BIG SPRING DAILY HERALD

LATE BULLETIN

DALLAS (AP)—The Dallas Times Herald said today it had learned that 22 Southwest Conference basketball officials are in Austin taking lie detector tests. "All I know is that all of our officials are in Austin for the tests at their own requests," the newspaper quoted Abb Curtis, supervisor of Southwest Conference officials, as saying. The Times Herald said the polygraph tests were being made by the State Department of Public Safety, and that the results would be turned over to conference officials.

111 Die In Crash Of British Airliner

YAOUNDE, Cameroon (AP)—Rescue parties reached the charred wreckage of a chartered British airliner in a swamp near Douala today and found all 111 persons aboard dead. It was the worst civilian crash in history involving a single plane. Only one other single plane crash, that of a U.S. Air Force Globemaster in Japan in 1953, has taken a bigger toll—129. Two collisions of planes in the United States took 134 and 128 lives, respectively. Witnesses said the four-engine

DCTC seemed to make a normal takeoff for Europe in a light rain Sunday night, then suddenly plummeted into a swamp less than two miles from the airport at Douala, largest city in the West African republic of Cameroon. The plane exploded on impact and burned fiercely. The plane carried 101 passengers—among them three children—en route from South Africa, Rhodesia and Mozambique to Europe. It had a crew of 10, including three hostesses. The passengers included 42

Britons, many of them living in Rhodesia, 40 South Africans, and a sprinkling of Dutch, Germans, Danes, Australians, Irish and Italian. The nationality of three passengers was not known, but the airline said it knew of no Americans aboard. Rescue efforts during the night were hampered by darkness and the swampy terrain. The worst previous crash in Africa was that of an Air France Super Constellation in which 79 were killed in the Sahara on May 10, 1961.

Niki Prods Reds On Farm Problem

MOSCOW (AP)—Soviet Premier Khrushchev demanded today intensive development of the Soviet Union's agricultural system but warned against neglect of industry.

interests of nearly every person. The level of development of agriculture determines to a certain extent the well being of the people," Khrushchev was quoted. "Therefore, the further advance of agriculture and the increasing of the output of food products must be considered by us as a general party and general public matter."

Probers Seek Instruments Of Crashed Plane

NEW YORK (AP)—Salvage crews hope to recover today the flight recorder and instrument-laden cockpit section of the American Airlines plane that crashed in Jamaica Bay last Thursday, killing all 95 persons aboard.

Bomber Has A Day's Work

LOS ANGELES (AP)—A four-jet B58 bomber roared in from the sea across Los Angeles at 8:34 a.m. today to start a record-seeking dash to New York and back.

Indonesian War Fever Rises Again

JAKARTA, Indonesia (AP)—War fever is mounting again in Indonesia over West New Guinea, whipped up by air raid drills in all major cities.

Beating Victim Tags Suspect

SANTA MONICA, Calif. (AP)—Police say a tiny housewife identified a suspect as a husky Negro she says beat her savagely in her home.

A Clean Haul

LAMESA (AP)—A Lamesa automatic laundry was taken for a cleaning Sunday night. Burglars took \$500 from coin boxes.

Pioneer Atom Scientist Is Critically Ill

BERKELEY, Calif. (AP)—Dr. Arthur H. Compton, world-famous physicist and Nobel Prize-winner who directed the creation of the world's first nuclear chain reaction during World War II, remained critically ill today following a stroke Saturday.

Dr. Compton, 69, former chancellor of Washington University in St. Louis, entered the hospital Saturday suffering dizziness and nausea. He was stricken with a cerebral hemorrhage at 4 p.m. and has not regained consciousness, his doctors reported. Dr. Compton and his wife arrived here last month. As professor-at-large at the University of California he was to hold a series of seminars and lectures on man, science and society at various UC campuses throughout the state.

Powers To Talk In Open Session

Twisted Wreckage
A twisted section of the engine unit and two cars of the 12-car Northern Pacific Mailliner rest just feet away from deep, ice-covered Granite Lake near Athol, Idaho. The engine and fireman were believed drowned when the engine plunged into the lake and 8 cars left the tracks in a spectacular derailment. More than 80 passengers were hurt.

Senate Panel Will Hear Spy Pilot

WASHINGTON (AP)—U2 pilot Francis Gary Powers will tell his story in open session for the first time before the Senate Armed Services Committee Tuesday afternoon, Chairman Richard B. Russell, D-Ga., announced today. Russell made the announcement after a secret briefing by Central Intelligence Director John A. McCone before two Senate subcommittees which monitor the super-secret agency. The Georgia senator declined to give any personal evaluation of McCone's report, which was an account of the lengthy quizzing of Powers since his return to the United States. Russell did say McCone would repeat the briefing before the full Senate Armed Services Committee Tuesday morning. The two groups which heard today's report were subcommittees of the Armed Services and Appropriations committees. **OBEYED ORDERS** The closed briefing this morning lasted an hour and a half. Earlier it had been reported that a special board of inquiry found that Powers generally complied with orders on his ill-fated flight over Russia. In the aftermath of extensive interrogation Powers is likely to be revealed as a man who met with it reasonably well. The 33-year-old pilot reportedly has not been able to shed much light on how his plane was forced down deep inside the U.S.S.R. May 1, 1960. Powers, who had been sentenced to prison on spying charges, was released by the Soviet Union last month in exchange for Soviet master spy Rudolf I. Abel.

K Accepts Demand On Arms Parleys

WASHINGTON (AP)—The White House confirmed today that President Kennedy has received a message from Soviet Premier Khrushchev on the forthcoming Geneva disarmament conference.

U.S. disarmament chief William Foster said in a television interview Sunday night that the United States now wants an even tighter inspection system than it would have been willing to accept last year prior to Soviet nuclear test series which began in September after months of secret preparations.

He said the West would not be prepared to take Khrushchev's word that the Soviets would not test again. The new note from Moscow was expected to get personal attention from President Kennedy. He returned today from a weekend at Middleburg, Va.

Kennedy announced Friday night that the United States will resume nuclear weapons tests in the atmosphere in late April unless the Soviet Union signs an effective test ban treaty before that time.

The meeting of foreign ministers in advance of the general arms talks would deal primarily with the nuclear test ban problem. For the past three years negotiations on that particular issue were conducted by the three powers at Geneva until they broke down after the surprise Soviet test series.

Authorities said the note from Moscow put an end to the uncertainty which has troubled U.S. officials over the level at which the disarmament talks would start.

Kennedy Clan Set For Clash

BOSTON (AP)—Atty. Gen. Edward J. McCormack Jr. announced today, setting the stage for a head-on clash with the Kennedys for the Democratic nomination.

President John F. Kennedy's younger brother, Edward M. Kennedy, is expected to announce for the office soon.

Announced candidates for the Republican senatorial nomination are George Cabot Lodge, son of former U.N. Ambassador Henry Cabot Lodge, and U.S. Rep. Laurence Curtis.

Breathing Spell For Mardi Gras

NEW ORLEANS, La. (AP)—Mardi Gras revelers rested up today in preparation for the final big blast of the carnival season Tuesday.

Tshombe Claims Attack By U.N.

ELISABETHVILLE, Katanga, Congo (AP)—President Moise Tshombe claimed today 1,200 United Nations troops from Katanga have launched a surprise attack this morning on the nearby town of Kaminaville, Katanga.

Sen. Russell said McCone will be asked to duplicate his testimony Tuesday for the full Armed Services Committee.

After a conference with Chairman J. W. Fulbright, D-Ark., Sen. John Sparkman, D-Ala., told a reporter the Senate Foreign Relations Committee is interested only in completing its 1960 inquiry. "We are not interested in persecuting Powers or in making him a hero," Sparkman said. "He will be called only if the committee feels that action is necessary to round out its record."

Wealthy Brothers Face Suit For Income Taxes

LITTLE ROCK, Ark. (AP)—Two brothers who made a fortune in farming and finance went into federal court today to defend themselves against a government suit which alleges they owe \$9.5 million in back taxes, penalties and interest.

Sen. Russell said McCone will be asked to duplicate his testimony Tuesday for the full Armed Services Committee.

The suit has been pending against George and Andrew Florida since 1959. The government then put 19 of the brothers' corporations into receivership and filed criminal charges of income tax evasion against them.

Others estimate the brothers' net worth at about \$1.5 million and there has been no guess as to the extent of their holdings before the suit was filed.

The government seeks to foreclose on liens for the years 1948 and 1951 through 1954. The brothers have denied the liens and have some suits of their own pending for tax refunds. About half the \$9.5 million is for taxes, the rest in interest and penalties.

Air Test Crash Kills Inventor

SAN DIEGO, Calif. (AP)—An experimental aircraft called a Skyscooter crashed at a Civil Air Patrol demonstration Sunday and killed its inventor, Herman A. Szaifeld, 32, head of the Szaifeld Aircraft Co. of suburban Santee.

The Skyscooter, resembling a midjet helicopter, crashed from a height of 100 feet. Szaifeld was flying alone.

The Skyscooter was driven by a pusher propeller. It had a non-powered rotor on top to give it stability.

Cold Air Chills State

By The Associated Press
Another batch of cold air fanned southward across Texas Monday. The mercury sank to 15 degrees above zero at Dalhart in the Panhandle and it was freezing or only a little above over the northern third of the state. At the same time Brownsville at the south tip of the state had a 50-degree reading.

'Irate Wives' Declare War

More than fifty wives picketed Fort Devens in protest of the treatment they claimed their husbands have been getting as Army reservists. The women say they want their husbands discharged

or a definite release date announced by the Army. They announced they will march on the Pentagon in Washington if the picketing of Fort Devens, Mass., gets no action.

50 Communists Killed In Battle

SAIGON, South Viet Nam (AP)—South Vietnamese paratroopers killed about 50 Communist guerrillas in a major engagement which ended today near the Cambodian border, the government reported.

The paratroopers, whose strength was withheld, responded to a call from a beleaguered outpost in Tay Ninh Province about 80 miles northwest of Saigon.

Earlier the government claimed about 100 Communists had been killed but later revised the figure.

Dies Of Injuries

WICHITA FALLS (AP)—Sidney Nick, 17, of Cortes, Colo., died Sunday of injuries suffered Feb. 18 in a traffic accident near Muleshoe. He was on route to Wichita Falls at the time.

Back To Sunlight

Sailors leave an experimental underground nuclear fallout shelter on the run. One hundred of them spent two weeks in the 25 by 48-foot shelter at the Bethesda, Md., Naval Medical Center.

Secret Army Sets Off Record Bombing Show

ALGIERS (AP) — A record-breaking wave of 135 plastic bomb explosions rocked Algiers for 90 minutes before dawn today in a new demonstration of strength by the European Secret Army Organization.

Twelve persons were injured, but no deaths were reported from the thundering blasts.

Police headquarters said 13 men were arrested either fleeing the scenes of the blasts or preparing to set off new charges. They furnished three of what police estimated were a score of teams that carried out the attacks.

Most of the blasts were aimed against Moslem stores or parked automobiles belonging to Moslems. Police said no public buildings were damaged.

Thousands of Europeans in night clothes crowded to their windows and onto balconies, listening to the blasts and counting them. Cheers went up in the Bab-el-Oued section with every explosion.

"It was a real festival," one European woman said beaming. European settlers close to the right-wing underground said the operation was part of a Secret Army plan to keep the Moslems in check.

The explosions ended at daybreak with the same suddenness they began in an expertly timed, massive show of strength by the European terrorists.

By noon life in Algiers appeared normal again except for tense troops patrolling the city.

The wave of plastic explosions came on the heels of a government communique which said the authorities were scoring important progress in their fight against the Secret Army.

The first blasts went off at 4:45 a.m. in the heart of the capital and then spread with rapid-fire precision to all sections of the city.

Rows of shop windows were shattered, covering several streets with glass and debris. Many stores were set on fire.

The raiders stormed clear of heavily guarded government buildings.

Troops and police patrolled downtown Algiers in a nightmarish atmosphere. Bursts of machine-gun fire were heard.

The bombing was the first major outbreak by the underground army to hit Algiers in two months. The secret army showed increasing boldness and desperation with the final peace accord between the Algerian Moslem nationalists and French President Charles de Gaulle coming closer to pave the way for Algeria's independence.

Eleven of 13 Italian newsmen covering the Algerian developments fled home after being threatened with death. American and British reporters were warned to watch their step—or else.

The one Italian correspondent who chose to stay, Nicola Caracciolo of Rome's Il Giorno, went to French government general headquarters accompanied by American and British newsmen to appeal for protection.

"We cannot protect our own people," one French official told them. "How do you expect us to protect you?"

Hunger Strike By Guardsmen

FT. BRAGG, N.C. (AP)—Army officials may be able to determine in the next few days how many of the 550 men of a New Hampshire National Guard unit are on a so-called "hunger strike."

Some members of the 4th Howitzer Battalion, in an effort to learn when they will be released from active duty, began boycotting mess halls last Friday.

The outfit was to begin three days of routine training in the field today and field kitchens have been told to advise how many men eat in the kitchens. The field training is routine, and was not prompted by the boycott, officials said.

This will be the first time since the mess hall boycott began that the men will have no opportunity to eat at the post exchange or elsewhere. They admit they've been eating at the PX and civilian restaurants.

One officer called the boycott nothing more than "a malted milk and hamburger kick."

Candidates Beat Saturday Deadline

LAMESA (SC) — W. L. Gilliam and Reid Bethel filed Saturday as candidates for Lamesa City Council and will oppose incumbents Jack Mitchell and Charles King.

Gilliam filed for Place 1 on the council, opposite Mitchell, and Bethel for King's Place 3 post.

Mayor Guy Weekes is unopposed in the April 3 election. The three incumbents are currently finishing first terms on the council.

No More Callups, Rudder Reports

DALLAS (AP)—Maj. Gen. Earl Rudder, commander of the 90th Division, says no further callups will be necessary for reservists or National Guardsmen because two new regular Army divisions have been created.

Rudder, also president of Texas A&M College, was here Sunday to visit the 90th Division Artillery, commanded by Brig. Gen. Graber Kidwell.

The division will have summer training June 2-16, he said, at Ft. Polk, La., where the Texas National Guard's 49th Armored Division is on active duty.

Balloon Explodes

CHICO, Calif. (AP)—Air Force plans to send two men aloft in a balloon to view the planets were set back when an unmanned balloon to test the plans exploded Sunday over the High Sierra at about half the altitude it was expected to reach.

DEAR ABBY

A Little Bit Too Clean!

DEAR ABBY: Tell "ONLY HIS WIFE," whose husband took a bath about once a year, that I will be glad to change husbands with her. I have one who is a real nut on cleanliness. He showers every morning, and if we go out that evening he showers again. Then, no matter what time we get home, before going to bed, he takes another shower.

I have had 26 bath towels, 16 pairs of socks, 14 pairs of shorts and 7 pairs of pajamas in the wash in one week! Please don't get the idea that I am sloppy, because I am not. I'm for cleanliness, too, but a person can overdo the immaculate bit.

MR. CLEAN'S WIFE
DEAR WIFE: Hang onto your super-immaculate husband. Moderation is, of course, ideal in all things, but if your husband must go overboard in one, be glad it's soap and water.

stop a little, silver-haired lady got on. Nobody offered her a seat, so I got up and gave her mine. She was very grateful. She got off when we did, but my girl friend was so mad she gave me my class ring back. She said I was a sap and should have sat there and kept her company. Now my mother-in-law is as old as this silver-haired lady, but I've had it drilled into me since I was a child to respect age. Do you think my girl should have broken off with me over something like that?

LOST MY GIRL
DEAR LOST: I think you are lucky to be rid of her. A girl who would give you the gate for showing courtesy and consideration to an elderly person is not worth worrying about.

Still worrying about the same old problem? Write to Abby for a personal reply. Enclose a stamped, self-addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send 50 cents to Abby, Box 356, Beverly Hills, Calif.

Race Bars Down

WINSTON SALEM, N.C. (AP)—The 400-member Wake Forest Baptist church removed all racial barriers Sunday in what officials said was an overwhelming vote of the congregation.

MEN PAST 40

Troubled with GETTING UP NIGHTS Pains in BACK, HIPS, LEGS Tiredness, LOSS OF VIGOR

If you are a victim of these symptoms then your troubles may be traced to Glandular Inflammation. Glandular Inflammation is a constitutional disease and medicines that give temporary relief will not remove the causes of your troubles.

Neglect of Glandular Inflammation often leads to premature senility, and to incurable conditions.

The past year men from 1,000 communities have been successfully treated here at Excelsior Springs. They have found soothing relief and a new zest in life.

The Excelsior Medical Clinic, devoted to the treatment of diseases peculiar to older men has a New FREE BOOK that tells how these troubles may be corrected by proven NON-SURGICAL TREATMENTS. This book may prove of utmost importance in your life. No obligation.

EXCELSIOR MEDICAL CLINIC
Dept. 89118
Excelsior Springs, Mo.

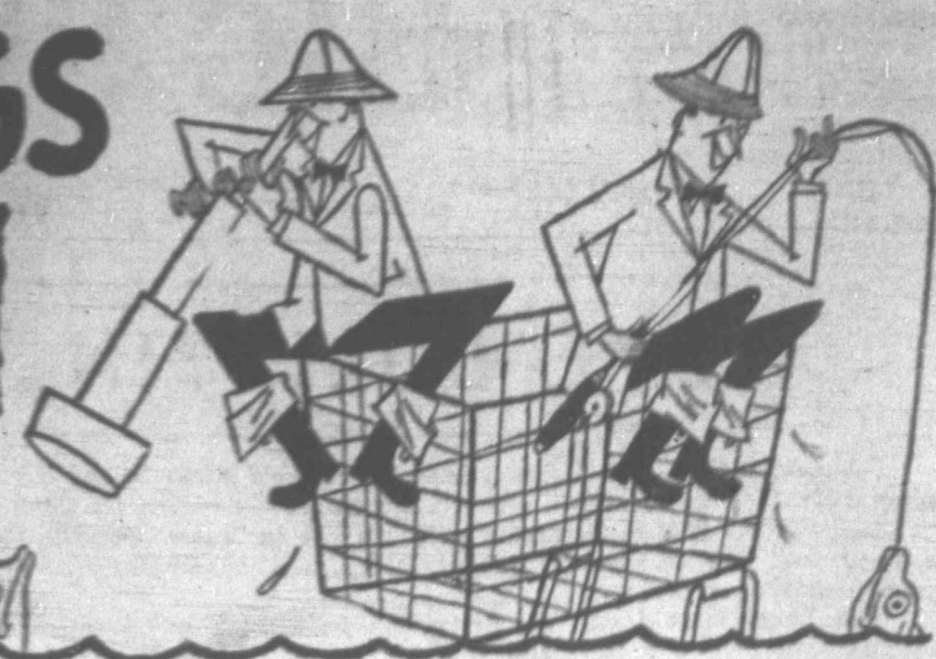

gentleman kindly send me at once, your New FREE Book. I am interested in full information (Please Check Box)

Typhoid's Worse Than That?

Sandra Holley, 4, takes a dim view of the needle at the typhoid fever vaccination center at Milton near Huntington, W. Va. Milton was hit by high water and townspeople took typhoid shots as a precautionary measure. Sandra is the daughter of Mr. and Mrs. Robert L. Holley of Milton.

Seabees Observe 20th Anniversary

GREAT LAKES, Ill. (AP)—The Seabees, those muscular men who can wield either a sword or a plowshare, observed their 20th anniversary today.

The U.S. Navy construction battalions were established in 1942 to build and repair overseas bases—and, if necessary, to defend their handiwork against the enemy.

They have worked in war and peace from the tropics to the polar regions. They are still at it as a permanent part of the nation's naval arm.

They are building missile tracking stations in the Pacific, bases in the antarctic and housing units in places as far apart as Greenland and Guam.

Since this is the official birthday of the Seabees, the drum beaters at this naval station beat the drums for them.

Perhaps the classic World War II story involved a group of U.S. Marines who stormed ashore at

New Georgia Island in the Pacific expecting stiff Japanese resistance. Instead, a Seabee officer walked out of the jungle and greeted their surprised commanding officer.

"Colonel," he said, "the Navy Seabees are always happy to welcome Marines to enemy-held territory."

On another Pacific island, the Seabees built a 3,500 foot airstrip in a dense jungle in less than 13 days. Similarly, they were slowed down by 16 inches of rain.

Another Seabee outfit built a camp for 6,000 men, complete with housing units, mess hall, utilities and roads, in 17 days.

On Tinian, an island in the Marianas, the Seabees laid 6 million square yards of asphalt, enough to pave a road from Chicago to Milwaukee and back again, in 3 months.

The Seabees have been decorated with hundreds of laurels. But probably the highest praise came from a captured Japanese major who had been hiding in a cave on Iwo Jima for several weeks.

Led from his hiding place, the major looked in awe at how the Seabees had rebuilt the demolished island and said: "Impossible."

Actor Praises Integration Work

NASHVILLE, Tenn. (AP)—Actor Sidney Poitier, making a surprise appearance at a fund-raising rally of the Nashville Christian Leadership Council, praised the energy and work of Southern young people working for racial desegregation.

"I want to say thank you for the work you have done," the Negro actor said Sunday. "And to ask that you give me some encouragement to take to my Northern friends who sometimes are too complacent."

He said Northerners "overlook the insidious segregation of the North because the spotlight is on the South."

BACKACHE & NERVE TENSION SECONDARY TO KIDNEY IRRITATION

After 35 common kidney or bladder irritations often occur and may make you sore and nervous from too frequent, burning or itching urination both day and night. Fortunately, you may now sleep and suffer from Headaches, Backache and feel old, tired, depressed. In such irritation, CISTEX usually brings fast, relaxing comfort by curbing irritating action in urine, acid urine and by giving analgesic pain relief. Get CISTEX at drugstore. Check up and feel better fast.

LISTEN TO GOD

By A Christian Writer

"I will hear what God the Lord will speak" (Psalms 85:8).

In religious matters our question must always be, "What does God say about it?" He alone is authority. Men want it otherwise, and say, "The consensus of opinion is..." or, "The Reverend So-and-So says..."

God has spoken on the matter of salvation.

First God has spoken concerning men's need for salvation (Isa. 55:9; 64:6).

Then God has spoken concerning the perfect sacrifice provided to save men (Heb. 9:13, 14).

Also He tells man how to reach the shed blood of Christ, that his salvation may be assured (Rom.

6:3). God's message on salvation is as plain as words can make it and as examples can show it (Acts 2:37, 38; 8:12, 5-38; 22:16).

Welcome to our services. We promise to give you a "thus saith the Lord" for every thing we preach. Bring your Bible; also your note pad. Check everything by your own Bible.

Now in progress: Wednesday night lecture series. Speaker this Wednesday, 7:30 p.m., Paul Rogers, from 4th and Elm Church, Sweetwater, Tex. Subject, "Love."

You are always welcome at the church of Christ, 3900 West Highway 18, T. H. Tarbet, preach (on Australian preaching mission till May 15), Box 1381—adv.

Organ Artist Here Tuesday

Music fans will get to hear a "first" for this section Tuesday evening when Richard Ellsasser, organ virtuoso, is presented in concert here.

One of his selections will be the Don Gillis organ concerto, and the Big Spring Senior High School band will accompany him in this number.

The band rehearsed with Mr. Ellsasser Sunday afternoon and the results were quite pleasing. A second and final rehearsal is set for this evening at the Municipal Auditorium.

Many people, among them the parents of band members, have expressed a desire to hear the program, and because of the band's part the Big Spring Concert Association is suspending the rule against single admissions. For the first time, those without season memberships but desiring to hear Mr. Ellsasser's program may be admitted at \$1 each.

Don Gillis, a Fort Worth product and formerly a director of the Texas Christian University band, later went to New York and was on the NBC music staff. He has written many compositions, and his organ concerto is said to be the only one with band accompaniment.

Mr. Ellsasser arrived here Saturday in order to prepare the equipment for the concert and to rehearse with the band. His wizardry on the organ has become almost a legend, and his reputation includes some 500 selections.

His program, set for 8 p.m. Tuesday at the auditorium, will be the final in the current series of the Big Spring Concert Association. Special equipment for his concert has been received and is in readiness for the program.

Mr. Ellsasser's program may be admitted at \$1 each. The band rehearsed with Mr. Ellsasser Sunday afternoon and the results were quite pleasing.

Voting Booth Bids Delayed An Extra Week

Purchase of 54 voting booths for Howard county's election boxes has been delayed an extra week by the Howard County Commissioners Court.

Two bids were opened on Monday morning. One of the bidders, the Hall Venetian Blind Co., Big Spring, asked to amend its bid to include storage cases for the booths.

The court, after discussion, decided that correcting a bid after the matter had been laid before the court was improper and therefore, in order to insure fair consideration, asked that new bids be opened at 9:30 a.m. next Monday.

Joe Hayden moved that the bids be rejected and new bids sought. The motion was seconded by L. J. Davidson and unanimously adopted.

The bids of the two firms opened Monday were within a few dollars of being the same. Maverick-Clarke's bid for 12 master booths and 42 annex booths in steel was \$1,194.95 and for the same booths in aluminum \$1,394.20.

Hall's bid for the 12 master booths and 42 annex booths in steel was \$1,175 and for aluminum \$1,375. His bid did not include the storage cases but he stated that he would provide cases and that his prices would be unchanged.

The National Aeronautics and Space Administration said it is possible that the sphere, originally 100 feet in diameter, may have shrunk to half or even to one-fourth its original size.

Its shape, once symmetrical, also may have become so distorted as to give the impression that after more than a year and a half in orbit it is only 25 to 50 feet in diameter.

Even so, a NASA spokesman said, the aluminum-coated plastic spaceball may remain in orbit for another 12 to 18 months.

When it was launched in folded form Aug. 12, 1960, ejected from its container and inflated high above the earth, there were some guesses Echo might last only a week or two.

The satellite will come into day-break view in the Northern Hemisphere again this week, but it may be a bit harder to find than on earlier circuits of this part of the world.

The satellite also shed light on the ability of fragile structures to retain shape and form in space in spite of great temperature variations.

It also has provided new information on the amount of atmospheric resistance existing at its altitudes, and on the previously unknown effects of so-called solar winds.

Echo was used successfully for many weeks as a passive communications relay satellite. There were frequent and regular message exchanges between Holmdel, N.J., and Stump Neck, Md., by means of radio signals bounced off the sphere when its orbit brought it over the eastern part of the United States.

In its first year Echo was used in 150 significant communications experiments. Echo is circling the earth about every hour and 48 minutes at altitudes of 715 to 1,164 miles.

News Association Officers

New officers of the Texas Daily Newspaper Association, elected at Harlingen, are left to right: M. J. Butler of the Houston Chronicle, treasurer; Allan Engleman of the Edinburg Daily Review; president; W. R. Beaumier, of the Lufkin News, vice president; and Dick Brown of the Austin American-Statesman, new director. Not shown is another new director, W. P. Hobby Jr., of the Houston Post.

Echo Satellite Comes In View Again Tuesday

WASHINGTON (AP)—The Echo balloon satellite comes into day-break view in the Northern Hemisphere again this week, but it may be a bit harder to find than on earlier circuits of this part of the world.

The satellite will come into view over North America this week in the hours just before dawn. It generally will be low on the southern horizon, moving northeast.

About three weeks later, it will be visible in the northern hemisphere at dusk. NASA said the satellite should be visible Tuesday over El Paso at 5:12 a.m. local time, and Wednesday over Dallas and Waco at 5:27 a.m. and Beaumont and Galveston at 5:28 a.m.

The temperature dropped to a chilly 23 degrees early Monday morning to record the sixth night out of the past seven in which sub-freezing temperatures have occurred in Big Spring.

The persistent, biting cold has played havoc with flowers, shrubs and trees and each night that the recurrence of unseasonable cold occurs, the damage is increased.

Starting on Feb. 27, the cold began with a low reading of 21; on Feb. 28, it was 11 degrees; Feb. 29, saw the chill drop to nine degrees and this same low reading was repeated on March 1. March 2 hit 18 degrees.

Saturday was the only day when the low stayed above freezing—it was 38 degrees that morning. Sunday the cold returned with a 25 degree reading and Monday it fell two more degrees for a low of 23. A chill wind increased the discomfort.

No moisture of any kind has occurred and the crisis created by the prolonged dry weather is becoming increasingly acute.

Another Mail Pouch Is Found. A mail pouch, reported as missing from the T&P railroad yards Dec. 19 when two other sacks were found opened and mail scattered, was found Sunday morning in the coal and ice shed in the rail yards.

Fred A. Smith, railroad employee, reported the find. Police said that the sack had been cut open and some of the letters opened.

Postoffice officials said the pouch was one of those from O'Donnell, which came to the railroad yards on a truck Dec. 19, and were loaded on a hand truck while waiting for the mail train.

One of the sacks was found under a freight car. The sack found Sunday was reported missing at the time the first was found.

Cub Scouts in Pack 139 hiked to the top of scenic Mountain Saturday morning for a picnic. Mr. and Mrs. Dick Piper accompanied the boys.

Water Line Pact Reached

An agreement was reached Friday for lowering the Moss Creek Lake water line where it is partially exposed near the Marcy Drive-Birdwell Lane intersection.

A contract between the City of Big Spring and Lloyd F. Curley, calls for moving the 14-inch water line, to an alley easement south of the Monticello Addition.

The water line connects Moss Creek Lake to the city's water filter plant and is now partly exposed on property owned by Curley east of Birdwell and north of March Drive.

Final agreement was reached, and the contract signed, following discussion of easements, surplus dirt, and costs, between Mayor Lee O. Rogers, Commissioner, John Taylor, CRMWD Board Member Ward Hall, and Curley.

Under the contract the city is to prepare plans and specifications and advertise for bids for relocation of the water line. The City will pay \$4,900, plus engineering and inspection costs on the contract, and Curley will pay the difference between contract price and \$4,900. Curley will also move all dirt on his property not needed in relocating the line.

A 10-foot easement, paralleling the south side of the 15-foot alley, for work on the line, and a 30-foot easement from the alley south in Miami (extended), were agreed to.

Relocation of the line will include a new section leading from Birdwell, and paralleling it, to the alley, east on the alley to Miami, and south on Miami to connect to the original line leading east.

When the relocating is completed the City of Big Spring will release a 30-foot easement across Curley's property from Birdwell to Miami, present site of the line. The line was formerly used for pumping water from Moss Creek Lake to the city filter plant, and may still be used for that purpose. But it is now being maintained to keep the lake at proper level by CRMWD for furnishing repressuring water to two oil companies.

One Day Left To File For County Board. None of the present members of the Howard County School board whose terms of office expire this year have filed for re-election and there is no candidate as yet listed for one of the three posts at stake.

Deadline for filing for this race and for all school trustee races, expires at 5 p.m. Tuesday. Candidates file their names with the county judge's office.

Two candidates are in the field for county board positions. Paul Bishop has filed for Precinct 4 and Jack Buchanan for trustee at large. No one has filed for the seat from Precinct 3. Truman Jones is presently trustee at large, Robert J. Cook is trustee from Precinct 3 and Jim G. Lewis is trustee from District 2.

No candidates have filed for places on the Center Point and Gay Hill common school district boards. If no candidates are filed, the election will be determined by write-in votes.

A slate of four candidates for three posts on the Farsan County Line independent school district board are on file. Candidates are John M. Nobles, Bob Cowley, Paul Lancaster and Stanley Wells.

Three trustees are to be elected on the Gay Hill common school district board. Candidates filed are R. W. Harrison, H. L. Montes, Weaver Brown and Hollis Puckett.

Bomb Banners Stage Another Public Sitdown. NEW YORK (AP)—Demonstrators today staged another public sitdown in protest against the United States decision to resume nuclear testing in the atmosphere, and many of them were promptly hauled off to jail.

Three Enter Guilty Pleas

Three defendants charged with shoplifting pleaded guilty before County Judge Ed Carpenter Monday morning.

Earnest E. Murphy, charged with stealing three sockets from the Western Auto Supply, drew a sentence of 30 days in the county jail.

Imogene Jones, charged with taking four pair of socks and a bottle of cold tablets from Gibson's was fined \$25 and costs.

Howard Kerr, accused of stealing a radio from Gibson's, was sentenced to serve 60 days in the county jail.

Cori Zucker Crowder, Odessa, arrested for DWI on Sunday, pleaded not guilty. Bond was set at \$500 and she was released from custody.

Police Report Busy Weekend

Several burglaries, shopliftings, and other activities were investigated by Big Spring police during the weekend.

A man was arrested and placed in the city jail late Saturday after he was apprehended outside the Big Spring Hardware store, 117 Main, with items taken from the store found in his possession.

At the same time officers found tools taken from Sears Roebuck, Western Auto Store, and Montgomery Ward. He was identified as having been in all the stores. The man gave his address as Phoenix, Ariz.

Gibson's Discount Center also reported shoplifting, and a Negro woman was arrested after several items were found in her purse. A witness said he watched her put the merchandise in her purse and waited until she was outside where he stopped her and called police.

Around 3 in change was reported taken from a cigarette machine and juke box at the Liberty Cafe, 103 W. 1st, some time Sunday night. Ruth Alexander, discovered the damaged machines when she opened the cafe Monday morning. Entry was made by breaking a glass in the back door.

A truck driver from Houston called police at 3 a.m. Monday when he saw a man break the glass from the front of Bollinger's Variety Store. A \$49.95 transistor radio was reported missing. The driver identified one of two arrested suspects. The identified man is being held in the city jail pending further investigation.

Police Training Classes Begin

An in-service training course for new men on the Big Spring police force, which will also serve as refresher courses for all other officers, began this morning at the police station. L. L. Robertson, of the Federal Bureau of Investigation, will be instructor.

Subjects to be covered in the one-week school will be: interviewing, taking voluntary statements, crime scene investigation, report writing, testifying in court, techniques and mechanics of arrest.

Evans Named Honor Pilot

Capt. Vincent J. Evans Jr., was named Webb AFB's Pilot of the Month at the monthly dinner held at the Officer's Club building Friday night.

Capt. Marvin C. Zepf was introduced as a new officer at the base. Officers receiving T-38 up-grading certificates were: Maj. Herbert H. Dahme, Capt. Frank J. Johnson, Capt. Robert L. Ziman; First Lieutenants Dennis L. Anderson, Robert F. Bateman, Robert G. Chandler, John E. Graud, Joseph M. Hitzel, Frederick D. Parent, William E. Rees, Richard C. Swainston, Herschel O. Wells, Eugene O. Westback, and Robert L. Hoover.

T-37 up-grading certificates went to Capt. George O. Guss, Capt. William F. Nolan, and First Lieutenants Lawrence W. Allen, Hubert L. Blake, and Neal T. Reavely.

Four officers leaving the base for new tours of duty were: Capt. A. D. Johnson, to Laughlin Air Force Base, Del Rio; Capt. Charles A. Just (60 PTS) to F-101s; Capt. James W. Shattuck (61 PTS) to the Navy on Exchange; and Capt. Angus McPhail (Standby) to Japan.

Dies In Fire

ODESSA (AP) — Mrs. Nellie Urias, 34, died in an early morning fire that swept through her trailer home today.

Car Stolen Here Found Later At Colorado City

A car, reported stolen from the Garland Sanders Trucking Co. parking lot at 9:45 p.m. Saturday, was recovered after it was abandoned in Colorado City. T. C. Thornton, 1901 W. 6th, owner, told officers that his wife saw the car on the parking lot at 4 p.m. Saturday, but that it was gone at 7:30 when he started home.

Colorado City officials heard the radio report on the stolen vehicle and told Big Spring officers that it had been found abandoned and out of gas there.

A bunch of hub-cap thefts were reported over the weekend. Included were: two from a car owned by Carroll Davidson, 1002 Baylor; four from a car owned by Donnie Clanton while parked at the Big M; two from a car owned by R. L. Holley, 1401 E.

A-Plant Working At South Pole

WASHINGTON (AP) — The Atomic Energy Commission says its atomic power plant at the South Pole is now in operation.

The medium-sized portable power plant at McMurdo Sound, the first in the antarctic, achieved a controlled, self-sustained chain reaction Saturday afternoon, the commission reported Sunday.

After further tests the plant will be used to produce 1,500 net kilowatts of electricity for McMurdo, the principal support base for all U.S. scientific activities in the icy continent.

Mercury Dips Low Again

The temperature dropped to a chilly 23 degrees early Monday morning to record the sixth night out of the past seven in which sub-freezing temperatures have occurred in Big Spring.

The persistent, biting cold has played havoc with flowers, shrubs and trees and each night that the recurrence of unseasonable cold occurs, the damage is increased.

Starting on Feb. 27, the cold began with a low reading of 21; on Feb. 28, it was 11 degrees; Feb. 29, saw the chill drop to nine degrees and this same low reading was repeated on March 1. March 2 hit 18 degrees.

Saturday was the only day when the low stayed above freezing—it was 38 degrees that morning. Sunday the cold returned with a 25 degree reading and Monday it fell two more degrees for a low of 23. A chill wind increased the discomfort.

No moisture of any kind has occurred and the crisis created by the prolonged dry weather is becoming increasingly acute.

Another Mail Pouch Is Found

A mail pouch, reported as missing from the T&P railroad yards Dec. 19 when two other sacks were found opened and mail scattered, was found Sunday morning in the coal and ice shed in the rail yards.

Fred A. Smith, railroad employee, reported the find. Police said that the sack had been cut open and some of the letters opened.

Postoffice officials said the pouch was one of those from O'Donnell, which came to the railroad yards on a truck Dec. 19, and were loaded on a hand truck while waiting for the mail train.

One of the sacks was found under a freight car. The sack found Sunday was reported missing at the time the first was found.

Beer Licenses Suspended At Six Northside Places

Six establishments in Big Spring which hold beer licenses were placed under suspensions this morning for violation of State Liquor Control Board regulations. C. B. Arnold, in charge of the LCB office here, made the announcement.

Orphans Get Ranch

Attorney General Will Wilson, right, hands to Texas Youth Council Director Dr. James Turman a deed to a \$200,000 ranch and a check for \$12,466. The deed to the 4,160-acre ranch in Bell County and the check was left to the orphans by the late Mrs. Parrie Haynes. Litigation over the estate has gone through the courts, with the donation to the children upheld.

Weather Slows Farm Activities

COLLEGE STATION (AP) — Summerlike temperatures ended in the state last week. Winter conditions halted most outdoor farm activity, said director John Hutchison of the Texas Agricultural Extension Service.

Moisture improved in some areas, the director added, but southern and western sections are still dry. The below freezing temperatures caused an increase in livestock feeding. The rapid recovery of small grains and pastures was affected and blooming and budding fruit trees were hard hit.

Stock water was getting low; cattle are losing weight and most stockmen are feeding in deep South Texas. The lack of moisture is becoming critical. Cotton and grain sorghum planting is on in the Rio Grande Valley and Coastal Bend but dryland areas are generally too dry to plant.

PLANTING DELAYED
Cold, dry weather is holding up corn and sorghum planting in the southwest counties of South Central Texas. A severe outbreak of cutworms broke out on replanted flax land. Feeding is picking up. The calf crop was listed as fair to good. Lambing and kidding and sheep and goat shearing have started.

Rain and cold have replaced the balmy weather and delayed seedbed preparation in the upper Gulf Coast area. Some early corn is up to a stand but most is yet to be planted. Watermelon land is ready and vegetables are being planted. Warm weather had stimulated grass and clover growth but feeding is continuing. Cattle are in fair to good condition.

RAPID PROGRESS
Moisture is adequate in East Texas and oats were making rapid progress until the cold hit. Some watermelons had been planted. Pastures are average and cattle are in good condition. Scattered showers, ice and snow halted most outdoor activities in Central Texas. Moisture is still short in some counties. Oats had made rapid recovery and were providing good grazing in eastern counties of the district. Livestock are normal with feeding continuing. Goat shearing is beginning. Moisture is short in the top soil

in Central West Texas. Wheat looks good. Oats are still sick from the cold and dry conditions and some are being plowed under. Pastures are below normal and providing only dry grass. Heavy feeding is continuing. Calving, lambing, kidding and goat shearing is under way.

MOISTURE DEPLETED
Moisture is needed for crops and grass in far West Texas. Dry windy weather and high temperatures before the norther hit had further depleted soil moisture. Feeding is continuing with calving about 90 per cent complete. Farmers are busy plowing.

It is cold and wet in Northeast Texas. Small grain pastures were providing some grazing but pastures were rated only about average. Cattle were generally in good condition and the market was steady.

Rain improved the moisture situation in North Central Texas but slowed field activities. Top dressing small grains and the deep placement of fertilizer under cotton land were major activities when the latest cold front hit. Grains had made excellent growth. Feeding is continuing and stock are in fair condition.

IRRIGATION
Grains are being irrigated in the Rolling Plains (Vernon) due to a lack of moisture. Stock water is short in several counties. Small grain growth was fair until the cold hit. Grain mites and army worm damage was reported in two counties.

Surface moisture is short but subsoil moisture is generally adequate over the South Plains (Lubbock). The cold halted outdoor activities. Plowing, fertilizer placement and some prevent irrigation were major activities before the cold hit. Grains had made good recovery with no disease or insect troubles reported. Livestock were in good condition. The shortage of tractor drivers was critical in west and southwest counties. Moisture ranged from adequate to short in the Panhandle. Grains had made good growth up until the cold hit on Monday. Light greenbug infestations have been reported in several counties. Livestock are in good condition.

Final Par Clinches Campbell's Victory

BATON ROUGE, La. (AP) — A faint grin played across the face of Joe Campbell as he walked off the 18th green after sinking a five-foot putt for par. It was the first change in expression for Campbell throughout the marathon 36-hole windup of the \$20,000 Baton Rouge Open. Then he broke into a big smile as he accepted congratulations for his first tournament victory in the PGA tour since last November's Beaumont Open.

Campbell, 26, was poker-faced as he played the final two rounds, a cigar clenched between his teeth. He carded a 67 and a 69 Sunday to go with a 68-70 for a 274-hole total, 14 strokes under par and two ahead of his closest pursuer, former PGA titlist Bob Rosburg.

His 274 broke the record of 275 for the tourney on the 6-111-yard Baton Rouge Country Club layout set in 1954 by Sam Snead. "Three putts on the final round did it," said Campbell, who picked up a \$2,800 check. "I didn't relish the 36-hole final, but it worked out okay."

The double-round finish was caused by postponement of Thursday's opening round due to rain and cold. The weather again threatened to delay the tourney when a 30-minute downpour briefly interrupted the final 18. "I got a birdie in the rain, however," Campbell said. "It was the turning point."

The birdie came on the 361-yard, par-4 10th hole and gave Campbell a two-stroke margin over Doug Sanders.

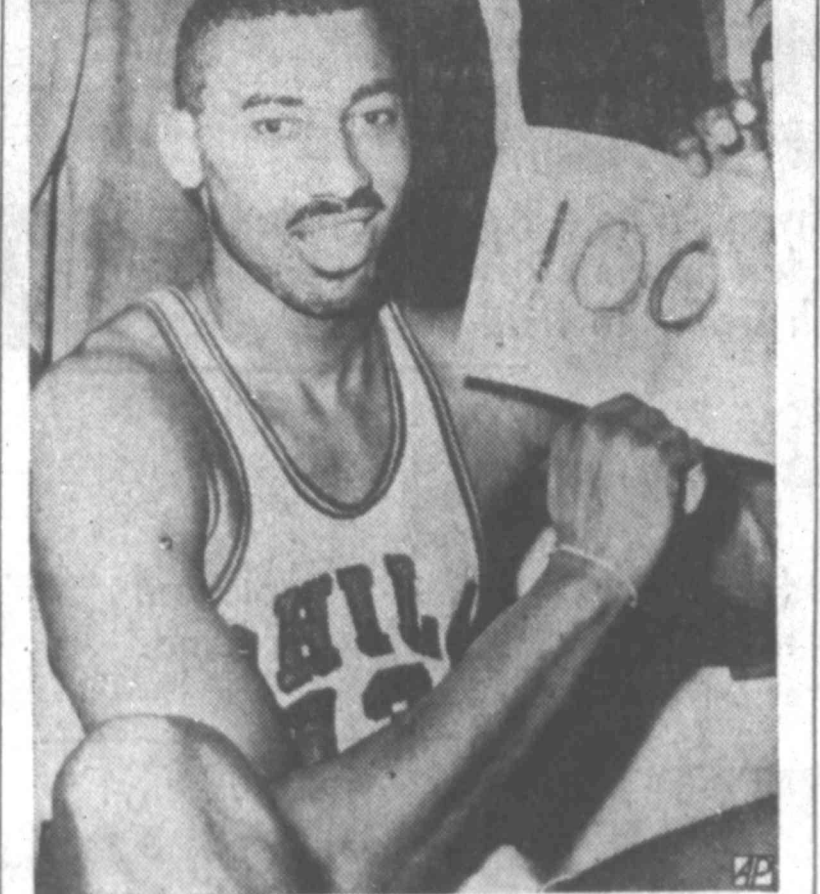

"I thought the most pressure was coming from Doug," said Campbell. "I didn't even know Rosburg was close until I got to No. 17."

The Pudgy Rosburg, who grips his clubs like a baseball bat, holed the 18th with a 100-foot chip shot for an eagle and a 68. It

gave him a one-stroke advantage over Sanders and Mason Rudolph of Clarksville, Tenn., who tied for third.

Campbell was repeatedly in trouble with his tee shots. He

hooked into the rough many times and hit three trees. But he made beautiful recovery shots. On his morning round he got six birdies and a bogey, with four birdies and a bogey in the afternoon.

Breaks Scoring Record

Bill Chamberlain of the Philadelphia Warriors held a "100" sign in the dressing room at Hershey, Pa., after he scored 100 points to break a National Basketball Association scoring record as the Warriors defeated the New York Knickerbockers 169-147. (AP Wirephoto).

men will be in the game at Dallas. Tommy Boyer and Jerry Carlin of Arkansas rank one-two in the conference and nationally with 93.0 and 88.9, respectively. Jan Lundermilk of SMU, the leading scorer with 464 points, is third in the conference in free throw accuracy with 85.1.

Tech, SMU Face Tuesday Showdown

Tuesday night is showdown time for Southern Methodist and Texas Tech in Southwest Conference basketball, and there may be still another one Friday night. Tied for the conference lead with 19.3 records, Tech and SMU play their final regular season games Tuesday. Tech faces Rice at Houston and Southern Methodist is host to Arkansas.

Victory for both, as expected, would mean a tie for the championship. In that event, SMU and Tech will meet at Fort Worth Friday night to decide which represents the league in the NCAA playoffs.

Texas meets Texas Christian at Austin and Texas A&M closes out with Baylor at College Station Tuesday night. That leaves only a makeup game for Texas Christian and Texas in Austin Thursday night to wind up the schedule.

Most of the fireworks are expected at Houston, where sophomore-studded Rice hasn't lost a conference game this season. This tilt matches the two highest scoring teams in the championship race and also the foremost rebounders—Kendall Rhine of Rice and Harold Hudgens of Texas Tech. Rhine leads the league with a 11.5 average. Hudgens is second with 10.5.

The three top free throw marks-

men will be in the game at Dallas. Tommy Boyer and Jerry Carlin of Arkansas rank one-two in the conference and nationally with 93.0 and 88.9, respectively. Jan Lundermilk of SMU, the leading scorer with 464 points, is third in the conference in free throw accuracy with 85.1.

Southern Methodist has won seven straight games and appears able to make it eight to win the conference title undisputed. Texas Tech might not be up to cracking the Rice at-home advantage.

The A&M-Baylor game ends the college career of Carroll Broussard, who holds all the Aggies' individual scoring records.

The conference representative will meet Air Force Academy at Dallas next Monday night in the NCAA playoff.

The Big Spring High School track squad will go to Snyder on Wednesday for an inter-squad match.

This is strictly an informal practice session, indicates R. C. Moore, coach, and points will not be kept as in a regular dual meet.

Most Pairings Are Complete, Sites Picked

WHEATON, Ill. (AP)—With the exception of the North Central Conference champion, the National Collegiate Athletic Association Sunday completed pairings and sites for its college division basketball tournament.

The North Central Conference representative will be Augustana (SD) unless State College of Iowa defeats North Dakota tonight. In that case, Augustana and State College will play Wednesday for the conference title and playoff berth.

Seven teams clinched conference championships over the weekend to advance to the 32-team tournament, which has its finals scheduled at Evansville, Ind., March 15-16. Albright and Union (Tenn.) were selected Sunday as at-large teams.

Harvey Chrouser, athletic director of Wheaton College and chairman of the NCAA college basketball tournament committee, announced the following regional sites and pairings:

Northeast at Rochester, N.Y.—St. Anselm's vs. Northeastern Mass.; Fairfield (Conn.) vs. Rochester (N.Y.).

South Central at Evansville, Ind.—Southern Illinois vs. Union; Evansville vs. North Carolina A&T.

East at Redding, Pa.—Mount St. Mary's (Md.) vs. Albright; Hofstra vs. C.W. Post (N.Y.).

Midwest at Akron, Ohio—Florida A&M vs. Youngstown; Wittenberg, Ohio, vs. Gannon (Pa.).

Pacific Coast at Sacramento, Calif.—Fresno vs. California Poly; Seattle Pacific vs. Sacramento State.

Great Lakes at Valparaiso, Ind.—Illinois Normal vs. Concordia River Forest, Ill.; Kentucky State vs. Valparaiso.

Southwest at Jonesboro, Ark.—Southwest Missouri vs. Abilene Christian; Arkansas State vs. Lamar Tech.

Midwest at Lincoln, Neb.—North Central Conference champion vs. Hamline; Grinnell vs. Nebraska Wesleyan.

Junior high graders will conclude their spring practice this week, and results have been fairly encouraging to the coaches.

Ninth graders—the youngsters who will move up to the high school squad next year—will conclude their drills on Wednesday. While no formal intra-squad game is planned, there will be a period of scrimmaging in the final practice session.

The next years eighth and ninth graders will continue their practice through Thursday, according to tentative plans. They may skip Friday and then square off in a brace of practice games.

If these materialize, then the first game will be at 2 p.m. The two eighth-grade teams will tangle, as well as will the ninth grade teams.

Weather put something of a crimp in workouts last week, although only one day (Wednesday) was actually lost from practice.

Boasting a 2-1 record for the season, the Big Spring Steers will go out this week in an effort to fatten their standing in pre-conference play.

Last Saturday the Steers split a pair in Colorado City, dropping the opener 2-1. Steve Hillhouse got the victory for the Wolves, but Bowman Roberts, the Big Spring hurler, equaled his record of allowing only three hits. In the nightcap, the Steers were outbid 13-14, but they coasted in to an 8-2 victory. Jack Roden got credit for the victory although he had help from Tommy Fierro and Eddie Hansen.

Colorado City will come here Tuesday afternoon for a return match.

Lubbock Hill will bring its team here Friday, and then Sweetwater invades Steer Park Saturday for a double-header.

The Tuesday and Friday games are set for 4 p.m., the Saturday session at 1 p.m.

Bradley, Cincy To Do It Again

Bradley and Cincinnati have it to do all over again. They wound up their conference basketball schedule last week as Missouri Valley co-champions.

A third game will determine which goes to the NCAA regionals at Manhattan, Kan., March 16-17. Their playoff is set for March 12 at Evansville, Ind.

The Braves, who had led the league all season until upended by the Bearcats 75-57 two weeks ago, claimed a share of the championship by beating St. Louis 58-47 Saturday night.

The consensus is that Cincinnati, defending national champion, will maul the Braves again for an NCAA berth and possibly repeat as national titlist.

In the other game Saturday night, Tulsa surprised Wichita for a second time this year, 63-60. Bradley plays Duquesne Monday night in the season's finale.

Steers Have Four Games

The Big Spring High School track squad will go to Snyder on Wednesday for an inter-squad match.

This is strictly an informal practice session, indicates R. C. Moore, coach, and points will not be kept as in a regular dual meet.

Boasting a 2-1 record for the season, the Big Spring Steers will go out this week in an effort to fatten their standing in pre-conference play.

Last Saturday the Steers split a pair in Colorado City, dropping the opener 2-1. Steve Hillhouse got the victory for the Wolves, but Bowman Roberts, the Big Spring hurler, equaled his record of allowing only three hits. In the nightcap, the Steers were outbid 13-14, but they coasted in to an 8-2 victory. Jack Roden got credit for the victory although he had help from Tommy Fierro and Eddie Hansen.

Colorado City will come here Tuesday afternoon for a return match.

Lubbock Hill will bring its team here Friday, and then Sweetwater invades Steer Park Saturday for a double-header.

The Tuesday and Friday games are set for 4 p.m., the Saturday session at 1 p.m.

The Braves, who had led the league all season until upended by the Bearcats 75-57 two weeks ago, claimed a share of the championship by beating St. Louis 58-47 Saturday night.

In the other game Saturday night, Tulsa surprised Wichita for a second time this year, 63-60. Bradley plays Duquesne Monday night in the season's finale.

LOOKING EM' OVER

By TOMMY HART

For many years now, California junior colleges have not appeared in the National Juco Basketball tournament.

Their coaches would probably be all for the idea but the state's educational chiefs felt that the need for competition could amply be filled by other schools within the state's borders.

There have been claims of invincibility made about the state's teams. The California junior colleges do produce the finest track programs in America but there is some doubt that the Cal colleges could hold their own in the Hutchinson basketball show.

This year, any claims California natives might make about the calibre of their JC basketball teams might come in for a real test in an indirect way.

Phoenix, Ariz., was a basketball team competing in Western State Conference and, at this writing, was leading the pack. Outside of Phoenix, the circuit is made up of California schools.

Phoenix has been invited to play in the California State JC tournament but reportedly was leaning toward the Hutchinson meet which would throw it into direct competition with the Region V winners and the other kinglyns of the nation.

Phoenix won 26 of 28 starts in regular season play and hasn't been beaten at home for the past three years.

Incidentally, Santa Monica, Calif., has a junior college basketball team that has an 0-42 worst record for the past two seasons.

A man who has reason to think that the expression "dirt cheap" should be dropped from the English language is George Wilson, superintendent of the track at Sunland Park, who came to that conclusion after he had completed work on the three-furlong chute at the racing oval near El Paso.

"Have you bought any top soil recently?" Wilson asks.

As this is being written, ex-Big Spring Billy Maxwell had not been invited to play in this year's Masters' Golf tournament at Augusta, Ga., and his chances were not overly bright, to say the least.

The Masters' committee adopted the following requirements as a basis for qualification a few years ago:

- (1) Masters tournament champions; (2) U. S. Open champions; (3) U. S. Amateur champions; (4) British Open champions; (5) British Amateur champions; (6) PGA champions; (7) members of the 1961 Ryder Cup team; (8) members of the 1961 Walker Cup team; (9) first 24 players in the 1961 Masters tournament; (10) first 16 players in the 1961 U. S. Open tournament; (11) quarterfinalists in the 1961 National Amateur; (12) quarterfinalists in the 1961 PGA championships; (13) one player, either amateur or professional, not on the invitation list selected by ballot by the Masters champions; (14) one amateur not on the invitation list selected by ballot by the U. S. Amateur champions; (15) one professional not on the invitation list selected by ballot by the U. S. Open champions; (16) two professionals on PGA fall circuit and two professionals on winter circuit not on invitation list who establish best showing.

Apparently, Billy doesn't qualify under any of the above stipulations. The list of the 104 who have been accepted include some names, owners of which couldn't carry Billy's golf bag.

Among Texans which have been declared eligible to play include Jack Burk, Don Cherry, Jimmy Demaret, Wesley Ellis Jr., Ralph Guldahl, Fred Hawkins, Ben Hogan, Don January, Lloyd Mangrum, and Byron Nelson.

The list will be supplemented within the near future by the foreign delegation. Gary Player is certain to head that delegation.

Maxwell has two more chances to get into the meet. The Masters champions will nominate one player later on, as will the U. S. Open titlists.

The Masters and Open champions could easily discriminate against Maxwell and choose some less experienced pro, theorizing that Billy would be a much saltier contender.

Phil Rodgers, hottest player on the winter circuit, hasn't yet been asked to appear but it's considered a cinch that he will get an invitation. Tommy Aaron could conceivably get the other invitation open to the pros. Of the 104 already invited, 32 are amateurs.

The tournament takes place April 5-8.

Johnson Wins

James Johnson, a Webb AFB airman, took the trophy Sunday in the "F" sports car class at the drag races in Hobbs, N. M. Johnson was a representative of the Tack-Twisters Car Club of Big Spring.

HCJC Hawks Close Season Tuesday Against San Angelo

Howard County Junior College could hardly have picked a tougher final test of the current season Tuesday evening.

With the Western Conference crown already safely tucked away, the Hawks nevertheless have a record of keen rivalry at stake when San Angelo College comes to town. During their first

meeting, the Hawks did what no other team had ever done—they beat the Rams on their home court. Phil George and company are smarting from that defeat, and last week George himself was up here to scout the Hawks. Naturally, it looks like another of those full-steam ahead, exciting affairs.

Another dramatic event in the

Spahn Sets Sights On New Season

Warren Spahn, Milwaukee Braves pitcher who will be 41-years-old next month, winds up in typical fashion as he starts his first work-out this spring at Bradenton, Fla., camp. Looking on is new manager Birdie Tebbets, left, and Lou Burdette, an 18-game winner with the club last season. Spahn had 21 wins and 13 losses. He now has 309 wins to his credit. (AP Wirephoto).

Friday the Hawks open play at 2 p.m. in Amarillo against Lubbock Christian College in the Region V tournament at Amarillo. Although LCC has given lots of trouble during the season's play, the Hawks have always managed to handle them.

The YMCA Church league tournament will get under way with a pair of games Tuesday evening. The finals are set for Friday evening.

In regular season play, First Baptist, with an undefeated skein, won the title. Together with the YMCA, the First Baptist was ceded one two.

Tuesday's opening game will put the Latter Day Saints against First Methodist at 7:30 p.m. Trinity Baptist will meet West Side Baptist at 8:45 p.m.

Funeral Set Tuesday For Dell Morgan

HOUSTON (AP) — Dell Morgan, former Texas Tech coach and a member of the Rice University staff at his death, will be buried Tuesday at Weatherford, his home town.

He was one of four persons killed late Saturday night in a collision of his pickup truck and a sedan near Bay City.

Others dying in the crash were Rollo Moyer, 50, of Houston, en route with Morgan for a night of trout fishing at the mouth of the Colorado River; Ervin Smithhart, 25, of Bay City, and Miss Suzanne Hitts, 20, of Wharton, both in the sedan.

Morgan had been varsity baseball and assistant football coach at Rice for a decade. The 10 years before that he was head coach and athletic director at Texas Tech.

He was a line coach under Jess Neely at Rice. But during the football months he would take charge of the red shirts—players held out of competition for a year—and pretend to be the Rice Owls' next foe.

"There's nothing he liked better than to fire up those red shirts for the varsity," said Bill Whitmore, Rice sports publicity director.

"I loved him like a brother," said Pete Cawthon, former Tech head coach who had known him for 40 years. "Out of all my

coaching, he was the fiercest competitor I ever saw."

The two met at Austin College in the early 1920s. Morgan was the football team's star tackle and Cawthon its coach. Before that Dell and Blair Fisher were the siege guns of Weatherford High School.

At Austin College, Morgan had a baseball coach named Eddie Dyer. Dyer later managed the St. Louis Cardinals to the 1946 World Series championship.

Through Dyer's efforts, Morgan went from college into the Cardinal organization. He stayed there five years until an old football injury forced him to turn to coaching.

His first job as coach was at Quannah High School. Then he went to Lubbock High School. The next year Cawthon became head coach at Texas Tech.

"He was the first man I hired," Cawthon recalled. "He was my right hand man out there."

"There wasn't anything Dell wouldn't do for those boys—change a tire, loan 'em money, sit up with a sick friend, anything."

From 1931 to 1934 he was Tech's head basketball and an assistant football coach. Polk Robison, now Tech athletic director, was one of Morgan's basketball players.

Baseball took Morgan from West Texas to Auburn in 1935. A year later he came to Rice, and in 1937 he took the head job at Texas Tech. He stayed there until 1951, when he returned to Rice.

Netters Set For Opening

The Big Spring High School tennis squad will swing into action this weekend with matches in Odessa.

Plans are to take about 12 players to Odessa for a meet on Friday and Saturday.

At least five other meets are on schedule for the netters. On March 16-17, 12 players will go to Midland. Then on March 23-24, the top four players will be entered in the Lubbock tournament, followed by an invitational tournament in Abilene March 30-31 and in which 12 players will be entered.

The district meet is scheduled April 6-7 at Abilene, the number of entries is not yet known. The final session scheduled so far is at San Angelo where the top seeded three or four players will compete.

Buna Chalks Up Record

AUSTIN (AP) — Thomas Jefferson of Dallas won the big Class AAAA championship, but Buna was the team talked about most at the Texas Interscholastic League Basketball Tournament.

Buna's Cougars won their sixth championship Saturday night when they beat Jackboro 49-30 for the Class AA title. That was a new record, bettering the five titles won by Athens in the 1920s.

In addition, Buna is on another winning streak. In 1956-57-58 Buna won 66 games in a row. Last year the Cougars had a 43-game skein going when they won the AA title. It ran on into this season but stopped at 56 when the Cougars lost to Jeff Davis of Houston.

Now Buna has won 23 in a row to carry over into next season. The tournament Thursday, Friday and Saturday drew its largest attendance in history, 55,000. There would have been more if the gymnasium were larger.

Fans saw the team that's being called the finest in the 42 years of the tournament, Thomas Jefferson. The Rebels crushed Bryan 75-34 in the first round and swamped Jeff Davis 69-46 in the final.

The tournament drew enough revenue to pay the visiting teams \$500 to \$750 each.

SEASON'S LAST WEEK

Teams Still Battling For Tournament Berths

Colleges basketball is heading into the last week of its regular season but in the jargon of Madison Avenue, there is considerable firming up and finalizing to do, tournament-wise.

Of the two major postseason classics, the NCAA has four entries to go in its 25-member field and the National Invitation Tournament needs two more clubs to complete its 12-team competition.

At the earliest the two tourneys will have their slates filled a week from tonight, when Cincinnati and Bradley tangle on a neutral court at Evansville, Ind., to settle their Missouri Valley Conference hassle. The winner will go to the NCAA, the loser to the NIT.

The other question marks are in the Big Eight, Middle Atlantic and Southwest conferences. Each of these races could result in a playoff.

In the Big Eight, Kansas State tied Colorado for first place Saturday night with a 69-49 victory over the Buffaloes. Each has two games left, K-State at Oklahoma State tonight and at Nebraska Wednesday, Colorado at Missouri tonight and with Kansas Saturday. If they still are tied at the windup, the situation will be resolved by either a playoff or a toss of a coin.

In the Middle Atlantic, Temple is 8-1 after beating Gettysburg 49-44 Saturday while Lafayette (9-2) was losing to Delaware 57-56. St. Joseph's (7-2) is between at 7-1 and plays at Lafayette Tues-

day night. This is another prime prospect for playoff, with the consolation prize for the loser a spot in the NIT.

The Southwest clubs were idle over the weekend but close out their season Tuesday night, when Texas Tech is at Rice and Southern Methodist entertains Arkansas in the key games. Tech and SMU are co-leaders at 10-3 and should they finish even, they'll play off at Fort Worth Friday night.

With the pressure on, Bradley tied Cincinnati for the Missouri Valley title with a 58-47 victory at St. Louis Saturday night. A 14-point spurt in the second half paced by All-America Chet Walker nailed it down for the Braves. Cincinnati has won four straight conference games and captured the national championship last year with its memorable triumph over Ohio State. Bradley has been runner-up in the Missouri Valley five seasons in a row.

Although a flock of titles and tournament spots were decided over the weekend and several more races were scrambled up, the premier development was Wisconsin's celebrated upset over Ohio State.

The Badgers, swift, confident and determined, ran off from the Buckeyes 67-47 in posting the biggest surprise of the year. Ohio State, unchallenged as the country's No. 1 team with a spotless 22-0 record and already winner of its third successive Big Ten title, played even at Wisconsin until the buzzing Badgers started pulling

away late in the first half. Afterward, it was a futile game of trying to catch up for the Bucks.

Elsewhere Saturday—All America Len Chappell's 31 points led Wake Forest to a 77-66 victory over Clemson in the Atlantic Coast tourney title game. West Virginia smothered nervous Virginia Tech 88-72 and took its seventh Southern Conference title in eight years.

Massachusetts won its first Yankee crown, beating New Hampshire 109-62. Pepperdine swept to the West Coast A.C. championship by stopping St. Mary's 81-76. Utah State earned the Skyline Conference's NCAA berth with its 88-77 decision over New Mexico, paced by Cornell Green's 46 points. And Kentucky was named the Southeastern Conference representative to the NCAA.

A third game will determine which goes to the NCAA regionals at Manhattan, Kan., March 16-17. Their playoff is set for March 12 at Evansville, Ind.

The Braves, who had led the league all season until upended by the Bearcats 75-57 two weeks ago, claimed a share of the championship by beating St. Louis 58-47 Saturday night.

The consensus is that Cincinnati, defending national champion, will maul the Braves again for an NCAA berth and possibly repeat as national titlist.

In the other game Saturday night, Tulsa surprised Wichita for a second time this year, 63-60. Bradley plays Duquesne Monday night in the season's finale.

Blue Lustre Does Easy Cleaning Job

More and more women in Big Spring have discovered how easy it is to clean rugs and carpets with Blue Lustre. This premium quality foam cleaner was developed especially for home carpet cleaning, providing a safe and economical carpet care that saves the busy housewife time, effort and money.

EASY WAY TO CLEAN CARPETS
 Safe, economical care that saves time

It's really simple to clean and brighten rugs and carpets with Blue Lustre. All you do is vacuum carpets first, apply the foam... let dry and vacuum again. The soil is gone, the colors are bright and new looking again, and the nap is left open and lofty. Since Blue Lustre does not contain any soap, there is no rinsing needed and there is no oily or gummy residue left to attract new soil quickly.

Since it's the Blue Lustre foam that does the actual cleaning, it's only a matter of personal preference as to the type of applicator used to apply it. A long handle brush or any of the many types of rug shampooers can be used.

"It's hard to believe," said one housewife, "but I had forgotten just how colorful my carpet was until I used Blue Lustre. It looked like new carpeting on the floor again."

Actually what happens is that the Blue Lustre foam penetrates instantly into the carpet soil and its unique action holds the dirt particles in suspension to allow its easy removal by vacuuming. Since all carpet soil and cleaning agent is removed, there is no residue of any kind to cause rapid re-soiling — consequently rugs and carpets stay clean longer.

This gentle, odorless and non-flammable cleaner is safe and convenient to keep on hand so that you can give prompt attention to any soiled spots or traffic paths as they appear without going over the entire carpet again.

Blue Lustre is also marvelous for cleaning upholstery and is available in quarts, half-gallons and the gallon size. Blue Lustre costs so little to use. One-half gallon is sufficient to clean three 9 x 12 rugs. It's available from Big Spring Hardware.

Solved - Carpet Cleaning Problem
 Science finally has the answer to carpet cleaning. Blue Lustre, a new development, is mixed with water and brushed into carpet or upholstery. It's amazing the way forgotten colors spring out. The nap is left open and lofty. It's easy to apply. One-half gallon of Blue Lustre cleans three 9x12 rugs. Available at Big Spring Hardware, 115 Main St.

Roscoe Cone Is Local Agent For State Farm Insurance

C. Roscoe Cone, local agent for the State Farm Insurance Companies, took a roundabout way in changing from an East Texan to a West Texan.
 Cone had moved to the mid-west in 1933. After 3 1/2 years in the Navy during World War II, he settled in Bloomington, Ill., home town of the State Farm Companies, of which there are three; the auto, a life and a fire insurance company.
 As a returning serviceman, Cone was acutely aware of the need for interest in city government and became active in civic affairs through the Bloomington Lions Club and the Chamber of Commerce. Two years later he was elected mayor and served a four year term on a full time basis since Illinois law did not provide for a city manager.
 Time did not allow him to seek re-election when State Farm offered him a district manager-ship. Three months later he was transferred to North Carolina to assist in developing the operations in that area.
 "After 4 1/2 years at Greensboro, N.C., the company transferred me to Rochester, N.Y.," said Cone. "Since we did not like that area of the country, nor its climate, it was decided I'd come to Texas and become an agent—not subject to transfer!"
 There were several agencies available in the state but Cone chose Big Spring and says that he and his family have never regretted the decision. They have just recently moved into their

ROSCOE CONE

new home at 2609 Carol Drive. The State Farm Agency Office is located at 1006 11th Place. Adequate parking facilities are available for the customers conven-

ience in the area of the 11th Place shopping center.
 "Our agency is equipped to offer for the insurance coverages in automobile, life and fire insurance that any family requires," explained Cone. He states that the State Farm Mutual Auto Insurance Co. is the largest in the world; insuring more vehicles than any other company.
 "The State Farm Life Insurance Co. ranks in the top 10 per cent in business in force, and the State Farm Fire & Casualty Co. ranks in the top 5 per cent. The company has constantly returned dividends to its policyholders all through the years, and presently are returning 25 per cent on each six month billing," said Cone.
 Cone has been married to the former Mary Alice Laakmann since 1936. Mrs. Cone assists her husband in the agency office and will be glad to answer your requests for information. The Cones are the parents of four children; John, 19; Dan, 17; Cathy, 13 and Carol, 6.

Cactus Paint Is Protection

Come rain, sunshine, sandstorms or industrial fumes—paint protects. True, in this locale, homes do not take much abuse from rainy weather. They do, however, from the other natural elements and man-made gases.
 The Cactus Paint Company, located out of heavy traffic a mile east on US 80, has kept the special needs of West Texans in mind during the developing years of their paint business. The best quality paints can fall short on performance if they have not been manufactured with special locale problems to cope with.
 At Cactus, only the finest ingredients go into their paint and added measures are taken to insure hazard protection so that the paint has long-lasting beauty. The company offers a complete line of interior, exterior and industrial maintenance finishes in all convenient can sizes.
 All standard colors are pre-mixed. Any other shade can be custom-blended.

Large Assortment

Gene Haston, owner of Kitching Electric Company, 902 Gregg, is shown in the firm's office where a large assortment of light fixtures, door chimes and electrical system necessities are on convenient display. The shop has built a reputation on dependable, courteous service to homeowners and contractors. Call Kitching Electric when you have an electrical problem.

In And About In

This map indicates in black the nations which joined the European Common Market when it was formed in 1957. Shaded are countries which are expected to join. England has petitioned for membership.

U.S. Will Demand Cross-Inspection

WASHINGTON (AP)—The chief U.S. disarmament negotiator says the West will insist that any nuclear test-ban treaty with the Soviet Union include a system of cross-inspection to guard against secret test preparations.

William C. Foster, who will head the U.S. team at the Geneva disarmament conference scheduled to begin March 14, said the West would not take Soviet Premier Khrushchev's word that the U.S.S.R. would not test again. "A number of inspectors would have to be stationed in the Soviet Union, Foster said. "Early in the game we would want American inspectors, as I presume they would want Soviet inspectors."

ALTERNATIVE

The alternative to a treaty, he said, would be "a spiraling arms race which can only have one ultimate end, which is the destruction of the world."

Foster, who heads the new Arms Control and Disarmament Agency, spoke on a television interview—Meet the Press—NBC. He discounted published reports that the West would offer looser controls than those proposed last year.

If anything, he said, "it would be desirable in the national interest to perhaps increase rather than decrease the amount of inspection."

Foster made clear that the West would continue to oppose the system of self-inspection urged by the Soviet Union. However, he said the West was ready to discuss some adjustment in international or bilateral inspections.

READY TO OFFER

As Foster spoke, reports were circulating in London that the West was believed ready to offer the Soviet Union a test-ban agreement with looser controls than those in the treaty proposed by the West last year.

Because many tests could be detected from outside the Soviet Union, the Sunday Times said, "the West may be prepared to consider fewer control posts in Soviet and Western territory, and to place greater emphasis on verification of results reported by instruments at home."

Last year at Geneva, the United States and Britain offered to reduce the number of permanent control posts on Soviet territory and to give the Soviets complete

partnership in Western nuclear research for peaceful programs. The U.S.S.R. stood firm on three inspections a year while the West wanted 20.

That the West will follow a similar course at Geneva this month was indicated by Foster when he said, "We will need to have some kind of inspectors or verifiers along the line of the 12 to 20 inspections or perhaps more that were discussed in April of 1961."

LESS COMPLEX

In a Washington dispatch, the London Observer said the United States would be willing to negotiate on the basis of fewer inspections and a less complex inspection system if this would lead to a treaty. The Observer said that "greater emphasis would be placed on preventing one side from having a running start on the other through secret preparations while the test-ban treaty is in force."

In an address Saturday to a Conservative party meeting, the Earl of Home, Britain's foreign secretary, said, "We and the United States are willing to agree to such inspection as is needed to give confidence that the measures of disarmament to which we subscribe are carried through and that those weapons and forces cannot be replaced."

"All depends on Russia's ability to cure herself of her obsession that inspection is the equivalent of espionage."

In Moscow, Pravda writers accused President Kennedy of hypocrisy and lack of courage in proposing to begin U.S. nuclear tests in the atmosphere unless the Soviet Union agreed to a test ban.

"BLACKMAIL"

Pravda, the Communist party newspaper, called Kennedy's proposal pure atomic blackmail.

In Washington, Secretary of Defense Robert S. McNamara said the United States decided to resume air tests only after other means of developing nuclear weapons were examined and found wanting.

McNamara also sought to dispel concern over the radiological fallout that would result. The scope of the program as now planned, McNamara said in a statement, "will result in but a small fraction of radioactive contributions to the world environment as compared to the recently completed Soviet test series."

President Talks

President John F. Kennedy is shown as he spoke to the nation on his decision to resume U.S. nuclear testing in the atmosphere in April, unless an international and foolproof nuclear test ban agreement can be reached by that time. The President spoke from his office in the White House over a national radio and TV hookup.

Personality Is Valuable In Business

Personality has become a leading factor in the hiring of women for office jobs, according to a survey of 100 personnel directors. The survey was made by the Nancy Taylor organization in New York City, whose course is part of a business college program. It covered personnel managers in a score of the largest industries. "What we learned from this nationwide inquiry," says Gwen Woodson of the Nancy Taylor school, "confirms what many local businessmen had previously told us. When they advertise for office help of a particular kind — say stenographers — they assume that all applicants can typewrite and take dictation. In fact, few applicants fail this test. The question then is which of a dozen or more competent applicants to hire? That is where the personality factor weighs heavily."

Miss Woodson explained the process of selection by referring to some of the answers brought by the questionnaire. A personnel director in Chicago wrote: "We insist that our secretaries — who have to meet many office visitors — be the type of women we would like to have represent us. They help to create the public image of our firm. A slovenly, unkempt woman is hardly the kind we would choose to be the image of our company. On the other hand, we do not seek the flamboyant, overdressed, over-made up type, either. We insist on quiet good taste in our secretaries just as we insist on it in our company executives."

Asked what particular aspects of "personality" the personnel directors had stressed, Miss Woodson listed proper dress, make-up, quality of voice, good manners, diction, and self-confidence among the qualities most frequently mentioned.

"The questionnaire also made it obvious," Miss Woodson added, "that the personality factor is extremely important in determining promotions among office women. Apparently no personnel director would dream of selecting a secretary for the company's president or board chairman unless she were gracious and pleasant to have around. Moreover, she must be able to greet distinguished visitors not only with respect but also with poise and self-confidence."

The purpose of this questionnaire, Miss Woodson said, was to help the Nancy Taylor Course meet modern specifications for office help as set by leading personnel managers.

Cosden Duplicate Winners Are Told

Eleven and one-half tables were required for play Sunday afternoon at the Cosden Country Club for duplicate bridge games. Winners, north-south were, first, Mrs. Ben McCullough, Mrs. John Stone, second, Mrs. E. L. Powell, Mrs. Elmo Wasson; third, Mrs. Morris Patterson, Mrs. Tom South; fourth, Mrs. D. W. Wall, Mrs. Elvis McCrary. East-west, first, Mrs. Don Jonker, Mrs. Jack Wickard; second, Mrs. B. B. Badger, Mrs. Anne Hardy; third, Mr. and Mrs. Winston Harper; fourth, Mrs. Ladd Smith, Mrs. Gerald Harris.

'Pied Piper' To Play In Lamesa

LAMESA (SC) — Lamesa school children will be entertained March 7-8 by the Children's Theater of Eastern New Mexico University, which will present the "Pied Piper of Hamelin" in the high school auditorium. The theater, directed by Dr. R. Lyle Hagan, has given numerous performances for area students in the past eight years. The Wednesday show will start at 2 p.m. and at 9:30 a.m. on Thursday.

Mrs. Henry Victor Speaks On Ethiopia

Mrs. Henry Victor, a guest speaker, brought a program for members of the 1930 Hyperion Club when they met Saturday at the home of Mrs. Adolph Swartz.

Enlarging on the theme "Around the World From East to West," Mrs. H. G. Keaton presented the program topic. Roll call topics were given by Mrs. Leland Younkin who told of life in Japan and passed objects of Japanese art for the members to view. These were brought back to the states by Lt. Col. Younkin from Japan. Mrs. Elmo Wasson discussed New Guinea and Mrs. Arch Carson spoke on life in Scandinavian countries. In keeping with her topic, she passed pictures depicting the use of art in the daily lives of the Scandinavians and also showed Christmas forks made by the Norwegians.

Mrs. Victor spoke on Ethiopia where she lived for two years during a tour of duty of Lt. Col. Victor. For the program, the speaker donned a shama, native dress of the Ethiopian women. She showed color slides they had

Attend Services

Members of the family of the late Lee Odus Hodges have returned from Sand Springs, Okla., where they attended funeral services on March 1. Attending from Big Spring were Mr. and Mrs. Arlie Hodges, Mrs. Emily Mattingley, Mrs. Lillie Worthan, brother and sisters, and Leroy Mattingley, Tarsan, and Elzie Worthan, nephews.

Has Youthful Energy

Ethel Merman, versatile star of Broadway and motion pictures, tells the secret of her youthful energy in today's Hollywood Beauty.

HOLLYWOOD BEAUTY

Ethel Merman Finds Good Habits Pay Off

By LYDIA LANE
HOLLYWOOD — Ethel Merman, whose name on a theater marquee means there is a hit show in town, is not a beauty and has never pretended to be one. But her forceful personality and distinct style have built a large and devoted following. "Beauty can be a liability," she told me. "It opens many doors in the beginning, but as it begins to fade it can cause heartache. I like to use soap and water on my face. The moisture and the oils can be put back with creams later, but I like the way my skin looks when it is washed. You can ruin your skin if you don't get it thoroughly clean. I can never remember," Miss Merman declared, "going off to bed without carefully removing my make-up. This habit has paid off with Ethel, for her skin is clear and unlined. Despite the fact that she is a grandmother, she was recently named one of the most vital and young actresses in the theater. "I have no fear of growing old," Ethel confessed, "and I think that alone keeps me young. I find enjoyment without any concern for birthdays. I've never been happier than I am right now, and I'm better equipped to handle life or to sit down and face any problem. If people would try to do that, they would not have to run to a psychiatrist for help. "It really is so simple. Happiness comes from not evading reality or responsibility. I used to take it hard when something unhappy happened to me, and I'd wear myself out worrying about it. Now I have a wonderful prayer." Ethel handed me a framed copy of it, which goes, "Dear God, Give me strength to meet whatever comes and wisdom to know what to do at the right time. "The people who learn to think constructively are the ones who get the most out of life," Ethel pointed out. "In some way, what you sow comes back to you. I see people who break all the rules and think they are getting away with it. But I know from experience that they are going to have to pay for it some day." We talked of Miss Merman's

energy and the source of it. "I enjoy solitude," she said. "Those who think they don't have to be alone miss out on restoring themselves. I never have any trouble sleeping. And when I wake up, I feel ready to go. But when I have a strenuous week I can literally sleep the clock around. If you take pills for pep and other pills for sleep, you are going against nature, and you can't expect to have natural energy. "When I first met Miss Merman some years ago she was in the throes of a diet. "I've found since then that you know your problem. I don't have to bother with diets if I stay away from carbohydrates and sweets. I learned to cut down on other things, too, and now enjoy my coffee without cream and sugar. It took will power to break that old habit, but it paid off. "When I am working," Ethel continued, "I drink a lot of tea. It is a pleasant stimulant, and I put honey in it for energy. I also like raw steak. I keep a sharp knife in my dressing room and shave off thin slices of the meat when I want it. Ethel was wearing only one piece of jewelry, and that was a smart pin on the collar of her black wool suit. "I never wear conversation clothes," she explained. "I enjoy a simple line. And I hold the line on what I think suits me. No matter how short skirts are being worn, I do not think anyone looks attractive with knees showing. To my taste, the best-dressed women are those who make slight modifications on what is being offered as 'current fashion.'" Ethel concluded.

Lamesa To Spain For The Summer

LAMESA (SC) — Deborah Peltier, daughter of Mr. and Mrs. Early J. Peltier, has been selected as a member of the Experiment in International Living and will join a group traveling to Spain this summer. The experiment provides an opportunity for constructive achievement in promoting international friendship on a personal level. An experimenter lives as a member of a family, shares the family's life and meets its friends and relatives and learns the culture from the inside. Miss Peltier is a sophomore at Texas Tech where she is majoring in art. She has already sold several of her paintings and has presented a number of exhibits.

Cover Steamer
Always cover the container in which you are "steaming" food. Place the food on a rack-type arrangement over a small amount of boiling water so that it will cook by contact with steam, not in the water.

Use Good Seal
Use a fine quality of penetrating wood seal when you are refinishing a wooden salad bowl because the surface has to come the effects of the vinegar and salt of salad dressings plus water.

Engagement Announced

Mr. and Mrs. C. W. James of Lamesa are announcing the engagement and approaching marriage of their daughter, Linda, to Bobby Ray Pierce, son of Mr. and Mrs. F. R. Pierce. The wedding is planned April 13 in the Bryan Street Baptist Church.

Watch Your Savings Climb UP...UP...UP... Use Herald Classified Ads

You're flying high and secure with a savings account that steadily grows... And the smart, easy, inexpensive way to have the extra cash it takes to keep it growing is by putting the money-making power of Herald Classified Ads to work for you.

Do as so many other modern families do. Don't keep worthwhile articles around your home one day after they are no longer used or needed. Sell them to cash buyers right away — while they still have maximum value. You reach these buyers through fast-action Herald Classified Ads.

Check through your home for the things you aren't using. Make a list and then dial AM 4-4331 for an experienced, helpful Ad Writer. The cost is low. Turn your appliances, furniture, tools, fishing equipment — any and every worthwhile thing you find into the extra cash that sends your savings account soaring. Do it today.

BUZ SAWYER

IT'S MOST IMPORTANT THAT WE BREAK UP THIS GANG OF NARCOTIC SMUGGLERS WHO ARE USING U.S. SAULORS AS DUPES. SINCE THE DELIVERY OF THE HEROIN IS TO OCCUR OFF THE U.S. NAVY BASE, THE ARREST WILL BE MADE BY THE JAPANESE POLICE UNDER LIEUTENANT HIROSHIRO.

THEY WILL HAVE OUR CLOSEST COOPERATION. BUT, YOU'RE TO TAIL BROWN AND HIS SUITCASE OF HEROIN AND SEE THAT HE DOESN'T PULL A FAST ONE. DON AND JOE WILL BE HANGING AROUND IN CASE YOU NEED THEM. OKAY, BETTER GET DRESSED.

AVE, SIR.

IT'S BEEN A LONG TIME SINCE I'VE WORN SAILOR CLOTHES. HOW DO I LOOK?

NOT AS YOUNG AS YOU USED TO, BUDDY.

AND YOU NEED A LESSON IN HOW TO WEAR THAT HAT.

GASOLINE ALLEY

Skeezzy, the pup hasn't been for his morning walk!

I'm late, Nina. Have one of the kids do it.

Chopper, the dog hasn't.

Can't, Mom! Stubbs is waiting.

Glovia, you promised!

But, Mom, I'm late for school now!

Well, it isn't as if I didn't know it would work out like this!

NANCY

YOU'RE NEW AROUND HERE

THAT'S A VERY ASTUTE OBSERVATION--- I ADMIRE YOUR PERSPICACITY

YES--- I RECENTLY MIGRATED FROM A CONTIGUOUS MUNICIPALITY

YOUR FANCY WORDS GAVE ME A HEADACHE

FORGIVE MY VERBOSITY

GIVE THIS LAD SOME ACETYSALICYLIC ACID

THAT'S ASPIRIN

LI'L ABNER

WE'LL FIND THE VANDALS WHO COMMITTED THIS ATROCITY, IF IT TAKES THE REST OF OUR LIVES!!

IT OUGHTN'T TO TAKE QUITE THAT LONG, GENTLEMEN-- THEY'RE ALL ASLEEP UPSTAIRS!!

IF IT WERE MY PROPERTY, I'D LAUGH IT OFF!! BUT UNFORTUNATELY, I GAVE IT TO THE GOVERNMENT A FEW HOURS AGO!!

BUT SNAKEBIT, WE ONLY DONE IT TO MAKE YOU HAPPY!!

BLONDIE

YOU HAVE TO SIGN FOR THIS, BUT I LOST MY PENCIL

I'LL GET ONE

WILL YOU PLEASE STIR MY BATTER SO IT DOESN'T HARDEN, WHILE I GET A PENCIL?

I WONDER IF I SHOULD VE TOLD HER I DROPPED MY WHISTLE IN THE BATTER

ORPHAN ANNIE

FIRST THAT DRAGGER THAT TRIED TOATCH US IN TH' FOG! YOU TRICKED 'EM SO THEY' GAVE WITH ALL HANDS! THAT SURE WAS A PLAIN ENOUGH HINT 'LEAVE YOU ALONE!

AFRARD THE BIG FELLOW AREN'T MUCH FOR TAKING HINTS!

THEN THAT DRAGGER AND TH' FOUR PLANES THAT PLANNED T' BOMB US, BUT INSTEAD BLEW UP THEMSELVES! WHY DON'T TH' BIG GUY'S QUIT THEN?

LIVES OF EVEN THEIR OWN PEOPLE MEAN NOTHING TO THEIR KIND, ANNIE!

AN' NOW THAT BUS AN' ALL THOSE GUY'S, KRUP! WON'T THEY EVER GIVE UP TRYIN' T' DESTROY YOU, "DADDY"?

IT'S WHAT I SEND 'EM THEY WANT TO DESTROY! MAYBE THEY WILL, SOME DAY! IF WE EVER START "RELAXIN'" WITH THOSE MURDERIN', LYIN' GANGSTERS!

SNUFFY SMITH

LOWEEZY-- I'M GOIN' OVER TO VISIT SUE SYBIL-- YE WANT TO TAG ALONG?

VISITIN' SUE SYBIL AIN'T NO FUN FER ME

I'LL SAY ONE THING FER SUE SYBIL--- SHE DOESN'T NEVER GOSSIP ABOUT ENNYBODY

THAT'S WHY IT AIN'T NO FUN

KERRY DRAKE

THE FEDERAL AGENT CONTINUES...

LAST YEAR WE SEIZED A SHIPMENT OF RAW OPIUM, SGT. DRAKE, HIDDEN INSIDE CANS OF SOY BEAN PASTE!

IN ANOTHER CASE, THE WARP OF THIS ORIENTAL RUG TURNED OUT TO BE TINY PAPER TUBES... EACH FILLED WITH HEROIN!

WE'RE CERTAIN THE DOPE WAS DESTINED FOR HIPPO HYDE... BUT WE COULDN'T PROVE IT!

THE LATEST SYSTEM OF SMUGGLING THE STUFF IN HAS US BAFLED. THAT'S WHY WE NEED YOUR HELP, SERGEANT!

DONALD DUCK

How come yer all the time polishin' yer specs, Plushie?

IT'S MUCH EASIER TO SEE CLEARLY WHEN THEY'RE CLEAN, KAYO.

PEANUTS

YOU GONNA MAKE SOME PAST? HOW ABOUT PUTTING IN A SLICE FOR ME?

HERE YOU ARE...

THANK YOU VERY MUCH!

HEY! THIS IS TOO LIGHT! IT'S HARDLY BINGED!

SURELY YOU DON'T EXPECT ME TO EAT RAW TOAST?!

DICK TRACY

OH, YES! DR. RYAN, THE VET WHO HELPED US WITH OUR KANINE CORPSES.

THAT'S RIGHT, MR. TRACY.

WHAT CAN I DO FOR YOU, DOCTOR?

WILL YOU COME TO MY OFFICE?

IF IT'S URGENT, YES.

I THINK MR. TRACY, I'VE DISCOVERED SOMETHING NEW IN ROBBERY TECHNIQUE," SAYS THE VET.

MARY WORTH

WHEN CONNIE SAID HE WAS GONNA GIVE UP PAINTIN' AND GET A JOB-- TO SUPPORT ME AND KITTEN--HE LOOKED LIKE A SOLDIER VOLUNTEERIN' FOR A SUICIDE MISSION, MRS. WORTH!

--AND I KNEW MY AUNT WAS RIGHT--ABOUT ME HOLDIN' HIM BACK!

"I GAVE US A FEW MORE DAYS OF BEING HAPPY TOGETHER-- SO I'D HAVE THIS TO REMEMBER."

"THEN I STARTED MAKIN' LIKE ONE OF THESE WITCY WIVES-- CHEWIN' HIM OUT FOR EVERY LITTLE THING HE DID!"

IT'S NOT EASY, MRS. WORTH, TO ACT LIKE YOU LOVE HIM SO MUCH, IT ACHES!

REX MORGAN

COME ON, MOMMY... I WANT TO GO BACK TO MELISSA'S!

PLEASE, DARLING... WHY DON'T YOU GO OUT INTO THE GARDEN WHILE I TALK WITH MR. CALDWELL!

I DON'T LIKE HIM! I DON'T WANT TO STAY HERE!

I'M APPALLED BY YOUR CHILD'S LACK OF DISCIPLINE, EMILY!

HAVING TAKEN SUSIE TO MEET HARRIS CALDWELL, EMILY IS DISTURBED BY HARRIS' ANNOYANCE AND HER DAUGHTER'S REACTION!

POGO

THING I LIKE ABOUT MARCH IS WHEN IT COMES IN LIKE A LION!!

ROWR!

YOU GOTTA ADMIT IT'S BETTER'N STARTIN' OUT ALL WOOLLY AN' GORN-BODD LIKE A LOLLYPOPPIN' LAMB.

I DINNO!

WANT HOW YOU START OUT SO MUCH-- IT'S HOW YOU WIND UP.

GRANDMA

SHUCKS, NO, WE DON'T EXPECT...

...YOU T' STAY HOME ALL TH' TIME, GRANDMA.

WE JUST CAN'T UNDERSTAND, WHEN YOU DO GO DOWNTOWN...

WHY DOES IT USUALLY HAVE T' BE ON YOUR REGULAR BAKIN' DAY?

TERRY

ON THE ARM OF HER SUBSTITUTE ESCORT, FELPHI IS CONDUCTED TO A SMALL MOVE HOUSE IN A SHABBY SUBURB NEAR THE RAF BASE.

LOOKS LIKE A BIT OF ALL RIGHT, EH, PUCKY?

AH... JUST GRAND, MISTER GULLY.

SHE SAID YOU WAS TO TREAT ME LIKE HER-- AND YOU'D HAVE KOSSED HER BY NOW...

I'M WAITIN' MAJOR LEE-- OR DO I HAVE TO CONTENT WITH ANOTHER RUPPY SNOB?

SMITTY

THAT SMITTY! WHERE IS HE?

WHEN HE COMES IN I'LL OBN HIM UP FOR BEING LATE!

GRR!

HOLD IT, BOSS! I WAS SITTING IN THE PARK THINKIN' THAT WHEN I GROW UP, I'D WANT TO BE A FINE MAN LIKE YOU!

ER-- A GENTLEMAN LIKE ME? THAT'S A GOOD IDEA!

THAT'S WHAT I THOUGHT!

MOON MULLINS

HOW COME YER ALL THE TIME POLISHIN' YER SPECS, PLUSHIE?

IT'S MUCH EASIER TO SEE CLEARLY WHEN THEY'RE CLEAN, KAYO.

7 Die In Fire

NIAGARA FALLS, N.Y. (AP)—Seven Negro children, ranging in age from 3 months to 6 years, died today in an early morning fire that swept their second-floor apartment near the city's old business district.

Kennedy Helps Honor Hope

HOLLYWOOD (AP) — It was "Operation Hope" Sunday night as the movie industry—and President Kennedy—paid tribute to Bob Hope for his tireless trips to entertain American servicemen.

The British-born comic was presented with the Milestone Award at the Screen Producers Guild annual dinner, attended by the Hollywood elite.

Seldom at a loss for words, Hope seemed genuinely surprised by telephone messages from servicemen in Berlin, Korea, Thule, Greenland; Anchorage, Alaska, and other far-off places where he has entertained.

The calls were heard on loudspeakers by the audience of about 1,500.

The biggest surprise was the tape-recorded voice of President Kennedy, who cited Hope as having always been generous and enthusiastic in giving his talents.

The President mentioned Hope's "Road" pictures and said he might be considering a "Road to Washington" — "From my own experience I can tell him it's not the easiest road to travel."

Kennedy added "It will give him a chance to visit his money—at least what's left of it."

Three Officers Advance In Rank

Three Webb Air Force Base officers were notified of orders advancing them in rank at Friday night's Pilot Training Group dinner. From left, being congratulated by Col. Henry H. Banks, base commander, are: Lt. Col. Willy C. Victor, Commander, 3560th Pilot Training Group, promoted to colonel; Major Edward Herschok, Chief of Maintenance, 3560th Maintenance and Supply Group to lieutenant colonel; and Maj. Herbert H. Jahnke, operations officer, 3560th Pilot Training Squadron, to lieutenant colonel.

TEXAS EDUCATION WEEK

History, Allied Subjects Blanket All Grades

People learn to live according to their environments and economic conditions whether it be in the United States or in remote parts of the world.

The subject of history, or social studies, which include geography, customs, and government, is covered in public schools here from the first grade through high school. It is often coordinated in reading and other activities connected with communications.

Webster gives a definition of history as "a systematic written account of events, particularly of those affecting a nation, institution, science, or art, and usually connected with a philosophical explanation of their causes."

Big Spring schools start out with the first of the social studies, given a direct name, with geography in the sixth grade in the elementary schools. After that geography is taught in connection with peoples, products, and cultures.

History, under that name, is first taught in the seventh grades, and is a compulsory subject — Texas History.

American history is taught in the eighth grade in junior high, and in the eleventh grade in senior high.

World history is first available to ninth graders in junior high and then in the 11th, 12th, and 13th grades in senior high.

The subject once called civil government, then civics, and now just plain government, is taught on a state and national level.

Bible which deals with customs, governments, and all kinds of history, is an elective. Although it is not considered as a classroom teacher unit, one-half credit is allowed on the elective course.

It is taught by Mrs. Elizabeth Johnson whose salary is paid through a fund handled by the Big Spring Pastor's Association.

There are five classes taught, with a total enrollment of 107 students.

Only two and one-half units of credit are required in social studies, although there are six years available for students, from the seventh grade up. Four should be taken for credit, Sebron Williams, assistant superintendent — curriculum, said Friday.

American and Texas history give the early cause of settlement, development, and growth of the nation and the state, including glimpses into the forms of government of both and its effect upon the growth.

Geographic areas are studied to reflect their effect upon progress.

World history deals with the cultural and social aspects of all nations, the economic status, the religious elements and their effects on progress, and the geography of the world.

Required subjects, for credit toward graduation, include World History, one credit, American History, one credit, and government, one-half credit.

"Students in the Big Spring schools seem to prefer getting their World History off early," Williams said. "We have 22 to 23 sections of the subject in our junior high schools, and only two sections in high school. The junior high schools carry it in the 9th grade only, as compared to all three grades in high school."

This leaves high school students time to take other courses needed for their future education.

Big Spring schools require 18 academic credits and two credits in physical education. Only 15 credits plus two in PE are required by the state.

"There is hardly a subject taught in the schools that is not in some way connected with social studies," Williams continued. "Reading, language, science, art, and many others, include some history of some government, some geography, and some Bible, interwoven in the studies to piece together the world situations and conditions from the beginning of recorded history down to the present time."

Nixon Wins Berth, Loses Birch Fight

BERKELEY, Calif. (AP)—The California Republican Assembly endorsed its 1962 election ticket in a weekend convention marked by bitter flapwars over both candidates and the John Birch Society.

Richard M. Nixon got the endorsement for governor over Assemblyman J. C. Shell of Los Angeles, 263 to 176. But he didn't get his way on the Birch issue—a prime target of Democratic Gov. Edmund G. Brown's campaign for re-election.

The former vice president had asked the CRA to tell Republicans to quit the ultra-right wing group. His request split the convention between party regulars and conservatives. Boos and heckling broke out in the emotion-packed debate.

In the end, delegates agreed only to denounce the Birch founder, Robert Welch, after pleas not to alienate conservative Republican voters.

Nixon, in a statement from Los Angeles, expressed regret that the resolution was watered down. "It is essential," he said, "that Republicans disassociate themselves from any organization whose members are required to take dictation from a man who has attacked President Eisenhower as a 'dedicated conscious agent of the Communist conspiracy.'"

Famed Rifle Expert Dies

SAN ANTONIO (AP)—Ad Toepferwein, whose feats with a rifle are legend, died Sunday. He was 92.

The greatest exhibitionist with a gun that this nation ever knew, Toepferwein and his wife toured the world displaying their skill as marksmen.

She died in 1945 of a heart attack. Because of this and also because of eye trouble, Toepferwein retired. But he continued to instruct people how to shoot a gun at his Leon Springs camp near here.

His greatest feat was breaking 72,491 of 72,500 two-inch wooden blocks here in 1906. He had one run of 8,000 without a miss.

A brother, Fred Toepferwein of San Antonio, is the sole survivor.

Virginia Court Upholds Board In Racial Suit

RICHMOND, Va. (AP) — The Virginia Supreme Court ruled today that the Prince Edward County Board of Supervisors is not under mandatory duty to levy local taxes and appropriate money for public schools, closed three years in a racial segregation dispute.

The court, in a unanimous decision, said it could find no state constitutional support for the Negroes' contention that the Board of Supervisors is under the mandatory duty to levy local taxes and appropriate money for the support of public free schools in the county.

The court's opinion came in a decision which denied a suit by a Negro leader in Prince Edward, which would have compelled the supervisors to appropriate money to reopen the schools.

Prince Edward County closed its public schools in 1959 to avoid U.S. court-ordered integration.

White children have been educated in a system of private schools, but the county's 1,700 Negro children have been without formal education.

Five Seeking Council Seats

COLORADO CITY (SC) — Dan Pritchett, 31-year-old Colorado City real estate dealer, entered the city council race late Saturday night to make a fifth candidate in the race for three council seats.

Other candidates are Winston W. Smith, 48, in the roofing business; Dr. John H. Chinn, 37, Colorado City doctor; J. R. Hobeck, 38, partner in the Colorado Feed and Seed Company; and H. I. Berman, 63, a retired merchant.

Chinn and Berman are running for re-election. The third incumbent, Bob Robinson, Colorado City oil man, did not enter the race.

Mother Of Mrs. Banks Dies
Mrs. Paul Stark Smith died unexpectedly of a heart ailment about 10:30 p.m. Sunday at her home in Santa Rosa, Calif. She is the mother of Mrs. Wilson H. Banks, wife of the Webb AFB commander. Mrs. Banks is leaving for California today. No funeral arrangements have been announced.

Cook's Condition Called Critical
Richard Cook, instructor at the Senior High School, remains in critical condition at Methodist Hospital in Lubbock following an attack by an unknown cerebral ailment several weeks ago.

Formby Dinner
LAMESA (SC) — A \$5-a-plate dinner for gubernatorial candidate Marshall Formby was held Saturday in the community center here. Tracy Campbell, Dawson County campaign manager for the Democratic candidate, said that Formby would arrive here Saturday afternoon from a speaking engagement in Plainview. A reception is planned.

Women Of The Astronaut Team

Women close to America's astronaut team—most of whom will be moving to Texas when the Aerospace Center is opened near Houston—pose during an interview in New York. Seated, from left to right, are Nancy Lowe, secretary to the astronauts; Mrs. John H. Glenn Sr., mother of astronaut John H. Glenn Jr.; and Mrs. Mariwade Douglas, wife of the physician to the astronauts. Standing from left are the wives of the astronauts, Mrs. Louise Shepard, Mrs. Rene Carpenter, Mrs. Jo Schirra, Mrs. Margie Slayton, Mrs. Annie Glenn, Mrs. Betty Grissom and Mrs. Trudy Cooper.

Glenn Sheds Laurels, Goes Back To Work

WASHINGTON (AP) — Astronaut John H. Glenn Jr. headed back to Cape Canaveral, Fla., today to resume work on the Mercury man in space project after a week of parades, banquets and awards. His boss says the space hero has no plans to enter politics.

The first American to orbit the earth spent a quiet Sunday with his family at their nearby Arlington, Va., home after attending services at the Little Falls Presbyterian church.

Several hundred people were waiting on the church lawn when the Glenns left. He smiled and waved, then led his family quickly to their car.

The size of the crowd contrasted sharply with the thousands who cheered the smiling astronaut and his family in parades in Washington, New York and his hometown of New Concord, Ohio. The week also included appearances before a joint meeting of Congress and two congressional committees and a visit to the United Nations.

Several politicians, impressed

by Glenn's performance during the week, remarked that he showed tremendous vote-getting appeal.

The possibility of a political future for Glenn drew comment from James E. Webb, director of the National Aeronautics and Space Administration which controls Project Mercury.

"He (Glenn) tells me that he is devoted to the space program and wants to stay with it just as long as he can be useful in it," Webb said.

Webb, appearing on a taped television program with Sen. Kenneth B. Keating, R-N.Y., noted that Col. Glenn is on loan to NASA from the Marine Corps and probably will want to return to the corps eventually.

In another development Democratic National Chairman John Bailey declared that he had no intention of claiming Glenn's successful triple orbit Feb. 20 as a political victory.

Bailey in a letter to the editor

of the Washington Star said, "It was not my intention to imply (in a talk a week ago) that the orbit of Col. Glenn must be credited to the Democratic party. We all know that it was a national triumph and that Republicans, Democrats and persons of many political beliefs all did their part."

"The point I was attempting to make was that our national effort to catch up with Russia and to surpass her in space efforts has moved at a far different pace and tempo under this administration than it did under the past one."

In a party pep talk Feb. 24 at Stamford, Conn., Bailey had declared that Glenn's orbit "showed what America can do when urgency and determination replace apathy and indecision in the executive branch of our government."

Rep. Bob Wilson of California, chairman of the House Republican Campaign Committee, accused Bailey of trying to make political capital out of the orbit.

2 Highway Crashes Hike Violence Toll

By The Associated Press

Texas' death toll from violence, which had been comparatively light in recent days, went soaring again over the weekend.

One highway crash took four lives and another claimed three, helping swell to 30 the number of deaths reported to The Associated Press. The tabulation for the period from 4 p.m. Friday to midnight Sunday included 21 traffic fatalities.

Three men were killed and eight other persons injured Sunday night when two cars collided 15 miles northeast of Decatur at the intersection of U.S. 51 and FM 455.

L. T. Eldridge, 38, of Dallas and two airmen from Goodfellow Air Force Base at San Angelo—A.S.C. Floyd Bowen of Humphrey, Ark., and A.S.C. William Prince, 19, of Pinehurst, N.C., died in the Decatur crash. Injured were Mrs. Eldridge; four Eldridge children—Larry, 6, Connie, 1, Jancie, 15 and Carolyn, 13; and three other Goodfellow airmen—Frank Nixon, 21; William Broms, 18, and Russell Vicknair, 18.

J. O. (Dell) Morgan, 60, baseball and assistant football coach at Rice University, and three other persons perished near Bay City as his pickup truck and a car collided late Saturday night.

Also dying in the accident were R. N. Moyer, 50, of Houston, Morgan's fishing companion; Ervin Smithhart, 25, of Bay City and Suzanne Hitts, 20, of Wharton.

Dawson Show Opens Thursday

LAMESA (SC) — Market barrows will go to the judging arena at 9 a.m. Friday as the annual Dawson County Fair and Live-stock Association's junior fat stock show is unreeled here beginning Thursday.

Weighing of stock begins on opening day and judging of the barrows is slated first on Friday. The Saturday schedule includes judging in lambs at 10 a.m. and steers at 1 p.m.

Future Farmers of America and 4-H Club members from Dawson and Borden counties and youths from the Flower Grove and O'Donnell Independent School Districts will compete.

General show superintendent is Monte Griffin, who will be assisted by Ralph Beach. Doc Echols is arena and ribbon superintendent.

Other division superintendents include: weights—Bonnie Culp, C. R. Brissom, Harry Houston, Bunk Smith, J. B. Weeks; swine—Stanley White, Johnny Grissom, Clovis Cline, Leland Bartlett and Donald Airhart;

Sheep—Rheems Shofer, D. V. Phipps and Don Vaughn; steers—Donnell Echols, Johnny Montgomery and David Hughes; records—H. H. Derstine, Eddie Brown, Paul Gentry, Morris Denson and W. B. Beeson; announcer—Ray Henderson.

Winter-Weary Midwest Buffeted By New Storms

By The Associated Press

Blustery weather—snow, stiff northerly winds and cold—buffeted the winter-weary Midwest today and snow, sleet and rain hit many other parts of the nation.

The fresh snow, measuring up to nearly a foot in parts of Minnesota, added to the heavy covering which blankets most of the Midwest. The strong winds, with gusts up to 40 m.p.h., whipped the heavy snow and caused hazardous driving conditions in many sections. Six primary highways in northeastern Iowa were blocked by drifting snow.

Temperatures dropped sharply

as the cold air spread from Canada.

In North Dakota, the mercury dropped to 13 below in Dickinson, -10 in Minot and -7 in Bismarck. In Montana, it was -8 in Miles City, -7 in Cut Bank, and -4 in Billings and Great Falls.

Some of the cold air penetrated into the Southeast, with freezing weather and light snow in Asheville, N.C. Sleet hit Raleigh, N.C., and snow flurries flecked Chattanooga, Tenn.

Sleet and freezing rain mixed with snow pelted sections of western Virginia, mountain areas of North Carolina, central Ohio, northern Indiana and southeastern Wisconsin.

In New England, snow fell in interior and northern sections with rain and drizzle along the southern coast. Rains were general from the upper Ohio Valley southward to Georgia, Alabama and Florida.

In the West, more rain fell along the coast from San Francisco to Seattle. A mixture of rain, snow and freezing rain damped inland sections of the Pacific Northwest. Gale warnings were displayed along coastal areas of Washington and Oregon.

Bobby To 'Clear' Texas Comments With Lyndon

WASHINGTON (AP) — Tongue in cheek, Atty. Gen. Robert F. Kennedy says he has been ordered by President Kennedy to clear future remarks on Texas with Vice President Lyndon B. Johnson, a Texas.

On his recent world tour the attorney general remarked in Indonesia that he didn't think the Mexican War of 1846 was justifiable. Texans raised the specter of the Alamo and vigorously disagreed.

In a television interview Sunday night the attorney general reported that his brother, the President, said that he wasn't going to muzzle me but from now on all my speeches on Texas should be

Church Goes To See Pastor

SAN ANTONIO (AP) — The preacher couldn't go to the church so the congregation drove 150 miles to him.

Chaplain Kenneth Parks, Protestant chaplain at Laredo Air Force Base, underwent surgery for removal of a kidney Feb. 22 and is in the Lackland Air Force Base hospital.

Parks was speechless, but delighted, Sunday when 20 members of his flock walked into his hospital room here.

Col. Woods Rogers, commander of the 364th Pilot Training Wing at Laredo AFB, gave Parks framed scroll of thanks signed by 175 persons who attended services at the base.

Parks, 51, is a major due to be promoted to lieutenant colonel March 12. He has been at Laredo since 1957, when he returned from Korea.

Candidate Pushes State Tourism

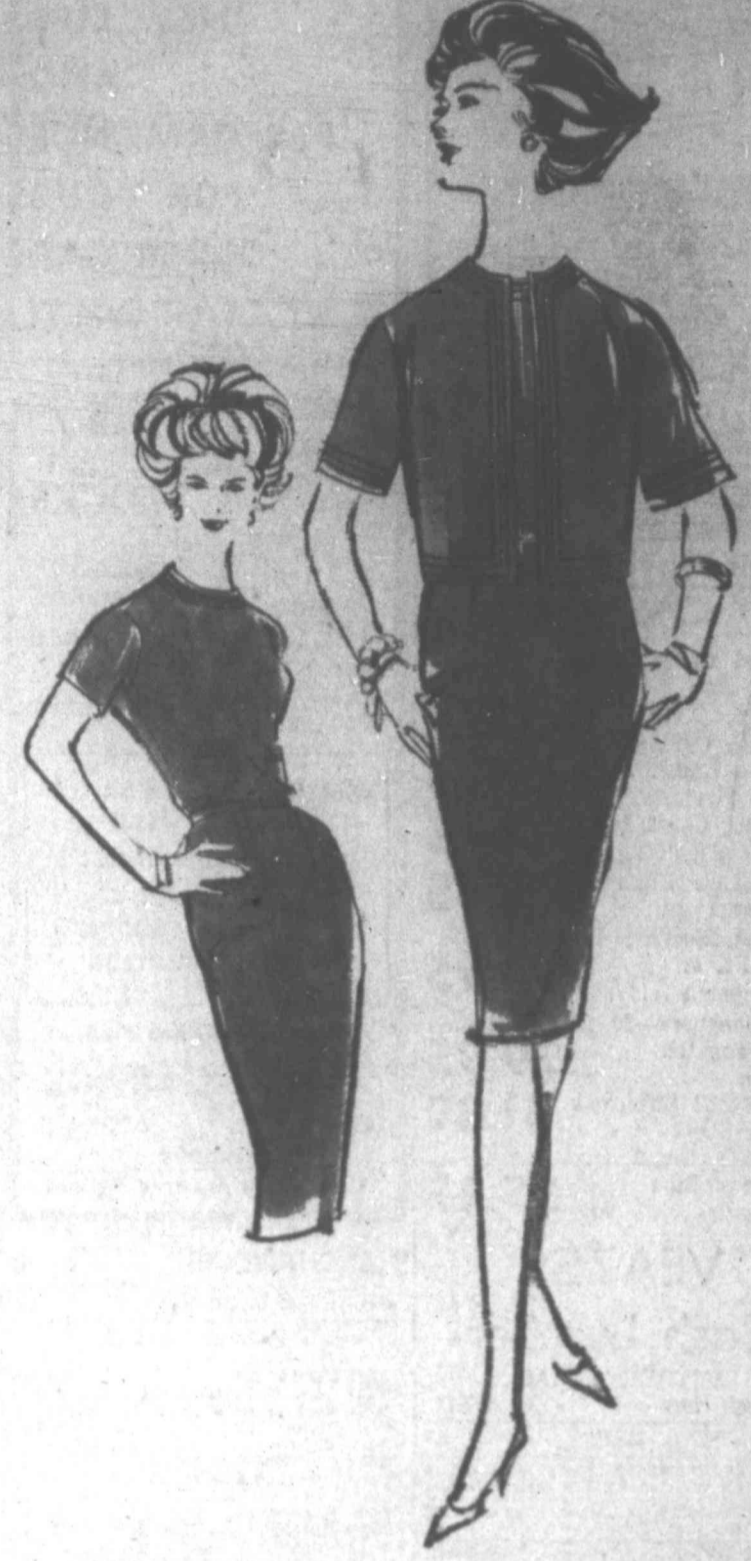

EL PASO (AP) — Marshall Formby, Democratic candidate for governor, said Saturday state and private sources should improve the state parks systems and nearby facilities to bolster the Texas tourist industry.

Formby, attending the Texas Association of Broadcasters' convention, said private industry should be encouraged to build more facilities in the areas next to the "state parks and scenic places."

Formby said an increase in tourists will result from proper parks and adequate facilities.

Fashion's Darling "Hopsacking"

Jon McCauley's answer to the hew and cry for Hopsacking — a jacket dress with the homespun texture of natural hopsacking, framed handsomely in three rows of black braid. The dress briefly sleeved and gently bloused has the surprise element of hi-pockets on the rib cage. Wheat, blueprint blue, or sunkist red, \$35.00

Hemphill-Wells

Demos Push For Final Action On 2 Administration Bills

WASHINGTON (AP) — Democratic congressional leaders are pushing for final action this week on two Kennedy administration bills—a pension-welfare fund regulation measure and a jobless retraining program.

Different versions of both bills have cleared the Senate and House.

Senate-House conferees on the pension bill met today with only minor differences to be settled. Delegations from the two

branches named to work out a compromise retraining measure are to hold their first session Tuesday.

The Senate and House versions of the retraining legislation would establish similar programs, but the Senate voted a four-year duration, the House two.

The House will debate Tuesday the first fiscal 1963 money bill of the session, a \$5.46-billion measure to finance the Post Office and Treasury departments.

Wednesday, it will consider a \$25-million federal aid program for education television stations. The Senate passed a \$51-million version of the legislation more than a year ago.

The next major legislation

He's Already Lost The Eskimo Vote

LOS ANGELES (AP)—Dr. Dan Gilbert, Baptist radio evangelist from Upland, Calif., announced his candidacy for governor of California on the Prohibition party ticket Sunday.

He said former Vice President Richard M. Nixon is an insincere candidate and Gov. Edmund G. Brown is spineless.

Summing up, he said of Republican Nixon and Democrat Brown: "I verily believe that a well-bred Eskimo could win over this pair of incompetents."

Grand Champion Sold

Jerry Duren, right, of Goldthwaite is congratulated by Pearl beer distributors, Buddy Bray, center, and Frank Horstok, Jr., left, after they and a third distributor, Be Darden, not shown, were top bidders with \$12,000 for the grand champion steer of the Houston Livestock Show. Duren raised his steer, Horton's Pride, on a back yard lot. The Pearl distributors donated the steer to the Texas Children's Hospital.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name Preparation 219. At all drug counters.

IT'S ALL SO EASY!

There is nothing complicated about our streamlined loan service. In fact, we make a special effort to arrange everything to suit you and your pocketbook.

We cordially invite Military Personnel stationed in this area to take advantage of our facilities.
