Rusk Tells Kennedy Of Arms Talk

WASHINGTON (AP)—President Kennedy and Secretary of State Dean Rusk met at the White House today to review what the Geneva conference and talks on Berlin have produced so far. Rusk flew back from Geneva Tuesday night. He went to the White House this morning to make his first report to the chief executive. He walked in through a side door to executive offices with a tan attache case in his hand. He had nothing to say to newsmen at that point. The secretary of state was expected to meet also with the Senate and House Foreign Relations Committees, probably Thursday. While no major progress occurred on basic cold war disputes the 17-nation disarmament conference did not break up in an angry flurry as have some past East-West gatherings. The Soviets showed a willingness to keep on talking about Berlin rather than pressing the issue to the point of war. Lower level delegates remained

Cuban Airliner Falls Into Sea, 22 Aboard Die

KEY WEST, Fla. (AP)—A Cuban airliner crashed into the sea Tuesday night as its pilot tried desperately to return to the airport, Havana Radio reported today. All 22 aboard were reported killed. The broadcast, monitored here, said the pilot told the control tower just before going down that he was having trouble and intended to turn back to the Santiago de Cuba landing field from which he had just taken off. However, the "mechanical defects" blamed by the radio for the crash proved critical and the Cuban Airlines flight 853 plunged into the water less than a mile from shore. Cuban navy boats have been unable to recover any bodies so far, the radio said. The plane was en route to Havana from Santiago de Cuba, the nation's second largest seaport. The crash scene is on Cuba's southeastern coast about 40 miles west of the U.S. Naval base at Guantanamo. All the victims and crew members had Spanish names. Their hometowns were not given. The crew included a pilot, co-pilot, steward and an armed guard. Guards have been assigned to all Cuban commercial flights for some time as a precaution against hijacking.

Syrian Army Rightist Government

Arab Socialism Theme Of Revolt

Relay's Frondizi's Decision

Former President Pedro Aramburu, profile, talking at left, tells newsmen outside the residence of President Arturo Frondizi in Olivos, a Buenos Aires suburb, of Frondizi's refusal to resign. Aramburu, Frondizi's hand-picked mediator in the government crisis, had conferred with the chief executive and told newsmen Frondizi had declared "he is not resigning and will not resign."

DAMASCUS, Syria (AP)—The Syrian army command took over the government today in a lightning coup aimed at swinging Syria back from right-wing rule to neutralist Arab socialism. President Nazem el Koudai and Premier Marouf Dawalibi's Cabinet were ousted and the Constituent Assembly set up after Syria broke from the United Arab Republic last fall was dissolved. Communiques signed by "The General Command of the Army and Armed Forces" said a provisional government composed of honest and sincere elements would be set up later. Until then, it was announced, "the command takes over the legislative and executive powers in the country." Syria's frontiers, airports and harbors were ordered closed until further notice. The people were instructed to "avoid any demonstrations of support or any groupings whatsoever." Radio Damascus said the coup was bloodless. An army general staff statement broadcast from Damascus accused the right-wingers of nullifying social reforms to regain lands they had lost to the peasants and workers while Syria was joined with Egypt in President Gamal Abdel Nasser's United Arab Republic. The statement said the coup was a continuation of the Sept. 28 army revolt which broke Syria's tie with the U.A.R. and "an internal affair to correct conditions in Syria." It said the army's aim at home was "establishment of constructive Arab socialism," the same term used by Nasser to describe his program. The army command also called for "the establishment of comprehensive Arab unity on a clear basis, especially with beloved Egypt and brotherly Iraq and considering the Palestine problem as problem number one of the Arab nation." It affirmed as its international aim "positive neutrality and non-alignment and respect of international charters including the United Nations charter." Damascus radio said the army command would hold both legislative and executive power until a transitional government is formed. It said the government once more was headed by the same junta that carried out the Sept. 28 revolt. The junta originally was formed of six colonels, but one of them, Col. Haydar Kuzbari, was dismissed from his command last December. It was believed he leaned too far to the right to suit the other junta members, and he also was believed to have interfered in the December election campaign. The 172-man Parliament elected Dec. 1 was dominated by right-wingers generally opposed to socialist measures instituted by the U.A.R. regime. Since the early days of the civilian government that took over from the junta, army officers had been reported split over the government's cancellation of popular nationalization measures. The Parliament elected El Koudai president for a five-year term on Dec. 14. A 55-year-old moderate rightist, he had been a former premier, foreign minister, speaker of the House, and Syrian minister to Washington for a year in 1944. Damascus radio said today he had resigned "for health reasons." The radio also announced the resignation of Premier Dawalibi and his 16-man Cabinet of moderate right-wingers and independents. Dawalibi last weekend had announced he was willing to step down in favor of a government of national unity. The coup came as Syria and Israel were preparing to go before the U.N. Security Council to exchange complaints about a series of clashes between them along the Sea of Galilee in the past two weeks.

Reds Make Cuba Military Giant Of The Caribbean

WASHINGTON (AP)—Communist-supplied arms have made Cuba a military giant of the Caribbean, the State Department reports. The department said an estimated \$100 million in Communist military aid "has turned the Cuban military establishment into one of the most formidable in Latin America. It has introduced a military capability hitherto not present in any of the Latin American countries of the Caribbean area." Most of the arms have come from the Soviet Union and Czechoslovakia, the department reported Tuesday. It added "there is no evidence that the Soviet Union has supplied Cuba with missiles, or that missile bases are under construction." Nor are any Soviet bombers known to have been turned over to Fidel Castro's regime. Cuba has been receiving Communist arms shipments and military advisers since Soviet Deputy Premier Anastas Mikoyan visited the island nation in February, 1960, the department said. It said the report on Cuba's military buildup was issued in response to numerous requests.

Reports Denied

PITTSBURGH (AP)—Top-level steel negotiators say they are continuing "exploratory discussions" on a new contract for 430,000 basic steelworkers. In the meantime, both sides denied published reports that a settlement was imminent.

Officials Sued On Right-Of-Way

Howard County, the State of Texas, the county judge and the four county commissioners, the county attorney and the chairman of the state highway commission have been named as defendants in a suit filed Tuesday in 118th District Court. H. S. Moss, who says he is a resident of Dallas, is the plaintiff and his suit dates back to 1954 when the right of way for re-routing of US 80 was being acquired. Moss states that he was the owner of a certain tract of land in Section 45, Block 32, township 1 north, just east of Birdwell Lane. The state seized this land by condemnation proceedings for right-of-way needs. The owner alleges he protested the finding of the special commission which awarded him about \$14,000. Now he sues the political agencies and officials for rental for the use of the land since that date—the rental, he alleges, is worth \$57,000. He specifies in his suit that he sues Ed Carpenter, county judge; L. J. Davidson, Joe Hayden, Ralph White and Rufus Stallings, commissioners; the state highway commission chairman, Herbert Petry and Wayne Burns, county attorney, in their official capacities and not as individuals. The suit has two counts. The first asks the payment of the rental Moss alleges is due him for the land since 1954 and in the second, he seeks to force the county judge to reinstate his appeal case against the findings of the special commission. He alleges that he notified the court on June 20, 1961 that he desired a trial on his appeal. On June 26, he says, his attorney was notified in a letter from the county judge that the case had been dismissed for lack of prosecution. He complains that his attorney sought to initiate a reopening of the case and filed proper motion in the case. The court, he says, had not afforded him a hearing on his motion which he filed on Dec. 29, 1961. Judge Carpenter said that he had dismissed the original appeal when no one appeared to prosecute the case. He said that he has not as yet been officially served in the suit but that it is planned to serve the judge and all of the commissioners simultaneously Thursday morning when the court will be in session. Moss relates that he had withdrawn the \$14,000 being held for him as the award of the special appraisers commission. This withdrawal was on April 7 of last year.

Prosecutor Ends Case In Eichmann Plea

JERUSALEM (AP)—Atty. Gen. Gideon Hausner concluded his case against Adolf Eichmann's appeal for clemency today with a plea to Israel's highest court to uphold the death sentence. Hausner, winding up a 13-hour attack on Eichmann's arguments against the death penalty, declared: "He who chooses to follow the ways of Adolf Eichmann—must have as his end shame and his punishment death. There can be no justice here unless this is Eichmann's punishment." "I ask that this court reject his appeal against his sentence." Eichmann never flinched as he listened to Hausner ask for his execution for the second time. A special tribunal last December accepted Hausner's arguments and condemned the former Gestapo colonel to die. Unless the Supreme Court grants a defense motion to put Eichmann, 56, on the stand again, the state of Israel has had its last say in court in the massive case it brought against him as the central figure in the Nazi extermination of six million European Jews. Immediately after Hausner concluded his plea, the five justices adjourned until Thursday. Eichmann's counsel, Dr. Robert Servatius, will then make a final statement seeking commutation of the death sentence. The court also is likely to rule Thursday on defense motions to introduce new witnesses and to hear the accused again. The court will probably take about a month to write its verdict on the appeal.

Argentine Military Set For Revolution

BUENOS AIRES, Argentina (AP)—Combat-ready troops carried out the first stages of a plan to overthrow defiant President Arturo Frondizi today, but stopped just short of an outright coup. Military units occupied Government House in Santa Rosa, capital of La Pampa Province. Other units in battle dress rushed to guard positions at communications and other nerve centers in Buenos Aires and key provincial cities. Troops at Government House, who Tuesday changed from their red, blue and gold uniforms for battle fatigues, stationed themselves just outside Frondizi's office for the first time in the 11-day crisis. These guards carried submachine guns. Grim and gaunt from the 11 days of crisis, Frondizi drove to his office from his suburban home. He smiled wanly as reporters asked him for comment but remained silent. The military occupation of radio stations, central telephone offices and public works plants obviously was a move to thwart any disturbance and to be in a position for a military takeover of the nation if it is ordered by the army, navy and air chiefs. Military sources said the combined armed forces at a pre-dawn session decided to put into action plans for the forcible ouster of the embattled president after he again rejected their demands that he quit. But at midmorning there was a sudden halt in the plans, apparently to give Frondizi one more chance to resign. As the situation grew more tense, Interior Minister Hugo Vaca Narrajo told newsmen "calm prevails throughout the nation, at least externally." NO EXPRESSION The minister said that if any measures had been adopted in the armed forces "they have not found expression outside the barracks." The military occupation of such places as telephone exchanges, he said, was a "precaution to avoid the possibility of attacks against communication centers." Reports from garrison cities in the interior said all was quiet at those places. Shortly after midnight, Frondizi again refused the demand of the military chiefs that he resign, and said his decision was "final and irreversible." Defense Minister Rodolfo Martinez was reported ready with a compromise that would keep Frondizi in office while giving the military a veto over his decrees. Although the plan was not to be presented formally until later today, a military official confirmed that no service would accept any proposal to share the government responsibility with Frondizi. PLAN 2 The military official said the commander in chief of the army, Gen. Raul Poggi, had ordered "Plan 2"—the overthrow of Frondizi by force—executed at 7:30 a.m. The navy reportedly began plans to move. The army and air

Trade Deficit Worries JFK

WASHINGTON (AP)—President Kennedy told Congress today that U.S. efforts to control the persistent balance of payments deficit are "still far from our target" and will require "the energies of all our people." Kennedy sent to Vice President Lyndon B. Johnson and House Speaker John W. McCormack, D-Mass., a 29-page report on the payments problem, prepared by Secretary of the Treasury Douglas Dillon. The document contained one major recommendation—the appointment of a top-level export coordinator in the Commerce Department who would concentrate "on the overriding need to expand our export sales." The White House said the post would be filled in a day or two. Kennedy, in his letter of transmittal, said that "above all, we must harness the energies of all our people—in labor and management as well as government—to the vital task of keeping our industry competitive and expanding our exports." Dillon suggested that this was a way in which every citizen could respond to Kennedy's appeal in his inaugural address last year that all Americans ask what they can do for their country.

Tennessee Coach Dies

NEW ORLEANS (AP)—Gen. Robert R. Neyland, who built the University of Tennessee's mighty football empire and trained some of the nation's top coaches, died here today after a long illness. He was 70. Neyland, who had been hospitalized at Ochsner Foundation Hospital here since Jan. 14, succumbed to the liver and kidney ailment that had forced his retirement from active coaching after the 1952 season. Since then, he had continued in his lifetime post as athletic director. During 21 seasons in 27 years starting in 1926, Neyland's teams won 171 games, lost 27 and tied 12. His 1951 team was undefeated and untied.

Mrs. Furlong Pleads Not Guilty To Murder Charge

HOUSTON (AP)—Mrs. Margery North Furlong entered a plea of innocence to murder. The Houston hearing is charged with the Aug. 9, 1960, death of her third husband, William Harrison Furlong III, 38. The jury of nine men and three women was completed today. Furlong was shot in the head with a rifle in September of 1960, in Mrs. Furlong's fashionable home. Mrs. Furlong told police he was trying to break into the house. Howell Stone, the prosecutor, said he would not seek a death penalty. The Furlongs were separated after about six months of marriage. Mrs. Furlong, wearing a platinium and white checked suit, sat calmly during the jury selection. Her two children by an earlier marriage were in the courtroom with her. They saw the shooting.

Military Denies Film For Text Hearing Is Official

AUSTIN (AP)—Official Army sources denied today that a film planned for viewing at a hearing of the House Textbook committee is an official Army production. The public information officer at Brooke Army Medical Center said the film was produced by the Walker Fund Foundation of Burlingame, Calif. Rep. W. T. Dungan of McKinney, chairman of the committee, said Tuesday the movie "The Ultimate Weapon" was an Army film. He said he and Dr. Forrest Smith had secured permission to show the movie at the meeting. Dungan said the movie dealt with "the lack of patriotism of American soldiers during the Korean War." The committee meets Monday at San Antonio, about 18 witnesses had asked to testify.

Flood Workers Battle Waters

Flood workers battled the surging waters of many rivers and streams in parts of Iowa and Nebraska today as early spring overflows forced hundreds of persons from their homes. Mild weather increased the melting of the heavy snow cover in the flood-stricken areas. The season's warmest weather also extended across most of the eastern half of the nation.

Trial Starts

Mrs. Margery North Furlong, Houston heiress, confers with her attorney, Joe Newman, as her trial opened in Houston Criminal District Court. Mrs. Furlong is charged with the fatal shooting of her third husband, William Harrison Furlong III, in September, 1960.

Dainty Miss

Balaise dress with kodel polyester fibers defies wrinkles. Embroidered, lace trimmed apron buttons over it.

Leggy Look

Spring favorites are American wool flannel, double breasted broiler and sister coats were extremely short this year as they are worn in Europe. They're trimmed with brass buttons and Navy insignia.

Kids Never Out Of Style In Tailored Navy Blue And Trim

By JEAN SPRAIN WILSON
AP Newsfeatures Writer
NEW YORK (AP)—A year usually lapses before grown-up styles influence children's wear. But the tables are turned. Recently toddlers have been leading the way.
Take the military influence, which youngsters have been doing this year, right along with the adult fashion intellectuals.
Kids have never really needed a Norman Norell to tell them that navy is very good, and especially when crisply tailored and

trimmed with brass buttons and touches of red.
Mothers have been slipping this classic coat style on and off well-scrubbed youngsters for several generations. The only difference in it this year is the extreme brevity, a European influence which gives the little wearers a leggy look.
Take capes, which women have been taking in especially large doses for the past few seasons. The wee ones have always en-

joyed wearing them. Remember Little Red Riding Hood?
To be true at times little girl apparel has borrowed A-lines, T-lines, sacks and chemises from big girl couture. But there has never been a season when there was not also an abundance of puffed sleeves and pinafores, smocked and embroidered yokes, appliques, laces and ribbons and ruffles galore.
Both the big boys and the little boys are applauding the equal distribution of fashion femininity this season, for it is appealing on any sized girl.

Joint Duplicate Bridge Winners Are Announced

The Winner's Game of duplicate bridge was played Tuesday evening at the Cosden Country Club. This game, held once every two months, is a joint session with the Big Spring Country Club, Cosden Country Club and Webb AFB Duplicate Bridge Club participating.
Winners of the north-south division in the 12-table game were Mrs. E. L. Powell and Mrs. Elmo Wasson, first, Mrs. Anne Hardy and Ed Hartstein, second, Mrs.

Riley Foster and Mrs. Rogers Hefley, third and Mrs. B. B. Badger and Mrs. D. N. Penn, fourth.
In the east-west division, winners were Mrs. Paul Lee and Mrs. W. E. Harris, first, Mrs. Ward Hall and Mrs. Elvis McCarty, second, Mrs. Loyd Nalls and Mrs. Fern Durham, third and Dr. and Mrs. J. H. Fish, fourth.
Friday duplicate bridge game will follow the Ladies Golf Association luncheon. The time will be 2 p.m.

Wesley Women To Buy Supplies For Kitchen

WCS Circles of Wesley Methodist Church convened Tuesday in separate sessions for programs business.

MARTHA FOSTER CIRCLE
In a morning meeting, members of Martha Foster Circle voted to buy supplies for the church kitchen, while gathered at the home of Mrs. Rene Brown.
A Spanish dish supper will be held Wednesday evening at the church. Members will finish study of South American missions.
Topic for the day was "Youth," Mrs. Dick Chase presented a talk on "Explorers, Liberators and Missionaries." Mrs. Jerry Allen spoke on "When We Really Live."
Mrs. T. C. Richardson closed the meeting with prayer. Refreshments were served to eight members.
The next meeting will be Tuesday at the church.

LALLA BAIRD CIRCLE
Lalla Baird Circle met with Mrs. H. D. Drake in the afternoon.
Members voted during a short business session to make certain improvements in the kitchen at the church.
Mrs. S. L. Thurman presented a devotion from Luke, Mrs. Frankie Mote spoke on "Explorers, Liberators, and Missionaries" and

HAYHURSTS ATTEND FUNERAL OF FATHER
FORSAN (SC)—Mr. and Mrs. L. M. Hayhurst will attend funeral services for his father, Logan M. Hayhurst, in Bristow, Okla., on Wednesday. Mr. Hayhurst died Monday morning in Odessa. He had been critically ill for some time.
Recent guests of Mr. and Mrs. Roy Stockstill were her parents, Mr. and Mrs. W. E. Covey and Wendell from Fort Worth and Judy Freeman of Denver City.
Mr. and Mrs. Willie Hoard have gone to Oklahoma City this week. Mr. and Mrs. Sammy Porter were in Hennessy, Okla., at the same time. The men were transferred to these places by Continental Oil Co., and plan to return Wednesday. The families plan to move soon.
Mr. and Mrs. Charles Hall and children of Odessa were visitors with her parents, Mr. and Mrs. A. F. Oglesby.

GA Luncheon
The Ladies' Golf Association luncheon will be held at 1 p.m. at the Big Spring Country Club. Following the luncheon the duplicate bridge game will be played at 2 p.m.

WHATSOEVER HE SAITH
By A Christian Writer
Chapter 2 of John's Gospel declared that Christ was omnipotent. He not only turned water into wine at the wedding, He promised to raise His own body from the dead. In speaking of the temple of His body, He said, "Destroy this temple, and in three days I will raise it up." Verses 19-22.
This shows him to be Deity.
Because He is who He is, the advise of Mary is sound advise. She said, "Whatsoever He saith unto you, do it." (v. 5). We must obey Him without reservation. Even the despised command to be baptized "for the remission of sins" (Acts 2:38), cannot be eliminated.

Problems Of Labor Discussed

A talk on "National Agricultural Labor" was given Tuesday evening for members of the Business and Professional Women's Club. The dinner and program was held at the Wagon Wheel with Bruce Frazier, the speaker.
Agricultural labor problems on an area level were also pointed out and explained by Frazier. Invocation was given by Mrs. Vena Lawson and hostesses were Mrs. Lawson, Mrs. C. A. Murdock, Mrs. Carl Eason, Mrs. R. L. Trapnell and Hattie Everett.
Twenty-seven members attended and another guest for the evening was Mrs. Harold Meador.

Knott Club Meets With Mrs. Gaskin

Knott Home Demonstration Club met Tuesday in the home of Mrs. Joe Mae Gaskin. Members answered to roll call with how much of time each spends daily thinking of others.
Mrs. Gaskin presented a program on civil defense. Refreshments were served to seven members.
The next meeting will be in the home of Mrs. Emmett Grantham, 1111 Eleventh Place on April 10.

Cotillion Formal Opens Spring Social Affairs

Opening the season's social affairs was the formal dance and buffet held Tuesday evening at the Cosden Country Club. Mr. and Mrs. Harold Talbot headed the Cotillion Club's hosts for the evening, when a "Peppermint Lounge" theme was featured.
Gaily decorated in red and white, ballroom decorations included a red and white canopied entrance with the theme inscribed overhead. Red and white posts flanked the entry, and within the ballroom were streamers draped from the ceiling, also in red and white. Ralph Marterie and his orchestra provided music and on their bandstand was a white, peppermint-cane-tree.
Individual tables were spread with white cloths centered with miniature trees hung with peppermint.

Also in pink, Mrs. Harvey Adams' formal sheath featured beaded flowers in a shoulder applique. Elegant in blue peau de soie, Mrs. Ralph Hughes was a picture of springtime. Elegant too were the guests of Mrs. G. C. Boardman. They were all pinned with orchids which were sent for the occasion by Mrs. Boardman's father.
Other host couples were Mr. and Mrs. Tommy Gage, Mr. and Mrs. O. S. Womack, Mr. and Mrs. Pete Cook, Mr. and Mrs. James Tidwell, Mr. and Mrs. R. H. Weaver, Dr. and Mrs. Clyde Thomas Jr., Mr. and Mrs. Ralph Hughes, Mr. and Mrs. Arliss Radtiff, Mr. and Mrs. Paul Sheaffer, Mr. and Mrs. McComb, Mr. and Mrs. R. R. McEwen Jr. and Mr. and Mrs. Stitzell.
Approximately 175 couples attended and among the out-of-town guests were the Pete Cooks' guests, Mr. and Mrs. Bernard Bevis of Midland.

Members of all WMS circles of East Fourth Baptist Church had their mission study on "Glimpses of Glory," Tuesday morning at the church.
Mrs. R. E. Wilson and Mrs. W. R. Crownover reviewed the book. The meeting was closed with prayer by Mrs. Elmer Dickens. A salad luncheon followed the meeting.

Circle Meets For Mission Study

Members of all WMS circles of East Fourth Baptist Church had their mission study on "Glimpses of Glory," Tuesday morning at the church.
Mrs. R. E. Wilson and Mrs. W. R. Crownover reviewed the book. The meeting was closed with prayer by Mrs. Elmer Dickens. A salad luncheon followed the meeting.

SPRING DANCE PLANNED

A spring dance will be an informal affair Saturday evening at the Big Spring Country Club, according to an announcement by Mrs. Marge Ramsey, manager. Club members and their guests are invited and the charge will be \$3.00 per couple. Music will be provided by Jess Gay and his orchestra. Tables may be reserved for those who wish them. Hours will be from 9 p.m. until 1 a.m.

Mrs. Smith Reports On Trip To Grand Lodge

Mrs. Harace Smith reported on a recent trip to Galveston for a John A. Kee Rebekah program Tuesday evening at the Lodge Hall.
Mrs. Smith, representative to Grand Assembly, attended Grand Lodge at Galveston on March 17-20. She stated that James Lamar had been elected grand messenger to the Grand Assembly, and Mrs. Lamar has been elected to the exhibits committee. Her scrapbook won honorable mention.
Mrs. Edna Ferguson was welcomed to the lodge as a new member by transfer.
Mrs. Jack Smith presented the lodge with a gas range in memory of her mother, the late Mrs. Gertrude Wasson.
Mrs. Letha Massie announced

that the money for her birthday project would be used for formica coverings for lodge tables.
Members began an attendance contest. Mrs. J. H. Eastham and Mrs. Elmo Martin are leaders of the pink and green groups respectively.
Hostesses to after lodge fellowship were Mr. and Mrs. Lamar, assisted by Mr. and Mrs. Vernon Kent, Mrs. Massie and Mrs. Grace Martin. About 36 attended.
DATE BOOK
The Maestra's Guild will meet Friday at 10 a.m. at the Parish Hall of the Mary's Episcopal Church. Mrs. J. D. Cole will present the program.

IHM Society Plans For CW's Conference

Officers were elected and plans made for a conference when the Immaculate Heart of Mary Altar Society was in session Tuesday at the Parish hall. Opening and closing prayers were offered by Father Francis Beazley, who announced Communion Sunday at 8 a.m. mass, April 1.
Mrs. Jack Engle was appointed chairman of the Altar Committee and a resignation was read from Mrs. Bill Seved. Mrs. Herman Bauer was elected president; Mrs. Y. C. Gray, vice president; Mrs. H. L. Cannady, secretary; Mrs. Truett K. Newell, treasurer.
Announcement was made of a vacation religious school to be held this summer for pre-school and public school children of the fourth through the eighth grades, who were not in Catholic school this term.
The Big Spring Deanery of Catholic Women will be in Sweetwater Thursday, when there will be registration at 9:15 a.m. in the Family Parish Hall. Bishop Thomas Drury of San Angelo will say mass at 10 a.m. Mrs. Alvin Kuss of Hermleigh will conduct the meeting. Mrs. Ben Turner of Sweetwater will give the opening address.
The Rev. Warrel H. Helby Jr., rector of St. Stephen's Episcopal Church will be guest speaker, following the theme "The Mind of the Ecumenical Council."
A buffet luncheon is to be served at 12:30 o'clock followed by a workshop and reports. Father Fabian Diering of Rotan is to be the moderator.
The delegation from Big Spring will include Father Beazley, OMI,

and Mrs. Martin Dehlinger, Mrs. Engle, Mrs. Robert L. Anderson, Mrs. L. D. Jenkins. Alternates are Mrs. O. H. Bolton, Mrs. Paul Della Rocca, Mrs. V. O. Wade who is president of IHM Altar Society.
Others who plan to attend are Mrs. R. C. Frayser, Mrs. Bauer, Mrs. D. W. Robertson, Mrs. George Foster, Mrs. Carrie Scholz, Mrs. C. W. Deats, Mrs. L. D. Gilbert, Mrs. Wayne Basden, and Mrs. Gray.

Faculty Ma'ams See Home Films

Home fashion films were shown the Faculty Ma'ams of Howard County Junior College Tuesday afternoon in the home of Mrs. Ben Johnson.
The Celanese Fiber Company furnishes the club with films on room design and interior decoration each year.
The door prize, a dress length of material, was won by Mrs. Martin Landers.
Fourteen members were present.

Carroll Stone Hospitalized

WESTBROOK (SC) — Carroll Stone is a patient in Root Memorial Hospital at Colorado City.
Mr. and Mrs. A. G. Anderson visited Sunday with Mrs. Anderson's niece, Janis Pelton, who underwent surgery in a Big Spring hospital last week.
Mr. and Mrs. Lewis (Choppie) Rees and family have moved from the Carr community into their new home in Westbrook. Rees is manager of the gin in Westbrook.

Kentwood WSCS Has Regular Session

The Kentwood Evening WSCS Circle met at the church Monday evening for mission study.
Members studied a book, "The Meaning of Suffering." Those on the program were Mrs. Weldon Nuckolls, Mrs. Clifford Hale and Mrs. Frank Arner.
Six members were present.

Captive

Tami Haugen, 15 months old, didn't like it at all when she was "captured" by her twin brothers, Ricky and Rusty, 4, in their St. Paul, Minn., home. The twins got a pair of their father's handcuffs and locked Tami's ankles in them. Tami screamed and her mother called police because her policeman-husband, Richard Haugen, was on duty and had the handcuff keys. Other officers responded and freed Tami.

Barry Upholds Court City-Rural Vote Ruling

WASHINGTON (AP) — Sen. Barry Goldwater, R-Ariz., took issue today with those who see the Supreme Court's action on legislative apportionment as a blow to political conservatives. Goldwater, a spokesman for GOP conservatives, called the court's ruling which opened the field of urban-rural representation to federal judicial review "a proper decision."

"I know there are those who say that the conservatives' political strength will be reduced if the cities gain more representation in the legislatures," he said in an interview.

"But I don't agree with that. I don't think it will make any change. There are proportionately just as many conservatives in the metropolitan as in the rural areas."

Sen. Kenneth B. Keating, R-N.Y., who regards himself as considerably more liberal than Goldwater, said in a statement speculation that the Democrats would gain by legislative changes giving a greater voice to city voters is premature.

Supporting the court's action, he said surveys have shown that the cities—where the Democrats have proved themselves strong—have had improved representation while the suburbs—where Republicans have been more numerous—have suffered.

"It is evident from such studies

that the suburbs of America, rather than the cities, would be the most likely beneficiaries of an apportionment overhauling," he said.

States' rights critics found no practical way of warding off what they characterized as federal intervention in a local field.

Sen. Harry F. Byrd, D-Va., predicted U.S. judges will find themselves involved in complex difficulties in carrying out the high court's directions.

"It was a terrible decision," he said.

Sen. John Stennis, D-Miss., agreed in a separate interview that there is little that Congress or the states could do but accept a decision he said "turned another corner in the assault on the rights of the states."

"This undoubtedly will affect congressional districting," he said. "It could be carried down to the lowest level of representation on county boards and elected commissions of all sorts."

Sen. Richard B. Russell, D-Ga., said the decision "seems to assume that the federal courts can place state governments, state legislative bodies and other state institutions in the hands of a federal receiver." He called the ruling "another major assault on our constitutional system."

Eighteen Tax Suits Are Filed

LAMESA (SC)—Eighteen delinquent tax suits have been slated for disposition in 106th District Court here on May 7. The plaintiffs are the City of Lamesa and the Lamesa Independent School District.

Defendants in the cases include Anna Mae Green, J. T. Hendricks as administrator of the F. O. Alken estate, Annie Herman, W. D. Jemeyson, William H. Knowles, Will Murray, Montel J. Smith, W. R. Teel, C. C. Biggestaff, Avery Lee Byrd, Gonzalo Gusman, Jack Hemby, S. D. Mercer, Saleana and Lena Mae Williams, Dock Bolton, G. W. Bolton, Hilario Cervantes and A. C. Crawford.

Leaves Hospital

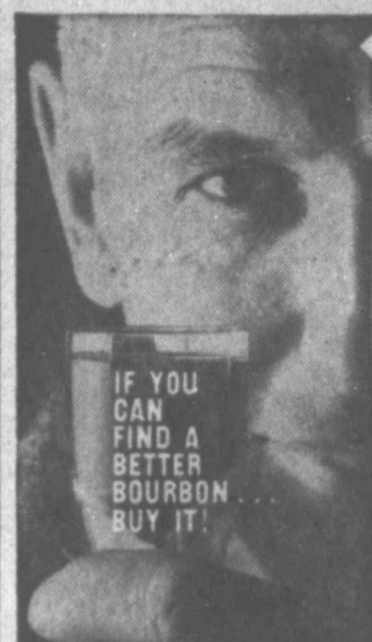

NEW YORK (AP) — Actress Janet Leigh was discharged Tuesday from the hospital where she was taken last Saturday with a slight concussion.

Miss Leigh, who separated recently from her actor husband, Tony Curtis, was knocked unconscious when she fell in the bathroom of her hotel suite.

Spring Fever Weather Holds

By The Associated Press
Weather calculated to bring on attacks of spring fever lingered throughout Texas Wednesday.

It was generally fair except for a patch or two of low clouds along the southern coast and high, thin clouds over West and South Texas. Fog hovered at Lufkin, Beaumont and Houston before sunrise.

GOP Candidates In Open Warfare

By The Associated Press
Open warfare developed in Texas' two-man Republican contest for governor Tuesday. The six Democrats seeking that office kept on skirmishing briskly.

Roy Whittenburg dove back into campaign for the GOP nomination with an appeal for support of his party "as a mighty stroke against those who would destroy our self government."

Whittenburg noted that Jack Cox, his Republican rival, has said he quit the Democratic party because it offered "our best hope for the preservation of our liberties" but "failed to mention that it was Republicans who made the party the bulwark of conservatism."

Speaking at a Houston rally, Whittenburg said he is the only candidate who has advanced a plan for regaining powers he accuses the Supreme Court of taking away. It calls for all judges to be elected, including those on the high court bench.

While Whittenburg remained in Houston, Cox proceeded across Northeast Texas with visits scheduled Wednesday at Mount Pleasant and Texarkana. He made a series of informal talks the day before at Denison, Sherman and Gainesville.

Democratic candidates were

Jackie's Visit Was 'Enchanting'

NEW YORK (AP)—John Kennedy Galbraith, United States ambassador to India, describes Mrs. John F. Kennedy's recent trip to that country as "an enchanting visit."

"This is the first time to my knowledge that anyone in a high position has been received, not by most of the people, but by all of the people," he said Tuesday upon his return to this country for State Department consultations.

Good Condition

NEW YORK (AP)—Singer Kate Smith is reported in good condition following minor surgery at Doctors Hospital.

Miss Smith, a veteran of radio, television and motion pictures, entered the hospital last Saturday and was operated on Tuesday.

Flood Of Damage Suits Filed In District Court

A small flood of damage suits were lodged in the 118th District Court on Tuesday.

One, brought against the T&P railroad, asks that the road pay the plaintiff, Denver Gerald Hart, a former employee, \$386,000. Hart alleges that on Dec. 28, 1961, while working on a flat car unloading merchandise, he slipped and fell. He claims injuries which entitle him to damages.

Two suits brought by homeowners seek to compel an insurance company to compensate them for the alleged damages caused to their houses by blasting activities in the area.

One is styled A. P. Hohertz vs. Great American Insurance Co. The petition relates that Hohertz lives at 2804 Parkway and that a construction company's blasting operations damaged his house. He cites a policy with the insurance company and he seeks \$2,800. The second suit in which W. B. Crook-

and his wife are plaintiffs names the same insurance company. The Crooks relate they live at 2802 Parkway and that their house was damaged in the amount of \$2,200 by the blasting operations.

A car accident on March 17, 1962 at the intersection of US 90 and FM 700 is the basis for a damage suit brought against Corbett Newton. The plaintiffs are John Duran, Paradez, Carmen DeLeon, Sylvia Rodriguez, Adolfo Larez Rodriguez, and Ben Rodriguez. The combined damages sought aggregate \$33,375.

The last suit for damages was brought by H. S. Moss against the county, the state and certain officials. This is a suit relating to condemnation proceedings for right of way used in the building of US 90 seven years ago. Moss seeks rental he alleges is due him for the use of his property for the seven years.

Attorney General Will Wilson called for legislation setting up a system giving public school teachers a minimum of two years tenure. He issued a statement at his office in Austin.

Gov. Price Daniel, speaking at a safety conference in Dallas, said traffic fatalities have declined 11 per cent since he took office despite a 20 per cent increase in the number of drivers and miles traveled in the state. He said the record would have been better if the legislature had enacted traffic safety laws he recommended.

Daniel was at Terrell to speak at a luncheon Wednesday. In a talk at Nacogdoches, Marshall Formby asserted there should be no political considerations in a governor's choice of appointive officials.

"I do not believe in letting political bosses, lobbyists and pressure groups, tell the governor what to do," Formby said.

Formby headed through Lufkin, Crockett, Centerville, Marlin and Waco Wednesday. A party of West Texans plugging for his candidacy proceeded by bus from Dallas to Fort Worth. Clint Formby, a nephew of the candidate, heads the trippers.

John Connally, stumping in East Texas, asserted Texas must be allowed to produce more oil and he proposes to appeal for the national oil import commission for help.

On Connally's schedule Wednesday were stops at Henderson, Carthage, San Augustine, Lufkin and Nacogdoches. He visited eight other cities Tuesday.

It was Don Yarborough, campaigning in North Texas, who claimed he'll get the biggest number of May 5 primary votes in Dallas and Harris counties, the state's two most populous.

Yarborough made the prediction while opening a Dallas headquarters. He was bound next for Denton, McKinney, Decatur, Bowie, Henrietta and Wichita Falls.

Edwin Walker was shaking hands and talking with voters in Southeast Texas. He attended a city hall meeting Tuesday night at Beaumont.

Protecting Her Hoard

Miss Ollie Sutton, 68, operator of a waterfront tavern at San Pedro, Calif., elbows a sheriff's deputy away as officers arrived at her living quarters behind the bar to evict her—and her hoard of \$40,000 in cash. Her property had been condemned months ago to make way for a bridge, but she declined to move. The cash, which officers poured into a wash basin, was found stuffed in corners and under mattresses.

Ft. Polk GI Begins Term At Hard Labor

FT. POLK, La. (AP)—A Texas reservist, convicted of disrespect after leading "we want out" demonstrations by troops, began a six-month sentence at hard labor in the stockade of this sprawling military post today.

Pfc. Bernis Owen of Seadrift, Tex., drew the maximum penalty from a five-officer court-martial Tuesday. He also was fined \$30 per month to be taken from his \$124 monthly pay for six months. The conviction will be reviewed automatically. Owen's defense counsel later may request further review by higher commands.

Owen, 23, had been enrolled at the University of Texas for one month when he was recalled to active duty during the Berlin crisis last fall.

His parents, Mr. and Mrs. Paul L. Owen, watched the two-day court-martial proceedings.

The reservist was charged with criticizing publicly an order halting protest meetings by reservists seeking release from duty. The order was issued by Maj. Gen. Harley B. West, commanding officer of Ft. Polk and the 49th Armored Division. West is a reservist himself.

The Army prosecutor, Capt. James D. Spurgeon, argued that Owen's statement was deliberate. The soldier was charged with calling West's order a "hilarious climax to a chain of injustices" in a long distance telephone interview with Sidney W. Cook, United Press International bureau manager at New Orleans.

Capt. Edgar Nash, the defense counsel, called Owen's act "an honest mistake of judgment," and asked for leniency.

"This man can be made a good soldier," Nash said. "It is up to us to do it."

He argued that any American citizen who becomes a soldier still retains his feeling he has a right to express his opinion.

Cities, Counties Get Traffic Safety Awards

DALLAS (AP)—Twenty-four cities and 14 counties received safety awards Tuesday for death-free traffic records in 1961. Gov. Price Daniel presented the awards at the Governor's Highway Safety Conference, held in conjunction with the Texas Safety Association's 23rd annual meeting.

The cities are Harlingen, Brownsville, Kingsville, Baytown, Andrews, Bay City, Bellinre, Brownfield, Del Rio, Eagle Pass, Galena Park, Hurst, Kermit, Mission, McKinney, Pampa, Pecos, Robstown, San Marcos, Snyder, Sweetwater, University Park, Weslaco and West University Place.

Counties receiving awards are Borden, Brewster, Delta, Hansford, Hardeman, Kent, Lipscomb, Loving, Mason, Rains, Roberts, Somervell, Sutton and Upton.

Austin received the governor's special merit citation for holding traffic deaths 5 per cent under the average for the previous three years. Dallas, with a reduction of 2 per cent, and San Antonio, with 1 per cent, received similar awards.

Other certificate winners are Odessa, reduction 40 per cent; Galveston and San Angelo, both 33 per cent, and Waco, 6 per cent.

Loving County maintained its record of no traffic fatality since its organization in 1931. It is the only county in Texas with such a record. Loving County had 171

registered motor vehicles last year. They operated over 23 miles of state highway, 17 miles of farm to market roads and numerous miles of county roads.

Counties with reductions of 75 per cent or more in traffic deaths include Andrews, Caldwell, Crockett, Erath, Freestone, Karnes, McCulloch, and Sabine.

Counties with reductions rang-

ing from 33 per cent to 74 per cent include Angelina, Bandera, Burleson, Cameron, Castro, Childress, Coke, Coleman, Concho, Donley, Eastland, Falls, Fannin, Floyd, Fort Bend, Franklin, Frio, Gaines, Gillespie, Goliad, Hall, Hartley, Haskell, Hays, Hemphill, Hockley, Jackson, LaSalle, Lime-stone, Martin, Mitchell, Panola, Parker, Farmer, Pecos, Potter, Runnels, San Augustine, San Jacinto, San Patricio, Sherman, Sterling, Val Verde, Van Zandt, Wharton, Wise, Wood and Zavala.

Counties whose traffic death reductions ranged up to 33 per cent include Blanco, Brazos, Chambers, Comal, Crosby, El Paso, Galveston, Hardin, Harrison, Hidalgo, Hill, Jasper, Jim Wells, Kaufman, King, Lavaca, Moore, Newton, Reeves, Refugio, Shelby, Taylor, Titus, Waller, Ward, Williamson and Young.

Firemen from five towns in this area controlled the blaze after a two-hour battle. League City is 35 miles southeast of Houston.

Deputy Sheriff Fred Grieger said a blast obviously started the fire about 2:30 a.m. but investigators had not determined what caused the explosion. There were no injuries.

School officials and a contractor who erected the building made the loss estimate. The fire and explosion destroyed a wing housing the school's science department. There was heavy damage to the home economics department.

Explosion Causes School Damage

LEAGUE CITY (AP)—Flames set off by an explosion caused an estimated \$200,000 damage to the League City high school before dawn.

Firemen from five towns in this area controlled the blaze after a two-hour battle. League City is 35 miles southeast of Houston.

Deputy Sheriff Fred Grieger said a blast obviously started the fire about 2:30 a.m. but investigators had not determined what caused the explosion. There were no injuries.

School officials and a contractor who erected the building made the loss estimate. The fire and explosion destroyed a wing housing the school's science department. There was heavy damage to the home economics department.

Dawson GOP Lists Names On Ballot

LAMESA (SC)—Vernon (Hap) Bratcher, Dawson County GOP chairman, has announced the order in which names of candidates will appear on the May 5 Republican primary ballot.

In addition, the ballot will also contain the special referendum is-

ues of legalized horse-racing and poll tax.

Candidates will be listed thus: Governor, Jack Cox and Roy Whittenburg; lieutenant governor, Bill Hays and Kellis Dibrell; congressman - at-large, Desmond A. Berry, Giles Miller and Joe B. Phillips.

The only local candidate is Bratcher, who is seeking the chairmanship of the party. Gene Dean, Lamesa, is on the ballot unopposed for representative of the 78th Legislative District.

Defense Shakes Girl's Testimony

PALO PINTO, Tex. (AP)—Testimony was resumed today in the trial for murder of Dickie Don Wood, former Golden Gloves boxing champion accused in the slaying of a pretty divorcee.

Testimony of a brunette teenager was shaken Tuesday when defense lawyer Tom Creighton put her under intense cross examination.

Wood, 26, is accused in the strangulation and beating death of Mrs. Pat Peaster, 25, whose battered, nude body was found Aug. 11 in her auto at Wichita Falls. The two had known each other since junior high school days. The case was moved here on a change of venue.

Betty Brown, 16, of Sherman, formerly of Wichita Falls, testified that she and two teen-age friends watched a man in a compact car the night of Aug. 11. The car stopped near her home, the teen-ager testified.

"He just sat there smoking a cigarette," Miss Brown related. "He would lay over in the front

seat (every time another auto would pass)."

She said the man finally wiped the inside of the car with "something white," then climbed out. He stopped and "looked at us," then ambled down the alley, the girl related.

Minutes later, she continued, she and her friends were joined by Larry James and Ronald Kittle, 18.

She said a mysterious woman in white walked rapidly past them and took no heed of a shout from one of the boys.

Kittle then went over to investigate the car, she testified.

Inside lay the body of Mrs. Peaster. She was naked except for remnants of pink panties which dangled from her left knee.

A white cloth lay across her neck.

The next morning, the teen-age witness said, she saw two policemen escorting a third man around the crime scene.

She testified that the man resembled the stranger she had seen disappear down the alley.

Under cross-examination by Creighton, Miss Brown admitted that when the officers brought her face-to-face with Wood for identification, she said:

"I don't know. I can't tell. I thought he was bigger."

"Are you telling this jury this 'pointing to Wood' is the man you saw that night?" asked Creighton.

"No, I'm not."

Artificial Hearts Called 'Close'

MEMPHIS, Tenn. (AP)—Surgeons will be able to replace defective hearts with complete artificial hearts in a few more years, a surgeon predicts.

"It's a lot closer than you think," Dr. Charles A. Hufnagel of Washington said Tuesday at a sectional meeting of the American College of Surgeons.

Ten years ago, he said, people with diseased valves of the aorta could not be saved, but now "surgeons can replace any of the valves of the heart."

Hufnagel is professor of surgery at Georgetown University Medical School.

Vote Is Split

WASHINGTON (AP)—Sen. Ralph Yarborough, D-Tex., voted with the majority Tuesday as the Senate gave 77-15 approval to a proposed constitutional amendment to outlaw the poll tax as a requirement for voting in federal elections. Sen. John Tower, R-Tex., voted against the measure.

License Tag Business Is Beginning To Pick Up

Business was brisk at the Howard County Tax collector's office Tuesday but nothing to compare with the big car tag rush that built up Monday.

A small army of motorists, suddenly realizing that their car plates will be out of date within less than a week, raced down to the office in the court house and to the substations.

Monday's gross sales were \$22,362.21.

Mrs. Zirah LaFevre, county tax assessor-collector, said that Tuesday's volume was no where nearly so great as Monday but that a steady business had existed throughout the day.

On Monday, she pointed out that the Eleventh Place shopping center Lewis Variety Store, one of the five substations in the town, issued \$2,900 worth of plates. The

Gregg Street store reported \$1,300 tag sales and the Lewis store on the Lamesa Highway sold \$800.

Mrs. LaFevre repeated that the last chance to buy tags will be 5 p.m. Saturday. She said the office, which normally would be closed on Saturday, will be open from 8 a.m. to 5 p.m. The five substations—the three Lewis stores and the two Newsum Food stores—are open later than 5 p.m.

No night session at the tax office is planned.

She pointed out that the official deadline is April 1 and that on Monday, cars which are not provided with 1962 plates will be in violation of the law and their owners can find the oversight costly.

The tax office anticipates steadily mounting demand for plates from now through Saturday.

State Helps Clear Boys

LUFKIN (AP)—It took a district court jury just nine minutes to find two teen-agers innocent Tuesday night in the slaying of a teammate.

The verdict, recommended by Dist. Atty. Hulon Brown, cleared Robert Rothrock, 18, and Eddie Kimble, 16, both of Lufkin. They were charged with murder after Jackie Merriam, 14, was found dead of a rifle wound Feb. 21, 1961.

Brown said at the outset the state had no evidence linking the pair to the slaying. He wanted to try them, he said, in the view they had been "convicted in the minds of a number of people."

Police said the slain boy had feared Rothrock and Kimble because he told their parents after the two left home without permission.

Defense lawyer Percy Foreman of Houston lambasted press, radio and television coverage of the case in his final argument. He asserted it would not have been tried but for exploitation by news media.

"I don't know of any other district attorney in the state of Texas who would have gone so far against public opinion as Hulon Brown did in his presentation of the case," Foreman said.

Brown defended news media in his arguments. He said newspapers, radio and television "only presented the news."

Nuclear Air Blasts Seen In U.S. Tests

By ELTON C. FAY
Associated Press Military Affairs Writer
An AP News Analysis

WASHINGTON (AP)—Nuclear blasts from devices hurled several hundred miles aloft, to test out theories about antimissile techniques probably will be included in the U.S. series of tests over the Pacific scheduled to start late next month.

Defense Secretary Robert S. McNamara, without giving details about altitudes or other factors, says such tests would help in the search for a defense against an enemy ballistic missile attack.

President Kennedy announced March 2 the United States would resume nuclear testing in the atmosphere unless the Soviet Union agreed before then to a fool-proof test agreement.

During a hearing by a House Appropriations subcommittee, the transcript of which was made public Tuesday night, McNamara was asked if atomic explosions were needed to test the Zeus anti-missile system.

He replied: "The explosion of nuclear weapons in the atmosphere under properly controlled and planned conditions will add to our knowledge of nuclear effects, the effect of one nuclear explosion on another nuclear explosion; the effect of nuclear explosions on radars and other electronic devices, all of which can be of value conceivably in the development of anti-ICBM systems."

This was as far as McNamara's published remarks went in discussing what would be sought in the Pacific test series as related to antimissile development.

However, McNamara appeared to be referring to three facets of the anti-ICBM study:

1. The radar effect—A nuclear explosion, particularly one of high force, can produce an ionized cloud. This cloud can cut off the penetration of radar waves essential in tracking missiles and

Classroom Door

A new door separates the two classrooms of the school building at the Big Spring State Hospital. It was provided recently by the Alpha Chi Chapter of the Epsilon Sigma Alpha sorority. Some 12 women of the sorority raised funds for the door by working at Roy Bruce's Service Station and receiving a commission on gasoline they sold. It was painted and installed by the hospital maintenance crew. Shown with the gift are, left to right, Mrs. W. W. Fares and Mrs. C. W. Utley.

directing anti-missiles. This shielding effect can extend as far as 100 miles and last up to several hours. Moreover, deliberate creation of ionized clouds perhaps could be used for decoy purposes, to present false targets for the defending system.

2. Electro-magnetic effect—Some of this effect on guidance and other instruments might operate in the air, although the primary effect probably would be on the ground. An enemy missile exploding on the ground or up to several thousand feet above it could cripple cable and control systems temporarily, even though the blast and heat of the explosion left them physically undamaged.

3. The effect of one nuclear explosion on another—This seems to point to several possibilities. One is the idea that a neutron flux, produced by nuclear explosion, would neutralize and render impotent the warhead of an enemy

missile. How well this operates would depend on several factors, including the type of warhead and how close the Zeus or other type of intercept missile exploded to the enemy rocket.

McNamara repeated in his testimony what he has said before—that there are serious questions as to the practicality of Zeus, and for that reason the Defense Department refuses to permit the Army to go into production of some component of the Zeus until the system can be tested thoroughly. About \$1 billion has been invested in the project.

McNamara said that the Zeus test, in which the antimissile will be fired up from Kwajalein Island against Atlas missiles to be launched from Vandenberg Air Force Base, Calif., would be a "very important milestone" in development of the system.

Ex-Con Held In Robbery

DALLAS (AP)—Richard Lee Blankenship, 34, was under \$100,000 bond today on a charge of transporting \$11,000 taken in a grocery robbery at Wichita, Kan., to Dallas.

U.S. Commissioner Madden Hill set the bond Tuesday after Blankenship, a Dallas ex-convict, waived a hearing.

An FBI agent who helped arrest Blankenship and several companions at Gainesville said authorities hold warrants for Blankenship in Gainesville, Houston, Wichita Falls, Wichita and Hutchinson, Kan., and Artesia, N.M.

The agent said Blankenship has signed a statement admitting he took part in the Jan. 2 holdup of the Wichita market, in which bandits took \$22,000 after tying up about 30 customers and employees.

Pay Raise Due

MEXICO CITY (AP)—Many federal employees will get a pay raise in June. Treasury Minister Antonio Ortizmena approved a 15 per cent increase in the amount for personnel benefits, and officials said much of it would go to raise salaries.

Silent Prisoner Gets 5-Year Term

DALLAS (AP)—A fasting prisoner who won't talk, William Lydy, heard a jury fix his punishment for a robbery at five years in prison Tuesday.

County Jail Capt. E. L. Holman testified that Lydy, 21, of Fort Worth, had not eaten for eight days and had refused water for four days. He began the hunger strike after slashing a wrist in his cell March 22.

Lydy sat limp and silent with eyes closed during his two-day trial. Officers carried him to and from the courtroom.

The jury convicted him of taking about \$60 in a drive-in food store holdup Feb. 5. He is charged with three other robberies.

Bracero Hopefuls Are Discouraged

MEXICO CITY (AP)—Officials told hundreds of men gathered outside government buildings in hope of being contracted as braceros that there was no chance now of their going to the United States.

The men began gathering weeks ago. They have refused to leave although advised repeatedly that contracting of braceros will not start for several weeks and will not be done here.

Railroad Link

MEXICO CITY (AP)—A direct railroad link between Mexico City and Merida on the Yucatan Peninsula will go into service April 1. Cars of two companies will be interchanged at Coatzacoalcos, where a new bridge was opened last week.

Scientists Study Balloon Findings

BROWNWOOD (AP)—National Aeronautics and Space Administration scientists are studying instruments from a football field-sized balloon launched here Monday.

Instruments from the balloon were recovered late Tuesday about 35 miles south of Hattiesburg, Miss. They were sent aloft to measure atomic fallout and

cosmic radiation in the upper atmosphere. Another balloon was released simultaneously in Bombay, India. NASA spokesman here had no report on the other balloon.

Lines Forming On Race Vote

DALLAS (AP)—A group of business and church leaders will launch today a campaign to oppose the pari-mutuel referendum in the May 7 primary.

E. B. Germany, Dallas industrialist, said business leaders, merchants and bankers "who can remember the trouble caused by horse racing in the past" will form the committee.

"Many of us can remember the great wave of thugs who follow the race tracks from our experience with pari-mutuel betting in the past," Germany said. "We hope to point out the evils and dangers that could arise if betting is allowed back in Texas."

Dr. W. R. White, chancellor of Baylor University, will also be a co-chairman of the committee.

Dr. Jimmie Allen, director of the Christian Life Commission of the Baptist General Convention of Texas, said in Houston Monday the campaign will be a united effort by a number of denominations.

"We expect to get into high gear immediately," Dr. Allen said.

FORT WORTH (AP) Horse breeders and landowners banded together Monday for organized efforts to revive legal horse racing in Texas.

They formed the Texas Horse Breeders' Association, headed by Lester Goodson of Houston as acting chairman.

The group endorsed proposals for pari-mutuel betting on horse races, which will appear on May 5 primary election ballots of both the Democrats and Republicans.

Votes will express individual opinion, calculated to influence but with no binding effect on state lawmakers.

In San Antonio, a spokesman for the Committee for Horse Racing said one million tabloid newspapers carrying material in support of pari-mutuel betting will be distributed before the primaries. Separate editions of the newspapers will go to rural and urban areas.

Modern Road Values Cited

DALLAS (AP)—Modern highways with new safety features can slash the fatal accident rate in half, state highway engineer D. C. Greer told the Governor's Safety Conference.

Greer said the Highway Department has completed a two-year study of 1,500 miles of roads before and after modernization.

The end product of the study, he said, was "fatal accidents were slashed in half on these 1,500 miles of modernized highways."

Greer urged caution rather than optimism over the improvement in Texas fatality rate, adding,

"We may soon have the sad duty of reporting it to be on the rise."

"The reason for this is quite simple: Our traffic in Texas threatens to overwhelm us. We now have some 5 million motor vehicles in Texas and we are adding them at a rate of 1 million every four years," he said.

Gov. Price Daniel told the group that traffic deaths have dropped 11 per cent in 5 years in spite of a 20 per cent increase in Texas drivers and miles travelled since 1956.

Daniel said the average annual traffic death toll for the five-year period was 223 fewer persons killed each year than in 1956.

Laos Coalition Regime Is Seen

HONG KONG (AP)—W. Averell Harriman has forecast that Gen. Phoumi Nosavan, strong man of the royal Laotian government, will eventually agree to a coalition cabinet.

The U.S. assistant secretary of state told a news conference that formation of a new regime under Prince Souvanna Phouma, the avowedly neutral premier-designate, is the common objective of all friends of Laos and common sense will bring Phoumi around.

"He is a soldier," Harriman said. "He will soon realize he is out of step with all the others."

Cancer Crusade Day Announced

LAMESA (SC)—April 17 has been designated as "Cancer Crusade Day" here and the month of April as "Cancer Control Month."

Jake Lippard, president of the Dawson County Chapter of the American Cancer Society, said that Mrs. W. C. McCarty would be in charge of a house-to-house fund campaign on April 17. Advanced gifts chairman Ray Evans reported \$290 had been pledged so far. The 1952 goal is \$3,500.

Duster Robbed Lake Of Water

Among others, O. H. Ivie, assistant manager of the Colorado River Municipal Water District, has a low regard for sandstorms such as the one which punished this area last Saturday.

Checking his lake levels before the storm and after, and allowing for normal consumption, Ivie figured that the big duster with gusts exceeding 70 m.p.h. sucked out something like 40 million gallons of water.

8 Big Spring (Texas) Herald, Wed., March 28, 1962

DEAR ABBY

Father Is A Den Mother

DEAR ABBY: My father is a den mother. My mother said she would be our den mother but my father has had to run most of the meetings because my mother never gets home in time. My father works the night shift so he is home when I get home from school. All the kids like my Dad and he makes a very good den mother, but some of the kids make fun of me. How can I get my mother to be the den mother she promised to be?
JIMMY

DEAR JIMMY: Don't let the teasing get you down. Most kids would give anything if their fathers could be "den mothers." I think you're lucky.

DEAR ABBY: How can you tell a mother her faults? She complains that she is "lonely", but she brings so much of it on herself with her fussy ways. She is a nut on housekeeping. When she's expecting guests for dinner, she even cleans out her garage!

Even worse, regardless of whose house she's in, she scours "spots" from the stove, bleaches the sink, walls and scrubs around the faucets. She thinks she's being helpful when she "rearranges" your cupboards, not realizing she makes you feel like a poor housekeeper. She points out little things like, "The children's shoe laces need washing," and "Your towels look faded." We love Mom, but we (her married daughters) are nervous wrecks after each visit. Print this, Abby. It might help.

EXHAUSTED (Mom just left)
DEAR EXHAUSTED: Your mother's "fussiness" is probably due to an excess of nervous energy. You'll never change her, so learn to roll with the punches. Go about your business and let her scour, scrub and "rearrange." She loves it!

DEAR ABBY: My husband's hair is thin and he says his ears get cold at night. He wants to wear a night cap and I don't like the idea. Do men wear them now or not?
MARRIED 44 YEARS

DEAR MARRIED: Night caps are still very popular (both to drink and to wear) and I am told they still sell quite a few.

CONFIDENTIAL TO B.J.: No one would think of holding a delirious pneumonia patient responsible for his actions. Why should a manic depressive be blamed for

what he does because his illness has lodged in his mind instead of his lungs?

Stop worrying. Let Abby help you with that problem. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

Cub Pack 1 Makes Awards

A host of awards were presented to Scouts Monday night at a Pack 1 meeting held at Airport School. Some 75 persons were present.

A. J. Hoover, cubmaster, gave the invocation. Den 3 held the flag ceremony and presented a skit. Den 3 also won the attendance trophy. Joe Jackson, council representative, made the inspection and presided over roll calls. Refreshments were served by Den 2.

Bear badges were presented to Lloyd Kuykendall, Oran Kilgore, Gregory Hickman, Robert Roth and Edward Prestwood. Randy Hoover and Joe Davis received Lion badges. A two-year pin went to Larry Candler.

Awarded arrow points were Bobby Davis, Randy Davis, Michael Gerhart, Larry Ringener, Gary Ringener, George Cole, Larry Platte, Dickie Barnett, Lloyd Kuykendall, Oran Kilgore, Gregory Hickman, James Connor, Ricky Davis, Skipper Husky, Robert Roth, Edward Prestwood, Gary Strickland and Gary Studeville.

More Thefts Plague Police

The rash of burglaries and thefts, which broke out several days ago, continues to plague Big Spring police.

O. T. Tilley, Desert Sands Restaurant, 2910 US 80 west, called officers early Tuesday morning to investigate a breaking and entering. The music box and cigarette machine were pried open and money taken, four paper cups of cranberry sauce eaten, a 17-inch TV set taken from a small room, and the office ransacked.

Some \$200 in cash was not taken, as the owner recently changed its hiding place.

Jack Lewis Auto Sales, 1509 W. 4th, told police that a chrome-plated fender skirt was taken from a car on the parking lot, and that another was thrown under the car.

Two subjects were arrested and found with stolen items taken from the home of Harold Wilson, 904 E. 3rd, early Tuesday morning. Patrolman Sam Fuller, riding a motorcycle, got a description of the missing radio and two clocks, and was told two men were seen to enter the house. He found two men who had the stolen items in the railroad yard. They were taken to the police station and will be charged with burglary.

Midland Firm To Build Rink

AUSTIN (AP)—Southwest Ice Rink Corp. of Midland has announced plans to build a \$200,000 ice skating rink here.

Lewis Clemens, general manager, said the building in east Austin will contain 9,600 square feet of ice surface and will have seating for about 500.

WHY SCOUR?

COOK CLEAN THE FLAMELESS ELECTRIC WAY WITH HEAT AS CLEAN AS ELECTRIC LIGHT

Most homemakers will admit they have a hard enough job cleaning the inside of cooking utensils. Scouring fuel grime from outer surfaces, too, just adds unnecessarily to kitchen chores. But clean, flameless, electric heat is free from by-products of combustion that smudge and soil utensils. Pots and pans, walls and curtains, and the range itself, stay cleaner. You'll be surprised how much time you'll save for other household activities when you cook the clean, flameless electric way. See your electric appliance dealer today.

Cards Could Prosper

By JIM HACKLEMAN
Associated Press Sports Writer
Could this be the year of the Cardinal?

The Cardinals aren't anywhere near being favorites now, and it's a sure bet they won't be when the season opens in two weeks. But they have been very impressive in Florida—and the NL has produced three surprise winners in the last three pennant scrambles.

The Cardinals have been steaming in exhibition games, with a winning string that now numbers nine after Tuesday's 8-7 decision over the Pittsburgh Pirates. Overall, St. Louis is 12-4 and leader in the preseason standings.

LOOKING 'EM OVER

With TOMMY HART

State champions are determined in most other sports. I think the junior colleges of Texas should get together to arrange a basketball tournament to decide a true title.

The outcome of the National Juco tournament in Hutehinson crystallized the shortcomings of the cage poll conducted annually by the National JC Athletic Association, just as it did last year.

Incidentally, Decatur Baptist College has asked for admission back into Region V of the NJCAA, which means it would like to compete in the same tournament with HCJC.

It couldn't win there, either, so, with hats in hands, the Decatur group came back to Region V, asking for the change.

Only five of the Western Conference's nine schools are fielding baseball teams this spring. They are South Plains, Odessa College, Frank Phillips, Amarillo and NMML.

When Harold Fischer, manager of the Bowl-A-Rama here, played guard for the University of Texas football team, one of the athletes who butted heads with him was Weldon Humble, the Rice All-American.

Wahoo McDaniel, the former Midland grid star, says he quite probably will give up pro football for good, now that he is wrestling for a livelihood.

The University of Houston has been contacted by the Sugar Bowl committee—to play basketball in the tournament there late this year, that is. The big meet always comes off the last week in December.

Other competing schools will be Xavier of Ohio, Mississippi State and Auburn.

NEW YORK (AP)—A good parlay in next week's Masters Golf Tournament, says Fred Corcoran, is 49-year-old Ben Hogan and 21-year-old Jack Nicklaus.

Corcoran, the man credited with building the PGA tour into a million-dollar enterprise, watched most of the game's present greats take their swings last weekend in the Doral Invitational.

"From tee to green, Hogan is still the greatest golfer in the world," the thick-necked executive, a onetime Boston caddy, said.

"The six and eight-footers don't drop for Ben the way they used to. It's not the legs that go first in this game, it's nerves, and putting ability. But Hogan is a tremendous competitor and a marvelous golfer. He could win another Masters—and another Open."

Colorado City — Lefty Steve Hillhouse rationed out seven hits in pitching Colorado City to a 1-0 victory over Odessa College here Tuesday.

The win left Colorado City with a 4-4 won - lost record.

Dexter Pate Pitches 5-1 Big Spring Win

ABILENE — The Big Spring Steers paraded to their first District 2-AAAA baseball victory in two starts by nudging Abilene Cooper, 5-1, behind the expert elbowing of Lefty Dexter Pate here Tuesday afternoon.

Pate, in notching his third win of the year, set Cooper down with three hits. He lost his shutout in the second when Mike Frush, who had walked, scored on a triple by Harry Hamric.

Big Spring's ace lefty fanned six and issued only two walks. All three of Cooper's hits occurred in the first two innings.

The Steers broke into the lead in the third on a double by Jack Irons, Jeff Brown's single, a fielder's choice that loaded the sacks and Rick Wisener's single.

That was all the runs Pate needed but the Longhorns counted twice in the fifth when Irons led off with a single, moved up on a sacrifice and scored on an error that enabled David Mabery to get a life. A double by Coy Mitchell plated Mabery later.

The Steers closed out their scoring in the sixth on a walk to Pate, a hit batsman and a two-baser by Brown.

Pate retired the last ten batters to face him, fanning four of them.

The loss was hung on Jack Ridley, a junior, who worked the first 4-3 innings and surrendered eight of the Steers' ten hits. Roy McCharen finished up on the mound for Cooper.

The victory enabled Big Spring to equal its entire output in wins for the entire 1961 season.

Cooper has now lost seven straight games, including three in conference play.

Pate faced only 24 batters in the seven inning struggle.

Jack Irons paced the Big Spring offensive with three hits in as many official trips, including the third inning double. Brown had two blows for Big Spring.

Bronchos Win By 4-3 Tally

MIDLAND — Odessa High put a crimp in Midland Lee's title hopes by winning a 4-3 District 2-AAAA baseball decision here Tuesday afternoon.

The Bronchos, now 2-0 in conference play, charged from behind with two runs in the seventh to win the game. Midland errors led to its defeat.

Don Puckett, on the mound for Lee, held the Bronchos hitless until the seventh and boomed a triple in the five - hit offensive off Harlan Hinds, the winner.

Hinds and Jerry Holderman scored the all - important runs for Odessa in the seventh. Holderman legging it all the way home when Lee center fielder Jerry Layne let the ball go through his legs.

Puckett struck out ten and walked four while Hinds fanned three and walked eight.

Larry Jernigan came on in relief of Hinds in the last half of the seventh inning.

Odessa 002 000 2-4 2 1

Sports Budget 'About Same'

The proposed 1962 - 63 athletic budget to be presented to trustees of the Independent School District at a special meeting tonight includes a change in method of cleaning uniforms, according to Sam M. Anderson, superintendent.

At present clothing used in sports is sent out for cleaning. The proposal is that laundry equipment be provided so a portion of the expense of cleaning uniforms can be saved.

The special meeting will be held at 7:30 p.m. today in the board room of the Administration Building, 100 E. 10th.

"In substance, the budget will be the same," Anderson said. "Even should trustees approve the laundry equipment, the budget would be within \$1,000 of last year's budget before the station wagon was added."

The 1961-62 budget which was finally approved, before the station wagon was added, was \$59,970. Gate receipts were estimated at \$27,500 with the local underwrite set at \$32,470. This underwrite will be slightly less this year because gate receipts have totaled more than \$31,200. About \$300 more is expected to come in.

Coach Emmett McKenzie will be present to answer questions and make his recommendations. This budget excludes the salaries of personnel in the athletic department, as past athletic budgets have done, Anderson said. It covers the cost of equipment, travel, supplies and miscellaneous expenses of maintaining an athletic program.

White Is Star In Bobcat Win

SAN ANGELO — Minton White authored a five - hitter in pitching the San Angelo Bobcats to a 3-4 victory over the Abilene Eagles here Tuesday afternoon.

The win was the second straight for San Angelo in 2-AAAA play. Abilene has now lost two straight.

The Bobcats scored what proved to be the winning run in the seventh when Gary Gollygith tripled off reliever Gene Keesee, a sophomore, and raced home when right fielder Ted Willis threw past Ricky Ellis, the third baseman.

Only two of Abilene's four runs were earned. White issued two walks and fanned six.

Jimmy Mallon collected two hits for Abilene. Aldec Decuir sparked San Angelo's eight - hit offensive with two hits, including a double.

Glen Rodriguez rapped a second inning home run for San Angelo with a mate sacrifice.

Another practice session is in store for Thursday. Players will meet in a business session, probably this evening, to elect a field manager.

Sanchez On Hill As 'Dogs Succeed

ODESSA — Midland High handed Odessa Permian its first District 2-AAAA baseball defeat, winning, 3-0, behind the five - hit pitching of Joe Sanchez.

Sanchez helped his own cause by driving in the Bulldogs' first run in the second with a double. Gary Birdsong took the mound loss for Permian.

Third baseman Benny Harper collected two of the losers' hits. Each team is now 1-1 in conference standings.

Permian plays host to San Angelo in a makeup game Thursday.

Midland 020 010 0-3 5 2
Permian 000 000 0-0 5 3
Sanchez and Smith; Birdsong and Hapenny.

Charley's Opens Softball Drills

The softball team being sponsored by Charley's Package Store will begin practice at the City Park tonight, starting at 7 o'clock.

Another practice session is in store for Thursday. Players will meet in a business session, probably this evening, to elect a field manager.

Head Coaches Confer

Pictured above are coaches Buddy Travis of HCJC, Dee Nutt of ACC and Delnor Poss of Big Spring High School, all of whom were present for the Evening Lions' Club banquet honoring the two local basketball teams last night. Nutt delivered the principal address at the party. Travis and Poss were presented with gifts from Cizon's Jewelry Store.

Athletes Need Confidence And Courage, Says Nutt

Coaches seeking ball players look for such qualities as "confidence, a sense of cooperation and courage" in a boy, coach Dee Nutt of Abilene Christian College told members of the HCJC and Big Spring High School basketball teams at the annual Evening Lions' Club banquet in the HCJC Student Union Building Tuesday night.

"Nutt pin-pointed confidence as a 'must' for athletes who want to excel.

"Know your capabilities," he told the gathering. "I try to instill confidence in each boy, confidence not only in himself but in his teammates and his coach. Respect the ability of others as players. Don't, however, confuse confidence with conceit. Confidence carries with it an humbleness.

"Cooperation," Nutt reminded, "makes working together a pleasure." pointing out that it was very necessary to success.

The ACC mentor told the gathering at the banquet that a coach works to bring out the best in his players and spent a good deal of his time between seasons in thinking out ways to improve the performance of his team and its individuals.

"A shooter is fine," Nutt stated, "but he couldn't score without the passer and the passer needs the rebounder to get the ball."

Nutt said the past season had been the most gratifying of his career because his players had given him maximum effort at all times. The team depended largely upon six sophomores but it came through like champions because of a dedicated effort.

PRO CAGERS

NBA PLAYOFFS
TUESDAY'S RESULTS
Los Angeles 111, Detroit 108 (Los Angeles leads best-of-7 series, 2-0)
Philadelphia 115, Boston 104 (Best-of-seven series tied, 1-1)

Recipients Of Awards

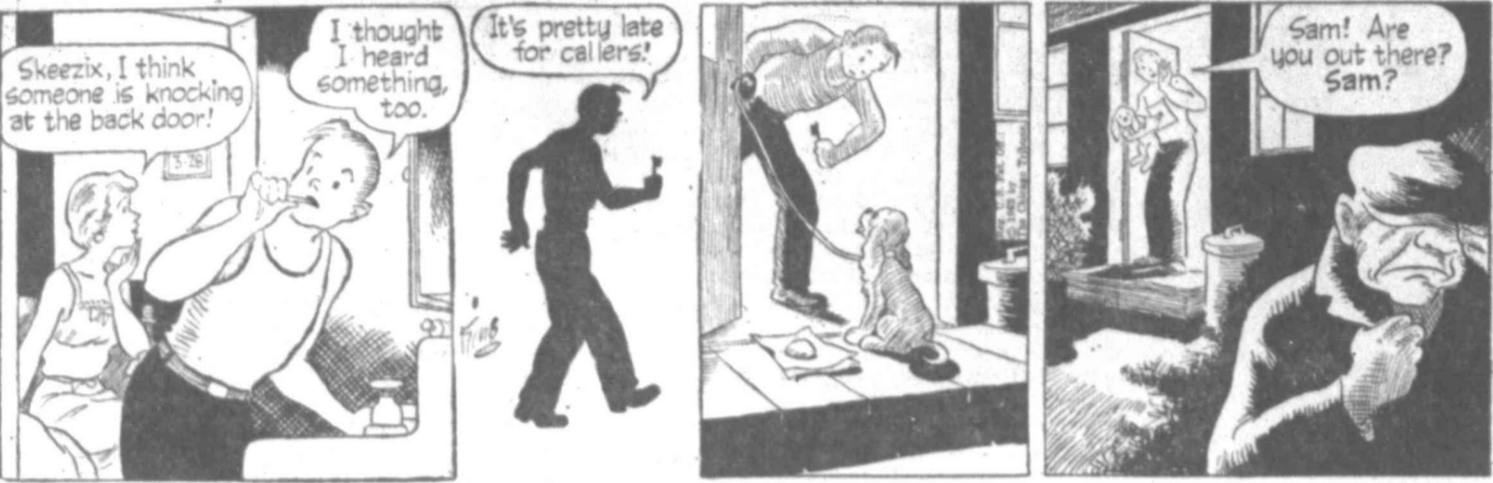

The five basketball players pictured above received awards during Tuesday night's Evening Lions' Club banquet honoring the HCJC and Big Spring High School teams. Front row, left to right, are Dick Ebling, named the outstanding player on the high school team; and Jerry Tillman, winner of the HCJC sportsmanship prize.

Back row, Albert Fierro, the high school winner of the sportsmanship trophy; Charles Stockton, most improved HCJC player over a period of two years; and Walter Carter, most valuable HCJC player. Eddie Nelson, who won an award as BS HS's best rebounder, was in Abilene with the baseball team when the picture was made.

County Barred From Legal Aid To Grand Jurors

AUSTIN (AP)—Jefferson County commissioners may not hire lawyers to defend members of the grand jury, Atty. Gen. Will Wilson said Tuesday.

The legal opinion went to acting Dist. Atty. W. G. Walley Jr. at Beaumont.

Walley told Wilson that grand juries were empaneled Oct. 1, 1961, by both the Criminal District Court and 136th District Court in Jefferson County.

The juries were discharged Dec. 5 although the Criminal District Court panel told the judge it had two indictments and a report to return before being discharged, Walley said.

The criminal court judge "refused to accept said report and indictments and discharged the grand jury subject to recall," Walley said.

Eleven jurors returned to the grand jury room and issued a press statement. They were later sued for libel and indicted by the 136th court for divulging grand jury proceedings.

Walley said the Criminal District Court grand jury now has requested county commissioners to retain counsel for defending the group.

Wilson said the commissioners cannot hire a lawyer to defend the grand jury members "since the county as a whole is not interested or affected."

Dividend Up

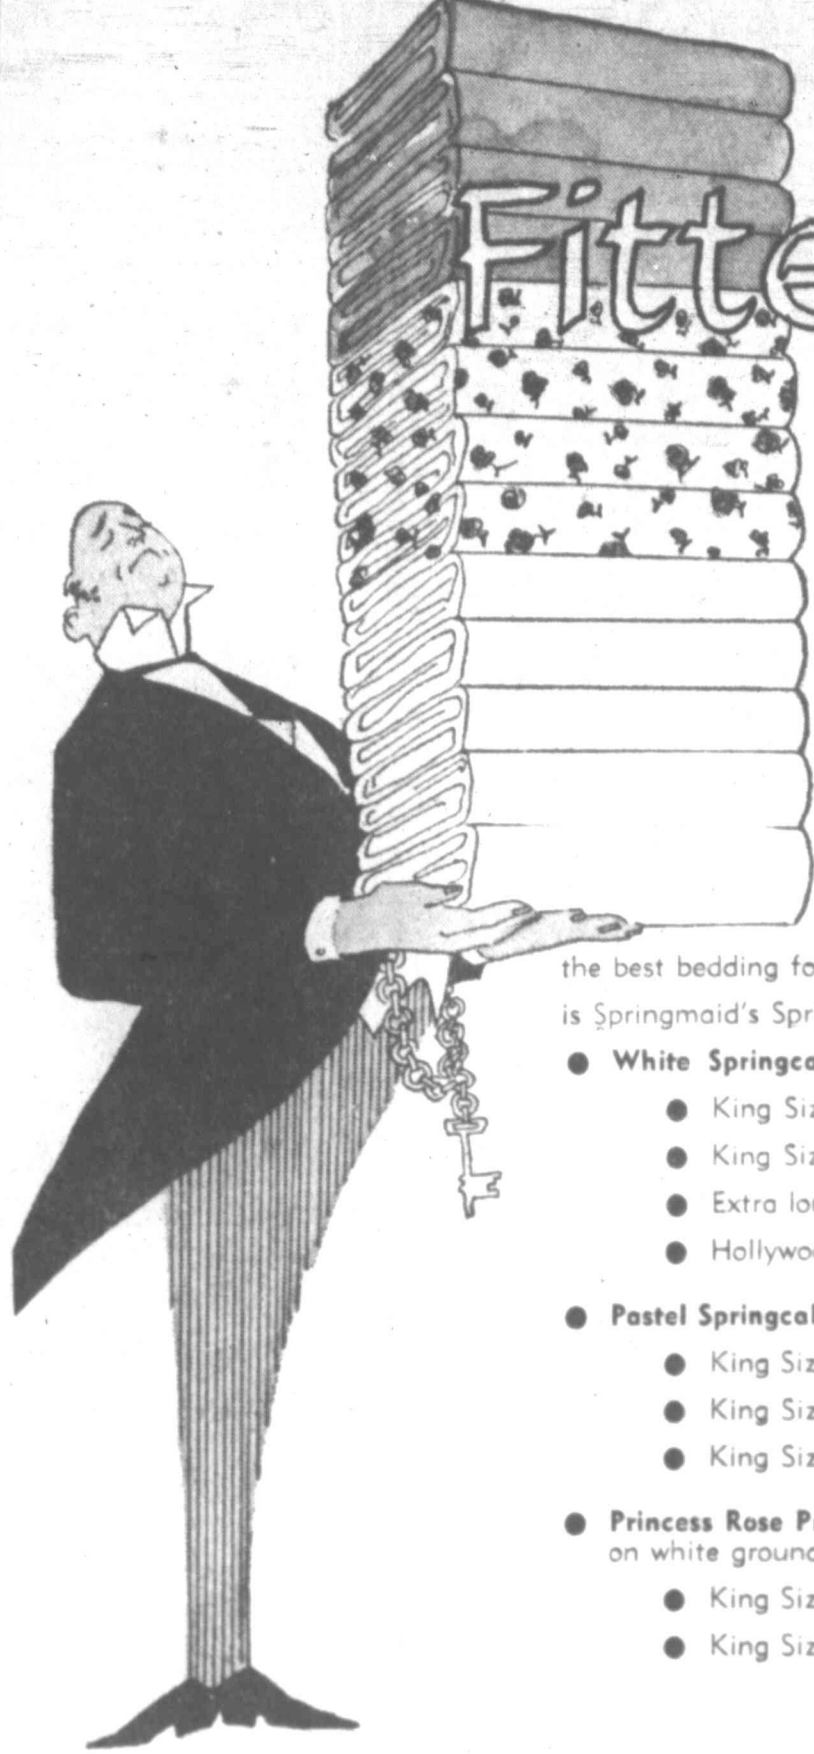

NEW YORK (AP)—The Phillips Petroleum Co. has increased its quarterly dividend from 42½ to 47½ cents a share. This raises dividends on an annual basis to \$1.90 a share compared with \$1.70 previously.

Liquor Board Makes Report
AUSTIN (AP)—The Texas Liquor Control Board has reported it collected \$2.39 million in February. The Lubbock area led the other 17 districts with \$3,883 in fines for liquor law violations. Ten illicit stills were seized during the month. One was in Free-stone, three in Marion, three in Montgomery, one in Red River and two in Smith counties.

Jackie's Kin Is Divorced
LAS VEGAS, Nev. (AP)—Hugh Dudley Auchincloss Jr., 34, step-brother of Jacqueline Kennedy, has been divorced. Alice Lyon Auchincloss charged mental cruelty and obtained a decree in a closed district court hearing Monday. The court approved a property settlement providing for the couple's 3-year-old twins, May Lillalya and Cecil Lyon Auchincloss.

State Deficit Shows Increase
AUSTIN (AP)—State Treasurer Jesse James reported this week that the state deficit was \$89.4 million Friday, an increase of more than \$9 million in two weeks.

14 Big Spring (Texas) Herald, Wed., March 28, 1962

Salome
Brigid Bazlen portrays Salome, child siren who dances for the head of John the Baptist in the new motion picture version of "King of Kings," a story of the life and times of Jesus Christ. The color spectacular opens Thursday at the Ritz Theatre.

Oil Flow Is Up
TULSA (AP)—U.S. oil production rose last week for the second straight week, the Oil and Gas Journal reports. Average daily production last week was 7,339,355 barrels, up 23,425 from the previous week. Oklahoma output rose 15,600 barrels a day, to 589,300. Texas production is averaging 2,502,520 barrels a day, Louisiana 1,233,000, New Mexico 309,000, Arkansas 80,000 and Colorado 119,600.
