Fire Truck-Car Crash

Upper photo shows damage caused to a Big Spring City fire truck when it collided with the big sedan shown in the lower photo Saturday afternoon. Ted Groebel, Big Spring oil man, was injured seriously in the crash.

FIRE TRUCK-CAR

City Man Gravely Hurt In Accident

An emergency run by firemen on what turned out to be a false alarm. Saturday afternoon almost took the life of one of Big Spring's leading citizens.

Reviewing The Big Spring Week With Joe Pickle

Seldom have bank figures reflected such pronounced gains as those at the end of the year. Deposits were up about 15 per cent, or in round figures about \$5,000,000.

Those balmy spring days around and following New Year's Day gave way to some "normal" weather. We had mild dusters Thursday and Friday, which explains why forecasters' predictions of possible moisture or snow didn't materialize.

It began to look as if the stork had been out on the town and had forgot to flap his wings on New Year's Day, but at 2:39 p.m. Felix Subia Cevallos, Cosboma, put in his appearance as first baby of 1962. He is the son of Mr. and Mrs. Luis Cevallos.

Local exhibitors had a good week at the Sandhills Hereford and Quarterhorse Show. Robert Hanev, 12, had the first place quarterhorse and show grand champion in the 4-H and FFA division. Mary Thornton's medium-weight steer ranked second in class.

A special honor came to L. L. (Red) Lewis last week. The affable HCJC track coach was named outstanding junior college coach in Texas in recognition of having won the National JUCO track title. Emmett McKenzie was ranked fifth among the Texas high school coaches, a tribute to the record of his Steers in winning 7 of 10 games when they weren't expected to break into the victor's circle.

Another old timer slipped away last week. Milton E. Broughton (See THE WEEK, Pg. 6-A, Col. 1)

Vicious Cold Brings Death And Suffering

By The Associated Press
A blustery storm loaded with snow, sleet and torrential rains battered the eastern half of the nation Saturday and ran up a grim toll of multiple deaths on ice-slicked or fog-shrouded highways.

The vast storm grounded planes in a number of major cities, disrupted bus schedules and caused a rash of traffic accidents that will take police several days to compile in some localities.

Eight persons riding in one car were killed when their vehicle and a semitrailer truck collided in rainy, foggy weather in south-eastern Illinois.

A few hours later, three high school students were killed in a head-on collision of their car and a semitrailer truck less than 20 miles away from the other accident scene.

ROAD DEATHS
Four dead mutes, traveling from Michigan to Toledo to play in a basketball game were killed when their car skidded across the icy Toledo-Detroit Expressway near Toledo and slammed into a tractor-trailer in the opposite lane.

The storm buried Kansas City under 10 inches of snow. Snow fell throughout the day in Chicago and was expected to rise to a depth of 6 to 10 inches.

Snow, sleet and freezing rain made driving hazardous in a storm zone stretching from Texas to New England.

Operations at Idlewild Airport in New York were brought to a virtual standstill as fog and rain blotted out ceiling and visibility. In Chicago, both Midway and O'Hare airports were closed down temporarily when heavy falling snow cut visibility almost to zero.

Planes were grounded at Rochester, N.Y. Fog shut down International Airport at Philadelphia for five hours. Two incoming flights were canceled at Portland, Maine. Municipal airport because of ice on the runways.

NEW STORM
Meanwhile, a new storm center developed in the Dakotas causing severe blizzard conditions in the western half and some northeastern sections of North Dakota.

The Chicago Weather Bureau said the centers of the two storms could join Sunday causing heavy snow in northern Michigan.

Cold weather pushed into the southeast, threatening added misery to victims of a tornado that killed a baby girl, injured 60 persons and made between 600 and 700 persons homeless at Crestview in northern Florida.

An ice blanket covered portions of Indiana, Michigan, Pennsylvania, New York and most of New England.

In ice-glazed Greater Boston, police reported skidding accidents "by the hundreds."

New Hampshire motorists were advised to stay off roads unless driving was necessary.

Red Bloc Beginning To Crumble, JFK Asserts

HIT BY CAR

County Scores First Road Death Of 1962

Robert G. Sanchez, 29, Rt. 3, Colorado City, became Howard County's first traffic victim for 1962 when he was struck by a car as he walked across IS 20 Friday night.

The accident occurred 2.5 miles east of Big Spring. It was investigated by Highway Patrolmen Arvin Henry and Jack White.

White said that the mishap occurred at 3:35 p.m. He said that Sanchez and Joe Sanchez, 25, his brother, had parked their car on the south side of the east-bound traffic route on the highway. They had gone across the highway north to the Blue Top Liquor Store to buy two cases of beer.

White said that J. B. Hall, an off-duty patrolman for the Big Spring Police Department, who lives near Moss Creek Lake was traveling east on IS 20 en route to his home, accompanied by members of his family.

When his car came almost abreast the parked automobile of the Sanchez brothers, the two young men were crossing the slab to the south. Joe saw Hall's car and stopped. Robert, according to witnesses, kept on walking into the path of Hall's car.

The impact hurled Sanchez 90 feet, White said. Hall immediately brought his car to a halt and summoned an ambulance and notified the highway patrol. River ambulance answered the call. Sanchez was taken to the Cowper Hospital and Clinic. He was dead on arrival at the hospital.

White said that from all evidence the mishap was one to be classified as unavoidable. The body was removed to the River Funeral Home and later taken to Kiker and Son Funeral Home in Colorado City.

Funeral services for Mr. Sanchez are to be at 9 a.m. Monday in St. Ann's Catholic Church in Colorado City. Burial will be in the Mitchell County Cemetery, Kiker and Sons Funeral Home is in charge of arrangements.

Mr. Sanchez was born June 7, 1932 in Bastrop. He and his family have lived in Mitchell County for four years. They made their home southeast of Colorado City on Route 3. He was a farmhand.

He married Consuelo Salazar, who survives him, in 1949 in Indiana. They have seven sons and one daughter. He is also survived by his father and mother, five brothers and four sisters. All of these survivors live in Mitchell County.

West Strength Showing Gains

COLUMBUS, Ohio (AP)—President Kennedy said Saturday night the Western alliance is gaining strength while the Communist bloc has begun to crack.

The past 18 months has seen the beginning of the fragmentation of the Communist empire," Kennedy told a Democratic fund-raising banquet here.

Kennedy flew in from Washington in the rain to address the banquet at the state fairgrounds in honor of Gov. Michael V. DiSalle's 54th birthday anniversary.

The President called for support of his administration's proposals to make 1962 a "year of progress" in this country and abroad.

Success, he told, 2nd grad 3rd Success, he told Ohio Democrats, will give their party a record on which to run next fall.

Kennedy flew through the rain from Washington to Columbus to address a \$100-a-plate dinner organized to sing "Happy Birthday" to Gov. Michael V. DiSalle. The Ohio governor was 54 Saturday.

The President, grounded by heavy fog before taking off from Washington, was nearly an hour late in reaching Ohio's capital. He drove directly to the Buckeye Building on the state fairgrounds to give DiSalle a boost and claim "a year of achievement" for his first 12 months in office.

In remarks prepared for the dinner, Kennedy plugged hard for his program to lend federal support for higher education and to link medical care for the aged to the Social Security system.

One by one he ran through what he called "challenges and opportunities" in the fields of unemployment, distressed areas, re-vamping of tariff laws, advances in civil rights, education and medical care.

SOLUTION
"We must attempt to bring a solution to the 15-year-old problem of a Berlin isolated in a hostile land," Kennedy said.

"We must continue to associate ourselves with the emerging nations of Africa, Asia and Latin America as they strive for political and economic independence."

The President kicking off a personal campaign for the programs he hopes to get through the session of Congress opening next Wednesday, declared: "We must not become exasperated with the failure to solve all of our problems overnight. We must be willing to seek the long-term solution over a long-term period with patience and determination."

Among the 40-odd guests at the speakers' table Saturday night will be three visiting governors—Matthew Welsh of Indiana, Bert Coombs of Kentucky and David L. Lawrence of Pennsylvania. John Bailey, Democratic national chairman; Matthew McCloskey, national treasurer; and Dorothy Vredenburg, national secretary, also are scheduled to attend.

DiSalle has said the President's visit is primarily out of personal friendship. He also said efforts to give it extensive political overtones are not based on fact. He has told newsmen that he will have nothing to say about his future plans during the President's visit. DiSalle has said he will not seek re-election.

Tension Seen Result Talks About Berlin

WASHINGTON (AP)—Gen. Lucius D. Clay told Secretary of State Dean Rusk Saturday that East-West talks on Berlin usually increase tensions in that disputed city. But Clay discounted any possibility of a grave new emergency there.

Clay is President Kennedy's personal representative in West Berlin and will report to the President at the White House Sunday. He spent an hour and a half with Rusk and both men denied there are any policy differences between them.

Comments which Clay made in a brief meeting with newsmen supported the word circulated in advance of his arrival here that he believes the U.S. commander in West Berlin must have authority to act in any future crisis—even if he lacks precise instruction from Washington.

Clay and Rusk were reported to have discussed vital issues of command responsibility, along with other Berlin problems.

Clay was U.S. military governor in Germany in 1947-49. During the 1948-49 Soviet blockade of West Berlin he became the West Germans' particular hero of his whole airift.

PROTESTS
Clay flew to Washington Friday for consultations expected to continue through Monday afternoon.

Shortly before his coming was announced, reports were published that he strongly protested instruction from Rusk for dealing with various emergencies which might arise in the future in Berlin.

Clay and Rusk have both denied any difference between themselves. But there appears to be no doubt that Clay is deeply concerned over the amount of time required to get orders from Washington after an emergency arises. He feels the U.S. military chief on the scene, Maj. Gen. Albert Watson II, must have the authority to react when conditions require a speedy response.

Rusk and Clay appeared together after their meeting and Clay was asked whether he is satisfied that U.S. authorities in West Berlin have adequate power to act in a sudden, critical flare-up.

He answered: "I would rather answer the question this way: "I have a great deal of respect for the local commander and I believe that, in the normal American way, he would react properly and in a way that would be approved by his superiors in Washington."

Y Schedules \$50-Per-Plate Dinner; Connally To Speak

JOHN B. CONNALLY

that his appearance here will not be political, and his talk will be concerned with YMCA and related programs.

"We think we are fortunate in having an acceptance from Mr. Connally," said Tollett. "We will receive him here as a capable Secretary of the Navy, as a Texas business and civic leader and as a distinguished war veteran."

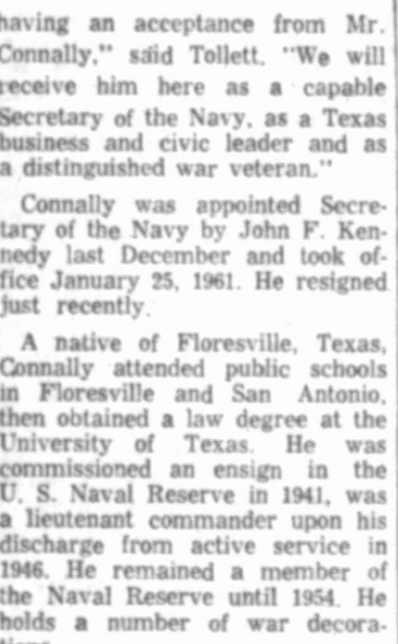

Connally was appointed Secretary of the Navy by John F. Kennedy last December and took office January 25, 1961. He resigned just recently.

A native of Floresville, Texas, Connally attended public schools in Floresville and San Antonio, then obtained a law degree at the University of Texas. He was commissioned an ensign in the U. S. Naval Reserve in 1941, was a lieutenant commander upon his discharge from active service in 1946. He remained a member of the Naval Reserve until 1954. He holds a number of war decorations.

After World War II, he and several other veterans organized a radio station in Austin, of which he was president and manager for three years. He has had extensive management interests, including oil, oil fields, services, radio-TV, ranches, industries, etc.

Seek Plane
NEW ORLEANS (AP)—Civil Air Patrol and Coast Guard planes searched in vain Saturday for a private plane missing since Wednesday with three persons.

The Cessna 180 left Lafayette but filed no flight plan. Persons at the Lafayette airport said they understood the plane was headed for Houston.

JOHN B. CONNALLY

but, the mayor said, have their hands full in their own towns.

A 52-year-old woman died of pneumonia Friday, 24 hours after an ambulance trip to a hospital with oxygen administered en route. Relatives asked her name be withheld.

Two Killed In Spur Blast

SPUR, Tex. (AP)—Two persons were killed and five seriously injured Saturday when a butane gas heater exploded in a crowded service station here.

The service station, where several men and boys had gathered to talk while their cotton was ginned nearby, was destroyed by the blast and fire.

Killed were A. H. (Burt) Cherry, owner and operator of the service station, and Lynn Kidd, 10.

Injured, and all listed as in serious condition at Spur Memorial Hospital, were Joe Kidd, father of Lynn, second degree burns; Cecil Caplinger, first degree burns; Thurman Morrow, broken leg and second and third degree burns; Steve Elliott, second degree burns, and R. D. Stewart, first degree burns.

Witnesses said Morrow appeared to be the most badly burned. Stewart reportedly pulled several of the injured from the station.

Cosden Crew Is Held Up

FORT WORTH (AP)—Two masked gunmen entered the Felt Distributing Co. Friday, pistol-whipped an employee and escaped with \$9,500 in cash and checks.

Five employees of the firm, a Cosden Petroleum distributor, were ordered to sack up the cash and then lie on the floor while the thugs fled.

Two men later were arrested. A truck driver hid behind a door and watched the robbery and took their car number.

J. D. Boldt, 31, an employee, was hit in the head by a gunman when he delayed in carrying out a command. He suffered a head gash. The robbery netted about \$1,500 in cash and \$8,000 in checks, employees said.

Changing Name?

HAVANA (AP)—Is Cuba changing its official name to "the Socialist Republic of Cuba?"

That was the way the Algerian nationalist rebel regime addressed Prime Minister Fidel Castro's regime in a New Year greeting published Saturday by the Communist newspaper Hoy. The name now is "The Republic of Cuba."

Texas Sailor Found Slain

LOMPOC, Calif. (AP)—Police say they seek two suspects for questioning in the slaying of a Texas Navy man, James Henry Yarbrough.

Yarbrough, 20, was found Thursday night beaten, shot through the head and doubled over a barbed wire fence 15 miles east of here.

Investigators said Yarbrough's brother, Paul told them the victim let him off at Camp Pendleton, 250 miles south of here, then continued driving north with a hitchhiker.

Officers said they seek the hitchhiker and the owner of a gun found five miles from the murder scene. Tests indicated it was the murder weapon.

Police in Santa Maria, 20 miles north of Lompoc, found Yarbrough's car abandoned on a city street.

Yarbrough was stationed at Ft. Arguello, Calif., missile facility. His parents, Mr. and Mrs. James Yarbrough, live at 2304 Morgan St., Greenville, Tex.

CHILLY WIND IS DUE TODAY
Friday night's 16 degree low reading marked the coldest night of the current winter.

The cold moved in early and the hard freeze held on throughout most of the night. It was 23 degrees at 8 a.m. Saturday.

A thin skin of ice formed over the ponds at the U. S. Experiment Station during the night.

The cold was Big Spring's share of the cold wave which battered much of North Texas on Thursday and Friday. Earlier bad weather locally featured sand and a chilly north wind.

The 16 degree reading seemed cold enough compared with the winter weather recorded in this season but it lacked a lot of packing the punch that was scored on Jan. 7, last year. Temperature on that night fell to a biting 5 degrees.

Saturday was moderately cool with the sun in evidence most of the day. Sunday's slated to be cloudy to partly cloudy and windy. It will be cooler today than it was Saturday. Monday will be much colder, the U. S. Weather Bureau reported Saturday night.

Ft. Worth Hotel Changes Hands
FORT WORTH (AP)—Hunter Barrett and Co., Fort Worth real estate firm will assume control of the Hilton Hotel here Feb. 1.

The 22-story, 300-room hotel had been part of the Hilton chain since 1952.

Conrad Hilton, head of the chain, said Saturday the Hilton will complete a 10-year operating lease Feb. 1 and the hotel will continue in full operation under management by the local firm.

Boy Started Fires
HOUSTON (AP)—Arson investigators said Saturday a boy, 11, had admitted starting five fires which caused \$50,000 in damage.

Salesman Charged In Diamond Theft
DALLAS (AP)—A jewelry salesman was charged Friday with stealing a diamond worth more than \$770 from his company, one item in a shortage officials said totals some \$17,000.

Police said Charles Paley, 50, signed a statement for detectives admitting he took the 1.47 carat diamond eight months ago from Everts Jewelers and sold it to a liquor store clerk.

WAR DANGER
Clay has been worried about the war dangers that would arise in case of a new uprising in East Berlin—a situation which might require Watson to act without Allied instruction or orders from Washington.

Asked about the possibility of a new crisis from the outbreak of anti-Communist violence in East Berlin, he said: "In Berlin we live in anticipation of the possibility every day and we try to be on the alert and ready. But the probability of it (a new emergency) occurring is very remote."

Clay then said that "the situation in Berlin is perhaps more tense than usual" because of exploratory East-West talks the United States and Russia are conducting in Moscow.

# Committee Gives Approval To Daniel's Bank Measure

AUSTIN (AP) — A House committee approved Saturday Gov. Price Daniel's bill to conserve dormant bank accounts. Debate may begin Monday, the sponsor said.

# Burton-Lingo Fire Loss At Coahoma Is 100 Pct.

WINGS OVER BIG SPRING

# Four Flying Club Members Solo To Start New Year

By M. A. WEBB  
Four students with the Webb Aero Club made solo flights in two days this week. They were James and Barbara Tibbs, Mrs. Joe Gardner, and Lynn W. Wyatt. Weather has been good for flying most of the time since the holidays and private flyers and students have been taking advantage of it. Ted McClung, manager of the Howard County Airport, said Friday.

A new aircraft to the airport is a 1959 model Piper Comanche. Dr. Fred Lutting traded in his Piper Tri-Pacer on the Comanche and brought it in last week. Both Dr. and Mrs. Lutting have their private pilot's licenses and have done quite a bit of flying during the good weather.

Two more deer were taken to the processing plant for freezing on Dec. 30 and 31. J. W. McClendon and Ted McClung flew down to the Kerrville area and each got his buck. They left the venison to be processed and will pick it up later.

Aircraft pilots will be able to clear with Webb Air Force Base before taking off and after they have landed after Jan. 24, McClung said Friday.

The radio equipment now being used at Webb will be moved to South Mountain and set up to handle the frequencies of 122.3 for transmitting, and 122.1 for receiving. The old 126.2 frequency for both transmitting and receiving will be discontinued at Webb, he

said. "This will enable all pilots with radios to clear with the base before leaving the ground. It will simply be an efficient means of checking in and out of the air."

Continental Airlines, which operates two flights daily through Howard County Airport, has set a new record for the number of passengers carried on its system during any one day. The company has just handled the biggest volume of Christmas - New Year holiday traffic in its 27-year history, Marvin L. Davis, vice president in charge of sales, said Tuesday. On Jan. 2, Continental carried a total of 6,586 passengers throughout its nine-state system. The previous record was 6,130, set Jan. 3, 1960.

"For the holiday period just concluded from Dec. 15 through Jan. 3, Continental flew 63,854,400 revenue passenger miles," he said. "This was a 14.8 per cent increase over the previous high of

55,639,200 revenue passenger miles in 1959-60 and 21.8 per cent over the 52,413,900 flown in the 1960-61 holiday period." (The designation revenue-passenger mile means one revenue passenger carried one mile.)

Frequency of service is the first consideration in determining whether airline service is adequate, according to results of a survey conducted by the Texas Aeronautics Commission.

The commission sent questionnaire forms to city and chamber of commerce officials in the 42 Texas cities presently certified for airline service by the Civil Aeronautics Board. The survey was requested by the federal board. The summary of the results has been classified into three sizes of cities and then into adequacy requirements to cities of larger, same, and smaller size categories.

"Frequency of service was the leading demand for all classifications, except between large cities and their still larger counterparts, and between medium size cities and smaller cities where in both cases the requirement of non-stop service was rated just ahead of frequency," Cliff Green, executive director of the TAC, said.

"Last requirement, in every case, was in-flight service such as meals and beverages. With 24 out of the 28 smaller cities replying the two outstanding requirements were frequency of service and availability of good connecting service at transfer points."

### Policy Changes

The Navy's Big Spring recruiting station announced Saturday that new changes in recruiting policy are of special interest to ex-Navy men. One of the major changes is a 2-, 4-, or 6-year enlistment. Also, a new list of critical rates has been published. All ex-Navy men are invited to contact the local Navy recruiter in the Post Office basement for more information.

### Equipped With Gas Year-Round Air - Conditioning

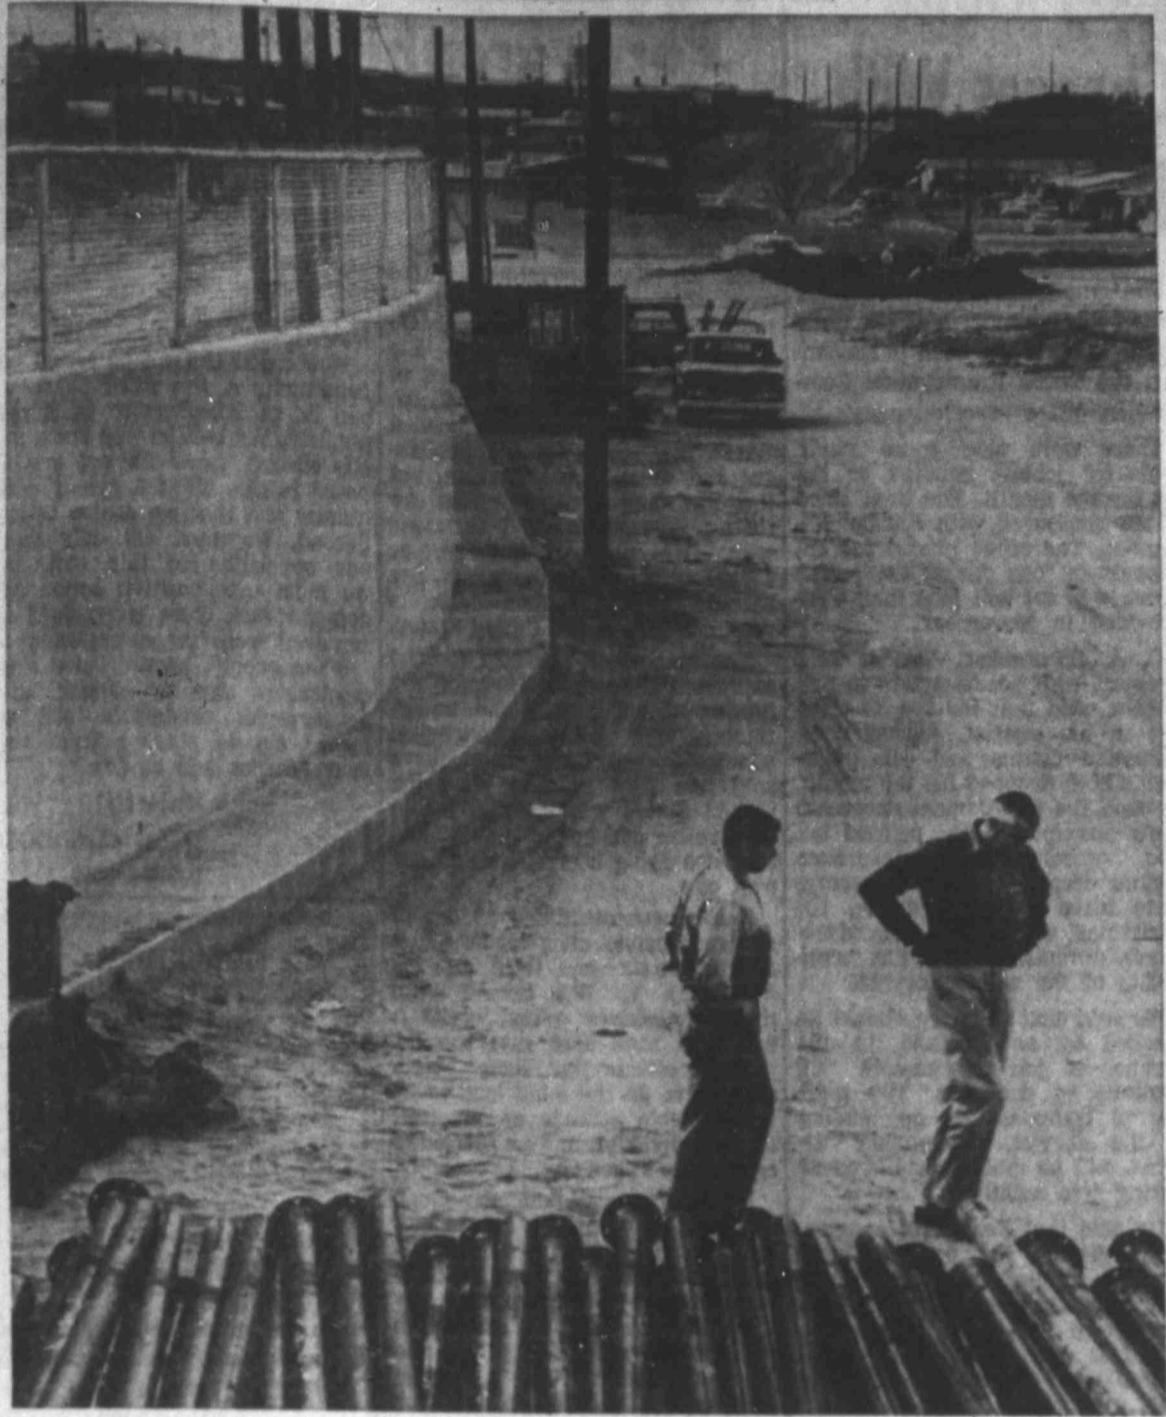

Summer, fall, winter or spring, Gas air conditioning puts perfect indoor comfort at your command, with the flip of a switch. Scientifically designed to rigid standards, Gas air conditioning both heats and cools; filters out dust and pollen; controls humidity, and circulates fresh, clean air throughout every room. Your entire family will feel better . . . your home will stay cleaner, longer. Operating costs? Gas cools in summer for about the same cost as winter heating.

Pioneer Natural Gas Company

**Weather Helps Work Move Fast**

Work on the new College Parks Shopping Center at Birdwell and East Fourth is moving rapidly with the excellent weather prevailing since Christmas. Top photograph shows workers near a stack of water pipe to be used in the center. Bottom shows a backhoe taking a big bite out of the ground for foundation footings. Grading was done before the contract was let. In the top photograph the heavy retaining wall, on the alley north of Purdue Ave., which was built several months ago. The wall is topped with a heavy chain-link fence. The center will be ready for opening by Aug. 1, 1962, and will cost in excess of \$1 million.

**Crippled Children's Center Studies Possible New Site**

A committee to pursue the possibility of developing a new home for the Howard County Rehabilitation (Crippled Children's) Center was approved at a meeting of the Center's directorate Friday.

The present facility at 8th and Owens, built on fill, has settled so badly that construction people say it would be uneconomical to spend any more money on attempted renovation.

The board accepted (subject to being able to adapt the site) with thanks a proffer from the Howard County Hospital Foundation for a new location. The Foundation agreed to make available about an acre of land at the intersection of 8th and Goliad. This is considered an ideal location, but the property also has a problem of terrain. The committee to study this development is composed of Daryl Hohertz, Jim Bill Little, Roy Watkins, Col. R. A. Weimer, Mrs. Clyde E. Thomas Jr., with Jim

Thompson, therapist, serving in an ex-officio capacity.

Thompson reported to the board that the daily patient load at the Center was 31, during both November and December, with 232 individual treatments being given in November, 216 in December. This is about all that can be handled with present facilities and personnel.

He also reported that there were eight patients at the start of speech therapy services at the Center, and that this load has increased to 12. This is all the therapist, Betty Hilton, can serve under the present limited hours (four per week). The board authorized additional hours, and will be assisted in financing this service by the Howard County Society for Crippled Children. The patients assisted at the Center are those not receiving similar treatment through the school system.

**Buchanan Tops C-City Show**

COLORADO CITY (SC) — Fifty-four registered Hereford sold for \$18,000 at Colorado City Friday in the 13th annual Hereford sale. Bulls averaged \$342.55 and heifers \$297.00, according to Jack Burkhalter, secretary of the Mitchell County Hereford Breeders Association.

Top price of \$1,000 went for the sale's grand champion bull, Noble Lamp 71, bred by S. F. Buchanan, Big Spring, and purchased by Mrs. Dee Bassham, Colorado City.

The reserve champion bull, R. S. Dandy, bred by Roy Henderson, Big Spring, brought \$400 and was purchased by Johnny Tiller, Colorado City.

Henderson bought both the grand champion and reserve champion heifers, paying \$600 for Dainty 17, the grand champion and \$500 for Pretty Lady 68. Both heifers were from S. F. Buchanan's herd.

Gus Chesney, association treasurer, said that major buyers included Mrs. Bassham, Jinx Powell, the Spade Ranch, all of Colorado City and Bob Spence of Trent. Sam Baugh, Rotan, bought three animals, Chesney said.

**Lamesa Kiwanis Club Installs**

LAMESA (SC) — A new slate of Kiwanis Club officers has assumed posts here.

They include Howard Allen, president; Paul Gentry, vice president; A. J. Hale, secretary; Bob Goolaby, treasurer; Carroll Tune, past president; and Bill Clark, Jim Hardwick, Gene Head, Gene Lee, Don Mason, John Scott and John P. Watson, directors.

**Mac Has A Cold**

LONDON (AP)—Prime Minister Harold Macmillan was in bed with a bad cold today but aides said he was expected to be well enough to go to Bonn next Tuesday for talks with West German Chancellor Konrad Adenauer.

Memento Of 26 1/2 Years Of Service

Earl C. Evans, star route mailman who has served the Gail mail route for more than a quarter of a century, displays a plaque presented him by Borden County patrons on the occasion of his retirement from the route on Jan. 1.

# Evans Retires From Hauling The Mail

By SAM BLACKBURN  
Twenty-six and a half years and about a million miles ago, Earl C. Evans began hauling the mail over the Gail Star Route. On Jan. 1, Evans climbed down out of his truck, handed the keys to his 39-year-old son, Donald R. Evans, and announced he was retiring.

That route until 1935 when he came to Big Spring and took over the Gail Star Route. He has been making six round trips a week from Big Spring to Gail, via Luther, ever since. When he started the route, it was 98 miles in length and there were 56 patrons. When he turned it over to Donald on Jan. 1, the route extended 107 miles and there were 216 boxes to be served. In all those years, Evans remembers only one time when he just couldn't finish the run. "It was back in the early 30's," he said. "Roads were not paved then and when it rained it was pretty rugged. I started on my run and made it as far as Pete Reed's place. There, right in front of his house, I got stuck in the mud. We tried to get the car free but it wouldn't work so I spent the night with the J. H. Fuller's and finished the run the next day."

Beales, the Norvin Smiths, the A. G. Smiths, the W. D. Andersons, — they are some of the folk who were on the route when I began hauling the mail in 1935 and who are still my patrons," said Evans.

At the Luther Post office, Mrs. Velma Lloyd, postmistress, acting in behalf of some 65 residents who depended on Evans for mail service, presented him with a fancy billfold well stuffed with greenbacks. And at Gail the terminal of the route, Sheriff Sid Reeder of Borden County, acting for the ranchers and farmers of that area, called Evans over to the courthouse. Reeder presented him with a special plaque signifying their appreciation. The plaque features a photograph of the Gail post office. There's really no good reason why Evans selected Jan. 1, 1962 to step down from the job that he has filled since 1935. It's true his health has been a little shaky but actually, he's still as brisk and chipper as any 62-year-old you'll find anywhere. "Figured I'd been at it long enough," he said. "Also I wanted Donald to get started with the route. Twenty-six and a half years is a long time and a lot of driving. I find that I sort of get tired these days more than I used to."

Evans began his career as a mail carrier at the age of 16 when he substituted for his father on the route the elder Evans operated out of Ozona. Evans was born in Ballinger. He made his own first contract as a rural mail carrier at the age of 22 in Coke County. He operated

that route until 1935 when he came to Big Spring and took over the Gail Star Route. He has been making six round trips a week from Big Spring to Gail, via Luther, ever since. When he started the route, it was 98 miles in length and there were 56 patrons. When he turned it over to Donald on Jan. 1, the route extended 107 miles and there were 216 boxes to be served. In all those years, Evans remembers only one time when he just couldn't finish the run. "It was back in the early 30's," he said. "Roads were not paved then and when it rained it was pretty rugged. I started on my run and made it as far as Pete Reed's place. There, right in front of his house, I got stuck in the mud. We tried to get the car free but it wouldn't work so I spent the night with the J. H. Fuller's and finished the run the next day."

# Pay Increases To Be Studied

Howard County Commissioners Court Monday will consider pay increases for 39 members of the county road and bridge department, and small raises for the county librarian and the county public welfare officer.

Opal McDaniel, county librarian, from \$325 to \$340, and the monthly pay of Mrs. Ruby Phillips, county welfare officer, from \$285 to \$300 per month. These raises will probably be possible since the funds can doubtless be found in the budgets of the library and welfare departments.

JACK RODEN

Whether the county road and bridge crew will get raises depends on what snuffling the county commissioners can make of funds in the county road department budget. If items can be eliminated or reduced sufficient to the requirements created by the pay raise plan, each employee of the department will be given a \$15 per month raise in pay. It is possible, too, the commissioners may consider a special raise for Billy Paul Thomas, acting engineer in charge of the department.

# Roden In Race For County Pct. 4 Post

One of the county's long-time business executives, C. L. (Jack) Roden, has authorized The Herald to announce his candidacy for County Commissioner for Precinct 4. He will be seeking the office through the Democratic primary of May 5.

MRS. PAULINE PETTY

# Mrs. Petty Will Seek Third Term

Mrs. Pauline Petty, Howard County clerk, has authorized The Herald to announce her candidacy for re-election to the post she now holds subject to the Democratic primary of May 5. Mrs. Petty is seeking her third term in the office. "Despite the fact that the volume of work in the office has mounted steadily each year, we have been able to keep the office operating efficiently and courteously, and up to date," she said. "We will continue to do so if I am re-elected as the county clerk of this county."

# Emanuel Heads Lamesa's Med. Arts Hospital

LAMESA (SC)—John C. Emanuel has been named as administrator of the Medical Arts Hospital here effective immediately, it was announced by L. D. Echols, president of the hospital board. He succeeds Guy Hamilton, who resigned recently to accept a similar post in Corpus Christi. Emanuel, former administrator at Hopkins Memorial Hospital in Sulphur Springs, has also served as consultant for hospital construction at Houston, administrator of the Santa Fe hospital in Temple, and administrative assistant at the Baylor University hospital in Dallas.

# Band Boosters To Meet Monday

The Big Spring Band Boosters Association will hold its monthly meeting Monday at 7:30 p.m. at the High School band hall, according to Walter Stroup, president. He urged all members of the association and others who are interested to be present. Reports from the fruit cake sale may be heard.

# Glasscock Court To Ponder Successor For Buster Cox

GARDEN CITY — Glasscock County Commissioners meet Monday and it is expected the big item on the agenda will be appointment of a successor to Sam (Buster) Cox, sheriff. Cox has notified the commission he is resigning and has asked to be relieved of his duties by Jan. 15. Gil Jones, district attorney, Big Spring, who acts as county attorney for Glasscock County, has been asked by the commissioners to be on hand at the meeting, he said Friday. County Judge Otto Dozier declined to say who had filed as applicants for the job and also would not comment on the number. He admitted several applications had been received. Cox has resigned to accept a post with the Southwest Texas Cattle Raisers Association as special ranger. He will move to Marfa where his headquarters will be located. Jones said that some of the applicants for the post are non-residents of Glasscock County at the present time and that the commissioners were puzzled as to the legal status of such applicants.

# Inspection Tag Time Rolls Near

AUSTIN (AP)—Homer Garrison, director of state police, urged motorists Saturday to obtain their 1962 vehicle inspection stickers before the April 15 deadline. After that date, vehicles without the new inspection sticker will be violating the law. About half of the inspection period has expired and only about one-fourth of the state's vehicles have been inspected.

# Khrushy Recovers

MOSCOW (AP)—A government spokesman said today that Premier Khrushchev recovered swiftly from an attack of grippe and is back at work.

# Job Picture Changes With The Holidays

The employment picture in Big Spring in December was not quite so bright as it had been in November, the Texas Employment Commission office reported. There were nine more applicants for jobs than in November for the month. The total stood at 598 compared with 589 for November. The office placed 262 applicants in jobs during the month which was 404 less jobs than were provided in November.

C. A. Shoemaker, district TEC director, with headquarters in San Angelo, said that for the 38 counties in his district, jobless compensation claims and job placements both dropped for the month. He said the paradoxical decreases were anticipated. He pointed out that unemployment insurance claims dropped as more persons were hired for jobs during the Christmas season and job placements diminished with the termination of the cotton harvest.

He said that January should be marked by an increase in the number of job placements will continue to decrease. The number of compensation applications in the district, Shoemaker expects, will be materially increased during this month.

He said that long term compensation claims for unemployment benefits totalled 9,665 which was a drop of 191 from November and 2,599 from the figure for December 1960. The number of initial claims was cut from 1,806 to 1,607.

He said that job placements in the district dropped from 8,069 in November to 3,792 in December—almost entirely because of the end of the harvest season. The seven local TEC offices found jobs for 1,276 agricultural workers in December which was 4,277 less than in November.

# Death Scene

BRONSON, Mich. (AP)—Fate came full circle Friday night when Ora Bontrager, 30, of Bronson was killed. His car left a road and hit a tree less than a mile from where his wife and child were killed in an auto crash less than a year ago.

# LETTER TO EDITOR

# Pornographic Magazines Flood Stands, Says Writer

To the Editor: There are many men's magazines on the newsstands these days that are undermining the morals of our community. On nearly every newsstand in Big Spring can be found magazines of the most degrading nature. These magazines are commonly called "Art" magazines by the publishers and those who sell them, but they have another name for them—"pornography." This, along with the pornographic picture racket which floods the mails, has become a fifty million dollar a year business in the United States. The magazines are sold for the expressed purpose of lowering the morals of our youth, and undermining our community moral structure. The Communists have said they plan to flood the United States with "sex filth" to demoralize our young people, and they are doing it right here in our own city.

Tomorrow, and whether they are mentally alert, physically strong and morally sound will depend largely upon what we do about this evil with which we are confronted. Now, what can we do to rid our community of this filth? First, we can let our displeasure be known publicly. We can let our state and city officials know that we are opposed to this menace in our community and that we desire action. Second, we must not only voice our opposition to this evil, but we must take positive action and demand that these magazines be removed from the newsstands. When enough people voice their displeasure strongly enough, then pornographic materials will be forced out to stay. I trust that your readers will do this. Sincerely, D. L. CRADDOCK Knott Route

Lema A Stroke Back In Meet

LOS ANGELES (AP) — Dark-haired Bob Goaly cooled off to an even-par 71 Saturday but it was good enough to keep him in front of the field at the midway mark of the \$45,000 Los Angeles Open Golf Tournament.

The 30-year-old bachelor professional from Crystal River, Fla., who played the Rancho Municipal Gold Club course in 64 in the first round, rallied after being three strokes over par in the first six holes Saturday and posted a 36-hole total of 135.

Goaly is seeking his second straight victory in this event. Unheralded Tony Lema, 27-year-old ex-Marine from San Leandro, Calif., shot a 66 and goes into the third round one stroke behind Goaly.

Tied at 137 were two other young pros, Tommy Jacobs of Bermuda Dunes, Calif., who shot a 70, and

Gay Brewer of Crystal River, who had a 69. California's Phil Rodgers (71) and Texas' Fred Hawkins (70) were tied at 138.

Goaly was in close quarters with these three rivals but he had more breathing space as far as some of the more established golfers were concerned. Arnold Palmer, who admitted his game needs sharpening after the midwinter layoff, had a 71 Saturday for 144.

And South Africa's Gary Player, 1961's leading money winner, shot a 72 for 144.

U.S. Open champion Gene Littler's 71 gave him 140 and the National PGA champion, Jerry Barber, took 72 for 145.

Jack Nicklaus of Columbus, Ohio, making his professional tournament debut after relinquishing his National Amateur crown, toned down after a disappointing 74 Fri-

day, touring the 7,000-yard layout Saturday in 70 for 144.

LOS ANGELES (AP)—Second round scores in the Los Angeles Open Golf Tournament.

SMU Mustangs Down Baylor By 73-60 Tab

DALLAS (AP)—The Southern Methodist Mustangs ran away from the Baylor Bears in the second half here Saturday night to rack up a 73-60 victory and to keep a perfect Southwest Conference record.

It was the second victory for the Mustangs and the second loss for the Bears.

Jan Loudermilk, the Southwest Conference's leading scorer, and Dave Siegmund each tallied 17 points for the Mustangs as they paled Baylor's defensive strategy in passing repeatedly to James Thompson and Jim Hammond.

Thompson scored 8 out of 10 field goal attempts and made 19 points. Hammond accounted for 12 points.

The Mustangs converted only three of 11 foul shots but threw in 22 straight in the second half.

In the first half Baylor stayed in close with the Mustangs and led three times. But the Mustangs broke a 20-20 tie and then went ahead for a halftime 31-25 lead.

Roy Wolfe of Baylor took individual scoring honors with 20 points.

CAGE RESULTS

Bull, Gros Shine In South Victory

MOBILE, Ala. (AP) — Rugged Ronnie Bull of Baylor and massive Earl Gros of Louisiana State crushed the North's defenses Saturday with their power running and led the South to a 42-7 victory.

In the 13th annual Senior Bowl football game. Halfback Bull and fullback Gros scored two touchdowns each and delighted a partisan crowd of 35,132 shivering fans with their fierce.

Art Perkins Will Start For West In U.S. Bowl

WASHINGTON (AP)—The U.S. Bowl, a newborn upstart in a new stadium, elbows its way into the crowded postseason football scene Sunday.

The 48 players won't get paid but the game should have a professional look about it.

It matches draft choices of Eastern Division clubs of the National Football League against players chosen by Western Division teams.

Coaches Bill McPeak of the Washington Redskins, for the East, and Red Hickey of the San Francisco 49ers, for the West, both plan to use pro-type offense and defense.

The game will be in the new 50,000-seat D.C. Stadium, opened last fall.

McPeak agreed, and staked his offensive hopes on three top Redskin draft choices, Leroy Jackson of Western Illinois, Joe Hernandez of Arizona and Ron Hatcher of Michigan State.

Jackson will team with Hatcher as running backs on offense, while Hernandez will team with Jim Collier of Arkansas at the flanking end.

Hickey will start 49er draftee Jim Vollenweider at fullback, along with Art Perkins of North Texas State as running halfback. Bobby Lee Thompson of Arizona and Andy Guida of George Washington will be the flankers.

The game will be nationally televised (NBC) starting at 2 p.m. EST.

Runnels, Lee Split A Pair

SAN ANGELO — Two basketball streaks endured as teams representing Big Spring Rannels Junior High School split games with San Angelo Lee here Saturday night.

The Rannels ninth graders lost their seventh straight decision, 47-32, after the yearling eighth graders had won 32-22. It was their tenth straight win.

Howard Bain led the Rannels ninth graders with 12 points. Tony Saracho was the big gun for the Yearlings in the eighth grade engagement, tossing in 11 points.

The Rannels teams play Big Spring Lake View in the Lake View gym Monday evening.

SA RANNELS (23)—Walker 2-4; Davis 1-0; Hunsom 0-4; Graham 2-3; Elliott 1-0; Rain 5-12; Totals 11-10-22.

SA LEE (47)—Coleman 2-7; Elliott 4-9; Shoffy 4-4; Hart 3-11; Hoshko 1-3-1; Williams 2-4; Newlin 2-4; Totals 19-47.

Score by quarters: Rannels 11 23 23 22; Lee 11 23 22 34.

Eighth graders: SA RANNELS (33)—Saracho 4-11; Navarrete 2-4; Jauru 0-4; Griffin 6-9; Baker 1-2; Totals 13-11-26.

SA LEE (32)—Noika 1-2; Salsouche 2-4; Bowen 1-1; Coronado 3-7; Totals 9-22.

Score by quarters: Rannels 11 23 23 22; Lee 11 23 21 22.

LOOKING 'EM OVER

With TOMMY HART

Delnor Poss, the local basketball mentor, says Albert Fierro of the Steers has tremendous side vision, which accounts for his uncanny passing and defensive work.

Incidentally, Delnor says he got "worked up" more over that recent game with Midland Lee here than at any time since he arrived on the local scene.

The game (and Big Spring eventually won it) meant a lot to Poss, who suffered through a winless conference season here last year.

The Amarillo College school administration limits the AC basketball team to 20 games a year, exclusive of a Christmas week tournament.

That is the reason coach Bob Carter didn't take his club to the Odessa meet.

A story in the Wall Street Journal points up to the financial strains being felt by an increasing number of country clubs.

Membership in the clubs in the nation has grown a half million in the past decade (up to 1.7 million now) but many of them are being caught in a cost-price squeeze and more than a few are being forced to close.

Some clubs' operating expenses have risen as much as 44.3 per cent in the last seven years while dues have been advanced 37 per cent.

One club which had a relatively short life was the Buckingham Country Club, which opened last April, with black-tie festivities, and closed in October.

When James Saxton set a football rushing record of 846 yards last season, he eclipsed a school mark held by Byron (Santone) Townsend, the former Odessa great.

Townsend ran for net gains totaling 841 yards in 1950.

One hears that Chuck Moser, the Amarillo High School athletic director, would have taken the Texas Western coaching job, had not Bum Phillips been hired.

Bear Bryant, incidentally, tried to take Phillips to Alabama with him but Sam didn't want to leave the state.

Porkers Lose To Longhorns

AUSTIN (AP)—The University of Texas snapped the nine game winning streak of Arkansas 73-59 Saturday night with five Longhorns shooting in the double figures.

The game left both teams 1-1 in the budding Southwest Conference race. Earlier in the week the Porkers trounced Texas A&M 64-56 while Texas bowed to Texas Tech 77-66.

Arkansas players had a hard time finding the basket. They hit only 24 out of 82 field shots for a 29.3 per cent while the Longhorns hit 25 out of 59 tries for a 42.4 per cent average.

The Longhorns held a 32-27 first time lead then utilized their half five minutes of the second half to rack up 15 points and wrap up the victory. From there on the Steers coasted.

Mutt Heller with 17 points paced Texas while Jack Dugan had 14, Jimmy Brown 12, and Jimmy Gilbert and Mike Humphrey 10 each.

Jim Wilson was top man for Arkansas with 14 points. Larry Hogue with 12 points was the only other Arkansas player to hit in the double figures.

Dietzel signed the contract 15 minutes after arriving at West Point by car from New York. Col. Emory Adams, Army's athletic director, was present. Terms were not disclosed, but it is reported the handsome young Ohioan signed at \$18,500 a year for five years.

Scheduled to arrive in New York shortly after noon by air from Baton Rouge, La., Dietzel was delayed first in New Orleans, then in Atlanta and finally was grounded in Washington, D.C., by the fog and rain that blanketed the eastern seaboard. He came to New York by train, arriving at 8:45 p.m. EST and drove directly to West Point.

MORGANTOWN, W. Va. (AP)—West Virginia cracked fifth-ranked Villanova's zone defense in the second half Saturday night to hand the Wildcats their first defeat of the basketball season, 88-82.

Villanova Upset

Lincoln, Neb. (AP)—Nebraska Saturday topped Robert S. Devaney as the man it wants as football coach, but held up formal action until Devaney is released from his head coaching contract at Wyoming.

Devaney is being offered the job and wants to come. Apparently only clearance from Wyoming officials is needed to close the deal.

Wyoming's athletic director Glenn J. Jacoby, indicated Devaney would be released from his five-year contract.

Devaney, 46, would succeed Bill Jennings, released after five losing seasons.

LAWTON, Okla.—The Cameron Aggies of Oklahoma founced the Howard County Junior College Jayhawks of Big Spring, Texas, 73-58, in the finals of the All-States Basketball tournament here Saturday night.

Moberly, Mo., turned back Arkansas State of Bee Bee, Ark., for third place.

HCJC had advanced to the finals with a 76-57 success at the expense of Moberly Friday night, at which time Walter Carter scored a record 40 points for the Hawks. The old mark of 37, set last year, was held by Jim Barnes of Cameron, who also played in this tournament.

Cameron led practically all of the way with the exception of the first two minutes of play in its game with HCJC. The half time score favored Cameron, 39-27.

Barnes led Cameron's devastating attack against the Hawks, who now have a record of 13-2.

Elvis Spradling and Carter of the Big Spring team were named to the all-tournament team, along with Barnes and Mike Bryant, both of Cameron, and Mike McElmore, of Moberly.

Barnes, the 6-foot-8 All-American for Cameron, was named the tournament's outstanding player. He had four fouls on him at the end of the half in the HCJC game

Reynolds Is Hot But Frogs Lose

HOUSTON (AP)—Phil Reynolds scored 32 points Saturday night, but in a losing cause, as his Texas Christian Horned Frogs fell to Rice University, 71-63, in a Southwest Conference basketball game.

Rice won the game on Kendall Rhine's rebounding and shooting. The 6-10 sophomore scored 20 points and dominated the backboards.

Reynolds hit 18 of 19 from the free throw record to tie a school record set by Dick O'Neal on the 1955 TCU team.

The lead switched hands several times as both teams hit long hot and cold shots. Rice opened the game with a rush, built up a 27-15 lead and then went cold.

TCU, with Reynolds' shooting, moved in then and took its first lead, 39-38 at the half.

The Horned Frogs built a 12-point lead early in the second half twice before Rice started to move. TCU scored only one goal during the final 13 minutes.

Rhine tied it with 7:17 left to play and Herb Steinkamp put the Owls ahead to stay a few seconds later.

Nash, hitting from underneath the basket and from the side, sparked a Wildcat surge in the second half that sent Tech from contention in the Southeastern Conference basketball opener for both teams.

It was the ninth victory in a row for Kentucky and gave the Wildcats a 10-1 mark on the season. Georgia Tech fell to 4-6.

The Engineers slushed Kentucky's lead to two points at 40-38, with 17:43 remaining in the contest. Then Nash began his show. He scored 12 points in a Kentucky rally and the Wildcats raced to a 61-43 advantage with 10 minutes to go.

Tech's pressing defense, outside shooting by Frank Landrey, and inside firing by Josh Powell put the rugged Engineers in contention after Kentucky had built up several 11-point leads in the first half. Kentucky led at halftime 38-32.

Powell led Tech with 17 points and Landrey had 14.

Nash Is Star In Cat Win

LEXINGTON, Ky. (AP)—A brilliant 35-point performance by sophomore Cotton Nash gave third-ranked Kentucky the momentum it needed Saturday night as the Wildcats thrashed Georgia Tech 89-70.

Nash, hitting from underneath the basket and from the side, sparked a Wildcat surge in the second half that sent Tech from contention in the Southeastern Conference basketball opener for both teams.

It was the ninth victory in a row for Kentucky and gave the Wildcats a 10-1 mark on the season. Georgia Tech fell to 4-6.

The Engineers slushed Kentucky's lead to two points at 40-38, with 17:43 remaining in the contest. Then Nash began his show. He scored 12 points in a Kentucky rally and the Wildcats raced to a 61-43 advantage with 10 minutes to go.

Powell led Tech with 17 points and Landrey had 14.

Nebraska Taps Robert Devaney

LINCOLN, Neb. (AP)—Nebraska Saturday topped Robert S. Devaney as the man it wants as football coach, but held up formal action until Devaney is released from his head coaching contract at Wyoming.

Devaney is being offered the job and wants to come. Apparently only clearance from Wyoming officials is needed to close the deal.

Wyoming's athletic director Glenn J. Jacoby, indicated Devaney would be released from his five-year contract.

Devaney, 46, would succeed Bill Jennings, released after five losing seasons.

Webb Gopher Gets An Ace

If he made any New Year's resolutions about scoring holes-in-one, Capt. Melvin G. Swanson of Webb AFB was quick to live up to them.

Capt. Swanson used a teardrop to sink an ace on the 138-yard fourth hole at the Webb course last Wednesday.

He was playing with Capt. Harrison Klinek and Albert Swanson.

Swanson wound up with a 41 on the first nine and had a 42 his second time around the course.

Reynolds Is Hot But Frogs Lose

HOUSTON (AP)—Phil Reynolds scored 32 points Saturday night, but in a losing cause, as his Texas Christian Horned Frogs fell to Rice University, 71-63, in a Southwest Conference basketball game.

Rice won the game on Kendall Rhine's rebounding and shooting. The 6-10 sophomore scored 20 points and dominated the backboards.

Villanova Upset

MORGANTOWN, W. Va. (AP)—West Virginia cracked fifth-ranked Villanova's zone defense in the second half Saturday night to hand the Wildcats their first defeat of the basketball season, 88-82.

Cameron Aggies Defeat Hawks In Meet Finals

LAWTON, Okla.—The Cameron Aggies of Oklahoma founced the Howard County Junior College Jayhawks of Big Spring, Texas, 73-58, in the finals of the All-States Basketball tournament here Saturday night.

Moberly, Mo., turned back Arkansas State of Bee Bee, Ark., for third place.

HCJC had advanced to the finals with a 76-57 success at the expense of Moberly Friday night, at which time Walter Carter scored a record 40 points for the Hawks. The old mark of 37, set last year, was held by Jim Barnes of Cameron, who also played in this tournament.

Cameron led practically all of the way with the exception of the first two minutes of play in its game with HCJC. The half time score favored Cameron, 39-27.

Barnes led Cameron's devastating attack against the Hawks, who now have a record of 13-2.

Elvis Spradling and Carter of the Big Spring team were named to the all-tournament team, along with Barnes and Mike Bryant, both of Cameron, and Mike McElmore, of Moberly.

Scott Winner Over Ortega

NEW YORK (AP)—Charlie Scott, swinging from the heels from the opening bell, outpointed Gaspar Ortega of Mexico in a free-wheeling bout in Madison Square Garden Saturday night.

The victory probably skyrocketed the 25-year-old Philadelphia back into contention in the welterweight division. He was ranked a leading contender two years ago but then began to fight middleweights with no success.

Against Ortega, a tough hombre who had knocked out his last three opponents, Scott was the picture of confidence. He never stopped throwing punches, and, although plenty of them missed, he connected enough to make Ortega lose some of his enthusiasm for the seventh.

Referee Harry Kessler had Scott ahead 6-3-1. Judge Tony Castellano saw Scott the winner 5-4-1 and Judge Bill Recht had the Philadelphia in front, 6-1-3. The Associated Press card had Scott the winner 7-2-1.

Nash Is Star In Cat Win

LEXINGTON, Ky. (AP)—A brilliant 35-point performance by sophomore Cotton Nash gave third-ranked Kentucky the momentum it needed Saturday night as the Wildcats thrashed Georgia Tech 89-70.

Nash, hitting from underneath the basket and from the side, sparked a Wildcat surge in the second half that sent Tech from contention in the Southeastern Conference basketball opener for both teams.

It was the ninth victory in a row for Kentucky and gave the Wildcats a 10-1 mark on the season. Georgia Tech fell to 4-6.

Rice won the game on Kendall Rhine's rebounding and shooting. The 6-10 sophomore scored 20 points and dominated the backboards.

Reynolds hit 18 of 19 from the free throw record to tie a school record set by Dick O'Neal on the 1955 TCU team.

The lead switched hands several times as both teams hit long hot and cold shots. Rice opened the game with a rush, built up a 27-15 lead and then went cold.

TCU, with Reynolds' shooting, moved in then and took its first lead, 39-38 at the half.

The Horned Frogs built a 12-point lead early in the second half twice before Rice started to move. TCU scored only one goal during the final 13 minutes.

Rhine tied it with 7:17 left to play and Herb Steinkamp put the Owls ahead to stay a few seconds later.

Texas Tech Loses To Aggie Quint

COLLEGE STATION, Tex. (AP)—Texas A&M outshot the Texas Tech Raiders, 70-61, Saturday night to even the teams Southwest Conference record at 1-1 each.

Spurred by the brilliant performance of senior guard Tommy Smith, who scored a college career high of 21 points, the Aggies led by as much as 17 points midway in the second half.

Smith's previous high as an Aggie was 11 points during his junior year.

The Aggies hit 45.9 per cent of their shots to Tech's 38.5 and the Cadets outshot the Red Raiders on the boards and rebounded 56 times to Tech's 31.

Tech led by 11-9 before a couple

Webb Gopher Gets An Ace

If he made any New Year's resolutions about scoring holes-in-one, Capt. Melvin G. Swanson of Webb AFB was quick to live up to them.

Capt. Swanson used a teardrop to sink an ace on the 138-yard fourth hole at the Webb course last Wednesday.

He was playing with Capt. Harrison Klinek and Albert Swanson.

Swanson wound up with a 41 on the first nine and had a 42 his second time around the course.

Nash Is Star In Cat Win

LEXINGTON, Ky. (AP)—A brilliant 35-point performance by sophomore Cotton Nash gave third-ranked Kentucky the momentum it needed Saturday night as the Wildcats thrashed Georgia Tech 89-70.

Nash, hitting from underneath the basket and from the side, sparked a Wildcat surge in the second half that sent Tech from contention in the Southeastern Conference basketball opener for both teams.

It was the ninth victory in a row for Kentucky and gave the Wildcats a 10-1 mark on the season. Georgia Tech fell to 4-6.

The Engineers slushed Kentucky's lead to two points at 40-38, with 17:43 remaining in the contest. Then Nash began his show. He scored 12 points in a Kentucky rally and the Wildcats raced to a 61-43 advantage with 10 minutes to go.

Tech's pressing defense, outside shooting by Frank Landrey, and inside firing by Josh Powell put the rugged Engineers in contention after Kentucky had built up several 11-point leads in the first half. Kentucky led at halftime 38-32.

Powell led Tech with 17 points and Landrey had 14.

Webb Gopher Gets An Ace

If he made any New Year's resolutions about scoring holes-in-one, Capt. Melvin G. Swanson of Webb AFB was quick to live up to them.

Capt. Swanson used a teardrop to sink an ace on the 138-yard fourth hole at the Webb course last Wednesday.

He was playing with Capt. Harrison Klinek and Albert Swanson.

Swanson wound up with a 41 on the first nine and had a 42 his second time around the course.

Reynolds Is Hot But Frogs Lose

HOUSTON (AP)—Phil Reynolds scored 32 points Saturday night, but in a losing cause, as his Texas Christian Horned Frogs fell to Rice University, 71-63, in a Southwest Conference basketball game.

Art Perkins Will Start For West In U.S. Bowl

WASHINGTON (AP)—The U.S. Bowl, a newborn upstart in a new stadium, elbows its way into the crowded postseason football

# AFL All-Star Tilt Highlights Action

By ED CORRIGAN  
Associated Press Sports Writer

Think the five post-season games over, the current weekend finally spell the end of the football season?

The real, honest-to-goodness, guaranteed end doesn't come until Jan. 14 when the National Football League's Eastern and Western All-Stars do battle in Los Angeles.

The American Football League is beating the NFL to its All-Star game by a week. The AFL East-West stars meet in San Diego, Calif., today starting at 3:30 p.m. CST-ABC-TV.

The other two games on today's schedule are the U. S. Bowl at Washington, D. C. NBC-TV, 1 p.m. CST and the Hula Bowl in Honolulu 7 p.m. CST.

The East squad, headed by George Blanda of Houston and Al Dorow of New York, probably will rule the slight favorite over the West in the AFL All-Star game. Jack Kemp of San Diego and Cotton Davidson of Dallas are the mainstays of the West.

Actually, the game shapes up pretty much of a replay of the championship game in which Houston defeated San Diego. Both the squads are crammed with players from the division winners.

The U. S. Bowl also is an East-West affair. Only in this one the players are the draft choices of the two sections of the National Football League.

There is loads of quality on the two teams, but the coaches, Bill McPeak of the East and Red Hickey of the West, agreed that they would depend pretty much on passing because they haven't had the time to get a good running offensive organized.

This is a new post-season game and will be played in Washington's new, 50,000-seat stadium.

Some competition developed between the U.S. Bowl and the Hula Bowl. The Honolulu game also is an East-West affair and skimed off some of the top draft choices from the East-West Shrine game in San Francisco.

The East will have Heisman winner Ernie Davis of Syracuse, Roman Gabriel of North Carolina State and Bob Ferguson of Ohio State. The West squad has three All-Americans set to go—Jimmy Sartori of Texas, Jerry Hillbrand of Colorado and Merlin Olsen of Utah State.

On Cage Show Tuesday

Orville Brooks and his internationally-known Ink Spots, singing stars of TV, radio and recordings, will be featured as halftime entertainment at the Harlem Stars-New York Rens basketball exhibition at the local high school gymnasium Tuesday. The program starts at 8 p. m.

## San Angelo Wins Over Od. Permian

ODESSA—San Angelo Central shocked Odessa Permian, 63-46, in a District 2-AAAA basketball game here Friday night.

The win was the second in conference play against no losses for San Angelo. Permian is 9-2.

Charles Spieker led San Angelo with 18 points while Minton White had 17. Permian was paced by Charles Morton, who wound up with 20.

**San Angelo (82)—**DeChur 5-0-10, White 6-1-17, Spieker 5-2-18, Fox 4-1-13, Bulker 6-1-1, Hanson 1-0-4, Boach 3-0-4, Hinchey 1-0-1. Totals 27-42-20.

**ODESSA PERMIAN (46)—**Dumas 2-0-4, Morton 5-0-10, Lutz 4-1-19, Foster 3-0-4, Fiedley 1-0-4, Malaise 1-1-3. Totals 19-40-46.

## Norm Cash Named Player Of Year

DALLAS (AP)—Norman Cash, the American League's leading hitter at 361, was named Texas Major League Player of the Year Saturday by the Oldtimers Professional Baseball Association of North Texas.

Cash first baseman for the Detroit Tigers, will be awarded a plaque at a banquet here Feb. 28.

Cash is a native of Justiceburg in West Texas. He didn't even play baseball until he attended San Angelo Junior College. He later played football and baseball for Sul Ross College.

## Games On Top

Big Spring Lakeview hosts Big Spring Runday in three basketball games Monday night; the first of which gets under way at 8 p.m.

The feature attraction goes on about 7 p.m.

## HC Jayhawks, NMMI Star Dominate Cage Activity

Howard County continued to make its self heard loud and clear among Region V Junior College cage teams by sweeping to three victories and a title in its own tournament over the New Year's weekend.

Coach Buddy Travis' Jayhawks rolled past Schreiner Institute, Amarillo and Decatur without too much trouble.

C. M. Reddington of NMMI, a 6-5 freshman, took over the scor-

## Langford Is Out Of HPC Picture

LAMESA (SC)—Head football coach Al G. Langford has taken himself out of consideration for the head grid post at Howard Payne College in Brownwood.

The Golden Tornado mentor, who had a 8-2 won-lost record here in his first season, indicated he had removed his name from the prospect list after a conference with college officials. He was a former grinder at HPC.

## Snyder Is Dead

SAN ANTONIO (AP)—Frank J. (Pancho) Snyder, a star catcher for the St. Louis Cardinals and New York Giants in the National League for 16 years beginning in 1912, died Friday.

Snyder, who was 67, played in four World Series, posted a .343 batting average in 1922, and appeared in 1,302 games.

## Tatum, Clifton Team Up Here

Two of the all-time greats of the Harlem Globetrotters, Reece (Goose) Tatum and Nathaniel (Sweetwater) Clifton, will be playing together again in Tuesday night's exhibition game here featuring the Harlem Stars.

That's when they send their Harlem Stars against the fabulous New York Renaissance at the high school gym in one of the highlights of the local basketball seasons. Game time is 8 o'clock.

Tatum and Clifton were teammates with the Globetrotters right after World War II, when Tatum became known from Hoboken to Hong Kong as the Clown Prince of Basketball.

Time separated the two great Negro athletes. Clifton joined the New York Knickerbockers, where he was a mainstay for seven seasons, later joining the Detroit Pistons in the National Basketball Association.

Tatum kept playing with the Globetrotters for a number of years, but five years ago left the Globetrotters and formed his own team. Clifton joined the Harlem Stars three years ago and he and Tatum have been sidekicks ever since.

So when the Harlem Stars come to town this season, the Golden Goose will be joined by Clifton once again in putting on the basketball show for which the two are famous.

Oddly enough, Tatum and Clifton did not play together the first time as basketball players. Both were members of the Indianapolis Clowns, a barn-storming baseball team. It was while clowning around first base that Tatum first attracted the attention of the Harlem Globetrotters.

The El Dorado, Ark., boy had played basketball in high school, but it was not until after he had played one season with the Globetrotters and four with the Lincoln, Nebraska, Air Force Base team during World War II that he became a great basketball star. He later gave up baseball for basketball.

Clifton, an all-around athlete at Xavier University in New Orleans, continued his baseball career. But, like Tatum, he now devotes his full time to basketball, as sidekick to the Golden Goose.

At half-time of the Stars-Rens game, the Ink Spots, one of America's best-known musical units, will put on a 30-minute concert.

Admission prices for the engagement have been pegged at \$1.50 for adults and \$1 for students.

## Stanton Loses In Cage Meet

BIG LAKE—Stanton dropped a second round game to Fort Stockton, 56-48, in the Reagan County Invitational Basketball tournament here Friday.

In other games, Forsan lost a first round contest to Brady, 60-39; Colorado City smashed Marfa, 55-42; and Eagle Pass turned back Garden City, 56-26.

**BRADY**—Roper 2-5, Reynolds 7-17; 1-0-2, Low 3-7, totals 25-40-42.

**COLORADO CITY**—Lyons 4-0-16, Hillhouse 5-7-19, Womack 1-0-2, Nobles 2-5-5, Oliver 5-5-13, Hairston 2-0-4, totals 20-35-52.

**MARFA**—Conder 2-0-4, Gonsoumis 2-0-4, Gaspar 1-0-2, Purdie 3-0-10, Rogers 5-5-13, totals 29-42.

## Rams Decision Odessa Quint

SAN ANGELO—San Angelo College bounced Odessa College, 70-53, in a Western Conference basketball encounter here Friday night.

The Rams went to the dressing room at half-time leading only by a margin of 29-29 but fairly well dominated play in the final 20 minutes.

Bobby Shuffield scored 20 points for San Angelo while Nick Zerac had 17 for Odessa.

The outcome left each team with 2-1 won-lost records in league competition. San Angelo has an 8-2 overall record and hosts Lubbock Christian in another conference start next Monday.

**SAN ANGELO (70)**—Fugh 5-11; Tubb 5-0-4; Ramsey 3-0-4; Shuffield 6-0-2; Watson 4-3-11; Welch 0-0-4; Curry 0-0-0; McKinnack 0-0-0; West 0-0-3. Totals 25-37.

**ODESSA (53)**—Berraz 6-5-17; Varro 3-0-10; Williams 2-0-4; Green 3-1-7; Jeter 0-0-0; White 1-0-2; Panzano 0-0-4; Gardner 0-0-4; Harris 0-1-1, totals 19-25-53. Field Goals—San Angelo 29 Odessa 25.

## Trio Of SWC Stars On 11

DALLAS (AP)—Three Southwest Conference stars landed on the All-America Academic Football Team selected by vote of 511 sports editors of the United States.

They are Ronnie Bull, Baylor fullback who led the nation in the number of votes when he received 354; Lance Alworth, halfback of Arkansas, and Johnny Treadwell, University of Texas guard.

To be eligible for the team, which is co-sponsored by the College Sports Information Directors of America and the American Peoples Encyclopedia, a player must have a B or better average and must have starred on the gridiron.

Other members of the first team named by the sports writers are Tom Perdue of Ohio State and Tommy Brooker of Alabama, State and Billy Booth of LSU, tackle; Joe Romig of Colorado, guard; Larry Onesti of Northwestern, center, and Pat Trammell of Alabama and Doug Elmore of Mississippi, backs.

Southwest Conference players who were named to the second All-America Academic selection of the sports editors were Buddy Iles of Texas Christian, end; Bill Hicks of Baylor, center, and Pat Culpepper of Texas, back. Third team selections were Robert Johnston of Rice, tackle, and Russell Hill of Texas A&M, end. Leser Jordan of Southern Methodist, who originated the idea of an academic football team in 1952, is the present co-ordinator of the project.

The second team:  
Ends—Buddy Iles, Texas Christian, and Jack Elwell, Purdue, Tackles—Jim Wheeler, Minnesota, and Joe Schmitt, Michigan, Guards—Bill Hicks, Baylor, Backs—Benny Moffat, Michigan; Gale Weidner, Colorado; Pat Culpepper, Texas, and Judge Dickson, Oklahoma, Auburn.

The third team:  
Ends—Dennis Kroll, North Carolina State and Russell Hill, Texas A&M, Tackles—Larry Stallings, Georgia Tech, and Robert Johnston, Rice, Guards—Bert Moore, Wisconsin, and Bruce Malton, Tennessee, Center—Wayne Fraser, Auburn.

Backs—Mike McClellan, Oklahoma; Bill Tomlinoff, Michigan; Alan White, Wake Forest, and Eddie Wilson, Arizona.

## Coach Of Year Clinic Is Planning Two Schools

The Coach - of - the - Year Clinic will host two clinics in Texas on February 16 and 17, 1962. Both clinics will be held on the same days, one in Dallas and one in Houston.

The Coach - of - the - Year Committee is headed by Hugh "Duffy" Daugherty of Michigan State and Charles B. (Bud) Wilkinson of Oklahoma. Coach Wilkinson announced that the speakers for the clinic would be Darrell Royal, area coach - of - the - year; Claude R. (Chena) Gichstrap, small college area coach - of - the - year; and Pete Ragus, head football coach at Miller High School, Corpus Christi to represent the high school coaches. Also, the Coach - of - the - Year will be one of the instructors and his name will be released at the American Football Coaches' Association meeting in Chicago on January 13th at the Coach - of - the - Year dinner. Rounding out the program of speakers will be Duffy Daugherty and Bud Wilkinson.

The Baker Hotel will be the headquarters for the Dallas Clinic and the Rice Hotel will be headquarters for the Houston Clinic. Half of the instructors of the Coach - of - the - Year Clinic will be in Dallas and half in Houston on Friday, February 16th. On Friday night the two sets of instructors will fly to Dallas and Houston and give their

## Job At Western

SHERMAN, Tex. (AP)—Warren Harper resigned unexpectedly Friday night as head football coach at Sherman High School. He will become assistant coach at Texas Western College at El Paso.

# Dubby Malaise Leads Broncs To Win Here

A one-man gang named Dubby Malaise led the Odessa Bronchos past the Big Spring Steers in a crackerjack District 2-AAAA basketball game here Friday night, 77-56.

Although the Red Hoses pulled away at the end, the Steers crept to within eight points of the visitors early in the fourth period.

Malaise, who brought a 25-point

scoring average here, led the Hoses in point-getting with 27, all but three of which he hit from the field.

In addition, the son of the Odessa coach set up at least 30 points for his teammates with his uncanny passing and floor work.

The Steers, now 13-3 on the year, tried and tried. They yielded only in experience to the visitors. Big

Spring led for the first four minutes of play and, for a time, an upset seemed in the making.

Malaise started to solve the Big Spring defenses after that, however, and the handwriting was soon on the wall.

Eddie Nelson paced the Big Spring team in point-getting, with 18. Dick Ebling would up with 16 for Big Spring while Albert Fierro had ten.

For Odessa, Harland Hinds tossed in 19, Stan Heaps 15 and Terry Tripp 13.

Big Spring hit 11 of 31 baskets the first half for 36 per cent and eight of 23 the final half for 35 per cent.

Nelson led the Steer rebounders with ten while Ebling and Fierro each had seven.

Odessa also won the B game, 55-39.

In that one, Dean Self accounted for 21 of Odessa's points while Big Spring was led by W. L. Minter, who wound up with 15.

The varsity defeat left Big Spring with a 1-1 conference record. Odessa is 2-0 within the district and 13-4 overall.

Big Spring plays again Tuesday night, at which time it invades Abilene for an engagement with Cooper.

## Huge Field Due For Indoor Meet

HOUSTON (AP)—More than 300 athletes are expected to take part in Houston's first indoor track meet Friday.

"As of now we have 145 entries in the college-university and open events," meet director John Morris said Saturday. "We have 145 entries in the high school and junior college divisions."

## Coach Of Year Clinic Is Planning Two Schools

lectures at these cities respectively on Saturday.

Jimmie Parker of the Dallas Cowboys is the director for the Dallas Coach - of - the - Year Clinic and Coach Darrell Tully of Spring Branch High School is the director for the Houston clinic.

Coaches registering for the clinic prior to February 14th will only pay \$7.50 tuition. Coaches registering after February 14th will pay a \$10.00 tuition fee. Coaches should pick out the city in which they plan to attend the clinic. If in Dallas, they should send their check to Jimmie Parker, P. O. Box 8244, Dallas, Texas. If in Houston, they should send their check to Darrell Tully, 9000 Westview, Houston 24, Texas. Hotel reservations can be requested in Dallas at the Baker Hotel and in Houston from the Rice Hotel.

# CRMWD Sales Top 9 Billion Gallons

Water demands declined slightly from a year ago during December, but the year's total still exceeded nine billion gallons for the Colorado River Municipal Water District.

The regular monthly production report by O. H. Ivie, assistant general manager, showed 555,985,000 for December of 1961, or 6.2 per cent under the 580,900,000 gallons for the same month a year ago. This brought to 9,020,621,000 the deliveries during 1961, or 3.57 per cent less than the 9,354,417,000 for 1960. The difference was largely due to a lesser consumption in Big Spring and Snyder where an unseasonably generous rainfall dulled domestic demands. The oil companies also took less for oil repressuring. The city of Odessa showed an increase in its water draw for the year.

In December, the member cit-

ies took 350,772,000 gallons, only about two and a half million less than for the same month a year ago. Odessa took 192,124,000 gallons; Big Spring 125,939,000; Snyder 32,709,000. The oil companies took 205,213,000 gallons, as compared with 227,670,000 in the previous December. SACROC took 145,638,000, Sharon Ridge 34,038,000, Lion Oil 22,896,000 and Texas Gulf 1,741,000.

For the year Odessa drew 3,927,802,000 gallons, a gain of 1.37 per cent; Big Spring 2,172,582,000, down 7.97 percent; Snyder, 548,538,000, down 19.91 per cent; SACROC 1,645,945,000, down 9 of 1 per cent; Sharon Ridge 404,112,000, down 4.79 per cent; Lion Oil 277,394,000, down 9.3 per cent; Texas Gulf 43,226,000, down 11.5 per cent.

DR. WILLIAM B. SANDERS

## Dr. Sanders Is New Member Cowper Staff

Dr. William Bruce Sanders, 27, is a new member of the professional staff at the Cowper Clinic and Hospital.

He is a general practitioner and surgeon. Dr. Sanders graduated from Baylor University in 1955 and from the University of Tennessee Medical School in 1959.

He served as an intern at the Nashville General Hospital and then practiced as a general surgeon at Smyrna, Tenn., and as a surgical resident at St. Thomas Hospital at Nashville.

Dr. Sanders and his family arrived in Big Spring Thursday evening, coming here from Nashville. They are living at 3622 Calvin. Their trip down included a detour through Hearne, where Mrs. Sanders' parents live.

The Sanders' have three children. Lynne, the oldest, is six years old, and she attends Marcy Elementary School. Carol is 2½ years old, and Bill is 1½ years old.

"We have always wanted to return to Texas," Dr. Sanders said. "After looking about in this area we chose Big Spring."

Dr. Sanders said he wishes to pursue general practice, but that he has special interest in surgery and obstetrics. He already has the equivalent of six months of obstetrical special training in addition to his regular training.

Mrs. Sanders is also a graduate of Baylor University. She has taught school at Memphis, but does not plan to continue teaching here.

## Realtors Plan Installation

Officers will be installed at a dinner meeting of the Big Spring Real Estate Association Monday at 7 p.m. at the Wagon Wheel restaurant.

Joe Phillips, Lubbeck, immediate past president of the Texas Real Estate Association, is to be the speaker and the installing officer.

Due to assume the presidency of the association is Bill Sheppard. Other officers are George Elliott, vice president; Mrs. Arnold Marshall, secretary; Thelma Montgomery, treasurer; Mrs. Marie Rowland, Mrs. Hattie McClesky and Mrs. Tot Stalcup, directors.

## Fire In Tower

PARIS (AP) — Fire broke out this morning about halfway up the 986-foot Eiffel Tower. Firemen climbed rapidly to the second landing of the tower and put out the blaze. Damage was slight.

## Wiley Execution Set For Friday

A last minute effort by a minister and an attorney to persuade the state to set aside the death penalty hanging over the head of Roosevelt Wiley, 29-year-old Odessa Negro, has failed. Wiley is slated to die in the electric chair on next Friday night for the murder of L. H. Canada, 58, San Angelo milk truck driver, on Oct. 24, 1958.

The State Board of Pardons and Paroles, heard the Rev. Melvin Martin, San Angelo, and Travis Shelton, Lubbock attorney, plead for the life of the young Negro. It then ruled the death penalty should be upheld and denied the request that the sentence be commuted to life imprisonment.

Wiley and a juvenile companion, Willie McDade, knifed Canada to death on the side of US 87 in Coke County. They robbed him of several hundred dollars and stole the milk truck he was driving. Then they came to Big Spring where they abandoned the truck and went on a spending spree with the money taken from the body of their victim.

## Publisher Dies

SIDNEY, Ohio (AP) — Ernest Clarence Amos, 89, publisher of the Sidney Daily News, died early today in Wilson Memorial Hospital after an illness of several months.

## Ex-Senator Dies

CLARKSBURG, W.Va. (AP) — Former U.S. Sen. John D. Hoblitzel Jr., R-W.Va., died here early today of a heart attack. Hoblitzel also was a former state Republican chairman.

## Control Of Evaporation Practical But Too High

Evaporation control field tests have indicated a saving of 19 per cent in water, but cost factors are still uneconomical.

Reports from the Texas A. & M. Research Foundation, working in conjunction with the Texas Engineering Experiment Station and the Texas Agricultural Experiment Station show the cost per thousand gallons saved from evaporation to be roughly \$2. A hypothetical extension of data to a larger sized pond, however, would lower costs to 36 cents per thousand gallons.

E. V. Spence, general manager of the Colorado River Municipal Water District and a leader in

the initial studies toward reducing water loss by evaporation, has received a report on the past year's work. The research foundation took over the studies from a private group.

Hexadecanol and octadecanol, fatty alcohol compounds, are applied to water surfaces to form a microscopic film. The effect is like floating millions of tiny ping pong balls in such a tight layer that the evaporation chain is broken. The film does not affect marine life or water purity.

Among the chief problems in field tests at the Texas Agricultural station at Seymour is that of application of the compound. Rods offered the advantage of slow, orderly dispersion, but flat chunks gave more uniform dispersion. Devices had to be rigged to gear the rate of application to the intensity and direction of wind.

In many parts of Texas, far more water is consumed through evaporation than by domestic and industrial use.

## C-C Banquet Reservations Thrown Open

Reservations for the annual Chamber of Commerce banquet will be thrown open to the public Monday, according to Carroll Davidson Chamber members, with first bid, snapped up more than half of the 800 tickets expected to be sold.

At noon Saturday, 455 reservations had been made. Replies have not been received yet to many of the invitations to Chamber members, he said.

"We would like to extend a special invitation to Webb Air Force Base personnel to attend the annual meeting," Davidson said. "The Base and its men and women are an important part of the community and I want to invite all of the personnel to take part in this and other Chamber activities."

The annual banquet and meeting will be held at 7:30 p.m. Jan. 12 at Goliad Junior High School. Tickets are available at \$3.50 per person.

Persons interested in attending may stop at the Chamber and pick up their reservations or they may call and have the tickets mailed to them, Davidson said.

Porter Randall, newscaster from Fort Worth, has been selected as speaker for the banquet.

Randall has been cited on several occasions for his contributions to the field of newscasting. Among his major news accomplishments are a 32-hour marathon broadcast on the scene of the 1953 Waco tornado and a 54-hour tour at the microphone after the Japanese attack on Pearl Harbor in 1941.

Highlights of the meeting will be installation of new directors, recognition of the Ambassador's Club and its new lifetime members, speeches by incoming and outgoing presidents of the board of directors and announcement of the winner of the Jaycees Young Man of the Year award.

## Civil Defense Courses Set

LAMESA (SC)—An adult education civil defense course will be held here Jan. 15-16-17 and Jan. 25-26 in the high school cafeteria from 7 p.m. to 10 p.m.

George H. Blasingame, director of civil defense for the Texas Education Agency in Austin, has indicated that a representative from the TEA would conduct the sessions.

The course serves as a teacher training workshop. Persons who desire to become instructors may take six additional hours to qualify.

## Rites Held For Mrs. Peterson

COLORADO CITY (SC) —Funeral for Mrs. O. D. Peterson, 81, former resident of Loraine, was held Saturday at 2:30 p.m. in the First Baptist Church in Loraine with the Rev. M. H. Farrington, pastor, officiating. Burial was in the Loraine Cemetery under direction of Kiker and Son Funeral Home.

She died Friday in Sapulpa, Okla., where she had lived the past year with a son.

Mrs. Peterson was born April 23 1880 and had married Mr. Peterson Dec. 18, 1902. He died in 1960.

She had lived in Loraine since 1925 and was a member of the First Baptist Church.

Survivors include two sons, Claude Peterson, Sapulpa, Okla. and Alvin Peterson, Andrews; 15 grandchildren and 14 great-grandchildren.

## 5 ideas for using telephones to save time . . .

- 1) Why walk down the block to ask a neighbor about a recipe? You'll save your time—and hers—by phoning.
- 2) Want more information about products being advertised? Look in the Yellow Pages. Then check the facts by phone. End scurrying from store to store.
- 3) Why carry clothes to the cleaners or laundry? Just call and have your things picked up.
- 4) Got a question about a bill? Get the answer the fast, easy way—by telephone.
- 5) Need tee shirts, socks, other simple clothing items for your children? Shop by phone when you can't leave home.

Chances are, you have more chores than you have time. That's the way it is with most homemakers. Lighten the load. Use your phones. Use them in all the ways you can think of to help. You know whose feet and tires you'll save. And you'll have more time for your family.

**YOUR TELEPHONES . . . the more you use them, the greater their value.**

Call by number...it's twice as fast

ED J. CARPENTER

### Judge Plans Campaign For Legislature

Ed J. Carpenter, county judge, announced Saturday that he will be a candidate for state representative from the 78th Legislative District subject to action of the Democratic Primary of May 5.

Carpenter, who is serving the last year of his first term as county judge, had indicated some weeks ago that he would not seek re-election to the judgeship.

His formal announcement clarifies his position.

Judge Carpenter issued the following statement relative to his candidacy for the post of state representative:

"I wish to thank the people of Howard County for the privilege of serving as your county judge. We have had a busy and productive administration. More hard surface roads have been built than in any comparable time.

"Much credit should be given to the previous court who made an honest effort to make the county unit system work, and it did work. We have made an honest effort to keep the county unit system of roads, building working, and it is working.

"The year 1961 has been one of our best years. I shall not seek re-election. Instead I wish to announce for state representative of the 78th District.

"I feel my varied experience in business and politics would qualify me as to needs of this part of West Texas and the know how to get the job done.

"If elected, I will do my best to make you a good representative. Your vote and influence will be appreciated. Sincerely, Ed J. Carpenter."

### DEAR ABBY

#### She Prefers Formality

DEAR ABBY: What does a lady do when a gentleman, whom she prefers to call "Mr. Blank," says, "Please call me George?"

We work in a very informal office and I must address him frequently, but I do not care to be on a first-name basis with him. He started to call me "Grace" right off the bat, and I thought if I called him "Mr. Blank" he would catch on, but it hasn't worked out that way. He keeps asking me to call him "George." How can I put a stop to his familiarity without making an enemy of him?

GRACE (ugh!)

DEAR GRACE: You can't so don't make an issue of it. He is probably only trying to be friendly. Be a little more "graceful" and perhaps, in time, it will be "George."

DEAR ABBY: I don't mind a little horseplay at the dinner table, but my family carries it too far. My husband and our three sons (all old enough to know better) throw crusts, bones and anything that will "sail" into the wastebasket while sitting at the dinner table. They keep score, and bet pennies for bulls-eyes. I don't care for such goings on. Any suggestions?

DEAR COUTH: Fun is fun, but there is a time and place for everything. Buy your overgrown boys a horseshoe pitching game.

DEAR ABBY: I don't mind a little horseplay at the dinner table, but my family carries it too far. My husband and our three sons (all old enough to know better) throw crusts, bones and anything that will "sail" into the wastebasket while sitting at the dinner table. They keep score, and bet pennies for bulls-eyes. I don't care for such goings on. Any suggestions?

DEAR COUTH: Fun is fun, but there is a time and place for everything. Buy your overgrown boys a horseshoe pitching game.

Congregation Sees New Year Arrive

Old and young alike stayed to see the New Year arrive at Park Methodist Church Sunday night, following a variety of services.

The congregation was feted with a banquet dinner. The Rev. R. L. Bowman, pastor, preached the evening sermon.

A sing-a-long followed, with solos, duets, quartets, and old fashioned singing. Helping with the celebration were Mr. and Mrs. W. E. Wood of Colorado City, and Mr. and Mrs. C. H. Quiett of Dunn.

### Disagreement Is Aired On Route For Road

Whether a three mile segment of county road in Commissioner's precinct No. 3 is still programmed for construction was a little vague at the court house Friday.

The road in question extends westward from Lomax to the Martin County line. There has been considerable discussion of it since it was proposed. A number of residents of the Lomax community, including Arthur Stallings, former county commissioner, feel that the road should follow another route.

Friday morning, Judge Ed Carpenter brought the matter up for discussion and suggested an alternate route. He said that under its present routing the road will dead end against the Martin County Line. He also said it would serve only two or three families.

An alternate route, he suggested, going either north or south, after the first one mile to the west, would be more advantageous.

He made a motion such a road be programmed and commissioner Rufus Stallings seconded the judge's motion.

On a vote, Carpenter and Stallings voted for the new route; the Pct. 3 commissioner Joe Hayden voted against changing the route, and Ralph White and L. J. Davidson, the other two commissioners, abstained from voting.

No one seemed to be certain whether the road was still on the agenda or not. Anticipated further discussion will come up at the meetings of the commission either on Monday or next Thursday.

and let them take their horseplay outside AFTER dinner.

DEAR ABBY: There is going to be a wedding in our family. It is not going to be anything fancy because the bride's family (our side) does not have much money to work with. The groom's side has plenty of money, but nobody on his side spoke up and offered to help out so the young people could have a big beautiful wedding to remember. We have been having a big argument over whether it would be all right for the groom's people to help out in a case like this. I don't see why they shouldn't. The bride's parents say they wouldn't accept help from the boy's parents if they offered it. Who is right?

BRIDE'S AUNT

DEAR ABBY: The bride's parents are right. The wedding is the responsibility of the bride's family. They should put on a wedding in keeping with their pocketbook. I admire them for it.

CONFIDENTIAL TO V.F.S.: Go to the CATHOLIC CHARITIES OFFICE in your nearest city. They will help make plans for you and your child. Good luck!

Are things rugged? For a personal reply, write to Abby, Box 3365, Beverly Hills, Calif., and don't forget a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

THE HOME OF GREATER VALUES

202-204 SCURRY

# A New Year And A New Home

By ANNE LEFEVER

Built especially for the pleasure of the family and the ease of hospitality, the home of the R. J. Reams, 508 Highland Drive, extends an air of welcome to the casual passerby.

The long rambling style, with its low-hanging roof, is just as hospitable inside, since every detail for casual, easy living was planned carefully.

From the foyer, with its floor of Mexican terrazzo, there is a cheerful view of the family room, carpeted in warm scarlet with walls of birch paneling and cathedral ceiling.

At one end of the room, a fireplace of white brick features the Ream family coat-of-arms, of which they are justly proud. It dates back about 200 years and was brought from Germany, where the original members of the family were tanners.

From the trade comes the light part of the shield to represent the buckle on a belt; a lion, such as is carried by all families whose names begin with "R" is in deference to Richard the Lion-hearted, according to Rickey and Jimmy Ream, the couple's two sons.

In 1962, the family attended the 200th anniversary of the founding of Reamstown, Pa., which was

named for an ancestor to whom a grant was given by William Penn in 1760. Proudly displayed in the family room are memoirs of the trip.

## SPACIOUS HOME

Spaciousness is obtained by having the attractive kitchen extended from the favorite spot of the family: meals may be served at the wide low bar or they may be eaten from a table at the kitchen end of the family room.

Ream's two specifications for the table were that it must be round, because he grew up at a round table—and it must show signs of use. Mrs. Ream, who had wanted to cover the top with glass, remarked that they are fast accomplishing the last desire.

Birch paneling makes the cabinets of the kitchen, located with a lovely view of South Mountain and overlooking the swimming pool, convenient in the back yard.

In the kitchen, a pantry to make any homemaker drool was especially planned by Mrs. Ream, with an eye to convenience and plenty of storage space. Here, too, is the indoor barbecue grill, which has already seen quite a bit of use.

The lush red carpeting is extended from the family room into the master bedroom and its adjoining

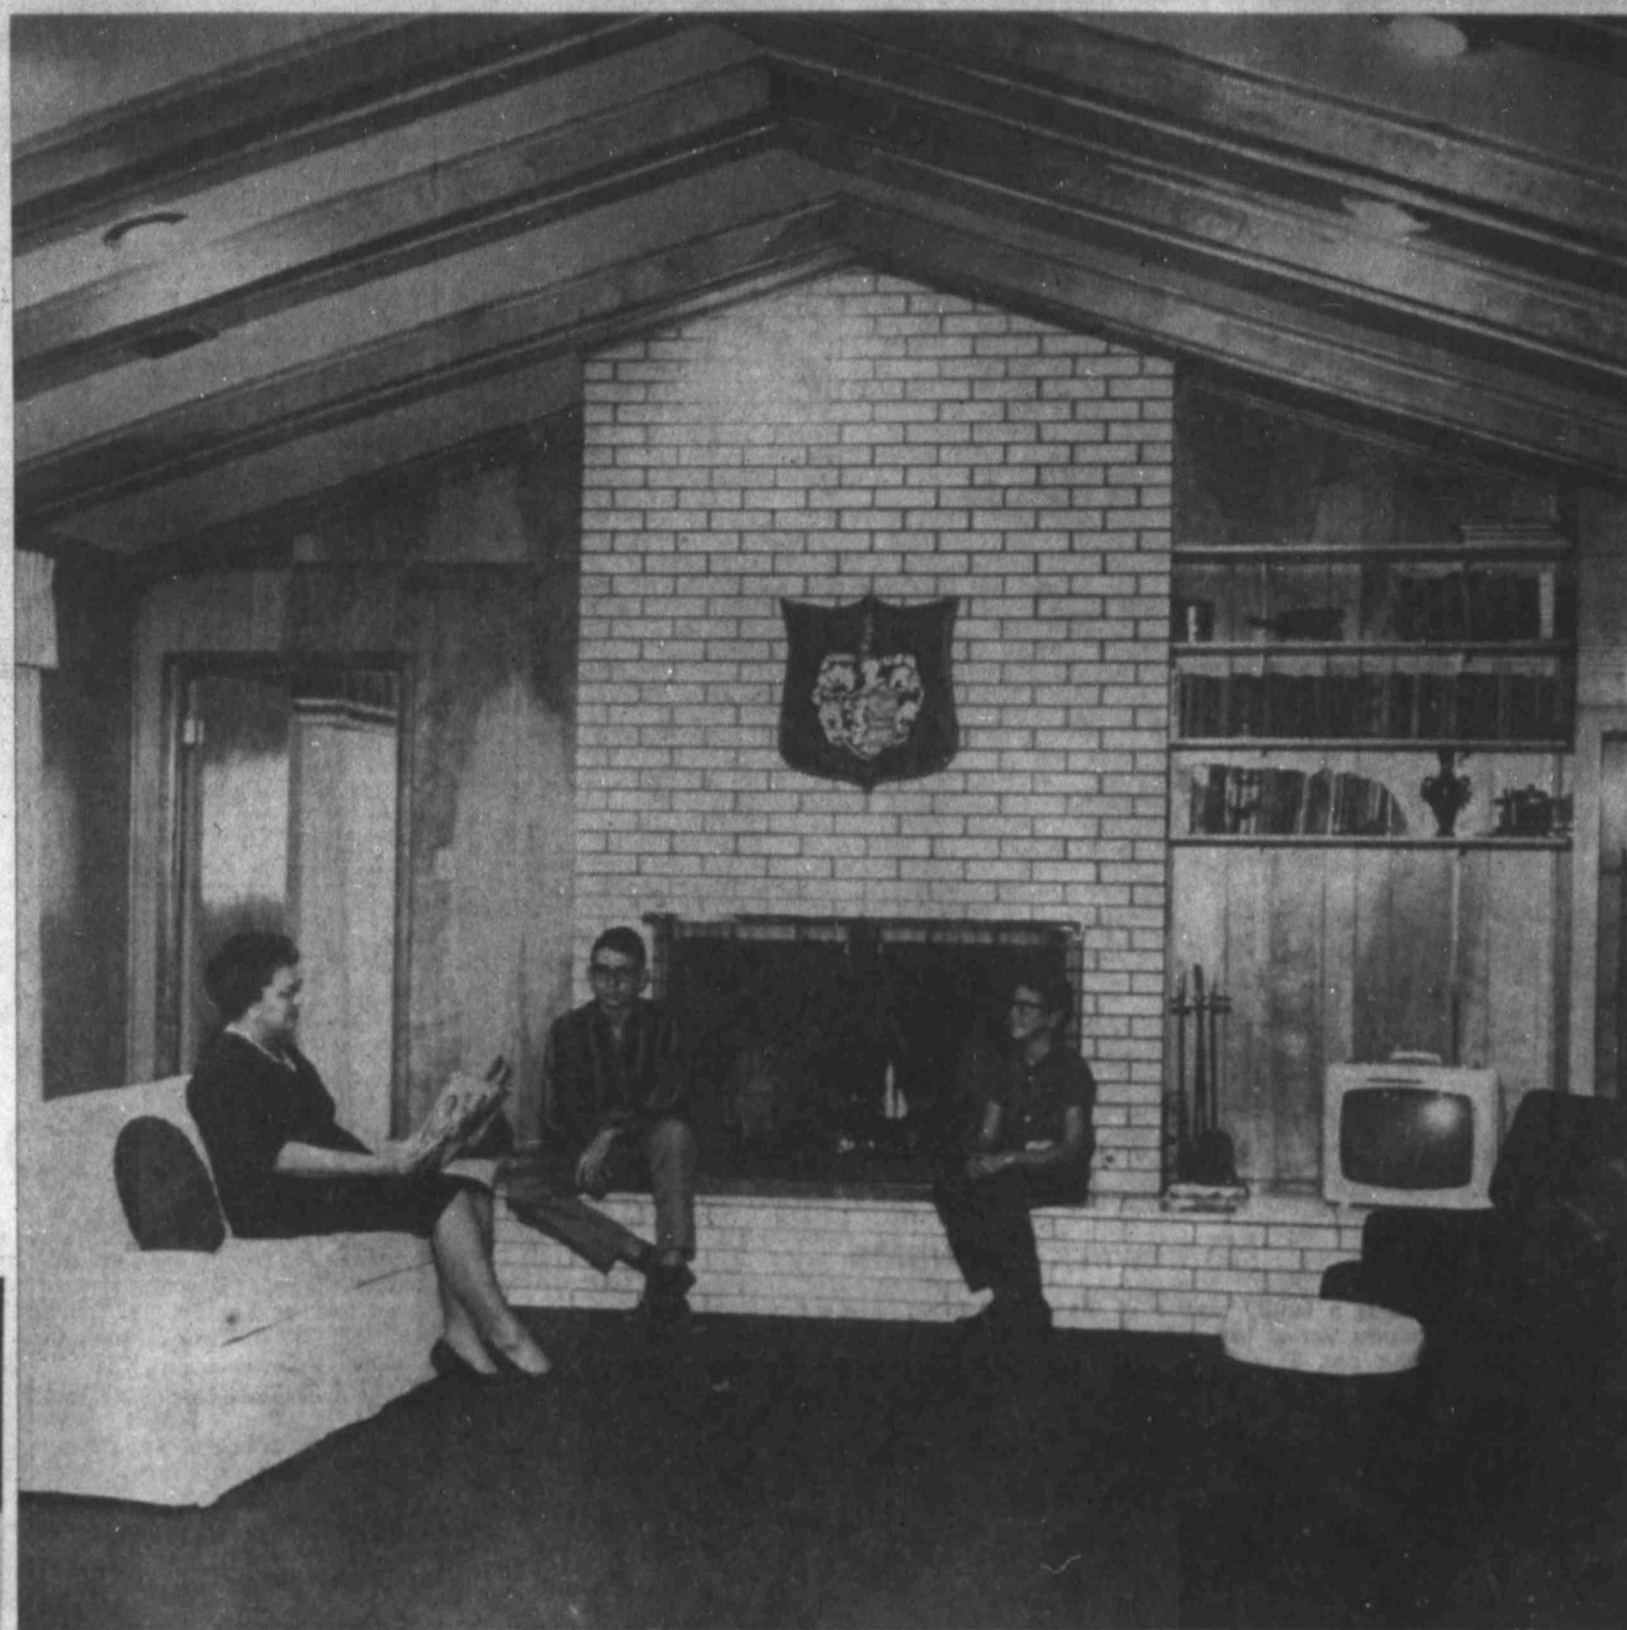

bath, and the cheerful color is picked up in the white bedspread on the large oversize bed. Two large clothes closets with louvered doors form the west wall of the room.

Louvered doors also mark the several closets in the hall where storage space was planned for records, pictures and other treasures.

Brown, beige and green are predominant in the bedroom of 15-year-old Rickey, who is a student in Goliad Junior High School and 11-year-old Jimmy, who attends College Heights. Monogrammed bedspreads in brown and beige leave no doubt as to bed ownership, and a wall-to-wall cabinet furnishes space for study, reading or work on hobbies.

Beige carpeting and draperies printed with maps in brown and green form a fitting background for activities of boys; the adjoining bath continues the same color scheme in its appointments.

With the cozy inviting family room as the center of interest, the living room and dining room are somewhat neglected, according to Mrs. Ream. Soft pink and blue are accents with beige carpeting and white draperies with brown valances. Over the dining table hangs a trio of globe lights.

MOST INVITING is the family room, above, at the home of Mr. and Mrs. R. J. Ream, 508 Highland Drive, where Mrs. Ream, Rickey and Jimmy pause for an after-school visit. Walls and beamed ceiling are of birch, and comfortable chairs and divan of black and white afford a pleasant contrast to the warm cherry red of the carpet. Against the white brick chimney is displayed the Ream family coat-of-arms, and at the right is the gun cabinet, while shelves hold favorite books and prized possessions.

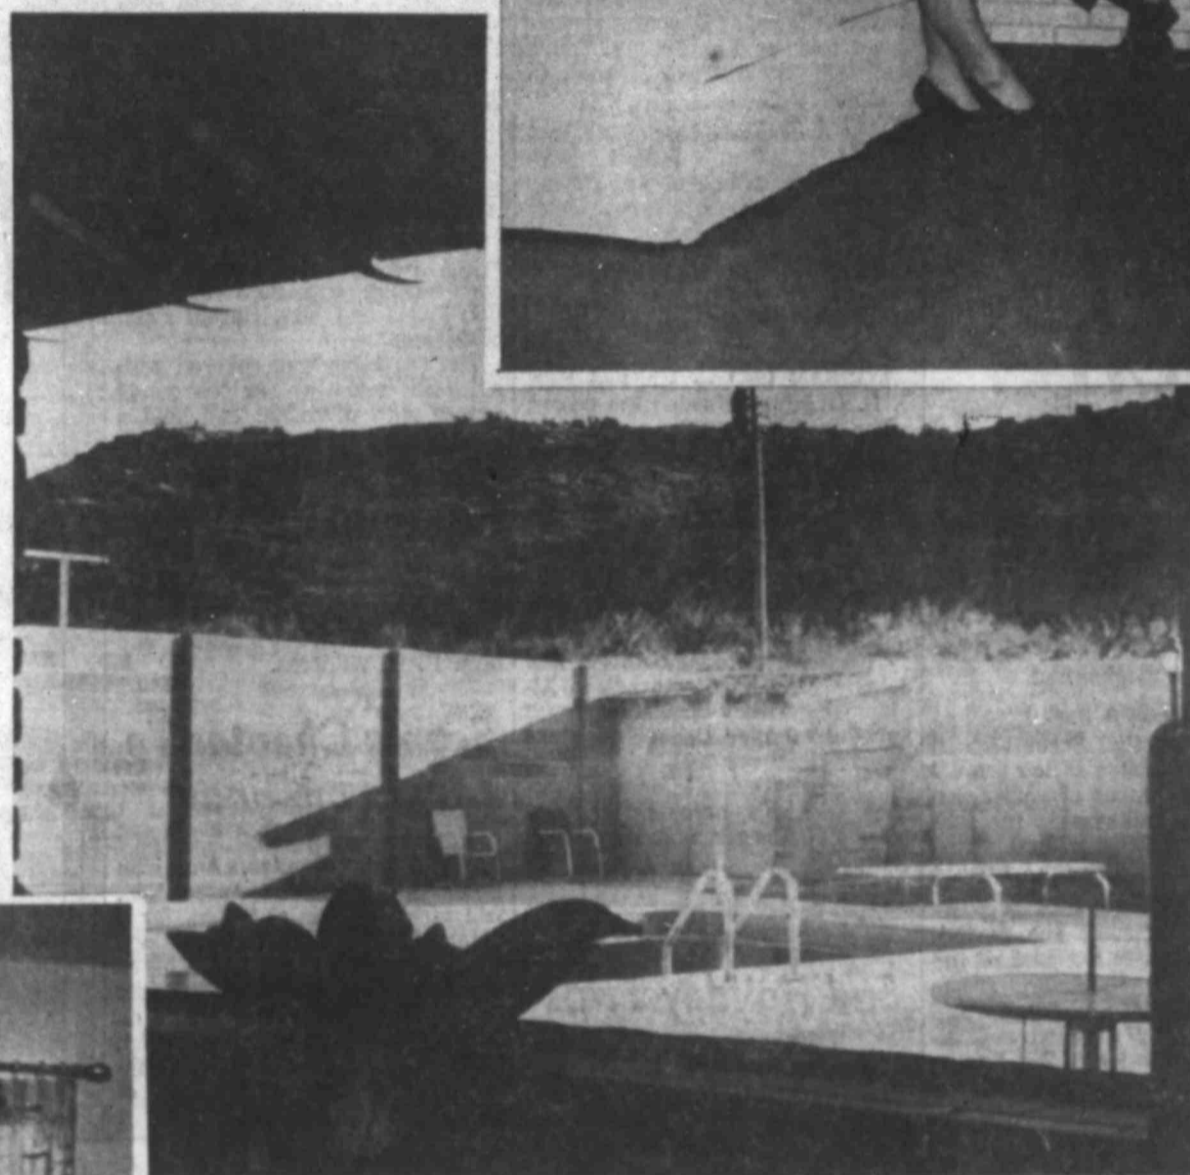

## Women's News

### The Big Spring Herald

SEC. C

Big Spring, Texas, January 7, 1962

KITCHEN DUTIES should be a pleasure with the lovely view of South Mountain (center), seen through the wide window, which also overlooks the swimming pool. Although the Ream family moved into their new home a bit late for swimming, they are enjoying the hiking and explorations on the mountain where once arrow heads were scattered in great numbers.

Photos by Keith McMillin

BIRCH PANELING is extended from the Ream family room into the adjoining kitchen, (lower photo), where Mrs. Ream can prepare meals for her husband and children along with their numerous guests and never miss any of the fun. The attractive

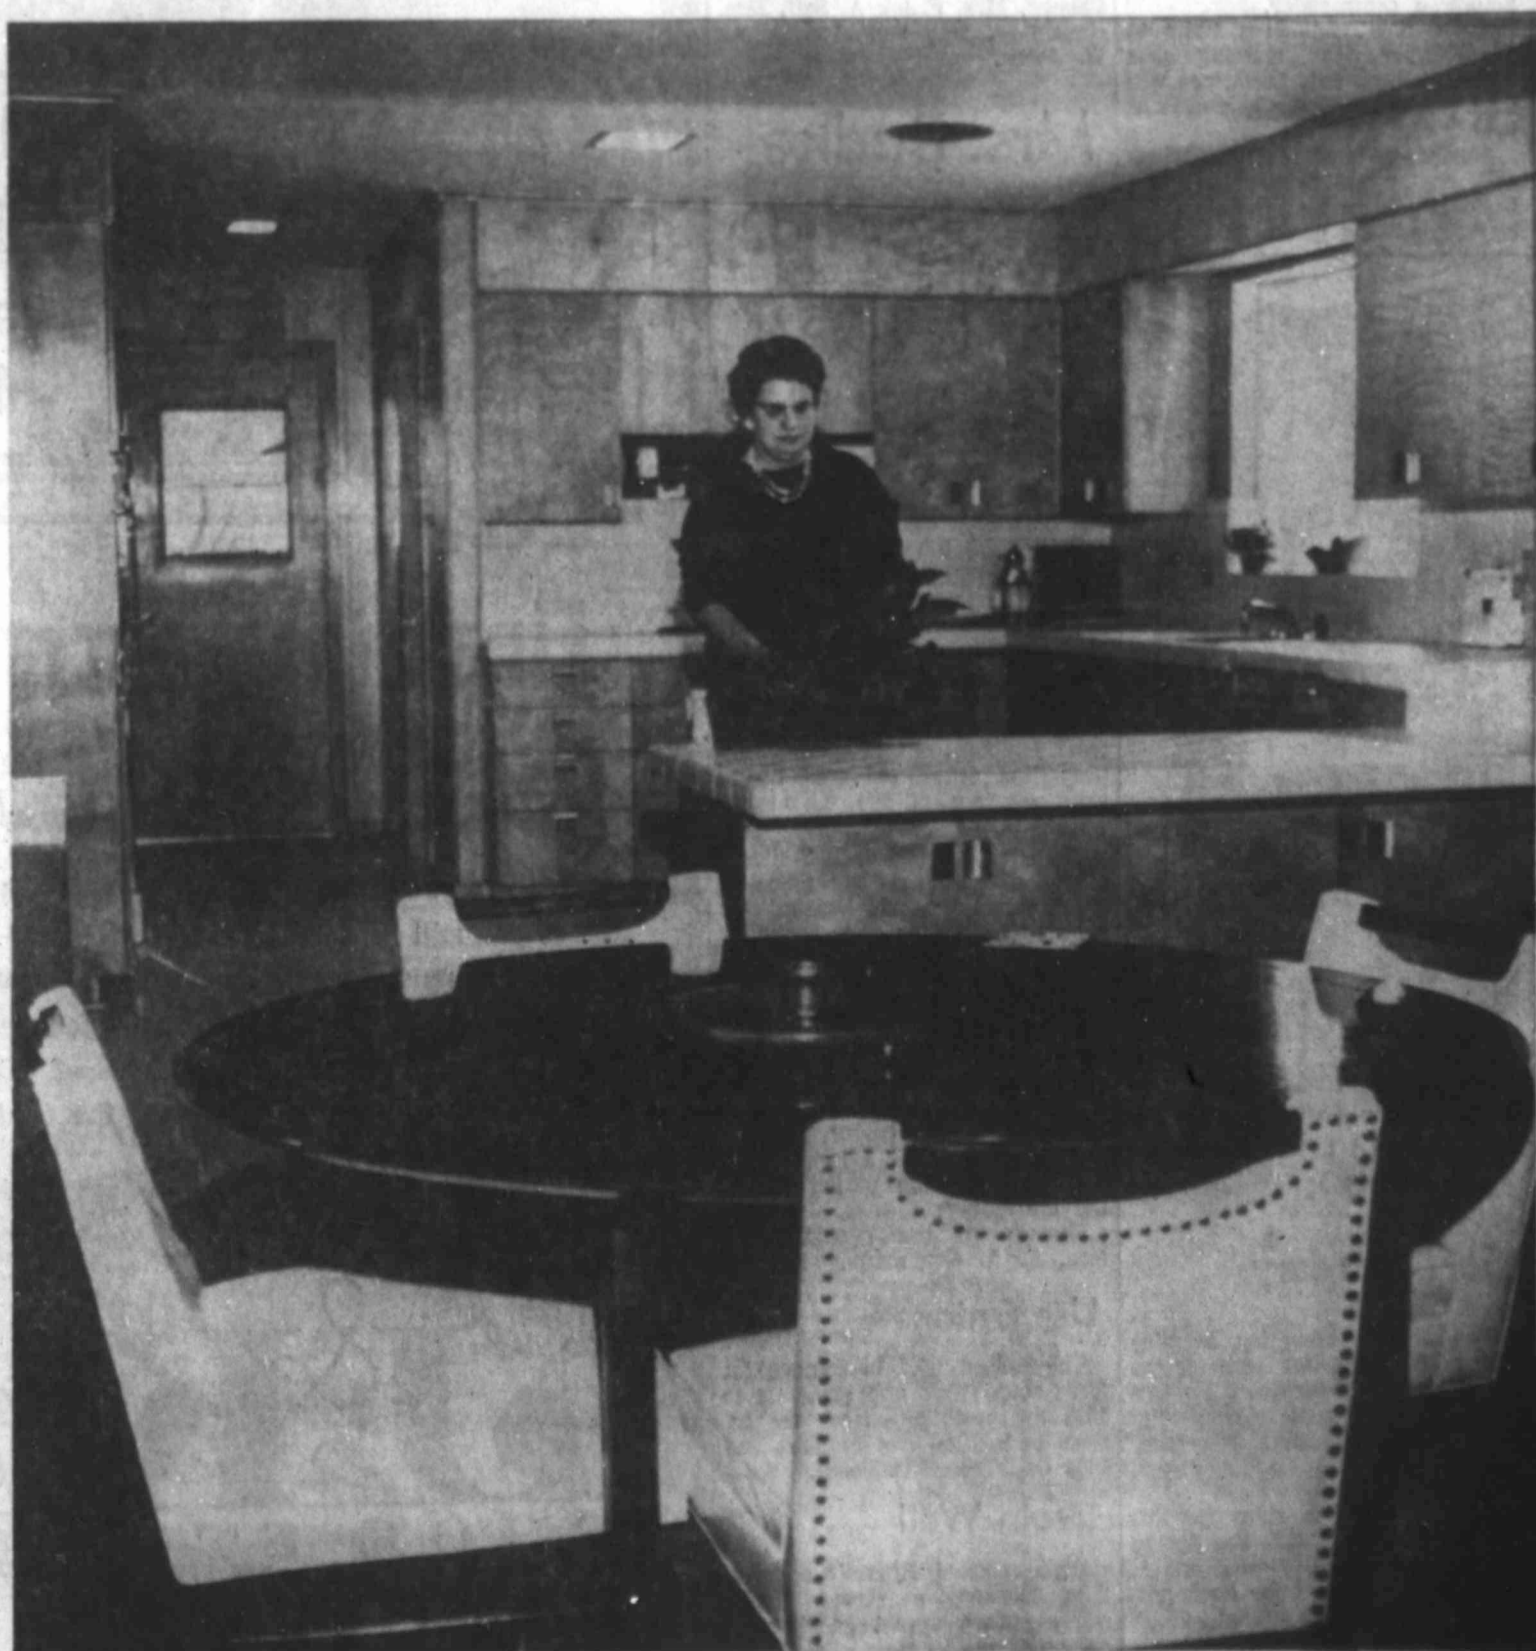

table in the foreground is opposite the fireplace in the family room and is accompanied by chairs in white leather. All rooms are illuminated with indirect lighting, and music is piped into all parts of the home.

FOR FUN OR WORK—that's the idea behind the desk which extends across the north wall of the boys' room (left), at the R. J. Ream home with spacious cabinets to house books, papers, car models, and any other treasures that appeal to growing youngsters. At left Rickey examines a car assembled by his younger brother, Jimmy, who awaits the verdict on the condition of the product. Deep brown combines with soft greens and beige to make the attractive decor of this room.

CENTER OF INTEREST in the dining room of the R. J. Ream home, 508 Highland Drive, is the trio of hanging globe lights (left), holding hurricane lamps and shedding a soft glow through the multiple openings. This room and the living room are just off the inviting foyer with a wide entrance giving a feeling of spaciousness. Brown valances top white draperies in both rooms, which have accents of blue and soft pink.

### Homework Resumed

Resuming homework is a family matter at the Taroni residence. Henry Taroni and wife, Ruby, (right and left), with son, Tom, and daughter, Toni Lynn, have a roundtable discussion concerning junior high assignments. Judging from the grin, Tom might be the heckler of the group.

## Former Arkansans Are Residing On Cornell

The Henry A. Taroni family, now residing at 3206 Cornell Ave., came here from Arkansas where at Gurdon, he (better known as "Tony") was for a period of eight years production supervisor in the reduction division of Reynolds Aluminum of Arkansas. Taroni also managed a variety store at Gurdon during a period of 15 years.

Carbon Black plant. Since residing in Big Spring, he and his family have traveled some 5,000 miles on weekend trips, touring the surrounding area and visiting points of interest in West Texas. Historical landmarks are of interest to all the family members, Taroni, his wife, Ruby, and children, Toni Lynn, 13, and Tom, 11. They also like water sports as a family recreation. With father driving their boat,

water skiing is a frequent pastime during warm weather.

Taroni is no stranger to these parts, having been stationed with the cavalry at Laredo, Marfa and El Paso from 1940-45. Much of the area he traveled horseback until the unit was mechanized.

Mrs. Taroni is a past president of the Gurdon Girl Scout Council and has been active in the organization for a number of years. She was also an enthusiastic member of the Parent-Teacher Association and worked with the Gurdon Health Center.

Bowling is a sport she participates in, and with the rest of the family enjoys spectator sports such as football, baseball and basketball. They were all enthusiastic fans during the Big Spring Steers' season and commented on the local support as "most gratifying."

Tom, restricted with his rifle, likes to shoot, plays the cornet, and has a collection of rock crystals which he brought from Arkansas.

Taroni himself, dabbles in photography, while daughter, Toni, collects stuffed animals and is a stereo and radio enthusiast. "We do collect antique dogs," Taroni added, noting possession of a 12-year-old collie, "Tippy," and "Frisky," the bulldog.

The Taronies are members of College Baptist Church.

## Wives To Tour AFB Training Facilities

As in the past the 3560th Pilot Training Group continues with Red Carpet Day — the day wives of student officers receive a tour of training facilities where their husbands are learning to be Air Force pilots.

The first Red Carpet Day for 1962 will be Wednesday, Jan. 20. Approximately 25 wives will visit Webb training facilities in a tour that will last six and a half hours.

Among the stops will be visits to the aviation physiological training unit, parachute loft, flight line, synthetic trainer building, mobile control and a tour of the academic training building.

The one-day tour begins at 9 a.m. at the main lounge of the Officers' Club. Here the group will be welcomed by Lt. Col. John W. Hillen Jr., 3561st Student Squadron commander.

At 11 a.m., following visits to the physiological training unit and parachute loft, the wives will have lunch with their husbands at Dining Hall "C."

Following luncheon the wives will sit in on briefings at the flight line, then visit the synthetic trainer building where student pi-

lot instrument procedures and techniques of flying are taught. Red Carpet Day winds up with visits to mobile control and the academic training building.

Wives expected to attend are Mrs. Richard A. Alexander, Mrs. George F. Chandler, Mrs. Robert F. Dempsey, Mrs. Kenneth H. Earnest, Mrs. Hartley R. Gaston, Mrs. William H. Gurley, Mrs. Robert D. Hahn, Mrs. Ronald N. Johnson, Mrs. Needham B. Jones, Mrs. Thomas J. Kuhns, Mrs. Thomas C. Lesan, Mrs. Joseph T. McGonagle and Mrs. Charles C. Murphy.

Also, Mrs. Frederic H. Pearce Jr., Mrs. Frederic L. Riggles, Mrs. Jerald D. Saunders, Mrs. John R. Thompson, Mrs. Dennis L. Wills, Mrs. Raymond E. Woodson, Mrs. Eugene G. Hopp, Mrs. Frank Kiszely, Mrs. William H. Cheney, Mrs. Frank A. Self, Mrs. Gerald M. May and Mrs. James W. Josey.

The Parish Workers of St. Paul Lutheran Church meeting Thursday evening, heard Mrs. Leroy Budke, with an illustrated topic entitled "A Mighty Host."

It portrayed the various mission activities of the Lutheran Women's Missionary League in many sectors of the world, such as medical missions for Ogoja, Nigeria, and Wandoor, India; chapel, Tema, West Africa; transceivers for Lutheran Mission outposts, New Guinea; a church site, Montreal, Quebec, Canada; and the promotion of an enlarged literature program of the church, geared to missions.

The ingathering of "mites," change the ladies daily place in small boxes in their homes, was under the direction of Mrs. Walter Pachall. Gathered every three months they are used to support the League's missionary program.

Other projects of the Parish Workers include baby sitting for those parents who attend the Adult Information Class to be conducted by the pastor. Another group will prepare a light snack for the fellowship program following the classes.

Hostess for the evening was Mrs. A. A. Graumann.

Use Onions

The easiest way to remove fat from soup stock and gravy is to chill the broth or sauce; the fat rises to the top and hardens and may be lifted off in pieces.

Drain Well

Drain cooked Brussels sprouts, then to remove excess water, squeeze each sprout gently with your fingers.

3240  
14 1/2 - 24 1/2

### Soft Drapery

The always becoming surplice line is all the better here for the touch of soft drapery at the waistline. No. 3240 comes in sizes 14 1/2, 16 1/2, 18 1/2, 20 1/2, 22 1/2, 24 1/2. Size 16 1/2 takes only 3 1/2 yards of 39-inch fabric.

Send 35 cents in coins for this pattern to IRIS LANE, Big Spring Herald, Box 1480, New York 1, N. Y. Add 10 cents for each pattern for first-class mailing. Pattern Book 50 cents.

## WEBB WINDSOCK

By WILMA BUTERA  
Mrs. Charles Coogan was guest of honor at a farewell coffee given recently at the Officers' Club. Mrs. Coogan has left Webb for Stillwater, Okla., where her husband will attend school. Mrs. Jack Wickard was hostess and presented the honoree with a walnut serving tray with ceramic inserts.

At the last Medical Group meeting, Mrs. Matthew Smith was named chairman and Mrs. Robert Howell was named spotter. The next meeting will be held at Mrs. Ad Lindsley's on Tuesday at 8 p.m. and the group's monthly bridge will be on Jan. 30.

Capt. and Mrs. William Overacker, who left Webb recently, passed through Big Spring during the holidays and would like to express best wishes to all their friends via this column since they could not call or see them due to lack of time. They were guests of Capt. and Mrs. Frederick Roma-

niello for the few hours they were here.

The OWC held the January board meeting at the Officers' Club Tuesday. It was noted that the Welcome Coffee would be held at the Officers' Club on Jan. 25.

Also discussed was the welfare project that the OWC will undertake for 1962. This will be in the form of a carnival with a western theme. Supper will be served and there will be a band. The date will be March 3; according to past reports this has always been a huge success and certainly this year will be no different. Mrs. Franklin C. Snyder presided.

The OWC Bowling league is starting Wednesday at 1 p.m. at the Bowl-a-Rama. If you desire to bowl but do not have an average, you may turn in a three game score to Mrs. W. W. Pattison, AM 3-493, by Monday. You must be accompanied by a sanctioned player when you bowl for the score.

## Miss Jacks Is Honoree

Burgundy and white were featured in the party appointments during the miscellaneous shower given Friday evening for Linda Jacks in the home of Mrs. G. C. Ragsdale.

Miss Jacks, daughter of Mr. and Mrs. J. P. Jacks of Bolivia, South America, is to be married Friday

to Herschel Stocks, son of Mr. and Mrs. R. C. Stocks, 905 E. 14th. Vows will be taken in the East Fourth Baptist Church.

Mrs. Ragsdale greeted guests and presented the honoree, her mother and the mother of the prospective bridegroom. Corsages were presented to them by the hostess groups.

### Overtons Among Rodeo Attendants

FORSAN (SC) — Mr. and Mrs. J. L. Overton attended the recent rodeo in Odessa.

Mrs. Vera Harris visited with Mr. and Mrs. James Craig and children in Robert Lee this week.

Mrs. O. W. Fletcher was a holiday visitor in Lamesa with Mr. and Mrs. Bill Archer.

Ellabeth Story, Gerry and Terry Harlander, Rodney Allison and Johnny King have returned to Alpine where they are students at Sul Ross Junior College. William Conger has resumed his studies at Texas Tech. after holidays here with his parents, Mr. and Mrs. Bill Conger and his sister, Bettye.

### Westbrook Folks End Holiday Trips

WESTBROOK (SC) — Mr. and Mrs. Herman Parsons and Melanie attended the Cotton Bowl Game in Dallas. They spent Christmas Day with her parents, Mr. and Mrs. Edd Clifton in Big Lake and visited with his relatives in Athens during the holiday vacation.

Mr. and Mrs. G. C. Thomas of Sierra Vista, Ariz., were holiday visitors of Mr. and Mrs. J. K. Williamson and family and W. H. Gregory. Thomas is a cousin of Mrs. Williamson. Other visitors in the Williamson home have been Mr. and Mrs. G. V. Williamson, Mrs. Andee Wilson and baby of Big Spring.

## Final Clearance MONDAY, TUESDAY And WEDNESDAY

## Golf Association Leaders Placed In Office Friday

New officers of the Ladies Golf Association, Big Spring Country Club, took office at the luncheon Friday at the club.

Heading the slate is Mrs. Jack Irons, president; Mrs. Elmo Wason is vice president; Mrs. Wesley Deats, secretary; Mrs. Hayes Stripling, treasurer.

Named as chairmen by the incoming president were Mrs. Ralph Caton, ways and means; Mrs. E. V. Spence, house; Mrs. Zollie Boykin, social; Mrs. Guil Jones, golf.

Duplicate bridge games will be under the direction of Mrs. Wason, while Mrs. R. W. Thompson will be in charge of the party bridge; Mrs. R. H. Weaver will be pool chairman, and Mrs. Toots Mansfield will head the telephone committee.

A gift from the association was presented to Mrs. Jones, outgoing president.

Hostesses for the luncheon, Mrs. Robert Stripling and Mrs. Clyde Angel, marked head table with an

arrangement of pussy willow, tulips, carnations and daffodils. This was presented to a guest, Mrs. H. D. Munal.

Other guests were Mrs. John Hodges, Mrs. Albert Fisher of St. Louis Mo., and Mrs. Arnold Mar-

shall. New members introduced included Mrs. Bill Eysen, Mrs. Bill Currie, Mrs. Charles Rainwater and Mrs. Harold Summers. Games of duplicate and contract bridge were played following the luncheon meeting.

COSDEN CHATTER

M. Cochran  
New Editor  
Of Copper

Welcome to Mrs. Ennis Cochran. Mary is the new editor of the COSDEN COPPER. And a big vote of thanks to Mrs. Ben Ferrell; Jen, who has edited the employe publication for the past six and a half years, plans to devote full time to homemaking.

New officers of the Desk & Derrick Club were installed Friday night by Irma Cline of Midland, at a dinner-meeting at Cosden Country Club.

Assuming office were Clydene Johnson, president; Mrs. Stanley Ballou, vice president; Mrs. Pat Porter, recording secretary; Billie Bauer, corresponding secretary; and Mrs. W. A. Boeckel, treasurer.

Mike Phelan has returned to work after an extended illness. Bert Andries is convalescing from major surgery.

Don Wiley will spend the week in New York, Cleveland, Chicago and Memphis, on company business.

Frank Eck was in Wednesday from his headquarters in New York City.

Forsan Families  
Have Visitors

FORSAN (SC) — Guests of Mr. and Mrs. L. T. Shoultz and children, Joyce and Jackie, have been Mr. and Mrs. George Tollett and children of Fort Worth.

Recent Forsan visitors were Mr. and Mrs. Harley Grant and sons of McCamey with her parents, Mr. and Mrs. A. F. Jones.

Mr. and Mrs. Delmer Klahr and children of Eunice, N. M., and Cecil Klahr of McCamey have been visitors in the F. J. and Roy Klahr homes.

Mrs. Harry Barnett and sons, Benny and Sammy, of Kermitt were recent Forsan visitors.

Mr. and Mrs. Ogro Allison and children, Rodney and Devaline, were in Cosden and Westbrook visiting relatives this week.

Reunions Are Held  
In Stanton Homes

STANTON (SC) — Holiday guests in the homes of Mr. and Mrs. Walter Graves and Mr. and Mrs. G. A. Bridges have been Mr. and Mrs. Granville Graves, Terri and Craig of Coahoma; Mr. and Mrs. Albert Baugh and Patsy of Stamford; Henry Bridges, Sandra and Butch of Seminole; Mrs. Mary Bridges, Preston, Bud and Mike of Big Spring; the Rev. and Mrs. J. R. Williams and family of Courtney; Mr. and Mrs. Ballard and Rita of Santa Monica, Calif.; the Rev. and Mrs. Cecil Vest and daughter of Abilene; Mr. and Mrs. S. A. Yates and Karen of Midland.

Visitors Return  
To Cross Plains

FORSAN (SC) — Mrs. Jerry Matthews and son have returned to their home in Cross Plains after visiting in Forsan with her parents, Mr. and Mrs. O. W. S. Scuday, and her brother, Berney.

Mr. and Mrs. John B. Anderson and daughter, Nancy, were in Weatherford this week, visiting with Mr. and Mrs. Dave Hayhurst and family.

Frank Phillely was in Abilene this week to see his father, G. P. Phillely, who was ill.

... local man's fiancée

### L. Newell To Wed In February

Mr. and Mrs. Carl T. Wimberley of Dawn, are announcing the engagement of their daughter, Phyllis, to Lewis Newell, son of Mr. and Mrs. R. T. Newell, 501 Circle Drive.

Wedding vows will be exchanged Feb. 3, in the Joseph A. Hill Chapel, West Texas State College, Canyon.

Miss Wimberley, who attends West Texas State College, will graduate this month. She is a member of Delta Zeta social sorority and Phi Gamma Nu business sorority. She is a graduate of Hereford High School and attended Texas Woman's University in Denton.

Newell was graduated from Big Spring High School and attended Howard County Junior College. He was graduated from West Texas State College where he was a dormitory supervisor, president of the Junior Class, student sen-

ator, a member of Who's Who in American Colleges and Universities, and a member of Lambda Chi Alpha social fraternity. He is associated with Southwestern Investment Company in Big Spring where the couple plans to make a home.

### Mrs. Johnson Joins Hospital Sponsors

DENVER — Mrs. Lyndon Johnson, wife of the Vice President of the United States, has accepted the invitation of actress Mary Martin to become a sponsor of National Jewish Hospital at Denver, hospital officials recently announced. Miss Martin is chairman of the American Women's Committee of the famed chest disease hospital.

Mrs. Johnson joins a group of women sponsors of National Jewish Hospital that includes Mrs. Dwight D. Eisenhower, Mrs. Franklin D. Roosevelt, Elizabeth Arden, Mrs. John Foster Dulles, Lilly Dache and many other American women prominent in business and politics. Vice President Johnson already is a sponsor of the hospital.

### Turners In Reunion In Coahoma

A reunion of the family of Mr. and Mrs. A. K. Turner was held Dec. 31 in the home of a daughter and her husband, Mr. and Mrs. David Grant in Coahoma.

All 12 of the children were present, with 20 grandchildren.

Included in the children were the A. B. Youngs, of Sulphur Springs; Mr. and Mrs. Alex Turner Jr., and family, the C. D. Turners and the David Stokeses, all of Big Spring.

Also, the James N. Turners of Levelland; Mrs. Truett Carter of Hobbs, N. M.; the Ray Chapmans, the Jackie Sheedys, the J. B. Turners, George and Bill Turner, all of Coahoma.

Plans were made for a reunion of the family to be held each year in Buffalo Gap, near Abilene.

### High-Sounding Dish

Ever cook Italian-type green squash this way?

#### ZUCCHINI ROMANO

2 tbsps. salad oil

1 medium onion (sliced into thin strips)

1 lb. zucchini squash (about 5) sliced thin with ends removed

¼ cup water

½ tsp. salt

Pinch of oregano

2 tbsps. each minced parsley and grated Romano cheese

In a medium skillet cook the onion lightly in the hot salad oil.

Add squash, water, salt and oregano.

Cover and simmer until tender—about 5 minutes; increase heat to evaporate any liquid.

Sprinkle with parsley and cheese. Makes 4 servings.

### HD Members To Attend Meet

STANTON (SC) — Representatives of Martin County Home Demonstrations Clubs are to attend a training session Thursday, in Crane.

Scheduled to attend this special session are Mrs. Lewis Carlie, council chairman; Mrs. Owen Kelly, county THDA chairman; Mrs. H. E. Tubb, vice chairman, and Mrs. Mildred Eiland, HD agent.

Hospital patients in the Physicians Hospital in Stanton are Beverly McAlister, Mrs. J. H. Kelly, Nathline Barber, T. E. Bentley, Joyce Gregston, Earlene Wyatt, Mrs. Jim Tom and Mrs. Belle Graves.

### Honored By Club

Mrs. Joe T. Holladay, at left, and Mrs. Joe B. Hoard were honored Thursday evening by the Forsan Study Club when they were selected as outstanding members of the group. Mrs. Holladay, a teacher of the second grade in Forsan, was named Outstanding Teacher of the Year,

while Mrs. Hoard was designated as the Outstanding Club-woman of the Year. At the session, members selected as the outstanding program a book review dealing with communism, which was presented by Mrs. J. C. Ferguson.

### FOR THE YEAR

## Forsan Club Names Outstanding Women

Forsan Study Club members named Mrs. Joe B. Hoard Club Woman of the Year and Mrs. Joe T. Holladay Teacher of the Year at their meeting Thursday evening at the school.

Mrs. Hoard, who has lived in Forsan since 1930, is active in the club, in the Order of the Eastern

Star and in the Beauceant. She works in the Baptist Church activities and at one time was a teacher, holding positions in the Lubbock and the Freeport Schools.

There are four children, all married, and she has time now for growing flowers, with which

she is most generous for any occasion where they are needed, according to her friends.

Mrs. Holladay, a teacher of the second grade in Forsan, for 18 years, at one time worked with the Brownies and Girl Scouts as her two children grew up.

Until recently, she was a teacher of a Baptist Sunday School class; she now is pianist for the Sunday School.

Active in P-TA work, Mrs. Holladay is a past president of the Forsan Study Club. She is a member of the Howard County Teachers' Association and holds membership in the teachers' state organization.

### Forsan Club Meets At HD Club House

Forsan Home Demonstration Club met Friday morning at the clubhouse. The regular program, laundering synthetics, was postponed until a later date, because the HD agent, Mrs. Delaine Crawford, is out of town. The devotion was read by Mrs. Lewis Soles, and thought for the day—"Life's greatest tragedy is to lose God and not miss Him," was ready by Mrs. A. J. McCall. Roll call was answered with "What I like best about HD work."

Mrs. Les Duffer presided at the meeting. Hostesses were Mrs. A. J. McCall and Mrs. Soles. Next meeting will be Jan. 19, 9:30 a.m., at the clubhouse. Secret pal gifts will be exchanged.

### Control Flavor

Watercress has a pungent flavor when it is cooked for a long time in soups. If you like a mild flavor, add the leaves from cress about five minutes before the soup is to be served.

## Austine La Mar's Fashion-Wise Frock

No. R-143  
Sizes 12-18

The fashion-wise shirtwaist is new when it features the "important" collar that rolls back and frames the face. This is a spanking white collar that combines so well with checks, tweeds, textured and slubbed fabrics.

Try a dominant check like black and white or red and white for this graceful frock that highlights new details in its cuffed sleeves and low pocket flaps.

It is a button front to the waistline with separate belt, shaped to fit smoothly around the waist.

Price \$1. No. R-143 is available in sizes 12, 14, 16, 18. Size 14 takes 4 1/2 yards of 42-inch fabric and 1/2 yard of 35-inch fabric for contrast collar. Standard body measurements for size 14 are: Bust 34, Waist 26, Hips 36.

To order send one dollar in cash or check. No stamps. Add 10 cents if you wish first class mailing. Send to AUSTINE LA MAR Fashion Pattern, Big Spring Herald, Box 1615, G.P.O., New York 1, N.Y. Print your full name, address, pattern number and size.

### Leftover Rice

Leftover cooked rice in the refrigerator? You can add it to soup! Try the rice in fish chowder, shrimp or lobster bisque or chicken-and-vegetable consomme.

### Easy Frosting

Have you tried one of the best and easiest-to-make cake frostings? Simply melt semi-sweet chocolate and mix with sour cream.

## 'ROUND TOWN

With LUCILLE PICKLE

Now that the holidays have passed, let us speak of the weather. The past few days remind me of a child who has been on his best behavior for weeks before and during Christmas and as soon as he has received all the gifts his heart desired he begins to act up. . . . just as our weather has been doing. Aren't we glad all the visitors who were here over Christmas when we had such perfect days, have gone home? Perhaps, if they are told, they won't believe we have had sandy, windy, cold days. May they just remember the beautiful days of their visit here.

We have been told that some of our residents who have come from Pennsylvania and New Jersey were about ready to store their winter clothes, believing the balmy days were the beginning of summer. Believe me, those heavy sweaters, skirts, pants, overcoats and scarfs are going to feel good when the temperature drops along with a gusty wind. Our temperatures are not so low, but the wind has a bite that makes one want to stay by the fire on a winter day.

The REV. and MRS. H. P. HITT and their little Hitts, Dee Ann, Kay Lyn and Joy Sue, who spent the holidays here with their parents, MR. and MRS. J. H. EASTHAM and the REV. and MRS. C. O. HITT, have returned to their home in Baker, Ore., where he is a missionary.

The Trainmen Ladies are go-

ing to have their lodge birthday party Monday night at 6:30 at Carpenter's Hall. This will be a potluck supper to be followed by a business meeting and installation of officers. MRS. E. J. SMITH and MRS. H. HINMAN will be honored as charter members of the organization.

This is to be a special get-together for all the members who had planned a Christmas affair and had to cancel due to illness among the members and bad weather.

MR. and MRS. WALTER ANDERSON have a new grandson who has been named SCOTT D. SCHROPP. He was born on Dec. 24 in Bartlesville, Okla., to MR. and MRS. REX SCHROPP. She is the former Bonnie Dale Anderson. The Schropps have two other children, Stevie and Sherri.

The Andersons were in Amarillo for the holidays with another daughter and her family, MR. and MRS. ROY EASTLAND.

MR. and MRS. J. J. PICKLE, their daughter, Peggy, and Graham McCarrall, of Austin are visiting in the home of his parents, MR. and MRS. J. B. PICKLE. So are MR. and MRS. JONA. THEN LANCASTER and family of Kermit.

DR. and MRS. LEE O. ROGERS, together with their son, GLENN, have returned from Jaimaca where they spent the Christmas holiday season.

## Duplicate Players To Enter Winners' Game

In duplicate bridge games which followed the luncheon of the Ladies Golf Association, Big Spring Country Club Friday, players began to qualify for the winners' game slated for some time during the last part of January. Date of the game, to be played at Cosden Country Club, will be announced.

Eleven tables were required for the group Friday afternoon; announcement was made of master point play to be held at the next session.

North-south winners were Mrs. Jack Irons and Mrs. Charles Tompkins, first; Mrs. Malcolm Patterson and Mrs. Fred Luring, second; Mrs. E. L. Powell and Mrs. Elmo Wasson, third; Mrs. Fred Kasch and Mrs. R. R. McEwen Jr. fourth;

East-west winners included Mrs. Elvis McCrary and Mrs. Ward Hall, first; Mrs. George McGann and Mrs. J. H. Holloway, second; Mrs. J. J. Havens and

Mrs. Dan Greenwood, third; Mrs. A. Swartz and Mrs. J. H. Fish, fourth.

## Girls 'Too Much' Says Young Mike

By VIVIAN BROWN  
AP Newsfeatures Writer

A conversation with 18-year-old singer, Mike Clifford, makes one aware that a good New Years resolution for a teen-age girl could be this:

"Never be obvious when you are trying to meet a boy."

This applies just as much to a girl trying to impress the boy next door as it does to a girl trying to meet a performer.

"Girls are getting to be just 'too much.' Even the nice-type girls are getting pretty aggressive," says Mike. "They think up any excuse to meet a fellow, once they have decided they want to."

Mike's experiences on tour have been typical of those mentioned by other young performers. Mike's home is Los Angeles where he went to Dorset High School. His dad is a trumpet player who has been with Tommy Dorsey, Benny Goodman and other big names. Mike used to sing with his dad when he started four years ago. One of the few singers who does not sing rock 'n' roll, his favorite song is "Come Rain or Come Shine." His newest recording is "Bombay."

### Tiny Strips

When a recipe for chef's salad suggests that the ham, chicken and cheese included be sliced "julienne," cut the foods into match-size strips.

### Chestnuts

Ever add cooked chestnuts to braised sweet-and-sour style red cabbage? Delicious with pork, poultry, frankfurters.

## Former Resident Enters Wool Sewing Contest

Among the 60 seamstresses entered in the "Make-It-Yourself-With-Wool" contest Saturday in Lubbock, was a former Big Spring resident, Mrs. Rayford B. Martin of Jonesboro.

Mrs. Martin, who was a finalist in the Dec. 8 judging, is the former Eva Jean Atterbury, daughter of Mrs. Ollie Atterbury, 501 Main.

Contestants modeled their garments in the Tech Student Union Building, with Mrs. Pies L. Childress of Ozona as commentator.

Mrs. Elizabeth Smith, Area 11 supervisor of home and family life, Texas Education Agency, Big Spring, was listed as a judge of the construction phase of the contest.

The contest is sponsored by the women's auxiliary of the National Wool Growers' Association; the women's auxiliary of the Texas Sheep and Goat Raisers' Association, and the American Wool Council.

An attractive array of prizes

awaits contest winners. In addition to an all-expense-paid trip to the national finals, the junior and senior winners will receive a "featherweight" portable sewing machine, presented by Singer Sewing Machine Co.

The senior winner also will receive a \$300 scholarship and the junior winner a \$50 bond, courtesy of the Texas Sheep and Goat Raisers' Association and its women's auxiliary.

The adult winner will be presented a woolen blanket by the West Texas Woolen Mills, Inc., Eldorado, and a rug by the women's auxiliary of the Texas Sheep and Goat Raisers' Association.

Winners will receive three and one-half yard lengths of wool fabrics, presented by Dorman Mills, Homestead Woolen Mills, Pendleton Woolen Mills, Standard Felt Co., and J. P. Stevens and Company.

## Variety Of Spices Being Used More By American Cooks

American women are becoming gourmet cooks, and the American kitchen now is stocked with a wide variety of herbs and spices.

This is indicated by a recent survey made by a pharmaceutical company which discovered that women were re-using their apothecary vitamin jars as herb and spice containers. To encourage the trend, the company decided to offer a kit of herb and spice labels together with a recipe booklet along with their vitamins.

At first they offered only eight labels: allspice, cinnamon, cloves, mustard, nutmeg, oregano, parsley and pepper—the most common spices.

Housewives throughout the country, when queried, said eight labels were not nearly enough. They requested the following additions: ginger, sage, thyme, celery seed, curry, basil, savory and marjoram.

A few years ago, many of these herbs and spices were little known or used in the average American home. But interest in gourmet foods has doubled the national spice shelf.

### Bread Sticks

Cut each biscuit in half, roll into pencil-like strip, roll in melted butter. Sprinkle with sesame or poppy seeds. Bake at 400 degrees for 10 minutes. Makes 20.

**Regains Figure**

Jane Powell, prominent motion picture actress, tells how she regained her figure after the birth of each of her children. She will star in NBC-TV's "Bell Telephone Hour" Jan. 13.

**HOLLYWOOD BEAUTY**

**Readers Are Helped With Many Problems**

By LYDIA LANE  
 HOLLYWOOD—(Editor's Note: Lydia Lane invites your letter but regrets that a personal answer cannot always be given. From time to time, she will answer beauty problems in her column. If you would like your question and answer to appear in this space, write to Lydia Lane, Questions and Answers, Big Spring Herald.)

Q—Will you tell me what some of the stars do to look so trim so soon after the birth of a baby? (Rose B. Nashville, Tenn.)

A—Jane Powell, who is the mother of four, is still trim, thanks to her at-home exercises. "I start deep breathing exercises the day the baby is born," she says. "These contract the abdominal muscles and they soon go back to normal. I do these 100 times each day. Two days later, while still flat on my back, I try to touch my chest with my chin."

Q—My figure isn't bad, but my upper arms have become so flabby that I am embarrassed to wear short-sleeved dresses. Can anything be done about this when you are 40 plus? (Mrs. V.D.H., Syracuse, New York)

A—"You can firm your arms," Maureen O'Hara contends. "If you are willing to exercise a little night and morning, you'll be surprised how much firmer your arms will become if you are really conscientious." The exercise is to extend your arms shoulder height to the side, palms up, keeping your elbows straight. Push your arms as far back as comfortable and rotate them in little circles, first in one direction and then the other. Do this for a count of 12. Rest your arms and repeat.

Q—My hair is my problem. It is baby fine and simply won't hold a

line. I'm really at a loss to know what to do for it. I've spent half of my life in rollers and before I know it, my hair is flat again." (Dorothy, Compton, Calif.)

A—Ann Jeffrey had a similar problem which she solved by letting her hair grow long. "I wear my hair in a chignon or on top of my head, and I don't have to worry about curling it. It stays neat for hours. It is different and feminine and I get many compliments."

Q—You hear so much about miracle creams, and I would like to know what a gal who is no longer young can expect to get out of a jar. I feel this is a question that would interest other women, so please answer in your column. (Dolores, Honolulu, Hawaii)

A—The cosmetic industry has been greatly enriched by the research scientists, and women can depend on creams to give them a boost in skin texture, tone and color. The best proof of how much a cosmetic formula is benefiting you is to apply it, for a time, on one half of your face. If you do not see obvious improvement after the jar is finished, then try a different formula.

Q—I have oily skin and my make-up does not stay neat very long—even in winter. What do the TV stars do when they are under hot lights? I would appreciate your helping me with this problem. (Helen, Fort Worth, Texas)

A—Alix Talton has an oily skin, and solves her problem this way: "I go over my face with a pad of cotton soaked in peroxide before I apply my make-up and I rub a cake of ice over my face to keep my pores from being enlarged."

Q—People away from Hollywood either use too much make-up or not enough. I flew on the same plane with Vera Miles and she looked gorgeous! Do you know her make-up secrets? (T.L.R., Houston, Texas)

A—Vera won runner-up in a Miss America contest when she was just out of school, and since then she has learned a great deal about the art of make-up. "There are two things to remember—that no detail is too small for your attention and that your goal should always be naturalness."

"See that your lashes are curled, mascaraed and that no two lashes are stuck together. Be sure your eyebrow pencil is the right shade and has a sharp point, and that your eyebrows are the most flattering shape. Choose a make-up base and powder that are in harmony with your skin coloring. Test your powder by powdering one half of your face. If it looks different from the other side, your powder is either too light or too dark. It's little things like sharp points, eyebrow brushes and true colors that make one glamorous."

**REGAINING YOUR FIGURE**  
 Leaflet M-9, "Regaining Your Figure After Childbirth," will help you feel better and look better after baby's born. There's a complete diet and exercises for you to do while in bed and after you are on your feet again. For your copy of this vitally important leaflet, send only 10 cents and a self-addressed, stamped envelope to Lydia Lane, Hollywood Beauty, Big Spring Herald.

**Four O'Clock Club**

The Four O'Clock Garden Club will meet at 1:30 p.m. in the home of Mrs. Bill Coleman, 1100 Lloyd.

**Princess Apron**

Easy-to-seam apron has pretty flared princess lines. No. 3249 comes in small, medium and large sizes. In medium size, bib apron and one pot holder take 2 1/2 yards of 35-inch fabric; short apron and one pot holder, 2 1/2 yards of 35-inch.

Send 25 cents in coins for this pattern to IRIS LANE, Big Spring Herald, Box 1490, New York 1, N. Y. Add 10 cents for each pattern for first-class mailing. Pattern Book 50 cents.

**First Lady Again Named First Lady In Fashion**

NEW YORK (AP)—America's First Lady has again been elected the world's first lady of fashion and is joined on the 1961 best-dressed list by her sister and a Palm Beach neighbor.

Jacqueline Kennedy was a landslide winner in the annual poll conducted by the New York Couture Group, Inc., of some 2,000 fashion experts, writers and designers throughout the world. The group's style committee said she brought "the Kennedy era of young elegance." She also headed the 1960 list.

The First Lady's sister, Princess Lee Radziwill, and Mrs. Charles Wrightsman, a friend and neighbor, were also among the 12 women on the official 1961 list. The committee also announced

election to the Fashion Hall of Fame, a permanent group selected from three-time winners on the annual poll, of Mrs. Norman K. Winston of Paris and New York and actress Audrey Hepburn.

Runnerup to Mrs. Kennedy on the 1961 list was Mrs. Loel Guinness of Paris and Palm Beach, a Mexican-born grandmother described by some fashion journalists as "the most elegant woman in the world."

The complete 1961 list: Mrs. John F. Kennedy, wife of the president.

Mrs. Loel Guinness, wife of an international banker. Princess Stanislas Radziwill, London.

Queen Sirikit of Thailand. Signora Gianni Agnelli, Turin, Italy, wife of a Paris banker.

Mrs. David Bruce, wife of U.S. ambassador to Britain.

Madame Herve Alphonse, wife of the French ambassador to the United States.

Princess Alexandra of Kent. Mrs. Charles Wrightsman, New York and Palm Beach, wife of an oil millionaire.

Mrs. John Barry Ryan III, New York.

Signora Uberto Agnelli, Turin, Italy, sister-in-law of Signora Gianni Agnelli.

The committee said that the list after Mrs. Kennedy and Mrs. Guinness, denotes no particular vote ranking.

Mrs. Hepburn, who is Mrs. Mel Ferrer offstage, and Mrs. Winston now leave the annual list competition by virtue of their elevation to join 16 members of the Hall of Fame.

Mrs. Winston, wife of a real estate man, is part Cherokee Indian.

Others in the hall of fame include:

The Duchess of Kent, Actress Merle Oberon (Mrs. Bruno Zevi), Princess Grace of Monaco, Mary Martin, Irene Dunne, Claudette Colbert, the Duchess of Windsor, Queen Elizabeth II, Countess Consuelo Crespi of Rome, Countess Edward Von Bismarck of Paris and Capri,

Mrs. Henry Ford II of Grosse Pointe, Mich.; Mrs. Winston Guest of New York and Palm Beach, Mrs. William Randolph Hearst Jr. of New York, Madame Jacques Balsan of Palm Beach and New York, and Madame Arturo Lopez-Willshaw of Paris.

**Miss Clary, 72, Leaves Capitol**

By MARTHA COLE

WASHINGTON (AP)—As Congress goes into a new session, a gray-haired woman in a back office of the Capitol is packing up to leave.

"I could have retired 10 years ago, but I wasn't going to do it as long as Mr. Rayburn was speaker," she says.

This is Miss Alla Clary, 72 years old and still busy, who worked for Sam Rayburn, the congressman from her Texas district, for 42 years—41 of them as his secretary. Her boss died Nov. 16.

Reported To Fort Polk, La.

FORSAN (SC)—Lee Yarbrough has been recalled from reserve status to active duty at Fort Polk, La., where he reported Friday. His wife and son will join him there as soon as living facilities are available.

## Cramer Takes Steps To Protect Local State Park From Vandals

By GLENN COOTES  
Vandalism is taking a heavy toll of the improvements in the Big Spring State Park. So much so, that A. B. Cramer, park manager, is taking steps to lock the park at night.

Thursday, he began setting poles at the entrance where a gate and fence will be installed. He said after the fencing is completed, public notice will be given of the new park hours.

"We are forced to take some measures to protect the park facilities," he said.

Noting some of the damage that has been done, Cramer said it is just plain vandalism.

"Most of it happens after midnight," he explained. Damage has included the complete destruction of a concrete table with benches. Apparently a pickup truck was used to batter the facility down. The wiring has long since been torn from the pavilion and the

windows were broken out. The newest assault on this structure included ripping up shingles from the roof. As a result, the roof is now in bad repair.

The beacon light for Webb AFB is a favorite target for rocks, perhaps even guns. At any rate it is often broken.

Another recent development was partial destruction of the only road that serves the park. Apparently, someone used an iron pipe to dislodge the heavy rocks that form the base for the road, where it bears the cliff face of Scenic Mountain. Loss of these rocks could mean ultimate loss of the road bed, if not repaired, and in any case, introduces a hazard for motorists.

"The State will spend some money making repairs, but only if we can offer some assurance that the vandalism will not be so severe," Cramer said.

He has asked local Texas Highway Patrol officers and the sheriff's department to give the park increased patrol. The park lies outside the city limits so city police have no authority there.

Meanwhile, work goes along on the fence and the new gate. Cramer is hopeful that this may provide the answer to the vandalism.

"The park is of value to the city and area as a tourist attraction," Cramer said. "I hope we can get some signs along our major highways pointing out where it is and how to get to it."

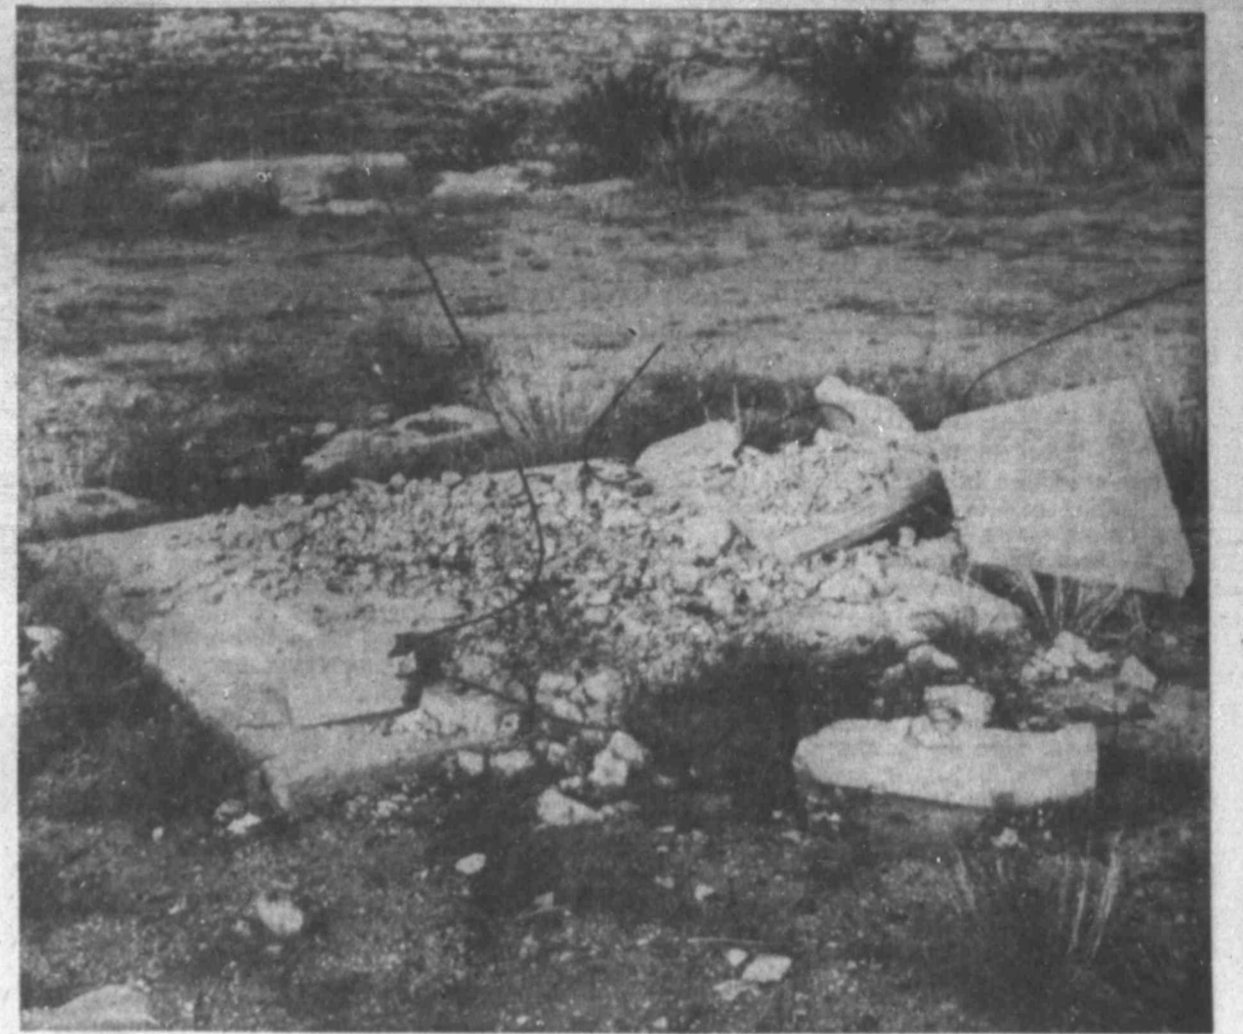

He explained that he hopes to install more modern facilities for overnight campers and vacation trailers. New facilities would include such camping aids as tent sites, tables and benches, utility hookups, rest rooms, and other features designed to attract the growing number of tourists who rely on camp areas for overnight stops.

"The park is a unique geological area in West Texas and can provide a recreational area as well as tourist attraction," Cramer pointed out.

"But first we must find some solution to the problem of vandalism."

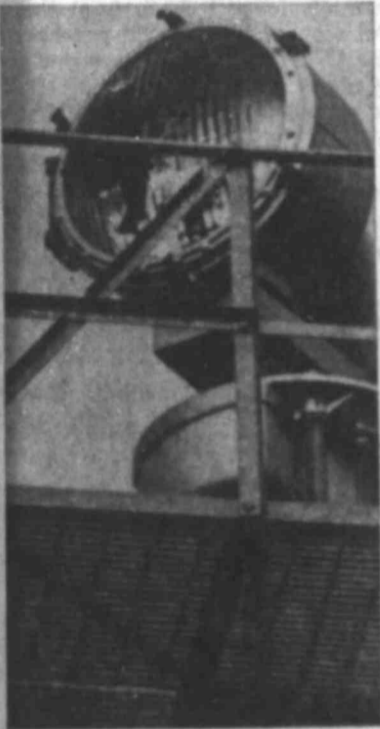

ROAD BED LOSES ROCK SUPPORT  
A. B. Cramer points out vandalism

Completely Destroyed

This pile of rubble, in the foreground, was once a concrete table and benches for Sunday afternoon picnics. But late one night someone used a pickup truck as a battering ram to demolish it. This is typical of the vandalism in the Big Spring State Park. Also amidst the broken cement lay

pieces of broken beer bottles that vandals left behind them, a danger to youngsters who might play in the park. A. B. Cramer, park manager, is working on a plan to lock the park at night and to begin rebuilding this recreational facility.

### Special Course For Ministers

A special ministers' orientation course will be offered at the Big Spring State Hospital beginning Monday, according to Chaplain Max Maguire.

It begins at 10 a.m. and continues until 5 p.m. each Monday for 10 weeks. Nine ministers from Big Spring and cities in the area will be attending. Chaplain Maguire will conduct the seminar.

Speakers who are acquainted with various areas of hospital operation and treatment of mental illness will lecture during the morning sessions. Participants in the seminar will tour the hospital Monday at the opening session and will close out the course March 12 with an evaluation.

The purpose of the orientation is fourfold, according to Chaplain Maguire.

1. To acquaint ministers with the dynamics of emotional problems;
2. To strengthen the ministers' counseling capabilities;
3. To teach them to recognize mental illness when they see it;
4. To enable the ministers to aid the family of a mentally ill patient in adjusting to the problems which go along with the illness.

Speakers for the seminar, in the order in which they will appear on the program, are Dr. Preston E. Harrison, superintendent; Dr. Frankie E. Williams, clinical director; Dr. James Childs; Dr. Paul C. Young, chief of psychology; and Desmond Powell, chief of psychiatric social work.

Others are Shelby Parnell, alcoholic counselor; Mrs. Otilie Jolley, director of nursing service; Dorothea Baldwin, coordinator of rehabilitation therapies; and Woody Mann, vocational rehabilitation counselor.

Attending the course will be Mr. Delos Johnson, Church of Christ, Midland; Rev. L. Allen

Holley, Presbyterian Church, Crane; Rev. Ted Phillips, First Christian Church, McCombs; Rev. John Black, First Christian Church, Big Spring; Rev. Ramon Navarro, Methodist Mission, Big Spring; Mr. Austin Siburt, Church of Christ, Midland; Rev. Ernest Dimaline, Presbyterian Church, Midland; Rev. Russell Heaner, Methodist Church, McCombs; and Maj. Robert L. Short, Salvation Army, Big Spring.

### Just Gummed Up The Works

INDIANAPOLIS (AP) — Two Wichita Falls, Tex., youths came up with a sticky excuse when they appeared in federal court last week on charges of stealing a car in Texas and driving it to Attica, Ind., before being caught.

Billy Wayne Reese, 17, and Roy Allen Slusser, 18, blamed their trouble on airplane glue when they appeared before Judge Hugh Dillin.

Puzzled about what glue had to do with their plight, the judge inquired further.

Texas teen-agers are doing it, explained Reese.

The youth said the fad is to squirt glue on a porous cloth, apply some heat and sniff the fumes.

"It's habit forming and makes you awful drunk," said Reese.

He said that was the situation when the youths stole the car. Apparently Dillin felt the boys could learn some better uses for glue in the national training school for boys. That's where he sentenced them for an indeterminate period.

## A Devotional for Today

From a child thou has known the holy scriptures, which are able to make thee wise unto salvation through faith which is in Christ Jesus. (II Timothy 3:15.)

PRAYER: Make our homes Thy dwelling place, O Father. May our risen Savior always find a welcome there, and His spirit find expression in our words and actions. In His name we pray. Amen.

(From The 'Upper Room')

## Another Bright Spot

There's another bright spot to add to the glowing reports of December business by merchants. Bank figures, except for the cash item, have all touched new record levels.

According to statements in response to call by the state and federal banking authorities for condition on Dec. 30, 1961, deposits were up 14.7 per cent in almost touching 39 million dollars. Loans and discounts were up by 37.6 per cent in missing the \$14,337,000 mark. Total resources gained by 14 per cent plus in passing \$42,239,000. Cash eased off by 11.7 per cent to \$11,123,000. The four million dollar increase in loans and the two and a quarter million dollar increase in U.S. and other bonds, of course, explain why the cash total declined.

The gains are of sufficient amount to reflect a substantially stronger financial position. These will be confirmed in reports from other financial sources.

It is interesting to compare the figures with those of 10 years ago. Loans and discounts are up by 106 per cent, yet deposits are up by only 34 per cent. Cash is down by about 6 per cent and total resources up by 40 per cent.

This is hard to figure inasmuch as we have experienced an 80 per cent population increase in the meantime. As for the loans, the city and county had just

experienced some of the most prosperous times and harvests on record and most farm and ranch loans had been liquidated or cut sharply. Business houses were borrowing a minimum. Money was so cheap that the bond market was at a near low. Within the past few years, however, loans have been more numerous not merely because of intervening dry years, but more because of an accelerated rate of development. Apparently, this increased tempo had greater support from the banks.

Probably one explanation of why the deposit curve has not followed that of the loan trend is in the character of our community. We are heavily oriented to a working force; we are a payroll town. The vast majority of average people, facing rising costs, spend nearly as much as they earn. This is why our ratio of retail sales to deposits is exceptionally high. Also, other institutions have come into being, some with higher interest rates on savings than offered by banks. Thus, what might have been shown 10 years ago as a bank deposit may now show up in a saving and loans association or in a credit union, or even in stocks and bonds.

Nevertheless, the showing at the end of the year is encouraging and adds realism to the expectation of a busier 1962.

## Greater Reserve Needed

That Thursday fire, which destroyed the lumber yard at Coahoma, did not get completely out of hand is little short of miraculous.

There was a strong wind blowing and nearby frame houses were perfect targets. They would have gone but for the heroic efforts of the Coahoma, Big Spring and Webb AFB firemen and the help of others.

On every hand there was a perfect spirit of cooperation, and this helped

curtail property loss and to overcome inconvenience to families in the threatened homes. It was a most commendable record.

The fire, however, does underline the critical position of Coahoma in relation to fire protection. Perhaps the additional water supply line into town will alleviate this situation. Still, Coahoma needs a vast improved reserve of supply not only to meet peak demands but to guard against extreme emergencies.

## Marquis Childs Report On Bobby Kennedy

WASHINGTON — One of the unique features of the Kennedy administration is pointed up by the year-end progress reports of the 36-year-old Attorney General, made to his brother, the 44-year-old President.

THE APPOINTMENT of Robert F. Kennedy to head the Department of Justice and its far-reaching law enforcement apparatus caused more misgivings than any other name on the slate of officeholders the President-elect was completing a year ago. He was too young. He was too inexperienced in the law. And even if he possessed the wisdom and judgment of a Solomon this was nepotism and, therefore, inherently wrong, the critics said.

With due allowance for the claims of politics, the record of the past year is shown to be one of quiet achievement. Appointments to the top positions have on the whole been good. On civil rights there has been a persistent and determined effort to expand the scope of existing law. This has been true particularly with respect to the right of the Negro to vote in the South — 15 voting cases have been brought thus far as against 10 in the three previous years.

THE CLOSE relationship between the two brothers has, if anything, deepened during the administration's first year, although the President had not always acted on the advice of the Attorney General covering a wide range of subjects. The clan spirit of the Kennedy family insured a close working partnership even though at the outset Robert Kennedy was reluctant to become Attorney General.

He wanted to work either in defense or foreign policy. Now, in a sense as a reward by his brother for meritorious service during the past year, Bobby, the invariable family name, is going on a round-the-world tour to promote the New Frontier.

AS A START he will deliver the Ernst Reuter memorial lecture at the Free University of Berlin late next month. From there, as the trip is tentatively planned, he and his wife will go to Iran, Indonesia and Japan for a stay of about a week in each country. If Indonesia is at war with the Dutch over New Guinea that stop will be out.

But it was President Sukarno who proposed that the Attorney General come out

and speak to Indonesian youth. That is the theme of the projected Kennedy journey — a youthful leader of the New Frontier telling young people in other lands what America today is all about. Those who have pushed the trip in the White House point to what they say was Bobby's conspicuous success when he represented his brother last summer at the independence ceremonies for a new African nation, the Ivory Coast.

PART OF THE doubt at the time of Kennedy's designation to be Attorney General was on the score of civil liberties and his zeal as a prosecutor of corruption in unions such as the Teamsters and of the big organized crime syndicates. Would he in his powerful office overstep the bounds of constitutional guarantees and thereby jeopardize the liberties of all free citizens?

THESE DOUBTS have not been allayed. The American Civil Liberties Union and other libertarians have expressed concern over wire-tapping legislation proposed by the department to give the Attorney General wire-tap authority without the sanction of a Federal judge in cases involving "national security" and in any kidnapping case. The same proposed legislation, which Congress rejected, would have given state authorities the right to tap telephones on the sanction of state judges.

THE REQUESTED legislation did not seem to square with Kennedy's statement on "Meet the Press" that he sought only a limited authority to wire-tap and then with prior judicial approval. What this may suggest is that it is too early for any final judgment on the appealing young man in the Attorney General's chair.

The problems he confronts — above all, in the great power of organized crime and the continuing temptation to ignore the constitutional barriers in seeking means to blast it — are unresolved. Under the Smith Act, which made advocacy of the overthrow of the government by force and violence a crime, and the Internal Security Act requiring members of the Communist party to register with the government or face criminal prosecution, the Department of Justice must follow a tangled path of prosecution extending far into the future.

THERE REMAINS the question of nepotism. But in the Kennedy lexicon, far from being a crime, this is a virtue. A Presidential brother-in-law, R. Sargent Shriver, is director of the Peace Corps. Another brother-in-law, Stephen E. Smith, is Special Assistant to the Director of Operations in the State Department. Edward Kennedy, the youngest of the clan, is going to run for the Senate seat the President once held or for governor of Massachusetts. Too many Kennedys in the new grumble heard in some quarters. From the White House view there just can't be too many Kennedys.

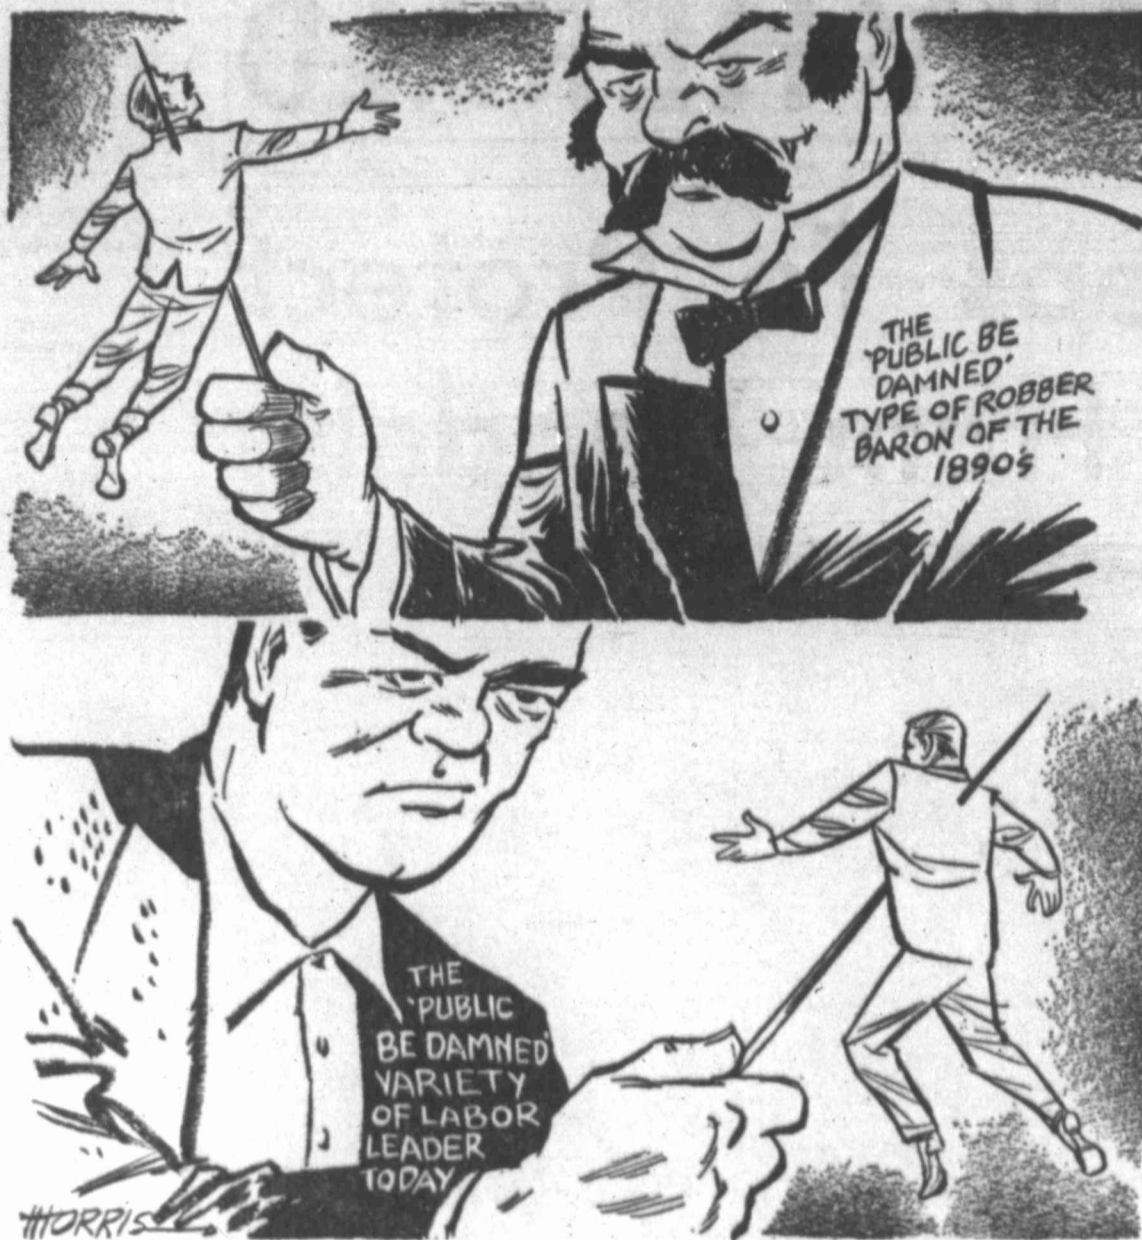

(Copyright, 1962, United Feature Syndicate, Inc.)

## Dogs Take Big Bite

LOS ANGELES (AP) — Dogs are big biters in Los Angeles, with more than 6,000 victims in 1961, says the Department Animal Regulation.

But other creatures from coasts to knikknags have also gotten in on the feast. Four persons were bitten by apes, say the statistics, with others providing the fare for ocelots and opossums.

Second and third on the list are cats and hamsters, with more than 900 and 150 victims respectively.

FULL CYCLE

## J. A. Livingston

### Index Base Updated, Market Basket May Be Changed

By J. A. LIVINGSTON  
Is statistical ledgerism going on in Washington?  
Mrs. Edward V. (Ruth) Stewart, of Havertown, Pa., politely but firmly poses that question.

The Bureau of Labor Statistics is adding a decade to the base of its world-famous cost-of-living index. To start the new year, it will be computed as of 1957-59. The former official base was 1947-49.

"Could you comment on this?" Mrs. Stewart writes. "I wondered if the percentage rises would be smaller per dollar rise in the cost of living. Also, what, if any, effect this might have on contracts which have cost-of-living escalator clauses."

The change is completely honest, above-board, and sensible. Updating the base of an index is good statistics.

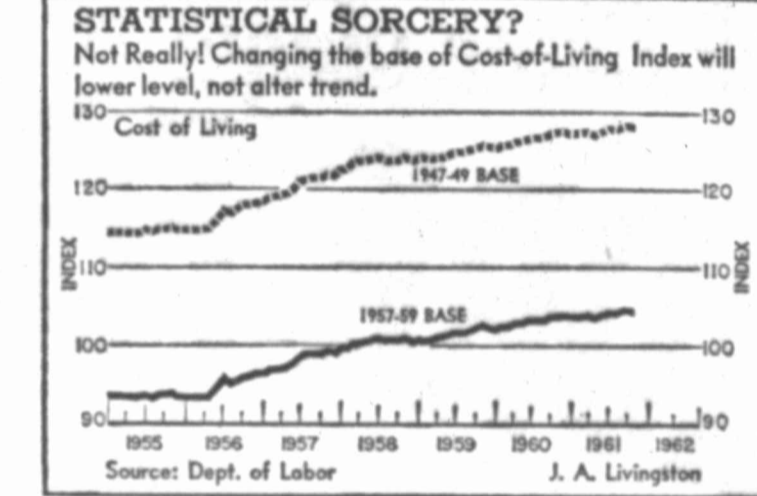

Yet, when the government tinkers with the indicator that measures the purchasing power of the dollar, it's natural to wonder what the political motive is. Does the Kennedy Administration want to make what's bad seem better?

The Consumer Price Index, as it's technically called, gives housewives every month some statistical inkling of how they're doing in the stores. It's the Standard Inflation Guide. As if those fat sales checks at the supermarket don't tell the story!

STARTED UNDER IKE  
This particular change was set in motion by the Bureau of the Budget under President Eisenhower in 1959. Various agencies were asked for comments on a standard base year for index numbers.

In May, 1960, Raymond T. Bowman, assistant director for Statistical Standards in the Bureau, sent a circular to government agencies saying that 1957-59 had been chosen as a "standard reference base period."

In regard to the forthcoming change in the Consumer Price (cost-of-living) Index, Ewan Clague, commissioner of the Bureau of Labor Statistics, makes this observation: "This is an arithmetical shift. Percentages from year to year or month to month are exactly the same. But the levels change and the magnitude—

the number of points between dates—will be different."

Under the old index, the years 1947-49 were treated as 100. In the following 10 years, the index advanced by 22.7 per cent, and the years 1957-59 averaged 122.7. Now, under the new base, that 122.7 is reduced to 100, and the 100 of 1947-49 becomes 81.5.

22.7 POINTS VS. 18.5  
On the old basis, there are 22.7 points between the two periods. On the new basis, only 18.5 points. But the percentage rise in either case is identical, 22.7 per cent.

On a graph (see chart), the two curves parallel one another. The 1957-59 version is 22 to 24 points lower.

Incidentally, the Consumer Price Index, not the only series to be re-based.

Others to be shifted to 1957-59 include industrial production, wages, salaries, wholesale prices, value of farm real estate, department store sales, exports and imports. Every government agency that computes statistics is affected.

This type of revision is common in private business. Corporation executives always want late years as reference points. Comparing present operations with 1929, 1939 or 1949 grants historical perspective, but doesn't help in planning day-to-day operations.

It's immediately meaningful to know that the November, 1961, cost of living for wage-and-salary workers was 194.6. This shows that prices are up 4.6 per cent since 1957-59. It's less meaningful to know that the index was 128.3 on

a 1947-49 base, or up 28.3 per cent in more than a decade. One base is close to the present; the other dates back to before the Korean War.

The index will be computed on both the 1957-59 and the 1947-49 bases. Thus, the automobile, steel, and other industries that have wage contracts dependent on the old index will be undisturbed.

NEW MARKET BASKET  
Of far greater importance to economists, housewives and statistical historians is a fundamental revision of the Consumer Price Index to be completed in 1964.

The Bureau of Labor Statistics researchers are interviewing 10,000 families to determine how Americans in the salary-and-wage-earner class spend their money.

The last such "market-basket" analysis was made in 1950.

It's expected that household services will take a much bigger slice of the family budget. More families own their homes. Therefore, more families have maintenance costs—plumbing, carpentering, painting, etc.

Moreover, the era of convenience-living means outlays for services — on washing machines, TV sets, dishwashers, etc. Also, it's likely we're spending more for pre-packaged and pre-cooked foods.

By asking housewives what they are buying—how they're living—the BLS will learn the composition of the modern market basket and bring the ups and downs in the index closer to actuality. This will be more than an arithmetical revision. It will be a change in the index, itself.

More on her tongue ever since she was an infant. They come and go, disappear completely or move to a different spot. Our family doctor said to just wait and watch. Do they have any significance and what can I do about them?—Mrs. D. H.

They could be canker sores, and keeping a "food diary" may give you a clue. If an outbreak occurs after eating certain foods, then eliminate such foods from the diet. Food sensitivities of this sort are not unusual. The fact that the spots come and go would shed doubt on the fear that glossitis (that is, a specific infection) is involved.

"Dear Dr. Molner: Is there any harm in freezing milk?—M. E. W.

It might crack the container, but it doesn't harm the food value of the milk.

How to get rid of leg cramps and foot pains? The answer may be simple. Write to Dr. Molner in care of this newspaper for a copy of my leaflet, "How To Stop Leg Cramps and Foot Pains."

G. M. concludes: "How should sex relations be coped with when the gland is so affected? I am married."

The operation—heresy advice notwithstanding—does not interfere with sex relations. Potency continues about as it was before surgery.

Dr. Molner welcomes all mail from his readers, but because of the great volume received daily he is unable to answer individual letters. Dr. Molner uses readers' letters in his column whenever possible.

## Around The Rim Let's Talk Some Pounds Off

If you're a normal human being past the twenties, one of your major resolves of the post-holiday season is to take off a few of those pounds which subversively creep on during this period of let's-eat-jolly-and-worry-about-it-later.

Or, as you might protest, "I'm really not heavier than I was last year. It's just that I want to trim down a little." Yeah, not much heavier; not more than about 15 pounds. And in the places where it shows.

ONE OF THE current magazines tells the story of a woman who lost 400 pounds in a year. This seemed a bit extreme to me, and I learned that she had been a fat lady in a circus, and truly had gone over 600 pounds at one time. Now look at her, down to average size, and out of a job.

I know several guys who claim that they have lost as much as 200 pounds—20 pounds at a time over ten different starvation periods. There's something about fatty tissue that just doesn't die; it may fade away, but, reinforced, it returns.

OH, WELL, my tummy is rounder—at least out front—than it used to be; and a certain other portion of the anatomy is somewhat, shall we say, broader. But like I keep telling myself, no great harm done, if I just check this before it goes any further.

This may call for a program of (ugh!) physical fitness, which will be the subject of another column. The main problem before us today, as good Americans entering upon a new year, is to keep steadfast at a diet—any kind of a diet.

I HAVE NOT yet gone along with a lot of that trick stuff, preferring to poo-poo the soul who tries and fails. And never overlook the fact that there are plenty of trick methods available.

The medicinal, or proprietary, aids,

don't have much glamor appeal to me. Some kinds of the stuff are to fill out your belly so you can't take on food; other kinds are supposed to kill your appetite so you won't touch a bite; still others (in cans, bottles, wafers and assorted flavors) supposedly give you sustenance so that you can spurn all other nourishment.

AN ENTIRELY artificial mode of attack upon excess avoirdupois. The diet method seems to be more challenging. And are there diets!

You know, eat anything you want but stay off salt; eat anything else you want, but salt it heavily; take nothing but soup (four times a day for 28 days; cottage cheese, and nothing else, three times a day for 14 days; plenty of fresh fruit, but no meat; plenty of lean meat but stay off the fruit; eat potatoes, but with no butter; eat all the butter you want, but keep away from potatoes; drink all the liquid you want, no solids; eat all the solids you desire, no liquids; honey and vinegar will do it; perhaps hot sauce and chow-chow would too.

THERE IS even a system now that says forget the calories, eat anything you want. I've forgotten the catch here, but I think it says you also take a teaspoon of fish oil, or ipecac, or something like that. Presumably the idea is to make you toss up all the day's cookies, and that'll make you skinny, if you upchuck enough.

But all these gimmicks make dieting easy, which is what we're all after. Losing pounds isn't desirable unless it's made to sound effortless. After all, who simply wants to push back from the table a bit sooner? What would you have to talk about? It's a personal theory that if talking about dieting would take off the pounds, we all would be completely emaciated.

—BOB WHIPKEY

### Two Ways Of Anti-Communism

WASHINGTON — Two anti-Communist letters on education came to my office this morning — their messages in seeming contradiction of one another. Yet they are both heartening proofs from opposite directions, that Americans are wising up about communism.

ONE LETTER was a bitter protest against the Administrative Council, City College of New York, for permitting the Negro Communist, Benjamin J. Davis, to address the students.

The other letter covered some material sent at my request about the acceptance of a high school textbook called "Democracy vs. Communism."

DAVIS IS a violent, despicable turncoat. I have seen flecks of foam fly like venom from his lips as he spews his hatred of the U.S.A., his birthplace and hatred of the U.S.A., his birthplace and he could convert any sane American to communism, or even shake the faith of the homesick sophomore. Davis' wild words and his crazed persecution complex are more likely to convince beholders that communism must be for strange birds like this one.

YET ONLY a short while ago there was a quixotic idea that "academic freedom" required furnishing Reds with a forum to teach and advocate violent overthrow of the city, the State, the nation, and the Western civilization which supports educational institutions like CCNY. William Buckley Jr., in his book, "God and Man at Yale," moved to the powerful position (later occupied by the U. S. Congress and sometimes the U. S. Supreme Court) that academic freedom actually requires the exposure, expulsion and at times the jail-

ing of Communist propagandists because they make a mockery of truth and do not tolerate freedom at all.

ACADEMIC HOSPITALITY to Communists (we'll call it that) still has some fugitive acceptance, and probably does no harm. But the American majority opinion, much more sophisticated than in the 1950's, is pretty well spoken in this morning's letter in which the writer declared he was for throwing Davis out of there.

The other letter wasn't for excluding communism from education at all. It was for bringing right into the American high schools as a necessary course of instruction. Some years ago a group of thoughtful Americans decided to produce a textbook to show both Americanism and communism as they exist. Two very great lawyers, John W. Davis and Robert A. Taft, helped with the legal work and organization. Prof. Kenneth Colegrove, an established educator, was selected to write the book. Hal Bartlett, Professor of Education at Long Island University, is the editor.

EXISTING STUDIES showed that it took 15 years to get a textbook adopted in three per cent of the schools, and 20 years for complete diffusion. But "Communism vs. Democracy," published in 1957, caught on much faster. Florida became the first state to make teaching of communism required in public schools. Similar legislation is pending around the country.

### The Communist Take-Over In Cuba

WASHINGTON — The United States government has just made public a document telling, in effect, how Communist Russia has taken over Cuba.

The facts disclosed show clearly that the Soviet government has completely disregarded the Monroe Doctrine, which for nearly 140 years has warned that no European power will be permitted to establish a new foothold in this hemisphere.

THE MONROE DOCTRINE is no longer just a policy of this country but has been embodied in resolutions passed by the Organization of American States, which is to meet on January 22 to consider the whole Cuban problem.

The State Department's 23-page report, issued just a year after the United States severed diplomatic relations with the Havana government, reveals that upwards of \$100 million of military aid has come from the Soviet-bloc countries to the Castro regime. Castro today, therefore, has the second largest ground army in this hemisphere—exceeded only by that of the United States. The military force is estimated at from 250,000 to 400,000, including militia. This is ten times what any previous government in Cuba ever had.

APPROXIMATELY 300 Russian and Czechoslovakian military technicians are in Cuba today training local forces. Russia has agreed, moreover, to train new pilots, artillerymen, ground crews and other personnel.

What will the United States government do about all this? Will it wait for the Organization of American States to adopt meaningless resolutions, or will this country insist on a complete economic blockade of Cuba by all countries of this hemisphere?

LIKELIKE, will the United States warn the Soviet Union to get out of Cuba at once or risk the severance of diplomatic relations with the United States that are today aiding Castro with arms and money?

There has been a kind of indifference to the Cuban problem ever since last April's ill-fated expedition of counter-revolutionists was deprived of air support by the United States in the last minute. But the military build-up in Cuba by the Soviet Union during the past year can no longer be ignored. For it means that, unless this is checked immediately, every country in Central America can be threatened with invasion.

## To Your Good Health

### Prostate Trouble Not Necessarily Cancer

By JOSEPH G. MOLNER, M.D.

Sometimes it seems to me that it's just about as important to tell what ISN'T so as to tell what IS. And in doing this I trust that I can avoid the predicament of the New England lady who made a whole batch of apple and mince pies one day. To keep them straight, she cut the initials "T. M." in the mince pies, meaning "This mince," and "T. M." in the apple pies, meaning "Tain't mince."

Today I have a letter from Mr. G. M., who is 72 and has been having some prostate gland trouble. He is concerned over what do because some of his "friends" have had relief for quite a time, and others "have had repeated operations and finally died from cancer."

Prostate enlargement does not necessarily imply cancer. The prostate gland happens to be one of the places where cancer may start.

But in thousands, or perhaps I should say many thousands of cases, cancer is not involved at all. If cancer is present, and it is detected in time, then removal means cure. If it is not removed in time, then the cancer may progress. But where there is no cancer, then surgery to correct the enlargement of the gland is all that is necessary.

M. G. goes on, "Now I have been told that when the prostate gland is removed, death is not too far away because the gland is

essential to life." No, positively. The gland is NOT essential to life. (Except, of course, when removal of the gland is urgent, the operation prolongs life!)

He has, in the past, gone to a clinic which advertises its "injection treatment," and he found that it didn't seem to do any good.

This does not surprise me, because I can't see any valid reason why it should. These advertisements are a persuasive appeal to people who will try all sorts of treatments on the argument that they will cure something or other "without surgery."

Well, I'm opposed to surgery, too—if some other treatment will do as well or better. But when surgery is the logical treatment, I can't see any reason for avoiding it. Comfort, as well as safety, has advanced enormously in surgery, but money can still be made by preying on the old idea that surgery is to be feared.

(That's a mighty good example of why the medical profession grows so vigorously on advertising medical care.)

G. M. concludes: "How should sex relations be coped with when the gland is so affected? I am married."

The operation—heresy advice notwithstanding—does not interfere with sex relations. Potency continues about as it was before surgery.

# Salvation Army Divisional Commander Makes Visit Here

Brigadier and Mrs. B. Gordon Swyers, from the Divisional Headquarters in Dallas, arrived in Big Spring today to make a semi-annual inspection of Salvation Army facilities and rolls, according to Maj. Robert L. Short, commander of the Big Spring post.

The Brigadier and Mrs. Swyers will participate in the evening service today at the Salvation Army Chapel at 7 p.m. and Brigadier Swyers will deliver the sermon. Mrs. Swyers will sing a solo.

Inspection of property and rolls will be conducted Monday morning. During their stay in Big Spring, Brigadier and Mrs. Swyers will be the guests of Maj. and Mrs. Short.

A special program to honor the visiting officials will be held by the Home League at 8:30 p.m. tonight immediately following the evening services, Maj. Short said.

Brigadier Swyers was installed

**B. GORDON SWYERS**  
as Texas Divisional Commander of the Salvation Army Jan. 31, 1961, in Dallas. Mrs. Swyers is in

charge of all Salvation Army women's activities in Texas.

Brigadier Swyers has served as a finance officer for the Southern Territorial Headquarters in Atlanta and he has held key headquarters posts in the Oklahoma, South Carolina and Florida divisions.

He was born in Cambridge, Mass., and graduated from the University of Georgia with a Business Administration degree.

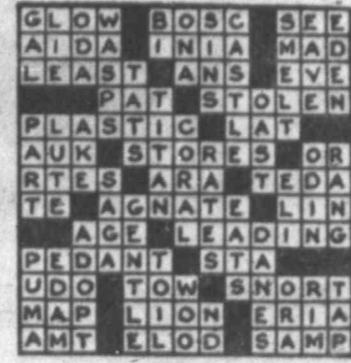

Mrs. Swyers is a fourth generation Salvationist, and one of five children who are Salvation Army officers.

They have three boys and one girl. Gordon is a lieutenant in the Salvation Army and is stationed in Jackson, Miss. John and Eunice are students at Asbury College in Wilmore, Ky., and the youngest son, Phil, is a high school student in Dallas.

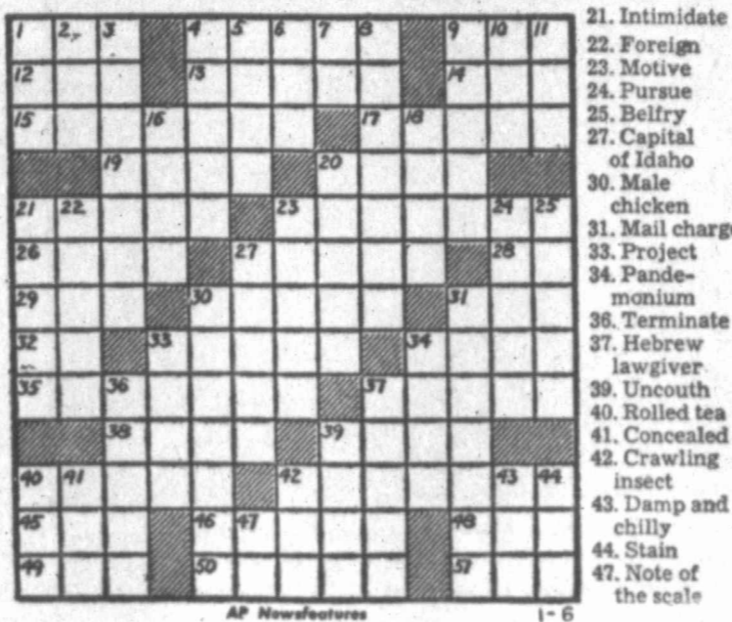

The public is invited to attend the service.

# LOOKS AT BOOKS

**THESE ARE MY PEOPLE** by Marshall Formby. The Naylor Company, San Antonio, Texas.

**MARSHALL FORMBY**  
and carrying it on — a prospect the youth rejects strongly at the outset.

As a job as reporter. He is going to stay with the weekly and carry on where his grandfather left off.

It's pretty good reading, particularly if you're interested in little facts about the early days in the Plains Country north of Big Spring.

As tailpieces to a number of the chapters Formby has inserted recipes for food items famous at the ranges in early days. These make good reading and probably, if tested out, would make good eating, too.

Formby was born in Como, Hopkins County, in 1911. He moved to Dickens County as a youngster, attending school at both McAldoo and Spur. He graduated from Texas Tech and has a master's degree in journalism from the University of Texas. He also attended Baylor Law School and is a licensed attorney.

He was county judge of Dickens County in 1937 to 1940. In 1940, he was elected state senator. He served part of that interval as a member of the Corps of Engineers in Europe during World War II. In 1953 he became a member of the State Highway Commission, relinquishing that post in 1959. He owns interests in a number of radio stations in West Texas and has been a reporter, publisher and editor of small weekly newspapers such as he describes in his new book.

He is now busily campaigning for governor of Texas and has already officially declared himself a candidate. He has a law office in Plainview.

His book is important as an addition to the lore about the high plains country and will find many early day settlers who like it a lot. —SAM BLACKBURN

# MEN IN SERVICE

**Air Force Airman Third Class Jimmie R. Wilder, son of Mr. and Mrs. Reuel S. Wilder, Lamesa, recently completed the 16-week topographic computing course at the U. S. Army Engineer School, Fort Belvoir, Va.**

**JIMMIE CLIFTON TAYLOR**  
Spring, left Thursday for San Diego, Calif., where he is stationed in the U. S. Navy. He has been spending the Christmas holidays here with his parents.

Wilder was trained to perform computations and adjustments of geometric figures, directions of lines and difference of elevations from field surveyor's notes. He entered the Air Force last June and completed basic training at Lackland Air Force Base. The 18-year-old airman is a 1961 graduate of Lamesa High School.

Naval Aviation Cadet William R. Satterwhite, son of Mr. and Mrs. Bob Satterwhite, 610 E. 17th, is undergoing airborne navigation training with Training Squadron 29 at the Naval Air Station, Corpus Christi. The intensive two-week course includes 15 hours of lectures and 72 hours of in-flight instruction.

Robert F. Jowers, Postal Clerk First Class, U. S. Navy, has been assigned to the Big Spring Navy Recruiting Station, where he will assume the duties of Navy Recruiter. This brings to three the number of recruiters serving this area.

Jowers, an 18-year Navy man, comes here from the Anti-Submarine Aircraft Carrier Hornet where he was in charge of the ships postal department. The Hornet just returned from the Western Pacific and is home ported at Long Beach, Calif.

Petty Officer Jowers will live at 1806 Hamilton, with his wife Wilma, daughters Polly 11, Brenda 9, and Janet 4.

Charles Eddie Brown is stationed out of Mayport, Fla. and is on the ship Shangri-La, which is scheduled to sail in February for an around-the-world trip. Charles attended Big Spring High School and joined the Navy at Memphis, Tenn.

James Clifton Taylor, son of Mr. and Mrs. L. E. Taylor of Big

**Transportation Ample For Trip**

**J. W. O'SHIELDS**, presiding minister of the local congregation of Jehovah's Witnesses, "and almost all will be in attendance for our semi-annual circuit assembly to be held at Sweetwater, Jan. 12-14."

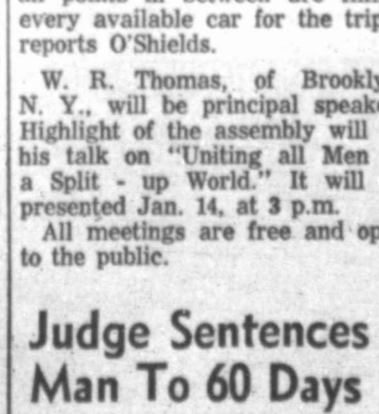

"Transportation for everyone is assured," announced J. W. O'Shields, presiding minister of the local congregation of Jehovah's Witnesses, "and almost all will be in attendance for our semi-annual circuit assembly to be held at Sweetwater, Jan. 12-14."

"More than 600 from 18 congregations, stretching from Artesia, N.M., to San Angelo, and all points in between are filling every available car for the trip," reports O'Shields.

W. R. Thomas, of Brooklyn, N. Y., will be principal speaker. Highlight of the assembly will be his talk on "Uniting all Men in a Split-up World." It will be presented Jan. 14, at 3 p.m.

All meetings are free and open to the public.

**Judge Sentences Man To 60 Days**

**FLOYD DAVIDSON** must spend six days in county jail for each gallon of gasoline he took from Big Spring school buses on Christmas night.

Floyd Davidson must spend six days in county jail for each gallon of gasoline he took from Big Spring school buses on Christmas night.

He pleaded guilty in Howard County court on Friday afternoon to a charge of theft and was sentenced to serve 60 days in the county jail. Judge Ed Carpenter followed the recommendation of County Attorney Wayne Burns in the case, and fixed punishment.

Burns said that he understood the gasoline was taken from school buses left on a parking lot in Big Spring on Christmas night.

**NAZION TRIAL**—Adolf Eichmann, charged with the mass murder of millions of Jews, is flanked by guards in a bullet-proof dock at Jerusalem trial in April.

**CONFLICT IN CONGO**—A Katanga army deserter is hit with butt of rifle wielded by a former comrade in arms at an airstrip near Kamina, Katanga. Man was recaptured by Katangese after going over to the Congolese army during the border fighting.

**HAPPY PARENTS**—Princess Margaret and husband, Lord Snowden, leave with son, Viscount Linley, from London's Clarence House. He was born in November.

**SOUTHERN INCIDENT**—Smoke pours from burning bus which was carrying Freedom Riders after a fire bomb was tossed into window near Anniston, Ala., in May. Group was traveling through the South in an effort to test bus station segregation.

## BSHS Semester Test Schedule Is Announced

**By MARILYN GUM**  
Classes at BSHS resumed Wednesday morning at the regular time. Students again became accustomed to routine school days.

The faculty reminded students that the semester will be ending very soon. Students are urged to put forth effort and to study to the best of their ability. Final tests will be given on January 16 and 17. Test schedule is as follows:  
Tuesday, Jan. 16,  
8:40-10:30, First period.  
10:30-12:20, Third period.  
1:00-3:00, Fifth period.  
Wednesday, Jan. 17,  
8:40-10:30, Second period.  
10:30-12:20, Fourth period.  
1:00-3:00, Sixth period.

Following the exams will be a two-day holiday for the students at BSHS. Thursday will be a work day of teachers. An In-Service Training Day is scheduled for Friday.

Friday night the Steers played host to the Odessa High School Broncos at 8 p.m. Backing the Steers all the way was the BSHS pep squad dressed in full uniform. The game proved to be a very exciting tilt. The Steers journey to Abilene for a bout with Abilene Cooper on Jan. 9. The golf team and track team organized this past week. Workouts for these teams will begin immediately.

The BSHS band traveled to Odessa yesterday for the Region and All-State Band auditions, held at Permian High School. The students chosen for the Regional Band presented a concert in the afternoon. The concert was under the direction of Mr. Lyle Balcock, band director of the University of Mississippi.

## Runnels Pupils To Participate In Dead Week

**By CANDY BACUS**  
We hope everyone had a very merry Christmas and a happy new year.

We do know that Mr. Richard Gonzalez, eighth grade science teacher at Runnels, and Mr. L. W. Burchfield, band director, had a good holiday season. Mr. Gonzalez and his wife went to California. They visited Marineland and Sequoia National Park and many other places. On their trip home they visited such places as the Grand Canyon, Petrified Forest and the Painted Desert.

Mr. Burchfield and his family went to California, also. They visited his family. They went to Marineland, Disneyland, and Knott's Berry Farm; and on New Year's Day they saw the Rose Bowl parade. Mr. Bobby Grant visited Monterey, Mexico, over the holidays.

Mr. Forest Gambill, eighth grade social studies teacher, is in Malone - Hogan hospital with an infected foot. He has been in the hospital since Dec. 23 when he underwent surgery. We certainly hope he comes back soon. By the way, visitors are welcome. The room number is 201.

Glenda Heffington, freshman at Runnels, now holds the honor of being Future Farmers of America Sweetheart. She was elected by the FFA boys of Runnels. Congratulations, Glenda!

The fruit cake and candy sales turned out to be a huge success. The over all total will not be known until next week. First place winner was Philip Welch; second, Jan Stroup; third place, Brenda Kay Reid. Prizes will be awarded. We would like to thank everyone who participated in the sales.

Reminder to band and choir: Choir solo contest and concert contest will be March 24 and 31. Band solo contest is March 24, and concert contest will be April 27.

Runnels Yearlings played Travis of Snyder Thursday night. The seventh (undefeated) won again and the eighth stomped their opponent, but the ninth grade team was defeated. Each team displayed showmanship and a good crowd was there backing our boys. We play Lakeview on Jan. 8. Why don't you all come out and help support our boys?

This coming week is dead week at Runnels. To you who don't know what this means - it is the week before exams which will take place on Jan. 15, 16, and 17. All you students study hard for these exams because the second semester is just around the corner.

Attention all eighth grade science club members: Mrs. Dorothy Winterbauer will present a talk and demonstration on "Magic Briefcase" at the meeting at 7 p.m. this Thursday, Jan. 11. We want to see you all there. See you next week!

BSHS Beauties

These girls were named the most beautiful girls at Big Spring High School. Diane Belda, front, was selected School Beauty and the other girls are runner-ups. Pictured back row left to right are: Pal Armstrong, Mary Wilson, Lana Fulbright, and Kathy Johnson. Diane was presented at the Christmas Formal held Dec. 20.

## New Releases From Capitol

**HOLLYWOOD** - Capitol Records is adding albums of Latin tangos from Mexico, saxophone solos from England, and singing stars from Damascus and London to its 'Capitol' - of - the - World series of international recordings.

The four albums are MARIANO MORES' MEXICO by Mores of Argentina; FREDDY GARDNER with Peter Yorke's orchestra from England; AN EVENING IN DAMASCUS by popular artists of the Syrian capital; and AN ENGLISH MUSIC HALL with various singers of London.

### CLASSIC GARDNER

The only remaining unreleased recorded performances of the late alto sax soloist Freddy Gardner are contained in a new 'Capitol' - of - the - World album FREDDY GARDNER (T-10296).

Gardner plays eight brilliant, unforgettable solo sides that he recorded in London many years back. Peter Yorke's orchestra accompanies him on four of the tracks with impeccably scored backgrounds of strings and woodwinds.

**SOPHISTICATED TANGOS** Mariano Mores, Argentina's brilliant pianist-composer, interprets the fiery rhythm of the Argentine tango as a creation of poetic mood and musical color in MARIANO MORES' MEXICO (S-T-10292) with 12 selections of traditional tangos and Latin tempo arrangements.

Mores' soothing piano style is backed by the velvet sound of a large orchestra and voices as they present some of the best-known traditional tangos including "A Media Luz" and "Adios Muchachos."

**SYRIAN BALLADS** From the musical heart of the Syrian capital, Damascus, the artistry of some of the most popular Arabian entertainers is heard on a new 'Capitol' - of - the - World album, AN EVENING IN DAMASCUS (T-10298).

In an intimate night club setting on Damascus' Port Said Street, singers Sabah, Najib Al-Sarraj, Fairuz, Fayda Kamil, Muhammad Diya Al-Din, and Karawan perform an exotic program of typical Arabian music.

**MUSIC HALL HOLIDAY** The glorious heyday of English light entertainment is re-created in AN ENGLISH MUSIC HALL (S-T-10273), a new album which relives the songs of old English favorites Marie Lloyd, Vesta Tilley, Albert Chevalier and many more.

## Football Players Receive Awards

**By ROXANNE BOLTE**  
Happy New Year to all of you from all of us at Gollid! Most of our students managed, somewhat reluctantly, to get back to school this week after the long Christmas holiday. Even though last week was a

## Sands Student Council Presents Second Movie

**By GLYNDIA FLEMING**  
Sands High resumed classes on Jan. 2 after the holidays. Everyone reports having a nice time; many took advantage of the time off for vacationing. Our next milestone is mid-term exams which will be January 11 and 12.

Our basketball teams started off on a good note by taking all three games played at O'Donnell Tuesday night. The A boys and girls, also the B boys were the teams that traveled to O'Donnell.

The Student Council presented its second film of the school year Wednesday by showing "The Colditz Story." It was well attended by the student body. The next film will be "Sergeant York."

We have three new faces in the janitorial department. They are Troy Cox, John Waggoner, and Newt Evans.

The Sands B Girls scrimmaged Stanton Thursday afternoon. The B and C Boys scrimmaged at Big Spring. The coaches report that all got in some much needed practice.

Most of the teachers were giving C quizzes this week.

The contract has been approved for the new high school gym, homelaboratory, and cafeteria. The plans are to move the existing cafeteria from the school grounds to the block west of the school in order for the contractor to begin.

Sands teams played Gail at Gail Saturday night. This is always a close contest.

The basketball clubs are having practice sessions as often as possible after school in preparation for conference play. Our first game in conference play will be Jan. 9 at Sterling City. So come on you Mustangs, let's go! We are behind you all the way!

short one (just three school days) we managed to work in a pep rally during which the football boys received their footballs. Coaches R. E. Dodson and Jim Marcus issued thirty - nine gold footballs to the Freshman team; coaches Don Stevens and Oakley Hagood issued twenty - eight silver footballs to the eighth grade team; and coach Bernard Rains issued thirty - three bronze footballs to his seventh grade players. The Freshmen Cheerleaders led several yell during the latter part of the rally.

Freshmen, get ready for your nine weeks' exams which are coming up this week. Only freshmen have to take both nine weeks' and semester tests. Semester exams for all three grades will be given the following week.

Students wishing to come to school early in the mornings are requested to go to the library or to rooms 119, 120, and 121. These are study halls, so be sure to have something which you can study. There will be teachers present to supervise.

Gollid wishes to welcome the following students who enrolled during the month of December: John Whit, Margarita Diaz, Austencio Echavania, Doris Weaver, and Boyd Burge, seventh grade; George Payne, eighth grade; Sharon Musgrove, Virginia Diaz, and James Castille, ninth grade. While we gained nine pupils, eleven withdrew during the same period of time.

Every month the student council presents each teacher celebrating his birthday during that month with a carnation. Receiving flowers in December were Miss Anita Farmer, Mrs. Jeanne Grant, Bill Jones, and Ed Seay.

The Curtain Club held a meeting Friday morning. If you belong to the club, be sure to try to attend all meetings.

The student council jewelry, ordered in December, was issued this week. You must be a member of the council to order and wear any insignia that shows you belong to a student council organization.

All three of our basketball teams played Snyder Lamar Thursday night in Snyder. The seventh grade won 21 to 15; the eighth grade won 24 to 17, and the ninth grade lost 35 to 49.

## Students Pick Class Favorites

**By LYN CLAWSON**  
Students returned to classes at HCJC Wednesday morning after a two week vacation. There were not many activities in this short week.

Students are preparing for final exams which begin Jan. 15 and run through Jan. 19. Exam schedules are available in the office for those of you who haven't received one yet. Next week is Dead Week. There will be no college sponsored activities so that students will have more time to devote to reviewing for the tests.

The Rodeo Club members have been showing off their pretty new jackets which arrived this week. They are in the school colors red and gray.

The cheerleaders received their jackets and sweaters during the holidays. The sweaters arrived just in time for the tournament.

The Jayhawks won the tournament which was held here on Dec. 28, 29, and 30 by defeating Schreiner Institute, Amarillo Junior College and Decatur Baptist College. Elvis Spradling and Earnest Turner were named to the All-Tournament team.

The Hawks also won their first conference game by beating South Plains Junior College 78 to 55. They are in Lavton this weekend to participate in a tournament.

Congratulations to Coach Red Lewis who has been named the Junior College Coach of the Year. He is a math teacher and the track coach at HCJC.

Doug Davis, local Phi Theta Kappa president and national Phi Theta Kappa historian, is to be in San Antonio Feb. 24 to speak to the Texas Junior College Teachers' Association which has a state meeting at that time.

College Y meets next Wednesday at noon in the SUB.

During the activity period tomorrow students are to meet in the auditorium to nominate all-school, freshman, and sophomore favorites. The election will be held Wednesday in the SUB.

The freshmen in the orientation classes preregistered last week. This semester ends Jan. 19 and registration for next semester is Jan. 24 with classes beginning on Jan. 25.

The choir is still trying to raise money for the European trip. Anyone wishing to make a contribution may contact Jack Hendrix or Ira Schantz at the Music

## CHS Basketball Teams Win In Tournament

**By CAROLYN WILSON**  
Wednesday the National Honor Society met and discussed plans for the entry into the Interscholastic Meet in the division of the one act play. A committee consisting of Paul Camp, Buddy Anderson and Carolyn Wilson was appointed by the president to decide which play the society will use. Mr. Madison had received a list of plays permissible for the different organizations of the district to use. Plans for the induction service for new members was also discussed.

Thursday the boys' A team left to attend the annual Big Lake tournament. Mr. Spann and his wife took the boys to Big Lake. Friday Garden City's A team of girls and the junior high girls' team met with the CHS girls' teams. Next Friday Coahoma will host the Merkel Badgers for the first district game. Coach Tindol stated that this would be one of the best teams the girls' team would meet in their district play-offs.

In Coahoma's holiday tournament CHS teams walked off with both second place honors, beaten

out only in the finals by the Stanton teams. The girls' B team won the high honor of Sportsmanship Award.

In an especially called assembly the lettering football boys received their jackets. At the beginning of the assembly Mr. Spann talked on the paying of poll taxes. He asked Jimmy Mays to come to the stage and tell what he thought on the subject. To the surprise of everyone, when Jimmy arrived on the stage Mr. Spann handed him his jacket. The new jackets add color to the halls and the boys seem to be very proud of them.

Well, much to our despair mid-term exams are steadily approaching. Of course everyone looks upon them with great dread, and six weeks tests come up next week.

Some of the FFA boys left Wednesday to go to Odessa, accompanied by Mr. Foster and O. D. O'Daniels Jr., for the stock show. They stayed until Saturday with the exception of the boys that made the sale. Among those going were Jimmy Haley, Maurice Cutright and Vernon Long.

The Tuesday before school let out, the Student Council met and asked the National Honor Society to meet with them. The Student Council always keeps the concession stand but for the tournament here they felt it would require too much time for just the council, so they asked the National Honor Society if they would help. The society agreed and president Donnie Reid made out the schedules with names of both organizations.

**Exams Scheduled At Stanton HS For Next Week**

**By MARSHA BRISTOW**  
Well this is back to school week! Everyone looks very happy and I'm sorry to say, a bit larger from all of the rich Christmas food. However, from all reports everyone has a very nice holiday.

Some of the gifts received by students at SHS included such things as clothes, guns, diamond rings, hairdryers, electric blankets, and wrist watches. So as you can readily see everyone must have been exceptionally good last year!

However, not all of us were loafing during the holidays. Our basketball teams were very busy with the Coahoma Tournament. We are very proud of our Buffaloes from their past achievements, but once again they justified our confidence in them by winning first place in the tournament. Also we had three Buffs that made the all-tournament team. They were Frances Graves, Ann Yater, and Ronnie McReynolds. Congratulations, teams and all-tourney players!

Our new auditorium is supposed to be finished by February 1, and we were all amazed at the progress that was made during the holidays. We can hardly wait to start using it! It looks as if the seniors will be the first to use it because we start play practice next Monday night, and we hope to put our play on soon after the auditorium is completed.

Next week brings that old time around again. You know what is coming! Mid-semester tests will be given Wednesday and Thursday. Congratulations to all of those who are exempt, and my condolences to those who have to take them. Study hard!! See you next week!

Some of the FFA boys left Wednesday to go to Odessa, accompanied by Mr. Foster and O. D. O'Daniels Jr., for the stock show. They stayed until Saturday with the exception of the boys that made the sale. Among those going were Jimmy Haley, Maurice Cutright and Vernon Long.

The Tuesday before school let out, the Student Council met and asked the National Honor Society to meet with them. The Student Council always keeps the concession stand but for the tournament here they felt it would require too much time for just the council, so they asked the National Honor Society if they would help. The society agreed and president Donnie Reid made out the schedules with names of both organizations.

**High School Bands Play In Try-Outs**

LUBBOCK - High school musicians will converge on the Texas Tech campus Saturday (Jan. 13) for the Texas Interscholastic League area band try-outs.

The try-outs will include competition between high school students from the regions of Lubbock, Amarillo, Odessa and El Paso.

The contest begins at 9 a.m. in the Tech Music Building. Dean Killion, director of the Tech Red Raider Band, is coordinator of the event.

Winners in the area contest, in addition to those already selected in regional competition last month, will be eligible for the Texas All-State Band.

The band of over 200 will perform at the annual Texas Music Educators' Convention Feb. 2-3 in Dallas. At the same time, the All-State Chorus will present a concert.

**JANUARY CLEARANCE JR. SIZE DRESSES And SPORTSWEAR ON SALE**

**Fisher's 1907 Gregg**

## Intramural Games Planned For FHS

**By BONNIE SIMPSON**  
School started with a bang Wednesday morning. Some pupils came back with smiling faces while others seemed to be finding it hard to get into the swing of things once again. However, everyone seemed to have had a nice Christmas holiday and most are sorry it had to end so soon.

Thursday at 4 p.m., the boy's basketball team left for the Big Lake Tournament. They drew Brady for their first game and played at 7 a.m. Friday.

This coming Tuesday, Jan. 9, both the girls' and boys' teams travel to Water Valley for their first conference games of the season.

Congratulations are in order to the girls' basketball coach, Miss Sue Garrett who is now Mrs. Joe Neff, and to Miss Betty Sherrin who is now Mrs. Bill Wesson. I think congratulations would also be in order for Mr. and Mrs. Glyndol Snodgrass on the birth of their first baby, Constance. It seems our faculty members were all pretty busy over the holidays.

Student Council members did not have to worry about getting

their article on the bulletin board this last week. However, this coming week they will. Some of you members have been slacking off; everyone try to do better for the rest of this year.

A Student Council meeting was held Thursday at 12:30. It was suggested and discussed about having an intramural sports system set up. There would be mixed teams of both boys and girls in basketball and volleyball and also ping pong. These games would be played from 12:00 to 12:30 in the gym. The basketball tournament would be held on Saturday. The main purpose of this is to give those who do not go out for any sport a chance to participate in intramural sports. After a discussion it was decided that this program would be carried out and sponsored by the Student Council.

## Carolyn Wilson Wins Record

Carolyn Wilson, a sophomore at Coahoma High School, is this week's winner of the free record to be given away through the Megaphone.

In addition to a free 45-rpm to be given away each week, Oscar Glickman, owner of the Record Shop, will offer a long-playing record as a bonus once a month.

The winner may pick up a certificate at the Herald and take it to the Record Shop to receive the record.

### Negro Population Increasing Fast

WASHINGTON (AP) — The country's Negro population has been growing at a substantially faster rate than the population as a whole in the last 20 years, the Census Bureau has reported.

In the 1960 census, Negroes number 18,871,831 or 10.5 per cent of total population, a rise from 9.7 per cent in 1940.

In the 30 years from 1910 to 1940, the entire population gained by 43.3 per cent while the Negro population increased by 30.9 per cent. In the next 20 years the rate of increase for the Negro population was 46.7 per cent while the over-all population was increasing by 35.7 per cent.

The Negro population in the past 20 years has had a birth rate half again higher than the birth rate for the population as a whole.

### \$4,000 Wardrobe

### Fabulous Gem Featured In Film

The fabulous "Tiffany Diamond," valued at \$54,500, will be seen on the screen for the first time in "Breakfast at Tiffany's." The largest and finest of its kind in the world, the canary diamond is but one of many jewels and art treasures that were photographed in the famous Fifth Avenue jewelry salon during the New York location filming of the Paramount release.

# 'Breakfast At Tiffany's' Is Light-Hearted Movie

Academy Award-winner Audrey Hepburn returns to smart, sophisticated comedy in Jurong-Shepherd's "Breakfast at Tiffany's," the new Technicolor film opening today at the Ritz Theatre.

Abandoning her string of princesses and refined young ladies, Miss Hepburn pulls out all the stops in her portrayal of gay New York playgirl Holly Golightly in the Paramount release, which also stars George Peppard and co-stars Patricia Neal, Buddy Ebsen, Martin Balsam and Mickey Rooney. Adapted by George "Seven Year Itch" Axelrod from Truman Capote's best-selling novel, the attraction tells "all" about Holly and the many men in her life.

A creature of odd habits and even odder friends, Holly affects the lives of all who meet her, especially Peppard, her upstairs neighbor, a young writer being "supported" by a rich society matron. Other men in her past, present and future include a Texas horse doctor; a Hollywood agent, a Brazilian millionaire and a Japanese photographer whose peace of mind is continually hampered by Holly's madcap existence.

**ON LOCATION**  
Filmed in part on location in New York City, "Breakfast at Tiffany's" features many of the city's famous landmarks, including the celebrated jewelry store that inspired the title of the picture and Capote's original novel. Marked by Holly's downing a light breakfast of coffee and Danish in front of Tiffany's window following a wild night on the town, this unusual meal symbolizes the need for meaning and solidarity in her life. Blake Edwards directed.

Miss Hepburn, who won an Academy Award for her first comedy, "Roman Holiday," is even more delightful in "Breakfast at Tiffany's." Whether she is in the midst of a heated argument with her Japanese neighbor or making tender love to Peppard, she has the audience with her every step of the way.

As the young writer who falls in love with Holly, Peppard takes another step forward in his career. Also offering strong support are Miss Neal, in her first screen role in ten years; Ebsen, as the horse-doctor from Texas; Balsam, as a fast-talking Hollywood agent, and Rooney as the

### Have A Light?

Audrey Hepburn, as sexy playgirl Holly Golightly, accepts a light from Martin Balsam as boyfriend George Peppard gets left out in this scene from "Breakfast at Tiffany's," beginning today at the Ritz Theatre.

apartment house as Holly and eventually into her life.

"Breakfast at Tiffany's" was filmed in part on location in New York City, in and around Central Park, Fifth Avenue, the Forty-Second Street Library, the upper East Side and, of course, the famed jewelry store, Tiffany's itself.

Although Miss Hepburn's experience includes acting on the stage (she won the Antoinette Perry Award for her performance in "Ondine"), she confessed that she had stage fright when doing her New York scenes. She and the rest of the cast seldom worked before crowds of less than 5,000 as supposedly blasé New Yorkers gathered to watch the movie stars act. The only set that was closed to the public was, for security reasons, Tiffany's itself.

As Holly Golightly, Miss Hepburn wears a vast collection of ensembles designed by famed Parisian couturier Hubert de Givenchy. Although she is generally considered one of the best-dressed women in the world, Audrey is given a rare opportunity to display her flare for sophisticated elegance in the Technicolor attraction.

**LOT OF AUDIENCE**  
Police estimated that 22,000 on-lookers stopped and gawked at Audrey and Peppard played a scene on the steps of the public library. In front of Tiffany's famed jewelry salon a shifting crowd of 12,500 stared and smiled at Audrey dressed in a Givenchy evening dress. And this was on Sunday.

Later in the week Audrey, George, Miss Neal and Ebsen worked in front of a brownstone house on the swank East Side, attracting more than 8,000 people throughout the day. Perhaps even more unusual was a crowd that stayed around 1,000 for two days in a remote glade in Central Park. Easily the most nerve-wracking audience any of the stars ever played to looked down on them

Peppard's role constitutes as much of a change of pace as Audrey's explosive Holly does for her. Peppard, who scored recently in "Home From the Hill" and "The Subterraneans," plays a writer who moves into the same

from behind bars from cells in the Women's Prison in Greenwich Village. During rehearsals, the prisoners sang ribald songs and yelled taunts, but they quieted down and listened eagerly when Audrey and George threw their arms around each other in a love scene.

### ROONEY'S GREAT

Rooney again demonstrates his great versatility as an actor by portraying the Japanese photographer, Mr. Yunioshi.

Portraying Miss Hepburn's over-sensitive neighbor, who is disturbed by the slightest noise, Mickey plays his role in full Oriental make-up, with eyes slanting, hair jet black and teeth as prominent as a picket fence in the moonlight. He looks, in fact, like an unreasonable facsimile of the Lord High Executioner in "The Mikado."

Coached by Mrs. Katsuma Mukae, technical adviser on Oriental matters, Mickey even speaks Japanese. His vocabulary is admittedly slight, but he does say "Uru sai ne!" which means "What a nuisance," and "Mata ka," which is another term for "What, again?"

Miss Hepburn seems to get especially noisy just when Mickey is relaxing in a hot tub. Things get so out of hand that he grabs his robe and jumps out of the tub—with disastrous results. One key scene finds Mickey getting out of the tub in a hurry, slipping on the soap and falling. He bumps his head on a Japanese lantern, trips over a camera and runs through a Japanese screen. He slams a door, locks himself out, and then tries to walk through the door.

**FAST SUCCESS**  
Six years ago, Peppard arrived in New York, unknown, broke and with all his belongings in cardboard cartons. Today, in addition to having his choice of leading roles, Peppard now owns a good-sized estate in San Diego. What happened during those six years? To begin with, George was accepted as a student at New York's famous Actors Studio. To support himself and his wife, he took a series of odd jobs, ranging from bank teller to taxi driver and motorcycle mechanic. This checker-board existence was nothing new to George, who had also worked as a radio announcer and fencing teacher while studying civil engineering at Purdue University. Two seasons with a summer stock company in Oregon had put him firmly on the trail of a theatrical career.

George's first film break came in "The Strange One." Then came stage roles in "Girls of Summer" and "The Pleasure of His Company." His role in the latter play again brought him to the attention of Hollywood scouts and landed him in such films as "Pork Chop Hill," "Home From the Hill" and "The Subterraneans."

### Mysterious Island

A bunch of earth people find themselves on a mysterious island in the film of the same name which begins Thursday at the Ritz Theatre. Starred are Michael Craig, Joan Greenwood and Gary Merrill.

### Love Story

Diane McBain and Arthur Kennedy are starred in "Claudelle In English," romantic drama which makes a return showing beginning today at the Jet Drive-In Theatre.

### Mexican Claims Color TV Device

MEXICO CITY (AP)—A Mexican engineer claims he has perfected a method to transmit color television which can be picked up by regular black-and-white sets.

### Has First Screen Role In 10 Years

Patricia Neal has her first screen role in ten years in "Breakfast at Tiffany's." Miss Neal has been relatively inactive since her marriage to English author Roald Dahl, accepting only parts that particularly please her. Two seasons ago she scored a brilliant triumph on the Broadway stage in "The Miracle Worker."

## Stamps In The News

**By SYD KRONISH**  
AP Newswriters  
The first United Nations commemorative stamp for 1962 will be issued on Feb. 19 and will honor the U.N.'s activities in the field of housing and urban development.

This new stamp is expected to focus world attention on the joint efforts of the United Nations and the specialized agencies in this field. The issuance of the stamp also will coincide with a meeting of a group of experts scheduled for sessions at the U. N. headquarters from Feb. 7-21. The group will be convening to advise the U. N. on the place of housing and basic community facilities within national development programs and on successful techniques for mobilizing national and international resources for the extension of programs for housing and urban development for lower income groups through the world.

The new stamp will feature a block design representing housing and a foreground silhouette of a family. The U. N. symbol is in the upper right corner. The 4 cents will be blue, red, yellow, purple, green, orange and black. The 7 cents will be brown, red, yellow, orange, purple, green and black.

First day covers may be obtained by sending remittances covering the cost of the stamps to be affixed to the United Nations Postal Administration, United Nations, New York, well in advance of the Feb. 19 date.

The United Arab Republic has issued a new 10 mills stamp to honor the IV Alexandria Biennale of the Arts. The new brown stamp depicts painting and sculpture articles placed over a chart of the Mediterranean. The exhibition includes paintings and sculptures of the Arab world.

Spain has issued a 1 peseta Christmas stamp in purple. The design depicts the Nativity scene. It was based on a picture of the famous wood sculpture by Sazillo which is in the Museum de Artes Decorativas.

Many nations are issuing stamps publicizing the Malaria Eradication Campaign of the World Health Organization, a specialized agency of the United Nations.

### Met Schedules Week In Dallas

The Metropolitan Opera Co. of New York will present seven performances in Dallas, May 8-13, in the 4,200-seat State Fair Music Hall. The Dallas engagement will be the only one this year for the mammoth company west of Atlanta and south of St. Louis.

### 2 Dressing Rooms For Drenched Star

During filming of a rainy day sequence for "Breakfast at Tiffany's," the thoroughly drenched Audrey Hepburn had two dressing rooms—one for removing wet clothes, the other for putting on dry ones. The dressing rooms were labeled in chalk: "Wet Hepburn" and "Dry Hepburn."
