel is of negligible effect.

Figures from the Independent Petroleum Association of America show that the cost of bringing in Middle East oil to the East Coast is \$2.195 a barrel. The cost of bringing East Texas crude to the same area is 82.5 cents higher. With a \$1 tax, the Texas oil would have the advantage.

Importing companies dispute the figures, but not the principle that the imports tax would give Texas crude the advantage. The big companies merely say the advantage would be too big.

Chief opposition to the \$1 a barrel tax, which is sure to take the spotlight next year, probably will come from major oil companies, the State Department and the Economic Cooperation Administration. Interior Department won't help get it through. The government agencies are expected to plead that any such tax would hurt the nation's relations with foreign countries. Venezuela, Iran, Arabia and other countries making money from oil operations would become destitute without oil income. If destitute, the United States would have to hand them financial aid.

It's Old Ideas.

Veteran oil men, the \$1 tax proposal recalls bygone years.

For 20 years ago when American oil producers organized to fight against excessive imports of foreign oil, they urged Congress to tax imports at the rate of \$1 a barrel. On petroleum products, there was to be an additional tax of 50 cents a barrel.

The tax idea found wide sympathy, but not quite enough. The highest Congress would go was 21 cents a barrel. This helped. The tax remained in effect until late in the war when the State Department cut it in half in reciprocal trade negotiations.

Now the \$1 a barrel tax idea is back.

**Higher Oil Taxes**

American oil producers will find the government next year driving for a bigger share of the oilman's dollar by higher taxes. But not all in the government go for the change.

Hugh A. Stewart of Denver, the new and spunky director of Interior Department's Oil and Gas Division, warns the Treasury Department not to tamper with the present laws. Treasury experts have been studying changes in the present laws, which grant a 27 per cent depletion allowance to oil and gas exploration and development. This amounts to billions of dollars.

In the plainest language, Stewart says: "We better be careful about monkeying with that or we might kill the domestic exploration program. The law that enables us to get plenty of wildcat wells drilled. Before Congress makes any changes, it better study the law, and the way it works with closest attention."

Fight coming up? It depends upon whether the Treasury insists on going ahead.

**Secretary Chapman**

What does an oil man think of the new Secretary of the Interior Oscar Chapman?

"I have sat across the table from him many times in a lot of arguments. I felt I could like him, and I always did like him, and I always had confidence in him. Now that we

## TEXAS OIL ROUNDUP—

# Poor Winter Oil Market Apparently Isn't Having Bad Exploration Effect

By MAX B. SKELTON

HOUSTON — (AP) Lack of a healthy winter market is giving crude oil a rough time but apparently affecting exploration very little.

Failure of predictions of an early upward swing in winter demand brought two sharp developments last week.

Texas, although confident a month ago it had hurdled the supply-demand problem, ordered a 218,357 barrel daily cutback in December crude oil production allowable.

Domestic refineries were operating at only 79.5 per cent of capacity, the lowest point since Spring. The American Association of Oilwell Drilling Contractors, however, reported more rotary drilling rigs in operation last week than at any time since December.

Rig operations were placed at 2,216, compared to 2,106 last week and 2,037 a month earlier.

Texas returns to cutbacks in allowables was blamed on a superabundance of stocks and a very light winter demand resulting from unseasonably warm weather in oil-burning areas.

**Temperatures Milder**

A survey conducted in 18 Midwestern and Northwestern cities by the Chicago Journal of Commerce indicated temperatures are milder than the unusually warm winter of a year ago.

Weather in these cities between September 1 and November 15, the newspaper said, was 14.6 per cent warmer than the same period last year.

The Bureau of Mines meanwhile reported the first sharp increase since August in domestic and foreign crude oil stocks.

Stocks as of November 5 were placed at 254,121,000 barrels, an increase of 2,052,000 from the previous week. A year ago the total was only 242,451,000.

It is the second consecutive refinery operations slump to be reported by the American Petroleum Institute.

The plants on November 5 were operating at 82.4 per cent of capacity after having climbed to 83.3 by October 29.

## Mobile Medical Unit Offers Examinations For Phillips Employees

All Phillips Petroleum Company employees in Midland and other towns and cities of the Permian Basin are being given the opportunity to receive a complete physical examination at the company's mobile medical unit which is now on a tour of all Phillips properties.

On a voluntary basis, the examination entails no personal cost to the employee. The physical check requiring 15 minutes is available to anyone who has had at least six-months service with Phillips.

Dr. Paul R. Gottschalk is in charge of the unit and is assisted by J. P. Harrison, laboratory technician. Since beginning examinations of the home office employees in Bartlesville, Okla., in May 1948, the unit has covered Phillips activities in 12 states.

In addition to the usual facilities for physical examinations the all-metal trailer is equipped with X-ray, galvanometer, eye-testing devices and other modern laboratory equipment. It is presently located at the Permian building parking lot in Midland and will be in this area for several days.

## HO&RC Will Open District Office At Winters, December 1

HOUSTON—Seven men and their families will be transferred to Winters to help man the district production office of Humble Oil & Refining Company.

The district production office will be organized in Winters on December 1 to direct Humble's drilling and production operations in that area.

At this time, Humble has wells in four nearby producing areas, including the Bronte field. The new district will include operations in the Winters area now directed by Humble's West and North Texas divisions.

Frank Jewell, formerly assistant district superintendent at Avoca, has been named superintendent of the new district.

Six other men will be transferred to Winters with their families. Among them will be W. G. Werner, now in the division office at Wichita Falls. He will be the district chief clerk. R. A. Brand, now at Vernon, will be the assistant district chief clerk. W. E. King, district clerk, will be transferred from Pampa. F. G. Thomas, district petroleum engineer, will also move from Pampa where he has been serving in that capacity.

William Thiebaud, tool pusher, will be transferred from the Hobbs, N. M., office of the West Texas Division. D. K. Smith, farm boss, will be transferred from Means in the West Texas Division.

Additional personnel will be added to the district staff as the need arises. Houston officials of the Humble Company said. No Humble personnel now in the district area will be transferred away.

# Two Semi-Wildcats To 7,200 Feet Are Planned In E-C Lea

HOBBS, N. M.—Locations for two 7,200-foot semi-wildcats in the House area of East-Central Lea County were reported Saturday. Drilling is to be started at once on both.

The explorations are to be Standard Oil & Gas Company projects. They are approximately six miles southeast of Hobbs.

Stanolind No. 1 Bilberry will be 660 feet from south and west lines of the north half of section 8-20s-39e. That makes it one-quarter of a mile due north of C. L. Norsworthy, Jr., No. 1 Shell-Waldrup, recently completed flowing discovery from the Drinkard lime, which is located 1,980 feet from south and 660 feet from west lines of section 6-20s-39e.

Stanolind No. 1 House will be 1,980 feet from south and 660 feet from east lines of section 11-20s-39e. That makes it three-quarters of a mile south of Stanolind and Norsworthy No. 1-U State, a small pumper from the Drinkard gray, which was finished several months ago.

Devonian Well Finished  
The No. 1 House will be one mile south and one-quarter of a mile west of Norsworthy No. 1 Shell-Waldrup.

Amerada Petroleum Corporation No. 1 Eaves, the third exploration to drill to the Devonian in the Knowles field of Central-East Lea County, and 660 feet from south and 1,980 feet from west lines of section 15s-35e, has been completed as a commercial oil well from that formation.

The well reported a daily initial production of 883.2 barrels of oil, flowing through three-quarter-inch tubing choke. The oil had a shakeout of two-tenths of one per cent basic sediment. There was no water.

The production came from perforated section at 12,532-573 feet in the bottom of the hole. That interval had been treated with 2,500 gallons of acid.

This well topped the Devonian at 12,345 feet. Most of the formation to the total depth was productive, but operator elected to complete from the 41-foot zone in the bottom of the pay. Total depth is at 12,375 feet and 7 7/8-inch casing is cemented on bottom.

Shell Wildcat Deepens  
Shell Oil Company No. 1 Carter, slotted 13,000-foot wildcat, six miles northeast of Hobbs, and 1,980 feet from south and east lines of section 23-19s-38e, had progressed below 9,664 feet in an unidentified lime and shale and was drilling deeper.

The Texas Company No. 1 Eitel, which is contracted to at least 12,300 feet to explore into the Devonian in East-Central Lea County, one and one-half miles northwest of the Knowles field, had penetrated below 8,971 feet in hard gray lime and was making more hole.

Location is 660 feet from north and 1,980 feet from west lines of section 27-16s-38e. Up to now it has logged only slight shows of oil and gas.

Stanolind No. 1 Foster, slotted 8,000-foot wildcat, four miles south of Hobbs, and 1,980 feet from south and east lines of section 23-19s-38e, had drilled under 5,496 feet in dry, middle Permian lime and was boring ahead.

To Make Final Gauge  
Texas Pacific Coal & Oil Company No. 1-B-1 State, one-quarter of a mile northeast of the initial producer from the Devonian in the Bagley-Hightower field in Northwest Lea County, about 20 miles northwest of Tatum is preparing to take potential test and complete from the Devonian.

Located at the center of the southeast quarter of the northeast quarter of section 2-12s-33e, the new well is bottomed at 10,914 feet in the Devonian.

It is to cement a string of 7-inch casing at about 10,765 feet, which is approximately the top of the Devonian and complete.

The section from the top of the Devonian and the total depth showed production. The last test covered the zone at 10,870-914 feet. During one and one-half hours of flowing from that interval, through a five-eighths-inch bottom hole choke, the production was 20.01 barrels of oil. The flow was natural.

Amerada No. 1 BTD State, one-half mile west and one-quarter of a mile south of the first producer from the Devonian on the north side of the Bagley-Hightower field, and located 660 feet from south and west lines of section 2-12s-33e, had progressed below 10,667 feet in dry lime and was drilling deeper.

Amerada No. 1 Roach, one-half mile south of the farthest south Devonian producer in the Bagley-Hightower area, and 1,980 feet from south and 660 feet from west lines of section 26-12s-33e, was making hole below 9,780 feet in lime and shale.

Gulf Oil Corporation No. 1-NMI State, wildcat located at the center of the southeast quarter of the southeast quarter of section 22-12s-33e, and about one mile northwest of the nearest completed producers in the Bagley-Hightower field, had penetrated below 11,530 feet in dry lime and shale. It was making further hole. It is due to go to around 13,000 feet unless it develops commercial production before reaching that level.

The Atlantic Refining Company No. 1-A Dickinson, southeast outcrop to the discovery well of the Denton-Devonian field in Central-East Lea County, and 660 feet from north and west lines of section 13-15s-37e, had drilled below 10,940 feet in lime and shale and was making further hole.

Humble Oil & Refining Company No. 1 Federal-Wiggin, Central-East Lea County, 16 miles south of Carlsbad, and 1,980 feet from north and east lines of section 31-24s-27e, had reached 13,286 feet in an unidentified lime and shale, continuing to drill deeper. It has not reported having logged any recent signs of possible production.

Union Oil Company of California No. 1 State-Fairburn, Southeast Lea County, wildcat, 10 miles south of the Caprock field, and 2,080 feet from north and 660 feet from west lines of section 24-14s-31e, is bottomed at 4,449 feet in lime and is waiting on orders. It may be drilled deeper in the near future. Up to now it has not had any shows of oil or gas.

The prospective new field opener is 18 miles southeast of Roswell and 1,980 feet from south and east lines of section 13-11s-27e, and it is about 10 miles southeast of the old shallow, depleted Comanche field.

The Honolulu wildcat had its show of oil in a drillstem test at 1,985-2,050 feet. The tester was open three hours and 15 minutes. Gas showed at the surface in 15 minutes. The gas volume was not gauged or estimated.

Recovery, when the drill pipe was pulled, was 1150 feet of clean oil of a gravity of approximately 30 degrees. There was no formation water.

Open flowing bottom hole pressure was 250 pounds. Shut-in bottom hole pressure was 700 pounds after 15 minutes. Hydrostatic pressure was 1,150 pounds.

The venture is making hole below 2,080 feet in lime. If it logs any further shows of oil and gas by the time it reaches 1,200 feet another drillstem test will be undertaken.

Honolulu No. 1 State was originally started to go to 7,000 feet to test into the Devonian. It is on a lease secured by Honolulu in a farmout deal with The Texas Company.

## Green Head Supply Changes Ownership And Name Of Firm

E. L. Heard Company has purchased the Green Head Oil Field supply store at Odessa and the concern will be operated in the future under the name of Mallard Supply Company.

The Odessa store is at 100 North Texas Street. Officers of the new organization are E. L. Heard, president, Roy Pepper, vice president, and V. A. Nelson, secretary-treasurer and general manager.

Nelson has been connected with various units of the oil field supply business for 20 years. He has been with Bethlehem Supply Company and also has served as district manager for Jeco in West Texas and New Mexico.

E. L. Heard Company is a general oil field contracting concern which operates in all parts of the Permian Basin.

## Turner New General Attorney For Phillips

Harry D. Turner has been named general attorney for Phillips Petroleum Company. He will succeed the late R. B. F. Hummer.

He has been associated with Phillips since 1937, when he became a member of the legal staff of the company's Oklahoma City division.

## Phillips Provides Health Checkups

An employe enters the Phillips Petroleum Company mobile medical unit for a physical examination. The unit, in charge of Dr. Paul R. Gottschalk and J. R. Harrison, laboratory technician, is now on a two-year tour of Phillips activities giving physical examinations to all employes who have been with the company for at least six months.

## W-CO&GA Program Will Include Skit 'Scurry Flurry, How To Get Rich In Hurry'

ABILENE—Dr. George S. Benson, president of Harding College, Searcy, Ark., will be the chief speaker at the banquet climaxing the annual meeting of the West-Texas-Central Texas Oil and Gas Association here on November 29.

Dr. Benson is widely known as an educator and after-dinner speaker.

The banquet program will also include a talk by J. E. (Ed) W. Moore, president of the Independent Petroleum Association of America, and the second edition of the "Port Griffin Pinagle," produced again by Frank Conselman, Abilene consulting geologist. Title of the "Pinagle" this year will be "The Flurry in Scurry and How To Get Rich in a Hurry."

An all-day technical session will precede the banquet. Speakers will include G. H. Brodie and James R. Day of Abilene; W. H. Orner of Tulsa; A. E. Sweeney, Jr., of Oklahoma City; and Benson M. Kingstone of Breckenridge.

Reservations should be made with Bob Tiffany, secretary of WCO&GA, Abilene.

## Decrease In Number Of Rotaries Shown For Permian Basin

Total number of active rotary drilling rigs in the Permian Basin of West Texas and Southeast New Mexico dropped from 463 on Nov. 1, 1949, to 452 on Nov. 15, 1949, for a decrease of 11 active drilling operations.

The Nov. 15, 1949 total of active rotaries in the Permian Basin was 25 above the total of a year previous on Nov. 15, 1948, when there were 427 active rotaries in the region.

This report is from the semi-monthly survey of Reed Roller Bit Company.

## Merritt Has Joined Midland Independents

M. M. Merritt is a new member of the Midland oil fraternity. He came here recently from San Diego, Calif., where he has been doing geophysical work.

He plans to operate as an independent trader in the Permian Basin.

## Auto Issues Steal Show On Exchange

NEW YORK—The Stock Market took off on a four-day advance last week and left a good many Wall Street experts with red faces.

At the weekend the general price level equaled the 1949 high first hit on November 2.

In four days the market value of stocks increased almost \$2,000,000. Many individual stocks sold at the highest prices in one to three years.

Even railroad stocks, which have been lagging behind a rising market for months, joined the parade.

Automobile issues stole the show. Chrysler moved ahead in leaps and bounds, closing 3 3/4 points higher on the week at 59 3/4 after a 1/4 point slip on Saturday.

General Motors lost 3/4 point at 66 1/2 but this was after deduction of a \$4.25 dividend.

A number of factors contributed to the ballooning demand for the motors. Leading auto producers have reported record high earnings.

## Watches Are Awarded To 13 Employees Of Big Lake And Plymouth For Long Service

Gold and platinum watches, studded with diamonds, were presented to 13 West Texas employes of Big Lake Oil Company and Plymouth Oil Company at a dinner in Midland Friday night.

The watches were awarded for each of the recipients having completed 25 years of service with the two affiliated companies.

The affair was held in the Petroleum Club of Midland. W. D. Lane of Midland, general superintendent for Plymouth in the western division was in charge of the meeting and acted as master-of-ceremonies.

Charles E. Beyer, of Texon, vice president and general manager of Big Lake Oil Company, and Mrs. Beyer, along with the wives of the 25-year men, were special guests.

Big Lake Oil Company men who received watches were, C. M. Satterfield, H. L. Adams, H. H. Talley, R. C. Howard, P. B. Shepard, J. J. Isbell, C. Luther Herty, W. J. Crissett, Tracy Gambill, C. E. Oldham, and C. L. Newburgh. They are all of Texon. Big Lake's headquarters is in West Texas.

Plymouth employes who had completed 25 years of company service, and who received watches were L. B. Menelle of Texon, and Lane of Midland.

## Permian Basin TSPE Meeting In Midland Is Set For Tuesday

The Permian Basin Chapter of the Texas Society of Professional Engineers is to have a big meeting in Midland at 7:30 p.m. Tuesday night. The session will be held in the Humble Oil & Refining Company conference room in Midland Tower.

A business session will start the program. The nominating committee will make a report on suggestions for new officers for the next 12 months. This will be followed by a brief resume of a new manual on chapter activities.

J. C. Stille will act as chairman of the program committee which will present two speakers.

R. E. Houturey will report on the progress being made on the Midland-Odessa four-lane highway, and Van Camp will tell how locations are made on oil tests in the Gulf of Mexico.

The concluding feature of the affair will be the screening of a technical moving picture, with sound, showing the highlights of the football games in the Southwest Conference during 1948.

## Three Floors May Be Added To Magnolia's Building In Midland

Magnolia Petroleum Company executives have authorized the drawing of plans for the addition of three more floors to the concern's office building in Midland.

That work is now in progress and it is understood that shortly after the first of the year bids may be asked from contractors covering the possible new construction.

Magnolia representatives point out that no definite authorization has yet been officially issued covering the actual building of the three new floors.

The present Magnolia building has two floors above ground and a full basement. The structure is 60 feet wide and approximately 100 feet long.

## Thomason Moves To ARC To Work As WT Geologist

Ben R. Thomason is the new West Texas geologist for American Republics Corporation. He will work out of the concern's office in San Angelo.

Thomason was formerly a member of the geological staff of the district office of The Texas Company in Midland. He and his family are moving to San Angelo shortly.

His new job Thomason succeeds H. D. (Dave) Penzel, who resigned from American Republics Corporation to accept a position in the district office of Kewanee Oil Company in Midland.

## Schlumberger Opens New Snyder Office

A district office of Schlumberger Well Surveying Corporation has been opened at Snyder, according to A. Morazzani of Midland, division manager in the Permian Basin for the concern.

D. M. Cowart is to be in charge of the Schlumberger office at Snyder, which is now in operation.

## Noted Engineer To Address Geological Society Wednesday

Paul Paine, consulting engineer in petroleum production and author of "Oil Property Valuation" will address members of the West Texas Geological Society in Midland at 8 p.m. Wednesday. He will speak on the subject of "Valuation in the Oil Fields."

The general public is invited to attend the meeting which will be held in the auditorium of the Midland Junior High School—the former high school building on West Texas Avenue.

A special invitation has been issued by officials of the WTGS to members of the Permian Basin section of the American Institute of Mining and Metallurgical Engineers and members of the Permian Basin Landmen's association, to hear the Paine lecture.

On AAGP Tour  
Selected by the American Association of Petroleum Geologists for this season's distinguished Lecture Tour, Paine will deliver similar talks in several other cities in oil-producing states.

A graduate of Massachusetts Institute of Technology, Paine has worked in the oil industry for more than forty years. He has been a board member of the Union Oil Company of California and a vice president of Shell Oil Company.

## COTTON

NEW YORK—Cotton futures experienced hedge selling and liquidation of nearby December contracts in late trading Saturday. Final prices were 30 cents lower to 10 cents higher.

Closing prices December 29.71-73; March 29.71; May 29.66; July 29.35; October 29.63; December 27.80.

## Midland Operation—

(Continued From Page 6K)  
bee has started operations on its second project.

That exploration will be Mabee No. 2 Hubert Stokes. It is located 660 feet from west and 330 feet from north lines of section 60, T&NO survey, and is just across the line in Central-East Runnels County.

The new Ownby and Mabee producers from the Frye sand are about two miles north of the Mabee-Ogden field which produces from the Palo Pinto lime of the Pennsylvanian.

Humble Oil & Refining Company No. 3 Sallie Odom, Northeast Coke County wildcat, six miles southeast of Blackwell, has been completed from the Strawn of the Pennsylvanian for a 24-hour pumping potential of 27.36 barrels of oil. It also made 62.10 barrels of water.

Gravity of the oil was 44.4 degrees. Completion was through perforations in the casing between 5,520 and 5,525 feet. That interval had been treated with 1,000 gallons of acid.

The new producer is 1,250 feet from north and 1,380 feet from east lines of the Seferiana De La Garza survey No. 304. This well is three-quarters of a mile northwest of Barnsdall Oil Company No. 1 Day-entrop, small discovery from the Strawn.

Crane Prospector Is Abandoned As Failure  
Moore Exploration Company of Midland has plugged and abandoned its No. 1 T. C. Barnsley, Central Crane County wildcat, 12 miles west of the town of Crane.

The venture was abandoned on a total depth of 6,539 feet in lime and chert, after getting no indications of commercial production.

The failure is 2,198.72 feet from southwest and 1,819 feet from southeast lines of tract 7, section 10, N. A. Williamson survey.

Ellenburger Venture Scheduled By Barnes  
J. C. Barnes of Midland is to start operations at once on his No. 1-A Anderson, which is to be an 11,000-foot exploration to the Ellenburger on the east side of the Yarbrough & Allen field in Southwest Ector County.

It is to be in the northwest quarter of the north quarter of section 22, block B-14, pl survey.

## Warren To Speak At ME's Joint Meeting

COLLEGE STATION — (Sp1) — Top-flight oil men from Oklahoma and Texas will attend and take part in the annual joint meeting of the Texas sections of the American Institute of Mechanical Engineers, to be held at Texas A&M College, December 8-9.

J. E. (Ed) Warren of Midland, independent oil operator and drilling contractor, and president of the Independent Petroleum Association of America, will be the principal speaker at 7 p.m. on December 8, at the annual banquet.

Host for the meeting is the A&M College Student Society (affiliate). Texas sections are East Texas, Gulf Coast, North Texas, Permian Basin, Southwest Texas, University of Texas Student Society (affiliate).

R. L. Whiting of the Petroleum Engineering Department, is chairman of the conference and faculty members of the engineering department will take part in the program.

U. S. railroads had \$125,000 invested in road and equipment per mile of line in 1948.

# Bulldogs Hold Mighty Westerners To 28-7 Score

## Bearcat Battery

Jim Kelly, left, catching; Tom O'Malley pitching for Cincinnati.

## Lubbock Attack Stopped; Interceptions Give Edge

The state's number one-rated Lubbock Westerners left Memorial Stadium with the seats of their pants chewed all to heck Friday night. The fighting Midland Bulldogs chewed on the Westerners for four full quarters in the most gallant battle ever staged by a Midland team.

Playing a wide-open brand of ball and gambling all the way, Midland was able to match the Westerners in every department except the score. But for three pass interceptions which resulted in Lubbock touchdowns, it would have been a dead heat. The final score was 28 to 7—just about 30 to 40 points less than sports writers and football fans all over Texas had estimated.

The Bulldogs didn't know Lubbock had run roughshod over eight opponents already. If they did know it, they didn't remember it when they took the field. Lubbock was just another ball club to the great Midland team Friday night.

**Defense Tight**  
The Bulldogs defended the Lubbock running attack better than it has been this season. Wayne Stroud, rated one of the best ball carriers in the state, found himself stacked up at the line of scrimmage time after time by boys like Dalton Byerley, Jack Mobley, Al Baze, Jimmy O'Neal, Bob Wood and Pete Englian. At other times he was thrown hard behind the line by Stan Coker, Bob Evans, Jimmy Lineberger and L. C. Thomas.

The Lubbock passing attack, hampered some by the absence of Bobby Brown and Malcolm Young, didn't click to any great success. Coach Tugboat Jones sent a 10-man line against the Westerners most of the time. What made it work to perfection was the uncanny ability of Reed Gilmore, Thomas, O'Neal, Larry Friday, Bill Medart, Charles Crowley and Ralph Brooks in moving in and out of the line to cover receivers.

Only once did the Midland defense let a Lubbock speedster through for a long run. The Bulldogs held the Westerners to a 10-yard standstill four times when they were within scoring distance.

The first series of downs set Lubbock back on its heels. The holes they expected to open in the Midland line just wouldn't open. Three plays netted only nine yards and forced a punt—something that has been done to Lubbock only a few times.

**Bulldogs Hold**  
Morris Turner intercepted a pass on the Midland 17-yard line early in the first period. Lubbock again thought it was sure to go over. But that fighting Bulldog line stood pat and held for downs on the 12.

Seeking to move through the air again, the Bulldogs sent Ralph Brooks to work. One pass fell incomplete and the next one was intercepted on the 15 by Curtis Roberts, Lubbock tackle.

Wayne Stroud was stopped cold on two running plays. Mac Taylor took the ball on a delayed buck over guard and scored. Billy Presley booted the point.

Clark Presley engineered Crane's last drive. He threw a 21-yard pass to Charlie Phemister on the Wink 10 and Phemister carried it from there.

Don Hoskins got in the act for Wink for a few minutes later and set up the Wildcats' final score with a brilliant run to the two. Drummm took it over and booted the point.

Wink will move into the state Class A race next week.

**Sugar Ray-Brown Mixup Postponed**  
NEW YORK—(AP)—A ten-round non-title fight between welterweight Champion Ray Robinson and Billy Brown of Hartford, Conn., at the Golden Gate Arena here, December 5 was postponed indefinitely Saturday because of a shoulder injury received by the champion in a recent exhibition.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, NOV. 20, 1949

## Wink Tops Crane To Win 5-A Title

CRANE—The Wink Wildcats battled their way to the District 5-A football championship here Friday night as they downed a fired-up Crane eleven 26 to 16.

The running of Wink's Bud Rollins, Pat Drummm and Don Hoskins and the accurate passing of Al Smith out shone the offensive work of Crane's Clark Presley and Richard Lightfoot.

Wink took the lead midway of the first period when Rollins carried over from the eight. Drummm's attempted conversion failed.

Crane fought back, using an aerial attack to get a first down on the Wink 10. From there Clark Presley booted a perfect field goal.

The teams battled evenly until the half with Crane matching the champs all the way.

Bulldogs placed the ball on the Midland 32. Turner passed to Taylor for six but that's all the Westerners could get. The ball went over on downs. Stan Coker, charging like a mad bull from his defensive tackle position, nailed Turner for an eight yard loss on fourth down.

Midland's passes failed to click again and Gilmore punted out on the Lubbock 32. Turner passed to Billy Wright, left end, for a first on the mid-field stripe. Next play the Westerners exploded like they were supposed to do time after time but couldn't.

**Taylor Scores**  
Taylor took the ball on a handoff from Turner and scooted 46 yards for a touchdown. Presley added the point.

The kickoff was fumbled by Brooks when he hit hard near the sideline and Lubbock took possession on the Midland 33.

Stroud chopped through for a first down on three plays. Dick Williams, whose 70-yard run for a TD beat Odessa last week, got a first down on the Midland 12. The Bulldogs stiffened.

Dalton Byerley, Bob Wood and Jimmy O'Neal were busy at the Lubbock ball carrier on the line of scrimmage, jarring the ball loose. O'Neal recovered for the Bulldogs.

Ralph Brooks faded behind his own goal and fired a pass which ended in disaster. The Williams gathered it in on the Midland 15 and raced across for Lubbock's third touchdown. Presley converted.

**Quarterback** Reed Gilmore eluding Midland's running game following the kickoff. Jack Brooks, Ralph Brooks and L. C. Thomas split the Lubbock line with smash after smash. They carried to the Lubbock 41.

**Brooks To Crowley**  
Brooks rifled long pass to Crowley who made a brilliant catch on the Lubbock 13 for a first down. The ball traveled 27 yards. Brooks tossed one more pass before he was held, stopping the Bulldog drive.

The fight and hustle was doubled in the Bulldogs as they came out for the third quarter.

Crowley took Lubbock's kickoff from all the Bulldog line-men. The Midland 28. From there the Bulldogs put on a drive that would be a credit to any ball club.

**Brooks, Brooks, Thomas and Crowley** getting great blocking from all the Bulldog line-men found hole after hole in the Westerner defense and drove straight up the field. Three first downs in a row put the ball on the Lubbock 31. Brooks passed to Smith for nine and Thomas blasted the middle for a first down on the 20.

**Burris Scores**  
Jack Burris took the ball on a trap play and made the night's most surprising run all the way to pay dirt. Burris set up his blockers perfectly. He shook and wheeled by would-be Lubbock tacklers like an All-American.

Charles Crowley added the extra point with a true kick, leaving the score 21 to 7.

The Midland defense continued to stop the Westerners through the latter part of the third quarter and most of the fourth.

The supposedly-mighty Lubbock eleven advanced to the Midland 20 midway of the final quarter. Again it was Dalton Byerley and Stan Coker jarring the ball loose. Byerley recovered on the 21.

Brooks picked up nine yards to the 30 and set up the final drive. Down pass fell incomplete. Gilmore's punt was blocked by Robert Burks, playing heads-up, recovered the ball on the 31.

A siege of penalties set the Bulldogs back deep and Gilmore punted out on the Midland 21. The ball slipped off the side of his foot, shortening the distance.

**Last Score**  
Lubbock took to the air, completing one out of three for five yards on fourth down. L. C. Thomas and Dalton Byerley smothered Presley, Lubbock passer, for a 10-yard loss. Morris Turner intercepted a pass on the Midland 36 and returned to the five with only 30 seconds remaining in the ball game. Taylor hit the middle three times before he finally got across. Presley added the point.

Even though the Bulldogs were on the short end of the score, they scored a moral upset in holding the state's No. 1 team so well. Nothing but the highest praise is due such a fine team—a team that wouldn't stay down even in the face of the greatest odds.

## Bullpups End Season With 33-0 Victory

The Eighth Grade Bullpups of John M. Cowden Junior High School put the finishing touches on National Kids' Day activities here Saturday afternoon by thrashing an outclassed Colorado City eleven 33 to 0 in Memorial Stadium.

The Bullpups, backed by the Junior High Band and Drill Squad and several hundred kids in the stands, flashed an explosive offense and a stout defense.

Billy Snow, the fastest boy in Midland schools, scored two touchdowns to lead the Pups. He went through the middle on a quickie and raced 80 yards for the first score. Late in the fourth quarter he broke away again, rolling 47 yards untouched.

Jesse Hatfield, the man under in the Bullpup T formation, kept on a sneak once and went 55 yards for a score.

Russell Rutledge circled end on a 60-yard touchdown run and Darrel Spivey went 65 yards for the other Pup counter.

Wayne Parmley drop-kicked one extra point. Hatfield passed to John Crowley and Milton Jones for the other two.

Coach John Hidgon cleared the bench, playing every man on the squad.

The win gave the Pups a season record of 4 wins and 4 defeats.

Just before the game, Parmley, a guard, and Bill Snow were elected permanent captains for the year. Both are stellar players.

The Junior High Band and Drill Squad furnished halftime entertainment and cheered the Pups throughout the game.

**Sterling City Wins Over Garden City**  
STERLING CITY—The Sterling City Eagles bounced Garden City 68 to 27 here Friday night to win the District 8 six-man grid championship.

Ricker, Fisher and Cunningham scored for Garden City. Sterling's scoring was well-divided.

## Pecos Tops Lobos 33-21

MONAHANS — Pecos' touchdown twins, Jerry Fairley and George Christian, led the Eagles to a 32-21 upset victory over the Monahans Lobos here Friday night as both teams ended the grid season.

Pecos was loaded from the start—loaded with a lot of Fairley. The Eagle speedster dominated the first quarter in which he crossed the double-stripe three times to give his team a 19-0 first period lead.

Fairley took a pitchout from Orlando Gutierrez on the Monahans 47 and sped all the way for the first Pecos score before the spectators had settled in their seats.

Shortly thereafter it was Fairley who broke over guard and scooted 73 yards through the Monahans secondary for another TD. Langham added the point after.

Late in the first period, Gutierrez chunked a 25-yard pass to Fairley in the end zone and the Eagles were off to a flying start.

**Lobos Fight Back**  
Monahans stormed back in the second quarter. After a 38-yard drive to the Pecos 24, Jimmy Jenkins faded to pass, found no receiver and decided to run. He went all the way. Driggers booted the point.

The Lobos stayed in gear long enough in the third period to move ahead. They drove 80 yards to the Pecos six and Leonard Perryman carried it over. Driggers' kick was good.

Monahans recovered a fumble on the Pecos 35 late in the third to set up its last touchdown. Gloyd Walsh plunged over from the six. Driggers converted to send the Lobos out front 21 to 19.

**Eagles Score Two More**  
Pecos wouldn't stay put, however. The Eagles took to the air with Gutierrez pitching. He found George Christian with a pass in the flat and Christian carried it 60 yards for a touchdown.

Pecos recovered a Monahans fumble to set up the final score with only two minutes left in the game. It took only four plays with Fairley and Christian carrying to push across. Christian scored on a plunge. Langham booted the point and that was the ball game.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, NOV. 20, 1949-9

**Owls Squeeze By Frogs To Clinch Tie For Bunting**

**FORT WORTH**—(P)—Rice used a granite goal-line defense and a couple of breaks Saturday to squeeze Texas Christian University 20-14 and clinch a tie for the Southwest Conference championship.

The big, burly Owls rolled up a three touchdown lead in the first half, but had to hang on grimly for the rest of the game.

Four times Texas Christian scored in the second half, but penalties rubbed out two touchdowns. And at the end, a pass interception by Rex Proctor saved their unbeaten record in conference play.

Next week the Owls and Baylor will decide which acts as host in the Cotton Bowl January 2.

Rice had the answer to Texas Christian's nine-man line, the defense that upset Texas in the first half. It was a deadly flat zone passing, with Tobin Rote doing the tossing and Bob Lantrip and James (Froggie) Williams the catching.

Flat passes pay off. Rice's first two scores. One, a 31-yarder from Rote to Williams, sparked the Owls' first touchdown march, a 59-yard drive the first time they got the ball. Billy Burkhalter plunged over the goal line from the one.

Early in the second quarter another pass—Rote to Lantrip—set up 30 yards in a 49-yard drive. Burkhalter climaxed with a 12-yard touchdown sprint.

John Kelly intercepted Lindy Berry's pass minutes after Rice's second touchdown and ran 48 yards for the Owls' third score.

Two extra points by James (Froggie) Williams boosted Rice's half-time margin to 20-0.

Frogs Storm Back. TCU, sparked by Berry, playing with a plastic mask to protect his cracked jaw, and Big John Morton, stormed back in the third period.

The Horned Frogs' Bob Moorman recovered Lantrip's fumble on Rice's

**Oklahoma Outscores Santa Clara**

**NORMAN, OKLA.**—(P)—Stubborn Santa Clara gave Oklahoma its toughest game of the football season Saturday with the Sooners fortunate to keep their 19-game string alive with a 28-21 victory.

Santa Clara came into the game a three touchdown underdog against the number two team of the nation but came fighting back time after time to push Oklahoma until the end.

A crowd of 59,000—the largest ever to attend a game in Oklahoma—saw George Thomas, Sooner halfback, make three of Oklahoma's four touchdowns for a new Big Seven Conference scoring record.

His 105 points better the 97 made in 1942 by Missouri's Bob Steuder.

Although Oklahoma never was behind, Santa Clara always was a threat. It was this same team that drove Oklahoma its last defeat, 20-17, in the opening game of last season.

Plenty of Fumbles. Fumbles hurt both teams with Santa Clara making seven and Oklahoma six. Half a dozen of these were within scoring distance.

Pullback Leon Heath's 81-yard run in the second quarter, along with Thomas' three touchdowns and four extra point kicks, accounted for Oklahoma's scoring.

Pass Defense—Oklahoma's weakness all season—hurt the Sooners again. Two touchdown passes in the second quarter and a safety put Santa Clara within seven points of Oklahoma, 21-14, at the half.

The first was Leon Napolitano's 13-yard toss to Monty Osborn and the second with 33 seconds left was from John Pasco 18 yards to Dick Wilborn.

Santa Clara's final touchdown in the last quarter was an explosive 58-yard run by Del Rasmussen, who out-maneuvered three Oklahoma tacklers. Joe Vargas made the extra point kick good to end the game's scoring.

**Kermit Loses Grid Tilt To Hobbs By 21 To 13 Margin**

**HOBBS, N. M.**—The Hobbs Tigers, class of New Mexico schoolboy football, edged out the Kermit Yellow-jackets 21 to 13 here Friday night.

Hobbs scored on the first play of the second quarter when Charles Ellison passed to Wayne Hill five yards away in the end zone. Jim Rhea booted the point. The 7-0 score stood at the half.

Kermit made a bid to tie it up with a touchdown early in the third period. Kermit linemen rushed Tom Ross, Hobbs fullback, as he started to punt and deflected the ball before Ross could get his toe into it. Taking possession on the Hobbs 20, the Yellow-jackets scored three plays later. Jim Horry passed to Rick Spinks on the five and Spinks stepped over. The point was not made.

Carr Scores. Hobbs counted again in the third with Bobby Burke going over on a six-yard plunge to clinch a 90-yard drive. Rhea added the point.

The final Hobbs score came on a 39-yard pass play from Ellison to End Jim Short. Rhea again converted.

**District 5-A Cage, Track Plans Made**

**PECOS**—The District 5-A Executive Committee recently drafted plans for the coming basketball and track seasons in this conference.

The district will be divided into North and South zones for basketball.

Wink, Kermit, Andrews, Seminole and Denver City will be in the North zone. Monahans, Pecos, Fort Stockton, McCamey and Crane are in the South zone.

A double round-robin schedule will be played on a home and home basis. Varsity and B teams will be billed in double-headers each playing night.

A Junior High School cage circuit will be operated independent of the high school league.

The two top teams in each half will meet in an elimination tournament to determine the district champion. Regular competition must be completed by February 11 and the district tournament must be held by February 18.

The Spring track and field meet will be held in Kermit April 15. Literary events will be conducted in Crane April 11.

Supt. Ike Smith of Fort Stockton is chairman of the district sports committee. Supt. Tommy Thompson of Kermit is secretary.

The schedule for the South zone of 5-A follows: January 10: Monahans at Crane, Fort Stockton at Pecos.

January 13: Crane at Fort Stockton, Pecos at McCamey.

January 17: Fort Stockton at McCamey, Monahans at Pecos.

January 20: Pecos at Crane, McCamey at Monahans.

January 24: McCamey at Crane, Monahans at Fort Stockton.

January 26: Crane at Monahans, Pecos at Fort Stockton.

January 31: Crane at McCamey, Fort Stockton at Monahans.

February 3: Fort Stockton at Crane, McCamey at Pecos.

February 7: McCamey at Fort Stockton, Pecos at Monahans.

February 10: Crane at Pecos, Monahans at McCamey.

**Pups Win In Peanut Bowl**

**ODESSA**—The Sixth Grade Bullpups of John M. Cowden Junior High School—first Midland team ever to play in a bowl—Saturday battled their way to a 19-0 victory over the San Jacinto Mustangs of Odessa in the first annual "Peanut Bowl" tilt here.

The game was sponsored by the Odessa Kiwanis Club as a part of National Kids' Day observance.

The Bullpups, undefeated, untied and unscored-on this season, gave the Odessa youngsters a lesson in the grid sport after the half. The teams battled to a 0-0 draw in the first two periods.

The Pups came back with blood in their eyes in the third quarter. Following the kickoff, they held San Jacinto for downs and Frank Mote, Mustang fullback, punted to Ray Phillips on the Midland 45.

Phillips took the boot, cut across the field setting up his blockers and drifted 55-yards up the sideline for the Pup touchdown.

It was the most brilliant run of the game and distinguished Phillips as an offensive star.

Just one minute later, Dickie Mills, Pup center, intercepted a pass on the Odessa nine and sprinted into the end zone for another touchdown. Frank Midkiff punted for the point, giving the Pups a 13-0 lead.

The teams battled between the 30-yard lines until late in the fourth quarter, when Midland scored again.

Gaining possession of the ball on the Odessa 40, the Pups marched to the 18 with Midkiff, Chancellor and Larry Sapp doing most of the ball handling. From the 18, Chancellor wound up with his good left arm and pitched a pass to Roy Vanderpool in the end zone. The try for point failed.

As more than 3,000 "Peanut Bowl" fans looked on, Ollie Bank, president of the Odessa Kiwanis Club, presented the Sixth Grade Pups a permanent trophy declaring them champions of the first annual "Peanut Bowl" classic.

An estimated 500 Midland kids were in the stands along with several hundred parents from Midland. The champs are coached by Lloyd Curlee who has produced two undefeated teams in as many seasons.

**Northwestern Field Goal Spoils Illinois Homecoming 9 To 7**

**CHAMPAIGN, ILL.**—(P)—The first field goal ever attempted by Senior Quarterback Don Burson etched a thrilling 9-7 Northwestern victory over favored Illinois before 67,872 Illinois homecoming fans Saturday.

Burson's 22-yard payoff boot, followed a 57-yard punt return by Halfback Tom Worthington, came with only three minutes left in the season finale for both Big Ten teams.

Burson was a shining Northwestern hero in his last collegiate game, also firing a second period touchdown pass to End Joe Zuravleff to give the Wildcats a 6-0 halftime lead.

Illinois, its vaunted ground attack sputtering wastefully all day, finally scored at the outset of the fourth period on a short pass from Bernie Krueger to Walt Kersulis.

When Sam Rebecca place-kicked the extra point, Illinois led 7-6. The missed conversion try after Northwestern's touchdown seemed certain to be the difference.

But then came Burson's Merrill touch—the field goal try. A reserve halfback, Bob Meeder, who never before had tried it, held the ball.

**Stanton Buffs Bow To Hermleigh 19-0**

**SNYDER**—A heavily favored Hermleigh eleven had to go all-out here Friday night to defeat the Stanton Buffs 19 to 0. The Buffs threw up a surprisingly stout defense against the Cardinals.

The win gave Hermleigh the District 8-B title.

Carl Williams scored two touchdowns and an extra point for the Cardinals. Bill Voss added the third TD.

Gerald Koonce, Kenneth Henson, Whistle Lindsay and Leroy Gibson were outstanding for Stanton.

**Frank Stokes Leads McCamey To Victory**

**McCAMEY**—Frankie Stokes led the McCamey Badgers to a 19-6 victory over the Fort Stockton Panthers here Friday night to assure McCamey of eighth place in the conference standings.

Fort Stockton led briefly in the first quarter. Joe Maples passed to Gene Harrah for a touchdown climaxed an 80-yard drive.

Stokes went to work for the Badgers and quickly erased the Stockton advantage. He scored on a two-yard plunge early in the second quarter and went over again from the five later in the same period.

Mack Patterson, McCamey quarterback, intercepted a Panther pass in the third quarter and raced 87 yards for McCamey's final score.

Kent Brooks, McCamey end, was an outstanding defensive man for the Badgers.

**Grid Player Dies After Game Collapse**

**KNIPPA, TEXAS**—(P)—Marcus Glynn Alexander, 16 Knippa High School football player, died Friday a half-hour after he collapsed in a six-man football game at La Pryor.

Funeral services will be held here at 3 p.m. Sunday. Alexander was a star halfback for the Knippa team, a four-year letterman, and a senior. The attending physician said he died of a brain hemorrhage.

**Seminole Juniors Win District Crown**

**FORT STOCKTON**—The Seminole Junior Indians downed Fort Stockton's Juniors 19 to 12 here Friday to annex the District 5-A championship.

Fort Stockton held a 12 to 6 half-time advantage but the Indians pushed across two TD's in the last half to win.

# SPORT SLANTS Ohio State And California To Be Rose Bowl Opponents

BY SHORTY SHELBURNE

Friday night was a great night for the Midland Bulldogs and Coach Tubog Jones and his assistants. Even in defeat, the Bulldogs showed their true colors—colors of nothing less than heroism. Every Bulldog was a hero in the Lubbock game.

Regardless of which teams the Lubbock Westerners may play from here on, they always can look back to November 18 and tell the world they had all the football they wanted on that date—hard football from the Midland Bulldogs.

Friday night was a great night for a great bunch of coaches, Tubog Jones, Garvin Beauchamp and Audrey Gill in particular. Red Rutledge, Joe Akins and Jack Mashburn had a hand in it, too, but more indirectly.

Those coaches put the means of doing it into the Bulldogs. From there the boys took it. And what a job they did.

If there were any—and we know there were—fans in Midland who doubted the ability of our coaching staff and the will to win of our Bulldogs, maybe you now are convinced.

We have the finest coaching staff in the state. We have as fine a bunch of football players as there is anywhere. The Bulldogs' success on the gridiron this season has been limited only by physical qualities.

There's nothing anyone can do to make a boy faster, make him older, or make him bigger.

To go with Midland's great coaching staff and fine football team is one of the best and most comfortable stadiums in the state. Yet we wouldn't believe it when we look at the crowds.

The turn out for football games here this season has been nothing but a black mark on the city. We

—a city of about 30,000—should be thoroughly ashamed of the backing we have given a team which plays ball like the Bulldogs played Friday night.

To every football fan—to every Midlander who associates himself with sports, we have this to say: If I were you, I'd make sure nothing stops me from seeing the Midland Bulldogs when they play Lamessa here at 2:30 p.m. Thursday.

The team, the coaches, the school—all deserve the attendance of 15,000 fans.

If we can fill Memorial Stadium Thursday maybe it will, in a small way, make up for the poor backing we previously have given our team.

When a football team takes the field against another team which holds all the odds and battles that team to a standstill—that's a great ball club. Winning takes a secondary position.

A ball club which gives its all will win sooner or later. There are more to give.

Those boys come from the farms, from the homes of all men, from the homes of professional men. They come from homes where there is plenty of money and from homes where there isn't so much money.

Every Midland fan who hasn't seen the Bulldogs play this season has missed something great. You have one more chance.

Let's pack Memorial Stadium Thursday afternoon.

Let's show the Bulldogs and the coaches we appreciate their efforts.

Odessa Bronchos Clout Brownfield

BROWNFIELD — The Odessa Bronchos finished their season with a 58 to 0 victory over the Brownfield Cubs here Friday.

Coach Joe Coleman played every man on his Broncho club.

By HAROLD CLAASSEN  
NEW YORK —(P)—Ohio State and California won Rose Bowl berths Saturday as Notre Dame and Oklahoma lost the nation's two top college football teams on the AP roll, got the scare of their lives in winning. Ohio State tied Michigan 7-7, and also shared the Western Conference title with the Wolverines when Place Kicker Jim Hague converted the

10—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, NOV. 20, 1949

### Baylor Bears Claw SMU Ponies 35-26 To Fan Title Hopes

By HAROLD V. RATLIFF  
DALLAS —(P)— Tall Adrian Burk, Baylor's man with the slingshot, knocked down Southern Methodist 35-26 Saturday to keep the Southwest Conference football championship race going another week.

The precision ball-manipulator on Baylor's glittering T formation passed for three touchdowns and set up two

more in turning back battling Southern Methodist and its great Doak Walker.

It was Baylor's first victory over SMU since 1936 and puts the conference title and the host spot in the Cotton Bowl up to next Saturday's game at Houston between Baylor and Rice. Rice remained undefeated in conference play by beating Texas Christian 20-14. Baylor has lost one game but by beating Rice can tie for the title and get the Cotton Bowl bid.

Doak Scores Three  
A crowd of 63,000 watched Baylor break away for two touchdowns in less than nine minutes then hold on easily against a great exhibition by Walker, who scored three touchdowns.

Southern Methodist won in the statistics, which wasn't much consolation. The Methodists ground and passed for 370 yards to 347 for Baylor but the amazing thing about the game was the accuracy of Burk, the mighty Bear bomber. The big quarterback connected on nine of 16 throws for 240 yards.

Kyle Rote, power man of the SMU backfield, was the leading ground-gainer of the game with 111 yards on 16 runs. Walker was second with 60 on 19 tries and also passed 13 times, completing seven for 54 yards. Walker punted for an average of 43 yards.

But it was Walker who fumbled to give Baylor opportunity for its second touchdown and his gamble on fourth down in the second period that presided Baylor with the ball on the SMU 46, led to the third Bear Bears Score Fast

However, the Doaker more than made up for these lapses by his great all-around play and his everlasting threat to the Bears. It was the Doaker who took a pass for a touchdown with only eight seconds to go to make the score at least respectable.

Baylor scored on the first play of the game. From his 20-yard line, Burk passed to Dudley Parker on the SMU 32 and he ran to a touchdown. Recovering Walker's fumble of a punt on the SMU 33, Baylor got another touchdown just eight minutes later. It came on a 25-yard pass from Burk to J. D. Ison in the end zone.

SMU roared back with a 73-yard drive with Walker going over from the four.

It was halfway through the second period that Walker, with nine yards to go for a first down, gambled on fourth down and his pass was incomplete. Baylor took over on the SMU 46. Burk passed to Stan Williams on the 22 and the big wingman ran to a touchdown.

Walker Scores Again  
SMU took the third period kickoff and in 12 plays sipped to a four-yard run. Gene Huebner intercepted a Walker pass on the Baylor 39 to halt another SMU drive, and from here Baylor zoomed to a score. Burk's passes to Williams and Ison set it up with Jerry Mangum crashing over from the four-yard line.

Again SMU stormed back, dashing 66 yards in 11 plays for a touchdown which Rote made from the four.

The next Baylor score was on an 11-yard plunge by Art Sweet after Milt Johnson set up with a punt return to the SMU 23. Then came SMU's last drive with Fred Benners pitching to Walker 15 yards for a touchdown. Henry Dickerson of Baylor kicked five extra points, Walker two.

**Rice-Baylor Battle Decides SWC Crown**

By The Associated Press  
The Southwest Conference football championship will be owned by Rice or will be a joint honor between Rice and Baylor.

These two teams meet next Saturday at Houston with Rice needing a tie or victory to clinch the title. A Rice loss would throw the teams into a deadlock for the crown but would mean Baylor would be host team in the Cotton Bowl.

The standings:

Team	W	L	T	Pct.
Rice	5	0	0	1.000
Baylor	4	1	0	.800
Southern Methodist	2	2	1	.500
Texas Christian	2	3	0	.400
Texas	2	3	0	.400
Arkansas	2	4	0	.333
Texas A&M	0	4	1	.167

the Buckeyes' fourth period touchdown on the second try. He missed on his first but Michigan was off-side.

By dedocking the Wolverines, Ohio State became the Western Conference standard bearer in the January 2 Rose Bowl, Michigan, a visitor two years ago, was ineligible to return to Pasadena.

California continued unbeaten by stomping Stanford 33-14 and thus earning a return engagement in the Rose Bowl, where the Bears lost to Northwestern last January 1.

Minnesota's ponderous Gophers just missed the post-season plum. They subdued Wisconsin 14 to 6. Both the Badgers and Minnesota had a chance for the trip, and had Ohio State lost, the Gophers might have been chosen.

Notre Dame tied into an old jinx team, Iowa, and won 28 to 7, but for the first time Coach Frank Leahy had to sweat it out. The Hawkeyes, who have beaten Notre Dame three times in eight chances, out-gained the Irish in the first half.

Santa Clara proved its victory over Oklahoma a year ago was no fluke by badgering the Sooners before bowing finally 28 to 21.

Many of the nation's major teams, such as Army, Cornell and Pennsylvania, were idle Saturday in anticipation of major tests next week either on Thanksgiving Day or Saturday.

Virginia Goes Down  
On the other fronts, Tulane showed Virginia out of the unbeaten class 28 to 14, although the Cavaliers' John Papp out-gained the winners' Eddie Price. The defeat may have cost Virginia a bowl bid.

Baylor smacked Southern Methodist 35 to 26, although Doak Walker got three touchdowns, and Rice mastered Texas Christian 20-14.

North Carolina came back from its inspired showing against Notre Dame a week ago to beat Duke 21 to 20, the decisive point coming on a safety Charlie Justice dominated the play despite a throbbing ankle. The victory meant the Southern California Conference title for the Tarheels.

Another injured ankle was no handicap to Lett Jackson as he led his Yale mates to a smashing victory over Harvard 29 to 6 in the game that once was the ultimate of the football world. Princeton, this year's champion of the Big Three, knocked off Duke 19 to 13.

Missouri Nips Kansas  
Missouri mastered its arch rival, Kansas, 34 to 28 for second place in the Big Seven while Kansas State scored early and then lost to Tulsa 48 to 27.

Another team that virtually gave up its title chances was Kentucky, beaten 6 to 0 by Tennessee. Georgia Tech awakened with a pair of fourth period touchdowns to beat South Carolina 13 to 3, and Georgia took care of Virginia 40 to 0. Villanova, another bowl-minded squad, evened the North-South score for the day by subduing North Carolina State 45 to 21.

In another rugged Pacific Coast game, Southern California slapped down UCLA 21 to 7. The Trojans broke a 7 to 7 tie with a pair of last period touchdowns.

Lowe and Glass tied at 47-41 in the 20-gauge and shootout Sunday to determine the winner.

Novelty Events Booked  
A handicap shoot, a non-registered two-man team event and a host of novelty events are scheduled Sunday with shooting to start at 1 p.m. All Midlanders and many out-of-town shooters have been invited to participate.

All prizes in the shoot will be turkeys.

# Schoolboy Playoff Pattern Shapes Up

By The Associated Press

Fourteen district champions have been crowned in the Texas schoolboy football Class AA race, leaving two to go.

Nine of the crowns were won Friday night. In addition, Friday night, 21 Class A district titlists were decided to complete the playoff field of 32. And San Jacinto of Houston joined Sunset of Dallas in filling two of the four playoff spots for the City Conference.

The lineup for the first round of the playoffs in the City Conference and Class AA will be completed this week. First round games will start in Class A.

Here are the district champions crowned to date:

CITY CONFERENCE  
Sunset of Dallas and San Jacinto of Houston, Fort Worth and San Antonio districts undecided.

CLASS AA  
District 1—Pampa; 2—Wichita Falls; 3—Lubbock; 4—undecided; 5—Abilene; 6—Breckenridge; 7—Paris; 8—Highland Park of Dallas; 9—Marshall; 10—Conroe; 11—undecided; 12—Galveston; 13—Corsicana; 14—Austin; 15—Alice; 16—Harlingen.

CLASS A  
District 1—Phillips (Canyon co-champion, Phillips in playoff); 2—Lefors; 3—Spur; 4—Littlefield; 5—Wink; 6—Haskell; 7—Ballinger; 8—Ranger; 9—Burkburnett; 10—Bowie; 11—Arlington; 12—Garland; 13—Honey Grove; 14—Atlanta; 15—Mineola; 16—Leverett's Chapel; 17—Kaufman; 18—Grand Saline; 19—LaVega; 20—Mexico; 21—Rosebud; 22—Lampasas; 23—Brenham; 24—New Braunfels; 25—Alvin; 26—French (Beaumont); 27—El Campo; 28—Edna; 29—Freer; 30—Mission; 31—Edison; 32—Uvalde (tied with Del Rio, but won right to go in playoff on penetrations).

They began their scoring just after halftime when Stevenson took Jerry McKown's kick on the Raiders' 40 and raved through a broken field to score. Guard Milburn Hayden's kick was not good.

Just before the third period ended, Tech smashed to New Mexico's one-foot line and Thompson plunged over. Hatch's kick was good.

In the fourth quarter, Thompson scored again. He squirmed through left guard from the 25, shed several Lobo tacklers and went over standing up. Hatch's kick was good.

Wink-Haskell Game Site To Be Decided At Sunday Meeting

Representatives from Wink and Haskell will meet at the Settles Hotel in Big Spring Sunday to flip a coin to decide the site of their district football game. The date also will be decided.

Haskell won the championship of District 6-A with a victory over Rotan Friday night. Wink beat Crane to annex the District 5-A crown.

Coach Glenn Frazier said Saturday night he thought the game would be played either at Wink or at Haskell.

SIX-MAN FOOTBALL  
Sterling City 68, Garden City 27, Fort Davis 12, Barstow 0.

# Andrews Edges By Seminole 26 To 21

SEMINOLE—The Andrews Mustangs pushed across a touchdown in the final minute of play here Friday to nudge the Seminole Indians 26 to 21 in a District 5-A game.

Andrews was up against a fighting bunch of Indians all the way. The Mustangs scored in the first period with Enoch Reed going over from the one.

Seminole came back with a TD in the second quarter and kicked the point to tie it at 7-7.

Gain Lead  
In the third quarter, Wayne Graham and Don Floyd counted TD's for Andrews to give the Mustangs a big lead.

But Seminole fought back. Two quick scores early in the fourth quarter and two conversions sent the Indians ahead.

However, Andrews drove 70 yards in the last two minutes to take the decision. Don Floyd plunged over from the six.

The win gave Andrews undisputed second place in the district standings.

Scotch Foursomes At Country Club  
Members of the Midland Country Club will play in Scotch foursomes Sunday. The regular monthly event is sponsored by the Ladies Golf Association. Play will start at 3 p.m. Golf will be followed by a supper to be served in the clubhouse.

**KEEP FREEDOM OF SERVICE! FOR YOUR DOCTOR**

AMERICAN DOCTORS have developed the most effective and the most widely distributed medical care in the world under the name of American Citizens. These doctors are supervised by a medical profession responsible for the most favorable health record in our country—that is, the highest general level of health, and the lowest death rate ever known, for any comparable number of people in our country.

There are voluntary medical and hospital service plans available NOW to more than 100,000,000 Americans. These non-profit medical and hospital insurance plans are being sponsored by the Medical Societies and Hospital Associations in your community.

As rapidly as a consistent with soundness, these voluntary non-profit, non-political, medical insurance plans are being extended to reach more and more people. Keep FREEDOM OF SERVICE for your doctor, so that these good works may proceed on a sound basis.

"Experience from studies in every major branch of medicine reflects the cultural level of the doctor."

**B' Bulldogs Lose To Odessa In Finale**

ODESSA—The Odessa 'B' Bronchos scored a 27 to 0 victory over the Midland 'B' Bulldogs here Saturday night.

Odessa scored three times in the first half and added another in the fourth period. Felix Fernandez scored twice and Jimmy Cox and Charles White once each. A. C. Griggs kicked three extra points.

The game was the last of the season for the Bulldogs.

**USC Trojans Clip Crosstown Rivals**

LOS ANGELES —(P)— Southern California's Trojans, riding on the gifted southpaw pitching of a fourth string quarterback named Dean Schneider, defeated the Bruins of UCLA Saturday 21 to 7 in their annual crosstown duel.

Arkansas rolled 58 yards on sheer power near the end of the second quarter, only to be stopped at the Indian one. Then in the last five minutes, with Rinehart completing long passes, the Razorbacks got as far as the three-yard line, only to lose the ball on downs again.

**Arkansas Chooses All-Opponent Team**

FAYETTEVILLE, ARK. —(P)— Rice, Baylor and Southern Methodist each won three positions on the Southwest Conference all-opponent slates set by the Arkansas Razorbacks—the first team to complete its loop football schedule.

Texas got the other two posts on the team, announced Saturday.

The team:  
Ends—Ben Procter, Texas, and James Williams, Rice.  
Tackles—Clay Betsworth, Baylor, and Ken Jackson, Texas.  
Guards—Chuck Stone, Baylor, and Jack Halliday, SMU.  
Center—Joe Watson, Rice.  
Backs—Adrian Burk of Baylor, Doak Walker and Kyle Rote of SMU and Bobby Lantrip of Rice.  
Stone was the only unanimous choice.

**William & Mary Drubs Arkansas**

LITTLE ROCK, ARK. —(P)— William and Mary broke a scoreless defensive duel wide open in the second half here Saturday to drub the Arkansas Razorbacks 20 to 0.

The Indians ran and passed 77 yards to open the scoring late in the third quarter and then converted two Arkansas fumbles into fourth-quarter touchdowns.

The passing of Buddy Lex and the line-ramping of Jack Cloud and Ed Magdziak set up the yardage and brought the scores. But William and Mary's line made the victory possible. The big line twice stopped the Razorbacks within the five-yard line.

W&M End Vito Ragazzo snagged his thirteenth touchdown pass of the season, a new national record, for the initial score. It was a 10-yard pass from Lex and capped an Indian drive from their own 25.

Early in the fourth quarter, Arkansas' Jim Rinehart fumbled while trying to return a Lex punt and W&M took the ball on the Razorback 13. Cloud plowed to the 10 and two plays later went through right guard for a touchdown.

Another Packer Miscue  
Tracy Scott fumbled the ensuing kickoff, with Ed Weber grabbing possession for the Indians on the Arkansas 28. An offside penalty and an 18-yard run by Lewis moved the ball to the five, and Cloud went over on his third try.

Lex made good on his first two extra point kicks but missed the third.

Arkansas rolled 58 yards on sheer power near the end of the second quarter, only to be stopped at the Indian one. Then in the last five minutes, with Rinehart completing long passes, the Razorbacks got as far as the three-yard line, only to lose the ball on downs again.

# THE BULLDOG

Written By The Journalism Class Of Midland High School

## Aid To Students P-TA Objective

Objectives of the P-TA — the Parent-Teacher Association — are an attempt to bring to school youth the benefit of cooperation between teachers and parents, asserts Mr. Charles Mathews, Principal of MHS.

Those objectives are:

- "To promote the welfare of children and youth in home, school, church, and community."
- "To raise the standards of home life."
- "To secure adequate laws for the care and protection of children and youth."
- "To bring into closer relation the home and the school, that parents and teachers may cooperate intelligently in the training of the child."
- "To develop between educators and the general public such united efforts as will secure for every child the highest advantages in physical, mental, social, and spiritual education."

Mrs. O. L. Stalcup, president of the MHS P-TA, says, "For a num-

ber of years I have been a firm booster and have seen both the material and spiritual benefits of the association.

Mr. Charles Mathews, MHS principal, and Miss Helene Milley, MHS teacher, state respectively their opinion of the P-TA, "The P-TA is an association of parents and teachers working cooperatively for the benefit of the pupils," and "It is an organization of parents and teachers to work for better relations between the home and the school and to serve the school in every way possible."

The P-TAs all over the nation consist of the mothers, the fathers, the teachers, and the leaders of all America's children.

The MHS association was organized in October of 1923. They meet in the high school band hall every fourth Tuesday night at 7:30 p.m. The next meeting, a "Back to School Night," will be in the band hall on November 22 at 7:30 p.m. Parents are urged to attend the meeting.

## Roving Reporter

With Thanksgiving right around the corner the natural question for this week is "What one thing are you especially thankful for this Thanksgiving?"

Wanda Jo Hankla — "That the United States is at peace."

Ruth Nell Eukendall — "For the new high school."

Betty Parker — "For the opportunity to celebrate Thanksgiving."

Richard Hull — "Just to be alive."

Willie Mae Baker — "To live in a democracy where you can worship as you please."

Roy Mann — "There is always plenty to eat."

Miss Boyd — "That I am happy."

Barbara Burnham — "For the wonderful school and friends I have."

Vi Jean Puglar — "To live in America where there is a chance to get ahead in life."

Toys Chapple — "For the four day holiday."

Yates Brown — "My many friends, Coach Mashburn — 'My health.'"

Barbara Ware — "That all my family is together in our new home in Midland."

Don Mears — "That copper sulfate isn't always fatal."

Pete English — "That we have already played Lubbock."

Sammy Koen — "To be a senior."

Max Schaefer — "That I am alive to celebrate Thanksgiving."

Coach Beauchamp — "I am glad to live in a land of peace where I have an opportunity to be associated with America's most valuable possession, her youth."

Corky Moss — "That I am able to play basketball."

Cecil Stephens — "For the opportunity to take art."

Bill Spence — "My car."

Roger Fuller — "A bigger house to live in."

Marjann Forrest — "To live in a country where there is enough to eat."

John Ed Greene — "Janis."

Loren Roberts — "Food."

Joyce Howell — "I have the braces off my teeth."

Irma Driver — "My mother and father."

Wanda Fain — "That I go to such a good school."

Vin Kinard — "That my family is back together again."

Mrs. Downing — "My health."

John Murphy — "Maggie Lee."

Lela Norwood — "My brain."

Swan Hagler — "For the right to worship in the church of my choice."

Jimmy Revens — "Our school."

Mr. Mathews — "My two daughters."

Miss Bailey — "All of my friends."

Jim Ervin — "A nice place to live."

Miss Parker — "For all the sunshine we have in West Texas."

## Here's Your Lost-Found Department: Virtual Mecca Of Stray Belongings

By CAROL GLAHN

Missing something? Your purse or fountain pen, perhaps? They can probably be found in the office's lost and found drawer. This one little drawer contains an amazing number of miscellaneous objects misplaced by forgetful students. If any of the articles sound familiar to you, why not go to the office and claim your belongings?

The unpredictable weather can be blamed for some of these items. It's rainy or cold in the morning, but by afternoon, it's so hot that students can't bother to carry home those heavy coats. As a result the lost and found department contains a khaki raincoat, a blue raincoat, and Jimmy Coon's blue corduroy jacket.

Purses and billfolds are very easy to misplace, which accounts for the six items in this classification. This drawer is the resting place for Betty Louise Part's brown billfold, Joe Bob Capps' red billfold, Pat Walker's red billfold, and an unlabeled one.

When Mrs. Mathews was asked if her husband liked to get up in the morning she replied, "He wouldn't be human if he did." Once he gets up, though, he is a very busy man. As principal he spends approximately five nights a week attending to school business. Wednesday evening and Sunday evening are usually the only nights he is home. He has no particular hobby, but his main interest lies in his work with young people. His wife feels that Mr. Mathews is doing a good job just making the living, so he has no regular duties at home. He does volunteer to help with the evening dishes once in a while. Mrs. Mathews says she likes steak, potatoes, apple pie, and buckets of ice tea in the Summer, better than other foods.

Mr. Mathews was born in Bangs,

and attended school there. At Bangs High School he played on the football team and was a member of the debate team.

From this school he went to Howard Payne College where he was vice president of the student body and participated on the debate team. He graduated from Howard Payne with a Bachelor's degree in history. He later acquired a Master's degree in school administration from Texas University.

Mr. Mathews has taught at Santa Anna High School and was principal of an elementary school here. He was also principal of junior high in Colorado City.

In March of 1943 Mr. Mathews joined the Navy where he held the rank of lieutenant, senior grade. Before his release in March 1946 he was in action on a sub-chaser, was deck officer, gunnery officer, executive officer, and commanding officer. After his release he secured a position with the Veterans Administration in Waco.

He came to Midland in July of 1947. His duties as principal are varied, but in the main he is responsible for administration and supervision of instruction.

Mr. Mathews has two little girls, Carol is five and Michelle will soon be three. His wife calls him Charles, but the children, after it was explained to say Charles, decided it was much easier to say Daddy.

Mr. Mathews is a member of the Masons. Thanksgiving the Mathews are going to attend the annual Texas State Teacher's Convention in Fort Worth.

Call Baker received an annual pass to all the University of Missouri games from her grandfather, Judge Hal C. Thurman. He was a four-year letterman at the university and was able to get it for her.

Sue Francis, Dianne Anderson, Diana Daugherty, Peggy Simmons, Nancy Roberts, Camilla Birkhead, and Jo Dean Downing picked "bales" of cotton at Ranchland Hills last week. However, inside information tells us that each one picked only one boll to shine their shoes with.

Don Mears swallowed some copper sulfate in physics. It wasn't enough to be fatal but the doctor said just an ounce more would have done the trick.

People have various ambitions. Winfred Bird wants to be a deep sea diver.

Jean Ferguson had an embarrassing but highly amusing incident happen to her in the Junior play. During a scene she sat down when she arose her long false hair was left hanging on the chair. However "the show must go on," so repressing a giggle, she acted as though nothing had happened. Jean should get an Academy Award for her poise as it nearly brought down the house.

Teddy Kerr has found that he is a distant cousin of Ruth Kuykendall. The relationship was discovered when freshmen were making family genealogies.

Wanda Jo Hankla, who last year developed a 13-week case of larinigitis, has it again. She contracted it at the Brownfield game this year and last year the Abilene game was the cause.

Word has been received from John Richardson that he is in an A&M play titled "RUR." John also is in the "Singing Cadets," a choral group at A&M. It is always good to hear from our "exes" so any other of our ex students are welcome to write and let us hear how they are getting along.

Katherine Lewis, editor of The Bulldog, has reached the grand old age of 17. This period of seniority was attained November 16, 1946.

A reporter going into Dean Mashburn's office in quest of news was offered a tidbit by Russell Long — "Russell Long has been a good boy."

Mrs. Verna Harris will go to Sweetwater November 21, as consultant in their In-Service Training Program.

For the past few weeks, work has been underway to beautify and complete MHS Window washers. There have been providing welcome distraction from classes as they scrape the paint and polish the glass. Not to be outdone, however, are the men who are working on the leveling of the front grounds.

Bet Studdert probably started a fad when she turned up at school with rose garters worn on her sleeves.

Mrs. Delbert Downing is substituting for Miss Owen Gordon this week, causing Billy Burnside misery. Billy threw a little artificial lizard, "Oscar," across the room. Mrs. Downing took it away from him. I can't imagine why.

Obie Lee Stalcup acquired a new nickname Wednesday night. I believe it's "Lizard." What about it, Obie?

Don't forget that you take all your odd number class six week's exam on Monday, and the even numbered class exams on Tuesday.

## MHS Fullback Is At Home On Range

By JO ANNE BOYKIN

Do you know a rugged MHS football player who loves to cook and really enjoys his culinary art, L. C. Thomas, better known as L. C. He was a little dubious about having the fact known that he likes to cook, but after much

## Guilty Or Not Guilty?

(An Editorial)

Your manners are showing . . . embarrassing, isn't it? For instance, did you apologize to the friend you bumped against while you were ambling down the hall at the usual reckless speed? Did you say "Excuse me" when your sharp pencil point stuck someone in the back or when your foot and another foot decided to step on the same spot at the same time and yours landed on top?

Perhaps you think these things unimportant and trivial, but, contrary to belief, it takes a big person to apologize. Being courteous and apologizing when you are in the wrong makes friends that will remember you as a person well worth knowing.

## 'Meet Me' Earns Audience Praise

By MAGGIE MURPHY

Amid roars of laughter, the Junior Class presented "Meet Me in St. Louis" Monday and Tuesday nights, November 14 and 15, in the Junior High School Auditorium.

The popular play, adapted by Perry Clark from Sally Benson's book, brought giggles which grew into hearty laughter from the audience.

Starring in the play were Toya Chapple as Rose Smith, Suzanne Young as Esther Smith, Shirley Harrison as Agnes Smith, and Jean Ferguson as Tootie Smith.

The mischievous antics of these four sisters kept the Smith household in a continual uproar until Mr. Smith, portrayed by Clint Nichols, lost his job. This was a result of the tricks played on his boss, Mr. Dodge, portrayed by Roy Mann, which the girls had devised to keep Mr. Smith from being transferred to New York.

A touch of romance was added by Lynn Nicholson and David Angus who took the parts of John Sheppard and Fred Gregory, as the current beaux of Rose and Esther. Also adding romance were Bobby Collins as Ida Boothby, and the brother of Rose and Esther, to provide competition for the girls was Lucille Pentard, played by Wilma Luke. Lucille was a flirt from New York who gave Rose, Esther, and Ida a scare by flirting with the beaux.

When things got low, Grandpa Propnator, portrayed by Clifford Wilcox, and Mrs. Smith, played by Jo Ann Nelson, cheered up the whole family.

Marianne Forrest as Katie, the Irish cook, and Alan Olson as Mr. McGuire, the street car conductor, added a touch of spice with their humorous accents.

The troubles of the family were finally worked out with no thanks to Mr. Duffy, Joe Barnett in real life, and the mean neighbor, Mrs. Waughop, played by Glenda Hambleton. Mr. Smith got his job back and received a raise, too.

Miss Verna Harris directed the play and Swan Hagler was student director.

On the stage crew were R. B. Slight, Tommy Vanmanan, Raymond Leggett, Don Drummond and the LI classes.

Assisting in make-up were Betty Wilson, Jimmy Chauncey, Barbara Burnham, Dots Thompson and Billie Love.

The advertising committee was composed of Mary Lee Brown, Betty Clegg, Lynn Griffith, June Hazy, Maxine Hill, James Johnson, Betty Lettich, Katherine Lewis, Cynthia Parker and Peggy Read.

Ushers were Gloria Angus, Joyce Howell, Mary Nell and Adele Davenport. Ticket takers were Betty Parker, Betty O'Neal and Martha Schaubauer.

Class officers are Jimmy O'Neal, president; Leon Cline, vice president; and Peggy Charlton, secretary-treasurer.

Class sponsors are Miss Clyde Parrelly, Miss Elsie Magee, F. D. Rutledge, R. B. Slight and Miss Josephine Weaver.

## Homecoming Planned By MHS Council

The first MHS Homecoming, sponsored by the Student Council, will be held on Thanksgiving Day, November 24. The council hopes to make it an annual affair.

Invitations to attend the Homecoming are being sent to the members of the graduating classes of 1948 and 1949. Students sending the invitations were appointed by Sammy Koen, Student Council prexy, and form the "Homecoming Committee." They are Dwayne Bush, chairman, Robert Burks, Tucker Johnson, Toya Chapple and Tina Williams.

Many activities are being planned for all the "ex's" and students, who are in Midland for "Turkey Day." A football game and a dance are two of the scheduled recreations.

At the football game the Midland Bulldogs meet their neighbors, the Lamesa Tornados, in their last conference battle. The game will be in Memorial Stadium. The kick-off time is set for 2:30 p.m. A timely and appropriate formation for the halftime is being planned by the MHS Band, Gold Jackets, and a Cappella choir.

The Homecoming Dance is being sponsored by the Band-Aides. It will be in the high school cafeteria and will begin at 8:30, Thursday evening. The admission price is to be 60 cents for both couples and stag.

## Band-Aides Get OK To Buy Inter Com

In a meeting Monday night, November 14 in the band room, Earl Chapman, president in the absence of President O. L. Stalcup, read a letter from Charles Mathews, principal, approving the purchase by the Band-Aides of an inter-communication system for the band hall. This motion was made in a previous meeting but had to be approved by the school board and other school authorities.

The Band-Aides Club has a substantial amount in its treasury and expects to earn the remaining amount needed for the inter-communication system by giving a semi-formal high school dance November 24. Students of the high school, junior high and exes are invited. The dance is to be held at 8 p.m. in the cafeteria with refreshments and jukebox music. Admission will be 60 cents stag and couple. A dance planning committee was formed, consisting of Mrs. F. C. Myers as chairman, Mrs. O. L. Stalcup, Mrs. C. E. Webb and Mrs. J. T. Klingler, Mr. Jerry Hoffman, band director, is in charge of publicity.

In another letter from Mr. Mathews, permission was granted to the Band-Aides to maintain concession stands for the junior high and senior high band contests to be held April 1 and 13 respectively.

New members have been solicited, and the count now stands at 44 members. There were 15 band parents present at the meeting. Jane Butler Arnold introduced the speaker.

The next meeting will be held December 8 and a program of solos and ensembles by band students will be presented.

## Mr. Cuffman Attends Austin FFA Meet

Last week Mr. Cuffman, the MHS Agricultural teacher, attended a meeting of the State FFA Advisory Council in Austin, Texas.

The council is made up of six area supervisors, state FFA officers, and the State advisor, Vannoy Stewart. The purpose of this council meeting was to help work out the program for the Future Farmers Association.

Mr. Cuffman stated that Texans could proudly boast of 750 agricultural teachers — which is more than there are in the entire western region. He also said that there are more FFA boys in Texas than in both the Western region and New England states combined.

While on the trip Mr. Cuffman stopped at College Station and visited Dan Branham, Billy Evans, Irvin Baumann, Billy Seales, and John Richardson, former students of MHS who are now enrolled at A&M College. He also enjoyed talking with Howard Bennett who entered Baylor University this fall.

As president of the Texas Vocational Agricultural Teachers Association, Mr. Cuffman makes many trips over the state.

The Hawaiian Islands have less area than New York City, which is about 265 square miles.

## Noted Educator Is Assembly Speaker

Dr. Lucinda Tempin, principal of Radford School for Girls in El Paso for 20 years, and well known educator, spoke to MHS students in the assembly November 16. Jane Butler Arnold introduced the speaker.

In her talk Dr. Tempin said, "Education isn't just book learning." Her definition of education is good manners, a broad vocabulary, intellectual training, well-groomed appearance, and the development of character.

She said desirable attributes for a young person of today are a strong character, respect for law, order, the property of others, and for religious beliefs that don't conform to your views. She also cited honesty in thought and deed, the ability to say "no" to wrong, and the gumption to stand alone if necessary as desirable qualities.

Dr. Tempin has many hobbies, among which are antique jewelry, autographed snapshots of all the top generals, admirals, ambassadors, prime ministers, and other important people in World War II, and one of the largest collections of war relics in the United States.

## From My Lil' Note Pad

By DENZIL ANN KEMP

Betty Wilson . . . candidate for queen.

"Dutch" . . . likes or child, Chinese architecture . . . Thespian . . . senior . . .

Bill Reeves . . . cartoonist . . . speedy typist . . . NEARLY won a raffle . . . goes with Barbara . . . Zoo Underwood . . . Freshman . . . new MHS student . . . blonde hair . . . likes Midland . . . likes to dance . . .

George James . . . blue eyes . . . plays the Hammond organ . . . has a motorcoaster . . . Sophie . . .

could be the favorite sport of this junior. He plays fullback for the Bulldogs and his jersey number is 16. He has scored eight touchdowns — more than any one man on the team. He has one more year of eligibility left and is looking forward to every minute of it.

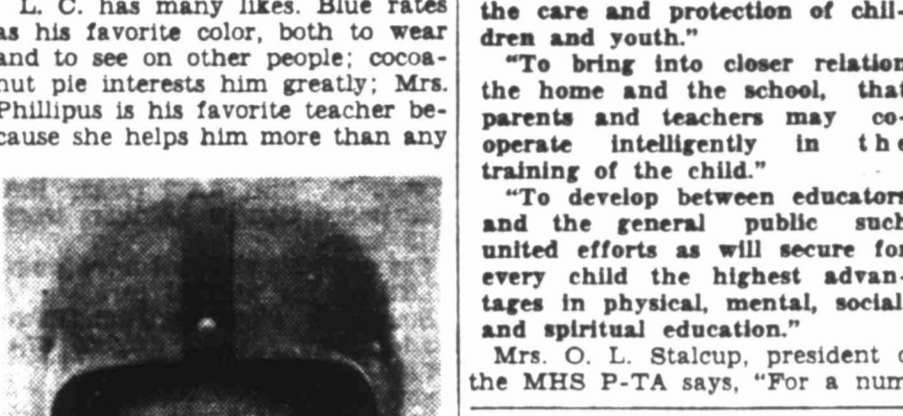

L. C. was born in Midland, Texas, as his favorite color, both to wear and to see on other people; coconut pie interests him greatly; Mrs. Phillipus is his favorite teacher because she helps him more than any other teacher and he just likes her; the song "Mule Train" rings a bell for him and for a cereal he'll take raisin bran.

His pet peeve is for people to be angry with him.

He says his "grades are fair" and he has never broken any bones, which is lucky for him.

"When asked about the kind of girl he likes, L. C. replied, "Reddish blonde hair, blue eyes, 5 feet, 4 inches tall and amiable. Coincidentally he goes steady with Dolores Wilson, who fits just such a description."

L. C. was born in Midland, Texas, March 16, 1933, which makes him 16 years old. Black hair, brown eyes, and 157 pounds well distributed over his 5 feet, 9 inch frame, and a size 9 shoe make up the boy you see in halls every day.

L. C. Thomas, Cookin' Fullback

## Athlete Feats

By DAN DICKINSON

Sports Editor, The Bulldog

Midland and Lamesa have played very evenly during the last six games. Midland has won three games, Lamesa has won two, and one was a tie. The scores on the last six games between the Bulldogs and the Tornados are:

1943 Midland 53	Lamesa 13
1944 Midland 52	Lamesa 13
1945 Midland 48	Lamesa 13
1946 Midland 6	Lamesa 13
1947 Midland 12	Lamesa 7
1948 Midland 0	Lamesa 7

The Bulldogs give promise of a better season next year in football. Only nine boys on the entire varsity will graduate this year. The seniors are Bill Burnside, Preston Conner, Luther Moore, Bobby Evans, Jack Mobley, Harrie Smith, John Steinberger, John Ratcliff and Alfred Baze. The rest of the varsity will, barring accidents, return next year.

The managers on the A squad football team, Charles Sutton and Jerry Lands, have handled their work very well this year. The job is much larger than any outsider would ever think. Tommy Stringer and Ronnie Estel are fulfilling the duties of basketball managers this year for Coach Mashburn.

## School Pictures Here But Students Survive

The day school let out for Armistice Day, MHS'ers hurried to get their school pictures, which had arrived that morning.

Students had been eagerly awaiting the arrival of the pictures since November 1, when the first ones were made. Especially anxious for their pictures to be good were the Seniors, since this is their last year in high school.

Having their pictures made first, the seniors exhibited nervousness and a few, a case of the giggles. Juniors and sophomores had their pictures made last, but were somewhat fearful of the outcome as the seniors voiced pessimistic thoughts of their pictures.

"Not daring to hope, yet feeling that the pictures would favor them, the seniors opened the envelopes and took out their pictures. A few . . . a very few . . . had their hopes confirmed, but most were sadly surprised — even the teachers came in for a disappointment.

But these were only proofs — not the finished pictures, which will all be retouched.

Comments Heard Everywhere

Ronnie Estel: "Ugh! It looks like David Weaver."

Rita Dunlap: "Gad! I scare me."

Jerry Lands: "They turned out O. K."

Tommy Stringer: "I am not very proud of them because they were taken when they were mixed up with Alan Ladd."

Harrie Smith: "I look like I am 30 years old."

Marilyn Wheelless: "I look like a sick horse."

Don Johnson: "Ugh! Who's that?"

June Hazlip: "Beee gad! I look as though I have a wig on — a peroxide one at that."

Peggy Greathouse: "I look horrible."

Sammy Koen: "It would have been all right if they hadn't looked like me."

Wanda Hankla: "I think they make me look 50 years old. Just look at the wrinkles."

Don Clark: "Double trouble."

Pat Boles: "They lack in appearance."

Coach Beauchamp: "They are pretty good considering the props and equipment we had."

David Weaver: "Who happened? It looks like Ronnie Estel."

To Go In Annual

Each student was asked to return the proofs promptly if he wanted his picture placed in the annual. For this each student paid a dollar when his picture was taken.

No one was required to order extra pictures.

The Midland Studio, makers of the pictures, promised that the finished pictures of those who ordered would be ready within a week or ten days.

## Girls Elected To Brush 'n Palette

The Brush 'n Palette Club Number One recently elected officers in its regular meeting during activity period. The positions all were filled by girls.

Betty Pitzer was elected president and Peggy Simmons was named vice president. Jo Dean Downing was elected secretary and Jackie Ewald reporter. This club and Brush 'n Palette Number Two were originally one club but were divided when membership became too large.

## Latin Club Pins Given To Members

The Junior Classical League have received their pins, it was announced by Miss Lucy Moore, sponsor. The pins are silver with a torch in the center surrounded by a laurel wreath and the letters JCL on it.

The League members are taking or have taken Latin classes and are interested in keeping alive the memory of Roman and Greek culture. This is brought out in the programs in which a talk on the Roman constitution is given or a play on mythology is presented.

The Junior Classical League is a national organization. The Midland branch also belongs to the Texas clubs of the JCL. Each club receives a newspaper called the "Torch" which tells of other League branches and their members in America.

## Hey! Monday Is The Last Day

Monday is the last day! Monday is the last day that annual will be sold. Don't delay!

## CAFETERIA MENU

Monday: Country sausage with cream gravy, corn, spinach, hot rolls, honey and butter, milk.

Tuesday: Meat balls and spaghetti, wax beans, cold slaw, cornbread, hot rolls, fruit cobbler, milk.

Wednesday: Roast, gravy, Pinto beans, Harvard beets, combination salad, hot rolls, cornbread cake squares, milk.

Looking Ahead

Monday: Second six weeks' tests — 1st, 3rd, and 6th periods.

Tuesday: More six weeks' tests — 2nd, 4th and 6th periods.

Wednesday: Pep rally, parade at 3:45 p.m.

Thursday: No school, football game in the afternoon at Memorial Stadium.

Friday: Holiday.

## Mrs. Massey Speaks At Sorority Meel

Mrs. Massey, sewing teacher in MHS, attended a Delta Kappa Gamma regional meeting in Lamesa Saturday, November 19. Delta Kappa Gamma is an honorary society for teachers. At this meeting Mrs. Massey made a speech entitled "Not By Bread Alone," in which she stressed security for teachers. Security is achieved by systematic saving through the years. Such a program should begin when one's income is established. Security for the teacher is also obtained through hobbies and crafts which supplement the retirement income and also provide enjoyable and profitable ways of spending one's time.

Also attending from Midland were Lucy Moore, Grenade Peters, Ruth Pierce, Elsie Magee and Rachel Drake.

Mrs. Massey had three tables on exhibit, which displayed ceramics, textile painting, shell craft, leather craft, marionettes, and glass etching. These articles were made by teachers in the Midland Public Schools.

During the Thanksgiving holidays Mrs. Massey will be in Fort Worth attending a Texas State Teacher's Association Convention. She is state chairman of the American Home Economics Association, division of elementary and secondary schools.

Her part in this program is to introduce Dr. Finck, professor of sociology at North Texas State College in Denton.

## Bulldogs Vs. Lamesa Turkey Presented By Thespian Club

Hands of friendship reached across the Atlantic when the Southern School Assemblies presented the Indigos, three natives of Holland, who are on a good tour of the United States, in a 45-minute program in the gymnasium, November 18. The program was sponsored by the Thespian Society. The organization netted \$27.20.

The troupe consisted of three members: Harry Van Pelt, Chita Maria and Carol Coenraad, who sang, danced, played musical instruments and entertained the audience with descriptions of life in Holland. The audience took part in the program when it repeated the Dutch numerals up to ten. Roy MHS comments, Roy Mann, Jimmy Chauncey, Betty O'Neal, and Shirley Harrison, appeared in wooden shoes, and, with the aid of Chita Maria and Van Pelt, did the "Dutch Shoe Dance."

These students each sang old American songs. Roy sang a portion of "School Days"; Jimmy, "Daisy, Daisy"; Betty, also "Daisy, Daisy"; and Shirley Harrison sang "My Bonnie."

Van Pelt played a solo on an ordinary carpenter's saw and also accompanied Chita Maria as she sang. Carol Coenraad played "Bumble Boogie" on the piano as well as accordion accompaniments and solos.

"Holland is surrounded by dikes," stated Harry Van Pelt. "Thirty-eight per cent of the country is below sea level. Nazi bombers destroyed many dikes but the last four years has seen reconstruction of the dikes and recovering land from the sea. The main meal dish of Holland is haddock which is eaten raw. Instead of football, the Dutch play soccer as well as golf, basketball, tennis, and swimming. We play a form of baseball but do not use bats. Of course there is ice skating in the winter."

The Indigos paid tribute to different countries by singing "God Bless America," "An Irish Lullaby," "Spain, Me Quiero Novio," Mexico, "Cielito Lindo," and for Texas, "Red River Valley."

The program ended when the audience stood and sang "God Bless America."

## Band Notes

The MHS band will play for a 30 minute radio program over KORS November 23. This is a football broadcast and several of the coaches will present talks. There is a straight hook-up from the band hall to the downtown studios of KORS. The broadcast will begin at 11 p.m. Wednesday morning.

Examinations were given Friday to the students who wish to attend the annual band clinic, in Lubbock. Those eligible are the first three of the band. The clinic will be held the 8th and 10th of December.

All school-owned instrument cases are being marked for identification by Mr. Hoffman.

## Classifieds

LOST: The urge to study. See James Wallace and John Kennedy. Reward.

FOUND: A piece of gum on the sole of my shoe. Apply Coach Mashburn.

FOR RENT: Two combs in very good condition. Owner has new crew-cut. Call Don Forrest, 155-W.

TRANSPORTATION: Any cute boy desiring motor scooter ride to school see Barbara Wilson.

WANTED: Tutoring in typing. Apply to Harold Drew and Earl Chappell.

FOR SALE: Broken pencil sharpener. Apply in the study hall.

LOANS: Short of cash? See Bill Franklin, ace loan shark, for financial aid.

PUBLIC NOTICES: Be it hereby known that the undersigned will accept debts with tall dark and handsome boys (no short ones accepted) after November 19, (signed) Margi Carter. Witnessed by Jean Waddill and Kurk Kuykendall.

Failure Slips Sent

Last week marked the middle of the first semester and in accordance with a school law, failure slips have been sent out to parents of failing students. These slips tell what subject the pupil is failing and why. They need not be signed or even sent back to school. It is not necessary because most parents will see that they do not receive another one.

Duration Of Order Grounding B-29's Subject Of Guesses

WASHINGTON (AP)—The Air Force was uncertain Saturday morning how long the Superfortress fleet grounded Friday would be out of the air, but there were guesses that it might be several weeks. The order issued by Gen. Hoyt S. Vandenberg, air chief of staff, banning any B-29's in the Strategic Air Command and the 19th Bomb Group not equipped with modernized engines until they can be inspected by technicians and overhauled. Officials said that because they had not yet learned how many bombers the order would affect nor the extent of inspection and overhauling required, it would be difficult to estimate the duration of their inactivity. Series Of Crashes The headquarters order, sent to all B-29 commands after Vandenberg had conferred with Lt. Gen. Curtis E. LeMay, chief of the Strategic Air Command, followed a series of B-29 crashes which have killed at least 120 men since last summer and 120 more in 17 Superfortresses. Airmen said that under the rigorous training and operating program of the long range bomber force the B-29's have been flown under conditions as strenuous as those in war. While the undisclosed number of B-29's are grounded, the full burden of being ready for instant action if trouble comes quickly will fall upon the B-29's with modernized engines, three groups of B-50 medium bombers (improved versions of the B-29 with new engines) and two groups of the ultra-long distance B-36 bombers. Each group normally operates 30 airplanes.

Polio Epidemic Leaves Financial, Medical Problems

Polio, sweeping 32 states in the devastating epidemic of 1949, is leaving in its receding wake a medical problem which will tax the resources of the National Foundation for months to come, W. P. Z. German, Jr., newly appointed Midland County director for the 1950 March of Dimes campaign, declared Saturday. Returning from a regional emergency "war council" of March of Dimes directors held in Dallas, German gave this summary of the situation. Polio cases will exceed 40,000, making 1949 the blackest year in the history of the disease. More than 37,000 cases already have been reported as against 22,588 for the same period last year. The peak was the week ended August 20, with 3,422 cases; the week ended October 22, there were 1,448 cases. The epidemic will cost more than \$1,000,000 for medical care. Emergency aid from Foundation headquarters already exceeds \$7,763,900. Fight Continues The March of Dimes meeting included representatives from Oklahoma, Missouri, Arkansas, Louisiana and Texas. The conference brought out the fact that even with the funds raised by the polio epidemic emergency campaign the fight against infantile paralysis will have to depend upon an all-out March of Dimes drive in January, German said, adding: "All through the epidemic of 1949 the chapters of the National Foundation have been doing a grand job. As their treasuries became empty the Foundation came quickly to their aid. No case coming to our organization for attention has been neglected."

Navy Chief Rejects Captain's Demand For Court Martial, But Rhubarb Keeps Flowing

WASHINGTON (AP)—The Navy high command said it has "closed" the turbulent case of Capt. John G. Crommelin—but the outspoken captain immediately said he hoped Congress would reopen investigation of pentagon policy. Commenting on a formal but vigorous reply by Crommelin to the reprimand given him for his sensational part in the inter-service dispute, Adm. Forrest P. Sherman, chief of naval operations, said in substance: "The case is closed. 1. The letter of reprimand gave Crommelin opportunity to reply; he has replied. That ends the matter. This appeared to preclude possibility that Crommelin would be given a court martial, where he would have opportunity to reopen, through introduction of evidence and witnesses, the whole row. Expresses Regret Crommelin's reply had insisted the reprimand be withdrawn or he be allowed to state his case in a court martial. The captain, who under Navy law cannot demand a court martial, expressed to reporters regret that this had been closed to him. He declared his "personal welfare is completely unimportant" because "the real issue goes deeper than that." He said: "I strongly hope that Congress will restore the system of checks and balances so necessary for the operation of the defense establishment and our national security. It is my fervent hope that the defense establishment will be further investigated by Congress." Crommelin told reporters Saturday he would abide by the transfer orders issued with the reprimand and would leave here to become an air officer in the Western Sea Frontier Headquarters at San Francisco. Blunt-Spoken Hero The blunt-spoken naval air hero of 20 years' service dragged inter-service rivalries into the open two months ago by charging publicly that the Navy's aerial offensive power was being whittled away unthinkingly by the Navy's "land-locked strategy concepts in the Pentagon, where the Navy was outvoted. Later he made public to newspapers so-called "confidential" letters detailing an Admiral's expressed fear that Pentagon policies were damaging the Navy, and the reprimand followed. But Crommelin had set off a chain of events that inspired the house armed services committee to launch an explosive investigation where Navy men bitterly stated their complaints. Even though the Navy had declared the case "closed" and he had been reprimanded, Crommelin still had sharp words about top level policy-making at the Pentagon. The coal walkout lasted 52 days. The steel strike was 42-days-old when the big steel pact unofficially signaled its end. Of the 513,000 steelworkers who walked out October 1, only 28,950 employees of 28 comparatively small firms still are on strike for the pension-insurance package set up in the coal-setting Bethlehem Steel Corporation. Coal Outlook Clouded The picture in coal was not altogether bright, however. The bituminous pits east of the Mississippi are producing under a truce which will end November 30. What happens then depends on Lewis. President Truman has indicated he will invoke the Taft-Hartley Law if the miners' boss resumes the strike. Lewis and the operators have scheduled no further meetings on their contract dispute. The mines poured out fuel as fast as possible. Output in Western Pennsylvania was back to its normal average of about 300,000 tons daily. The National Coal Association said the industry probably will expect its normal output of 12,370,000 tons next week. The steel mills matched the pace set by the coal. U. S. Steel expects to reach 87 per cent capacity by next weekend.

Reno Gambling Czar Wounded Critically In Ambush Shooting

RENO, NEV.—(AP)—In a midnight ambush at his palatial home, Gambler Lincoln Fitzgerald, 57, was wounded critically by a shotgun blast. The charge, which entered his side and severed his spine, may cause his death. Police said they had no clue pointing to a motive for the attack on the Nevada and Michigan gambling man. He was co-owner, with Danny Sullivan, of the prosperous Nevada Club here. Detective Michael Salomonis said, "It couldn't have been robbery; it must have been revenge." Police Chief L. R. Greeson said, "In some respects it looks like a local job, rather than an outside job." Fitzgerald was cut down at the entrance to his garage, just before he and his wife, Meta, 38, were to leave for his club. He had gone to the garage to take the car out. She still was in the house. Beautiful Target The gunman fired just as the gambler swung up the overhead door. The light was on. He was silhouetted in the doorway. "He was a beautiful target," his wife said. "It is quite possible Fitzgerald saw the man who shot him, but his condition was so critical he couldn't be questioned. Blood transfusions kept him alive. The gunman fired two blasts—almost simultaneously—from a double-barrel shotgun. One missed. The assailant stood so close that wadding from the shotgun shell was impacted in the gaping wound.

Chest Drive—Lewis Faces Battle In Effort To Shake Loose Welfare Fund

(Continued From Page One) ing a report meeting Thursday noon in Hotel Scharbauer. An effort is being made to contact as many firms and individuals who have not given as possible. Those missed are requested to mail contributions to the Community Chest, Midland, Texas, or leave them at the Chamber of Commerce. The campaign definitely will end Thanksgiving Day. It was emphasized in urging citizens to contribute now. Saturday reports showed results by divisions as follows: Branch and Farm—\$1,450; Office Buildings—\$8,310; Commercial—\$5,068; Residential—\$1,780; Unclassified—\$4,649; Schools—\$589. More than 200 volunteer workers have been engaged in the county-wide campaign, which opens November 1. More than 1,800 firms and individuals have contributed. "Give... Give Enough" is the campaign slogan.

Crisis—British Nations To Recognize Peiping Regime In China

(Continued From Page One) well launch a Communist revolt. What happens if the Communists conquer all of China proper, is in many respects a source of deeper concern to Secretary of State Acheson and his Far Eastern brain trust than is the failure of American efforts thus far to spring Consul General Angus Ward from a Chinese Communist jail at Mukden. Fundamental Problem Yet in one sense, responsible officials concede, the worthy deals with the same fundamental problem. This is: What real power does the United States have left in Asia as a result of Nationalist China's failure and the subsequent American retreat from China? If President Truman, Secretary of State Acheson and their panel of Far Eastern advisers have any overall plan for meeting effectively the dangers they foresee for strengthening Indo-China and getting Ward out of jail—the plan has yet to be given a public airing. This does not mean they are without many ideas and some specific projects. Work is going ahead, now somewhat behind schedule, on completion of a Japanese peace treaty. The State Department is determined to sign a pact with Japan sometime next year, if possible, with or without Russia. Few Holds Barred Close economic and military cooperation with the Philippines, political and economic support for newly independent Indonesia, and President Truman's whole "Point Four" program for aiding underdeveloped areas are part of this picture. More and more, as seems to be true in the Ward case, the Communist conflict in Asia is a naked power clash with few holds barred. There was a time when State Department officials believed the Communists would want American recognition, American trade and contracts and therefore would avoid unnecessary trouble. Six months later State Department officials concluded the Communists would not make the trip if proved themselves so completely unfriendly that the policy of live and let live would not work. Ever since then the American government has been trying to get Ward out of Mukden.

Woman Made Happy By Ticket Recovery

MALDEN, MASS.—(AP)—Mrs. Gladys Spooner, 33, was happy Saturday at recovering \$2,500 worth of plane tickets, and police were hunting for a thief who didn't want to fly to Korea. The missing tickets were found by a postoffice clerk and returned to Mrs. Spooner who plans to leave with her three children for a Christmas reunion in Korea with her husband, Arthur, an engineer. A night clerk sorting mail noticed the tickets in a torn envelope and Assistant Supt. John Rooney remembered reading a newspaper account of Mrs. Spooner's loss Friday. Mrs. Spooner said the family couldn't make the trip if the tickets weren't found. The police theory is that a thief stole the tickets from Mrs. Spooner on a bus and then just dropped them in a mail box when he decided he didn't want Christmas in Korea.

Large Crowd Flocks To Firemen's Ball

Midlanders packed the American Legion Hall and many were turned away Saturday night as the annual Firemen's Benefit Ball was staged. Fire Chief Jim Walker termed the dance a great success. Music was furnished by E. D. Fitzgerald and his Lone Star Ramblers.

Two Gins Burn In Northwest Texas

FLOYDADA (AP)—Two gins burned in Northwest Texas Friday, causing damage estimated at \$155,000. The McCoy Gin, nine miles southwest of Floydada, had a damage to estimated at between \$80,000 and \$90,000. The Terry and Herren Gin and Cotton House burned at Weinert and loss was estimated at \$75,000.

Pretty Art Student Released On \$1,000 Bail In Shooting

BERRYVILLE, VA.—(AP)—A pretty Washington art student, 19-year-old Theresa Koenig is free on \$1,000 bond for her appearance in court here November 28 on a charge of manslaughter in connection with the death Friday for her friend. The body of Charles Kenneth Elyett, 22, was found slumped in his car in Huyett Woods, near the West Virginia border. Friday after Miss Koenig called the sheriff's office shortly before dawn and reported that she had "just killed a man." Miss Koenig told officers Elyett sought to force his attentions on her and then threatened to "blow us both up" with dynamite he had in the car. Authorities found two sticks of dynamite, wired to be set off, and two pistols. In a struggle which ensued, Miss Koenig told officers, she grabbed a .38 pistol Elyett was wearing in a holster and shot him in the abdomen. She then ran barefooted in the cold to a nearby farmhouse and called the authorities.

Police Seek Suspect In Stabbing Affray

An unidentified Latin-American received severe stab wounds Saturday night in an altercation which police said occurred in a dance hall in the east part of Midland. No arrests had been made at midnight Saturday but officers were seeking another Latin-American who was reported to have been the assailant. The knifing victim was treated at Western Clinic-Hospital. FOG CANCELS ROYAL ANNIVERSARY PLANS LONDON (AP)—Fog cancelled plans of Princess Elizabeth for a reunion with her sailor husband, Prince Philip, in Malta Saturday night—the eve of their second wedding anniversary. She hoped to fly to him on the anniversary. LEGAL NOTICES Notice is hereby given that I will not be responsible for the payment of any indebtedness of West Side Texas Service, 222 West Wall Avenue in the city of Midland, Texas, other than for purchases made by myself, or my employees, my agents, or my successors. I will assume no responsibility for indebtedness otherwise incurred. All accounts due West Side Texas Service for gasoline, oils, greases, tires, tubes, batteries, accessories, services, etc., which were rendered before this date are payable at Baggett Tire and Battery Company, 122 East Wall Avenue in the city of Midland, Texas, to myself or any of my employees who are authorized to receipt debtors for same. Dated at Midland, Texas, this 18th day of November, 1949. L. OTIS BAGGETT

Two Women Suffer Facial Burns

Two women employees of the P. W. Woolworth Company suffered burns about the face Friday Saturday in an explosion which occurred when a gas oven was being lighted, according to a hospital report. Miss Hazel Pyle suffered first and second degree burns and Mrs. Edith Frye received first degree burns. Both were given emergency treatment at Western Clinic-Hospital and released.

Hamilton Heads TBA Trust Section

GALVESTON (AP)—Charles W. Hamilton, vice president and trust officer of the National Bank of Commerce at Houston, was named administrative chairman of the Texas Bankers Association trust section Saturday. The group ended its 28th annual convention. It voted to meet in Hamilton next year. Hamilton succeeds T. W. Laine, vice president and trust officer of the Hutchings-Sealy National Bank of Galveston. Clarence Sample, vice president and trust officer of the Mercantile National Bank of Dallas, was elected junior committee member.

Bridges Accuses Truman Of Wild Spending Policies

WASHINGTON (AP)—Senator Bridges (R-NH) Saturday accused the Truman Administration of launching on a "deficit financing spree" without making any effort to cut government spending. Bridges is the senior Republican on the Senate Appropriations Committee. He headed the group during the GOP-ruled 80th Congress. "There has been no effort whatever on the part of the Administration to cut expenses," Bridges told reporters. "Something has got to be done to avert a further deficit financing spree like the one we are on now, and the remedy should be a reduction of spending." The New Hampshire lawmaker added that expenditures could be slashed substantially "without any harm to any department of the government" or to the foreign aid program. Taking issue with Truman, Bridges said there is no need for a tax increase to wipe out the deficit. "I am absolutely against raising taxes," Bridges declared.

Large Crowd Flocks To Firemen's Ball

Midlanders packed the American Legion Hall and many were turned away Saturday night as the annual Firemen's Benefit Ball was staged. Fire Chief Jim Walker termed the dance a great success. Music was furnished by E. D. Fitzgerald and his Lone Star Ramblers.

Import Tax Boost On Foreign Oil Is Proposed By Texan

WASHINGTON (AP)—A boost in import taxes on foreign oil was proposed Saturday by Rep. Gossett (D-Texas) to protect the domestic petroleum industry and provide more revenue for the government. He said he is considering introduction of legislation next session to achieve this end. "Several members of Congress have suggested that this tax should be raised to as much as \$1 per barrel. It now is 10 1/2 cents," Gossett said in a statement. "Revenue, restraint and protection would be the several-fold objective of such legislation." Gossett expressed concern over the present volume of foreign oil flowing into this country. He said that on the basis of government estimates it would reach 700,000 barrels daily in 1950. "Many congressmen feel that to increase the tax on petroleum imports is a better approach to the problem than the pending legislation to place a quota on such imports," he added. Would Raise Money "Such a tax would raise a great deal of additional money, and should be pleasing to the Administration. It also would have the desirable result of furnishing some protection to the domestic petroleum industry, which can and does produce a surplus of petroleum products." "If the imports of petroleum and petroleum products continue to increase, Congress will certainly look with favor on some remedial legislation." Congressmen from oil-producing states during the last session sought unsuccessfully to cut down petroleum imports. By a one-vote margin they lost a battle in the Senate to have permits limited to five per cent of domestic consumption. The Administration opposed the move.

Five-Year Term Clips Wings Of Teen-Age Bandit

NASHVILLE, ARK.—(AP)—Billy Wayne Jones, 15-year-old youth arrested Thursday night after a seven-week crime spree, got his wings clipped for five years Saturday. Circuit Judge Wesley Howard handed down the sentence with the understanding that the boy will be transferred from the Arkansas State Prison to the Boys Industrial School when officials are convinced he will not attempt to escape. The youth was charged with grand larceny and burglary. He was wanted in Nashville for the theft of two cars, the burglary of a Nashville residence safe of \$580, for car theft in Louisiana and Texas, and motorcycle theft at Texarkana. In the seven weeks Jones slipped through five police traps, escaped twice after officers grabbed him, eluded a 30-man posse for hours, and generally led officers of three states on a wild chase.

Amarillo Man Killed In Traffic Collision

HALB CENTER (AP)—Charles Russel of Amarillo was killed Saturday when thrown from a car he was driving on Highway 87 ten miles south of here. The car collided with one driven by James Petty, 17, of Blue Ridge, Texas. Petty and a passenger, Mrs. I. B. Withrow of Leonard, were treated for cuts and bruises and released from a Hale Center Hospital.

Livestock

PORT WORTH (AP)—Cattle and calves brisk. Cows gained fully 50 cents, spots \$1 up. Calves 50 cents to \$1 higher, steers and yearlings fully steady. Bulls strong to 50 cents higher. Stocker cattle and calves strong to \$1 higher. Hogs rose 25 to 50 cents but dropped sharply to close \$1.25 under a week earlier. Sows closed \$1 lower. Lambs regained previous week's losses, yearling wethers sold 50 cents to \$1 higher, stockers, feeders and old sheep ruled strong. Comparative prices — slaughter steers, yearlings 15-27, slaughter cows 9-18.50, bulls 12-30-17, stocker steers 18-20-50, stocker yearlings 18-23, stocker cows 12-18, slaughter calves 12-24-25, stocker steer calves 24-50 down, slaughter lambs 20-23.50, feeder lambs 15-22.50, fat yearlings 18-20, feeder yearling wethers 17-50 down, ewes and aged wethers \$4-11.50, old bucks 7.00 up, goats 5-8, closing hog top, lowest since June 1946.

Hamilton Heads TBA Trust Section

GALVESTON (AP)—Charles W. Hamilton, vice president and trust officer of the National Bank of Commerce at Houston, was named administrative chairman of the Texas Bankers Association trust section Saturday. The group ended its 28th annual convention. It voted to meet in Hamilton next year. Hamilton succeeds T. W. Laine, vice president and trust officer of the Hutchings-Sealy National Bank of Galveston. "Many congressmen feel that to increase the tax on petroleum imports is a better approach to the problem than the pending legislation to place a quota on such imports," he added. Would Raise Money "Such a tax would raise a great deal of additional money, and should be pleasing to the Administration. It also would have the desirable result of furnishing some protection to the domestic petroleum industry, which can and does produce a surplus of petroleum products." "If the imports of petroleum and petroleum products continue to increase, Congress will certainly look with favor on some remedial legislation." Congressmen from oil-producing states during the last session sought unsuccessfully to cut down petroleum imports. By a one-vote margin they lost a battle in the Senate to have permits limited to five per cent of domestic consumption. The Administration opposed the move.

Five-Year Term Clips Wings Of Teen-Age Bandit

NASHVILLE, ARK.—(AP)—Billy Wayne Jones, 15-year-old youth arrested Thursday night after a seven-week crime spree, got his wings clipped for five years Saturday. Circuit Judge Wesley Howard handed down the sentence with the understanding that the boy will be transferred from the Arkansas State Prison to the Boys Industrial School when officials are convinced he will not attempt to escape. The youth was charged with grand larceny and burglary. He was wanted in Nashville for the theft of two cars, the burglary of a Nashville residence safe of \$580, for car theft in Louisiana and Texas, and motorcycle theft at Texarkana. In the seven weeks Jones slipped through five police traps, escaped twice after officers grabbed him, eluded a 30-man posse for hours, and generally led officers of three states on a wild chase.

Amarillo Man Killed In Traffic Collision

HALB CENTER (AP)—Charles Russel of Amarillo was killed Saturday when thrown from a car he was driving on Highway 87 ten miles south of here. The car collided with one driven by James Petty, 17, of Blue Ridge, Texas. Petty and a passenger, Mrs. I. B. Withrow of Leonard, were treated for cuts and bruises and released from a Hale Center Hospital.

SCORE: GO to IN YOUR FAVOR when you fly PIONEER to SMU vs. TCU at Fort Worth, Nov. 26, via PIONEER Air Lines. Extra time, Extra fun, Extra comfort, Fast flights, Convenient schedules, Low fares.

Tokyo Rose Becomes Just Another Number. ALDERSON, W. VA.—(AP)—Tokyo Rose, whose silky voice was beamed at lulling combat troops in the South Pacific during the war, became just another number Saturday at the women's reformatory here. Warden Nina Kinisella said the new inmate, whom she refused to consider as a "celebrated prisoner," was just like any other woman received here with a 10-year term hanging over her head. Tokyo Rose reached here by train Friday night from San Francisco, accompanied by U. S. marshals. She is under conviction and sentence for treason in connection with her wartime broadcasts.

Winterize Now! Don't wait until it is too late before you have your car serviced to make it ready for cold weather driving. The ups and downs of temperature during a West Texas Winter make it essential that your car be well prepared and expertly serviced. **MANY NEW HOMES IN PARKLEA PLACE**

Located West of The Indian Ball Park

The public has been waiting five years for this addition to be developed.

Ten new FHA and GI homes have already been built and sold to the public on 100% GI basis and less than \$1000.00 down payment on a FHA basis. Some 37 homes are to be started immediately, 10 of which will be completed within the next 45 days.

We suggest that if you are interested in buying one of these homes that you drive out and see for yourself the kind of home you can buy with a very small down payment.

The purchaser has the privilege of choosing their location and the privilege of selecting their own color scheme and linoleum patterns.

For your home with a small down payment and decorated according to your ideas, drive out today and look this sub-division over. Field office is located on the premises.

**THE DALLAS NEWS, OCTOBER 30th, 1949, SAYS:**

"Something like 250 oil companies, operators and affiliates now headquarter here (in Midland). New buildings have boosted office floor space to 353,000 square feet with another 107,000 planned or under construction. City Manager H. A. Thomas estimated the city's population last December 31st at 26,200, compared to 9,352 in 1940. Bank deposits are six times greater than they were in 1940. Last August 1st, the Permian Basin had 300 producing fields and 30,000 oil wells."

**MIDLAND CHAMBER OF COMMERCE SAYS:**

"Midland is the established headquarters of the oil industry in the Permian Basin (200 miles square). The proven oil reserves of the Permian Basin are estimated at more than twice as great as the combined reserves of all states east of the Mississippi River. Only four nations in the world, the United States, Russia, Venezuela and Mexico have produced more oil than the Permian Basin."

**THE MIDLAND CATTLEMEN AND RANCHERS STILL PLAY AN IMPORTANT PART IN THE DEVELOPMENT OF MIDLAND.**

"Seventy two years ago, Feb. 15th and 16th, 1877, a group of forty Texas cattlemen met under an Oak tree in the frontier village of Graham. They banded themselves into an organization to work for their common interests. They called the new body, 'THE STOCK RAISERS ASSOCIATION OF NORTH WEST TEXAS.' The Oak tree still stands in Graham just outside the Dolman House on West 4th St. In 1893, with members all over the state, it altered its name to 'THE CATTLE RAISERS ASSOCIATION OF TEXAS.' In 1921, with members in 15 states and Mexico, it became 'THE TEXAS AND SOUTHWESTERN CATTLE RAISERS ASSOCIATION. Today the Association has 8,150 members and a paid staff of nearly 100 persons.'—Dallas News.

The Midland Cattle Raisers are in the forefront of this organization, and Midland is the headquarters in West Texas for cattle and oil,

Christian Council To Have Luncheon

The Rev. Clyde Lindsley will speak at a luncheon of the First Christian Woman's Council Monday. The luncheon will begin at 1 p. m. in the church.

Mrs. Hodge Takes Office As Head Of Texas Women's Clubs

Mrs. J. Howard Hodge

Austin — A pledge to carry forward the ideal of growth in the Texas Federation of Women's Clubs — growth not only of membership but of character and intelligence among the members — was made by Mrs. J. Howard Hodge of Midland as she was installed as the twenty-sixth president of the Federation Friday night.

She gave the pledge in her brief address accepting the leadership of Federated clubs of the state, at the final session of the fifty-second annual Federation convention here. She was elected without opposition in convention voting Friday, for a two-year administration.

The theme of the administration, Mrs. Hodge said in her address, will be "Education for World Citizenship." Terminating education the basis of true democracy and a peaceful world, she set two objectives before Texas clubwomen: "To bring our social and human relationship up to the level of scientific development, and to educate our people for world citizenship."

She outlined means of helping reach these objectives for each of the Federation departments: international relations, fine arts, American home, education, public welfare and legislation, and for each Federation committee.

Started with an obligation to past presidents and officers of the Federation, her talk closed with a bid for cooperation from its present members. Mrs. Hodge and the other new state officers were charged to meet the responsibilities of their posts in an installation ceremony conducted by the honored convention visitor, Mrs. Hiram Cole Houghton of Red Oak, Iowa, president-designate of the General Federation of Women.

Mrs. Hodge was wearing for the installation an original model of lace and chiffon in toast and brown shades, with velvet slippers matching the deep tones of her gown. She carried a bag of cut steel beads and wore an orchid sent by her husband.

At the close of the program her arms were filled with red roses, the Federation flower, presented by Mrs. Joseph East of Wink, Eighth District Federation, given her as the club of the new president's home district, and by Mrs. Hodge's own club, the Fine Arts Club of Midland, which nominated her early in the year for the presidency.

Throughout the convention Mrs. Hodge wore or carried flowers presented by clubs of Midland and other well-wishers. They included a sheaf of red roses from the Midland Woman's Club given her as she completed a short talk at the Pioneer-Texas Dinner Thursday night, the nosegay of red roses she carried that night, a gift of the Twentieth Century Club, and a gardenia corsage from the Woman's Wednesday Club which she wore Friday.

Other officers installed with Mrs. Hodge were Mrs. T. M. West of San Antonio and Mrs. John O. Douglas of Houston, vice presidents; Mrs. W. E. Cantrell of Cometa, secretary; and Mrs. U. L. Willie, Matador, treasurer. Mrs. Hodge announced Mrs. M. Howard Gibson of Waxahachie and Mrs. E. N. Smith of Marshall as appointed executive board members.

The new president plans to announce her appointments to state boards and committees within a few days, after they are approved by the executive board. She remained in Austin after the close of the convention, for weekend consultation with new and retiring officers. Clubwomen of Midland are making plans for a reception in her honor, with the date tentatively set in the second week of December.

Music on the installation program was by Jacqueline Theis of Midland and San Angelo, daughter of Mr. and Mrs. Anton Theis of Midland, who sang three selections, and by Mrs. Harwood Stacy of Austin, pianist. W. O. Reed of Dallas, former "Gag Writing for Cartoons."

### Crane News

CRANE—Jency Blanche Porter became a heroine as well as the envy of every male and female nimrod in the country when she brought in the largest deer killed this season. Jency was hunting with her father, Jack Porter, and J. O. "Blondie" Head, of Monahans, about 30 miles south of Marathon, November 8, and was less than two hours out of camp when she spotted the deer running, some 200 yards away. The young huntress fired three shots—all hits—on the running target.

The deer dressed out at 184 pounds, and had a perfect set of 19-point horns, with a spread of 28 3/8 inches. The head is being mounted in San Angelo as a prize for having killed the deer with the greatest number of points.

Jack Porter reluctantly revealed that his deer, killed the second day out, had only four points and was somewhat smaller than the one killed by his daughter.

Mr. and Mrs. Troy Laxton, and son Troy, Jr., left Wednesday after receiving word of the death of Mrs. Laxton's grandfather, W. H. Zachary, at Santa Anna. Interment was Wednesday.

Little Dorothy and Doris Marlowe, twin daughters of Mr. and Mrs. W. R. Marlowe, have been on the sick list this week. Both are reported improving.

Mrs. Allie B. Scott and Mrs. Russell, both of McCamey, and Mrs. Peirce, of Rankin, were in town in the D. D. Shaffer home this week. Mrs. Shaffer is completing some pictures in pastels for the visitors.

**Visiting With Parents**  
Mrs. Lora Faye Holt is staying with her parents, Mr. and Mrs. Mrs. Wayne Ervin, while her husband goes to Camp Biggs to receive his discharge from the armed

services. Mr. and Mrs. Holt will enter Odessa College at the second semester. Mrs. Holt having been given a scholarship by the Baptist Church at Pecos.

Mr. and Mrs. Riley Wilson of Hobbs, N. M., were visitors in the K. J. Harold home in the Gulf Sandhills camp last weekend. Mr. and Mrs. Riley formerly lived in Crane.

Mrs. M. M. Hendricks accompanied Mr. and Mrs. Ben Alexander to their home in Lovington, N. M., to stay until Thanksgiving when Mr. and Mrs. W. W. Allman will drive up to spend the holiday season with their daughter and husband.

Mrs. M. L. Patterson of Odessa is a guest in the Darrell Keltner home this week.

The women of the Catholic Church in Crane are planning a bake sale and rummage sale Saturday. It will be held in the old L&M Cafe building. There will be what-nots and other novelties, with a special booth in the home made candies. The women plan to take orders for candy for delivery between now and Christmas, in a campaign to raise funds to erect a church building here for this group.

Mr. and Mrs. Iszy Leaman and daughter, Dianna, are in Dallas this week attending a shoe style show. John Bindman also is attending the show.

### Social Situations

**SITUATION:** A man is sitting at his desk when a woman visitor enters his office.

**WRONG WAY:** He remains seated and motions her to a chair.

**RIGHT WAY:** He rises to greet her and stands until she is seated.

### McKENNEY Answers Your Questions

## CANASTA

By WILLIAM E. MCKENNEY  
America's Card Authority  
Written For NEA Service

John R. Crawford of Philadelphia, Pa., whom I interview each week to bring you the latest points of play in Canasta, had the pleasure of playing a game against Pancho Segura, the tennis star from South America, where Canasta originated.

During the match Crawford's partner repeatedly asked the question, "May I go out?" and each time Crawford said, "No." I asked him today to tell you why.

He explained that his opponents had a canasta in aces and had melded three tens. Crawford and his partner had melded four tens, and Crawford held two aces. He had four or five different melds in front of him, but no immediate canasta in sight.

Most players, said Crawford, are too anxious to go out. The bonus for going out is only 100 points. In the game mentioned, Crawford and his partner would lose very little even if the opponents did go out. As it happened, by continually refusing his partner's request for permission to go out, Crawford built up a score of 2300 points. This certainly offset any small losses they might have had on succeeding hands by employing the same tactics.

Question: I have exposed some of my cards by making an illegal or insufficient meld, including wild cards. I know I am forced to discard them in turn, but if I discard a wild card does this freeze the pack?

Answer: Yes. Any time a wild card is in the discard pack, whether it was turned up, discarded in the regular manner, or discarded as a penalty card, it freezes the pack.

Question: I was dealt a hand which contained a natural canasta of five spots. Our side needed 50 points for our minimum meld. I melded the seven 5's and claimed a subscription to a minimum meld of 55 points. Does not the bonus for a canasta count in making a minimum meld?

Answer: No. Unfortunately there was a mistake made in an early set of rules on Canasta which stated that if you melded a canasta this met the requirement of a minimum meld. This was not correct. It never was intended that the melding of a canasta met the minimum meld requirements unless the cards themselves added up to the required total. New rules are being distributed rectifying that mistake.

Now for my regular questions and answers:

Question: The pack was frozen and the up-card on the discard pile was a queen. Outside had already melded three queens. I had two queens in my hand, and took the pack. Now my opponents claimed I had made a separate meld of three queens and could not

### SIDE GLANCES

"Just look at this stack of beauty shop bills! Why, my father cut my hair till I was older than you girls!"

The National Geographic Society says wheat and vegetables mature in the short Summer of Eastern Siberia, where temperatures drop to 90 below zero in Winter.

In the Supreme Court Building in Washington, each of the justices is provided with a suite of three rooms—private office, secretary's office, bath and shower.

### RUTH MILLETT

#### Columnist Offers Ten Tips To Aid Prospective Brides

By RUTH MILLETT  
NEA Staff Writer

If I had a daughter getting married tomorrow this is what I'd tell her today:

One. Don't be shocked or hurt the first time it dawns on you that your husband isn't perfect. And don't think your marriage is ruined the first time he lets you know that he has discovered you aren't perfect, either.

Two. Go at the job of homemaking as you would any other job. Be determined to succeed at it. It's worth all your brains, education, and imagination. Use all three.

Three. Be loyal to your husband in even the smallest ways. Don't let him down by discussing his faults with anyone, by making fun of him in public, or by doubting his ability to take care of you.

Four. Don't try to be your idea of a perfect wife. Be yourself, the

### Glare In Television Is Termed 'Bloom'

NEW YORK (AP)—A "bloom" in television never means a flower. Rather it is the glare caused when too much light from an object is reflected into the lens of a camera. As a result of over-brightness, the camera tube tends to obscure picture detail and a blob or dark spot is produced in the picture.

An example of this effect would be the white bloom from a man's shirt against the background of his dark tuxedo.

# SHOPPING 'ROUND TOWN with BARBARA

**For Your Thanksgiving Table—**  
Set your Thanksgiving Table with all the traditional elegance that is reflected in the fine Sterling Silver and exquisite china featured at KRUGER'S. Gorgeous patterns are available in Gotham, International, Watson, Wallace, Whiting, Blackstone and others. Lovely hand-worked linens, bath sets, aprons, pottery, figurines, glassware and many many other exquisite gifts are featured there. The handmade bath sets are artistically designed and applied in gorgeous colors. If you don't find the color you want, give your order for a set to be made up in your choice of color and design.

**Glamor Gifts—**  
A gift that is sure to flatter and please Her is featured at CAMERON'S. Among the holiday collection of sentiment-tagged scents and fine cosmetics are colognes and perfumes in exquisite fragrances. Chi Chi, Chanel, Eau de Toilette, Corday, New Horizon, Danger and Surrender make famous gifts. She'll be delighted with a beautiful compact from the wide selection featured at Cameron's. Jeweled, carved or plain designs in gold compacts would please her feminine fancy.

**Unusual Christmas Gifts—**  
For a Christmas gift that will be an asset to the daily life of someone you wish to make happy, let GATES CABINET SHOP, 413 West Kentucky, help design a cabinet, chest, desk or vanity unit. Their cabinets are both attractive and practical. Beautiful, novel lamps are designed by Gates Cabinet Shop from your choice of wood. In the rectangular base of the lamp is a block of glass that reflects the light from the lamp. A pair of these lamps would make a delightful gift.

**Any Hour Of The Day—**  
With the holiday rush coming on, the business men and women appreciate a place to get a tasty lunch served promptly and courteously. WOOLWORTH'S FOUNTAIN serves wholesome lunches, and coffee is still \$5. Fountain specials and drinks are always available, of course. Any hour of the day you'll be served with courteous efficiency. Sodas, sundaes, malts, banana splits, ice cream, and many other taste thrills await you at the fountain.

**Be There "In Person" With Flowers By Wire—**  
If distance separates you from your parents, family or friends, they will miss you at Thanksgiving; but here's how you can be there "in person" with a lovely bouquet of cut flowers or an attractive pot plant. Just call BUDDY'S FLOWERS, phone 408, who is your local P.T.D. florist, with the Winged Mercury emblem on the window that signifies satisfaction guaranteed. The card that accompanies the flowers conveys your own personal Thanksgiving message.

**A Sparkling Finale—**  
Rich, wholesome Cherry Festival, a new ice cream fantasy featured by BANNER CREAMERY, makes a sparkling finale to your holiday feast. Have a supply on hand to serve your holiday guests. They'll praise you for a clever hostess. Cherry Festival is a perfect dessert to top off your Thanksgiving Dinner. A favorite with everyone, ice cream is always looked forward to as much as turkey and other holiday treats. You can get three kinds of cherry ice cream—mint cherry, duobonnet and red cherry.

**Shop At Hines Grocery—**  
Here's a Thanksgiving treat for Mrs. Hines as well as the whole family. Save time and save steps by doing your holiday shopping at HINES GROCERY, Ohio and Fort Worth Streets. First, you'll want one of those big, fine turkeys, priced most economically. Then you'll want the ingredients for the stuffing and garnish. You can get them all at Hines Grocery on one convenient

**Child Development—**  
PROGRESSIVE TINY TOT ART SCHOOL does not aim to develop artists. It develops children. However, when children have enough experience in the creative arts under proper supervision, they have an excellent foundation for a career in any of the fine arts, including painting, drawing, modeling, music or dancing. Creative arts are used to help us understand children, their needs and desires and to help them understand themselves and grow up with an inner feeling of satisfaction coming from self-realization. Call 798, Mrs. W. M. Thompson, B.S. degree, first grade, kindergarten and nursery school.

**For Year 'Round Pleasure—**  
Latest fashion news, fiction, world news, home-making suggestions, news of latest inventions and home appliances are brought to you through current magazines. Give someone a subscription to your current magazine available at JOHN-SON'S NEWS AGENCY, and you give year 'round pleasure. Life, Vogue, Glamour, Bazaar, Good Housekeeping, American Homes, Better Homes and Gardens and just a few of the popular magazines available at Johnson's News Agency. Call 680 and arrange for subscriptions to go to your friends as Christmas gifts.

**Gifts For Collectors—**  
Something to cherish, something old and rare to delight the collectors is the surprise that's unusual and different. It's modern to give antiques. Many rare objects are found at ANN'S ANTIQUE SHOPPE AND ART GALLERY, 1605 West Wall. Shop there for Christmas Gifts. Lovely Dresden and Bisque figurines, beautiful old paintings, dating back 200 years, in their original gilded frames, hand painted china, glassware and rosewood. Cups and plates would delight the collectors and there is Warwick China in complete service for eight.

**New Glass For Your Auto—**  
Play Santa to your car this Christmas and dress it up with new glass. Let SERVICE GLASS COMPANY take that shattered windshield and put in new windows for comfortable driving this Winter. It will improve the appearance of your automobile and make driving much safer, for broken glass is a menace to your safety and that of your passengers. You can depend on Service Glass Company for prompt, efficient service and skilled work. Call 2432 for an estimate or drive by the shop at 500 North Weatherford.

**For Extra Holiday Laundry—**  
Don't let the burden of heavy laundry spoil your holiday. Take your clothes and linens to MRS. ANGUS GARVIN'S HOME LAUNDRY, 1207 South Big Spring, and have a carefree holiday. Your laundry will be sparkling clean and you'll be spared the burden of all that extra holiday laundry. Mrs. Garvin's Home Laundry gives your clothes the extra special care and your linens will receive special care and shirts and other clothes are carefully laundered. Wet wash and rough dry service is available or the laundry will finish your clothes. Telephone 3397-J.

**Dine Out Thanksgiving—**  
It's fun to dine out on Thanksgiving, especially for Mom. She and all the family can sit down to a leisurely, deliciously prepared old-fashioned turkey dinner, complete with stuffing, cranberries and pumpkin pie at THE MANHATTAN RESTAURANT. Superb service and attractive surroundings make Manhattan Restaurant the choice of those who like to dine in a pleasant atmosphere. Make your reservation now for Thanksgiving Dinner.

**Comfort And Charm—**  
Don't take chances on faulty wiring. Let expert electricians wire your home for safety and convenience. WEST ELECTRIC COMPANY, Andrews Highway, specializes in service calls. The company also carries a complete line of lighting fixtures in modern and period designs to harmonize with the architectural design of your home. Your light fixtures do much to beautify your home as well as give you comfortable lighting. Have your home lighted by West Electric Company for beauty and comfort.

**No Rust—No Corrosion—**  
For every home use you can have cleaner, purer hot water—heat and stored in a water heater that's as sanitary as a clean drinking glass. Proved in homes all over America, Permalgas Water Heaters, now featured at SANITARY PLUMBING COMPANY, 2616 West Wall, assure you a new kind of hot water convenience. You no longer need to replace your water heater every few years—when you install "Permalgas."

**The Gift Only You Can Give—**  
The gift that only you can give is a portrait of you. The FRANK MILLER STUDIO, 609 West Missouri, is taking appointments now for Christmas portraits. Make your appointments early that they may have time to give your personal attention. Also, they will make photographic Christmas cards from any snapshot you choose to use. This form of greeting card is becoming popular as it has a personalized touch. Call 627 for appointments.

**Here's Where We Christmas Shop—**  
Always the best gift of all—a beautiful Singer Sewing Machine! Deluxe model is available in fine mahogany. Many other fine styles also are featured at SINGER SEWING CENTER. A smart sewing cabinet is a welcomed gift—keeps a lady's notions neat and handy and doubles as a night stand or end table. Make Singer Sewing Center your shopping center. There are electrical appliances, sewing boxes,

**Develop A Creative Hobby—**  
Knitting is a fascinating hobby and you who indulge in this creative pastime will be happy to hear about the HOBBY HOUSE, opening soon at 405 West Wall. All kinds of supplies for hobbies and crafts will be available. Botany wool for skirts and Botany yarn for matching sweaters offers a chance to complete your wardrobe of "separates." Botany and Bernat yarn and Susan Bates knitting needles will be featured. Leather for crafts and rug kits are other items available.

**Fashion Demands Sparkle—**  
Costume jewelry of finest craftsmanship is featured at FOSTER'S BEAUTY SHOP, 905 North Main. Brilliant necklaces, snake chain necklaces and bracelets, bracelets of heavy gold or simulated pearls and matching necklaces will add glamor to your costume. Novelty spin in cunning gift packages is ideal for children's gifts. Little boys would never balk at washing hands with soap in molds like airplanes, footballs and guns. Make your appointment early for your Christmas permanent. Call 2460.

**The Fragrance She Loves—**  
Select her gift from the exquisite selection of perfume and cologne featured in lovely gift packages at DUNLAP'S. Gift packages and gift items are featured in Dorothy Perkins Perfumes and Cologne. Germaine Montell offers Laughter and Nostalgia in beautiful gift packages, also vanities with lipstick to match. Dorothy Gray's Colognes are beautifully packaged—delightful gifts for Thanksgiving and Christmas. A dainty purse size flacon of perfume in form of a lipstick case is a special gift item.

**For Students Or Professionals—**  
The engineer, architect or student will find all supplies needed at METCALFE, INC., 321 North Colorado. The company specializes in engineers' and architects' supplies and equipment. Complete lines in K & E, Dietzgen, Lufkin or Hamilton are featured. Drawing pencils, drawing equipment, lamps and tables are available. Some of their equipment is imported from Germany and Switzerland and is of the finest quality and precision built for accuracy.

**Holiday Fare—**  
Make this Thanksgiving a real celebration. Make a date for Thanksgiving Dinner at KING'S COVE. The traditional turkey dinner with all the fixin's plus all the other attractions that complete the Thanksgiving feast are featured on the menu. Also, fried chicken and baked ham. You'll enjoy dining in the attractive "Cove." Make it a party and take your friends there for a holiday feast.

**A Thanksgiving Treat—**  
The holiday season is not complete without the traditional homemade goodies. However, we're so busy these days, there's not time for candy making and that's sort of thing. But here's the secret! DEBARRETT'S HOME-MADE CANDY, available at the Colony Restaurant, is kitchen fresh and made from the finest ingredients. Creamy, rich chocolate fudge, delicious caramel, peanut brittle, coconut brittle and nut mellow will make your holiday guests exclaim with pleasure.

**One Thousand Miracles—**  
100 Re-usable Bowl Covers  
Get a package of Reynolds Aluminum Wrap from PHILLIPS ELECTRIC COMPANY, to use during the holidays and all through the year. This pure aluminum foil can be used to wrap fowl and other foods for storage, line baking pans or use under your broiler. It saves juices in foods, prevents dehydration and preserves flavors. Non-toxic, it imparts no odor or color and is re-usable.

**Clean, Healthful Warmth—**  
If you desire greater comfort from your heating system, get the facts about the G-E Gas Furnace featured at THE FITZGERALD COMPANY, 104 South Colorado. It's a cast iron unit, completely assembled, ready to install. It eliminates cold areas in your home by circulating warm air to all parts of the home. Clean, complete and efficient combustion is accomplished through use of raised port atmospheric burners. Equipped with safety pilot, the burner shuts off in case the gas flow is interrupted.

**The Finest Low-Priced Washer—**  
You probably think Maytag Washers are high-priced because of their fine reputation. They really are not. Maytag is featured at COX APPLIANCE, for little more than you'd pay for the lowest priced washer on the market. There's no reason why you shouldn't have a Maytag to brighten your washdays with its many advantages. You'll like the extra fast, extra clean washing performance you get from Maytag's famous Gyroform Action, and the way clothes dry faster because more water is taken out by Maytag's Roller Water Remover.

**Barbecued Ham For Thanksgiving—**  
The traditional Thanksgiving ham must be superb. For the most eating pleasure this holiday, get your Thanksgiving ham from OGDEN KING'S, 416 West Texas. When you savor the flavor of that delicious ham barbecued by a special process, you'll beam with pleasure. Call 2929 and put in your order tomorrow. There isn't much time left to get your name on the list. Your Thanksgiving will be perfect with one

**The Plumage Hat—**  
Heads win this season—win compliments galore—win fashion's highest honors. See the superb felts and velvets magnificently and femininely adorned with bright plumage, shaped enchantingly to your new short coiffure. HATTIE'S MILLINERY, 106 North Lorraine, is running a special on hats now at reduced prices. Get your holiday hat from this array of smart, small, head-hugging hats, dramatized with shining coq features and plumes.

**Do You Have A Beauty Problem?—**  
Take your beauty problems to PALACE DRUG the week of November 22. Miss Jean Truly, Hudnut Representative, will be present to advise you on use of correct beauty aids and to help you choose make-up for your particular skin type. Look forward to meeting her and discussing your individual problems with her. See her exhibiting Richard Hudnut cosmetic gift packages at Palace Drug, also.

**Radio Specialists—**  
We're not just giving you "sound effects" when we tell you that MIDLAND RADIO COMPANY, 120 East Kentucky, offers top-notch, low-cost repair work on all types of radios. Repairs of every kind are executed with care and skill. Call 3512 for pick-up and delivery service. Top quality equipment is used for testing. Don't put up with muffled reception. Save further wear and tear on your radio now. Let Midland Radio Company's repair experts service your set. They are a Phillips Authorized Service for auto radios and the best equipped shop in town.

**Utilize Space—**  
The trend is toward smaller homes with built-in cabinets and closets for storage. If you're building or remodeling, call A. L. CAFFEY, telephone 3285-J. Mr. Caffey specializes in built-in units, remodeling and redecorating. Custom built woodwork gives you a functional, well planned home with all space utilized. Your kitchen can be designed to suit your individual needs. When your cabinets are custom built you conserve space and save work. Mr. Caffey is located at 2604 West Holloway.

**Travel Right—Travel Bright—**  
Saran, the most famous name in textiles, is available at MILLER BROTHERS in many up-to-date or conservative patterns. Hardy and handsome, Saran protects your upholstery and stays bright through long, hard wear. Combine Saran with quilted Boltax, the all plastic upholstery material that is available in many new, exciting colors. For a luxurious automobile interior, this combination gives you the smartest interior decorating job you'll find anywhere in the auto upholstery business.

**Time And Money Saver—**  
It's the smartest way to save! Use the magic of an automatic laundry machine at THE MIDLAND LAUNDERETTE, 413 West Texas, and watch your wash turn sparkling clean. For a few cents rent one machine or two or three and your wash is done while you wait or shop. Soap is furnished and drying facilities are also available. If you want them. Just pick up the telephone and call 2146 for an appointment.

**Miracles In Home Appliances—**  
Think of the time and money saved when you are able to spout leftovers into attractive dishes with the Waring Blender. It chops, grates, blends, mixes, purees, shreds, whips and liquefies in seconds. It's easy to use and easy to clean. See this new miracle appliance at MID-WEST ELECTRIC COMPANY, 218 South Lorraine. It would be an ideal Christmas gift to save time and work. Electric roasters and roaster cabinets are featured by Mid-West Electric Company, also.

**Enjoy Clean, All-Pervading Warmth—**  
Picture the interior of your home with every room charmingly decorated with comfortable, healthful heat in every room. The heating systems featured by AUSTIN SHEET METAL COMPANY, 2201 West Wall, are designed for basement or non-basement homes. They can be recessed in the wall or they are attractive enough to be placed anywhere in your home. Warm air is discharged through grilles to all parts of the house. Austin Sheet Metal Company features Payne, Mueller and G-E Heating Systems.

**Bowl For Fun—**  
Bowling is the perfect cool weather sport. You'll enjoy the healthful exercise—the fun of winning. Meet new friends at PLAMOR PALACE. Bowling adds up to recreation, relaxation and top fun for everyone. There are friendly instructors at Plamor to help you bowl-off to a good start. Alleys are smooth, there are good balls—top equipment, all in a cheerful atmosphere to help you enjoy this favorite sport. Make it a party some evening and bowl for fun and health at Plamor Palace.

**Mirrors Lend Enchantment—**  
See the nice selection of mirrors available at MID-WEST GLASS AND PAINT COMPANY, 315 South Marlenfield. Mirror paneled walls and doors lend enchantment wherever they are used. They double the effect of your decorating scheme, make your living room look more spacious and luxurious. A beautiful mirror over the mantle will make

## New Sleep Silhouette Is Ultra-Feminine

Figure flattery and richer color give added appeal to these luxury nightgowns. Empire styled gown (left) is news because of its coral color, its hand-smocked midriff, the French crinkled silk crepe. A drop-shouldered, lace-floated neckline gives the blue nightgown of nylon sheer (center) its evening-dress look. Ecru lace bands and shapes the bodice of the leaf green crepe-back satin nightgown (right) to which billowing sleeves and a slim skirt add their flattery.

By EPSIE KINARD  
NEA Fashion Editor  
NEW YORK — Alluring color and figure flattery have been added to the froth of silk and lace which gives luxury nightgowns their holiday appeal. Many styles could pass in a pinch for evening gowns. Graceful, long skirts flare from Empire-styled bodices. Sleeves bell out. Necklines drop down low in the same way that naughty dance frocks do. Added to these silhouette attractions is fine detail: ruffles, net or lace insertion, shirring, pleating, embroidery, smocking.

## Officers Chosen In High School P-TA Organized At Crane

CRANE — Mrs. W. B. Gunn was elected president of a newly-organized High School Parent-Teacher Association at a recent meeting, and the second Thursday of each month was set as regular meeting dates.

Other officers of the unit are Mrs. R. D. Shaffer, vice president; Mrs. James W. Lively, secretary, and Mrs. J. K. Wood, treasurer.

L. L. Martin, superintendent of schools, was the speaker with the subject, "Responsibility of the Citizen Toward the School" and Mrs. J. E. Clark discussed the topic, "Do You Have Fun in Your Home?" Kathryn Smith, Jackie Lou Mackay and Lila Kinsey sang a group of songs.

A social period in the home economics rooms closed the meeting. Mrs. Gunn, Mrs. J. E. Clark, Mrs. W. D. Gooch, Mrs. Inez K. Elmore and Brady Nix were on the refreshment committee.

Others present were Mr. and Mrs. J. O. Wood, Mr. and Mrs. R. N. Hester, Mr. and Mrs. R. O. Warren, Mr. and Mrs. C. K. Lightfoot, W. B. Gunn, Mr. and Mrs. Charles O. Walling, Jr., Mr. and Mrs. H. B. Baker, Mr. and Mrs. Leslie Napier, Mrs. R. S. Smith, Mrs. S. F. Robinson, Mrs. W. B. Smith, Mrs. Cody Bell, Mrs. Max Omo, Mrs. Quay Clark, Mrs. L. A. Ware, Mrs. C. J. LeClaire, Mrs. J. H. Davis, Mrs. A. L. Caskey, Mrs. J. C. Waller, J. C. Williams, Darrel Smith and Clinton Carroll.

In Russia, wheat, barley, oats, and rye are raised in areas where temperatures drop to 80 degrees below zero.

## Crane News

he will open the Crane Studio this week. The studio has been closed since June. Moore has been dusting cotton from an airplane in the Lamesa territory and Mrs. Moore is enrolled in the Hood River School of Photography at Hood River, Ore.

Funeral services were held Tuesday for Mrs. Pearl McDougal, 67, who died November 14 in a Crane hospital. She is survived by six children, 13 grandchildren and one great-grandchild. The children are: Mrs. Myrtle Walton of Big Spring, Mrs. Hazel Weddie of Crane, Mrs. Audrey Shockley of Snyder. Sons include Oscar, Everett and Elmo McDougal, all of Crane. Services were held in the First Baptist Church, with the Rev. H. D. Christian officiating. The Rev. Roy F. George and the Rev. Raymond Dunn assisted. Interment was in Crane cemetery.

Mr. and Mrs. Bob Tobin are in Dallas this week, attending a shoe style show. They left Crane Sunday and will return Wednesday.

Community-wide Thanksgiving services under the sponsorship of the Ministerial Alliance will be held in the Crane High School Auditorium at 7 p.m. Wednesday. Dr. Jack Ramsay, president of the alliance, will preside, and Jack Kendrick will be in charge of the music and singing. The Rev. R. O. Tomlinson will give the message and other pastors of the city will lead in prayer and read from the scriptures. Mr. and Mrs. J. W. Westmoreland left on Wednesday for Kingsville, where they will visit their daughter and her family. From there they will go to Shreveport, La., and El Dorado, Ark. They plan to be away for a month.

At the Kiddies Toggery, 100 North Marienfeld, you will find sub-teen skirts for your young daughter.—(adv.)

Phone 796

A wide, waist-beltting "belt" of hand-smocking shapes the silhouette of an Empire-styled nightgown of pure silk coral crepe. This Yolanide design which also parades its subtle charms in Nile green proves that the nightgown is stepping out neck-deep in color.

A leaf green gown of crepe-back satin proves that bands and scrolls of ecru lace can take sophisticated color as well as the familiar flesh pinks and baby blues. The lace-encrusted bodice, billowing sleeves, slim skirt of this Lady Duff design also demonstrates the type of figure flattery which new nightgowns have to offer.

A nightgown styled like a dew-eyed deb's first party dress has a full skirt, a fitted waistband of lace, a dropped-shouldered Bateau neckline flounced by lace. This froth of silk and lace also boasts the solid virtues of sheer nylon which needs no pampering through the wash.

### McCamey Study Club Votes Contributions

McCAMEY — A contribution to be sent to earthquake victims in Ecuador, part of a Pan-American relations project in Federated Women's Clubs, was made by the McCamey Women's Study Club at a meeting in the Park Building Tuesday. The club voted also to make a gift of food to a needy family.

Mrs. John Kellerman, program leader, discussed "Problems of Leisure", Mrs. Burley McCollum "Escape or Relaxation," and Mrs. Dee Locklin, "Children's Leisure Needs." Mrs. L. E. Windham presided for business. Mrs. J. Lott and Mrs. W. L. Van Atta were hostesses.

Mrs. Fred Meuschke of Houston, a former member of the McCamey club who was instrumental in the organization of the Upton County Library, was a guest.

**Will Try Again**

(NEA Telephone) Audie Murphy, famous Texas war hero, and his actress wife, Wanda Hendricks, relax over a cup of coffee at a ranch near Dallas. The Murphys, recently separated, will try to make a go of their marriage, they announced.

**Santa Claus To Be On Bazaar Program For Irene Nix Group**

Santa Claus is scheduled to be among those present at the Christmas bazaar of the Irene Nix Circle of the First Methodist Woman's Society of Christian Service.

The bazaar will be from 6 to 10 p.m., December 9, in the Schaubauer Educational Building. Mrs. Ralph McCleskey is in charge of arrangements for Santa Claus' visit, as well as the "Wishing Well" grab bag booth. She will be assisted by Mrs. Fred M. Carroll.

There also will be movies, with Charles McDonald and Lloyd Campbell in charge and a hot dog supper with coffee and dessert under the direction of Mrs. Dale McReynolds and Mrs. McDonald.

Every member of the circle is doing something in preparation for the bazaar and the proceeds will go to the circle's charity fund. Mrs. Campbell is general chairman and Mrs. Bill Sanders, treasurer. Mrs. A. V. Johnson, Jr., is circle chairman.

**Christmas Party Plans Are Made By Valley View Club**

Plans for a Christmas party were begun at a meeting of the Valley View Home Demonstration Club Friday in the home of Mrs. D. M. Bizzell.

The party will be in the home of Mrs. B. L. Mason, 800 South Baird Street. Mrs. Mason and Mrs. J. C. Stevens, Jr., were appointed to plan games and contests for the party.

Mrs. I. J. Howard will give a talk on the birth of Christ and Mrs. J. D. Bartlett will tell the history of Santa Claus.

Members answered roll call at the Friday meeting with the names of the latest books read. Mrs. Bizzell demonstrated corsage making for the program. For materials she used cornflowers, native careless weeds, needle grass, sweet gum burrs, bachelor buttons and wild flowers. Each member made a corsage from cornflowers.

Mrs. Earl Paine also attended the meeting.

**Iota Beta Pledges Are Initiated In Ritual Of Jewels**

The Ritual of Jewels, in which pledges of Beta Sigma Phi Sorority become full members, was conducted for pledges of the Iota Beta Chapter in the home of Mrs. Jimmy T. Gaines Wednesday night.

Those taking part in the ritual were Cathryn Harrington, Mrs. J. F. Godfrey, Lily Marie Gilbert, Mrs. Joe Mims, Mrs. Charles Patterson and Betty McWhorter. The chapter, in which they became members is the youngest of the three Beta Sigma Phi Chapters of Midland, and has Myra McReynolds as its president this year.

Because the regular meeting time of the chapter falls on Thanksgiving Day, the group will meet this week at 7:30 p.m. Monday in Miss McReynolds' home, 801 North Baird Street.

**Grand Staff Club Has Mozart Program**

The Grand Staff Music Club met recently in the home of Jackie Matthews with Billy Don White assisting as host. Members of the club are pupils of Mrs. J. G. Sevier. A Thanksgiving motif was carried out in the decorations.

The first part, Mozart selections, and performances were as follows: "The Magic Flute," Don Hanks, air from "Marriage of Figaro," Nancy Creswell; "Minuet," Marilyn Elder; "Sonata in G Major," first movement, Jackie Matthews; Rondo, Kay Little; and "Sonata," Evelyn High.

The second part, and those playing, was as follows: "Turkey in the Straw," Angus Smith; "All in a Day," Carol Chiles; "Dress Parade," Billy Dan Miller; "Sonatina," Janice Hill; "Heart's Desire," Nancy Klingler and "Shepherd Boy," Jane Beakley.

**CLINT LACKY HERE**

Clint Lacky of Lubbock, formerly of Midland, was a visitor here Friday. He is with the West Texas Gas Company and formerly was district manager for the firm here.

**small TALK**

By SUE COLEMAN

Going to a convention gives one a lot of new information—about the convention—but leaves the conventioneer sadly short of knowledge about what is happening around home. A lot of Midland women are in that position, what with the state Federated Club and P-TA meetings taking place on the same midweek dates and the Altrusa Club district session ending in time for the delegates to come home the first of the week.

This is not by way of apology; just an explanation of my talking steadily about the Texas Federation convention in Austin. Midland women, and those from over the Eighth District, enjoyed basking in the reflected glory of the new state president.

Whenever we are presented to dignitaries in receiving lines or just plain delegates in chow lines (yes, we all had aching feet from standing in line for everything attended) their reaction immediately was, "Oh, Veda Hodge's home town! I know you're so proud of her!" And we beamed back at them all.

Most of the Eighth District delegates and visitors drove to Austin, thankful for a week of Texas' most perfect Fall weather to make the trip a double pleasure. Just getting into the wooded hills near the capital city, with some of the oaks still deep green, some adding bronze undertones, mesquites turning pale yellow or dull gold, and blowing sassafras for accents, made the drive worth while.

Mrs. C. M. Goldsmith and Mrs. John Caselman accompanied Mrs. W. G. Epley in her car. Mrs. L. G. Beyerley and Mrs. B. B. Schabarum flew down, joined by Mrs. Paul Crandall of Rankin. Mrs. Joseph Best of Wink, the Eighth District president, was another of the motorists to Austin. District presidents were busy people throughout the meeting, and Mrs. Best was always assisted by the efficient district secretary, Mrs. F. L. Gehr, who also comes from Wink.

Mrs. Schabarum was the guest while she was in Austin of Mrs. E. L. Steek, who had been the guest of the Fine Arts Club at a recent meeting in the Schabarum home. Mrs. Steek accompanied Martine Threlkeld to Austin to Midland to speak and show her paintings to the Fine Arts Club, and invited its members to visit in her home during the convention in return for their courtesy to her.

Mrs. Hiram C. Houghton of Red Oak, Iowa, who is the unopposed candidate for the presidency of the General Federation of Women's Clubs, was the most-honored convention guest. To remind her of her visit to Austin, honorary citizenship was conferred on Mrs. Houghton by Governor Shivers, and she was presented with a painting of a field of bluebonnets.

Presentation of gifts was a highlight of the dinner Thursday night. When state board members gave the retiring president, Mrs. John J. Perry of Sweetwater, a handsome silver punch service and the district president, who served during her administration, matched it with a silver pitcher.

Austin women were most gracious hostesses for the entertainments. Mrs. Kelly McAdams, one of the hostesses for a tea Wednesday afternoon, was especially interested in meeting the Midland visitors because her daughter, Martha, recently married a Midland man, Ralph Vertrees, son of the Charles Vertrees.

Most of the visitors placed the tea at the Governor's Mansion at the top of the list of entertainments. Mrs. Shivers, an attractive brown-eyed young matron, received with Mrs. Perry. She appeared quite tall compared to the diminutive retiring president, and is tall enough to appear to advantage standing beside her typically tall Texas husband. She wore blue lace for the tea.

Mrs. Lyndon Johnson and Mrs. Price Daniels were other wives of politically important Texans who were in the receiving line in the big drawing room of the executive mansion.

**Commerce, Texas, Paper Upholds Town Names As 'Not Funny'**

COMMERCE. (AP)—Shakespeare asked "What's in a name?" Nothing funny says the Commerce Journal of the names of some Texas towns.

The newspaper editorially decried the fact that some newspaper carriers carried the story of farm-to-market roads for Dial, Muddig, and Telephone, Texas, "apparently thinking there is something funny about these names."

"These names aren't funny, the Journal went on, but 'just pretty and expressive.'"

"Of course these fine communities should have good roads but why over look numerous others with nice names, also needing roads. For instance, Granny's Neck, Heathen Flats, Bloody Hollow, Sweet Box, Needmore, Dime Box, Jot 'Em Down, Bug Tussle, Greasy Neck, Chigger Ridge, Goose, Mobergan, Ed Rube, Race Track and Bonanza, all right here in Hunt, Fannin and Delta Counties."

The Journal forgot to say that the original Cow Hill now is Commerce.

**Dear Santa—**

Dear Santa Claus:  
"I would like for you to bring me a bike, doll, play house and makeup kit. And for my three-year-old brother, a box of candy and my 11-year-old brother an electric train and pair of skates."  
Sincerely,  
Jane' Doudie.

Dear Santa:  
"I am a little girl five years old and I have been very good. Please bring me, a wedding doll and suitcase."  
Thank you,  
Elaine Wadlen.

Dear Santa:  
"I want a B-B gun with a target and a box of B-B shots. Also I want some firecrackers. Don't forget mother and dad and Reida. I am eight years old and in the third grade at school."  
Boyd Atkins.

**Receives Navy Orders**

Addie Lee Cook of Midland, formerly of Garden City, who has enlisted for four years service with the WAVES, receives her Navy orders from GMC Franklin Stewart, U. S. Navy recruiter of San Angelo, in the recruiting room in the Midland Post Office. She will report to Dallas Monday for final examinations before leaving for Great Lakes, Ill., where she will receive her recruit training. A graduate of Garden City High School, Miss Cook also attended a business college in Lubbock. She has lived in Midland two years and has been employed by the Texas Highway Department. She is a niece of Nettie Mc-Master of Garden City. Miss Cook, who expects to make the Navy a career, is one of three persons selected for enlistment from the Dallas WAVE recruiting Area, which includes Texas, Oklahoma and Arkansas.

**OES Chapter Asks Member Of Order To Be Supper Guests**

The Order of the Eastern Star will have a covered-dish supper at 6:30 p.m. Monday in the West Elementary School cafeteria.

All Eastern Star members, whether or not they are a member of this chapter, are invited to come and bring their families. It has been requested that each member bring enough food for herself and her guests.

Mrs. James O. Simmons, Jr., is in charge of the program, which will have a Thanksgiving theme. Mrs. Jack Anderson is in charge of food arrangements and may be contacted for further information.

This supper will not take the place of the stated meeting at 7:30 p.m. Tuesday in the Masonic Hall. Initiation will be held at that time.

**Terminal Study Group Has First Meeting**

The next meeting of the Terminal Parent-Teacher Association Pre-School study group will be at 7:30 p.m. December 1 in the home of Mrs. J. V. Bunn, chairman.

Plans for this meeting, at which Mrs. H. C. Rowland will be guest speaker, were made at the group's first meeting Thursday night.

Attending were Mrs. Ed Berrier, Mrs. T. McElligott, Mrs. N. E. Van-Possion, Mrs. J. E. Matlock and Mrs. Glenn Burgess.

**OPEN MEETING PLANNED**

All members of the Busy Wives Home Demonstration Club and any other women interested in the program are invited to a meeting of the club in Mrs. Truman Harris' home at 2:45 p.m. Monday. Mrs. Nettie Messick, county home demonstration agent, will give a demonstration on making corsages.

Austria's principal rivers are the Danube, Inn, Enns, Drau, Ill and the Mur.

MIDLAND'S FINEST SHOE SALON

## Night Is Time For Eye Glamor

Clever makeup tricks for eyes can be used to enhance their beauty. This model (left) starts her makeup session with eye pads soaked in hot water and goes on to apply mascara (right) which for glamor under artificial lights is blue and more thickly coated to make eyelashes look luxuriant.

By ALICIA HART  
NEA Staff Writer

### Texan Who Wrote First Song At 10 Still Going Strong

MARSHALL — Charles McMahone wrote his first song when he was 10 years old. Now he's a gray-haired railroad engineer—but still writing songs. The first song was about a New Orleans school boy's feeling about the Spanish-American War, then under way.

Since then he's chosen various subjects, ranging from bowling alleys to his beloved Texas and Pacific Railroad. But mostly they're about love.

"I have written mostly love songs because that's what the public goes for," says the slightly-bald railroad worker with a smile.

McMahon, now 67, was born in New Orleans, the son of an Irish immigrant and a Louisiana mother. He had no high school education and in 1899 went to work as a clerk for the Southern Pacific.

In 1905 he switched to the Texas and Pacific and for 44 years now has been working for the T&P. In 1916 he moved here to work in the railroad's reclamation shop.

His biggest success was in 1934 when his love song, "Love Bandit," brought him a national award for "song of the month" and \$1,000.

McMahon writes the lyrics, not the melody. He's written more than 100. They include "Dixie Land, I Hear You Calling," "Without A Moon," "Bermuda," "Louisiana, We Love You," "I'll Be Seeing You," "Texas Here We Are," "Isn't Love the Grandest Thing," "The Sweetest

Such eye glamor is a matter of knowing—and using—a few well-chosen tricks. Before marching out your tricks, make the most of your eyes' natural sparkle. The use of an eye lotion, applied by cup or cotton pad, will be a help in relieving the strain of the day.

When you're all set for glamor, apply eyeshadow by using two light applications. This is better than one single coat. The heavy application is likely to gum up, streak or spread and ruin that transparent look, which is what you want to achieve most of all.

Try on exotic eyeshadow color. Among the alluring colors from which you can choose are jade, amethyst, bronze and blue-gray. Because these are muted, soft shades, any one gives lids a lovely, luminous look. Rather than key-

ing an eyeshadow tint to your general coloring, cue it to the color of your necklace or evening gown. Thus, even though you have gray hair, you might achieve prettier effects from a mauve or green eyeshadow than from an accepted blue-gray.

For the mascara, which you can bear down on more heavily for evening glamor, a cream type that is fluid, has lots of "body," is your ticket for giving lashes a dreamy sweep. Blue mascara, which may seem obvious by daylight, can look ravishing by incandescents.

Corners of eyelids, pencil-marked to give eyes a slight up-

ward slant, will also increase their apparent size.

Good for night only is the trick of giving eyebrows a lift. By giving brows a lift at outer corners, using a pencil to give them a lift when you darken your brows, the entire face gets a lift and therefore a younger look.

ward slant, will also increase their apparent size.

### Radio Quiz Skit Presented By Cubs

Awards were presented to members of Cub Scout Pack 6 by Hazen Woods, at a meeting in the West Elementary School Thursday night. The boys presented a mock radio quiz program which they introduced as sponsored by the Kiwanis Club, the pack sponsor.

Taking part were: Don Henderson, David Duffield, Nolan Dunman, Joe Koesler, Jr., Joe Griffith, Jack Crockett, Jerry FitzGerald, Bill Lees, Kenny Newton, Bill Statton, Jarrell Bolton and Jean Paul Scott. Dr. Doyle Patton led songs to open the program, with Mrs. Granville Porter as pianist.

### Lutons Move To Missouri Home

Mr. and Mrs. Oscar Luton have moved to a new home at Winfield, Mo.

The Lutons have purchased a 13-unit tourist court on U. S. Highway 80 in the Ozark Mountains and will operate it.

He rapidly is recovering from serious injuries received in an automobile accident which also injured Mrs. Luton.

An ideal gift combination, Subteen sweaters and skirts from Kiddey Toggery, 109 North Marientfield.—(adv.)

### Hair Yanking Gives Tone To Scalp

This girl's hair yanking is designed to give scalp a stimulating work-out.

By ALICIA HART  
NEA Staff Writer

For a scalp massage that will reward you with healthier, livelier hair—yank. Using both hands to catch good-sized strands, pull hair to give it a lift and the scalp a workout. Don't stop yanking, a strand at a time, until every hair on your head has had its turn at this stimulating treatment.

Massage is not just lack-luster hair needs to save it from Summer-long follies. Weekly hot-oil treatments can work wonders when it comes to reconditioning splitting, dry or discolored hair. Using olive oil, warmed up and a swab of cotton, start at the nape of the hair-line. From there rub the oil over every inch of scalp. Never mind about oiling hair. If you'll leave the oil on overnight and will bandage up your head with strips of surgical gauze, your hair will sap up the oil.

Next morning wash out the oil with the creamiest shampoo you can lay hands on. Rinse and brush hair dry before setting. A grooming aid which will help to restore lost luster while hair is getting the works from hot-oil treatment is brilliantine. Use before you dress your hair. Put brilliantine on stubbornly dry ends before you wind into pin curls.

### Winters Child Has Dozen Grandparents

WINTERS —(P)— Little Linda Ann Lloyd, daughter of Mr. and Mrs. George Ferrell Lloyd of Winters, has more grandparents than she can count on her tiny fingers.

Linda Ann, who will be two years old February 2, has 12 living grandparents.

Her maternal grandparents, Mr. and Mrs. D. C. Robertson, live near Winters. Her paternal grandparents, Mr. and Mrs. George Lloyd, live near Wingate 12 miles from here.

Great grandparents on her father's side are Mrs. A. L. Smith of Winters and Mr. and Mrs. W. P. Lloyd of near here. The late A. L. Smith died in 1947.

Her maternal great grandparents are all living. They are Mr. and Mrs. J. W. Robertson and Mr. and Mrs. W. B. McGuire, all of Comanche.

A great great grandmother, Mrs. Maude McGuire of Seagraves, rounds out an even dozen grandparents.

### Cuffman To Preside At Sectional Panel

J. R. Cuffman, vocational agricultural instructor at Midland High School and president of the Agricultural Teachers of Texas, will preside at a sectional meeting of VA leaders at the State Teachers Association meeting in Fort Worth this week.

The sectional meeting is slated Friday. Cuffman will leave Midland Wednesday for the parley. He will return Saturday.

### Don Sadler Named Secretary Of New Knife-Fork Club

J. Don Sadler has been named secretary of the recently organized Midland Knife and Fork Club by its directors, it was announced Saturday.

E. J. (Jack) Wicker, who was elected secretary-treasurer of the club at its organizational meeting two weeks ago, asked to be relieved as secretary, but agreed to continue as treasurer.

James C. Watson, president of the club, announced the change in officer personnel. Other officers are Lionel Carver, first vice president, and John R. Parker, second vice president.

Directors, in addition to the officers, are Otto Deats, W. H. Thams, Mrs. Erma Mandell, C. E. Nelson, W. H. Pryor, and Carol Thomas.

Membership Closed

Membership in the club has been pegged by the directors at 160 couples, Watson said. Approximately 140 names now are on the waiting list.

The club will have its inaugural program at 7 p.m., December 14, in the Crystal Ballroom of Hotel Scharbauer. Dr. Gerald Wendt, author and lecturer on scientific subjects, will be the speaker.

Members will have the opportunity of making reservations for the initial dinner-meeting, starting November 25.

**New! "BOUNCING BASKET" AUTOMATIC WASHER**

FLUFFY-CLEAN CLOTHES

**Apex WASH-A-MATIC**

### Cains Of Tyler Again Planning Yuletide Cheer For Several Hundred Youngsters

TYLER—(P)—For the 22nd consecutive year hundreds of children will have a Merry Christmas through the generosity of Mr. and Mrs. Neal Cain, the "Mr. and Mrs. Santa Claus of Garden Valley."

Ten days prior to Christmas in 1927, Cain, now 75, and his wife, 66, set up the first children's Christmas tree in their modest Garden Valley home, 20 miles west of Tyler.

Childless themselves, they invited nearby children to come in and they presented each with a gift and treat.

Twenty came the first year, and as news of the Cain's tree spread, the number increased annually until last year 1,623 came in the 10-day Yuletide period to enjoy the informal observance and receive a gift and treat.

Both Mr. and Mrs. Cain have spent their years in helping others. For 20 years, he worked in Texas orphanages.

Along with his routine work, he

tried to bring as much happiness as possible to his charges. Mrs. Cain, until retiring a few years ago, devoted her life to teaching in rural East Texas schools, in the vicinities of Garden Valley, Starrville, Village Creek and Elm Grove.

Although gifts are distributed at the Cain home 10 days before Christmas, preparations are carried on the year around. There are used toys to be repaired and painted, there are dolls to be dressed, there is shopping to be done, there are donations from generous friends to be collected, and, as the holidays draw near, there are hundreds of bags of candy to be sacked and the mammoth holly tree to be erected, decorated and loaded with gifts.

Every child who comes to the Cain home is given a gift to his liking, plus an apple, an orange, and a bag of candy. While children of means are never turned away, the Cains make a special effort to provide for orphans and other unfortunates. Children from orphanages are brought to the Cain home by bus loads; when packages are distributed, perhaps Cain will make a brief call in keeping with the holiday spirit. But there never is any planned program.

Get Special Attention

Special attention is given to children of convicts in the state prison. From prison authorities Cain obtains home addresses of inmates and sends to their children gifts appropriate to each child's age, sex and desires.

The Cain home is a typical East Texas pioneer structure, with an open hall through the middle.

The Christmas tree is primarily for the children but adult guests who linger and marvel at the Yuletide spirit into the dining room to receive a piece of fruit cake or cookies made by Cain, himself.

The Cains have little means of livelihood and scrimp their meager income to bring a Merry Christmas to others. They are grateful to merchants, friends and well-wishers, many of whom live in distant parts of the United States, for donations to have enabled them to make the "Cain Christmas" grow with each year and spread the spirit of "good will toward men."

### Nurserymen Start Campaign For Full FHA Landscaping

Started last Summer by a group of West Texas nurserymen, a campaign to assure purchasers of FHA financed homes full protection in the matter of shrub planting specified by the FHA is spreading over the state and nation, a Midland nurseryman said Saturday.

He said most of the new homes being built in fast-growing West Texas are built under FHA specifications calling for \$35 worth of shrubs.

According to the statement issued by the retail nurserymen of this area, many building contractors are not planting \$35 worth of shrubs around these homes.

"Some contractors are buying from \$8 to \$25 worth of shrubs for these homes, with most of them using around \$10 worth of shrubs per home," the statement continued. "In some cases a contractor actually has planted dead shrubs on FHA homes and they passed inspection."

Paying the Price

"The people who buy these FHA homes are paying the full price of shrubs and are not getting their value," a spokesman for the group said.

It also was pointed out that in some instances contractors are pooling their interests and sending trucks to wholesale nurseries to purchase stock wholesale.

The nurserymen said they plan to ask the FHA for stricter inspections of shrubs planted on FHA financed projects. They also will request wholesale concerns not to sell direct to contractors.

The program will be stressed in every way possible to let house buyers know of their benefits and advantages under the FHA plan, the nurserymen stated.

One-fourth of the sugar produced in American territory is raised in Hawaii, says the National Geographic Society.

Time hangs heavy on the hand of Laura Barone of Elgin, Ill., who finds this giant, jewel-studded timepiece about all she can carry. A watchmaker designed the big watch, fitting it with precision movement and outsize band.

**Committees In New JayCettes Group Named**

Several committee appointments were made at a meeting of the recently-organized Midland JayCettes Thursday night. Mrs. Horace Burton and Mrs. Irby Dyer were hostesses to the group in Mrs. Burton's home.

The group played canasta and bridge after the business session. Mrs. Ewing Hill was selected sergeant-at-arms. Mrs. Clarence Kerth, president, announced the following committee appointments: Social — Mrs. R. N. Watson, Mrs. C. E. McDonald, Mrs. Hershel Ezell and Mrs. W. E. Nance; Ways and Means — Mrs. W. D. Trumbley, Mrs. Tom Brown, Mrs. Frank Hawk and Mrs. Ray Howard; and Telephoning — Mrs. A. V. Johnson, Mrs. John Grimland, Mrs. H. L. Park and Mrs. Cletas R. Hines.

It was announced that the directors will meet at 4:30 p.m. Monday with Mrs. Howard Ford, 1111 West Wall Street. The next regular meeting will be December 1 at 8 p.m. in the home of Mrs. James Mims, 602 North Marienfield Street.

Others attending were Mrs. W. M. Johnson, Mrs. Jack Huff, Mrs. Frank Wood, Mrs. Dick McKnight, Mrs. S. S. Land and Mrs. Reagan Legg.

Have you seen the corduroy "Poot-n-alls" for infants at the Kiddies Toggery, 109 North Marienfield?—(adv.)

**Santa Gets A Picture**

Des Plaines, Ill., school children excitedly crowd about a giant 20-foot Santa Claus turned photographer. Santa and his photo-flash camera turned up on a front lawn in Des Plaines, and became a center of attraction overnight.

**Little Monty Heading West For America**

By HAL BOYLE

NEW YORK —P— The man in the black beret is coming to America. It's the most famous beret in the world, and the man who wears it so jauntily is one of the world's most renowned warriors—Field Marshal Viscount Montgomery.

He arrives Monday on the Queen Elizabeth to talk to American military leaders on defense measures for fortress Europe. For at 62 that is Monty's job as supreme commander of the Western European Alliance—to erect a defense against Russia.

What's he like, this "hero of El Alamein?" Well, he's the most controversial

soldier alive, and as hard to describe as a coin—which has two sides.

There's the legendary Monty, a grinning, reckless apostle of the principal of attack. And there's the Monty of fact, a cautious, careful planner reluctant to take the offensive unless victory practically is guaranteed in advance.

He arrives Monday on the Queen Elizabeth to talk to American military leaders on defense measures for fortress Europe. For at 62 that is Monty's job as supreme commander of the Western European Alliance—to erect a defense against Russia.

What's he like, this "hero of El Alamein?" Well, he's the most controversial

The slender, fastidious little soldier won his spurs as a captain in World War I during which he twice was wounded and six times cited for gallantry.

In World War II he learned the lesson of defeat as a major general in the retreat from Dunkerque, and the lesson of victory at El Alamein.

**Commander By Accident**

He got his chance in the Libyan Desert by accident. A plane carrying another British officer to take over command of the Eighth Army was shot down by the Germans. Montgomery, a comparatively unknown lieutenant general, then was sent over.

"You can stop digging—the Germans aren't going to get this far," he told his troops.

His "Desert Rats" stopped the German attack, then defeated Rommel at El Alamein. Overnight little Monty became the empire's greatest hero. Methodically he chased the Nazi Afrika Corps, 1,400 miles to a German version of Dunkerque on Cape Bonn in Tunisia.

Montgomery also led his Eighth Army in the Sicilian campaign and in Italy. Later he met and defeated Rommel again as commander of Allied ground forces in the invasion of Normandy.

**Patient Treated For Burns, Asphyxiation**

Richard Connelly of 2201 South Baird Street was treated at Western Clinic-Hospital Friday night for asphyxiation and burns about the feet. He was released Saturday morning.

According to the hospital report, Connelly was overcome by gas fumes at his home and fell near a stove, causing the burns.

He was discovered by his parents shortly after being overcome and was rushed to the hospital.

Fresh, home-made candy comes from our kitchen at 10:00 a.m. daily.

**DREW PEARSON ON The WASHINGTON MERRY-GO-ROUND**

(Copyright, 1949, By The Bell Syndicate, Inc.)  
Drew Pearson says: Marines' General Worton faces toughest job of life as Los Angeles' police chief; Conflicting authorities of county and cities making up metropolitan area pose administrative problem; Civil Service rules hamper his cleanup efforts.

(Editor's Note: The brass ring, good for one free ride on the Washington Merry-Go-Round, today goes to Major Gen. William A. Worton, the ex-Marine who now is cleaning up Los Angeles.)

LOS ANGELES — When negro singer Paul Robeson came out to Los Angeles shortly after the Peekskill riots, it generally was expected that all hell would break loose.

Robeson was reported to have picked this polygot, mushroomed metropolis of the West Coast because of its crackpot Communist fringe and the hope that another riot would add more fuel to the distorted flames of the Moscow radio.

But just the opposite happened. Robeson came and left Los Angeles without a ripple. No baseball bats were wielded. No rocks thrown. No ovation awaited him. And, most important of all, no propaganda fed the Moscow radio.

The man responsible for this efficiency is a stocky, quiet-spoken officer who trained the 3rd Marines for the landing at Okinawa and who now is tackling the toughest job of his life. It is no exaggeration to say that Maj. Gen. William Arthur Worton would rather lead troops into battle than face the political morasses and pitfalls which await the chief of police of Los Angeles.

His job is probably typical of that faced by the modern, overgrown, big American city which now is trying to prevent the new wave of sex crimes, robberies and degeneracy which has engulfed every big city in the wake of war. Local Papers "Scoop"

When General Worton took office late last summer, just about everything under the sun happened at once. Mickey Cohen, much-publicized sultan of the underworld, had just been shot at Worton's predecessor as chief of police had just been indicted—although later acquitted. And a raft of Dictaphone recordings taken from a microphone hidden in Mickey Cohen's house made headlines in the Los Angeles papers.

Indicative of the easygoing lethargy of the Los Angeles police force was, first, the fact that these Dictaphone recordings had been lying in a police lieutenant's garage for months. And, second, the fact that the recordings were sold to various underworld leaders before they were shown to the new chief of police.

In fact, Los Angeles generally

was so uninterested in its own police tactics that Dick Hyer of the San Francisco Chronicle stole the story right from under the noses of the Los Angeles newspapers. And for some days, Los Angeles papers frantically were re-writing the San Francisco Chronicle stories in order to report what was going on in their own town.

"Police Union" Developed

What General Worton found in the Los Angeles police department may also be typical of what is happening in other American cities. When he tried to fire the head of his detective force, he found that he couldn't. The detective chief was protected by Civil Service. And if charges were preferred against him, those charges were heard by a board of fellow police officers whose watchword was self-protection.

In brief, Los Angeles had gone to such extremes with Civil Service that a "police union," as tightly controlled as if it had been organized by John L. Lewis, had developed.

Administrative Difficulties

Chief Worton's job has been difficult not only because Los Angeles filled up during the war with a motley migration of war workers, pension-hunting oldsters and migrant Mexicans, but also because large sections of the city are not under his control.

What Worton found was that Hollywood, Beverly Hills, Pasadena, and half a dozen of the other cities which make up Los Angeles and really make up its metropolitan area, operate their own police forces. On top of this, Los Angeles County has 3,000 police of its own, and it is in the county rather than the city that Southern California gambling really flourishes.

King-pin of Los Angeles County is colorful Sheriff Eugene Biscailuz, who seems to get no more excited about an occasional gang shooting than about the gambling that attracts crowds at Sunset Strip. After the hoodlums patrolled the front of Sherry's with shotgun slugs in an effort to bump off Mickey Cohen, Sheriff Biscailuz decided to re-enact the crime—with all witnesses present. So, accompanied by newsmen and photographers, the sheriff arrived with his retinue. But no witnesses.

After a lot of waiting, hemming and hawing, the sheriff remarked: "Well, they must have been tired, or maybe they went to the fights tonight."

Whereupon he had his picture taken, pointing at the bullet holes, and went home.

Police Improvement Noted

The Los Angeles press seems to love Sheriff Biscailuz. It seldom points to the fact that it's in his bailiwick that things are wide open, free and easy. Of course, there may be a reason for this love. Not long ago the sheriff threw a party at the Eastside Brewery, with a youngswoman present. There also was plenty of bourbon and filet mignon. Just how the sheriff could afford such a party remains a mystery, but his objective was no mystery.

"We've all been in this thing together for a long time," he said, in a little speech of welcome. "So remember your old friend Gene Biscailuz if things start popping. And remember we've always been friends."

A few days later 200 deputy sheriff badges were handed out to the press.

No wonder, when General Worton took over the Los Angeles police and started cleaning up, he was razzed by certain newspapers. He hadn't learned the trick of passing out filet mignon, bourbon and deputy sheriff badges.

The ex-Marine Corps general leads a lonely life, but it's beginning to pay dividends. Every night after supper he makes a surprise inspection of a police station. Every day he is getting better morale, more loyalty, and more work from his men. Many of the Los Angeles police force are now ex-veterans and, although green, take their work seriously.

Worton's greatest problem is the fact that under Civil Service rules he can hold office only four months. This rule was adopted to keep politics out of the police force. But now the politicians and the mobsters are falling back on it to keep off their necks for more than a temporary period the greatest cleanup servant Los Angeles has ever seen.

**Cap Curls To Save Wave In Shower**

By ALICIA HART  
NEA Staff Writer

One of the best gifts of plastic to the modern woman is the shower cap that keeps curls dry and uncrushed.

Any shower-baker who still struggles with a conventional light-fitting bathing cap isn't hep to the advantages offered by an ampler

This girl caps her curls in plastic to keep her coiffure dry and perfectly set.

cap of transparent plastic. Easier to slip on and off, plastic shower caps will even allow a nicely set coiffure to emerge unscathed from the destructive effects of bathtub moisture.

The woman who caps her hair in refrigerator bowls with plastic "bonnets" can, of course, swipe one of the larger ones for her own head. If she hasn't a regular cap, one of the refrigerator variety will protect her hair in bath or shower.

The roll of transparent plastic which many women keep on hand for household uses can be used to get enough of the material to make a head scarf. This can also be used. If it's snugly wound and tied around the head, to keep curls dry in a shower bath.

**McMurry College Sets Business Conference**

ABILENE — McMurry College will stage its first annual Business Conference December 2 and 3 in the Windsor Hotel here.

"Improvements in Techniques and Procedures in Business Instruction and Office Management" will be the general theme of the conference.

Dr. Clyde Blanchard, noted authority on business subjects, will be the conference speaker.

Dr. Karl E. Ashburn of McMurry College is the conference director.

**Electric Cooking School Slated Monday And Tuesday Nights Here**

Thanksgiving and Christmas dinners in Midland will be the best and most delicious ever if menus and instructions given in the Electric Cooking School here Monday and Tuesday nights are followed by those attending the course.

The classes will be held at 8 p.m. on both Monday and Tuesday nights in the auditorium of the Junior High School on West Texas Street. The school is sponsored and staged by the Texas Electric Service Company in cooperation with 11 electric appliance dealers of Midland.

The public is invited and urged to attend one or both nights. Sponsors urged men as well as women to join in making the cooking demonstration the largest and most successful ever staged in West Texas. The course is absolutely free of charge or obligation, sponsors said. Electric kitchen appliances will be used in the demonstrations and displays.

William H. Harrison will be the instructor and demonstrators. Both are experienced in this line of endeavor.

R. L. Miller, district manager of the Texas Electric Service Company, said Saturday plans for the event have been completed and that everything is in perfect readiness for the schools. Sam Salt, commercial manager for the firm, will be master of ceremonies.

Electric appliance dealers joining in sponsoring the cooking school are Western Appliance, Inc., Midland Hardware and Furniture Company, Wemp's Music and Appliance Store, Electric Appliance Service Company, Pieper's Appliance Company, Wes-Tex Equipment Company, Caffey Appliance Company, Cox Appliance Company, White's Stores, Inc., Basin Supply Company and Western Auto.

Awards will be presented both nights.

Sponsors said the course of study will include suggestions for and preparation of the Thanksgiving and Christmas feasts. Complete menus will be offered, including such old-time favorites as roast pig and cranberry pudding.

Roast half turkey is the Thanksgiving feature and roast pig is the Christmas menu meat dish.

The homemaker will have no difficulty in preparing the holiday meals if the free advice offered at the school is followed, the instructors stated.

Recipes for the complete menus will be distributed at the classes.

Representatives of the sponsoring firms said the electric cooking school is the special event for which Midland citizens have been waiting.

### Forty-Niners Make Guest Night Plans

Plans for adding new members made at a meeting of directors of the Forty-Niners Square Dance Thursday night. The group met in the home of Mr. and Mrs. Clarence Cardwell.

It was decided that each member will bring one guest to the next meeting, December 8. The regular meeting Thursday was postponed because it would have been on Thanksgiving night.

The December 8 meeting will be a Square Dance Jamboree at 8 p.m. in the Midland Officers Club.

**PATIENT ADMITTED**  
Jack DeBarbie was admitted to Western Clinic-Hospital Friday night as a medical patient.

**MONDAY**  
Children's Theater, Group I, will meet at 4 p.m. in the City-County Auditorium.

Rebekah Lodge will meet at 7:30 p.m. in the Odd Fellows Hall.

Ceramics Group of the Midland Palette Club Art Center and the American Association of University Women will meet at 7:30 p.m. in the Palette Club Studio.

Asbury Methodist Woman's Society of Christian Service will meet at 1 p.m. in the church for a covered dish luncheon.

Midland Youth Center Council will meet at 7 p.m. in the center.

## + Coming Events +

will meet at 7 p.m. in the center.

First Presbyterian Women of the Church will meet at 2 p.m. in the church for visiting. The weekly square dance will be at 7:30 p.m. in the Fellowship Hall.

Trinity Episcopal Woman's Auxiliary will meet in guilds as follows: St. Catherine's at 9:30 a.m. with Mrs. Hal Rachal, 401 North Loraine Street; St. Margaret's at 3:30 p.m. with Mrs. Preston Lea, 609 West Cuthbert Street; St. Cecelia's at 3:30 p.m. with Mrs. Ralph Lowe, 1801 West Missouri Street; and St. Clare's at 3:30 p.m. in the home of Mrs. John P. Butler, 1603 West Holloway Street.

Eastern Star covered dish supper will be at 6:30 p.m. in the West Elementary School Cafeteria.

First Methodist Woman's Society of Christian Service will meet in circles as follows: May Tidwell at 9:30 a.m. with Mrs. Jack Doran, Andrews Highway; Bell Bennett at 3:15 p.m. with Mrs. C. R. ### High School P-TA Invites Parents To Open House Hour

A deferred observance of National Education Week, which other units marked early this month, is planned for Tuesday night by the High School Parent-Teacher Association. The association will have its observance on its regular November meeting date.

Open house for parents of high school students will be held, with all departments of the new school plant open for inspection. Teachers will be in the various rooms to meet parents, and work of the pupils will be on display.

Preceding the open house period will be a short program and business session in the Band Hall, beginning at 7:30 p.m. Students from the speech department, directed by Miss Verna Harris, will present a demonstration of dramatics.

**Participating Students**  
The participating students will be Ann Arick, Wayne Bailey, Joe Barnett, Virginia Breedlove, Margie Carter, Toya Chapelle, Arnold Drake, Ronnie Estel, Marjahn Forrest, V. Jean Fuglaar, Carol Glahn, Wanda Hankla, Harry Harrison, Billie Love, Roy Mann, Maggie Murphy, Nancy McKinley, Jo Ann Nelson, Betty Parker, Owen Roberts, Dais Thompson and Tim Williams.

Charles F. Mathews, principal of the school, will be in charge of the program. Students of the home-making department will serve refreshments to all the visitors.

### Midkiff's Condition Reported 'Improved'

The condition of Herd Midkiff, Midland rancher, who has been seriously ill, was reported "slightly improved" Saturday.

He is in Shannon Hospital at San Angelo.

**CITY COUNCIL TO MEET TUESDAY NIGHT**  
Members of the City Council will meet in regular session at 7:30 p.m. Tuesday in the council chamber in the City Hall, City Manager W. H. Oswalt said Saturday.

First National Bank Telephone Number changed to 4770.—(Adv.)

### Complete Dinners Will Be Prepared At Cooking School

Two complete dinners will be prepared at the Electric Cooking School to be held in the John M. Cowden Junior High School Auditorium Monday and Tuesday nights.

Mrs. Roy Tillman and Mrs. William H. Harrison will give the demonstrations, beginning at 8 p.m. each night. There is no charge for the school and both men and women are invited.

A Thanksgiving dinner will be prepared Monday night and the Christmas dinner during the Tuesday session.

The school is sponsored by electric appliance dealers of Midland.

**Thanksgiving Turkey**  
The Thanksgiving menu includes roast half turkey with onion stuffing and giblet gravy served with orange yam puffs, buttered broccoli and glazed carrots. Hot rolls with butter will be used for bread, and extras will include spiced pears, celery whirls and stuffed olives. A simple fruit salad will be used with this rather heavy dinner and the ever-present pumpkin will be served in the form of hot tarts for dessert. After-dinner coffee also is on the menu.

A suggestion for an extra-special party is hot grape juice with simplified refrigerator cookies.

**H-SU Sophomore, 58-Years Old, Is Ministry Student**

**ABILENE**—Victor Ortiz, 58-year old sophomore ministerial student at Hardin-Simmons University from San Antonio, has sent four of his children through college. Now he is working for a diploma himself.

Until after 1935, Ortiz was not able to read and write. So, from '35-40 he went to night school three hours every night, after working all day.

Ortiz had circulated the petition to start the night school in that section of San Antonio, and by 1940, there were 937 adult students enrolled.

**College Degrees**  
Not content with their high school diplomas, Ortiz helped send his children to receive their college degrees. A daughter, Mary, went to Southwestern and now is a registered nurse; a son, Joe, graduated at Texas University as a mechanical engineer; another son, Arthur, received his architectural engineering degree from Texas A&T. From St. Mary's University in San Antonio, his other daughter, Vera, received her lab technician rating.

The twins, Stella and Evangeline, who decided to go to beauty school, now have a shop in San Antonio. It was a long gap to bridge for Victor and his wife when they started to college at Hardin-Simmons in 1946 on a scholarship, and Ortiz is determined nothing shall stand between him and that longed-for sheepskin.

**RENEW YOUR FLOORS YOURSELF!**  
with RENTAL FLOOR SANDERS

### Ministers Will Have Charge Of Rotary-Lions Meet

Midland ministers will be in complete charge Wednesday noon at the annual joint Thanksgiving meeting of the Lions and Rotary Clubs in the Crystal Ballroom of Hotel Scharbauer.

The Rev. Clyde Lindsay, pastor of the First Christian Church, will be the principal speaker. He will be introduced by the Rev. Howard Holwell, pastor of the First Methodist Church. Mr. Lindsay is a past president of the Lions Club, and Mr. Holwell formerly headed the Rotary Club.

Dr. R. Matthew Lynn, pastor of the First Presbyterian Church and president of the Midland Kiwanis Club, will preside. The Rev. Robert J. Small, rector of the Trinity Episcopal Church and a Kiwanian, will be the Talltaster.

The Rev. Vernon Yearby, pastor of the First Baptist Church and a Lion Club member, will lead the singing. The Rev. Francis Taylor, pastor of the St. Ann's Catholic Church, will give the invocation. He belongs to the Optimist Club.

The program was announced Saturday by H. Winston Hull, program chairman for the Lions Club. The Rotary Club met jointly with the Lions Club on the day preceding Thanksgiving for many years, since the regular Rotary meeting day falls on Thanksgiving.

Roy Minear, Lions president, and Hilton Kaderli, head of the Rotary Club, urged all members and friends of the two clubs to attend the Wednesday session.

The ancient Normal Capital of Rouen was France's first seaport.

Fourteen-year-old Dale Graf's faithful dog, Butch, guards him so fiercely that the boy's mother can't even approach his hospital bed until Dale tells Butch it's okay. The Sioux Falls, S. D., boy has a brittle bone disease and has suffered so many fractures he has lost count. This is about his 150th.

### Texans In Washington—

## Texan, 68, Travels 100 Miles Each Day Between Farm And Job In Capital

By TEX EASLEY

WASHINGTON—(P)—A dynamic 68-year-old Texan in the Agriculture Department, not satisfied with one full-time job, commutes more than 100 miles daily so he can manage his 360-acre dairy farm near Harpers, Ferry, W. Va.

He is Dr. Bonney Youngblood, for 42 years a leader in federal agricultural research and experimental work.

Born July 31, 1881, on a stock farm near Milano, Milam County, and a graduate of Texas A&M College in 1902, he fits the saying "you can take the boy out of the country but you can't take the country out of the boy."

He welcomes all Texans into his office in the huge Agriculture Department Administration building, and before you know it he is reeling off one interesting experience after another that he has had in Texas.

Shortly after he was graduated from A&M, he became manager of the 5,000-acre Smith farm and ranch near Sherman. He worked there for a week as an ordinary farm hand before the owner learned of his qualifications and put him in charge.

He was principal of public schools in Henderson and Mineola between 1903 and 1906. He married Lotus Shamburger of Mineola in 1907 and then came here to join the Agriculture Department.

His first major assignment was a three-year study of the geology, soils and climate of Texas, Oklahoma, New Mexico and Arizona. Dr. Youngblood became director

of the Texas Agricultural Experiment Station system Aug. 14, 1911 and continued in that post until 1928.

During that period he acquired a master's and a doctor's degree. In 1914 he joined the ranks of those listed in "Who's Who," and since 1921 has been recognized in "American Men of Science."

In 1925 he established at Spur the first state soil and water conservation experiment station. His work in Texas also included establishment of the ranch experiment station near Sonora, the Lower Rio Grande Valley Citrus Experiment Station at Weslaco, and the irrigation station at Wichita Falls.

During the last 20 years he has inspected the work and expenditures of such agricultural experiment stations throughout the nation and in Puerto Rico.

Rapid-Fire Talker  
The strapping six foot two inch Texan speaks at a rapid clip and with gestures.

"Three years ago I found this dairy farm I've got up there at Harpers, Ferry," he said.

"It's got some real limestone land like that down in Texas where I grew up. There's none finer anywhere. They first told me I wouldn't find any located anywhere in this area, but I kept on the lookout until I did."

He spends an hour each way on the train every day, and makes a 10-minute taxicab ride between the depot and Agriculture Department.

"But it's sure worth it," he added. "In fact, that's two hours I get in some real rest and relaxation. And it's mighty fine to get home to a real country place like that where my wife is waiting for me."

Around The Capital  
A former resident of Windom, near Bonham, visited the other day at the office of House Speaker Sam Rayburn. He was Peyton Wheeler, a graduate of SMU, now a researcher in paints and varnishes at the Southern Research Institute in Birmingham, Ala. He has been here working with the Navy in developing paints which are more resistant to salt water.

Texas State District Judge Frank Ikard of Wichita Falls and William McGill, executive secretary to Governor Allan Shivers, have been here in their roles as governors of the American Red Cross. They attended a meeting of such officials from all parts of the nation, discussing budget and other problems of the Red Cross for the next year.

Judge Ikard and two other Wichita Falls attorneys, Elmer Parish and Philip Kouri, were presented for admission to the Supreme Court Bar by Rep. Ed Gossett (D-Texas).

Miss Gloria Valdes of San Antonio, a secretary to Rep. Paul Kilday (D-Texas), is to be married here on Thanksgiving Day to Richard Twomey of Washington. The ceremony will be held in St. Matthew's Cathedral.

Miss Emma Meiller of Tabor, near Bryan, a secretary to Rep. Olin Teague (D-Texas), returned from a visit home wearing a diamond ring. She is to be married next June to Curtis Vincent of Bryan. It will be a double ceremony. Her sister, Ruth Meiller of Tabor will be married at the same time to Louis Fridel of Bryan.

Serving In Peace—

# Legion Post Has Enviably Record

Christmas Seal Month Designated

Gov. Allan Shivers Saturday issued an official memorandum urging the people of Texas to be "generous" in their support of the 1949 Christmas Seal Sale of the Texas Tuberculosis Association and its affiliated county associations. The Seal Sale opens Monday and continues through December 25—the period officially designated by Governor Shivers as Christmas Seal Month. In issuing his official memorandum the governor said: "The more we support the work of tuberculosis associations, the closer we shall be to victory over tuberculosis in Texas. Since the annual Christmas Seal Sale constitutes the sole support of state and local associations, we take an active part in the fight against this disease every time we buy and use Christmas Seals."

Woods W. Lynch Post No. 19, American Legion, which in past years has set an enviable pattern for other posts in West Texas appears headed for additional recognition in its 1950 membership effort.

The Midland post received the 16th District plaque at Fort Worth this year for the largest percentage of increase in 1949 membership and to date leads other posts in the district in 1950 membership, which totals 250.

## Boy Scout Finance Campaign Plans Made In Midland Meeting

Plans for the annual finance campaign of the Buffalo Trail Council, Boy Scouts of America, were developed Thursday night at a meeting of the council finance campaign executive committee held in Hotel Scharbauer here.

Dates of the campaign were set for February 5-28, with the advance gifts section to start January 5.

The campaign will cover the 17 counties of the council with the exception of communities where funds are raised through combined agency drives or Community Chests. The council budget for the fiscal year is \$80,786. No dollar quotas are set for any community or district since the council operates on the policy of trying to see at least 10 per cent of the population.

The council is organized into 10 districts and each has a district campaign chairman. They are G. D. Foster, Colorado City; M. D. Ivey, Rotan; C. R. Smith, Odessa.

The hall, located at 260 South Colorado Street, is the pride of the post and will stand comparison with the best in West Texas.

Has Large Auditorium Although not elaborate, it is well constructed, has two stories and an auditorium which on occasion has accommodated as many as 500 persons. It is equipped with a stage and many organizations rent it for various activities.

This helps the post in retiring the indebtedness incurred in constructing the building.

Construction of the hall was begun in June 1947 and was completed in February 1948. Many patriotic-minded persons gave donations and some money was borrowed to get the structure built.

Before the hall was built the post met in the courthouse for many years.

The Midland post was the 19th to be chartered in the United States district which is another considerable distinction considering that now there are many hundreds of Legion posts.

The auditorium has been booked solidly for a wide variety of programs by different clubs and organizations until Jan. 1, 1950, with the exception of five nights, Heath said.

On Non-Profit Basis A commissary is operated in the hall strictly for Legion families. This setup was started last February and is operated on a non-profit basis.

Upstairs is a club room which is in constant use.

Service work heads the activities of Woods W. Lynch Post. This includes the advising of veterans on various matters and assistance in getting hospitalization, claims and other benefits for the veteran.

H. C. Cope is the service officer and the post is sending him to D'Isle next month for a training course in a service school.

Many stranded veterans are given a temporary lift by the post in the way of providing meals, lodging and other necessities.

Family night is held monthly and free food and amateur entertainment is provided.

Regular meetings are held on the first and third Tuesday of the month at 8 p.m.

Each Summer the post sponsors a Junior American Legion baseball team and this youth program has received high praise from many a Midland parent.

A bus was purchased last Summer by the post and it is available to any organization for the transportation of children groups anywhere for a worthwhile purpose.

The hall is governed by a board of trustees composed of Q. M. Shelton, O. A. Kelly, Floyd Rhoden, Joe Buttry, J. O. Partanen and the post commander, Red Steele.

Officers Are Listed Present officers, in addition to Steele, are Rhoden, adjutant; Shelton, first vice commander; John Y. Francis, second vice commander; Joseph A. Seymour, third vice commander and judge-advocate; Allen, finance officer; Cope, service officer; J. R. Damron, chaplain; Charles V. Romer, historian; H. S. Glenn, child welfare chairman, and H. C. Hannaford, sergeant at arms.

A firing squad, with Hannaford in charge, and a color guard are provided by the post on all patriotic occasions which demand these services.

The post adjutant, Rhoden, was honored recently at the 16th District convention at Sanderson by being reappointed as district adjutant.

Woods W. Lynch Post faces one of the busiest years of its existence in 1950 and a glance at its complete list of activities is enough assurance that it is living up to its slogan of "In Peace As In War—We Serve."

Your daughter will want one of the beautiful sub-teen sweaters at Kiddies Toggery, 109 North Martinefield.—(adv.)

## All Susan Expects From Santa Is Doll, Soda Pop

Susan Juzwiak and Yuletide target: No more beer for her.

KANSAS CITY, KAN. —(NEA)—When Santa sorts out his mail he will find a letter from a seven-year-old girl who wants only "a doll and some American soda pop." Susan Juzwiak was only a toddler when she was fed beer regularly in a German labor camp.

Her parents gave it to her because there was little food and no milk or fruit juices. "I like beer," she exclaims in the same way most American children say, "I like candy."

But now little Susan, who came to America as a Polish Displaced Person last May, is beginning to like the new, strange-tasting soft drinks. She is fascinated by the "pretty water."

Like hundreds of other former DP children who will experience their first American Christmas, Susan is looking forward to seeing a Yule tree with tinsel and bright lights for the first time. Last Christmas she got a glimpse of a tiny, unlighted tree at the DP camp in Germany. The only "ornaments" were an apple or some article from a CARE package.

Susan never had owned a doll of her own—at least not in the American sense. An old piece of fabric, tied with string and crudely embroidered "face," was the only "dollie" she ever had.

If Susan doesn't get just the kind of doll she wants from Santa, she'll understand. Her father, the only one in the family household who is employed, explained that Santa also must bring gifts for the five adults and Susan's 12-year-old sister, Christine, all of whom occupy the same four-room apartment in Kansas City.

Susan's father, Walter Juzwiak, a veterinarian, worked for a month as a dishwasher in Philadelphia, but now is a U. S. meat inspector in a Kansas City packing plant.

Little Susan was only 18 months old when her family was forced by the Germans to leave their home in Stanislawow in what was Poland before 1939 and now is known as the Soviet Ukraine.

She will adore a new taffeta or velvet dress for Christmas if it comes from the marvelous selection at Kiddies Toggery, 109 North Martinefield.—(adv.)

McCAMEY — With Mrs. N. C. House as chairman, members of the Home Demonstration Clubs held a session on fruit cake canning in the Park Building Tuesday and Wednesday. Ingredients for the cakes were mixed in their homes, and then taken to the building for pressure canning.

A covered dish luncheon was served Tuesday. Those present were Mrs. F. C. Reimers, Mrs. J. M. Poe, Mrs. C. K. West, Mrs. H. H. Rains, Mrs. J. L. Werst, Mrs. Chester Dugger, Mrs. Pete Hogg, Mrs. J. B. Henderson, Mrs. Hook, Mrs. O. K. Furr and Mrs. Lois Brown.

MRS. SLATER HOSTESS FOR FRIENDSHIP CLUB CRANE — Mrs. W. G. Slater entertained the Friendship Club in her home recently. Mrs. George Clark won high score in games of 42. Mrs. Jessie Wesberry consolation and Mrs. Quay Clark the traveling prize. Guests of the club were Mrs. John E. Clark, Mrs. John Hays, and Mrs. Jack Mathis. Other members present were Mrs. Ted Green, Mrs. W. D. Gooch, Mrs. Jewel Mulvey, Mrs. Clyde Orr and Mrs. M. E. Lear.

SURPRISED ON BIRTHDAY MCCAMEY — Susan Rowell was honored with a surprise buffet supper on her birthday Tuesday. Wanda Fleming entertained in her home in the Humble Camp, and after supper the group attended the movies. Guests were Pat Harris, June Tennyson, Ima Jean Price, Barbara Simmons and Sylvia Partin.

### Banquet And Parties—

(Continued From Page One)

Mrs. Hanley, Mr. and Mrs. R. G. Taylor, Mr. and Mrs. Jack White, Mr. and Mrs. Cecil Sneed, Those from Andrews were Mr. and Mrs. Walton Creech and Mr. and Mrs. O. L. Carter, Mr. and Mrs. Starling, Mr. and Mrs. Allen Sherrod and Mr. and Mrs. E. U. Davis attended from Seminole.

Mr. and Mrs. R. E. Durrett, Mr. and Mrs. J. E. Parker and Mr. and Mrs. J. J. Willis were here from Odessa, and B. W. Coolidge and C. R. Richman, from Bronck, Harrold Waddell was a guest from Port Arthur.

Mr. and Mrs. Winder, Mr. and Mrs. O. E. Berry, Mr. and Mrs. E. K. Morgan, Mr. and Mrs. R. L. Bailey and Mr. and Mrs. J. T. Weathered were Denver City guests.

**Midland Guests**

Others attending were W. W. McGrew, son of Mr. and Mrs. W. I. Pratt, Mr. and Mrs. J. C. Smith, Mr. and Mrs. John P. Butler, Mr. and Mrs. J. C. Ruffin, Mr. and Mrs. Westley Perkins, Mr. and Mrs. R. L. Fitzgerald, Mr. and Mrs. E. M. Bryan, Mr. and Mrs. J. J. DeBarbie, Mr. and Mrs. W. N. Keisling, Mr. and Mrs. Alfred E. Walker.

Mr. and Mrs. C. D. Willingham, Mr. and Mrs. Adrain Hellums, Mr. and Mrs. John D. Purl, Mr. and Mrs. Ray W. Graham, Mr. and Mrs. Harvey C. Powledge, Mr. and Mrs. R. E. Baker, Mr. and Mrs. Frank Miller, Mr. and Mrs. Frank Gatterfield, Mr. and Mrs. E. B. Young, Mr. and Mrs. Vernon O. Herring, Jack Jones, W. H. Sellers, James Wooley, Mr. and Mrs. H. A. Tuma, Brownie Butler, R. M. Gray, Mr. and Mrs. Ruby B. Preston, Mr. and Mrs. James Bostwick, Mr. and Mrs. Truman Whiteaker and Mr. and Mrs. D. W. McCormick.

Several other parties have been given for the McGrews by their friends. Mrs. J. C. Smith and Mrs. W. I. Pratt entertained with a coffee for Mrs. McGrew recently in the Smith home.

Yellow and white chrysanthemums in a silver bowl were used for the centerpiece of the serving table, which was covered with a cutwork cloth. Mrs. McGrew's corsage was of red roses and the house party's flowers were brown chrysanthemums.

Members of the house party were Mrs. Tom Bobo and Mrs. Leonard Proctor who poured, Mrs. J. M. Speed and Mrs. Barney Grafs, who greeted guests at the door, and Mrs. Hugh West.

The guest list included about 35 persons.

Mr. and Mrs. Pratt were hosts at a bridge party for the McGrews in their home. Chrysanthemums were used throughout the house for decoration.

Guests were Mr. and Mrs. J. M. Speed, Sr., Blanche Sisk, Mr. and Mrs. Percy Bridgewater, Mr. and Mrs. West and Mr. and Mrs. Grafs.

The women at the Atlantic Tank Farm entertained for Mrs. McGrew recently and presented her with a farewell gift.

The party was in Mrs. Lucius Bryan's home and yellow and orange chrysanthemums and Fall flowers were used throughout the house.

Guests were Mrs. E. M. Bryan, Mrs. Sid Binion, Mrs. W. N. Keisling, Mrs. H. C. Powledge, Mrs. H. A. Tuma, Mrs. Hugh West and Mrs. R. E. Baker, all of whom live at the tank farm.

### Beauty Revue For Babies Is Slated Monday

A big program by small participants is planned for Monday night, when the Baby Beauty Judging is scheduled in the Better Baby Program sponsored by the Rebekah Lodge. The judging will be staged in the City-County Auditorium, with the public invited.

The program is a preliminary to the baby coronation pageant set for December 1, when winners in the six age divisions of the Monday night judging will compete for audience applause and the titles of Miss Midland and Master Midland '49.

Six official judges, whose names are to be announced at the program, will score the babies on natural beauty of form and features, charm and personality, in the revue Monday night. The prettiest girl and the most handsome and manly boy in each of the age groups will be selected as the youngsters parade, dressed in sun suits, bathing suits, trunks, pinafores or diapers.

**Many Entries**

Children under the age of five are entered in the program. All the 187 entrants have been given physical examinations, which ended Friday.

Loving cups and trophies which will be presented in the Babyland Royal Court Pageant on December 1 are on display now in the window of the Dunlap Store. The youngsters will wear royal robes and eighteenth century costumes in the pageant, where they will be designated as members of the court. Pupils of Nadyne Griffin's Dance Studio will entertain the queens and kings and their attendants in the pageant program.

### Sits For Portrait

Patti Peck, daughter of Mr. and Mrs. Hal C. Peck, is pictured in this portrait, a pastel study which was completed early this month by Edwin R. Weiner, who has been painting and displaying a collection of his portraits in Midland the last few weeks. The portrait features the colors of Patti's brown hair and eyes and the pale yellow dress and ribbon she was wearing as she sat for the painting.

### J. P. Gibbins Host To Sheriff's Posse

J. P. (Bum) Gibbins was host to members of the Midland County Sheriff's posse at a luncheon Friday at the Midland County Club.

Approximately 45 persons attended.

Six new members were inducted into the posse. They include Clarence Scharbauer, Jr., John Freetag, Jr., Jack Wallace, Dr. T. J. Melton, John Dublin and Buster Cole.

Sheriff Ed Darnell swore in all posse members present as special deputies.

George Glass was a special guest. Plans were discussed for a meeting place for the posse and for stables.

### Club Girls Taught To Make Cookies

Cookies for Christmas and other occasions were made at the meeting of Junior High 4-H Club Friday in the school building, as Mrs. Nettie Messick, county home demonstration agent, and Mrs. W. D. Roberts, assistant agent, taught the girls to use a cookie press.

They made pink and green cookies in the shape of Christmas trees, butterflies and flowers. Announcement was made that the club will not meet next Friday because the annual Harvest Banquet for all county 4-H clubs will be held that night in the Scharbauer Hotel.

Members present were Audrey Young, Betty Roberson, Wanda Jean Towery, Juanelle Culbert, DeAnn Belcher, Thelma Sage, Sara Jean Maverick, Jane Park, Patsy Duane Wilson, Beulah Collier, Melba Lee McDaniel, Wanda Lou Williams, Patricia Alvenia Settles, Martha Nelle Chastain, Annie Ruth Stanton, Shirley Polston, Doris Haase, Carol Landwermyer and Anita Joy Wilson.

**LEAVE ON TRIP**

Mr. and Mrs. E. L. Mueller and daughter, Barbara, 2305 West College Street, left Friday for a three-week vacation trip to Northern Montana, Wyoming, Seattle, Wash., and Los Angeles, Calif. They will visit relatives while on their trip.

### Mrs. Hodge—

(Continued From Page One)

speaker of the Texas House of Representatives, gave the address "State Government and Women" as his subject.

The daytime sessions of the convention Friday were devoted chiefly to reports. Standing committee reports in the afternoon included one by Ethel Foster of Sterling City club program planning, and by Mrs. Best on urban-rural cooperation.

Accomplishments of the various Federation departments were reported Friday morning and awards were made, including the presentation of a picture which was accepted by Mrs. John Casselman, delegate, for the Modern Study Club of Midland. It was the prize given the club as winner in the Penny Art competition in District Eight.

**Editor Is Speaker**

The only convention dinner was that of Thursday night, which had the theme of "Texas—Yesterday, Today and Tomorrow." Wes Izzard, editor of the Amarillo News-Globe was the principal speaker with the subject, "World Opportunity, Old and New."

Mrs. J. U. Fields of Haskell paid tribute to past presidents of the Texas Federation, and Mrs. John O. Douglas of Houston to pioneer clubs of the Federation. Mrs. Hodge spoke of club work around the world as she gave "A Salute to Texas Clubwomen Today." She wore for this dinner a dress of portrait blue, the wide neckline with revers faced in silver brocade.

Izzard's address brought a series of impressions from his talks with residents of half a dozen European countries, with his conclusion that Europe presents today the picture of a weary civilization, lacking in opportunity and incentive, where the people look to their governments for security and the governments look to the United States for security."

He added that while Europe has a reason for that looking to central government for security, the United States has not, and the main service which women of Texas can do for their children is to teach them to rely on themselves for their own security.

Governor Allan Shivers, in his brief greeting to the club women at the Thursday dinner, forecast Izzard's theme as he said "Texans must remember that they are the master of their government, and never let the government be masters of them."

He conferred honorary Texas citizenship on Mrs. Houghton. Another conferred at the dinner was the Decoration of the Order of Balboa from the Republic of Panama, presented to Mrs. Preston H. Dial of San Antonio, chairman of the department of international relations in the Federation of Thomas P. Conroy, Consul General of Panama. She was the first woman in the United States to receive this order, and the first member of the Texas Federation to be decorated by a foreign country.

### Agencies To Speed Flow Of Weapons

WASHINGTON — Two agencies have been created under the Atlantic Pact to speed the flow of weapons to the 12 member nations and to keep the arms program from straining their economies.

This action was taken Friday in a fast-working half-hour session of the Atlantic Pact Council, which consists of top diplomats from each nation in the alliance. Secretary of State Dean Acheson represented the United States.

The council set up a military production and supply board to determine what equipment, raw materials and production facilities are now available; and an economic and financial committee to help balance the arms program with other economic factors.

While the supply group will promote standardization and pass around technical advice on new weapons, officials said the United States will ship on "strategic weapons" to other countries for some time. That ban would include atomic devices, chemical weapons and very heavy bombers.

### Withers Vows—

(Continued From Page One)

crystal cut beads. She also wore a Juliet cap to match her dress and carried a colonial bouquet of light pink carnations.

Mrs. Withers wore a taupe silk crepe-falls dress and Mrs. Smith's dress was of teal blue crepe. Both wore lavender cattleya orchid corsages.

**Reception Held**

Mr. and Mrs. Withers were hosts at a reception immediately after the ceremony in the Cuyton home.

The cloth was embroidered with the appointments were crystal and silver. The two-tiered cake was on one end of the table. An arrangement of white asters with white candles on either side, was the centerpiece. White asters and gladiolus also were on the buffet.

### 'Have A Laugh' To Be New Feature In Reporter-Telegram

A new feature, "Have A Laugh," by Boyce House, Texas' best-known story-teller and after-dinner speaker, will start Monday in The Reporter-Telegram.

House, who resides in Fort Worth, is the author of four books of humor, including "I Give You Texas" and "Tall Talk from Texas," which rank No. 1 and No. 2 in sales.

Boyce House, a former West Texas newspaper man, is no stranger to the Midland territory as he has visited here often and has spoken in Midland a number of times.

### Italian Dancer Says Wedding Story False

ROME —(AP)— A honey-haired Italian dancer says the story that she is married to the exiled New York vice king, Charles (Lucky) Luciano is "just a joke."

But 28-year-old Igea Lassoni told inquiring reporters to ask Luciano about the report that Bill Dowdell, columnist of the Rome Daily American, published Friday.

Dowdell said both Luciano and Miss Lassoni at a wedding celebration Thursday night gave him permission to publish news of their marriage.

Miss Lassoni made her denial by telephone from Luciano's Rome penthouse. She has been his constant companion for three years—since he was deported from the U. S. after serving a 10-year prison term for white slavery. Miss Lassoni has made no secret of her desire to marry the greying 51-year-old Luciano.

Luciano, who is here on a 10-day police pass, could not be reached for comment. Several weeks ago he said rumors of his marriage were "a lot of bunk."

### Property Loss From Typhoon Is Estimated

GUAM —(AP)— Gov. Carlton Skinner Saturday estimated that Thursday's typhoon wrought \$1,600,000 in damage to civilian property exclusive of crop losses.

No estimate was made of the damage to military installations, which also were hard hit. The storm was said to have been the worst to hit Guam since 1918.

With maximum winds of 145 miles an hour, the typhoon's center passed only 40 miles south of Guam. Gusts of 125 miles an hour were recorded on Guam. There were no fatalities and only a few minor injuries.

South Dakota's Bad Lands are 5,200 square miles in area.

**Bring The Children — See Santa In Person IN MIDLAND — NOVEMBER 29th**

# DADDY RINGTAIL

## Daddy Ringtail And The Cloud Game

Bobby Ringtail, the monkey boy, was sick in bed on the day I'm going to tell you about; not very sick, but a little. Dr. Shooobus said that Bobby would be well tomorrow, if he stayed in bed all day. It was fun to stay in bed at first. The pillow felt good to Bobby's head, the way it always feels when you're not well, but Bobby wasn't sick enough to be happy in bed all day. He was lonesome for something new to do.

"Now, now," Daddy Ringtail said, "we haven't played our cloud game yet."

Bobby looked out the window and across the trees at the sky. The sky was a beautiful blue, as blue as the flowers that grew along by the Elephant Path in early Spring. Big white clouds were in the sky,

the kind that maybe you can see today, if you look up at the sky from your house.

"Look at that one over there," Daddy Ringtail said, and pointed with his hand. Bobby looked. "Do you mean that one that looks like a big white coconut?" he asked.

"That's the one!" Daddy Ringtail said. "Now watch it! Maybe it will change to look like a man!"

The wind was blowing, way up in the sky, and it was blowing the

## Men More Coy About Ages Than Females

DALLAS — If you think women are coy about their ages, listen to Southern Methodist University Registrar Leonard G. Nystrom. He says more male students than female failed to give their ages when applying for admission this year.

SHADES HURT HISTORY — READING, ENGLAND — (AP) — Lampshades are playing havoc with British history, Lt. Col. G. E. C. Malet, registrar of the national register of archives, told Reading University students. He lamented the custom of using "old deeds, with interesting examples of old writing and historic signatures and seals," to make lampshades. Every one of them "tears a rent, however small, in the history of our country," he claimed.

Justices use a private basement entrance to the Supreme Court Building in Washington.

## CARNIVAL

"Operation Mothball" protects the fleet okay from moths maybe—but how about from the Army and Congress?

## BOOTS AND HER BUDDIES

Harriet Fessenden, 514 North Main Street, an oil company employe, buys a magazine from Irby Weaver at his news stand in the Midland Post Office. Irby, 21-year-old graduate of the Texas School for the Blind at Austin, has been operating the stand about a year. Many Midlanders are his regular customers. He has amazing skill in making change and merchandise selection.

## A Happy Businessman Is Blind Irby Weaver, Who Has Post Office Stand

By BOB PRENTISS  
A happy businessman who will match dispositions with anyone in Midland is Irby Weaver.

Irby, 21-year-old graduate of the Texas School for the Blind, at Austin, is the proprietor of the news stand in the Midland Post Office. "Self-sufficient," "happy," and "courageous" are some of the adjectives applied to Irby by his friends and customers, who hear him singing and whistling as he arranges his stock and makes sales at his busy stand. Postmaster N. G. Oates says that Irby apparently has little trouble getting around the streets, and that sometimes his confidence in himself causes him to go too fast, with a fall or a sudden stop as a painful result. But he bounces back fast and keeps moving.

But Irby has been moving fast all his life. Born in New Mexico, he was raised at Clint, Texas. At birth, Irby had approximately 10 per cent vision, but lost that soon after birth. When he was three years old, he underwent operations four times for cataracts, and regained 10 per cent vision, which enabled him to distinguish faces and to read large print. However, at 13, an attack of influenza settled in his eyes and left him sightless.

For nine months of each year since he was six, Irby attended the state school for the blind at Austin, graduating from the twelfth grade in 1947. At school, he learned Braille system reading, and was trained in piano tuning and broom making. To gregarious Irby, the confinement of the work was not appealing.

Almost immediately after his graduation, he operated a news stand in the Federal Building in El Paso. From July, 1947, to October of 1948, then he came to Midland to take over the stand in the post office here.

The transfer was arranged by the State Commission for the Blind, which owns the stand—one of its operating in the state—and collects a percentage of the profits after setting up the business and installing the original stock.

**Makes Change Rapidly**  
Many customers at his stand apparently do not realize Irby's handicap, since he does not appear to be blind, nor will he wear colored glasses. At a call for cigarettes, Irby's practiced hand goes to the cigarette rack and comes up with the right brand without a bobble. And as a coin drops in the wooden bowl atop the stand, he begins making change as soon as his practiced fingers have told him the denomination of the coin. He prefers not to take bills of more than \$1, nor will he take checks.

Irby is philosophical about the small percentage of people who have shortchanged him. When asked how many people had tried, he said, "Oh, the percentage is too small to count. I don't think more than four or five people have cheated me since I have been here."

One series of incidents which might have caused sighted persons to lose faith in mankind occurred several months ago when someone—Irby thinks each of the four times was by the same person—passed a coupon from a can of coffee as a dollar bill. But Irby's philosophy, that most people are honest won't let him worry too much about it.

When asked about getting a "Seeing Eye" dog, Irby grinned and said, "That question has been asked many times. You see, there is a post office regulation which forbids keeping dogs in the lobby. And since it would be necessary to keep a guide dog with me almost all the time, it just isn't possible here."

But Irby's cane seems to serve as eyes almost as well as a dog might. Irby's grateful to Midland's city fathers for laying out the streets square, since it makes it so much easier for him to get around.

"It's much easier than El Paso," he said, "there the streets were at an angle, and the blocks were not regular. But people still wonder how I get around. I just go by the landmarks—a cracked sidewalk, or a hump—or I just know that I'm nearing the corner, and when my cane tells me I'm at the corner, I listen for the flow of traffic to 'read' the lights and know whether to go or not."

For recreation, Irby listens to the radio at his room at 212 South Big Spring Street, or reads Braille books which are sent to him by the State Library. He takes the Reader's Digest Braille edition, which was a gift to him. He wonders what will happen when his subscription runs out, since he doesn't know whether it is free to the blind or whether he will have to pay for renewal. Of the books he has read, "White Tower," a recent best-seller, was his first choice.

**Self-Supporting Citizen**  
Satisfied with his status as a self-supporting citizen, Irby Weaver wants no charity. Two things he would like. One—that youngsters would not hang around the stand and read his comic books for free and two—that his customers would drop their money in the wooden bowl on top of his stand when they make a purchase.

Of course, Thanksgiving and Christmas are coming, and Irby might like to go home, so if someone is driving to El Paso about that time . . . he can find Irby at his stand in the post office. A ride would be a nice Christmas present to him.

### Union Thanksgiving Program Announced

A program for a union Thanksgiving service in Midland has been announced.

The service will be held at the First Presbyterian Church at 10 a.m. Thursday, The Rev. W. R. Mann will preside.

There will be organ music as a prelude to the invocation and reading of the Lord's Prayer will be by the Rev. Robert J. Snell. The Rev. Jackson Fielder will lead the President's Proclamation. The Rev. R. Matthew Lynn will make announcements.

The Rev. Clyde Lindsey will read scripture. The Rev. F. W. Rogers will give a special prayer. There will be special music by the host church's choir.

The Rev. Howard H. Hollowell will bring the Thanksgiving message.

**Thanksgiving FOR US.**

For us, Thanksgiving Day is more than a commemoration of the occasion on which the Pilgrims gathered before an abundant board to celebrate the establishment of their firm footing in America. For us, Thanksgiving Day has become an occasion for pausing to count the blessings that have come to the peoples of America year by year, until today this National Holiday arrives annually as a milestone in the journey of progress launched by our forefathers.

And we, living today, are indeed fortunate to be able to partake of the tradition they established.
