Bad-Tempered Prisoner

Desk Sergeant Louis Davidson, who runs into all kinds of gruff people in the course of his duties, backs away from a bad-tempered prisoner atop his desk in a Kansas City police station. Even Patrolman Kenneth Peters is handling the penguin with gloves. The penguin was caught in an apartment house hallway and no one seems to know how it got there. A zoo official said the bird had been taken earlier from the zoo.

Rise Of Albert To Power Has Been Quiet And Sure

WASHINGTON (AP)—It's a long road from Bugtussle, Okla., to Washington, D. C. and virtually certain election next week as the next majority leader of the House.

Carl Albert, son of a coal miner, has traveled it in 53 years. On the way this product of a one-room Oklahoma schoolhouse won a Rhodes scholarship and a Bronze Star in the Pacific theater in World War II.

Since his election to the House in 1946, Albert's rise in its circles of power and influence has been quiet and sure. The withdrawal Wednesday of his only opponent for the office of majority leader, Rep. Richard Bolling, D-Mo., makes Albert's elevation a foregone conclusion.

Report Katanga Tried To Buy Its Recognition

WASHINGTON (AP)—The State Department says it believes the strange story of a million-dollar offer to Costa Rica if it would recognize Katanga as an independent nation, and believes further that a New York agent of President Moise Tshombe had a part in the maneuver.

The agent of the rebellious Congo province, Michael Struens, reports that the accusation is untrue as to himself and even if the story were true, he can't see why this country should be so concerned over diplomatic efforts of another government.

Aid Suspended?

VIENTIANE, Laos (AP)—The Laos national bank announced today it has suspended the sale of foreign exchange. The move immediately gave rise to speculation the United States had suspended financial aid to Laos.

Predicts Battle For Aid To Aged

WASHINGTON AP — Sen. Hubert H. Humphrey, D-Minn., predicted today that President Kennedy will "push very hard" in Congress for enactment of a medical aid program for the elderly.

This prediction by Humphrey, the assistant Senate Democratic leader, coincided with reports that National Chairman John M. Bailey has picked medical care as the top issue to be plugged by party candidates in this year's campaign.

has served as Democratic whip in the House. His effective handling of this chore of rounding up colleagues for important votes put him in line to move up a notch to Rep. John W. McCormack's job as majority leader as McCormack moves up to speaker.

Whittington Rites Friday

Funeral for Mrs. Martha Angeline Whittington, who died at 8:10 a.m. today in a local hospital, will be held at 4 p.m. Friday in the First Methodist Church with the Rev. Dewitt Seago, officiating. Burial will be in Trinity Memorial Park under direction of Nalley-Pickle Funeral Home.

Tarzan Tiff A Tempest In Teapot

DOWNEY, Calif. (AP)—"Was a tempest in a teapot; Tarzan was never in jeopardy at Downey school libraries."

Viet Nam Plan To Be Announced

WASHINGTON (AP)—The United States and South Viet Nam will announce tonight a joint economic program designed to stiffen South Viet Nam's resistance to Communist subversion.

Bones Identified As Mammoth

HOUSTON (AP)—The large bones found near a Houston bayou in November have been identified as part of a skeleton of an Imperial mammoth that died 18,700 years ago.

Senators Beat Down Adjournment Attempt

Then Recess Until Monday

AUSTIN (AP)—The Senate beat down today an attempt to end the third special session of the legislature at 5 p.m.

The Senate defeated 23-6 a sine die (final adjournment) resolution introduced by Sen. George Parkhouse of Dallas. Parkhouse had also tried Wednesday.

Parkhouse told the Senate "as of this morning Texas is in the red \$77 million. The governor . . . has made an ambition of keeping Texas in the red." He said it is "utterly useless to turn over \$300,000 to the highway engineers to advertise Texas."

The advertise Texas appropriations was one of Gov. Price Daniel's requests to the opening of the session.

Parkhouse said he did not believe it was necessary to pass an escheat (abandoned property) bill now. "The money in those banks will be there next year just like it has been since Daniel was the attorney general," he said.

Parkhouse said since he and Rep. Charles Ballman of Borger had announced they would attempt to end the session early, he had received numerous messages of support.

The six voting for Parkhouse's resolution were Sens. Parkhouse, Tom Creighton of Mineral Wells, Grady Hazlewood of Amarillo, Hubert Hudson of Brownsville, Preston Smith of Lubbock and Frank Owen of El Paso.

Ballman had said he was sure of being recognized in the House with his resolution.

ROLLS PRESENTED The Senate heard introduction of bills representing the subject presented to the session by Daniel, then quit until 11 a.m. Monday. Committee hearings on the Senate measures begin Monday morning with a hearing on more money for farm road maintenance at 10 a.m.

A two-thirds vote is necessary for Ballman's resolution to come before the House.

"I want it pointed out that this session is a waste of money. It is the use of tax money for political purposes," Ballman said.

Speaker James T. McCombs is known to be against any move to cut the one-day-old session short. "He's been extremely fair," Ballman said.

The House Committee on Banks and Banking scheduled testimony today on a Rep. Criss Cole's bill to regulate the small loan industry.

Rep. Grainger McElhany of Wheeler introduced a bill calling for \$15 million for farm-market road construction and maintenance in the next fiscal year. A hearing will be held Friday.

Legislation calling for \$300,000 in tourist advertising, \$100,000 for juvenile parole officers and \$150,000 to repair San Jacinto Monument was introduced by Rep. Joe Ratcliff of Dallas.

Banking bills included these: 1. Legislation giving banks authority to hold dormant accounts more than seven years if they advertise each year a list of these accounts. Deposits under \$25 would be turned over to the state after being advertised a year. Rep. Charles Hughes of Sherman is the author.

Military Chiefs Confer With President Seated around a table on the patio of the winter White House in Palm Beach, Fla., are President Kennedy and his key military advisors as they met to discuss the military outlook for 1962. Left to right are: Gen. Frederick H. Smith Jr., vice chief of staff, USAF; Gen. George H. Decker, Army chief of staff; Gen. Lyman L. Lemnitzer, chairman, joint chiefs of staff; Vice President Johnson; President Kennedy; Secretary of Defense Robert McNamara; Adm. George W. Anderson, chief of Naval operations, and Gen. David M. Shoup, commandant, U.S. Marine Corps.

Kennedy Concentrates Today On State Of Union Message

PALM BEACH, Fla. (AP)—President Kennedy concentrates today on weaving together his State of the Union Message—his accounting to Congress of what shape the country is in and what he believes should be done about it.

There were no engagements on Kennedy's program as he neared the end of his sojourn on Florida's society coast.

Contrary to previously disclosed plans, signs appeared that Kennedy would leave Palm Beach for Washington late Friday. An announcement on his travel schedule was expected today.

BULLETIN

KANSAS CITY (AP)—A severe weather forecast was issued today for parts of North Texas, extreme southeast Oklahoma, extreme southwest Arkansas and extreme northwest Louisiana.

The forecast: "A few tornadoes and scattered severe thunderstorms accompanied by large hail and damaging winds are expected in an area along and 120 miles south of a line from 20 miles north of Fort Worth, to 40 miles north of Texarkana, from 4 p.m. to 10 p.m. today."

Boyce House Is Laid To Rest

FORT WORTH (AP)—A blanket of yellow Texas roses covered the casket of Boyce House as funeral services for the Texas writer and humorist was held here Wednesday.

Crippled Ship Heads For Docks

ST. PETERSBURG, Fla. (AP)—The freighter Catalina is headed for repair docks in Tampa today after being towed into Tampa Bay with water leaking into her engine room.

The crippled ship was in danger of sinking in the Gulf of Mexico during the past three days when 10 feet of water flooded her boilers, shutting off power.

President's Words Public Property

WASHINGTON N (AP)—The White House said today speeches and statements by the President are public property even though they appear in a copyright book.

Albert's In As Leader; Demo Split Is Averted

WASHINGTON (AP)—Withdrawal of Rep. Richard Bolling, D-Mo., from the race for majority leader and tentative approval of a new policy committee have averted a possible session-opening split among House Democrats.

Bolling's statement Wednesday that he would not seek the majority leadership being vacated by Rep. John W. McCormack of Massachusetts left next week's caucuses of House Democrats without a controversial issue.

It cleared the way for unanimous selection of Rep. Carl Albert of Oklahoma as the party floor leader to succeed McCormack, who has no party opposition to replace the late Sam Rayburn as speaker.

McCormack's election at the initial House session next Wednesday may not even be contested by Republicans. Whether the GOP will go through with the formality of nominating Minority Leader Charles A. Halleck of Indiana for speaker may not be decided until early next week.

In any event, Halleck would have no chance of election, the vote traditionally being along straight party lines.

Portugal, Ready To Quit U. N., Had A Tough Time Getting In

By MAX HARRELLSON
Chief AP U.N. Correspondent
An Associated Press News Analysis
UNITED NATIONS, N.Y. (AP)—Portugal had a tough time getting into the United Nations. Now, after six years of membership, it is talking about getting out.
Repeated vetoes by the Soviet Union, starting in 1946, shored up the Lisbon government's applications for membership. Admission finally came in 1955-10

years after the organization was set up—as part of a package deal which brought in new members with divergent outlooks.
The six years of membership have been so stormy that few diplomats here were surprised when Premier Antonio de Oliveira Salazar let it be known Wednesday that “Portugal will surely be among the first countries” to quit the U.N. He set no date, however.
No nation ever has resigned from the U.N.

A poor relationship between Portugal and a majority of the United Nations virtually ruled out any possibility of U.N. action to help the Salazar government when India seized Goa last month. There was so little sympathy among Asian and African countries that Western leaders felt they would be fighting a lost cause if they tried to take the invasion before the General Assembly.
The breaking point came later this month when the assembly is expected to condemn Portugal for asserted failure to heed an earlier U.N. appeal for major reforms in Portuguese Angola.

In the current assembly session, Portugal was condemned for refusing to give information on self-governing territories, as required by the U.N. Charter. The vote was 90-3 with only Portugal, South Africa and Spain voting against it. Portugal's Vasco Vieira Garin denounced the action as a move which would “encourage international lawlessness.”
One of the byproducts of differences between Portugal and the United Nations has been a growing rift in the Salazar government's relations with the Kennedy administration. While the United States did take the lead in seeking Security Council action in the Goa case, it had voted for the Angola inquiry last spring. That touched off angry anti-U.S. demonstrations in Lisbon.
The coming assembly debate on Angola is expected to subject Portugal to one of the sharpest attacks ever directed at a member nation. This was foreshadowed last spring when African countries hurled charges of mass slaughter and brutality at the Salazar government and demanded the immediate independence of Angola. Guinea's Diallo Telli called Portugal “the world's defendant No. 1.”

Italy Extends Copyright On Verdi's Works

ROME (AP)—The Italian Parliament has extended the copyrights on Giuseppe Verdi's music for another year — and caused great rejoicing among a hundred old musicians in Milan.
They are the residents of the home for aged, indigent musicians founded in accordance with a bequest in the opera composer's will and built after his death in 1901. Verdi is buried on the grounds of the institution.

Each performance of a Verdi opera anywhere in the world means more money for the Giuseppe Verdi Rest House for Musicians — 4 per cent of the ticket sales. Italy's opera houses alone contributed \$36,285.80 in 1961.
Italian law set the Verdi copyrights to expire in 1951, 50 years after his death. A 10-year extension carried the copyrights through last year. A few days ago Parliament approved a proposal by Premier Amintore Fanfani extending the rights until the end of 1962. The extension becomes official with publication in the government's official gazette after the holiday recess ends.

The rest home is also supported by a \$32,000 annual stipend from the Italian government as well as royalties from performances of the operas abroad. Verdi's publisher, the Milan firm of G. Ricordi, also collects a 4 per cent royalty from each performance of the holder of the copyrights.
When the copyrights finally expire, the works will enter the public domain and royalties no longer will be paid either to the home or to Ricordi.
Verdi's operas are even more popular today than at his death, which might have surprised the composer.
Verdi said just before he died: “The copyrights on my operas will be enough to run the house for a few years.”

OIL NEWS

Wells Completed In Borden County

Two wells were completed in Borden County on today's report. Both are in established fields.
Russell Operating Co. No. 4-H-B R. H. Jordan was completed in the Fluvanna (Ellenburger) field and Pan American No. 33-A T. J. Good was potentialized in the Good, Southeast (Fusselman) field.
A Martin County explorer, Pan

American No. 1 Breedlove Operating is preparing to perforate the Spraberry at an unreported interval. The operator has plugged back from the Devonian which tested 15 feet of free oil on drill-stem tests.
Borden
Pan American No. 33-A T. J. Good flowed 290.41 barrels of 39 gravity oil through a 16-64 inch choke on initial potential in the Good, Southeast (Fusselman) field. Production was through perforations between 9,004-11 feet. The gas-oil ratio was 496.1, tubing pressure was 300 pounds and the well was acidized with 500 gallons. Elevation is 2,550 feet, total depth is 9,873 feet, it was plugged back to 9,826 feet, pay was topped at 9,804 feet and 4 1/2 inch casing is at 9,873 feet. Location is 679 feet from the south and 550 feet from the east lines of section 4-30, T&P survey.

Russell Operating Co. No. 4-H-B R. H. Jordan is a new well in the Fluvanna (Ellenburger) field. It pumped 160 barrels of 41 gravity oil from an open hole section between 8,442-72 feet. The hole is bottomed at 8,472 feet and a 4 1/2 inch string is set at 8,442 feet. Pay was picked at 8,496 feet. The form 1 on this well was filed by John J. Eisner. Location is C NW NW, section 668-97, H&T survey, on a 240-acre lease five miles northeast of Fluvanna.

WEATHER

SOUTHWEST TEXAS: Clear to partly cloudy today and Friday. Cooler tonight. Colder Friday. Low tonight 22-42. High Friday 48 in southwest to 52 in southeast.
NORTH CENTRAL TEXAS: Clear to partly cloudy today and tonight. Cloudy with widely scattered showers Friday. A little warmer in southwest and west central parts today. Colder tonight and Friday. Low tonight 30 in southwest to 45 in southeast. High Friday 63-65.
NORTHWEST TEXAS: Clear to partly cloudy today and tonight. Clear Friday. Turning colder northwest today and over area tonight and Friday. High today 30 to north Friday. Low tonight 15 in northwest to 35 in southeast. High Friday 30 to extreme north to 35 in southeast.

Romney Barred From Politics By Directors

DETROIT (AP)—George Romney, president of American Motors Corp., said Wednesday that directors of the company have “made it very clear” that they don’t want him to run for governor of Michigan this year.
Romney said the board disclosed his sentiments about his possible candidacy at a meeting Dec. 18 in New York.
The meeting was called, Romney said, to bring directors up to date on the competitive situation and other developments. His possible candidacy was one of the “other developments,” Romney said.
Romney, 54, said last month that he would not necessarily resign as AMC president if he runs. Romney is chairman of Citizens for Michigan and is a constitutional convention vice president. Romney is a Republican.

To The Rescue

After her performance she climbed into the speedboat and was brought back to the yacht. She had started the trip in pink slacks and a white sweater but quickly changed to a blue and white print bathing suit and a long-sleeved, black rubber jacket used by skin divers for protection. She wore no diving cap.

Jackie's Good On Water Skis

PALM BEACH, Fla. (AP)—Jacqueline Kennedy, who likes golf and horseback riding, is pretty good on the water skis, too. She showed ability Wednesday during a five-minute ride over gentle Atlantic Ocean swells while President Kennedy, Vice President Lyndon B. Johnson and high ranking defense officials watched from the presidential yacht Honey Fitz.
Shortly after the yacht left the dock at Lake Worth and pulled into deep water, Mrs. Kennedy started water skiing behind a speedy, black speedboat. At one point she maneuvered perfectly on one ski.
After her performance she climbed into the speedboat and was brought back to the yacht. She had started the trip in pink slacks and a white sweater but quickly changed to a blue and white print bathing suit and a long-sleeved, black rubber jacket used by skin divers for protection. She wore no diving cap.
The weather was clear and warm as the yacht spent part of the one hour and 55 minutes cruising in the ocean and the rest in the inland waterway.
The President, wearing sunglasses, a red sweater and slacks, relaxed on the afterdeck with his guests.

OPEN THURSDAY UNTIL 8 P.M.

BB, Rock Vandalism Continues In City

Reports of vandalism with BB guns and rocks continue to come to the Big Spring Police Department. More than 15 reports of car glasses, house windows, and plate glass store fronts being broken have been investigated since Christmas.

A report was made shortly after noon Wednesday by W. D. Lovelace, 404 Johnson, about a glass being shot out of his pickup while parked at 711 Washington Blvd. Another report was made about a boy throwing a rock through a plate glass window just outside the city Wednesday night.

Police Chief Jay Banks, said Thursday morning that there is enough feeling generated against the vandalism recently to cause serious trouble.

"Some youngster is going to catch a load of buckshot for damaging property some night and he won't be able to walk away with the load," he said. "It seems hard to think that somebody might get killed during, or following, an act of vandalism, but it could happen. There is a law to protect private property against vandalism and the person com-

mitting the act is just as liable for punishment as if he broke into a house. A resident has the right to protect his own property by whatever means available to him."

Banks also said that many minors are able to get intoxicating liquors and are driving cars, or causing disturbances, under the influence of the alcohol.

"We have had some parents

come to us saying that there is no reason why their boys shouldn't drink," he said. "They seem to feel that when a boy works like a man he should be able to drink like a man. What they don't seem to realize is that the boy who undertakes to drink like a man should do his drinking in his home. If he gets out on the streets in a car, or causes disturbances, or injures someone, the parents suddenly change their minds and insist that he is a minor and don't want him to be punished like a man."

"Some of the vandalism is being done by minors under the influence of alcohol, and some by just plain meanness," he continued. "Regardless of the reason, somebody is going to get hurt if it doesn't stop, and the police will not be in a position to help the victim. We had much rather arrest a boy who has destroyed private property than to have to call an ambulance too late. The simplest way to end all the trouble is for parents to take a hand to stop minors from getting in trouble."

Dick Powell, June Allyson Back Together

HOLLYWOOD (AP)—"You just can't break up after 15 years," says actor-producer Dick Powell.

The entertainer was explaining to newsmen Wednesday that it's no secret that he and his wife, actress June Allyson, have long since reconciled.

Miss Allyson, 38, was granted an interlocutory divorce degree last Jan. 31 after she charged extreme cruelty and testified Powell, 57, was "always tied up with business."

NCO Wives Club Sends In Gift

Another gift for the Christmas Cheer Fund has been received, and grateful acknowledgment is made to the NCO Wives Club of Webb Air Force Base. This organization sent in a check for \$5.

The money is being added to the Fund which provides toy repair and food distribution to poor children at Christmas time, and becomes an emergency fund in cases of illness and hunger among destitute families throughout the year.

Lyndon Due Gift Of Model Craft

BANGKOK, Thailand (AP) — Vice President Lyndon B. Johnson has a gift in store, a 1½-foot teakwood model of the boat in which he toured Bangkok's river front when he visited here last May.

The model was made by Tam Montri, whose father, boatman Tam Gimsawat, guided Johnson on his sightseeing and handshaking river tour. The youth delivered the model to the U.S. Embassy to be forwarded to the vice president, "in memory of Johnson's kindness," an embassy announcement said.

Powell said the couple soon will file briefs to set aside the decree. California law requires a one-year waiting period before a final decree is granted.

Powell said they have the same home and have been appearing in public together for several months, since Miss Allyson suffered a throat ailment. The diminutive actress has fully recovered after two operations, Powell said.

Miss Allyson commented, "It was a divorce that never should have been. Besides, both of us realized we had made a horrible mistake—that we loved each other. It was the children who brought us together again. Both Pamela (13) and Rickie (12) kept telling us we were both idiots. Dick and I finally got the message."

Col. Dudley E. Faver, Commander of the 3320th Technical Training School at Amarillo AFB, visited the Webb-based 420th Field Training Detachment and the 751A Mobile Training Unit recently.

He was briefed by Deputy Wing Commander Col. Donald W. Pennington, Lt. Col. Jack C. Price, 331st FIS Commander, and Captain James A. Hahn, FTD Commander.

Col. Faver toured the base, including the 331st area.

Col. Faver Visits Webb This Week

Col. Dudley E. Faver, Commander of the 3320th Technical Training School at Amarillo AFB, visited the Webb-based 420th Field Training Detachment and the 751A Mobile Training Unit recently.

He was briefed by Deputy Wing Commander Col. Donald W. Pennington, Lt. Col. Jack C. Price, 331st FIS Commander, and Captain James A. Hahn, FTD Commander.

Col. Faver toured the base, including the 331st area.

Activities Planned

Den 3 of the Coahoma Cub Scouts met Wednesday afternoon in the home of Mrs. Bob Achard to plan activities for the coming year. The January theme of "Knights of Yore" was introduced and the Cubs were told the story of Sir Galahad. The Cubs heard a report on distribution of the Christmas basket prepared by the group. Refreshments were served to eight Cubs.

Boy's Frozen Body Found

RATON, N. M. (AP) — The frozen body of Joe Darris, 13, was found Wednesday, ending a six-day search for the boy who with two companions disappeared last Thursday.

Three volunteers in a search party of more than 100 found the body about two miles from the point where volunteers found the frozen bodies of two brothers, Morris Salazar, 9, and Carlos, 7, on Jan. 1.

The spot is about 12 miles from Raton.

The boy's body was found under a tree. At the base of the tree, searchers found evidence that the boy had clamped a circle into the snow and earth.

The boys had been on a hike to a deserted cabin, which they walked by and apparently didn't see. An older boy, Billy Darris, 17, brother of Joe, was with the boys.

Billy walked out of the area Friday after spending the night in a cave.

Big Birthday Party Scheduled

About 300-375 patients at the Big Spring State Hospital will participate in a monthly birthday party Friday afternoon, according to Dr. Preston E. Harrison, superintendent.

All patients with birthdays during the month receive gifts and special recognition. Other patients then join in the festivities. Friday's party will be held at 1:30 p.m. on Ward 10-A and will be sponsored by the Fire Ma'ams, an organization of wives of local firemen.

Cake and ice cream will be provided for all patients, according to Mrs. John W. Rains, secretary-treasurer. Other Fire Ma'ams assisting her with the party will be Mrs. Jim Brown, Mrs. M. Mullins, Mrs. J. D. Jenkins and Mrs. R. T. Hale.

Florida Cold Wave Abates

MIAMI, Fla. (AP) — Florida's third cold wave—all within the last two weeks—began moving out today after dropping temperatures to record lows as far south as Miami and frosting the state's winter vegetable crop.

The latest cold wave—which Gov. Farris Bryant called "a refreshing nip"—scattered frost as far south as the Everglades and sent the temperature down to 38 degrees at Miami International Airport, lowest of the season and a record for the date.

Mississippi's Gallery Integrates

JACKSON, Miss. (AP)—Negro and white spectators sat together in the gallery for the first time in years while Gov. Ross Barnett addressed the newly convened Mississippi Legislature.

Seven Negroes, including key integrationists, took gallery seats Wednesday shortly before the governor's speech. Surprised officials held a hurried conference, then decided to let them stay.

CHRISTIANS vs. CHRISTIANS

By T. H. Tarbet, preacher, Church of Christ, 2900 West Highway 20, P.O. Box 1283.

"If I have not misinterpreted you, I would now like to appeal to you to help create a spirit of oneness among Christians. In spite of our differences, and not to be setting yourselves against other Christians," (the letter of protest).

I must deny setting myself (or ourselves) against other Christians. My one interest is to get people to be faithful Christians. The very reason these articles are published is to help people be such. I am not against Christians anywhere.

Certainly I am against certain things. Anyone with convictions is

Carried To Safety

Rescuers carry Air Force Capt. Charles P. Stratton out of a swamp along the Pearl River near Picaune, Miss., where he had hung to a tree for 9 hours after parachuting from his disabled U2 plane. He was taken to Keesler AFB at Biloxi where he was reported in good condition.

Indonesia Steps Up Invasion Preparations

JAKARTA, Indonesia (AP)—Indonesia stepped up its arms buildup today off the shores of Dutch-held West New Guinea despite reports that President Sukarno's regime was ready to offer the Netherlands a compromise on the future of the disputed territory. The army announced that 10,000 veterans of independence fighting against the Dutch are being retrained on Ambon and other islands of the Molucca chain some 150 miles off the western tip of New Guinea.

The announcement closely followed a report from a high government source that Indonesia is willing to promise West New Guinea eventual self-determination if the Dutch agree to let Jakarta take over the territory's administration in the meantime. Col. Basiri, military commander of the Molucca area, declared that the issuance of arms to the veterans and their assignment into combat units are preliminary steps to "the march forward to

stop the Dutch-created Papuan state from operating and to hoist Indonesia's red and white flag in the territory."

President Sukarno ordered national mobilization last month and said he would invade West New Guinea unless the Dutch handed it over. He gave no indication of an invasion date. But the high government source

13 Jap Mountain Climbers Killed

TOKYO AP—At least 13 mountain climbers have lost their lives trying to scale Japanese peaks in treacherous weather since Jan. 1, police reported today.

Another 38 were injured in climbing accidents blamed on blizzards, high winds and avalanches.

Lubbock Farmer Claims Water Table Is Dropping

LUBBOCK, Tex. (AP)—A farmer who is seeking the same income tax depletion allowance for his underground water that oilmen are permitted for their oil testified Wednesday that his wells indicate the High Plains water table is dropping.

Marvin Shurbet testified in federal court that he had five irrigation wells on his 400-acre farm in Floyd County.

"I have had to continually lower the pumps in my wells and deepen my wells to keep enough water flowing to use in producing crops," he said.

Shurbet said that his first well was dug to a depth of 100 feet in 1946 but that his last well, put down in 1957, had to be dug to a depth of 425 feet.

Shurbet and his wife, who live east of Petersburg, have brought the suit against the government although it is actually a test case

in behalf of the High Plains Water Conservation District.

The actual cash allowable figure sought by the Shurbets is for the tax year 1959 and involves only about \$300.

But there are about 20,000 irrigation farmers with 60,000 irrigation water wells on 5 million acres of land in the 47-county Panhandle-Plains area that could be affected by the decision in the case.

Attorneys for the Shurbets are expected to contend that underground water in the High Plains area of Texas is a natural deposit being mined like oil and gas and that the owners should have the same income tax depletion allowance granted oilmen.

The controversial 27.5 per cent oil tax depletion allowance permits oilmen to reduce their income taxes because the oil and gas supply is used up in production.

Treed Pilot Wants Oysters After Rescue

BILOXI, Miss. (AP)—U2 pilot Charles Stratton awoke from a six-hour sleep following a night perched in a cypress tree and asked, "Where can I get some oysters?"

The Air Force captain, 32, seemed more concerned with food than with his reconnaissance plane, whose shattered remains lay in a brush-covered, almost inaccessible part of the Pearl River swamplands on the Louisiana-Mississippi border.

Although he survived his 40,000-foot fall, nine hours in the cypress tree above the snake-infested marsh and a daybreak rescue with not a scratch, Stratton had been placed in the Keesler Air Force Base hospital for some rest. He had been awake 29 straight hours.

Asked about his flight, he said there wasn't much to it. Stratton normally flies the high-altitude U2s on weather detection missions as part of the Defense Department's high altitude sampling program. Tuesday night's flight, however, was a navigational training flight from his home base, Laughlin Air Force Base, Del Rio, Tex., to Birmingham, Ala., and back.

"The plane began to malfunction—I think in the electrical system—and I decided not to stay around," he said.

Bringing the craft down from about 60,000 feet to 45,000 feet, he flipped the ejection switch and shot himself out at about 9:40 Tuesday night.

"Everything happened so fast, I didn't see what happened with the plane," he recalled.

Apparently, Air Force officials said, there was an explosion. Residents of the area reported seeing a bright flash. When search parties reached the crash scene, all that was left of the U2 was a wing, and it was rapidly sinking into the swamp.

The Air Force wasn't sure if any salvage attempt would be made.

Stratton fortunately landed in the cypress and braced himself between two limbs.

Using his walkie-talkie, he soon contacted overlying planes and stayed in touch with them through the night. At daybreak Wednesday, a ground rescue party reached him.

Sophia Loren Wins Film Award

PARIS AP—Sophia Loren, chosen best actress of 1961 by New York film critics, said today she would attend the award ceremony in New York later this month if director Anatole Litvak agreed. "But I'm not sure, because maybe Litvak won't let me go," she said. Litvak is currently directing the Italian star and Tony Perkins in a picture in Paris. She won the award for her acting in "Two Women."

Fallout Books Due This Week

WASHINGTON (AP)—The Defense Department expects the new handbook on fallout protection to reach most post offices and civil defense offices by the end of this week.

It said Wednesday that in a few cases, weather or remote locations could cause some slight delay in shipments.

The copies, upon receipt by local offices, are given without charge to citizens.

L. L. (Red) Lewis JC Coach Of Year

Leslie L. (Red) Lewis, track and field coach at Howard County Junior College, today was named junior college coach of the year by the Texas Sports Writers Association.

Lewis, a former football player, guided the Jayhawks to the National Juco track and field title last spring. In addition, he served as director of the meet.

Phil George, San Angelo College, was second. Others who gained votes included James Self, Paris JC baseball coach; Floyd Wagstaff, football and basketball coach at Tyler; and Tom Steigleder, football coach at Henderson County JC in Athens.

Lewis' HCJC track team won practically every honor in sight last year, starting with the Border Olympics in Laredo in March. The Hawks prevailed as titlists in the Western Conference meet and then furnished both the high point individual (William Argo) and the team titlist in the National JC meet, which was held in Big Spring.

L. L. (RED) LEWIS
Honored by Sports Writers

Red is a mathematics instructor at the college and coaches as a sideline. In addition, he is employed part-time by Gamco here and has found the time to invent, along with another HCJC instructor, Marshall Box, a track lever.

Lewis formerly coached football at Decatur Baptist College. He attended Hardin-Simmons University, where he was an alternate center to Clyde (Bulldog) Turner, who recently was named coach of the New York Titans of the AFL and who is one of the all-time pro greats.

Other coaches of the year already selected by the writers included Darrell Royal of Texas University, senior college coach; and Earl Scott of Donna, high school coach.

Norman Cash, the Detroit star who was American League batting champion, was picked as professional athlete of the year.

Still to be selected are amateur athlete of the year and Southwesterner of the year.

South Boasts Stellar Ends

MOBILE, Ala. (AP) — It looks like the Southern team in Saturday's Senior Bowl all-star game will take the field with three ends in the line-up.

"I have been so impressed with the line ends I would like to use them all at the same time," Coach Weeb Ewbank of the Baltimore Colts said.

Dave Edwards of Auburn and Gary Collins of Maryland apparently have nailed down starting berths at the end posts, and All-America end Bill Miller probably will be shifted to a starting role as a flanker back.

But Ewbank and Yankee Coach Tom Landry of the Dallas Cowboys concentrated mainly on setting up defensive teams for the nationally televised game.

Ewbank apparently will be using the largest and smallest tackles on his team for defense. Robbie Osborne of Clemson, 6-foot-4 and 278, is likely to be starting at one tackle and Maryland's 215-pound guard, Bill Kirschiro at the other.

Tackle Bill Rice of Alabama has been converted to defensive end and seems to have captured the starting nod. Mississippi end Ralph Smith probably will man the opposite end.

Backing up the Southern line probably will be Mike Lucci, 203-pound Tennessee center; Roland Jackson, 200-pound Rice fullback and Ken Hays, Baylor's 204-pound guard.

Don Fuell of Mississippi Southern and Jack Collins of Texas apparently will hold down the South's defensive halfback slots, and Alabama's Billy Richardson and The Citadel's Early Eastburn will be at safety.

"Trick photography," Sam quipped. "Nothing but trick photography."

Of his award, Hornung said, "It could have gone to any one of the Packers—to Bart Starr, who played a great game at quarterback; Ron Kramer, who caught two touchdown passes, or to the entire offensive line."

And of the title game, Hornung said, "We knew right after the kickoff we were going to win, and win big."

He added that he could not understand the downgrading of the Giants.

"We got every break in the book and capitalized on all of them. We respected the Giants, and still do. On any given day they can beat anybody. But it happened to be our day."

Jayhawks Face Toughest Fight In Lawton Meet

HCJC's Jayhawks face their toughest fight of the season this weekend, at which time they will be competing in the All-States Basketball tournament at Lawton, Okla.

Three of the most rugged Jaycee contingents in the tournament are entered in the two-day meet, along with HCJC.

The Hawks oppose Moberly, Mo., 9-1 on the year, in first round play in the tournament. Moberly has lost only one game this season, that a one-point decision in overtime to the University of St. Louis freshmen in St. Louis.

The Missouri club has three starters back from the club that

This Could Be A Fateful Day For Dietzel

BATON ROUGE, La. AP—This may be the day of decision for Paul Dietzel, the dimpled darling of Louisiana State University football fans—that is, until a few days ago—and more recently the man Army apparently expects to return West Point to the greatness of years gone by.

The big pull in the tug of war over the 38-year-old coach, who guided LSU to the national championship in 1958 and three bowl games in the last four years, came from the South today.

Tom Dutton, a member of the LSU Board of Supervisors which hires and fires football coaches, said he would ask the board to take legal action against Dietzel if he asked to be released from the remaining four years of his contract.

There were reports from West Point that Dietzel had asked the board to meet to consider such a request. Not so, said Dutton, the board has not been asked to meet.

As for Dietzel—the tall, good-looking organizational genius who gave the term "Chinese Bandits" to college football—well, he wasn't saying anything.

"My only comment, for what it's worth, is no comment," he told The Associated Press Wednesday night. He would neither confirm nor deny.

1. If he had asked the board to meet.

2. If he had been approached by military academy authorities.

3. If he would fly to New York this week to confer with Army officials.

After three straight losses to Navy, the Army felt it was time for a change and gave Dietzel his walking papers several weeks ago. West Point athletic authorities apparently felt that Dietzel, a one-time aide to former Army Coach Earl (Red) Blaik, was the man with the remedy.

The quick chain of events had LSU sports fans mumbling.

Why, some asked, would Dietzel, or any other coach, want to leave a setup such as exists at LSU? The Tigers, ranked fourth nationally this season and 25-7 winners over Colorado in the Orange Bowl, lose only seven members from the 1961 team that won nine and lost only one.

His salary is \$18,500-a-year with raises almost automatic each year. Bengal backers, quickly point out

And Dietzel's forceful personality is such that with LSU's success, he has only to make the slightest overture to prep stars and presto! They're in purple and gold uniforms.

Dub Malaise, Odessa's great athlete, will, no doubt, be the first 2-AAAA basketball player to win two straight conference scoring championships since Big Spring's Jan Loudermilk turned the trick in 1957-58.

Malaise will break his own 2-AAAA scoring record, now 250 points, because two more schools (Abilene Cooper and Midland Lee) are now in the league.

Malaise will break his own 2-AAAA scoring record, now 250 points, because two more schools (Abilene Cooper and Midland Lee) are now in the league.

Villanova Turns Back Seton Hall, 99 to 67

By JIM HACKLEMAN
Associated Press Sports Writer
The battle of the unbeaten wasn't.

Villanova beat Seton Hall in a walk-or, more appropriately in the case of the fleet Wildcats, a run.

Racing and driving, showing off their quick-handed defenders in their aggressive zone, the Wildcats blitzed the Pirates Wednesday night 99-67. Now there are just three undefeated major college basketball teams—Villanova (12-0), Ohio State (10-0) and Mississippi State (9-0).

Seton Hall, winner over four league opponents, was expected to face an unhappy moment of truth at the Villanova Field House against the nationally 8th-ranked Wildcats—and the issue was never in doubt. Villanova's versatile Hubie White hit on 13 of 20 shots from the floor and left 30 points, sophomore George Letwisch scored 22. Jim O'Brien had 18, and soph Wally Jones did a dazzling job as playmaker despite a sore shoulder.

Sophomore sharpshooter Nick Werkman was Seton Hall's only threat with 30 points.

Another member of the top ten, 8th-ranked Duke, smothered Penn State 95-55 behind the gunning of Art Heyman and Jeff Mullins. But 10th-ranked Bowling Green needed a pair of clutch free throws in the waning seconds to shade Western Michigan 73-72 in the Mid-American Conference opener.

Heyman's 36 points and Mullins' 24 were more than the Blue Devils needed against Penn State as they ran their record to 9-1. Bowling Green (9-1) and Western Michigan played a corker, with the lead changing hands seven times in the first half and 11 in the second. The vital foul shots were by Howard Komives, bringing a 73-72 tie, and Nate Thurmond's winner with two seconds to play.

Defending champion Texas Tech and the club that appears to be its toughest rival for the title, Arkansas, started off the Southwest Conference season with victories. Tech took the lead for good in the early stages and the Red Raiders cruised over Texas 77-66. Arkansas won its ninth in a row beating Texas A&M 64-59.

Dayton (9-1) came from behind in a 64-48 runaway against Xavier (Ohio). Marquette, swamped in its last previous outing, rebounded by surprising DePaul 75-68.

Three teams, members of the elite ten before losses knocked them out, were winners Wednesday night. West Virginia, back in the neighborly confines of the Southern Conference, blasted Virginia Military 101-79. Providence came out of a 4-game losing slump with a 56-54 decision over Brown. And St. Bonaventure, loser of two of its last three, overcame Belmont Abbey 85-68.

In other games it was Richmond 78, The Citadel 69; Davidson 62, William & Mary 47; Virginia Tech 91, Alabama 67; Maryland 67, George Washington 56; Miami (Fla.) 80, Rhode Island 70; Virginia 85, Marshall 63; South Carolina 97, Georgia 72; Pitt 66, Kent State 62; Harvard 72, Carnegie Tech 64; Lafayette 65, Lehigh 64; Houston 67, North Texas 44; Loyola Loyola 82, Hawaii 55 and Pepperdine 97, Redlands 70.

LOOKING 'EM OVER

With TOMMY HART

Southwest Conference teams have now won 11 of the Cotton Bowl games in which they have participated, compared to nine losses. Three of the games involving SWC clubs have resulted in ties.

Texas Tech yielded to St. Mary's in the 1939 Cotton Bowl classic, 20-13, but was not a member of the SWC at the time.

Jess Neely and D. X. Bible are the only coaches to guide their teams to more than one victory in the Dallas game. Neely's teams have won three times, once while he was at Clemson and twice after he moved to Rice. Bible's Texas teams won in 1942 and again in '46.

Both of this year's Cotton Bowl teams will, no doubt, be tough again in 1962.

Texas loses only nine boys of this year's ball club and has a fine freshman unit coming up. Ole Miss must do without 12 members of this year's contingent but redshirts so many boys the replacement will fill the breach.

South Plains JC of Levelland failed to win in the recent HCJC Basketball tournament but the club is still a Western Conference championship threat.

Coach Bill Powell of South Plains jerked his regulars off the floor in a first round preliminary game against Odessa and used his reserves the rest of the way—until one of the boys fouled out and he was forced to go with a regular again.

The Texans are capable of playing some fine ball, as they so ably proved against Decatur in the first round.

Cameron's Aggies, which host HCJC and the two other schools in a tournament this weekend, has a 6-foot-8 Negro star from Arkansas who can't read. He takes all his examinations orally.

The young man was supposed to attend Oklahoma State University but made the lowest entrance exam in the history of the school.

One veteran coach who saw him perform says he is the only junior college performer he ever saw who could start playing with the pros now.

Despite his presence on the squad, however, Cameron recently lost to Trinidad, Colo., on the road.

Big Spring was one of four District 2-AAAA schools to annex league athletic championships during the calendar year 1961.

Dan Lewis' local golf team, led by Johnny Sloan, swept to the school's second district title in history. (The first was achieved by the Steer basketball team in 1958, at which time Johnny Johnson was the coach.)

Midland High won crowns in three sports last year—basketball, tennis and baseball. Abilene ruled in track and San Angelo capped the football championship.

Dub Malaise, Odessa's great athlete, will, no doubt, be the first 2-AAAA basketball player to win two straight conference scoring championships since Big Spring's Jan Loudermilk turned the trick in 1957-58.

Malaise will break his own 2-AAAA scoring record, now 250 points, because two more schools (Abilene Cooper and Midland Lee) are now in the league.

Malaise will break his own 2-AAAA scoring record, now 250 points, because two more schools (Abilene Cooper and Midland Lee) are now in the league.

Malaise will break his own 2-AAAA scoring record, now 250 points, because two more schools (Abilene Cooper and Midland Lee) are now in the league.

NOW... LIVELINESS AND LUXURY IN A FULL LINE OF LOW-PRICED CARS

CHEVY II

Eleven new-size models make One-Stop Shopping easier than ever at your Chevrolet dealer's

Nothing fair to middling about the spacious and spunky new lineup of low-priced cars from Chevrolet! From the looks of these nifty top-of-the-line Novas (unmistakably new), you'd never guess they're so easy to own. Even some bigger cars wonder how we got so much full-size family room into such a parkable, garageable package—and so much hustle out of a 6 that sips gas so sparingly. Your dealer will be happy to point out more reasons why liveliness, luxury and a low price have never been more beautifully blended. Driving this one comes mighty close to having your cake and eating it, too.

CHEVY II NOVA 400 2-DOOR SEDAN Family-sized with plenty of class and sass! Rich, roomy Body by Fisher. (Thrifty sedans also available in the Chevy II 300 and 100 series.)

CHEVY II NOVA 400 SPORT COUPE Goes as good as it looks! Nova's easy 6 performs like many V8's, still it's almost as thrifty as the frisky 4 you can get in other Chevy II series.

CHEVY II NOVA 400 4-DOOR STATION WAGON A full 76.2 cu. ft. of cargo space makes the Nova—one of three Chevy II weapons—ideal for trips and your family hauling.

CHEVY II NOVA 400 4-DOOR SEDAN Brisk beauty that polishes off roughest roads in style! Firm but gentle single leaf Mono-Plate rear springs end squeaks while they quiet bumps.

CHEVY II NOVA 400 CONVERTIBLE The easiest-to-own Chevrolet convertible! If you like, you can even have bucket front seats in this one or the Nova hardtop (optional at extra cost).

See the new Chevy II, new Chevrolet and new Corvair at your local authorized Chevrolet dealer's

Big Spring (Texas) Herald, Thurs., January 4, 1962 9-A

Career Close-Out

T. Sgt. George S. Lacey of the 331st Fighter Interceptor Squadron receives his retirement certificate from Lt. Col. Jack C. Price, squadron commander, at ceremonies in the colonel's office, Dec. 31. Sgt. Lacey retired after serving more than 20 years in the Air Force. A native of Marble Falls, he and his family plan to live in Big Spring.

Flag In Every Classroom Is Republican's Plank

McAlLEN, Tex. (AP)—O. W. (Bill) Hayes of Temple, a candidate for the Republican nomination for lieutenant governor, advocates flying the American flag in every classroom in Texas.

In an address to the Young Republican Club of McAllen Wednesday, Hayes called for "a positive program to increase understanding of American heritage in our public schools."

"We should have an American flag flown not only at every school yard but in every classroom in Texas," he said.

He further said the pledge of allegiance should be given at every school assembly along with

the singing of the national anthem.

Hayes said the heritage program was the third plank in his platform.

He said the other two were his pledge to work to lower taxes through the establishment of a non-salaried, bi-partisan economy commission; and the reduction of the sales tax by what he called "cutting out special interests and special favors and working it at a lower percentage across the board."

Saud To Leave Hospital Today

BOSTON (AP)—King Saud of Saudi Arabia was to be discharged today from Peter Bent Hospital after three operations during a six-week hospitalization.

Crowd Stones School Board

LA VILLA, Tex. (AP)—A crowd protesting the dropping of the school superintendent's contract hurled rocks and mud at La Villa School Board members Wednesday night.

La Villa is a Lower Rio Grande Valley town in Hidalgo County. No one was injured. Some school board members were splattered with mud.

Witnesses estimated about 200 persons took part in the demonstration for Supt. W. W. Keas.

The president of the board, Ramon Montalbo Jr., said the decision not to rehire the superintendent was final. A rock broke the rear window of the board president's car. The auto also had a tire punctured and its windshield wiper and radio antenna broken. Mud was smeared inside the vehicle.

Canada Makes Atom Devices

OTTAWA, Ont.—The Canadian government is in the business of making atomic machines — and business is good.

Forty salesmen seek markets for the Commercial Products Division of Atomic Energy of Canada, Ltd., owned by the people. Products are sold in 37 countries. Export sales this fiscal year are expected to exceed \$4 million.

The main revenue producer is the cobalt-60 beam therapy unit, a machine developed in Canada in 1951 to treat cancer patients. Canada at one time had the world market to itself for these machines. It now competes with 30 producers, mainly in the United

States, Britain, Italy, Japan and West Germany.

Since its establishment in 1952, the division has sold 258 therapy units in 39 countries. The United States has been the best customer, taking 92 machines. The mainland Chinese have bought seven, the Soviet Union two and Czechoslovakia, East Germany and Poland one apiece.

Equipment for subjecting materials to gamma radiation also is sold, along with isotopes used in industry, medicine, agriculture and research.

Craig Named

Mark L. Craig has been appointed general sales manager-coordinated service for the Texas and Pacific Railway Company, with headquarters in Dallas, it was announced today by C. H. Pistor, assistant vice president-marketing for the railway. A Dallasite, Craig entered T&P service May 1, 1958.

New Units To Be Ready Within Year

WASHINGTON AP — The two new regular Army divisions are expected to be established by the end of March, but it will take about eight months of intensive training before they can be declared ready to fight.

President Kennedy announced Wednesday he had approved immediate formation of the two divisions, the 1st Armored and the 5th Mechanized Infantry. They will bring the regular Army force to 16 divisions.

Officials said today the term "immediate" was relative. They noted that certain advance arrangements must be made, including the mustering of a framework of officers and noncommissioned officers and housekeeping preparations to receive the troops at Fort Hood, Tex., and Ft. Carson, Colo.

The Pentagon has ticketed a group of regular armored, infantry and artillery units to become the nucleus for the two divisions. Together, they total about 10,500 men. At full strength, the new divisions will number about 31,700 men in all.

The 21,000 soldiers needed to fill the divisions' ranks will be drafted, who have finished eight weeks of basic training. Defense authorities said they do not expect to raise draft calls.

After the new outfits are

brought up to strength, they will be put through a cycle of advanced individual training, basic unit training, division drills and field maneuvers. Only then will they be considered combat ready.

A Pentagon spokesman said the Army hopes to have the 1st Armored and 5th Infantry in fighting shape before the end of this year.

Kennedy said creation of the two added regular units will permit the return to civilian life later this year of two National Guard divisions ordered to active duty last Oct. 15. These are the 32nd Infantry of Wisconsin and the 49th Armored of Texas.

Officials said there will be some overlap.

Under present law, Kennedy could hold the Wisconsin and Texas divisions in uniform until Oct. 15, but Pentagon officials had been hoping to release the 32nd and 49th by June 30. Some smaller units may be demobilized before then.

Army officers said the two new divisions will need only about 50 per cent of their authorized equipment to carry out training. Only when they are approaching combat readiness will the new divisions need a full complement of modern howitzers, tanks, armored troop carriers and the like.

The Army has estimated it would cost some \$70 million to organize, equip and maintain two more divisions in the remaining six months of this fiscal year. Officials said this can be done out of funds already in hand.

The cost for the next fiscal year has been calculated at about \$165 million. Money requests for this purpose will be included in the new defense budget, due to go to Congress later this month.

Space Flight Is Delayed

CAPE CANAVERAL, Fla. (AP)—Astronaut John H. Glenn Jr. will have to wait at least an additional week before an attempt is made to rocket him aloft as the first American to orbit the earth.

The National Aeronautics and Space Administration Wednesday postponed the launching from Jan. 16 to Jan. 23 because of a minor fueling problem with the Atlas booster rocket.

The word came from reliable sources close to the Mercury Project NASA, which has not announced any date for the launching, declined comment on the report.

The informants said the difficulty could be corrected with only a day or two delay but that NASA officials decided to call a seven-day hold to make a complete check.

Glenn, 40, reportedly was disappointed by the postponement, the second for the launching. He was not available for comment.

The Marine lieutenant colonel originally was slated to make the orbit trip on Dec. 20 as the space agency pushed to achieve the flight in 1961. The same year the Soviet Union succeeded in orbiting two cosmonauts. But with pressure mounting and time running out, NASA decided to put the firing off until January.

Glenn's spacecraft, which was placed atop the Atlas Wednesday, is intended to whirl three times around the world in 4½ hours at a speed of 17,500 miles an hour.

Laos Smashes Gun-Runner Ring

VIENTIANE, Laos (AP)—The royal Laotian government today announced it had smashed a ring of civilians and military men who have been gun-running.

Excommunication Won't Halt Vatican Relations

VATICAN CITY (AP)—The Roman Catholic Church disclosure that Fidel Castro and his top officials have been excommunicated will not keep the Vatican from accepting a new Cuban ambassador, nor will it keep the Cuban government from sending him.

Vatican sources said today Luis Amado Blanco y Fernandez, named by Castro to the ambassadorial post vacant more than a year, would be received in line with diplomatic protocol.

The Cuban Foreign Ministry said in Havana Wednesday after disclosure of the excommunication that Blanco y Fernandez, a Spanish-born dentist and journalist, would leave for the Holy See Jan. 9.

Blanco y Fernandez' name appears on the 1962 list of diplomatic

5 Area Men To Be Inducted

Five young men are to be inducted into the armed forces from Howard, Mitchell and Martin counties this month and 45 are to report to military doctors for pre-induction medical examination.

The five inductees are an increase of three over the number called in December, according to Mrs. Louise Nuckolls, chief clerk of the selective service board. Only two were inducted in December. Forty-six were given pre-induction medical examinations.

Mrs. Nuckolls said that she has been instructed to send about half of those for medical examination to Abilene on Jan. 9 and on Jan. 10 to dispatch the remainder of this group and the five who are to be inducted into the service.

Korth Sworn In As Navy Secretary

WASHINGTON (AP)—Fred Korth, 52, Texas banker and lawyer, was sworn in today as secretary of the Navy by Secretary of Defense Robert McNamara.

Korth succeeded John Connally, also of Fort Worth, who resigned last month to run for governor. Korth, a former assistant secretary of the Army, is the third Texan to become secretary of the Navy in recent years. The first was Robert Anderson of Vernon, appointed by former President Dwight Eisenhower.

representatives accredited to the Vatican. Sources said the list took some time in preparation and his name would not have been included if there were plans to reject him.

A canon law expert in the Vatican secretariat of state disclosed Wednesday that Castro and top officials of his pro-Communist regime had been excommunicated.

The action against the Cuban dictator, who was raised a Roman Catholic, apparently was taken some months ago, probably after the expulsion from Cuba in September of Bishop Eduardo Boaz Masvidal and 135 priests.

The Vatican expert, Archbishop Dino Staffa, said it was automatic under two sections of canon law; for impeding bishops in their work and for using violence against clergymen.

Autopsy Shows Woman Died From Beating

PACIFIC PALISADES, Calif. (AP) — An autopsy shows that pretty socialite Doris Bowman, found dead in her bathtub, was beaten to death.

The woman's body was found Tuesday afternoon, clad in capri pants and a blouse and submerged in a partially filled tub.

Wednesday, medical investigators said that she was bludgeoned with a club-like instrument and that her lifeless body was then dumped into the tub. No water was found in her lungs, indicating that she did not drown, investigators said.

A neighbor found the body of the blonde mother of three in the family's \$100,000 home. The dead woman's husband, Frank Bowman, 39, medical director for Southern California Edison Co., was summoned home immediately from a downtown Los Angeles office.

Slain

Mrs. Doris June Bowman, 32, socially prominent wife of a Pacific Palisades, Calif., doctor, was found beaten to death in her home. Police said she had apparently been beaten by an intruder.

Fire Is Fatal

PARIS, Tex. (AP) — Sweden Evans, 70, a retired farmer, died Wednesday night in a fire that damaged his house 20 miles north-east of here.

Ex-Banker's Bond Is Set

CORPUS CHRISTI (AP)—C. L. Richardson, resigned executive vice president of the First State Bank of Premont, waived preliminary hearing here Wednesday on a charge of making a false entry in the bank's general ledger.

U.S. Commissioner James C.

Martin set bond at \$25,000, as requested by the government.

The charge claimed an entry made by Richardson showed the bank's total liability in demand deposits was \$1,592,794.61, whereas the total liability was a greater amount. It listed the entry dated as Nov. 2, 1961.

Richardson was brought here by U.S. Marshal Hilton E. Schorre from Alice.

Richardson was bound over to the Jim Wells grand jury Tuesday on two state charges of removing

and concealing three promissory notes from bank examiners. The first charge involved a \$11,194 note. The second involved notes of \$21,000 and \$23,250.

Dist. Judge Magus Smith of Edinburg was expected to preside at a hearing Friday in 79th District Court on a civil suit filed by the bank against Richardson.

Emergency liquidation of the bank began last week after Richardson was relieved of his duties. A new bank, the First State Bank of Premont opened Tuesday.

Hungary's Reds Allow Lampooning

BUDAPEST, Hungary (AP)—Hungary's Communist regime is letting its shortcomings be lampooned sharply in public and joining in the laughs.

The main topic of conversation among Budapesters Wednesday was a 4½-hour television revue, seen by an estimated two million people, which relentlessly gaged some of the major failings of Hungarian life.

The revue was televised live from a Budapest theater. And the cameras frequently turned on government leaders in the front row who were obviously enjoying every barbed shaft.

Some Western observers considered it possible that a new soft

breeze is blowing in Hungary in the wake of the anti-Stalinism launched at the recent Soviet party congress in Moscow.

In a swipe at shoddy building methods, a plumber in one sketch said: "I read recently that the regime intends to build one million new apartments. Which means that I for one will never be out of repair work."

Debunking the Communist theory that it will eradicate middle class thinking, the plumber quips: "When I call on a bourgeois housewife I say good morning and never forget to add 'madame.' She likes it."

"When I call on a proletarian housewife, I also say 'good morning, madame.' She likes it even more."

Another sketch showed a radio reporter interviewing a worker on a collective farm:

Reporter—What's your daily program?

Peasant—I read the papers and magazines, read old and new books, listen to the radio, watch the TV and play gramophone records.

Reporter—Where does work figure in your daily schedule?

Peasant—Work? What's that? They tell us it's all done with machinery now.

Reporter—But what about the small private plot of land you're permitted to own on this collective?

Peasant—That's different. My family is out there now working itself to death.

In a third sketch a professor asked a student what type of commentaries the Voice of America gives on current affairs. The student emitted a loud screech, indicating the effectiveness of the regime's radio jamming apparatus.

The latest issue of the usually staid journal Life and Literature took a similar satirical approach.

Regarded by many Hungarians as reflecting neither life nor literature, the journal is often referred to simply as "and."

The editors this week reproduced "and" in the title block in big bold letters. To drive home the point, a black circle was drawn around the word.

In an editorial—printed upside down—the journal acidly commented on the regime's constant exhortations that writers should go to factories and then write about "socialist man."

"Let our writers go out into life," the journal said. "Kneedeep in its wilderness they should be able to report reliably on what they see there. We, too, should like to know."

East Texas Is Dampened

By The Associated Press

Showers, light rain and drizzle dampened the eastern third of Texas Thursday.

Generally the wet weather was east of a line from 50 miles north-east of Dallas to Waco and Brownsville.

Skies were cloudy and there were patches of fog east of a line from Wichita Falls to Mineral Wells to San Antonio and McAllen.

Skies in the west were generally clear.

Early morning temperatures ranged from 26 at Dalhart to 64 at Brownsville. Most readings were in the 40s and 50s.

One of the heaviest rainfalls during the night was 35 of an inch at College Station.

Lufkin had a thundershower before dawn. Houston and Texarkana had a light rain. There was drizzle at Waco and Brownsville.

Fort Worth, Dallas, Junction, College Station, Alice and Palacios all reported fog.

Scattered showers were forecast for the eastern and southern sections of the state with clear to partly cloudy skies elsewhere.

Some snow flurries were expected with the arrival of cooler air in the Texas Panhandle Thursday night.

Bond Election

HOUSTON (AP) — The City Council has set Jan. 27 for a \$45.5 million bond election. The bonds would be used to pay for most of a \$61,239,000 general improvement program planned for the next two years.

2 Face Extortion Charge Involving Red Prisoners

SANTA ANA, Calif. (AP)—The FBI arrested two Santa Ana men Wednesday night on charges of trying to extort \$25,000 in return for the release of two American students imprisoned in East Germany.

Intended victim of the plot, the FBI said, was Edgar E. Pankey, a rancher at nearby Tustin, Calif. Pankey's son, Victor S. Pankey, and his nephew, Gilbert Ferrey, both 20, were arrested by East German police last September. They were shortly afterward sentenced to two years in prison on charges they had tried to smuggle a girl student into West Germany in the luggage compartment of their car.

Charged with federal extortion charges were Dennis Shane Hatrick, 23, and Albert Bruce Dyer, 23. Both are unemployed. They are brothers-in-law.

William G. Simon, special agent in charge of the Los Angeles FBI office, said Pankey received a

letter on Sept. 19, 1961, a few days after the two youths were seized by the Communists.

The letter instructed the elder Pankey to deliver \$25,000 if he wished to see his son again soon. Simon said the demand was on the basis that a release of the boys would be effected through alleged contacts in West Germany and in East Germany. Simon did not say whether any such contacts had been discovered.

Hatrick had a .22 caliber revolver on him when arrested but offered no resistance, Simon said.

Victory Pankey is a mathematics major at Pomona (Calif.) College who attended summer school at the University of Oslo in Norway, while Ferrey was in school in Switzerland. Their arrest came in East Berlin after the East Germans sealed the border. The youths were sentenced along with four other persons accused of aiding East Berlin residents to reach West Berlin.

U.S. Still Short On Classrooms

WASHINGTON (AP) —Despite a record year of construction the nation's public schools are still short 127,200 classrooms, the Office of Education reports.

It added that the pace-setting year of school building did make some headway in cutting down the room shortage but that the gain may be wiped away next fall by a flood of new pupils.

DEAR ABBY

Don't Push The Horse

DEAR ABBY: I am an intelligent girl. I hold down a good job, but need a little help with my love life. I have been going with a very eligible man for several months. I know he is crazy about me, and he is the man I want to marry. He can give me everything I want in life—social position, financial security, and the works. I am having trouble getting him even to talk about marriage. I have given him all the encouragement a man could want. I have led this horse to water. Now, how do I make him drink?

ANXIOUS TO WED

DEAR ANXIOUS: You can't—so take off the spurs, sister. This "horse" could turn out to be a camel.

DEAR ABBY: Our son is married to a very peculiar girl. Last month my husband suddenly fell ill and we rushed him to the hospital for an emergency operation. I wrote our son telling him about it, but we heard nothing from him. Finally, when his father was out of danger, I telephoned our son to

tell him the good news. He said he didn't know his father had been sick!

Then his wife wrote us a nasty letter saying she never gave our son the letter because she "didn't want him worrying about any of his folks," and, "please not to write him any more bad news." Can you imagine the nerve of that girl! What do two elderly parents do in a case like this?

BADLY HURT

DEAR HURT: Call your son, person-to-person, and let him know what is going on. If he wants to put up with this kind of censorship from his wife, there is nothing you can do. But if he is interested in knowing of your welfare, ask HIM how you may reach him without any interference.

DEAR ABBY: Once in a while a member of our family will go to bed early to get some much needed sleep. Then someone will drive by, and even though it is as late as 10:00 p.m. they will ring the bell saying, "The lights were still on so we knew everyone was still up." I think this is a whole lot of gall. What do you do with callers who don't know any better than that?

JUST PLAIN MAD

DEAR MAD: Freeze them out with a chilly reception and it will be a hot day in December before they pull that stunt again.

CONFIDENTIAL TO AMY F. FATHER OH, and MRS. D. D. K.: I am returning your money. Sorry, but I do not sell my own books. If your local bookstore doesn't have DEAR TEEN-AGER, ask them to order it for you.

Are things rugged? For a personal reply, write to Abby, Box 3365, Beverly Hills, Calif., and don't forget a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

Heads Chamber

McALLEN, Tex. (AP) — Frank Birkhead Jr. of Abilene has been named assistant manager of the McAllen Chamber of Commerce. He held a similar position in Abilene.

Gambling Drive Leaves Bob Kennedy Pleasured

WASHINGTON (AP) — One of Robert F. Kennedy's biggest satisfactions in his first year as attorney general came from "hitting the big-time operators of organized crime in their bankroll."

The bankroll, he emphasized in an interview, consists of receipts from gambling.

Another source of pleasure in 1961, Kennedy said, was Justice Department activity to protect the rights of Negroes.

He said he was also pleased with the work of his 31,000-member department in enforcing anti-trust laws and in less publicized fields ranging from tax law enforcement to representing the government in Indian claim cases.

The organized crime and civil rights fields were considered im-

portant enough to merit separate yearend reports to President Kennedy.

The attorney general cited the enactment of new antiracketeering legislation and the creation of an intelligence unit within the department's criminal division as major developments in the fight against crime.

One new law makes it a felony to transmit bets by interstate wire. Kennedy said this forced the majority of the nation's leading race wire services—basic to the operation of gambling syndicates—to close down. Among the casualties, he said, were two kingpins in the business, Nola News of New Orleans and Athletic Publications of Minneapolis.

Other new legislation bans interstate operations in transporting gambling material—including number slips, travel for criminal purposes and carrying weapons interstate after conviction of a felony.

Food For Peace Aims At 500 Million Children

WASHINGTON (AP) — George McGovern, Food for Peace director, says he is shooting for a program that will provide meals for 500 million children overseas within five years.

McGovern, a presidential assistant, said he hopes the Food for Peace program involving surplus U.S. foodstuffs can be expanded to reach that figure. Most of the youngsters would be in non-Communist Africa, Asia and Latin America, he said.

A Little Girl's Dream

Many little girls only dream about such a bedroom as that possessed by Mary Ellen King, three-year-old daughter of Mr. and Mrs. Roy L. King, 2211 Dressel, Canney, coverlet, dust ruffle and curtains, as well as Mary Ellen's dress, were made by her mother. Binding

made for ruffles and coverlet was the most difficult and tedious part of the project, according to Mrs. King. Music is another hobby of Mrs. King's. She is a member of the First Christian Church Choir.

Cooking Is An Adventure And Fun If Made So, Says Mrs. King

Cooking is an adventure in the opinion of Mrs. Roy King, 2211 Dressel. Recipes are followed but occasionally she ventures to experiment with her own ideas added to basic instructions. Cooking can be a problem or it can be fun, and the latter is preferred by Mrs. King.

The same is true of sewing, and Mrs. King points with pride to curtains, drapes, and a beautiful canopy, spread and dust ruffle in Mary Ellen King's bedroom. A month's work went into this project and that was following each day's work at the office, Mrs. King explained. She is secretary at Lucelle's.

With no formal training in foods or sewing, Mrs. King's work approaches the professional. Although she did have some food classes in high school, her training began as a child when she sat on the kitchen stool to help her mother. It was after her marriage that she really tried her skill as a seamstress.

The Kings' parents live in Denison, where they lived, too, until moving to Dallas 12 years ago. It was Mrs. King's mother-in-law who helped her in perfecting an original chocolate pie recipe. After several attempts, they came up with a delicious pastry that is frequently served and a favorite with all.

Mrs. King says she has always referred to the pie as the "Eagle Brand Chocolate Pie," but any sweetened condensed milk may be substituted.

constantly. Add vanilla and butter. Pour into cooled pie shell and top with meringue.

FLAVOR WITH TIME
Preparing Stuffed Baked Potatoes well in advance improves the flavor and eliminates last minute hurry before serving. Mrs. King commented while describing her plan of preparation. Potatoes can be fixed the night before and refrigerated, which for the business woman is an aid to entertaining or serving the family meal.

STUFFED BAKED POTATOES
(Makes 8 servings)
4 medium potatoes
1/4 cup finely chopped green onions (including tops)
1 tsp. parsley flakes
1/4 cup grated cheese
Salt, butter, milk and pepper to taste

Scrub, foil-wrap and bake potatoes until done. Unwrap and cut potatoes in half and scoop out centers into mixing bowl, saving potato shells. Add butter and milk and prepare as for mashed potatoes.

Add salt and freshly ground pepper to taste. Add 1/4 cup chopped onions and 1 teaspoon parsley flakes. Mix well and stuff potato shells. Top generously with grated cheese and sprinkle with paprika if desired.

Place on flat pan and bake several minutes in moderate oven until cheese has melted and is slightly browned.

Finely chopped ham may be added to the potato mixture also, if desired.

These can be prepared ahead of time, except for the final melting and browning of the cheese. Just cover pan and store in refrigerator until ready to heat and serve.

ANOTHER FAVORITE
Another of Mrs. King's cook-ahead-of-time favorites is Chicken Spaghetti which is usually cooked in quantity, enough for the crowd. Served with a salad and Crunchy Garlic Toast, the spaghetti supper is complete.

CHICKEN SPAGHETTI
Cook chicken in advance and set aside to cool. Keep broth separate. Cook 1 package Italian spaghetti, broken into small pieces, in the broth.

Sauce:
2 medium onions, chopped
2 cloves garlic, chopped
1/2 cup tomatoes with green chili peppers
2 cups tomato juice
1 cup tomato sauce
1 tsp. garlic powder
2 tsp. Worcestershire Sauce
1 tsp. cumin powder
1 can mushrooms
Simmer sauce slowly until onions are done, then pour into the spaghetti and broth. Cook together for 20-30 minutes. Pull chicken from bones in large pieces. Add chicken to the spaghetti and sauce mixture, folding in gradually to avoid shredding the chicken pieces. Serves 6 to 8.

Can be prepared in advance and stored in refrigerator until ready to heat and serve. Serve with Crunchy Garlic Toast.

CRUNCHY GARLIC TOAST
Melt 1 stick butter or margarine

and add 1 clove minced garlic. Spread on split French rolls. Sprinkle tops with Parmesan cheese and toast in oven until golden brown.

FOR THE GRILL
Weather permitting, the Kings often use the outdoor grill for cooking, and recommended for this, are sirloin tips which Mrs. King puts in marinade while at home from the office during her lunch hour. When she returns home in the evening, potatoes are popped into the oven, salad mixed, and the steaks, placed over hot gray coals. In one hour the meal is ready.

CHARCOAL-GRILLED MARINATED SIRLOIN TIP
Marinade: Mince two cloves of garlic, add 1/2 teaspoon freshly ground pepper, dash of cayenne, 1/2 teaspoon ground cloves, and 2 tablespoons wine vinegar. Mash well with back of spoon and rub into a 3-3 1/2 lb. sirloin tip.

Place meat in a shallow bowl and pour over it 1/4 cup olive oil. Turn meat to coat it on all sides. Cover and let stand at room temperature 2-4 hours. Turn meat several times before placing on the fire.

Place meat about 6 inches above hot gray coals and turn often to grill on all sides. Grill 1 hour for meat to be pink and juicy. Grill longer for more well-done meat.

Marinade is also excellent for Shish-ka-bobs.

TANGY OR SWEET
Looking for something different in the vegetable line? The Tangy Asparagus is recommended. Or if it's "sweeten" that's desired then Oatmeal Cookies might be satisfactory.

TANGY ASPARAGUS
1 large can asparagus, partially drained
1/4 cup salad oil
1/4 cup wine vinegar (or 1/4 cup Italian salad dressing may be used)
3 tbsps. chopped green peppers
3 tbsps. chopped onions
3 tbsps. chopped pimiento
Place asparagus in casserole dish and top with a row of onion rings for garnish. Mix oil, vinegar (or salad dressing) with chopped peppers, onions and pimiento. Pour over asparagus. Place in moderate oven for 15-20 minutes until hot, or cover and simmer 15-20 on top of stove.

OATMEAL COOKIES
1/4 cup butter or margarine
1/4 cup brown sugar
1/4 cup granulated sugar
1 egg
1/4 cup water
1 1/2 tps. vanilla
1 cup sifted flour
1 tsp. salt
1/2 tsp. soda
3 cups oats, uncooked
1/2 cup raisins
1/2 cup chopped nuts
Cream butter and sugars. Add egg, water and vanilla. Beat thoroughly. Sift together flour, salt and soda and add to butter mixture. Mix well.

Blend in oats, raisins and nuts. Drop by teaspoons onto greased cookie sheet. Bake 15-20 minutes in 350 degree F. oven. Makes approximately 6 dozen.

CHOCOLATE PIE
3 eggs, separated
4 tbsps. flour
3 tbsps. cocoa
1 can sweetened condensed milk
1 can water
1 tsp. vanilla
2 tbsps. butter
Pinch of salt

Combine flour, cocoa and salt and mix thoroughly. Gradually add one can sweetened condensed milk and one can water. Add beaten egg yolks. Mix well and cook over low heat until thick, stirring

Marinate Lamb For Savory Taste

Give lamb chops extra flavor with a marinade.

SAVOY LAMB CHOPS
2 tbsps. lemon juice
1 tsp. salad oil
2 tbsps. Worcestershire sauce
1/4 tsp. freshly-ground pepper
2 tps. garlic salt
6 to 8 loin lamb chops (1 1/2 to 2 inches thick)

Put the lemon juice, salad oil, Worcestershire sauce, pepper and garlic salt in a small jar with a screwtop; shake well to mix. Allow to stand for several hours to blend flavors. Two hours before broiling chops, turn the marinade into a flat container and add the chops.

Turn several times. Drain chops thoroughly and broil rapidly until crisp brown around edges and to desired doneness. Serve at once.

Pudding Is Truly American

Sweet potato pudding, made from the grated raw vegetable is a truly American dish. Southerners who grew up on this dessert often speak enthusiastically of its unique texture.

This is a sweet rich pudding that benefits from being served with cream, and custom dictates that the cream never be whipped.

Custom also decrees that the pudding be baked in a black iron skillet because in that ware the mixture darkens and takes on a plum-pudding effect.

SWEET POTATO PUDDING

1/2 cup butter or margarine, 2 cups coarsely grated yam - type sweet potatoes, 1/4 cup sugar, 1/4 tsp. ground cloves, 1/4 tsp. ground cinnamon, 1/4 tsp. ground allspice, 1/2 cup raisins (rinsed in hot water and drained), 1/2 cup cane or dark corn syrup, 1/2 cup milk, 2 large eggs.

Melt butter in a black iron skillet (9 by 2 inches); add potatoes as soon as they are grated. Stir sugar, cloves, cinnamon and allspice together thoroughly; stir at once into potatoes with raisins, syrup and milk.

Beat eggs with rotary beater (hand or electric) until thick and pale colored; mix with potatoes. Stir over moderately low heat until hot through.

Place skillet in moderate (375 degrees) oven; stir every 10 minutes, turning pudding edges under, and bake about 40 minutes.

Allow to stand at room temperature to cool somewhat so potatoes will absorb the small amount of syrup in skillet.

Serve while still warm with thin or heavy cream. Or turn into an earthenware or glass container, cover and refrigerate about a week to develop flavors.

To serve, reheat covered, over boiling water. Makes 4 servings.

Cake Easily Made With Two Mixes

This cake is quick to make because it is prepared from two mixes.

PECAN TWO-MIX CAKE

1 pkg. (1 lb. and 3 ozs.) banana cake mix
2 eggs
1 1/4 cups water
1/4 cup finely chopped pecans
1 pkg. (12 ozs.) penuche fudge mix.

Make up the cake mix according to package directions using the eggs and water; fold in the pecans; bake the cake in two 8- or 9-inch round layer pans.

Turn out of pans and cool on racks.

Make up the penuche mix according to package directions for preparing frosting.

Put cake layers together with a thin layer of the penuche, then frost top and sides of cake with remainder.

Barbecue Sauce Gives Zest To Lamb Loaf

Lamb may be prepared in a variety of ways, but this recipe for a lamb loaf will probably be one of your family's favorites. This recipe calls for ground lamb. By using low cost easily cooked rice one pound ground lamb makes eight generous servings of a delicious moist meat loaf.

Pineapple and barbecue sauce make the loaf festive-looking. Pieces of pineapple slices are arranged over the top of the loaf, and the sauce (use your own favorite if you like) is spread over the top from time to time during the cooking.

Here's a special kind of meat loaf that's unusual enough to serve company:

LAMB LOAF

PINEAPPLE TOPPING
1 1/3 cups water
1 tsp. salt
2-3 cup uncooked white rice
1 lb. ground lamb
1 egg
1/4 cup water

Preserved Fruit Adds Festive Look To Grapefruit

Here is a pleasant way to use preserved fruit.

MANDARIN GRAPEFRUIT

2 medium or large grapefruit
2 medium or large oranges
1/2 cup diced drained syrup-preserved mixed fruit, (Chinese style)
2 tbsps. of the fruit syrup or sugar to taste
4 glace cherries
Halve grapefruit; cut sections away from dividing membranes. Remove sections and any juice to bowl.

Cut out membrane (with kitchen scissors) from grapefruit shells and discard. Notch edges of grapefruit shells with scissors; make notches about 1 inch apart.

Drain juice from grapefruit; mix segments with diced preserved mixed fruit; add fruit syrup or sugar to taste. Spoon into grapefruit shells.

Pare oranges so no white membrane remains; cut sections away from dividing membranes.

Arrange orange sections over fruit in shells to give pretty topping. Garnish with cherries.

Good Hamburgers

Split hamburger buns and spread the insides with soft butter; heat in the oven or under the broiler before adding the cooked meat patties and relishes.

2 tbsps. non-fat dry milk solids

1 tbsp. grated onion
1 tsp. salt
2 tps. celery salt
1/4 tsp. black pepper
About 3 pineapple slices
1 cup water

Ingredients for sauce:

1 8-oz. can tomato sauce
2 tps. beet or cane sugar
2 tps. Worcestershire sauce
1 clove garlic, minced
3 tps. vinegar
1/4 tsp. prepared mustard
1/4 cup water

Put the 1 1/3 cups water, 1 teaspoon salt and rice in a 2-quart saucepan. Bring to a vigorous boil over a high heat. Turn the heat down low. Cover saucepan with a lid and leave over this low heat 14 minutes. Remove the saucepan from the heat but leave the lid on 10 minutes.

While the rice cooks, mix together the lamb, egg, 1/2 cup water, non-fat dry milk solids, onion, 1 teaspoon salt, celery salt and black pepper.

After the rice cooks, stir into the lamb mixture. Mix well. Place the lamb-rice mixture on a baking pan about 2 inches deep. Shape into a loaf about 9 inches long. Cut each pineapple slice into four sections. Place the sections over the top of the loaf. Pour the 1/2 cup water around the loaf. Place the loaf in a pre-heated 350 degree F. oven.

Top with some of your favorite

sauce ingredients listed - along with those for the loaf.

From time to time during the baking, spread sauce over the top of the loaf. Bake about 1 1/2 hours. Remove the loaf from the pan. Add about 1/2 cup of water to the drippings in the pan. Heat and thicken if desired. Serve as a sauce with the loaf, barbecue sauce or combine the

GOLDEN GLOW OF QUALITY
That's what Skinner Spaghetti has. A rich appetizing color. A difference you can see and taste. Skinner uses only 100% amber durum wheat...the very best for macaroni products. Next time you buy spaghetti, buy Skinner. It tastes better, cooks better, looks better. **SKINNER**

A Devotional for Today

Train up a child in the way he should go: and when he is old, he will not depart from it. (Proverbs 22:6.)
PRAYER: God and Father, help us this day, this year, and all our years to be in Christ's presence looking forward with Him to what is ahead. Grant us always to count on Him. In His name we pray. Amen.
(From 'Upper Room')

Battle Of The Clans

An interesting race for a senatorship from Massachusetts is shaping up. One of the most interesting aspects of it is that a Lodge will run for the Republican nomination. Not Henry Cabot Lodge, the former senator and 1960 vice presidential candidate, but his son George Cabot Lodge.

Kennedy. In 1952 the elder Lodge's career was crippled when John F. Kennedy defeated him for the Senate. Lodge's son would naturally like to avenge that defeat by vanquishing another Kennedy.

Journey Of A Thousand Miles

There has been little said about a recent order of the Texas Railroad Commission, but it could be one of the most far-reaching steps undertaken by the agency to help protect our state's water supply.

Marquis Childs Staving Off Armageddon

WASHINGTON—Year-end forecasts tend to see the future in terms either of the millennium or Armageddon. But since the millennium is quite obviously not at hand dedicated men in almost every country in the West are setting out to do the hard, slogging, patient work that may avert the Armageddon of a nuclear war.

With the Berlin crisis on the horizon, only an incautious bookmaker would give odds on the outcome. These men believe, however, that they are laying the groundwork for economic union that will eventually result in political union.

THE PLANNING, the persuasion, the prodding are going forward at various levels. In Paris next week 96 citizen delegates from the 15 NATO countries will meet to debate every aspect of the alliance. High on the agenda will be the question of the European Common Market — the evolving United States of Europe — and how this new economic entity fits with the powers outside the immediate orbit of Europe.

CO-CHAIRMEN of the American delegation are former Secretary of State Christian A. Herter and Will Clayton who was under secretary of state in the Truman administration. Herter and Clayton are co-authors of a report to the House subcommittee on foreign economic policy calling on the United States to form a "trade partnership with the European Common Market" and for a "substantial broadening and reshaping" of the American Trade Agreements Act as a minimum step. They will be meeting with dedicated Europeans who have helped to put together the new European community and who now realize that great and decisive further steps must be taken.

NATO in and of itself, as a Western defensive alliance, is not enough as these men are only too well aware. It is essential to work out a new relationship with the underdeveloped countries. That is one of the major moves that must soon be undertaken and it will be an important topic of discussion at Paris.

PLANNERS SUCH AS Jean Monnet, father of the Common Market concept, envisage a joint approach by the highly

developed countries of the West to the underdeveloped countries of Asia, Africa and Latin America. Each industrially advanced nation would be assigned its share of the task of helping the less-developed peoples to move forward. Capital and technical assistance would be supplied from a common pool.

The hit-or-miss method of each nation handing out its own foreign aid has not worked too well. In a recent speech President Kennedy pointed out that a sudden drop in commodity prices could wipe out the entire benefit of an aid program. By playing it together with a common economic policy and joint economic controls the nations of the West could resist Soviet economic warfare and strengthen the whole Western community with a rising standard of living and interesting political integration and stability.

WHERE THE EUROPEAN neutrals fit in is still under sharp debate. Austria's neutrality is enforced under the agreement with the Soviet Union terminating the Austrian occupation. Switzerland's constitution makes neutrality mandatory. But Sweden decided, contrary to the choice of Denmark and Norway, to stand neutral, and there are those in the European community who would make Swedish admission conditional on a reversal of this policy.

But that is a question for the more distant future. If the optimists—the hopeful idealists—are proved right the timetable will be as follows:

IN JUNE CONGRESS will adopt a liberalized trade program giving the President the right to lower tariffs across the board rather than item by item under a peck-system giving Congress in effect, a veto. This will make it possible to form a trade partnership with Europe.

Sometimes between June and November the Common Market will admit Britain to membership with such reservations as will permit London to maintain its relationship with the Commonwealth countries. Then on the basis of the British reservations the case of the neutrals will be considered.

THUS WILL THE WAY be opened to the grand design. The less-developed nations, agriculture, nuclear power — all will be fitted into the framework of a West joined by economic ties transcending old political differences.

It is needless to add that the Soviets will do everything they can to frustrate this grand design. With the familiar tactics of fear and threat they will try to block it. Moreover, the divisions within the West are still deep. So in the end the pessimists and the skeptics may be proved right. But that is defeatism which the true believers in the unity of the West will not for a moment concede.

Early Industry

NEWARK, Ohio — A flint ridge that begins in east-central Ohio and extends east about eight miles probably was one of the sites of America's first industry—the quarrying and working of flint.

Good Try

WINONA, Minn. (AP)—Three days before the Minnesota deer season opened, a yearling buck leaped a nine-foot fence to gain the safety of a city park enclosure where lame deer are kept.

No soap, though.

Game wardens dosed the buck with tranquilizers and turned him back to the wilds.

HOW MANY LIVES HAS HE LEFT?

James Marlow What's A Republicrat, Daddy?

WASHINGTON (AP)—Through most of 1962 politicians of both parties will whoop it up about elections but the outcome isn't apt to make much difference.

This is a conservative Congress and is likely to remain so whether the Democrats retain control and even pick up a few seats or there is an upset and the Republicans take charge.

Congress is divided into three main groups. There are some liberals and reactionaries in both parties. But the big, middle, dominant group in both is conservative.

AND JUST because this is so, the further an individual stands back from American politics and looks at it the harder it is to distinguish a Democrat from a Republican.

The Democrats have a big majority in Congress where there

are 437 House seats and 100 Senate seats.

This is the score: In the House — 238 Democrats to 174 Republicans (with five vacancies in seats which had been held by Democrats); in the Senate — 64 Democrats to 36 Republicans.

You might wonder, and justly so with these big Democratic numbers, how large a Democratic margin President Kennedy feels he needs to get Congress to bless all his efforts.

Probably nobody, including Kennedy, could give a flat answer to this and for several reasons.

1. There's always some shifting around on issues but on any single one — when conservative Southern Democrats, about 90 of them, team up with very conservative Republicans against him, Kennedy is in trouble.

AND, SINCE the same Southern Democrats get elected repeatedly this balance of power isn't in for a change even if the Democrats gained some new members in November or the Republicans won control.

2. While the final voting is done on the floor of both houses, the key to much of the success or failure of any administration lies in the committees of both houses and with their powerful chairmen.

And in Congress the conservative Southern Democrats dominate the committee chairmanships.

Of the 20 major committees, 12 have Southern Democratic chairmen. In the Senate, with 16 major committees, Southern Democrats are chairmen of 9.

3. On some very important issues the measure of success can depend on how much fight the President has in him for his program.

IN 1961, ON some of the most important issues, Kennedy has shown little fight or none. On medical care for the aged and federal aid to education, which ran into opposition inside and outside Congress, Kennedy went a good deal less than all out.

On civil rights—although he had promised in the 1960 campaign to make this one of the first orders of business if he won—he gave up altogether and didn't even offer any kind of program, mild or otherwise.

To Your Good Health Stay-Awake Pills Not Good For Students

By JOSEPH G. MOLNER, M.D.
My letter file includes a number about "stay-awake" pills, including these two:

"Dear Doctor: My daughter in college takes stay-awake pills when she has to study late at night. I feel this is not good for a teen-ager. She has become so much more tense lately. Will you comment? And also what is your opinion on cigarette smoking at this age?"—Mrs. S. E.

Dear Sir: I am a college student and have a lot of homework to do. I have tried some stay-awake tablets to keep my studies from putting me to sleep. They are supposed to be non-habit-forming. What do you think of them?"—W.B.

I know it's hard work in college these days—and the colleges are so crowded that the student who doesn't keep up in his grades presently is sent home.

The colleges have to be hard-headed about this. Students should be, too, if they intend to stay in college.

These pills are at best a poor substitute for staying awake naturally. They may keep a person from falling dead asleep—but they don't improve mental alertness. Quite the reverse. It's a foggy sort of wakefulness.

True, they may not be habit-forming in the sense of causing an addiction or physical craving for them. But they can become a habit when anybody puts too much dependence on them.

Furthermore, the pills don't add

any extra useful hours to the week. Whipping up the nerves to more activity when the body is demanding sleep simply means that the lost rest must be made up in some other way or at some other time. Maybe you stay more or less awake far into the night, but you'll pay for it by being tired later.

There are plain reasons for fatigue—which includes being unable to stay awake without drugs. An obvious one is not enough sleep, because of excessive extracurricular activities—sports, clubs, dates. Or the hard task of having to work in addition to going to school.

Inadequate nutrition is another, powerful factor than many people suppose.

Stuffy rooms or excessive smoking can also make people sleepy. And, frankly, a subject in which the student isn't really interested usually makes him sleepy. The best answer I can offer is that since you've signed up for the course, willingly or not, study it first; save the more interesting ones until later.

Coffee, a brisk walk, or even five minutes of calisthenics is enough to wake up somebody who has been getting enough sleep, food and exercise.

Smoking among college students is pretty much an individual choice. By and large, children, reflect the attitudes of their parents, but not always. You can't just tell 'em not to smoke and expect it to stick. You CAN hope that

they are smart enough not to get the habit.

"Dear Dr. Molner: I am 50 and still having my periods regularly. Can I become pregnant? Or am I too old?"—Mrs. R. L.

YOU CAN, so far as the presence of periods is concerned. Age itself is not the important factor. I repeat for the second time—second or sixtieth—that there's no absolute rule. But one year after the last period, the prospects of pregnancy are virtually nonexistent.

NOTE TO H. W.: About 10 grams of quinine a day seem to be adequate to control malaria, although, these days, some other drugs have proved more effective. I don't believe that it is necessary to take doses "every two hours."

What about constipation? Many can be relieved of it, both mentally and physically, by reading my booklet "The Way To Stop Constipation." For a copy write to Dr. Molner in care of the Herald, enclosing a long, self-addressed, stamped envelope, and 20 cents in coin to cover printing and handling.

Dr. Molner welcomes all reader mail, but regrets that due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

Around The Rim And Why Not A Local Flying Club?

Probably few clubs have been so popular, well organized and generally successful as the Webb Aero Club. Started some years ago with a plane that would barely fly, the club now has a stable of modern aircraft and is planning on buying even more.

The membership has grown in these years and the club can boast ample instructors to meet the needs of all neophyte pilots. The club financial status is obviously ample to maintain a good program, yet moderate enough to attract even the most budgeted person.

AS A RESULT, many persons at Webb, both military and civilian, have an opportunity to take up the pleasures of private flying. Normally considered an expensive pursuit, the club makes flying as inexpensive as driving an automobile.

It's unusual that there is no such club for Big Spring residents. With a modern county airport, as well as Cecil Hamilton's private field, there are ample facilities for a host of private flyers. A flying club that would enable residents of moderate means to take up flying should find a ready market here.

THE WEBB CLUB is an example of the interest and feasibility of such an organization. It remains for someone with the know-how to launch the project.

Such a club would have the membership primarily in mind, but it would have side benefits as well. A more air-minded populace would mean considerable to the financial support of a needed community facility, the airport.

But first, it would enable anyone, of whatever financial condition, to participate in what is rapidly becoming a major pastime, flying.

THERE HAVE BEEN many small flying clubs here and there probably are quite a few now. But these, by and large, require a lot of money because of a limited membership, deliberately because the members wish to use the aircraft as often as possible.

There was a story earlier in the week of the University of Texas flying club that has developed into a whale of a success with 90 members and six new airplanes. All in 14 months.

There appears to be a genuine interest in private flying in Howard County, much of which may be dependent on such a club to see fruition. It now awaits someone to take the problem by the horns and bring it to life. — V. GLENN COOTES

Inez Robb 'Reform' A La Wagner

As we New Yorkers enter the bright new year, we have much for which to be deeply grateful.

For example, with a positively precient brilliance we went to the polls last November and overwhelmingly elected a "reform" Democratic administration, pledged to exorcise bad old Tammany Hall and all its evils.

NOW WE ARE learning how sweet are the rewards of virtue, which is a much prettier way of saying "to the victor belong the spoils." The "in," or "reform," group, led by that peerless cipher, Mayor Robert F. Wagner, has just voted himself such fat nepotary rewards and perquisites for banishing Tammany that it curdles the taxpayers' blood to consider what might have happened to the civic till if the Tammany faction had won.

Hizzoner, for his noble "reform" efforts, has rewarded himself with a 25 per cent pay boost, from \$40,000 to \$50,000 per annum. Nor does that include free food and board in the city-owned Gracie Mansion, or a new city-bought \$8,800 Cadillac limousine.

IT SHATTERS ME to read that the mayor has been making do with a 1955 Cadillac. In recent months, that Caddy has been so often in the repair shop that Wagner had to depend from time to time on just any ignominious sedan from the Department of Public Works pool. But such are the sacrifices demanded of our public servants!

But the Wagner grab—I beg pardon! In "reform" parlance it's called "justified salary adjustment skywise"—is modest compared with that awarded the loyal (to Wagner) City Controller, Abraham D. Beame. He rates a 50 per cent salary boost, from \$20,000 to \$30,000 a year. However, he will have to struggle along as best he can with a Cadillac of 1958 or '59 vintage that should have been discarded long ago when the ash tray filled up.

IT FAIR WARMS the heart of anyone

David Lawrence What To Do About The Court

WASHINGTON — Controversy over the alleged leniency of the Supreme Court toward the Communist menace inside America is bound to grow as Congress soon resumes its sessions.

The high court has said, in effect, that Americans can join the Communist party and that Congress cannot legislate against them except in cases in which it can be proved that they are knowingly intent on the overthrow of the government of the United States by force. This is considered an almost insuperable barrier because it involves endless technicalities over what constitutes legal proof of "intent."

THE DEPARTMENT of Justice is trying now to prosecute the leaders of the Communist party in America on the ground that, under existing law, they can be required to register as agents of a foreign government, which they refuse to do. A few such persons, therefore, could ultimately go to jail, but in reality many thousands of others will be free to continue to carry on their support of the Communist party in America. The remedy would seem to be a constitutional amendment broadening the power of Congress to deal with this and other problems of the "cold war."

VICE PRESIDENT Lyndon Johnson made a speech recently which was widely construed as, in part, a criticism of the John Birch Society, some of whose members have called for the "impeachment" of certain members of the Supreme Court of the United States. The address, which was carefully prepared in advance, deserves more attention than was given to it.

The Vice President was speaking at a luncheon honoring a new federal judge at Houston, Texas, and he said that in America people have "a right to say what they wish—however popular or unpopular." He then added:

"THEREFORE, our courts are subject to attack. Those who disagree—even for partisan reasons—with a court decision have the right to say so. They may even go so far as to question the motives and the good faith of the judges who rendered the decision.

"The right to raise such questions should never be challenged. This is—and must remain—a free society. But the wisdom of this course of action is open—and should be—to sharp debate.

"It is one thing to declare a court decision wrong and to seek its reversal. The men who wrote the Constitution re-

organized that even the best-intentioned of human beings were fallible and they provided simple means for appeal. It is another thing to declare a judicial system wrong and to demand that all judges who render unpopular verdicts be impeached. This train of thought merely paves the way for the Communist dictatorship we seek to avoid."

BUT IT ALL depends on what is meant by "impeachment." The legal meaning, as set forth in the Constitution itself, is that this remedy can be invoked only in the case of "treason, bribery, or other high crimes and misdemeanors."

Impeachment, however, in a broad sense could also mean steps leading to removal from office. Thus Congress can pass laws providing for the removal of any judge who violates the requirement of "good behavior." For the Constitution doesn't say that judges shall hold office for life, but only "during good behavior." Obviously, the Supreme Court itself can hardly sit in judgment on the behavior of its own members, so it can be argued that Congress has the power to provide for trial of such cases by the Senate, and the penalty could be removal from office.

THE CHIEF CRITICISM throughout the years has been that the Court has tried to become a policy-maker and has departed from judicial limits. In August 1958 the conference of state chief justices, by a vote of 35 to 8, severely criticized the decisions of the Supreme Court of the United States and, in a formal report, said:

"We believe that in the fields with which we are concerned, and as to which we feel entitled to speak, the Supreme Court too often has tended to adopt the role of policy-maker without proper judicial restraint. We feel this is particularly the case in both of the great fields we have discussed—namely, the extent and extension of the federal power, and the supervision of state action by the Supreme Court by virtue of the Fourteenth Amendment. In the light of the immense power of the Supreme Court and its practical non-reviewability in most instances, no more important obligation rests upon it, in our view, than that of careful moderation in the exercise of its policy-making role."

THE FOREGOING is really an appeal to public opinion to achieve a reform. It is the right of individual citizens similarly to call for reforms, and that's why it isn't so simple to write off the "extremism" of some members of the John Birch Society as altogether unprovoked.

DAVID READ

Read To Run For Re-Election To Legislature

Dallas — Record sales and earnings for the third quarter ended Dec. 31 are anticipated for Zale Jewelry Company as a result of peak Christmas sales, it was announced by Zale president Ben A. Lipshy.

Although final figures won't be available until early in January, we have already surpassed our previous high December sales and expect improved profits as a result of the increased spending throughout the country," the Zale president said.

The company experienced several days during the month in which its 222 stores totaled over one million dollars in sales. While this has happened in previous years, Lipshy said the company had almost twice the number of million-dollar days than in the past.

His district is made up of Coke, Glasscock, Howard, Irion, Martin, Reagan and Sterling counties. Read has recently toured the district to place his name on file with Democratic chairmen in the various counties. He currently is in Austin for the special session.

He first was elected to the Texas House of Representatives in 1960, and said, "I believe I have established a record that is in service to the state and the district. Certainly any vote I made or any stand I took is open for public inspection. And I will be happy to discuss any issue with any individual or groups of people in the district."

Read continued: "I feel that my experience of the past term now enables me to serve the district even better. It takes some time to 'learn the ropes' in Austin, and I think I have succeeded to some degree in familiarizing myself with the functions and the problems there.

"I hope that the good people of this district can see fit to give me a vote of confidence. I can assure them all that my services in Austin will be devoted to what I consider the best interests of all the people of Texas."

Read is a graduate of Big Spring High School, and in 1959 received his B.A. degree from Baylor University, where he majored in speech and history, specializing in governmental history. He is engaged in cotton buying, in association with his grandfather, Andy Brown of Ackerly.

Leading Club Woman Dies

Brownsville, Tex. (AP) — Mrs. Volney W. Taylor, prominent Texas club woman, died in a Brownsville hospital Wednesday after a long illness. She was 71.

She was a former president of the Texas Federation of Women's Clubs and a past treasurer of the General Federation of Women's Clubs.

She was a former director of the American Society for the Control of Cancer and served as a member of the Brownsville School Board for more than 10 years. She was a former member of the board of trustees of St. Mary's University at San Antonio. She also was active in the development and expansion of Brownsville's junior college, now known as Texas Southmost College.

Survivors include two daughters, Mrs. Fred Wagner of Brownsville and Mrs. Maryzell Calaya of Houston; and two brothers, Thomas E. Cook and Harwin D. Cook, both of Dallas.

Her husband, a prominent Brownsville attorney, died several years ago. A son, Volney Taylor Jr., was killed while serving with the Navy during World War II.

Midlander Buys Ranch

FORT WORTH (AP)—Oilman L. (Bob) French Jr. of Midland has bought the 21,966-acre show place Anacacho Ranch in Kinney County.

The sale was announced Wednesday by Mr. and Mrs. Wyatt C. Hedrick of Fort Worth, who acquired the ranch in 1948. The amount paid was not disclosed.

The 35-year-old Midland oilman also owns ranches in Real, Edwards and Kimble counties. The sale included a herd of black Angus cattle assembled over the years by ranch superintendent George Tate.

French took possession Jan. 1. The ranch includes guest facilities and an airport capable of handling any plane up to the size of a twin-engine Convair.

The ranch originally was owned by Charles Corn. Later the Massachusetts Mutual Life Insurance Co. acquired the property and leased it to R. S. Sterling, former governor of Texas, and his partner, Dolph Briscoe Sr.

The ranch is considered equal to any in America for both handling livestock and for entertaining.

Record Volume Is Reported By Zale

DALLAS — Record sales and earnings for the third quarter ended Dec. 31 are anticipated for Zale Jewelry Company as a result of peak Christmas sales, it was announced by Zale president Ben A. Lipshy.

Although final figures won't be available until early in January, we have already surpassed our previous high December sales and expect improved profits as a result of the increased spending throughout the country," the Zale president said.

The company experienced several days during the month in which its 222 stores totaled over one million dollars in sales. While this has happened in previous years, Lipshy said the company had almost twice the number of million-dollar days than in the past.

Cuba's Plight Contrasts Communism, Democracy

The communization of Cuba can serve one useful, if tragic, purpose, Dr. Aristides Menendez told the Downtown Lions Club Wednesday.

"Nothing could show such a contrast between communism and democracy," he said. "Cuba was not like China or some other downtrodden country where people were trading poverty and misery for a vain hope of something better. Cuba was a progressive country with a high standard of living."

Under communism, Cuba has lost not only her freedom, but she has been reduced to the low standards of other Communist nations, Dr. Menendez said. Consider these, he added: Cuba

since last April so there is no longer education but rather Communist indoctrination of the children; the regime that was supposed to bring "freedom" has tortured thousands in prison to where prisoners often are reduced by desperation to drinking water from toilets, or ill patients even have surgery performed upon them without anesthetics, he continued.

MOUNTING EXECUTIONS
Another damning indictment of Castro's misrule is his record of executions, said Dr. Menendez. The rate now is about five times that under dictator Batista. Castro has practically stopped shooting; instead, he is quietly hanging political prisoners, particularly among the peasants in the hinterlands.

He blasted the idea that Castro's take-over resulted from Cuba having oppressed, illiterate, underfed masses. "That there were 2,000 physicians among the Cuban refugees is

evidence we were not an illiterate nation," he asserted. "Anyone who wanted to get an education could get it because government grants were open to the poorest."

Not was the coup the result of connivance of laboring classes, for under Batista they had been given such great concessions that they courted no change.

What then opened the way? It started a quarter of a century ago when real political freedom came to Cuba, but corruption among officials came with it. The corruption seemed to increase with each new government, partly with the consent and aid of the old military clique. When Batista, once ousted dictator, managed to pull off a coup two days before election, the real wedge was opened. At this time the Communists were at their lowest ebb, said Dr. Menendez, but the corruption and the persecution of the Batistas created a ready-made opportunity.

One group of Reds infiltrated

Male Stronghold Seeing Last Days

Batista's group, another took to the hills as a "revolutionary" group. So weak and degenerate were the Batista rulers that although they had an army which could have crushed Castro easily, they fled instead.

Dr. Menendez was introduced by Red Williams, program chairman. Frosty Robison, chairman of the March of Dimes project of the club, got volunteers to help with miniature crutch sales Jan. 13 and Jan. 20. Ed Bouillon, president, announced the district 2AL mid-winter conference in Sweetwater Jan. 20.

Dies Of Injuries
HOUSTON (AP)—Jessie Taylor, 63, died Wednesday of injuries suffered when struck by a car Dec. 26. That sent Houston's 1961 traffic death toll to 96, compared to 86 in 1960.

NEW YORK (AP) — Francoise Autieiro, the attractive blonde who caddied for Joseph P. Kennedy, the President's father, wants to teach American girls how to caddy.

Francoise, 23, arrived here Wednesday with her husband, Lucien, a fish market operator. She plans to spend a week in New York and then go to Florida, where she will teach girl caddy candidates at the new Doral Country Club in Miami.

Wearing a chic green dress reaching to just above the knees, Francoise told newsmen that all girl caddies have to remember is to "be amiable and to give advice—and, of course, not lose the ball."

Pet Sea Lion Gives Master Merry Chase

OCEAN CITY, N. J. (AP)—Candy, the capricious sea lion, has appeared—and disappeared—again.

The animal who has been playing hide-and-seek with humans since Christmas flapped its flippers at the dock of Mr. and Mrs. Joseph Noone Tuesday.

The Noones knew what the sea lion expected. It had first appeared at their dock last Thursday and eagerly accepted a fish handout.

They followed the same procedure Tuesday. They rushed out and bought \$7.50 worth of fish for their voracious visitor. Then they made a quick telephone call to Al Sheridan of Island Park, N. Y.

Sheridan, a fisherman and boat builder, had read about the heady sea lion and he said it was probably his pet, Candy. Sheridan said that Candy, whose appetite for fish is boundless, disappeared into the Atlantic Ocean two months ago when a school of his favorite food swam by.

He said his pet apparently has been wandering tramp-style up and down the Jersey coast accepting free lunches.

Sheridan climbed into his station wagon and headed for Ocean City as soon as he received the Noone's call. Back at the dock, the animal eulped through the fish dinner supplied by the Noones. When Sheridan arrived, he took a handful of fish and went to the dock to try and persuade the happy-go-lucky sea lion to return to domesticity.

But Candy, if it was Candy, also is contrary. It took one look at Sheridan and plunged back into the salt water.

"It looked like my sea lion," Sheridan said.

The Coast Guard offered aid to the disconsolate Sheridan. It supplied a boat which carried Sheridan and the Noones up and down the lagoon, beaming a searchlight under the docks. No sea lion was found.

Townpeople say the sea lion probably was the "Christmas seal" that arrived in North Wildwood, 15 miles south of here, the day before Christmas and accepted a fish handout before paddling away.

10-B Big Spring (Texas) Herald, Thurs., January 4, 1962

Play Parallels Rickover's Battle

By WILLIAM GLOVER
Associated Press Drama Critic

NEW YORK (AP)—"The Captains and the Kings" is a melodramatic Broadway chain-reaction about nuclear naval power.

A lot of high-energy excitement flares across the stage of the Playhouse Theater, where the adventure unfolded in premiere Tuesday night. Also evident are traces of over-active hokum.

The superb nautical cast includes Dana Andrews, Charlie Ruggles, Conrad Nagel, Peter Graves and some classy subordinates, all polished to smart trim by director Joseph Anthony.

The plot concerns development of America's first atomic submarine a half dozen years ago. As the tart, dedicated and neglected four-striper who heads the project, Andrews portrays a character parallel in some details to Capt. Hyman L. Rickover—since promoted to vice admiral—who played a prime role in the real-life operation.

Leo Lieberman, a playwright recruit from films and TV, steers ably in the development of characters and in establishing a dramatic focus—the bitter opposition of conservative admirals to change.

With them, he sets up a senator

who represents the more deplorable traits of political opportunism. In this part of sanctimonious hypocrisy, Charlie Ruggles—a vintage image of elderly jollification on stage and screen—appears in off-type casting. The twinkle in his eyes belies the venom of his lines.

Nagel, chief spokesman of the established order, and Andrews carry the play to a peak of taut drama in the second act when the opposition positions are aired before an austere panel of gold braids.

The credibility of "The Captains and the Kings" falters subsequently when Lieberman pulls out the melodramatic stops to resolve his major and minor themes. The sub-plotting includes an officer's romantic tangle, and a father-son clash.

An unauthorized deep-sea test of the submarine is the means whereby everything is resolved. Logic gives way to histrionics. The truth is still stranger than this kind of fiction.

Graves portrays the rebellious sub skipper with boyish enthusiasm. Others in the cast are Lee Grant, the show's sole damsel; Gavin MacLeod, a slithering lawyer; and Warren Wade, a grave and wily fleet admiral.

French Secret Army Calls All-Out Fight

ALGIERS (AP)—The underground French right-wing Secret Army Organization called Wednesday night for a general mobilization of European settlers for a last-ditch fight to keep Algeria French.

Terrorism mounted in the North African territory with 37 persons slain Wednesday in attacks by both Europeans and Moslems, bringing the toll for the first three days of the year to at least 60 dead and more than 130 wounded.

Handbills calling on the settlers to prepare to fight were posted as the belief spread that the way was at last open for an agreement between the De Gaulle government and the Algerian rebels to end the seven-year-old war in Algeria. The handbills gave no further instructions but a pirate radio broadcast earlier in the day predicted victory for the Secret Army in 1962.

Terrorism surged up in most major Algerian cities. The attacks were indiscriminate and followed no particular pattern. It was believed the Moslem nationalists were making a show of strength to influence the secret talks under way for several weeks between the French and the Nationalists. And the European extremists appeared trying to foster the idea that France could not enforce an independence agreement against the French settlers' determined resistance.

Three persons were killed and 30 wounded by grenades thrown into a crowd of Moslems leaving a movie house in Constantine Wednesday night.

In the western port of Oran bands of youths savagely stabbed or beat to death six Moslems in separate attacks after word spread that a pregnant Jewish woman had been wounded by a Moslem terrorist. The woman later died.

Rebel headquarters in Tunis made a conciliatory gesture in a statement Wednesday declaring: "The provisional Algerian government is animated by a sincere desire to achieve a realistic solution, a solution that would take into account France's interests."

"Independence of the Algerian people and its entire sovereignty over all of its territory should be conciliated with the interests of France."

The statement was distributed as a "political bulletin" by the official rebel agency, Algerie Presse Service.

African Student Reveals Plot To Take Continent

BRONX, Germany, (AP)—A young African just returned from years of study behind the Iron Curtain says he was told in Moscow of a plan to bring Africa under Communist rule within 20 years.

Madhi Ismael, who represented Somali trade unions in Communist bloc countries, told a reporter that this information came from Mukhedir Bakhtov, general secretary of the Soviet Afro-Asian Solidarity Committee, and Lev Soukhanov, a member of the solidarity committee.

"We still have a chance to save Africa from communism but in 10 or 15 years it may be too late," said Ismael, who is 23. He and five

others Somali students were expelled from Czechoslovakia last month.

Ismael said he had been attracted to communism while studying on a scholarship in London in 1957. He became a candidate for party membership and was offered a scholarship to study in Czechoslovakia.

"After studying economics and political planning for four years, I came to realize that communism has no place in Africa," Ismael said.

"In Somali we fought the British and French imperialists but now I have learned that the Communists are the greatest imperialists. They are the worst."

Ismael said more than 200 young Somali Communists are studying in Moscow, 40 are in Peiping, 38 in East Germany and five to 10 in Poland. These Communists, he asserted, are to form the cadre for Communist expansion in East Africa.

The West German government has granted Ismael's companions one-year scholarships to study in Germany and then will give them further aid to study at a German university.

Ismael asserts he plans to go home "to become an anti-Communist politician."

Child Killed

LIBERAL, Kan. (AP)—A Pampa, Tex., child was killed and three members of his family injured in the crash of a car and city sanitation truck here yesterday. Lynn Gee, 16 months, died in the crash. His father, Marin Gee, 24, his mother, Linda Fern, 19, and a brother Eldon, 3, were hurt.

Kids Too Much For Bus Driver

PITTSBURGH (AP)—A Pittsburgh bus driver, fed up with the antics of high school students riding in his bus, halted his vehicle at a busy Pittsburgh intersection Wednesday and walked off the job.

"I can't stand it anymore. I've had it," Frank Seitz told police at the scene.

Seitz, a driver for the Pittsburgh Railways Co. for 15 years, ordered the students off the bus and then telephoned his office to come and get the bus because he was going home.

"It is too early to say he quit, or whether he will be disciplined," said R. A. Hamilton, manager of rates and services for the bus firm.

Garrett Is Director Of Newly Organized Company

Horace Garrett, Big Spring, has been announced as one of the directors of a newly-formed corporation to operate in this area. Called the First West Texas Capital Corporation, it will be the first company specifically organized to provide financial and management assistance to small businessmen of this region. Offices in the Odessa First National Bank Building will open sometime before mid-January.

Licensed under the Small Business Investment Act of 1958, the organization will offer long-term

equity financing (five years or more) for a number of business practices. These include opening new business ventures, adding operating capital to increase profit potential, constructing or improving plants and facilities. It also will include conducting research and development, intensifying marketing efforts, lengthening debt structures and expanding short-term borrowing bases, acquiring small companies to strengthen the borrower's position, developing commercial and residential real estate, opening branches in new areas, and expanding into diversified new fields.

Acting under a license granted by the Small Business Administration last October, the corporation has named the following officers: G. C. Hardwick, Odessa, president; James Key, Odessa, vice president; O. F. Blank, Odessa, secretary-treasurer. Directors, other than Garrett, include Jerry Ormand, H. H. Simmons, A. A. Townsend, John Cooper, and Jackson Parker, all of Odessa; Robert Taubman, Midland, and Guy McGill, Andrews. First West Texas Capital Corporation holds the first license granted in the immediate area under the Small Business Investment Act of 1958. This legislation sets up the mechanics for providing financial help to growing businesses.

Firemen Battle Grass Blaze

HARGILL, Tex. (AP)—Firemen battled for four hours Wednesday to put out a grass fire that burned over 1,500 acres of grassland.

The fire was four miles west of Hargill and 10 miles northwest of Edinburg. Firemen of Pharr, Edinburg and Weslaco joined in fighting the fire.

An Edinburg fireman, John Economedes, suffered first degree burns and was taken to an Edinburg hospital.

The lone house in the fire area escaped damage.
