DEAR ABBY

Nothing Doing!

DEAR ABBY: We are not young folks. We have married children. Three years ago my husband learned that a school-time sweetheart, whom I have fallen in love. He has been married twice, and has four children. He is presently free, and has asked me to be his third wife. I am 20, and two of his children are older than I. The other two are very bratty, and have made it plain that they don't like me. He has custody of all his children. My clergyman, family and friends have advised me against this marriage. I love this man, and know what I am up against, but I am willing to take the chance. Shouldn't this decision be mine? WILLING TO GAMBLE DEAR WILLING: The decision is yours, but don't ignore the advice of those who have only your best interests at heart. Marriage is forever, not something on which you "gamble." Your letter indicates that you are still seeking advice. I say the chances for a happy, lasting marriage with this man are poor. CONFIDENTIAL TO "DINO FROM ENCINO": Just the thought of getting into hot water keeps some people clean. How is the world treating you? Unload your problems on Abby, care of The Big Spring Herald. McNamara Backed In Censor Battle

WASHINGTON (AP)—President Kennedy has backed Secretary of Defense Robert S. McNamara in a tussle with Senate investigators and said he will not allow "harassment" of individual members.

Base Civilians Get Awards

Cash awards this week went to six more Webb AFB civilians for their participation in the management-improvement program. The awards, made by the 3560th Pilot Training Wing Incentive Board, went to Mrs. Shirley Teague, Aymer W. Brill, Mrs. Fred Bishop, Santiago Leal, G. W. Taylor and Ernest A. Richters. Mrs. Teague, a keypunch supervisor in statistical services, received \$30 for suggesting mechanization of the commissary's inventory and price list. A boiler operator in the utilities branch of Civil Engineering, Britt received \$25 for a safety measure in high pressure boilers. For removing a safety hazard in the hospital kitchen, Leal was paid \$15. Mrs. Bishop, civil engineering administrative officer, suggested a facility index file which simplifies operation and maintenance programs in the unit. Taylor of maintenance worked out a method of speeding engine tests—cutting the required time in half and received \$15. Aircraft sheet metal leader, Richters was awarded \$15 for suggesting an improvement in the painting of F-102 pylon tanks.

Kennedy Ready To Battle For Federal Aid To Schools

WASHINGTON (AP)—President Kennedy is set to throw all his energy into battle for federal aid to public schools—but not parochial schools. The President told a news conference Wednesday he thinks his three-year, \$2.1 billion program for public school construction and teachers' salaries is so urgent "I will do everything I can to have the Congress take favorable action on this subject this year." On other issues, the President said: He would not hesitate to resume nuclear tests in the atmosphere if he finds them essential. There is a need under any future nuclear test ban treaty with the Soviets for measures not only to prevent sneak tests but also to prevent a recurrence of secret preparations for testing. This last point, in effect, added a new condition for a treaty with the Soviets. He feels the United States must keep on working toward a general disarmament treaty backed by effective controls. He stands squarely behind Secretary of Defense Robert S. McNamara's refusal before Senate investigators to link individual Pentagon censors with specific changes made in speeches by uniformed officers. He said questioning of the censors about particular items of editing would amount to "harassment." And he added Ultraconservatives—The John Birch Society has no place in the Republican party typified by former President Dwight D. Eisenhower and other "responsible parts" of the GOP. "It is totally alien to both parties," he said. As for the bid of former Maj. Gen. Edwin A. Walker, a Birch Society member, for the Democratic nomination as governor of Texas, Kennedy said "everybody is free to run, and the people will decide, in either party." Berlin—Ambassador Llewellyn Thompson will continue his Moscow talks with Soviet Foreign Minister Andrei A. Gromyko, exploring for means of a Berlin settlement, "even though the so-called probes have not produced any satisfactory common ground as yet." Steel—He has been in touch with steel industry and union leaders, seeking an "earlier the better" agreement to replace contracts expiring June 30. Both public and private interests would be served by quick agreement, lest stockpiling against the possibility of a strike lead to unemployment later. Space—Recent setbacks, including a moon shot miss and delay in the attempt to orbit Astronaut John H. Glenn in space, have not altered the timetable to land a man on the moon in this decade. Still, "We are running into the difficulties which come from starting late." U.N. Bonds—Regarding his proposal to buy \$100 million of U.N. bonds, if United States does not accept burdens greater than those of other free countries "the cause of freedom would collapse in a whole variety of ways."

No Rehearing In Capital Case

AUSTIN (AP)—The Court of Criminal Appeals has denied a motion for rehearing in the case of Curtis Ray Roberts, 19-year-old Negro sentenced to death for armed robbery in Pecos.

The case was heard in Ward County following the June 12, 1960, armed robbery of a Pecos service station. Roberts and a companion allegedly shot a Pecos service station attendant. Roberts is originally from Hillsboro.

His attorneys argued there was no evidence of the robbery except Roberts' signed statement. The court also upheld a 99-year sentence given Reynaldo Alfredo Campos, 32, on conviction of the Hutchinson County rape of a 61-year-old woman.

Focus On Health

By The Associated Press
The growing safety of a baby's life; the question of whether human birth is only a half-way point to readiness for life; and a study of blood for 75,000 mothers are subjects for focus on health:

Safe Babies

For the anxious, prospective mother and father, the birth of a first child is probably the most important, exciting milestone in life.

They might calm themselves with this: Since man first appeared on the earth some 600,000 years or more ago, some 77 billion babies have been born.

"Until recently, at least a half of all babies born died before reaching maturity," says the Population Reference Bureau.

"Man's quest for some formula to avert death included magic, incantations and prayers, but none of these had shown any efficacy against the major killers. Then, with the advance of modern science, the mortality pattern of a million years was broken."

Now, the bureau points out, 95 out of every 100 babies born in Western, industrial society live to become adults.

Half-Way Point

For some scientists, the idea that the gestation period for man is 267 days is only half the story. Dr. Ashley Montagu, Princeton University anthropologist, says the human infant is ushered into the world before he is really ready for it. In fact, birth may be the halfway point.

While it takes the infant some 267 days to develop in the womb, it's about 267 days after birth before the child learns to crawl.

Montagu feels that the human infant has to be born when he is, or he would not be able to be born at all. The infant's brain needs only increase slightly to make passage through the birth canal impossible.

In fact the baby's growth rate is such that it just can't continue inside the womb. It must continue outside.

This natural progression, Montagu says, is reflected in the mother, too. At birth, the mother needs to care and support her child. Her whole body is ready to minister to the infant's needs.

Yet mother and child are isolated from each other, in many modern hospitals, just when they need each other most.

Comments Montagu: "We live in the logical denouement of the machine age when not only our things are made by machine, but human beings are turned out to be as machine-like as we can make them."

Secrets In Blood

Are there secret viruses in an expectant mother's blood that cause mental retardation or some other brain or nerve disorder in her yet unborn child?

To find the answer, scientists at the National Institutes of Health have begun a study to sample the blood of more than 75,000 expectant mothers. The study will cover 15 medical centers across the United States. Pregnant women and their babies will be studied. It will last some 10 years.

Samples will be checked for viruses that range in effect from the common cold to polio and death.

Veterans Of World War I, Auxiliary, Set Joint Rites

A joint installation ceremony for Big Spring Barracks 1474, the Ladies' Auxiliary No. 1474, Veterans of World War I, will be held at the IOOF Hall tonight.

A dinner will be held at 6:30 p.m. at the hall for members of the Barracks and Auxiliary and their World War I friends.

N. W. Hudson, national assistant inspector, will be the Barracks installing officer, and Fred J. Eaker, commander of District 19, will be installing sergeant at arms. Mrs. N. W. Hudson of La-mesa will be installing officer for the Auxiliary. Fred Eaker and Bob Wren, past presidents, will assist with the Auxiliary installation.

Mrs. Leighton Mundt will be installing musician.

Other features of the program will be an address by Commander J. L. Unger and by President Mrs. J. L. Swindell Sr., vocal selections by Mrs. Carl Bradley, presentation of past president's pin, recognition of visitors and special guests, piano solo by Mrs. Leighton Mundt, and tribute to installing officers.

Fred Eaker will be the master of ceremonies.

The exhibit may be seen during regular day and night hours at the Midland library on Mondays, Tuesdays, Thursdays and Saturdays.

Hobbs is now an art instructor at WTSC and was a former teacher in the Midland public schools. He has had one-man shows in Big Spring, Midland, Canyon, Amarillo, Borger, and Taxco, Mexico. His paintings are in oils, watercolors and serigraph.

Hobbs is the son of Mrs. R. B. Hobbs, recently of Big Spring and now living in Canyon. He also is a nephew of Mrs. Leonard Coker of Big Spring.

Oddities In The News

By ANDREW MEISELS
Associated Press Staff Writer

The gunman who robbed an Oakland, Calif., bank of \$3,681 is either forgetful or a big tipper.

The gunman held up the United Bank of California, then boarded a bus and handed a \$5 bill to the driver. The gunman waited for his change, but when he got off five blocks later he left behind \$1,665.

Screaming Mommy

A man jumped out of a car in Brooklyn and carried a screaming woman into a nearby house. A passerby flagged a cruising police car and excitedly told the officers: "A woman was just dragged into that house there screaming."

The patrolmen could hear a woman's cries. With hands on revolvers, they burst into the house—only to help deliver Mrs. Kyriakos Tsapalis' 9-pound, 12-ounce son.

The father later explained that he had realized they would not reach the hospital in time and had carried his wife into the home of a stranger.

Hero Or Traitor?

George, a sadfaced bullock at Melbourne Abattoirs in Australia, has been acting as decoy for 16 years and has led many thousands of fellow cattle to their death.

Recently, George decided he wouldn't do it any more. He refused to lead the way to the slaughter pens.

The management considered turning George into sausages, but the meat industry employees union saved him. They saw to it he would be put out to graze and made him an honorary member of the union.

Said a union official: "We appreciate his belated militant action in striking."

Sergeant Moved Nearer To Home

After nine years of duty at Webb AFB, S. Sgt. Charles E. Hamm, 3560th M&S Group received transfer orders to almost the doorstep of his home in Maine.

Sgt. Hamm, from Brewer, Maine will report to Dow AFB, near Bangor, Maine — just three miles away.

He has been at Webb since October, 1952. Sgt. Hamm is an escape systems technician and has more than 10 years of Air Force service. He was stationed in Korea and Japan before his assignment to Webb.

He met the former Louise Grady of Richmond, while she was on a visit to Big Spring. They were married in 1953. Their three children, Charles Jr., Steve and Karen, were born at the Webb Hospital.

Accused Of Killing Mother

Morton H. Thompson Jr., 27, son of the late novelist, screen writer and columnist, sits at North Hollywood police station after being booked on suspicion of murder following the stabbing death of his mother. The victim, Mrs. Helen S. Scheuer, first wife of the author, was stabbed 11 times with an ice pick. Officers quoted Thompson as saying, "I planned it for some time."

2nd Thoughts On TV Program

WASHINGTON (AP)—A television network president says that on second thought he should have canceled the show in which teen-age singer Fabian portrayed a psychopathic killer.

Oliver Treyz, president of the American Broadcasting Co. television network, told the Federal Communications Commission that orders have been given that ABC is not to rerun the controversial episode of the "Bus Stop" series which appeared last Dec. 2.

Treyz was testifying as the FCC resumed its hearings on television network programming practices.

Prior to its showing, the regular sponsors of the "Bus Stop" series dropped the episode and 25 ABC affiliates declined to show it.

Entitled "A Lion Walks Among Them," the show featured Fabian in the role of an immoral and murderous youth. Treyz called the show a borderline case when he testified last month before a Senate Juvenile Delinquency subcommittee hearing.

Asked by FCC Chairman Newton Minow if he had accepted a request by the National Association of Broadcasters for an advance screening, Treyz replied: "No. We didn't think that it was necessary because our standards are as high as theirs."

How's Hopalong? Happy At Home

By BOB THOMAS
AP Movie - TV Writer

PALM DESERT, Calif. (AP)— "Those were fantastic, unbelievable times," said Bill Boyd of his reign as TV's first great idol, Hopalong Cassidy. "But I knew they couldn't last."

This was a relaxed, contented Bill Boyd, living the quiet life with his beautiful wife, the former actress Grace Bradley. They spend half their year at a compact, comfortable home in this desert resort, the other half in a huge trailer by the ocean at Dana Point, Calif.

"We don't even have any help," Bill explained. "We found it bothered us to have other people

around. After spending our lives in a crowd for so many years, we love just being alone."

The Boyd saga is one of the great stories of show business. He started in the movie business in 1919 by lying to Cecil B. De Mille's secretary that he had an appointment with the great man. He was a De Mille leading man in the '20s, then in the '30s starred in a routine series of horse operatics as Hopalong Cassidy.

Hoppy appeared to have faded in the '40s, but Boyd quietly bought up TV rights to the series. He went on TV in 1948 and for six or seven years was a national sensation.

"There had been nothing like it," he recalled. "It got to the point that I called together all my people and said we had to cut down."

"I was on almost every TV channel. I had been on the cover of every magazine. I was in comic books and comic strips. I was on records. My merchandising was in all the stores. I told people we had 94 per cent saturation, and that was too much. When you get up that high, there's only one place you can go, and that's down."

It was Davy Crockett who brought the break. When the Hoppy merchandise started to slide, manufacturers got off the bandwagon and put their dough into the coonskin cap craze, said Boyd—"and they lost a fortune."

Mrs. McLean To Break Ground

WACO (AP)—Mrs. Marris McLean of San Antonio will break ground here Feb. 15 for the \$2 million Marris McLean chemistry and physics building on the Baylor campus.

Gifts and loans from the McLean family, long time benefactors of the Baptist school, are largely responsible for making the new building possible.

Powers Has No Hope For Freedom

MILLEDGEVILLE, Ga. (AP)—The wife of an American U2 pilot imprisoned by the Russians says her husband has no hope that his 10-year sentence for espionage will be reduced.

Mrs. Francis Gary Powers said she received a letter from her husband that expressed despondency over word from Soviet officials that the seriousness of his crime prevented consideration of clemency or parole.

Base Has High Retention Clip

Webb AFB started the year 1962 with a high retention clip when in Jan. 21 out of 25 eligible airmen re-enlisted for a 91 per cent attainment.

Four of the re-enlistees were younger airmen, accepted under the Air Force Career Selectivity program. Selected were:

Airman 4-C Francis L. Crinks of Wing Headquarters, Airman 1. C. Thomas H. Scott, Airman 2. C. Willie J. Dolby, both of Air Base Group; and Airman 1. C. Marshall L. Stark of 3560th Civil Engineering.

Others who re-enlisted last month include M. Sgt. William C. Littlejohn, T. Sgt. Herbert F. Heater, S. Sgt. George B. Ciszewski, S. Sgt. Solis Silverio, and Airman 1. C. Vincent F. Kasprovicz, all from the 3560th Consolidated Maintenance Squadron.

T. Sgt. Eugene Yates, Air Base Group; T. Sgt. Douglas L. Voss, S. Sgt. Charles W. Acker, S. Sgt. Harold Gongaware and Airman 1. C. Walter D. Meltz, 331st Fighter Interceptor Squadron.

T. Sgt. James R. Alexander, S. Sgt. Richard P. King, S. Sgt. Leonard E. Posey, S. Sgt. Cesar Walker, Airman 1. C. Willie J. Bethea, Airman 1. C. William D. Jackson and Airman 1. C. Thomas Crook, 3560th Maintenance and Supply Group.

T. Sgt. Robert S. Bowman, Airman 1. C. Paul Della Rocca, 3560th USAF Hospital; T. Sgt. James E. Stewart, 2010th Communications Squadron, and Airman 1. C. Donald L. Bolar, Wing Headquarters.

Dry And Warm Weather Ahead

U. S. Weather Bureau's 30-day forecast shows that this part of Texas will be warmer than usual during February. What is most disturbing to the farmers is the prospect there will be less moisture than is usually allocated for the month. February is never a wet month in this part of the country—the average for 60 years has been .69 inch of rain. Last February was particularly dry with only .38 inch being gauged. January this year terminated with only .86 inch moisture recorded.

State Candidates Begin Campaigns

By The Associated Press
 With the formalities of filing out of the way, candidates in the May 5 Texas primaries are beginning to stride briskly into campaign areas.

Don Yarborough, 36, the Houston lawyer who is one of six bidding for the Democratic nomination for governor, opened his formal appeal to voters Wednesday night in Dallas.

Describing his opponents as "voices out of the past," Yarborough declared in a televised address:

"Texas must get off dead center, must shake free of the lobbyists, must shake free of pleasant, tired, ineffective leaders. I am in this race because there is not one single man among the crowd of candidates who is free of the tentacles of the same old Austin lobby."

INDUSTRY BOARD
 Observing that 144 Texas counties have lost population in the last decade despite abundant natural resources, Yarborough called for the establishment of a state industrial development board "with energy, with vision, with help from the top civic, industrial, labor and political leaders."

Another Yarborough proposal was a state agency to help labor and management resolve their problems. He said there is not a single state employee "paid to help management and labor find the road to harmonious relationships which we need so badly in this, the sixth ranking industrial state."

The Houston candidate asserted:

Lubbock Slaying Suspects Nabbed

DENVER (AP)—FBI agents took two suspects in a West Texas slaying into custody Wednesday. They are among six persons charged with murder in the death of J. R. Castle, 46, a Lubbock carpenter. His body was found Jan. 21 in a caliche pit near Lubbock. He had been beaten and shot.

Those arrested here are Elvis Dalrymple, 38, and his wife June, 23. The federal agents jailed Dalrymple in lieu of \$7,500 bond to await extradition proceedings.

Texas Princess

WASHINGTON (AP)—The Texas princess in Washington's annual Cherry Blossom Festival April 2-8 will be Lynda Bird Johnson, 17, daughter of Vice President and Mrs. Lyndon Johnson.

the legislature's third special session which ended last week demonstrated "the lack of trust, the lack of vigor, the tragic in difference that has spread from the top leadership of our state government out over the whole bureaucracy in Austin."

With the campaign by a bumper crop of office seekers still gathering steam, plans for a weekend gathering promised to make San Antonio a focal point for major candidates.

INVITATIONS
 Bexar County Commissioner Albert Pena Jr. disclosed 33 candidates for statewide posts have received invitations to appear before the Political Association for Spanish Speaking Organizations (PASSO), of which Pena is president. He described PASSO as an outgrowth of Viva Kennedy clubs formed during the 1960 presidential campaign among Democrats of Latin descent.

Pena said Gov. Price Daniel, who seeks a fourth term, had asked to appear last before a screening committee which will confer privately with the various candidates Friday, and also last among those addressing PASSO delegates Saturday.

Other gubernatorial candidates who have arranged to appear at the San Antonio gathering, Pena said, are former Navy Secretary John Connally and Atty. Gen. Will Wilson.

OTHER DATES
 Pena said PASSO dates also were being arranged by State Sen. Jarrard Secret, a candidate for lieutenant governor; former House Speaker Waggoner Carr, Justice W. T. McDonald of the Court of Criminal Appeals and former secretary of state Tom Reavley, all in the attorney general's race, and Desmond Barry of Houston, seeking the Republican nomination for congressman-at-large.

Delegates from counties with local PASSO organizations will vote Saturday on endorsement of candidates, Pena said.

Austin offices of the state Democratic and Republican committees reported half a dozen candidates for statewide offices remained to pay \$1,000 filing fees Wednesday night. The deadline is midnight Thursday.

Party spokesmen said the fees were due from one Republican—Robert W. Hervey of Houston, Eldon Mahon of Colorado City, Charles H. Stevenson Jr. of Corpus Christi and Phil Willis of Kaufman County, all for congressman-at-large, and Robert Looney of Austin, for attorney general.

BEEF TARTS

Tarts Filled With Stew Stick-To-The-Ribs Fare

Blustery winter winds increase the yearning for real stick-to-the-ribs beef and liberal helpings of cooked garden vegetables. That adds up to beef stew, acknowledged the favorite main dish of American men. The busy homemaker's challenge is how to make beef stew quickly with eye-catch-

ing variations that enhance taste appeal.

Individual beef tarts for a winter meal take less than ¼ hour to prepare and serve. Made with quality canned beef stew, they are an elegant variation on this menu mainstay. Topped with rich stew gravy and accompanied by a fresh fruit salad of pears, dark grapes and apple slices, it is a meal of solid appetite satisfaction.

Family Will Go For Oatmeal Cake

For a truly unusual and tasty dessert, prepare this special cake for your family.

OATMEAL CAKE

- 1 cup 3-Minute Quick Oats
- 1 cup brown sugar
- 1 cup white sugar
- ½ cup shortening
- 2 beaten eggs
- 1½ cups sifted flour
- 1 tsp. soda
- ½ tsp. salt
- 1 tsp. cinnamon

Stir oats into boiling water. Let stand 20 minutes. Cream shortening with brown and white sugar. Add 2 beaten eggs. Sift together flour, soda, salt and cinnamon. Add creamed mixture, then add oatmeal mixture. Bake in 7½ in. x 12 in. cake pan, 325 degrees F., 35-40 minutes.

TOPPING

- ½ cup butter or margarine
 - ½ cup brown sugar
 - ½ cup cream
 - 1 cup chopped pecans
 - 1 cup flaked coconut
 - 1 tsp. vanilla
- Melt ingredients together. Spread on cake as it comes from oven. Place under broiler approximately 10 minutes or until coconut browns.

For Poaching

Use extremely fresh eggs for poaching if you want them to hold their shape well during the cooking process. When the eggs come out of the poaching water, trim off any ragged edges—that's what French chefs do!

Casserole Or Dessert Rice Fills The Bill

A versatile product—rice. It will substitute for or blend to produce most any dish on the menu. Rice may be cooked with or substantially substituted for meat or vegetable course and when so desired used as a delicious and nourishing dessert. Comet comes forth with suggestions such as:

COMET RICE AND CHICKEN CREOLE (One Dish Meal)

- 2 cups rice
 - 1 frying chicken
 - 1 green pepper
 - 1 onion
 - 2 tbsps. vegetable oil or shortening
 - 1 No. 2 can, or 1 lb. of fresh tomatoes
 - Salt and pepper to taste
- Cook the rice, following the easy directions on the box. Keep hot. Disjoint chicken (if not already disjointed) and fry till browned. Add the tomato pulp and allow it to saute with the chicken at the end of its cooking. Add the chopped onion and pepper, and cook just long enough to blend well. Cover and cook slowly until the chicken is thoroughly tender. Serve over the hot rice. Serves 8.

COMET SPANISH RICE (One Dish Meal)

- 1 cup uncooked rice
 - 1 onion, diced
 - 1 No. 2 can tomatoes
 - 3 slices bacon
 - Salt and pepper to taste.
- Cook rice following the directions on the package (or if you have 3 cups of cooked rice in the refrigerator remaining from another meal, it can be used).

While the rice is cooking, cook the bacon and onion until brown. When rice is cooked—mix all ingredients in a frying pan, cover and simmer over low heat for 30 minutes. Serves 6.

COMET RICE HEARTY (One Dish Meal)

- 1 cup uncooked rice
- 1 lb. ground beef
- 1 med. can whole kernel corn, drained
- 2 8-oz. cans tomato sauce
- ½ small green pepper, chopped

Rice Pepper Steak A One Dish Meal

- 1 cup uncooked rice
 - 1 lb. round steak, but into ¼ x 2 in. slices
 - 1 large green pepper, cut into strips ½ in. wide
 - 3 tbsps. salad oil or shortening
 - 3 medium tomatoes, each cut into 8 pieces
 - ½ tsp. salt
 - 1 can beef gravy
 - 1 tsp. soy sauce (optional)
- Cook the rice, following the directions on the package. While the rice is cooking, heat the oil in a large skillet. Add the meat and green pepper. Brown quickly over high heat, turning and stirring constantly. Lower heat to simmer and add tomatoes, salt, soy sauce and beef gravy. Simmer 8-10 minutes. Put the cooked rice into a good-sized serving dish. Pour the meat mixture over the top, allowing the sauce to run down into the rice. Serves four.

Slit Peeling

One way to keep apple skins from bursting when the fruit is baked is to cut a slit in the skin all the way around the apples at right angles to the core.

- 1 medium onion, chopped
 - 2 tbsps. salt
 - 2 tbsps. chili powder (optional)
 - 1½ cups hot water
 - Dash of pepper
- In ungreased 2-quart casserole place layer of uncooked rice, and sprinkle with salt and pepper. Add 1 can of tomato sauce and the hot water. Add layer of onion and green pepper, then a layer of ground beef. Sprinkle with salt. Add a layer of corn, and top with the remaining can of tomato sauce (add chili powder to the sauce). Cover and bake in moderate (375

degrees) oven for 1 hour. Uncover, and bake 15 minutes longer. Serves 6.

COMET RICE FAMILY PUDDING

- ½ cup uncooked Comet rice
 - 1 qt. milk (warm)
 - 1 cup sugar
 - ¼ tsp. salt
 - ¼ tsp. cinnamon
- Dash of nutmeg (optional). Mix Comet rice with rest of the ingredients and place in a well-buttered, uncovered casserole. Bake in a moderate (325 degrees) oven for 3 hours. Serves 6.

Holes In Horn Of Plenty

Overabundance Hasn't Erased Undernutrition

Today, supermarket shelves in the United States are overflowing with the widest variety of nutrition foods in the world. And we—far too many of us—have partaken of these foods to the fullest extent. Some so much so that it is estimated that 25 per cent of the population is 10 per cent or more overweight.

These facts might lead us to the conclusion that the U.S. nutrition picture is nearly perfect.

Not so, say two scientists in a report published in the Journal of the American Dietetic Association.

With this abundance of food, there remain disturbing "pockets of undernutrition" throughout the country, according to Olaf Mickelsen, Ph.D., and James M. Hundley, M.D., of the National Heart Institute.

They classify special groups as the "underfed"—people who, for economic, educational or health reasons, do not consume a proper diet.

Among the "underfed," according to these scientists, are the American Indian, the Alaskan Eskimo, migrant workers (who number more than 1,250,000), persons living in the poorer districts of large cities, and the aged.

According to Drs. Mickelsen and Hundley, surveys of these groups have shown that they regularly consume diets which do not provide "adequate" amounts of such vital nutrients as vitamins A, C

and D, and some of the B vitamins.

In fact, one group—the migrant workers—often subsists on a "diet consisting of corn meal and rice and very little else—no vitamins."

Other nutritionists have expanded the "underfed" classification to include: teen-agers, particularly weight-conscious girls; housewives, often too busy with family chores to eat properly; the business man or woman, eating fragmentary meals on the run; and the food faddist.

Although there is no specific information available on the extent of permanent damage which may result from an extended period of "undernutrition," one eminent nutritionist, Dr. Paul Gyorgy, recently stated that the nutritional status of the child in its first five years not only determines his health and stature in later life, but also that deficiencies occurring during this period may cause damage that is essentially irremediable.

Equally important, according to Dr. Gyorgy, is the nutrition of the mother before the child is born.

On the favorable side of the nutrition picture, Drs. Mickelsen and Hundley point to the decrease in incidence of classical deficiency diseases, the lengthened life span, increased heights and weights of each new generation of children, and the improved status of patients whose recovery is linked to their nutritional condition.

Pie For A Patriot Cheese On Mince Meat

February is a month with celebrations that call for special desserts. For such memorable occasions as Lincoln's and Washington's birthdays suggested decorations make the pie appropriate for either event—or, for that matter, any other party. It's a savory mince pie featuring symbolic cheese cutouts in the forms of stars and hatchets.

A boon to the homemaker is ready-to-use mince meat, which simplifies preparation of the pie. The mince meat comes in 28-ounce jars, and is ready for instant use. Another convenient variety of mince meat is the condensed type that comes in 9-ounce packages. Contents of the package can be easily reconstituted within a few minutes for use as pie filling.

The pie-top cheese decorations are easy to make. Just use cookie cutters of the star and hatchet design. The cheese to use is premium quality Wisconsin natural cheddar cheese, which comes in three varieties: Medium, sharp and extra sharp. Slices from the block of cheese make the cutout job simplicity itself.

For variation, make an all-star-studded pie or feature cherry clusters made with cheese. To make these cutouts it is simpler to use the convenient 9-ounce jar of premium quality natural Cheddar which also comes in three grades of sharpness. Just cut ¼-inch slices from the handy jar and use a cookie cutter to make the stars. For the cherry clusters, use the inside of a doughnut cutter (dime-size), and cut stems from the remaining cheese.

This symbolically decorated mince meat pie is sure to add to the gaiety of the party day, and please tastes of all.

PATRIOTIC MINCE MEAT PIE

- (Makes one 9-inch pie)
- 1 stick (5-oz.) instant mixing pie crust mix
- 2 tbsps. boiling water
- 1 28-oz. jar instant mince meat

Make A Meal Of Rice Porcupines

- ½ cup uncooked rice
 - 1 lb. ground beef
 - 1 No. 2 can tomato juice
 - 1 small onion, diced
 - 1 tsp. salt
 - 1 small green pepper, thinly sliced
 - ¼ tsp. pepper
 - Dash of nutmeg (optional)
- Mix together ground beef, rice, salt, pepper and nutmeg. Form into small balls, about 1½ inches in diameter. Place in a baking dish. Saute onion and green pepper in skillet with one tablespoon melted drippings or shortening. Add tomato juice. Season lightly with salt and pepper. Pour over the porcupines, cover and place in moderate oven (350 degrees). Cook until the visible rice is tender—about 1 to 1½ hours. Serves four.

Spellman Hits Education Bill

NEW YORK (AP) — Francis Cardinal Spellman charges that passage of President Kennedy's \$3.7-billion federal aid to education bill would bring about the

"eventual end" of the Roman Catholic school system.

The administration measure, made public Tuesday, excluded any federal aid to private or church elementary and high schools.

Cardinal Spellman, archbishop of New York, has often voiced disagreement with the administration's stand.

His statement was one of his "most forceful yet. He made it in addressing a group of 1,500

teaching nuns, brothers and lay teachers.

He said the Catholic hierarchy would continue its fight for what he termed "equal justice" for all the nation's school children.

He said that if the administration bill is passed into law it would create "a dagger threatening our very existence."

"If the administration's bill and the administration's desire should become factual that means the

end of our schools, because while we pay our municipal taxes, taxes for education, and while our parents assume the voluntary taxation of building and supporting our schools, nevertheless if the federal government should favor public schools and put an additional tax on us, from which we shall receive no benefits, then, my dear friends, it is the eventual end of our parochial schools," he said.

Sam Didn't Shuffle This One

LOUISVILLE, Ky. (AP)—Shufflin' Sam Thompson, who convinced the U.S. Supreme Court he got a fast shuffle on a loitering charge, is leaving his latest case at a lower level.

Thompson, 49, a Negro handyman, appearing in police court recently, was fined \$25 on charges of disorderly conduct, amended

from malicious striking. The matter stemmed from an argument with a neighbor, in which both were accused of hitting each other with a hammer. The neighbor also was fined.

The Supreme Court ruled in Sam's favor 20 months ago when he appealed the two \$10 fines on the loitering arrest. Police said he was dancing in a tavern, Sam said he was just "shufflin'" his feet to keep warm.

Sam failed to pay his fine Tuesday and was taken to jail.

Banking Board Spurns Pleas

AUSTIN (AP) — The State Banking Board has turned down requests for three new state banks. The board delayed action until March 1 on two other requests.

By a 3-0 vote, the board refused

to approve the proposed First State Bank of Port Arthur in the Jefferson City shopping center, the Alameda State Bank in Corpus Christi and the Benbrook State Bank in Tarrant County.

Action was delayed on proposed new banks at Plano and Waco.

The board also approved the conversion of the First National Bank at Normangee to a State Bank.

Plenty But Simple Fare Suits Taste Of Don Williams Family

The Don Williams family doesn't care for fancy food but they like plenty of it, according to Mrs. Williams who is the former Veva Jean Apple. Mr. Williams is a hunter and provides ample venison for the family table. Mrs. Williams likes the way he slices the steaks thin and she fries it, well floured, in hot grease. Daughters Cindy, 7, and Kay, 5, join their parents in their liking for this meat. The four Williamses don't care too much for sweets but Mrs. Williams likes to make simple cakes for the family and also to take to First Christian Church suppers. Two recipes that are more or less "off the top of her head" are for using green beans and English peas. They are as follows:

BEAN CASSEROLE

- 1 No. 2 can sliced green beans, (drained)
1 can undrained mushroom soup
4 slices bacon fried until crisp
Arrange in baking dish and drizzle small amount of bacon grease over beans and soup then cover with grated cheese and heat 30 minutes in 325 degree oven.
ENGLISH PEA DISH
1/4 large onion chopped
4 slices finely cut bacon fried until crisp
1 No. 2 can tomatoes
1 No. 2 can English peas (reserve 1/2 of liquid)
Saute onions and fry bacon; add tomatoes and peas and simmer 30 minutes in frying pan.

MEAT CONCERN

- 1 No. 2 can cream style corn
1 No. 2 can tomatoes
Worcestershire sauce
Salt
3 tbsps. butter
1 pkg. fine noodles
1/4 cup chopped onions
1/4 cup finely chopped green pepper
1/2 cup chopped celery
1 1/2 lbs. ground beef
Pepper
1 small can mushrooms
1 cup tomato soup
Put corn and tomatoes in kettle and cook with salt and 2 tablespoonful of the butter. Boil noodles, wash and drain. Melt remaining butter in skillet and saute onions, green pepper and mushrooms slowly until onion is clear. Add celery, meat and pepper. Cook well; add to corn, tomatoes and tomato soup. Add Worcestershire sauce and taste for seasoning. Add noodles and simmer all together for 1/2 hour. Set back and let stand all night, if possible. One hour before serving, put in buttered baking dish, dot generously with butter and grated cheese. Bake at 325 degrees for one hour.
LEMON-APRICOT POUND CAKE
1 pkg. Betty Crocker lemon cake mix
1/2 cup apricot nectar
1/4 cup Wesson oil

His Name Is Susan

Center of attraction at the Don Williams home is Susan. Susan is shown in the arms of his young mistress, Kay Williams, who lets sister Cindy have a pat. Mrs. Williams shares favorite recipes with food page readers today.

2 tbsps. lemon extract
1 1/2 lbs. ground beef
4 eggs separated
Mix first five ingredients together.

Dress Up Chops For Main Course

- 1 cup uncooked rice
4 pork chops
1 onion, diced
1/4 green pepper, diced
1 can consommé
Brown the pork chops on both sides. Trim off excess fat from the chops before browning. Then, in a medium size casserole dish, mix the rice, onion and pepper. Place the chops on top of the mixture. Add enough water to the consommé to make two cups of liquid and add (with salt and pepper to taste) to the mixture. Cover and bake in a hot (400) degree oven for 30 minutes. Remove the chops and gently stir in the rice mixture. Replace the chops, and continue baking, covered, for 30 minutes. Serves four.

- er on low speed of mixer. Turn to medium and beat in egg yolks one at a time mixing thoroughly after each addition.
Beat egg whites and fold into mixture. Pour into stemmed cake pan which has been well greased and floured.
Bake in 325 degree oven one hour, 20 minutes (In gas oven bake one hour on low rack.)
Remove from oven and cool in pan 10 minutes then remove from pan. While cake is still warm glaze with:
1 cup confectioner's sugar, sifted
Juice of lemon
Grated rind of lemon
PEANUT BRITTLE
2 cups sugar

- 1 cup white Karo
1 cup water
Dash vinegar
2 cups raw peanuts
1/4 tsp. salt
Cook first four ingredients until soft ball stage. Add peanuts and salt then cook to hard crack stage. Add 1 teaspoon butter and 1/4 teaspoon soda. Stir slightly and pour immediately onto buttered cookie sheet. On candy thermometer 236 is soft ball and 295 is crack stage.
BUTTERSCOTCH PIE
1 cup light brown sugar
2 tbsps. flour
2 heaping tbsps. butter
2 eggs
1 cup cold water
1 tsp. vanilla
Mix flour, sugar and egg yolks until it forms a smooth paste. Gradually add water and butter. Stir over heat until thick. Add vanilla and pour into baked pie shell. Cover with meringue made by beating the egg whites with 3 tablespoon sugar. Brown in moderate oven.

Liverwurst Use

Ever add mashed liverwurst to the yolk filling when you are preparing stuffed eggs? Along with a hot soup, these make an excellent luncheon salad.

Prune Kuchen Makes Top Dessert For Everyone

By CECILY BROWNSTONE Associated Press Food Editor
Long ago good cooks found certain ways to use seasonal fruits to best advantage.

Take the fresh Italian prune—or maybe you like to call it plum. That small purplish sweet-tart fruit has a way of developing flavor when it is cooked in an oven dessert. One of these old-fashioned treats, popular in this country, is the offspring of the German kitchen. This traditional kuchen is a

cake-like bread made from sweetened yeast dough and topped with sugar and spice. German cook books also sometimes suggest that the dough may be "muerbe teig"—a rich pastry-concoction of flour, butter, sugar, lemon, egg yolks and a little water.

For fresh prune kuchen, American cooks sometimes use a cake-like version of muerbe teig. The following recipe does just that.

Top this dessert with cream, plain or whipped, and we think your eaters will gobble it up.

What are other fruits used for kuchen? Apples are a perennial but peaches, blueberries and cherries also win high rating.

And what about the spice that is always used in the topping? A search of cook books shows us that cinnamon is most often present. However nutmeg makes a fine alternate and we suggest it for this recipe.

FRESH PRUNE KUCHEN

- 1 1/2 cups sifted flour
3 tbsps. baking powder
1/4 tsp. salt
1-3 cup sugar

- 1-3 cup shortening
1/4 cup milk
12 fresh Italian prunes
1/4 cup sugar
1/4 tsp. nutmeg
3 tbsps. butter
Sift together flour, baking powder, salt and 1-3 cup sugar. Cut in shortening until fine; stir in milk; spread in bottom of a buttered baking dish (about 12 by 8 by 2 inches). Arrange pitted and quartered prunes over top. Mix 1/4 cup sugar and nutmeg; cut in butter to form crumbs; sprinkle over prunes.

Bake in moderate (375 degrees) oven 45 to 50 minutes. Serve warm. Makes 6 to 8 servings.

Casserole Meal Of Rice, Lamb

- 1 cup uncooked rice
1 1/2 lbs. lean lamb for stew
2 medium onions, chopped
1 tbsps. shortening or oil
1 small can green peas
1 No. 302 can tomatoes
1 1/2 tsp. salt
1/4 tsp. black pepper
2 cups hot water

Brown the lamb in the shortening. Place onions in the bottom of a well-greased 2 quart casserole. Add the rice, lamb and tomatoes. Pour hot water over mixture and season with salt and pepper. Cover and bake in a pre-heated hot (400 degrees) oven 40 minutes. Stir. Add a small amount of water if mixture is dry. Cover and bake 15 minutes longer. Before serving, add the peas. Serves six.

Make Supper A Meal-In-One

Simplify the supper menu and make it a meal-in-one dish relished by the family and nourishing to all.

MEAL-IN-ONE

Fry some onion rings in heated fat until tender. Remove from frying pan and place in well-greased casserole. Fry round steak (dredged in flour, seasoned with salt and pepper) until nicely browned.

Place steak atop onions in casserole. Then add some halved, pared potatoes, scrubbed whole carrots and, if you like, some turnip halves. Add about 1/2 cup water, sprinkle well with salt and pepper. Cover the pan with tight-fitting cover and bake in 350-degree oven for about 1 1/2 hours. If desired, add crisp cabbage wedges about 15 minutes before removing from oven. It's a whole, nutritious and colorful dinner in one dish.

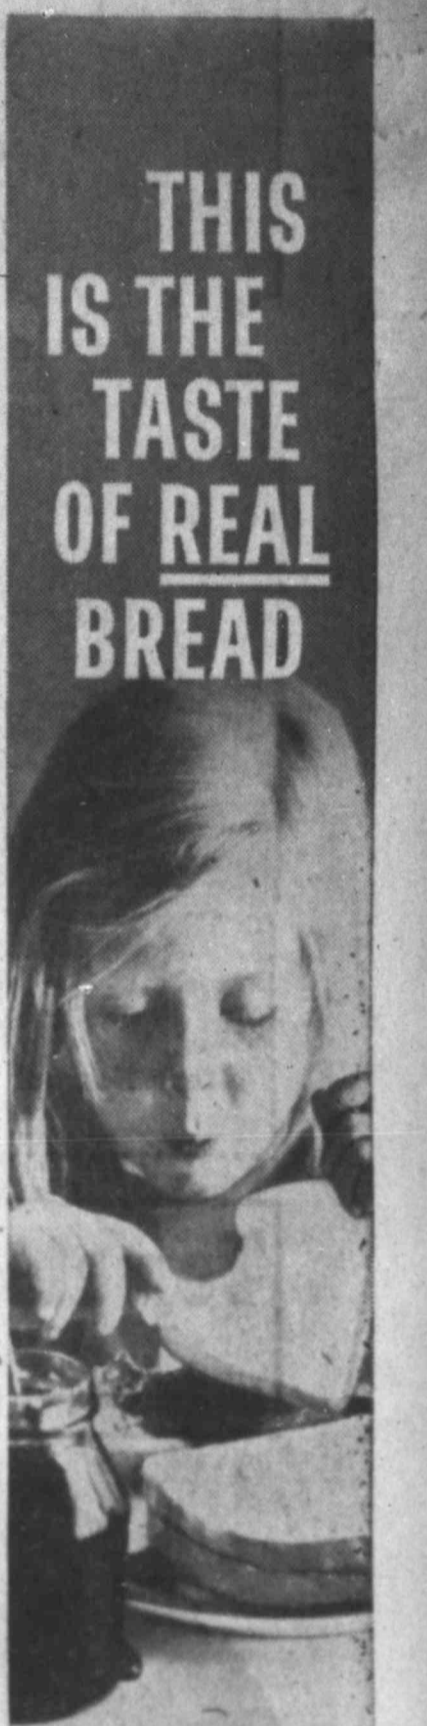

Cutlet Dip

Dip veal cutlet in egg beaten with a tablespoon of milk, then dip in fine bread crumbs (soft or dry) or cornflake crumbs.

For Jambalaya

Chicken, ham, shrimp and tomatoes plus rice may be the underpinnings for jambalaya—a fine buffet supper dish. Onion, green pepper and garlic add the seasonings.

Nutty Flavored Macaroni And Cheese With New Distinction

New distinction has come to old-fashioned macaroni and cheese. The surprise ingredient in this Noodle - Cheese Bake is nutty-flavored sherry. Sherry has the easy ability to combine with other foods, adding an elusive flavor which is delightfully exciting.

Serve this dish either as an accompaniment to the meat dish or as the star of the meal. Either way, glasses of well-chilled white dinner wine, such as a sauterne, chablis or a Rhine wine

Advent Of Spring Is Market Note

A trickle of imported fruits coupled with increased supplies of seed potatoes, onion and cabbage plants at Texas produce markets give additional proof of the advent of spring.

Watermelons and cantaloupes from Mexico have begun to arrive. Strawberries, mostly from California and Mexico, also are available. Shoppers will find limited offerings of plums, honeydew melons, nectarines and peaches from South America at some markets. Prices on these are fairly high, reports the Agricultural Marketing Service.

For fruit economy, consumers will do well to stick with winesap. Rome beauty and other apples; bananas and citrus. Grapefruit and oranges are some higher than last week, but still reasonable. Best buys among vegetables include cabbage, carrots, celery, potatoes, tomatoes, turnips and rutabagas. Tomatoes are slightly higher.

Also some higher are snap beans, lettuce and yellow squash. Bearing slightly lower wholesale price tags are peppers, cabbage and Mexican white onions.

Egg supplies are excellent and prices reasonable with larger sizes most economical. Lamb and turkeys are the only meats on USDA's February plentiful foods list but beef and pork continue in good supply at reasonable prices, too. Dry beans and rice, both noted for low-cost nutrition, are plentiful.

would make the meal doubly festive.

SHERRIED NOODLE-CHEESE BAKE

- (Serves 6 to 8)
1/4 pound wide noodles
1 (8-oz.) package process Cheddar cheese
4 eggs
1 1/2 cups milk
1/4 cup Sherry
1/4 tsp. Worcestershire sauce
Onion salt and pepper
Paprika

Cook noodles in boiling salted water until tender; drain. Shred cheese coarsely. Beat eggs slightly; stir in milk, wine and seasonings. Place alternate layers of noodles and cheese in a greased casserole, ending with a layer of cheese; pour milk mixture over all; sprinkle top with paprika. Set casserole in a shallow pan of hot water and bake in a moderate oven (350 degrees F.) for about 1 1/2 hours or until firm in the center.

Wash Temperature Stressed By Agent

Make sure the water temperature for washing is 140 to 160 degrees. Tub-temperatures may be much lower than that of the water heater, according to Mrs. Delaine Crawford, county HD agent.

The difference can be caused by cold water in the pipes; line loss or reduction in temperature when water travels through pipes; washer tub loss as the hot water enters the tub; dry clothes when put into water reduces temperature; wet clothes or pre-washed clothes reduces water temperature; and at the end of a wash cycle the temperature is less than the starting temperature.

For white linens and cottons water temperature should be 140 to 160 degrees; color fast items, 130 to 140 degrees; colored items, 120 degrees and below.

Stuffing Apples

When apple slices are being added to a stuffing for duck or chicken, some cooks like to cook the fruit briefly before putting it in the dressing. This pre-cooking assures that the apple will be tender by the time the bird is cooked.
